Little League All-Star Squad of '61 Named

Jimmy Harrison Chosen Manager

The 1961 Colorado City Little League All-Star team nominees have been announced by local officials of the baseball program.

The 14-player squad and 4 alternate team members were announced Thursday night at the league's final regularly scheduled game of the season. Games postponed earlier by rain will be replayed starting this week.

The 18 boys are the team's nominees, but will not become the official team members until certification of each by the District Director. The District Director must qualify each nominee's eligibility as to age before the player becomes an official team member. Certification work began Friday by the director.

Jimmy Harrison, manager of the Co-op Tigers, will serve as the team's manager when they go into post-season play. He will be assisted by coach Bob Ramage, manager of the Phillips 66 Dodgers.

Harrison and Ramage were picked for their roles in a meeting of the league's managers earlier in the season. The league's 6 managers picked the All-Star team nominees just prior to Thursday night's announcement.

Chosen as the 1961 Little League All-Star nominees, an honor that carries with it the title of "the best in the league," are:

Leroy Parham, pitcher and third baseman for the Col-Tex Yankees.

Butch Wood, Tiger outfielder and catcher.

Jay Henderson, spark-plug pitcher, short stop and second sacker for the Methodist Men's Pirates.

Jim Harrison, second sacker for the Tigers.

Mike Hillhouse, outfielder for the Dodgers.

Robertson married the former Olive Mitchell. He was a graduate of Loraine High School and a member of the Methodist Church in El Paso. Robertson is survived by

AND \$20,000 IN BONDS

Loraine to Vote on Street Paving Plan

Loraine citizens will be given the opportunity this month to vote on a proposal for issuing \$20,000 in bonds to pave city streets.

The City Council Monday night in a special meeting passed an ordinance calling for the election — which will be scheduled later, but during the month of July.

The \$20,000 in bonds would be designated for paving of approximately 13 streets in the city and, if passed, would be the first street paving conducted in the city in more than 10 years.

The Council proposed that the bonds could be issued and retired without a hike in city taxes. The Councilmen were in general agreement that the present tax rate of \$1.50, plus water revenue and accumulated amount of money on hand at the present, would allow the city to retire the bonds and still meet other city expenses.

The streets on which the paving is proposed are:

A block on Colorado St. from Farm to Market Road 441 at the Post Office to intersect with proposed paving on Lightfoot St.

Just over 1 block on School St. — from the Bill Strubbing property corner to farm road 441 at the corner of the Woodrow Pratt property.

FOR FREEDOM PRINCIPLES

July 4 Observance Urged By Judge in Proclamation

Mitchell County Judge Elmer Martin has issued a proclamation urging Mitchell County citizens to re-dedicate themselves to the principles this country's forefathers declared in 1776 in an observance of Independence Day Tuesday, July 4.

A special Independence Day worship service is scheduled in Ruddick Park at 8 p. m. Tuesday night by the Ministerial Alliance as a local observance of Independence Day.

Martin's proclamation reads: "In these days of warring ideologies, we the exponents of Americanism, confidently pit our way of life against all others, by whatever name they may be known."

"Two centuries, less 16 years ago, the American colonies served the political bonds that connected them with the mother country and framed a Constitution that all men should be regarded as equal under the law, protecting the rights of individuals, free to carve out their own destinies so long as they did not disregard the rights of others."

"Whereas, the Fourth of July is here again and it behooves us of Mitchell County, as well as all citizens of the United States, to recall again a declaration of our forefathers of this nation and the principles therein declared. All men are created and endowed with equal rights of freedom and the pursuit of happiness."

"Therefore let us, the people of Mitchell County, re-affirm and re-dedicate ourselves to the principles therein proclaimed on this date, July 4, our nation's Independence Day."

MEASURING CROPS

12 Crop Reporters Begin County Work

An even dozen crop reporters went to work Saturday morning on the gigantic task of measuring Mitchell County's crops.

The 12 reporters have approximately 1,000 cotton farms, 400 soil bank farms and 300 feed grains program farms to be measured.

The Mitchell County Agricultural Stabilization and Conservation office estimates measuring of the entire county will take the entire month of July.

Wayne Worley, manager of the county ASC office, reported that all county farmers were being urged to assist the reporters in every way possible — especially by being present at the time designated earlier for the reporter to work each farm.

The 12 crop reporters for this county are:

Winn Talley, Howell Vineyard, Kenneth Andress, Ralph

IN RUDDICK PARK

Independence Day Services Tuesday

Independence Day will be observed here Tuesday night, July 4, in special Independence Day Services in Ruddick Park.

Mitchell County Ministerial Alliance is sponsoring the services which starts at 8 p. m. in the amphitheater in the city's park.

Rev. H. W. Bartlett, pastor of the First Baptist Church of Colorado City, will present the special observance address.

"This is a co-operative effort of all of our county churches, regardless of race or creed, in worship together," states Rev. Kenneth Andress, pastor of the Westbrook Baptist Church and chairman of the observance.

"We invite and urge all county citizens to attend and worship together in an observance of this country's day of independence. A service will be held at 8 p. m. in Ruddick Park."

Miss Janet Faye, head of the county citizens' committee for the service, serving on the committee with Andress were Rev. Hugh Barnett, pastor of the First Christian Church of Colorado City, and Rev. Wayne Worley, manager of the county ASC office.

Rev. Larry Sullivan, pastor of the Westbrook Methodist Church.

Rev. Frank Story, new pastor of the Loraine Methodist Church, will present the scripture reading.

Sheriff Asks Help from Lake Visitors

Mitchell County Sheriff Lewis Claxton has requested the co-operation of all Colorado City and Mitchell County residents in protecting property at Lake Colorado City.

"Individuals are urged to pay particular attention to their personal property, especially boats and motors," Claxton stated.

"A boat belonging to Truman Bodine was stolen from the lake side last Sunday night," he continued, "and local persons must take precautions to protect their boats and motors."

Claxton urged that all local residents who visit the lake pay special heed to suspicious persons and take note of the auto license numbers of such persons.

He also urged that the cabins on the lake be locked at all times not in use and strangers around cabins should be reported and their auto license numbers noted.

AT C-CITY COUNTRY CLUB

Annual Invitational Golfing Tourney to Open Saturday

Play in the 13th annual Colorado City Invitational Golf Tournament opens here Saturday morning at Colorado City Country Club.

Qualifying rounds will kick off the big affair Friday morning, July 7. Competition in the match play tourney opens Saturday morning and semi-final and final matches will be played on Sunday.

All championship flight golfers must qualify Friday at the club. All other flight contestants are required to mail or call in their qualifying scores before 6 p. m. Friday.

Bill Craig and Ray Mize are co-chairmen of this year's tourney. M. M. Hines, country club president, is assisting the 2 in staging the meet.

The co-chairmen report that one of the best tournaments in recent history is expected this year due to the recent heavy rainfalls. The course is reported to be in excellent condition.

Frank Freer of Lamesa, the 1960 defending champion, will not return to compete in this year's play. Freer has entered the professional golfing ranks since his victory here in 1960.

But, the co-chairmen report, many outstanding and top-notch area golfers will be in the competition.

Some of the better known championship flighters scheduled to compete are: Hometown Craig, who already has the championship of the Sweetwater Country Club Invitational Tournament

to his credit this year. Bobby Blumh of Big Spring, Don Scott of Snyder, Red Alston of Sweetwater, Ted Triplett of Abilene and other area greats.

A big slate of entertainment, other than the golfing matches, is also scheduled. They include a Friday night barbecue and other activities at 7:30 p. m. and a dance, complete with band, Saturday night starting at 9 p. m. All entertainment will be in the club house.

The first and second flights open their 18-hole match play Saturday. The first flight consolation match is also set Saturday — it will be played on 9 holes.

The semi-final and final matches will go 18 holes Sunday. The semi-final consolation bracket competition is set for 9 holes, but the final consolation match will be slated for 18 holes.

Merchandise prizes will be offered to all winners and second place finishers in flight play and to all consolation bracket winners.

All flight winners will be awarded a set of irons and a set of woods will go to all second place finishers in each bracket. Consolation winners will receive golf bags as prizes.

Mrs. J. M. Watson, one of the earlier winners in the Record's Ad-Rime contest, repeated as winner of the \$10 first prize.

Mrs. Watson lives at 1612 Dallas St. in Colorado City and is a teacher in the Westbrook School system.

Judges awarded Mrs. Watson the first prize for this jingle after working through an almost record number of entries.

"Keep your hometown on the map."

"With dollars spent at home, wealth and progress overlaps." Automatically by winning this week's competition, Mrs. Watson becomes a contestant for the \$50 Ad-Rime prize which will be awarded at the close of the 26-week series.

Mrs. E. L. Henderson, a housewife of Rt. 2 and a former winner, gained the second

HOME AFTER 4 YEARS

J. Q. Hamricks, Triplet Sons Tell of England

By PAULINE CORNUTT
Record Staff Writer
If you've driven by the J. M. Hamrick home on 9th Street this week, you might have thought you were seeing

triple, but actually, it was the Hamrick's triplet grandsons, who are visiting here, along with their parents, after 4 years in England.

Lt. Col. and Mrs. J. Q. Hamrick and their sons, Glynne, Lynne and Wynne, arrived in Colorado City Thursday and will be leaving today (Sunday) in order for Col. Hamrick to take up duties at the Pentagon in Washington, D. C. with the Air Force.

Unable to return home for a few years made the Hamricks seem quite happy at the prospect of being with their families and friends for even a short time.

First part of Hamrick's career with the Air Force, the family lived in Germany and visited many European countries. This was from 1946-49.

While living in England, the family, together or individually, has toured Scotland, Wales,

Paris, Rome, Venice, Austria, Belgium and Holland. When traveling as a family group, transportation was by motor vehicle, but other times, they traveled by boat or plane.

The boys attended an American School in London, where they were taught by American teachers. The 16-year-old sophomore students attended school with 600 other Americans in Bushy Park High School, which lies behind famous Bushy Park, where the English kings once hunted deer as a sport. The boys rode a chartered bus to school and home, resulting in a 3 hour drive each day.

English schools are rated in the very high-standard bracket and the school schedule is very rigid. English children are sent to school at the age of 3½ and at a later age, are sent to boarding school.

Even with the long line of other school activities, the boys still find time to play on the basketball team and also make up 1/3 of the school's baseball team, with 1 boy playing catcher, 1 first base and 1 second base. Even if it is confusing to the opposing team and the spectators, the triplets find it amusing.

Born in Denver, Colo., the boys are identical in feature except for 2 having a flat-top hair cut while 1 prefers a longer style. Their parent still have some infant picture of them in which they cannot tell which boy is which because they look so much alike. The boys can't even point out their own faces from that of their brothers. They never dress alike when they go out in public and if they should happen to come out of their rooms dressed in a shirt or coat alike, they decide which one had their's on first, and the other boy then changes his. They do have the same taste in clothing and food and make almost identical school grades.

They plan to attend the University of Virginia upon graduation from high school.

Col. Hamrick has been in the Air Force for a total of 18 years. He graduated from

Home From England

Visiting here with Mr. and Mrs. J. M. Hamrick after 4 years in England is their son and family. Shown above, standing, left to right, are their triplet grandsons, Wynne, Glynne and Lynne. Left to right, seated are Mr. and Mrs. J. M. Hamrick, Mrs. J. Q. Hamrick and Lt. Col. Hamrick. Col. ing school and was a member of the strategic air command. He will serve in the personnel department at the "entagon." At the present, he intends to continue his career in the service after his 20-year stretch is completed.

While in England, the Hamricks lived in a small village just outside of London called "erriad's Cross. Most British prefer to live on the outskirts of a city and commute back and forth, Hamrick said.

The Hamricks found the British very cordial and friendly. Though they are very dignified, they have a great sense of humor, the family noted. The English people are very conscious of their appearance and rarely attend many social functions without the traditional coat and tails. One of the most popular hobbies of the men is gardening and the climate is exceptionally good for the beautiful gardens and yards in the London area.

The weather in Texas is quite different from that in England. There, the climate is very damp but the weather is not as foggy as many movies and books would have one believe, Hamrick said. However, once or twice a year, the schools have to dismiss because of the danger of driving in heavy fog.

It rains often in England but never as heavy as it does here. The rain usually falls very slowly in a light mist. Sometimes its snows but it melts quickly and never stays on the ground for a long length of time.

The British eat about 5 small meals a day and practice one age-old custom, the tea hour, which the Hamricks began to look forward to after a period of time. The "Tea Hour" is usually around 4:00 in the afternoon and hot tea is served with small biscuits or pastries.

One highlight of the Hamrick's stay in England was when they had the opportunity to see the Queen and the Royal family.

Mrs. Hamrick says that prices of merchandise in England do not vary much from that here in the states. She did note that linens are very cheaply priced in comparison but that cottons were more expensive. She likes to collect antiques and found just the

place for it in the shops that line the London streets.

One thing which the family found of interest was the fashion in which the English homes were built — they have 2 stories and no cellar.

British housewives shop almost every day and their shopping time very frequently includes visiting with friends. For approximately the next 4 years, the family will be living in Fairfax, Va., while Col. Hamrick works out of Washington, D. C.

Relatives of the family this week had a full-schedule mapped out for the Hamrick's stay here, which included barbecues, picnics and trips to Lake Colorado City, where the family is trying its luck with water skiing. Glynne, Lynn and Wynne have been trying to get up on the skis

all at one time and are determined to succeed.

Do they like the life the Air Force demands of them, moving from place to place? The only answer to that is a definite — yes! If Col. Hamrick had not been in the Air Force, they say, they would never have had the chance to visit all the exciting and foreign places. Mr. and Mrs. Hamrick feel that they would never have been able to have given their boys the thrill of world travel in civilian life.

Anyway, it appears that after almost 20 years of traveling abroad, the Hamricks are ready to go again when the call arises! All of Mr. and Mrs. J. M. Hamrick's sons and daughters, were here last Sunday. It See TRIPLETS Pg. 8

Jill Richards from Colorado City is attending Session III at Girl Scout Camp Boothe Oaks which begins today (Sunday) and continues until July 13.

Campers from over the 13-county area of the West Texas Council will be attending the camp, which they built from proceeds derived from their annual cookie sale. Their 1961 cookie sale built a new infirmary and two hot-shower houses at Boothe Oaks this spring.

One hundred and fifty-five Girl Scouts camped at Boothe Oaks during Sessions I and II, June 11th through 29th. Following the coming session, Session IV will be held from July 14-20. This session has a capacity registration of 80 girls with a long waiting list.

Thirty-two senior scouts from the West Texas Council will attend an inter-council patrol encampment from Aug. 11-20 at Camp Sol Mayer near Menard. This encampment is part of a preparatory program for the National Senior Roundup being held in Button

Bay, Va. in July, 1962.

Miss Fane Downs, District Adviser of West Texas Council, will direct the Patrol Encampment at Menard, which will include Seniors from 4 other councils located in the southwestern section of Texas.

Ceramic Display

Mrs. W. D. Harris, home economics teacher at Wallace School, is shown with some of the work which has been done in the Ceramics summer school she has been instructing. These are part of the ceramics which will be displayed in the "Art Lover's Ceramics Show" at the school July 4.

Patrolmen Caution Drivers

The Fourth of July — annual observance of this country's willingness to fight and die in the cause of freedom — is on the verge of its yearly blood bath for less ennobling reasons, according to Buddy Hertenberger and Wendel Rehm, Mitchell County Texas Department of Public Safety Highway Patrolmen.

While in 1776, early Amer-

icans poured from their homes and out of the hills to fight for independence with meager arms and little preparation, the coming holiday will see Americans, with the greatest amount of vacation equipment ever assembled, rush to the highways with an insatiable desire for speed, undertake frightening travel schedules with no more sleep than a combat infantryman would get in a forward post, and batter their way to a staggering waste of lives and untold hours of misery.

In addition to the traffic crashes, a number of other hazards confront these happy vacation combat troops, the patrolmen state.

Drownings now number 6,400 a year in the U. S., and fire-arms fatalities reach 2,200 with more than a fair share happening during the Fourth of July Holiday period.

The 2 offered these suggestions for a safer, saner holiday for Mitchell County residents:

- Don't overload (with sun, food, drink — or in a boat).
- Don't show off (on a diving board, with a snake, playing ball or on the highway).
- Don't push (hiking, swimming, boating, or your endurance).
- Relax — that's what you're taking a vacation for.
- Don't over exert yourself in any physical exercise.
- Know what you — and every member of your family — is doing.
- Hertenberger and Rehm remind Mitchell County citizens that the Fourth of July will range from a 1-day holiday to a 4-day holiday. Don't make it a permanent one, they state.

Women's Team To Play Silver

Colorado City women's baseball team will play the Silver women's team at the Little League Field July 4 at 8:00 p. m.

Ceramic Show Scheduled For July 4

An Art Lover's Ceramic show will be conducted at Wallace School gymnasium July 4 to raise money to buy a kiln and molds for the Wallace homemaking class, art classes and adult classes, Mrs. W. D. Harris announced this week.

Mrs. Harris is instructor of a special ceramics class which is being taught this summer at the school.

Afternoon tea will be from 3 to 7 p. m. and evening games from 8 to 10 p. m.

Donation of 75c automatically places the purchaser's name in the drawing for numerous door prizes, Mrs. Harris said. Prizes will be given at both shows.

Display of door prizes are in the show window at Maniss Photo Supply Co. and donation tickets are on sale there.

Officers for the show are president, Mrs. Willie Dawson; vice president, Mrs. Travis Branch; chairman, Mr. A. C. Bender; committeemen, Mrs. Martha Lewey, Miss Rudy Porter, Mrs. Leavy Sanders and Mrs. Sylvester Rose.

HOME TOWN

Talk

By PEGGY BELVIN

One of the most fascinating and fulfilling professions we know of belongs to MRS. CHARLIE JORNIGAN, of E. 21st St.

Mrs. Jornigan, known to all her friends as simply "Dae", sews custom-made Western cloths for her family and various others.

Mrs. Jornigan's handwork is completely original, down to the deep-set yokes and french-style cuffs.

Mrs. Jornigan is a bustling little woman who is always caught up in some new challenge or activity. Added to her full-time job as housewife and grandmother Dae's time is also consumed in caring for the various pets of the household, which include rabbits, ducks, pheasants, chickens, dogs, cats, and horses.

She is also an avid fan of the little league baseball players who congregate in her spacious yard.

Mrs. Jornigan is also very active in her hobbies, of which fishing is her favorite.

On a visit to the Jornigans recently, this writer was not surprised to find Mrs. Jornigan engaged in a new venture.

She is trying her hand at upholstering this time, and my guess is that there are comments from those who know her that this job will be just as successful as all others she has tried before!

SIE HAMM has been sorely missed at his post at Colorado Drug the past few days. He was hospitalized June 26 with an infection and was still at the hospital Saturday morning.

Reports from his wife indicate that Sie is much better and should be released within the next few days.

Another Loraine neighbor has joined the ranks of those working this summer in various firms here in Colorado City.

She is KATRINA WELLS, who started work in the mimeographing and mailing department of the MANISS PRINTING COMPANY, 435 E. 11th St.

She started work last Monday. Her duties include general office work, plus mailing and work on the mimeograph.

Katrina is the 17 year-old daughter of Mr. and Mrs. Roy Wells of Loraine. She will be a Senior in the Loraine High School this fall.

Grandsons Visit

Jamie and Gary Price of Odessa were recent visitors in Silver with their grandparents, Mr. and Mrs. Horace Bloodworth.

Home after Vacation

Mr. and Mrs. Jim Post and daughters of Silver recently returned home after a 2-week vacation in Sterlington, La. with friends and relatives.

Taylor Names Merchants to Committees

A. V. Sheppard, Jack Burkhalter, Philip Berman, Bob Post and Larry Moffett were named this week as committee members to plan an August Farm Tour in Mitchell County for Colorado City businessmen.

The committee was named by Jeff Taylor, chairman of the Colorado City Chamber of Commerce's Retail Merchants Committee. Post is chairman of the Chamber's Agriculture Committee.

"Since agriculture represents County's economy," Taylor re-

ported, "This information tour has been set up in an effort for better relations between business men and county farmers."

The tour will allow the business men to observe first hand the work of county farmers and the new and modern techniques they employ in farming.

The Committee was appointed at a Tuesday meeting of the Retail Merchants Committee in the Chamber office. Jay Craddock, Arthur Kel-

ley and Willie Landau were appointed to a committee to study a possible year-round promotion program for city merchants.

Taylor also named Wayne Robinson and Harold Maniss as a 2-man committee to consider a trade promotion for the month of August.

Charley Freeman, Bob Carver and Philip Berman were appointed to a committee to investigate reasons for local citizens shopping in other cities.

Jack Linams Host El Paso Son, Family

Mr. and Mrs. Talmage Linam of El Paso arrived in Loraine Friday for a July 4th week end visit with Mr. and Mrs. Jack Linam, parents of J. Linam.

The El Paso Linams' son, Stevie and Davie, also of El Paso, spent the month of June in Loraine with their grandparents. The 2 youngsters will return to El Paso with their parents.

Hilarious Comedy Starts at Palace

If it's laughter you're after — well-spiced with romance — you'll be amply accommodated when you see "All in a Night's Work," which opens July 2 at the Palace Theatre, with Dean Martin and Shirley MacLaine starred. Produced by Hal Wallis in Technicolor, the romantic comedy co-stars Cliff Robertson, Charlie Ruggles and Norma Crane, and features in top roles Jerome Cowan, Gale Gordon, Jack Weston and Mabel Albertson. Joseph Anthony directed.

vacation. She had a good reason to run when and how she did, but Martin doesn't learn until the end of the film, long after he has fallen in love with her, what that reason was. Dean's attraction to Shirley is complicated by the fact that she is already engaged to an upright young man, a veterinarian played by Cliff Robertson. There are other complications, too, among them an \$11,000 mutation mink coat Shirley wears, which is not considered exactly conventional garb for a magazine research worker.

New Pastor for Nazarene Church

A new pastor for the Colorado City Church of the Nazarene will arrive here Monday.

Rev. Wales Lanford will assume the pastorate of the church, located at 15th and Austin Sts., and direct further repairs to the church building.

Lanford is a native of Hennessey, Okla. and graduated from high school there in 1956.

He received a B. A. degree from Bethany Nazarene College in Bethany, Okla. in 1960 — his major was religion. He completed his post graduate work in May of this year and received a Th. B. degree at that time.

Lanford held the office of Co-ordinator of Religious Activities while attending Bethany College and was elected to Who's Who in American Colleges and Universities while in school there.

Mrs. Lanford also attended Bethany.

Regular services have not been held in the local church for the past 2 years. Lanford will make announcement of opening services in the church in the near future.

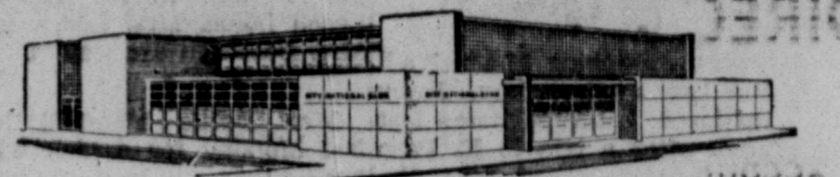

The local church has had branch Sunday School services for the past 6 months. The services were conducted by the congregation of the Snyder Church of the Nazarene.

Lewis Green, a catcher and a pitcher for the Indians.
Danny Green, a Dodger outfielder.
The local All-Stars, who open practice this week, enter their first post-season game on Friday, July 21, in Sweetwater.

The game there is just a small part of a tournament that will be going on then to determine which teams will finally advance to the finals and the Little League World Series late this summer. One loss drops a team from tournament play.

The locals meet the winner of the Winters-Bronte game in the Sweetwater Little League park on 6 p. m. that opening night — as the first game of a doubleheader.

The winner of that game will meet the winner of Friday night's second game, between the 2 Sweetwater teams, Saturday night in Sweetwater.

The winner there then goes to Snyder. The one winner in each meet will advance upward in the tournament.

The other 4 managers in the league, who participated in the selection of the All-Star nominees, are Roland Powell of the Giants, Don Clark of the Indians, Dick Wistrand of the Yankees and Theron Hendley of the Pirates.

Harrison and Ramage stated Saturday that their starting lineup and each starter's position would be determined in practice.

"We just want to field a strong, solid team," they said concerning tournament play.

"Ghost towns really don't draw a chan."
This finale, by Mrs. Connell, was awarded fourth:

1. The hidden slogan that is printed in the Ad-Rime advertisement;
2. Your Ad-Rime jingle line rhyming with the Ad-Rime guideline;
3. And your name, address and occupation.

By VERN SANFORD

With school out and the summer holidays here, the number of persons enjoying the great outdoors is increasing tremendously.

Weekend driving is especially hazardous. Add to the ever-present dangers of highway accidents, a big holiday weekend, such as the upcoming Fourth of July vacation period, and you have an especially dangerous time for the motorist.

July Fourth, this year, falls on Tuesday.

That means Sunday, Monday and Tuesday traffic will be heavy, very heavy. In fact, the greatest traffic load of the year — any year — is the July 4th weekend.

That means you've got to be careful!

You must observe the speed

warnings as well as all other safety traffic signs. These signs are placed on the highway as a warning for you, not to you.

However, there will be patrolmen on every highway and in the greatest numbers ever, come July 2-4.

So, be careful and play it safe. It's your life, as well as the lives of others, that's at stake. Your property and their property.

So don't let even one tiny black mark appear on your insurance record. That can prove costly too, you know.

Not more than two of 10 outdoorsmen know that a motorist can be arrested if he drives more than 45 mph while pulling a boat.

Did you know that? Well, it will pay you to remember it — and especially so during the July 4th weekend.

A jackknifing trailer can do tremendous damage to property and to people. So if you're trailering a boat, be sure that the trailer is well hitched. See that a safety chain is attached from the trailer to car. Double-check to be certain that the cable pulls the boat snugly forward to balance your craft properly and seat it tightly.

See that the transom tie-downs are tight. Be sure that the tires are properly inflated and have no thin spots that may cause a blowout, or lost traction.

Either a red warning light must be on the rear of the trailer, or a red reflector attached to the stern of the boat, where it is clearly visible, when you're driving at night.

Equally important, be sure you have a 1961 trailer license and that your boat is numbered in keeping with Texas laws.

Okay, you've launched your boat, and you're on your way.

Do you have a coast-guard approved life preserver aboard, for each passenger? If not you're violating the Federal and State laws regarding safety afloat. And you're violating the first rule of safety if you don't make the kiddies wear life vests.

Do you have at least 2 paddles aboard, just in case of motor failure?

And, speaking of motors, did you gas up properly — carefully?

Outboarders should remove the tank from the boat and fill the tank either at the filling station, pump or on the dock — not while the tank is in the boat. Inboarders should exercise even greater care.

Two inboards have exploded on Lake Austin, already, this summer. Accumulated gas fumes in the bilge ignited when the ignition key was turned on.

Boating accidents are increasing. The Winston-Corpus Christi, Florida, reports that last year, in New York State, there were more fatalities

from boating accidents than from cars. In New Jersey less than 1 per cent of the auto accidents proved fatal — as compared to a 14 per cent fatality rate for boating accidents.

The dangers of water are hidden ones. They develop suddenly and unexpectedly, and without any warning.

On the highways you often can see an accident coming. On the waterways an accident develops instantaneously. It can be caused by lighting a match, by a carelessly thrown cigarette, a safety belt that didn't hold, a ski that broke, a barrel that sank, a floating matter or inertness that lost its air.

There are hundreds of different ways. Nearly all are due to carelessness. Some are from stupidity — like trying to carry 8 passengers in a 5 passenger boat. Some are from pranksters who just must have their fun. But 98 per cent of the accidents on our waterways could have been safety conscious.

Policing for safety in equipment is one thing. But policing the individual is equally important — and more difficult.

Take water skiing for example. There are more skiers this year than ever before. I've seen men, women and children, from 6 to 60 trying to ski — and most of them doing it, too. Truly it's becoming more and more popular as a family sport.

There is one dark blot on the enjoyment of water skiing, however. I refer to accidents. The distressing thing about it is that none of them are necessary. They seldom happen to the beginning skier. He or she usually is cautious and follows instructions to the letter, while trying to learn the sport.

Usually the man who gets hurt is the good skier. The man who thinks he is so good that he doesn't need to take even the normal precautions.

He's the guy who will go out without a life vest or belt-type preserver — and never come back alive.

He's the guy who will ski close to tree stumps and docks and other boats — and motors.

Local People Affected by SS Changes

Most of the Colorado City and Mitchell County residents who will directly benefit at this time from the Social Security Amendments signed into law by the President on June 30 do not need to write or contact their social security office according to R. R. Tuley, Jr., Abilene district manager for the Social Security Administration.

He has furnished the following summary:

Automatic changes:

1. Aged widows already receiving benefits on their late husbands' accounts will get a 10% increase in September, for August, 1961.
2. Beneficiaries with no dependents, who are receiving unreduced benefits of less than \$40 will be raised to \$40 in September, for August.
3. Women receiving reduced retirement benefits because they started being paid before age 65, will get some increase if their basic rate, before reduction, was less than \$40.

County and city persons in the above groups do not need to take any action at this time.

Non-automatic changes:

4. Men may now receive benefits at age 62; on retirement, as dependent husband, or dependent widower, or dependent parent. Men with continued high earnings (over \$1200 per year) should check to see whether some payments would be possible despite such high earnings.
5. Some persons whose claims were denied before

this month because they did not have enough credits under social security should make new inquiry. The minimum requirement of 1½ years of credits was not changed; however, for those who needed more than that many credits, the number was reduced from 1/3 of the time to 1/4 of the time after 1950 and before age 62 for women and before age 65 for men. Men must have slightly more creditable time in the system than women.

Persons in group 4 or 5, should write to the social security office in Abilene, giving their dates of birth and social security number. Arrangements will then be made to talk with them when a representative of the Abilene office is in Colorado City.
