Count Of Dead Varies After Giant Jet Crash

AT BOOT CAMP

D. I. Accused Of Beating Teen To Death

PARRIS ISLAND, S.C. (AP) — The Marine Corps is investigating the death of an 18-year-old Parris Island recruit who claimed he was beaten by his drill instructor.

Pvt. Stephen E. Melson of Millsboro, Del., died Sunday at the Medical University of South Carolina Hospital in Charleston. A spokesman there said Melson had been hospitalized for an acute kidney ailment but declined to disclose the cause of death.

A Marine Corps spokesman said an autopsy was planned. An investigation was begun Wednesday when doctors reported Melson had told them he was beaten, the spokesman said, but "I think medical records will substantiate that he was not hospitalized as a result of physical injuries."

The spokesman confirmed that a drill instructor had been relieved of his duties but added that this was standard procedure pending the outcome of an investigation. The drill instructor was not identified.

No Justice In Kingsville?

KINGSVILLE, Tex. (AP) — A Texas legislator told a rally in front of the Kingsville jail Sunday night that flimsy evidence was used to convict a Mexican-American youth charged with loitering.

Between 200 and 300 persons gathered at the rally and heard Rep. Carlos Truan speak after student members of the Political Association of Spanish-speaking Organizations PASO picketed the jail.

The picketing began Saturday over the arrest Thursday of Jaun Pablo Morales Anzaldua, 17, who was charged with loitering on the Texas A&I University campus.

"In my opinion his civil rights have been violated," Truan told the rally. "He has had such a speedy trial he has had no time for an attorney."

Humberto Pena, a Texas A&I junior and chairman of the student PASO group, said Morales Anzaldua was fined $100 for loitering, $100 for contempt of court and sentenced to three days in jail.

Pena said the arrest was a "classic example" of the way "the gringo has subverted the legal system to use the courts to enforce racism."

"I have spoken to police and the prisoner and found out the boy had not been informed of his right to counsel," Truan said.

The pickets carried signs that said: "Chicano Power" and "No Justice in Kingsville."

Jordan Blames United States

UNITED NATIONS, N.Y. (AP) — Jordan charged today that the United States obstructs a Middle East settlement by supporting Israeli terms on troop withdrawal and other issues.

The accusation came from Abdul Monem Rifa'i, Jordan's deputy prime minister and foreign minister, and the first Arab speaker in the opening policy debate of the U.N. General Assembly.

Rifa'i declared that one of the major difficulties in the talks of the Big Four on the Middle East is U.S. support for Israel's position that the boundaries between Israel and its Arab neighbors are subject to negotiation.

He contended that Israel must withdraw its troops from all territory occupied during the 1967 war if there is to be hope for a settlement.

Weekend Rains

Weekend rains favored the southern and eastern parts of Howard County with Coahoma reporting the largest amount of precipitation, about half an inch over both days. Big Spring received .19 inch of rain Saturday and .01 Sunday according to the official Experiment Station gauge.

In the southwestern part of the county, Lomax had just a sprinkle of rain, and Elbow reported .2 inch Sunday. Chalk, in the southeast, reported .3 inch of rain for both days, and Forsan registered .1 early Sunday morning.

The northwest sector of the county had just a hint of precipitation with Knott reporting a light mist Saturday night. Fairview had a sprinkle Saturday morning and in Luther it didn't rain at all.

Vincent, to the northeast, reported about .2 inch of rain Sunday but Lake J. B. Thomas reported no gain in the water level.

SHOWERS, MAYBE

Forty per cent chance of thundershowers and showers today and tonight with 20 per cent chance Tuesday; considerable cloudiness and southerly winds 5-15 miles per hour. High today low-mid 80's. Low tonight low 60's. High tomorrow low-mid 80's.

Civil Rights Group Gigged By Labor Boss

ATLANTIC CITY, N.J. (AP) — The leader of 3.5 million AFL-CIO construction union members denounced government officials and civil rights groups today for trying to force racial hiring quotas on the building trades unions.

"We are being harassed by so-called Black coalitions right now in several cities," said President C.J. Haggerty of the AFO-CIO Construction and Building Trades Department.

Demonstrating Black militants have shut down construction projects in Pittsburgh and Chicago in demanding more jobs for Negroes.

Haggerty said the construction unions have recruited some 4,000 Negro and other minority youth apprentices in the past two years and will take in more.

But "our apprentice training programs are going to remain in the hands of our crafts and our contractors. They are not going to be turned over to any the convention.

"Ours is an industry of highly skilled workmen. Without those skills it would be impossible to provide the needed building and construction. Our members have those skills because they were trained and trained properly," Haggerty said.

He accused the press, civil rights groups and some government officials of branding construction unions as still lily-white despite government figures showing Negro representation has risen to about 4 per cent nationally and much higher in some cities.

"We are 100 per cent opposed to a quota system whether it be called the Philadelphia plan or whatever," Haggerty said.

The Philadelphia plan, announced several months ago, by Secretary of Labor George P. Shultz would require federal contractors on jobs of $50,000 or more to hire a specific number of Negroes and other minority group workers.

Shultz has said it will be the model for a nationwide program to insure more construction jobs for minority groups.

The AFL-CIO construction unions opened their convention under a heavy barrage of charges of racial discrimination and inflationary wage hikes.

Both federal officials and civil rights groups have demanded the 17 unions of the AFL-CIO Construction and Building Trades Department move faster to take in more Negroes.

The dispute has sparked noisy demonstrations by black militants and counter-demonstrations by angry union members in some cities.

SAY IT AIN'T SO SARG

Beef Stew To Go Way Of Jerky, Hardtack?

WASHINGTON (AP) — A menu item remembered — if not hallowed — by every soldier and veteran will be missing from chow lines next year. Word has come down from the Pentagon that beef stew is out.

The high-level ruling putting beef stew in the military memory bin with jerky and hardtack resulted from two factors — soldiers didn't like it and it cost too much to prepare.

"There has been a reduced demand for diced beef as the military is wanting to call the gooey concoction over the years because of an increased perference by servicemen for meats in ground form," according to the Defense Personnel Support Center.

And, as Navy Captain Ed Warren of the Food Service Directorate put it: beef stew was "just too expensive for what we were getting out of it."

Because military specifications called for cutting the stew meat by hand the price was running over a $1 a pound.

"When you stop to think that it costs well over $3 billion each year to feed the men we now have in uniform, price really becomes important," Capt. Warren said.

Eliminating stew from the mess halls won't mean less meat for the troops. They will get more hamburgers, meatloaf and Salisbury steak-type courses.

The Defense bureaucracy doesn't easily or simply end a tradition reaching back beyond the memory of even the oldest soldier.

Although the Navy and Marine Corps had abandoned beef stew a couple of years ago, the Army and Air Force's retreat took more than two years of study, evaluation and programming by at least a half dozen military boards and agencies.

For those who wonder what effect the antibeef-stew ruling might have on other menu items, yes — chip beef on toast still will be available.

Living Costs Take Another Minor Jump

WASHINGTON (AP) — Paced by higher costs for food, housing and medical care, the cost of living went up another notch in August, four-tenths of one per cent, the government reported today.

Egg prices went up 20 per cent from July to August.

Arnold Chase, assistant commissioner of the Bureau of Labor Statistics, said the demand for eggs and consequent lower supplies reflected a shift from higher priced red meats to eggs.

Rents went up four-tenths of one per cent, the largest monthly increase in 13 years.

The Consumer Price Index rose to 128.7, in August, meaning it cost $12.87 to buy the same goods and services that were bought for $10 in the 1957-59 base period.

The August price rise was slightly less than the five-tenths of one per cent from June to July. It meant that the annual rate of increase is 4.8 per cent, compared to the 6 per cent annual rate reflected in the June-July increase.

However, Chase told a news conference "The August prices seem to indicate no significant change from what we've been experiencing the last few months."

Chase added: "The chances are that food prices will climb less sharply in the coming months."

He said that it was encouraging that the cost of living was not going up any more sharply, but he wouldn't draw any further conclusions.

So far this year retail prices have increased by 4 per cent, compared to 3.1 per cent in the first eight months of 1968. Food prices in August were 5.7 per cent more than in the same month of 1968.

Charges for consumer services went up seven-tenths of one per cent, led by significant increases for mortgage interest, property taxes, residential gas and electricity rates and home repair services.

Alcoholic beverages, gasoline, housekeeping supplies, automobile insurance, automobile repairs, movie admissions and medical care services all advanced in cost.

(AP WIREPHOTO)

PROBE WRECKAGE — Soldiers and policemen probe wreckage of Mexicana Airlines passenger jet in Mexico City. The jet crashed Sunday as it approached Mexico City's International Airport.

Defense Cuts Include Mothballing 22 Ships

WASHINGTON (AP) — The Pentagon announced plans today to cut U.S. armed strength by another 77,500 men, sidelining more than 200 planes and mothballing another 22 ships.

The new economy moves will save an estimated $356 million this year.

The manpower reductions include deactivation of two-thirds of the 5th Marine Division which was activated for the Vietnam war in March, 1966.

A total of 20,300 Marines are involved but the division's 26th Regiment will stay in Vietnam.

The Navy ship layup, which brings the total for the year to 98, includes the intelligence gathering ships Banner —sister ship of the USS Pueblo which was seized by North Korea—and the Palm Beach.

The Air Force will reduce its manpower strength by 50,000 and is to cut its civilian employe payroll by 13,000.

A total of 209 planes will be cut off the Air Force active inventory phase out.

These include such special types as 24 WB47 weather reconnaissance aircraft, F100 and F4 fighters and big cargo

The latest defense cutbacks are part of Secretary of Defense Melvin R. Laird's program to cut $3 billion from his previously planned defense budget.

Counting today's announced cuts, the Pentagon has now made $1.256 billion in spending reductions, with further ship layups, aircraft phaseouts and manpower reductions still to come.

Total U. S. military strength cuts —which to some extent reflect the American withdrawals from Vietnam — now stand at about 196,000. This will leave the over-all U.S. military force at 3.26 million by next summer.

The latest cuts include 50,000 Air Force men, 20,300 Marines and 7,200 Navy men.

From a money standpoint, the Air Force actions will save an estimated $193 million, the Marines $115 million and the Navy $48 million.

Laird has cited demands by Congress and economic needs of the country as the major factors in the defense cuts, which will leave the country with a proposed $77 billion budget for the fiscal year which began last July. That budget still must be approved by Congress.

"Additional actions in the program to reduce defense spending are under study," the Pentagon said.

The Navy, which has said it would mothball more than 100 ships and recently named 76 of them, is laying up 12 combat and 10 support ships in the latest cutback. The 22 average more than 24 years old.

The Navy also is deactivating 11 aviation units including four attack aircraft squadrons at Cecil Field, Fla., and Lemoore, Calif.

A Pentagon spokesman said the spy functions of the retiring Banner and Palm Beach—which are listed officially as "environmental research ships"—will be assumed by other ships and reconnaissance aircraft.

Pentagon sources have indicated that the Navy will rely more on destroyers and less on lightly armed and thus highly vulnerable vessels for future intelligence missions.

The bulk of the 5th Marine Division which is being deactivated consists of the 27th and 28th Regiments stationed at Camp Pendleton, Calif. The outfit has served as a rotation base for Marines going to and from Vietnam.

The Pentagon announcement said that elements of the 3rd Marine Division which was recently tabbed to leave Vietnam will be based at Camp Pendleton and Okinawa.

Moody Sanity Trial Delayed

SAN ANTONIO (AP) — A sanity hearing scheduled today for a former Midland policeman has been stayed pending action by the state Supreme Court.

Michael Lee Moody, charged with the August 1968 slaying of a little girl, was to appear in 57th District Court to determine whether he is sane now and can stand trial.

A writ of mandamus, filed with the Supreme Court by Moody's lawyers, asks that the court here be ordered to include in the hearing the issue of his sanity at the time of the alleged offense.

Judge Franklin Spears previously had ruled that only the issue of Moody's present sanity should come before the court at this time.

Moody, a rookie policeman, was charged with murder Aug. 31, 1968, in the slaying of Lori Margaret Gunn, 2, daughter of Mr. and Mrs. Harry Gunn of Midland.

Proceedings against Moody were transferred here from Big Spring.

Morris To Speak At Tuesday Meet

The man who maintains an extra interest in state highway affairs in West Texas will be here Tuesday noon to lead the observance of Texas Highway Week.

He is Garrett Morris, Fort Worth, a member of the Texas Highway Commission. Morris is the successor to Hal Woodward, a former Big Springer who served on the commission prior to his elevation to the federal bench.

Morris will come here from Abilene in company with Jake Roberts, district highway engineer, and will speak at the Rotary Club at the Settles. The Downtown Lions and the Civitan Clubs will meet jointly with the Rotarians, and numbers of other members of various clubs will attend individually, as will county and city officials. Anyone interested in highway affairs is invited, and only the plate fee is involved.

Highway boosters here are anxious that the largest possible number hear Morris, who is making a swing throughout West Texas this week. His appearance here is only one of two in the entire district.

The commissioner has a long record of service in public and private affairs. He has his own law practice in Fort Worth, where he has practiced for more than 20 years. He is former chairman of the Texas Public Safety Commission, active in civic and professional affairs in Fort Worth, and is a forthright speaker on highway matters.

ONE GIFT WORKS MANY WONDERS

Swamp Area Near Runway Saved Lives

MEXICO CITY (AP) — Twenty-four of the 118 persons aboard were killed in the crash of a Mexicana Airlines plane as it came in for a landing after a flight from Chicago Sunday night, the airline reported today.

The fact that it crashed into swampy ground off the end of the runway at Mexico City's International Airport probably saved the lives of the others.

Among the dead, Mexicana Airlines said, were five crewmembers. Three crewmen's bodies remained trapped in the plane's nose which was buried in mud 3,000 feet from the end of the runway.

Paulino Perez Martinez, an airlines official, said he did not know if there were other bodies trapped in the wreckage.

The Boeing 727 was carrying 111 passengers, many of them U.S. tourists bound for Mexico City and Acapulco, and a crew of seven.

One official said the plane apparently hit a railroad embankment that rises about 10 feet above a marsh 3,000 feet west of the runway.

The plane broke into three sections but did not catch fire. The nose section embedded itself in the swamp, burying the cockpit crew.

Many passengers in the second section were thrown out by the impact and landed in waist-deep water and mud. Some waded to a wing of the plane and waited for rescuers.

One survivor was Olav Danielson of Gates Mills, Ohio, a Cleveland suburb. He said: "We were coming in for what seemed like a normal landing over the lake. Then we started to make an unusual descent unlike any I have ever experienced. Then we hit very hard. enced. Then we hit very hard. The plane turned over or so it seemed to me."

Stewardess Graciela Flores Alvarado, who was thrown clear, said the plane started to vibrate violently as it approached the runway, "then it fell."

Another survivor, Pauline Hartzell, 21, of Milwaukee, Wis., said: "We were descending rapidly and I thought we were landing. But suddenly we were bumping along kind of funny and then we were on the ground. I remember walking out on a wing ... but I just can't recall precisely what happened."

Miss Hartzell, who was not hurt, said she was with 60 members of a club on a vacation trip to Mexico City and Acapulco.

A newlywed couple, Mr. and Mrs. Loren Charlton of Wheeling, Ill., were among those who escaped with minor injuries.

Two other newlyweds, Mr. and Mrs. Robert Marshall of Chicago, were reported in serious condition.

Some passengers were trapped in their seats and rescuers had to use blow torches to free them.

Newlywed Couple Describes Crash

MEXICO CITY (AP) — A newlywed couple from Wheeling, Ill., survived the Mexicana airlines crash Sunday in Mexico City with only minor bruises and an injured hand.

"We suffered nothing that cannot heal," Loren Charlton said as he embraced his bride, Judith.

Charlton, an industrial engineer with American Airlines and a licensed pilot, said he thought the pilot "was coming too low."

"I lived in Mexico City 13 years and I have landed enough times at the Mexico City airport to know that this time there was something wrong," he said.

"There was a big cloud in front of us," said his wife, "and when it started raining, Loren turned to me and said, 'there goes the visibility'."

"The pilot turned on the power," said Charlton, "but then we hit."

The plane crashed in a swampy area, and the Charltons waded through the water to a shack nearby.

"We sat on a dry spot," said Mrs. Charlton. "Two other people joined us. I ripped off the lining of my dress to cover Loren's head. He was bleeding. Minutes later a Mexican boy came up and helped me carry Loren until we reached a road. A truck then picked us up and took us to where the ambulances were."

PANTALOON SUIT — Paris couturier Carven presents in his fall-winter collection this pantaloon suit in heavy wool jersey of a tobacco shade. The vest closes with hidden buttons. It is worn with a pale beige hunter's hat with a long feather.

Art Association Hosts Sunday Show, Tea

The home of Mr. and Mrs. Daryle Hohertz, No. 7 Highland Heather was the setting Sunday afternoon for a fall tea and members' art show by the Big Spring Art Association.

Mrs. Hohertz, association president, was joined in receiving guests by the other officers, Mrs. Frank Hartley, treasurer; Mrs. Dawson DeViney, secretary; and Mrs. Ruby Bruns publicity. Mrs. Grant Boardman, vice president, was unable to attend.

The presentation was held in the den where the exhibit featured art by Mrs. J. H. Holloway, Mrs. De Viney, Mrs. Gen Schafer, Mrs. Hartley, Mrs. W. H. Crenshaw, Mrs. Walter Witte, Mrs. Mignonne Siverling, Mrs. Jo Hampton, Mrs. Bill Patton, Mrs. Myrtle Lee, Mrs. D. F. Bigony, Mrs. Grant Boardman, Mrs. A. B. West and Mrs. Hohertz.

A display of china painting was the work of Mrs. Rufus Miller, and jewelry was shown by Miss Jeanne Pearson. Miss Pearson, seventh grade art teacher at Runnels Junior High School, recently designed and made a cast silver pendant which was accepted at the annual Prints, Drawings and Crafts Exhibit at McArthur Park Art Center in Little Rock, Ark. The crafts entries were judged by Paul Soldner, nationally known craftsman and designer.

In the upstairs entertaining area, refreshments were served from a table laid with a fringed orange cloth and centered by a miniature easel arranged with straw flowers in shades of orange and red. A crystal punch service was used with silver appointments. The guest registry was accented with a matching orange cloth and an amber vase holding brown straw flowers. Approximately 50 guests atended.

A limited number of memberships are open in the association, at a fee of $7 a year. Local artists, or anyone interested in furthering the appreciation of art, is invited to contact Mrs. Hohertz at 267-5756.

Golden Age Class Elects New Slate

Mrs. C. D. Fowler was elected president at Friday's meeting of the Golden Age Sunday school class of Berea Baptist Church in the home of Mrs. Ira E. Norrell, 2202 Warren.

Other officers named were Mrs. Wilburn Forrest, vice president; Mrs. L. M. Parker, cheer chairman; Mrs. J. T. Gross, teacher; Mrs. R. W. Dolan and Mrs. R. L. McCullough, group captains; Mrs. Norrell, social chairman; and Mrs. E. Blankenship secretary-treasurer.

Mrs. Fowler brought the devotion n "How We Spend Our Time," and Bible games were directed by the hostess. Refreshments were served.

Leisure Probed By Methodists

The program, "Leisure: Threat Or Opportunity," was presented by members of the Women's Society of Christian Service at Thursday's meeting in North Birdwell Lane United Methodist Church.

Those on the program were Mrs. Cecil Virden, Mrs. Raymond Cooley, Mrs. Elra Phillips and Mrs. Jack Smith.

The devotion was brought by Mrs. Gatlin Jones, and Mrs. Phillips worded prayer.

Mrs. Smith, vice president, reminded members of the retreat, "A Day Apart," slated Oct. 2. Cards were mailed to the sick.

Forsanites Visit, Take Brief Trips

FORSAN (SC) — Visitors during the past week in San Angelo were Mrs. T. R. Camp, Mrs. A. L. Hawkins and Mrs. Ted Henry.

Mrs. Clara Fletcher is visiting in Roby this week with the Freddie Stuart family.

Mr. and Mrs. G. L. Monroney and granddaughter, Brenda Cowley, were Snyder visitors with the Wayne Monroneys.

Mr. and Mrs. J. H. Cardwell have returned home after attending the funeral of his brother-in-law, Will Cannon, in Nacogdoches.

BSP Rush Party Held In Stanton

STANTON (SC) — A rush party using the theme, "Flower Power," was held by the Rho Xi Chapter, Beta Sigma Phi, Thursday evening in the home of Mrs. Bill Stone.

Guests were costumed as hippies. Psychedelic lights, hard rock music, posters and name tags carried out the theme and soul food was served. Mrs. Butch Cain made the 'best costume' award.

Those on the social committee were Mrs. Phil Stovall, Mrs. Cain, Mrs. Corky Blocker, Mrs. Henry Watson and Mrs. Tommy Newman.

Guests were Mrs. Bill Jennings, Mrs. Jerry Bethell, Miss Claudia Sanders, Mrs. Charlie Burnett, Mrs. Bob Waddell, Mrs. U. A. North and Mrs. Michael Mason.

Rebekahs Discuss 'Home For Aged'

STANTON (SC) — Mrs. LaVerne Rogers, district deputy president, and Mrs. Homer Petty, both of Big Spring, spoke on a fund-raising project for the proposed Home for the Aged in Ennis, at a recent meeting of the Rebekah Lodge of Stanton. Mrs. Lelis Shankle, noble grand, presided. Seventeen visits to the sick were reported.

Wedding To Be Held In Montana

Mr. and Mrs. Ben A. Boadle, 111 Jefferson, are announcing the engagement and approaching marriage of their daughter. Jacquelyn Jean Jones, to Sgt. Robert Timothy Mauch of Mountain Home Air Force Base in Mountain Home, Idaho. The prospective bridegroom is the son of Ray Mauch of Great Falls, Mont., and the late Mrs. Mauch.

The couple plans to be married Oct. 27 in Grand Falls.

Miss Jones, a graduate of Big Spring High School, attended Howard County Junior College and Sul Ross University at Alpine. She has been active in the college drama department and Big Spring Little Theater.

Iron Between Foil

To iron heavily starched pieces, such as crochet work, that has a tendency to scorch easily, place them between two sheets of aluminum foil to iron. This cuts ironing time in half.

WMU Workshop Set In Midland, Lubbock

Mrs. Shirley Fryar, associational Woman's Missionary Union director for Howard Martin and Glasscock counties, has announced two WMU workshops scheduled this week.

On Wednesday, the workshop will be held at the First Baptist Church in Midland, and the Thursday workshop is slated at the First Baptist Church in Lubbock. Both sessions will begin at 9:30 a.m. and conclude at noon. Nurseries will be available at a nominal fee. Training will be concerned with next year's work.

Club Plans Trip

Plans were made to take a trip to Lubbock next Thursday at the meeting of the Eager Beaver Sewing Club Friday in the home of Mrs. A. B. Jernigan, 707 E. 16th. Handwork and visiting comprised the entertainment. Refreshments were served.

Area Officers Selected For Young Homemakers

The Young Farmer-Young Homemaker Area Two convention climaxed Saturday in Lamesa with an awards banquet and election of new officers for both units.

Mrs. Robert Cowan of Monahans will serve as the 1969-70 president for the Young Homemakers. Her slate will include Mrs. Bobby Joe Farlow, O'Donnell, vice president; Mrs. Jimmy Chambers, Brownfield, secretary-treasurer; Mrs. Ebo Teal, Pecos, reporter-historian; Mrs. Kenneth Dierschke, Wall, parliamentarian; and Mrs. W. A. Russ, O'Donnell, state officer.

Mrs. Billy Spears of Coahoma, was the retiring secretary-treasurer.

First place for outstanding chapter went to Roby in Fisher County, with second place going to the O'Donnell chapter. Jean Ann Block of Wall was selected as "Outstanding Little Sister," receiving an award from Austin Rupert, manager of Pioneer Natural Gas Company of Lamesa.

The chapter awards were presented by Mrs. Opal Kennon of Sweetwater, Home Economist, Electric Utilities Companies of Texas, and the attendance award was presented to the Pecos chapter in Reeves County by Mrs. Doveta Hunt, representative of the Security State Bank of Pecos.

A LOVELIER YOU

Knitted Fashions Make 'New' Look

By MARY SUE MILLER

Teeming with fresh ideas, new knits are at the ready for immediate wear. Anywhere, everywhere!

Knits are so perfectly suited to fall's shapes with their soft, fluid cling. Drapable jersey takes the lead in a wide range of fibers from wool to cashmere, angora, fur blends, cotton, synthetics and blends. In addition, there are sweaterknits and old-time cotton lisle.

Diversity of shapes and colors promises something special for every taste. Just to exemplify: In deep red ribbed nylon a long, belted cardigan topping a narrow turtleneck dress . . . Dress of black wool jersey with ballooning sleeves, stretched-out waist, flippy skirt and yards of muffler . . . In thin wool knit, gray shirt and sweater under a purple, sleeveless pull-on . . . Lacy knit tunic over brown pants . . . Paisley jumpsuit of cotton lisle . . . Midi and maxi coats in pale neutrals, darks and argyle double knits.

As for sweaters, you name it and you can have it: skinny or bloused, scoopy or high rise at the neck, pull or buttoned, sleeved or not, long or longer. Sweaters, like oysters are in season.

Only remember that a curvaceous figure responds to flat knits and deep shades. Ribs and splashy patterns go with slender girls. Tend your knitting and choose well!

HIP REDUCING

You can diet until you become feather-light and still be hip-heavy. Reduction in the hipline is assured only by exercise. For a set of quick and effective ones, send for my leaflet, "Hip Reducing Rountines." Write Mary Sue Miller in care of The Big Spring Herald, enclosing a long, stampel self-addressed envelope and ten cents in coin.

Delegates Attend State Convention

COLORADO CITY (SC) — A group of women from Mitchell County Home Demonstration Clubs will attend the state convention held in Dallas this weekend. Delegates attending are Mrs. J. D. Gibson, of Colorado City; Mrs. Buck Taylor and Mrs. Floyd Griffin, both of Loraine. Others attending are Mrs. N. O. Brown, Mrs. Bruce Byrne, Mrs. Sidney Compton, Mrs. W. E. Harris, Mrs. Henry McGuire and Mrs. Maggie Hamrick.

Rook Club Guests Tie For High Score

Mrs. N. W. McCleskey tied for first place with Mrs. T. G. Adams as guest high during Friday's meeting of the Rook Club in Coker's Restaurant with Mrs. J. S. Sims as hostess. Other guests were Mrs. George Hall and Mrs. Ann R. Nobles. Mrs. W. D. McDonald won high for members. Refreshments were served. The next meeting will be Oct. 17 in the home of Mrs. Felton Smith, 810 Runnels.

Home On Leave

Home on leave from Vietnam is Sgt. Sam Smelser, son of Mr. and Mrs. W. R. Smelser, 1003 Rosemont, and son-in-law of Mr. and Mrs. G. W. Murphy, 406 Hillside. Sgt. and Mrs. Smelser, the former Jane Murphy, and their daughter, Samantha Jane, will leave next month for his new station at Fort Gordon, Ga.

NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight, or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A feather-stitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available at Hemphill-Wells Co., Foundation Department. 214 Main Ph. 267-8264 Phone 267-8284

Beta Kappas Hear Of Year's Projection

Mrs. L. K. Gladden, serving as "seeress," gave a horoscope projection of the year's work at the coffee held Saturday morning by Beta Kappa Chapter of Delta Kappa Gamma Society in the Caprock Electric building in Stanton.

Assisting on the program were Mrs. Rogers Hefley, Mrs. Bill Griese, Mrs. Cass Hill, Miss Eulalia Mitchell, Mrs. Claude Miller, Mrs. Paul Sweatt, Mrs. Virgil Smedley, Miss Agnes Currie, Mrs. Elizabeth Beam and Mrs. B. M. Keese.

Hostesses for the coffee were Mrs. H. J. Barbee, Mrs. I. J. Motal, Mrs. Claude Miller, Mrs. J. A. Coffey, Mrs. J. M. Payne and Mrs. Harry Echols.

Mrs. B. F. Yandell presided during the business session, and the invocation was led by Mrs. W. M. Irwin. The program topic was "Projections for the Future."

Musical selections were presented by Mrs. Carl Bradley and Mrs. Griese.

The regional meeting was announced for Oct. 18 in Andrews.

COUPON GOOD THRU SATURDAY, SEPT. 27

(AP WIREPHOTO)

THE WANING DAYS OF SUMMER — Autumn arrives officially tomorrow and these carefree kids, although they're back in school, enjoy a swim in Lake Carey, near Scanton, Pa., in the waning days of summer as sunlight glints across the waters.

Attorney For Green Berets Will Demand 'Open' Trial

SAIGON (AP) — The civilian attorney for two of the Green Beret officers accused of murdering a suspected Vietnamese double agent said today he would demand a "completely open" trial "with all relevant evidence put on the table. H. E. Rothblatt, who arrived today from New York City, also said the defense would call Gen. Creighton W. Abrams, commander of U.S. forces in Vietnam, as a witness "if his testimony is relevant to the case."

Rothblatt is an attorney for Maj. David E. Crew of Cedar Rapids, Iowa, and Capt. Leland J. Brumley of Duncan, Okla.

Brumley and two others are scheduled to go before a general court-martial Oct. 20, but the defense is expected to ask for a postponement. The other three officers are to be tried later, but the charges against them may be dropped if the first three are acquitted.

Rothblatt also represents Chief Warrant Officer Edward Boyle of New York City, one of two men against whom the charges are being held in abeyance reportedly because they may testify for the prosecution.

Rothblatt said he would confer with military attorneys and Boyle before deciding whether to continue to represent the warrant officer. "We want to make sure that all of his legal and constitutional rights will be protected," he said. He added that he did not expect to find himself on both sides of the case.

The attorney said he expects the Special Forces officers to be exonerated of the murder and conspiracy charges.

"We certainly have no fear as long as we don't get a Roy Bean, law-west-of-the-Pentagon sort of trial," he said, referring to a Texas frontier judge.

Rothblatt said that if the Army cannot provide a "fair and impartial jury," the defense attorneys may petition for the trial to be moved into a civilian court.

He said the defense will insist on an open trial with "full and complete disclosure" of all the facts. He said this would include information that might be furnished by the Central Intelligence Agency, which some sources say ordered the execution of the alleged double agent.

Military officials have said that portions of the trial dealing with security information might be closed.

232 On Payroll

There were 232 employes on the city's payroll in August, including 22 in administration, 50 policemen, 49 firemen, 64 in public works, 36 in utilities and 11 others.

Horoscope Forecast

TOMORROW

—CARROLL RIGHTER

GENERAL TENDENCIES: On this day and evening examine and eliminate one problem. Then think quietly, or with confidential advisers, about how you can make your desires come true. Enjoy personal pleasures, too.

ARIES (March 21 to April 19) If you work intelligently with friends, you can relieve tense situations where your career is concerned. A close tie is having trouble. Do whatever you can.

TAURUS (April 20 to May 20) You are now able to get the information you need at a new source if you go in the company of a good friend. Then you can realize a long-time dream. Join with others socially to get the results you are after and be happy.

GEMINI (May 21 to June 21) You will be able to find out your true position with higher-ups who are important in your life. Handling well a civic duty can be helpful to you in the future.

MOON CHILDREN (June 22 to July 21) Those fine ideas will fit into your pattern of living for the future. Show new contacts that you value them greatly. They can be particularly helpful in the future.

LEO (July 22 to Aug. 21) You don't have more than you can handle if you take care of all your obligations right away. Be efficient in any phase of your endeavor. Just make up your mind to do so.

VIRGO (Aug. 22 to Sept. 22) Long talks with your associates will result in more understanding and profits for the future. Once you have come to the right decision, go out to dinner and dancing together.

LIBRA (Sept. 23 to Oct. 22) Enhance your surroundings. Be neat and thorough about anything you do. Others will cooperate with you. Avoid those who gossip.

SCORPIO (Oct. 23 to Nov. 21) Discover the right ideas for successfully operating in the future so that you become more efficient and happier as well. Forget anxieties. Constructive work will bring relief.

SAGITTARIUS (Nov. 22 to Dec. 21) Spend more time thinking about what would please your family. If you make them happy there will be harmony. Entertain at home this evening. Be witty.

CAPRICORN (Dec. 22 to Jan. 20) Be sure that you handle your routines in a more intelligent, efficient manner. Don't neglect correspondence. Expedite it by being brief.

AQUARIUS (Jan. 21 to Feb. 19) If you make an intelligent study of your finances, you will find how to add to your present abundance. Start economizing. Avoid those who are keeping tabs on your assets.

PISCES (Feb. 20 to March 20) This is a perfect day to spend with individuals you really admire. Have a most satisfying day and evening. Know what you want out of life. Discuss your plans with the right people. Be active! Be alive!

Police Check 80 Offenses

Eighty offenses were reported to police during August: 26 burglaries, 26 larcenies under $50, 18 larcenies over $50, six auto thefts, three aggravated assaults, and one murder.

Six burglaries were cleared during that time, three aggravated assaults, two larcenies under $50, and one murder. The value of property stolen during the month amounted to $11,036.95; the value of property recovered totaled $5,807.

There were 294 arrests made during the month with 17 being turned over to the county, 12 released to other jurisdictions, and 15 were released without charge.

Juveniles taken into custody totaled 27; 15 of those were released to the juvenile probation officer and eight to their parents.

The animal warden removed 126 dead cats and dogs during the month, while 68 dogs were impounded. Forty-five were destroyed and one was redeemed.

Police served 1,532 prisoner meals in city jail during August at a cost of 11.4 cents a meal. Total cost of the food was $175.22.

Light Agenda Set Tuesday

Heading the city commission's agenda for its regular meeting Tuesday will be the opening of bids for a five-year gas and oil lease on land under Powell Lake and the consideration of board appointments.

The request for leasing the land was made by Robert Kimberlin at the Aug. 26 commission meeting, but before bids could be opened, the city had to publish notices for three weeks, asking for bids.

The commission will also set a date for a public hearing on the proposed 1969-70 budget; hold a public hearing for an off-premises beer permit for the Settles Package Store, requested by James R. Davis; hold a second reading for a similar permit for the Hilltop Grocery; and hold the third reading for both the zoning ordinance and the rate increase for Pioneer Natural Gas Co.

Areas Of Florida's Panhandle Isolated

TALLAHASSEE, Fla. (AP) — Rampaging waters, collapsed bridges and axle-deep mud isolated several sections of Florida's panhandle today in the wake of a storm that spun into the lowlands along the Gulf of Mexico.

Quincy, a city of 9,000 famous for its shade tobacco, was almost completely under water. Quincy is located about 35 miles from the state capital of Tallahassee.

The Florida Highway Patrol blocked traffic heading west from Tallahassee on flooded U.S. 9 and State Road 2. That left U.S. 98 on the Gulf coastline as the lone major route open through Florida to Pensacola, Mobile and New Orleans.

Three counties—Leon, Gadsden and Liberty—were put off limits for heavy truck travel. Only cars were allowed in and out.

Tallahassee's highlands kept down flooding despite a record 8.86 inches of rain Sunday and more than 14 inches since early Saturday.

Record rainfall continued along the Ochlocknee River system, a sprawling agricultural area curving west and north of Tallahassee to the Georgia border.

The Weather Bureau said Tallahassee had received 12 inches and Blountstown 11 inches during the 24-hour period ending late Sunday night.

The Tallahassee Weather Bureau issued flood warnings for Blountstown, Bloxham and Quincy, and predicted the waters would rise above the disastrous flood levels of 1964. Havana, Fla., and Thomasville, Ga., were also threatened.

Gov. Claude Kirk, who viewed the stricken area from the air Sunday night, said 26 bridges and culverts were out.

Kirk ordered the Division of Emergency Government to coordinate relief action.

Schools in Leon, Liberty and Gadsden counties were closed.

"So far no one has been ordered evacuated, but water is creeping into houses and Civil Defense units are standing by," a Florida Highway Patrol spokesman said.

The storm was a tropical depression. Such depressions have the same counter-clockwise circulation found in hurricanes, but are not as severe. The depression that swept inland across Florida Sunday had top winds estimated at 40 miles an hour—about half the minimum for a hurricane.

Waste Matter Problem Grows

SAN FRANCISCO (AP) — An expert on waste matter said today that by 1975 "we will be faced annually with ridding ourselves of 61 billion units of glass, plastic and metal beverage containers alone." The present rate is 50 billion yearly.

And packaging wastes, said George F. Stewart of the University of California at Davis, account for only 13 per cent of the total solid trash problem.

Stewart presented his figures in a statement explaining the purpose of the first National Conference on Packaging Wastes. He is chairman of the meeting, which opens today.

The big problem, he said, is that only 10 per cent of packaging material can be salvaged for re-use, and more and more of it will not burn, break, crush, dissolve, rust away or otherwise disappear.

Storm Inga Stationary

MIAMI (AP) — Tropical Storm Inga was reported 950 miles east of Puerto Rico today, and was expected to move slowly northwestward on a course that would send it north of the Leeward Islands.

The National Hurricane Center estimated highest winds at 45 m.p.h. It said conditions did not favor rapid intensification.

The storm, born in the Atlantic Sunday, was reported almost stationary during the night.

Firemen Go To 51 Calls

The city fire department answered 51 calls during August, according to its monthly report. Of those 27 were for grass or brush fires, eight for car fires, six for building fires, six for other emergencies, and four were false alarms.

The department spent 62 man hours putting out 31 of the fires with booster lines. Four of the fires had been extinguished by the occupant, and seven were out when the firemen arrived.

The fire marshal reported insurance losses from the first totaled $600 during the month, while 125 inspections for fire prevention were made. Twelve violations were corrected.

Astros Capture Warrior Ratings

LANDER, Wyo. (AP) — James A. McDivitt and William A. Anders won warrior rating but fellow astronaut Walter R. Cunningham had to eat with the women after the 26th annual One-Shot Antelope Hunt.

Those who bagged their game with a single shot were served with the male company of warriors. The others ate with the women.

Now Possible To Shrink Painful Hemorrhoids

And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N.Y. (Special): Science has found a medication with the ability, in most cases — to promptly stop itching, relieve pain and actually shrink hemorrhoids.

Tests by doctors proved that in case after case, while gently relieving pain, actual reduction of the inflamed hemorrhoids took place.

The secret is Preparation H®. There's no other formula like it! Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

With Field Reduced To Two, Scott Says He Has GOP Job

WASHINGTON (AP) — With the field down by one, Hugh Scott of Pennsylvania is claiming victory and Howard H. Baker Jr. is trying to rally his rival forces as Senate Republicans prepare to elect a new leader this week.

Sen. Roman L. Hruska of Nebraska has pulled out of the contest and endorsed Baker, a first-term Tennessean who hopes to fashion an alliance of moderate to conservative Republicans and newcomers to beat Scott.

One of the conservatives who probably would have backed Hruska, Sen. George Murphy of California, announced Sunday he will vote for Baker. Others are likely to include Sens. Barry Goldwater of Arizona and John Tower of Texas.

Some conservative elders, however, oppose Baker because of his lack of seniority, and thus could be expected to vote for the more liberal Scott despite philosophical differences.

It will take votes from 22 of the 43 Republican senators in Wednesday's election to elect a successor to the late Everett M. Dirksen as Senate minority leader. Scott, who last winter defeated Hruska 23-20 to become party whip now is acting GOP leader.

Juveniles Given Counseling

Keith Jones, juvenile officer, has counseled with three teenagers since Friday. A 13-year-old boy was referred to him this morning by the police department for fighting and after counseling, he was released to parents.

A 16-year-old run-away boy was returned today to his parents in California. Over the weekend a 16-year-old girl was referred to Jones by her parents. She was counseled and released to parental custody.

Under New Orders To Heed Nixon's Reducing Policy

WASHINGTON (AP) — U.S. missions in the Far East are under new orders to heed President Nixon's policy of reducing American involvement in Asia, according to Senate Democratic Leader Mike Mansfield.

The orders were issued after he had complained to Nixon the missions were not following the new Asian policy outlined by the President at Guam last July, Mansfield said in an interview.

The Montana Democrat spent two weeks on a tour of the same Asian countries the President took this summer after being asked by Nixon "to study reactions to his new Asian doctrine." Mansfield returned Aug. 27 and reported to the President at San Clemente, Calif.

Mansfield said his journey to the Philippines, Indonesia, Cambodia, Burma and Laos produced no evidence of a follow up by U.S. missions there.

He said he told Nixon "the concepts, practices and programs by which U.S. missions in Asia have operated for many years remain the same."

But since his conference with Nixon at the Western White House Mansfield said, he understood "instructions have gone out" recalling the President's Guam statement explaining its policy significance.

From now on, Mansfield told the Asian leaders, U.S. assistance will take the form of cooperative economic help and not military aid. Asian nations, he said, must make their own collective security arrangements.

"The resident's new doctrine clearly calls for a contraction of the official U.S. presence in Southeast Asia," Mansfield said.

Nixonites Hunt Signs For Soviet Intentions

UNITED NATIONS, N.Y. (AP) — The Nixon administration looked to a meeting between Secretary of State William P. Rogers and Foreign Minister Andrei A. Gromyko tonight for signs of whether the Soviets intend to negotiate seriously on some outstanding East - West issues.

Items for the dine-and -talk session at Rogers' Waldorf suite included the long-awaited Kremlin answer to President Nixon's bid to begin missile curb talks, the Middle East crisis, European security and Berlin.

It is the first private, high-level U.S.-Soviet parley since Nixon took office with his "negotiation rather than confrontation" posture toward relations with the Communist world.

Moscow's responses to the new U.S. leadership, in Washington's opinion, have added up to a mixture of pluses and minuses — and an unexpectedly long silence on the U.S. notice, given June 11, of American readiness to begin talks with the Russians on limitation of missiles and other strategic arms.

Finnish Foreign Minister Ahti Karjalainen said over the weekend that the two nuclear superpowers probably will start the disarmament talks in Helsinki in mid-October. But U.S. officials said no word had been received yet from the Russians.

Some clues to the Kremlin's negotiating stance appeared in Gromyko's speech Friday to the U.N. General Assembly — which U.S. diplomats rated as standard Soviet fare and somewhat disappointing — and in private contacts.

On Vietnam, for instance, Gromyko's strong public rebuff of Nixon's plea for help in persuading Hanoi dimmed U.S. hopes for a favorable reaction should Rogers broach the question with Gromyko.

On the Middle East, Rogers expects Gromyko in private may pursue a policy more reasonable from the U.S. standpoint than his public defense of the Arab cause. Assistant Secretary of State Joeph Sisco and Soviet Ambassador Anatoly F. Dobrynin scheduled another meeting this morning to do some groundwork for tonight's talks, and on Saturday the Soviets agreed to further Big Four power discussions.

On Berlin, some western diplomats suspect Moscow's latest approaches to Bonn are aimed at influencing the West German elections next Sunday.

The European security question has been raised frequently by the Soviets this year. As Washington sees the Communist proposal for an East-West meeting of European powers to work out a permanent settlement, it seems similar to past Moscow efforts to get withdrawal of U.S. forces from Europe without an equivalent Soviet cutback.

The Soviets have not made clear whether United States would be invited to the proposed European security conference, U.S. sources said.

Quiz Begins Of Jury Panel

Questioning of approximately 100 possible jurors was to begin this afternoon in 118th District Court in the trial of Bobby Eugene Chrisco.

Chrisco is under indictment for malice with murder aforethought in the shooting death of A. D. Blount, local petshop owner, in December. Bobby Randall Crain, indicted for murder with malice, and Rae Bourbon, indicted as an accomplice to the murder, are scheduled to go on trial after Chrisco.

A special venire of 350 names was drawn two weeks ago, however attorneys had excused nearly 150 persons by 10 a.m. today when prospective jurors were to report.

Judge Ralph Caton qualified the jurors, and six were excused for not qualifying as voters or householders. Legal exemptions knocked another 20 persons off the list and Caton took approximately 30 special excuses under advisement before recessing for lunch.

Approximately 50 persons did not show up or call attorneys to be excused from duty.

(AP WIREPHOTO)

THE PAUSE THAT REFRESHES — A tired American infantryman relaxes for a moment as he cleans his feet amidst the debris of war at patrol base Ike, about 65 miles northwest of Saigon. The soldier, an unidentified member of the 1st Cavalry Division, is bathing his feet in a bucket filled with rainwater.

One Injured In Car Crash

Mrs. Teddy Dietz, 19, 1217 Lloyd, is being held for observation at Medical Arts Hospital today following a three-car accident early Sunday, eight miles from Big Spring on FM 2599. Mrs. Dietz was a passenger in a car driven by Bobby Hambrick, 26, Big Spring, which officers said was struck by a car driven by Robert T. Wilkinson, 22, while it was stopped at the side of the road. Wilkinson is stationed with the U.S. Army in Denver, Colo.

Highway patrol officers investigated the accident and said that apparently a car driven by George Mack Archer, 24, Big Spring, pulled out to pass the Wilkinson car and that when Wilkinson saw the parked car ahead of him, he applied his brakes, and skidded into both the Hambrick and Archer cars. Wilkinson apparently ricocheted into the Archer car again further down the road. Officers said there was considerable damage to all three cars.

News Briefs

Woman Treated For Stab Wound

Lottie B. Woodard was treated and released from Hall-Bennett Memorial Hospital Saturday after receiving a stab wound in the leg at Emmitt's Lounge. A suspect was taken into custody in connection with the case, but was released from the sheriff's office on $500 bond. No charges have been filed, and investigation is continuing.

Police also investigated a burglary at 404 Douglas this morning. Sig Rogers said a tape recorder, electric guitar, and $200 in old coins were missing. The burglar had entered through a rear window on the west side of the house and left by the front door.

Webb Sergeant Receives Award

An Air Training Command "To Promote Safety" award (TOPS) was presented last week to Sgt. Jerry Ryan for detecting a main landing gear malfunction on a Webb-based Northrop T-38 Talon jet trainer.

Sgt. Ryan detected a serious problem with a main gear actuator bushing which was slipping from its mounting place on the 44 per cent wing spar of a Talon June 2, while conducting a post flight inspection on an aircraft which had returned from a functional check flight.

The sergeant, who works the night shift on the T-38 flightline, received the quarterly safety award in maintenance for the April through June cycle at a wing staff meeting recently.

Tract Title Is Awarded Friday

Title to a tract of land was awarded by Judge Ralph Caton, 118th District Court, Friday to Randall Reid, in his suit against Willard Patterson et al.

W. H. Eyssen was appointed attorney ad litem for Patterson, and the title to a tract of land out of section 48, block 31, Township One North, was awarded to Reid.

Bronx Taxi Driver Charged In Death

NEW YORK (AP)—A Bronx taxi driver has been charged with killing his girlfriend's 2-year-old son by hurling him out a window.

Police arrested Moses Rodriguez, 31, Sunday and charged him with homicide. He allegedly threw the child from his fourth-floor apartment after an argument with the mother, Mrs. Maria Acevedo, 23.

Mrs. Acevedo was critically injured when she, too, went from window to ground. She told police she fell accidentally.

Foursome Cops Louisiana Draw

A team containing two junior players swept to victory in the Louisiana Draw tournament sponsored Sunday by the Big Spring Golf Association over the Muny golf course. The affair drew 48 players.

The winning team of Bill Pate, Luther Thompson, Gary Travis and Grady Harris won first place. Gary and Grady did not compete for any prizes.

Two teams tied for second and third. They were composed of C. D. Ewell, Russell Tidwell, J. P. Gordon and Mike Tytanic in one foursome and Richard Pachall, Bob Mickler, Royce Cox and Danny Kirkpatrick in the other.

The next tournament will be a selective drive affair Oct. 5.

Funds Approved For Library Hour

Howard County commissioners this morning approved an allocation of $5 per week for someone to conduct a "weekly storybook hour" at the library. They also approved a $5 a day travel allowance for someone at the library to go out once a month to pick up overdue books.

Mrs. Opal McDaniel, Howard County librarian, asked the commissioners for the action, and she also requested a raise for her assistant from $285 a month to $350 a month. The commissioners said they would consider the request.

Truck Burns

The Sand Springs Fire Department answered a call Friday afternoon, west of Big Spring on IS 20, for a truck on fire.

Trustees Meet

Trustees of the Big Spring Independent School District will discuss school operation and curriculum at 7:30 p.m. Tuesday in their second monthly meeting. No action items are scheduled, and no agenda has been prepared for the meeting.

Enemy Troops Gun Down Five American Choppers

SAIGON (AP) — North Vietnamese troops shot down five American helicopters, including three during an infantry assault today on the edge of the Que Son Valley south of Da Nang.

A U.S. spokesman said it was not known immediately how badly the three choppers were damaged.

A fleet of helicopters landed American infantrymen from the 196th Brigade in a hilly area 34 miles south of Da Nang. The men immediately made contact with North Vietnamese troops, triggering a 3½-hour fight.

NINE WOUNDED

The U.S. Command said one American was killed and nine wounded, but it could not say whether any of the casualties were in the helicopters shot down or all were in the ground fighting.

Three North Vietnamese soldiers were reported killed.

The fighting occurred eight miles east of Hiep Duc, a refugee resettlement town which has been threatened since last month by two regiments of the North Vietnamese 2nd Division. In two weeks of heavy fighting in the area last month, the U.S. command reported 75 Americans and up to 1,000 North Vietnamese killed.

The other two American helicopters shot down were destroyed and raised to 3,040 the total of U.S. helicopters reported lost in Vietnam.

TERRORISTS RAID

One of them, a small Army observation helicopter, was downed last Friday about 12 miles west of where the three troop-carrying helicopters were hit Monday, the U.S. Command said. Three Americans were wounded.

An Army Cobra gunship was downed in Thua Thien province Sunday 26 miles northwest of Da Nang, wounding one man aboard.

The South Vietnamese government reported that Viet Cong terrorists raided two refugee camps in Quang Ngai Province early Saturday and killed 19 persons, including eight members of the family of a national policeman.

Eleven other civilians or militiamen were wounded in the attacks, about 100 miles south of Da Nang.

North Vietnamese soldiers surprised American infantrymen who had just dug shallow foxholes Sunday night along a ridgeline 92 miles southeast of Da Nang and blasted them with heavy mortar and rifle fire.

NOT KNOWN

Eleven Americans were killed and 10 others wounded. U.S. headquarters said enemy losses were not known.

The U.S. infantrymen from the Americal Division's 11th Brigade had set up a circular night bivouac with claymore mines placed outside the perimeter, but no barbed wire was strung.

A division spokesman said first reports indicated the perimeter had not been penetrated. He said most of the casualties were caused by the barrage of 45 mortar shells.

After the shelling, Army helicopter and Air Force gunships raked the suspected North Vietnamese positions.

BODIES FOUND

Scattered fighting was reported elsewhere across South Vietnam.

Early today, U.S. Navy river patrol boats and infantrymen from the 1st Division intercepted about 30 enemy soldiers crossing the Saigon River 31 miles north-northwest of Saigon. With the help of helicopter gunships and artillery, the infantrymen and patrol boats killed at least 25 enemy soldiers, the U.S. Command said. No American casualties were reported.

U.S. Army Rangers battled North Vietnamese troops for 3½ hours in a fight 66 miles north of Saigon. The bodies of 14 North Vietnamese troops were found after the battle. U.S. losses were reported as two wounded.

WARNING

B52 bombing raids were resumed Sunday against enemy positions near the demilitarized zone and U.S. spokesmen indicated the purpose was to warn North Vietnam that the U.S. Command will answer attacks along the DMZ with saturation bombing.

The raids also were viewed as evidence the U.S. Command plans to rely on air power to help protect the northern frontier as U.S. Marine units are withdrawn during the next three months.

The bombers made their heaviest raids in more than four months on enemy positions a mile below the zone, dropping 1,000 tons of bombs near a 3rd Marine Division outpost called the Rockpile.

The enemy attacked U.S. positions near the Rockpile twice last week, killing 26 Marines and wounding 71.

78 DIE

The U.S. Air Force and the South Vietnamese government began an investigation Sunday into the collision of an Air Force jet fighter and an Air Vietnam civilian passenger plane in which 78 persons died.

The accident occurred Saturday about 500 feet above the Da Nang airfield as both planes were making landing approaches. A spokesman for Air Vietnam said there were indications the passenger plane, a piston-engine DC4, may have flown into the traffic pattern of the runway reserved for military planes.

One American crewman of the F4 Phantom jet parachuted to safety. The other managed to land the jet on the airfield.

The crash killed 75 persons aboard the DC4 and a woman and her daughter on the ground. Two persons on the plane survived the crash but one died today. All aboard the plane were Vietnamese except one Indian and three Chinese.

Team Decides On Its Goals

The industrial team has determined goals for its 1970 program of work.

In a meeting Friday, the team decided to take a female labor survey and to locate, document, get commitments and options on seven industrial sites and nine buildings that could be converted to industrial purposes by June 1, 1970.

It also decided to make a study of new tax laws and the effect on industry, to have a slide presentation on industrial sites as part of community development, and once an industrial site has been firmed, to make a study of the utilities in the area and make a map showing the findings.

DEATHS

James Bradley, Relatives Here

James H. Bradley, member of a pioneer Big Spring family, died Saturday in Phoenix, Ariz., where he had lived for many years.

He was the eldest son of the late Mr. and Mrs. J. W. Bradley.

Among those going from here to Phoenix for the funeral were Mrs. Kenneth C. Stratton, Walter Bradley and Mr. and Mrs. Paul Bradley.

Car Wrecked

A police car was involved in a minor mishap during the weekend. Patrolman Lynn Williams was bringing in a suspect when, he said, the man reached over the seat and started strangling him. As he tried to free himself, the car collided with a utility pole.

Jaycees Get Lots Of Help

Big Spring Jaycees are making good progress in obtaining signatures on letters to NASA officials urging that astronauts have the privilege of reading aloud from the Bible while on space missions.

The effort, part of a statewide campaign, is conceived as a move to counteract the efforts of Madalyn Murray O'Hair, avowed atheist who is seeking legal action to prevent reading from Scriptures in future flights.

Texas Jaycees have set a goal of 300,000 signatures on letters directed to the space agency. Mrs. O'Hair said she doubted the Jaycees can reach the goal.

"They'll never make it," she said. "Besides whether or not they petition the NASA doesn't have a damn thing to do with how the court case goes."

Eddie Buffington, in charge of the effort here, estimated that local Jaycees have secured some 4,000 signatures so far and have about exhausted their supply of forms. Another 5,000 have been ordered. Many business houses in the city now have these letters available for signing.

(AP WIREPHOTO)

ONE BEAN TO A POT — String beans, which range up to nearly 30 inches in length, are picked by Charles Boorne, of Spring City, Pa., who said that most of the beans on the vines are at least two feet long. He said good rainfall this summer helped his crop. Here he is framed between two of the huge beans.

Day Of Atonement

NEW YORK (AP) — Jews the world over fast today to mark Yom Kippur, the Day of Atonement.

The holy day began at sundown Sunday and ends at sundown today. It is the most sacred day on the Jewish calendar.

Services began Sunday night with Kol Nidre, an appeal to God for forgiveness for sins in the past year. Yom Kippur ends the High Holy days that started 10 days ago with Rosh Hashanah, the Jewish New Year.

MINOR ACCIDENTS

FM 700 and Wasson: Lawrence P. Wiseburn, Webb AFB, one car; 9:50 p.m. Saturday.

310 NE 11th: parked car belonging to Juan Rodriquez, 310 NE 11th, and other vehicle left scene unidentified; 10:30 p.m. Saturday.

Fifth and Gregg: Louis H. Diaz, Carrizo Springs, and Juan J. Diaz, Carrizo Springs; 11:26 p.m. Saturday.

Fourth and Gregg: Rodney V. Fuqua, 712 Andree, and Yvette Y. Casillas, 206 NW 2nd; 1:22 p.m. Sunday.

College Park Shopping Center parking lot: Golda S. Brewer, 2513 Carol, and parked car belonging to Janis L. Willborn, Box 369; 3:23 p.m. Sunday.

QUIETER CHRYSLER — Engineering improvements in the 1970 Chrysler line significantly reduce transmission to the body of road noise and vibration through use of rubber insulators. Main styling changes center on front and rear and body style ornamentation. All interiors are upgraded in the Chrysler line, which includes five series: Newport, Newport Custom 300, New Yorker and Town & Country Station Wagons. There is, also, the elegant top-of-the-line, Imperial. The new models will be unveiled Tuesday at Dewey Ray Chrysler-Plymouth, 1607 E. 3rd. Pictured is the Newport Custom.

Chrysler Has Improvements To Assure A Quieter Ride

The 15-model line of Chrysler automobiles will be presented formally Tuesday at Dewey Ray Chrysler-Plymouth at 1607 E 3rd.

The 1970 Chryslers feature major improvements to the suspension system which significantly reduce road noise and vibration. The completely new styling which appeared this year has been refined with changes centering mainly on the front and rear of the cars and new body-side ornamentation.

The reduction in road noise and vibration has been accomplished through the installation of rubber insulators in the supension system to eliminate continuous metallic paths for the transmission of noise and vibration to the body. The insulators separate the front frame structure from the passenger compartment and mount the rear axle and springs in a rubber "sandwich."

New grilles, a new full loop rear bumper, rear deck, and associated body panels significantly update front and rear end appearance. The massive full loop front bumper is retained.

A new wider rear track provides increased stability and further enhances appearance. Revised full-width tail lights for the 300 and the New Yorker provide continuity of rear end identity for these models, and the 300 again has concealed headlights. Newport and Newport Custom models continue the use of unique taillights.

All interiors are upgraded throughout the 1970 Chrysler line. Selected seat and door trim conbinations offer highly styled full bench seats, individual bucket seats, and the three-in-one bench seat option.

The 383 cubic-inch two-barrel engine, which uses regular gasoline, is standard in Newport, Custom Newport and Town & Country. The powerful 440 cubic-inch single exhaust four-barrel is optional in Newport, Custom Newport, and Town & Country, while the 440 cubic-inch dual exhaust four-barrel is also optional in Town & Country. The potent High Performance 440 cubic-inch four-barrel TNT engine is optional in 300, New Yorker and Town & Country.

Other new features on 1970 Chryslers include: dual rear speaker system available on Town & Country wagons; long-wearing fiberglass belted tires standard; new larger L84 x 15 inch tires standard on New Yorker; locking steering column with column-mounted ignition key, and warning buzzer; positive action glove box latch; new steering wheel-rim actuated horn switch operated by squeezing a soft strip on the inside of the steering wheel rim; new chrome plated stamped steel road wheels available; new speed-shift gate for automatic transmission shift linkage; new bucket seat console; new low fuel warning light; new deluxe seat belts; new Cleaner Air System improvements.

Breakthrough In Leukemia

HOUSTON (AP)—A researcher says doctors at the University of Texas M. D. Anderson Hospital and Tumor Institute have achieved a breakthrough in treating some adult leukemia patients.

Dr. Gerald Bodey, head of the research team, said Sunday an infection-fighting antibiotic is revolutionizing the treatment of leukemia patients who contract a certain blood infection and die before they can be treated for leukemia itself.

Called carbencillin, the penicillin-like drug is successful in treating septicemia, an infection of the blood, Bodey said.

In the past year the team has been able to cure about 90 per cent of the patients with septicemia so their doctors could continue with the leukemia treatment.

Other research teams in the nation are using the drug to fight other diseases, Bodey said.

Bodey said 25 leukemia patients have been given carbencillin at M.D. Anderson. Most were adults with septicemia, but a few had other infections.

Puzzle of Saturday, Sept. 20, Solved

Rumors Still Flying Mao Seriously Ill

MOSCOW (AP) — The Chinese Communist Embassy denounced as "lies and slander" today reports circulating in Moscow that Chairman Mao Tse-tung is critically ill.

The reports, lacking any official Soviet confirmation, have been attributed to "reliable Communist sources." One report said Mao had suffered a stroke Sept. 2 and that only massive medical attention was keeping him alive.

"This is typical of the lies and slander of the American bourgeois press which is always hostile to People's China," said a Chinese Embassy spokesman. Informed that Communist sources in Moscow had circulated the report, he snapped "That is the same thing."

Western diplomats commenting on the reports said they were impressed by the specific detail of some of the accounts, adding that illness of Mao would help explain such events as Premier Chou En-lai's abrupt departure Sept. 4 from Hanoi in advance of the funeral of Ho Chi Minh, president of North Vietnam.

Skeptics here, however, noted that there have been many Moscow reports in recent years on Mao's failing helath, and that despite specific details, the reports later proved to be untrue.

Observers in Hong Kong generally discounted the rumors.

Although rumors had been spreading in that British colony for more than a month, sources there with contacts in China say they have no confirmation of the rumors.

One source noted, however, that some China specialists believe there may be a link between the rumors and reports that few posters of Mao are being put up in Hong Kong in preparation for the celebrations of Red China's National Day Oct. 1.

"They may not want to overglorify him if they believe he really is ill and may die," the source said.

Time magazine said Sunday that Communist sources in Moscow reported that the 75-year-old Chinese Communist party chairman suffered a stroke on Sept. 2 and was in critical condition. It said "a massive medical effort" was keeping him alive.

Observers here discounted the report, saying the Soviet Union "would stoop to anything" in its feud with Red China.

"Those who say Mao is dead or dying are bound to be right some day," one observer said. "We get these stories of illness about every two months, and I don't believe this is any more accurate than the others."

A Japanese correspondent in Peking reported today that there are "strong" expectations that Mao will make his usual public appearance in Peking on Oct. 1. The correspondent said this expectation was based on a government announcement Sunday that Mao "recently personally" approved decorations for soldiers who fought the Russians along the Ussuri River last March.

Mao has not been reported in a public appearance since May 19, when he appeared before 10,000 supporters in Peking. That was also the last public appearance announced for Mao's political heir, Vice Chairman Lin Piao. Neither he nor Mao appeared at the party's anniversary on July 1 or at the Aug. 1 Army Day celebration.

Some observers believe that Mao has been on his usual summer retreat to meditate and rest. Peking's summers are hot and dusty, and Mao usually spends the hot months in the mountains. He also has gone into seclusion when planning new policies of state or a political offensive against his enemies.

His longest absence from public functions lasted 5½ months, from Nov. 26, 1965, to May 10, 1966. Later information disclosed he was preparing his "cultural revolution" against President Liu Shao-chi and his followers.

Salesman Sets Swim Record

BOSTON (AP) — James J. Doty, 34, a burly insurance salesman and former shotputter, set a new record Sunday for the 24-mile swim from South Boston to Boston Light and back.

The 6-foot-2, 220-pound Boston resident completed the trip, in 62-degree water, in 9½ hours—40 minutes less than the previous record.

Charlotte (Arne) Leverone of Arlington, a mother of five, set the previous record in 1934 when she was 17.

Installed During Annual Meeting

Mary Cochran, volunteer coordinator of the Big Spring State Hospital, was recently installed as a regional representative of the American Association of Volunteer Service Coordinators, at its annual conference in Houston.

Mrs. Cochran was on a panel which presented the uses of volunteers in the community.

Also attending this meeting were Mrs. H. B. Duncan, project specialist for the Circuit Riders and Mrs. Larry Cheatham, assistant volunteer coordinator.

Heavy Rains In Lubbock

By The Associated Press

Thundershowers rumbled across Northwest Texas today into the state's north central and northeast regions.

Heavy rains before dawn dumped 1.83 inches on Wichita Falls and 1.05 inches on Lubbock.

Light to moderate showers extended from near the Oklahoma-Texas border to Denton to Mineral Wells to Vernon.

Other showers and thunderstorms dotted the Texas coastal plains and central regions.

Skies over East Texas were generally clear while clouds hung elsewhere across the state.

Heavy thundershowers rolled through Texas' Panhandle-Plains country late Sunday night, triggering a severe thunderstorm watch for eastern New Mexico, western portions of the Texas Panhandle and the southwest portion of the Oklahoma Panhandle.

The Weather Bureau canceled the watch an hour and a half before it was scheduled to expire.

Rain pounded the area just east of Hereford while strong storms roamed an area southwest of Shamrock to southeast of Amarillo.

The precipitation came after a day of warm temperatures, topped by 93 degrees at Laredo. San Antonio reported 91 and Waco 90.

Temperatures before sunrise today ranged from 78 at Brownsville down to 59 at Dalhart.

HOW FAST DO YOU READ?

One of the major reasons thousands of talented students are lingering with a "C" average in junior high and senior high school is lack of reading skills. The average person reads about 225 words a minute; 6 books a year. You owe it to yourself to find out how you can read a guaranteed 1,000 words a minute or a book an hour with good comprehension.

BIG SPRING DAILY HERALD

SECTION B — BIG SPRING, TEXAS, MONDAY, SEPTEMBER 22, 1969 — SECTION B

NEW TOP PERFORMER — Entirely new and racy styling marks the 1970 Plymouth Barracuda line, which offers three distinctive series of cars with varying perofrmance potential. There's the new Gran Coupe, and the 'Cuda, a model with high performance qualities, and also the Hemicuda. These, with other Plymouth models — standards, intermediates and compacts — are up for formal showing Tuesday at Dewey Ray Chrysler-Plymouth, 1607 E. 3rd.

New, Racy Barracuda Tops Versatile Plymouth Line-Up

Plymouth offers for 1970 the most versatile new model line-up in its history, with a freshly restyled and realigned full-size Fury series, an improved Road Runnner-inspired intermediate line, a new model in the compact series, the Valiant Duster, and a totally-new specialty-performance Barracuda. All Plymouths go on sale Tuesday and are being shown at Dewey Ray Chrysler-Plymouth, 1607 E. 3rd.

The Fury, Plymouth's volume leader, presents the big, bold look with major restyling of the front and rear. The major news in the model realignment is the establishment of a new kind of Sport Fury as Plymouth's premium series for 1970. Sport Fury expands to include four-door sedan and four-door hardtop models in addition to the sport and formal two-door hardtops, two new models — the S-23 and the high performance GT — and an optional luxury Brougham package.

Six engines are available in the Fury line, from the economical 225-cubic-inch six-cylinder to a new special high performance 440-cubic-inch, six-barrel engine option for Sport Fury GT.

Plymouth's very popular 16-car intermediate line, which includes Belvedere, Satellite Sport Satellite, Road Runner, and GTX, receives exerior and interior improvements, and more optional equipment.

Plymouth's mid-size performance models, Road Runner and GTX, introduce even more innovative options to satisfy the very special interests of the growing legions of performance enthusiasts. The front ends on intermediates are restyled new grilles, hoods, and fenders. The rear ends have been restyled and the body side appearance is new from the beltline down.

Road Runner and GTX introduce a new very powerful engine option. First introduced in mid-1969 on a limited basis only, the new 440-cubic-inch, six-barrel high compression engine, rated at 390 horsepower, is available as a regular 1970 option.

They Plymouth compact line-up for 1970 features two new entries.

Joining the economy champ Valiant four-door sedan is a new racy-looking two-door coupe — the Duster — and an attractively priced new performance competitor — the Duster 340 — to bring to three the number of compacts to choose from.

The specialty-performance Barracuda is completely new, totally different for 1970, from front to rear, from the roof to the tires.

This sporty new body is entirely different from Plymouth's compacts and includes two-door, four-passenger models in hardtop and convertible body styles.

Six models in three distinct lines of the Barracuda are offered. They are the basic Barracuda, and two personalized versions — the luxury-oriented Gran Coupe, and the 'Cuda, a true high performance series with five high output engine choices.

Exterior styling on all three lines of Barracuda is bold and sleek with long hoods and short decks, minimum over all height, and steeply raked windshields.

Barracuda and Barracuda Gran Coupe offer the 225 six-cylinder and 318 cubic-inch V-8 as the standard power plants. Optional engines are the 383 cubic-inch two-barrel and the 383 four-barrel V-8.

PASO Raps Rotarians

EDINBURG, Tex. (AP)—The Political Association of Spanish-speaking Organizations (PASO) has new state officers today and resolutions condemning the city of Edinburg and its police chief.

Delegates to the state PASO convention in Edinburg walked out of their hotel Sunday after Police Chief A. C. Gonzalez refused to accept a complaint against the local Rotary Club.

Delegates said the Rotarians ejected them from a party which PASO members thought was part of the state convention.

Members of the Mexican-American organization ended the convention on the hotel lawn by electing Bexar County Commissioer Albert Pena as state chairman. Jesse Sandoval of Fort Worth and Joe Kennard of El Paso were elected vice chairmen.

Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN

(© 1969: by The Chicago Tribune)

ANSWERS TO BRIDGE QUIZ

Q. 1—Neither vulnerable, as South you hold:

♠9 6 2 ♡K 10 ◇A 9 5 3 ♣Q 10 8 2

The bidding has proceeded:

North	East	South	West
1 ◇	Pass	2 ◇	Pass
3 ◇	Pass	?	

What do you bid now?

A.—A bid of three trump strikes us as a reasonable gamble. Having protection in three suits and a maximum raise, you should be willing to risk the spade suit in the quest for the shortest road to game.

Q. 2—Both vulnerable, as South you hold:

♠J 10 6 ♡K 10 8 5 4 ◇Q 6 2 ♣9 5

The bidding has proceeded:

West	North	East	South
1 ♣	Dbl.	Pass	1 ♡
Pass	1 NT	Pass	?

What do you bid now?

A.—Our vote is for a raise to two no trump. While normally such a raise denotes a holding of eight points [or seven points with a five card suit], we choose to raise with a point less than is normally prescribed because a take-out double followed by a bid of one no trump will usually indicate a hand that is slightly better than an ordinary one no trump overcall.

Q. 3—Both vulnerable, as South you hold:

♠K 9 7 ♡A J 6 4 2 ◇K 10 3 ♣7 4

The bidding has proceeded:

North	East	South	West
1 ♣	Pass	1 ♡	Pass
1 ♠	Pass	?	

What do you bid now?

A.—This hand is just a shade too good for a rebid of one no trump, and yet it is not quite strong enough for a jump to two no trump, which is forcing to game. We suggest a raise to two spades, the normally we avoid this with only three trumps when partner presumably has a four card suit. If partner rebids, we will then try three no trump on the next round.

Q. 4—As South, vulnerable, you hold:

♠A 9 8 ♡A 10 7 5 4 ◇J ♣A Q 10 2

The bidding has proceeded:

North	East	South	West
1 ♠	Pass	2 ♡	3 ◇
Pass	Pass	?	

What do you bid?

A.—In order to determine the best final contract, a temporizing bid is in order and the suggested call is four clubs. If partner responds four diamonds, the partnership will be in a position to choose the best game. If partner turns to four hearts, a further try may be made, if you feel so inclined, in the form of a four spade bid. This will describe a strong hand with a singleton diamond.

Q. 5—As South, vulnerable, you hold:

♠A K Q J 9 5 2 ♡4 ◇A K Q J ♣7

The bidding has proceeded:

East	South
1 ♡	?

What do you bid?

A.—Your first duty is to make a bid which is forcing a game. The only one available is a cue bid of two hearts. Regardless of partner's response, you will then embark on a Blackwood bid to determine the number of aces he holds. An immediate four no trump call might be misunderstood.

Q. 6—Both sides vulnerable. You are South, and hold:

♠K Q 10 6 2 ♡7 ◇A K 5 3 ♣J 9 7

The bidding has proceeded:

North	East	South
1 ♡	2 ♣	?

What do you bid?

A.—Double. You should be able to take at least four tricks against a club contract, which with partner's expected three, will come to a 800 point penalty. With no sign of a fit, you should resist the temptation to bid two spades.

Q. 7—Neither vulnerable, as South you hold:

♠5 4 3 ♡Q J 9 8 6 2 ◇10 2 ♣9 5

The bidding has proceeded:

North	East	South	West
2 ◇	Pass	2 NT	Pass
3 NT	Pass	?	

What do you bid now?

A.—Partner has a powerful hand with values distributed in all suits. You may be sure, therefore, that he has some reasonably good heart support, and the proper bid is four hearts. A no trump contract might not work out well if the enemy is able to shut you out of your heart suit.

Q. 8—As South you hold:

♠K Q 8 5 ♡5 ◇A 9 8 6 ♣K Q 4 3

The bidding has proceeded:

East	South	West	North
1 ♡	Dbl.	Pass	Pass
Pass			

What is your opening lead?

A.—The opening lead of a trump is clearly indicated. Your partner by leaving in the double has predicted that your side will win more tricks with hearts as trump than will the opponents. It is, therefore, important not to permit declarer to win tricks with any of his low trumps, and the ruffing process must be started at once.

Leaders Named

BROWNWOOD, Tex. (AP) — Mrs. A. C. Keeton and Dr. Bryce Reed are co-chairmen of a policy advisory committee for the local Head Start Program. Both were named at a Tuesday meeting.

YMCA

A CHOICE OR A MUST?

BIG SPRING, Tex. — Horse and buggy reading methods are no longer sufficent to keep pace in today's space age, according to Dr. Cecil Mullins, inventor of Optimation.

The Optimation method has been producing reading speeds of several thousand words per minute for over ten years and has drawn praises and comments from educators and businessmen in every state of the union and many foreign countries. During recent years Optimation has developed to the point where it offers a written money-back guarantee of 1000 words per minute and one book an hour to each of its students.

"One of the secrets of our success," said Dr. Mullins, "is that we are firmly committed to the principles that learning proceeds best, only when the students are enjoying themselves. In our classes most of the students have a ball from beginning to end—and along the way, they become the best readers anywhere."

Optimation students average 2,500 - 5,000 words per minute after the course as compared to about 200 words per minute before the course.

There are many reports from teachers, doctors, lawyers, and other business and professional men who find that each day has progressively more reading to be done and fewer minutes to do it.

"I know the results sound incredible," Dr. Mullins said, "but we have a standing offer wherever Optimation is taught for anyone who is undecided to come to our first meeting free of any obigation, to see for himself what the course will be like. And our guarantee is absolutely firm."

TRAFFIC ACCIDENTS KILL 21 PERSONS

Texas Violence Tabulation

By The Associated Press

Led by fatal motor vehicle mishaps, violence took 32 lives in Texas over the last weekend of the summer season.

Traffic crashes killed 21 persons, shootings 8 others and miscellaneous violence took 3 more lives.

The Associated Press weekend death tabulation began at 6 p.m. Friday and continued until midnight Sunday.

CAR FLIPS

Jim Hooks, 50, of Abilene was killed and his wife, Annie, 51, was injured Sunday when their car overturned on U.S. 84 just east of Mullins in Mills County.

Talmadge Michael Scott, 17, of Arlington died Saundy when he was struck by an automobile while riding a motor scooter a few miles southeast of Waxahachie.

James E. Howell, 71, and his wife, Ethyl, 64, were killed Sunday in a two-car, head-on crash a half mile south of Edcouch on Farm Road 1015.

A two-car crash Friday night near Ore City in Northeast Texas killed Mrs. Beulah Geers, 45, of Dallas and Joe Lee Jones, 16, of Ore City.

SHOOTINGS

Ramon Flewellin, 9, of LaMarque died Friday night in a two-car collision on Texas 6 near LaMarque.

Pistol shots Friday night outside a Houston residence killed Melvin D. Gibbs, 30, of Houston.

Anza Columbus Tipps, 37, of Dallas suffered fatal injuries Saturday when his automobile struck a tree in Dallas.

A two-car crash in Dallas Saturday took the lives of Lloyd Henry Jackson, 22, and Henry Anderson, 25, both of Dallas.

C. L. Malone, 35, of Dallas was shot to death Friday night on a Dallas street.

A shooting at a Grand Prairie residence Friday night killed Leroy Wells, 43, of Grand Prairie.

Army Spec. 4 Harold E. Jones, 21, of Handsboro, Miss., died in a one-car crash Saturday on Texas 317 near McGregor. Jones was stationed at Fort Hood.

ONE-CAR MISHAP

A one-car mishap Saturday near Queen City in Northeast Texas claimed the life of Welton Mitchell, 41, of Atlanta, Tex.

Anna Johnson, 19, was killed Friday night in Lubbock by a blast from a shotgun.

A pickup truck overturned Saturday on rain-slick U.S. 281 north of Edinburg, killing Jack N. Weddingen, 51, of San Antonio.

Leon Davis of Loop was killed Saturday in a two-vehicle head-on collision 27 miles north of Seminole at Texas 83 and Farm Road 303.

Carl Chapman, a Dallas apartment house maintenance man, was found shot to death Saturday by a friend who had left her dog with him for protection.

Johnny Hedley, 18 months old, received fatal injuries Saturday night when struck by a car backing out of a Corpus Christi driveway.

DROWNING

A drowning Saturday in a tributary of Benbrook Lake in Fort Worth claimed the life of Ronald Rex Gaultney, 24, of Fort Worth.

Joe McCain, 38, of Houston suffered fatal pistol wounds Saturday night in a Houston residence.

Leslie Lee Cordell, 27, of Austin was stabbed to death Saturday night in an Austin tavern.

A Beaumont resident, Mrs. Melva Johnson Low, 26, was killed Sunday in a two-car smashup on Texas 87 near Galveston.

Francisco Delgado, 20, and Luis Rueda, 17, both of El Paso, were killed Saturday night on El Paso's east side when their car slammed into a culvert.

DEAD ON ARRIVAL

Karl Chapman, 34, of Dallas was fatally wounded Saturday night in a Dallas residence.

A one-car crash Sunday on an Amarillo street killed Jamie Flores, 21.

Jesus Castillo, 52, of Dallas was dead on arrival at a hospital Sunday after he apparently was struck by a motor vehicle on a Dallas freeway.

Lloyd Joe Thomas, 24, of Houston suffered fatal pistol wounds Sunday outside a Houston restaurant.

Alfred Monroe Lawson, 26, of Garland was killed Sunday when he drove his automobile into a tree off Interstate 20 near Longview.

Pope Takes Aim At Mutual Fear

CASTEL GANDOLFO, Italy (AP) — Pope Paul VI says the world is suffering "from an instable balance still based on the arms race and on mutual fear."

In his regular Sunday speech to a crowd at his summer residence, he added:

"There are international legislations and organizations which promote peace with high and noble sentiments. We must support this huge effort of civilization. We must share it as our ideal and as our program of life."

'SOME BAD FEELING'

Waco Sailor Killed Following Shooting

SAIGON (AP) — An American sailor was killed—apparently by a South Vietnamese paratrooper—when he tried to flag down a convoy following a shooting involving American vehicles, military sources said today.

U.S. Navy spokesmen said the incident occurred Sept. 8 in Go Dau Ha, a key district town near the Cambodian border in Tay Ninh province 35 miles northwest of Saigon. They said South Vietnamese officials are investigating.

Sources at Tay Ninh reported "some bad feeling" among American troops there as a result of the third reported killing of Americans by a South Vietnamese soldier in 2½ months.

The Navy said the latest victim was EM 1C. Carl L. Meier, 20, of Waco, Tex., a member of the Riverine Task Force based at Go Dau Ha.

Former Public Enemy Thanked

TORONTO (AP) — Frank Sawyer, who served 37 years for a Kansas bank robbery he did not commit, thanked Alvin Karpis, former U.S. public enemy No. 1, Sunday for getting him out of prison.

"It took a man to do it and there'll always be a special place in my heart for you," the 70-year-old Sawyer told Karpis.

Karpis, 61, recently was released on parole after serving 33 years in the United States for various crimes. Before leaving for his native Canada, he made a statement that he and five other men were responsible for the bank robbery of which Sawyer was convicted.

Sawyer was pardoned last Wednesday by Gov. Robert Docking of Kansas.

Royal Couple Visits Exhibit

TOKYO (AP) — Britain's Princess Margaret and her husband, Lord Snowdon, visited an exhibition of sculpture by countryman Henry Moore Monday and had luncheon with Emperior Hirihito and Empress Nagako.

The royal couple are on a state visit intended to boost England's prestige and exports.

WOMEN OFTEN HAVE BLADDER IRRITATION

Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenseness and nervousness from frequent, burning, itching urination. Secondarily, you may lose sleep and have Headaches, Backaches and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing germs in acid urine, and easing pain. Get CYSTEX at druggists today.

Plymouth CHRYSLER

Here's 1970.

Plymouth makes it ♡

1970 Hemi-'Cuda.

This year, there are 10 new Barracudas. And we've changed the looks substantially. (We've packed a 426 Hemi engine under a "Shaker" hood on one of them and called it the Hemi-'Cuda.)

However you look at it, our Barracuda is all-new. We've moved it two inches closer to the ground. Pushed the wheels farther apart on our standard torsion-bar suspension. Put a tough optional bumper on the front that comes in most paint colors. And given the interior the design and comfort of a jet cockpit.

If you want a car that makes it . . . Plymouth makes it.

1970 Sport Fury Brougham.

Here's our luxury model. (One of 28 Fury models with a new wide stance.) It's big enough inside to carry six adults in comfort. It's plush. But the price is still Plymouth. With a front seat that has individual adjustments for the driver and passenger, center armrests, and a reclining back on the passenger's side.

Of course, the carpeting is thick, the headlights are hidden, and the price is still Plymouth.

Whether you like your luxury in small packages, or as big as a 1970 Sport Fury . . . Plymouth makes it.

If you want a car that makes it, visit your Plymouth dealer's today.

DEWEY RAY, INC. • 1607 E. Third

A Devotion For Today . . .

"Fear not . . .; you are of more value than many sparrows." (Matthew 10:31, RSV)

PRAYER: Our heavenly Father, we need Your presence with us in these times. Even when life is bitter and hard, help us to remember that You are with us always, even to the end of the world. In Christ's name. Amen.

(From the 'Upper Room')

How Many More Warnings?

The lesson dramatized by the Indiana mid-air plane collision which took 83 lives is inescapable: Efforts to equip commercial airliners with effective warning and evasive-action devices must be stepped up. Some progress has been made along these lines, but it has been deplorably slow.

This stricture is not intended to imply that airline and federal officials have been indifferent to the problem. The fact remains that it is a problem which has been recognized as urgent for considerably more than a decade. It first attracted widespread attention as long ago as 1956, when 128 persons died in the collision of two passenger planes above the Grand Canyon.

The worst aviation disaster in our history occurred in 1960: Two planes smashed together over New York City, and 134 lives were lost. For purposes of comparison, let it be noted that the years since that disaster have witnessed the prefection of the vast complex of Project Apollo equipment that lofted men to the moon. Is it less important to devise means of preventing mid-air collisions, and at very least to equip all commercial passenger planes with such devices?

The Indiana tragedy is a reminder that this task should be assigned a high priority, and pushed to completion. How many more such reminders must there be before this is done?

New Basis For Ministates

If the United Nations is to continue as a viable world organization, it must soon make a sensible decision on the problem of membership for ministates.

There are now about half a hundred of these ministates, in being or in prospect. They are the bits and pieces of once great colonial empires, all with less than 100,000 population and including many isolated islands, that are likely to seek the prestige of U.N. membership to underline their new status of national independence, as well as gain U.S. benefits.

Most of them cannot afford even the small cost of regular U.S. membership (minumum $57,000 annual assessment and representation expenses of at least $100,000). They do need U.S. affiliation, for protection and other benefits, but it would be ridiculous for them to have a vote in the General Assembly of equal weight with those of the major nations.

Sec.-Gen. U Thant raised this issue several years ago, but none of the U.N. members, particularly the former colonial powers, considered it expedient to pursue it. Finally, however, the United States has accepted the responsibility of trying to work out a satisfactory solution.

The U.S. proposal is that the ministates be accorded an associate membership status that would give them a voice but not a vote in U.S. affairs and that would afford them the benefits of U.N. affiliation without imposing its costs. That is a sound proposal, in the best interests of both the ministates and the world organization, and the other U.N. members should move quickly to its support.

STAND BY FOR INSPECTION

David Lawrence

How A Senate Leader Operates

WASHINGTON — With all the talk about who shall be named the minority leader in the Senate to succeed the late Everett Dirksen, relatively little is said generally about the job itself.

What, for instance, does a party leader in Congress do? If he and the President are of the same party, must the elected leader bow to the wishes of the administration and act virtually as a lobbyist for measures it wants to see adopted? Or is a Senate leader really confronted with a task that involves far more — namely, to advance the party program in the Senate by lining up votes and getting acceptable compromises, and to attend leadership meetings at the White House, at which he reports to the President the mood of the lawmakers, and then to carry back to the Senators, often confidentially, the wishes of the chief executive?

THERE ARE EVEN more important duties for a minority leader. He must work with the majority leader on scheduled legislation and try to arrange agreements that will expedite the passage of laws deemed to be in the public interest.

Some bills, of course, develop partisan opposition. But most of the measures are nonpartisan in character. How, therefore, must a leader, either of the majority or the minority, operate in the Senate? An informative description of what a Senate leader has to do was given by the then Majority Leader Lyndon Johnson in an interview in "U.S. News & World Report" on June 27, 1960 — prior to his nomination for the vice presidency that year. An excerpt follows:

"Q. DON'T YOU have to know more, really, about the different bills and pieces of legislation than almost any other man in the Senate?

"A. A good leader should not only know more about the workings of the committee and how the members arrived at the content of the bill as finally recommended, but he must also know the problems of each individual state and the temperament of each individual senator . . .

"Q. Do you do a lot of studying, then?

"A. QUITE A LOT. For each bill that is reported, we have a written report to analyze . . .

"Q. What is your daily relationship with Senator Dirksen, the minority leader, for example?

"A. Well, after I evaluate the bills on the calendar I ask him to make his recommendations. When I walk into the chamber every morning, he puts on my desk a memorandum stating what he thinks about each bill and what his policy group thinks and what his colleagues think — 'this will be trouble,' 'this will be long debate,' 'this will have relatively little opposition,' and so forth. And he marks the bills on the calendar in blue pencil. I evaluate mine and mark my calendar in red pencil. Then we exchange calendars.

"WE HAVE every bill that has been introduced and been considered by a committee evaluated in red and blue, and he knows my opinion and I know his opinion. I would say we spend a third or a fourth of every hour during the legislative day talking to each other and either trying to reach an agreement or to ascertain the points upon which agreement is not possible."

WHO IS BEST qualified to be a leader? Offhand, it might be said that the person best qualified is someone who has had a great deal of experience in the Senate and with a variety of pieces of legislation. But the personality of the leader has much to do with his effectiveness. Does he know how to listen to another man's point of view? Is he able to work out a compromise that still will meet many of the objectives of an administration's proposed legislation? Some leaders have been highly successful while others have not been as helpful for their respective parties.

Billy Graham

When I married I was a Christian, but my husband was not. Do you think that God would have allowed me to fall in love with him if He hadn't wanted me to marry him? K.G.

Falling in love is sometimes a biological matter. Boy meets girl, animal magnetism goes to work, they are attracted to each other, and they get married. Not all marriages are the result of careful prayer and seeking the will of God. If more were, there would be more successful marriages.

Next to one's relationship to God, marriage is the most important and meaningful relationship of life. Because many young people marry for emotional reasons only, and fail too often to seek the counsel of those who love them, and more important, the counsel of God, the divorce problem has become one of the greatest problems we face today.

I seriously doubt if you sought the will of God when you married this boy. And since you did not, would it not be unfair to blame God for the problems you have encountered?

But, although it is too late to do anything about your marriage, the whole picture can be improved if you fully commit your life to Christ, and so live before your husband, that he will see that Christ's way is best. Accept this as a challenge. You were determined to get married, now be just as determined to make your marriage work, and to let your home be transformed into a Christian home.

John Cunniff

Insurers Eye Campus Disorders

NEW YORK (AP) — Insured losses from riots and civil disorders are down sharply this year but a shift in damage claims from the core cities to the campuses has many insurance men unnerved as the new school year begins.

A compilation by the American Insurance Association shows that campus disorders for the first eight months of this year accounted for more than 50 per cent of all insured losses from civil disorders. In 1968 the percentage was less than two.

Insured losses from all disorders through August 31 totaled $14,972,802, down sharply from more than $80 million for all of 1968, when urban riots after the shooting of Dr. Martin Luther King sent claims skyrocketing.

As significant as the drop, however, was the shift in origin.

In 1968, insurers paid out less than $1 million as a result of campus troubles. Of this year's total, some $8,946,972 resulted from campus strife.

With the school year just beginning, and with campus rumblings suggesting that explosions could erupt, the insurers were described by one industry source as being greatly concerned.

Insurers note also that their payments do not give a complete financial picture of destruction, for not all losses are insured. In the Detroit riots of 1967, losses came to $64 million, but only $41 million of that was insured.

This year's figures also bound to rise considerably for two reasons:

1. Civil disorders this month in Hartford, Conn., and Fort Lauderdale, Fla., are not included. And few insurers believe that the remaining months of this year will be free of troubles either in the cities or on campuses.

2. The totals for the first eight months have been verified for only 122 cities and the District of Columbia, although damage claims are expected from 252 cities, the District and Puerto Rico.

In some instances, insurers state, university officials publicly underestimate damage, their intention being to avoid adding to existing tensions, but then file sizable damage claims.

The heaviest campus damage, about $2.7 million, was at Indiana State University in Bloomington. Fires broke out in the graduate library building during disorders in February and May, and damage also was inflicted on a reserve officers' building.

Of those states hit by disorders, damage was least in Georgia and Mississippi. In both states campus strife caused insured losses of about $500.

Losses in California from all disorders totaled $1,633,290 and were spread over 14 cities. Campus discord accounted for all but $50,700 of that total, with heaviest damage being at San Francisco State College ($750,000) and the University of California at Berkeley ($520,000).

In New York, disorder losses totaled $648,500 for the first eight months, of which $600,000 was attributable to riots last spring on campuses of the City College, New York University, Brooklyn College and several high schools.

Heavy campus damage also was sustained in Ohio, Missouri, Wisconsin and Tennessee.

Total insured damage at schools totaled $873,400 in Ohio, of which $500,000 resulted from fires and vandalism at Clearview High School in Lorain.

Insurers settled for damages of $648,000 at Lincoln University in Jefferson City, Mo., $305,300 at the University of Wisconsin in Madison, and $230,000 at Lane College, Jackson, Tenn.

Hal Boyle

Families Are Smaller

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Most people dream about 20 per cent of the time they are asleep.

Reflecting a falling birth rate, the size of the average American household is slowly decreasing. It dropped from 3.67 persons in 1940 to 3.19 this year.

Low-back pain, which can have 100 or more causes, is a chronic complaint of the middle-aged and the elderly. A report to a Midwest medical society said many patients had been relieved of their symptoms simply by taking regular exercises and losing 10 pounds of weight.

Historical anomaly: Slavery was a leading cause of the Civil War, but not one Southerner in 10 owned a slave. Robert E. Lee, the Confederate military leader, detested the institution of slavery; Gen. U.S. Grant, the victorious Northern commander, had owned a slave before the war but set him free.

Quotable notables: "It is not true that life is one damn thing after another—it's one damn thing over and over."—Edna St. Vincent Millay.

Popular and potent: Aspirin is thought by many to be the most commonly used drug. Actually, however, if you drank a toast to the drug that is taken more often and by more people than any other drug in the world, that drug itself would be in the toast you drank—alcohol.

Your age may make a difference in the kind of automobile accident you are likeliest to figure in. Drivers under 25 are involved most frequently in accidents caused by speeding, driving on the wrong side of the road, and using faulty equipment. Drivers over 65 are more likely to be in accidents caused by failure to give the right of way, improper turning, and ignoring stop signs.

Worth remembering: "Consider how hard it is to change yourself and you'll understand what little chance you have trying to change others."

Absent-minded: Squirrels would be fatter if they could take memory courses. These industrious rodents may hide up to 20 bushels of food each against the winter, but by spring the forgetful little rascals usually have managed to find and dig up only a tenth of their caches.

To Your Good Health

It's Just Air–But Dangerous

By G. C. THOSTESON, M.D.

An item in this column about compressed air hoses, as used in shops and factories, has brought me information from a variety of sources which is of grave importance.

Compressed air can be dangerous, even to the point of death.

A blast of air at 40 pounds per square inch can rupture an ear drum at a distance of four inches; worse yet, it can cuase a brain hemorrhage and be fatal.

At 40 pounds, such an air jet can drive metal chips and other debris at speeds of 70 miles an hour.

Such an air jet, directed into the mouth, can rupture lungs and intestine. Aimed at the eyes it can cause blindness. An official warning from provincial authorities in Alberta adds that it has been estimated that as little as four pounds of pressure can rupture the bowel.

Directed against the skin, compressed air can damage the tissues so as to resemble a burn — quite apart from any dirt, fragments, or chips that can be driven into the flesh.

Safety goggles should always be worn when using compressed air, but the danger is to more than just the eyes.

Apart from the hazards of not using an air hose with due precaution, there are two other dangerous practices.

One is using air for the wrong thing. There is a temptation, it seems, to use an air jet to blow dust and dirt out of the hair, or clothing.

Safety authorities warn flatly that this should never be done. Danger of ruining ears or eyes is obvious, but there is a further danger. If there is even a slight scratch or puncture of the skin, air can be driven into the flesh causing swelling and agonizing pain. And perhaps bubbles of air in blood vessels.

But perhaps the worst damage — and certainly the most inexcusable — is from horseplay. It is sheer stupidity for a so-called prankster to turn an air hose onto a fellow worker or fellow student, but I have been told by more than one source that this happens, and has not only maimed but killed some victims.

• • •

Diverticulosis is a bulge in the digestive tract. To become more familiar with the subject, write in care of The Herald for my booklet, "Don't Let Diverticulosis Throw You," enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Around The Rim

Today's School An Awesome Thing

Back in the middle ages, when I piled up enough good time to graduate from high school, I hit for the nearest exit whistling a happy tune after stumbling down the aisle to clutch my diploma.

As any parent with school-age children knows, however, the paper granted me was a parole, not a full pardon.

We bring home more work than we ever did when I was reporting for the 8:30-to-4:30 jolt and some of the questions on which I am asked to counsel would baffle Einstein.

I AM INTRODUCED to teachers, some of whom I am shocked to find are out of the sophomore class. And school marms and school masters are pointed out in crowds in hushed and revered tones.

I only wish I could inspire that much awe. I feel rather useless coexisting with such a system until those times when I am asked to ante up $3 for school supplies or $7.50 needed to provide a costume for a classroom skit.

More and more, I find this "free public school" plan devised by our antecedents needs regular subsidies from outside sources.

• • •

EVERYTIME I heard a public official arise before a group of people and quote from a prepared text showing that our salaries are lower than theirs" or "our people are lucky because our tax rate is not as high as theirs," I get this sinking feeling in the pit of my stomach. The householders of the community, I've learned, are being prepared for a new level of taxation.

And when the tax rates change, my fellow pigeon, they never go down.

• • •

ALMOST a hundred years in the past, an American of sound mind and perhaps an appreciation for humor hit upon a scheme he said was bound to profit him $10,000 a day.

He would start a cat ranch, he said, and each cat, in time, would average 12 kittens a year. The cat skins would sell for 30 cents each. A hundred men, the figure filbert pointed out, could skin 5,000 cats a day.

HOW WOULD the cats be fed, he was asked? No problem. He would start a ranch of mice next door, an enclave capable of supplying a million mice. The rodents, the fellow with the built-in adding machine insisted, would breed 12 times as fast as the cats. For that reason, each cat would be fed four mice a day.

And how would he feeds the rats? On the carcasses of the cats after they had been skinned.

His explanation was very simple Said he:

"We feed the rats to the cats and the cats to the rats, and get the skins for nothing."

Maybe the dogs objected.

TOMMY HART

Holmes Alexander

The Most Important Statistic

WASHINGTON — It's very rare in Washington when officials "tell it like it is." The cliche is an imposter-gag. Officials don't often lie, but they nearly always talk shop. On the big topic, which is the Vietnam War, you get one line from the Defense Department and another line from the State Department. It's like the blind men of the fable who described the animal by feel. You get partial truth, not whole truth, and your own reconstruction process is subject to personal bias.

THE MOST sensitive sub-subject within the topic of the war is that of U.S. casualties. The weekly kill-rate of American boys is assessed from one angle at the Pentagon, from another angle at Foggy Bottom, from still a third angle by any individual who writes about it.

Pentagon officialdom, whether military or civilian, isn't very weepy about battlefield losses. The kill-rate in GI's, in armed forces aviators and seamen, is an expenditure. In the business of warfare, mortality is economics and not tragedy.

WAS THIS expenditure in deaths a good buy? Was that one wasteful? A good buy in American combat deaths is judged by the results. If we lose 200 boys in a week, and kill 20,000 Reds while frustrating a Communist attack, the cash register rings up a small gain. But if we fight for five years, lose 35,000 lives, kill 500,000 enemy and still are not allowed to win the war, that's regarded by military spokesmen as a profligate, callous boondoggle, not the fault of the Defense Department, but probably of the State Department.

STATE DEPARTMENT officials, speaking off-record to newsmen, look with horror at the kill-rate on Americans, but not, I think, any more humanely than the DOD does. What horrifies the diplomats is not the loss of fighting men, but the risk of public patience and support. If the weekly casualty score shows less than 200 killed in battle, the professional reaction at State (I don't mean individual reaction, for these individuals often have sons at the front) is that some more time has been bought — time to see their policies crowned with eventual success.

SO LONG AS the weekly kill-rate stays around 200, and doesn't jump to 300 or 400, the public credibility in State Department judgment is thought to be temporarily intact. Maybe tomorrow the eyeball-to-eyeball confrontation at Hanoi or Paris will result in a blink by the other side. Maybe the bomb-pause, the withdrawal of troops, the observation of a brief ceasefire was the right move. Maybe that long-ago foreign policy decision — Vietnam is vital to American interests — will become justified.

THE DEFENSE Department looks upon the short one-year tour of duty in Vietnam as bad economics. The State Department looks upon it as all the traffic in the mart of public opinion will bear. It is militarily wasteful to send a rookie on a veteran's mission. Inexperience in battle is costly. But it's diplomatically necessary to risk the rookie, for his father and mother and himself believe that one year in combat is less dangerous than two years. This probably isn't true, but it's diplomatically better to maintain the myth than to risk an outburst of public intolerance.

THIS ONE FACT is common in every Washington discussion of the war. The weekly casualty rate is the most important statistic on the board today. What is its buying power in victory, peace or settlement? Mr. Nixon must very soon give an accounting.

(Distributed by McNaught Syndicate, Inc.)

Burleson Reports

Prudence In Matters Of Survival

By OMAR BURLESON, M.C.
17th DISTRICT, TEXAS

WASHINGTON, D.C. — Just 20 years ago, the then Secretary of Defense Louis Johnson, acting on his own initiative, and in face of strong opposition from Congress, made severe cuts in military preparedness. The strength, balance and capability of our armed services were seriously and dangerously impaired. The same thing is happening today — except in reverse.

THIS TIME, because of pressure for more social welfare spending, the Congress is clamping down on funds for the military. Defense Secretary Melvin Laird says this will result in "an inevitable weakening of our world-wide military posture."

By the actions of the Congress, over a billion dollars has already been processed from current expenditures. More than three billion dollars is being pared from the 1970 budget request. Specificially applied, this means the mothballing of at least 100 Navy ships; a reduction of about 300,000 flying hours a year from flight training by the Air Force; the inactivation of at least one infantry division; a shave of 120,000 men in manpower general forces and another 100,000 men in the services. The secretary of defense implies that it may be necessary to close some military bases on a 48-hour notice to Congress before public announcement.

THE REDUCTION in our armed forces, decreed in 1949, left us essentially naked to the whims of our enemies at the outset of the Korean war. There is evidence that weakness at that time may have encouraged the North Koreans to launch their invasion of the South. Indeed, there is sufficient rationale to support the belief that the Germans of World War I were led to believe the U.S. would not intervene, just as Hitler thought we would hold aloof from World War II.

Recently meeting in annual conventions were the Veterans of Foreign Wars and the American Legion. The attendance totaled approximately 90,000 veterans. Resolutions were written by men who have come home from war to do the things that silent Americans want most — to finish their education, get jobs, buy homes, raise families and fervently hope their sons and daughters can grow up in a World where wars are only memories.

OUT OF THESE meetings they spoke vehemently against attempts to reduce the Nation's military effectiveness because the history of their time has taught them that aggressors respect only force; that appeasement and weakness are only a prologue to new aggression. The resolutions speak out in anger against a minority of dissenters who ridicule their Flag, their institutions, their laws and the educational system they want for their children.

The voices of these veterans are saying to America that internal dissension is a gross disservice to our country; that it cannot be saved by international weakness nor by risking the future of our children to the whims of foreign nations which choose to remain strong while we liquidate our security.

AS HAS BEEN said here many times, waste and extravagance of public funds cannot be excused on any grounds. Perhaps there are too many generals, admirals and other high-ranking retired military officers in procurement positions with big industries having gvernment contracts. They know "the ropes" and presumably are able to work advantages for their companies. A stop should be put to practices of loose spending by government, wherever it is. It is entirely another thing when expediency overrules a nation's prudence in matters of survival.

Editorials And Opinions
The Big Spring Herald
2-B Big Spring (Texas) Herald, Monday, Sept. 22, 1969

(AP WIREPHOTO)

SCREAMING HIPPIE — Police carry a screaming hippie to paddy wagon as hundreds of young people tangled with police during "a major disturbance" in Piedmont Park in Atlanta, Ga., Sunday at a music festival. More than 100 policemen had to use tear gas to break up the disturbance.

British Police Oust Hippies

LONDON (AP) — Police evicted a band of hippies Sunday from the vacant 100-room mansion near Buckingham Palace they had occupied for a week, but the youths said they planned more sit-ins in London and other cities to draw attention to the needs of homeless people.

"We aim to have so many squats the High Courts will be flooded with orders to get us out," said Gabriel Elmi. "We are prepared to go to prison but there are not enough prisons to hold us."

An estimated 400 youths had filled the house in defiance of authorities for six days. Police said they took 100 persons to headquarters. Thirty of them including three juveniles, were held for a hearing on charges of assault, threatening behavior, theft and possessing drugs.

Among the 42 juveniles taken from the house were 22 girls under the age of 17. Most of them were picked up by parents who had reported them missing.

The battle of No. 144 Piccadilly—the house is at the Hyde Park corner end of the street leading to the hippie gathering place at Piccadilly Circus—began Saturday night when gangs of youths called "skinheads" started fighting with the hippies.

The "skinheads" wear their hair very short, dress in sober dark suits and look for fights. They react violently against anything they consider "flash" —long hair, flowers and bright colors. Hippies are a natural target.

After the trouble Saturday night, police apparently decided they had to drive the hippies from the building to avoid further disturbances.

After a senior police officer blew a whistle, 80 policemen rushed the building Sunday morning and three minutes later had emptied it.

The squatters pelted them with roof tiles and heavy plastic balls. Police took three dogs trained to smell out drugs into the building. The police said they found some drugs and a number of weapons, including a gasoline bomb.

A Scotland Yard spokesman said later: "The building is undoubtedly defaced and damaged to a considerable extent."

A development company has a lease on the site and plans to put up a hotel.

Officers Give 533 Tickets

The traffic division of the police department issued 533 violation tickets during August, according to the monthly report. Of those, 240 were for moving violations, 69 for driving license, 25 for mechanical, 20 for hazardous parking, 29 for other traffic arrests, and 150 warnings.

There were 118 accidents during the month, with an estimated $51,008 damage being done to vehicles. Nineteen were arrested for driving while intoxicated.

There were $6,715 levied in fines in corporation court, with $130 paid on warrants and $15 on overtime parking. A $10 case was continued and $270 was pending from July.

Cash receips totaled $4,648 for the month and jail layouts $1,932; $125 was paid on previous pending and $110 laid out.

Military Spending Due Fast House Floor Test

WASHINGTON (AP) — House Armed Services Committee Chairman L. Mendel Rivers says he expects to have the $20 billion defense spending bill just passed by the Senate on the House floor next week.

Rivers, D-S.C., said he expects to get the mammoth authorization for military hardware including the Safeguard antimissile system out of his committee in three days.

If he succeeds, he'll have it on the floor while House military spending critics are still trying to organize their assault.

Senate critics managed to cut only $79.6 million off the $20 billion authorization before approving it last week after six weeks of debate. Rivers said the House bill will be for $21.347 billion, an addition of $1.4 billion tacked on by Rivers for ships.

"I'm not going to compete with the Senate," he said in an interview. "I'm going to tell the House what I think this country needs and let it vote it up or down."

Most House critics doubt they will succeed in cutting the bill either in the Armed Services Committee or on the floor.

"I'm optimistic we're going to do better than we've ever done before," said Rep. Lucien N. Nedzi, D-Mich., a military spending critic. "But the temper of the House is not to overturn the committee's work."

Nedzi's optimism is not that critics will make any cuts in the 435-member House but that they will muster some 100 votes "which is five times what you usually get against a military system in the House."

Health Unit Checks 95

The monthly report of the Big Spring-Howard County Health Unit showed a busy month in August.

It conducted 38 food inspections with one major improvement being made; 38 general sanitation inspections with 33 corrections made, 19 vector control inspections with 12 corrections; and it held 55 conferences on santitation and 48 on food.

The nurse treated 475 persons at the Tuesday clinic, three at the V. D. Clinic, two for chronic diseases, 10 for TB control, 14 for dental heath, five for child health, and 51 for child care services.

The Health Unit also inspected 539 residences during the month, issuing 49 tags, and 14 lots; two complaints were filed in regard to these latter. Thirty-two weekly inspections were made of the 11 Big Spring drive-ins.

More Water Is Pumped

The city utilities department's monthly report showed a daily average of 2,541,000 gallons of sewage was treated at the plant during August; 4,851,000 gallons of the total 78,785,000 gallons treated was sold at Cosden Oil and Chemical Co.

At the water filter plant, a total of 345,815,000 gallons was received from CRMWD at a cost of 13.344 cents per 1,000 gallons. An average of 8,111,000 gallons were pumped from the plant per day, compared to a daily average of 7,858,000 gallons during August, 1968.

The department also made three new water taps during the month and repaired 11 minor leaks and two major leaks. Four new sewer taps were made, while employes cleared 12 stopped sewers and rodded 5,263 feet of line.

There were 9,827 water meters read during August at an average of 22.7 per man hour; 9,729 gas meters were read. Service calls to turn water on or off totaled 583.

Pools, Course Revenues Up

There were 4,726 adults and 6,744 children swimming in the City Park pool during August, and 320 adults and 1,160 children in the Lakeview pool. Revenue from both pools totaled $4,324.

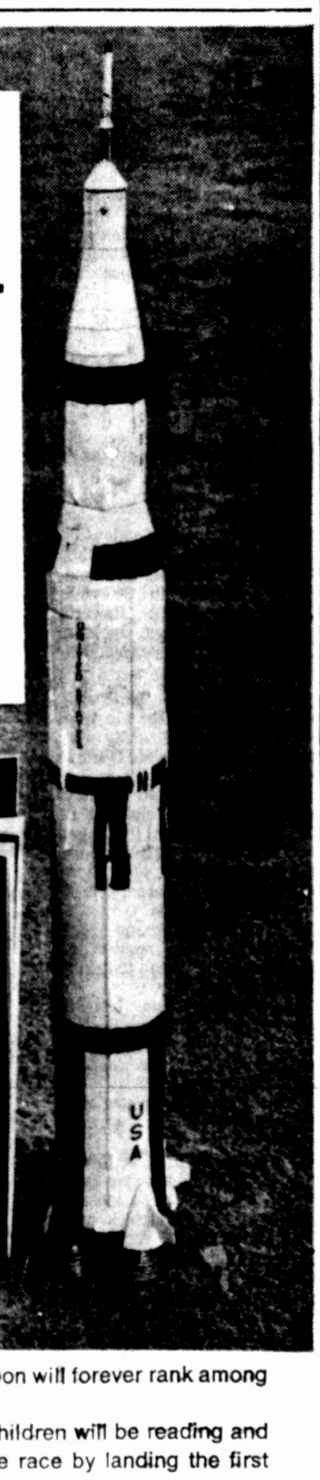

Revenues from the municipal golf course totaled $3,082 for the month, down $575 from August, 1968. Revenue for the present fiscal year has now reached $15,528, $427 more than for the same period last year.

There were 8,070,000 gallons used to water the greens 23 times and the fairways 13 times.

FOR THE MOON GENERATION...

...a special documentary book is available through this newspaper. It's The Associated Press volume—

FOOTPRINTS ON THE MOON

Apollo 11's epic-making voyage to the moon will forever rank among the greatest explorations of all time.

Our children and future generations of children will be reading and learning about how America won its space race by landing the first human beings on the forbidden surface of the moon.

Countless historians will be writing of the moon landing as they have written of Columbus' historic voyage to the New World.

"Footprints On The Moon," written by AP space specialist John Barbour, tells the complete story—from the first sub-orbital flight to the actual moon landing—in 70,000 words of text and nearly 150 of the most exciting color photographs ever taken.

"Footprints On The Moon," is available through this newspaper at a special price of only $5.00.

It's a volume that belongs on everyone's bookshelf as a lasting memento of one of the greatest events in history.

THIS VALUABLE, COMPLETE NEWS VOLUME COSTS ONLY $5.00 THROUGH THIS NEWSPAPER. IT CONTAINS—

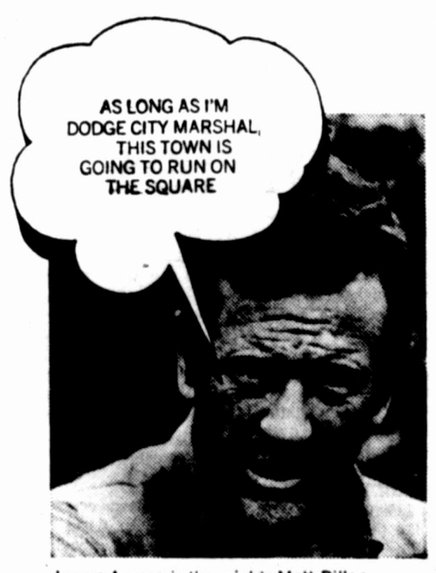

- 224 pages in a 9¼x12-inch hard-bound book with attractive dustjacket.
- 70,000 words written by AP Space Specialist John Barbour.
- More than 100 full color pages of space photos.
- Edited and produced by The Associated Press.

Rams Stun Colts, 27-20

By The Associated Press

"This was the biggest game of my career," said Deacon Jones, who has played in some big ones. "We went out and hit. We knocked hell out of 'em."

The defensive Goliath of the Los Angeles Rams expressed the sentiment of most of his teammates and of Coach George Allen after the Rams stunned Baltimore 27-20 in Sunday's National Football League opener.

Allen said the game was the biggest in his three years with the Rams, bigger even than Los Angeles' 34-10 victory over Baltimore for the conference title in 1967.

"It was the biggest because the odds were against us," said Allen. "He gave us a chance."

In other surprises, the New York Giants stopped Minnesota 24-23, Pittsburgh beat Detroit 16-13 and Atlanta whipped San Francisco 24-12. In other games, Dallas whipped St. Louis 24-3, Green Bay blanked Chicago 17-0, Cleveland stopped Philadelphia 27-20, and Washington turned back New Orleans 26-20 in a successful debut for Redskins Coach Vince Lombardi.

Baltimore Coach Don Shula pinned the defeat largely on two fumbles and three interceptions of John Unitas passes, although he said a lot of things weren't his quarterback's fault.

With the score tied 17-17 in the third quarter, Rams safety Ed Meador picked off a Unitas pass and returned it 24 yards to the Baltimore 11. Bruce Gossett's 15-yard field goal put the Rams ahead 20-17.

Trailing 23-10 on two touchdown passes by Gary Cuozzo and three field goals by Fred Cox, Webster found out in the final five minutes when the Giants started to move.

Quarterback Fran Tarkenton hit rookie Don Herrmann with a 16-yard scoring pass. A fumble by Gene Washington recovered on the Vikings' 36 by Ralph Heck set up the winning opportunity. Tarkenton's 33-yard desperation toss bounced off Earsall Mackbee, a Viking defender, into the hands of Butch Wilson on the 10. Tarkenton then hit Herrmann in the end zone for the winner.

Rookie Warren Bankston scored the winning touchdown from the six for Pittsburgh with three minutes remaining.

Quarterback Bob Berry paced Atlanta with two touchdown passes to tight end Jim Mitchell. Atlanta widened the cushion to three touchdowns early in the fourth period on rookie Paul Gipson's nine-yard run.

Rookies starred for Dallas. Quarterback Roger Staubach tossed a 75-yard scoring bomb to Lance Rentzel in the opening period and running back Calvin Hill stunned the Cardinals with a 53-yard touchdown pass to Rentzel in the third.

Quarterback Bart Starr collaborated with speedy Travis Williams on a 31-yard touchdown pass. Jim Grabowski bulled over from the one, and Mike Mercer booted a 32-yard field goal for all the Packer scoring. The Packer defense held Chicago running back Gayle Sayers to 31 yards in seven carries.

Cleveland's Leroy Kelly, the NFL ground gain champion last year, suffered a hamstring pull in the first quarter, but Reece Morrison and rookie Don Johnson took over and ripped the Eagles' defense to shreds.

Washington scored on three touchdown passes by Sonny Jurgenson, a field goal and a safety in a successful coaching return for Lombardi, the legend of Green Bay.

BENNY'S BLOCKADE — One of the reasons Midland Lee had a tough time against the Big Spring Steers Friday evening was defensive play like this by Benny Marquez. He is shown here coming up to put the quietus on Lee's John Perkins (35). Big Spring won the game 29-15 and will entertain Ector here Friday.

Perry's Stroll Almost Throttles Giant Hopes

By The Associated Press

Gaylord Perry went for a stroll in San Francisco Sunday and some roughnecks from Los Angeles jumped him. But Willie McCovey went for a walk and arrived home safely.

The adventures of the two San Francisco Giants on the basepaths were the highlights of a 10-inning 4-3 victory over the Los Angeles Dodgers that enabled the Giants to maintain their one-half game lead in the National League West.

While the third-place Dodgers were falling 3½ games back, the runner-up Atlanta Braves kept pace with the Giants by whipping San Diego 8-2. Fourth-place Cincinnati stayed four games out with a 4-1 triumph over Houston.

The New York Mets increased their lead over Chicago in the NL East to 4½ games and lowered their magic number to four with a 5-3, 6-1 doubleheader sweep of Pittsburgh while the Cubs were nipping St. Louis 4-3 in a single game. Montreal edged Philadelphia 7-6.

Perry took his exercise in the fourth inning with the Giants nursing a slim 2-1 lead. Jackie Hiatt was on third and Perry on second with two out when Ron Hunt walked.

But Perry, apparently thinking the bases were loaded before the walk to Hunt, headed for third, which Hiatt had no intention of leaving. Catcher Tom Haller fired to shortstop Maury Wills, trapping Perry, a .140 hitter who's more at home on the pitching mound than the basepaths.

Hiatt broke for the plate and Wills' return throw nailed him easily.

Wills, however, was the goat in the 10th when his two-out, bases-loaded boot of Jim Davenport's grounder enabled McCovey to lumber home with the winning run.

McCovey, the NL's home run leader, came up in the 10th with two out and the bases empty and walked.

The Braves stayed right on the Giants' heels as Ron Reed hurled a six-hitter and Hank Aaron belted his 553rd career homer against San Diego. Aaron's blow came with two runners aboard in the seventh and capped a five-run inning.

Gary Nolan checked Houston on four singles and broke up a scoreless game with a two-run triple in the seventh inning.

Strong pitching by Jerry Koosman and Don Cardwell sparked the Mets to their double win over Pittsburgh and the Pirates helped out with seven errors.

Randy Hundley's two-run homer and Ferguson Jenkins' 21st victory helped the Cubs beat St. Louis and eliminate the 1967 and 1968 pennant-winners from the race.

John Bateman's seventh-inning homer pulled the Expos into a tie with Philadelphia and Marv Staehle unloaded his first big league round-tripper an inning later to win it.

Broncs Edge Jets, 21-19

By The Associated Press

Denver's Broncos, treated like a stepchild during most of their American Football League lives, may at long last be on their way to success.

The Broncos, after trailing 13-0, stormed back Sunday and edged the world champion New York Jets 21-19 in a nationally televised game played before Colorado's largest sports crowd ever, 50,853.

And it was Denver's No. 2 quarterback, Pete Liske, who broke the Jets' backs with a passing performance that overshadowed Joe Namath's aerial wizardry.

Liske, who entered the game in the second quarter when starting quarterback Steve Tensi was injured, tossed two touchdown passes. One was a 23-yarder to Mike Heffner and the other 42 yards to Al Denson.

Ex-Syracuse All-America Floyd Little teased the Jets after his 53-yard punt return set up his touchdown opportunity.

Cincinnati staged the day's other AFL upset in thrashing the San Diego Chargers 34-20. In other games Sunday, Kansas City rolled on undefeated with a 31-0 triumph over Boston and Houston defeated Buffalo 17-3. Oakland just managed to get by Miami 20-17 at Oakland Saturday night.

Namath was superb for the Jets in the first quarter and late in the game. Between these periods of brilliance, however, he had a long spell when he couldn't hit his receivers. He connected on 19 of 37 passes for 283 yards.

Namath said he couldn't recall ever being hit harder by opposing linemen than by the Broncos.

The Jets salvaged one thing out of the game. Steve O'Neal established a pro punting record when his kick came to a rolling halt on the Denver two for a 98-yard boot.

Cincinnati's fabulous rookie quarterback, Greg Cook, was responsible for four touchdowns, passing for three and running for one. Cook threw a 78-yard bomb to Bob Trumpy, passed 39 yards to Bruce Coslet and nine yards to Speedy Thomas.

Passing Lennie Dawson and workhorse Mike Garrett proved a two-man wrecking crew in Kansas City's rout of Boston. Dawson floated a 16-yard pass onto the fingertips of Otis Taylor for one touchdown and flipped 22 yards to Garrett.

The Chiefs' running back Paul Lowe became the second player in AFL history to reach the 5,000-yard mark in ground gaining. After eight carries for 40 yards, he has a career total of 5,002.

Houston had little trouble with the Bills and their celebrated rookie from Southern Califonoria, O. J. Simpson.

A 47-yard field goal by George Blanda with 11 seconds left gave Oakland its narrow margin over the Dolphins Saturday night.

Yanks Sweep Cup Matches

CLEVELAND (AP) — Arthur Ashe predicted today that the Davis Cup will be thrown open to Rod Laver and other contract pros in 1971 and his captain, Donald Dell, said he would welcome it.

"There is no doubt that changes must be made in the Davis Cup format," said Ashe, America's top player. "The present discrimination against the pros is ridiculous.

Dell, who captained the U.S. team to a 5-0 rout of Romania in a successful defense of the Cup, said he would welcome a confrontation with the tough tournament pros.

Ashe, 26, Richmond, Va., and Stan Smith, 22, Pasadena, Calif., won the final singles of the Challenge Round match against Romania, giving the United States its first 5-0 sweep since 1948.

Ashe turned back Ion Tiriac, the eight-time Romanian champion, 6-3, 8-6, 3-6, 4-0, Tiriac retiring before the end of the fourth set to keep a prior engagement. Never-say-die Stan Smith rallied from two sets down and fought off four match points to beat Ilie Nastase 4-6, 4-6, 6-4, 6-1, 11-9.

Neither of the matches mattered. The Americans clinched the Cup during the first two days. Ashe beat Nastase 6-2, 15-13, 7-5. Smith beat Tiriac 6-8, 6-3, 5-7, 5-7, 6-4, 6-4. Smith paired with Bobby Lutz of Los Angeles in turning back Nastase and Tiriac in doubles 8-6, 6-1, 11-9. Smith was voted the event's outstanding player.

The Davis Cup nations will meet again before 1970 and vote on the question of an open tourney.

Twins Can Wait Day For Clincher

By The Associated Press

A couple of anemic hitters, John Kennedy and Dave Duncan, combined to delay Minnesota's title-clinching in the American League West and stalled the ultimate demise of the Oakland A's.

"They can wait another day or so to win the championship," said Seattle's Kennedy, a .243 batter who hit a tie-breaking homer with two out in the ninth to beat the Twins 4-3 Sunday.

Harmon Killebrew did his best for the Twins. He slammed two solo homers to tie with Washington's Frank Howard and Oakland's Reggie Jackson for the major league lead at 46.

Despite the loss, the Twins could still have nailed the title if Oakland had lost to California. But it didn't work out that way.

Duncan, who started the day with a .107 average, ended it at .121 after driving in five runs in Oakland's 12-2 romp. Reliever Jim Roland, in his first start of the season, held California to four hits.

So with a 10 game lead Minnesota's magic number is still one going into tonight's game at Kansas City.

In other American League games, Detroit blanked Boston 9-0, Cleveland nipped Washington 4-3 and the Chicago White Sox bombed Kansas City 16-2. The Baltimore Orioles and New York Yankees weren't scheduled.

Mike Kilkenny fired at three-hitter for Detroit, allowing just one hit after the first inning. Tom Cash, Tom Matchick and Al Kaline accounted for six of the Tigers' nine runs with two RBI's each.

Cleveland had to wait for Vern Fuller's two-out pinch single with the bases loaded in the ninth to beat Washington.

Ed Herrmann's three-run homer capped an eight-run Chicago romp in the third, and moved the White Sox into a tie for fourth with the Royals in the West Division.

Ector Almost Nips Lubbock

LUBBOCK — Odessa Ector, next football opponent of the Big Spring Steers, came within a whisker of beating Lubbock High School here Saturday night.

Chad Utley of the Westerners booted a 25-yard field goal with ten seconds of play remaining to give his team a 16-14 win.

Ector had gone ahead, 14-13, with 1:22 remaining when Larry Gentry, 120-pounder, recovered a blocked punt in the end zone.

Ector had scored its first touchdown in virtually the same manner. Gentry picked up a blocked punt in the opening period and returned it 12 yards across the double stripes.

Carlos Aguirre kicked both extra points for Ector.

Ector will take an 0-2 record with it to Big Spring Friday night. Lubbock, which hosts Big Spring in two weeks, is 2-0, having beaten Midland Lee, 27-26, in its opener.

Same Song, 10th Verse As Houston Mauls Bills

BUFFALO, N.Y. (AP)—Since 1967, the Buffalo Bills played the Houston Oilers six times, four in regular-season games and twice in pre-season exhibitions.

The Bills scored three points in each of three of those games, seven in two and six in the other as they lost each contest.

Buffalo and Houston tangled again Sunday and the result was just about the same for the Bills—three points and a loss.

Houston fielded a defense that, except for one instance, yielded nothing and the Oilers rolled over the one-time American Football League champions 17-3.

The Oilers, among other things, limited Buffalo to

—93 yards rushing.

—40 yards passing.

The Oilers also

—Intercepted three of Jack Kemp's passes.

—Threw Kemp for losses six times, for a total of 59 yards.

—Returned four punts for a total of 66 yards, bringing back one 46 yards to begin a drive that ended in a touchdown.

The only time Houston gave ground was at the start of the game, when Buffalo put the ball in play on its own 20. Kemp, starting his first regular-season game since the 1967 campaign after missing all of last year's action because of a leg injury, moved Buffalo 75 yards in 15 plays to the Oilers' 5. He was unable to keep the attack going and Buffalo settled for Bruce Alford's 14-yard field goal.

It took Houston's Pete Beathard only seven plays to get the ball to Buffalo's 12, then—on the first play of the second quarter—he found Alvin Reed in the end zone for Houston's first score.

In the fourth quarter, Beathard hit Roy Hopkins with a 56-yard pass that would have been good for a six-pointer had not Booker Edgerson pushed Hopkins out of bounds on Buffalo's 1. Two plays later, Hoyle Granger bowled over the goal line.

In between the touchdowns, Houston's Roy Gerela booted a 21-yard field goal.

All-Time NCAA Team In Spotlight

KANSAS CITY (AP) — An NCAA-sponsored all-time college football team will be honored Wednesday night at a dinner in the New York Hilton Hotel in New York City.

Living members of the team will be presented comfemorative plaques at the dinner.

The team, selected for the NCAA by the Football Writers Association of America, is divided into two squads — one for the pre-1919 period and the other a modern team.

Named to the modern team backfield were quarterback Sammy Baugh of Texas Christian, 1934-36; halfbacks Red Grange of Illinois, 1923-25, and Jay Berwanger of Chicago, 1933-35, and fullback Ernie Nevers of Stanford, 1923-25.

Horns Open SWC Race With Tech

By The Associated Press

Texas Tech, a thorn in the University of Texas' side the past two years, finds out if its new offense is the real this week when the Raiders tangle with the 'Horns to kick off the Southwest Conference championship race.

After struggling through a fruitless first half with its new pro set offense, the Raiders caught fire in the second half to breeze past Kansas 38-22 in its intersectional opener Saturday.

Texas, the preseason SWC favorite, displayed an awesome ground attack in rolling over California 17-0 in its season opener Saturday to bring both clubs into the conference fight with 1-0 records.

The SWC came out 4-4 in intersectional games last Saturday. Victories other than Texas and Texas Tech included Rice over Virginia Military 55-0 and Arkansas over Oklahoma State 39-0.

The conference defeats were Louisiana State 35, Texas A&M 6; Purdue 42, TCU 35; Georgia Tech 24, SMU 21, and Kansas State 48, Baylor 15.

Rice sophomore quarterbacks Stahle Vincent and Philip Wood took turns serving up touchdowns for the win-hungry Rice fans. Wood passed for one touchdown and ran for another and Vincent passed for two touchdowns and picked up valuable yardage with sweeps.

SMU, the same late-surging team that shot from behind to win last season, failed for the second week to turn the trick in 1969 against Georgia Tech.

The Ponies rolled up another massive array of passing statistics with junior Chuck Hixson completing 26 passes for 270 yards.

New Baylor coach Bill Beall got a rude welcome to the SWC as Kansas State, winner of only three games last season, rammed the ball right down the Bears' throats for 312 yards overland. Baylor managed 137 yards in total offense.

The LSU Tigers made it 10 in a row over the Texas Aggies, a sophomore dominated team with an inexperienced quarterback. LSU jumped to a 14-0 halftime lead and added 21 more points in the third period before A&M finally could get on the scoreboard in the fourth quarter.

TCU bounced back after trailing 35-7 in the third quarter but waited too late. Sophomore quarterback Steve Judy spearheaded the rally, passing for two touchdowns. Linzy Cole got another score on a 70-yard punt return.

Person Repeats As Senior Champ

WICHITA, Kan. (AP) — Curtis Person of Memphis, Tenn., repeated Saturday as USGA seniors golf champion.

Person edged Medalist David Goldman of Dallas, 1-up, with a 10-foot putt on the 18th hole in the final match of the 18th annual tournament.

STAUBACH, HILL

Cowboy Rookies Romp To 24-3 Rout Of Cards

DALLAS, Tex., (AP) — It wasn't exactly announced over the loud speaker system, but it was common knowledge that the Dallas Cowboys planned to turn rookie Calvin Hill of Yale loose with the halfback pass Sunday.

Somebody forgot to tell the St. Louis Cardinals.

The 6-foot-4 Ivy Leaguer broke open the National Football League opener in the third quarter with a perfect 53-yard touchdown strike to fleet Lance Rentzel.

It boosted a slim 7-3 Dallas lead to 14-3 in what had been a tight defensive struggle. The Cowboys eventually romped to a 24-3 victory.

Cardinal coach Charley Winner, obviously miffed over the defensive lapse, said frankly, "They caught our guys with their pants down."

Safety Larry Wilson of St. Louis, who was beaten on the play, said, "Hill threw a helluva pass."

Hill, a 220-pounder with good speed, also gained 70 yards in 18 carries.

Hill, the No. 1 draft choice of the Cowboys, threw four scoring halfback passes at Yale last year. There was a big story about it in one of the Dallas papers Saturday.

Another "rook", 28-year-old Roger Staubach, started at quarterback and delivered a 75-yard touchdown shot to Rentzel in the first period.

Staubach was dumped six times by the Cardinal pass rush, but did escape on a three-yard touchdown run.

Dallas' tough defense allowed the Cardinals only a 20-yard field goal by Jim Bakken.

Landry said "I thought Staubach played a great game for a rookie. He'll be a great one next year."

The Dallas coach said No. 1 quarterback Craig Morton, who was sidelined with a dislocated index finger, will return next week. Also, running back Danny Reeves is slated to return.

But the rookies had their day Sunday and it disgusted Winner.

"We let a rookie quarterback and a rookie halfback beat us," he said.

Lamesa Loses QB

LAMESA — Starting quarterback Brent Minnix broke his arm in Lamesa's 14-0 victory over Levelland here Friday night and has been lost for the season. He was replaced by junior Rick Corley.

ACC-HP Game Featured Tilt

By The Associated Press

Abilene Christian College, off to a rapid start this football season, tests its 2-0 record against Howard Payne in a Southland Conference highlight Saturday.

The Wildcats edged Lone Star Conference member East Texas State, 38-32 behind quick-armed Jim Lindsey, who completed 28 passes for 382 yards and two touchdowns.

Defending SLC champion Arkansas State opened its season with a 53-20 victory over Eastern New Mexico.

(AP WIREPHOTO)

LEAPING FOR TOUCHDOWN — Dallas Cowboys' quarterback Roger Staubach (12) is tackled by St. Louis Cardinals' defensive back Rocky Rosena (34) as he leaped from the three-yard line for a touchdown in fourth period of play in their game at the Cotton Bowl in Dallas Sunday. The Cowboys defeated the Cardinals 24-3.

DANCE MASTERS OF AMERICA LICENSED MEMBER

Candyce Offers Dance Education

A full dance education is now available for Big Spring residents at the Candyce Academy of Dance in the College Park Shopping Center. Miss Candyce Jane Bass, a licensed member of the Dance Masters of America, can give complete information to anyone who calls 263-4805.

Miss Bass is qualified to teach any kind of dance, including ballet, tap, modern jazz, acrobatics, discotheque, ballroom, and dancer-size groups. She started her dance career at the age of 4½ at the Lambert School of Dance and began practice teaching at the age of 13. She studied under both Gus Giordano, who wrote the American Jazz Syllabus, and Enid Richardeau, who tutored and groomed Pamela Eldred, Miss America for 1970. Her contact with Richardeau came at a national convention of the Dance Masters of America in Miami, Fla., from which she just returned.

Miss Bass was also chosen by the Fine Arts Department of the University of Arkansas to demonstrate the progression of dancing to the Arkansas State Teachers Convention, and she has appeared on TV numerous times in Abilene and Sweetwater.

"Ballet," Miss Bass said, "is the basis for all dance. It gives poise, self-confidence, coordination and body control. Some university football coaches have made their players take ballet to help their coordination, and it has been shown that this does make a difference."

Modern jazz, she said, helps bring the self out; it gives self-confidence and expressiveness. The dance can help to slim a person by shifting weight to where it should be. One class for adult women has already been started and is held Mondays at 1:30 p.m.

Acrobatic classes will be started too, Miss Bass said, but a person has to be ready for them. Too much acrobatics too soon can cause a person to begin to look like a wrestler, or can cause the wrong muscles to be pulled and strained — without the proper exercise of ballet stretches. This straining can cause permanent damage. Ballet has to be a foundation for acrobatics.

Tap classes will begin too; tap can help a person's rhythm and timing.

Night classes are being planned for both teen and adult ballroom. Miss Bass said teens today are just picking up jumps and hops from what they see; they don't know what dances they are doing, or if they are doing them right. Teens, too, should know something about slow dances.

"The adult ballroom is for both couples and single men and women," she said. "In the hour and a half class a person will learn all the dances, both modern and more traditional ones. We will keep reviewing from time to time so a person doesn't forget what he learns."

Dancer-size classes are currently being held Monday and Wednesday morning for adult women that need exercise. They lose inches while dance-exercising, which is more fun than just exercise by itself. Miss Bass is planning to hold an evening dancer-size class.

"I can teach an individual," Miss Bass said, "but he can do better in a class. There he faces competition and learns precision, and doesn't fall prey to indifference."

Miss Bass says she plans to be teaching in this area for a long while. She was born in Big Spring and reared in Snyder, and still has relatives living here. Mrs. A. C. Bass, 106 Washington, and Mrs. Gladys Ogle, 106 Washington, are her grandmothers, and Mr. and Mrs. Lowell Baird, 504 Highland, are her uncle and aunt. Her parents, Mr. and Mrs. Prentis Bass, live in Bassridge, Snyder.

(Photo by Lynna Kay Weaver)

ONE-TWO-THREE-FOUR—Miss Candyce Bass leads a group of children through some warming-up exercises. The Candyce Academy of Music in the College Park Shopping Center can give a person a full dance education; Miss Bass is qualified to teach ballet, tap, modern, jazz, discotheque, acrobatics, exercise groups, and adult and teen ballroom.

How To Rid Your Home of Roaches

BIG SPRING Business Review

(Photo by Lynna Kay Weaver)

RELIABLE - DEPENDABLE — Cap Rock Electric Cooperative, Stanton, provides its members with economic, dependable electricity. The co-op has 2,708 miles of line, serving 6,862 consumers.

Cap Rock Co-Op Serves Electric Needs Reliably

Cap Rock Electric Cooperative Inc., with offices in Stanton, has served the rural people of this area with dependable, low-cost electricity for 30 years.

Since its organization in 1939, Cap Rock has prided itself on its reliable service. When its first line was energized in 1940, it had 158 miles of line serving 300 members. Now 6,872 consumers are served by 2,708 miles of line.

Cap Rock has a planned maintenance program, which is designed to keep the system in good condition at all times, cutting down the chances for unexpected outages. Employes climb poles periodically to check for such things as cracked insulators and loose hardware, which are hard to spot from the ground. Systematic line inspection also includes keeping birdnests from accumulating on equipment. If any repairs are needed, they are made immediately.

Cap Rock employs a well equipped construction fleet to furnish fast service to its members. When they have an outage, members can call the office dispatcher, even during off-duty hours, who will dispatch by radio a vehicle to the trouble spot immediately. Members living in the Big Spring, Ackerly, Lomax and Luther telephone exchange areas have free toll service to the office in Stanton by calling 263-6461.

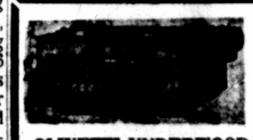

Cap Rock Electric has several employes who have been with the organization for many years. These people are dedicated to their jobs and want members to receive the best electric service they can provide. New employes, as well as the old, are taught modern methods and ways of doing things so the members will receive dependable service now and in the future.

The co-op offers service and information in the fields of electric heating and lighting and wiring for hot water heaters and electric ranges. They can also install a light for protection of property or for outside nighttime activities.

Cap Rock, being a cooperative, offers savings to its members besides providing efficient service. In addition to its rates being competitive with other electric suppliers, any money left over after operating expenses is refunded to members. Members actually own the co-op.

Directors of Cap Rock are Glenn Cantrell, president, Big Spring, Edgar Phillips, vice president, Big Spring, Mrs. Lee Castle, secretary-treasurer Big Spring, D. W. McDonald, Midland, Paul Adams, Ackerly Alfred J. Schwartz, Garden City, Raymond A. Pribyla, Tarzan, Neil Fryar, Big Spring, and Bob Cox, Stanton. O. B. Bryan, Stanton, is manager.

HUMAN JAM AT BORDER — Pedestrians as well as cars were blocked at the Tijuana, Mexico, side of the border as U.S. Customs agents intensified inspections for contraband Sunday. The crackdowns against smuggling called "Operation Interception" began Sunday at ports of entry.

Crackdown Jams Ports

By The Associated Press

Operation Intercept, the crash program to halt narcotics traffic into the United States, critically jammed Texas ports of entry Sunday and the tieup continued today.

The federal crackdown began officially Sunday all along the border with Mexico.

The Los Angeles headquarters of Project Intercept said that 1,400 pounds of marijuana were seized at Laredo, but this could have been in two pickups Friday.

The presence of the long, stalled lines of automobiles at crossing points should have warned any smugglers to turn back.

Tony Chapa of KGBT-TV at Harlingen, who crosses the border often, said it required him from midnight to 6 a.m. today to cross at Brownsville.

Traffic lined up three miles, Chapa said. His car was searched thoroughly, much more extensively than ever before.

Del Rio residents reported that lines were huge both Sunday and today.

A Del Rio resident who lives across the river in Ciudad Acuna said it required 52 minutes to cross.

Officers at Del Rio made extensive searches.

At Laredo, officers revealed during the weekend that they seized another 460 pounds of marijuana, although Operation Intercept had not begun formally at that time.

The 460-pound seizure followed the pickup of another 938 pounds Friday at Laredo which itself was a record for Laredo and one of the largest ever made on the Mexican border.

The 460 pounds were abandoned on the U. S. side of the Rio Grande near the international bridge.

Officers said the marijuana in both seizures was crude, in brick form. The 460 pounds were in three burlap bags and eight cartons.

The customs agent in charge in Laredo, Oran Pugh, said it appeared that both major seizures over the weekend came from the same source. Three persons were charged when the 938 pounds were seized.

The Los Angeles Intercept headquarters said three planes were ordered to land on the U.S. side of the Rio Grande in Texas because the pilots had failed to notify customs agents that they were returning. But no drugs or other contraband were found on the planes.

Newsmen Fernando Perez Del Rio of Station WOAI, San Antonio, crossed at Laredo Sunday night and said traffic was stacked up at least five blocks on the main street of Nuevo Laredo and three to five blocks on arteries leading to the thoroughfare.

He said the Border Patrol set up checkpoints about 10 miles north of Laredo for spot checks of cars, many of which already had been through the river checkpoint.

Perez Del Rio said the inland officers appeared to be picking out cars containing young people or long-hair types for inspection.

The newsman said the border check was extremely thorough—under the cars' hoods, in the trunks and inside the window sills with special flashlights. The officers pulled out the seats and thoroughly searched articles of clothing such as jackets not being worn.

Laredo has two customs inspectors on duty but there were five Sunday night plus some additional assistance.

Cars crossing into the United States at El Paso were being delayed up to an hour and ahalf, but there were no immediate reports of arrests or drug seizures. The previous delay was 5 to 10 minutes. Additional delays were caused Sunday night by the large numbers of people returning to El Paso after attending bullfights in Mexico.

Just before Project Intercept began, the Laredo Chamber of Commerce began a movement for a bond issue for another international bridge in an effort to ease the crossing problems they saw coming.

Customs officials have had sessions with border businessmen in an effort to prepare them for the crossing delays. Businessmen have been particularly concerned about Christmas business, for Mexicans buy heavily in U.S. border cities.

M. L. Murphy, port customs director at Brownsville, said officers there are checking between two and five cars at a time "depending on how many people we have available." He would not say whether the staff had been beefed up.

Businessmen received warning at Laredo of the crossing problem because of a test run Sept. 13 in which cars were backed up 17 blocks and one person said it required an hour and 15 minutes to cross.

Businessmen in Laredo, Del Rio and Brownsville voiced concern. One Laredo businessman said facilities were too smal' even before the crackdown.

H. E. Monzingo, president of the Del Rio Chamber of Commerce, said local businessmen are "afraid Operation Intercept is going to hurt their business."

Vidal Cantu Jr., chairman of the Retailers' Committee of the Laredo Chamber of Commerce, said, "Civil and commercial leaders here were never consulted as to the economic effects of the project."

Operation Intercept Nets Pills, 'Mary Jane'

LOS ANGELES (AP) — Operation Intercept, the government's drive to cut off drugs from Mexico, netted uncounted illegal pills and thousands of pounds of marijuana as it reached full operation over the weekend along 2,500 miles of the U.S.-Mexico border.

The intercepted contraband included half a ton of marijuana aboard a plane that was seized.

Some 90,000 persons in 30,000 cars who went to Mexico for a bullfight at Tijuana and horse racing at Agua Caliente Sunday found themselves waiting in line for inspection at San Ysidro south of San Diego on their return.

The line stretched six miles at one time and the delay grew to three to four hours. Inspectors manned all 16 gates with orders to make thorough checks of all vehicles and occupants.

There also were 20,000 returning pedestrians.

Treasury Secretary David M. Kennedy and Atty. Gen. John M. Mitchell announced in a joint statement Sunday that Operation Intercept was in full swing and would continue indefinitely.

A spokesman for the program in Los Angeles said a rented airplane leaving Mexico tried to evade Operation Intercept aircraft but was forced to land at Bakersfield Friday.

It carried 1,000 pounds of marijuana, the spokesman said, and the pilot, Michael Thomas Mitchell, 23, a University of Washington student from Seattle, was arrested and booked for investigation of smuggling.

Authorities said Mitchell told them he had paid $27,000 for the marijuana in Mazatlan and planned to take it to Berkeley.

A car abandoned in line at San Ysidro was found to contain 2,000 pills classified as dangerous drugs, customs officers reported.

The car's young driver, not immediately identified, was caught as he tried to flee on foot into the United States. He was turned over to San Diego police.

Operation Intercept headquarters in Los Angeles said five men and a woman from New York City were arrested Sunday south of the border by Mexican officers who reported the group possessed 140 kilos of marijuana.

A spokesman said the six were jailed at Sonoita, Mexico, a mile south of Lukeville, Ariz.

Customs agents at Laredo, Tex., reported they seized 1,400 pounds of marijuana from Mexico over the weekend.

At sea, Navy patrol boats joined Coast Guard cutters in checking small craft.

In the air, planes crossing from Mexico were being monitored on military radar planted at known smugglers' routes across the border.

Former Mexican President Dies

MEXICO CITY (AP) — Former President Adolfo Lopez Mateos, one of Mexico's most popular leaders, died today after an illness that left him almost completely paralyzed for more than two years. He was 59.

Lopez Mateos served as president from 1958 to 1964. Only a constitutional ban kept him from a second term in the office.

He first became ill in November, 1965, and underwent an operation for a cranial aneurysm. He suffered a stroke on May 30, 1967, and for a time was in a coma.

His chief physician was Dr. James Poppen of Boston.

By last May, Lopez Mateos, although able to move only a few parts of his body, was able to sit in a wheel chair to watch sporting events on television. He was a former amateur boxer and soccer player.

Lopez Mateos is survived by his widow and a daughter, Avecita.

He was one of the youngest as well as most popular presidents in Mexican history. He was 48 when he took office as a left-of-center but anti-Communist leader.

He accomplished many things during his six years in office but many feel his most important achievement was the way he moved Mexico several rungs up the international ladder.

There was a steady parade of heads of state and foreign ministers coming into Mexico during those six years. He met several times with U.S. presidents.

He was mentioned for the 1963 Nobel Peace Prize which went to the International Red Cross.

Lopez Mateos was born May 26, 1910 in Atizapan de Zaragoza in the nearby State of Mexico. He was one of five children born to a dentist in the village. His father died before Lopez Mateos was a year old.

The family lived in what was described as genteel poverty and the ambitious youngster worked his way through school until he obtained scholarships for study at the French School in Mexico City and the Secondary School in Toluca, the capital of his home state.

ADOLFO MATEOS

He entered national politics in 1946 as a senator from the State of Toluca. He had been a Socialist in school but switched to the Institutional Revolutionary Party—PRI—Mexico's ruling political party.

He worked in the campaigns of former Presidents Miguel Aleman and Adolfo Ruiz Cortines. Ruiz Cortines made him secretary of labor and he was picked as his successor in the presidential palace.

As a youth Lopez Mateos was an amateur boxer, soccer player and hiker. He once walked 700 miles from Mexico City to Guatemala City in 36 days.

He moved into the Labor Ministry in 1952 after serving on several Mexican delegations to international meetings at the behest of Aleman."

As labor minister Lopez Mateos built a reputation in government circles when he handled more than 13,000 labor disputes. But he was almost unknown to the country when he started campaigning as the PRI presidential candidate in 1958.

The party has not lost a presidential election in almost half a century and Lopez Mateos could have sat back and relaxed until election day.

Instead he set off on six months' of travel during which he visited every nook, corner and large village in the country.

Water Accounts Show Increase

The city water office and water meter department had 9,040 accounts at the end of August, with 227 new accounts being opened during the month and 134 being closed. Forty-four services were disconnected because of non-payment, and 1,175 accounts remained unpaid 15 days after billing, 13 per cent of the total.

Three Going To TID Conference

City Manager Larry Crow, Chamber of Commerce Manager Tom Eastland, and Clyde McMahon Sr. are scheduled to attend the 19th annual Texas Industrial Development Conference in Dallas Thursday and Friday.

Lewis Timberlake, assistant to the president at First National Life Insurance Co. in Austin, will give the keynote address, and Lt. Gov. Ben Barnes will speak at a luncheon Friday.

NYC Report

The Neighborhood Youth Corps had 24 enrollees during August, 10 from Howard County, three each from Nolan, Midland and Ector counties, two from both Scurry and Dawson counties, and one from Andrews county. Of the $260,510 federal funds budgeted, $248,420.12 has been spent.

Taxes Collected

The legal department collected more than $9,000 in delinquent taxes during August, according to its monthly report. Collection this year is about $19,500 ahead of last year.

Cemetery Income

Revenue from City Cemetery totaled $1,157.50 in August, with $675 coming from improved openings for nine graves, $230 from unimproved openings for nine graves, $160 for one improved lot, $57.50 from five time payments on improved lots, and $35 from two unimproved lots.

(AP WIREPHOTO)

NEW MEXICO QUEENS—Drenda M. Larkin, center, of Albuquerque, was crowned New Mexico State Fair queen. Here, she's flanked by Pat Eaves of Santa Fe, left, the reigning Miss Rodeo America; and Deborah Deerman of Lamesa, last year's State Fair queen.

LIMITED TIME OFFER
PUBLICLY OWNED COMPANY
ACCEPTING APPLICATIONS FOR DISTRIBUTORS
REVOLUTIONARY NEW PRODUCT
PART TIME or FULL TIME
EARNING POTENTIAL TO $1500 PER MONTH
Here is a chance to get out of the ordinary and jump aboard a profit bandwagon. Market testing has shown amazing sales for our product in the residential, commercial, institutional, industrial, automotive and marine fields.
If accepted, you will receive the assistance of our entire organization to insure the success of your distributorship. We will establish your entire program, train personnel and create an immediate flow of business for you through a proven, effective merchandising method.
We are a subsidiary of a multi-million dollar, publicly held corporation.
NO FRANCHISE FEE! Minimum capital investment of $3,500 to $5,000 for material, equipment and services.
Only a limited number of distributors will be chosen from this area, so ACT NOW! Write today. Include name, phone number and address. Full descriptive literature will follow.

Try To Find A Better Way Of Predicting Hurricanes

WASHINGTON (AP) — The Weather Bureau and the Defense Department have joined to try to find a better way of predicting the intensity and intentions of killer hurricanes.

Talks between the two federal agencies were initiated on orders from President Nixon in the wake of Hurricane Camille, which devastated the Louisiana and Mississippi coasts last month.

Dr. Robert White, administrator of the Environmental Science Services Administration, said improvements are being sought "presumably for the remainder of this season and subsequent seasons."

White said the talks center around equipment, particularly aircraft and radar, used in hurricane reconnaissance.

Improvements in this area was one of the chief recommendations made by Vice President Spiro T. Agnew when he returned from an inspection of Camille's damage.

The Vice President said meteorological reports before Camille struck fell short of what they should have been. He also observed the Navy had good equipment for studying hurricanes but obsolescent planes, while the Air Force had better planes but less adequate equipment.

"The principal difficulty in hurricane reconnaissance has been the fact that certain of the Constellations used, because of safety limitations, are not able to penetrate the eye of a hurricane," which is most important, White said.

He said there are presently assigned to hurricane duty six C130s, used by the Air Force, eight Navy Constellations and two DC6s operated by the Department of Commerce, which includes the Weather Bureau.

He said even when the Constellations do penetrate, it is at a low altitude, while the better planes penetrate at the 10,000 feet required by the Hurricane Center.

Equipment deficiencies are primarily in the radar carried by the planes, White said.

"The Navy and Department of Commerce planes carry 10 centimeter radar, which can pick up more clearly the precipitation patterns," he said.

"The Air Force radar are three centimeters, which do not give as good a portrayal of the precipitation patterns."

Wives Steal Highway Signs

BIRMINGHAM, Ala. (AP) — Two Cordova housewives have both been sentenced to one year on probation after being convicted of stealing 10 highway signs.

Ann Addison and Billie Jo Roberts tearfully told Judge Robert Gwin they took the signs to decorate their teen-agers' rooms. The women were fined $100 each and sentenced to 90 days at hard labor, suspended for 12 months, on conviction for malicious destruction of property.

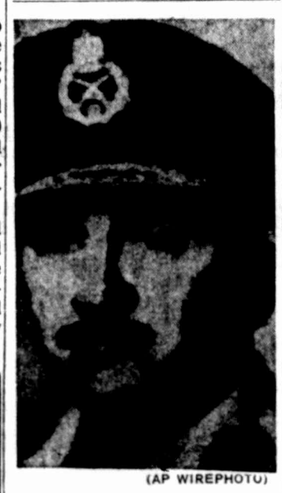

Sheriff's deputies testified during the trial this weekend that the signs taken by the women included "stop," "dangerous intersection" and "bad curve" warnings, and the heavy bridge.

Task Force Hears More

The Chamber of Commerce President's Task Force on Priorities had its second round of committee reports for a 1970 Program of Work this morning.

Reporting were Bob Crowell, advertising and promotion committee; Alton Marwitz, agriculture committee; Jerry Worthy, convention and tourist committee; Jack Denson, petroleum committee; and Jack Powell, public health and safety committee.

The Task Force will finish its hearings Tuesday morning, with reports from R. J. Ream and Col. H. Lobdell Jr., base-community council; Mrs. Larson Lloyd, cultural affirs committee; Roger Brown, Ambassadors Club; and Jack Worsham, pride committee.

DEAR ABBY: I read with interest the letter from "FAT MAN'S WIFE," because I am a fat man. I am 20 years old, 6 feet tall, and weight 285 pounds.

Your contention that "there are a lot of fat men who haven't suffered any loss of love" is ridiculous.

I haven't had a date in months and I don't blame any girl for finding me repulsive. But it's a vicious circle, because feeling unloved, I eat more and more, and get fatter and fatter.

I've been told that I am intelligent, have a good personality, a good sense of humor, and it is only my bulk that keeps the girls away.

So, Abby, you are wrong, and here is one fat man to prove it. FATSO IN PHILLY

DEAR FATSO: There are no statistics available on the amount of loving one gets in relation to his weight, but I do know that not all fat men (or fat women) are "repulsive" to the opposite sex.

* * *

DEAR ABBY: Please try to make this letter good enough to use in your column. It is a message on behalf of all the adopted kids in this country.

Dear Adults:

Please, please give us a chance. Why do some of you keep remarking about how we are bound to turn out "bad" like our unwed mothers? I am 16 and I am proud to say that I am adopted.

To all parents who have adopted children: We love you. YOU are our REAL parents. Everything we learn, we learn from you. All we inherit from our other parents are our looks, but YOU make us what we are. It is YOU and your friends we watch and try to be like.

How could any mother look at a tiny infant and think she may turn out "bad" because of a mistake made by a man and woman that child never even knew?

And to those people who think you can inherit a bad character, how do you account for the ministers child who goes to prison for rape? Or the police chief's daughter who gets hooked on drugs? Inheritance? I don't think so.

Please, give us adopted kids a chance. God bless you, Abby. ADOPTED AND GRATEFUL

* * *

DEAR ABBY: May I say a few words to "ADOPTED AND HURT" I don't believe adopted children are products of "bad" parents.

A child is like a rose. Well-tended and cultivated it will bloom into a beautiful flower. Unattended it is starved and choked with weeds. The results are not due to the seed — but the "care."

So if you have kind and loving foster or adopted parents who care, you will be a winner in any show.

PROUD ADOPTED PARENT

Tribunal Opens Inquiry Into Religious Warfare

LONDONDERRY, Northern Ireland (AP) — The Roman Catholics of Bogside took down more barricades today as a three-man tribunal opened a public inquiry into the religious warfare that rocked Northern Ireland last month.

The tribunal, headed by British High Court Justice Sir Leslie Scarman, met under the guard of British troops in Londonderry's county court house.

As three more barricades came down today, residents immediately painted a four-inch-wide white line across their street as a symbolic barrier.

The Derry Citizens Association will retain control of the district, and Northern Ireland police may not cross the line.

Troops took up positions outside the line but did not put up barbed wire checkpoints as they have done in Belfast. The barricades came down there last week.

A Catholic spokesman said the rest of the Bogside barricades would be down in a few days.

Virtually all the barricades have already come down in Belfast, but one was hastily rebuilt last night after a bomb exploded in a children's play street.

A gelignite charge blew out factory windows last night in a square 300 yards from the city hall. No one was injured.

Plants Due

As the funds become available, shrubery will be planted at the old Crawford Hotel parking lot, according to Assistant City Manager Roy Anderson. Live oaks (five) are scheduled to be planted in the boxes nearest the street, cherry laurels (six) will be put in those off the streets, and fitzer junipers will be placed in the interior spots.

Doors At Lindy's Closed Last Time

NEW YORK (AP) — Many of the old customers stopped by for a quick snack as Lindy's—a Broadway landmark for 42 years—closed its doors early Sunday for the last time.

"They came in here like locusts and cleaned us out of cheesecake and pastry for auld lang syne," said Christopher Rudd, night manager for 20 years.

The restaurant, which was frequented by the theater district crowd and immortalized as "Mindy's" in Damon Runyon's stories, has been sold to Longchampe, to be transmuted into a steakhouse.

The original Lindy's was opened by Leo "Lindy" Lindemann on Aug. 20, 1921, as an all-night delicatessen.
