Funeral for Mrs. Roy Horn To Be Thurs.

Mrs. Roy Horn died unexpectedly at her home, 1710 15th Street, about 12:30 a.m. Tuesday, February 17. She was 78 years of age.

Funeral services will be at 2:00 p.m. Thursday, February 19, at First United Methodist Church, with the Rev. James Boswell officiating. Burial will be in Fairview Cemetery under the direction of Kelso Funeral Home. The casket will not be open at the church.

Mrs. Horn was the former Ruth Adelle Wells, daughter of one of this county's distinguished pioneer families. She was born October 9, 1897, at Bryson, Wise County, and came to Wellington in 1902, with her parents, Mr. and Mrs. E.A. Wells. Her father was one of the early merchants who did much to shape the future growth of the town, and in turn the county.

Mrs. Wells attended the Wellington Schools. She was married to Roy M. Horn on April 15, 1918, at Corpus Christi.

Mrs. Horn had been an active member of First United Methodist Church since early in life.

Over a long period of years, she was active in the town's religious, social and civic life. Along with this, she worked closely with her husband in the operation of the Toggery.

Survivors include her husband; two sons, Roy M. Horn, Jr., of Panoramita City. —See #4, page 2A

MR. AND MISS QUAIL HIGH SCHOOL

Brian Barton and Sharon Childers were elected Mr. and Miss Quail High School at that community's annual box and pie supper and coronation

ceremonies Saturday, February 7. Their parents are Mr. and Mrs. Raymond Barton and Mr. and Mrs. N. E. Childers.

"Man & Land & Love" On Stage Friday Night

"Man & Land & Love" a mixed media production which tells vividly the history of Collingsworth County's first hundred years will go on stage Friday, February 20, at 8:00 p.m.

Preceding the presentation of the musical, doors of Wellington High School will be open at 6:00 p.m. and sandwiches, cookies, and drinks will be served in the auditorium foyer. These may not be taken into the auditorium itself.

There are added attractions. One is a photo gallery, in which pictures will be taken instantly, with the

subject standing behind a choice of forms—each from the gay 90's period.

Narrators for "Man & Land & Love" are Vikki Saunders and Charles Floyd, and they will also be the contemporary parents.

There are Indians in the production, three Wellington youths who are of the Choctaw tribe: Michael Mackey, Raymond Mackey and Haskell Bonaparte.

The leading roles of the pioneer man and woman are Bill Havens and Stacy Neeley.

There will be pioneer children, cowmen and nes-

ters, the school marm. Beside these, there are the Panhandle Pretties, and a living history class.

Special features will include a county centennial fashion parade, a musical interlude gospel singers, and the beauty shop quartet, Charleston dancers, and folk dancers.

Mrs. B.M. Sims has reviewed the background for this dramatic story of Collingsworth:

"Man & Land & Love is an original composite of story and song in which rawhide, ruffles, and rainbows have —See #5, page 2A

Rockets Play for Bi-District Title at Canyon February 24

Wellington Skyrockets will play for the Bi-District title Tuesday, February 24. The location is tentatively set at the West Texas State University field house at Canyon, beginning at 6:30 p.m.

The Rockets' opponent will be the winner of a three-way tie for lead that has developed in District 1-A between Stratford, Sanford-Fritch and White Deer.

This three-way tie will be played off by Friday.

The bi-district is tentatively set up as a double header, as was the football playoff.

After the Wellington game, Childress and Spearman will play at 8:00 p.m. for the Bi-District AA championship.

Thursday night's warm-up game will be with Spearman at Miami, beginning at 7:00 p.m. Spearman is the winner of District 2-AA, and an old opponent of the Skyrockets. They are considered a strong team this year, and should be an excellent practice opponent for Wellington.

"We've been resting a little bit, but we need our two warm-up games to get us back on the track and get our playing edge back," said Coach Hicks.

Wellington finished the

season 13-1 record, the best by a Skyrocket basketball team in a number of years.

Stratford won the first half of District 1-A outright and is in top position for the second half. Immediately behind, however, came the tie that was determined Tuesday night. Since that district's schedule was about a week behind that in District 2-A,

the winner will not be known until Friday night.

In the first of the two warm-up games, Tuesday, February 17, the Skyrockets played three quarters of good play, then went into a poor fourth quarter and lost to Valley 62-58.

"We were not playing up to our ability, as we have had a week off," said Coach

Hicks. "We didn't look like the team that we are and we didn't play the type of ball we can play."

High point player was Edward Thomas with 26 points. Sammy Gonzales had 11, Shane Tarver 13, Cliff Pennon one, George Brewer and Winfred Sherrill four each.

BI-DISTRICT COMES NEXT

The Wellington Skyrocket Basketball team shows its District 2-A championship trophy, held by Sammy Gonzales, Cliff Pennon and Edward Thomas at center back. Kneeling in front are Carl Taylor, Tony Martinez, George Darton and Bill Havens. The trio standing at left of the steps

are Coach Robert Hicks, George Brewer and Allen Sanders. Seated on the steps are Shane Tarver and Rick-ey Jones, and behind them Gonzales, Pennon and Thomas. To the right of the steps are Winfred Sherrill and Neal Cochran. Jessie Davis was ill when this picture was made.

School Board Election Called For April 3

The Wellington school board in a recent meeting has called the annual trustee election for Saturday, April 3, Supt. E.W. Clement has announced.

Members voted that this year, the election will be held at the high school, and the regular voting hours of 8:00 a.m. to 7:00 p.m.

Three members will be elected, and those whose terms expire are Richard Nall, David Baumgardner and Sam Adams.

The final day for candidates to file for a place on the ballot is 30 days prior to the election, which will be March 3.

Two candidates have filed for election, Carroll Nun- nelly and Jerol Morris.

City Council Calls Election on Additional One Cent Sales Tax

Wellington voters will determine in an election called for Saturday, April 3, if an additional one-cent sales tax is to be collected by the City.

The election was called by the city council in its regular meeting Monday night, February 16, after the four members present reviewed capital investments which will have to be made in the next few years.

This election will be held

in conjunction with that in which three city council members will be named. There will be separate ballots.

Under recently approved legislation, cities may now collect two per cent sales tax.

The one-cent sales tax which residents now pay brought in more than \$40,000 during 1975, and it is the thinking of the council that this new income should be used only for capital

improvements.

It is also the thinking of this council that the needed money can come from only these sources: more taxes on property, which would require re-evaluation and would be borne by property owners; the sales tax, which is borne by all residents, as well as all others who make purchases in Wellington; or increased water and sewer rates. It was felt the sales tax is the most equitable.

Tom Wilkins in proposing the additional one-cent sales tax, pointed out that the need already exists for a new garbage truck, and for a new street sweeper. The later breaks down every time it is taken out and used, he said.

City Manager Glen Taylor then told the group that within the next two years it will be necessary for the city to buy a new fire truck.

Chamber of Commerce Banquet to Be Feb. 26

Reagan V. Brown, special assistant to Governor Dolph Briscoe, will be the speaker at the annual Collingsworth Chamber of Commerce banquet Thursday, February 26.

The banquet will be in Bura Handley Community Center, beginning at 7:15 p.m.

Mr. Brown is recognized as one of Texas most popular speakers. This will not be his first visit to Wellington, however, for a number of years ago when he was with

the Texas Agricultural Extension Service, he spoke at a farm meeting on "Community Improvement"—a

field in which he is a nationally recognized authority.

Jack Neeley Heads Easter Seal Drive

The 1976 Easter Seal Appeal will officially open in Collingsworth County on Monday, March 1, according to Jack Neeley, Wellington, who serves as Easter Seal

Representative for the county. Easter Seal Appeal letters will arrive at homes in the county beginning March 1.

The Easter Seal Representative is the person to contact to request services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year 10,768 handicapped people received help from the Texas Easter Seal Society and its statewide network of treatment centers and local volunteer programs. With the costs of providing expert professional care rising, more money than ever will be needed to assist more disabled Texans and remain ahead of inflation.

Masons to Observe Bicentennial Sat.

Members of the Wellington Masonic Lodge will meet Saturday, February 21, to observe the 200th anniversary of American independence and freedom and at the same time to hold their annual memorial service for George Washington.

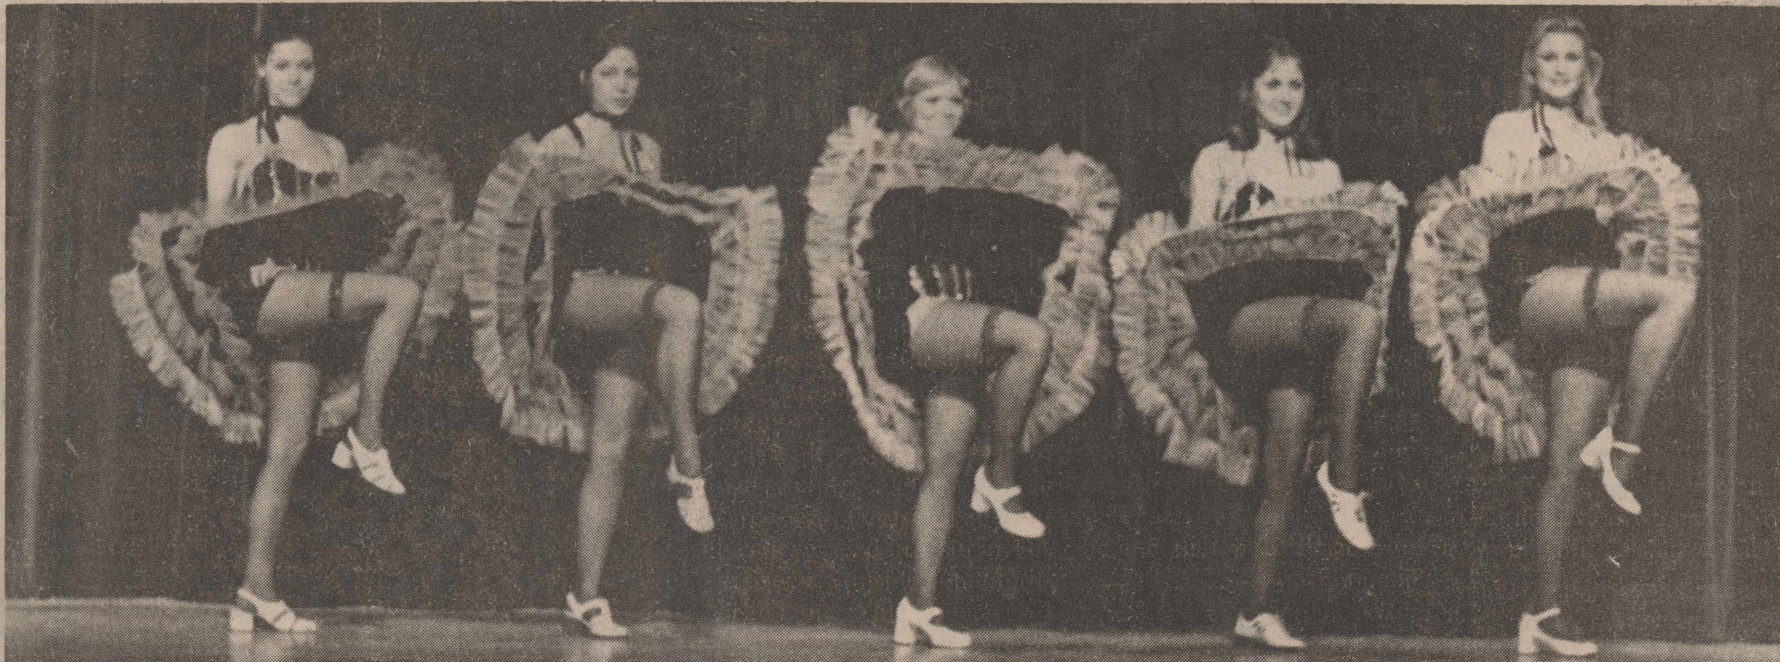

This will be a closed meeting, according to Cal Hurst, worshipful master, but all members are urged to attend.

This date was selected as the inauguration of the Bicentennial observance by the Grand Lodge of Texas. A program suitable to the

occasion will be given.

All lodges throughout the state will be observing this date along with Wellington, it was pointed out.

"As we celebrate this auspicious milestone in the history of our country, we are reminded anew of the important part that Masonry and our Masonic forefathers played in establishing and preserving the precious freedom which we enjoy today, Thos. C. Yantis, Grand Master of the Grand Lodge of Texas, has written the Wellington Lodge.

PANHANDLE PRETTIES

The can-can in pioneer Wellington? Yes, according to "Man & Land & Love" the musical saga of Collingsworth County, which is to be staged Friday night, February 20. The Panhandle Pretties from left are Linda Coffee, Kathy Patterson, Laura Gragson, Leigh Ann Jeffrey and Kim Goforth.

DO-SI-DO AS IT WAS IN WELLINGTON

These four couples will appear in folk routines during the Friday night performance of "Man & Land & Love." From left they are Lori Collins and Randall Sims, Barbara Archer and David Null, Susan Kimbro and Richard Sims, Freddie Garcia and Freddy Chambers.

Quail School Royalty Chosen At Box-Pie Supper Saturday

It was bicentennial all the way when Quail community and school named Mr. and Miss Quail High School and Grade School Saturday night.

made possible the celebration of Collingsworth County's Centennial.

Act I tells of the lure of inexpensive land which brought homesteaders to the Panhandle to try to wrestle a living from the soil.

As those early inhabitants depended greatly on the climatic elements, the very nature of this rolling plains was both an enemy and a friend. Some of the odds against the growing of crops and families were battles with bugs, blizzards, droughts, hail and rust.

Scattered dugouts and semidugout homes became the civilization in what was to remain a sparsely inhabited area until just prior to 1900. Mid-February, 1899, still rates on the record books as the coldest time in Texas history. A blizzard and a week of sub-zero temperature turned into a frozen polar state what was to become The Golden Spread.

The settling of families meant medical and education needs also increased. Range remedies were such as prickly pear polices for wounds and buffalo juices as a general tonic followed by prairie dog soup.

As the various school districts developed, they became very instrumental parts of the county's community life. The popular segment with audience participation is again being presented in Act II. New in that segment is the living American History class which portrays for Bicentennial the character framework which shaped an emerging nation. Teachers, then as now, tried to instill in the succeeding generations their ancestors' records of achievements as a challenge.

Marking Collingsworth County's "first century of culture" will be a parade of Panhandle Pretties whose ensembles will reflect the ways of living since the county's designation.

This scrapbook sampler of "How the West Was One" tells of men and women, well-known and less known, forming a tremendous teamwork endeavor which was laden with peril as well as with promise. As Emerson said, "The true test of civilization is, not the census, nor the size of cities, nor the crops, but the kind of a man that the country turns out." Certainly, Collingsworth County citizens can proudly identify with that.

This colorful ceremony was topped by the annual auction of decorated boxes, cakes and pies.

The combined entertainment brought in \$1,776.76, which will go to finance the junior-senior banquet and several school projects.

Sharon Childers and Brian Barton were named Miss and Mr. Quail High School. They are seniors. She is the

Under state law, fire trucks, after they reach a certain age, are no longer counted as fire fighting equipment, although they may be in good running condition.

Wellington's white truck will reach that point two years from now.

If it is not replaced, the city's key fire insurance rate will go up again.

Mr. Taylor and Mayor Bill Hatch estimated the cost of a new fire truck will be above \$40,000.

Mr. Wilkins made the motion to call the election, Bob Goforth seconded the motion, and these two with Gus Barton voted for the measure. Wayne Cudd abstained and Earl L. Bartlett was absent.

In other business, the council discussed the application for a certificate of compliance which it must file with the State Utilities Commission to cover its city water operation.

The purchase of a new 400,000 BTU heating unit for the large auditorium was approved. Cost of the unit was given as \$605.62, plus installation.

Mayor Hatch told of the visit of a representative of the Texas municipal league relative to a study made of 9 Texas towns under 5,000 population. The services which Wellington offers its citizens are excellent compared to the number of employees and expenditures for towns under 5,000, officials were told. Another study, more in depth, will be made.

A progress report on softball field improvements was heard. Charges made for use of the community building by private groups or by organizations was reviewed.

Entertainment will be The Liberty Singers, a group drawn from the musical, "I Love America," and includes Mrs. B.M. Sims, Mrs. Billy Wilkerson, Miss Vikki Saunders, Benny Kilgo and Gary Wofford.

The banquet will also be the occasion for the 1975 president, Sandy Parsons, Jr., to review chamber accomplishments during his year. A few weeks ago he ended his third term as head of the chamber of commerce.

He will also present special chamber awards to recipients whose names will not be disclosed until they are announced at the banquet.

Recognition will also be given the Outstanding Farmer of Collingsworth County, as selected by Salt Fork Soil and Water Conservation Districts.

The new president, Henry Wells, will present the 1976 directors and officers. At 26, he is the youngest man ever to head the Collingsworth Chamber and also the son of a two-time president, Desk-

Museum Board Organizes at Feb. 10 Meeting

The 1976 board of directors of the Collingsworth County Historical Museum completed its organization at the regular meeting Tuesday, February 10.

The new regular meeting date was set as the second Tuesday of each month.

Board members and their areas of special responsibilities are:

Dee Coleman, public relations; Dan Henard, Jr., building and grounds; Mrs. L.C. Hill, special exhibits and correspondence; Mrs. John Holton, special projects; Mrs. Wilbur DePauw and Tommy Lewis, curator's advisory committee;

Clyde Drake is president, Marshall Peters, vice-president; Mrs. Russell Yates, secretary; Mrs. H.L. Jenkins, treasurer and Mrs. Edd Henard, finance chairman.

By-laws were reviewed and policies discussed. It was voted to write a letter of appreciation to the Collingsworth County Unit, National Retired Teachers association, for the hosting the museum on Sunday afternoons for the past three months.

The board is looking forward to an outstanding year.

HISTORY AWARD RECIPIENTS

Lon Kiker of Wellington, left and Lowrie Schaub of Samnorwood received American History awards presented Sunday, February 15, by La Paisana Chapter, Daughters of the American Revolution. Kathy Guthrie of Quail could not attend.

Bell, Dr. Mark Fires and Mrs. Judy Hall.

The Reverend Charles Finley, new pastor of First Christian Church, will be the master of ceremonies and will welcome and introduce the guests and introduce the speaker.

The Rev. James Boswell will give the invocation.

Mr. Brown's sparkling style and down to earth philosophy have made him a favorite of many state audiences.

He holds degrees from Texas A&M University and has studied at Cornell, Colorado State and Utah State Universities.

A professional sociologist with the Texas Agricultural Extension Service many years, he is a recognized authority on community development and human relations.

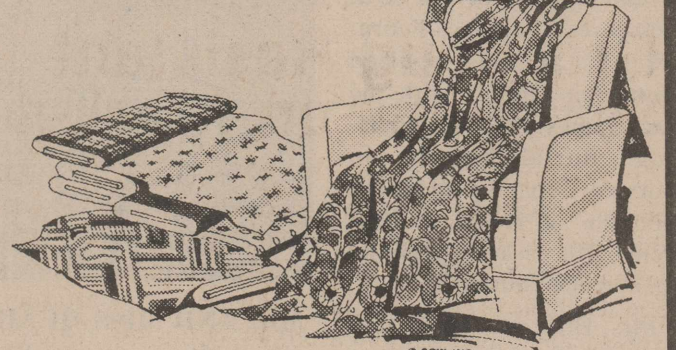

Mr. Brown has helped more than one thousand communities in programs designed to make them more beautiful, more prosperous and better places in which to live.

This gained him the name, "Mr. Community Improvement," and also won for him many distinguished service awards. He was selected as the Man of the Year in Texas Agriculture in 1968 by the Progressive Farmer Magazine.

He is equally at home in academic circles or at rural community gatherings, and most of all, he is a champion for the development of a prosperous agricultural base, as well as the acceleration of industrialization of Texas.

Greenbug Resistant Sorghums on Market

COLLEGE STATION-- Seed of sorghum hybrids that resists the attack of menacing greenbugs are now available to producers in Texas, and other sorghum producing states.

"Greenbugs are small green aphids that have been a thorn in the side of Texas sorghum growers for the past eight years," points out Dr. Mike McWhorter, entomologist for the Texas Agricultural Extension Service. "Not only have the tiny pests reduced sorghum yields substantially, but some have developed a resistance to common insecticides that provided successful control in previous years."

The greenbug threat to the sorghum industry brought about a diligent search by scientists of the Texas Agricultural Experiment Station to find plant sources that would ward off greenbug attacks. The greenbug resistant factor was uncovered in poor agronomic types and used to develop greenbug resistant parental lines of acceptable agronomic quality.

"Enough seed of the new hybrids should be available from commercial companies to plant four to five million acres of sorghum this year in Texas, Kansas and Oklahoma," noted McWhorter.

"Result demonstrations by the Extension Service in some 57 counties will play a major role in providing educational information about the new greenbug resistant hybrids to producers."

McWhorter adds the Texas A&M University System entomologist. "These demonstrations will be established in all major sorghum producing areas of Texas. They will feature a number of the hybrids normally grown in the particular areas, with the aim being to demonstrate the concept of greenbug resistance. Field days are planned to highlight the demonstration findings."

Taking a further look at the newfound greenbug resistant trait in these sorghums, McWhorter explains that the word "resistant" is a general term applied to a plant that is inherently damaged or infested less than another hybrid when grown under the same conditions. "Greenbugs will likely infest these new sorghums but will inflict less damage as long as other environmental factors are kept intact. In other words, under normal environmental conditions, greenbugs will not reduce yields of these new sorghums. This allows for the fact that beneficial insects play an important role in the overall performance of greenbug resistant hybrids. If insecticides are applied, then the environmental conditions will be changed and the advantages of resistant sorghums may be jeopardized."

McWhorter emphasizes the point about the new hybrids tolerating greenbug attacks simply to alert producers to the fact that there may be greenbugs on plants from this new seed if,

in fact, there are greenbugs in the vicinity. "It's important that producers realize that greenbugs will not back away from these new resistant hybrids. They may still infest the plants but the plants will resist their attack."

The resistance mechanisms bred into the new hybrids are generally threefold: (1) tolerance--the plants will tolerate greenbug attacks, (2) antibiosis--the plants affect the life cycle of greenbugs that feed on them, causing certain abnormalities, reducing reproduction and increasing mortality, and (3) nonpreference--the greenbugs simply do not like these new sorghums as well as those without the resistant trait.

According to McWhorter, the new greenbug resistant sorghums can have a big economic as well as ecological impact on Texas agriculture. "Sorghum yields have been significantly reduced by greenbugs in certain areas, and these new hybrids should help reduce such losses. Just as important is the fact that the new hybrids will hopefully reduce the widespread use of insecticides to control greenbugs. This should reduce production costs as well as allow beneficial insects to thrive and to function as nature has intended."

Greenbug resistant sorghums are a tremendous breakthrough and fit well in an overall pest management program. It is now up to producers themselves to make them work.

MRS. MICHAEL LYNN BELEW

Michael Belew, Debra Long Wed in Saturday Ceremony

First United Methodist Church was the setting for the wedding of Miss Debra Anne Long and Michael Lynn Belew on St. Valentine's Day, Saturday, February 14, at seven in the evening. The Reverend Roy Collins, pastor of First Baptist Church, officiated at the candlelight ceremony.

Parents of the couple are Mr. and Mrs. Billy Ray Long, 1611 Corsicana Street, and Mr. and Mrs. Herman Belew, 1502 Graham Street. Centered before the lighted altar cross was a heart intertwined with English ivy. Votive candle trees were on each side, and a white prayer bench, holding the couple's unity candle centered the arrangement. Double aisle candles with blue bows extended the length of the bridal aisle.

Wedding music was presented by Mrs. Lynn Emmert, organist, who also accompanied Mrs. B.M. Sims and Mrs. Billy Wilkerson, vocalists.

The bride wore a floor-length gown of Chantilly lace over bridal taffeta, designed with a sabrina neckline and Camelot sleeves, a natural waistline and bouffant skirt. Rows of ruffles on the skirt fell in waterfall fashion. Tiny sequins enhanced the neckline. The full back of the gown ended in a sweeping chapel length train. Her mantilla veil of imported illusion fell from a lace coif, and she carried a bouquet of a white orchid surrounded by stephanotis, rosebuds and baby's breath on a white bridal Bible.

Attending the bride were Miss Patti McAlister, maid

of honor, and Miss Cheryl Spillman, Miss Juliana Baumgardner and Mrs. Leon Parker, bridesmaids.

Their dresses were of light blue lace over blue taffeta, with scalloped floor-length skirts, empire waists and Camelot sleeves. Streamers from royal blue velvet bows were floor-length. Their matching picture hats were of blue lace, trimmed with royal blue velvet roses, lovers knots, and streamers. They carried bouquets of the same lace surrounding royal blue velvet roses, accented with tiny ribbons and love knots.

Jerry Bowen of Amarillo was the bridegroom's best man and groomsmen were Benny Stallings of Amarillo, Lynn Fulcher and Leon Parker of Wellington. Ushers were Barry Allan Long, the bride's brother, Alton Belew, the bridegroom's cousin, and Brent Wade of Canyon.

Candles were lighted by Michael Brent Long, the bride's brother and Connie Langford, the bridegroom's cousin. Scattering flowers along the bridal aisle was Soni Clement, and Bobby Wilkerson carried the rings.

After the ceremony, Mr. and Mrs. Long entertained with a reception in the church dining hall.

The bride's table was laid with a white cutwork linen cloth over satin, which belonged to her great-grandmother, the late Mrs. J.M. Crews of Childress. The sterling silver tea service also belonged to her. Other appointments were silver.

The groom's table was laid with an ecru cutwork cloth

Two Clubs Win State Honors in Bicentennial Slogan Contest

Two Wellington Clubs, members of Texas Federation of Women's Clubs, were state winners in the "Slogans USA" contest, and will now compete in the national level, according to Mrs. Mary Margaret Roberson of Dallas, the Texas Federation Bicentennial chairman.

They are the 1924 Study Club, with Mrs. Sam Adams as president, and the Juniorette club, Ko Shari, with Suzy Patrick president.

Their entries were studied by a 5-woman committee whose members are active in local, district and state levels of Texas Federation of Women's Clubs and the Freedoms Foundation at Valley Forge, Penna.

Mrs. Roberson announced that the winner from the general club membership, the 1924 Study Club, had as their entry a miniature outline of the United States in red ink, with the words:

Club Served Fondue Dishes

Samnorwood Young Matrons met Thursday, February 5 in the home of Mrs. Richard Bentley.

Mrs. Joe Knoll presided over the business session.

Miss Judy Barber, the home economics teacher, prepared and served fondue dishes for the members. She was assisted by two

"The ME in AMERICA." written inside the outline in red and blue letters.

Below the outline were these words, "Cherishing the past. Conquering the present. Challenging the future."

The winner for the Juniorette member, Ko Shari, was an outline of the USA with the words, "The U in USA," in red and blue ink.

Directly below the U, on 3 lines, were "Utilizing Past Dimensions, Using Present Progress and Uniting Future Horizons."

Although ironically both entries came from the same city, judges of the contest did not know who any of the entries were.

These entries will represent Texas in the national contest.

Both 1924 Study Club and Ko Shari are members of the Top of Texas District, Texas Federation of Women's Clubs, and Ko Shari is the state's newest junior club.

students, Cindy Coleman and DiAnna Schaub.

Those present were Mrs. Jimmy Breeding, Mrs. Sam Carter, Mrs. Donald Coleman, Mrs. Knoll, Mrs. James Martindale, Mrs. J.H. Oldham, Mrs. Rudy Tate, Mrs. Douglas Coleman, Miss Barber, Cindy Coleman, DiAnna Schaub and the hostess, Mrs. Bentley.

The club presented a gift to Miss Barber.

LINDA COFFEE

Linda Coffee Competes in Texas Teen-Ager Pageant

Linda Coffee, 17, daughter of Mr. and Mrs. John Coffee has been selected a finalist in the 1976 Miss Texas Teen-Ager Pageant to be held at Astroworld, Houston, March 19, 20 and 21. The Miss Texas Teen-Ager Pageant is the official state finals to the Miss National Teen-Ager Pageant to be held in Atlanta, Georgia in August, 1976. Jana Lou Collard of Dalhart, 1975 Miss Texas Teen-Ager will crown the new Queen.

Contestants from all over the state will be competing for the title of Miss Texas Teen-Ager. The reigning Miss National Teen-Ager is Kimberly Ann Jensen, Caldwell, Idaho.

Each contestant accepted will be requested to participate in the Volunteer Community Service Program of the National Teen-Ager Pageant. This teaches teen-agers to share and to participate in school and civic affairs.

The winner of the Miss Texas Teen-Ager Pageant will receive a scholarship, other prizes and an all-expense paid trip to compete in the Miss National Teen-Ager Pageant in Atlanta. \$10,000 in cash scholarships will be awarded at the National Pageant. Contestants will be judged on scholastic achievement-leadership, poise-personality and beauty. There is no swim suit or talent competition.

FEBRUARY BIRTHDAY HONOREES

The five seated around the table, on which is a Valentine decorated cake, are residents of Thomas Nursing Center who had birthdays in February. They were honored at a party Thursday, February 12. They are Mrs. Alice Young, left, Mrs. Fred Brown, Mrs. G.C. Graham, Mrs. Irene Hemphill and Lillian Smith.

Abra Club Meets Fri.

Abra Home Demonstration Club met in the home of Mrs. Pat Bradley Friday, February 13.

The president, Mrs. W.R. Breeding, conducted a short business session. Roll call was answered by telling "My favorite way to show someone I love them". The members drew names for their secret pal for the coming year. They discussed inviting another club to visit them.

The group helped one member finish a project she had started earlier and visited the remainder of the afternoon.

The hostess served a refreshment plate to Mrs. Wayne Laycock, Mrs. Ed Brown, Mrs. Breeding, Mrs. C.H. Caperton, Mrs. Lois Jones and Mrs. Wood Coleman.

1954 Study Club Holds Friendship Salad Luncheon

A Friendship salad luncheon was held by the 1954 Study Club Thursday, February 12 in the home of Mrs. Cal Hurst, the friendship chairman. She was assisted by the executive committee.

Mrs. Hurst welcomed the guests and Mrs. R.L. Templeton led the club collect.

The serving table was laid with a white cloth and a large Uncle Sam hat which held red, white and blue broom weed centered the table. Identical miniature hats decorated each of the smaller

Dodson Club Sees Macrame

Dodson Home Demonstration Club met in the home of Mrs. Bob Cochran in the Arlie Community recently for a demonstration of macrame making. This was presented by Mrs. Lynnel Black.

Mrs. Vincent Hernandez then read the history of the Home Demonstration Club.

Members answered roll call with "My favorite way to show some one I love them."

Mrs. Howard Elbert read the devotional, Mrs. Wayne Reynolds gave the home demonstration council report, and Mrs. Thurman Crownover the secretary's report.

Mrs. C.E. Hightower was elected the club delegate to the district meeting to be held later in Perryton.

Valentine decorations were used.

Refreshments were served to Mrs. Hernandez and Tommie, Mrs. Purl Tippie, Mrs. Reynolds and grandson, Bruce Jones, Mrs. Elbert, Mrs. A.V. Lowrie, Mrs. Crownover and granddaughter Dede Hudspeth, Mrs. Black and daughter Leslie, and a visitor, Mrs. Don Wilks and daughter Denise, and the hostess, Mrs. Cochran, Gaylon and Lesia.

HDC Salad Luncheon Fetes Midway Club Thursday

Lillie Home Demonstration Club entertained the Midway Club with a salad luncheon Thursday, February 12 in the Heritage Room. Mrs. John Alf Thomas acted as hostess.

Mrs. Thomas led in prayer and Mrs. Malcolm Horton read the scripture. Mrs. Bill Hill, Lillie HDC president, directed the business meeting, and roll call was answered by giving ways to show love to one another.

Mrs. Zook Thomas presented the program showing the new spring materials and ways to use them. She demonstrated the use of the three way pattern and presented new ideas on the new styles and new dress lengths. Mrs. Thomas also explained ways to use trims and laces and other materials that are popular this year.

The materials for the program were furnished by Fabric and Ready to Wear.

Mrs. Jim Boswell announced a stretch and sew class could be held in Wellington if enough women were interested.

Mrs. Horton gave the council report, stating that the district meeting will be held March 25 in Perryton. Mrs. Zook Thomas was elected as a nominee for delegate. The Lillie Home Demonstration Club meeting for that day will be cancelled.

Mrs. Lowell Wells led the recreation using a Valentine theme.

Guests from the Midway Club were Mrs. Cecil Masten, Mrs. Boswell, Mrs. Russell Hill, Mrs. David Peters, Mrs. Virgie Jones and Mrs. Mattie Childress.

Members present from the Lillie Club were Mrs. Haskell Manuel, Mrs. Bill Lindsey, Mrs. C.R. DeArmond, Mrs. Earl Yarbrough, Mrs. Clyde Emmert, Mrs. Ione Jones, Mrs. Dudley Phipps, Mrs. Jim Lowe, Mrs. Fred Yarbrough, Mrs. Horton, Mrs. Wells, Mrs. Earl Hunter, Mrs. Elmer Haralson, Mrs. Zook Thomas, Mrs. Bill Hill, Mrs. Anita Blanton and the hostess, Mrs. John Alf Thomas.

Dr. and Mrs. Jim Axe, Lori and Heather of Lubbock and Mrs. Floyd Dickey of Dimmitt were guests of Mr. and Mrs. Joe Thompson over the weekend. Mrs. Dickey and Mrs. Thompson attended the funeral of Claude Thompson in Altus, Oklahoma Monday, February 16. He was the brother of Joe Thompson.

Mr. and Mrs. Morris W. Brown of Bethany, Oklahoma visited her father, E.U.B. Lockhart, last week.

Mrs. Lowry Hosts DKG

Mrs. Jack Lowry was hostess at her home, 1100 Bowie Street, at a Valentine luncheon Saturday, February 14, for members of Gamma Kappa Chapter of Delta Kappa Gamma.

Miss Mabel Mongole of Clarendon gave the invocation.

Afterwards, the chapter research committee presented the program, with Miss Tops Gilreath, Hall County School Superintendent discussing "Changing Attitudes Toward Woman's Role."

A white elephant sale followed the program and approximately \$75.00 was given to the scholarship fund.

Twenty members were present from Hall, Donley, Childress and Collingsworth Counties.

Joining Mrs. Lowry as hostesses were Miss Bonnie Willis, Mrs. Charley Hill, Mrs. Chester White, Miss Maudie Coffee, and Mrs. Rufus Sweat.

J.H. Oldhams Host Dinner

Guests of Mr. and Mrs. J.H. Oldham of Samnorwood have been his sister, Mrs. Don Flora and her two daughters, Holly and Shelly of Villa Park, California.

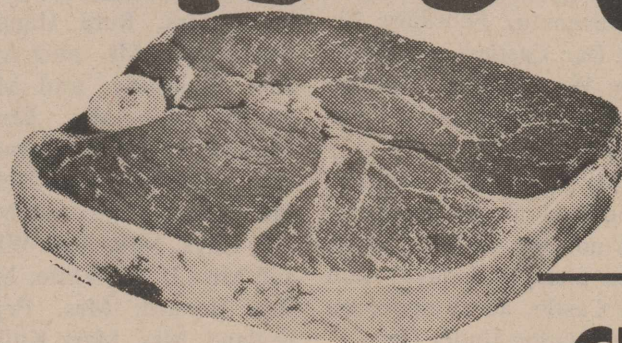

She also visited her mother, Mrs. John Oldham of Shamrock.

On Saturday evening, Mr. and Mrs. J.H. Oldham were hosts at a family dinner in their home.

Besides Mrs. John Oldham, those attending were Mrs. Flora, Holly and Shelly, also Mr. and Mrs. Dusty Oldham of Wichita, Kansas, Mr. and Mrs. Michael Oldham of Shamrock, Miss DiAnna Schaub, Clinton Oldham and Clifford Oldham, and the hosts.

MRS. ZOOK THOMAS MRS. MARK KILLIAN

Two B&PW Members Compete In District Honors Program

Two members will represent Wellington Business and Professional Women's Club in the annual district honors competition, Mrs. Dudley Phipps, president, has announced.

Mrs. Zook Thomas is the club's nominee as Outstanding Business Woman, and Mrs. Mark Killian is the Outstanding Young Business Woman.

Leatha Thomas is the wife of County Judge Zook Thomas and is employed as clerk and bookkeeper for Fabric and Ready to Wear. The Lillie community has been her home for almost the entire time since she and Judge Thomas were married June 22, 1932. She was reared at Ralls.

While her husband was a vice-president of City State Bank, she took courses offered by the American Banking Association in typing, bank management, business law, principles of bookkeeping and bookkeeping. She has also had courses in first aid, and religious training.

Mrs. Thomas is a member of First Christian Church, Chapter 238, Order of the Eastern Star.

In B&PW, to which she has belonged since 1961, Mrs. Thomas has served as president, vice-president, reporter, secretary, and hospitality chairman.

She is also a past president of First Christian Church Women's Council, of Belles

Lettres Club, Quail Friendship and for two years she was president of the City Federation of Women's Clubs. She has held several offices in Lillie Home Demonstration Club.

Much of her time goes into volunteer work with the Satellite Training and Work Center, Community Action, RSVP, Manpower, her church and Wellington Cemetery Association.

Mrs. Killian is deputy tax assessor and collector for the City of Wellington, a post she has held three years.

The former Phyllis Ann Thomas, she is the daughter of Mrs. Virginia Thomas, and has lived in Wellington most of her life. Since she and Mark Killian were married, November 4, 1972, they have lived on their farm southeast of Wellington.

She is a graduate of Wellington High School and attended Clarendon College and West Texas State University.

She is active in the work of First Methodist and belongs to the Pathfinder group of United Methodist Women.

Phyllis Thomas is one of the active and upcoming younger members of B&PW and she also belongs to Wellington Young Homemakers.

She works actively in the Red Cross and especially with the Red Cross Bloodmobile on each of its visits here.

VOLUNTEERS

Mrs. Sandown Smith and Oliver Young were honored at the Valentine Party Thursday, February 12, for their volunteer service to Thomas Nursing Center. Both represent the Senior Citizens Organization and RSVP.

Future Homemakers Host Sweetheart Banquet Sat.

The Wellington High School Chapter of Future Homemakers of America hosted a Sweetheart Banquet on Saturday night, February 14, in the Bura Handley Community Center.

Senior chapter president Linda Coffee welcomed those in attendance and introduced chapter parents and advisors. Tami Boswell gave the invocation after which a buffet meal was served.

Special guests were chapter parents Mr. and Mrs. Gary Archer, Mr. and Mrs. John Dodge, Mr. and Mrs. Farris Wood, Mr. and Mrs. Leo Popwell, and Mrs. P.M. Scott, Wellington Home-making Teacher.

Future Homemakers and

their dates attending were Kim Judd, Harold McKinney, Tami Boswell, Robert Burba, Kay Coffee, Mark Booth, Kathy O'Rear, Carla Seitz, Ernest Moody, Brenda Willis, Tony Martinez, Peggy Popwell, Allen

Sanders, Susan Kimbro, Alicia Terry, Denise Archer, Jeff Hanna, Terrie Vassey, Tony Cox, Debbie Stallings, Bruce Blanton, Connie Langford, Dickey Moore, Klette Camp, Danny Morris, Darla Dodge, Kelly

Mark Hoffarth, Sheila Gray Marry in WTSU Hill Chapel

Sheila Anne Gray and Mark Ray Hoffarth were united in marriage Sunday, Jan. 25, in the Joseph A Hill Memorial Chapel on the campus of West Texas State University. The Rev. James Hancock of Canyon officiated.

The bride is the daughter of Mrs. George Gray of Channing. The bridegroom, who formerly lived here, is the son of Mrs. Lucille Hoffarth of San Antonio and E.L. Hoffarth of Gladstone, N.M. He is the grandson of Mrs. M.C. Zeck and the late Mr. Zeck.

Jodi Hefley served the bride as maid of honor. Matron of honor for the bride was her sister, Mrs. H.J.

B&PW Members Hear Utility Official at Guest Banquet

Business and Professional Club members held their annual guest banquet Tuesday evening, February 10, with Dan Castles, an official with West Texas Utilities Company, Abilene, as the guest speaker.

"My God is the venture-some God of the prophets, and not the God as he is often pictured today," said Mr. Castle, as he spoke on "One Nation Under God."

"As a man thinketh in his heart, so he is, and we've got to think righteousness. It seems now there is a breaking down of people's minds, which causes them to do the things they do."

"There is a whim going over the United States of meditation. If we would take 20 minutes a day to think about things, it would help us all. If we don't have good leaders, we do not do right."

"The United States has probably been the luckiest nation in the modern world in the selection of its leadership," Mr. Castles continued. "Leadership started with George Washington. Patriotism is another form of worshipping a higher being."

Musical entertainment was by the Harmonettes of Hollis, Okla., and included Susy Brown, Glenda Caswell, Mildred Cummings, Terri Graves, Sherry Hudspeth and Kay Ivey.

Chairman of the public relations committee, which hosted the banquet, was Mrs. Bura Handley and members were Mrs. Melvin Cardwell, co-chairman, and Mrs. Rufus Sweat, member.

Mrs. Handley introduced the speaker.

The club members and their guests were Mrs. Melvin Cardwell and Mrs.

Clark of Dimmitt. Julianna Hoffarth of Nacogdoches and Sherry Finstad of Vancouver, Wash. were bridesmaids. Candle lighters were Jerri Ka Clark of Dimmitt and Tanja Gray of Odessa.

Attending the bridegroom as best man was Ronald George. Groomsmen included Leslie Goodin, Carl George and George K. Gray, brother of the bride from Odessa.

The bride is a student at West Texas State University. Hoffarth attends the University of Maryland College Park.

Going from here to the wedding were Mrs. Zeck, Miss Nannette Young and Jackie Black.

MARIANNE MORGAN

Marianne Morgan Crocker Family Leader of Tomorrow

Marianne Morgan has been named Wellington High School's 1976 Betty Crocker Family Leader of Tomorrow. The student won the honor by scoring high in a written knowledge and attitude examination administered to high school seniors here and throughout the country Dec. 2. The Family Leader will receive a certificate from General Mills, sponsor of the annual Betty Crocker Search for Leadership in Family Living and becomes eligible for state and national honors.

Marianne, 17, is a member of Wellington High School Beta Club, has participated in high school speech class productions, and placed third in the Regional UIL informative speaking contest at Lubbock in the spring of 1975. All of her school work has been here.

A talented young vocalist, she studies with Benny Kilgo. Marianne sang in the Easter cantata, "Let Love Live," and is a soloist in "I Love America." She has appeared in the Junior Class talent show.

Marianne is the daughter of Mrs. Deanna Roberts Morgan and Sam D. Morgan of Wellington.

From the ranks of all school winners in the state, a State Family Leader of Tomorrow is selected through judging centered on test performance and receives a \$1,500 college scholarship. The second-ranking student in the state will receive a \$500 scholarship. Encyclopedia Britannica Educational Corporation will present "The Annals of America," a 20-volume reference work, to the state winner's school.

Dodson Civic Club members heard a program on "The History of Our Flag," by Mrs. Lynvel Black Thursday, February 12. Mrs. B.B. Martin was hostess in her home and Mrs. Louis Patterson was co-hostess.

Mrs. Black, assisted by Mrs. Thurman Crowover, showed flags she had made, representing all those that had flown over the nation and gave the story of each.

A crocheted flag made by Mrs. Weldon Sexton was displayed.

Mrs. Fred Boyd, vice president, presided, Mrs. Crowover led the roll call and Mrs. B.T. Webb read the club collect, and Mrs. T.E. Lennon read the club minutes.

Mrs. Martin reviewed the work of the last year, and Mrs. Webb gave the closing prayer.

Attending were Mrs. Lynvel Black, Mrs. J.C. Howell, Mrs. Lennon, Mrs. Sherrill Beanland, Mrs. Boyd, Mrs. Clarence Black, Mrs. Grover Graham, Mrs.

B.T. Webb, Mrs. Hildreth Charlton, Mrs. Purl Tippie, Mrs. Crowover, and the hostesses, Mrs. Patterson and Mrs. Martin.

Iodine Essential For Good Health

Iodine is an essential mineral, but "a little bit goes a long way," Mrs. Sally Coble, a foods and nutrition specialist, says.

"Lack of iodine causes goiter, an enlargement of the thyroid gland on the front and sides of the neck. But recent studies indicate some people with high levels of urinary iodine, reflecting a high iodine intake, also have evidence of goiter," the specialist said.

"Traditionally, iodized salt and seafood have been the major sources of dietary iodine in the American diet. But today's new technology in food processing may be making more iodine available in foods."

Need for "Business Diplomats" Studied

AUSTIN--If you're an American businessman selling tractors (etc.) to Finland (etc.), you need to be more aware of international political, economic and social factors.

Dean George Kozmetsky of The University of Texas College of Business Administration will look into exactly that problem as he serves on a national task force assessing the educational needs of U.S. "business diplomats," the international executives.

The task force will examine ways in which universities can inject more intercultural understanding into the training of future business managers.

The Veterans Administration's National Cemetery System has announced plans for new cemeteries in Massachusetts, California, Pennsylvania and Virginia.

FARMERS UNION MEMBERSHIP DRIVE

State Farmers Union President Jay I. Naman, left, confers with Carroll Nunnelley, Collingsworth County Farmers Union president, during a membership drive last week.

Farmers Must Take Case to Consumers, Naman Declares

State Farmers Union President Jay I. Naman told local Farmers Union members here Wednesday, January 11 that farmers must ultimately take their case to the consumer in order to get favorable legislation from the federal government.

Eighth Grade Girls Lose 2-A By One Point

Wellington eighth grade girls lost their bid for the District 2-A basketball championship by one point to Claude Monday evening, February 16.

The deciding game was the playoff between the east and west zones, and action was on the Clarendon High School court.

Coach Bruce Dollar said play was even through the game with never more than three or four points separating the teams.

Wellington led 11-10 and 25-22 during the first two quarters, then trailed 40-37 and 48-47 in the last two. Wellington girls had the last chance at a goal and missed.

"Claude girls have a good team, and both played as well as they could. They were as evenly matched as you can get for the district championship," said the coach.

Suzy Chandler led Wellington scoring with 28 points; Tammy Hernandez had 10; Jennifer Pendleton 9. Welchel scored 22 for Claude.

Wellington girls finished with a 13-4 season record and were 6-0 in zone play. In this zone with Wellington are Wheeler, Shamrock and McLean.

This is one of the better junior high teams Wellington has had in several, according to Coach Dollar. "Our basketball program is just now getting started and everything is ahead for us. They are all young players, and in another year or two we will be in there with everybody else."

Players include Jennifer Pendleton, Tammie Hernandez, Suzy Chandler, Melanie Watts, Karen Goforth, Kandi Ford, Molly Gonzales, Wanda Thomas, Tammy Sanders, Terri Thomason, Patricia Parker and Shari Bailey.

Wellington 8th grade boys finished their season with a 7-7 record and were second to Shamrock in Zone play.

Team members were Dane Dodge, Marty Warrick, Robert Powell, Mike Thomas, Baldo Nevarez, Richard Archer, Jeffrey Camp, Kirk Patterson, Jerry Henry, Jessie Garcia and Kevin Needham.

Naman said recently released figures showed that the American family paid \$1,876 for food in 1975, an increase of \$126 over the 1974 amount. Farmers received only \$31 of the increase, Naman said.

"The government is saying to the farmer 'produce, produce, produce', but at the same time saying 'you may lose your export markets at any time'," Naman said.

Naman said he was particularly concerned with proposals in the Ford administration budget that would reduce federal fund-

ing for price supports, the Rural Electrification Association, and the soil conservation programs. He said reductions in the soil conservation program were disturbing at a time when "dust-bowl conditions are developing in Kansas and Oklahoma."

The Farmers Union will hold its annual "Fly-In" February 23-26, where farmers from across the nation will visit with every Congressman and Senator. The national Farmers Union convention will be held in New Orleans on March 14.

Students Place High In Childress Meet

A group of Wellington High School Students attended the Childress Invitational meet Saturday, Feb. 14, with students of 11 schools attending.

Those participating will be in University interscholastic League literary competition in early April.

Students at Childress represented schools from A to AAA level, and all competed together.

Three students from Mrs. Raymond Hodge typing class were among the top four in typing competition. Kloette Camp placed first, Margie

Dixon, third and Penny Morgan, fourth.

Among Mrs. Bob McAllister's speech students, David Null ranked third in informative speaking and Tina Powell third in persuasive speaking.

Kim Cannon was in the finals in informative speaking and Robert Burba the semi-finals of poetry interpretation.

Other students participating were Debbie Hicks and Stacey Neeley, poetry interpretation; Suzy Castleberry, informative speaking; and Kay Coffee persuasive speaking.

Four-H Food Show To Be February 29

Interested 4-Hers will focus on typical foods of Early America when the Collingsworth County 4-H Food Show gets underway February 28, with twenty-five competing in senior and junior divisions.

Following the "Heritage Foods" theme, local youth will prepare main dishes, side dishes, breads and desserts, or snacks and beverages and they choose one of the four-entry classes for competition.

Food entry exhibits will be on display for the public from 3:00 to 4:00 p.m. at the Greenbelt Electric Cooperative.

Youth ages 14-19 will compete in the senior division, while the junior division contest involves ages 9-13.

"Because our foods program emphasizes nutrition, contestants will be asked to demonstrate knowledge of nutrition, meal planning, food buying and meal service as well as the ability to prepare food."

Collingsworth County 4-H Food Show is sponsored by the Texas Agricultural Extension Service, The Texas A&M University System and

The Morrison Milling Company, Denton, Texas.

Revival Opens At Nazarene Church Feb. 23

Revival services at First Church of the Nazarene will be conducted Monday through Sunday Feb. 23 to 29. Rev. Johnny Harrison, pastor of the church will be the evangelist. He has been pastor in Wellington since August.

Services will be at 7:00 p.m. each evening and 11:00 a.m. and 6:00 p.m. Sunday.

Rev. Harrison is considered to be an evangelistic preacher, emphasizing the fundamental doctrines of the Bible. Rev. Harrison has been in the ministry for 15 years.

E. Bruce Wade of Dallas will be the song evangelist. He has been active as a song evangelist and music director in Texas for 25 years.

Mr. Wade has been a member of the Westernaires Quartet for 14 years and has been influential in organizing 7 new churches, said Rev. Harrison. He attended Bethany Nazarene College and has been in religious work since 1944.

Seventh Grade Girls End Year With 8-0 Record

Wellington Seventh Grade Basketball team ended its season recently with a perfect record--8 victories and no losses, Coach Ronny Glenn has announced.

The final game was a 39-8 win over Shamrock. Kathleen Reeves was the high point player with 20 points, while LaVonda Thomas had 8, Sandy Morris 6, Touni Archie and Varieta Simon, two each and Liz Brewer one. Lynn Dryer led Shamrock's scoring with three points.

A game with McLean seventh grade was cancelled by McLean.

The Wellington girls scored 323 points during

their 8 games and held their opponents to 107 points. Two of their games were with teams made up of both seventh and eighth grade girls.

The seventh grade does not play on a district basis, but most of its games are with schools in District 2-A.

Team members this year have included Kathleen Reeves, Sandy Morris, LaVonda Thomas, Liz Brewer, Touni Archie, Verita Simon, Mary Sue Thompson, Lynna Nunnelley, Sylvia Hunnicutt, Beverly Ellifritz, Stacey Weatherly, Barbara Reynolds and Vennette Fitzgerald.

An illustration of our Cancer Indemnity Policy

BECAUSE...Cancer has all the expenses of any illness. It can also have, in many cases, its own expensive requirements for hospital confinement, treatment, surgery, medication and other costs. A cancer policy which pays without regard to other insurance coverage you have is a logical solution to the extra expenses cancer can bring.

Our policy contains these features:

- Guaranteed renewable for life at rates in effect at renewal. Your rate can never be changed because of age or physical condition. Your policy cannot be cancelled as long as you continue timely premium payments!
- No age limits!
- Weekly \$50 indemnity benefit and 10%-of-claim indemnity benefit in addition to other benefits!
- Pays without regard to other insurance you have with other companies!
- No reduction of benefits because of age!
- No health limitations if you have never had cancer!

Lions Speaker Tells of Home Energy Use

Wellington Lions Club had as guest speaker Monday, Feb. 9, Miss Betty Haynes, consumer information specialist for Lone Star Gas Co., Wichita Falls.

Using a film strip as part of her presentation, Miss Haynes discussed conservation of natural energy in the home. She gave a number of hints for insulating and other methods of conserving energy.

During the business session, with Joe Montgomery presiding, members voted to furnish a pair of glasses to a needy Wellington child, and to sponsor a child at the Crippled Children's Camp in Kerrville during the summer.

WTSU Will Honor Outstanding Woman

WTSU--The presentation of Texas Panhandle Distinguished Service Awards will be the focal point of the West Texas State University Women's Program Committee Bicentennial Luncheon April 24.

The purpose of the luncheon, according to Dr. Enid Bates, WT women's advisor, will be "to acknowledge the part that women have played in the development of the Texas Panhandle."

The committee is now seeking women nominees in the top 32 counties of the Texas Panhandle who are currently distinguishing themselves by outstanding business, professional or volunteer service.

Individuals and organizations may nominate any deserving woman 18 years of age or older. The nominee does not have to be a graduate of WTSU. "We are sending out the award's criteria and nomination forms to organizations in the Panhandle," Dr. Bates said. "If someone does not receive a form and would like to nominate an individual, please let us know."

Nomination forms may be obtained from the WT Women's Office, and must be received by midnight, April 5.

Women may be nominated from the counties of Armstrong, Bailey, Briscoe, Carson, Castro, Childress, Collingsworth, Cottle, Dal-

New Date Set For Annual Tiny Tot Program

A new date has been set for the 1976 Tiny Tot Revue, sponsored annually by the 1954 Study Club.

It will be held Tuesday night, May 20, with the time and other arrangements to be announced later, according to Mrs. R.L. Templeton, an officer.

It was impossible to hold the revue before Easter, as is the tradition, due to a conflict with another event.

RECOVERED PICKUP

CB Radio Helps To Recover Pickup

A pickup stolen at Perryton was recovered about three miles south of Lutie Tuesday, February 10, after the driver went through a radar check at 102 miles per hour.

Sheriff John Rainey identified the driver as Everett Daniel Rhudy of Sherman.

A driver using a CB unit first alerted Deputy J.R. Nelson, who was on patrol duty, of the pickup traveling at excessive speed and forcing other drivers off the highway.

Nelson spotted the pickup about two miles south Lutie and pursued it for a mile before bringing the driver to a stop. Rhudy offered no resistance, the sheriff said.

sales tax," he said.

The Comptroller said the confusion may exist because the legislature exempted from the sales tax certain purchases made by Bicentennial groups.

"No tax is due on items they buy and actually use themselves in commemorating the country's 200th birthday," Bullock said. "But the things they sell to other persons--belt buckles and hats and flags, for example--have got to be taxed."

He said sales tax permits are easily obtained at any of the comptroller's 36 district offices around the state.

cations network revealed to the Sheriff's Department in approximately one minute that this was a stolen vehicle. The owner is listed as Linda Mills of Booker. Rhudy was released to Perryton officers Tuesday night.

Sheff Rainey said the man has served a sentence at the Texas Department of Corrections for burglary from Wichita County, and he has been charged with theft, armed robbery and burglary.

Farmers Income Tax Deadline March First

DALLAS--Certain North Texas farmers have until Monday, March 1, to file their federal income tax return and pay any tax due, according to a Dallas official of the Internal Revenue Service (IRS).

A.W. McCanless, IRS district director for North Texas, said today that farmers who did not file a declaration of estimated federal income tax by January 15 should file their 1975 tax return and pay all tax due by March 1 to avoid a possible penalty.

Farmers, for federal income tax purposes, are defined as those persons who earned at least two-thirds of the 1975 gross income from farming.

City Receives \$3,197 Sales Tax Rebate

The City of Wellington has received a sales tax rebate check in the amount of \$3,197.14, for the month ending January 30, 1976.

The period allocation was \$3,425.44. From this a service of \$68.51 and the usual 4.76 per cent, \$159.79, were retained.

Comptroller Bob Bullock mailed monthly city sales tax rebate checks totaling \$11.3 million to 741 cities and towns Friday, February 13, bringing to \$22.7 million the amount rebated to cities so far this year.

At the same time, Bullock issued a word of caution to the hundreds of organizations formed to celebrate the nation's bicentennial.

"Many of them don't realize that if they sell trinkets or souvenirs, they've got to have a sales tax permit and collect and remit the

Jessie Red, well-known black man, was killed on the Homer Ingram farm by a

man identified as Joe Brown. Red had killed his wife two years earlier.

Professor L.F. Sheffy was collecting material from the Wheeler county commissioners court records of 1879 concerning life on the frontier which would be valuable to him in writing his history of the Panhandle.

"The sheriff might drink and the jury might gamble--and such things were frequently done--yet the officials had a peculiar code of honor and fair play to which they adhered strictly. If a man killed another in a fair fight, where both parties had equal chances, he might go unpunished. But let him sneak upon a defenseless neighbor and harm him and he was given the limit of the law."

Wheeler county at that time was the only Panhandle county organized.

Prof. Sheffy, a former Wellington school superintendent, was a professor at West Texas State Normal, Canyon.

The board also approved expenditures of funds to bring an artist-in-residence in the visual arts next fall, and one in theatre for spring, 1977.

The artist-in-residence at WT this spring will be Ross Lee Finney, a composer in the University of Michigan Department of Music. Finney will be on campus April 21 through 23.

The Friends of the Fine Arts reaffirmed their policy of supporting the faculty performance series, which provides presentations and recitals of WT faculty to fine arts organizations in Panhandle communities, Green noted.

"And the Friends of the Fine Arts is planning to hold a reception for its members in conjunction with one of the performances of the musical, '1776' in mid-April," Green said.

Chairman of the board is Ray Johnson, Jr., of Amarillo, vice-chairman is Mrs. Sherwood Blasdel of Canyon, and secretary, Mrs. Sam Crain of Amarillo. Vegetable Garden Must Have Early Planning

COLLEGE STATION --- The success of a vegetable garden depends largely on the amount of planning that goes into it, says Sam Cotner, a horticulturist with the Texas Agricultural Extension Service. And the time to start planning is now.

"The first step in planning a garden," says Cotner, "is selecting a site. Locate the garden in an area that gets plenty of sun and has loose, fertile and well-drained soil. Try to avoid poorly drained areas, rocky ledges or soil infested with Johnsongrass and other weeds."

The closer the garden is to the house, the easier it will be to check regularly and to bring in vegetables," points out Cotner. "Regular checking is important to detect insect and disease problems and to determine the need for watering. It's also handy to have the garden located near a water outlet."

The Texas A&M University System horticulturist recommends a garden size of

about 20 feet by 20 feet for an average size family.

"After deciding on the garden's location, select the vegetables you want to plant. The only things limiting the type of vegetables you plant are space and soil conditions," notes Cotner.

The next step in garden planning is to make a diagram of the garden and prepare an information chart. The chart should tell such things as the kinds of vegetables to be planted, the distance between rows and plants, the amount of fertilizer to be used, the time of planting and any other information that might be helpful.

"Set up goals and deadlines and stick to them," advises Cotner.

Detailed gardening information is available at any county Extension office to help you "grow your own groceries."

We know your gas bill has gone up. But ours went up \$166,189,000!

Lone Star's annual gas bill is *four times* what it was just five years ago. The average price Lone Star has had to pay producers for the gas we buy has gone up to about *two-and-one-half times* what we were paying just one year ago.

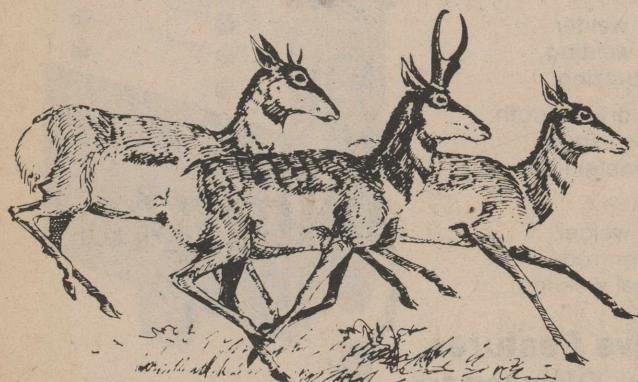

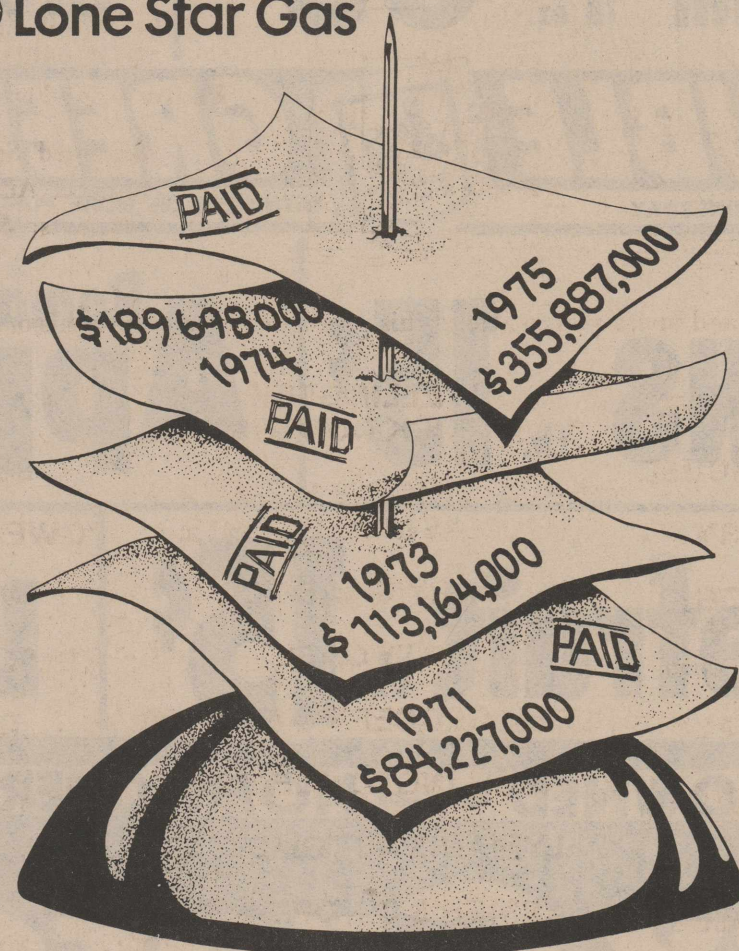

Because Lone Star must pass on these gas cost increases, your gas bills this winter are substantially higher than they were last year. And further rate increases are required to cover our cost of service. We know you don't enjoy paying these higher utility bills, but we have no other choice. And we believe you would rather have natural gas from Lone Star than the alternate forms of energy such as electricity, wood, fuel oil or coal.

Lone Star makes no profit on that portion of your gas bill which passes on increases in the average cost of gas we buy. In fact, Lone Star Gas Company utility profits have declined 56 per cent since 1972. Even with a *full* flow-through of its gas costs from the producer to the customer, Lone Star would lose money because of Gross Receipts Taxes (those taxes paid to each city under our franchises on gross revenues).

The only way Lone Star can continue to provide natural gas to its customers is through rates that include all changes in the cost of purchased gas. It is also important that we recover other costs of service that are no longer covered by our margins on gas sold to residential and commercial customers.

Our residential and commercial customers are in the enviable position of being able to get all the gas they want. There is NO SHORTAGE OF GAS FOR OUR RESIDENTIAL AND COMMERCIAL CUSTOMERS THIS WINTER! And with your support, we hope to be saying that for many years to come.

Draft Boards Close Feb. 27

AUSTIN--On February 27 all draft board offices in Texas will be closed, Colonel Melvin N. Glantz, State Director for Selective Service announced today.

This action which will take place in all states terminates the operational capability of Selective Service for the first time in 28 years. All registrant processing including the obligation of men to register has been halted. "Draft records are being transferred to the Fort Worth Federal Records Center," Glantz said.

The National plans call for Selective Service to be reduced to a minimum deep standby posture. The phase down which is expected to be completed in the next 12 months will leave only a small National Headquarters, and five Regional offices located at San Francisco, San Antonio, Chicago, Atlanta and Baltimore. The function of these offices will be to develop plans for restoring the System in event of a National emergency and to continue the training of a small number of Reserve and National Guard Officers who have mobilization assignments with the Selective Service System. The only stand-by state draft structure which will remain will be the stand-by State Headquarters made up of the Selective Service National Guard Section.

October 29--last day for absentee votes cast by mail or by personal appearance at clerk's office.

Nov. 1--watchers appointed.

Nov. 2--GENERAL ELECTION. Mailed marked ballots due by time polls close.

Nov. 2--status of county announced immediately upon closing polls and at two hour intervals.

Presiding judge shall notify county clerk's posts at intervals unofficial returns.

Nov. 8--Commissioners Court canvasses election.

Nov. 9--County Judge shall deliver to elected county and precinct officials certificates of election.

January 5, 1977--if no contest or criminal investigation arose, contents of the ballot box and stub box are destroyed.

nitrates are reduced to nitrites which absorb through the gastro-intestinal tract and combine with the hemoglobin in the blood. Hemoglobin normally carries oxygen in the blood but when it is combined with nitrites to form methemoglobin the oxygen carrying capacity is greatly reduced.

The plant nitrate levels are greater in young, fast-growing plants, especially wheat and oats. Graze-out wheat pastures in the spring, especially if fertilized, have higher nitrate levels. Also the Russian thistle (common tumbleweed) is a high nitrate concentrating plant when it is 3-4 inches tall in the spring in turnrows and is highly palatable to cattle with little else to eat. Weeds and grasses in unused lots have a higher level due to manure build ups. Oat hay as well as millet hay which has been wet (often 24 hours afterwards) can have highly toxic levels. The factors that increase nitrate levels in plants include shading of plants, high soil availability of nitrogen and phosphorus, drought conditions, and the application of 2, 4-D weed killers.

Clinical signs are cyanosis (blue coloring in the gums), a staggering gait, muscle tremors, signs of abdominal pain and a highly nervous animal. The animal gets progressively worse and goes down with the head being pulled up. Diagnosis is made on a chocolate discoloration of the blood and cyanotic (blue) mucous membranes. Treatment is with the intravenous use of methylene blue which changes the methemoglobin back to oxyhemoglobin.

Commercial boluses are also available for treatment.

Community Builder Will Be Chamber Banquet Speaker

On Thursday, February 26, the Chamber of Commerce will hold its annual banquet with Reagan Brown as guest speaker.

Few men are closer to the heart of Texas Government than Mr. Brown, a special assistant to Governor Dolph Briscoe. He will bring here much knowledge of the state's operation, but he will bring more.

For many years, Mr. Brown was on the staff of the Extension Service of Texas A&M University, and he is a practicing sociologist. He is a recognized authority on community development and human relations.

More than 1,000 communities in Texas are more beautiful because of his work, and for this, Progressive Farmer honored him as its 1968 Man of the Year.

He is a champion for the development of a prosperous agricultural base, as well as for the industrialization of Texas, and this will include Collingsworth County. In this, he talks our language. He will have much to tell us.

The Collingsworth Chamber of Commerce is working to develop all this county's resources, a trend begun several years ago. A review of this year's work will be given at the banquet. At that time, also, several county persons will be honored for achievement in several categories.

This banquet is for all of us. We urge you to attend.

Our Basic Energy Source

With all the worry and bother over the fuel shortage, it's amazing to us that more attention hasn't been paid in past decades to the sun. After all, all energy emanates from that superplanet, the center of our solar system.

Any discussion of our common sources of energy is likely to ignore the fact that non-renewable sources-fuels as we know them-all are stored sunlight, regardless of what form they come to us as.

Petroleum and natural gas is a by-product of the decay of vegetable and animal matter over eons. The plants grew because of photosynthesis made possible by sunlight and the animals subsisted on the plants or other animals which in turn had subsisted on plants.

Wind power also is sun power utilized indirectly, for the alternate warming of portions of the Earth's surface by the sun causes air movements. Thus the argument over whether to fuel electric generating plants with natural gas because the gas shouldn't be used in such an inefficient matter ignores the basics.

Even nuclear power, touted as the fuel of the future, is a nonrenewable source of energy unless the breeder reactor is made practical, for uranium is the basic fuel and once mined it is irreplaceable.

We'll fall back on the cliché, "We can send a man to the moon but why can't we (in this case) capture the energy of the sun in a fuel-efficient manner?"

It's something for our scientists to discuss over coffee. Builders already are discussing it and the federal government is into a plan to step up basic research on the possibility of using solar power as a substitute for petroleum, diverting this non-renewable resource to more valuable use in plastics, dyes, chemicals and other products of research in organic chemistry.

Courtship Is — A man pursuing a woman until she catches him.

AUSTIN—U.S. Sen. Lloyd Bentsen shook up the Texas presidential preference primary lineup a bit by withdrawing from the long list of major Democratic candidates for nomination.

He remains on the May 1 ballot in Texas, however, along with the five other Democratic candidates, and a major state party battle is brewing.

Former Sen. Ralph W. Yarborough, the man Bentsen defeated in 1970, announced his support of uncommitted delegate slates in 18 senatorial districts.

Yarborough, in effect, gave the liberal slates in those districts a front man or a name to rally behind. The former senator said he is convinced most Texas Democrats are genuinely uncommitted, as early voting in party caucuses had indicted is the case in other states.

Other elements of the state party will be rallying behind delegates pledged to George Wallace, Fred Harris and Jimmy Carter. Another candidate, Ellen McCormack, will appear on the ballot in five districts.

Meanwhile, Bentsen is facing tougher opposition than many first figured from W. Philip Gramm, a young professor of economics (on leave) from Texas A&M University.

Highway Crisis

Transportation is facing a "real and serious" crisis, according to State Department of Highways and Transportation heads.

Highway building is caught in a squeeze between declining revenues and increased costs.

DHPT has a current backlog of construction and right of way projects totaling nearly \$11 billion. DHPT will have about \$1.9 billion in state and federal funds for construction over the next 20 years.

By 1980, according to DHPT Engineer-Director B.L. DeBerry, there will not be sufficient state dollars to match available federal dollars.

"Putting it another way," said DeBerry, "the program will be only one eighth as large as was possible at past funding levels."

A highway bidding February 25 will cover work in Houston, Plainview, Alice, Lampasas, Texas City, Lubbock, Waco, San Angelo, Vidor and Austin.

Drouth Threatens

Agriculture Commissioner John C. White has warned vanishing subsoil moisture and dry winter winds are creating drouth conditions for half of Texas farmers and ranchers.

Much of the western portion of the state has not had rain since late summer, White said. Winter rains have not occurred.

White said the grain crop will be severely reduced without rain within the next few weeks.

Courts Speak

The State Supreme Court agreed to hear a dispute over accessibility of workmen's compensation records. Industrial Foundation of the South is suing for authority to take complete information of compensation claims from the Industrial Accident Board computer system.

The high court also agreed to hear arguments March 10 in a tax dispute over imported merchandise warehousing between Farmers Branch and Japanese manufacturers.

In another decision, the Supreme Court said a Dallas man has a right to sue a University of Texas health facilities for \$60,000 because a negligent lab technician lost the man's eyeball (which had been removed for tests).

Texas Court of Criminal Appeals refused to reconsider its earlier order directing a new trial for Dallas man sentenced to death for murder.

The same court affirmed a five-year prison sentence for a Brownsville man accused of sexually abusing a nine-year-old girl.

Districts Drawn

A three-judge federal court settled a long controversy by drawing new single-member state House of Representatives districts for Jefferson and Nueces counties.

The court had a lot more trouble deciding how to divide Tarrant County into single-member legislative districts, however, and postponed its decision until February 17 on two plans before it for consideration.

Filing deadline for candidates has been extended until March 8.

Program Backlog

Veterans Land Board will go to the bond market the first week in April if conditions are favorable.

But this doesn't mean immediate reopening of the Veterans Land Program, Land Commissioner Bob Armstrong cautioned.

Armstrong said his staff will have to work through a backlog of 3,721 applications before any new applications can be accepted. New applications probably will not be taken before mid-summer. Applications were temporarily suspended December 31 because bond money for loans had been committed due to an unexpected flood of 1,700 applications in one month alone.

Short Snorts

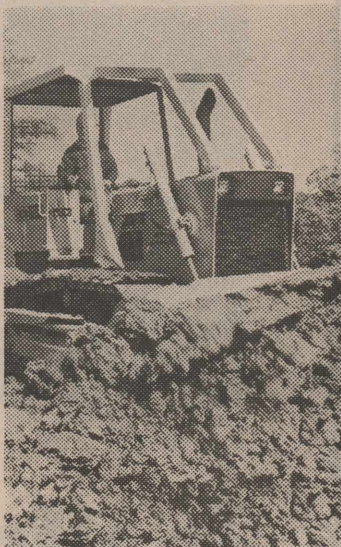

Railway companies have been given permission to close stations in Stanton, San Saba and Victoria and to dismantle depots.

Gov. Dolph Briscoe is reportedly four months behind schedule in filling more than 80 vacant appointments.

Texas Water Rights Commission has completed a report on diversions of public water in the Lower Guadalupe River Segment.

Texas business activity index jumped 11 per cent in December.

The December jobless rate of 5.8 per cent was two per cent below the national

DAR Honors Students In Ceremony Sunday

Students who have been outstanding in citizenship and in the study of American history were honored at an awards tea given by La Paisana Chapter, Daughters of the American Revolution Sunday, February 15.

Citizenship awards for

fifth grade students were presented Renee Daniels and Jim Warrick of Wellington, Beth Green and Scott Peeples of Samnorwood.

These same awards on the eighth grade level went to Sheri Bailey and Dane Dodge of Wellington, and Kim Peeples of Samnorwood.

Miss Maudie Coffee made these presentations.

Speaking briefly on the sacrifices which many of the founding fathers of the United States made to insure the independence of the nation, Mrs. Earl L. Bartlett made presentations in two categories of American History awards.

The American history award went to Kathy Guthrie of Quail, Lon Kiker of Wellington, and Lowry Schaub of Samnorwood.

American history essay awards went to Leslie Birkey, Nita Glover, Rhonda Gollighugh, Matthew Hanna, Jim Warrick and Cheryl Birkey, all of Wellington.

Three seniors, one from each of the schools, received Good Citizen awards, the highest awarded by a DAR Chapter. These were presented by Miss Rita Lowrie to Sharon Childers of Quail, Karen Lee of Samnorwood and David Null of Wellington. Mrs. Les White, regent, presided.

A social hour followed for the student honorees, their parents, and a large number of citizens. Chapter guests were four members of 100th Meridian Chapter, DAR, at Hollis. Mrs. Mary Ewing, regent, Mrs. Hildreth Charlton, Mrs. B.T. Webb, Mrs. Zella Church and Mrs. B.B. Martin, and their guest, Mrs. Lynvel Black of Dodson.

A year ago the "Gold Bug" was predicting world wide cataclysmic inflation, anarchy and a price of \$500 an ounce or higher for gold. Well, the biggest non-event of 1975 was the move to legalize gold ownership for American citizens. The big gold buying surge just never happened. In fact, gold hit almost \$200 an ounce a year ago in anticipation of heavy American buying and is now 30% below that figure with the probability of sliding lower in coming months. Not only did the gold rush not materialize, U.S. imports of gold bullion fell by nearly one third in 1975 and gold coins by one half. The "Gold Bug" now admits that gold is useful only as a disaster hedge, nothing more.

Gold itself may be the first disaster. If you invested \$19,520 in gold on the last day of 1974, your investment was worth \$17,580 just one month later. At the end of January, 1975 your investment was worth \$12,815 and the bottom is still not in sight.

Now, West Germany has decided that gold coins are subject to the value-added tax which it levies on commodities. Since gold coins are not used as legal tender in any countries, they are classified as a commodity just like eggs or butter with a value-added tax ranging between 5.5% and 11%, depending on whether the coins are for collection or for investment. This has put a serious crimp in the gold coin market overseas.

Meanwhile, the International Monetary Fund, over the next two months, will begin auctioning off 25

million ounces of gold over the next four years. That amounts to 60% of the annual world production of gold. Also, the U.S. Treasury, for reasons still not understood clearly, has auctioned off 1 1/4 million ounces, which leaves 274 million ounces still to auction off when and if it feels like it. As far as the U.S. Treasury is concerned, gold is just another excess commodity.

The purpose of the auctions, especially by the U.S. is to emphasize that, so far as this country is concerned, gold is no longer in use as a base for currency, nor will it be in the future. The "Gold Bugs" don't agree. They are still saying gold will hold in the \$120 to \$150 area over the next six months and then begin moving higher.

Ken Maxwell on ACC Honor Roll

Ken Maxwell, son of Mr. and Mrs. Kenneth Maxwell, was named to the dean's honor roll at Abilene Christian College for the 1975 fall semester, according to figures released by the registrar's office late last week.

Students qualify for the dean's honor roll by enrolling in at least 12 semester hours and having a grade-point-average of more than 3.45 on a 4.0 scale.

It was once supposed that pigeons always sat on two eggs which produced a male and a female, and that these twin birds would live together in love the rest of their lives.

More Credit Available For Farmers, Ranchers

COLLEGE STATION-- Texas farmers and ranchers may find money more available and cheaper this year, believes Dr. Wayne Hayenga, an economist with the Texas Agricultural Extension Service.

In a recent survey of bankers, Hayenga found that interest rates have gone down in the past six months and that many lenders are actively soliciting new farm and ranch loan accounts.

"The survey shows that Texas agricultural finance conditions are good," says Hayenga. "Lending institutions are lending more money to more farmers and ranchers."

In the past six months the interest rate on feeder cattle loans was down from 9.32 per cent to 9.17 per cent, while interest on real estate loans dropped from 8.63 per cent to 8.58 per cent and interest on operating loans decreased from 9.13 per cent to 9.01 per cent.

Almost 70 per cent of the lenders surveyed expect interest on long-term real estate loan rates to stay the same over the next six months and 62 per cent expect short-term interest rates to remain stable also.

Almost 30 per cent of the lenders are serving more borrowers and more than 50 per cent report an increase in average loan size. Sixty-five per cent are actively soliciting new farm and ranch loan accounts and only 7 per cent expect a shortage

of funds in the next six months, points out the Texas A&M University System economist.

"Demand for short-term loans is expected to increase in the future while long-term loan demands should decrease," says Hayenga. Thirty-two per cent of the lenders expect to issue fewer long-term loans in the future while 44 per cent expect an increased demand for short-term loans.

"The survey also shows that fewer borrowers are contracting part of their crops," says the economist. Lenders report that only a third of their borrowers contracted a portion of their crops as compared with almost 40 per cent who contracted crops last May.

Sixty-five per cent of the lenders prefer farmers to contract one-third or one-half of their crops while six per cent require marginal bor-

Wellington to Host First Tennis Tournament in April

Wellington High School will host its first tennis tournament when District 2-A UIL games are held here Wednesday and Thursday, April 7 and 8, with a possibility some games will be played on April 9.

This will be followed by the Junior High UIL Tennis tournament on April 27 and 28, Coach Ronny Glenn announced after returning from a meeting of district school administrators and coaches Friday, February 6.

All games will be on the new courts in Ellison Park and will include boys doubles and singles and girls doubles and singles.

WHS made a strong showing in tennis last year when five members of the boys team who won district titles, went on to compete at UIL regional. These were the doubles teams of George Brewer and Sammy Gonzales and Richard and Randall Sims and Lee Templeton, singles player.

All five are back this year. Coach Glenn also will have Joe Ed White, now a sophomore, who was first in the freshman division of District UIL last year, as high as that division plays, and then placed second in the Vernon Invitational meet.

Two other boys are up from the freshman team, Allen Sanders and Lynn Hurst. Joining them is Carl Taylor, who won boys singles in the junior high division in 1975.

"There are not very many boys on the freshman team, but those we have are strong players," said Coach Glenn. Interest is growing among Wellington High School girls.

A new member on the team will be Debra Norris, a sophomore, who played last year for Taylor High School, an AAA school.

Other potentially strong players are Pam Ingram who placed third in UIL Junior

High girls singles last year. Although she is a freshman, Pam will play on the girls varsity team. Girls singles players are expected to include Suzy Patrick, a junior; Brenda Willis and LaDonna Jones, seniors, and Vanessa Ingram, a fresh-

man. "We are looking for a better season with the girls. They are working hard," said Coach Glenn.

Wellington teams will compete in the Vernon Invitational Tournament March 19 and 20.
