

Duck and Geese Season Opens Nov 1

Despite the fact ducks and geese are beginning to come in to this section from their summer homes in the north, sportsmen will have to wait until Nov. 1 before getting a shot at them. The season is to continue thru November and December, according to W. T. St. John, game warden, who has just received word of the season limits from the federal government.

Persons found guilty of killing ducks and geese before opening of the season will be charged in federal court, he explained, for violating the federal migratory law.

The fact that ducks and geese might be eating some of the grain in fields does not justify a farmer to shoot the birds belonging to the public.

To legally shoot them, however before the season opens, he says one might get a permit from the federal game department at Washington, and then write the state game department, giving number of the federal permit.

METHODIST W. M. S.

The W. M. S. met at the church house Monday afternoon at 4 o'clock in its Bible study, studying the 24 to 28th chapters. The next lesson will be 28th to 36th chapters.

Prayer was led by Mrs. W. L. Hester. 13 members were present. The society was dismissed by Mrs. Colen Martin.

EAST SIDE SINGERS WILL MEET AT BETHEL SUNDAY

The East Side Singing convention will meet at Bethel promptly at 11:00 o'clock Sunday for an all-day singing jubilee. All singers are cordially invited to come and bring their dinner.

Some good singes are expected to be there so be sure and do not miss it, if you do you will miss a real treat.

MITCHELL COUNTY FARM NOTES

Fowler McDaniel built a self feeder for 41 head of pigs about two weeks ago and is feeding a barley and wheat grain mixture and a mixture of tankage and cottonseed meal. The grain and protein feeds are in separate compartments. Mr. McDaniel says the pigs are eating one-half pound of the protein mixture per head per day and he estimates that they are gaining two pounds per day.

J. W. McGuire of Rogers is planning to feed his hens and pullets the big five poultry ration.

J. W. Bird of Westbrook has one of the earliest turnip patches in the county. It was planted in late July and he started marketing the turnips about two weeks ago. They are unusually good for this time of the year.

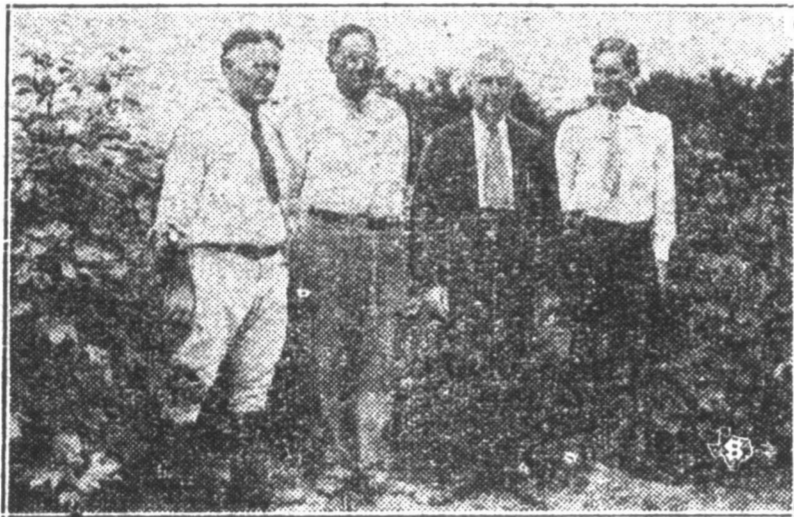

There seems to be some misunderstanding about an article appearing in the papers last week about the damage done to the feed crops. The letter from the state chemist was in regard to feeding loss and not to loss in the field. Dr. Fraps stated that the feeding value of the sprouted grain was almost equal, pound for pound, to the normal grain. He did not attempt to estimate the loss in the field from shattering of the grain.

Hall Hooker is starting two meat hogs on a self feeder. He says, "I am going to have pigs coming on at all times of the year and kill when they reach 165 pounds regardless of whether it is winter or summer." Mr. Hooker has cured out two hogs in cold storage the past year.

M. C. Holt is starting 16 pigs on a self feeder containing ground threshed maize and a protein supplement.

Blanks for feeder and range cattle loans under the Agricultural Credit Corp. are on file at the county farm agent's office.

Advocate One Cotton Variety

Here is a scene on 4,200 acres of Acala cotton in one solid block, taken recently at a demonstration meeting promoting one variety of cotton for the entire Red River valley. In the picture, left to right, are: R. E. Carswell, Lamin county agent; Joe Goss, owner of the big field; James A. Smith, Paris, Texas, banker and A. L. Edmiston, Lamar county agent. The big field is at the corner of Lamar and Fannin counties, along the Red River.

Wagons Must Have Lights Says Officer

Mr. Draper, member of the highway patrol, was in Loraine Tuesday and issued the following warning to farmers, and others who operate wagons and trailers: "All wagons and trailers traveling on the highway after night must have lights." He said red reflectors are permissible on wagons, but not on trailers. "Any kind of light, such as a lantern, will do on wagons," he said.

According to State law it is a violation of law for any vehicle to travel on the highways after night without lights. This law is meant for the protection of those who travel in wagons and use trailers as well as those who travel in cars. Farmers should be very careful to observe this law as a violation of it will give him trouble.

APPEAL TO DEMOCRATS FOR CAMPAIGN FUNDS

Austin, Texas, September 29.—The organization set up by Roy Miller and Senator Margie Neal for the Democratic campaign in Texas is to be used to distribute the Roosevelt-Garner Medallions that are being sold to make up the \$150,000 allotted to Texas as its share of the national campaign fund for the Democratic party.

Frank Seofield, of Hillsboro, Chairman of the Finance Committee for Texas, who is aided by Harold Byrd of Dallas and Carl Estes of Tyler, has undertaken to sell 150,000 medallions bearing the likenesses of the Democratic nominees, for one dollar each within one week, beginning October 8th.

Arrangements have been made to have a number of volunteer workers in each precinct beginning solicitation on that date, and it is expected that they will be able to contact every Democrat in every precinct within a week, and to offer each of them an opportunity to become a contributor to the national campaign.

"This method of financing the Democratic campaign was selected by Franklin D. Roosevelt as an appropriate way to provide the sinews of war for the Democratic Party, to which the average citizen instinctively turns as the champion of human rights, and the enemy of special privileges," Mr. Seofield said.

"Republican campaigns are conducted on contributions obtained from wealthy men who are beneficiaries of Republican policies. It is fitting, therefore, that our contributions shall be drawn from the rank and file of Democratic voters, whose interests are paramount with the party of Jefferson and Jackson," Mr. Seofield said further.

"John Garner's fellow Texans ought to welcome the opportunity to do their part in bringing about his election. If one Democrat out of every five that participated in the recent primary contributed one dollar, the Texas quota would be over-subscribed," Mr. Seofield concluded.

Hurricane Does Great Damage In Islands

A hurricane swirled through Puerto Rico Tuesday, leaving a death toll that probably will mount into hundreds and property damage that will likely be calculated in the many millions of dollars.

Governor James R. Beverley Tuesday night estimated the dead at more than 200 and the injured at 1,000.

The United States weather bureau at Washington said the center of the disturbance likely would pass near Port Au Prince, Haiti Wednesday morning.

The hurricane left much the same effect on the islands as the storm of 1928, when hundreds lost their lives and many millions in property damage was wrought.

A 120 mile wind lashed San Juan and other cities in the islands.

W. J. Coon attended the State convention of the Red and White stores at Galveston the first of the week.

Miss Edna Edmondson has returned from a visit to Shreveport, Louisiana, and Little Rock, Arkansas.

CEMENT MILLS IN TEXAS GAINED IN AUGUST

Austin, Texas, September 27.—Production at Texas cement mills which normally changes very little between July and August, rose this year from 278,000 barrels in July to 325,000 barrels in August, a gain of practically 18 per cent, according to the Bureau of Business Research at the University of Texas. Last year in August, 644,000 barrels of cement were produced at Texas mills.

Shipments increased by 26 per cent over July and totaled 386,000 barrels, the highest for any one month since last October, and made a drain of 62,000 barrels on existing stocks at mills. At 603,000 barrels stocks at Texas mills were 10 per cent less than those at the close of July and equalled those at the close of August a year ago.

County Tax Rate Lowered 20 cents

County Commissioners' court Saturday fixed the 1932 tax rate for Miterell county at 80 cents on the \$100 of taxable property, a slice of twenty cents below the total-charged last year.

County Judge A. F. King stated that the court approved setting the levy at 80 cents after receiving notice from Austin that the Sterling bond refunding bill had become a law. Fifteen cents was sliced from the road and ridge sinking fund and five cents from the road and bridge maintenance fund.

Just how Mitchell county is to profit through provisions of the recently enacted refunding act has not been determined, Judge King stated last week. There is a total indebtedness of \$245,000 in outstanding road and bridge bonds yet to be refunded, he said.

The Sterling refunding bill provides that burden of retiring existing road improvement bonds be taken from the expense of property owners and charged to account of the State gasoline tax.

LONE STAR TWINKLINGS

This community was again visited with heavy rains which fell for the past several days. At this writing the sun is shining and looks favorable for a few days of pretty weather. A few farmers have not gathered all of their grain and will be glad for the sun to shine a few days. Cotton has begun to open and in a few days there will be some fine cotton to pick as it has been in several days.

Singing had a small attendance Sunday due to the bad weather and roads which were impassable in several places. The roads are in worse shape than they have been in several months.

There will be church services Sunday morning and night. The Lord's supper will be observed Sunday morning. Rev. Marvin Leech will appreciate visitors. Everyone has a cordial invitation to be present.

Mr. and Mrs. O. P. Blair, Mr. and Mrs. W. H. Nix and Vera Nix, Lela Mae Land spent Monday visiting Mrs. Moody Richardson.

Mr. and Mrs. Henry Zellner spent Sunday visiting Mr. and Mrs. Claud Martin.

Mr. and Mrs. W. H. Nix were the guests of Mr. and Mrs. Roy Linder Sunday.

W. C. Bullard and Ewal Bullard are visiting Mrs. Mae Martin this week.

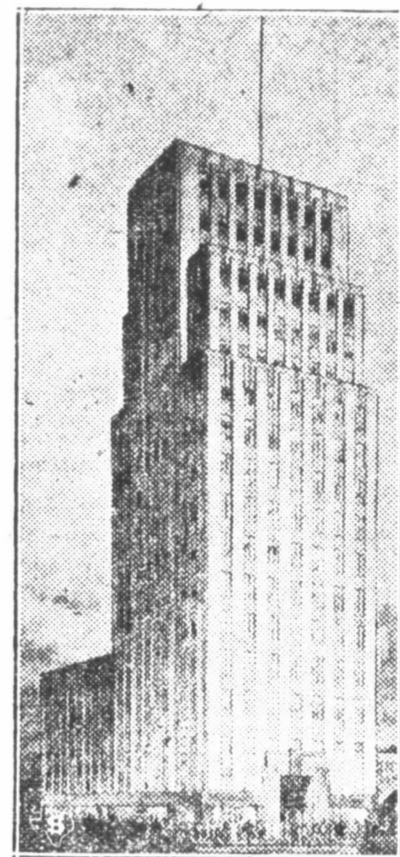

Mr. and Mrs. Moody Richardson spent Saturday night and Sunday visiting her parents, Mr. and Mrs. O. P. Blair.

Mrs. Claud Martin has been on the sick list this week.

Irl Zellner spent Sunday night visiting Mr. and Mrs. Henry Zellner.

Mr. and Mrs. Emmett Richardson and baby of Midland spent the week end in the home of Dr. and Mrs. W. L. Hester.

Progress

No depression in East Texas. Here is the new 20 story People's National Bank Building, Tyler's new skyscraper. Located in the heart of the East Texas oil field, and in an area that has continued to be a "white spot on the map," Tyler and other East Texas cities are showing marked progress and growth.

Baird Youth Kills Self Accidently

The body of Virgil Gleghorn, youthful resident of Baird, was taken through Loraine about noon Saturday, en route home for burial, following his death about four miles west of Loraine Friday night, resulting from an accidental pistol shot.

His uncle, C. M. Shelton, railroad employe, was with him at the time of the accident. He called for officers, but the youth was dead when they arrived. The bullet entered below the right eye.

Shelton was held by sheriff Gregory Friday night as a precaution, not knowing either of the persons. He was released from all blame Saturday by members of Gleghorn's family.

Shelton told officers the two were on their way to Big Spring, Gleghorn driving. Gleghorn took a six-shooter, which they had in the car, saying he was going to shoot at the next telephone post, his uncle explained. Apparently, the pistol accidentally was discharged, Shelton told officers.

The car swerved to the left off the highway and ran off into a six-foot embankment, though Shelton was not injured.

BAPTIST W. M. S.

Subject: Enemies of the Cross of Christ.

Hymn. Bible Study, Be Strong, Joshua 1:1-9—Mrs. R. E. Bennett. Prayer—Mrs. Jack Martin. Hymn—Near the Cross.

The Enemy with the Sword—Mrs. Wilburn Coffee. Open discussion—What progress has been made toward permanent world peace?

Prayer—Mrs. R. B. Ferguson. Hymn—Yield Not to Temptation.

The Enemy with the Bottle—Mrs. Lester Jarratt.

Some bullets from the Enemy's Gun—Mrs. C. B. Reeder. Evangelism—Mrs. Bud Richburg.

The Victorious Cross—Mrs. Jess Pratt.

Prayer—Mrs. J. D. Norman. This program will be rendered at the home of Mrs. Edwin Hallmark Monday afternoon at three o'clock, October 3. Every Baptist lady is invited to attend.

MITCHELL COUNTY 4-H CLUB NEWS

In spite of low hog prices, J. C. and Charlie Nortreutt of the Spade 4-H club made a profit of \$2.24 per pig on seven pigs they fed out the past summer on a "home-raised" balanced ration. They used a plank feeding floor and fed maize heads and skim milk. Each pig received a gallon of milk per day and all the maize he wanted.

The seven pigs at 3580 pounds of maize heads valued at \$4.00 per ton and 761 gallons of skim milk valued at 1 cent per gallon. The milk was measured in gallon buckets and the maize was weighed out as fed. The pigs were on feed 117 days. They weighed 364 pounds and were valued at \$17.50. They weighed 1280 pounds and sold for \$54.40. Total expenses were \$38.71 (\$13.60 for maize; \$7.61 for skim milk and \$17.50 for the pigs.)

Using the same value for skim milk and figuring profits in the price paid per ton of maize we find that the maize brought \$16.20 per ton.

The pigs gained 1.11 pounds per day per pig.

METHODIST CHURCH NOTES

Rev. J. E. Harrell, pastor, will preach Sunday morning and evening at 7:30. Be sure to attend Sunday School and church Sunday. We had a good crowd last Sunday morning and we missed everyone not present. If you can go to town Saturday evening through the rain, surely you can come to Sunday School and church Sunday. What makes a Sunday rain worse than a Saturday evening rain? Will look for you Sunday.

Date Set For County Fair

Program for the annual "Live at home" fair to be held at Colorado November 3, 4 and 5, was outlined at a meeting of the executive committee meeting of fair officials last Friday morning. Tom Johnson, president of the association, issued a call last Wednesday for the meeting.

NORTH CHAMPION NEWS

The rain that fell for the last week has done much damage to cotton that is open and young feed that has not been headed, but it is of much benefit to the wheat crops.

There was no Sunday School Sunday on account of the weather. There will be Sunday School next Sunday and also singing Sunday evening. We are hoping there will be a crowd there. We have our new literature and I am sure everyone can feel more like coming to Sunday School now.

The baby of Mr. and Mrs. C. A. Hughes is on the sick list.

Mrs. C. W. Claxton is also on the sick list.

Mamie Sue Stewart spent Sunday with Gladys Lankford.

R. R. McAnally and his landlord, Mr. Hubbard, Monta McAnally and Wootsie Steps spent a few hours with Mr. and Mrs. C. W. McAnally last week.

Mr. and Mrs. Johnnie Haggerton are spending a few days at Colorado.

Mrs. Robert New spent a few days last week with Mrs. Johnnie Haggerton.

Mrs. Allen Channess, Mrs. Jernnie Haggerton, Mrs. Robert New and Mrs. Sam Haggerton were shopping in Sweetwater last Wednesday.

SHE'S GOING TO SHOOT THEM IN GUN NEXT TIME

Martha Ann, seven-year-old daughter of Mr. and Mrs. Grant Mason, Sweetwater, has found an unusual way to explode a "cap" such as is used in "cap pistols".

It is more or less painful, however, and it is not likely that Martha Ann is going to try it again.

She put the "cap" between her teeth and bit down on it.

The force of her teeth was enough to "discharge" the "cap" and cause a loud noise.

That much of it would have been all right, but the child was powder burned about the mouth.

She was taken to a physician, but the injury is not considered serious. —Sweetwater Reporter.

Lawyers Say 'Ma' Can Not Be Certified

The Austin American says Secretary of State Jane Y. McCallum is prohibited by law from certifying the name of Mrs. Miriam A. Ferguson as the democratic nominee for governor so long as an election contest is pending against Mrs. Ferguson.

The American says as attorneys interpret the 1925 recodification of the statutes only the courts can certify Mrs. Ferguson's name, when and if Governor R. S. Sterling loses the suit contesting Mrs. Ferguson's nomination at the second democratic primary.

Names of candidates to be printed on the general election ballots must be certified by October 9.

Mrs. McCallum said she was

"tracking the law" on the subject.

Mrs. McCallum said the names of presidential electors would be printed on the ballot despite the law passed by the 42nd legislature which provided that only the names of the candidates for president and vice president would be printed. Mrs. McCallum had challenged the law as vague. She feared Texas' vote in the electoral college might be questioned if the electors' names were not printed.

An opinion was given by the attorney general's department which stated it was advisable to print the names of the electors on the ballots if there was any doubt concerning the statute, she said.

CENTENNIAL AMENDMENT

Permits But Does Not Require State Support of Celebration

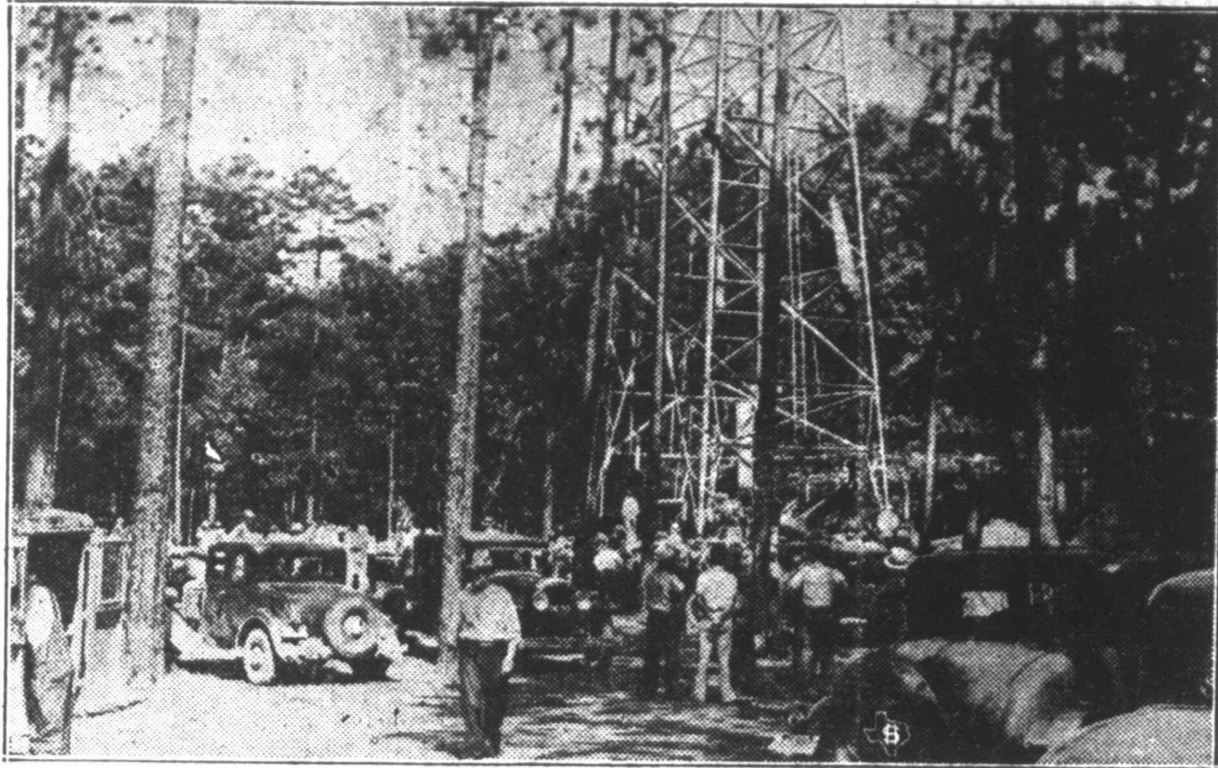

Every Texan favors a Centennial Celebration. There are some who may vote against the Amendment unless they understand its terms. These are plain. To quote from the Amendment itself, it would "authorize a Texas Centennial, commemorating the heroic period of early Texas history, and celebrating a century of our independence and progress, to be held at such times and places, and in such manner as may be designated by the Legislature of Texas."

It is merely a referendum or enabling act to decide first, whether Texans want Texas to celebrate its Centennial anniversary, and then whether the Legislature, in the exercise of its judgment may provide for it. It does not provide for any bond issue or new tax.

If conditions do not seem to justify the Centennial in 1936, the Legislature may construe "the heroic period of early Texas history" to mean any time from the first settlement to the admission of Texas into the Union, and may postpone it to a later date or drop it altogether. Most Texans believe now, however, that long before 1936 Texas will be in better financial condition than at any time in its history, and others assert that a creditable Centennial celebration would do more than anything else to bring about economic and business rehabilitation.

The Legislature is left to decide the extent to which the State shall take part in it if at all. It is expressly provided that "this authorization shall not be construed to make appropriations for any future exposition or celebration of any kind or

New Texas Oil Field on Big Thicket's Edge

Here is a new oil well which definitely opens an entirely new field at the edge of the Big Thicket at Hook's Switch, Hardin county, 18 miles north of Beaumont. It is the Republic Production company and Houston Oil company's Ariola No. 1. The well is producing 5,000 barrels daily of 40 gravity oil from a depth of around 4,000 feet. Two other wells are already being drilled in the area. Five major oil companies are leasing land in the vicinity.

character" than this one-hundredth anniversary observance.

The suggestion occasionally heard that private capital should finance the Centennial is impractical. First, it cannot be secured, and then, if it could be, the Centennial would be a private exploitation of the public rather than a proudfest official State celebration.

The Chicago "Century of Progress" is already an assured success a year in advance of its opening. The California Legislature appropriated \$1,000,000 for the recent Olympic Games, and this was paid back with \$1,000,000 more profits to the State treasury. Certainly Texas can do as well whatever it undertakes. Vote for the Amendment and make the Centennial possible. It is the opportunity of a Century.

ON TEXAS FARMS
* By W H Darrow, Extension Service Editor *

In a drive by a local Taylor civic organization to can 1000 containers of food for the unemployed, 125 persons from various organizations worked for one day under direction of local county and home demonstration agents in a wholesale canning festival which resulted in 992 cans of food.

Sixteen registered pigs were recently acquired by Shelby county farmers by a unique trade engineered by the county agent with two swine breeders, where-by farmers traded yearling heaves for breeder pigs through the medium of the local market man. He appraised each yearling and paid the swine breeder. The farmer was then notified and called for his pig.

Sixty-seven Hale county 4-H club boys are feeding 48 baby beeves and 256 pigs for show and sale next spring.

By spending \$12.15 for seed, weed cutting and rodent control in a 15-acre pasture, and spreading 10 tons of barnyard manure G R Donaho, Madison county pasture demonstrator, received \$237.60 worth of grazing the first half of the year, the county agent reports.

Hamilton county farmers have been shown by the county agent how to destroy beds of stinging red ants at a cost of about 3 cents per bed. A solution of sodium cyanide is poured in the

beds when all the ants are at home.

About 100 farm home bedrooms have been improved by home-demonstration club women and girls in McLennan county at costs averaging about \$15. The winning room in the contest cost only \$3.77 to improve.

Current Comment From Washington

Two ladies who recently attracted attention to themselves

on account of their skill in handling an airplane, refer to their machine as a "flying boudoir." Perhaps that is the reason why they stayed in it for 196 hours.

On the 18th of September, citizens of the District of Columbia and the surrounding country re-enacted the laying of the corner-stone of the capitol by George Washington. If history is correct, there were many days during the laying of the corner stone of the United States when Gen. Washington would have been much comforted and encouraged by a like exhibition of appreciation.

The closest business man in America has been found. He asked the son of the fellow who conducts the information bureau of a newspaper to give his dad a note which read: "You need not try any longer to get my uncle's address in India. Please send me a three cent stamp in place of the two cent stamp that I left at your office. The depreciation occurred while the goods were in your charge."

ing dealer advertises men's trousers, single and double breasted models, which is not doing so badly, especially for a small town.

The man: "I have killed five flies—two masculine and three feminine."

The woman: "How do you know that?"

The man: "Two were on the table and three on the looking glass."

Don't forget we have the best gin in town and are prepared to give you the best turn-out and quickest service. Bring us your next bale and be numbered among our many satisfied customers.

Rowland Bros. Gin Co.

Natural GAS

is your cheapest item of expense

Natural Gas Service, because of the fact that rates were not increased when prices generally were on the upgrade, is STILL the least expensive item in the cost of running a household.

During the past summer, when gas was used principally for cooking and water heating, the cost to many homes has been little more than the price of a postage stamp for a daily letter. Even in cold weather when larger quantities are required to guard the health and comfort of the entire family the gas bill represents only a small fraction of the winter household expenses.

In fact, the average gas bill in this section the whole year 'round is only about 15 cents a day for house heating, cooking and hot water supply. . . A dependable year 'round service that benefits the entire family and costs less than the gasoline expense of one small automobile . . . less than any other necessity that contributes to the health, comfort, convenience and happiness of your home.

As a fuel . . . as a service, there is no substitute for natural gas. Take advantage of its inexpensiveness for your complete comfort this winter.

No Gold Bricks

As a general proposition, you get out of life about what you put into it. So don't you put in BRICKBATS and expect BOUQUETS.

It is pretty much the same way with a Bank, especially a Bank like OURS. You can always get out of it what you put into it. For our one great desire is to safeguard the money entrusted to our care. There will be no brickbats nor gold bricks handed you at our Bank. All we ask is the chance to PROVE it.

WHAT DOES IT MEAN TO BE A CHRISTIAN?

Sermon of Rev. J. E. Harrell Sunday Morning

Paul said, "If ye be risen with Christ set your affections on

things above, not on things on the earth." (Col. 8:1-2). May we all ask ourselves "what does it mean to be a Christian?" Does it mean only that we keep the vows of church membership and attend upon its ordinances and support its institutions. That if we go to Sunday School and church regularly, be in our places on prayer meeting night, and pay our pittance to the support of the Church, we have done all the Great Head of the church expects of us? Are these the only tests of true discipleship? Can we do only these things and be a part of the triumphant, blood washed band, the Bride, that shall be united in true bonds of love and likeness to the Bridegroom when he shall come to redeem his church and be united with it in Holy Bonds of Everlasting Wedlock? What does it mean to be a Christian?

Paul said, "For me to live is Christ, and to die is gain." Phil. 1:21. Certainly I would not discredit faithful attendance upon the ordinances of the church, but these are not the only requirements of a follower of Christ. If we are to be faithful member of the church of the Living God, we must truly be faithful to its ordinances, but a man can do those things and miss the Eternal reward. No one can say the Pharisees were not true to every ordinance of the Jewish church, yet the scathing rebukes Christ gave them for their form of godliness without the power thereof, drove the fear of God into their stubborn jealous hearts. Christ's standard of Christian living was more than faithfulness to church ordinances. It was a loving, sacrificial spirit of giving all ungrudgingly without any hope of personal gain that those in need may be helped. If we are to be a true follower of Christ, we must lay all on the altar and not hold back a part as did Ananias and Sapphira. We must be hid in Christ. Our joy is to be the Glory of Christ. What care we for persecution and trial and tribulation and distress, if Christ's cause is advanced. If we would reign with Christ, we must suffer with him. No wonder Paul said, "For me to live is Christ, and to die is gain." He was not thinking of Paul but of Christ. His whole mind, soul, and body was whapped up in doing the will of Christ. Little cared he whether he go into the open valley, on the mountain peak, the stormy sea, or the Roman dungeon. It was Christ living in Paul, and if the old body went down in earthly defeat it would certainly gain in eternal glory. Ah, brethren, may God help us to give all to him who gave all for us. Bless God for the beauty and glory, and victory of humble Christlike service. It passeth all understanding. Our poor finite minds cannot begin to conceive its fullness.

It means more than I can tell for me to be a Christian. It means beauty of life. It means

sweet peace in death. It means everlasting glory beyond the grave. It means everything. By the Grace of God I intend, with Paul, to press toward the mark for the prize of the high calling of God in Christ Jesus." J. E. Harrell.

CONVENIENT Schedules

to...anywhere in America

Everyday, every way Greyhound offers convenient daily schedules to nearby cities or to points across the nation. Terminals are right downtown, meaning another saving of time. Fares are consistently low, both one way and round trip. You will find stop-over privileges and return limits unusually liberal.

Attractive pictorial folders on any section of the nation are yours for the asking.

LOCALS

The very latest Radios at new prices. Hutchins & Hall Drugs.

"Say, what kind of company are you expecting, if you don't want to let them in?"
"The gas company, the telephone company, and the electric company."

College Senior: "I would give five dollars for just one kiss from a nice little girl like you."
Innocent Co-ed: "Oh, how terrible!"

College Senior: "Did I offend you?"
Co-ed: "No, I was just thinking about the fortune I gave away last night."

THE THREE PUTS

An old negro has declared that the only way to go after the "compression" is to go after it like the white folks go after a golf game. All you need is three puts he says.
The puts he suggests are: "Put your faith in God; put your car in the barn; and put yourself in the cotton patch."—Record.

W. F. (Uncle Walt) Lewis of Roscoe was a business visitor in Loraine Monday.

Best grade light globes at new prices at Hutchins and Hall Drugs.

Mrs. Ed Williams spent last week visiting her mother, Mrs. Tom Blain, of Abilene.

Mrs. Willie Mae Thompson returned home Tuesday from a two-weeks visit at Thurber and Dublin.

W. B. Thompson and family of Dublin spent Tuesday and Wednesday visiting relatives here.

Mrs. J. E. Harrell and Vernon Baird visited in Abilene Sunday.

Mrs. Lynch of Boyce, is expected here this week to visit her sister, Mrs. W. F. Westbrook who is ill.

Better quality and cheaper school supplies at Hutchins and Hall Drugs.

Mrs. Bill Thompson and son of Fort Worth are visiting relatives here this week.

Robert Glascock of Strawn is at the bedside of his sister, Mrs. W. F. Westbrook, who is seriously ill.

Arlie Martin is on the sick list this week.

W. O. Kinnison, H. J. Askins and John Clark attended singing at Valley View Sunday.

Ben Smith of Lubbock was a business visitor in Loraine last week.

Time to get up. Clocks \$1.00 and up at Hutchins and Hall Drugs.

W. O. Kinnison and J. D. McElhannon made a usiness trip to Lamesa Wednesday.

We are sorry to learn that H. H. Hardin, father of Rev. A. C. Hardin, is still in a serious condition.

A. O. Fain and wife of Sweetwater have leased the John's Cafe and will operate it this fall.

H. B. Wilson was on the sick list last week, but is reported some better.

We are glad to report R. L. Mahoney some better. We hope he will soon be able to enter school again.

PATRONIZE YOUR HOME MAN

Why should people in Mitchell county buy Mutual Insurance from outside companies. The Colorado Mutual Aid Association has had only four (4) deaths this year. Think about our home company when buying insurance this fall.

We are a Local Mutual Aid Association operating under the supervision of the Insurance Department of Texas. Let's trade at home. Dale Warren, Secretary Treasurer.

Jeff Ison returned Sunday night from Legion, where he has been visiting his brother, Dr. H. L. Ison, for the past several weeks.

E. W. Altman of Arlington is spending a few days in Loraine this week.

Dale Warren and George B. Root of Colorado were in Loraine Monday on business.

Mrs. Nell Harris is visiting her husband at Gladewater this week.

Abilene—A shipment of 4000 sheep are going on feed in September on farms in Lawn and Ovalo communities in Taylor county, and 5000 more are expected to be placed there by October 1st, C. M. Heald, county agent, reports. The sheep are furnished by ranchers in the San Angelo territory to be fed on a gain basis. The farmer furnishes the feed and all expenses while on feed, and the ranchers pay all transit and commission charges.

Fort Worth—A net profit of \$12 per head on 39 calves, and \$7 per head on a pen of 32 others has been made in a feeding demonstration by P. C. Bishop, Tarrant county farmer, in cooperation with M. C. Counts, county agent. In late spring Mr Bishop bought 90 grade Hereford calves on the Fort Worth market and his results have been so satisfactory that as soon as he finishes feeding the remaining 19 he plans to buy more. He is recognized as one of the best small crop growers in Haslet community, the county agent says.

J. W. Hammett of Slaton is visiting his daughter, Mrs. W. O. Kinnison.

A CORRECTION

On page three of this issue is an advertisement of the G. B. Tartt Motor Company. Please read it closely and then NOTICE the error near the bottom of the ad. We have Chevrolet brake lining per wheel for 40 cents, and the price should have been 75 cents. Model A Ford brake lining should have been quoted at 40 cents per wheel.

Waxahachie—Four-H club girls in Ellis county feel a missionary urge this year to help others less fortunate than themselves, says Miss Irma Ross, home demonstration agent. She cites the case of Myrtle Morgan of Mt. Peak Club who has helped 12 families who did not own pressure cookers to can their products properly. This does not include help given other club girls.

Menard—Less than one percent spoilage from more than 6000 cans filled by Mrs. Ed Young of Hext in Menard county is reported by Miss Kittie Sue Harrison, home demonstration agent. Included in this canning are 21 beeves and goats Mrs. Young has put up for the public. She attributes her small percentage of lost products to careful sealing and re-flanging of cans.

Meridian—Perfect results have been obtained from the practice of tattooing turkeys in Bosque county this year, according to Elmo V. Cook, county agent. More than 100 farmers have used this method to combat theft, and so far not one tattooed bird has been reported stolen.

Crockett—Four acres of once marshy waste land is doing the work of 10 or 12 ordinary acres for Frank Parish, Houston county farmer who drained the field last year. With the help of the county agent a drainage ditch was laid out and the rows contoured so that each middle empties into the ditch. For the first time the field is paying its part of the farm overhead by raising a bumper crop of hegari and releasing a 12-acre field for pasture.

Newton—What a small flock of good hens will do for a farm is shown in the report of a Newton county poultry flock demonstrator to the county agent. Carol Miller made an extra profit of \$19.03 from November 1st to August 1st on a flock of 59 white leghorn hens after supplying feed to raise 138 chickens feed for other livestock, and furnishing the home with eggs. He based his ration on home-grown hegari and Egyptian wheat.
