Youths Spurning Parties

By TERRY RYAN
Associated Press Writer

The nation's 11 million 18-to-20 year olds are demonstrating a streak of independence as they register to vote.

Though figures in many states are only estimates, election officials around the country report a large percentage of the new young voters-up to 69 per cent in Alaska-are spurning the major parties to enroll as independent or nonpartisan voters.

"Young people have simply lost faith in the traditional parties," said Leonard Slosky, a student who lobbies in the Colorado Legislature for his campus colleagues. "They are not interested in participating in politics at the party level."

The Associated Press sampling also found that on the average somewhere between 25 and 30 per cent of the eligible young people have already registered, with substantially higher registration in some urban areas.

Among young people opting to register in the major parties, the sampling among election officials found that on the average two were signing up as Democrats for each registering Republican.

The tendency of young voters to register in significant numbers as independents was noted in the nationwide sampling of election officials by The Associated Press. The trend was backed up by reports that the new voters were more interested in candidates and issues than party labels.

In 1970, the last year for which national figures are available, slightly less than 10 per cent of those registered were on the rolls as independents.

Election officials in Connecticut estimated that half the new young voters have registered as independents. A survey at the University of Washington found that 52 per cent of the students said they had or would register as independents.

Denver and Boulder counties in Colorado reported 6,654 young voters registered as independents, compared with 3,373 as Democrats and 1,111 as Republicans. Registration figures in the three most populous counties of Wyoming showed 1,125 youths registered as independents, while 498 filed as Democrats and 435 as Republicans.

Opinion on the importance of the youth vote varies widely:

"There is no question they will have a real impact on the elections," said James Neal, Republican state chairman of Indiana. "I see no reason they would not respond overwhelmingly."

"I don't think they will have a major influence," said Floyd Hart, Republican chairman in Oregon. "They will be just as diverse as the rest of us."

There is a clear possibility, however, that young voters could have immense impact on the election of the next president.

Today In History

By THE ASSOCIATED PRESS

Today is Monday, March 13, the 73rd day of 1972. There are 293 days left in the year.

Today's highlight in history:

On this date in 1938, Germany annexed Austria.

On this date:

In 1868, impeachment proceedings against President Andrew Johnson began in the U.S. Senate.

In 1925, a new law went into effect in Tennessee to forestall the teaching of evolution.

In 1933, banks in the United States reopened after a one week bank holiday proclaimed by President Franklin D. Roosevelt to ease a financial crisis.

In 1942, Japanese troops landed in the Solomon Islands during World War II.

Also in 1942, British bombers pounded the German city of Cologne.

In 1966, Vice President Hubert Humphrey said U.S. policy toward China should be a policy of containment without necessarily isolation.

Ten years ago: Mrs. John F. Kennedy was beginning a goodwill visit to India.

Five years ago: There were reports of bloody peasant uprisings in China.

One year ago: A Quebec separatist, Paul Rose, was given a life sentence in Montreal for his part in the kidnaping and murder of Quebec Labor Minister Pierre Laporte.

Bomb Hoax Delays Plane In Abilene

ABILENE, Tex. (AP) — A Texas International airplane with 76 passengers and a crew of four was delayed more than two hours Sunday night while police searched for a bomb that a caller said had been placed aboard the DC9.

No bomb was found and the plane, flight 985 from Denver to San Antonio, departed shortly before midnight.

A Texas International spokesman said an anonymous man called the airlines in Albuquerque from Salt Lake City. The caller warned, said the spokesman, a bomb would explode on the plane in less than 10 minutes.

The pilot aboard the DC9, which was near Abilene, was told to land immediately. The plane landed at 9:50 p.m. and departed at 11:55 p.m.

Dance Issue Is Pondered

Two groups of local citizens appeared in County Commissioners Court this morning to give their views on square dancing in the community centers.

One group went on record in opposition to dancing in the community centers. They presented a petition that contained over 1,100 signatures. In the petition, they state they are in favor of retaining the by-laws for operation of community centers. The current by-laws prohibit dancing at the centers.

The other group, representing the Sparkle City Squares of Snyder and the Village Stompers of Hermleigh, want to change the by-laws so that square dances can be held in the community centers.

County Commissioners did not take any action on the matter, but indiciated they would within a week or so.

Apply For Wall Passes

BERLIN (AP) — West Berliners by the thousands began applying today for wall passes to visit relatives and friends in East Berlin and East Germany at Easter time.

The pass period is March 29-April 5. It will be repeated at Pentecost, May 17-24. It is the first time since 1966 the East Germans will allow the West Berliners wall passes. It is the first time since the Berlin Wall went up in 1961 that West Berliners without blood kin in the East may apply and go to East Germany as well as East Berlin.

TO CONSPIRACY CHARGES

Irvings Plead Guilty

By TED CRONYN
Associated Press Writer

NEW YORK (AP) — Author Clifford Irving and his wife Edith pleaded guilty today to a federal charge of conspiring to defraud a publisher with a fake autobiography of Howard Hughes, but the government agreed to dismiss a mail fraud charge.

It was learned that the couple and Irving's researcher, Richard Suskind, would plead guilty later to state charges of grand larceny in the second degree—only one of several charges in a state indictment. Suskind was named a co-conspirator but was not indicted by the federal grand jury.

Sentencing on the federal conspiracy charge, which could mean up to five years in prison and a $10,000 fine, was set by Judge John Cannella for June 16.

The Irvings remained free on bail. He is free on a $100,000 personal recognizance bond. She is free in her own custody after signing a $250,000 bond following her arrest on Swiss charges.

Mrs. Irving has been charged in Switzerland with passport forgery, counterfeiting and embezzlement in the depositing of $650,000 in checks from McGraw-Hill intended for the billionaire.

The judge asked what evidence the government had against the Irvings.

Asst. U.S. Atty. John J. Tigue Jr. replied that it had admissions and confessions to the grand jury, and independent testimony from handwriting experts that Irving wrote all of letters to McGraw-Hill that were signed with Hughes' name.

In addition, Tigue said, handwriting experts stated that Irving endorsed two of the checks made out to Hughes and that Mrs. Irving endorsed the third one. He said the $750,000 paid out by McGraw-Hill, including a $100,000 advance to Irving, had been traced to banks and brokerage houses in Switzerland and the United States.

When the judge had asked Irving to describe what he did, the writer replied: "It was that I conspired to convince McGraw-Hill that I was in communication with Howard Hughes, when, in fact, I was not."

The judge asked Mrs. Irving: "What did you do that was a criminal act?"

Mrs. Irving, 36, speaking rapidly and with a German accent, said she had signed certain checks from McGraw-Hill made out to H. R. Hughes, and that she had used false documents. "I put the money in and out," she said.

"Did you realize that you were part of a hoax?" the judge asked.

"Yes," she replied.

Both Irving and his wife appeared pale and nervous. She crossed her arms in front of her. Irving held his hands clasped behind him and his eyes were downcast during the 25-minute proceeding.

GOING HOME—James Bernardino carries his son, Anthony, 6, from a hospital in Los Angeles. The youngster spent a week in the hospital after he was trapped for almost seven hours in a narrow hole at a construction site in El Monte, Calif. Anthony suffered a dislocated left hip in the fall. HHH, MUSKIE SECOND

Wallace Heavy Favorite In Florida Primary

By CARL P. LEUBSDORF
AP Political Writer

MIAMI, Fla. (AP) — Sens. Hubert H. Humphrey and Edmund S. Muskie, criss-crossing Florida in the last full day of campaigning, say they still have a chance of defeating Alabama Gov. George C. Wallace Tuesday in the nation's second 1972 presidential primary.

Wallace, however, predicts he'll top the 11-man Democratic field and says he has an excellent chance of capturing a majority of the state's 81 delegates to the Democratic National Convention.

Sen. Henry M. Jackson of Washington, who is making Florida a major test of his presidential candidacy, says he has a good chance of pulling ahead of Muskie and Humphrey and finishing second.

And New York Mayor John V. Lindsay, appearing with Sen. George S. McGovern on a television interview show from which all of the other candidates pulled out, predicted "the voters of Florida may surprise the country" with how they vote on Wallace.

"He may not get as big a vote as everybody seems to think he is," the New York mayor added.

All of the candidates had busy schedules today as they campaigned in the complicated contest in which victories will be judged both on the relative standing of the contenders in the statewide vote and on how many delegates each wins by finishing first in one of Florida's 12 congressional districts.

Wallace remains the heavy favorite. Most observers consider Humphrey and Muskie competing for second, although Jackson says his polls put him neck-and-neck with them. Lindsay and McGovern are believed contending for fifth, though some Lindsay aides see him finishing higher. Also on the ballot: Rep. Shirley Chisholm of New York, Rep. Wilbur D. Mills of Arkansas, Mayor Sam Yorty of Los Angeles, Sen. Vance Hartke of Indiana and former Sen. Eugene J. McCarthy of Minnesota.

Sid Worrell Dies Today

Sid Bert Worrell, 76, died at 5:10 a.m. today in Cogdell Memorial Hospital.

A native of Saline County, Mo., Mr. Worrell had lived in Scurry County since 1949.

Mr. Worrell was a Mason and was a member of the United Methodist Church. He was a veteran of World War I.

Funeral service has been set for 2 p.m. Wednesday at the First United Methodist Church, with the Rev. Wallace Kirby, pastor and Dr. John English of Hereford, former pastor here, officiating. Burial will be in the Hillside Memorial Gardens, under direction of Bell Seale Funeral Home.

Mr. Worrell is survived by his wife; a daughter, Mrs. Betty Boston of Tyler; a sister, Mrs. Charles Morgan of Wichita Falls; a brother, C. Worrell of Lubbock; and two grandchildren.

Gandhi's Party In By Landslide

NEW DELHI, India (AP) — India's victory in the December war with Pakistan appeared today to be sweeping Prime Minister Indira Gandhi's forces to another landslide victory at the polls.

In partial returns from elections held last week in 16 of India's 21 states and two federal territories, Mrs. Gandhi's left-of-center Congress party had won nearly 80 per cent of the legislative and council seats decided, controlling majorities in five states and the New Delhi municipal council, and was leading in eight other states.

Counting did not begin in two states—West Bengal and Tripura—until today, and in the 16th state a local party allied with the Congress was leading.

It was another stunning triumph for the 54-year-old leader of the world's biggest democracy who a year ago won a similar landslide in the national parliamentary elections.

Of the states still undecided, there was particular interest in the outcome in West Bengal and its capital, Calcutta, because the Marxist Communists have been strong there. But the Congress should get a boost from Mrs. Gandhi's successful espousal of the cause of Bengali independence in East Pakistan.

SDEC To Decide On Two Issues

DALLAS (AP) — Texas Democratic party leaders met today to decide if voters in the May 6 Democratic primary will have a chance to say who they want for president and what they think about forced school busing.

In a surprise development early today a subcommittee of the State Democratic Executive Commitee voted unanimously to recommend the anti-busing amendment for the primary ballot.

Another subcommittee recommended Sunday that the May 6 ballot carry a strong straw vote on Democratic presidential candidates that would be binding on delegates to the national convention.

Both issues were scheduled for a final decision before the full 62-member state committee this afternoon.

"This is something that will really generate interest in our party primary," said Jess Young, state committee member from San Antonio, in presenting the anti-busing proposal to the subcommittee on resolutions.

"It is one of the hottest issues in this county today. The legislature should know what voters think about this. And if voters are in favor, the legislature could frame a constitutional amendment for the state from the state level against forced busing to achieve racial balance."

Republicans OK Busing Referendum

AUSTIN, Tex. (AP) — Texas Republican leaders voted today to include a busing referendum on the party's May 6 primary election ballot.

Voters will be asked what they think of a pending U.S. Constitutional amendment saying pupils may not be assigned to particular schools because of race, creed or color.

The State Republican Executive Committee voted without dissent to placing the non-binding poll on the ballot.

Later today, the committee was expected to elect State Rep. Fred Agnich of Dallas as Texas' new national GOP committeeman.

Earlier, the committee approved new rules that will prohibit binding convention delegates to vote as a unit.

W. S. Tinney Service Set

Funeral service has been set for 2 p.m. Tuesday at the Green Hill Baptist Church for W.S. Tinney, 84.

Mr. Tinney, who lived at 2301 Avenue Z, died at 11:55 a.m. Sunday in Cogdell Memorial Hospital, following a long illness.

A native of Hays County, Mr. Tinney had lived in Scurry County for the past 41 years. He was a retired trucking company employe.

The Rev. Delbert Smith will officiate at the funeral service. Burial will be in the Snyder Cemetery, under direction of Bell-Seale Funeral Home.

Surviving are three sons, Joe Tinney of Alabama, Willie Tinney of Tennessee and Claude Tinney of Altus, Okla.; a sister, Mrs. Maudie Arnold of Snyder, and eight grandchildren.

State Rests Case In Mutscher Trial

By ROBERT HEARD
Associated Press Writer

ABILENE, Tex. (AP) — "Your honor, at this time the state rests," Dist. Attorney Bob Smith of Austin said this morning as court opened in the bribery conspiracy trial of Speaker Gus Mutscher and two others.

Dist. Court Judge J. Neil Daniel dismissed the jury until 1:30 p.m. to allow the defense time to mull over the case and decide if it wants to present any evidence.

Smith spent the weekend doing the same thing—studying the state's case—before deciding he needed no more testimony.

The defense was expected to ask for a directed verdict of innocence when court reconvenes, but the judge was considered unlikely to grant the motion, preferring to let the jury decide if there was a "positive agreement" between the defendants to accept a bribe.

The state put on 14 witnesses in seven days of testimony.

One of those witnesses was Houston promoter Frank Sharp, who allegedly offered bribes in the form of loans from his bank.

Attorneys for all three defendants deferred their cross examination of Sharp after the state completed its direct examination. They still have the right to cross examine Sharp without necessarily having to put on any witnesses for the defense.

Mutscher, aide Rusch McGinty and Rep. Tommy Shannon of Fort Worth are being tried on a charge they conspired to accept a bribe from Sharp in return for their help on banking legislation Sharp wanted in 1969.

Sharp testified that Mutscher told him of reverses in the stock market and asked him how Sharp's National Bankers Life Insurance Company stock was doing.

Sharp, who had talked with Mutscher several times previously about the banking legislation, said that he replied that he was enthusiastic about it.

Houston Harte Dies Today

SAN ANGELO, Tex. (AP) — Houston Harte, a newspaperman of national stature and owner of the San Angelo Standard-Times for more than 50 years, died Monday at the age of 79.

He was the founder, with the late Bernard Hanks, of the Harte-Hanks newspaper group.

Harte-Hanks newspapers founded the Snyder Daily News in 1950, a year after purchasing the Scurry County Times, a weekly newspaper, and continued to operate the newspaper until they sold their interests in Snyder in 1957.

The smooth way to play cupid

By Abigail Van Buren

[© 1972 by Chicago Tribune-N. Y. News Synd., Inc.]

DEAR ABBY: I know a man who took his wife and recently widowed sister in law to a baseball game. No sooner had the three of them sat down in their reserved seats when in came a gentleman and his young son, and sat right beside them. The man who had brought the two ladies happened to know the late entry, so he introduced him to the women.

The gentleman, who happened to be a widower, had the seat right next to the widowed sister in law. The two of them hit it off very well. Six months later they were making wedding plans!

Not until then did the widow learn that her brother in law had bought ALL FIVE TICKETS, and seated her right next to his friend.

Wouldn't you say this was a lot better than trying to arrange a blind date? IT HAPPENED IN HOUSTON

DEAR HAPPENED: Much! Had the brother in law asked his friend if he wanted to meet a nice widow, the friend would probably have said, "No thanks, I know enough widows."

And if he had asked his sister in law if she wanted to go out with a nice gentleman, she probably would have asked, "How tall is he?"

DEAR ABBY: As a man who takes pride in his cooking ability, I think you blew it in your answer to "NEW IN TOWN," the hostess who served a delicious dessert and didn't want to give out the recipe. [You said, "Share!"]

To an accomplished cook, a special recipe is very much like a "secret formula" for a masterpiece. By giving it to just anyone, this woman will cheapen her own worth as a cook because her formula may fall into the hands of someone who is totally lacking in the art of cookery.

Her answer should have been a decisive, "I never give out my recipes!" JAMIL S. IN N. Y. C.

DEAR JAMIL: I disagree. I say, give the recipe to whomever wants it, and if the recipient is "totally lacking in the art of cookery," he will cook his own goose — in schmaltz!

DEAR ABBY: I just read an article in the newspaper about a woman who spoke up at a gathering of the nation's weathermen saying she didn't like the idea of naming hurricanes after women. She said she thought that was just another way of putting women down.

Well, I don't agree with her at all. I think it's rather exciting to have a hurricane named after you. And I think every woman secretly hopes that her name will be chosen for the next hurricane. What do you think?

HURRICANE NANCY

DEAR NANCY: I admit, I didn't mind when HURRICANE ABBY was in the headlines, but I was soon replaced with HURRICANE BERTHA. [Ah, the fleeting quality of fame!]

CONFIDENTIAL TO A. G. M. IN TACOMA, WASHINGTON: EVERYBODY has fantasies! Please tell me, how can MY fantasies possibly hurt YOU?

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Fire Put Out

City Firemen extinguished a grass fire at Thirtieth Street and Avenue E at 3:38 p.m. Sunday.

Cables Taken From Warehouse

Thirty-two electrical cables valued at $9,541 were stolen from B-J Centrifugal Pump's warehouse on the Lamesa Highway Friday night, according to a report by Sheriff's Authorities. Officers said there was a forced entry into the warehouse. Also taken was a well head adaptor valued at $150.

Last Thursday night, someone stole a set of tubing elevators from a rig north of town, owned by Brooks Oil Well Service. Sheriff's Authorities also are investigating this case.

Britain has 15 million telephones in use.

Soviets Screening Jews

MOSCOW (AP) — About 5,500 Soviet Jews have emigrated to Israel so far this year, informed sources reported today.

They said if the present rate of departures is maintained, an unofficial target of 30,000 for 1972 could nearly be attained. This total was passed on by unofficial Soviet sources to Israeli officials and is believed to reflect the Kremlin's intentions, they said.

In 1970 an estimated 1,000 Soviet Jews were issued exit visas. Last year, replying to pressure from the Jewish community and foreign criticism, the Soviets allowed 13,903 Jews to leave.

Sources in the Jewish community said Soviet officials are maintaining the ban on emigration of Jewish scientists who have worked in defense-related industry or research.

Sources who follow the question closely said the Soviets appear to have several reasons for their present policy on Jewish emigration.

By allowing larger numbers to leave, the Kremlin is attempting to counter damaging criticism of its handling of the "Jewish question."

Yet the Kremlin rids itself of a lot of troublemakers by insuring that the preponderance of the emigrants are the least educated, the most backward and the most recalcitrant of the Soviet Jews who want to leave.

Fluvanna Seniors Sponsor Dinner

Fluvanna High School Seniors are sponsoring a senior dinner March 19 from 11:30 a.m. to 1:30 p.m. in the school cafeteria. The menu will consist of turkey and dressing, giblet gravy, green beans, mashed potatoes, cranberry sauce, salad, rolls and ice tea.

Tickets are $1.75 for adults and $1.25 for children. Everyone is invited.

Window Broken

Vandals heaved a rock through a window at Holt Music Co., 3901 College Avenue, according to City Police who said the incident was reported Saturday morning.

Officers also are investigating several acts of vandalism at the Girl Scout Hut on Thirty-fifth Street Sunday. Someone destroyed a plastic glass window and ransacked the building.

Reds Make 33 Weekend Attacks

SAIGON (AP) — Communist forces during the weekend made their largest number of attacks across South Vietnam in three weeks, while in eastern Cambodia a new 5,000-man South Vietnamese drive made its first significant contact with the enemy.

The South Vietnamese command reported 33 enemy attacks in Vietnamn almost half of them by rockets and mortars, between 6 a.m. Sunday and 6 a.m. today. More than half a dozen ground engagements were reported.

Incomplete reports said 19 South Vietnamese troops were killed and 89 wounded. The Saigon command claimed 137 North Vietnamese and Viet Cong troops killed.

The South Vietnamese reported a four-hour fight in eastern Cambodia 75 miles northwest of Saigon, where government troops launched a new drive last Friday. Headquarters reported 11 enemy troops and two government soldiers killed and 16 South Vietnamese wounded.

The South Vietnamese force also captured five Cambodian Communist guerrillas hiding inside a bunker near a forward command post seven miles northwest of Kompong Trach. One of the prisoners said his mission was to guide North Vietnamese and Viet Cong troops. He said about 200 of these had fled when they observed South Vietnamese helicopters ferrying in materials to a new fire base.

The U.S. Command announced that American troops strength in South Vietnam dropped 5,100 men last week to 114,500. It was the biggest weekly cut since Jan. 21-27, when 7,200 men were withdrawn.

In northern Laos, North Vietnamese troops were reported to have driven within 13 miles of Pakse, while Laotian units reoccupied the village of Keng Nhao, 20 miles northeast of Pakse, and captured three trucks containing ammunition.

In southern Laos, North Vietnamese troops were reported to have driven within 13 miles of Pakse, while Laotian units reoccupied the village of Keng Nhao, 20 miles northeast of Pakse, and captured three trucks containing ammunition.

Military sources said highly accurate enemy artillery had closed the airstrip at Long Cheng base again and had forced evacuation of Thai and Laotian forces over the weekend from positions east of Sam Thong, six miles northwest of Long Cheng.

In southern Laos, North Vietnamese troops were reported to have driven within 13 miles of Pakse, while Laotian units reoccupied the village of Keng Nhao, 20 miles northeast of Pakse, and captured three trucks containing ammunition.

China, Britain To Exchange Ambassadors

TOKYO (AP) — China and Britain have agreed to exchange ambassadors, a joint communique broadcast by Peking announced today.

The communique ended a 22-year tussle between Peking and London over the problem of Taiwan, seat of the Nationalist Chinese government. It reflected a reversal of Britain's original stand that the status of Taiwan remained to be internationally determined.

Britain and China have been in a diplomatic relationship since 1950 but each is represented in the other's capital by a charge d'affaires. The problem of Taiwan was the main cause of this.

The joint communique said the two governments decided to raise the level of their diplomatic representatives from charge d'affaires to ambassadors as of today.

The communique said: "The government of the United Kingdom, acknowledging the position of the Chinese government that Taiwan is a province of the People's Republic of China, has decided to remove their official representation from Taiwan on March 13, 1972."

Snyderite Is 2nd Runnerup

LUBBOCK—Jana Bullard of Snyder was second runnerup Saturday night in the Miss Lubbock Contest.

Miss Bullard, a freshman student at Texas Tech University, is the daughter of Mr. and Mrs. James C. Bullard of Snyder.

Charlotte Smith, a Texas Tech sophomore from Throckmorton, was named Miss Lubbock. She will represent the city in the Miss Texas Contest this summer. First runnerup was Janice Plumless, a Tech junior from Cleburne.

Miss Bullard won the talent portion of the contest. She sang an operatic aria from Puccini. There were 14 contestants in the event.

Pleas Entered In County Court

Three guilty pleas were entered in county court this morning.

David Wilson Jr. of Dallas, Jesse James Taylor of Aspermont and Jess Rockwell of Girard all pleaded guilty to driving while intoxicated, first offense. Taylor and Rockwell received $100 fines plus court costs and 10-day jail terms. Rockwell is to return to court in 10 days for final sentencing. Wilson was handed a $100 fine plus court costs and a 30-day jail term. Wilson and Rockwell were arrested by Highway Patrolmen, and Taylor was apprehended by Sheriff's Authorities. The offenses by Wilson and Taylor occurred Sunday. Rockwell's offense occurred Saturday.

Prior to 1940, England devoted 6,000 acres to outdoor crops of flowers.

Rodeo Boosters Of WTC To Meet

The Rodeo Booster Club of Western Texas College will meet at 7:30 o'clock tonight at the Steak House Restaurant for a "Dutch treat" dinner session.

Topics on the agenda for discussion at the meeting include a scholarship report, scholarships for 1972-73, rodeo team vests, plans for a dance, plans for a barbecue and the WTC NIRA Rodeo.

Motion picture films of rodeo PE classes will be shown at the meeting.

Snyder Student Gets Tech Award

Giles Rainwater, son of Mrs. T.A. Rainwater, of Snyder and the late T.A. Rainwater was recognized for his academic performance at the Lubbock Municipal Auditorium Sunday. He was one of 198 to receive this award. To be eligible for this award a student must be in the upper 3 per cent of his class during the spring and fall semester at Texas Tech.

Giles, a Snyder High School graduate, is a junior majoring in psychology.

Plans Take Shape For County Fair

Plans for the 1972 Scurry County Fair are fairly well underway.

Some changes will be made this year, due at least partly to moving the event to improved facilities in the Scurry County Coliseum. The county fair has been held in Towle Memorial Park in previous years.

The fair is scheduled for Sept. 21-22-23.

Art exhibits should be bigger and better this year, fair officials said, with more and better space available. The art show will be located in the southwest area of the coliseum lobby.

The garden clubs of Snyder will combine to present a standard flower show at the 1972 fair. There will be cut flowers and pot plants. The flower show will probably be held in the northwest area of the coliseum lobby.

Plans are being made to have a stage production on Saturday night, the closing date of the fair. It may be a local talent event, or outside talent may be brought in for the occasion. This will require changes in checkout time and perhaps a few other changes in the fair scheduled.

Another attraction will be a small auditorium where special programs will be scheduled throughout the fair. Among activities planned are programs by the art group, garden clubs, food demonstrations, etc.

Superintendents of several areas of the fair held a planning session recently to begin work in preparing for the fair. Attending the meeting were Darrell Sims, Roy Hanson, Mr. and Mrs. O.P. Tate Jr., Glenn Barron, Mrs. J.N. Eicke, Mrs. Walter Stirl, Mrs. Charles Tyer, Mrs. S.L. Terry, Mrs. Fred Davis, Miss Joy McGlaun, Mrs. Melvin Lee, Miss Ruby Butts and Mrs. E.M. Ashley.

Neil Welcomed In Scotland

LANGHOLM, Scotland (AP) — Neil Armstrong, the first man to walk on the moon, was greeted by several thousand people when he arrived at this tartan town in the Scottish lowlands.

Yellow or sandy cats are usually male.

FLUVANNA NEWS

By MRS. STELLA JONES

Recent visitors in the home of Mr. and Mrs. R.B. Wills were R.B. Wills Jr., of Lubbock, Mr. and Mrs. Geo Miller, Mr. and Mrs. Wylie Miller and baby and Mrs. Martha Ford all of Post.

Mrs. Denny Belew and Kris of Wolforth visited Mr. and Mrs. Burl Belew. Denny Belew attended the livestock show at Houston.

Those visiting Mr. and Mrs. Hurston Lemons, Buster, and Mr. and Mrs. Ed Lemons Saturday were Mr. and Mrs. Billy Jacobs and children of Abilene and Mr. and Mrs. Bobby Lemons and children of Abilene.

Mr. and Mrs. Cleo Tartar of Abilene were visiting relatives in the community during the week.

Those visiting Mrs. Stella Jones Sunday were Mrs. Lora Lady of Colorado City, Mr. and Mrs. Rodney Summers, Debby and Susan of Snyder and Mr. and Mrs. Royce Summers, Rickey and Duane.

Mrs. Pearl Reeder visited Saturday and Sunday in Midland with her brother Mr. and Mrs. Frank Taylor.

Mr. and Mrs. Weldon Lloyd and daughter of Lubbock visited over the weekend with relatives in the community.

Larry Patterson of San Angelo University visited over the weekend with his parents Mr. and Mrs. J.D. Patterson.

Mrs. Fred Williams and girls, Mr. and Mrs. Royce Holder and children all of Odessa visited over the weekend with their father Sandy Holder and grandparents Mr. and Mrs. Bob Jennings.

Mrs. Caryle Russell of Clovis, N.M. is visiting several days with her parents Mr. and Mrs. Bob Jennings.

Mr. and Mrs. Joe Landrum visited several days with their daughter Mr. and Mrs. Charles Cate and son in Tivola.

Mr. and Mrs. Bob Free of Colorado City and Mr. and Mrs. Pat Jones visited last Sunday afternoon with Mr. and Mrs. Wallace Jones.

Mrs. Ruby Benson and Mrs. Louie Gatewood were in Colorado City Tuesday where Mrs. Gatewood had medical care.

Mr. and Mrs. Joe Thel Belew of Stephenville are the new parents of a baby girl born March 3. Grandparents are Mr. and Mrs. Burl Belew and Mr. and Mrs. Sam Bruner.

Paul Keyhole of Sunset of Preaching in Lubbock filled the pulpit at the Fluvanna Church of Christ last Sunday.

Rev. and Mrs. Thomas Hall visited last Friday and Saturday with their son Bobby Hall of Canyon and attended the basketball tournament at West Texas University.

Mr. and Mrs. James Beaver, David and Steve, Mr. and Mrs. Bobby Stansell and Gregory and Mr. and Mrs. Joe Weldon Stansell and Bryan of Brownwood attended the "Tractor Pull" in Ft. Worth last Saturday.

Mrs. W.C. Cade and Dale of Rotan visited Wednesday afternoon with Mrs. Stella Jones.

Mrs. Stella Jones and Mrs. Lonie Ball were in Post Thursday.

Mrs. Millie Gleghorn is in Abilene this week visiting her daughter Mrs. Cora Rex.

Ira PTA To Meet

The Ira PTA will meet March 16 at 3:35 p.m. in the school study hall. Executive committee will meet at 3 p.m.

The program will be presented by Myron Crawford and a panel of students on "Bridge the Generation Gap With Understanding."

During the business the members will elect a nominating committee and a committee to select a life member.

Everyone is urged to be present and visitors are welcome.

Woman's Calendar

TUESDAY

Atheneum Study Club will meet at 4 p.m. at Martha Ann Woman's Club with Mrs. J.M. Kayser, hostess.

TOPS of Texas, chapter 56 will meet at 7 p.m. at Stanfield.

WEDNESDAY

Cosmorama Study Club will meet at 3:45 p.m. at Martha Ann Woman's Club with Sandra Johnson and Jo Ann Ham as hostesses.

THURSDAY

Eastern Star Chapter 450 will meet at 7:30 p.m. at the Masonic Lodge. Bess Deloach, Olveyne Hayes and Mary Davis are hostesses.

The Women's Auxiliary of Cogdell Memorial Hospital will meet at 9:30 a.m. in the board room of the hospital. New officers will be elected for the coming year. All members are urged to attend.

THURSDAY

AAUW will meet in the home of Prentice Glass, 2804 Forty-second St. at 7:30 p.m.

Snyder Newcomers will meet at 10 a.m. at the Snyder Savings and Loan. Mrs. Wayne Boren will present the program.

FRIDAY

Altrurian Club will meet at 3 p.m. at the Martha Ann Woman's Club with Mrs. Edith McKanna as hostess.

SATURDAY

People Without Partners will meet at 6:30 p.m. at the Inadale Community Center.

Consumer Advocate Says Leave Wrappings At Store

By JOY STILLEY
AP Newsfeatures Writer

NEW YORK (AP) — American consumers should register their distaste for "overpackaging," which adds daily to the nation's garbage problem, says Michael Pope, a consulting engineer in the field of waste management.

"The place they can make the most noise and where they'll do the most good is where they do their shopping," advises the president of Pope, Evans and Robbins, a firm that specializes in municipal, state and federal studies in the whole area of pollution abatement.

"Many women have already started taking a firm stand at the checkout counter," he continues. "They're wiping the problem off on the store manager by leaving him all the wrappings.

"If enough people do this and say, 'Look, I don't want this, I don't need this,' the packaging material will back up in the store and if they're using less they'll order less," he says. "A number of large grocery chains are already looking at the packaging thing to see if it's really necessary."

In other parts of the world, Pope points out, it is rare that the shopper gets fruits, vegetables and meat prepackaged—"only half the stuff you buy in Europe is wrapped as compared to here"—and housewives shop with their own basket or reusable bag to carry home purchases.

Looking back to the days when "if you wanted an electric plug the man at the store reached into a drawer and handed it to you," he contrasts this era with the present, when "the plug comes to you mounted on cardboard and in a plastic bubble, both of which you have to get rid of."

"In this country when somebody takes a gift out of a box they throw away the box and tissue paper," he notes. "In other places they probably wouldn't even have a box but if they do it's used more than once for the purpose for which it was made, and there's a lot to be said for that. Here we sort of look down at string savers, but other places everybody saves string.

"In cities like Jakarta, Singapore and Bangkok I examined rubbish heaps and saw nothing discernible," adds Pope, who has been around the world a number of times in connection with his work. "Everything is used—what ends up in the scrapheap is really something that is useless."

Emphasizing the enormity of the United States' garbage problem, Pope points out that each person generates 5.5 pounds of solid waste per day, every day. And New York City alone generates "relentlessly" every day 25,000 tons of solid waste.

"The problems of solid wastes are local and the solutions care regional," explains Pope, who advocates community action groups working to get the local government to join with other local governments to tackle the problem jointly. "You need the economy of size to make recycling programs profitable; you need many communities working together to deliver a steady source of material."

Under an ideal setup, which he admits is not practical for the average person, he suggests waste should be divided for recycling into these categories: glass, aluminum cans, tin cans and other ferrous material; organic refuse; newsprint, magazines, and cardboard products.

"If these could be separated, kept separate when they are picked up, and the collection maintained, it would go a long way toward reducing the amount of waste in the community.

Pope, who lives in a Manhattan apartment, does what he can on a personal basis by separating glass and newspapers from the rest of the garbage. "I'm a big proponent of homemade toys made out of cardboard and egg crates, I buy returnable bottles whenever I can find them—and I talk to the store manager a lot."

WHERE EVERY CUSTOMER IS IMPORTANT

THE INFORMED CONSUMER

BY CRAWFORD C. MARTIN
Attorney General of Texas

Do you pay your bills on time? Have you always paid your debts in full? How much do you owe right now and to whom?

You, of course, know the answers to these questions. But so do Consumer Reporting Agencies because they are in the business of collecting this type of information. Every time you apply for credit, employment or insurance, the potential creditor, employer, or insurer will probably purchase whatever information a Reporting Agency has on you.

Therefore, it is important that information these agencies circulate about individual consumers be as accurate and up-to-date as possible. Until recently, it may have been difficult for you as an individual to determine the accuracy as well as the nature of the information these Consumer Reporting Agencies were including in reports made about you.

However, you now have legal protection to insure your basic rights in this area. This is because of the new Federal Fair Credit Reporting Act which is administered by the Federal Trade Commission. You, as a consumer, are entitled to protection against erroneous, incomplete or obsolete information on which an unsuspecting firm might rely in deciding whether or not to do business with you or to offer you employment.

Some of the most significant of your rights as a consumer are:

1. The right to know the nature and substance of all the information (except medical) in your file at the particular Consumer Reporting Agency.

2. The right to know the sources of information.

3. The right to know who has received a Consumer Report on you within the last six months (or within the preceding two years if the report was furnished for employment purposes).

If you have been denied credit, insurance, or employment because of information in a Consumer Report, you have the right to be told the name and address of the Consumer Reporting Agency that furnished the report. You then have the right to request and receive all the information mentioned above from the Consumer Reporting Agency free of charge. If there is incorrect or incomplete information in your particular file, you have the right to challenge it. The Reporting Agency, must, in most instances, re-investigate the challenged information within a reasonable period of time. If the information is found to be inaccurate or cannot be verified, it must be removed from your file.

If the Reporting Agency conducts a re-investigation concerning you and you do not agree with the results of this reinvestigation, you have the right to file a statement setting out your version of what you consider to be the true facts. Thereafter, if the Consumer Reporting Agency makes a report containing the information in dispute, it must also report your version.

As an additional protection to the consumer, certain information cannot be reported after a specific period of time, i.e., bankruptcies after 14 years; judgments after 7 years, or after the Statute of Limitations has run; paid tax liens after 7 years; past due accounts after 7 years; arrests, indictments, or criminal convictions 7 years after disposition, release of parole; and any other adverse information after 7 years.

War Declared On Crooked Tax Preparer

WASHINGTON (AP) — The government has started a campaign to jail preparers of false tax returns and put them out of business.

'You can say we're declaring war," said John Hanlon, the Internal Revenue Service's assistant commissioner for compliance. "Any unscrupulous tax preparer who is in business had better close down his shop."

Hanlon said the IRS is on the lookout for members of the "mass refund racket" who seek to prepare returns by promising taxpayers they will get a refund.

IRS agents already have made a number of arrests, Hanlon said, and they expect to have 100 cases by the end of the filing period April 17.

About half the 77 million tax returns filed each year are prepared for the taxpayer by someone else—attorneys, accountants, professional tax-return preparers or persons who just go into business during the tax season.

Hanlon said the maximum penalty for aiding or abetting the filing of a fraudulent return is three years in prison and a $5,000 fine on each count.

In a related development, IRS Commissioner Johnnie M. Walters said agents are auditing the returns of 112 high-income individuals who paid no income taxes in 1970. Some probably will have to pay, and some probably won't, he said.

Burglary A Mystery

DECATUR, Ill. (AP) — Sheriff's police are perplexed by the motives of burglars who broke into a rural Decatur home sometime over the weekend.

Police said the burglars who entered Harold Catlin's house took only a toilet bowl valued at $50 and a $1.50 light bulb while neglecting $140 in cash lying on a nearby table.

$25,000 JUNKET—Maj. Gen. Ross Ayers, commander of the Texas National Guard, was accused by syndicated columnist Jack Anderson of having a military refueling redone so he and his wife could fly to Europe. The remodeling, Anderson said, was done to the general's wife's specifications. Ayers said they knew nothing of the remodeling, which consisted of hanging curtains over the military bunks on the plane.

Texas Oilmen Invade Alaska

By STEVE WEINER H
Associated Press Writer

JUNEAU, Alaska (AP) — The twang, the pointed boot and the casual richness of Texas came to Alaska to see what could be done about the largest state's oil and the runnerup's pride.

Sauntering down the street with one eye on the icy sidewalk and the other on the mountain-lined sky, some 50 Texans filtered through Juneau to attend legislative hearings on Alaska's oil pipeline and its petroleum future.

Two legislative committees were considering proposals for state ownership of the 800-mile long oil pipeline planned to bring oil to market from the North Slope.

Texas in 1959 became second state in size to Alaska. It's about to become second in proven oil reserves, a fact that brings wistful-yet-proud comments from the flatlanders who own a large chunk of Alaska's frontier-like future.

Yet, as five days of hearings wore on, the essential similarities of the people of Texas and Alaska broke through.

State Sen. Chancy Croft is a former Texan who graduated from the University of Texas in 1961, migrated to Alaska a year later and stayed.

Croft is chairman of the legislature's pipeline Impact Committee. He's seen oil—and oil men—in both states.

"I'm not distressed by all the Texans around," he says in a faint twang. "I've got nothing against Texas, there's just a lot more to Alaska.

"Alaskans are compatible with most people," Croft says, "Even Texans."

At the hearing, television lights and video tapes hummed simultaneously, unusual for Alaskan legislative hearings, which normally are low-key events.

One representative cigar-smoking and grinning, wore his best set of suspenders.

In the background, the Texans chatted, sometimes giggling in appreciation of the proceedings.

"Why, do you-all know ..." and the conversation continued, finally resolved after the girl revealed she was married to the brother of the Waco man's close friend.

"Alaska and Texas are a lot alike," a Beaumont, Tex., transfer to Anchorage says. "But I don't think a lot of them were prepared for the weather. The older settlers in Texas and Alaska have been there a long time, and they're proud of it."

"See, for a long time we were the biggest too, and we thought we were a little different. But all you have is the same thing we had for about 100 years."

Rep. Mike Rose, an Ancorage Democrat, says, "I'd say we've been taken over. I used to think Alaska was the suburb of Seattle; now we're a suburb of Houston."

A check with the desk clerk shows that one-third of those at the hearing hail from Texas.

"Oh, it's healthy to get an influx of population," one senator says. "But I'll bet they look at the mountains over us, and the snow in March. And I bet they wonder what they're doing here when it's 70 above in Texas, 10 above here, and 50 below on the North Slope."

Alaskan oil men eventually may be dominated by Texans. But the twangs, pointed boots and casually rich lost to Alaska Friday. Tickets in hand, bags packed, they arrived at the airport to find all flights cancelled.

They were snowed in.

Firemen Retrieve Station Mascot

NEW YORK (AP) — Engine Company 2 has its Dalmation watchdog back after the mascot was picked up three weeks ago by some Massachusetts youths.

Fire Capt. John Downs and fireman Michael Andreachi drove to Methuen, Mass. to retrieve the dog, named 'Avis, after he was traced to the community through license plates on the youths' car.

A fireman said the dog is called Avis because the engine house is No. 2.

No charges were placed against the youths who said they found the dog wandering. Firemen said the pet was "only inspecting the neighborhood."

Pharmacist Pays For Mistake

RIVERHEAD, N.Y. (AP) — A Long Island woman who was given nasal decongestant tablets instead of birth control pills by a druggist has been awarded $29,000 in damages, most of it to cover the costs of raising a son.

A Suffolk County jury awarded the sum Friday to Mr. and Mrs. Stanley Kuhns of Brentwood, who had sued for $6 million after Mrs. Kuhns became pregnant and delivered a boy. He is now 5.

The pharmacist said he misread the physician's handwriting and gave the woman Novahistine, which helps clear nasal passages, instead of Norlestrin, a birth control pill.

Fund For Widows

NEW YORK (AP) — Police of the ninth precinct have established a fund for the widows of patrolmen Gregory Foster and Rocco Laurie who were shot and killed in an unprovoked attack in the East Village last Jan. 27.

Less than two weeks after the murders were more than $2,000 in unsolicited contributions were received.

Track Team Places 6th

BIG SPRING—Snyder's Tigers scored 44 points for sixth place at the Invitational Track Meet here Saturday. San Angelo won first with 134 points. Scores of other teams: Amarillo Palo Duro 101, Midland 86, Midland Lee 71, Big Spring 57, Odessa 17, Sweetwater 17.

The Tigers copped one blue ribbon with Troy Hall taking first place in the pole vault with a height of 13-3. It was a new meet record.

Freddy Murphy finished second in the 880 yard run with a time of 1:58.4. It was a new school record.

Gary Patterson was second in both the high and intermediate hurdles with times of 14.0 and 40.5 respectively. The 14 flat clocking tied the school record Gary set at the Canyon Reef Relays. Mike Fulgham of San Angelo took in the high's with a 13.7 clocking.

Johnny Spears was third in the long jump with a distance of 21-1¼.

The mile relay team of Johnny Spears, Jackie Hartsfield, Gary Patterson and Freddy Murphy was fifth with a time of 3:37.4.

The Tiger sophomore team gave a good account of itself although no points were awarded in this division.

Mickey Gonzales placed second in the shot put with a heave of 45-6½.

Hubert Crayton placed second in the century with a 10.2 clocking.

Regis Harper was third in the pole vault. He cleared 11-0.

Willie Smith placed fifth in the shot put with a distance of 44-3.

John Miller placed fifth in the pole vault by clearing 10-6.

Layne Collins was fifth in the intermediate hurdles with a clocking of 46.5.

The 440 relay team comprised of John Miller, Mark Carolan, Steve Grimmett and Hubert Crayton was fifth with a time of 46.0.

Richard Gorman was sixth in the high hurdles with a time of 16.5.

Hubert Crayton was sixth in the 220 yard dash with a time of 24.4.

Douglas Scott placed sixth in the 880 yard run with a 2:18.6 clocking.

The Snyder sophomores will be at Andrews Friday, and the varsity will enter the Brownwood Invitational Meet Saturday. Teams entered in the Brownwood Meet are Abilene, Temple, Killeen, Burleson, Diamond Hill, Sweetwater, Colorado City, Lake View, Wichita Falls Hirschi, Brownwood and Snyder.

Roosevelt Is AAAA Champ

AUSTIN, Tex. (AP) — Dallas Roosevelt's team play was too much for San Antonio Jefferson's Rick Bullock to overcome, and that's the reason Roosevelt is the Class AAAA state basketball champion.

Bullock crammed in 44 points in the state title game Saturday, but Roosevelt exploded for 23 points in the final quarter to win the championship, 68-63.

Marcellas Abney, scored 23 for Roosevelt, Melvin Moore had 13, Ira Terrell 11, Leroy Edwards 10 and Clarence nard 9.

The next highest scorer for Jefferson was Bill Bryden with 8.

Bullock's 44 points was one short of tying the AAAA record set Friday by Terrell in Roosevelt's 111-109 victory over Houston Wheatley.

Jefferson gained the finals by edging Midland, 54-52.

Lapaynor of Larue, southwest of Tyler, won the Class B championship Saturday night by beating Snook, 53-44.

Jimmy Street scored 27 for LaPaynor, including 15 of 15 free throws—one shy of the Class B record set by Ken Miller of Kyle in 1959.

It was the second year in a row that Snook, south of Bryan, has lost in the finals. The three-time state champions lost in 1971 to Krum, 52-51.

LaPaynor advanced to the finals by beating Anton, 64-49, while Snook nipped Old Glory in the semi-finals, 46-45, breaking Old Glory's 37-game winning streak.

Heard Takes Orlando Cash

By BOB GREEN
Associated Press Golf Writer

ORLANDO, Fla. (AP) — The conversation took place on the 18th fairway during Sunday's final round of the $150,000 Florida Citrus Open Golf Tournament.

"When I won at Akron," loose and easy-going Jerry Heard said to Lee Trevino, "that's what I wanted to do—win.It was the first one. This time I want the money."

It was more than simple avarice on the part of the budding star from Visalia, Calif. He was in debt and pressing and admitted the financial problems had bothered his game.

He had a one-stroke lead at that stage, while he and Tevino waited to hit their second shots to the green on the final hole at Rio Pinar Country Club, and Heard used that picture swing to loft his shot to within about nine feet of the flag.

He rolled in the putt for a birdie three, a 69 and a two-stroke victory at 12-under-par 276. And he picked up $30,000 for first place—a check that solved the money worries.

"This will do it," the 24-year-old said. "I'm flat even. I can tell you it's a big load off my mind"

Bobby Mitchell, who bolted out of the pack with a string of five consecutive birdies on the back nine, closed with a 66 and second at 278.

Jim Jamieson, 70, and Leonard Thompson, 69, were next at 279 in the tightly bunched field. Chris Blocker, who shared the lead at the end of three rounds, slipped to 73 and 280. He was tied with George Archer, Rod Funseth, Bob Murphy and Australian Bruce Crampton.

Jack Nicklaus, 69, and South African Gary Player, 66, were next at 281. Trevino bogeyed the first hole and never really got it going. He had a 74-282.

ORLANDO, Fla. (AP) — Final scores and money winnings Sunday in the $150,000 Florida Citrus Open Golf Tournament on the 6,877 yard, par 72 Rio Pinar Country Club course.

Jerry Heard, $30,000	70-67-70-69—276
Bobby Mitchell, $17,100	66-78-68-66—278

Travis 9th Grade Scores 74 Points

SAN ANGELO — Travis Junior High placed third in the 9th grade division of the Junior High Track Meet here Saturday with 74 points. First place went to Midland Austin with 95 points while San Angelo John Glenn was runnderup with 76½ points.

There were 16 teams entered in the meet and 11 of them are from Class AAAA schools.

The Travis sprint and 1320 relay teams both won blue ribbons. The 440 relay team, comprised of Levi Hill, Larry Johns, Alvin Neely and Welton Cobb, was timed in 45.7. The 1320 unit, composed of Danny Brumley, Larry Johns, Alvin Neely and Welton Cobb was clocked in 3:33.8. Each unit missed the record by half a second.

Welton Cobb set two meet records. He won the 100 yard dash in 9.8, erasing the old mark of 10.2 set by Rusty Harris of Abilene Lincoln in 1961 with a 10.2. Cobb took the broad jump with a distance of 20-7½, rubbing the old 20-6½ standard set by Lee Benson of San Angelo Lee in 1966.

Cobb also placed fourth in the shot put with a distance of 48-6.

Alvin Neely won second in the 220 yard dash with a time of 24.3.

Greg Gafford took fifth in the 1320 yard run with a 3:39.5 clocking.

Danny Brumley cleared 10-3 in the pole vault. Only three boys vaulted higher, but Brumley failed to place on more misses.

Lamar Junior High's 8th grade team scored 18 points with Phil Robinson getting first place in the pole vault by clearing 10-6. Tim Flynn was second in the 330 yard dash with a time of 40.7.

Lamar's seventh grade team tallied 15 points. Danny McCormick was second in the 330 yard run with a time of 42.3, and he placed sixth in the 100 yard dash with a 11.7 clocking.

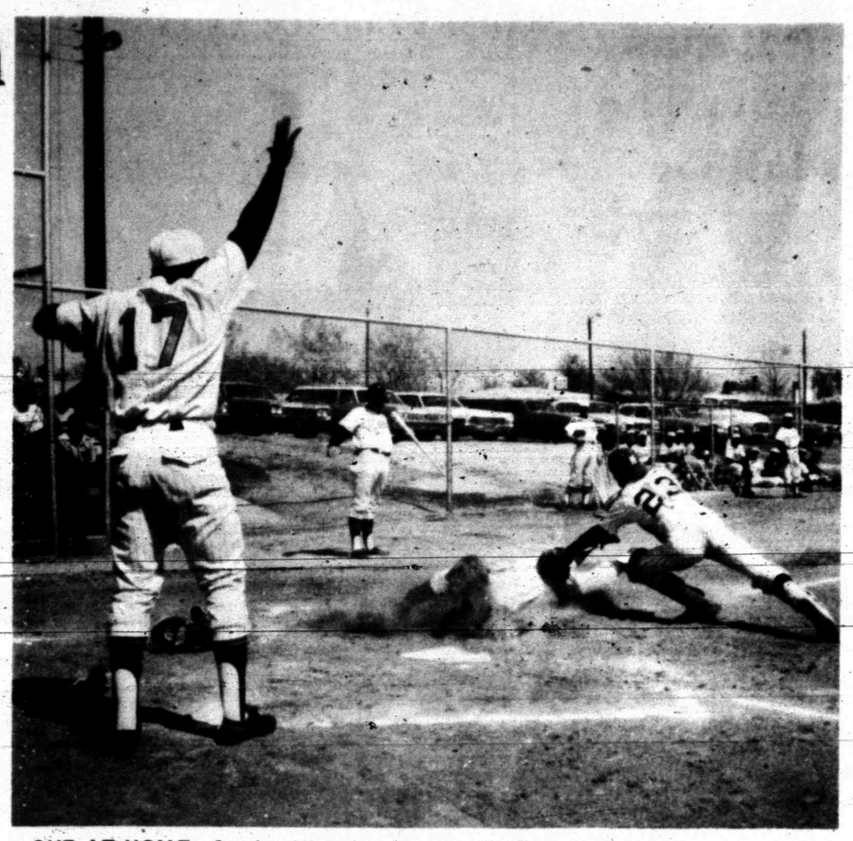

David Reyes was fourth in the discus with a distance of 74-4.

Lamar's 9th grade team scored six points. Ronny Payne took fifth in the high jump. He cleared 5-4. The sprint relay team of Eric Schrader, Sammy Harrell, Charles Greenfield and Jeff Pippen placed sixth with a 47.7 clocking.

Lamar's 7th and 8th grade sprint relay teams also qualified for the finals, but the 7th grade unit was 7th and the 8th grade unit placed 8th.

Travis did not score in the 8th grade division. However, David Lee James won his heat in the 220 yard dash with a 26.8 clocking, and Roy Villanueva won his heat in the 330 yard run with a time of 42.3.

The Travis 7th grade team tallied six points. Brad Browning was third in the pole vault by clearing 8-0. Ricky Brumley looked good in the sprints and Johnny Carrasco looked good in the hurdles.

OUT AT HOME—Snyder High School's David Thompson was thrown out in a close play at home plate during the first inning of the first game between Snyder and Monahans here Saturday. Catcher David Ridings took a throw from left field and tagged out the Snyder runner. The Tigers won both games of the doubleheader, 8-3 and 8-4, and still are undefeated with a 6-0 record. Tommy Washington (left) knocked a home run during the first game.

Williams Hopes Trades Will Help

POMPANO BEACH, Fla., (AP) — Manager Ted Williams hopes off-season trades will strengthen the new Texas Rangers where the old Washington Senators were the weakest—hitting.

The Senators, who finished next-to-last in the American League East last year, were a constant frustration to Hall of Famer Williams, who compiled .344 lifetime batting average, but couldn't get the message to his team.

In the off-season, the Rangers picked up second baseman Ted Kubiak, outfielder Roy Foster and catcher Hal King to bolster the hitting.

"We blew so many games last season just because we couldn't get the key hit it was unbelievable," Williams said. "I looked it up over the winter and in something like eight of every 10 games we lost, we still were in contention up until the seventh inning."

Joe Burke, the executive vice president of the Rangers, said the trades should help.

"Kubiak can do the job with the glove at second and if he'll just hit .250 we are already over 50 percentage points better than last year at that position," Burke said.

Foster caught Williams' attention at Cleveland last year where he hit 23 home runs for the last-place Indians.

Outfielder Jeff Burroughs, up from Denver, also has caught Williams' eye. Burroughs clubbed a long homer in an early exhibition game and Williams said "He looks good. But he still may be a year away."

Don Mincher, an outfielderinfielder, also brought Williams smiles with his solid hitting in the spring.

"Mincher loves to hit," Williams said.

Williams is high on King, who has carried the reputation as a good hitter despite his career .226 average in the majors. King came to Texas in an offseason trade with Atlanta.

The Rangers could be hurting for hitting if big Frank Howard continues his holdout—although Texas showed in trading Denny McLain away that the Rangers are going with youth throughout the organization.

Texas has a steady, if not spectacular, pitching staff in the likes of Dick Bosmann Casey Cox, Bill Gogolewski, Rich Hand, and Paul Lindblad.

But, as is the case with most positions on the club, nothing is set with most jobs wide-open until the completion of the spring exhibition games.

One position being fought for is shortstop where Toby Harrah and young Jim Mason are battling it out.

Williams hopes to tighten his infield defense which was only average in 1971.

Williams said moving to a new location may help the Rangers win more games this season than they know how.

"Enthusiasm has made it possible for some clubs to improve to the point where they eventually became pennant winners," Williams said.

But with the move to the tough AL West, even as spirited a competitor as Williams would settle for a finish in the first divison this year.

Nancy Pockets Dallas Prize

DALLAS (AP) — Nancy Richey Gunter, serving better than she ever has in her tennis career, is ready to challenge Billie Jean King as undisputed queen of the Virginia Slims Women's Tennis Circuit.

"I have more confidence and I'm hitting my serves harder than I ever have in my life," said the 29-year-old Mrs. Gunter of San Angelo, who pocketed the largest prize in women's tennis history—$11,000—Sunday.

Mrs. Gunter mowed down the exhausted Mrs. King 7-6, 6-1 in the Maureen Connolly Brinker nationally televised finals and grabbed the lead in the women's tennis tour with $16,800.

Mrs. King was obviously physically drained after emotional, winning battles with 17-year-old sensation Chris Evert of Fort Lauderdale, Fla., and Wimbledon champion Evonne Goolagong of Australia, making her American debut.

"I just ran out of gas," said Mrs. King. "I was low on adrenalin. Those earlier matches took it all out of me."

Mrs. Gunter, because she hadn't played in many tournaments on the tour, was unseeded and advanced through the lower bracket unchallenged. She finished the tournament without losing a set.

"You can bet she (Mrs. Gunter) will be seeded at Richmond two weeks from now," said one Virginia Slims official. "She'll be the fourth seed there."

SPORTS

Longhorns Put Down Cougars

By HOWARD GRAVES
Associated Press Sports Writer

LAS CRUCES, N.M. (AP) — Texas' spunky guard, Harry Larrabee, doesn't like anyone taking his team too lightly.

"We came here to prove something," Larrabee said Saturday night moments after his Longhorns had upset Houston 85-74, in the NCAA's Midwest Regional first round.

"No one gave us a chance against Houston," he said. "We just wanted to win more than they did."

Larrabee led the Longhorns over the Cougars to advance to the Midwest Regional semifinals next Thursday against Kansas State of the Big Eight.

Both teams were unranked in the latest Associated Press college basketball poll.

The first semifinal game will find two ranked clubs—No. 9 Southwestern Louisiana and No. 4 Louisville.

USL whipped past No. 10 Marshall University 112-101 with a display of rebounding strength and some quick shooting by Dwight Lamar and Roy Ebron.

Lamar, who scored 35 points, said he "played a horrible game." However, he said USL's control of the boards was a key factor in stopping the Thundering Herd.

Ebron tugged in 20 rebounds, the best of any individual from the four teams playing on the New Mexico State University campus. He finished with 33 points. Jerry Bisbano had 19.

USL, now 24-3, is playing for the first time in the NCAA university division tournament. Texas' last appearance in the tournament was in 1963.

Texas Coach Leon Black termed his team's victory over Houston, the first time the two had met since 1955, "the biggest win since I've been at Texas."

Houston jumped to a quick 5-0 lead but the Longhorns came to life on the shooting of sophomore Larry Robinson of Hobbs, N.M., and Larrabee's floor work.

"Larrabee was the key," Houston Coach Guy Lewis said following the game. "He broke our press. Texas deserved to win, and that's it."

Robinson led Texas' scoring with 23 points. Larrabee finished with 15, nine on free throws. Joe Lenox had 16.

Robinson played with a bone fracture in his right foot. He limped noticeably during the game but held his own physically in the rough battle.

"Larry played hurt and played great," Black said. "We had no idea of what kind of job he could do."

Houston's Dwight Davis had 25 points and teammate Steve Newsome 26.

Marshall trailed USL 55-52 at halftime and kept close to the Ragin' Cajuns for the next 6-7 minutes of the second half.

But Lamar, Ebron and substitute Payton Townsend shot USL away from Marshall.

Mike D'Antoni led the losers with 26 points followed by Russ Lee with 24 and Randy Noll with 21.

Tigers Sweep Two Tilts With Lobos

Snyder's Tigers completed a three-game sweep of Monahans' Lobos here Saturday with a doubleheader victory, 8-3 and 8-4, to preserve their perfect record. The Tigers are now 6-0 for the season.

In the first game, Snyder took a 1-0 lead in the 1st and fell behind 2-1 in the top of the 3rd. They regained the lead with a 3-run uprising in the bottom of the 3rd and added three tallies in the 5th and one in the 6th. Monahans got one more run in the 5th.

Larry Braziel, sophomore hurler, got his first win of the year, scattering seven hits over five innings. He was relieved by Jimmy Don Dyess in the 6th. Dyess pitched two-thirds of an inning and was replaced by Tim Holder. Loyd Lawson, the loser, yielded six hits in four frames. His replacement, Bobby Adkin, was touched for two safeties.

Snyder got its first run when Tommy Washington doubled, went to third on a wild pitch, and scored on a line single by Albert Hernandez.

Monahans took the lead on a single by Manly, a fielder's choice, and back-to-back doubles by David Presley and Steve Swarb.

The Tigers regained the lead, getting tallies on a towering home run over the left centerfield fence by Washington. Charles Anderson, who had singled, and Butch Buchanan, who had doubled, came in one the big blast by Washington.

The Lobos pulled within one run in the 5th when Swarb doubled in Manly, who had singled ahead of him.

The Tigers iced it down with three tallies in the 5th. Anderson opened with a two-bagger and scored on a single by Buchanan. Butch stoled second, David Thompson walked and Buchanan came in on a hit by Hernandez. Thompson scored on a single by James Hood.

Louis Loyd walked to open the 6th for Snyder and moved to second on a fielder's choice. Anderson singled, driving Loyd to third. Then Anderson stole second and both runners advanced on a balk by the pitcher with Loyd scoring the final run.

Although he didn't drive in any runs, Anderson had a good day at the plate in the first game, getting a double and two singles in four trips to the plate.

The second game saw the Tigers rally in the 5th inning to tie it up at 4-4 then score four runs in the 6th to grab the victory.

Snyder took a 2-0 lead in the 1st on a walk to Anderson, a double by Buchanan, a sacrifice by Washington and a single by Hernandez.

Monahans went ahead 4-2 in the 3rd on an error, a walk, back-to-back singles by Don Lawson and Don Swarb and a double by Loyd Lawson.

Snyder tied it up, getting two runs on a single by Anderson and doubles by Buchanan and David Thompson.

The final four runs resulted from singles by Marvin McClanahan and Washington and a triple by Buchanan, combined with an error, a walk, a sacrifice and a fielder's choice.

Jackie Murray went the distance for the Tigers and pitched a superb game except for a momentary lapse in the 3rd inning. Don Lawson, the loser, worked the entire game for the Lobos. Murray fanned seven and Lawson struck out five.

The Tigers visit Midland tomorrw afternoon, for a 4 p.m. contest, then enter the Monahans Tournament Thursday, Friday, and Saturday.

Golf Team Places 2nd

SWEETWATER—The Snyder High School golf team carded a 332 Saturday to take second place in the tournament here with a total 635. The host Mustangs won the tourney with a 625. Wichita Falls Hirschi was third with a 644, and Brownfield finished fourth with 652.

Snyder won the team low ball championship with a 131.

Alan Carmichael of Sweetwater was medalist with a 73-79—152.

Scores of Tiger individuals: Marty Pate 75-78—153; Mark Hargrove 77-81—158; Jeff Richardson 75-84—159; Steve Talbott 75-88—163; Fred Liner 84-80—164; and, Bobby Burleson 82-89—171.

The Tiger golfers will go to Brownwood for a tournament Friday and Saturday.

Net Match Set

The Snyder High School tennis team had an open date this past weekend, but will compete in Sweetwater tomorrow afternoon and at Brownwood Friday and Saturday.

Vagrants in Russia prior to 1945 were branded on the cheek with the letter B for brodyaga meaning tramp.

MEN WANTED
CATTLE AND LIVESTOCK BUYERS

We want men in this area. Train to buy cattle, sheep and hogs.

We will train qualified men with some livestock experience. For local interview, write today with your background. Include your full address and phone number.

Study Shows 'No-Load' Investors Fare Better

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — As mutual fund owners know—or should know—there are "load" funds and "no-load" funds. The former charge a commission of 8.5 per cent. The latter have no sales charges.

In the first case, the funds are aggressively sold. In the second, the buyer must seek out the fund. In effect, he is his own salesman and so he pays no commission to anyone else.

Which is better? Load or no-load?

If you were to poll mutual fund investors you would receive a wide range of replies. Some are inclined to think that an organization that charges a commission has to be better. Others say it has to be at least as good.

Yale Hirsch, who runs a quarterly report on the fund industry called "Scoreboard" decided to settle the argument, at least to his own satisfaction, by going back over the performance history of the industry.

His conclusion: investors in no-loads have done significantly better.

"The results are amazing," says Hirsch. "No loads have a helluva head start," he says, mainly because it takes the holders of load funds a long time to catch up after that initial sales charge.

But Hirsch also cites figures that he contends show that no-loads appreciate in value faster than others even if the 8.5 per cent sales commission is not taken into account.

For example, Hirsch's figures indicate that in an average five-year period between 1955 and 1970 a $10,000 investment in a no-load grew to $17,935 compared with $16,059 for the load fund. That's a 31 per cent advantage.

Even if an 8.5 per cent sales charge were added to the no-load figures, simply for the sake of comparison, the no-load still maintained a 5.8 per cent advantage, he claims.

In order to demonstrate the impact of the sales charge, Hirsch tabulated the annual results for an initial investment of $10,000 in each type of fund. All dividends were reinvested. A 10 per cent annual growth was assumed.

At the very beginning, the no-load begins with $10,000 while the load fund starts with $9,150 after deduction of the $850 commission. After the first year the totals are $11,000 versus $10,065.

2nd year	$12,000	$11,072
3rd year	$13,310	$12,179
5th year	$16,105	$14,736
10th year	$25,937	$23,733
15th year	$41,772	$38,222
20th year	$67,274	$61,557

On the basis of these assumptions, a load fund would have to grow at a 10 per cent greater rate than a no-load to catch up in 10 years. For the load to catch the no-load in five years would require 20 per cent faster growth.

Hirsch, of course, claims his figures prove that the load funds not only haven't been catching up but instead have been behind from the beginning and have fallen even further behind.

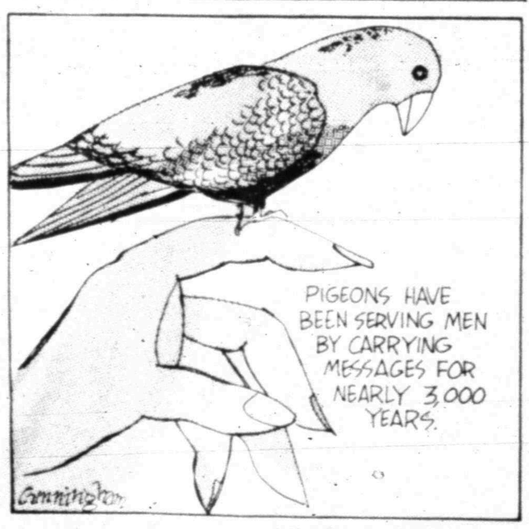

The question arises as to the fairness of such comparisons. Averages can be very misleading, since they include not just those in the middle but examples on either extreme.

In comparing the loads and the no-loads, this problem could be even more misleading because there are many more funds that charge commissions. A typical Hirsch comparison might involve 16 no-loads and 120 load funds.

Another contention is that no-load funds are more growth oriented. That is, they aggressively seek greater growth with, of course, proportionately greater risk.

Hirsch, however, claims that comparisons based on fund objective come up with much the same results.

Junior Editors Quiz on PIGEONS

QUESTION: *How do homing pigeons find their destination?*

* * *

ANSWER: No one knows for sure. Homing pigeons or "homers," as they are called, can be trained to return to their home when released in a distant place. This ability has been aided by selective breeding. Like other domestic pigeons, homers are descended from rock pigeons that live wild in Europe, Asia and Africa.

How a pigeon finds its way is a big mystery, something similar to the migration of birds. Homing pigeons have been known to fly more than 1,000 miles in two days. Some think the birds are guided by the earth's magnetic field; others think they are guided by the position of the sun. However, the birds may lose their way in cloudy or foggy weather.

Homing pigeons were used as messengers by the ancient Egyptians and Persians 3,000 years ago. In Greece, they were used to carry messages of the Olympic Games victories to the various cities. The Romans used them to send military messages. In the 12th century, the Sultan of Baghdad conducted a postal system through the use of carrier pigeons. Homing pigeons were used by the Signal Corps in World Wars I and II and in Korea. The homing instinct is so strong that birds injured by bullets often continued to fly to their destination.

3/13

Bulletins From The Mailbag

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

It isn't so easy to get away from it all. Only one out of nine suicide attempts in the United States is successful.

Nothing is more taxing than governments. Of the 21 states holding legislative sessions in 1972, some 21 are now considering proposals calling for a total increase of $7 billion in new taxes.

Members of the Asmat, a remote tribe in New Guinea, still practice the art of headhunting and keep the skulls of their enemies as trophies. The more skulls an Asmat has, the greater is his prestige. He also uses the skulls as pillows, a custom which is believed to ward off the spirits of the victims.

Scientists say that because of better nutrition and medical care the age at which the average American girl can reproduce has been lowered a full year in the last two decades.

You are one man in a hundred if you can name the car and the driver who made the first automobile trip across the United States. Col. H. Nelson Jackson drove the vehicle—a two-cylinder, chain-drive Winton—from San Francisco to New York in 1903 in 63 days.

Thanks to an increasing public consciousness, litterbugs are being forced to pay for their sins. A recent survey showed that 76 per cent of people arrested for littering were subsequently convicted.

Quotable notables: "Perhaps it would be a good idea, fantastic as it sounds, to muffle every telephone, stop every motor and halt all activity for an hour some day, to give people a chance to ponder for a few minutes on what it is all about, why they are living and what they really want."—James Truslow Adams.

Pass the aqua: Who are the thirstiest drinkers on earth? Well, if you're speaking of water drinkers, the road workers in the French Sahara probably are. They are issued a ration of two gallons of water per man each day.

Expensive: Air pollution isn't costly to cities alone. It also causes an estimated damage of $280 million a year to U.S. farm crops.

Body bends: The system of limbering up exercises which the Chinese call Tai Chi has some exotic names to describe the postures: "Left Hand Grasping Sparrow's Tail," "Twin Peaks Piercing Ears," "Golden Pheasant Standing on One Leg," and "As Closing Door."

Sick, sick: Some 20 million people in the United States—nearly one out of every 10—suffer some form of mental or emotional illness requiring psychiatric help. Half a million of these are children, some only two or three years old.

Worth remembering: "Have you ever noticed the way a neighbor will stand talking at the front door for 35 minutes, because she doesn't have enough time to come in?"

It was Oscar Wilde who said, "Niagara Falls is simply a vast unnecessary amount of water going the wrong way and then falling over unnecessary rocks."

Wins Prize

WAUKEGAN, Ill. (AP) — "My Pal, My Son," a 27-minute 16 mm color film featuring Jerry Chiappetta and his son, Jerry, 10, on a fishing excursion into the Canadian wilderness, won first prize in the 1971 National Travel-Outdoors Film Festival.

The film is available without charge by writing Solano Studios, 4365 North 27th Street, Milwaukee, Wis. 53216.

Daffodil breeding has been carried on in England since the 19th century.

Bees Blamed

INDIANAPOLIS (AP)—Police and fire calls column in a suburban newspaper the following entry:

"9:50 p.m.—residence call, 134 Bexhill Drive, smoking bees from woodpile caused fire in woodpile, estimated loss, $15."

Preparation Of Land Keeping Farmers Busy

By THE ASSOCIATED PRESS

COLLEGE STATION, Tex. (AP) — The north and west portions of Texas stayed dry this past week, and the west Coastal Plains and East Texas got more rainfall.

Planting of cotton, corn and grain sorghum made good progress in southern areas and gardening took on an active pace over much of the state, said Dr. John E. Hutchison, director of the Texas Agricultural Extension Service.

Land preparation for spring planting is taking a good share of the farmers' time. Fertilizers and herbicides are being put in the soil, and there is some preplant irrigation in western areas.

Hutchinson said small grains, pastures and ranges continued to suffer from a lack of surface moisture in many areas. Irrigated wheat is providing good grazing in he Panhandle and western areas. Stocker cattle are being moved off small grain pastures.

Peach, plum, pear and apricot trees are blooming due to extended periods of warm weather. Cantaloups and watermelons are making good progress in the Rio Grande Valley. Harvesting of cabbage, lettuce and carrots is active.

Reports from district agricultural agents show the following conditions in their areas:

PANHANDLE: Moisture is generally short over the district. Small grains are making some progress but need moisture. Livestock is in good condition. Onion planting is starting.

SOUTH PLAINS: Land preparation and herbicide and fertilizer application are in full swing. Mild weather is boosting small grain growth but lack of surface moisture is limiting progress. Some wheat pastures are being irrigated. Livestock is in good condition as supplemental feeding continues.

ROLLING PLAINS: Small grains and ranges need moisture. Some spraying is under way to control greenbugs and winter grain mites on small grains. Cotton stalk destruction and land preparation continues. Fruit trees are blooming. As grazing decreases, stocker cattle are moving to market.

NORTH CENTRAL: Soil moisture is short over the area as the past month was the driest February since 1963. A little grain sorghum has been planted in Dallas County although topsoil is dry. Vegetable planting is active and peach and plum trees are blooming. Land preparation is active. Pastures and rangés are average as are livestock and the market continues very strong.

NORTHEAST: Showers continued to boost wheat, oats and barley and should give a head start to home gardens just planted. Peach trees are in bloom. Additional moisture is needed to boost spring pastures. Calving and marketing of livestock remain active.

FAR WEST: Moisture is needed for ranges, dryland crops and land preparation. Preplant irrigation is underway. Livestock feeding continues as calves and lambs need an extra feed supply. Irrigated small grains are making excellent growth. Predators continue to attack sheep.

WEST CENTRAL: Lack of moisture is becoming a severe problem. Topsoil is drying out rapidly as land preparation continues for grain sorghum planting. Peach trees are in bloom. Ranges and pastures need moisture. Livestock remain in *good condition*. farmers and ranchers are busy with calving, lambing and kidding.

CENTRAL: Moisture is needed for small grain growth and spring planting. Some coastal bermuda is being sprigged and a few farmers in the Blacklands have begun planting corn. Home gardening is active and commercial tomatoes are going in Falls County. Plums, apricots, pears and some peaches are blooming. Supplemental feeding of livestock continues.

EAST: The soil moisture is good. Showers during the week boosted wheat, oats and barley. Vegetable planting is active and peaches are blooming. Livestock remain in fair to good condition with markets holding good. Calving is active.

SOUTHEAST AND UPPER GULF COAST: Scattered rains continued to add to the already surplus moisture situation in some parts of the area. Irish potatoes, beans, sweet corn and sweetpotatoes are being planted. Peach trees are blooming, but pecans are still dormant. Only a few oats remain for grazing and pastures are below average to average. Livestock are in good shape and cattle prices continue on a high note.

SOUTH CENTRAL: Although a few scattered showers fell in parts of the district, moisture is still short. Some gardens are being planted and about 90 per cent of the land for watermelons is ready for planting. Some grain sorghum is being planted. Only a few oats are left for grazing but bermuda grasses are making good growth. Cattle prices are high.

SOUTHWEST: Moisture remains short throughout the district. Oats, wheat and flax are making good growth in some areas. Pastures are beginning to green up. Peaches and wild plums are blooming and the strawberry harvest will start soon. Some spring crops are being planted and cantaloups and watermelons are going in in the Winter Garden. Cabbage, carrots and spinach continue to be harvested.

SOUTH: Parts of the district need moisture but along the Coastal Bend it's a different story. Scattered showers fell again where a week earlier heavy rains damaged cotton and grain sorghum and delayed planting operations. Planting of cotton and grain sorghum is about 90 per cent complete in the Rio Grande Valley, estimated James Selman of Weslaco. Cantaloups and watermelons are making good progress and the onion harvest is beginning.

Political Candidates

The Snyder Daily News is authorized to announce the following candidates for political office, subject to action of the Democratic and Republican Party Primary:

CONGRESS, 17TH DISTRICT
Omar Burleson

Report Shows Abuses In Subsidized Housing

By G. C. THELEN Jr.
Associated Press Writer

WASHINGTON (AP) — The government has just the thing for those aspiring to be slightly unscrupulous real estate developers. It's a report, as helpful as a how-to manual, on raiding the U.S. Treasury for millions through the subsidized housing program.

The report is a deadly earnest audit of abuses uncovered in the government program that provides subsidies on interest to private developers for construction of low-rent apartments for the poor. The government promises to try to end the abuses.

The audit described these ways of jacking up project costs and profits at government expense:

—Buy land cheap, preferably in rough terrain far from shopping and transportation, and persuade the government to assess its value at 295 per cent of what you paid. You get a 195-per-cent profit when the government arranges a mortgage including the inflated figure.

—Hire yourself on as a consultant to expedite construction and save money. Instead, save the project no money, but have your fee add $27,000 to its cost.

—Be the architect for the apartment building and charge twice what you usually do for nonsubsidy housing.

—Subcontract construction to your own subsidiaries and have them charge considerably more than for nongovernment projects.

—Purposely overestimate the time needed for construction, then collect extra profits for finishing ahead of schedule.

That's all there is to it. But, the audit says, it helps to do your business with federal housing officials who have a "lack of training and unfamiliarity with manual requirement. In its examination of 62 projects, the auditors for the Department of Housing and Urban Development found "eight cases where, within a year of acquisition, land was valued at amounts that resulted in profits ranging from 65 to 195 per cent."

Architects' fees "may have exceeded local customary allowances by about $2 million on our 62 test projects," the auditors said.

The audit reported this outcome of contractors directing work to their own subsidiaries: "Actual costs were overstated, builder-sponsors received unwarranted funds, morgage amounts were inflated, and unnecessary interest-subsidy payments were and continue to be made."

The auditors also found a "national pattern of overestimating construction time periods," citing this unidentified Midwest project:

Federal officials knew the builder completed similar projects in 12 months, but allowed him 15 months. "The project was actually completed in eight months," the audit said. "Although no savings in construction costs were realized, the builder was allowed $25,153 incentive payment," meaning profit for beating the deadline.

NTSU Gets Garment Collection

DENTON, Tex. (AP) — The Dallas Museum of Fashion, which has been in storage for months after outgrowing available operating space at the Dallas Apparel Mart, will be housed by fall in North Texas State University's new $3 million Art Building nearing completion.

Dallas Fashion Group Inc., which founded the museum in 1960, has accepted an invitation from Dr. Edward Mattil, chairman of the NTSU art Department, who offered to take the collection on loan for use at the university.

The exhibits will be used primarily as a research and instructional facility for the costume design program of the art department which prepares students for fashion industry careers. Students from NTSU School of Home Economics will also share the resources.

"We also expect to share the garments with other area schools, particularly Texas Woman's University," Dr. Mattil said. "In addition, the collection will be displayed in the new art gallery as the occasion permits."

The collection of 19th and 20th Century clothing includes more than 2,400 pieces, including original designs by top designers like Poiret, Vionnet, Gres, Dior, Fath, Chanel, Mainbocher, Schiaparelli, Givenchy and others.

Segmented groups include the Carrier Marcus Neiman Foundation collection, a collection of historical costumes, the National Cotton Council award winners' collection, maternity styles through the ages, and reproductions of 10 original movie star costumes of the 1930s.

The inventory also lists books on fashion, a collection of Vogue magazines dating back to the 1940s, and museum mannequins for displaying the dresses.

Mattil says: "The real beauty in any garment is seen in the craftmanship—the way it's put together and the accessories chosen, such as buttons. I consider them precious works of art that should be preserved like any other original art form."

Dr. Sabin Is Going To Florida

CLEVELAND (AP) — Dr. Albert Sabin says he plans to spend about a month in Florida recovering from recent open heart surgery before returning to work at the Weizmann Institute in Israel.

Sabin, developer of an oral polio vaccine, underwent the surgery Feb. 29 to have a leg vein implanted in his heart to replace a major arterym

Predator Control Criticized

PHOENIX, Ariz. (AP) — Spokesmen for both the Arizona Wool Growers Association and the Cattle Growers Association have criticized the latest move by the federal government to keep poisons from being used to control predators.

Pete Espil, president of the Arizona Wool Growers Association, said the ban on the use of poisons could do away with the state's sheep industry before the end of the decade.

"I venture to say that if we don't get any help, there won't be a sheep industry in Arizona in five years," Espil said.

His comments came on the heels of an order by the Environmental Protection Agency to stop interstate shipment of pesticides registered for predator control. The EPA also ordered an immediate recall of existing stocks.

Earlier, the government placed a ban on the use of poisons on public lands to control predators, mainly coyotes.

"Our losses this year have been severe because poisoning on federal land was prohibited," Espil said.

Espil estimated that some 1,500 sheep were killed last year by coyotes, a loss which he said totaled around $500,000.

"You can trap coyotes all you want, but it's expensive and covers only a small area," he added, "where with poisons, we could control six square miles with just one station."

Bill Davis, president of the Arizona Cattle Growers Association, said reports from ranchers indicate the coyote population is larger now than it has been in the past.

"Coyotes are starting to travel in packs now," Davis said. "In packs, they're capable of killing practically any domestic or wild animal."

Jaycees To Fight Suspension

TULSA, Okla. (AP) — The president of the Rochester, N.Y., chapter of the U.S. Jaycees say he will fight a recommendation that the chapter be stripped of its charter, an action which followed the admittance of four women as members.

The Jaycees' executive committee upheld on Sunday suspension of the chapter ordered by Jaycees president Richard Au and also recommended that the Jaycees' board of directors revoke the Rochester charter.

Au said admittance of the four women to the men-only organization was not at issue, but rather the Rochester chapter's action in changing its membership requirement wording from "a young men's organization" to a "young persons' organization."

This, the executive committee said, was a violation of national by-laws.

President James Bruen of the Rochester chapter said he will carry the fight to the board of directors meeting in Atlanta in June, and if the revocation recommendation is upheld the Rochester group would be reorganized under a different name.

He said it was unlikely his chapter would rescind the change in its membership requirement in order to retain its Jaycees charter.

Bruen contended that there are women in other chapters but they aren't officially noticed because they are registered under initals.

Custody Suit Resumes Today

SANTA MONICA, Calif. (AP) — A Superior Court hearing on a custody suit involving Christian Brando, 13, son of actor Marlon Brando, was to resume today. Meanwhile, there were reports the missing youth had re-entered the United States from Mexico.

Calexico authorities said Saturday that Christian, whose custody is now shared by Brando and his ex-wife, actress Anna Kashfi, crossed the border Friday, but an announcement was withheld because the record "was locked in the safe." They gave no details.

Miss Kashfi reported her son missing last week, telling Calexico authorities that he failed to show up in the border city as scheduled after an excursion in Baja California.

The hearing is on the 47-year-old actor's petition to be granted sole custody of his son. Brando and Miss Kashfi, 37, were divorced in 1959.

Scraps Planning

CRAWFORDSVILLE, Ind. (AP) — Planning in Montgomery County has been scrapped by the County Council, which voted 5-2 to cut the entire $13,820 planning budget for the next fiscal year.

New Student Travel Booklet

Career Corner

by Joyce Lain Kennedy

what job would you like to see explored in this column?

Dear Joyce: I want to work, or if I can't find a job, at least travel overseas this summer. I'm a senior in high school. Can you send me any information? — E.T., Knoxville, Tenn.

Yes. The Council on International Educational Exchange, a nonprofit student travel organization of colleges, secondary schools and other youth agencies, has a new 16-page booklet, "Taking Off: Student Travel Services 1972," available for the asking. (Send a postcard to Joyce Lain Kennedy at this newspaper asking for "Taking Off.")

The information in the booklet is mainly geared to college students but some applies to high school students. It includes the International Student Identity Card (ISIC) application, scoop on low-cost transportation, special travel services, and announcement of a new 300-page book on work, study and travel all over the world.

"The Whole World Handbook" costs $2.95 (do not send checks to me but order through "Taking Off" booklet) and makes good reading. It tells how to buy a round-trip ticket to Colombia for $142, join a work camp in Ghana or a kibbutz in Israel, study art in Rome, get a job in Piccadilly Circus, live in a Buddhist temple in Japan, and travel by ship from Kenya to India for $50. Or maybe you'd rather pick grapes in Beaujolais?

* * *

Dear Joyce: For my 8th grade civics class, I would like to request information on pages, both boys and girls, who work for the Senate. Thank you very much. — E.H., Lemon Grove, Calif.

Senate pages earn at the rate of $7,380 a year but are paid only while Congress is in session. The appointment age span is 14-17, and boys and girls must dress similarly: navy blue suits for boys, navy blue pants suits for girls.

A page must have finished the 8th grade because he (or she) is expected to attend high school at the Capitol Page School. Pages rise with the sun, starting school at 6:15 a.m. and continuing until 9:45 a.m.

After that, pages go to work. There are 84 pages in all: 30 in the Senate, 50 in the House of Representatives and 4 in the Supreme Court. A Senate page is appointed by a Senator, a House page by a Representative, and a Supreme Court page by the Marshal of the Supreme Court with the consent of the Chief Justice.

Duties vary, although pages serve principally as messengers, ready at the beck-and-call of legislative and judicial officials. Senators who appoint a female page must accept responsibility for her safe transportation between the Senate and the page's Washington residence (usually a nearby rooming house), as well as her safety, well-being and strict supervision while she is in her Washington residence. At this writing the House of Representatives has not authorized the appointment of female pages. (Girls, write to your Member of Congress about THAT!)

For more information about Senate pages, write to one of the U.S. Senators in your state. For information about House pages, write to the U.S. Representative in your district.

* * *

For a copy of Joyce Lain Kennedy's new booklet, "Automotive Careers," send $1 and a long white, 16-cent stamped, self-addressed envelope to Mrs. Kennedy at this newspaper. This 16-page booklet lists resources where you may write for information on automotive careers ranging from auto mechanic to auto designer.

Penn Collection To Be Auctioned

By LARPY THORSON
Associated Press Writer

PHILADELPHIA (AP) — Items of nostalgia from the early years, the golden years and the declining years of American railroading go on public sale here next Monday.

Among the 1,877 items to be auctioned off at the three-day sale are the rolltop desk once used by rail magnate E.H. Harriman and the steam whistle and a drive wheel from the locomotive John Bull, one of the earliest engines in American rail history.

The John Bull was built for the Camden and Amboy Railroad in 1831 and pulled its duty between Camden and Trenton, N.J., on a line that was the beginning of the rail connection between Philadelphia and New York.

Hundreds of rail buffs from around the country are expected to be on hand as the entire collection of the Pennsylvania Railroad Museum goes on the auction block.

The sale was ordered by the trustees of the Penn Central Transportation Co., now undergoing reorganization under federal bankruptcy laws.

The trustees are under court order to divest the railroad of all non-rail assets.

"It is apparently the largest railroad auction and certainly the largest collection of railroadiana ever offered for sale," Lou Pardee, president of the National Railroad Historical Society, said after viewing the collection at a preview last week.

Sandwiched in between Item No. 1, "Scrapbook of Assorted Special Menus," and Item No. 1,877, "Famed Painting 'Passing Strangers' Signed Atherton," are hundreds of old photographs, a huge collection of official railroad guides and other bits of railroad history.

Many of the items have only a tenuous connection with railroading: cast iron deer heads, five counterfeit bills, and two wooden flag poles.

Cruise Ship Is Freed

MIAMI (AP) — Freed by five tugboats after spending more than 24 hours aground in the mouth of Miami harbor, the cruise ship "Marti Gras" and her 530 passengers are heading for San Juan, P.R.

The 27,000-ton vessel will also put in at St. Thomas, V.I., on the cruise; but a scheduled call at Montego Bay, Jamaica, is considered likely to be cancelled, officials of Carnival Cruise Line said Sunday after the ship was pulled free.

Passengers partied and "had a ball," during the time the Marti Gras were stuck in 20 feet of water, a spokesman for the line said.

Import Question Not Dead

WASHINGTON (AP) — Grumblings in public to the contrary, cattle-producer spokesmen and major foreign suppliers reportedly are pleased over the Nixon administration's announcement last week that meat imports this year will be boosted seven per cent from the level permitted in 1971.

C. W. McMillan, executive vice president of the American National Cattlemen's Association, criticized the boost on grounds it could lead to further expansion of meat imports in the future.

However, government sources say NCA leadership generally was relieved that the 1972 quota increase was no larger.

Moreover, although some importers had wanted at least a 15-per-cent hike, one source close to the Australian meat trade said "we're delighted" over the 7-per-cent increase.

Australia received an allocation this year of more than 600 million pounds of the total quota of 1.24 billion, up 40 million from the original "voluntary restraint" level for 1971.

Last year, however, Australia was able to supply only 530 million pounds of its original share of 560 million. Together, Australia and New Zealand furnish about 70 per cent of the quota-type meat.

But the meat-import question is far from dead. Consumer groups, wanting unlimited beef from foreign countries, are gearing up on Capitol Hill for another push and some urban members of Congress are leading the way.

Rep. Fernand J. St Germain, D-R.I., asked President Nixon in February to lift all meat quotas this year to help keep supermarket prices down.

Following last week's announcement of a 7-per-cent boost in the allowed level, St Germain said the increase was a help but still not enough.

"The government cannot—must not—put itself in the position of telling consumers, especially those of lower income, that the only answer to high meat prices is to stop eating meat," St Germain said in a statement.

Train Wreckage Searched

SUNBURY, Pa. (AP) — Rescuers are searching for a fourth man who is believed to have died in the burning wreckage of two Penn Central freight trains which collided head on south of this central Pennsylvania town.

Forty-five cars derailed Sunday morning in the nearby community of Herndon, most of them piling up on top of each other in a space as long as three boxcars.

Penn Central officials said a 100-car coal train, eastbound from Williamsport, Pa., failed to wait on a siding until the westbound freight passed.

Marlin Bobb, who lives near a crossing about a quarter mile from the scene, said he saw the coal train before the crash and the engine was in flames.

The flames "were lapping up around the sides of the engine," Bobb said.

R.A. Herman, district superintendent for the railroad, said it might be impossible to determine why the coal train did not remain on the siding.

But some old time railroad workers theorized that the train caught fire, the brakes failed, and the engine headed out of the siding while the crew members fought the blaze mindless of the train's direction.

Herman said the coal train was travelling at 36 miles per hour, the freight at 30 m.p.h.

Terrazzo floors, as old as ancient Rome, are today's newest look in floors.

LILY DAY CHAIRMAN AND FRIEND—Bob Lilly, all-star defensive tackle for the Dallas Cowboys professional football team, will serve as state chairman for the 1972 High School Football Boys' Lily Day for Crippled Children, an annual event to raise funds for Easter Seal Society for Crippled Children and Adults of Texas. Lilly's friend is Keith Prestridge, 7, son of Mr. and Mrs. Eimer Prestridge of Arlington, one of more than 22,000 Texans receiving treatment vis the Easter Seal Society program for handicapped children and adults. Lily Day is set for Saturday, March 18, in most cities, with high school football teams to be on downtown streets and in shopping centers receiving donations.

Amtrack Almost Out Of Money

WASHINGTON (AP) — Less than a year after taking over most of the nation's intercity passenger train service, Amtrak is running out of money faster than Congress expected.

Amtrak, the National Railroad Passenger Corp., is fighting for $170 million more in federal help to survive at least until mid-1973.

Critics are demanding an end to federal financial assistance as Amtrak's program comes up for congressional review this week. If cleared by the Rules Committee, an Amtrak reform and funding bill could reach the House floor Wednesday.

The service's backers on the House Commerce Committee urge approval of the money. But to Amtrak's distress and despite Transportation Department protests, the committee also wants several amendments to the 1970 Amtrak law.

The committee hearing record on Amtrak's relatively brief life "is a tale of woe 764 pages long, describing the making of a potential debacle," says Rep. John G. Schmitz, R-Calif.

It amounts to "bad contracts, continuing bad service and poor on-time performance, bad equipment and small ridership," Schmitz adds in a report dissenting from the committee-approved legislation.

Schmitz continued, "And all this despite paying Amtrak's president the stupendous salary of $125,000 a year, second only to that of the president of the United States—a salary which this bill protects by a grandfather clause so long as he is willing to receive it!"

But committee Chairman Harley O. Staggers, D-W.Va., says the bill is "an attempt to preserve and improve an essential system of intercity rail passenger service to meet the needs of the public."

The money is warranted, Staggers adds, because "the program as presently constituted requires a fair test period, especially the opportunity to provide quality service and to restructure and revitalize the rail passenger network to make it competitive with other modes" of transit.

The bill would add $170 million to the original $40-million grant plus $100 million in federal guaranteed loans to go along with $197 million paid by participating railroads. The bill also would authorize $4 million to provide service to Montreal and Vancouver, Canada, and Nuevo Laredo, Mexico.

Amtrak would be required to use $147.5 million of its total funds from all sources for capital improvements, and would be pressed toward raising more revenue by carrying mail and express.

Walkout Closes Caucus

MESQUITE, Tex. (AP) — The Texas Women's Political Caucus ended Sunday after some of the delegates walked out during the closing general assembly.

Dana Payne, president of the Dallas Women's Political Caucus, said she left the meeting because of the adoption of "unrealistic" and "too broad" by-laws and resolutions.

An estimated 70 of the 200 registered delegates remained for the closing assembly at Eastfield College.

The three-day caucus adopted 46 resolutions, including the endorsement of state Rep. Frances Farenthold of Corpus Christi for governor and Alma Canales of Austin for lieutenant governor.

Delegates also went on record in support of public funding of clinics to distribute birth control information and urged liberalization of laws on candidate filing fees.

A Dallas delegate complained that resolutions supporting farm workers and complete withdrawal of American forces in Vietnam were not within the caucus' purpose.

Helen Cassidy of Houston, president of the National Organization of Women, was elected caucus president, and Jean Necais, also of Houston, was elected treasurer.

Cable Car Riders Lifted By 'Copter

INTERLAKEN, Switzerland (AP) — As it threaded its way down Mt. Schilthorn, the cable car bringing 70 tourists from the 9,742-foot peak Saturday got stuck when a cable fouled in a pulley.

The tourists, all Swiss, were suspended 750 feet above the mountainside. Hot tea and blankets snaked up by rope helped to keep them cheerful as night fell.

Sunday a helicopter lowered mechanics to the roof of the cable car, but they could not unsnag the cable. So the copter lifted the passengers out two at a time. It took 35 trips to bring them all down. No one was hurt.

Thirty other tourists spent the night at the mountaintop lodge and they, too, were flown down the mountain Sunday. Among them was U.S. Ambassador Shelby C. Davis.

Russia Building New Warship

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — The Russian navy is reported building a major new class of cruiser, at least the ninth new type of long-range Soviet surface warship to appear in about a dozen years.

Details are skimpy, but intelligence reports indicate the new cruiser will displace about 9,000 tons. It probably will be armed with advanced antiair-craft and antiship missiles, U.S. sources say.

The cruiser is under construction at the huge Nikolayev shipyard on the Black Sea where the Russians also are building a huge new vessel which could be an aircraft carrier.

Top U.S. defense officials told Congress recently that the Russians have greatly expanded their naval shipbuilding capacity, and predicted that modernization of the Russian surface fleet will accelerate during the next five years.

"During this period, we believe the Soviets will add many new ships to their fleet, including missile-armed cruisers, destroyers, and helicopter anti-submarine-warfare ships," said Adm. Thomas H. Moorer.

Moorer, chairman of the Joint Chiefs of Staff, forecast that by mid-1977 almost half of Russia's surface warships will be bristling with missiles.

According to U.S. assessments, the Russians have added 63 new ships over the past five years, raising the strength of their surface fleet to 215 major combat vessels.

By contrast, the U.S. surface fleet has been shrinking from 324 ships in mid-1968 to a planned force of 243 by mid-summer as the Navy moves into its postwar policy, dictated by high costs, of a smaller but more-modern fleet.

Since 1966, the U.S. Navy has sent 34 new fighting ships to sea while laying up or scrapping many obsolescent war vessels, most dating back to World War II.

But for all the Soviet naval gains, U.S. defense leaders say the Soviet navy lacks enough all-weather ports, air cover when its fleet operates far from the homeland, and supply and support ships in the open ocean.

Roundup Is Success

SWEETWATER, Tex. (AP) — This year's Sweetwater Jaycee Rattlesnake Roundup has ended with about 3,000 pounds of the reptiles snared.

Don Glasscock of Merkel caught a 70-inch rattler to win the top prize Sunday for the longest snake.

Inadale Hunting Club of Inadale, Tex., won the prize for the shortest snake with a 12½-inch reptile.

The San Angelo Snake Club took the prize for the most snake poundage with 701½ pounds.

More than 16,000 persons attended the three-day event.

Each snake was milked of its venom, which will be used in medical research.

Weak Cool Front Hits Texas

By THE ASSOCIATED PRESS

Scattered showers dampened portions of Northeast Texas and the Rio Grande Valley today while mostly clear skies extended over other sections of the state.

A weak cool front stretched across Northwest Texas early Monday, dropping temperatures. Amarillo and Dalhart in the Panhandle both reported 34 degrees at dawn.

Temperatures near dawn varied from the 40s and 50s in the Panhandle to the 60s elsewhere.

Near summery readings warmed several points in the state Sunday. Maximum temperatures ranged from 90 at Wink down to 71 degrees at Galveston and 73 at Corpus Christi and Dalhart.

Late Sunday evening a few thundershowers roamed an area from 30 miles southwest of Wichita Falls to 50 miles northwest of Brackenridge and 50 miles north of Sweetwater.
