Farm Dem. Tour Set For Wed.

Farmers, ranchers, and all citizens interested in agriculture are invited to attend the Hall County tour of agricultural demonstrations beginning at 9 a. m. Wednesday, Sept. 29, from the court house.

A tour of four demonstrations will start at the county agent's office in the court house at 9 a. m. and will end at 12 noon at Memphis.

The first stop of the tour will be a study of grain sorghum hybrid demonstration on Harold Jones' place near Alaska.

The second stop will be for a study of a cotton variety demonstration on Dunbar and Marion Jones' farm one mile north of Alaska where 15 varieties of cotton are planted on irrigated land.

The third stop will be on Vera Heath's land farmed by James Heath where a cotton fertilizer demonstration is established.

The fourth stop will be to study cotton varieties farmed by Wyford Hutcherson on dry land.

Outstanding agricultural representatives from Texas Experiment Stations and Texas Agricultural Extension Service will be present to explain these demonstrations and answer questions.

This field day is sponsored by

Hutcherson Is Appointed To Agriculture Com.

Congressman Bob Price has announced the appointment of Rayford Hutcherson of Memphis to agriculture advisory committee for the Southeastern Panhandle, according to a telegram received Wednesday from his office in Washington, D. C.

"I am pleased that Rayford has agreed to serve on this non-partisan advisory committee which is composed of farmers, ranchers and agri-businessmen who belong to all farm and community organizations. In addition to his long experience in agriculture, Rayford will also be able to advise as to the needs of small cities because of his experience on the Memphis City Council," Price said.

The Congressman explained that the primary purpose of his agriculture advisory committee is to represent different geographical sections of the Panhandle and to advise him on the needs of farmers and ranchers to advise him of the effect of proposed legislation.

Hutcherson, a lifelong resident of Hall County, is married and has one son, Mark, and a daughter, Sonja. He is engaged in raising, ranching and swine raising operation and is a member of the Baptist Church, the Chess Club and the Hall County Farm Bureau.

Judges Announce Parade Winners

The weather was cold and windy and rain threatened to dampen parade participants and spectators Saturday but the Hall County parade went off on schedule.

Pre-parade ceremonies, Miss Lela Kehr and Little Miss Adcock were crowned American Legion parade Queens for their respective ages, by Commander Jay Stone.

Early dawn entertained with numbers, the last of which was a duet with Leon Gregg of Sallis, a former Hall County judge, and the author of the number is to be released, and the author of the number is Leon Gregg, the parade winners were announced.

Bob Lizard of Amarillo was named one of the judges. In the local float category, the Memphis FFA float was first,

the Memphis Chamber of Commerce, the Hall County Farm Bureau, Hall County Program Building Committee, the Texas Agricultural Extension Service and the Texas Agricultural Experiment Stations.

Transportation is the courtesy of the Memphis Independent School District.

A noon luncheon will be provided by the Memphis Chamber of Commerce for those attending the tour.

County Agent W. B. Hooser said the demonstrations and the tour will be most informative in urging all farmers to make plans to attend.

Earlice Rasco, Former Resident, Is Buried Here

Funeral services for Earlice H. Rasco, 69, an Abilene resident for the past 17 years and a former Memphis resident, were held at 2 p. m. Tuesday, Sept. 21, in the First Presbyterian Church.

The Rev. Owen McGarity, pastor, and the Rev. Lloyd Riddles, pastor of the Travis Baptist Church, officiated. Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mr. Rasco died at 8 a. m. Monday in West Texas Medical Center in Abilene. He was a member of the First Presbyterian Church and a retired owner of the Dairy King Drive-In at Abilene.

E. H. Rasco was born Nov. 29, 1901, in Johnson County and married Miss Emma Eula Bradlock on Oct. 15, 1924, at Hedley.

Survivors include: his wife; three sons, Jimmie D. of Abilene, Sammie Joe of Fort Worth and Don Ray of Willets, Calif.; three brothers, L. G. of Memphis, F. C. of Odessa and Gus of Amarillo; six sisters, Mrs. V. A. Crisler of Memphis, Mrs. J. T. Yarbrough of Abilene, Mrs. L. M. Cummings of Kilgore, Mrs. V. C. Thompson of Longview, Mrs. V. J. Jones of Abilene and Mrs. F. W. Williams of Amarillo; and 11 grandchildren.

Pall bearers were Wendell Harrison, R. C. Lemons, J. M. Ferrel, Homer Burleson, Temple Deaver and Holmes Posey.

Estelline Bears Are Open Friday

The Estelline Bears, open this Friday night, before hosting Northside Oct. 1 at Estelline, extended their winning streak to two in a row.

The Bears downed Patton Springs 46 to 6 last Friday, sticking to the ground mostly, scoring in all quarters of the contest.

the Simmons-Noel American Legion queen's float was second, and the Memphis Fire Department was third.

Out-of-town entries saw Hedley Cotton taking first, Estelline Chuck Wagon second, and Hedley American Legion Post, third.

Marshall Boone, four-year-old son of Mr. and Mrs. Jack B. Boone, won special recognition for riding his bicycle-truck filled with his favorite toys, in the parade.

Bicycle winners were: first, Ann Bullock; second, Kim Bachman; third, Nilda Ortiz; fourth, Kathy Boone; fifth, Beth Fowler.

In high school division, the Memphis Cyclone Band took first and the Cyclone Cheerleaders float took second.

Chamber To Have 'Ideas' Meet Monday

Parents Create Traffic Jam At Travis Elem.

Memphis police and school officials are urging parents of children in Travis Elementary School to stop the traffic congestion on 11th and 12th Streets east and west of that school.

Currently, parents have been parallel parking in front of the school building on both streets, blocking traffic both ways on these streets during noon and at 3 p. m.

School officials report there is ample "angle" parking space along the fence to the north on both of these streets if parents will but angle park.

"We are asking parents to instruct their children where they will be parked in the future," Supt. C. L. Chambliss said.

Chief of Police Kenny Schull said that if 11th and 12th Streets remain blocked by parents, prohibiting two-way traffic on these streets, then the city police will have no other alternative but to begin issuing ticket citations for illegal parking.

It has been reported that traffic on these two streets have been blocked for as long as 15 minutes around the 3 p. m. period, while students in Travis Elementary are being released for the afternoon.

Schedule Is Full Today For Jr. Teams

The Memphis Junior High and High School junior varsity teams are engaged in four football contests with teams from Quanah today.

The Memphis freshmen and B teamers play games at Quanah at 6 and 7:15 p. m. today. These squads scrimmaged earlier in the season so the games should be hard fought affairs.

The 7th grade game begins here at 6 p. m. and will be followed by the 8th grade game at 7 p. m.

Coach Phillip Lillard of the Memphis 8th grade team said the 8th graders are expecting a tough game with Quanah. The team lost last week to Paducah, 12 to 6, in a hard fought game at Paducah. This was the opener for Memphis.

Coach Jimmy Pope of the 7th grade team said the 7th graders lost 34 to 0 to Turkey Junior (Continued on Page 12)

Memphis-Paducah Game Is Set For Friday Night

The Memphis Cyclone, 1-1, goes on the road Friday to play Paducah as the Dragons are 0-2 for the season. Game time is 8 p. m. at Paducah.

The Cyclone, off a 53-0 romp over Chillicothe, expects a hard, physical game with Paducah, as the Dragons this year are big and strong.

The Dragons run from a Wishbone-T, Power-I and sometimes set up in flanker sets. No. 11, David Sweeney, 150-lb. senior, is quarterback and 190-lb. senior, Mart Piper, No. 33, is running at fullback. Piper is a converted guard.

The Dragons started the season with Ricky Seigler at quarterback, and Sweeney as a halfback. Other running backs include No. 40, Steve Jones, 170 junior fullback; No. 21, Eddie Garcia, 150, freshman; No. 31, Bruce Jones, 160, sophomore.

Joey Cook and Randy Smith are the Dragon ends, Danny Laminack and Mike Grundy are tackles; Allan Luedtke and R. Piper are guards, and Wally Galvan is center.

Coach Leonard Tolbert's Dragons, picked the dark horse of District 8-A, lost to a strong Class B school, Matador, in the opener, and lost to Childress 34-0 last week.

Coach Clyde McMurray praised the whole defensive unit of the Cyclone for the 53-0 game with Chillicothe.

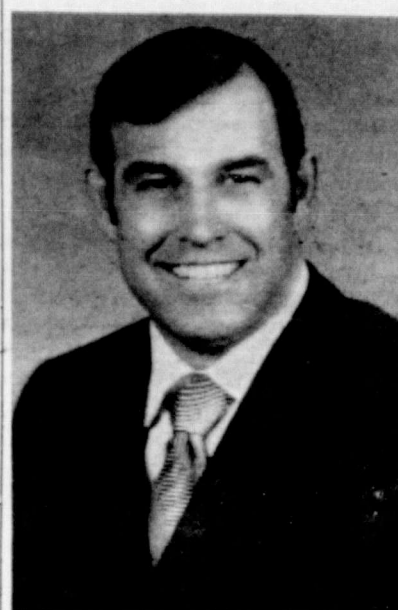

"Our whole defensive unit deserves praise," the coach said, "but three Cyclones did especially fine jobs. Jim Dixon, Kenneth Parker and Larry Jeffers played well on defense."

Offensively, all Cyclones graded well, the coach reported, but had an extra mention of Center Matt Thompson and QB Mike Browning for not fumbling a snap from center all night, despite the wet conditions.

Fans were especially pleased with the down-field blocking of the Cyclones on scoring plays, which sprung Louis Davis, Paul Fowler and Ronald Canida on scoring trips.

Coach McMurray told boosters that the team is still fortunate as to not have any serious injuries.

"We're planning to play as many boys as we can at Paducah" (Continued on Page 12)

REV. MICKEY WARLICK

First Baptist To Hold Revival Services Oct. 3-10

The First Baptist Church of Memphis will hold revival services Oct. 3 to 10, Rev. C. H. Murphy, Jr., pastor, has announced.

The evening services will begin at 8 p. m. Morning services will be held Tuesday and Thursday mornings at 7:30 a. m. and on Wednesday and Friday mornings at 10 a. m. The morning services will only be 30 minutes long, and coffee and donuts will be served, it was stated.

Evangelist for the revival will be Mickey Warlick of Plainview. He is a native of Seminole and a graduate of Wayland Baptist College in Plainview. He played football at Howard Payne for two years before entering a full-time pastorate.

He has pastored churches in Cisco, Brooksmith, Brady, Mason and Midland. He presently is a full-time evangelist.

Warlick has led in revival campaigns and youth camps throughout the state. During the summer of 1970, he preached an evangelistic crusade in Japan, and will be preaching a crusade in the country of Spain in October of this year.

Leading the music will be Geary Brogden, minister of music and youth, for the First Baptist Church. He recently moved to the church from the First Baptist Church of Liberal, Kans. Mr. Brogden is a native of Amarillo. He and his wife, Sue, have two sons.

A cordial invitation is extended (Continued on Page 12)

A general meeting of the membership of the Memphis Chamber of Commerce, to obtain the ideas and suggestions of all members, has been called for Monday night, Sept. 27. The meeting will be held in the Memphis Community Building, President Lester Campbell announced, and will begin at 8 p. m.

At the regular meeting of the board of directors of the organization earlier this month, the meeting was approved.

Those present will be divided into small groups seated around tables. Following a brief review of chamber activities in the past in four different areas, the small groups will discuss among themselves ideas for improving the work of the organization.

Areas of work to be included in the discussions will be agriculture, industrial, retail, and tourist and highway development. Prior to discussing each category in the small groups, a chamber director will briefly outline some of the activities of the past. Ideas, suggestions and constructive criticism which are brought forth in the table discussions will be written down by one person at each table. Following the discussions in each category, a brief report will be made from each table to the group.

"So far as we know," Campbell stated, "the chamber here has never had such a meeting. If it proves to be successful, perhaps it can be made an annual affair."

"The directors this year feel that every member should have an opportunity to outline his ideas on the action our organization should take; and that his ideas should be made available without him having to get up and make a speech about it," the president said.

There will be no refreshments served at the meeting. It is hoped that it will be a most beneficial ideas meeting, and that everyone will feel free to participate.

"The board is especially hopeful that a number of women will attend the meeting. Wives of chamber members are urged to attend, as well as those women who are members themselves," the president said. "The board feels that additional, good, workable ideas will be forthcoming if more of the women in the community participate in community activities."

Lakeview To Vaccinate Dogs For Rabies Sat.

Jack Fowler, local veterinarian, will be in Lakeview Saturday morning, Sept. 25, at 10 a. m. to vaccinate dogs against rabies, J. C. Stepp, city secretary, announced today.

All residents of Lakeview are urged to bring their dogs to the city hall to be vaccinated. Dr. Fowler will be there from 10 a. m. to 11 a. m., Stepp said.

The City of Lakeview has an ordinance against dogs running loose without tags showing they have been vaccinated, he stated. Dogs not having tags will be subject to annihilation, he added.

Motorcycle Races To Be Held Sunday

Motorcycle races will be held Sunday, Sept. 26, starting at 2 p. m. at the Cecil Whitten farm, located 10 miles southwest of Memphis. The races will be sponsored by a group of local motorcycle riders.

"We will have riders from Vernon, Childress, Wellington, Pampa, Altus, Umbarger, Clarendon, Estelline, Turkey, Amarillo, Weatherford, Okla., and Memphis," according to the announcement. "Also, we hope to add several other towns to this event. For this reason, we want a large turnout of riders from Memphis to enter."

There will be four classes: 0-100 cc, 101-125 cc, 126-250 cc, open, and a special minibike class. Three trophies in each class will be given. They are now on display at Lockhart Pharmacy.

"There will be several good riders here, so we would like to have a large crowd of spectators on hand. They will be able to see the whole race as the track is only five-eighths of a mile long, and easy to view," a spokesman stated.

WINNING FLOAT—The Memphis FFA Chapter float took top honors in local float entries with this "Challenging Youth in Agriculture" entry. The American Legion Queen float took second and Memphis Fire Dept. took third.

Things Are Picking Up In Hall County!

As a postscript to the Hall County Picnic, which was somewhat hampered by the cold, wet weather, and other activities of last week, the general impression in this area is that things are picking up.

Last Tuesday, Golden Spread Irrigation was honored at a banquet sponsored by the Memphis Chamber of Commerce and supported by local civic organizations. The banquet was well attended, and we are sure the employees of the Golden Spread enjoyed the affair. It's good when your neighbors, those who live with you year after year, take time out to say you are appreciated for being a part of the community and area.

We, in the publishing business, get our few pats on the back occasionally and we are certainly appreciative of them when they come our way.

The Hall County Picnic, as a whole, was shy of past years in many respects but in one respect it was outstanding. All those who were given jobs to do, did them with splendid results and those who braved the elements were rewarded for making the effort.

Mrs. T. J. Brock, 91-year-old Memphis resident, went to the picnic Sunday, and she told us the barbecue was the best she had ever tasted in all her years of attending. We ate our generous plate to the last crumb, before washing the serving pots and pans for the Rotary Club, which had the cleanup chore. Pete Land and his able helpers are to be thanked not only for cooking the food, but they pitched in and helped wash pots and pans afterwards as well.

There were over 1600 plates served at the picnic. Not as many as in the past, but a hearty group of picnickers never assembled. It rained up until late morning, and there was a certain chill in the air.

The jolly mood of the picnic was possibly a reflection of a good cotton crop in the fields. The crop was definitely hurt by unseasonable hot weather of the past two weeks, which sapped moisture and caused some cotton to shed its fruit. The total yield of the cotton will reflect this in the final outcome. Some cotton fields weathered this far better than others so; it is something farmers will have to wait and see. Cooling rains helped this past weekend.

The Memphis Chamber is having its second Merchants Gift Day on Saturday, Sept. 25, at 4 p. m. All shoppers holding tickets should plan to be there.

Also the Chamber is having a membership meeting Monday night, Sept. 27, during which areas of work of the Chamber program will be thrashed out. The program begins at 8 p. m. and all members are urged to come, participate in the discussion. No refreshments, contributions, or sales pitch will be given or asked for, only serious examination of the Memphis Chamber program of work and how it can be improved for the betterment of the Memphis area.

Whenever citizens take serious looks at their community and make definite plans on solving problems, things begin happening and usually these things are for the betterment of all. Things may be looking up. At least it's something to think about.

What Other Editors Say

Are We Being Brainwashed?

We receive a lot of misleading information about expanding foreign markets, selling at prices set on supply and demand and cutting down to avoid overproduction.

Let's face reality. One of the first revealing facts about our national food resources was put into print in 1939 in the Statistical Abstract of the United States for that year. The following fact is seldom seen in print. It reads like this: "In the fiscal year beginning July 1, 1922, our farms, for the first time in history, failed to produce enough food to supply export demands and meet domestic requirements."

In eight years prior to 1933 when we were supposed to be burdened by tremendous overproduction, we imported 25 million tons more from commodities than we exported. From that time on, the brainwashing accelerated. As writer John Dryden put it, "Some truth was, but dashed and brewed with lies. To please the fools and puzzle all the wise."

The popular topic of conversation among white-collared farm advisors and politicians is the tremendous overproduction of farm products.

I would ask this question of those who are supposed to understand what the farm problem is, "Why aren't the following facts brought into the headlines?" From 1958 to 1963 we imported 3,817,000 more tons of beef than we exported, putting the U. S. in indisputable first place as the greatest importer of beef in the world.

Last year we imported 1.3 billion pounds of beef and over one million head of live cattle but beef is not the only farm commodity being imported in large quantities. The greatest corn-growing county in the world in on imports basis for pork. Last year we imported 393 million pounds of pork equivalent to about two million head of hogs that U. S. farmers were not allowed to raise. In 1964 alone, we imported 140 million lb. of canned hams of which 27% came from behind the Iron Curtain.

Vast numbers of government surveys come out with reports of production reaching all-time highs thereby adding to our "surplus." The fact of the matter is that the number of cattle per capita reached an alltime high in 1888, hogs in 1878, sheep in 1873, butter production in 1896, and wheat in 1891.

Evidently those who handle the purse thrones on Wall Street figure is more profitable to import farm commodities than it would be to release the shackles which bind the American farmer to the old myth of overproduction.

I suppose if imports were cut off, the grocery bill would go up

and consumers would not have so much money to spend for luxuries and that would not be good for big business. As long as this is allowed, rural America will continue to disintegrate and the importance of imports will be mentioned in the obituary of the family farmer.

Power Of Advertising

Why is it? A newspaper asked

in this little vignette: A man wakes up in the morning after sleeping on an advertised blanket, in advertised pajamas. He will bathe in an advertised tub, wash with advertised soap, shave with an advertised razor, drink advertised coffee after his advertised juice, cereal and toast (toasted in his advertised toaster), put on advertised clothes and an advertised hat. He will ride to work in an advertised car; sit at an advertised desk, smoke advertised cigarettes and write with an advertised pen. Yet this man hesitates to advertise, saying that advertising does not pay. Finally, when his unadvertised business goes under he will then advertise it for sale.

ON DISPLAY FRIDAY—Ford Divisions cars and trucks will be displayed Friday, Sept. 24 in dealer showrooms. Above is pictured the Thunderbird which features the horizontal bar texture grille and the headlight areas framed in bright metal. The traditional Thunderbird emblem is displayed above in the center of the grille.

New 1972 Fords To Be Displayed Friday, Sept. 24

The complete line of Ford cars and trucks go on display at Foxhall Motor Company in Memphis and in dealer showrooms over the nation Friday, Sept. 24.

In making the announcement, Eddie Foxhall said, "For 1972, we are offering the most attractive, best performing, safest and cleanest cars in our history. The redesigned Torino and Thunderbird, featuring major under-the-skin changes and increased interior room highlight Ford Division's 1972 product story. The big Ford should continue its steady climb in sales charts."

The Torino features new styling, engineering advancements, and the Thunderbirds has a new elegance combined with an improved ride and increased interior seating room and luxury. The Torino will be available in nine models. The Thunderbird has a new front and a totally redesigned rear suspension system called "Poli-Ride." It will be offered in a single two-door hardtop model. Front and rear styles are new for the 1972 Ford. All models feature egg-crate design center and side grilles with center projection bat, and a restyled rear deck lid. The LTD series has a distinctive grille and rear end treatment that sets it apart from the rest of the Ford line.

In keeping with the announced policy that Pinto would not change for several years, the 1972 Pinto sedan is virtually unchanged but offers refinements to further owner enjoyment. Performance of the 2000 c-c engine is upgraded and the rear springs and shock absorbers are modified for a better ride. Maverick's style and easy-to-repair features are retained in 1972.

Mustang, America's first and most successful sporty compact, has refinements for 1972 that complement the major changes made last year. New for 1972 is the upgrading of the base which includes as standard equipment wheel covers, racing mirrors, rocker and wheel moldings and a deluxe two-spoke steering wheel. The convertible has an upgraded standard interior and a new optional Exterior Decor Group is offered on all base hardtop and convertible models. Four engines are available. The Boss Mustang model is discontinued in 1972.

All Ford Division car lines go on sale Friday, September 24.

Ford Division's 1972 truck line retains the model availability to meet the requirements of owners who use their vehicles for personal transportation, recreation and business. There is a model for almost every imaginable use.

New features include standard manual front disc brakes, a side impact protection system, AM and AM-FM radios, integral power steering, an improved sound and insulation package and an improved higher capacity air-conditioning system. The standard pickup maintains the stylish ruggedness, and improvements add to the pickup's capabilities for work, personal or recreational use.

"One-to-One."

Our new Person-to-Person policy to improve your phone service.

I'm Gray Beck, president of General Telephone of the Southwest.

I want to tell you about some very intensive work we are doing about some problems that are of great concern to us: customer relations and our employees' morale.

Under normal circumstances our customers and employees get along fine together.

However, because conditions are unusual, due to exceptional growth in the telephone industry, there have been some irritations arising out of service difficulties.

Fortunately, it's not a massive problem, but occasionally a bothersome one to those involved.

We have definite plans to meet this problem. For example, we will be spending \$96,000,000 this year to improve your phone service. It's a lot of money and it's going to have a great effect.

But money isn't everything; getting along with you, our customers, is equally important. We've known this all along. And all of us at General Telephone have been working hard at it. But, we felt there was something missing. An underlying philosophy that would

give unity, continuity and greater meaning to our efforts to serve you better. So, we have established what we call our "One-to-One" philosophy, to guide General Telephone people in their dealings with our customers.

It's intended to open up a direct, courteous and honest communication that will reflect our concern for our customers as individuals.

Our employees and our management, including myself, will follow this credo. And, I will see that it brings results that will benefit us all.

The next time you talk to us about a phone problem you'll see how "One-to-One" works. It's a change for the better.

And, I hope that from now on when you see "One-to-One" you'll have reason to agree with me that someone cares at General Telephone.

Sincerely,

President,
General Telephone Company of the Southwest

1913 Study Club Members Enjoy Coffee In Home Of Mrs. Howard Richardson

There was food for the body, the mind, and the soul when the members of the 1913 Study Club gathered in the first meeting of the club year for a morning coffee, Sept. 15, in the home of Mrs. Howard Richardson. Mrs. Mack Richards served as co-hostess for the festivities.

As the members arrived, they were handed their 1971-72 year books by the program chairman, Mrs. Larry Votto. The course of study for the ensuing year is, "The Diverse Environment of Modern Women," and the theme is, "Keeping Abreast of Woman's Changing World." And so, there was food for thought as the guests glanced at the forthcoming programs.

When all were assembled, Mrs. T. M. Harrison expressed thanks preceding the morning refreshments. The coffee table was centered with a lovely bouquet of red roses to which were attached tiny glass swans as plate favors. A variety of culinary goodies, tarts, cheese straws, chicken balls, and raminis of fruit salad delighted all present.

Following the food feast, Mrs. Votto gave a stimulating sampling of the programs to come. The new president, Mrs. Paul Montgomery, developed the title, "The Responsibility Is Ours," with an interesting and thought provoking talk.

"This is a time of beginning . . . not only the beginning of our club year, but today is the beginning of the rest of your life. This is a time for looking backward upon accomplishments and a time of looking forward

with plans, promises, and a purpose. This is a time of transition, when we honor the heritage of the past, in the knowledge and with the conviction that the future must be built upon the foundation of the past, and that the more extensive our knowledge is of the past, the greater will be our power of knowing what to look forward to in the future," she said.

Mrs. Montgomery finished her talk with a prayer invoking the Lord's help and protection in all undertakings. The meeting closed with each member expressing a fall resolution.

Mrs. Howard Richardson, the hostess, and her husband moved back to Memphis from Nevada because they did not want to rear their three children in a city. They bought the Stokes house and refurbished it to suit the needs of their family. A tour of their lovely new home was an added treat to the morning's enjoyment.

Those present were: Mmes. Byron Baldwin, Herschel Combs, Bray Cook, F. W. Foxhall, T. M. Harrison, Gayle Greene, Edwin Hutcherson, Bob Hutcherson, D. L. C. Kinard, J. B. Lawson, Paul Montgomery, Sherron Lee, Clyde McMurray, Tommy Nelson, M. G. Tarver, Larry Votto, Miss Neville Wrenn, Virginia Browder, and the hostesses, Mmes. Richardson and Richards.

McDaniel Home Scene For Meeting Of Pathfinders

The Pathfinders Council met in the home of Mrs. J. J. McDaniel Tuesday, Sept. 14, for the first meeting of the 1971-1972 club year.

The president, Mrs. Brown Smith, presided at a short business meeting.

Mrs. Smith stated in the president's message that, "Today is built on yesterday and tomorrow on today."

"Women Honor Texas Heritage for the Future's Enlightenment," the course of study for the year, was previewed by the program chairman, Mrs. J. F. McIntush.

Refreshments were served to Mmes. R. T. Tiner, J. F. McIntush, J. O. Cobb, W. J. McMaster, A. Gidden, Mary Lou Erwin, Joe Eddins, Henry Gregory, Brown Smith, O. M. Gunstream, Robert Breedlove and J. J. McDaniel.

Baptist Lydia Class Members Meet Thursday

The Lydia Sunday School Class of the First Baptist Church met Thursday, Sept. 9, for regular business meeting in the home of Mrs. Johnny Saunders. Mrs. H. H. Lindsey, president, presided.

Mrs. Grace Foxhall led the opening prayer and Mrs. Byron Baldwin brought a good devotional entitled, "Time." She read the third chapter of Ecclesiastes.

Mrs. R. E. Clark led in prayer after which the secretary read the minutes of the last meeting and gave the treasurer's report.

Mrs. R. E. Clark reported on the teachers' meeting she had attended Wednesday. Mrs. Jean Chick made believe the class was in school and conducted two contests everyone enjoyed.

Mrs. Saunders served lovely refreshments to Mmes. Byron Baldwin, R. E. Clark, H. H. Lindsey, Bessie Saunders, Jean Lamb, Jean Chick, Estelle Barber, Grace Foxhall.

Mrs. Bryan Adams had as Saturday night visitors and dinner guests Mr. and Mrs. Gerald Brown of Lawton, Okla., Mr. and Mrs. Bert Hinton of Ralls, Mo., Ozelle Elledge of Manford, Okla., Dr. N. A. Hightower of Austin, Mr. and Mrs. Boone Adams and Johnny of Floydada and Mrs. Walter Hightower of Memphis. They all visited together at the City Park Sunday and enjoyed the Hall County Picnic.

Mrs. Burl Smith has returned from a two-week vacation spent in North Carolina visiting with relatives and friends and enjoying the beautiful scenery and historical places near Atlanta and Ellijay, Ga.

Several of the members received their Junior Degrees, which they had worked hard for all last year. The girls are Ramona Bachman, Meredith Douthit, Diane Clayton, Susan Chick and Kay Posey.

The girls present at the meeting were as follows: Ramona Bachman, Teresa Kilpatrick, Debbie Roden, Cindy Phillips, Ray Nell Martin, Terry Salinas, Shari Posey, Dana Coldiron, Kathy Hall, Lisa Knighton, Janet McNally, Ramona Ballew, Dena Gardenhire, Terri Rogers, Meredith Douthit, Debbie Gilbert, Debbie Johnson, Brenda Elliott, Melissa Jones, Jamie Moss, Debbie Watson, Sheri Davis, Connie Miller, Susan Chick, Janice Vallance, Glenda Carroll, Charlotte Carroll, Debra Evans, Ronelle Wilson, Diane Clayton, Jennifer Pate, Susan Godfrey, Karyn Smith, Caron Chambless and Juana Reyes.

Mrs. Allen Miller Is Shower Honoree

The home of Mrs. Mack Cofer of Lakeview was the scene on Thursday evening, Sept. 16, for a bridal shower honoring Mrs. Allen Miller, nee Mercedes Bouffard of Madrid, Spain.

Guests who called between the hours of 8 p. m. to 8:30 were greeted by Mrs. Joe Berry and presented to the receiving line composed of Mrs. Allen Miller, Mrs. Doyle Miller, the groom's mother, and Mrs. Goen Byars, grandmother of the groom.

The registering table was covered with a white dotted swiss cloth and guests were registered with a plumed quill pen. Mrs. Jack Moreman presided at the register.

Decorations featured the bride's chosen colors of yellow and white. In the dining area, the serving table was laid with a white dotted swiss cloth, featuring a flower length ruffle. Centering the table was an arrangement of yellow carnations flanked on either side with silver candelabras holding white tapers. Other table appointments were in silver and crystal. Mrs. J. W. Hatley presided at the silver coffee service while Mrs. Johnny Fowler presided at the crystal punch bowl. Each alternating serving the party cakes.

A lovely array of gifts were on display in the party suite. The hostesses' gift was a set of Avocado club aluminum.

Hostesses for the ceremony other than Mrs. Cofer, were Mmes. J. Leon Fowler, R. S. Wansley, Q. N. Clark, J. W. Hatley, Bill Gibson, Johnny Fowler, Carroll Fowler, Lee M. Robinson, T. U. Hughes, Jack Moreman, B. P. Watson, W. O. Clark, Leroy Pate and J. C. Stepp.

edged with rhinestones. Her veil of illusion fell from a headpiece made of satin and lace. Her attire featured the "Something old, new, borrowed and blue" and she carried a white Bible topped by her bridal bouquet of white carnations.

Given in marriage by her father, the bride and groom stood before a candle-lighting marriage. Miss Doris Lucas, sister of the groom, was chosen as maid of honor while Johnny Jarrel, brother of the bride, was best man.

Mrs. James Jarrel, Sr. attended the wedding gowning in a white and black dress with black accessories. Mrs. Bill Lucas was attended in a red dress with black accessories.

A reception was held following the ceremony in the Jarrel home where refreshments of wedding cookies and champagne were served by Beverly Galyean to approximately 25 members of the family and friends.

Mr. and Mrs. Lucas are making their home in Memphis where he is engaged in farming.

Jay Stone, Legion Commander, crowned the young ladies. Weather was cold and windy.

H. W. Spears Enjoys Trip To Ill., And Indiana

Mr. and Mrs. H. W. Spear of Lakeview and daughter, Mrs. Pauline Harper of Amarillo, returned last week from a visit with relatives in Illinois and Indiana. Mr. and Mrs. Wallace Spear of Effingham and Mr. and Mrs. Austin Spear of Neoga.

Mrs. Spear said they grew most of their food, can and freeze enough to last two years.

They still had some of the largest tomatoes they had ever seen, she stated.

"We spent one day in Clinton and Terre Haute where Mr. Spear's brother and family once lived. We also went to Arthur, Ill., to see the Amish people. They are a religious sect who have retained most of the customs of their forefathers, and make their living by farming, without the aid of modern equipment. The older women still wear long black dresses and black bonnets; the young girls wear long colored dresses and white caps. They drive very fine horses to black buggies. They have buggy shops like we have garages," Mrs. Spear said.

"We drove to Arcola, Ill., to see the Rockome Gardens. One has to pay to get in. It covers about 80 acres and has the most beautiful flowers we have ever seen. The fence around it was made of ornate rock work. A house was made of 2400 Fresca bottles that was unbelievable. They had a train to ride throughout the garden; also a surry with fringe on top (my father had one when I was a little girl). He drove a big white horse," she stated.

En route home they spent one night in Claremore, Okla., and went through Will Rogers Memorial. Mrs. Spear said everyone should visit the museum as there are many wonderful things to see.

"The trip was very nice, but we are glad to be home again," she concluded.

Visiting Square-Dancers Have Polly Time As Entertainers

VIRGINIA BROWDER, Turkey Trotters Square Club combined their talents with dancers from Tulsa, Okla., and Clarendon Saturday evening to make merry entertainment for a large gallery of spectators at the Memphis Country Club.

D. Wilbanks of Spearman, Okla., owned throughout the Pangea area as a caller for square dancing, kept the dancing lively with the dancers puffing as he led one pretty tune after another.

Some of the Memphis dancers came to watch, danced a set and then returned to the club house. The Milton Beasleys, Helms, G. W. Lockharts, Lena Mae Adcock tripped light fantastic as they once again in the Memphis Eighties. Both spectators and the dancers had a "high heel time." "Thank you" are in order to those who made the evening so enjoyable with their assistance.

There thanks go to Johnny Burroughs and the club board members for the use of the club house, and to Mr. Rickman for making the place in order.

Also, local people are indebted to Frank Phelan of the Coca-Cola Bottling Plant in Clarendon for sending down a pop dispensing machine, to Swede Roark for moving the machine from the club house, and to

John McCauley for rigging it up. Also, thanks to Homer Tribble for the sturdy oak tables which we did not use after all, and to the dancers for tidying up the club house after the dance.

Jay Holland Graduates With Honors At USATC

Jay Holland, son of Mr. and Mrs. Rabb Holland of Estelline, has graduated with honors from the U. S. Army Training Center, National Guards, at Fort Campbell, Ky., after eight weeks of basic training.

Holland was a member of the Delta Company, First Brigade, First Battalion, which was cited as the honor company at the graduation exercises held on September 10.

He won the company trophy for attaining maximum possible score for basic physical fitness test. He was rated as an expert on the M-16 and also the M-14.

Brigadier General Bush of the Pentagon was speaker at the exercises and Holland was one of eight men to be presented trophies at the exercise. Graduating at the exercises were 510 men.

A senior student at Texas Tech, Holland will enter the university again in January after completing his training with the National Guard, and will graduate in May. He is presently stationed at Fort Sill, Okla.

1972 Chevrolet. Building a better way to see the U.S.A.

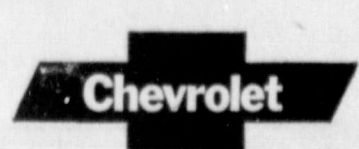

Caprice Coupe illustrated at Mt. Rushmore in South Dakota.

We want your new Chevrolet to be the best car you ever owned.

The best. No qualifications. No reservations. We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned. So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection. Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car. And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega. Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving. Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.

Cyclones Bop Eagles 53-0 Here Friday

The Memphis Cyclone got a taste of victory Friday night, snapping a seven-game losing streak, with an impressive 53 to 0 victory over the Chillicothe Eagles.

The Cyclone's yardage eating offensive platoon stayed on the ground most of the night and was forced to punt only three times in the contest, while the Eagles called on their punter, Lee Tucker, nine times.

The first half of the contest, an exciting affair, saw Memphis put 12 points on the scoreboard, but lose five fumbles and had one pass intercepted, while Chillicothe lost the ball four times on fumbles.

The Cyclone worked hard for the first two TDs, with the first one coming midway in the first quarter as Memphis got excellent field position when punter Tommy Johnson returned an Eagle punt to the visitors' 32-yd. line.

The Cyclone moved to the visitors' 13 as HB Johnson on a 4th and one situation, found ample running room and picked up 13 big yards.

But here, the slippery football got loose and Chillicothe recovered the fumble. But a slippery ball is just as hard for one team to handle as it is for the other, and the Eagles obliged by fumbling the ball back to Memphis as Larry Johnson came up with the football on the Eagles' 12.

The call went to Louis Davis. Refusing to be satisfied with no gain, he squirmed, twisted loose, bounced off would-be tacklers and picked up seven big yards.

On the second play, again Davis got the ball and was hit at

the line by three Eagles, but Davis twisted loose and found daylight outside the left end and away he went for the Cyclone's first TD. The try for point after was foiled when the wet football slipped through the holder's hands.

Memphis had two other scoring opportunities but gave up the ball on fumbles.

Much of the second quarter of the game saw the ball exchange hands on fumbles and one pass interception by Eddy Turner of Chillicothe, late in the first half.

Late in the period, Memphis came into possession on the visitors' 33-yd. line when Chris Linder recovered a loose football.

With slightly over a minute on the clock, Tommy Johnson found ample running room up the middle on a trap play to step off 10 yds. for a first down.

Then, HB Louis Davis made 6 yds., and QB Mike Browning hit Tight End Terry Wynn for nine more yards to the 9-yd. line.

With only seconds remaining, the play was a bootleg pass, but a crashing Chillicothe defender came in on Browning, closing the outside route. Browning pulled up quickly, side stepped and fired the ball on target into the arms of Flanker Larry Jeffers for the touchdown. The kick for point after was no good and the score was 12-0 with 4 seconds on the clock.

Second Half
The second half of the game saw the Cyclone playing flawless football, not losing the ball a time on fumbles, while recovering six of Chillicothe's mistakes, as well as making one pass interception by Tackle Donnie Carroll. In the first half Memphis lost the

ball six times, five fumbles and one interception, while Chillicothe lost the ball four times.

Larry Jeffers recovered an Eagle fumble on the visitor's 4-yd. line setting up the first TD after the half. Davis ripped over on the third down from the 1-yd. line for the score, and he also carried for the two-point conversion.

Memphis' next TD came on a 63-yd. drive in four plays. Highlighting the drive was a 13-yd. pass from Browning to Flanker Jeffers, and the scoring 47-yd. run by HB Davis who had ample blocking throughout the trip to the goal line. The try for points, a pass, went just off the fingers of Paul Fowler and the score was 26-0.

The Cyclone took over the football the next time on the home 8-yd. line following a good Chillicothe punt. But this didn't dampen spirits, as on the first down, Paul Fowler cracked through the line into the Eagles secondary and raced, with two able escorts, 92 yards down the field. The conversion was a pass from Browning to split end, Larry Johnson for a 34-0 score.

Chillicothe's best field position came after a blocked Memphis punt on the home 29, but the Eagles couldn't generate enough offense to move the football, and Jim Dixon came up with a fumble recovery for Memphis on the home 32.

This set up another Cyclone TD, as Louis Davis, who had a good night, again broke loose and went around right end for a 63-

Out of Orbit

yd. TD run. The try for points failed and the score was 40-0.

The next possession saw HB Ronald Canada carrying the football as the play went all the way for 48-yard TD. The try for points failed, making the score 46-0.

Memphis' final score came when QB Mark Stevenson sneaked the ball over the goal line from the one-yd. line. Mike Browning with Stevenson holding, kicked the ball through the up-rights.

YOUR COUNTY AGENT SAYS

Slow Moving Vehicle
Farmers know that moving farm machinery on highways is a dangerous practice. Nevertheless, it is a practice they can't always avoid, says County Agent W. B. Hooser.

Many things have been tried to attract attention, such as lights, flags and reflectors, he points out. Attention is only half the job. Something has been needed to tell the motorist approaching from the rear that a slow moving vehicle is up ahead.

A yellow-orange triangle is showing up on more and more tractors, combines, and other farm equipment which travel at speeds of 25 miles per hour or less.

The fancy flags consist of a fluorescent yellow-orange triangle

with a dark red reflective border. The yellow-orange fluorescent triangle is highly visible during daylight and the reflective border glows brilliantly as a low red triangle in the headlights at night. As a result, day and night this reflective angle gives the message that a slow moving vehicle is ahead.

We never know who is spending the night in Memphis from all different parts of the U. S. and other countries. We do get a call sometimes about some person who is well known or a person from a foreign country. It was last Wednesday night that John Kehr called me and told me that Emmett Kelly, the world famous clown, was spending the night here and would check out the next morning about 8 a. m. I made the run to see him the next morning, and he had been gone about 10 minutes in his Cadillac on his way to Sarasota, Fla., for the day. I had the information passed on to me that he had been a professional clown for over 50 years and has been one of the greatest clowns. He left the Ozarks in Missouri where he was 21, moving to Kansas City. He is now 72 years old, retired from the circus and is doing special shows. He was returning from the Tohove where he had been performing at the Harris Club. The information I have was that he is now bald on top, but on the side part, he has a hippie hair-

In visiting with Carl Morris from Clarendon a few days ago, I learned he is still with the Burdette Lines and he was doing relief work here. He was working with Sug Lemons of the tough it was where he was. He said it was so tough at the cowboys used mountain for saddle horses, cactus

for a saddle and rattlesnakes for quirts. Carl has really changed a lot and so has Hardeman County where he was reared.

Mrs. R. N. Francis of Austin was in looking Hall County Heritage Hall over for the first time. She was the former Zepher Wills, daughter of Mr. and Mrs. S. H. Wills who moved to Hall County in 1912. There were 9 children in this family and three are now deceased. Burr, one of the Wills children, recently passed away. He was the head man, who originally organized the Wills Singers. Mr. and Mrs. Francis had family of eight children and all are now living. They moved to Dallas in 1949 and on to Austin in 1958 where they now reside.

While visiting Lawson Halford (who owns a ranch near Carey and is on our Hospital Board) I learned he was on his way to a homecoming at Portales, N. M., where he moved in 1913 and moved from there to Hall County in 1939.

Other visiting in Hall County Heritage Hall were Mr. and Mrs. Howard Gilchrest of El Paso. Howard was a 1939 MHS graduate. He is the son of Mr. and Mrs. T. H. Gilchrest. Said his first teacher when he started to school here was Mrs. Roy Coleman. Mrs. Gilchrest was the former Jean Ziegler, daughter of Mr. and Mrs. S. M. Ziegler of Lakeview, where she graduated in 1940. Mr. and Mrs. Gilchrest left Hall County in 1953 and have resided in El Paso since that time. They have three children, all married. Howard is in the insurance business.

The three Gurley girls were visiting in Heritage Hall. Clara Polston of Shawnee, Okla., Sybil of Memphis and Beulah Reed of Drumright, Okla. Their parents were the late Mr. and Mrs. T. W. Gurley who arrived in Hall County in 1914. They had one son, Ward, who lives in Memphis. The home of the Gurleys on South 7th was partially constructed of material from the first "First" Baptist Church building in Memphis.

Beulah Gurley married Wiley Reed, son of the late Mr. and Mrs. W. T. Reed who lived north of town for a good many years after moving to Hall County in 1907. They were six children in this family and only two now survive. Myrtle, who married Walter Dennis and is living in California, and Wiley Reed, Drumright, Okla.

Ernest Neal had as his guest in Heritage Hall his brother Bill, of Lindsey, Calif., where he says 50 or more Hall County people live. Bill attended Memphis school, married Nettie Dilworth. They had one son and one daughter and one grandchild living in California. Bill was born in Arlington and came to Hall County in 1907 with his parents, the late Mr. and Mrs. W. L. Neal.

J. W. Coppedge was by Heritage Hall a short time a few days ago and the first thing I thought of was to get your check book as it's time to make a donation to the picnic, as J. W. served on the financial committee of the Hall County picnic and also served on a number of other financial drives to help put things over here. We can say one thing (as far as I know) he never turned down or made excuses for not serving on a committee. He did it with a smile like it was a joy from him to have a part where he could serve best. For several years, J. W. was the first to send in his donation for Hall County picnic fund. He and his family left a lot of footprints in Hall County before moving to Muleshoe. Best wishes to this family wherever they may be.

Leroy McQueen, son of the late Mr. and Mrs. Lon McQueen of Lindsey, Calif., and Winfred (Hap) McQueen of Memphis with their uncle, Roy McQueen of Corpus Christi, were visiting in Hall County Heritage Hall. Winfred is the son of the late Mr. and Mrs. John McQueen. These boys were students in the Gammage, Salisbury and Harrell Chapel schools. Children of the late Mr. and Mrs. L. McQueen who moved to Hall County in 1896 were Ed, John, Will, Lon, Roy, Kittie Maggie, Minnie and Liddie. Of this family, there are only two survivors, Roy and Minnie. Roy tells the story of how Red River started (I will not vouch for the truth of it as his nephew would not). He says Bob Crabb had a half dugout home in the west part of the county and there was a heavy rain that filled in the dugout. Bob ditched out from it to drain the water off and

that was what started Red River. I asked Roy about how many of springs there were from the L. McQueen family and he estimated there were about 100.

I had a visit with Tom Crabtree of Quail a few days ago. He left Tennessee in 1910 going to St. Louis where he worked for the Buster Brown shoe company for a few months and came to Texas to visit his sister. He worked for Ed Beck for two years and then moved to Oklahoma and then back to Quail where he bought out J. R. Sells at Quail in 1919 and has operated this general store for the past 52 years. Tom will be 85 years old Oct. 6. He remembered the day when Otis Jones and Shake Davis called on him as salesmen of White Swan goods.

Mrs. Arthur Gidden brought in for loan to Hall County Heritage Hall a hard-painted, electric-lighted portrait of her brother, W. D. (Wiley) Orr who was the photographer with many awards for his outstanding work in this field. This picture was painted by Lelia Brashear Orr, wife of Wilburn. Mrs. Gidden has also compiled an album and scrapbook covering the life of Wiley from 1884, the time

of Wiley's birth, to 1906 when he started in business until his passing away in 1954. This book is composed of photographs and clippings at different periods of his life and even has original letter that he wrote Mrs. Miller asking for her daughter, Mattie, in marriage. Mrs. Gidden was assisted in the work on this album by the granddaughter of Mr. Orr, Mrs. (Dorothy) Carl Morris. It is under cover, but Mrs. Gidden will be glad to show you the interesting piece of work.

Sybil Gurley and Mrs. L. Rasco and Katie Clark revamped the Culture Club display the past week with velvet covering on the shelves and many added items of interest.

Thanks to Mr. and Mrs. Howard Gilchrest of El Paso for their contribution to Hall County Heritage Hall.

Visiting in Heritage Hall for the first time were Mr. and Mrs. James Maddox of Greenville. James is the son of the late Henry and Mrs. Maddox of Memphis. This family moved to Hall County in 1913. There were 12 children in this family and all are living except

one. Jim was born in Hall County and attended school at Newlin & Memphis. He left Hall County in 1949 and married Fanny Cole who was reared in Greenville. They have four children. There have been three generations who have worked the Dial land covering about 40 years.

Gene Stewart, brother of Robert and son of the late Mr. and Mrs. J. W. Stewart, was in. Gene was born in Hall County and attended school at Eli, Giles, Friendship and graduated from MHS in 1947. He served a time in the Korean war and has been living in Childress since 1948 working with the Highway Dept. He married Anna Jean Presco of Childress. They have two children.

Thanks to Nolan Baker of Fort Worth for another contribution to Hall County Heritage Hall. He has been one of our regular supporters since we started.

Dave Price, now of Fort Worth and former Hall County resident, was visiting in Hall County Heritage Hall the past week. Along

with Dave was his sister, Irene (Price) Hendrix of Shreveport, La. She was raised in Hall County by Mrs. Ellen Ewing of Newlin and Flora Ewing, daughter of the late Everett Ewin. She graduated from high school at Carthage. She said she could remember when a little girl that she used to peep through the fence at Bill Rowell with his two guns on. Irene had two sons, both now deceased. One was killed in 1962 in Panama in a Marine helicopter crash, the other son in the Army was killed in Greenland in 1960. Dave and Irene were on their way to Las Vegas, Nev., to see the bright lights. I guess we will find out when they come back through whether they are richer or not by making this trip. Dave left some snapshots taken here 1919-1942.

I will try to find my scraps of paper on comments of Hall Co., picnic week and report next week. As Larry Hooper would say, "I had a good time, too."

Mr. and Mrs. Billy Salmon and Mrs. David Davenport visited recently in Irving with Mr. and Mrs. B. G. Monroe and son Kirk.

Bill Murray will get a second cash crop off this milo field.

Mr. Murray farms around 1,000 acres near Panhandle, Texas.

When he cuts his grain sorghum, he leaves the stalks high. Because those stalks keep making money for him until spring.

Mr. Murray's formula for extra profits? Stalks plus cattle plus T-E Liquid Feed Supplement.

Last year for example, he had 150 steers on the stalks for 150 days. They gained 225 lbs. or an average of 1.5 lbs. per head per day, on nothing but stalks and free-choice T-E Liquid Feed Supplement, consuming .4 lbs. of the supplement per head per day.

It added up to a nice profit, even though Mr. Murray explains, "They were out in bad snow storms for several days."

Mr. Murray buys his steers in August, keeps them on pasture until harvest, turns them in on the stalks and puts them on wheat pasture in the spring. He keeps T-E Liquid Feed Supplement in front of them the whole time; because he knows self-rationing T-E provides whatever supplement they need, whatever the grazing conditions.

Considering his experience with T-E Liquid Feed Supplement over the past few years, Mr. Murray concludes, "It seems to me a farmer has just got to run some cattle."

Bobby, Alan Booth Join Mechanics At Ward Motor Co.

Bobby and Alan Booth this week assumed their duties as mechanics at Ward Motor Company in Memphis, according to an announcement Tuesday by Dennis Ward.

At the same time, Bobby Booth was named foreman of the service department, and was placed in charge of repairing and servicing cars and trucks for customers of the firm.

With the addition of Bobby and Alan Booth, a total of four men are now available to service vehicles at Ward Motor Co. O. A. Sturdevant, long-time mechanic here, and Tony Garza will continue as mechanics in the service department.

"All four of these men are factory trained mechanics," Ward said. "They are highly skilled and experienced. We are now in position to take care of the needs for service and repairs in our shop for all makes and models of motor vehicles. The shop is equipped with special tools and equipment, and no job is too large or too small for these men to handle. Our customers in the future will be able to get service without undue delay."

Estelline Students To See Play At WTSU Sunday

"If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured, or far away."

Such a man was Henry David Thoreau, subject of a play Estelline High School students plan to see in Canyon on Sunday afternoon, Oct. 3.

The play, presented by WTSU Speech Department, uses the one night Thoreau spent in the Concord, Mass., jail for non-payment of a small tax, as a dramatic device to bring him and his contemporaries to life.

Student tickets for the performance are one dollar. The bus will load at the High School at 12 o'clock noon, immediately after lunch. Students should bring their lunch.

Tax Man Sam Sez—

An average Texan may do a bit of bragging on quite a few of the finer things that we enjoy around these parts, but most of them would admit that they need a little more learning when it comes to addin' and subtractin' and figurin' income tax returns.

Internal Revenue's Dallas District sings praises of the Texas schools and the teachers that give about 200,000 students some of the fundamentals of how to prepare a basic Form 1040 income tax return. IRS is also proud of the more than 150 adult education sessions that were held to help several thousand adults.

However, the good tax folks have to admit that income tax learning just don't come easy for most of us. We can only hope that our school teachers and the tax folk and a lot of others keep up the good work because—let's face it—most of us need to know a lot more about our personal income tax business.

Longest recorded period for which a person has voluntarily deprived himself of sleep has been 276 hours.
