BANQUET DEC. 11TH

Glen Scallorn Is Named QB Prexy; Projects Set

The annual Maverick football banquet will be held Monday, Dec. 11th.

Tentative plans for the event were outlined this week during a meeting of the Quarterback Club.

The club also elected new officers for the year and gave Coach Jimmy Young a solid round of applause for his work.

Glen Scallorn of Southern Television Corp. was elected president, replacing Wells Dalton.

Other officers are A. D. Taylor, vice president, Bud Pool, secretary-treasurer, and Glyn Gilliam and Milton Underoos, board members.

A speaker hasn't been secured yet, but the club will attempt to engage Chuck Moser of Abilene.

Tentative plans call for the athlete-honoring banquet to be held at the Village Hotel Ballroom.

Tickets will go on sale soon at \$2.50 each, which will permit one adult and one boy to attend the event.

School boys will also be permitted to bring dates by securing a separate ticket for their ladies.

Coach Hughs took the floor Monday night and told the record Quarterback turnout how much the coaching staff appreciated the club's efforts.

He said, "I don't see how you could be so faithful during such an unsuccessful year," and challenged the men to continue their support for the athletic program.

He predicted a somewhat better forthcoming year, but emphasized that it would still be "rough-sledding."

New President Scallorn told the club, in accepting his new position, that he was going to "pester" every man all year, and see that the club stayed active and progressive.

He briefly outlined a program which he plans to initiate which will utilize school boys of ages 9 through 12 in a Saturday-morning program to teach football and instill football spirit.

It will be worked in cooperation with the coaching staff, he said, and it's purpose will be to upgrade the physical condition of local students as well

as provide early training for potential Mavericks.

Scallorn will act as commissioner for the program and four teams of 22 boys each will be organized to practice three hours per week, and play each Saturday morning.

AT COMMUNITY SERVICE

6 Reasons for 'Thanks' Given to Eastlanders

PAY DOCTOR BILLS

City to Cooperate With State On Highway 6 Construction

The City of Eastland will cooperate with the State Highway Dept. in the construction of Highway 6 into the city.

Commissioners also agreed this week to pay an Eastland widow's doctor bills as the result of injuries she received in a fall on a downtown side walk.

Commissioner T. M. Fullen presented two easements which he had secured from land owners along W. Burkett St.

The city will pay half the right-of-way and all the curb and gutter expense along the roadway from S. Daugherty to S. Seaman St. Highway 6 is to be widened and as it enters the city the route along Burkett St. will have "no parking" to provide adequate entry-way.

Mrs. Hattie Baker appeared before the commissioners Monday evening and requested that the city pay her doctor bills, incurred as the result of a fall about two months ago in front of the post office here.

Mayor Cyrus Frost asked if she would be willing to sign a release if the city were to pay the bills, even though it might be felt that the city was not legally liable for the injuries.

Mrs. Baker was agreeable to the release, and explained that she had caught a heel of a shoe in a small hole in the sidewalk, causing her to fall.

The commissioners agreed to pay the \$13 bill, and Mayor Frost assisted the near-blind citizen to the front of the city hall building, and Fullen took her home.

Later Fullen reported that he and City Manager Jimmy Hughes had inspected the smaller water storage tank on the hill, and found it to be satisfactory. The tank has been re-filled with water.

A discussion followed on the city's meat inspection program, and Hughes was instructed to confer with the present veterinarian to see if he would be willing to receive less pay from the income of the program.

Hughes explained that the city gets approximately \$175 per

month from the packing company here. Of this the city keeps about \$75 and the remainder goes to the veterinarian.

The city manager said that he is doing most of the work and only calls the veterinarian about once a month.

Jack Germany was absent.

Planter Boxes Springing Up!

In the still of the night, strange things have been happening around the square in Eastland this week.

Brick planter boxes seem to spring up over night.

The beautiful additions are the handiwork of the Civil League and Garden club, in cooperation with professional building guidance.

The workers constructed one box the first night, and doubled their output the second night.

A row of face brick will be added to those already built, and the box-building will continue around the square, until there are 16 boxes in all.

150 Present At Gorman Singing

The regular Third Sunday Singing at Gorman was held in the Congregational Methodist Church there November 19th.

About 150 persons were present from over Eastland and Comanche counties.

Explorer Olympics May Draw Eastlanders

There is a good chance that from 25 to 30 Eastland young men may compete with 1,400 others in the Scout Olympics at Lackland AFB at San Antonio, early next year.

District Scout Executive John Schofield attended a planning session in that South Texas city early this week, and arrangements are underway to get an Explorer Post established in Eastland.

Planners decided on 25 separate categories of competition and trophies will be awarded high point performers.

The event will be held April, 27, 28, 29 and will cost each participant only about \$5.

All contestants will be the guest of the Air Force base. If an Eastland Post is organized and ready in time, young men will leave here on Friday, the 27th, and return after lunch Sunday.

The Sears Foundation, a program of Sears-Roebuck and Co., is sponsor of the event.

Young men will compete in the following tests:

Obstacle course, auto trouble-shooting.

In the Community Thanksgiving Service at the First Baptist Church here Wednesday evening, Rev. Clarence Manners outlined six comprehensive reasons why we owe thanks to God.

Answering the sermon topic question, "Why Do I Owe Thanks to God?", they were: 1. Owe thanks to God for the material substance of life; because of the grandeur of nature; for life and health; for friends with whom I can share all of life's experiences; for the privilege of living in America; for my Christian heritage; for his all inclusive love that caused him to give "His only begotten Son".

In conclusion, Rev. Manners told how we can express the thanks which we owe to God.

One important way he said, is to find a place of definite service to God and humanity.

The service was arranged by the Eastland Ministers' Assoc.

The call to worship and invocation was by the pastor of the host church, the Rev. Hoston Brewer.

The Rev. Ralph Woods, pastor of the Holy Trinity Episcopal Church, brought the responsive reading.

Luke 17: 11-16 was the scripture reading and was given by the Rev. Eugene H. Surface, pastor of the First Presbyterian Church and president of the Eastland Ministers' Assoc.

The prayer of Thanksgiving was led by the Rev. Ray Heckendorn, pastor of the First Christian Church and vice-president of the association.

The Rev. William H. Penland was in charge of the offering. Rev. Penland is pastor of the Harmony Baptist Church and secretary-treasurer of the association.

Special music by the First Baptist Church Choir led by the churches' music director, Sam Beam, III, was "Come Ye Thankful People" and "Now We Thank Our God".

Music for the congregation was "We Gather Together" and "Thanksgiving Hymn".

The benediction was by the Rev. W. F. Fisher, pastor of the First Methodist Church.

'Prelude To Thanksgiving' Given At Las Leales Meeting Monday

"Perhaps by dwelling this Thanksgiving Day on our reasons to be grateful for the blessings of today and yesterday, we may, like the Pilgrims, increase our faith in tomorrow and find the courage to face the difficult years ahead." These were the closing words of Mrs. Thura Taylor at Las Leales meeting Monday. Her "Prelude to Thanksgiving" traced the origin and observation of this one day "that is purely American."

President Kennedy's Thanksgiving Proclamation was read by Mrs. Opal Cross, who then presented "Leaves of Gold," a colorful autumn tour by projection of New Mexico, Arizona and California, closing with views made in Hawaii during her visit with her son and family.

Mrs. J. M. Cooper introduced Mrs. Taylor and Mrs. Cross at the annual Las Leales dessert party at the Woman's Club.

Hostesses, Mmes. J. M. Cooper, T. E. Richardson, and James Young, served coffee, salted pecans and pumpkin pie topped with whipped cream to members seated at tables centered with autumn leaves and fruits, berries and autumn leaves. White candles burned on either side of a white cornucopia of gold and white chrysanthemums on the piano and a gold basket of mums centered the white table near the entrance. Additional arrangements of fall flowers completed the decor.

Members present were Mmes. Anna Grace Bumpass, Wayne Caton, J. M. Cooper, Opal Cross, Maurice Dry, D. E. Frazer, J. T. Gregory, H. L. Hassell, D. L. Kinnaird Jr., W. A. Leslie, T. E. Richardson, Carrol Shelton, Homer Smith, Thura Taylor, J. C. Whaley, James Horton and Misses Gladys Green and Verna Johnson.

Mrs. Joseph M. Perkins To Address Fort Worth Clubs

Mrs. Perkins is the mother of the city federation's president, Mrs. C. Keith Beyette.

Mrs. R. D. Evans, education department chairman of the Fort Worth federation, will be the program director.

THE UNTIMELY passing of Mr. Sam Rayburn last week brought to mind a visit we made to Washington, D. C., a couple of years ago. It was our privilege to attend a banquet for University of Texas Ex-Students at the Press Club there. And the program featured an outstanding award presentation to Mr. Rayburn by Mr. Lyndon Johnson. Just about every famous Texan in Washington was there and, as you can imagine, we were all eyes and ears.

And the next day, Congressman Omar Burleson invited us to a luncheon of the Texas delegation of senators and representatives. We met Mr. Sam and he looked straight into our eyes and he said: "So you're a country editor in Texas. . . I hope you're a good one. Texas needs good country editors."

We resolved right there and then to try a little harder every day to be a better country editor.

ALL OF WHICH calls to mind a letter in the mail the other day from a Fort Worth fellow who frequently offers helpful suggestions about this and that. Quote he:

"It seems to me a country editor must be hard put to write editorials in this day and age. He could, of course, expand a bit now and then on the desirability of teaching character to the young. But his readership is split so evenly on states' rights vs. strong central government (or as Newsweek would interpret it, on Republican vs. Democrat principles) that he has to risk offending a very great segment of them if he takes a strong stand against everything except Communism."

"I confess I do not know the answer. Maybe a country editor ought to write an editorial now and then on the hard choices facing country editors."

In our experience, the biggest reason that country editors don't write very many editorials (as a general rule) is that they don't have the time. Frequently, the editor doubles as an advertising man, proof reader, type setter and makeup man.

But you won't find many country editors who aren't happy in their work and who wish very much that they had more than 24 hours a day to devote being a better editor.

WE ARE VERY grateful to the Boy Scouts of this district for a handsome certificate of appreciation for support giving their movement. This is appreciated but a newspaper is supposed to support the Boy Scouts, the Girl Scouts and all other organizations in town.

YOU CAN NOW pay your 1962 poll tax. Everybody between 21 and 60 years of age who resided in Texas on January 1, 1961, must pay their poll tax before January 31, 1962, in order to vote in the city, school, county, state and national elections.

Poll taxes are \$1.75 each and may be purchased at the county tax assessor's office. After January 1, sub-stations will probably be opened in Cisco and Ranger like in the past years.

Exempt from paying poll taxes are people who became 60 years of age prior to January 1, 1961. You don't have to get an exemption if you live in a town of less than 10,000 people, which you do.

There will be several elections next year. Besides the regular city and school voting, there will be several county offices to be filled. Also, the state elections will be held.

Poll tax holders will get their money's worth in 1962. Better get yours and be ready.

MR. RIP GALLOWAY called from Ranger to report that things are moving along nicely for the annual Eastland County Pecan Show there next month. He advises that Mr. J. M. Cooper, the county agent, will drop by the local Chamber of Commerce office from time to time to pick up entries of pecans in the show.

Fill up a quart fruit jar or a pound size coffee can and you'll have enough pecans to enter the show. They're always glad to have as many people as possible to enter. If you own

one tree and it produced a pound of nuts, you're eligible to enter the show.

Mr. Galloway reports that everything points to a successful show again this year.

LUNCHBOX SHORTCUT
Prepare a batch of sandwiches at one time and freeze them for use in lunchboxes later on. You could do a week's supply of sandwiches, and they would be ready for quick insertion into both father's and children's lunchboxes.

Take them from the freezer in the early morning, and they will be ready to eat by lunchtime. Remember that hard cooked egg white, raw vegetables and mayonnaise do not freeze well.

QUICK 'N' EASY
Festive Egg Nog Punch
1 quart cold egg nog
2 cups chilled orange juice
1/4 cup lemon juice
1 7-ounce bottle carbonated lemon-lime beverage
1/2 cup whipped cream
Mix egg nog, orange and lemon juice. Put scoops of ice cream in punch bowl. Pour lemon-lime beverage over ice cream. Stir in egg nog mixture and top with whipped cream. Yield: 20 servings.

Thoughts for Thanksgiving

By BENNY HAGAN
OLDEN BAPTIST CHURCH

Today many people will pause and give thanks to God for His many blessings.

But do we realize why we should be thankful? The object of this article, "Why We Should Be Thankful," is written to answer the question, "Why are we thankful?"

Some have a false attitude of thankfulness. For example, a man could be grateful for his good health, but go fishing on Sunday morning instead of going to church. There are many illustrations of this false sense of

thanksgiving today. Are we thankful for what we have so we can use it selfishly for our own good? If so this is the wrong motive. I believe the Psalmist in Psalm 100 gives us the answer to why we should be thankful.

"Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness: come before his presence with singing. Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name. For the Lord he is good: his mercy is everlasting; and his truth endureth to all generations." (Psalm 100)

From this Psalm we gather several reasons about why we should be thankful. First we should be thankful because God, and not man, is the giver of every good gift. James 1:17 says: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning." You and I would have nothing good had it not been for God. The very air which we breathe, the shelter and clothing we have, our health, together with many more blessings, come from God. We would indeed be paupers if we depended on man for our blessings.

Secondly, we should be thankful because we can bless God with returns from His gifts. By blessing God with the gifts He has given us, we can prove our thankfulness. We can praise His name in word and deed for His blessings. We can serve Him with gladness and come before His presence with singing. We can extend His blessings to others by "doing unto them as we would have them do unto us."

Thirdly, we should be thankful that as Christians, we are His people. The greatest blessing of all is the everlasting mercy of God. Jesus Christ is the expression of this great mercy. On this coming Thanksgiving day may we, with our whole being, give true thanks unto God for every expression of His love toward us.

"Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name."

Eastlanders Urged To Share Holidays With The Retarded

Families gather together at Thanksgiving—and in the very gathering, there is renewal and strength. There is remembering—and rejoicing. There is laughter, there is love. There is joy—and there is peace.

For thousands of the mentally retarded who reside in State hospitals and special schools, there are no families with whom to share the holiday season.

But they do have friends, real friends, who help make this special season one of joy and excitement, and we in Eastland can be a big part of them.

We have an invitation to participate in helping make Christmas as happy for the state's "former children" as we make it for our own children.

With the opening of the deer season, we who hunt may help by donating deer hides for use in occupational therapy and arts and crafts work.

No money changes hands after donations. L. M. Rathbone for years has donated the curing and storage of these hides and their preparation for shipment to the tannery. Some of the hides are exchanged for the tanning costs. Transportation for the hides is provided without charge by most of the motor freight lines when enclosed directions are followed.

The patients and students derive both pleasure and actual benefit from working with the leather. More than 2500 hides were donated last year by Texas hunters.

You may have a part in help-

ing the children individually or through your club or organization by sending gifts or cash donations to the school or hospital nearest you. The closest to Eastland is the Abilene State School, Box 451.

If you send gifts, you should have the gifts unwrapped to the school by December 9th in order that correct presents for each of the children may be selected.

If money is sent, it is suggested that it be sent by check or money order. If you send money to the Abilene State School, make yours payable to Abilene State School Volunteer Council, Box 451, Abilene, Texas in care of Mrs. Stanley Smith.

Happy Holidays to you and to those you hold dear. And may our land continue to be blessed—through its families—through its volunteers—YOU.

TO THE HUNTER: How to

1. salt hide and allow to drain.
2. package hide and mark it "Charity".

3. address to: Austin Taxidermist Studio, 2708 South Lamar, Austin, Texas.

4. most Texas freight lines will haul hides without charge.

The hides are tanned and the leather is distributed to the Texas State mental and tuberculosis hospitals and schools for the retarded where it becomes a part of the recovery program.

Residents learn to make useful products from which they earn, in money and self-esteem. For this, they say, THANKS.

2 Indians Due Credit For Thanksgiving

Two Indians with an English accent deserve much of the credit for the first Thanksgiving in America.

They taught the Plymouth colonist how to make a home in the New World and helped them establish a peace that lasted for more than 50 years.

The first to approach the colonists, reports World Book Encyclopedia, was Samoset, a chief of the Pemaquid Indians. He walked into the colony one day in March, 1621, and unsettled the settlers by addressing them in English. Samoset, it turned out, had earlier met some English fishermen along the coast of Maine and learned some of the language from them.

Two weeks later Samoset dropped in with his friend Squanto, a well-traveled brave of the Pawtuxet tribe. Squanto had been to England twice, once after having been kidnapped and sold as a slave in Spain by an English sea captain. He had returned to America in 1619.

Samoset introduced the colonist to Massasoit, chief of the Plymouth area. With Squanto acting as interpreter, the chief and the Pilgrims concluded a treaty of friendship that lasted until Massasoit died in 1661.

Meanwhile Squanto went to live with the colonist, teaching them how to plant corn, pumpkin and beans and showing them where to fish.

That year the Pilgrims had a bountiful harvest and Governor William Bradford declared the celebration that became the first Thanksgiving.

MISS PATRICIA HALLIDAY
... engagement announced

Halliday-Greer Wedding is Set For December 31st in Abilene

The engagement has been announced of Miss Sadie Patricia Halliday of Abilene, daughter of the late Mr. Thomas Halliday and Mrs. Halliday, formerly of Ran-

ger, to Jerald Robert Greer, son of Mr. and Mrs. H. Greer of Abilene.

The wedding will take place at 3:15 in the chapel of the Church of Christ in Abilene.

Plentiful Food For December Listed by USDA

Cooking, baking and festive eating get into high gear in December. It's a month for entertaining lavishly, at times, and informally on many occasions.

Thirteen versatile foods suited to either big dinners of quick snacks are listed on the U. S. December list of plentiful foods. By using them extensively, Texas homemakers can serve tasty, attractive meals that reflect joys of the season, suggests the Texas Agricultural Extension Service.

A perfect Yuletide trio - turkey, cranberries and broiler-fryers - share top billing on the December list. Also to be available all month in abundance are pork, apples, fresh grapefruit, pecans, almonds, honey, vegetable fats and oils, peanuts and peanut products, pinto beans and rice.

The supply of each exceeds normal trade needs. Producers, processors and distributors will do everything they can to encourage full use of the abundance. Plentiful foods usually are more economical than items in tight supply.

Take turkeys and broiler-fryers for example. This year's turkey crop of 107 million birds is the largest on record - 26 percent more than a year ago. And prices on live turkeys have been at near-record lows. The same is true with broiler-fryers. Marketings are running 7 percent more than a year ago. Storage holdings in September were 40 percent higher. And prices paid to producers in mid-September hit a record low.

of three were mounting. Just about every eye fell on an ob ject known in G.I. lingo as a "butt" can. (A gallon can, half-filled with water, into which eagle butts are to be thrown as a safety precaution.)

The Eastland Countians looked from one to the other and at the can. We all dashed for it with renewed strength and found that it was fresh. No one had tossed a butt in it since fresh water had been put in.

The can was passed from lip to lip, and in the doing, comradeship grew which carried the whole lot through the day, the week, the training and the years of active duty.

The thanks is for the training, that others have been willing to serve when needed. They're still doing it. Several left our county yesterday - the very day before Thanksgiving. We are thankful for those who do what must be done when the need exists. It might be that this is the American spirit—and for it, thanks are due.

We here are the Telegram are thankful for the wonderful way you've welcomed us into your homes each Thursday and Sunday. We are thankful and will attempt to express our thanks by constantly serving this city and this county in every way we can.

300 Persons Present For The Cornelius' Open House Sunday

Approximately 300 guests attended open house Sunday at the new home of Mr. and Mrs. Victor Cornelius, 1906 Blair St. in Hillcrest.

Guests, who called between the hours of 2:30 and 5:30 p.m., were greeted by Mr. and Mrs. Cornelius, their two daughters, Mrs. Charles Meeks of Roswell, N. M., and Mrs. Jack Germany of Eastland, and Mr. Germany.

The home, which has 3600 square feet of living area and 4400 square feet of covered area, has a living room with dining area, den, large kitchen with contemporary-style, walnut-finished cabinets, a powder room, and three bedrooms, each with a bath.

Beige nylon carpeting covers foyer, living room, and bedroom floors. Predominating colors in the living room. A large arrangement of Bird of Paradise flowers decorated the dining table.

After viewing the home, guests were served refreshments in the den of the home, where floor-length windows and sliding glass doors provided a view of the countryside to the south of the home. A wood fire in the stone fireplace added warmth. An aqua, blue and orchid area rug on the cork floor repeated drapery colors in the birch-paneled room.

A folding door which closes a pass-through into the kitchen is made of translucent plastic in which are encased colorful butterflies and leaves. This was the background for the refreshment table where greenery and red Pyramanth berries carried out the autumn theme.

Silver trays of assorted holiday cookies, stuffed dates, and cheese tidbits centered the cherrywood table. A silver coffee service at one end of the table and a crystal punch bowl at the other gave guests a choice of the two beverages.
