County Joins Fight Against Exorbitant Insurance Rates

The Commissioners Court of Aransas County unanimously adopted the following Resolution at a meeting of the Commissioners Court, attended by all Commissioners, held in the County Courthouse of Aransas County at Rockport on April 10:

RESOLVED that this Court sincerely appreciates the decision of the Texas Board of In-

urance Commissioners to hold a public hearing in the City of Rockport, Texas for the purpose of hearing evidence and testimony from residents of this County relative to their inability to obtain windstorm and hurricane insurance coverages at affordable rates.

It is the determination of this body that assignment of windstorm coverage to the so-called high risk pool operated and dominated by the casualty insurance industry is arbitrary and discriminatory. We deem there is no relevancy between windstorm risk and elevation; and we further believe there is no substantial degree of relevancy with respect to proximity to water and risk of windstorm damage. Hurricane Celia demonstrated the foregoing conclusively in that waterfront properties were, in some cases, severely damaged and in other cases sustained negligible damage. The same result obtained as to inland properties. We are of the opinion that there is a direct relationship between quality of construction and damages sustained by properties from hurricane winds. Premium rates determined by criteria of resistance of structures to wind damage is realistic and equitable, whereas present criteria used in fixing windstorm premium rates are unrealistic and preposterous.

We pledge our cooperation to the Board in organizing and presenting testimony and evidence in an orderly manner, and by this Resolution we request the residents of our County to cooperate in achieving such results by reducing to writing their problems and grievances arising out of inability to obtain windstorm insurance coverage, or attributable to availability of windstorm insurance coverages but only at prohibitive premium rates.

B&PW Scholarship Raised to \$500

At the last board meeting of the Business and Professional Women's Club it was announced that the club's scholarship for a deserving high school senior will be increased this year to \$500.

This was made possible by the generous support shown by local people for the style show sponsored by the B&PW. The club hopes to award a \$500 scholarship annually from now on.

The 50th member, Mrs. Corrine Crabb, was voted in recently by the club. A meeting will be held April 24 in the home of Mrs. Deane Steele to honor all new members taken in this year.

The slate of officers for the coming year include Mrs. Penny Baldwin, president; Mrs. Loyce Ogle, vice president; Mrs. Kitty Theodore, secretary; Mrs. Gwyn Howland, treasurer; and Mrs. Dorothy Morrison, recording secretary.

Black Ink Left Over In County Budget

Aransas County expenses for the 1971 calendar year were \$178,428 under receipts, the report of acting auditor Mary A. Deane shows.

Revenues from all sources totaled \$1,067,650 for the year, while expenses were \$889,222. Fund balances increased from \$388,352 on Jan. 1, 1971, to \$566,780 on Jan. 1, 1972. Included in these balances are \$165,657 in the airport fund and \$275,012 in taxes collected during the last four months of 1971 and held in escrow for distribution to various funds after Jan. 1, 1972.

Receipts and disbursements of major funds during the year were: General, \$331,532, \$335,790; road and bridge, \$274,053, \$256,241; road and bridge equipment, \$15,233, \$23,094; mosquito control, \$20,349, \$16,817; airport, \$44,476, \$91,416; library, \$7,171, \$10,022, and Hurricane Celia disaster, \$63,774, \$104,650.

The county's outstanding debt at the end of last year was \$73,824, consisting of \$27,000 in general fund time warrants and \$46,824 in road and bridge time warrants.

The general fund warrants were issued for revisions to the courthouse air conditioner and \$30,000 of the funds from the road and bridge warrants financed the re-designing the repairing of the Key Allegro bridge.

Recount Declares Zambrano Winner

Joe "Pepe" Zambrano is now the official winner of his race against Joe Lister for election as alderman from Ward 1. In the election on April 1, Zambrano received 78 votes and Lister 77. Lister requested a recount and his request was granted by the City Council.

A recount committee consisting of Mrs. Bob Mosier, Mrs. Tom Rogers and Mrs. Joe Valdez, appointed by the Council, recounted the votes on April 5. Their recount gave Zambrano an additional vote, which made the final tally 79 to 77 in favor of Zambrano.

The City Council, meeting April 6 as a canvassing board, approved the recount and declared Zambrano the winner.

County News

Aransas County Commissioners on Monday canvassed the election returns of the April 1 election of Milton Harrell and W. D. Heldenfels, unopposed candidates for county school trustees.

The Commissioners also received the following fee reports for March: District Clerk "Tony" Harden, \$316.80; Sheriff Bob Hewes, \$358.75; and County Clerk Ruby Hart, \$1,851.50.

Man Killed In Auto Accident

A Victoria man was killed and his wife was injured Sunday when the man apparently suffered a heart attack and their auto ran off the road, the Highway Patrol said.

Killed was Berthold Gaubatz, 61, officers said. Injured was Mrs. Joanna Gaubatz, 62. She was admitted to DeTar Hospital in Victoria with back injuries. She was described as in fair condition.

The Highway Patrol said the Gaubatz auto was traveling north on Texas 35 north of Rockport when it ran off the road into a ditch.

A native of Gollad, Gaubatz was a general contractor. He was a deacon of the Trinity Lutheran Church in Victoria.

Funeral services were held Tuesday in the Trinity Lutheran Church. Burial was in Memory Gardens Cemetery under the direction of Colonial Funeral Home.

A prayer service was held at 7 p.m. Monday in the funeral home chapel.

Among survivors is a brother, Mathis Gaubatz, of Corpus Christi.

Also surviving besides his wife are a daughter, Mrs. Lee Roy Berdine of Telfer; two sons, Robert Gaubatz of Hitchcock and Jimmy Gaubatz of Dallas; two other brothers, Albert Gaubatz of Houston and Reinhold Gaubatz of Wharton; and five grandchildren.

Sen. Schwartz to Moderate Insurance Hearing Monday

Property owners in the Rockport-Aransas County area will have an opportunity to voice their complaints against what are considered discriminatory rules regarding availability and excessive cost of windstorm insurance protection at a public hearing next Monday, April 17, at 9:30 a.m. in the V.F.W. Hall.

The hearing will be conducted by the three-member Texas State Board of Insurance and is designed to give board members

a first-hand view of the insurance situation in this area resulting from rules governing operation of the so-called windstorm catastrophe "pool." The pool was set up by state law to provide coverage for the Texas coastal area following Hurricane Celia.

In preparation for the hearing, a local committee representing Aransas County and Rockport officials as well as other business, professional and civic leaders has been set

up. This committee has prepared and is distributing suggested resolutions to be passed by various local organizations and petitions to be circulated by individuals asking relief from present unfair windstorm insurance regulations. In addition, individuals are asked to list their specific insurance problems on prepared forms for presentation to the insurance board. All this material is available at the Rockport city hall.

While many of the resolutions and petitions have been completed, the committee is urging more organizations and individuals to make use of this material, as well as the forms on individual problems. It was pointed out that a mass response on this basis will impress the insurance board with the importance of the problem to the residents of this area.

The state board has authority to change rules under which windstorm insurance coverage is available.

It was explained that rules governing the so-called "pool" which are considered most dis-

C of C May Hire Professional Mgr.

At the Chamber of Commerce board meeting Tuesday noon at Key Allegro Hotel Restaurant the directors discussed the possibility of employing a professional manager.

Ed Harper, president, pointed out that an experienced man in another Texas city is interested in the position and has stipulated his salary requirements. Harper said the man is well qualified and has excellent background in this type of work.

The board voted to invite the gentleman to come to Rockport in the near future, next week if possible, to meet all the directors and explore the possibility of his coming to work here.

Joe Lister, president of the Rockport-Fulton Tourist Association, said he was confident that this organization would be glad to assist the chamber in providing the necessary funds to employ the professional manager.

In another action, Harper appointed Carl Duckworth as a director of the Chamber of Commerce to serve out the unexpired one-year term of R. L. Eckman, immediate past president, who resigned from the board.

The Chamber directors joined other local organizations in passing a resolution protesting the present exorbitant windstorm insurance rates and demanding alleviation.

Present at the board meeting were Harper, Sam Wilcox, L. E. Casterline, Duckworth, Lister, John Kinsey, Murray McMillan, John P. Mitchell, Jr., Loyce Landrum, Louise Brislin, Glen Wagner, Mrs. Denver "Corky" Agler, Gordon Stanley, Frank Randt and Raymond Owens.

Aransas Marine Ways Expanding

Expansion and new construction of Aransas Marine Ways, Inc., located on Allen Blvd., Conn Brown Harbor, was revealed this week by Eddie Gilden, owner.

With marine work a specialty, the firm is equipped to do all types of machine work and the installation of a complete machine shop is already in operation.

Gilden said the new machine shop includes a new lathe and radial drill, lathe and shaper and milling machines.

Ed Morningstar is the head machinist and Eddie Gilden, Jr., is his assistant.

Gilden said the water way from the Rockport channel straight into Aransas Marine Ways, Inc. has been dredged down to 14-feet.

He also said construction will begin soon on a 2,000-ton ways which will be capable of handling a 200-foot barge, 55-feet wide.

Horse Show On April 16

The Aransas County Riding Association will hold a Spring Horse Show April 16, starting time 10 a.m. There will be 29 events, with first places receiving 50 pounds of feed and rosettes, and grand prizes of High Point Rider receiving 1,000 pounds of feed and High Point Horse receiving 1,000 pounds of feed.

Events include 1971 registered fillies, colts and 1971 grade colts, 1969 and 1970 registered stallions, registered mares and registered geldings. 1969 and 1970 grade mares, geldings and 1968 and before registered stallions, registered mares, and registered geldings, 1968 and before grade mares, and grade geldings.

There will be a tiny tot halter class for children 8 years and younger. Riding events include Jr. and Sr. Western Pleasure, Jr. and Sr. Reining, Jr. and Sr. Trail Class, open poles, open figure 8 barrels, open clover leaf barrels, stump race, and key hold race.

Jrs. are 14 years and under, Sr. 15 years and over. All events are \$2.00 except Tiny Tot, which is \$1.00. Papers are required on registered horses. Three roping events are break-away, ribbon roping and tie down roping. Roping events are \$3.00.

Contestants must register before 10:00 a.m. April 16. The arena is located on Highway 35 North.

Lions Club Elects Officers

The Rockport Lions Club has elected the following officers for the 1972-73 term:

Yoakum man killed, 5 others injured in collision

YOAKUM MAN KILLED NEAR ROCKPORT

... driver of above car was dead at the scene

(Photos by David Wheeler Photo Service)

One person was killed and five others were injured in a near head-on collision about 11 a.m. Thursday, April 6, a little more than a mile south of Rockport on Texas 35. Three persons miraculously escaped serious injury when their car was sheared in half in the smashup.

Raymond Boysen, 77, of Yoakum, one of the drivers, was pronounced dead at the scene by Rockport Justice of the Peace Lawrence Miller.

Boysen's 73-year-old wife Clara and their daughter, Mrs. Doris Gardner, 49, of Suffield, Conn., were taken by ambulance to Memorial Medical Center in Corpus Christi.

A spokesman at Memorial said Mrs. Gardner was in fair condition with a fractured hip and Mrs. Boysen's condition was undetermined. She suffered facial injuries, the spokesman said.

The driver of the other car,

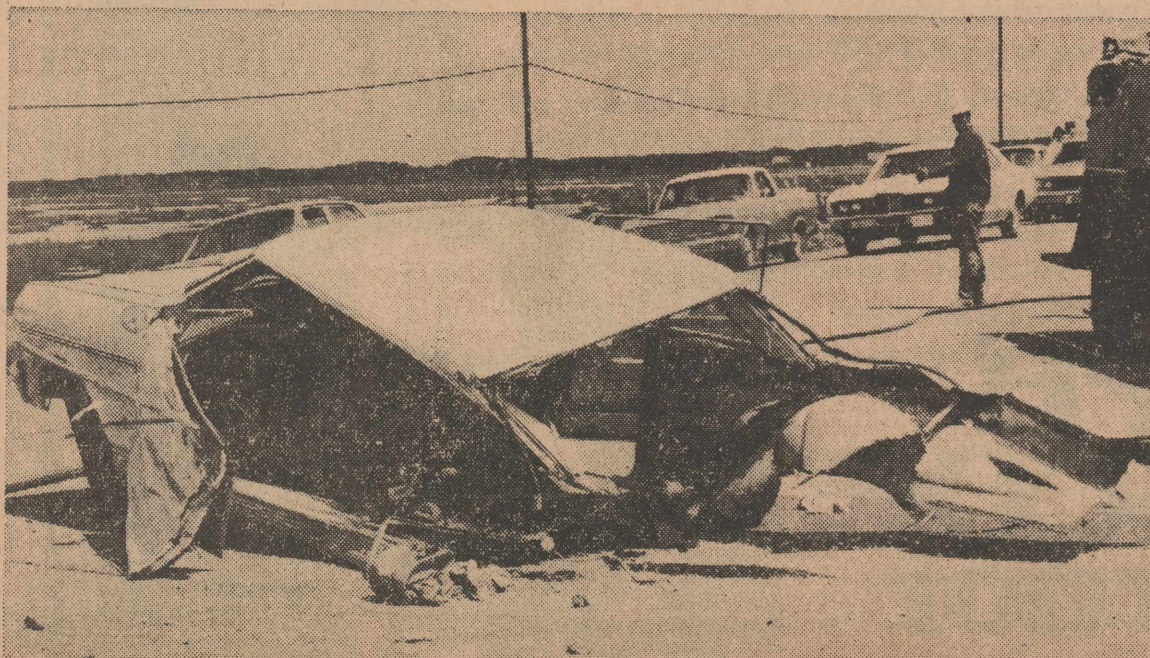

James Edward Collins, 31, and his two passengers, Darlene Lawson, 27, and Melva Lawson, 3, all of Aransas Pass, were taken to a hospital where they were treated and dismissed, according to the Highway Patrol.

Boysen's car was headed south on Texas 35 and Collins' car was moving north when they collided.

Highway patrolman Ed Lacy reported that Collins was in the process of passing another vehicle when the accident occurred. Collins' car was sheared in half. Lacy quoted

Collins as saying that he had been thrown out of the car during the collision.

Lacy, who was assisted in investigating the accident by highway patrolman Richard Brush and members of the Aransas County Sheriff's Office, said the front and back section of Collins' vehicle were found about 18 feet apart.

County Passes Welfare Resolution

Aransas County Commissioners Court on Monday passed the following resolution with regard to increasing welfare costs:

WHEREAS, the counties of the State of Texas are being called on for significant additional welfare costs; and

WHEREAS, the citizens individually and in groups are demanding more and more services from their county governments; and

WHEREAS, three (3) years ago the State of Texas Ad Valorem taxes were reduced at the rate of five cents (5¢) per year as a result of a Constitutional Amendment voted on favorably by the people of Texas; and

WHEREAS, the fees of county officers have been held relatively static by the Legislature, actually being reduced in some instances with the result that there is less revenue for counties; and

WHEREAS, there is no way for counties to increase revenue except through increases in ad valorem tax values; and

WHEREAS, in general, property in Texas is being taxed to the breaking point of the owner's ability to pay; and

WHEREAS, the financial situation in most Texas counties is such that an emergency exists.

NOW, THEREFORE, Be It Resolved by the Commissioners' Court of Aransas County, Texas that a Constitutional Amendment be offered to the people of Texas which would permit the County Commissioners' Courts at their option based on the financial needs of the county to add to the eighty cents (80¢) constitutional tax levy for counties the five cents (5¢) per year decrease in State taxes that has been achieved plus the additional five cents (5¢) per year decreases as they occur.

BE IT FURTHER RESOLVED that the Governor of the State of Texas place this matter on the agenda for consideration by The Texas Legislature.

crimnatory are those which specify that the "beach" or so-called high hazard area is measured 2,500 feet to the west from coastal bay waters, whereas it should be measured from the Gulf of Mexico coast because barrier islands and bays provide effective protection in this area.

Another rule considered discriminatory puts all property within the 2,500-foot zone in the "pool" category with windstorm rates three times the manual or normal rate unless its elevation is at least 20 feet above mean sea level or is behind a seawall. It was pointed out that in all this area in Aransas County there is only one small spot which meets the 20-foot elevation requirement, and there is no seawall. All of the business areas of Rockport and Fulton, as well as most of the residential sections

fall within the high-rate "pool" area.

In preparation for the hearing at the courthouse next Monday, the committee has urged that those who appear as individuals or present petitions do so with a reasonable attitude, not one of antagonism toward the insurance board. It was pointed out that scheduling a public hearing in Rockport was an indication of concern about the problems of this area by the board.

State Senator A. R. Schwartz of Galveston will be moderator of the hearing next Monday. He has been a leader in the campaign to get adequate windstorm insurance coverage for the coastal area at reasonable rates since Hurricane Cella.

Larry Teaver, chairman of the Texas Board of Insurance will conduct the Rockport hearing in person with the two other members of the board, Ned Price and Durwood Danford also participating.

The local committee hopes that the courtroom will be filled to capacity with concerned property owners.

Rotarians Hear Investment Talk

Advantages of mutual funds and tax-free municipal bonds for investment were discussed by Sam Frech, account executive with the investment firm of Merrill, Lynch Pierce, Fenner and Smith in Corpus Christi April 5 at a Rotary Club luncheon at Corky's Restaurant.

Subject of his talk was "Leisure, Past, Present and Future" in which he stressed the fact that leisure time available to employed people today is much greater than it was only a few years ago.

He contrasted the long hours of work required of our grandparents who often worked seven days a week to today's five-day week with longer week-ends and vacations.

On the basis of this situation, he called attention to the fact that many firms involved in production of leisure-time products have been enjoying increased profits and greater demand for their securities.

As to mutual funds, he pointed

out that this form of investment provides an opportunity for investors to share in the results of a number of firms, thus avoiding the "all-your-eggs-in-one basket" situation. He explained that the income tax situation often made it desirable to buy low income municipal bonds in preference to stocks or bonds returning a higher rate.

"Let's Hold the Line on Taxes and Spending"

"No, I don't support a state income tax. There are too many ways to save money in government available to us. We can get more for our money than we're getting now, and do more with the tax dollar than we're doing now, so it's not necessary to place additional tax burdens on our people yet. We just have to stop the waste."

THOUGHTS WHILE SHAVING

What a day we live in when the local chairman of the Democratic Party backs the incumbent County Attorney and furthermore pays for the Political Ad prior to the May 6th primary election, when the Democrats, thru the voters will pick their choice for this position. It is also surprising that an active Republican, William H. Bloch, who incidentally is no longer actively practicing law in Aransas County, but is active in his real estate holdings, also backs the incumbent. Mr. Bloch and members of his family have long been active in the Republican Party politics.

Of course all voters want their monies worth for the taxes they pay, the question comes to my mind that we are NOT getting our monies worth with the present County Attorney, who has been in office for about 12 years. I feel it is time for a change. Back DAVID MCCARTHY, in the upcoming primary and lets have some fresh air in this office. DAVID MCCARTHY, on his own initiative will fulfill the duties of this office and NOT just sit around and fill out hot check complaints and prosecute a few drunk drivers.

On page 17 of the "Rockport Pilot", issue of March 30, 1972, Mr. J. David McCarthy candidate for County Attorney, ran a large political ad. In said political ad, Mr. McCarthy uses the name of Sylvestre C. Gonzales rather frequently. We in LULAC have traditionally supported law and order and certainly agree that our streets should be made safe for our children. However, we strongly condemn Mr. McCarthy for using the Gonzales name and family for political purposes.

Mr. Gonzales was charged with an offense, he was tried by a jury, and found guilty. That should have ended the case right there. There are many other individuals who have committed other serious crimes who have received less punishment than has Mr. Gonzales. We therefore object to Mr. McCarthy's tactics.

Our organization is not taking sides in this election as we are a non-political group. However, we feel it is imperative that the candidates be aware that we are interested in the issues and not in personalities. Hopefully, Mr. McCarthy and all other candidates will refrain from dealing in personalities.

Navigation Dist. Holds Meeting

The Board of Navigation and Canal Commissioners met April 4, with Chairman Richard J. Fox presiding. Present were Commissioners David Maguglin, R. W. Landrum, Wm. M. Brown, Jr., and F. M. Rouquette; Attorney Ellis L. Clark and Harbor Master B. C. DeForest. Visitors were Mrs. Estelle Stair and Carl Duckworth, Sr.

Minutes of the March 7 regular meeting were read and approved. Treasurer's report was reviewed and placed on file. Monthly bills were approved and checks signed.

Mr. Duckworth, president of Rockport Art Association presented plans for the association's annual art show, scheduled for July 2 and 3 of this year. Commissioner Landrum made motion, seconded by Commissioner Maguglin, that permission be granted for use of Navigation District property for the art exhibit. Since sale of alcoholic beverages is unlawful on District property, the association plans to get permission from City of Rockport to rope off section of Austin street adjacent to Navigation District park, for purpose of setting-up food and beverage concessions.

Mr. Duckworth and Mrs. Stair also discussed the art association's plans for a permanent building to be used for classes, exhibits, and which could also serve as headquarters for bird watchers. They suggested a choice location would be park area belonging to the District, adjacent to Highway 35, north of Wee Put Golf Course. The Board explained that this area has been proposed as location for convention center in the City of Rockport's long range plans. Consideration of request by art association was tabled.

It was noted that as a result of recent meeting of residents of this area with State Senator A. R. Schwartz of Galveston and Representative Leroy J. Wieting of Portland on the windstorm insurance problem, the Texas State Board of Insurance has agreed to hold a public hearing in Rockport April 17. Resolution was unanimously adopted by Board of Navigation and Canal Commissioners, beseeching the Texas Board of Insurance Commissioners to establish for residents of Aransas County fair and equitable and reasonable windstorm insurance premium rates that are relevant to the risk assumed by the insurer,

rather than being of a penalizing nature solely by reason of the Rockport area of the Texas Gulf Coast having been singled out by Hurricane Celia as the

place at which she would make her landfall.

Commissioner Brown outlined plans for preparing drawings of proposed harbor and channel improvements, which he will use in briefings before various local organizations. He was authorized to purchase necessary materials,

Fulton Fire Dept. Auxiliary Meets

The Ladies Auxiliary Fulton Fire Department held its regular meeting Monday in the Fire Station.
Fire Chief Harold Koert talked about the new emergency truck the department is buying, and gave a report on the amount of money now on hand. He explained that the money was enough for the truck, but the department needed more for new equipment. It was agreed that the Auxiliary help get donations for the new equipment.

Sue Koert gave a report on the District Convention held Sunday in Sinton.

Those present at the Monday meeting were Mrs. Harold Oakman, Mrs. Richard Kulp, Mrs. Pat Loflin, Mrs. Frances McCullough, Hettie Weber, Mrs. Bob McGinnis and Mrs. Harold Koert.

P.T.L. Meets

The Parent & Teachers League held a general meeting at the Rockport Elementary School Tuesday evening to elect new members of their board of directors and hear reports from their resolutions committees.
Elected to the P.T.L. board of directors were teachers Gertrude Ramirez and Sophie Perkins and parents, Patty McMillan and Mrs. Elmer Redden. These new board members will replace Patricia Oliver, Matty Beth Gilley, Jane Rossman, and Elva Ramirez whose terms expire at the end of this school term.

The group heard reports from the various resolution committees that added up to a nearly 100% completion of the organization's first year objectives. The school has been painted and dirt has been located to fill the playground (pending a little drying out.)

Air conditioning equipment has been ordered for the school library and should be installed soon. This equipment will be paid for with funds raised by the P.T.L. rummage sale plus some private and civic group donations.

The art program being co-sponsored by the P.T.L. and the Rockport Art Association was highly praised by the teachers present at the meeting. This program is still going on.

Volunteers

Some people like to play ostrich when it comes to cancer and pretend that it can't happen to them. Unfortunately it can, but fortunately, there are some people in our community who will face the reality and try to help. These are the volunteers in the American Cancer Society's Service to the Cancer Patient Program. Their motto is "Please Call Us," and our town and every town needs more of them.

What do these volunteers do that's so important? The list is long; they may provide information and counseling for sorely beset families; they may chauffeur patients to treatment centers; they may stock and lend needed sickroom equipment and in some special cases, a volunteer who has been saved from cancer may be asked to help rehabilitate a new patient.

Won't you take the time to make the effort to join this important work. Your American Cancer Society needs you because you are a warm understanding human being -- not an ostrich. The telephone number is 729-7259.

Local Boys Win Tennis Doubles

ROBERT SCHENDEL

CRAIG THORNTON

Robert Schendel and Craig Thornton won the Senior boys doubles in the District 30-AA Tennis competition that was held in Corpus Christi last Friday and Saturday. This win gives them the right to compete in Regional competition that is scheduled to take place on Friday, April 21, and Saturday April 22.

Thornton and Schendel were never in any real danger of losing and should show well in regional competition. Brad Little also finished

strong taking second place in boys singles.

Gary Kleypas and Mike McCaskey advanced to the semi-finals before bowing out to an extremely strong Woodsboro team.

Sandy Little and Martha Bullman received first place in the junior classification doubles competition.

Rockport-Fulton finished third in total team points.

Van Calvin is the boys' tennis coach and Miss Susan Hartzell is the girls' tennis coach.

Fix-It Tip

Once a fancy picture frame has been cleaned, you can properly determine if any refinishing is needed. Generally, a touching-up will take care of blemishes and scratches. Use a color stain in a matching color for any wood frame. Use a fine brush or cotton swab and put on only as much as needed.

Painted frames can be touched up in the same way, using the proper color of paint. A fine brush dipped in gold paint will take care of scratches on a frame finished in gold leaf.

Income From Foreign Sources Is Taxable

The IRS issued a special tax reminder to U. S. citizens and resident aliens regarding income from foreign investments and business interests.

R. L. Phinney, District Director of Internal Revenue for southern Texas, said that income derived from Mexico and other foreign countries in the nature of interest on savings, dividends, business operations, rents, gambling winnings, lottery winnings, smuggling, and other sources, whether legal or illegal, is reportable income and is therefore subject to United States income tax.

"It is the taxpayer's responsibility to see that accurate records are kept so that such income will be included in his tax return," Phinney said. "To do otherwise is a violation of the income tax law."

Phinney stated that U. S. citizens and resident aliens who are involved in these business activities, and who have questions about their tax obligations, should contact their nearest IRS office for information.

SOUTH CENTRAL FIREMEN MEET

Members of the Rockport Firemen's Auxiliary attended the South Central District Firemen's meeting, April 9 at the Sinton High School in Sinton. The following won door prizes at the District business meeting: Lois Gurley, Mona McNutt, Teet Mullinax and Gwyn Howland.

Dorris Hill was nominated and elected by acclamation to fill the unexpired position as Parliamentarian of the District Women's Auxiliary. Marjorie Smith of Kingsville was appointed by Peggy Hunt to represent the South Central District Auxiliary at the State Convention in June at Galveston.

The racing team won second place of a time of 38.0. Those racing were Judy Johnson and Peggy Hunt on "Hard Suction," Dorris Hill and Lois Gurley were on "Breakdown" and Ivalia Hlnze and Joan Truelove were on "Run Out."

Those attending the convention from the Firemen's Auxiliary other than the racing team were: Sarah Belle Smith, Mona McNutt, Teet Mullinax, Cleo Truelove, Kathy Ratliff and Gwyn Howland.

Guests of the Rockport Firemen's Auxiliary that attended the Ladies meeting were Joyce Hill, Shirley Oliver, Debra Smith and Janet Truelove. Joan Truelove, reporter

School Board Holds Meeting

At the school board meeting Monday night the trustees took the following actions:

1. Canvassed returns of trustee election held on April 11, 1972, and declared Mrs. Jan Wendell and Gary D. Smith duly elected for a three year term from the Rockport area, Ottilie Mundine duly elected to a three year term from the Fulton area and James W. Hunt duly elected to a one year unexpired term from the Rockport area.

2. Trustees elected took the oath of office and received certificates of election.

3. Officers for the ensuing year were elected. Thos. M. Rogers, president; D. H. Roberts, vice president; and Ottilie Mundine, Secretary.

4. Approved regular monthly bills.

5. Agreed to a non-producing oil and gas lease of school owned property within the city limits of Rockport.

6. Adopted a resolution relating to insurance costs to

be presented to the State Insurance Commission at a hearing scheduled to be held in Rockport soon.

7. Changed the meeting hour of school board meetings from 7:30 p.m. to 8:00 p.m. beginning in May.

8. The Superintendent reported that a new school bus which was ordered through the State Board of Control had been delivered. It was not scheduled for delivery until June 1st.

9. The Superintendent also reported on damage to the school bus barn as a result of the recent wind and hail storm.

10. Received a report from the Southern Association of Colleges and Schools stating, quote: "We have received a copy of the Evaluation Report and have placed it on file."

"You and your staff along with Dr. Pat Norwood are to be commended on the excellent presentation and the fine report that you have made."

"We received a letter from Dr. Norwood which was highly complimentary of your school and stated that you had passed with flying colors."

The Kinsey Report

Poor Jan Wendell. She appeared to be enjoying her steak dinner at a recent civic function when all of a sudden she lost all interest in food.

It all started when hamburger steak was served to me instead of steak which everyone else had. My wife and I were sitting across from Jan and her husband, Jerry.

"Why are you having hamburger instead of steak?" Jan asked in amazement.

"Several years ago I almost choked on a piece of steak, and since then I have developed sort of a phobia regarding steak," I explained.

At this point Jerry took up the conversation. "I read an article recently about the surprisingly large number of people who choke to death every year on steak," he said.

Jan continued eating, cutting small pieces of steak and chewing them thoroughly.

The next conversationalist was "Tony" Harden, sitting to the left of Jan.

"Talking about food," she started, "you should have heard the talk I listened to that was given by a Texas Parks and Wildlife Department official. The things he said about what polluted water does to seafood." Jan's eating slowed down noticeably.

The next contributor to the conversation was Deane Steele, seated next to my wife.

"Getting back to choking to death," she said, "I read that swallowing false teeth causes more deaths than from choking on steak."

At this point, Jan quietly put down her knife and fork and said, "You know, I don't believe I want any more to eat."

Author Robert Louis Stevenson maintained a home on the island of Eiraid, off the coast of Scotland.

Library News

READING MAKES THE WORLD GO ROUND and YOU'VE GOT A RIGHT TO READ are the dual themes of National Library Week to be observed throughout Texas during April 16-22.

The NLW Program, now in its fifteenth year, is sponsored by the National Book Committee, Inc., in cooperation with the American Library Association.

In an effort to create a better-read, better-informed America by encouraging lifetime reading habits and promoting the wider use and fuller development of all types of libraries, NLW dramatizes the year-round efforts of your local libraries.

YOU'VE GOT A RIGHT TO READ directs public attention to the importance of literacy for our national progress and to libraries which, when used fully and supported properly, can make information accessible to everyone and can help provide equal educational opportunities for all.

U. S. Senator Lloyd S. Bentsen is the State Chairman of the Texas Committee for National Library Week. Senator Bentsen recently introduced the "Older Readers Services Act of 1972" which is amending the Library Services and Construction Act to provide for a public library service program for older persons.

Mrs. Alice Moore, Chairman, Mrs. John Brasher, Mrs. Tommy McGlathery, Mrs. H. T. Bailey and Mrs. Gladys Gibson are Committee Members who have worked diligently with Corinne Crabb, Librarian, planning programs for your Aransas County Public Library during NLW.

A poster contest for National Library Week is being sponsored by your Library, in cooperation with Miss Claudia Nelson, 7th grade Art teacher of Rockport-Fulton Junior High School, in which her 2 art classes will participate. Mrs. Jerry Wendell will provide judges for the winning poster. These posters will be displayed in local business establishments to encourage people to visit their Library.

Tuesday, April 18, Mrs. Sophie Perkins, Rockport Ele-

mentary School will bring her 2nd grade class for a tour of the library.

A coffee will be given on Wednesday, April 19, from 10:00 a.m. until 12:00 noon, the public is cordially invited to come and see their library.

On Friday morning, April 21, at 10:30 a.m. a story hour will be held for pre-school children.

Your Aransas County Public Library is placing many new books on their shelves each day. Two of which are excellent for young people; "Go Ask Alice" -- Anonymous is a true story written by a teen-age girl who was a drug addict; also "Bible Stories Retold" by David Kossoff who tells these stories in modern day language easily understood by our youth of today.

Your Aransas County Public Library gratefully acknowledges the following book donations: Mrs. John A. Anderson-11 books; Mrs. C. W. Brislin-4 books and Bonnie Cloyerdale-9 books; Mr. and Mrs. Emory M. Spencer, 90 books.

SERVICES HELD FOR MRS. ELSIE BLACKWELL Funeral services for Mrs. Elsie Blackwell, 87, of San Antonio, were held at 2:30 p.m. Wednesday in the First Baptist Church here, with the Rev. Jack Blackwell, Jr., her grandson, officiating. Alamo Funeral Home of San Antonio was in charge of arrangements. Burial was in Rockport Cemetery.

Mrs. Blackwell died at 3:30 p.m. Monday in a San Antonio hospital.

She had lived in Rockport for many years before moving to San Antonio a few years ago. Her husband, J. O. Blackwell, owned the Rockport Pilot from 1929 until his death in 1941.

Among survivors is a son, Jack Blackwell of Corpus Christi.

Also surviving are another son, Tommy Blackwell of Rockport; three daughters, Mrs. Louise Shults of Rockport, Mrs. Iva Mangum of San Antonio and Mrs. Elsie Geischle of Gonzales, and several grandchildren & great-grandchildren.

ESTAVAN MARTINEZ DIES Estavan Martinez, 66, died at 10:30 p.m. Monday in an Aransas Pass hospital after a short illness.

He was a native of Gregory and had lived in Rockport most of his life. Martinez was a commercial fisherman.

Graveside services were at 2 p.m. Wednesday in Rockport Cemetery under the direction of Marshall Funeral Home.

Survivors include three sons, Estavan Martinez, Jr. of Texas City, Edward Ray Martinez of Baytown and Richard Martinez of Rockport; five daughters, Mrs. Victoria Martinez, Mrs. Beatrice Martin, and Mrs. Raymond Romero, all of Rockport, Mrs. Alonzo Soliz of Galveston and Mrs. Leo Guerra of Austin; a brother, Isidoro Martinez of Port Lavaca; 32 grandchildren and 13 great-grandchildren.

Cutoff Date for GI Educational Benefits

Millions of veterans could lose part or all of their GI educational benefits if they don't act promptly, the Veterans Administration warned today.

John L. Barnett, Acting Director, Veterans Administration Regional Office, Houston, Texas, explained that those whose benefits are in danger were discharged between January 31, 1955, and June 1, 1966. For those veterans, eligibility for VA educational assistance payments for GI Bill schooling expires on May 31, 1974, whether they are enrolled at that time or not.

The expiration date is fixed by a 1966 law which, for the first time, extended eligibility for education benefits to Post Korean veterans with service after January 31, 1955. Each veteran has eight years in which to use his benefits. Normally, the eight years are computed from the date of his release from military service. But because the benefits were not available until June 1, 1966, when the law became effective, the eight years start from the date the benefits became available for those discharged before that date.

Certain types of training, authorized for the first time on August 31, 1967, are not affected by the 1974 expiration date. Included are flight training, apprentice and on-the-job training, and farm cooperative training. These forms of training are available under the eight year policy, until August 31, 1975, or eight years after discharge, whichever is later.

VA records show that when the 1966 law became effective June 1, it made over four million veterans eligible for benefits and of this number, about 3,000,000 have not used their benefits or have used only part of them.

About 300,000 of this group are in training at the present time. Total enrollment under the GI Bill in January of this year was over one million, bringing to three million the number of beneficiaries who have received training under the current GI Bill.

Veterans earn one and one-half months of educational benefits for each month of military service, up to a maximum of 36 months. Those who serve 18 months or more are entitled to the full 36 months.

VA currently pays veterans with no dependents, attending school full-time, \$175.00 a month. Those with one dependent receive \$205.00; with two dependents, \$230.00; and those with more than two dependents, \$13.00 for each dependent over two.

Announce Wedding

Colonel (Ret.) and Mrs. George Pfeiffer, Jr., have the honor of announcing the marriage of their daughter, Barbara Jean Bradhead, to Captain Roger Bond Pemberton, United States Army, son of Mrs. A. P. Schmidt of Enid, Oklahoma and the late Mr. Pemberton.

The marriage took place in the B.M.A.C. Chapel at Fort Sam Houston. Chaplain (Father) Anthony Capatoni officiated at the double-ring ceremony.

Mrs. Theodore Lewis Held, Jr., sister of the bride, was the matron of honor and Charles Lenz of San Antonio was the best-man.

Following the ceremony a reception and dinner was held at the Turtle Creek Country Club.

After a wedding trip to New Orleans, the couple will reside in San Antonio.

The man who admits a foolish act now and then is to be trusted. The "wise guy" who is never wrong should be left alone.

Social Security Payments For Children

Nationally, about four million children receive social security checks every month, according to H. M. Cleveland, social security district manager in Corpus Christi.

These children are eligible for payments because a parent—either mother or father—with enough work under social security has retired, become disabled, or died, Cleveland said.

More than 2.7 million of the children receive payments because a parent has died. Nearly one million collect benefits as dependents of a disabled parent. Over one-half million get checks as children of retired workers, the district manager said.

"Eligible children can get benefits until they're 18. However, a child who continues in school full-time and does not marry can get monthly checks until age 22," Cleveland said. "Today, there are more than one-half million 'student' bene-

ficiaries between 18 and 22." In the Corpus Christi area, there are more than 10 thousand children getting monthly social security checks. About 1600 of these are 18 to 22, Cleveland said.

Lulac News

Rockport Lulac No. 625 had an open meeting April 5. Julia Tijerina of Rockport, who is associated with Family Planning Service of Corpus Christi, showed health education films and distributed health literature. Duties and responsibilities of Lulac members were explained to visitors.

Lulac will hold a raffle May 20 and give away an air conditioner. Regular meetings of Lulac are held every Wednesday at 7 p.m. at the Sacred Heart Parish Hall.

Library Sponsors Research Program For Young People

The program on "Developing Research Skills with the Encyclopedia" and "How To Use An Encyclopedia" will be held at the Aransas County Public Library, Saturday, April 15 as follows:

Junior High Students 10:30 a.m.; 3rd and 4th grades 2:00-2:45; and 5th and 6th grades -3:00-3:45.

This program is being conducted by Mrs. Mary Louise Mount in cooperation with the public schools in order that our young people may learn how to use their public libraries for research work.

MUD-SHELL AND THE ARANSAS COUNTY COMMISSIONERS

\$47,000.00 is the reported cost for road shell this fiscal year. About thirty percent is in two stockpiles, one west of the Fulton Washateria in Precinct No. 3 and the other just south of the "DRIVE-IN" in Precinct No. 1.

I am told that the reason for so doing was to save money, that the price was going up. Yet it is a fact that there is a substantial loss in stock piling such fragile material, due to the extra cost of rehandling and the loss from heavy equipment driving over this brittle material.

MUD-SHELL is a misnomer. The mud and silt, which is about 20% of the reef, and has been confined dormant over the centuries these reefs were formed, is now turned loose into the Bays. The big dredges now digging shell in San Antonio Bay scrub the shell clean with high pressure water scrubbers, and the muddy, silty waste scatters over the Bay bottoms for many miles. Much of it is finding its way into Aransas Bay via the currents of the Intracoastal Canal to Port Aransas.

Once the cleanest water of the Texas Bays, Aransas Bay is fast joining the muddy water Bays, such as Nueces. Yet the Road Commissioners continue to buy shell from dredges which are damaging Aransas Bay with muddy pollutants.

Isn't it time to change, and to get more mature thinking on how best to spend tax payers money—so that it will contribute to the overall progress of Aransas County, and not jeopardize the Bay Natural Resources upon which the economy here is dependent to a considerable extent.

SIX FLAGS BREATHTAKER—The Big Bend, added to the lineup of rides at SIX FLAGS Over Texas late last season, will be new to most 1972 visitors. The huge ride carries passengers over more than a half mile of curving, spiraling track at speeds up to 50 mph. The ride, introduced to this country by Six Flags, is the fastest entertainment ride in the nation.

OPENS MARCH 25

A TOTAL "NEW LOOK" IN STORE FOR SIX FLAGS VISITORS IN '72

Arlington, Texas—Brilliant new color schemes, subtle design changes and exciting new attractions have given SIX FLAGS Over Texas a new "face" for the 1972 season.

The changes are evident from the moment a guest walks into the Park's entrance mall. There, in the center of a circular pool, sits a new, \$25,000 fountain.

In the popular SIX FLAGS Petting Zoo, major changes have been made. A rock-lined lagoon now borders the area where visitors can pet small animals. In the waters of the lagoon are dozens of Imperial Koi carp which will actually eat from the hands of guests.

And, nearby is a new ride, the Rugged Buggy, designed specially for younger visitors who can hop into their own beach buggy or swamp buggy for a gentle ride.

In the Texas section of the big theme park visitors will find the largest, detailed historical map ever made. The huge map of Texas stands more than

fourteen feet tall.

The SIX FLAGS Dolphin Show provides more fun than ever. A comical sea lion and a talented macaw have joined the two dolphins in the 1972 show.

In the Southern Palace Music Hall, a fast-moving production called, "Gotta Sing! Gotta Dance!" features a cast of sixteen entertainers from the nation's college campuses backed by a fourteen-piece pit orchestra.

And, in the Puppet Theatre, Sid and Marty Krofft are presenting "Follies," a colorful show new to the SIX FLAGS audiences.

In every corner of the family entertainment center there is a "new look" created during the winter months by Ted Friesen, an environmental artist.

Friesen, the designer of numerous settings for television productions, calls the SIX FLAGS layout "the biggest mural I've ever done."

Familiar buildings and rides have taken on a new appearance. The changes are par-

ticularly noticeable in the USA section where the ruler-straight lines of buildings have been erased by a facade of lattice-work and graceful arches.

The Lost Parents Caboose, where youngsters separated from their parents await a happy reunion, has been transformed from a dull, green railway car to a bright red and gold unit from a circus train.

The antique Carousel, once primarily white, has been embellished with glowing hues of red, orange and yellow.

Lines of green accent the Old South architecture of the Southern Palace Music Hall. The color extends inside with richly-flocked wall covering and a new, green carpet.

In addition to the changes in color and design, many of the young hosts and hostesses who give SIX FLAGS its personality are sporting strikingly different costumes.

For 1972, the statement, "there's something new at SIX FLAGS," doesn't begin to tell the story.

Historical Data Is Resumed

The weekly meeting of the Civic League was held at the usual time and place April 14, 1970.

The secretary being absent the minutes were read by Mrs. Jean Perring. Being found correct they were approved.

The advertising committee desired further time before submitting report.

The president reported that Prof. Bennett had made an application for use of the pavilion May 26-27 and possibly the 28th for commencement exercises.

The new manager of the pavilion, Mr. Lighttower, was present and gave an outline of his plans for the season, which included many entertaining forms of amusement. He expressed his desire to become an honorary member.

Mrs. Hoopes said Mr. Downing had not as yet given a satisfactory answer about the press association and the chances of finding a suitable location here.

The meeting closed at the usual hour.

Jean B. Perring
Rec. Sec'y, pro tem

The weekly meeting of the Civic League was held March 28, 1970.

The minutes were read and approved.

Dr. Bailey read a letter from T. B. Holland in which he explained what kind of a location would be pleasing to the Press Club Association. It must be on the bay front, have shade trees and not over five miles from town. The letter was very kind and encouraging, and held out a strong hope that Rockport would succeed in securing the Association as a permanent fixture.

Dr. Bailey also announced that sufficient names had been secured to re-organize the

Business Men's Club, and that a meeting would be held Tuesday night for that purpose. A motion was made by the secretary, that Dr. Bailey be authorized to bring the subject of a location for the Press Association before the members of the Business Men's Club, and use his discretion as to the manner of presenting the ideas involved to make as much or as little use of the correspondence already exchanged as his judgment dictates. This motion was amended by Mr. Clevinger that the Dr. be free to submit the plans to others outside the Business Men's Club.

The amendment being accepted, the motion was carried.

It was suggested that Kodak views of the location be made and sent by the committee where the Association convenes. Henry Baldwin, Mr. Clevinger, and Mr. Hoopes were looking up advantageous sites, and there seemed no doubt but what one could be found to meet all requirements.

Mrs. Hoopes said Mrs. Avery had requested the use of the pavilion for one night next week in which to hold religious services again. That inasmuch as the electric lights had not been a success on last occasion, she thought the League should not charge anything. The matter had been referred to the manager who agreed to furnish pavilion if the light and cleaning was paid for. After some discussion, the League agreed to pay the light bill.

Mrs. Bracht reported collecting 50¢ dues from Mrs. Stevenson.

Mrs. Hoopes reported having received a letter from Mr. Hengan in which he sent condolence and sympathy on the desperate state of the pavilion floor.

This completed the business of the evening and the meeting adjourned.

School News

AUSTIN - Parents who wish to transfer children from their home school to a nearby district for the 1972-73 academic year must submit their requests to the receiving school district by June 1, 1972, according to an announcement from the Texas Education Agency.

Once approved by the receiving school board of trustees, the request must then be cleared by the Texas Education Agency. This state approval is a requirement of the order issued by the U. S. District Court in Tyler.

The order, related to the desegregation of schools in Texas, states in part that the Texas Education Agency "shall not permit, make arrangements for or give support of any kind to student transfers, between school districts, when the cumulative effect in either the sending or receiving school or school districts will be to reduce or impede desegregation, or to reinforce, renew, or encourage the continuation of acts and practices resulting in discriminatory treatment of students on the grounds of race, color, or national origin."

Only hardship cases will be considered for transfer approval after June 1, according to Leon R. Graham, Texas Education Agency assistant commissioner for administration. Any late application must state specifically the exact nature of the hardship and why the application was not filed with the receiving school by the June 1 deadline.

"We expect to approve few late transfer requests and those must definitely be hardship cases," Graham added.

"Poor old Bill. He got fired for taking out his employer's car without permission."

"But how did his boss find out?"

"Bill ran over him."

VFW Auxiliary News

V.F.W. Auxiliary of Stewart-Wendell Post 3904 met April 4. Two new members were initiated into the Auxiliary, Mrs. Annie M. Evans and Mrs. Corinne Thomas Webb.

The Auxiliary donated \$20 to the Retarded Children's School in Corpus Christi and \$25 to the Rockport-Fulton High School Band.

The following officers were elected for the year 1972-73:

President, Catherine Snapp; senior vice president, Esther Decker; junior vice president, Ionia Budd; treasurer, Cleo Smith; chaplain, Genevieve Hunt; conductress, Nina Garrett; guard, Lorene King; and trustee 3 years, Wanda Sparks.

W.M.S. Meets

The Woman's Missionary Society of the First Baptist Church met Tuesday morning at 10 a.m. at the Educational Building for their regular business meeting.

Mrs. Larry Stewart, the president, was in charge of the meeting. The meeting opened with a song.

A scripture reading was read by Mrs. Stewart. A call to prayer was read by Mrs. Josephine Cox. Mrs. Eva Lutz read the minutes of the last meeting. "Missions - An Extension of the Church" was given by Mrs. Eddie Bradley. The meeting was dismissed with prayer by Mrs. Rada West. Ten members enjoyed refreshments of cake and coffee.

SCHOOL BOARD CALLS \$650,000 ELECTION

The School Board set May 28 as the date for an election during which voters will be asked to approve a \$650,000 bond issue to construct a new junior high school plant, a new elementary school at Rockport, and to make additions and alterations to buildings on the present high school campus and at Fulton Elementary.

COUNCIL VOTES FUNDS FOR LITTLE LEAGUE STANDS

The City Council approved a Little League request for funds. Bobbie Landrum, Charles Smith and Gene Carter appeared before the Council with a request that the entire park board budget allotment for the year, \$500, be turned over to the Little League to help pay for renovation of stands at the ball park. The request was granted.

V.F.W. AWARDS

At a meeting of Stewart-Wendell Post 3904, V.F.W., awards were made to the following officers:

Past Post Commander's Award, E. H. Carter; Past Post Quartermaster's Award, H. C. Mullinax; Past Post Chaplain's Award, Green McGehee; and Past Post Adjutant's Award, Vernon Kleybas.

The awards were presented in recognition of outstanding service in V.F.W. work during the term of Chester Johnson as Senior Vice Commander of District 6. Johnson made the presentations.

STUDENTS APPRECIATES EDUCATION

A sixth grade Mexican-American girl sent the following letter to J. D. Gray, superintendent of schools:

"Thank you for the six years of school I have had. I have enjoyed going to school. Every year, with the help of the teachers, I learn something. As I learn, Momma learns with me.

"Momma didn't have but three years of school, and she is happy to learn as I do.

"If there weren't any schools in the world, the world would be a dull place to live in." Momma says in Spanish, because she doesn't know how to talk in English."

The letter was written after a local school principal asked students to write to someone they knew and about something they liked.

WEATHER OBSERVER HONORED

One of the city's leading citizens, John C. Sorenson, received a 40-year service pin and award for continuous service with the weather bureau. Russell Mozeney, meteorologist in charge of the Corpus Christi weather station, presented the award.

Sorenson received the honor for being a volunteer U. S. Weather observer in Rockport for 40 years. This is the longest record of service of any volunteer weatherman in South Texas.

EASTER SUNRISE SERVICE

The Easter sunrise service, sponsored by the Council of Church Women, was scheduled to be held at the yacht basin.

The program was to consist of:

Doxology, by the assembly.
Invocation, the Rev. T. H. Pollard, pastor of First Presbyterian Church.

Anthem, "Let the Earth Rejoice," by the combined choirs of the Methodist, Baptist, Presbyterian and Episcopal churches.

Scripture reading, the Rev. B. H. Ramsey, pastor of First Baptist Church.

Sermon, the Rev. Calvin Peterson, pastor of the Methodist Church.

Anthem, "The Strife is O'er."

Benediction, Mr. Harry Carter, lay reader of the Episcopal Church.

P.T.A. TO MEET

SCHOOL TRUSTEES ELECTED

Dr. H. F. Elliot and A. F. Dervage were winners in the school trustee election.

There were four candidates for the two offices, with Dervage having no opponent and receiving 246 votes. Dr. Elliot received 166 votes, Chester Johnson 44 and Hugh Morrison 36.

Following the election, the school board met and elected Matt Scott president, Green Fleming vice president and re-elected J. B. Jackson secretary.

Clergy's Social Security Deadline Is April 17

April 17 is a social security deadline for clergymen this year, according to social security officials here.

"Clergymen have until April 17 to send their social security contributions on their 1971 earnings to the Internal Revenue Service—along with their 1971 tax returns," a social security spokesman said.

"Clergymen who are eligible to have their income from the ministry excluded from social security coverage have until April 17 to apply for exemption—also through the Internal Revenue Service," he said.

The deadline is April 17 this year because the usual deadline—April 15—falls on a Saturday.

According to the spokesman, unless a clergyman applies for the exemption, he must report his earnings for years in which his net earnings were \$400 or more. "His social security contribution for 1971 is 7½ percent of his earnings—up to \$7,800—from his work in his ministry or other self-employment," he said.

A clergyman's wages earned as an employee in other work covered by social security are subtracted from his self-employment earnings in figuring his social security contribution.

"Most clergymen participate in social security," the spokesman said. "A clergyman can only be exempt if he's opposed by reason of conscience or religious principle to accepting social security checks based on his services as a clergyman."

Generally a clergyman must apply for social security exemption by April 15 of the year after the second year his net earnings from self-employment were \$400 or more, some part of which was derived from his services as a minister.

Social security pays monthly checks to eligible retired and disabled workers and their families and to family survivors of deceased workers who were insured under social security. Medicare, which is administered by the Social Security Administration, helps pay hospital and doctor bills of people 65 and over.

"Clergymen with questions about social security can call, write, or visit any social security office," the spokesman said.

WEEKLY RECIPE

Try this casserole for a new idea in chicken cookery.

CHICKEN CASSEROLE

- 2 cups cooked, chopped chicken
 - 2 (10 1/2) oz. cream of chicken soup
 - 2 cups diced celery
 - 4 tsp. minced onion
 - 1 cup chopped blanched almonds
 - 1 tsp. salt
 - 1/2 tsp. pepper
 - 2 tablespoons lemon juice
 - 1 1/2 cups mayonnaise or salad dressing
 - 6 hard-cooked eggs, sliced
 - 2 cups crushed potato chips.
- Put cooked chicken, soup, celery, onion, almonds, salt, pepper, lemon juice, and mayonnaise in a large bowl and mix well. Spoon a layer of mixture into a 3-quart casserole; add a layer of sliced eggs. Repeat layers. Cover with crushed potato chips and bake at 400 deg. for 15 minutes.
- This casserole may be prepared a day ahead and kept in the refrigerator. Do not add potato chips until ready to bake. Yield: 8 servings.

Questions and Answers

Q. After applying for social security retirement payments at 65, I returned to work. Will the wages from this work increase my monthly cash payments when I decide to finally retire?

A. Possibly. If you earn enough to increase the average earnings used to figure your retirement payment, your cash payments would increase. Any increase would be figured automatically in the year following the year of additional earnings, and the increase would be retroactive to the first of the year following the year in which the earnings occurred.

Q. When I got married recently I wrote my new name on my social security card. Should I do anything else?

A. Yes. You need to fill out a form to change your name on your social security record kept in Baltimore, Maryland. You can get the form from any social security office. After you send it to us, we'll mail you a new social security card showing your new name and the same number you were originally issued.

Have a question about social security and its retirement, survivors, disability or Medicare benefits? See your telephone directory for the phone number and address of the nearest social security office.

ONION SOUP

2 tbsps. margarine
1 tbsps. corn oil
3 large (2 lbs.) onions, thinly sliced
6 beef bouillon cubes
2 tps. Worcestershire sauce
½ tsp. salt

Heat margarine and corn oil in a large, heavy saucepan. Add sliced onions and saute over medium heat, stirring constantly, until tender and transparent. Dissolve bouillon cubes in boiling water and gradually add onions. Stir in Worcestershire sauce and salt. Bring mixture to a full boil, then simmer for five minutes. Makes eight one-cup servings.

Fireman's Auxiliary Holds Social

The Rockport Firemen's Auxiliary met March 28 for their monthly social which consisted of an Easter party. Dorris Hill presented the program. Games played were "Putting All Your Eggs in One Basket". Winners were the "Odd Balls" Ivala Hinze as Captain. "Know Your Own Eggs", "Odd Balls" winners again.

Interesting gifts were presented to each member of the "Odd Ball" team; for instance, Ivala Hinze won a precious pair of homemade "bloomers" about a size 50. Joyce Hill won a giant dill pickle. The last game was "Guess the Jelly Beans in a Jar." Mrs. Hazel Smith of San Benito was the winner of this.

The treasure chest was fur-

nished by Gwyn Howland and won by Dorris Hill. The refreshments were furnished by Dorris Hill, Peggy Hunt, Lois Gurley and Sarah Belle Smith. Guests present were Shirley Oliver, Joyce Hill and Mrs. Hazel Smith. Members present were Julia Gray, Lois Gurley, Dorris Hill, Ivala Hinze, Peggy Hunt, Judy Johnson, Velma Malcher, Mona McNutt, Teet Mullinax, Sarah Belle Smith, Joan Truelove and Kathy Ratliff.

HEALTH AND BEAUTY

A plump well-fed baby is always an object of admiration. As the child grows, he lengthens out and loses his "baby fat." During his early school years his great amount of activity uses up all his food in supplying the necessary energy. But the time comes, as he approaches adolescence, when he slows down a bit. Some increase in weight at the onset of adolescence is normal.

This is the time when the girl's mother often begins to be upset especially when she finds that her daughter's figure no longer follows her

sizes in the stores. The girl is too old for little girl dresses and too young for the misses styles.

Anyone who has concerned himself with girls of this age and condition knows that the explanation is usually just normal craving for food, plus the fun of eating those between-meal snacks--often high in calories.

All phases of child-rearing demand patience, but the overweight situation requires the most of all. Normal growth and the dawning of self-consciousness of the adolescent are both on the side of the ambitious parents.

Will Water Flow Uphill?

I am sure that all of you know that "water seeks its own level".

Flood water drainage is a major problem and requires a major solution. A drainage ditch can not stop at a precinct line. On the Port Bay side of Precinct 1 the drainage ditches must be extended through Precinct 2. Along Highway 35 the drainage ditches must be extended across the flat land and through the Navigation District's spoil banks.

The only answer is a county-wide drainage system with construction directed by an engineer to follow the decreasing grade level. The drainage ditches must also be maintained thru dry years so they can operate properly when the wet seasons arrive. The reduction of stagnant small areas of flood water will help control our mosquito problem. All of this requires unified action by the county commissioners to obtain engineering knowledge.

If you will give me your vote and support in the May 6th Primary Election I will work hard to see this is accomplished.

Was Christ a weather prophet? Did He originate any weather folklore?

Eric Sloane, who has written a number of books on weather and who studied the subject, reports that Christ was the source of the old saying about a red sunset and clear weather next day.

Christ said: "When it is evening, ye say, It will be fair weather for the sky is red. And in the morning, It will be foul weather today for the sky is red and lowering." (Matthew, chapter 16, verses 2 and 3.)

Christ was probably repeating the weather sayings of the Pharisees in this case and at least the latter half of his guide may have been wrong. A red sunrise doesn't usually mean rain. The reference of lowering clouds, however, is sound lore, for lowering clouds are a sign of approaching rain. And a red sunset does indicate fair weather.

Selective Service News

AUSTIN - Colonel Melvin N. Gantz, State Director of Selective Service for Texas, has reminded young men of their requirement under Federal Law to register with Selective Service.

Some young men may believe that because future military manpower requirements may be met by volunteers that the requirement to register is past; however, the Law does require registration by all native born young men and all residents within 30 days of their eighteenth birthday. Legal registration may be completed 30 days before, or 30 days after the young man reaches age 18.

If a young man fails to register with Selective Service, he is subject to a fine or imprisonment, or both, under provisions of the Military Selective Service Act.

In most Texas counties, young men may register at the office of their local draft board, or with voluntary registrars located in many high schools and in other similarly convenient locations.

Texas Local Board No. 107, 209 S. Rachal, Sinton, Texas, has registrars located in Aransas County, Bee County and San Patricio County. The Aransas County registrar is Weldon B. Cabaniss, 600 Market Street, Rockport, Texas.

If a young man has allowed more than 30 days to pass following his 18th birthday and has not yet registered, he should register immediately to avoid the penalty of the Law.

Complete registration information is available at each local draft board.

Internal Revenue Service News

Your chances of getting a tax refund even though you are not entitled to one are pretty good in Texas -- provided you go to the right preparer. In fact the odds are better than 50-50 that you can get a refund regardless of your tax situation if you know the right place to go, according to R. L. Phinney, District Director of Internal Revenue for southern Texas.

Phinney said that the IRS has just completed the first phase of a project to ferret out fraudulent tax return preparers in the Austin District. Agents of the Internal Revenue Service, posing as taxpayers, have recently contacted 44 preparers from Orange to El Paso and Austin to Brownsville, for the purpose of checking out the accuracy of the tax preparers. Approximately 75 to 80 percent of those visited prepared the returns incorrectly. "The preparers were either incompetent, unethical, or deliberately fraudulent in their preparation of the returns," Phinney said, "and caused the returns to be inaccurate by either padding exemptions or itemized deductions or by failing to include reportable income."

Phinney said that the spot-checks were done very selectively and that only independent tax return preparers were contacted. He added that "we monitored only those preparers that could best be classified as 'fly-by-night' operators and those suspected by IRS of preparing incorrect returns in the past." Phinney said he was convinced "that the vast majority of preparers are legitimate and ethical in their filing practices. This project is aimed primarily at those who knowingly cheat their customers and the Federal Government." However, Phinney reminded the taxpayer that he is responsible for all entries on his return and that using an unscrupulous preparer could cost him considerably more in the long run through penalties and interest.

According to Phinney, the agents posed as average taxpayers, working at various occupations and earning between \$6,000 and \$7,000 a year. He said in each instance the returns should have reflected additional tax due of \$100 to \$200, depending on whether the preparer itemized or used the

standard deduction. However, the returns prepared incorrectly claimed refunds ranging from \$70 to \$700.

"We intend to prosecute those tax preparers who deliberately falsify the Federal tax returns of their clients," Phinney said. "Right now we are preparing cases against several of them and arrests are being considered." Phinney declined to name specific tax preparers at this time, stating that legal procedures are still under way.

Phinney added, "The IRS is particularly concerned with opportunists who use false or misleading advertising to attract customers. Such preparers often alter the number of dependents or deductions to decrease the tax liability illegally. They sometimes alter the addresses on tax returns, so the refunds go to themselves instead of the taxpayers."

"We urge every taxpayer to select his tax advisor carefully, and avoid anyone who is thought to be a charlatan," Phinney said. "And, remember that you are legally responsible for your own return, even though someone else may prepare the return for you. Make sure that only accurate information appears on the return, and never sign a blank return."

THE WORLD OF ENTERTAINMENT

SILENT RUNNING

For those who like to ponder what the future holds in space, "Silent Running" should about fill the bill as did "2001".

Bruce Dern, as Lowell, runs the practically one-man show from his spaceship with the help of two cheerful robots, Huey and Dewey.

The year is 2008 after the earth has been defoliated, the valleys and mountains are leveled and yearly temperature is 75 degrees. Lowell, the chief astro-botanist on the American Airlines space freighter Valley Forge (one of three huge space freighters) keeps the giant greenhouses operating until conditions will be suitable to place plants on the earth again.

It's spectacular in color and effects because the director assisted in producing the film "2001". Everything becomes chaos when orders arrive to return to earth.

Rated "G"--all ages admitted.

In Fashion

People who have beautiful patchwork quilts, handed down as heirlooms, are quite proud of owning these quilts. The idea of using beautiful patches of material has now been carried over into the fashioning of skirts and dresses.

The latest use of lovely left over materials is to make colorful pillowslips of them. The use of such pillows on sofas, in harmonizing colors, is very effective when used in a den or living room.

Social Security Earnings Report Due by April 17

People who got one or more monthly social security retirement or survivors checks in 1971 and who earned over \$1,680 in 1971 are required to submit an annual report of their earnings to social security by April 17, according to social security officials here.

The annual report shows how much a social security beneficiary earned last year in wages and self-employment income, and what, if anything, he expects to earn this year. The key word is "earn." Income from interest, dividends, other retirement plans, rent, or the sale of real or personal property, unless received by a real estate dealer, should not be included in the report of earnings, according to a social security spokesman.

The annual report is used to determine if a beneficiary was paid the correct amount of cash payments last year. It's also used to adjust his monthly payments for this year according to his estimated earnings, the spokesman said.

Disability beneficiaries or beneficiaries who were over 72 during all months of 1971 do not need to make an annual earnings report, the spokesman said.

"There are penalties for beneficiaries who file late or do not file an annual report when one is due, unless good cause can be shown. A penalty means a loss of benefits," he said.

Annual report forms are available at any social security office.

People who get social security checks and have questions about the annual report or need an annual report form can call, write, or visit any social security office, the spokesman said.

Over a half million student social security beneficiaries (ages 18-22) receive \$52 million each month as the dependent children of workers who have retired, died, or become severely disabled.

MRS. RAY DIES

Mrs. Carrie Ray, 79, died April 6 in Irving, Texas, after a long illness and was buried Saturday in Emory. Survivors are one sister, Mrs. Idel Hill, Dallas, one brother, William Heblsen, Emory, Texas. She was a former resident of Rockport.

MRS. ANDERSON DIES

Mrs. Gladys "Ma" Anderson, 77, of Corpus Christi, died Easter Sunday and was buried April 4 in Memory Garden. Survivors are two daughters, Mrs. Lonnie Crouch and Mrs. Jim Masur of Corpus Christi, three sons, 10 grandchildren and 6 great-grandchildren.

She was well known among the trail riders in the Rockport area. She was sweetheart of the South Texas Trail Ride and sweetheart of the Horse Shoe Roping Club, and a member of the Methodist Church and Eastern Star.

She will be missed by all her friends and trail riders in the Rockport area.

Sir Francis Drake was the first Englishman to travel around the world.

Doings at the Dunes

Mrs. Claude Alter underwent surgery Tuesday in Houston. This is her second surgery.

Mr. and Mrs. Harold Scott took a farewell trip to the valley for some of Texas' famous citrus fruit before leaving for Cedar Rapids, Iowa.

Mr. and Mrs. Charlie Harter meandered down Mexico way for several days. Monterrey and border towns were explored.

Mr. and Mrs. Joe Toman and Mr. and Mrs. John Smith shopped in Victoria after Joe checked in with his doctor.

Mr. and Mrs. Sam Graves of Spearman, Texas and Mrs. Fay Graves of Oklahoma City are having a family reunion with Mr. and Mrs. George Snow.

Mr. and Mrs. Raymond Wood are spending some time in their mobile home working, fishing and relaxing. They call Fort Worth home.

Mr. and Mrs. Coolpaugh spent a week here before going to Chicago to celebrate a grandson's birthday and to stay at home a while.

Mr. and Mrs. Selden Mitchell of Chicago are spending some time on the Texas coast.

Mr. and Mrs. Ed Byrnes are

recuperating at home in Victoria after his surgery and her heart attack.

Mr. and Mrs. C. L. Peck of Fort Worth installed a weather station in their mobile home while they were here for the weekend.

Mr. and Mrs. Don Daut will spend the summer in Wilton Junction, Iowa.

Mr. and Mrs. Ollie Matthews, Lafayette, Louisiana, are here for a week.

Mr. and Mrs. Morris Anderson leave soon to spend the summer in Missouri.

Mr. and Mrs. John Smith after relaxing this winter will leave this week for Ponca City, Oklahoma to work awhile. He is taking back conversation item, an old time miniature "Grammy Phone" complete with horn containing a radio.

Mr. and Mrs. Marvin Claiborne, Fort Worth, are enjoying relaxing on the coast.
