Tax abatement approved for Excel

The Parmer County Commissioners on Monday unanimously approved designating the Excel Corporation land as a "reinvestment zone."

This means that their tax abatement request is granted.

Excel is planning a $2.75 million project -- about $1.25 million on building and $1.5 million on equipment.

It calls for remodeling the chuck boning chain and table to allow workers to vary the speed at which they process chucks.

Also, the project includes remodeling the building electrical and plumbing.

New chains, conveyors, saw and other equipment will be installed.

No new jobs will be created but "this will allow us to run more efficiently and maximize our labor pool" said company officials.

The abatement also goes for a $407,000 improvement project from last summer -- buying land for water well purposes.

The tax abatement schedule calls for:

Ah-choo!

From Teresa Mesman:

This column will not be an easy one to write today. Not that I'm about to delve into any deep subject matter, but because I'm going to have to stop every 15 seconds to wipe my eyes, blow my nose and go through a coughing routine. Yep, I've got the flu, a bad cold and allergies ...all at the same time!

I was home all week last week while both of my children were nursing the flu bug. I, in turn, caught it along with them. To this date, I have now watched enough cartoons and Disney videos to last a lifetime. I have also read just about every chapter in the "Complete Adventures of Winnie the Pooh" and "The Jungle Book" by Rudyard Kipling aloud to the boys.

How any plot or storyline got through the sneezing, coughing and nose blowing is beyond me! We did indeed sound like a very sick orchestra!

I was of course concerned about my childrens' health, my husband's sanity and my own well-being during the week. My concern was only added to by the alarmingly slow pace I took at dispensing the proper medications to the proper person at the proper time.

I had to steady myself and focus very hard on the labels for the name and dosages - not an easy task when your head is the size of a motor home and your eyes are blurry. But the most frustrating thing about the medications were the "simple, tear away packages" that some of the pills came in.

I obviously have not gone through enough therapy to be able to handle these "simple" packages! I peeled, I poked, I chewed and I cut at those words so mockingly printed "Tear Here."

Sometimes the pill would fly out of the package, hit the counter top and bounce off into oblivion. If I have any mice invading my kitchen, they are probably among the healthiest of specimens due to the amount of medication lying about in the far corners of my kitchen floor. I haven't heard a mouse sneeze yet!

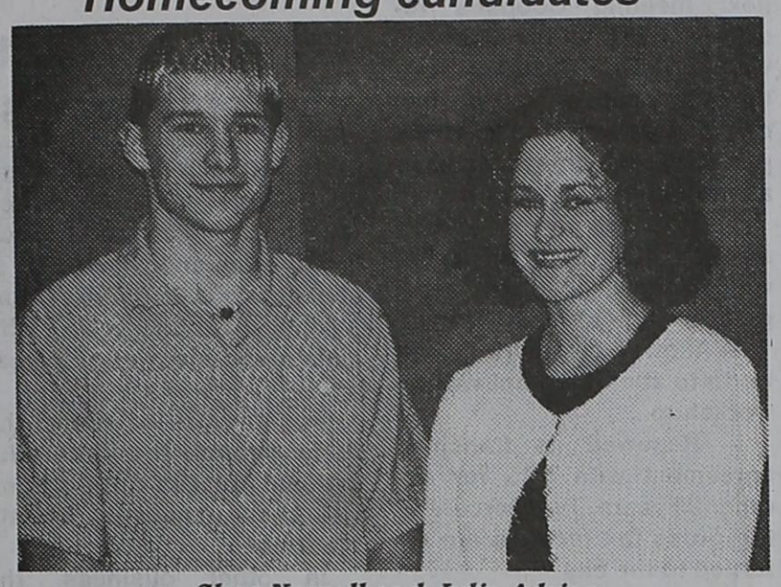

And, after all the struggle of dispensing the medications, came the battle royal to get my 19 month old to swallow the "yummy pink stuff" and to get my 7 year old to not think that the little pink pills tasted like chalk and to believe that, in some parts of the world, grapes look just like Tylenol tablets.

I am happy to report that my family is now well on the way to recovery and do not seem too marred or warped by spending the week all cooped up together watching the Puffs Plus pile up in the trash.

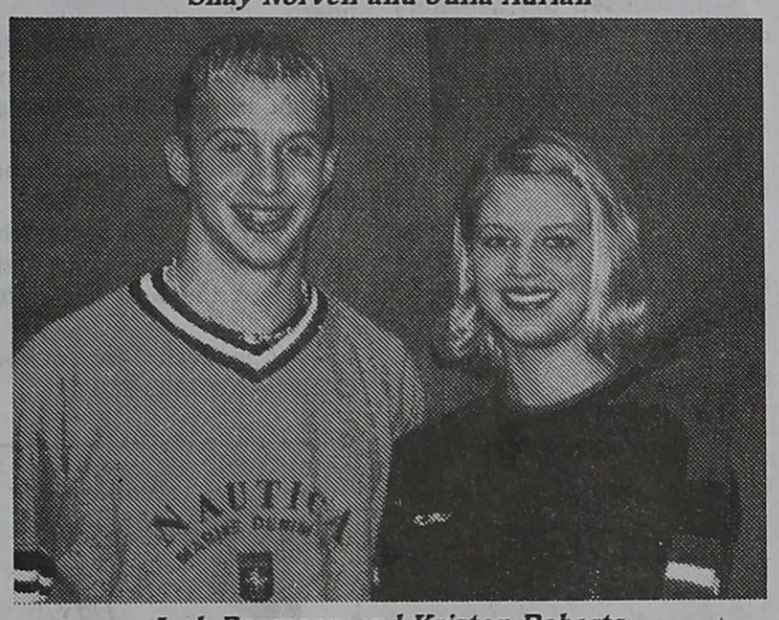

And speaking of those Puffs Plus tissues...who do they think they're fooling by saying that the lotion in the tissue soothes a sore, red nose? Perhaps if a person only needs say, two a day.

But folks, after last week, my family proves that the lotion only adds a glaring, polished shine to a sore, red nose!

The Chief's Corner

From Farwell Police Chief Roy McGaa:

As you have noticed recently in the Tribune, I published some statistics that had to do with traffic tickets written in the last few years. The average number of tickets written is around 10. A traffic officer can write 10 tickets per 8 hour shift without half trying.

There are three reasons for this low count; (1) Farwell does not have a traffic officer, (2) I write just enough tickets to keep the accident rate down, and (3) I really hate to write traffic tickets; it makes me feel bad.

It is no problem to write up a jerk with an attitude; I enjoy that. What bothers me is having to write up nice people and friends. This I am forced to do because my oath and the code of ethics say I must treat all people the same.

Now, as to the why of this article. Texas law states that on unmarked residential streets, the speed limit is 30 mph. This is really too fast to avoid accidents with other vehicles and too fast to avoid a child running into the street. However, people are going much faster than 30 mph and we can't have that. My warnings are not having an effect on this situation so I am left with but one course of action.

As of this date, Friday, Feb. 12, 1999, speed laws will be strictly enforced, with no tolerance, in the residential areas of Farwell. I do ask my friends and other nice people to take pity on me: don't speed and cause me to have to write you a ticket. No kidding, I hate to ruin your day because it ruins mine too, and no one wants to kill a child.

OUR PEACE OFFICERS END UP IN 'COURT'

Forget the NBA!

Real professional basketball was played in Muleshoe on Saturday.

The Friona Police Department, Texico marshal's office and Parmer County sheriff's department joined together to form a basketball team.

They played against police personnel from Muleshoe and Dimmitt in a fun tournament at Muleshoe.

Littlefield also was supposed to play, but backed out.

Representing the sheriff's office were Sheriff Walt Yerger and Scotty Ward.

From Texico were Larry Garrison and Kenny Thrasher.

District Attorney's investigator Julian Dominguez played.

From Friona were Donna Kirton, Joe Herrera and Michael Howard. Howard's wife, Rachel, who works for the Hereford Police, also played for the team as a "ringer."

Mrs. Howard was the team's 2nd best scorer, behind Herrera.

Yerger reported that Mrs. Howard made a no-look, behind the back layup, drawing ooh's and aah's from the crowd.

Meanwhile, Herrera ("who didn't do it on purpose," said co-coach Yerger, canned several bombs -- long 3-pointers.

Yerger said the players had all sorts of fun, and a few dozen folks, including the Explorer Scouts, were on hand to watch.

The hardest part was that the tournament had real referees, who kept calling silly fouls -- like not having the right amount of players on the court.

"Hey, they expected the police to count to five," jokingly said Yerger. "Unfair."

Asked how the Texico-Friona-Parmer County squad looked, the co-coach responded. "We @#%$@#@!!"

On the other hand, one of the other participants kindly suggested that it would be good if the sheriff wore long pants instead of shorts next time....

OUR HEROES!

A look at how much money the four Parmer County precincts have

At the beginning of each year, the Tribune publishes financial information for the four Parmer County precincts so folks will know the shape they are in.

The funds that each precinct has can be used for any precinct business, such as employee salaries, equipment, machinery, fuel, supplies, etc. All funds are maintained by county treasurer Anne Norton.

The precincts, and their commissioners, are: Pct. 1, John Tannahill, Friona area; Pct. 2, Tom Ware, Bovina area; Pct. 3, Jerry Davis, Farwell area, and Pct. 4, Raymond McGehee, Lazbuddie area.

Cash on hand is maintained in the Farm to Marker Fund and the Lateral Fund. The Lateral Fund consists of money that comes from the state each October, based on the number of road miles in each precinct.

Here's a look at the cash on hand (as of January) for each precinct: (with the numbers in paranetheses the corresponding amounts from last year):

Pct. 1 -- $20,344 ($19,590).
Pct. 2 -- $6,968 ($21,670).
Pct. 3 -- $19,953 (($21,209).
Pct. 4 -- $8,062 ($13,493).

In addition to cash on hand, some precincts hve Certificates of Deposit and/or Tex Pool Investments. Tex Pool is a statewide investment group that many governmental entitites, including Parmer County, are members of.

The only precinct with a Certificate of Deposit is Pct. 4 -- $267,190, up from $260,000 last year.

The other precincts have Tex Pool Investments:

Pct. 1 -- $140,000, up from $80,000 last year.
Pct. 2 -- $255,000, up from $190,000 last year.
Pct. 3 -- $25,500. This precinct has none last year.

Thus, when you add cash plus CD's plus Tex Pool Investments, here's a breakdown on how much each precinct has as of January, with last January's figures in parentheses:

Pct. 1 -- $166,469 ($99,590).
Pct. 2 -- $268,371 ($211,670).
Pct. 3 -- $45,813 ($21,209).
Pct. 4 -- $277,287 ($273,493).

It should be stressed that these funds are in addition to the general funds that the county has.

Excel

(Continued from Page 1)

First and 2nd years, 100 percent; 3rd year, 75 percent; 4th year, 50 percent, and 5th year, 25 percent.

Six persons attended the public hearing.

Laurie Clayton, senior accountant at Excel, presented the request for her company.

"We want the tax abatement so our company can ccntinue to grow," said Ms. Clayton.

Also present were five Friona residents representing taxing entitities also affected by the tax abatemetn decision.:

Jim Parker and James Warren, Friona Schools; Kathryn Goddard, Friona Chamber of Commerce; and Bill Neeley and Danny Kendrick, Parmer County Hospital District.

They didn't have any comments.

In other business, the commissioners approved a contract with Colorado County to house juvenile offenders if necessary from Parmer County. This just gives Parmer County one more option for housing.

Obituaries

Kenneth Doolittle

Graveside services for Kenneth Doolittle, 63, of Texico, were Saturday at Texico Cemetery with the Rev. Bob Brown officiating.

He died Feb. 4 in Texico. He was born Dec. 2, 1935, in Clovis.

He worked for the Texico School in the maintenance department and retired in 1981. He was a Baptist.

Surviving are 4 brothers, Leon and Ansel, both of Lubbock; Marvin, of Clovis, and Gayle, of Texico; and 2 sisters, Sue Scott, of Miller, Mo., and Doris Tucker, of Anaheim, Calif.

Texico animal license crackdown coming

The Texico City Council instructed city personnel and police to put fliers at all city households about a coming crackdown on animal licenses.

About 150 animal owners in Texico don't have the annual license tags, it is believed.

These folks will be targeted soon so they are urged to come to city hall and get their animals licensed.

The council had looked into sending the fliers through the mail but the cost was too high.

In other business, the council:

-- Asked Fire Chief Lewis Cooper to check with the state to see if it's okay for his department's ambulance personnel to be compensated for out of town transports, such as to Lubbock.

Cooper made the request and said funds generated by ambulance runs will allow payments.

But the council wants state approval first.

-- Gave Cooper the go-ahead to seek bids for a positive pressure fan, which blows smoke out of buildings.

-- Plans to discuss at its next meeting Cooper's request to sign up for a service with ENMR • Plateau Telecommunications to get five cell phones for fire and police personnel, which necessitates a monthly fee.

-- Heard that Mae Stone alerted them that when the winds blow, the cemetery gates swing out into the road.

-- Allowed city clerk Teresa Harth to attend a grant writing workshop.

-- Renewed its franchise agreement with SPS for another 25 years. Two percent of the gross tax receipts are returned to the city.

-- Discussed the cemetery ordinance, to change the rules governing grave sites.

-- Received three bids for the 1991 Ford Explorer that was gained through a drug bust.

Bidders were Steve Meeks, Texico, $5,128; George Rushing, Friona, $5,650; and Jim Johnson, Clovis, $2.650.

Rushing was awarded the bid.

-- Received a request from the New Mexico Home Builders Association that a banner be placed across the highway promoting their home and garden show.

The item was put on the next agenda, but it appears the council will approve only banners for non-profit groups.

Marshal's Report

Here is the weekly report from Texico Marshal Kelly Brophy:

A 4-wheeler owned by L.C. Gonser, of Farwell, was recovered last week.

George Ortiz, 18, of Texico, and two Texico juveniles were charged with receiving or transferring stolen vehicles or motor vehicles, and conspiracy.

On Jan. 27, police were called about a domestic problem. No arrest was made.

Former Texico teacher files civil suit against School Board

The Texico School Board on Tuesday received notice that former teacher and coach Randy Ragland had filed a civil suit in U.S. District Court against them and school officials over his firing a year ago.

Ragland had contested the firing through the state educational process and his firing had been upheld by a state arbitrator.

In other business, the board:

-- Held a reception for Byron Mayfield, who is going off the board. Richard Hadley takes the post on March 1.

-- Scheduled a school auction on April 17.

-- Set the date for the spring project show, formerly known as the hog show, for Feb. 20.

-- Approved the school calendar for 1999-2000.

--Re-hired the three school principals.

-- Reviewed recommendations for safety work. A priority will be the playground equipment.

-- Discussed changing the activity trip responsibilities for drivers, students and coaches.

-- Heard that the boys' state basketball tournament in Albuquerque has been moved back a week because the high school association couldn't get the use of "The Pit" at the University of New Mexico.

Thus, there will be a two week break between the girls' and boys' state basketball tournaments there.

Letter To The Editor

To the people of Texico,

My name is Curtis Emert. I am an assistant scoutmaster with Troop 357 from Floydada, Texas. As a fund raising project, we put out American flags six times a year. As a reward for their hard work, we take our boy scouts skiing in January or February.

This year we had out trip planned for Jan 29, 30, 31 and Feb. 1. We had nine people going to Taos. We had three leaders: myself, Rex Harrison, Jerry Chappell and six scouts - Dusty Duke, Jordan Chapparo, Dave Sanders, B.J. Chappell, Joy McGaugh and Derrick Griggs.

When we reached Texico, we found the roads closed to Clovis and on into Taos, and we also found our way barred back to Muleshoe. We sat at the truck stop for a couple of hours, we did not relish the idea of staying up all night or sleepin in our van. We were told that the community center had been opened for our use. We were offered blankets, but we had our sleeping bags and bedrolls.

We would like to thank you very much for your hospitality and good will. We were very happy to share our cereal and fruit bars with the other people stranded there. We hope that we cleaned the center to your satisfaction. Thank you again from Boy Scout Troop 357 - Floydada, Texas.

Sincerely, Curtis Emert

Dear Mike,

In Farwell, we have many things of which to be proud. One of these is our cemetery, Sunset Terrace Memorial Cemetery. It might be of interest to those who have moved here in recent years to know how the cemetery came to be.

In 1958, a group of the young men of that time -- now senior citizens -- organized an investment club. Meeting once a month for cards, they contributed a set amount to an investment fund, and all agreed upon the stocks to be purchased. The members of that group, who were called the Jolly Boys by their wives, were Don Williams, Elmer Hargrove, Bob Hart, Glenn Phillips, Bert Williams and Bob Anderson.

In 1961, Bob Hart withdrew.

Their investment choices were very profitable and, in time, rather than divide the profits, they decided that our community needed a cemetery. The site chosen was land owned by Dr. V. Scott Johnson and was partially donated by him for membership in the group. It was surveyed, the lots were laid out, a well was drilled, shrubbery was planted and the sale of lots begun.

The first internment was in February 1962 -- of James Roberts, the son of Willie and Letha Jo Roberts. In 1972, the statue of Jesus, made of Carrara marble and imported from Italy, was given to the cemetery by Don Williams and Bob Anderson.

Later, the cemetery was sold to Clyde and Dickie Magness, who, in turn, donated it to the City of Farwell. In 1986, the City Council, under the direction of Mayor Chris Gikas, arranged for the erection of the fence, which added much to the beauty of the cemetery.

Those of us who have family and friends buried there are thankful for the foresight of these young men. We are also grateful to the employees of the City of Farwell who maintain it so lovingly.

Carrie Anderson

Dear Editor,

You hope it never happens but you plan and prepare for it. You hope that if it does happen, you are ready for whatever challenge might confront you.

Thursday evening, Jan. 28, a tragic and fatal accident near Lariat presented such a challenge to area health care providers. Emergency medical services from Bovina, Farwell, Texico and Muleshoe responded to the call, attending to those in need at the accident scene, and transporting the injured to area hospitals. Six critically injured accident victims arrived at the Muleshoe Area Medical Center emergency room within minutes of each other, and the hospital trauma team responded. Doctors, nurses, physician extenders, hospital staff and volunteers tended to the victims in a professional, competent and compassionate manner.

For two hours, attention was focused on doing what was necessary to assist the accident victims, and everything that could be done was done. During the period, 11 hospital inpatients were tended to and cared for as well. At one point, an area power outage plunged the hospital into darkness for 10 to 15 seconds before the hospital's standby emergency generator cut in, lighting the hospital as programed.

It was a cooperative effort among the hospital medical staff (with three doctors in attendance, along with two physician extenders and a nurse anesthetist), the hospital staff, volunteers and EMS services of the area. Arrangements for transfers to Lubbock, where the specialty needs of the patients could be treated, were coordinated through University Medical Center, and additional ambulances responded from Littlefield, Lubbock and Morton.

It is reassuring to know that planning and preparation helps meet the challenges of events you hope never happen, but it is extremely gratifying to see the teamwork of health care providers responding in a dedicated, professional, competent and compassionate manner. To all those involved, a sincere thank you is well deserved for your response, action and care, and for your commitment and devotion to provision of services for those in need, whatever the cicumstance.

Jim Bone, administrator
Muleshoe Area Hospital District

VALLEY VIP DEALER

The price of greatness is responsibility.

After one of the hottest and driest years we have had in a long time, we discovered the importance of getting every drop of water to the root zone so the plant can use it.

The increase in production you will realize after redesigning your sprinkler to utilize every drop of water available will more than pay for the cost of having this done in just a short time.

Come by and let us show you how to increase your production by improving your water distribution through your pivot sprinkler.
