Sheep Workshop Brings Youth To Ozona

Learning through firsthand experience about the sheep and goat industry, 24 youths from across Texas made a stop in Ozona on June 26 at the Flying W Ranch and Circle Bar Motel. The group, attending the Texas Sheep and Goat Youth Leadership Workshop, participated in educational programs designed to heighten their awareness of the industry and develop leadership among future producers.

The workshop is put together by the Texas Sheep and Goat Raisers Association, Mohair Council of America, American Meat Goat Association and the Texas Agricultural Extension Service. 4-H'ers must apply to attend the workshop, and only a limited number are chosen each year based on experience and their commitment to share the information learned through the workshop. Dr. Frank Craddock, Extension sheep and goat specialist from San Angelo, coordinated the event, long with Dr. Rich Machen, Extension livestock specialist from Uvalde.

The workshop is a traveling one, covering territory from San Angelo to Menard, Eden, Ozona, Junction, Sonora, Kerrville, Brady and College Station. The 4-H'ers are exposed to experts in the field such as Crockett County Extension Agent Billy Reagor, who discussed research on heavy-muscled sheep, and Dr. Gary Vannoy, who informed them about embryo transfer procedures while the group was at the Flying W. Ranch.

Rancher Steve Wilkins and daughters Tara and Lauren hosted the group for a delicious outdoor supper of goat and lamb cooked by Floyd Hokit. Tara, a 1994 graduate of the workshop, said, "This workshop is good because you get to learn about the sheep and goat industry from the ground up." She added, "It's up to us - the future of the sheep and goat industry - to make it better, and we need to learn all we can now."

Tara said one of her most educational experiences was judging live sheep and then going back and looking at the carcasses during their time at A&M. She said it was an eye-opener to see the real quality of the animals so graphically displayed.

After visiting the TAMU Research and Extension Center in San Angelo, Kothmann Commission Company in Menard, Junction Stockyards, Sonora Wool and Mohair Company, the Experiment Station in Sonora and the Brady scouring and combing plants, the group traveled to Texas A&M University for a look at the agriculture program, a hands-on experience in the Rosenthal Meats Laboratory and other activities.

Those other activities included reports by the 4-H'ers' study groups on their assignments for the workshops, a sheep and goat "quiz bowl" and a wrap-up to the workshop.

While in Ozona, the 4-H'ers heard from Reagor, Vannoy, Dr. William Edmiston of Eldorado and Mike Jernigan. Edmiston discussed pregnancy detection, and Jernigan talked about artificial insemination for producers.

For more information about the Sheep and Goat Youth Leadership Workshop, contact Crockett County Extension Agent Billy Reagor at 392-2721.

Babbitt Retires From DPS

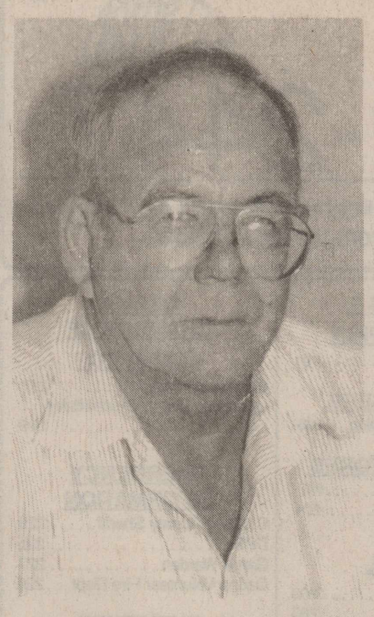

A two-week vacation turned into retirement for R. B. Babbitt last month. Babbitt, whose official title was supervisor of police communications' facility, ended more than 33 years' service to the Department of Public Safety June 30.

A scheduled August retirement was moved up when Babbitt, while on vacation, decided it would be great not to have to go back to work. Son Cliff, who is also with the DPS, brought retirement papers to his dad in Galveston for signature, and the deed was done.

R. B. Babbitt's first assignment as police communications operator began February 1 of 1962 in El Paso. He was also stationed in San Angelo and Beaumont before starting in Ozona Feb. 1, 1971.

He was promoted to supervisor while in Beaumont and came to Ozona to open this station along with communication operators Bob Falkner and R. L. Brown. Bill Price arrived later that first month as one of the communications team.

When the Ozona station opened, in addition to the operators, there were two troopers, a Texas Ranger, a motor vehicle inspector and license and weight man. Now the station has five

communications operators, a sergeant, four troopers, license and weight man, Texas Ranger, and driver's license examiner, all in the same space with which they started.

This is probably the only station in the region which works two separate regions, Babbitt said. One chain of command includes Crane, Fort Stockton, Sanderson, Rankin, McCamey and Big Lake, and the sergeant area overseen from here takes in Ozona, Sonora, Eldorado and Mertzon.

Ozona's radio control base station works with three repeaters which are located in Crane, Sheffield and Sanderson, and the communications area of responsibility includes Schleicher, Irion, Sutton, Crockett, Terrell, and parts of Upton and Pecos Counties.

The foremost highlight of his career is the move to Ozona and getting the opportunity to work with Sheriff Billy Mills, Babbitt said. "I was pleased to work with a well-thought-of police officer throughout the state," Babbitt said. "We came to Ozona planning a two-year stay, then moving to Brownwood."

Tragedy was also part of Babbitt's DPS career in Ozona. "The death of Trooper Dale Taylor stands out in my mind more than anything else," Babbitt recalled . Also lost in the line of duty during his tenure were a McCamey Trooper who was shot near Rankin, Trooper Wayne Wahl who drowned during a rescue mission out-

Public Notice

Southwestern Bell Telephone Company (SWBT) has filed an application with the Public Utility Commission of Texas to offer a new service called Prepaid Calling Card (PCC) Service. A PCC would offer the customer the ability to place local and long distance (intraLATA, interLATA and international) calls from any telephone without the use of coins, credit cards, conventional calling cards, or operator assistance. A PCC would have a pre-established value, paid for in advance, that would decrease in value as calls were completed. This service would be similar to SWBT's current Calling Card Service in that SWBT would carry the local and intraLATA calls originating in its region. InterLATA and international calls would be carried by the Interexchange Carrier selected by the customer. Prepaid Calling Cards would be sold in varying denominations, such as $10.00, $20.00 and $50.00. The rate for local and intraLATA calls would be $0.40 per minute for all times of day. The rates for interLATA and international calls would be determined by the Interexchange Carrier that handles the call. First year revenues from PCC are estimated to be approximately $11 million. SWBT proposes that this application become effective on August 7, 1995.

Persons who wish to comment on this application should notify the Commission by July 28, 1995. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf. Questions regarding this service may be directed to SWBT at 1-800-836-7928.

4-H'ers Enjoy New Mexico Mountain Camp

Ten 4-H members enjoyed the cool temperatures and rain in the New Mexico Mountains last weekend, as they attended Camp Scott Able with other 4-H'ers from Hudspeth, Culberson and El Paso counties.

Attending from Ozona were: Jason Hignight, Trey Hale, Amanda Hignight, Lana Stewart, Wilson Stokes, Chase Clark, Clint Hale, Thomas Morrow, Tyson Vordick and Jake Stewart. The 4-H members were accompanied on the trip by County Extension Agent Tedra Ulmer and adult leader Neal Ulmer. Sandy and Vicki Stokes also came by camp on Sunday to pick up Wilson and Chase.

The group left at 6:30 a.m. on Friday morning and ran into quite a rainstorm as they crossed the Pecos River out of Crockett County. North of Pecos, the 4-H'ers enjoyed seeing rushing torrents in the draws. The group stopped for a photo opportunity at the New Mexico state line and played tag with a friendly tarantula, then made a quick stop in Carlsbad to pick up super water guns for the "Water Wars" portion of camp.

Camp Scott Able is high in the Sacramento Mountains, southeast of Cloudcroft. The 4-H'ers learned that a mountain in Texas is just a hill in New Mexico, as they were introduced to the clean, pine-scented air. A quick stop at a waterfall for a group photo interrupted the climb to camp. Upon arrival and orientation, the 4-H'ers enjoyed "Water Wars" with much screaming, running and soaking, getting them ready for a hearty supper of pizza. About 6 p.m., the clouds rolled in, and the 4-H'ers experienced their first mountain rainstorm.

On Saturday, hiking and scavenger hunts for natural items consumed most of the day, with special hikes for senior and junior 4-H'ers. The Crockett County junior boys also did some prospecting for ground squirrels, digging up a maze of tunnels in search of their elusive quarry.

Dancing and games were the highlight of the evening's activity. Each group - junior boys, senior boys, senior girls and junior girls - developed a "commercial" skit, and the junior boys won with their "Pizza, Pizza" commercial. The junior girls won the scavenger hunt with items that included a mushroom, snails, clover and various other natural materials.

Sunday morning was busy with camp cleanup and traveling to White Sands National Monument, where the 4-H'ers relished rolling down the dunes and chasing white lizards. The trip home was a long one, and the youngsters were glad to see their parents' vehicles lined up beside the courthouse annex at 12 a.m.

"Our Crockett County 4-H'ers were just great and a pleasure to travel with," said Ulmer, who noted that the group who was invited to attend this camp were not able to attend the Texas 4-H Camp at Brownwood this year due to a quota system. "We hope to develop more opportunities in the future for our 4-H'ers to get acquainted with other youths from other counties and broaden their horizons," said the agent.

For more information about 4-H and how your young person can benefit from the 4-H experience, call the Crockett County Extension office at 392-2721. Educational programs such as 4-H which are sponsored by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

West Metals Superfund site. Located in New Mexico, the Cal West Metals site was a secondary lead smelter facility. For the Old Midlan Superfund site in Arkansas, he managed the successful incineration of more than 100,000 tons of soils, sediments and sludges contaminated by wood-treating operations conducted at the site. Incineration is often a controversial remedy, but at this site, he received the full support of the local community. The incineration was done in one year, and the site is now a meadow.

In recognition of outstanding achievement, he was given the Environmental Protection Agency OSC/RPM Support Program Regional Notable Achievement Award for Regional RPM Peer of the Year in 1993 and the EPA silver medal for superior service in recognition of outstanding leadership, skill and creativity in addressing lead contamination problems in a minority community.

Before joining the EPA team, Sanchez spent 13 1/2 years with the U. S. Army Corps of Engineers in New Orleans and in Fort Worth as a geotechnical engineer.

He earned his bachelor of science degree in civil engineering from the University of Texas at Arlington and a master's in engineering degree in civil engineering from Tulane University in New Orleans. He received numerous performance awards from the Corps and EPA.

Carlos Sanchez and his wife, Dorina, have a daughter, Jennifer, and a son, Gilbert. A 1969 graudate of Ozona High School, he is the son of Lucia Sanchez and the late Jose M. Sanchez.

It's been ten years since you've been gone, but memories of you still linger on. Sometime the pain is so hard to bear; especially when baseball, basketball and softball seasons are there.

In Loving Memory:
Lonnie Galindo

Ten years ago we said goodbye, when the Angels lifted you up high.

But as we struggled through our own pain and tears, we knew you had gone to a land without fears.

Today we still miss you so very much; we only wish it wasn't as such.

The wonderful memories we have of you are what always help us through.

And now with the Lord's loving and comforting hand; we find peace and hope that one day we will be together in his joyous land.

You will forever remain in our thoughts and in our hearts.

Toppling Tyranny

By Dennis J. Prutow

We are all opposed to tyranny. How can tyranny, in all of its forms, whether political or social, be destroyed? Tyranny can only be destroyed by the Good News, by the preaching of the Kingdom of God. This is the ultimate answer.

The book of Daniel tells about a great statue which represented world powers. Literally it represented the tyranny of oppressive world governments. The statue stood "until a stone was cut out without hands, and it struck the statue on its feet of iron and clay, and crushed them" (Daniel 2:34). The stone, after toppling the statue, "became a great mountain and filled the whole earth" (Daniel 2:35). What does all this mean? Daniel tells us.

"The God of heaven will set up a kingdom which will never be destroyed" (Daniel 2:44). You see, only the kingdom of God can topple tyranny.

The great task of the church is to preach the Gospel of the Kingdom, to call people everywhere from all tyrannical measures to the love of God manifested in Christ. Jesus said, "repent, for the kingdom of heaven is at hand" (Matthew 4:17). Failure to proclaim this Gospel of the Kingdom is a failure to strike at the foundation of tyranny. One of the reasons tyranny was broken in Eastern Europe and Russia was the work of the church preaching the Kingdom.

Schreffler Takes Volleyball Expertise To Spain

Sara Schreffler, granddaughter of Margaret Coates of Ozona, spent a week in Spain last month on a tour with a World Sports Exchange volleyball team. She was captain of the team, which won first place in its division with four victories and no losses.

The 1995 graduate of Wills Point High School is the daughter of Diana (Coates) and Willie Schreffler.

She was named as the District MVP Setter her sophomore year, the District MVP her junior and senior years and received honorable mention all-state as a senior in volleyball.

Schreffler and teammate Kelli Kay won the Class AAA state championship in girls' doubles tennis this spring with a 50-1 record for the season. The pair went to state three consecutive years, compiling an overall record of 152-13 Both have tennis scholarships with Kilgore College.

While in Madrid, the team played one match against a Spanish team, and then went to Barcelona where they played three matches against another Spanish team, as well as teams from Japan and Portugal.

The game in Madrid was played before a crowd of about 200 people, and in Barcelona at the Olympic Stadium, crowds reached about 800.

There were also boys' and girls' basketball teams from the U.S. playing there, and Schreffler and some of her volleyball teammates played a little in these games.

Sara found the Spanish people unfriendly to Americans. They were called stupid Americans and told to get out of the stores when the Spaniards learned that they were from the U.S., Schreffler said. Visiting in France was more fun as the people there were friendlier to the Americans.

Out and Around with Judy Reagor

Chuck and Sue Cosper are enjoying a visit with their grandson, Jarrod, from Plainview.

Joan Nicholas enjoyed seeing friends while here for a visit to collect all her "left behinds". She is now settled in the new home she had built on a retirement estate in Brownwood. Until Joan's house was ready, she had been residing with daughter and son-in-law Jennifer and Rick Newton. Joan loves her new home. Recently she enjoyed being with her daughter Ruthella on a houseboat on the Rio Grande. Lots of fish were caught, Joan reports.

Mrs. Lucille Littleton enjoyed having in her home a former student, Dorothy Nagai of Houston. Dorothy's daughter, Mary Gail Jacobson of Wimberly, also came to Ozona. Mrs. Littleton fondly remembers teaching Dorothy in 1927 at Weslaco. The three ladies had a picnic and fished on the Devil's River during the visit.

Mrs. Lee DeHoyos is home after a visit in Longview with her children, Mr. and Mrs. Charles Williams and Mr. and Mrs. Oscar DeHoyos. While in Longview she attended high school graduation for grandson Carlos DeHoyos.

Cliff and Diane Babbitt are in Ozona for about 10 days. Cliff is in the process of being transferred with the DPS from the Houston area to Lubbock. He will return to Houston for three weeks to finish out his time there. The family will then be going to Lubbock. Diane will stay here during the month of July, giving both sets of grandparents time to spoil the kids. R. B. retired just in time to do some babysitting.

T. R. and Jean Conner recently went to Brehnam to watch 10-year-old granddaughter Krissie who plays with the girl's Little League there. Krissie and her team are undefeated and this was the all-stars game. The team won the championship 16 to 6. Now after winning 4 to 1 they will go to regional in Bryan. Jean said there were 10 teams.

Dean Allen's daughter, Molly Lunt , and granddaughter are visiting here from Little Rock, AR.

It's A Girl

Mr. and Mrs. Jesse De La Garza are the parents of a daughter, Sarah Yvonne, born June 29, 1995 at 11 a.m. The baby arrived at Shannon Women's and Children's Hospital in San Angelo weighing seven pounds, 13 ounces. She was 19 1/2 inches long.

Grandparents are Mr. and Mrs. Joe Lara and Mr. and Mrs. Hector De La Garza of Ozona.

AARP Chapter 4774
The Senior Side

By Betty Bullard

Independence Day, July 4th 1995.

Independence from what? Are you dependent or independent?

What are you dependent on?

We are all dependent in one way or another. We depend on our mates, our family, our friends, our pets, for companionship, love and approval. That's dependence.

Some smoke, some dip, some drink, some use drugs to get them through the day, that's dependence.

We all depend on television to entertain, inform and keep us in touch with the rest of the world. We depend on our teachers to educate our children, our churches to edify us, our God to feed our thirsting souls, our neighbors for community strength, our doctors for health, our police for protection, and our laws to guarantee us equality.

But true equality I do not have. How can I be equal when the wages I have earned are forcefully taken from me and given to those who toil not? Even to calling my wages, forcefully taken, their entitlements.

I would have no man, woman or child go without the necessities of life, but surely equality means equal responsibility to work. There is honor and respect given and taken in a job well done, regardless of the pay. I would much prefer to supplement someone's pay, while they make an effort to help themselves, than to have to carry the whole burden of support, now, and for generations to come.

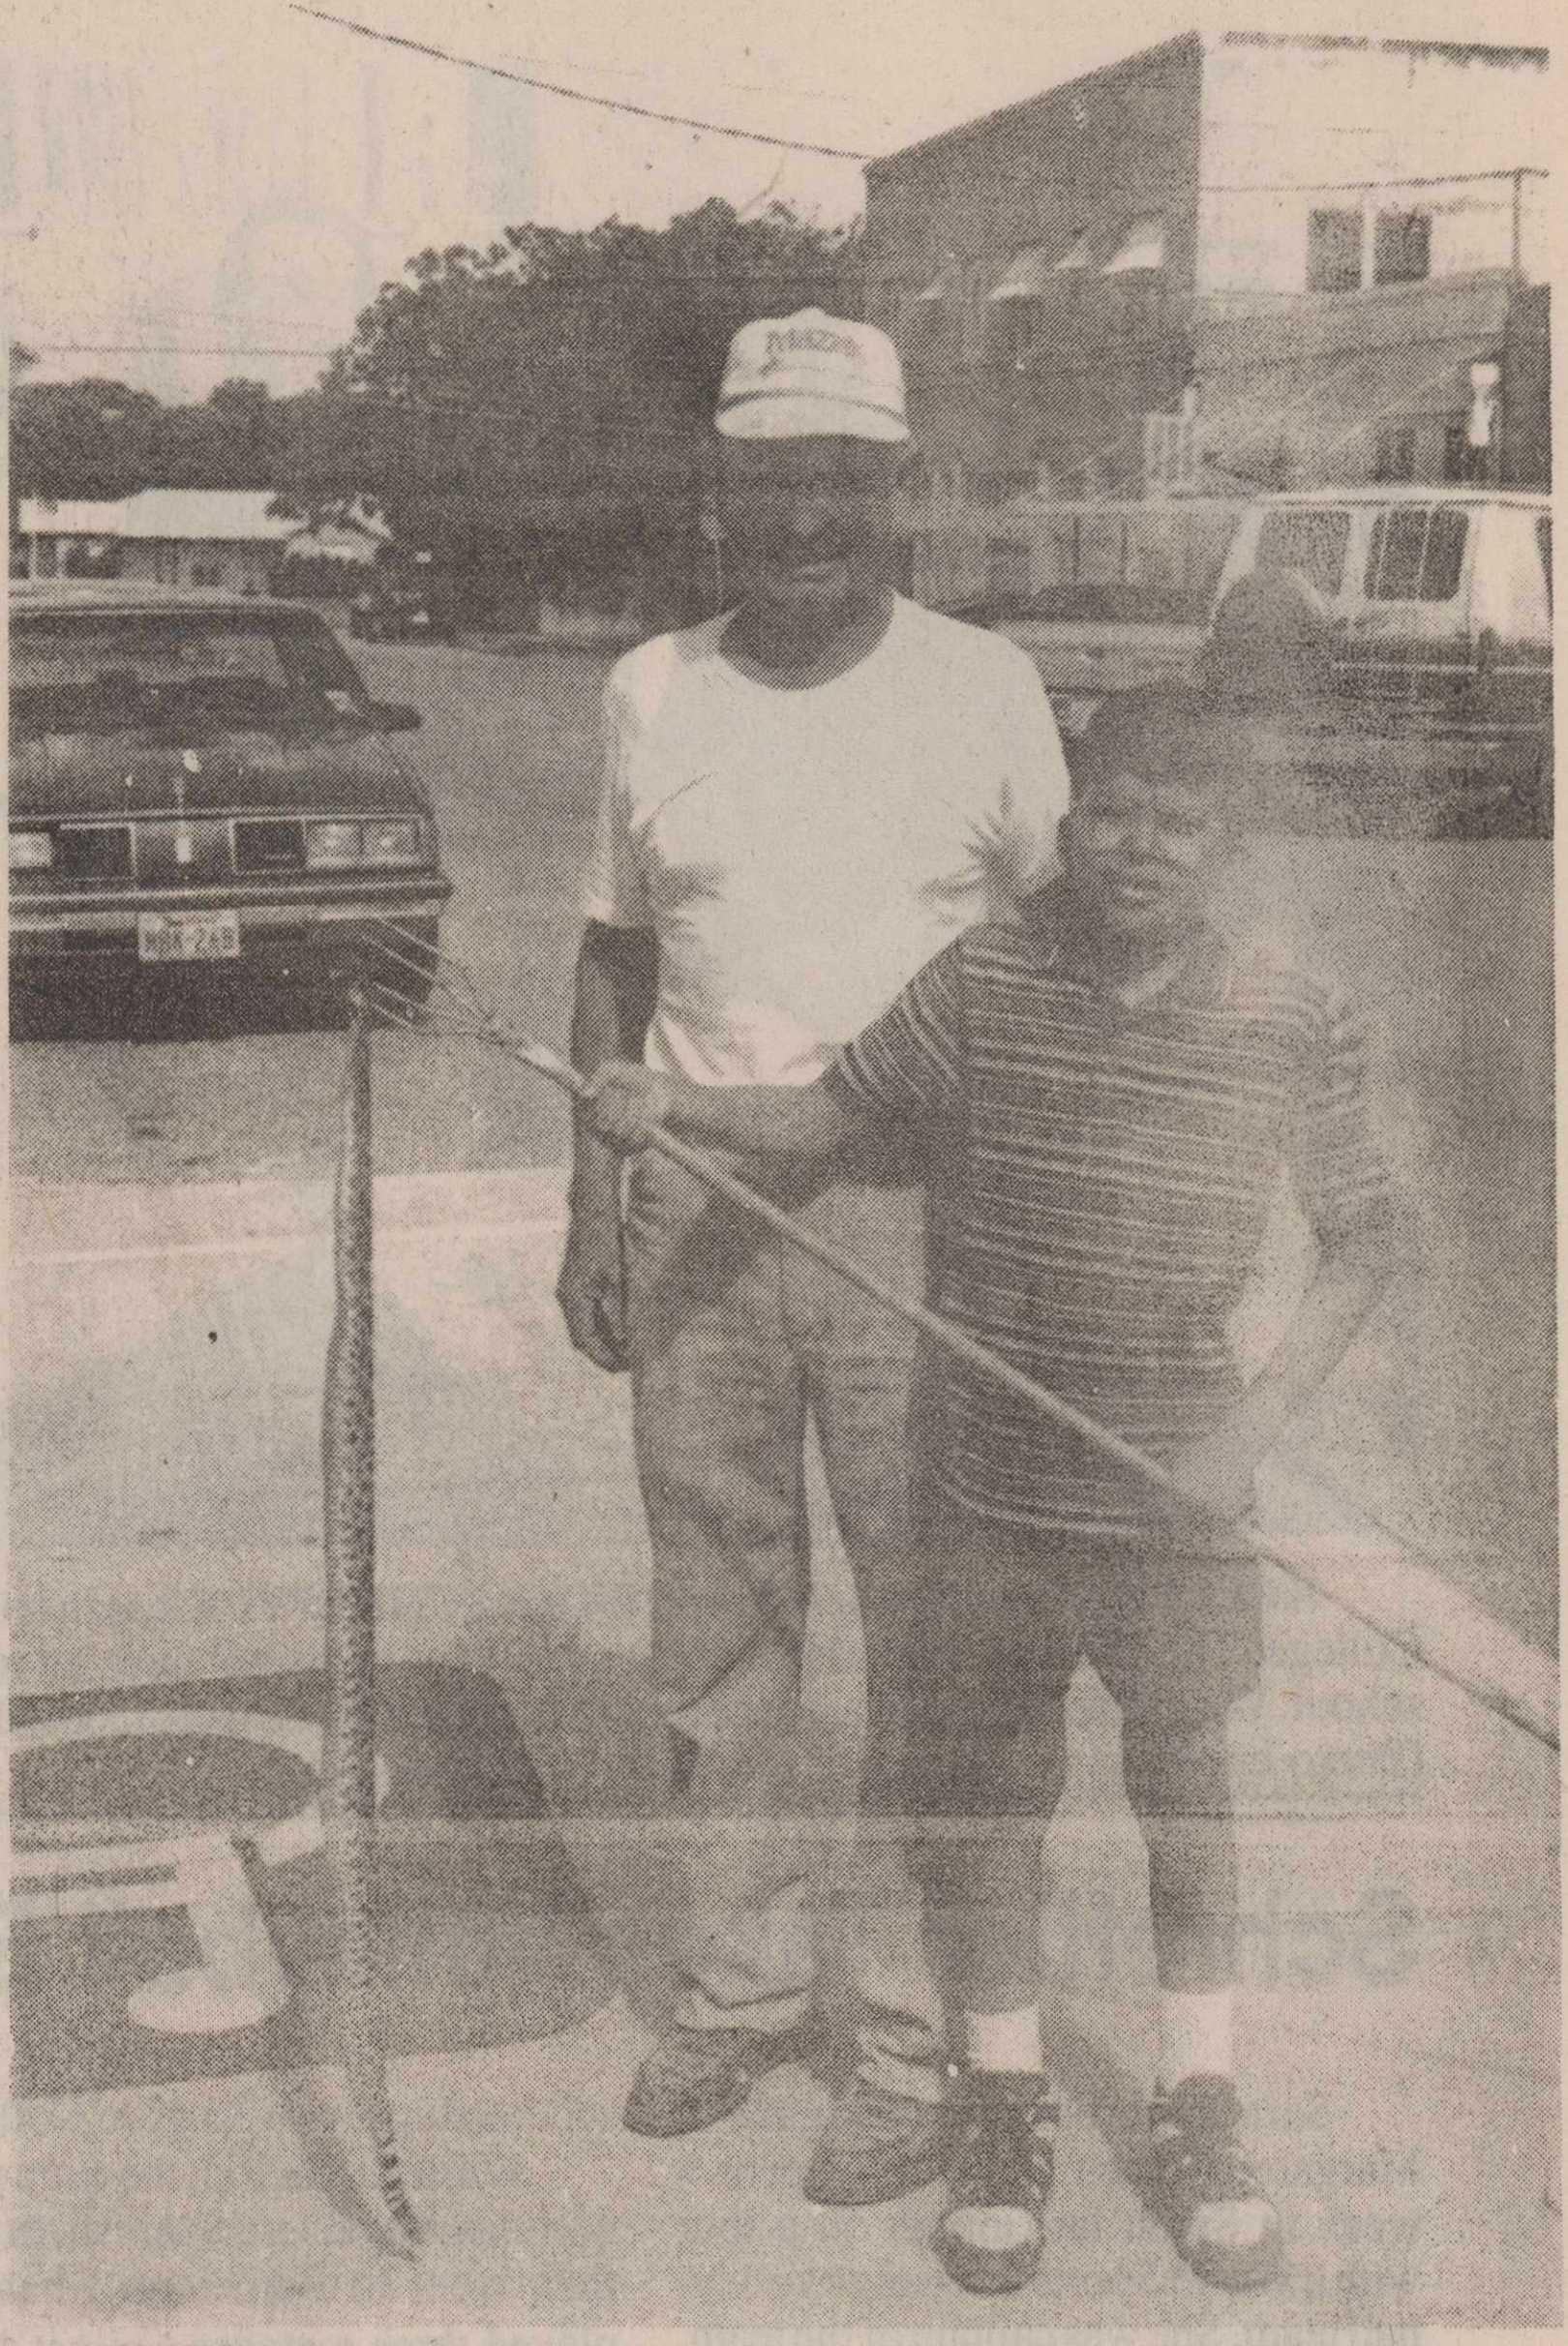

Our lawmakers have forgotten the work ethic this nation was built on, and in the name of compassion, have created a sub-culture, dependent on taking from the worker and giving to the indolent.

We in AARP are proud of what we have contributed to our nation and our community. Come join us.

EMS Seeking Volunteers

An Emergency Medical Technical/Basic course will begin at 7 p.m. July 17 at the Crockett County EMS Building. Since this course is sponsored by Angelo Community Hospital, the cost is minimal for the students. Keith Butler, administrator of Southwest Emergency Physicians, will be coordinator of the course.

The EMT course will consist of EMS laws, anatomy, basic life support, medical emergencies, trauma emergencies, ambulance procedures and much more. An extrication day will be set up on a Saturday during the course. The course is 120 class hours and 20 hours' hospital time. Cost of the course will be approximately $50, which includes the text book.

Crockett County EMS is in need of dedicated persons who would cherish the feeling of helping others. "We have eight people interested in the course, but will have to have at least 10 to begin the course," said ambulance coordinator Doug Meador. "The course is open to persons 18 on up. So if you want a new adventure and to join the current EMS personnel in helping others, please contact me at 392-5240 and ask about the opportunities available," Meador said.
