Chamber of Commerce Banquet Set Monday

Approximately 250 Collingsworth area residents are expected at the annual Chamber of Commerce Banquet Monday evening, February 7, when the featured speaker will be James L. (Curly) Hays of Abilene, farm and ranch representative in the Public Service Department of West Texas Utilities Company.

The banquet will be held in Bura Handley Community Center, beginning at 7:15 p.m. Friday, at 5:00 p.m. is the deadline for buying banquet tickets, according to Mrs. Margaret Vines, Chamber of Commerce manager.

Another highlight will be the presentation of a series of awards, including the announce-

ment of the 1971 outstanding sales person, the Conservation Farmer of Salt Fork Soil Conservation District, and possibly others. None are announced prior to the banquet.

Although 1972 officers and directors have been working since January 1, they will be presented at the banquet by the new president, Sandy K. Parsons, Jr. The outgoing president, Harold Gattis, will review activities and accomplishments of 1971.

Entertainment will be special music by Clifford Rogers, music and education director of First Baptist Church, and Mrs. Rogers, while Mrs. Truman Estes will present dinner music.

Gaylord Cook, minister of the Church of Christ, will be master of ceremonies and the Rev. Phillip Daniels, pastor of the Church of the Nazarene, will give the invocation. Don Welch, manager of the Wellington office of West Texas Utilities Company, will introduce the speaker.

Mr. Hays is a West Texan, reared at San Angelo, he has been with West Texas Utilities Company since 1938.

A rancher in Red River County as well, he holds many positions of honor, including Honorary Lone Star Farmer, board member of the Texas Commercial Agriculturists Council, secretary of the West Texas Hereford Association, trustee of the Texas 4-H Foundation, and the P.T. Montfort Foundation, and secretary of the Food and Fibers Council of Texas.

Just as he is knowledgeable of the agricultural needs of West Texas, he also appeals to the sports fans. He was All American end at Tulsa University and All-Missouri Valley Conference player. He has degrees from Tulsa University and Dartmouth University and is a member of the Southwest Conference Football Officials Association.

Mr. Hays served in the Navy during World War II, introducing rocket warfare in both Theaters of Operation. He was discharged with the rank of Commander.

The banquet meal will be prepared by Mrs. C.M. Aaron, and table decorations and arrangements are by the wives of officers and directors.

Templeton for County Attorney

R.L. Templeton has authorized The Wellington Leader to announce his candidacy for County Attorney of Collingsworth County, subject to the action of the Democratic primary. His statement follows:

Collingsworth County is a good place to live and to bring up children and enjoy the good life.

I have the age and maturity and experience to know how to perform the duties of County Attorney in a courteous and considerate manner. I have always enjoyed working for the public. My 2 years as a Legislator, 10 years as a County Judge and 8 years as County Attorney have given me the maturity and experience to know how to do the job in a pleasant manner.

I take this opportunity to tell my friends that I will appreciate their vote, support, and influence in the May 6th Democratic Primary Election for the Office of County Attorney of Collingsworth County, Texas.

I hope to see each and every voter to personally ask for their vote and influence in this election, but if I fail to see you, please accept this as my personal request for your vote for the office of County Attorney on May 6th.

Raymond Patton Dies Tuesday In Amarillo

Raymond Patton, whose association with Wellington grocery stores, both as employee and owner spanned more than 30 years, died in St. Anthony's Hospital in Amarillo at 11:00 a.m. Tuesday, February 1. He would have observed his 66th birthday on February 12.

Funeral services will be conducted at 10:00 a.m. Thursday at First Baptist Church, with the Rev. Roy Collins, pastor, officiating. His body will be taken to Anadarko, Oklahoma, for burial Thursday afternoon. Kelso Funeral Home is in charge of arrangements.

Mr. Patton was born February 12, 1906, in Broken Bow, Nebraska, and came to Wellington with his family in 1937. He first worked for Steve Owens then became an employee of Temple Slay Grocery. In 1949, he and a fellow employee, Luther Sullivan, bought the business from Mr. Slay and formed a partnership in the City Grocery, which they continued to operate 20 years, selling it in 1969 to J.C. Hartman and James McDanel.

Norwood Lions Hold Auction Sale Feb. 12

Samnorwood Lions Club will hold its annual consignment auction Saturday, February 12, at Dozier, President Jimmy Brown announced. It is to be one of the larger auctions of farm machinery and equipment in the county this spring. It will begin at 10:00 a.m.

A major item will be the auctioning of the Thompson Grocery Stock and equipment at Dozier. Jimmy Thompson, owner, has closed the store and moved with his family to Fritch.

Also to be auctioned are tractors, farm machinery of all kinds, trailers, trucks, seed, livestock and equipment, hay, some irrigation equipment and many miscellaneous items.

Consignments will be accepted until auction time, according to Rudie Tate.

Jerry Jernigan will be the auctioneer and lunch will be available at the auction site.

Mr. Tate pointed out that if bad weather prevents the sale from being held on Saturday, February 12 it will be held the following Saturday, February 19, at the same place and time.

Cotton Harvest Almost Over With 14,700 Bales Gathered

Collingsworth cotton growers have ginned approximately 14,700 bales and the 1971 crop is estimated at between 95 and 98 per cent gathered, gin managers told The Wellington Leader this week.

"I'm in my 48th year as a ginner and I have never seen a crop like this one," declared veteran cotton man Alonzo Cartwright, citing the fact that cotton harvest did not begin in Collingsworth until the week before Christmas. Not in many years has it hung on until February.

This was not a cotton year, long-time cotton farmers declare. Weather produced a drouthy pre-planting period and less than normal rain in the summer; hot, burning weather in late July and an unseasonably cool spell in August.

Offsetting one of the shortest cotton crops in recent years is the highest price it has brought in several seasons, much of the crop going at above 30 cents and some at 34 and 35 cents. The price stayed up until about half the crop was harvested and then began to decline. Jack Kopp of Farmers Co-op Gin pointed out. With the late-season drop in quality much of the cotton now is barmy and is selling for around 27 and 28 cents -- still better than good cotton brought last year.

The grade remained high during much of the season, although the staple was short and some of the lowest micronaire readings since that be-

came a factor in the price. Penalties because of this have ranged from 25 to 275 points, one ginner said.

Mr. Cartwright said his company, Chickasha Cotton Oil Co.,

had predicted prior to cotton planting that the price would be good, and he urged his customers to plant their full allotments. Some took his advice and benefitted.

Mr. Kopp cited two more immediate reasons: first, the lateness and shortness of the crop, which caused buyers to fall short on their commit-

SISTER MARY PERPETUA AND GARNER ALTOM

Pampa Man Named New Hospital Administrator

Garner H. Altom, assistant administrator of Highland General Hospital in Pampa, is the new administrator of Collingsworth General Hospital. His selection was made final Friday, January 28, by directors of the Collingsworth County Hospital District and announced by President George Henry.

Mr. Altom is already working as much as possible with Sister Mary Perpetua, administrator of St. Joseph's Hospital, and after February 17, he will be here full-time. The two will work jointly until the time

that the Dominican Sisters turn the hospital over to the District.

It is necessary to appoint an administrator at this time in order that all licenses, medicare numbers and other legal preparatory papers may be issued to the district, Mr. Henry said.

February will be a transition period, Sister Mary Perpetua and Mr. Altom explained.

Here with him Saturday was his wife, a licensed vocational nurse and personal nurse to a Pampa doctor.

"We are looking forward to becoming part of the community," he declared.

Personnel and lay staff members now employed at St. Joseph's Hospital will not be disturbed in any way, Mr. Altom assured, except to add professional staff members.

"I want the employees to be part of our solution. We need all the help we can get," declared the new administrator.

"Our immediate aim is to secure registered nurses and licensed vocational nurses necessary to continue good nursing care and comply with requirements of regulatory bod-

ies under which the hospital must operate," Mr. Altom continued. These include, Medicare and the Joint Commission on the Accreditation of Hospitals.

One place was filled recently when Mrs. Retta Knox of

Christian Asks Re-Election

CLAUDE --- Today Rep. Tom Christian, Claude farmer-stockman, is announcing his candidacy for re-election to the Texas House of Representatives.

He will be seeking his third term in the newly-created Sixty-Sixth District which includes Gray, Wheeler, Armstrong, Donley, Collingsworth, Briscoe, Hall, Childress, Floyd and Motley counties.

Christian, long an advocate of reform in Texas government, said, "I will continue to push for changes in House rules and procedures, including limitation of the powers of the Speaker of the House."

Christian added, "I believe

TB Control Clinic Slated on Tuesday

The quarterly Tuberculosis Control Clinic serving Collingsworth and surrounding counties, will be held Tuesday, February 8, and will be the last which some of the patients will have to attend. It will be in Bura Handley Community Center.

More than 100 area residents, both adults and children, who are being treated by chemoprophylaxis, will have appointments, according to Mrs. Ernest Harwell, who is in charge of appointments and of x-raying patients.

Hours of the clinic are 7:30 a.m. to 5:00 p.m.

Miss Bonnie Willis is in charge of recruiting workers.

Dr. Robert McCarty, director of Region 1, State Health Department TB Control Division, Lubbock, conducts the clinic here. Working with him are Audra Hopsapple, RN, of Lubbock, and Marilyn Metcalf, RN, of Amarillo.

Some who have attended the clinics during the past year according to Mrs. Harwell at St. Joseph's Hospital this week.

The highest number treated at the clinic during its year of operation is about 130.

The clinic is the outgrowth of a county TB testing program in January 1971, in which more than 1600 persons received the Mantoux (skin patch) test. There were 65 reactors. Those from several near-by counties were brought into the clinic program.

Drug therapy is the selected treatment. A single drug, isoniazid, is used for chemoprophylaxis in daily dosages, based on body weight. This drug is available only from the Texas State Health Department, and patients receive it without cost.

The clinic will be continued here as long as there is a need for it.

Cates Runs for Representative

Phil Cates, a native of Lefors and incumbent State Representative from this district, has announced he is a candidate for re-election from the 66th Legislative District which was formerly the 79th Legislative District.

During the past 62nd legislative session, Cates served on several committees which included: Oil, Gas, and Mining; Conservation and Reclamation; Livestock; Youth; Selection of Texas State Artist; and Public

Dramatic New Herbicide Tested on County Ranch

Tordon 225, the new herbicide for mesquite control that is being called "a major breakthrough in the state's war on 88 million acres of brush," was tested in 1970 and 1971 on a Collingsworth County ranch under the Northwest Texas Research Demonstration Program, with good results.

The federal government approved the new herbicide last week for non experimental use.

Dwane Scott, farm demonstration assistant, said the Tordon 225 mixture was put out in an experimental test plot on the Paul Montgomery Ranch in the southwest part of the county.

Although the drought both years had a definite bearing

on the performance of the herbicide, the plots were evaluated and Scott said they "looked pretty good."

Dr. Roy Miller of Vernon, ranch specialist with the Agricultural Extension Service, put down the mixture and was the advisor for the project demonstration.

"It's one of the best. It has 2-4-D beat pretty bad as to regrowth and other factors," said Scott.

He cited work at the Spur Experiment Station which he, County Agent Don Reeves, Zook Thomas, Lefty Thomas and Troy Gene Thomason visited. Mr. Scott noted that Tordon 225 also was effective on shiner and sage brush at Spur.

"It's not a wonder deal, but it's better than anything we've had before," he added.

Tordon 225 mixture has been widely tested in Texas since 1963 but will become available for non-experimental use on the range for the first time this season following registration by the U.S. Environmental Protection Agency.

"No question about it, this is the best brush killer we've ever had," said C.E. Fisher, Lubbock, who heads Texas A&M's extensive field research program in brush control.

Fisher said Tordon 225 consistently has killed approximately two times more brush than previous herbicides in tests on 20 range sites throughout the state. He expects ranchers to begin use of the new material on a wide scale this year.

Texas ranchers first were given an opportunity to try the new chemical on rangeland during the 1970 brush spraying season under terms of an experimental label granted by the Texas Department of Agriculture. The material was not available in 1971 while evaluation of the experimental program and previous data continued.

The herbicide is "what we've been praying for three years," said John A. Matthews of Abilene. He said it is the most effective herbicide yet developed for fighting brush.

"It's not the complete answer, but it does much more than any methods now used," he said.

Testing by chemical companies and land grant colleges found that there was no danger in the herbicide, he said.

Matthews said it was tested to determine its "carriability in the underground aquifer" and was found to cause no problems.

Usage will be restricted near towns or municipal water supplies.

The herbicide kills cactus, mesquite and several types of brush, he said.

Restrictions also will be placed on the number of applicants approved to use the herbicide.

Matthews, chairman of the Texas Brush Control and Range Improvement Association, a rancher's organization that has funded certain research projects to test Tordon 225, said brush has moved in on 88 million of the 107 acres of rangeland on which Texans grow 10 per cent of the nation's beef and 20 per cent of its wool and the need for better control methods is urgent.

Dr. J.B. Grumbles, Lubbock, director of brush control field research in Texas for Dow Chemical Co. said the label recommends use of one quart of Tordon 225 per acre in West Texas and twice that much in South Texas. He said cost is expected to range from \$5 to \$10 an acre. He added that only bonded aerial applicators who have attended special schools will be authorized to apply Tordon 225 and that application will be monitored by Dow personnel.

J.H. Davis

GTE Appoints Davis Memphis Division Head

MEMPHIS -- J.H. Davis of San Angelo has been named new division manager for the Memphis division of General Telephone Company effective February 15. He replaces Sherron T. Lee who is being reassigned to the General Office in San Angelo, according to W.A. Leigon, Western Area general manager of Brownfield.

Lee will become a traffic engineer in the Traffic Department in the company headquarters. Leigon said Lee is being reassigned because of back ailment which prevents him from traveling and handling similar duties required by the division manager's job. Necessary medical treatment will also be readily available in San Angelo.

Davis, currently service results administrator in the San Angelo headquarters, has served in several positions in the 35 years he has been with General Telephone. He joined the company, in 1937 in Gonzales as a storeroom keeper.

Since that time he has served as plantman, commercial engineer, commercial manager, district manager, district commercial superintendent, and staff assistant in the headquarters office. He became general commercial supervisor in 1960.

The Commercial Department was consolidated with the Plant Department early in 1971 for better coordination of customer service and Davis was named service office methods administrator at that time. He assumed his present post as service results administrator in September of last year and has been responsible for coordination of all activities designed to improve the technological and administrative performance of the Service Department.

In past years, the new division has been active in Community Chest and United Fund work, Lions and Rotary clubs. He enjoys hunting, fishing, amateur radio and boating as hobbies.

He and his wife, Dolores, have three daughters, Mrs. Jim Herbert of Austin, Susanne, 14 and Cynthia, 9, both of the home.

Lee has been division manager in Memphis since January 1968.

County Schools In Conservation Essay Contest

Students in the three county schools are participating in the essay contest which is part of the 1972 Texas Conservation Awards Program.

This year's subject is Conservation -- The Key to Survival.

The contest within the county is sponsored by Salt Fork Soil Conservation District, and cash awards of \$5 will go to each class winner and \$15 to each of the three school winners.

The first, second and third place regional winners will receive trophies, and the state winner will be awarded a \$100 cash award and trophy.

Billy Moseley is the contest director for Salt Fork SCD.

Winners locally will be announced about mid-February.

December Bond Sales \$4,467

December sales of Series E and H United States Savings Bonds in Collingsworth County totaled \$4,467, according to County Bond Chairman, J.T. Forbis. Sales during 1971 amounted to \$37,794. This represents 38 per cent of the sales goal of \$100,000.

Texans purchased \$15,207,564 in Savings Bonds during the month. Total Bonds sales for 1971 were \$199,830,508 for 110 per cent of the state's goal of \$181.9 million. One hundred six counties and twelve districts in the state achieved their 1971 goal.

Questions People Ask About the Catholic Church

Q. What does the word "Catholic" mean?
A. Universal! Jesus founded His Church for all men, all races, all nations, for all time, and the Catholic Church is the only organization that answers that description.

Q. Does the Catholic Church forbid horse-racing?

A. No! As a matter of fact, I have an uncle in England who owns a string of prize horses. Any kind of sport or gambling is lawful, as long as it is honest, and as long as it does not cause serious harm to anyone, such as serious waste of money, neglect of family, etc.

Collingsworth County FARM NEWS

By Don Reeves
County Agricultural Agent

The pink bollworm does not generally cause damage to cotton in Collingsworth County but infestations of this insect were found in several Rolling Plains counties this past year. Heaviest infestations were observed in the southern part of the area but infestations were also found as far north as Wichita County during the growing season.

The pink bollworm larvae is the overwintering stage of this insect. Should larvae be allowed to overwinter in cotton bolls left on the turn row or in cotton left in the field, infestation could cause considerable damage to the 1972 cotton crop. To reduce this threat, boll piles left on the turn row should be taken to the gin for processing or otherwise destroyed. Residue left in the field should be turned under to a depth of at least 4 inches or this residue should be left on top of the soil. Turning soil under only one or two inches only protects the pink bollworms from cold temperatures.

Cotton at the gin in the

greenboll pile should be ginned at the end of the season and the equipment should be cleaned to make sure all sites where pink bollworms might overwinter have been removed. It will take the cooperation of producers and ginners to make sure the pink bollworm does not pass the winter in large enough numbers to damage the 1972 cotton crop.

Democrats Set Voter Quota at 2163 for County

The "Operation Everybody!" voter quota for Collingsworth County has been set by the Texas Democratic Party at 2163, according to County Chairman Mrs. John Coleman.

"That figure represents 65% of our estimated eligible voting population," Mrs. John Coleman said. "The state goal of the Democratic Party is to have five million Texans registered between now and April 5, 1972, the last day to register in order to be eligible to vote in the May 5 primary."

"Operation Everybody!" is a project of the State Democratic Executive Committee. "Voter registration is free, but everyone must register in order to vote in the 1972 elections," Mrs. John Coleman said. Application forms are at the County Tax Assessor's office in the courthouse.

A special plea is being made to all 18, 19, 20 year olds to register and take advantage of the new law which entitles them to vote for the first time.

Religious Art Exhibit Due

The First Christian Church of Perryton is holding its fifth annual Easter Festival of Religious Arts, in which Collingsworth County artists are invited to exhibit.

This is an area-wide, undominational event, in which many towns of the Panhandle are represented. Works of both amateur and professional artists are shown.

Participating artists will be honored at the opening tea on Palm Sunday. The exhibit will close Monday, April 10.

Paintings, drawings, water color and sculpture are accepted in any medium, and they must be original. Paintings and drawings must be framed, ready to hang.

Subject matter is restricted to religious theme, portraying the Easter season in a fresh, new way -- visual semi abstract or abstract manner.

The entry deadline is Thursday, March 23, at 4:00 p.m. at First Christian Church office. There are no awards or judging and no entrance fee.

Winona Molesworth of Lake Tanglewood, Amarillo is the festival chairman and co-chairman is Mary Lou Hummer of Perryton.

Maudine Reed, Max Paschall Plan Church Ceremony Here February 22

Mr. and Mrs. Grady Reed, 206 El Paso Street, have announced the approaching marriage of their daughter, Maudine, to Max Paschall, the son of Mr. and Mrs. M.W. Paschall of the Lutie Community.

The couple has chosen Saturday, February 26 for their wedding, which will take place at two in the afternoon at the Church of Christ.

Miss Reed is a senior in Wellington High School this year. Her fiancé was graduated from Samnorwood High School and attended Clarendon Junior College. He is presently engaged in farming at Lutie.

Potatoes Not Always Fattening, It's What You Add to Them

COLLEGE STATION, -- A popular misconception about calories and increased competition with other foods are the main reasons Americans are not buying as many potatoes these days, says Frances Reasonover, Extension Foods and nutrition specialist.

Since 1950, there has been a marked drop in the per capita consumption of potatoes in this country. The growing concern of the public with calorie intake and the mistaken belief that potatoes are high in calories are underlying factors.

"Although potatoes are higher in calories than most vegetables, they are considerably lower than many other foods in the daily American diet," she explains. A baked or boiled potato has fewer calories than the same amount of avocados, lima beans, bran flakes, prunes, rice or sweet potatoes.

Potatoes prepared without butter or cooking oil, or served without gravy also have fewer calories than most fruits canned in heavy syrup, she adds.

Starch, often considered the reason potatoes are fattening, and other nutrients make up only 20 percent of the potato; the remaining 80 percent is water.

"If potatoes had to be your only source of nutrients, they would provide all the riboflavin, one and one-half times the iron, three to four times the thiamine and niacin, and more than ten times the vita-

min C you need. Potatoes also contain many important mineral elements and they supply a significant amount of protein as well," she contains.

As for the convenience of potatoes, Miss Reasonover reminds that potatoes come in more than 50 quick and easy-to-prepare forms. Processed potato products include dehydrated "instant," canned potatoes and ready-to-eat chips, as well as a variety of frozen, packaged potatoes and prepared potato dishes.

Wesleyan Guild Meets Thursday

Instead of New Year's Resolutions, New Day Resolutions were suggested to members of the Wesleyan Service Guild Thursday, January 27, as they met in the chapel of First United Methodist Church.

Mrs. Donald Settle was hostess.

Mrs. R.T. Dyess presented the program, "Look What's New! 1972 What are we going to do with it?" In this, members were asked to consider their resolutions each day, then they, too, were brought into the discussion.

Goals for the new year were set, among them to enlist two new members by March and to be 75 percent in attendance throughout the year.

More Women Sewing More

COLLEGE STATION, -- The old saying is that "clothes make the woman", but retail fabric sales are zooming and the saying might be changed to "women are making the clothes".

This is the word from Becky Dunlap, Extension clothing specialist at Texas A&M University. Almost one of every three garments worn by women and children are being made at home; and the market for fabrics is expected to increase about seven to ten per cent annually for the next several years.

Take into account the fact that home sewn garments cost 50-60 per cent less than ready-to-wear clothes, and it is easy to see why home-sewing is becoming more popular.

The average family income of home sewers is \$9,500 a year. More than one-fourth have incomes of \$10-15,00 annually.

Recent figures say that 44 percent of all sewers are less than 30 years old; and 16 percent are under 20 years old. Pattern companies estimate that some 45 million home seamstresses make about 500 million garments a year, according to Miss Dunlap.

Lillie HD Club Names Officers

Lillie Home Demonstration Club members elected new officers during the business session of their meeting Thursday, January 27. Mrs. Marvin Garrison was hostess.

The new officers, who will be installed July 1, are Mrs. Philip Daniels, president; Mrs. Bill Langford, vice president; Mrs. Fred Yarbrough, secretary-treasurer; and Mrs. Elmer Haralson, council delegate.

Mrs. L.M. Bartlett, president, was in charge of the meeting, and Mrs. Garrison gave the devotional and read a prayer, "Lord, I've Got to Talk to Someone."

During roll call, each member told how long she has lived in Collingsworth County, and for a number it was All my life! Most had been here 45 years or more, some 54 to 56 years. Only a few had lived here less than 5 years.

Plans were made for a party entertaining the husbands on February 10.

During the recreation period, Mrs. Garrison played a group of piano numbers and members sang.

Refreshments were served to Mrs. L.M. Bartlett, Mrs. Ozro Bartlett, Mrs. Malcolm Horton, Mrs. Bill Langford, Mrs. Henry Langford, Mrs. Bill Hill, Mrs. Charley Hill, Mrs. Haskell Manuel, Mrs. Dudley Phipps, Mrs. Lowell Wells, Mrs. Gabe Wright, Mrs. Fred Yarbrough, Mrs. Phillip Daniels, and Mrs. Garrison.

Malicia Junod has enrolled in Clarendon Junior College as a freshman. She is also employed in the office of George Bourns, director of public relations for the college.

Phyllis Thomas has enrolled as a second semester freshman at Clarendon Junior College, transferring there from West Texas State University.

Pvt. Jerry Hobbs of Ft. Polk La., visited recently with his wife, Linda, who is staying with her parents, Mr. and Mrs. Leon McClendon, while he is in the service. Accompanying him was a friend, Pvt. James Jindrich, also of Ft. Polk, and joining the group here was Miss Judy McClendon from Amarillo.

\$400 million each year on sewing machines, an average of \$200 per machine.

Miss Dunlap attributes this increased popularity to several factors, with one of the most important being that many women use sewing as an outlet for self-expression and creativity. Dissatisfaction with the quality of ready-to-wear garments in retail stores is another factor. Increased leisure time and the desire to save money also contributed to the renewed interest. A national magazine estimates that 85 percent of American teenage girls sew some of their own clothes.

1954 Study Club Names Officers, Hears Program on Drug Education

Mrs. Cal Hurst was hostess to members of the 1954 Study Club Thursday, January 27, for a program on drug education, followed by the election of officers.

The student speaker was Earl Hartman, selected by the Wellington High School Faculty as a student leader in the drug education program, a permanent part of the high school curriculum.

Earl explained the different groups of drugs considered harmful, including narcotics, depressants, stimulants, hallucinogens and marijuana. He told

the effects each has on the body and mind, what the drugs look like as they are sold to the user, along with other pertinent information.

Two club members, Mrs. Wayne Cudd, and Mrs. R.L. Templeton, then presented a short skit, Dr., Why am I so tired?

Mrs. Leon Hartman was the program chairman.

During the business session Mrs. Fred Cox was elected president; Mrs. Don Reeves, first vice president; Mrs. Kenneth Maxwell, second vice president; Mrs. R.L. Templeton, secretary; Mrs. Wayne Cudd, treasurer; Mrs. E.W. Clement,

Mrs. Lynn Courtney, parliamentarians; Mrs. Cal Hurst, reporter; Mrs. Paul Spillman, historian; and Mrs. A.J. Fires, recreation counselor. They will be installed later in the year.

Refreshments were served to Mrs. Clement, Mrs. Courtney, Mrs. Roy Collins, Mrs. Cox, Mrs. Cudd, Mrs. Fires, Mrs. Hartman, Mrs. Hurst, Mrs. Jerry Nix, Mrs. Virgil Patterson, Mrs. Reeves, Mrs. R.L. Templeton, and Earl Hartman.

Carey Lewis Joins Sorority

Carey Anne Lewis, daughter of Mr. and Mrs. Robert Lewis, 1203 East Ave., has been initiated into Zeta Tau Alpha Sorority at West Texas State University, Canyon.

During the fall semester she completed requirements of pledgeship and scholarship. She is a freshman student, undecided on her major.

Fix-It Tip

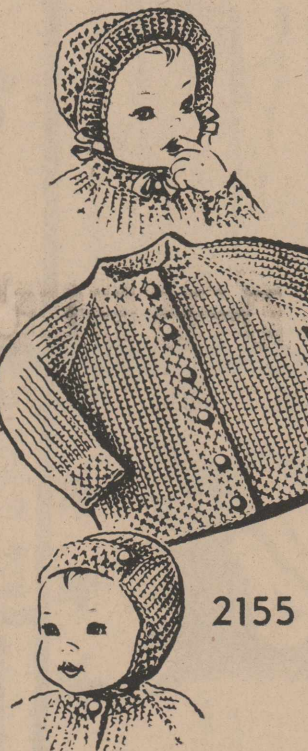

The mender for a rubber garden hose is usually a short tube or nipple with a clawlike metal flange around the middle. The tube is inserted in both ends of the hose and the metal prongs pounded down. Some menders are nothing more than the brass tube, held in place with separate hose clamps.

BUTTER -- Be sure to cover butter or margarine when you store it in the refrigerator. Both butter and margarine will absorb odors.

SPICES -- What spices are considered sweet? Allspice, cardamon, cinnamon, cloves, coriander, ginger, nutmeg, and mace.

Women of First Methodist Church Study Africa During February

A study of Africa will be given for women of First United Methodist Church in a series of lessons through February.

Mrs. R.T. Dyess will teach the course for the Women's Society of Christian Service which meets Friday mornings at 9:30, and Mrs. Barney Glenn for the Wesleyan Service Guild. This group will meet each Thursday evening during the month at 7 p.m.

The study will be based on the book, The New Generation in Africa and other books. It will cover the culture of the African people, their living habits and customs, something of their various religions, and it will touch on their politics. Since Africa is a continent of many nations and dependencies, populated by native whites in the north and blacks to the south, and by those of European descent, the study will be general in nature to cover all of these.

Visitors are welcome to both the WSCS and Guild meeting.

Happy Homemaking

By BARBARA BAKER

If you scrub floors on your hands and knees, here's a way to save your knees: Take a scrap piece of lumber about 12 inches square and put rollers on the bottom at each of the four corners. Glue a piece of foam rubber to the top and cover this with a scrap of cloth. You'll be able to scoot across the floor with just the touch of a finger.

If the vacuum cleaner bag is emptied into a WET paper

bag, there will not be so much dust flying around.

Most children's shoes make a black mark here and there on the floor. By using an ordinary pencil eraser, these can be taken off without hurting the wax or scrubbing so hard.

Use an orange stick inside a damp rag to clean around the wood of window panes. It is handy for getting into corners and under ridges.

B&PW Banquet

State Representative Dean Cobb of Dumas was the speaker at the annual guest banquet of the Business and Professional Women's Club January 25. With him are Mrs. Charles

Darter, second from left, club president; Mrs. Rob Isbell and Mrs. Wayne Parker, who headed committees planning the banquet.

Dumas Representative Reviews New Legislation at B&PW Banquet

Looking briefly into pending legislation facing the Texas Legislature, Representative L. Dean Cobb of Dumas was the guest speaker at the annual guest banquet of the Wellington Business and Professional Women's Club Tuesday evening, January 25. Mr. Cobb represents the 77th District.

There will be an in-depth study of school financing, he told the group, in order to keep schools that the state is proud of and to preserve the integrity of their independence. It is not a plan to socialize education, it is a challenge to meet the mandates of the court, Mr. Cobb declared.

Work of the legislature does not stop when the members go home, he reminded, but continues as interim studies in preparation for the next session.

Welfare will loom large in Texas in the months ahead. It is one of the reasons for a special session, as the second year of welfare was not funded when the regular appropriations were passed. Federal legislation is now pending, which Mr. Cobb predicted would have a dynamic effect on welfare, and this will have to be meshed into the state welfare program.

The youthful legislator urged that his listeners not subscribe to the doomsday policy because of the problems Texas faces, but rather to take these as a challenge to look on the spectacular side.

Mrs. Charles Darter, president, presided and Mrs. Wayne Parker welcomed the guests. The invocation was by Mayor John Coleman and Mrs. Rob Isbell introduced the speaker.

Special entertainment was furnished by Cliff Rogers, director of music at First Baptist Church, who sang America the Beautiful and America. He was accompanied by Mrs. Tru-

man Estes, pianist.

In charge of table decorations were the public relations committee, including Mrs. Parker, Chairman, Mrs. Estes, Co-chairman, Mrs. A.A. McQueary and Mrs. Louise Templeton; and the legislative committee, headed by Mrs. Isbell with Mrs. Dan Henard as a member. The theme was patriotic and bipartisan, using flags, donkeys, elephants, and red, white and blue programs.

Guests and members attending were Mr. Cobb, Representative Phil Cates of Lefors, Mr. and Mrs. Coleman, Mr. and Mrs. Isbell, Mrs. Parker, Mrs. Henard, Mrs. Templeton, Mrs. Bura Handley, Mrs. Estes, Mr. and Mrs. E.H. Harwell, James H. Kelso, Mrs. J.L. Hays, Miss Doris White, Mr. and Mrs. V.K. Guests in the home of Mr. and Mrs. J.B. Wade and Brent last Sunday were Mr. and Mrs. Don Moore and Melissa of Memphis and Mr. and Mrs. Jimmy Black and children.

Mr. and Mrs. Joe Simpson are visiting with their daughter and son-in-law, Mr. and Mrs. W.F. Harrison, of Muleshoe.

First United Methodist WSCS Hosts District 'Day Apart' Service Tuesday

Women of First United Methodist Church were hostesses Tuesday, February 1, for the Pampa District Day Apart, an observance attended by women of 8 churches.

Mrs. Cliff Akers of Phillips, chairman of spiritual growth for the District Women's Society of Christian Services, was the speaker, presenting a book review, "A Second Touch" by Keith Miller. This details the author's experiences as a church man growing in faith. This began with prayer and meditation at home, and branched out into his work for others. Finally, he believed he had reached the point that he was serving God to the best of his ability. The women then divided into five discussion groups, each discussing a part of religious life.

Mrs. James Sullivan gave as a whistling solo, "Whispering Hope."

Mrs. Cecil Masten, president of the 1st Methodist Women's Society of Christian Service, was presented a life membership and gold pin by the Rev. R.T. Dyess, pastor.

Mrs. J.D. Edmondson of Phillips, district president, conducted the business session and others taking part on the program were Mrs. Charlene Rainey of Allison, sub-district president; Mrs. Jack Davis, Northwest Texas Conference secretary for the Wesleyan Guild; and Mrs. Barbara Whittle of Shamrock, district WSCS vice-president.

Members were briefed on the uniting of the WSCS and Guild, the two major women's organizations within the United Methodist Church. This is due to be finalized within the next few years.

A luncheon followed with the theme "New Life" carried out.

Those registering were Mrs. J.D. Edmondson, Mrs. V.R. Ratzlow and Mrs. Cliff Akers of Phillips; Mrs. J.E. Black of Phillips; Mrs. J.R. Black, Mrs. George Parker and Mrs. Charlene Rainey of Allison; Mrs. J.M. There will be two games Friday, at 7:00 and 8:30, and the championship Saturday night at 7:30.

Mrs. LeDerer Dies January 21 at Tyler

Mrs. Fred LeDerer, prominent in music and church here for many years, died in a Tyler hospital Friday, January 21, after a short illness. She moved there 9 years ago.

Mrs. LeDerer, the former Zena Z. Ferrell, came to Collingsworth County as a teacher. She was married here to Fred LeDerer, for many years owner of LeDerer Hardware, and a former Wellington Mayor. He preceded her in death a number of years ago.

Her birthplace was Carrell. She was a member of the Eastern Star, 1924 Study Club, and Baptist Church while living here. She was active in school affairs while her son, Dr. James Frederick LeDerer, was growing up. In Tyler, she was president of a society for the blind.

A talented musician, Mrs. LeDerer was a pianist, played the accordion, and sang. As long as her health permitted, she gave generously of these talents to the community.

Funeral services were conducted at Green Acres Baptist Church in Tyler at 10:00 a.m. Monday, January 24, with John Mellvain and the Rev. J.W. Dixon officiating. Burial was in Dover Cemetery in Smith County.

Survivors are her son, Dr. LeDerer of Paris; two sisters, and one brother, Miss Maye Armstrong of Longview, Mrs. Lora Tucker of Lubbock and A.T. Armstrong, Sr. of Lindale. There are three grandchildren. Mr. and Mrs. Frank Eikenburg of Dallas notified friends here of her death. Mrs. Eikenburg was Mr. LeDerer's niece.

Frank Phillips College Offers 150 Scholarships

President J.W. Dillard of Frank Phillips College in Borger, announced in Wellington, Tuesday, February 1, a number of scholarships to be given beginning freshmen.

The regular semester "Package-Deal", room and board, tuition and fees, books, yearbook, activity ticket and college newspaper, amount to \$550.00. Mr. Dillard pointed out.

However, a \$50 scholarship will be awarded to each of the first 150 beginning freshmen students who apply for admission to Frank Phillips College for the fall semester of 1972, reserve a room in the college dormitory and make the required \$35.00 deposit.

This scholarship can be presented to the cashier in the business office of Frank Phillips College at the time of paying during the fall registration and it will be honored for its face value on the total bill, which will then be \$500.00.

EASTER SEAL TEAM

1971 Miss America Heads Seal Drive

Miss Phyllis George of Denton, Miss America 1971, has been named Chairman of the 1972 Easter Seal Campaign in Texas. Miss George is pictured with six-year old Jennifer Johnson of Fort Worth, who has learned to walk at an Easter Seal rehabilitation center, and is one of the 21,562 crippled children helped by the Easter Seal Society.

Rodney Hargrave of Dallas, President of the Easter Seal Society for Crippled Children and Adults of Texas, announced that Miss George will lead over 35,000 volunteers in the annual appeal for funds.

County Pioneer, Mrs. F. A. F. Page, Dies Monday

Mrs. F.A.F. Page, 96, who came to Collingsworth County from England in 1905, died in Shamrock General Hospital at 6:00 p.m. Monday, January 31, after a lengthy illness.

Married to Mr. Page in High Wycombe, Buckinghamshire, about 20 miles west of London, they came here to join others from England in settling what was still a frontier ranching country. This was an era which took the Englishmen and their families to almost every corner of the world, and in the Panhandle, their influence was strong in the Collingsworth-Donley-Wheeler County area. For many years, this was called one of the most Anglo-Saxon areas of the country. She and Mr. Page were early leaders in St. Michael and All Angels Episcopal Church in Shamrock, and this devotion continued throughout her life.

In later years, Mrs. Ellen Kate Page spoke of the loneliness of the country when she came and "the wonderful neighbors who taught me a new way of life in strange surroundings."

There was much to learn. Washing and ironing clothes, making lye soap and planting a garden were all new to her.

She was reared in army barracks by her father who was a major with the Grenadier Guards 50 years, and educated in a Church of England school for girls.

The couple moved to Shamrock in 1926. They ran a grocery business during the first few years, and later farmed in the area. Mr. Page died in 1944.

During World War II, Mrs. Page believed she could serve her country best by being local chairman of knitting for the American Red Cross. She was to knit 65 sweaters, 60 helmets, 34 pairs of socks, 40 beanies, 14 scarfs and eight knitted suits for children.

Survivors include four daughters, Mrs. Phyllis Crosby and Mrs. Duke Morgan, both of Shamrock, Mrs. Marjorie Rasberry of Childress, and Mrs. Rosalie Bland of San Diego, Calif.; one son, Fred W. of San Angelo; and eight grandchildren and 13 great-grandchildren.

ed that Miss George will lead over 35,000 volunteers in the annual appeal for funds.

As State Easter Seal Chairman, Phyllis joins with 234 local Easter Seal Chairmen and Representatives throughout Texas who are participating in the annual funds appeal of the Texas Easter Seal Society. Last year, 21,562 crippled children and adults in Texas received rehabilitation and other services rendered by the Texas Society through a statewide network of affiliated Easter Seal Societies which includes 19 treatment centers.

Awards as Miss Dallas 1970 and Miss Texas 1970 preceded Miss George's successful competition for the Title of Miss America 1971. She was named Texan of the Year for 1971 and nominated to Outstanding Young Women of America for 1971. In her role as Miss America, she took the "Miss America USO Show" to Viet Nam for the enjoyment of troops stationed in that country.

Eighth Grade Downs Hedley

Wellington eighth grade boys and girls defeated Hedley in a double header played here Monday, January 24, the Firecrackers winning 48 to 32 and the Crackerettes 28 to 6.

"The girls showed improvement, coming off a victory over Samnorwood with lots of hustle and determination. They're back in the win column again," said Coach Carroll Nunnelley. The Crackerettes allowed their opponents only one point in the first quarter and made 5 for themselves. At halftime the score was 16-5 and at the third quarter 22-6. Hedley did not score in the fourth but Wellington added 6 points.

Sherry Peeks scored 12 points for Wellington, Holland 5 for Hedley.

Wellington boys had one of their better games of the year, although they trailed 14-9 at the end of the first period. They had pulled ahead by three points, 21-18 at the half and led 33-23 at the third. Three boys scored in double figures, unusual in a junior high game. Richard Sims accounted for 13, George Brewer 11 and Neal Cochran 10. Jesse Freeman had 14 for Hedley.

It was the third time this year the teams have met. Wellington girls won the first game, played at Hedley, 17-15, while the boys lost 48-32. They met again in the Hedley tournament with Hedley girls taking the game 18-16, and their boys winning 41-39 in the championship finals. Both Wellington teams have shown steady improvements since then.

We are anticipating they may meet one more time, in the Shamrock tournament this week end, if both make it to the finals and it is likely they will, said Coach Nunnelley.

Purcell Community Amendment Adopted

Washington . . . Rural communities can look forward to sharing the economic growth potential of the 1970's, said U.S. Rep. Graham Purcell (D Tex) following today's House Agriculture Committee adoption of Purcell's amendment to a Rural Development Act currently under study by the Committee.

Purcell's amendment is specifically designed to finance the development of industry and jobs in small town America. The bill, now that it contains the Purcell authority, offers Federal grants to local community-oriented industrial development organizations for their use in planning, developing, and constructing facilities necessary to attract outside industry. Additionally, the Purcell amendment will provide Federal loans to business and industrial concerns as a further incentive for their relocation or expansion into Rural America.

Never before has such a strong and comprehensive bill been prepared for a floor vote on whether or not we can continue to let the resources and energies of Rural America slide by unused, the veteran Texas Democrat stated. The potential of our smaller rural communities has at last been recognized, Purcell said.

Asked about the prospects of the new bill being enacted, Purcell said, "We are not dealing with a partisan issue. We are dealing with a Congressionally generated answer to a critical problem which affects

Veterans Should Know Location Of Documents

A veteran should know exactly what benefits his survivors are entitled to upon his death, the Veterans Administration cautioned today, reminds Riley Dunson, Veterans Service officer.

Family documents, such as military discharge papers and birth and marriage certificates should be kept where they are protected from fire and theft, but readily available.

Good advice, VA states, is for veteran and his wife to discuss openly the locations of these papers and where to turn in the event of his death.

Veterans service organizations as well as VA offices, can be of immeasurable assistance in times of death.

Other important documents that should be safeguarded include separation papers, death certificates, divorce decrees and guardianship or child custody evidence, VA says.

GI insurance policy numbers VA "C" numbers for all VA correspondence, commercial insurance policies, Social Security numbers and naturalization papers are all important in claiming benefits.

CJC Announces Homecoming Date

Clarendon - At a recent meeting of the Executive Committee of the Clarendon College Ex-Student Association plans were made for the 1972 Ex-Student Reunion.

April 14, 15, and 16, 1972 mark the dates for this Homecoming affair. Plans were made and much activity is in store for those attending.

An appeal was made by the members of the staff for all ex-students knowing the correct addresses and location of other ex-students to contact the Secretary of the Association, Mrs. Darlene Spears, P.O. Box 968, Clarendon, Texas, so a current address list can be made to mail all known members a personal invitation and program for this affair.

This reunion and homecoming will be the largest attended function by this group in the 74 year history of Clarendon College. The attendance is expected to be between 500 and 700 for one or all of the three days said Ernest Kent, Ex-Student President.

every American - city-dweller, or ranch hand. I think the vast majority of my colleagues recognize this and will appreciate the significance of this legislation.

Purcell said he hopes quick action by the full House will follow today's Committee action and that this, in turn, will prompt Senate completion of a similar bill. A truly meaningful bill to revitalize our rural communities will be one of the landmarks of this Congress, Purcell predicted.

Junior High Honor Roll Includes 38

Sixth grade: Kloeette Camp, Susan Kimbro, Margie Dixon, A average: Kathy Mote, Otis Van Meter, Leigh Ann Sessions, Lori Collins, Betty Lewis, Pat White; B average: Connie Langford, Cindy Hernandez, Debbie Hicks, Lynn Hurst, Lon Kiker, and Clay Don Lacy.

Seventh grade: A honor roll: Joe Baumgardner, Penny Morgan, Suzy Castleberry, Gay Lynn Cook, Debbie Stallings. A average: Kay Coffee, Tina Powell, Ernest Moody, B average: Kim Cannon, Cynthia Black.

Eighth Grade: A honor roll: David Null, George Brewer, Richard and Randall Sims: A average: Jackie Black, Maurine Wilfong, Diane Wilson, Jeff Peterson and Jimmy Saied. B average: Bart Patterson, LaDonna Jones, Bill Havens, and Sammy Gonzales.

Two Graduate At Texas Tech

Two area men were among the 888 students in the six colleges at Texas Tech University who received bachelor's degrees at the conclusion of the fall semester.

They were Gary Lynn Kilian, Wellington, with a major in agricultural education, who graduated from the College of Agricultural Sciences, and Sterling George Davis, Route 3, Shamrock, who was graduated from the College of Business Administration with a major in general business.

No Commencement exercises are conducted for fall graduates, although they are invited to participate in the spring commencement ceremonies May 13.

Quail Seniors Visit CJC

Don Van Pelt, counselor for the Collingsworth County schools, sponsored a visit to Clarendon Junior College for a group of Quail seniors, Wednesday, January 26.

They visited the entire campus, including dormitories and classrooms, where they sat in on a class, then had lunch in the cafeteria.

In the afternoon they met with Beryl Clinton, dean of the college and financial aid officer for an hour's briefing and explanation of the school's loan program. Mr. Clinton also discussed summer jobs on the work-study program.

Students going were Laron Peters, Karon Peters, Jerry Barton, Susan Langley, Redgie Souder and Lonnie Needham, Jr.

Breeding on FU Tour Over Nebraska, Iowa

W.R. Breeding, representing the Collingsworth County Farmers Union, will be among the 40 Texas FU members who leave February 7 to visit farmers and ranchers in Iowa and Nebraska.

The group will travel in the plane belonging to the North Dakota Farmers Union, only state FU organization in the nation which has its own plane.

They will land first at Sioux City, Iowa, said Mr. Breeding, then visit with Farmers Union members over the two states to discuss farm legislation and farm organization. As this is a person-to-person tour, they will be guests in the homes of FU members at towns they visit.

Rules Studied By Ambulance Members Thurs.

Directors and members of the Collingsworth Volunteer Ambulance Service reviewed rules of conduct and care of equipment during the regular meeting Thursday, January 27. By-laws also were adopted.

Drivers and attendants also practiced making the cot and loading and unloading patients, Mrs. Margaret Vines, secretary, reported.

Traffic laws pertaining to ambulance runs were discussed, and it was pointed out that an ambulance does not have the right of way over other vehicles, unless this is asked for and granted by the proper officials.

Concerning the need for a back-up ambulance, the group voted to ask County Judge Zook Thomas, who is also the Civil Defense Director, to determine if a surplus property used vehicle can be secured for the Collingsworth Volunteer Ambulance Service. Seventeen members were present.

Two Listed on Tech Honor Roll

Two Wellington men in the College of Arts and Sciences of Texas Tech University were listed on the Dean's Honor Roll for the fall semester.

Stan D. Parker, the son of Mrs. Wayne Parker, had a grade point average of above 3.0. David Hodges, a pre-veterinary medicine student and the son of Mr. and Mrs. Raymond Hodges, had a grade point average of 3.25.

Both received certificates from the Dean's office.

Wilkins Attend Furniture Mart

Representing Wilkins Furniture at the January market in Dallas recently were the owners, Tom Wilkins and Mrs. T.B. Wilkins.

This was one of two furniture markets held in Dallas each year, with merchandise for delivery in the fall of 1972 being shown.

It was the largest market he has attended in Dallas, Mr. Wilkins said.

Rockets Win Three, Take First AA Loss

Wellington Skyrockets suffered their first conference loss Tuesday night, January 25, bowing to Childress 79-62, in a game the Bobcats conceded had everything just right for them.

The Rocket B team also lost to Childress, 51-40. Then Wellington took a double header over Seymour boys teams Friday night, the Rockets winning a close 75-72 and the Rocket B 51-43.

Both sets were played away from home.

Childress had a 10-point lead at the end of the first period, but the second belonged to the Rockets, who scored 19 points and held Childress to 16. Yet this could not overcome early game slowness and the Bobcats led 38-31. Childress had a good third quarter, scoring 19, but the Rockets could put the ball through the hoop for only 9 points. The final period was even 22-22.

Ray Shrubbs and Danny Waters led Skyrocket with 13 points each, Ronnie Pennon and Jay Thomas 12 each, Denny Carter 10 and Bruce Oney two. John Holland, high point for Childress, had 22.

Wellington shot about 30 per cent of the field goals and 56 per cent of the free shots; Childress had 40 per cent of their field goals.

Bobcat Coach Kenneth West said this was the best game his team has played all year, with the boys doing everything just right.

We did not have one of our

College Finance Program Slated By WT Officer

Clifford Baker, financial aids officer of West Texas State University, Canyon, will be in Wellington Thursday, February 10, to discuss with students and their parents the financing of a college education.

The meeting will be in Wellington High School Auditorium at 7:00 p.m., and students from all schools of the county are invited, according to Don Van Pelt, county school counselor.

The public is also invited, he said.

The West Texas State Opportunity Plan will be explained, and Mr. Baker will discuss other financial aids to a college education, such as summer jobs, loans, grants, scholarships, etc. A question and answer session will follow.

best games, but we didn't play too badly at that, said Coach Don Lacy. The teams will meet again in Wellington February 11 final game of the year.

The B game was close most of the way, with Childress leading only four points at half-time, 21-17, and the third, 29-25. Wellington picked up 15 points in the last quarter while Childress scored 22, to end the game 51-40 for the Bobcats.

Dickie Johnson scored 12 for Wellington, Randall Hodges 11, Mike Williams 8, Bobby Joe Shrubbs 5 and Brent Wade and Keith Davis two each. Parr made 15 for Childress.

The Rocket B is coached by Jim Forrester and Lester Guesby.

WELLINGTON-SEYMOUR Skyrocket rebounding and defensive play made the difference in the 75-72 victory over Seymour Friday night. A close game all the way, Seymour led 23-20 at the first period and 54-52 at the half. Wellington came back in the third period and outscored Seymour 21 points to 16, for a 63-61 reading at the end of the period. The fourth was tighter, 12 points for the Rockets and 11 for Seymour.

In this game Wellington made 29 field goals and 17 free shots. For Seymour it was 28 and 16. The Rockets shot about 35 per cent of their attempts from the floor and got in a few more than their opponents. Seymour, however, made 55 per cent of their free shots to 47 for Wellington.

Ray Shrubbs made 24 points for Wellington, his average in district play and still the leading scorer in District 2-AA. Danny Waters had 19 points; Ronnie Pennon 15 points and 25 rebounds; Jay Thomas 10, Denny Carter 6 and Bruce Oney one. The latter two, however, both guards, did an excellent job setting up the plays and working the fast breaks.

Wellington B's victory was a particularly good win, for they had lost twice to Seymour, once in the game here and again in a tournament meeting. It was for them a sweet revenge to win on their opponents court.

The Rocket B did not get under way until after 10-10 tie at the end of the first, then they won the game in the second, leading 28-18 at half-time. Wellington scored 15 points in the third, Seymour had 14, but Wellington made only 8 points in the final period and Seymour 11.

Johnson and Shrubbs each had 15 points; Hodges 12; Davis 6, Williams two and Wade one. Martin of Seymour was high point man for the game with 16.

JOHN H. BAUMGARDNER

Baumgardner at West German Cattle Meeting

LUBBOCK -- John H. Baumgardner of Texas Tech University is representing the United States as an animal nutrition consultant at the West German Beef Cattle Conference to be conducted in West Berlin Jan. 26 - Feb. 10.

Baumgardner is a professor of animal science in Tech's College of Agricultural Sciences.

Some sessions of the two-week conference are to be conducted in Munich and Cologne. The Tech animal scientist's trip to Germany to participate in the conference is being sponsored by the Feed Grains Council headquartered in Washington, D.C.

Baumgardner said his contribution to the conference proceedings would be primarily in the area of feed grain processing for livestock consumption. Special emphasis, he said, would be placed on micronizing and feeding grain sorghum to beef cattle.

Mr. Baumgardner was in Wellington to visit his family Saturday, January 8, and attended the Livestock show.

RELIGIOUS TITLES

By Gaylord Cook

Many wonder why those of us in churches of Christ who preach do not use some kind of title and why we would have any objection to such use by others. We do understand that those who use titles in addressing preachers mean it as a sign of respect and honor. This well intentioned attempt at honor is the very heart of the issue. The Bible makes no distinction between "clergy" and "laity", but all are one in Christ Jesus (Gal. 3:28). Not only is this true, but there is the specific statement of our Lord in dealing with this very thing in connection with the Pharisees that they should not be called "Rabbi", "father" or "master" in a religious usage (Matt. 23:8-10). Actually, I do not know how the Lord could have made the point any more specific that he did. It is not a desire to be contrary, nor a failure to appreciate the good intentions of those who would confer upon us a title that leads us to refuse such usage. It is simply our desire to do to the best of our ability what the Lord wants done, and we believe that on this point he has made his will quite clear.

STATE
Capital
NEWS
By Bill Boykin

CRIME FIGHT PROPOSED
The governor's Criminal Justice Council promises a legis-

lative drive for laws to help stamp out organized crime in the state.

Mafia-type operations have been noted in Texas by the President's Commission on Law Enforcement and Administration of Justice and other investigators, the Council's new 1972 plan points out.

Further, states the Council, many bets on sports events are being taken by bookie shops with national "confederation" affiliation.

This legislation was recommended:

* Power for the attorney general to bring suit in criminal cases.

* Subpoena power in a statewide grand jury or crime prevention council.

* Permission for electronic surveillance (including wire-tapping).

The Council proposes to spend about \$1 million of its projected \$25 million 1972 allocations for action against organized crime.

INSURANCE HEARING SET
-- The State Board of Insurance set a February 15 hearing on insurance premium rates, broader damage coverage, and higher liability limits for coastal and beach areas, under the new Catastrophe Pool Act.

Due for consideration is a deductible on beach dwellings of two per cent of the amount insured, with a minimum deductible of \$250 and elimination of percentage deductible on beach commercial risks substituting a \$500 flat figure. The Board also proposes to consider adoption of building specifications for high risk coastal areas.

The Board will also consider hiking coverage limits to \$1 million on beach dwellings and \$5 million on commercial risks. Under the present pool, windstorm damage is limited to \$100,000 on a beach home and \$500,000 on a commercial venture such as a marina or hotel.

AG OPINIONS -- A county has authority to construct and operate an area or regional waste water collection and treatment system and perform water quality management functions, Attorney General Martin held.

In other recent opinions, Martin concluded:
* A 25-year mineral lease had been duly extended and was in good standing last October 4 when an application for renewal was made to the School Land Board.

* An independent school district lacks authority to give an outright 20-year lease of property to a neighborhood center.

* Fees paid erroneously to the Industrial Accident Board and placed in the state treasury may not be refunded in absence of a legislative appropriation.

* The State Building Commission has authority to contract with the Texas Parks and Wildlife Department for construction of state park pro-

CROSSROADS REPORT

Dear Editor:

Democrats and some unliberalized Republicans are criticizing Mr. Nixon's new budget because it sets the spending figure at what the national income would be if every citizen had a job and was paying taxes.

This is called a "full employment" budget, but actually is close kin to the "if" budget some people use to buy whatever they want "if" they can get it on credit.

It is also similar to the "rich uncle" budget, where spending is based on what you could afford if your rich uncle died, when you don't even have a poor uncle.

Red Cross Blood Bank Offers Dependable Source of Blood

The Red Cross Bloodmobile will be here for its regular visit Tuesday, February 22, and when we go as a blood donor, we will be giving to the only source our hospital has for whole blood and its derivatives.

Perhaps this is fortunate. Doctors in many places are increasingly concerned about the source and quality of blood for patient use, and most agree that blood given voluntarily is superior to some of that handled commercially. The Red Cross, with its high standards for donors, is the principal source of volunteer blood.

Most commercial blood banks operate under the same high standards, but the rapidly rising demand for blood has brought into existence banks that are less careful.

Formerly much commercial blood came from medical school and college students and others short on cash, regular donors, or family and friends of a patient. In recent years, there is an influx of drug addicts hunting the price of a fix, skid-row residents and whoever else may walk in for whatever reason. This blood is moved on with a minimum of care and testing, giving a bad name to commercial banks rendering a fine service, and creating concern among doctors and hospitals.

It is always good to have a friend you can trust. In this case, it is the Red Cross Blood Bank.

Subsidized Nudity

The federal government has been subsidizing a nudist camp. That watchdog of your tax money, the General Accounting Office (GAO), found that a nudist colony of 40 acres (undisclosed) has been receiving crop diversion payments under the Department of Agriculture's old program of encouraging conservation and cutting down on grain surpluses.

If a farmer takes land out of cultivation, diverts it--or whatever the bureaucrats tell him to do--then he's eligible for the subsidy.

These bureaucrats are getting narrow-minded. What difference does it make if farm land taken out of cultivation is devoted to nakedness or jimson weeds?

If Washington wants to pay somebody for not doing something, why not nudists who will squat on the land where corn and grain once flourished? Why exclude nudists, when 500,000 cases on welfare in New York City are getting paid for doing nothing?

It appears the nudists ought to file suit in federal court--they deserve protection under the Fourteenth Amendment.--The Dallas Morning News.

Quick Thinking

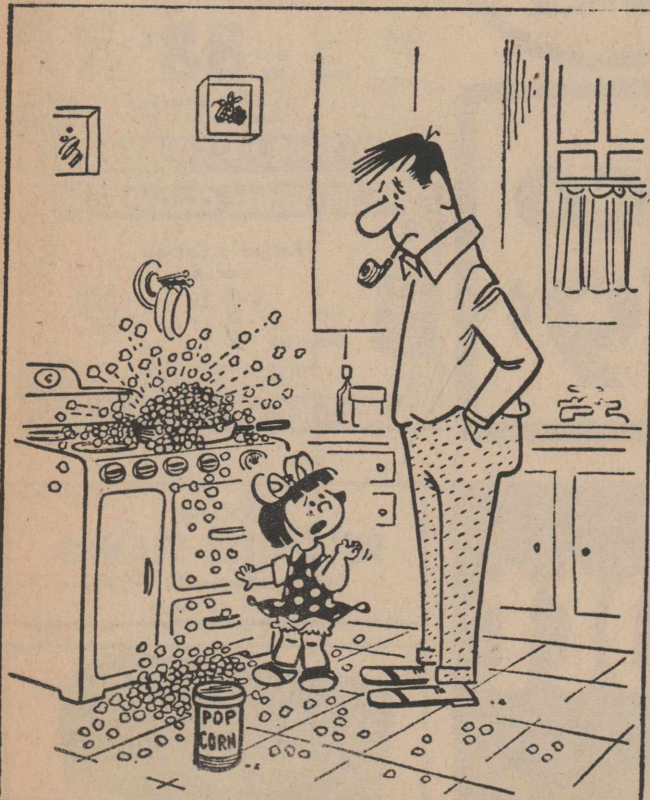

The new groom came home from work to find his bride crying.

"I feel terrible," she sobbed. "I was pressing your new suit and burned a big hole in the seat of the trousers."

"Don't feel so badly," he said. "I have another pair of trousers for that suit." "Yes, I know," said the new bride, "and it's lucky you have. I used them to patch the hole."

THE FAMILY LAWYER

Civil Rights For Cinderella?

At first glance, Mr. Harrison's will seemed plain enough. It left his entire estate to his "children," a word that obviously included his own three daughters. But did it also include his stepdaughter, the child of his second wife?

After a court hearing, the judge decided that the stepdaughter was just out of luck. He said the word "children" did not include stepchildren unless the will expressly or impliedly said so.

This ruling illustrates that even today, in traditional areas of the law, our Cinderellas may still be treated like under-privileged members of the family.

"Although it may appear unjust," commented one court, "we must take the law as we find it." This applies not only to the right of inheritance but also to the right of support. In most states, the mere fact that a step child joins the family circle does not impose upon the stepfather any legal obligation to pay the upkeep.

As a practical matter, however, stepfathers generally do support their stepchildren--and may, of course, go through a formal adoption ceremony.

Furthermore, especially in the newer fields of law, there is a growing tendency--sometimes by specific statutory enactment--to place stepchildren on an equal footing with natural children. Consider this case:

A factory worker was killed in an industrial accident. When his family put in a claim for workmen's compensation, the company readily agreed to pay the victim's widow and young son. But it refused to pay anything to his stepdaughter, even though she had been living for years as a regular member of the family.

However, when the matter was tested in court, the judge took note of the humanitarian purpose of the modern workmen's compensation system.

"Compensation is not inheritance," he said. "Its purpose is to give relief to dependents of one killed in industry."

Thereupon the court ordered the company to pay a full share of compensation to the stepdaughter, since she 1) did indeed need relief and 2) was indeed a dependent.

Quails Continue to Lead in 3-B South

Quail Quails continued to lead District 3-B, South division, with easy victories over Groom 73-39, Tuesday, and Lefors Pirates 76-60 Friday. The Bobwhites defeated Groom girls 54-44 then lost to Lefors 55-27.

The Quail-Groom game had the first quarter look of a thriller, with a 12-12 tie. Groom was playing a good defensive game, while Quail was making mistakes and having difficulty hitting the basket.

In the second quarter, the Quails picked up a few of their turnovers and turned them into two-pointers, then lay back and waited for Groom to make mistakes. The half-time score gave Quail a 30-19 lead. The third quarter broke it open. Quail got to hitting the basket more accurately and ran the score up to 57-26. The final period wasn't much of a contest, with both teams just trying to finish off the game. The Quails made some careless mistakes or the score would have been higher than their 73.

The Quails shot 41 per cent of their field goals in the first half and 50 in the last.

Laron Peters scored 25 for Quail, Larry McCann 18, Terry Canada 13, Gary Brown 7, Jerry Alston 5, Jerry Barton four, Joe Barton one and Cal-

vin Green was the other player.

Both Quail and Groom girls had a poor first quarter, Quail leading 3-2. Both were better in the second and the Bobwhites hit 12 of their 15 free shots, and 57 percent for the entire game. The half-time score was 23-18.

Bobwhites played a slow game through the last half, waited until the larger Groom guards got out of position, then fed the ball in to Lenora Oatman who could beat them to the basket.

This was one of the Bobwhites better games. All forwards scored well and defense was good, even though the guards got in foul trouble with three of the starters picking up four each.

Lenora Oatman scored 26 points for Quail, Debra Culpepper 15, Sherri Canada 7, Mallie McCann 6, Judy Gosnell and Doris Peters were the other forwards and guards were Karon Peters, Sandra Sullivan, Sheri White, Susan Langley, Hope Souder and Janet Patterson.

QUAIL-LEFORS
The Quails were on their home court to defeat Lefors 76-60. The first half was close, Quail leading 19-15 and 42-37. Quail had a good third quarter, scoring 19 points and allowing Lefors 10 then added 15 in the final period to Lefors 13. Both teams made about 40 per cent of their field goals, while Quail was good on 60 per cent of the free throws and Lefors on 69.

The first quarter of the girls game was about even, but in the second, Lefors scored 20 points and held their opponents to two for a half-time score of 26-6. The Pirates upped it to 37-14 by the third, and then scored 18 points in the last to the Bobwhites 13. Mallie McCann scored 14 points for Quail, Connie Eudey 20 for Lefors.

NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS

THE STATE OF TEXAS
COUNTY OF COLLINGSWORTH
CITY OF WELLINGTON

TO THE RESIDENT QUALIFIED ELECTORS OF THE CITY OF WELLINGTON, TEXAS, INCLUDING THOSE WHO OWN TAXABLE PROPERTY IN SAID CITY, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Wellington, Texas, on the 19th day of February, 1972, in obedience to a resolution and order duly entered by the City Council which is attached hereto and made a part of this Notice for all intents and purposes.

WITNESS OUR HANDS AND THE SEAL OF SAID CITY, this the 24th day of January, 1972.

John S. Coleman
Mayor, City of Wellington, Texas.

ATTEST:
Russell E. Yates
City Secretary, City of Wellington, Texas.
(City Seal)

A RESOLUTION AND ORDER by the City Council of the City of Wellington, Texas, calling a bond election to be held within said City, making provision for the conduct of the election and other provisions incident and related to the purpose of this resolution and order.

WHEREAS, this City Council deems it advisable to call a bond election for the purpose hereinafter mentioned; therefore,

BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF WELLINGTON, TEXAS:

SECTION 1: That an election be held on the 19th day of February, 1972, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption hereof, at which election the following proposition shall be submitted:

PROPOSITION
"SHALL the City Council of the City of Wellington, Texas, be authorized to issue revenue bonds of said City in the amount of THREE HUNDRED FIFTY THOUSAND DOLLARS (\$350,000), maturing serially in such installments as may be fixed by the City Council, the maximum maturity being not more than FORTY (40) years from their date, to be issued and sold at any price or prices and to bear interest at any rate or rates as shall be determined within the discretion of the City Council at the time of issuance, for the purpose of improving and extending the City's Waterworks System; to be issued in accordance with and in the manner provided in Article 1111 et seq., V.A.T.C.S., and secured by a pledge of the net revenues from the operation of the City's combined Waterworks and Sanitary Sewer System, each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation?"

SECTION 2: That the official ballots for said election shall be prepared in accordance with the V.A.T.S. Election Code so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid proposition which shall be set forth in substantially the following form:

"THE ISSUANCE OF \$350,000 REVENUE BONDS FOR WATERWORKS IMPROVEMENTS"

The word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of the proposition. A square shall be printed on the left of each of the words. "FOR" and "AGAINST", and each elector shall place an "X" in the square beside the statement indicating the way he wishes to vote.

SECTION 3: That said election shall be held at the City Hall in said City, and the entire City shall constitute one election precinct for said election.

SECTION 4: That the following named persons are hereby appointed officers of the election:

Joe Terry Presiding Judge
Earl Hunter Alternate Presiding Judge

The Presiding Judge shall appoint not less than two (2) nor more than 2 qualified clerks to serve and assist in holding said election; provided that if the Presiding Judge herein appointed actually serves, the Alternate Presiding Judge shall be one of the clerks.

On election day the polls shall be open from 8:00 A.M. to 7:00 P.M.

Absentee voting shall be conducted at the City Secretary's office in the City Hall, in accordance with the provisions of V.A.T.S. Election Code, Chapter 5.

SECTION 5: All resident qualified electors of the City, including those who own taxable property in said City and who have duly rendered the same for taxation, shall be allowed to vote. In another box all resident qualified electors (who are otherwise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned, and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation from the votes cast by all qualified electors (including those who own taxable property and who have duly rendered the same for taxation).

SECTION 6: That a substantial copy of this resolution and order shall serve as proper notice of said election. Said notice shall be posted in the election precinct or precincts and at the City Hall not less than fourteen (14) full days prior to the date on which said election is to be held and be published on the same day in each of two successive weeks in a newspaper of general circulation in said City, published therein, the first of said publications to be made not less than fourteen (14) full days prior to the date set for said election.

PASSED AND APPROVED, this the 24th day of January, 1972.

Deck's DIDACTICS

—by Deskins Wells

DELEGATES from Collingsworth County who appeared before the Highway Commission made a good presentation for the need of a spur connecting Highway 203 with FM road 1035, which is 1st Street. The Texas Highway Commission never makes any commitment at the time of the study; but the Wellington delegates thought the presentation was well and favorably received by Commissioner Charles Simons and Herb Petrie. Chairman Dewitt Greer had the flu and was not able to attend.

JUDGE Zook Thomas headed the delegation. He is experienced in such matters and handled his duties well. Jimmie Kelso, John Coleman and Pat O'Hair also presented pertinent points in their talk; but I was of the opinion that W.R. (Buck) Breeding was the man with the most facts and the one who answered the most questions satisfactorily.

TOM WILKINS wants to know why all of us who went to Austin simply did not donate the money we spent to building the one mile of FM highway. He said we undoubtedly spent \$100 dollars each in getting there and back. That shows how much some people know about the cost of building a mile of highway. There were about 18 of us in all and the cost of getting there and back was more like \$150 than \$100 a couple and we paid it out of our own pockets. This would be a total cost to the group of somewhere between \$1,000 and \$1,500. The road may be \$50,000 or more.

IT WILL cost the city and county more than our group spent to get the right of way. Two houses must be moved and other work done before the Highway Department will start its considerable expenditure. When completed this road will provide a paved road to our second largest cemetery, a Baptist church and it will divert much cotton and livestock traffic from 15th Street where it is a traffic hazard. It will be one of the most useful mile FM roads in the county.

HEREFORD and Deaf Smith County are honoring Mrs. Argen (Hix) Draper this week for 25 years of continuous service as Home Demonstration Agent. She is one of the outstanding agents of the state. I suppose that any number of competent women have remained agents for this period; but I know of no other that has served one community for that length of time. Before going to Hereford, Argen was the agent in Canadian for a few years. Her work has been above the average of excellence the Extension Service demands. Congratulations.

ARGEN'S mother was a member of the Godfrey family, which reminds me that I recently received a letter from Col. L.T. Godfrey of Roswell. It was prompted by a letter from Corky Bowen to the Amarillo News in which L.L. Ladd was mentioned. Bill writes: "This enclosure was taken from the Amarillo News. When it mentioned The Leader and Mr. Ladd,

Reconciliation Day Speaker Announced

A United Methodist minister who has done evangelistic and church development work in Japan for 17 years will speak at First United Methodist Church on Sunday morning, February 6. This is also Reconciliation Sunday, and a lunch will follow the service.

The Rev. Robert W. Rahn, whose American home is St. Joseph, Michigan, has returned to the United States for a furlough from missionary service. He will study one semester at Yale University Divinity School, New Haven, Connecticut.

Since 1954 Mr. Rahn has been working with ministers of the United Church of Christ (United Methodist-related) in Osaka, a city of 5,000,000 people. One of his projects as a cooperating missionary to the Osaka District has been to work in local churches at the request of the churches. He also does work in a high rise housing area and in an inner city area. He has been assistant editor of English translations for publications of the International Institute of Japan Studies.

Born in Benton Harbor, Michigan, Mr. Rahn attended Ohio Wesleyan University at Delaware and graduated in 1943 with a bachelor of arts degree. He holds the bachelor of divinity and master of sacred theology degrees from Yale University Divinity School. He was a minister in Connecticut and Illinois before becoming a missionary.

Mr. and Mrs. Rahn (Janet) are the parents of five children. Their furlough address is 49 Constitution Street, Wallingford, Connecticut 06492.

O'Hair Opposes Salary Increase

Pat O'Hair, Commissioner of Precinct 3, has asked that it be pointed out that he voted against the Commissioners Court action increasing salaries of part of the county officials and employees.

This information on the vote was not given in the story carried in The Wellington Leader recently on the salary increase.

I became interested. I did not recall him owning The Leader in earlier years. Didn't you get The Leader from Claude? Was Mr. Ladd the owner of a drug store on the corner just north of you?"

THIS PAPER was started by Thomas Durham in 1909. He sold it to L.L. Ladd in 1914 and Mr. Ladd sold it to J. Claude Wells in 1916 and I have been its editor since 1924 and its publisher since 1925. I believe Mr. Ladd did run a drug store in Wellington for several years. I do know for a fact that he had a daughter named Gladys, who was beautiful.

FOR generations the people of the Panhandle have known that it is colder when the wind was blowing and dressed accordingly. The constant mention of the chill factor, however, is about to freeze me sitting before a fire. It is something like the tornado warnings. People went to the cellar when they saw certain type clouds in those days. Now they jump into their car or pickup and provide one more dangerous hazard on the highway.

Services for Mrs. E. L. Bryant To Be Thursday

Funeral services for Mrs. Edgar Lee Bryant, 70, will be held Thursday, February 3, in Fundamental Baptist Church, with the Rev. Francis Miller, pastor, officiating.

Mrs. Bryant died at 8:50 a.m. Tuesday, February 1, in St. Joseph's Hospital. Her home was at 300 Fifth Street, Street.

After the service here, graveside rites will be conducted at the Shamrock Cemetery, and burial will be by the side of her husband, who died September 24, 1957.

Mrs. Bryant, the former Decie Wilson, was born June 11, 1901, in Wise County, the daughter of D.W. and Annie Fallis Wilson. She came to Collingsworth County with her family when she was 16, from Benjamin. She and Mr. Bryant were married here July 4, 1920.

She was a member of the Fundamental Baptist Church. Survivors include four daughters and two sons: Mrs. H.A. Pool of McLean, Mrs. Bill Nation of Dodson, Mrs. Clyde Benton and Mrs. Gene Myers of Wellington, Johnny Bryant of Tampa, Florida, and Junior Bryant of Banning Calif.; four sisters, Mrs. Bertie Butler of San Jon, N.M.; Mrs. Elmer Pool of Ft. Worth, Mrs. Tommy Boatman and Mrs. Calvin Pool of Gainesville; a step-brother, Bill Cook of Sanger, Calif.; 31 grandchildren and 17 great grandchildren. Three children preceded her in death.

He was married to Miss Annabelle Boggs on December 29, 1929, at Anadarko. Throughout the time they were in business, she had been actively associated with the store.

Mr. Patton had been a Baptist since early life and was an active member of First Baptist Church.

In the late fall, Mr. Patton underwent surgery in Amarillo and remained for post operative treatment. He was thought to be improving until a few days before his death.

Survivors are his wife; two daughters, Mrs. Ray Wauer of Denver, Colorado, and Mrs. Don Brock of Lubbock; a sister and 6 brothers: Miss Vera Patton, Raleigh Patton, Marvin Patton and Charlie Patton of Anadarko, Oklahoma; Bert Patton of Sanger, Calif.; Homer Patton of Oakley, Calif.; and Ralph Patton of Antioch, Calif.; and four grandchildren.

Some disabled veterans, under certain conditions, are eligible for VA grants of 50 per cent up to a maximum of \$12,500, toward the cost of "wheelchair" homes (equipped with ramps, etc.)

#7—continued from page 1 Quail joined the nursing staff. She is a graduate of Northwest Texas School of Nursing and has worked at the Psychiatric Pavilion and High Plains Hospital. Her husband David Knox teaches at Quail.

Mr. Altom has been assistant administrator of Highland General Hospital four years, and of the satellite hospital it operates at McLean. He has been a part of the \$1,542,119 add-on, remodeling and renovation program.

#1—continued from page 1 Education. He is currently serving on four interim committees which are studying Electrologists Licensing, Nurses Aides Licensing, Texas Water Resources, and Public Education Financing. The Public Education Financing Committee is of primary concern to every citizen in the area as it involves local versus federal control in our public school system.

Cates is an active member of the Board of Consultants of the Baptist General Convention of Texas Christian Life Commission, Gray-Roberts Farmers' Union, Gray-Roberts Farm Bureau, Gray County Board for Aid to Mentally Retarded Children, Texas Alcoholics and Narcotics Education Board of Directors, and various community organizations which include the Optimist Club, Junior Chamber of Commerce, Pampa Chamber of Commerce, Toastmasters Club, and the First Baptist Church.

The 66th Legislative District encompasses Gray, Wheeler, Armstrong, Donley, Collingsworth, Briscoe, Hall, Childress, Floyd, and Motley counties and Cates states he is very pleased with the current district and proud to have the opportunity to serve the people of this area. He currently maintains a district legislative office in the First National Bank Building in Pampa at 113 E. Foster and invites all concerned citizens to contact him there regarding problems pertinent to the people of the State of Texas.

#8—continued from page 1 ments. They ran the risk of being penalized if they failed to deliver as scheduled. Also, devaluation of the dollar had quite an effect, one which was completely unforeseen, he believes.

One source of disappointment in the crop was the turnout, especially in the southern half of the county. While 2100 to 2200 pounds of cotton will ordinarily produce a 500 pound bale, on the average, 2800 to 2900 has been required this year, and Grover Graham of the Davis Gin in Dodson said some had required as much as 4500 pounds.

Around Dodson, dry-land cotton made as much as a bale per acre, but in other fields it took 10 acres, he continued.

A lot depended on variety planted and on the time of planting, he pointed out. He estimated his gin will probably

receive 200 to 300 more bales. Raymond Cearley, manager of the Dodson Farmers Co-op said if good weather holds this week, his customers could finish their harvesting. Most of the cotton, he added, has been better than anyone thought it was going to be when the harvest started.

Wellington and Dodson gins did not operate around the clock this year because they could not get the labor. Farmers Co-op in Wellington operated both its plants, the old one in Wellington and the new one east of town, but in the daytime only. This is a situation

that has been coming on for several years, but this season it was worse than at any time in the past.

Mr. Graham reported that now he had a good crew, made up almost altogether of Dodson men.

Lutie Gin did not have this problem, said Mrs. Cortez Barnett, who is in the office. College boys worked during the long between-semester vacation to fill out the crews, which are made up of local men. During the peak of harvest, extra help was brought in by Traders-Pioneer Compress, owner of gin, from Elk City.
