

THE JUNCTION EAGLE

Volume 47

Junction, Kimble County, Texas, Thursday, May 29, 1930

Number 7

Bobbitt Will Make Address Memorial Day

Judge Joe J. Montague Will Also Be A Speaker On The Program

Members of the Burt M. Fleming Post of the American Legion have prepared a program for Memorial Day which will be observed on Friday, May 30.

The day of tribute will begin at six o'clock Friday morning when the flag will be raised. This ceremony will take place on the Court house lawn.

A basket lunch for all citizens of the county will be held at Schreiner Park at 2 p. m. until 1 o'clock. Following the lunch at 1:30 p. m., a parade consisting of all ex-service men of all wars will start at the Highland Chevrolet Garage and proceed to Schreiner Park. Music for the day will be furnished by the Kimble County Chamber of Commerce band.

An assembly of all citizens at Schreiner Park at 2 p. m. will be another important feature of the day. The Rev. G. W. Crabb, chaplain of the local post of the American Legion, will deliver the invocation. Mrs. Conde Hardeman will give an appropriate reading on this occasion. Attorney-General R. L. Bobbitt will be the principal speaker and will appear on the program at 2:30 p. m. He speaks at Kerrville Thursday evening, in Junction Friday afternoon and at Brady Friday evening. Hon. Joe G. Montague of Fort Stockton will also be a speaker in the afternoon.

Following the address of Bobbitt, there will be a thirty-second silence in memory of the heroic dead. Following this pause, the band will play "The Star Spangled Banner."

The local post has secured the services of a firing squad from Fort Sam Houston of San Antonio to serve in the exercises. They will arrive in Junction at 10:30 a. m. Friday. After the band has finished playing The Star Spangled Banner, the firing squad will give a salute to the dead. Then taps.

At the close of the program, everyone will make a pilgrimage to the graves of the war veterans and the decoration of the graves will be held. Everyone who has flowers and is willing to give them for decoration purposes are asked to leave them at the Highland Chevrolet Co. Friday morning.

Senior Banquet Is Climax of School Activities for 1930

The outstanding social event of the school year just closed was the Junior-Senior Banquet which was held in the banquet room of the First Baptist Church Thursday evening at 8:30 o'clock. The ladies of the Baptist Church served the luncheon.

Raymond James was Master of Ceremonies during the banquet. Blake Chenault delivered the invocation. The Juniors' welcome to the Seniors was made by Raymond James and the response was made by Louie Ragland, president of the Senior Class.

After the banquet the program consisting of a vocal duet by Mr. and Mrs. Ross Brison; a review of 1929-30 by Norma Hendricks; a duet by Elsie Besant and Kaleta Taylor, accompanied by Vivian James on the piano; a speech by Miss Nellie Bennett, Junior sponsor; a vocal solo by Mrs. Ross Brison; a farewell talk to the Seniors by Raymond Schneider; and a summary of the year's activities by Superintendent Guy C. Moses.

The banquet was closed by everyone singing "Auld Lang Syne."

The plate favors for the Seniors were little dolls dressed with gray caps and gowns.

OPEN HOUSE

The Junction Fire Department will hold open house to the citizens of Junction and Kimble County on Friday, June 6. Chief John M. Hankins and Assistant Chief Leon R. Powell are working hard to have the station in good shape when the open house will be held. Concrete curbs are being laid and grass and flowers will be planted. The entire building will be open to inspection and a receiving committee will be there from four o'clock in the afternoon until ten at night.

Everyone who is not acquainted with the fire department should attend this open house Friday, June 6.

Ladies Honored With Banquet By Lions Club

Klash and Klatter Band Plays Music During The Evening

Members of the Junction Lions Club entertained their wives and sweethearts with a banquet at the Baptist Church Tuesday evening at 8 p. m. After the banquet everyone went to the Methodist Church where a social hour was enjoyed.

Edwina Lowgren, Janice Loeffler and Fay Wahl gave interesting readings. Miss Paulette Linn also gave an interesting reading. Mrs. Milton F. Hill sang a solo and K. G. Durst also entertained with a solo. The Klash and Klatter Band, directed by Mrs. Frank Patterson furnished much noise during the evening. The Lions sung some songs and the ladies gave a few whistling numbers. Lion Clay Secrest made an interesting talk.

Chamber Commerce Representatives Attend Convention

Melton Boyd, manager of the Kimble County Chamber of Commerce, and Carleton Wright left Wednesday afternoon at 2 o'clock for Abilene where they will represent this county at the Annual Convention of the West Texas Chamber of Commerce which will be held there May 29, 30 and 31. Mr. V. P. Emmons will attend the convention Saturday.

Boyd will also be a proxy for Kerrville at the meeting. Carleton is entering the Home Town Oratorical contest.

New Humble Station Will Open Saturday

The new Humble Filling Station which has just been completed will be formally opened Saturday morning, May 31. The station will be under the management of Norman K. (Doc) Farmer. Farmer graduates from A. & M. College this year. He will be in Junction on June 1st to take up his duties.

The new station is located on Main and Sealey streets and is centrally located. It is a typical Humble Station and is attractively built. Hill & Combs, local contractors, built the structure. All work was done by local people.

Plans for running the station have not yet been definitely decided on, but the station will probably be kept open from five o'clock in the morning until ten o'clock at night.

WALTER RICHARDSON TRANSFERS CATTLE

Walter Richardson has sold approximately 130 head of cattle to Jim Clump of Bracketville and is delivering them this week.

Surveying Crew For Highway 4 On Way Here

New Highway Will Connect Junction with Canada and Old Mexico

Saturday Mr. W. L. Minter, whose headquarters are Fort Worth, was in Junction making arrangements for the moving of a surveying crew here. This crew is surveying the right-of-way for the new Highway 4 which will connect Canada and Old Mexico. The highway starts at Canada and traverses the mid-western states and comes into Texas at Perryton. Every county in Texas through which the highway passes has offered a one-hundred-foot right-of-way through the county.

The surveying crew will be camped just across the North Llano River. They will work both ways out of Junction. Mr. Minter inspected camping places and made arrangements for the crew while here. He is moving the crew now and they should be here some time next week. He stopped at the Fritz Hotel while here.

This highway will be of great value to Junction as it will give a direct route to Old Mexico and also to the north. Junction is now linked with the Atlantic and Pacific oceans by the Old Spanish Trail and with the completion of this project we will be linked directly with two nations. Application has already been made for the designation of this highway as a national route.

Summer School Will Open Here June 1st

The first accredited summer school to ever be conducted in Junction will open Monday, June 2, with Superintendent Guy C. Moses in charge. The term will last eight weeks.

Full credit will be given in all courses offered. It was decided to have a summer school after Sept. Moses had received several requests that one be conducted. He has had requests from out-of-town people who wish to spend the summer in Junction and send their children to school.

June Jubilee Will Be Advertised In All Nearby Towns

Those in charge of the publicity for the Junction June Jubilee on June 17 and 18 have drawn up plans for a newspaper advertising campaign and publicity campaign which will be conducted through the columns of the weekly newspapers of nearby towns. Advertisements describing features of the Jubilee will appear in newspapers in surrounding towns in the next issues.

Handbills are being prepared to distribute and every means possible of advertising the barbecue are being utilized.

Many interesting features are being worked out for the Jubilee. A bathing beauty contest, dancing, riding contests and several other attractions are being arranged.

One of the main features of the Jubilee will be the free barbecue which will be given at noon on June 18. Every one will be served free of charge. Bids for amusement concessions will be received at the Chamber of Commerce office at one p. m. on June 2.

Senior Class Gets Diplomas Friday Night

Chris Schraub, President of School Board, Presents Diplomas

Last Friday evening at the high school auditorium the members of the graduating class of 1930 were presented with their diplomas.

The first part of the program was carried out by the members of the graduating class. Louie Ragland, president, called the class to order and Vivian James, secretary, called the class roll. Following the roll call, Ruth Sandherr read the class history.

Carleton Wright spoke the class prophecy. After the prophecy, Mrs. Weaver H. Baker sang a solo and then Ruby Davis recited the class poem. Temple Boone read the class will. This concluded the part of the program given by the seniors.

The commencement program opened with the Rev. G. W. Crabb delivering the invocation. The Rev. Milton F. Hill introduced Gerald Mann, commencement speaker. His address was interesting and well chosen and appealed to the audience.

Mr. Chris Schraub, president of the school board, made the presentation of diplomas. Following the presentation of diplomas, Superintendent Guy C. Moses awarded the scholarships. Carleton Wright had the highest grade among the boys and was given a scholarship. Among the girls, Temple Boone and Vivian James tied for first place and were both given scholarships.

Elder J. S. Newman pronounced the benediction. The services were short and well rendered.

Those who received diplomas Friday evening were: Misses Temple Boone, Kaleta Taylor, Vivian James, Elsie Besant, Ruth Sandherr, Merle Millsap, Nora Cahler, Norma Hendricks, Marjorie Montgomery, Ruby Davis and Lola Mae Goben, and Messrs. Louie Ragland, H. T. Richardson, Roy Cochran, Jake Beasley, Marvin Blackburn, Ira Knox, Leroy Skaggs, Junior Stevenson, Carleton Wright, Oscar Duderstadt and M. C. Blackburn.

School Library Will Be Open This Summer

Following the custom of past summers, the P.-T. A. will keep the high school library open through the summer months, and the organization has appointed Mrs. Walter Tinsley librarian.

The library will be open each Thursday afternoon from two until five o'clock, and everyone will be extended the privileges of the library. It will be open for the first time on Thursday, June 5.

The set of governing rules has not been completed but will be ready for publication next Thursday.

FIRE DEPARTMENT GROUNDS IMPROVED

Members of the Junction Fire Department are still improving the grounds around the station. Concrete drive ways have already been laid and a border is being built around the station. Grass and flowers will be planted as soon as the work is completed. Drainage ditches have also been built.

Mr. J. C. Murff returned Friday from Dallas where he met his "Buddy," C. L. O'Neal, of the Spanish American War. Mr. Murff and Mr. O'Neal were with the 4th Regiment, U. S. Infantry in the Philippines. While in Dallas Mr. Murff made a study of modern photography material and equipment. He plans to add to his well equipped plant here more modern equipment.

SKEEZIX IS BACK

Monday morning at eight o'clock Skeezix reported at a local meat market for his breakfast. It was the first time he had made his usual call at the market for two weeks.

Skeezix has a habit of leaving town occasionally and staying a few days and then returning. But the last time he left he remained two weeks and his owner, Bill Hamer, was getting anxious about him.

When he returned this time, he had evidently run into heavy rains as he was covered with mud.

But Skeezix is back and has fallen into his regular routine of living.

WEDNESDAY'S CLEAN-UP IS SUCCESSFUL

Main Street Swept and Washed By Junction Fireboys in Clean-Up

The "Cleaner Junction Day" drive which was staged Wednesday by citizens of the town, resulted in Junction looking cleaner than it has ever looked. Many of the business houses were closed during the morning in order that the campaign could be put on in earnest.

Several trucks were used in carrying off the rubbish, and Commissioner A. B. Hodges did a real service by taking the grader and tractor to the dump grounds and moving the rubbish back.

Every civic club in town joined in to make the drive a success. The P.-T. A., Chamber of Commerce, Study Club, Cemetery Association, Lions Club and Rotary Club and Fire Department all aided in the work.

The highway department donated the use of a street sweeper and a Highland Chevrolet truck pulled it over the main street, sweeping up the trash and dirt. The members of the fire department turned the water on the street and washed all the dirt and trash away.

Evidences of weeds being cut and burned and yards raked up were seen all over town. The entire business section is cleaned in good shape and many residences also were cleaned up as a result of the drive.

This clean-up campaign exceeded in results any ever put on here before, and the business and civic clubs that cooperated in making it a success deserve the thanks of the town.

Recovers Car Taken For "Fishing Trip"

Sheriff Frank Patterson and Fred Coleman returned Sunday morning at four o'clock from Orange, Texas, where they went to get the Ford roadster belonging to Coleman which was taken from Fred last Tuesday morning. The man gave his name as C. B. Odell and said he was from Florida.

Sheriff Patterson arrested him and brought him back to Junction where he was placed in jail.

The car was not badly damaged and had not been changed any.

HARPER TAKES GAME FROM JUNCTION TEAM

The Junction Fire Department baseball team bowed in defeat to a team representing Harper in a game played in Harper Sunday afternoon. The score was 9 to 6.

The field was a rough one and many errors marred the game.

Mr. Sayres Farmer, manager of the Highland Chevrolet Co., was a business visitor in San Antonio Tuesday.

Junction Has Population of Nearly 1,500

Total Is Preliminary and Will Be Subject to Change

A preliminary report of the census for Junction was given as 1,415 by a report from W. L. Turner of Brownwood who is supervisor of the Census in this district.

Justice Precinct 5 showed a population of 561. There were 117 farms enumerated in this area. Only ten farms were enumerated in the Junction report.

Precinct 4 had 833 people and 146 farms were enumerated. Precinct 2 had 750 people and 98 farms.

All these figures are only preliminary and are subject to correction. Messrs. C. W. Atchison and E. Hekamp had charge of the census count in this county.

Church of Christ Revival Services To Start Sunday

The revival meeting which will be conducted at the Church of Christ will start Sunday morning, June 1st and will last until June 8th.

Elder Glenn Wallace will preach during the revival meeting. The service Sunday morning will begin promptly at 11 o'clock and the evening service at 8:15. Throughout the week the morning services will begin at 10 o'clock and the evening services at 8:15.

A basket dinner will be held at Schreiner Park at 12:30 Sunday noon.

Aside from the preaching an interesting song service, under the direction of Mr. K. G. Durst, will be held at each meeting. Everyone is invited to attend the services.

AMERICAN LEGION ASKS STORES TO DECORATE

The American Legion asks the business houses of Junction to put out flags and decorations tomorrow (Friday) in honor of Memorial Day. Most of the business houses will close from 1 until 5 p. m. tomorrow in order that everyone may attend the program at Schreiner Park.

JUNCTION WILL PLAY LONDON HERE SUNDAY

The Junction Fire Department baseball team will meet the London team here Sunday on the fire department field at 2:30 p. m. Junction won the last game played with London.

BROWNING & CARPENTER TRANSFER 961 GOATS

Last Tuesday Browning & Carpenter moved 961 goats from the London community to Pat Beasley's Paint Creek ranch. The goats were pooled at London, having been bought from several ranchers around London.

McWRIGHT IMPROVES GROUNDS AND PARK

J. J. McWright, manager of the McWright Tourist Camp, has been improving the small park on the O. S. T. highway near his camps. Grass and flowers are growing, and a rock border has been placed around the park. A fountain has been placed in the center of the park.

BOY SCOUTS

All members of the Boy Scouts and those eligible to membership are requested to meet at the high school building Thursday night, June 5. Superintendent Guy C. Moses is scout master and urges all boys to be present.

Everyone is requested to bring a basket to Schreiner Park tomorrow and join with the American Legion in the Basket Dinner at 11:30 o'clock.

TEXAS FUR CROP THIS YEAR EXCEEDS PEACH, PECAN DROP

LOSES 140 POUNDS AND WOULD DIVORCE HUB—

Los Angeles.—Mrs. Viola Barton otherwise known as "Little Baby Viola" circus fat woman, filed a divorce action against Arthur C. Barton.

She accuses Barton of so worrying her that her weight fell from 512 to 372 pounds, and imperiled her professional future. Barton, her complaint says, worried her by drinking, by his carelessness with chewing tobacco and association with other women.

John E. Davis Is In Race For State Office

When the Forty-Second Legislature convenes in January of next year, one familiar face in the House will be missing, Representative John E. Davis of Dallas County will not be a candidate for re-election. Mr. Davis holds the record for length of service, being now in his ninth term. For five terms he has been chairman of the committee on contingent expense.

But if he and his numerous friends over the State have their way about it, he will not be dismissed from the Capitol, but will be on the first floor, first door to the left of the main entrance, which is the office of the State Treasurer, instead of in the Hall of the House of Representatives, and in the office of the contingent expense committee, on the second floor.

The fact that he has been repeatedly elected by large majorities attests his character and his standing among those who know him.

His familiarity with the State Government, his constant attendance upon his duties, his care in handling of expense accounts and record for economy, his friends say, are an index to the service that he will render if elected State Treasurer.

Born in Georgia, 55 years ago he came to Texas in 1896, is married and has four children. He served four years as mayor of Mesquite, has been editor of The Texas Mesquite since 1899 and is president of the Dallas County Press Association.

Not that it is anything new under the sun but it has been officially learned for the first time that the annual Texas fur crop is greater in value than either the peach crop, the pecan crop, the boasted citrus crop, or the water melon crop in this greatest of all agricultural states, or the yield of fish, oysters and other marine products of its extended coast line.

This information came to light when trappers for the season just closed reported the taking of 1,248,485 fur pelts which in normal years bring into the state over \$2,000,000. This represents only what was reported under the operation of a tax law which was little understood by trappers and was so difficult of administration that it had to be amended by the 41st legislature. Nor does it include the pelts of animals such as coyotes, wild cats, cougars, bear and rabbits which are not taxed and on which no reports are made. That large quantities of furs were unreported and escaped taxation is beyond cavil, which, together with those on which no report was required, would vastly swell the total production. Indeed, after conferences with leading fur buyers, Mr. J. Tucker, Executive Secretary of the Commission, is authority for the statement that the total fur crop easily reaches the \$3,000,000 mark.

MISS SUMMERS HONORS FRIENDS WITH TEA

On Saturday, May 17, Miss Elizabeth Summers, daughter of Mrs. John Phillips, honored Miss Vivian James, daughter of Mrs. Vera Stephen, and Misses Ruth Lavell and Josephine Fawcett of Kerrville with a tea at the residence of Mrs. Leonard Rawson in Kerrville.

The living and dining rooms were decorated with a profusion of roses, larkspurs, lilies and fern, artistically arranged in floor baskets and silver baskets. In the receiving line was the hostess and the three honorees. Miss James is a graduate of Schreiner High School and Misses Leavell and Fawcett are graduates of Tivy High School in Kerrville. Presiding over the graduation nooks where the gifts of the hostess to the honorees were displayed were Misses Kaleta Taylor of Junction and Marie Speckles of Kerrville.

Miss Annie Louise Schmerbeck poured tea and Miss Annie Laurie Garrett served the cake. Assisting in the dining room were Misses Robbie Dunbar, Dorothy Rawson and Helen Fal-tin.

The table was laid with a handsome lace cloth. A gorgeous mound of flowers covered the center of the table. Silver sandwich trays filled with blue and gold sandwiches, silver bon dishes and compotes filled with salted nuts, mints and olives were placed along the sides of the table.

The silver tea service was at one end of the table while at the other end was a silver tray filled with angel food squares iced in bold with a blue '30 on top. At the close of the afternoon the senior boys of Tivy called and were served with the house party of the tea. About ninety guests called during the afternoon.

Miss Summers was gowned in green tulle with pink satin ribbon trim.

Miss Vivian James was costumed in green Moire and tulle. Miss Ruth Leavell wore a dainty printed net. Miss Josephine Fawcett wore a princess gown of cream lace. Miss Kaleta Taylor was dressed in blue tulle trimmed with pink satin ribbon. Yellow satin with blue trimming fashioned Miss Marie Speckles' gown. Miss Robbie Dunbar wore a pretty dress of printed crepe. Yellow taffeta with tulle flouncing fashioned Miss Helen Fal-tin's costume. Miss Annie Laurie Garrett wore a pink chiffon gown. Miss Annie Louise Schmerbach was gowned in green lace. Miss Dorothy Rawson wore a dress of green georgette. Miss Ann Saenger was in a printed chiffon frock.

Piano music was rendered by Miss Ann Saenger throughout the afternoon.

What passion can not music raise or quell?—Dryden.

Standifer Hospital News

A twelve pound baby boy was born to Mrs. Lester Phillips Sunday morning, May 25. The mother and child are both well.

Mrs. J. W. Little who has been receiving medical treatment, left the hospital Wednesday morning for her home.

Mrs. Watt Turner underwent an operation for the removal of her appendix Friday, May 23. She is getting along nicely.

Master Raymond Steele of Lamesa was operated on Wednesday for the removal of his tonsils. He is doing well.

C. C. Smith, who suffered a broken hip a few weeks ago, continues to improve slowly.

Mr. Asa Hallum of Camp Allison is in the hospital receiving medical treatment. His condition is better.

Mrs. R. M. Hammock, who has been in the hospital recovering from a stroke of paralysis, left for her home in Ballinger Friday.

Dr. W. T. Mather of Austin returned home Sunday after receiving treatment for a broken collar bone received in a car wreck.

Miss Margaret Hubbell was rushed to the Standifer Hospital Sunday morning to receive treatment for a snake bite. She was bitten on the foot by a copperhead. Prompt treatment saved her life.

Menard Live Stock Association Prepares For Two Big Days

The Menard Live Stock Association is bending every effort getting things in shape to offer a snappy, wholesome program of entertainment June 19th and 20th. Races, polo, and a big horse show will be the leading features with additional attractions of base ball, athletic show, etc.

Five running races will be offered each afternoon for approximately fourteen hundred dollars in purses, with entrance fees added. Two stake races, one for two year olds and one free for all, are included in the program. The three-quarter mile track in Menard is popular with the race horse men and the highest class of men and horses are expected to be on hand. The winning horses at the leading race meets in West Texas last year started the season in Menard and they will likely do so this year.

Four polo teams will play two fast games each afternoon following the races. The Menard team is doing strenuous practice now with the ambition of giving the visiting teams a race for the trophies.

The real distinctive feature of the two days program will be the Horse Show given by the Fifth Cavalry of Fort Clark each night. The West Texas Utilities Company is now elaborately lighting the arena in front of the grandstand and the horse show will have an excellent setting. A number of officers' wives will ride in the show and among the riders will be veterans of the largest horse shows participated in by army folks.

The advertising carried in this paper regarding the two days event will give details about the program, seating arrangements, etc.

"and don't fail to visit both Milan Cafeterias"

Hardly a day passes without patrons from neighboring towns telling us that some friend at home told them "to be sure and see the quaint Spanish decoration of the Original Milan Cafeteria and the modern decoration of the New Milan Cafeteria... and to enjoy the delicious foods and economical prices of both cool Milan Cafeterias." Yes, too, will enjoy your meals in these pleasant surroundings.

Dad Would Kill Son Back From College

The Plainman conducts a "hard-boiled" column in the Lubbock Journal and recently gave to his readers the following story, vouching for its truthfulness:

"Have you heard the one about the West Texas ranchman who sent his son to Texas Tech in pursuit of higher learning and whatever else he saw fit to pursue? Stop me if you've heard it.

The boy, fresh from Half-Circle-Hot Snake ranch, came to Tech and spent a whole term before going back home. On his first visit the old man, bandy legged and browned from years in the saddle, met his young hopeful in Midland preparatory to driving to the ranch in the family flyver.

When the kid got off the train the first thing his dad noticed was that he didn't wear a hat.

"Where's yore hat, son?" he asked.

"Oh," replied the youngster, "we college boys don't wear hats."

The old fellow didn't say anything as they walked up the street toward the wagon yard where they planned to spend the night. Then he noticed that the boy was devoid of "sox appeal."

"What's the matter with your sox, kid?" the father inquired.

"Ain't you got no garters?" "We college boys," returned the lad, "don't wear supporters."

The old man tightened his lip a little but kept his silence, ignoring the strap watch and the spats the boy had on. But when they got to the wagon yard, began disrobing and he saw a silk vest in the place of the regulation bvd's the ranchman could hold himself no longer.

"Wait a minute, boy," he roared, hitching up his trousers. "Wait a minute! Don't take off them trousers. College boy or no college boy, if you've got lace on yore drawers I'm gonna kill you!"

No one is perfect, and that's why we all have a chance to make a showing.

Strive to do what God would do, and your efforts will be rewarded.

LONDON LOCALS

Death! that mysterious divider of time and eternity, has claimed our former neighbor and friend, D. G. Adams. On the 5th of May, 1930, at Marlin, Texas, Dave quietly passed from time to the great eternity to which we are all bound. The death of this man was a shock to all his friends here. Dave was a jolly, good-hearted old boy. We all appreciated him. He was one of those fellows who always met you with a smile and a friendly greeting, and numbered his friends by the host. He was one individual who had no enemies. Though you may have differed with him radically, he was still nice and courteous. His standing among our people was verified by the great crowd who attended his funeral here the 22nd. They filled our Community Hall to overflowing while Bro. Garrett of Mason preached the funeral sermon, after which the Masonic Order took charge of the corpse and conducted it to the Saline cemetery where it was laid to rest.

Judge Weaver H. Baker of Junction, was among the many who came from other towns to attend Bro. Adams' funeral. Mrs. G. T. May, Mr. and Mrs. W. L. Amaon and family were called to Barksdale the 23rd to attend the funeral of Mrs. Brit Steward who died the 22nd in a San Antonio sanitarium.

Mr. Dee Gibbs and Claude Weaver attended court at Llano last week as witnesses in the murder trial of the Mexican bootlegger who murdered Sheriff Murray of Mason.

London school boys defeated the Hext boys in a game of ball Friday evening.

Mr. and Mrs. Emmett T. Hensley, editors of the Leakey Leader, were here Sunday attending the baccalaureate exercises of our school.

The Rev. Mr. Coker, pastor of the Presbyterian Church at Menard, delivered the baccalaureate sermon to the graduating class of London High School at the Weaver Hall Sunday, present and everything was carried the 25th. A large crowd was riled out nicely. The sermon was very impressive. The subject chosen was very deep, one that parents should study and teach their children in the home circle. It should be taught in school and from every rostrum until both young and old thoroughly understand, because it is "Blood That Tells."

Professor Allison, superintendent of the Menard school, was over to attend the lecture Sunday.

Miss Faye McKinney accompanied Mr. and Mrs. Hensley to their home in Leakey Sunday. Faye goes for a nice visit with these good people.

Our school closes this week. We have had one of the most quiet and agreeable terms we have had at all. Everything has been agreeable and some good work has been done—lots of it. Progress has been made all along the line.

Our graduates are, Miss Hazel Emma Herbst, Miss Letha Fay Brewer, Miss Lois Goodman, Mr. Carlos Goodman, Mr. Ned Hunter and Mr. Dorman Gibbs. There were others entitled to the credit but decided to wait another year and take the eleventh grade.

These boys and girls have a good foundation laid for an education, and it is up to them to build wisely upon that foundation, a structure for future usefulness or allow the work begun to deteriorate and decay under the false impression that the structure is now complete or near complete.

I would say to these young friends, do not be satisfied to stop at this point. If it is convenient, continue in school; if it is not convenient to attend school you can continue to build by sober thought, by reading the right books, by every day observations. There is no reason to stop, it matters not what your circumstances are. Your structure of usefulness should continue to be erected by adding useful knowledge each day you live. Do this and let the world say at the end of your life that it is better since you had lived in it.

LITTLE SALINE SAYINGS

A large crowd attended Mr. Dave Adams' funeral here Wednesday afternoon. Mr. Hugo Reichenau and son, H. C. Mr. N. J. D'Spain and son, France, Mr. Jess Walker and son, Charley, and Melvin Parker attended the baroque supper in Menard at the polo ground Friday night. A large crowd attended and supper was good.

There is going to be a dance at Mr. Martin's Saturday night, May 31.

Mr. John Walker spent Sunday with Mr. and Mrs. Nath Walker on Ivy.

Mrs. Jess Walker, Miss Virgie Parker and John Walker attended the program on Ivy Friday night.

Mr. and Mrs. Louis Pearl, daughters and son, Bertha and Fronia B. and Wesley, also attended the school play at Ivy Friday night.

Mr. and Mrs. N. J. D'Spain and daughter, Linda, went to Junction last Friday on business.

THREE LITTLE PIGS

Three little pigs went to market in Eastland County the other day but came back home because the price was so low. Now they repose in tin cans on pantry shelves. There isn't much moral in this for pigs, but owners may derive some benefit by learning that the pigs were valued at \$68.25 canned while the hog buyer rated them at only \$40.

As reported by the home demonstration agent, John Boles of Carbon, disgusted with the low hog market, used a steam pressure canner to turn out 75 No. 3 cans of ham and sausage, 15 No. 2 cans of sausage, 6 No. 3 cans of mince meat, and 5 No. 3 cans of cooked meat from bones. Besides this \$7 worth of meat was eaten fresh and 15 gallons of lard obtained. The cost of cans was \$4.90.

GOTTLIEB SIMON

Gottlieb Simon died early Thursday morning, May 15, at the age of 82 years and 21 days. About two years ago his faithful wife preceded him in death. Deceased was born April 24, 1848, at Castell, a son of Mr. and Mrs. Philip Simon. He was the second child born in that colony. When five years old his parents moved to the Mason County community which is now known as Simonville.

In 1871 he was married to Miss Louise Oestereich, the young people making their home at Castell where they resided for 29 years. Here he was an elder in the Lutheran church and for 20 years he was trustee of the local school. In 1900 they moved to Roosevelt, Kimble County, where they resided for twenty years. In 1920 they moved to Fredericksburg. Surviving are five sons: Fred, of Fredericksburg, William of Austin, August and Arthur of Roosevelt, and Christian Simon of Junction. There also survive twenty grandchildren and one great grandchild and a number of other relatives.

WANTED—A FREE PRESS

A Scotchman was discovered wandering around Detroit with a pair of rumpled trousers over his arm.

"Can I help you in any way?" asked a kindly citizen.

"Man," replied the Scot, who was evidently a newcomer, "I'm looking for the Detroit Free Press."

A poor joke isn't improved by repetition.

It's the push you put into your work that gets you your pull!

Texas Leads In Sulphur Mined

Washington.—In addition to yielding the greatest tonnage of mined sulphur in the United States, the mining industry of Texas in 1929 led the country in the production of crystalline graphite and contributed substantially to the Nation's output of copper produced from domestic ores, according to reports of the United States Bureau of Mines, issued recently. The copper mines of Texas produced 432,968 pounds during 1929, as compared to 393,740 in the preceding year.

The production of copper in 1929 continued at a sufficiently higher rate than the consumption to cause stocks of refined copper to increase more than two and one-half times those at the end of 1928 and to the highest on record since the end of 1921. The increase in copper imports continued to a new high record, while exports dropped 7 per cent from the average of the five-year period, 1924-1928, thus adding greatly to the stocks.

The sales of natural graphite by producers in 1929 were 6,458 tons, valued at \$310,891, an increase of 847 tons, or 15 per cent in quantity over the preceding year, and \$13,798, or 5 per cent in value. The quantity of crystalline graphite, with Texas as the leading producer, finding market in 1929, was larger than in any year since 1920.

GASOLINE TAX YIELD TO STATE IS LARGE

Austin.—A total of \$20,819,388.23 was collected by the State in gasoline taxes from July 16, 1929, to May 10, 1930, according to a report issued by George H. Sheppard, state comptroller.

The report shows that of this amount \$14,656,451 was paid into the State Highway Department fund; \$4,885,483 into the available school fund and \$1,277,453 held under protest claims and subject to refund.

The report also showed that \$879,096 was refunded on claims during the nine-month period. Of this amount \$344,525 was paid in miscellaneous claims; \$296,583 in claims submitted by farmers; \$114,555 on claims from contractors; \$68,993 refunded to municipalities; \$28,161 to marine operators, and \$26,207 to dry cleaners.

No claims for refunds were submitted by Glascock or Loving counties.

Since the law went into effect last July an increase of 518.7 in the number of refund claims has been noted, the report disclosed.

BUSINESS SCHOLARSHIP

If you are planning to attend a business college soon, ask about the scholarship for sale by the Junction Eagle good in the Byrne business colleges in San Antonio, Houston or Dallas.

Harris with 91,192 automobile registrations has more automobiles than any other county in Texas. Kennedy with 107 has the fewest.

I know not what the truth may be, I tell it as 'twas told to me.

Big Firm Compliments Junction Publishing Company

The Junction Publishing Company has just received a letter from the San Antonio Paper Company in San Antonio complimenting the company on the job of printing the Chamber of Commerce folder. The San Antonio Paper Company furnished the paper and materials for the job. The letter is printed below: Junction Publishing Co., Junction, Texas.

Dear Mr. McLendon:

We have received through your Chamber of Commerce, one of the folders which you recently printed, and the writer wishes to say that while Junction may be a small town, you may rest assured that the Junction Publishing Company is doing big town printing, and we wish to assure you that the folder which you have printed, could not have been printed any better in any shop in this great State of ours; in fact, any shop in the country.

We wish to congratulate you on keeping this job of printing in Junction, instead of the Chamber of Commerce sending it out to a big town, for the money they pay you will be deposited in the banks of Junction and the money will stay at home, whereas if the book had been printed in New York or St. Louis, the money would have gone to a big City and Junction would never have seen a thin dime of money spent for the books.

Trusting that you may be able to secure some more big jobs just like this, and wishing you all kinds of success, we are Yours very truly,

San Antonio Paper Co.

TRASH TRUCK

Wednesday was a big clean-up day and more trash was hauled off than on any previous day. It has been reported that some sections of the town was not reached by the trash trucks. If anyone was overlooked all they have to do is call the Chamber of Commerce office and trucks will be instructed to call for the trash. It should be placed in boxes or sacks so that it can be loaded easily.

ROTARY CLUB

Dr. L. E. Standifer presided at the Rotary luncheon today and V. P. Emmens was the principal speaker. He brought a good Memorial Day address. They told of the plans for Memorial Day which will be held here tomorrow (Friday, May 30).

The business men are requested to decorate their business houses in keeping with the day. A basket dinner will be served at the park from 11:30 to 12:30.

If you go to church awhile, soon you won't want to stay away.

Think, work, pray, mind your own business, and you will arrive.

MR. AND MRS. LIVINGSTON HOSTS TO NITE CLUB

Mr. and Mrs. J. M. Livingston were hosts to the Nite Club Wednesday evening at their ranch home on the banks of the South Llano.

Mrs. Livingston's sister, Mrs. N. Smith, of San Antonio was the honor guest on this occasion.

Sweet peas and fern were placed throughout the rooms of the house. Iced fruit punch was served on the arrival of the guests.

Floral tallies were passed and a dinner of fried chicken, new potatoes, rice, molded vegetable salad, olives, beets and iced tea was served at small tables laid with linen cloths and decorated with sweet peas.

A pair of beautiful Madeira pillow cases was presented the honoree. Mrs. Carl Wolf received the ladies' club prize, a gayly painted kitchen stool. A footstool, the men's club prize, went to Mr. C. T. Holekamp. Mrs. A. S. Rieck won the guest prize. Dainty packages of bath powder were presented the ladies and cigars were given the men.

Apricot ice cream and caramel cake were served at the close of the evening.

The club guests were Mrs. N. Smith of San Antonio and Mrs. and Mrs. A. S. Rieck.

CHILDREN'S PARTY

Mrs. W. P. Riley was hostess to the fourth division of the May fete and their director, Miss Mary Willis, Friday afternoon.

As the little guests arrived the hostess provided them with quaint little Mother Goose costumes and as little Miss Lenore Riley read the Mother Goose stories the children dramatized the tales in honor of Miss Willis. After the fun of pantomiming was over the little folk were invited to the attractive sun porch where the table decorated with a miniature May pole from which streamers of pastel shades radiated to May baskets containing ice cream and cake topped with icing in pastel shades. Iced fruit punch was also served.

A host of May baskets filled with spring blossoms were used for decorations. Little Miss Febajean Riley presented Miss Willis with a fancy basket of candy. Those present on this happy occasion were Billy Goodwin, Joyce Wright, Marie Roberts, Lela Bell Amick, Dorothy Wiese, Roberta Ragland, Azalee Wallace, Ples Randle, J. L. Baugh, Roy McKay, J. W. Lowry, Wilson Buster, Glen Hodges, Verlan Skaggs, Jack Denman, Jewel, Lenore, Febajean and Billy Riley and Miss Mary Willis.

NEW STUDY CLUB IS ORGANIZED WEDNESDAY

The La Junta (Junction) Study Club met Wednesday afternoon at the residence of Mrs. Sam Woodward and completed their organization. Following are the list of officers: Mrs. W. P. Riley, president; Mrs. Mattie Patterson, vice president; Mrs. B. B. Ragland, recording secretary; Mrs. C. T. Holekamp,

corresponding secretary; Mrs. Sam Woodward, treasurer; Mrs. H. G. Hubert, critic; Mrs. Frank Patterson, parliamentarian, and Mrs. A. W. Loeffler, reporter.

The constitution and by-laws were adopted at this time and a committee appointed to plan a miscellaneous study program for the ensuing year. A civic committee was appointed to co-operate with the Chamber of Commerce in the present clean-up campaign and in every way for the advancement of Junction.

The following are the charter members of the club: Mesdames W. P. Riley, Mattie Patterson, B. B. Ragland, C. T. Holekamp, Sam Woodward, H. G. Hubert, A. W. Loeffler, Milton F. Hill, Walter Tinsley, Conde Hardeeman, Clay Secrest, C. W. Atchison, Lester Hodges, L. R. Hodges, G. W. Crabb, A. L. Mudge, H. O. Denman, E. R. Borden, C. W. McCarroll, Miss Austin Durst was elected an associate member.

Texas wild flowers in season were chosen for the club flowers and pastel shades for the colors. The club will meet once a month during the school year.

MRS. RUDOLPH TATUM HOSTESS TO LITTLE CLUB

Wednesday afternoon Mrs. Rudolph Tatum, represented by her sister, Mrs. Irvin Jarvis,

was hostess to the Little Club at Mrs. Jarvis' residence.

Bowls of sweet peas decorated the room. Mints were served during the afternoon. Bottles of perfume were awarded Mesdames Vann Martin, C. T. Orth and J. A. Thompson who made prize scores.

Waffles stripped with bacon were served with coffee at the close of the afternoon.

R. L. BOBBITT

Robert Lee Bobbitt, who will be the principal speaker at the Memorial exercises, was born on a Hill Country farm on January 24, 1888. He attended rural schools and spent one year in the old Carlyle Academy at Arlington, and was graduated from the Law Department of the University of Texas.

He served in the United States army during the World War, and has since then practiced law and served as a member of the Texas Legislature and as Attorney-General, which position he now holds.

FISH FRY

Last Saturday Jake McDonald and others went to the Llano near Yates and put out some hooks preparatory to a fish fry at noon Sunday. By noon an abundance of fish had been caught and a picnic dinner was enjoyed by the following:

Louie Grobe, Henry Grobe, Albert Smitherman, Jake McDonald, Mrs. Sam Ivy, W. M. McDonald, Jesse Smitherman and families.

Jake McDonald brought in a 40-pound yellow cat fish on the running board of his car.

Mr. and Mrs. Fletcher Sullivan of Flatonia, were in Junction last week to attend the graduating exercises. Mrs. Sullivan is a daughter of Mrs. R. H. P. Wright.

Mr. Chas. Henderson, who has been at Legion for treatment several months, is at home. He looks the picture of health and his friends are glad to see him so much improved.

John W. Brady, who was convicted and sentenced to three years in the penitentiary in a Dallas court last week, has been released on a \$5,000 bond. This is the first time Brady has been at liberty since Miss Lehigh Highsmith, an Austin stenographer, was stabbed to death last November.

Mr. Wilfred Whittle and daughter, Beatrice, of Hackberry, and niece, Reba, of Rocksprings were week-end guests of Mr. and Mrs. D. T. Whittle.

On higher education—university and state-supported colleges—Texas spent in 1929 \$9,093,243.

Mr. Jack Richardson reports the sale of 1000 goats to Thompson of Kerrville this week.

Messrs. John Fish and O. T. Murr of the Murr community were business visitors in Junction Wednesday.

HOUSEWIVES OF JUNCTION ATTEND THE COOKING SCHOOL

June 3, 4, 5 and 6 3:00 to 5:00 Wilson Building

No Smoke—No Soot—No Fumes

The Housewives of Junction are cordially invited to attend a special Cooking School, under the direction of Mrs. Stella Floyd, well known home economist.

Mrs. Floyd will explain delicious recipes, demonstrate new and attractive methods of food preparation, and show you many short cuts by which you can simplify your cooking tasks, and at the same time provide better and more healthful cooking for your family.

The New Hotpoint Range

Mrs. Floyd uses the Hotpoint Electric Range exclusively, because through the use of controlled electric heat, she can always be sure that results will be consistently the same.

You are sure to enjoy and appreciate the many new ideas and suggestions you will receive at the Cooking School. Come and bring your friends. Remember, Tuesday, Wednesday, Thursday and Friday—June 3, 4, 5 and 6.

School to be Conducted in Wilson Building

CRAZY WATER

A Natural Mineral Water

Has relieved thousands of people afflicted with constipation, indigestion, stomach trouble, rheumatism, diabetes, kidney and bladder trouble, sleeplessness, nervousness and other ailments brought on by faulty elimination.

It will probably relieve you. Send us \$1.00 for a trial package of Crazy Water at your home. Crazy Water contains nothing except minerals extracted from Crazy Water by open kettle evaporation process.

We will refund your money if you are not thoroughly satisfied after drinking the water according to our directions.

Crazy Water Co.
MINERAL WELLS, TEXAS

GRASSHOPPERS MAY DAMAGE 1930 CROPS

There is some indication that grasshoppers may become a serious pest in 1930, according to R. R. Reppert, Entomologist of the Extension Service of A. & M. College. Reports have been received that they are present in alarming numbers in the counties of Bexar, Kendall, Fayette, Navarro and McCulloch. Following the recent rains over the state, it is possible that heavy damage to cultivated crops may develop, especially in the north, central and west parts of the state.

It is not known how extensively eggs were deposited last fall, Mr. Reppert says. Conditions in the parts of the state mentioned, however, have been very favorable for the successful over-wintering of such eggs as were laid, and for the hatching of the young during the present month. Should a season of dry weather be experienced from now on through June, the insects may be forced to leave the pastures and fence rows to attack cotton and corn. The situation is one that should be carefully watched.

Poison bran mash is thoroughly effective in the control of grasshoppers, and is made according to the following formula: coarse wheat bran, 25 lbs.; Paris green or white arsenic, 1 lb.; high grade amyl acetate (avoid cheap grades of banana oil or bronzing liquids), 1 oz.; cane or sorghum molasses (avoid corn syrup) 2 qts.; and water sufficient to make thoroughly moist but not sloppy. This quantity should be broadcast and will cover five acres.

Where the insects are migrating from pastures or fence rows to attack cultivated crops, broadcast over the margin of the field infested, and also back a considerable distance into the pasture.

FAT MEN'S STORE

On New York's East Side is a store established in 1865 that sells wearing apparel to fat men exclusively. "Everything a fat man wears from the skin out," their advertising reads. The owner, named Klein, is portly himself and will hire only fat men for clerks. There is a geniality and good nature about the place, such as one would expect in an institution operated by fat men, reports Joseph Van Raalte, adding that he himself yearns to be of rotund build just to be able to mingle with the jolly salesmen and their customers.

NOXVILLE GIRL MAKES GOOD SCHOOL RECORD

With only a few weeks before the close of the school year, the honor roll of San Marcos Academy lists a total of thirty-eight students for the eighth month. The first honor roll, which is composed of students making a grade of ninety or above in all subjects contains seventeen students. The second honor roll contains twenty-one students who have made an average of ninety in four subjects. Claudia Whitworth of Noxville is on the second honor roll. Miss Whitworth has made a good record in her school work this year and will receive her Literary Diploma and a Certificate in Stenography this commencement.

San Marcos Academy strives to maintain high scholarship among its students, and at the close of school a Scholarship Medal will be given the student having the highest scholastic record during the entire season.

Texas highway system comprises 18,680 miles and the state is spending \$34,530,000 a year on maintaining and improving it. Unimproved mileage is 6,435, graded and with the bridges in 2,194 miles, gravel, shell and caliche 3,343 miles, bituminous surfaced 3,223 miles, bituminous macadam 547 miles, rock asphalt 1,001 miles, concrete 1,236 miles, brick 51 miles and city streets used as designated highways 646 miles.

Premier Sale Will Be Held This October

A meeting of the Executive Committee of the Central Texas Hereford Association was held in the Banquet Hall of the Fort Mason Hotel on Saturday, May 10th, 1930.

At this meeting it was decided to hold a sale of Registered Herefords, both males and females, in October of this year. The offering for this sale will be selected from herds of the members and each contributor will offer the best in his herd. The entire offering will be judged by a sifting committee, composed of three competent judges of cattle and any animal offered

for sale that does not come up to a high standard of excellence will be excluded from the Premier Sale. In this way the buyers will be assured that they will buy nothing but first class animals in this offering as others will be eliminated but may be sold after the Premier sale if consignor elects to do so. The offering will consist of 40 bulls and 30 females. Sale will be held at Premier Ranch and the date will be announced later.

There will be a meeting of the membership of the Central Texas Hereford Breeders Assn. at a luncheon to be held in the Fort Mason Hotel, on June 28th, 1930, at which time final arrangements for the sale will be made.

The Central Texas Hereford Breeders wish to adopt a suitable slogan for the organization and are offering Ten Dollars

in Gold to the party sending in the best slogan for the association, together with a short letter giving your reasons for the slogan. This slogan should be short and snappy, carrying the proper meaning. Competition is open to the world. Contest closes June 15th, 1930. Send your slogan suggestions to Elgin O. Kothmann, Secretary, Mason, Texas.

Texas electrical output gained 26.1 per cent in 1929 over 1928. Average increase over the country was 10.4 per cent.

The largest post office in the United States not on a railroad is in Texas. Canton, county seat of Van Zandt County, carries that distinction with annual receipts of \$7,000, double daily mail from Edgewood ten miles away and five rural mail routes.

Rocksprings Is Getting Ready For Goat Show

Preparations are under way at Rocksprings for the Angora Goat Show and Sale which will be held there July 15, 16 and 17. Work is under way on the construction of a race track and a rodeo field is also being prepared.

R. H. Earwood, chairman of the dancing committee, intends to build a large dance floor 50x100 feet the coming week, and this floor will be of concrete, suitably topped and worked down, in order that it will be one of the best dance floors in the country. By building this of concrete, then the floor will be made permanent, and used

for time to come.

It is the intention of those who have this property in charge to organize a fair association, possibly at the end of this year's show, and allow every person who wishes, to become a stock holder in the community venture. Each contributor, we understand, will be given stock to the amount, to be prorated, that went into permanent improvements last year, as also this year.

Although most of the big ranches have given way to farms, livestock is still a major industry in Texas. It has 5,677,000 head of cattle, 5,550,000 head of sheep, 2,965,000 goats and 1,028,000 head of hogs. Included in the cattle are 974,000 milk cows and 210,000 heifers kept for milking purposes.

ANNOUNCING THE OPENING OF A NEW HUMBLE STATION.

You are cordially invited to visit the Humble Oil & Refining Company's new service station No. 188, located at Main and Sealey, which will be open for your inspection Saturday, May 31. Under management of Norman K. (Doc) Farmer

This station represents the most advanced ideas of the industry for the convenient and efficient servicing of automobiles.

The latest types of oiling, greasing, and fuel dispensing equipment assure prompt service. Washing and greasing racks are conveniently placed, yet unobtrusive. Station managers check over each car carefully after washing or greasing. Every detail of service is carefully supervised, to assure your satisfaction.

Here, you can obtain Flashlike Gasoline, long-life Velvet Motor Oils and Greases--and crank case, universal, differential, transmission, and chassis lubrication service. Also air for your tires, and water for your battery and radiator.

Visit this station today. Have your car serviced with Humble Products--enjoy the added motoring satisfaction which comes from using them. There's easy starting--power--pick-up

~speed~in every drop of Flashlike Gasoline. Burns clean--reduces crank case dilution--uniform in cleanliness, purity, and quality.

If your motor knocks . . .

If your car has one of the new high-compression motors, or your motor knocks from carbon, have your tank filled with the new Flashlike Ethyl Gasoline--get the greatly increased power, speed, and smoothness of operation which this special fuel affords. All the power, "zip" and "go" of Flashlike Gasoline, plus the added energy and smoothness of Ethyl Compound. It will absolutely prevent fuel knocks in high-compression motors, and make any motor run better and last longer. Try it out today.

Mr. and Mrs. A. W. Loeffler and little daughter are spending the week in San Antonio.

Nice lamb—not mutton—at all times at the City Market at reasonable price. 5-3c

Mrs. D. M. Wells and little son, Doyce, of Balmorhea visited relatives in Junction last week. Mrs. Wells is a granddaughter of Mr. and Mrs. N. C. Patterson.

The good work of grading and cleaning the streets by Commissioner A. B. Hodges has added much to the clean-up campaign. All the forces in the clean-up campaign appreciate all the work Mr. Hodges has done.

Mr. and Mrs. Ira Fleming left last week for their home in Milwaukee, Wisconsin, after a pleasant visit here with relatives. This was Mrs. Fleming's first visit to Kimble County, and she was delighted with our beautiful scenery.

We handle all kinds of gutter and down spout piping, also make any size galvanized pipe. Junction Sheet Metal and Plumbing Works. 2fc

Decorate for Memorial Day Friday and join with the American Legion in making it a great day. Let us properly honor the living as well as the dead.

Need fly traps? See ours before buying. Made right; priced right. Junction Sheet Metal and Plumbing Works. 2fc

Mr. and Mrs. Sebring Phelps have returned to Trails End Ranch, Segovia, for a few days' visit with their children, Mr. and Mrs. Alan R. Phelps.

Washing, polishing and greasing the right way at the Powell Motor Company. 7fc

Desire of greatness is a god-like sin—Dryden.

Bicycles in many colors are appearing in London.

It takes a man of courage to do a deed of worth.

It isn't so much the thing you say as the way you say it.

Labor is one of the greatest blessings God ever sent mankind.

Kindly words are in demand. Why not use them? It pays.

Commissioner A. B. Hodges and his crew of men have been working on the streets of Junction for several days and most of them are graded. This good work is appreciated and the grading of the street leading north from the court house in front of the Eagle office and by the fire station shows the most improvement. The north end of the street had become almost a dump ground, but the good work by Mr. Hodges has converted it into a good street that is being used since the grading.

FLY FREE RANCHES

The best ranches in this section will soon be FREE of FLIES because they will be so well supplied with well-baited FLY TRAPS that flies will be exterminated. The tick is gone, why not the fly. Let us supply you with traps. JUNCTION SHEET METAL AND PLUMBING WORKS "Everything in Sheet Metal" L. R. Hodges, Manager

JUBILEE CONCESSIONS WILL BE SOLD JUNE 2

Bids will be received on June 2nd for the sale of amusement and lunch-counter concessions of the Junction June Jubilee program of June 17-18, in the office of the Chamber of Commerce at 1:00 p. m. The committee reserves the right to reject any and all bids.

FINANCE COMMITTEE, J. S. Farmer, Chairman.

Mr. Jake McDonald presented the manager of the Eagle and his family with a liberal portion of a forty-pound yellow cat that he caught in the Llano River Sunday. It was fine and duly relished by the entire family.

Magnolia Gasoline. If you have not done so, give it a trial. Loeffler Motor Co. 3c

Mr. J. R. Martin is on an inspection tour in Concho and Schleicher Counties this week to check up on \$80,000 worth of loans on livestock. Mr. Martin says that conditions are improving since livestock is moving.

Washing, polishing and greasing the right way at the Powell Motor Company. 7fc

State politics are a little slow warming up this season, but with Tom Love given a place on the ballot by the Supreme Court and Jim Ferguson denied a place and "Ma" filing in Jim's place will start the pot to boiling, and from now until July 26 we may expect the usual disgraceful campaign. It is a shame that petty politics is given the right-of-way in Texas instead of constructive measures.

Get your fresh country butter, fresh eggs, milk, barbecue and sandwich meats at the Junction Market, west side of square. 51fc

Plans are going forward to make June the 17th and 18th RED LETTER days in Kimble County when the big picnic and barbecue will be held.

Mrs. Sterling Baker and daughter, Miss Dorothy, of Sonora visited Mrs. Baker's parents, Mr. and Mrs. John R. Martin, this week.

THE WORST THING ABOUT GOOD ROADS IS THAT IN WINTER NOBODY USES 'EM AND IN THE SUMMER THEY'RE TURN UP SO YOU HAVE TO DETOUR

BARGAIN IN RECORDS

On Saturday, May 31, I shall sell for cash only, 3 records for \$1.00. All new Victor, Columbia and other standard makes. 6-2c A. E. Smith, Next door to Eagle office.

Memorial Day Tribute

(by Alfred Noyes)

There's but one gift that all our dead desire; One gift that men can give, and that's a dream Unless we, too, can burn with that same fire Of sacrifice; die to the things that seem; Die to the little hatreds; die to greed; Die to the old ignoble selves we knew; Die to the base contempt of sect and creed; And rise again, like these, with souls as true; And, since they died before their task was finished, Attempt new heights. Bring even their dreams to birth. Build us that better world (O, not diminished By one true splendour that they glimpsed on earth). And that's not done by sword, or tongue, or pen, There's but one way. God make us better men.

Unkindness poisons you and everybody about you.

If you make a mistake, remember not to do it again.

Discretion is the perfection of reason, and a guide to us in all the spheres of life. It is found only in men of sound sense and of good understanding.

Don't rely on your wits alone.

Try pineapple and cabbage salad with mayonnaise.

Scalloped apples may be served for dessert or with the main course at dinner, much as apple sauce is served.

God wants to help you; why not submit to his wisdom?

Lighting a match
Brings Frigid Food-Protecting Cold

JUST light it once a day and leave it! That's all you have to do with Superfex, the economical new iceless refrigerator that generates its own safe, dry cold from oil heat—right in the kitchen. A few cents worth of kerosene provides 24 to 36 hours' dependable refrigeration. The burners operate about an hour and a half and go out automatically. Better and cheaper than ice. Superfex freezes ice cubes; chills crisp salads; keeps food fresh and tasty for days in warmest weather—and in hot winter kitchens. Saves thousands of steps daily, and pays for itself in food savings. Enduring steel construction, porcelain lined. No moving parts. Telephone today for further information, or come in and see it work.

Famous Violinist With \$40,000 'Strad' Collects \$5.74 for Street Recital

Chicago.—A prince of violinists hid behind the tatters and smoked glasses of a blind pauper on a Chicago street corner. From his \$40,000 Stradivarius flowed the same golden notes with which he had cast his spell over rapt audiences in many a crowded concert house. Little clusters gathered about. A few, unhurried by some more important errand, lingered long enough to hear Schubert's "Ave Marie" to its end, or Dvorak's "Souvenir," or "Kiss Me Again."

A few dimes and pennies jingled in the beggar's cup, and the listeners straggled on. Jacques Gordon, for nine

years concert master of the Chicago Symphony Orchestra, whose cultured bow draws \$1,000 in the concert hall, wheedled \$5.74 from a casual street corner audience Monday. The famous violinist undertook his beggar's role to decide a dispute concerning whether the public appreciated music for itself or was attracted by the magnetism of society audiences and the fame of the artists. With a group of friends he conspired to play the beggar on a corner of Michigan Boulevard.

Through the hours Chicago passed in review, slowing its pace and stopping, diffidently

perhaps, to hear a pauper's art. Thirty-six passersby dropped their pittance for the fiddler in 30 minutes. And only twice in the long day was the concert master recognized, once by a theater guild director and once by some casual listener who approached as the violinist stepped toward a cab and said:

"You can't fool me, Mr. Gordon. What fraternity is initiating you?"

And Jacques Gordon gave away to charity the \$5.74 "box office" receipts of a street corner recital by a concert master on a \$40,000 Stradivarius.

FIFTH GRADE GIVES MRS. GUY MUNN SHOWER

Thursday, May 15, Mrs. Munn's fifth grade surprised her with a shower of beautiful gifts. As she was leaving the room, Mrs. Munn was asked to be seated. Several of the pupils made talks of appreciation. All expressed their love and thanks to their sponsor for her faithful and untiring efforts throughout the school year.

6-A CLASS HONORS MRS. GRADY KINDRICK

If you do not think the 6-A class can keep secrets and give pleasant surprises just ask their sponsor, Mrs. Kindrick. Upon entering the room Thursday she discovered that her desk had been transformed into what appeared to be a counter in a gift shop. Gifts ranging from handkerchiefs to vanity sets. The children chose this means of expressing their love and appreciation to Mrs. Kindrick for her interest and never tiring efforts which she has shown throughout her work with them this year.

SEVENTH GRADE PARTY

Following the presentation of seventh grade diplomas Friday evening, May 16, came the surprising announcement that a party honoring those pupils would be given by Mrs. Munn, Mrs. Kindrick and Miss Morris. The expression on the face of each child bespoke to the audience the pleasure each one anticipated. This is the third year Mrs. Kindrick has taught these children and they had been entertained there before. Laughter and fun prevailed for two hours after which cake and punch were served to the children by the three hostesses and Mr. Guy Munn. When the goodbyes were said each child expressed his appreciation for the enjoyable time and for the interesting school year.

6-B CLASS HONORS MISS RUTH MORRIS

Thursday afternoon the 6-B class very pleasantly surprised their sponsor, Miss Morris, with a shower. Many beautiful gifts were presented her in token of their appreciation for her faithful work with them. All expressed their sorrow over the fact that Miss Morris will attend college next year and will not be with them.

FIFTH GRADE PICNIC

Friday afternoon, May 16, Mesdames Clay Seest and Carl Amick pleasantly entertained the fifth grade pupils and their sponsor, Mrs. Guy Munn, with a party at Schroeder Park. Games dear to the heart of every child were played, songs were sung and readings were given by several members of the class.

The real treat was discovered when the hungry group was called to lunch. A delicious picnic lunch was served, consisting of sandwiches, deviled eggs, potato chips, cookies and lemonade.

Don't lose your temper; your neighbors will always remember.

Better to hunt in fields for health unbought, Than fee the doctor for a nauseous drought. —Dryden.

SWIMMING PARTY

Mesdames Chris Schraub and T. E. Sheppard, room mothers of the eighth grade, entertained the class and their sponsor, Mrs. Joe Felps, with a swimming party and picnic at Price's camp.

After the swim, the party repaired to the club house where a short program was enjoyed, after which Miss Lucille Taylor, the class president, in behalf of the class made an address of appreciation to Mrs. Felps and presented her with a chair, for which the sponsor expressed her appreciation.

Chicken salad on lettuce, olives, potato chips, bread and butter sandwiches, cake and iced tea were served.

It's not the mistakes that we make but those that we don't make that get us somewhere.

SIXTH GRADE PARTY

Tuesday evening at the home of Mrs. Grady Kindrick the room mothers, Mrs. Hendricks, Mrs. Massie, Mrs. Duderstadt and Mrs. Tinsley were joint hostesses with Miss Morris and Mrs. Kindrick in entertaining the sixth grade.

At the close of a very pleasant evening, lemonade and cake were served to about forty guests.

Do the best you can, and soon you will be able to do even better than your best.

Large canned peaches may be drained and broiled. Place in a shallow baking dish pit side up, add a little melted butter and a very little salt. Broil until heated through and lightly browned. Serve hot with the meat course, or for dessert.

We place wreaths of homage upon the graves of the warriors of all wars, and salute the heroes who live. May we fittingly observe Memorial Day tomorrow, May 30.

Dave G. Adams Dies At Marlin

Mr. Dave G. Adams of London died Tuesday morning, May 20, at Marlin where he had gone for treatment. He had first gone to Glenrose but failing to improve, he went to Marlin. He was a highly respected citizen of London and his death cast sadness over the community.

David G. Adams was born April 6, 1882, in Milan County, and died May 20, 1930, at 4 a. m. in Marlin, at the age of 48. He spent the greater part of his life in and around London. He was the son of Mr. and Mrs. F. M. Adams. His father died July 24, 1924.

Mr. Adams leaves behind a loving wife, seven children and two step sisters and two brothers, besides a host of other relatives to mourn his demise.

His children are: Clarence, of Brownwood; Mrs. Tarlton Miller, Menard; Mrs. Otto Cridder, Icy; Osie, Rollie and Vaughn, Step children; Mrs. O. C. and A. C. Ivy of Johnson City. Sisters: Mesdames Russell Hamilton, London; Jesse Nixon, Menard; Jack Ivy, Sanderson. Brothers: Arthur and John Adams of London.

Rev. Garrett of Mason conducted services at the Hall but services were in the hands of the Masonic Lodge at the Little Saline Cemetery where interment was made, in the presence of a concourse of sorrowing relatives and friends.

NEARLY TWO BILLION

The world's population has now reached the two billion mark, lacking fewer than fifty million. That is the estimate issued by the Statistical Institute of the League of Nations. Asia alone has more than a billion. Europe has 514,000,000. North and South America have 332,000,000. Africa has 146,000,000.

Magnolia Gasoline. If you have not done so, give it a trial. 3c Loeffler Motor Co.

Messrs. Ovie Buster and Ott Patillo went to New Braunfels Sunday to meet Mrs. Buster and son, Loyd, who were returning from a visit with relatives at Corpus Christi and other places.

Texas is not among the leading states in metal production, but in 1929 its mines produced \$28,000 worth of gold, 1,650,000 ounces of silver, 1,000,000 pounds of lead and 400,000 pounds of copper.

WIDE SELECTION of POPULAR MAKES and MODELS

FIRE LOSSES IN TEXAS DURING APRIL REACHES MORE THAN MILLION MARK

Honor Students This Year Are Youngest In Class

Among the honor students that were in the graduating class of Junction High School this year were Carleton Wright, who made the highest grade among the boys in the class, and Junior Stevenson, who made the second highest average. Both students were the youngest in the class. Junior will go to S. M. U. next fall where he will take up the study of law. Carleton will go to the University of Texas where he will study medicine.

Among the girls, Tempie Boone and Vivian James tied for the highest average and both were awarded scholarships. Tempie will go to Texas Tech and Vivian has not yet decided where she will continue her studies.

Solicitors Must Have a Permit C. of C. Decrees

The use of a solicitor's permit for Kibbie County was adopted unanimously by the Chamber of Commerce body at their regular monthly meeting Tuesday night. This decision followed the action of the Board of Directors last week, when they gave thorough consideration to the practice and recommended it to the use of every business and professional man in the county.

In describing the practice of granting or denying permits to solicitors, Mr. Clay Secret pointed out that it would control unwarranted soliciting. The plan is that every agent or charity seeker, whether their purpose is to sell books, advertising or to seek donations, shall be expected to submit their business to the examination of the Chamber of Commerce. If their representations are worthy a letter or Permit will be issued them on Chamber of Commerce stationery, advising the public that the proposition has been examined for the truth of it by a Censoring Committee. When a permit is denied, no letter is given. Thus, the general public may know that any enterprise presented to their consideration by a person without the permissive letter should be deliberately considered. Every citizen is expected to co-operate by telling solicitors who have no Permit that they must secure one before a contribution will be made.

The Chamber of Commerce, in sponsoring this practice, believes it can help the community save from five to ten thousand dollars each year.

KNOW TEXAS

Texas automobile registration fees in 1929 totaled \$20,418,696—exceeded by only three other states.

Texas with 174 leads all the states in cotton seed oil mills. Georgia with 54 is second. Texas has almost one-third of the 538 such plants in the United States.

Texas maintains five fish hatcheries with two more now provided for. In Texas the United States maintains one hatchery and one private hatchery is located at Medina Lake.

Texas has thirteen legal holidays. Two of them—Texas Independence March 2 and San Jacinto April 21—are peculiar to the state.

OH, ANANIAS!

George came back from his fortnight's holiday proud of his bulging muscles. "Look at these arms!" he said. "My hat!" exclaimed his friend. "How did you get them like that? Rowing?" "Rowing be blowed!" said George, proudly. "I got them pulling fish in."

Fire losses in Texas for the month of April reached the staggering total of \$1,137,663.74. There were a total of 682 fires reported to the fire insurance commissioner and the property loss is based solely on the fires reported. No doubt the sum would be larger if all the fires had been reported.

Sixteen fires were caused by defective flues and chimneys; forty were caused by electricity; fourteen by explosions; 96 by exposures, including conflagrations; thirty-two incendiary; 275 were reported with unknown causes; twenty-nine were caused by sparks on roofs; fifty-three caused by stoves, furnaces, heaters, pipes, etc.; fifty-one were caused by matches and smoking; and nineteen were caused by open lights.

Vacant house fires seem to be on the increase in Texas in spite of the fact that the Texas Fire Insurance Department is making a special effort to reduce this class of fires. More than fifty vacant houses were burned in Texas during the past month.

Episcopal Summer Conference To Be Held in Kerrville

The Sixth Summer Conference of the Episcopal Church will be held in Kerrville from June 2 to 7, according to the Rev. Frederic M. Brasier, rector of the Junction Episcopal Church.

Several noted leaders will appear on the program and many interesting courses will be offered, stated Rev. Brasier.

Regular services will be held at the local church on Sunday, June 8. The address by Rev. Brasier will be "What do we Mean by the Coming of the Holy Ghost?" Holy Communion will follow the address. Services will start at 11 o'clock.

Graves of War Veterans Will Be Decorated

A committee composed of Jim Carpenter, K. G. Durst and H. I. Taylor was named by the American Legion to locate all the graves of veterans of all wars in the county in order that they may be decorated on Memorial Day, May 30.

They have worked diligently in order to find every grave, but if anyone knows of a grave that has been omitted, such should be reported to the committee before Friday morning.

Below is a list of the veterans that are buried in this county: J. M. Tomberlin, R. A. Pickett, G. W. Smith, S. B. Peters, D. G. Smith, J. S. Durst, Geo. W. Farmer, J. W. Boon, W. J. Cloud, J. E. Davis, Uncle John Smith, Dr. Burleson, John W. Boon, John Kuntz, Mr. Hull, T. J. Bailey, A. P. Browning, Thomas St. Clair, Lawrence Walker, Dave Cowser, Tom Rembold, Charlie Dunbar, Geo. Braley, Robert Henderson, Riley Fish, Elmo Hoggett, Daniel Gehart, Gerald Delany Pettigrew, Crittendon Furr, John Lafayette McCollum, Frank Weaver, A. M. Reese and Uncle Ben Drago.

"What heavy, unwieldy things the old-fashioned wedding rings were," said the young girl catching sight of her grandmother's ring. "Yes, dear," was the reply. "In my day they were made to last a lifetime."

Some people's sense of superiority rests on a refusal to expose themselves to a test. The one thing the public dislikes, is novelty.—Wilde.

Stone walls do not a prison make, Nor iron bars a cage; Minds innocent and quiet take That for an hermitage.

You get in return a hundred-fold for efforts invested in God's work.

If you borrow you must pay something sometime in return.

WOULD KILL ALL WHO EARN LESS THAN \$3,000

London.—George Bernard Shaw's cure for poverty would be to kill everyone earning less than \$3,000 a year or wanting more. G. Sylvester Viereck quoted dramatist as saying in his new book, published here. Viereck's book, "Glimpses of the Great," includes a series of later-views with Shaw, former Kaiser Wilhelm of Germany, Henry Ford and J. Ramsey McDonald, discussing poverty. Viereck quoted Shaw as saying:

"I should prohibit poverty by putting to death every person earning less than \$3,000 a year, or asking for more."

Viereck asked Shaw if he wished to be rejuvenated.

"I want, if anything, to be senitized," Shaw replied. Ask me again in thirty or forty years. However, my chief task is done."

"You mean your plays?" Viereck asked.

"No," said Shaw. "My prefaces."

4,785 SKYSCRAPERS IN UNITED STATES

There are 4,785 "skyscrapers" in the United States, counting only buildings of ten stories or more. Of these 384 are more than twenty stories and twelve more than fifty stories. More than half of them are in New York.

Germany has one "skyscraper" of thirteen stories, built several years ago in Cologne by a German who had lived in the United States, and London has one of the same height. Paris does not permit such buildings.

KNOW TEXAS

In 1929 the State of Texas appropriated \$22,780,193 for its public schools—this exclusive of local and district school taxes.

On road building and maintenance and administration of the Highway Department Texas in 1929 spent \$23,530,847.

There are 254 counties in Texas, ranging in size from 149 square miles (Rockwall) up to 5,935 (Brewster). Georgia, with 160 counties, comes next.

The two largest oil refineries in the world are in Texas—each with daily capacity for handling 125,000 barrels of crude.

LOEFFLER MOTOR COMPANY

Junction May Get Coast Line

Austin.—A new railroad from deep water on the coast to the west is projected in the charter of the Corpus Christi, San Angelo & Roswell Railway Company, approved Thursday by the Attorney General, but which is yet to be filed. Domicile is at Corpus Christi and capital stock, \$350,000. The line is projected from Corpus Christi to San Angelo, traversing the counties of Nueces, Live Oak, McMullen, Frio, Medina, Uvalde, Real, Kerr, Kimble, Menard, Concho and Tom Green.

Incorporators and officers are: H. A. Halverson, president; Edward Kennedy, vice president; W. V. Kennedy, secretary; J. W. Wilson, treasurer; A. L. Schroeder, R. E. Jordan, C. N. Reichert, E. F. Browne, C. F. Stevens and Jeff Chapman, all of Houston.

HOOVER HIBDON IS PLEASED WITH JUNCTION

Hoover Hibdon, a grandson of Mrs. Tom Hibdon, has been on a visit here with his grandmother. On leaving he had the following to say about Kimble County and Junction:

"I have lived in Los Angeles, have visited the Hawaiian Islands, Philippine Islands and Cuba, but never have I seen a more beautiful place than Junction—the beautiful hills, valleys, the tireless little river, shaded with huge pecan trees—are all thrilling to me. I was a little slow in getting acquainted with the finny tribe, but have landed quite a bunch and have enjoyed them to the limit. Junction's scenic beauty will linger long in my memory. It grieves me to leave my dear grandmother, but I know that I am leaving her with some of the best people in the world."

Judge: The two men were fighting with chairs. Didn't you try to establish peace?

Witness: No, there was not a third chair.

BLUE WHALE LOSES BATTLE FOR LIFE

Kodiak, Alaska.—A nine-hour battle with a rare blue whale was reported here recently by the crew of the whaler Tanginak of the American Pacific Whaling Company fleet.

With a harpoon in its side, the 85-foot whale towed the vessel at a six-knot gait through a smother of spray from mid-morning until night.

Once during the day the crew pulled up on the quarry with their straining craft and got in a shot with a bow gun, but missed a vital spot. Toward dark a third shot ended the contest.

An unborn baby whale 18 feet long was found in the animal.

Junction Trade Notes

(By G. G. Co.)

Junction's concerted spring clean-up, negotiated Wednesday, in which all hands and the cook took part, was a splendid success and will be wholesome in its effect. Incidentally, the campaign resulted in finding several mosquito hatcheries of which none of us were aware; and that is worth all the efforts put forth during the day.

U. S. Dep't of Agr. recently recognized the importance of the pecan growing industry of Texas by appropriation of \$27,500 to establish an experiment station near Austin, acquiring the Prof. Pearce experiment farm on the Colorado. Texas produces 16 to 20 million pounds pecans annually and Kimble County, having one of the largest natural pecan orchards in the world, is foremost among Texas counties in production.

Pecan-Nut butter, blended with peanut, is a new food product recently introduced to the trade and receiving favor in Junction. Gann Grocery Company. Grapefruit juice and tomato juice, in tins; whole sweet pickled peaches, Sherry Wine and Mint jellies in stock.

Friends congratulate Mr. and Mrs. Lester Phillips upon the advent of a 11-lb. boy in their household, born the 27th inst. and christened T. B. in honor of its grandfather, the mayor of Junction. Mrs. Phillips is in Standifer Hospital. Mrs. Ed Allen is home after a visit of several weeks with her mother in Midland and Ed is off his diet of canned hash and crackers.

E. E. Stricklen of San Antonio, en route to the Pacific Coast, stopped in Junction for a visit with his son, Thompson Stricklen.

Mr. and Mrs. J. C. Baker of Fort Terrett ranch, community were shopping in Junction Wednesday. H. J. Ellidge of London community in town Thursday stated he had corn in silk and tassel. Alphonse Fritz of the fertile London valley marketed choice home-grown beets, carrots and young onions in Junction Thursday. Jake McDonald had a good day Sunday, landing a 45-lb. Llano cat, besides his other catches.

In stock: Crosse & Blackwell's quality food products, including wild bramble and black currant jams, marmelade, orange and lime drinks, fig and plum pudding, soho pickles, pickled walnuts, etc. Gann Grocery Company.

Extensive preparation has been made for Memorial Day services of Burt M. Fleming Post American Legion to be held in Junction on Friday, the 30th. Flag raising and other ceremonies will be held on court house lawn beginning at 6 a. m. Basket dinner at Schreiner Park 11:30 to 1 p. m. Parade at 1:30 p. m. "Chuck Wagon" coffee, courtesy of Radford Grocery Company, will be served at noon hour.

In San Angelo the 27th inst. bids on 7,000,000 lbs. short wools, the accumulation of Texas warehouses, was rejected. It was stated, however, that March Bros. sold considerable short wool at 25 1/4 cts. Those in touch with the market situation say it is not so bad, and could be worse.

In stock: Improved Mexican June Corn seed, "Red Top" cane seed.

Gann Grocery Company
"Everybody's Store."

AMONG OUR SUBSCRIBERS

The following have paid their subscription to the Eagle the past two weeks, for which we are thankful:

Vernon Carroll, DeQueen, Arkansas; Will Allison, Roosevelt; Miss Georgia Allison, Roosevelt; Chas. Ramsey, Junction; O. T. Murr, Fort McKavett; I. O. Waldon, Segovia; T. T. Randle, Junction; George Hamilton, Junction; Mrs. Kate E. Pickett, Junction; J. E. Deats, Telegraph; Peter Bernhard, Harper; G. W. Beaton, Junction; George Strong, Junction; I. L. Fleming, Milwaukee, Wisconsin; D. C. Patterson, Chicago, Illinois.

FORD MAKES 47 PER CENT OF ALL CARS IN APRIL

U. C. C. Saves Ford Buyers \$25,000,000 Each Year

The new Model A for 1930 is already setting new high marks in production. Last month there were 9,565 cars and trucks made in one day and the average for the month was 9,371. The first four months of the year showed a total of 606,410 new Fords; the first six months will see a million new 30's on the road.

April Ford production was 206,340 or 15,000 better than last April. All other makes of automobiles together made only 235,000 new cars this past month. That smacks of the prevailing percentages so common in the peak of the model T days. "206,340 car purchasers can't be wrong." The best model T month in all Ford history was only 210,000.

U. C. C. Saves Buyers \$25,000,000 The Universal Credit Company has as its purpose the selling of Ford cars on-time cheaper than anyone else can do it. They try to save the buyer money and at the same time make all Ford transportation cheaper. People who buy Ford cars through this company will save \$25,000,000 every year because this company is so much cheaper than others. It is just one of the Ford economies.

BUY A FORD AND SAVE THE DIFFERENCE

Loeffler Motor Co.

The Eagle and all other papers in Texas are receiving cuts and printed readers from many candidates which they are asking be run free as that is the only way they say that they can get their candidacy before the people. They can pay for the cuts and pay some job printer to run off the sheets they want printed free and can pay Uncle Sam to take it to the newspapers, but they can not pay the newspapers to run it. How do they expect the newspaper men to get along?

WEATHER REPORT

A week of cool weather has prevailed in Kimble County, but no rain. This section is not suffering for rain, but more moisture is needed. Less than five inches have fallen during the first five months of the year. The weather is cloudy and it is hoped that a good season will soon be in the ground.

If you're inclined to boast, do it for something good—God, for instance.

STOCK SALT AND FEED

Before buying your stock salt, cake, corn and oats see Dan St. Clair. He can supply your needs along this line at special prices.

MRS. J. A. BARNES, Proprietor

Graf Zeppelin Has Started Last Lap

The huge Graf Zeppelin is starting on its last 4,500 mile hop on its present trip. The Zeppelin left Germany a few days ago and went to Spain, thence across the ocean to South American countries. The itinerary calls for a stop at Havana, then Lakehurst, New Jersey, and then home to Germany.

Dr. Hugo Eckener, who is in charge of the ship has established many records in the Graf. The voyage began Sunday, May 11, and he expects to return to Friedrichshafen, Germany, on June 29.

Last year the Graf made its epoch-making flight around the world in less than 12 days actual flying time. The huge German built craft has continued to establish records since that time.

PRESBYTERIAN CHURCH

On account of revival services at the Church of Christ, there will be no services Sunday evening, but the regular Sunday morning service will be held at 11 o'clock. The Rev. G. W. Crofoot has returned to Junction and extends a cordial invitation to everyone to attend the services Sunday morning.

MRS. FERGUSON IS IN GOVERNOR RACE

The Supreme Court of Texas has ruled that Jim Ferguson can not have his name placed on the ballot as candidate for Governor. Mrs. Ferguson announced for Governor immediately after her husband was denied the privilege. The same Supreme Court announced last week that Tom Love is a Democrat and entitled to a place on the ballot. The fact that he voted for the Hoover electors, the Court ruled, does not disqualify him for a place on the ballot as a Democrat.

BAPTISMAL SERVICE

Rev. G. W. Crabb, pastor of the First Baptist Church, announces a baptismal service will be held at the Patterson Park Sunday afternoon at 3:30 o'clock. There are several candidates for baptism and a cordial invitation is extended to everyone to attend this service.

J. A. BARNES IS NOW CITIZEN OF JUNCTION

Mr. and Mrs. J. A. Barnes and daughter, Margaret, formerly of Brady, have moved to Junction. Mr. Barnes is the owner of the Busy Bee Fruit and Vegetable Store. He has had stores at Brady, Mason, Menard and Junction. He recently sold his Brady store and has moved to Junction. He has enlarged his store here and has added a line of groceries.

Junction welcomes Mr. and Mrs. Barnes and daughter as citizens.

Elder J. S. Newman was called to Menard Tuesday morning to conduct the funeral of the little son of Mr. and Mrs. Hiram J. Pierce.

Cooking School Will Be Conducted Here

The West Texas Utilities Company will conduct a special Cooking School on June 3, 4, 5 and 6 at the Wilson building on the square. Mrs. Stella Floyd, well known home economist, will be in charge of the school.

Mrs. Floyd will explain recipes, demonstrate new and attractive methods of food preparation, and will show many short cuts by which cooking may be simplified.

The new Hotpoint Range is used exclusively in the demonstrations. Everyone attending the school will be sure to appreciate the many new ideas that will be presented by Mrs. Floyd.

This school is being conducted through the courtesy and at the expense of the West Texas Utilities Company. A large advertisement is also found in this issue which tells about the school.

Every housewife in Junction should attend one or more of the sessions.

CHURCH OF CHRIST

Revival services at the Church of Christ will begin next Sunday morning. Preaching at 11 a. m. and at 8:15 p. m. on Sundays and at 10 a. m. and at 8:15 p. m. through the week. Services will be held at the Church. A cordial invitation is extended to the public to attend these services. Brother Glenn Wallace will do the preaching. We will have a basket dinner at the Park at 12:30 p. m. Sunday. All who will help us in the song service are respectfully asked to do so. Remember the date, June 1st to the 8th.

J. S. Newman, Minister.

MRS. L. R. PULLIAM DIES

Mr. and Mrs. C. D. Bruce returned Thursday from Santa Anna where they attended the funeral of Mrs. Bruce's sister, Mrs. L. R. Pulliam, of Fort Worth.

Mrs. Pulliam, a bride of three months, was formerly Miss Mabel Banister of Santa Anna and Houston, and has visited in this country several times, spending her honeymoon with Mr. and Mrs. Bruce in February.

The friends of the family will join in extending condolence to them in their bereavement.

Superintendent Ernest Felps and little son, Jerome Kay, of Orange Grove, Texas, visited Mrs. Hyde Felps and other relatives here the past week.

Mr. and Mrs. J. F. Horton of Eden spent the week-end in Junction. Mr. Horton is owner and editor of the Eden Echo.

Mrs. H. G. Perry left Tuesday morning for Dublin where she will join her husband who is living there at present.

ICE preserves the FLAVOR as well as the FOOD. Ice ALONE purifies the Ice Box and provides the proper moist refrigeration which prevents the drying out of juicy meats, fresh fruits and vegetables.

Borden Ice Company

Radiator Repairing, Fender Straightening, Bodywork, Motor Adjustments, Battery Charging, in fact, everything your car needs, we can do the work.

Wahl Bros. & Schraub

Gas, Oil, Tires, Tubes and Batteries

Let Your Livestock Buy Your Feed!

The value of livestock as a premium market for home-grown feed has been demonstrated again by a Dawson County farmer and ranchman, who received \$29.60 per ton for maize fed to 30 head of beef calves, even though they were sold on a low market. The calves were fed about 30 tons of ground kaffir heads and 6,000 pounds of cottonseed meal for 110 days, when they averaged 705 pounds and were sold at \$11 per hundred. Charging himself \$40 apiece for the calves and deducting \$121 freight and selling expenses, he found that he had disposed of his feed for \$9.60 per ton above the regular market price.

It is the belief of this bank that our farmers and ranchmen should grow all the feed possible this season. The experience of farmers who are growing feed and feeding it to livestock proves that it is profitable. It brings more money when fed at home and the fertilizer enriches the land.
