Volume XXXIX

Junction, Kimble County, Texas, April 28, 1922.

Number 1.

KIMBLE COUNTY GETS 3.65 INCHES RAIN IN THREE DAYS

More good rains fell over Kimble County Monday, Tuesday and Wednesday of this week totaling 3.65 inches. Some parts of the county got nearly five while the southwest part only had about two.

A severe electrical storm accompanied the rain Monday morning, doing considerable damage to the local light and telephone plants, and causing trouble in supplying the town with current on Monday and Tuesday. About an inch fell at Junction, while around two inches fell along North Llano about the Mudge ranch. All mail cars made the return Monday except the Sonora mail which came in Tuesday.

Tuesday night rains from one half to an inch fell over the county and reports from surrounding towns show that in several places had much heavier rains than fell here that day. Brady had between three and four inches and a part of the town was reported under water as Brady Creek was said to be higher than for many years.

Menard had heavy rains that put the San Sabá up about thirteen feet, Mason County had about the same as here. Heavy rains around Rock Springs put the South Llano up several feet near the Guthery ranch, but only caused about a two foot rise here. About nine inches fell near Leakey in Real County it was reported here Thursday.

None of the mail cars left Wednesday, except for Kerrville. Mason mail left on time Thursday, and Menard about 10:30, being delayed on account of a three foot rise in Bear Creek.

About one and one half inches fell here Wednesday night and both rivers rose about four feet during the night.

Every section of Kimble County, and if reports are correct, every section of this part of the state, has had plenty of rain, and the grain and other crops that have been planted will grow wonderfully with a few days sunshine.

H. G. Perry For Representative
Not For Congress.

In the Star Telegram of Monday April 25th, the statement was published that the undersigned had announced for Congress from the 86th District, and I take this opportunity to correct the error and to state that I am still in the race for REPRESENTATIVE of the 86th District comprising the counties of Kerr, Kimble, Mason, Sutton, Menard, Bandera, Real, Crockett and Edwards. Thursday mail brought a number of letters from friends over the state, congratulating me and wishing me success, which of course I appreciate very much. This error only goes to show that the big papers are subject to mistakes as well as the little ones, we pass it on.

Very sincerely,
H. G. Perry.

G. L. Sullivan, Deputy Collector, with the Internal Revenue Department arrived in Junction last Saturday and spent the first of the week on business for the department. Mr. Sullivan's home is at Comanche, but travels out of San Antonio. He informs us that E. J. Coville formerly with the department looking after estates, died in a hospital in San Antonio a few weeks ago. Mr. Coville was here only a few days before his death.

Eastern Star Members

Attend Kerrville Meeting.

A District School of Instruction was held at Kerrville on Monday of this week for the Order of the Eastern Star. Chapters from Center Point, Bandera, Neuses, Ozona, Fredericksburg, San Binito, Junction, Ransford, and three from San Antonio were represented.

After the morning study of secret work of the order the visitors were guests of an elaborate luncheon at the Pampell Hall given by the Parent-Teachers Association.

Alfred C. McDaniel of San Antonio and Mrs. Mary E. Roach of Dallas were the speakers in the afternoon.

The evening session was presided over by District Deputy Grand Matron Dena Morgan of Corpus Christi.

A committee composed of Mrs. Evelyn Hough, Mrs. Joe Mudge and Mrs. J. D. Motley were in charge of the arrangements.

Those attending from Junction were Morris Nethery, Mesdames A. L. Mudge, Vara James, Coke R. Stevenson, Roy Blackburn, R. H. P. Wright, French Murphy and J. D. Motley.

TEXAS SHEEP ON MARKET

Arche Benge and D. E. Hughes
Had Offering at Kansas City.

From San Angelo Standard:
Arche Benge of San Angelo was on the Kansas City Market report last week with 379 clipped wethers weighing 92 pounds that brought \$8.90, and 51 yearlings weighing 76 pounds at \$12.00, according to the report of sales by Alexander, Conover & Martin. D. E. Hughes of Mertzon was on the market with 215 clipped lambs weighing 74 pounds that brought \$12.75, the top for this class.

The report predicts that with the ending of the lenten season, some improvements will be noted in the market soon. The market was off last week.

Bandera Lad Has Radio Station

The San Antonio Evening News of April 12th, gave Warren Hunter of this city a two column write-up and printed the young man's picture in connection with the story of his achievement in constructing and putting in operation a radio-telephone in the New Era office. Miss Mary Carter, reporter for the Evening News recently visited Bandera and when she found Warren's wireless plant she also found material for a good story and wrote it up in her pleasing style. The Evening News and the Express will have other feature stories from Bandera from time to time.

We are in receipt of a news item from Publicity Dept. of Baylor University, stating that Miss Bessie Quisenberry daughter of Mr. and Mrs. W. A. Quisenberry, of Junction, will receive her Bachelor of Arts Degree at the close of the present session. Frank Quisenberry is also in Baylor pursuing a course embodying to an A. B. Degree. They are former Junction High School students and are making splendid records in their college work as well as taking active part in the numerous athletic and social activities of the University.

Irrigation Dam of L. R. I. & M. Co. on South Llano Four Miles from Junction

MOHAIR SOLD AT SAN ANGELO

From San Angelo Standard:

At terms not announced but said to be considerably higher than prices prevailing in 1921, the Wool Growers Central Storage Company has sold \$3,000 pounds of spring mohair to J. M. Lee of Del Rio, representative of Draper & Company of Boston.

About seventy different clips mainly from Crockett, Sutton and Schleicher Counties were disposed of. The two cars of mohair have already been shipped east. The local firm now has in its warehouses about 35,600 pounds of mohair. Between 175,000 and 200,000 pounds total are expected, says J. Miles O'Daniel, secretary.

The shearing of long, twelve-months' wool will not begin until about April 25 and will not be in full blast until May. So no long fleeces have been received here.

Wool sheared from muttons and lambs shipped from West Texas to feed lots in Kansas and other middle western states has been bringing from 28c to 35c a pound, according to reports reached San Angelo. Due to dry weather during the winter, the 1922 long wool will be of shorter staples than a year ago, according to wool men.

Chauncey Depew, at 89, Looks

On Life as Pleasant Thing.

New York, April 22.—Former United States Senator Chauncey M. Depew, who will be birthday tomorrow, is still a hard-working optimist.

"I see more hope for the future of the world on my eightieth birthday than on any in the last seven years," he said. "I am entering my eighty-ninth year jubilant. I am pretty well satisfied with this world and mean to stay with it as long as I can. I have a feeling that it is filled with mighty good people. It has always to me been a garden to be cultivated."

"We can't pull up the weeds, but we can find some places where we can grow the things we like—men and women and boys and girls for instance."

Insisting that there was no formula for old age, he counseled moderation in all things.

"Don't overlook," he said. "Don't overplay. Don't overeat. All don't overdrink."

"Learn to smile."

Annie Bell Hensley.

Annie Bell Hensley died at her home five miles south of London, April 19th, 1922, at 4:10 a. m.

She was 6 years, 3 months and 17 days old. She had been ill for some five weeks.

She is survived by her mother, three brothers and four sisters.

Blind Musicians Give Concert

J. J. Faulkner and Virgil E. Boston, both totally blind, but widely known throughout Texas, New Mexico and Arizona, as musical intertainers, gave two here on Monday and Tuesday nights which were well attended considering the inclement weather and all present were well satisfied with the varied instrumental and vocal selections. Faulkner plays piano and Boston violin.

Faulkner is thirty-three years old, is married and lives at Llano where he has a musical supply house and is in a good way financially. He lost his eyesight when only three months old, as a result of medical treatment for baby sore eyes. By the time he was four years old he had displayed a natural talent for music and, on the old time organ, could play most of the old time hymns that he happened to hear. At the age of fifteen he entered State School for the blind at Austin and was a student there for nine years continuing his music and also learning piano tuning and repairing, a trade at which he is very skilled, and to which he devotes a good part of his time out side the concert season which lasts about four or five months each year.

Boston is thirty-eight. He has been totally blind since he was eleven due to paralysis of the optic nerves. He spent ten years in the State School for the blind and was for several of these years associated with his present partner, Faulkner, and Chas. Rice of Crockett County, at present the only blind member of the State Legislature.

These men have been traveling together for about nine years and are making good money by giving intertainerships that are above the average even for concert performers with all their senses. It is remarkable how well these men can get around over the country. They are always jovial and happy and always leave one in a happier state of mind than when they found him.

Joel Britton of Pontotoc is driving them at present and left with them Wednesday for Fredericksburg where they will give their next concert.

Porter Hodges gave us a sequel of the recent fish story of 35 pound fish. Mr. Hodges says he thinks this is the same fish he caught nearly 10 years ago, as it had a large scar on its back. In the same hole of water several years ago he rigged with them in the back not nearly so large but let it get away.

F. M. Edwards, who moved from Sanderson to the Hunger place on South Llano last December was in town Saturday and had us place his name on our list.

GOOD PRICE FOR WOOL NOW AND HIGHER PRICES SEEN

From San Angelo Standard:

Throughout the breadth of South and West Texas the song of the shearing machine has begun, or is about to begin its merry task of clipping the spring wool crop, and it will be merry according to J. E. Boog-Scott, because at this time every indication is that the price will average better than 30 cents a pound, which is 12 cents above that of last year.

That means that sheepmen will receive \$2,160,000 more money this year for their wool clip than they did last. The estimate is based on the total production last year, which was about 18,000,000 pounds and the crop for the current year is expected to equal if not surpass that figure.

Clipping has already begun in South Texas, according to Boog-Scott, and is on the eve of starting in West Texas on the mutton stock. The ewes will be sheared after lambing time. He thinks the entire clip will be on the market by the last of May.

One indication found that the price is going to be good is the fact that speculators are said to be making an effort to buy the wool on the sheep's back. That is considered to mean that the price will reach a high figure. How widespread is the speculation is not known, but it is known that they are making tentative bids at good figures on unshorn wool.

At an average of 30 cents a pound the wool crop is expected to fetch around \$6,400,000. The bulk of this money will be released in the next few weeks, since very few sheepmen make fall clips, Boog-Scott said. Naturally its release is expected to reflect a better prosperity, not only for sheepmen, but much of the state.

When clipping is completed Texas may be proclaimed the greatest wool growing State in the Union. It now is first in the number of sheep owned, which is 2,600,000, but last year Wyoming surpassed it in the number of pounds secured. However, there is a chance that Texas may exceed the production of Wyoming this year.

The foregoing figures were provided by R. H. Rasco, sheep inspector, of the Live Stock Sanitary Commission.

Rasco's report also shows that since 1900 the sheep stock on the ranges has decreased from 61,000,000 to 35,000,000 in the United States.

RANCHMEN NOTICE

Within the next few weeks we expect to start a STOCK NEWS COLUMN in this paper to report all sales and transfers of live stock in this county and as many as possible in adjoining ones. We hope the stockmen will co-operate with us to the extent that we may make this an interesting part of the Eagle. Any subscriber who has pictures of fine cattle, goats or sheep or any ranch scene that they desire run, we will be glad to use it and will make no charge. Either send the pictures and have a newspaper cut made or bring it to us and we will send it to an engraver for you. A little effort on the part of our stockmen readers will enable us to make the paper better. Will you do it?

Phillip Joseph and daughter, Mrs. Stanley and a brother and Dr. Stone went to San Antonio Sunday, returning Tuesday.

Staff Writer of Houston

Chronicle in Junction.

Paul L. Wakefield, Theatrical Editor and C. W. Beckner Special Editor of the Houston Chronicle spent Tuesday afternoon and night in Junction en route to Hollywood California, where Mr. Wakefield has an assignment to write about the most noted Actors and Actresses in the Motion Picture World. These gentlemen are also collecting photographs and data for articles descriptive of the country along the Old Spanish Trail, and no doubt will give Kimble County quite a boost in their write up of the country and the pictures that will be used in the Rotogravure Section of the Chronicle. They were very decidedly surprised at finding such a country as this along their way to California. Mr. Wakefield said he did not know there was such a country in Texas. The Junction Hardware Company supplied them with a number of pictures for use in their articles.

Junction Wins First

Game of the Season.

In a rather hot contested game, but of course noticeable for many awkward plays and errors on the account of "newness" of all players, Junction boys defeat the Kerrville team by a score of 9 to 6.

The local team expects to match games with several surrounding towns in order to have a game once a week.

Jim Ragland went to San Antonio on business.

OUR WEEKLY POEM.

The Silent Place.

When the last faint bit
of sunlight
Has crept away to rest,
And the gold and crimson
banners
Have unrolled the
West,
To a silent place my soul
and
Slip quietly away,
To throw aside the little
things
That trouble us each
day,
And as the sun cuts
through the mist,
That veils the glimmer
mering sea,
So in that silent place of
mine
I am reborn, made free.
My soul steps forth—a
radiant thing
Glowing and bold and
strong;
Somewhere I feel the
breath of wines,
And hear the lilt of
song.
So eye to eye, and face to
face,
We stand my soul and
I:
"Oh, give me strength to
bear my load,"
With clattering lips I
cry,
Then from that glowing,
radiant calm,
A courier new I gain,
And from the beauty
strength to bear
Whatever it be of pain.

—Eleanor Dorselen in the
Kansas City Star.

TELEGRAPH NEWS.

On Friday night, April 21, the closing exercises of the Paint Creek school were held at the school house. The program was as follows:

Song by Audience—America Essay, The History of the Paint Creek School—Miss Ruby Deats.

School Song, Goodbye—Misses Lula Bruce, Ruby Deats, and Arthur Deats. Bessie Freeman, Temple and Arthur Deats, George Freeman and Mark Stevenson.

Judge J. B. Randolph, Junction Presentation of school prizes—Miss Leona Banister.

Address and presentation of diplomas by Judge Weaver H. Baker, of Junction.

Diplomas were given to Miss Bessie Freeman and Mr. Arthur Deats. Little Miss Lela McDonald received a prize for perfect attendance this year.

A large crowd was present and the program was very much enjoyed.

Judge Randolph's address to the graduates dealt with their opportunities and their future. Judge Baker's speech was of the growing and changing West, Texas and its schools. Both gentlemen were listened to with great interest and much pleasure by the entire audience.

At the close of the program the Parent-Teachers Association of the school served an ice cream and chicken supper on the school ground, which was very liberally patronized and brought in a nice sum of money that will go toward the school library.

After the supper was over a nice dance was given at the home of Mr. and Mrs. W. R. Emsley which began at about eleven thirty and lasted until about four o'clock in the morning.

The family of Mr. John T. Estes left last Saturday for Throckmorton where they will make their future home. The Telegraph community regrets to have them go, and sincerest best wishes are sent with them for their much happiness in their new location.

Messrs Grady and Gillett Banister, of Santa Anna, arrived at Telegraph Friday night for several days visit in the home of Mr. and Mrs. W. McDonald. Their sister, Miss Leona Banister, who has just completed a year's teaching at Paint Creek will accompany them home about the last of the week.

A fish fry was held Sunday at the Seven hundred springs, several families of the community participating and all reporting a good time. About thirty-five people were present and only about half of the fish and other good things to eat were eaten.

Several cars of people from the upper South Llano went to church services at Evergreen Church Sunday afternoon.

The Baptizing at Evergreen occurred as scheduled Sunday afternoon, those received into the church being Mrs. Mattie Edwards and Miss Mary Edwards.

Church was held at Paint Creek School house Sunday night, quite a number of people being present.

Miss Mildred Rogers and Mr. Melvin Rogers were host and hostess to a card party and dance Monday night. A very gay time was reported and the guest stayed until a late hour. Those present were Mr. and Mrs. J. E. Deats, Misses Lula Bruce, Bessie Freeman, Kinney, May Yett, Ruby Deats and the hostess, and Messrs Luther and Clarence McDonald, Enoch and Chas Bruce, Grady and Gillett Banister, Temple Deats and Melvin Merlin Rogers.

Misses Hazel, Dorris, Edith and Mr. Homer Richardson will be at home this week after finishing a very successful term of school at Streeter.

Rev S. F. Marsh spent Sunday night in the home of Mr. and Mrs. C. P. Bruce.

Mr. and Mrs. John B. Wilson were in Junction Friday.

QUARTER HORSES.

CARD OF THANKS.

We wish to thank our friends for the kindness shown us during the illness and at the death of our dear daughter and sister. We hope should any of you need help that we will be where we can lend a helping hand.

We also want to thank Rev. McIntyre for the beautiful sermon he delivered.

Mrs. Henry Summers and Family.

London has Big Minstrel.

A home talent Minstrel was given at London last Friday night and enjoyed very much by local people as well as many visitors from Yates, Hext, Menard and Junction. After the minstrel a dance was given that lasted well into the morning.

An orchestra from Menard furnished the music.

Good Times Ahead.

Kimble County has no doubt started on the up-grade pull. Fields are planted, or being planted, and are making a good showing, which means that our people are back in the race.

Prospects are now pointing toward a banner year and we must take advantage of it.

To produce is our one salvation, not only farm products and live stock, but everything. We see where other counties ship out thousands of eggs. Can't Kimble County do the same thing?

Our turkeys have always brought good money and there is no doubt but that they are worth while.

Good roads leading out of Kimble County will soon be completed, and we will be able to market our stuff to a better advantage.

We realize that the pull has been hard, but the Junction State Bank has faith in Kimble County and its people, and we are ready to serve our customers with the same Safe, Sound, Conservative, Banking Accommodations we have always practiced.

There is more or less discus-
sion in papers over the country
as to membership in the K. K.
Klan qualifying or disqualifying
a man for public office. Per-
sonally we are opposed to the
Klan or any other organization
of like nature that seek to take
the law and administration
of justice into its own hands,
but we doubt very seriously
whether a candidates qualifica-
tion for office are very depend-
ant or whether he is for or a-
gainst the Klan. It seems that
the Klan has been brought in-
to politics to cloud other issues
of most worthy importance.
The Klan is already singing its
swan song. It has run its
race, and in a short time a per-
son's attitude towards the Klan
will have about as much bearing
on his qualifications for office
as the dead issue, that some
one occasionally wants
to receive, as to whether the
state should ratify the con-
stitutional amendment for woman
suffrage.

Men should be elected to of-
fice because of their honesty
and ability. Someone always
to ride into office by diverting
the voters mind from real is-
sues to something that has no
connection with the office
sought.

If we are to have an efficient
government, we must elect ef-
ficient men to office. The pol-
itical juggler and professional

hand shaker must be left at
home. Personal friendship
and exaggeration sentiment el-
ect too many inefficient of-
ficers.

Last week we stated that our
operator H. C. Richards was
away on a visit and that Mr.
Motley was taking his place.
The "visit" turned out in a very
unexpected manner as he didn't
show up for work Monday as
we expected and were assured
he would not, so Mr. Motley
was prevailed on to continue
with us temporarily to prevent
any interruption, and the Eagle
is out as usual, except we are a
little late on account of loss of
electric current for about a day
during the week. Everybody
is left with a sack to hold, oc-
casionally, but everything
moves along just the same.

We understand Mr. Richards
is with some newspaper in a
little town in Red River Coun-
ty.

Occasionally some one gets
an idea that the world can't
get along without them. Just
when a person thinks he or she
is indispensable to any business
you can sure put it down
that they are slipping. Pret-
ty soon they will find that the
institution runs better without
them than with them, then they
wonder why.

Mohair was selling brisk in
Junction at 41 cents this week.
The clip will be some lighter
than last year, but fine range
conditions, good crops, fair
prices and the inherent spirit
of optimism of Kimble County
stockmen is bringing "normal"
conditions back very fast.

Look at the people around
you and size them up accord-
ing to their deeds. How many
of them have a ghost's chance
of getting to Heaven unless
they make a radical change in
their mode of living? Very
few, you think. Now look in
the mirror and study the one
you see? What better chance
has he?

W. A. Bannowsky, wife and
son were visitors in town Sat-
urday from their ranch near
Cleo.

Attend Interscholastic Meet.

On Friday, April 14, Junction
representatives to the District
Intercholastic meet left for San
Marcos. The party was com-
posed of the following: Mrs.
W. C. Whorton, Sec-Treas. of
the Parent-Teachers Association
Nellie Bennett, Declaimer; Ber-
nice Chenault and Louise Rag-
land Debaters, and Mr. and Mrs.
Eaze, Teachers. The trip was
made by way of Austin. Arriv-
ing in the City we made a
thorough examination of the
University buildings and facili-
ties. Likewise the State Cap-
itol was explored. The educa-
tional value to the young folks
was truly evidenced by the en-
thusiasm shown in finding out
about these two great institutions.

The party reached San Mar-
cos late Friday night. San
Marcos, of a truth, was itself
similar to a city, its population
had increased wonderfully for
the time being.

The literary events of the
meet began at nine o'clock Sat-
urday morning. Junction de-
baters were pitted against the
strong team from Lockhart, and
to Lockhart, who had previous-
ly won over Blanco County, lost
by a unanimous decision. One
of our debaters, however was
credited with having the best
speech and best delivery of the
four debaters. Lockhart was
however especially strong in
rebuttal—the place where a
debate is usually lost or won—
and so gained the victory.

In the declamation contest
our contestant was in the finals
and there met the represen-
tatives from San Marcos, San
Antonio, and two other good
high schools. San Antonio won
first place and San Marcos sec-
ond place.

In all we made a good show-
ing. This is the first effort
Kimble County has made to put
herself on the map in a liter-
ary way. This is the first time
she has tried to show to other
parts of Texas that she is com-
ing to the front in school mat-
ters. The writer of this arti-
cle appeals to the patrons of
Kimble County Schools to en-
courage this effort on the part
of their school children. The
participants in these events
came home filled with the de-
termination to win some hon-
ors in the next meet, and with
the greater determination to en-
ter college some day. Pray,
do not kill this spirit.

NORTH LLANO NEWS.

Our community was blessed
with a rain Monday, which
brings smiles to the ranchman
and farmer. Stock in this sec-
tion is improving fast since last
week's rains.

Bill Roe has let the place re-
cently leased from Mr. Wootton
to Mr. Terry of Nolan County,
he with his family arrived Sun-
day and Mr. Roe and family
will move to Mrs. B. Roe's ranch
for the remainder of this year.

Miss Bernice Self is visiting
her friend Mrs. Frank Smith
a few days.

Mrs. Durbon and children
spent last week end with the
Frank Edwards family of South
Llano.

Louis Coleman was a guest
at the Middleton ranch Sunday.

The neighborhood singing on
Sunday afternoons is gaining in
attendance and interest. It
was held at Mr. S. Self's last
Sunday and will meet with Mrs.
Durbon next Sunday.

Gene Lightfoot and Jim Car-
penter were visitors at the Mc-
Anderson ranch Sunday after-
noon.

Willie Bolt and wife were
guests at the E. E. Bolt ranch
Sunday afternoon.

Silas Self is on the sick list
this week.

North Llano is on a boom.

A. W. Loeffler and Chris
Chraub went to Fredericksburg
Tuesday. Mr. Loeffler re-
turned the same day in a new
Ford for the Hardware Com-
pany, and Mr. Schraub went on
to San Antonio to bring Mrs.
Schraub and the children back.
They have been visiting in the
City.

Tanlac is the result of years
of study, experimentation and
research by some of the world's
greatest chemists. Hence its
merit.

JUNCTION, TEXAS
AT W. M. ALLEN OLD STAND.

Local And Personal.

Special Rangers Pruitt of Parkdale and N. D. Jones of Le Rio, employed by the Sheep and Goat Raisers Association were in Junction Wednesday and Thursday, accompanied by Alvin Keene of Sonora who was driving for them.

Satin, Taffeta and Knit-crepe dresses at \$7.00 to \$20.00. Gingham at \$2.95 to \$5.50. Silk undies at \$1.95 to \$3.95. New Hats next week. White thread spools for 25 cents. Hankins Specialty Shop.

Herman Murcheson and Felix Miller were in Junction Saturday selling Ford body braces invented and patented by T. L. Miller of Sonora. These boys are from El Dorado, but are traveling together selling this accessory.

J. D. Braley spent several days at home from his contracting work in Edwards County. John started back Tuesday, but met a big rise near the Guthery ranch on South Llano and had to return to Junction.

Tax Assessor Henry Hodges of Brady was over visiting relatives the first of the week. Mr. Hodges is a candidate to succeed himself as Tax Assessor in McCullough County.

Phillip Joseph, while in San Antonio, ran into a car driven by a Mexican, at a street intersection. Both cars were slightly damaged but no one injured.

Raymon Hodges recently purchased the C. C. Wilson ranch on the Menard road.

G. W. Westervelt and a Mr. Penn, of San Antonio, were in Junction Thursday. They are spending a few days on the Westervelt ranch six miles south-east of town.

Have good range for sheep and goats see Marvin Skaggs. 1-tf.-chg.

Mrs. L. C. Estes, of Blanket is visiting in Junction this week the guest of her son, N. B. Estes.

Mr. and Mrs. Chas. Bannowsky and children of the London community, were Junction visitors Saturday.

Buck Bishop and family of Carter Valley, spent a few days here this week visiting Mr. Bishop's father and mother, Mr. and Mrs. J. L. Bishop. They went from here to Comanche to visit other relatives before returning to their Edwards County ranch.

Satin, Taffeta and Knit-crepe dresses at \$7.00 to \$20.00. Gingham at \$2.95 to \$5.50. Silk undies at \$1.95 to \$3.95. New Hats next week. White thread 5 spools for 25 cents. Hankins Specialty Shop.

Sid Ramsey was over from Menard Saturday. He has been working for Wallace Mains who recently sold out, so he is taking a few days off.

J. R. Pettitt who has been visiting at Del Rio, Camp Wood and Rock Springs the past three weeks, returned Friday of last week. He states that range conditions are fine as far as Carter Valley, but beyond there it is very dry.

Mrs. Chris Schraub and children left Thursday for San Antonio, Uvalde and Cline to visit relatives for a couple of weeks.

Bill Trommel, Dr. Harris and Ben Art of Fort Worth, arrived Saturday for a few days fishing trip. Mr. Trommel whose wife is a granddaughter of T. M. Hodges and wife, makes a visit here every summer. The other gentlemen are on their first trip, here, but are very enthusiastic in their praise of the country and no doubt will become regular summer visitors here. They came down in Mr. Trammel's Apperson car.

Howell Wright and wife are in Austin this week. They went to have a specialist examine and treat Mrs. Wright's eyes.

G. T. May and Will Amaon were in Brady on business Monday and had to return Tuesday by way of Menard. They report heavy rains around Brady. Frady Creek was higher than ever known before and much uneasiness was felt there on account of high water in this Creek which runs through part of the business section of town.

Hodges Hotel Guests.

Roy Gay and wife, Menard. O. Guestiner, Menard. A. M. Lochabay, San Angelo. Bill Trammell, Ft. Worth. Dr. Harris, Ft. Worth. Ben Art, Ft. Worth. H. E. Russell Brownwood. Dorris Wright, City. J. T. Langford, Winters. Jim Wilson, Winters. Dr. Malove Guggan and family San Antonio. H. H. Mills and wife, San Antonio.

Mrs. Besse Camp, Brownwood. Willie Hodges, Winters. Ed Eason, Winters. J. T. Hughes, City. R. S. Killebrew and wife, Houston.

R. G. Stevenson returned from Llano Monday where he spent several days visiting his son, G. H. Stevenson.

Bill Hamer and George Bralley left Sunday for some where—supposedly San Antonio, anyway they returned Tuesday afternoon.

Meals 50 cents at Fritz Hotel. Best in town. 48-tf.

MILLION DOLLARS MADE AVAILABLE FOR FLOOD FIGHT.

Resolution Carrying Emergency Appropriation Is Rushed Through Congress.

Washington, April 21.—The sum of one million dollars for control of flood waters of the Mississippi river, now at the highest stage in the year was made available immediately by a resolution rushed through the Senate and House today within an hour after the proposal made by southern members had been approved by Secretary Weeks and Director Dawes of the budget.

New Orleans, April 21.—Activity of the anti-flood forces along the middle reaches of the Mississippi increased today with the approach of the time when freshets from tributary streams might be expected to send the rivers to new high levels.

The fight today was centered between Arkansas City, Ark. and Greenville, Miss., where several weak spots in the embankment were noted during the light. Hundreds of men are at work raising the levees to meet the danger.

Tension was reported high among the people living behind the levees, but they showed a reluctance to quit their homes until the back waters actually forced them out. Many whose homes have already been reached by the water are living in nearby towns or high places while hundreds are camped on the levees waiting to be moved.

Turkey Tonic

SAVE YOUR
TURKEYS

Take no chances protect your well as you can. Turkey Tonic is the only tonic for turkeys. It cures all diseases of turkeys. Program for Pecan Growers.
Meeting May 23 and 24.

A Meeting of the Texas Pecan Growers Association will be held in Brownwood on May 23 and 24.

J. H. Burkett, of Clyde Calhoun county, is the President of the Pecan Growers Association. He spent several days in Brownwood this week on business and making arrangements for the May meeting.

The program as planned presents the following speakers and topics:

F. B. Gwinn will speak on "Top Working Native Pecan Trees as a means of improving our Fruits and Nuts."

F. T. Ramsey, "What I Know and What I Don't Know About Pecans."

Judge T. H. Ridgeway and J. H. Purkett "Expense of Top Working A Native Grove."

Dr. A. Gaswell Ellis, "Is Top Working Pecan Groves Practical and Profitable."

C. Thorne, "How Walnut Growers Succeed in Marketing their Nuts."

C. D. Garrett, "How to Obtain Success in Marketing Our Native Pecan."

Dan E. J. Kyle, "The Development of the Pecan Grove, Illustrated."

Will H. Mayes, "Report of Committee on Legislation Relative to Pecan Marketing."

A. W. Woodruff, "Commercial end of Pecan Business."

C. A. Reed, "Pecan Varieties."

Colonel Ike T. Pryor, "Recommendation as to Plans."

E. W. Cole, "Standardization and Classification of Pecans."

A. L. Fabis, "Pecan Insects History and Control."

Brooke Ramsey, "Grading, Shelling and Marketing of Pecan Products."

President Burkett promises that several hundred outside pecan enthusiasts will be here for the meeting, and he predicts that the interchange of information about pecan raising, resulting from the meeting, will accomplish a great deal for the benefit of those who are engaged in raising pecans for the market.—The Brownwood News.

ONE OF THE SWEETEST WORDS IN THE ENGLISH LANGUAGE IS

HOME!

After the toils and worries of a busy day, when the day has been a trying one from every standpoint, you return at night to your own fireside and to your family. There is nothing sweeter than the companionship of your home. The atmosphere is different and you appreciate it.

THE BANK WHERE YOU FEEL AT HOME
is the name the First National is becoming known by.

We try to make you feel that you are welcome in our bank and that you will find a courteous employee here to wait on you. We try to make you have that "WELCOME FEELING" that you have when you go home in the evening.

The First National was organized nearly six years ago and many of our friends who were among the first depositors still maintain an account with us, and new ones come to us almost daily. We invite you to become one of our family of friends and customers, promising you our earnest efforts to handle your account in a manner that will be most pleasing to you.

Ranger Regulators Nabbed;

Two held for Whitecapping.

Ranger, Texas, April 20—L. D. Simmons and R. S. Kenedy are in custody here today, charged by indictment with whitecapping. They are neighbors of L. L. Douglas, an oil well worker, who with another man, engaged in a gun fight with a masked band on the night of March 11.

Previously Douglas had been seized by a masked band, thrown into an automobile and taken several miles from his home, where he had been released after promising his kidnappers he would leave the community, according to his story to the authorities. He failed, and with a friend beat off a second attack. The indictment against Kenedy and Simmons is based on Douglas' kidnapping.

Discovers Means to

Produce Cold Light.

Princeton, N. J., April 22.—Prof. E. Newton Harvey, after eight years of experimental work with luminous bodied insects, has discovered the means through cold light may be produced, it was announced yesterday at Princeton University.

A form of light giving a continuous glow like that in bodies of the insects has been developed by the Professor. He is now making an effort to intensify and perfect the light so that it will be of practical use.

STATE CAPITAL NEWS

IMPORTANT NEWS ITEMS FROM THE CAPITOL ARE
ARE REPORTED HERE EVERY WEEK.

NEW STYLE NUMBER PLATES ADOPTED FOR TEXAS AUTOMOBILES.

Design Offered by St. Louis
Concern Accepted by State
Board of Control.

The State Board of Control
announced April 21 the award-
ing of contract for supplying
the State Highway Department
with 600,000 automobile num-
ber plates for 1923, also for
12,000 dealers' plates, 10,000
motorcycle plates and 25,000
chauffeurs' badges.

The State Highway Com-
mission has recommended to
the board that the bid of the
S. G. Adams Stamp Company
of St. Louis be accepted. The
automobile number plates of
this company are 26-metal
gauge and will cost 1085 cents
per pair, the commission having
decided to buy the plates in
pairs instead of having single
numbers on cars as was at one
time proposed in the interest
of economy, the legislative ap-
propriation being entirely in-
adequate.

Under the bid of the St.
Louis firm the number plates
will cost \$65,000, and as there
is only \$25,000 available, Gov-
ernor Neff will be asked to allow
a deficiency of \$40,000 to buy
the plates. He has already in-
dicated that such a deficiency
is to be allowed.

The number plates next year
will be slightly different from
those now in use now in Texas.
On each side of the numerals
will appear the word, reading
from top to bottom "Texas",
while "Tex" is now used. An-
other change is a hyphen in
the form of a small star be-
tween the central numerals so
as to make them easily read,
thus: 604-927. The color of
the plates has not as yet been
determined as this is to be left
to captain J. D. Fauntleroy,
State Highway Engineer.

The 600,000 number plates
will weigh 300 tons and part of
the contract is to ship them
direct to county seats instead
of in bulk to Austin and then be
distributed at the expense of
the state.

New Asylum Not to Be Devoted to Specializing Work

Dr. F. S. White, Superintendent
of the Northwest Insane
Asylum at Wichita Falls, was

directed Saturday by the state
board of control that the doors
of the institution be opened for
the reception of patients on the
same general conditions obtain-
ing at the other asylums in the
state.

This was in answer to a com-
munication from Superintendent
White in which he said that in
the admission of patients he has
been endeavoring to give prefer-
ence to the most recent and acute cases of insan-
ity, such as might be classed as
curable and whose mental dis-
turbance might offer hope of
yielding to treatment resulting
in a speedy restoration to so-
ciety and citizenship.

The board of control is in-
clined to believe that the plan of
Dr. White may be good as a
general policy, but Dr. White
was advised that there could be
no preference made in the ad-
mission of patients.

Prison System Draws Heavily On Loan Fund.

The State Treasury has just
received an additional \$100,000
in cash from the Brown-Crum-
mer Investment Company of
Wichita, Kan., on the loan of
\$8750,000 made to the Texas
Prison System, making a total
of \$450,000 in cash received
and \$300,000 in approved secu-
rities.

With the receipt of this ad-
ditional \$100,000 the treasury
has returned that amount of se-
curities to the company. This
was the first redemption of se-
curities, and it is planned to re-
deem the securities as fast as
the prison system call for cash.

Mrs. William J. Bryan Stops at Temple.

Temple April 21.—
Mrs. Williams Jennings Bryan,
wife of the Commoner, was a
guest at the local hotel Wednes-
day night and Thursday. The
hotel manager explained that
owing to her poor health.

She is traveling in a motor
car from Miami, Fla., to Cali-
fornia, accompanied by a
chauffeur and a nurse.

Two teaspoonsful of Tanlac in
a little water taken three times
a day just before meals will
make you eat better, feel better,
sleep better and work better.

"They Satisfy"

BAPTIST CHURCH WEEKLY NOTES

There will be no preaching
or prayer meeting services at
our church during the Method-
ist Meeting which is to begin
next Sunday. The Sunday
School, B. Y. P. U., Sunbeam,
G. A. and Circle will meet as
usual.

pastor expects to leave
Friday for the Fifth Sunday
Meeting at Bandera.

The women have started
counting the eggs they get on
Sunday. They will take that
number each Saturday to the
store. The money that these
Sunday eggs produce will be
applied on the debt we still have
on our pews. Every Baptist
woman is invited to count her
Sunday eggs towards that pur-
pose.

Our people are requested to
leave their weekly envelopes
with the treasurer during the
several weeks that we shall
have no preaching. If this is
not done our finances will get
in arrears. The many who
come to Sunday School can
bring their envelopes to that ser-
vice and the treasurer can get
them. Those who do not get
to Sunday School can leave them
with the treasurer at the First
National Bank. If all will re-
member to do this it will be of
great help to us all.

Our Sunday School is averag-
ing better in attendance during
the past few weeks. Several
of our teachers were out of town
last Sunday but their places
were filled by capable supplies.
The afternoon services at Ev-
ergreen were well attended.
Two were Baptised. Next

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She
Tried Cardui.—Says "Result
Was Surprising."—Got Along
Fine, Became Normal
and Healthy.

Springfield Mo.—"My back was so
weak I could hardly stand up, and I
would have bearing-down pains and
was not well at any time," says Mrs.
D. V. Williams, wife of a well-known
farmer on Route 4, this place. "I
kept getting headaches and having to
go to bed," continues Mrs. Williams
describing the troubles from which
she obtained relief through the use of
Cardui. "My husband, having heard
of Cardui, proposed getting it for me.
"I saw after taking some Cardui
... that I was improving. The result
was surprising. I felt like a different
person."
"Later I suffered from weakness
and weak back, and felt all run-down.
I did not rest well at night, I was so
nervous and cross. My husband said
he would get me some Cardui, which
he did. It strengthened me ... My
doctor said I got along fine. I was in
good healthy condition. I cannot
say too much for it."
Thousands of women have suffered
as Mrs. Williams describes, until they
found relief from the use of Cardui.
Since it has helped so many, you
should not hesitate to try Cardui if
troubled with womanly ailments.
For sale everywhere. E. 59

Fourth Sunday there will be
services both morning and after-
noon and the good people are go-
ing to bring their dinners.

A good crowd attended Big
Paint at night. New desks
have recently been put in so
a pleasant place.

A month ago the rains had
just begun to fall. Since then
the trees have put forth their
foliage, the grass has sprung up
the flowers are blooming, and
our once barren land is beau-
tiful and promising. We do
not forget to thank God who
has blessed us with these rains.
Had the drouth continued we
wonder whence our stock and

people would have been fed.
The old prayer, "Give us this
day our daily bread" is still a
good one.

"Back of the leaf is the
snowy flower,
And back of the flower the mill;
And back of the mill is the sun
and the shower,
And the field and the Father's
will."

S. F. Marsh.

Organdies of the best qual-
ity 45 inch width, in all the rain
bow colors for \$1.15 per yard
at the Model Shop.

If you like crisp and
delicious corn flakes,
insist upon Kellogg's

Kellogg's are the original Corn Flakes—and
they ought to be superior in flavor and in crisp-
ness! You have only to eat Kellogg's, then try
the imitations, to know the wonder deliciousness
of Kellogg's. You never ate more fascinating
food than Kellogg's Corn Flakes!

Tomorrow morning, serve Kellogg's at the
family breakfast party! Let big and little folks
tell you how much better Kellogg's Corn Flakes
really are—because Kellogg's are never tough
or leathery, and that Kellogg's flavor—well, just
prove it out for yourself!

Insist upon Kellogg's, the delicious kind of
Corn Flakes in the RED and GREEN package
that bears the signature of W. K. Kellogg,
originator of Corn Flakes! NONE ARE
GENUINE WITHOUT IT!

Don't forget, KELLOGG'S
Corn Flakes are made by the
HUN
GELAND Mowing Machine
Company inside every package
of KELLOGG'S Corn Flakes
explains how you can obtain
another copy of JUNGLE-
LAND.
