Park work to begin soon

The first of the new year should bring about some changes for Ruddick Park, according to City Manager Brenda Tarter.

Mrs. Tarter said that city and county crews will start tearing down the old holding tank east of the swimming pool shortly after the first of the year as part of the renovation program planned for the park.

Mrs. Tarter said the city has received word from the Texas Parks and Wildlife Commission, which awarded a \$125,000 matching grant to the city for a new swimming pool and other park improvements, to start with the in-kind work.

In-kind work is work donated to the fund and will be applied toward the grant. The state will match every dollar up to \$125,000 for the project.

The Park Board met Friday afternoon to study whether to use the present swimming pool

as a base form for the new pool or to spend an additional \$24,000 to deepen the diving area of the pool in order to have a three-meter diving board. If the diving end of the pool is not deepened, the diving board will be much shorter than three meters, explained Mrs. Tarter.

"If we use the existing pool as a base, we will save on expenses," she added.

Other in-kind work to be provided by the county and city includes tearing down the fence around the present pool and tearing away the decking around the pool.

Donations to the Pool and Park Fund for Ruddick Park are still being accepted at all county financial institutions. To date, over \$79,000 of the \$125,000 goal has been pledged or donated to the fund. The latest contributors include Geraldine Stone and William White.

THE HOME of Tim and Barbie Lelek, above was judged first place winner in this year's Christmas Lighting Contest sponsored by the Chamber of Commerce. The Lonnie Williams home in Loraine, right, was second place winner and the Charles Greer home, bottom right, was the third place winner.

Truck rollover slows traffic

Traffic had to be rerouted on the north service road of Interstate 20 at times Sunday afternoon following a truck rollover at the intersection of Highway 208 and I-20.

Colorado City Police Chief Bobby Sparks said a cement truck owned by Western Company of North America, Snyder, turned over as it turned west onto the service road from 208.

Richard E. Comstock, 21, of Snyder was driver of the 1981 International truck tractor and received minor injuries in the mishap.

Sparks said the accident occurred about noon and it was almost 4 p.m. before the wreckage was completely removed from the scene.

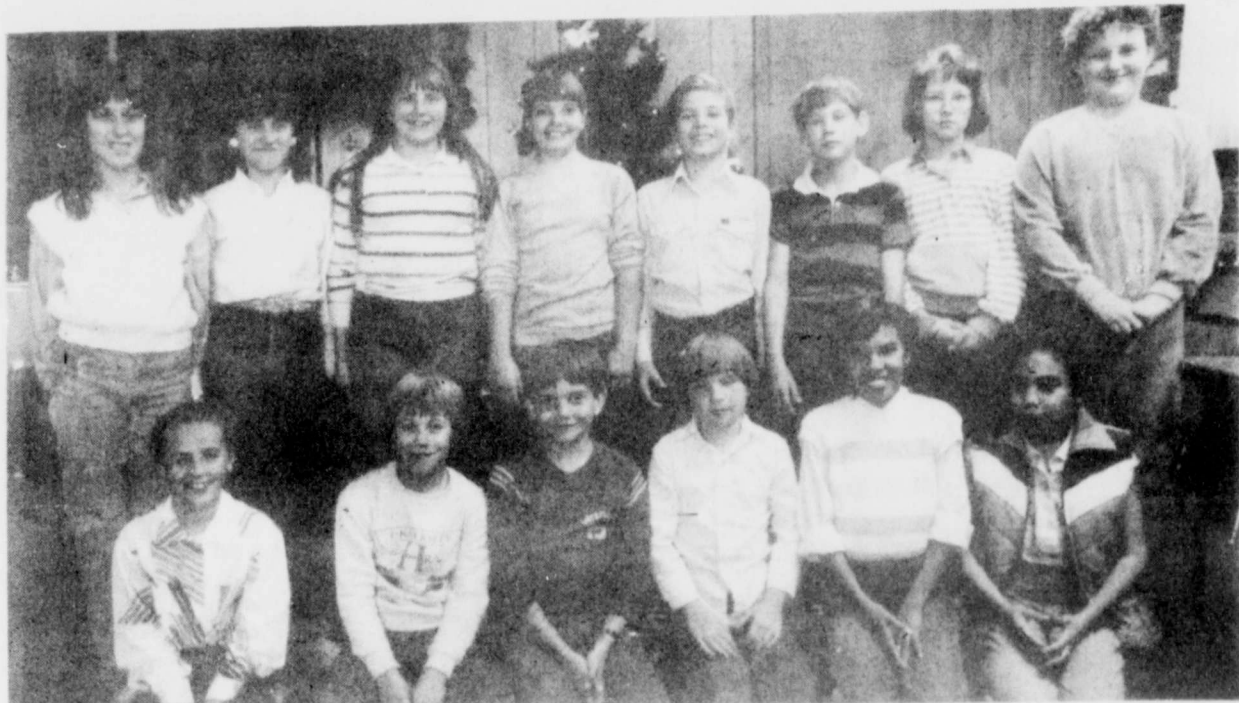

"Apparently the driver made the corner too fast and failed to make the turn," said Sparks. "The truck was loaded with cement, and it turned over."

The mishap occurred almost in front of Snow's Exxon service station.

Sparks said the Colorado City Volunteer Fire Department was called to assist with traffic patrol and to be on standby.

KRISTI LEE MANOR at 1941 Chestnut is decked out for the holidays with several Christmas scenes located in the lobby and activity areas of the nursing home. The animated figures represent a variety of holiday scenes. The public is invited to visit Kristi Lee Manor and view the holiday decorations.

ready for Wednesday so he sent his wife Mrs. Claus to the Care Home.

Rub Out Pain

One class of painkiller can be applied directly to the burn skin to help relieve pain, sprains, aching joints and burns. Some of these drugs, however, actually depress the sensory pain receptors.

The active ingredient usually is benzocaine, lidocaine, tetracaine or dibucaine. Benzocaine is the most commonly used. The FDA considers it a safe topical OTC anesthetic. Other external drugs such as menthol and camphor produce a sensation of warmth that masks the underlying pain. These counter-irritants do as much to make you feel better as they do to relieve pain. Finally, there is hydrocortisone. While it is technically not considered to be a painkiller by the FDA, it is safe and effective treatment for most skin conditions and itching.

We know you have a

family doctor in whom you place your confidence. Why not have a family pharmacist to serve your health needs. If you are not yet familiar with EDDIE'S of Colorado City, do yourself a favor and learn firsthand about our reliable service and hometown friendliness. We offer our customers complete patient profiles so we can further safeguard their health by checking for side effects, during interactions and for possible allergic reactions. Everyone of us at 1001 Hickory, 728-3476 would like to wish you and yours a joyous holiday season. Mon.-Sat. 8-6, 24 emergency service available.

Hint: "Maximum strength" merely means more painkiller.
