Chamber Board Discusses Plans

Mini Tractor Pull To Highlight Fair

A micro-mini tractor pull will be one of the features at this year's annual Mitchell County Fair set for Oct. 5-7 at the Colorado City Fair Grounds.

This was one of a number of items discussed Tuesday night during the monthly meeting of the board of directors of the Colorado City Area Chamber of Commerce and Agriculture.

The micro-mini tractor pull, involving toy size tractors weighing about four pounds, was proposed by Mr. and Mrs. Jack Kerby of Roscoe and their son, Tim. A mini tractor pull was held in Roscoe during the July 4th holiday.

The tractors pull loads of 30 pounds and more. The tractors, as demonstrated to the board by the Kerbys, are powered by model airplane motors and move over a plywood track.

There will be three stock categories and a super tractor group. Mrs. Kerby explained that more than 20 entries in each class can be expected from all over the area.

The tractor pull will be held in the north barn starting at 5 p.m., Saturday, Oct. 7. Charge of admission to the tractor pull will be $1 for adults and 50c for children. This will be in addition to the regular admission to the fair grounds of 50c per person or $2 a car load.

The tractor pull competition probably will last three to four hours, Mrs. Kerby said.

The contest will be officially sanctioned by the state micro-mini tractor pull association and contestants will earn points toward the state pull held in Lubbock in the spring. Entries will be registered through the state office.

Bobby Lemons, chairman for this year's fair, presented plans for the fair to the chamber board and it was decided to charge $25 for a single booth and $40 for a double booth.

The board also heard a report from Jolyn Mikow, chairperson for this year's Annual Railhead Arts & Crafts Roundup set for the fair grounds for Oct. 28-29.

Mrs. Mikow reported that registrations for 33 booths have already been sent in and more than 200 invitations have been sent out.

A number of other activities have been scheduled for the same weekend including a square dance, a melo-drama at Colorado City Playhouse and a cutting horse contest at the Western Riding Club Arena on that Sunday.

The Mitchell County Gun Club also has scheduled a turkey shoot for that Sunday.

The Chamber board also approved spending $400 for a public address system to be used by the chamber; allocating $100 to be used if necessary for the old-timers reunion and to spend $100 to be included in the West Texas Chamber of Commerce's "Wonderful West Texas" fun and adventure map.

The Chamber board is to ask the city council to reimburse the chamber out of funds in the hotel and motel occupancy tax collected to promote the city.

The board heard a report from Housing Committee Chairman David Marion on housing problems in the city and the board went along with the housing committee's recommendation that the city council be asked to revise ordinances affecting substandard housing and work toward inspection and enforcement in that field.

Another report was made by George Sweatt about the activities of a special committee on publicity. This regarded a proposed survey reflecting shopping habits of Colorado City residents.

The survey questions were approved by the board and the committee was told to come up with ways to disburse the survey to get the best results.

Questions included on the survey include: "Why I shop in Colorado City;" and "Why I do not shop in Colorado City." Under each of these is a choice of answers including price, availability of selection or other.

The survey also asks, "What type merchandise do you buy out of town?; Do you shop Colorado City first (yes or no?); How often do you eat out each month, locally and out of town?; What do you feel is the general attitude of the businesses of Colorado City (good, fair, poor)? and What improvements would you like to see, or what changes would encourage you to shop more in Colorado City?"

Other questions included, "Do you read or listen to local advertising, (yes or no), are you influenced by the advertising (yes, no), and is there a satisfactory selection of the following merchandise -- groceries, clothing, automotive, fabrics, toys, shoes, restaurants, amusement, home furnishings?"

The survey also asks that those responding reply if the selection of those items are good, fair or poor and if the price is good, fair or poor.

There is also space for comments.

In other matters before the Chamber board, the proposed Interstate 27 from Lubbock south, was discussed and everyone voiced efforts that can be made to get the highway through Colorado City.

A meeting of the Chamber's highway committee was to be held Wednesday afternoon to further discuss work on Interstate 27.

The Chamber has been extremely active in past years during hearings on the need for an Interstate to connect the plains with a route to the port (coast) cities.

A number of routes have been proposed with Colorado City pointing out that a route from Lubbock to Slaton, Post, Snyder, Colorado City, Robert Lee and San Angelo and joining Interstate 10 at Junction as being the most feasiable, shortest route and the least expensive way to go.

Mrs. Chicken Lee

Yard Becomes Cotton Field

You aren't going to see this unusual cotton plant on the Annual Mitchell County Farm Tour, but it deserves a little story of its own.

When last year's cotton crop was being taken to gin, cotton lined the street in front of Mrs. Chicken Lee's home at 724 E. 2nd Street. A seed blew into her yard, put down roots and bore two bolls of cotton in early spring.

Thrilled Mrs. Lee planned to make a small pincushion from the bolls.

She said she really didn't expect anything more from the cotton plant, but couldn't bring herself to pull it up. It looked so pretty and green.

Mrs. Lee could hardly contain her surprise, however, when just last week the plant bloomed again--this time with 16 blooms!

Now she jokes about making a dress instead of a pincushion.

Forbus Confronts Council

The Loraine City Council agreed to run a one inch water line 50 feet and set a meter at the request of Citizen Calvin Forbus at their monthly meeting Tuesday evening at City Hall.

Forbus requested a bigger water line because of lack of pressure at his home and also requested a meter put in the alley behind his home.

"When I turn the sprinkler on in the yard there is no water pressure to run the dishwasher," said Forbus.

Chief of Police Bob Erwin requested that forms to be printed for use in setting up a record system for the police department of Loraine. The council agreed a system needed to be established and granted his request.

All council members were present for the meeting.

City Airport Deal Closes

Colorado City is now the legal owner of the former Webb Air Force Auxiliary Airport.

"It's been in the mill for about two years now," said City Manager James Campbell.

Friday, Campbell received official word that the airstrip is legally Colorado City's.

Campbell said that the city received two letters sealing the deal--one from the General Services Administration and another from the Corps of Engineers.

"We already owned the land," Campbell said. "What they gave us included personal property."

The personal property included buildings, fences, runways and the air easements, which are zones around the property which are strictly for airport use.

Friday the Chamber of Commerce aviation committee held a special meeting for persons interested in the airport in order to discuss renovations.

During the two and a half hour meeting, the 14 people on hand discussed various possibilities for improving the airport.

Various ways of financing the lighting system at the airport was one matter those present at the aviation meeting were concerned about.

One suggestion was that those leasing land from the city for airplane storage lease on a 10 year plan. It was noted that between $3,000-$5,000 could be collected in the lease money to finance the lighting purchase.

That suggestion will be presented to the City Council of Colorado City when they meet Tuesday in regular session.

County Donates $6,425 For MD

This year Mitchell County managed to almost triple collections over 1977 for the Jerry Lewis Muscular Dystrophy Labor Day Telethon.

According to Ruth Burnett, county chairperson for muscular dystrophy, donations and pledges totalled $6,425 for the county this year in comparison to $2,200 last year.

The national telethon collected $29,074,405 this year, compared to $26,841,490 last year.

This was the 13th national telethon which Jerry Lewis has hosted. The first telethon he held was in 1966 when $1,200,114 was collected, marking it as the first muscular dystrophy telethon ever to collect over $1 million.

Mrs. Burnett noted that there were several large donations made in the county. One rancher in the Hyman Community pledged $2,000, challenging other ranchers to donate. A woman from Big Spring who owns land in Mitchell County donated $1,000 and her son pledged $500.

"We did not take as much on the telephone this year as we did last year," said Mrs. Burnett, but door-to-door collections went well.

Skinney's Convenience Store sponsored a muscular dystrophy door-to-door campaign and managed to collect $742.71.

Lorianne Hendrix, daughter of Mrs. Sandra Hendrix of 1001 Oak, collected the largest amount of the 13 people who went door-to-door.

Miss Hendrix collected $375.64 for muscular dystrophy and was presented with a watch.

Mrs. Burnett noted that the Loraine area was covered by Carla Banks who brought in $200 in donations and pledges.

At first, Mrs. Burnett was not certain the muscular dystrophy drive would be too successful in Mitchell County this year.

She explained that she began collecting from the business community. In past years, she has collected about $500 from the local businesses.

"This year I collected just over $200, so it was not looking very promising at first," Mrs. Burnett said.

But, Mitchell County residents came through for muscular dystrophy and donated generously, said Mrs. Burnett.

Mrs. Burnett and her son, Robert, answered the two local telephone numbers, accepting pledges.

A rest stop was set up for travellers at the Bar-B Truck Stop and donations were accepted there. Mr. and Mrs. Roy Barker worked 36 straight hours at the rest stop.

Mrs. Neil Miles and her son, Roy, drove around picking up pledges from individual's homes.

Mrs. Burnett, who has been the county chairperson for five consecutive years, said that the canisters in the various businesses did well in collecting donations.

Chamber Of Commerce

By Larry Winders, Chamber Manager

Once upon a time some villagers decided upon a feast and as none of them had great wealth, it was decreed that each should bring a bottle of his choicest wine, which he would contribute to a big cask for the use of all.

One villager said to himself, "Why should I give fine wine for the good of all? I will fill my bottle with water, empty it with the others. My misdeed will be undetected and my wine will be saved for my own use." And forthwith he did so.

And behold, when the time of the feast was at hand, only water flowed from the cask. Each villager had substituted water for wine, saying, "My contribution will not be missed."

Your Chamber of Commerce, its officers and committees, are what you make them--no more and no less. After all, your Chamber of Commerce is not a stranger in your midst, engaged in some mysterious enterprise with which the community is wholly unfamiliar and about the propriety of which it is disposed to be skeptical and suspicious.

The Colorado City area Chamber of Commerce is nothing more than an association of civic-minded citizens, representing the various industries, business institutions and persons of Colorado City and Mitchell County who have banded together to support and maintain an organization which devotes its entire time, thought and effort to the betterment of economic, civic, business and social conditions in the community. In short, the Chamber of Commerce is you.

Any time a Chamber of Commerce doesn't measure up, it is because the community has failed to measure up. A Chamber of Commerce should and must be a community effort.

The community gets out just what it puts in. If you are too busy to help on Chamber programs and projects, just remember--if you put in water, water you get back.

Women Take Third In Tourney

Colorado City's women's softball team went home with the third place trophy in the Sweetwater Women's Slow Pitch Invitational Tournament Saturday.

The Colorado City team--which was formed from women participating in local church league softball--lost their first game against Morris Holmes in Abilene.

For the second game, the Colorado City team drew a bye and the third game saw Colorado City pulling an 8-7 win over a Sweetwater team.

For the final game, Colorado City was again shot down by Morris Holmes of Abilene by 14-10.

During the final game, Dwainna Wulfjen broke her leg while attempting to tag an opponent out at home. Although Mrs. Wulfjen chalked up the out, she was sent to the Rolling Plains Hospital in Sweetwater where she was hospitalized.

The girls on the softball team presented the third place trophy to Mrs. Wulfjen.

Loraine Pep Rally Friday

Loraine High School Pep Rally will be at 3 p.m. Friday in the gym.

All parents and interested persons are urged to attend.

The football team and Bulldog Band will leave at 4 p.m. Friday for the Dawson Welch game.

Get Em Wolves:

Our Colorado City Wolves open their 1978 season here Friday against the usually tough Slaton Tigers. This is always a crucial and hard fought contest and this year will be no different.

The game starts at 8 p.m. Friday in Wolf Stadium.

Our Wolves are picked to be right in the thick of things in the District 6-AA race again this year and although the game against Slaton is a non-district clash, everyone will be watching to see if our team is as good as everyone thinks they are.

Our team is good, for sure. This game and the next two will provide valuable experience for those who have not yet had varsity experience. The past shows it is important to have a tough non-district schedule in order to get the team ready for the games that count.

Slaton is tough, but so are our Wolves. You can count on a good hard hitting contest when these two teams meet. We believe our Wolves will come out on top. Let's start the season out right with a big crowd to back our team to a big win.

Lucy Dubuis, Texas Electric Information Dept.: "Check your air conditioner's filter monthly to make sure it's not blocking the air flow."

"Now that temperatures and electric bills are up, your air conditioner needs all the help it can get."

"Hot summer temperatures make your air conditioner work longer and harder. That's what drives up your electric bill.

But there are some things you can do to help. Change or clean your air conditioner's filter to let air flow freely. And trim grass and weeds from around the outside unit for good air circulation.

Inside, close blinds and drapes to help keep out the heat. And try to cut down on the number of times you open doors—an open door lets hot air rush in.

Keep your thermostat set at 78° or higher. To feel cool at this temperature, use a small portable fan to circulate air in the room.

For more ways to cut down high summer electric bills, get Texas Electric's free energy tips booklet. Just call Texas Electric or ask for the booklet on the comment portion of your bill."

Turner Wins Skeet Shooting

Travis Turner recently lost the skeet shooting championship title he has held for the past five years, but he wasn't too disappointed since the trophy stayed in the family.

Five consecutive years Turner has managed to win the skeet shooting contest held at the Blue Goose Skeet Club in Sweetwater. Of the seven times he has competed, Turner has taken home the trophy five times.

However, in the competition held Aug. 29, Turner passed the trophy on to his son, Tony.

A junior at Colorado High School, Tony has been competing in skeet shooting contests since 1973.

At this year's contest, Tony captured the championship title when he outshot 13 contestants. He won with a score of 87 out of a possible 100.

"I was surprised at Tony," said his father. "Another contestant got within one target of him."

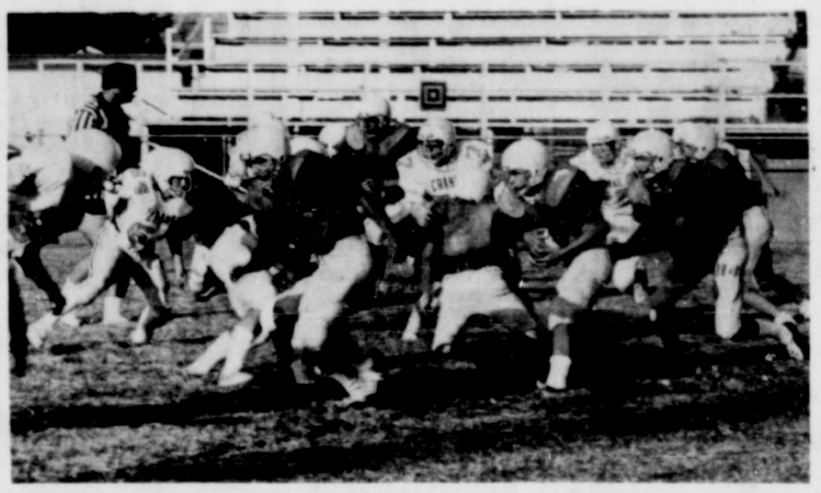

But the traveling trophy was not the only one which was brought back to Mitchell County after the contest.

Of the six trophies presented at the Sweetwater tournament, three besides the traveling trophy were nabbed by Mitchell County residents.

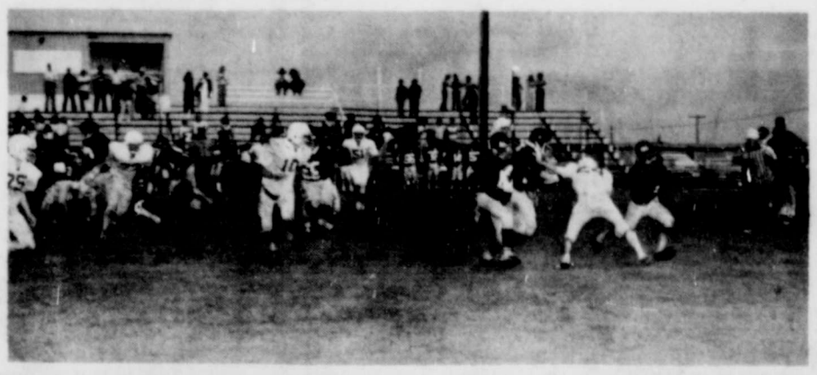

Bruce Gale, a sophomore at Colorado City, was the high scorer in the .410 gauge shotgun event. Mike Zarafonetis, a farmer in the Looney Community, had the highest score with a .28 gauge shotgun. Both were presented trophies and Tony was awarded a first place trophy as well as the traveling trophy.

FOUR TROPHIES were copped by local skeet shooters recently at the Blue Goose Skeet Club in Sweetwater. Pictured are (left to right) Bruce Gale, who had the highest score in the .410 gauge shotgun division; Tony Turner, who was the highest scoring shooter at the tournament, winning a first place trophy and the traveling trophy; Mike Zarafonetis, high scorer in the .28 gauge event, and Travis Turner, former skeet shooting champion who passed the title on to his son this year.

WOLVES JUNIOR varsity showed prowess in their running attack in a scrimmage against Crane Friday. Pictured here are the JV Wolves on offense. Wolves JV won the scrimmage one touchdown while the Wolves Varsity lost to Crane by that same score.

LORAINE'S BULLDOGS were impressive in a scrimmage at Johnson Field Friday against Mertzon. Loraine won the scrimmage one touchdown to none. This Friday, Loraine opens the season against Dawson (Welch) at Dawson.

Wolves To Meet Slaton Friday

The 1978 high school football season gets underway Friday night with Colorado City and Slaton tangling for the fifth time in recent years.

The game will be played here at Wolf Stadium. Game time is 8 p.m.

Thus far, each team has won twice with Slaton having won the last two contests, both victories by sizable margins. However, this year's contest is expected to be a fairly even contest with Colorado City a slight favorite according to the Harris Rating System.

Wolves Coach Mike Farda says the game should be a good one with a lot of hitting. Both teams have reputations for putting hard hits on the opponent.

Both teams are about the same size in the backfields and lines, said Farda.

Slaton has only one returning letterman on offense, the quarterback, as they lost 21 seniors to graduation. In the past two years, Slaton has a record of 18 wins and two losses and while sharing district honors, they have not yet been able to get into post season play.

However, in the backfield with their experienced quarterback will be two sophomore speedsters, said Farda. Both as freshmen were on Slaton's sprint relay team that went to regional. Both can run a 10-1 to 10-2 one-hundred so they have speed.

On defense, one of Slaton's top players at nose guard was lost in their first scrimmage to a leg injury that required surgery.

In their scrimmages this year, Slaton lost to Idalou 2-0. Idalou is rated number 3 in the state in AA. Then last week, Slaton downed Tulia 4-2.

About the Wolves, Farda said everyone with the exception of Fullback and Linebacker Gary Hulme is healthy. Hulme, who suffered a shoulder separation two weeks ago, might see action on offense, depending on how he feels, Farda said.

The weekly pep rally will be held in the high school auditorium at 9:15 a.m. Friday. Everyone is welcome to attend.

Volleyball Underway At Loraine

The Loraine volleyball girls are underway with practice according to Coach April Moore.

"All the starters have returned this year and we should have a good team this year," commented Coach Moore.

Gay Jones, Dora Garcia and Jill Linam will make good spikers, she added.

The girls' first game will be Tuesday against Highland there.

Local Teams Favored

Both Mitchell County football teams are favored to win their games Friday night, according to the Harris Rating System.

Harris Rating System issues a power rating system at the beginning of the season and each week, the power rating is updated according to the results of each week's games.

Going into the first week of play, Colorado City's Wolves have a power rating of 131 compared to Slaton's rating of 130, making the Wolves the favorite.

Loraine has a rating of 79 compared to 71 for Dawson (Welch), making the Loraine Bulldogs the favorite in the contest.

In other ratings, Robert Lee is favored over Sterling City; Crane is predicted to beat Denver City; Tahoka over Stanton; Abilene Wylie over Jim Ned; Haskell over Anson; Brady over Ballinger; Coahoma over Wall; Baird over Merkel; Hamlin over Stamford and Clyde over Winters.

About the Tahoka vs. Stanton game, Harris System noted that, "Tahoka, top ten rated in AA, faces Stanton, top ten rated in A. The Tahoka defense will be too much, Tahoka by 7."

About the annual match between Abilene Cooper and Brownwood, Harris says, "The annual opening between these two will be some kind of game. Cooper, No. 10 ranked in AAAA, faces No. 1 ranked Brownwood in AAA. Can No. 10 handle No. 1? Yes! Cooper by 3."

In concluding the first week's report, Harris Rating System notes, "Our five classifications are still out of balance. Class AAAA has 246 teams; class AAA 142 teams; class AA has 217 teams; class A has 208 teams; Class B has the least, 137 teams."

Bulldogs To Play Friday

The Loraine Bulldogs will tackle Dawson Welch this Friday for their first game of the season.

"The Bulldogs offense moved better last Friday during their scrimmage with Mertzon than with New Home, but still are not consistent," said Coach Ken Lightfoot.

The defense had a few minor breakdowns but did okay, he added.

"Overall our boys came out of both scrimmages healthy, with no injuries other than a few minor bruises.

"Tony Williams made a straight dive play, broke the tackle and ran for a score last week. He has good balance and made several good runs," Lightfoot said.

Manuel Munoz looked pretty good also, he added.

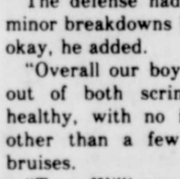

"Our passing game is not where it should be, but we're working on that and our kicking game. I feel the boys will be ready to play Friday night."

Game time will be 8 p.m. at Dawson Welch.

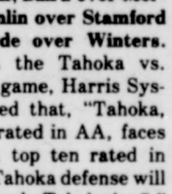

There will be a Loraine Junior Varsity game at 10:30 a.m. Saturday in Johnson Field. The team will play Miles.
