SOLDIERS SPEAK FOR NEXT LOAN

IMPORTANT FOR IMMEDIATE ATTENTION

Dallas, Texas, Sept. 1, 1918.
J. P. Chambless, The Liberty Loan Chairman,
Snyder, Texas

Dear Sir:

We expect to have a limited number of returned wounded soldiers who we can send out to Liberty Loan Rallies throughout this Reserve District. If you should desire one, we would like to have you tell us at once the exact time and place you want him. We are not going to have enough to go round, but will make them go as far as we can. A soldier should never appear alone, but always at a big rally along with other speakers.

We also have at our disposal the services of Mrs. J. W. Downs, of Nashville, Tenn. Mrs. Downs is very prominent in Church and Social service work. She is a very striking personality and a speaker of wonderful appealing force. If you place her at the close of a Liberty Loan Rally program she will make an appeal that is almost irresistable. Should you desire her at one of your rallies, kindly indicate at once the exact time and place she is wantd.

Awaiting your prompt reply, we are,

Very truly yours,
CECIL L. SIMPSON,
Secretary Speakers Bureau.

Is Now Second Lieutenant.

Mr. and Mrs. R. V. Ramsour have received announcement that Loy Ramsour has just been appointed second lieutenant in the service. His many friends here extend congratulations upon his promotion.

J. H. Crenshaw and daughter gathered ten bushels of sweet potatoes this week off of a block of land 90x90 feet in Snyder. This would average a heavy yield per acre when marketed at the prevailing prices. Farm Demonstrator Z. D. Kemp says this is a fine report.

J. H. Waldrip was here this week, broke his automobile and while waiting for it to be repaired, called the Signal and ran his date up another year.

Swiped Pocket Knives.

Two pocket knives have recently been swiped from the tables in this business office of the Snyder Signal. If the party will return same in the same nifty manner in which he took them, the matter will be dropped otherwise his attention will be directed toward a legal course.

The Snyder Signal.

H. B. Winston called and straighted up with the Signal this week.

Mrs. J. D. Isaacs who has been at the sanitarium at Lubbock the past eight weeks came home Sunday. He is improving, but very slowly.

Misses Jesyie, Eula and Vernelle Stinson left Sunday for Austin to enter school.

H. M. Murphy of Hermleigh Route 1, was here Wednesday and put a dolar and a half in the "jackpot." He is interested in oil as well as other material things that are happening in West Texas."

HIGH PRICES IN MEXICO DRIVING MANY TO LEAVE

Mobile, Ala., September 23.—Passengers arriving here from Progresso Mexico, reported flour selling there at $2 a pound, eggs 24c each, chickens $2.50 each, ice $60 a ton with $10 additional for delivery, the articles mentioned being very scarce.

Many persons are leaving the country on account of the high prices.

NEW RULES GOVERNING SALE OF WHEAT FLOUR EFFECTIVE SEPT. 1, 1918

Retailers Are Required by the Food Administration to Sell at the Same Time With Every Four Pounds of Standard Wheat Flour One Pound of Standard Corn Flour, Corn Meal or Barley Flour.

No dealer may force upon the consumer any other substitute than the above with wheat flour.

Instead of the above substitutes, the dealer may, if the customer so demands, deliver on the same basis any of the following flours:

Kaffir Flour	Milo Flour
Rice Flour	Oat Flour
Bean Flour	Potato Flour
Feterita Flour	Buckwheat Flour
Peanut Flour	Sweet Potato Flour

Pure Rye Flour or meal may be sold as a substitute, but must be sold in the proportion of at least two pounds of rye with three pounds of wheat flour.

Corn Meal for use in making of corn bread should be purchased separately from combination sales.

Corn Meal purchased as a substitute with wheat flour should only be used in making a Victory Bread mixture.

VICTORY MIXED FLOUR may be sold without additional substitutes, as it is wheat flour which has mixed with it the required amount of barley, corn, or rye flour substitute.

VICTORY MIXED FLOUR includes graham, whole wheat, or entire wheat flour or meal when it contains 95 per cent or more of the wheat berry.

SCURRY COUNTY LIBERTY BOND QUOTA IS $40,900

SALE OPENS SATURDAY, SEPTEMBER 28, AND LASTS UNTIL OCTOBER 19, ONLY THREE WEEKS TIME TO SELL THE QUOTA. BIG DRIVE WILL BE SATURDAY, OCTOBER 12, THE DAY DESIGNATED BY PRESIDENT WILSON.

The Fourth Liberty bond will be placed on the market, beginning tomorrow, Saturday, September 28, and the following telegram explains itself, giving the Scurry county quota:

Dalas, Texas, Sept. 25, 1918.
J. P. Chambless, Scurry County Liberty Loan Chairman,
Snyder, Texas.

Quota your county is $40,900, confirmation mailed, Quotas have been fixed by meeting of twenty representative business men from all parts of district. I feel sure that they are absolutely equitable. I know that our government will be satisfied with peoples response.

Hoopes."

Every sub-chairman in the county is requested to get plans made to get to work at once, placing all orders for bonds possible.

A call is herewith made for all interested, and especially the committees, to assemble in the county court room Monday, September 30, at 2 o'clock p. m., or the purpose of going into detail as to methods of organization for the big drive.

President Wilson has designated Saturday, October 12, as Legal Liberty Bond Holiday and every individual is expected to take part in the special drive for selling bonds on that day.

Called Meeting.

All the ladies interested in helping to reach the quota in the Fourt Libtry Loan, are requested to meet at the court house at 2 o'clock next Monday to plan the big drive.

Mrs. C. S. Perkins,
County Chairman Woman's Liberty Loan.

TEN PERCENT OF LIBERTY LOAN IS DUE WHEN BOUGHT

Washington, Sept. 23.—Ten per cent of the fourth liberty loan subscription will be required on application instead of five per cent as for past loans, the treasury announced today.

Twenty per cent will be due November 21, twenty per cent December 19, twenty per cent January 16 and thirty per cent January 30.

THE NEXT LIBERTY LOAN DRIVE HERE

THE FOURTH LOAN IS THE FIGHTING LOAN

As the campaign for the Fourth Liberty Loan approaches the American Army in Frances moves on toward Berlin. Under our own leaders the great American Army has won a notable victory.

The Fourth Loan must be a great success. The Fourth Liberty Loan is a fighting loan.

When our soldiers on the battle front are braving death, each one offering to make the supreme sacrifice for his country and the great cause, we who remain safely at home surely should give them every support, should make every sacrifice to strengthen them. If we can not fight ourselves we can make our dollars fight.

It is a great cause for which America is engaged in this war; it is a great struggle in which the very hope of the world is bound up that is being waged in Europe and on the high seas. It is an honor to have a part in it and all Americans, all of their lives, will be proud of the part they had in it or ashamed of their failure to do their part.

The Fourth Loan is a fighting loan. Every subscriber to the Loan strikes a blow for Liberty, for Victory.

Guy Casey has received notice of the fact that his nephew, Walter Casey, is in the hospital at Silver City, N. M., having recently returned from trench work, where he was severely gassed by the enemy. He is able, however, to be up and around.

JOHNSON CASE OPENED MONDAY

About 200 Witnesses Present For the Trial of Noted Snyder Murder Case.

Baird, Texas, September 23.—The trial of the case of the State of Texas versus Sidney Johnson, charged with murder in connection with the death of Ed Sims at Snyder nearly two years ago, was gone into in district court here this morning before Judge Joe Burkett.

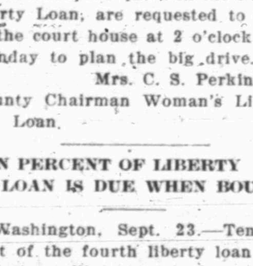

Up to noon three jurors had been obtained. They were Cliff McMan's, Chas. Connelly, and W. H. Tate. It was expected that the jury would be completed by four or five o'clock and the taking of testimony begun.

There are 200 witnesses here for the case, which has attracted considerable attention, as all the parties concerned are prominent. Extraordinary precautions were taken in court here, there being ten rangers on the ground. All persons were searched as they entered the court house yard, and no one was allowed to enter unless he had some business in the court house.

The attorneys for the state are District Attorney N. N. Rosenquest of Eastland, J. F. Cunningham of Abilene, W. R. Early of Baird, B. L. Russell of Boird and J. H. Beall of Sweetwater. The attorneys for the defendant are Williams and Williams of Waco, R. L. Johnson of Snyder, J. R. Black of Baird and R. L. Surles of Baird.

The testimony was all in, the argument closed and the jury had the case when the Signal went to Press Thursday.

DISTRICT CLERK CASEY A FARM DEMONSTRATOR

The Signal learns that District Clerk Guy E. Casey has received an appointment as State Farm Demonstrator, with a proposition to go to Mills county. We are not advised as to Mr. Casey's plans, but it is presumed he will accept, as Mrs. H. H. Cotton and Mrs. W. W. Weems are out with petitions for appointment to succeed Mr. Casey as district clerk However, it is stated that Mr. Casey has not yet resigned. Later Mr. Casey advised the Signal, that as yet no action has been taken.

FUNERAL OF GENERAL JAMES HELD SUNDAY AFTERNOON

The funeral services of General F. W. James who died Saturday afternoon was held Sunday at 4:30 p. m. from his late residence, 1638 North Second Street. Dr. A. D. Ellis, rector of the Episcopal Church, conducted the services. A large concourse of people was present and the floral offerings were beautiful.

The pall bearers were Judge Otis Bowyer, of Baird; Ed. S. Hughes, H. O. Wooten, C. D. Hailey, Paul Jones and Len Faucett.—Abilene Reporter

OIL DEVELOPMENTS IN SCURRY COUNTY.

OKLAHOMA OIL MEN ARRIVE IN SNYDER

Much interest is manifested in oil circles in Snyder this week, occasioned by the visit of J. T. T. Harris and the Powers boys from Oklahoma who came in and were greeting friends in Snyder Monday morning, and announced the fact that they were here for oil business.

Following several days, in fact weeks of somewhat of a lage in excitement, the spirit bounded skyward and everybody was feeling fine.

Reports indicate positive, permanent and very active doings in the territory designated for drilling.

Immediately upon the arrival of the oil party messages were recived calling them to Brownwood, and it is stated that the Oklahoma-Texas company will dispose of the holdings in Brown county and then center their whole interest at Snyder. Mr. Harris stated that his family would arrive here in a few days and he would make Snyder his permanent home.

The foregoing facts, if they are facts, leads one to have more confidence in the future of Scurry county's oil developments.

More, anon.

Garza County Oil News.

Work on the derrick for the oil well on the Z Bar L Ranch is propressing rapidly and drilling will begin at an early date. This well is being put down by the Whitesides Oil Company of Muskogee Oklahoma.

Drilling at the Garza Kent well, 20 miles east of Post, has been held up for a few days awaiting repairs for the drilling machinery, but work will probably be resumed the first of next week.

C. E. McGinnis of Sidney, Ohio, was in the city this week looking after oil, gas and mineral resources.

W. P. Arnold has returned from the oil field.

Jim Ellis of somewhere in Texas was here on oil business this week.

J. C. Snuffer of Camp Springs was here Wednesday in conference with representatives of oil drilling capital, and th Signal is informed that there will be something doing on the Snuffer-Nelson syndicate holdings in a short time. Let the good work go on and on and then some.

It is reported that leases jumped to $25 an acre in somb sections of Scurry county this week.

Every Acre Is an Arsenal

Every acre of land that you farm grows more than the crop you harvest.

It grows wheat to feed and equip soldiers. It grows hay for your own horses, mules and those of our allies, and to help feed and clothe many thousands of civilians and others

need to drive the brutal Hun back to Berlin and force him to his knees.

Therefore, every acre of your farm is an arsenal which can turn out weapons and supplies for our men if—

And only if—

You put as large a part as possible of the dollars you get for your crops into LIBERTY BONDS

A Liberty Bond is a loan to protect yourself, to protect your home and your farm, your wife and your children—all that you value and hold dear, all that makes your life worth living. American boys are giving their lives in your cause on the fields of France.

They are giving all for you and yours, and they need help.

Have you done your full share?

How many guns and rifles and other supplies are your acres furnishing?

CATTLE LOAN AGENCY OF WAR FINANCE CORPORATION

Managing Committee' W. F. Ramsey, Chairman; R. L. Van Zandt, Vice Chairman; M. Sansom, Manager; A. C. Williams, Secretary; H. B. Jones Tucumcari, N. M.; W. H. Browning, Jr., Fecos, Texas.

Dallas, Tex., 9-18-1918.

To Banks, Trust Companies, Live Stock Loan Companies, and Individuals in Territory assigned to this Agency:

To meet the emergency caused by the extended drought throughout the West and Southwest and the necessity of preserving and conserving the stocks of our breeding flocks of our country, the War Finance Corporation has established an Agency at Dallas for the purpose of making loans, when imperative, to persons, firms and corporations engaged in breeding and raising live stock. It has been determined to authorize loans and advances to such persons upon proper application, where such loans cannot be obtained through the regular established channels, and this letter is to advise briefly the scope of such agency and the conditions under which loans will be made.

No loan will be made to mature later than November 15th, 1919, if made during the present year, or for longer than twelve months if made in the year 1919; but may be made to mature at an earlier date. The interest on direct loans, where made to individuals, will be at the rate of 8 per cent per annum, and, where made for more than a year the interest must be paid at the expiration of the semi-annual period.

No loan will be made where the applicant does not show the proper facilities and the possession of—or the ability to acquire and secure—the necessary feed and range, and whose experience does not indicate that the applicant is amply capable of properly caring for the live stock offered as security.

All applications must be made in writing, on forms to be furnished by the corporation (which will be mailed on request,) such applications to be accompanied by the signed financial statement of the borrower.

No application for a loan will be considered unless executed by the person, firm or corporation owning the live stock offered as security, and only for the purpose of conserving the breeding herds of the country and upon what is known as the stocker cattle, which, as here defined, will consist of bulls, cows, calves, and one and two-year-old cattle of either sex, rams, ewes and lambs and bucks, nanies and kid goats; and no loan will be aproved for a greater amount than 75 per cent of the appraised value of the live stock offered as security, except that in special cases where funds are desired to purchase live stock which would otherwise be forced on the market the Corporation in its discretion may advance the full amount of such purchase price, upon the borrower furnishing other approved security in an amount equal to at least 50 per cent of the amount loaned.

Necessary forms will be fursished as stated, on request. An examination and inspection of all property offered as security will be made by a regularly selected appraiser named by the corporation.

Applications for loans approved by the Agency will be submitted to the War Finance Corporation for final approval.

The Corporation reserve the right, in its discretion, at any time after the loan is made, to require additional security, and the failure of the borrower to furnish same will, at the option of the Corporation, at once mature the loan.

The facilities offered banks and trust companies in the circular letter No. 39, dated July 23rd, 1918, by Mr. R. L. Van Zandt, Governor of the Federal Reserve Bank at Dallas will be continued, and banks and trust companies may continue to secure advances on the terms and conditions therein explained.

Our facilities for making inspections are limited, and, as applied to small loans, quite expensive. It is therefore hoped that all loans of Twenty Five Hundred Dollars or less can be placed with local banks which loans in turn, can, when desired by the banks and approved by us, be taken care of by the Corporation under the terms of letter No 39, above referred to.

All communications relative to the above subject should be addressed to the Cattle Loan Agency of the War Finance Corporation. 721 Linz Building, Dallas, Texas.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me . . . After 12 bottles, I am strong and well."

TAKE CARDUI
The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

LIFT YOUR CORNS OFF WITH FINGERS

Tells How to Loosen a Tender Corn or Callus So It Lifts Out Without Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug calide freezone, which the moment a few drops are applied to any corn or callus the sore corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores of every hard or soft corn or hardened callus. If your druggist hasn't any but it will positively rid one's feet freezone he can get it at any wholesale drug house for you. 60

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

DALLAS MAN TO PASS UPON FARM-EXEMPTION CLAIMS

G. H. Alford of Dallas, editor of The Progressive Farmer, has been selected by Clarence Ousley, acting secretary of agriculture, as agricultural adviser of the district draft board for the northern district of Texas.

Mr. Alford has been editor of The Progressive Farmer for the past sixteen months and has been in close contact with the agricultural interests of Texas for the past twelve years. He was connected with the International Harvester Company as agricultural expert and adviser for the entire cotton belt of the South for three years, and was for eight years in the service of the agricultural department of the United States as agricultural expert for the South.

Mr. Alford will enter upon his new duties at once, but will remain in Dallas, opening offices for the work in connection with his present ofifces, 411-14 Slaughter Building.

The chief work of the agricultural adviser of the district draft board will be to gather facts and information about farm conditions and farmers whose cases are before the board. The agricultural adviser will be aided in the work by agricultural specialists who will be sent out by the A. & M. College and by the county agricultural agents. There will be fine distinctions made as to the essential connection a registrant has with the farming industry.

Organizations of farmers will also assist Mr. Alford in the work of the ofice. All communications should be addressed to him at Dallas office.—Dalals Times Herald. Sept. 17, 1918.

EVER SALIVATED BY CALOMEL? HORRIMLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You crashes into sour bile like dynamite cramping and sickening you. Calomel attacks the bone and should never be put in your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous caolmel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. Its guaranteed to start your liver without stirring you up inside and cannot salivate.

Don't take calomel. It makes you sick the next day; it loses you a days work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and does not gripe. Na. 10

A large number of Snyder and Scurry county citizens are attending the Johnson-Sims trial at Baird this week.

NOTICE BY PUBLICATION.

The State of Texas,
County of Scurry
In Probate Court The State of Texas
To the Sheriff or Any Constable of Scurry county, Greeting:

You are hereby commanded to cause to be published in the Snyder Signal a newspaper of general circulation published in said county at least once a week for 10 consecutive days before the return day here of, the following notice:

THE STATE OF TEXAS.

To all persons interested in the welfare of C. Russell Ballard, Walter P. Ballard and Buela May Ballard minors, Lillie I. BIG SURPRISE TO MANY IN SNYDER

People are surprised at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT, pleasant action of Adler-i-ka surprises both doctors and patients. It removes foul matter which poisoned your stomach for months. Grayum Drug Co.

Does Such an American Exist?

Can there be any American who is not doing all he can to help win the war? Who pretends to believe that we could have kept out?

Who whines or growls about the little sacrifice he is asked to make?

Who gets panicstricken and thinks that it would be better to compromise with the Hun and listens to the serpent whisperings of German propaganda?

If such an American exists let him realize what Germany has done to Russia, which gave in and negotiated a cowardly peace.

There is only one thing for us all today and that is war to the bitter end—war until the Hun is utterly and completely destroyed.

For those who cannot fight, LIBERTY BONDS are the best possible weapons against the Hun.

Does Your Life Work Mean Anything to You?

You farmers who have worked hard—and no one works harder—to get together your property, what does it mean to you?

Your property—your farm and buildings, your crops, your stock, your farm implements and, too, your home—all of these represent years and years of work that you have done.

Everything that you enjoy as the result of your work comes to you and stays with you because the heroic soldiers and sailors of Uncle Sam are standing between you and the bloodthirsty, murderous Hun.

To keep the Hun away from you, Uncle Sam does not ask you to GIVE even a single penny. He simply asks you to LEND him your money at good interest and he guarantees on his word of honor—a word that has never been broken—to pay back every penny you lend.

What is your answer?

Have *you* bought all the LIBERTY BONDS you possibly can?

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Letter From France.

Somewhere in France, 8-12-1918.

Dear Home Folks:

Some of the boys in camp say that I am just allowed a certain number of letters to certain persons back home each week, so I am beginning this new week with a letter to the ones of whom I think most. I don't know whether we are restricted to a certain number or not, but am sure we will have the privilege of keeping a letter going all the time, and that is what I am trying to do. I don't know how often the mail leaves the camp, but as there is most certainly not a mail ship leaving port every day it would be impossible to get a letter every day as it is "some distance" across the pond.

Well we are still in camp, at the same place and it is becoming to where it seems like home to me, or that is, my home over the sea. All are enjoying the best of health and I don't know when I ever did feel better. It seems that living in the open with the good wholesome food and exercise we have is just the very thing for me, as well as the rest of the boys. I haven't had a chance to weigh since I've been here, but will venture to say that I weigh more than I have weighed for seven or eight years. Am really enjoying soldiering the best in the world, and I think I'm learning fast, however haven't heard the Sargent say so Am about to catch on to most of the drilling, that most of the boys had before we came across and as soon as I catch on, it will just take continuous drilling to make a soldier of me.

Mother, we are located pretty close to a town, (perhaps I can tell the name of it before long) and yesterday, Sunday, we were given passes to visit the city and so I took the opportunity and went, just for sightseeing, and I can tell you, that I surely wasn't in the least disappointed. We went early in the afternoon and a Sargent and I just walked until we were so tired when we came back last night, and then we just saw a small part of the city. We first went to an old catherral, which has been standing, some claim, from the fifteenth century. It was built of rock and is shown from the outward appearances to be very old. We ventured on the inside, and the Catholic people were holding some kind of meeting, and when we entered, we could hear the low melodious tones of a very large pipe organ and some people singing in some portion of the building. The Nuns or Sister, I don't know which, were standing toward the center of the room and presently from out the corner, a priest with all his robes on, followed by some little girls holding candles and they went through several peculiar ceremonies, too numerous to mention. The thing which interested me most was the singing and music. It was somewhere out of sight and echoed reverberated through the halls of that gigantic building, and sounded very lonesome to me. Inside the church were bronze statues, and some of the most beautiful paintings and painted glass, said to be centuries old that I ever saw, and which I am not capable of describing. We then visited a very large tower, which dates back many centuries and I don't know what it was, but it was surely "some structure." It was built of solid rock, or stones, and we went down in the basement and there we found some seventy four mummies which had been preserved some four or five hundred years. There was an old lady who carried a dimly lighted lamp in charge, and it was very dark and quiet down there, we didn't tarry long, for the dim light and the mumies leaning against the wall presented such a gruesome picture, that we soon had our money's worth and went out into the city, and there we saw other sights which greatly interested me. One thing in particular that I was greatly interested in and that was a large statue and fountain in connection, of Joan of Arc. It was made of broze and white stone of some character, and was very beautiful. I haven't space to tell you of many interesting things I saw but will tell you more in my next letter.

Mother you and dad get you some good newspaper and keep up with the news from the front, as it is beginning to sound good, and some of these days we are going to have things fixed up over here and are coming home.

LIMITED AMOUNT OF SEED WHEAT FOR DROUTH SECTION

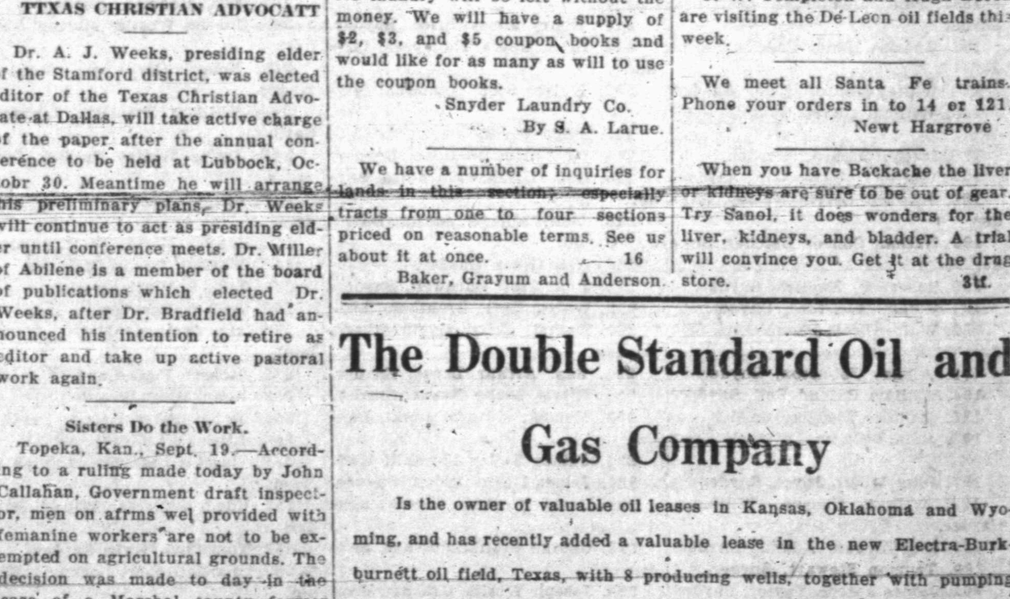

Dallas County farmers will have a limited amount of choice seed wheat for sale outside the county and the sections of the State that were hit by drouth are advised to put in their orders at once if they wish some of the wheat, County Agent C. O. Moser said yesterday.

The wheat will be sold only in carload lots and the price is $2.50 per bushel f. o. b. Dallas. Where farmers wish the grain sacked, they must stand the cost of same. The chief varieties of wheat raised in the county are Turkey Red, Golden Chaff (smooth head) and Blue Stem Mediterranean, with the Turkey Red predominating.

Dallas county farmers will also be able to supply a small amount of red rustproof oats at $1.25 in car lots, and some choice cotton seed Where a community of farmers wish precedence in the matter of shipments it is advisable for them to send remittances with order, checks to be made to the wheat, oats or cotton committee of agricultural advisory board of he Chamber of Commerce, depending on the seed wanted The money will then be turned over to the respective farmers who deliver the seed, no commission being charged by the committee or board for taking care of the orders.

On account of the Government's request that the small grain acreage of the country be increased for next year, it is thought that the demand for seed will soon exhaust the supply available locally.

The Boy From Next Door

YOU used to see him swing gaily down the street, radiant with the vigor of his sturdy young manhood. One day he came home in khaki; then his father told you, with mingled pride and foreboding, that he had "gone across" with his regiment.

Yesterday his name was on the casualty list—"slightly wounded"—and your face grew grave as you thought of the sorrow and suspense of his father and mother.

From every city street, every village, every community, the boy next door has gone to war.

Think of these thousands of splendid young Americans, reared in comfort, peace, and security, now suddenly plunged into that roaring inferno of battle with the hardened hordes of a desperately determined foe.

What are you doing to help them?

What are you doing to arm and protect them, and bring them home in safety? Have you bought Liberty Bonds? Have you bought all you possibly can?

Has it occurred to you that one more Bond, bought with a little additional effort, may save the life of the boy from the next door?

LIBERTY DAY NAMED FOR OCTOBER 12TH

Washington, September 20.—President Wilson today proclaimed Saturday, October 12, the 426 anniversary of the discovery of America, as Liberty Day and called upon all citizens to celebrate it to stimulate a generous response to the fourth liberty loan.

REV. A. J. WEEKS EDITOR TTXAS CHRISTIAN ADVOCATT

Dr. A. J. Weeks, presiding elder of the Stamford district, was elected editor of the Texas Christian Advocate at Dallas, will take active charge of the paper after the annual conference to be held at Lubbock, Octobr 30. Meantime he will arrange his preliminary plans, Dr. Weeks will continue to act as presiding elder until conference meets. Dr. Miller of Abilene is a member of the board of publications which elected Dr. Weeks, after Dr. Bradfield had announced his intention to retire as editor and take up active pastoral work again.

Sisters Do the Work.

Topeka, Kan., Sept. 19.—According to a ruling made today by John Callahan, Government draft inspector, men on afrms wel provided with femanine workers are not to be exempted on agricultural grounds. The decision was made to day in the case of a Marshal county farmer who has three sisters. Callahan declared the women were capable of running the farm and the man was placed in Class 1.

URGES MODIFICATION OF HOMESTEAD LAW

Judge S. A. Lindsay Explains How Amortization Plan Kills off Debt.

Houston, Texas, Sept. 1.—Discussing the proposed amendment to the Constitution permitting the mortgaging of homesteads and dealing in a special manner with the amortization plan of payment, Judge S. A. Lindsay, treasurer of the Federal Land Bank of Houston, today said:

"The farm loan act has given to this country a perfectly safe, effective and workable long-term rural credit system, by means of which agriculture may now obtain the cheapest money to be had by any industry and that upon terms and conditions which practically remove all danger of the borrower burdening himself with debt beyond his ability to pay and which safeguards him against losing the security mortgaged.

"These provisions of the farm loan act are germane to the question of the proposed amendment to our State Constitution as regards the homestead law. The only change in the Constitution sought is such an amendment as will enable the Texas farmers, who won not more than 200 acres of land, to avail themselves of this or other sources of credit on offer equally safe terms.

"Let us examine and consider these terms and conditions. The farm loan act, as well as the proposed amendment to the Constitution, stipulates that all loans made thereunder shall provide for repayment upon the amortization plan; that is, that the payments must be made in equal semi-annual installments sufficient to discharge both the interest, which is not to exceed 6 per cent per annum, and the principal, within the period of the loan.

This provision of the act seems not to have received consideration of the general public. The reduction of the rate of interest on farm mortgage loans, the 5 per cent, together with the easy means of obtaining loans upon farm land security, seems to have satisfied the public; and people have not looked for, discovered, nor considered the provision of the farm loan act above mentioned, which I regard of even greater economic value than the reduction of the rate of interest.

"To 'amortize' a debt is to kill, extinguish, destroy it. One can not make an amortization note without at the same time and by the same act executing the sure and certain death warrant of the debt. This is because with the first payment a small savings account is started which gathers volume from each interest payment until the debt is entirely wiped out within the period of the contract.

Plan Is Explained.

"How repayment of a debt upon the amortization plan operates may be illustrated by the actual working of the plan now in operation in the Federal Land Bank of Houston. Let us take the case of a farmer who borrows $1,000. He pays $65 a year or 6½ per cent, in semi-annual payments of $32.50 until the loan is discharged. This, of course, is 6½ per cent on the sum borrowed. We commonly say he is paying 5½ per cent interest and 1 per cent on the principal. His first payment is applied as follows: Twenty seven dollars and fifty cents on the principal and $5 on the interest. The next payment is figured at 6½ per cent on $967.50 and would be applied as follows: Twenty seven dollars and forty cents on the interest and $5.10 on the principal. Interest on the next payment would be figured on $935.50 and is applied as follows: Twenty seven dollars and twenty cents on the interest and and $5.30 on the principal and so on the application of payments to the interest growing less and that on the principal growing greater, as they are made, until at the date of the last payments $1 pays the interest, leaving $31.50 to apply on the principal, and the debt is entirely wiped out. The savings account thus started with only 10c to apply on the principal, liquidates the entire $1000

"Now, since the borrower can obtain a loan of not exceeding 50 per cent of the value of his land exclusive of the improvements and only 20 per cent of the value of his improvements—which must be insured so that same may be replaced if destroyed—and since he is bound to pay both the interest and the principal in small, easy annual or semi-annual installments, how can he lose the property mortgaged? The report of the American and United States Commissions (Senate document No. 214, pages 157-158), which in 1913, visited and studied the land mortgage banks of Europe which had been in successful operation from one-half to more than a century, shows that the land mortgage bank of Hungary—which is in all things very similar to that adopted by congress—had been in operation fifty years, had made 5,000,000 loans to farmers and had only three foreclosures and no loss at all.

"Let's go a little farther into payments upon the amortization plan which is required by the prepared amendment to the Constitution. Take the case of the farmer mentioned above, who borrowed $1,000 to be repaid in thirty-four and one-half years in semi-annual installments of $32.50 each. At the expiration of the term he will have paid a total of $2,242.50. Since $1,000 repaid the principal, he has paid only $1,242.50 in interest. Divide this by thirty-four and one-half years and you will see he has paid in interest only an average of of $36 a year, which equals 3.6 per cent on the sum borrowed.

"Let me dwell on this. The annual payments of interest under the ordinary plan of farm loans is to the indebtedness just what mowing is to Johnson grass—it takes off an annual yield, but the grass itself is not abated. My recollection is that the farm mortgage loans and farm debt indebtedness of the United States is estimated at $6,000,000,000 and in Texas at $2,000,000. These figures will serve to illustrate the point. While the average rate of interest on these loans will exceed 6½ per cent, let us show the average rate to be 6½ per cent. At this rate of interest, in thirty four and one-half years, these borrowers will have paid to the lenders in interest charges $6,000,000,000, $200,000,000 of which will have been paid in Texas, and they will still owe the principal, which in another thirty four and a half years would yield another $6,000,000,000, and so on. By the amortization plan the borrowers would pay 6½ per cent for thirty-four and a half years, at the expiration of which both the interest and the principal would be entirely discharged, saving the sum of $6,000,000,000; $200,000,000 of which would be the saving of the farmers of Texas, or an annual saving to Texas farmers of about $5,750,000. For these reasons. I consider an amendment to our Constitution permitting amortization on the homestead would be wholesome and productive of great good.

No Danger of Loss.

"The danger of losing the home which is mortgaged upon the amortization plan being so completely minimized, it is not advantageous or economical that the owner should continue to do without improvements; live stock and equipment necessary for proper operation of his farm until such time as he may accumulate the cash with which to obtain same. Especially is this true since the credit offered by the farm loan act is cheaper than cash, which in our State is worth and costs 8 to 10 per cent.

"Surely no one will contend that the Constitution should remain unamended just for the purpose of limiting the farmer's use of credit. Experience has demonstrated that credit to successful agriculture is as essential as is to any industry or business in the Nation."

TO KEEP WELL
A Teaspoonful of PERUNA Three Times a Day

Has Never Been Down Sick Since Taking PERUNA

Read this letter from Mr. Robt. Minnick, Grass Range, Montana.

"In 1900 I was out in Kansas running a threshing engine and the threshing crew had to sleep out of doors. One of the crew brought a Peruna Almanac to the engine, one day, and I was feeling very ill. I from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna and a box of Peruna Tablets, which straightened me out in a hurry.

"I have never been down sick since that time. I do not take any other medicines except Peruna. I always keep it on hand. If I get my feet wet, get a cold, feel chilly, or a little bad, I always take Peruna. People should not wait until they are down sick and then take it, but should keep it on hand like I do and when they feel bad, they should use it."
