**ATTACKED BY TEEN-AGE GIRLS**—Frieda Abdoh, center, 16-year-old daughter of Iran's chief of UN delegate, shows her sisters her dress which was ripped in an attack by two teen-age girls in New York's Bronx Park. Frieda also was cut on the hand with a penknife police said was strapped to the leg of one of the teen-agers. At left is Mary, 12, who was with Frieda at the time of the attack but was not hurt. At right is Angela, 18. (AP Wirephoto)

# USIA Office In Algiers Sacked By French Rioters

ALGIERS (AP) — French demonstrators today sacked the U.S. Information Agency office here, then marched past the American Consulate.

About 50,000 persons poured through the streets protesting the designation of Pierre Pflimlin as French premier. They then turned the parade into an anti-American demonstration.

The USIA office, third to be attacked in Africa and the Middle East in four days, was almost demolished. A State Department employe inside was shoved around by French students but was unhurt.

The shouting French smashed windows and furniture and threw books out into the street.

Two policemen were on duty near the office but did not interfere. The crowd was demanding that France keep a firm hold on rebellious Algeria.

The angry crowd then headed up the street to the U.S. Consulate about a mile away. The Consulate was the scene of a bomb attack several weeks ago.

The demonstrations reflected rising anti-American feeling in Algeria. Many French here believe the United States would like to see Algeria independent of French rule.

The demonstrators broke into the USIA office in mid-afternoon. One group of demonstrators smashed in the front. Others smashed the outside name plate on the office, which is on the second floor of an office and apartment building.

Don Davis of Great Falls, Mont., was in the office at the time but was unhurt.

An American source said that the demonstrators included a number of war veterans, who are among the most outspoken right-wingers in Algeria.

The demonstrations in the capital of Algeria were staged by students, right wing groups and others protesting the vote of the National Assembly in Paris on the investiture of Premier-designate Pierre Pflimlin.

Leaflets were thrown about the streets demanding that if Pflimlin became premier the French settlers in Algeria should use all means to keep his representatives out of Algeria.

Although Pflimlin's program for Algieria is almost identical with that of his predecessors, right wing parties claim Pflimlin is weakening France's determination to put down the rebellion in Algeria.

The USIA office is in the center of the city. It had been damaged before by a bomb attack. The U.S. consulate in Algiers, some distance from the city's center, was also the scene of a recent bomb attack. A bomb placed at the entrance blew out a door and injured a Moslem cleaning woman.

Today's demonstrations came as the city's activity was brought to a standstill by a total strike. The Moslem workers stayed home and Moslem shopkeepers closed. The streets of the Arab Casbah were empty of Arabs.

# Caracas Students Riot As Nixon Arrives In Venezuela

CARACAS, Venezuela (AP) — Students rioted in Caracas today as Vice President Nixon arrived.

Rioting broke out as the Nixon caravan passed into central Caracas from the airport. Police dispersed the students with tear gas.

Nixon's car was stalled in the traffic jam and a mob of youths rushed on it, pounding on the doors, spitting and throwing rocks.

The jam was broken only after police exploded tear gas and an emergency detachment of soldiers rushed up.

A jeering, screaming mob of about 500 teen-agers met the Nixon plane at the airport.

As he entered the car they repeatedly spat on him and his car. He and Mrs. Nixon virtually had to fight their way into the caravan carrying them up a mountain road to the city.

The students carried signs. "Go Home Mr. Nixon, We Don't Forget Guatemala. No, Mr. Nixon We Don't Want You. Latin America Doesn't Want United States Intervention."

The reception was as hostile as the one the vice president received when he tried to speak to students at Lima, Peru, last week.

The rioting came on the heels of intelligence reports that the Communists might try to assassinate Nixon on his visit here. These reports were discounted by government officials and newspapers.

There were only a few friendly shouts either at the airport or along Nixon's route into the city.

Nixon's aides received reports from both U.S. and Venezuelan sources that there might be an attempt against his life during his two-day stay in the Venezuelan capital. One version said a university student had been hired to gun him down.

Nixon himself described it as a "routine threat" and added, "If we changed our plans every time something like this came up, we wouldn't do anything." He indicated that only a request from the Venezuelan government could alter his plans.

Nixon's aides said normal precautions would be taken, including use of a closed car going to and from public ceremonies.

U.S. Embassy officials in Caracas said maximum security arrangements already had been made.

In Washington, Secret Service Chief U. E. Baughman said he had received the assassination report from Frank Barry, a former Secret Service agent now a security official with the Nicaraguan government. Baughman said he did not know where Barry got his information.

Barry, who is in New York, confirmed he had given the information but declined to reveal his sources.

# Lake Thomas Reaches Record High Level

Lake J. B. Thomas reached its highest mark in history this morning, and water was still running into the lake at a rapid pace shortly before noon today.

By 11 a.m., the lake's level stood at 2,256.45, or only 1.55 short of the top of the service spillway. The lake could get higher than the 2,258 at the top of that spillway, but that is considered the full mark.

Water was still running in both from the Colorado River and through the channel from the Bull Creek diversion levee to the lake. It was estimated that there might be another 10 hours of runoff into the lake. There was speculation that the lake might fill up from last night's rains, but there was doubt in many quarters that this rain would do it.

The present lake level broke the old record elevation of 2,255.75, which the lake had reached in October, 1955. Before last night's rain, the lake level was at 2,255.27, which means the lake had already caught nearly 1.2 feet. Water was running in at the rate of about .08 of a foot every hour.

Jack Dunn, pumper at the Snyder pump station at the lake, said it takes about 24 hours for water to reach the lake from the far end of the watershed, which means water will probably still be running in tonight, since there was rain throughout the watershed area.

Rains averaged about two inches in the entire Snyder area last night, starting at about 9 p.m. and lasting far into the night. The rains were slow enough, it was believed, that none of the cotton planted recently by farmers was washed out.

In Snyder, the measurement on the official gauge of David Strayhorn, weather observer, was 1.75.

Rains to the north and west of Snyder were slightly heavier. Eight miles north, at the Pasotex Pipe Line main station, the measurement was 2.1 inches. At Fluvanna, most of the area got about two inches.

Most of Borden County got about two inches of rain, with slightly over that amount reported at Gail and throughout the north part of the county. In one area south of Gail near the Borden-Howard County line, there was one report of between three and four inches. Creeks were still running near Gail late this morning.

Rainfall at the Snyder pump station at Lake Thomas measured two inches, while there was 2.1 west of there, at the Big Spring intake. At Ira, there was 1.7 reported.

Hermleigh had 1.6 last night and about the same amount the night before, when most of the area had only a light shower. At Inadale, there was 1.5, while there was only about an inch in some areas west of Hermleigh.

Camp Springs had 1.5, and there was 1.7 reported at Lloyd Mountain.

By The Associated Press

Floods from rains measuring up to 10 inches drained from the streets of Clarendon, 50 miles southeast of Amarillo, Tuesday after chasing 15 families from low homes in the north section.

Residents warily watched the cloudy skies as weathermen predicted fresh rains might come late in the day.

Thunderstorms that battered West Texas late Monday drifted eastward, leaving hard rains at San Angelo, San Antonio, Abilene and Junction.

George Estlack, editor of the Donley County Leader at Clarendon, said of the rains and floods: "We're in pretty good shape now. The water mostly is drained away and is just moving down the draw that runs through town in a trickle. The rains were heavier in some spots than in others, measuring from 7 to 10 inches.

"If it rips loose again tonight, I'm going to hunt me a high hole."

The draw through Clarendon is concrete lined in the center of town. It drains into a large lake north of Clarendon. During the hardest rain Monday night, the draw ran brimfull and spread out into one street.

Water rose in a cafe. Estlack said most of the evacuated families were Negroes and that most had returned home Tuesday. Roads into Clarendon were closed for a time by the water.

Police rescued Mrs. C. M. Waddell and her daughter from their car which was swept off a road into a flooded ditch.

A trough of low pressure extended from El Paso northward across eastern New Mexico and that provoked the turbulent West Texas weather.

Hard rains and hail battered Muleshoe. The city received 2.21 inches of rain and Carl Pollard, a farmer who lives 30 miles southwest of Muleshoe, reported 4.71 inches of rain.

Hail also fell at Pampa and between Sudan and Littlefield. Rain fell at Midland and Wink. Thunder boomed around Lubbock.

High winds near Levelland blew down outbuildings and hurled a four-wheeled trailer on top of a cultivator at the farm of U. O. Berry.

Sundown, near Levelland, lost power when utility poles were blown down.

# TV Antenna System Is Proposed

A $100,000 closed circuit television community antenna system and distribution facility was proposed for Snyder at the city council meeting last night.

Charles E. Tabor and Gilbert Keith, representatives of a closed-circuit antenna system in Brownwood made the proposal in requesting a franchise to set up such an operation here.

No action was taken by the council on the request, but councilmen indicated that the city will take some action at a special meeting called for next Tuesday night.

The city had earlier granted an option to the late J. T. Hughes and N. R. Clements, both of Snyder, to set up a similar closed-circuit system here for distribution of motion pictures and other types of programs here.

The local option has not been exercised, and the council indicated that the option-holders would be given a period of time in which to begin construction of their system, or give up the option.

Tabor and Keith stated that they would construct a community television antenna, and build distribution lines to provide television reception for residents from at least CBS and NBC network broadcast channels in this area, and possibly also for the ABC network.

High-fidelity mood music would also be transmitted on the system, they said.

In requesting a franchise, Tabor said cost of the service to customers would probably be $30 for a connection, and a monthly charge of about $6 to $7.50 per residence.

Tabor and Keith said that if they are granted the franchise they could have the system in operation within four to six months.

"We would certainly like to have it in operation in time for the World Series baseball games," Tabor said.

# Independents Ask Import Controls

By MAX B. SKELTON

SAN ANTONIO (AP) — Texas Independent Oil Operators formally asked Congress today to control petroleum imports.

The annual convention of the Texas Independent Producers & Royalty Owners Assn. endorsed a proposal by Rep. Frank Ikard (D-Tex) that imports be limited to 16 per cent of domestic output.

Another resolution said the current voluntary program to limit imports has failed.

"The present voluntary plan is not now achieving, and has never achieved, and will not ever achieve, the objective of preserving a healthy and adequate oil industry in this country for times of emergency," the resolution said.

Neville Penrose, importers committee chairman from Fort Worth, said voluntary program has not even achieved the objectives set by administration officials.

The Ikard Bill would amend the Reciprocal Trade Agreements Act and is under study by the House Ways and Means Committee, of which Ikard is a member.

Another TIPRO resolution commended Gov. Daniel, the Legislature and the Oil Import Study Commission "for their leadership in calling public attention to the very real threat to the security and prosperity of our state and nation which these imports pose."

The 5,000-member association also renewed its support of proposed construction of a crude oil pipe line linking the West Coast with Texas, New Mexico, Louisiana and Oklahoma.

Capt. Matthew Carson, administrator of the voluntary program, told the convention yesterday the current situation does not justify mandatory controls.

"We have been seeking, consistent with the great principles of the free enterprise system and consistent with the public good, to solve current problems without resorting to rigid, mandatory controls," he said. "We will continue to seek such a solution. However, if mandatory controls become necessary, and today they are not, they will be imposed."

Jerome O'Brien, TIPRO president from San Antonio, said crude production allowables in Texas have been slashed in half in the past 12 months.

During this same period, he said, imports of oil and products have risen from 19.2 per cent of domestic production to over 25 per cent.

# Riot Bands Smash Shops In Beirut

By TOM MASTERSON

BEIRUT, Lebanon (AP) — Rioters smashed shops, blocked the streets with flaming barricades and chased pedestrians from the sidewalks today in violent protest against Lebanon's pro-Western government.

Demonstrators roamed Beirut for the second day, following the end of an all-night curfew. Organized bands were determined to force a general strike and bring business to a standstill.

They smashed windows and wrecked shops that defied their orders to close. A few people who went out in downtown streets were scattered by the roving bands.

Feverish political maneuvering was under way in an effort to restore order. The political opposition disclaimed any responsibility for the bloodshed and violence, blaming subversive elements working in the ranks of peaceful demonstrators.

Five Lebanese customs officials were killed in an attack near the Syrian border and five more deaths were reported in today's fighting in Beirut.

This pushed the nation's death toll since the fighting started Saturday to at least 36.

Associated Press correspondent Wilton Wynn and his wife were stoned but not injured on their way into Beirut from the airport.

Security forces Monday night shot two persons for failing to halt.

## Several Highways In State Blocked Today

AUSTIN (AP)—The Highway Department reported these road conditions today, by districts:

Amarillo: State 273 closed at McClellan Creek in Gray County about six miles north of McLean due to washout at bridge. Highway will be closed about two days. Traffic being detoured over U.S. 66 and State McLean to Pampa.

## Gasoline Prices In Fort Worth Tumble

FORT WORTH (AP)—Retail gasoline prices took another tumble in spotted areas of Fort Worth today.

New and lowest price posted today was 20.9 cents a gallon for regular. Most other stations were at 21.9.

# Recession Leveling Off, Panel Is Told

WASHINGTON (AP)—Willaim M. Martin, Federal Reserve Board chairman, told Senators today "There are some hopeful indicators" the recession is leveling off but they are not yet conclusive.

"There is this process of leveling out," Martin said at another point. "If we can consolidate our gains it could lead to a substantial spring uprise." But, he said emphatically "that is as far as I would go" toward a forecast now.

Martin expressed these views in testimony to the Senate Housing subcommittee at a public hearing on a dozen different bills dealing with the government's annual multibillion dollar housing activities.

Sen. John Sparkman (D-Ala), the subcommittee chairman, asked whether Martin sees a leveling off of the business slump.

"I don't think there are any conclusive indicators now," Martin replied, declining to make flat predictions.

"There are some hopeful indicators that we are having a leveling off process," the Board chairman continued, adding "The rate of decline (the business slump) has been slower for some time."

But he said part of this may be a seasonal matter and, "We have to be very cautious about ascribing too much optimism" in reading such trends.

"We must be very careful about being over optimistic or over cautious," he said.

The subcommittee is conducting public hearings prior to drafting a huge, many sided bill to provide renewed authority for various government housing programs.

Meanwhile, Sparkman and Sen. Homer Capehart of Indiana, the Housing subcommittee's senior Republican member, backed an administration request to increase from three billion dollars to seven billion dollars the amount of home loans that may be insured by the Federal Housing Administration between now and June 30, 1959.

The request was made to the subcommittee by Housing Administrator Albert M. Cole, who said a spurt in housing construction and increased demands for loan insurance would exhaust FHA's insuring authority by June 10, unless Congress acts quickly.

The housing chief also told the senators the Eisenhower administration wants to boost from three billion to four billion dollars a year its request for FHA loan insurance authority in the four years beginning July 1, 1959.

# Pflimlin Asks Okay As 25th Post-War Premier In France

PARIS (AP) — Pierre Pflimlin today asked parliament to approve him as the country's 25th postwar premier on a platform of limited home rule in strife-torn Algeria.

With the assembly benches packed and tense, the leader of the left-of-center Catholic Popular Republicans (MRP) presented a coalition cabinet covering most of the middle road parties.

A vote was expected some time later tonight.

Pflimlin's Algerian policy, the key issue, is essentially the same as that of his predecessors. He told the assembly that France's allies must be brought to support French policy in North Africa.

"The essential aim of our foreign policy," the 51-year-old Pflimlin told parliament, "will be to extend Atlantic solidarity to that section of the world where the fate of France, and that of all free nations to a large degree is being determined."

This was interpreted to mean France would ask other members of NATO, especially the United States and Britain, to support France in North Africa.

In Paris extra police were on hand around parliament to ward off demonstrations.

Pflimlin promised the same Algerian policy in force for more than two years — to fight on until the rebels agree to a cease-fire and eventual free elections. The rebels have shown no sign of yielding.

Frenchmen in Algeria and extreme conservatives at home suspected Pflimlin might waver and bow to international pressure for negotiations with the rebels.

The Algiers "Committee of Vigilance," composed of diehard colonials and war veterans, called a general strike and street demonstrations in the North African capital "against Pflimlin's plan to liquidate French Algeria."

The Algerian rightists also are protesting the execution April 30 of three French soldiers by the rebels.

Pflimlin spent much of yesterday protesting in public statements that his Algerian policy had been misunderstood. He had no intention of "breaking the ties uniting France and Algeria," he declared.

The extreme right feared that any government in which it did not have a voice might bow to increasing international pressure moderate parties, on the other hand, already have rejected a tougher policy for Algeria.

## PRIZES LISTED FOR D&H EVENT

One thousand dollars in cash 400 pairs of nylon hose, two television sets, 200 bags of groceries, a high-fidelity phonograph, two bicycles, 10 electric trains, and five three-piece luggage sets will be given as prizes during the grand opening of the new D & H Super Market here beginning tomorrow.

Grand opening of the 21,600 square foot store located at Forty-second Street and the Big Spring highway, begins tomorrow morning and lasts through Saturday.

The new D & H Super Market here is the largest and most modern of the 17 stores in the D & H West Texas chain of stores.

# Fluvanna Man Found Dead

J. W. Wills, 57, resident of the Fluvanna area for a number of years, was found dead at about 6:30 a.m. today on a country road about four miles south of Fluvanna.

He died from a bullet wound in his head, Sheriff Earl Abercrombie said.

Wills, a stock farmer, lived about one and one-half miles northwest of Fluvanna.

He had left his home at about 9 a.m. yesterday and was last seen at about noon.

Officers of the sheriff's department sought him all night, and a deputy found his body by the side of the road early this morning.

Funeral services are pending at Bell Funeral Home.

## WEATHER

SNYDER TEMPERATURES: High Monday, 87 degrees, low, 58 degrees; reading at 7:30 a.m. today, 60 degrees; precipitation, 1.75.

East and South Central Texas: Partly cloudy and warm through Wednesday with scattered thunderstorms mainly in northwest portion tonight or Wednesday.

North Central Texas: Considerable cloudiness through Wednesday with scattered thunderstorms mainly tonight. No important temperature changes.

West Texas: Considerable cloudiness with widely scattered afternoon and evening thunderstorms in Panhandle and west of Pecos and scattered thunderstorms elsewhere through Wednesday. No important temperature changes.

# Ordinances To Extend City's Boundary Okayed By Council

The Snyder city limits were expanded by annexation of 66 blocks of land on first reading of an annexation ordinance by the city council last night.

The land includes a total of 157 acres located south of Thirtieth Street, west of Avenue V and east of Houston Avenue in southwest Snyder. The annexation straightens up the west city limits.

Another annexation was also made on first reading of an annexation ordinance. Involved were one and one-half blocks of land in southeast Snyder on Avenue A at Thirty-sixth and Thirty-seventh Streets, being the east half of blocks three and four of the Martin Addition. It is near the East Elementary School.

The council also approved replat of parts of blocks 14, 15, and the north half of blocks 24, 25, 26, 27, and 28 of the Colonial Hill addition as recommended earlier by the city planning and zoning commission.

The replat will make an alley in the area run east and west instead of its former north-south path.

Low bids were accepted by the council on purchase of several items of small brass fittings for use by the water department. Although several different companies bid on all items on the bid call, the council accepted the low bids on individual groups of items from the different companies. Successful bidders and their bids were: Rohan Co., three groups of items for a total of $95.80, Viking Supply Co. two groups, $280.50, Morrison Supply Co., four groups, $290.58, Well Machinery Co., three groups, $838.50, and M. B. McKee Inc., one group, $585. The total was $2,102.38.

Although the J. O. Dodson house at Thirty-first Street and Avenue S had been offered for sale on sealed bids called for last night, only one bid was received, and it was rejected by the council. The single bid was made by W. K. Bigham House Moving Co., with an offer of $365 for the house.

Ownership of three city lots was transferred from the city to Dick Webb, in payment for services he had rendered to the city in collection of taxes in past years. The three lots are located in the north part of Snyder. A resolution was also passed to remove the lots from the city tax rolls for the years from 1913 to 1958, because they had been owned by the city during that time.

No action was taken on appointment of two members to the board of directors of the Colorado River Municipal Water District.

Tony Holcomb was appointed as a member of the city planning and zoning commission to succeed Stanley Noah, now a city councilman, who resigned recently.

Settlement tentatively was made with Arthur Blanchard, owner of a residence at Thirty-first Street and Avenue S, for damages to be caused to the property by rerouting and widening to four lanes the Big Spring highway. Terms of the tentative settlement are that the city is to pay Blanchard $2,000 for damages, and guarantee that a retaining wall will be rebuilt if damaged by construction of the road.

A portion of an alley in the Von Roeder addition in east Snyder was closed by the council.

Roy L. Dunlap, city manager, was instructed to contact local medical doctors, and secure the services of one as the city of Snyder health officer, a non-paying position.

Pete Nachlinger, contractor on plumbing for the Catholic Parochial School in east Snyder, was granted permission to use a length of plastic water pipe in the building to prevent electrolysis decay of the metal pipe in the system.

# Letter Read In Trial Of Starkweather

LINCOLN, Neb. (AP) — A letter saying Charles Starkweather killed Caril Fugate's stepfather and then Caril kept her mother from killing Charles was read Monday in the Starkweather murder trial.

The prosecution read the letter although Starkweather is not charged with the stepfather's death. It was signed by Charles and Caril.

The letter was addressed "For the law only" and was taken from Starkweather after his arrest in Wyoming Jan. 29.

Mr. and Mrs. Marion Bartlett, Caril's stepfather and mother, and Caril's 2-year-old half sister were the second, third and fourth victims in 11 slayings that Starkweather has acknowledged.

He is on trial for the shooting of Robert Jensen, 17, near Bennet, Neb., last January. Jensen was killed as police hunted Starkweather, 19, and Caril, 14, the day after the Bartlett's were found dead.

The letter told how Starkweather came to visit Caril but was ordered by Mrs. Bartlett to leave. He replied sarcastically. That angered Bartlett and brought on a fight, the letter said, ending with Charles shooting Bartlett.

Mrs. Bartlett was shot to death. The letter did not say who fired that shot.

# Two-Gun Man Corralled In New Jersey

PATERSON, N. J. (AP)—James V. Scordato sashayed down the main street of this community yesterday with a 10-gallon hat on his head and two six-shooters at his sides.

Scordato, 35, a partner in a restaurant, was on his way to deposit $9,000 in weekend receipts. He said he donned the cowboy outfit because he had been denied renewal of a gun permit.

Scordato had a license to carry guns for eight years, he said, but was turned down last January on the ground he didn't really need a gun.

The New Jersey statute makes it illegal to carry a concealed weapon. There was nothing concealed about Scordato's weapons.

"I want to show how ridiculous it would be to walk through town this way," Scordato said.

Four laymen corralled him in the city's busy downtown area. They escorted Scordato to the Franklin Trust Co., where he made his deposit, and then to the hoosegow.

There, Chief Daniel Murphy asked Scordato to lay down his guns and have a pow-wow over his grievance with the prosecutor.

Scordato was not arrested. The chief described him as a "responsible and solid citizen."

## Fire Trucks Meet

WARWICK, R.I. (AP) — Two fire engines responded to an alarm on Midget Avenue. Uncertain of the exact location, they took different directions. At the intersection of Midget Avenue and Nausauket Road they met — with a loud crash. No one was injured, both vehicles were damaged. The fire: A minor grass blaze.

# HOSPITAL NOTES

SNYDER HOSPITAL

ADMISSIONS — Mrs. J. M. Pagan, 2710 Avenue F; Mrs. H. S. Clay, Gen. Del.; Mrs. Carl Gray, Route 1, Hermleigh; V. E. Delke, 3000 Thirty-ninth Street; R. J. Matthews, Box 683; Mrs. O. O. Pollard, Dermott; Debra Stokes, 400 Thirty-third Street.

DISMISSALS — Mrs. J. L. Vincent, 317 Thirty-sixth Street; John Powell, 1208 Twenty-first Street; Travis Rogers, 414 Thirtieth Street.

COGDELL MEMORIAL

ADMISSIONS — Shirley Willett, 1600 Avenue G; Myrtle Lane, Box 428; Thomas Baker, 501 Thirty-fourth Street; Teresa Weems, Route 3; Venay Boyd, 2401 Avenue M; Ruby Pearl Sellars, 2408 Twenty sixth Street; Dianna Lynn Williams, 3204 Fortieth Street; Louise Bond, Ira; Shirley Miller, 2111 Avenue M; Sherrod Morris, 504 Thirty-fourth Street; Susan Crook, 834 Briarwood, Abilene.

DISMISSALS — Minerva Hernandez and baby, Avenue N and Eighteenth Street; Anita Sanders Snyder; Phyllis Bailey, 805 Twenty-fifth Street.

# Sleeping Man Gets Sentence

DETROIT (AP)—A man who was asleep at home at the time of the accident has been sentenced to five years probation for manslaughter in a traffic crash that took two lives.

William Marshall, 33, of suburban River Rouge, loaned his car to Neil McClary, 18, of Lake Orion, Feb. 3 after they spent the day drinking. He then went to bed.

McClary struck a car driven by James Goldiron of Taylor Township. Both died and a Circuit Court jury found Marshall guilty of manslaughter because he loaned the car to McClary while the youth was intoxicated.

Under probation, Marshall must Not drink for five years, pay $1,275 to bury Goldiron, not drive for two years, drive only for business the last three years and pay $15 weekly support to Goldiron's three children.

## Former Resident Dies In California

Funeral services are pending at Bolger Funeral Home for Mrs. Katie Mae Blake, 58, former Snyder resident who died at Los Angeles Sunday.

Mrs. Blake, born at Fayetteville, came to Snyder in 1924 and lived here until moving to Los Angeles in 1941.

Survivors include two daughters, Laverda Finely of El Paso, and Ethelene Millett of Los Angeles; one son, John Willie Blake of Los Angeles; one sister, Martha Hill, of Snyder; and three brothers, Eddie Lawson of Pueblo, Colo., Will Lawson of Los Angeles, and Clemmie Lawson of Fayetteville.

## Webb AFB Is Due New Installation

WASHINGTON (AP)—One of five additional Sage Air Defense Communications Centers would be located at Webb AFB, Big Spring, Tex., at a cost of $6,767,000, it was announced yesterday.

The Air Force said $33,796,000 for the sites was included in the new military construction authorization measure recently submitted to Congress.

Sage is operated by the Continental Air Defense System. It provides automatic handling of information picked up by radar and controls and directs interceptor aircraft and guided missiles.

## Funds Asked For Planning Of Dam

WASHINGTON (AP)—Rep. John Young (D-Tex) urged a $75,000 appropriation for planning of a proposed $16,400,000 Gonzales dam on the San Marcos River in Central Texas.

Young told a House Appropriations subcommittee Army Engineers say they could well spend that much in the fiscal year beginning July 1.

The dam would impound 500,000 acre feet of water for flood control and 125,000 for conservation storage.

Forty-two per cent of the working population of Italy are farmers.

# Texans Will Plant Flag In Louisiana

AUSTIN (AP)—Again this summer, Texans will plant the Lone Star flag on Louisiana soil when 90th Division infantrymen invade the Pelican State June 7 for two weeks of training.

The 90th, which compiled a brilliant combat record during both world wars, is now an Army Reserve division composed of Texans only.

With their summer encampment only a month away, members of the 90th in 42 cities from Sherman to Brownsville and from Del Rio to Port Arthur are checking equipment, making plans, and preparing for the move to Ft. Polk.

Meanwhile, the division's commander, Maj. Gen. Earl Rudder—in civilian life vice president of Texas A&M College—has lauded Texas employers who have given 90th men working for them permission to attend summer training with their division.

"These business firms are helping as much as their reservist-employees to prepare this nation to meet any emergency," Gen. Rudder says.

Units are located in these communities:

Port Arthur, Beaumont, Jasper, Houston, Pasadena, Huntsville, Navasota, Brenham, College Station, Caldwell, Bay City, Yoakum, Victoria, Corpus Christi, Beeville and Karnes City.

Also Brownsville, McAllen, Harlingen, Rio Grande City, Hebbronville, Laredo, Pleasanton, San Antonio, Del Rio, Eagle Pass, Uvalde, Boerne, Junction and Burnet.

Also San Marcos, Austin, Taylor, Georgetown, Waco, Corsicana, Cleburne, Fort Worth, Dallas, Sherman, Paris and Daingerfield.

# Humble Cuts Drilling Fund

HOUSTON (AP) — The president of Humble Oil said yesterday the company had budgeted about one-third less money this year for drilling than last year.

Morgan Davis said adverse economic conditions had caused the company to cut its drilling program.

"On May 1, 1958, the company had 57 rigs active on Humble-operated wells — 60 less than it had a year ago," Davis said.

With Humble's wells now producing at a small fraction of their maximum efficient rate there is little short-term incentive to drill a large number of field development wells. However, geological and geophysical exploration, as well as exploration research, are continuing at a normal level."

Davis said excessive oil imports was the main problem facing Humble and other oil companies.

Rising costs was another problem, he said.

## Sullivan Service Set For Tomorrow

Funeral services will be held 2:30 p.m. tomorrow for Herman [illegible] Sullivan, 62, of Route 3, who died at 2 a.m. Sunday in a Monahans hospital.

The Rev. Elmer L. Tyler, pastor of the Northside Assembly of God Church, will officiate at services to be held at the First Methodist Ghurch, assisted by the Rev. J. Lennol Hester, pastor of the First Methodist Church. Burial will be in Hillside Memorial Gardens under direction of Bell Funeral Home.

Mr. Sullivan, a farmer, had been a Scurry County resident since 1948. He was a member and trustee of the Northside Assembly of God.

## Georgia Man Suing Himself By Mistake

ATLANTA (AP) — A suburban East Point man is suing himself—by mistake.

Emmett E. Itson filed papers in East Point City Court to recover $87 damages in a broken auto windshield case.

Papers were served on Itson Monday.

R. W. HAMILTON

# Hamilton Is First To Ask Court Post

A three-way contest for one of the positions on the Texas Supreme Court was revealed with the passing of the filing deadline last week.

First to file for Place 1, which will be vacated by St. John Garwood who is not a candidate for re-election, was the Chief Justice of the Eighth Court of Civil Appeals.

He is Judge R. W. Hamilton a 58 year old former school teacher-turned-lawyer who once coached a state championship football team.

Upon release from military service in 1919 after World War I, Hamilton took up teaching and coaching and in the 6 years that followed, taught at Plainview — where his team won state honors in 1919 — also at Sonora, San Marcos, and finally back at Tyler near his family farm at Troup where he was reared.

Judge Hamilton is basing his campaign entirely upon his 31 years experience as lawyer and judge.

His law practice began at Tyler in 1927. In 1929 he was County Attorney at Martin County. In 1933 he was District Attorney of the 70th Judicial District. He engaged in general practice at Midland from 1935 until 1950, when he was elected Judge of the 70th Judicial District which he had formerly served as District Attorney.

In 1953 he was appointed Chief Justice of the Eighth Court of Civil Appeals and was elected in 1954 without opposition to a full term of that office which he is now serving.

Mrs. Hamilton is the former Lois Rogers of San Antonio. The Hamiltons have two daughters, Emily and Ann, both attending the University of Texas, and a son, Robert, Jr., attending A & M College.

# BIRTHS

Mr. and Mrs. Bobby Willett, 1600 Avenue G, are parents of a three-pound, 13-ounce daughter, born at 2:32 p.m. Sunday in Cogdell Memorial Hospital.

# New Mexico Has Primary Vote Today

ALBUQUERQUE (AP)—New Mexico voters, most of whom are registered as Democrats, participated in primary elections today.

Highlighting the contests was the hot and heavy Democratic competition far gubernatorial nomination. The winner will face Republican Gov. Edwin Mechem in November. Mechem is unopposed for GOP renomination.

Willing to challenge him are five Democratic candidates, state Rep. John Burfoughs of Portales; Joseph Bursey, founder of the State Tourist Bureau in 1935 and its director since, except under Mechem; Robert Dow of Lovington, state attorney general in 1927-28 and unsuccessful candidate for governor in the Hoover landslide; Ingram Pickett, state corporation commissioner, making his third bid for nomination as governor; and Cole Moffett, Albuquerque real estate man.

Challenging Sen. Dennis Chavez for the Democratic nomination as senator is Johnny Walker, 46, a former state land commissioner. Chavez, 70, is in his sixth campaign for the Senate.

There are no contests on either ballot for Congress.

Democrats are expected to cast about 100,000 votes, and the Republicans around 19,000.

# Says Markets Misjudged

HOUSTON (AP)—The president of the Federal Reserve Bank of Dallas said yesterday the recession was part of the normal business cyclical movement, requiring inventory adjustments on the part of business men who misjudged their markets.

Dr. W. H. Irons, speaking at the annual Texas Bankers Assn. convention, said except for the oil business, the Southwest was in a high level of prosperity.

Irons told about 2,000 persons that while no one objects to upward adjustments, everyone seemed to feel downward adjustments in business were unjustified.

He said banks today had a high degree of liquidity and were well equipped to support rising business expansion when the time came.

Dr. Imogene Bentley, dean of women at North Texas State College, Denton, said women comprised more than 55 per cent of the banking force and she stressed the importance of keying advertising to women customers.

# TODAY'S MARKETS

FORT WORTH (AP)—Hogs 600; steady; choice 22.50.

Sheep 13,500; steady; good to choice spring lambs 21.00-23.00; same old-crop lambs 17.00-18.00; yearling ewes 19.00-19.50; stock yearlings 16.00; slaughter ewes 7.00-9.00.

Cattle 2,700; calves 600; cattle uneven; stockers steady; cows 50 or more lower; calves about 50 lower; good to choice yearlings and heifers 24.00-27.50; commoner 16.00-24.00; fat cows 17.50-20.00; good and choice calves 23.00-27.00; commoner 17.00-23.00; stock steer calves 20.00-30.00; stock yearlings 27.00 down.

STOCK AVERAGES

Compiled by The Associated Press

| | Indus. | Rails | Utils. | 60 Stks. |
|---|---|---|---|---|
| Prev. day | 249.3 | 93.3 | 79.8 | 169.1 |
| Week ago | 250.2 | 92.7 | 80.9 | 169.7 |
| Month ago | 240.8 | 87.8 | 78.5 | 163.5 |
| Year ago | 268.0 | 124.9 | 76.6 | 182.9 |

NEW YORK (AP)—The stock market continued to back away from recent highs in actvie trading early this afternoon. Leading issues were down from fractions to around a point. There were scattered gainers.

Aircrafts were higher. Oils, rails, chemicals and coppers declined. Steels were mixed. American Motors and Studebaker-Packard resumed their uptrend.

Market background included a rise in personal income and testimony by Federal Reserve Board Chairman Martin that there were some optimsitic signs in the economy.

Pennsylvania Railroad was easy as its president told stockholders that the current recession is continuing "at an alarming accelerated rate."

Studebaker - Packard, spurred by new reports that it plans a new, economy model car this year, was traded heavily, adding about a point—a 20 per cent gain. This issue and American Motors which added another fraction, resumed Monday's role as No. 1 and No. 2 on the Big Board's popularity contest. Continental Motors rose a major fraction.

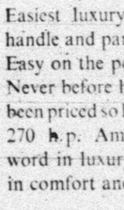

Loew's was down about a point for a while. Merck recouped a fraction from its loss Monday on news of the antitrust suit against five drug firms but Parke, Davis, also involved, shipped another major fraction.

Boeing, Douglas and United Aircraft were on the upside.

Trumpet player Louis Armstrong was an orphan at 10 and learned to play the cornet in the Waifs' Home in New Orleans.

# WOMEN

## Snyder Girl Named To Angels' Flight

Ellen Joyce Blakely of Snyder is one of 21 North Texas State College co-eds at Denton, who have been named members of the Angels' Flight, honorary auxiliary group in the Air Force ROTC unit.

Cadet leaders made the selection on the basis of scholarship, personality, appearance, and leadership.

Miss Blakely, is the daughter of Mrs. Pearl Blakely, formerly of Snyder, now of Hico and is a sophomore education major. A 1956 graduate of Snyder High School, she is also a member of the Rally Club and Zeta Tau Alpha, national social sorority.

## Poached Eggs

Chicken broth, milk, tomato juice cream, meat stock, consomme and thin soup may be used for poaching eggs in place of water. Allow 1 quart of liquid for 4 eggs. Bring the liquid to a fast boil over a high flame. Drop the eggs into the bubbling liquid and turn the flame to simmer. Cover the sauce pan and cook the eggs 3 to 5 minutes or until the whites are firm. Use a perforated ladle or spoon for removing the eggs, and trim off ragged edges. The poaching liquid may be thickened with a little cornstarch or flour and served over the eggs.

## WHAT'S GOING ON

MRS. JOHN W. LEFTWICH, 2411 Thirty-second Street and MRS. CHESTER HUTCHISON, of Abilene spent Mother's Day at Lake Whitney with MR. AND MRS. JOHN LEFTWICH of Tyler.

## Junior Girls Of Baptist Church Hold Meeting

The Junior 9-10 year old and Junior 11-12 year old Girls' Auxiliary group of the First Baptist Church met Thursday, May 8, in the home of Pam Cole, 3821 Highland, for their mission study book.

The book, "The Cheery Children was given by Mrs. Bill Murphy while refreshments of sandwiches, potato chips, and cokes were being served.

Members of the Junior 9-10 year old group attending were: Pam Cole, Sheila Duke, Docena Howarton, Frances Cummings, Carmen Grant, Miss Rita Johnston, councelor, and Miss Anne Osborne, co-counselor.

Members of the 11-12 group attending were: Ann Robinson, Anne Patterson, and Mrs. Buddy Drum, counselor.

## China Grove OES Members Attend Meeting

CHINA GROVE (Spl.) — The Eastern Star dinner held in Dunn Thursday night was enjoyed by Mr. and Mrs. N. F. Hall, Worthy matron and Worthy patron of the Dunn Chapter, No. 358.

Other attending were Mrs. C. E. Laster, Mr. and Mrs. O. N. Laster Jr., Mr. and Mrs. Floyd W. Merket, Mr. and Mrs. Jim Merket, Mr. and Mrs. Joe Hairston, Mr. and Mrs. Frank Wilson, Mr. and Mrs Hoyl Murphy and Mr. and Mrs Martin Murphy. Approximately 100 guests registered during the afternoon.

## BIG MOMENT

HIALEAH, Fla. (AP) — A closed circuit television system is allowing fathers of children born at Hialeah Hospital to see their offspring within moments of their arrival.

Fathers used to have to wait half an hour or so to glimpse their children through the nursery window.

## Birthday Dinner Held Saturday

A surprise birthday supper was given in honor of Charlene Johnston, in the home of her sister, Rita Johnston, 3009 Avenue N, Saturday evening.

Assisting Miss Johnston, was her cousin, Margo Ashley of Dunn.

Following the opening of gifts, guests were served a dinner of fried chicken, hot rolls, green beans, fresh corn, potato salad, iced tea and chocolate cake.

Those attending were: Barbara Nail, Renee Nail, Kay Nail, Lavada Holmes, Sandy Griggs, Donna Scott, Julia Boyd, Winna Franks the honoree and the hostesses.

**Science Shrinks Piles New Way Without Surgery**

**Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids**

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*) — discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.** At your druggist. Money back guarantee.

## BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

**BIG DOINGS AT THE** Snyder Country Club tomorrow.

Some 75-100 golfers are expected to assemble at the local layout for a West Texas Pro-Amateur tournament.

Most of these linksmen will be getting a feel of the Snyder course, too, for the upcoming 4th annual invitational tournament sponsored by the local club.

The invitational comes off 10 days from now, May 23-24-25.

The weather man has promised good weather tomorrow so why not plan on taking part in the one-day pro-amateur affair.

### Steers Good To Eagles

Big Spring has been right "nice" to the Abilene Eagles in baseball the past two seasons.

It was last year that Big Spring Athletic Director Al Milch ordered the Steer baseball team to forfeit a game to Abilene because of travel expense involved.

Had the game been played and had the Steers won, it would have thrown Abilene into a two-way tie for the title. As it was, the Eagles won the crown undisputedly.

Abilene got some additional help from the Big Spring club this season in her drive to a second straight 2-AAAA pennant.

Big Spring popped Midland twice in the 2-AAAA campaign to keep the Bulldogs out of the throne room.

Midland defeated every other team in 2-AAAA, including Abilene, but missed winning the title because she couldn't handle Big Spring.

Even had Midland divided with Big Spring in their two district games she would have tied Abilene for the district crown. Abilene finished its district slate with a 6-2 mark while Midland wound up with 5-3.

It would seem, then, that it would be in order for the Abilene baseball team to award Big Spring services rendered the past two seasons.

### Strong Finish

Billy Rogers, the lad who hurled that shutout for Big Spring over the Tigers in the first game of a doubleheader last Saturday and who came back to hurl four shutout innings in the second game has blanked Midland, 2-0, in his previous start before the twinbill.

Roger, thus, finished out the season with 18 consecutive scoreless innings.

Roger is a senior.

The Steers, in posting a 13-9 season mark, gave Big Spring its best baseball season in modern times.

Many of the Steer regulars are returning next year and the 1959 season could very well be the year for the Big Springers.

You kids ages 15-16 who would like to play in the Teen Age League this summer and who haven't already signed up, tomorrow is your last chance to do so.

Just fill the blank out below and mail it to W. F. McMennamy at Snyder Glass and Mirror or take it by there personally.

PLAYER: Name ..... Age .....
MANAGER: Name ..... Pho. .....
COACH: Name ..... Pho. .....
SPONSOR: Name ..... Pho. .....

## Nats Hold On To 2nd Place In AL

By ED WILKS

The first home run was the toughest for Neil Chrisley. Four games ago he never had hit one in the majors. Now he has three for Washington, and its no coincidence that the Senators are still second in the American League, two games from the top.

The 25-year-old outfielder, traded out of the Boston Red Sox farm system to the Nats in 1955, was up 51 times without a homer as a rookie last season. He didn't get one in his first 14 at-bats this season.

Now he's hit three in seven trips, hauling the Senators to a 5-4 victory over the Red Sox last night on a shot that bounced off center fielder Jim Piersall's glove into the bleachers at Griffith Stadium for a two-run homer.

A home run won for Kansas City, too, as Woody Held pickled one in the 11th that beat the Chicago White Sox 3-1 and ended the A's losing string at six in the only other game scheduled.

Chrisley, carried as a pinch hitter by the Nats what with Roy Sievers, the defending AL homer champ, fleet Albie Pearson and slugging Jim Lemon in the outfield, has banged his homers in three games.

Chrisley started last night's game and cracked a 3-3 tie with his homer, giving the Senators a 6-1 record against the Red Sox. Dick Hyde won his third with a six-hit, five-strikeout job over 5 1-3 innings in relief of Hal Griggs.

The game was delayed an hour and 15 minutes by a power failure at Washington.

Ray Moore nursed a 1-0 White Sox lead for seven. The A's tied it on Bill Tuttle's triple and a sacrifice fly by Hector Lopez in the eighth.

## Hermleigh Wins On Masters' No-Hitter

Ted Masters hurled the City League's first no-hit game this season last night when he led Hermleigh to a 3-0 victory over the Blue Sox at Towle Park.

Masters, however, had to have help from Ole Man Weather in registering his no-hitter. Jimmie Bryant, leading off for the Sox in the top of the 6th, beat out an infield hit. But a heavy downpour set in and the game had to be called at this point.

The game then reverted back to the fifth inning and Bryant's hit was rubbed off the books.

Masters struck out 11 Sox batsmen and walked three. Only one Sox runner got as far as second base.

Dwayne Prince went the distance for the Sox, giving up six hits and striking out seven. No Hermleigh batsman got more than one hit.

Weather permitting, Hermleigh and Sun Oil will clash tonight, starting at 7:30.

Last night's box:

CELEBRATE MUSIAL'S APPROACHING MILESTONE—Cardinal slugger Stan Musial, left, holds a silver bat as four of his guests hold up the number 3000 at a party given in honor of Musial who is approaching another milestone. The guests are, left to right: Senator Stuart Symington, Governor James Blair, Warren Giles, president of the National League and August A. Busch, Jr., owner of the St. Louis Cardinals. Musial hits stand at 2998 as the party in St. Louis was held. (AP Wirephoto)

*COURSE IN GOOD SHAPE*

## WT Pro-Amateur Here Tomorrow

Despite heavy rains last night, the Snyder Country Club course is expected to be in fine shape tomorrow for the West Texas Pro-Amateur tournament.

Pro Shanty Hogan said the rains left the course in a pretty soft condition today but with a little wind and sunshine the playing conditions tomorrow should be good.

Activities will begin at 9 a.m. and will continue throughout the day.

Both pro and amateur linksmen from throughout the Snyder area are due for tomorrow's pro-am.

In West Texas Pro-Ams, one pro is teamed with three amateurs whereever possible. In the event there is a shortage of pros, a leading amateur will captain a team.

All amateurs will be given handicaps for the pro-amateur affair.

The teams will be composed of one pro, one A player, one B player and one C player. Each pro entering is entitled to select one amateur for his team.

Hogan said it was impossible to determine how many entries to expect for the pro-am since there is no advance notice from the pros or amateurs of their intentions to play in the tournament.

There is a similar pro-amateur tournament slated for Big Spring Country Club Thursday.

Entry fee for the pro-am tomorrow is $3 for amateurs and $5 for pros.

A week from this weekend the 8th annual Snyder Invitational will be unreeled, May 23-24-25.

### College Star Signs Professional Pact

HUNTINGTON, W. Va. (AP) — Hal Greer, Marshall College basketball star, Monday accepted a $5,500 contract to play for the Syracuse Nationals of the National Basketball Assn. next season.

Greer, who graduates in August, was the Nationals' number two choice in the recent NBA draft.

## Tigers Postponed Until Tomorrow

Heavy rains last night caused postponement of the Tiger — Levelland district playoff game today at Levelland.

Weather permitting, the game will be played tomorrow at 4 p.m. in Levelland.

Levelland leads the series, 1-0, by virtue of a come-from-behind 3-2 decision here last Friday.

A Tiger victory tomorrow would extend the series into a third game to decide the title.

The third game probably would be played in Lubbock either Thursday or Friday.

All district champions must be determined by midnight Friday.

Tiger coach Speedy Moffett has named Norman Gladson as his starting pitcher for tomorrow's game. Gladson went the route in the series opener and although he was charged with the defeat, he didn't yield an earned run to the Lobos.

Levelland is expected to go with Roger Brown, again tomorrow. Brown was the winning pitcher in the series opener.

Catcher Coleman John is expected to return to the Tiger lineup tomorrow. John injured a finger in the series opener with Levelland that forced him to the sidelines after the second inning.

John then missed the doubleheader with Big Spring Saturday but he worked out yesterday and he is reportedly fully recovered from the injury.

Also first baseman Jimmy Allen, who has been slowed with a back injury, and Richard Mahan, who suffered a slight sprained ankle in a slide at second during Saturday's doubleheader with Big Spring have recovered and will be ready for action tomorrow.

The Tigers will carry a 12-14 season record into tomorrow's game at Levelland. The Lobos are 6-8 on the season.

### Tokyo Makes Bid For '64 Olympics

TOKYO (AP) — The city of Tokyo has made its formal bid for the 1964 Olympics.

The 1964 host nation and city will be officially chosen at the 55th IOC general assembly next year, expected to be held in Munich, West Grmany.

# Willie Mays, Giants Drive Dodgers Into NL Dungeon

By ED WILKS
The Associated Press

Weep no more for Willie, now that Mays has unleashed those Los Angeles Dodgers and discovered they're his old Brooklyn bullies.

After 22 games with San Francisco this season, Willie was batting a dandy .372, but folks were concerned. The Kid who had led the Giants in home runs and runs batted in for four years had only nine extra-base hits, only one a homer, while knocking in just nine runs.

Then he recognized those Dodgers, the guys he's always killed, and Willie started belting. In three games against Los Angeles he's rapped five home runs, driven in 11.

Mays hit a pair of homers, one his second grand slam in the majors, and had five RBI last night as the Giants ripped the Dodgers 12-3 and moved back within a half-game of the National League lead with their fifth straight victory.

It was the fourth consecutive defeat for the Dodgers, who plunked into the cellar for the first time since July 2, 1948. The St. Louis Cardinals quit a three-week stay in eighth place by winning their fifth in a row, 6-4 at Chicago, in the only other game scheduled.

Stan Musial doubled for his 3,000th hit, but after grounding out three times was benched for hitting by Manager Fred Hutchinson for today's game with the Cubs. Unless he's needed as a pinch-hitter, the Cards figure to save The Man's 3,000th hit for the home fans.

Mays triggered a 10-hit attack as the Giants made it five in a row over Los Angeles. Daryl Spencer also counted two homers. Ruben Gomez won his third, all against the Dodgers, with a six-hitter and fanned 10 to take the NL strikeout lead with 52.

Mays tagged loser Don Drysdale (1-4) for his first homer in the third.

Husbands! Wives!

Thousands of couples are week, worn-out, exhausted just because body lacks iron. For new, younger feeling after 40, try Ostex Iron Tablets. Contain iron for pep, therapeutic dose Vitamin B1, to increase vigor, vitality. Start getting iron at once, while 30-day introductory size costs little. Or get Economy size, save $1.87. All druggists.

# Musial, One Shy, Won't Play Today

CHICAGO (AP)—Stan Musial, the St. Louis Cardinal slugging star who is only one hit away from 3,000, will not reach the coveted goal today according to Manager Fred Hutchinson.

Hutchinson last night announced plans benching The Man so that Musial can register his 3,000th hit at St. Louis.

"Stan has always expressed the desire to make his 3,000th hit in St. Louis and I'm going to give him that opportunity," said Hutchinson.

Musial rapped out his 2,999th hit in the first inning of a 6-4 victory over the Chicago Cubs. He stroked a double into left centerfield. He walked in the third and then grounded out weakly in his next three appearances.

"It'll be a good clean shot when I get it," said Musial after yesterday's game.

The Cardinals go home Wednesday to open a two-game series with the San Francisco Giants.

The 37-year-old Musial, a veteran of 18 years in the majors, said "there is no added pressure in going for the big hit. But I think I was trying to guide the ball too much after getting that double. Maybe I should have just hit away."

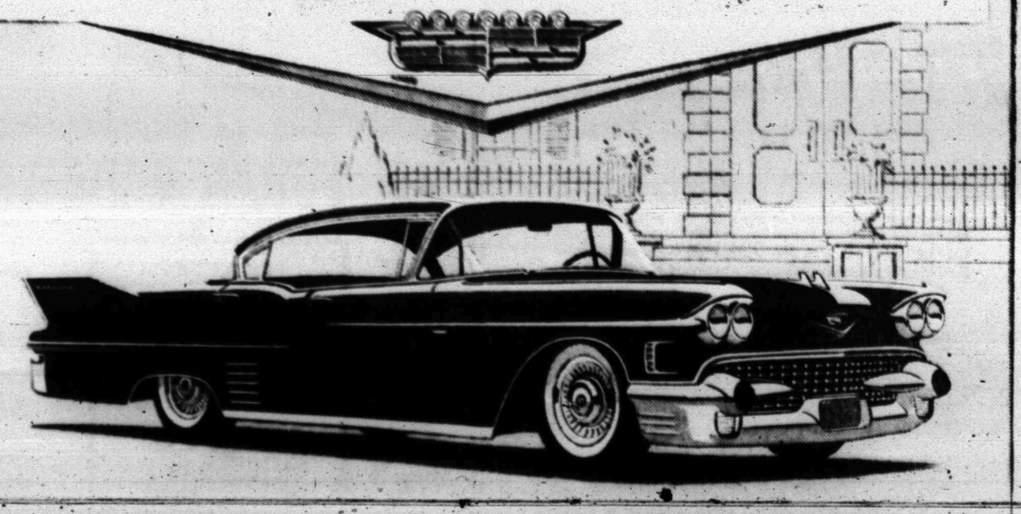

"It's a funny game. I was going so good I thought I'd surely make it in St. Louis Sunday. I needed seven hits in that four-game series against the Cubs and now, five games later, I'm still trying. That's what makes baseball the game it is."

Musial was blanked by Cub pitchers last Friday and Saturday. Then he turned hot Sunday and picked up two hits in the first game and three more in the second game before drawing walks in his two final appearances.

The St. Louis crowd booed naturally at Wrigley Field yesterday after belting his first-inning double. Musial walked on four straight pitches and the Chicago crowd booed Cub pitcher Glen Hobbie.

## Junior Editors Quiz on HEALTH

*QUESTION: Is it true that carrots make your eyes shine?*

* * *

ANSWER: Carrots contain many vitamins that are important to your health. Among them is Vitamin A, which helps keep your eyes free of disease.

Vitamin A acts on tiny glands which supply your eyes with tears. A healthy eye is always filled with these tiny tears which lubricate the eyeballs and wash off any dirt that gets on them. If you don't get enough of this vitamin, your eyes will be dry and you won't be able to see as clearly as when they are moist. It is this moisture which makes your eyes appear shiny when you eat plenty of carrots.

If you don't have any Vitamin A for a long time you might develop night blindness. Pilots who fly at night drink a lot of carrot juice to avoid this.

* * *

FOR YOU TO DO: Vitamin A also is found in several other foods besides carrots. Study a vitamin chart to learn what they are.

* * *

(Today's award of $10 goes to Shirley Erilsizer of Rochester, Mich., for this question. Send yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: How many mothers saw their sons become President of the United States?) 5-9

## Cabot Plans New Plant In Wyoming

PAMPA, Tex. (AP)—Plans to build a million dollar natural gasoline plant near Glenrock, Wyo., were announced by Cabot Carbon Co.

Construction is expected to begin within 30 days with the plant in operation late this year, said E. L. Green, vice president in charge of the firm's oil and gas division. The plant, with a capacity of eight million feet of gas daily, will extract natural gasoline, butane and propane, Green said. The residue will be sold to pipelines.

## Political Announcement

The Snyder Daily News is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary:

# Filing Fees For Candidates Set

Political candidates here have through Saturday to pay their filing fees, which were set yesterday by the county Democratic executive committee.

The filing fees, for the most part, were based on six per cent of the annual salary of the office involved. The fees were set by offices, then the number who are candidates divided the total evenly. Unopposed candidates pay the entire six per cent of the annual salary.

Funds raised through the filing fees are used to pay expenses of the first and second Democratic primaries here, including cost of ballots, election judges, etc.

Frank Wilson, county Democratic chairman, said candidates have through Saturday to pay their filing fees. The fees may be paid either to Wilson or to the county executive committee through the county clerk's office.

Those who do not pay their filing fees will not qualify for the ballot in the first primary.

After Saturday, the next important date to be remembered by politicians is that for filing statements of campaign expenses. That must be done in the period from July 17-20. A supplemental statement must be filed after the first primary, by Aug. 4. There will also be two times when statements must be filed by those in the second primary.

The filing fees, by offices:

County judge — $234.81 each, total $469.62.

District clerk — $438.32.

County clerk — $438.32.

County treasurer — $146.11 each, total $438.32.

Commissioner precinct 2 — $52.94 each total $423.52.

Commissioner precinct 4 —$47.06 each, total $423.52.

County surveyer — $25.

County school superintendent — $180 each, $360 total.

Justice of peace, precinct 1 — $313.08.

Justice of peace, precinct 2 — $25.05.

Constable, precinct 4 — $25.05.

State senate — $10 each, total $20.

State representative — $10 each, total $30.

U. S. representative — $45.

## Team Is Completed

McCONNELLSVILLE, Ohio (AP)— Mr. and Mrs. Russell J. Roberts of McConnelsville won't have to listen to that old joke anymore about "one more son and you'll have a baseball team." Their ninth straight son was born at Bethesda Hospital in Zanesville. They have 10 children in all—the

FILING FEES SET—One of the few unopposed candidates in the first Democratic primary, County Clerk, Dan Cotton, left, learns that his filing fee will be $438.32. Those with others in races do not have high filing fees, however. At right is Frank Wilson, county Democratic chairman, who announced the filing fees, which must be paid by candidates by Saturday. (Lee Watson photograph)

# Juan Peron Eager To Get Back Home

CIUDAD TRUJILLO, Dominican Republic (AP) — Ousted dicatator Juan Peron says he is ready and eager to return to Argentina if its Congress will let him.

Peron said last night he will remain in the Dominican Republic until the new Argentine government decides whether he can go home and reorganize his followers in the Peronist party.

"I have no plans for going to Europe or elsewhere," Peron said with a smile in his small white-shuttered suite. "I 'am' waiting here to see what the news from Buenos Aires will be."

The support of Peronists was a big factor in the election of Arturo Frondizi Feb. 23 as Argentina's first elected president since military forces ousted and exiled Peron in September 1955.

Frondizi said Congress would decide on Peron's return.

The Argentine Senate is now considering a bill granting political amnesty to many of Peron's followers. The bill is not believed, however, to pardon the ex-dictator and some of his top lieutenants, charged with common crimes.

Peron has been in this little Caribbean dictatorship since leaving Venezuela shortly after dictator Marcos Perez Jimenez was overthrown Jan. 23.

Peron first put up here at the swanky hotel Jaragua but now he is living at the Paz, a bustling tourist favorite because of lower rates. The armed guards he had outside his Jaragua suite are missing now but hotel employes try to steer people away from him.

The barking of four French poodles owned by his secretary, Senorita Isabel Martinez, gave away the suite's location to this correspondent. Peron came out glowing with health and looking cheerful and confident.

## John Ross Truman Presents Concert

INDEPENDENCE, Mo. (AP) — John Ross Truman, 17, gave a piano recital for about 250 persons last night at the Truman Memorial Library and received a gold medal signifying completion of the advanced course in piano.

Now Many Wear
FALSE TEETH
With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

## Hoover Is Elected

SAN FRANCISCO (AP) — Herbert Hoover Jr. of Los Angeles, a consulting engineer and son of the former President, has been elected a director of the California State Chamber of Commerce. Hoover was undersecretary of state from 1954 to 1957.

**DISCUSS CEMETERY RESTORATION**—Several members of the board of the newly-organized Snyder Cemetery Association held a preliminary board meeting yesterday following a public meeting to get the new organization underway. Miss Myrtle Harrell, standing, is president of the association. Board members seated are Mrs. Carl Herod and Frank Wilson on the front row; back row, left to right, are Ray Lunsford, Joe York, Hugh Taylor, Claude McCormick, and M. L. Andress. (Lee Watson photograph)

# Miss Harrell Named To Head Snyder Cemetery Association

Miss Myrtle Harrell yesterday afternoon was elected president of the newly-organized Snyder Cemetery Association.

The new organization, in a meeting yesterday, adopted a constitution and by-laws and elected officers and directors. It will now work to complete a membership drive and make plans for intensified efforts to clean and beautify the Snyder Cemetery.

This climaxed a movement started several weeks ago by the Snyder Garden Club, joined by the older Snyder Cemetery Association board and other garden clubs. A committee of interested persons from those groups and others, headed by Mrs. Carl Herod, got the movement underway and carried it through to yesterday's organizational meeting.

Officers of the association, other than Miss Harrell, are Mrs. F. G. Sears, vice president; John W. Boren, secretary; and Tommy Deifebach, treasurer. Directors are Hugh Taylor, managing director, Mrs. Herod, Joe York, Ray Lunsford, C. E. McCormick, Lester Moore, Mrs. Mamie Thompson, M. L. Andress, and Frank Wilson.

Mrs. Herod presided at the opening of yesterday's meeting, and those attending went over the proposed constitution and by-laws which had been drawn up by Wayland Holt.

The Snyder Cemetery Association was set up as a non-profit organization with its object being care for, proper maintenance, and beautification of the premises of the Snyder Cemetery, which has been in use here since the 1890s. Revenues received by th association from dues or from any other source will be used for general care in preference to caring for individual lots.

The association set the minimum membership fee at $10 annually, but it can accept contributions from non-members in any amount. The constitution and by-laws state that any person, firm, or corporation can make a contribution to the association and the funds shall be used to further the objects of the association.

The board of directors will have regular quarterly meetings. Later, the nine directors will decide the length of terms of the present board. Three are to have one-year terms, three two-year terms, and three three-year terms, which will cause the association to have three vacancies to fill on its board each year from now on for three-year terms.

The annual meeting of the association will be held on the second Monday each March.

A part of the recent cemetery restoration movement has been voluntary cleaning of lots in the cemetery. Recently, during a special cemetery week here, a number of lots which had not been weeded in years were cleaned by volunteers. There are still hundreds of unkept lots in the cemetery, however.

About 15 volunteer workers have in the past few weeks been contacting prospective association members, and the contracts will continue. So far, 61 members have joined the association, and many have already paid their dues. Mrs. W. R. Bell, one of the workers, reported yesterday that $581 has been received since the new movement began.

The association said persons who desire to join the association or make a contribution may contact one of the directors or leave their funds at the Chamber of Commerce office.

The board is beginning a study on an intensified program cemetery restoration.

# Panel Okays Cotton Plan

WASHINGTON (AP)—A bill which would set up a 3-year cotton program and give growers their choice of two types of acreage allotments and price supports got approval from a House cotton subcommittee yesterday.

The legislation will be offered to the full House Agriculture Committee, chairman E. C. Gathings (D-Ark) said.

Cotton growers would choose between:

1. A normal acreage allotment and high support price of about 84 per cent of parity or

2. An acreage increase of up to 40 per cent and a support price of 65 per cent of parity.

The national acreage allotment for 1959-1961 would be based on what is required to produce enough cotton for the home market plus exports. Gathings said it would amount to about 17,770,000 acres each year.

The 1958 allotment is 17,400,000 acres.

# Youth Draws Maximum Fine

HALLETTSVILLE, Tex. (AP) — Dean Kersh, 19, was fined $3,000 for negligent homicide yesterday in an auto accident in which a girl was killed.

County Judge Gus Strauss set the maximum fine after defense atty. Percy Foreman waived a jury trial for the son of Dick Kersh.

Miss Audrey Schroeder, 19, of Yorktown was killed and six others including Kersh, were injured in the Feb. 1 crash.

Two witnesses, Anna Malec and Milton Shimed, said they saw Kersh's car being driven at an excessive speed moments before the accident.

The Turkish-Greek war was in 1897. The war was ended by intervention of major powers.

# Machinists Strike At Convair Plant

POMONA, Calif. (AP) — The International Assn. of Machinists struck the Convair guided missile plant here early today. Production personnel left their jobs and picket lines were established.

The action affects 1,777 workers of a total of 4,700 hourly employes the company said.

Convair said no further negotiations were scheduled.

The development came after IAM refused to accept terms of a company offer approved Sunday night by Convair employes in two San Diego, Calif., plants.

The Pomona plant produces Terrier and Tartar missiles for the Navy. Convair's San Diego plants, employing some 31,000 workers, produce the Atlas missile for the Air Force, F102 jet fighters and airline transports.

Convair President J. V. Naish said in San Diego that the Pomona facility would continue production.

The company's wage offer was a 17 to 27-cent hourly raise. The pay scale under the old contract ranged from $1.29 to $2.75.

Elsewhere in the aircraft and missile industry, two major contracts remain to be negotiated. Talks are still in progress for Douglas Aircraft Co. workers in Long Beach, Calif., Tulsa, Okla., Charlotte, N.C., Santa Monica and El Segundo, Calif.

Also under negotiation is a new contract for Lockheed's missile division, affecting production workers at the company's Van Nuys, Palo Alto and Sunnyvale, Calif., plants.

On another strike scene, at the Lockheed Aircraft Corp. Marietta, Ga., plant, negotiators traded proposals for settlement. A federal mediator said he was hopeful of progress. About 8,000 members of IAM have been on strike six days. State troopers and local authorities are on duty to prevent a recurrence of violence that flared on picket lines Monday.

## Five Members Of Family Are Killed

INDIO, Calif. (AP) — Five members of a West Covina, Calif., family were killed in a car-truck collision last night.

The highway patrol said they were Mr. and Mrs. Walter Bennett, both about 35, and their three daughters, aged from 6 months to 5 years.

A fourth daughter, Carol Bennett, 7, escaped serious injury.

The accident occurred on U.S. Highway 60, about 34 miles east of Indio.

# Nebraskans Go To Polls

OMAHA (AP) — Nebraskans vote today in a primary election widely forecast as probably the lightest in many years.

A combination of favorable crop outlook, a dearth of issues, a heavy field of incumbents and prospects of rainy weather more than 180,000 ballots would be cast.

At stake are a U.S. senatorship, four congressional seats and control of the Nebraska Statehouse, a Republican stronghold for the last 18 years.

Only once since 1940 has a Democrat broken through the GOP ranks. That was in 1948 when Eugene D. O'Sullivan of Omaha won a single term in the House. O'sullivan is one of three Democrats seeking the Senate nomination this year, to oppose Sen. Roman L. Hruska (R-Neb). Hruska has no primary opposition.

## Station Has Problem

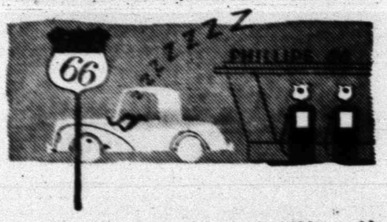

ATHENS, Ohio (AP)—Roger Biddle, who runs a gas station here, has trouble. It started last fall when a new highway intersection was completed in front of his station. Traffic from U. S. 33 and 50 converges there in a "Y".

Four times to date, a car has wound up in Biddle's station, where it has taken his gas pumps to bring it to a halt.

**George Slept Here...**

...he pulled off the highway and asked if he could take a little snooze.

We pride ourselves that Phillips 66 Stations are first-rate service stations. We're even glad to make them *sleeping* stations in an emergency. So George took his snooze.

Good thing he did because, dog-tired and drowsy, he might have fallen asleep at the wheel while driving.

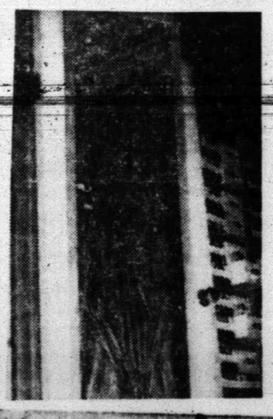

This little incident suggests, in a small way, the hospitable attitude of Phillips 66 Service men generally. Ask any regular patron of Phillips 66 Stations and he'll tell you that Phillips Dealers go out of their way to treat you and your car right—perform many a service you wouldn't expect to get elsewhere.

Better yet, drive in and see for yourself what "Hospitality on the Highway" means.

FORD SUNLINER...
America's glamorous, best-selling soft top
Join the CIRCLE OF SAFETY — May is National Car Safety Month
FORD SKYLINER...
World's only retractable hardtop

**Why people who love CONVERTIBLES buy FORD**

**Only Ford lets you choose from a steel-top convertible or a fabric-top beauty.** Who else but Ford . . . world's largest convertible maker . . . could offer you *two* different *kinds* of convertibles. There's the fabric-top Ford Sunliner and the steel-top Ford Skyliner . . . world's only retractable hardtop. They're both styled and powered in the Thunderbird tradition. You'll see at a glance why they're both the value leaders of the convertible world.

**Nowhere else can you find so much convertible for so little money.** Take the Ford Sunliner for example. A comparison of manufacturers' suggested retail delivered prices shows it's America's *lowest-priced* convertible. Yet Ford's closest competitor can't touch the Sunliner for rear seat leg room, trunk space or ease of top operation. As for the Skyliner, it's the world's only 2-in-1 fine car . . . a snug steel-top *and* a breezy convertible. Just touch a button: The all-steel top vanishes smoothly into the rear deck . . . and you're sitting pretty in the smartest convertible ever. It's another example of the *advanced* engineering you get in *every* Ford car.

**So if you're the sun-worshiping type,** better see your Ford Dealer and get *all* the reasons why Ford outsells its nearest competitor in convertibles by a whopping 2-to-1 margin!

# GRAND OPENING OF NEW D&H SUPER MARKET SET TOMORROW

**GRAND OPENING SET TOMORROW**—The New D & H Super Market, Forth-second Street and the Big Spring Highway, will hold its grand opening beginning at 9 o'clock tomorrow morning and lasting through Saturday. The 300-foot long building with its spacious, lighted, parking lot is pictured above. (Lee Watson photograph)

**DRUG DISPLAY**—One of the finest selections of drug items imaginable is on display in the new D & H Super Market at Forty-second Street and the Big Spring Highway in south Snyder.

# THE SNYDER DAILY NEWS

VOL. 9, NO. 11 SNYDER, TEXAS, TUESDAY, MAY 13, 1958 SECTION B

**CANNED FOODS DISPLAY**—One of the many canned foods display counters is pictured above with its easy-to-reach display of every kind of canned food. Nationally known brands of quality foods are featured in the new D & H Super Market.

**SEVEN CHECKING COUNTERS** — One of the many customers-conveniences in the new D & H Super Market is the seven modern checking counters pictured above. Conveyor belts on each checking counter carry the checked items to the sacker, permitting the fastest and easiest possible checking. The seven counters will permit checkers to check customers out fast enough that there will be practically no waiting in line.

**HARDWARE DISPLAY**—The entire west wall of the D & H Super Market building is devoted to a full line of hardware and drug items—the south half to the hardware items pictured above. Almost everything needed in the home, from fix-it-yourself tools to cleaning brushes, is displayed.

**EASY SHOPPING**—Easy shopping for anything in food, drug, hardware or soft goods lines is the theme on which the new D & H Super Market was designed and built. The attractive displays make shopping a pleasure in the new store.

CLYDE GODWIN
. . . store manager

ROBERT WAGGONER

# D&H To Open Largest Store Here Tomorrow

One of West Texas largest and finest new super markets will be formally opened here tomorrow through Saturday when the new 21,600-square-foot D & H Super Market at Forty-second Street and the Big Spring Highway opens.

The new super market features many innovations in marketing of foods and household goods which make it not only one of West Texas largest, but one of the most outstanding.

It even has a "private" television room for children who accompany their parents to the store. The television room is called "the D & H "Thrill Theater," and is located near the entrance to the store at the south end of the 300-foot long building.

"One of the most outstanding features of the new store is the fact that all foods display cases are the hand-level open-top variety so that it is not necessary to open any doors to do all your shopping in the new store," Clyde Godwin, manager, said.

In keeping with the popular trend in eating habits, the new D & H Super Market features an abundance of refrigerated display cases for everything from the fresh meats to all types of frozen fresh foods, dairy products and produce, to heat-and-serve items.

The D & H Super Market chain in West Texas was started in 1923 by Joe Davis and Bill Humphries, owners of the new store here.

They began their successful partnership with a single store in Lubbock.

Now the firm has grown to a chain of 17 modern super markets, all located in a radius of 110 miles of Lubbock.

"This is by far the largest and finest of the stores, however, and is more than 6,000 square feet larger than any other store in the group," Godwin said.

Customers and visitors to the new store will share in the managements pleasure with the new store in many ways.

"During our grand opening we will give double S & H Green Stamps with all purchases of $2.50 or more during Wednesday, Thursday, Friday and Saturday," Godwin said.

In addition to the double stamps, customers will receive a big list of grand opening prizes.

Featured gifts will be $100 in cash to be given away each day for the first 10 days the new store is open.

"Each day for the next four days the first 50 customers who purchase $5 or more of foods will receive a free pair of nylon hose, and each day for the next four days we will give away 50 bags of food — or a total of 200 bags of food," Godwin stated.

Other prizes during the opening event will include two television sets, a high-fidelity console phonograph, two Schwin bicycles, five three-piece luggage sets, and 10 electric trains.

Drawing for the prizes will be held at 6 o'clock the night of May 21 at the store.

Just as the store is several times larger than the old one at Twenty-fifth Street and Avenue N, which it replaces, it will require much more help to operate.

"We will have about 25 permanent employes in the new store, but will have many more than that during our grand opening," Godwin said.

Serving with Godwin in the store some of the key persons are Homer Bishop, assistant store manager; Robert Waggoner, market manager; Frank Robinson, produce manager; Mrs. Opal Maroney drugs department head; Mrs. B. V. Gillean, drygoods department manager; Mrs. Jerry Creighton, hardware and variety department head, and Mrs. Frankie Wall, office manager.

Some of the other key persons in the store include Harvey Williams, assistant manager of the market, Carol Hatter, Pauline Kimsey and Frances McGaha, staff of the market.

Godwin, a civic leader of Snyder, has been employed by D & H for almost 13 years, since in 1946.

He has been manager of the firm's store here for about 10 years, since 1949.

One of the outstanding features of the new store is its spacious parking area at the front of the building and at the south side. The lighted parking area has space for 270 cars to park at one time.

**REFRIGERATED DISPLAY** — One of several open-top, frozen food display counters with easy-to-reach merchandise in the new D & H Super Market is pictured above. The case above has frozen heat-and-serve items such TV dinners ,apple pies, and many other easy to prepare items which are highly popular—especially for warm weather eating. (Lee Watson photograph)

## Entombment For Unknown Soldiers Set

WASHINGTON (AP)—Military officials are rounding out nearly two years of planning for entombment of unknown Americans who fell in World War II and the Korean conflict.

On Memorial Day the two unknowns, representing the unidentified dead of each war, will be entombed at Arlington National Cemetery near the final resting place of the Unknown Solider of World War I.

Maj. Gen. John G. Van Houten, in charge of arrangements, said yesterday preparations are being made to handle what might possibly be the largest crowd ever to throng the capital.

Highlighting the ceremonies on May 30 will be the posthumous presentation of the Medal of Honor to the two unknowns, who may be either soldiers, sailors, Marines, airmen, or Coast Guardsmen.

The presentation will be made by President Eisenhower, who in World War II was Supreme Allied Commander in Europe. He will place the medals, highest military decoration conferred by the United States, on the two caskets during services in the cemetery's amphitheater. Eisenhower also will speak briefly.

The process of selecting the unknowns for burial at Arlington now is under way. The bodies are due to arrive here on May 27. They then will lie in state in the rotunda of the Capitol.

In a briefing by Army and Navy officers, newsmen were told of plans to move the unknowns to Arlington, across the Potomac, along a route lined by troops of all the armed forces.

While the cortege is in motion, guns will be fired at one minute intervals, and military planes will pass overhead in salute.

## Churches Ask Own Minister

FEDERALSBURG, Md. (AP) — Unless the bishop gives them a minister of their own, parishioners of two Methodist churches here say they are cutting appropriations for a minister's salary to $2,000.

"The power of appointment is with the few . . . but the power of the purse is still in the pew," according to an old saying the local Methodists have adopted for their fight with Bishop G. Bromley Oxnam.

The bishop has announced intentions of assigning just one minister to serve both Union and Christ Methodist churches, both located in Federalsburg.

Officials of each church maintain they are offering effective programs and are entitled to have their own ministers.

They contend the bishop, in effect, is forcing them into a merger for which they are not ready financially. Union Church has 600 members and Christ Church has a membership in excess of 200.

## Lana Signs For Picture

HOLLYWOOD (AP) — Universal-International Studio has answered Lana Turner's question.

The actress, whose private life made tragic headlines last month said recently she would like to return to work, "if anybody will have me."

U-I announced yesterday that Miss Turner has signed to star in a re-make of the 1934 hit film, "Imitations of life."

The announcement had an added significance for Hollywood. The tudio has been virtually shut down for months, and trade sources professed to see an economic upturn in U'I's return to production.

## Lone Gunman Robs Office

DETROIT (AP)—A lone gunman, apparently taking a lesson from another robber who twice preceded him, held up Detroit and Northern Savings and Loan Assn.'s Six Mile branch yesterday and got away with $1,105.

Manager Carl L. Avery, 23, of Walled Lake, said the robber was not the man who got $4,000 March 3 and $8,500 April 11 because "that fellow is awaiting trial."

Avery said the gunman handed him a note demanding the cash, pocketed it and walked out.

"He didn't say a word to me," said Avery. "He didn't have to. These robberies are getting to be like clockword around here."

## Snyder Student Is Elected To Post

Lubbock — Van Whittis of Amarillo has been elected president for the Texas Tech chapter of Pi Sigma, national honorary society in physics.

Other officers who will serve during the 1958-59 academic year, will include Bob Dunlap of Post, vice-president; Jerry Gang of Lubbock secretary; and Leonard Hale of Snyder, treasurer.

## Casino Easy To Transplant

SPARKS, Nev. (AP)—How do you go about transplanting a gambling casino without closing down?

It's easy, says Dick Graves who moved his Sparks Nuggett across the street to a classy new million-dollar building.

Just before the stroke of midnight Sunday, a band in the old casino sounded Auld Lang Syne. Workers hustled dice tables, slot machines and kitchen and bar equipment across the street.

The customers trooped along. Police closed off the street while the carts of cash rolled across.

Missing hardly a throw of the dice or a pull on the slot machine, players were back at their games in the new building within minutes.

## Post Rodeo Is Scheduled May 28-31

POST — The annual Post Stampede Rodeo will be held the nights of May 28, 29, 30 and 31 at the rodeo arena here which seats 6,000.

A parade at 6 p.m. Wednesday, May 28, will open the rodeo activities, with the opening night performance getting under way at 8 o'clock.

Goat Mayo of Petrolia will furnish the roping and riding stock. Major events will be calf roping, heading and heeling, saddle bronc and bareback riding, bull riding and cowgirl's barrel race. A cutting horse contest will be held on the final day.

Cash prizes and awards totaling more than $3,500 are being offered. Entries should be mailed to Harold Voss, Post Tex.

Among the many added features at this year's rodeo will be a dance beginning at 10 o'clock each night on the rodeo grounds dance pavilion.

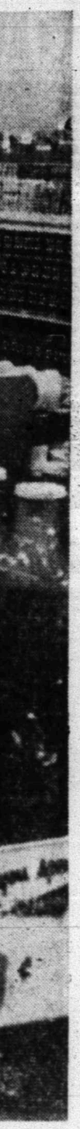

### TV Wife To Wed

HOLLYWOOD (AP) — Danny Thomas' TV wife, actress Marjorie Lord, 34, is to marry producer Randolph Hale, 47. Both have been wed previously, she to actor John Archer and he to Jean Gilbert, a non-professional. Each has two children.

## SNYDER'S NEWEST AND FINEST

# SUPER MARKET

## BIG SPRING HIGHWAY AT 42ND ST.

# Wed., May 14 thru Sat., May 17

**● 21,600 SQUARE FEET OF SHOPPING COMFORT**

Your new D&H SUPERMARKET will provide you with the most modern shopping methods. In all departments you will find installations designed to make your buying a real pleasure. As you fill your basket with bargains, you will enjoy wide, "four-lane traffic" in the cool comfort of air conditioning.

**● 97,000 SQUARE FEET OF MERCURY VAPOR LIGHTED PARKING**

You can always find easy parking off the street when you drive in to shop at your D&H SUPERMARKET. The entire lot, which is paved, accommodates over 200 cars and is marked and lighted for your safety and convenience.

**● ESPECIALLY SELECTED MUSIC**

You will enjoy continuous music while you shop, which is always played through the modern sound system.

**● GIANT SIZED GONDOLAS**

These over-sized shelves and displays will make your selection of savings easier.

**● ULTRA MODERN SELF-SERVICE MEAT DEPARTMENT**

You will find eighty-five feet of refrigerated, fresh meat displayed, wrapped and priced for your quick choice. For those who prefer to buy direct from the market man, or specify a specific cut, he will always be just across the case in speaking distance "just like the good old days." The cutting and packaging room is in full view so that you may watch the processing of meats into individual packages.

**● 120 FEET OF FROZEN FOODS**

In addition to vegetables and fruits you will find a complete selection of fresh frozen meats, fish, and poultry.

**● 21 FEET OF ICE CREAM DISPLAYS**

**● 48 FEET OF DAIRY FOODS**

**● 60 FEET OF REFRIGERATED FRESH FRUITS AND VEGETABLES**

**● DRY GOODS, HEALTH AND BEAUTY AIDS, HOUSEHOLD WARES & NEEDS**

For the first time you may shop and save on many dry goods items such as piece goods, towels, sox, hose, blouses, and many other items every home needs. And remember, you not only make one stop do, but you collect valuable S&H GREEN STAMPS with every purchase.

**● KIDDIE-KORNER—WITH TELEVISION**

For the "small-fry" D&H has installed a special section where they can stay happy while you do the important job of shopping.

**● SEVEN MOTORIZED CHECK-OUT STATIONS**

You will enjoy even faster check-outs, because every station is equipped with a continuous conveyer belt which moves the purchases to the boys who sack them and take them to your car.

# OUR VIEW

## Economic Puzzle

THE CORPUS CHRISTI CALLER-TIMES:

Bewilderment compounded by confusion is almost sure to result at least for a time when the Senate-House Economic Committee tries to reconcile 47 conflicting points of view on the subject of prices. The committee asked 47 of the nation's best-known economists to analyze price behavior and suggest government remedies. They got almost 47 different opinions.

Yet no one should be too surprised to find a striking diversity of opinion among economists, any more than they should be surprised to find a lack of agreement among 170 million Americans. Both essentially spring from the same source: The impossibility of predicting human behavior with any certainty.

There is reasonable exactitude in applying economic theories to the behavior of business, which usually represents the consensus of management thinking. Business in general responds to the pressures of supply and demand, although prices, it is true, have recently seemed immune to ordinary laws of economics.

But when you pass from the economics of business management into the field of consumer behavior, it passes from bright sunshine into a tunnel. Values that seemed so certain when examined at the business management level seem to become almost useless abstractions when buyers refuse to act as they are supposed to act.

Consider, for instance, the pecular behavior of automobile buyers. Why are they acting so coy? Is it because they hope prices will come down, either by act of management or by elimination of federal excise taxes? Surely everybody isn't out of money at the same time, or at least the indicated one-third, the percentage by which car sales are lagging over the same period last year.

Consider, too, the behavior of buyers of other durable consumer goods. Why aren't they buying refrigerators, washing machines, kitchen stoves and other durables as they should be?

There simply can be no final answers to these questions. Totalitarian governments may to a large extent repeal the laws of supply and demand and make most customers accept what is offered, whether they like it or not. But a free economy is almost always at the mercy of the consuming public which will choose to buy or not to buy in response to impulses that are as unpredictable as the way of a maid with a man, or vice versa. Economic dogma, too, must yield to unpredictable individuality.

# 'Pantomime Quiz' Goes Back On Air

By CHARLES MERCER

NEW YORK (AP)—Mike Stokey's "Pantomime Quiz," a television summer bridesmaid for 11 years, is back again.

So attractive is the show this year that it will be surprising if it fails to grab a rich sponsor to shepherd it through next fall and winter.

When you see this show on ABC-TV (Tuesdays, 9:30 p.m., EDT), you'll recognize the old parlor game of charades played by two teams of witty experts. The regulars, abetted by two guests each week, are Stubby Kaye, Dorothy Hart, Tom Poston, Carol Burnett, Mil Kamen and Howard Morris.

"I like the show," Kaye was saying the other day, "because I like to play charades. Now there are two ways to play charades. You can play it easy or you can play it hard. The easy way is to have a lot of signals. We try to do it the imaginative way, which is the hard way — and more fun for everybody."

After making some extraordinary scores in the first four weeks of play, the regulars ran into trouble last week.

"It's that clock that begins to get you," Kaye said. "You have only 120 seconds — and I went the limit." What threw him — or his teammates — was this tough one: "He tried a shortcut through the badminton game, or, hey, there, you with the bird in your ear!"

Does the critical and popular acclaim which has greeted "Pantomime Quiz" this year lead Stokey to believe his who may be extended beyond the 22 weeks of its present contract?

"I've become something of a philosopher on that subject," he said. "Every spring for 11 years people have acclaimed 'Pantomime Quiz' and we remain popular through the summer. Come fall, I go back to California and I'm told, 'Don't make any commitments because you'll surely be going network in a couple of weeks.' The next thing I know it's spring again — and 'Pantomime Quiz' is back as a summer replacement."

Stokey does feel that he's assembled just about his ablest players this year.

Tonight's guest, a person who would seem most unlikely to want to play charades, is Sir Cedric Hardwicke.

# Russian Worker Is Still Far Behind

By SAM DAWSON

NEW YORK (AP)—Russia's economic war with the West—long pooh-poohed by American exporters— is beginning to hurt a little in at least one sector. World metal markets have been jolted a bit by Russian exports.

This comes at a time when American metal producers already are having troubles enough of their own.

Aluminum, tin, platinum and zinc as well as some of the steel alloyws have felt the competition. And some of the price weakness in these metals is traced to an outpouring of Russian metal, especially into Western Europe.

The Russians can set their own prices—usually below the prevailing world price—because Soviet bookkeeping isn't hampered by such things as the cost of production or the need to break even.

There's no way of knowing Moscow's intentions. Whether Russia simply is producing more now and wants to sell surpluses to get funds needed for purchases of Western goods, or whether it is dumping the metal with a view to upsetting world markets and thus adding to whatever effect the American recession is having on Europe.

But Khrushchev boasts he plans to take world markets away from the United States, and the flurry in metals may be the first of these economic brush wars.

The price of platinum has just dropped here. The reason given by the trade is that Russia is selling the metal in Europe at cut prices and the competition must be met.

United Nations officials report that Russia is now entering the world markets as an exporter of tin. Other countries — Belgian Congo, Nigeria, Bolivia, Indonesia, Malaya and Thailand — have had this market to themselves. Already the price structure of the metal is weak, and production in the non-Communist world cut back so that the new competition is disturbing. The U. N. reports that last year the Soviets exported 6,613 tons of tin to western Europe for about 15 million dollars, compared with only 346 tons the year before. Some put current exports at 10,000 tons.

Whether the Soviet tin is coming from new ore discoveries in Russia, from China or from East East Germany is not known.

# Russia's Economic War Hurting Now

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That although the work week of the average Russian has fallen from 48 hours to 46, he still labors longer for less than the citizen of any major Western power.

That of the world's estimated 105 million vehicles, 67 million are registered in the United States.

That if you're suffering from spring fever and your job bores you, you might recall this quip by Sir James Barrie: "Nothing is really work unless you would rather be doing something else."

That one way to tell if a coin is counterfeit is to try to cut its edge with a knife. If it nicks easily, you've probably been hooked.

That only 50 per cent of a meat animal is meat.

That Sela Gore, a New York housewife, sums up the international situation thusly: "Everyone is talking about a trip to Mars. How about some of the world's leaders coming down to earth?"

That the highest divorce rate in America is found on the West Coast. But Egypt is the best country to get a real quickie. To shed a wife there, all a Moslem has to do is thrice repeat the phrase: "I divorce thee!"

That the so-called milk snake doesn't milk cows. It does hang around barns, but it is attracted by the mice, not the cows.

That deer are now the most plentiful big game animal in America.

That you've got a keen memory if, after you grow up, you can remember any event in your life before your third birthday.

That a study showed one out of three nonsmokers habitually carries matches, to oblige his friends.

That bandleader Sammy Kaye says "There is an ideal cure for love. It's called marriage."

That alcohol and gasoline really don't mix in Vancouver. Motorists convicted a second time of drunken driving get a mandatory 13-day jail sentence.

That it was Samuel Johnson who observed "That kind of life is most happy which affords us most opportunities of gaining our own esteem."

# Alger Raps Demo Solons

DALLAS (AP)—Rep. Bruce Alger (R-Tex) charged today that the legislative flurry of anti-recession measures constitutes a blot on the record of Congress.

Attacking Democratic leaders, Alger called congressional activity "an amazing conglomeration of wrong solutions following wrong interpretations of the nation's economic facts and figures."

# Video Tape Helps Erase Big Problem

NEW YORK (AP) — Video tape, the most revolutionary technical advance in television in several years, has erased the problem of time for the industry's programming.

Viewers in nearly all sections of the country are having dramatic evidence of it in this spring season. If they're used to looking at a program at 8 o'clock in the evening, they're continuing to see it at that time whether their local station is on standard or daylight time.

Magic? Here is a simplified explanation of it:

Television on tape is a method whereby moving pictures are recorded and can be instantly played back without using film.

Nearly everybody is familiar with tape recorders whereby sound waves are recorded and can be re-played immediately. In Video tape both image and sound waves are recorded without the use of film.

As an example, a live show originating in New York at 9 p.m. would be seen in California at 6 p.m. under straight live telecast conditions—an hour which would not find many Californians watching their TV sets.

# Novel Too Much For TV Screen

By CHARLES MERCER

NEW YORK (AP)—All the passion, frustration and revenge of "Wuthering Heights" were crowded into 90 minutes of television when "Show of the Month" (CBS-TV) presented its adaptation of the Emily Bronte novel. It was too much for the small screen.

If one believed the evidence of television on Friday evening, "Wuthering Hights" is little more than soap opera. If one believes the evidence of millions of readers in the past 110 years, it is much more. What happened in its translation to television?

Miss Bronte wrote a tragedy. She shocked Victorian readers by introducing to English fiction the first heroine who loved passionately instead of being merely loved. She developed a theme of conflict between passion and reason.

James Costigan's script hewed closely to the original story. But in trying to encompass too much story, the production substituted a sense of unrelieved agony for a sense of inevitable tragedy.

Two excellent actors, Rosemary Harris and Richard Burton, played the star-crossed lovers Cathy and Heathcliff. They were themselves out in an excess of emotional scenes. Everybody in the cast huffed and puffed too hard in trying to breathe credita- life into characters who emerged as stereotypes.

The brooding atmosphere of the English moors evoked in the novel and in its movie version was not developed in the studio. Perhaps that was too much to ask.

# Drug Firms Deny Price Fix Charges

TRENTON, N.J. (AP) — Five big drug companies have issued denials to a federal indictment charging them with violating the antitrust laws in the sale of polio vaccine to government agencies.

A federal grand jury meeting here yesterday indicted the five for conspiring to fix prices and eliminate competition in the sale of the vaccine to federal, state and local governments.

Most of the 125 million dollars worth of salk vaccine that had been sold by the end of last year went to public agencies. The bulk of it was purchased under the Poliomyelitis Vaccination Assistance Act of 1955, which provided for the allocation of 53 million dollars in federal funds to the states.

Asst. Atty. Gen. Victor R. Hansen, in charge of the government's antitrust division, said in Washington that the indictments charge the vaccine producers "combined to submit uniform bids to public agencies, to adopt non-competitive terms and conditions of sale and to establish uniform pricing methods."

The firms, Merck & Co. of Rahway, N.J.; American Home Products Corp., New York City; Eli Lilly & Co., Indianapolis, Ind.; Parke, Davis & Co., Detroit, and Allied Laboratories, Inc., Kansas City, Mo., issued their denials soon after the indictments were made public.

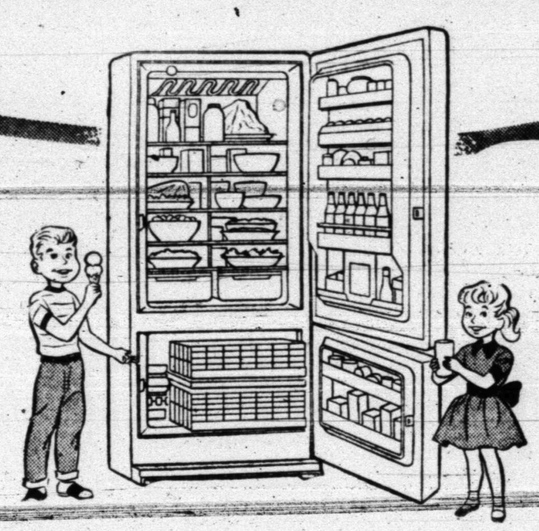

Cutter Laboratories of California was also licensed to produce the vaccine, but the Justice Department said Cutter stopped production at the time of the alleged violations. The company halted production when questions were raised as to the safety of its vaccine.

## Contented Possum

MILWAUKEE (AP) — The Humane Society was summoned to take the bite out of an auto engine when mechanic Dick Schraven raised the hood of Duane Bellows' auto, found a contented possum perched in the engine compartment, was nipped while trying to dislodge the stowaway.
