15 DIE, HUNDREDS HURT IN GAS BLAST
TOM JONES MURDER TRIAL OPENS IN 99TH DISTRICTTESTIMONY TO
BEGIN TUESDAY
OFFICIALS SAYJURY EXPECTED TO BE
COMPLETED TODAY
BEFORE MULLICAN

With a total of four jurors selected at 3 o'clock this afternoon and the indication that the panel of twelve would be complete tonight, trial of Tom Jones, charged with murder, is expected to get under way tomorrow morning. The case was called today by Judge M. Mulligan, in 99th district court. Mr. Jones, a 35-year-old man, was arrested at noon on September 8, after a long and bitter struggle with police officers.

Special venire of 125 tentative jurors was called and roll call found without excuse, five excepted to illness in the immediate family and 25 others over the limit of 60 years. Jury began at 11:10 with both the defense and prosecution attorneys presenting their cases in their opening statements.

Self Defense Is Plea
Jones' defense will be based on the Texas code of self defense. The defense attorneys are careful in asking if they requested the right of self-defense, if they believed a man could go as far as taking human life in his own defense in the face of real or apparent danger.

Shot September 8
Zatloukal, master mechanic in the Missouri, Kansas and Texas railway shops at Stamford, came to Lubbock on the night of September 7, presumably to protest against a divorce suit, filed by his wife, in which extremely cruel treatment was alleged. The case was to have been called on September 8, the day of the shooting, and that morning he called his wife who had been residing with her son since her engagement from her husband. She denied Zatloukal a personal interview and asked him not to call on Jones, and when the latter came home to lunch he was informed of Zatloukal's presence in Lubbock. The shooting followed about 1 o'clock in the afternoon, two bullets from a .35 calibre pistol causing all.

Episcopal Church
Is To Be Enlarged

Keeping step with the progress of the other institutions of the city, workers started this morning to move the Episcopal church building from its location at 15th and O to a new location at 18th street and Avenue Q where the building will be enlarged to double its present capacity. The general plan of the Episcopal church buildings will be followed out in the new building, according to officials.

The improvements will total around \$4,000 and the church is expected to be ready for use in about three weeks.

Moody Officially
Opens Session Of
South Texas C. C.

(By Associated Press)
BROWNSVILLE, Nov. 14.—Governor Moody officially opened the first annual convention of the South Texas Chamber of Commerce here today with a plea for diversified economic activity in Texas and for unselfish cooperation between the various cities of the state.

The governor named a number of objectives toward which he urged the delegates to work, chief among which were better marketing machinery, more industry, better transportation, better government and better schools.

The state, he said, must develop evenly and not become too heavy with agriculture, or any other activity. The raw materials, he said, are at hand and industrial and commercial development is needed to keep the economic balance of the state.

Following his address he was presented with a large silver case, a bouquet of roses and a crate of grapefruit by Miss Louise Vick, of Brownsville, citrus queen of the valley.

Before the governor spoke Emiliano Fernandez, an attorney representing Matamoros and Mexico, welcomed the delegates. Mayor Cole of Brownsville also welcomed the delegates and Colonel Ike Washburn of Houston responded to the welcome.

TECH DEBATE
TEAM ELECTED

LARY, WHITESIDE AND
HUTSON WILL MEET
CAMBRIDGE TEAM

Hal Lary, of Clovis, New Mexico; Alton Hutson and Clarence Whiteside, of Lubbock, have been selected to represent the Tech in the first inter-collegiate debate of the school which will be held at the University of England, Cambridge, Saturday night, November 19. It was announced this morning by Miss Annah Jo Pendleton, debate coach of the college. Wilbur Edelman, of Plainview, was selected as alternate for the debate.

The team was selected after a series of tryouts and debates which have been going on for the last few weeks and Miss Pendleton and officials of the college believe that the boys are well qualified to enter the contest against the quick-witted Englishmen. Lary has had considerable high school debating experience, having been a member of the Clovis team for several seasons. Hutson and Whiteside were both members of the local high school squad and each made excellent showings in their past contest. Hutson has been debating for the past six years in various contests at the University of Texas and the Tech.

City Enriched By
Week's Celebrators

Armistice Day and its aftermath of celebrations had much to do with scenes in the city police court this morning and at the final court \$225 has been deposited with the treasurer of the court as a result of the three day violations. Fines paid ranged from \$5 to \$25 and eight of them were for being drunk, one for speeding, two for fighting and six for gaming.

Idalou Man Dies In
Local Sanitarium

O. E. Dubanks, 43, of Idalou, died this morning at 9:15 in a local sanitarium following a short period of illness.

He is survived by his widow and several children.

Funeral services will be held in Idalou tomorrow afternoon. Burial will be in charge of the arrangements.

BOMBS THROWN
AT OBREGON GO
WIDE OF MARK

REMAINING CANDIDATE
IN MEXICAN FIELD
ESCAPES DEATH

(By Associated Press)
MEXICO CITY, Nov. 14.—An unsuccessful attempt Sunday to assassinate the sole remaining Mexican presidential candidate, General Alvaro Obregon, was being investigated by police today to determine if it had any connection with a political conspiracy.

General Obregon had come to Mexico City to resume active charge of his political campaign when two bombs were thrown at his automobile. His face was slightly cut by flying glass from the windshield. Three men who threw the bombs from another automobile were arrested after two of them had been shot.

Non-Military Man Wanted
General Obregon arrived at a time when the anti-revolutionist organization, which opposes him, was considering the selection of a non-military man to replace their two candidates, Generals Arnulfo Gomez and Francisco Serrano, who were executed after the revolution.

General Obregon, who had been in the city scarcely more than two hours, was motoring with a party of friends to a bull fight, as they passed down the avenue of insurgents, in the heart of the fashionable residential district and near the United States embassy, another automobile drew alongside. Three men were in it. As they passed General Obregon's car they threw two small dynamite bombs.

Glass Shattered, Check
Both bombs exploded. They shattered the windshield and damaged the automobile. A piece of glass from the windshield scratched Obregon's cheek.

Obregon's chauffeur, Catalino Villanova, drew his pistol and opened fire on the bombers. Ignacio Otero, a companion of Obregon, who was in another car, also opened fire. Two of the bombers, Lamberto Ruiz and Antonio Tladi, were seriously wounded. The automobile bearing Otero took up the pursuit and captured the trio. The third man was Francisco Olivero.

Police said the three men appeared to be working men who were acting for enemies of Obregon. The two wounded men were given medical attention at police headquarters and their condition was described as grave. Police did not make public any statement they or their companion may have made.

Continues to Show
Perfectly calm amid the excitement, Obregon ordered his chauffeur to continue to the bull fight. He viewed the performance as he had planned.

President Calles was also at the bull ring. When he heard of the attempted assassination he warmly congratulated Obregon on his escape.

The anti-revolutionist organization has under consideration Luis Cabrera, former minister of finance; Jose Vasconcelos, former minister of education and Dr. Francisco Vasquez Gomez as their candidates. It is said that none of them has yet consented to make the race.

Miguel Aleman Robles, former secretary of industry and commerce was arrested late last night while coming from a theatre, but no reason for arrest has been made public although some believe that it was an outgrowth of the attempted assassination. Robles recently took a place of leadership in the anti-revolutionist party which is seeking a non-military candidate to run against Obregon.

Amarillo Man Shot
In Auto Near Pampa

PAMPA, Texas, Nov. 14 (AP).—C. B. Thorpe, Amarillo, was shot accidentally in the left arm while riding in an automobile about seven miles east of here Monday morning, and an operation to amputate the injured member was performed later at a local hospital. It is believed the gun was discharged when the automobile hit a bump in the road.

Billion Dollars
In Flood Control
Is Urged At Meet

(By Associated Press)
ST. LOUIS, Nov. 14.—A billion dollar expenditure by the federal government on flood control, river navigation and conservation, was the plan James E. Smith of St. Louis, today held before the Mississippi Valley association, of which he is president.

A speaker on today's program of the association's 10th annual convention, Smith declared flood protection and water way development "must go hand in hand as national problems and the government must assume entire responsibility and pay every dollar of their cost."

Should Harness Waters
Senator James A. Reed of Missouri, another speaker, was of the opinion the government, if it completely dominates navigable waters also should harness them. Senator Joseph T. Robinson of Arkansas feared that rivalries and jealousies among individuals and associations would confuse the flood control movement.

"The billion dollar program can be completed in ten years," said Mr. Smith. "Its cost will be rival when compared with the resultant benefits, which the completion of the work will bestow on our population."

He said all navigable streams should be put to use, smaller ones as feeders of the Mississippi, Ohio and Missouri rivers which form "the trunk line waterways of America."

RED CROSS TO
START DRIVE

PLANS FOR CAMPAIGN
TO OPEN WEDNESDAY
COMPLETED HERE

With six thousand dollars, the 1928 quota of the city, as their goal, 50 business men divided into 12 teams will start early Wednesday to canvass the city on the Red Cross drive. The plan of the local chapter of the American Red Cross, George Benson, roll call chairman, met with his majors, Spencer Wells, Judge Riley, H. D. Woods and Nell Wright this morning and made plans for the campaign. The team captains were selected and will all be called for an organization meeting tomorrow morning at 10:30 in the chamber of commerce office.

Stressing the importance of the work of the local chapter of the Red Cross will be included in the drive made by the men. The chapter serves the city as a United Nations association, a community chest, and other relief organizations and all charities and societies during the year will be referred to the local secretary if they were to be handled through the Red Cross, eliminating all begging and soliciting.

It is the plan of W. B. Atkins, president of the Lubbock chapter and George Benson, roll call chairman, to have the drive for the 1928 quota at an end by Thursday night. Each team will have a district of the city and each business will be thoroughly canvassed in order that the total might be reached.

CONFERENCE APPOINTMENTS
GIVEN AT BIG SPRING MEET;
WHITE RETURNS TO LUBBOCK

BIG SPRINGS, Texas, Nov. 14.—Bishop John M. Moore last night read out the appointments of the preachers of the Northwest Texas Methodist Conference for the ensuing year.

New Presiding Elders were announced for four districts as follows: Plainview, Mark M. Beavers; Vernon, Dev. Joe Haymes; Clarendon, W. M. Murrell; and Sweetwater, Rev. L. N. Lipscomb.

Many changes in the line up for the ensuing year were shown in the list. The appointments follow:

Lubbock District.—Presiding Elder, D. B. Doak, Andrews, to be supplied. Abernathy, J. F. Michael, Brownfield, J. W. Chisholm; Bechtel, R. B. Walden, supply; Crosbyton, T. M. Johnson; Draw-Grassland, Hamilton Wright; Idalou, J. W. Shepherd; Lamesa, V. H. Fisher; Lamesa circuit, W. C. Hart, supply; Littlefield, George E. Turntine; Lubbock, first church, E. E. White, Nineteenth street, G.

HIGHWAY BODY
IS STORMED BY
PLEAS FOR AID

PROJECTS WITH TOTAL
VALUE OF MILLIONS
TO BE AIDED

(By Associated Press)
AUSTIN, Texas, Nov. 14.—Representatives of 17 counties will go before the state highway commission at its regular meeting beginning today, in quest of aid for projects of a total value running between \$2,000,000 and \$3,000,000.

All kinds of road work are involved, including concrete paving, macadamized surfacing and grading and drainage structures.

Summary of Projects
Summary of the work contemplated, the representatives of the various counties to appear, and all other facts available in advance of the hearings, as prepared by Claude Teer, secretary of the commission follow:

Jackson county: John T. Vance, county judge, Edna, representing highway No. 12 through Jackson county.

Brazoria county: Scott Gains, county judge, Angleton, and J. B. Vesey, secretary of the citizens' committee, Sweeny. Request for designation of highway from intersection with No. 58 at Lythers Ferry, in Brazoria county, to intersection with highway at Brazoria-Matagorda county line, by way of Sweeny, in Brazoria county, a distance of 10.5 miles. Sweeny district has \$100,000 to offer together with 100 foot right of way for building this road.

Atascosa county: Earl D. Scott, county judge, Jourdanton, and J. V. Curritute, county engineer, Jourdanton. Representing highway No. 9 from Pleasanton to Live Oak county line 25.7 miles. Aid requested \$270,276. County funds available \$210,000. Estimated cost \$450,276. For surfacing.

Cameron county: Oscar C. Dancy, county judge, Brownsville, representing highway No. 100 from Paredes line to Point Isabel, 18 miles. Aid requested \$350,000. 18 feet concrete pavement. Representing highway No. 96 from near Combes to Willacy county line.

Monoxide Poisoning
Fatal To Operator

TULSA, Okla., Nov. 14 (AP).—Roy Montgomery, dean of Associated Press operators in Oklahoma, died this morning at a local hospital from monoxide poisoning.

Starting to work as usual, Mr. Montgomery went to the garage to get his car. When he failed to show up at the Tribune office, the editor called Mrs. Montgomery. This was the first warning she had that her husband might be in danger. She went to the garage and found him lying unconscious on the floor from gas fumes. Efforts to revive him proved futile and he died a short time after being taken to a hospital.

Waghorne To Give
Recital Tonight

W. R. Waghorne, of the Technological college faculty, is to appear in music recital at the First Methodist church this evening, as the second number of the college artist course for this year. The program begins at 8:15 o'clock. Those holding tickets to the course are to occupy first floor seats, others are to sit in the balcony.

COUNTY HEADS MEET
Dispensing with regular routine
business matters of the county,
the county commissioners are in session
in the office of County Judge
Charles Nordyke today. Payment
of bills occupied their time during
the morning session.

Barns And Aides
Allowed To Tell
Mistrial Version

(By Associated Press)
WASHINGTON, Nov. 14.—William J. Burns and his son W. Sherman Burns, who have come under concentrated fire in the Teapot Dome oil jury tampering case, were given permission today by the federal grand jury the circumstances surrounding charges that Burns' men had fabricated testimony which would have led to mistrial in the Fall-Sinclair case.

Showing up in court with the declaration that they would disprove the charges made by one of their own men, William V. McMullin, the internationally known pair were first denied an opportunity to go before the inquisitorial body, but after long argument in the district attorney's office, it was agreed that they might tell their stories tomorrow.

Course at First Declined
Assistant District Attorney Burkinshaw first declined to agree to the course suggested by the accused men, but District Attorney Gordon finally reversed the decision of his subordinate.

The grand jury inquiry then was continued, Burkinshaw presenting some odds and ends of testimony designed to fill some of the gaps still remaining before the jury meets to decide whether any presentment is to be made and if so, against whom indictments are to be drawn.

Reflecting an unprecedented era of prosperity, Lubbock's business tide is rising daily with an increasing flow of cotton, according to a survey made this morning of the various financial institutions of the city who answered a call at the close of last week's business.

BUSINESS TIDE
RISES RAPIDLY

BANK DEPOSITS JUMP,
LOANS SMALLER AND
CASH IS GREATER

Reflecting an unprecedented era of prosperity, Lubbock's business tide is rising daily with an increasing flow of cotton, according to a survey made this morning of the various financial institutions of the city who answered a call at the close of last week's business.

Bank Deposits Jump
Bank deposits show a total of \$4,268,368.80 with a total of \$1,939,485.32 in cash on hand. These figures show an increase of 42 per cent over June 30 of this year and of 23 per cent over this time last year in the deposits and an increase of 51 per cent over June of this year and 54 per cent over this time last year in cash on hand.

The total resources of the city financial institutions is \$5,547,188.90. Of this amount the Lubbock Building and Loan association has \$656,449.97 and the banks \$4,890,738.93. This shows an increase of 15 per cent over last year and of 32 per cent over June 30 of this year, the report says.

Loans are smaller also and show a decrease of 7 per cent over last year and of 20 per cent over June 30 of this year. Loans now total \$2,415,444.14.

With slightly more than a third of the present cotton crop gathered, bank officials and business men predict a greater period of activity for the coming months. The total cotton yield of the county was predicted to be about 25,000 bales at the start of the season but each day's ginning total forces these prophets to raise their figures slightly.

Plane Crash Fatal
To Aide Of Hoover

MONTELEONE, Vt., Nov. 14 (AP).—In landing at the town flying field here today, an army airplane carrying R. B. Sleight, a secretary to Secretary of Commerce Herbert Hoover, was wrecked and Mr. Sleight was fatally injured. He died at the Heaton hospital. The pilot, Lieutenant Franklin Wolfe, was not injured.

The army plane set out for Mitchell field, New York, this morning and arrived over Montpelier shortly before noon. Mr. Sleight was coming to arrange for Secretary Hoover's visit on Wednesday in connection with Vermont flood relief.

DEATH AND DESTRUCTION IN
WIDE AREA LEFT IN WAKE OF
EXPLOSION AT PITTSBURGH

(By The Associated Press)
PITTSBURGH, Nov. 14.—Fifteen persons were known to have met death and more than 500 were injured, some seriously, here today when a giant natural gas storage tank at the Manchester works of the Equitable Gas company exploded, spreading death and destruction over an area one square mile. Firemen, police and volunteer rescuers were digging into the ruins of scores of buildings in the belief that others had been killed and their bodies buried in the debris.

The known death toll was increased to 15 this afternoon when the body of an unidentified man was recovered from a flooded basement.

Indications that the death toll would increase was found in one wrecked building alone—the plant of the Pittsburgh Clay Pottery company. One hundred and fifty men escaped from the building with cuts and bruises, while eight or ten others, trapped in the basement, were believed to have been drowned by the water rushing in from broken mains in the street. Firemen were pumping out the basement in an effort to locate additional bodies.

Meanwhile, hundreds of firemen and rescuers were digging into other piles of debris, searching for victims.

With a shock like that of an earthquake, the huge tank, containing several million cubic feet of gas, was rent asunder. It was believed the blast was caused by workmen who were repairing the tank with acetylene torches.

The identified dead:
C. F. Michaels, superintendent of the ill-fated gas works.
Mrs. Mary, a resident of the stricken district.
George Lofengate, workman.
Joe Harris, negro workman.
Herman Sobech, 35, mechanical engineer, who was at work on the ill fated tank.
M. Beaver, 25, structural steel worker.
P. W. Walters, Garver, Pa., structural steel worker.
J. E. Higman, workman.

Debris Hampers Rescue
Hampered in the work of rescue by wrecked buildings, streets flooded by broken water mains and dangling electric wires, police and firemen finally penetrated a part of the devastated area. They recovered seven bodies within a few minutes, and newspaper men at the scene said they had counted at least twenty dead in the streets and the wrecked houses.

The tank, containing 5,000,000 cubic feet of natural gas, let loose with one of the most terrific blasts in Pittsburgh's history. Practically every building in the immediate vicinity was wrecked, and windows over a wide area were shattered, including some in down town districts.

Santa Fe Adds New
Train From Lubbock

Answering the demands from the patrons of this section, a 12 hour train from Lubbock to Dallas will be in effect Sunday, November 27, it was announced this morning from the office of R. F. Bayless, local Santa Fe passenger agent, giving the South Plains a time-saving of more than 50 per cent between the two cities. The train will be made up from the local station, Mr. Bayless said.

The train, carrying a pullman, will leave Lubbock at 7:45 p. m. and is due to arrive in Dallas at 7:55 a. m. Should the service demand it an additional pullman will be on the train, Mr. Bayless said. The time made by the new train will be the shortest possible between the two stations.

Other slight schedule changes of non-importance will be made soon, it was learned.

32 New Autos Are
Sold Here In Week

Thirty-two new automobiles, swelling the total registered for the year to 7,728, were sold in Lubbock during the past week, a check-up on the records of County Tax Collector L. F. Holland revealed this morning. This brings the total of new automobiles for November to 48. Approximately 90 per cent of these cars have been sold by Lubbock dealers.

PROSPECTS OF CAGER CREW AT T.C.U. ARE GOOD

ALL VACANCIES LEFT BY RETIRED VETERANS WELL FILLED

(Special To The Journal)
FORT WORTH, Nov. 14.—T. C. U. basketball team this coming year will be one of the best in the state, according to Coach Fred Probst. Basketball fans will recall that the Frogs finished third in the conference last year and were forced out of second place because of the break in the schedule caused by the misfortune which overtook Baylor.

Big Vacancies Filled
The big vacancies left by such men as Frank Canfield, Harry Taylor, Gene Taylor and other Frogs will be well filled by stellar performers of last year's freshmen team. The strongest players in the sharpshooting of Clyde (Babe) McDonald at the close of the season, McDonald is one of the greatest athletes of the Frogs coach. This year James Eddleman, Weatherford, and Roy Eury, Fort Worth, are strong contenders for the pivot position. Competition is also strong for forward positions, five men intending to try out for places. Captain Orin Bowman, Fort Worth; Lowell Smith, Terrell, and Harry Akers, Fort Worth, are strong contenders for the guard positions. Coach Probst says that the first rank will come up from the freshmen team of last year. Raymond (Rags) Matthews and Albert Acker, both Fort Worth products, attained note last year and they will team together again in the coming season. However, they will have plenty of competition in H. C. Wallin of Fort Worth and R. W. Walker of Cleburne.

According to Bell this year's team will be a fine defensive club and a defense is one of the first requisites of a winning team. Coach Probst has carried his club to either second or third place in the conference and only had breaks keep him out of the winning column. This season finds him well equipped in material and only the future will disclose how good it is.

Pierce Fairly Lumbered Along On Point Gallop

SCALOOSA, Ala., Nov. 14.—Pierce, a young man weighing 225 pounds and more than six feet tall, was 49 yards at a touchdown in the intercepted pass.

That's what "Babe" Pearce, Alabama center, did against Mississippi A. and M. a few days ago. The was an important factor in Tide's winning.

There are only a few instances of where a center has turned in such a feat.

Proposed Changes In Tax Approved

WASHINGTON, Nov. 14.—(AP)—The joint congressional committee on internal revenue taxation approved today with only a single exception upwards of two score recommendations submitted by its advisory board for simplification in administration of the nation's revenue statutes.

It ordered a favorable report on the proposed changes tendered to the House Ways and Means committee the first of the week along with the recommendation that they be enacted into law by congress.

The joint body, however, failed to agree on a proposal to modify Section 220 of the revenue law, which deals with the taxing of corporations and ordered this proposal submitted without recommendation.

Welch's Dash Of 100 Yards Looks Good To Backers

PITTSBURGH, Pa., Nov. 14.—Only twice in the history of Pittsburgh football has a Pitt player run more than 100 yards to a touchdown on the opening kickoff. Gubby Welch, Pitt captain, became the third to perform the feat by turning the trick against West Virginia in their mixup this season. Richards in 1926 and Delhart in 1918, also turned the trick.

Mid-West Singers Meet Saturday In Big Radio Concert

(By Associated Press)
CHICAGO, Nov. 14.—Twenty-four youthful singers from eleven states in the middle west will arrive here Saturday to compete in the finals of the National Radio Audition contest. They earned the right to compete by winning the championships first of their home cities and then of their states.

Radio listeners in were the chief judges in these preliminary tests and their votes will count sixty per cent in determining the district auditions here, halves of the board of judges making up the other forty per cent.

Frank O. Lowden, former governor of Illinois and chairman of this interstate competition held under the auspices of the Atwater Kent Foundation, will open the contest by speaking over WGN, the station which will broadcast the singing of the aspirants of grand opera or concert careers. General Charles G. Duane, Vice-President of the United States, will welcome the winning soloists to the city and Mrs. Medill McCormick will be hostess at a tea in their honor.

Gold medals and free travel to Washington and New York for winners of district auditions, and awards totalling \$17,500 in money and musical scholarships for national winners have been posted by the Foundation in the country-wide search for radio voices.

The contest will go the air from WGN at 7 o'clock, central standard time. Winners of this contest, a young man and young woman, will compete with the winners of five other district auditions at New York early in December over Station WEAP in a nation-wide hook-up.

MAYOR URGES RED CROSS AID

PROCLAMATION ISSUED FOR ANNUAL DRIVE ON WEDNESDAY

An appeal to Lubbock citizens to give financial support to the American Red Cross in the drive which that organization will be initiated in the business district of this city next Wednesday was made in a proclamation made public this morning by Mayor Pink L. Parrish.

Mayor Parrish stressed the value and the worthiness of the Red Cross, and paid particular tribute to Miss Mae Murfee, head of the local chapter.

Proclamation Follows.
The mayor's proclamation is as follows:
Whereas:

The American Red Cross is a national organization has proved itself a very worthy organization by the relief work which it has done in every national calamity and which it is now doing in the flood-devastated regions of Vermont;

Whereas:

The local chapter in particular has been of great aid to the city in caring for the less fortunate, and in eliminating to a great extent the street begging with which every city administration is confronted and;

Whereas:

Miss Mae Murfee, as secretary of the local chapter, is performing a service worthy of the support of every good citizen, and performing it in a manner worthy of the deepest gratitude; and

Whereas:

The local chapter of the American Red Cross is planning to put on a drive for funds next Wednesday;

Therefore:

I, Pink L. Parrish, as Mayor of the City of Lubbock, do call upon every loyal citizen to lend his best financial support to this drive.

PINK L. PARRISH
Mayor, City of Lubbock

The Red Cross membership constitutes the nation's Legion of Mercy.

Simmons Expects Giant Crowd For Turkey Day Clash

ABILENE, Tex., Nov. 14.—Pre-

parations are being made to accommodate 12,000 people at the annual Turkey Day grudge battle here on November 21 between the Simmons University Cowboys and the Howard Payne Yellow-Jackets. An added attraction for the occasion will be the annual homecoming for the thousands of West Texas alumni and ex-students of Simmons University. The visiting eyes will be given a free turkey dinner at the new cafeteria recently constructed on the university campus.

The Thanksgiving game between Simmons and Howard Payne has been an annual affair for several years. Last year the Cowboys defeated the Yellow-Jackets at Brownwood and thus won the Texas Conference Championship. This year the championship will likely be determined at this game, and the husky West Texas youngsters who make up the two teams promise a lively scrap on that occasion.

Gilbert Senderfer, athletic manager for Simmons university, states that 1,800 reserved tickets have been placed on sale and the rapid rate at which these are going indicates a record attendance. Two

Sweetwater Man Is Lumberman's Head

SWEETWATER, Nov. 14.—(AP)—

Claude W. Bryant, of Sweetwater, was Saturday elected head of the West Texas Lumbermen's association and Big Spring was selected for the next convention city of the organization.

The convention passed a resolution thanking Tom Sayles of Abilene, retiring president and other officers for their work during the past year.

Other new officers are:
C. L. Gray, Colorado, vice-president; M. D. Hogan, San Angelo, secretary-treasurer.

Directors chosen were Paul Bryan, Hamlin; Ed Manning, Coleman; Ross Jennings, Abilene; V. P. Wallace, McAdams; Frank Hardin, Brownwood; E. N. Powell, Midland; and J. P. Phillips, Big Spring.

When disaster strikes the Red Cross goes immediately into action.

Turn Lubbock inside out if you please—

You won't find better clothing values.

And this is said in face of everything that's being said about this type of clothing.

We don't ask \$45 for a suit or overgarment just because it looks as tho' it would bring \$45. We are looking forward to bringing you back—making a steady customer instead of a casual dropper in.

We have literally stood on our heads to produce these values—and so that you won't have to scratch your head to afford them.

Variety Store for sale now or Jan. first, good location, reasonable rent. Box 306. Winters, Texas.

Prized to sell one two-story brick building in city, rented, must have \$5,000 cash, balance terms that will suit you, would take small amount of clear city property in trade; unless you have \$5,000 cash do not answer. See owner, room 5, Crystal Hotel from 9 to 12 Monday.

FOR SALE AT BARGAIN—Four chair barber shop Sudan, Texas. See H. G. Ranby.

THAT WARM DESIRE FOR COLD CASH

Honestly, isn't there a peculiar thrill in finding a \$20 bill in an old suit of clothes?

If you opened an old trunk and found a handful of \$5 gold pieces, wouldn't you whoop and holler?

Well, then, if you're willing to stand right up and admit that you like U. S. coins and have a fondness for U. S. currency, why don't you dig out the cash which potentially is right at hand—right now—in your own home?

Up in your garret there stands an old rocker and a bed. Sell 'em for CASH!

You've got a stack of old books, half-a-dozen pictures and some other discarded things. Sell 'em for CASH!

You've got an old lawn-mower, an old washing-machine, a 32-saw or a box old tools. Sell 'em for CASH!

Through Avalanche-Journal want ads you can quickly sell all such things—or rent your spare rooms—or find employment—there's a classification for every need.

REMEDIES FOR FARMER GIVEN OUT BY BOARD

YEAR OF STUDY ENDED BY RECOMMENDATIONS OF COMMITTEE

(By Associated Press)
NEW YORK, Nov. 14.—The American agricultural system is of fundamental national concern, the business men's committee on agriculture reported today, after a year's study of the farmers' problems and it made these remedial recommendations:

Gradual tariff adjustment to equalize more nearly the benefits of the protective tariff system as between agriculture and the manufacturing industry.

Creation of a federal farm board to assist in stabilizing farm production and prices.

Administration through an endowment and independent national agricultural foundation of a comprehensive land utilization policy.

Revision of state and local tax systems.

Strengthening of the rural banking system.

Revision of railroad rates on farm production.

Development of water way systems.

The recommendations were contained in a report made public today by Charles Nagel, chairman of the committee, which for a year had been investigating agriculture from a business point of view.

Made Wide Research.
The committee, created by the National Industrial Conference board and the Chamber of Commerce of the United States, but reaching its findings in dependence, according to Mr. Nagel, has secured the testimony of hundreds of farmers and others connected with the industry throughout the country.

The report said it was evident that American farmers in post war readjustment have suffered more seriously than those engaged in other fields.

That many have been forced from the industry and that land resources have been impaired by neglect and wasteful exploitation.

There is evidence also the report continued, that as well as monetary losses in agriculture are rising; that farmers are having to obtain a return equivalent to that obtained in the city by workers of no greater ability; that the comparative advantage of other industries is rapidly increasing; that the yearly fluctuations of farm commodity prices are growing more severe; that tenancy is increasing and that the quality of the farm population is deteriorating.

Various Factors Blamed.
Various factors were held responsible, some connected with the gradual change from an agricultural to an industrial nation, other problems of readjustment.

Among the major causes were listed post war deflation of values; delay in adjusting farm prices to the new levels and increased taxes, interest rates and transportation costs. Restricted immigration was said to have increased foreign competition by keeping European farm work at home, depriving American agriculture of immigrant farmers qualified to farm successfully and a standard of farm labor.

The committee expressed belief that the farmer's economic position could be improved if he could obtain higher prices and larger markets or could reduce the costs of production, but desired permanent relief along these lines cannot be obtained by legislation, except through efforts to diminish trade restrictions which tend to reduce the foreign market.

Emperor Of Japan Harvests Own Rice

TOKYO, Nov. 14.—The emperor of Japan, who cultivates his own rice field within the grounds of the Akasaka palace, can now be classed as a real farmer. During the rice harvesting season His Majesty donned his work clothes and, in the presence of high household department officials, harvested his crop. Commoners and newspaper men were not invited, but they were told that the emperor selected the rice stalks most expertly and finished his job within an hour. The grains taken from the rice stalks will be offered as sacrifices at the palace sanctuary and at other imperial shrines.

Blackett Seen As English Advisor In American Bank

(By Associated Press)
LONDON, Nov. 14.—It is understood that Sir Basil Blackett, the Finance member of the Government of India, who vacates his office in April, 1938, has been invited to become English advisor to the Federal Reserve Bank of America following the appointment of Walter S. Ewart as American adviser to the Bank of England.

Sir Basil took an important part in Anglo-American financial negotiations during the war. He went to the United States in 1914 on a special mission in connection with exchange problems arising out of the war, and in 1916 he was a member of the Anglo-French Mission which negotiated the American loan of \$500,000,000 to the Allies. It is expected that, as Sir Basil could not take up the appointment until next May at the earliest, no official announcement on the matter will be made for some time.

Poultry Experts Speak Next Week

Featured by lectures from Dr. L. D. LeGear, nationally known poultry expert from St. Louis, a group consisting of Prof. R. C. Mowery of the Tech, J. D. Coglin of Dallas, Mrs. M. S. Hudson, club worker of Hale Center, Mrs. F. F. Revier, Mrs. C. Z. Fine and Miss Mae Murree, delegates to the farm special in California, will speak in the series of poultry short courses which will be held over the county during next week. It was announced this morning from the office of county agent D. F. Eaton.

MOVEMENT TEXAS CRUDE TO COAST REFINERS STARTS

NEW YORK, Nov. 14 (AP).—Movement of Texas crude oil to Atlantic coast refineries started in substantial volume. Standard Oil company of New Jersey is receiving 4,000 carloads daily at its refineries in Baltimore and Bayonne, N. J. The crude is being topped for the present for gasoline recovery and the balance sold as fuel oil.
