

Contract Let For CCC Buildings In Lamesa

Record Rainfall Here Last Week

WIND AND RAIN DAMAGE CROPS AND PROPERTY

Severe wind and rain did serious damage to crops and property in Lamesa and Dawson county last Friday night. The rain, the biggest which this county has received in many years, amounted to 10 inches in some parts of the county.

The high winds did serious damage to resident an business property here in the city. The roof on the Burns apartment house in the north part of town was completely torn away. The house was occupied by Mr. and Mrs. Gilbert Watson and Mr. and Mrs. Ernie Barrett and family. No one was injured. The farm home of Mr. and Mrs. J. L. Kitchen 2 1/2 miles east of town was completely destroyed by the wind. The Kitchen family were all at home, but no one was hurt.

Plate glass windows at the Palace Theatre building and Bryant Pharmacy were broken. Many trees were reported to have been blown down and much lesser damage done.

Serious damage by rain and hail was done to the growing crops and also to crops just planted. Some farmers report that their entire crops were washed away. The eastern northern parts of the county the damage seems to be more serious than in the western and southern parts.

Farmers over the county who lost their crops are replanting this week some for the third and fourth times.

More Yards Entered In Contest This Week

Two more yards have been entered in the yard contest since last week Mrs. E. F. Cole and Mrs. A. M. Bennett have entered their yards along with twenty others. This makes 22 yards in the City contest. The last date to get your yard in the contest is next Tuesday, 5 P. M., the 25th.

The judges will start grading after Tuesday and will have their first grades in by the last of the week. Each yard is worth 1,000 points if perfect. Three points are graded: (1) Improvement, (2) Landscaping, (3) general appearance. Four gradings will be made. One for June, July, August and September.

Get your yard in. It may look as good as others and you mean to keep it at its best anyway, so get in the contest. Phone the chamber of commerce your entry by Tuesday afternoon, June 25.

J. L. Coffee, Pioneer Citizen, Dies Saturday

J. L. Coffee, aged 73 years, a pioneer resident of Dawson County, passed away on last Saturday, June 15, shortly after noon, at the family home. He had been in ill health for several years, but had been seriously ill for the past six weeks.

Mr. Coffee had been a resident of this county for the past 32 years, coming here from Grayson county. He has been a resident of the city of Lamesa for the past twenty years.

Mr. Coffee has been a member of the Church of Christ for the past 50 years, and ever lived the life of a Christian. He was always active in all church affairs. He missed only one Sunday going to church, after his illness.

Funeral services were held on Sunday afternoon at the family home at five o'clock with Rev. Wise, pastor of the Church of Christ at Big Spring officiating. Burial was made in the local cemetery.

Palbearers were Noah Scott, J. D. Dyer, John Banta, Dooley Womack, O. M. Murphy, Elmer Cope. Honorary palbearers were B. F. Lee, W. W. Strong, Will Burkett, L. C. Burkhardt, J. B. Miles and S. L. Forrest.

Survivors are his wife, three daughters, Mrs. Lee Billingsley and Mrs. Stella Gillam of Lamesa, Mrs. Henry Lowe of El Paso; two sons, Ray L. Coffee, West Palm Beach, Fla., and Frank Coffee of Venice, California; sixteen grandchildren; three brothers, Will Coffee of Louisville, Ky., S. C. Coffee, Albany, Texas, and Marion Coffee of Big Spring.

Other out of town relatives attending the funeral were Mrs. Emma Coffee, Mrs. Peterman of Lubbock; Mrs. Tom Coffee, Mr. and Mrs. Floyd Coffee, Mr. and Mrs. Charlie Coffee of Lorraine; Mr. and Mrs. Thomas J. Coffee; and Mr. C. C. Coffee of Big Spring; Mr. and Mrs. Will Flowers and Ray Callisotte of Aspermont.

The Courier joins with the families many friends in extending sympathy to the bereaved ones.

To Conduct Swim School at City Pool

A learn-to-swim school will be conducted at Lamesa swimming pool. Classes will begin Tuesday, June 25, with competent instructors in charge. No extra charge will be made for instruction, only admission into the pool will be required.

This school is conducted principally for the benefit of the children, and we are hoping that many will take advantage of it.

We are requesting all who are interested in taking swimming lessons, to register either at the swimming pool or the City Secretary's office. A schedule for classes will be given later.

We are making an earnest effort to maintain a clean and sanitary place for the recreation and enjoyment of the people of Dawson County, and we are hoping that you will come out and enjoy it with us.

FIRST PRESBYTERIAN CHURCH SERVICES

After an absence of three Sundays and four weeks, from the pulpit and work, due to illness, the Rev. Eugene H. Surface, minister of the First Presbyterian Church, returns. He will be in the pulpit at the local church this coming Sunday morning. The sermon subject for Morning Worship will be "The Boldness of Faith". There will be no evening worship service. The presence of all members, communicants, and friends of the church are earnestly requested to be present at this Morning worship hour.

BOX SUPPER TO BE HELD AT McCARTY FRIDAY NIGHT

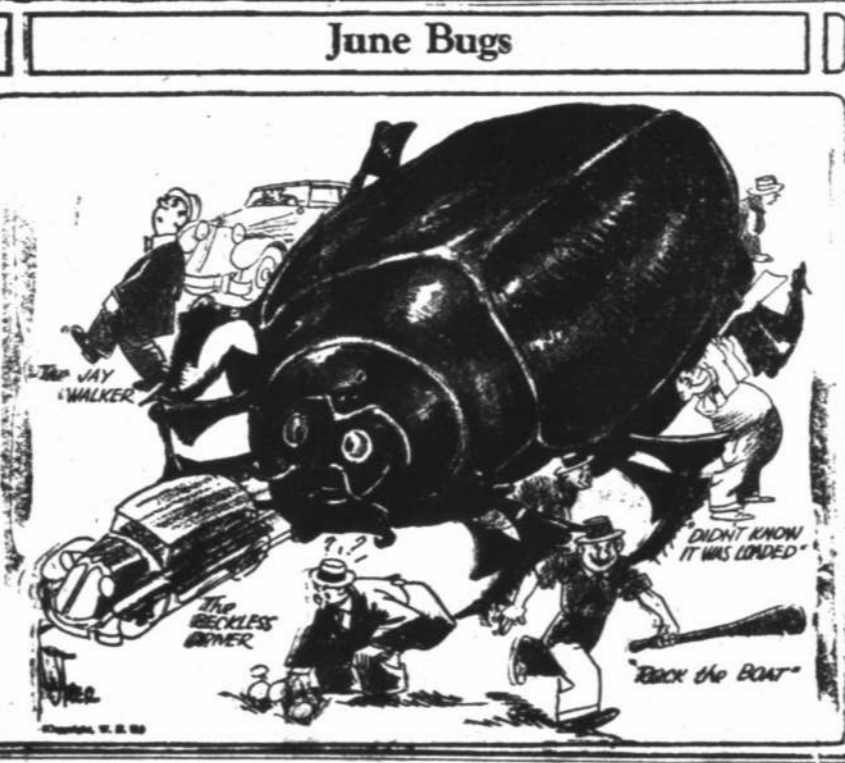

The box supper which was to have been held at McCarty last Friday night was postponed because of rain and will be held Friday night, June 21. There will be a short 2-act play in connection with the supper, a cake for the prettiest girl and a jar of pickles for the ugliest boy.

Everyone is invited to come and bring a box. This is sponsored by the McCarty 4-H Club girls to raise funds to send a delegate to the A. & M. Short Course.

Fire Boys Win Honors

Boys of the local fire department who attended the State convention at El Paso last week won honors and \$100 prize money for the local department.

The local boys tied with two other departments for second place in the Pumper drill contest, the three teams dividing the money, Lamesa getting \$100 as her share. The Lamesa boys were the only teams that brought prize money to West Texas.

Those making the trip were Mrs. W. K. Crawley, mother of the Fire Boys, Bob Crawley, mascot, James Sumpter, Fire Chief, Ed Hatch, assistant chief and captain, W. B. McWhorter, city commissioner, Mrs. Hatch and Mrs. Sumpter, Copus Boyd Dave Jones, Ralph Fry, Glen Cope, Sol Cleveland, and Rube Kelley.

The boys report that this was one of the best conventions ever to be held in Texas that they have attended. The convention will be held in Fort Worth next year.

Plans For Annual Ball Tournament Underway

Mrs. J. W. Burleson Dies At Lubbock

Mrs. J. W. Burleson, 78 years of age, a former resident of Lamesa, and the mother of Mr. Elzie Burleson of this city, died at her home in Lubbock Tuesday afternoon. Mrs. Burleson had been ill for several months before her death.

Mr. and Mrs. Burleson had made their home in Lubbock for the past 16 years, moving there from Lamesa. They moved to Lamesa in 1902.

Funeral services were held here Wednesday afternoon at the First Baptist church at 3 o'clock with Rev. E. F. Cole officiating. Burial was made in the local cemetery.

Mrs. Burleson is survived by her husband; four sons, Odie of Posey, Jim and Bill of Tahoka and Elzie of Lamesa; three daughters, Mrs. H. G. Donaldson of Mineral Wells, Mrs. Lloyd Housour of Slaton, and Mrs. Reva Gibbs of Lubbock.

Active palbearers were W. E. Stafford, F. W. Denham, Lubbock; W. V. P. Baker, Will McWhorter, W. L. Marr, C. C. Koger, Hardy Morgan, and Leo Randall.

Honorary palbearers were R. T. Campbell, George W. Foster, France Baker, Dr. Sam G. Dunn, Newell Atkinson, W. T. Rayborn, all of Lubbock; B. F. Lee, Dr. F. C. Warnick, J. B. Miles, W. H. Turner, Lamesa; J. K. Applewhite, E. A. Park, Tahoka; Jim Rahl of Goldthwaite; Sam Littlepage of Lampasas; and Ulysses Dalmont of Littlefield.

The Courier joins the bereaved families many friends in extending sympathy.

BASEBALL TOURNAMENT IS SET FOR AUGUST

Plans for the annual Dawson County baseball tournament are going forward rapidly at the present time, according to Bill White, who is in charge of the arrangements.

According to announcements today (Thursday) by Mr. White, the tournament is to start about the first of August. Two divisions are planned. One for the rural communities of the county and one for all teams desiring to enter, whether in the county or out.

Plans as now set forth call for the biggest tournament ever held in Dawson county, with a larger number of teams entering and more prize money to be offered.

With the location of the CCC camp in Lamesa it is thought that they would have two or three crack teams to enter, which will make other teams hustle to stay in the running.

The exact dates for the tournament have as yet not been set, but will be announced in the near future.

Lets all get behind this tournament and see if we can't make it the best and biggest ever held on the South Plains.

Higginbotham-Bartlett Open House A Great Success

One of the most successful events the Higginbotham-Bartlett Company store here has ever enjoyed was the Open House held here last Friday and Saturday, states the store manager, Mr. George D. Norman. One of the biggest crowds ever to attend one even in Lamesa were at the store during the two days, approximately 3500 people calling and inspecting the store during the event.

Factory representatives from many of the leading manufacturers where the Higginbotham-Bartlett Co. buy their merchandise, were attending the open house event, and they explained to the public the merits of their lines. Everything in the Higginbotham-Bartlett store was on display including the funeral parlor, which is operated in connection with the store.

Mr. and Mrs. Cawway Huffaker of Lubbock visited her parents Mr. and Mrs. Grady Scott here during the past week end.

Rep. Settles Speaks At Luncheon Club

The Lamesa Luncheon Club met in regular session Tuesday with 18 members present and enjoyed a splendid program. J. D. Dyer delivered the invocation after Owen C. Taylor, the club's song leader led two rousing songs. Miss Thelma Merrick presided at the piano during the luncheon, taking the place of Mrs. Carl Rountree the club's musician. The club voted Miss Merrick a vote of thanks for her splendid renditions.

Louis B. Reed was scheduled as the principal speaker, but only made a few remarks and introduced the Hon. J. Doyle Settles, Representative of the 119th District, who gave a report on the last Legislature. Mr. Settles, among other things, called the club's attention to the seven amendments that the people will be called to vote upon in August. Settles gave a good account of his activities during the past session.

Members of the club discussed at length—each one present expressing his views—the matter of recessing the club until September. It was agreed, almost unanimously, that in place of recessing during the summer, renewed activity and interest in the club should be taken. And, so beginning the First of July, tickets will be offered for sale at each business house and each one will be requested to purchase a ticket and have some one present each Tuesday meeting during the month. The officers of the club were requested to seek a minimum of fifteen plates for the club.

Next week, Tuesday, J. D. Dyer and Dr. J. C. Loveless will have charge of the program.

Guy Speck of Post visited his son Cecil Speck here Sunday.

HOUSTON FIRM SECURES CONTRACT

There seems to be some hitch in the matter of contracting for the soil erosion CCC camp. It has been announced from San Antonio that the contract was let June 7, at 10 a. m. All correspondence received in Lamesa would indicate that this is true. But as to who got the camp contract still remains a mystery. Local officials have tried in every way to obtain the name of the contractor but to date this information has been withheld for some reason known only to officials handling the matter. The reason assigned to Lamesa people is that freight rates are being figured into this city before the

THE FOLLOWING LETTER WAS RECEIVED THURSDAY

Headquarters, 8th Corps Area Office of the Quartermaster Fort Sam Houston, Texas June 18, 1935

The Chamber of Commerce, Lamesa, Texas.

Gentlemen:

Replying to your letter of June 13, 1935, you are advised that the successful bidder for the portable demountable buildings for the new CCC camp to be erected in Lamesa Texas, is the Houston Readycut House Company, Houston, Tex.

The local CCC camp commander will make arrangements for the erection of these buildings. It is suggested that you get in touch with the Quartermaster, West Texas District, CCC, 120 Jones Avenue, San Antonio, Texas.

Yours very truly,
John A. Huett,
Captain QMC,
Assistant.

name of the contractor can be announced. This would indicate that materials will be shipped here for the construction of this camp.

The local employment agency is busy this week seeking the name of the successful contractor that local labor for the construction may be used. Local material dealers are also trying to get to sell materials. We note at Lubbock that a local contractor got the CCC camp there. The bid was \$16,000. The twelve buildings to be constructed here should run in the neighborhood of this figure. If granted locally, this would mean that a lot of material would be sold locally and a number of home men would get work for a few weeks.

The boys who come here for this camp, and we understand that some 200 will be in the camp, will be sent from other communities other than Lamesa and Dawson county. All our CCC boys, and they have to be on the relief rolls before they are allowed to register for CCC work, will likely be sent to other camps.

It is hoped that in the next few days the name of the contractor will be made available to local officials and then an effort will be made to contact him for materials and local labor.

BROTHER OF DR. A. H. SMITH DIES IN GEORGIA

Dr. A. H. Smith received a message Monday morning that his brother, Rev. R. A. Smith had passed away at his home in Social Center, Georgia. Dr. Smith and son James left immediately for that place to attend the funeral services.

Rev. Smith had been in ill health for some time.

Ray Lawler has returned here from a CCC camp.

WAS I WORRIED
'til Daddy learned gasolines are different!

YOU DON'T catch me talking back to the Old Man—my father, I mean. Yuh see, he thinks he knows everything! Why, gee, hizz... he reads the gasoline ads, specially the ones with pretty girl pictures in 'em, and then he gets a tankful of stuff nobody ever heard of. Yeah, swell guy but a poor picker.

"Well, this afternoon being Sunday, we went for a ride... me all dressed up in a goofy bonnet with a big scratchy bow under my good ear. The traffic was terrific and the heat was goshawful. So out of sheer irritation I grabbed my forty winks.

"When I woke up, a motorcycle cowboy in a beautiful blue uniform was telling Pops that he couldn't park in the middle of the parade. I thought there were tears in Father's eyes—maybe it was only perspiration—as he answered 'My engine's dead. Help me push the car over to the curb.'

"Boyohboy, was that motor hot! Clouds of steam sizzling out of the radi-

ator. Funny gurglings and thumpings under the hood as Dad peered in. For crying out loud, was his face red when Auntie's car and then the Claytons' and the Merrivales' passed, and they all saw us stuck there! But the real bad news is the bill we got for towing and for two new bearings.

"No sir, for the life of me, I can't see the economy of using cheap gasoline... especially when Phillips 66 is engineered for specific summer weather, same as it is for definite winter cold. Anyone can see that a gasoline made different for the different seasons of the year is gonna give better results. What's the sense of trying to save cents and wasting dollars, when you can get 100% custom-tailored gasoline—yes, I mean Phillips 66—for the same price as ordinary gas?

"P. S. Since writing the above, the car's been fixed and we're using Phillips 66, and Mother says the budget's in better shape than ever because we're getting more miles and less repair bills."

TIRES MAY LOOK ALIKE ON THE OUTSIDE ON THE INSIDE THEY ARE DIFFERENT

HEAT on the inside created by friction is the main cause of blowouts. Firestone Tires are different on the inside—they are built with the patented extra process of Gum-Dipping that soaks every cord and insulates every strand with pure liquid rubber, preventing internal friction and heat. No other make of tire is Gum-Dipped.

When you realize that there were 882,000 automobile accidents in 1934, injuring 954,000 people and killing 36,000, and that 43,000 of these accidents were caused by blowouts, punctures and skidding, you will be more interested in the make of tires you use on your car.

Firestone performance records again emphasize the undisputed evidence that Firestone Tires are not only blowout-proof, but give greatest protection against skidding. There are three questions and answers that will solve the problem of what tires to buy:

QUESTION 1—"Will the tread give me the greatest traction and protection against skidding?"

ANSWER—Recent tests by a leading University show that Firestone High Speed Non-Skid Tires stop a car 15% quicker than any other of the leading makes. For eight consecutive years Firestone Tires have been on the winning car in the dangerous Pike's Peak Race where a skid means death. This undisputed evidence that Firestone gives car owners greatest protection against skidding.

QUESTION 2—"Are they blowout-proof?"

ANSWER—Firestone Gum-Dipped Tires have the most amazing records for being blowout-proof of any tires ever built. In the grueling 500-Mile Race at Indianapolis, May 30th, every one of the 33 cars was equipped with Firestone Gum-Dipped Tires. Kelly Petillo won the race and broke the record over this 26-year-old rough brick track without tire trouble—in fact, not one of the 33 drivers had tire trouble of any kind.

Ab Jenkins drove his 5,000 pound car on Firestone Gum-Dipped Tires over the hot salt beds of Utah, 3,000 miles in 23½ hours, at an average speed of 127.2 miles per hour, with temperatures as high as 120°, without tire trouble of any kind. These are most amazing proofs of blowout protection ever known.

QUESTION 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

ANSWER—Firestone High Speed Tires not only give you more than 50% longer wear, but also lowest cost per mile. This is made possible by the tough, wear-resisting tread built with higher shoulders and a wider, flatter contour. This thick, rugged, scientifically designed tread is held securely to the Gum-Dipped cord body by Firestone's patented construction of two extra layers of cords under the tread. This is a special construction feature not used in any other tire. Unequaled mileage records by thousands of car owners add undisputed evidence of the longer wear and greater economy of Firestone High Speed Tires.

MORE TYPHUS FEVER IN TEXAS THAN OTHER STATES

Austin, June 18, —Wars have been lost by generals and won by epidemics of rat-borne diseases, according to Dr. Hans Zinzer in his recent book "Rats, Lice, and History." Texas has more of the disease than any other state, according to Dr. John W. Brown, State Health Officer.

There are two types of typhus fever—the epidemic or Old World type and the endemic or New World type known as Brill's disease. In the former the death rate is very high and in the latter, commonly found in Texas, it is very low. The most cases appear during the hot months. The rat and mouse are the reservoirs of this disease and it is spread to man by fleas, lice or ticks that have fed on an infected rat. The cycle being rat-flea-man.

The symptoms of typhus fever are very similar to those of typhoid fever, except the course of typhus is generally two weeks. The onset of the disease is usually sudden, with chills, fever, headache, and general body pains. Nausea may be present. The fever arises rapidly to a maximum of 105 degrees. There is also a reddish mottling of the skin and a hacking cough is generally present. Typhus fever could be prevented by the eradication of rats and mice. This would not only result in the prevention of much suffering but would be of great economic value as it is estimated that the damage by rodents amounts to about twelve million dollars annually in Texas.

TEXAS SECURITIES ACT DEFINES "SECURITIES"

What is a security? Under the new Texas law regulating the sale of securities, the term includes any form of stocks, bonds, mortgage certificates, any form of commercial paper, any certificate in or under a profit sharing or participation agreement, lease or royalty interest in an oil, gas or mining property. In addition there are many lesser known forms of securities.

The Texas Securities law which replaces the old Blue Sky Law, on May 23, 1935, is broad in its definitions of what constitutes a security, according to Secretary of State Gerald C. Mann.

Before purchasing any form of security, such as those named above, the buyer should determine if the person doing the selling has registered with the Secretary of State. Emphasis is placed on the fact that in no case does the State guarantee or endorse any security.

But registration is not the extent of responsibility on the part of the seller. Under the law he may be held accountable for representations as to fact made in the sale of a security.

NEW SECURITIES ACT EXEMPTS FEW TRANSACTIONS

"I own a piece of royalty near an oil field. I want to sell this interest," one man recently inquired of the Secretary of State. "I understand that oil and gas leases and royalty interests are classified as Securities under Texas' new Securities Law. Will I have to register and get a license before I can sell this interest?"

In answering the question the Secretary of State pointed out that isolated transactions are exempt under the terms of the law. But if a person is engaged in the business of buying and selling oil leases, royalty or other such interests, he must qualify as a dealer and in some cases as an issuer of securities. The lease peddler must qualify.

In a single deal it is not necessary to qualify under the Texas law. The same applies to vendor's lien notes and other forms of commercial paper. However, if a person makes a practice of selling commercial paper, the transaction is not an isolated case and that person must qualify under the law. The simple rule is—Single and individual transactions are exempt. Multiple transactions are not.

"My mother and I sold eggs to pay for my bedroom improvements which cost \$7.30," reports a young bedroom demonstrator from Rusk county.

Examination of the improvement achieved with that expenditure indicates that his young person has learned early that ability, initiative and industry are effective supplements to cash.

The list includes a new mattress, home-made from home grown cotton; mattress and spring covers made from washed and beached sugar and fertilizer sacks; book shelves made from scrap lumber; the floor refinished with "crank case oil" and waxed; new shades; new curtains; and old furniture refinished.

LILY AND FISH POND SOON TO BE COMPLETED

The lily and fish pond being constructed on the lawn at the City Hall will soon be completed, and will be one of the beauty spots of Lamesa. The pond is being made from the old water tank.

Mayor W. L. Marr is calling upon the citizens of the county to contribute any kind of water and animal life for the pond, although Mr. Marr will reserve the right to accept or reject anything brought to him.

New Secretary at C. of C. Office
Miss Bettye Lee Bratcher has accepted a position at the Chamber of Commerce office as secretary and general office girl. She took the place of Miss Myrtle Henderson who is now working for the county agent.

TO ATTEND STATE MEET
Dr. R. F. Nix left the first of this week for Dallas where he will attend a meeting of the State Dental Board. This is Dr. Nix's first time to meet with the board having been appointed since the first of the year. Mrs. Nix and Billy accompanied him to Dallas.

Mr. and Mrs. Elzie Bureson were called to Lubbock last Friday to the bedside of Mr. Bureson's mother, Mrs. J. W. Bureson, who is seriously ill.

Mrs. Howard Lee returned Saturday to her position at Collins Dry Goods after a two weeks vacation.

Wouldn't a big fish look fine in the Mayor's new fish and lily pond at the city hall? Somebody take it on themselves to land a big catfish to place in this pool.

YOU CAN'T WIN

The reckless driver, like the habitual criminal, can't win.

Every newspaper carries the evidence of that, in accounts of those whose lives have been sacrificed to speed, to incompetence, and to carelessness at the wheel.

The tragic end to the great career of T. E. Shaw, the famed "Lawrence of Arabia," was headlined in the papers of the world a few weeks ago. Not yet 40, Shaw had done war service whose value to the English cause was so great as to make it almost unappraisable. He had distinguished himself as a translator of Greek classics. He was one of the most brilliant of living archaeologists. He was a military and mechanical genius of the first rank. It was certain that his period of greatest achievement still lay in the years ahead.

Shaw's "hobby" was to drive automobiles and motorcycles at incredible high speeds on country roads. According to news accounts, his cycle was going "at around eighty miles per hour when he was forced to deliberately crash to avoid striking a boy on a bicycle. A few days later he died, without regaining consciousness. His doctor said that it was best that he did not live, because of the terrible injuries his brain had sustained in the accident. Congenital recklessness had robbed the world of one of its gifted minds.

Each year in this country alone, some 35,000 people die—victims to improperly driven motor vehicles. Among them are the famous and the obscure, the brilliant and the mediocre. Each life lost means that the nations resources have been sapped—each death means misery and unhappiness to others. Reckless driving is an unbeatable game, at which the player always loses—and which likewise penalizes and robs the innocent.

NEW TEXAS SECURITIES LAW PROTECTS INVESTORS

Who is he? Can I depend upon his

word? Is he registered and licensed?

These are the questions that you should have answered to your complete satisfaction before buying stocks, bonds, oil leases, royalty or any other form of investment securities from a salesman—particularly when the salesman is a stranger. That's the advice of Secretary of State Gerald C. Mann, administrator and chief enforcement officer of Texas' new Securities Act.

Designed to curb the fraudulent and crooked seller of securities, the new law required every security dealer, agent and salesman to be registered by writing to the Secretary of State. The records are open to the public.

The State does not propose to guarantee or endorse any stock, bond or other security. However, salesmen may be held strictly accountable for representations made in the sale of securities.

The important thing, according to Secretary Mann, is to be sure the salesman is registered.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations as follows:

Bindery operative (hand operations), bindery operative (machine operations), 66 cents an hour, Government Printing Office, Washington, D. C.

Farm loan registrar, \$4,600 a year deputy farm loan registrar, \$3,500 a year, Farm Credit Administration.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the Post Office or custom house in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

OLD FRONTIER REGIMENT NEEDS RECRUITS

Recruits are needed by the Eighth Cavalry, stationed at Fort Bliss, Texas. The regiment possesses the unusual distinction of never having been stationed east of the Mississippi River. Its beginning was on November 23, 1866, sixty-eight years ago, when the War Department ordered the commanding General of the Military Division of the Pacific to recruit and organize the Eighth United States Cavalry.

During the early part of 1867, the regiment consisted of 12 line troops, each having from 50 to 85 men. It was scattered over Nevada, California, Washington, Idaho, and Oregon with headquarters at Camp Whipple, Arizona.

From December 1867, and during the years 1868 to 1870, the Regimental Headquarters were moved from Arizona to Nevada and then to New Mexico and Colorado, where its troops were almost continuously on field service, either scouting Indians, or furnishing guards and escorts.

The 8th Cavalry remained in New Mexico, then far beyond railroad communication, until 1875, when it was ordered to duty in Texas. Regimental Headquarters were stationed at Fort Clark, while the different troops were distributed along the Rio Grande from Fort Brown on the Gulf of Mexico, to Fort Hancock, near El Paso.

From 1875 to 1888 the regiment remained in Texas doing border patrol duty.

In May 1888 it was ordered to concentrate at Fort Concho, Texas, and then to march to Fort Meade, South Dakota. Regimental Headquarters made a continuous march of 1800 miles and some of the troops marched over 2000 miles before reaching their destination, approximately 3 months later.

In November 1898 Regimental Headquarters, with six troops, sailed for Cuba where they remained four years, returning to the United States in 1902.

The regiment served in the Philippine Islands from 1905 to 1907 and again from 1910 to 1915 and upon its return was ordered to duty on the Mexican border, arriving at Ft. Bliss, Texas on station on September 24, 1915. It remained there until 1917 when orders were received to move to Marfa, Texas, where, during the

CLUB NEWS

KLONDIKE 4-H CLUB MET JUNE 11TH

The Klondike 4-H Club met Tuesday, June 11. Because of the rainy weather only eight were present. We had a very enjoyable discussion of the program and made plans for programs and entertainments during the summer.

We are looking forward to the meeting with Miss Phenix on June 25. We would like for all the girls to be present at this meeting as there will be an interesting program.—Reporter.

MCCARTY 4-H CLUB MET JUNE 18TH

The McCarty 4-H Club met June 18 with fourteen members, one visit and one new member present. Having had our bedspread lesson earlier we made plans for the encompment and a box supper to be held June 21. The box supper was put off last week because of the rain. We plan to have a short two-act play in connection with the supper, also a cake for the prettiest girl and a jar of pickles for the ugliest boy.

We adjourned to meet two weeks from Tuesday.—Reporter.

SPARENBERG H. D. CLUB MET FRIDAY, JUNE 14

The Sparenberg Home Demonstration Club met Friday, June 14th with Mrs. Eddie Reithmayer, Miss Phenix with us in the afternoon and brought us a lesson on "Your Looking Glass." Plans were made concerning the club encampment to be held in Lamesa at an early date. We adjourned to meet again June 28th at two o'clock at the school house.—Reporter.

FAIRVIEW H. D. CLUB MET JUNE 11TH

The Fairview Home Demonstration Club met June 11th at the home of Mrs. R. L. Miller. Nine old members, one new member and one visitor were present. Mrs. Blackstock is our

years 1917 and 1918 it was intensely busy patrolling the Big Bend district against Mexican bandits.

In 1919 the regiment was ordered back to Fort Bliss, where it has been stationed to the present date.

In its sixty-eight years of existence the regiment has spent four in Cuba, seven in the Philippines, twenty-one in the West, and, thirty-odd along the Rio Grande.

In addition to soldiering the men of the regiment are good at sports. At baseball, the Eighth Cavalry team won the Post League Championship in 1927, 1928, 1930, and 1932. At basketball, the regimental team won the Post League Championship four years straight, 1932-33-34-35.

At football the regiment won the Post Championship in 1931. The Eighth Cavalry needs recruits.

program leader. Our next meeting will be with Mrs. E. L. Moore on June 25th.—Reporter.

MUNGER H. D. CLUB MET JUNE 7TH

Imagine a group of ladies with laps full of quilt scraps and fingers flying and you see Munger Home Demonstration Club as it appeared in regular meeting June 7th. We are still working on our friendship quilt along with our other club work.

Mrs. Burger, wardrobe demonstrator, is still asking that each lady complete her foundation pattern and enter the club contest to be held soon.

Although it was with regret that we gave up Miss Cox, we welcome our new agent in the work and eagerly await her first meeting with us.—Reporter.

O. K. HOME DEMONSTRATION CLUB MET JUNE 17TH

"I hope my pattern helps me as much as it has helped some of the rest of you," stated Mrs. Mildred Vandiver while having her foundation pattern fitted, to other members of the O. K. Home Demonstration Club, when they met at the home of Mrs. E. Caudle, Friday, June 14.

Mr. Vandiver was a little late getting her pattern cut and fitted, but nevertheless she says she is going to make a contest dress by it, and it is only two weeks until the contest.

We should have had the discussion "America Must Choose" by Henry A. Wallace, but we didn't get our literature in time and we had to omit it. We adjourned to meet with Mrs. Naomi Edwards Friday, June 28, for our next meeting.

There were only nine members present due to heavy rains and we hope that more will be able to be present next meeting.—Reporter.

LOYOLA

We had another big rain last week causing quite a bit of replanting.

Our mail carrier, Mr. Criswell had the misfortune of getting his car stalled in Sulphur Draw Saturday and we didn't get our mail. Of course we regretted not getting The Dawson County Courier most of all.

Miss Herma Duke is visiting in Titus county where she is to teach next fall.

H. A. Tommie, and Kenneth Earl Duke visited in Lubbock Saturday.

Mrs. L. E. Johnson returned from Lubbock Friday where she had been visiting.

Monroe Robinson and family visited Mr. and Mrs. Slim Shortes at Knott Sunday.

Robert Koger, who has been attending school at Tech has returned home to spend the summer on his ranch.

Miss Jewel Lawson was shopping in Lamesa Saturday.

W. E. Grantham and Mr. H. H. Corbett are having to replant some, though Mr. Wiggins wasn't so unfortunate.

—Mrs. Lola B. Duke, corres.

THERE IS AN Electric Refrigerator for Every Purse and Purpose

NO MATTER how large or how small the home, there's an electric refrigerator that will fit exactly. For the tiny apartment, the new "Lift-Top" models are ideal. For other homes, conventional front-door models range from 3 cubic feet on up to 12, 14 or 18 cubic feet—the latter large enough for the most pretentious mansion.

Prices, too, vary from far less than \$100 for the smaller models on up in proportion to the size of the refrigerator. All in all, there is a size ideally suited to any situation. Before you decide on any kind of a new refrigerator, be sure to look over all makes and models of electric—you'll find one just the right size at a price fitted to your purse.

PETROLEUM INDUSTRY FAVORS FAIR CODE

Dallas, June 20.—In commenting upon the United States Supreme Courts decision in declaring the National Recovery Act unconstitutional Arthur P. Dyer, Texas State Chairman for Marketing of the Planning and Coordination Committee of the Oil Industry Code, which committee R. A. made the following statement: "The Petroleum Industry Code has been operated for many months along voluntary cooperative lines. More than a year ago it was seen that the Petroleum Code was ineffective Federal enforcement of the rules of and, therefore, our chief work has been in educating marketers of Texas to observe these rules as matters of efficient business practice. "Therefore, it is highly probable that the work of this committee, which has proven of inestimable value to the industry throughout the country, will be continued in some form. Primarily the industry desires a Code of Fair Competition with a centralized appeals body. This opinion has been voiced consistently and it is hardly to be expected that the industry will be allowed to drop back the many steps which it has taken forward in the past 18 months. "Many practices of competition have been eliminated under the code which, for many years, represented expensive inefficiency, but until the code was adopted no means had been available to eliminate these things which the entire industry was anxious in Texas can be used as a basis to be rid of. "The industry as a whole, if opinion for a statement is insistent that some code of fair play be perpetuated and it is very probable that within the next few weeks a definite plan will be evolved by the National Planning and Coordination Committee, along lines suggested by the Supreme Courts decision—that is, a code conducted under the supervision of the Federal Trades Commission."

MINISTERIAL ASSOCIATION MAKES PLANS FOR SERVICES

The Ministerial Association met Monday morning at 10 o'clock with the following ministers present: Cole, Jones, Smith, Aslin and Thomas. Brother Bowen, the president of the Association could not be present on account of the illness of his wife. A committee was appointed to see after the lawn services which are conducted each Saturday afternoon at three o'clock. The committee is composed of Bro. Bowen, pastor of the First Methodist church, Brother Voorheis, pastor of the Church of the Nazarene and Bro. J. C. Thomas. The Association expresses its appreciation to the business men of Lamesa for their cooperation in the past, and earnestly solicits your cooperation in these services during the months of revival efforts. We earnestly

ly covet the cooperation of all in these services to do good. If you business men can, for a few minutes draw aside and worship with us, we shall greatly appreciate it. The committee hopes to be able to arrange for some special music from time to time at the lawn service. We shall at least have for you some great treats in the way of gospel messages, so COME. Remember the hour, 3 P. M. promptly. The Association invites not only the ministers of the county, but we invite the Christian forces, irrespective of creed, to join with us for a great spiritual uplift of our people.—Secretary.

BIT STILL HUNG IN WELL. The bit is still hung in the Ray Albaugh oil well. Gas and oil showing and now and then the pressure shoots the water over the top of the derrick it is reported. Too hard the bit cannot be removed and drilling cannot be resumed. Looks like "so far, yet so close."

Fred Sanders and Wright Boyd attended church at Wilson Sunday.

SPARENBERG H. D. CLUB TO PRESENT PLAY

The Home Demonstration Club of Sparenberg will present a play at the school house Friday night, June 28. This play will be given free, but the ladies will sell ice cream.

The play "Aunt Jerusha" is a good three act comedy play, and was presented back in May, but due to cloud interference many left before the end. And for this reason the play will be free. Everyone is invited to come.—Reported.
