FORTY-SEVENTH YEAR NUMBER 21

SUDAN, LAMB COUNTY, TEXAS

THURSDAY, JULY 15, 1971

10¢ PER COPY

WOODWORK BY DALTON

JOHN CUNNIFF, business analyst for the Associated Press, recently provided some depressing answers to where all your money goes. His comments might be valuable to some of us because they perhaps suggest some answers to the question of how we can save money in some areas.

Cunniff noted that inflation, rising living standards and taxes are the most common culprits taking the wage earner's money. Since 1955 he says, 30 cents has been clipped off the dollar. He points out that not too much can be done about inflation and taxes, but perhaps some curbs on our wants in regard to standards of living might help.

"Desires grow larger," he wrote, "Before reaching one economic level the assault on the next one begins: one car, two cars, three cars, a boat, a bigger house, a vacation home, filet mignon instead of hamburger..."

He also noted that more and more Americans "are getting tired of stuffing their paychecks into their gas tanks. Consumers are demanding smaller cars." He also notes that millions of Americans, after sacrificing to buy their cars, then abuse them with poor care.

Although there's not much we can do about it, he also observed this about taxes: In the years between 1956 and 1970, according to the Tax Foundation, the total of federal, state and local tax collections increased 181 percent. We're really paying for the cost of good (?) government.

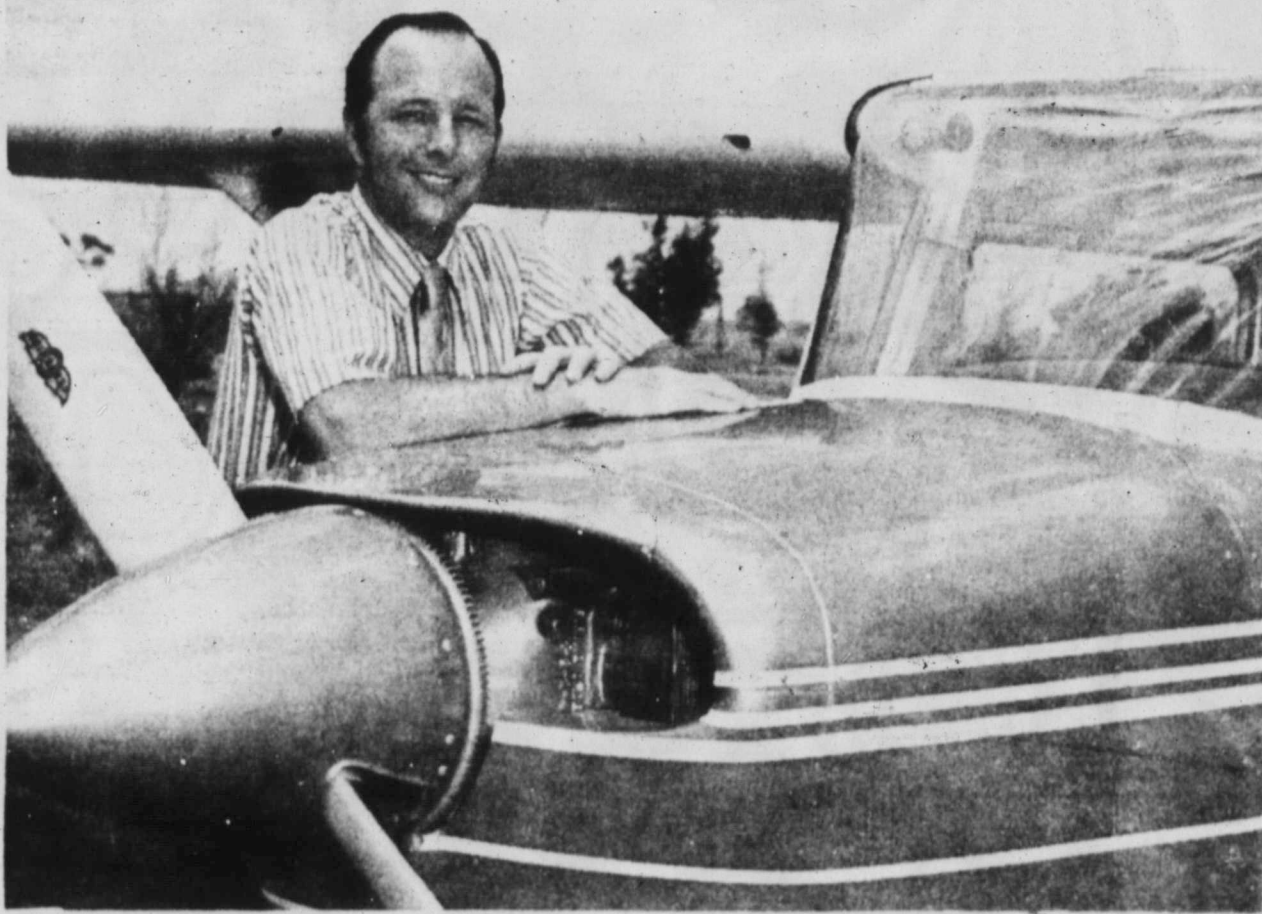

BABY ALLIGATORS, said a newspaper the other day, "are eight inches long when first hatched and grow one foot a year." I guess they all die at age of four, because I've never seen one with more than four feet.

TOPS Club Has Meeting

The Sudan TOPS Club met Monday afternoon at their new club house, located near the residence of Noble Dudgeon. There were 9 members present with a total of 6 3/4 pounds lost.

DONALD DOTY

DR. T. PAIGE CARRUTH, vice president for student affairs at West Texas State University, stands beside his single-engine airplane which will carry him thousands of miles in the next year as a district governor of Rotary International. Carruth's district, which comprises the Texas Panhandle-Plains, is larger in size than 26 of the states in this country. (WTSU Photo)

Peewee Names Stars, School Board Tourney Scheduled

The Peewee baseball league finished their regular season tournament with the Amherst Chiefs winning first place. The Astros were named to second place while the Mets were in third.

The Peewee All-stars were chosen at a meeting Friday night. Those making the team are as follows: Ken Williams, Shayne Vincent, Billy Scott, Odell Johnson, Sean Muller, Lester King.

Thettie Mae Walker and Letha Gordon were named queens for the week for having lost the most weight.

The renewal members received their advanced Tops manual. Members were weighed and measured. The group sang Tops songs and recited the pledge.

If you are interested in becoming a member of the TOPS Club, contact Ramona Ingram. The club meets each Monday afternoon at 3:30 p. m.

here visiting their grandparents, Mr. and Mrs. C. W. Rosson.

District Rotary Governor Speaks Here Wednesday

How do you administer to 2,500 Rotarians in an area larger than half of the 50 states and at the same time serve the needs of 7,900 college students?

"Get your own airplane," says Dr. T. Paige Carruth, vice president for student affairs at West Texas State University and new governor of District 573 of Rotary International.

Carruth, 40, took office July 1 and within a week was off on a flying tour of his 56,700-square-mile district that will take him to 47 clubs in 41 cities during the next four months.

His territory covers from the top of the Texas Panhandle south 330 miles to Odessa-Midland and from the New Mexico border on the west to Childress on the east, about 172 miles.

"I knew I would need an air-

plane to make all that distance," he says.

Carruth took up flying three years ago because "I was spending most of my waking hours in a car."

At the time he was making numerous speeches throughout the area for the university as dean of student life, a title that was changed to vice president for student affairs last year.

In his visits to the Rotary membership, Carruth says he will stress the 1971-72 theme of international president Ernst G. Breitholtz of Sweden, "Good Will Begins With You."

Carruth feels that many civic organizations are full of apathy.

"They meet, eat, burp and go home," he says. "Members feel it's easier to just write a check instead of grabbing a project

and really making it go."

That is one of the reasons for his fly-in visits with all the clubs in his district.

"I can look at the clubs, and if they need help, I can recommend the committee chairman within the district who could help them get started in the right direction," he says.

The governor says that Rotary has three main service areas--community service, vocational orientation and international goodwill.

During the next year, Carruth says, "I want to emphasize youth within the club, increase the membership and extend Rotary to more people, and upgrade the types of services sponsored by the clubs on the community and international levels."

Carruth, who flies a Cessna 150, was born at Vernon, Tex., and was graduated from West Texas State in 1952. After a year of military service in Korea, he returned to WTSU and obtained a Master of Education Degree in 1955.

He was a social studies teacher at Kermit High School for three years and then received a teaching fellow at Texas Tech University, where he obtained a Doctor of Education Degree in 1959.

Carruth became assistant professor of education at West Texas State that fall and two years later was named associate dean of men.

Four years after he joined the Canyon Rotary Club in 1960 he was elected president. In the interim he served as weekly bulletin editor, a club director, chairman of various committees and vice president.

The Canyon club has had the distinction of providing two other district governors. The late Dr. Harris M. Cook, former dean of men at West Texas State, served in 1944-45 and Herschel Coffee, professor of economics at the university, was governor in 1953-54.

Carruth and his wife, Norma, have five children, Alan, 17, Jerri, 14, Joe, 12, Tommy, 9, and Melissa, 6.

The new governor will meet with President Philip M. Gordon and the Sudan Rotary Club July 21.

Tennis Tournament Planned

A tennis tournament sponsored by the Youth Council of the Sudan Youth Center is planned for July 21-31. All proceeds from the tournament will go to the Sudan Youth Center.

The competition is open to residents of the Sudan School District-sixth grade through adult.

Six doubles divisions are slated and four singles divisions with deadline for entry 8:00 p. m.

RUTH S.S. CLASS HAS SALAD SUPPER

The Ruth Sunday School class met at the First Baptist Church Thursday, July 1 at 8:00 p. m. for a salad supper with eight class members present.

Invocation was given by Billye Doty. Mary Pearl Bellar gave the devotional, "Who Am I, God?"

Other attending were Martha Markham, Elsie Cate, Zetha Young, Mildred Lance, Gwen West, and Beth Manning.

MARY FRANCES AILLS

Wedding Plans Are Announced

Dee Aills of Sudan announces the engagement and approaching marriage of her daughter, Mary Frances, and daughter of R. E. Aills of Cleveland to sp. 4 Louis Wayne Stone. He is the son of Mr. and Mrs. Louis Stone of Bovina. Stone is stationed at Fort Hood. The couple plan a July 31 wedding.

place.

Ware-Richey won over Sudan Monday night in Jr. Babe Ruth baseball on a forfeit by Sudan. There was a mixup in the time to play the make-up game.

However, Sudan won the league by winning eleven games and losing four.

18-Year-Olds Get Vote Privilege

Two hundred and seven Lamb County youths aged 18, 19 and 20 who registered to vote in federal elections now have the privilege to vote in any and all federal, state, county, city, or other political subdivision elections.

Effective July 1, the 26th Amendment to the U. S. Constitution lowered the voting age to 18 years.

Persons who turned 18 years of age after the close of the regular 1971 registration period (Jan. 31) may still register for the current voting year, according to Herbert Dunn, registrar-collector.

STATE OF TEXAS
COUNTY OF LAMB

Before me, the undersigned authority, County Clerk of Lamb County, Texas, on this day personally appeared G. T. Sides, County Judge, A. J. Spain, Commissioner of Precinct No. 1; T. L. Free, Commissioner of Precinct No. 2; Jack Peel, Commissioner of Precinct No. 3; and

Hubert Dykes, Commissioner of Precinct No. 4, constituting the Commissioners' Court of Lamb County, Texas, who, being first by me duly sworn, each upon oath severally stated; That they and each of them have fully complied with the Laws of the State of Texas relating to the matters set forth herein; that they and each of

them have fully inspected the quarterly report of the County Treasurer of Lamb County, Texas, submitted to them at the Regular Term of the Commissioners' Court, of Lamb County, Texas, held on the 12th day of July, A. D., 1971, which report covers the receipts, disbursements and ending balances of all county funds for the years'

quarter ending on the 30th day of June, A. D., 1971, and that they and each of them have actually counted and fully checked the amount of money and other assets in the hands of said treasurer and have found the amounts shown in such report, attached hereto, true and correct.

Shower Honors Bride-Elect

A bridal coffee-shower honoring Miss Sharon Morgan, bride-elect of Bill Adams was held Friday, July 9 in the home of Mrs. Waymon Bellar.

The serving table was covered with a white linen cloth centered with an arrangement of daisies. Refreshments of coffee rings, a fruit plate, coffee and juice were served from white china.

The hostess gift was an ironing board, steam iron, and hand mixer.

Out-of-town guests attending the shower were Mrs. Gene Adams and daughter Christi of Anton.

Hostesses were Mesdames John Norwood, Jim Templeton, Bob Davison, Audrey West, W.B. Jones, Jr., R.A. Lance, Edwin Harper, Pal Legg, Dexter Baker, Adrian Martin, Theron Hill, Emery Blume, and Waymon Bellar.

HIGH PLAINS RESEARCH FOUNDATION MAKES TESTS

A three year study of the effects of various cultural practices on the amino acid composition of High Plains grain sorghum has been initiated at the High Plains Research Foundation. The test is being conducted by Joe Wright and Jim Schrib, Agronomists, at the High Plains Research Foundation in cooperation with Texas Tech University and Phillips Petroleum Company.

In the study, eighteen fertilizer levels, two irrigation programs, two row spacings and two rates of propazine will be investigated as to their effects upon the amino acid content of grain sorghum grown in this area.

The eighteen different fertilizer methods will be composed of three rates of nitrogen applied preplant and sidedress and two rates of sulfur applied preplant.

The different fertilizer levels will be observed under both limited and optimum irrigation methods, under both single and double row spacings on 40-inch spaced beds, and under 1 1/2 pound and 3 pound per acre rates of propazine.

Wright said that although the primary aim is to study the effect of cultural practices on the amino acid content in grain sorghum, a secondary benefit will be determining cultural influences on yields. "After all, an increase in the nitrogen value of grain sorghum is not necessarily desirable unless we can also maintain comparable yields," Wright pointed out.

Wright further stated that results of the study will be published in the High Plains Research Foundation Annual Report and encourages Foundation visitors to observe the project.

ERNIE FORD TO HEADLINE FAIR

A free aerial act featuring the Sky Kings will be presented throughout the 54th annual Panhandle South Plains Fair scheduled here Sept. 27-Oct. 2.

The Sky Kings, working on two identical riggings located 30 feet apart, sway until they actually cross. Then, with precision timing, the two high-flying pole riders swap poles--at 100 feet in the air.

The Sky Kings, boast 14 different stunts including a swaying hand stand, several twisting maneuvers, laying flat across the bar, then hanging from their toes.

It will be the third straight year for the fair association to bring a gree attraction to the weeklong exposition. Four performances are scheduled for Monday and Saturday--at 2 p.m., 4 p.m., 6 p.m., and 8 p.m., Tuesday through Friday the pair will be in action at 4 p.m., 6 p.m. and 8 p.m.

Tennessee Ernie Ford returns to headline the Fair Park Coliseum show this year along with Merle Haggard, Bonnie Owens and The Strangers. Ford, who has remained the No. 1 box office draw since he attracted 36,000-plus here in a week-long engagement five years ago will be presented on stage Monday through Wednesday.

Haggard and his troupe move into the spotlight Friday and Saturday.

Sandwiches between the two will be an all-star Mexican variety show featuring songstress Lucha Villa and recording star Jose Alfredo Jimenez, backed up by the Guadalajaras, a mariachi group.

Ticket prices for all shows are \$2.00, \$3.50, and \$4.50. Coliseum performances are slated at 5:30 p.m. and 8:30 p.m. daily. All seats are reserved. Tickets purchases prior to the fair opening will be accompanied by free gate admission passes.

Mail order requests for tickets now are being accepted by the fair association at P.O. Box 208,

Lubbock, Texas 79408.

Grounds and facilities have been improved since last fall's exposition. Practically all of the buildings have been painted inside and out and a paving project currently is underway.

There have been several other renovating projects, according to Steve L. Lewis, general manager.

Premiums remain at an all-time high, Lewis said, and several new attractions are being added for fairgoers this year.

GROUP SEES TEXAS

A group from Sudan left Friday, July 9 for Palo Duro Canyon where they saw the showing of "Texas" and camped overnight.

Those making the trip were Mr. and Mrs. Jerry Ray, Vicky, Phyllis, and Tanya; Mr. and Mrs. Wayne Swart, Roger, Terry, and Kathy; Mr. and Mrs. Tommy Moss, Cindy and Troy; Rex Boyles, Melanie Brantly, Craig Harper, Rory Manning, Larisa West, Trina Williams, Connie Ham, Elizabeth Hood, Phil Kent, Kim Fisher, Celia Knox, Donna Provence, Craig West, and Mr. and Mrs. Mike White.

BILLY GRAHAM NAMED HONORARY CHAIRMAN

Billy Graham, widely acclaimed Christian evangelist, has been named honorary chairman of EXPLO '72, the International Student Congress on Evangelism which is expected to draw 100,000 students and laymen to Dallas next June.

The multitude will train in how to share their faith in Christ.

"The message of Christ is still the most powerful force for change in our world today," said Graham in accepting the position. "I believe that the training and inspiration that will be given at this Dallas Congress could make EXPLO '72 the most significant and historic student gathering of our century."

Campus Crusade for Christ

International will sponsor the Congress, which Dallas conventioners estimate will be the largest training conference ever held in the history of the United States.

"EXPLO '72 will launch a strategy to train one-half million people during 1972 for a spiritual explosion across America and around the world," said Campus Crusade President, Bill Bright. "Billy Graham has accepted the leadership role because he is greatly concerned with the students of America and the world."

Graham commented, "One of the greatest needs today is a world student congress. That is why I am so excited about Campus Crusade's plans." The internationally respected evangelist was honorary chairman of the World Congress on Evangelism in West Berlin in 1966 and the U.S. Congress on Evangelism in Minneapolis in 1969.

"Operation Penetration" will follow EXPLO '72 as an extension of the nationwide training program. Hundreds of additional conferences will be held across the U.S. to allow the EXPLO delegates to reach still more laymen and students. "Potentially, one-half million people could be trained during the summer of 1972," Bright said. "We are seeking to saturate the entire nation with the claims of Jesus Christ by 1976."

During 1970, Campus Crusade Lay Institutes for Evangelism trained some 100,000 in how to share Christ's message. The organization, headquartered at Arrowhead Springs, near San Bernardino, California, has more than 3,000 full-time staff members who are working in 45 countries.

Highlighting EXPLO '72 will be a National Christian Leadership Seminar, mass sessions nightly in the Cotton Bowl, and a huge final meeting of an anticipated 250,000 in a natural amphitheatre near Dallas. National TV coverage is planned for all major meetings.

The Leadership Seminar will bring together hundreds of Christian leaders from the U.S. and foreign countries, to develop strategies for accelerating the spread of the claims of Christ throughout the world and the fulfillment of the Great Commission in the generation.

Campus Crusade is an interdenominational Christian movement of students and laymen, founded at U.C.L.A. in 1951 by Bright and his wife. It is designed specifically to serve as "an evangelistic arm of the local church," according to the founder.

Dr. Evelyn Milam, daughter of Mr. and Mrs. John K. Milam, is touring Australia.

Mrs. Arnold McNamus of Key-west, Fla. is here visiting her sister and brother-in-law, Mr. and Mrs. L. E. Slate.

The International Air Transport Association reports that the total fleet strength of its member companies at the end of 1969 was 3,900 aircraft, up 2.4% over 1968. The jet fleet increased 14% from 2,471 to 2,818 while turboprop aircraft fell 13% to 860 and piston engine aircraft decreased 21% to 604.

While defense spending in constant dollars has been reduced by more than \$17 billion

The radiation at 60 to 65,000 feet where the SST will fly generally is about the same as it is in New York City at ground level. Radiation dosage is a product of level of dosage multiplied by time of exposure.

ure. Therefore, the passengers on a 5.5-hour transatlantic SST flight probably would absorb less radiation than the passenger would during a 6.75-hour flight on the jets of today.

Assuming a healthy overall economy, forecasters are projecting a civil aviation growth rate of almost 10% a year through the 70s, with revenue passenger miles topping 575 billion a year by the end of this decade--about two and a half times more than at present.

A world-wide total of 1600 transoceanic SST flights a day would put about as much water into the stratosphere as a single large thunderstorm.

FARMERS UNION RECEPTION SET

Texas Farmers Union state President Jay Naman of Waco announced today that he will attend a get-acquainted reception on Tuesday, July 20 from 8:30-10:00 p.m. at the Lamb Co. Electric Co-op in Littlefield, Texas. Those accompanying the state farm leader during his visit are Joe Rankin of Ralls, State Vice President, Beryl Long of Silverton, District Director, and Kenneth Moss, State Director of Organization.

All farmers and ranchers in Lamb County are invited. New Farmers Union members will be honored at this reception and are particularly urged to attend. Mr. Naman states that agricultural and business leaders in the community are welcomed to attend, as issues of vital interest to the community will be discussed.

Dean Faver of Anton requests that all members take advantage

of the opportunity to acquaint their state Farmers Union leadership with local problems. New members of Lamb County Farmers Union should make a special effort to attend. Mr. Faver said.

Price Support Set

Preliminary price support payment under the 1971 wheat program has been announced at \$1.20 per bushel. This represents 75 per cent of the estimated total payment rate of \$1.60 per bushel which is the difference between the parity price of wheat July 1, 1971 and the average price for wheat received by farmers during the marketing period of July 1 through November 1971.

Final payment will be made after Dec. 1.

The basic 1971 loan rates for Lamb County for cotton is .1945 per pound; wheat, \$1.27 bushel; grain sorghum, \$1.74 per hundredweight; barley, .82 bushel; rye, .92 bushel; oats, .66 bushel and soybeans, \$2.41 bushel.

PERSONALS

Rev. and Mrs. Oscar Newell and Valerie moved last week to Ropesville where he will pastor the First Baptist Church there. A going-away party was held Friday night at the Circle Back church in their honor.

Joe Salem, Methodist layman, filled the pulpit Sunday at the

Bula Methodist Church in the absence of the pastor, Rev. Hazel House.

Visiting in the home of Mr. and Mrs. Dick West over the weekend were their daughter, Judy and her fiancé Gary Kelley, both students at Texas Tech.

Mr. and Mrs. Mike Fisher of Petersburg visited in the home

PEE WEE ASTROS--The Astros are shown above along with their coach, J.R. Manning. The Astros were shown last week to be an Amherst team.

(Staff Photo)

of his parents, the Lee Roy Fishers during the weekend. Mr. and Mrs. Gary Pringle recently moved to Waxahachie where they will attend college this fall.

Jay House and his nephew and niece, Mr. and Mrs. Ronnie Mahan of Hobbs, N.M. were in Graham during the weekend where they attended the Mahan reunion at Fort Belknap. They also visited Jay's mother, Mrs. J.W. House. Hazel House, who is attending school this summer in Dallas, joined them for the weekend.

Guy Walden visited his father at McKinney last week. He also visited Mr. and Mrs. Jacky Van Ness and family of Fort Worth. His grandchildren, Babbie, Charity, Tiffney, and John returned with him for a visit with their grandparents.

W.O. Parrish is a patient in the South Plains Hospital, Amherst.

Bill Gage, father of Mrs. Keith Glover, has returned home from the Medical Arts Hospital, Littlefield where he has been a patient.

Mr. and Mrs. Merle Stuart of Corpus Christi visited in the home of her brother and sister-in-law, Mr. and Mrs. Waymon Gordon Monday. They also have been visiting with N.W. Gordon, who is a resident of West Plains Nursing Home, Muleshoe.

Mr. and Mrs. Wayne Rogers and Monty were in Midland this weekend to visit in the home of her sister and brother-in-law, Mr. and Mrs. B.L. Anderson.

Gaylene had been visiting in the Anderson home the past week and returned home with her parents Sunday.

Mr. and Mrs. Joe Rone are vacationing in Vallecito, Colo. Rev. and Mrs. Aubrey White have been vacationing in Colorado.

Mr. and Mrs. Ocie Willingham have returned home from Plainview where they have spent the past six weeks with her mother, Mrs. J.D. Buchanan, who is a patient in a Plainview hospital.

Joe West is a patient in the South Plains Hospital, Amherst.

Area Girls

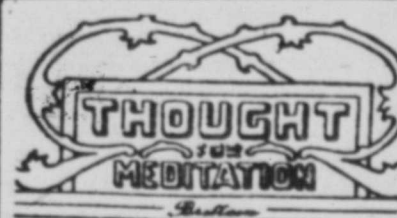

Get Honors

Six area girls basketball stars were named to play on the North squad in the Texas High School Girls Coaches Association North-South basketball game. The contest is set for Saturday at 8 p.m. in the Brownwood Coliseum.

Named to the squad from the South Plains were Nita Cowan of Abilene, Wylie, Anita Burgess of Hale Center, Joyce Wilcher, of Klondike, Cathy Wilson of Petersburg, Shirla Caswell of Meadow and Cam Davis of Canyon. Miss Davis is the only guard of the group, while the others are forwards.

Coaches for the North squad will be Dean Weese of Spearman and Bob Schneider of Canyon.

The game is being held in conjunction with a coaching clinic for girls sports mentors. The clinic gets underway Thursday with coaches registration and workouts for the all-star teams. An honor award banquet is set for Friday at 7 p.m.

We ought to watch the words we choose,
The type of speech we daily use,
Because my friends we really owe
More kindly words for friend or foe,
And we should be much more alert
In what we say that tends to hurt,
When saying what we really should,
Then what we say is always good.

Talk Games Liven Family Travel

An automobile trip can be fun for the entire family, if—and it's a big "if"—the children are occupied. Adults are accustomed to sitting for long periods of time. Anyone who tends to forget how irritable and "squirmy" active children can become during a trip will be quickly reminded of it on the first long family excursion by car.

Here are several verbal travel games compiled by the editors of the Mobil Travel Guide. These games have been handed down for a couple of generations and they appeal to youngsters.

***Tall Tales**—Have one person begin a story, but stop before he is finished. The next story teller must then continue, changing it in any way he wishes, and this continues until the last person is left to provide the end of the tall tale.

***Car Cards**—License plate numbers and letters are used as poker hands. As in poker the best hand wins. No flushes though! The letters J, Q and K stand for Jack, Queen and King. Each player in turn uses the license of a passing car as his hand.

***Animal, Vegetable or Mineral**—A player thinks of something which he identifies to the others only as being animal, vegetable or mineral. The other players may ask a total of 20 questions which could be answered either "yes" or "no" in an attempt to guess the object.

***Name Chain**—Each person, in turn, must name a state, city or country using the last letter of the place named by the previous

participant as the first letter in the name he selects. Example: John names Illinois, you must select a name starting with "S".

***Alpha Hunt**—Divide players into two teams with each getting one side of the road for this exciting match. Using Highway Advertising signs only, find each letter of the alphabet, progressively, selecting only one letter from each sign. The team completing the entire alphabet first wins.

***I See Red**—Choose an object inside the car and announce to the others the color of the object you have in mind. For example, "I See Red," the others have to guess the object you have selected. The one who guesses right gets to choose the next object to be guessed.

Anytime you travel with children, set and enforce rules for them. Make it a kind of game—challenge them to see who can follow the rules best. For safety, all children should wear seat belts while car is in motion. Hands, arms, feet or heads should not be put out the window. Nothing should be thrown in or out of the car. Rough-housing in the car must not be permitted, and the driver must be left strictly alone to drive.

4-H Conducts Dress Revue

The Lamb County 4-H Dress Revue was held in the "Willy Room" of the Lamb County Electric Building Friday, July 9 with 22 girls participating. "Fun in the Sun" was the theme for the revue.

Connie Ham was winner in the Senior Division. She was wearing a gold and plaid pant suit accented with a gold chain. Connie is the daughter of Mr. and Mrs. Don Ham of Sudan.

Wendy Wiseman was the winner in the Junior Division. Wendy was wearing a red, white and blue shift. She is the daughter of Mr. and Mrs. Pudd Wiseman of Sudan. Both these girls will represent Lamb County at the District Revue in Lubbock at the Villa Inn July 22.

Other winners in the revue are: Blue Ribbons, Kathy Swart, Sabrena Vincent, Cindy and Cathy Ham, Kelli Smith, Kathleen Hulsey, Dawn Branscum and Sheila Lewis; Red Ribbons, Christy Thomas, Karla Nicholson, Lea Jean Burrows, Petra Lewis, Rosie Lewis, Jennifer Templeton, Wendy Branscum, Helen Black, Michele Vincent, Barbara Black, and Virginia and Vicci Vandenberg.

Hail Control Encounters Difficulties

A drive for additional funds for the continued operation of the hail suppression program is underway in Lamb County, and is expected to begin soon in Hale County.

The weather modification effect is being carried out for the second year by Atmospherics, Inc., of Fresno, Calif., under the sponsorship of the Plains Weather Improvement Association.

According to H. L. Messmore, treasurer of the Lamb County Better Weather Inc., \$2,600 more is needed in Lamb County in order for the program to be continued through the first of October.

Funds already collected will support the program only through August.

Officers of the better weather group indicated farmers are supporting the program less now than in earlier summer months because the threat of severe hail damage has lessened.

Frank Moore, president of the Plains Weather Improvement Association, expressed fear that if the 1971 program is halted before the completion, the 1972 program is also in danger.

TEL S.S. CLASS HAS BACKYARD PARTY

The TEL Sunday School Class of the First Baptist Church entertained their husbands Friday night with a backyard party at the home of Mr. and Mrs. Arthur Moncrief. Mrs. John Burnett was co-hostess.

James P. Arnold gave the invocation. The devotion was brought by Mrs. R. E. DeLoach.

Those attending were Mr. and Mrs. Oscar Vincent, Mr. and Mrs. Russell Ingle, Mr. and Mrs. Waymon Gordon, Mr. and Mrs. Curtis Savage, Mr. and Mrs. John Burnett, Mr. and Mrs. R. E. DeLoach, Mr. and Mrs. Arthur Moncrief, and guests Mr. and Mrs. James P. Arnold.

Trina Williams and Gaylene Rogers are in Tularosa, N.M. where they will be visiting Trina's grandmother for the next three weeks.

SHOWER HONORS MISS TEMPLETON

A bridal coffee-shower honoring Teresa Templeton, bride-elect of Gregory McNabb was held Thursday, July 1, 9:30 a. m. in the home of Mrs. Raymond Harper.

Decorations featured the bride-elect's chosen colors of orchid and white. The table was covered with an off-white lace cloth and was centered with an orchid and white floral arrangement. Mrs. Olin Nix served refreshments of coffee, spiced tea, cokes, cookies, and cake.

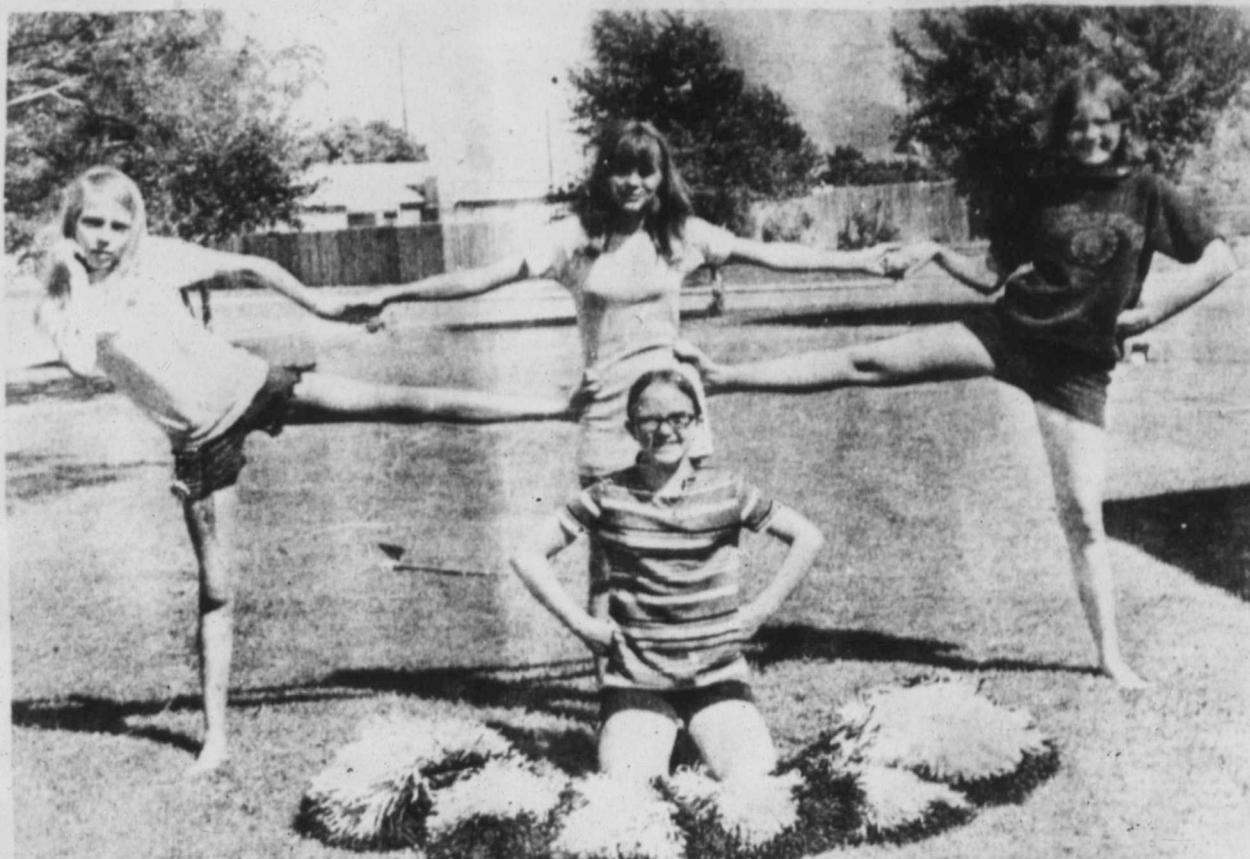

The hostess gift was a steam iron, avocado electric fry pan, and the floral arrangement.

Hostesses were Mesdames Lloyd Seymore, Waymon Bellar, L. M. Harper, Edwin Harper, Russell Ingle, Jimmie Newman, R. A. Lance, Olin Nix, Audrey West, Calvin Vernon, Hershel White, Delma Gann, Byron Ford, Raymond Harper.

TEXAS HOUSEWIVES TALKING TURKEY

Texas housewives are talking turkey more and more—just as are restaurant cooks—when it comes time to prepare meals that are nutritious and delicious for the family.

That's the evidence compiled by the Texas Department of Agriculture for its July-August promotion of turkey as another

JUNIOR HIGH CHEERLEADERS--Shown above left to right are Pam Nix, 8th grade; Cheryl Phillips, 8th grade and head cheerleader; Sherri Read, 7th grade; and Pam Davison, 7th grade, center front. They will lead the cheering during the 7th and 8th grade football games this fall.

(Staff Photo)

quality Texas agricultural product (TAP), Commissioner John C. White said.

Consumption of turkey as a year-round food has steadily gone up in the past 30 years, from 2.9 pounds per person in 1940 to approximately 8.3 pounds per person in 1970. The TAP promotion of "summer-time turkey" is designed to increase that per capita consumption in 1971.

The 1970 promotion helped,

according to Bill Powers, executive secretary of the Turkey Producers Board who said that birds in storage were at a minimum at the end of last year.

Turkey sandwiches are being featured in the promotion this year and especially in the point of purchase placards in food stores and in billboards. The TAP promotion also includes news releases to newspapers, radio and television stations and

direct mailings.

Turkey production means about \$30,000,000 a year to the Texas economy. The state ranks fifth in the nation in production; and Bell, McLennan, Gillespie, Blanco and Bosque are the top five counties in turkey production in that order.

Mrs. Dan Provence is a patient in the South Plains Hospital, Amherst.

An evening out

...at home

...where the charm of an Old-time GAS light lets the evening last a little longer

...and the food has an exciting outdoor aroma and flavor, found nowhere else in the World!

MASTER CHEF (AMK)

Cash price \$142.30
*Budget price \$172.08
*Budget terms \$4.78 per mo. for 36 mos. Rotisserie extra

GAS LIGHT, #300 BLACK-#325 WHITE
Cash price \$60.41
*Budget price \$73.08
Budget terms \$2.03 per mo. for 36 mos.

Prices include normal post-type installation (up to 50 feet of line) and 4.25% sales tax. *Budget terms are available at 12.75% annual interest on declining balance.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor.

Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

SAVE \$28.50 BY BUYING A PATIO PAIR.

	Cash Price	Budget Price	Budget Terms
Gas Light #300 or #325 AND...			
Master Chef (AMK)	\$120.88	\$146.16	\$4.06/36 mos.

LEWIS LLEWELLYN

Liberation

Women's Liberation wears many faces—which is to be expected, since so many are involved in it, with so many different kinds of needs and so many varying perspectives.

Some seem to be interested primarily in gaining notoriety for themselves, some in shocking people by doing the unexpected.

In Berkeley, Calif., 20 Women's Lib girls invaded a men's locker room. In Cambridge, Mass., 150 Women's Libbers "liberated" a building belonging to Harvard University.

If this is "liberation," most of us—women and men alike—want no part of it.

Many women are critical of the Women's Lib contention that woman's lot is not a happy one. When McCall's Magazine conducted a poll on women's attitudes, one respondent wrote, "There is a rumor—a myth—in the land. It says that I am unhappy, bored, unfulfilled and a lot of other things I'm not. Being a good housewife and mother takes every ounce of intelligence and ingenuity a woman can muster. Some women feel so sorry for themselves that all they can do is march around screaming slogans and demanding that all other women fit into their mold."

Some Have Problems

It is true that some women have problems. In some cases they are unrecognized spiritual problems.

Mrs. Helen Smith Shoemaker (widow of Rev. Samuel Shoemaker, the famed Episcopal clergyman) says, "As a teenager and young adult... I was dissatisfied with my purpose... I was filled with more and more self-doubt."

"It was at this point that a very earnest and attractive

young man came into my life—not to love me; he loved my sister. But he was perceptive enough to sense my dissatisfaction with myself and my life, and I was perceptive enough to sense that he had something I wanted."

She found that the answer to her problem was in a Person—Christ. Becoming personally acquainted with Him, she discovered that "the strange paradox is that when we come to love Him above all else, we become somebody." She found freedom and fulfillment.

Real Liberation

The Bible tells of a time when Jesus broke with Jewish custom by talking with a Samaritan woman and even drinking from her water-container.

As a consequence of becoming acquainted with Him, this woman was liberated from a life of sin and guilt.

Jesus said, "Ye shall know the truth and the truth shall make you free."

Mrs. Shoemaker says, "In these tumultuous days when so many people, both young and old, are filled with self-doubt, with self-hate, and when so many others believe that they will bring in the millennium through the restructuring of society by manipulative social action; when sociologically oriented clergy, influenced more by the behavioral sciences than by the living Christ, are leading us through a maze of situation ethics, new moralities, new theologies, and when arrogant scientists claim that technology will save the world, I am joyously brought back to the heart of being by One Who says, 'Come unto Me.'"

Women who are really seeking liberation will find it here, just as this woman did.

Refreshing Cool Dessert

Lemon is one of the most popular summertime taste refreshers, whether it be as lemonade, a sherbet or as a refreshing cool dessert pie. Bottled lemon juice captures the natural flavor of this sunshine fruit and gives "Lemon Breeze" the fresh lively flavor that inspired its name. A smooth and creamy filling is no trick with sweetened condensed milk; its rich sweet flavor complements the tangy lemon. The crust, mixed right in the pie pan, is made using packaged corn flake crumbs. As the base ingredient in this no-bake pie crust is one of many uses for these crisp golden granules made from flaked corn.

LEMON BREEZE

1 cup packaged corn flake crumbs
1/2 cup bottled lemon juice
1/2 cup regular margarine or butter, melted
3 tablespoons sugar
1 14-oz. can (1 1/2 cups) sweetened condensed milk (not evaporated milk)

- Measure packaged corn flake crumbs and margarine into 9-inch pie pan. Mix until thoroughly combined. Reserve 2 measuring tablespoons of crumbs mixture for topping; press remainder firmly and evenly around sides and in bottom of pie pan to form crust. Chill.
- In small saucepan combine bottled lemon juice and gelatin. Place over low heat and stir constantly until gelatin is dissolved; cool.
- In mixer bowl beat egg whites until foamy; continue beating, adding sugar gradually. Beat until stiff and glossy. Set aside.
- Beat egg yolks in mixer bowl until thick and lemon colored. Stir in sweetened condensed milk and gelatin mixture; gently fold in egg white mixture. Spread evenly in crumbs crust; sprinkle top with reserved crumbs mixture. Refrigerate 2 hours or until firm. Cut into wedges to serve.

Yield: 8 servings.
