Lamesa Goes Western For Rodeo

Dairy Day Here Friday To See Fine Cattle Shown

Annual Showing Will Be Held At Fair Grounds

Also Will Hold Several Dairy Demonstrations On Processing Cheese

The Annual Dairy Day for Dawson County will be observed in Lamesa Saturday, according to an announcement by B. J. Baskin, County Agent, last week.

Plans were virtually completed Wednesday afternoon for the show, with the cattle expected to be coming in Thursday afternoon for the Friday showing.

Dawson County ranks high in the quality of its dairy herds and at the Plains Dairy Show in Plainview a few weeks ago, exhibitors from this county copped several of the ribbons.

Besides the showing of the cattle here, there will also be demonstrations in the preparations of dairy products, such as processed cheese, butter, etc. This will be held by the Home Demonstration Clubs of the county.

Judging events, open to adults and juniors alike will be held on both dairy cattle and dairy products.

Judging rules and class of the cattle to be shown will be found in the second section of this paper.

The event will be staged at the Dawson County Fair grounds and the general public is urged to attend.

Wackers To Open Beautiful New Store Saturday

Many High Officials Are Expected In Lamesa For Opening Of Newest Store

Attention is called to the large ad in this issue of the G. F. Wacker Stores announcing the opening of their new and modern store in Lamesa.

This is the newest and finest of the entire 38 Wacker Stores located in Oklahoma, Louisiana, Texas and New Mexico.

The store has been doubled in size, now being fifty by one hundred feet, with the front covered in structural glass clear to the top. New fixtures especially designed for the local store have been installed to make it the last word in convenience to the store's customers.

Twenty-eight fluorescent lights have been installed under a celotex ceiling, which give a daylight effect at all times. The large air conditioners adequately cool the building, while circulating heater units will be used to warm the building in cold weather. They have also installed the newest type of

To Organize Boys' Baseball

On Monday afternoon, June 9, at 2 p. m., there will be a meeting and general work-out of all boys interested in playing baseball, at the ball park located in northeast Lamesa near Bryant Playground. The program is being arranged by the WPA Recreation Department which is now under the supervision of Miss Juanita Haynes. It is the intention of this Department to organize these boys into teams which in turn will be sponsored by various business firms, organizations and individuals.

The diamond has recently been re-leveled and a new back-screen is under construction. Equipment will be furnished by the Recreation Department.

It is hoped that a renewed enthusiasm will be manifested this year and with proper organization, management and cooperation between citizens and leaders, this will be accomplished.

So come on boys, let's have a good time and show these people how to play ball.

Lions Club Will Sponsor Fun Carnival In Lamesa Next Tuesday - Wednesday

All Concessions Will Be Owned And Operated By Local Club With Entire Proceeds Going Into Glasses Fund

The Lamesa Lions Club announces this week that they will sponsor a carnival in Lamesa next Tuesday and Wednesday on the south side of the square.

The carnival company will furnish the rides, while all concessions will be owned and operated by the Lions Club and all proceeds from these concessions will be retained by the club.

The profits derived from this carnival will be used by the club in their glasses fund for underprivileged children.

A spokesman for the group stated Wednesday morning that they would have rides of all sorts for the kiddies, as well as other forms of entertainment.

A sure fire comedy angle will be the old "hit the bull's eye and duck the nigger" deal, except this time instead of being a negro, it will be a member of the Lion's Club.

The carnival will be held at the same time as the Rodeo, but was booked with the full consent of the Rodeo Association, it was said Wednesday.

Odessa 'Mann's The Man' Club To Visit Lamesa

Visitors Will Bring Good Speakers To Saturday Afternoon Rally

"Mann's the Man for Senator" club from Odessa will be in Lamesa Saturday afternoon in the interest of the candidacy of Gerald C. Mann for the Senate, to fill the unexpired term of the late Morris Sheppard, according to word received in Lamesa Wednesday.

This is a group of Odessa citizens who have formed this club and they are touring several neighboring cities in Mann's behalf.

They will be in Lamesa with a program on the Court House lawn, immediately following the preaching services which will begin at 3 p. m., and should be over by 4 p. m.

They will have some interesting speakers and the general public is invited to hear them.

Lawn Services Start Saturday At 3:00 P. M.

The 1941 series of outdoor services conducted by the Dawson County Ministerial Alliance, will be initiated at 3:00 o'clock this Saturday afternoon. These meetings will be conducted on the east side of the court house as in previous summers.

This service should be of particular interest and unusual value to people of Dawson County. Special music is to be provided by Misses Iona and Iola Richards of Klondike. The message is to be brought by Mr. Homer T. Goodwin, who is now helping in an evangelistic campaign with the Assembly of God Church in Lamesa. Mr. Goodwin is a missionary returned from service in Gold Coast, Africa.

Considerable effort has been exerted toward improving the court house lawn services this year. The finest way to thank local and visiting preachers cooperating with this program is to attend the meetings.

Let the people of Dawson County encourage this work and profit from it.

Higginbotham To Hold Open House At Model Home

Visitors Invited Friday, Saturday And Sunday From 3 To 7 O'Clock

Higginbotham-Bartlett Company in Lamesa have just completed a model home, in connection with the Texas Home Building Week, being observed this week, all over the state.

The Texan home, is located at 612 North 6th Street. It has been completely furnished from the Higginbotham Furniture department.

Open House will be observed for the people of Lamesa and this section Friday, Saturday and Sunday afternoons from 3 to 7 o'clock, at which time the general public is invited to see this model home.

Officials of the company will be on hand to answer any questions pertaining to either the house or the furniture, throughout the open house period.

One of the features of this home is that the payments run less than $1.00 per day, including taxes and insurance.

Your attention is called to their ad in this issue of the Courier.

Donnalita Love Is Winner Of Digest Award

The Reader's Digest annual award for scholastic achievement has been won by Miss Donnalita Love of the Mullins community. Miss Love was the valedictorian of the 1941 Lamesa High School graduating class.

The award will be available next closed certificate, is an annual subscription to the Reader's Digest. This is the third year that a graduate of Lamesa High School has won this award. The first was Bob Crawley in 1939, in 1940 the award went to Frances Barrow, and the

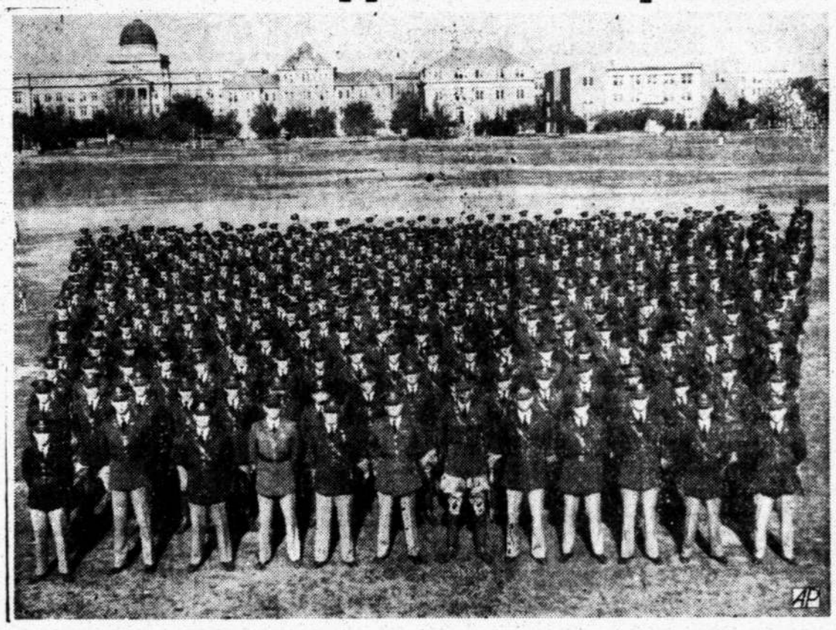
Texas A. & M. Supplies 535 Army Officers



Lined behind the front row of Regular Army Instructors are 535 Texas A. & M. College seniors graduating this year and receiving commissions as Second Lieutenants, Officers Reserve Corps. Sixty-five, who have immediate calls to duty, were commissioned last week; the remainder will be commissioned June 7.

Subscriptions To Courier Continuing To Pour In

Mayor's Proclamation

WHEREAS, the Fourth Annual Rodeo will be held in Lamesa on Tuesday and Wednesday, June 10-11, and

WHEREAS, the Motorcade to advertise such Rodeo will leave Lamesa next Wednesday morning for a trip to a large number of neighboring towns, and

WHEREAS, the Rodeo Association is a mutual affair, operated by local businessmen, who are attempting to furnish the Old West entertainment to the people of this area, and that they need all the help and co-operation in advertising this affair possible,

Therefore, I, W. L. Marr, Mayor of the City of Lamesa, do hereby proclaim the period beginning Wednesday morning, June 4th and ending Wednesday night, June 11th, as WEAR RODEO CLOTHES TIME, and

Therefore urge every citizen of Lamesa to co-operate by donning loud colored shirts, boots, cowboy hats, or other appropriate dress for this occasion.

GIVEN under my hand this the 29th day of May, A. D. 1941.

W. L. MARR, Mayor
City of Lamesa, Texas.

Drive Starts For Funds To Provide Recreation For Men In Military Service

Rupert Townsend Heads Movement In Dawson County And Appeals To Citizens To Lend Every Possible Aid

Our county has been asked to contribute toward the financial support of the USO (United Organizations for National Defense, Incorporated) program.

A concerted drive has already been set in motion, beginning June 3, and ending July 4. The national quota for the first year is $10,765,000 and Texas has been asked to contribute $400,000 of this amount. No definite quota for Dawson County has as yet been designated.

Money raised through the USO drive will be used to finance a program for social and recreational activity for the young men and women in our army, navy and marine training centers, and for those engaged in our defense production industries. Proper recreation is recognized as indispensible to the upbuilding of morale in our young people, many of whom are away from home for the first time in their lives.

Hundreds of these young men are from Dawson County. Unless we help the government provide wholesome recreation for them, they run the risk of falling victims to the undesirable influences that have already made themselves felt in certain defense and training areas. So you see, the situation presents a challenge. The situation has a definite local angle. Thus it is a Dawson County problem, and one definitely related to the larger problem of national defense.

As your County USO chairman, I readily admit that I can do nothing without your help. All of you are asked to contribute whatever cash you can. Many of you will be asked to contribute not only cash but time and effort also.

The USO program offers only one opportunity by which we can aid defense and help our youth who are already bearing the brunt of defense preparations. But it is a big opportunity, and the need is a vital one.

Big Two For One Bargain Days Is Savings Event

Offer Of $1.00 Per Year In Trade Territory Is For Limited Time Only

The publishers of this newspaper are exceedingly proud of the response received from the people of this territory to the two for one Bargain Days, recently announced.

It is not often that so many people will come in, without any solicitors, without the offering of any big premiums, and lay their money on the counter for a newspaper, as they have done ever since the lower rates were announced. There has been no slackening either, as last week end saw the largest response yet, and every day this week has seen more coming in to either subscribe or renew.

One subscriber Wednesday said that he felt the paper was worth $2.00 of any man's money, and that he was glad to have the opportunity of getting it at half what he felt it was actually worth.

When you consider the fact that you are not getting just one paper each week, but actually getting two times that many, each one filled with interesting news about the people in the trade territory you know, then it is easy to see why people are enthusiastic about this bargain.

You get one hundred and four issues of the paper delivered to your home, if you live in Dawson or adjoining counties, for only $1.00. This figures less than one cent per copy, and many people report that they save enough each week by shopping the ads to pay a year's subscription to the paper.

The offer is for a limited time only, and you are urged to get your subscription in now, lest you be too late.

If your time will not expire for several months, you can pay one dollar and your expiration date will be set ahead a full year.

HOTEL REFINISHED

Workmen this week have completed the refinishing of the front and the lobby of the Williams Hotel. The stucco walls along the east side have been refinished in a cream color, and all the woodword has been repainted. The interior of the lobby has been completely refinished. The appearance of the holstery is greatly improved.

TO JOIN AIR FORCE

Word has been received by school authorities that Mr. Reuben Nele, teacher of history and physical education for boys, has made application for admission into the United State Air Service with cadet status.

Cowboys And Cowgirls To Take Over City As Fourth Annual Event Approaches

The Old West Will Live Again When Round-Up And Rodeo Is Unreeled Here Next Tuesday And Wednesday

A very good crowd followed the motorcades from Lamesa Wednesday and Thursday mornings to advertise the big rodeo here next Tuesday and Wednesday.

The motorcade visited twenty-two towns and were accorded a cordial welcome in every town visited. Besides other advertising material they carried along, they took two thousand copies of the Monday issue of the Courier with them and gave them out in all the towns visited.

Everything is in readiness for the opening of the big show, a spokesman for the association said Wednesday.

"The ball club will wind up their home stay Friday night, and Saturday morning we will begin the construction of chutes and pens," he said. "By Tuesday morning, we will have everything ready to go, prepared to entertain the largest crowd to ever attend an affair of this kind in Lamesa."

With the added prizes being offered to bring the total in cash to approximately two thousand dollars as well as hundreds more in saddles, Boots, hats, and merchandise prizes, the event here is sure to attract the top hands of this section of the country.

Beginning Wednesday morning, several Lamesa citizens have donned rodeo togs and have been wearing them since, to help advertise the affair.

Officials of the association expressed themselves as disappointed that more Lamesa people have not joined in the spirit of the ocassion and put on some piece of cowboy toggery and they ask that everyone join in and wear a piece of cowboy regalia until the rodeo is over.

Absentee Voting Will Begin On Monday Morning

Those Who Will Be Away Are Urged To Get Vote In For June 28th Election

Attention is called to the fact that Absentee Voting will start on Monday, and those who are going to be out of town on the 28th, are urged to cast their vote before going.

The Special Election to elect a successor to the late United States Senator Morris Sheppard, will be held on Saturday, June 28th.

Elmer Vaughn, Former Citizen, Dies Tuesday

Elmer Vaughn, brother of T. F. and L. B. Vaughn, and former resident of this city, died at a Seymour hospital Tuesday evening, following a short illness.

"Heavy", as he was familiarly known in Lamesa, was associated with his brothers in the operation of Vaughn Chevrolet Company here for a number of years, and later operated a service station. A few years ago he went to Red Springs, where his father and mother lived, to be near them in their old age, and he was still living there at the time of his death.

He is survived by his widow, two daughters, his parents, a sister, and brothers T. F. and L. B. of Lamesa, as well as a host of other relatives and friends.

Funeral services were held at the Baptist Church in Red Springs Wednesday afternoon at 3 o'clock. Interment was made at that city.

Besides Messrs. Vaughns, and families, a large number of Lamesans attended the funeral, and the large number of flowers were indicative of the large number of friends Mr. Vaughn possessed.

Many Graduates To Enter College From Lamesa

List Continues To Grow As Students Make Selection Of Schools They'll Attend

The complete list of the 1941 graduates of Lamesa High School who have requested college entrance transcripts to be forwarded is as follows:

Malcolm Harp, New Mexico Military Institute; Jo Ervin Bailey, Glenodine Esmond, Betty Hurt, Tomme Morris, Jimmie Earl Temple, Velda Lou Moore, Kathryn Norman, all to Texas Technological College; Lucille Blackmon, Sarah Branon, to Texas State College for Women; and LaNelle Johnson, Shannon School of Nursing.

Calvin Bell Goes To Stamford

Mr. and Mrs. Calvin Bell have moved to Stamford where Mr. Bell has accepted the postion as supervisor of the recreational project for Jones County." He succeeds Mr. Wendell Siebert, who changed from recreational supervisor to recreational director at the aviation camp, Snyder, at a considerable increase in salary.

In accepting this position, Mr. Bell has tendered his resignation as instructor in physical education in the Lamesa Elementary School.

Terry County Lets Contract For Road To Connect With Road At Dawson Co. Line

Expect To Have Road Completed By October 1st, Says Terry County Herald, Brownfield Newspaper

The Lee Moore Construction Co. of El Paso, received the contract for a turnkey job of the Brownfield-Lamesa highway here last week for the sum of $140,644.15. Work was to have started this week, but owing to the flooded conditions of the country work had to be deferred until the weather became dryer, which may be the latter part of this week.

The Commissioners Court had obtained the deeds for the right-of-way, which makes almost an airline toward Welch just over in Dawson County, where the highway will make connection with the Dawson county end. The Texas State Highway resident engineering department here had surveyed and blue printed the route and grades. The Commissioners Court had also obtained three good caliche pits, according to County Judge C. L. Lincoln, which were turned over to the contractors. Many here believed that this job would cost around $200,000.

This stretch of highway is 17 miles in length, and the contractors will grade, drain, put on some six or eight inch coating of caliche and hot top. In other words, it will be a complete job and the contractors hope to be able to turn the completed road over to the Commissioners by October 1, and they in turn to the State Highway Department. The Levelland road has already been accepted by the State.

In the meantime, it is hoped here that Lamesa and Dawson county will complete their end. They already have some ten miles completed out of Lamesa this way, and the other seven or eight miles graded and drained. It is hoped that this part will get a hot top by the time ours is completed. Hockley county is now working on their end of the road.—Terry County Herald.

Modern Texas Newspaper Plant

The Daily Eagle of Bryan, Texas, is now published in its modern new plant. The newspaper, which has a large circulation in the Bryan-College Station Area, is published by Mrs. Lee J. Rountree.

New Taxes Vs. Inflation And What It Means

By MORGAN M. BEATTY
AP Feature Service Writer

WASHINGTON — The treasury experts who planned the scheme now before Congress to raise $3,500,000,000 in new defense taxes next year hope they also are building a set of brakes against inflation.

The theory is that inflation happens when people have lots of money to spend. The more things they buy, the scarcer things get. The scarcer things gets, the higher go prices. Then the people's money won't buy so much, but prices tend to remain high—they are "inflated."

A noted British economist, John Maynard Keynes, now in Washington, prescribes heavy taxes in boom times to prevent people from spending enough to cause inflation. In times of depression he recommends buying power be brought up by public spending. Some economic experts here say the Treasury tax plan is an American version of Keyne's plan.

In any case, the defense spending boom makes the experts feel it is imperative that Congress plan against inflation. Prices are definitely on the upgrade, and the threat is doubled now that defense contractors are bidding for raw materials and ships are scarce to carry many of the things we need from foreign lands. There's danger of panicky buying under those circumstances.

The Treasury people made their tax plans with one eye on the national income, barometer of prosperity—or lack of it. The national income is the sum of all our incomes.

Experts estimate the 1941 national income at around $85,000,000,000—beyond the high water mark of 1929. Next year they expect it to go still higher.

This increase will be a temptation to every citizen who gets his little bit of it to go out and buy his head off, especially in these times when installment buying is so easy.

The question as the Treasury men saw it was to figure out how to keep increased income from rocking the financial boat.

First, they figured they could grab off that $3,500,000,000 in extra taxes. If the government taxes your money away from you, you can't spend it.

Next, the Treasury is going into the big money market and borrow $6,000,000,000 from banks, insurance companies, etc., who received it from you. If the government borbows your money, you can't spend it.

Third, Uncle Sam is selling defense bonds and stamps to low-wage people, housewives, children. If the government syphons your pin money out of your pockets, you can't spend it.

Finally, the Treasury experts assume that many people will invest large sums of money in defense industries.

All this sounds as pat as pie, but it is not pat. The Treasury planners know they're figuring on paper, that anything could come along and scramble their figures. Besides, they are fearful the new income tax rates won't take much money from the pockets of low-wage earners.

So don't be surprised next fall and winter if you hear talk about a brand new proposal to brake inflation. Most economists now call this possible new brake "forced saving." It might be traveling under another name by next year, but the idea is this:

On pay day the government steps in and takes, say 15 per cent of your pay check and hands you over a receipt. The receipt may be in the form of a bond, a note or what-have you. It is not negotiable. You can't use it for money.

The government says "We'll pay this back when the emergency is over."

Their idea would be that they were making you save money against the rainy day that inevitably follows a boom, especially a wartime boom.

Dixie Kilgore and J. A. Wyatt spent Wednesday in Hobbs, N. M., visiting with friends and transacting business.

Harold Simpson and Miss Helen Ross Simpson, son and daughter of Mr. and Mrs. Ross Simpson, left this week for Austin where they will enroll at the University of Texas for the summer session.

Robert Dixie Kilgore and Homer Simpson left Sunday for Detroit, Mich., where they will get new cars.

TEXAS OUT-O'-DOORS

Turkey Plantings Pay Dividends

Increases of from 200 to 400 per cent as a result of the planting of turkeys in managed areas by the Texas Game, Fish and Oyster Commission are noted in reports of game managers to the executive secretary of the Commission here. As reported recently, an area in Robertson county produced more than 300 wild turkeys from a planting of sixty-one gobblers and hens. Other interesting figures, which prove that by providing proper food and cover, game can be brought back, are reaching the Game Department office.

The Department has set up a score of turkey and deer restoration areas throughout the state by supplementing Commission funds with federal aid money. An area in Wharton and Colorado counties was stocked with a total of fifty birds, seven males and forty-three females. Eight months later a census of the area disclosed that here were at least 147 turkeys on the land. That is an increase approaching 200 per cent, and it is certain that all of the turkeys on the area could not be seen while the count was in progress. The area contained 8,225 acres.

From a stock of six males and forty-seven females placed on an area in Goliad County has come a crop of 250 birds, an increase of nearly 400 per cent.

An original stock of five males and forty-six females released on the Lorance turkey restoration project in Jackson County produced more than 150 birds, a count eight months later disclosed.

All the areas are new projects of the Texas Game Department and are now little more than a year old. Birds to be used for restocking areas are trapped by Department employees and transported all over the state to sections where the birds once thrived, but from which they have been shot out.

Rattlers Can Kill Quickly

That rattlesnakes can be deadly and that their poison can act very quickly is reaffirmed by a report of a Texas Game Warden. While patrolling near Pearsall recently the warden saw a large calf reach down to take a bite of grass, jump and then run toward him. The calf dropped within ten feet of the warden after running seventy-two paces and was dead within five minutes. Two cowboys nearer the calf than the warden when it was struck found a six and a half foot black diamond rattler which had fourteen rattlers. The warden killed it.

The snake evidently had not struck at anything for some time and its poison sacks were filled with venom.

The warden's report concluded: "It is not because boots are pretty that the Southwest Texas game warden wants to wear them while patrolling."

Think You Are A Good Shot?

Maybe you are better than the average when it comes to hunting ducks and geese, but if you are just an average hunter, your ducks are costing you considerable in ammunition alone. A survey made by a Game Department biologist of 308 hunters during the last season showed that they fired 10,705 shells in bagging 2,205 ducks. That is an average of 4.4 shots per duck. A total of 196 goose hunters fired 1,119 times to bring down 124 geese for an average of 9.6 shots per goose. Maybe you're not so chesty now. We're not!

Remember to take a boy or girl fishing with you whenever you can.

Austin, May 19 — New lakes, of which Texas is getting many, are being given special attention by the Texas Game, Fish and Oyster Commission without the Game Department neglecting its usual stocking and work on the older bodies of water. The lakes are being stocked heavily with small fish and some of spawning size. Results to date have been excellent, but more comprehensive tests will be made this year due to a large number of lakes being given special attention.

It is admitted that the Texas regulations on the size and number of fish allowed each day are wrong. The size limits should be larger and the creel limit smaller. Wherever the Department has been able to get special regulations the fish population has been increased tremendously.

For example, Lake Austin, at Austin, was closed for slightly more than a year. The Game Department stocked the lake heavily and scientifically. More than 500,000 black bass fry were placed in the lake, but no large bass were used for stocking purposes because bass are very cannibalistic and large ones would have eaten many of the smaller fish. However, crappie, bream and white bass of spawning size were planted. As they grew their offspring were of approximately the same size as the bass fry planted and thus cannibalism was cut to a minimum. As a result Lake Austin is probably the heaviest populated lake in the state at the present time.

Among the large new lakes which are being treated similarly this year are Possum Kingdom in Palo Pinto County and Lake Travis in Travis and Burnet counties. Almost 1,000,000 bass, bream and crappie fry have already been placed in Possum Kingdom and it is likely the total will reach 1,500,000. More than 200,000 fry have been planted in Lake Travis and a million and a half is the total planned for it.

The Game Department, according to the executive secretary, is attempting to obtain special regulations for these bodies of water. If they are obtained and the Department is able to carry on sufficient improvement work both those lakes should be fishermen's paradises next year.

* * *

Makes Pet of Nesting Quail

Don Carroll, seven-year-old son of City Officer C. D. Carroll of Ft. Worth used considerable patience to make a temporary pet of a nesting quail. Young Carroll found a quail setting on thirteen eggs near his home. Don went out daily to see how the bird was getting along. He approached a bit closer each day until he was finally able to reach down and pet the Bobwhite. He stroked the bird several days. She finally hatched eleven of the thirteen eggs and mother quail and her brood disappeared.

* * *

Mother Duck Meets Emergency

A mother mottled duck didn't let a "little thing" like high water destroy her nest, it is reported to the Game Department by the Colorado county state game warden. The warden and Ed Koy, owner of the land upon which the nest was located, found the bird pushing grass and weeds under its nest. They watched until the bird had elevated the nest eight inches. A heavy rain destroyed many prairie chicken, quail and duck nests, but this mother duck was, at last report, sitting pretty on a good dry nest.

Game Wardens As River Cowboys

An East Texas farmer has a cow and a calf grazing in his pasture now which would have been a loss had it not been for a couple of State Game Wardens. Two wardens, while on patrol duty, saw a cow stranded in a river with only its head sticking out. After much pulling, pushing and tugging by the wardens, the cow was rescued. The cow was heavy with calf and had evidently gotten so deep in mud and water it was unable to extricate itself. Patrol duty was continued after the rescue.

Stamford Reunion To Entertain For Many Sponsors

STAMFORD, May 27 — Cowgirl sponsors, representing the various towns and cities, will have a place on the official program of rodeo evests at the Texas Cowboy Reunion July 3, 4 and 5. All judging in the sponsor's contest this year will take place in the arena at regular performances, thus giving greater prominence to the towns which they represent.

Four prizes will be awarded, first prize being a handsome saddle, second, a pair of hand-made bootes, third, riding bits, and fourth, a pair of spurs. Judging will be based 60 per cent on the girl, her personality counting 15 per cent, riding togs and equipment 15 percent and riding ability 30 per cent. The remaining 40 per cent is on her horse, which is scored 10 percent on conformation and appearance, 10 per cent on equipment and 20 per cent on performance.

Besides their part in the rodeo program, the girls will ride in the big parade on July 3 and in the grand entry for each rodeo performance. The sponsors will be entertained with the annual sponsor's ball on the night of July 3, two open dances on July 4 and 5 and a chuck wagon dinner on July 5.

Mr. and Mrs. J. A. Wyatt left Thursday morning for their home in California after visiting with friends in Lamesa.

WOMAN'S PAGE

Mr. And Mrs. J. E. Oquin Have Been Residents Of Dawson County Since 1905

MR. AND MRS. J. E. OQUIN

Mr. and Mrs. J. E. Oquin came to the West, January 24, 1905, locating two miles north of Lamesa in the little town of Chicago. They entered into the general mercantile business with his brother, N. J., who had been in business there for two years.

On the 20th of March of the same year an election was held to determine which place would be the county seat of Dawson County, Chicago or Lamesa. The latter won by a small majority of votes.

After several days all of Chicago moved to Lamesa to help build a little city worth while. Mr. Oquin was one of the men who could see a great future worth staying for in Lamesa, so he bought his brothers interest in the business. He remained in this business for several years. He then decided to go into the feed, coal and wagon yarn business, remaining in this for several years before he closed out and put in a furniture store which he operated for a number of years.

Mr. Oquin was the first to build a brick building in Lamesa, which is still standing on the northeast corner of the square. It was built in the year 1915. The Oquin's have always been liberal contributors to the need of the churches and to civic affairs. Mr. Oquin helped to build the first Methodist Church in Dawson County.

Mr. and Mrs. Oquin are still very active and always ready for a joke with their friends, which are many. They have two daughters, one living on either side of them, Mrs. R. L. Meyers and Mrs. O. E. Dunlop.

This picture was made on April 4, which was Mr. Oquin's eighty-second birthday. The Oquins will attend a reunion at San Angelo this year which will meet June 7 and 8.

Mr. and Mrs. Oquin live at 1006 South Second.

MRS. A. M. BENNETT HOSTESS TO CLUB TUESDAY AFTERNOON

Roses and other spring cut flowers decorated the home of Mrs. A. M. Bennett when she entertained for the members and guests of the Pioneer Club Tuesday afternoon.

During the afternoon games of 84 were enjoyed with a delicious salad course being served at the conclusion of the games.

Guests attending were Mesdames W. V. P. Baker, Joe Barron, N. E. Bartlett, Dixie Kilgore, D. S. Day, J. A. Wyatt of Los Angeles, Calif., Ray Williams and the hostess, Mrs. Bennett.

MRS. AUDREY COX HOSTESS TO CLUB WEDNESDAY

Mrs. C. A. Hollingsworth was awarded the high score prize and Mrs. J. A. Wyatt and Mrs. M. Q. Martin were presented the Bingo prizes Wednesday afternoon when Mrs. Audrey Cox entertained for members and guests of the Wednesday Bridge Club.

During the afternoon games of bridge were enjoyed after which a delicious salad course was served to Mesdames Tom Burnside, M. Q. Martin, C. A. Hollingsworth, Louis B. Reed, A. M. Bennett, Dixie Kilgore, J. A. Wyatt, W. B. Collins and the hostess, Mrs. Cox.

MRS. JOE WHITLOW HOSTESS TO 42 CLUB WEDNESDAY

Mrs. Joe Whitlow was hostess to members and guests of the Wednesday 42 Club Wednesday afternoon at her home on North Third Street.

Games of 42 were enjoyed thruout the afternoon with a delicious salad course being served at the conclusion of the games.

Guests attending were Mesdames G. B. Mayfield, Stancell Clement, Earl Goen, Nelson Williams, Durwin Echols, Joe English, Olen York, Barney McKinney, Ebbie Lee, Oliver Cates, Carl Peterson and the hostess, Mrs. Whitlow.

MRS. TOM BURNSIDE ENTERTAINS CLUB TUESDAY AFTERNOON

Mrs. Tom Burnside was hostess to members of the Tuesday Bridge Club, Tuesday afternoon at her home.

Summer flowers decorated the entertaining rooms where games of Bridge were enjoyed. Mrs. J. E. Garland was awarded the High Score prize and Mrs. Jack McLaughlin and Mrs. Gilbert Watson were awarded the Slam Prizes.

Guests included Mesdames J. E. Garland, J. L. Sypert, Jack McLaughlin, Gordon B. McGuire, Gilbert Watson, M. C. Lindsey, W. D. Arnett, W. A. Wallace, Elzie Burleson, Roscoe Holton, Jack Phinizy, and the hostess, Mrs. Burnside.

PIANO RECITAL AT SPARENBERG MAY 22

The Sparenberg Music Class presented a recital May 22 directed by Mrs. Doc Gillispie at the Sparenberg School.

Those asssisting on the program were as follows: Nona Fay Davis, "Starlight Waltz"; Mary Davis, Song of the Drum"; Bernice Davis, "Moccasin Dance"; Oletta Allen, "Drifting"; Wilma Allen, "Gliding"; Betty Davis, "My Birthday Party"; Louise Davis, "Spirits of the U. S. A."; Mildred Watson, "Storm King"; Wanda Watson, "Juanita"; Jessie Mae Martin, "Rustic Dance"; James Ray Martin, "Silver Threads Among the Gold"; M. C. Burdine, "Minuet From Don Juan."

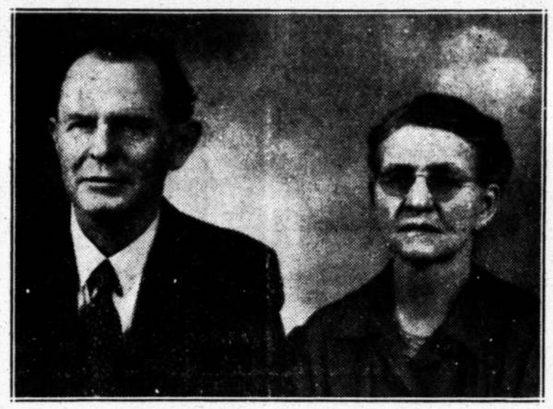
Ramond Hanson, "A. B. C. Waltz"; Patsy Bridges, "Song of Sweet Blair" Joe Ann Bridges, Song "Little Old Lady"; Phyliss Ann Green, "Blue Daisiess."

This group was also entertained in the home of Mrs. Monroe Davis May 29.

Refreshments which consisted of sandwiches, ice cream and cake were served to the guests.

Mrs. Blaine Wiggins, Mrs. Doyle Shillingburg of Brownfield and Mrs. N. F. Peterson are visiting with relatives and friends in Louisiana this week.

Mr. And Mrs. C. L. Gaultney Honored On 50th Wedding Anniversary Sunday



MR. AND MRS. C. L. GAULTNEY

On last Sunday afternoon, Mr and Mrs C. L. Gaultney, were honored on their Golden Wedding Anniversary at the home of their daughter, Mr. and Mrs. Millard McDonnell. Hostess for the ocassion were Mr. and Mrs. Claud Donham, Mr. and Mrs. Gus Schimidt, Mr. and Mrs. Oscar Eudy, Mr. and Mrs. Coley Hunt, Mr. and Mrs. Roy Gaultney and Mr. and Mrs. Millard McDonnell.

The receiving line was composed of Mr. and Mrs. C. L. Gaultney and their daughter, Mrs. McDonnell. As the guests arrived they were asked to register in the guest book which was presided over by Miss Wanda Louise Eudy, grand-daughter of the honorees. About 70 guests registered during the afternoon.

The tea table was laid with a beautiful lace cloth and centered with a beautiful bouquet of yellow roses, flanked with gold bells. The beautiful crystal service was presided over by Tommy June Hunt and Robbie Jean Hunt, granddaughters of the honorees. Punch and angel food squares topped with gold filling aided in carrying out the color scheme. Plate favors were yellow daisies tied with gold ribbon with "Lee and Emma, June 3, 1891" inscribed on it.

The reception suite was beautifully decorated with summer flowers, among which were many sent in by friends of the honoree.

Tommy June Hunt, Robbie Jean Hunt and Yvonne McDonnell, grand-daughters of the honorees, gave several appropriate readings during the afternoon.

Mr. and Mrs. Gaultney were married June 3, 1891, at Cross Plains and lived there until 1905, when they moved to Dawson County, where Mr. Gaultney has been engaged in farming.

Installation Of New Officers For O. E. S. Held Monday Evening At Masonic Hall

A Public Installation for the new officers of the Order of the Eastern Star were held Monday June 2 at 8 p. m. at the Masonic Hall.

The Hall was beautifully decorated with Spring cut flowers and pot plants.

The following program was given during the evening. Vocal Solo, Gus White Jr. Reading Angelina Jobe. Piano Solo Avalon Barkhurst. Vocal solo, Peggy Speck, accompanied by Tennie Marie Dyer. Reading Jo Evelyn Davis, Musical Trio Lavrae and Glenodine Esmond and Betty Hurt.

Installing officers for the ocassion were Mrs. Arpie White, Installing officer, Miss Ethel Barron, Installing Chaplain. Mrs. Ina Speck Installing Marshall and Installing Organist, Mrs. Erma Cannon, of Denison

New officers installed were Mrs. May Jones, Worthy Matron. Dell Barron, Worthy Patron. Mrs. Willie White, Asso. Matron. Clyde Brancon Asso. Patron. Mrs. Ellen Barron secretary. Mrs. Flora Leuenberger Treasurer. Mrs. Pearlie Bryant conductress. Mrs. Lois Cates, Asso. conductress. Mrs. Lucille Emond Chaplain. Mrs. Irene Bearden Marshall. Maggie Ireton Organist. Mrs. O'Day Miller Adah. Miss Willie Belle Cleveland Ruth. Mrs Inez Barron Esther. Mrs. Ruth Jobe Martha. Miss Olive Meadow Electra. Mrs. Melva Barkhurst Warden.

After the installation of the officers punch and cake was served to about 50 guests.

TENTH MONTH HOME-MAKING CLASS OPENS WORK JUNE 2ND

The group of girls that enrolled in the tenth month homemaking class, met Monday, June 2, for their first meeting. The class work for the month was divided into six groups, each girl being put into the group she chose. They were: dining room improvement, which will be the making of new curtains and upholstering the chairs; bedroom improvement, being the hemming of curtains and painting; kitchen improvement, consisting of the finishing of shelves, painting and laundrying the curtains; year-book, scrapbooks, and Red Cross work, which is the making of dresses for girls. Each group got well underway with their work.

Most of the work will be home projects. Some of the titles chosen were gardening, cooking, construction of garments, entertainment of family and friends, and home and yard improvement.

The teachers, Misses Florence Griffith and Mrs. R. H. Huddleston, will spend a good deal of their time visiting in each girl's home.

CAYLOS CHAPMAN RECEIVES DEGREE WITH HONORS

Two hundred degrees conferred at the University of Texas commencement exercises on Monday night bear the notation "With Honors."

Honor students of the College of Arts and Sciences, the School of Business Administration, the College of Pharmacy and the School of Law include Caylos Wendel Chapman of Lamesa.

Mrs. Ben Cason and daughter Cynthia, are visiting with relatives in Waxahachie this week.

MRS. LOUIS B. REED HOSTESS TO BETA SIGMA PHI MONDAY

Mrs. Louis B. Reed was hostess to members of the Beta Sigma Phi Monday evening at the Lamesa Country Club.

After a short business meeting which was presided over by Miss Betty Bratcher, president, a program was given on Home Building and Planning. Miss Bratcher gave a short talk on Mt. Vernon and the guests speaker, Edwin Forrest, talked on Home Building and Planning.

At the conclusion of the meeting sandwiches, pickles and Coca Colas were served to Misses Jessie Norris, Betty Bratcher, Edna Bedwell, Tamzy McCarty, Myrtle Henderson, Mesdames Rupert Austin, Herbert Caudle, Reed and Edwin Forrest.

RED CROSS GARMENTS MODELED AT STYLE SHOW TUESDAY NIGHT

On Tuesday evening a style show was presented, showing the garments made by our local war relief production workers of the American Red Cross of which Mrs. Louis B. Reed is the chairman. The show was given at the regular band concert on the courthouse lawn, with Miss Elizabeth Arnett doing the announcing.

The garments shown were the completed quota for June, approximately 50 garments being modeled by girls and boys of Lamesa and Dawson county.

The different types of garments shown were outing dresses for 2-year-olds, 35 of these have been made by the workers; plaid woolen dresses for 4-year-olds, 27 of these were completed by the Union Home Economics Department; hand crocheted shawls, 10 were shown; hand-knitted sweaters, 56 have been completed; plaid woolen dresses, junior ages, 63 are completed; boys' outing shirts, 50 completed. Kay Collins, dressed as a Red Cross nurse, carried a doll completely outfitted in a layette. The local chapter has made 50 of these layettes, each including 9 garments and other articles. All are hand embroidered and hand crocheted. The materials are of excellent quality and the garments were all very well made. Not only have the garments been made durable and practical, but extra time and thought was given to add touches of embroidery and crocheting to lend beauty to each little gown, cap and dress in order that a little happiness may be brought into the tragic lives of these stricken people.

Other articles shown were nine beautiful afghans made by O'Donnell High School and Grammar School students. These young people furnished the materials for these. Also afghans were shown that were made by students of the Lamesa Grammar School.

Girls and boys taking part in the style show were Nancy Hollingsworth, Anne Hollingsworth, Donna Jo Alexander, Carolyn Fay McMullen, Susanne Houston, Jane Houston, Wanda Sue Barron, Marilyn Lamphere, Ross Edward Ham, W. J. Beckham, Jr., Bill Boyd, Gene Ireton, David Mays Murray, Dan Davis, Jr., Charlene Weeks of Union, Caroline Weeks of Union, Lavonia Martin of Union, Martha Jane Womack of Union, Betty Anne Serface, Dorothy Nell Burleson, Janet Rogers, Anne McGuire, Oneta Esmond, Imogene Weeks, Key and Janet Weeks, Key, Betty Stanfield, Kathleen King, Betty Renner, Martha Gertrude Murray, Jerry Renner, Katherine Baldwin, Helen Ruth and Bobby Jo Shipp, of Key, Patsy Jo Rountree, Frances Bartlett, Patsy Gray Taylor, Carolyn Lou Tillman, Jean Smith, Sue Jean Bearden, Billy Grace Webb, and Betty Billingsley.

All the ladies of Lamesa and Dawson County should offer their services and help in some way or other this war relief work in our district. We should all take pride in Dawson County's contribution thus far and in this excellent work done by Mrs. Reed. This is work that must go on and on, and more and more workers are needed. This work knows no age limit, even school children, who cannot sew, can knit square for afghans. Please keep in mind that a new quota has arrived, and all workers are needed.

Mr. and Mrs. Clyde Privitt and son, Charless Lee, are visiting with friends and relatives in Amarillo this week.

F. M. Mitchell Jr., a student at Texas University the past term, is at home to spend the summer.

Jimmie McRay of Fort Logan, Colo., spent several days here this week visiting with friends.

Miss Eleanor Simpson, who has spent the past school term at N. T. S. T. C., Denton, returned to Lamesa this week where she will spend the summer visiting with her par-

Lamesa, Texas

Two Lamesa Men Injured In Wreck At Christoval

J. T. McDonnell and C. W. Martin, Lamesa residents, were seriously injured Wednesday afternoon when in a car accident near Christoval.

The accident happened when their car collided with one driven by a Mexican who was killed immediately. Complete details of the accident are not known.

Both Mr. McDonnell and Mr. Martin are patients in the Shannon Hospital in San Angelo. Mr. Martin's condition was considered critical at the last report while Mr. McDonnell received minor injuries.

Mrs. J. T. McDonnell and sons, Millard and Heston, and Mrs. John Kern left immediately for San Angelo when the message was received.

Clayton Barkhurst Seriously Injured In Car Accident

Clayton Barkhurst, son of Mr. and Mrs. Frank Barkhurst, was seriously injured in a car accident Monday morning about 2:30 in Los Angeles, Calif.

Clayton received a fractured skull, neck and back injuries. He did not regain consciousness until about 11 o'clock Wednesday night. Details of the wreck are not known.

Clayton left Lamesa several months ago for Los Angeles, where he is employed with a railway company.

NOLAN CHAPEL
Beth Davis

Betty Zane and Marjorie Jo Luck of Levelland are visiting with relative and friends here this week.

Lynette Barnes spent last week with Darlene Moore.

Sunday School and League were attended by small crowds Sunday and Sunday night. Brother R. B. Walden will fill his regular appointment next Sunday and Sunday night. Everyone come and be with us.

Edwin Easterwood, who has been attending Texas Tech, will leave Wednesday for Borger, where he has accepted a position with an oil refinery. He is now visiting his parents, Mr. and Mrs. H. E. Easterwood.

Iva Ruth Seay is spending this week with Mr. and Mrs. Carl Seay, and family of Wilson.

J. B. Neill has returned home for the summer after attending Texas Tech at Lubbock, during the past term.

Carlene Moore spent last Saturday night with Alta Faye White.

Mr. and Mrs. Bill Vines and son James of Lamesa spent Sunday with Mr. and Mrs. W. P. Davis.

Mary Ada and Marjorie Jo Luck, Betty Zane of Levelland, Mr. and Mrs. Hamilton and Kenneth, Mr. and Mrs. Mason Costin and Davie Mac of Stamford, visited Mr. and Mrs. C. M. Burton Sunday.

Those visiting in the E. M. Davis home Sunday were Mr. and Mrs. Dalton Myers of Wilson, Mr. and Mrs. Arcif Moore and family, Mr. and Mrs. Fred Hubbard and Joy, Joan and Billie Jean Neill, and Mr. and Mrs. Marvin Hamilton and Kenneth.

Mr. and Mrs. F. M. Seay and family and Jewell and Iva Ruth Seay, visited Joan and Billie Jean Neill Monday.

Alta Faye and Sue White visited Joan and Billie Jean Neill Monday.

Mr. and Mrs. Fred Hubbard and Joy, Mr. and Mrs. E. M. Davis and family, visited Mr. and Mrs. H. E. Easterwood and son Friday night.

Mr. and Mrs. O. W. Neill, Joan and Billie Jean, made a business trip to Lubbock Thursday.

Mr. and Mrs. Cliff Hubbard and Dana of Lamesa, visited Mr. and Mrs. Joe Hubbard Sunday.

Lamesa Loboes In Slump As They Run Losing Streak To Five Games Wednesday

The Lamesa Loboes have definitely been in a slump for the past several days and Wednesday night they dropped their fifth straight contest to the rejuvinated Clovis Pioneers, after losing three to Amarillo and one to Big Spring.

The Pioneers will complete their stand in Lamesa Friday night and the Loboes will take to the road again to be gone until June 14th, when they will be back home again.

The Amarillo Gold Sox were on a hiting spree when they arrived in Lamesa and throughout the series of three games here, they were never stopped. The Loboes made enough scores in practically all of the last several games they have played, to have won, but in these instances, the other team made more than enough.

The local club is in fourth place Thursday afternoon and have two more contests with the Pioneers in Lamesa. They dropped from third place during their slump, being replaced by Pampa. Amarillo, Wichita Falls and Lubbock are all right on their heels for the first division spot, and the Lamesa Club will have to get in high gear if they continue among the select four in the upper division.

Crowds for the local games have been the best for the current season and if they continue as they have for the past ten days, the financial worries seem to be over.

RICHARDSON
Mrs. V. W. McGee

Fred Posey, of Dallas has spent the past week with his sister, Mrs. Roy Hunt.

Mr. and Mrs. Jack Warren spent Saturday night with Mr. and Mrs. C. P. Amos of Lamesa.

Those who spent Sunday with Mr. and Mrs. V. W. McGee were Mr. and Mrs. G. R. Phillips and Mr. and Mrs. L. F. McGee.

Mr. and Mrs. Jack Warren and Mr. and Mrs. Gordon McGee spent a while Sunday night with Mr. G. R. Phillips.

Several from this community are attending the revival meeting at the Assembly of God Church in Lamesa this week.

Mrs. Jack Warren spent Sunday with Mrs. Sflas Reid of Lamesa.

Mrs. O. L. Williams was on the sick list but is better at this writing.

Mr. and Mrs. Cecil Medlin and Miss Frankie Barrett accompanied Mrs. Isaac Medlin to Lovington, N. M., Wednesday, where she will spend several days visiting with relatives and friends.

Caylas Chapman, student at the University of Texas, Austin, returned to Lamesa this week where he will spend the summer.

History Contest Winners Return From Trip

By Wilma Lee Robertson

The children who won the Dawson County History contest and their chaperones left for their trip at 7:30 Friday morning. There were 42 children on the bus and two cars. They arrived at Carlsbad Cavern near noon and started thru the Cavern at 12:30. Returning from the Cavern about 5:30 they camped for the night about 56 miles from El Paso.

Early Saturday morning they drove into El Paso where they were given a two hour rest period. After lunch they visited the Army Camp School of Mines, other schools and points of interest. The afternoon was spent on an interesting trip to Juarez, Mexico. Then the group returned to the Lone Star State to camp on the Rio Grande for the night.

The following morning they attended Catholic Mass at Las Cruces, New Mexico. After a tour through the scenic drive of the White Sands and a visit to a lumber mill, the party headed for Ruidosa to camp in Lincoln National Park for the night. The group returned home Monday, bringing with them pleasant memories of an enjoyable as well as an educational trip.

Chaperones on the trip were Mr. and Mrs. Henry Norris, Mr. and Mrs. Ponder, Miss Vivien Cook, Miss Harrell, Mr. Lloyd Harris, Mr. Kilmer Corbin and Mr. McCarley.

Lutheran Bible School Is Successful

Vacation Bible School opened at the Lutheran Church at corner of South 5th and Katherine, Monday morning with an early enrollment of ten. This was increased by three the second morning of the school.

This is the first time a Vacation Bible Schools has been conducted by the Lutheran Church in Lamesa and it is proving a real success, stated Rev. Sager, the pastor.

The pastor urges all parents who have children between the ages of 6 and 14 to give them this opportunity to make an intensive study of the Bible and learn some of the most treasured children songs.

Plans are being made to have a special program on the evening of the closing of the school, June 13, in which the children will take part. All the parents and friends of the children are invited to come to this special program at 8 p. m.

Mr. and Mrs. M. R. Hall are visiting with friends and relatives in Merkel this week.

Angeline Warren and Dorothy Lee Hall spent the week end in the home of Mr. and Mrs. James T. Crumbley.

Mrs. Weldon Lindsey left this week for N. T. S. T. C., Denton, where she will attend summer School.

Selectee List Is Slightly Revised For June 16 Call

The list of selectees to be inducted in the army from this county, in call No. 17 has been slightly revised since it was published last week, according to L. E. Eager.

The six men listed below will be taken by special bus from Lamesa to Fort Bliss, leaving Lamesa about 8:30 a. m. from in front of the local board office on North Austin. The revised list is given below.

No. 437 Caviness, Elbert Henry.
1495 Dossey, Albert Burnice.
996 Dossey, Charlie Loyd.
172 Bradley, James Orville.
518 Poitevint, Jay T.
628 Etchison, Wymoth.

Lamesa Lions To Run Carnival Here Next Week

Lamesa Lions have been assigned to various posts at the carnival they will sponsor next Tuesday and Wednesday during the Fourth Annual Rodeo in Lamesa, according to information released Thursday by Henry Norris.

Merry Mix-up, Louis Davis.
Kiddie Kar Rides, Dick Collins.
Loop 'O Plane, Vernon Adcock.
Merry Go Round, Emmett Boren.
Novelty Shooting Galery, Joe Clark.
Doll Rack, W. L. Marr.
Guess Your Weight, C. E. Cameron.
Penny Pitch, H. T. Campbell.
Hoop O La, Don Emory.
Bingo, John Allen.
African Dip, Oliver Cates.
Rat Game, W. W. Griffith.
Jingle Board, Bud Speck.
Roy Bean Court, Joe Whitlow.

It may readily be seen from the above, that there will be lots of fun for every visitor who attends the carnival, so make your plans now to be there. Proceeds will be used in the glasses for underprivileged children fund.

Misses Virginia and Frances Lindsey, who have been attending Baylor University at Waco, are here to spend the summer with their parents, Mr. and Mrs. M. C. Lindsey.

Superintendent's Report Reveals Interesting Facts About Schools

The Superintendent's Annual Report to State Department of Education Authorities contains some 20 items, covering principally the faculty members and other employees, the number of pupils in the respective classes, the cost of instruction and other services, the value of buildings and equipment and also equipment added during the year.

Among the teaching personnel, there are two principals of white schools and forty-three teachers, and two teachers in the colored school. There have been four teachers of special subjects under the National Defense Act, eight workers in the lunch room, two workers in the rest rooms supervision, and two librarians. These latter we have under the Works Progress Administration Authority. There are two clerical employees assigned to school offices and the tax officer and three building caretakers to complete the list of persons working under the Lamesa Independent School District authority.

Salaries paid for white teaching service was $53,410. The amount expended for teaching service in the colored school was $1,350.

The report on teaching certificates show that among the forty-six white teachers that 28 hold permanent high school certificates, that three hold permanent certificates based on degrees, that one holds a permanent normal school certificate, seven hold permanent elementary certificates, two hold the first class high school certificate, and there is one holder of the permanent primary certificate.

In the item of academic and professional training, three hold Master's Degrees, 38 hold Bachelor's Degrees, and the remaining five have had three years college credit or more. One of the colored teachers holds a Bachelor's Degree and the other has had three years college work. One holds a permanent certificate based on degree and the other a permanent elementary certificate.

Under the item of experience for white teachers, four have taught one year, three—two years, one—three years, two—four years, two—five years, fourteen have between six and ten years, eighteen have taught between eleven and twenty years, and two have taught twenty-one years.

The time of teachers in the Lamesa Public Schools: Nine have been here one year, seven—two years, five—three years, six—four years, one—five years, and eighteen between six and sixteen years. One of the colored teachers has taught more than eleven years while this is the second for the other, and one of them has been in this district for eleven years or more, and the other has been here two years.

Under the item of pupil gross enrollment, 610 pupils were enrolled in high school and 1236 were enrolled in the elementary school. Fifty-seven were enrolled in the colored school. The total gross enrollment reached a new high with 1903 pupils. The previous high enrollment was reached in 1939-40 when 1879 pupils were accounted for. The losses during the school year totaled 392 which was twelve pupils fewer in the white schools than in 1939-40. There were 84 graduate—35 boys and 49 girls. This was nine fewer graduates than in 1940. The colored school has not yet had an eleventh grade and consequently has no graduates.

The values placed upon school property based on original cost, for the elementary school buildings and school furniture and sites was valued at $167,611. For the high school, these values are $237,850, for a total of $405,461 for white schools. For the colored school, the totals are $5,894 for a total of $411,355 for white and colored schools. In the items of teaching equipment of various kinds, $20,581 is the value of equipment for high schools while the colored school has only $165.00 worth. The total for equipment is $20,737 which brings the value of white and colored school properties to a total of $432,092. Two hundred and nineteen library books were purchased this year to bring the total values in public school libaries to $4,684. There are 1780 pupil desks, 187 study hall desks, and there are 1616 auditorium seats in the three auditoriums.

The schools have been organized on what is known as the 7-4 plan for eleven grades—seven grades in the elementary school and four in high school.

The assessed tax valuation for the district is $3,881,137. The tax rate is $1.00 being divided 60c for maintenance and $40 for bond issues.

The enumerated scholastics in this district for 1940-41 were 1608 white pupils and 75 colored pupils. The number of white pupils enrolled in the school during the year was more than 200 in excess of the enumerated scholastic population. This is accounted for by transfers into the district of more than 100 pupils and the moving into the district of the others. The decrease in the colored population is reflected in the 1941 census indicates the reason for the colored school enrollment being below the 1940 school census.

In addition to the 1903 pupils in the regular school classes, the Lamesa Public Schools under the State and Federal Authority has sponsored other classes for boys and girls out of school and for adults. Two of these classes are known as Trade and Extension classes, the only local expense being that of furnishing rooms. One of these series was conducted by Mr. P. G. Moore, for sixty-four business and professional men and women for thirty-four pupils. The other was conducted by Miss Wilson for thirty pupils. There are six classes conducted in the district under the National Defense Act, one of these is for young women with thirty pupils enrolled. There are three light metal welding classes which had an initial enrollment of sixty-nine pupils. There is one class in automobile maintenance and repair which began with an enrollment of twenty-four. In a class in radio transmission and reception, twenty-one pupils were enrolled, thus, there have been 178 pupils who have taken courses under the auspices of the Lamesa Public Schools in addition to those regularly enrolled in the day-time classes.

In addition to the Defense and the Trade and Extension Classes, there was a class in part-time commercial subjects which met in the high school building three afternoons per week for this school year. The average attendance in this class throughout the year was 14. The enrollment was twenty. This brings the total of adults and out-of-school persons who have had opportunity to benefit by courses to 198.

Attention is called in the report to the services rendered by employees of the W. P. A. who are assigned to public school activities in the lunchroom, the two libraries, and the two supervisors of girls' rest rooms, and to the teachers of the defense schools and trade and extension classes. The salaries of all these employees were paid by Federal funds. Other Federal funds were available to thirty white pupils and two colored pupils in the amount of $192 per month to work under National Youth Administration auspices in the Lamesa Public Schools. The only expense to the Lamesa Independent School District for the lunchroom project has been that of utilities and some small equipment; and for the defense classes the cost has been for furnishing rooms in which the classes could be held.

June graduates are the result of a Plan

Let us show you how your children can have a college education thru YOUR thrift and OUR savings plan.

HANCOCK
Jack Meares, Jr.

Last Friday morning about 7:30 was a very gala affair for about fifty boys and girls of Dawson county, who with their teachers left on a visit to points in Texas, Old Mexico, and New Mexico. Those going from Hancock were Mary Lynn Bell, Dot and Joyce Filpot, Ima Elaine Miller, Quata Jo McLendon, Naomi Pounds, Bonnie Faye Nelson, and teacher, Irene Harrell; Messrs. Loyd Meares, Bob Butchee, Bud Miller, and teacher Mr. Corbin. The students won this trip in the history contest, for the window they fixed up showing the relics of the early days of the community. They returned home Monday, and all report a wonderful trip.

Sunday School has picked up a little. There were 63 present. We invite everyone back next Sunday and bring some one with you. We are trying and working towards having the largest crowd possible present Sunday.

Brother W. H. Burns of Lamesa filled his regular appointment Sunday morning and Sunday night.

Rex Burns of Lamesa spent Sunday visiting Glen Chapman.

Prayer meeting was not so well attended. There were only eighteen older people present. Mrs. G. M. Hughes was the leader of a very interesting program.

The young peoples prayer meeting was very poorly attended, with only three present. All the young people are invited to come next Sunday night when our lesson will be "My Father's World." Gene McLendon will be the leader.

Several from the community attended the special singing at the Missionary Baptist Church Friday night.

All of the farmers are busy planting or replanting their crops.

The Baptist WMU met Monday afternoon at the school house.

The Methodist WMS met Tuesday afternoon at the school house.

Mr. and Mrs. J. J. Stephens of Big Spring visited Mr. and Mrs. K. Stephens last week.

Mr. and Mrs. N. W. Harvick visited in Tahoka Sunday.

Mr. and Mrs. Brooks McNeil of Andrews visited Mr. and Mrs. G. W. Nelson last week.

Henry Nelson of Fort Bliss spent the week in Lamesa visiting with his sister, Mrs. Bob Allen.

J. D. Dyer Jr., who has been attending Texas University the past term, is home for the summer with his parents, Mr. and Mrs. J. D. Dyer Sr.

J. M. Wood returned Sunday from a week's visit in Salt Lake City with his sister, Miss Opal Wood.

Mrs. Gerald Mann Helps Husband In Political Work

A wife and mother, a playmate and companion, a gracious hostess and an efficient worker is Mrs. Gerald C. Mann whose hazel eyes sparkle when the date, "June 28th" is mentioned.

For June 28th will decide her husband's immediate political future, whether Senator or Attorney General, and whatever the outcome, Anna Mary Mann will be beside her husband, a smiling helpmate.

At Attorney General Mann campaigns over the state, Mrs. Mann types letters and addresses envelopes in the Austin headquarters of the "Mann's the Man for Senator" Club and comes back to their white frame, white pillared cottage at the end of the day to wait for a telephone call from "Jerry", to listen intelligently and understandingly to his report of the day's activities.

In between working and waiting, this slim and vital young woman finds time to keep a perfect house, all white walls, subdued rugs, gay chintzes, and the home of two-not-too-perfect children. For Gerald Jr., 10, and Lola An, 8, are typical American school children — healthy, hearty and human.

Mother and children get up each school morning at 6:30 and eat a bountiful breakfast—not toast and coffee for the Manns—but eggs and sausage and preserves and cereal and toast and milk. The children are driven to school early by Mrs. Mann for Jerry Jr., is a member of the Safety Patrol, and has to be at his post early.

Lola's in the low fourth and Jerry the high fifth grade. Lola, a little more studious than Jerry, has never made below an A. Jerry manages his other activities and still is able to have better than a B average.

Mrs. Mann, who says the family never has "breakfast, luncheon and dinner, but breakfast dinner and dinner," makes her menus by the week and tacks them up in the kitchen. Only mishap thus far in the 12 years of married life was the colored girl who came to help and couldn't read. A splendid cook herself, Mrs. Mann has just finished a batch of preserves, which, again with that twinkling eye "she hopes get to go to Washington."

With her feet tucked up in a large wing chair, and looking more like a university student than a very capable young matron, Mrs. Mann spoke of week-ends when "Jerry" was home with quite a bit of longing. For, it seems, Saturdays are family days at the Manns' and "Pop" always takes the children to a show, or horseback riding. Sunday morning the entire family is scrubbed, brushed and shined to attend the University Methodist church in Austin. Then on Sunday afternoons, Lola might play proficiently on the piano.

Lola, however, would act the pianist only if Jerry Jr., were there, for she goes where he goes, and does whatever he does. Jerry Jr., who has a mind of his own at ten-going-eleven-in-July, says "Don't guess I'll ever be a lawyer like my pop — guess I'll be a doctor." So, Lola will be a doctor, too.

Mrs. Mann has always accompanied her husband and when Gerald Mann was Texas Planning Board representative, she was called "The only fully satisfied person in Washington" because she wanted nothing more than her home and children and husband, wherever the home of whatever the circumstances.

The children start at 7:30 in the evening to bathe and brush their teeth, and, perhaps the only thing not quite normal about them—they don't mind going to bed. That is, not often.

After that "Mom" and "Pop" have time for their magazines and their books, which are spread carelessly and comfortably about the house—for their radio and victrola, which constantly plays Mrs. Mann's favorite waltzes — and for their discussion of life and politics, subjects on which their are both extremely well informed.

When the Manns lived in Dallas, Mrs. Mann was active in the Parent Teacher association and other civic organizations. In Austin, however, Red Cross work, her campaign headquarters work, various activities with the other wives in the Attorney General's office and her home have left Mrs. Mann with little time for clubs.

Before their Austin cottage, Mrs. Mann has planted flowers in reds and yellows and all gay colors, but pride of her life are the morning glories beginning to wind up the posts, which, with that twinkle again, she "hopes will be in bloom by June 28th."

HIGGINBOTHAM
Mrs. Logan Cozart

Sunday School and Church services were well attended. Rev. R. C. Guest filled his regular appointment both morning and night.

Everyone come to church next Sunday. Mr. W. A. House will deliver a message.

Mr. and Mrs. T. L. Smith and daughter and Faye Sanders made a trip to Lubbock Monday.

Two Big Parades To Be Feature Of Annual Rodeo

Chief Of Police Phinizy To Have Charge Of Colorful Downtown Demonstrations

Visitors to the Fourth Annual Rodeo in Lamesa next Tuesday and Wednesday are in for some real entertainment before the Rodeo ever starts.

A mommoth parade will be staged each afternoon before the entertainment at Lobo Field gets under way, under the supervision of Chief of Police, Jack Phinizy, who is noted for his ability to organize and execute the most gigantic and interesting parades held in this section.

The parade will see hundreds of saddle horses mounted by cowboys and cowgirls, chuck wagons, and various types of horse drawn vehicles, band music and hill billy music, clowns, etc.

The parades will be held each afternoon beginning shortly after lunch, and be completed in plenty of time for the rodeo performances beginning at 2 p.m.

CARD OF THANKS

We wish to sincerely thank our friends for their many kindnesses shown us at the death of our husband and son-in-law, Lyman Gilliland of Carlsbad, N. M. We thank all for the beautiful floral offerings.

May you have such friends in your time of needs is our prayer.

Mrs. Lyman Gilliland and children, Carlsbad;
Mr. and Mrs. J. C. Perryman and son, Jack;
Mr. and Mrs. Virgil Tolliver.

Floral Cotton

Flowered cottons are in the order of the day for summer wear, the National Cotton Council reports. This sheer cotton dress is one of a series featuring rose designs. The full bloom of the double climbing rose combines with the twining foliage in a small allover pattern. Tiny pleated ruffles edge up the square neckline, sleeves and pockets while novelty buttons and belt pick up the gayest color in the design.

Evening rodeo performances will begin promptly at 8 p.m.

Chief Phinizy asks all who desire to enter these parades, please contact him at the earliest possible moment, so that he may complete the preliminary plans, that the parades may go off on schedule and with dispatch.

In former years these parades under Chief Phinizy, have been one of the outstanding features of the annual celebration in Lamesa.

ADDITIONAL QUESTIONAIRES

The Dawson County Local Board announce this week that questionaires have been sent to registrants whose Order Numbers are 1151 to 1199, inclusive. Additional questionaires are being mailed out almost every week.

Dr. Cox Says:-

"The importance of 'feeding for fitness' as a part of the national defense program cannot be overemphasized, because proper nutrition is the basis of health and physical fitness," states Dr. Geo. W. Cox, State Health Officer.

"America is beginning to realize that intellingent selection of the proper foods necessary to maintain optimum health is more important than merely eating food without regard to its nutritive qualities.

"In a comparative study made on the health of school children in two widely separated districts—one in an agricultural community and the other in an industrial area — a large percentage of the children from the farming sections were found to be malnourished, while those from the industrial area were in better shape physically.

"Although milk and other dairy products, fruits, and fresh vegetables — all of which are essential to a well-balanced dietary, were readily available in the farming sections, the children had been allowed to indulge their preferences for less familiar and less nourishing foods, with the results already mentioned above.

"Certain factors that affect nutrition — and not all of them apply to food — must be given consideration in 'feeding for fitness.' The State Health Department would stress the importance of the following:

"First, the diet must be adequate; it should include on a day-to-day basis, a generous supply of the protective foods — milk, fruits, vegetables, eggs, whole-grain breads and cereals.

"Second, sufficient sleep and rest to maintain a good physical condition.

"Third, remediable physical defects, such as decayed teeth or diseased tonsils, should be corrected in the individual to insure the best utilization of food.

"Fourth, correct elimination is essential in the utilization of food.

"Fifth, exercise and fresh air are needed to stimulate the appetite and give tone to the physical condition.

"Sixth, good posture aids digestion."

Mrs. Claud Cannon of Denison spent the week end here visiting in the home of her sister, Mrs. Walter Jones.

Ralph Stuart spent Sunday in Lubbock visiting with friends and transacting business.

Miss Geneva Sellers spent Sunday in Levelland visiting with friends.

Mr. and Mrs. Howell Adams of El Paso and Mrs. O. S. Sterns of the Stearns Ranch, near Carrizozo, New Mexico, spent the week end here visiting in the home of Mr and Mrs. Clyde Adams.

The urban population of the United States is older, on the average, than the rural population, the 1940 census shows.

Merchants Offer Additional Rodeo Prizes

Additional prizes to be given by merchants of Lamesa in the different Rodeo contests here June 10 and 11, were announced today. This list is not complete, however, as the committee is still working and several more prizes are expected and will be announced later.

Up until noon Monday, the following prizes have been listed in addition to the cash prizes:

Cowgirl Contest:

First Prize — $100.00 Saddle donated by First National Bank, Lamesa National Bank, Higginbotham-Bartlett Co., Texas Electric Service Co., and Green Hut Cafe.

Second Prize — $35.00 Elgin Wrist Watch, by Dal-Paso Drug.

Third Prize — $25.00 pair of Olson-Stelzer Boots, By Baldwin's.

Fourth Prize — $15.00 Piece of Luggage by Hurt's.

Fifth Prize — $7.50 Hat by Bryant Link Co.

Calf Roping:

$125.00 Saddle by West Texas Cotton Oil Company of Abilene, Plainview, Slaton, Littlefield and Brownfield.

Saddle Bronc:

$100.00 Saddle by Lamesa Rodeo Association.

Steer Riding:

$25.00 Pair of Shop-Made Boots by Pruitt Boot and Shoe Shop.

Bulldogging:

$15.00 Stetson Hat by Collins.

J. C. Penney Company will give rodeo trousers and several others will also give trousers, shirts, and other apparel.

The saddles listed above are handmade saddles made by the Texas Tanning Company at Yoakum, Tex.

Demonstrator Makes Food Supply Plans

The making of a plan to produce food and feed enables one to see more clearly the amount of food and feed needed. Mr. and Mrs. R. W. Mitchell, of the Woody community, are making plans whereby they will have as much of the food which can be produced here as they will need to have a balanced diet. Their plans include a small garden near the house with a good size garden in the field. Nineteen varities of food have been and are to be planted. These varities will include greens, beans, radishes, onions, carrots, pumpkin, squash, turnips, corn, potatoes, tomatoes, pepper, cabbage, cucumbers, beets, okra, aspargus, rhubarb and cushaw. (The asparagus will be planted this year and will be transplanted in the fall. The rhubarb, is a garden fruit, excellent for pies and sauces. Plants may be set out now, and if well cared for will yield a nice quantity next year)

A supply of feed to feed the dairy cows, the poultry flock and the meat animals is being planted. In the fall of the year, it will be interesting to see the supply of food and feed produced and conserved by Mr. and Mrs. Mitchell.

Mr. and Mrs. Lex Brock spent Tuesday in Post where they attended the funeral of Bryan Mathis

"Where Your Money Buys More"

Ivan Bullard, Rt. 2, Is Winner Of Letter Writing Contest For This Week

Another winner is announced this week in the letter writing contest. It is Ivan Bullard, Star Route 2, Lamesa. A check for $1.00 has been mailed to the winner and the letter placed in competition with other winners for the big prizes of $20.00 and $10.00 to be awarded at the end of the contest.

If you entered this week and failed to win, try again as there is a new contest each week, and in next Thursday's Courier, your name might be the winner.

Each week a $1.00 cash award is made for the best letter and these ten winners will be placed in competition with each other for the grand awards. Complete rules for the contest will be found printed below and you are urged to get your entry in now. The winning letter for this week is given below:

> "I like the Twice-A-Week Courier because of the extra time and money it saves in shopping and the early news that reaches you before it is a week old."

Readers of this newspaper will be $40.00 richer as the result of this unique contest, which opens this week. Ten readers are going to be awarded $1.00 each and two out of that ten are going to receive larger awards. One will receive, in addition to the $1.00, a cash award of $20.00 and another will receive an additional $10.00 in cash, above the $1.00 mentioned above. Complete information as to how to win is given below.

The Courier will offer a Cash Award each week of $1.00, with a Grand Prize of $20.00 in cash and a second prize of $10.00 in cash for the best letters on "I Like the Twice-A-Week Courier Because" or "I Like to Shop in Lamesa Because . . ."

Just write a short letter of not more than fifty words on either of the above subjects and bring or mail your entry to the Courier, Lamesa. All entries for each week must be in the office by not later than noon Wednesday to compete in that week's awards. The campaign will be conducted for ten weeks, and the weekly winners will be judged for Final Grand Prize at the end of the contest. In case of ties, duplicate awards will be given.

Remember, there is no catch, no fancy writing necessary, just sound plain reasons why you like the First of the Week Courier, or why you like to shop in Lamesa, may win you $1.00, as well as the $20.00 or the $10.00.

You may enter the contest every week, and remember, if at first you do not win, don't give up, yours may be the winner next week or the next.

The letters will be judged solely on the reasons given and the decisions of the judges are final. All entries become the property of the Dawson County Courier.

So get your pencil and paper out now. Enter this easy contest. It is open to every reader of the Courier and you have just as good an opportunity to win as anyone. But you can't possibly win unless you enter, so don't wait, get your entry in now.

HATCH FOOD MARKET

Phone 57 — Free Delivery "The Friendly Home Owned Store" Corner North Second and Main

Wacker's–

(Continued from Page One)

GE Water Cooler.

The store is divided into fifteen general departments embracing thousands of items at 5c to $5.00. The Candy department runs 27 feet down the west wall. It is in white and strictly sanitary. Indirect fluorescent lights are used in the cases.

S. Baker, district manager for the Wacker Stores, of Hobbs, New Mexico, has been in Lamesa much of the time during the past few weeks, and during the past week every manager in West Texas has been here assisting the local force in getting the store in readiness for the opening Saturday.

Mr. Wacker, as well as other company officials, are expected in Lamesa for the opening Saturday, at which time souvenirs will be given to all who attend.

Lynn Edwards, who has managed the store here for some time, will continue in that capacity, and will have Mr. J. D. Nixon as assistant.

They expect to have at least 35 employees for the opening to take care of the hundreds of people who are expected at the opening.

Allen and Waller were the general contractors on the building, with the Lubbock Sash and Door Company doing the glass work. Ashley Electric Shop the electrical installations, John Strong the painting and decorating, and Lamesa Plumbing & Heating Company, the plumbing.

The new store is located on the north side of the square and occupies the buildings formerly occupied by the old store and the one by Hatch Grocery.

Award–

third is indicated above.

The award wil lbe available next year to the graduate making the highest grades with the 1942 class.

Drive Starts–

(Continued from Page One)

Let's do all we can to make the USO drive in Dawson County reflect the real measure of our patriotism.

R. R. (Rupert) Townsend. County Chairman, United Service Organizations for National Defense Incorporated.

Firemen Make Quick Work Of Oil Mill Fire

A fire alarm recently, sent the dapartment to the Lamesa Cotton Oil Company where fire had broken out in the top of a seed elevator.

It was early in the morning and only Marvin Standefer and Rueben Kelly, members, and M. L. Standefer, son of Luther, answered the alarm. When they arrived they discovered it was impossible to use ladders and they had quite a time getting the 2 1-2 inch hose to the top of the shaft. They had to climb through the rafters and braces as best they could.

Although M. L. is too young to belong to the department, he nevertheless did a man's job at this fire, and the flame was extinguished with practically no damage.

LOTS OF FRUIT

Von Roeder Seed Farms have a nice fruit crop this year, although there was some hail damage. They will still have approximately 4,000 bushels of peaches and plums. The fruit is beginning to ripen and will be plentiful in ten days. Watch the Courier for their Peach Ad.

Hilburn Gilliam of Galveston is visiting with friends in Lamesa this week.

SAND

Julia Grayson

We hope all remember Sunday is our regular preaching Sunday and plan to attend all services.

Mildred Wyrick of Tulia is visiting her grandparents, Mr. and Mrs. W. L. Lee.

Mrs. Bill Daniels and daughter returned home Wednesday from Paducah where she visited her sister, Mrs. Jim Conway, who is ill.

Mr. and Mrs. J. O. Webb and Milton have returned home from Duncan, Oklahoma and Montague. At Montague they attended an old settlers reunion.

Mrs. Ellen Payton was honored by a visit from her son and family of Oklahoma, Mr. and Mrs. Ben Payton of Ropesville, and Mr. and Mrs. Green and daughter of Brownfield.

Ruth Lee spent Friday night with her sister, Mrs. Lawrence Henderson of Seminole.

Inez Bishop of Union spent Friday night with Hazel Haley.

Mr. and Mrs. H. A. Welty had the following visitors Sunday: Mr. and Mrs. Marcus Crow and family of Big Spring, Mr. and Mrs. Arthur Cohorn, Mr. and Mrs. Marshall Cohorn and sons of Union, Mr. and Mrs. Nolan Currie of Lamesa. Mr. Welty was celebrating his seventy-fifth birthday.

A little son was born to Mr. and Mrs. Fred Nichols Thursday.

Mrs. M. A. Lee and Doris attended a homecoming at Abilene Sunday.

Bro. Patty preached Sunday, and he and Mrs. Patty were dinner guests of Mr. and Mrs. Z. T. Gilcrease.

Mrs. Keith Lee and baby, returned to Macos, Colorado, with Bob and Young Lee, and Mrs. Lee's mother, last Thursday.

Mr. and Mrs. J. M. Haley gave a dinner Friday evening complimenting Mr. and Mrs. Pete Minter. They received many useful and beautiful gifts.

Alameda Kee of Lamesa visited Frances Knox one day last week.

Representatives Of Safety Cities

Eight cities won awards in a safety contest sponsored by the Texas Safety Association. Representatives of the cities included (left to right) Louis S. Witte, mayor of San Benito; C. M. Bethany, member of the Chamber of Commerce safety committee of Bryan; John Calhoun, mayor of Corsicana; Randal Morrow, chairman of the city safety committee of Tyler; J. M. Welch, Dallas chief of police; Elbert Williams, mayor of University Park; and Ross Rogers, mayor of Amarillo. Sweetwater was the other winner.

Automobile Dealers And Merchants Invited To Enter In Mammoth Events

Chief of Police Jack Phinizy, who will have charge of the two big parades which will be held before each Rodeo performance on Tuesday and Wednesday, asks the cooperation of every person in the town and county, both from the standpoint of those participating, and spectators alike.

"Above all things, we ask, is that the intersections where the parades will go, be kept clear and open," Phinizy stated. "In the past we have had trouble at these intersections from the spectators who jammed the space where the parade was due to go. For that reason we are giving the exact route these parades will follow so that you may station yourself ahead of time at the best vantage points, and still keep these intersections clear."

The parade will form in front of the old Band Hall on North Houston Street, go south to the Williams Hotel corner, then east to the corner of the square, north up the west side, and on around the square back to the southwest corner, and thence south to the rodeo grounds.

In connection with the parade, Chief Phinizy states that everyone who wants to is invited to join in. Automobile dealers and merchants are invited to enter cars and decorated floats in the parade.

"We have already had many inquiries about the parade and we are sure that it will be the largest affair of this kind we have ever experienced in Lamesa," he said.

The parades will be held right after lunch each day, and will be climaxed as the gates for the rodeo open.

BRITAIN COULD USE ANOTHER LAWRENCE

Great militarists have crossed and recrossed sun-scorched plains of the Middle East since the dawn of history. Today Britain would swap them all for one more Lawrence of Arabia.

It needs him in this cockpit of the East, again in the middle of an imperial conflict born in Europe. In the drama of war, as it unfolds, are Germany, seeking to expand eastward to gain rich oil deposits and access to Suez; Russia, whose full purpose is not yet revealed; Britain, striving to keep a firm grip on oil, support of the Arab world, Suez and Egypt; and Turkey, Iraq, Palestine, Syria, Trans-Jordan.

WELCOME!

TO THE

RODEO

TUESDAY and WEDNESDAY

JUNE 10-11

She'll be a tootin', tootin', hard-riding crew who will perform for your entertainment at the Fourth Annual Rodeo in Lamesa these two days.

The handsome prizes being offered assures the best performers in this section. The stock secured for the show is wild enough to make them earn their prizes, so be on hand for the fun, and visit us while you are in town.

Skyscraper For Dallas

Work will start within a few weeks on a new skyscraper in Dallas—a bank-office building of 30 st ies. It is being constructed on the old post office site at Main, Ervay and Commerce streets by the Mercantile National Bank. Above is the architect's sketch of the structure, scheduled to be completed by December 31, 1942.

Rains Prove Need For More Conservation

Recent rains have proven the need of more extensive soil conservation practices in the Lamesa Camp Area. Although numerous small terraces have been broken, erosion by water has been reduced considerably. Very little water and soil have been lost from terraced and contoured land but the terrace breaks should be repaired as soon as possible.

Small breaks can be repaired with shovels while it is more economical to use fresnoes or scrapers to make the larger fills. The entire terrace should be planted broadcast or close drilled to sorghum crops to stabilize the structure until they have sufficient height and width to handle heavy rains. Any gullies that have been formed can more readily be checked if sown to Sudan grass or other sorghum crops and left on the land. This will not only stabilize the gully and collect silt, but will also check and hold the sifting sand during the next blow season.

Chile has two-thirds of all the mineral resources of South America.

caught in between.

In the first World War, Lawrence stirred up the spirit of rebellion bred in the veins of 40,000,000 Moslems, led a revolt which sent the Ottoman Empire tottering. Virtually an Arab himself in language, habit and dress, he chased Turks from Medina to Damascus.

Today German forces have filtered into Syria and Iraq, and it is the British who are denouncing secret agents. Britain would like once more to command a Moslem horde for defense of empire. It needs a great leader whom white-robed riders will obey. Lawrence of Arabia is dead.

Make Food Plan To Include Sweet Potatoes

"We will set out one thousand sweet potatoe plants," said Mrs. J. H. Adkins, a member of the Central home demonstration club, as she talked of her plans to produce an adequate supply of food and feed this year for her family. We have also planted fifteen varities of vegetables in the field, which include four varities of beans, two of peas, peanuts, and popcorn, Hubbard squash and summer squash, cushaw, okra, cucumbers, cantaloupes and watermelons. "Beans of the garden variety, such as the golden wax, the stringless green pod, and Burpee, grow successfully in the field." Mrs. Adkins continued to say, "and are much better varities for canning purposes." But back to the sweet potatoes—the yellow varities are sources of the four vitamins, A, B, C, and G, standing in about the same rank as carrots. They are superior sources of vitamin A, good sources of Vitamin B, a fair source of vitamin C, with appreciable amounts of vitamin C. You will find them most appetizing when baked scalloped with apples; made into pies; candied; made into puddings; or used with pineapple.

"YOUR OLDSMOBILE DEALER"

Next Tuesday And Wednesday To See Big Show

Visitors From Over A Wide Territory Are Expected To Throng Lamesa

Plans are virtually completed for the Fourth Annual Rodeo and Round-up to be staged in Lamesa on Tuesday and Wednesday, June 10 and 11th, says Bill Boyd, president of the Lamesa Rodeo Association

"This is by far the most pretentions show we have ever attempted in Lamesa," Boyd says. "We have spared neither trouble nor expense to bring to the people of this section a class of Western entertainment which we are sure they will appreciate, and if Lamesa is not thronged with tremendous crowds for both days, we are going to be disappointed."

Several features have been added to this year's exposition which have not been seen here in previous entertainments of this kind.

Among other added features which it is felt will attract a great deal of attention, is the cutting horse contest.

"For those who enjoy seeing a good horse work this will be a rare opportunity to see some of the best," a spokesman stated today. "For those who have never seen a cutting horse in action, it will be a real thrill."

The association feels fortunate in having secured the services of Mr Wade Winston, of Snyder, and Mr. Leonard Proctor, of Midland, both widely known horsemen, as judges in this contest.

Then there is the regular features of bronc riding, calf roping, steer riding, bulldogging, etc., which will make the Fourth Annual Rodeo here rate among the very best Western entertainment in this section for 1941.

To thoses who like this form of entertainment, there is a real treat in store for you in Lamesa on Tuesday and Wednesday, June 10-11th.

Finest Cattle In County Will Be Shown Here

Dairy Day Has Proven Most Popular Among Stockmen And Others

The 4th Annual Dairy Day Show of Dawson County will be held at Lamesa on Friday, June 6, at the grounds of the Dawson County Fair Association. This show, an important feature of the dairy development of Dawson County, is open to all farmers and dairymen of this and surrounding counties.

In the Dairy Day Show there are no first prizes, second prizes or any other prizes awarded on the relative merits of animals. Each animal is scored according to the Score Card of a perfect animal. Then ribbons are awarded to each animal on its own merit. According to the points scored, an animal is classified as follows:

Class A: Blue Ribbon Animal. 85 points, or above, "Very Good" and "Excellent".

Class B: Red Ribbon animal; 80 to 85 points, "Good Plus."

Class C: White Ribbon animal; 75 to 80 points, "Good."

Class D: Pink Ribbon animal, 70 to 75 points, "Fair."

It is possible for every animal in any class to win a blue ribbon. It is possible that not one animal in any class will win a blue ribbon. But every animal that scores 70 points or more receives a ribbon. Animals do not have to be registered to enter this Dairy Day Show. Each farmer is entitled to know just how good his animal is compared to a perfect dairy animal. This Dairy Day show will give him that information.

Classes of animals to be shown are as follows:

Females: Cows 3 year old and older; 2 years old and under 3; 1 year and under 2.

Males; 2 years old and over; 1 year and under 2; bulls with three daughters any age.

E. R. Eudaly, Extension Dairyman, and G. G. Gibson, Assistant Extension Dairyman, will be here to classify the cattle.

In addition demonstrations in the preparation of dairy products, such as processed cheese, butter, etc., will be held by the Home Demonstration Club Women of the county. Judging events, open to adults and juniors alike, will be held. These judging contests will be of both dairy cattle and dairy products, with suitable awards to the winning contestants.

The Dairy Day program will open at 10:00 a. m., Friday, June 6, and will close about 3:45 p. m. the same day. The south Livestock Buildin of the Fair Association will be open, ready to receive cattle, Thursday, June 5.

The Boulder Dam recreational area drew 655,000 visitors in the 12 months ending last Sept. 30.

Ancient Mayans of Central and South America used to decorate their teeth.

C. E. Cameron, Irvin Wright, Ross Boardman, Dee Hull, A. H. Smith, Lee Bilingsley, C. E. Ault, Bill White, Ray Williams, Herbert Caudle, A. G. Waugh, and Mrs. Ross Gibson, the hostess.

Mr. and Mrs. Ameral Payne and son Don of Lubbock, spent the week end here visiting in the home of Mr. and Mrs. L. F. Kennedy.

Poland, the Netherlands, Belgium and Norway all maintain governments in exile at London.

Use of automobiles, previously banned in Bermuda, will be permitted in connection with the construction of the U. S. defense base.

The amount of money in circulation in the United States has reached $9,000,000,000.

WILL HE GO FROM High Chair TO High Bench?

It's HARD to tell... but EASY to pick a winning oil

JUDGING BY APPEARANCES this young man appears to be judging, but only a foolish fortune teller would try to guess whether he will ever reach the Supreme Court.

Obviously, this wide-eyed baby's future is unpredictable. But you can pry into the future when you want a winning oil for your motor. You can easily forecast the high quality of your choice. How?

Phillips refines many oils because car owners' requirements vary as much as their cars and pocketbooks. But when you want our **best oil,** there is no room for doubt or hesitation. Phillips speaks out plainly and directly. Tells you that **Phillips 66 Motor Oil is our finest quality** . . . the highest grade and greatest value . . . among all the oils we offer.

When you replace winter-worn oil with fresh summer grade, or make the regular 1,000-mile change, pick a winner: ask for **Phillips 66 Motor Oil.**

MANN FAMILY AT HOME

In the living room of their attractive Austin cottage, the Gerald C. Mann family is pictured grouped around the piano as Mrs. Mann plays, Attorney General Mann turns the music, and the children, Lola Ann and Gerald, Jr., watch and listen. Lola Ann, who is eight years old, is also an accomplished musician and plays for her "Pop" when he visits Austin during his campaign for the United States Senate.

Mrs. E. J. Turner, Mary Lane and Jack, are visiting her mother, Mrs. Lane in Cross Plains this week

Mrs. Gillispie entertained her music class with a party in the home of Mrs. Monroe Davis last Thursday evening.

Everyone is planting in a big way this week and hoping it doesn't rain for a few days.

The Sparenberg baseball team went to Ackerly Sunday afternoon to play. Sparenberg won over Ackerly 8 to 6.

Mrs. Burnie Williams is on the sick list this week.

Clifford Martin of Lubbock is visiting his parents this week.

Mr. and Mrs. L. D. Jones moved to Lamesa Thursday.

Rev. A. A. Watson is attending the Baptist Convention in Dallas this week.

KEY
Denver Truitt

Rev. Shipley brought the message Sunday and Sunday night. A large crowd was present at both services.

Most of the farmers are very busy with their crops this week. If the weather remains good, most of them will finish replanting this week.

Lee Kirk of Camp Normahyde, San Antonio, visited in the home of Mr. and Mrs. R. H. Stricklin over the week end.

Gladys Grawunder is visiting in the home of Mr. and Mrs. Germand Brown of Lubbock.

Little Jim Evelyn Southard underwent a major operation in a Lamesa hospital last Wednesday, and at this time is reported doing nicely.

Mr. and Mrs. Sam Allen, who have been shearing their sheep the past week, had a very good turnout.

Mrs. Loyd and family of Olton visited in the home of Mr. and Mrs. Hub Spraberry last week.

S. N. Allen of Abilene visited in the home of Mr. and Mrs. Sam Allen last week.

Mrs. Austin Blackman, Mrs. Bill Musick and daughter, Mary Katherine of Lovington, N. M., visited in the home of Mr. and Mrs. J. W. Southard last week.

D. E. Barrett, who has recently moved back to Lamesa, is improving at this writing. We all join in and wish him a speedy recovery.

MIDWAY
Donnalita Love

We had one hundred in Sunday School last Sunday and quite a few came in for the eleven o'clock preaching services.

Everyone in this community is very busy replanting their crops.

Mr. and Mrs. Elmo Murff and daughter, and Mrs. Abner Spraberry spent last week end in Jones County visiting relatives.

The H. D. Club met in the home of Mrs. Wid Stanfield last Thursday afternoon, with 19 ladies present. Miss Phenix gave a demonstration on baking of cakes.

Mr. and Mrs. Kilmer Corbin and son visited Mr. and Mrs. Lloyd Ford last Sunday.

Donnalita Love and Bonnie Jo Ballard are visiting relatives in Haskell County.

Mr. and Mrs. Frank Love entertained the young people with a party last Friday night.

Bobby Stanfield left last Saturday on a fishing trip to San Angelo.

Mr. and Mrs. Roy Love and son visited relatives in Haskell County last week.

Mr. and Mrs. Nasby Bullard and daughter of Rochester visited his parents, Mr. and Mrs. J. M. Ballard of this community over the week end.

Mr. and Mrs. R. G. Ladd, Mrs. Joe Brooks and Jim Ladd of Stamford, spent Sunday here visiting in the home of Mr. and Mrs. Jack Ladd.

Misses Ina and Nina Bennett, who have been here visiting for several days, left Wednesday for Austin, where they will spend the summer.

the ROAD AHEAD

Old Man Texas is today looking ahead and planning.

Beside the great farming and ranching country which Texans have built, he sees a new industrial empire here.

Already the start has been made. Some industries, such as petroleum, are now showing what can be done to utilize Texas' vast natural resources. Today this industry refines with Texas labor over four-fifths as much oil as the State produces. Its products make up nearly one-half of all Texas manufacturing. Altogether petroleum provides the living for almost one-sixth of our people.

But this is only a beginning.

Texas has many other raw materials, unexceeded by any other State. Texas has in oil and gas the cheap and dependable fuel supply essential to industry. Texas is the gateway to Latin America, our new foreign market.

Each new industry means more jobs. It makes added tax values for our State and local governments, bigger payrolls for our workers, and greater prosperity for you and every other Texan.

Mr. and Mrs. Dewey Shropshire and children, Mr. and Mrs. Fred Dameron and L. D. Thomas visited Mr. and Mrs. Vinson Chapman and children Sunday.

N. D. Bartlett has purchased a new automobile.

Mrs. Lillard Thomas visited relatives in Lamesa Sunday afternoon.

Ginnings BY COTTON JOE

Those machines for pickin' cotton outa' the field may work out fine, but the biggest help to the farmer would be to get more cotton goods picked off the store counter.

WELCOME

TO THE ANNUAL

RODEO

TO BE HELD IN LAMESA

JUNE 10-11

The Old West will be resurrected in Lamesa on these two days, when boots and big hats will be the wearing apparel, and Wild West performances will be the order of the day.

The hundreds of dollars in cash prizes assures the fact that the best performers will be on hand, and the stock already secured is about the wildest stuff in captivity. So come on in for thrills and spills!

WEEKES DRY CLEANERS

South Side Lamesa

6 CARS DIED IN OVERHEATED DEATH VALLEY TO PROVE THAT YOURS CAN LIVE LONG

New Oil a Life-Giver. 5-quart fill—None Added —Lasted 13,398 Miles

More than Twice the mileage averaged by 5 other big-name oils in fiendish Destruction Test... Impartial... CERTIFIED

THIRST killed gold-feverish Forty-Niners in Death Valley. You can stand there today on our Hemisphere's bottom, 279 feet below sea level. And some of the worst heat on U.S. Weather Bureau records will be drying you up.

. . . *America's hotspot!* . . . where 6 identical everyday cars scorched along, testing 6 different motor oils, till 6 new engines were junk. Every condition was the same for all. Qualified authorities eyed every move. Speed: 57 miles an hour for all. The Referee had bought 5 of the oils right off the market; millions know their names well. The other oil was decidedly new. And this new oil that authentically delivered more than twice the mileage averaged by the others is named

CONOCO Nth MOTOR OIL — Now on Sale here for Your Car

How could one fill of this popular-priced Conoco Nth oil keep lasting—without one added drop—for an official total of 13,398.8 miles? How could Conoco Nth oil outlast them all by 5,683 miles or more, even outlasting one "rival" by 8,268 miles!... *Certified.*

New SYNTHETIC in Conoco Nth

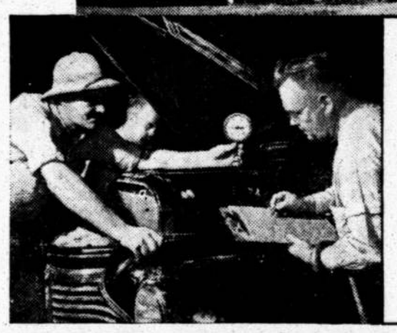
You know of vitamin *synthetics*... man-made... replacing Nature's life-givers sacrificed in some modern food processing. Similarly, the latest refining methods steal life-giving elements from motor oils. But more than making up for that today—in popular-priced Conoco Nth oil—is *Thialkene inhibitor* . . . man-made. (Conoco Patent 2,218,132.) It *inhibits* or checks the effect of foul leftovers created by the normal engine explosions. Thus Conoco Nth stays more like its own good self . . . helps the engine keep fit—good way to save quarts.

A triumph matching Conoco OIL-PLATING

Another wondrous synthetic—long in use under the famed Germ Processed oil patent—still makes Nth oil give your engine OIL-PLATING . . . lubricant that can't all quickly drain down from inner parts. Instead, it's able to stay plated up . . . on guard against wear *in advance*, while you're using Conoco Nth oil. In addition you get the latest life-giving aid that foiled Death Valley . . . that eclipsed other oils tested . . . that made one 5-quart fill of new Conoco Nth oil last 13,398 miles. Certified.

That's like a mad extreme—beyond the utmost allowed by authorities on the subject. You'd never make your own car stand such proving-ground torture. But you want as wide a margin of *engine protection and oil economy* as your money will buy this Summer, and Conoco Nth has nailed up plain evidence. Ask today for Conoco Nth at Your Mileage Merchant's Conoco station. Continental Oil Company—*Pioneers in Bettering America's oil with Synthetics*

IMPARTIAL The 6 new cars were broken-in alike, after engines had been taken apart for the Referee, to check uniformity. All cars tuned alike. Same desert route for all. Handling evened up by alternating drivers. One 5-quart fill per car *and no more* . . . engines under lock.



CERTIFIED

I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

Rules And Regulations For The Big Rodeo Event

GRAND ENTRY AND INTRODUCTION OF SPECIAL PERSONALITIES

COWGIRL CONTEST

Saddle given away First prize and other valuable prizes. This will be a Flag race—strictly a time event.

(Girls having won first place two or more time in any contest barred from competition.)

(Entries in this contest must be in by June 9)

WILD HORSE RACE

$5.00 First Money.

SADDLE BRONCS

Entrance fee $10.00 for both days. Purse Day Money $65.00, $40.00, $20.00, $10.00. Saddle given for best two day average.

CALF ROPING

Entrance fee $15.00 for both days. Purse $125.00, $85.00 $60.00 $40.00, $20.00. Saddle given for best two day average.

STEER RIDING CONTEST

Entrance fee $10.00 for both days. Purse $65.00 $40.00 $20.00, 10.00 Shop made boots for best two day average.

BULL DOGGING CONTEST

Entrance fee $8.00 for both days. Purse $40.00, $30.00, $20.00. Stetson hat for best two day average.

CUTTING HORSE CONTEST

Entrance fee $10.00. Purse money $100.00, $50.00 $25.00

All entries must be in by 11 p. m. June 9th. Mail entries to Bub McDonald. Entries by telephone and telegraph will be accepted until this hour.

Contestants will draw for places on afternoon and night show. Day and night show (two shows) constitute one contest, prize monies paid accordingly.

GENERAL RULES

Contestants must enter and pay fees by 11:00 p.m., June 9 for both days

The management reserves the right to refuse the entry of any contestant and to change these Rules at its descretion.

The management assumes no responsibility for accidents or injury to contestants or stock, and each participant by the act of entry or participation waives all claim against the management for any injury they or their stock may sustain.

The management reserves the right to withdarw any contestant's name and entry and withhold all money due him, for violation of any of the rules, to-wit:

Being under the influence of intoxicants.

Failing to retire from the arena through contestants exit gate, immediately after performing.

Rowdyissm.

Quarreling with judges or officials.

Abusing stock.

Failing to give assistance when requested to do so by Arena Director.

Not being ready for event in which he is called

No contestant will be allowed to withdraw from any event unless disabled, and must furnish a certificate of the Official Physician of the Rodeo.

There will be a parade downtown each day at 1:00 p.m. All contestants are required to take part in these parades and Grand Entries and must report in full cowboy or cowgirl regalia.

THERE WILL BE NO SUBSTITUTING

Any contestant withdrawing from any event in which he is entered, or refusing to ride, rope or display his skill when called upon, will be disqualified in all events in which he is entered and forfeit all prize money due him, and his entry will not he accepted at any future show.

At this contest, the management proposes to run a fast, snappy program, the best in this line of sports, and each and every contestant is required to lend his assistance in the matter of keeping the program moving and up to the standard set by the management.

Should there be so many entries in any event that the management should deem it inadvisable to allow all of them to compete in one show, the management reserves the right to split them up over two or more events at another time of the day or night.

Identification numbers will be issued to every contestant. These must be worn on their backs in a manner visable to the audience and judgess at all times while in the arena. Special attention is called to the fact that any contestant failing to properly display his or her identification number will be fined ten points in the riding events and ten seconds in the time events.

Postively no one allowed in Arena Show except contestants and officials of the show. This rule will be enforced.

Watch official bulletin board for new announcements. Programs for the day will be posted and each contestant should find out in which events he is working and be ready when called.

It shall be the duty of the judges or the management to enforce these rules.

COWGIRL CONTEST

Cowgirls compete for a saddle and other handsome prizes. Judging will be on time only.

Bronc Riding:

RULES

The judges will draw mounts for riders daily. Riders must ride as often as judges may require.

Horses will be saddled and cinched under direction of Arena Director. If saddles are not cinched tight enough and come off, rider will be given a re-ride on the same horse, but rider will be disqualified for cheating horse in any manner. Only one man will be allowed to tighten cinch strap.

Riding to be done with plain halter and one rein, no knots or wraps around hand. No tape allowed on rein or stirrup. Pulling horses head will be counted against rider. Rein to come up same side of horse's neck as hand you ride with. Rider must hold rein at least six inches above horse's neck. Saddled in chute arena, as management may decide. Rider must leave starting place with both feet in stirrups and both spurs against the shoulders, must scratch front first five jumps, then scratch high behind. Rider must ride with one hand free and not change hands on rein. Ride is completed at sound of gong. Chaps, spurs, saddle and boots to be passed upon by judges. Eight seconds required to complete ride. Each rider must be attired in big hat, flashy shirt, chaps, boots and spurs when coming out of chute.

Any of the following offenses disqualifies the rider:

Losing stirrup.

Coasting with feet against horse's shoulder.

Being bucked off.

Changing hands on the rein.

Wrapping rein around hands.

Pulling leather.

Failing to leave starting place with spurs against shoulders.

Not being ready to ride when called.

Hitting horse with hat or hand.

Spurs that have been sharpened or have stationary rowles.

CALF ROPING—RULES

There shall be two timekeepers, a tie judge, a foul line judge and and starter. All calves to be penned and any objectional calves cut out. Calves will be given dead-line start in accordance with arena conditions, and when calf crosses deadline he is roper's calf, regardless of what happens. Ten seconds fine for roper's mount breaking barrier.

This is a catch-as-catch-can contest, but a catch must be made with the rope that will hold the calf until the roper gets him. Roper must adjust rope and reins in a manner to prevent his horse busting calf. If roper ropes calf and stops his horse and calf runs on and busts himself, then roper will not be fined, but if roper wilfully busts calf, then he shall be fined not less than 10 seconds.

Roper must dismount and go down rope and throw calf by hand. Should calf be down when roper gets to him, he must be let up on his feet and thrown by hand. Must cross any three feet and tie so as to hold calf until passed upon by the judge. Tie to be passed upon by the judge and roper will not be allowed to touch calf in any manner after signaling for time, until judgement of the tie has been pronounced by tie judge. Calf will be left tied down as long as deemed necessary by judges to ascertain if tie is complete

Each roper must have neck rein or strap around horse's neck or he will be disqualified.

Each contestant must be attired in big hat, flashy shirt and boots. No calf roper will be allowed to cross the foul line into arena before calf is turned out of chute. Ten second fine for violation of this rule.

COWBOY STEER WRESTLING CONTEST RULES

Steers will be numbered and judges will draw steers for wrestlers daily. Any wrestler guilty of tampering with steer, chute, or numbers will be disqualified.

Wrestlers and hazers will be allowed to leave the chute with steer and wrestler's mount and steer may be lap-and-tap when crossing deadline, but wrestler must not have hand on steer or leap before crossing deadline; penalty will be 15 seconds fine.

Steer belongs to wrestler when he crosses deadline. All steers must be thrown by hand. This is a twist-down contest; wrestler must stop steer and twist him down. If steer is accidently knocked down, he must be let up on all four feet and thrown again, and should steer start running after once being stopped and then be thrown by wrestler putting horns against ground, then steer must be let up again and twisted down.

Wrestler to throw steer, and signal judges with one hand for time. Steer will be considered down when he is lying flat on his side, all feet out and head straight. Should wrestler let steer up before being told to do so by field judge, 10 seconds will be added to his time.

Should wrestler loosen or knock off horns he will be fined 20 seconds. Wrestler must be ready and take steer in his turn, or 10 seconds will be added to his time.

After wrestler has caught his steer, hazer must retire at direction of field judge. In event wrestler jumps and misses his steer, he will be allowed only the aid of his hazer in catching and remounting his horse.

A time limit of one minute will be placed on wrestling and if a man has caught his steer but has not been able to throw his when the one minute has expried, he will be required to retire from the arena at the sound of the gong and given no time.

Wrestler who, in the opinion of either judge abuses the steer in any manner, will be disqualified.

Any steer wrestler failing to jump at his steer can be disqualified from this and all other events in which he is entered and his entrance fee will not be refunded and entry will be refused at this show in future. No steer wrestler or hazer will be allowed to cross foul line into arena before his steer is turned out of chute. Ten seconds fine for violation of this rule.

STEER RIDING CONTEST—RULES

This is a one hand exhibition. Rider must ride with one hand on rope and other hand in air, and must leave chute with both spurs in steer's neck, and scratch him all the time until the sound of the gong which is the signal to dismount.

Riding is to be done with loose rope. No freak hand-holds, no knots nor hitches will be permitted which would prevent rope from dropping off steer after rider leaves steer. Each steer must have bell. No bell—no money. Eight seconds required to complete ride. No bell holds permitted. Bell must be open with good clapper. Steer must come out of chute with flank rope. No rope—no marking.

Each rider must be attired in big hat, flashy shirt, chaps, boots and spurs when coming out of chute.

In all above contests, contestants will draw for places on afternoon and night shows. Day and night shows (two shows) each day, constitutes one contest. Prize monies paid accordingly.

Cutting Horse Contest—Rules To Be Announced

In this contest four shows constitute a contest, and only one money will be paid. Committee reserves the right to have contestants perform when and as they see fit, rules to be announced

Incase of rainout both days all entrance fees will be refunded and prizes withdrawn. In case of rainout either day, entrance fees and prizes refunded and withdrawn accordingly and no daily average prizes paid.

RURAL CORRESPONDENCE

McCARTY
Mrs. B. B. Bullard

Miss Beatrice Whitmire, who has been attending school at Texas Tech, has returned home to spend the summer with her parents, Mr. and Mrs. K. Whitmire.

Mr. and Mrs. Welton Blair visited the Lance Furlow family near Punkin Center Friday night.

Mr. and Mrs. A. B. Furlow visited in the Fred Peterson home Sunday.

J. M. Peterson had the misfortune to fall from his windmill last Friday. His injuries were painful but not considered serious.

Mrs. W. O. Moore and daughter Velda Lou, and Mrs. T. C. Martin went to Lubbock Monday to make arrangements for Velda Lou to enter Tech for the summer term.

Cecil Gardner visited Billie Joe Peterson Sunday. They attended the ball game in Big Spring Sunday afternoon.

Mr. and Mrs. H. E. Blair visited their daughter, Mrs. Dewitt Jordon in Lamesa Sunday. Mrs. Jordon is ill in a Lamesa hospital.

Mrs. Joe M. Peterson underwent surgery in a Lamesa hospital Monday.

Clyde Everheart spent Sunday night with Ivan Bullard.

Doyle Ranson has been visiting with his parents, Mr. and Mrs. J. M. Ranson. Doyle is an officer in the U. S. Army and is stationed at Camp Barkeley, Abilene, but is being transferred to Hawaii. He will sail June 18th.

Mr. and Mrs. Lance Furlow and daughter Barbara, June Rogers and Rudolph Furlow visited Mr. and Mrs. Welton Blair Sunday.

Mr. and Mrs. H. L. Slover visited J. M. Peterson Sunday.

Mr. and Mrs. Joe Peterson visited in the George Hardesty home Sunday.

Miss Geneva Baze is spending a few days with Mrs. H. L. McCarley in the Munger community.

Mrs. Minnie Bullard and granddaughter, Jo Ann Bullard, visited Mrs. Joe Peterson Thursday.

Mr. and Mrs. N. F. Peterson with some of their children spent Sunday in Christoval.

Mrs. N. F. Peterson and her daughters, Mrs. Blaine Wiggins of Lamesa and Mrs. Doyle Shillingburg of Brownfield, left Tuesday for a visit with relatives in Louisiana.

We had fifty-seven in attendance at Sunday School Sunday. We had several visitors from out of the community.

B. E. Green and H. E. Blair visited H. P. Baze Sunday afternoon.

THREE LEAGUE
Gladys Russell

Mr. and Mrs. E. G. Elrod had as their guests Sunday, Mr. and Mrs. R. L. Reed and Mr. and Mrs. M. M. Watkins.

We are sorry to hear that Mr. Franklin Dennis fell from the new house that is being built at Patricia. We wish him a speedy recovery.

Mr. and Mrs. J. M. Russell spent Sunday with Mr. and Mrs. Cecil Lynch of Klondike.

Mr. and Mrs. Cecil Reed spent Sunday with Mr. and Mrs. R. A. Beckham.

Mr. and Mrs. E. G. Elrod made a business trip to Big Spring Tuesday.

Several from this community attended the Harley Sadler show in Lamesa Monday and Tuesday evenings.

Little Noble Price Elrod is on the sick list this week. We wish for him a speedy recovery.

Misses Joy and Iris Gregg spent Tuesday with Misses Gladys and Estelle Russell.

WOODY
Aladine Drennan

Brother Foutz will fill his regular appointment at the Church of Christ Sunday. Everyone is invited to come.

We are all sorry to hear of Mrs. Vinzant's illness, but we are glad to hear that she is getting better. She is in a hospital at Temple.

Mildred Hall, who has been in Hobbs, New Mexico, with her sister returned home during the week end

Mr. and Mrs. A. M. Bartlett of Hobbs, New Mexico, visited their parents here this week end.

Mr. and Mrs. Louis Prather spent Sunday with Mr. and Mrs. J. C. Stewart.

Bonita Waldrop, Norma Jewel Tunnell and Geraldine Hancock spent Sunday afternoon with Jeannine and LaWana Banta.

FIVE MILE
Amelia Foster

The farmers are all busy in the fields after so much rain.

David Cornett visited his sister, Mrs. Arvil Brown, at Woody Sunday night.

Mr. and Mrs. M. B. Foster and family visited relatives at Snyder over the week end.

Mr. Fry was visited by relatives from Oklahoma this week.

Mrs. A. S. Berry and Rena Mae went to Lubbock Wednesday and returned Friday.

Those spending Sunday with Mrs. Berry were Mr. and Mrs. N. V. Gearheart and daughter, Eva Mae, Mr. and Mrs. Carlos Berry and children, and Mr. and Mrs. McCormick.

Mr. and Mrs. Dollar and family visited friends in Lamesa Sunday.

Mr. and Mrs. C. H. Foster of Lamesa spent the week end with E. T. Foster

Mrs. Dorothy McKinney spent Sunday with G. T. McKinney and son.

SHUMAKE
Gladys Whitmire

Mrs. Lee Lauderdale was honored with a birthday dinner in her home Sunday. Those present were Mr. and Mrs. Aubrey Cox and family of the Key community, Mr. and Mrs. O. N. Williams of the Flower Grove community, Mr. and Mrs. Edd Lauderdale and Bernice Lauderdale of R-Bar.

Vocial Truitt spent several days last week with relatives in the Key community.

W. A. Tennyson and Sudie Bell returned Monday from a trip to Eastland County.

Mark Richardson spent the week end with Mervyn and Savoy Tennyson.

Mr. and Mrs. Buck Brandon and Betty, and Bobby Kirkland, visited relatives in Lamesa Sunday.

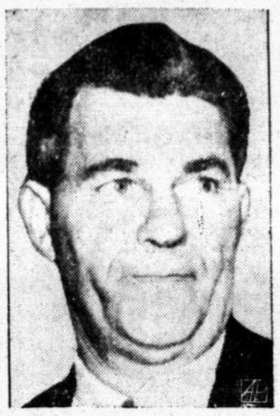
Mr. and Mrs. Rex Richardson, Vocial Truitt and Savoy Tennyson visited in Garden City Sunday afternoon.

Helen White and Arthur Little were married last Saturday night. They will make their home in their new house in this community. We wish for them a happy married life.

Mr. and Mrs. Owen C. Taylor and children left Tuesday for Sweetwater and Abilene where they will spend several days visiting with friends and relatives.

Miss Carrie E. Smith of Columbia, Tennessee, is visiting in the home of her sister, Mrs. Z. T. Davis.

Travis Co. Sheriff



H. W. (Rip) Collins, who won gridiron fame at Texas A. & M., and later pitched for the Chicago White Sox, is now keeping the peace around the Texas capital as sheriff of Travis County.

ACKERLY
Jerry Ward

We had a good attendance at Sunday School and church here Sunday. Rev. Hollowell preached at Center Point Sunday night.

Mr. and Mrs. George Bryson have moved back here from New Mexico where they resided the past several months. We are glad to have them back.

J. D. Bryson and Paul Milam went back to Fort Worth Sunday, where they are attending the American Aircraft School.

Miss Essie Jeffcoat returned to her home at Lubbock Friday. She has operated the Bethas Beauty Shop here for the past two months.

Mrs. Edd Cross and children are in New Mexico visiting with her parents, Mr. and Mrs. Mahan.

The Methodist church will soon be completed. The rock work was started Monday. We are anxious for it to be completed.

Marion Criswell of McMurry College, Abilene, is home for the summer.

The Summer Assembly delegates from Ackerly left Monday for Abilene where they will be all this week.

Mrs. Red Shortes and daughters from South Texas, were Ackerly visitors this week.

Wanelle Ward spent Sunday with Claudy Dosier. They attended the show at Big Spring Sunday evening.

Ross Milam of Big Spring is visiting here this week with his parents.

Mary Tom Belt and Pansy Ervin of Tech, Lubbock, are home for the summer.

Louis Stump is sporting a new car this week.

NOTICE IS HEREBY GIVEN

by the undersigned of the order of the commissioner's court hereinbelow certified and the said order being on record in the minutes of the Board of Equalization of Dawson County, Texas as set forth in said order, which is as follows, to-wit:

Be it remembered that the Commissioner's Court of Dawson County, Texas convened in regular session, which session began on the 27th day of May 1941, at the regular meeting place with the following named members present:

Vernon D. Adcock, County Judge, and presiding
Oley Shofner, Commissioner Precint 1
G. C. Aten, Commissioner Prec. 2
J. F. O'Brien, Commissioner Precint 3
J. E. Debnam, Commissioner Precint 4

Each member of said court took the oath as a member of the Board of Equalization, and as prescribed by law, in open court, and after taking the oath, said court then sat as the Board of Equalization, together with the tax assessor and collector and the county clerk, and examined the inventories of all property assessed for state and county taxes in Dawson County, Texas, for the year 1941, and as a result the said Board of Equalization ordered the county clerk to make public by publication and by mailing a notice to each said person whose rendition is to be raised or lowered to appear before this court, continuing to set as a Board of Equalization on June 17, 1941, at 9 A. M. in the Dawson County Court room in Lamesa, Texas.

Howard Humphrey, County Clerk
Dawson County, Texas.
Vernon D. Adcock, County Judge
Dawson County, Texas.
42-44 chg.

Miss Jewel Gaines, who has spent the past school term at Brownwood attending Howard Payne College, has returned to Lamesa where she will spend the summer.

Miss Katie Lee Clements of Stamford spent the week end here visiting with her parents, Mr. and Mrs. W. L. Clements.

Miss Martha Lou Martin left Wednesday for Austin where she will attend the University of Texas this summer.

SAFER TIRES

9.1% Stronger Cords after 5-million mile test

Back and forth, up and down, with every roll of your tires, the cords are constantly flexing... until sometimes they break because of flexing-fatigue.

There is one way to prevent or reduce this type of tire failure. That is to strengthen the cords, which is exactly what Lee has done!

After the famous 5-million mile Florida Road Test, Lee cords averaged 9.1 per cent stronger than the average of the other tire cords.

This extra safety... and extra miles, too... cost nothing extra in first-line Lee DeLuxe Tires. They sell for less than you guess!

Drive in for new low prices, trade-in offer, and easy-pay plan.

WELCOME RODEO VISITORS!

TO LAMESA

JUNE 10-11

Make your plans now to be one of the thousands who will throng Lamesa on these two days for the 4th Annual Rodeo. There'll be

THRILLS . . . SPILLS

To satisfy your heart's desire, for the best performers in the country will be here competing for the handsome prizes offered. Visit us while you are in town.

BILL'S CAFE

On Highway East of City Hall Lamesa

Q. Where's the best place to choose your new car?

A. ON THE ROAD!

WE'LL MATCH the "showroom value" of the Ford with anyone . . . but if you want to know *how great* a car this is, take one out on the road!

TEST THE PERFORMANCE . . . IN ACTION. There never was another low price engine like this 90 horsepower Ford V-8. Take it out in traffic—then step out on the open road—challenge the toughest hills. Draw your own conclusions!

TEST THE RIDE . . . IN ACTION. Ride on the pavement, then ride the roughest road you know. You'll find the new Ford ride is the kind of ride you like. Smooth where the going's good. Soft and steady over the bumps.

TEST THE ROOM . . . IN ACTION. Measurements show this Ford greatest in its whole field in actual passenger space. A ride will show what this means. Bigness counts and here it is!

TEST THE VALUE . . . IN ACTION. Stop with the *biggest* hydraulic brakes anywhere near the price. Rest your toe on the pedal of a *fine-car* type of semi-centrifugal clutch. Flick through the gears with the easy, silent kind of finger-tip shift that high-priced cars use.

90 HORSEPOWER —V-8 SMOOTHNESS

Ford

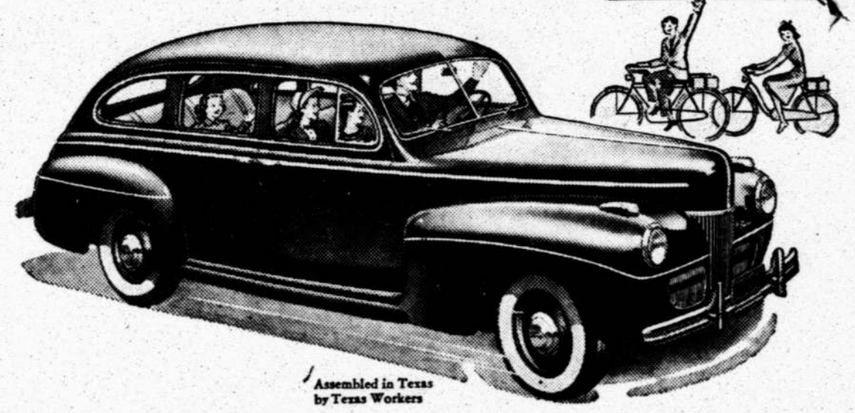
FORD HAS THE QUALITY FEATURES

V-8 POWER—90 smooth horsepower. There never was a low price engine like this before.

NEW BEAUTY—When you look at the smooth flowing lines you see one of the few cars with really up-to-date styling this year.

A NEW RESTFUL RIDE—On the new Ford "Slow Motion Springs." A soft, quiet ride wholly new this year.

EXTRA VALUE—New ease of control with positive mechanical, fine-car type shift—extra-big hydraulic brakes—and the famous Ford semi-centrifugal clutch.



Assembled in Texas by Texas Workers
