### German Flying Ace Plans Flight From Continent To San Francisco In Biplane

BERLIN, July 11.—(AP)—Otton Koennecke, the 35 year old war ace who bagged forty-six enemy planes, caused a sensation today when he announced that he would be ready to take off from Tempelhof air-drome on September 1, for San Francisco, in a one-motor bi-plane constructed at the Caspar Airplane works at Travemunde.

He gave the public a further surprise when he stated that he would be accompanied by Count George Frederick Solms-Laubach, the 25 year old German sportsman who is Koennecke's financial backer.

After the German press had announced his plans prematurely, Koennecke so completely faded from the picture that nobody in flying circles any longer counted on him to make the flight.

For years I have had a flight to America in mind. With this in view I examined every type of machine reaching Tempelhof field but failed to discover a machine I considered fit for the task.

Both Koennecke and the Count are married and each has three children.

My wife, my boy aged 7, and my girl 5 often have flown with me," said Koennecke. "But my 11-2 year old baby boy has not yet been up. If we had no children my wife would be my flying passenger."

Both Koennecke and the Count are married and each has three children.

My wife, my boy aged 7, and my girl 5 often have flown with me," said Koennecke. "But my 11-2 year old baby boy has not yet been up. If we had no children my wife would be my flying passenger."

### MOORE IS FREED AND DALE BRIBE CASE CONTINUED

FORMER JEOPARDY IS PLEA THAT WON HIS CASE

WITNESS RECOVERS

TRIAL WAS POSTPONED BECAUSE OF ILLNESS OF CHAMBERLIN

AUSTIN, July 11.—(AP)—Motions by the state resulted today in dismissal of the bribery charges against H. H. Moore, Cooper farmer, and continuance until November 7 of the case against his co-defendant F. A. Dale, Bonham lawyer.

Moore went free on a plea of "former jeopardy," concurred in by District Attorney J. D. Moore, who also moved to postpone the Dale case because two witnesses were absent.

Moore was arrested by State Rangers, charged with accepting \$1,000 from W. W. Chamberlin, Houston optometrist, to defeat Moore's optometrist tax bill, expellee from the legislature and later indicted by the Travis county grand jury.

### Tumbled Out Of Machine When It Entered Fog Bank

WINNEPEG, Man., July 11.—Three members of a Manitoba Aerial photographic party were killed near Fairford, Man., late today when they fell from their machine from an elevation of 1,000 feet. Witnesses were unable to explain the accident.

Witnesses said the plane was lost to view for several minutes in a cloudbank and when it emerged followed an erratic course through the mist.

The dead: Flight officer W. C. Weaver of Melfort, Sask., pilot in charge; A. T. Herdley, photographic mechanic, of Lower, Man.; and H. H. Wong, surveyor of the Topographical branch, Ottawa.

Weaver's body was recovered in a mangled condition near the shores of Lake Manitoba at Millbrook. An unidentified body of one of the other occupants of the plane was found.

FUNERAL FOR CADET SET FOR TODAY

SAN ANTONIO, July 11.—(AP)—Funeral services for Lieutenant W. L. Howarth who was killed at Kelly Field here today when he crashed after an aerial collision, will be held tomorrow afternoon.

Howarth was flying in a three-seater formation of pursuit group planes when the accident occurred. The planes had just left Kelly Field, Howarth's station, and were circling over Duncan field, just across the road when the plane in which Lieutenant Frank G. Irvin was flying, struck Howarth's plane, tearing a large section from the upper wing.

Howarth went into a tall spin with the motor full on and plunged 2,000 feet, striking the ground in the center of the Duncan field take-off.

GIVES ORGAN RECITAL

Professor W. R. Wagborne Will Appear At Methodist Church Tonight

Presenting a varied program of popular and classical numbers, Prof. W. R. Wagborne, head of the music department of the Tech, will appear in an organ recital at the First Methodist church tonight at 8 o'clock.

Mr. Wagborne, a composer of organ numbers, will give some of his own selections, along with the others. He will also play request numbers for those present.

The recital is one of the entertainments featured by the Tech summer school and the public is given an open invitation.

BURROUGHS IN WEST POINT

Word was received by friends here yesterday from Orval Burroughs, Tech junior, who is now enrolled in the United States Military Academy at West Point, New York. He reports that he made the walking tour of that city in line time and is progressing nicely with his work at the school.

ORDINANCE NO. 380 BE IT ORDAINED BY THE CITY OF LUBBOCK

An ordinance granting a franchise and certain privileges to the West Texas Gas Company, a corporation, with its principal office in the city of Amarillo, Potter county, Texas, and establishing rules and regulations for the use of natural gas for light, heat and power, and establishing a maximum limit for price to be charged for such gas.

WHEREAS, West Texas Gas Company (a corporation) has applied to the Mayor and City Commission of the city of Lubbock, Texas, to grant said company the right to lay and maintain and operate a gas plant for the distribution of natural gas for light, heat and power within the city of Lubbock, Texas, upon the following terms and conditions, and reserves the right and franchises to be as follows, to-wit:

Section 1. That the right to furnish, distribute and sell natural gas for light, heat and power, for all such other purposes for which gas may be used within the city of Lubbock, Texas, for a period of twenty years from the date of the passage and approval of this ordinance is hereby granted to the West Texas Gas Company (a corporation), its successors and assigns, hereinafter called the grantee, subject however, to the provisions hereinafter incorporated in this ordinance and for such additional period or extension of time as may at the expiration of the said term of years and upon conditions then found to be satisfactory to the officials of the city of Lubbock, and to this grantee, and provided that this ordinance and franchise is to be in effect and run from and after the date and day of its passage and approval.

Section 2. That the said grantee is to have the right to lay mains, pipes and equipment and to install such machinery or equipment, and to sell or lease such equipment to the citizens of Lubbock, Texas, as may be deemed necessary by the increasing business of the utilities concern in this territory. The company supplies thirty-one Plains cities with light and power, and three New Mexico cities, and maintains a central power plant at Lubbock, Texas, and also supplies the Territory of the New Mexico, Texas, in addition to these four plants which operate on the same plant, the company operates independent plants at Dimmitt, Silverton, and Pecos.

Section 3. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 4. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 5. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 6. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 7. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 8. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 9. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 10. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 11. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Each consumer of gas shall install and maintain suitable piping within his property lines and suitable appliances and fixtures, except meters, subject to the approval of the city commission, or such supervisor, inspector or other representative as may be authorized by said city commission to pass upon the same.

Section 5. The natural gas to be furnished hereunder shall be at all times kept to a standard of eight hundred British thermal heat units or higher per cubic foot at the point of consumption, at a temperature of thirty-two degrees Fahrenheit, and zero Centigrade; and its determination whether the gas supplied is of the heating value above specified, the city of Lubbock, may have tests made by a competent analyst under recognized and scientific processes, according to the approved method of making such tests, and said tests shall be from samples of gas collected from the said city and its citizens.

Section 6. The city reserves the right to lay and permit to be laid electric conduits, water and other pipe lines or cables, and to do and permit to be done any underground work that may be necessary or proper by the city commission, its officers, along or under any street, alley, highway, or other public place occupied by the grantee; and whenever by reason of changes in the grade of any streets, or in the location or manner of constructing any water pipes, electric conduits, sewer or other underground structure, it shall be deemed necessary by the city commission to alter, change, adapt or conform gas mains and service pipes or grates, such alterations or changes shall be made by the grantee when ordered in writing by the city commission or any supervisor or other representative of the city commission so authorized to act, without any claim for reimbursement for damages against the city; said grantee shall indemnify and save harmless the city of Lubbock from any and all claims for injury or damages to persons or property occasioned by or arising out of the construction, maintenance, operation or repair of said grantee's transmission, transportation and distributing system, and by the conduct of the business in the city.

Section 7. The right to use the streets, alleys, highways or other public ways or places of the city of Lubbock by the grantee, as provided in Section 2, above, shall be and is subject to the following restrictions, limitations and conditions, which shall be deemed a part of the franchise and distinct understanding that similar franchises have been, will be or may be granted to it by the city of Lubbock, Canyon, Texas, and that such franchise will provide for the sale of gas at the same price and that payment therefor will be made on the same terms as provided herein, and it is hereby provided that if any time any one or more of the above cities makes the requirement that gas shall be sold at a lesser price, or on more favorable terms, and the same are acquiesced in by the grantee, or if the grantee at any time sells to any of the above cities, or the inhabitants thereof, at a lesser price or on more favorable terms of payment, then and in that event the city shall have the power to forfeit this franchise on account of the violations specified in said notice. That because of forfeiture as herein provided, the city of Lubbock reserves the right to purchase the distributing plant of the grantee at its fair appraised value or to allow the grantee to remove same within one year from the date of such forfeiture, provided, that before any of said property may be removed, the grantee shall be required to give to the city a good and sufficient bond that the streets and alleys will be placed and left in as good condition as found, and the terms of payment therefor, shall be uniform in this and all of the above named cities, provided however, that in the event gas is found at or near any of the

Section 8. That the city commission hereby reserves the right to install at the point where said grantee receives its gas for distribution in the city a meter through which all gas distributed to the city and its inhabitants shall be passed, an adequate registering pressure gauge adequate to record the amount of gas distributed to the city and its inhabitants and the pressure at which the same was received by the grantee.

Section 9. That said grantee shall make, install one distant pressure gauge under the direction of the city commission and at the place designated by the city commission, which will indicate the pressure at such designated point, said gauge to be placed in the City Hall in the office of the city engineer.

Section 10. That said grantee shall make, not oftener than each six months, reports to the city secretary of the city of Lubbock, under oath of the president, treasurer or superintendent of such company, showing the gross amount received from the business done within the city in payment of charges of gas for the six months next preceding.

Section 11. That in further consideration of the privileges and franchises granted to the West Texas Gas Company, it shall adopt and use any and all reasonable safeguards to provide for the protection of persons or property against injury or damage growing out of the use of gas and that they shall construct and maintain in good order all mains, pipes and equipment used in said city for the distributing of gas, and shall always be prepared to furnish said city and its inhabitants a sufficient quantity of gas for all purposes; provided, however, that in case of explosion or accidents of any character or nature, beyond the control of grantee, to the main lines or to the distributing system provided herein, or shortage of gas supply in the fields from which the grantee secures the gas, and the grantee is not able on account of such unavoidable conditions to furnish gas for all purposes, that preference shall be given domestic consumers, schools and hospitals in the use of gas until such time as the supply may prove adequate for all purposes. Provided further that grantee shall not be liable for any damage resulting from such accidents either to the lines of the grantee or to the lines of property of consumers.

Section 12. That this franchise is granted to the grantee herein on the representations and distinct understanding that similar franchises have been, will be or may be granted to it by the cities of Plainview, Canyon, Texas, and that such franchise will provide for the sale of gas at the same price and that payment therefor will be made on the same terms as provided herein, and it is hereby provided that if any time any one or more of the above cities makes the requirement that gas shall be sold at a lesser price, or on more favorable terms, and the same are acquiesced in by the grantee, or if the grantee at any time sells to any of the above cities, or the inhabitants thereof, at a lesser price or on more favorable terms of payment, then and in that event the city shall have the power to forfeit this franchise on account of the violations specified in said notice. That because of forfeiture as herein provided, the city of Lubbock reserves the right to purchase the distributing plant of the grantee at its fair appraised value or to allow the grantee to remove same within one year from the date of such forfeiture, provided, that before any of said property may be removed, the grantee shall be required to give to the city a good and sufficient bond that the streets and alleys will be placed and left in as good condition as found, and the terms of payment therefor, shall be uniform in this and all of the above named cities, provided however, that in the event gas is found at or near any of the

Section 13. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 14. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 15. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 16. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 17. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 18. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 19. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 20. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 21. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 22. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 23. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 24. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 25. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 26. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 27. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 28. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 29. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 30. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 31. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 32. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 33. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 34. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 35. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 36. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 37. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 38. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 39. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 40. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 41. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Section 42. That the said grantee shall be held and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

Canyon Man Will Visit Jersey Isle

CANYON, July 11.—Frank R. Phillips, head of the department of agriculture of the West Texas State Teachers college, will leave soon for a visit to the Isle of Jersey where he will make a study of the stock from which the finest dairy cattle of the world have been developed.

REALTY TRANSFERS

Mrs. M. A. Carlsbach to J. O. Grundy lots 1 and 2 block 1, Wm. Tubbs Addition.

READY TO SERVE IN OUR NEW LOCATION CORNER OF SEVENTH AND AVE. J. With this announcement of our new location, we desire also to impress upon prospective builders, the advantages that we offer in building service. Years of experience and the unusual resources of this organization, have made it wonderfully active in the construction industry for many years. Upon rigid investigation, many of those whom we have assisted, were largely influenced by these factors, and how well we have served is best indicated by the fact that we serve again and again those whom we have served in the past. In addition to securing the highest quality materials for your structure, you also avail yourself of the resources of an organization whose personnel knows the construction business from beginning to end, a feature that is of inestimable importance in satisfaction obtained and economy of construction. We'll be glad to assist you in any manner possible with your building problems, for we know that the superiority of our service offers advantages that you will surely desire to take into consideration when you build. CICERO SMITH LUMBER CO. PLANS. IDEAS. MATERIAL. PHONE 248—SEVENTH & J.

Protected by a 20-year bond! YOUR building is built for permanence. It's entitled to a permanent roof—a Barrett Specification Roof For—When you choose this roof, your building is fully protected against repair or maintenance expense for 20 years—until 1947. You receive a Surety Bond, issued by a nationally-known surety company, which guarantees this lasting protection. Furthermore, service records prove that many roofs of this type built back in the '80's have gone 45 or more years without repairs. And these old-timers are still in first-class condition. That's why we "O.K." the Barrett Specification Roof. Come in—and get the benefit of our long experience as roofers. L.W. WALK ROOFING CO. REAL ROOFS 818 AVENUE G PHONE 983

THINGS WORTH REMEMBERING I will remember the works of the Lord, surely I will remember Thy wonders of old. Psalm 77:11.

PRAYER: Help us, Lord, to count our blessings.

BETTER COWS FOR LUBBOCK COUNTY

The day of the long-horn steer has passed, and in ten years from now we will be able to say the same concerning ordinary grade cows.

Now grade cows are not the worst thing in the world. Some of them are very good, though they are not to be classed with the pedigreed cow.

D. F. Eaton, county agent, is making an effort to bring in a number of high grade cows, and we are glad to note that farmers are falling in line and taking over these cattle.

While the South Plains section is noted far and wide for her high grade dairy herds, the cream industry here is only in its infancy.

During the past five years the demand for ordinary butter has fallen off and today there is little market for it, but we do have a market for our cream.

Recently a Lubbock concern announced that it would offer a market for sweet cream. Now this is just what we have been looking for for a long time.

The sweet cream industry is new on the South Plains, but there is no reason why it should not prove a success.

RAIN IS NEEDED

While there is no general alarm on account of dry weather, one may truthfully say that little rain just at this time would be appreciated by most South Plains farmers.

Reports from various sections of the county would indicate that rain would be appreciated, but crops are not suffering.

Calamity howlers continue to predict a complete crop failure, while the more optimistic insist that a big crop is possible.

The big crop may be possible, but in all probability the crop this year will be about one third as large as it was last season, and it will take considerable moisture to make this possible.

If you have a pool of water—even a small pool, you can raise your own fish. A number of farmers in this county have tried out the project and have found it quite a success.

ably better than cotton crops and even though there is very little rain during July and August a big crop may be expected.

It is not a time for worry but a matter of taking care of what we have. In the end the Plains section will come out about as well as people in other sections.

CHAIN LETTER CRAZE

There are still a few people foolish enough to further chain letter crusades, despite the fact Uncle Sam has ruled against them.

One man in Lubbock received a letter Monday and he was asked to send four copies of the letter to four of his friends with instructions to have them send them on.

Chain letters do not bring good luck, but Uncle Sam may bring you bad luck if you try chattering up his mails. They are just about as important as a matrimonial agency and a lot more dangerous.

BUSINESS IS GOOD

Despite the cry of many that the bottom has fallen out, business in Lubbock continues a little above normal.

It is really killing some people to see Lubbock grow. The old cry that Lubbock was nothing but a cow camp until the Tech was established, can still be heard.

Lubbock has something more than the Tech to draw outsiders, notwithstanding the fact that the Tech is a good drawing card.

Let the howlers howl! Let the knockers knock! They are merely advertising the city they would destroy.

KEEPING THE SABBATH

We wonder if the people of Lubbock and of the South Plains observe the Sabbath as they should?

When God had created heaven and earth, and after he created day and night he rested.

HELP THE OTHER FELLOW

Selfishness is one sin that causes more sorrow than all the others, for if we will turn up the facts we will find that selfishness is the base for all crime.

RAISE MORE FISH

In some sections of this state one will find fish in abundance, but on the Plains this is not true.

OPINIONS

When we say that Byron Darnoff Johnson has "retired" from the presidency of the American League, we speak charitably.

Colquitt in the Open

Former Governor Oscar B. Colquitt has declared the political season open in Texas.

He has made known his view on the opposition to Governor Alfred E. Smith as a presidential standard bearer because of Smith's attitude toward the enforcement of the national prohibition law.

He has declared his undying opposition to all efforts to repeal the prohibition amendment and has committed himself to its enforcement.

LONE STAR BILL ERWIN, AVIATOR DELUXE, TO ADVERTISE TEXAS AND DALLAS IN A SERIES OF FLIGHTS

To advertise Dallas and Texas to the world as vitally interested in aviation and aerial progress, six-teen of the city's most prominent business men, in association with The Dallas News and The Dallas Journal, have banded themselves together as sponsors for a Dallas airplane which, in the hands of a nationally famous pilot—Captain William P. Erwin—will attempt a series of notable long distance flights, emulating the example set the glorious records achieved by Lindbergh, Chamberlin and other pioneers in the conquest of the heavens.

The Dallas airplane is bound to individual project nor is it to be associated with any particular prize contest. It is a free agent to be sent from Dallas as the city's official representative in the air. The sole motive of the sponsors in giving their money to the enterprise is to broadcast to the world at large that Dallas "has it in the bag."

"Lone Star Bill" Erwin, who will be the official Dallas pilot in the series of flights, is one of the city's Distinguished Service Cross, with two oak leaves; the French Croix de Guerre, and the Aero Medal of Valor. He is officially credited with seven enemy planes which he brought down by aerial flying and the courageous of the machine run on the side of France. Captain Erwin himself shot down six times by

the Germans, but each time, miraculously, escaped without serious injury. Erwin has spent more than 4,000 hours in the air and, in all that time, with the exception of the six times he was brought to earth by the Germans, has never "crashed."

The official airplane of Dallas is now in process of construction at the plant of the Swallow Airplane Company at Wichita, Kan. It will be delivered in Dallas on or about Aug. 1, and shortly after that time will "hop off" in its first challenge of the air. The plane will be similar to the one that Lindbergh used, but will have a greater wing area, and a cruising range several hundred miles greater than did the "Spirit of St. Louis."

The great ambition of the Dallas men behind the project is to have the Dallas airplane the first to cross the Pacific Ocean.

As soon as the Dallas plane is delivered, the sponsors, and the Dallas people as a whole, plan to play the role of hosts to all of Texas and the Southwest at a monstrous christening ceremony at Love Field, Dallas. A few days later the plane will leave Dallas on a non-stop flight to San Francisco, and it is expected that fully 50,000 people will be in Dallas on that day to see the famous war ace take off in the first of a series of voyages, the success of any one of which will undoubtedly attract to Dallas and the state of Texas the eyes of the entire civilized world.

COST OF BUILDING STILL UNCHANGED

EXPENSE STILL REMAINS AT TWICE AMOUNT FOR 1913 PERIOD

WASHINGTON, July 11—The cost of construction has remained virtually unchanged during the past sixty days, continuing to hold a position twice as high as in 1913, according to statistics compiled by the Associated General Contractors of America.

The average cost figure for June, based upon reports from leading construction centers of the country, is virtually the same as the mark recorded for June, 1925. It is, however, moderately above the mark set one year ago.

For the fifth month in succession, no change was noted in the average of wages paid in the construction industry. Only two changes, each of them slight, in this average have taken place in thirteen months.

The average of prices paid by contractors for the basic building materials remained at the same level in June that it held in May. The position was maintained despite minor fluctuations in the prices of concrete aggregates, common brick, lime, lumber, in general quantities. Material prices at the present time are slightly above the mark they held a year ago and just below the plane they occupied in June, 1925.

The average of combined construction costs for the 500-point level on a scale which places the 1913 average at 100 as its basis. The average of wages paid holds the 227 mark. In only one month since 1924 had the wage average been higher. The 228 mark was reached in May, 1926.

The index figure for the average of material prices in June is 182. The figures registered in preceding months are: January, 179; February, 181; March, 182; April, 182; May, 182.

Sunday Meetin' in the Black Hills

"SOUTH PLAINS" IS GROWING RAPIDLY

ANY ENTERPRISES WILL ENTER NEW CITY NOW BEING BUILT

FLOYDADA, July 11—Just because Home wasn't built in a day, no legitimate reason a town established on the South Plains can't break all previous records and its recognition within twenty-four hours after it has been sited.

It is with "South Plains," the first town established on the Ft. Worth and Denver railroad being built to the south plains. Some of the people interested in the new town are of the belief that the town, which represents the best of Texas, had much to do with the proposition of the new town, but those who have studied the situation realize that this new town is located in a section of the South Plains which is famous for production of wheat, small grain and cotton, a community in a country that is populated by some of the most progressive people in the Panhandle.

Building Rushed

They had the townsite been sited when the announcement was made that the South Plains line was building a 120,000 sq. ft. building in operation before the cotton crop was ready to be harvested. Following this announcement, which created quite an interest, A. B. Brown, of the city, let the contract for a brick building to be erected once and will within the future let the contract for other similar buildings. Just now, the climax for "the heart of South Plains" plans are being set to pipe natural gas to the city.

Prospects Good

That the future of the new town sited can be seen, when one drives that it is on the Floydada-Hermosa highway, just eighteen miles from Floydada and on the line of the Denver railroad is being built into the South Plains, it was pointed out. Two roads of transportation will be available to the town that are essential to the growth and development of any city.

The entire South Plains is planning on turning out for the sale of a business and residence lots which will be auctioned off to the best bidder July 25 and 26.

Mr. and Mrs. E. E. Bailey, Miss Tyler Lee Knight and Frances Mason and Miss Elizabeth Knight Temple and Homan Barge set to leave tomorrow for a trip through Western Texas. Miss Elizabeth Knight arrived yesterday afternoon to visit with her sister, Miss Tyler Lee Knight.

ANNOUNCEMENT TO FORMER PATRONS OF DR. W. S. FERGUSON

Mrs. W. S. Ferguson wishes to announce that she will continue the operation of Dr. W. S. Ferguson's Dental Office under the management of Dr. J. B. Jackson who has been associated with Dr. Ferguson for some time. Dr. Jackson will take care of all adjustments and complete all unfinished work. The policy of the office will be the same as before and a continuation of your patronage will be appreciated. Temple Ellis Building Phone Office 535, Res. 825-J

20 FROM HALE GO TO SHORT COURSE

FARM, HOME DEMONSTRATION AGENTS LEAD DELEGATION TO COLLEGE STATION

PLAINVIEW, July 11—Twenty people from Hale County are going to attend the Annual Farmers' College at A. & M. College, College Station, July 28 to 30, according to County Agent R. M. Milhollin, and Home Demonstration Agent, Miss Opal Wood, who will conduct the Hale County party to College Station.

Members of the girls 4-H club, and the women's demonstration club, and the boys' agricultural club of Hale County will attend.

Three Women Win Awards

Mrs. J. P. McFarley, president of the Home Demonstration Council, and winner of the house dress contest in which 125 women took part, was awarded a trip to the Short Course at first prize. Mrs. Willie Williams, and Mrs. A. M. Schrock, winners of the Kitchen Contest, were awarded with the trip as first prize in each class and all these are planning to attend.

Among the girls who will attend are: Miss Lucille Kirtzel who won first place in the school dress contest, and Miss Lavinia Rodgers for the afternoon dress. They both won the trip as prizes.

Other Women To Go

Among the women who will attend from Hale County are: Mrs. Paul Johnson, Mrs. Ed Kunkle, Mrs. F. S. Shourer, Mrs. McDaniel, Miss Ruth Post, Miss Mary Shields, and M. S. Hudson.

Three Hale County boys will compete in the Home Demonstration team contest. The Hale County delegation will leave by train, joining other county delegations possibly taking a special train from this section of West Texas.

PIONEER CITIZEN ILL

Ed Hutson, pioneer citizen of Lubbock, is seriously ill, at his home on 1211 5th Street, following a paralytic stroke suffered yesterday. His condition is very grave, according to physicians. He suffered a light stroke about a year ago. It was stated.

Hereford Farmers Make Hog Profits

HEREFORD, July 11—The hog industry in the Panhandle country is growing rapidly, and each month sees the sale of hogs increasing in this section. Many of the local hog men find that this is one of their best paying crops, and that it affords an excellent means of marketing the grain surpluses raised.

E. V. Holman, living northeast of Hereford has just marketed fifty two hogs of top grade, for which he received \$718. They were grown principally on home grown grain and alfalfa. Mr. Holman has about 100 head left, and plans to make these porkers "top" before putting them on the market.

COTTON ACREAGE CUT

Estimate of 42,000 Acres Made By Government Showing a Substantial Reduction

WASHINGTON July 11 (AP)—This year's cotton acreage was placed at 42,000 acres by the department of agriculture today in its first estimate of the season. That was the area in cultivation on July 1 and is 12.4 percent less than the area in cultivation on June 25 last year. Compared with the acreage planted last year, it represents a decrease of about 3.5 percent.

Every cotton producing state showed a reduction in acreage as compared with a year ago. Texas

ALPINE WELLS IS RED CAVALRY

FIFTY CARS OF HORSES ARRIVE FOR SUMMER TRAINING COURSE

(By Associated Press) ALPINE WELLS, July 11.—Fifty cars of horses arrived here Saturday, July 9, for the annual encampment of the 56th Cavalry Regt., General Jacob F. Walters, commanding.

The service troop stationed here for the 11th Cavalry with a detachment of the Adjutant General's Department from Austin, went on duty early Saturday. One thousand men will be in the camp for two weeks. They were to come in four troop trains Monday.

Early on the program of the encampment will be the dedication of Pyron Hall, which will seat 1,000 persons and was a gift from Major H. B. Pyron of Houston.

The 56th Cavalry is composed of the 12th Cavalry, the 56th Machine Gun Squadron and headquarters troops. The 11th Cavalry is a part of the 56th Brigade, but as it is located in New Mexico it will not camp at Alpine this year.

The following Texas cities are represented at the camp here: Dallas, Fort Worth, San Antonio, Houston, Tyler, Brenham, Waxahatchie, Austin and Mineral Wells.

Governor Moody will review the brigade on July 22, with Brig. General Robert L. Robertson, Texas adjutant general; Gen. John A. Tilden, commander of the 38th Division; and General Ernest Hinds, 7th Army Corps, commander of the 4th Corps area.

Oil Operations At Big Spring Active

BIG SPRING, July 11.—Smith well No. 1, on fractional section 6, 12 miles southeast of Big Spring, is being plugged in with water well machinery. This well will be two and one-half miles from Hatten ranch. No dry holes have been drilled in this territory.

The world well on southeast quarter of section 43, block 24, Twp. 2 north, McDowell ranch is drilling at 2,000 feet in line. Formations looking very favorable for the finding of a good well.

Work well on the Oshaker ranch in the southeast quarter of section 6, block 34, drilling at 1,310 feet in red bed.

During the past week six new locations were made by the Magnolia company, and five locations were made by the Marland Oil company, Texas, all in Howard county.

Alpine City Dads Restrict Building

ALPINE, July 11.—The recent move of the city commissioners of Alpine to zone the portion of the town south of the Southern Pacific railroad has proven so popular that they extended the territory where the restrictions are in force at their meeting this week.

The new zone limit starts at the Southern Pacific tracks on Fourth street and runs south four blocks, thence through the Hancock addition and one block into Thomas Derrick addition to a point about even with the Southern Pacific pump house, thence north to the tracks and thence west to point of beginning. The restriction in this district is the same as the one formerly passed and is that no building of less than 25,000 value shall be built within the limits here described.

Potash Reported Near Big Spring

BIG SPRING, July 11.—It is unofficially reported that potash in commercial quantities of approximately 100 feet was struck on the Houston ranch, 27 miles from Big Spring in Martin county. This well being drilled by the Landreth Petroleum on section 12, block 24, Twp. 2 South.

NEW YORK, July 11. (AP) - The bullish influence of Saturday's official cotton acreage figures was reflected in a continuation of buying and new high prices for new crop positions in the cotton market today. October sold up to 17.77, while January advanced to 18.84. The close was within a point or two of the best, with the market very steady at first advances of 31 to 41 points.

### McWhorter Robert's New Store Opens

With a larger stand, more stock, more fixtures and general improvement, the McWhorter-Robert's new store opened yesterday at the firm's new location 118 Texas avenue. For the past three years the business has been conducted on the corner of Texas avenue and Main street in the Merrill hotel building but the need for more room than was available there necessitated the move.

The new building has been fitted with a complete set of grey oak fixtures and several departments have been added to the store's original line of clothing. Following the removal sale which has been going on for the past three weeks a large amount of the latest stock is being arranged in the new quarters. A dressing and altering business will be conducted in the rear of the new store.

### TULIA DAIRY SPECIALIST BUYS HIGH TYPE HEIFER

TULIA, July 11.—Prof. Geo. P. Grant, dairy specialist of the Panhandle section purchased a yearling registered Jersey heifer today from R. C. Nichol, local dairyman and Jersey breeder. The heifer, Gambege of Oakland's Fox, daughter of Gambege of Oakland, in the south of Masterman of Oakland that sold for \$25,000.00, foundation bull of the first Swisher county bull circle established in 1923. She comes from the leading strain of dairy herds in the south, her sire was sold by Nichol to the Taft-Ranch and is a splendid young show bull that will be a member of the well known Taft show herd of 1927. This heifer will be shown at the Tri-State Exposition at Amarillo in 1927, also her sister owned by Dr. Underwood of Hale Center will be established at the show. Prof. Grant is one of the outstanding dairy specialists in the southwest, and his choice of a Swisher county heifer is a recommendation to the breeders of this section. Nichol has sold several heifers for demonstration and show purposes this year.

### The America's Crew, In Borrowed Clothes, Face Cameras On 'Morning After The Night Before' Near Ver-Sur-Mer

Here are the four men who flew across the ocean in the America, photographed a few hours after their plane came down in the English channel. They are, left to right, George Noville, Commander Richard E. Byrd, Bert Acosta and Bert Balchen. They are dressed in clothes borrowed from French villagers to replace their own water-soaked uniforms.

### SLATON SCHOOLS HAVE 28 CREDITS

EDUCATIONAL SYSTEM GROWING RAPIDLY WITH 1200 PUPILS NOW

SLATON, July 11.—The public schools here have kept pace with the growth of the city in recent years, not only in providing needed equipment, but in establishing standardized courses of instruction. This is shown by a report received from the state department of education by C. L. Somo, superintendent of the slaton schools. The slaton high school now has a total of twenty-eight affiliated units. Thirty-four courses are offered to students, some of them being optional. All subjects taught have become accredited. The high school has fifteen teachers and 300 students. More than forty teachers are employed in the four schools of the city, and the scholastic enrollment is now well beyond 1,200.

### State Educator Will Visit City

S. E. Clark, of the State Department of Education, will be in Lubbock during the annual meeting of the county board of education and district trustees, August 18, according to an announcement received by W. M. Pev-

### Club Boys Will Get Free Trips

HEREFORD, July 11.—Judges are working in various communities of Deaf Smith county to determine the winners of the free trips offered by local business men to club boys and girls who make the best records with their projects. The winners in the contest will be entitled to free trips to the A. and M. college short course which will be held at College Station July 25-29. Judging will probably be finished within the next few days, and the winners will be announced.

### Borger Waterworks Project Completed

HEREFORD, July 11.—One of the largest oil field water projects ever developed in this section, has just been completed for the Phillips Petroleum company, near Borger, Texas, by D. L. McDonald of Hereford. It supplies Borger and a good portion of the south Hutchinson oil field, with water.

The project will afford four million gallons of water, and is developed in four wells and conveyed from the water station at McBride through fifteen miles of pipe line to Borger. The quality of the water is very good, both for domestic and industrial use.

After completing this big water project, Mr. McDonald has shipped his tools to Hereford for a general overhauling and repair. He is now working on an emergency water supply for Sweetwater, and his contract calls for the completion of this emergency project within thirty days.

### Hereford Boosters Back Home Again

HEREFORD, July 11.—Hereford's two representatives who made the trip through the Eastern States with Dan Moody and his All-Texas special, have just returned, and both are pleased with the interest that Eastern people manifested in Texas and her resources. Both report a fine trip, and these men say that much publicity was gained for the various sections of Texas by the All-Texas Special. Mr. Black is president of the Hereford Chamber of Commerce and Mr. Parker is vice-president of the same organization. Both men are pioneers of this section and have seen the Panhandle change from a cow country to one of the rich stock farming centers of the State.

Mrs. Earl Smith and son have returned from a visit with her parents in Anson.

### Sul Ross Voted A New Gymnasium

ALPINE, July 11.—At the annual meeting of the board of regents of the Texas State Teachers' Colleges held in Fort Worth recently, steps were taken toward the erection of a new gymnasium on the Sul Ross campus. It is expected that the building will be ready for use by the opening of the fall session. Two members of the board, Hon. A. B. Martin, of Plainview, and Hon. A. B. Mayhew, of Uvalde, will visit the campus today, for the express purpose of locating the building. An architect has been employed, and work will begin on the new building soon.

### List Of Sul Ross Editors Announced

ALPINE, July 11.—The following staff has been chosen to edit the summer issues of the Sul Ross Stylus: managing editor, Fannie May; society editor, Joyce Callahan; sports editor, J. T. Wallace; exchange editor, Mrs. Goldberg; business manager, Mr. Hinckley. The members of this staff were chosen by the sponsor and editor-in-chief. It has heretofore been customary to elect by popular vote from the student body at large a staff for this student publication. This summer it was felt that such a method would be impracticable in choosing from so large a group. A call was issued for people interested in journalistic work. The work which the people who responded turned in was considered in selecting the staff.
