## BIG PASTURE FFA BANQUET IS HELD

The Big Pasture FFA chapter held its annual Parent Son Banquet April 19. There were 161 people present. After the meal the officers conducted the opening ceremony. Then chapter President, Travis Justice, introduced the special guests. The honorary members were Mr. Jim Kinder, Jack Aaron and Alvin Hill. These men have a record of supporting the chapter. Next came the entertainment courtesy of the Chandeliers. The group consists of Janie, Jamie and Jimmy Inman and Doug Eastman.

The awards were then presented by Mr. Walon Holt, chapter advisor. They were as follows: Wheat King, Paul Baber; second place in the wheat contest, Mike Vache; third place in the wheat contest, John Wood. These three trophies were donated by the First National Bank of Burkburnett. The DeKalb Award, Travis Justice; Star Chapter Farmer, Travis Justice; the Farm Mechanics Award, Robert Robinson; this trophy was donated by the Country House Antiques; the Best Set of Records Award, Travis Justice; this trophy was donated by The Burkburnett Bank; the Livestock Farming Award, John Wood; the Sheep Farming Award, Ronnie Dorton; the Beef Farming Award, Mike Vache; Farm Safety, John Wood; Home Improvement Award, Mike Vache; Farm Electrification, Robert Robinson; Ornamental Horticulture, Roy Scheiper; Poultry Speaking, Paul Baber; Star Greenhand, Ronnie Dorton; Swine Farming, John Wood; Dairy Farming Award, Robert Moralez; the Soil and Water Management, Paul Baber; Crop Farming, Mike Vache; Farm Forestry Award, Terry Hyman; and Poultry Farming, Eubby Sanders.

Then Southwest District Vice-President Harry Birdwell gave an inspiring speech, followed by the closing ceremony.

The Big Pasture FFA is sending two teams to the State Interscholastic Contests. The Farm Shop team fresh from its victory at the District, is trying to win the State contest. The members of this team are Robert Robinson, Steve Adams, and Wayne Laminack. The other team is the Fat Stock Judging team. Its members are Travis Justice, John Wood, Mike Vache, and Frank Boeber. Mike Vache and John Wood are also the voting delegates to the State Convention.

## Scout Post 155 Attends Explorer Event At Vernon

Post 155 traveled to Vernon April 20 for the Olympics. The morning was under the auspices of the Dept. of Public Safety and we saw films on driving wrecks, and even took a driver's written examination. After this Patrolman Fant of Quanah put on a fire power demonstration with submachine guns, rifles, pistols and grease guns.

At 1:30 the meet started. Volleyball, basketball, track, tennis, bowling, pool, ping-pong and a drivers skill test all at one time. Basketball looked good to us, but Rider High's varsity made it hard to score but then volleyball seemed promising. Post 2 of Wichita Falls had all six-footers, so we lost on that too. We didn't have a track man but Vernon and Hirschi had some of their muscle men controlling that event. Mill Fleming shuttled between ping pong and tennis and won a 2nd in tennis in a sudden death climax, due to the lack of time. He had no break in the last two games nor a drink of water. Burkburnett's hope of a 1st was last due to timing. Mill also got a 4th in ping-pong.

Evening festivities started at 6:30 with a box supper auction and dance sponsored by the Horizon Club at their club house. This was the climax! The music was good and loud and the company of their Senior Campfire Girls was refreshing. Only comment uttered by one of the locals was "When Is the Next One?"

## CHAMBER OF COMMERCE AWARDED

The Chamber of Commerce received an award for Outstanding Service at the Big Pasture FFA Banquet, held Friday, April 19, in Randlett. Gene Allen, manager, accepted the presentation.

Several dignitaries from Burkburnett witnessed the honor which was earned for participation in, and support of many Future Farmers of America projects.

A. R. Hill and Jack Aaron, prominent businessmen active in FFA projects, were awarded honorary memberships in the organization.

## Ft. Worth Is Home For Newly Weds

Mr. and Mrs. Jackie Dilbeck are making their home in Fort Worth following their marriage on April 20 at the First Presbyterian Church in Midwest City, Oklahoma. The Rev. Otto Berver, officiated.

The bride is the former Miss Donna Whiteaker, daughter of Lt. Col. and Mrs. William Whiteaker, Midwest City, Oklahoma. The groom is the son of Mr. and Mrs. J. D. Dilbeck of Burkburnett.

The bride was given in marriage by her father. Maid of honor was Miss Sharon Whiteaker, sister of the bride. Best man was Jerry Dilbeck, brother of the groom, and usher was Mike Fore.

A reception was held at the Officer's Club at Tinker Air Force Base.

The bride is a graduate of Burkburnett High School. She attended Midwestern University in Wichita Falls and Central State College in Edmond, Oklahoma.

The groom attended Burkburnett High School and has served in the U. S. Army, just recently returning from a tour of duty in Viet Nam. He is employed in Fort Worth.

## MAYORAL PROCLAMATION

In many areas of the United States respect for constituted authority and the principle of the supremacy of law are being heedlessly challenged.

The rights and freedoms which Americans accept as their birthright are made possible only by public acceptance of and obedience to the rule of law. In today's complex society there is a particular need for understanding on the part of every citizen that respect for laws is vital to the preservation of individual liberties and a free and orderly society.

The Congress of the United States, and the President by official proclamation, have designated May 1 as Law Day USA, a special day of celebration by the American people in appreciation of their liberties and the reaffirmation of their loyalty to the United States of America; of their rededication to the ideals of equality and justice under law in their relations with each other as well as with other nations, and for the cultivation of that respect for law that is so vital to the democratic way of life.

It is especially fitting therefore, that this year we should as citizens reaffirm our faith in the rule of law and in the supremacy of government by law rather than by men. The theme for this Eleventh Annual Observance of Law Day USA carries a timely message: Only a Lawful Society Can Build A Better Society. It reminds us only through adherence to the processes of law and representative government can our community and nation achieve the goals we seek in social betterment and progress.

NOW, THEREFORE, I, A. H. LOHOEFENER, Mayor of Burkburnett, do hereby proclaim Wednesday, May 1, 1968, as Law Day USA in the City of Burkburnett and call upon all citizens, organizations, churches, and schools to recognize this special day through appropriate programs and ceremonies.

Dated at the City of Burkburnett, this 24th day of April, 1968.

A. H. LOHOEFENER,  
Mayor

## Girl Scout Father And Daughter Banquet Is Held Here Recently

These men, fathers all of Girl Scouts, were presented with Certificates of Recognition at the Annual Girl Scout Father-Daughter Banquet, held Thursday, April 18th, in the High School Cafeteria. Mrs. Glenda Stobbe, neighborhood chairman, presented the awards for continued assistance and interest. From the left, back row: Glenn Sutton, Leonard Oelschlagler, James Briggs and Raymond Stobbe. Front row: Roy Hatcher, Joe Jancke, Mrs. Stobbe, William O'Leary and Paul Bohsteadt.

Food, Fun and Frolic prevailed at the annual Girl Scout Father-Daughter Banquet, held Thursday, April 18, in the High School Cafeteria, which attracted nearly 400 children and adults.

Food was over-abundant, all home-cooked; the participants, as well as the audience had fun during the program of skits and song, as Girl Scouts frolicked through their paces on-stage.

Members of NorCentTex Council, who were special guests included: President, Floyd Martin; Vice-President, Pete Martin; and Camp Committee, Mr. and Mrs. Robert Pendleton. Mrs. Glenda Stobbe, Neighborhood Chairman, presented certificates of Recognition to eight fathers.

The banquet theme was "Many Happy Returns" commemorating troop birthdays. Each troop decorated its table in designs symbolic of the month in which it was organized.

Some of the decorations consisted of campsites, Indian trail signs, tiny U.S. flags, drums, and Uncle Sam hats for the month of June; Santa Claus, snowmen and presents for December; flowers and Easter bunnies, April; a diapered doll

Control of the common hornfly is an item often overlooked by many dairymen, says consultant E. T. Haws.

The hornfly is an important pest of dairy cows. The time of the year is at hand when hundreds of the small black flies can be noted on the backs, shoulders, horns, and on extremely hot days along the underline of dairy cows.

The flies are a constant worry to the cow and prevent her from properly feeding; and thereby, she loses weight and her milk production falls off. Research has shown that dairy cows protected from hornflies produce 10 to 20 per cent more milk than those not protected.

The use of some of the newer, longer-lasting insecticides provides effective control from two to four weeks, advises Haws. Several methods can be used in applying the needed insecticide. They include the use of a small hand sprayer, power sprayer or a backrubber. A homemade or purchased backrubber located outside the exit from the dairy barn can be very effective.

All operators on participating wheat farms must certify the wheat acreage before May 1, 1968. Wheat in excess of the permitted acres must be destroyed in one of the following manners: prevented from reaching maturity by being clipped and left on the land, destroyed by mechanical means or natural causes, used for other than grain not later than May 1, 1968, this includes harvesting for hay and greenchop. Check with your local ASCS office.

The "no-grazing" period for diverted acres under the 1968 feed grain and cotton programs will start April 30. It will continue for the following five months or until October 1, 1968. It has been determined that it is in the best interest of the program to prohibit small grains to be left standing on diverted and conserving acreage where there is a possibility of grain production.

Specially selected farmers in Wichita County will find a very important document in their mailboxes in the next few days according to E. T. Haws, county agricultural agent.

Its the Annual Spring Acreage Survey of the Texas Crop and Livestock Reporting Service, a cooperative effort of the USDA's Statistical Reporting Service and the Texas State Department of Agriculture.

Livestock producers are urged to continue a close watch over all animal wounds. Weather conditions are very favorable say officials of the Screw-worm Eradication Program for fly development and spread.

Stockmen are urged to continue submitting worm samples to the Mission Lab for positive identification. Its the only way to know what is happening. Sample bottles may be picked up in the county agent's office.

Cotton seedling disease can greatly affect total yield from your acreage. Organisms associated with cotton seedling diseases are fungi, bacteria, and nematodes. They are most damaging periods that favor their development but unfavorable for plant development.

## Senior Citizens Organize At Burk

A sing in initiated the first meeting of about 50 persons interested in forming a club for senior citizens in Burkburnett Thursday afternoon.

Bill Shough, minister of music for First Baptist Church, led the group through several familiar melodies.

The group elected Mayor A. H. Lohoefer as temporary chairman and named a steering committee of seven to draw up plans for future meetings and present a slate of permanent officers.

In addition to Lohoefer, the steering committee includes Mrs. Florence Trevena, Mrs. Artie Whitesides, Rev. Don Youngblood, Rev. Lamon Champ, Rev. Alva T. Browning and Jack Aaron, president of the Burkburnett Chamber of Commerce, under whose auspices the meeting was held.

The next meeting is May 8, to hear committee recommendations.

## Cooper Club Has Program On 'Low Cost Meals'

The Cooper Home Demonstration Club met in the home of Mrs. Mae Kotch, Monday, April 23.

Mrs. Bee Bryant, President, opened the meeting with the club singing, "The More We Get Together," and repeating the club prayer.

Roll call was answered with "My Birthplace."

Reports were given by the Treasurer and Council Delegate.

Mrs. Owen, project chairman announced that the project for April would be flowers and plants exchange.

The club voted to have a breakfast at Uncle John's Pancake House, May 8, to honor our Vice President, Mrs. Sam Spencer.

Clara Fairview entertained our club members with a luncheon on April 18. Everyone had a wonderful time.

Mrs. Ralph Swinford brought the program on "Low Cost Nutritious Meals."

Mrs. Swinford gave a very interesting talk on planning and careful shopping for nutritious meals. Know your family wants and needs, know your income, know how to store and prepare food. Nutritious meals are planned, they don't just happen.

Mrs. J. H. Musgrave won a prize in the recreation period.

Refreshments were served to one guest, Mrs. O. E. Linville and the following members: Mmes. P. S. Swinford, Bee Bryant, Lee Cooper, Dawson Owen, Ralph Swinford, J. H. Gill, O. J. Cooper, Sam Spencer, H. E. Clayton, J. H. Musgrave, Annie Mae Emmert, Miss Amelia Spencer and the hostess, Mrs. Mae Kotch.

The next meeting will be held in the home of Mrs. Bob Stewart, May 13, Burkburnett Road. Miss Theima Wirg will bring the program.

## BEATING THE BUGS

Because mosquitoes are not only a nuisance, but also can carry disease, American homes and businesses use well over 500 million square feet of wire screening each year. In choosing your screening, according to the Gromley & Larsen Screening Company, look not only for material and price, but also for quality construction and uniformity. There are differences in screening quality, and local hardware dealers will be happy to explain what they are.

Barbecue Bologna for a taste treat. Remove the casing from a large single piece of Bologna. Score deeply. Brush with barbecue sauce or with tart jelly whipped with a little mustard. Stud with cloves and center on a spit. Grill over low settings on a gas grill until heated through, basting often with the desired sauce. Slice and serve warm.

**LET'S NOT FORGET**

It is well to remember certain bread-and-butter facts of life. One of these is that superhighways, schools, parks, social-welfare programs and all the other facilities and benefits we expect from modern government must be created from the productiveness of private citizens. Nowhere else in the world have the organized efforts of private citizens been as productive as in the United States. One need not look far to see this.

A major oil company has released some figures on its annual tax payments that show with stunning eloquence just what a corporate enterprise can mean to the community. Last year, this company paid a total of \$687 million in taxes — nearly \$2 million a day. The federal government withheld an additional \$46 million in income taxes from the \$345 million in wages earned by the company's 45,000 employees.

In an effort to bring these astronomical sums down to ordinary comprehension, the company reports that \$92 million of its total tax payment went for property and other local taxes. In some locations, these taxes provided the bulk of support for schools, fire and police protection, road improvements and maintenance, parks, water and sewage facilities, and other community services. The mayor of one community to which this company pays millions in local taxes, says: "Oil industry taxes have saved this community. . . ."

Many people appear to have forgotten that the source of the greatness and strength of the United States always will be the initiative and enterprise of individuals and businesses working for a profit within a framework of self-government in which the rights of the individual have come ahead of the aggrandizement of the state.

**FACTS TO REMEMBER**

Oil production in the United States soared to a record-breaking 3.2 billion barrels in 1967, thus the nation retained its title as the number one oil producer in the world. Consumption of petroleum is also rising. By 1980, it is estimated the U. S. will require 17.5 million barrels of oil a day. And between now and then, the industry will have to invest up to \$200 billion to meet the anticipated increase in petroleum demand.

These astronomical figures might lead one to conclude that the oil industry and the motorist who is getting more for his gasoline dollar than ever before may look to the future without a cloud on the horizon. But, there is another side to the story. The oil industry like the housewife has been caught in an inflationary squeeze and like the housewife, must retrench where it can. The difference between the housewife and the petroleum industry is that retrenchment in petroleum results in a cutback in exploratory drilling for new sources of oil supply. A cutback that in the face of rising demand may threaten a primary source of energy.

In specific figures, here is the other side of the petroleum story. There were 8,600 exploratory wells drilled in this country during 1967 — a drop of more than 40 per cent since 1957. In the same years, crude oil prices dropped 5.8 per cent while cost of labor and materials continued to rise. For example, oilfield machinery and tool prices are up 9.9 per cent, oil well casing up 15.9 per cent, and wages paid the average oil production worker up 33.7 per cent. Meanwhile, new petroleum fields have become harder and more expensive to find, and profit margins are lower than 10 or 15 years ago.

These are facts to remember when the oil industry speaks in behalf of preserving tax and price incentives necessary to the preservation of future petroleum supplies.

According to the National Forest Products Association, total lumber production, shipments and consumption in 1967 registered declines from 1966 levels. The decreases were caused primarily by the slow rate of housing starts in the early part of the year. Lumber production in 1967 was 34.6 billion board feet, a decline of 5.1 per cent from 1966 production.

Cal-Tax News, published by the California Taxpayers' Association, has observed, "Since 1967-68 budgets were adopted, three states have reduced budgets for higher education. They are Kentucky, Oregon and Utah. Utah was forced to reduce appropriations because an extensive copper strike reduced state revenues."

**GOULET SHARES SAFETY WITH JUNIOR FIRE MARSHALS**

Schoolboys Bobby Jaczko, Jimmy Maloney and Jon Hopps share their magazine of fire safety games and stories with singing star Robert Goulet. The popular entertainer reads aloud a safety playlet designed for youngsters in class. It is part of a nationwide year-round public service program provided by The Hartford Insurance Group. Millions of Junior Fire Marshal youngsters annually receive educational materials, helmets and badges as instruction and reward in the area of fire prevention and safety. Certain chapters of the program also cover highway safety and the hazards in nature, such as poison ivy.

## MISS LINDA LAGORIO BECOMES BRIDE OF MONTY BOB MORRISON

Mr. and Mrs. Monty Bob Morrison

Miss Linda Lagorio, daughter of Mrs. John Lagorio Jr. of San Francisco became the bride of Monty Bob Morrison in the Church of the Epiphany in San Francisco, Calif.

The bridegroom is the son of Mrs. Lois Jordan of Burkburnett. Michel Lagorio, brother of the bride gave here in marriage. Her white satin gown had a bouffant and a scalloped train, the edges of the sleeve cuffs and train were trimmed with tiny pearls, she carried white lilies.

Miss Arlene Schroeder was maid of honor, she and the bridesmaids wore long char-

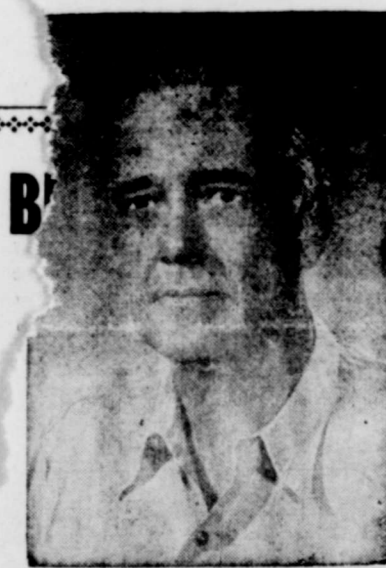

truse gowns. Their head pieces were of daisies and net.

Reut Schroeder was best man. A reception was held at the Temple Judea following the ceremony.

Mrs. Jordan was in California for the wedding. The couple spent their honeymoon in Burkburnett with his mother and grandmother, Mrs. Lenora Allen and in Oklahoma with his sister Mrs. D. L. Young and family.

Mr. Morrison is in the Navy and has been stationed at Treasure Island for the past two years. Their present home is San Francisco.

## Welding Course for Farmers Set April 29-May 2

C. B. EDWARDS

A farm welding short course for adult farmers will be held April 29-May 2 under the sponsorship of the Burkburnett High School Vocational Agriculture Department, according to I. C. Evans, Superintendent and James aEster, teacher of vocational agriculture.

C. B. Edwards, welding specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instructing in the course. He is headquartered at Texas A&M University.

Mr. Edwards holds two college degrees, a B.S. in Agricultural Education from Texas A&M and an M.S. in Agricultural Education - Animal Husbandry from Oklahoma A&M; and in addition, has several graduate hours at the University of Texas. Mr. Edwards has

had experience as a vocational agriculture teacher and as supervisor of state schools. He has organized T&I programs and supervised the operation of several shops. Mr. Edwards has been with the Adult Specialist Program since its initiation in 1958.

"Many welding short courses in various parts of the state have been taught by Mr. Edwards and all have met with outstanding success," according to Mr. Ralph Moser, area supervisor of vocational agriculture, Stephenville, Texas. Arrangements for adult education short course in welding and in other fields are made through Mr. Moser's office.

The short course in Burkburnett is scheduled to begin April 29 at 7:30 p.m. in the vocational agriculture building. Other meetings in the series of four will be held April 30, and May 1 and 2. During the dates the short course is in progress, Mr. Edwards will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to Mr. Easter.

Farmers interested in attending the short course should write or call the superintendent of schools, I. C. Evans, or the teacher of vocational agriculture, James Easter. An entry fee of \$5.00 will be charged. Farm Welding Short Course Certificates are to be presented to each enrollee who attends all the training sessions.

Mr. Edwards states that the short course will be adjusted to wishes and interests of farmers enrolled but that he expects to cover such subjects as safety in welding, factors controlled by the operator in running a bead, striking an arc, types of electrodes, preparation of joints, distortion, cutting, hard-surfacing, and pipe welding.

Surgery and radiation are effective in treating many types of cancer. New drugs have been used in treating a few forms of the disease, says the American Cancer Society.

## tips On trips

BY GEOFFREY VANCE

### DISCOVER AMERICA BY 'FLY-DRIVE'

This year, more and more Americans are expected to take their vacations in the Western Hemisphere. Many of them no doubt will set their sights on discovering America itself from coast to coast. To visit distant locales across the country, a growing number of travelers use the "fly-drive" concept of traveling, Hertz Rent A Car reports.

Vacationers stretch their leisure time by flying to their destination and picking up a reserved rental car for fast luggage transfer and complete on-the-scene mobility.

Some of America's great vacation areas - ideal for the sight-seer, camper, hunter, fisherman or just plain beachcomber - are among the new fly-drive tours devised by Hertz for 1968 vacation-planners.

### HEMISFAIR '68

Heading the list is a visit to San Antonio's World's Fair, HemisFair '68, combined with a motoring tour of the surrounding area.

Within a 160-mile radius of the Alamo City, HemisFair visitors can drive to the dude ranches and cattle towns of Texas' Hill Country, to the beach resorts along the Gulf Coast, or to the colorful border towns of Mexico.

For those vacationers thinking of traveling East or West, Hertz recommends the following fly-drive tours:

### OUT WEST

**To San Francisco** for the sights and sounds of the Golden Gate City, then south to the Big Sur country along the coast, or to the snow-covered peaks of Yosemite National Park, just 175 miles away; past giant sequoia trees and on to Las Vegas for the flight home.

**To Seattle** to begin a scenic drive through the Pacific Northwest, from the national parks near Seattle - Olympic and Mount Rainier - to the Canadian provinces of British Columbia and Alberta, a land of primeval forests and mountain glaciers.

**To Honolulu** and beautiful Hawaii where Hertz cars are available to explore the Neighbor Islands - Kauai, Maui, and the large island of Hawaii - all linked by air to Honolulu.

### THE EAST

**To New Orleans** to begin a memorable drive through the Southland, from the bayou country of Louisiana to the Florida beach resorts beside the Gulf and the Atlantic.

**To Washington, D.C.**, or to New York City for an exploration of the mid-Atlantic states - a drive that can carry the motorist through the historical sites of Virginia, Maryland, Pennsylvania and New York.

An ideal starting point is the nation's capital, with its many "must-see" attractions. The tour moves north toward Philadelphia with stops at Independence Hall and Valley Forge, and on to the skyscrapers of Manhattan.

**To Bangor, Maine**, for a tour of upper New England that extends into the states of Vermont and New Hampshire, a green expanse of woods, lakes and mountains that provides a perfect setting for any camper, hunter or fisherman.

**To Boston** for a look back into history, from the site of the Boston Tea Party to Bunker Hill, on to the scenic splendor of Cape Cod, or to the picturesque coasts of Rhode Island and Connecticut.

With fly-drive travel and Hertz' "Rent it here, leave it there," vacationers are able to end their trip in almost any city and fly home from there.

## FOUR ARE GRANTED MEMBERSHIP IN E.S.A. SORORITY RECENTLY

Four more members achieved full membership in Epsilon Sigma Alpha International here April 22, 1968, during a meeting of Tacta Epsilon chapter. They are Mrs. Tom Sims, Mrs. Ray Reeves, Mrs. Jack Little and Mrs. Jim Goff.

Presenting them with revered E.S.A. jewel pin was chapter president Mrs. Quinton Howard, and vice-president Mrs. James Spinks.

E.S.A. members undergo a six-month training period after they join the sorority. Then, upon completion of a written test, they are admitted to full membership with the presentation of the sorority's jeweled pin.

Epsilon Sigma Alpha is an international leadership organization for women which emphasizes educational, philanthropic and social activities. Theta Epsilon chapter here is one of more than 1,550 chapters - including 40,000 members - around the world.

A Founders Day Coffee is scheduled for the afternoon of April 28, in the National Room.

Trophies, histories, and scrapbooks of the chapters activities will be on display from 2 until 4 p.m.

An ice cream social is scheduled for May 13th in the home of Mrs. Quinton Howard.

Present for the dinner meeting were Misses Clarence Bridgess, Cecil Curtis, Lyle Eaton, Quinton Howard, Bruce Shepherd, James Spinks, J. A. Tibbels, Neal Tullis, Raymond VanLoh, Tom Sims, Jim Goff, Jack Little, Ray Reeves and Evelyn Farris.

### PERSONAL

Mr. and Mrs. John D. Dickinson have returned to their home in El Cajon, California, after visiting here with her father, Mr. C. C. Fancher; sister, Mrs. O. G. Bryant; and the Tom Burnett family. A niece, Mr. and Mrs. Bill Stone and family of Wichita Falls were in Burkburnett to visit with the Dickinsons.

A lot of fellows would save money if their families would let them.

## Responsibility - Yours and Mine

Everyone who is eligible to vote knows what is involved in the up-coming issues to be presented to the people of our state in the May 4th election. We all know the dangers which are inherent in a society saturated with alcohol and the deprivation that comes to little children where gambling is legalized.

The time is getting short and as the time draws near we are asking that you consider the issues honestly, thoughtfully and prayerfully. Ask and answer such questions as, "Will the increased availability of alcohol increase traffic deaths? ... increase crime? ... increase alcoholism? ... increase police and welfare cost? increase poverty problems?" "Will parimutuel betting better the family income of our Texas citizens or will it only fatten the coffers of the gambling syndicates?"

As Christian ministers, we URGE you to consider these issues in the light of your Christian faith.

## LIBRARY CORNER

We have some of those books you read about. **North Toward Home** by Rhodes scholar Willie Morris is the autobiography of the 32-year-old editor of Harpers' magazine. Morris was reared in Mississippi, attended the University of Texas and migrated to the Big City. It is an interesting and easy to read commentary on our times.

Another book receiving much publicity by virtue of its author's association with TV's Today Show is Hugh Downs' **A Shoal Of Stars**, the account of his voyage in a sailing ship from New York to the isles of the South Pacific.

Author Allan W. Eckert has two recent publications. **The Frontiersmen** is a story of pioneers in the Northwest Territory. **The Crossbreed** is a novel about the offspring of a domestic cat and a bobcat. Naturalists and young boys will probably enjoy this one.

Mothers, if you feel you have neglected your child's education, you may take comfort in Eda J. LeShan's **The Conspiracy Against Childhood**. And if the budget wont work perhaps **Champagne Living On A Beer Budget** is just what you have been looking for. This book gives names and addresses of stores for quality, low-priced merchandise.

And if your next stop after the Burkburnett Friends of the Library Book Fair is HemisFair '68, the library has brochures, maps, and entertainment schedules for the big show.

## Texas State Twirling Champion

Miss Treva Ladd won the coveted title of Texas State Twirling Champion which was held on April 12 in El Paso by Championship of the National Baton Twirling Association. Miss Ladd competed with over forty other girls from around the state. The solo performances were judged on the basis of timing, skill and appearance. Treva will compete in the nationals held at St. Paul, Minnesota in January.

This summer, Miss Ladd will travel with the Talented Teen Troupe of the U. S. to such countries as England, Ireland, Germany, Holland, Switzerland, and France. Forty boys and girls who will present twelve concerts in Europe comprise the troupe. There are only three twirlers selected for the troupe. The youths were selected to form a cross-section of our country.

Miss Ladd is the daughter of Mr. and Mrs. Glenn Ladd of Burkburnett. She is a senior at Burkburnett High School and a member of the Burkburnett High School Band, Future Teachers of America, and Future Homemakers of America.

## Local Boy Struck By Automobile

Donald Shuff, 15, son of an Air Force Sergeant, was hit by a car and hospitalized Wednesday, April 24.

Shuff was a member of a Physical Education class at Burkburnett High School, practicing running for track.

The class was running on the side of Kramer Road when a car driven by a woman from Iowa Park couldn't avoid the student.

He is reported not serious in Sheppard Air Force Base Hospital.

**What Does It Take To Build A Church?**

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## TREVA LADD IS SELECTED MISS BURKBURNETT, 1968

TREVA LADD

To a standing ovation, the new Miss Burk Burnett for 1968, Miss Treva Ladd received the coveted crown Saturday, April 20, during the tenth annual pageant, held in the High School Cafetorium. Treva was selected from thirteen contestants.

Jo Ann Watkins received the Miss Congeniality award and Talent honors, other than the winner, went to Terry Cowles. The five finalists were: 1st runner-up, Carla Patrick; 2nd, Toni Savage; 3rd, Judy Pace; Clydette Cox, 4th; and of course the winner, Treva Ladd.

The girls were judged in swimsuits, gowns; for poise,

beauty and talent. Don Alexander of Channel 3 TV was master of ceremonies and James Green was at the organ.

During intermission, the Chandeliers, Jimmy, Jamie, and Janie Inman and Doug Eastman, provided musical and vocal entertainment in a professional manner.

Miss Burk Burnett's talent was a very exciting Samoan Sword twirling act accompanied by John Page at the drums.

Sponsored by the Modern Study Club, the pageant theme was "A Sign of the Times."

Treva Ladd, Miss Burk Burnett 1968, is the daughter of Mr. and Mrs. Glenn Ladd.

## Postmaster Announces New Curb On Offensive Mail Advertising

Mail patrons offended by pandering advertisements can now take steps to curb such mail. Postmaster W. T. "Dub" Zimmerman said today in announcing plans for administering a new law which gives each family the right to decide that an ad is "erotically arousing or sexually provocative."

When an advertisement sent through the mails is offensive on these grounds, a postal patron can now ask the post office to direct the mailer to send no more mail to him and to remove immediately the patron's name from all mailing lists he owns, controls or rents.

To assist patrons, the Post Office Department has published a brief pamphlet "How You Can Curb Pandering Advertisements" — which is now available at the Burk Burnett post office. In addition to explaining how the law works, the pocket-size leaflet contains a form letter one can use when sending his complaint to the post office.

The pamphlet explains that when a patron receives an advertisement which is, in his opinion, pandering, he must send the ad, its envelope and the form letter, or one which includes its language, to his post office with the words, "Request for prohibitory order" on the face of the envelope.

Postmaster Zimmerman said: "This new law should give some protection to American families offended by advertisements they believe to be morally harmful, particularly to their children."

"Last year the Post Office Department received some 140,000 complaints from those offended by pandering advertisements. While in most cases the ads were not legally obscene and were therefore mailable, they are often offensive and are usually not the type of material one would want his children to read." The Postmaster said.

He added that "because the law gives a mail patron the sole right to decide what is offensive, and does not deny others the right to receive the same mail, the Congress felt it does not violate Constitutional guarantees of freedom of speech."

While the patron's complaint will only be directed to the sender, Postmaster Zimmerman believes that one or two

the postmaster issuing the initial order by writing him and enclosing the second pandering ad with its envelope. If the mailer still fails to respect the order, the Postmaster General may ask the Attorney General to apply for a Federal Court order directing compliance. Failure to observe the order may be punishable by a fine or imprisonment.

Since 1935, says the American Cancer Society, the death rate for uterine cancer has declined 50 per cent, due to improvement in detection, such as the Pap Test, and to unremitting educational programs for women.

## Three-Way Dessert Winner— Coffee Doughnut Custard

Good coffee, doughnuts and custard are delicious in their own separate ways, but together they make this extraordinary dessert. We call it simply Coffee Doughnut Custard and it is appropriately simple to prepare.

You start with the makings of a rich, coffee-flavored custard. Next comes a covering of whole, store-bought cinnamon doughnuts which are baked into the coffee custard base. Just before serving, when the casserole has been thoroughly chilled, dress up your dessert with a wreath of whipped cream.

Fresh, aromatic coffee will accentuate the wonderful coffee flavor of this unusual custard dessert. For fine coffee, as ingredient or beverage, brew using one Approved Coffee Measure (equal to two level measuring tablespoons) of coffee to each six ounces of fresh, cold water per serving. Always serve coffee immediately after brewing at the peak of goodness.

### Coffee Doughnut Custard

- 3 tablespoons butter or margarine
- 4 eggs, slightly beaten
- 2 1/2 cups milk, scalded
- 2 1/2 cups strong coffee
- 1/2 cup sugar
- 1/2 teaspoon salt
- 1/2 teaspoon nutmeg
- 2 teaspoons vanilla
- 8 packaged cinnamon doughnuts
- Whipped Cream

Melt butter. Combine with eggs, milk, coffee, sugar, salt, nutmeg and vanilla. Stir until sugar dissolves. Pour into buttered 2-quart casserole. Float doughnuts on top. Set casserole in pan of hot water. Bake at 350° for 1 hour, or until knife inserted near edge comes out clean. Chill. Garnish with whipped cream. Makes 8 servings.

## BIG PASTURE FFA BANQUET IS HELD

The Big Pasture FFA chapter held its annual Parent Sen Banquet April 19. There were 161 people present. After the meal the officers conducted the opening ceremony. Then chapter President, Travis Justice, introduced the special guests. The honorary members were Mr. Jim Kinder, Jack Aaron and Alvin Hill. These men have a record of supporting the chapter. Next came the entertainment courtesy of the Chandeliers. The group consists of Janie, Jamie and Jimmy Inman and Doug Esctman.

The awards were then presented by Mr. Walon Holt, chapter advisor. They were as follows: Wheat King, Paul Baber; second place in the wheat contest, Mike Vache; third place in the wheat contest, John Wood. These three trophies were donated by the First National Bank of Burkburnett. The DeKalb Award, Travis Justice; Star Chapter Farmer, Travis Justice; the Farm Mechanics Award, Robert Robinson; the Country House Antiques; the Best Set of Records Award, Travis Justice; this trophy was donated by The Burkburnett Bank; the Livestock Farming Award, John Wood; the Sheep Farming Award, Ronnie Dorton; the Beef Farming Award, Mike Vache; Farm Safety, John Wood; Home Improvement Award, Mike Vache; Farm Electrification, Robert Robinson; Ornamental Horticulture, Roy Schelper; Poultry Speaking, Paul Baber; Star Greenhand, Ronnie Dorton; Swine Farming, John Wood; Dairy Farming Award, Robert Morales; the Soil and Water Management, Paul Baber; Crop Farming, Mike Vache; Farm Forestry Award, Terry Hyman; and Poultry Farming, Bobby Sanders.

Then Southwest District Vice-President Harry Birdwell gave an inspiring speech, followed by the closing ceremony. The Big Pasture FFA is sending two teams to the State Interscholastic Contests. The Farm Shop team fresh from its victory at the District, is trying to win the State contest. The members of this team are Robert Robinson, Steve Adams, and Wayne Laminack. The other team is the Fat Stock Judging team. Its members are Travis Justice, John Wood, Mike Vache, and Frank Boeber. Mike Vache and John Wood are also the voting delegates to the State Convention.

## Communism Film To Be Shown Here

A film explaining Communism and its effect on America will be shown at the Texas Electric Reddy Room at 7:30 p.m., Thursday, May 2, entitled Anarchy U.S.A. It will be provided by a group of people who have seen it and feel all Americans ought to see it. Anyone interested in understanding the way Communism functions may attend—free!

## Scout Post 155 Attends Explorer Event At Vernon

Post 155 traveled to Vernon April 20 for the Olympics. The morning was under the auspices of the Dept. of Public Safety and we saw films on driving, wrecks, and even took a driver's written examination. After this Patrolman Fant of Quanah put on a fire power demonstration with submachine guns, rifles, pistols and grease guns.

At 1:30 the meet started. Volleyball, basketball, track, tennis, bowling, pool, ping-pong and a drivers' skill test all at one time. Basketball looked good to us, but Rider High's varsity made it hard to score but then volleyball seemed promising. Post 2 of Wichita Falls had all six-footers, so we lost on that too. We didn't have a track man but Vernon and Hirschi had some of their muscle men controlling that event. Mill Fleming shuttled between ping pong and tennis and won a 2nd in tennis in a sudden death climax, due to the lack of time. He had no break in the last two games nor a drink of water. Burkburnett's hope of a 1st was last due to timing. Mill also got a 4th in ping-pong.

Evening festivities started at 6:30 with a box supper auction and dance sponsored by the Horizon Club at their club house. This was the climax. The music was good and loud and the company of their Senior Campfire Girls was refreshing. Only comment uttered by one of the locals was "When is the Next One?"

## CHAMBER OF COMMERCE AWARDED

The Chamber of Commerce received an award for Outstanding Service at the Big Pasture FFA Banquet, held Friday, April 19, in Randlett. Gene Allen, manager, accepted the presentation.

Several dignitaries from Burkburnett witnessed the honor which was earned for participation in, and support of many Future Farmers of America projects.

A. R. Hill and Jack Aaron, prominent businessmen active in FFA projects, were awarded honorary memberships in the organization.

## Ft. Worth Is Home For Newly Weds

Mr. and Mrs. Jackie Dilbeck are making their home in Fort Worth following their marriage on April 20 at the First Presbyterian Church in Midwest City, Oklahoma. The Rev. Otto Beyer, officiated.

The bride is the former Miss Donna Whiteaker, daughter of Lt. Col. and Mrs. William Whiteaker, Midwest City, Oklahoma. The groom is the son of Mr. and Mrs. J. D. Dilbeck of Burkburnett.

The bride was given in marriage by her father. Maid of honor was Miss Sharon Whiteaker, sister of the bride. Best man was Jerry Dilbeck, brother of the groom, and usher was Mike Fore.

A reception was held at the Officer's Club at Tinker Air Force Base.

The bride is a graduate of Burkburnett High School. She attended Midwestern University in Wichita Falls and Central State College in Edmond, Oklahoma.

The groom attended Burkburnett High School and has served in the U. S. Army, just recently returning from a tour of duty in Viet Nam. He is employed in Fort Worth.

## MAYORAL PROCLAMATION

In many areas of the United States respect for constituted authority and the principle of the supremacy of law are being heedlessly challenged.

The rights and freedoms which Americans accept as their birthright are made possible only by public acceptance of and obedience to the rule of law. In today's complex society there is a particular need for understanding on the part of every citizen that respect for laws is vital to the preservation of individual liberties and a free and orderly society.

The Congress of the United States, and the President by official proclamation, have designated May 1 as Law Day USA, a special day of celebration by the American people in appreciation of their liberties and the reaffirmation of their loyalty to the United States of America; of their rededication to the ideals of equality and justice under law in their relations with each other as well as with other nations, and for the cultivation of that respect for law that is so vital to the democratic way of life.

It is especially fitting therefore, that this year we should as citizens reaffirm our faith in the rule of law and in the supremacy of government by law rather than by men. The theme for this Eleventh Annual Observance of Law Day USA carries a timely message: Only a Lawful Society Can Build A Better Society. It reminds us only through adherence to the processes of law and representative government can our community and nation achieve the goals we seek in social betterment and progress.

NOW, THEREFORE, I, A. H. LOHOEFENER, Mayor of Burkburnett, do hereby proclaim Wednesday, May 1, 1968, as Law Day USA in the City of Burkburnett and call upon all citizens, organizations, churches, and schools to recognize this special day through appropriate programs and ceremonies. Dated at the City of Burkburnett, this 24th day of April, 1968.

A. H. LOHOEFENER, Mayor

## Girl Scout Father And Daughter Banquet Is Held Here Recently

These men, fathers of all Girl Scouts, were presented with Certificates of Recognition at the Annual Girl Scout Father-Daughter Banquet, held Thursday, April 18th, in the High School Cafeteria. Mrs. Glenda Stobbe, neighborhood chairman, presented the awards for continued assistance and interest. From the left, back row: Glenn Sutton, Leonard Oelschlagler, James Briggs and Raymond Stobbe. Front row: Roy Hatcher, Joe Jancke, Mrs. Stobbe, William O'Leary and Paul Bohsteadt.

Food, Fun and Frolic prevailed at the annual Girl Scout Father-Daughter Banquet, held Thursday, April 18, in the High School Cafeteria, which attracted nearly 400 children and adults.

Food was over-abundant, all home-cooked, the participants, as well as the audience had fun during the program of skits and song, as Girl Scouts frolicked through their paces onstage.

Members of NorCenTex Council, who were special guests included: President, Floyd Martin; Vice-President, Pete Martin; and Camp Committee, Mr. and Mrs. Robert Pendleton. Mrs. Glenda Stobbe, Neighborhood Chairman, presented certificates of Recognition to eight fathers.

The banquet theme was "Many Happy Returns" commemorating troop birthdays. Each troop decorated its table in designs symbolic of the month in which it was organized.

Some of the decorations consisted of campfires, Indian trail signs, tiny U.S. flags, drums, and Uncle Sam hats for the month of June; Santa Claus, snowmen and presents for December; flowers and Easter bunnies, April; a diapered doll

## News From The County Agent

Control of the common hornfly is an item often overlooked by many dairymen, says counsellor E. T. Haws.

The hornfly is an important pest of dairy cows. The time of the year is at hand when hundreds of the small black flies can be noted on the backs, shoulders, horns, and on extremely hot days along the underline of dairy cows.

The flies are a constant worry to the cow and prevent her from properly feeding; and thereby, she loses weight and her milk production falls off. Research has shown that dairy cows protected from hornflies produce 10 to 20 per cent more milk than those not protected.

The use of some of the newer, longer-lasting insecticides provides effective control from two to four weeks, advises Haws. Several methods can be used in applying the needed insecticide. They include the use of a small hand sprayer, power sprayer or a backrubber. A homemade or purchased backrubber located outside the exit from the dairy barn can be very effective.

All operators on participating wheat farms must certify the wheat acreage before May 1, 1968. Wheat in excess of the permitted acres must be destroyed in one of the following manners: prevented from reaching maturity by being clipped and left on the land, destroyed by mechanical means or natural causes, used for other than grain not later than May 1, 1968, this includes harvesting for hay and greenchop. Check with your local ASCS office.

The "no-grazing" period for diverted acres under the 1968 feed grain and cotton programs will start April 30. It will continue for the following five months or until October 1, 1968. It has been determined that it is in the best interest of the program to prohibit small grains to be left standing on diverted and conserving acreage where there is a possibility of grain production.

Specially selected farmers in Wichita County will find a very important document in their mailboxes in the next few days according to E. T. Haws, county agricultural agent.

Its Annual Spring Acreage Survey of the Texas Crop and Livestock Reporting Service, a cooperative effort of the USDA's Statistical Reporting Service and the Texas State Department of Agriculture.

Livestock producers are urged to continue a close watch over all animal wounds. Weather conditions are very favorable say officials of the Screw-worm Eradication Program for fly development and spread. Stockmen are urged to continue submitting worm samples to the Mission Lab for positive identification. Its the only way to know what is happening. Sample bottles may be picked up in the county agent's office.

Cotton seedling disease can greatly affect total yield from your acreage. Organisms associated with cotton seedling diseases are fungi, bacteria, and nematodes. They are most damaging periods that favor their development but unfavorable for plant development.

## Senior Citizens Organize At Burk

A sing in initiated the first meeting of about 50 persons interested in forming a club for senior citizens in Burkburnett Thursday afternoon.

Bill Shough, minister of music for First Baptist Church, led the group through several familiar melodies.

The group elected Mayor A. H. Lohoefer as temporary chairman and named a steering committee of seven to draw up plans for future meetings and present a slate of permanent officers.

In addition to Lohoefer, the steering committee includes Mrs. Florence Trevena, Mrs. Artie Whitesides, Rev. Don Youngblood, Rev. Lamoin Champ, Rev. Alva T. Brown and Jack Aaron, president of the Burkburnett Chamber of Commerce, under whose auspices the meeting was held. The next meeting is May 8, to hear committee recommendations.

## Cooper Club Has Program On 'Low Cost Meals'

The Cooper Home Demonstration Club met in the home of Mrs. Mae Kotch, Monday, April 23.

Mrs. Bee Bryant, President, opened the meeting with the club singing, "The More We Get Together," and repeating the club prayer.

Roll call was answered with "My Birthplace."

Reports were given by the Treasurer and Council Delegate.

Mrs. Owen, project chairman announced that the project for April would be flowers and plants exchange.

The club voted to have a breakfast at Uncle John's Pancake House, May 8, to honor our Vice President, Mrs. Sam Spencer.

Clara - Fairview entertained our Club members with a luncheon on April 18. Everyone had a wonderful time.

Mrs. Ralph Swinford brought the program on "Low Cost Nutritious Meals."

Mrs. Swinford gave a very interesting talk on planning and careful shopping for nutritious meals. Know your family wants and needs, know your income, know how to store and prepare food. Nutritious meals are planned, they don't just happen.

Mrs. J. H. Musgrave won a prize in the recreation period.

Refreshments were served to one guest, Mrs. O. E. Linville and the following members: Mrs. P. S. Swinford, Bee Bryant, Lee Cooper, Dawson Owen, Ralph Swinford, J. H. Gill, O. J. Cooper, Sam Spencer, H. E. Clayton, J. H. Musgrave, Annie Mae Emmert, Miss Amelia Spencer and the hostess, Mrs. Mae Kotch.

The next meeting will be held in the home of Mrs. Bob Stewart, May 13, Burk-Charlie Road. Miss Theima Wings will bring the program.

## BEATING THE BUGS

Because mosquitoes are not only a nuisance, but also can carry disease, American homes and businesses use well over 500 million square feet of wire screening each year. In choosing your screening, according to the Gromley & Larsen Screening Company, look not only for material and price, but also for quality construction and uniformity. There are differences in screening quality, and local hardware dealers will be happy to explain what they are.

Barbecue Bologna for a taste treat. Remove the casing from a large single piece of Bologna. Score deeply. Erush with barbecue sauce or with tart jelly-whipped with a little mustard. Stud with cloves and center on a spit. Grill over low settings on a gas grill until heated through, basting often with the desired sauce. Slice and serve warm.

**LET'S NOT FORGET**

It is well to remember certain bread-and-butter facts of life. One of these is that superhighways, schools, parks, social-welfare programs and all the other facilities and benefits we expect from modern government must be created from the productiveness of private citizens. Nowhere else in the world have the organized efforts of private citizens been as productive as in the United States. One need not look far to see this.

A major oil company has released some figures on its annual tax payments that show with stunning eloquence just what a corporate enterprise can mean to the community. Last year, this company paid a total of \$687 million in taxes — nearly \$2 million a day. The federal government withheld an additional \$46 million in income taxes from the \$345 million in wages earned by the company's 45,000 employees.

In an effort to bring these astronomical sums down to ordinary comprehension, the company reports that \$92 million of its total tax payment went for property and other local taxes. In some locations, these taxes provided the bulk of support for schools, fire and police protection, road improvements and maintenance, parks, water and sewage facilities, and other community services. The mayor of one community to which this company pays millions in local taxes, says: "Oil industry taxes have saved this community."

Many people appear to have forgotten that the source of the greatness and strength of the United States always will be the initiative and enterprise of individuals and businesses working for a profit within a framework of self-government in which the rights of the individual have come ahead of the aggrandizement of the state.

**FACTS TO REMEMBER**

Oil production in the United States soared to a record-breaking 3.2 billion barrels in 1967, thus the nation retained its title as the number one oil producer in the world. Consumption of petroleum is also rising. By 1980, it is estimated the U. S. will require 17.5 million barrels of oil a day. And between now and then, the industry will have to invest up to \$200 billion to meet the anticipated increase in petroleum demand.

These astronomical figures might lead one to conclude that the oil industry and the motorist who is getting more for his gasoline dollar than ever before may look to the future without a cloud on the horizon. But, there is another side to the story. The oil industry like the housewife has been caught in an inflationary squeeze and like the housewife, must retrench where it can. The difference between the housewife and the petroleum industry is that retrenchment in petroleum results in a cutback in exploratory drilling for new sources of oil supply. A cutback that in the face of rising demand may threaten a primary source of energy.

In specific figures, here is the other side of the petroleum story. There were 8,600 exploratory wells drilled in this country during 1967 — a drop of more than 40 per cent since 1957. In the same years, crude oil prices dropped 5.8 per cent while cost of labor and materials continued to rise. For example, oilfield machinery and tool prices are up 9.9 per cent, oil well casing up 15.9 per cent, and wages paid the average oil production worker up 33.7 per cent. Meanwhile, new petroleum fields have become harder and more expensive to find, and profit margins are lower than 10 or 15 years ago.

These are facts to remember when the oil industry speaks in behalf of preserving tax and price incentives necessary to the preservation of future petroleum supplies.

According to the National Forest Products Association, total lumber production, shipments and consumption in 1967 registered declines from 1966 levels. The decreases were caused primarily by the slow rate of housing starts in the early part of the year. Lumber production in 1967 was 34.6 billion board feet, a decline of 5.1 per cent from 1966 production.

Cal-Tax News, published by the California Taxpayers' Association, has observed, "Since 1967-68 budgets were adopted, three states have reduced budgets for higher education. They are Kentucky, Oregon and Utah. Utah was forced to reduce appropriations because an extensive copper strike reduced state revenues."

## MISS LINDA LAGORIO BECOMES BRIDE OF MONTY BOB MORRISON

Mr. and Mrs. Monty Bob Morrison

Miss Linda Lagorio, daughter of Mrs. John Lagorio Jr. of San Francisco became the bride of Monty Bob Morrison in the Church of the Epiphany in San Francisco, Calif.

The bridegroom is the son of Mrs. Lois Jordan of Burkburnett.

Michel Lagorio, brother of the bride gave here in marriage. Her white satin gown had a bouffant and a scalloped train, the edges of the sleeve cuffs and train were trimmed with tiny pearls, she carried white lilies.

Miss Arlene Schroeder was maid of honor, she and the bridesmaids wore long char-

truse gowns. Their head pieces were of daisies and net.

Rent Schroeder was best man.

A reception was held at the Temple Judea following the ceremony.

Mrs. Jordan was in California for the wedding.

The couple spent their honeymoon in Burkburnett with his mother and grandmother, Mrs. Lenora Allen and in Oklahoma with his sister Mrs. D. L. Young and family.

Mr. Morrison is in the Navy and has been stationed at Treasure Island for the past two years. Their present home is San Francisco.

## tips On trips

BY GEOFFREY VANCE

**DISCOVER AMERICA BY 'FLY-DRIVE'**

This year, more and more Americans are expected to take their vacations in the Western Hemisphere. Many of them no doubt will set their sights on discovering America itself from coast to coast.

To visit distant locales across the country, a growing number of travelers use the "fly-drive" concept of traveling, Hertz Rent A Car reports.

Vacationers stretch their leisure time by flying to their destination and picking up a reserved rental car for fast luggage transfer and complete on-the-scene mobility.

Some of America's great vacation areas—ideal for the sight-seer, camper, hunter, fisherman or just plain beachcomber—are among the new fly-drive tours devised by Hertz for 1968 vacation-planners.

### HEMISFAIR '68

Heading the list is a visit to San Antonio's World's Fair, HemisFair '68, combined with a motoring tour of the surrounding area.

Within a 160-mile radius of the Alamo City, HemisFair visitors can drive to the dude ranches and cattle towns of Texas' Hill Country, to the beach resorts along the Gulf Coast, or to the colorful border towns of Mexico.

For those vacationers thinking of traveling East or West, Hertz recommends the following fly-drive tours:

### OUT WEST

**To San Francisco** for the sights and sounds of the Golden Gate City, then south to the Big Sur country along the coast, or to the snow-covered peaks of Yosemite National Park, just 175 miles away; past giant sequoia trees and on to Las Vegas for the flight home.

**To Seattle** to begin a scenic drive through the Pacific Northwest, from the national parks near Seattle—Olympic and Mount Rainier—to the Canadian provinces of British Columbia and Alberta, a land of primeval forests and mountain glaciers.

**To Honolulu** and beautiful Hawaii where Hertz cars are available to explore the Neighbor Islands—Kauai, Maui, and the large island of Hawaii—all linked by air to Honolulu.

### THE EAST

**To New Orleans** to begin a memorable drive through the Southland, from the bayou country of Louisiana to the Florida beach resorts beside the Gulf and the Atlantic.

**To Washington, D.C.**, or to New York City for an exploration of the mid-Atlantic states—a drive that can carry the motorist through the historical sites of Virginia, Maryland, Pennsylvania and New York.

An ideal starting point is the nation's capital, with its many "must-see" attractions. The tour moves north toward Philadelphia with stops at Independence Hall and Valley Forge, and on to the skyscrapers of Manhattan.

**To Bangor, Maine**, for a tour of upper New England that extends into the states of Vermont and New Hampshire, a green expanse of woods, lakes and mountains that provides a perfect setting for any camper, hunter or fisherman.

**To Boston** for a look back into history, from the site of the Boston Tea Party to Bunker Hill, on to the scenic splendor of Cape Cod, or to the picturesque coasts of Rhode Island and Connecticut.

With fly-drive travel and Hertz' "Rent it here, leave it there," vacationers are able to end their trip in almost any city and fly home from there.

## FOUR ARE GRANTED MEMBERSHIP IN E.S.A. SORORITY RECENTLY

Four more members achieved full membership in Epsilon Sigma Alpha International here April 22, 1968, during a meeting of Theta Epsilon chapter. They are Mrs. Tom Sims, Mrs. Ray Reeves, Mrs. Jack Little and Mrs. Jim Goff.

Presenting them with revered E.S.A. jewel pin was chapter president Mrs. Quinton Howard, and vice-president Mrs. James Spinks.

Trophies, histories, and scarp-books of the chapters activities will be on display from 2 until 4 p.m.

An ice cream social is scheduled for May 13th in the home of Mrs. Quinton Howard.

Present for the dinner meeting were Mmes. Clarence Bridg, Cecil Curtis, Lyle Eaton, Quinton Howard, Bruce Shepherd, James Spinks, J. A. Tibbets, Neal Tullis, Raymond VanLoh, Tom Sims, Jim Goff, Jack Little, Ray Reeves and Evelyn Farris.

### PERSONAL

Mr. and Mrs. John D. Dickinson have returned to their home in El Cajon, California, after visiting here with her father, Mr. C. C. Fancher; sister, Mrs. O. G. Bryant; and the Tom Burnett family. A niece, Mr. and Mrs. Bill Stone and family of Wichita Falls were in Burkburnett to visit with the Dickinsons.

A lot of fellows would save money if their families would let them.

## Welding Course For Farmers Set April 29-May 2

C. B. EDWARDS

A farm welding short course for adult farmers will be held April 29-May 2 under the sponsorship of the Burkburnett High School Vocational Agriculture Department, according to I. C. Evans, Superintendent and James Easter, teacher of vocational agriculture.

C. B. Edwards, welding specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instructing in the course. He is headquartered at Texas A&M University.

Mr. Edwards holds two college degrees, a B.S. in Agricultural Education from Texas A&M and an M.S. in Agricultural Education - Animal Husbandry from Oklahoma A&M; and in addition, has several graduate hours at the University of Texas. Mr. Edwards has

had experience as a vocational agriculture teacher and as supervisor of state schools. He has organized T&I programs and supervised the operation of several shops. Mr. Edwards has been with the Adult Specialist Program since its initiation in 1958.

"Many welding short courses in various parts of the state have been taught by Mr. Edwards and all have met with outstanding success," according to Mr. Ralph Moser, area supervisor of vocational agriculture, Stephenville, Texas. Arrangements for adult education short course in welding and in other fields are made through Mr. Moser's office.

The short course in Burkburnett is scheduled to begin April 29 at 7:30 p.m. in the vocational agriculture building. Other meetings in the series of four will be held April 30, and May 1 and 2. During the dates the short course is in progress, Mr. Edwards will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to Mr. Easter.

Farmers interested in attending the short course should write or call the superintendent of schools, I. C. Evans, or the teacher of vocational agriculture, James Easter. An entry fee of \$5.00 will be charged. Farm Welding Short Course Certificates are to be presented to each enrollee who attends all the training sessions.

Mr. Edwards states that the short course will be adjusted to wishes and interests of farmers enrolled but that he expects to cover such subjects as safety in welding, factors controlled by the operator in running a bead, striking an arc, types of electrodes, preparation of joints, distortion, cutting, hard-surfacing, and pipe welding.

Surgery and radiation are effective in treating many types of cancer. New drugs have been used in treating a few forms of the disease, says the American Cancer Society.

## LIBRARY CORNER

We have some of those books you read about. North Toward Home by Rhodes scholar Willie Morris is the autobiography of the 32-year-old editor of Harpers magazine. Morris was reared in Mississippi, attended the University of Texas and migrated to the Big City. It is an interesting and easy to read commentary on our times.

Another book receiving much publicity by virtue of its author's association with TV's Today Show is Hugh Downs' A Sheaf Of Stars. The author of his voyage in a sailing ship from New York to the isles of the South Pacific.

Author Allan W. Eckert has two recent publications. The Frontiersmen is a story of pioneers in the Northwest Territory. The Crossbreed is a novel about the offspring of a domestic cat and a bobcat. Naturalists and young boys will probably enjoy this one.

Mothers, if you feel you have neglected your child's education, you may take comfort in Eda J. LeShan's The Conspiracy Against Childhood. And if the budget wont work perhaps Champagne Living On A Beer Budget is just what you have been looking for. This book gives names and addresses of stores for quality, low-priced merchandise.

And, if your next stop after the Burkburnett Friends of the Library Book Fair is HemisFair '68, the library has brochures, maps, and entertainment schedules for the big show.

## Texas State Twirling Champion

Miss Treva Ladd won the coveted title of Texas State Twirling Champion which was held on April 12 in El Paso by Championship of the National Baton Twirling Association. Miss Ladd competed with over forty other girls from around the state. The solo performances were judged on the basis of timing, skill and appearance. Treva will compete in the nationals held at St. Paul, Minnesota in January.

This summer, Miss Ladd will travel with the Talented Teen Troupe of the U. S. to such countries as England, Ireland, Germany, Holland, Switzerland, and France. Forty boys and girls who will present twelve concerts in Europe comprise the troupe. There are only three twirlers selected for the troupe. The youths were selected to form a cross-section of our country.

Miss Ladd is the daughter of Mr. and Mrs. Glenn Ladd of Burkburnett. She is a senior at Burkburnett High School and a member of the Burkburnett High School Band, Future Teachers of America, and Future Homemakers of America.

## Local Boy Struck By Automobile

Donald Shuff, 15, son of an Air Force Sergeant, was hit by a car and hospitalized Wednesday, April 24.

Shuff was a member of a Physical Education class at Burkburnett High School, practicing running for track.

The class was running on the side of Kramer Road when a car driven by a woman from Iowa Park couldn't avoid the student.

He is reported not serious in Sheppard Air Force Base Hospital.

## Responsibility - Yours and Mine

Everyone who is eligible to vote knows what is involved in the up-coming issues to be presented to the people of our state in the May 4th election. We all know the dangers which are inherent in a society saturated with alcohol and the deprivation that comes to little children where gambling is legalized.

The time is getting short and as the time draws near we are asking that you consider the issues honestly, thoughtfully and prayerfully. Ask and answer such questions as, "Will the increased availability of alcohol increase traffic deaths? . . . increase crime? . . . increase alcoholism? . . . increase police and welfare cost? increase poverty problems?" "Will parimutuel betting better the family income of our Texas citizens or will it only fatten the coffers of the gambling syndicates?"

As Christian ministers, we URGE you to consider these issues in the light of your Christian faith.

## What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

## TREVA LADD IS SELECTED MISS BURKBURNETT, 1968

TREVA LADD

To a standing ovation, the new Miss Burk Burnett for 1968, Miss Treva Ladd received the coveted crown Saturday, April 20, during the tenth annual pageant, held in the High School Cafetorium. Treva was selected from thirteen contestants.

Jo Ann Watkins received the Miss Congeniality award and Talent honors, other than the winner, went to Terry Cowles. The five finalists were: 1st runner-up, Carla Patrick; 2nd, Toni Savage; 3rd, Judy Pace; Clydette Cox, 4th; and of course the winner, Treva Ladd.

The girls were judged in swimsuits, gowns; for poise,

beauty and talent. Don Alexander of Channel 3 TV was master of ceremonies and James Green was at the organ.

During intermission, the Chandeliers, Jimmy, Jamie, and Janie Inman and Doug Eastman, provided musical and vocal entertainment in a professional manner.

Miss Burk Burnett's talent was a very exciting Samoan Sword twirling act accompanied by John Page at the drums. Sponsored by the Modern Study Club, the pageant theme was "A Sign of the Times."

Treva Ladd, Miss Burk Burnett 1968, is the daughter of Mr. and Mrs. Glenn Ladd.

## Postmaster Announces New Curb On Offensive Mail Advertising

Mail patrons offended by pandering advertisements can now take steps to curb such mail. Postmaster W. T. "Dub" Zimmerman said today in announcing plans for administering a new law which gives each family the right to decide that an ad is "erotically arousing or sexually provocative."

When an advertisement sent through the mails is offensive on these grounds, a postal patron can now ask the post office to direct the mailer to send no more mail to him and to remove immediately the patron's name from all mailing lists he owns, controls or rents.

To assist patrons, the Post Office Department has published a brief pamphlet "How You Can Curb Pandering Advertisements" — which is now available at the Burk Burnett post office. In addition to explaining how the law works, the pocket-size leaflet contains a form letter one can use when sending his complaint to the post office.

The pamphlet explains that when a patron receives an advertisement which is, in his opinion, pandering, he must send the ad, its envelope and the form letter, or one which includes its language, to his post office with the words, "Request for prohibitory order" on the face of the envelope.

Postmaster Zimmerman said: "This new law should give some protection to American families offended by advertisements they believe to be morally harmful, particularly to their children."

"Last year the Post Office Department received some 140,000 complaints from those offended by pandering advertisements. While in most cases the ads were not legally obscene and were therefore mailable, they are often offensive and are usually not the type of material one would want his children to read," The Postmaster said.

He added that "because the law gives a mail patron the sole right to decide what is offensive, and does not deny others the right to receive the same mail, the Congress felt it does not violate Constitutional guarantees of freedom of speech."

While the patron's complaint will only be directed to the sender, Postmaster Zimmerman believes that one or two

complaints will provide substantial protection because "the great bulk of this advertising comes from fewer than 20 so-called 'smud dealers' who are frequently swapping mailing lists."

If a mailer does not strike a complainant's name from the mailing list and the patron receives a second mailing 30 days after the firm has received the prohibitory order, he may bring the matter to the attention of the postmaster issuing the initial order by writing him and enclosing the second pandering ad with its envelope. If the mailer still fails to respect the order, the Postmaster General may ask the Attorney General to apply for a Federal Court order directing compliance. Failure to observe the order may be punishable by a fine or imprisonment.

Since 1935, says the American Cancer Society, the death rate for uterine cancer has declined 50 per cent, due to improvement in detection, such as the Pap Test, and to unremitting educational programs for women.

## Three-Way Dessert Winner— Coffee Doughnut Custard

Good coffee, doughnuts and custard are delicious in their own separate ways, but together they make this extraordinary dessert. We call it simply Coffee Doughnut Custard and it is appropriately simple to prepare.

You start with the makings of a rich, coffee-flavored custard. Next comes a covering of whole, store-bought cinnamon doughnuts which are baked into the coffee custard base. Just before serving, when the casserole has been thoroughly chilled, dress up your dessert with a wreath of whipped cream.

Fresh, aromatic coffee will accentuate the wonderful coffee flavor of this unusual custard dessert. For fine coffee, as ingredient or beverage, brew using one Approved Coffee Measure (equal to two level measuring tablespoons) of coffee to each six ounces of fresh, cold water per serving. Always serve coffee immediately after brewing at the peak of goodness.

### Coffee Doughnut Custard

3 tablespoons butter or margarine	1/4 teaspoon salt
4 eggs, slightly beaten	1/2 teaspoon nutmeg
2 1/2 cups milk, scalded	2 teaspoons vanilla
2 1/2 cups strong coffee	8 packaged cinnamon doughnuts
1/2 cup sugar	Whipped Cream

Melt butter. Combine with eggs, milk, coffee, sugar, salt, nutmeg and vanilla. Stir until sugar dissolves. Pour into buttered 2-quart casserole. Float doughnuts on top. Set casserole in pan of hot water. Bake at 350° for 1 hour, or until knife inserted near edge comes out clean. Chill. Garnish with whipped cream. Makes 8 servings.

FROM SILK TO KNITS! You can whip up a summer smorgasbord of fashion delectables from McCall's easy-as-pie "recipes."

One of the ingredients, McCall's pattern #9288 (right) makes a summer appetizer—a delicious body shirt, bathing suit and slacks. In basic chamo, denim, or linen, garnished with printed cotton or calico—you're a tempting dish.

The other, McCall's pattern #9280 (left) is like nutrition to a tired wardrobe; it provides a well-balanced combination of basics. With a sleeveless jacket that goes with either a softly gathered dirndl or slacks and a shirt in mix-em, match-em plaids, solids, prints or stripes you will be well-suited in a number of ways.

Just mix, and make well—and these two will serve you!
