## New Growers In County Contract 1937 Wool Crops

## Some Sales And Rising Market Watched With Growing Interest

Although numerous buyers have been bidding lustily in a frenzied contracting splurge of the wool market in West Texas in recent weeks, nearly all Crockett County growers have so far resisted the contracting epidemic at the 30 to 35 cent prices at which the majority of the sales have gone.

Sale of a quantity of 1937 Sutherland County wool the middle of this week at 35 cents, and further obtained selling at that figure yesterday, however, creates interest locally, stockmen report. Opinions are reported divided however, on the contracting in these parts, some contending it is too early to sell on contract and others that 35-cent wool profitable and sale at the price good days work any time of the season.

Some 27,000 fleeces of 1937 wool have been contracted in this county, according to information here. Henderson has contracted the 1937 clip from about 8,000 sheep for 30 cents for eight-months and 32 cents for twelve-months wool. Pattee has sold the 1937 eight-months wool from 2600 sheep at 30 cents, and the Joe Montague clip from approximately 15,000 sheep in 12-months wool at 33 cents. Tompkins recently contracted approximately 17,000 pounds of twelve-months wool from the N.H. ranch at 33 cents.

Most growers in this county have remained indifferent to the current burst of contracting as they surge in to list their clips for the selling. However, it is the belief of local observers that a buyer in the field here offering the current high bids for the long wool could get practically the entire production of the county.

## Distribute First Forms For Social Security Listing

## Postoffice In Charge Of Distribution To Employers

The government's first move in organization for putting the vast Social Security Act into operation was made early this week with distribution of blanks to be filled out by employers in business pursuits affected by the act.

The forms were distributed to business houses in Ozona through Postmaster J. R. Kersey. These first forms are titled "Employer's Application for Identification Number," and requires the title and nature of the business, approximate number of persons now employed, and principal products or service sold by the concern.

These forms are to be returned to the local postmaster by November 21. When the applications have been received by the postmaster, a specified number of employe applications will be delivered to each employer on November 24, the employer applications then going to the Baltimore accounting officer for the Social Security Board for tabulation.

The objective of the Social Security organization plan is to set up individual account numbers and wage records for all eligible employes, looking to retirement benefits for employes 65 years of age, payment of which will begin after 1942. The next step in the process of listing workers will be the distribution through employers of employe application blanks, which are to be filled out and returned not later than December 5. These blanks may be returned by employes to their employer, to a union headquarters, to the post-office or dropped in a mail box.

## First Half Of Split Tax Payments Must Be Made Before Nov. 30

State, county and school taxes for 1936 are now being collected here and a number of taxpayers have already squared off the current year's tax debt, according to reports from the office of Sheriff W. S. Willis, tax assessor and collector.

The tax rolls have recently been approved by the state comptroller and taxes are now due and payable, it was announced. Claude Russell, office deputy, is in charge of collections.

Persons who wish to pay taxes in two installments, or under the split tax payment plan, whereby the first half taxes are payable now and the last half before the end of April without penalty, are reminded that the first half payments must be made on or before November 30. Otherwise the whole tax bill must be paid before the end of January or become delinquent with consequent penalties.

The coffee shop, adjoining the lobby on the north, has recently been completely refurnished and new furnishings added to make it one of the most modern in this section. This week has been spent by hotel employes in putting the establishment in first class condition for the re-opening Friday.

Mr. Moore, who a few months ago sold his business, the Moore's Cafe, now City Cafe, to Mr. and Mrs. Walter Capps, and took over management of the Hotel Coffee Shop, has not announced his plans. He is considering several locations in other towns, it is understood.

## Louise McClure And J. W. Keeton Wed In Mertzon

## Young Ozona Couple Surprise Friends In Wedding Sat. Night

Completely surprising their friends, Miss Louise McClure and Joe W. Keeton were married at 10:30 Saturday evening at the Baptist parsonage in Mertzon, the Rev. W. E. Brown, pastor, officiating. Attending the Ozona couple were Mr. and Mrs. Francis Shelton of Mertzon.

The bride is the daughter of Mr. and Mrs. J. H. McClure. Mr. McClure was manager of the Smith Drug Co. here for the past nine years, severing his connections with that concern last week. Mr. Keeton is a son of Mr. and Mrs. J. T. Keeton, and is proprietor of the Sinclair Service Station here.

Mrs. Keeton attended San Angelo High School and had been employed as a clerk in a store there until about three months ago when she came here to make her home with her parents. Mr. Keeton is a graduate of the Ozona High School, with the class of 1933, and attended a San Angelo business college. The young couple returned Monday to make their home here.

## Season's Finale Slated To Open On Powell Field At 2:30

Ozona's 1936 football season finale will be enacted on the local gridiron next Saturday afternoon, when the Eldorado Eagles, one of the district's two outstanding teams this year, will wind up their season along with the Ozona Lions in a colorful contest slated to start at 2:30.

The Eagles last week held the powerful Rocksprings Bulldogs, undefeated so far this season, to a scoreless tie, the Canines taking the contest on one penetration margin. First downs were seven and six in favor of the Bulldogs, a fair indication of the evenly matched power of the two teams.

Although decidedly the underdogs in the final clash of the season, Coach Ted White's Lions are nevertheless pounding away this week on defensive tactics in an effort to stem the tide of expected odds against them when the Eagles sail into town. Plunged further into the depths by a series of injuries the past week, the Lions will be a patched up crew to face the Eldorado powerhouse, and the reserves are limbering up and charging at the bit this week as they vision action in the coming fracas and a chance to earn the coveted letter this season.

## Injuries Weaken

"Fish" Powell, center, is likely to be out of the game with a wrist injury which has necessitated putting the arm in a cast. Yeats Causey, a power in the line, is suffering from a bruised shoulder that may slow him down in the coming game, and Joe Thomas Davidson, who alternates at center and in the backfield, will have a patched up hand as a handicap. Davidson suffered a cracked finger hone recently. Captain Haskell Leath is slowed with a wrenched shoulder.

Coaches Harry Taylor and Tom Coleman of the San Angelo Bobcats will officiate in Saturday's game here, it was announced by school authorities, Taylor to referee and Coleman as head linesman. Johnnie Lynum will act as umpire.

Coach White will give his lads a rest over Thanksgiving, after which they will start practice in preparation for the opening of the basketball season shortly after the holidays.

## McClure Resigns, Northcutt Takes Drug Store Post

## Change In Management Of Smith Drug Co. Is Effected

J. H. McClure, for the past eight years manager of the Smith Drug Co. store here, resigned that post early this week, and plans to purchase a store in Fort Worth on which he holds an option.

Pascal Northcutt, registered pharmacist and formerly a prescription clerk in the local store, took over management of the store yesterday. Mr. Northcutt has been at his home in San Juan, Texas, since leaving here about two years ago. He has been employed in a San Juan drug store during that time.

Mr. Northcutt was connected with the local store several years after its purchase by the Concho Drug Co. of San Angelo and has many friends here who will welcome him back to the city.

Mr. McClure was in Fort Worth early this week where he took an option on a drug store located in Polytechnic, a popular residential section of the city. He expects to leave early next week to complete the trade and to take over the store.

"MOTHER" PERNER FIRST TO ENROLL RED CROSS DRIVE

## Record Of Several Years Of Being First Member Remains Unbroken

A record of several years standing of being the first person in Crockett County to enroll in the annual Red Cross Roll Call drive remains unbroken this year for Mrs. Mary Perner, pioneer Ozona resident.

Mother Perner several days ago arranged for payment of her \$1 membership fee and thus again became the first member in the 1936 Roll Call drive. The official drive is scheduled to start today, having been postponed from Armistice Day, when the nation-wide Roll Call gets under way each year.

Each year, and usually in advance of the actual start of the drive, Mother Perner phones her grandson, Hugh Childress, Jr., an assistant cashier at the Ozona National Bank and treasurer for the local Red Cross Chapter, and arranges for her enrollment. And she proudly displays the symbol of the mercy organization, the red cross on the blue and white background, at her home.

## TO START RED CROSS MEMBER DRIVE TODAY

## Mrs. Scott Peters, Roll Call Chairman, Organizes Committees

## TOWN DISTRICTED Workers Hope To Put Chapter Over Top This Week

A concentrated drive to put the Crockett County chapter of the American Red Cross over the top in the annual Roll Call drive for memberships got under way this morning with Mrs. Scott Peters heading the campaign as Roll Call chairman.

With their objective one or more memberships from every home and place of business in Ozona, committees organized by Mrs. Peters will take the field this morning and for the rest of this week to complete the local canvass with total memberships well in excess of the chapter's assigned quota.

For the purpose of simplifying the drive and concluding it in the shortest possible time, Mrs. Peters divided the town into sections and assigned committees to canvass specified areas.

The northeast section of the city, from Main street east and from Broadway north, was assigned to Miss Ethel Childress and Mrs. Hillery Phillips. The southeast section, with these same two streets the dividing lines, will be canvassed by Mrs. Jake Short and Mrs. Jack Holt. The northwest section will be worked by Mrs. Charles E. Davidson, Jr., and Mrs. Warren Clayton, while Mrs. P. T. Robison and Mrs. C. J. Watts will be in charge of the canvass for the southwest quarter of the town.

C. S. Denham, superintendent of schools, has been assigned the task of enrolling the schools, and the business section and ranchmen will be solicited by a committee composed of George Harrell, Paul Perner and Bascomb Cox. For the Mexican sector of the city, Sam Martinez and Ed Vitela will be assigned the solicitation, and will select their own helpers.

THURSDAY, NOV. 19, 1936

A WORTHY CAUSE

Within the next few days you will doubtless be approached by workers making the local solicitation for memberships in the annual Red Cross Roll Call. Your dollar for membership in the American Red Cross will go farther toward relieving human misery than in any other channel you might put it.

No organization in the United States has a cleaner record of administration and service than the Red Cross—service that is world-wide in its scope, with an organization that for effective action in case of calamity is unsurpassed. Texans have had opportunity in the past year to witness the Red Cross in action in its own state, prompt action that alleviated human suffering and rehabilitated hundreds of families whose possessions were swept away in unprecedented floods. Without this prompt action on the part of the Red Cross local communities affected would have had to shoulder an unbearable burden and the victims would have been subjected to many times the suffering they endured.

Half of each dollar membership goes into the national treasury for relief work in case of calamity and the other half stays in the local treasury to be administered by the local chapter. Thus, every membership paid in builds up a relief fund for use in strictly local needs, while the other half goes toward the support of an organization whose history is one to commend it to the most demanding

critic. The sum is not exorbitant—subscribe your membership when the solicitor calls, or better still, call on one of the workers and make your contribution voluntarily.

IRA YATES HERE

Ira G. Yates, owner of lands on which the fabulously rich Yates oil field in Pecos County is located, with a daughter, Mrs. Pollard, passed through Ozona yesterday on their way to San Antonio. A bearing had burned out in Mr. Yates' car and a North Motor Co. wrecker pulled the car from here to San Antonio.

Centuries ago an old psalmist said, "I was glad when they said unto me 'let us go up to the House of the Lord.'" In the experience of worship this man had discovered some of life's deepest secrets. In the fellowship of those who, like himself, desired an understanding of life's meaning he had come to possess wisdom. And, in commun-

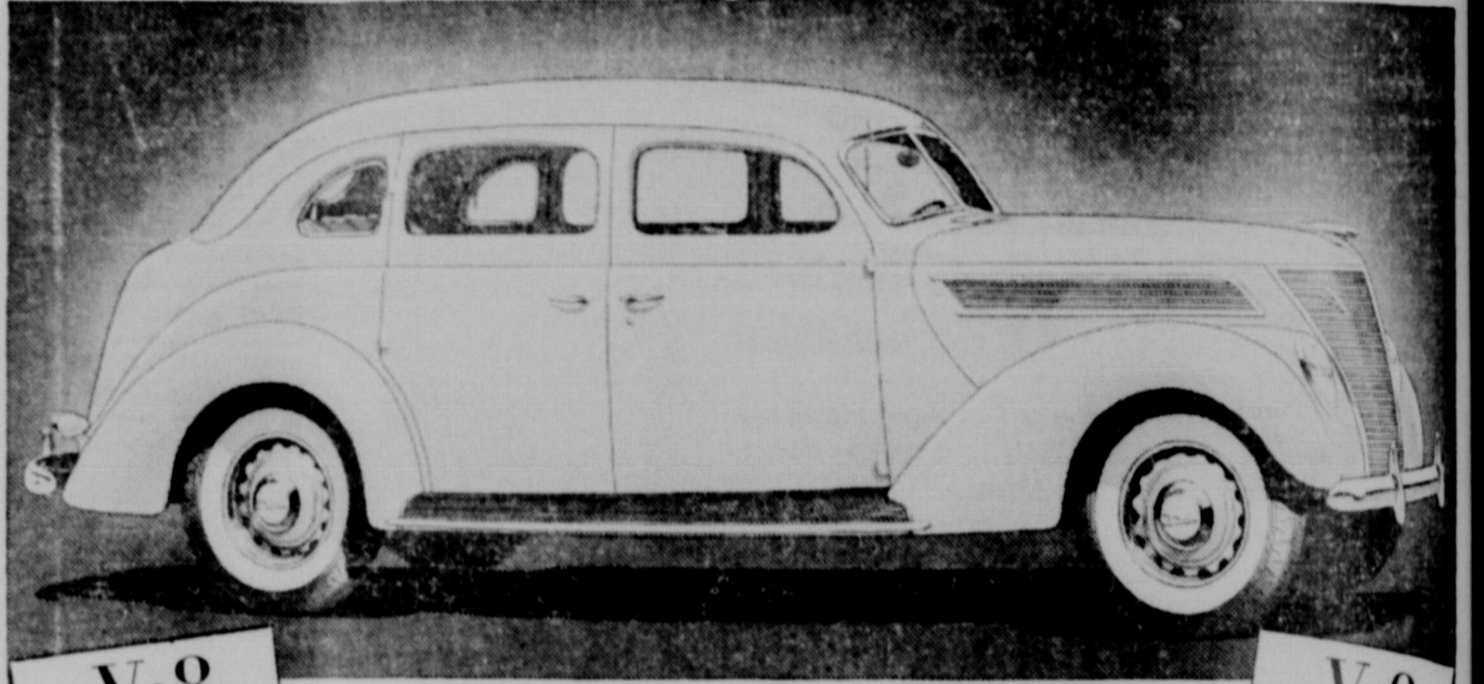

ion with God, he had laid hold on a quality of being that refreshes and recreates tired people. This church, through its various activities, tries to do those who attend its services a thing of what the temple would do for the psalmist. We cordially invite all who will to worship with us.

### Rats Are Economic And Health Problem

Austin, Nov. 18—That rats not only destroy property, but carry disease germs, is a well known fact. Prompt and effective measures by the United States Public Health Service for killing and rat proofing buildings have saved this country from serious epidemics, such as occurred in the Old World in past generations.

"It has been estimated that in the United States, rats and mice each year destroy crops and other property valued at over \$200,000,000," Dr. John W. Brown, State Health Officer, said, "and even this large amount of money seems small compared to the human mis-

ery and loss of life which these small pests may cause."

"If rats are in your home or business house, kill them as soon as possible. Because rats increase so rapidly it is useless to expect more than temporary relief from campaigns of riddance restricted to killing only. To be of lasting benefit the work of building rats out of their shelters and away from their food supply must go along with that of trapping, poisoning, and other means of eradication.

"Rats eat every known food, both animal and vegetable. The removal of garbage, rubbish, trash and similar material is of importance in rat control as it affords shelter as well as food. "In recent years the use of 'red squill' as an effective rat poison has placed in our hands a most effective weapon. In case human beings or domestic animals should eat the bait containing 'red squill' they would vomit and rid themselves of the poison, but it seems that rats cannot vomit and they die of a progressive paralysis which kills in from one to four days, thereby giving them time to take to the open, as they commonly will.

"A thorough and systematic campaign to rid your neighbor- hood and community of rats will not only save money but will preserve your health and that of your family."

### Pupils Of Grade School Stage Operetta Before Large Audience Monday Evening

"Merrie Land o' Magic" Is Charming Production In Auditorium

Under sponsorship of the Public School Music Department, with Miss Elitabel Tilory as director, pupils of the grades presented a charming operetta, "The Merrie Land O' Magic," in the high school auditorium Monday evening before a large crowd.

In song and dialog, the operetta told the story of the three princesses who were carried off to the land of magic by three terrible giants, of their rescue by two princes and an humble Irish lad, and of the later weddings of the princesses and their rescuers.

Principal singing parts were ably enacted by Billy Jo West as Queen Marie, Virgil Oden, Jr., as the King's Jester, Billy Hannah as Donal, the Irish lad, L. B. Cox, III, and Dick Henderson as the two princes, Bland Tandy as Captain Henry of the royal navy, and Bill Carson as the Wee Red Man of the land o' magic.

Margaret Russell Donita Stahl and Mary Louise Perner as the three princesses, Carl Thurman, Jesse Hancock and John H. Flanagan as the three giants, Lottie Jo

Owens as a child witness of the abduction of the princesses, Walter Hill as the king, Charles McDonald as a page, Jack Lewis as Donal's father, Roy Coates, Henry Patrick and Lorain Wyatt as beggars, and George Armentrout as the priest gave finished performances of their respective parts.

A group of dancers who made merry at the royal gatherings was composed of Myrtastine Hokit, Alyne Hokit, Mary Elizabeth Gray, Ruth Townsend, Nan Tandy, Dorothy Nell Garrison, Barbara White, Joyce West, Charlene Williams, and Jo Nell Coose. The dancers were coached by Miss Norine Allison.

Townpeople who formed the chorus included Joy Coates, Elizabeth Evans, Florence Luther, Vera McCaleb, Mervin McLaughlin, Leslie Nance, Rozelle Pharr, Zella Thurman, Mary Frances Bean, Dorothy Capps, Lloyd Coates, Eddy Cook, Gem Ella Dudley, Mary V. Graham, Bernice Green, Robert Hartgrove, Floyd Hokit, Jake Hoover, Adele Keeton, Mary Faye Lucas, Dim Patrick, Effie Smith, C. J. Watts, Wayne West, Bill Freitag, Adelle Galyon, Bobbie Galyon, Peggy Hardin, Ella Lee Harrison, Jeane Kinser, Sybil Lu-

ther, Vernon Wilson, Jayme Chapman, and Joe B. Chapman. Mrs. Ruth Hill was accompanist.

### SULPHUR KILLS GOAT LICE

Junction—A demonstration in treating goats with sulphur dip for control of the several species of goat lice was recently given at the Lee Pfeuger ranch in Kimble county in the course of which 1,559 head were treated in three hours and 15 minutes. Specialists of the Texas Agricultural Experiment Station and the Texas Extension Service conducted the demonstration, according to R. E. Homann, county agricultural agent.

The use of 300 mesh wettable sulphur, long in the experimental state, is now being recommended and many Kimble county ranch-

men hail it as a practical method of exterminating goat lice.

Jones: "How much did it cost you to see the opera?"

Dobby: "Eighteen dollars"

Jones: "I didn't know the tickets were so expensive."

Dobby: "They weren't. It was my wife's new hat that was expensive."

Knock, knock.

Who's there?

Amsterdam.

Amsterdam who?

Amsterdam tired of this game, aren't you?

Doctor, is there anything wrong with me?"

"Yes, but it's trifling."

"Oh, I don't think that's so very wrong, is it?"

Officer: "Sir, you must accompany me."  
Drunken Banjoist: "Allri; what are ya going to shing?"

Hungry Customer: "One roast beef sandwich."

Polite Waiter: "Will you eat it here or take it with you?"

Customer: "I hope to do both."

While others may only frown.

But the man worthwhile, is the man who can smile—

It is announced that visitors to the quints now total half a million, which is considered remarkable. But more remarkable than that is the fact that no American

### Modern Styling Features Fords Now On Display

### Economy Engine Produced; Many Refinements Noted

After taking definite advances in modern styling, and power with the 85 horsepower engine now in use in more than 1,000,000 motor cars, or a new 60 horsepower V-8 "economy" engine, which is a counterpart of its elder brother, went on display last Saturday at Stevens Motor Co., Ozona dealers, and in dealer showrooms throughout the United States.

The new cars were shown at the Ozona for the first time last Saturday at a meeting of more than 100 Ford dealers, the first general meeting of Ford dealers from all over the United States ever held with Henry Ford, founder, and E. J. Fiesel, president of the Ford Motor Company.

Disclosure of the new lighter "economy" 60 horsepower engine and optional power plant for the Ford V-8 for 1937 will set at rest definitely rumors of a new "Ford" which have been circulated in the automobile industry in the past several years.

The new cars present many outstanding features, principal among which are:

**New Features**

Smaller engine sizes, a brand-new 60 horsepower V-8 which makes first bow in the American motor car market, and the famous 85 horsepower V-8, with a number of important refinements. Either available in the single chassis, or as a cable-and-conduit control "easy action" brakes, with the safety of steel from pedal to wheel.

New body lines in which the "drop" form has been used wherever practicable.

Wide lux five-passenger club seats is the newest of the eleven types available, five either with or without de luxe equipment and with either engine size, six types of de luxe equipment and the 85 horsepower V-8 engine only.

Closed body types have clear ventilation system.

All-steel body, including new steel top, as well as steel structural steel panels and all-steel floor.

Improved "finger-tip" steering, increased wheel leverage, increased comfort, including quietness of operation.

The new car is declared the most beautiful Ford ever built. Its sleek lines flow without a break from the smart radiator grille, through the new shield-type hood, to the new slanting V-type windshield and the smoothly moulded top to the graceful reverse curve of the rear quarter.

**Interior Modern**

The interior treatment is modern. Upholstery is pillowed, with deep pleats. Seats are wide, deep and soft-cushioned. The instrument panel is grained, with the gauges and engine controls in front of the driver. Glove compartment at the right side. Starter button on the dash, the hand brake at the left under the panel, out of the way of front seat passengers.

From a mechanical standpoint the most important development of the new Ford is the 60 horsepower V-8 engine. Although new in America, it has been built in England and France for more than a year for Ford cars designed for the European market. There has been an outstanding success.

Major improvements also have been made in the 85 horsepower engine. From an engineering standpoint most important is the use of new cast alloy steel pistons, having approximately the same rate of expansion under heat as the metal of the cylinder blocks. The new pistons can be fitted more closely. They are also more resistant to wear. These two features result in maintaining low oil consumption over longer periods.

**MRS. MORRISON SUNFLOWER HOSTESS**

Mrs. Marbury Morrison was hostess to the Sunflower Club Tuesday afternoon at the home of her mother, Mrs. T. A. Kincaid. Mrs. Hart White had high score and Mrs. Arthur Phillips, second. Others present were Mrs. Jack Holt, Mrs. J. W. North, Mrs. J. A. Washburn, Miss Linna Parker, Miss Wayne Augustine and Mrs. Elton Bunger.

## Ford V-8 de Luxe Touring Sedan for 1937

THE Ford V-8 de Luxe touring sedan, pictured above is a roomy family type car especially suitable for touring. Baggage can be stowed away in the deep luggage compartment, leaving the interior of the car unobstructed. The new grille, new fender bumpers, headlamps recessed into fender aprons and slanting V-type windshield that opens, highlight the car's new lines. Seats are wide enough for three. The rear compartment is fitted with robe rail, foot rest and pillar lights. The body type is available with the 85 horsepower engine, with or without de luxe appointments, or with the new 60 horsepower V-8 engine without de luxe appointments.

### THIS WEEK IN TEXAS HISTORY

(By T. S. College for Women)

#### WEEK OF NOV. 15

1827—The third of Austin's contracts, dated Nov. 20, permitted him to establish within six years 100 families on the north side of the Colorado River above the old San Antonio Road.

1835—The Provisional Government Council enacted legislation on Nov. 19 to purchase food, clothing, and other supplies for the army.

1835—On Nov. 21 the first troops from the United States to join the Texas revolutionary forces arrived near San Antonio.

1836—An act passed by the First Congress of the Texas Republic on Nov. 16 to enable President Houston to appoint a minister to the United States. He appointed William H. Wharton.

1864—On Nov. 15 an act was passed making it a penal offense for any officer to prevent a prisoner from consulting a lawyer. This indicated the extremity to which arbitrary military power had been stretched.

#### PUPILS IN RECITAL

The following pupils appeared on the program: Doris Bean, Jimmie Read, Joyce West, Barbara White, Aleane Hokit, Jim Ad Harvick, Virgil Oden, Dorothy Capps, Lottie Owens, Joy Coates, Dick Henderson, Mary Perner, Margaret Russell, and Mary Faye Lucas.

QUESTIONS THAT ARE ASKED ABOUT BANKING

*"How much of its deposits does a Bank loan?"*

THE demand for loans by business concerns and individuals grows, to a considerable extent, the amount of money which a bank loans. A bank cannot, however, loan all of its deposited funds.

A portion must be kept in cash to meet the daily needs of customers. A portion must be set aside as reserves which are required by law. A portion is kept in other banks to facilitate the "clearing" of checks from one city to another. A part is invested in government bonds and other readily marketable securities that can be turned into cash as the bank may need it. The balance of the bank's funds is available for sound loans.

This bank has money to loan for sound purposes that safeguard the deposits entrusted to our care. In this way we can perform the maximum of useful service in the business life of this community.

**Eldorado Eagles to be Served for Dinner Saturday**

Coach Weldon Bynum's Eldorado Eagles will be seen here Saturday afternoon at 2:30 in their annual clash with Coach Ted White's up and at 'em Lions. This time all eyes are on the purple and gold as they will take the Eldorado home if they can and will be ready to serve the public with Eagle meat as a special treat—that is just as soon as they can clear the feathers away.

**The Heavies and Lighties of Both Squads**

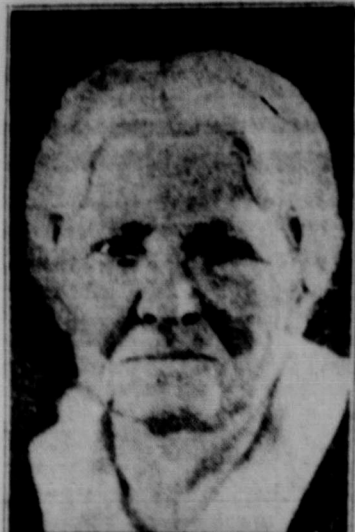

Coach White presents for his heavy weight title in this classic, Joe Tom Davidson, who tips the scale at a mere 170 pounds. Joe Tom has been playing creditable all this season, but should shoot the works Saturday since that will be his last chance to wear the purple and gold. In the other corner, Coach Bynum presents his sterling line-man, Richard Burton with the same weight. Richard has been playing outstanding tackle all the season. Watch jersey No. 45 and you will see that number mixed up in the majority of the plays.

In the silent corner, Coach White presents Phillip Schneeman as his contestant for lightweight honors. Phillips weighs, after a big meal, 102 pounds. He has been out all the season and has taken his tackles along with the bigger crew. In the other corner, Coach Bynum takes advantage of Mr. White and Phillip. Bob Bradley wearing No. 42 sweater and Jack Whitley with No. 41 each weigh 120 pounds and are starters at the guard post.

**Pep Squads**

The Eldorado Pep Squad in black and gold uniforms is sponsored by Miss Evelyn Strickland. There are forty members in the squad. The yell leaders are Misses Ernestine Finnigan, Johnnie Fern Isaac, and Eloise Whitten.

**Widows of Texas Revolution**

MRS. MARY BERRY

MRS. MARY LONGLEY

Dallas, Nov. 18—Two of the three living widows of the Texas Revolution were honored guests of the Texas Centennial Exposition last Sunday.

They were Mrs. Mary Catherine Berry, 83, who lives near Baird, Callahan County, and Mrs. Mary Longley, 74, of Abilene, Taylor County.

The third, Mrs. Mary M. Price, 93, lives in Rochester, N. Y. She is an invalid and is unable to make the trip to Texas.

Mrs. Berry, native of Arkansas, is the widow of Capt. Andrew Jackson Berry, a veteran of San Jacinto, who died many years ago. Mrs. Longley is the widow of Campbell Longley, a native of Tennessee, who joined Gen. Sam Houston the day after the battle of San Jacinto.

In their honor Centennial executives are planning numerous

events. At the historical Cavalcade of Texas they will witness the re-enactment of the stirring events of the world's sixteenth century battle, in which their husbands fought. They will see again Sam Houston, marching across the stage of time, his inauguration, the epoch of the Republic, the strides of Texas as a State.

They will be welcomed by high dignitaries of State, City and Exposition.

Abilene civic organizations and Max Bentley, managing editor of the Abilene Reporter-News, have sponsored the preliminaries of the visit of the historical characters. It is expected a large delegation will arrive with them from that section of the State, to be joined by many thousands of other Texans, desiring to pay honor to the survivors of those who made the independence of Texas possible.

As drum major.

**Conference Record**

Eldorado enters the game as heavy favorites, but with Lions at bay, there is no telling the outcome. Just wait and see. The Eagles have three victories and one defeat. The defeat was handed to them Armistice day in a 0-0 tie that was awarded Rocksprings on penetrations. The Lions on the other hand have lost three games and won one, however, it was a 0-0 tie that was awarded them on penetrations against Menard.

**Formations Used by Both Elevens**

Coach Bynum uses the short punt formation most of the time, however, his boys use the single wing every now and then. Coach White uses a modified double wing. Let's hope that the double wing formation will be superior to the short punt.

**Last Game**

At the conclusion of Saturday afternoon's tilt, it will be the last game of the season for the purple and gold squad and will be the last game under the purple and gold colors for the following senior students: Causey, Davidson, M. Schneeman, J. Parker, F. Parker, J. Childress, Casbeer and Mgr. Eli Baggett.

**BRIDE OF MONTH HONORED AT SHOWER**

Mrs. Wanliss Armstrong of San Angelo, the former Miss Jeanetta Willis, daughter of Mr. and Mrs. W. S. Willis of Ozona, a bride of the month, was honored at a tea and gift shower Friday afternoon at the home of Mrs. J. H. McClure. Hostesses for the occasion were Mrs. McClure, Mrs. H. A. Moore, Mrs. Ray Dunlap, Mrs. A. E. DeLand, Mrs. John W. Pettit, Mrs. Hugh Gray, Mrs. W. A. Kay, Mrs. J. S. Whatley, Mrs. C. B. Bell, Mrs. Byron Stuart and Miss Louise McClure.

**CULPEPPER LEAVES**

Boss Culpepper, shop foreman in the mechanical department of the North Motor Co., local Chevrolet and Oldsmobile dealers, for the past eighteen months, has severed his connection with the local concern effective the end of this week. Mr. Culpepper will go to Alabama or Florida to accept proffered jobs, he said. His successor has not been named. J. W. North, manager, said, but several applications are being considered.
