Rape Of Manila Beauties Told

Pitiful Pleas Of Girls Only Brought Slaps

Many Of Victims In Orgy But 12 To 14 Years Old

(By The Associated Press)

MANILA, Nov. 1. — Details of the mass raping of 25 Manila beauties—many of them only 12 to 14 years old—who were passed from Japanese to Japanese were related today at the war crimes trial of Lt. Gen. Tomoyuki Yamashita.

The twenty-five were selected from among 400 females rounded up from Manila's rich Ermita district and submitted to a selection board which picked out the most comely for the lustful orgy.

More Brutal Treatment

The Filipinas were passed from man to man and room to room. Their protests and screams brought only slaps and more brutal treatment.

Pitiful screams, "mother, mother," were heard throughout the night.

So frank and detailed was the Filipinas' testimony that correspondents as well as the public were barred from the room where a U. S. military commission of five generals is trying Yamashita. The press was handed resumes of the testimony to spare the witnesses as much embarrassment as possible.

Yamashita, as commander in the Philippines, is charged with responsibility for the actions of his troops.

Stories Are Related

Witneses related these stories:

After the 25 women and girls were selected on Feb. 9, they were taken to the Bayview hotel where Japanese officers and enlisted men took turns raping them in a night long orgy. Next day, the Filipinas were taken to the nearby Alhambra apartment and subjected to continued brutalities.

A witness identified as "Miss A" said a marine who selected her was unable to effect an attack, so he performed a "bad operation" with a knife—then raped her.

A Miss G said she was raped by 12 to 15 Japanese marines one night.

Fires wrich raged in Manila on Feb. 12 brought them freedom.

Now It's Official: Adolf Hitler Dead

Dramatic Events During Final Hours Of Berlin's Doom Told In Allied Statement

By CHARLES WIGHTON
United Press Staff Writer

LUENEBURG, Nov. 1. — The first official Allied statement on Adolf Hitler's disappearance said today that all available evidence led to the conclusion that he killed himself in the Berlin chancellory at 2:30 a. m. last April 30.

An intelligence officer of the control commission said Hitler and his mistress, Eva Braun, died together in a bunker under the Soviet-besieged chancellery, and their bodies were burned in the yard.

First Official Statement

The report of Hitler's death and his last hours was the first to bear an official imprint. It tallied in the main with the account of a former chauffeur of Hitler and of a Berlin policeman, who told their stories after they were captured last summer.

The intelligence officer, announcing the conclusion regarding Hitler's fate, said it was reached after sifting all evidence, including the accounts of persons who witnessed all or parts of the dramatic events in the chancellery in the last hours of the battle for Berlin.

Admiral Karl Doenitz broadcast from Hamburg on May 1 that Hitler was dead in the ruins of Berlin, and before his death had designated Doenitz as his successor to the Nazi leadership.

Today's account said Hitler had become convinced that Berlin was doomed as early as April 20, when the Red Army was battering the city.

Hitler planned to fly to Berch-

Vandalism For Holiday Light

Police reported this morning that Hallowe'en passed with mild lawbreaking and only slight vandalism.

Celebrating youngsters, however, played havoc with nice, clean downtown show windows. Nearly every Broadway window in the main business section was marred by reckless soap penmanship. Where the celebrants got the soap many a housewife would like to know.

Negro Youths Jailed

Six negro youths were jailed for breaking out a window in a store at 2201 East Ave. D.

The traffic light at Broadway and Ave. K was turned awry during the night. A street light at Sixteenth and Ave. J was broken. An old, dilapidated automobile was moved sideways into the middle of the street in 1100-block Ave. X. Police received complaints that boys had cut bicycle tires at 2101 Twenty-first and were breaking glass at 2017 Nineteenth.

Police found a drunk trying to sleep on a cafe counter. Two men who told cops to "mind your own business" wound up in jail.

Machines Are Moved

A few weight machines around town were moved from their places. One was found this morning on Texas Tech campus.

A man claimed a soldier with whom he was celebrating drove away with his car, to San Angelo, he suspected. A 1942 Plymouth which was reported stolen from 1400-block Broadway was recovered a few hours later a couple of blocks away.

Police jailed a total of five drunks.

Thousands Of Yanks Are Returning Home

HONOLULU, Nov. 1 (AP) — A total of 198,000 American troops are in the process of being returned home from the Pacific today.

A naval headquarters announcement said that of the total 6,600 would land today in San Francisco, San Diego and San Pedro, Calif.; that 100,000 others were en route to the United States aboard transports and the balance were being loaded aboard ships in various Pacific ports.

Including those scheduled to dock today, a total of 83 ships are enroute home today, the release said.

POLISH LEADER DIES

LONDON, Nov. 1 (AP)—Wincenty Witos, 71, deputy to the president of the Polish national council and leader of the powerful peasant party, died yesterday at Krakow, a BBC broadcast said last night.

Local Traffic Plan Is Given Approval

AUSTIN, Nov. 1 (U.P.)—The Texas Highway commission today tentatively accepted proposals from the city of Lubbock for development of arterial traffic-ways within the city.

The commission said the proposed rerouting plans were of "unquestioned merit" from the standpoint of relieving traffic congestion, speeding up intercity and intrastate traffic and saving time of travelers.

It was pointed out by the commission that if the plan as agreed upon is accepted by the city a formal agreement will be made, but that it might take "several years to accomplish this development based on revenues that accrue at present to both agencies."

CHAMPION ROPER DIES

FORT WORTH, Nov. 1 (AP) — Chester A. Byers, 53, world's champion trick and fancy roper for nearly 25 years and an old timer in the rodeo game, died here this morning at his home of a heart attack. Byers had been ill for nearly three months.

Extensive Improvements Being Planned For Tower Cafe Here

It's high time, say Mr. and Mrs. L. M. Keith, to add to the place when servicemen come in and say they've heard of the quality of Tower cafe steaks so far away as India.

WE'D LIKE YOUR STORY, TOO!

This is one of a series of articles about business improvements to be made in Lubbock within the next few weeks or months. Local business men, planning appreciable remodeling or expansion of their present properties, or the construction of new ones, are invited to make the information available to The Journal. Just call 4343 between the hours of 8 a. m., and 6 p. m., give your name to the telephone operator, and a Journal reporter will call on you. Let us have your story, too!

So physical facilities are being doubled by addition of an 18 by 36 dining room that will match the tile and stucco Tower theater which the cafe adjoins. Glass brick blocks will accent wall appearance.

Done In Tech Colors

Going a step further, fixtures and appointments will be done in Texas Tech colors — tables will be light oak with black tops and matching chairs will have seats done in red leatherette. China will be colored. Floors will be rock asphalt or tile. Mrs. Keith, who leaves preparation of the steaks and dinners to her husband, will see to it that cut flowers are used for decorations in season.

The cafe is at 1003 College. The Keiths have operated it two and

Soviet Forces To Withdraw In Manchuria

United States Role In China Protested By Red Leaders

BY SPENCER MOOSA
Associated Press Staff Writer

CHUNGKING, Nov. 1—A semi-official Chinese dispatch from Tientsin today said that Soviet forces in Manchuria would start a large scale withdrawal tomorrow and it would be completed by Dec. 1.

The Chinese report, from Changchun, asserted that Chinese forces would shortly be transferred to Manchuria to take over garrison duties and the entire operation would be completed by December 3. Problems connected with the transfer of authority have been settled, the report said.

Dissatisfied With U. S.

Negotiations leading to the settlement were conducted for China by Gen. Hsiung Shih-Hui, director of Generalissimo Chiang Kai-Shek's branch headquarters at Changchun, and Chiang Chung-Kuo, the generalissimo's elder son, who is special commissioner for foreign affairs in Manchuria.

Meanwhile Chinese Communists today expressed open dissatisfaction over the role played by United States forces in China and spurned the latest proposal of the Chinese central government aimed at avoiding full scale civil war.

The No. 2 Communist leader, Gen. Chou En-Lai, said here in an interview there "is no necessity at all for United States transportation of Kuimintang (government) troops to areas which Communists

Boost In Farm Prices Sought

WASHINGTON, Nov. 1 (AP) — Farm state representatives tied a demand for increased agricultural prices today to President Truman's call for a boost in labor's wages.

Led by Rep. Pace (D-Ga), they sought to rewrite the farm parity formula so as to include the cost of farm labor in the "fair price" computation.

Parity Is Explained

Parity is deemed to be a farm commodity price which will give farmers a purchasing power equivalent to a former favorable period, usually 1909-1914.

Pace told reporters it is as necessary to maintain the purchasing power of the farmer as that of the laborer.

The formula revision, agriculture experts said, would boost many parity prices by approximately 31 per cent. For example the government under present conditions would consider 28.4 cents a pound a "fair price" for cotton instead of the present 21.7 cents parity level; $2.02 a bushel for wheat instead of $1.55, and $1.47 a bushel for corn instead of $1.12.

Was Twice Approved

The House has approved the parity change twice in recent years but the Senate has not gone along.

With the unanimous approval of the House agriculture committee, Pace expected to present the legislation to the House in a formal report again today. He said he did not know when the House will call it up for a vote.

Pace said possibly labor costs were not included in the original parity formula because in 1909-14 farm labor outlays were considered by experts to be of little consequence. But farm wages now are three and a half times what they were before the war, he declared.

Four Killed, Others Injured In Accident

BEAUMONT, Nov. 1 (U.P.)—A tire blowout was blamed today for the deaths of four oil field workers.

A heavy truck loaded with a tractor and workers returning home from the oil fields left the highway and overturned after a tire blew out four miles east of Beaumont. Four men were crushed to death beneath the tractor; several others were injured.

The dead, all of Beaumont, were B. A. Montville, F. L. Low, N. M. Van Arsdale and J. E. Byrd.

Tax Load Will Be Lifted For Entire Nation

Individuals Will Feel Difference After Jan. 1

(By The Associated Press)

WASHINGTON, Nov. 1 — The Senate approved the $5,920,000,000 tax reduction bill today, sending it to the White House for President Truman's signature.

The House on Tuesday had accepted the final form of the measure as worked out by a Senate-House conference.

Admittedly a "quickie" bill to bridge the gap between V-J day and enactment of comprehensive postwar tax legislation, it will—

To Reduce All Taxes

Reduce everybody's income tax, lift all income tax liability from 12,000,000 persons and give veterans special tax preferances for total individual reductions of $2,644,000,000;

Repeal the excess profits tax on corporations, along with the declared value excess profits levy and the capital stock tax, and reduce the combined normal and surtax rates on business by from 2 to 4 percentage points, for a total corporate saving of $3,136,000,000;

End the "use tax" on cars and boats, reducing federal revenue by $140,000,000; and

Freeze the social security payroll tax throughout 1946 at the present rate of 1 per cent each on employers and employes.

Senate Balked At Change

The bill makes no change in the wartime excise taxes on such things as furs and cosmetics. The House had voted to set these back to their 1942 rates next July but the Senate balked.

Individuals drawing salaries or wages will feel the benefits immediately after January 1. They'll have smaller tax withholdings from their pay envelopes.

Savings to individuals under the new income tax provisions are illustrated by such comparisons as these:

A married person with two dependents, salary $1,800 a year, tax under old law $39, none under new. Married man, no dependents, $7,000 income, $1,555 tax under old law, $1,292 under new. Single person, $2,500 salary, $460 old law, $380 new.

Tables To Be Prepared

Persons with incomes less than $5,000 can read their tax liability directly off tables which will be prepared and sent out by the internal revenue bureau.

Those who have to figure their tax will find the going more complicated. First, the 3 per cent normal tax is put on the same exemption basis as the graduated surtax $500 apiece for the taxpayer and each dependent.) Second, the surtax rate is trimmed by 3 percentage points in each bracket. Finally, the taxpayer is allowed to reduce the total normal and surtax obligation, thus figured, by 5 per cent.

Veterans who served in the enlisted ranks will be forgiven all federal income taxes on their service pay from 1941 on. Officers get additional time in which to pay up their back taxes without interest.

New Ruling For GIs On Voting Privilege

AUSTIN, Nov. 1 (U.P.)—Soldiers who were in the Army as late as May 5 are entitled to vote without poll tax payment in the state general election to be held Nov. 5, 1946, an attorney general's ruling held today. The opinion construed the application of the constitutional amendment adopted last August 25.

The amendment specifies that for a year after the end of the war, soldiers may vote without poll tax payment if they had been in the service within 18 months preceding the election.

Ex-Yeoman Seeking Pay Of An Admiral

LITTLE ROCK, Ark., Nov. 1 (AP)—A Benton, Ark., attorney who served in the Navy almost three years as a yeoman has filed suit in the U. S. district court here asking $6,500 as the difference between what he was paid by the Navy and the value he placed on his service in Hawaii.

The suit was filed by Attorney Lee Ward under the Tucker act.

He alleged that his services were worth $8,000 a year, base pay for a four-star admiral of the fleet.

HAPPY WIFE AND MOTHER—Mrs. Herbert F. Leeman of Bossier City, La., has what she has wanted more than anything else for more than three years—her husband and son home safe from the Japanese prison camps they occupied after the fall of Bataan. Her son, S/Sgt. James Harrison Markham (left), gives her a big kiss. Her husband, T/Sgt. Leeman, is at right. The stripes on his sleeve denote seven Army enlistments for 21 total years, and overseas service since November, 1941.

Threat Of A Third World War Seen

Bernard Baruch Warns Germans And Japs Will Strive To Find Some Way To Fight

(By The Associated Press)

WASHINGTON, Nov. 1—Bernard M. Baruch said today "the Germans and Japanese will strive unceasingly through science, technology and engineering to devise some means for waging a third world war."

The United States should establish a national science foundation whose duties would include counsel for "effective policing of the war-geared science of Germany and Japan," the white-haired adviser to presidents asserted.

Must Control Resources

"The long-time control of the scientific resources of Germany and Japan must continue for many years after the last occupation troops leave those lands — until there has been a spiritual rebirth of those peoples," he said.

Baruch made his statements in testimony prepared for a joint Senate military - commerce subcommittee studying bills on federal aid to science.

He said intensive scientific research during peacetime is needed to prepare the nation for any future emergency, but declared:

Is Not A Substitute

"Vital as it is, scientific research is not a substitute for universal training for war. It is not a substitute for a modernized industrial mobilization which will convert our nation in quickest order to the conditions of any possible future war."

He added the nation's scientific policy should foster freedom of inquiry and aim at "the widest, most efficient spread of scientific information, both of as yet undisclosed war discoveries and future findings."

Baruch recommended that a proposed national science foundation should consist of a group of scientists "selected solely for the contributions they can make to the advancement of science."

He suggested they have full responsibility for deciding on the program of research under an

Heroic "Big E" Will Be Shrine

WASHINGTON, Nov. 1. (AP) —The heroic aircraft carrier Enterprise, too old to fight any more, will become a national shrine, the Navy disclosed today.

President Truman has approved a proposal from Navy Secretary Forrestal to preserve the "fightingest ship of the fleet," affectionately known to her crew as the "Big E" and the "Gallopin' Ghost of the Oahu Coast."

At present, the Enterprise is in Boston where she will be equipped and sent to Europe to pick up her first load of returning war veterans. Presumably as soon as she completes her trans-Atlantic taxi service she will become a national shrine.

Army's Point Score Drops

WASHINGTON, Nov. 1, (AP) — The Army's discharge score for enlisted men was lowered today from 70 to 60, making approximately 900,000 additional soldiers eligible for release.

The discharge score for enlisted WACs was dropped from 36 to 34, but scores for all officers and nurses were left unchanged.

The Air Forces meanwhile announced that AAF enlisted men who have 50 or more points and two years of service will be discharged providing they are classed as surplus and are in the United states.

Need 29 Points

Surplus enlisted WACs in the Air Forces also will be released if they have at least 29 points and a year of service.

Commands and Air Forces within the United States have been authorized to declare such personnel surplus provided they are not actually needed and their discharge would not interfere with the release of those eligible for discharge under the 60 point rating.

Enlisted AAF men who have 50 points but are now overseas will be eligible for discharge upon their return to this country, providing they are classed as surplus.

Fourteen Killed In Navy Plane Crash

PAGE, Okla., Nov. 1. (AP)—The burned and mangled bodies of 14 persons killed in the crash of a Navy transport plane on Rich mountain near Page yesterday were being removed from the isolated area today, U. S. forestry service officials said.

Tentative identification of the victims was made through the plane's flight log but their names were not disclosed.

The entire crew was killed when the transport plunged into the mountain near the Arkansas-Oklahoma border and burst into flames, scattering the bodies over a wide area.

A heavy fog was believed to have caused the crash, which occurred about noon yesterday.

The plane was reported to be based at the Clinton, Okla., Naval Air base and en route to Jackson, Miss.

Fort Worth Sheriff Beaten And Robbed As He Walks In On Bandits During A Holdup

FORT WORTH, Nov. 1. (AP)—Sheriff H. W. Rhodes of Tarrant county walked in on what he thought was a Hallowe'en prank here last night but which proved to be a real robbery.

He himself was beaten and robbed after he had walked up to two armed men in the process of robbing the cashier of the Court hotel and demanded:

"What's going on?"

Flee With Cash

The holdup men fled with between $1,500 and $2,000 in cash.

Rhodes described one of the men as about 35 years old, about 5 feet 11 inches tall, slender build and wearing a dark brown hat, a dark coat and light pants, and the other as about 5 feet 7 inches tall, about 40 and wearing blue overalls.

"My wife and I had been at the county jail until 11 p. m.; and were enroute home when we found the street blocked at 6th street," the sheriff related. "I parked the car and told my wife I was going to take a look at the Hallowe'en crowd on Main

Greyhound Bus Lines Affected In Wide Area

Employes Walk Out At Midnight; Ask For Wage Boost

(By The Associated Press)

Travel of thousands of bus passengers in a wide section of the country was impeded today as service on Greyhound bus lines east of Chicago into New England and southern states was halted by a strike of 4,000 AFL employes over a wage dispute.

The walkout of drivers, ticket agents and garage employes after unsuccessful efforts at conciliation, affected service on six Greyhound lines serving scores of cities. A bus line spokesman in New York City said the runs would be shut down as the company did not plan to hire substitute drivers.

Leave Jobs At Midnight

The strikers left their jobs in New York, Chicago, Cleveland, Columbus, O., Washington, Boston and other cities at the midnight strike deadline shortly after a federal conciliator in Washington said a three-man parley had failed to effect a settlement. The AFL Amalgamated Street Railway and Motor Coach Employes union was asking for a quarter cent increase in the mileage rate for drivers—from three-fourths of a cent to a full cent.

The drivers want 5.15 cents a mile instead of the present rate of 5 cents for eastern driving, 4.75 in the Chicago and St. Louis areas.

The number of passengers carried daily on the affected lines was not immediately determined, but a company spokesman said that the September daily average for the Central and Pennsylvania Greyhound was between 40,000 and 50,000.

Others Kept Idle

Across the country, continuing labor disputes kept idle about 255,000 workers, a drop of some 20,000 in the last 24 hours.

A strike vote involving 50 Western Union Telegraph company employes outside New York City was asked yesterday by the AFL board representing the unions after members said efforts to settle a wage dispute had failed.

The union, asking a 25 per cent wage boost, said the company had refused any increase, termed "grossly unfair" a labor board order for a flat 5 cents an hour hike. The

Britain Plans Wide Controls

LONDON, Nov. 1. (AP)—The British labor government expanded its economic nationalization program in far reaching announcements today to include public ownership of civilian airlines and a $120,000,000 world communications network.

Almost simultaneously, Health Minister Aneurin Bevan informed Commons that the government planned to control the rent of furnished houses and apartments.

To Scrutinize Costs

Majority Leader Herbert Morrison served notice also that the government would continue scrutiny of private munition manufacturers' costs.

Government spokesmen said legislation would be introduced quickly to achieve the objectives. While conservative members of parliament are sure to protest several of the moves, their enactment by the overwhelming labor majority appeared certain.

The telecommunications services now operated by Cable and Wireless, Ltd., is the communications network involved. Chancellor of the Exchequer Hugh Dalton announced that the government had decided to press for public ownership.

Miss Truman Has A Guardian On Dates

WASHINGTON, Nov. 1 (AP) — What's it like to have a West Point date with a secret service guard trailing along?

Margaret Truman will find out this week-end. The 21-year-old daughter of the president is going to the military academy to attend a cadet hop.

A friend, Miss Jane Lingle, is going along. But so is one of the secret service operatives assigned to guard the president and his family.

SUBSIDIES INCREASED

WASHINGTON, Nov. 1 (AP) — The Reconstruction Finance Corp. announced today that subsidies on wheat ground into flour for export on the Pacific coast, will be raised 3 cents a bushel for the month of November. This is an increase of 3½ cents a bushel.

Thousands Line Streets Here Last Night As Annual Hallowe'en Parade Is Staged

Lubbock's second annual Hallowe'en parade was consigned to history last night by its sponsors, the city recreation department, who rode herd on an assortment of witches, zombies and goblins that ranged from Snow White and "the whole family" to a dangling skeleton.

Several thousands persons lined the streets as the parade wound through the downtown area, escorted by police. The Junior Chamber of Commerce safety float consisted of a wrecker towing a recently wrecked car.

A late check of hospitals revealed that no one was reported injured as a direct result of Hallowe'en pranks.

The police department reported numerous calls on disturbances caused by celebrants, and most merchants will not have to furnish soap to clean their windows today.

Out of the several hundred contestants, judges picked 38 winners, first prize of $25 going to a group of four boys, representing three donkeys and their master—Harold Teal, Spencer Lingle, Royal Hagerty, Lloyd Good; second prize of $15 to Dan Davis, third prize of $15 to the seven dwarfs group composed of negroes, led by Dr. J. A. Chatman, and Rosa Marie Johnson, Clarence Priestly, George Wood, Warren White, Ezell Thompson, Gordon White, James Geres, R. J. Givens and James Gordon.

Other winners: Fourth, Sammy McHodge, David Rutledge, Rooney Dean Burlsmith, and Reagor Meat Co.; fifth, Shelia Cline, Amy Lingo, a group composed of Hersteen Hawkins, Eloise Brumley, Virginia Brumley and Winona Brumley; a group, Dub Blankenship, Ben Logan, and Cecil Jim Lee; Troy Dean Fuller; a group, Bobby Hunt, Mike McDonald, and Jane Cannon; Sandra Rutledge, and Mrs. M. L. Roberts.

Sixth: Cecil Wayne Beasley, jr., Jean Edwards, Raymond Johnson, Betty Teal, Marily Williams, Nina Kay Porter, Julia Ann Hartley, and Charda and Rebecca Pierce.

Seventh: Nina Ruth Carter, Larry K. Green, Patsy Sue Patillo, Judy Pendergraph, Sterling Miller, Martha Dale Mahon, Barbara Jean Alice, Bobby Jean Blocker, Nancy Fay Kade, Dorothy Jo Vitek, Mary Katherine Settle, Mary Robertson, Erlece Green, Donna Darlene Dane, Harold Doss, and Thelbert Timmons.

Judges were Rev. John A. Winslow of St. Paul's on the Plains Episcopal church; Mrs. Ivy Savage, principal of Roscoe Wilson school; Mrs. W. B. Price, and Mrs. Johnny Langford, dean of women at Texas Tech.

Thousands On Streets

The parade was the highlight of the night's observance and occupied hundreds of the city's youngsters and thousands of grown-ups and youngsters who lined the downtown streets, causing traffic jams almost as bad as those when the war ended.

The usual minor reports of broken lights, ringing doorbells, overturned cans and other signs of Hallowe'en. Hundreds of persons crowded downtown sidewalks long after the parade and theaters were jammed for special midnight Hallowe'en "spook" previews.

Safety was the rule in most cases and those walking and driving alike paid attenion to the crowded conditions. Police were busy keeping things moving on downtown streets. Also observed during the night's otherwise safe and sane observance, however, was an auto "race" up Broadway in which an Army officer and civilian roared down the thoroughfare in excess of all speed limits.

WINNERS ARE NAMED AT BOYS CLUB CELEBRATION

Five hundred persons, 352 members and 148 guests, attended the Hallowe'en celebration at the Boys' club last night. All persons attending had to enter through the House of Horrors. Featured entertainment included bingo, several contests, fortune telling and a cake walk.

Winners in a month-long membership contest, which resulted in 115 new members for the club, were announced. First was D. L. Nicholson, who brought in 16 new members and won $5 and a three-month theater pass; second, Pat Warren, 13 new members, $2.50 and two-month pass; third, Bobbie Lee, 11 members, two-month pass; fourth, a tie between Freddie Ross and Leon Littleton, nine members each.

Seventeen members of the American Business club, sponsors of Boys' club, aided in the night's events.

Texas Fruit Is On Its Way To Sweden

WESLACO, Tex., Nov. 1. (AP)—The first postwar shipment of Rio Grande Valley citrus is on its way to Sweden.

Three thousand boxes of grapefruit are now in Galveston and will be shipped Nov. 8 in a refrigerated steamer.

Valley shippers meanwhile are tackling the problem of keeping small oranges off the domestic market. Sales took a sharp slump last week and prices dropped.

Manager Graham Killough of the Texsun citrus exchange here said his organization was advising growers to have their oranges ring-picked as to size.

By this system, no small fruit would be picked from trees. He predicted that there would be a noticeable increase in the size of oranges on trees by mid-November.

Georgia Wipes Away Prison Term That Has Hung Over Head Of Robert Elliott Burns

ATLANTA, Nov. 1 (AP)—Georgia wiped away today a prison sentence which has hung over the head of the famous fugitive, Robert Elliott Burns, for 23 years and restored his civil rights.

The state pardon and parole board commuted his sentence to the time he had served but declined to grant a full pardon to the man whose book, "I Am a Fugitive From a Georgia Chaingang," aroused a storm of protest in this state.

No Full Pardon

The board explained to Burns it did not grant a full pardon in any case in which the prisoner admitted his guilt—and Burns admitted a $5 stickup in Atlanta in 1922.

He gave the three members of the board a detailed account of how, a hungry and jobless veteran after the first World War, he accompanied a flophouse acquaintance on the grocery store holdup.

Represented By Arnall

Previous Georgia governors have refused to ask clemency for the fugitive who "made good," but today he was represented by Gov. Ellis Arnall as counsel.

Arnall — whose prison reform program has wiped out the chaingang system depicted in Burns' book—said he wanted to ask the state board of pardons and paroles to free Burns.

Burns has served only a fraction of his six to ten year sentence. He first escaped after serving less than two months. Seven years later he turned up as a $20,000 a year magazine editor in Chicago.

Many Backed Cause

Many prominent persons and organizations backed his cause and he returned voluntarily to Georgia. The prison commission refused him a pardon or parole.

Back on the chaingang, he escaped the next year—just walked off. He found refuge in New Jersey, where three successive governors have refused to grant extradition.

He's now head of a tax investigating company, and takes a prominent part in civic affairs. He's married and is the father of three children.

Created Controversy

Burns' book, "I Am a Fugitive From a Georgia Chaingang," created wide controversy in Georgia. A libel suit was instituted as the result of the movie by the prison commission director.

Early in his administration, Arnall had an interview with the fugitive in New York. He came back and asked the state board of pardons and paroles to pardon him.

The board said it couldn't act, because Burns was still a fugitive. It said, too, it couldn't grant a pardon—because Burns admits his crime.

The return to Georgia, however, makes it possible for the board to wipe out the remainder of the sentence. Commutation of sentence to present service and restoration of civil rights is equivalent to a pardon.

The last attempt to extradite Burns to Georgia was made as late as 1941 by Gov. Eugene Talmadge, Arnall's predecessor.

Nazi Victims Sent To Death

NEUSTADT, Schleswig-Holstein, Germany, Nov. 1. (AP) — Nearly 9,000 Nazi concentration camp victims were believed killed five days before V-E day when they were jammed into four ships sent into the Baltic to be sunk by Allied warplanes, survivors reported today.

Bodies of some of those burned to death in the ships or drowned in the icy North sea waters still are being washed ashore here. A search is on for the German naval commander responsible for sending the victims, most of them from the Neue Gamme prison camp, to their deaths on two pleasure liners and two small freighters.

Swam To Shore

Pieszerock Nikodem, 23-year-old Pole now in a displaced persons camp, said he escaped by swimming to shore. He said he was jammed with about 2,000 others onto the freighter Athene, and later transferred to the pleasure ship Cap Arcona.

"For four days we had no food at all," he said. "We had little water and nowhere to wash."

He said Allied planes bombed the ship with rocket bombs, and speculated "I think the British had heard the Germans perhaps were going to blow us up with high explosives that night. They thought more would escape this way.

"There was a young American boy with us," Nikedem continued. "He escaped, too, for his father had been working in the camp hospital and had been able to slip his son more to eat so he was strong enough to swim. But the father did not escape."

The American boy, named Jackson, was arrested and imprisoned with his family for participating in the underground movement. He is expected to be a witness in the war crimes trials of Neue Gamme prison guards.

Promotions For Ten Officers Announced

Promotions for ten officers, including one for 1st Lt. Richard H. Chamberlain to the rank of captain, were announced at Lubbock Army Air field Tuesday.

Capt. Chamberlain, popular as a singer here, was transferred earlier this month to Kearns, Utah, pending overseas assignment. He had been military personnel officer at LAAF.

Other LAAF officers promoted with new ranks include:

Capt. Herman A. Knopp, trial judge advocate, a former San Antonio lawyer; Capt. Marion B. Butler, assistant air inspector, of Erie, Kans.; Capt. Olan M. Atherton, aircraft control officer, Sherman, Tex.; Capt. Benjamin J. Sorrell, Houston, who left recently for separation base; Capt. Norman J. LaForest, maintenance engineering officer, of Wayne, Mich.; Capt Donald W. Feuerstein, a ground school instructor, of Fremont, Nebr.; Capt. Wallace W. Dawson, jr., sales officer, of Kansas City; Capt. Robert F. Avis, instructor, of Fresno, Calif.; and 1st Lt. Donald E. Metzler, auto maintenance and repair officer, of Fresno, Calif.

Newsprint Cut For December Looming

WASHINGTON, Nov. 1 (AP) — Newsprint orders by United States publishers for December delivery are in danger of a 15 per cent cut.

The War Production board statement that the reduction "can be expected" reported over-orders for the fourth quarter total approximately 20,000 tons. WPB estimated that a cut of 15 per cent would be necessary to offset the orders in excess of monthly allocations.

Orders from U. S. customers for shipment in November were reported to be more than 240,000 tons or 10,000 tons over the monthly amount allocated to this country by Canada.

WPB said to this must be added an estimated 2,000 tons for the armed forces and liberated countries. The agency said October orders were about 10,000 tons over allocation.

"If orders for December delivery continue to exceed allocations at the rate established for October and November," WPB said "cancellation of the 30,000 tons of over-orders will be necessary in December.

"It is the responsibility of the publisher," the agency added, "to budget his paper so as to make it last for the fourth quarter of 1945 and thereafter."

An agreement with Canada requires cancellation on Dec. 1 of all over-orders accumulated in the fourth quarter. This is to assure that the total of all orders does not exceed the 690,000 tons allocated for the quarter.

Clyde Smiths Are Home After 3 Weeks' Trip

Mr. and Mrs. Clyde E. Smith, 2113 Sixth, have returned from a three weeks' visit in Birmingham, Ala., Fayetteville, Tenn., St. Louis and Kansas City. Mr. Smith recently received his discharge from the Navy after serving with the Seabees in the Aleutians for three years.

More than 12,000,000 documents of the governments of the United States and Great Britain in the Mediterranean Theater of Operations are being duplicated for historical records.

Auditions Are Planned Here

DENTON, Tex., (Spl). Nov. 1—High school music students and graduates will be auditioned in eight Texas cities for four scholarships to the North Texas State College School of Music during the tour of the opera, "The Bohemian Girl," Dr. Wilfred C. Bain, head of the School of Music announced today.

"The Bohemian Girl," which will be taken on tour following the initial performance at the college this Friday night at 8:15 o'clock, will be presented in San Angelo on Nov. 3; Camp Bowie on Nov. 4; Big Spring on Nov. 5; Lubbock, Nov. 6; Amarillo, Nov. 7; Vernon, Nov. 8; A. and M. College, Nov. 9; and in Longview on Nov. 10.

Before each performance of the opera, which is produced and directed by Miss Mary McCormic of the opera workshop, and conducted by Dr. Bain, preliminary auditions will be held in each of the tour cities for recent graduates, or students expecting to graduate in January. Boys and girls will be auditioned in piano, composition and violin by Miss McCormic, Dr. Bein, Joseph Kirschbaum, and Alan Richardson, all members of the School of Music staff.

The four scholarships will be offered by Domenico Savino of the Robbins Music Corp. of New York, who presented two other scholarships at NTSC this September. The scholarships are for one year and include general tuition and fees and applied music fees. Final auditions will be conducted on Nov. 17 and 18 when Savino will be on the campus.

Personal contacts will be made with music students in all high schools in the tour cities, Dr. Bain said, and outstanding and talented students will have the opportunity of competing for the four scholarships.

Anyone in Lubbock interested in the auditions is invited to get in touch with Mrs. Elois Elliott.

Mrs. Sides Is Party Hostess

A mysterious cellar, filled with eerie objects, games of chance, bobbing for apples and fortune telling were features of a Hallowe'en party given last night by Mrs. Noble Sides at her home, 1503 Arnett. Later the group attended a midnight picture show.

Guests were Misses Allene Baugh, Mary McNeely, Wanda and Phyllis Atnip, Mary Hamilton, Ella Mae Lewelling, Bernice Smart, Alice Joy Martin, Mesdames Paul Leach, John Hansen, Howard Vickery, Ernest Duckworth, Lois Brownlow and Tilda Martin.

Court Action Sought In Taxi Application

Gene Sitz, Lubbock used car dealer, has gone to court in his effort to establish a new taxi service here.

In a mandamus suit filed in 99th district court, Sitz seeks a court order compelling the City commission to issue a permit for his proposed service.

At its last regular meeting, the commission refused Sitz's application, filed Oct. 3. He had offered to put four taxis immediately in operation.

He presented petitions signed by several score residents.

Parties Honor Bride-To-Be, Recent Bride

Recent parties have honored a bride-elect and a bride.

Miss Ann Fite, who is to marry Lt. Cliff Fisher of Des Moines, Iowa, was honored Tuesday afternoon at a miscellaneous shower given in the Idalou club house.

Mrs. Guy Cockrell greeted guests and presided at the register. Mrs. Frank Guess played piano selections throughout the receiving hour.

The refreshment table, at which Mrs. R. A. Boyd presided, was covered with a white lace cloth and had a centerpiece of pink roses. A silver tea service was used.

Yellow chrysanthemums and pink roses were used in floral arrangements about the room.

Hostesses for the occasion were Mesdames Cockrell, Boyd, L. E. Countess, J. O. Barnhart, Foy Hudson, Baxter Orr and X. R. Banks.

Relatives of the honoree who attended were Mrs. C. D. Fite of Ringgold, her mother; Mrs. H. M. Lowe of Idalou, her sister; Mrs. Lela Evans and Mrs. Weldon Grimes of Spur, aunts.

Forty guests called.

For Mrs. Conwell

Mrs. Everton Conwell, the former Bettye Jo Graham, was honored at a party and shower given by Mrs. P. H. Rogers, 2113 Twenty-second.

Those attending were Misses Gene Mayfield, Barbara Justice, Maxine McMillian, Gene Eudy, Ruby Branch, Elaine Phillips, Catherine Knight, Opal Nessmith, Louise Gray, Kay Cercy, Twilla Graham, Ann Holloway, Edna Mae Smith, Ruth Austin, Ruth Fewell, Lois Stuart, Lottie Margaret Atkinson and Mesdames H. Ex-Lieutenant Back As Army Sergeant

Riley C. Gazzaway of Happy quit the Army as a first lieutenant Oct. 21.

Today Gazzaway is back in uniform, enlisting Tuesday at the local Army recruiting sub-station in the post office, but this time he is a first sergeant.

As a member of the 104th (Timberwolf) Infantry division of the Ninth army, Gazzaway was commissioned on the battlefield in Germany last year after distinguishing himself under heavy fire from the enemy.

He wears the Silver Star, the Bronze Star medal with one Oak Leaf cluster, all won within one month, the distinguished unit badge, combat infantryman badge, good conduct medal, the European-African-Middle Eastern service ribbon with three bronze battle participation stars and the American defense ribbon.

The recruiting office announced that 20 days remain for former servicemen to enlist in the regular Army in the rank in which they were discharged, if their release came under the point system.

a half years, after such experience as directing the kitchen and fount of Lubbock Army Air field's post exchange, the American cafe here and the post restaurant of the Army Air forces bombardment school at Big Spring.

Will Be Air-Conditioned

The entire cafe will be air-conditioned and furnished with fluorescent lighting. The kitchen will be moved from the front to the back. Two large refrigerators have been bought, as well as completely new equipment and furnishings, even to the kitchen. One of the refrigerators will have eight-doors. Persons are in the habit of walking into Tower cafe and looking at the cut of steak they want broiled. Keith carves them into nine-ounce cuts and bones them there at the Tower. He worked for years for the government and learned how to handle meats. The place serves an average of 100 steaks a night, Mrs. Keith said.

The building addition will cost approximately $3,500. New and renovated equipment will cost a similar amount, managers said. The theater and cafe buildings are owned by A. M. Leftwich, sr., and construction is contracted by Joe Telford. Completion of construction will be about Dec. 1.

FALLS TO DEATH

CHICAGO, Nov. 1 (AP)—Police searched for clues to identify the body of a young woman who plunged to her death yesterday from the 31st floor of the Palmolive building on North Michigan avenue. Her body landed on a 22nd floor level but police said no one was found who had seen her fall from a corridor window or strike the roof. She was believed about 25 years old.

Nationwide Room Shortage As Returning Vets Swamp Hotels

By JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, Nov. 1—Hotels—nationwide—are jammed. It's a jam likely to last through Chrstmas, at least

Trying to explain the reason for this, a spokesman for the American Hotel Association here says:

The crowded situation spreads from New Orleans to Seattle, from New York to Los Angeles.

In many of the New York, Chicago and Washington hotels 60 per cent of the rooms are occupied by service men and women.

Now that the war's over, they have longer leaves, keep rooms longer. So do civilian guests.

They used to average 1 or 2 days to a room. Now it's 3, 4 and 5 days.

Rooms Set Aside For Army

New York hotels are so crowded they've practically stopped accepting reservations.

You can write to a New York hotel, and maybe you'll get a reservation. Maybe you won't.

In Chicago the Army used to have 1,500 rooms a day set aside for service people.

The rooms were in an Army pool and were made available as needed by service people.

Recently the Army asked for—and got—a total of 3,000 rooms daily.

Packed By Business Men

Washington hotels are packed, not only with service men and women but with people here on business or labor errands.

It's so tight that Washington hotels are trying to keep organized groups—like conventions—away.

The Washington hotels are cooperating with one another in trying to find rooms for people

The Army has predicted that the number of service men and women moving around the country won't reach a peak until December.

It seems therefore, that hotel rooms will be packed at least until then.

Tech's Foundation Aims Are Outlined

Dr. Clifford B. Jones, Texas Tech president emeritus, outlined aims of the Texas Tech Foundation when the board of directors assembled this week in chamber of commerce offices for the first meeting since the June 30 reorganization meeting.

Dr. Jones urged board of directors to make the organization more active and improve its present situation. The Foundation serves as a receiving agency for gifts to the college.

Anyone wishing to contribute gifts or funds to the college may do so by making their presentation to the Foundation which accepts it on behalf of the division or department for which it is intended. Donors who stipulate that gifts be used for a special purpose may write a check payable to the Foundation which in turn earmarks the sum for that use.

Approximately $14,824.82 is in the Foundation fund at the present time, the major portion of which is designated for special purposes, according to W. T. Gaston, Tech business manager and secretary for the Foundation.

Other board members are Dr. R. C. Goodwin, vice-president; Dr. Wm. M. Whyburn, Tech president; O. B. Ratliff, Arch Lamb, A. B. Davis, Parker Prouty, Jack M. Randall, Dr. W. C. Holden, and J. Doyle Settle.

Pulling Wife's Hair Gets Man Fined $1

INDIANAPOLIS, Nov. 1 (AP)—It was too much for Albert Smither when his wife got her first permanent wave after 35 years of married life.

She had him in Municipal Court today on a charge of disorderly conduct, alleging he pulled her newly-waved hair.

Judge John L. Niblack gave Smither a lecture and fined him $1 and costs.

WOMEN TREATED

CHICAGO, Nov. 1 (AP)—Since enactment of the Illinois pre-natal law in 1939, 94.31 per cent of 550 pregnant women with syphilis who were given early treatment gave birth to normal non-syphylitic children.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Attacks By Rebels In Java Continue

(By The Associated Press)

BATAVIA, Java, Nov. 1. — Extremist Indonesian forces, apparently out of control of President Soekarno of the "Indonesian republic," were reported intensifying their attacks on thin British forces in several sections of central and western Java tonight in defiance of an order of their president to cease fighting.

At Magelang three British fighter planes struck at extremists and supported Gurkha troops in recapturing most of the town after the Indonesians had opened up with mortars. A bombing line was reported to have been established at Magelang to prevent extremist forces from reaching the town.

Understanding Sought

Elsewhere the tenseness which gripped this island for weeks lifted perceptibly following a meeting between Dutch and Nationalist leaders, the first attempt at reaching a mutual understanding.

President Soekarno, heading the Nationalists at the conference in Batavia last night, presented arguments for recognition of an Indonesian de facto government, and the Dutch pleaded for cooperation as serving the best interests of all concerned. The Dutch information service, announcing the meeting, said it was informal and "discussions were of an orientating nature."

Lt. Gen. Sir Philip Christison, Allied commander in the Netherlands East Indies, was host for the meeting and its chief architect. It seemed clear that Britain was anxious to show the world she could be scrupulously fair in arbitrating such differences, and wanted to solve the crisis in order to raise her prestige in the east.

In a broadcast appeal to the Indonesians last night, Soekarno, told the Indonesians to lay down their arms and "solve all misunderstandings in close cooperation with the Allies." He said differences of opinion over trivialities could be solved readily.

His broadcast followed the talks between Soekarno's unrecognized cabinet and two Dutch government officials.

Just before the conferees gathered an Allied spokesman had described the military situation in Indonesia as "almost war." The fact that the talks could proceed in an atmosphere of such tenseness led observers to believe that a solution would be found, and that this was but the first of a series of such conferences.

Mass Raping

(Continued From Page One)

The girls escaped as the Japanese fled before the flames.

Eight women, from a district where some of the most prominent families in the Philippines live, testified at the closed session.

Their stories, virtually the same, also embraced incidents at the Miramar apartment house.

After the session, military police escorted the brightly clad witnesses to transportation outside the building.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Hitler Is Dead

(Continued From Page One)

tesgaden on April 20, with the intention of directing a last ditch struggle from the Bavarian redoubt, the intelligence officer reported.

But on the 20th he postponed his departure. Two days later, at 4:30 p. m. he held a staff conference at which he told his advisors he considered the war lost and that he had decided to stay in Berlin until "the end."

Would Die There

If Berlin fell, he would die there, Hitler was quoted as telling the close-knit hierarchy of the Nazi command.

The statement said it was clear that Hitler at that time suffered from nervous prostration, and blamed everyone but himself for the downfall of Germany.

His advisors, both military and civil, pleaded with Hitler to leave Berlin, but to no avail.

And so, the intelligence account said, Propaganda Minister Paul Joseph Goebbels, Martin Bormann, Nazi party deputy, Dr. Ludwig Stuempfegger, Hitler's surgeon, and others of his personal staff decided to stay with their harried chieftain.

Beginning Of The End

The nervous attack he suffered on April 22 was the beginning of the end for Hitler, the official account said. From that time he did not leave his bunker in the chancellery unless surrounded by guardsmen or high political figures of his "family circle." And those officers were directly responsible to him for the defense of Berlin.

The statement said that all who saw the fuehrer after April 22 noted that he was more calm than he had been apparently because he had made his fateful decision.

PUTTY TOO LIVELY

INDIANAPOLIS, (U.P.)—A General Electric representative reported to the Indiana Chamber of Commerce that a newly discovered bouncing putty is so lively and stretchable that G. E. engineers don't know what to do with it. It gives great distance for golf balls, but is too lively for the greens.

Juvenile Problems Talked At Kiwanis

One of the biggest problems now confronting the law enforcement agencies of the country is juvenile delinquency, B. Tom Carter, assistant director of the Dallas office of the Federal Bureau of Investigation, declared in a talk at a luncheon of the Kiwanis club today in Lubbock hotel.

Carter said that of 270,000 persons arrested in the first six months of this year, 25 per cent were under the age of 21. He also cited figures which showed that 50 per cent of recent burglaries in the nation have been committed by those under 21.

What is needed to cope with this problem, he asserted, is the cooperation of all law enforcement agencies and the moral and actual support of every citizen, together with recreational opportunities for youngsters.

The FBI agent said no one knows whether the war will be followed by increased crime, but, he added, records show that a higher crime rate followed World war 1. He said his organization would endeavor to hold down crime through continued cooperation with state and local law enforcement agencies, its Washington police academy for select officers from over the nation, sponsorship of regular conferences of officers and its great file of fingerprints in the national office.

Guests were Karl Keller, Sheriff Grady Harrist, Ranger Capt. Maney Gault, W. Barten, Herbert Hobson, Cecil Cale, Roy L. Kubbs, all of Lubbock, J. M. Porter, of California, and Rev. Jimmy Bell of Clovis, N. M.

said a nationwide strike "would tie up the reconversion program."

In New York a company spokesman said both the union and the company had agreed to accept the WLB decision and the company had received no official protest against the ruling.

Conferences Resumed

The number of workers in the San Francisco bay area made idle by a strike of 10,000 AFL and CIO machinists increased to about 45,000 today as labor and management resumed conferences aimed to settle the work stoppage. Operations in some 200 plants in the area were halted or curtailed and the closing of a plant producing paper cartons threatened milk deliveries. Milk, however, still was available in most San Francisco stores and supplies to hospitals were near normal.

President Truman's Tuesday night speech on wage-price policy advocating a reasonable boost in wages for workers resulted in new demands by two unions.

In Detroit, Walter P. Reuther, vice president of the CIO United Automobile Workers, demanded that General Motors corporation reconsider its "flat rejection" of the union's 30 per cent wage increase demand in view of Mr. Truman's address. The demands, which the union is asking for some half million automotive workers, were rejected by General Motors as "unreasonable."

In Pittsburgh, the CIO-United Electrical, Radio and Machine Workers asked Westinghouse Electric Corp. to renew collective bargaining conferences in view of the president's wage-price policy.

News Brief

Appeal to the state Court of Criminal Appeals from Judge G. V. Pardue's denial of an application for a writ of habeas corpus in 99th district court is to be taken by A. F. Woods, Lubbock man, involved in a peace bond case with a tenant, C. M. Pharr. Judge Pardue heard the case Wednesday afternoon and upheld placing of both men under $500 peace bonds after an altercation on Oct. 18, at the farm Pharr rents from Woods. Woods filed an assault charge on that date, against Pharr and Justice of the Peace D. W. Robertson ordered Pharr under a $500 peace bond. Pharr then filed a similar complaint against Woods and the court ordered Woods placed under a $500 peace bond. Wednesday's hearing was the aftermath of the filing of the writ by Woods, claiming that he had been given an improper hearing in Robertson's Court.

have recovered from the Japanese."

Station Is Seized

The latest such assistance was the movement this week by the U. S. Seventh fleet of government troops to the port of Chinwangtao, east of Peiping. Only 10 miles southwest of that port, occupied recently by U. S. Marines, the Communists announced yesterday they have seized the Peitaiho station on the Peiping-Mukden railroad.

A spokesman of Generalissimo Chiang Kai-Shek's cabinet had said the Communists informed Chungking they would fire on government troops landing from American ships in Communist "liberated areas" but General Chou denied this.

Lt. Gen. Albert C. Wedemeyer, commander of American military forces in China, has agreed in interviews that the role of his men in redistributing central government forces does strengthen Chiang's position but has insisted such does not constitute direct action against the Communsits.

Urged To Withdraw

The central government recently proposed that the Communist forces in the trouble spots of North China withdraw from railroad lines as evidence of good faith in return for permission to police sectors they now occupy.

Today informed quarters said the Communists have rejected that proposal and countered with these:

1. Government forces should halt their advances and cease occupying new territories.

2. Government forces should stop alleged utilization of Japanese and puppets to fight the Communists.

3. Both government and Communist troops should stay away from railroad lines in the troubled areas.

4. The government should not transport troops along railroads without previous approval by the Communists.

RATES ARE REDUCED

NEW YORK, Nov. 1 (AP)—Air express commodity rates which apply to Eastern Airlines' northbound traffic from many cities including those in Texas, will be reduced 40 per cent today, the company announced.

Try Making Cough Syrup at Home. Quick Relief

Saves You Big Dollars. And It's So Easy! No Cooking.

No matter what you usually use for coughs due to colds, you'll be more than surprised when you make up this simple home mixture and give it a trial. You'll wonder why you never used it before. It certainly does the work in a hurry.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking is needed—it's no trouble at all. Or you can use corn syrup or liquid honey, if desired.

Get from your druggist 2½ ounces of Pinex. Pour this into a pint bottle and fill up with your syrup. This makes a full pint—a family supply—and gives you about four times as much for your money. It tastes fine and never spoils. Children love it.

And for quick action, you've never seen its superior. It loosens the phlegm, soothes the irritated membranes, eases the soreness, makes breathing easier, and lets you sleep.

Pinex is a special compound of proven ingredients, in concentrated form, a famous reliable soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way. Adv.

Door Left Open For Russia To Form Europe Monroe Doctrine

By R. H. SHACKFORD
United Press Staff Writer

WASHINGTON, Nov. 1. — The United States left the door open today for Soviet Russia to establish a "Monroe doctrine" for eastern Europe provided it is based on the same good neighbor principles as the inter-American system.

But it will insist that such a policy for eastern Europe or any other region fit into, rather than substitute for, a world system, and that it does not degenerate into "regional isolationism."

Address Interpreted

This was the interpretation placed by diplomatic quarters on an address by Secretary of State James F. Byrnes before the Herald-Tribune forum in New York last night. These sources considered the address extremely conciliatory toward Russia and extremely timely in view of the Russo-American impasse over the Balkans.

Byrnes' address outlined the inter-American system and the good neighbor policy pursued in recent years by the United States. He indirectly told Russia, whose tactics in Eastern Europe he has previously criticized, that the United States discovered through bitter experience that dollar diplomacy, intervention and yankee imperialism doesn't pay.

"We have learned . . . that to have good neighbors, we must be a good neighbor," he said. "We Americans can take genuine pride in the evolution of the good neighbor policy from what in a way were its beginnings in the Monroe doctrine.

Can't Deny It To Others

"We surely cannot and will not deny to other nations the right to develop such a policy.

"But we cannot recognize regional arrangements as a substitute for a world system. We live in one world, and in this atomic age regional isolationism is even more dangerous than is national isolationism."

American-Russian differences over the soviet policy in eastern Europe led to the breakdown and failure of the recent foreign ministers' council. The United States has refused to recognize Soviet-sponsored governments in Rumania and Bulgaria; it has protested Russia's unilateral negotiation of an economic treaty with Hungary; it is displeased with Russia's decision to reestablish diplomatic relations with Austria without prior big-power consultation.

In effect, the United States has contended that in eastern Europe, Russia has: 1. Denied people a free choice of government; 2. Prohibited free exchange of views and ideas through a free press; 3. Failed to live up to the Yalta agreement on big three consultation.

Concessions Made

Now, in his address, Byrnes makes the greatest concessions yet made by a top American official to Russia's special interests in her neighbor countries. He listed them as follows:

1. We sympathize with Russia's effort to create more friendly associations with her neighbors.

2. We are fully aware of her special security interests in those countries.

3. We appreciate Russia's determination not to tolerate policies among her neighbors directed against the Soviet union.

4. We will never join any groups in those countries "in hostile intrigue against the Soviet union," and are confident the Soviets will reciprocate in this hemisphere.

BROTHER-SISTER SETS

DECATUR, Ind. (U.P.)—Mrs. Marguerite Sights, seventh grade Decatur school teacher, has five sets of brothers and sisters in her class and none of them is trins. Another Decatur teacher, Dean Thornbery, discovered another five sets of brothers and sisters in his world history class.

Bill Not Paid; Gas Is Cut Off

NEW YORK, Nov. 1. (U.P.)—The gas lamps along MacDougal Alley were dark today—because the gas company was no longer feeling romantic.

The lamps were retained along the Greenwich Village street in a nostalgic move when the rest of the town went electric. The gas company—the Consolidated Edison Gas and Electric—promised then they would supply gas forever.

During the war, the lamps were removed because of the blackout. From February, 1942, until Oct. 4, 1945, there were no gas lamps. Then, the lamps were replaced, but no gas was piped in.

The gas company said it thought somebody ought to pay for the gas. The residents along MacDougal Alley see no particular reason why they should pay. The Village authorities have not made up their mind yet.

"The company agreed to furnish gas in perpetuity," Mrs. Joseph Prendergast, a longtime alley resident, said. "It's been called the heart-beat act of a soulless corporation. I can't understand the refusal."

Chicago Schools Install Television

CHICAGO, Nov. 1. (U.P.)—The Chicago public school system will introduce television in its educational program this month, George Jennings, director of the Radio Council of the Board of education announced.

Weekly one-hour broadcasts will be aired to two schools at first. The programs will lead the way to a new field of visual learning, Jennings said.

This Society Business Is The Stuff—

Winter Social List Is Out In Washington But You'd Better Choose Your Guests Carefully

BY FREDERICK C. OTHMAN
United Press Staff Writer

WASHINGTON, Nov. 1—Having plunked down $10 for this winter's social list of Washington (which includes the police department's phone number in case the party gets rough), I am prepared for the giddy whirl.

You can shower down when ready, ambassadors, senators, and small fry, with bids for Othman to attend your brawls. I've got my book and I know what's what, including the fact that personal friendships do not count in official circles. All I need now is a claw-hammer coat.

Society Is The Stuff

Then I'll drink your champagne, imported or domestic. Boy. This society, of which I am about to be a member, is the stuff.

Having paid my money for the slim green book, I also received from Mrs. Carolyn Hagner Shaw, the publisher, her offer to assist me, gratis, in the seating of small luncheons and dinners, in accordance with protocol.

Mrs. Shaw's book, I believe, has given me all the assistance I'll need. She did not include my name among he 600 of the socially elect, but that doubtless was an oversight. Come to hink of it she didn't list Maury Maverick, or a lot of my other pals, but as she pointed out:

Rank Is Foremost

"It is well to remember that personal friendships do not count in official circles. The rank of one's guest must be the deciding factor at all times."

The big problem is to decide who ranks who (all right, whom). Publisher Shaw has this figured out in part but admits she's stumped when it comes to inviting an ambassador and the chief justice of the supreme court to dinner. She doesn't know which one is the most important and the best bet, she says, is never to invite 'em both to the same sparerib barbecue.

I'll follow that advice, which alone is worth $10 to anybody who doesn't want to make a monkey of himself. Then there are Sam Rayburn and Kenneth McKellar. Good guys. But do you think they ever get to eat at the same table?

Haw. Sam is speaker of the House; Kenneth is president of the Senate. Should Sam sit at your right? Or Kenneth? Mrs. Shaw answers the question this way:

"Do not ask the speaker of the House and the president protempore to the same dinner."

Book Says Nothing Doing

You see how it is, fellers. I like you both and I wanted to have you out to the house for some corned beef, but my book says nothing doing.

Mrs. Shaw listed the home addresses and phone numbers (call National 3313 for police) of nearly everybody in her book, including a prince, two princesses, a couple of counts, and some ordinary society leaders like congressmen and a Mrs. Blodgetts, who has three houses, here, in Miami, and on Mackinack island.

Only phone number the publisher didn't get was that of J. Edgar Hoover. He lives at 4936 30th Place, all right, but the head G-man wouldn't give even Mrs Shaw his telephone number. Under T's Mrs. Shaw listed Trimble, Trotter, Trowbridge, Truitt, and Truman, Harry S., with Mrs. and Miss Mary Margaret, all of whom have the same telephone number, National 1414.

It is a valuable book and as soon as Mrs. Shaw revises the list under "O's" (I can't imagine how she overlooked me) all's going to be well with capital society.

Tough Gun Moll And Two Pals Hunted

OKLAHOMA CITY, Nov. 1 (U.P.)—A tough gun moll, fond of wearing blue slacks and carrying a submachine gun, and her two male companions were sought by police in six states today for holdups they were believed to have committed from Texas to Iowa.

Search for the armed trio was centered near Shenandoah, Ia., where they reportedly were involved in a robbery Tuesday night, the Oklahoma Department of Public Safety said.

Coffee, bananas and cacao comprised 89.5 per cent of Costa Rican exports in 1941.

Wave Of Terrorism Sweeping Palestine As Jewish Extremists Attack; Trains Are Wrecked

JERUSALEM, Nov. 1 — Jewish extremists cut Palestine railways at 50 places from Dan to Beersheba, wrecked trains and blew up police boats in a series of coordinated attacks last night and early today.

British authorities said casualties so far reported included four and perhaps five persons killed and eight wounded, one of them perhaps fatally.

Explosives Are Stolen

The dead comprised one British soldier, one and possibly two policemen and two Palestinian railway crewmen. Another soldier, a policemen and six railway staffers were wounded.

Authorities said Jewish extremists have been looting quantities of explosives from army dumps and other stores for some time in preparation for just such a wave of terrorism in an effort to force Britain to permit unlimited Jewish emigration to Palestine.

The heaviest attack was made at the Lydda railway station, where a signal box, a train and three locomotives were damaged heavily, a locomotive shed set afire and other locomotives mined.

Train Is Held Up

Halfway between Jerusalem and Lydda, an armed party of Jews dressed in uniforms held up a train and exchanged shots with the crew shortly after midnight.

An explosion sank a police launch at Jaffa before dawn. Two others were damaged seriously by explosives at Haifa.

Telephone reports from Haifa indicated an explosion occurred at the Consolidated refineries there after midnight. One body subsequently was found beneath the rubble, these reports said.

There was a heavy explosion at the Jerusalem railway station shortly after midnight and unconfirmed reports said a minor blast occurred at Tel Aviv.

South Africa was discovered at about the same time as America and for the same reason — the search for the Indies.

Ships Are Sent To Graveyards

SAN FRANCISCO, Nov. 1. (U.P.) — The government today was sending more than 100 merchant ships to marine graveyards or otherwise disposing of the craft because they were no longer usable.

Despite protests from soldiers and sailors waiting at Manila, Okinawa, Guam and Yokohama embarkation points to return home, the war-built vessels cannot be converted into troop ships.

Servicemen Complain

Many servicemen complained that their departure for home was being delayed while cargo vessels returned to mainland ports with empty holds. Ship operators pointed out that bunking, feeding and medical facilities were lacking on most of the vessels.

Illustrating the scope of merchant marine problems, War Shipping administration officials said that during the war the government spent approximately $8,225,000,000 to build 5,304 cargo vessels, troop carriers and the other vessels.

Shipping Is Snarled

One of the worst postwar snarls on the Pacific coast has been in San Francisco bay where shipping officials said 209 merchant vessels were anchored or docked. The worst jam was six weeks ago when ships crammed facilities from Carquinez straits to Redwood City.

While hearings were in progress in Washington to determine the basis on which some of the ships will be sold to foreign nations, scores of vessels were laid up at nearby Suisun bay.

WSA officials said 90 vessels already had been "picked" and put on the idle list, and workmen are preparing 110 more for the graveyard.

Sheriff Robbed

(Continued From Page One)

watch and billfold and the sheriff's Masonic ring and billfold containing about $12 in cash.

Hit With Blackjack

The men asked the clerk, W. G. Bateman, where the safe was and took the money. As they started to leave, one of the robbers told the sheriff he had decided to kill him and hit him behind the left ear with a blackjack.

"I was afraid they would discover my gun and badge so I crowded as close to Bateman as I could," he said. "They were calm as they backed out of the lobby into the street and told us if we got up before five minutes, they would kill us. We waited a reasonable length of time until the negro porter, who also was lying on the floor, told us they were gone."

A description of the pair was immediately broadcast by local and state police.

Brazil To Get Civil Liberty

RIO DE JANEIRO, Nov. 1 (AP)—Brazilians were told today the civil liberties of all citizens would be guaranteed without political or religious discrimination as the government which supplanted the 15-year regime of Getulio Vargas paved the way for national elections on Dec. 2.

The cabinet of President Jose Linhares, emerging from its first meeting, announced adoption of a resolution that its first duty would be to prepare the nation for the election of a president.

The new justice minister, Sampaio Doria, commenting on rumors that Communists were being rounded up, asserted that under the present government "no person can be arrested for being a Communist or an atheist."

At the same time the new police chief, Ribeiro Da Costa, issued a message to the public which said:

"As a jurist I will guarantee the liberty of all citizens without distinction as to their political, religious or moral attitudes, fixing as a limit that point where their freedom impairs that of others.

"There will be no political prisoners."

Truck Driver Faces Rape Charge Here

Ray Holden, truck driver, was at liberty today under $2,500 bond on a charge of statutory rape of a 14-year-old girl.

Holden was arrested Wednesday night after he had returned to Lubbock from a "run" to Salt Lake City.

In a statement to Glynn Hudgens, city-county officer, and District Attorney Burton S. Burks, the girl revealed she was an escapee from a detention home near Houston. She said she met Holden at Edinburg, came to Lubbock with him, and that the alleged attack occurred Oct. 20 in a local hotel room. She confessed, officers said, to previous sexual relations with four other men.

She said she had escaped five times from the Houston home.

She was born in Post, she related, and her mother died when she was two and a half weeks old. Her father lives at La Porte.

The complaint, prepared by Burks and sworn to by Hudgens, was filed in the court of Justice of Peace C. E. Lynn.

Hitler's Last Order Said To Call For Mass Suicide Attack

FRANKFURT, Nov. 1. (U.P.) — Hannah Reitsch, who served a Nazi general both as pilot and mistress, told American intelligence officers that Adolf Hitler's last order was for a mass suicide air attack on the Red Army.

The 33-year old blonde said Hitler called her and her employer-lover, Lt. Gen. Ritter von Greim, to his private study in the Berlin chancellory bomb shelter at 1:30 a.m. April 30.

Face Was White

Hitler's face was chalk-white and he trembled as he gave his orders, she said. Russian troops even then were closing in on the Reichschancellory.

"All hope is lost," she quoted the fuehrer as saying. "You must flee. Gather every plane available and launch a counter attack by air at daylight."

She said she and von Greim protested that it was impossible to organize the flight in the time remaining. Shortly thereafter, they took leave of Hitler and left the bomb shelter.

All available evidence indicates that Hitler committed suicide before sunrise that day.

Von Greim was given command of the luftwaffe on April 26 after Hitler received word that Reichsmarshal Hermann Goering, former commander, was attempting to set up a rump government at Berchtesgaden.

Seventeen Killed As Train Strikes Truck

BLISSFIELD, Mich., Nov. 1. (AP) —Sixteen German prisoners of war and an American soldier were fatally injured when a train smashed into their truck at a crossing near here yesterday.

Pfc. Edward Loughrin of Cadillac, military policeman in charge of the group, died this morning in Adrian hospital. Three prisoners were reported in serious condition at the hospital.

A New York Central passenger train demolished the truck, striking it broadside and strewing bodies and victims and wreckage 300 feet along the right-of-way. The men were returning to the Blissfield POW camp after work on a beet farm.

But IT TAKES HUNDREDS OF EMPLOYEES TO MAKE IT WORK

Seems like a little thing—your electric wall switch. It's one of the least expensive permanent fixtures in your home. And it works so easily, you don't give it a thought.

But what is behind that wall switch? First, there is the hard, sincere work of nearly a thousand employees in your Public Service Company who are on the job day and night to furnish you with cheap, depe ible electric service. Also, stop to think of the millions of dollars invested in equipment—power plants, transmission lines, sub-stations, poles, insulators.

Muddled Situation Noted In Germany

By J. M. ROBERTS, JR.
Associated Press Foreign Affairs Analyst

It is strange coincidence which brings simultaneous publication of the Eisenhower-Truman plan for early establishment of an Allied civilian government for Germany and the General's official report for September that unrest among the Germans has approached the point of organized resistance.

(Press dispatches indicate no improvement in the latter since the period covered by the report.)

Seem To Be Linked

Although the two situations have developed independently and were made public without cross-references, they would seem to be inextricably linked.

Offhand it appears that introduction of another governmental factor between the levels of high policy-making and the application of that policy, which obviously must remain a military job, could only further complicate an already muddled situation.

Eisenhower's report on occupation conditions (as distinguished from his letter advocating establishment of civil government by June) serves to solidify previous indications that the four-power control set-up in Berlin is running into serious difficulties. It fails to clarify the improvements to be expected from a group of civilians who, unlike the present control council members, would not even be bound together through having participated in a common war.

Might Desire Division

Since Eisenhower makes it clear that the Army will have to remain in occupation for a long time, and since it is now charged with both police work and organization of civilian affairs, he might desire a clear-cut division between the two. He obviously is irked with the situation in the Berlin control council. He as much as says that he has been giving in for the sake of unity when caught in the minority, but that the others have not. He has had several years now of being forced to weave political factors into his approach to military objectives. He could hardly be blamed if he feels a little tired of it all and would prefer the relative simplicity of strictly military duties.

Yet Eisenhower is hardly the man to agree with any policy which might endanger the ultimate accomplishment of what the army fought for. He must feel that Germany can best be started back on the road to self-government, through early civilian control, and that the advantages of such a program outweight the complications which are bound to arise. But whether the objectives of the general's letter to the President can be attained would seem to depend largely on how well he can clear up, between now and June, the matters in his September report.

Until the middle of the 19th century, Argentina had a high percentage of illiteracy.

Atomic Secret Is Misnomer

BILOXI, Miss., Nov. 1 (AP) — A newspaperman who has studied closely the development of atomic power declared today the so-called secret of the bomb is just a "misnomer" and that the "basic principles already are known the world over."

"The bomb is a secret the same as a 16 inch gun," Howard W. Blakeslee, Associated Press science editor, asserted in a speech prepared for the convention of the Alabama Farm Bureau federation.

Every nation knowns about the giant naval gun, and the United States keeps to itself merely such information as the formula for mixing the metals and powder, and the precise curves of the rifling, Blakeslee pointed out, adding:

Details Not Given

"It is only details like that which we have not published to the world on the atomic bomb. It is unlikely we will give those away."

Any efforts to throttle scientific investigation of atomic energy would constitute a threat to America's security, Blakeslee declared. He related an instance in which any Army officer associated with development of the A-bomb suggested a law to forbid boys having physics laboratories in their homes.

"If we restrict our own scientists, the other nations will make the main discoveries, both for atomic bombs and atomic power," the writer warned. "Too much restriction is one sure way to destroy the United States."

Vet At 18 Registers For Draft In Miami

MIAMI, Fla., Nov. 1 (AP)—Melvin Harry Sinquefield registers for the draft today—but a uniform will be old stuff for the non-commissioned veteran who turned 18 yesterday.

The youngster, with 50 bombing missions and 264 combat hours over Europe to his credit, hopes he wont have to go back too soon. He's happily married now and has a good job here.

Three years ago, when he was 15, Sinquefield got into the Army Air corps through a minor subterfuge concerning his age.

Serving as a radio-gunner aboard a B17, he twice has hit by Nazi bullets, received the Distinguished Flying Cross for shooting down two enemy planes, and won the Air Medal, various clusters and a Unit Citation for other heroic acts.

As a Staff Sergeant, Sinquefield was discharged last July. His mother, Mrs. Ruth Sinquefield, lives in Washington.

The records of Florence, Italy, show that Signora Frescobaldi, who died in 1570, had 52 children —never less than three at a birth.

Barefooted Attorney Off Shoes For Life

KARNES CITY, Nov. 1. (AP)—Tom Smiley, the barefooted attorney, says he's glad shoe rationing is over since he despises any such restrictions, but he'll never wear 'em again.

Smiley, former county judge who asserted rationing just gave him a good excuse to take off the shoes he didn't like anyway, has padded about town in his bare feet for more than two years now. When it freezes he puts on sandals. In this Southwest Texas town it doesn't freeze often.

"I don't pay any attention to wet weather," he stated.

A veteran of the last war, Smiley said he contracted bronchitis, tonsilitis and sinus trouble in France and that shoes only aggravate these disturbances.

"When I wore shoes," he explained, "I used to cough and choke all night. Now I sleep like a baby. Shoes never did me any good and I don't ever intend to wear 'em again."

Man Saves Dog From Death In Freak Way

INDIANAPOLIS, Nov. 1 (AP) — A knowledge of how mother dogs carry puppies came in handy for Ashton Burnett, 34, today.

He heard a dog's feeble whine coming from the bottom of an abandoned well and slid down a pipe to rescue it.

Burnett puzzled over how he could hold the dog and still pull himself back up the pipe, hand over hand fashion.

So he clamped his teeth over the nape of the dog's neck and worked his way back to the surface.

Beating Of Texas Youth Is Mystery

HOUSTON, Nov. 1 (U.P.)—Police today sought an explanation to the beating last night of 15-year-old Ernest Charles Conner who was bitten 200 times by ants while lying unconscious on a street.

Still unconscious today, Conner was admitted to the hospital suffering from a skull fracture. Records showed he had joined the Navy a year ago but had been discharged when found to be under age.

NEW WEATHER STATIONS

MOSCOW, Nov. 1 (AP)—The Soviet hydrological and meteorological service today announced plans for establishing 18,000 new weather stations, bringing to 25,000 the number operated by Russia.

What AMINOS in hospitals teach us about MEAT at home

READ THE MENUS for any of the service convalescent hospitals, and you'll find the word "MEAT" running through them, day in and day out—for breakfast, for dinner, for supper.

Take a look at the trays at Great Lakes, for example, and you'll see that the amounts of meat are generous. Here is Corporal Charles W. Allman of the Fifth Marines, Colby, Wis., wounded at Okinawa, getting his noontime meal with plenty of good juicy meat in it.

All this is because wartime medical science has demonstrated that, given plenty of meat, men suffering from wounds, burns, starvation or infections, recover faster.

The secret of meat's restorative power lies in "the amazing aminos" (a-mee-nos)—those mysterious substances in the proteins we eat which our bodies use to build and rebuild our tissues, organs, blood and infection-fighting antibodies.

What do these aminos in hospitals teach us about meat at home? Just this:

Children cannot grow and adults cannot rebuild tissues (which wear out constantly in the process of living) without the amino acids of protein foods. Our blood cannot be regenerated —our resistance to many infections cannot be maintained unless we obtain them.

Knowledge gaiged through wartime medical advancements is guiding women in the feeding of their families. Now we know that the amino acids in meat are as essential to maintaining healthy adult bodies and to growth in children as they are to repairing the bodies and rebuilding the health of fighters.

Twenty-two amino acids have been isolated. Ten of them are known to be essential. Without them, life is not possible.

The protein of meat has all ten of the essential aminos; is rich in them. If we have a generous amount of meat in our diets, we can be assured of getting the aminos we need.

You may have thought it was hunger for the good flavor of meat that prompted your desire for it. But isn't it more likely that it was the hunger of your body for those essential aminos that instinctively guided you?

Important Battles On Schoolboy Card

Title Race Tightens Up For The Big November Push; Top Teams In Action

BY HAROLD V. RATLIFF
Associated Press Sports Editor

It's a slack week from the standpoint of number of games but among the 45 on the schedule are some of the most important battles of the year in Texas schoolboy football.

Every district has conference tilts as the title race tightens up all along the line for the November rush.

None Appears In Danger

Eight of the nine undefeated, untied teams have games although none appears in danger of being toppled from the list.

Most important conference contests are in the Dallas district and in disrict 15. At Dallas leading Crozier Tech plays resurging North Dallas, a team that has rolled into a tie for second place just one game behind Tech.

In district 15 the top elevens—Austin and Corpus Christi—play dangerous contenders, Austin tackling Thomas Jefferson (San Antonio) and Corpus Christi meeting Brackenridge (San Antonio).

The Houston district also has a crucial struggle when leading Milby plays John Reagan, unbeaten but once tied in the conference race.

Plainview At Borger

Of the undefeated untied teams in the sate, Pampa rests this week but Plainview plays Borger, Odessa clashes with Ysleta, Paris tackles Denton, Brownwood plays Cisco, Cleburne engages Temple, Lufkin entertains Huntsville, Brownsville meets La Feria and Milby as previously stated, plays Reagan.

Austin, Galveston, Wichita Falls and Highland Park (Dallas) are undefeated but have been tied. Galveston plays South Park (Beaumont), Wichita Falls meet Quanah and Highland Park has an off week.

The week's schedule by districts:

1—Friday: Plainview at Borger (conference), Brownfield at Lubbock (conference.)

2—Friday: Quanah at Wichita Falls (conference), Electra at Olney (conference); Childress at Vernon (conference).

3—Friday: Abilene at Sweetwater (conference), Midland at San Angelo (conference.)

4—Friday: Austin (El Paso) at Carlsbad, N. M., Bowie (El Paso) vs El Paso High (conference); Saturday: Odessa at Ysleta.

5—Friday: Sherman at Gainesville (conference), Bonham at Greenville (conference.)

6—Friday: Paris at Denton, Arlington at McKinney (conference).

7—Thursday: Amon Carter-Riverside (Fort Worth) vs Masonic Home (Fort Worth), Friday: Paschal (Fort Worth) vs Arlington Heights (Fort Worth) (conference); Saturday: Palestine at Fort Worth Tech.

8—Thursday: North Dallas vs Crozier Tech (Dallas) (conference); Friday: Woodrow Wilson (Dallas) vs Forest (Dallas) (conference); Saturday: Adamson (Dallas) vs Sunset (Dallas) (conference.)

9—Friday: Cisco at Brownwood (conference), Breckenridge at Weatherford (conference), Mineral Wells at Ranger (conference).

10—Friday: Waxahachie at Bryan (conference), Temple at Cleburne (conference), Ennis at Hillsboro (conference), Corsicana at Waco (conference).

11—Friday: Henderson at Marshall (conference), Gladewater at Kilgore (conference), Sulphur Springs at Texarkana.

12—Friday: Huntsville at Lufkin, Nacogdoches at Livingston (conference).

13—Thursday: Lamar (Houston) vs Jeff Davis (Houston) (conference), Sam Houston (Houston) vs St. Thomas (Houston); Friday: San Jacinto (Houston) vs Austin (Houston) (conference); Saturday: Reagan (Houston) vs Milby (Houston) (conference.)

14—Friday: South Park (Beaumont) at Galveston (conference), Goose Creek at Port Arthur (conference), Beaumont at Orange (conference).

15—Friday: Laredo at Kerrville (conference), Corpus Christi at Brackenridge (San Antonio) (conference), San Antonio Tech vs Alamo Heights (San Antonio); Saturday: Austin at Jefferson (San Antonio) (conference).

16—Friday: La Feria at Brownsville Kingsville at McAllen (conference).

Tickets For Cotton Bowl Game On Sale

DALLAS, Nov. 1. (U.P.) — Although public over-the-counter sales will not begin for another two weeks, mail reservations for tickets to the New Year's day Cotton bowl game were being accepted today, Game Director James H. Stewart said.

Stewart said that tickets will sell for $6.60 for boxes, $4.40 for reserved seats between the goal lines and $2.50 for the end zones.

Wrestling Returns To Lubbock Arena

The Lubbock Horse and Mule Auction arena was packed last night for the return debut of wrestling in Lubbock after an absence of several years.

The Hood, masked wrestler, battled with Tony Ross on even terms through two falls before he was disqualified after seven minutes of the third fall for roughness and persistent use of his thumb in the eye of Ross.

The action of Referee Babe Ritchie in disqualifying the Hood met with the approval of the fans, but fans were disappointed when efforts to unmask the Hood proved fruitless.

The Hood had won the first fall in 17 minutes. Ross bounded back to even the match in seven minutes, to set the stage for the finishing session of seven minutes which ended in the disqualification.

George Hackenschmidt was the winner in the semi-final of the card, taking the first and third falls, while Milt Olsen won the second.

The opening preliminary went to Ivan Jones, who used 16 of the allotted 30 minutes time limit to pin Sebastan Vturbe, using a pin fall for the winning fall.

Mrs. George Soash Cops Ringer Tourney

Mrs. George Soash topped the field in the women's ringer tournament, just completed at the Lubbock Country club, shooting a medal score of 78 to cop first prize in the 18-hole flight.

Mrs. A. A. Foster also received a prize for the most fives in the 18-hole flight.

Mrs. Adelle Schroeder won the nine-hole flight with a 45, while another prize went to Mrs. John Markham for the most sixes.

The tournament has been in session for several weeks.

Tech's Red Raiders Off Today For Houston; Final Workout Of Squad Will Be Staged At Mason

Texas Tech's Red Raiders headed for Houston this morning, where they will tangle with the sensation of last week's grid picture, the Rice Owls, in a non-conference game Saturday afternoon.

Coach Dell Morgan did not announce any traveling squad for the trip, but is expected to carry much the same personnel as has made past trips with the Red Raiders.

At Mason Today

The squad will journey to Mason today, arriving there in time for a final rough workout at Mason, then spend the night there. The journey to Houston will be completed Friday, arriving there in time for a final limbering up the day before the game.

There was no rough scrimmage on the schedule for Wednesday afternoon, but Coach Morgan mapped out a busy session for his charges. There was plenty of dummy scrimmage on the menu with most of the work centering on punting, punt returns, down field blocking and passing.

Walt Schlinkman, Tech's bid for All-American honors, was taking an active part in the work Wednesday afternoon, indicating that he will likely be back at his starting post this week against the Owls. Ed Robinet, however, was getting in as much work as Schlinkman, and may get the starting nod.

Kickers, Passers Work

Schlinkman and Robinet were doing most of the punting during the kicking drill. On the passing, Gene Hardey and Jack "Spider" Dillon were sharing the load, with Jiggs Jackson back in uniform again, and taking an active part in the passing drill.

Morgan was spending a lot of time working with the linemen during the drill. Pat Farris, former Lubbock Westerner, was getting in plenty of work at the guard slot, and likely will see a lot of action against the Owls Saturday afternoon.

Starters In Doubt

Morgan indicated that he was somewhat in doubt about who would be the starting eleven Saturday, but is not expected to vary much from the lineup generally considered the starters. These would be Moyers and Kelley at ends; McShane and Winkler at tackles; Lawhorn and Birdwell at guards; Turner at center; Hardey at quarter; Norris and Shahan at halves and Schlinkman at fullback.

The Raiders are in for some tough sledding Saturday afternoon. The Owls have been gaining speed with each passing week-end, after a rather rocky start, and this week will be bolstered greatly by a number of seasoned performers, most of them from Louisiana Tech, a school that has been going strong.

The chief addition to the Owl club is George Walmsley, all-conference back of last year, who recently returned to the Houston school from the U. S. Navy Academy at Annapolis. Walmsley, who was an all-state schoolboy performer two years ago at Goose Creek, is rated as one of the greatest all-time backs of Texas grid history, and sure to be a big boost to the Owls.

Westerners In Defense Drills

Final Brushing Up Is Planned Today

A defense was the main topic around the practice at Chapman field Wednesday afternoon as the Lubbock Westerners closed out the rough work for the week with a rugged defensive scrimmage, and will taper off today for Friday night's conference battle at Tech stadium with the Brownfield Cubs.

The club was looking far from perfect on their tackling during the scrimmage session, however, the linemen were finding the second string line unable to keep them from swarming the backfielders on the reserves.

Heading this slashing brand of play was Paul Waters, big tackle of the club, who appears about ready to make a strong bid for a berth on the starting lineup this week.

Reserve linemen couldn't keep the big fellow out of their backfield, and he was breaking up the reserves offense, running off Brownfield formations, with great regularity.

Coach Dixie White and George Philbrick topped off the defensive scrimmage with a short offensive session of dummy scrimmage, during which the squad ran through the entire list of plays before calling it a day.

Brewer, Wall Look On

George Brewer, top ball carrier and leading scorer, was still on the sidelines, but he had company Wednesday afternoon. Stoney Wall, regular guard, was nursing a bruised shoulder from the sidelines, but likely will be ready to go Friday night.

The club will have one more session this afternoon, but it will be more in the form of a tapering off drill and a final brushing up of both the offense and defense.

The two teams will be seeking victory No. 1 in the league standing Friday night, both suffering two losses in conference play. The pair of league losses, however, are the only ones charged against Brownfield this season.

Rice Is Remembering Last Year's Upset

HOUSTON, Nov. 1. (U.P.) — Rice gridders aren't superstitious — much — but they're going to put on their new blue jerseys for Saturday's Texas Tech game.

The jerseys were first worn against Texas last week and the Owls hope to have as much luck in them against the Red Raiders as against the Longhorns.

Meanwhile, Coach Jess Neely isn't letting the Owls forget that last year they upset Texas and the following week were downed by Tech.

New faces were bustin' out all over the squad as the coach worked out the team today. Nine new footballers, including George Walmsley and Charley Howard, had reported to practice this week.

NEW CONTRACT SIGNED

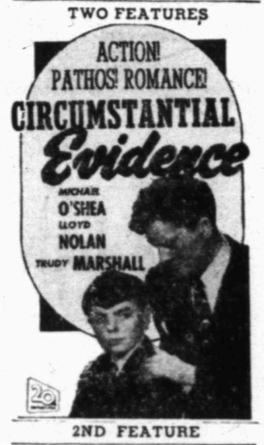

CHAPEL HILL, N. C., Nov. 1 (AP) — The University of North Carolina and the University of Tennessee today signed a four-year-football agreement, replacing an existing two-year contract.

★ ★ ★

A Tyler youngster, expelled for pulling the old stunt of placing a tack in his teacher's chair, explained he did it for a joke.

Anyhow, it was short and to the point!

★ ★ ★

THE average person of intelligence turns to a plumber when he has a pressing problem in that field; to a lawyer when he needs legal advice; to a bricklayer for bricklaying and to an eye specialist if he has eye trouble.

Therefore, it seems peculiar to us that so many people refuse to take the advice of military men—specialists in that line—when it comes to matters pertaining to national defense.

★ ★ ★

Our top military men of both services are agreed that universal military training is essential to safeguard the national interests until such time as permanent peace is something more than a term to be lovingly rolled on the tongue. Yet millions of well-meaning people — people who take the advice of specialists in all other lines and wouldn't think of doing anything else—insist that the military specialists don't know what they're talking about.

★ ★ ★

We agree with the leadership of the Veterans of Foreign Wars that Mr. Truman's plan of universal training will fail of enactment because a majority in Congress will be cowed by organized pressure groups opposing it.

We agree with others who believe Mr. Truman's plan is not as good as an all-out program which would turn our physically fit young men into Army and Navy units for one year each between the ages of 18-to-20 — although we realize Mr. Truman offered his plan as a compromise to get something approaching what the nation's safety demands.

But as the father of three sons, The Plainsman still thinks universal training of some sort should be made the law of the land FOR THE GOOD OF THE U.S.A.

★ ★ ★

WE have no more desire than any other father to see our sons "lose" a year from civilian life; have their normal educational years broken into; have them taken away from home and our watchful eye and placed under strict discipline and regimentation.

But what we, personally, desire for our own sons pales into insignificance when the safety and the best interests of the nation—and of the generations to come—are taken into consideration.

Somehow, we can't overlook that millions of parents of other boys didn't want their sons pressed into service during war time — to be shot at, perhaps injured or killed.

And when we think of those parents and those boys old enough to don uniforms during the war, we can't squeeze out many tears for ourselves, or for parents in our similar position.

★ ★ ★

There are some good arguments, of course, against universal military training. But in our book the one most frequently heard is not good; it is simply an appeal to the emotions, rather than to reason. This argument to which we refer is the one that piously goes: "If our young boys are put in the Army they will be faced with more temptation than they otherwise would and will come home with their morals ruined."

That is poppycock — and any man who lives a normal existence and keeps his eyes and ears open knows it is poppycock.

There are just as many temptations open to young men in civilian life in normal times as are open to young men who may be in uniform.

The peacetime youth who becomes a moral weakling while wearing a uniform would have turned out the same way without the uniform. But some of the same people who were parroting a few months ago that "there are no aetheists in foxholes" now are insisting that military training in peacetime will turn our young men into a tribe of immoral savages.

★ ★ ★

WE know as well as anyone that the chances for universal peacetime training to be approved by the Congress are very slim. We also know that public espousal of such a system, such as our own, is highly unpopular.

But if and when another Pearl Harbor comes — and the Fates don't give us the time to train and arm as they did the last time—we may learn the hard way that in the civilized jungle known as the modern world it's always good to be prepared against any eventuality; that insurance against the need for national defense is just as logical as fire, life, accident or any other sort of insurance.

It may be, of course, that permanent peace will be attained before the drums roll again and that the atomic bomb, and other scientific advances, may make obsolete the need for national defense as we have known it in the past.

But until we are sure peace is here for good and that science has outmoded all other forms of defense we ought to keep our powder dry.

We probably won't, of course. But we ought to.

IN NEW YORK there is a new organization with a heartbreakingly simple name, "Widows of World War II."

MILLETT

Members feel that perhaps through meeting together and discussing their mutual problems they can help each other get their feet on solid ground.

Undoubtedly such groups will spring up in towns and cities all over the country as young widows discover no one talks their language except their own sisterhood.

For the group in New York and any other that may be organized already throughout the country or will be soon, here is a story that may give inspiration:

Two young service wives in Columbus, Ohio, having received "missing in action" reports on their husbands and still not sure whether their men are alive or dead, put their minds and hands to work on a project that had a natural interest for them, making sturdy toys for children.

The project has grown into a real business—with more orders on hand than they can fill before Christmas. Work has helped them through some of the hardest months they may ever have to face. And if their men don't come back they are well on the way toward careers they can carry on at home.

* * *

TALK DOESN'T HELP

THE idea for other war widows in that story isn't that they all start making toys. It is that they do more than talk about their troubles and sympathize with each other. That they help each other find new and constructive interests in life.

A talking organization won't really help them, except for an evening at a time. A working organization is what they really need to get them started on new paths.

"ROME WASN'T BUILT IN A DAY"

Differences between Russia and the other big powers are nothing new. A look at the record reveals many instances of friction, during the last 28 years, between Moscow and rival capitals.

Note this:

Armed intervention in Russia and continuation of the blockade against Russia after World war 1. Support of counter-revolutionary movements against the Soviet regime. Refusal to recognize the Soviet government—for almost seven years by Great Britain and France, for 16 years by the United States. (As late as 1940, Governor Dewey of New York condemned our resumption of relations in 1933.) Refusal of the League of Nations for 14 years to admit Russia. Expulsion from the league for aggression (against Finland) although Italy, Japan and Germany were never expelled for their greater aggressions.

And on the other side: Russia's separate peace with Germany in 1918. Attempt to stir up Communist revolutions in other countries. Refusal to pay on debts of the Tsarist government or for foreign property confiscated. An internal dictatorship as ruthless as Hitler's or Mussolini's and, until recently, attacks on religion and official support of atheism. The alliance with Nazi Germany on the eve of World war II and refusal during the war to enter into full military cooperation.

It is small wonder that Russia and the rest of the world have been unable to get along lately. Mistrust evoked over nearly a quarter of a century cannot be wiped out overnight. Recent disputes seem not so serious in the light of this record. It is foolish, at this stage, for us to despair of ever getting along peaceably with Russia. To reach this end will take time with a spirit of more "give" than "take" on all sides.

History Is Being Repeated In Berlin

Washington Merry-Go-Round

By DREW PEARSON
Special Correspondent

WASHINGTON — Inside the closed-door sessions of the Allied economic directorate in Berlin history seems to be repeating itself.

It was Britain's defense of Germany after the last war which played such a big part in the removal of the Allied control commission and the gradual rebuilding of Germany. Britain was then following her time-honored balance-of-power policy of jockeying France against Germany. The secret debates in Berlin show that this policy was not changed, except that she is now balancing Germany off against Russia with U. S. delegates generally siding with the British.

PEARSON

Here are verbatim excerpts from the secret Allied debates taken from the Berlin economic meetings of October 10. The meeting began with a plea by Britain's Sir Percy Mills that the Allies import coal and building materials to aid Germany. He spoke with considerable vigor and feeling—so much so that the French delegate, M. Sergent, took exception.

"Let me remind you," he said, "that the French have a far greater claim to building materials. We too have many buildings destroyed. We too need coal. There has been absolutely no activity in building construction in France for five years."

The Frenchman proposed that a survey of the building situation be made by the economic directorate, and this was finally agreed.

The Russian delegate, General Shabalin, was then asked if he could not persuade the Poles to export coal to Germany. "I am in no position to speak for the Polish government," he replied. "Poland can decide for herself whether she has any coal to spare for her old enemy.

"Besides," continued the Red Army officer, "why don't the British send over some coal, since Sir Percy is so worried about the state of health of the German people?"

* * *

AGRICULTURE REPORT CRITICISED

THE Allied economic directorate next took up the report prepared on German agriculture prepared by a sub-committee. It was severely criticised by General Shabalin. The findings he said, were "silly" and "childish."

"I would be ashamed, he grunted, "to sign such a report."

Shabalin singled out particularly that part of the report which recommended seed, fertilizer and agriculture machinery for Germany. He also claimed that the report dealt too much in generalities rather than specific recommendations.

"I have been a farmer myself," said the general, "and in fifteen minutes I could draw up recommendations which would get to the real heart of the problem, instead of dealing in cheap generalities.

"Let's go back to the Potsdam agreement," he said. "It outlined the basic fact that German agriculture is to be increased at the expense of industry. Let's stick to that. The Potsdam agreement is good enough for me."

Gen. William H. Draper, the American delegate, then moved that the report be sent back to the agricultural sub-committee with a recommendation that the whole report be re-submitted within 30 days.

* * *

RUSSIAN NOT SYMPATHETIC

FRENCH Delegate Sergent next raised the question of importing oil into Germany from Russia. This had been recommended by the U. S. government, and, carrying out this recommendation, General Draper turned to General Shabalin and asked his government to approach Austria, Hungary and Rumania regarding the sale of oil to Germany.

General Draper made quite a strong plea, pointing out that Germany's need of oil was serious. Sir Percy Mills backed him up, suggesting that Russia might either borrow or buy the oil from Austria, Rumania and Hungary.

General Shabalin, however, was not sympathetic.

"I was not at Potsdam," he replied, "and don't know from personal knowledge what was decided there. Also I don't know how much oil Austria, Hungary and Rumania have to export.

"I must further remind you that these countries have their own governments, and Austria and Hungary have their own control council."

The Russian general expressed great amazement at the ingenuity of General Draper.

"The American delegate," he said, "wants Russia to pay with oil for the 15 per cent of reparations which the Russians are supposed to receive under the Potsdam agreement."

Looking at Draper, a former partner in the Wall street firm of Dillon Reed, the Russian continued:

"Tell me general, how much has the Soviet Union received in reparations? As far as I know we have not received a single, solitary cent. So when we have not received anything from Germany why should we send good money after bad, by now supplying Germany with oil? Since the Soviet doesn't know when the Soviet will get anything from reparations, why shouldn't Germany in the meantime try to help herself?

"For instance, Germany makes excellent diesel oil and benzine," Shabalin went on, "why shouldn't the German production be increased? Why Should Russia borrow from neighboring countries instead?"

General Draper then called upon Sir Percy to supply the figures on Germany's oil production, which showed a deficit for the coming year 1946 of 727,000 tons. Briefly scribbling on a piece of paper, General Shabalin estimated that the British and American governments wanted Russia to supply 7,000 tons of oil per day.

"If we are able to do this," he asked, "will the British and American governments help us find the transportation? The Soviet Union has neither the rail nor water transportation to perform this task.

In the case of oil for Germany, the French delegate strongly supported Britain and the United States. So finally, at the persistant urging of both General Draper and M. Sergent, General Shabalin agreed to discuss the matter with Moscow.

The French delegate then took up the question of destroying all of Hitler's chemical warfare plants. He first submitted the report of the committee on war potential which was a compromise view, and asked that the Allied representatives comment on it. General Shabalin immediately commented that the report was meaningless and the Potsdam agreement provided for the complete destruction of all German chemical warfare facilities. "Personally I would suggest that the control start immediately to burn, destroy or sink all Nazi means of chemical warfare," grunted the Red general.

On this for the first time there seemed to be complete Allied unity. After a short debate it was agreed that the compromise report be sent back to the committee on war potential with instructions to be specific and precise about eliminating, once and for all, all chemical warfare facilities in Germany.

A human adult has half an ounce of sugar in his blood.

"Try And Stop Me"
By Bennett Cerf

THAT lovely and nostalgic tune, "Melancholy Baby," was written in 1912 and is still a sure-fire encore for any orchestra, sweet or hot.

The legend goes that George Norton, who wrote the lyrics, was in a railroad station waiting for the arrival of his best girl. Word came through that the train was delayed. While the young man paced impatiently up and down the platform, the theme of "Melancholy Baby" began to take shape in his mind. Barely had he jotted down the last lines on the back of an envelope when the station master gave him sad tidings. The train he was waiting for had been wrecked; the girl was one of the victims. Neither Norton nor Ernie Burnett, who composed the melody, has written another smash song hit since that day.

* * *

A RICH dowager was taken to a recital of the famed Budapest Quartet. Introduced later to the first violinist, she gushed, "It's a shame your little orchestra hasn't got money enough to expand. I'm going to write you out a check for five thousand dollars; we'll make that band of yours as big as Tommy Dorsey's!"

Col. Eversberg Put On Inactive List

SAN ANTONIO, Nov. 1 (AP) — Col. E. A. Eversberg, who recently returned from Berlin, Germany, where he was transportation officer, was released from active duty at the war department personnel center at Fort Sam Houston today.

Colonel Eversberg was awarded the Legion of Merit for meritorious service as port commander at Belfast, Ireland, in the preparation of invasion forces of Europe. He is a native of Brenham, Tex.

Eighteen per cent of home accident fatalities were children under five years of age during 1944.

Today's Thought

And the fruit of righteousness is shown in peace of them that make peace.—James 3:18.

* * *

Peace will come soon and come to stay, and so come as to be worth keeping in all future time. It will then have been proved that among free men there can be no successful appeal from the ballot to the bullet, and that they who take such appeal are sure to lose their cases and pay the cost. — Lincoln.

Small Minorities Are Trying To Fan Flames Of Prejudice

Americans Seeing Dangers Of Racial Hatred

By MARQUIS CHILDS
Special Correspondent

WASHINGTON. — There are heartening signs that Americans in various parts of the country are waking up to the dangers of racial hatred and are taking positive steps to combat it.

On the Pacific coast, a small minority is trying to fan the flames of prejudice against Japanese-Americans returning to their homes from so-called relocation centers. In several instances, Japanese-American war veterans have been victims of hoodlumism directed at the Nisei This is true in spite of the fact that there are almost daily accounts of the outstanding heroism and bravery of the Nisei in Italy and in the Far East.

CHILDS

Not long ago, Mr. and Mrs. Kay Sakamoto returned to their California home to find that their house had been burned to the ground two days before. One of the Sakamoto sons was killed in action and two have been decorated for bravery. Within a few days, Californians started to raise a fund to help rebuild the Sakamoto home.

Veterans Are Indignant

The Spokane, Washington, post of the Veterans of Foreign Wars refused membership to Richard Naito because of his Japanese ancestry. But when veterans at Baxter General hospital at Spokane heard about it, they got together in an indignation meeting.

They formed a new organization—the Veterans Committee for Equal Rights. Members of the committee who leave the hospital for various parts of the country form new chapters in their home communities.

The goal is "to promote the maintenance and extension of democracy under the constitution of the United States of America by insuring equal social, political and economic rights for all present and former members of the armed forces and merchant marine, regardless of race, color, creed or extraction." Chairman of the new organization is Private James Carpenter of Clackamas, Oregon, who won the Silver star in the Pacific.

FROM forthright General "Vinegar Joe" Stilwell came a blast against "bar fly commandoes" guilty of persecuting Jap-Americans.

In an interview in Roundup, the soldiers' newspaper in the Burma-India theater, Stilwell suggested that soldiers form a pickaxe club to protect Nisei veterans.

"We cannot allow a single injustice to be done to the Nisei without defeating the purposes for which we sought," Stilwell said.

* * *

Not nearly enough is being done to counter the racial tensions which many believe are growing rather than diminishing with the war's end. Education is one answer.

A hard-hitting editor on the west coast, Frank Clarvoe of the San Francisco News, is not content with hewing to a vigorous line on his editorial page. He is speaking to audiences around the state on the menace of intolerance.

Recently the editors of Look magazine put together a book of pictures with text by Wallace Stegner under the title "One Nation." An excellent editorial job, it shows how primitive prejudices work against Jews, Catholics, Filipinos, Nisei and other minority groups. We are, Stegner points out in his text, one nation, and any attempt to unravel the skein of many-colored strands will destroy the whole.

But education is a slow process. Some observers believe there is need for federal legislation which would prevent outbreaks of violence such as occurred after the last war.

* * *

TWO brothers charged with dynamiting the fruit packing shed of a Japanese-American were acquitted by a California state jury after their attorney argued it was a "white man's country." Later they were tried in federal court in Sacramento on charges of unlawful possession of explosives and conspiracy to break a federal law. But the jury seemed to regard this as a rather slight pretext for bringing the men to trial, and they were acquitted again.

Federal law offers little or no protection to minority groups when violence threatens. States rights advocates have always been sensitive to any invasion of the police field.

But lynch mobs are not deterred by state boundaries. Perhaps in the troubled transition period we will need federal barriers to check the merchants of hate and violence.

Nations Are Arming To Prepare For Another World Conflict

By JOHN M. HIGHTOWER
Associated Press Staff Writer

WASHINGTON, Nov. 1. (AP) — The great debate over the atomic bomb and universal military training has made one thing clear:

The world is beginning an armaments race without parallel in history.

The mutual confidence which the Allied powers were supposed to feel as a result of their common victory is tearing at the seams.

Once more everybody is getting ready for a war and nobody can afford another.

Half the world does not trust the other half. The United States and Britain know how to get along; but Anglo-America and Russia simply haven't had the combination.

Washington and London shared virtually all their top war secrets —not all but 90 or 95 per cent. Russia would not trade.

Nor were the United States and Britain inclined to give secrets away to the Soviets.

Puppet Governments By Russia

There it was—even under the pressures of war Anglo-America and Russia could not really get together.

They did not trust each other.

After the victory the Russians established — puppet governments throughout eastern Europe.

They did this for security reasons — official Washington thinks —to help protect them against the capitalist west.

The United States, while professing to love everybody, began staking out claims on strategic bases in the Pacific.

Atomic Bomb Threats

Perhaps the United States really does love everybody — but the Russians seemingly aren't convinced.

Into this brew of suspicion drop the atomic bomb.

The Russians haven't said anything about the policy of keeping it more or less "secret." But diplomatic and scientific Washington are convinced that Soviet physicists and engineers are working 24 hours a day to catch up.

That is where the armament race begins.

The atomic bomb threatens the vitals of all the great land masses.

Army, Navy and political leaders say this means the United States must be so powerful that no other country will dare attack. And Russia feels she must be so powerful that no nation will dare attack her.

Grain Market

FORT WORTH REPORT

FORT WORTH, Nov. 1 (AP)—Wheat No. 1 hard 1.78 ¾-84 ½.
Barley No. 2, 1.28-30.
Sorghums No. 2 yellow milo or No. 2 white kafir, per 100 lb 2.48-53.
Oats No. 3 white, 77 ½-78 ½.

CHICAGO REPORT

CHICAGO, Nov. 1 (AP) — Buying and short-covering stimulated by several bullish influences boosted most grain futures more than a cent a bushel at times today.

Factors stimulating buying included a larger than expected increase in the government subsidy to flour millers for November, improved flour sales and reports that the government was buying more oats in the northwest today.

Strength in cotton and securities also led to some buying here.

Wheat closed ⅜ to 1 ⅞ cent higher than the previous finish, December $1.78 ¼, corn was up ⅛ to ½, December $1.18 ½, the ceiling, oats were ahead 1 ⅛ to 2 cents, December 66, rye was 1 ⅛ to 2 ⅛ cents higher, December $1.63 ⅞, and barley was down ⅛ to ¼, December $1.19 ¼.

Stock Market

POWER ISSUES ACTIVE

NEW YORK, Nov. 1 (AP)—The big bull stock market today scampered to a new average peak since early 1937 with gains of fractions to several points despite considerable profit cashing on the swing.

Power company issues again provided much of the activity although the majority failed to duplicate the bulge of Wednesday. Air transports developed strength. Steels and motors were out in front as hopes for settlement of wage controversies in these fields brightened.

Turnover of around 2,000,000 shares was another of the best in four months.

In the "new high" division were Bethlehem, Eastern Air Lines, American Airlines, Eastman Kodak, United Corp., Commonwealth and Southern, Great Northern and American Ice. Ahead most of the time were U. S. Steel, Chrysler, General Motors, Goodrich, Sears Roebuck, Allied Chemical, Du Pont, General Electric, Johns-Manville, American Telephone, Standard Oil (NJ), N. Y. Central, Southern Pacific and Radio Corp.

Bonds improved selectively.

Cotton Market

NEW YORK REPORT

NEW YORK, Nov. 1 (AP)—The cotton futures market registered moderate gains in quiet trading today as mill and outside buying met only limited hedge offerings. Commission house interest was stimulated by prospects that the farm bloc will strongly support the Pace parity measure in view of the administration's approval of wage increases.

Futures closed 15 to 30 cents a bale higher.

Sonja Henie And Dan Topping To Separate

CHICAGO, Nov. 1. (AP)—Sonja Henie, ice skating champion and movie actress, and Daniel Reed Topping, wealthy New York sportsman, have decided to separate after a marriage of a little over five years, says their attorney, J. Arthur Friedlund.

Friedlund said Miss Henie, in Chicago rehearsing for her annual ice revue, met with Topping yesterday following his return from overseas service in the Marine corps. Friedlund, who said he was personal counsel and friend to both Sonja and Topping, said they agreed to separate, but they made no immediate plans for a divorce.

Markets At A Glance

NEW YORK, Nov. 1 (AP) —
Stocks—Higher; industrial lead further advance.
Bonds—Steady; slow advance in rails.
Cotton—Quiet; mill and outside buying.

Cattle—Mostly steady to weak. Top $18, the ceiling.

Two Killed In Prison Break

SHREVEPORT, La., Nov. 1. (UP) —Search for five men who escaped from the Caddo parish jail last night in an eight-man break which claimed the lives of two prisoners and capture of one an hour later was underway today.

The two prisoners killed were William C. Moore, 26, of Quincy, Mass., and a 17-year-old Shreveport boy awaiting transfer to a training institute at Monroe, La.

The break started when three of the prisoners attacked Jailer George Joliff as he started to feed the prisoners. The prisoners slashed at Joliff with razor blades and cut him on the neck, arms and shoulders. A negro trusty aided Joliff as he battled the prisoners.

Deputy Sheriff Gordon Kennedy shot and killed the two prisoners in the melee and wounded two more of the prisoners as they dashed for an elevator.

Louis Mangham, 22, of Bossier City, a former paratrooper, was captured an hour later. He was charged with auto theft.

At large are Otis J. Cook, Vivian; William T. Nevers, 20, Quincy, Mass.; J. V. Gunther, 22; John Vavalero, 18, and John Eichmeyer, 18.

Army Fliers Prefer To Stay On Ground

FORT WORTH, Tex., Nov. 1. (UP)—A spot check of AAF enlisted men at Fort Worth Army Air Field reveals that few combat fliers have any desire to become postwar commercial fliers.

"I flew some 2,100 hours for Uncle Sam, but I'll keep my feet on the ground as far as commercial flying is concerned," said Tech Sgt. Allan W. Hicks, 28, an Eighth Air Force veteran.

"I've had enough," was the reaction of Staff Sgt. George W. Walker, 25, another Eighth Air Force veteran with 925 hours of combat flying to his credit.

"Nuts to flying after the war," was the comment of Staff Sgt. Oscar L. Dodd, 20-year-old veteran of the Fifteenth Air Force with 550 hours of flying time. "I'm interested in a new automobile."

Sgt. Joseph J. Bolee, 27, veteran of the Pacific Theater, said he's going back to work for the Chicago post office "but I'd like to fly if the post office gets planes."

Coast Guard Cutter Too Small For Twins

NORWALK, Cal., Nov. 1. (UP)— Tall guys are okay in their place, but if you ask Coast Guard officials, their place is not aboard ship.

Robert and William White identical twins from Norwalk, some 6 feet, seven inches tall are stationed in San Diego now after having spent a hitch aboard a 125-foot Coast Guard Cutter.

Confusion reigned on ship when general quarters sounded, as the stick-like pair tried to squeeze through hatches built for lesser men. Somehow or other, the remainder of the crew always piled up behind them.

Came chow time, and the twins presented another problem, what with their long legs all but knocking mates off their seats on the opposite side of the table.

After months of this, the Coast Guard took the easy way out. The twins are ashore—for keeps.

Infants' Shoes To Again Be Available

WASHINGTON, Nov. 1. (AP) — Infants' white shoes, hard to find for months, should be plentiful again soon, the War Production board said today.

Prospects are looking up because the ingredient used to whiten leather, titanium, is available once more for civilian products.

Government shoe and leather officials predicted also that the end of shoe rationing will be a factor in increasing supplies of infants' footwear.

Retail Prices For Butter Up Today

WASHINGTON, Nov. 1 (AP) — Housewives today began paying five to six cents a pound more for butter because the government cancelled a five-cents-a-pound wartime subsidy to butter producers.

The retail increase originally was scheduled to go into effect Nov. 8 but was advanced at the request of grocers. They complained that they would be caught in a price squeeze because wholesale prices were being stepped up today ahead of retail prices.

Purchase Of Chicken Makes Her Forget

BOSTON, Nov. 1. (UP)—Chicken for Sunday dinner cost Mrs. Anna Ghelfi of Hyde Park $200.

The woman told police she got so excited at the market to find chickens available that she forgot that she hid her pocketbook between the pickets of a North End fence. When she remembered it, the purse was gone.

Ration Stamps To Become Valid Today

WASHINGTON, Nov. 1 (UP) — Five new ration stamps for meats and fats became valid today.

They are the last four red stamps in ration book four—W1, X1, Y1, and Z1—and one green stamp, N8. These will be good through Feb. 28.

FHA Resumes Housing Loans

DALLAS, Nov. 1. (U.P.) — Home repairs, improvements and modernization are again available to homeowners through Federal Housing administration loans.

R. E. Shepherd, FHA director, also said that all limitations on the use of materials for this work have been abolished.

It means, he explained, that qualified lending institutions may resume making loans under the peacetime regulations of FHA's title I operations. Such laons may be for a maximum of $2,500 and run for three years, repayable in monthly installments.

"Such work is important to the present housing inventory since it may be some time before new construction can catch up with the demand for new housing," Shepherd added.

The property improvement loans are personal credit loans, based on the credit of the borrower, and are sought directly from lending institutions or through a materials dealer or contractor.

Hilter's Silverware Taken By American GI

LOS ANGELES, Nov. 1. (U.P.) — Adolf Hitler's prized silverware, which he kept at Berchtesgaden, is now safely in Los Angeles in the custody of Cpl. Henry Achelpohl, 24.

And Adolph can get it back—if he calls for it in person.

Achelpohl, who saw 508 days of combat with the 3rd Infantry Division of the 7th Army, explains that "I didn't lift it, I just appropriated it."

All in solid silver, the ware includes several platters of various sizes, a graceful teapot service, sugar-bowl, knives and forks, gravy ladle, sugar prongs, marrow picker and asparagus tongs.

There is also a large tablecloth of fine linen and 18 initialed napkins.

Achelpohl found the silverware in an underground passage, and carted it away in a drawer.

Southern Methodist To Lose Three Men

DALLAS, Nov. 1 (U.P.)—A third Southern Methodist university squadman, Bill Bounds, was lost today because of failure in his class room duties. Other losses were Augie Pelz, back, and End Ray Crocker.

However, Sam Meserve, one of four new additions to the squad, is a 190-pounder, and Coach Matty Bell is impressed by his possibilities. Another addition to the Mustang camp is Bill Pratt, tailback who played high school football at Shawnee, Okla., and transferred to SMU from North Texas Agricultural college.

Sell-Out Crowd For Dallas Game Seen

DALLAS, Nov. 1. (U.P.)—A sell-out crowd of at least 22,000 was foreseen today for the Texas-Southern Methodist university game at Ownby stadium Saturday.

Ticket Manager J. C. Wetsel of SMU said that only 5,000 tickets remained unsold for the game, designated as the SMU "homecoming game."

YOU CAN DO IT, TOO, IN 2 TO 3 HOURS AT HOME!

● Everyone's delighted! Everyone's talking about the lovely, lasting waves and softly curling ringlets you get with a Toni home permanent. It's so easy, so inexpensive!

If you can roll up your hair on curlers, you can give yourself a wonderfully successful Toni permanent—a wave that lasts *and lasts!* You'll love the looks *and feel* of your Toni wave! Hair is softer, lovely and easy to manage, for this is a *creme cold wave* . . . with a *creme* waving lotion that imparts luxurious beauty to the hair. Wonderful even for children's baby-fine hair!

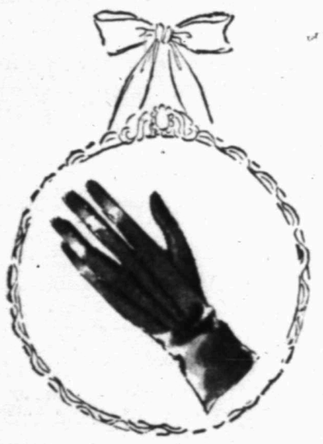

The Toni Wave Kit contains everything you need for a glorious wave! Preparations are like those used in beauty salon-type permanents, are laboratory-tested.

So give yourself a Toni . . . *today!* And if it isn't the loveliest permanent ever, Toni will refund the purchase price. $1.25 plus tax

KEEP YOUR ENGINE MOBILOIL CLEAN

Mobiloil Clean means that rings, pistons and valves are kept freer than ever before from power-wasting, oil-wasting, and metal-wearing deposits.

New, free-flowing Mobiloil can help you get quick starting—keep your engine free-turning and easier on your battery—yet protect it fully after warm-up. It guards against wear, oil drag, gum, sludge and carbon.

It's the finest Mobiloil ever made for safe, full protection of your engine and the most miles from gasoline. Change now to NEW Detergent Mobiloil that cleans as it lubricates.
