THE JUNCTION EAGLE

Volume 46

Junction, Kimble County, Texas, Thursday, October 17, 1929

Number 27

EAGLES TACKLE BALLINGER BEARCATS ON HOME FIELD SATURDAY AFTERNOON 3:00

LONDON 4 H CLUB ELECTS OFFICERS

Tea Cup 4 H Club Will Have Float in Parade November 11

Monday morning eighteen members of the London 4H Club met at the John Fritz farm and under the supervision of County Agent R. E. Homann, several classes of sheep were judged.

In the afternoon, an organization meeting of the club was held and Woodrow Kothmann was elected president of the club. Jesse Hunter was elected vice president. Miss Eunice Brewer was elected secretary and reporter. Upon the unanimous vote of the club members Mr. A. R. Sallee, principal of the London High School, was named local sponsor of the club.

Monday afternoon the members of the Tea Cup 4H Club also held an organization meeting. Robert Fisher was elected president; Miss Dorothy Jarvis, vice president; and Miss Eileen Reese, secretary and reporter. Mr. Rankin Kothmann, principal of the Tea Cup School, was unanimously elected local sponsor of the club.

After the organization meeting, twelve of the members accompanied by Messrs. Homann and Kothmann, went to the Howard Kothmann ranch and made a study of breeding sheep. Several classes were judged. Both the London and Tea Cup schools are planning to have a float in the 4H parade which will be held in Junction on November 11 in connection with the big Agricultural program.

COPPERAS P.-T. A. TO HAVE BOX SUPPER

The fine rains prevented the Copperas P.-T. A. from having its regular meeting on Monday, the 14th, but met in call meeting Tuesday afternoon. Plans were made for the box supper Friday night. Besides boxes, there will be all kinds of good eats, such as pies, cakes and candies. The P.-T. A. quilt is to go to the person paying the highest price for any one thing sold.

DECHERT-GROBE

The marriage of Miss Lola Grobe and Mr. Elgin Dechert occurred in Eden Sunday, October 6, at the home of the Baptist minister, Rev. Fullbright, who performed the ceremony. Mrs. Dechert is the daughter of Mr. Henry Grobe. Mr. Dechert is the son of Mrs. E. O. Dechert. These young people are favorably known to Kimble County and carry with them the well wishes of the community.

Those present at the wedding were Miss Bess Grobe, Mrs. Alberta Wootan, Mrs. Lilly Robbins and Mr. Walter Grobe of the Tea Cup community. Mr. and Mrs. Dechert are at home on Mrs. E. O. Dechert's ranch.

Mrs. Alfred Hodges left Friday for her home in Brackettville after a visit with her daughter, Mrs. James A. Miller.

NEW SWEAT SHIRTS FOR FOOTBALL TEAM

An order was placed Tuesday morning for twenty-four sweat shirts for the Junction High School Football team, according to Supt. Guy C. Moses. It is expected that the sweatshirts will be here in time for the Ballinger game Saturday.

Eagles Will Attempt to Uphold Perfect Record

With a perfect record behind them for the 1929 football season, the Junction Eagles are pointing to the Ballinger Bearcats Saturday to uphold this enviable record.

The largest crowd to attend any game played here this season is expected to be present for the initial kickoff Saturday afternoon at 3:30 o'clock.

With popular admission prices prevailing, everyone that wishes may witness the game.

KIMBLE RANCHMEN ATTEND MEETING

Messrs. S. S. Bundy and George Pepper were representatives from Kimble County at the regular meeting of the executive committee of the Texas Sheep and Goat Raisers' Association, which was held in Fort Stockton last Thursday.

A large fish fry was given to those attending the meeting. Approximately 175 persons attended the fish fry.

A report of the secretary showed that 82 new members, representing 104,403 head of livestock, had joined the state group since the last meeting of the executive committee.

Upon the motion of C. C. Belcher of Del Rio the next meeting of the body will be held at Kerrville.

O. E. S. HONORS MEMBERS

Thursday evening the members of the Order of the Eastern Star held their regular meeting in the Masonic hall. Mr. and Mrs. Jess Coffey of Noville were initiated into the mysteries of the order.

Mrs. Fay Stevenson presented a picture of 700 Springs to the Worthy Matron and Worthy Patron, Mr. and Mrs. J. A. Miller, in behalf of Junction Chapter No. 497, as a farewell gift.

At the close of the meeting a social hour was enjoyed with Mr. and Mrs. Miller as honor guests. Pie a la mode, with French marigold plate favors were served to about thirty-five members.

NEW ICE WAGON

The Borden Ice Company is now using a pair of mules and a new ice wagon to make ice deliveries in the city. Most ice companies are resorting to the wagon on short hauls. When a team is trained properly ice can be delivered quickly with a wagon. The new wagon and team are creating considerable attention as it has been the custom to use trucks in the city.

Author Writes of Stop in Junction

In last week's issue of the Saturday Evening Post, in an article named "Travel Notes" there is a short paragraph giving the conversation of the author with a filing station attendant here in Junction. At the top of the article in capital letters is the name Junction, Texas.

As the author traveled thru the country, he wrote sketches of the places of interest. Only three cities between San Antonio and El Paso were mentioned. They were Junction, Sonora and Sheffield.

Mr. Floyd Little returned Monday from a visit with his family in San Antonio.

Judge M. E. Blackburn was in San Antonio this week on legal business.

GENERAL RAINS FALL IN PARTS OF WEST TEXAS

Rains varying from mere sprinkles to downpours, visited the various sections of West Texas over the past week-end and through Monday and Tuesday.

A good rain was reported in at Christoval which put the South Concho River on a big rise. Heavy rains about Fort McKavett and Menard put the San Saba River on a good rise.

A 9 god rain was reported in the Bear Creek community. The North Llano River was fed enough water to run.

Starting with a mere sprinkle Saturday night, a fair sprinkle fell throughout a good part of Sunday, throughout the Junction community. On Monday a slow rain fell during the evening.

HYPNOTIST WILL BURY LIVE WOMAN

Burial of a woman alive in a grave six feet deep on the vacant lot between the Liberty Produce Co. and Handy Andy, will be one of the outstanding feats of Mr. "Q," famous hypnotist who, with his company of ten persons, will have a three day engagement at the Schreiner High School auditorium to-night, Friday and Saturday.

Mr. "Q" will put the young woman to sleep Thursday night and then she will be carried in the casket to the grave, lowered and buried. On Saturday night she will be dug up and awakened.

At each night's performance, there will be good vaudeville entertainment and music.

Mr. "Q" is being brought to Junction under the auspices of the Junction High School Football Team.

Mr. "Q" is an educated man, having been graduated from the University of California, and is an interesting performer.

4 H CLUB FORMED AT IVY SCHOOL

Tuesday morning County Agent R. E. Homann met with the students of the Ivy school and organized a 4H Club in that school. Bennie Grobe was elected president of the new club. Eddie Grobe was elected vice president and Miss Ola Mae Hight, secretary and reporter. There are twelve members in the club.

After the election of officers, a sheep judging contest was conducted at Mr. Louie Grode's ranch. Three Rambouillet bucks were judged.

PRESBYTERIAN CHURCH

The regular services will be held at the Texan Theater next Sunday, morning and evening. The pastor, Rev. G. W. Crofoot will preach at 11 a. m. and 7:30 p. m. In the afternoon Rev. Crofoot will preach at Evergreen school house at 3:00 o'clock.

Everyone invited to attend all these services.

Huge Hawk is Interrupted With A Volley of Buckshot While Eating His Noon Meal

Interrupting the noonday meal of a five foot and seven and one-half inch hawk with a load of buckshot was the feat accomplished by Mr. J. R. O'Bryan last Monday morning about 11 o'clock.

With a twenty gauge shot gun loaded with a No. 4 shell, Mr. O'Bryan brought down the hawk from a 60 yard range.

At the moment when the bird was shot, clasped in its spear-like talons was a twelve-inch

Building Program For Junction Since January 1st Totals \$400,000

Junction Scores 59 To 7 Victory Over Light Mason Team

Playing colorful football in the first half, but dropping down to a mediocre stride in the last, the Junction Eagles trampled their way to a 59 to 7 win over the Mason High School team here last Friday afternoon.

Using his reserve strength practically half of the game, Coach Bowers kept the score within reason.

Playing a poor brand of football throughout the first half, the Mason squad came back in the final half and demonstrated some real football ability. Captain Gibson of the Mason team, played a real game from the first whistle until the dust had settled over the last play of the game.

With a powerful, smooth running team that Junction put on the field Friday, it is hard to pick individual players. Richardson, Witt, Ake, Coleman and Blackburn performed like veterans on the field Friday. Witt gained yardage practically at will throughout the game.

Mason kicked to Junction and Richardson returned the ball twenty yards. Hubbell, Richardson and Ake carried the ball right on down the field and across the goal line but fumbled after crossing. The ball was placed on the twenty yard line and Mason's ball, first down. Utterly failing in their offense, the Mason team punted twenty-five yards and Ake returned the ball 12 yards. Putting into play a series of line thrusts, the Eagles carried the ball back to the goal line, and Captain Frank Hubbell took it over. Score 6 to 0.

Junction kicked to Mason. Mason tried a pass and attempted to thrust the line and then punted 35 yards. Richardson returned it 18 yards. Ake again carried the ball and went over the goal line for the second touchdown. Munn failed.

(Continued on page 2)

CHURCH OF CHRIST

On account of the absence from the city of Elder J. S. Newman, there will be no preaching services Sunday. The Sunday School and communion services will be held as usual and the congregation will be dismissed in time to visit other churches for the 11 o'clock hour.

Mr. O. H. Pearl of the London community was a business visitor in Junction today.

Mesdames A. S. Rieck and Carl Wolff were San Antonio visitors Monday.

Mr. Forrest Welden of Rock-springs was a business visitor in Junction Monday.

Paved streets are better.

County 4 H Clubs Will Stage Parade In Junction Nov. 11

According to plans for the big Agricultural Program which will be held in Junction on November 11, every school in the county has been invited to have a float in the big 4H Parade.

The London and Ivy schools have promised to bring floats. In addition to the parade, there will be classes in sheep judging held for the members of the 4H Clubs throughout the county.

C. OF C. PRIZE RACE GAINS INTEREST

New contestants are entering the Chamber of Commerce prize race daily. Several of the contestants are holding out the number of votes which they have gotten. The list will be published every week until the prizes are given away November 11.

How they stand this week:
Robert Fisher.....11
Robert Neal.....9
Christine Schraub.....9
Billie Barnes.....6
Ovie B. Smith.....5
Callan Graham.....2
Tommy Murr.....2
Buddie Cabler.....1
Frank Dagen.....1

Several other contestants are working hard but have not turned in any reports. Citizens of the Ivy community are going to back one boy from the community and put him over. Interest is growing and the race will be a hot one before November 11 rolls around.

Borden Ice Company Will Buy Farmers Cream Supply Now

Mr. E. R. Borden announces that the Borden Ice Company is now buying cream. The proper equipment has been secured to test the cream and as butter is so cheap it will give those owning cows an opportunity to dispose of their cream.

There are two grades of cream No. 1, less than four days old and No. 2, more than four days old. Mr. Borden will pay cash for the cream delivered at the Borden Ice Company. Any one having cream to sell should see Mr. Borden. It is hoped that this will be the beginning of a new day in the cream business in Kimble County.

H. G. PERRY PURCHASES NEWSPAPER AT WEST

Mr. H. G. Perry and family left Monday for West, Texas, where Mr. Perry assumes the management of the newspaper. He purchased the paper several days ago. It is a common saying among newspaper men that when once a man gets the smell of printer's ink that it is difficult to get away from it. Mr. Perry has been a successful newspaper man several years. He formerly owned the Junction Eagle and only a few months ago sold the Carrizo Springs Javelin.

Since selling the Javelin Mr. Perry has been on his ranch near Junction, but not being satisfied out of the newspaper office purchased the newspaper at West.

Mr. and Mrs. M. Awbrey and son, Tom, left Wednesday for Tucson, Arizona, where Mr. Awbrey has a position with the government in the Immigration service.

Mr. and Mrs. Jack Hoggett and son of Animas, New Mexico, arrived Wednesday for a visit with relatives here.

Three New Churches Included in Big Program

NEW COURT HOUSE

Many Residences Are Among List of Buildings

Expenditures for material construction in Junction since January 1, 1929, total over \$400,000, according to reports from contractors and the local building permit office. This is a high mark for building activities in Junction. Before the end of the year this amount will be boosted still higher as there are several projects under way at present.

Junction's building program for the year exceeds that of Kerrville by more than \$100,000. A report from Kerrville placed the building activities of that city at \$300,000.

One of the features of the program for the year is that practically all of the building has been substantial. Everything built in the business section has been of fire-proof construction. This year has marked the construction of many of the most beautiful residences in the city. Several good ranch homes have been built this year in the county but they were not included in the permits for Junction.

A modern water and sewer system are two of the outstanding civic improvements of the current year. Also the new \$85,000 court house which will be completed sometime in 1930, is another Kimble County achievement for the year.

Probably one of the biggest improvements during the year is in the churches. The Baptist Church completed a \$20,000 building this year, the new \$28,000 Church of Christ building is practically completed and the new \$30,000 Methodist church will be finished some time in 1930.

A list of the buildings is given below. It was impossible to get a complete list, and any one whose building is not listed

RESERVES MEET ROCKSPRINGS THIS AFTERNOON

Eighteen reserves accompanied by Coach Earl Bowers left for Rock-springs this morning where they will meet the Rock-springs High School team this afternoon at 3:30 on the Rock-springs High School gridiron. None of the regulars made the trip.

The game is not a conference tussle and will have no bearing on the standing of the team. The regulars are working out on the home field this afternoon under the direction of Supt. Guy C. Moses.

KIMBLE COUNTY STUDENTS ATTENDING UNIVERSITIES

In an article last week, names of Kimble County students who are attending colleges this year were given. However, the names of Misses Bessie and Vivian Reese, L. C. Fisher, Stella Grobe, Edgar Furr and Johnnie Murchison were omitted. All the above named students are attending Abilene Christian College in Abilene.

Mrs. Joe Fritz left Tuesday for Austin and San Antonio.

Mrs. Philip Joseph was a business visitor in Menard Wednesday afternoon.

EAGLES vs. BALLINGER SATURDAY 3:00

GAME WILL BE THE MOST COLORFUL ONE PLAYED ON THE LOCAL GRIDIRON THIS YEAR. EAGLES ARE PRIMED FOR THE GAME. WITH THE FLEET BACKFIELD WORKING PROPERLY, EAGLES HAVE EVEN CHANCE FOR VICTORY.

Bringing with him a powerful football aggregation, Coach Felton Wright of Ballinger will trek to Junction Saturday to do battle with his old Alma Mater. And this club he is bringing is one which has cast fear into the hearts of every high school team in the Ballinger district.

It has been reported that Ballinger had a difficult time getting games scheduled in their district to make them eligible for the title.

Notwithstanding all the power which the Bearcats boast of, fans will see one of the greatest football battles Saturday that has ever been staged in Junction. It will be a fight from the first time the whistle blows until the dust settles over the field after the last play is ended.

Everything considered the Eagles are in excellent shape for the bout. Duderstadt, powerful lineman is up again after a brief illness, and will be in the line-up. Harry Witt is ready to go, and we predict that he will play the best football game he has ever played in his life Saturday.

Munn, Cochran, Ragland and Duderstadt will have to bear the brunt of that muchly touted line which the Bearcats are so proud of. The Dunbar combination at the two end positions are likely to demonstrate the art of spearing passes Saturday.

All in all, the game Saturday is just one of those games that you couldn't afford to miss.

EAGLES WIN

(Continued from page 1) to kick the goal for the extra point. Score 12 to 0.

Junction again kicked to Mason and they were downed in their tracks. Stopped at the line on two attempts, the Mason back fumbled on the third down and Junction recovered. Ake tore over center for 7 yards. Junction was penalized five yards for off sides. On a beautiful run, knocking men down like they were automata, Witt raced 38 yards for the third touchdown of the afternoon. Junction carried the ball over the goal for the extra point. Score 19 to 0.

Junction kicked and Mason was downed without a foot gain. Mason again tried to pass but it was grounded. As usual they were forced to kick. A beautiful pass to L. Dunbar, who made a spectacular catch, was good for the fourth touchdown. Score 26 to 0.

Mason kicked. Ake returned the ball 20 yards. Another long ranga pass into the hands of L. Dunbar accounted for the fifth touchdown. Score 33 to 0. On the kick-off, Coleman returned the ball 25 yards. Junction fumbled but recovered. Coleman advanced the ball 8 more yards just as the first quarter was ending. Score 33 to 0.

In the first few seconds of the

second quarter Coleman raced about 45 yards for a touchdown and advanced the score to 39 to 0. Then L. E. Dunbar snatched a pretty pass and made it good for a touchdown, which is the Junction boys' custom. This brought the score merely to 46 to 0.

Coach Bowers ran in M. Blackburn for Coleman, Hendricks for Hubbell and Jeter for Munn.

Mason managed to complete a pass for a first down, their first one for the afternoon. Making another first down, the Mason team got within scoring distance but failed to materialize. Backshot James, feather-weight phenomenon of the Junction squad, was sent into the fray in the second quarter to relieve Ake. After an unsuccessful drive to within four yards of the goal line the ball went over to Mason on downs.

Mason punted. On the first play, James made a beautiful run of 50 yards for a touchdown, but the ball was called back and Junction was penalized 5 yards for off sides. It was a beautiful run, though, with the interference working as smoothly as a clock. The half ended with the score 46 to 0.

With practically the entire team composed of reserve men, Junction was hard pressed to hold down the Mason team during the third period. Witt, who remained in the game, still managed to tear off much yardage whenever he carried the ball.

In the early part of the fourth quarter, Roberts substituted for Weaver in the Junction line-up.

After a series of nice plays the Mason team advanced the ball to scoring position. Coach Bowers rushed practically his entire string of regulars back into the fray. But a beautiful pass by the Mason team netted a touchdown, their first, last and only score. Eckert of Mason made a beautiful drop kick for the extra point. Score 46 to 7. Smelter was sent into the game to take Duderstadt's place. Witt carried the ball over the goal line for another touchdown, bringing the score to 53 to 7. Witt carried the ball over the goal again before the game ended, making the score stand 59 to 7. Final.

Hendricks played a good game, making some beautiful tackles.

Starting line-up:
 Junction Pos. Mason Price
 Dunbar LE Witt
 Munn LT Passmore
 Cochran LG Lange
 Munn C Gibson (c)
 Duderstadt RG B. Jordan
 Ragland RT Capps
 L. Dunbar RE Eckert
 Coleman Q Arnold
 Richardson RH Heinrich
 Ake LH Ralston
 Hubbell F W. Jordan
 Coaches—Bowers, Junction; Wheeler, Mason. Referee—Dickey, of Kerrville.

UP AND DOWN THE SIDELINES

With a log-sided string of victories which the Eagles have piled up this season it would seem likely that the team would be a bit over-confident. But from all indications they are still just a fighting eleven with plenty of pep and football ability, less that cocky attitude that usually comes to a winning team.

Saturday the Eagles will face the toughest foe so far encountered this season. There's no use denying that the Ballinger team under the tutelage of Coach Felton Wright is a powerful aggregation. Boasting of a line weighing 192 pounds from end to end, the Eagles may have a job stopping them.

According to a statement made by Coach Bowers, the team is in tip top condition and they are ready to go. With Coleman, Richardson, Witt, Hubbell and Ake ready, Bowers is assured of a running combination that would make a creditable showing anywhere. And there are no babies in the line, either. In Duderstadt and Cochran, Bowers has a pair of guards that probably won't let 196 pounds of beef stop them. And Ragland has the size plus. At the wing positions Messrs. Dunbar and Dunbar are ready to go. Both of them know how to snatch passes.

The Eagles encountered an easy task in bowing over the light Mason team to the tune of 59 to 7. Practically all of the reserve strength saw some service last Friday.

Twice and only twice, has an opposing team crossed Junction's goal line this season. Del Rio managed to straggle across once, and Mason, with the aid of the forward pass, crossed once. And in these games Junction has amassed the grand total of 170 points. Place the two side by side, 170 points to 13 points, and see what it means. First it means football superiority. And second it means that Junction has a powerful offense and a good defense. It also means that the Eagles have had some "crips" on their schedule.

The Junction line averages about 160 pounds, while the backfield averages 150. In weight the Bearcats have the Eagles outclassed, but in other departments we are for the Eagles.

Supt. Guy C. Moses will be in charge of the practice session of the Eagles for this afternoon, while Coach Bowers is in Ricksprings where his reserves are playing the Ricksprings team. The boys will be put through light workouts for the remainder of the week. The last scrimmage session was held Tuesday afternoon.

Playing reserve strength during most of the fray, the Ballinger Bearcats gained 463 yards from the line of scrimmage compared with 23 yards made by the Menard team in the fray week before last. The Bearcats are going to be scratching when they play the Eagles Saturday.

Oscar Duderstadt, powerful lineman for the Eagles was kept out of practice the first of the week because of a light case of influenza. However, he is expected to be in the line-up when the game is called Saturday.

Texas University gave the dope bucket a gentle kick last Saturday when they trampled over the highly touted Porkers from the University of Arkan-

sas by the score of 27 to 0. Baylor meets Arkansas Saturday in the first conference game for Baylor this year.

HE WANTS TO TELL ALL HIS FRIENDS OF SARGON

"I've seen Dallas grow from a small town to a great city and I have many friends in Texas. I want them all to know about Sargon, and what it did for me.

WM. D. VAUGHN

"My stomach was out of order for a long time. Although I ate very little, I was often in misery after meals and smothering spells would frequently wake me at night. I was constipated, my blood was thin and my color was as yellow as gold. I had severe pains in my back and sides and my kidneys would get me up all during the night.

"Since taking Sargon, I'm in better health than for years. I eat like a hungry schoolboy and can digest anything. There's not a pain in my body and I sleep good all night. Sargon Pills toned up my liver and ended my constipation. Now my skin has a good healthy color and I feel like a new man." Wm. D. Vaughn, 1910 S. Akard St., Dallas. J. A. Heyman, agent.

DINNER PARTY

Mrs. Conde Hardeman was complimented with a dinner party at the Fritz Hotel Monday evening. The dinner was given by the members of the Little Theater of which Mrs. Hardeman is the director.

The beautiful floral centerpiece of dahlias, roses and fern was flanked by rose tapers in rose candlestick holders.

Fruit cocktail, chicken, creamed potatoes, peas, asparagus tips on toast, frozen salad, pie a la mode, hot tea and coffee made up the menu.

A picture of Lover's Leap was presented to Mrs. Hardeman by Mrs. Coke R. Stevenson in behalf of the members of the Little Theater. A gracious response was made by Mrs. Hardeman.

"The Highwayman" by Alfred Noyes read by Mrs. Mattie Patterson was much enjoyed. After the dinner bridge was enjoyed until a late hour. The prize, a box of dusting powder went to Mrs. Coke R. Stevenson.

Those present were Mesdames Coke R. Stevenson, L. E. Standifer, Mattie Patterson, and Misses Cristelle Reid, Virginia Strong, Kaleta Taylor, Mary Ellis Blackburn and the honoree.

LOUISE FARMER IS IN UNIVERSITY POLITICAL RACE

Louise Farmer has announced her candidacy for woman representative to the Student's Assembly from the College of Arts and Sciences in the election to be held Tuesday, October 15.

Miss Farmer is a senior in the University, and because of her active participation in a number of Campus organizations, her friends believe her entirely capable of performing all the duties of office with justice, sincerity, and accuracy. She is a member of Mortar Board, president of Omicron Nu, is the present holder of the Texas Federation of Women's Clubs Scholarship, and was president of the Home Economics Club last year.

If elected, Miss Farmer pledges herself to unbiased decisions on matters coming before the Assembly.—Daily Texan.

Mr. and Mrs. L. D. Borden returned this week from a vacation trip to Denton and Dallas and other places.

GOLF LINKS

Mr. J. R. O'Bryan asks that drivers keep in the roads and not drive over the golf links especially following a rain. Driving over the links damages the course and is expensive to fill the ruts caused by the cars. Please keep cars off the links.

BAPTIST CHURCH NOTES

On Friday afternoon at 3:30 the W. M. U. will meet for their monthly Royal Service Program. On Friday evening at 7:30 Mrs. C. W. McCarroll is very anxious for a large attendance at choir practice.

Rev. G. W. Crabb will preach both morning and evening next Sunday. Services at 11 a. m. and 7:30 p. m. The subject for the morning hour will be: "Putting First Things First."

Donations to the church dining room have been gratefully received from Mrs. Ellen Allsup, Mrs. E. McLendon, Mrs. Jim Carpenter and Mr. N. H. Skaggs.

We may finish the notes this week with a song of thanksgiving for the wonderful rain, and for the gracious answers to our prayers for those who are sick.

THE METHODIST CHURCH

Does He have my co-operation? In my business, in my social influences, in my words, my actions, the use of my time and energies—does He have my co-operation? This question will be discussed at the Sunday morning service, the last Sunday, by the way, of the Conference year. Don't fail to be present.

The Sunday School has a place for you; classes for men, women, young people, boys and girls, little folks. Whoever you are, there is a place and a welcome for you.

Epworth League (6:45 p. m.) will have a splendid program for the young people. Visitors and strangers are especially invited.

Evening service, with musical service and brief, practical message, will be worth much to you.

IVY ECHOES

On Tuesday morning of the week our boys and Mr. Stewart met the county agent, Mr. Homann at Mr. Louie Grobe's ranch for the purpose of being instructed along the lines of sheep judging. This proved to be quite an interesting meeting and six Rambouillet rams were inspected. Mr. Homann pointed out to the boys the good and bad qualities of a sheep.

After the judging, a 4H club was organized among the school boys who were present. Bennie Grobe was chosen president and Eddie Grobe vice president. Ma Mae Hight was chosen secretary. The club will hold a meeting soon and it is believed that much good will be accomplished.

The Ivy community had a light shower Sunday. Mrs. Jesse Smitherman and Jodie Smitherman of Johnson City visited Mr. and Mrs. Willie Herbst Sunday.

The Ivy school children are having games of basket ball these days. We hope to play some games with other schools in the near future. Mrs. Nannie Black visited school Tuesday afternoon.

Hollan Walker went with the group of school boys to the L. W. Grobe ranch Tuesday and observed the sheep judging. Our school is moving smoothly. Thirty-one pupils enrolled. Attendance almost perfect. Motto: "Climb tho' the rocks be rugged."

Mr. Ross Sutton of Houston, and Mr. and Mrs. Dave Sutton and son, Cecil, of Denison, are here to be with their mother and grandmother, Mrs. Lizzie Sutton, who continues critically ill.

LAF-A-LOT-CLUB IS ENTERTAINED

Friday afternoon Mesdames Joe Fritz and Arthur Thompson honored the Laf-a-Lot Club and a number of friends with a bridge at the Fritz Hotel.

The dining room was most attractive with bowls and vases of yellow cosmos and roses. The Halloween motif was carried out by the use of Jack o'lanterns, black cats and witches.

Miss Mary Spiller won the club prize, a box of stationery. The guest prize, a bottle of toilet water, was won by Mrs. P. Joseph. Miss Rutha Hageman received the cut prize, a stationery portfolio.

Chicken salad and lemon butter sandwiches, sweet pickles, spiced cookies with orange icing and coffee were served to Mesdames Pierce Hoggett, Rudolph Tatum, Dorothy Westworeland, Irvin Jarvis, Vann Martin, Guy Moses, Slaton Fleming, Emmons, Felix Watson, Joe Watson, John Phillips, A. L. Mudge, O. D. Nance, Tom Butland, H. Taylor, C. R. Stevenson, U. D. Kindrick, R. H. Spiller, H. G. Hubert, S. P. Woodward, P. Joseph, C. T. Holekamp, Rowland Martin, H. E. Luehrs, Clay Secrest, Lester Hodges, J. B. Randolph, Lucy Motley, Mattie Patterson, Jack Richardson, Clifford Hamer, J. R. O'Bryan, Clarence Jetton, C. J. Thompson of Long Beach, Miss. Weaver Baker, Misses Betty Butland, Lena Cowsett, Mary Phillips, Mary Spiller, Mary Hubert, Dorey and Kathleen Watson of Kerrville.

ENTERTAINS

Mrs. A. E. Bissett was hostess to the members of her Sunday School class and the ladies of the Methodist church, at the residence of Mrs. Frank Bissett, Thursday afternoon.

Cut flowers and pot plants provided a festive note for the occasion.

The following program was given: Mrs. Ada Dockery read the 13th chapter of Corinthians. Piano solo, "Happy Day," with variations, Miss Stella Bissett. Reading, Mrs. A. W. Loeffler. Vocal solo, Mrs. Milton F. Hill. Piano solo, "Minuet in G" by Paderewski, Miss Nellie Bennett. The program was brought to a close by Mrs. A. E. Bissett who gave an interesting history of the work of the Woman's Missionary Society of the Methodist church in Junction. The ladies were then asked to pledge money for the erection of the new church.

A variety of delicious cake with iced tea were served at the close of the afternoon. Those present were Mesdames Joe Bissett, E. W. Bookhaus, F. P. Porter, B. F. Neal, H. P. Rankin, Ada Dockery, Lee Lowry, Mae Sandherr, I. O. Weldon, K. A. Knox of Giddings, Ambers Davis, F. S. Bissett, and T. M. Hodges, Sr. Mesdames Jake Rankin, Milton F. Hill, A. W. Loeffler, and Misses Ruth Rankin and Nellie Bennett.

Mr. and Mrs. John Grosebacher and daughter of Roosevelt were pleasant visitors at the Eagle office recently. They have been in this section many years. They state that the country has changed wonderfully since they moved here.

The riddles of life are often penetrated by rays from the light of alert minds.

ROOSEVELT SCHOOL NEWS

Friday ended a month and a half of successful school work. The rose garden has just about completed its period of blooming. The chrysanthemums are loaded with nice large buds and will be in full bloom in a few days. The nice rain that fell here Sunday and Monday has caused all of the flowers to put on a new growth.

Last week was a hot and toilsome week for the pupils, as well as the teachers as it was examination week.

The sixth grade has been working on their year book for the past few days.

The literary society held its regular meeting Friday evening. A good program was enjoyed by all present.

The program has been made out for the next meeting.

Ile Simon visited the school Friday afternoon.

Reba and Alpha Barfield, Odell and Ruby Ellen Smith were absent from school Monday.

Mary Will Davis has moved with her parents to Pear Valley where she will go to school. The pupils of the primary room are very sorry to give her up.

The teachers had a hard time keeping the pupils indoors when it began raining. But we all had a good time walking home through the mud.

Edith Surber was absent from school Monday.

GROWS SWEET POTATOES

Mr. J. M. Crisp was marketing sweet potatoes in Junction this week. For four years he has been growing potatoes on Cedar Creek and has as fine potatoes as comes from Louisiana and East Texas. He usually raises about 15,000 pounds on an acre and gets from three to five cents a pound according to the time of year they are marketed.

It does not take much figuring to see that growing sweet potatoes is more profitable than growing cotton. Mr. Crisp says that he has no trouble disposing of his crop. He uses good seed and grades his potatoes before putting them on the market. Kimble County will grow nearly everything that can be grown in Texas, and Texas will grow nearly everything that can be grown anywhere.

Goodyear tires. More people ride on GOODYEAR than on any other kind. Get your set now during our October Special sale and save money. 26c Loeffler Motor Company.

GINNING NOTICE

Beginning October 19, our gin will run only on Saturdays. 27-2c L. R. I. & M. Co.

DON'T WORRY

I have never learned of an authenticated case where worry really accomplished any worthwhile thing. Yet I have seen splendid men go absolutely to pieces over needless groundless worry. Keep your eyes upward, toward the hills.—Edgar Paul Herman.

Offering a gift unto God was man's first righteous act.

SMALL DIFFERENCE IN COTTON YIELD OVER 1928 CROP

Prior to October 1, there had been ginned in Texas 2,130,065 bales of cotton compared with 2,430,885 for 1928. With several of the counties in the Panhandle section still with much cotton in the fields, the 1929 crop will not fall much short of the 1928 crop.

Several counties over Texas show a much greater yield this year than did they last year. One of the hardest hit counties is Hays County. In 1928 there was ginned 13,271 bales there but this year there were only 955 bales ginned up to October 1. Nueces County showed a

gain of 44,519 bales over the 1928 crop. Mitchell County showed a gain of six thousand bales over 1928.

Mrs. Edna Barry of Houston is here with her sister, Mrs. Lizzie Sutton, who is seriously ill.

Mr. J. M. McMahan of San Angelo was a week-end visitor in Junction.

Mr. and Mrs. Alton Fleming of Dripping Springs visited relatives here this week.

Seeds Should be Tested for Planter To Obtain Biggest Production

(By T. C. Richardson)

Increasing numbers of farmers are producing seed for sale to their neighbors, to the general public, to seed dealers. This is encouraging so long as it raises the average quality of the seed planted by farmers generally. Seed, however, should not be offered for sale without the assurance that they are better than "average" seed.

Where the buyer has seen the crop growing and comes to the farm for the seed there is no opportunity for dissatisfaction unless the seed have low germinating powers, and this is a quality that cannot be determined by looking at the seed, or handling them. A good bright color is often thought to be sufficient assurance of germinability, but it is only a favorable indication. It proves that the seed were grown and harvested under good weather conditions, but does not tell you whether 60 per cent or 90 per cent of the seed will grow. Plumpness is also a good indication, but if the seed have been heated in storage, as so often happens, unknown to the owner, their vitality will be greatly lowered.

There is only one test that is fair to both seller and buyer—a laboratory test and analysis. This analysis is made by the State seed laboratory without charge to residents of the State. The number of samples that may be tested free is limited in some States, but the average farm seed grower will hardly have enough samples to bring him into the class of the same dealer, who may submit hundreds of samples.

The seed to be offered for sale should be recleaned or otherwise put in the condition in which it is to be offered for sale. An average sample may then be taken, and no picking or other change should be made in the sample. The size of the sample to be sent the laboratory varies with the size of the seed, say 2 pounds of cotton, corn

or other large seed, 1 pound of oats, wheat, barley, grain sorghums, etc., while for millet or alfalfa a smaller sample will serve.

Place the sample in a small cloth bag, preferably, sew or tie securely, and address it to your State seed analyst, with your own name and address plainly marked on the corner of the label. A precaution well worth while is to write your name and address on a slip of paper and place it inside the bag before tying it up. Then if the outside label should be accidentally misplaced in the seed laboratory, the slip inside the bag insure proper identification of your sample. Strong paper bags may be used for some of the larger seeds if several thicknesses of wrapping paper are used to prevent holes being torn in the bag in passing through the mails.

Here are the addresses to be used in the Southwest:

Arkansas—State Seed Analyst, Fayetteville, Arkansas.
Louisiana—State Seed Analyst, Baton Rouge, Louisiana.
Oklahoma—State Seed Analyst, Oklahoma City, Oklahoma.
New Mexico—State Seed Analyst, State College, New Mexico.

Texas—State Seed Analyst, Austin, Texas.

Seed samples should be sent as early as convenient, as all the State seed laboratories are likely to be swamped with work during the main seed-selling season. You will save the analysts trouble and yourself delay by not waiting until near planting time, when most seed are sold.

Write your State seed analyst or Department of Agriculture for a copy of the seed laws and the regulations of the department concerning the enforcement of these laws. In general terms the five States named have similar laws, but there are some differences which will be noted in another article. All of them require that seed

Many a June bride has learned by now that love in a cottage isn't all cottage pudding.

MAYOR OF ALPINE FINES WIFE FOR TRAFFIC VIOLATION

Alpine.—When Mayor George W. Baines gave out instructions to A. J. Justice, traffic officer, some several weeks ago to enforce traffic regulations without fear or favor, the traffic cop took the mayor at his word. Since the edict was issued many violators of traffic regulations have been forced to pay for their negligence, and business in the mayor's office has picked up at a rapid rate.

Wednesday "life's darkest moment" appeared in the career of Mayor Baines. His own wife had been caught in the dragnet of the traffic cop's activities. "You look just like any other traffic violator," the mayor said. The usual fine was assessed.

TRAIL DRIVERS TO MEET

The Old Time Trail Drivers' reunion will be held at San Antonio, beginning next Thursday and ending Saturday. A good program has been arranged for the entertainment of the old time cowboys, with headquarters at the Gunter Hotel.

It is remarkable how a line of reasoning based upon a sound hypothesis may parallel actual facts. But if the hypothesis be inaccurate the theory built upon it is apt to wander far afield.

offered on the general market shall be properly labeled, and it will be well for those who have seed to sell to learn just what the State law requires. Seed laws were passed for the protection and benefit of farmers, but also for the protection of the honest seed grower or seed dealer who wants to sell his goods for what they are—not what he thinks they are, or what they look like.

Remember that the life and productive character of the seed are wrapped up inside its coat, and nothing but a germination test will tell whether it is dead, weak or strongly viable.

ROADS OF THE FUTURE

It is common for roads that were built a comparatively few years ago to become dangerous because of the amazing increase in motor travel. Narrow surfaces, overly steep hills and unbanked turns constitute a serious menace in these days of congested, high speed traffic.

Progressive communities are protecting their own futures by building wider roads to care for the still greater traffic of tomorrow. It is said on good authority that all highways of importance should be broad enough to carry two lanes of traffic in both directions.

BANANAS THRIVE AT UVALDE

That bananas can be grown successfully in Uvalde is shown by the fact that Pedro Mazuca, who lives on East Garden Street, has about 100 large 4-year-old trees and several of them have such bunches of fruit on them that stays a good while before breaking off the plants. The bunches contain 40 bananas. The plants make a pretty shade and Mazuca's orchard is a sight worth seeing. He says that the fruit will ripen before the first frost.—Uvalde Leader-News.

Money-love tightens the mouth strings as well as the purse strings.

Those twins, self-righteousness and self-justification, are born of ignorance and self-love.

A heated argument requires two participants, and generally ends in a cool friendship.

BIG DIFFERENCE

Because land terraced ten years ago on the old home place is now worth \$70 an acre compared to \$15 or \$16 an acre for unterraced land on the same farm. N. E. Lester has asked help from County Agent W. I. Marshall in protecting his farm with terraces.

"The oldest and most eroded part of the old home farm in another county my father gave to one of my brothers ten years ago," Mr. Lester says. "My brother terraced it. Two years later the rest of the farm went to other brothers who did not terrace and who soon sold it. On a recent visit my brother told me he had just been offered \$70 per acre for his place, and that I could purchase the part sold by my brothers for \$15 or \$16 an acre. That's why I'm terracing all my Tom Green County, Texas, acreage."—Farm & Ranch.

ANIMALS ON THE ROAD

A scarcity of animals, alive or dead, has been noticed on the highways.

It is said the heaviest mortality from motor cars is suffered by the skunk, which is hard to explain, for surely every driver would go far out of his way to avoid hitting this animal.

Birds, once run over in great numbers, are now seldom hit. The box tortoise, who years ago never "speeded up" when a car was coming, now fairly gallops to the safe woods when a driver toots the horn to warn him.

It is almost impossible to believe, but it really seems as though animals have developed a sense of the danger of cars and therefore avoid the well traveled roads.

Some humans could profit from experience.

The one vote against Texas' annexation to the United States was that of Robert Bache of Houston, kinsman of Benjamin Franklin.

When in need of any kind of building material, such as lumber, cement, lime, tile, etc., call or see Dan St. Clair.

CHEVROLET SIX

—the Car of Universal Appeal!

SINCE January 1st, over a million one hundred and thirty-five thousand six-cylinder Chevrolets have been produced. Naturally, this is an outstanding industrial achievement. But it is more than that. It is a great public endorsement of Chevrolet's policy of progress: to build a quality automobile whose design incorporates every possible feature of progressive engineering... whose beauty is distinctive, smart and satisfying... whose reliability is assured by fine materials and precision manufacture... and whose price is so low as to be within reach of the great majority of the people. We want you to know what this policy has meant in the development of the Chevrolet Six—the modern car of universal appeal. We want you to know that Chevrolet has brought within the reach of everybody, everywhere, all the advantages of smooth, six-cylinder performance. Come in today!

YOU CAN'T PUNISH GOOD WITH BAD SIAMESE TWIN

Los Angeles.—Because Judge William M. Northrup couldn't find anything in the law permitting him to make the innocent half of a Siamese twin combination suffer with the guilty half, the judge dismissed charges against Lucio Codino.

FULLY ACCOUNTED FOR

District Visitor: "To what do you attribute your great age?" Oldest inhabitant: "Well, for the first 70 years of my life there wasn't no motor cars, an' for the last 30 I've been confined to the house."—Montreal Gazette.

HE WANTED A RAISE

An El Paso Business Man's clerk asked him for a raise. The El Paso Business Man said: "Why do you want a raise? There are 365 days in a year; you work eight hours a day, and there are 122 days. There are 52 Sundays in a year; you get them off. That leaves you 70 days. There are 14 holidays and two Jewish holidays, which you get, which leaves you 54 days. You take one hour off for lunch, which makes 14 days, which leaves you 40 days. You get Saturday afternoons off, which makes 26 days, which leaves you 14 days; and I give you two weeks vacation each year. When in the h— do you work, anyway?"

One dollar is a trust as well as one thousand.

During May 439 producing oil and gas wells were brought in in Texas.

STATEMENT OF OWNERSHIP

Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912, of The Junction Eagle, published weekly at Junction, Texas, for October 1, 1929. STATE OF TEXAS. County of Kinney.

HOW OUR LANGUAGE LOOKS TO FOREIGNERS

We'll begin with box, the plural is boxes. But the plural of ox should be oxen, not oxes. One fowl is a goose, and two are called geese. Yet the plural of mouse should never be meese. You may find a lone mouse or a whole nest of mice. But the plural of house is houses, not hices. If the plural of man is always called men, why shouldn't the plural of pan be pen? The cow in the plural may be called cows or kine. And the plural of vow is vows, never vine. If I speak of a foot and you show me two feet. And I gave you a boot, would a pair be called beet? If one is a tooth and the whole set are teeth. Why shouldn't the plural of booth be beeth? If the singular is this and the plural is these. Should the plural of kiss ever be written keese? The one may be that and the two may be those. Yet hat in the plural should never be hose. And the plural of cat is cats, not cose. We speak of a brother, also of brethren. But though we say mother we never say methers. So the English, I think you will agree— Is the funniest language you ever did see!

CIVIC ORGANIZATION AIDS CITY GROWTH

The Lions Club of Eden agreed recently to underwrite the necessary fifty subscribers to the proposed sewer system of that city. A company was informed of the action of the club and it is expected that the company will probably take up the offer. Civic organizations functioning properly are a substantial aid to any city, and determine in a large measure whether the citizenship is active or not.

We applaud the efforts and the art when a woman of forty tries to make herself look like a girl of twenty, but no one is fooled.

KERRVILLE WILL GET FREE MAIL DELIVERY

Kerrville.—Free city mail delivery for the city of Kerrville has been granted by the U. S. Postoffice Department and will start January 1, 1930, according to the local postmaster. Acting First Assistant Postmaster General W. R. Spillman has written to the Kerrville office that the report, with all suggestions and recommendations by a postoffice inspector who was here August 14-17, have been approved. Carriers to be employed will likely be appointed from the present force and substitutes or on an examination to be held at a later date, the local postmaster said.

TO FIGHT WOLVES

Sutton county ranchmen are declaring a war on wolves and bobcats, the predatory animals which have preyed on the ranch flocks for so long. C. R. Landon, state director of predatory animal eradication division, informed the association that the state would pay half a government trapper's expense provided the county would pay the other half. If the county will not do this, it is believed that ranchmen will match the state's \$75 per month to hire an expert trapper. In the C. T. Jones county, 18 wolves have been caught during the past year. The migration of predatory animals to this section is the result of range being fenced with woven wire in the plains country, it was pointed out.

Not a single cent of money was ever one-manmade. Covetousness was the first sin of Adam's race.

DINNER DOWNTOWN

The Methodist ladies will serve dinner downtown on November 11. Watch for further announcement.

DAILY NEWSPAPERS

It will soon be time to renew your daily newspapers. Watch for the bargain rates that will appear in the Eagle at an early date. You will save money by taking advantage of the rates that will be published soon.

PECAN OIL FROM WASTE

Pecan oil, described by chemists of the United States Department of Agriculture, as of very mild, agreeable and characteristic flavor, is one of the latest additions to the long list of products manufactured from what were formerly farm wastes. Fine nut fragments accumulate at the pecan shelling plants. Chemists have made experimental pressings of this waste and determined the properties and composition of the oil. This oil is of excellent quality and can be used for making salad dressings or other edible products. It is necessary to express the oil before the nut wastes become rancid, otherwise, however, the oil would not be edible.

Mann Brothers, Brady, Texas. 26-2c

SOPHOMORE CLASS ORGANIZES CLUB

The sophomore class of the Schreiner High School recently organized a literary club, under the supervision of Mrs. Margaret Dutton.

The officials elected were: Harrie Ethel Hubbell, and Mr. T. M. Timberlin, president and vice president.

The first meeting held under these officials occurred last Friday, October 11, with Miss Hubbell presiding. The name selected for the club was "N. G. L. C.," or "Ninth Grade Literary Club."

The first event of the evening was a debate, with the following participating:

Affirmative side—Harrie Ethel Hubbell, T. M. Timberlin, Arl Taylor.

Negative side—Betty Kropff, William Blackburn, Dick Crenshaw.

The question for discussion was: Resolved that the European countries can be united under one government. The affirmative side scored a victory, but the negatives remain unconvinced.

The debate was interesting, both sides presenting views that were new. The judges were selected from the Senior Class. The debate was delivered by two of the members, Misses Ethel Hubbell and Betty Kropff.

Following the debate, news of the club was discussed. After this discussion the meeting was closed.

The next meeting of the N. G. L. C. will be held Friday afternoon at one o'clock.

Mr. Brit Sabinal s the home Mrs. G. T Mrs. Be R. B. and here for a is making with her well. It on our st those nob lived an e no higher tinction t and true loving m realize th hood is t and a fe have non an. G mothers s held the purity as and are waving i the mode Mr. An among Andrew and regu The an R. T. An J. S. Go and Sam of the o our stre these ge around, of youth of advan them ea gossip, b proves t active a you ima country the sobe It would the u son in a class na no grea they ar is noted Miss assisting and M Mack's young is and the to serve Mr. a spent se the ho Mrs. L Saturday Mr. a try of a ing old urday.

County News

LONDON LOCALS

Mr. Brit Stewart and wife of Sabinal spent several days at the home of his sister, Mr. and Mrs. G. T. May, last week.

Mrs. Bentley Furr, mother of R. B. and E. P. Furr, is visiting here for a few days. Mrs. Furr is making her home in Brady with her daughter, Mrs. Cantwell. It seems good to see her on our streets. She is one of those noble old souls who have lived an exemplary life, seeking no higher honor or greater distinction than that of a good and true wife and a kind and loving mother. It is sad to realize that this type of womanhood is becoming very limited, and a few years hence we will have none but the modern woman. God bless the few old mothers that remain. They have held the banner of modesty and purity as high as they could, and are still proudly and nobly waving it in the very face of the modern.

Mr. Andrew Furr of Hext was among our callers Saturday. Andrew says everything is quiet and regular at Hext.

The ancients, G. W. Hardesty, R. T. Amberson, M. M. Nelson, J. S. Goodman, L. M. Walton and Sam A. Hunter were those of the old timers who were on our streets Saturday. All of these gentlemen were stepping around, not with the elasticity of youth, but with the firmness of advanced manhood, each of them eager, not for the latest gossip, but the latest news which proves their minds to be as active as their bodies. Could you imagine the existence of a country which was destitute of the sober counsel of such men? It would be a destitute division of the universe. You know Edson in age belongs to the very class named above and he is no greater in his sphere than they are in theirs and yet he is noted and wonderful.

Miss Louise Goodman was assisting at the G. R. Ivy Cafe and Mrs. Jessie Hunter at Mack's Cafe Saturday. These young ladies know how to serve and they were doing their best to serve home people.

Mr. and Mrs. E. W. Brewer spent several days last week in the home of her daughter, Mrs. Lillie McCaleb, returning Saturday.

Mr. and Mrs. James F. Gentry of Johnson City were meeting old friends in our town Saturday. Mr. Gentry informs us

that he has sold out at Johnson City.

Mr. A. J. D'Spain of Lampasas was on our streets Saturday shaking hands with old friends.

Mr. Max Durst is preparing to install a light plant at his beautiful ranch home. Max believes in modern conveniences, but he waits until he has the money to pay for them. Max drove his horse and buggy until he had the money to buy a car. He then waited a little longer until he could build an up to date stone garage with cement floor to keep his car in. This is what I call living within ones means or income. What a pity more of us do not adopt this method.

I just want to whisper to the readers—don't want anything said about it—but London needs a peace officer way long in the wee hours of the night every once in a while, especially last Saturday night we could have used one to good advantage.

Mr. Jack Price of Mason Hill spent the week-end at home. Our girls and boys are getting ready for the hardest part of their school work—the ball games. We are not so strong on ball games when it comes to running all over the country to play them, but when our boys and girls do match a game we certainly want them to win it. They used to win.

You know, I am unable to see where any school is benefited by having a ball record. I can't understand wherein it has any tendency to make one great. Yet smarter men than I advocate it.

The Graphic force spent the week-end at Bandera and San Antonio. They all report a good time. Miss Ruby Eckert says she just had a wonderful time.

Marquette Fussell was over from Kerrville Sunday to visit her parents, Dr. and Mrs. Fussell.

We received that good rain we so much needed and all wear a smile.

Paved streets are better.

LITTLE SALINE SAYINGS

Everyone has a smile on their faces since the good rain that fell Saturday night and Sunday. This good rain will put a good season in the ground and keep the grass green for this winter.

Mrs. Dona Ford and son, Harold, went to Abilene Friday to spend the week-end with her father.

Mr. and Mrs. Jesse Otte visited Mr. and Mrs. Jake Otte Sunday.

Mr. and Mrs. Jim D'Spain were visiting in the home of Mrs. Louis Pearl Sunday.

Mr. and Mrs. Jess Walker and Mr. Jake Otte made a business trip to Junction Wednesday.

Miss Nell Doran came down from Junction Friday night to be with her sister, Mrs. Al Rogers, for the week-end.

Mr. Noah Walker was in the Sabine community two or three days last week attending to business.

Mr. and Mrs. Edwin Pool and family, Mr. and Mrs. Earl Hight and daughter, Mrs. Estes Adams and Mr. R. V. Hight were guests of Mr. and Mrs. J. O. Hight Sunday.

Mr. and Mrs. Will Matthews, Mr. and Mrs. Harvey Pearl and daughters, Mrs. Ervin Pool and son, Mr. Earl and Wiley Hight and Misses Elsie and Alice Hight went to Gouldsburg Friday to attend the funeral of Mr. and Mrs. Barney Martin's baby that died at the home of Mr. and Mrs. Will Matthews Friday morning.

Mr. Lathair Paffker was on the sick list last week.

We were glad to have Miss Leona Lawson visit school Monday.

Junction Trade Notes

(By G. G. Co.)

Texas pecan crop, according to recent government survey, is about 40% of normal crop. Locally, pecans are moving slowly, with price around 11c to 14c according to grade.

The green citrus fruit law enacted by last Legislature prevents citrus fruit being stripped from trees and shipped before it has matured, and the result is already in evidence. The fruit now reaching the local market contains a much higher content of sugar, which is the measure of quality.

Uvalde and Mason County honey. Pure country-made honeys. Fresh black-eyed peas in cans, ready to serve. New crop dried fruits. Gann Grocery Company.

A railroad item which may be of considerable significance to this section of Texas is reported from Dallas, in part as follows: An exchange of railroad facilities between the Santa Fe and Frisco is reported, which calls for surrender of 102 miles Santa Fe line between Dallas and Paris to the Frisco in exchange for 226 miles of Frisco between Fort Worth and Menard. Control of the Frisco line to Menard would enable the Santa Fe to establish its projected trunk line between Fort Worth and all West Texas.

Chas. Lewis Barnes has earned advancement to the position of note taker with Junction State Bank, succeeding Alton Miller in that capacity. Burford Vest is now identified with the local bank. Mr. and Mrs. M. Aubrey, until recently identified with Junction's business fraternity, are preparing to move to Tucson, Arizona, which is a long ways from home. Mr. and Mrs. L. D. Borden are glad to again be at home in Junction after vacation in Houston, where traffic is an intolerable nuisance to country folk. J. L. Wright and Omar Wright have leased the O. W. Cardwell ranch on the divide and are taking charge this week. Omar Wright and family will move on the ranch in a few days.

Dairy feed, chicken feed, cow feed, nearly everything in stock. Gann Grocery Company.

Borden Ice Company has substituted a team of mules as motor power for one of its ice trucks, thus eliminating tire and carburetor trouble. The mules, fat and sleek, are further set off with a natty harness uniform, which may have cost as much as the mules. H. G. Perry has gotten back into the newspaper harness after a vacation on the ranch. When one has been "broke to the newspaper krupper" it is difficult to move in high without it. Junction friends wish happiness and contentment for Mr. and Mrs. Perry in their new environment at West, Texas, while the grass grows luxuriantly on their Kimble County farm.

Rain is the great restorer; restorer of confidence, of contentment, and credit at the bank. October rains over Kimble County ranges registered from 3/4 to 3 inches. From 200,000 to 300,000 pounds of fall wool are in storage at Junction wool warehouse. Boston dispatch October 16 states that inquiries for wool are decidedly more numerous, while private cables indicate a slight advance on fine wool in foreign markets.

Gann Grocery Company "Everybody's Store."

BRIDGE PARTY

Miss Mary Hubert was hostess to the members of the Junior Bridge Club Monday evening at her home. Jack o'lanterns, black cats and witches and Halloween shaded lights, proclaimed the season of spooks.

Bridge provided entertainment for the guests. At the close of the games prizes were awarded to Miss Julia Wethered and Mrs. Dorothy Westmoreland.

Fruit salad, sandwiches, potato chips and hot tea brought the evening to a pleasant close.

Those enjoying Miss Hubert's hospitality were Misses Julia Wethered, Mary and Flora Mae Spiller, Lela Taylor, Mary Phillips, Tottie Martin and Mrs. Dorothy Westmoreland.

Society

CARROLL-WHITELEY

Miss Lois Whiteley and Mr. Thomas Carroll were married Saturday, October 12, at the residence of Mr. P. W. Hazelwood, the Rev. W. J. McDonald of Eldorado performing the ceremony. The bride is the daughter of Mr. and Mrs. J. C. Whiteley and has lived in Junction about fourteen months. The groom is the son of Mr. and Mrs. Jim Carroll and has been a citizen of Junction about one year.

On September 5 Mr. Vernon Carroll, a brother of the groom, was married to Miss Bertha Whiteley, a sister of the bride. The wives of L. V. and H. L. Hazelwood are sisters and sisters to the two Mrs. Carrolls.

DECHERT-MERCHANT

Sunday, October 6, at one-thirty in the afternoon, Miss Merle Merchant and Mr. Perry Dechert were united in marriage, in Austin, at the home of the bride's parents, Mr. and Mrs. H. R. Merchant.

The stairway was decorated with sprays of the beautiful regina corona, and in the living-room before an improvised altar of greenery the marriage vows were made, with Rev. J. Virgil Davis, of the Ward Memorial Methodist church, officiating.

The bride wore a charming frock of blue flat crepe with silver gray cape collar, silver gray hose and black satin slippers.

Immediately after the ceremony the young couple left for San Antonio where they spent their honeymoon.

Mr. and Mrs. Dechert are making their home in Junction. The Eagle joins their many friends in wishing them happiness and prosperity.

Mr. Gilmer Morris of Kerrville was a Junction visitor Sunday.

100 NEW FORD OWNERS IN KIMBLE COUNTY

There are over 100 New Ford owners in Kimble County. Ask any of them how they like their Ford. Ask them if they are perfectly satisfied with their purchase. They ought to know.

The New Ford has sold itself on its own merits. Its performance, economy in operation, easy riding and steering, the way it holds the road at all speeds, ease of handling, superior quality construction have all combined to make it immensely popular with the rich and poor alike. Companies who keep accurate daily expense accounts of their cars and who have the money to buy any kind of automobile, prefer the Ford on its merits.

When Salesmen make all kinds of statements unfavorable to the New Ford, make them prove every word of it. Ask a new Ford owner if they have found the statements true. If you still need help bring them to us and we will assist you in arriving at the true facts.

We have cars on our floor which have run over 25,000 miles and one that has 39,000 on the speedometer. We invite you to come in and see how they run today. Drive one of these cars and see how well they have held up under fire. A demonstration costs you nothing and you are welcome at our place any time whether you are interested in buying or not. Buy a FORD and SAVE the DIFFERENCE.

Loffler Motor Co. BUSINESS SCHOLARSHIP

If you are planning to attend a business college soon, ask about the scholarship for sale by the Junction Eagle good in the Byrne business colleges in San Antonio, Houston or Dallas.

Thanks People For Close Cooperation

As the Conference year draws to a close I wish to take this opportunity to thank all who by their co-operation, fine spirit and interest have done so much toward making this year one of the most delightful of my experience. Certainly a word of appreciation is not out of place now when it can fall upon the ears and hearts of the living. It would be impossible to enumerate every one shown, but every one has been deeply ap-

preciated. The splendid gift of the car presented recently stands out as one of the distinct events of a life time.

The Junction Eagle has done so much to help in the work in which I have been engaged that I take this opportunity to thank the editor and management. Whatever the future holds Junction and its people shall always have a high place in our esteem, and we trust that in every good way this community shall continue to grow and prosper.

Milton F. Hill.

Elder and Mrs. J. S. Newman left Monday for McCombs, Miss. where they will attend a reunion of the Newman family. They visited at Mart and Ft. Worth on their way to Mississippi. Brother Newman plans to be back in his pulpit on Sunday, October 27.

Twelve suits of clothes for sale at cost. Junction Tailor Shop. 27c

Mrs. L. D. Borden, Sr. returned this week to Junction after an extended visit to North Texas.

When Winter Comes

HEAT

Is At a Premium

WHEN cold winds blow and the mercury huddles down in the tip of the thermometer, you'll be glad that Wahl Bros. & Schraub installed that reliable heater or stove. There's nothing like a roaring, red flame for winter cheer and solid comfort.

USED CARS

We have USED cars of several makes. You can buy them from us at a big saving. Priced according to the unused mileage they offer. No PADDING to take care of the high trade in concessions. The new Ford is priced so low there is no leeway for excessive trade-in allowance, so we have no incentive to sell USED cars above actual value.

Here are a few of the bargains we have to offer:

One Ford Model T Truck, good tires, good battery, everything in good condition, a bargain for some ranchman.	Price, ----- \$175.
One Roadster -----	\$140
One Roadster, -----	\$160
One Model A Roadster, -----	\$325
One Model A Sport Coupe, -----	\$485
One Model A Tudor -----	\$495
One Star Touring car -----	\$185

A few others priced very low. Come in and try them out. You be your own judge as to whether they are worth what we are asking for them.
