Dr. D. M. Wiggins Named Tech President

GRIM HOMECOMING — Richard W. McGee, center, blonde 24-year old Lubbock Insurance salesman who is accused of murder with malice of R. L. Allston, 42, at Colonial apartments in north Lubbock shortly after noon Wednesday, is marched handcuffed into Lubbock county jail Friday night by Deputy Sheriff George Eubank, left, and Detective Captain Pat Davidson, right, who returned the accused man from Austin, where he was arrested early Thursday night by Austin police after a 30-hour statewide search. McGee was denied bail in a hearing here Saturday and has been lodged in the Lubbock county jail. (Staff Photo by Bill Hams.)

Youth Drowns At Floydada

By R. C. HANKINS
Avalanche-Journal Staff Writer

FLOYDADA, July 10 — H. A. Copeland, jr., 15, whose parents operate Cope's drive-in here, drowned this afternoon in an old WPA caliche pit in southwest Floydada.

The body was recovered at 6:10 p. m. by Lubbock firemen and a state highway patrolman who grappled for it from a boat.

Several hundred persons lined the steeply cut bank of the pit and watched.

Had Gone For Swim

Several of them, under direction of Floyd County Sheriff Leland Hart, dived repeatedly to the weed-cluttered bottom of the 20-foot reservoir in efforts to locate the body.

Sheriff Hart and Homer Steen, editor of the Floyd County Hesperian, told newsmen that young Copeland and three other boys had gone to the pit to swim.

The Copeland boy swam perhaps 80 feet across the cold muddy water, uttered a muffled outcry and sank. That was about 3:30 p.m.

Sammy Shackelford, 16, dived into the water and attempted a rescue, but the victim had disappeared.

Jimmie Nichols, 14, tried to throw an inflated inner tube to

Dr. Newton Is Scheduled To Gain Release Monday

HUNTSVILLE, July 10. (U.P.)—Dr. W. R. Newton of Cameron today faced his last weekend in prison before his scheduled release on Monday.

Five blood donations since he was placed behind the walls of the state penitentiary on Aug. 1, 1947, have won him five 30-day commutations.

The Cameron doctor, who was sentenced to serve two years for assault to murder the late Dr. Roy E. Hunt of Littlefield the night of May 20, 1942, thus will have served less than one year actual time when the prison gates open for him.

Following the lastest 30-day commutation of sentence, granted Dr. Newton on July 5 for a blood donation to a fellow prisoner, record clerk J. C. Roberts reported the date of Newton's scheduled release as July 12.

Accused Slayer Must Remain In Jail

Bail Denied McGee At Hearing In City

BAIL was denied Richard W. McGee, 24, accused of murder of R. L. Allston, 42, when Chief Deputy Sheriff George Eubank and County Jailer J. A. Wright took him before D. W. Robertson, justice of peace, Saturday morning.

That means, barring successful habeas corpus action, a course that had not been indicated late Saturday, that the bespectacled Army veteran and former student of Texas university and North Texas State Teachers college must remain in custody to await action of a grand jury that will report Aug. 9 to Judge Dan Blair of the 72nd judicial district.

Crowd Frightens Prisoner

McGee had not employed counsel late in the day, District Attorney Lloyd Croslin said he understood.

It was Croslin who had recommended that bail be denied to the accused man, who was arrested Thursday night on an Austin street car to culminate a 30-hour statewide manhunt.

Croslin had not questioned the prisoner formally.

At the appearance before Justice Robertson, McGee manifested apprehension when a crowd gathered in the lobby outside the justice's office.

"What are all those people doing here?" he asked.

"Oh, they're just curious," Robertson said.

McGee visibly relaxed.

Bell Hop Kidnaped

Croslin had not announced whether he would file a formal complaint against McGee in connection with the defendant's alleged abduction of Bill Garrett, a 24-year-old hotel bellhop here. Garrett said he was forced by

Cotton Estimate For Area Hiked

Minimum estimate of the 1948 South Plains cotton crop was raised to a "million or more" bales Saturday by K. N. Clapp, Lubbock regional manager of Anderson, Clayton & co., Houston cotton merchants.

His forecast was 300,000 bales larger than his minimum estimate one week previously. In terms of dollar value, based on present prices, such an increase would represent about $60,000,000. Based on present quotations, a 700,000-bale crop would be worth about $140,000,000 and a million-bale crop about $200,000,000.

Would Break All Records

Such a crop would break all records for South Plains cotton production. The present record was set at 959,000 bales in 1937. Ginnings last year totaled 943,000 bales.

Clapp held to previous predictions that unusually favorable growing conditions might boost the total 1948 yield to between 1,300,000 and 1,500,000 bales.

Clapp gave his latest estimate before reports of additional hail damage in the Idalou vicinity late

AGAINST "UNFAIR TRADES ACT"

Brummett Says Price-Raisers Sought To Buy His Support

DUDLEY Brummett, Lubbock attorney, yesterday announced his opposition to all legislation aimed at fixing and raising prices and, at the same time, charged that local backers of the so-called "Fair Trades act" had attempted to buy his support for their scheme.

Brummett, who says the so-called "Fair Trades act" is really an "UN-fair Trades act," and who characterizes the price-raising scheme as "evil and monopolistic," is the third Senate candidate from this district to take a stand for the people and against the selfish interests seeking "pocket-picking" legislation. Sen. Sterling Parrish, of Lubbock, who fought and voted against such legislation in the last session of the Legislature; and Dawson County Judge Kilmer Corbin, of Lamesa, had taken similar public stands on June 12 and June 23, respectively.

Price-Raisers Support Brock

Brummett's announcement left only Ralph Brock, Lubbock lawyer, silent in regard to price-fixing and price-raising by law. Brock, however, is known to be receiving active support from persons

Soviets Hint Of Showdown On Air Lift

By OMER ANDERSON
INS Staff Correspondent

BERLIN, July 10—The Russians hinted tonight that they are preparing for a showdown on control of the Berlin air corridor which the western powers are using to supply the Soviet-blockaded city.

Lieut. Gen. G. S. Lukyanchenk, Soviet chief of staff in Germany, accused Britain and the United States of "systematic violation of elemental" flight regulations" despite repeated Soviet protests.

He made the charge in letters to Maj. Gen. George P. Hays, deputy American military governor, and Maj. Gen. N. C. D. Brownjohn, his British counterpart.

Russian Reply Awaited

The Soviet official claimed the Russians had "furnished concrete proof of gross violations of air security over Berlin and the Soviet zone" but that the western powers had taken no action to halt them.

He also complained that the British and Americans have consistently refused to furnish the Russians with advance notice of their mass flights on the Berlin supply run.

The Soviet action came as all of Germany waited for Russia's reply to the western powers' demand that the Russians end the siege of Berlin.

New Talks Hinted

Highest American official circles expect Russia to demand shelving of plans to set up a west German state as the price of lifting the Berlin blockade.

They believe Russia will counter the three-power protest on the Berlin crisis with a proposal to enter big four talks on the whole German problem—with shelving of the German state plans as a condition.

This was made known as the Russians tightened further their stranglehold on Berlin.

New Curbs Planned

They announced that their planes are flying "on instruments" along the Berlin air corridor—the west's last communications link with the blockaded city. "Bad weather" was believed to be the reason for the flights. American officials said there should be no danger to the Anglo-American air supply shuttle to Berlin because the Russian flights were

Week's Building Reaches Million

Lubbock's first million-dollar building week of 1948 was attested by city building department records Saturday.

Permits for construction costing $1,005,540 were authorized despite

(See Picture, Page 5, Sec. 4.)

the Fourth of July holiday, observed Monday, which shortened the business week by a full day.

An unusual rush Friday afternoon and Saturday accounted for $871,810 of the total reported by Building Inspector Lloyd Ross. The figures boosted the total for July to $1,068,195 and for the year to $7,598,789.

Apartment Houses Planned

Largest contributors to the week's total were permits for the four apartment houses for Plaza Apartments, Inc., on which work was started by George Fields, the contractor. Two each are on Thirty-third and Thirty-fourth streets between Avenues U and V.

The amounts for the individual buildings, all two stories, which will contain a total of 94 five-room apartment units, follow: two of 27 units each, $213,100 each; one, 22 units, $173,700, and one, 18 units, $142,200. The total is $742,100.

Homer Maxey, one of the associates in the corporation, said about a year would be required to complete the project. The apartments are to be unfurnished except for

Hijacking Of Amarillo Man Of Rings, Watches Reported

ABILENE, July 10 (AP)—A wholesale jewelry store salesman reported today he was hijacked of several thousand dollars worth of rings and watches.

The salesman, Ben H. Jones of Amarillo, employed by the Texoma Wholesale Jewelry company of Dallas, told police the robbery occurred nine miles north of Albany on U. S. highway 80 last night.

Demos To Raise Convention Lid Monday

HST Seems Certain To Get Nomination

By DOUGLAS B. CORNELL
Associated Press Staff Writer

PHILADELPHIA, July 10 — The Democratic clans, after feuding fiercely for months, closed ranks almost solidly tonight behind Harry Truman for president.

But they held the vice-presidential contest wide open for the national convention beginning Monday and ending, it may be, as early as Wednesday.

First the running mate swing was toward Senator Scott Lucas of Illinois. Then it moved toward supreme Court Justice William O. Douglas, and then toward Senator Joseph C. O'Mahoney of Wyoming.

Douglas Refuses Offer

Douglas said in Oregon that he would not quit the bench for the vice presidential nomination.

But there wasn't any doubt about the presidential nomined. The Democrats are going to place in the willing hand of Mr. Truman the banner Franklin D. Roosevelt carried to four victories in a row.

If any clincher was needed, the eldest son of the late FDR supplied it. James Roosevelt announced tonight he was cancelling a caucus he had called with idea of lining up power behind Gen. Dwight D. Eisenhower for president.

Dixie Seeks Candidate

Up to that point, there had been some suggestions that the caucus might go on anyway, to look over other possibilities than the general. Eisenhower knocked the props from under the campaign for him with a statement yesterday that he wouldn't accept the nomination under any terms.

Anti-Truman southerners kept up gestures of opposition to nomi-

See DEMOS Page 10

Refusal Of Douglas Claimed Not 'Final'

PHILADELPHIA, July 11. (INS)—A high Democratic leader declared early today that Supreme Court Justice William O. Douglas had not removed himself from the party-wracking contest over who will be nominated as President Truman's running-mate this week.

That interpretation of the Justice's statement that "I am not a candidate . . . and do not plan to resign from the court" was given as Clark Clifford, ranking White House adviser, arrived in this convention city and conferred with party officials.

The back-stage footwork on the vice-presidential problem was the principal activity in an otherwise lackadaisical political operation.

Should Douglas finally and flatly reject nomination on any basis, the betting odds were on Senate minority leader Alben W. Barkley of Kentucky as the next strongest candidate for vice president.

DEWEY MAN ANNOUNCES

SAN ANGELO, July 10 (AP)—Hobart McDowell, Dewey campaign manager for Texas, said today he was a candidate for the chairmanship of the Republican state committee at the Aug. 10 GOP convention in Waco. The San Angelo man said George Hopkins of Dallas, the incumbent, had pledged his support.

LUBBOCK POLL

Johnson Tops Rivals Here

CONGRESSMAN LYNDON JOHNSON will get more Lubbock county votes on July 24 than both his principal opponents, combined, if a sampling of public opinion taken on city streets can be accepted as an indication of thinking on the U. S. Senate race.

Roger Southall, a new reporter on The Avalanche-Journal, was sent out on the streets with instructions to poll the first 350 persons he met who were patently of voting age and with the further stipulation that persons polled apparently represented all economic brackets.

Results Are Tabulated

To each of the 350 persons approached, Southall handed a pencil and a ballot, carrying the names of Lyndon Johnson, Coke Stevenson and G. E. B. Peddy, the principal candidates for the U. S. Senate post to be vacated in January by W. L. O'Daniel. After each ballot was marked, the voter, himself, folded the ballot and placed it in a sealed box carried by the reporter. After each vote was cast, Southall asked the voter to state his occupation.

At the conclusion of his sampling, Southall tabulated the 350 ballots.

Six were "mutilated by individuals who took the matter

Board Elects Texas Mines Head To Post

New Official Slated To Take Office Sept. 1; Selection Is Unanimous

BY C. W. RATLIFF
Avalanche-Journal Staff Writer

FORT WORTH, July 10—Dr. D. M. Wiggins, 52, for the past 13 years president of the Texas School of Mines at El Paso, tonight was elected president of Texas Technological college, succeeding Dr. W. M. Whyburn, resigned.

Unanimous selection of Dr. Wiggins in a final balloting by board members at the Worth hotel after a day of interviews with 11 other candidates was announced shortly after 10:30 o'clock tonight by Chas. C. Thompson of Colorado City, board chairman.

Dr. Wiggins will become Tech's fifth president on Sept. 1, date of Dr. Whyburn's resignation. Dr. Whyburn, who has served as president since 1944, has resigned to accept the chairmanship of the mathematics department at the University of North Carolina, Chapel Hill, N. C.

Selection Is Lauded

Salary for the Tech post is $12,500 a year, including a home on the campus and $2,500 for traveling expenses.

"The board feels that it has selected the most outstanding man available for the presidency of Texas Tech and that under his guidance the college is expected to continue its fine record of progress as one of the leading institutions of higher learning in the Southwest," Chairman Thompson said.

"El Paso's loss is Lubbock's gain," Robt. L. Price, board member from the border city, declared. "We feel, however, that the Tech post offers a greater opportunity for advancement of an outstanding educator."

Price, from the outset had favored Dr. Wiggins for the presidency, had personally sponsored the El Paso educator's candidacy.

Others Talked With Board

Dr. Wiggins' selection as Tech's head came on the fourth time he had been considered by directors for the post. When the late Dr. Bradford Knapp was named to the presidency, Dr. Wiggins had been listed among the candidates as he was when Dr. Clifford B. Jones, president-emeritus, was elected. He was reluctant to give up his assignment at the El Paso school three and one-half years ago when Dr. Whyburn was named to the presidency.

In Saturday's interviews with the 11 other top-ranking educators, conducted in the swank Fort Worth Club, board members talked with Dr. Jim Dan Hill, 52,

Hail Damages Crops In Area

HAIL and rain caused heavy damage to several thousand acres of crops east and northeast of Lubbock about 6 p. m. Saturday according to an Avalanche-Journal survey last night.

The heaviest-hit area appeared to be in the Lorenzo area, where more than 5,000 acres suffered from 50 per cent to total loss.

Bert Flowers, Lorenzo ginner, reported that the hailed-out area was believed to have covered a strip two miles wide and five miles long near Estacado. He said that the damage was reported one mile west of Estacado to an area two miles south, and then eastward about four miles.

Heavy Rains Fall

In the Lorenzo vicinity, Flowers noted considerable damage two miles north of there and one mile east.

Heavy rain, estimated at one inch, fell within 30 minutes in those areas, it was reported. About one-fourth of an inch fell in Lorenzo.

Flowers said that the hail appeared to be very spotted.

Additional hail damage to possibly 1,000 acres was also reported in the Idalou vicinity. Foy Hudson, of Idalou, had received reports that several farms northwest of there were battered in the area four to five miles from Idalou.

Water Covers Fields

Water covered roads and fields between there and Petersburg, as a result of about half an inch of rainfall within 30 minutes.

Hail was reported to have caused considerable damage about

HST May Warn U. S. On National Deficit

WASHINGTON, July 10 (AP)—Prospects are that President Truman will advise the country late this month that the government is going to run in the red this year after two years solidly in the black.

Informed officials said today the government spending figure for the fiscal year which began July 1 will jump to about $42,000,000,000 when the present revision of January budget estimates is completed. The President's January estimate was $39,700,000,000.

Meanwhile, the $4,600,000,000 tax cut—which Mr. Truman is expected to blame chiefly for throwing the government into the red—should cut the revenue estimate down a little below $40,000,000,000. The January forecast was $44,500,000,000.

Jews Capture Prize Airport

By MAX BOYD
Associated Press Staff Writer

CAIRO, July 10—Jewish troops stormed and captured Lydda airport, a major prize of the Palestine war, today, and the Arabs announced they would not agree to a new 10-day truce.

Abdel Rahman Azzam Pasha, secretary-general of the Arab league; said the Arab countries could not accept the proposal for another cease-fire made by Count Folke Bernadotte, the United Nations mediator. He said the Arabs could not even agree to a three-day truce extension.

The Israeli government accepted the 10-day extension on condition that the Arabs would do likewise.

The Jewish army said its military operations were continuing satisfactorily and announced that Lydda airfield had been captured from the Arabs in a surprise raid early today. Israeli spokesmen indicated their forces had held the key air base against an Arab counter-attack this afternoon.

Planes Thrown Into Fight

Arab and Jewish planes were thrown into the growing fight. Jewish sources said Israeli bombers attacked the village of Kuneitra, about 12 miles across the Syrian border, which was reported to be one of the main Syrian supply bases for an attempted drive into

NEW FILING DEADLINE SET

Top Applicants Are Sought For City Police Department Posts

By H. I. KIEFER
Avalanche-Journal Staff Writer

City, police and civil service officials concentrated Saturday on selecting 14 "quality" men for the Lubbock police department.

At the same time they announced they intend henceforth to stress high standards of quality in filling all vacancies in the police and fire departments. To that end, they declared, they intend to try to make the positions attractive to ambitious young men who can measure up to exacting qualifications.

The first step in activating this policy will be competitive examinations in the Central Fire station at 2 p. m. Monday for 14 apprentice patrolmen in the police department.

Deadline Monday Noon

The deadline for filing applications to take the examinations originally was set for noon Saturday (yesterday). But Chairman Harry Morris, of the civil service commission, announced Saturday the deadline has been extended until noon Monday. He was joined in this action by Marion Sanford and George W.

See POLICE Page 10

Stevenson Maintains Small Lead Over Johnson In Latest Survey

By JOE BELDEN
Director, The Texas Poll
Copyright, 1948

AUSTIN, July 10—The race for United States Senator approached the third week before election with Coke Stevenson still the leader, Lyndon Johnson a strong second, and George Peddy third, according to a Texas Poll tabulation just completed.

For weeks now, candidates have been blasting at one another, appealing to the public from courthouse steps and helicopters. As they campaign, The Texas Poll's staff of interviewers in every section of the state has been asking qualified voters for their opinions. Tabulations of all these interviews indicate that:

1. Among voters who have made up their minds, relative standing of candidates in a cross-section poll ending July 3 was almost the same as results of a poll ending June 12. (Each poll required five days of interviewing.)

2. Between these two polls, an additional 5 per cent of the voters decided on a candidate. The undecided dropped from 23.2 to 17.6 per cent.

With the undecided left out of the tabulation, here is how a scientific cross-section of the electorate would have voted:

Eligible voters:

	June 12	July 3
Stevenson	46.6%	46.5%
Johnson	36.8	38.2
Peddy	12.0	10.9
All others	4.6	4.4
	100.0%	100.0%

A cross-section of 1,000 voters was interviewed in each survey. Statisticians calculate that a representative sample of 1,000 will give us within 4 percentage points, plus or minus, of the results we would get if we interviewed every eligible voter in Texas. Since the 4-point margin of error is present, it is not safe to place much significance in the slight gains and losses shown in the above table.

So far, surveys by The Texas Poll indicate a runoff between Stevenson and Johnson. Whether either of them spurts above the 50 per cent mark to avoid a runoff is going to depend upon how well they campaign and how effective their organizations are in influencing the turnout of voters. The results of this survey are based on interviews with a cross-section of all eligible voters, many of whom may not actually go to the polls to register their preferences.

Each eligible voter in this survey was shown a complete alphabetical list of the senatorial candidates, and was asked:

"On this list I have the names of the candidates running for United States Senator from Texas. Which one do you think you might favor now?"

The table below shows where all the possible voters stand, whether decided or undecided. It will be seen that Stevenson and Johnson show an increase in strength, although among decided voters only (the above table), Stevenson has remained in relatively the same position.

Eligible voters:

	June 12	July 3
James A. Alford	0.4%	0.7%
F. B. Clark	1.5	1.0
Roscoe H. Collier	0.3	0.2
Frank G. Cortez	0.1	0.7
Cyclone Davis	0.7	0.5
Lyndon Johnson	28.3	31.5
Otis C. Myers	0.1	0.1
George Peddy	9.3	9.0
Jesse C. Saunders	0.3	0.2
Terrell Sledge	—	0.2
Coke Stevenson	35.8	38.3
Expressed opinions	76.8	82.4
Undecided	23.2	17.6

By analyzing survey results, The Texas Poll makes an effort to evaluate the effects of major developments in the senatorial campaign. A study indicates that the State Federation of Labor's endorsement of Stevenson has helped him slightly among union members and their families. The endorsement, which raised bitter criticism of labor leaders by Johnson and Peddy, has apparently influenced some labor voters to throw their support to Stevenson.

The tabulation below compares the standing of the candidates among voters with opinions who are union members or whose immediate families include union members:

Union voters:

	June 12	July 3
Stevenson	41.7%	47.4%
Johnson	40.6	33.6
Peddy	12.5	11.8
All others	5.2	7.2
	100.0%	100.0%

Whether or not the trend of labor votes to Stevenson continues depends upon whether or not the issue is kept alive and how effective labor organizations are in getting their members to vote. At the same time, a few people who have strong sentiments against labor may have been wooed away from Stevenson because of labor's endorsement. The overall effect seems to be insignificant. As far as it can be determined, Stevenson's collective strength so far has not changed since he received the federation's backing.

Soil Meeting To Be Conducted At Slaton

Plans for a night meeting on July 23 at Slaton High school were announced here yesterday following a Friday night session of the board of supervisors of the Lubbock county soil conservation district.

Business is to include election of a supervisor to succeed C. E. Lilley of Slaton in sub-division No. 2, who has moved from the district. All landowners in that subdivision are qualified to vote, and wide attendance at the meeting was urged.

Present at the Friday night board meeting were E. R. Davis, chairman; Edwin Merrell, secretary, and H. L. Weems, member of the board, along with Marshall W. Howard, district conservationist here, and Earl Fine, coordinator for Lubbock county veterans vocational schools.

The board approved application by Lee Cargile of route 1, Shallowater, for conservation assistance, and a cooperative agreement with J. T. Patterson of Wolfforth. Patterson's program includes terraces and contour cultivation of sloping land; establishment of ditches, row direction and borders for improved methods of water application on irrigated land; rotation of cotton with sorghums; a trial planting of legumes in an effort to develop better conservation crop rotation; and management of crop residues to leave a maximum amount on the land.

DEATH RATE DOWN

NEW YORK (U.P.)—The Institute of Life Insurance says the death rate among insurance policy holders may hit a new low this year. In the first six months of 1948 the number of deaths from accidents, tuberculosis, influenza, pneumonia and children's diseases was lower and in some cases lower than ever before, the institute said.

Good News For Folks Who Suffer From

✔ STOMACH GAS
✔ SOUR FOOD TASTE
✔ ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

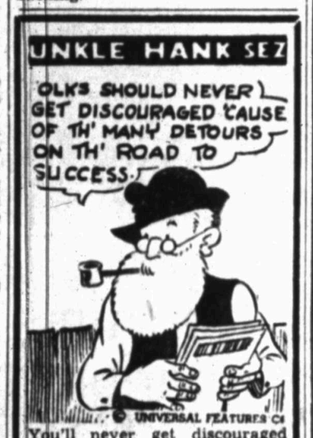

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

WOULD AFFECT INSURANCE RATES

Re-Inspection Of Lubbock's Fire Protection Situation Foreseen

Definite information that the state fire insurance commission plans re-inspections here which are likely to affect local fire insurance rates was disclosed Saturday as having reached Lubbock insurors.

Local fire insurance men were agreed that any such re-inspections almost certainly will result in increased rates unless steps are taken speedily to improve fire protection here.

The presumption was that the decision to re-inspect followed a recent report by the National Board of Fire Underwriters which contained 40 recommendations designed to improve fire fighting and prevention facilities in this city.

This presumption lacked confirmation. A re-inspection here is long overdue and is something the state board has planned to do anyway as soon an manpower was available to do the job, insurance men said.

"Rating Book" Supply Exhausted

The information as to the prospective re-inspection came to insurance men here who had applied to the state board for a printed "rating book" on rates applicable to Lubbock. They were advised that the supply of books is exhausted. They asked when new books would be available, and were told, they said, none would be printed until Lubbock is re-inspected. Asked when that would be, they were told "within about six months."

These communications led to rumors Saturday that the state board had ordered a discontinuance of "specific ratings" for insurance on business property, the effect of which would be highly significant.

The Avalanche-Journal made inquiry of the state board by long distance telephone about the rumor, and was told it was entirely false.

"We simply have run out of rating books," said R. E. Rustin, chief clerk of the board. "Lubbock has grown so fast and you have so many new insurance men that our supply is exhausted. Those needing rating books must get them from insurance men who have them, or consult the state board."

Inspection Is Overdue

Nothing was said about plans for re-inspection in Lubbock. However, such things are not announced in advance. But another inspection here is long overdue, none having been made since before the war due to lack of manpower. Normally they are made every two to five years. Nine years elapsed between that made for the National Board of Fire Underwriters this year and the one previously.

The developments Saturday, in the opinion of insurance men here, indicate that one is near for Lubbock and that the city may have opportunity, if it hastens, to improve its fire protection position before the inspectors arrive.

The inspectors' findings, they added, undoubtedly will be a most important factor in determining what Lubbock residents pay for fire insurance during a good many years to come.

Vocational Training Courses For Veterans Discussed At Meeting

DALLAS, July 10 (AP)—Negotiations which will bring $50,000,000 into Texas for veterans' vocational training were expected to end here today.

Taking part were the Veterans administration and the Texas board of vocational education. Last year's contract expired June 30.

William T. Murphy, director of re-habilitation and vocational training for the VA here, said an agreement was reached for the following tuition payments per month, per veteran: agricultural classes, $23.95; trades and industrial classes, $26.50, and distributive education, $23.50.

VA regional offices at Dallas, Waco, San Antonio, Houston and Lubbock were represented at the meetings.

ONLY PARTLY IMMUNE

ST. LOUIS (U.P.)—Hugh Lake, a Boy Scout field executive, rubbed his face with poison ivy to show youngsters in his camp that he was immunte to the stuff. They were more than amazed the next morning when they found their leader's face unmarked but a fresh case of poison ivy covering both of his legs.

MEN! GET PEP.. Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Caltron stimulating tablets. Many men are obtaining remarkable results with this amazing formula.

Odd Fellows Are To Stage Installation Ceremonies Monday

The Lubbock International Order of Odd Fellows Lodge No. 609 and Rebekah Lodge No. 321 will hold a joint public installation of officers at 8 o'clock Monday night in Friendship Hall of the First Presbyterian church. Newly-named officers of the Lubbock IOOF Lodge, who will serve for the remainder of the year, will be formally installed.

Top elective officers to be installed are Raye Peeks, noble grand, and Charles E. Hayes, vice grand. C. M. Tomlin, who recently moved to McAllen, is the retiring noble grand.

Appointive officers to be installed include L. V. Boyd, chaplain; R. A. Castleberry, right scene supporter; O. B. Valentine, left scene supporter; J. F. Richardson, right supporter to noble grand; S. E. Bell, left supporter to noble grand; James F. Hurt, right supporter to vice grand; J. B. Thompson, left supporter to vice grand; J. A. Nipp, inside guardian; J. W. Henderson, outside guardian.

C. C. Jones, recording secretary, W. A. Holeman, financial secretary, and J. W. Hodges, treasurer, were elected and installed in January army for a one year term.

Swimming Meet Set For Aug. 22

Date for the annual city-wide swimming and diving meet and plans for the final three weeks of the "Learn to Swim" program for "penny scrambles" and for life saving and diving instruction were announced Saturday by the City Recreation department.

The swimming and diving meet will be conducted Sunday, Aug. 22. Individual trophies will be given all first and second place winners. The trophies will be on display at the pool the next two weeks. All first place winners will be declared city champions in their respective events, it was announced. Events will be conducted for children and adults.

Instruction Is Free

Anyone wishing to learn to swim during the final weeks of the 'Learn to Swim" program may go to the pool any morning except Sunday the next three weeks for free instructions. The only charge is the regular pool admission price of 9 cents and 25 cents. Schedule of classes follows: 9 to 10 a. m., 12 years and older; 10 to 11 a. m., 6 to 8 years, and 11 a. m. to 12 noon, 9 to 12 years.

During August, junior and senior life saving courses and diving instruction will be offered.

Beginning Monday, a "penny scramble" will be conducted each Monday, Wednesday and Friday at 3:30 p. m. during remainder of July and August. The pool will be cleared of persons, 100 pennies will be scattered, and everyone will be permitted to get into the pool at the same time and scramble for pennies, it was announced. Twenty pennies out of each 100 will be marked as prize pennies. Those finding those pennies will receive prizes.

OVERNIGHT CAMP TO BE HELD WEDNESDAY

An overnight camp for boys of vicinities of Burns park and Community Center at Sixth and Ave. B who are 9 through 14 years of age will be conducted Wednesday night at the barbecue pit in Mackenzie State park.

Each camper was asked to bring a sack lunch, bedding, food to cook for breakfast and nickels for drinks. Camp permits may be obtained from Community Center and Burns park directors.

A bus will pick up campers at Burns park at 2:30 p. m. and Community Center at 3:05 p. m. Boys are to be returned before noon Thursday, Mrs. Gladys Sims, nature, camping and story telling specialist for the City Recreation department, who will direct the camp, announced.

Former Employes Of Trailways Bus Firm Charged In Louisiana

SHREVEPORT, La., July 10 (AP)—Four former employes of Southern Trailways bus lines have been charged with an attempt to commit aggravated damage to bus property and released under bonds of $1,000 each.

District Attorney Paul Boone of De Soto parish said the four released yesterday were Jacob B. Murff, Joseph J. Anders, jr., Marshall K. Bruce and J. C. Deason.

Sheriff Harmon T. Burgess said he arrested the four Wednesday while they were attempting to lay haycutter blades on the Benson highway shortly before a Trailways bus was due on the road.

Dallas Advertising Man Killed When Car Collides With Truck

FORT WORTH, July 10 (U.P.)—A Dallas advertising man's death was marked today as the 26th traffic fatality in Tarrant county for this year.

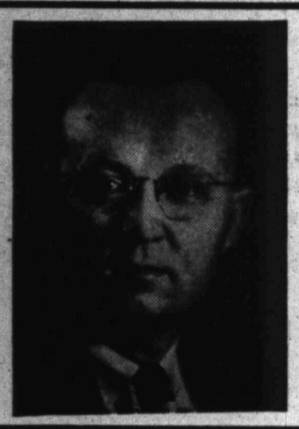

Dead was Edgar J. Dixon, 47, Dallas Times Herald advertising representative. He died in a hospital here last night of injuries received a few hours before in a crash east of Hurst on highway 183.

The accident occurred when Dixon's car and a refrigerator truck collided. The truck driver escaped with minor injuries when his vehicle overturned.

Parsley is easiest cut with a scissors. Fold over several of the sprays of one stalk and hold between the thumb and other fingers of the left hand; now cut fine with the scissors.

Now its proved quality becomes more impressive than ever

...AND CHEVROLET'S LOW PRICES

are even more attractive than in the past!

FIRST in Value...

FIRST in Big-Car Quality at Lowest Prices...

FIRST in Registrations

ALWAYS THE VALUE-LEADER . . . always the first choice of people who want the finest at lowest cost . . . Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring . . . not only does it offer all these major advantages of Big-Car quality at lowest prices . . . but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head Engine. It's the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.

Compare Values!... Compare Prices!...

CHEVROLET—and Only CHEVROLET—IS FIRST!

Officers For New Year Installed By Masonic Groups In Lubbock

* * *

Installation of officers of Lubbock Masonic bodies for the new Masonic year has been completed. Ollie Lanham became worshipful master of Yellowhouse lodge 841, AF &AM, succeeding Alton L. Abbott.

C. C. Sherrod was installed high priest of Lubbock Chapter 248, succeeding Early Daniel.

Max L. Morris became thrice illustrious master of Lubbock Council 183, Royal and Select Masters, succeeding Cliff Elliott.

Others Are Installed

Other officers of Yellowhouse lodge installed were:

Alex T. Davis, senior warden; Ralph H. Odom, junior warden; Victor S. Smith, senior deacon; C. A. Holmes, junior deacon; Ted B. Barrow, senior steward; Jack Veazey, junior steward; Rayford L. Ball, tiler; and John D. Haycock, chaplain.

Burton S. Burks was reelected as a trustee, for a three-year term. The lodge treasurer, L. C. Ellis, and the secretary, Hugh J. McClellan, were reelected.

Elliott Installing Officer

Cliff Elliott, district deputy grand master, 93rd Masonic district, was installing officer. Early Daniel was marshal.

Other officers installed by the Chapter were:

M. T. Darden, excellent king; J. B. O'Connell, excellent scribe; Max L. Morris, captain of the host; J. B. Sherrod, principal sojourner; Robert L. Mears, Royal Arch captain; Syrian E. Marbut, master of the third veil; Cliff Elliott, master of the second veil; T. A. Peel, who is worshipful master of Idalou lodge 1220, AF&AM, master of the first veil; E. B. Ledford, jr., guard.

Companions L. C. Ellis, treasurer, and Hugh J. McClellan, secretary, were holdover officers.

Companion C. R. Duncan was installing officer, Companion Early Daniel marshal.

Other Council officers installed were:

M. T. Darden, right illustrious deputy master; Syrian E. Marbut, illustrious principal conductor of the work; Robert L. Mears, captain of the guards; C. C. Sherrod, conductor of the council; J. B. Sherrod, steward; J. E. Mann, jr., sentinel.

Companions L. C. Ellis, treasurer, and Hugh J. McClellan, recorder, were holdover officers.

Past Thrice Illustrious Master C. R. Duncan was installing officer, and Past Thrice Illustrious Master Early Daniel was marshal.

C. C. SHERROD
High Priest

MAX L. MORRIS

Worshipful Master

Sandals being popular foot gear for summer, more girls will be going stockingless. To avoid embarrassing odors and help protect summer shoes from becoming perspiration stained, use a deodorant cream between your toes and on the soles of your feet.

Probe Of Horse Meat Sales Not Concluded

HOUSTON, July 10 (U.P.)—The Harris county grand jury remained geared for action today, and official sources said yesterday's indictment of 11 Houston meatpackers did not conclude the horse meat investigation.

District Attorney A. C. Winborn said the jury had not yet fully considered charges of sulfite-treated meat being sold in Houston, and that he wanted "more witnesses with information about the meat situation."

Meat samples, saturated with the chemical preservative, were reported late in the five-week jury sessions by J. F. Lakey, director of the state bureau of food and drugs. He explained the sulfite could make bad meat have the odor and appearance of being fresh, but that it could also result in serious illness.

Only one of the 11 indictments, however, was based solely on a charge of dispensing the "doctored" meat. The ten other truebills were handed out for the sale of horsemeat disguised as beef.

All defendants were at liberty today on bonds totaling $36,000. The largest individual bond was set for Leon C. Boeker, owner of the meat company which held the contract to supply public school cafeterias with meat. He was required to furnish a $16,000 bond, and was charged with 22 horsemeat sales and two instances of selling sulfite-treated meat.

Others indicted in yesterday's grand jury action were Sam Shenven, brothers Sol and Irving Taub, Morris Cohen, L. A. Harris, J. J. Lieberman, Harry Silverman, V. A. Wilborn, William Siros and Guy Mazzola.

32 Absentee Votes Are Cast In First Primary Election

Twenty-two absentee votes had been cast "in person" up to Saturday noon in the July 24 first primary election, County Clerk Louie F. Moore said.

An additional 87 ballots had been mailed to where Lubbock persons, who will not be here on date of the election, either are vacationing or away on business.

Voting in absentia commenced Tuesday, when ballots were delivered, Moore said.

A heavy absentee vote is expected before the July 20 deadline, particularly since from 15,000 to 16,000 votes may be polled, according to estimaes of political observess, in the primary.

Crops Said In Good Condition

Soil moisture was good in most sections of this county, and crops were making satisfactory progress, according to the weekly crop condition report by County Agent D. W. Sherrill at the weekend.

Similary, the Panhandle wheat area had experienced good weather and the wheat harvest there was all but finished, with only a few scattered fields of late wheat remaining in all but a few counties.

Bulletin Discontinued

Wheat harvest had reached the point by mid-week that the daily farm labor bulletin, issued by the Texas Employment commission, was discontinued, and equipment and harvest hands were being directed north into Kansas and Nebraska.

Nebraska issued a bulletin during the week indicating a desperate need for combines in the McCook and North Platte areas, and setting out that harvest hands, participation combine and tractor operators, are also much in demand at Grant.

Latest reports from Kansas said large numbers of men and machines are entering the state, but that a few additional combines can be used. It is suggested that these enter the state on highways 283, 183, and 281, moving northward from there.

New Mexico Harvesting

Clovis reported harvest in that area was 50 per cent complete, and Tucumcari reported 38 per cent completion. No shortages were reported.

Only four counties in Texas still showed much wheat harvest activity, and it was anticipated these would be about finished by Monday.

Olham county reported 40 per cent completion. Carson, Armstrong, and Randall reported the crop 55 to 65 per cent cut, with equipment and workers plentiful.

Gilchrist Named Chancellor Of New Texas A&M College Setup

COLLEGE STATION, July 10 (AP)—Directors of the A. and M. College of Texas today established the Texas A. and M. college system, and named Gibb Gilchrist to head it with the title of chancellor.

The move was to organize colleges and services under the directors into a more efficient working unit.

Gilchrist, president of Texas A. and M. college since 1944, in turn nominated four college deans for posts of presidents of the colleges in the system. Each was approved unanimously by the board. Gilchrist's election as chancellor was unanimous.

Presidents Are Named

Dean F. C. Bolton, executive vice president and dean of Texas A. and M., was named president of the college, largest educational unit of the system.

Dean E. J. Howell was named president of John Tarleton Agricultural college, Dean E. H. Hereford president of North Texas Agricultural college and Dean E. B. Evans as president of Prairie View A. & M. college.

Each college within the system is for the first time an autonomous unit, directed by its own president, who is primarily responsible for its operation. The president is responsible to the board through the chancellor.

The move separates from normal duties of the presidency of the A. and M. college, the load of administration of a statewide system which includes three other educational institutions and a number of services and agencies dealing with Texas agriculture, engineering and industry.

Other Agencies Included

In addition to the four colleges with their 14,000 students, the system includes the Texas agricultural experiment station, with 22 substations and 14 field laboratories; the Texas Agricultural Extension service, with county agents and home demonstration agents in practically every Texas county; the Texas engineering experiment station, Texas Engineering Extension service, Texas Forest service, firemen's training school, rodent control service and other agencies and services which may be authorized. Each of the agencies and services will be headed by a director, and will operate as a unit of the system, in the same manner as the colleges.

The new chancellor came to A. and M. college in 1937 as dean of engineering, after having served ten years as state highway engineer of Texas. In 1944 he became president of the college.

Two Are Native Texans

Howell, who will become the first president of John Tarleton Agricultural college at Stephenville, is a native of Waco and a graduate of A. and M. college. He became a member of the staff of John Tarleton college in 1923 as an associate professor of chemistry, later serving as registrar and commandant.

President-elect Hereford of North Texas Agricultural college, Arlington, is another native Texan. A graduate of the University of Texas, he served as an administrator in the Texas public school system and as college examiner of Texas before becoming dean of North Texas Agricultural college.

Evans, named president of Prairie View A. and M. college, has been at that institution since 1918, when he joined the staff after graduation from Iowa State College school of veterinary medicine. He became dean of the college last year.

D. W. Williams, vice-president for agriculture of A. and M. college was named as vice-chancellor for agriculture of the system. Williams came to A. and M. in 1920 as a professor of animal husbandry.

President-elect Bolton's nomination of Dean M. T. Harrington, of the A. and M. college staff, to serve as dean of the school of arts and sciences and acting dean of the college, was approved.

Earlier directors approved the 1948-49 fiscal year budget of $25,183,111 for Texas A. and M. college.

COW HAS TRIPLETS

HOPKINTON, N.H. (U.P.)—Louella, a portly Holstein cow, is the mother of triplets, two heifers and a bull calf.

Lemon Juice Recipe Checks Rheumatic and Arthritis Pain

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 3 tablespoonfuls two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package and Ru-Ex will cost you nothing. You are the sole judge, as RU-EX is sold by your druggist under a money-back guarantee. Over 5 million packages used—proof of wonderful results.

Gifts Are Offered For Blind Boy By Lubbock Residents

Generosity of Lubbock residents was evidenced Friday night and Saturday as more than 10 offers of record players and five offers of records were made to Charles Ray Isbell, 13-year-old blind boy of 418 Ave. C, following accounts in The Evening Journal and Morning Avalanche of his needs.

Braille books, which he also wants, are more scarce than record players and he had heard of no one late Saturday with such books to give or lend, so a plan is being set in motion seeking to raise funds to buy Braille editions of books for the boy.

To Accept Funds

Funds will be received in the Avalanche-Journal editorial department. If donations exceed cost of books he chooses, the remainder will be given to him for purchase of clothes before he reenters the Texas School for the Blind this fall or for other needed items.

Donations may be mailed to Mrs. Opal Dixon, Avalanche-Journal, or taken to Mrs. Dixon, member of the editorial staff, on the second floor of The Avalanche-Journal building. Donations will be listed in Avalanche-Journal newspapers with names of donors unless they request to present their gifts anonymously.

Books In Series Listed

The boy said he especially would like to have a dictionary, a Concordance and one or all of the four books in the "Our World and Ourselves" series.

Books in the series are "Our Neighbors Near and Far," "Our Home State and Continent," "Our Continental Neighbors" and "How the World Lives and Works." Total price for the Braille editions of the four books, each of which includes a text and workbook, is $80 without shipping charges, as listed in the catalog of the American Printing House for the Blind at Louisville, Ky. A standard dictionary of the English language, pocket edition, is listed for $10 purchase price. Cost of a Concordance was uncertain, but in Braille would exceed cost of an edition in usual print.

The boy accepted a table model combination radio and record player. The woman who made the offer said she would have it repaired and take it to him early this week, along with several records.

Four other persons said they would give records, including an album of Strauss waltzes, popular numbers and hymns, to him.

OLD CUSTOMER IN AGAIN

BIRMINGHAM, Ala. (U.P.)—Billy Shepherd is well known to nurses in almost every Birmingham hospital. Billy, who has suffered asthma, measles, heart trouble, infantile paralysis, pneumonia and a tonsilectomy, has made 13 hospital trips. His 13th visit came about when he was replacing an iron sewer cover. It slipped, mashing two of his fingers.

BOYS RECEIVE REWARDS—As rewards for finding approximately $4,563 in checks which had been stolen from Piggly Wiggly No. 15, located at 203 North College, two boys received rewards of $75 each Friday afternoon. They are shown above receiving the checks. Left to right are G. O. Walker, insurance company owner, Porter Siniard, manager of Piggly Wiggly No. 15, and the reward winners, Joe Kennedy of 2415 Third and John (Mike) Lynch of Lubbock route 6. The boys found the checks June 2, while playing on a vacant lot south of Rosenthal field. They were throwing rocks and found the checks scattered on the ground. They immediately reported their discovery. The checks had been stolen about two days previously. Standard Accident Insurance Co. of Detroit, G. O. Walker & Co. and Piggly Wiggly No. 15 each gave $50 for the rewards. (Staff Photo.)

$100,000 Ralls School Bond Election Called For July 24

RALLS, July 10 (Special) — Members of the school board here have approved circulation of a petition calling for a July 24 election to determine whether voters of the Ralls school district favor the issuance of school bonds totaling $100,000.

If issuance of the bonds is approved, a proposed six-room primary school building will be constructed. Repairs also are scheduled for both existing buildings of the school plant, to include the installation of a new lighting system for the grade school, installation of up-to-date plumbing in both buildings, and provision of fire escapes in the high school building.

The election will be held at the city auditorium. C. W. Mann has been named presiding judge and Harold Priddy will serve as judge. Clerks will be Mrs. Kate Wicks and Mrs. Ora Lee Edwards.

HEADS DISABLED VETS

BROCKTON, Mass. (U.P.)—A 42-year-old grandmother of two children is believed to be the only woman commander of a Disabled American Veterans post in the country. Former WAC Mrs. Effie E. Donovan campaigned successfully to convince the male members of DAV Post No. 76 that she could handle the job.

HONEYMOON INTERRUPTED

FORT WORTH, Tex. (U.P.)—The man missed $41 from his purse, saw a shadowy figure on the roof next door and called police. A 17-year-old youth was jailed. Parents of the embarrassed youth got him out with an explanation; he was not a burglar; he was on the roof playing hide-and-seek with his bride.

WHY STARVE TO TAKE OFF FAT?

When you buy Barcentrate, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcentrate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with Barcentrate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barcentrate when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barcentrate takes care of your DESIRE. Second, dehydrates and eliminates, so that water is carried away—almost like melting fat. At the same time you feel better, more peppy, more alive, but never starved or hungry.

Lost 22 Pounds

"I lost 22 pounds taking Barcentrate and I feel much better in every way. I eat anything I want and I gladly recommend it to anyone who wants to lose weight."—Gertrude Billings, Route 1, Devine, Texas.

15 Pounds Lost

"I lost 15 pounds taking Barcentrate and can now control my weight. I feel much better in every way and I gladly say, 'It's Barcentrate to control the weight'."—Mrs. Gayle Matthews, 925 Threadneedle Street, Beaumont, Texas.

'BIG THREE' FACE BUSY WEEK

Major U. S. Senate Candidates Step Up Campaigns For Votes

(By The Associated Press)

Three major candidates for the United States Senate beat hot paths across Texas this past week, intensifying their drives for votes in the primary election now only two weeks away.

Coke Stevenson talked economy, promised he would do no mudslinging, claimed he would win without a runoff and stuck to his hand-shaking, man-to-man campaign routine.

Lyndon Johnson said he was for "live, vigorous Texas-wide" soil and water conservation programs, urged Americans to prepare to meet the threat of war through progressive and aggressive action, claimed he would win without a runoff, and predicted his opposition will launch a "hate" campaign against him from now on out.

Peddy Blasts Opponents

George Peddy continued accusations that Stevenson made a deal with labor bosses to get the state federation of labor's endorsement, questioned Johnson's political sincerity, accused Johnson of "flashing" his military decorations and said he had done nothing to stop Russia's spreading out over Europe.

It appeared candidates were counting votes on the basis of how many people they talked to or shook hands with.

Stevenson said he had talked personally with some 175,000 people since Jan. 1 besides all who had heard him talk. Johnson, after three weeks of touring Texas by helicopter, claimed he had talked to approximately 160,000.

Peddy walked the sidewalks in business districts of the towns he visited and stopped people to introduce himself and chat.

Stevenson returned from far West Texas to speak at Fort Worth Saturday and then went on to Longview.

Tomorrow he will be in Tyler and Kilgore Wednesday he will tour East Texas, no definite schedule yet planned. Thursday he will make a talk at Cleburne, address service clubs of the city at noon and then travel to Granbury to speak to the old settlers reunion.

No definite schedule has been arranged for Friday, when he will be in west Central Texas. Saturday Stevenson will be in Jacksboro, Decatur, and Weatherford before attending an old settlers reunion at Mineral Wells at 2 p. m.

Johnson To Move Fast

Johnson came into Auston yesterday, and was to stay over until Monday evening, when he will go to Bryan.

He will visit Navasota, Conroe, Cleveland, Liberty, Orange, Port Neches, and Port Arthur Tuesday. Wednesday his helicopter will land at Beaumont, Sour Lake, Silbee, Lufkin, Kilgore and Tyler. Thursday he visits Mineola, Grand Saline, Quitman, Sulphur Springs, and Greenville. Fridays schedule lists Gainesville, Nocona, Bowie and Wichita Falls. Saturday Johnson will visit Archer City, Olney Jacksboro, Eastland, Mineral Wells.

George Peddy's itinerary for week of July 12—

Monday—Houston and Baytown; Tuesday, Columbus, Schulenberg, LaGrange, Houston; Wednesday, Homecoming rally Miller Theatre, Herrman Park, Houston. (Shelby county caravan with 100 supporters will attend Houston rally); Thursday, Houston and Baytown; Friday, Glen Rose reunion; Granbury, old settlers reunion (Shelby county caravan will attend Granbury reunion); Saturday, Houston and Harris county; Sunday primrose homecoming rally at Methodist church (Van Zandt county).

Honor For Poultry Industry By Stamp Issuance Promised

DALLAS, July 10. (INS)—If you notice your barnyard fowl primping at the water trough, don't be surprised.

According to Dallas stamp collector and member of the Dallas Phialetic Society, the government has promised to honor the poultry industry with a stamp.

But if you think the hens will be green with envy at the barnyard queenie selected to pose, think a moment of the poultry fanciers—and postal officials are.

Selection of any one breed will probably offend proponents of other varieties.

Word is, postal officials will probably use a composite picture.

WHERE SIX PHYSICIANS WILL HAVE OFFICES—Above is the architect's conception of Professional Building, Inc., which will be completed about Oct. 1 at a total investment of $136,000, exclusive of furnishings, immediately west of the adjoining West Texas clinic. Incorporators are Drs. Allen T. Stewart, R. C. Douglas and Ivan G. Mayfield. James Atcheson is architect, Joe Telford contractor.

* * *

Work Started To Convert Station Space Into Doctors' Offices Near Hospital

Work has commenced to convert the old "555" service station adjoining West Texas clinic, 1312 Main, on the west into a 5,250 square-feet Professional Building, Inc., which will provide office suites for six physicians.

Incorporators are Dr. Allen T. Stewart, Dr. R. C. Douglas, and Dr. Ivan G. Mayfield.

The structure, 75 by 75 feet, also will provide offices for two pediatricians, Dr. M. H. Benson and Dr. J. D. Donaldson, and one other physician who has yet to contract for space.

Office Space Adequate

It will represent a total investment of $136,000, exclusive of furnishings, when completed about Oct. 1 by Joe Telford, contractor. Architect is James Atcheson. Plumbing has been roughed in and a concrete slab to support terrazzo flooring will be run this week, Atcheson said.

Each physician will have an office and two examining rooms; there will be a 25 by 50 foot reception room; John Halsey's Prescription pharmacy will be remodeled and will continue its location.

There will be a two-story laboratory; a room for electrocardiograph; a metalbolism room; an isolation room for patients suspected of having contagious diseases, entrance to which will be at the back of the building so that patients would not enter through the reception room; and corridor space looking toward possible future expansion northward. The building is arranged structurally to support a future second floor, the architect said.

Air Conditioning Provided

The facade will be of dark red brick to match the clinic building adjoining. The interior walls will be of gum wainscoting and plaster. The ceilings will be acoustically finished. A combination winter and summer air-conditioning system will be installed. Fluorescent lighting will be provided.

The main entrance will be on Main.

West Texas clinic will absorb badly needed room that will be vacated by physicians moving into the new building. Physicians affected in the move will continue on the staff of West Texas hospital, it was announced.

Treasury Named As Accessory After Fact In Robbery Of Safe

TEXARKANA, July 10 (INS) — The U. S. Treasury Department believe it or not, has been named an accessory after the fact in a safe cracking job.

A man recently arrested in Texarkana readily admitted to police he had made off with a safe from the Mid-Continent Airlines office in Paris, Tex. July 12.

But the loot?

Well, he said he finally got a friend to open the safe with a cutting torch and extracted $83 in badly-burned bills.

He sent the bills to the Treasury Department, he said, and hadn't yet gotten a reply.

Tom Wingate, 33, Amarillo Business Leader, Succumbs

AMARILLO, July 10 (AP)—Tom Wingate, 33, Amarillo civic and business leader, died at his home today after four months' illness.

Member of the school board, Wingate was a charter member of the Amarillo Junior Chamber of commerce and a former state Jaycee director. He was active and a director of Boys ranch.

Death was attributed to an arterial ailment. Funeral services were set tentatively for 4 p.m. Monday.

Lubbock Child Dies Of Injury Suffered In Fall From Bed

Gary Hudson, 9-month-old son of Mr. and Mrs. C. H. Hudson, Jr., of 1927 Ave. O, died about 2 o'clock Saturday morning in Davidson clinic from a neck injury suffered Thursday when he fell out of bed.

Survivors include his parents, a brother, Charles H. Hudson, III; a sister, Shirley, and paternal grandparents, Mr. and Mrs. C. H. Hudson, Sr., of East Fourteenth.

Funeral services will be held at 4 p. m. today in the Rix Funeral home chapel with Rev. K. C. Edmonds, pastor of the Myrtle Drive Baptist church, named to officiate. Burial will be in Lubbock cemetery.

YOUR VOTE FOR

T. E. 'Chief' May

Treasurer of Lubbock County, Texas will be deeply appreciated. Chief May has been a citizen of Lubbock for many years. His record as a public servant and experienced business man qualifies him for the office of County Treasurer. Chief May respectfully requests that you consider his past record as a citizen, public servant and business man in arriving at your decision with reference to his qualifications for the office of County Treasurer. If elected, Chief May pledges his full cooperation with the public and the other county officials of your choice to the end that Lubbock County will have a more harmonious and efficient administration.

Dr. Wiggins New Tech President

(Continued From Page One)

president of Wisconsin State Teachers college, Superior, Wis.; Dr. Law Sone, 45, president of Texas Wesleyan college, Fort Worth; Dr. Richard M. Hawkins, 45, president of Sul Ross State Teachers college, Alpine; Dr. R. L. Williams, 46, superintendent of schools at Beaumont; Dr. L. H. Moore, 56, professor of education, psychology and philosophy at Texas State College for Women, Denton; Dr. Stuart MacCorkle, 44, professor and director of the department of government, University of Texas; Byron Short, 46, professor of mechanical engineering, University of Texas; Dr. Bailey Calvin, 48, professor of biological chemistry and dean of the school of medicine, Univ. of Texas Medical school, Galveston; Dr. E. N. Jones, 49, president of Texas Arts and Industries college, Kingsville; Dr. Wilson H. Elkins, 40, president of San Angelo Junior College, San Angelo; and Dr. N. A. Christensen, dean of engineering, Colorado A. & M. college, Fort Collins, Colo.

Native Of Louisiana

Dossie Marion Wiggins was born in Crowley, La., Dec. 9, 1895. He received his bachelor of arts degree from Hardin-Simmons university at Abilene in 1919 and his master's degree from Yale university in 1925. After teaching school several years, he studied at the University of Chicago and received his Doctor of Philosophy degree from Yale in 1930.

He was awarded an honorary degree by Hardin-Simmons in 1943.

The new Tech president started his educational experience as principal of Burkburnett High school, 1917-19. He also served as principal at Vernon in 1919 and at Canadian in 1920. From 1920 to 1925, he was superintendent of schools at Canadian.

In 1926 he joined the faculty of Hardin-Simmons as dean and professor of education, a post he held until he went to El Paso in 1935.

He was married in 1918 to the former Miss Winnie Lee Kinard. They have no children. A member of the National Education Association, the Texas State Teachers association and Phi Delta Kappa fraternity, Dr. Wiggins is a Rotarian and a Democrat. He is a member of the Baptist church.

Active In ... Work

Author of numerous articles for magazines and other periodicals, Dr. Wiggins is listed in "Who's Who."

He has been active in civic work in El Paso and is a director of the El Paso Chamber of Commerce and the El Paso Country club.

Selection of the new president came after about five hours of deliberation by the Tech board, all members being present. The final of the 12 educators was interviewed shortly before 5 o'clock and at 6:15 o'clock the directors recessed for dinner, resuming their meeting about 7 p. m.

Board members discussed informally afterward the offer of the Texas Tech vice presidency to one of the other men interviewed, but deferred a decision until it can discuss the matter with Dr. Wiggins.

Board Plans New Meeting

Dr. Wiggins left Fort Worth late this afternoon at the conclusion of his interview with the board and stopped in Abilene to be at the bedside of his mother, Mrs. R. B. Wiggins of Canadian, who is ill. Before leaving he said he would consult with the School of Mines board to effect his release by Sept. 1.

The directors voted to hold a meeting in Lubbock, Saturday, Aug. 14, at which the new president is expected to attend and officially accept the position.

In a brief meeting on college affairs with Dr. Whyburn and W. T. Gaston, business manager, the board accepted the resignation of W. L. Stangel, dean of the division of agriculture, as chairman of the athletic committee "because of the pressure of other duties." Dr. J. Wm. Davis, head of the department of government, was named to succeed Stangel, who has held the athletic chairmanship more than two decades.

In another action, the board adopted a resolution of appreciation to Amon G. Carter, Ft. Worth Star-Telegram publisher, and the Amon Carter Foundation for the gift of a bronze equestrian statue of Will Rogers. The resolution directed that the statute be placed at the western end of the main entrance esplanade.

A full membership of the board attended the day's sessions. At noon, the directors and educators were entertained at a luncheon at the club with Wyatt C. Hedrick, Fort Worth architect, as host.

Attending the meeting were: Chairman Thompson, and Board Members Kyle Spiller, Jacksboro; Chansior Weymouth, Amarillo; Mark McGee, Fort Worth; Robt. Price, El Paso; Leon Ince, Houston; Charles Wooldridge, Dallas; A. G. Mayse, Paris; and O. B. Ratliff, Lubbock.

Building Sets Mark

(Continued From Page One)

stove and refrigerator.

Next largest among the individual permits was one to DeWitt Landis, owner, and Carl Maxey, contractor, for a two-story frame residence costing $25,000 at 3110 Twenty-third. Maxey also is contractor for a brick and tile business building costing $20,000 to be erected at 1611 Thirteenth street for Guy McAfee.

Permit for another business structure costing $24,860 at 1617 College avenue was approved for George Langford, owner, and Max Tidmore, contractor.

Other permits, all for residences, included: Vernon Thompson, 3204 Twenty-seventh, $17,000; L. T. McSpadden, 2107 Thirty-seventh, $10,500; Hazel Self, 3105 Twenty-eighth, $9,000; and J. L. Franklin, 817 Avenue C, $4,500.

Bail Denied McGee

(Continued From Page One)

McGee to drive the accused man from Lubbock to Brownfield a brief time after McGee allegedly fired one shot from a .38 pistol through a door into the neck of the grocery association executive at the Allston apartment at 2020 Fifth.

The shooting was early Wednesday afternoon. At Brownfield, McGee cashed a check, made a telephone call, walked out the Carlsbad highway, then returned and flagged a ride on the Lamesa highway.

Caught Ride At Brownfield

He rode with a motorist to San Angelo and spent the night. Thursday morning he hitched a ride to Fredericksburg. There he saw a newspaper in a cafe and a story of Mr. Allston's death. He left precipitately, and caught a bus to Austin, he told Eubank and Captain of Detectives Pat Davidson, who accepted custody of him in Austin and returned him here Friday night.

Meanwhile law enforcement officers in the city were investigating several reported thefts late Saturday, including an attempted entrance of a local furniture store.

A. R. Berger, manager of the Lubbock Furniture store at 1510 Texas avenue, said that a person or persons had attempted to gain entrance to the store sometime during the night of July 8. Putty had been scraped from a rest room window and a screen cut. However, he stated that entrance apparently had not been gained, since nothing seemed to be missing or out of place inside the building.

Bob Pearson of 2213 Twentieth street reported to the sheriff's office that $26 had been stolen from his home sometime during the day Saturday. Pearson, who works nights for a railroad, was sleeping when the money and billfold were taken from his trousers pocket on a chair near his bed. The billfold was later found on a kitchen cabinet with the money removed.

A tractor battery, valued at $30, was reported stolen from a tractor parked at Hancock-Womack Manufacturing company Friday night. Mrs. E. G. Pryor of Hub Homes said that a white plastic purse, containing $5 and other articles, had been stolen from her at a grocery store in 1200-block Thirteenth street Saturday.

T. E. Snyder, jr., reported to city police that clothing valued at $5 had been taken from his car at Fourteenth and Texas Ave. Saturday.

Theft of a gas stove from the J. L. Hooper farm, five miles from Lubbock on the Wolfforth road, was reported to the sheriff's office. The stove, which belonged to Milligan Bethel, was described as a four-burner, table-top gas stove, white with a black trim.

Girard Burglary Reported

A call to the sheriff's department from Ranger Raymond Waters stated that several items had been reported missing in a burglary of Smith Brothers grocery store at Girard Friday night. Included in the missing goods were 17 pairs of trousers, eight to ten cartons of cigarettes, and a $5-roll of dimes.

Three persons charged with drunk driving pleaded guilty and were fined $50 and county court costs each. In addition, their operators licenses were revoked for six months, as is mandatory in such charges.

They were identified as Clyde Fontaine Emmons, 23, of Houston; Joe E. Underberg, 32, and Julius Conner, 34, a negro, both of Lubbock.

Police discovered that, contrary to their Friday night report that it happened at the AAA Travel bureau, the incident of a pistol taken from the suitcase of a traveler was in AAAAA Travel bureau operated at 1011 Ave. H, it was announced.

There had been no arrest of a suspect in the case.

Mrs. Edd Jones of 1219-B Avenue N told police that someone had entered her home Saturday afternoon, opening a package and taking an Eversharp fountain pen. Nothing else was reported missing.

Theft of a bag of groceries valued at $2 and a woman's purse containing $1 and miscellaneous personal papers and items was reported last night by Ralph Drerup of Lubbock route 3.

Jews Take Air Base

(Continued From Page One)

western Galilee.

The Jews opened their main offensive against Lydda field on a five mile front in the early morning hours.

The airport was captured several hours later, less than a day after a four-weeks truce expired.

In Jerusalem, a furious attack by Jewish mortars struck at Christian convents and a hospital on the Way of Sorrows, where Christ carried his cross. A Jewish mortar shell killed one Armenian woman and wounded another when it hit the Armenian convent of Saint James near the Zion gate.

Bernadotte, enroute to Lake Success, stopped briefly at Rome and said:

"The war is not on fully yet" in Palestine. He said Arab-Jewish clashes yesterday were "incidents." He expressed belief that "the Arabs do not really want to fight."

Bernadotte said he does not consider his mission finished and he is not pessimistic.

PLAN NEW WAREHOUSE

SUDAN, July 10 (Special)—Union Compress and Warehouse company of this city has announced that construction is scheduled to begin shortly on a new warehouse for that company's use. The proposed structure will be 139 by 340 feet, with a cotton storage capacity of 5000 bales. A railroad spur will be built up to the building, company officials said.

PICNIC IS HELD—The entire personnel of the Dickinson Motor Co. enjoyed an old-fashioned family picnic in Mackenzie State park Saturday evening. Shown shaking hands at the picnic are Edwin Louthan, manager of Dickinson Motor Co., left, and Holman Hendrix, manager of the truck plant of the company. Louthan is thanking Hendrix for inviting personnel of the entire company. Several guests may be seen in the background. This marks the first time personnel of both divisions of the company held their picnic together (Photo By Reeves.)

* * *

Motor Firm Workers Feted With Picnic

With an employes' entertainment fund which they had accumulated from vending machines and sale of scrap metal and other scrap items, employes of Dickinson Motor Co. truck plant on East Broadway entertained with a picnic for the entire personnel of the company Saturday night.

Between 150 and 200 employes, their children and wives or girl friends attended the picnic.

The event opened at 4 p. m. Preceded by games, food was served later.

The employes previously had used their entertainment fund among themselves, but Saturday night entertained for personnel of the Dickinson firm on Avenue J as well.

Edwin Louthan is manager of Dickinson Motor Co. Holman Hendrix is manager of the truck plant.

Hail Damages Crops

(Continued From Page One)

seven miles southeast of Idalou on the Idalou to Becton highway. A. N. McAllister, farmer of near Becton, reported that a heavy hail which fell between 5:30 p.m. and 6 p.m. cut about a three-mile strip of cotton off "like matchsticks" about seven miles southeast of Idalou. Water was reported standing in the fields from an accompanying heavy downpour.

The storm did not extend to Crosbyton, as no rain or winds were reported there. Petersburg had a light shower.

Lightning and threatening clouds were reported at Floydada at 10:30 p. m., but no rain had fallen up to that time.

The Santa Fe dispatcher reported only a sprinkle at Slaton yesterday. North of Lubbock, however, he had received reports of light shower at Plainview and about one-fourth of an inch at Kress.

Strong east winds hit the Tahoka area about sundown, and scattered showers were reported northwest of there. Severe electrical disturbances were also noted.

Lamesa reported some cloudiness but no precipitation.

High wins were also reported at

High winds were also reported at damage had been reported about five miles east and west of Levelland Friday.

Fair weather was reported at Littlefield last night.

No rain was reported in the immediate Lubbock vicinity, and wind kicked up dust at times during the night. Top temperature for the day was 95 degrees.

Reports from Buffalo Lakes about nine miles southeast of Lubbock said that about one-half inch of rain fell in that area within 15 minutes. Little rain fell between the lake area and the city, however.

A windstorm at Longview Saturday tore off the roof of the baseball park grandstand and knocked down part of the park fence, the Associated Press reported.

Rain washed out a scheduled baseball game.

The U. S. Weather bureau forecast continued warm and humid weather with scattered thundershowers for today, the Associated Press said. Such showers ranged from the Panhandle to the lower Rio Grande valley Saturday. The heaviest rainfall reported to the Dallas Weather bureau was 1.08 inches at Waco.

Cotton Forecast

(Continued From Page One)

Saturday afternoon, but this was not expected to materially affect the overall total.

His increase in forecast as to minimum production, he reported, was based chiefly upon the continuation of highly favorable growing conditions, a few spotted showers and "very good" progress in the fields.

He termed the fields generally as being clean and well cultivated, with labor plentiful and insect infestation about normal, "with some light aphids and flea hoppers."

Weather Favorable

Clapp's comments as to the moisture situation were:

"Weather was mostly dry. The southern South Plains area received scattered rain, ranging from one-quarter to three inches, with light hail damage in very limited areas.

"Garza, Lynn and Terry counties need general rain, but can go two weeks longer without serious damage. Balance of the territory largely is in very good condition, having received sufficient rain to store subsoil moisture that should carry through a possible drouth for a minimum dryland production averaging one-quarter of a bale per acre."

Congratulations

Mr. and Mrs. E. Vernon Lishman of 1307 Arnett on birth of a daughter weighing 7 pounds 1 ounce at 6:21 a. m. Saturday in St. Mary's hospital. The father is a salesman.

Mr. and Mrs. L. E. Wilsey of Levelland on birth of twins, a daughter weighing 5 pounds 2 ounces at 12:41 p. m. Saturday and a son weighing 7 pounds 3 ounces at 12:50 p. m. Saturday, in Lubbock Memorial hospital.

Mr. and Mrs. J. G. Omstead of Lubbock on birth of a daughter weighing 8 pounds 2 ounces at 11:17 a. m. Saturday in Lubbock Memorial hospital.

Mr. and Mrs. Fred Perry of Lubbock route 5 on birth of a daughter weighing 5 pounds 12 ounces at 11:25 p. m. Friday in West Texas hospital. The father is a farmer.

Mr. and Mrs. W. H. Lyle of Sudan on birth of a son weighing 9 pounds ¼ ounce at 2:55 a. m. Saturday in West Texas hospital. The father is employed in a bank.

Mr. and Mrs. R. L. Faith of Idalou route 1 on birth of a daughter weighing 7 pounds 7 ounces at 5:20 a. m. Saturday in West Texas hospital. The father is a farmer.

Mr. and Mrs. S. N. Jones, jr., of Lubbock route 1 on birth of a daughter weighing 4 pounds 8 ounces at 1:27 p. m. Friday in Porter-Sistrand clinic. The father is a farmer.

Demos To Meet

(Continued From Page One)

nating the President for a full four-year term.

Party leaders from seven southern states picked a committee to seek a possible candidate on whom they could agree at a caucus of their own tomorrow. Some of them talked of Senator Richard Russell of Georgia.

But a bigger huddle of midwesterners—from 13 states with around a fifth of the 1,234 convention votes—agreed unanimously to back Mr. Truman. Heads of 12 of the 13 farm belt delegations then voted also to push O'Mahoney for vice president. Iowa wouldn't go along with that.

O'Mahoney is the only vice presidential possibility out in the open. He has set up a campaign headquarters here.

But the talk for Douglas still was strong tonight. Chicago Democratic chief Jacob M. Arvey and Illinois state chairman George D. Kells put in plugs for him. Kells said also, however, that Lucas would be a fine compromise.

Platform Unsettled

Democratic National Chairman J. Howard McGrath said Douglas who has disavowed any eagerness either for first or second place on the party ticket, had asked him months ago to try to prevent the justice's name from going into nomination for vice president.

Still unsettled, too, is what the party platform will look like. The big issue is whether to nail in planks calling for laws against lynching, poll taxes and racial discrimination in jobs.

Southerners Draft Plank

Another friend of the President said the White House has supplied some ideas that could be interpreted as "a gesture of conciliation" toward the south.

Tonight's meeting of southern leaders voted to draft a states rights plank of their own to offer to the convention if they don't like what the platform drafters turn out on the touchy question of civil and states' rights.

Berlin Showdown

(Continued From Page One)

recorded at Berlin's air safety center.

The Russians also are preparing to start new curbs on allied motor traffic into and out of Berlin.

The U. S. military governmen. announced cancellation of leaves for all U. S. personnel in the city because of travel limitations.

American officials have indicated they would not conform with the new Soviet restrictions.

Time Not Set

If previous actions are any guide, the Americans may decide to suspend motor traffic rather than submit to Soviet regulation of motor travel.

Gen. Lucius D. Clay, American military governor, said he would take no position on the projected curbs until they are announced officially or actually go into effect. The Soviet-controlled news agency announced the curbs would be imposed but did not say when.

Rites Slated Today For Crosby Pioneer

RALLS, July 10. (Special)—S. M. Page, 81, pioneer of Lubbock and Crosby counties, died at his home here tonight shortly after 8 o'clock of a malignant illness.

Page, a retired farmer, moved to Estacado in 1907 from Cordell, Okla. He moved to Ralls in 1928.

He was active in church affairs and two former Ralls Methodist pastors, Rev. Hubert Bratcher, pastor of St. John's Methodist church; and Rev. Uel D. Crosby, educational director for the Northwest Texas conference, will preach funeral services at the First Methodist church at 4 p.m. Sunday.

Survivors include his wife, two sons, Monte and Frank Page, both of Lubbock; two daughters, Mrs. W. G. Kennedy, Grady, N.M.; Mrs. Nan Vriend, Pittsburg, Calif.; three brothers, L. J., Oklahoma City; Ed, Hobart, Okla.; and M. P. Fort Worth; three sisters, Mrs. Edmund Brayfield, Cordell, Okla.; Mrs. Sam White, Redlands, Calif.; and Mrs. Alma Price, Oklahoma City; 14 grandchildren, two, Carter Page and Page Keith, reside with their grandparents; and five great grandchildren.

Active pallbearers will be: H. S. Hooks, Ira Prewett, Leonard Schoolcraft, Jeff Martin, Emmett Lynch and Marvin Prewett.

Burial will be in Ralls cemetery under direction of Marr Funeral home.

Lubbock Poll

(Continued From Page One)

as a joke, or who wrote in names of individuals not candidates for the Senate post. Totaling of the remaining 344 votes showed:

Lyndon Johnson	178
Coke Stevenson	127
G. E. B. Peddy	39

Johnson thus received 12 more votes than the combined ballot for Stevenson and Peddy.

* * *

ASSUMING that the sampling of public opinion can be taken as an "average" of the desires of Lubbock county's population in the Senate race, the poll is important, since this section of the country long has been considered a Stevenson "political stronghold." Results of the poll here also are in line with other samplings being taken in various sections of the state, nearly all of which show Johnson out in front.

Johnson is 39 years old; a native of Johnson City and for the past 11 years has been Congressman from the 10-county, 10th Texas district centering around Austin. Almost since his first election to the House of Representatives in 1936, he has been a power in the Congress.

Stevenson, nearing 61, lives in Junction. He is a former governor, lieutenant governor and state legislator, having been an active politician for more than a score of years.

Peddy, in his fifties, is a Houston lawyer, a former member of the State Legislature and more than 20 years ago was an unsuccessful "write-in" candidate for the U. S. Senate.

Vote Is "Cross-Section"

Reporter Southall, in tabulating the sample balloting, said those casting the "straw votes" were well divided between the sexes and represented an economic cross-section of the city and area.

Those polled described themselves as business men; ministers; farmers; farmers' wives; office workers; housewives; store clerks; shop-owners city, state and federal employes department managers in stores; retired persons; college students; school teachers; mechanics; waitresses and other restaurant personnel; ranchers; ranchers' wives; doctors, nurses and hospital technicians.

NEW DIRECTORS NAMED

SUDAN, July 10 (Special)—New directors of Sudan Frozen Food association were named by stockholders at a recent meeting held in the high school auditorium.

Chosen directors were G. W. Davis, Cliff Williams, U. B. Porter and E. W. Black. Resignations of Quinton McCaren, Walter Damron, Paul Chisholm, and T. Fife, who served as directors previous to the meeting, were accepted.

Senate Candidate Says Price-Raisers Tried To Buy His Support Of Scheme

(Continued from Page One)

who will profit from a price-raising law.

Public positions taken in turn by Parrish, Corbin and Brummett came as the result of an invitation made to all candidates by Chas. A. Guy, Avalanche-Journal editor, in his "Plainsman" column on June 2. Guy offered to give prominent space in The Avalanche-Journal to statements made on the subject by any, or all, of the candidates.

Brummett's statement came in the form of a letter, addressed to the editor. It read as follows:

"On June 2, 1948, you extended an invitation to all candidates for State Senator from the 30th Senatorial district to state their position regarding the so-called "Fair Trades act." It is more commonly called "price-fixing by the manufacturers." It might even better be called the "UN-fair Trades act," because it is unfair to the people. As one of the candidates for the office of State Senator from this district, I appreciate very much the kind and courteous consideration given by you for me to state my position publicly.

Tells Of Proffered "Deal"

"In order that the general public may be informed as to the more recent efforts on the part of those who would foist such an evil, monopolistic, price-fixing law upon the people of Texas, I must say this: During the past few days representatives of various groups, whose profits would be increased by passage of the so-called Fair Trades act, and who are very much in favor of the Fair Trades act, attempted to buy my vote as State Senator, by pledging their support and influence and, in addition, by contributing large sums of money to my campaign. I told them, frankly, that Dudley Brummett would not sell his vote as State Senator. I told them it would mean much to me and my family to be State Senator, yet if I had to sacrifice the principle of being true to the people I was representing, then I had rather not be State Senator. I told them my vote was not for sale for any price. I will not sell the vote of the people of my district in the State Senate for any price. I feel that the consuming public is entitled to this information.

"In order that my position may be made clear on the so-called Fair Trades act, I make the following statement:

"I am opposed to any kind of legislation that would in any way deprive a private citizen the privilege of buying his or her necessities of life at the lowest possible cost. I am also opposed to any legislation that would attempt to tell the independent merchant what he must sell his merchandise for. In fact, any attempt to eliminate competition, and to restrain free trade, and to destroy private enterprise is certainly un-democratic and should be beyond the thinking of any person holding public office in this great state of Texas.

"I shall, as State Senator, continue to oppose price-fixing or price-raising legislation regardless of whether it is entitled "Fair Trades act," or any other name or title, which may be used in an effort to deceive the people and foist such a law upon the people of Texas.

"Thank you again for the availability of your columns to express my views on matters pertaining to the best interest of the people of this Senatorial District. I assure you that I will be ready any time to state my views on any public question that might involve future legislation."

"People Must Be Pleased"

On receipt of the Brummett letter, Editor Guy said he "is sure that the people of the 30th Senatorial district must be highly pleased to know that three of the four senatorial candidates have taken a public stand in this important question. The stand they have taken," he said, "is in the interests of the people and in opposition to the wiles of a selfish few, who seek to increase profits by raising prices, by law, of many essential items of living."

He pointed out that Rep. Preston Smith, unopposed for re-election, also has voiced opposition to the "Fair Trades act," which, Guy said, "is aimed only at making progressive merchants charge as much as their unprogressive competitors for scores of products used in every-day life by nearly all of the people."

A so-called "Fair Trades act" was narrowly defeated in the Texas Senate during the last session of the Legislature. Backed by a powerful lobby, spending thousands of dollars contributed largely by Eastern and Northern manufacturers, the price-raising bill was hotly fought before its demise.

Guy said efforts to pass the bill at the next session undoubtedly will be made and "it is known that those who stand to profit by price-raising by law already are at work in every Legislative district in Texas."

The editor said the only way people have of safeguarding their pocketbooks is to demand that candidates for the Legislature publicly state their position in regard to price-raising by law before elections are held.

"A candidate is either for the vast majority of the people," Guy said, "or he's for the selfish, special interests. It's up to the voters to find out where each candidate is before they vote—or else they may be voting to raise their own living costs."

Police Applicants

(Continued From Page One)

McCleskey, other members of the commission.

The chief reason for the extension, they explained, is the provision made in the proposed new city budget for 10 additional members of the police department. The budget was approved on first readings by the city commission last Thursday. It is to come up for public hearing and expected final approval on Thursday, July 22.

The commission wants to put the men for which provision is made on duty as soon as possible after the budget is adopted, Chairman Morris said. In addition, he said, four existing vacancies are to be filled.

Starting Pay Given

The commission invited the men interested in the examinations to apply before noon Monday to Argo Peek, commission secretary and city personnel director, on the second floor of the city hall.

The applicants must be between the ages of 21 and 35, in good physical condition and have a high school education or the equivalent. They must be of good moral character.

The starting pay of an apprentice patrolman is $125 a month plus a cost-of-living bonus which has not fallen under $80 a month in more than a year. It now is $82 a month. The total is well above the average for comparable positions in cities throughout the nation, and compares favorably with the best.

Automatic Raises Provided

The apprentice gets automatic raises of $5 a month at four-month intervals during his first year. Automatic increases are provided at longer intervals thereafter. After a six-month probationary period, the patrolman cannot be discharged, suspended or otherwise penalized without an opportunity for a hearing and appeals which might be carried as high as the supreme court. Promotions will be based on merit and competitive examinations.

But tending to emphasize even more than printed rules the promising possibilities of a connection with the two city departments were the declared policies of the civil service commission and their endorsement by the mayor and city commission, City Manager Marlin R. Smith, jr., and Police Chief Lewis Kittrell. Members of the city commission are W. H. Rodgers, mayor, and W. B. Price, John Spikes, Clarence Whiteside and E. K. Hufstedler, jr., commissioners.

Quality Is Desired

Their basic thesis is that fewer policemen, or firemen, of higher quality will do a better job than a larger personnel of men not as well qualified.

The officials recognize they will have to pay well in order to get and hold men of that type. But it also is their conviction that the cost to the taxpayers for departments manned by quality personnel will be less. They believe that fewer men who measure up to exacting qualifications will do a better job.

It is the declared purpose of the entire official group to make jobs in the two Lubbock departments among the most desirable, and among the most secure from political influence in the country. This prospect, officials hope, will appeal to capable and ambitious young men who are on the lookout for secure places with a future.

Few Qualify

The need for such declarations of policy has been emphasized by experiences with examinations since the Lubbock civil service commission was created last February.

Only 21 applicants appeared for the last examination, several weeks ago. Of these, only six passed.

One of the six withdrew his application soon after. He decided he was not interested in a police job. Two had criminal records and were eliminated from consideration. Only three qualified eligibles emerged from the examinations.

If the same ratio should hold, 98 applicants will have to be examined to fill the 14 police vacancies. Officials are hoping and expecting, however, that the quality of applicants will improve with time and that more eligibles will emerge for examinations.

But, come what may, the officials declared, they do not intend to lower the standards of quality. Their expectation is that the standards will be raised, rather than lowered, as time goes by.

Adherence to this policy, officials are convinced, eventually will pay dividends in the form of the best obtainable police and fire protection for Lubbock.

Floyd Youth Drowns

(Continued From Page One)

the victim, but it fell yards short.

The Shackelford and Nichols boys, who were reputed to have said they didn't know the name of the fourth youth with them, ran to the drive-in, only to find that Mr. and Mrs. Copeland had driven to Plainview on business.

It was an hour and a half after the drowning before the parents learned of it.

Miss Maxine Griffin, an office deputy of Sheriff Hart, telephoned Lubbock district headquarters of the state highway patrol and asked help.

The patrol called Lubbock Fire department, then borrowed a boat and trailer from McIlhaney Dairy products and new oars from stock of Gamble-Byron-Holmes Tire company, and raced here.

When Lubbock Fire Chief W. E. Twitty, L. D. Bedel, a member of his department, and Sam Fort, state highway patrolmen, got into another boat, owned by Stephen Solomon of Lubbock, and began their search, divers retired to the bank.

They included Beamous Carver, Floydada's assistant fire chief, Maurice and Phil Steen, and Kelly Haygood, a Floydada student of Texas Tech. Others, including Fred Lambert and Capt. Wiley Rogers, Floydada firemen, assisted in rigging hooks, chains, buoys and ropes.

Solomon was en route to Lake Kemp to fish when he stopped to ask why the crowd was gathered. He offered use of his boat before that from Lubbock arrived. Carver was preparing to leave for fishing at Tulia, with an outboard engine. He took the engine and fitted it to Solomon's boat, Steen said.

The Floydada editor said the drowning was the first at the pit, from which caliche was taken for Floyd county roads years ago.

Steen said Sheriff Hart was assisted by Capt. Ed Posey, Sgt. E. L. Stroud, Jim Riddles, J. R. Whitmire, John McVean, and Fort, all of the highway patrol, and R. O. Christesson of the municipal police, all of Lubbock.

The body was taken to Harmon Funeral home. Funeral arrangements had not been announced tonight. The family awaited communication with a California brother of the victim and a Colorado sister.

Another brother, Bob, a student of West Texas State Teachers college at Canyon, is here for the summer, and there are two young sisters at the family home.

Area War Dead Aboard Vessel

Six South Plains servicemen are among the 161 Texas war dead being returned to this country from Europe aboard the U. S. Army transport Oglethorpe Victory, the Department of the Army has announced.

The transport, which is carrying a total of 4,383 remains of Americans who lost their lives in World War II, is returning war dead originally interred in temporary military cemeteries in France and Belgium.

Next of kin will be notified in advance of the vessel's arrival, and again after the arrival of remains at the regional distribution centers of the American Graves Registration service.

South Plains men aboard the Oglethorpe Victory, with next of kin as listed by the Army, are as follows:

Pfc. James L. Brewer, Army, next of kin Walter Scott Brewer, jr., route B, Lamesa.

2nd Lt. Ray E. Dickson, jr., Army, Mrs. Gertrude H. Dickson, Box 1174, Spur.

T/4 Ivan V. Fannin, Army, Anie Fannin, Star route 1, Tokio.

S/Sgt. John F. Hobgood, Air Force, Charlie E. Hobgood, 2101 Twenty-second, Lubbock.

Pfc. Cleo L. Turner, Army, Mrs. Alice M. Turner, Box 375, Abernathy.

Pfc. Herman C. Wallace, Army, Ernest L. Wallace, 2606 N. Third, Lubbock.

Also aboard the funeral ship are:

Pvt. Winfred P. Bennett, Army, next of kin, Virgie McCollen Bennett, 819 Pierce, Amarillo.

Pvt. John H. Hinkle, Army, J. B. Hinkle, 821 Locust, Pampa.

Floyd Co-operative Hospital To Be Dedicated Thursday

LOCKNEY, July 10 (Special)—Dedication services for the Floyd County Co-Operative hospital here have been set for Thursday. Speaker for the occasion has not yet been named.

The program is scheduled to begin at 2 p. m. with a free show at a local theater and entertainments by local residents.

A barbecue is planned for 6 p. m. at the American Legion home, with members of Lockney Business Mens club as hosts.

Formal dedicatory ceremonies are to begin about 8 p. m. in the area just west of the hospital. In addition to the speaker, the service will include songs by the Rotary club quartet and introduction of hospital staff members and guests. A brief history of the hospital also will be given.

RECEIVE FFA AWARDS—Pictured above are members of Future Farmers of America who were presented awards at the Area 1 FFA awards banquet Friday night. Left to right, they are Jack Sageser, Cotton Center, who received the Anderson-Clayton scholarship of $200; Alton Brazell, Lubbock, nominee for national office in FFA; Jerry Ray, Sudan, receiver of the Area Star Lone Star Farmer award; and Harold Brannon, Dimmitt, area winner of the FFA public speaking contest. Not pictured is Thomas Herring, jr., Ralls, who received the State Star Dairy farmer award and the Heep Dairy scholarship.

AMERICAN FARMER CANDIDATES—Members of Future Farmers of America who are American Farmer candidates recommended by the Texas Committee of FFA are, front row, left to right, Wayne Harrell, Ralls, and Roman Homen, Panhandle; back row, left to right, Alton Brazell, Lubbock; Bruce Isom, Idalow and Kenneth Pierce, Cooper.

TEACHER MEMBERS OF FFA—Vocational agriculture teachers in the area who were made honorary members of Future Farmers of America at that organization's banquet Friday night at Hotel Lubbock are, front row, left to right, Alvis Tabor, Panhandle; and W. W. Hall, Olton, back row, left to right, Edgar Chance, Sudan; W. M. Bird, Whitharral; and M. O. Hood, Abernathy. Not pictured is Thomas Devin of Canyon.

WHAT'S THAT? IT'S THE CAT

MEMPHIS, Tenn. (U.P.)—L. A. Tasker stayed awake armed with a shotgun to get to the bottom of his disappearing chicks. He fired at a big black cat entering the chicken pen. Attracted by the firing, police fined him $26.

* * *

FFA Members Are Honored At Banquet

Approximately 230 Future Farmers of America chapter members of Area 1 met in Lubbock Friday night for the annual awards banquet, program at which outstanding leaders of the organization were honored. Top awards were presented several FFA members, most of whom are shown in these pictures, while approximately 70 others received recognition at the program at Hilton hotel. (All pictures Staff Photos).

Neal Williams Dies At Home Near Here

Neal Williams, 61, a resident of Lubbock and vicinity for the past 28 years, died at 2 p. m. Saturday at his home south of Lubbock, following an illness of about three weeks.

Services will be held in Rix Funeral home chapel at a time not yet set, and burial will be conducted in Lubbock cemetery. Williams was an employe of Wayne Construction company.

Survivors include his wife, two sisters, Mrs. Ollie Dugan of Dallas, and Mrs. Jimmie Bratton, Fort Worth; and six brothers, H. V. of Childress, E. D. of Quanah, Carl of Slaton, R. D. of Fort Worth, Roy of Eugene, Oregon, and Barney of Elsa, Oregon.

GOODBYE CAR

ROCHESTER, N.H. (U.P.)—Fined $73 in municipal court for driving an unregistered automobile, Raymond Beaulieu sold his car to raise money to pay the fine.

HONORARY FFA MEMBERS—Business men who received the honorary Lone Star degree at the FFA banquet Friday night are, front row, left to right, Jason Gordon, Lubbock, partner in Roland and Gordon Co., and C. E. Fisher, Spur, of the Spur Experiment station; back row, left to right, G. L. Jackson, Abernathy, president of South Plains Co-operative Oil mill; and John Hall Davis, Slaton. Dr. Wm. M. Whyburn, president of Texas Tech, was also the recipient of an honorary degree, but was out-of-town.

Boy Is Treated For Accident Injuries

Bobbie Kuykendall, small son of Mr. and Mrs. M. A. Kuykendall who gave their address as Lubbock general delivery, was treated in Lubbock Memorial hospital shortly before noon Saturday for a fractured collar bone suffered about 9 a. m. when struck by an automobile near the East Broadway entrance of Mackenzie State park.

The driver of the car, Mrs. Veona Williamson of Spur, told a State Highway patrolman that the boy had apparently just left the park and started across the roadway when she first noticed him. She swerved the vehicle to the right in an attempt to avoid hitting the boy, but he was knocked down. The car continued off the road, struck a glancing blow against a nearby building and stopped after colliding with a heap of stone or brick.

Mrs. Williamson looked for the injured boy, but he had picked himself up and gone. A Rix ambulance, arriving at the scene, also searched for the boy, but he could not be found.

He was taken to the hospital later in the day by members of the family, where he was treated for the broken clavicle and released.

Mrs. Williamson and three other occupants of the car, all small children, were not seriously injured and declined an offer to take them to the hospital for examination.

Patrolman John McVean of the State Highway patrol estimated the damage to the Williamson automobile at about $500.

DEVELOP COTTON FIRE HOSE

MEMPHIS, Tenn., (U.P.)—The National Cotton Council reports greater use of cotton in the manufacture of fire house. The council says the new all-cotton hose, made possible by an improved technique, does not leak water.

SHEER TRAVEL MAGIC

THIS is the Buick America's car buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflow Drive*—where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a toe-touch.

Here you let your left foot idle comfortably wherever you wish—there's no clutch pedal to push, *ever.*

Here your mind's free completely of remembering when to shift—no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch *and* the low-second-high gear sequence of conventional transmissions.

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets—once your lever's set, you simply step on the gas—and take them all in liquid-smooth luxury!

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler-touched-with-magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

What's Different About DYNAFLOW DRIVE*?
To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.
*Optional at extra cost on Roadmaster models only.

When better automobiles are built BUICK will build them

BUICK alone has all these features

Mysteries Still Cling To Disappearance Of Financier From Private Plane Over Channel

By IRVING R. LEVINE
INS Staff Correspondent

NEW YORK, July 10—Twenty years ago this week Capt. Alfred Loewenstein, third richest man in the world, vanished from his private plane 4,000 feet above the English channel under circumstanes that still defy explanation.

The bizarre disappearance excited worldwide speculation. Had Loewenstein committeed suicide, had he been pushed from the plane, had he died accidentally — or was he dead at all?

Many Answers Lacking

Most of the answers still aren't known.

To dealers on the stock exchanges of Europe, where Loewenstein was a gigantic operator with a finger supposedly "in every pie on the continent" the questions surrounding his disappearance were more than academic.

Stock speculators wagered that Loewenstein, 51, who had parlayed a modest sum into a $40,000,000 fortune, was playing a hoax.

These theories were supported by a pilot's report that he had seen a parachute billowing over the channel about the time of Loewenstein's disappearance. There was another report that the plane had discharged its owner somewhere in France before coming in with word of his loss.

Experts claimed it would have been impossible to open the plane's door against the tremendous air pressure in flight, without help.

Financier Found Dead

Wise heads on the exchanges said that the wizard financier had dropped out of sight to cause the market to drop. Then when stocks pitched low enough, they added, he would turn up to buy huge blocks for future profit.

These crystal gazers were partly right in both predictions.

Loewenstein-ruled stock on the Brussels market tumbled 40 to 50 per cent in a day.

And Loewenstein did turn up — dead.

Fifteen days after his disappearance on July 4, 1928, a fishing boat picked up his badly battered body off the French coast. His relatives identified it by an inscribed watch and a dental chart.

Loewenstein was enroute from England to Brussels in one of his fleet of 12 planes on his last flight.

During the trip, a crew member looked into Loewenstein's private compartment and found the financier gone. The crew circled the waters for an hour and then landed to report the mystery.

Loewenstein's sensational end followed a pattern which dominated his life — a pattern woven with the dramatic, the dazzling, the unexpected.

The son of a modest Brussels banker, he rose to dominate a fortune so great that he once offered to lend the French government $50,000,000 to stabilize the franc.

He owned mines, mills and mansions all over Europe, swung vast deals by beating the competition in flying trips, traveled with a dozen employes and servants, owned fabulous jewels and lived in superb style.

His private life, although unpublicized and veiled, was by all indications a happy one with his wife and their son.

If Loewenstein's end was a suicide what were the motives?

Two favorite theories have been advanced. One is that he was the victim of a brain lesion and was driven to take his life because of it.

The other is that he was despondent because of his failure to wield power in government despite his massive wealth.

But even today there are those who reject the suicide theory and maintain that Loewenstein was the victim of foul play for clouded reasons known only to his murderers.

Religious Movie Is Scheduled Tonight In Mackenzie Park

"Jarius' Daughter," religious movie, will be shown tonight at the Party house in Mackenzie State park.

The picture will be preceded by recorded chimes and vigraharp music, beginning at 9:15 p. m.

The movie, which will be presented by the city Recreation department and Furr Food stores, offers the story of Jarius' only daughter, who becomes ill with fever and does not respond to the physician's treatment. When the Master arrives after she has died and restores her to life, Jarius is convinced that Jesus is the Christ.

On the neighborhood parks a Hal Roach comedy will be shown this week. It is "Hay Foot," with William Tracy, Joe Sawyer, James Gleason, Noah Beery, jr., and Elyse Knox. Comedies and short subjects will complete the program. Pictures will open at 8:30 p. m. according to the previously announced schedule in the various parks.

Care Of Reservation Indians Is Problem

WASHINGTON, July 10 (U.P.) — Social Security Commissioner Arthur J. Altmeyer said today his agency is studying the question of who should care for reservation Indians who are aged, blind or dependent children.

He told a reporter the problem had been raised by the fact that the Indian bureau, which previously handled such cases, may not be able to carry on its work in the future because of lack of funds.

Altmeyer said he thought the matter had been settled at a conference last February when it was indicated the states would take over the care of such Indians. Arizona and New Mexico have refused, however, on grounds that the Indians are wards of the Federal government.

Hearing Will Be Given

"If the states are refusing to assume this responsibility, then we will give them a hearing and reach a decision," Altmeyer said.

He said it still is uncertain when the Social Security board will call such a hearing. But he conceded that the agency is considering the over-all problem. Old age and survivors benefits are not involved.

Ordinarily, the Federal government makes grants to the states, which they suplement with their own funds, to care for persons falling into the three groups. The states contend reservation Indians are an entirely different case.

Watermelon Bomber Is New Red Menace Of Los Angeles Skyways

LOS ANGELES, July 10 (AP)—A new red menace of the skyways—the watermelon bomber.

Under cover of night the arch villian of the airlanes flew over the Firestone district of Los Angeles, selected a target in a peaceful residential section, gunned his motor in a steep power dive, and, as he started up again - - -

Watermelons away!!

Milton Lesnick and Philip Vrooman said they heard the whine of the airplane's motor and dull thuds on their roofs. Running outside they found watermelon rinds and seeds scattered over their houses and atop parked autos.

HOTEL OPERATOR DIES

CORSICANA, July 10 (AP) — Frank A. Drake, 69, Altus, Okla., hotel operator, died of a heart attack here early today.

Church Of God Opens Revival Sponsored By Young People

Revival services, sponsored by the young people of the Church of God, is to begin at the church, Fifth street and Ave. G, tonight, with Evangelist Clyde Hargraves of Brownfield preaching, it was announced yesterday.

Services are to be held each night, and the public was invited to attend. Rev. Otha Anderson, pastor, said that the evangelist also will be in charge of a daily vacation Bible school to start at the church next Monday, with classes scheduld from 9 to 11 o'clock each morning.

South Plains Press Group Plans Paper

Members of the board of directors of the South Plains Press Association meeting for luncheon Saturday at the Hilton hotel formulated plans and gave the "go ahead" signal for publication of a monthly newspaper, "South Plains Press," as official organ of the association.

Lois H. Vestal of the Hockley County Herald was named to edit the paper. Vestal said the first edition will roll off the press at Levelland on Aug. 15.

Other members of the board of directors present at the meeting were E. I. Hill of Tahoka, A. M. Jackson of Slaton and A. J. Stricklin, jr., of Brownfield.

It was the first meeting of the board of directors of the association since permanent officers were named May 29 at a meeting of 25 South Plains editors and publishers in Hotel Lubbock.

GENERAL EXECUTED

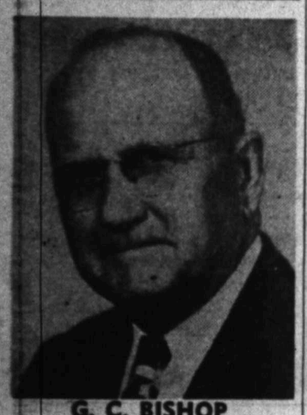

NANKING, July 10 (AP) — The defense ministry today announced the execution in Nanking of Gen. Chow Ching-Siang, 44, for "avoiding battles" while commanding the 32nd division on the Shantung peninsula warfront.

"FIRST In Lubbock—FIRST On The South Plains"

LUBBOCK AVALANCHE-JOURNAL

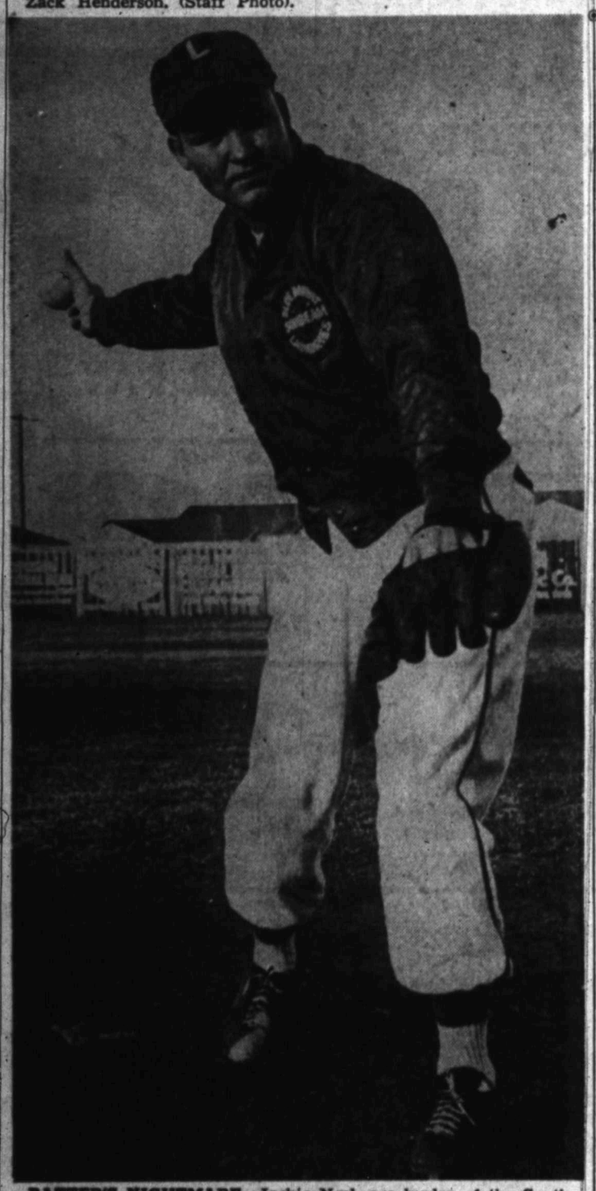

Sports

Section II

Lubbock, Texas, Sunday, July 11, 1948

SOFTBALL TOURNEY CONTESTANTS—The four softball standouts shown above have been battling for the Thomas Jewelers in the South Plains Softball league this season, but they will join forces with the Sunbeamers for the A.S.A. district softball meet which opens Monday night at Jumbo Webster park. They are, left to right, Jiggs Jackson, A. J. Collier, G. W. Warden and Zack Henderson. (Staff Photo).

BATTER'S NIGHTMARE—Jackie Neel, ace hurler of the South Plains and Texas Softball loops, will be in the spotlight when the district A.S.A. meet opens here Monday night. Neel, who has won a total of 26 games in league competition this season, against four defeats, will twirl for the Thomas-Sumbeamers in the tourney. (Staff Photo).

* * *

Softball Meet Opens July 12

Twelve Lubbock and South Plains softball nines will compete for championship honors in the district Amateur Softball of America tournament which opens here at 8:30 o'clock Monday night at Jumbo Webster park, meet officials have announced, with Cloverlake Dairy and Bennett Motors of Lubbock tangling in the initial game.

The second tilt of the tourney twin bill will get underway at approximately 9:45, according to the meet schedule, with the Thomas-Sunbeamers battling the Lubbock Barber college team. Both nines are Lubbock squads.

Tournament doubleheaders will continue Tuesday through Friday nights, officials said, and then play will be resumed the following Monday night. A full 11-night schedule will be necessary to complete the double elimination meet.

Winner of the district tournament will be given an all-expense paid trip to the state A.S.A. meet at Wichita Falls in August, as well as the usual trophy awards. Both the winning and runner-up district nines will be awarded team trophies, with members of the championship group receiving individual silver baseball trophies. The all-tournament team, as selected by meet officials, will be given individual gold baseball trophies.

Compete For National Title

The championship team of the state, which will be determined by the Wichita Falls tournament, will be sent to the national A.S.A. meet at Portland, Ore., to compete for the United States crown against winners from the other 47 states.

South Plains teams which have entered the district meet, in addition to the four nines slated to clash in the opening night twin bill, include Happy's Bottling works of Tahoka, Baldridge Bakery of Lubbock, Baker-Fleming of Plainview, Amherst, Golden Light Coffee and Levine's of Lubbock, Chapman Motors of Abernathy and Culligan's Soft Water service of Plainview.

Admission prices will be 50 cents for adults, 25 cents for Tech students and nine cents for children under 12.

READY FOR THE MEET—Four of the top members of the Cloverlake Dairy nine are shown above as they discussed the "strategy" they will use against opposing teams in the district A.S.A. softball tournament here this week. They are, left to right, Whistle Banks, Ray Farmer, Vernon Ray and Cecil (Smoky) Hale. Banks and Hale are stellar pitchers for the Dairymen. (Staff Photo).

DISTRICT PLAYOFFS START TUESDAY

Legion Tourney Slated

Championship of District 2, Region 1, of the state American Legion junior baseball organization and the right to represent the district in the regional playoffs will be determined by a four-night double elimination tournament, starting at 6 o'clock Tuesday night at Rosenthal field, Legion officials announced Saturday.

Four nines, the two top certified teams from the two divisions of the district, have been awarded places in the tourney and all the squads will see action in the twin bill scheduled the first night of the meet.

The Lubbock "A" squad will battle Morton in the tourney opener at 6 o'clock Tuesday night, then Brownfield tangles with the strong Spur nine in the nightcap at 9 o'clock.

Wednesday night the teams will exchange opponents for a doubleheader, with the losers of first night competition meeting in the initial tussle and winners clashing in the second setto.

Play will continue Thursday and Friday nights and—under certain possibilities of the "double elimination" system—Saturday night. The district winner will probably be determined by the Friday encounter, officials believe.

The Lubbock "A" nine, undefeated in league competition in the South bracket of the district, will enter the tourney as a strong favorite, but any of the other three nines are rated as potential champions. Brownfield and Morton have made marked progress in recent weeks, as their green squads picked up game experience, with Spur showing unexpected power in the latter part of the South title chase.

John King will serve as head official for the tourney, Legion officials announced, with Red Norman as his assistant.

Russians Say Western Nations Exploit Children In Athletics

MOSCOW, July 10 (AP)—The United States and Western European nations were accused by a Russian newspaper today of "exploiting children" in the coming Olympic games.

Russia is not competing in the Olympics.

The Moscow News said:

"Exploitation of children is widely practiced in the United States and Western Europe.

"Jimmy McLane, the American 'Olympic hope' is a 16-year-old lad. (McLane, now 17, is one of three Americans who qualified yesterday for the 400 meter event in swimming. He is from Akron, Ohio.) According to the French newspaper Record, Australia will be represented at the Olympic games by a 13-year-old, Marjorie Mackaway, and England by 14-year-old Eleanor Gordon and 15-year-old John Wadrope.

Russians Forbid It

"The national teams of many Western European countries will evidently likewise include children whose sport careers are doomed to be crippled before they get a chance to mature."

The newspaper pointed out that exploitation of child athletes was impossible by law in the USSR.

Sunbeam Takes Twin Bill From Baldridge

Tight hurling by Jackie Neel and G. W. Warden gave the Bluebonnet Sunbeamers two narrow wins over the Baldridge Bakery nine, 5-4 and 2-1, in Texas Softball league tilts Saturday night at Jumbo Webster park.

Neel was touched for five safeties in the first game, while his teammates were making four errors, but the Sunbeamers blasted Wayne Ward for five runs to clinch the triumph.

Four-hit pitching by Warden proved the winning margin for the Sunbeamers in the second setto, as the league-leaders belted big Loy Hubbard for seven hits and two tallies.

Ewell, Patton Head Squad

EVANSTON, Ill., July 10. (AP)—Two mighty sprinters, Barney Ewell and Mel Patton, and a middle-distance double winner, Mal Whitfield, won the right today to lead one of the strongest of all American Olympic track teams to the games of the fourteenth Olypiad in London starting July 29.

A series of disasters, however, eliminated some of the greatest names of trackdom.

Charles Fonville of Michigan, who has made 58 feet 1/4 inch in the shot, almost a foot better than the world record, will be left behind, as will Gil Dodds, the peer of the milers. Harrison Dillard of Baldwin-Wallace, regarded as the best high-hurler in the world, qualified for the 100-meter dash but quit in despair in the hurdle final.

Coach Cromwell Confident

Despite these blows head coach Dean Cromwell was happy and confident. "We will win seven or eight firsts for sure," he said and named a total of 14 events in which America has good chances.

Long-striding Pel-Mel Patton from the University of Southern California won the 200-meter final by a yard from Ewell, the 31-year-old Penn State alumnus, to reverse the order of finish in yesterday's 100-meter dash. Thus both became double qualifiers and both showed performances in line with the great sprint traditions of the United States.

Patton won the 200 in 20.7, which equals the unofficial world record for the race around a curve. Ewell's 100-meter time was 10.2, which also equals the world mark.

In all, 33 places were filled in 11 final tryout events before a crowd of 20,000 in Dyche stadium, rounding out the team which comprises three athletes for each of 22 track and field events, plus two relay teams.

Whitfield Double Winner

Whitfield, representing the army and air force team and a student at Ohio State, was the only double winner. His times were such as to brand him a contender at London regardless of the field assembled. He took the 800 meters in 1:50.6, an then 400 meters in 46.6. Both are the fastest times made by an American this year.

Among the marks that sparkled, in the tryouts boding well for London were—Verne McGrew, Rice, and George Stanich, Los Angeles athletic club, 6 feet 8-1/4 inches in the high jump; Francis Delaney, San Francisco olympic club, 55 feet 1-¾ inches in the shot put.

There was a mounting gasp as Harrison Dillard knocked down the second and fourth hurdles in the 110-meter hurdle finals, and then drew up helplessly in front of the seventh one, pushing it down with his hands as if he had no more strength for leaping.

Thus the man who had bettered the world record for the 120-yard high hurdles with 13.6, an who was regarded as a shoo-in at London, failed to make the team in his favorite event, although he is qualified for the 100-meter.

Porter Wins High Hurdles

William Porter, of Northwestern, won the high hurdles brilliantly by two yards in 13.9, with Craig Dixon of the University of California at Los Angeles second, and Clyde (Smackover) Scott of Arkansas third.

Another stunning upset came in the shot put. There had been reports for the past two weeks of a sore back plauging Charles Fonville, the tall, lithe shot-putter from the University of Michigan.

Fonville, counted on to achieve one of the greatest marks of any American at London, made what was for him a mediocre 53 feet 1-3/4 inches in the preliminaries yesterday, but bettered it on his last throw today with 54 feet 1 3/8 inches.

But others came up on their last throws, too, particularly Francis Delaney, who cut loose with 55 feet 1-3/4 niches.

It was the best mark ever made by the former Notre Dame athlete, who has grown in strength and ability since leaving college. Wilbur Thompson of the Los Angeles athletic club, on his next-to-last put, came up with 54 11-7/8 inches, and James Fuchs of Yale produced 54 feet 8-3/8 inches, a foot better than his previous best mark.

These three made the team, with Fonville left behind in fourth place, seven inches behind Fuchs.

Dodds had a pulled achilles tendon and did not even compete.

Roach Is Favored To Defeat Aaron Perry

WASHINGTON, July 10. (AP)—LaVern Roach, Plainview, Tex., middleweight is expected to be an 8 to 5 favorite when he steps into the ring against Aaron Perry in the feature bout at Griffith stadium Monday night.

If Roach wins, plans are to book him against Rocky Graziano, recently deposed middleweight titleholder, in New York's Madison Square Garden next September.

Perry, a Washington product who is on the comeback trail, boxed four rounds with Ken Stribling today in his final tune-up.

Roach topped off his training by trading blows with "Stonewall" Jackson.

Looking for hard punching from Perry, Roach will be helped in his corner by a three-man strategy board—co-managers Chris Dundee and Johnny Abood, and trainer Charlie Goldman, handler of three former world's champions.

Last year Roach was chosen the ring's "rookie for the year" and some sports experts have dubbed him the best fighter developed during World War II.

Grandstand Seats For JC Fights Now On Sale

Six Fights On Card Definitely Slated

Virtually all ringside seats for the Lubbock Junior Chamber of Commerce fight card at Rosenthal Field July 22 had been sold by late Saturday afternoon.

Only a few rows remained in the wing ringside sections, A and E, while the three center sections had already been taken. In addition, a block of reserved seats in the grandstand, where baseball fans have reserved seats immediately behind home plate, went on sale and began to go rapidly.

Several sales of the reserved seats in the grandstand were made soon after they went on the block and Jaycee officials expect them to go fast. They are among the best seats in the stadium, give a clear view of the ring and are close enough to give a good picture of the activities.

Must Pick Up Tickets

Baseball box seat ticket holders, faced with reserving their boxes before Monday noon, were hurrying to make reservations. Approximately a third of the boxes had been sold by closing time Saturday.

Preston Baumgardner, in charge of reserved seat sales, said that all persons making reservations over the phone should pick up their tickets not later than Wednesday. Unless Lubbock residents pick up their reservations, Baumgardner declared, they face the possibility of losing them.

Card Almost Arranged

Meanwhile, Bert Kahn arrived back in town from El Paso and announced that six of the fights on the card definitely had been scheduled. For the main event, Kahn has lined up two topnotch featherweights, Jose Andre of Dallas and Waldo Romero of El Paso.

The second eight-rounder will bring together Howell Steen of Lubbock, an outstanding fighter, with Billy Louderman of New York, a stablemate of LaVern Roach of Plainview when both were in the Marines. Steen and Louderman are middleweights.

Joe Music of Lubbock, an Oklahoma Golden Gloves champoin and a Marine Corps veteran, who has fought professionally in Oklahoma and California, will be paired in a four-round preliminary bout with Tommy LeNoir of Bryan, Tex., a clever club fighter. Both men are heavyweights.

The other two fights involve Bill Henderson of Levelland and J. D. Kirkpatrick of Petersburg, featherweight and light heavyweight rspectively. Henderson will fight Pancho Guzman of Juarez, Mex., and Baltimore Hernandez of El Paso has been signed to fight Kirkpatrick.

Between The Lines...

By Joe Kelly

The City Open Golf tournament opened yesterday at the Meadowbrook Publinx Golf club, with a good turnout of golfers for the first annual event that is being sponsored by the Optimist club. The event certainly is worthy of mention. Any time upwards of 200 golfers vie for prizes totaling almost $1,000, there is bound to be general interest. And no golfing event, locally, has attracted such widespread player interest as the tournament.

● ● ●

Devotees of golf are as rabid in their affection for that sport as baseball, football, basketball, boxing fans are for their particular favorite. The only difference is that golf, despite the fact that it is probably played by more persons than most other sports, never has been considered a major sport. It is a highly developed game of skill, where nerves, coordination and muscle all are brought together in a fine mixture. Luck, of course, does enter into golf, as it does in other sports, but generally, skill plays the greatest part.

● ● ●

One of the better golfers of Lubbock is entered in the tourney and his progress will be followed with interest. That's Jimmy Goldman, the young Braniff Airlines employee, who only recently turned in the second lowest qualifying score of the National Open Golf tournament. Jimmy, not entirely an unknown, fired a blazing par on the Lubbock Country club course to qualify behind El Paso's Jack Harden, who chose that particular cloudy, wet day to fire the lowest qualifying score in the nation. Both men made the trip; both men finished out of the upper brackets.

● ● ●

Despite that, Jimmy Goldman brought back memories of golfers and an event that couldn't be bought. He was impressed most of all by their work on the greens and by their technique, which was almost universally the same. Putting played the biggest part in the difference between a good golfer and a winner, in his estimation. He pointed out that professional golfers, contrary to popular opinion, don't try for long tee shots necessarily, but for accuracy. Accurate shots are more important in golf than great distance. Jimmy said that the pros at the Riviera Country club course in Los Angeles, Calif., were like machines—and they were all good.

● ● ●

He thought that several golfers equalled Ben Hogan, the 1948 winner, in technique, but that "it just wasn't their day." Hogan travelled the course without what sportswriters love to term color. Jimmy Demaret, on the other hand, continually played to the galleries, which sometimes reached 15,000 persons. The Hub City golfer also opined that most of the better golfers in the tourney were either Texans, or former Texans, and that they were in a general age group of 30 to 36.

● ● ●

Goldman told of a humorous incident that almost upset established Open Golf tournament rules and regulations. During the middle of the playoffs, a little dog came within a close shave of breaking up one match. Suddenly, from out of nowhere, this dog ran out on the course, picked up a player's ball and disappeared. The puzzled USGA officials went into a huddle, gesticulated widely for a few minutes and finally came up with a ruling that the player involved might drive another ball without penalty.

● ● ●

Jimmy thought that the Riviera club was one of the most beautiful courses he had ever seen, picturing it as being in a valley leading to the ocean, with mountains surrounding it. He said that the course was filled with natural obstacles, tall, large trees that made anything but accurate golf dsiagreeable to the golfer. He also took an aversion to the sand traps, with which the course was well guarded. A hook took the golfer into the trees and a slice landed him in a trap.

● ● ●

The dapper Lubbock golfer also noticed what he called strange styles and people at the tourney, mentioning one bearded man who appeared barefoot and wearing a burlap suit. Goldman declared he would have been well dressed in overalls. He also described the appearance of Adolph Menjou, who came on the scene wearing checked knickers and a little Swiss-mountain type hat. Goldman went on to say that the hat looked "dinky" and the costume "ridiculous", but that West Coast connoisseurs predicted the outfit would be the top of fashion within 10 years. Jimmy's answer was "I'll have to wait 10 years before I'll come out in anything like that."

Gassers Sweep Two From Loboes

BORGER, July 10 (Special)—Borger's powerful Gassers pounded the Lamesa Loboes for a double victory here tonight, 19-4 and 14-8, behind the hurling of Clayton Fries and Ray Edwards.

An unusual triple play was turned in by the Lobo infield in the fifth frame of the second game, when—with runners on first and second—an attempted sacrifice bunt was popped up to the pitcher. A relay to second and first got one runner, then Verdun Gilchrist was tagged at third on a good throw by First-Sacker Gosney.

The box score:

Twelve Errors Mar Game

CLOVIS, July 10. (Spl)—Bob Clodfelter came on in relief of Relief Hurler Royce Mills in the ninth inning here tonight and protected a Lubbock Hubber victory, 14-13, with help from Frank McAlexander.

McAlexander, with the Hubbers leading by one run and two men out in the last of the ninth, went far over to the foul line to make a spectacular stop of Ray Machado's hard hit grounder. The Hubber third sacker somehow came up with the ball and made the long throw to first to beat the runner. The brilliant fielding play saved the Hubbers from possible defeat, with Manager John Bottarini, a dangerous clutch hitter, ready to come on to hit next.

Russell Fails Early

Cotton Russell, who started the game, developed the same case of wildness that plagued Red Ramsey Friday night. He allowed Clovis to take a 1-0 lead in the first inning and then was forced to retire in the second with only one out.

Ray Sanders and Jess Jacinto opened the frame by walking, but Machado fanned. Then Russell strolled Tootie Dobbs, losing hurler and Mike Dalton, the final pass sending Sanders in to score and bringing in Mills. Frank Pacheo walked to force in Jacinto. Chuck Novotney grounded back to the box and Mills threw home in time, only to have Don Moore drop the ball, Dobbs scoring. Ray Bauer grounded out to score Dalton and Serafini fanned to end the inning.

The Hubbers, to make up for giving Cloyis four runs without a hit, came back to dent the rubber seven times in the fourth. Charley Scarborough opened it with a single and went to second on an outfield error, going to third on a wild pitch. McAlexander and Mills walked to load the sacks and Jackie Wilcox also strolled, forcing in Scarborough.

Gene Hixson hit a perfect double play ball to Machado, who kicked the grounder and all hands were safe, McAlexander scoring. Manager Jackie Sullivan fanned for the second time, but Virgil Richardson doubled to score Mills, Wilcox and Hixson. Moore smashed a home run to score Richardson ahead of him and end the scoring.

Moore was safe on a fielder's choice in the ninth and Chick Fowler hit his 17th homer of the year to give Lubbock its 13th and 14th runs. It was fortunate he did, for the Pioneers came back with five runs on four hits, an error, a walk and a wild pitch.

Sunday night the Hubbers will send Bobby Layne against the Pioneers in an effort to take the rubber game of the series, with Mel Kramer due to start for Clovis.

BLACK HUBBERS TO PLAY

The Lubbock Black Hubbers will go to Kermit Tuesday night for a game with the Kermit Oilers, a white semi-pro team, with the game scheduled to begin at 8:30 p. m. Jack "Rocking Chair" Brown will be behind the plate for the Black Hubbers and will give his usual amusing show.

Glazed chintz ruffling in three patterns and a wide range of colors, used for framing windows, mirrors, bed-spreads, pillow tops, can be bought already shirred. It comes in either a 5-inch or 10-inch width.

Match Play In City Open Starts Monday

Marshall Low Qualifier

Approximately 25 Lubbock golfers had posted qualifying round scores for the annual City Open links tourney late Saturday afternoon at the Meadowbrook Publinx clubhouse, with at least 50 additional qualifiers slated to beat the entry deadline tonight.

Hard-driving Raymond Marshall paced early qualifiers with a sub-par 68, with young Jimmy Goldman pressing him with a brilliant 69. Four men, Lindsey Telford, Chick Trout, sr., Oran Wilson and Roy Howard, tied with identical 70s.

Other qualifying round scores included A. H. Howard, 80; James Cook, 85; Kay Bradshaw, 72; Manson Allen, 71; Sloan Fortenberry, 88; J. R. Callahan, 79; Preston Smith, 89; J. F. Nicholson, 80 Jim Black, 81; Lofton Burnette, 71; R. W. Smith and Allen Orr, 76; John Puntch, 95; L. O. Neill, 100; Dr. J. O. Haymes, 81; and Ben Williams, 89.

Match play in the tournament, sponsored by the Lubbock Optimist club, will get underway Monday, and first and second round matches must be played not later than Sunday night, July 18.

More than $850 in prizes are being offered, in addition to trophies to the winners of each flight. Prizes include radios, clubs, sweaters, a set of registered irons, golf bags and carts and dozens of other items.

The tournament is open to any Lubbock resident or member of the Meadowbrook Publinx club, with payment of a five dollar entry fee the only requirement. All qualifying rounds must be shot before tonight, however, officials emphasized.

Proceeds of the tourney will be used by the Optimist club to stimulate interest in golf among Lubbock youngsters.

Texas Cup Amateurs Named

Squad To Play Top Texas Pros

DALLAS, July 10 (AP)—Every section is represented on the amateur squad that will play the top professionals in the Texas Cup matches at Fort Worth July 24-25.

Felix R. McKnight of Dallas, non-playing captain, today announced the squad of 20 from which 15 will be selected to play the professionals. Houston led all other cities by landing four on the squad. Dallas got three and Denton and Fort Worth two each.

Maxwell Named

Billy Maxwell of Abilene, the Texas Junior champion, and Earl Stewart, Jr., of Longview, the Texas amateur titlist, received unanimous support from the Texas sports writers who selected the team.

Here is the amateur squad:

Billy Maxwell, Abilene; Earl Stewart, Jr., Longview; Dick Martin, Dallas; Don Cherry, Wichita Falls; David Goldman, Dallas, Dick McCreary, Houston; Ed White, Houston; Gene Towry, Denton; Bill Roden, Odessa; L. M. Crannell, Denton; Douglas Higgins, Fort Worth; Jack Munger, Dallas; Bobby Riegel, Houston; Ed Hopkins, Austin; Joe Moore, Jr., San Antonio; Jack Williams, Plainview; Tyrrell Garth, Jr., Beaumont. Munger, Riegel, Hopkins, Moore, Williams and Garth tied for the last four places on the team of 15); alternates — Mike Decesaro, Houston; Palmer Lee Lawrence, Arlington, and T. A. Averello, Fort Worth.

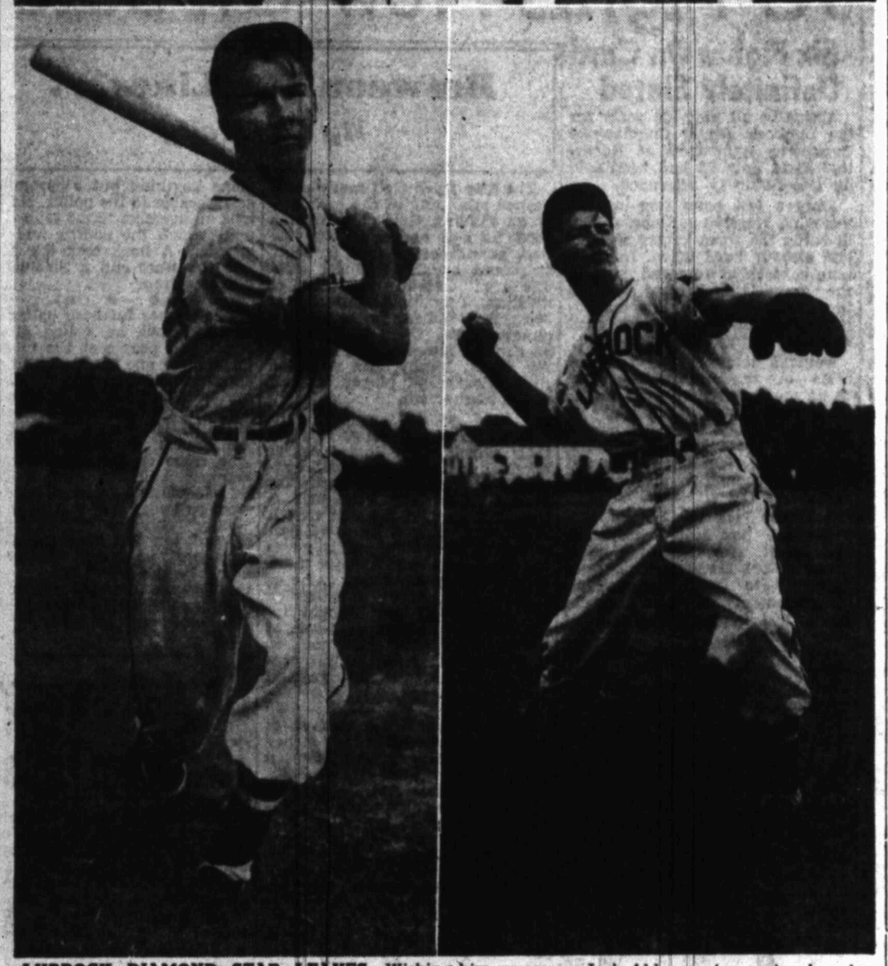

Some May Decline

McKnight today sent invitations to the members of the squad to determine how many will be able to participate. He anticipates that several may decline the invitation but thinks that there will be more than 15 left out of the 20.

Byron Nelson of Roanoke is playing captain of the professional squad which is composed of the first 18 finishers in the Texas P. G. A. open tournament held at El Paso June 17-20. The first 15 make up the team with the next three as alternates. These are: Nelson; Lloyd Watkins, Midland; Jack Harden, El Paso; Charles Klein, Amarillo; Elroy Marti, Houston; Sam Speer, Raymondville; Raymond Gafford, Fort Worth; Frank Champ, Lake Charles, La.; Tod Menefee, San Antonio; Jack Smith, Beaumont; Don Murphy, Texarkana; Jimmy Adams, Paris; Sam Schneider, Houston; Ray Hill, Shreveport; Milton Ward, Baytown; C. B. Mims, Dallas; Tom Sockwell, Temple; George Aulbach, Amarillo.

The teams will play 15 singles matches and as many doubles as may be arranged. The matches will be at Rivercrest country club.

LUBBOCK DIAMOND STAR LEAVES—Wishing him success as Jack Alderson, top center, boards a Braniff airliner for the National Baseball Festival of the Ozark mountains at Van Buren, Ark., are a group of Lubbock civic leaders whose organizations helped sponsor his trip. With Alderson in the top photo, left to right, are Irving L. Jones, president of Rotary club; Elmer Tarbox, vice commander of the American Legion post here; Joe Holmes, representing the Legion; Earl Collins of Lubbock Chamber of Commerce; and John Lowery and Ralph Gossett, representing the Lions club. The hostess welcoming Alderson aboard the plane Saturday is Miss Dorothy Powers of Rochester, Minn. In the lower photos Alderson demonstrates the batting and fielding form that won him the honor of official ambassador from Texas to the baseball festival and a place on the United States All-Star nine. His parents, Mr. and Mrs. Walter G. Alderson of 2222 Seventeenth, will fly to Arkansas to join him early in the week. (Staff Photo).

Border Conference To Meet Sanity Code

TUCSON, Ariz., July 10 (AP) — Border Conference schools will adhere to national regulations regarding the NCAA Sanity Code, Prof. Emil Larson, Border Conference commissioner, said today.

Changes are being made by several of the nine universities and colleges comprising the conference in Arizona, New Mexico and West Texas, he added, to bring them into conformity with the new regulations.

NO CHANGE NECESSARY AT TEXAS TECH

Coach Dell Morgan of Texas Tech last night expressed puzzlement at Larson's statement that "changes are being made . . ."

Morgan said that absolutely no changes had to be made at the Red Raider institution, that they had been observing all portions of the NCAA Sanity Code for a long time.

"I can't quite figure out what he (Larson) means by changes. The Border Conference has observed strict prohibition of proselyting, including financial inducements other than routine athletic scholarships that are strictly scrutinized.

"We have been observing the so-called Purity Code at Texas Tech and shall continue to observe it to the letter."

Athletes are given slight financial remuneration in return for campus work at Texas Tech. In fact, the small amount actually paid has led alumni to complain that they can't compete with other institutions who do not observe the code so closely.

When recipes call for "trying out" salt pork or other fat, cut it in small pieces and heat it slowly in a heavy frying pan until the fat is extracted.

Recently Annexed Port Arthur Areas Are Ruled Legally "Dry"

AUSTIN, July 10 (U.P.)—Areas recently annexed to Port Arthur are now legally dry, even though they were "wet" at the time of annexation, the Attorney General's department ruled today.

The department ruling told Jep S. Fuller, county attorney of Jefferson County, that annexed wet territory of a city is governed by the city ordinances and the charter of the annexing city.

Port Arthur, operating under local option, specifies certain areas for the sale of liquor.

In the opinion, the attorney general held that "since the area where alcoholic beverages can be sold does not lie in the newly annexed areas, alcoholic beverages cannot legally be sold in the annexed areas."

DOGS FEEL IT TOO

MEMPHIS, Tenn. (U.P.)—A veterinarian, a nurse, and police and courthouse employes worked for more than an hour to revive the victim of a heat stroke. Just when the rescuers were losing hope the ice-packs took effect and the bulldog staggered to his feet.

Soccer Football Squad Will Attend London Olympic Games

ST. LOUIS, July 10 (INS)—The president of the United States Soccer football association said today that the U. S. Olympic soccer team will definitely go to London to compete in the games.

Walter Giesler of St. Louis said:

"We've gone this far and certainly don't want to disappoint those boys on the Olympic squad."

The statement followed reports that some American teams will have to stay home unless money is raised for the Olympic fund.

Giesler said the U. S. S. F. A. went on record during its recent convention in St. Louis with an assurance that "if necessary we would furnish the money from our own fund."

Braves Nose Out Phillies, 4 To 3

BOSTON, July 10. (AP)—Big Bill Voiselle hurled the top place Boston Braves to a 4-3 win over the Phillies tonight before a 25,023 crowd. Shortstop Alvin Dark hit safely in his 22nd consecutive game as the Tribesmen strengthened their first place National League lead.

Winning pitcher—Voiselle. Losing pitcher—Leonard.

DODGERS BLAST GIANTS

NEW YORK, July 10. (AP)—The Brooklyn Dodgers stormed into fourth place in the National League today, blasting the New York Giants, 15-10. A seven-run seventh-inning rally, highlighted by Jackie Robinson's three-run inside-the-park homer, turned the tide in favor of Brooklyn. The Giants, who dropped from fourth to fifth place, used seven pitchers.

Winning pitcher—Behrman; Losing pitcher—Trinkle.

CELLAR CUBS EDGE PIRATES

CHICAGO, July 10. (AP)—Bill Nicholson smashed a triple off the right-field wall with two mates on base in the eighth inning to lead the Cubs to a 4-2 victory over the Pittsburgh Pirates here today.

Johnny Schmitz allowed only two hits in besting "Rip" Sewell, who was kayoed by Nicholson's blow.

PITTSBURGH	020 000 000—	2	2

Sewell, Higbe (8) and Kluttz; Schmitz and Scheffing.
Homer—Pafko Chi 6th.

REDS TRIP ST. LOUIS

ST. LOUIS, July, 10. (AP) — Johnny Vandermeer held the St. Louis Cardinals to five hits through six innings, then worked out of a three-run seventh inning uprising to salvage a 4 to 3 victory for the Cincinnati Reds tonight. Grady Hatton's sixth inning home run with no one on base proved the winning run.

CINCINNATI	010 201 000—	4	8
ST. LOUIS	000 000 300—	3	10

Vandermeer and Lamanno; Dickson, Pollet (8) and Baker, Rice (8).
Homer for Cin—Hatton 6th.
Homer for StL Jones 7th (1 on).

Lubbock Legion Nine Shades Wichita, 3-2

WICHITA FALLS, July 10. (Spl)—Lubbock's speedy American Legion nine rallied in the fourth inning to push across three runs and nose out the Wichita Falls team, 3-2, in a non-conference tussle here this afternoon.

The Wichita Falls boys scored twice in the initial frame when, with the bases loaded, Lubbock Pitcher Hulen Fowler let go with a wild pitch. But the Hub city nine surged back on a fourth stanza double by Jack Cook to go into the lead.

The linescore:

Lubbock	000 300 0—	3	5	2
Wichita Falls	200 000 0—	2	5	5

Fowler and Cook; McCulley and Darnell.

Cerdan Decisions Delannoit; Assured Of Fight With Zale

BRUSSELS, July 10. (INS) — Marcel Cerdan of France regained the European middleweight championship tonight by winning a decision from Cyrille Delannoit of Belgium.

Delannoit defeated Cerdan on May 23.

Cerdan's victory assures him of a crack at Tony Zale's middleweight championship. Negotiations for this world title match had been pending for some time, but were contingent upon a Cerdan victory over the Belgian.

Cerdan's triumph also evened his score with Delannoit, whose decision over the Frenchman in their previous meeting was hotly disputed. That was the first time Cerdan ever had lost a decision in his long ring career, although he ha twice been disqualified.

Star Fiddle Captures Starlet Stakes At Hollywood Park

INGLEWOOD, Cal., July 10 (INS)—Star Fiddle, an outsider at odds of 17 to 1, today won the $25,000, six-furlong Starlet Stakes for two-year-old at Hollywood park.

The winner finished three-quarters of a length ahead of Audacious Man and paid the neat price of $35.60, $13.60 and $9.60 on the $2 mutuels.

Star Fiddle, owned by Roy T. Harper, won by getting out in front and staying there in a crowded field of 15.

Richardson Paces Batters

Clodfelter Tops Hubber Hurlers

Virgil Richardson was pacing the Hubber regulars when the West Texas-New Mexico League batting averages were compiled at the mid-way point in the season, the Lubbock first baseman pounding the ball at a .403 clip.

This was one point less than Rookie Catcher Floyd Walker, who sported a .404 average, but Richardson played in 68 games, compared to Walker's 39.

Manager Jackie Sullivan was next in line with .366, while Charley Scarborough, rookie centerfielder had an average of .355. Among the regulars, only Third Baseman Frank McAlexander and Shortstop Jackie Wilcox were hitting under .300, McAlexander batting .286 and Wilcox, .272.

Clodfelter Tops Hurlers

Bob Clodfelter had worked in more games than any other regular Hubber hurler and had the highest number of wins, eight, but yielded performance records to Cotton Russell, who won seven and lost three. At the same time, Clodfelter had the best earned run average.

In team fielding the Hubbers stood tied for third with an average of .946, Abilene locked with them and both nines falling behind Pampa and Borger.

Fausett Leads Hitters

Leading the loop in hitting was Amarillo Manager Buck Fausett, who pounded the ball for a .431 average. Manager Art Bowland of Abilene finished second halfway through the season with .405.

Bob Crues of Amarillo threatened Bill Serena's home run mark by crashing 34 for the first half. If he maintains that pace over the second portion of the season, Crues easily will surpass Serena's 57 roundtrippers of 1947.

Avon Driggers of Pampa boasted an earned run average of 3.52 and had won 11 games while losing two. George Matthews of Clovis had won the most games, 13, while losing four. He also had the top strikeout record with 117 in 131 innings.

WT-NM League Mid-Season Averages

Official WT-NM League averages compiled by Bill Chick of Abilene, official league statistician, for games through June 29 representing the half-way mark in the season.

Wagner Park Downs Red Cap Nine, 7-6

Billy Presley's homer and two doubles paced the Wagner park nine to a 7-6 victory over the Red Caps in a Gang Softball loop tussle Saturday morning.

Earlier the Red Caps drubbed the Hubber Juniors, 17-6, and the Bull Frogs edged the Twenty-seventh street Tigers, 15-12. Edward Haney was the winning hurler for the Frogs.

Standings of the two city softball circuits, as announced by the City Recreation department:

Carter To Meet Weidner In Main Mat Event At Allen's Arena Wednesday

One of the better wrestling cards of the summer season has been booked into Sled Allen's arena for Wednesday night, with the usual main event, semi-final and preliminary bouts.

Jack Carter of New Zealand, who made such a good showing here last week, will take on Boston Bill Weidner in the main go, a two out of three falls match with a one-hour time limit. Carter is in top condition and showed the fans good wrestling, while Weidner always is in condition. Weidner also has a way of wearing his opponents down and the match looks like a natural.

Dory Detton of Amarillo, wrestling promoter for that city, meets Pat O'Dowdy of Big Spring, wrestling promoter for that city, in a bout of promoters in the semi-final. Detton is rounding into condition and can take it, as well as give it. O'Dowdy cares little for the rules of the game, getting away with as much as possible. Both are experienced men in the ring.

George Curtis of Vicksburg, Miss., who hasn't been showing in these parts for some time, returns in the prelim to take on Art Brady of Huntington Park, Calif. This is Brady's first appearance in a long time in Lubbock and, after Army service, he has been working on the West Coast.

Tickets will go on sale at Wylie's Drug store at 9 Wednesday morning and will be available there until 5 p. m. They also may be purchased at the doors the night of the first, with the first bout scheduled to begin at 8:30 p. m.

Sports Study

By Earl Scudday

Reports from Abilene indicate that tickets for the Texas All-Star grid classic, scheduled the night of Aug. 6 as the climax of the annual coaching school, are moving at an unusually rapid rate and officials are already sure that a sellout crowd will be on hand at kickoff time. All hotel reservations have been taken for the week of the school, officials warn, but plenty of private and dormitory rooms will be available for fans.

• • •

One of the most important reasons for the early run on the ducats is, apparently, the prospect of seeing c[illegible] of the best tilts in schoolboy [illegible]-Star annals. The North squad is loaded with standouts, including Odessa's Byron (Santone) Townsend and Gordon Headlee, Wichita Falls' Bubba Wood and Barlow Hill, Plainview's Bill Howton, Dick Schmidt of Lubbock and Val Joe Walker of Seminole. The South will field a power-packed squad headed by members of Brackenridge's state champions. With such able coaches as Bobby Dodd and Ray Ellis of Georgia Tech directing North strategy, and Matty Bell and Rusty Russell of Southern Methodist coaching the South eleven, the game should develop into a torrid contest.

• • •

Abilene officials have staged several of these All-Star shows in recent years and there is no doubt that they will do a good job. But many Lubbock and South Plains sports fans are sure to question a procedure that allows one city to get more than its "fair share" of the coaching schools and accompanying cage and grid tilts. Abilene is not to blame—their officials are perfectly justified in getting the feature there every year if they can. That's just good business for the town and a real boost for Abilene fans. There is basis for criticism of other Texas cities that have fallen down on the job, however.

• • •

There does not seem to be a logical reason why Lubbock should not make a strong bid for the coaching school in 1949. The best stadium in West Texas — Texas Tech's new Jones stadium — is available for the All-Star grid tilt, and surely Tech and/or Lubbock High could offer the school as many classrooms and other facilities as Abilene or El Paso, the site of the 1947 clinic. In the past the lack of hotel accommodations has been a deterrent, but with the completion of the two giant new dormitories at Tech, Lubbock could solve the housing problem by the same method as that used at Abilene.

• • •

The only handicap regarding the school, as far as can be determined without a complete and detailed investigation, would be a place to stage the All-Star basketball game. But even this problem might be solved by the use of the new High school field house which will soon be constructed at Chapman field. It is true that the 2,500 or 2,800 seating capacity would not be really adequate, but if that was the only unfavorable factor in the entire setup, it seems probable that the difficulty could be worked out to the satisfaction of everyone concerned. As for the factor of climate, Lubbock could offer just as favorable conditions as could El Paso or Abilene, and infinitely better than conditions in Central, East or South Texas.

• • •

Lubbock and South Plains fans will support any worthwhile sports event, the facilities are available and the "rotation plan" of selecting the school site favors Northwest Texas. How about it, fans?

Browned flour, used for Brown Sauce, may be made by putting a thin layer of the flour in a skillet and stirring it over low heat until it is evenly browned.

Kansas Barred From Big Seven

KANSAS CITY, July 10 (INS)—A conference faculty group today conditionally suspended Kansas university from the Big Seven athletic conference.

Suspension came over a dispute in interpretation of wartime eligibility regulations.

The faculty ordered the university suspended for defiance of the ruling approved by advisers in Lincoln, Neb., last May, and gave the institution until July 24 to advise other league members of its willingness to abide by the new interpretation.

Failure to do so would mean automatic cancellation of all athletic events with other conference schools.

The dispute arose over a ruling that four years of eligibility assured war veterans must include all years of junior college and freshman participation.

Kansas university chancellor Deane W. Mallot brought the disagreement to a head last week when he declared that four University of Kansas athletes would play next season despite doubtful eligibility status under the new ruling. Mallot said the new ruling would "break faith" with those students eligible for another year under the earlier interpretation.

FALKENBURG DEFEATED

PARIS, July 10 (AP)—Marcel Bernard, French Davis Cupper, today eliminated Bob Falkenburg, Wimbledon tennis champion, from the Paris International tourney 6-2, 3-6, 6-2.

American Loop Favored

All-Star Battle Set For Tuesday

ST. LOUIS, July 10 (INS) — The past-performance chart of the American League makes it an odds-on choice to defeat the National League in the fifteenth annual major league All-Star baseball game Tuesday in St. Louis.

Prices quoted tonight by oddsmaker Jimmy Carroll listed the American Leaguers at 11 to 20 favorites. The National League team was quoted at 3 to 2.

35,000 Attendance Expected

A capacity throng of 35,000 persons is expected to jam Sportsman's park for the classic — the net proceeds of which go to the players pension fund.

It was understandable that the American League should be favored. Representatives of the junior circuit have walked off with ten victories while the National League All-Stars have won only four games since 1933 when the first contest was played in Chicago's Comiskey park.

Game time is 1:30 p. m. (CDT). Should the elements cause a postponement, the contest will be reset for Wednesday starting at 11 a. m.

League Moguls Arrive

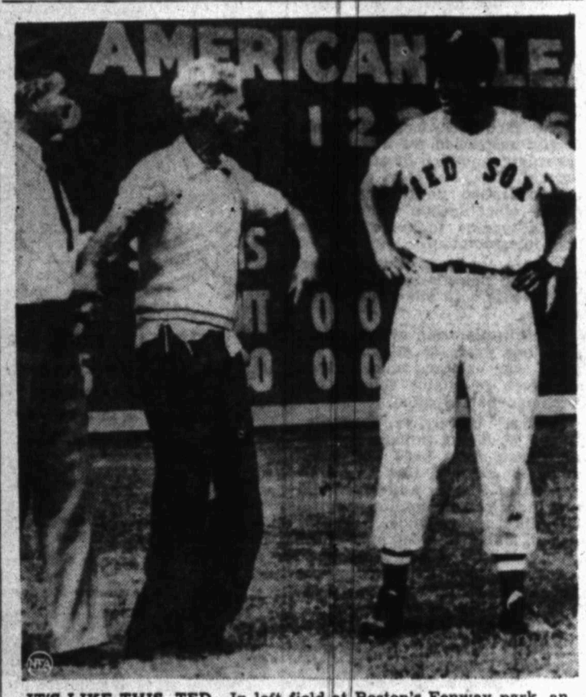

Major league moguls and others closely identified with the national pastime will begin arriving in St. Louis Sunday. On Monday, the American and National League solons will hold a meeting at the Chase hotel.

A number of subjects will be discussed. The bonus rule, applying to the signing of promising young prospects, may be up for inventory at the executive session.

Manager Bucky Harris of the New York Yankees and pilot Leo Durocher of the Brooklyn Dodgers will direct the American and National League teams.

BAMBINO UP AND ABOUT

NEW YORK, July 10. (AP)—Babe Ruth is reported "up and about most of the time" at Memorial hospital. An attendant said that Ruth has improved steadily since entering the hospital June 24. He is receiving radiation treatments.

IT'S LIKE THIS, TED—In left field at Boston's Fenway park, an ardent admirer shouts a few last words of advice to Red Sox slugger Ted Williams before being taken away by an attendant. The fan held up the game when he jumped over the wall, and engaged his idol in conversation. Joe DiMaggio was the center of a similar disturbance at Yankee stadium.

Third Annual Veterans Golf Tourney To Be Held At Temple, Texas July 17

TEMPLE, July 10. (Special)—The Third Annual Veterans Amateur State Golf Championship Tournament, co-sponsored by the Junior Chamber of Commerce and the Special Services Division of McCloskey Veterans Administration Hospital, Temple, Texas, will be held on the hospital golf course July 17-18, it was announced by the Golf Committee composed of Tom Sockwell, Chairman, Vernon West, Bucky Walters, M. L. Harper, and Harley D. Mitchell.

Tournament play will be open to all Texas veterans of World Wars I and II and all members of the Armed Services. The entry fee will be $4.00. Tournament play will consist of an 18 hole qualifying round, to be played anytime between July 12th and 17th, between 8:00 a. m. and 7:00 p. m., and 27 hole Medal Play by flights, USGA Rules, on Sunday, July 18th. Official entries may be made through the Special Services Office, McCloskey Veterans Administration Hospital, Temple, Texas.

The recent rains and added care of the greens and tees have put the course in tip-top condition. Approximately 20 have jumped on the bandwagon already, most of them from Houston, and registration is expected to hit full swing late this week.

The James A. McCloskey Trophy which is donated annually by the Temple Coca Cola Bottling Company will be awarded the winner in addition to a $90.00 set of 8 Gene Sarazen Registered Irons. There will be a total of $600.00 in golf clubs and accessories.

A Buffet Dinner Dance will be held at the VA Employees' Club on Saturday evening July 17th in honor of the tournament entries, and will be open to all Club members, members of the Jaycees, and their guests.

Red Sox Blank Athletics, 4-0

PHILADELPHIA, July 10 (AP)—The Boston Red Sox spotted Jack Kramer four runs in the first inning today and the big righthander scattered 10 hits in blanking the Philadelphia Athletics, 4-0, before 13,000 fans. All were scored on home runs. Vern Stephens cracked a four-bagger with two on and Bobby Doerr homered with the bases empty.

BOSTON	400 000 000—	4	7 0
PHILADELPHIA	000 000 000—	0	10 0

Kramer and Tebbetts; McCahan and Rosar.

Homers—Stephens Ban 1st (2 on), Doerr Ban 1st.

YANKEES BEAT SENATORS

WASHINGTON, July 10 (AP)—Johnny Lindell's two-run single highlighted a three run tenth inning rally today that enabled the New York Yankees to beat the Washington Senators, 5-2. Vic Raschi went the route for the winners to post his tenth victory.

NEW YORK	100 000 100 3—	5	12 1
WASHINGTON (10 innings)	010 000 100 0—	2	7 1

Raschi and Mathos; Haefner and Early.

BENGALS EDGE CHISOX, 5-4

DETROIT, July 10 (AP)—The Detroit Tigers punched out a 5-4 victory over the lowly Chicago White Sox for their sixth win in a row. Dizzy Trout was the winning pitcher, who needed help from Art Houtteman in the eighth inning.

CHICAGO	100 001 002—	4	11 ?
DETROIT	201 010 01x—	5	11 2

Haynes, Gillespie (1); Caldwell (6), Grove (7) and Robinson; Trout, Houtteman (8) and Swift.

Winning pitcher—Trout. Losing Pitcher—Haynes.

Pail Of Water Wins Rich Lassie Stakes

CHICAGO, July 10. (INS)—Pail of Water poured it on in the stretch to win the $51,600 Lassie Stakes before 23,402 fans at Arlington park today.

Swift-running Pail of Water stood off Chicago-owned Alsab's Day customary stretch run. The latter came like the wind with home in sight, but finished a length and one-half out of first place to disappoint backers who made the filly a 9 to 5 favorite.

Stole, owned by Hal Price Headley, was third by a nose over Seeley in the two-year old filly race.

Pail of Water paid $8.20, $3.80 and $3.20.

Alsab's Day paid $3.20 and $2.60.

Stole paid $4.60.

Easy to keep clean is a new clothes line made of rayon and coated with plastic. It is said to have a very low stretch rate and can be tied easily.

1948 Hunting Dates Set By Commission

AUSTIN, July 10 (U.P.) — The Game, Fish and Oyster Commission today set regulations governing the 1948 open season on white-wing and mourning dove and antelope, and recommended a change in the shooting of waterfowl.

The commission, at a regular quarterly meeting, maintained the status quo on the length of season and bag limits on mourning dove and white-wing dove.

Waterfowl Season Extended

The staggered white-wing season was set for Sept. 17, 19 and 21, with shooting from 4 p. m. to sunset. The bag limit on both white-wing and mourning dove remains the same, 10 a day and 10 in possession.

But the commission recommended to the U. S. Fish and Wildlife Service that a 35-day continuous season on migratory waterfowl — ducks, geese, brant and coot — be observed, instead of the split season in effect in 1947.

The commission did not recommend any specific dates for the 35-day season. Such a season would replace the split season set in 1947, when shooting extended from Nov. 4 to Nov. 17 and from Dec. 16 to Dec. 29.

Limit May Be Upped

The commission also recommended that the bag limit be increased on ducks and geese from four to eight per day.

Federal regulations are expected to be issued in August.

The same zones were set for hunting of mourning dove, with the north zone running north of a line running roughly northeast from Maverick to Sabine county, and the south zone south of that line.

Dates set for the north zone were from Sept. 1 to Oct. 15, with hunting in the south zone from Oct. 20 to Dec. 3. The dates were identical with those in effect in 1947.

Antelope Hunting Dates

The following dates were set for the regulated antelope hunt west of the Pecos:

Brewster, Jeff Davis, Pecos and Reeves counties, Oct. 1, 2 and 3; Presidio county, Oct. 5, 6 and 7; Presidio and Jeff Davis counties, Oct. 8, 9 and 10; and Hudspeth and Culberson counties, Oct. 12, 13 and 14.

The antelope hunt is operated on a permit basis by the commission. Last year some 700 permits were issued by the commission, and hunters killed almost 600 antelope. However, officials envisioned a decrease in the number of permits to be issued for the 1948 hunt.

The commission also took under advisement the request of a coastal sportsmen's group, which asked that a channel be dredged to connect San Antonio bay with Matagorda bay.

Dobson Will Replace Feller In St. Louis All-Star Tilt

CHICAGO, July 10. (U.P.)—The American League office here announced today that Joe Dobson of the Boston Red Sox has been named to replace Bob Feller as a starting pitcher in the All-Star game next Tuesday.

A spokesman for the league said it had been notified that Feller would "not be available for the game." It said it had no other details.

Dobson, star right hander with the Red Sox, has won 10 games and lost 6 this season.

A chicken that weighs about four to five pounds will give about 4 cups of solid meat for salad after it has been steamed.

CLEMSON TO MEET RICE

CLEMSON, S.C., July 10. (AP)—Clemson college football coach Frank Howard will match his gridiron savvy against his former boss, Jess Neely, when the Tigers meet Rice Institute at Houston, Texas, in 1949. The game will be played Sept. 24. It will be the first engagement between the teams.

Here's the **SECRET of GATES**
Silent-Safety Performance

Notice the *eleven ribs* in this unique tread design. The seven center ribs are *mechanical in action*. Here are just a few of the advantages the Silent-Safety Tire offers you:

- **Straight-Line Stops Even on Wet, Slippery Pavement.** The mechanically-acting ribs wipe away water film, making a dry track for the tire to grip.
- **Positive Traction in Mud and Snow.** The eleven ribs pull your car straight ahead. No swerving or rear-end side-sway in mud, snow, or sand.
- **Easier Steering.** The broad stabilizer ribs (two on each side of the tread) give remarkable stability at high speeds, prevent dangerous side-slipping on curves.
- **Silent Ride.** No knobs or blocks of rubber to bump the road causing vibration and hum. You experience the thrill and enjoyment of a truly SILENT RIDE.

Plus **LONGER MILEAGE.**

The firm-grip design cuts tread slippage to a minimum, giving thousands of extra miles of wear—and a real saving to you in tire costs.

With each GATES Silent-Safety Tire you get, free, a written SATISFACTION CONTRACT that pays the bill in case of damage.

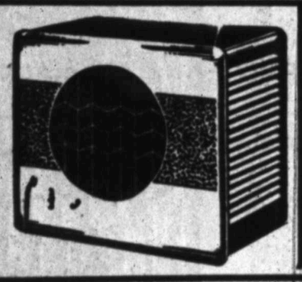

Let us demonstrate this outstanding tire to you today!

TECH PERSONNEL CONSULTED

Two Chilean Officials Inspect Oil Operations In Plains Area

By A. B. SLAGLE
Avalanche Staff Writer

After spending a week here in consultations with petroleum engineering department personnel at Texas Tech college, and in inspections of various oil production and exploration operations in the area, two Chilean government officials were to leave during the weekend for other areas.

The two were Dr. L. Claude, chief of the power and fuel department of Chile; and Eduardo Simian, superintendent of oil explorations.

Visited Tulsa Exposition

The two officials, whose wives are with them on their tour, have been in the states about two months, during which time they visited the oil exposition at Tulsa. They planned to go from here to Houston and other Gulf coast points for further study and field inspections that probably will keep them in Texas another 30 days before they return home.

Interested in all phases of the petroleum industry, and particularly in exploration, the two expressed deep appreciation of the reception they have received in the states, and remarked at length on the hospitality of American people.

They are interested in the facilities and personnel in the petroleum engineering department of the college here because it is their government's intention, they said, to encourage a number of Chilean students to attend schools in this country as part of a program for development of their own oil industry engineers.

Experiments Conducted

In the petroleum engineering laboratory at the college yesterday they were experimenting, with the aid of department personnel directed by W. L. Ducker, head of the department, in drilling certain types of sand and rock formations. These had been made to conform, as near as possible, to formations encountered in Chile.

Chile has never had, and does not now have, any oil production, they said, but explorations have revealed at least two apparently fertile areas in which it is anticipated may be started before long.

Both men are well acquainted with Geo. P. Livermore, of this city, who has extensive oil operations in parts of South America, but there was no indication whether Livermore planned to extend his operations into Chile.

After living in the shadow of the Andes mountains, one of the tallest and largest ranges in the world, in a country with wide variations in climate conditions, the visitors sometimes found trouble in keeping cool in this area of hot sunshine.

Chile, they explained, stretches along the western coast of South America, and from north to south is about as long as the distance from San Francisco to New York City. Yet in width, it is a maximum of about 100 miles.

Asked concerning the peculiar shape of the country, Simian answered that the eastern border was determined by nature's barrier, the Andes mountains.

The climate there varies from sub-tropical in the north to semi-arctic in the south, and agriculture varies accordingly.

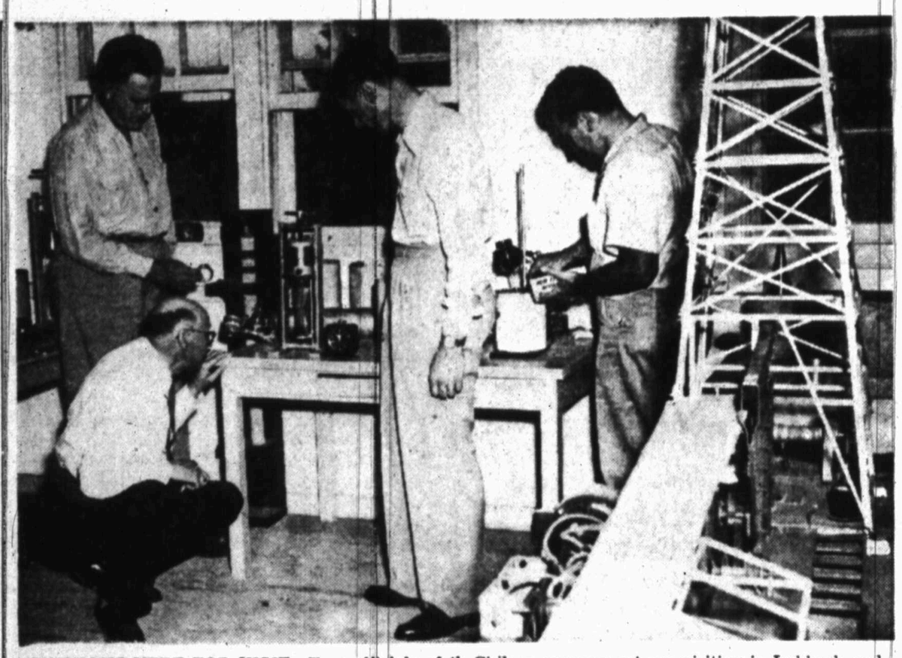

The visitors were primarily interested in oil, however, and believe that before long their country will be producing petroleum products.

Lockney Bank To Move To New Quarters During Remodeling

LOCKNEY, July 10. (Spl)—The First National bank here will move to temporary quarters this week to allow for installation of new office fixtures and building renovations, bank officials have announced.

The new fixtures have been ordered for about two months, and installation will begin as soon as the building has been vacated. The bank's temporary offices will be located in a building directly behind the bank building.

The work is expected to be completed by August 15.

CHILEANS HERE FOR VISIT—Two officials of th Chilean government are visiting in Lubbock and making observations and tests on oil exploration in the South Plains area. They are pictured above as they ran tests on drilling muds in the petroleum engineering laboratory at Texas Technological college. While here, they are also visiting with W. L. (Bill) Morrison, (second from left) superintendent of operations in Chile for Geo. P. Livermore, Inc. In the picture, left to right, are: Dr. L. Claude, head of the power and fuel department of the Chilean government; Morrison; Eduardo Simian, superintendent of oil explorations for the Chilean government; and Kye Trout of Dallas, American Association of Oil Well Drilling Contractors. (Staff Photo).

Final Services Held For Carole Landis

HOLLYWOOD, July 10 (INS)—The beautiful blonde body of Actress Carole Landis, cushioned in peach-colored silk, was laid to rest today atop a hill overlooking the Hollywood she loved so well.

Hundreds of movie celebrities and a thousand shirtsleeved fans bowed their heads at Forest Lawn Memorial park as final tribute was paid to the actress who killed herself with sleeping pills last weekend.

Among the 300 mourners cramming the Church of the Recessional were British leading man Rex Harrison, the man who last saw Miss Landis alive and who found her dead — victim of a lethal sleeping potion.

Besides Harrison sat his modishly clad wife, German-born actress Lilli Palmer, who flew from New York when she learned of the tragedy.

Harrison, Miss Palmer and two of the dead actress' former leading men—Van Johnson and Lee Bowman—needed police protection to ward off hordes of movie fans as they fought to enter a side entrance of the church.

The pallbearers, too, were beleaguered by avid admirers of the blonde actress. The pallbearers included crooner Dick Haymes, Caesar Romero, Pat O'Brien, golfer Lou Wasson, Ben Nye and Willard Parker.

Compromise Settlement In Case Approved By Judge Dan Blair

Judge Dan Blair of the 72nd judicial district Saturday approved a compromise settlement agreement whereby H. G. Runnels recovered $1,400 in his compensation benefits case against Texas Employers Insurance association.

The case was brought by Runnels for compensation upon allegations that on Nov. 21, 1947, he suffered an accidental injury, carbon monoxide poisoning and a simultaneous strain when lifting. He alleged total and permanent incapacity.

A jury had been demanded in the case but the demand, by agreement, was withdrawn and settlement effected.

NEW LOOK DANGEROUS

MEMPHIS, Tenn. (U.P.) — The "new look" sent Althea McCowan to the hospital for treatment when her full skirt got caught in the door as the bus pulled away.

FOR ADULTS ONLY

ATLANTA, Ga. (U.P.)—Children have been barred indefinitely from the dome of the Georgia state capital because of a small girl's narrow escape from death. Officials have forbidden children to ascend the open circular steel stairway to the dome. The order came after a small girl slipped and almost fell several hundred feet.

Ambassador Protests Mexican Newsmen's Reports On Crash

MEXICO CITY, July 10 (AP)—U. S. Ambassador Walter Thurston today personally handed to Foreign Secretary Torres Bodet a note expressing regret at Mexican newspaper comment on Americans.

The note spoke of the expressed resentment of newspapers at actions of U. S. personnel and the presence of seven armed U. S. Air Force men at the July 2 plane wreck. In the crash, 16 men were killed, eight Americans and eight Mexicans.

The ambassador, in his note, said the U. S. planes and an Air Force squad of seven came to aid in finding the plane on Orizaba peak, and with the hope of rescuing any survivors.

He said the planes and men came after consultation with Tomas De Leon, Mexican Civil Aeronautics representative at Brownsville, Tex. At Vera Cruz, Gen. Alejandro Mange welcomed them and approved the use of the rescue squad and authorized their usual equipment of carbines.

The note said the ambassador felt deeply distressed at the apparently unwarranted attitude of part of the Mexican press. (Some newspapers called the presence of troops "invasion" and one asked for deportation of U. S. members of the Foot and Mouth Disease commission).

The ambassador also received the report of Leslie Wheeler, shortly to be installed as counsellor of the embassy, on Mexican newspapermen's assertions they were treated badly and censorship was attempted.

Wheeler's report said the nine U. S. members of the U. S. Mexico Foot and Mouth commission conducted themselves properly. He said their only objection to photographs was an insistence that no closeup pictures of American bodies be taken. He said one Mexican official threatened to confiscate cameras but did not do so.

Throughout, Wheeler reported, Mexican officials were in charge and U. S. members of the party obeyed their orders.

A crowd demonstrated at the U. S. embassy last night. A second story window was broken by a stone and mud was thrown at the building. Otherwise, police preserved order.

Ambassador Thurston watched the demonstration from the embassy. He estimated the crowd at about 500.

Last Rites Scheduled Today For O'Donnell War Victim

TAHOKA, July 10 (Special) — Last rites for Pvt. Vernon N. Harris, son of Mr. and Mrs. D. L. Harris of O'Donnell, will be conducted at 3 p. m. Sunday at the First Baptist church of O'Donnell, Stanley Funeral home of Tahoka reported today.

Rev. J. M. Hale, pastor of the O'Donnell First Baptist church, will officiate for services, and the Veterans of Foreign Wars will be in charge of graveside rites in O'Donnell cemetery. Stanley Funeral home will conduct burial.

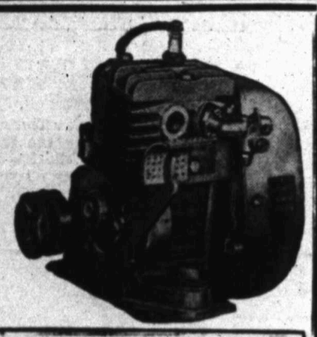

Body of Pvt. Harris, who was killed March 5, 1945, in the Philippine islands, arrived in Tahoka Friday morning and will remain in state here until just before time for services Sunday afternoon. He was 21 years of age at the time of his death.

Survivors, in addition to the parents, are: Four brothers, William Lee Harris of Plainview, J. C. Harris of Brownfield, and Joe and Vane Harris, both of O'Donnell; his maternal and paternal grandmothers, Mrs. W. L. Copeland of Wellington, and Mrs. D. C. Harris, O'Donnell; five uncles and five aunts.

Pallbearers for the funeral services will be Douglas Owens, Harold Cook, Terry Hunt, Homer Fannon, Roy Everett, Ralph Beach, Joe Carroll, Bob Mahurin, Parnell White and James Wiley. Wiley, an Army buddy of Pvt. Harris, is coming from New Jersey to attend the services.

Churchill Says Kremlin Split Over What Policies To Follow

By JAMES E. BROWN
INS Staff Correspondent

WOODFORD, England, July 10 —Winston Churchill said tonight the Kremlin leadership is split—with "one part of the dictatorship working separately or even contrary to the other."

His remark recalled speculation that Soviet Foreign Minister Molotov and Col. Gen. Andrei Zdhanov, father of the Cominform, are feuding over Soviet foreign policy.

The former British prime minister warned the western powers that they must not yield to Moscow on the Berlin crisis if they want to avoid a third World War.

Must Stay In Berlin

He said the denunciation of Yugoslav Communists by the Soviet-led Cominform during the Berlin crisis indicated "very severe stresses" in the Russian leadership.

In a speech to his constituents at Woodford, Britain's conservative leader warned that this is no time for the West to retreat from its rights in Berlin.

He described this as "an anxious hour" in the international situation, with the world awaiting Russia's reply to the western demand for lifting of the Soviet blockade of Berlin.

Churchill said if the Allies give in on the Berlin issue "they would destroy the best chance now open to us of escaping a third World War."

He added:

"With Russia we are dealing not with a great nation that can express its free will but with 13 men in the Kremlin who made themselves masters of the brave Russian people. They rule them with far more dictatorship than was ever shown by any Russian Tsar since the days of Ivan the Terrible.

"No one can tell what these 13 oligarchs in the Kremlin will do.

"They don't reason as we do in the western world . . .

"We can not tell what internal stresses are at work in this grim oligarchy.

"It would seem to me they must be very severe at the present time. And one part of the dictatorship is working separately or even contrary to the other.

"How else can you explain the Soviet solemn denunciation and excommunication of Yugoslavia from the ring of satellite states at the same moment when they are bringing the crisis in Berlin to a climax?

"There is no rational process whereby we can understand it. The safest course for us and the other Western Allies is to pursue as we are doing a plain, fair and straightforward policy based on our undoubted rights."

Churchill added that at the same time the West must follow the "instincts of humanity which forbid us either to leave the Germans in Berlin, who courageously stood with us, to Soviet vengeance, or to let them all be starved to death."

Forecast Of State's Fruit Crop Is Made.

WASHINGTON, July 10 (AP)—The Agriculture Department has forecast an orange crop of 5,800,000 boxes and a grapefruit crop of 24,000,000 boxes in Texas this year.

A "near record" crop was forecast nationally. Prospects July 1 were good as a whole, but varied considerably by states, the crop reporting board said. California reported the highest condition and Texas the lowest.

Conditions of the orange crop averaged 76 per cent compared with 71 per cent on July 1 last year and a ten year average of 74 per cent.

The total orange production from the 1947-48 crops or the 1947 bloom was estimated at 111,700,000 boxes, two per cent below the 1946-47 crop but 34 per cent above the average.

The forecast for the orange crop compared with the 1946-47 production by states included: California, 46,600,000 boxes compared with 53,530,000; Florida, 58,200,000 and 53,700,000; Texas, 5,800,000 and 5,000,000; Arizona 780,000 and 1,200,000 and Louisiana, 300,000 and 410,000.

Tech Graduates Visit Schools To Study Business Records

A group of approximately 45 Texas Tech graduates of the school of business management and the department of education visited six area schools Friday and Saturday, studying business records, supply systems, bonded indebtedness, tax collection and assessment and cost accounting methods.

The group, under the direction of Dr. Lewis B. Cooper, associate professor of education and psychology, left Lubbock Friday afternoon by chartered bus, and over the two-day period, studied school systems at Levelland, Whitface, Morton, Portales, N. M., Clovis, N. M., and Littlefield.

Of special interest to the graduates was a two-hour session with O. R. Watkins, business manager of Levelland schools, who is completing final arrangements on letting of contracts for a new $650,000 senior high school building in that city.

4-H Club Rally Day Is Slated Wednesday

Reaching a high point in their year's activities, 250 to 300 4-H club boys and girls in Lubbock county are expected here Wednesday for annual Rally day at Mackenzie state park.

Program for the day was announced yesterday at the county agent's office by Lee Roy Colgan, assistant county agent in charge of boys club activities; and Mrs. Dora McGhee, assistant county home demonstration agent who handles the girls' 4-H program.

The day starts for the youngsters at 10 o'clock with registration, and swimming in municipal pool at the park until noon. Each individual or group attending is asked to bring lunch, along with plates or kitchenware if these are desired. Cold drinks will be served.

Lunch is to be served in the picnic area east of the swimming pool, and will be followed by ten minutes of group singing.

At 1:10 o'clock County Judge Walter Davies is to make a short talk, to be followed by presentation of awards by Miss Clara Pratt, county home demonstration agent, and D. W. Sherrill, county agent.

Supervised play is to feature balance of the afternoon, with the boys playing ball or other similar sport, and girls engaging in folk games, craft, and other means of amusement. Activities are scheduled to end at 4:30 o'clock.

New Pipe Irrigation System May Be Means Of Saving Water Supply

The underground water supply, which, from all indications is speedily diminishing under the heavy demands of increased irrigation in this area, can possibly be conserved through the use of galvanized surface irrigation pipe, according to Dr. A. W. Young, professor and head of the plant industry department at Texas Technological college.

The new system of irrigation, which is being given its first test in this country on the Texas Tech farm, eliminates almost entirely the loss of water in transporting it from the well to the actual crop in open ditches. Water loss through seepage and evaporation from the ditch system has been estimated at from 2 to 10 per cent per thousand feet of ditch.

Loss High In This Area

The sandy nature of the soil in this section of the country makes this loss relatively high in the Lubbock area, and measurements on the Tech farm showed last year that 40 per cent of the water was wasted in moving it 3000 feet in ditches, whereas this year's measurements show that only 5 per cent of the water escapes in carrying the water the same distance through pipes. The only opportunity the water has of escaping from the pipes is through the joints of the pipe, which leak slightly due to expansion and contration in the hot sun and cool nights.

The galvanized pipe which makes it possible to eliminate the large loss is manufactured in 10 foot sections which connect by friction joints. The diameter of the pipe, which connects directly to the mouth of the well by threads, is determined by the size of the well and should be about two inches larger than the stream pumped by the well to minimize friction of the water in the pipe. About 10 to 15 per cent more power is required to pump the water through pipes than through ditches due to this friction

Water Can Be Regulated

The pipe used on the Tech farm is 10 inch 20 gauge pipe and only weighs 55 pounds per 10 foot section. It has adjustable gates at 20 inch intervals which allow the flow of water into each row to be regulated from a trickle to as much as 40 gallons per minute which is twice as much as the siphon tubes now used in this country will carry. Delivery of 22 gauge pipe to the farm ready for use is $1.10 per foot plus 50 cents per gate according to E K Hufstedler who has the dealership for the pipe in Lubbock The size of the pipe and the spacing intervals of the gates are both dependent on the individual needs of the farmer and can be delivered accordingly Hufstedler said

Figuring on the basis that it takes approximately 400 to 500 pounds of water to produce 1 pound of plant growth, each acre inch of water pumped from a well should produce from 500 to 600 pounds of plant growth. A farmer who pumps 600 acre inches of water on his land in an entire season of irrigation, and loses 20 per cent of it to evaporation and seepage in ditches, is losing a potential of 60,000 pounds of plant growth, which in the case of milo, would be about 1,500 pounds of grain, or approximately $450 at present prices.

Purpose Of Test Illustrated

"Such an increase in yield illustrates the purpose of the tests performed by the plant industry department here on the Tech farm, which is to learn methods of gaining more benefit from the natural resources on hand, particularly land and water," Dr. Young stated.

Experiments with pipes thus far have shown that they have especially favorable possibilities in use with wells which have a limited flow of water. The 20 per cent more water that will reach the field through the surface pipe, that is ordinarily wasted in ditches, make it possible to irrigate 20 per cent more land with any given size of well, meaning that a well which will water 100 acres with the ditch system, would water 120 acres under the new method. It is common knowledge that proper irigation doubles the yield of cotton, and triples the yield of grain sorghums.

On the assumption that dry-farmed land will produce 1,000 pounds of grain sorghums per acre, the 20 acres that could be watered with the water saved by the pipes, should produce 60,000 pounds of grain, or 40,000 pounds more than would have been produced without the use of galvanized pipe or a larger well.

The saving in time should also prove an addition to the value of the pipes, Dr. Young said, in that it would allow the farmer to water more land per day with his well, thus getting water to the crops at the time it is most needed. A well which produces 1,000 gallons of water per minute, will put 3 acre inches, an average application, of water on 1 acre in 1½ hours, or on 66 acres in a 10 hour day if none of the water is wasted in ditches between the well and the acre on which it is to be applied If 20 per cent of the water is lost in ditches, the well will only water 53 acres a day, or 13 acres less

This means that in an ordinary watering season of 100 days, a 1,000-gallon well will water at least 100 acres more land with one three acre-inch application when pipes are used than when the water is run through open ditches At 2000 pounds added yield of grain sorghum per acre, the farmer should harvest 200,000 pounds more grain with pipes than with ditches, provided he has all the land his well will water. From these figures, Dr. Young believes that the pipes will easily pay for themselves long before they are worn out.

More Labor Required

Approaching this recently introduced system of irrigaetion from the labor angle, it appears to require more labor than the ditch system, but when all angles are thoroughly investigated from the standpoint of an entire season, it should more than offset the extra labor required for its handling. Dr. Young has estimated that it will require two men, two hours a day, to handle the pipe after the main lines have been laid. Although this is probably more time than is required to handle the water in a ditch, much time will be saved by the fact that the regulation of the rate at which the water flows into the row with gates eliminates the necessity of staying with the water continously.

Unlike the use of siphon tubes once the flow of water is set with the regulatory gates, it cannot change. Laying of the main lines requires somewhat more time than would be required to dig ditches, however; with the pipe system, there are no ditches on which weeds can grow, and it is impossible for the seeds from these weeds to fall into the water and scatter over the fields. Elimination of ditches removes the problem of ditch breakage and loss of water in this way, and also the problem of keeping ditches clean.

Practice Cuts Time And Labor

"As with any other new method in any industry, the use of the pipes has been found to require less time and labor with practice," Dr. Young said.

Dr. Young feels that the ideal system of irrigation will, in the future, be underground pipes that bring the water to the surface wherever needed, but the present price of installation of such a system is so expensive as to make its use impractical in most instances. The over-all estimated cost of concrete pipe underground is $2.50 per foot, which includes outlets, a sand-trap for the well, and galvanized pipe to take the water from the outlets to the rows.

More Footage Required

This system also would require up to twice as much footage, since it is stationary, whereas the galvanized pipe system can be moved from place to place. The required footage for pipes is also much less than that for ditches, since it is portable and can be run on an incline, eliminating the necessity of following an exact contour. This factor also eliminaetes the use of raised ditches across low areas in the field.

"Pipes are also expected to greatly facilitate the use of liquid fertilizer in the event it proves successful in the tests which we are to perform soon on the farm here," Dr. Young said. The liquid fertilizer will be dropped into the pipes from a tank set above them.

NEW IRRIGATION SYSTEM—Gated irrigation pipe, which prevents heavy evaporation and loss of water in gravity ditches, is being used successfully at Texas Tech. A section of the pipe with the water running out of the gates into field ditches is shown in the top picture. In the bottom picture is shown how the pipe is attached to the irrigation pump, eliminating the necessity of another booster pump to push the water through the line.

Ice-Cold Liquor Is Stored In Jail

DUNCAN, Okla., July 10 (U.P.)—Seventeen thousand dollars worth of ice-cold liquor was stored in the Stephens county jail today while officers allowed Frank Newell, 42, Anadarko, Okla., to cool off in a cell.

Newell was arrested last night by three officers at nearby Comanche, Okla. Shriff Bab Cates said Newell had his head bandaged and "looked suspicious" when he was picked up. Officers found his refrigerated truck, parked outside an all-night cafe where the arrest was made, filled with 411 cases of choice whisky, gin and rum.

Police also picked up Con Newell, 38, the truck driver's brother, and Audie Newell, 40, a cousin. They were parked across the street from the cafe. Con carried $2,368 in cash and both were carrying guns.

Liquor Obtained In Louisiana

The truck driver told officers he got the liquor at Shreveport, La., and was en route to Anadarko. Newell said he had crossed the Red river bridge into Oklahoma on U. S. 81 when several men attempted to hi-jack his cargo. He said he bert them off after throwing away keys to the storage compartment, but got a banged-up head in the fracas. He said his relatives had been called to escort him to Anadarko.

Officers charged the truck driver with illegal transportation and possession of liquor and disturbing the peace. His relatives were both charged with disturbing the peace.

All were expected to be released on bond later today.

Sack Of Eggs Left In Service Station Now Potential Fryers

SILSBEE, July 10. (INS)—Will the customer who left a paper sack full of eggs at J. L. Shine's service station please call for his batch of potential fryers?

The sack of eggs, apparently forgotten by a customer, were left undisturbed during a recent heat wave.

Shine, hearing peep-peeps recently, found four downy chicks free of their shells and looking for a mother hen.

Fort Worth Baby Burned When Electricity Sets Diaper Afire

FORT WORTH, July 10 (U.P.) — Don Thomas Swint, 18-month-old son of Mr. and Mrs. John B. Swint, was recovering here today from burns received when his diaper was set afire by electricity.

The child apparently had been playing with a light plug and it caught his diaper afire. His parents found him in the bedroom with his diaper in flames, after hearing his screams.

Texas Construction Awards Hit New Peak

AUSTIN, July 10. —Texas construction awards soared to an all-time record of $456,337,287 in the first six months of this year.

The building boom saw increases in practically all types of construction, and 19,530 separate projects were put under contract, the Texas Contractor said. The weekly building journal reported 19,933 one-family unit were provided in lettings for the first six months of 1948.

A breakdown of the total into major classifications showed $79,864,631 for engineering work; $214,354,163, in nonresidential and $162,188,493, residential.

In the non-residential category, business or commercial buildings enjoyed the biggest increase. Contracts for stores, office buildings, warehouses, filling stations and other commercial buildings amounted to $128,516,194. The total for the same period last year was only $29,591,695.

Educational buildings totaled $41,629,509 more than double last year.

Of the $162,118,493 put into housing this year, a total of $11,716,241 has gone for the small one family homes costing $7,000 or less. For the comparable 1947 period, $101,722,394 went for small homes.

Lottery May Be Proposed At Convention To Raise Revenue

PHILADELPHIA, July 10 (AP)—A delegate threatened today to carry to the floor of the Democratic convention a proposal for a U. S. sweepstakes lottery to raise federal revenue.

He is former Lieut.-Gov. Francis E. Kelley of Massachusetts, a delegate-at-large from his state.

Kelley laid the proposal before the platform drafters yesterday but the latter indicated they would not go for it.

39—Legal Notice

NOTICE TO BIDDERS
Sealed proposals addressed to Mr. Marlin R. Smith, Jr., City Manager, Lubbock, Texas, will be received at his office until 2:00 P. M. July 29, 1948, for the construction of grading, drainage, concrete curb and gutter, caliche base, and asphalt surface treatment on certain streets in the City of Lubbock as hereinafter specifically designated.
As soon as possible after receiving the bids they will be considered and the successful bidder notified.
Prices in the Proposal shall be made on the basis of unit measurement for each of the 3 items in the proposal. The approximate quantities are as follows: Subgrade preparation 8835.89 square yards; Concrete Curb and Gutter 4515.37 linear feet; and Pavement (includes caliche base and asphalt surface treatment), 7581.62 square yards.
Bidders must submit cashier's or certified check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of the City of Lubbock in an amount not less than five (5%) per cent of the largest possible bid submitted as a guarantee that Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.
The Successful Bidder must furnish performance bond on the attached form in the amount of one hundred (100) per cent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.
The City reserves the right to reject any or all bids, to waive formalities, to accept the bid which seems most advantageous to the City's interest.
Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.
Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) covering the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing rates of wages is set forth in the specifications.
Information for bidders, proposal forms, plans and specifications are on file at the office of John P. Ruhmann, City Engineer at the City Hall, Lubbock, Texas, and maybe procured upon a deposit of $5.00 as a guarantee of safe return of the plans and specifications. The full amount of this deposit will be returned to each bidder immediately upon return of the plans and specifications in good condition. No refund on contract document and plans returned later than ten (10) days after the date of receiving bids will be obligatory. Additional sets of plans maybe obtained at the cost of duplication.
No bid maybe withdrawn after the schedule closing for receiving of bids for at least thirty (30) days.
City of Lubbock, Texas

Marlin R. Smith, Jr., City Manager.

NOTICE OF HEARING OF CITY BUDGET
NOTICE is hereby given that at 2:00 o'clock P. M. July 22, 1948, in the City offices of the City Commission, on the second floor of the City Hall, Lubbock, Texas, there will be held by said City Commission a public hearing on Budget of said City for the fiscal year beginning April 1, 1948 and ending March 31, 1949, by order of the City Commission July 8, 1948.
W. H. RODGERS
MAYOR
ATTEST:
Lavenia Williams
City Secretary
(Seal)

CONTRACTORS NOTICE OF COUNTY HIGHWAY CONSTRUCTION
Sealed proposals for constructing 13.35 miles Farm to Market Road comprising grading, drainage and paving from State Highway 51, 13 miles South of Andrews, East 13.35 Miles will be received at the office of the County Judge of Andrews County, Texas, until 10:30 A. M., July 30, 1948 and then publicly opened and read.
Bidders must submit a cashier's or certified check, or bond for Five Thousand Dollars ($5,000.00) as a guarantee that the bidder will enter into contract under the conditions set forth within ten days (10) after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The county reserves the right to reject any or all bids, and waive all formalities. Plans and Specifications may be obtained at the office of Haste and Green Engineering Company, Wilson Building, or P.O. Box 1139, Lubbock, Texas, upon a deposit of $25.00 of which $15.00 will be refunded when same are returned. This is a change in date of letting from July 22 to July 30, 1948.

News Briefs

Robert Banks, jr., stewardsman, USN, son of Mrs. Ceretha Hodge of Slaton, has arrived in Lisbon, Portugal. He is serving aboard the USS Coral Sea, one of the 13-vessel Midshipmen Practice squadron on its annual summer cruise.

Mrs. Lester Ross of Greenville is here visiting her brother and sister-in-law, Mr. and Mrs. Paul Morgan of 2618 Twenty-fourth. She will leave Monday morning to return to her home.

The Lubbock agency of Republic Life Insurance company, under management of James A. Bowron, surpassed all previous production records in June, the agency has been advised by W. O. Childress, vice president and director of the company which has headquarters at Dallas. The agency here took second place in June production of new business with a total of $376,840. The Dallas agency was first with $492,000, the announcement said.

Regular monthly meeting of the Lubbock Tailors and Dry Cleaners' association will be a banquet held Monday night at 7:45 o'clock in the Chimayo room of the Hilton hotel. All members and their wives are urged to attend.

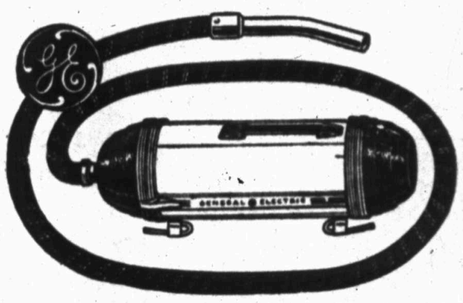

39—Legal Notice

Hall, Lubbock, Texas, there will be held by said City Commission a public hearing on Budget of said City for the fiscal year beginning April 1, 1948 and ending March 31, 1949, by order of the City Commission July 8, 1948.

CONTRACTORS NOTICE OF COUNTY HIGHWAY CONSTRUCTION
Sealed proposals for constructing 13.35 miles Farm to Market Road comprising grading, drainage and paving from State Highway 51, 13 miles South of Andrews, East 13.35 Miles will be received at the office of the County Judge of Andrews County, Texas, until 10:30 A. M., July 30, 1948 and then publicly opened and read.
Bidders must submit a cashier's or certified check, or bond for Five Thousand Dollars ($5,000.00) as a guarantee that the bidder will enter into contract under the conditions set forth within ten days (10) after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The county reserves the right to reject any or all bids, and waive all formalities. Plans and Specifications may be obtained at the office of Haste and Green Engineering Company, Wilson Building, or P.O. Box 1139, Lubbock, Texas, upon a deposit of $25.00 of which $15.00 will be refunded when same are returned. This is a change in date of letting from July 22 to July 30, 1948.

Background and Experience

NATIVE WEST TEXAN—Born on a farm in Crosby County, December 2, 1915, RALPH BROCK has been a lifelong resident of this district.

EDUCATION—Honor graduate Lubbock High School, 1933; honor student Texas Tech, 1933-1935; graduate University of Texas Law School, 1938 and licensed to practice law.

PUBLIC SERVICE—In 1940, at age of 24, RALPH BROCK was elected County Attorney, Lubbock County, over two opponents in first primary. Re-elected 1942 without opposition.

VETERAN—Soon after Pearl Harbor BROCK waived deferred classification to volunteer as Apprentice Seaman in the V-7 program of the Navy. Resigned office with more than two years unexpired term and relinquished legal rights to its salary. He was on active duty for 40 months and spent 20 months in the Pacific aboard a sea going tug. Here he advanced to rank of Lieutenant and was recommended for command.

BROCK IS A WORKER—As a boy he sold papers, mowed lawns and raised and marketed garden products. He worked his way through 5 years of college and university as a truck-driver, clerk, lifeguard, libarian, laborer, nightwatchman, elevator operator and as a member of the Board of Student Editors of the Texas Law Review. He worked hard to make Lubbock County a fighting prosecutor; he is working hard to win this election, and he will work hard to make you a good SENATOR

Friendly -- Aggressive Capable

RALPH BROCK

Solicits Your Vote

For

State Senator

30th Senatorial District of Texas

Pol. Adv. Paid for by a Friend of Ralph Brock

DEPENDABLE

BROCK IS DEPENDABLE—He has been active in worthwhile community activities, civic projects and church work. He is a teacher of a large Bible class and a member of the Board of Stewards of the First Methodist Church in Lubbock, and has been for many years. Those who know Ralph Brock know they can depend on him.

BROCK BELIEVES in re-districting local control of underground water, adequate support of teachers salaries, schools, colleges, eleemosynary institutions, old age assistance, farm to market roads and soil conservation.

RALPH BROCK SAYS:

"I believe that your Senator should be a fighting Senator. Although the legislative process sometimes makes it necessary to trade and to compromise, I will never trade your vote in the Senate for personal gain, nor will I compromise against sound principles, good morals or the interests of those who have by their faith in me, elevated me to this high and important office. But, when all honorable efforts at compromise have failed to bring about a fair result for our district and the battle line is drawn, I believe that your Senator should have the ability and the courage to stand on the floor of the Senate and with vigor and with fire prosecute and defend the rights of the people he represents.

"To all counties, big and little, I pledge fair and equal representation. I was reared in Crosby, Dickens and Lubbock Counties; I have lived and worked with the farmers, ranchers, laborers, white collar workers, public officials and the business and professional men. It is with the feeling that my background, experience and ambition for public service suit me for this office that I earnestly seek to be your STATE SENATOR.

Ralph Brock

Bands Play At Tech Tuesday

The intermediate and concert bands of the Texas Tech summer band school will present their final program of the 1948 summer series Tuesday at 8:15 p. m. on the lawn north of the band building on the Tech campus.

The program promises to be the best of the series, for the bands have been showing improvement from concert to concert since the first one was given early in June.

Harding To Direct

The concert band will be under the direction of Dr. A. A. Harding, who for 43 years has been at the helm of the University of Illinois Bands. Dr. Harding is, by general consensus, America's No. 1 college and university band director. Some of the program Dr. Harding will direct will be arrangements he has transcribed, from orchestra scores, for the University of Illinois bands. Those are not generally available to other college bands, for they are still in manuscript form, said D. O. Wiley, band school director.

The intermediate bands, which will be combined for the program, will be under direction of Joe L. Haddon and N. G. Patrick.

Program Announced

The program to be presented by the intermediate bands follows: "Morning Prayer" (Tschaikowsky); "Seeds of Cadmus" (Harold Johnson), tone picture; "Diane Overture" (Holmes), and "March Heroic" (Holmes).

The concert band program follows: "Fanfare," from "The Seahawk" (Korngold); "Overture to Der Improvisator" (D'Albert); Third Movement ("Wagon Trains of the Pioneers") from "Santa Fe Trail," symphony (Harl McDonald); "Meditation," from "Thais" (Massenet); cornet solo, "L'ete" (Chaminade); "Hands across the Sea" (Sousa), march; Andante and Rondo from "Symphonic Suite" (Dohanyi); "Prelude" (Dia-Keong Lee); La Boheme" (Puccini-Alford), march paraphrase on melodies from "La Boheme"; "George Washington Bicentennial" (Sousa), march, and the national anthem.

The concert will be free to the public.

Last Rites Will Be Held Today For Slaton Veteran

SLATON, July 10. (Spl)—Funeral services for George Edward Lott, AOM first class, who was killed in the South Pacific in December, 1944, are to be held at Slaton First Baptist church at 3:30 p.m. Sunday, instead of 3 p.m., as was previously announced.

Survivors include his widow, Mrs. Addie Jo Lott, Dallas, his parents, Mr. and Mrs. E. M. Lott, Slaton, and two brothers, Leonard Lott, Slaton, and Wilson Lott, Ft. Worth.

Pallbearers will be P. G. Meading, Dan Liles, Earnest Robertson, Roscoe Mercer, Earnest Hillen, and Dave Sanders.

Interment will be in Englewood cemetery here. Williams Funeral home will be in charge.

Civil Jury Panel To Report Monday In 99th Court Here

A civil jury panel will report at 10 a.m. Monday to 99th District Judge G. V. Pardue.

Three cases are set:

Olen E. Rice and others against Mrs. Eva M. Rice, individually and as executrix under will of the late C. E. Rice, and others, for partition and accounting.

Texas Indemnity Insurance company against Monte McCord, suit to set aside an award of the Industrial Accident board.

Wayman Henry and others against the City of Lubbock, suit for damages and injunction.

Criminal week in the 99th district commences July 19, court officials said.

Joint Rehearsals Of High School Bands Begin Monday

With the opening on Monday of the second term of Lubbock's free summer sssion, a joint rehearsal of the junior and senior high school bands will be held from 10 to 11 o'clock Monday through Friday in the Senior High bandroom under direction of Lewis L. Stoelzing. All members of both bands are invited to attend the rehearsals regularly or whenever possible.

All students of junior or senior high interested in playing strings will meet from 11 to 12 o'clock Monday through Friday in the bandroom.

GAG TOO SUBTLE

ANTIGO, Wis. (U.P.)—Mrs. June Bishop quite didn't catch on when her favorite disc jockey played "Oh What a Beautiful Morning" and read a weather forecast for Texas as a gag. She took her local announcer at word-value, dressed in light summer clothes, and stepped outside into a cold, driving rain.

Section III

"FIRST In Lubbock—FIRST On The South Plains"

LUBBOCK AVALANCHE-JOURNAL

Women's News

Lubbock, Texas, Sunday, July 11, 1948

The Woman's Angle

By Margaret Turner

"MOST middle-aged American men and women need a faith lifting."

• • •

IT'S A FACT—Texans are inclined to brag a bit about the size of the state and to remind how far between points the border cities are located. But no one has put it more effectively than the old cattleman who boasted: "Texas is the only state in the Union that is the largest!"

• • •

POINTS OF INTEREST

WALKING down a boardwalk by an enclosure of a building under remodeling process, we were amused by a pencil scrawled notice around a knothole "Peep through here." We did peep and were awarded only by the sight of a building with its face torn down. In the course of ten minutes, we noticed that not one other passerby paid the slightest attention. This led to the reflection that people are not as curious as one might imagine them to be.

On the other hand we believe that not one woman passes a shop-window mirror without looking at herself, although many men pass them up and those who do look take a glance around to see if they are observed.

• • •

THE AMERICA'S WOMEN

MRS. Edward Simian and Mrs. Luciano Claude, natives of Chile, South America, say that groups of their country women appear to look much like our women, because our histories are the same. That is because each present distinctive features of a majority of the several migrated races which came to the Americas and amalgamated into Americans during the past three centuries.

Speaking of the international women, we believe that the ideal color of her hair is neither brunetter nor blonde, but rather that amber-bronze brownette tint which lies in between the two and which seems to be the hair color of more than fifty per cent of America's women today.

• • •

HOW WARS BEGIN

A SMALL boy asked his father how wars begin.

"Well," said the father," suppose that England quarrelled with France."

"That," broke in the mother," is hypothetical and misleading."

"I know," said the father," but I was just taking a hypothetical case."

"You are misleading the child."

"I'm not."

"You are."

"All right," said the boy," I think I understand how wars start."—Rotary Record, Menard.

• • •

SCATTERINGS

GORDON and Carolyn Graham, who have returned to their home in College Station after a summer visit with their aunt, Mrs. W. G. McMillan, are already begging for a return trip. Gordon shows indication of becoming a second Fred Astaire. . . . Latest bit of nonsense to be seen on the beaches are giant sunglasses rimmed in plastic, with slits at the side instead of ear pieces. The idea is to pull scarves or hankies to match your costume through said slits, and tie them to suit your fancy. . . . Save yourself many tugs at your memory when packing for the week end or your vacation, by jotting down a complete list of musts for your traveling bag. . . . And now we have the "Forever Amburger."

• • •

Gladewater's John Ben Shepperd, who has just completed his term as president of the United States Junior Chamber of Commerce, traveled over 700,000 miles during the last 12 months, the equivalent of 28 times around the world. He attended 2,200 Jaycees meetings, made 1,800 speeches, conferred with the President of the United States twice, 42 governors and numerous leaders of business, industry and finance. . . . We know of a woman who is very anxious to get a white angora kitten and if you'll notify us we'll pass the information along to her. . . . "The Green Promise," a movie which will give a pat on the back to 4-H clubs, is to be produced in Hollywood. A 4-H girl is to be chosen from one of the many 4-H clubs and we'd like for Jo Nelle Judd, leader in district 2, to have the honor. With help from Hollywood, she could be made as attractive as fragile Jeanne Crain.

• • •

A REVELATION

COLLEGE and high school teeners are able to make more money than ever before. Some of them make, on part time vacation jobs, more than their fathers used to receive for a hard week's work.

Recently, the University of Illinois reported that it was unable to award cash prizes for an essay contest because no entries were received by students who spurned $100 and $50 cash prizes. The subject of the essay was "Is Individual Thrift Outmoded?"

Fine thing!

ENGAGED—Miss Ann Elkins' engagement to John Van Zandt Didrichsen is made known today. She is the daughter of Mr. and Mrs. Felix L. Elkins of 2606 Thirty-first and the bridegroom-to-be is the son of Mrs. Elizabeth Ritterband of Denver, Colo.

Sorority, Lodge And Class Groups Are Entertained

TEXAS Zeta Delta chapter of Beta Sigma Phi sorority held a picnic in Mackenzie State park Thursday at 6:30 p. m.

Guests attending were Aline Richardson, Cliff Hunter, Bob Rollen, Jimmy Kilpatrick and R. T. Scales. Members and their husbands present were Messrs. and Mesdames Cleddie Lanier, Elmer Mosley and daughter, Karolyn; Charles Stailey, W. T. Ward, and R. O. Lowrey. Members of the club attending were Tinker Miller, Billie Knutson, Floye McDonald, Bernice Bay, Imogene Webster, Mary Evelyn Kelly, Mary McNeely, Sara Nicodemus, Helen Fuller, Peggy Lindsey, Evva Jean Enlow, Jean Medley, Maxine McMillin, Dorothy Van Pelt, Wanda Atnip, Dec Ashby, Phyllis Atnip, Jimmie Lee Bolch and Reda Mae Clary.

For OES Chapter

Members and friends of OES Freedom chapter attended an ice cream and cake and forty-two party at the home of Mr. and Mrs. T. K. Martin, 2508 Twenty-second, Friday night. Fifty attended.

During a business meeting, plans were made for a food sale the chapter will sponsor at Walgreen's drug store Saturday, July 24.

The Lewis Bible class of First Presbyterian church was entertained from 10 until 11 o'clock Friday morning by Mrs. Jack

See Groups Entertained, Page 2

Edouard Blitz Acclaimed As Cellist

Edouard Blitz, son of Dr. and Mrs. Julien Paul Blitz, who is appearing as first cellist with the New Orleans "Pops" orchestra this summer, received acclaim from audience and musicians for his performance as soloist recently at a concert in Beauegard Square in that city, according to press notices received here.

Of young Blitz' interpretation of "Kol Nidrei," the critic wrote that "his full sustained tones sang the ancient Hebrew melodies with a mellow richness and warmth. His phrasing and shading were sensitive to the natural indications in the music's flow." A Kreisler number was played as an encore.

H. Arthur Brown of El Paso was guest conductor.

Blitz will return to Dallas this fall where he will be associated with the Dallas Symphony orchestra for another season. He joined that group soon after receiving his discharge from the Army Air Force at the end of the war.

Parties Are Courtesies To Brides And Brides-Elect

THE pre-bridal party series which is being given as a compliment to Miss Denise Cummings includes luncheons, a breakfast and a shower.

Garden flowers decked the breakfast table at the home of Mrs. Paul Mills, 111 North Ave. U, Saturday morning when she entertained for the bride-to-be.

Places were laid for the honoree, the hostess, Miss Clydelle Cummings, and Mesdames R. S. Bearden, Haskell Keeton, Dick Pettyjohn, Billie King and Riley Carlton.

The hostess gift was of silver.

Hostesses at a shower to be given for Miss Cummings Saturday afternoon will be Mrs. Hugh Ford and Misses Estelle McLaughlin and Florene Fisher.

Luncheons given recently for the bride-elect were hosted by Miss Grace Padley and Mrs. Emmett Burford.

Miss Cummings will marry L. B. Lowry, jr., August 8.

Honor Mrs. Millican

Mrs. Joe Bob Millican, the former Miss Foy Marie Hogg who was married June 27, was named honoree at a party given in the home of Mrs. Earl Davis in Acuff Friday.

Assisting with hospitalities were Mrs. Wesley Davis who registered guests, Mrs. Douglas Pounds who presided at the tea table, and Mesdames Edgar Russ, O. D. Pace, Paul Rogers, R. O. Moore and Joe McAllister.

Roses and snapdragons decorated receiving rooms and an arrangement of gladioli and water lilies centered the refreshment table.

A toast to the bride was given by Miss Bobbie Jean Brown of Lubbock, former roommate of the bride. Forty-five persons called and others sent gifts.

Mrs. Millican is daughter of Mr. and Mrs. F. O. Hogg of Lamesa and Mr. Millican is son of Mr. and Mrs. W. H. Millican of Acuff. The couple will live in Lubbock after Sept. 1.

HONOR MISS RAY

Continuing a party series for Miss Beth Ray, who is to marry Bill Sikes, Mrs. W. A. Lindsay and Mrs. J. R. Hartsfield entertained with a miscellaneous shower Thursday night.

Miss Margaret Hartsfield presided at the bride's book.

Mrs. C. C. Chambers gave helpful suggestions to the honoree on how to make marriage a success and Mrs. Jim Johnson played piano selections.

Mrs. H. R. Miller presided at the refreshment table which was centered with an arrangement of daisies and plate favors of miniature blue fans tied with streamers bearing the names of the engaged pair. The bride-elect's colors are blue and white.

Out-of-town guests were Mrs. Bill Sikes, sr., and Miss Frances Sikes of Slaton and Mrs. O. M. Fowler of Snyder.

Mr. and Mrs. L. P. Manning of Austin are announcing the marriage of their daughter, Miss Marjorie Barton Manning, and Thomas Dee Davis, son of Mr. and Mrs. Jeff Davis of Sterling City, which took place in Austin June 25 at the University Methodist church.

The bride is a graduate of the University of Texas with a major in home economics. The bridegroom is a student at Tech college He served four years in the Navy during the war.

Visitors And Visits Make July News

VACATIONS by Lubbock residents and out-of-town guests visiting here continue to highlight mid-summer society.

Houseguests in the home of Mr. and Mrs. Paul W. Hardy, 1818 Avenue N, are his aunt, Mrs. Daisy Albright, her son, William Albright, and her daughter and family, Mr. and Mrs. Harold Bevis, all of Atlanta, Ga., who arrived in Lubbock on July 4, and will be here until Tuesday. This is the Georgia visitors' first trip to the West, and it is the second time in 36 years that Mr. Hardy has seen his relatives.

Mrs. Hardy's sister and her husband, Mr. and Mrs. Morris Williams of Carlsbad have visited in the Hardy home and in the home of Mrs. William's mother, Mrs. A. L. Hacker, 1913 Ave. L., since Friday, and will be here until the first of the week.

Dr. and Mrs. J. B. Roundtree, 2005 Twenty-ninth, were called to Tennessee last weekend because of the serious illness of Mrs. Rountree's aunt. They returned to Lubbock Wednesday night.

To Go To Colorado

Planning a vacation in Troutdale, Colo., about July 30, are Mr. and Mrs. Ira G. Dunlap, jr., 3220 Twenty-second, Mr. and Mrs. T. B. Simmons, 3204 Twenty-second, Dr. and Mrs. C. A. Rosebrough, 2607 Thirtieth, and Mr. and Mrs. Harold Humphries, 2009 Broadway.

Vacationing on a dude ranch near Cals, N. M., for about two weeks are Mr. and Mrs. Charles E. Maedgen, jr., 2308 Broadway, and her father, D. A. Fagg.

Miss Elizabeth Fagg of New York city, sister of Mrs. Maedgen, sailed from New York on the Queen Mary Friday morning, for Paris, France. She will write several European stories for the Reader's Digest.

Mr. and Mrs. Bill Stone, 3302 Twenty-eighth, are spending a six week's vacation in Rockport, Texas. Recently returned from Rockport are Mrs. Bill Collins and children, Wade and Libby, 3114 Twenty-second, and Mrs. A. B. Strehli and children, Chuck, Buzz and Angela, 2706 Twenty-seventh.

Taking a holiday at their riverside cabin in Kerrville, until July 28, are Mr. and Mrs. Hal C. Normand and four children, Jimmy, Carolyn, Hal, C., jr., and David 3123 Twenty-second.

To buy merchandise and to get ideas for her new studio, Mrs. Martha D. Morgan went to Chicago by plane last Sunday and returned home Thursday morning. She was accompanied by her son, Norman Morgan, and his son-in-law, Roy Yuzbick. From Chicago they went to Geneva, Ill., where they visited The Little Traveler's shop there.

To Go To Honduras

Mr. and Mrs. R. P. Swofford of 2304 Fifth left Saturday morning on a trip which will take them to Progreso, Honduras, for a visit with Mr. Swofford's brother, Donald P. Swofford. Before sailing sailing from New Orleans in 10 days, the Swoffords will visit in Brownwood and will be guests of their son and daughter-in-law, Mr. and Mrs. Raymond Swofford, jr., in Baytown. Mr. and Mrs. Swofford will sightsee in Guatemala City before returning home August 30.

Mr. and Mrs. G. E. Knight of 1908 Ave. N have as guests their entire family which includes Miss Ivah Knight of Fresno, Calif., Mr. and Mrs. H. E. Knight and children of Amarillo, Mrs. Charles Gray of Dallas, Mr. and Mrs. W. H. Knight of Abilene, Keith Knight of Abilene, Mr. and Mrs. Odie Parks and son of Lubbock, and Capt. and Mrs. George T. Cooper who returned last Sunday from a two year's stay in Seoul, Korea. All the family members had not been together since 1942.

Mary Frances Hettler Marries Pfc. Rogers

Mr. and Mrs. Herbert Hettler of 1911 Ave. L are announcing the marriage of their daughter, Mary Frances, to Pfc. Roy T. Rogers, son of Roy E. Rogers of Speedwell, Tenn., which took place recently in the Hettler home. Rev. Albert F. Laing officiated.

The couple will be home in Chandler, Ariz. Pfc. Rogers, of the military police, is stationed at Williams Air base.

Racial Problem To Be Discussed For WSCS

Mrs. William G. Dingus will discuss "The Racial Problem in Hawaii" at a meeting of First Methodist Woman's Society of Christian Service Monday afternoon at 3 o'clock in the church chapel. Special music for the program is being arranged by Mrs. R. B. Parkinson.

The church nursery is to be open.

VISITORS FROM SOUTH AMERICA—Their first trip to Texas is proving to be a delightful one, two visitors from the republic of Chile are telling the Lubbock women with whom they are pictured. At the left, Mrs. W. L. Morrison, who spends part of her time in Punta-Arenas, home town of Mrs. Edward Simian, with whom she is chatting, while Mrs. George Livermore smiles at Mrs. Luciano Claude of Santiago. (Staff photo.)

★ ★ ★ ★ ★ ★ ★ ★

South American Visitors Charmed By Hospitality And Weather In Texas

TWO charming Chilean women who acompanied their husbands to Lubbock on a business trip, are lavish in their praise of life in North America, especially as regards the hospitality of Texans and the pleasant weather in West Texas. They are Mrs. Luciano Claude, whose home is in Santiago, capital city of the South American republic, and Mrs. Edward Simian, who divides her residence between Santiago and Punta-Arenas, in the Straits of Magellan and the southernmost city in the world.

The resort-type weather that Lubbock has experienced during the week the Chileans have been here is greatly to their liking. It's winter at present in their native land.

They think that the Texas women they have met are friendly and likeable and they say their self reliance is refreshing to observe.

First Trip To United States

This is the first trip to the United States for Mrs. Claude, whose husband is general manager of the power and fuels department of Corporacion de Fomento de la Produccion on the isalnd of Tierra del Fuego. However, Mrs. Simian accompanied her husband to Louisiana in 1941 when he worked for the Standard Oil company, beginning as a roughneck and taking all steps to get full coverage of practical work for his occupation today as superintendent of operations, petroleum division, of the production corporation in South America. They are making a tour of West Texas oil fields and upon leaving Lubbock will continue by car to California, then swing across the country to New York from where they will enplane for home.

Introducing the guests to West Texas ways and people are Mrs. George Livermore and Mrs. W. L. Morrison, whose husband is superintendent and general manager in charge of operation for the Livermore corporation which supervises drilling for the Fomento corporation.

Seated in Mrs. Morrison's apartment at the Hilton hotel Thursday afternoon, Mrs. Claude and Mrs. Simian spoke of the differences and the similarities one finds in their country and ours. Mrs. Simian is one person who does not hope for the sight of a real windstorm, as do many visitors on their first trip here, for in Punta-Arenas the winds are strong, blowing constantly and with such vigor that the trees have a one-sided appearance.

Similar To California

They think beautiful Santiago must be very much like a California city, Riverside, for instance. It is neat, made up of modern buildings and homes and while it is inland, within a short time one may be at the seaside or may go to the mountains, depending on which mood he is in for recreation provided by nature.

They saw their first baseball game Tuesday night at Rosenthal field when the Hubbers played the Albuquerque Dukes and while they said they thought it must be an interesting game they were a little confused as to what was taking place.

Soccer is a popular game in Chile and Mrs. Simian is interested in that sport because her husband was a star player at the University of Chile. He liked it so that he continued playing when he was graduated, she said.

Horse racing is a popular sport and the race track at Santiago is one of the most beautiful on the continent. Chileans spend their Sundays and holidays there during the winter and then go to Vina del Mar, famed summer resort, where an equally famous track is located. A number of residential homes are maintained at Vina del Mar and many South Americans have resort homes there, they explain.

Yes, the women of Chile are beautiful, they proudly acclaimed. And Mrs. Simian and Mrs. Claude are good looking themselves. The former is an ivory-skinned brunette with luxuriant black hair and deep brown eyes and Mrs. Claude's hazel eyes are set off by her graying hair. She is thrice a grandmother; her daughter is the wife of an engineer; one son is an engineer; another is an architect and a third is a senior at the university. Mrs. Simian's four children range in ages from seven to one and are staying in the home, looked after by their maternal grandmother and by the woman who served as their mother's nurse.

Perhaps Chilean women appear beautiful because they have time to take care of their appearance, the visitors explain. Domestics do the housework and that leaves time for pursuit of beauty and of cultural arts. Fashion day is held at the Crillon hotel each Tuesday and here one will find the spectators as elegantly dressed as models. Since many of their fashions are straight from Paris, the so-called "new look" was seen in Chile before it came to our style centers.

There are no study clubs there, such as the organizations sponsored by the General Federation of Women's clubs. But the South American woman attends lectures and concerts and many are interested in art; some have taken up the easel and have become adept at painting portraits, still life and scenery, Mrs. Claude said.

"We like to sew, too," Mrs. Simian added. "Many times we ask several friends in for a tea hour and they bring their knitting or embroidery."

They were quick to explain the Chilean woman is free to come and go as she pleases, much as the North American woman. As to date, however, her main interest is centered in her home and she has no zest for a political or business career, as does her sister to the North.

Mrs. Rasor Attending Mt. Sequoyah School

Mrs. A. F. Rasor is attending the Wesleyan Service Guild division of the School of Missions at Mt. Sequoyah in Fayetteville, Ark., this week-end. Mrs. Rasor is district Guild secretary of the Lubbock district Methodist church and is immediate past president of the First Methodist Wesleyan Service Guild. She went to Mt. Sequoyah after a visit in Bay City and Galveston.

Executive Board Meet Is Set Monday Night

The executive board of Lubbock Business and Professional Women's club will meet Monday night at 6:30 o'clock at South Plains Music store. A regular business luncheon will be held by the club Wednesday at 12 noon at Hilton hotel.

Loyalty Club Picnic To Be Held Thursday

Hines, Fred Tunnell, Frank McLaughlin and son, Mack; Jack Boydston and daughter, Sherri; Thomas George, Richard Taylor, Claude Godwin, W. H. McGregor, Bill Francis, Richard Patterson, Walter McNatt and sons; W. L. Gardner, C. L. Tomlinson, Cecil Norris, Joe Hindman, Richard Marshbank, Henry Former, Elliott Gilmer, Weldon Ahrens, Carl McKelvey, Dorcell Young, Eugene Pierce and son; Buddy Miller and C. J. Ward, jr.

A summer entertainment for Carousel Dance club will be a barbecue to be given Friday night at the home of Mr. and Mrs. Winston Reeves on the Levelland road.

Those who would like to swim may come at 7 o'clock. Barbecue is to be served at 8.

Chairmen of the host committee are Mr. and Mrs. Bill Larmer and Mr. and Mrs. Bill Potts. Assisting will be Messrs. and Mesdames Kenneth Moore, Charles Brodie, Ernest St. Clair, Brantley Malone, Clifton Haynie, Mack Smith, Kenneth Leslie, Bert McGinnis George Wilson and Earl Walker.

Traditional Party Held By Girls

WHEN Sub-Deb club gave its traditional summer party for rushees at Mackenzie State park Thursday night, members presented a program.

On the rushee list are Ginger Wilson, Dorothea Garrett, Kary Ann McManus, Betty Thomas, Dolores Scott, Joan Hughett, Nancy Ketron, Laura Lou Bailey, Juanelle Bagwell, Lola Anderson, Jerry O'Neal, Patsy Exam, Pat Rhea, Jerry Patton, Gloria Snell, Lotta Dagley, Louise Davis, Peggy Jenkins, Patsy Harkleroad, Harriet Henderson, Shirley Cartwright, Ann Conely, Betty Wallace, Sandra Stanton, Frances Corcorran, Elaine Kallas, Barbara Kittrell, Betty Tosh, Zody McCrary, Sammie Wallace, Lady Jones, Bobbie Barron, Joyce Smith, Sandra Tomb, Diana Rector, Carolyn Shafer, Patsy Givens, Virginia McGuirk and Pat Martin.

Members at the party were Dixie McGehee, Rita Lane, Pat Branson, Billie Cathey, Marci Rogers, Jan O'Neal, Wanda B. Smith, Jan Dorn, Barbara McPherson, Cecile Butler, Skeet McLain, Joan Brown, LaJuana McWhorter, Maxine Boyd, Courtney Sigler, Jennie Corcorran, Joan Howard, Elizabeth Wofford, Jeannine Mullins, Corrine Smith, Peggy Givens, Carolyn Chick, Wanda Curry, Wanda Woody, Gloria Triggs, Marilyn Swanson, Nanci Rogers Dillard, Betty Jo Corcorran, Jo Cobb, La Moine Berry and Francys Crowder.

New York Visitor Is Honored With Party

Miss Betty Alice Burroughs of New York City, a summer guest in Lubbock, was honored Friday afternoon when Miss Marilyn Williamson gave a coke party in her home at 2221 Sixth. Swimming followed the party.

On the list were Ann Adams, Martha Lee Adams, Betty Armstrong, Jane Austin, Joan Bolinger, Nancy Davis, Sammy Dunn, Nancy Herrington, Tommie Hill, Joyce Worrell, Willouise Huckabay and Cynthia Tankersley.

Miss Burroughs is a house guest of her aunt, Mrs. Ernie Self.

Wanda Atnip Honored At Backyard Supper

A backyard supper given at the home of Mr. and Mrs. Dick Green at 2914 Twenty-first Friday night was a courtesy to Miss Wanda Atnip who is to marry Hunter Tolbert Saturday.

Hosts with the Greens were Mr. and Mrs. Dick Cook, and Mr. and Mrs. Wayne Henly.

Guests presented the honoree a kitchen shower. They were Messrs. and Mesdames Joe Harter, C. W. Ratliff, Allen Todd, Dick Jackson, Kenneth Leslie, B. T. Formby, and Mesdames Earl Marie Brown, John Boyer of Abilene, M. E. Eddins and Messrs. D. Kinney and Jack Williamson.

Past Pythian Sister Chiefs Are Honored

Past chiefs of Pythian Sister Temple were honored at a pot luck supper given by the lodge Thursday night at K-P hall. The Temple's anniversary was celebrated at the event, also.

Forty persons attended.

The lodge will have its next meeting July 22.

Boren-McLain Wedding Is Read In Episcopal Church

(Picture On Page 3)

THE marriage of Miss Helen Jane McLain and Claude Birkhead Boren was solemnized at St. Paul's Episcopal church Tuesday night at 8 o'clock. Rev. Claude E. Canterbury performed the double ring ceremony before a background of gladioli, huckleberry and lace fern. The scene was candlelighted.

Wedding selections were offered by Mrs. J. Raymond George, organist, and Miss Marion Canterbury who sang "Hear Us O Father" (Albert Ketelbey). Mrs. George played "Traumerei" (Schumann), "Libestraum" (Liszt) and traditional wedding marches.

The bride, daughter of Mr. and Mrs. F. A. McLain of 2507 Twenty-seventh, was given in marriage by her father. Her gown of white satin was styled with a round yoke outlined with a flare of satin, a long waisteline and a full gathered skirt, ending in a chapel length train. Her long sleeves which tapered into points over the hands were fastened with tiny self covered buttons. Her fingertip veil was caught by a ruffle embroidered with seed pearls. The bride carried a white orchid with stephanotis.

Mrs. Rowe Is Attendant

Mrs. Marion Lee Rowe, matron of honor, wore aqua organza over satin designed with a heart shaped neckline edged with narrow pleating, a flared skirt and a wide sash of organza. Her small poke shaped crownless hat was of matching material and her bouquet was of red roses.

Nelson A. McLain, brother of the bride, served as best man and Tom Carle, Edwin Niell, Watson Carlock and Bill Stewart were ushers.

Both the bride and bridegroom are graduates of Texas Technological college and will work on masters' degrees at Washington State college at Pullman. Mr. Boren is son of Capt. and Mrs. L. E. Boren of 3010 Twenty-first.

For a wedding trip to Denver, Colo., and Yellowstone National park, the bride wore a brown and white linen suit with Panama hat, spectator shoes, white gloves and a brown and white bag. Her corsage was an orchid.

BRIDE — Pictured above is Mrs. A. E. Rhoads, jr., who was Miss Evelyn Pierce, daughter of G. W. Pierce of Wolfforth, before her marriage which took place Saturday, July 3, in Wolfforth. Mr. Rhoads, son of Mrs. A. E Rhoads of Decatur, is employed by Southwestern Public Service in Amarillo. Following a wedding trip, the couple will live in Amarillo.

Miss Henry Is Bride Of Bobby Hamilton

Mr. and Mrs. Frank Henry of 2511 Maple are announcing the marriage of their daughter, Ruby, to Bobby Hamilton, son of Mrs. Josie Hamilton of 2902 Ruby. The wedding took place July 6 in Lovington, N. M. Mr. and Mrs. W. S. Henry of Idalou were attendants.

RETURNS HOME

Mrs. Irving L. Jones, jr., has returned to her home in Fort Worth after a week's visit in the home of her parents, Mr. and Mrs. George P. Kuykendall, 2201 Sixteenth. She was accompanied by her parents-in-law, Mr. and Mrs Irving L. Jones, sr., and her sister, Miss Jo Ann Kuykendall.

Carousel Dance club, 7:30 p. m., barbecue, dancing and swimming at home of Mr. and Mrs. Winston Reeves, Levelland road.

Through the Coral Doors

Howdy folks:

Things have certainly been humming behind those Coral Doors this week. Anne even had to work through the holidays to catch up.

Josie, Anne and Fredda have all three been pouring over house plans all week—planning color schemes and complete furnishings. Incidentally, there were two lushious English carpet that came in just as I made my visit to the Decorators Studio. The yarn used in this carpeting has a luster that no other carpet has. They are solid colors in warm grey and soft yellow green, both moderately priced.

James was unpacking a couple of tables from Dunbar and some interesting-looking lamps. At the same time he was overseeing the crating of furniture going off to an Abilene job. Fredda is flying down over the week-end just to see how the job is coming. I understand she is spending some of Coca Cola's money.

Josie couldn't resist setting up a table with one of the new hand-woven linen table cloths. The combination weave of chartreuse and natural linens make an interesting background for the modern pottery in deeper shades of the same colors. The table is complete with Dirilyte flatware and two interesting flat bowls floating daisies against their tangerine color for the centerpiece.

New lamps and accessory pieces are making their appearance every day and sometimes just as quickly going out.

Brides are still on the preferred list at the Studio and receive first attention in selecting their table appointments. The list of Studio brides is growing as is the choice of china, silver, crystal and pottery. All four, including new brides, are continuously appearing at 1202 Ave. N.

The Studio still can help you whether yo uare a bride-to-be purchasing your first piece of silver or a veteran housekeeper building your first big dream house. You can't miss unless you miss going behind those Coral Doors.

Meet me at Decorators Studio, corner of Broadway and N, same time, same place.

Grandpa Nosey

P. S. I had a wonderful time over the fourth, watching those teen age boys race their cars down East Bradway while we all breathed that fresh washed mountain air. We don't have to leave Lubbock to be cool—in fact, almost cold in July.

Groups Entertained

(Continued from Page One)

Dudley in her home at 3305 Twenty-first.

Mrs. J. O. Cade presided at the table from which the following guests were served:

Mesdames W. V. DeWitt, Addis Charless, F. L. McRee, John King, A. W. Young, J. D. Hassell, R. M. Tierce, L. W. Bland, C. W. Abbott, W. Earl Voorman, Charles H. Read, Robert W. Wright, R. T Bucy, J. B. Jackson, W. O. Daniels, Charles A. Whitfield, Melvin W. Moore, J. N. Porter, Herbert F. Yant, F. A. Kleinschmidt, Thord Dockray, H. M. Sharp, Jack M. Lewis, W. B. Ditmore, C. R. DeArmond, Randall Polk, Ed Hambright, L. M. Jones, Bob Harvey and R. C. Goodwin.

In Hester Home

Dorcas class of Westminster Presbyterian church was entertained with a social in the home of Mrs. Wyatt L. Hester, 1918 Twenty-eighth, Friday afternoon.

After a series of games, refreshments were served to 19 members and guests.

Mesdames M. D. Blue, Gussie McCleary and Stella Brown were hostesses.

In general, the fastest way is the best way to hay. Get it out of the sun and the danger of rain, and do it fast.

MRS. TRAVIS LOWRIE

* * *

Nazarene Church Is Scene Of Wedding

At First Church of the Nazarene Saturday night at 8:30 o'clock, Miss Dovie Peugh of 1502 Twenty-first, daughter of Mr. and Mrs. R. E. Peugh of Muleshoe, and Travis Lowrie of 2410 Main, son of Roy Lowrie of Kansas City, Mo., were married. The altar was outlined with candles, greenery and bouquets of dahlias. Rev. A. F. Laing performed a single ring ceremony.

Miss Idaleen Anderson played as Mrs. Dorothy Roberts sang "Always."

The bride, given in marriage by her father, wore a dress of white slipper satin made with a lace yoke. She wore a fingertip veil and carried a white Bible showered with blue delphinium.

Attendants To Bride

Mrs. L. D. Joplin, sister of the bride and matron of honor, was dressed in pale yellow taffeta and net with a corsage of white carnations. Bridesmaids were a sister-in-law of the bride, Mrs. Joe W. Peugh of Muleshoe, and her sisters, Miss Vesta Peugh of Muleshoe and Mrs. J. O. Lynn and Mrs. Lee Lidzy of Lubbock. Their dresses were in pastel pink and blue and their corsages were of sweetpeas.

Vernette Lynn, flowergirl, wore a dress fashioned after the bride's. Gerald Joplin, nephew of the bride, was ring bearer.

L. D. Joplin served as best man and J. O. Lynn, Lee Lidzy, George Hill of Idalou, and Joe W. Peugh were ushers.

Mr. and Mrs. Lowrie will live in Kansas City where Mr. Lowrie will be connected with construction work. Mrs. Lowrie is a graduate of Lubbock High school.

Miss Green Marries R. D. Jones, Jr., In Brownfield Church

BROWNFIELD, July 10 — Miss Delma Jean Green, daughter of Mr. and Mrs. D. E. Green of Tokio, and R. D. Jones, jr., son of Mr. and Mrs. R. D. Jones of Brownfield, were married in a double ring ceremony performed by Joe Chisholm Sunday, July 4, at Crescent Heights Church of Christ.

Tall baskets of white gladioli, shasta daisies and greenery and tapers banked the altar. A choir offered "Loves Old Sweet Song" and a wedding march.

The bride, given in marriage by her father, wore a gown of white slipper satin made with fitted bodice, round yoke of silk net outlined with daisies, long pointed sleeves and a full skirt which extended into a court length train. Her veil of bridal illusion was attached to a silk net coronet adorned with daisies. She carried white carnations on a bhite Bible.

Mrs. John L. Cruce, aunt of the bride and matron of honor, wore a yellow taffeta gown styled with a fitted bodice and a full skirt. She wore a picture hat and carried white carnations. Bridesmaids, Misses Billy Beryl Black of Clovis, N. M., and Mary Wanda Whitney, were dressed in blue taffeta with matching picture hats and bouquets of small white daisies.

Zoleta Brantly of Tokio, flower girl, wore a white satin dress identical to the bride's and carried a basket of white daisies. Alfred Pippin of Tokio, cousin of the bride, was ring bearer. Candlelighters were Misses Joann Shelton, cousin of the bride, and Charlotte Jones, cousin of the bridegroom.

Ushers were Carrol Jones and Dennis Jones, cousins of the bridegroom, Dickie Green of Tokio, brother of the bride, Beryl Winn, John L. Cruce and Loyd Wayne Youell.

Following the ceremony, wedding guests attended a reception given in the home of Mr. and Mrs. Joe Shelton, aunt and uncle of the bride. The couple was assisted in receiving by their parents, members of the wedding party and Mrs. Floyd Ledbetter.

The refreshment table was laid with lace over green satin and decorated with a three tiered wedding cake and a floral arrangement.

Mr. and Mrs. Jones will be at home on a farm near Brownfield after a wedding trip to Colorado and New Mexico. For travel, the bride wore a black and white crepe suit with white accessories and a white carnation corsage. Both she and the bridegroom are graduates of Brownfield High school and Mr. Jones attended Texas Technological college and served with the Navy during the war.

MRS. R. D. JONES, JR.

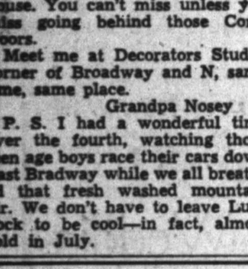

Guests from Lubbock were Mrs. Lottie Green, Mrs. Tobe Foster and Mr. and Mrs. W. L. McInturff.

From Lou To Louella.....

DEAR LOUELLA: Honoring Charlie Laws of Austin, who has recently moved away from Lubbock, and Lucy Wommack, a newcomer to the city and a former resident of Bonham, Shelley Furr gave a sport dance at Meadowbrook Friday night from 8 until 12 o'clock. About 200 persons were invited. Some of the couples attending were Charlie Laws, Doral Sandlin; Lucy Wommack, Robert Brown, who has also moved to Lubbock from Bonham recently; Bettye Thomson, Jerry Thrush; Courtney Sigler, Bo Harvey; Maxine Boyd, Sassy Davis; and Shelley Furr, Earl Hutcherson. . . . Charlie is a houseguest in the home of the Roy Furrs. She has been here since July 2, and will stay until July 16 . . . A luncheon for the Austin guest was given by Callie Martin Friday. The table was centered with an arrangement of yellow day-lilies, and Callie presented Charlie with a guest gift. Luncheon guests were the honoree, Lucy Wommack, Shelley Furr, Courtney Sigler, Maxine Boyd, Margaret Fariss, Bettye Thomson, Jo Simmons, Patricia Lindsey and Norma Holton. . . . Attractive Lucy Wommack is slender, about five feet six inches tall, has brown hair and gray eyes and her smooth skin is nicely tanned.

• • •

GONE AFTER ALL

MRS. Pierce McKee of Chicago, the former Mary Lou Bayless, has always teased her mother, Mrs. R. F. Bayless, 918 Ave. K, by saying "There isn't a thing in this house anyone would have." While the Baylesses were out of town recently their home was entered and all closets and drawers were thoroughly searched. On Mrs. Bayless's return she carefully checked the house to find what had been taken and was surprised to find all of her silver, jewelry and other valuables still in their places. Even a gift-wrapped package under a bed had been opened and its contents left intact. The relieved housewife sat down to write her daughter that her lifelong predictions had been true. But the message to Mary Lou was never written because Mrs. Bayless learned that there had been something someone wanted. Her pen and pencil set had been stolen.

FOLLOW-UPS

JANE WATSON, Tech photography instructor, who will leave during the latter part of this month on a South American cruise, says her wardrobe trunks are already half filled . . . Marie Miles, who will follow a similar itinerary and will precede Miss Watson, plans to leave double T's in conspicuous places and keep a list of them. As Jane follows over the same route, she will make a list of the places in which she finds the Texas Tech markers . . . So far, the only news the J. T. Krueger family has received from their son, Tommy, who is touring Europe, is that he arrived abroad safely.

• • •

TRAVEL TRIFLES

EVA Jean Enlow saw John Ratliff in Raton, N. M., last weekend . . . Mrs. O. P. Cato and Bonnie Holland are leaving Monday for San Angelo, where they will meet Sonny Cato and other members of the Cato family before going on a fishing trip to San Antonio . . . Pat Ausmus is the only Lubbock girl who definitely plans to attend the Ko Shari reunion in Dallas July 16 through 18, being held at the Adolphus hotel. The reunion program includes an opening dinner at the headquarters hotel Friday night, lunch in the Century Room and an ice revue Saturday afternoon, and a starlight operetta, "Rosalee," Saturday night. Sunday will be spent at the Waxahachie Country club, and the closing dinner will be Sunday night at the Italian Villa . . . Mr. and Mrs. Joe Nisiar, 2319 Seventeenth, recently spent a week vacationing in Colorado . . . Sylvia Bentley and Geanne Douglass are reminiscing this weekend about their three-day stay in Santa Fe over the Fourth.

• • •

WESTERN TRIP

MR. and Mrs. J. W. Chapman and daughters, Nelda and June, 2108 Thirteenth, returned Thursday from a trip of three weeks and four days through the western states . . . In Yellowstone National park they had a choice meeting with Mr. and Mrs. Charles V. Moeser and two sons, 3105 Twenty-sixth, and in Grand Canyon, the Chapmans saw Dr. and Mrs. Weston A. Petty, 3001 Thirty-second, who were on their way to California . . . The family attended the Bride and Groom radio program in Los Angeles on the day of the Bob Nash-Frances Combs wedding, ate Armenian food in Omar Khayyan's restaurant in San Francisco, and while visiting Chinatown, met Ching Wah Lee, who acted in "Little Mr. Jim" and "The Good Earth." He described his collection of ancient Chinese pottery to them and told them of his plans to establish a museum for his pieces as his collection grows . . . From Seattle, Wash., the Chapmans took a boat up to Victoria, British Columbia, where they saw some of the most outstanding scenic views of their trip . . . In Colorado they visited in Denver and Colorado Springs, swam in the Great Salt Lake in Utah and in Salt Lake City attended a concert played on the world's biggest organ, which has 2,000 pipes . . . Other points of interest they saw were the Petrified Forest, Boulder Dam and Grand Coulee Dam . . . The Chapmans are glad to be back in Lubbock where they can talk naturally without having someone say significantly, "You're from Texas, aren't you?"

• • •

TOWN TALK

PRETTY Cynthia Tankersley has been wearing a bandage on her nose since she hit the bottom of a swimming pool a week ago after executing a dive . . . Fighter Bill Henderson dates Billie Foster when he is home . . . Mr. and Mrs. Fray Smith are moving from Brownfield to Lubbock in August. She is the former Marcia Howard. He is a Tech graduate and she attended the same college . . . Some of this Summer's swimming devotees are Dr. J. W. Davis and children, Mrs. W. L. Sasser and daughter, Jan and Stanley Huckabee and Leslie Pinkston . . . Jewell Alice Pharr and Mary Frances Ryan are two of the downtown working girls who frequently have lunch together . . . From Houston comes the news that Marjorie N. Howard has joined Pioneer Air lines as a flight hostess. A native of Crosbyton and formerly employed as a reservationist by Braniff airways in Amarillo, Miss Howard is a graduate of Hollis, Okla., High school and has attended the University of Oklahoma and Texas Tech. She will be based in Houston and will serve as a hostess on Pioneer's flights in Texas and New Mexico.

LOVE,
LOU.

MARRIES—Mrs. Claude Birkhead Boren, above, was Miss Helen Jane McLain, daughter of Mr. and Mrs. F. A. McLain of Lubbock, before her marriage read at St. Paul's Episcopal church. He is son of Capt. and Mrs. L. E. Boren of this city. The couple will be at home in Pullman, Wash.

Dances To Be Staged By Federation Here On July 13 And 27

Dances sponsored by the Lubbock Square Dance Federation and the Recreation department will be held July 13 and July 27, at the Playmor on the Slaton highway. The building is air-conditioned and roomy, providing a pleasant summer evening of dancing.

While dances are planned for members, guests and those approved by the recreation department, out-of-town square dancers who are in Lubbock on these nights are cordially invited. Visiting callers are always given an opportunity to call for dancing.

A large roster of local callers is expected to be on hand Tuesday to provide a variety of calls.

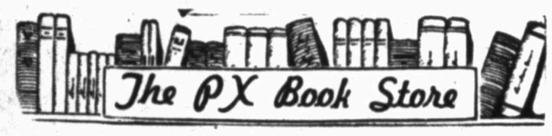

Dancing begins at 8:30, and admission is 50c, tax included.

Mrs. C. C. Lindsey will take over the junior square dance class for the remainder of the summer, according to announcement made by the recreation department. The class meets Wednesday evening at 7:30 o'clock at the American Legion hall, 910 Texas Avenue. There is no charge for instruction, and all young people who enjoy folk and square dancing are invited.

An improved peanut picker that digs the nuts out of the ground, saws them loose from their stems, shakes litle stones out of them and bales the vines for high-grade hay, enables a more efficient large-scale harvesting of this big-money crop.

Ellen Janice Hall, Samuel Phillips, Jr., Are Married In Slaton Baptist Church

SLATON, July 10—In a double ring wedding ceremony performed at the First Baptist church Saturday night at 8 o'clock, Miss Ellen Janice Hall, daughter of Mr. and Mrs. R. C. Hall, and Samuel T. Phillips, jr., son of Mr. and Mrs. Samuel T. Phillips; were married.

The service was solemnized before a wedding archway of gladioli with Rev. W. F. Ferguson, pastor, officiating. Flanking the arch were four candelabra and greenery.

Miss Billie Tucker, solosit, sang "Because" and "A Wedding Prayer" accompanied by Mrs. L. B. Hagerman, organist, who offered "I Love You Truly" as vows were repeated.

The bridal aisle was marked with white lace bows, gladioli and candles. Entering the church with her father, the bride wore a gown of white slipper satin fashioned with a yoke of lace with matching long pointed sleeves. Her fitted bodice was attached to a full peplum and her skirt extended into a graceful train. A fingertip veil of tulle caught by a tiara of lace and seed pearls was worn by the bride. Her bouquet of orchids and white carnations was in heart shape design.

In Bridal Party

Mrs. Dan Garner of Midland, matron of honor, wore a yellow taffeta gown identical to the bride's, except for short sleeves. She wore long matching mitts and carried a colonial bonquet of purple King Asters showered with streamers of yellow, green and orchid ribbon.

Bridesmaids were Miss Ann Phillips, sister of the bridegroom, and Miss Frances Sikes. Their dresses were of orchid and green taffeta styled with fitted bodices and full gathered skirts. They wore matching mitts and carried orchid and pink asters. Mrs. Bob Fondy and Miss Helen Ruth Ferguson lighted candles.

Gay Hall of Littlefield, cousin of the bride, and Kathleen Hopkins of Amarillo, cousin of the bridegroom, were flowergirls. They wore green and orchid taffeta and carried white satin baskets filled with aster petals.

John T. Hall, brother of the bride, served as best man and Mark Gray of San Antonio and Jack Thompson were groomsmen. Ushers were Thomas Hopkins and Merrell Hopkins of Amarillo, cousins of the bridegroom.

Reception Follows Wedding

A reception was given in the Slaton club house following the ceremony with parents of the bride and bridegroom and members of the wedding party assisting with hospitalities.

The bride's table was laid with a white cloth with nosegays of pink and orchid asters outlining the edges. A three tiered wedding cake topped with a miniature bride and bridegroom, was surrounded by ruffles of yellow net.

Out-of-town guests were from Lockney, Lubbock, Littlefield,

MRS. S. T. PHILLIPS, JR.

Sweetwater, Amarillo, Post, San Antonio and Hollis, Okla.

For a wedding trip to New Mexico and Colorado, the bride wore a beige linen suit with green accessories and an orchid corsage.

Mrs. Phillips is a graduate of Slaton High school and Texas Technological college and taught homemaking in a Lockney school during the past year. Mr. Phillips is a graduate of Slaton High school and has been a pre-med student at Tech for the past two years. He served two years with the Army Air forces.

Black Alley, a famous old shortcut in Goston's west end, tunnels beneath a synagogue between Chambers and Leverett streets.

Future Homemakers Of World Is Suggested

At the National Future Homemakers of America convention which closed in Kansas City, Mo., Friday, two representatives from Hawaii and Puerto Rico discussed the possibilities of a Future Homemakers of the World organization. Among other speakers were representatives from the people of Mexico, France, German and Holland who appeared on a program which carried out the theme, "Promoting International Good Will."

The first speaker of the meeting which opened Tuesday morning was Dr. Hazel Frost, FHA national advisor, who spoke on the possibilities and purposes of the organization.

Other features of the convention includes sub-regional business sessions, a "Parade of States" program, a banquet and a session on developing leadership ability.

Wednesday, the FHA members and sponsors toured Kansas City in more than 40 chartered buses.

FOR NEEDLE CLUB

A meeting of 1942 Needle club will be held Friday afternoon at 3 o'clock in the home of Mrs. Wayland Edwards at 2602 Twenty-first.

To make a dustless duster for daily use, pour two tablespoons of furniture polish or liquid glass into a glass jar. Swish it around until the entire inside of the jar is coated, then pour out the remaining polish or wax. Put a piece of chamois in the jar and allow it to stand for a few days. At the end of this time the cloth will have absorbed the polish evenly. After the dustcloth has become soiled wash it and repeat the process. Be careful to keep the cloth away from wallpaper as it will leave an oily stain.

Family Has Reunion On Fourth Holiday

A reunion of the family of Mr. and Mrs. C. Carson of 2314 Tenth, was held on July 4, at Mackenzie State park, followed by a lawn party at the home of Mr. and Mrs. E. C. Carson, and preceded by a fish fry Saturday night in the home of Mr. and Mrs. W. L. Carson.

Sons and daughters of the honored couple attending were Mr. and Mrs. Dudley F. Johnson and daughter, Joan, of Fort Worth, Mr. and Mrs. G. E. Johnson of Lubbock, Mrs. C. B. Conditt and family of Fort Worth, E. C. Carson and family, 2426 Thirty-first, and W. L. Carson and family, 2314 Tenth.

Grandchildren and others present were Edwin and Helen Jo Rogers, Miss Flo Van Buren, Miss Rosemary Clare, and Mrs. Ella West, a sister of Mr. Carson, all of San Diego, Calif., Mr. and Mrs. Guy Lawson of Idalou and Mr. and Mrs. F. M. Ellington and son of Brownfield.

Children of Mr. and Mrs. Carson unable to attend were Mr. and Mrs. A. M. Carson of Port Lavaca, Mr. and Mrs. G. W. Casey of Oxnard, Calif., Mrs. Jean Faver and Mr. and Mrs. E. C. Rogers, all of San Diego, Calif.

The family plans to make the reunion an annual custom.

Contrast in texture, color and flavor should be remembered in planning menus. If the main dish is soft-textured, for instance, see that there is crisp contrast in an accompanying salad or relish. Vary the colors—green snapbeans, stewed tomatoes and mashed potatoes make a more pleasing combination than sliced beets, stewed tomatoes and carrots. When it comes to flavor don't serve the same food on the same menu twice—if tomato soup is the first course, for instance, don't serve tomato salad.

Open House In Anton Is Compliment For Couple On Golden Wedding Anniversary

Mr. and Mrs. L. L. Reese of Amherst, who celebrated their golden wedding anniversary on Saturday, July 3, were honored with an open house at the home of Mr. and Mrs. C. C. Morgan of Anton on July 4 from 2 until 6 p. m. Mrs. Morgan is the daughter and only child of the couple.

The reception rooms were decorated with spring flowers arranged and contributed as a gift by Mrs. Chester Jones of Anton. Also, a floral arrangement from Mrs. Jones centered the refreshment table, which was laid with a white damask cloth, an heirloom which had belonged to Mrs. Reese's mother, and a color scheme of white and gold was carried out. Gifts of Mr. and Mrs. H. G. Richards of Anton and Mr. and Mrs. Amos Shockley of Anton were two wedding cakes decorated in white and gold, which were placed on each end of the table. Napkins, punch and mints were in white and gold and a gold streamer of crepe paper and a miniature bride and bridegroom in white completed the decorations.

During the afternoon piano selections were played by Patricia Ann Morgan and about 70 guests registered in the white and gold anniversary book. An array of gifts was displayed to guests throughout the calling hours.

Were Married In Texas

The honorees, both born in Tennessee, came to Texas when quite young and their families settled in McClennon county near Moody, where they were married on July 3, 1898. The couple came to the South Plains in January, 1925, and settled in Anton, when the town was just beginning to develop. They have lived since then in Lubbock, Littlefield, Denver City, Levelland and Sundown, but for the past six-and-a-half years, they have lived in Amherst where Mr. Reese has been employed as pharmacist in the Co-op Hospital pharmacy. He has been a registered pharmacist since 1912, having received his certificate from Southern Methodist university in Dallas. He was licensed pharmacist for several years prior to that.

Besides the daughter, they have seven grandchildren: Mrs. Amos Shockley of Anton who presided at the punch bowl, Mrs. Roy Tidwell of Anton who assisted in serving, Mrs. Phillip Snider of Lubbock, a registered nurse employed in West Texas Hospital clinic; and Tommy, Charles, Patricia Ann and Wanda Gayle Morgan of Anton. The Reese's two great-grandchildren are Myrtice Lea Shockley and Lonnie Roy Tidwell, both of Anton.

Out of town guests were from Lubbock, Levelland, Putnam, Stamford, Perryton, Silverton, and Amherst.

Diplomat's Daughter Convicted Of Prostitution Will Fight Case

NEW YORK, July 10 (AP)—Convicted of prostitution charges, a pretty, 27-year-old daughter of a U. S. career diplomat says she will fight the case to "clear the name of my family and the name of my son."

Brunette Mrs. Nancy Fletcher Choremi, mother of a five-year-old boy, appeared yesterday in municipal court where Magistrate Arthur Markevich set Aug. 11 for sentencing.

"I will appeal this verdict and fight with every ounce of my strength until I am free of all accusations," Mrs. Choremi said.

She said her father, C. Paul Fletcher, U. S. consul general in Casablanca, had sent funds for her $2,500 bail and to press an appeal. She is the wife of George Choremi, wealthy cotton broker in Egypt.

She faces a maximum term of three years.

Mrs. Choremi was found guilty Thursday along with two other women, Madeleine Blavier and Mrs. Margaret Starr, also accused on morals charges.

Mrs. Millie Watson of Stephenville is the guest of her brother, George P. Kuykendall, and family, 2201 Sixteenth.

Slaton Coup'e Weds In Catholic Church

SLATON, July 10 — Miss Cecelia Josephine Grabber, daughter of Mr. and Mrs. William Grabber, and J. E. Eckert, jr., son of Mrs. J. E. Eckert, were married Monday morning in the rectory of St. Joseph's Catholic church with the Very Rev. T. D. O'Brien officiating.

The bride wore a white two piece dress of eyelet embroidery with matching accessories and a bouquet of baby orchids carried on a white prayer book. For something old, she wore a strand of pearls belonging to her mother, for something new, she carried a handsome handkerchief given to to her by the mother of the bridegroom; something borrowed was the prayer book which belongs to Mrs. Howard Hale; for something blue, she tied two blue bows on her petticoat; and for good luck she wore a penny in her shoe.

Sister Is Attendant

Miss Bernardine Grabber of Brownfield, sister of the bride and maid of honor, wore a blue linen dress with black and white accessories and a corsage of white carnations.

Dayton Eckert of Chicago, Ill., served as his brother's best man.

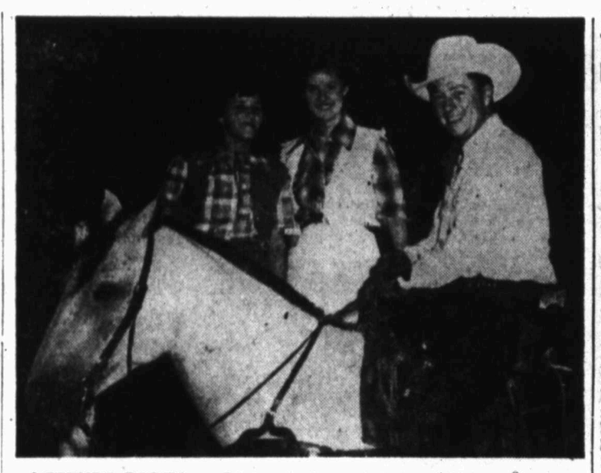

The couple left immediately following the ceremony for a wedding trip to Colorado, Yellowstone National park and Seattle, Wash. For traveling, the bride wore a lime green faille suit with white accessories and an orchid corsage.

Mrs. Eckert is a 1945 graduate of Slaton High school and is employed as receptionist in the office of Dr. W. E. Payne. Mr. Eckert, a 1941 graduate of Slaton High school, is employed by the Santa Fe Railray company in Slaton where the couple will be at home after August 1.

Life Sentences Are Approved For U.S. Soldiers In Japan

SENDAI, Japan, July 10 (U.P.) — The U. S. army judge advocate general announced today approval of life sentences of Pvts. Ralph Howell of Tennessee and Robert O. Otwell of Farmer's Branch, Tex.

They were convicted of killing Niwazo Hasebe with a club. Otwell also was found guilty of striking and injuring Yotaro Yagi. They were tried by a military court Feb. 25.

ATTENDS RODEO — Pictured above, left to right, are Jeanne Jackson, Betty Jo Jackson and Tim Holt, star of Western motion pictures, during the Annual Pecos rodeo held July 2-4, in Pecos. Betty Jo, daughter of Mr. and Mrs. N. M. Jackson, 1111 Thirty-second, and her cousin, Jeanne, met Holt the first day of the rodeo celebration, attended all of his performances and had several pictures made with him. They were also introduced to Cecil Cornish, famed horse trainer. During her stay in Pecos, the Lubbock girl was a guest on the ranch of her uncle, Buck Jackson, sheriff of Pecos, and she also visited Phil Wilson's ranch in New Mexico. Before attending the rodeo, Betty Jo visited in Houston with a sister, Mrs. N. M. Jackson, and in Fort Worth with another sister, Mrs. Eliel Archilla. Her trip and a set of luggage were high school graduation gifts from her parents.

Sara Ann Victory, daughter of Mr. and Mrs. G. C. Victory, has returned from a two weeks visit with Dallas relatives.

UNFINISHED WORK

Not one of Michelangelo's statues is completely finished, according to the Encyclopedia Britannica, because the sculptor was impatient, impetuous, and usually attacked the block of marble without sufficient preparation.

Tag Rally To Raise Funds For Negro Day Nursery School Set

A "tag rally" designed to raise funds for a proposed negro day nursery school in Lubbock opens Monday.

After experiencing difficulties in obtaining voluntary contributions, members of the nursery board met recently at the Mt. Vernon Methodist church, 2306 E. Ave. C, and hit on the idea of raising funds for the nursery through the sale of booster tags to interested contributors.

Small yellow tags, imprinted with the words, "Booster for Day Nursery," will go on sale Monday by board and committee members backing the project. Board members have explained that a building for the nursery has been obtained and located in the 230 block on E. Ave. E, but that there are insufficient funds to equip it and put it into actual operation.

Funds from the "tag rally" and voluntary contributions are hoped to be sufficient to put the nursery into operation by Spt. 1.

Miss Marchbanks Is Mr. Thomas' Bride

Mrs. N. R. Marchbanks of Brownfield is announcing the marriage of her daughter, Miss Mary Helen Marchbanks of Lubbock to Ira L. Thomas, son of Mr. and Mrs. I. F. Thomas of Chico, which took place in Fort Worth Saturday, July 3, with Reverend Darby, Methodist minister, officiating at a double ring service.

After a trip to Dallas, the couple came to Lubbock and are at home at 1623 Main. He is an agent with the Lincoln Income Life Insurance company.

Mrs. Darby played "I Love You Truly" as a wedding solo before the ceremony.

The bride, who was unattended, wore a blue dress with blue accessories and an orchid corsage. She wore a gold necklace belonging to the bridegroom's mother for something borrowed.

MRS. IRA L. THOMAS

Wayne Thomas of Chico served his brother as best man.

For travel, the bride wore a gray chambray suit with red accessories and a corsage of red roses.

To make toasted bread crumbs trim the crusts from slices of stle bread; dry slices in a slow oven until they ar e thoroughly crisped but not browned. Crush fine and sift, before using, if desired.

Needle Club Party Is Held In Litton Home

In the home of Mrs. C. F. Litton at 2111 Thirtieth Friday afternoon, members of Friday Needle club attended a regular meeting.

Present were Mesdames E. A. Hankins, W. H. Trice, Z. L. Wright, N. L. Eddins, Minnie Fickas, W. B. Yeager, F. K. Mitchell, J. A. Goodwin, J. A. Fortenberry, R. R. Holmes and A. L. Harris.

Miss Norris Is Wed To Ed S. Kirkham

Miss Oleta Norris, daughter of Mrs. John Wundeburger of 3722 Ave. K, became the bride of Ed Shelton Kirkham, 505 College Ave., son of Mr. and Mrs. John F. Kirkham of Brookston, in a double ring ceremony performed at Central Baptist Mission church recently by Rev. Robert J. Evans. Arrangements of roses and chrysanthemums decorated the altar.

Miss Hallie Wall, pianist, accompanied Mrs. Curtis Campbell as she sang "Always" and "Because."

Given in marriage by her brother, Lynn J. Norris, the bride wore a white waffle pique dress with blue and white accessories, an Irish lace picture hat and a bouquet of pink roses. Miss Juanita Norris, sister of the bride and maid of honor, wore a pink dress with a halo of pink carnations in her hair.

Billy W. Kennedy served as best man.

Wedding guests were entertained at a reception given in the home of the bride's mother following the ceremony. Floral decorations were of roses.

Mr. and Mrs. Kirkham will be at home at 505 College following a wedding trip to New Mexico. For travel, the bride wore a yellow pique dress with blue and white accessories.

MRS. ED S. KIRKHAM

The bride attended Swenson High school and the bridegroom, who is employed by the T. J. Davis Construction company, is a graduate of Roxton High school and attended Paris Junior college.

Ex-Captain Attends Funeral Of Man Who Saved His Life

BUFFALO, N. Y., July 10 (AP)—An ex-calvary captain kneeled at a funeral mass today with the family of the soldier who saved him from almost certain death in World War II.

John J. Gregory of Worcester, Mass., came here to attend services for Pfc. William J. Grabiarz.

Grabiarz, 19, was killed in February, 1945, when he draped himself over Gregory on a street in Manila after the first cavalry division officer had been wounded. Grabiarz was awarded the Congressional Medal of Honor posthumously for his act.

His body was returned here with those of two other western New York Congressional Medal winners.

Little Theater Is Starting To Work On Fall Programs

The summer heat is not keeping the Lubbock Little Theater from working on its next production.

In addition to making preparations for beginning a workshop, the members are collecting properties for the production, "You Can't Take It With You," to be presented this fall.

One of the most essential parts of any stage production is properties and a thorough and intense search is being made to obtain items needed to lend authenticy to the play, said a spokesman.

Some of the items needed for "You Can't Take It With You" are veried or unusual statutes or busts, a stuffed crocodile, tom-tom, salarium, plaster foot, samavor, Chinese mask, wicker fern stand, model ship, shield, elephant tusk, bird cage and human skull ash tray, or bric-a-brac in general that no one has a particular use for.

Anyone interested in donating or lending necessary properties for the play was asked to telephone Mrs. Bert McGinnis, jr., No. 2-6102, or Mrs. John Robert Moxley, 7090.

Tractor Production And Sales At Top Peak First Part Of '48

KANSAS CITY, Mo., July 10 (U.P.)—The national farm equipment business paper, Implement and Tractor, said today that tractor production and volume of retail sales of farm equipment reached an all-time peak during the first six months of 1948.

The magazine estimated that 238,214 tractor units were produced in the first six months this year, with 221,574 produced in the same period a year ago. It estimated that the industry was turning out tractors at a rate of 512,000 annually before the coal strike and steel shortages during the spring.

At the same time, retail sales of farm equipment continued at record-breaking levels, with sales for the first six months of the year estimated at $506,000,000, compared with $401,000,000 for the same period in 1947. Farm income for the period was estimated at $12,800,000,000, an increase of $332,000,000 over the same period a year ago.

NAMED TO CLUB POST—Dr. Doyle D. Jackson, professor of education and psychology at Texas Tech college, has been named deputy district governor of District 2T-1 of Region 5 of Lions International, by District Governor Bill Rutherford of Dumas. The district embraces Zones 1 and 2, with Lions clubs at Lubbock, Slaton, Post, Tahoka, Idalou, Meadow, Ropesville, Lorenzo, Crosbyton, all in zone 1; and Morton, Whiteface, Plains, Brownfield, Sundown, Denver City, and Levelland in zone 2.

ENGINEER, TOO

Robert Louis Stevenson, the writer, was brought up to be a civil engineer and won a silver medal from the Edinburg Society of Arts for a paper suggesting improvements in lighthouse apparatus.

Sick Dog Reunited With Her Master

LONG BEACH, Calif., July 10 (AP) — Seventeen-year-old Ben Schneider hopes his sick collie, Queenie, will recover, now that she is with him again. The three-year-old animal was flown in yesterday from Brooklyn.

Ben and his family moved here from Brooklyn five months ago, leaving the dog behind. Queenie refused to eat, lost 25 pounds and veterinarians said she was dying of a broken heart.

The youth telephoned Brooklyn and Queenie brightened and barked when she heard her master's voice. Arrangements were made to fly her here.

She arrived aboard a TWA cargo plane and Ben was shocked upon seeing the emaciated dog. Her eyes were glazed.

"She looks terrible," explained Ben. "She doesn't even know me."

But he hopes now she is with her master again she will regain her spirits.

Gas Company Changes Its Plans For Building Pipeline To West

WASHINGTON, July 10 (U.P.) — The El Paso Natural Gas co., has changed its plans to build a $80,101,200 pipeline to transport gas from Texas to the San Francisco Bay area.

The Federal Power commission announced late yesterday the firm now proposes to spend only $46,506,059 and build a pipeline from New Mexico and Texas to the Colorado river.

The Company's affiliate, the San Juan Pipeline co., El Paso, applied last week for permission to build a $28,000,000 pipeline from the Colorado river to the bay area. The two pipelines will make up one system.

The El Paso Natural Gas Co., also increased the proposed delivery capacity of the pipeline from 300,000,000 cubic feet a day to 400,000,000 cubic feet daily.

The project is to deliver 300,000,000 cubic feet a day by Oct. 1, 1951 and the remainder by Jan. 1, 1953.

Local Campaign On For Murray

A campaign designed to familiarize the people of this area with the name and accomplishments of William J. (Bill) Murray, member of the Texas Railroad commission, was launched at a breakfast meeting of about three dozen of Murray's friends at the Hilton hotel Saturday.

Doyle Justice, Lubbock attorney, was named campaign chairman and was empowered to select any number of assistants desired. He said campaign organization will be completed probably Monday.

Appointed To Commission

Murray, who was appointed to the railroad commission in January, 1947, is seeking election for the unexpired two years of the appointive term. He had never previously held public office, and in his own words depends mostly on his friends for political advice and assistance "because I am not in any sense a politician.

He spoke briefly at the breakfast meeting, but made no effort to outline issues or suggest campaign strategy. He did seek to make clear that he is not running in opposition to Col. Ernest Thompson, who is seeking re-election to a six-year term on the three-member commission. Third member is Olin Culberson, whose term has four years to run.

Opponents Are Named

Two Houston men, Carlton Moore, who has sponsored CIO legislation in Texas, and Clyde Austin, are Murray's opponents in the race.

With Murray here was Fred Erisman of Longview, who said he has found in Murray a freshness, sincerity and desire to serve the people that is unusual in public officials.

Murray, a petroleum engineer, was born at Coleman, son of a rig-builder, and grew up in Texas oil fields. Prior to appointment to the commission, he served the body as senior engineer, chief enforcement officer, and chief examiner. He was called by the government during World war 2 to serve on the Petroleum Administration for War. He has long carried the torch for conservation of Texas' natural resources.

Highway Department To Take Bids On Crosbyton Project

CROSBYTON, July 10 (Special) —Bids for the rebuilding of Highway 82 through Crosbyton will be received by the Texas Highway department on Wednesday, July 28.

The work will include 14.7 miles of grading, structures, flexible base and surface from four miles west of Crosbyton to the Dickens county line.

According to information received here, the new road will be a wide two-lane highway with wide shoulders. The Crosbyton Chamber of Commerce and the the commissioners court had asked for a three lane road, particularly through the canyon, but the department said traffic did not justify it.

A three lane road will be built up both side of the canyon, however, it is understood.

Tahoka Council Votes To Buy Fire Truck, D.D.T. Spreader

TAHOKA, July 10 (Special)—The Tahoka city council has voted the purchase of a new fire truck and a D. D. T. spreader. Purchase of the new fire truck was partially prompted by heavy penalty rates placed on Tahoka by the State Fire Insurance department as a result of several destructive cotton fires which "visited" Tahoka in recent years.

The new truck, which will probably be delivered to the city about the middle of September will carry a water tank of 500 gallons capacity and a pump that is capable of emptying the tank in one minute. This tank is double the capacity of the tank on the old truck.

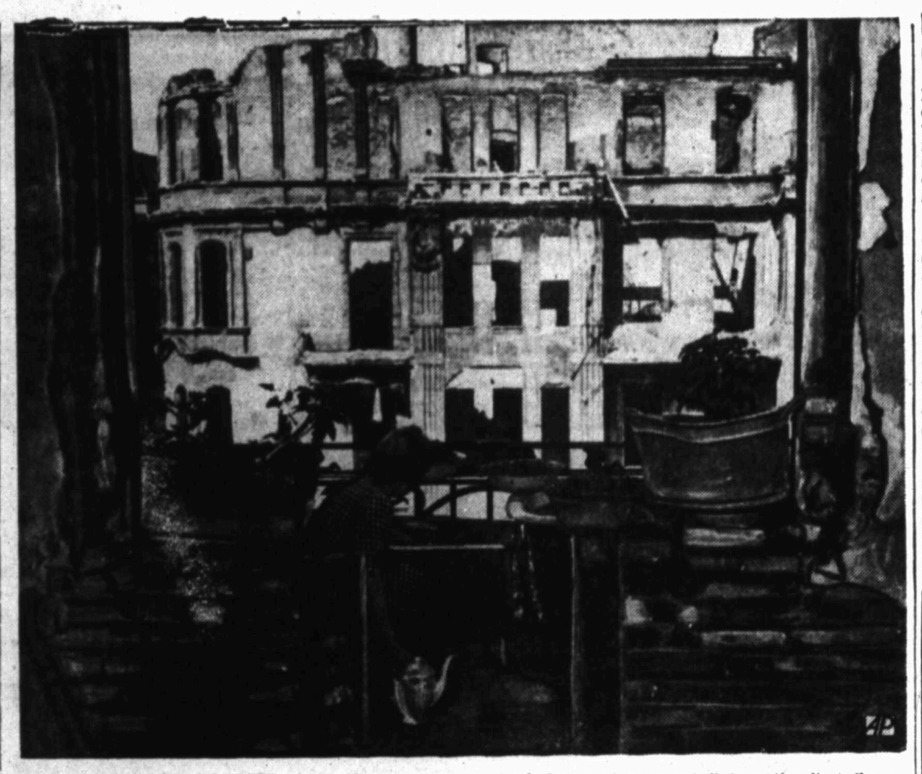

The D. D .T. spreader is being purchased as a precaution against the spread of polio and other infectious diseases.

In announcing the purchases, Mayor Durham explained that since the fire equipment will be used outside the city as well as inside when occasion demands, the county will pay 40 per cent of the cost of the new truck and equipment. The cost, he said, will be about $7,000.

Texan Dies From Burns Received When Stored Fireworks Explode

FORT WORTH, July 10 (AP) — Burns from exploding fireworks today took the life of Charles Schmidt, 36.

He had been under treatment for one week for burns received wher fireworks stored in his garage were ignited accidentally.

BERLIN RUBBLE GARDEN—A Berlin woman uses the balcony of a vacant flat on the first floor of a bombed out building to raise vegetables in pans and boxes.

Mexico Returns 86 Businesses Government Seized During War

MEXICO CITY, July 10 (U.P.) — President Miguel Aleman today ordered the immediate return to their former owners of 86 businesses owned by Italians, Germans and Japanese which were seized during the war by the Mexican government.

The businesses have a value of approximately $8,000,000 (U.S) according to Secretary of Treasury Ramon Beteta.

The Mexican government still controls former Axis-owned properties worth $16,000,000 (U.S.), including former German-owned coffee plantations and chemical and pharmaceutical companies, Beteta said. The Mexican Congress will be asked to decide what should be done with these properties, he said.

Coffee plantations are to be administered by the Banco De Comercia Exterior, and chemical and pharmaceutical companies by Nacional Financiera, S. A., until Congress makes its decision later this year.

Showboat Resumes Trip After Overnight Stop North Of Paris

PARIS, July 10 (AP)—The showboat Wanderer anchored under the Red river bridge north of Paris last night and early today resumed its trip to Lake Texoma.

Hundreds of North Texas and South Oklahoma residents last night viewed the boat. The paddle-wheeler expects to reach Denison Monday.

The boat has been purchased by the three Wilburn brothers of Denison, J. H., J. F., and L. G., for excursion purposes on Lake Texoma. It started from Greenville, Miss., May 28. The boat has been stuck in the river bed several times, the longest being eight days on a sandbar at Shreveport.

At Denison the boat will be pulled out of the water on skids and hauled overland two miles to the lake. Originally built as a Mississippi river pleasure boat, the craft is 93 feet long and 29 feet wide. It is pushing a supply-laden barge 15 by 50 feet. The Wanderer was drafted for coast guard duty during the war.

Mrs. J. H. Wilburn and her son, Louis, 14, were on the boat as it passed Paris.

Frost chocolate cookies with whipped cream, stack and spread some of the sweetened cream over the outside of the stack. Chill in refrigerator for several hours, then slice and serve. Ginger snaps are also delicious used this way.

North Carolina Epidemic Grows

RALEIGH, N. C., July 10 (U.P.)—North Carolina battled today against the worst outbreak of infantile paralysis in the state's history. Reports of new cases averaged between 15 and 20 every day.

Yesterday 31 polio cases were reported to the state board of health to bring North Carolina's total for the year to 468, according to State Health Officer Dr. J. W. R. Norton.

The epidemic here is currently the worst in the nation.

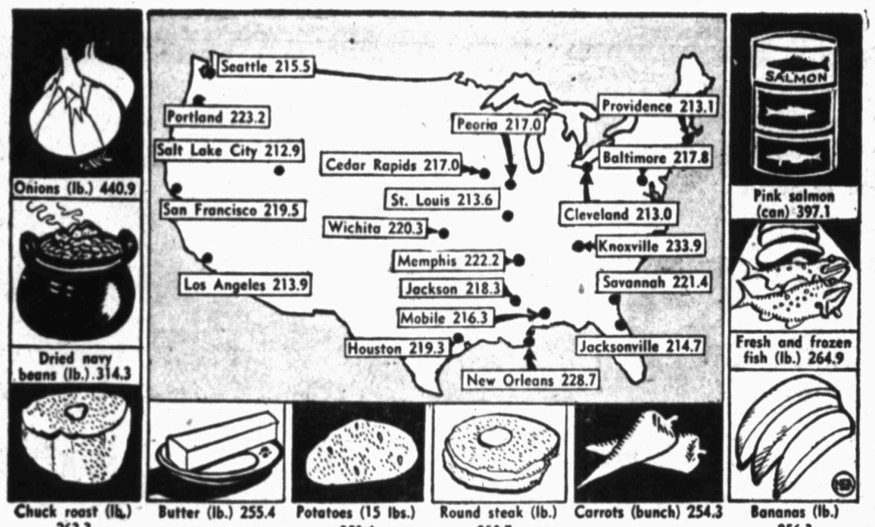

Despite the efforts of local health officers, hospitals and the national Foundation for Infantile Paralysis, the spread of the disease in the state continued to increase. Dr. Norton said it showed no signs of levelling off.

Deaths Are Reported

Of the 468 cases reported in North Carolina this year, more than 300 are now in hospitals. Several deaths have been reported, Dr. Norton said, but no accurate fatality count is currently available as deaths are reported only once a month.

Hospitals and other treatment facilities are taxed to the limit, particularly in four central counties where the epidemic has reached its worst proportions.

Philip S. Randolph of Chapel Hill, representative of the National Foundation, said that 21 general hospitals have expanded their facilities to treat polio patients. Hospitals in Virginia and South Carolina have offered space.

INFLATION HITS THESE CITIES, FOODS HARDEST—These are the 10 foods and 20 cities hardest hit by soaring prices, according to latest available figures from the Bureau of Labor Statistics. With the 1935-1939 average as 100 or "normal," index numbers show present increase over prewar prices. Onions, now at an index number of 440.9, have risen 407.9 per cent from August, 1939, levels. Figures for Cedar Rapids, Jackson, Knoxville and Wichita use June, 1940, as 100, since data was not collected in those cities in 1939. The least-affected city reported is Columbus, O., with an index number of 193.1, and the least-affected commodity reported is canned peas, 113.5.

Japanese Newspapers Praise Departing American General

TOKYO, July 10 (AP) — Three influential Japanese newspapers —Nippon Keizai, Mainichi and Ji Ji Shimpo—expressed regret today that Lt. Gen. Robert L. Eichelberger, eighth army commander, is leaving. The newspapers praised the American general for his sympathy toward Japan and for his part in ordering relief supplies to quake stricken Fukui last month.

General Eichelberger will leave for the United States on Aug. 4 for reassignment and early retirement from the army.

Rites Scheduled For Brownfield Brothers

BROWNFIELD, July 10 (Special)—The bodies of two Brownfield brothers, Sgt. Daniel J. Huckleberry and Flight Officer Willis R. Huckleberry, are scheduled to arrive in Lubbock Tuesday morning from the Fort Worth depot of the Graves Registration service.

The bodies of the returned servicemen will be taken to the Huckleberry home on Brownfield route 1, and funeral services are scheduled at the Brownfield First Baptist church Tuesday afternoon, July 13, with Rev. A. A. Brian, pastor, named to officiate. Interment will be in Terry County Memorial cemetery. A graveside military honor guard will be composed of members of the American Legion, Veterans of Foreign Wars and Marine Corps.

Sgt. Daniel Huckleberry was killed in the southwest Pacific in January, 1944, and his brother, Daniel, was killed in the European theater of war in June, 1944.

Survivors include their mother, Mrs. Delia Huckleberry of Brownfield, two brothers and four sisters. One of the brothers and one of the sisters reside at Brownfield.

Farley Funeral home of Brownfield is in charge of arrangements.

Chinese Papers Attack Order For Travelers To Get Permits

SHANGHAI, July 10 (AP)—Newspapers today decried a police order for all travelers, including foreigners, to obtain permits before leaving the city.

Said the Chinese owned China press: "All over the world there are regulations governing entry of aliens into a country. Only in China and states like the Soviet Union, however, is it necessary for possession of inland travel permits. Nowhere else is there such a thing as regulation of foreigners' movements within the country once he has gained admittance. He is then a guest—not a suspected criminal."

The American owned and edited Shanghai Evening Post and Mercury said the regulation "smacks of a police state."

In order to have red cabbage keep its color cook it with an acid.

Archeologists Are Invited To Examine Five Skeletons

McALLEN, July 10 (U.P.) — The University of Texas was invited today to send archeologists to McAllen to examine five skeletons unearthed by M. E Ayala while digging sewer line.

Ayala thought possibly the skeletons were from an old Indian burial ground, or possibly some early settlers killed by border bandits.

Murder Verdict Names Doctor

HUNTINGTON, W. Va., July 10 (AP)—A verdict of second degree murder was returned yesterday against Dr. William M. Lewis.

The 61-year-old physician and his 29-year-old assistant, Julia Darling, were charged with performing a fatal abortion upon Mildred Ferguson, 23, of Narrows, W. V.

Miss Darling, also accused of falsely swearing to an affidavit and illegally administering an anesthetic, is to be tried later on the murder charge.

Dr. Lewis testified that Miss Ferguson came to his office and related certain steps she had taken to bring on an abortion. He said she was not pregnant at that time but was in need of surgery.

Declaring "I did everything in my power to preserve the life of this woman," he said he assisted Dr. Henry D. Hatfield in operating on Miss Ferguson at a hospital.

Dr. Hatfield testified the woman had suffered severe internal injuries before being admitted to the hospital. She died there Feb. 25.

Father Of Child

The jury deliberated 35 minutes before returning the verdict, which carries a penalty of five to 18 years imprisonment.

During the trial, Miss Darling told the court Lewis was the father of a child born to her April 20, 1947.

Asked if this was true, the physician replied, "I think so."

Judge H. Clay Warth deferred sentence on the murder conviction pending a hearing July 23 of a defense motion to set the verdict aside.

WATCH OUT FOR THAT CHOW HOUND—Ice cream's awful nice on these dog days, two little Woodlynne, N. J., girls agree. But every dog has his dog days, too, and Whitie likes ice cream as much as the girls. So with 2-year-old Lela Volpe watching, Janet Brooks, 6, has her cone filched by the dog.

20 Persons Killed In Yugoslavia Wreck

BELGRADE, Yugoslavia, July 10 (AP)—The official news agency Tanjug said today 20 persons were killed in a train wreck in the south, including "a certain number . . . on their way home from Albania."

Albania expelled Yugoslav technical, economic and cultural missions several days ago while backing up the Communist International Information bureau in its criticism of Yugoslav Communist leaders.

Tanjug said the deaths occurred when a Skoplje-to-Belgrade passenger train hit the rear end of a freight train Monday night 80 miles from the Albanian border, between Urosevac and Grilca. It said 11 persons were injured severely.

Unofficial reports earlier had spoken of a death toll of up to 60.

The Yugoslav director of information said he did not believe sabotage was involved.

One Of Nation's Outstanding Negro Actors Dies In Hollywood

HOLLYWOOD, July 10 (AP) — James Baskett, 44, one of the nation's outstanding negro actors and an academy award winner for his role of Uncle Remus in Walt Disney's "Song Of The South," died yesterday.

For several years Baskett had played the part of Gabby Gibson, the fast-talking attorney on the Amos 'N Andy radio show. Born in Indianapolis, Ind., Baskett started his theatrical career in Chicago with a stock company. Later he went to New York, appearing in Connies' "Hot Chocolate Revue" and Lew Leslie's "Blackbirds."

PAID FOR IDEAS

The French dramatist, Augustin Scribe, sometimes sent money for "copyright in ideas" to men who were unaware that he had taken suggestions from their work, according to the Encyclopedia Britannica.

Son Wins Suit For $5,000,000 Estate

LOS ANGELES, July 10. (AP)—Thomas S. Lee, 42, finally won court approval of a $5,000,000 inheritance, after 14 years of litigation.

Superior court approved a final order yesterday for distribution to Lee of the estate of his late father, Donald Musgrove (Don) Lee, millionaire automobile and radio man. Several suits and claims had been filed against the estate over a period of years.

Under the court order, the son will receive his father's auto agency interests in California, four California radio stations, a television station and a frequency modulation station, both in Los Angeles, and interests in the Don Lee network and Mutual Broadcasting system.

Mrs. Geraldine M. Lee, who married the elder Lee in Mexico three months before his death in 1934, sued for a widow's share in his estate. At the time of their wedding, she was 24 and he 53.

She claimed she misunderstood terms of an agreement she signed shortly before the marriage, waiving all claims on his estate upon payment to her of $25,000. She said she thought the agreement was effective only if she divorced Lee.

Lee's will and a codicil left his entire estate to Thomas Stewart Lee, his son by a previous marriage. Young Lee contended his father's Mexican marriage was void on grounds neither party complied with Mexican law and that Mrs. Lee was not legally divorced from a previous husband.

Texan Wins Judgment Against Texas & New Orleans Railroad

HOUSTON, July 10 (U.P.) — L. A. Pickett of Yoakum today held an $86,000 judgment against the Texas & New Orleans railroad, following district court action here yesterday.

Pickett lost both arms and his leg when he fell from a moving tank car and was run over July 18, 1947. His attorneys claimed a broken hand-brake caused him to lose his balance and fall under the wheels.

Reserves Call Off Army Feud

WASHINGTON, July 10. (AP)—The Reserve Officers association, until recent weeks bitterly critical of the Army's treatment of its civilian reserves, apparently has called off the feud.

The new president of the organization, Col. Clarence Barnes, former mayor of Guthrie, Okla., told reporters today the association "right now sees eye to eye" with the heads of the national military establishment. He made the comment after he and three ROA vice presidents spent two days talking with Defense Secretary Forrestal, Army Secretary Royall, Chief of Army Staff Omar Bradley and leaders of the air Force and Navy.

Charges Made

Barnes was elected ROA president at the association's June convention. He succeeded Col. William H. Neblett. Under Neblett's administration, ROA had taken issue with regular Army planning, charging failure to provide training or even to assign the hundreds of thousands of reserve officers and men to reserve units.

At the Denver convention, General Bradley directed some sharp words at this criticism. He said "to any man who contends the regular Army is out to pollory its reserve components with prejudicial policies and discriminatory practices, I charge that he is untruthful."

Today Barnes said that "General Bradley's speech was a plea for unity" at a time "when all persons and organizations must get behind the defense effort."

Water Under Bridge

And, he added "all that has gone on before is water under the bridge so far as I am concerned."

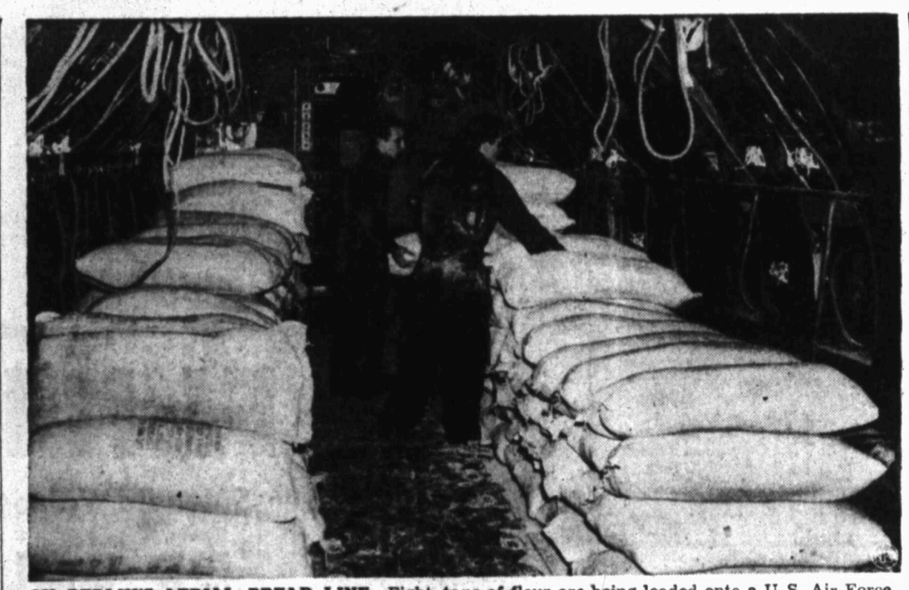

The other ROA officers who took part with Barnes in the talks here are Col. Henry J. Nulton of Elizabeth, N. J., vice president in charge of Army affairs; Comdr. John P. Bracken of Philadelphia, Navy affairs, and Col. Morris Brummer of Fresno, Calif., Air affairs.

Savage Is Made Superintendent Of Agriculture Field Station

WASHINGTON, July 10 (U.P.)—David A. Savage has been appointed superintendent of the Agriculture Department Field station at Woodward, Okla., it was announced here today.

A native of Montana, Savage is a graduate of Montana State college. He has been doing forage and range research work in the Department of Agriculture for 24 years, first in the northwest and later in the southwest.

Scientists say that smiling babies are no more intelligent than solemn ones.

ON BERLIN'S AERIAL BREAD LINE—Eight tons of flour are being loaded onto a U. S. Air Force C-57 transport at Frankfurt, Germany, for air shipment to blockaded Berlin. All food and medical supplies for Allied-controlled sectors of Berlin are being flown in because of the Russian blockade of land travel from the west.

Money Problems Are Solved In Devious Ways By Swindlers

By BOB WEDDLE
United Press Staff Writer

Money is the source of many worries. If you have it, you worry about what to do with it. If you don't have it, you worry about how to get it.

The monetary worries of a Paris safe burglar were manifold. He solved his first worry—how to get the dough—by taking a safe from the Mid-Continent Airline office in Paris.

His next worry was how to get the money out of the safe, and he solved that one by taking the safe to Texarkana and having a skilled acquaintance open it with a cutting torch.

For his trouble, he got $83 in bills, all of them badly burned, thus giving rise to still another worry.

So he sent the money to the Treasury department in Washington and asked that it be exchanged for undamaged bills.

But he didn't hear from the Treasury department right away. He heard instead from Texarkana police.

A negro minister in Austin had his worries too. He was arrested and jailed on a check swindling charge. The matter snowballed, as bad checks with his signature on them kept rolling in.

Finally he bargained with the county attorney for his release on condition he make the checks good. The man was released, then came back a short time later with the money.

All was forgiven—until the next day, when it became apparent that he had written another bunch of bad checks to pay off the first ones.

Has Forwarding Address

A similar incident occurred in Gregg county, when a young man opened a bank account in a Longview bank by depositing a worthless check on a bank in North Carolina.

Then he went about town exhibiting the new deposit slip as proof of his solvency and found merchants ready to cash his checks.

Accepting his arrest philosophically, he grinned and told officers, "It's an old gag, but it worked."

And to top it all off, he asked one of the officers to notify the bank of his new address — the Gregg county jail—so it could forward him his statement and cancelled checks.

Farm land values in the U. S. went up seven per cent in the year ending March 1, 1948, to equal the record high point of 1920.

Lubbock Cadet Is Appointed Sergeant Of Flight Class

Darrell D. Rogers, son of Mrs. Artie I. Hill of 1008 Ave. V, was recently appointed sergeant of class 49-B in ceremonies held in the student area at Randolph Air Force base, according to a letter from that base. He was also chosen as one of the outstanding members of the class.

Cadet Rogers will carry out the duties of his new rank in addition to his regular pilot training program, and also assist in the supervision and indoctrination of new aviation cadets entering the basic flight training program. He has completed four of the eight month basic flight training program, and has approximately 80 flying hours. During the next four months he will learn such advanced aerial manuevers as formation, night, instrument, and navigation flying and upon successful completion will be assigned to either the advanced single engine school at Williams Air Force base or advanced twin engine school at Barksdale Air Force base.

By APPOINTMENT

In colonial days, the mayor was appointed by the provincial or colonial governor, and popular elections of mayors were not generally adopted until the 1820s.

Radio microwaves help science

measure the distances between molecules with almost as much accuracy as a surveyor can fix distances between two spots on the earth's surface.

Just as air propellers for boats

and ice-yachts appeared soon after the airplane became a success, now a helicopter type of propulsion for boats that run on water and ice has made its appearance.

AMAZED AT QUICK ACTION OF MERTOX
"For the past ten years I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cummings of Waco.
"My food would not digest and soured on my stomach. I had bad dizzy spells and when these attacks occurred I felt all puffed up. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking this wonderful medicine.
"Since taking Mertox I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work, without that tired, worn-out feeling. I certainly was amazed at the quick action of this medicine."
You can get Mertox from any Texas druggist — REDUCED price.

MATADOR VETERAN RE-ENLISTS

'Wild Horse' Warren Gives Up Ranch Life For Army Career

By OPAL DIXON
Avalanche Staff Writer

Putting away his chaps and his spurs and his saddle and bidding a sorrowful goodbye to his favorite horse, Melvin "Wild Horse" Warren has re-enlisted in the Army Corps of Engineers as a staff sergeant and left for Fort Ord, Calif.

"Wild Horse" Warren, who was wagon boss of Matador ranch before re-enlisting, sat in the Army and Army Air Force recruiting office in the federal building, looking now and then at the cowboy boots he will not be able to wear except when off duty. He became wear his boots once before, when he served 39 months in military service during World war II, and he can do it again.

Rode "Crazy Horses"

He was sure of his course, but nevertheless was suffering some of the pangs of parting from the ranch life to which he has been accustomed most of his life.

When 17 years old he began work on the Matador ranch, which is the second largest ranch in the world, as a cowboy. He received his nickname of "Wild Horse" in his early days on the ranch, "because I rode crazy horses, I guess," the cowboy said, smiling.

He can get used to giving up his boots and his cowboy hat and wearing a uniform rather than levi's and shirt, but it won't be so easy to get used to being without "Bright Eyes."

"Every cowboy has his pet horse. He may have seven or eight good ones, but he always has one he thinks more of than any of the rest," he said. "Bright Eyes" is the one he thinks most of.

Wilburn "Rosie" Deaton succeeded Warren as "wagon boss" and will ride "Bright Eyes."

"He'll take care of any horse," said Warren.

Branded Calves Last Day

On the last day Warren worked on Matador ranch, June 23, he and other men branded 364 calves at the head of Wolf creek. That was quite an accomplishment but did not set a new record, 800 having been branded in two days last year. Warren roped the calves during branding. About 15,000 calves a year are branded on the ranch and about half that number had been branded when Warren left.

Warren has broken scores of horses since he became a cowboy on the ranch. Thirty or 40 have been broken each year in recent years and formerly about 150 were broken each year, he said.

"If you don't break some every year, some of the horses get old and you don't have any to ride," he said.

Warren left Wednesday night for Fort Ord, Calif., for six or seven weeks' refresher course prior to being assigned.

He had thought it over carefully and he had no doubts about wanting to go back in the Army—not for temporary service but as a career. He was looking ahead to those years when a cowboy becomes old and is retained merely because of his years service, he said.

He still is only 36, but he has thought over the Army retirement plan, and he doesn't plan to hang around on the ranch until old age clamps down.

Ranch Life Has Changed

That is just one reason he is going back into service, however. Another is that ranch life is not what it used to be, he said. There are not as many youths who have been reared to cowboy life and are ready to step right into the work, he said. Many boys unaccustomed to ranch life are going on the job as cowboys and that leaves considerably increased work to the "old hands," he said.

He is convinced that to be a cowboy one has to be raised a cowboy. "I've almost gone so far as to say they're born—not made," he said.

Warren was reared on ranches. His mother, Mrs. J. B. Warren, lives at Seymour and he visited her before reporting to the recruiting office here to be sworn in.

Warren spent 33 months overseas during his 39 months' service in World war II with the Aviation Engineers, helping erect bridges, building railroads and performing other work in the Normandy, Northern France, Rhineland and Central Europe campaigns.

Major Harold Fulghum, who has charge of the Army and Air force recruiting office, said, "I have looked over the records of many veterans who have appeared before me for re-enlistment, but never yet have I found a record of service to surpass that of Warren's. He is the type of soldier the Army and Air Force need to guard the security of our nation."

Twelve days after Warren left service Dec. 8, 1945, he was back in the saddle.

Some of the men in the recruiting office are going to miss the ranch life they have taken part in since Warren began considering going back into service. Major Fulghum, Lt. Jack Curry and Sgt. L. D. Green have visited Matador ranch at branding time, watched the activities of the cowboys and enjoyed the thick steaks served.

As wagon boss, Warren was in charge of all wagon work—responsible for all that went right or wrong. He has been wagon boss about two and one half years.

He likes the Matador ranch and, "If I were going to punch cows, that's the only place I'd work," he said.

The Matador ranch, which sprawls over about 640 sections, is exceeded in size only by the King ranch.

Warren likes the security offered by Army service. In another 20 years, he will be eligible for retirement if he wants to retire.

He is convinced "a job in the Army is just like any job. You can make it good or bad, the way you want it," he said.

He expects to make Army life good for himself, and if he sometimes longs for the feel of horseflesh and branding time at the head of Wolf creek, he will try to put down his longing.

COWBOY SAYS GOODBY—"Wild Horse" Melvin Warren, who quit as wagon boss of the Matador ranch to re-enter the armed service, is shown as he takes the saddle off his horse for the last time. Warren placed his saddle and bed roll in an automobile belonging to another cowboy and, after eating his last meal of sour-dough biscuits, Matador beef and camp coffee, drove to Matador. He was overseas for 33 of his 38 months in service during World War II but returned directly to the saddle after his release. (Photo courtesy of Douglas Meador of The Matador Tribune.)

40 Per Cent Personnel Loss Is Claimed For Greek Guerrillas

ATHENS, July 10 (AP) — The Greek general staff estimates Communist-led guerrillas lost more than 40 per cent of their personnel strength from June 21 to July 8 in the Grammos mountains, scene of a government anti-rebel drive.

An announcement last night said 1,512 guerrillas were known to have been killed, wounded or captured in that period against 1,110 Greek soldiers killed or wounded. The general staff estimated unofficially that rebel casualties ran higher than 3,500 all told, on the theory that many were removed from battlefields.

OFFERS NEW TWIST

CHICAGO, July 10 (U.P.) — Vincent Ficarotta, 23, arrested for allegedly trying to break into a store, had a new twist to an old alibi, but police didn't believe him. He was seized hiding beneath an automobile, and told police he was waiting for a streetcar.

AN HONEST MAN

HARTFORD, Conn., July 10 (U.P.) —A public works laborer was filling out a job questionnaire as part of a salary survey.

He came to the question: "Who is your immediate supervisor?"

"My wife," he jotted down.

Prospects Of Record Farm Crop Give Nation Reason To Rejoice

By RICHARD P. POWERS
Associated Press Staff Writer

WASHINGTON, July 10 (AP)—Prospects of the biggest general farm crop in history today gave American housewives and diplomats alike reason for rejoicing.

The outlook is for more and cheaper meat at home—eventually—plus full scale grain shipments abroad, where food is a big factor in combatting Communism.

A record corn crop of 3,328,862,000 bushels, nearly 41,000,000 above the previous top crop of 1946, was forecast by the Agriculture Department late yesterday. This is far above last year's total of only 2,400,000,000 bushels.

Good Wheat Crop Predicted

At the same time, the department predicted a wheat crop of 1,241,751,000 bushels, only some 123,000,000 bushels short of the record set last year.

In addition, excellent prospects were held out for most of the other crops to come off American farms.

The huge corn, wheat and other grain supplies will more than meet the needs of farmers who want to step up feeding of cattle, hogs and other meat producers.

The excess will be available for shipments abroad and building up depleted stocks carried over from previous years.

High Prices Due To Poor Crop

Last year's poor corn crop was pointed to by department experts as the reason for the drop in this year's meat production and the big jump in prices.

On the other hand, the big feed supply outlook does not promise any immediate relief.

Holding off both hogs and cattle from slaughter while they are given extra rations of corn and other grains will keep the meat supply tight through this fall.

In addition, large numbers of hogs are expected to be held back for breeding purposes, further cutting the immediate supply.

With fewer animals on farms and consumer demand very strong, prices of most livestock products are at or near record levels. These should come down, however, when big supplies of meat begin reaching stores next year.

SOUTHERN DEMOCRATS—Four Southern States members of the Democratic subcommittee on resolutions which met to draft the platform for the Democratic National Convention, formally opening July 12 are shown above. The quartet comprises (left to right): Sen. Clyde R. Hoey (D-N. C.); Dan Moody, former Texas governor; Charles D. Sheppard of Florida, and Gov. Chauncey Sparks of Alabama. (AP Wirephoto).

One Of Every 500 Frenchmen Buried Alive, Doctor Claims

PARIS, July 10 (U.P.)—One of every 500 Frenchmen who die is buried alive, Dr. Jean Huet told the general council of the Seine department last night.

Dr. Huet, a member of the council, charged that issuing death certificates by municipally appointed physicians often was a mere formality without examination of the body.

He introduced a bill to "organize the prevention of premature burials." It was referred to a committee for further study.

Acrobat Hurt In Fall From Broken Trapeze

CLIFFSIDE PARK, N. J., July 10 (AP)—A girl acrobat who had promised her mother to quit the act next Saturday fell 110 feet from a broken trapeze in Palisades Amusement park yesterday while 15,000 persons watched in unbelieving horror.

Although she suffered a broken right ankle, a fractured left leg and a fractured pelvis, the girl, Miss Valentine Davie, 21, of New York City, said smiling from her Englewood hospital bed:

"I guess I was lucky wasn't I.

"But I'll never go up again—never."

Doctors said she would be confined at least four months.

Miss Davie, who took the job last summer to finance lessons for a singing career, was swinging by her teeth from a cross bar. She had made about 35 spins when the bar broke ,and she plunged to the stage below. Her fall was broken by a guy wire.

The act, which is performed without a safety net, continued last night, with another girl taking Miss Davie's place.

GREATEST CALAMITY

What is said to have been the greatest calamity in history was the Black Death, a pestilence which spread over Asia, Europe, and northern Africa in the 14th century, and took the lives of 67,000,000 people.

YOUNG INVENTOR

Guglielmo Marconi, famous Italian inventor and a rich man's son, discovered wireless telegraphy when he was only 21 years old, in 1895.

The Empire State building is the tallest man-made object in the world.

U. S. Navy To Prevent Another "Corregidor," Admiral Claims

CHITAUQUA, N. Y., July 10 (AP)—There will be no more Corregidors if war should break out in Europe, America's chief of naval operations declared today.

Vice Adm. Arthur W. Radford said that in event of sudden hostilities, the Mediterranean fleet would let America reenforce and supply its troops and civilians or also evacuate them.

Follows Evacuation

"Never again should we have to abandon our men as was the case at Corregidor," the admiral said in an address prepared for the Chautauqua institution's diamond jubilee celebration.

Radford spoke just a day after the Navy's annouhcement in Washington that two ships of the Mediterranean fleet—escort carrier Palau and the cargo vessel Marquette—had successfully evacuated American military and United Nations personnel from Palestine.

The major portion of this fleet—the U. S. 6th task fleet commanded by Vice Adm. Forrest P. Sherman—is now concentrated in the eastern Mediterranean.

Radford, calling the navy a "precision instrument of diplomacy to help maintain the peace," said foreigners realize that the full strength of American might will not be used unless there has been a previous political catastrophe.

"However, they have a different impression of ships which are capable of landing marines to spike local troubles," he said.

"In backing up our diplomacy, the Navy, with its possibilities for local precise action, can break up small incidents before they mushroom into catastrophic size." Radford added:

"Policemen with sticks and tear gas have a definite advantage over a Sherman tank. They can do the job just as well without causing a massacre. This consideration is what motivates much of the activities of our restless Mediterranean fleet."

HER PATIENCE GETS PATIENTS—For 10 years, Dorothy Sell worked as a waitress to put herself through the University of Illinois Medical School. Now, as Dr. Dorothy Sell, she's interning at a Los Angeles, Calif., hospital, and checks her first patient, Arthur Carlson.

Heart Of Plains Kennel Club To Hold Meeting Here Today

The Heart of the Plains Kennel club is to hold a regular second Sunday meeting at Hotel Lubbock this afternoon at 2:30 o clock, featuring a book review of Bart King's "Dogs As An Avocation," it was announced yesterday.

The book, written especially for beginners with dogs, is to be reviewed by Mrs. Russell Denison of Lubbock. The announcement asked that club members invite guests to meetings.

Electro-Chemical Plant At Denver City Is Expanded

MIDLAND, July 10.—The Frontier Chemical company, of Midland, is enlarging its electrochemical manufacturing plant at Denver City, in southwest Yoakum county. The concern is spending approximately $400,000 in the expansion program.

The plant, which produces hydrochloric acid used in treating oil and gas wells, and caustic soda, for refineries, and as an ingredient in some varieties of oil well drilling fluids, will have the new units in operation by December 1, Robert L. Wood, Frontier president, said Saturday.

To Make Acid

When the additions are completed the plant will be able to produce approximately 2,000 tons of hydrocloric acid and about 600 tons of caustic soda, each month. That will be almost double the present output of the plant.

Frontier is also putting in a solidifying and flaking unit for the caustic soda, at the Denver City plant.

All the materials produced by the company are used in various branches of the petroleum industry in the Permian Basin.

Used In Area

The enlargement of the manufacturing plant, which uses salt brine from underground strata in the Denver City region, is being undertaken by the company, in order to provide more acid and soda to meet the increased demands of the industry for the products.

None of the production of the Frontier plants is being sent out of the Permian Basin, and the company expects all of the additional output which will be made by the plant addition, to be used in this region.

During 1935, 3694 Americans gave up their U. S. citizenship to be naturalized in Canada.

WORK STARTED ON APARTMENT PROJECT — Preliminary construction work was begun Saturday on four apartment buildings shown in the architect's drawing above to be erected on Thirty-third and Thirty-fourth streets between Avenues U and V. Two of the buildings will contain 27 five-room units each, one will contain 22 and the other 18. Total estimated cost of the project exceeded $740,000. The units are to be unfurnished except for stove and refrigerator. Plaza Apartments, inc., composed of Homer Maxey and others, is the owner. George Fields is the builder. James Atcheson is the architect.

New Anti-Communist Legislation Being Readied For Next Session

BY O. B. LLOYD, JR.
United Press Staff Writer

AUSTIN, July 10 — New anti-Communist legislation is being polished off today in Texas, being readied for possible introduction at the next session of the legislature.

The current bill, known as the "Texas Loyalty Measure," was prepared by Marshall O. Bell, a state representative from Bexar county.

Bell has served three terms and is seeking election to his fourth.

Enactment of the legislation would have a direct effect an every department, agency, commission, school or institution supported either wholly or in part by state funds.

Agency Would Administer Law

The law would be administered by an agency known as the "Texas State Loyalty Board." That group would be composed of five members, including the Director of the Department of Public Safety, the Attorney General, the Lieutenant Governor, the Speaker of the House of Representatives and the State Auditor.

These men would serve without additional pay, and supplies, clerical help and office space would be furnished by the Department of Public Safety

This board would be charged with preparing a "list of Communist and subversive organizations" which:

Bill Is Quoted

"From a part of the Communist party of this or any other nation, or which aid or support such party or subscribe to its principles, or which seek to undermine or overthrow by force or violence the Democratic form of government in the United States, or which seek to esablish, or advocate the establishment of, any character of government that does not rest upon the fundamental principle of the consent of the governed."

This list would be released annually on the first day of August and sent to "the heads of all departments and agencies of the state, the heads of all boards, commissions or other organizations created by authority of the state and supported wholly or in part by state funds, and to the head of all educational institutions supported wholly or in part by the funds of the state."

Copies To Be Provided

After that, it would be the duty of each official receiving the list to make sufficient copies to provide "each official, officer, agent or employe of their respective organizations, obtaining therefrom a written acknowledgement of the receipt of such copy."

Then, and sometime before the 30th of August, the same official would be responsible for preparing an affidavit stating, among other things, that the employe had read the list of Communist or subversive organizations.

The employe would say further that "he is not a member of, affiliated with, or sympathetic toward the Communist party of any of the organizations" named upon the list.

The affidavit would be returned not later than Sept. 1.

After that, the affidavits would be bundled up and sent to the comptroller or whatever agency administers the funds of the particular department, board of institution.

Then the legalistic boom is lowered.

Section 4 provides that no "official officer, agent or employe" can be employed until he has signed such an affidavit.

Section 5: No money can be paid such a person until the affidavit is signed.

Section 6: No state money may be accepted until the affidavit is signed.

Violation of sections 5 and 6 provide for three years imprisonment, a $3,000 fine, or both.

Falsifying the affidavit provide for a maximum of five years in the penitentiary, a $5,000 fine, or both.

Words Change, But Smell Lingers On

OKLAHOMA CITY, July 10 (AP)—The words are different, but the fragrance lingers on.

Such is the plight of the Daily Oklahoman and Times here after they cheerfully dumped 45 pounds of concentrated perfume essence into their presses Thursday.

It was a gag to put zingo into a department store's full-page advertisement for a perfume called "Black Magic."

They pulled that ad out yesterday, but things are still under the spell. Four morning and evening issues have gone by, and the company is still getting out one-scent editions.

"Where we made our mistake," one rueful and redolent pressman said, "was in pouringthat stuff into the main ink fountain. We should have used a little one made for colored ink. That ad should have been purple, anyway.

"I had to let my wife smell one of those papers before she'd let me in," he added, as the crowd edged away.

Nest Of Water Snakes Harmless But Woman Took No Chances

SAN ANTONIO, July 10 (INS) Maybe that nest of water snakes was just as harmless as the police said it was, but Mrs. Dorothy Dorton didn't waste time leaving when it appeared.

Maybe it was the method of its appearance that did it.

Mrs. Dorton said she was pulling a box off the shelf in her garage when "a nest of snakes came squirming out and dropped on my back."

Harmless, said the police. Hmff, said Mrs. Dorton.

Tests made by the U. S. Bureau of Standards showed that gasoline vapor may be exploded inside a soap bubble without bursting it.

Hottest And Reddest Face In Washington Today Belongs To Air-Conditioning Man

By HARMAN W. NICHOLS
United Press Staff Writer

WASHINGTON, July 10 — The hottest and reddest face in Washington today belongs to one Paul R. Achenbach.

Paul, a handsome, blond curly-head, is assistant chief of the heating and air-conditioning section of the National Bureau of Standards.

The young scientist squeegeed his dripping brow with an index finger and said, look. No air-cooling in his workshop-office. Hotter in there than the inside of a luggage compartment. You could feel the 100-plus air that rolled over the heat-giving machinery.

No Air-Conditioning At Home

"Don't even have air-conditioning in my own home in Arlington, Va.," the air-cool expert said. "Can't afford it. Got the next best thing. Some home remedies for the heat. Old mostly, but they work."

Paul, looking down at his brown play suit with sawed-off shirt sleeves, said he guessed he'd have to give nature an assist for his private comfort. His house sits on a little hill, attracting any stray breeze. It's surrounded by oak trees. They shade the ground so it doesn't shoot so much heat into the house.

To help nature along, Paul uses the old formula of keeping the shades down and the doors closed until sundown.

Attic Fan Is Used

"Also," he says, "we do something a lot of people think is silly. We have an attic fan."

Nobody in the house feels the breeze, but it helps, anyhow. The average attic, Paul figures, is around 130 degrees hot. If you don't believe it, go up sometime. A lot of that hot air is bound to seep into the rest of the house. Not only that, it heats up the walls.

Such a fan costs a heap. But take it from the cooler man it's worth it. You place it at one end of the garret and open a window. If you don't have a window, get a sharp saw and cut one.

The idea, of course, is to clear the space under your roof from all that torridness. Paul says, by golly, it makes the whole house from five to eight degrees cooler —inside, as they say in the theatre ads.

Working On Project

Right now, our friend is working on a mighty happy little project at the Bureau of Standards. He's doing some experiments on hot air furnaces.

The government has set him up a model four-room bungalow. His job is to find the best place to put the radiators to get the maximum of heat. Whether the corner is better than around the walls. Wind direction and all of that sort of thing.

Believe it or not, Paul finds this odd summer time occupation an extreme pleasure.

They keep the experimental house at an even zero temperature.

He and his hired hands have to wear overcoats in there. During this hot spell, it's not unusual for 'em to show up half an hour early.

Rites Are Planned For Alton L. Owens

LITTLEFIELD, July 10. (Special)—Body of Lieut. Alton L. Owens, former Red Raider football star who died in action in France, is to arrive in Lubbock Wednesday morning and funeral services will be conducted at 2:30 o'clock Thursday afternoon in Littlefield First Baptist church, with Rev. Lee Hemphill, pastor, officiating.

The son of Mr. and Mrs. William E. Owens of Littlefield, Lt. Owens was a 1933 graduate of Brownfield High school. He attended Wayland college and was graduated from Texas Technological college after having been an outstanding guard on the Red Raider team. He was an agriculture major.

Owens served as New Mexico state supervisor for the Agricultural Adjustment administration prior to entering the chemical division of the Army May 10, 1942.

He landed in France June 6, 1944, and was killed at St. Lo July 25, 1944. He was awarded the Purple Heart and Bronze Star posthumously. He was 31 at the time of his death.

His survivors, other than the parents, are a brother, Pete Owens of Littlefield, two sisters, Mrs. A W. Copeland, Littlefield, and Mrs. L. H. Powell, Fort Worth.

Burial will be in Littlefield cemetery under direction of Hammond Funeral home.

Most of the alcohol in the United States comes from imported black molasses.

North Texas Sheriff Candidate Is Sure That He Lost One Vote

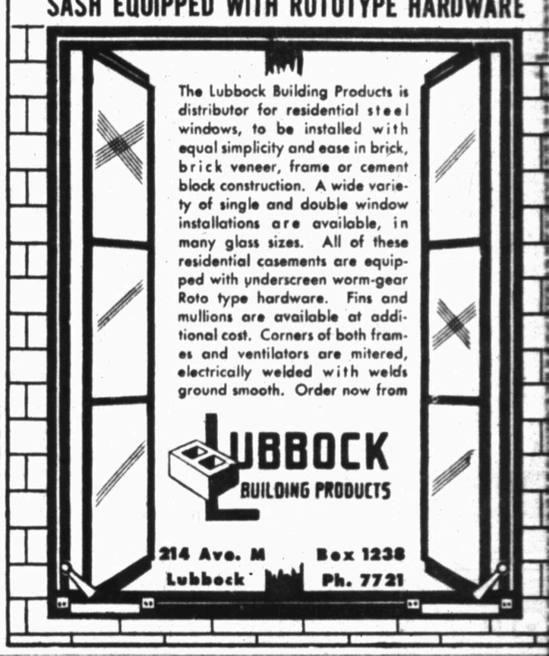

DALLAS, July 10 (INS) — A North Texas candidate for sheriff knows of one vote he won't get.

Approaching a woman on the town square recently, he said, "vote for me and I'll get rid of all those women-chasing deputies."

The lady is a wife of one of the deputies in question.

The Braille system, which permits the blind to read, was perfected by Louis Braille more than 100 years ago.

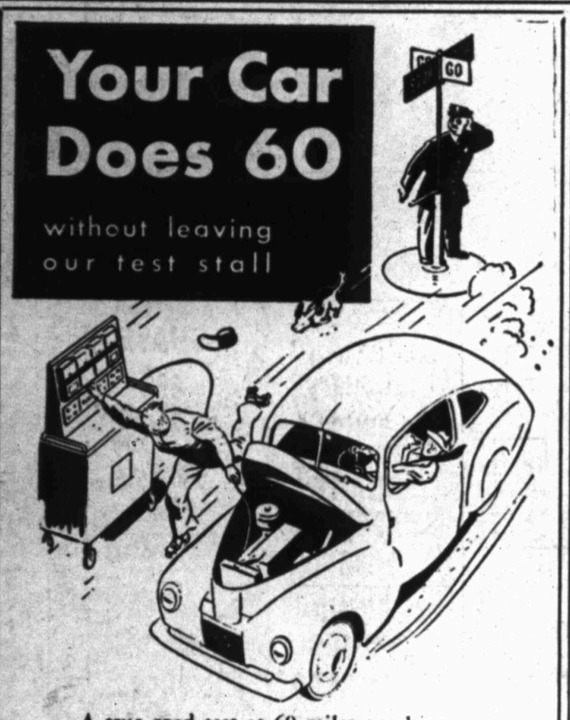

RESIDENTIAL STEEL CASEMENT WINDOWS
SASH EQUIPPED WITH ROTOTYPE HARDWARE

The Lubbock Building Products is distributor for residential steel windows, to be installed with equal simplicity and ease in brick, brick veneer, frame or cement block construction. New Wildcat Prospectors For Castro, Hale, Gaines Counties Revealed; Lubbock County Venture Is Ready To Drill Deeper

Locations for new wildcat petroleum prospectors were reported in Castro, Hale and Gaines counties during last week.

A new discovery from the San Andres-Permian lime, was officially completed as a flowing commercial oil well, in west-central Gaines.

Sun Oil company No. 1 A. L. Harber is the new venture in Castro county. It is located 660 feet from north and east lines of section 8, block 2, W. E. Halsell subdivision.

Southwest of Dry Hole

That puts it two miles east of the Parmer County line and four miles north of the Lamb County line.

It will be seven and one-half miles south and one mile west of the same company's No. 1 Herring, a dry hole completed early in the year on a total depth of 10,500 feet in granite.

That development went through a section of Ellenburger, which was barren of petroleum.

The Sun No. 1 Harber is scheduled to drill to at least 10,000 feet, to explore into the Ellenburger—unless it gets granite before it reaches that level. Operations are to start at once.

Drilling Permit Asked

Cooper-Hemphill Oil company, of Los Angeles, has filed an application with the Railroad commission of Texas requesting a permit to start making hole in the near future at its No. 1 Nick Alley, a scheduled 7,000 foot wildcat in central Hale county, four miles southwest of Hale Center.

The project will be 660 feet from north and west lines of the northwest quarter of section 10, block A-3, EL&RR survey.

It is on a large block of leases assembled in that area by Nick Alley, Sr., of Hale Center, and turned to Cooper-Hemphill to drill.

Gaines Well Slated

The 7,000-foot destination is slated to take the venture through the Permian section and into the Pennsylvanian, which is the pay section in the Petersburg and the West Petersburg fields.

Guy Mabee Drilling company, of Midland, No. 1 McCrea is to be a 7,500-foot prospect in central-northwest Gaines county to explore into the Clear Fork section of the lower Permian.

It is 660 feet from west and south lines of the northeast quarter of section 372, block G, CCSD&RGNG survey, and 12 miles northwest of Seminole. Active operations are to begin at this development in the next few days.

Test Reported

Cities Service Oil company and The Atlantic Refining company No. 1 Proctor, new wildcat discovery from the San Andres-Permian in central-west Gaines county, ten miles west of Seminole, reported an official Railroad commission potential test gauge of 562 barrels of oil per day, flowing from pay at 5,031-5,198 feet, which had been treated with acid.

That 24 hour potential figure was calculated from an actual flow of 327 barrels of oil in 14 hours. Gas-oil ratio was 9,900-1. There was no water.

This discovery is five and one half miles west of the nearest producer from the same pay section on the west side of the Seminole-San Andres field.

No Production Reported

The location is 1,980 feet from north and west lines of section 355, block G, CCSD&RGNG survey. The well is now on regular production.

In central Yoakum county, J. W. Murchison, et al, No. 1 Ellwood Fouts, slated 7,500 feet prospector, six miles southwest of Plains, and 660 feet from south and west lines of section 575, block B, John H. Gibson survey, had reached 5,135 feet in lime, and was coring through the San Andres section of the Permian lime. So far it has not reported having logged any indications of possible production in that, or any other formation.

In central Dickens county, two miles south of Spur, the abandoned wildcat, W. O. Williamson, trustee, (H. L. Hunt interests), No. 1-B Williamson, is to be re-entered, cleaned out and tested.

This project, located 660 feet from north and west lines of section 189, block 1, H&GN survey, was abandoned in November 1947, on a total depth of 7,787 feet in granite.

Operators plan to cement a string of casing at about 7,300 feet—after the hole is cleaned out, and then perforated and test at 7,025-55 feet, in the Pennsylvanian.

If that interval fails to produce oil in commercial quantities the project will be plugged back and the horizon at 5,930-50 feet will be perforated and tested.

Results obtained in those investigations will be watched with interest by many members of the oil fraternity

New Well Planned

Only one location was reported for new oil exploration in the Anton-Irish area in the past seven day period, and there were no new oil producers reported as completed in that same region, during last week.

The new venture, to be in Hale county, is Gulf Oil corporation No. 4-T E. K. Hufstedler, 660 feet from north and 4,320 feet from east lines of section 16, block DT, HE&WT survey, and it will go to 6,050 feet.

Wells drilling in the Anton-Irish field include:

Pure No. 7 Preston drilling below 5,286 feet in lime.

Stanolind No. 3 Arnold had drilled to 5,255 feet in dolomite and was going ahead.

Stanolind No. 5 G. W. Blackman was on total depth of 6,075 feet and was running rods to pump and test.

Stanolind Uo. 6 G. W. Blackman had progressed under 5,894 feet in dolomite and was drilling ahead.

Still Drilling

Stanolind No. 8 G. W. Blackman was drilling anhydrite at 2,605 feet.

Stanolind No. 3 Durrett had reached 6,035 feet in dolomite and was making more hole.

Stanolind No. 3-A Harral was drilling at 5,318 feet in dolomite.

Stanolind No. 3-B Harral was on total depth of 5,400 feet and was moving in a rotary unit.

Stanolind No. 1 Harral was on a plugged back total depth of 6,062 feet. It swabbed 77 barrels of water in nine hours with no shows of oil. It is still swabbing.

Stanolind No. 4-A Lee Irish had reached a total depth of 6,100 feet. It was preparing to acidize the lower section with 10,000 gallons.

Stanolind No. 7-A Lee Irish was tearing down the rotary rig at a total depth of 5,600 feet.

Stanolind No. 4-B Lee Irish had drilled to a total depth of 6,090 feet and was waiting on a pumping unit.

Stanolind No. 5-B Lee Irish had reached 5,225 feet in dolomite and was making more hole.

Wells Near Completion

Stanolind No. 1 Thomas Myatt was on total depth of 1,605 feet. It had set 8 5-8 inch casing at 1,598 feet and cemented with 360 sacks. It is to drill the plug and drill ahead soon.

Stanolind No. 3 C. A. Rice had reached a total depth of 1,537 feet and was running casing.

Stanolind No. 3 Myatt was at total depth of 5,620 feet and is moving in rotary rig to drill ahead.

Stanolind No. 2 Rollinsford Savings Bank was at total depth of 6,088 feet, moving in a swab unit.

Stanolind No. 3 Rollinsford Savings Bank was drilling dolomite at 5,640 feet.

Stanolind No. 4-A Snead had drilled to 5,400 feet and was waiting on reverse rotary.

Pump Installed

In south-central Hale county, about eight miles northeast of Abernathy, Humble Oil & Refining company No. 1 T. E. Lutrick had installed a pump, and was waiting to take an official Railroad commission potential test. The total depth is at 8,065 feet.

This venture is a stepout from the discovery for commercial oil production from the Cisco lime section of the Pennsylvanian in the West Petersburg field. It is 1,980 feet from east line and 660 feet from the north line of section 17, block D-8, EL&RR survey.

In southwest Floyd county, General American Oil company (formerly H. E. Chiles, jr.) No. 1 Strickler, a stepout from the

Castro, Hale, Gaines Counties Will Get New Wildcat Locations

(Continued From Page 6

discovery well for the Arick field, General American No. 1 A. F. Byrd, drilled to 7,747 feet in granite and failed to find any sign of oil. It has been plugged and abandoned.

Shutdown Ordered

This prospector was 1,980 feet from south and east lines of section 19, block K, TTRR survey.

The southeast Hockley couny wildcat, Honolulu Oil cvorporation and Signal Oil and Gas company No. 1-24 Ellwood, four miles north of Ropesville, had reached 10,030 feet in limestone and was shutdown for repairs.

This exploration is scheduled to go to 11,500 feet to try to find and test the Ellenburger. There have been no shows of oil, yet. On a drillstem test at 9,685-715 feet, it recovered the water blanket; one stand of heavy drilling mud; four stands of heavy gas cut mud, and 41 stands of gas cut sulphur water.

The tester was open three hours, and there was a fair blow of air throughout the period. Operator has not revealed the identity of the zone in which it is at the present time.

12,000-Foot Hole

In northeast Terry county, about 10 miles northeast of Brownfield, and in the northwest corner of section 91, block 4-x, psl survey, Seaboard Oil company of Delaware No. 1 E. M. Hinson, had reached 8,446 feet in lime, shale and sand and was making more hole.

This wildcat project is slated to drill to 12,000 feet to test in to the Ellenburger.

In northwest Terry county, two and one half miles southeast of the Slaughter field, Humble Oil & Refining company No. 1 John G. Givan, 1,980 feet from south and east lines of section 13, block D-11, psl survey, had drilled to 6,873 feet in lime and was going ahead.

The slated 7,000-foot prospector should reach its contract depth within the next few days. Up to now, there have been no shows of oil reported.

Hockley Well Drilling

H. L. Hunt No. 1 D. L. Schwab, in northeast Hockley county, five miles northeast of Levelland, was drilling at 2,047 feet in anhydrite and gyp.

It had set 12¾ inch casing at 190 feet, cemented it with 200 sacks, and then drilled it out and drilled ahead. It is located 660 feet from south and west lines of labor A-223, of league 735, State Capital lands.

Honolulu No. 1-B-13 Ellwood, three miles north of Smyer, in east-central Hockley county, and 660 feet from east and 1,90 feet from south lines of section 13, block A, R. M. Thompson survey, was drilling dolomite at 4,990 feet.

Cochran Well Swabbing

It is to go to about 6,500 feet, or test the Glorieta, middle Permian, the formation from which the Honolulu No. 1-A-13 Ellwood now produces.

In southwest Cochran county, five miles southeast of Lehman, C. U. Bay, et al, No. 1 Ralph Gardener, 440 feet from north and west lines of the lease in F-O sub-division 2, league 131, Carson county school land survey, was swabbing at the rate of four barrels of fluid per hour. It was 90 per cent oil and ten per cent basic sediment and water.

It was waiting on a pump to be installed. It is expected that it will take potential test shortly and complete soon as some sort of an oil well.

Going Ahead

Stanolind Oil & Gas company No. 2 Birtie T. Brown, a stepout from the lone producer from the Pennsylvania lime in the Landon Deep field, in south-central Cochran county, had progressed under 6,892 feet in lime and was going ahaed.

It is 2,655 feet from north and 660 feet from east lines of section 4, block L, psl survey.

In northeast Lubbock county, three and one half miles northeast of Idalou, Amerada Petroleum corporation No. 1 J. W. Stribling, deep wildcat, 1,980 feet from north and 660 feet from east lines of section 9, block D-7, EL&RR survey, is preparing to spud and will start making hole early in the week.

The southeast Parmer county wildcat, Sunray Oil corporation and Skelly Oil company No. 1 Kimbrough, 10 miles west of Muleshoe, had reached 4,118 feet in lime and shale and was continuing.

To Start Operations

It is scheduled to dig to about 9,500 feet. It is located 330 feet from the north and 990 feet from the east lines of section 23, Doud and Keefer sub-division.

William Herbert Hunt Trust Estate, et al, No. 1 M. S. Doss, stepout from North Riley field, in west-central Gaines county, about 12 miles northwest of Seminole, and one location east of Honolulu No. 2 White and one location north of Skelly No. 1 Doss, both producers from the Clearfork, is to start operations soon.

It is 2,200 feet from north and 440 feet from west lines of section 394, block G, CCSD&RGNG survey, and is to drill to 7,500 feet to test the Clearfork.

Tests Made

Honolulu No. 1 Riley estate, east Gaines county prospector, 660 feet from north and 1,980 feet from east lines of southeast quarter of section 123 block G, CCSD&RGNG survey, had drilled to a total depth of 5,586 feet in lime and was taking a Schlumberger survey.

Argo Oil corporation No. 1-N Jones, in northwest Gaines county, 660 feet from north and 1,980 feet from west lines of section 496, block G, CCSD&RGNG survey, took a drillstem test at 8,836-73 feet.

The tester was open two hours. Recovery was 645 feet of sulphur water with very slight shows of oil and gas. It is drilling deeper.

May Be Abandoned

Union Oil company of California No. 1 Weltner, took a drillstem test in the lower Permian at 8,459-534 feet. The tool was open one hour. Recovery was 6,200 feet of sulphur water, with no shows of oil or gas. It is now shutdown for orders.

This wildcat, in extreme west-central Gaines county, was drilling under a permit to go to about 8,500 feet and it is presumed it will probably be abandoned soon.

The Texas company, Humble Oil & Refining company, and Ralph Lowe No. 1 Jenkins, about 15 miles southwest of Seminole, in southwest Gaines county, was drilling below 11,307 feet in shale and sand.

W. H. Black Drilling company No. 1 L. H. Wentz ,another southwest Gaines venture, 12 miles southwest of Seminole, had penetrated below 6,840 feet in lime and was going ahead.

U. S. Note To Moscow Probably The Most Forceful Since War

By DEWITT MACKENZIE
Associated Press Staff Writer

The American note to Moscow, demanding that the Soviet Union immediately lift the food blockade of western Berlin, is couched in a bluntness which is the only kind of language the Bolshevists understand.

It is perhaps the most forceful communication ever laid before the post-war Muscovites.

No Threats Made

It isn't belligerent and it does not make threats, but it leaves no doubt that Uncle Sam has had enough of bullying. He isn't taking any more.

Similar notes were sounded simultaneously by both Britain and France. So far as America is concerned, it will be sweet music in the ears of the average citizen, who has been waiting eagerly for this hardening aganst Communist aggression.

The "average" citizen, by the way, gives his loyalty to America. There are communists and fellow travelers, who are citizens in name only and take their orders from Moscow, to whom the note will not be music.

Note Is Quoted

The Communist food blockade is, of course, an inhuman effort to starve the 2,400,000 civilians of western Berlin and thus force America, France and Brtain to withdraw from the capital. Such a withdrawal would leave the Reds free to create another satellite state out of their German zone of occupation, with Berlin as the capital.

Of this scheme the Washington note warns that the United States will not be compelled by "threats, pressures or other actions" to abandon its rights in Berlin. And listen to this:

"It is intolerable that any of the occupyng authorites should attempt to impose a blockade upon the people of Berlin. The United States government is therefore obliged to insist that in accordance with existing agreements the arrangements for the movement of freight and passenger traffic between the western zones and Berlin be fully restored."

Pre-Requisits Named

Secretary Marshall says in the note that the United States "is ready as a first step to participate in negotiations in Berlin among the four allied occupying authorities" for the settlement of outstanding disputes. However, he flatly declares it is "a pre-requisite that the lines of communication and the movement of persons and goods between the United Kingdom, the United States and the French sectors in Berlin and the western zone shall have been fully restored."

Well and good, but supposing Moscow should "get tough" and tell us to go to the devil. Do we have to go, or is there a counter action which we could take without a rupture of peace?

War Not Necessary

While there has been no indication of how the three powers would deal with that contingency, there certainly are ways and means. It is safe to assume that an early move would be to place before the United Nations the issue of this assault on the defenseless people of Berlin. Even if the security council found it impossible to impose sanctions because of the Russian veto, yet the condemnation of Democracy would be registered.

Moreover, that's not the end. Any block of Democratic countries could impose their own sanctions, outside the U. N. Those sanctions needn't involve the use of force. Economic and diplomatic sanctions can be very terrible punishments.

It wouldn't be necessary to go to war to bring Russia to reasonable terms.

KEPT AFLOAT

Whales, after being harpooned, are inflated with compressed air from the air pump of the whaling vessel, so that they will float more easily.

Bruising of animals carried by rail and truck caused a loss in 1947 amounting to 50,000,000 pounds of meat, worth almost $19,000,000.

Iowa Woman Winner Of $30,000 Contest

HOLLYWOOD, July 10. (AP)—A 65-year-old Iowa housewife was announced as the winner today of more than $30,000 in prizes for writing the best letter in a radio show contest.

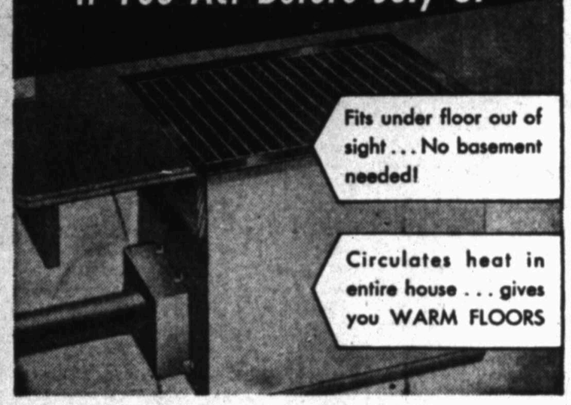

The lucky winner is Mrs. B. M. Lawrence of (715½ Sheridan avenue) Shenandoah. Her letter on fighting juvenile delinquency was judged the best in a contest sponsored by the "Abbott and Costello Kid Show," carried by the American Broadcasting company.

Mrs. Lawrence, whose husband is unemployed, will be flown to Hollywood and will appear on the Abbott and Costello show July 24 to receive her rich collection of prizes.

They include a $5,000 mink coat, a four-place airplane, a four-door sedan, a house trailer, a two-week expense-paid vacation with her husband at a Las Vegas, Nevada, hotel; a round-trip to and a week's stay in Hollywood, jewelry and household appliances.

The Lawrences heard the news this morning over a local broadcasting station. They were not told of their good fortune beforehand.

Company Official Says Increases In Price Of Gasoline Inevitable

By MAX B. SKELTON
Associated Press Staff Writer

HOUSTON, July 10.—Before the year is out motorists may be digging deeper into their pockets for gasoline money.

Said a high ranking official of a major company last week: "Price increases by the end of the year are inevitable."

The reason: Prolonged continuation of the struggle for balance between supply and demand.

Accompanying this struggle is continuation of practices of some purchasers of paying a premium price or bonus in exces of the prevailing posted crude oil prices.

Adjustments Announced

Oil companies, both large and small, in the Texas area in recent weeks have announced several price "adjustments" for crude postings in specified fields. The hike generally has hit around two cents per barrel.

West Texas independent producers last week petitioned purchasers to wipe out a differential in prices between west Texas crude and other areas in the state.

Present west Texas postings average around 13 cents lower than in other southwest areas.

Crude oil production is on a decline for the first time in nearly two months but gasoline processing figures have hit a new high for the second consecutive week.

Weekly Output Climbs

Gasoline output climbed to 18,041,000 barrels for the week ending July 3, an increase of 103,000, over the previous week, the American Petroleum institute reports.

The record jump was accompanied by a decrease of only 33,000 barrels in gasoline stocks, thus permitting the industry to enter the July 4 holiday high demand period with peak supplies available.

AP listed crude production for the week as dropping 10,100 barrels daily to an average of 5,483,800.

Oil and Gas Journal, Tulsa, estimated production at 5,471,730 barrels daily, a drop of 22,700 from the previous week.

FAR-SPREAD

The Norwegian flag was flown farther north and south than any other flag on Christmas Day, 1923. It was on Amundsen's ship, "The Maud," in the North Polar Basin, and at the Bay of Whales, with the Sir James Clark Ross whaling expedition.

Youth Coughs Up Bullet After Complaining Of Sore Throat

WASHINGTON, July 10 (U.P.)—William McClaine, 18, walked into George Washington university hospital, complaining of a lip cut and a sore throat.

When attendants swabbed his throat he gagged momentarily, then coughed up a bullet.

Later his sister, Ellen, told police he was shot by a neighbor during an argument while they were pitching horseshoes. His condition is not serious.

"FIRST In Lubbock—FIRST On The South Plains"
LUBBOCK AVALANCHE-JOURNAL
Lubbock, Texas, Sunday, July 11, 1948

Recruiting Team Will Visit City

Lubbock will play host to a special recruiting team composed of members of the famous 1st Cavalry Division and the 11th Airborne Division on Monday, it was learned Saturday from 1st Lieutenant Jack L. Currey, public information officer of the U. S. Army and U. S. Air Force recruiting station at Room 203 in the postoffice building.

Members of the 1st Cavalry Division in this team are Major John R. Lane of San Saba, 1st Sgt. Jack Williams of El Paso and T/Sgt. Luther R. Burton of Portales, N. M.

Division Well Known

The cavalry troopers of the "1st" are well known to the people of the southwest, having been stationed for years along the Mexican border. Many men from this area served with the Division prior to and during World War II and many are still with the Division, which is now doing occupation duty in Japan. Current enlistments to the 1st Cavalry Division from Lubbock and the surrounding area during the months of May and June totaled 37 men.

Members of the 11th Airborne Division team are 1st Sgt. Dock L. O'Neal and 1st Sgt. Lawrence F. Casper.

Known as "The Angels," the 11th Airborne Division was originally the 11th Infantry Division in World War I. It was reactivated in February, 1943, under Airborne Command and stationed at Camp Polk, La., participating in the Louisiana maneuvers in 1944 and finally going overseas as a unit to the southwest Pacific in April, 1944. After the surrender by the Japanese government, the 11th was assigned occupation duties and is currently stationed in Japan.

Enlistments are currently open for both of these divisions. Persons interested in obtaining information about duty in the Far East may contact the recruiting team at the local recruiting office on July 12 from 8 a. m. to 5 p. m.

RUSHING RITES PLANNED

TOKIO, July 10. (Special)—Last rites will be read at 4 p. m. Sunday in the Tokio First Baptist church for James Angeley Rushing, 88, a resident of Tokio for the past 34 years, who died here Thursday. Rev. Ted Brian, pastor of the Welch Baptist church, will officiate, and interment will be in Terry County Memorial cemetery under direction of Farley Funeral home of Brownfield.

EMBRYO CATCHER—This young catcher about to catch one on the chin as he closes his eyes is Kent Sterling, Jr., son of Kent Sterling, pitcher of the Beaumont Exporters in the Texas League. He was playing catch with Jerry Crosby, Exporter second baseman, during batting practice in the Beaumont team's home park when this picture was made.

Robbers Slay Tavern Owner, Hurt Woman

COLUMBUS, O., July 10. (AP)—Three armed men on a holdup spree shot and killed a fighting tavern owner and wounded a woman customer last night a few hours after grabbing $8,000 in another night-spot robbery that terrorized 100 customers.

Earl C. Ambrose, operator of the Ambrose tavern, was slain. Police said he grabbed a revolver from behind the bar and tried to shoot it out with the bandits.

Identity of the wounded woman was not established. Police said she was shot in the abdomen—apparently by a wild shot.

The three men—slim youths in their mid-20s—first held up Joe's Grill & Gardens, escaping with $7,000 in cash and about $1,000 in checks, authorities said.

During this holdup some patrons, slow to understand the seriousness of the affair, threw dishes at the gunmen. Even threats to kill and a shot into the ceiling didn't immediately stop them.

Dewey And Truman Are Planning To Be In New York On July 31

NEW YORK, July 10 (AP) — A friendly get-together of presidential candidates from opposing camps is possible here July 31.

Both Gov. Thomas E. Dewey, the GOP White House contender, and President Truman, prospective choice of the Democrats, have announced they will attend ceremonies formally opening New York's new international airport on that date.

Eager Insurance Man Gets Off On Charge Of Double Parking

KNOXVILLE, Tenn., July 10 (AP)—City Judge Charles G. Kelly yesterday dismissed a charge of double parking on a downtown street against B. T. Maynard, jr., an insurance agent.

Maynard, called to the bar, explained:

"I saw a lady walking down the sidewalk who was behind in her insurance payments, so I just stopped in the street without thinking and went after her."

22-Year-Old Brunette Accused Of Marrying Three Husbands Without Divorce Is Jailed

BLOOMINGTON, Ind., July 10 (INS)—Beauteous Juanita Kent occupied a jail cell in Bloomington today despite her assertion that she is innocent of annexing three husbands without benefit of divorce since 1944.

The 22-year-old brunette's soft-spoken plea for a private conference with Monroe Judge Q. Austin East fell on deaf ears at her arraignment on a bigamy charge.

She was accused by prosecutor Robert F. McCrea of being married four times and only once obtaining a divorce.

The brown-eyed beauty was ordered to jail after she told Judge Austin:

"I'm innocent, Judge, and if you don't mind I'd like to talk to you."

Said the judge:

"I'll talk to her later if I have to do so to unravel this strange case, but not now. Take her to jail."

McCrea said Juanita divorced her first husband, Robert Souders of Bloomington, and then married two other men in 1944 and another last May.

McCrea listed Juanita's 1944 husbands—married nine months apart—as George Henderson of Bloomington and Melvin Abrams of New Albany.

He said she married the fourth time last May 28.

Juanita's latest mate, Ernest Robertson, 27-year-old veteran of seven major battles in world war two, told newsmen he was in a "quandary" when reached at his home in Indianapolis.

Henderson said:

"I still love her and she wrote me from jail that she still loves me and wants to see me. I don't have any way of getting to Bloomington, though. And I don't know whether to try to protect her now or not."

Hotel Owner Will Rent Rooms To Enlisted Service Men Only

NEW YORK, July 10 (AP) — A hotel owner who is not impressed by brass agreed to rent all the rooms in his hostelry to enlisted men of the Mitchel Field Air Force base.

The field's public information division said yesterday that Corp. Charles G. Sattler, who works at the Lawrence hotel in Rockaway beach by night, has persuaded Joseph West to set aside all 51 rooms of his hotel to be rented to enlisted service men on a yearly basis.

American Public Becoming Less Generous, Institute Concludes

NEW YORK, July 10 (AP) — The American public isn't as generous as it used to be.

This is the conclusion of the National Stewardship institute of the Golden Rule foundation, which said yesterday that philanthropic gifts have taken a decided downward path, and present indications are that they will fall far below last year's level which was less than $3,000,000,000.

Wife Victor In Fashion Battle

By PATRICIA CLARY
United Press Staff Writer

HOLLYWOOD, July 10.—It could be a real battle when a fashion designer and his wife don't agree about her clothes. But petite, pert and pretty Dona Drake knows who always wins.

"The wife, of course," she said. "She just has to be a little diplomatic about it."

DONA DRAKE

Miss Drake is playing the role of a night club photographer in "The Girl From Jones Beach" at the Warner studio. Her husband, Bill Travilla, is the Warner designer who styled the movie clothes for Miss Drake and Virginia Mayo.

As in most families, Miss Drake's and Travilla's biggest clothes arguments are about the new look. In their family, though it's the husband who likes it and the wife who doesn't.

"Bill is sold on the new look."

Miss Drake said, "but I don't think it's all suitable for me because I'm so small." (She's an even five feet and weighs 100 pounds.)

"I don't think most other women look good in it, either. You've got to have exactly the right kind of figure for long skirts and box shoulders. I saw a woman the other day who looked just like a football player.

"When Bill designs something for me, he does it on a much more moderate style, of course."

This, ladies, is Miss Drake's technique for getting her husband to like clothes the way she does. It works, even though he's supposed to be an expert.

"He did an afternoon dress for me a while back," Miss Drake said. "I put it on and suggested that it would look much better without so much padding in the shoulders.

"So we took out the padding.

"Then I suggested it would look better if we shortened the skirt. So we shortened the skirt.

"After that it looked okay to me. And Bill thought it was still his dress."

Of special interest to fishermen, an electric refrigerator has been produced that can be placed in the auto's rear compartment to preserve the catch. It weighs 60 pounds and operates off the car battery.

BEAUTY SPOTS — Spots before your eyes can be inspiring, especially if Ila McAvoy is inside them. Ila wears a two-piece swimsuit made of leopard-printed fabric, designed by Claire Rose of Miami, Fla.

$200 Worth Of Narcotics Stolen From Store In Suburban Dallas

DALLAS, July 10 (AP)—Burglars took about $200 worth of assorted narcotics from a drug store in suburban Pleasant Grove last night, sheriff's deputies said today.

They also ransacked a doctor's office but found no narcotics there, the deputies said.

Hollywood On The Loose...

Facts And Fancies About Cinemaland

By ERSKINE JOHNSON
NEA Staff Writer

HOLLYWOOD, July 10 — Exclusively Yours: Here's the inside on why Greta Garbo doesn't return to the screen.

Nobody has offered her a job! Gee-Gee is ready and willing to go back to work. But her agents haven't been able to turn up a role. The roles she has been mentioned for, I'm sorry to discover, were strictly publicity stunts—stunts to get the studio publicity but not to get Garbo a job.

JOHNSON

For the love of Pete. I just remembered that Deanna Durbin's last picture, "Something in the Wind," was at one time titled, "For the Love of Mary." Now her new picture, after four previous titles, will be released as "For the Love of Mary."

Lon McCallister and Peggy Ann Garner will get a romantic team build-up in Producer Bill Moss' "The Big Cat." . . . It's all set for the Ritz Brothers to return to the screen in a movie for Columbia after their personal appearances at the Lake Tahoe Biltmore.

• • •

AGING YOUTH

GARY GRAY, the 11-year-old actor who plays Loretta Young's son in "Rachel and the Stranger," is aging. He plays Virginia Mayo's brother in "The Girl from Jones Beach." . . . Ed "Archie" Gardner and his wife, Simone, are Europe bound.

Two months ago I itemed: "Humphrey Bogart and Lauren Bacall are flirting with the stork." The date is official now—early January.

Bobby-soxer's reaction to Lex Barker doing a location scene for "Tarzan and the Arrow of Death."

"Gosh, he's an Errol Flynn—with blood."

Myrna Loy is making television tests for a 52-week soap opera series. The role is mama of a couple of teen-agers . . . Van Johnson is playing Garbo with the fan magazine photogs. His home life, he claims, is his own.

• • •

FINIS FOR MARX BROS.?

THE Marx Brothers' next, tentatively titled "Hearts and Diamonds," will be their last, they say, as a team Or until the next one? Producer Lester Cowan describes it as a comedy. "Chaplin would have done before talkies." Harpo plays a big dramtic role without saying a single word.

Subtle crack at the opening of a new M-G-M cartoon: "This picture is dedicated to all those duck hunters who leave at dawn with loaded gun—and return loaded."

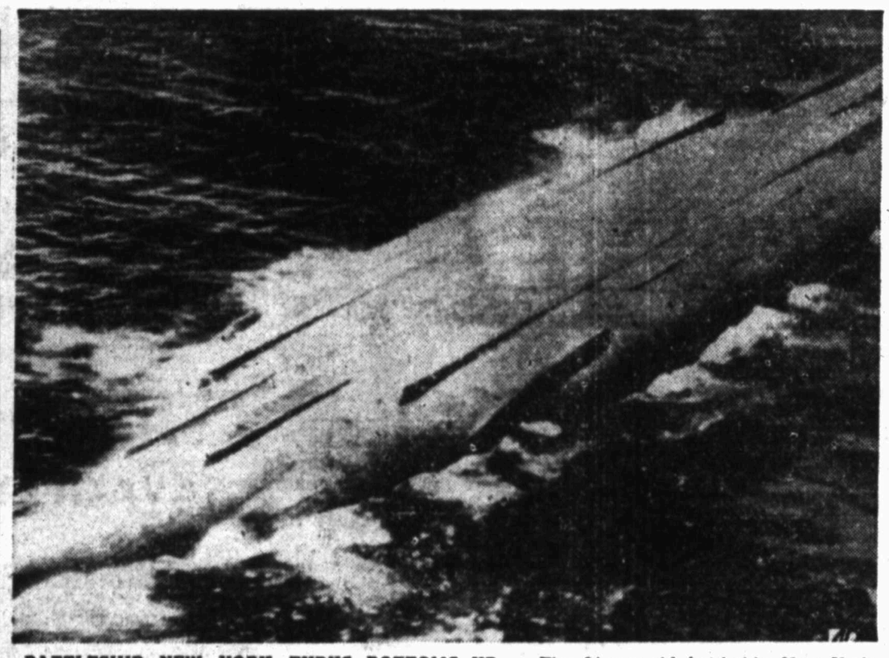

There may be two Calamity Janes on the screen this winter. Doris Day plays one for Warner Brothers and UI is talking about Yvonne de Carlo for the same character in a different story. Yvonne gets her big dramatic break opposite Burt Lancaster in "Criss Cross." Meanwhile, she's taking daily singing lessons for possible light opera. She has a gorgeous soprano voice.

Burt, the I-gotta-stay-in-shape fiend, now has parallel bars right on the set and does handstands and flips between love scenes with Yvonne. He says he may go on a stage tour, doing his old circus routine, just before the release of "Sorry, Wrong Number."

"If the routine doesn't go over in theaters," he laughed, "I can title it, 'Sorry, Wrong Act'."

There's talk of co-starring Sonja Henie and Barbara Ann Scott in a movie. Maybe Barbara likes the idea but I doubt if Sonja does. The professional jealousy there is terrific.

Asbestos is a mineral of crystaline flexible fibers, resembling soun glass.

BATTLESHIP NEW YORK TURNS BOTTOMS UP — The 34-year-old battleship New York turns bottoms up in the Pacific off Pearl Harbor July 7 after eight hours of air attack and light shelling during a test of weapons. (AP Wirephoto from Navy Radiophoto).

MANY MACHINES

There are more than 2000 different types of sewing machines, designed for stitching processes in the various sewing industries, according to the Encyclopedia Britannica. One machine stitches seven parallel rows at one time, at the rate of 20,000 stitches per minute.

Lines Drawn In Senate Race; No Man Has Turned Down Nomination

HOLD YOUR PURSE

A Warning To YOU!

THE lines have been drawn in the four-man campaign for the State Senate in this 24-county, 30th Senatorial district.

Three of the candidates have taken public stands against a so-called "Fair Trades Act," which, in reality, is an "UN-fair Trades act," because it would raise the cost of scores of items which nearly every Texan must buy and use daily. The three who have taken the stand of the people are Sen. Sterling Parrish, of Lubbock, who fought and voted against an "UN-fair Trades act" in the last session of the Legislature; County Judge Kilmer Corbin, of Lamesa; and Attorney Dudley Brummett, of Lubbock.

The one candidate who has taken no public stand at all—but who is receiving the financial and political support of the price-raising boys—is Ralph Brock, Lubbock lawyer. Brock's silence on the only public issue in the campaign can be interpreted only that he has cast his lot with the selfish interests of the minority standing to gain from a price-raising law.

• • •

THIS, then, is to warn the people of the 30th Senatorial district that their pocketbooks are a stake in the 30th Senatorial district campaign.

If they vote for a candidate not pledged to protect them, they are voting for a candidate who may be expected, if elected, to vote in the State Senate for a law which will raise the cost of living to every Texan.

Any vote cast for a Senatorial candidate not in open opposition to the price-raising "UN-fair Trades act" is a vote cast for a selfish minority and against the majority of the people.

It is a vote for higher prices — which means, it is a vote for higher living costs; it is a vote to swell profits of a few druggists, grocers and merchants who think they should have a law of their own to guarantee them more money than they otherwise could get for numerous items they sell.

• • •

IN THIS 30th Senatorial district, today, the forces of selfishness and greed are using a "slush fund" in an effort to elect a candidate who will raise YOUR living costs if he can.

These selfish forces can afford to gamble thousands of dollars in hopes of getting an "UN-fair Trades act" through the Legislature. If they are successful, they'll get their dollars back —and countless thousands besides — if such a "pocket-picking law" is passed.

In the effort to jam the "UN-fair Trades bill" through the Senate at the last legislative session, high-priced, professional lobbyies—heeled with a king's fortune in slush funds—put on one of the most expensive and all-encompassing campaigns the state capital has seen in recent years. Those same people, and their agents, now are at work in many Texas legislative districts, trying to "ice down," in advance of the elections, enough legislative votes to carry their scheme through.

• • •

DON'T let anybody tell you that these proponents of the mis-named "Fair Trades act" are trying to do something "for the dear people" in backing this legislation. They're trying to do something TO the dear people, by getting a law passed which will cost the head of every Texas family at least $10 more per year for each member of the family—and perhaps even a great deal more than that.

A vote for any candidate for the Texas House or Senate who is not pledged to oppose price-fixing, price-raising legislation is a vote AGAINST your pocketbook.

Forewarned is fore-armed! Vote for YOUR interests, not those of the selfish minority, on July 24!

Some workers wouldn't enjoy living in Utopia. There wouldn't be anything to strike about.

Every home should have an attic and cellar, or otherwise there is no place to keep the rubbish.

One-Minute Sermon

He that believeth on the Son hath everlasting life: and he that believeth not the Son shall not see life; but the wrath of God abideth on him.—John 3:36.

POLL SHOWS PUBLIC REMAINS CRITICAL OF SOLONS

HST's Attacks On Congress Good Campaign Issue

By GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, N. J., July 10. — Few institutions in the United States need counseling on public relations more than Congress does.

Opening his re-election campaign on an anti-Congress note, President Truman found a good talking point, one with wide popular appeal. The American public seems chronically unwilling to believe that Congress does a good job.

GALLUP

The public relations of the national legislature are so bad that it is criticized if it acts and blamed if it fails to act, or to put it bluntly, damned if it does and damned if it doesn't.

On eleven different occasions during the last ten years the Institute has asked the nation's voters whether they thought Congress was doing a good job. Not once did a majority of all voters polled ever say that it was.

Even when it has just finished passing measures desired by the people the country still clings to the sterotype that Congress can do no good.

After passing the tax reduction bill and the Marshall Plan—two measures which had very substantial majority support from the people — the 80th Congress was still rated as doing a good job by only one voter in five polled by the Institute in April. And Congress adjourned amid frowns from the public, as shown by the following survey which was conducted at the time of adjournment:

"Congress has been in session since January a year ago. In your opinion, has this Congress done a good job or a poor job in dealing with problems facing the country?"

The vote:

Good job	19%
Fair	34
Poor job	31
No opinion	16

EACH voter was then handed a list of some of the things Congress had done, and was asked: "Will you look over this list and tell me what you think was the MOST important thing this Congress did?"

The four items which received the largest vote were tax reduction, the Marshall Plan, the Taft-Hartley Act and selective service.

Yet right after the passage of the first two of those measures, here's now the public rated the job being done by the national legislators:

APRIL, 1948

Good job	22%
Fair	34
Poor job	26
No opinion	18

Since the Republicans are in control of both houses of Congress, the Democrats are expected to try to make the record of Congress the major issue of the campaign. The evidence from public opinion polls would indicate that President Truman will have audiences ready to believe him when he lays the woes of the country at the door of Congres.

Despite the fact that the Republican Party controls both houses of Congress, Republican voters do not feel that Congress has done a good job. The party vote follows:

	Dem.	Rep.
Good job	13%	27%
Fair	32	38
Poor	35	21
No opinion	20	14

Some liberals have attacked the 80th Congress on the grounds that it is under the thumb of big business and of the lobbies of vested interests.

But as an institution Congress was no more popular with the people back in the days when it was dominated by the New Deal and busy passing all sorts of measures for social reform.

The highest percentage favorable to Congress was found in August, 1939, but even then only 12 per cent or less than a majority, said they thought Congress was doing a good job.

In every other survey the "good job" vote has ranged from about one-fifth to one-third of all persons polled. Today's figure of 19 per cent therefore is actually lower than the average for the ten year period.

Looking At Life ------ By Erich Brandeis

IN April I wrote a column telling you folks about clipping coupons out of magazines and sending for those wonderful travel folders that make every "whistle-stop" look like a piece of heaven on earth.

I went on to say that after thoroughly digesting one of the best of these folders — about Arizona — my wife and I packed our things and went —to Florida.

BRANDEIS

A couple of days ago I received a letter.

I think it was slightly scorched, or perhaps it was only the brown paper that made it look that way.

At any rate, it was from William B. Chamberlain, manager of the Sunshine Climate Club of Tucson, Ariz.

He must be a pretty busy man, because he had just got to my column, which was published on April 12.

"That Florida business puzzles us," he wrote. "There you were, reading our booklet about Arizona, and hollering at your wife to be ready to leave town after breakfast. And you show up a couple of days later in —" (the next three words have been left out because, after all, my column appears in several Florida papers).

• • •

"As you know," the letter goes on, "the folks in Florida skin alligators in the summer and the tourists in the winter, while we try to make sun addicts out of our visitors and sell them sun shorts with capacious pockets which we can pick at leisure."

Mr. Chamberlain does not know, he says, why I picked Florida instead of Arizona. At any rate I owe Arizona a debt.

It is up to me to get the Cocoa Chamber of Commerce or the Chamber of Commerce in any of the other Florida places we visited, to send them two tourists in exchange for my wife and myself, whose pockets they could not "pick at leisure" this last season.

• • •

I THEREFORE appeal to any one of my Florida friends and their wives to go out to Arizona this coming fall or winter as exchange representatives of my wife and myself.

It will cost them plenty, but they will never be sorry for it.

I know, because I have been there.

A few years ago my syndicate sent me to Tucson to interview General Pershing.

He lived in a little cottage on the grounds of El Conquistador, as picturesque a hotel as I have ever seen.

I want to tell Mr. Chamberlain that I have never seen any sunset to beat the ones I saw in Tucson. Nor have I ever seen any scenery of its kind can beat that of Tucson.

So by all means go to Tucson, Arizona.

But let me tell you something else: Tucson is wonderful. California is wonderful. Florida is wonderful.

To me, all of the United States is wonderful.

I have traveled pretty much over this globe of ours.

Mention any country and its wonders, and I'll tell you where

DEMOS NEED MONEY

Cash Coming In Slow

PHILADELPHIA. — Herbert Bayard Swope, former mastermind of the N. Y. World, has done some quiet research to see whether anyone ever turned down a presidential nomination.

PEARSON

The records show that one man, Gov. Frank Lowden of Illinois, did turn down the vice-presidential nomination after it was tendered him in 1920.

But no man in our entire history has ever refused the presidential nomination. Several have discouraged it in advance, but no one has ever refused it after it was voted at a party convention.

• • •

Democratic Funds Low

Democratic leaders got together in an off-the-record meeting the other day to raise money for the coming campaign. Results were not encouraging.

Some of the Democratic functionaries talked optimistically about raising $5,000,000, but the experienced money-raisers in the group shook their heads. If the party scraped together one-fifth of that they said, it would be a miracle. Money just isn't coming in, they mourned, and won't—with Truman running.

Already Democratic money-raisers are touching diplomats and job-holders who cannot be touched twice. Here is the latest record of contributions:

Laurence Steinhardt, ambassador to Czechoslovakia, $3,000; his wife, $5,000; his daughter $5,000; Herman Baruch, ambassador to Holland and brother of Bernie, $3,000.

Bernard Armour, president of the American Aniline Co., $5,000; Jack Frye, who owes his job as head of General Aniline and Film to the Truman administration, $1,100.

C. V. "Sonny" Whitney, assistant Secretary for Air, $5,000 (loan); Will Clayton, former Undersecretary of State, $1,000; William A. Julian, Treasurer of the United States, $1,000; John W. Scott, former Federal Power commissioner $2,500; George Bowden of Chicago, former treasurer of the "$1,000 club," $1,000; Edith Helm, social secretary to Mrs. Truman, $500; Hugh Grant Straus of New York, $1,000; Carl Estes of Longview, Texas, $1,000.

• • •

VERY few people realize what John L. Lewis has done to white-collar workers, to old people living on government pensions, and to the rest of the labor movement.

To get a bird's-eye view of Lewis's operations, you have to go back to the days of the New Deal when it was recognized that all old people in the United States deserved some kind of security. Accordingly the Social Security act was passed, providing unemployment compensation and old-age pensions.

Today these pensions have become most woefully inadequate, and one factor helping to make them so has been John L. Lewis and his never-ending, inflationary demands for wage increases and miners' pensions.

For instance, when Lewis gouges a multi-million-dollar welfare fund out of the mine operators, the operators in turn pass the cost on to the oldsters and everyone else in the country, whose pension then becomes less valuable. Thus the miners become a privileged class set aside from the rest of the American people. Not only do they get three and four times the pensions given ordinary citizens, but other citizens have to pay for the miners' pensions.

Thus the widow who tries to make both ends meet on a meagre government pension of $30 a month, has to help pay for the miner's pension of $100 a month—because the increased price of coal is passed on to her.

• • •

Miners Vs. RR Brotherhoods

Another thing: Lewis can now bulldoze wage increases for the miners which certain other unions can't. For instance, the railroads of the U. S. A. have their rates set by the Interstate Commerce commission. As public utilities they are not free agents to decide what they will charge the public.

Therefore the railroad brotherhoods, once the aristocrats of the labor world, have not been able to secure sweeping wage increases—for the reason that the railroads are not free to pass the increase on the the public—as do the coal operators. The latter are hampered by no Interstate Commerce commission.

Actually, coal is just as much a public utility as the railroads. It is essential to the lifeblood of the nation. But where the railroads are regulated by the ICC; the electric power and gas companies by the federal power commission; and the radio, telegraph and telephone companies by the Federal Communications commission, the coal industry remains unregulated.

Still another thing: Private industry cannot get together and conspire to fix prices. To do so violates the Sherman Anti-Trust act. Yet John L. Lewis can get all the miners together from West Virginia to Utah, and from Ohio to Alabama, and present uniform demands on all coal operators, big and little, mechanized and unmechanized—without violating the Sherman Anti-Trust act.

Prediction: 1. The Supreme court in a year or so will reverse its previous ruling and make labor unions subject to the anti-trust laws; 2. Congress, recognizing that the coal industry is just as much a public utility as the railroads will set up a commission regulating both coal wages and coal prices. In other words, John L. Lewis will kill the goose that laid his golden eggs.

• • •

IF YOU look back about three years you will note that a most interesting change has developed in Harry Truman. When he first came into office he kept dropping remarks about how he didn't want to be President, that he wasn't qualified, that he never sought the job, that he was so unhappy living in that big house alone.

Mrs. George Marshall, wife of the Secretary of State, tells in her book of President Truman's early conversation with her about not wanting to be President. This was Harry Truman at his best—simple, direct, apparently sincere.

But something has happened since the Harry Truman of those days. The Harry Truman of today is so feverishly panting to continue as President of the United States that he now is in the position of one whom his party does not wish to run, but who insists on running anyway.

Few Presidents ever have had such a wholesale revolt of both the leaders and the rank and file of the party. Yet tenaciously he hangs on.

"THE HOUSE BY THE SEA"

Suspense To The Very Last Page

"THE HOUSE BY THE SEA," by Jan Godden; (Rinehart).

EDWINA MARSH, a large, clumsy, self-conscious spinster, never had a chance. She dreams of the childhood that was dominated by her father, and of life with her domineering friend Madge, but it is only on the opening page of this novel that, at 40, she manages to be alone, and on her own.

This is happiness, here on the bleak Cornwall shore in the house which, now that her father is dead, she can call her own. But though Madge is not present to boss her, the remembrance of Madge is overpowering. It's her first night, she has lighted every lamp, looked through all four rooms, done everything but peek under the beds, and yet as Madge had predicted, she is obliged to confess that she is afraid. The walls are sturdy, the dark is shut out, but she is as uneasy as her little dog James with the hair rising on his neck.

Then Comes The Knock

Then comes the knock on the door and, unwisely but instinctively, she opens to a stranger.

He is young, clad in an oversize coat, limping badly and obviously suspicious. And he's some one to be suspicious of, too; he says his name is Ross Dennehay, but the initials on the clothes which do not fit him are B. W. Into Edwina's timid, shelter, old-maid existence has come a reckless, desperate, tough American soldier . . . the man nobody should have and yet a man, and just what she needs.

Miss Godden has written a suspense story, but she has very painstakingly peopled it with real characters. She interests you in them as well as in their fate, and she doesn't let you down. The tenuous, delicate mood to intelligently built up in every word is sustained to the last page.

Miss Godden's first novel, "The Bird Escaped," was good, but this is definitely better.

• • •

Lookina Backward

"THE AGE OF THE GREAT DEPRESSION," by Dixon Wecter; (Macmillan).

THIS is a Horatio Alger story in reverse, recording the decline of America from riches to rags from that day in October, 1929, when sellers began to outnumber buyers on the Stock Exchange in Wall Street. It is not pleasant reading, for unlike other books on our recent past, such as the "Yesterday" couple by Frederick Lewis Allen, it lacks a nostalgic appeal. Somehow it is hard to remember with fondness children rummaging through garbage pails for food, or able-bodied men peddling apples in the streets, or whole colonies of families living in rat-infested dump heaps on the outskirts of cities.

Yet there is a fascination of timeliness here, because of fears that we shall have to pay dearly for our current party seem present everywhere. Last time, Dr. Wecter records, the government created scores of reform and control agencies, and initials like TVA and SEC and NLRB stepped in where rugged individualism waxed before. There is an implication that "next time" the government will step even more aggressively into what until now have been preserves of private enterprise.

The job of telling in 316 pages the story of the decade-plus, from stock crash to Pearl Harbor, is enormously difficult. In some places the difficulty shows through. Dr. Wecter has managed to mention a great many things that went on, but in doing so has made parts read like a catalogue. On the other hand, Technocracy, to revolutionize America, is dismissed in a few paragraphs.

• • •

Love Turns To Pity

"THE HEART OF THE MATTER," by Graham Greene; (Viking).

HENRY SCOBIE, an assistant police commissioner in British West Africa, has an unhappy wife Louise, a servant Ali, a job he loves working with natives, and above all, a deep, unshakable, Catholic faith in heaven, hell and God.

Though the community dislikes the homely, prissy Louise, it has a great respect for Scobie and believes he is incorrouptible. Then Greene treats his as Job was treated; he tests his faith. The captain of a Portuguese ship offers him money. Yusef tempts him. And finally with his wife gone, he meets an English girl from a torpedoed ship and falls in love with her.

Love Turns To Pity

It takes more than a deep, unshakable Catholic faith to stand firm in these circumstances, or so it seems to Scobie. He wants to avoid giving pain, he protests with anguished honesty, and later exclaims with esperation: "I want to stop giving pain."

He has given pain because his love has turned wretchedly to pity, to a barren residue of responsibility. And the one love that mattered to him most, his love of God, has led him to betray God.

Greene prefaces this Book-of-the-Month selection with a quotation from Peguy: "The sinner is at the very heart of Christianity." That is where Scobie is led, and we may share Father Rank's hope as expressed in the angry question to which he is aroused by the literal, unimaginative Louise: "Do you think God's likely to be more bitter than a woman?"

If Scobie's faith could not withstand temptation, it was weak; but if his faith was justified, his sins will not matter in the final reckoning, the Catholic Greene seems to be saying. Few people can be ignorant of the great stature of this author of "The Man Within," "The Power and the Glory" and other books. This will add deservedly to his reputation, in spite of the fact though Scobie's problem is real, it is not made urgent.

• • •

Story Of Glass

"SANDWICH: THE TOWN THAT GLASS BUILT," by Harriet Sutton Barbour; (Houghton-Mifflin).

CAPE Cod visitors know the quiet town of Sandwich; collectors know glass patterns like Gothic Bar, Lyre, Acanthus, Horn of Plenty, Holly and Grape. But this interesting book bypassing summer resort and bobby, gives us a picture of the Jarves family, the struggle to manufacture glass, the economics involved, and in general the birth, expansion and decline of an important segment of an industry.

Deming Jarves, son of a prosperous cabinet maker, was born in 1790, showed an early predilection for painting, but was practical enough to abandon that for glass; with family aid he bought the firm for which he worked, and turned it into the New England Glass Co., in 1817.

Former Own Company

Coming into $25,000 when his father died, and noting during a Sandwich holiday the great stocks of white sand, the forests which would supply wood for the furnaces, the water transportation and the isolation which might shield his labor from radical ideas, he formed his own Sandwich Manufacturing Co., in 1825 and, on July 4, began blowing glass.

He did business, but money ran out faster than orders came in, and a year later he incorporated, giving up control but remaining as "agent." In 1827 business amounted to $31,000; in 1830, to $93,000.

He weathered depressions, survived labor troubles, developed new processes, but was finally crowded out by his directors. After a vigorous comeback in the Cape Cod Glass Factory in 1858, he died a decade later.

Accounts of sons James and George, and absorbing tales of impact of imported labor on the staid town, anti-Catholic agitation, the construction of the Cape Cod railway, and the like, complete the book, which is broader than Sandwich or glass, for it explains "how the industrial revolution arrived."

Answer to Previous Puzzle

Highly Effective Cure Of Typhoid Fever Is Developed By Army In Malaria Research

By CHARLES B. SEIB
INS Staff Correspondent

WASHINGTON, July 10.—The Army announced today it has found a "very, very highly effective" cure for typhoid fever.

The curative drug is chloromycetin, a germ-killer similar to penicillin and streptomycin. It is not available now for either general or laboratory use, but "fair" quantities will be produced within a few months.

More Effective

The new cure was announced by Dr. Joseph E. Smadel, director of the department of virus and rickettsial diseases at the Army's medical center in Washington. It was tested and found successful at Kualal Umpur, Malaya, by an expedition headed by Dr. Smadel.

Smadel said that cures in all eleven cases of typhoid in which the drug was used demonstrated it to be more effective than any drug now used to combat the disease. He predicted that chloromycetin will find wide-spread use in the typhoid areas of the United States, and may even end the drive for mass vaccination against the disease in some sections.

The drug's effectiveness against typhoid was discovered by accident when a typhoid patient was mistaken for a scrub typhus patient and treated. The diseases are similar in their early stages.

Fever Falls Rapidly

Fever in the typhoid cases, which were of a more severe type than found in this country, was reduced in about three days instead of the usual 40 days. Treatment extended over seven to eight days.

Smadel said the drug cured all 40 of the scrub typhus cases in which it was used in Malaya, where the disease has a mortality rate of 15 per cent. He said it ended fever within about 31 hours, contrasted to two weeks of fever without the drug. Hospitalization was 18 days on the average, instead of 30 to 40.

Not Absolute Cure

He added that the drug gave "fairly good" results in five cases of epidemic typhus in Mexico, also.

The doctor explained that he could not call the drug "an absolute cure" for the two diseases, because the possibility of death from hemorrhages, perforated ulcers or other complications remain.

The drug is administered in tablet form, about five grams in scrub cases and about 20 grams in typhoid.

Smadel said chloromycetin has also been found effective against tuberculosis bacteria in laboratory tests. He warned, however, that test-tube successes are a "far cry" from curing human patients and said the drug may prove an "absolute fiasco" as far as TB is concerned.

NOT CHURCH MEMBER

Although Capt. Miles Standish served as captain, treasurer, and assistant governor of the Pilgrim colony at Plymouth, Mass., he never was a member of the Pilgrom Church, according to the Encyclopedia Britannica.

Looking At Life

(Continued From Editorial Page)

you can equal or beat them right here in America.

Right now, when I am still confined to my back porch after seven weeks in bed, all I see is our little river, a couple of ducks, a few birds and lots of flowers. And that is wonderful, too.

As I am writing this, with the radio turned on, a woman is singing. She is singing "God Bless America!"

Yes, God bless America—all of it!

BLIZZARD WITHOUT SNOW

It is possible to have a blizzard without actual snowfall. The snow in the air may be that which is whipped up from the ground by the gale.

Enrichment Courses Are To Be Offered At Second Semester

Eight enrichment courses for both students and adults are to be offered in the Senior High school building during the second semester of Lubbock Public school's free summer session which begins Monday morning. Students and adults may register for these courses from 8 until 12 o'clock Monday morning in the rooms where the classes are to be held, Floyd Honey, principal of Senior High, said.

Figures compiled in the office of Superintendent R. W. Matthems this week showed that 2,600 students and adults took part in the free summer program during the first semester. This was an increase of 100 over the number which took advantage of the free summer session during the entire summer last year. A feature of the first semester was the pre-school program in which 479 six-year-olds who will enter the Lubbock schools for the first time this fall took orientation and socializing work in the elementary schools of the city.

Hundreds Are Enrolled

Enrolled in the enrichment courses during the first semester were 440 students and adults. A total of 2,160 students took the credit and strengthening work offered for all students of the system.

Courses which are to be offered during the second semester, along with the classrooms and teachers, are as follows: typing for personal use, room 126, Miss Bessie Bullock, 8 to 12 o'clock; Summer Playhouse, 8 to 12 o'clock, Senior High auditorium; recreation for all secondary students, Senior High gymnasium, 8 to 12 o'clock; art and crafts, including leather tooling, block printing, design, silk screen printing, and metal work, room 134, 8 until 12 o'clock, Miss Mary Lou Roberson.

Wardrobe improvement workshop and sewing class, room 325, third floor, 8 until 12 o'clock, with registration at 10 o'clock Monday morning, Miss Gertrude Watson; music, room 192, 8 until 12 o'clock, [illegible] Jeannette D. Jenkins; woodw[illegible] continuation of the adult and students course taught during the first semester, but new students may register, woodwork shop, 8 to 10 a. m. and 7:30 until 9 p. m., J. G. Wilhite; reading clinic, room 135, open to all students who want help with reading, Mrs. J. G. Wilhite.

Church Briefs

An eighty-minute religious sound film, "Reaching for Heaven," will be shown at First Presbyterian church at 8 o'clock this evening. The film was released by the Evangelical Lutheran Church Missouri Synod. It will be shown in the church auditorium.

Mrs. J. O. Haymes, wife of the district superintendent of Methodist churches, will give the devotional Wednesday evening at 8 o'clock for the second of a series of programs being given at St. John's Methodist church this month. A religious sound film, "My Name is Han," will also be shown at the gathering.

Jack Earl Creel, local radio station announcer, will give the devotional at the Methodist Men's Coffee club Tuesday morning at 7 o'clock in First Methodist church Fellowship hall. All men of the church are invited to attend.

NOT ALL TRAPPERS

The majority of species of spiders do not spin webs to capture insects, according to the Enclyclopedia Britannica. Instead, they use their silk to spin egg cocoons, moulting sheets, burrow linings, or even hinges for trap doors.

Roaring Springs Army Officer Heads Recruiting Activities

Capt. Robert G. Rose, son of Mr. and Mrs. Joe M. Rose, of Roaring Springs, and a 1941 graduate of Texas Technological college, has been named to supervise all U. S. Army and U. S. Air Force recruiting activities in the Connecticut River Valley of Massachusetts, including the Central Examining station at Springfield, it was announced by Lt. Col. Ralph Webb, Western Massachusetts-Connecticut District Commander.

Captain Rose had previously been in charge of local recruiting in Holyoke, Massachusetts, and in recent months, at Springfield, Massachusetts. He first entered the Air force in 1941 as a flying cadet, later, serving as a flying officer during the recent war in Australia and New Guinea with the Fifth Fighter Command.

No caffeine is contained in the coffee grown on Grand Comoro island, off South Africa.

Prospective meat supplies and consumer demand points to an increase of 10 per cent or more in the fall pig crop, the U. S. Department of Agriculture says.

The CHIROPRACTOR—and You
BACKACHE AND NERVOUSNESS
Case History No. 1931: Lady; Age 55; Symptoms: Backache, and nervousness; Stomach trouble and dizziness. Inflamation of the bladder.
Had tried almost ALL FORMS OF HEALING
This case had tried almost all health practitioners with some relief but not permanent results which she was looking and hoping for.
CAME TO STEPHENS CHIROPRACTIC CLINIC
She came to the Stephens Chiropractic Clinic to see what could be done for her. During the examination X-Ray pictures were made of her spine which showed that the vertebrae in her spinal column were misaligned and out of normal position. The Neurocameter (nerve test) analyses revealed that she had five (5) places in her spinal column that were testing badly. These 5 places that were testing badly indicated pressure leading to the affected parts of the body.

SHE TOOK A COURSE OF CHIROPRACTIC SERVICE
She began to take a course of Specific Chiropractic Adjustments and during this course of service she felt better at first and then in a few weeks after that she felt terrible. She though of quitting service and doing something else; but upon learning that she had to have these various conditions to GET WELL she decided to stay with Chiropractic and "tough it out" as it were.
RESULTS FROM SPECIFIC CHIROPRACTIC
After a few more weeks of Chiropractic she now feels entirely well and happy. She says, "I wouldn't take anything for what chiropractic has done for me." This case is still under observation and thinks that chiropractic is the greatest healing science because it has corrected the CAUSE of her suffering and misery.
Name upon request.

RADIO DAY BY DAY

NEW YORK, July 10 (AP) — Opening of the Democratic party convention on Monday will be preceded by a weekend of previews, to include:

Sunday — ABC 11:15 a. m., Pre-Convention activity; CBS — 11:30, People's Platform on "Democratic Party and Its Candidates," to include Harold L. Ickes; CBS —Noon, Philadelphia preview; NBC — 1, Commentators look things over; ABC—1, Pre-convention roundtable; ABC—3:30, Mrs. Delegate interview; NBC — 3:35, Living 1948 on "Long Range Farm Program;" ABC — 8:30, Delegate reception; MBS — 9, Commentators and others.

Broadcast time for Monday's first session is expected to be around 11:30 a. m., as announced by NGC, ABC and MBS.

CBS, which did not schedule the day session in advance, has a roundup program listed for 5:15 p. m.

Sunday: MBS — 11 a. m., Drama "Life of Father Flanagan;" 1:30 p. m., Bob Merrill concert; 3:35, Living 1948 "Overall Farm Program;" 4:30, Jane Pickens show; 6, Hollywood quiz; 7:30, RFD America quiz; 9, Garry Moore quiz; 9:30, Horace Heidt talent.

CBS — 1, Return Engagement drama; 2, CBS Symphony orchestra; 3:30, Make Mine Music; 5, Lucille Manners; 6:30, Blondie; 7:30, Man Called X; 8:30, Strike It Rich quiz; 9:30, Escape Drama "She."

ABC — 11:30, Piano Playmouse; 1:30, Mr. President; 4:30, Counter Spy; 6, I Love Adventure; 7, Stop The Music quiz; 9, Comedy Writers quiz.

MBS — 1, Air Force program; 2, Summer-Melody; 3, House of Mystery; 4:30, What Makes You Tick; 5:30, Nick Carter; 7, Mediation Board; 8, Meet Me at Parky's; 8:30, It's A Living; 9:30, The Williams-Beau Jack fight preview.
