## Hornets Finish Third In Hornet Relays At McKamie Stadium

1968 Hornet Queen

The First Annual Hornet Relays can be termed a great success despite cool temperatures.

Competition was keen with three teams scoring more than 100 points in Division II and four teams in contention in the Division I race.

Taylor took top honors in the Division II race with 143 points. Good depth in all events made the difference to the Ducks.

A battle developed for second place with Gatesville and Belton coming to the final event only one point separating the teams. Taylor's fine relay squad held on to their championship form with the best time in the mile relay of 3:30.7.

Belton's second place finish in 3:31.9 kept the Tigers in second place. The Hornets finished third in the mile relay and third in the meet behind the 3:33.1 second time in the mile relay.

Individual outstanding performance for the Hornet relays were Lonnie Brown, of Crawford with 28 points in Division I and Vernon Guest, of Rockdale with 28 points in Division II.

In Division I team competition, Clifton outdistanced the pack, scoring 106 points, Goldthwaite took second with 85 points, followed by Mart's 81-12/14, Robers 72-13/14, Valley Mills 71 and Crawford 40-13/14.

## Draft To Call 2,378 Men In April

State draft boards must furnish 2,378 men in April, and for the first time in two years, part of the group will go into the U.S. Marine Corps.

Figure compares with the quota of 1,947 for the Army in March and is the largest monthly call for draft boards since October 1966, when Texas' share was 2,845.

Local boards will send 8,500 men to armed forces examining and entrance stations in April for pre-induction physical and mental examinations in preparation to fill future quotas. March total was 7,200.

April induction and pre-induction quotas were mailed to local boards by state Selective headquarters in mid-March. National quota for April is 48,000, of which the Army will get 44,000 and Marines 4,000. Draftees are in 19 - 25 age bracket.

was crowned during the Saturday night performance. Miss Jackie Fry was selected and presented with a bouquet of flowers by Hornet tracksters Kenny Gaston and Bobby Cole. Miss Fry honored the athletes presenting all first place finishes with trophies and medals. Miss Fry's court, Miss Debbie Dyer and Miss Debbie Hairston also took part in the presentation of awards.

The Hornets were absent the service of Gary Carothers who handled duties in the 440 relay and the mile relay plus duty in other places.

Athletes are allowed to run in 3 events and compete in two field events. Hornets just could not stretch far enough to cover the events. Chris Montgomery was not able to run the mile where the Hornets needed points and the Hornet mile relay with Carothers has run as fast as 43.2 which could have beat Belton in the final event and changed the standing of the meet. "Only if."

The Hornets will be looking for big things as the district meet nears. Marlin is the next stop on the circuit this weekend, followed by the District 13AAA meet April 5th and 6th.

The Division II results by event were as follows:

## OPINIONS VARY ABOUT CONTROL OF FARMS

Our committee began the consideration of a new farm bill on last Monday. We heard from the five national or general farm organizations of the United States. Their viewpoint ranges all the way from support for almost complete control of farm production and marketing, with the equivalent of a "closed shop" and checkoff for farmers, to almost complete withdrawal of the government from any involvement with agriculture. I doubt that either extreme is practical and I hope that in the coming weeks we will be able to get a better consensus of opinion.

Everybody who has studied the question knows that there must be an improvement in our agricultural situation or our entire economy will suffer. Agriculture is still the largest business in the United States. In my opinion it cannot continue to take losses without a great many other people feeling the ill effects. I am afraid that this is one of our basic problems right now. So many of our people are now employed in urban industries that they do not realize that they, too, are dependent upon a healthy agriculture. For instance the second and fifth largest employers of people in the United States are the textile industry and the food processing industry. Both are directly dependent upon agriculture—so even though you may not be able to see any connection between your job and the farmer, it is very probable that you would be out of a job were all farmers to quit work. And they can't be expected to continue to work unless they can make an income somewhat comparable to, even though somewhat less than, their city neighbors.

A large part of our correspondence this last week has been concerned with the so called "Civil Rights" bill re-

cently passed by the Senate. This is the same bill which was passed by the house last year, but the Senate amendments have made it a good deal more severe. It takes from the owner of real estate (except in a very few restricted cases) the right to determine to whom he can sell his property. It does this on the theory that any citizen should have the right to buy property as one of his so-called "civil rights".

I find no criticism with assuring every citizen the right to buy any real estate he can pay for and which the owner wants to sell to him. I think that is indeed a civil right and should be protected, but by the same token I think that the owner of a home or any other real property has the same right to sell or refuse to sell to whom he wants to and for any reason he wants. As I see it, this is also a civil right and I believe in protecting the rights of all our people, not just a part of them.

When this bill was before the House last year, I voted against it. I expect to do so again when the Senate version comes before us.

## Highlights and Sidelights

Vern Sanford

First flurries of activity on the 1968 presidential campaign front remind that it is going to be a long, long political year. Entry of Sen. Robert Kennedy into the contest for the Democratic nomination set off more speculation than action.

Less than a week after Kennedy's announcement, however, a Beaumont college teacher announced he had accepted an invitation from the senator's office to head up his drive in Texas. Ron Platt, chairman of the small group known as Texas Liberal Democrats and a Lamar Tech assistant professor, said the Texas Committee for Kennedy will soon open an Austin office.

Dissenting Democrats of Texas reaffirmed its support of Sen. Eugene McCarthy for president despite Kennedy's emergence. Co-chairman Don Allford said DDT welcomes efforts of the Kennedy backers and expects help from them in some areas in opposing President Johnson. DDT claims a force of about 3,000 working to organize precinct conventions for McCarthy.

On the opposite end of the political stage, supporters of former Alabama Gov. George Wallace held their state convention here and kicked off their drive for 14,259 signatures to petitions. Petitions are necessary to get Wallace's name on the November ballot as presidential candidate of the new American Party headed in Texas by former State Sen. Weaver Moore of Houston. Signers must not participate in Democratic or Republican primaries or conventions.

State Democratic Committee meanwhile, has emphasized its support of President Johnson. Gov. Connally has announced he intends to head a Texas delegation to the national convention committed to the president's renomination.

To date, there is little evidence of any major effort to take the Texas Democratic conventions away from Johnson. Texas Republicans, already leaning toward Richard Nixon, were left one less choice when Gov. Nelson Rockefeller announced he would not campaign for the nomination.

### COURTS SPEAK

Supreme Court will hear arguments April 17 on whether Land Commissioner Jerry Sadler should be required to honor the West Texas minerals claim filed by Cobra Oil and Gas Corporation in Pecos, Culberson and Reeves Counties.

Third Court of Civil Appeals agreed with Comal County trial court that a New Braunfels used auto parts and junk dealer had no right to keep the city from fining him for violation of "beautification" ordinances.

Court of Criminal Appeals upheld conviction and life sentence of San Antonio Jorge Jaldanado for murder of a used car salesman. Same court affirmed the 99-year sentence of a Houston area druggist for possession of heroin.

### ATTORNEY GENERAL SPEAKS

Atty. Gen. Crawford Martin said State Liquor Control Board records and orders should not be made available for public inspection except as the result of legal proceedings. Apparently he classes hearings before LCB administrator on violation allegations as legal proceedings.

In other new opinions, Martin concluded that: "Abolished 'city' of La Grulla in Starr County can hold a new incorporation election in less than a year from the date its abolition was resolved in court (last November 15).

"A school district that had issued no unlimited tax bonds can revert to limited tax status

under a different statute and issue bonds subject to a voter approval.

### APPOINTMENTS

Former Atty. Gen. Will Wilson of Austin and Baylor University President Abner McCall were named co-chairman of the Anti-Crime Council of Texas (ACT). Council has its initial goal defeat of the May 4 referendum on pari-mutuel betting.

State Bar headquarters announced R. Glenn Jarvis of McAllen and George H. Nelson of Lubbock have been nominated for president-elect of the State Junior Bar. George F. Christie of Fort Worth and James Greenwood of Houston are vice presidential nominees, and Jack Norwood, Tyler, and Robert R. Sanders of Amarillo nominees for Secretary-Treasurer.

Carl F. Wheeler, Jr. of Austin is the new president of the Texas Elementary Principals and Supervisors Association. Warren W. Green of Tyler is president-elect. Robert L. Holden of San Angelo first vice president, William C. Harter of Canyon, second vice president and Mrs. Shirley Hale of Houston, third vice president.

### MORE PARK AID OFFERED-SOUGHT

Action to protect historic San Jacinto State Park from erosion and flood has been asked by Attorney General Martin.

He suggests moving De Zavala Cemetery, which floods at high tide and an appropriation to Parks and Wildlife Department to protect the rest of the park.

A \$39,915 federal grant has been approved for development of outdoor recreation facilities at 3,840-acre Monahans Sandhills State Park in Ward and Winkler Counties.

Another \$11,450 federal grant will go to 332-acre Big Spring State Recreation Park, two miles south of Big Spring. State matching funds will double project financing at both Sandhills and Big Spring facilities.

### TRAFFIC DEATHS DECREASE

Traffic deaths in Texas last year totaled 3,367, according to latest Department of Public Safety tabulations.

This was a decrease of 1.15 percent (first in seven years) from 1966 when a record 3,406 fatalities from auto accidents were recorded.

DPS noted that there was a five percent increase in vehicle miles traveled in the state last year, for a death ratio of 5.8 persons killed for each 100,000,000 miles of travel. This is a decrease in death rate from 6.2 in 1966.

Total of 885,268 traffic accidents were reported in the state during 1967, with economic loss estimated at \$793,000,000 and 205,000 injuries.

### Now Possible To Shrink Hemorrhoids

nor, argues no constitutional bill can be written on the subject, and that an amendment to the State Constitution's "open saloon" ban is necessary to legalize mixed drinks. Eugene Locke is campaigning heavily for local option mixed drinks bill, as has Governor Connally.

Attorney General Martin, called on for advice by the House committee studying liquor laws, sidestepped the issue. He sent the committee the 29-year-old opinions of former Atty. Gen. Gerald Mann that the legislature in defining "open saloons" acted "in obedience to command of the people." While acknowledging the legislature can change laws, Martin suggested that courts, not the attorney general, must test constitutionality of the new "open saloon" definition.

House committee, which is compiling a report for the special session this year, was advised that the Liquor Control Board should be "more forthright" to regain confidence of public.

### CHICKEN FEED

Kentucky Friend Chicken Company of Colonel Sanders fame, has gone to court in Travis County to attack the state comptroller's classifying its establishments as "stores" rather than "restaurants."

Stores pay a higher license fee than restaurants, so K.F.C. is suing to recover \$1,480 it paid under protest for its 17 establishments in Texas. K.F.C. says it should have been required to pay only \$146.

The 98th District Court of Travis County has not set the suit for trial.

### NURSES RECRUITED

State Board of Nurse Examiners registered 1,741 more nurses in 1967 than the 36,862 in 1966, and most of the new ones came from out of state.

Of all the new nurses, 1,494 moved to Texas from other states. Texas lost only 778 to other states. Also, 821 new RNs were registered after graduation from nursing school.

Recruitment programs by the Texas Hospital Association and the Health Careers Program were given much of the credit for the increased number of nurses. "And then a lot of people just like to move to Texas," an official said.

Well, I felt real sorry for two small cottontails the other day. They sat by the road and were crying, so I, of course noney me, had to find out what the trouble was. They were worried about this year being election year and they were trying to round up all their folks. I asked why, so the one said, "Was you here when Hoover was elected, we were almost it's going to be another democratic year."

Enough of that stuff. Visiting in the Edna Haley home the past weekend was her grandson and wife, Bryan Doolittle, from Ft. Benning, Georgia. Bryan is the son of Mrs. Lillian Christman of Austin.

Ater Community Club had its meeting Tuesday. There were 11 of its 18 members present. A nice day was had, two quilts were done and the third one put in to work on at random.

These quilts are being made to go to Germany.

Mr. and Mrs. Leon Evans had run in guests. Came in at 9:00 Friday night and left at 8:00 Saturday morning. Ruby was having a family get together with her folks in or around Austin.

Billie Timmons was a visitor in Shorty and Ila Mae's home Monday. They are his parents.

Emmet and Jimmie Choate were guests in the Ruel Whisenunt home last week. Hershel and wife, Dorothy, with sons, from Dallas were also visiting in the Whisenunt home.

Mrs. Willie Timmons and Mrs. Sam Weaver took a trip Saturday to Belton, Killeen, Copperas Cove and back to Gatesville to shop, ha!

### Olympic Ice Proves A Real Winner!

Is pure water a magic potion that helps smash Olympic records?

GRENOBLE, FRANCE — Above is the Olympic Speed Skating Track and the machine which shaves the ice surface and re-coats it with mineral-free water to make high speed ice.

When 19 skaters break the 1500 meter speed skating record at the Winter Olympic Games, then 10 break the 3000 meter record, and 9 break the 5000 meter record, and 7 break the 10,000 meter record — there has to be a reason. It's the ice, say the skaters and the experts — a new kind of smoother, faster, mineral-free ice made with conditioned water from Culligan equipment. Unlike ice made from ordinary water, this special ice freezes glass-smooth and skate blades stay sharp longer. Now that the Olympics have demonstrated the value of ice made from demineralized water, rinks all over the world will be calling for the Culligan Man.

## Dixie Discount Stores Sponsor Racing Team

### Around and Around They Go

The Dixie Discount Centers in Mart, McGregor, Gatesville and Lampasas are sponsoring the racing machine pictured above. The team, left to right, Don Hanus, driver; Henry Gooner; Benny Hoffman and Don Hoffman will race in this season's "dirt oval" races in Waco. The car is a six cylinder 230 horsepower Chevrolet with stock transmission and a 4:11 rear end gear ratio. The bright orange racer will speed around the 1/4 mile oval track at speeds near 80 miles per hour, taking corners flat out when possible. The crew and car got their first test run Sunday in preparation for the April 6th season opener.

# Gatesville at a Glance

by Sally Jones

**LOOK AROUND . . .** and you'll probably see a lot of 'strange' faces around Gatesville town this week. With the onset of spring, some of the colleges and universities decided to declare spring holidays for their "overworked" students, thus causing a total migration of youths to their hometown homes and loved ones. This weekend was especially crowded because of the students who didn't get holidays, came home, or at least some of them. Among the schools that closed their doors for a "spring fever reliever" were South West Texas in San Marcos, Baylor University in Waco, Tarleton State College in Stephenville, University of Houston and many more around the state.

**HOME FROM HOUSTON . . .** Linda Cohagen, daughter of Mr. and Mrs. Frank Cohagen of Gatesville and James Gelmier, son of Mr. and Mrs. Roland Gelmier of McGregor are home for a spring holiday from schoolwork. Both are students at the University of Houston.

**VISIT IN WHITEHALL . . .** Mr. and Mrs. Bill Jackson and Jan of Gatesville and Peggy Mitchell of Gatesville, Mr. and Mrs. Earl Davis of Turnersville, Mr. and Mrs. Ad Brasher of Mosheim visited in the Jimmy Bush - Carl Bush home in White Hall.

**VISITING THE CARL BUTHS . . .** this week is their daughter, Wanda, a student at Tarleton State College in Stephenville. She is enjoying a brief spring break from the busy schedule of a college student.

**ATTENTION MOTHERS . . .** If your child is celebrating his or her birthday with a party - invite us to cover the gala occasion with a picture in the NEWS.

## Slimming Treat For New Fashions

With recipes like this hearty Chili Con Cheddar you can indulge your appetite and still slim down for the new fashions.

There's ominous news from the fashion front. It seems that designers are planning to give the ladies a belt in the midsection. The big news from the showings of spring clothes in New York was the reappearance of the waist, which has been shrouded behind tents and shapeless shifts for the last several years.

Now that the tightly cinched waist is back, many women are going to find that getting into these new styles is no cinch. In fact, clothing manufacturers report that a vast waist-land has developed under all those loose and flowing garments. One company has increased the waist measurement of its size 10 dresses from 25 1/2 inches to 27 1/2 inches.

So it's time to do something about your waistline if you want to fit comfortably into an Easter dress in the same size you bought last year.

Don't despair, though—you can lose weight painlessly, if you go about it the right way. For example, 21,000 Chicago women enrolled in a YMCA program and shed a total of 43 tons in a program of exercise and diet dining.

If you don't have time for exercise programs you can try these easy to prepare diet recipes. They are carefully constructed to give you maximum dieting pleasure while you trim your waist-line for the new fashions.

## THE COLOR CORNER

BY MARTHA BRANDT

It's no coincidence that this leap year, men are leaping into view in color as never before. If there's a man on your shopping list, here are a few tips on color in men's clothes, courtesy of the Textile Dye Institute:

1. **Shirts:** Turtle-neck, button-down or no collar at all, shirts are more colorful than ever. If the man on your list is slim and trim, he can get away with horizontal stripes on turtle-necks (if he's not trim, better rule this style out anyway). Most any man of any size appreciates the change in pace of more colored shirts in his everyday wardrobe. Colors are now more subtle as well as more varied — thanks to the work of the dyestuff industry.

2. **Tennis blues?** That doesn't mean that you've lost a set, but that you can now play on some of the best courts in the world in colored tennis gear. Pastel blues and yellows with striped trim are being seen at some of the best clubs (of course, shorts and shirts must match).

3. **Color is par:** One of the most colorful spots in sports is, of all places, the golf course. Championship golfers have made color golfing clothes famous and now even those who think "fore!" comes after three can wear any color. Reds, bright yellows and other bright shades are the most popular. They are also the most visible — which has a protection factor as well as an aesthetic one: no excuse for hitting a golfer dressed in bright red.

God's plan for man is completely good. God made man to experience success, happiness, peace and fulfillment, and placed within us the perfect means to obtain these goals. And as the day follows the night, good is made manifest in our experience.

### Dinner With A Turkish Accent

You don't have to be Turkish to delight in Lamb Kebabs, nestled on a bed of pilaf. The savory rice can be made in almost the time it takes to say "Open, Sesame" with new beef-flavored rice mix. Custom-flavored to complement main dishes of beef or lamb or veal, this pre-cooked rice also lends excitement to low cost casseroles and skillet entrees.

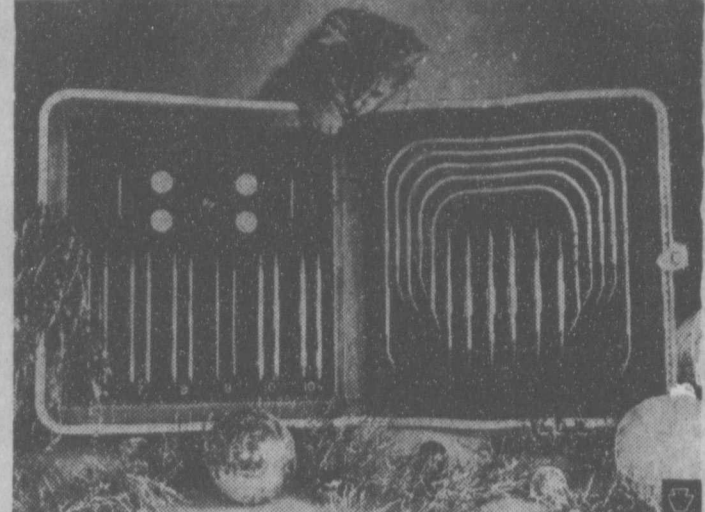

**Lamb Kebabs On Savory Rice**

- 1 envelope Italian salad dressing mix
- Vinegar, water and salad oil
- 1 pound lean lamb, cut in 1-inch cubes
- 1 large green pepper, cut in large pieces
- 8 cherry tomatoes
- 4 small onions, parboiled about 8 minutes
- 8 medium or 4 large mushroom caps (optional)
- 2 cups water
- 1 package (7 oz.) Minute Rib Roast Rice Mix
- 3 tablespoons chopped parsley

Prepare salad dressing mix with vinegar, water, and salad oil as directed on envelope. Pour over lamb in small pan or bowl. Cover and let stand at least 4 hours, turning occasionally. (Refrigerate if marinating longer.) Drain 3 tablespoons marinade into saucepan and set aside. Divide meat and vegetables among 4 skewers. Brush with remaining marinade. Broil 3 inches from heat for about 20 minutes or until meat is well browned and vegetables are tender. Turn and baste frequently with the marinade.

Meanwhile, add 2 cups water and contents of seasoning packet from the rice mix to the marinade in saucepan. Bring to a full boil. Stir in rice mix. Cover; remove from heat. Let stand 7 minutes. Stir in parsley. Spoon onto serving platter and top with kebabs. Makes 4 servings.

### GOLDEN TOUCH OF HOSPITALITY

BY JANE ASHLEY

**Viking Dessert Is Thrifty**  
The Vikings are now known, from recent discoveries, to have settled on the northernmost tip of Newfoundland, nearly five centuries before the landing of Columbus. These Norsemen were hardy, seafaring men, courageous, brave and simple. From modern Norway comes this recipe which exemplifies

the food of these traditionally simple folk. It is a prune pudding made with few ingredients and much to its credit is the fact that it is thrifty.

- Norwegian Prune Pudding**
- 1/2 cup sugar
  - 3 tablespoons corn starch
  - 1/4 teaspoon cinnamon
  - 1 (1-lb. 9-oz) jar prunes
  - 1 tablespoon lemon juice
- Combine sugar, corn starch and cinnamon in double boiler top. Drain prunes; chop. Add water to liquid, if necessary, to make 1/2 cup. Blend juice into mixture in pan; add prunes. Cook over boiling water, stirring constantly, until mixture thickens.

Cover; cook 10 minutes, stirring occasionally. Mix in lemon juice. Chill. Serve with custard sauce. Makes 4 to 6 servings. For softer pudding: Stir in a little additional prune juice.

Friday's relays between three categories of athletes, 9th grade, 8th grade and 7th grade of eight schools, resulted in Belton winning the 7th grade and 9th grade titles while Gatesville took the 8th grade title.

In the 9th grade events, Belton took first with 154 points, Gatesville second with 149 points and Burnet third with 81 points.

Freshmen scoring points were the 440 relay squad with a 49.1 second time good enough for second place.

The Freshman one-mile relay squad took third place with 3:57.3.

Individual results for the 9th grade will appear in Friday's edition of the NEWS.

In the Junior High School meet of the Friday meet, the Gatesville 8th grade took 129 points, Belton 125 points, Robinson with 63 points and Comanche with 58 points.

In the 440 relay event, the 8th grade managed a 4th place finish. Ricky Thompson, Billy Hord, Ronald Brown and Billy Merritt carried the baton in the sprint relay in 52.2 seconds.

In the mile relay, the team of Ricky Thompson, Steve Braziel, William Ayres and Ronald Brown captured a second place finish with a 4:10 time. William Ayres and Steve Braziel represented the Hornets in the 880 yard dash with Ayres finishing second, 2:24.4 and Braziel taking 6th, 2:29.5. Both boys scored points for the team in the 880.

A bright spot for the 8th grade is the hurdlers James Smith, Gary Davis and Barry Nottingham. In the 70 yard high hurdles, James Smith finished first. Gary Davis also scored in both the 70 yard high hurdles and the 120 yard low hurdles, finishing 6th and 3rd respectively. Barry Nottingham took 6th in the 120 yard with a 60.6 second time. # Hornet Golfers Take Second At Local Tourney

In the Hornet Golf tournament held Friday and Saturday, the Temple Wildcats took cop honors followed by the Hornet Squad of Butch Price, Clay McClellan, Mike Schloeman, Bruce Neeley and Bob Thomas.

James Smith tips the final hurdle in Friday's preliminaries. Touching the hurdle cost Smith a first place in the prelim, but Smith took first in the finals.

Butch Price hits from under a tree in Saturday's second round of the Hornet Invitation Golf Tournament. Price recovered from the shot to make his par 4 and complete the round only 1 over par.

The Temple team took a 13 stroke lead in the Friday round. Scores were kept high by a strong north wind and cool weather. Temple's Mike Cameron took the individual lead with a 3 over par 75 on Friday.

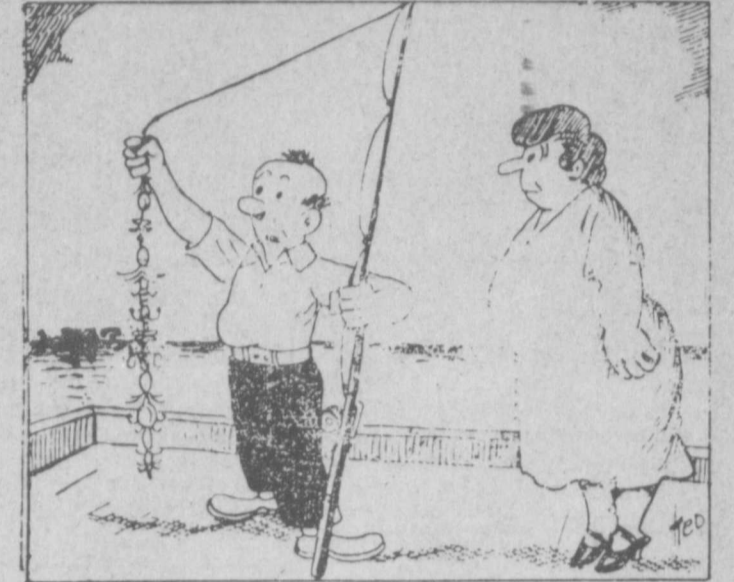

Friday's team totals were Temple, 321; Gatesville 334; Taylor 352 and Killeen 357. Saturday's round was played under better conditions with a south breeze, yet still cool temperatures. The Hornet attempt to retain the 13 strokes, fell short. Hornet Butch Price had the second round low score

of 1 over par 73, but could not take Medalist honors from Temple's Mike Cameron, who tacked a 77 alongside his first round 75. Cameron took medalist with a total of 152 and Price was second at 154.

In team play, the Wildcats finished with 635, Gatesville 647, Killeen 703 and Taylor 705.
