LATE NEWS BULLETINS

SUSPECT ARRESTED IN HIGHWAY DEATH

An Amarillo man wanted by investigators who expressed an opinion T. W. Sherrell, 54, found dying near Seagraves Saturday night, possibly was murdered instead of being the victim of a hit-run driver, has been arrested by the Potter county sheriff's department upon information from Sheriff Tom Abel of Lubbock county. John Keller, state highway patrolman of Lubbock; Sheriff Frank Kuykendall of Gaines county, and G. H. Nelson, district attorney of the 160th district, of Tahoka also had worked on the case.

WOMAN FOUND DEAD IN BURNING HOUSE

ROCKPORT, Mass., Nov. 1 (AP)—Firemen broke into the burning home of Mrs. Augusta Johnson, 55, today and found the body of Mrs. Johnson laying across a bed. Police said the woman appeared to have been beaten to death and her home set afire.

THREE KILLED IN OIL TANK COLLAPSE

TIVERTON, R. I., Nov. 1 (AP)—Three men were killed and a dozen more were injured today when an oil tank being tested at the plant of the New England terminal company in North Tiverton collapsed. The collapse was followed by an explosion and fire, which enveloped four or five big tanks nearby, containing oil.

LITVINOFF SAILS FOR AMERICA

PARIS, Nov. 1 (AP)—Maxim Litvinoff, Soviet foreign commissar, sailed from Cherbourg today on the Berengaria en route to Washington for his conversations with President Roosevelt concerning Russian recognition.

Explosion Fires Large Oil Well

BLAZE MELTS DERRICK NEAR OKLAHOMA CITY BUSINESS DISTRICT

(By The Associated Press)

OKLAHOMA CITY, Nov. 1.—An explosion set fire to a 10,000-barrel oil well, the Russell Petroleum company's No. 1 Reno, 11 blocks from Oklahoma City's business district, early today.

The blast, of undetermined origin, tore out the well's connections, loosing a roaring column of oil and gas that shot high into the air and ignited.

No one was injured.

Flames Meet Derrick

The flames quickly melted the steel derrick and consumed 2,500 barrels of oil in four storage tanks.

Dense clouds of smoke billowed over the city from the well.

M. L. Stephens, night watchman, said he could not account for the explosion. He escaped from the scene as the wild well caught fire.

Fire Chief George Goff quickly ordered surrounding wells shut down. Six wells are within a 100-yard radius of the fire.

A shift of the wind to the north, Chief Goff said, probably would ignite a battery of tanks belonging to Oils, Inc.

The noted Kinley brothers team of oil fire fighters—M. M. and Floyd Kinley of Tulsa—were called to combat the roaring menace.

Hyer's Disbarment Trial Begun Today

FORT WORTH, Nov. 1. (AP)—The Julien C. Hyer disbarment trial got under way in district court before Judge Walter Morris today after attorneys for Hyer waived a trial by jury.

Hyer, former state senator and ex-president of Lions International is charged with soliciting two cases in the practice of law. The petition also alleges that he owes the county $755 in delinquent personal taxes. Hyer was a candidate for congressman-at-large last year.

Cotton Destroyed By Floydada Fire

FLOYDADA, Nov. 1 (AP)—Fire destroyed 600 bales of cotton at the plant of the Floydada Compress and Warehouse company and two freight cars on a near by switch last night. Loss was estimated at $50,000.

Firemen laid 1,600 feet of hose but were unable to get to the scene quickly enough to halt the spread of fire.

THE WEATHER

COOL

WEST TEXAS: Partly cloudy, cooler in west and north portions tonight; Thursday, partly cloudy, colder.

EAST TEXAS: Mostly cloudy, probably local showers near east coast tonight and Thursday; cooler in extreme northwest portion tonight and in northwest and north-central portions Thursday.

OKLAHOMA: Cloudy tonight and Thursday, probably showers in east portion; colder in west portion tonight; colder Thursday.

PRAYER MEETING TONIGHT

Boss Shannon May Become Rich Man

FORT WORTH, Nov. 1. (AP)—While R. G. (Boss) Shannon is serving the rest of his "natural life" in a federal penitentiary for his part in the kidnaping conspiracy that cost Charles F. Urschel of Oklahoma City $200,000, he may become a wealthy man.

Richard Nail, jr., has leased 328 acres from Shannon for oil drilling purposes. He has already drilled three miles south of the Shannon place in Wise county and has a good showing of oil. His next well will be on the Shannon place.

CUBAN REGIME TOTTERING

MENDIETA THOUGHT TO HAVE SITUATION IN PALM OF HIS HAND

(By The Associated Press)

HAVANA, Nov. 1.—Carlos Mendieta, grizzled veteran of many a political conflict, was believed today to hold the Cuban political situation in the palm of his hand.

It was reliably reported that the nationalist leader, whose own home was bombed only a few days ago in the current political and labor disorders, could have the presidency if he wanted it.

Might Select Ruler

As an alternative, it also was said on good authority, Mendieta could dictate the selection of a new government to supplant President Grau's.

All political leaders except a few intimates of President Grau agreed a crisis was near.

It was understood that strong pressure had been exerted on Mendieta to accept the presidency and retain the present form of government with a new cabinet, but he had not accepted because he did not desire to eliminate himself from the field of presidential candidates in the elections next spring.

Parliament Plan Seen

It also was understood that if Mendieta finally declines the presidency, a government will be organized under the parliamentary plan—with Mendieta selecting most of the 42 members of a legislative committee which will actually rule the nation.

Under such a parliamentary system, President Grau probably would remain in the presidency, it was said, but only as a figure-head.

Red River Project Approval Is Seen

WASHINGTON, Nov. 1 (AP)—Evidence that the general Mississippi valley advisory committee appointed to coordinate flood control projects in that section looked with favor on the proposed $36,000,000 Red river dam near Denison, Texas, was seen today by Representative Rayburn (D., Tex.).

Rayburn said the committee had asked O. N. Floyd of Dallas, representing the Red river committee in Texas, and G. Lombard, Louisiana spokesman, to go to the lower reaches of the river this week to make further inspections.

Farm Strike Is Marked By Developments

FDR PLEASED WITH RECOVERY RESULTS

SHORTER WEEK AND HIGHER PAY SHOWN

PRODUCTION REACTION IS HELD RESULT OF OVERPRODUCTION

(By The Associated Press)

WASHINGTON, Nov. 1—President Roosevelt was said in highest quarters today to be feeling that the recovery program is getting along well, after a study of charts he has just received showing increases in employment and the total wages being paid.

Secretary Perkins reported to him that the average hourly wages have risen from 42 cents to 51, while the average hourly work week has declined from 42 hours to 36.

Demand Reported Good

A special report by government economists asserts that the reaction in production in some of the major industries is a result of overproduction between March and July and is not due to a lack of demand.

In other words, the report says this recession from the July peak was to be expected.

It was between March and July that the National Recovery administration to control production and hours of work was being organized.

Intense production in that period existed principally in the textile, leather and steel industries.

NRA Given Credit

The president credits the NRA with the increase in work wages and the decrease in the working hours.

From day to day and week to week he had been tracing the course of his program through statistics and charts garnered and traced by expert advisors. About these he has talked off and on with those who call on him. The latest chart shows that the prices received by farmers for their products has increased from the spring up to October 11 from an index figure of 40 to 52 while the prices paid by farmers increased from the index figures 68 to 77.

The index figures are based on the level of 1926 as a parity of 100. This level has been represented as the administration's goal.

TEXAS ALLOTMENT ANNOUNCED TODAY

WASHINGTON, Nov. 1. (AP)—C. M. Bookman, assistant federal emergency relief administrator announced today an allotment of $472,000 to 24 states and the District of Columbia to finance the care of transient unemployed for a month.

The administration reported its plans included establishment of transient relief centers at:

Texas (allotment $20,000) Texarkana, Beaumont, Houston, Galveston, San Antonio, Corpus Christi, Fort Worth, El Paso, Amarillo, Austin and Wichita Falls, with other places being considered.

FREED ON BOND

EDINBURG, Nov. 1 (AP)—Cam Hill, former Hidalgo county clerk now a druggist in El Paso, was free under $10,000 bond today, on charges of murder in connection with the hatchet killing of Claude E. Kelley in Weslaco in 1929.

CAM HILL

MAN HELD FOR TWO DEATHS

TENANT FARMER FACES TWO MURDER CHARGES IN PARADISE CASE

(By The Associated Press)

DECATUR, Nov. 1.—Two charges of murder were filed today against Tim Harlan, 37, an ejected tenant farmer, in connection with the shooting of his brother-in-law, Gilbert Womack, 23, and Coleman Miller, 27, on the streets of Paradise, Tex., late last night.

J. T. Faith, Wise county sheriff, said Harlan admitted killing the men but would make no other statement.

His case will be tried in the December term of the forty-third judicial court.

Harlan surrendered a pistol to Deputy Sheriff E. C. Locke, who witnessed the shooting on the one business street of this village, which is almost within sight of the obscure farmhouse of R. G. (Boss) Shannon where Charles F. Urschel, Oklahoma millionaire, was held captive in one of the most spectacular kidnapings in recent years.

Cattle Receipts At Kansas City Higher

KANSAS CITY, Nov. 1. (AP)—Cattle receipts here in October were the largest for the month in three years and ended five years of successive decreases with a 17 per cent increase over October, 1932, the livestock exchange reported today.

Despite the increase, however, cattle receipts were still about 100,000 head below the more normal average for the period of 1904 to 1925.

Hog receipts, on the other hand, established a new low record for October, the amount being only a few hundred head heavier than the year's low last March, when the banking holiday interrupted the market.

FEDERAL HELP IS ASKED BY GOVERNORS

HOLIDAY HEAD URGES FARMERS TO KEEP THEIR PRODUCE

(By The Associated Press)

Developments came fast during the past twenty-four hours in the farmers' campaign for agricultural relief.

At Des Moines, home of the National Farmers' Holiday association's anti-selling movement, the governors of five mid-west states and the representatives of four others, appealed to President Roosevelt for help. They asked:

An NRA code for agriculture.

Fixed minimum prices for basic farm products.

Inflation of fthe currency.

Strike Continuance Urged

Despite this action, Milo Reno, president of the holiday association, urged his followers to keep their produce on the farms, pending the outcome of the governor's efforts to induce the national administration to accept their recommendations.

The holiday association's strike in Wisconsin was called off but the Wisconsin cooperative Milk Pool's anti-selling movement is to continue at least until Friday when its members will vote on the question of continuing or abandoning the campaign.

At Lincoln, Neb., Governor Charles W. Bryan appealed to tax sale bidders to refrain from bidding on property put up for sale next Monday, pending the "heroic efforts" he said the state and national governments were making to save such properties for their owners.

He said his appeal was directed in particular to "tax title loan sharks."

Stores Are Urged To Close Nov. 11

Directors of the Lubbock Retail Merchants association moved this morning to urge all Lubbock merchants, professional and other business men to close their places of business all day, Nov. 11, in observance of Armistice day, B. Sherrod, president of the association, said.

The day is on the closing agreement schedule of the association and has been so observed the last several years, Sherrod explained. Several merchants had questioned advisability of closing this year since the day falls on Saturday.

A resolution presented by the Allen Bros. post, No. 148, of the American Legion urging that Nov. 11 be observed and suggesting that special bargains be offered Friday, Nov. 10, was considered by the retail merchants board.

Importation Laws Will Be Enforced

WASHINGTON, Nov. 1 (AP)—President Roosevelt is going to insist upon enforcement of the stringent liquor importation laws until after repeal, limiting imports to those for medicinal purposes only.

This means a strict embargo on foreign liquors unless there is proof that the medicinal supply is not sufficient.

It is the feeling of Mr. Roosevelt that between now and repeal the government must live up to the spirit and intent of the law. After repeal is a problem he is not studying.

Murder Sentences Affirmed By Court

AUSTIN, Nov. 1 (AP)—The court of criminal appeals today affirmed ten year murder convictions against Alex Williams, sentenced from Jefferson county, and Sam Cruse, convicted in Harris county.

Williams was sentenced for the murder of Jim Blair and Cruse for the slaying of W. E. Sharp.

DUVALL ESCAPES

O. E. Duvall, convicted here March 3 of burglary of the Carter-Houston Co. department store here and sentenced to two years in the penitentiary, escaped Sunday from the Ramsey state prison farm at Otey, the sheriff's department has been informed.

THEY FINALLY DECIDE ON MARRIAGE

A couple of bachelors who have been thinking of matrimony for some time have finally decided on the great venture. Here you see Charles Collins, 67, and his bride Anna Craven, 66, (left), and Frederick Alexander, 71, and his bride Deborah Bernard, 70, at the Isabelle Home for the Aged in New York, where they are inmates.

NEA

U. S. WILL WAR ON RACKETS

FEDERAL ASSAULT TO FOLLOW CAMPAIGN ON KIDNAPING

(By The Associated Press)

WASHINGTON, Nov. 1.—A federal assault against commercial racketeering is being planned by the justice department to follow up its largely successful anti-kidnaping activities.

Joseph B. Keenan, newly named assistant attorney general, told newspapermen that efforts already under way to stop hoodlums and racketeers who have extorted millions of dollars from business men would be increased, possibly to the extent of seeking new legislation.

"Kidnaping Checked"

"We feel that we have put a pretty good check on kidnaping for the present," Keenan said. "This leaves us free to go ahead with the next major step against organized crime.

"We do not feel that commercial racketeering has increased, but we do know that it is at least as prevalent as ever. We intend to put a stop to it. This means that we will have to carry our drive far, reaching places that heretofore have not been reached, and we're going to do it."

Singled out will be labor union racketeering, Keenan said. Information was in the hands of the justice department, he added, that not only were business men being made to pay tribute on a huge scale to escape labor troubles, but that working men also were being made to pay for protection.

JUMP IN GOLD PRICE TODAY

ROOSEVELT PREPARES FOR QUICK INVASION IN FOREIGN MARTS

(By The Associated Press)

WASHINGTON, Nov. 1.—A jump in the price of gold both here and abroad today accompanied President Roosevelt's preparations for quick application for his plan intended to lift commodity prices by purchasing the yellow metal on European markets.

The administration advanced its fixed price for RFC purchases of newly mined domestic gold to $32.26, 14 cents above yesterday and a new high.

London Quotation Higher

Meanwhile, the London bullion quotation increased from $31.05 yesterday to $31.52 today, both figures translated into dollars at the day's opening rate of exchange.

Thus, while the domestic price yesterday stood $1.07 higher than the world's price, the margin today was reduced to 74 cents.

A part of the shrinkage was due to weakness of the dollar as against the pound. It declined as low as $4.79 1-4 today from $4.75 at yesterday's opening.

While officials evinced a determination to go ahead with the gold purchases as quickly as the necessary arrangements could be made, they were watching, nevertheless for official indication of great Britain's reaction to the plan, involving, as it does, dealings in foreign exchange.

BRITISH ECONOMIST SAYS CONTROL OF BANKING SYSTEM IN U. S. NECESSARY

(Copyright, 1933, By Associated Press)

OXFORD, England, Nov. 1. (AP)—President Roosevelt's program of controlling the currency will be fruitless unless he controls the banking system of the United States as well, Professor Frederick Soddy, noted scientist and economist of Oxford university, said today.

"Democracy can not afford to leave the power of issue of money in the hands of any one but its own government," said Professor Soddy, who in one of his best known books blames what he calls the wrecking of scientific civilization on the money system.

"It is impossible to keep the value of money constant if you alow people to issue and destroy it as a business," he added. "You can not have stabilization as long as you have bank credit."

The return of money and credit to the consumer by the issuing of new money by the government is the solution which Professor Soddy advocates for the present situation.

"I don't see any way for a government to relieve the situation," he said, "except by giving more money to consumers.

"Payment of pensions or bonuses to war veterans would do the same thing in a rough way, but it is necessary to remember that only a small amount is needed."

The porfessor estimated that between 90 and 360 million dollars should be transferred to the consumer in America.

Says RFC Reduces Buying

An institution like the Reconstruction Finance corporation, he said, which issued credit to producers, raised prices against consum-

SWOPE WARNS INDUSTRY OF NEW PLAN

RECOVERY UNIT WOULD BE MADE PERMANENT UNDER PROPOSAL

(By The Associated Press)

WASHINGTON, Nov. 1—Warning that government will undertake stricter supervision of industry if it does not do so itself, Gerard Swope today proposed a program for making much of the NRA permanent.

The industrial leader, as chairman of the business advisory and planning council for the department of commerce, proposed to it the creation here of a "national chamber of commerce and industry which should be an enlargement and development of the present Chamber of Commerce of the United States.

New Advisors Proposed

At the same meeting, the recommendation of NRA's industrial advisory board that five of its thirteen members step out to make place for new advisors selected from the planning council was taken up for action.

Swope — of General Electric — along with Walter C. Teagle, chairman of the advisory board and president of Standard Oil of new Jersey, and three other members are leaving.

Robert E. Lund, president of the National Manufacturers' association, probably will become chairman.

Swope's proposal for a super-trade organization visualized three main divisions.

The first, for commerce or trade, would head up the various codified national retail and wholesale distributing associations and those of kindred industries.

The second would be at the top of industrial or manufacturing groups, including the textile institute, the American Iron and Steel institute, and possibly also the present National association of Manufacturers and the National Metal Trade association.

The third division would cover

FORD IS NEARER NRA COMPLIANCE

WASHINGTON, Nov. 1. (AP)—Henry Ford is a long step nearer recorded compliance with automobile recovery code today—so much nearer, in fact, that NRA officials hope he soon will be all the way within the fold even though he does not fly the blue eagle.

Since he is submitting wage and hour figures required by the code, there remains now only an official decision that Ford is bargaining collectively with his employes.

Senator Wagner expects the national labor board, of which he is chairman, to be able to rule on that point soon. Men on strike at the Edgewater, New Jersey, Ford assembly plant, already have conferred with plant managers. Their demands were referred to headquarters. The answer from headquarters will be used by the labor board as a basis for determination of whether Ford is bargaining.

Oklahoma Vote On Repeal Is Planned

OKLAHOMA CITY, Nov. 1 (AP)—Governor William H. Murray today put machinery in motion for Oklahoma's vote on repeal of federal prohibition by calling county conventions to name repealists and anti-repeal delegates to district conventions which, in turn, will select candidates whose names will go on the ballot.

The action was taken under a law enacted by the last legislature. It provides for submission of the repeal question at the next state-wide election. Since the governor had indicated he will not call a special election on the subject, the issue probably will not be decided until the July, 1934, primary—probably several months after federal prohibition actually ends.

NO SERIOUS CRIMES OR MISHAPS ARE ATTRIBUTED TO HALLOWE'EN IN CITY

Although police were kept on the jump, as Hallowe'en celebrants, young and old, observed the night in a variety of ways, from soaping windows and bombarding porches to masquerade dancing and theatergoing, no serious crimes and no accidents directly attributable to celebrating were reported.

Police made at least 14 investigations. One of the principal pranks was opening of fire plugs—punishable by a maximum fine of $25—hydrants being loosed at Avenue K and Twenty-third street, Avenue U and Eighteenth street, the 2700-block of Twenty-third street, Avenue T and Fourteenth street, and Avenue G and Twenty-first street.

Justice of the Peace W. S. Clark, saying his Fort-T had disappeared, philosophically remarked this morning that it would "turn up."

Police last night and early today made six arrests, three for drunkenness, two for vagrancy, and one for failure to comply with deferred payment bond obligations; the county jail received four additional prisoners, all for drunkenness.

Cars were moved out of their parking places, streets were blocked, and a few signs were torn down. Two delinquent boys were taken to the station after they had upset a signboard at Tenth street and Avenue J.

A report that boys were breaking window panes in the 2400-block of Twentieth street was made to the station. A car was moved from 1408 Avenue R to Avenue Q. Another automobile was pushed away from 2124 Twenty-first street.

Police protection was asked at College Inn, 2424 Fifteenth street.

(Turn To Page 7, Column 1, Please)

Tuesday Climaxes Hallowe'en Entertaining Here

Masks Will Be Put Away For Year And Another Party Theme Will Be Adopted

The rush of entertaining occasioned by Hallowe'en was climaxed Tuesday evening. Now the masks and pumpkins will be put away and themes will be concentrated on chrysanthemums, autumn leaves, turkeys, cornucopias and other symbols of autumn and Thanksgiving.

Color schemes, which have had black and orange predominating for the last few weeks, will now be brightened with reds and russets and the golden browns of fall.

Girls Attend Party

Mrs. G. N. Atkinson, 2206 Fifteenth street, entertained Tuesday evening with a Hallowe'en party for her daughter, Lottie Margaret, in their home.

Hallowe'en games and stunts were enjoyed by the guests, who were in costume, and later they were taken down to parade with other youngsters. Those in the party were Barbara Bedford, Jean Bardwell, Mary Louise Breedlove, Betty Jo Graham, Wanda Ruth Ivey, Marjorie Martin, Vola Mae Sherrod and Joan Switzer.

Mr. and Mrs. A. J. Tucker, who live three miles east of town, entertained for a group Tuesday evening with a Hallowe'en party. Their house and back yard were arranged for the occasion and appropriately decorated.

Those who attended were Millie Richardson, Dorothy Jones, Austine McDonald, Virginia Lee Barr, Billie Jo James, Helen Richardson, Bernice Keeton, Willie Opal Fisher, Jack M. McDonald, Ross Putty, Cordon A. Pierce, Robert Tucker, Lillian Tucker, Rosalie Tucker, Edwin Jones, Mr. and Mrs. W. S. Jones and Mrs. Samuel Rider.

Two Boys Given Party

Mmes. C. R. Froster and Ralph Lindsey entertained Tuesday evening at 2001 Seventeenth street, with a Hallowe'en party for Bobbie Richie and Ralph Lindsey, jr.

Those who attended were Wilma Speight, Beverly and Holland Edwards, Betty Marie and Patricia McCall, Leta Maxine and Mary Lewis Gowan, Jane Coleman, Louise Allen, Maydell, Marie and Mary York, Betty Sue Walker, Bobbie Speight, Elton Rogers, jr., John Houk and Tommie Sue Lindsey.

Girl Scouts in Troop One were entertained Tuesday afternoon late by Janelle Halsey in the home of her parents, Mr. and Mrs. Mark Halsey. This party celebrated Hallowe'en and founder's week in the Scout organization. Janelle was assisted by Betty Blankenbeckler and Betty Lee Lindsey in serving refreshments.

These Attend

Scouts attending were Ida Rule Duff, Mary Ruth Hufstedler, Mary Jarrott, Cathryn Dykes, Gertrude Claiborne, Cathryn Collier, Marjorie Johnston, Lois Jane McDonald, Iris Abshier, Angeline West, Margaret Ann Dearman, Norma Bradshaw, Myrtle Bumpass, Margaret and Mary Kirksey and Nina Tynes. Visitors were Joyce Halsey and Harriet Jarrett and the city leader, Miss Alma Girand.

Misses Frances Pugh and Evelyn Rozelle entertained Tuesday evening at the home of the latter hostess, 3001 Twenty-Second street. Fortunes were told by Miss Bertie Curd.

Are In Costume

Costume prizes were awarded to Miss Rita Beth Sparks and H. H. Hughes. Others who attended were Mesdames G. L. Catlett, Hughes, H. Logan, A. C. Webb, Misses Inez Pugh, Helen Leininger, Lila Townsen, Nevada Baker, Hedwig Schultz, Pearl Duncan, Clara Cammack, Eunice Holden, Mr. and Mrs. F. D. Ewart, Mr. and Mrs. T. H. Briggs, John Fain, Sylvan Halbardier and John K. Logan.

LaJuanda Harvey entertained Tuesday evening in the home of her mother, Mrs. Beatrice Harvey, 1210-A Seventh street, with a Hollowe'en party. Those who attended were Mary Louise Causey, Ruby Branch, Norma Rhue Croxton, Leverette Guess, Jack Nettles and Coy Harvey.

Club Party Given

Pumpkins and other Hallowe'en decorations were used for a weird setting when Mr. and Mrs. R. L. Clinkscales entertained with a husband's party for the Thursday Bridge club in their home, 1613 Sixteenth street, Tuesday evening. Card games were played.

Mr. and Mrs. C. D. McGehee were special guests. Club members there were Messrs. and Mesdames Herbert Stubbs, Dewey McClellan, H. B. Bryan, Joe Telford and T. C. Meinecke.

Mrs. Edgar T. Neal, 2108 Thirteenth street, entertained with a dinner Tuesday evening for the twelve Tech girls who live at her home. Hallowe'en appointments were used. Guests were Misses Inez Evans, Floy Mae Willie, Ella Lewis, Zera Dotson, Etha Sheriff, Frances Newton, Helen Allen, Jo Brant, Marie Barton, Irene Terry, Ora Mae Harmell and Lois Marie Killin.

Wives of Lubbock Lions club members arranged the program Tuesday evening for the annual ladies night dinner at the Hilton hotel. The Hallowe'en spirit prevailed.

Mrs. Luther Tannery entertained Tuesday evening with a Hallowe'en party for her sister, Maxine Bradley, and several of the latter's friends.

Class Is Entertained

A Hallowe'en party was given Monday evening by Mrs. J. W. Kolb for her Sunday school class in the First Christian church. This was in the G. P. Kuykendall home, 2201 Sixteenth street.

Four small girls were special guests. They were Jo Ann Kuykendall, Dorothy Sue Standefer, Ruth Duncan and Doris Kolb. Class members there were Laura Bess Eubank, Wanda Sue Wilhite, Martha Kuykendall, Helen Beth Elliott, Nance Marie McFarland, Mary Lou Scott, Bobby and Mildred Wallace, Polly Moore, June and Jean Edwards, Margaret Reese and Laura Jean Renner.

Mrs. L. E. Davis is recovering from an operation at Lubbock sanitarium. She was operated on Tuesday.

Something In The Mode For Co-Eds

Here's something calculated to create envy in every co-ed—a black satin frock with white pique collar and turn-back cuffs, and with novel buttons of cylindrical steel. Yes, that's Jean Parker, the Hollywood starlet, who's wearing the outfit in this picture.

Seventy-Eight Are At Benefit Affair

There were 78 at a benefit forty-two party given Tuesday evening by members of the Order of the Eastern Star at the Masonic hall. Mrs. E. B. Harris received high score in the games.

Hallowe'en appointments were used for the affair. The money goes into the general fund of the organization.

Max Morris Will Be Married Soon

Max T. Morris of Plainview, son of Mrs. George Morris, is to be married to Miss Mary Frances Collier of Tyler, according to an announcement made in Dallas by Miss Elizabth Collier. The wedding is set for November 12.

Carter P-TA Meets On Thursday

The K. Carter Parent-Teacher association is meeting Thursday afternoon at 3:30 o'clock at that school to hear Miss Bonnie K. Dysart lecture on "Literature for Children."

Camp Fire Girls Are At Gathering

Cheemi-Akipsia Camp Fire girls met Tuesday afternoon with Mrs. John Conner. Those who were present were Charlie Moore, Annabel Wood, Barbara Wallace, Ruth Luce, Marthalea Montfort, Virginia Wells.

Mr. and Mrs. Thomas F. West have returned from a visit to Fort Worth and Houston.

Miss Helen Elkins Entertains Group

Miss Helen Elkins entertained Tuesday evening with bridge and dancing at the home of her sister, Mrs. Dee Puckett, 2106 Seventeenth street. At midnight the guests attended a picure show. Those in the party were Misses Kathleen Dickey, Betty Lindsey, Virginia Bacon, Evelyn Hamilton, Dorothy West, Marjorie Burdette, Helen Lattimore, Messrs. J. B. Graham, Bill Bowers, Bruce Dickey, Frank Cook, Eugene Blue, A. J. Holkort, Willard White and Robert Ferbes.

Helen Stevenson Has Party Tuesday

Mr. and Mrs. R. Stevenson, 2409 Twenty-Fourth street, entertained Tuesday evening with a Hallowe'en and birthday party for their 12-year-old daughter, Helen. Those who attended were Rev. and Mrs. C. J. McCarty, Mrs. Frank Lisemby, Mr. and Mrs. A. A. Stevenson, Ina Joyce Stevenson, Eta Jean Stevenson, Virginia Lee and E. G. Lydle, Dean Moore, J. W. Moore, Willis Owen Landers, Jimmie and Katie Stevenson, Walter Beverly and Violet Bush.

Tuesday Class Begins New Bible Book

Meeting with Mrs. M. H. Duncan, 2205 Sixteenth street, members of the Tuesday Bible class started a study of First Corinthians Tuesday afternoon. Mrs. W. H. Trice taught the lesson.

Those present were Mesdames J. L. Anjier, N. A. Terrell, G. W. Scott, C. A. Paulger, W. J. Feely, W. W. Ray, Minnie Fickas, Otis Taylor, L. R. Wood, A. Eklund, W. T. Raybon, O. C. Moore, H. E. Ellison, T. L. Patterson, Eph Stevenson, Ella Barry, R. F. Dunn, J. B. Rhodes, E. B. Wheelock, A. L. Hawkins, A. L. Harris, T. O. Shelvik and Miss Mylbra Hart.

Annual Pecan Show Will Be At Brady

BRADY, Nov. 1. (AP)—The annual two-day pecan show and convention of the West Texas Pecan Growers association will be held at Brady some time in November or December.

Exhibits of every variety of pecan grown in West Texas counties, which will raise about 75 per cent of this year's pecan crop, will be shown.

Prominent speakers on various phases of pecan culture will be invited to address the growers.

H. G. Lucas of Brownwood is chairman of the program committee. W. F. Millican of Bend is president and Luther Rainey of San Angelo vice president of the West Texas Pecan Growers association.

POSTPONE PARTY

L'Aiquillee club party that was scheduled for this afternoon with Mrs. William Von Wolff has been postponed because of the death of W. F. Bonds, it has been announced by the hostess.

A glass pitcher filled with sweetened fruit juices and stored in the ice box can be converted quickly into punch by adding iced water and ice.

Presbyterian People Meet Tonight

There will be a meeting of the First Presbyterian Workers' conference this evening at 7:30 o'clock at that church with J. J. Clements, Sunday school superintendent, presiding.

Parents of boys and girls in the Sunday school are to be guests at the meeting. Mrs. George Duprée is to talk on "How the Parents Can Cooperate With Sunday School Teachers" and Mrs. Leroy T. Patton is to talk on the ways that teachers can cooperate with parents. The meeting is to last for an hour.

Do not beat the egg whites too much for angel food cake or it will be too dry. The whites should be beaten until they form a point when the egg beater is removed.

Rings of fresh or canned pineapple, browned and sprinkled with chopped green peppers and pimientos make tasty garnishes to serve with steak, chops or roasts.

"I was discouraged with my skin . . . *now I'm proud of it!*"

says Marie Stevens, Louisville, Ky.

1 "I was so discouraged with my skin! Then I learned how the screen stars use Lux Toilet Soap."

2 "I began using it at once! Gradually my skin took on a new loveliness. Now I'm so happy!"

Helen Twelvetrees says: "Lux Toilet Soap keeps skin soft, smooth, infinitely appealing! It truly brings greater loveliness!"

Helen Twelvetrees Paramount star

9 out of 10 lovely screen stars use this fragrant, white soap. Why don't you try it?

LOLA'S LUCKY ACCIDENT

SHOWS HER THE WAY TO HAVE BETTER COFFEE ··· AND SAVE MONEY IN THE BARGAIN!

THE RAREST-FLAVORED COFFEES IN THE WORLD

—From Central America's "Coffee Paradise"

You'll never know how *good* a cup of coffee can really be, until you've tried this totally different kind. Not merely another "blend" or "roast." But the flavor of rare coffees from a tiny region that's famed as the world's "coffee paradise."

These rare coffees are grown chiefly in mountain-top plantations along the west coast of Central America. In isolated districts north and south of the Panama Canal. Where an odd type of volcanic soil combines with high altitude and steaming tropical rain to work miracles on coffee as it grows. And imparts a flavor that experts agree is not duplicated anywhere else in the world.

These are the coffees that give such a distinctive flavor to Folger's—the coffee so many women are turning to today. Now brought to you with all its original mountain-freshness faithfully preserved in key-opening vacuum tins.

Not only will you find these rare coffees far mellower and richer than any you've known before—but because of greater body, you'll find they go much farther. As a matter of fact, you can use just ¼ less of Folger's—and still have better coffee . . . Ask for Folger's today! 174R

SETTLE DESCRIBED AS "SLOW-MOVING TEXAN WITH MIND LIKE STEEL TRAP"

BY MELVIN E. COLEMAN
Associated Press Staff Writer

"A slow-moving Texan with a mind like a steel trap" is the way navy men describe Thomas Greenhow William Settle, lieutenant commander U. S. N. They call him "Tex".

He's in Chicago now awaiting favorable weather for a second attempt to break height records into the stratosphere.

First Attempt Failed

His first trial, a few weeks back, ended in a crash in a lake front railroad yard. But he thinks going straight up in the air for a dozen miles or so, is less hazardous than racing gas bags for distance.

For example he cites the James Gordon Bennett cup trials of 1928. Starting from Pittsburgh, he and other balloonists were caught in a cold air mass fringed with roaring line squalls. His balloon took three tremendous skyward shoots and as many sickening earthward drops before he managed to land.

Settle has been in the navy air service since shortly after the World war. He's qualified to pilot planes, gliders, dirigibles, blimps and balloons.

Has Nerve

As an expert at the inquiry into the loss of the Akron, he told the court:

"If Commander McCord were alive today, there's no assignment I would welcome more than to fly with him with a lighter-than-air ship."

He has nerve. He was the first to take off in a glider from a dirigible, cutting loose from the Los Angeles in 1930 over Washington.

ENGINEER TRANSFERRED

WASHINGTON, Nov. 1 (AP)—The war department has announced the transfer of Second Lieutenant Alan J. McCutchen, corps of engineers, assistant district engineer at Galveston, to Port Arthur. At Port Arthur he will continue to work under the Galveston engineer.

A fishing vessel using trawls—anchored lines, often a mile in length, from which shorter lines are suspended—is called a trawler.

LIGHTNING BALLS, CELESTIAL SHOW OF FIREWORKS, ARE BELIEVED CAUSED BY WIND AND DUST, SCEINTIST SAYS

By HOWARD W. BLAKESLEE
Associated Press Science Editor

LINCOLN, Neb., Nov. 1. (AP)—In the misty past Jove shot with thunderbolts, but the goddess Juno loved gay parties and invented lightning balls, rose-colored, lavendar and blue, which floated like top balloons and popped like firecrackers.

Photographs of these rare balls of lightning, which verify everything except the existence of a goddess are published in "Physics" by J. C. Jensen, of Nebraska Wesleyan university. The studies indicate that the true inventor of the balls is Aeolus, god of the winds.

In Vanguard Of Storm

The lightning balls, as big as box cars, appeared unexpectedly on the front of an approaching line-squall which Dr. Jensen was photographing not far from Lincoln.

They stepped into a very neat photographic trap, in which Dr. Jensen had set cameras to get proof that lightning strikes up from earth to clouds as well as down.

As the entire field in front of the cameras was accurately mapped, it was only necessary to calibrate the photographic images with optical formula to get the dimensions of the fire balls. Dr. Jensen, further, was able to watch the show while his cameras clicked automatically.

Like Fireworks

"In the wake of a flash which, incidentally, carried negative electricity from cloud to ground," Dr. Jensen writes, "there appeared a shapeless mass of lavender color which seemed to float slowly downwards The rose-colored mass seemed most brilliant near the ground and gave the impression of a gigantic pyrotechnic display.

"Two or three of the globular structures seemed to roll along a pair of 2,300 volt power lines for 100 feet or more, then bounced down on the ground and disappeared with a loud report."

Calibrations of the photos showed that the globes of fire were 2,000 feet way from the camera. They ranged from 42 feet in diameter down to 28 feet. Some of them were 92 feet above the horizon.

Dust May Be Responsible

They were in the midst of a tremendous swirl of wind in the front of the oncoming storm and apparently in the dust which ran ahead of the rain.

"While it is not the purpose to propose a scientific explanation," says Dr. Jensen, "attention is called to the fact that ball lightning occurs most frequently in connection with dust from a chimney or fire place, or in the dust-laden air of a wind squall or a tornado."

The lighting balls from fire places, Dr. Jensen says, are likely to be blue, the size of two fists and to roll along the floor for three or four seconds before collapsing with a firecracker noise. They leave the odor of ozone.

A Fourth of July celebration? No—ball lightning, as photographed by J. C. Jensen, of Nebraska Wesleyan university. The balls appeared unexpectedly on the front of an approaching line-squall. The top one, about 100 feet in diameter. These "fireworks" are lavender in color. As indicated by the sketch, the balls are believed to be formed in a collection of dust particles, electrically charged.

FLOODS CAUSE DAMAGE

TEGUCIGALPA, Honduras, Nov. 1. (AP)—Heavy damage resulted, it was reported here today, from a tremendous downpour which sent rivers out of their banks destroying bridges and inundating plantations in the region of the western town of Ilama.

The World's Fair at Chicago used a giant thermometer, 227 feet high, for official recordings of the temperature on the fair grounds.

Adrienne Ames And Bruce Cabot Marry

CARLSBAD, N. M., Nov. 1. (AP)—Adrienne Ames, screen actress, divorced Monday at Minden, Nevada, today was the bride of Ettienne de P. Bujac, known in the films as Bruce Cabot.

They were married yesterday by a justice of the peace at "Armandine," country home of Mrs. E. de P. Bujac, the bridegroom's mother. His father, the late Colonel Bujac, was a direct descendant of the French statesman, Marquis Alfred Bujac.

The actress' former husband was Stephen Ames, wealthy New Yorker. The newlyweds are returning to Hollywood.

Sea Gull Learns A Bitter Lesson

NEW YORK, Nov. 1.— (AP)—There's one sea gull flying around Sheepshead bay that has learned a bitter lesson—never poke your beak at a clam.

This gull spied the clam —a big fellow—lying just under the water yesterday with its mouth open. The bird stuck its nose into the clam, which was disastrous, for the latter snapped its jaws shut.

Then began a battle and much churning of water as the bird tried to free itself. The clam held on and pulled the gull beneath the surface.

A crowd collected. Policeman James Kelly ran up, pulled off his shoes and waded out to where the struggle was going on.

He reached into the water and brought out a clam as big as his two fists with the sea gull still hanging on. The policeman tried to pry open the steel jawed clam with a pocket knife, but was unsuccessful.

Then he drew his club and whacked. That did the business. The clam's shell broke and the gull was freed . . . With just pep enough left to fly away.

An annual event in Calcutta is known as the Noah's Ark race; the competitors on one occasion were a goat, a horse and an elephant.

END SERIOUS COUGHS WITH CREOMULSION

Don't let them get a strangle hold. Fight germs quickly. Creomulsion combines the 7 best helps known to modern science. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion.—(Adv).

SPORTS

SPYING ON SPORTS

BY COLLIER PARRIS

WRESTLING TONIGHT at Sled Allen's Auditorium. Tommy Heinz vs. Andy Tremaine, Jack Van Bebber vs. Sailor Moran. That's a great set-up, and there'll be plenty of ear-twisting.

• • •

A TOUGH GOB

Sailor Moran comes to town tonight for the first time, but he is no stranger to a lot of fight fans who visit around the country, or who keep up with the big wigs of the profession. The Sailor has never been beaten in a Texas ring, and he's taken on the best of them. That makes things look pretty dark for the local fair-haired favorite, but we suggest that Van Bebber can put up as neat a match as any mug. He looked good in his first professional fight two weeks ago, and better last week.

• • •

We know very little of Andy Tremaine, who meets Red Heinz in the finish fight to top tonight's card, but those who know him and have seen him work are high in their praises of the Arizona Wildcat. They say he's tough and rough, willing to mix it with anybody who wants it mixed. Heinz, a steady, careful, smooth wrestler, probably will have his hands full. If Andy's as good as they say he is, Heinz may take the count.

• • •

A SNAPPY WINDUP

That was a good scrap out at the National Guard Armory Monday night, a good scrap. It had to be good, or Promoter Dee Puckett would have been a much troubled man by now. This Woody Windham can really do the leather-slinging act, and do it in a manner that pleases the fans. He had a neat opponent in Lil Mickey, the Oklahoma City lightweight, and for a couple or three rounds it looked like Mickey had the best of the deal. But Windham came back, pounded the daylights out of the Sooner scrapper to even up a thrilling fight. If Promoter Puckett can have the good fortune of matching fights like the last two main events, he'll draw the fans, who will sympathetically overlook the flops which so far have characterized the other bouts.

• • •

Puckett thinks Duke Tramel, the Fort Worth iron man, may come back next Monday night. If an opponent can be found who can stay at least six rounds with the old Duke, it'll be a scrap worth the money and attention of anybody. But extreme care must be exercised in locating that opponent. The same holds good for two other fighters who have appeared on Dee's programs, O. H. Brittain of Lubbock and Woody Windham of Abilene. Dee has been lucky the last two times in bringing in Nick Santos and Lil Mickey.

• • •

It strikes us, and a lot of other fans, that the local fight situation would be much improved and would result in better deals not only to the fans but to the matchmakers, if each local promoter would stick to one line of ring shows. In other words, let Promoter Puckett stage his boxing shows, and Promoter Sled Allen his wrestling shows. These mixed programs don't get over so big. If there were only one promoter in town, he might do well with mixed programs, but it is too much to expect of a promoter, under present circumstances, to provide live wire exhibitions in both boxing and wrestling.

• • •

ENOUGH TO GO ROUND

Promoter Puckett has shown us some good boxing bouts. Sled Allen has brought good wrestling shows to town. Friendly relations exist between the promoters, although they can not get together on a common arena. But should Promoter Allen attempt to stage a boxing bout in connection with his wrestling show, it probably would be a flop. Puckett's effort to introduce wrestling at his boxing show was worse than a flop. Only the respect for aged and decrepit men kept the fans in the hall Monday night when Moore and Magee were wallowing over the carpet.

• • •

We believe there are enough fight fans in and around Lubbock to make the staging of strictly boxing shows profitable for Promoter Puckett, and to make it worth Sled Allen's time and trouble in the staging of strictly wrestling matches. But split cards don't go. In the first place, neither promoter can afford to pay for a main boxing event and a main wrestling event and have good fighters in both. The fans will go to the Armory, or wherever Puckett stages his fights, to see boxing. They'll go to the Auditorium to see wrestling. But they demand their money's worth at either place.

The dial of the new clock on the Eiffel Tower measures 61 feet and is placed at a height of 600 feet; it is illuminated at night.

HASKELL WILL INVADE TECH SATURDAY

MATADORS WORK HARD IN PREPARATION FOR REDSKIN BATTLE

The Texas Tech football field will take on the appearance of an Indian reservation Saturday night when the Redskins of Haskell institute march into Lubbock to make a stand against Texas Tech's Matadors.

Such names as Chief Crazy Eagle, Warrior Two Strikes and Brave Hawkface are calculated to be on the lips and in the minds of football fans when the Lawrence, Kan., early Americans rush out of temporary teepees and circle Coach Pete Cawthon's palefaces.

MEMBERS OF THE MATADOR CLUB!

Don't forget to be on hand tonight at 8 o'clock, Tech field, for special practice in your honor. Varsity and Frosh will tangle and a big time is planned.

Warner Coached The Coach

Gus Welch, former quarterback under Pop Warner when the "old master" coached the Carlisle Indians, is the mentor at Haskell. He succeeded Lone Star Dietz this season, Dietz having gone to Boston to coach the Boston Braves of professional football. Warner has said that the two best players Carlisle ever turned out were Welch and Dietz, who succeeded Warner at Haskell. Welch has been coaching in the east for the past half dozen years, and brought a good record to Haskell.

It is in Coach Welch's makeup to train his grid teams along trick lines. While the Indians at Haskell adopt Warner's famous double wingback, and a modified form of the popular Warner "C" formation from which tricky plays are run. Cutbacks, double and triple reverses, lateral passes, end runs, anything is likely to loo up from the Haskell setup.

And Tech's Matadors this week are planning ways and means of stopping such an attack. Against the huskiest members of Coach Dell Morgan's freshman team yesterday afternoon, Cawthon and Smith had their Matadors do special blocking and tackling acts. There was no team scrimmage, but there was plenty of individual scrimmage. The freshmen have been taught some of the tricks used by the Indians, and they are deceptive indeed.

Drill Tonight

There will be no Matador workout this afternoon. Instead, today's practice will start at 8 o'clock, and the gridsters will have an audience. Members of the Matador club, a local organization of business and professional men, are to be guests of the athletic department tonight. No others will be admitted to the field, as "secret practice" still is the vogue.

It will be team scrimmage tonight, and lots of it, with particular attention paid to blocking. The man who doesn't block tonight probably not block Saturday night, because he won't have an opportunity.

Coach Cawthon requests all members of the Matador club to be present on the sidelines. In addition to the scrimmage, a "special attraction" is offered.

Matadors Outweighed

Lines of worry crease the foreheads for the Redskin battle. They are worried as to how their team which averages little better than 175 pounds can handle a veteran team from Lawrence which averages nearly 190. But the Matadors have found strength in numbers before, and the reserve power Saturday night should be at its best.

The Bullfighters emerged from their hard game at El Paso last week with few marks and bruises to mar beauty and physique, and the injury jinx is not due to hamper the local collegians unless practice sessions between now and then take a serious total.

Advance ticket sales indicate an early sell out of choice seats, and the faithful is advised to purchase ducats at once. They are on sale at the J. & J. Sporting Goods company. Reserved seat tickets are going for $1.50, including tax. Bleacher tickets, sold at the gate, will be priced at $1 each, including tax.

FIGHTS LAST NIGHT

(By The Associated Press)

LOS ANGELES — John Henry Lewis, 174 1-2, Phoenix, outpointed Frank Rowsey, 166 1-2, Los Angeles, (10). Ed Prante, 190, San Diego, knocked out Harold Anderson, 178, Flint, Mich., (2). Dynamite Jackson, 207 1-2, Santa Monica, knocked out Jack Roper, 196, Chicago, (8).

SEATTLE—Billy Townsend, 145 1-2, Vancouver, and Al Lewis, 146 3-4, Seattle, drew, (8).

PORTLAND, Ore.—Star Frisco, 114, Manila, outpointed Joe Teiken, 117, San Francisco, (10). Max Maxwell, 174, Atlanta, knocked out Bud O'Neil, 176, Portland, (2).

Photo-electric rays a mile long are being used by Germany to protest its border against smugglers; if a person or automobile crosses the border an alarm is sounded.

BRUSHING UP SPORTS-- By Laufer

IRISH PAYOFF ON RESULTS

PURPOSES AND IDEALS ARE SECONDARY IN SCHOOL SCHEME

(Editors Note: This is the third of a series of four stories on the football situation at Notre Dame, based upon personal observations and interviews with the university's leaders.)

By ALAN GOULD

SOUTH BEND, Ind., Nov. 1 (AP)—High purposes and ideals have their vital place in the football scheme of things at Notre Dame, as elsewhere, but the big payoff is based on the results. Any athletic director or coach who says otherwise is merely speaking for effect and not saying what he thinks.

Nowhere is this more keenly realized now than under the present surface of athletic affairs at Notre Dame. The triumphs of the fighting Irish over a 20-year period have made the school nationally famous, its football system a byword, its disciples in demand all over the country and made possible the building of a great modern stadium.

Organized By Harper

This brings into the picture now under scrutiny the "diplomatic crops" of Notre Dame athletics. It was first organized by Jesse Harper, a Kansas cattleman, who coached and took to West Point in 1913, the team that featured the Dorais-to-Rickne forward passing combination and first directed national attention to the university's football product. It is now a far-flung organization.

Harper was instrumental in having Rockne installed as head coach in 1917, despite the misgivings of faculty executives who considered Rock too inexperienced and unstable. Finally, in some exasperation, Harper was asked why he objected to all other candidates for the coaching job and insisted upon Rockne.

"Because I promised him the job," replied Jesse. There was no further debate about it.

Back In Saddle

The history of Rockne, as coach, organizer, leader and diplomat extraordinary, is too well known to require extended outline. Now Harper is back in the saddle as athletic director, on Notre Dame's insistence. He will stay there until he sees the present job through to his and everybody else's satisfaction.

Following Harper's advice, Rockne not only built up the prestige of fine football teams but established the policy of playing the most representative colleges of the country. When Rock died, leaving a lot of connections in the air or, as the boys say, "on the cuff," Harper toured the country. He straightened things out, renewed old contracts and made some new ones.

Relationship Extended

It is fair to say that Notre Dame's relationships from coast to coast, within the past three years, have been strengthened and extended. Harper was instrumental, for example, in avoiding a threatened rupture between Army and Notre Dame, growing out of some roughness in the game won by the Irish at the Yankee stadium last season.

"We are not disturbed by the trend of events at Notre Dame," the athletic head of one of the biggest rivals of the Irish remarked recently. "We have every confidence in Harper. Our relations with Notre Dame have always been on the highest plane. It is not for us to be concerned with the solution of internal problems there."

Yale Works For Dartmouth Tilt

COACH OF ELIS DECLINES TO COUNT ON JINX TO KEEP INDIANS FROM FIRST VICTORY

BY HERBERT W. BARKER
Associated Press Sports Writer

NEW YORK, Nov. 1. (AP)—Dartmouth has been trying for 48 years to beat Yale at football but Reg Root, youthful head coach of the Elis, declines to count solely on the operations of this famous jinx to keep the Indians from their first victory over the Blue this Saturday.

Instead he has subjected the Eli crew so soundly trounced by Army to a thorough shaking-up and most of the changes may stick. The most important shifts involved the backfield where Tommy Curtin, hitherto used exclusively as first-string substitute for Bob Lassiter, captain and left halfback, was sent to quarterback. This scheme will put the Elis' two best ground gainers in the same backfield. Andy Callan retains the fullback post but Jim Whitehead has replaced Stan Fuller at right half.

New Linemen Tried

Root tried two new tackles, Sid Stein and Scorp Tarleton, and two new guards, Ben Grosscup and Web Davis, yesterday in an effort to improve a line badly outplayed by the light Cadet forwards last week. Whether all four, or any one of them, will start against Dartmouth remains to be seen.

Dartmouth, somewhat lucky to tie Harvard last week, hopes for a better offense now that two injured backfield aces, Jack Hill and Sammy Fishman, are recovering.

Earned Three Ties

Yale began its rivalry with Dartmouth by shellacking the Indians, 113-0, in 1884 and in the 15 games played since then the best Dartmouth could earn were the ties of 1924, 1930 and 1931.

The most famous of these, of course, was the 1931 battle which ended in a 33-33 deadlock after one of the most spectacular games on record. Trailing 26-10 at the half, Dartmouth got a draw by counting 23 points in the second half, mostly on the work of the Indians' great passing combination of Bill Morton to Bill McCall.

Colgate Meets Tulane

Although overshadowed by the Fordham-St. Mary's duel at the Polo grounds, Colgate's clash with Tulane at the Yankee stadium will be watched with plenty of interest by eastern followers of the game. That intersectional test should provide the answer to Colgate's rating this year. Last season, after the Pitt Panthers had been invited to the Rose bowl, Andy Kerr, Colgate's head coach, pulled a nifty when he described the Red Raiders as "unbeaten, untied, unscored on and uninvited."

Now, with the 1933 campaign barely half over, the Red Raiders have been scored on, by Rutgers, and tied, by Lafayette, and stand small chance of being invited to Pasadena. They're still unbeaten but Tulane, Syracuse and Brown lie ahead.

Records Threatened

Two of the east's undefeated outfits will carry their banners into the midwest with their records dangerously threatened. Holy Cross, with triumphs over Harvard and Brown in its string of five in a row, will be favored by a slight margin over Gus Dorais' Detroit Titans. Carnegie Tech, undefeated but tied by Washington & Jefferson, will quite definitely be the underdog against Purdue.

ARLINGTON DOWNS PLANS NEW MEET

ARLINGTON DOWNS, Nov. 1. (AP)—another Texas derby next spring at W. T. Waggoner's Downs here was in prospect today as a formal application for permission to hold a 21-day spring racing meet awaited action by the Texas racing commission at Austin.

Plans for the spring program were announced yesterday by Paul and Guy Waggoner, representatives of the Texas Jockey club, and Joseph A. Murphy, Arlington Downs racing steward. The present 21-day meet will end November 11.

The spring derby would have a purse of $10,000 added and the Waggoner handicap, $5,000 added, on the same program. The jockey club announced that for the remainder of the present meet and at the spring races the minimum purse would be $700.

The spring program would be held shortly before the Kentucky derby.

A new-born baby can support its own weight for several minutes hanging by its hands; after a month or so, it loses the ability to perform this feat.

RESERVES AND OLTON MEET ON FRIDAY

CANNON-FODDER GETS PRACTICE AGAINST COWHAND SQUAD

With the regulars looking on from the sidelines, the Lubbock High school Westerner reserves, or Cannon-fodder, romped through a scrimmage with the Cowhands yesterday in preparation for a non-district bout this weekend.

Next Friday evening the Cannon-fodder plays Olton high at Olton, and they are going about their homework for this contest with heavy concentration. Not especially heavy at the other positions, the Cannon-fodder will outweigh the Green Bay Packers of Olton at the tackle assignments. Big Harris scales close to 200 pounds, and Morgan Duval carries 280 pounds into the fray.

Huffman Tells 'Em

During practice sessions the last ten days, the Westerners have heard themselves discussed by Assistant Coach Huffman, who, incidently, has a voice like a carnival barker, in terms picturesque but not commendatory. Head Mentor Chapman hasn't said much but he is eating more Fair Park grass these days than is good for him.

Victorious in their last two tries, the local high squad has not extended themselves as their coachers would like. This week and next they have no game carded for the weekend—Chapman and Huffman will be driving them along towards the district game Nov. 10 with the greatly improved Plainview Bulldogs.

Glenn Cunningham, Bonthron Favored

NEW YORK, Nov. 1 (AP) — The nomination straws which show which way the voting winds are blowing today indicated that either Glenn Cunningham or Will R. (Bill) Bonthron will be acclaimed the outstanding American amateur athlete for 1933 and awarded the James E. Sullivan Memorial medal.

The two great middle distance runners, who did not meet each other last year as they swept through all other opposition with only one setback each, as far out in the lead among the 20 or so athletes nominated by 600 sports authorities with Cunningham holding a slight edge at the moment. The nominations close today.

Wrestling Show Slated Tonight

ANDY TREMAINE WILL MEET "RED" HEINZ IN MAIN EVENT

Matchmaker Sled Allen presents tonight what he considers one of the most attractive and promising mat cards of his tenure as wrestling promoter here.

In the main event, Tommy "Red" Heinz, a crowd-pleaser in two former appearances, meets Andy Tremaine of Tucson. They will go until one has won two falls. There is no time limit.

A "special attraction" that may come close to stealing the show will precede the main event. Sailor Moran, veteran campaigner of the country at large, will go into the ring with Jack Van Bebber, Texas Tech wrestling coach who won several national amateur championships and an Olympic title before coming to Lubbock this fall.

Just A Scrap?

For Moran, known everywhere as one of the roughest, toughest grapplers in the racket, it is just another fight, although he is due to be strutting his stuff because it is his initial appearance on a Lubbock mattress. For Van Bebber, it is his third match since he turned professional two weeks ago tonight, and he faces the stiffest test of his young career. Victorious in his first two matches against Swede Larsen of Amarillo and Pat Garrison of Arkansas, Van Bebber is a local favorite who has been taken into the hearts of Lubbock fandom because of his smoothly functioning, ever-crowding physical machine that gives and asks no quarter. He fights as seriously as he teaches younger Tech athletes, offering little showmanship but plenty of grit and determination.

In Moran, Van Bebber hits a cookie who has never tasted of defeat in several score Texas bouts. He has met and defeated all comers, including Cyclone Mackey, Chief Little Wolff, Tex Watkins, Yaqui Joe and Dutch Mantell. Mantell, who bows his graying head to no man, admits that Moran is the only man who ever beat him in "a straight, fair fight."

Dutch Pops Off

In talking of the Moran-Van Bebber match this week, Mantell, who is the Amarillo matchmaker as well as the chief attraction when Moran is not in town, said: "Moran is a wild and wooly Arkansas Razorback and a wrestling fool. Van Bebber will have about eight pounds advantage over the Arkansas hill billy, but a few pounds more or less never stopped the Wild Irishman. If Van Bebber can stick the 30 minutes with this he-man from the hills and oceans, he will have to go some, and he'll be a dandy wrestler."

Tremaine, the Arizona Wildcat who meets the smiling, cocky Heinz in the main event tonight, mixes science and speed with socks and spills. He has appeared in most of the western states and is popular on the Pacific seaboard, as well as in this circuit. He has a worthy opponent in Heinz, who has won over Pat Garrison and Gorilla Pogi in his local exhibitions.

Tonight's show starts at 8 o'clock. The price scale is the same observed in the last few shows, 75 cents ringside, 40 cents general admission and 10 cents for ladies and children. Extra seats have been installed to accommodate what is expected to be the largest crowd of the season.

IN MAIN EVENT

Tommy "Red" Heinz, San Diego, Calif., makes another appearance in the local ring tonight when he meets the Arizona Wildcat, Andy Tremaine of Tucson. Heinz, pictured below, has won his first two fights here and is looked upon with favor tonight. They wrestle in the main event on Sled Allen's regular Wednesday night program at the Auditorium.

GAS
Radiant Heater

brings back the joy of a fine Old Custom

Crisp November evenings stir up memories of the good old family fireside—warmth—taffy—pop-corn—tall tales by the old folks—hot drinks before mother tucked us in bed.

A Gas Radiant Heater creates warmth in the home and in the heart—in fall, in spring, at odd hours in winter. No fuel to carry. No ashes, smoke or soot. Just cheery, glowing heat— ready the moment you want it—off the instant it is no longer needed.

Gas Radiant Heaters harmonize with modern furnishings—sizes to suit—simple to install—easy on the family budget. See your gas appliance dealer.

REPORTS MADE AT MEETING

REPRESENTATIVES OF 25 CHARGES ATTEND METHODIST CONFAB

A Victory meeting Tuesday at Asbury Methodist Episcopal church attracted representatives of 25 charges of the Lubbock district of the denomination, Hamilton Wright, secretary, reported. Rev. C. A. Bickley, presiding elder of the district, presided. Only two charges were not represented or did not send reports.

Since the conference year began the district shows an addition in membership of 1,316, of which number 568 were on profession of faith. Many of the charge quarterly conferences are yet to be held. A general report will be rendered to annual conference Nov. 8-12, when that body meets at Clarendon.

The meeting opened with a devotional followed by an address by Rev. Dr. Bickley on "Building the Walls." Rev. Elmer Peterson, pastor of the Morton charge, delivered the morning sermon, "The Royal Exile."

Luncheon Is Served

At noon luncheon was served in the annex of the church, preachers and laymen bringing covered dishes. At the afternoon session Mrs. G. C. Wolffarth, secretary of the Women's Missionary Society, rendered her report which showed great work had been accomplished during the last several months. She said that 50 per cent of the pledges had been raised with three months more to raise the remainder of the $2,500 pledge. The district has 32 auxiliaries. Concluding her speech she introduced Mrs. Lamar West of Levelland, who in turn brought Mrs. C. A. Bickley, wife of the presiding elder, to the chancel and presented her in tribute with a lifetime certificate of membership in the missionary society. Following this Mrs. Wolffarth presented the presiding elder and his wife with an electric clock in token of the appreciation of the thirty-two auxiliaries in the district.

Horace G. Krebbs of New Lynn, Lynn county, and William Hamilton Wright, Jr., Southland, were licensed to preach by the interim committee consisting of A. O. Graydon, J. A. Wheeler, Joe Haymes and Orion W. Carter and Rev. Dr. Bickley. Wright is son of the Methodist pastor at Southland. Both young men propose to secure university education before entering the itinerancy.

Wallace Is Speaker

Rev. W. H. Wallace, known generally in Lamesa territory as "Brother Bill," delivered address at the afternoon session, the keynote being "victory."

Rev. J. B. McReynolds, Levelland, introduced a resolution pertaining to the method of raising the conference collections. It failed of adoption by a vote of 15 to 14. It proposed that the local churches make their own assessment with three stewards specially selected responsible for its being raised in collaboration with the presiding elder.

Rev. Dr. Bickley, who has served this district as presiding elder for the last four years, will surrender this post in accordance with Methodist custom. He probably will be stationed in a pastorate.

UNION COMMUNITY PLANS DEDICATION

Methodists of Union community, south part of Lubbock county, expected to make today a red-letter day. The church at that place, built about eight years ago, had been paid out and dedicated.

The members will gather at the church at 5 p. m. for a basket luncheon, following which Dr. C. A. Bickley, presiding elder of the Lubbock district, will preach. He will then dedicate the structure. Then will follow the adjourned session of the fourth quarterly conference.

Union is part of the Wilson Charge served by Rev. Hershel Thurston. Thurston reports salaries and benevolences in full.

RED CROSS DRIVE PLANS MADE HERE

Plans for a Red Cross membership campaign to begin here Nov. 14 gained momentum in a meeting last night in the Hilton hotel. Bert Pinson is general chairman.

E. L. Klett, major general of the drive, announced the appointment of Paul Hardwick, Hugh Harbert, Turner Adams, W. H. Evans and W. D. Girand, jr., as captains. Each captain will name five lieutenants and each lieutenant five workers.

Mrs. C. Z. Fine of Posey is contacting rural leaders in each community preparatory to opening of the campaign. Mrs. George Field is contacting local club leaders, and each organization will be asked to obtain one Red Cross member for each club member. All club presidents are to meet Thursday.

Headquarters will be opened at 1708 Thirteenth street today. Mrs. Carlton Benson will be in charge. Durwood H. Bradley will address the four civic clubs here, beginning next Tuesday.

Answers to Previous Puzzle

GOP PAMPHLET ASSAILS FDR

BOOKLET MAY BE THE FORERUNNER OF AN INTENSIVE DRIVE

WASHINGTON, Nov. 1. (AP)—In what may be the forerunner of an anti-administration campaign similar to that directed from Democratic headquarters through the Hoover presidency, the Republican national committee has undertaken its first attack on Roosevelt actions.

Copies of a pamphlet charging violation by the president of many Democratic campaign and platform pledges have been circulated among members of the committee and Republican legislators. It is said to be the result of "an increasing volume of requests from all sections."

Demo Drive Recalled

How or whether it will be followed up could not be ascertained. It is remembered in political circles here, however, that the work of Charles Michaelson as publicity director for the Democratic committee from 1928 onward attracted much notice.

Republicans made the charge that a "smear Hoover" campaign was being conducted; and steps were taken to counteract Democratic publicity.

Michaelson now is public relations director for the NRA.

The Republican pamphlet, which has not been given general distribution as yet, does not carry the name of any author. It was obtained by reporters from Earl Venable, executive secretary of the Republican congressional committee.

Sanders Retained

The national committee organization which issued it is under the direction of Everett Sanders, national chairman for Herbert Hoover.

He has carried on in office since the 1932 election, with a skeleton organization here. He was personally picked for the post at the outset at the last national campaign by Mr. Hoover.

There has been talk of a drive by the anti-Hoover faction to reorganize the national committee.

"Let's look at the record," is the title of the pamphlet, which hits particularly at Roosevelt monetery actions since March and contends the administration has set up a system of "tricky (treasury) bookkeeping."

"Despite all this studied deception and manipulation in handling the fiscal affairs of the nation the budget is not balanced," it says.

Pavilion For Stock Sales Being Sought

DALHART, Nov. 1. (AP)—Civic leaders have opened a campaign for a livestock sales pavilion for Dalhart.

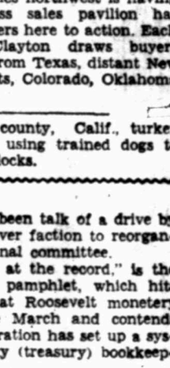

Dalhart is headquarters for the largest registered Hereford cattle breeders in the world. A survey has shown there are at least ten thousand registered Hereford cattle in the Dalhart territory and at least that many more subject to registry.

More than 1,000 carloads of cattle are shiped from the Dalhart stockpens every year and in addition hundreds of cars originate in this immediate territory.

The sensational success Clayton, N. M., 50 miles northwest is having with the cross sales pavilion has spurred leaders here to action. Each Thursday Clayton draws buyers and sellers from Texas, distant New Mexico points, Colorado, Oklahoma and Kansas.

Tehama county, Calif., turkey farmers are using trained dogs to herd their flocks.

OIL FIELD SEISMOGRAPH MAY AID IN BYRD'S EXPLORATION IN ANTARCTICA

TULSA, Okla., Nov. 1. (AP)—Specially adapted types of the commonly used midcontinent oil field seismograph may aid Rear Admiral Richard E. Byrd to determine the area and extent of land under the vast Antarctic ice cap.

A short wave radio station is being installed here to maintain direct communication with Admiral Byrd's party, now en route to Antarctica, and to give instructions in maintaining and operating the delicate instruments.

W. J. Green, president of the firm that supplied the seismographs, said they were manufactured for use at the south pole and in adjacent areas and are of the reflecting and refracting types.

The former will be used to "shoot" the thickness of the ice, to determine if it is resting on rock or on water and, in event of the latter, to determine the depth. Refraction shooting will show the velocity of sound waves in various strata, from which their composition may be determined.

The seismograph has been used for several years in the oil areas to determine whether subsurface formations are favorable to the collection and holding of oil and gas. It has been used with striking success in the salt dome areas of coastal Texas and Louisiana.

'BLUE EAGLE' GLADIOLI

SAN LEANDRO, Cal. (AP)—Carl Salbach, creator of flowers, has developed a gladioli which he has named the Blue Eagle. The new variety is a deep blue and according to Salback will hold its shade under artificial light. It is of the long spiked type. He created the bronze iris and Betty Nuthall gladioli.

Barry Likes East Texas Hills, Dales

PALESTINE, Nov. 1 (AP)—R. W. "Whizz" Barry, Austin newspaper man, has been getting a big kick out of plodding the hills and dales of East Texas' new oil field area around Long Lake.

Barry, author of "Capitol Whirligig" and a widely-known capitol correspondent, would build a cabin on a bluff overlooking the Trinity river at Magnolia Ferry if he had the time to spend there. In company with other newspaper men, Barry visited historic Port Magnolia, a landing point on the river when cotton boats floated down seventy-five years ago.

He plucked wild persimmons, gathered river-bottom pecans and ate hickory nuts—a rare set of diversions to the men who decipher news from the goings-on in the Texas legislature.

More than $500,000,000 in gold has been imported into England from India since the former country went off the gold standard in September, 1931.

Winter Proof
YOUR CAR NOW
with
MAGNOLIA 7 POINT SERVICE

Maybe winter hasn't hit you yet—but you know it is on its way. Will a sudden cold snap catch you unprepared? Will you punish your car with stiff, sluggish lubricants? Will you go through the aggravation of being stalled when you need your car most?

Magnolia Winter-Proof Service gives you smooth, easy, trouble-free performance all winter long. With the proper grades of Mobiloil, Mobilgrease and winter Mobilgas your car will respond instantly on the coldest mornings. Check the seven important operations covered in Magnolia Winter-Proof Service. You need every one of them! Drive in now and be safe.

MAGNOLIA PETROLEUM COMPANY
A Socony-Vacuum Company

7 STEPS TO PREVENT WINTER TROUBLE

1 CRANKCASE—Drain, flush and refill with correct winter grade of Mobiloil.
2 CHASSIS—Mobilubricate car according to car manufacturer's recommendations, using correct winter grades of Mobilgrease.
3 DIFFERENTIAL—Drain, flush and refill with correct winter grade of gear lubricant.
4 TRANSMISSION—Drain, flush and refill with correct winter lubricant. If Freewheeling, refill as recommended by car manufacturer.
5 GASOLINE—Fill tank with Mobilgas now adjusted for quick winter starting.
6 RADIATOR—Flush and clean radiator thoroughly, putting in Socony Anti-Freeze or alcohol.
7 BATTERY—Check battery and refill with distilled water, remove corrosion and grease terminals.

YOUR CAR LUBRICATED BY TRAINED MEN

Mobilubrication means that your car is serviced by a Lubrication Expert. Every Magnolia Man receives a thorough course of training and is required to pass rigid examinations in scientific lubrication.

FOUND
somewhere in the shopping center:
One purseful of opportunities...

THE *opportunities,* to which we refer, are the daily bargains to be found in every shopping area. Some people find them quite by chance . . . stumble over them blindly . . . and acquire them with astonishment. Others never seem to be in the right store at the right time: If there's a 25% marked-down sale of shoes at Smith's, they are buying at Brown & Co. . . . If a grocer three blocks away is clearing out his canned goods at half-price, they are at the corner store making routine purchases.

But—there are some people who always find these opportunities. Their money buys them more—and better—merchandise than their neighbors'. Why? Not through good luck, you may be sure; but simply because these people read the advertisements in their daily newspapers.

This advertising is NEWS. It tells WHAT. . . . It shows WHERE. Those who read it every day are informed. They save themselves time, trouble, and DOLLARS. . . . And their homes are always up-to-date, their clothes stylish . . . their meals fresh with seasonal variety . . . all through the *opportunities* that advertising gives them.

Read the advertising in your daily newspapers.

Thought For Today

These things I have spoken unto you, that in me you might have peace. In the world ye shall have tribulation: but be of good cheer; I have overcome the world.—St. John, 16:33.

* * *

Naught is had, all is spent, where our desire is got without content.—Shakespeare.

The Second Stage

Anyone who has studied the public reaction to the recovery program cannot have failed to notice that we recently have passed from the first phase of this experiment into the second.

The first phase was the era of unanimous public approval. Few of us understood exactly what was going on, but we could see that some definite action was being taken, and we liked the idea. There were no dissenting votes. Everything that was done drew a round of cheers.

Now things are different. Criticism has begun. The various acts of the recovery program are being submitted to searching analysis, and those who believe they see defects are not backward about calling attention to them.

* * *

It would be a mistake to assume that this criticism proceeds solely from those who have private axes to grind. There is some sniping going on, of course, touched off by gross selfishness; yet that in itself is not enough to explain the change in the public's attitude.

Evidently we simply came to the end of the period in which our one wish was to see "action, and action now." We couldn't go on cheering forever over the fact that the national government had recovered from all attack of paralysis. It got to be high time for us to bring our critical faculties to life.

* * *

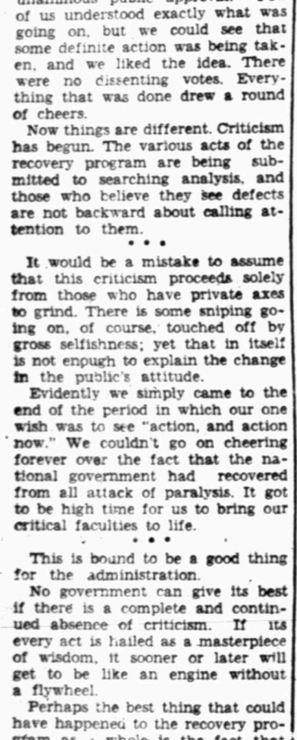

This is bound to be a good thing for the administration.

No government can give its best if there is a complete and continued absence of criticism. If its every act is hailed as a masterpiece of wisdom, it sooner or later will get to be like an engine without a flywheel.

Perhaps the best thing that could have happened to the recovery program as a whole is the fact that people now are ready to speak up in meeting the moment they see a flaw in it.

We are, after all, still a democracy and not a distatorship. We want to stay that way. By subjecting the recovery program to critical analysis, we simply are proving that our democracy is continuing to function in the proper manner.

Flapper Fanny

Window shopping takes a lot of reflection.

The PLAINSMAN Says:

That Girl on Broadway says her boy friend isn't satisfied with telling her he loves her—he wants to go through all the motions.

* * *

ONE of the keepers at the asylum over at Wichita Falls went into the office of the superintendent.

"There's a man outside", he said, "who wants to know if one of our male inmates is missing?"

"Why", asked the superintendent, "does he think so?"

"Well", returned the keeper, "it seems somebody has run away with his wife!"

* * *

QUICK, WATSON! THE NEEDLE!

The deep, dark mystery of Tech football practice will be revealed here at Matador field tonight!

As a special courtesy to members of the Matador club, organization of Tech supporters composed of Lubbock business and professional men, Coaches Cawthon, Smith and Morgan will be 'at home' to the club members with a practice session, beginning at 8 o'clock.

Only Matador clubmen will be admitted but all of them are urged to be on hand. The varsity will scrimmage with the freshmen.

* * *

A GREAT deal has been written and said here and over the country in regard to keeping the schools running, paying the teachers decently and with some degree of regularity. But it remained for a school teacher in Kress to take the matter straight to headquarters.

Kress, as you know, is an obscure village located on the disconcertingly unpaved stretch of Highway No. 9 between here and Amarillo in pavingless Swisher county. But this school teacher in question did not hesitate to take his troubles to Washington—and right to FDR, at that.

And since his predicament is similar to that of many a pedagogue in this and other parts of the country, The Plainsman is reproducing the letter, verbatim.

* * *

Hon. Franklin D. Roosevelt,
Washington, D. C.

Your Excellency: This communication is coming from an humble school teacher away down at Kress, Texas; however, I feel that in making this appeal I voice the sentiments of something like a million other teachers in the same condition.

I wish to preface my remarks by saying that I heartily agree with your pronouncement that "the public schools must be maintained", and that is where the rub comes. As a teacher, I find myself forced to accept scrip for my meagre salary. This I have tried in vain to exchange for groceries and dry goods; neither will the insurance company accept it in payment for premiums nor for money borrowed on my policies. Neither will banks accept it as collateral. Hence, I am in a serious strait—winter coming on, a family to maintain, my insurance policies seriously jeopardized; and that which I am accepting at face value absolutely refused by those who hold those commodities necessary to life. In addition to this, I have taken very material reduction in salary, and I find that prices of all commodities are rising.

I am wondering if there could be some way provided whereby our scrip drawn on our respective districts and bearing four percent interest could not be held as security and money be issued to us by the federal government for the same.

If something of this kind cannot be done, I am going to be forced to resign as superintendent of this little school and take a job as laborer on the highways.

Sincerely, J. A. Conway,
Superintendent of Kress Public school.

* * *

ALTHOUGH The Plainsman has never been an hilarious supporter of paternalism in federal or state government, that's what we have today and, perhaps, what we must have to keep things going. And since we have aids to the farmer, the coal miner, the home-owner and nearly every other group one may think of, certainly a similar helping hand for underpaid, scrip-holding teachers would not be out of line.

There is meat in the suggestion of the Kress school man and while it may never get to the President there are probably many less important things that do reach his attention.

Lubbock, we may all thankfully say, has its school situation in much better shape than it has been in for a long time and it looks like the board is on the way to winning its long fight. But in some other near communities the condition is fully as bad as it ever was, if not worse.

* * *

That Man on Avenue Q says his wife's idea of intelligent driving is to stick a hand out of both sides of the car so she can turn either way she wants to.

* * *

A couple of movie stars met on a Hollywood street corner the other day.

"How's your wife?" inquired the first.

"O. K.", said the second. "She's just as sweet and pretty as she was on the day any of us married her!"

* * *

THE employment situation in Texas is continuing to gradually improve—not as rapidly as we all would like to see it, yet nevertheless, improving step by step.

October, for instance, showed a 17.5 percent decrease in unemployment over October of a year ago an a 6.8 percent dcrease over the preceding September.

In numbers, 949 Texas establishments were working 5,183 more people in October of 1933 than they were in September, 1933; and the same number of establishments were working 12,138 more persons in October this year than in October of 1932.

This report, while covering only a small percentage of Texas establishments, may be regarded as a measuring stick for the state as a whole.

Making The Blue Eagle Feel Right At Home

Life And Work Of Boris Skvirsky Figure Dramatically In Forthcoming Roosevelt-Litvinoff Recognition Discussion

BY RODNEY DUTCHER
The Evening Journal's Washington Correspondent

WASHINGTON, Nov. 1.—The life and work of Boris E. Skvirsky figure dramatically in the background of the forthcoming Roosevelt-Litvinoff negotiations on Russian recognition.

Dutcher

Skvirsky, for 12 years the Soviet's unofficial "ambassador here, is almost unknown in America. He has labored brilliantly and indefatigably for recognition— but so tactfully, good-humoredly, and intelligently that no protest came from recognition's opponents.

Fat, bald, and with features of Hebraic cast, this Russian has charmed Washington with brilliant, witty, demonstrative conversation. Few men can talk as rapidly, yet precisely.

Few Communists can explain their case more plausibly. He handled for Russia the preliminaries of the Litvinoff visit. Though he yearns to return home, he may be the first new Russian ambassador.

* * *

Saw Massacre

A student at Odessa in 1905, he saw the rebellious armored cruiser Potemkin enter the harbor and watched Cossacks massacre an excited crowd ashore. He became a journalist, an economist, and a revolutionary.

Exiled to a remote Siberian village, he lived on cured fish and taught school. He met and married the present Mrs. Skvirsky, also in exile. Money and clothes were smuggled to them by the "underground railway."

Separately they escaped—Skvirsky hidden in a load of timber—and were reunited in Australia.

There they entered a group of some 500 Russian exiles subsisting by manual labor. Skvirsky became a longshoreman.

Came the anti-Czarist revolt of 1917. Skvirsky headed a committee which demanded that the Russian consul-general deliver the consulate or pay fares of the whole colony to Vladivostok. The sacred official raised $50,000 and packed them all off. Skvirsky soon was a leader of the Vladivostok Soviet.

Saved by U. S. General

One night White Russians kidnaped him. His wife got to General Graves, U. S. A., who saved his life. Elevated to higher posts, Skvirsky came here in 1921 as a delegate for the Far Eastern Republic to the Washington arms conference. He stayed and became the Moscow foreign office's unofficial representative.

Borah was his friend and consultant. Skvirsky had confidential contacts with the State Department and none with American Communists. He talked Russia with everyone who displayed interest.

Congressmen Cordell Hull and Hamilton Fish got him his tickets to the Democratic and Republican conventions of 1928. Skvirsky negotiated the recent $4,000,000 trade credit to Russia.

A Slap in the Face

Our secretaries of war for years have gazed sourly at the National Council for Prevention of War's large sign just across the street from their office. Tart comments on the pacifists' proximity were frequent.

Now, into the same old building housing the council, has moved the Women's International League for Peace and Freedom, an even more militant group, with an even larger sign.

Cuban Recognition Closer

If nothing happens to that Cuban government, it soon will be recognized. Its handling of labor troubles, Communists, army organization, and the revolt of officers at Havana's National Hotel have impressed the administration.

Ambassador Welles still privately reports the Grau government doesn't represent a large Cuban majority, but other official reports indicate stability.

Theoretically, our failure to recognize it and the many political groups opposing it should have doomed the Havana regime. But there it is.

With 'Whiz' BARRY Under The Capitol Dome

BY E. W. BARRY
Associated Press Staff Writer

AUSTIN, Nov. 1. (AP)—Lieutenant Governor Edgar E. Witt of Waco, came rushing into the press room of the state capitol recently and startled the correspondents.

"The depression is over, the depression is over," Witt shouted.

"Why? Why?, asked the gaping reporters.

"Why? There are two hundred and ten men and women in there taking the state bar examinations," he explained.

It was the first time he had been around the capitol when those with aspirations as barristers have flocked here to face the board of examiners. There are a couple of hundred every time the exams are given.

Not Unusual

They come from all sections and from all walks of life. School teachers, newspapermen, insurance agents, stenographers and legislators. Penrose Metcalfe of San Angelo, one of the veteran, though young, members of the house of representatives was among the number who make laws for lawyers to interpret trying to get authority to hang out a shingle.

What's Lamb County Seat?

What is the county seat of Lamb county?

Jim Ewing, court of criminal appeals bailiff, wanted that information from Olin W. Finger, clerk of the court. It had been the first time an appeal case had come in from Lamb county.

Olton is the county seat.

Short Hair Still Popular

Bobbed hair still is popular at the University of Texas, although one sees more co-eds with their hair "done up" these days than was the case not long ago.

Someone who wanted to know about the "long and short" of it, stationed himself in the main building at the university and counted 'em as they passed. Eighty one of 100 counted had short hair.

Kathryn Kelly Sews In Prison

Mrs. Kathryn Kelly, wife of "Machine Gun" Kelly, is shown as she took up the life of a workhouse inmate in the Cincinnati prison where she began a life sentence for her part in the kidnaping of Charles F. Urschel. Sewing and knitting is the lot of women prisoners there. (Associated Press Photo)

OLD CHECKS VALID

REDWOOD CITY, Cal. —(AP)— Cleaning out the county vault, the clerk's office of this country discovered two checks seven years old and totalling $100.04. Despite their antiquity they were cleared and found to be good.

30 p. m.—General assembly, high ol auditorium.

ddress—Hon Hugh Lee Smith, ockmorton.

oncluding business of 18th Dis- t convention.

OX WILL ATTEND GENTS' CONCLAVE

COLLEGE STATION, Nov. 1. (AP)—Dr. J. F. Cox, chief of the recement crop division of the Agultural Adjustment administran in Washington has accepted invitation to attend annual eting of all county and farm me demonstration agents of the ension service to be held at Tex- A. & M. college Nov. 6-10, Dir- tor O. B. Martin has announced.

Cox will also attend a meeting negro extension workers in ntsville the same week.

"The object of the meeting," Dir- tor Martin said, "is to counsel ether in the formulation of ns for readjusting Texas farm tems to the new agricultural or- made necessary by the various m relief plans of the governnt. At the meeting, which will e the place of the usual district etings, it is hoped that the de- s of the new cotton contract y be explained and plans for the mpaign mapped out.

Texas participates in more of farm relief activites than any er state," Director Martin said. his means that more acres will taken out of production here n elsewhere, and that more farm tems will be upset."

BANK CONTROL

(Continued from Page One)

and caused them to buy less. ks also aggravate the present able of production outrunning sumption, in his opinion.

Professor Soddy believes that the ort to control the currency by the rchase of gold can not succeed, "gold has no real relation to the e level at the present time ex- t as a smoke screen. It matters y within the limits set by the tiquated banking rules."

BURGLAR GETS BREAK AS FIRST LADY PAYS VISIT TO CENTURY OF PROGRESS

CHICAGO, Nov. 1. (AP)—The visit Mrs. Franklin D. Roosevelt made to A Century of Progress may result in some annoyance to Mrs. Clara Alt, club woman of the Rogers Park district.

Not that Mrs. Alt isn't glad that Mrs. Roosevelt came. In fact she was a member of the committee whose members entertained the first lady of the land at the fair. But, the case of Louis Arnold, alleged burglar, which has dragged through court litigation for five years, is something else again.

As Police Captain Patrick Harding explained it, Mrs. Alt, the complaining witness, couldn't appear in court yesterday because she was helping to make life pleasant for Mrs. Roosevelt.

"This," he said to Judge Harry M. Miller, "is the first time she has failed to appear and this case has been up at least twenty day times before."

"Nevertheless," said the court, "her place is in court, and I will set this case over for tomorrow and order her into court to show cause why she should not be held for contempt."

Despite her many court appearances, Mrs. Alt has never been able to tell her story to a jury. Arnold and Max Berman, allegedly caught in her home, jumped bail twice, the police said. Once they were caught in California and returned here, only to flee again. Berman was finally caught in 1930, and pleaded guilty. He is now in prison.

Meanwhile, Arnold was caught in an alleged burglary in Boston for which he did a term in the Massachusetts state prison. After his release he was returned here to be tried.

"It seems," said Captain Harding, "that they're being a little hard on the lady," meaning Mrs. Alt.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Nov. 1 (AP)—Cotton opened quiet, 1 lower to 3 higher with moderate southern selling and trade buying. Dec. 9.53; Jan. 9.59; Mch 9.72; May 9.87; Jly 9.99; Oct 10.18.

General business was quiet and fluctuations continued narrow after the call, with the market a shade easier. December sold off to 9.50 and May to 9.84 with the general market ruling about 2 to 5 points net lower at the end of the first half hour.

The buying seemed to come chiefly from domestic trade sources while there was also a little buying here by brokers with Japanese connections during the early trading.

Trading continued quiet later in the morning with prices holding fairly steady as there seemed just about sufficient trade buying or covering to absorb hedging and scattered selling. Offerings increased slightly following the late forenoon decline in the grain market, however, and prices at midday showed net losses of 4 to 6 points with December selling at 9.47 and May at 9.83.

NEW ORLEANS REPORT

NEW ORLEANS, Nov. 1 (AP)—Cotton opened rather irregular although cables were slightly better than due, sterling moved higher and gold advanced 14 cents to $32,- 26 an ounce. First trades here were unchanged to three points down and the market ruled rather easy after the start, owing to lack of buying support, some hedge-selling and an indifferent start in stocks. Near the end of the first half hour December traded at 9.44 and March at 9.67, or 3 points down from yesterday's close.

The market ruled quiet all morning. At the end of the first hour, prices improved somewhat on a firmer opening in wheat and steadiness of stocks. December advanced to 9.49, and March to 9.72, or 5 points up from the early lows to levels 2 points above yesterday's close. Later in the morning prices eased owing to a reaction in wheat and due to the absence of buying power. December dropped to 9.42 and March to 9.64, down 7 to 8 points from the highs and 5 to 6 points under the previous close. At noon the market was quiet but a shade steadier, although holding near the lows.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, Nov. 1 (AP) (U. S. Dept. Agr.)—Hogs: 5,000; steady to 5 higher; top 4.10 on choice 200-230 good and choice, 140-350 lbs 3.45-4.10; packing sows 275-550 lbs 2.40-3.25; stock pigs good and choice 70-130 lbs 3.25-60.

Cattle: 5,000; calves: 1,300; killing classes steady; stockers and feeders steady to weak; steers good and choice 550-1500 lbs 4.00-6.25; cows good 2.65-3.25; vealers (milk-fed), medium to choice 3.00-6.00; stockers and feeder steers good and choice 3.65-5.25.

Sheep: 6,000; native lambs steady; sheeep steady; lambs good and choice (x) 90 lbs down 6.15-50; yearling wethers medium to choice 90-110 lbs 3.75-5.00; Ewes good and choice 50-75 lbs 5.25-6.00.

(x) — Quotations based on ewes and wethers.

FORT WORTH REPORT

FORT WORTH, Nov. 1. (AP)—(U. S. Dept. Agr.)—Hogs: 1,000; steady to 10 lower; no rail; top 4.30 for good to choice 185-250 lb averages; few choice 183 lb butchers up to 4.30; light weights and mixed grade butchers 4.00-25; butcher pigs down to 3.00; packing sows 3.25.

Cattle 1,500; calves 1,200; steady; 1,090 lb fed steers 4.85; other steers, including common jerseys, 215-475; good to choice fed yearlings up to 600; few cows up to 3.00; few sausage bulls 1.50-2.25; good heavy calves 3.00-35; good stock steer calves 3.50-4.00; stock heifer calves 3.00-50.

Sheep 400, fat lambs weak, yearlings and wethers steady; medium to good fat lambs 5.00-50; medium shorn yearlings 4.00; 2 year old shorn wethers 2.50; aged shorn wethers 1.75.

Turkey Season At Brady Set Nov. 13

BRADY, Nov. 1 (AP)—The turkey marketing season at Brady will open about November 13 according to Brady's four dressing plants which have begun preparations for handling this year's crop.

Local buyers estimate this year's turkey crop somewhat smaller than last season in this section. Several hundred men and women will be given employment in the local dressing plants.

Stock Market

WALL STREET REPORT

NEW YORK, Nov. 1. (AP)—Stocks had an inert market with which to begin the new month today. Trading lapsed into extreme dullness and fluctuations for the most part were narrow.

Wheat sagged after early firmness but stocks did not seem disposed to follow it. Bonds improved slightly though they also were too dull to give much indication of a trend. News developments of the day contributed little that might influence sentiment one way or the other and Wall Street was apparently satisfied to hold its sidelines position.

In shares, tobaccos again reacted a bit, leading issues losing around a point. Metals, however, maintained their upward trend, particularly the silver mining classification. International Smelting rose 4 points or so. U. S. Smelting, American Smelting and Cerro De Pasco improved a couple of points and Homestake pushed up more aggressively. Such industrials as U. S. Steel, Case, Allied Chemical, General Electric and General Motors confined their changes to fractions, tending toward slight improvement. American Telephone, which has a dividend meeting soon, eased; Wall Street expects no change in the rate of payment. U. S. Steel preferred, whose directors yesterday voted another 50 cent dividend, dipped.

Grain Market

CHICAGO REPORT

CHICAGO, Nov. 1. (AP)—Upturns in grain prices early today followed Washington reports of treasury plans to buy gold from Federal Reserve banks, and then cut dollar's gold content. Notice was also taken of a fresh rise in the Washington quotation on domestic gold.

Opening unchanged to 3-4 higher, wheat afterward rose all around. Corn started 1-4, 7-8 up, and subsequently held near the initial limits.

Airways Equipment Placed At Canadian

CANADIAN, Nov. 1. (AP)—Full airways radio equipment is being installed by the government at the Canadian emergency landing field at a cost of $30,000.

The radio range equipment already is in operation to aid night flying, or flying in unfavorable weather. It is the first station north of Amarillo on the Transcontinental-Western air route.

Sending and receiving equipment is being installed to handle weather reports, and to establish contact with pilots flying over this area. This equipment will replace land transmission of weather reports.

FISH DISTRIBUTED

AMARILLO, Nov. 1. —(AP)—More than 60,000 fish—bass, crappie and brim—have been distributed in the Panhandle by the Texas Game, Fish and Oyster commission. Most of the fish were released in streams and lakes of Randall, Deaf Smith, Hemphill and Lipscomb counties.

Rub mosquito bites with a lump of moistened soda or ammonia; the alkali in these helps prevent possibility of blood-poisoning, reduces tthe irritation and swelling

Brevities

Slips On Banana Peel — Lem Scoggin, a Plainview resident formerly of Lubbock, slipped on a banana peel at the Santa Fe railway station here late last night and suffered a fracture of a lumbar vertabra and paralysis of the left leg, an attending physician at West Texas hospital said.

• • •

Catheys On Bond—Posting bond of $500 each, Mr. and Mrs. Ray Cathey of Lubbock, charged in United States district court here with possession of whisky, were released Tuesday.

• • •

Trailer Found — A 26-year-old Midland man, arrested early Tuesday at Lamesa, at the edge of which a two-wheel house-trailer he was accused of stealing here was found late Tuesday afternoon, was in Lubbock county jail this morning. The trailer, equipped with a radio, clothes drawers, and other furnishings common to living quarters, was stolen from the home of the owner, Dan Daniels, 2308 Avenue U, Monday, he reported. The trailer, built by Daniels, employe in a fender and body works, was valued at $400 or more. The suspect was brought to Lubbock county jail late Tuesday.

• • •

Car Theft Reported—A 1930 Ford coupe, black with aluminum wheels, was stolen last night at Sudan, Constable C. E. Luce of Sudan informed Lubbock police.

• • •

Rites Set Today — Funeral rites for a second diphtheria victim in two days, 5-year-old C. L. Walker, who died at 6:30 p. m. Tuesday at the home of his parents, Mr. and Mrs. D. C. Walker, 1955 Texas avenue, were to be conducted at 2:30 o'clock this afternoon there. Rev. Boyd P. Milburn will officiate. Burial will be in Lubbock cemetery, Sanders Funeral home announced. Three brothers, Virgil, Piercle, and Holliss Walker, in addition to the parents, survive the boy.

• • •

To Confer IOOF Degrees—Lubbock lodge, No. 609, Independent Order of Odd Fellows, will confer the initiatory degree Friday night, beginning at 7:30 o'clock, in the hall at 1318 1-2 Texas avenue.

• • •

Judgment Received—A. C. Hillis, 19, of Sudan received an agreed judgment of $550 damages from the Panhandle & Santa Fe Railway company in 99th district court Tuesday. C. C. Hillis brought the suit after the young man suffered a broken leg Sept. 4 upon jumping from a freight train here.

• • •

M. Green Buried Here—Last rites for another pioneer, M. Green, 91, who died late Monday at the home of a daughter here, were read at 4 o'clock Tuesday afternoon at the Church of the Nazarene by Rev. R. M. Hocker, the pastor. Burial was in Lubbock cemetery.

• • •

Holmes Baby Buried—The funeral of 3-day-old G. W. Holmes, son of Mr. and Mrs. R. R. Holmes of Lorenzo, was conducted at 5:30 p. m. Tuesday at Bynum-Stahler Funeral home. Rev. R. C. Campbell, pastor of the First Baptist church, officiated. Burial was in Memorial Park cemetery. The child died in a local hospital late Tuesday morning.

• • •

Wanda Clark Rites Today—Funeral services for Wanda Lynell Clark, 4-month-old daughter of Mr. and Mrs. L. L. Clark, 232 Avenue H, who died at 2:30 p. m. Tuesday at the home, will be conducted at 4 o'clock this afternoon at the Church of God, Third street and Avenue T. Burial, directed by Sanders Funeral home, will be in Memorial Park cemetery.

• • •

To Question Suspect—To quiz two men and a woman arrested by Clovis police as suspects in burglary of display windows of Grollman's, a woman's apparel shop here, George Eubank, assistant chief of police, and John L. Croft, a motorcycle patrolman, went to Clovis today. The suspects were arrested late Monday.

Wheat Program To Depend On Yields

AMARILLO, Nov. 1. (AP)—Furtherance of the wheat acreage reduction program in the Panhandle today awaited the decision of state statisticians on county allotments.

It was agreed in a conference with government officials here yesterday that individual allotments might be figured on the basis of county average yields over a three-year period, provided all the growers in any county would accept such arrangement. Any farmer who desires to hold out for his own three-year average may do so, his production being subtracted from the county's total, thereby lowering the county average.

Admission Of Girl Students Is Argued

BRYAN, Nov. 1. (AP)—Col. C. C. Todd, attorney for the plaintiffs, opened arguments today in a hearing before Judge W. C. Davis on an application for a mandamus writ to compel directors of Texas A. & M. college to show cause why daughters of non-employes of the college should not be admitted to registration.

He cited state and federal statutes to show there was no legal obstacle to admission of women. He called attention to Prairie View, established as a teachers college for negroes, which the federal government held could not participate in federal aid unless it was made an industrial school for negroes of both sexes.

MURRAY HEADS ARMY DRIVE

CAMPAIGN FOR FUNDS WILL START MONDAY; KANCHER TO HELP

Chairman and vice chairman respectively of an annual Salvation Army home service appeal here are R. J. Murray, local realtor and a past president of the Lubbock Chamber of Commerce, and E. Kancher, division freight agent of the Panhandle & Santa Fe railroad.

The campaign will open Monday, November 6, with a goal of $3,500 to take care of the army's budget for the coming year. This includes a building program, the social, welfare and charity work and the religious work. Campaign headquarters are at 1115 Avenue J, telephone 2290. Mrs. Phil T. Rainey, Dallas, is director.

Option Is Held

The army has an option on a location at 701-709 Thirteenth street, where it is now located, which must be taken up soon, it was explained by the advisory board. This option will give the army a suitable living headquarters for Captain and Mrs. W. T. Wilson, local commandants, and also a hall for meetings, etc., and quarters for the care of transient men.

Officers and members of the advisory board of the Salvation Army in Lubbock are:

William W. Campbell, attorney, chairman; Dr. J. W. Rollo, physician, vice-chairman; E. Kancher vice-chairman; Paul M. Hardwick, cashier Citizens National bank, secretary and treasurer; Dan A. Blair, district attorney; Durwood H. Bradley, attorney; Tom Erwin, tin and metal work; J. W. Ford, transfer and storage; A. F. Holt, ice manufacturer; Dr. J. B. Jackson, dentist; Heard Jones, loan service; Dr. Bradford Knapp, president of Texas Tech; C. C. Lindsey, theater owner; R. J. Murrey, real estate; E. L. Pitts, county judge; E. A. Patterson, broker; C. A. Sheffield, hotel manager; Mrs. W. O. Stevens, civic and welfare worker; Olen Stewart, wholesale grocer, and Neil H. Wright, insurance.

Yarbrough Speaks At Pythian Meet

Principal speaker before members of Knights of Pythias lodge, No. 486, last night in Pythian Castle hall here was Theo Yarbrough, grand keeper of records and seals of Texas.

Mr. Yarbrough will be in the South Plains area for several days, and the local lodge has arranged a smoker in his honor at the office of Dr. G. H. Ater Thursday night. Mr. Yarbrough was guest at a supper at The Glorieta last night.

J. Doyle Settle was initiated into the rank of esquire at the lodge meeting, said G. Y. Burns, keeper of the records and seal of the local lodge.

Embargo Considered Possible In France

PARIS, Nov. 1 (AP)—The French government will consider some form of an embargo, it was said semi-officially today, if American gold purchases become uncomfortably large.

Officials said they would await developments and take "the necessary measures" only if buying constitutes a threat to the gold reserve or if it is heavy enough to disturb confidence.

DENISON TESTIFIES

DALLAS, Nov. 1. (AP)—Grand jurors were closeted for at least a half hour today with Frank Denison of Temple, who said he read in the newspapers that the investigators wanted him as a witness in their probe of state job selling here.

SEA SCOUT SHIP MEMBERS-ELECT ATTEND MEETING

Members-elect of a Sea Scout ship, a unit of an older boys movement sponsored by the Boy Scouts, attended a dinner in a nautical setting in the American Legion home last night. The Legion sponsored with the scouts the first Sea Scout leaders traning course here.

Speakers included H. H. Jons, member of the training course committee, and Riley F. Hule, legion post commander. W. G. McMillan, president of the South Plains Boy Scout council, appointed Hule a commodore, and the latter announced selection of a ship committee. Members of this group, comparable to the regular Boy Scout troop committee, are C. C. Schmidt, Tom Carter and Jons.

Stephens Is Skipper

Dr. B. F. Stephens, who has been instructor in the Sea Scout course, was named skipper; Dr. J. O. Ellsworth was named mate, Dr. E. L. Reed second mate, and T. C. Lamb boatswain.

Boys named to organize Sea Scout patrols in the various troops were James L. White, Frank Bennett, Clifton Cocanougher, Le Vergne Manire of Slaton. Ship meetings will be conducted the first Tuesday nights of each month, starting probably in December.

Certificates Awarded

The tables were set on a deck and the kitchen was arranged as a ship galley for the dinner. La Vergne Manire was ship's cook.

Both Sea Scout certificates and advanced certificates were awarded to Doctor Stephens, Mr. Lamb, M. K. Foster, Tom Everheart, J. D. Merriman, jr., Mr. White, Roy Lynch and John Marr. Others receiving Sea Scout certificates were Mr. McMillan, Horace Gearhart, W. B. Manous, Osco Cole, C. E. Cole, J. R. Griggs, B. L. Manire, Mr. Ellsworth, Mr. Bennett, Doctor Reed, Mr. Schmidt, E. V. Hicks, D. T. Jennings, Carroll Thompson and Mr. Cocanougher.

MAN INJURED BY HIT-RUN DRIVER

J. W. Bell, 26, a gin employe of Shallowater, suffered fractures of both legs early last night when hit by an automobile he said did not stop.

A few hours earlier, evidence relating to an accident Monday night near Becton, in which J. A. Byerly, 52, was hit by an automobile, had been presented to a 99th district court grand jury here. Two young men arrested soon after the accident still were in county jail late this morning.

Bell was brought to Lubbock sanitarium by Deputy Sheriff Vol Farris of Shallowater, and an investigation of the accident was begun.

The injured man told sanitarium attaches that he was walking on state highway 24 about a mile southeast of Shallowater when he was hit.

J. C. Hightower of Levelland was treated at the sanitarium last night for a wound on his head. He did not tell attaches how he was injured.

Mr. Byerly, who suffered injuries of the left leg and left arm and several rib fractures, was regaining strength at Lubbock sanitarium this morning.

WINANS IS RETIRED

WASHINGTON, Nov. 1. (AP)—Major General Edwin B. Winans, until recently commanding general of the eighth corps area at Fort Sam Houston, Texas, today was ordered retired for age.

London has reduced the number of policemen engaged in traffic control by 116 during the past 12 months by installation of new traffic signals.

NRA SUPERVISION

(Continued from Page One)

associations representing local or geographical divisions.

New Bureau Urged

Swope also proposed that there be created in this national chamber an economic and statistical bureau, with the "highly organized and efficient" industrial conference board of New York as the nucleus, and other independent economic and statistical bodies now supported by merchants and manufacturers to be incorporated.

All statistical reports and data from each national codified association would be submitted to this economic bureau and "to the National Recovery administration or department of the government taking over this work permanently."

Swope advocated that the super business organization should become the actual governing agency of codified industry, saying:

"If industry does not organize and govern itself, either the state or federal government will—with the consequent paralyzing effect on initiative and progress."

He suggested that the new national chamber should be governed by a board which would elect officers and executive committees, and upon which both the secretary and assistant secretary of commerce would have permanent places.

A panel of members would be appointed by the board of governors to sit in Washington as a board of appeal on any question arising in interpretation and enforcement of the national code provisions. Presidential appointees would sit on the panel to represent the government.

Insull Celebrates His Court Victory

ATHENS, Greece, Nov. 1. (AP)—Samuel Insull, holding a bunch of congratulatory cablegrams in his hand, today held an informal midday reception at his hotel to celebrate the refusal of the Greek court to permit his extradition to the United States.

Holding up one message after another, Insull, in excellent spirits, expressed his thanks to his friends, but was not inclined to discuss his personal plans, saying he would let those affairs take their natural course.

Graf Makes Brief Pause At Seville

SEVILLE, Spain, Nov. 1 (AP)—The Graf Zeppelin soared on toward Germany early today after a brief pause here on her homeward flight from the United States.

The ship was held up here for several hours to allow passengers to visit the city.

Commander Eckener, commenting on the trip to the United States, said he "was charmed by the Chicago exhibition and grateful to the American people for their kindness."

Hearing In Assault Case Is Postponed

SAN ANTONIO, Nov. 1. —(AP)—A hearing for Lieut. John H. Murrel, former All-American football star at West Point and now a Fort Sam Houston officer charged with criminal attack upon Blanche Ralls, was indefinitely postponed today by agreement of attorneys.

Neither side exposed the reasons that led to the postponement.

Lover, Relatives Get Chaney Estate

LOS ANGELES, Nov. 1 (AP)—Close friends of Mrs. Hazel Chaney, widow of Lon Chaney, noted screen character actor, today said she had bequeathed her estate to relatives and to John Jeske, to whom she was to have been married if she had recovered from her illness.

The heart of the average adult is 5 inches long, 3 1-2 inches broad, and 2 1-2 inches thick.

PROBLEM LEFT TO EUROPE

AMERICA STICKING TO POLICY OF AVOIDING FOREIGN POLITICS

GENEVA, Nov. 1. (AP)—The United States will stick to its policy of letting Europe move first, it was indicated today, in framing new disarmament plans at Geneva.

It is up to the European nations, Ambassador Hugh Wilson believes, to shape the big decisions.

Ready To Cooperate

But, added the man named to head the American delegation while Norman H. Davis goes to Washington for conferences, his group is ready to lend a helping hand later on.

While the ambassador to Switzerland, as has Davis, will steer clear of "political" conversations, political questions must be considered which do not involve the United States in European political entanglements.

Under this heading come consultations between states and the constitution of a permanent disarmament commission.

The immediate work of the disarmament conference, now in recess, probably will be of a nature requiring technical experience, Wilson said.

To aid him in this work, Wilson is keeping the same sort of staff he had when disarmament took a long recess in 1932.

It includes Col. George Strong, who began his activities at Geneva in 1926; Maj. William Coets; Ferdinand Meyer, councillor of the legation at Berne, and Samuel Reber, secretary of the legation.

They will help Wilson with the so-called political sections of the projected convention.

MURRAY PRAISES LUBBOCK'S AREA

"It's the only new country left where you can expand and where opportunities are far superior than they were years ago," R. J. Murray, local real estate man and former manager of the Texas Cotton Co-Operative association, told members of the Lubbock Rotary club today noon at Hotel Lubbock. Mr. Murray's talk was in praise of Lubbock and the South Plains.

He recalled how on July 1, he made a 6,000-mile ride over the Panhandle-Plains area and how gloomy things looked for a crop. Praising the country again, he declared:

"Without Any Rain"

"It's also the only place in the country where you can make a bale, bale and a half or two bales of cotton to the acre without any rain."

He cited the fact that there were 8,000,000 acres of tillable land in the Lubbock territory and predicted vast growth for the section in the future.

Mr. Murray declared the next congress would bring about the fixing of a minimum price for agricultural products, thereby bringing relief to agriculture where it is needed most, the seat of production.

John Hood of Slaton, B. Reagan of Big Spring and Theo Yarbrough of Weatherford were out-of-town visitors at the luncheon. Mr. Reagan, a pioneer Howard county merchant and banker, spoke briefly.

Neil Wright was program chairman of the day.

NOTICE OF TRUSTEE'S SALE

WHEREAS, On the 24th day of June, A. D. 1925, Pearl Zanetti, single woman, of Slaton, Lubbock County, Texas, executed a Deed of Trust to the record of which in Volume 29, Page 444, Deed of Trust Records of Lubbock County, Texas, reference is hereby made, conveying to Walter J. L. Ray, Trustee, the following described Real Estate, to-wit:

All of Lot 11, Block 25, original town of Slaton, Lubbock County, Texas.

IN TRUST to secure the payment of the indebtedness therein described, and WHEREAS, default has been made in the payment of said indebtedness according to its terms and such default has continued for more than four months and the owner and holder of said indebtedness has declared the whole amount thereof due and payable in accordance with the terms of said Trust Deed, and

WHEREAS, The said Walter J. L. Ray, Trustee named in said Deed of Trust, is unable to execute the powers thereof, and has refused to execute the powers thereof, and the undersigned M. A. Pember has been appointed Substitute Trustee and has been directed by the owner and holder of said indebtedness to execute the power of sale conferred by said Trust Deed:

NOW THEREFORE, Notice is hereby given that on the 7th day of November, 1933, the same being the first Tuesday in said month, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon of said day, at the front door of the County Court House in Lubbock, Lubbock County, Tex., I, M. A. Pember, Substitute Trustee, as aforesaid, will sell the land above described to the highest bidder for cash, to satisfy the indebtedness secured by said Deed of Trust and cost of executing this trust.

WITNESS my hand this 16th day of October, A. D., 1933.

M. A. PEMBER,
Substitute Trustee.

NOTICE OF TRUSTEE'S SALE

WHEREAS, On the 1st day of December A. D. 1925, L. B. Wootton and Docia F. Wootton, his wife, of Slaton, Lubbock County, Texas, executed a Deed of Trust to the record of which in Volume 31, Page 515, Deed of Trust Records of Lubbock County, Texas, reference is hereby made, conveying to Walter J. L. Ray, Trustee, the following described Real Estate, to-wit:

Lot No. 10, Block No. 154, West Park Addition to Slaton, Lubbock County, Texas.

IN TRUST to secure the payment of the indebtedness therein described, and WHEREAS, default has been made in the payment of said indebtedness according to its terms and such default has continued for more than four months and the owner and holder of said indebtedness has declared the whole amount thereof due and payable in accordance with the terms of said Trust Deed, and

WHEREAS, The said Walter J. L. Ray, Trustee named in said Deed of Trust, is unable to execute the powers thereof, and has refused to execute the powers thereof, and the undersigned M. A. Pember has been appointed Substitute Trustee and has been directed by the owner and holder of said indebtedness to execute the power of sale conferred by said Trust Deed:

NOW THEREFORE, Notice is hereby given that on the 7th day of November, 1933, the same being the first Tuesday in said month, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon of said day, at the front door of County Court House in Lubbock, Lubbock County, Texas, I, M. A. Pember, Substitute Trustee, as aforesaid, will sell the land above described to the highest bidder for cash, to satisfy the indebtedness secured by said Deed of Trust and cost of executing this trust.

NEW DRESS ARRIVALS INCLUDE UNUSUAL ELYNOR AND JANELLE EXCLUSIVE MODELS

We are unusually enthusiastic about the new dress arrivals that have come to us during the past ten days. Fresh from the finest designers they reflect crisp new styles that represent the last word for mid-season wear—

Brighter Colorings Both In Trimmings And The Entire Garment Are Features

No more are dresses in sombre solid blacks and browns—these latest arrivals stress brighter tones in trimming contrasts or in the body of the dress a feature that makes for added smartness—

Elynor And Janelle Styles

Here are featured popular failles and rough crepes in new neck trimmings and cuff treatments—bright new styles in unusual effects that represent the pick of the mid-season market—they are priced—

ELYNOR STYLES .. $18.45

JANELLE STYLES .. $14.85

Other New Garments

Also among the new arrivals are included finer garments — rich, heavy silks, new colorings and with most unusual trimmings—you'll find them most interesting at prices

$22.45 and $29.85

Hemphill-Wells Co

RESOURCES OF BANKS GAIN

FOUR-MILLION DOLLAR MARK EXCEEDED BY INSTITUTIONS HERE

A composite statement issued Tuesday showed resources of Lubbock's three national banks had exceeded the four-million dollar mark for the first time in more than 10 months. The comptroller of currency issued a call for a report to the close of Oct. 25, consequent reports of the Lubbock banks showing total resources of $4,036,018.17.

It was $670,279 more than at the close of business June 30, for which the last previous statement was made.

Other Gains Shown

Other gains show: loans, $76,000 less; deposits, $667,000 more; cash and sight exchange, $560,000 more.

Deposits in the three banks were $3,358,334.19; loans and discounts $1,340,753.05 and cash and sight exchange $1,392,792.50.

Loans were reduced in the four months from $1,416,529 to $1,340,753; deposits increased from $2,691,361 to $3,358,334 and cash and sight exchange or due from banks increased from $834,654 to $1,392,792. Including all quick liquid assets, such as bonds and warrants, bills of exchange and money due from the United States, the total cash resources were given as $2,147,350.14.

Three Statements Totaled

Further evidence of the splendid condition is seen in the amount of surplus, $55,000 and $22,683.98 of undivided profits. This total is approximately 19 per cent of the capital stock of the three institutions.

Composite statement of the three banks, shows the following resources and liabilities:

Resources:	
Loans, discounts	$1,340,753.05
Overdrafts	1,515.77
Bank bldgs., etc.	289,000.00
Other real estate	34,263.20
Accrued bond interest	102.22
U. S. bonds (circulation)	200,000.00
Stock, fed. reserve	14,550.00
Other assets	3,483.74
Five pct. redemption	5,000.00
Cash resources:	
Bonds, warrants	664,298.04
Bills exchange	85,259.65
Due from U. S.	5,000.00
Cash, sight exchange	1,382,792.50
Total	$4,036,018.17
Liabilities:	
Capital stock	$ 400,000.00
Surplus	55,000.00
Undivided profits	22,683.98
Circulation	200,000.00
Deposits	3,358,334.19
Total	$4,036,018.17

Marriage Licenses Show Increase Here

Coincident with abolition of the three-day notice of intention law, and arrival of govenment cotton checks and harvest money, issuance of marriage licenses has increased markedly here.

Records of the county clerk's office show that the number of couples securing licenses has increased from 8 in July and 11 in August to 42 in September and 68 last month.

British visitors to France, in 1931, numbered 522,000.

In France drivers of all public vehicles and motor trucks must submit to a physical examination. Drivers of private cars who have caused an accident must also have an examination.

Samuel Gompers Lives On in Bronze Memorial

Labor paid impressive tribute to Samuel Gompers, in dedication of the bronze monument to the late president of the American Federation of Labor, shown at right, in Washington. President Roosevelt is shown in silhouette as he addressed the great audience.

Lubbock Lions And Wives At Program

Making merry on Hallowe'en, Lubbock Lions club members and their wives attended a program last night in the Hilton hotel. About 100 persons were present.

The entire program was under direction of wives of Lions, "take-offs" being presented on various committee reports. Mrs. G. O. Walker, jr., was program chairman. She was assisted by Mrs. John Mitchell and Mrs. Newt Walton.

Dance numbers were given by Misses Emma Sue Gunn and Ruth Leberstein, pupils of Mrs. Aubrey Walker, who accompanied them at the piano. Mrs. O. A. Thomas gave a humorous reading followed by a violin solo by Mrs. Walton, accompanied at the piano by Mrs. Waldo Trotter.

At the close of the program, President S. J. McFarland made a brief talk.

JUDGES WAR ON JAZZ

DUBLIN (AP)—Judges here have launched a campaign against jazz dances, making it a condition for dance hall licenses that 25 per cent of each program shall be Irish dances. They bar liquor and patrons under 16 years from the halls.

SHOWS FILIPINO PRODUCTS

MANILA, P. I. (AP)—A permanent trading center and exchange for island products has been opened here. Frank Murphy, governor general, proclaimed a "made-in-the Philippines" week to celebrate the event.

The largest Gothic cathedral in the world is at Seville, Spain.

BONDS' SERVICES SCHEDULED TODAY

Funeral services for W. F. Bonds, 74, who died a few moments after suffering an heart attack about 12:05 p. m. Tuesday at his home at 1019 Seventeenth street, will be conducted at 4 o'clock this afternoon at Asbury Methodist Episcopal church by Rev. O. W. Carter, the pastor. Burial will be in Lubbock cemetery.

Yesterday was the 50th wedding anniversary of Mr. and Mrs. Bonds. The aged man suffered the attack while he was watering a lawn with garden hose. Mrs. Bonds was attending church services at the time.

Survivors Listed

Mr. Bonds was survived by his widow, a nephew, H. F. McLarty, of Lubbock; a nephew, Sep Smith of Crosbyton; and a cousin, Burton S. Burks, of Lubbock. Sanders Funeral home will direct burial.

Active pallbearers will be Joseph Griggs, J. C. Dean, O. H. Cline, Robert Ellison, B. L. Williamson, and a Mr. Brooks. Honorary pallbearers will be C. E. Maedgen, Rev. W. P. Jennings, Charlie Holcomb, a Rev. Mr. Lynn, Rev. D. C. Ross, and J. E. Kirkpatrick.

HOLDS 10 GLASSES

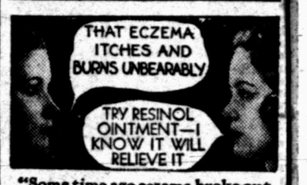

COLUMBUS, O. (AP)—One of the master beer-stein handlers of Columbus, Joseph Herget, boasts something of a record with his feat of balancing 10 full 12-ounce glasses of beer in one hand.

Students And Not Flowers Are Wild, Professor Avers

HUNTSVILLE, Nov. 1 (AP)—Just as he started to pluck a flower from its bed one of the college professors here was asked by a student:

"Don't you know that the last Texas legislature passed a law forbidding picking wild flowers? Aren't you afraid to pick them in public?"

"No," was the professor's reply, "they aren't really wild. It's just association with the students that makes them seem that way."

"Some time ago eczema broke out on my leg. After weeks of special treatment during which time the itching and burning was so severe I could hardly stand it, I was told nothing more could be done for me. A friend of mine urged me to try Resinol Ointment, which I did. I am happy to say it healed my leg completely and I have never had any breaking out since." (Signed)—Mrs. E. F.* Pawtucket, R. I.

*Name on request

For free sample each of Resinol Ointment and Resinol Soap, with instructions for the use of these products on various skin troubles, write Resinol, Dept. 42-A, Baltimore, Md.

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

Kick Retained

ALLERTON, Ill. — John Hayes found the remains of a 1913 automobile abandoned for years in the family barn.

He turned the crank to see if the car would still work and was amazed when it gave one snort and a kick and sent him sprawling.

Other than a broken arm and a dislocated shoulder, John's all right.

Rabbit Fish

CINCINNATI — Mrs. Celia Stark thought those tropical fish she bought three weeks ago were very cute. There were two pairs then.

She still thought tropical fish were cute when she noticed she had more than four, and began searching for extra fish bowls.

Now she's not so sure. The last time she summoned the courage to count them, there were 107.

Face Saves Her

DENVER—Miss Marie Carow's face is not only attractive but honest.

That's what Magistrate Alvin H. Pickens decided yesterday. He gave the girl a day's grace to obtain money to pay a $7 fine for a traffic violation.

Ordinarily, a defendant unable to pay a fine is held in jail either until the amount is paid or is "worked out" at the equivalent of $2 a day.

Jangled Nerves Can Make Driving Miserable — For You and *Others*

Do you ever worry? Have you things on your mind? Are you high-strung...alive?

Then watch out. Check up today and see if you ever fly off the handle...the telltale sign of jangled nerves.

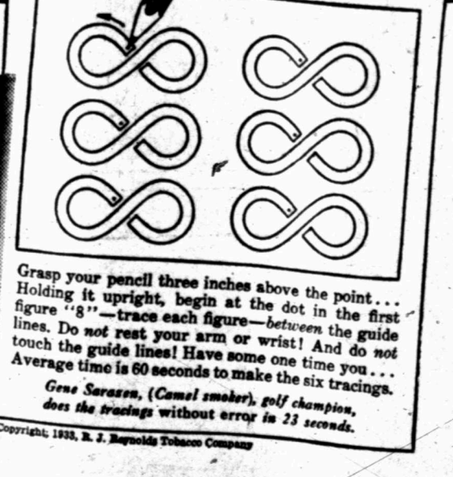

Those around you notice it long before you do yourself. That's one of the greatest dangers of jangled nerves. Without your knowing it you may be saying and doing things you will regret bitterly afterward.

Get your full amount of sleep every night. Eat regularly and sensibly. Find time for recreation. And smoke Camels—for Camel's costlier tobaccos never get on your nerves.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand of cigarettes!

How are YOUR *nerves?* TEST No. 7

Grasp your pencil three inches above the point... Holding it upright, begin at the dot in the first figure "8"—trace each figure—*between* the guide lines. Do *not* rest your arm or wrist! And do *not* touch the guide lines! Have some one time you... Average time is 60 seconds to make the six tracings.

Gene Sarazen, (Camel smoker), golf champion, does the tracings without error in 23 seconds.
