New Plymouth
On Display
Here Today

The 1950 Plymouth, with its styling changes and improvements for safety and comfort will go on display in the Perryton dealer showrooms today, January 12.

The new automobile may be seen at the F. T. Holdeman Motor Co., the Collinsworth Motor Co. and the Hobbs Motor Co.

There are new lines in the south silhouette which give longer, lower, more streamlined appearance. Rear fenders, which are bolted on for economy removal in case repairs are necessary, have been restyled.

Lengthened. The grille has a simplified and made more alive, and the glass area throughout the car has been increased for greater visibility.

The new Plymouth line includes nine automobiles in the dial Deluxe and Deluxe Ups. Special Deluxe models include the four-door sedan, the club coupe, the station wagon and the convertible coupe.

The group consists of the four-door sedan, the club coupe, the three passenger coupe, the all-metal Suburban. The cars are available in nine colors.

Features of the new Plymouth can be seen in this issue of the Herald.

Writers, Rangerettes
Play This Week

Perryton high school basketball teams have several games scheduled this week. On Friday night the boys will play at Booker, where both A and B games are scheduled.

The Rangerettes will meet at the Perryton gym Monday night, and on Tuesday night the Rangers will go to Fallett and the Rangerettes go to Balco.

January 15-22 Is Designated
Relief Wheat Week' for Area

January 15-22 was designated Relief Wheat Week' for the Perryton area following a meeting here Tuesday morning of nationally prominent officials of the Christian Rural Overseas program with approximately 40 visitors, men, ministers, and members of the area.

Speaking at the meeting Tuesday morning at the Methodist church were Rev. W. O. Pharr, CROP field representative for Tennessee, Kentucky, Arkansas, Oklahoma; E. N. Puckett, Perryton Equity manager and CROP

chairman of the special relief wheat committee for Oklahoma; Carl R. Key, CROP field representative; and Elmore R. Torn, CROP director of Texas. The Rev. R. Snodgrass, chairman of the Enid Ministerial Alliance, presided at the meeting. The lieutenant governor of Oklahoma, who was scheduled to speak, was unable to attend.

The Perryton Equity was host at a luncheon for the group in the Harvester Room of Hotel Perryton following the meeting.

Burglars Get
\$136 Cash from
Local Firms

Burglars netted \$136 from the Rowe and Wagner Service station and the Bob Schuster Pontiac over the week end. The burglary was discovered when employees opened for business Monday morning and was presumed to have occurred on Saturday night or Sunday, while the station was closed.

The lock on the front door, which opens into both the service station and garage, was not damaged and was evidently opened with a key.

A total of \$103 was taken from the Coca Cola machine in the service station, where the Saturday receipts had been placed. This machine was pried open. Another \$33 was taken from the cash register from the Bob Schuster Pontiac, but the register was not damaged.

Sheriff Ray Phagan is working on the case. Several leads have been uncovered, he stated, Monday.

Annual March of Dimes Drive
To Open Here On January 16

The annual March of Dimes drive will open in Ochiltree county on Monday, January 16, Frank Shaffer, county chairman, has announced. No goal has been set, but the committee hopes to equal or surpass the \$2,600 which was contributed last year by local residents.

Because of the polio cases which were treated from Ochiltree county during the year, the treasury is now depleted, and there are still demands made for additional funds, Shaffer said.

Contributions will be taken this year as they were during the drive last year, with both the Ellis and Pertex theatres collecting funds, the school children will be asked to contribute through their home rooms, a March of Dimes ball is planned, there will be coin boxes in downtown business houses, cards and letters will be mailed out, and there will be a request hour over

radio.

Grid Banquet
To be Jan. 31

Date for the annual football banquet has been set for Tuesday, January 31, Herman Meadows, president of the Ranger Club, has announced. The banquet honoring the 1949 Perryton Ranger football squad will be held in the school cafeteria.

Motion pictures of this year's Sugar Bowl game between Oklahoma U. and Louisiana State will be shown. It is planned to show this film in the auditorium after the banquet, Meadows said.

The principal speaker for the banquet will be either assistant coach Frank "Pop" Ivy of Oklahoma U. or assistant coach Bill Jennings. Meadows received word Tuesday night that one of these coaches will attend, but it is not yet certain which one.

Ivy was an All-American end at Oklahoma in 1939 and played as late as 1947 with the Chicago Cardinals, national Professional champions. He has been on the Oklahoma coaching staff since 1948.

Jennings was an outstanding end in 1938, 1939 and 1940 for Oklahoma and was the greatest Sooner pass-catcher of modern times. He devotes most of his coaching time to the freshman team and is credited with developing many of the stars on this year's eleven.

Tickets for the banquet will go on sale next week at the Burk Drug and at Kent & Apple.

See No. 1, Page 6

HAWAII PARTY—Shown at the San Francisco airport are four who did mission work in Hawaii during Christmas. They are from left to right, the Rev. Douglas Carver, Pampa; Dr. J. W. Bill Marshall of Wayland College, Plainview; the Rev. Taft Holloway, Canadian; and the Rev. O. C. Curtis, Perryton. They returned last week.

JUST HERE and THERE

Have you paid your poll tax? This is election year . . . state and national, county, school and city. Don't be disfranchised because you failed to pay your poll tax. You may not want to vote for anybody or anything in particular . . . but we're sure that there are a lot of people you want to vote against. You know . . . most of us can get steamed up more about "votin' agin" than "votin' for."

The political pot in Ochiltree county started cooking this week with the announcement of Dave Shanks that he was again a candidate. Since Dave has lighted the fire, it won't be long until the field will be full of candidates . . . but folks up here in Ochiltree county are not politicians . . . get down in the state a few counties and there'll be a flock of seekers for every office . . . up here

Local Boxers In District Golden Gloves Tourney

The district Golden Gloves tournament will be held at Borger on January 18-19-20, with several local boxers having entered. The Borger district is composed of Stinnett, Follett, Darouzett, Booker, Borger, Phillips, Buvavista, Gruver and Perryton.

Dean Maberry, who won the district welterweight title in the high school division, and Barney Baker, featherweight titlist, plan on entering the meet again this year.

There will be jackets for prizes in each division. Application blanks are obtainable from Pete Belt at The Body Shop for boys who are interested in entering the tournament.

Insurance Refunds
Expected On Jan. 16

GI insurance refunds will be coming into Ochiltree county soon after January 16. Tom Davis, county service officer, has announced. January 16 is the date when the first of the refund checks will be mailed out from Washington, and most of the checks are expected to be in the mail by June 30, according to a Veterans Administration announcement. Some \$2,800,000.00 in refunds is expected to be mailed to veterans, and the checks will range from some 90 cents to as much as \$528, with an average of about \$175. Distribution of the refund checks is being made according to the last two numbers of the veterans service serial number.

Rural Directors
Are Nominated

Nominees for rural directors of the Ochiltree County Chamber of Commerce have been announced, and will be voted upon at the annual meeting of the C. of C. on January 25.

J. H. Kershaw and C. A. Hoover have been nominated from precinct 2. Keith McLain and Martin McCarty from Precinct 3. H. B. Urban and John R. Stump from precinct 4. Virgil Olmstead and Roy Hogland from precinct 1.

Most important item of business at the meeting was the formation of a rural telephone co-operative, with temporary directors elected to lay the groundwork for a rural telephone system, using REA poles for the metallic telephone system which is planned.

Named as directors were Frank Davis, of Spearman, president; J. R. Stump, Waka; Charles Imke, Follett; Ira Harbour, Stinnett;

and Frank Shaller, of Canadian, secretary. Dan Archer was named attorney.

The directors are making plans to ask for a government loan under the provisions of the recently enacted rural telephone act. The rural system, as proposed, will give telephone service to every farmstead served by REA electricity in the five counties of Ochiltree, Hemphill, Hansford, Hutchinson and Lipscomb.

In the annual election of officers for the North Plains Electric Co-op, the same officers and directors were returned to office. These were Chas. Imke, Lipscomb county, Jack Lawrence, Hemphill county and W. E. Davis, Hansford county. They will serve another term along with the holdover officers who are W. M. Good, president, Ira Harbour, vice president; J. H. Kershaw, secretary-treasurer; R. D. Tomlinson, J. E. Shahan and Oscar Forgey, directors.

Twenty-Nine Wrecks, 22 Hurt
In County During Past Year

A review of the automobile accidents which have occurred in Ochiltree county and the four county area covered by state highway patrolmen Jack Shields and Bob Loving shows that there have been 70 accidents in the area, 29 of them in Ochiltree county. Three persons have been killed, two in Lipscomb county and one within the city limits of Perryton. Twenty-two persons were injured in Ochiltree county's 29 wrecks.

This is one of the best, if not the best safety records in Texas, however, and this area had an outstanding record during the Christmas and New Year's holidays by not having a single traffic accident, the patrolmen said.

However, light as this accident rate was, in comparison with other parts of the state, there were 44 persons injured and \$37,335.00 was lost in property damage.

The main cause of accidents on the open highway in their district was caused by speed, Shields said. Second leading cause of accidents is drinking, and third cause is driver discourtesy.

In cities, the main cause of accidents is failure to grant right-of-way, the second cause is speed, and the third is driver discourtesy.

One reason for the good accident record is shown in the arrest and warning record of the two patrolmen. During the year, 387 arrests were made and 2,106 warnings were given to motorists in Ochiltree, Lipscomb, Hansford and the section of Hutchinson and Hemphill counties north of the Canadian river.

Once a motorist is arrested or

Meeting for GI School Set Next Tuesday

On Tuesday night, January 17, veterans of the Perryton area who are interested in the GI business school announced several weeks ago are invited to attend a meeting where the operation of the school will be explained. The meeting will be held in the junior high school study hall, and Dr. Martin Duke, coordinator of veterans affairs in Ochiltree county, will be the main speaker.

In order to secure this school, it will be necessary for 20 veterans to apply.

Every ex-serviceman and woman who is interested in business training is invited to attend.

Legion Potluck Supper Monday

The American Legion and Auxiliary will have the regular potluck supper combined with a games tournament at the Legion Hall Monday night.

Prizes will be given for pitch, bridge, forty-two and other games. Mrs. Lonnie Sultor, Auxiliary president, stated.

Hostesses are Mrs. Arch Talley, Mrs. Horace Lackey, Mrs. G. R. LaMaster, Mrs. Harry Stump and Mrs. L. R. Conner.

Over 800 Persons Attend REA Annual Meeting
And Electrical Appliance Show Held Monday

Over 800 persons attended the annual meeting of the North Plains Electric Co-op, and the First Annual Electrical Appliance Show held Monday in the VFW Hall. The registration list contained 723 names, and it was estimated that another 100 persons attended but did not register. The VFW Hall was jammed and cars were parked for blocks around during this large meeting of the NPEC history.

Members were present from all five counties in the North Plains Electric Co-op area, manager Earl Waide stated.

Most important item of business at the meeting was the formation of a rural telephone co-operative, with temporary directors elected to lay the groundwork for a rural telephone system, using REA poles for the metallic telephone system which is planned.

Named as directors were Frank Davis, of Spearman, president; J. R. Stump, Waka; Charles Imke, Follett; Ira Harbour, Stinnett;

and Frank Shaller, of Canadian, secretary. Dan Archer was named attorney.

The directors are making plans to ask for a government loan under the provisions of the recently enacted rural telephone act. Perryton Splits Basketball Games With Darrouzett

Perryton split basketball games with Darrouzett Tuesday night, and the B team became the first high school team to win an athletic victory this year. The Ranger B team nosed out the Darrouzett B team, 27-25, in a double overtime thriller, while the Darrouzett A team trounced the Ranger A team to a handy 40-26 score.

The B team became all tied up 16-16, when Clifford Kauffman dropped in the tying goal just as the gun sounded. The overtime ended tied up 22-22 when Meier of Darrouzett dropped in a goal at gun time.

Then came the "sudden death" playoff, which would end the game when one team got two points ahead. This playoff took four minutes, with the score seeing-sawing back and forth, only to be decided when Kauffman plunked in the game winning goal to make it 27-25.

The Ranger A team didn't fare so well. Darrouzett led by the fancy courtwork and shooting of J. P. Rogers, went into a 11-6 lead at the first quarter, increased it to 22-11 at the half, and had the Rangers 34-15 at the end of the third quarter. The Rangers outscored the visitors in the final period, but had too much lead to overcome.

Joseph S. Berry Dies Wednesday

Joseph Shelby Berry, who worked as a carpenter for C. D. Russell for the past two years, died Wednesday morning in the Perryton Hospital Clinic, a few minutes after he had arrived. He had complained of feeling ill, and had gone to the clinic, but collapsed before the doctors could attend to him.

No details were learned of his family, and funeral arrangements are pending.

Rev. Burgner Attends Kansas City Meeting

Rev. Buford Burgner, pastor of the Nazarene church, left for Kansas City, where he is attending a general superintendent's conference and Sunday School convention.

Rev. W. B. Walker, superintendent of the Abilene district, and Rev. Joe Bean, pastor of the Dahlhart Nazarene church, accompanied Rev. Burgner. They plan to return Thursday night.

CANADA'S SEA SCHOOL Draws Boys of Five Nations

(AP) Newsfeatures

OTTAWA, Canada—School is out at the first British Empire Sea Cadet Camp on the shores of Lake of Two Mountains, Quebec, and 147 young sailors are on their way home. They came from five nations—the United Kingdom, Sweden, Australia, New Zealand and Canada. Brooke Claxton, Canadian minister of defense, reviewed the cadets and said he was "impressed by this great example of youth of several lands working together hand-in-hand." He recommended a year-old Cadet Chief Petty Officer William Hicks of Britain for his command of the parade. Sailing, swimming, scrubbing decks, and all the crafts of seamanship were learned at Camp Ewing in picturesque northland setting. The "Anzacs" are staying over for the Canadian National Exhibition at Toronto.

ALL HANDS TO THE RIGGING—A sailboat manned by Camp Ewing sea cadets changes course in a race on Lake of Two Mountains to test the seamanship of the boys.

INSPECTION—The Canadian contingent of sea cadets stood stiffly at attention when Minister of National Defense, Brooke Claxton (in civvies) reviewed them.

Canada is half again as large as the United States.

Knute Dowers Wins Insurance Sales Prize

Knute Dowers, insurance salesman for the Great American Reserve Insurance Company, has been awarded several prizes for winning first place in a company contest.

A spokesman for the company said that Dowers led the entire Amarillo agency, covering most of the Panhandle, in insurance sales and commissions. Dowers has represented this company since October 1948.

Elephant's Meal Includes Razor Blades

HAMBURG—(AP)—A circus elephant overturned a sweet hawker's stand here, and ate about ten pounds of sweets. The elephant followed this up by eating a traveling kit, stolen from a reporter watching the scene. The kit contained razor blades, a nail file, brushes, soap and towel, the Hamburg "Abendblatt" reported.

Oldest Children's Program

NEW YORK—(AP)—Because it dates back to 1930, "Let's Pretend," Saturday mornings on CBS, classifies itself as the "oldest children's program on the networks." All that time it has been produced and directed by Nila Mack.

The broadcast specializes in dramatizations of children's stories, primarily of the fantasy type.

The Babylonians developed banks as early as 2000 B. C.

Services Held For Ben Russell, Former Resident

Funeral services were held at the Boxwell Bros Chapel on January 6 for Ben A. Russell, a former resident of Ochiltree county, who died on December 31 at his home in Porterville, Calif.

Mr. Russell's father was an early day merchant in old Ochiltree, and Ben spent many years of his life in this county. He moved to California a number of years ago.

He was 37 years of age. He is survived by four children, T. P. Russell and Floyd Russell, Amarillo, Mrs. C. M. Oren, Quincy, Washington, and Holley Russell, Spearman, Texas; two brothers, W. L. Russell and R. D. Russell of Spearman; four sisters, Mrs. Floyd Mitts, Spearman, Mrs. C. H. McCartney of Wheeler, Mrs. Oren Kelley of Amarillo and Mrs. Harold Smith of Guymon.

Interment was in the Ochiltree cemetery.

New Hardy Alfalfa

DAVIS, Calif.—(AP)—A new type of alfalfa that resists the dwarf disease has been developed by the University of California.

The disease is caused by a virus and has affected about one-third of the producing areas in this state. It causes rapid thinning in the second and third season of growth, the College of Agriculture reports.

Seeds of the new plant will be allocated to growers in the affected areas.

Can The Campus Revive The Theatre?

SANTA BARBARA, Calif.—(AP)—The campus theatre may be the most promising answer to the decline of the professional stage, says a California critic.

The college and university playhouse offers a chance for new plays and writers because it has less box office pressure to think about, say Theodore Hatlen, chairman of the Department of Speech at Santa Barbara College.

Many types of bulbs for flowerers, such as the tulip, should be planted in the fall before the ground freezes.

Afghan Nomads Move Again

KABUL, Afghanistan—(AP)—One of the world's few remaining nomadic movements is taking place in Afghanistan, where long camel caravans are leaving the cold grasslands of central Asia for the warm plains of Pakistan. The migrants are the Kuchis, who travel thousands of miles each year accompanied by ill-tempered bactrian camels and patient donkeys.

At the head of each caravan strides the patriarch, with lengthy beard, loose turban, and flowing robes. Only a modern rifle shows the influence of a newer world. At his back follow camels, fastened nose to tail and piled high with goods, chickens, and children. In the rear come the women, tall, hawk-faced, with flashing eyes and ready tongues. Around the caravan, the youngsters play, accompanied by ferocious cropped dogs.

At night, the caravans cluster in tiny camps under the peaks of the Hindu Kush. Black felt tents arise. The smoke of camel thorn fires mingles with the

smell of roasting meat from the nearby highway. The hum of a passing plane and the Kuchis life goes placid and ancient.

He Said Blankety-Blank

WASHINGTON—(AP)—A breaker drew three blanks at the home of Rev. Clarence, two of them from the target pistol. The third was a hit. He left evenhanded in flight.

NOTICE TO THE CITIZENS OF PERRYTON

We have designated fifty-two weeks in 1950 as Clean-Up Year. We are asking the citizens of Perryton to cooperate with the city in an every week clean-up through 1950, commencing now.

If every citizen cleans up his own dirt, we will have a clean city.

The city will remove all rubbish placed in the alley trash barrels, but please do not put dirt in the barrels.

Clean up all fly breeding places now, and we will have them well under control by warm weather.

If the property owner will clean his part of the alley, such as paper and scattered tin cans, it will curtail the city's payroll expense. We are trying to keep the city going with the funds we get. The city force is just working for the City of Perryton, and we would like for the citizens to cooperate with the city force and help us solve some of the problems that seem impossible to us.

A city is as good as the people make it.

We are giving special attention to the water system, observing the state health regulations. We send samples of our water to the state health department every two weeks for a check on contamination. We will have plenty of good clean water for the coming season.

We are asking your cooperation in keeping our water clean and in good condition. Any leaks in the water system should be reported to the City Hall at once.

Our sewer systems are getting loaded, and we ask for your cooperation in taking care of the system, thereby eliminating expensive repair.

There is an ordinance with a penalty for clogging the sewer lines. Dirt traps and car wash racks should be watched closely and cleaned out often, thereby saving time and costly repairs. Please do not dump in the sewer line rags or any other substance that will not dissolve. Do not grind large bones and dump this in the sewer lines as this substance does not flow very well.

Please come to the City Hall smiling and give us a word of cheer—we feel lonesome sometimes.

TEXAS WATER FOR NEW YORK—Stephen J. Carney (right) New York City's Commissioner of Water and Electricity, gets a drink of Texas water from a tank truck carrying 3,000 gallons in New York on January 3. The water was started from Austin, Tex., during the height of the New York City water shortage. Drivers of the truck, Billy Davis (left) and Douglas "Red" Tipton, both of Houston, passed out the water at the end of the 1,998-mile trip. On top of the truck are showgirls from the musical "Texas L'il Darling." The water arrived as New York was enjoying intermittent showers and hoping they would replenish its reservoirs. (UPI Photo)

Mobeetie Trims Kiowanas 24-23

BOOKER — The Booker Kiowanas lost to the powerful Mobeetie Ferns by a score of 24 to 23 in a thrilling contest here Friday night.

The Kiowanas missed a number of good shots in the first half, but showed improvement in the second half.

The Booker guards, Kerns, Baker, and Seibel, turned in excellent defensive performances against the towering Mobeetie forwards. High scorer for the evening went to Totty who made 14 points for the winners.

The Kiowanas were led in scoring with 12 points by that little forward, Leone Henton.

In television, when they say a program has been "kinescoped," they mean it has been transcribed on motion picture film.

Mrs. W. K. Bishop, Boise City, Okla., is a guest in the home of her brother, S. R. George.

AUTHOR

Of the Week

By W. G. ROGERS

BYRON HERBERT REECE, author of "Better a Dinner of Herbs," was born in Choctaw, Georgia, in a section enough behind the times to offer both advantages and disadvantages. He was several years old before he saw his first automobile, from which he ran as if it were an invention of the Devil about whom he heard at church. He can remember his first phonograph. But it was an agricultural area, and from that environment sprang his love of the country; the minstrel tradition still survived locally, which explains his development as a poet, to which his first volume, "Ballad of the Bones," testified. He still prefers the country to the city; sometimes doesn't shave for a week; and is known to neighbors as "the guy who works on a farm on Wolf Creek in Choctaw." With the publication of this novel, a lot more people will know about him.

vention of the Devil about whom he heard at church. He can remember his first phonograph. But it was an agricultural area, and from that environment sprang his love of the country; the minstrel tradition still survived locally, which explains his development as a poet, to which his first volume, "Ballad of the Bones," testified. He still prefers the country to the city; sometimes doesn't shave for a week; and is known to neighbors as "the guy who works on a farm on Wolf Creek in Choctaw." With the publication of this novel, a lot more people will know about him.

Italian Farm Exports

ROME—(AP)—Intensification of trade between Western European Marshall Plan countries is credited with increasing Italian agriculture exports during the first eight months of 1949.

Officials said exports of farm products during that period showed a substantial gain over the same months in 1948. Major increases were registered in shipments of cheese, fresh and dried fruits, vegetables and hemp. Decreases were noted in exports of wine, potatoes, and olive oil.

In behalf of the Bethany Athletic department, we wish to take this means of thanking the A & B Motor Company of Perryton for the new basketball warm-ups.

Naval Museum Plans Delayed

WASHINGTON—(AP)—The nation will have to wait a while for its naval museum.

Mrs. Truxtun Beale, who owns Decatur House, one-time residence of Commodore Stephen Decatur, last year leased the coach house to the Naval Historical Foundation for 50 years at \$1 a year. It was to be remodelled and opened early next year as a museum.

But when work got under way it was discovered that the coach house was slightly less safe than the White House. It needed steel columns and beams. The steel strike stalled that, however, and now no one knows when the museum will open.

Mr. and Mrs. J. A. Anderson and children, Joy and Jan, were guests in the home of Perryton friends during the week following Christmas. Mr. Anderson, former superintendent of the public school system, is now head of the Greenville, Texas schools.

Up to one pound of feathers may be plucked from a live goose, according to the Encyclopedia Britannica.

Political Announcements

The Ochitree County Herald is authorized to announce the following as candidates for nomination subject to the action of the voters in the Democratic primary to be held July 22, 1950.

For County Judge: DAVE SHANKS

Darrouzett Cage Teams Entered in Wheeler Tourney

DARROUZETT — Darrouzett girls and boys basketball teams have entered the Wheeler tournament Thursday and Friday with both teams playing Wheeler in their opening games.

Darrouzett girls A and B teams will play Perryton girls Monday night at Darrouzett, and another home game is scheduled for Tuesday when Darrouzett plays Booker junior high.

Darrouzett should show up well in the Wheeler tournament since Darrouzett girls have defeated Wheeler on two occasions and the boys have split their two engagements with Wheeler. The boys team will be greatly handicapped the next few games with-

out the services of J. P. Rogers, the team's scoring ace, who sprained a knee in the game with Perryton Tuesday night.

Ex-county Commissioner W. G. Yearly is seriously ill at the Perryton Hospital. He has been in a coma for several days and attending physicians give no hope for recovery.

MY WORST ENEMY!

ICE storms are the biggest wintertime worry of Reddy Kilowatt and the men who work to keep him on the job. Falling tree limbs and heavy loadings of ice on the lines may cause scores, even hundreds, of breaks which must be repaired under the most difficult and hazardous conditions.

Fortunately, a crippling ice storm does not occur often, but when it does it takes a trained organization with ample resources to cope with it. Even before the storm subsides, the call goes out for extra line crews from locations outside the storm area. Materials are sent on the way to supplement those already stockpiled for just such an emergency. And the work of restoring service is pushed with all possible speed, regardless of personal hardships and weather conditions.

Though an ice storm may or may not strike your vicinity this winter, it's comforting to know that your local C. P. S. Co. line crews are on the alert, ready to spring into action the minute your service is threatened . . . and that they have back of them an organization that can supply additional manpower, materials and equipment if needed.

Wheat Poisoning, Bindweed Specialists Visit County Agent

Visitors at county agent Hood Willis' office this week included three members of the Texas Agricultural Experiment Station at Amarillo and Pan-Tech Farm, located at the old Pantex Ordnance Plant near Amarillo. These visitors were Dr. M. R. Callihan, veterinarian, and Dr. H. R. Crookshank, biochemist, from the field laboratory at Pan-Tech Farm, and Roger Hamilton, agronomist, from the Amarillo Experiment Station.

Dr. Callihan and Dr. Crookshank are engaged in research on wheat poisoning, while Hamilton is conducting an extensive program on the control of noxious weeds which are of economic importance in this area, particularly bindweed and blueweed.

The purpose of this visit was twofold, according to the visitors. These research men are anxious to know the county agents better and feel that time spent with them in the local county gives them an excellent opportunity to get acquainted.

Both the research projects these men are working on are the outgrowth of requests made by farmers and ranchmen of this area through their county

agents. The wheat poisoning project has been under way for three years, while the attack on bindweed is in its first year, having started in June, 1949.

Problems involved in these two research projects are entirely different. In the case of wheat poisoning, the scientist has first to find out what is in the wheat plant which causes livestock to come down with what is called wheat poisoning. When this is definitely determined, then they will be in a much better position to prescribe methods of handling cattle grazing on wheat so as to avoid death losses which result from grazing. Many theories have been advanced by stockmen and scientists but to date no one really knows exactly why some cattle succumb and others apparently are not affected.

Some of the theories are: lack of certain minerals, too high protein, and lack of sugar, calcium, and magnesium in the blood. With the bindweed and blueweed problem the questions to be answered are practical and economical means of farming the land which is already infested and to prevent further infestations. Various chemicals and hormones are being tested as killing agents in an effort to determine proper time and method of application. Intensive cultivation methods are also being tested as are rotation practices. Not only are methods of eradication being tested but practical control methods are also under study.

Work on these two projects is under the direction and supervision of the Texas Agricultural Experiment Station, College Station, Texas. Cooperating with the Texas Experiment Station are the Amarillo Experiment Station, Texas Technological College, and the United States Department of Agriculture.

The president of France and the Spanish bishop of Urgel are governmental heads of Andorra.

New Plymouth Special DeLuxe Four-Door Sedan

How'd You Like Porky To Get in Your Hair?

(P) Newsfeatures
A SHARP PET is the porcine, but Mr. and Mrs. Bennett Nielson of Ephraim, Utah, have fun with theirs. Here Bennett shows how affectionate it is. "Porky is intelligent, too," says Mrs. Nielson. "He opens our screen door, even though it swings outward. He is better than a watchdog because no one dares to intrude while he is on guard."

The little animal eats all kinds of fruits and vegetables. "We found him when he was very small, and raised him on a nursing bottle," says Mrs. Nielson. "Now he weighs 10 pounds. He eats from the same dish as our Irish Setter pup. The pup got a few sharp quills in him at but soon learned to stop biting at Porky. Now they play together."

Yemen Population Now 4,500,000

CAIRO—(P) — The population of the Kingdom of Yemen in southwest Arabia has reached 4,500,000, a high Yemen official said here.

The isolated Kingdom is one of the least known areas in the world. Most standard reference books had calculated the population at 1,000,000 less than the correct figure, the official said.

One of the first demonstrations of color television was presented by the Bell Telephone Laboratories June 27, 1929.

It is estimated that the U. S. tourists spent a quarter of a billion dollars last year.

In 1789, Sir Alexander MacKenzie reported finding oil seeps during his exploration in Canada.

It is estimated that the United States has 30,000 buses in inter-city service.

Post Office Positions Open At Follett

The Civil Service Commission has announced examinations for filling vacancies in the Follett Post office in the position of substitute clerk at the salary rate of \$1.06½ per hour, according to L. C. Hartman, local civil service secretary.

To be eligible to take the examination, applicants must actually reside within the delivery of the Follett post office or be bona fide patrons thereof.

Application forms and additional information may be secured from the post office.

Scientist's 'Read' Orange Leaves

RIVERSIDE, Calif.—(P) — They are "reading" orange leaves here, but not the way a fortune teller scans tea leaves. University of California chemists grind up orange leaves and analyze them to see what the plant needs in the way of food.

"You are about to meet a tall, handsome bag of fertilizer," is the forecast for an orange tree that shows it's hungry by what is lacking in its leaves.

Whiskey Goes Begging

WASHINGTON—(P) — Policeman Bernard W. Best was testifying in a bootlegging case. Defense counsel challenged his ability to recognize whiskey. He asked Best to take a drink out

of a bottle of evidence to him whether it was rye.

"I can't," replied Best, "I'm a policeman from duty."

"That's right," chimed Nadine Gallagher, "I don't want anyone in my court."

The first pier at Astoria was opened in July, 1892, destroyed by a storm in November that same year.

No. 8

Continued from Front Page

It's different . . . most offices go by default with no opposition . . . makes it pretty nice for the candidate.

Mr. and Mrs. W. E. Castle left Perryton last Friday to make their home in Monrovia, Calif. Emory, whose health has been under par for the past two years, decided that life as part owner of Castle's Dry Goods was just too much for him so he disposed of his interests to his brothers, Virgil and Otha. They have purchased property in Monrovia and expect to build soon. Emory says that he may get into business out there when he gets settled in a new home. This fine couple will be missed around Perryton but we're wishing them all kinds of luck and happiness in California.

J. A. Jones is back from the bone specialists with his left hip in a cast for a 90 day rest. Mr. Jones slipped on the ice Friday before Christmas and fractured his left hip just below the socket. His many friends around town, his Masonic brothers, will all miss him but J. A. says he's setting up and holding open house for visitors at his 613 S. Amherst home. We often recall the patience and understanding of J. A. Jones when he taught us the Masonic work when we joined the order some 30 years ago.

Boy, was I let down last week, when Bill Cone did that story on the "flying saucers" in last week's Herald. He interviewed big shots in and around Perryton . . . but nary a question did he fire at us and here we were just bursting to tell about some of the hush-hush stuff we've been hearing and seeing about planes, space ships, etc.

Just before Christmas we were down to Fort Worth and accepted an invitation to join a group for lunch at the Consolidated Vultee plant . . . that's the place where they're making the super-duper B-36. Following the lunch we were shown a sound reel on the B-36 and then briefed by the military before being taken for an inspection trip through the plant where the B-36 is made.

This is the long range, heavy bomber that has caused so much ruckus among the top military brass. Went up into the plane, both forward and aft, the two compartments being connected by an 85-ft. long pressurized tunnel, the crew members traveling fore and aft on a four-wheel scooter, which operates on rails.

Here are some interesting figures about the plane. Maximum gross weight, 326,000 lbs. Length, 162 ft. Wingspan, 213 ft. Height, 46 ft. 9 inches. Gines, six 3500 hp. pusher type. Design range and bomb load, 10,000 miles with 10,000 lbs of bombs. Combat radius, over 4,000 miles. Take-off distance, 5,000 ft. over 50 ft. obstacle. Maximum bomb load, 84,000 lbs. Crew, 15 men including 4-man relief. Fuel capacity, 21,116 gallons. Oil capacity, 1,200 gallons.

The next morning after the trip to Consolidated-Vultee, we had breakfast with a newspaper man who has been everywhere and seen everything. And our visit with him convinced us without a doubt that the flying saucers are just as real as night and day . . . and they really come from another planet.

We are pretty sure that right in this country space ships are being built . . . space ships that will travel to Mars . . . carrying scientists that expect to establish weather observation stations on Mars . . . weather stations that can forecast the weather for at least

GIFT FOR RAYBURN—President Truman (right) and Speaker of the House of Representatives Sam Rayburn (D-Tex.), are all smiles at a luncheon in the capitol, Washington, Jan. 6, marking Rayburn's 68th birthday. They hold one of the many gifts the legislator received. (AP Wirephoto)

WRESTLER WITH EDUCATED FEET—Antonino Rocca, latest eastern wrestling sensation, has brought two new holds into the sport. Besides his feared back breaker hold, the Italian star often puts a pair of well educated feet to use as a scissors. Above he is shown in Madison Square Garden with Gene Stanlee, called Mr. America, as his victim. After Rocca won the match the capacity crowd of 17,000 fans gave him one of the greatest ovations ever accorded one athlete in the Garden.

A year in advance in every nook and corner of the world. Just think what this would mean to agriculture . . . A farmer would know in advance the kind of season he would have and he could plant or not plant accordingly. Among the scientists working on this project are Germans who before World War II were working on a plan to go to the sun with the expectation that by so doing German could dominate and rule the world.

fine. It will soon be time for the smelt run.

A. E. Devers.

When it's summer in California it's also summer in China.

Movie Projector Purchased by County Groups

Three county organizations have purchased a Sono-Vision movie projector for use at the Ochiltree county fair exhibits and for general educational work during the year.

This machine, purchased from the Baker Film Service in Dallas, is the "juke-box" type which projects from the inside to a screen visible from the outside. It is a continuous projector, and runs indefinitely, repeating the film over and over without manual assistance.

It is planned to take local motion pictures of harvest, cattle, industry and other items of interest to be used as a publicity and good will builder for the county.

The machine was purchased by the Certified Wheat Growers Assn., the Ochiltree County Chamber of Commerce, and the Ochiltree County Wheat Improvement Assn.

Many Britons Get Pensions

LONDON—(AP)—Nearly 10 per cent of the British people are drawing old age pensions. Minister of National Insurance James Griffiths disclosed the figure in parliament recently.

He said 4,540,000 Britons receive pensions. He estimated the cost to the government at \$784,000,000 a year.

St. Peter's Cathedral in Rome is the largest in the world.

C of C Ticket Sales to Open On January 16

Tickets for the annual Chamber of Commerce banquet will go on sale Monday, January 16 at the Burk Drug, Kelly Drug, Sanford Drug and the Chamber of Commerce office, Lee Little, manager, has announced. The price of the tickets has been set at \$2, and both members and their wives are invited.

John Ben Sheppard, former president of the United States Junior Chamber of Commerce, is the principal speaker for the banquet. Sheppard, now a Gladewater attorney, is utilizing his spare time in awakening people to the dangers of Communism, and to their responsibilities as individuals in a democracy. Out of his travels to Europe, Alaska, Hawaii, Central and South America and Canada, grew the idea for the Gladewater Plan, known as "Democracy Beats Communism Week," which he conducted recently by Gladewater.

The annual C. of C. banquet will be held at the Perryton Hotel Coffee Shop, and 140 members and guests is the limit of accommodations.

No. 7 Continued from Front Page

The business school will operate similar to the agricultural school now in operation. There will be classes in typing, bookkeeping, shorthand, business math, and other courses, if the school is started. Subsistence payments of \$67.50 per month will be made and classes will be held two or three night a week.

theology at Aoyama Gaukuin, he came to the United States and entered Drew Theological Seminary. He received his Bachelor of Divinity degree there, and a MA from New York University.

No. 3 Continued from Front Page

warned, he is rarely ever stopped again, Shields stated. The only exceptions are drunk drivers, who may repeat their offense, and drivers whose vehicle has faulty equipment, such as a tail light burned out or equipment missing.

Heaviest traffic in this five-county area is on highway 117 between Perryton and Borger, Shields said, and the patrolmen spend more time on this stretch of road than any other.

Of the three fatal accidents in their area, only one was a bona fide highway accident. That one, in October, occurred near Booker when a pickup overturned and killed Donald Lee Ashley, son of Mr. and Mrs. Paul Ashley.

The other fatal accident in Lipscomb county occurred when Ray Eston Allen of Clovis lost his life when he slipped and fell under the wheels of a truck being employed on a construction crew.

The fatality that occurred in Perryton was in January, 1949, when James Ernest Wilson was caught underneath a tractor which overturned near the intersection of S. Ash street and 5th avenue.

The patrolmen investigated 24 accidents within the Perryton city limits. Of these 24, there were two persons injured.

Lightest months for accidents were February and September, when only one accident was reported in each month. Heaviest accident month was May, when there were nine wrecks, eight persons injured, and an estimated property damage of \$8,250.

"We want to thank the people of this territory for being so cooperative with us," Shields said. Next year we hope the traffic accident record will be even better.

Sinking Province in Western China is nearly three times as large as Texas.

The U. S. produced about 800 million tons of steel between 1940 and 1949.

About 14,000 fires occur annually in the U. S. National Forests.

Andrew Gaine Featured Artist In First Concert

An artist with a background of both radio and opera is Andrew Gaine who will be heard in person on January 21 at the high school auditorium in "The Secret of Suzanne," first presentation of the concert series of the North Plains Concert Association.

Now a leading baritone with the New York City Opera company, Gaine is heard regularly in New York with that company, and most recently in Chicago where the company played during

Andrew Gaine

ing November and December.

The handsome young baritone hails from Jackson, Miss., where his earliest interest in singing was aroused by hearing the Negroes in the fields singing their old familiar spirituals. While studying music at the University of Denver, Gaine was featured soloist on the NBC program, "A Rhapsody of the Rockies."

After serving in the Air Corps during the war, he continued his musical study in Philadelphia where he entered and won the Philadelphia Inquirer "Voice of Tomorrow" contest, for which he received the honor of being guest artist with the New York Philharmonic orchestra at the Philadelphia stadium.

He is now in his fourth year as a leading member of the New York City Opera company, and has appeared in major roles with the American Opera Company of Philadelphia, and others.

No. 1 Continued from Front Page

The forenoon meeting at the Methodist Church opened with a prayer by Rev. Lloyd Jones, pastor of the local Methodist church. In introducing the subject of wheat for overseas relief, Rev. Snodgrass said: "We can't be Christian if we don't do this sort of thing."

In introducing Mr. Puckett, manager of the Union Equity Elevators at Enid, Okla., he pointed out that most of the relief wheat from this area has been channeled through Enid. "I've got more out of giving than anything else I've done," Mr. Puckett, one-time Ochiltree county farmer and the first full-time manager of the local Equity elevator said in discussing the CROP program. The Union Equity manager, who is well-known for his philanthropies, has headed the drive for overseas relief in this area during the last four years.

"No one is better qualified to discuss the joy of giving than Mr. Puckett," a long-time associate said following the meeting. "I know personally that each month Mr. Puckett pays the very modest expenses of himself and his family and gives the balance of his salary to churches and charities."

In his address Mr. Puckett pointed out that local farmers may donate wheat through their local elevators, and that only

a book transfer will be necessary to have their donation added to the CROP grain being assembled at Enid for overseas shipment.

"Up to now, we have been able to get wheat to the Gulf without paying freight, but we don't know yet whether the railroads will do this again this year." He added that ocean shipment of relief wheat would be made again this year without charge.

Mr. Puckett stated that he had recently urged Secretary of Agriculture Brown to match CROP wheat donations with 11¢ amounts from government surplus, and that he expected a reply from the cabinet member at any time.

In stressing the need for the CROP program Rev. Parr said, "We have an excellent plan in the Marshall plan, but it affects only five per cent of the people — those who have money to buy. Our program aids only those who do not have the money to buy."

Rev. Parr said that the wartime slogan of "food will win the war" can be changed to "food will win the peace." He pointed out that CROP is an agency for collecting commodities which can be shipped and that the donor may designate the place his contribution is to go and also the agency which will handle its distribution overseas. Church World Service and other agencies handle distribution. The function of CROP is to collect shippable commodities and cash in this country.

CROP shipments reaching their destination last year was 97.7 per cent of the material shipped, Rev. Parr said. CROP is the church in action he said, in praising its overseas program. When you ship a carload of wheat overseas it is not only a carload of wheat but also a carload of faith, a carload of hope, and a carload of love.

During the meeting the Rev. Lloyd Jones, pastor of the Perryton Methodist Church read a telegram from Gov. Allan Shivers in which he expressed his interest in the Texas CROP program and his best wishes for its success. Brief addresses were also made by Elmore R. Torn and Carl R. Key.

At the luncheon a motion was approved for the coordination of the CROP wheat program for the Oklahoma and Texas Panhandles. It was also voted to begin the program earlier next season.

Mr. Puckett announced that dedication services for wheat collected from this area will be conducted at Enid on February 6, and that invitations to attend would be extended those of this area who have participated in the program.

Six carloads of wheat for overseas relief were loaded at the Perryton Equity elevator last season, although only three of these were actually credited to Ochiltree county.

Mr. Torn, state CROP director, expressed confidence that if three carloads could be shipped from the county this year the county would lead the state in donations despite the small population. The largest donation to date has been from Williamson county with \$7000, he said. One carload, donated by Gus Birdwell of Farnsworth, has already been shipped from the county.

He added that an appropriate name for a train would add interest to the program and would encourage the railroads to continue their policy of free transportation to the ports.

Also attending the meeting and luncheon were Aldon B. Bell, general manager of the Perryton Equity; Lee Little, Chamber of Commerce manager; G. M. Cooper of Perryton, Rev. Luther Kirk of Perryton; John Trenfield of Follett; Rev. J. Waid Griffin of Follett; Jeraline Porter, CROP secretary of Stillwater, Oklahoma; H. B. Urban of Perryton; C. T. Phillips, Darrouzett banker; L. L.

Stockholders Of Perryton Nat'l Meet Tuesday

Stockholders of the Perryton National Bank held their annual meeting Tuesday afternoon and elected the same officers and directors to serve for another year. These officers are W. B. LaMaster, president; A. P. Spicer, vice-president; C. E. Woods, executive vice-president; and J. E. Woods, cashier. Directors are W. B. LaMaster, A. P. Spicer, C. E. Woods, J. B. Woods and J. D. Sims.

The surplus of the bank was increased to \$37,500 from \$35,000 and the reserves were increased by \$4,000.

No. 4 Continued from Front Page

The date for the annual meeting will be changed next year to a date later in the spring. The directors will set this date at their next meeting.

The electrical appliance show attracted much interest from the co-op members, both those who are now on REA lines, and those who will be using REA electricity in the near future. The response to this initial show was so good that it is planned to make this an annual event.

Prizes awarded by the exhibitors included the following: Gilman Flowers, Canadian, an Airline radio from Montgomery Ward and Co., Pampa; Elzey Vanderburg, Spearman, A. Zenith radio from Andy Electric, Perryton; Mrs. Charles Pinkerton, Booker, a Handy-Hot portable washer from the Pounds Home and Auto Store, Perryton.

Mrs. Leroy Becker, Follett, a quarter of processed beef from the Isley Slaughter House, Perryton; Mrs. Audie Conley, a set of stainless steel Revere Ware from Kent and Apple, Perryton; George E. Brown, Beaver, a Westinghouse mixer and juicer from the Good-year Service Store, Perryton.

Helen Helfenbein, Booker, an Electrolux Dryrite from Lake Patton, Perryton; James C. Price, Gray, a Hamilton Beach mixer from Meadows Electric, Perryton; Rayburn Hall, Allison, an Electric roaster from the Two-State Electric Co., Perryton; Mrs. C. D. Clark, Darrouzett, an electric sweeper from the Farmers Cooperative, Perryton.

Avin B. Cowan, Boyd, a G-E mixer from Ellis Automotive, Perryton; Mrs. Ray Pinkerton, Booker, a Victor automatic record player from Shockley Electric, Perryton; Mrs. A. J. Curtis, a Cory electric coffee maker from the Plainview Hardware, Perryton.

Harry Reimer, Perryton, waffle iron from Pavlovsky Electric, Canadian; Ross Montgomery, Darrouzett, G-E electric blanket.

Draper of Darrouzett, Audie Conley of Perryton; Rev. A. D. McGuire of Follett; F. S. Robertson, Equity manager at Booker; M. E. Cross cooperative elevator manager at Darrouzett; Lester McKee, elevator manager from Follett, and Rev. O. C. Curtis of Perryton.

Cook Electric, Canadian; C. W. Marshall, Booker, IHC refrigerator, International Harvester dealers; L. A. Pundt, Canadian, home freezer, North Plains Electric Co.-op; Allen Pierce, Spearman, certified lamp, Good Furniture Co., Perryton.

Oysters are edible at any time they are gathered, but the idea they should be eaten only in months which have a letter "r" in their name probably goes back to medieval times.

Onions contain an oil similar to that used in tear gas bombs.

The beaver is a rodent.

Ministerial Alliance Breakfast Is Monday

A breakfast for the Perryton Ministerial Alliance will be held Monday morning at the First Methodist Church, the Rev. Lloyd Jones, president, has announced. The breakfast will be followed by the regular monthly business meeting. Discussion of the CROP relief wheat program will be the principal item of business, Rev. Jones indicated.

Basketball was originated in Springfield, Mass., in 1891.

Panhandle Girl In Europe

By KATHERINE SHARP

In Europe these past six months, I have especially liked — the French boys over warm, but much easier to wash, heavy clothes. The hurdy-gurdy machines, the painted wagons, playing like merry-go-round tunes on the streets. The clock built into the base of the telephone in a London room with a luminous dial telling time in the dark. The heated towel racks in the hotel providing dry and med towels. The knitted clothes of children everywhere. Mothers have coped with the clothing problem by tugging constantly and cleverly, and dresses for young men. European bread, especially the rich, made in long crusty loaves, deliciously flavored — a taste to our wheat and the rich bakers. The prevalent tea cozy, a blue pillow-like gadget which is over tea or coffee pots to keep them warm for a second. The family outing on bicycles the inexpensive and universal mode of transportation. Father and mothers take the small children seats fore and aft of the cycles. The newest development in cycles, the small motor the size of a dinner plate, which propels bicycles 15 miles an hour. Small European cars, convenient for city driving, stretching petrol, benzine or essence — gasoline is called — and well-designed for comfort and mechanical performance. Flower carts in the streets, the florists' resplendent windows

every other block, and the customs of guests bringing flowers to their hostess.

The knife sharpener and his golden cart, inherited generation after generation, and still making the rounds, pausing to sharpen knives and make sparks fly from its many wheels.

Dutch birthdays with congratulations too for the husband or wife, mother or father, brothers, sisters and children.

Fine old coaches, with livered drivers and finely harnessed horses still rented for the trip to the town hall and then the church on wedding days.

The time-consuming but adventurous task of food shopping — the butcher, the fishmonger, the poultryman, the bread baker, the cake baker, the sweet pastry shop, the salty-pastry shop, the green grocer, the bakery-supply shops for flour, the delicatessen for canned goods, the druggists for soap and paper, and then the grocer for what is left over.

Sees Worst in Human Nature Publicized

LONDON—(AP)—Dr. Edith Summerskill, a government official, is against freedom to "publicize what is worst in human nature" in movies, plays and novels.

The parliamentary secretary to the ministry of food told a "Mothercraft" exhibit: "We have, on all sides, people who are prepared to glorify violence and degeneracy through the cinema, the theater and the novel at the expense of the proper mental development of the children. This is a world problem."

KYLE ROTE AND DAD ON A VACATION—Kyle Rote, the Southern Methodist University back whose play against Notre Dame earned him the title of the most underrated back in college football, (right) and his father, Jack Kyle of San Antonio, Texas, barbecue a goat during a hunting and fishing trip along the Dove Creek near San Angelo, Texas, during the Christmas holiday. They were the guests of Frank Meadows of San Angelo, Texas. (AP Photo)

New Radiator Shop Opens

Tommie Briggs announces the opening of the Texas Radiator Service located in the Graves Conoco Service building, corner South Main and Brillhart Avenue.

All new and modern equipment has been installed by the Inland Manufacturing Company, one of the nation's largest makers of radiator repair equipment, Briggs reported.

He came here from Tacoma, Washington where he had been in the radiator repair business. Briggs also has a shop in Can-

adian, Texas.

Briggs says that with this new equipment he can handle radiators of any make or model. According to Briggs this will be the first completely new radiator shop ever to operate in this area.

Business Was Dead

HULL, England—(AP)—Something peculiar was going on at Thomas Taylor's grocery. Fire trucks, five taxicabs and a hearse bearing a coffin all pulled up outside. Somebody had called them by telephone.

Chief Constable Sydney Lawrence was called in to find out just what was going on. He decided it was "a despicable hoax."

Mr. and Mrs. Bob Schell are the parents of a son, Michael Ray, born January 8. Grandparents of the new arrival are Mr. and Mrs. C. L. Schell and Mrs. Sue Itagan.

Christian Science

S. Colgate
Corner S. W. 7th Ave. and Colgate
Services 11 a. m. Sunday
Sunday, January 15, 1940
"Life" is the subject of the
Lesson-Sermon which will be
read in all Churches of Christ,
Scientist, on Sunday, January
15.

The Golden Text is: "Now that
the dead are raised, even Moses
shewed at the bush, when he
called the Lord God of Abra-
ham, and the God of Isaac, and
the God of Jacob. For he is not
a God of the dead, but of the
living: for all live unto him"
(Luke 20:37,38).

Among the citations which
comprise the Lesson-Sermon is
the following from the Bible:
"For as the Father hath life in
himself; so hath he given to the
Son to have life in himself"
(John 5:26).

The Lesson-Sermon also in-
cludes the following passage
from the Christian Science text-
book, "Science and Health with
Key to the Scriptures" by Mary
Baker Eddy: "Life is divine Prin-
ciple, Mind, Soul, Spirit. Life
is without beginning and with-
out end" (page 468).

Fifty-five percent of pedes-
trians killed in cities were using
the roadway between intersec-
tions.

A course in totem pole carving
is offered at Squamish Life Col-
lege, British Columbia's all-In-
dian school in North Vancouver.

Baptists Return From Hawaii Revival Trip

PLAINVIEW, Jan. 4 (WCNS)—
The group led by President J. W.
Marshall which did mission work
in Hawaii returned today with
glowing reports of the islands.
The consensus of opinion of
those going was "the greatest
time we ever spent in our lives."
Members of the party said they
were "inspired by the all-out
spirituality on the part of the
Christians."

Official and incomplete sur-
veys show that 150 Christian de-
cisions or more resulted from the
visit of the 14 who made up the
party. They preached, led in
singing, conducted socials and
gave personal testimonies.

Those from Wayland who went,
in addition to Dr. Marshall, were
two faculty members, the Rev.
Harvey Wolfe and Lake Pylant;
Sam Choy and Hoyt Mulkey,
seniors from Hawaii and Am-
arillo, respectively.

Other ministers included in the
party were Douglas Carver of
Pampa, Dr. Julian Atwood of
Lamesa, the Rev. Taft Holloway
of Canadian and the Rev. O. Curtis
of Perryton, and the Rev. Paul
Cullen of Borger.

Also in the party were Bob
Bratcher of Lubbock, Nicey Mur-
phy of Norman, Okla., Jackie
Emerson of Dallas, and Ralph

Reid of Phoenix, Ariz.
Other factors that impressed
the visitors were the persecu-
tion that young Christians in
Hawaii sometimes have to en-
dure, and the absence of color
distinctions.

Dr. Marshall stayed over till

Out Ahead Again for 1950

New Power and New Features in Light and Medium Duty Models New "Weight-Saving" Diesel Tractors • New Middle-Weight Six-Wheelers

Once again GMC leads the truck transport parade... introducing many important new models and improvements.
New camshafts, valves and manifolds step up power in engines of light-medium models. Wider seats, more headroom and improved sealing increase cab comfort. There are new chassis features, including new hydraulic and optional air brakes on 2 1/2-ton models, new front springs and airplane-type shock absorbers on light trucks.

The new models combine to offer GMC power, dependability and economy to many more operators. There's a new 1 1/2-ton 280... a new heavy duty 2 1/2-ton 470... two new 400 and 620 six-wheelers... two new "weight-saving" Diesel-powered tractors handling maximum legal payloads in the 45,000-55,000 pound weight range. Get the facts here, today.

HOMES FOR AMERICANS

Newsfeatures
MAKE THE MOST of rear garden privacy this house is planned with a living room at the back, where a wall of windows opens on a terrace. An outdoor barbecue fireplace uses the same chimney as the living room fireplace. A floor-to-ceiling picture window in the living area faces the front and gives a clean sweep of daylight through the house. The roof overhang protects both main entrance and kitchen door. There are 11 closets. This plan 4708 by Herman K. architect, 199-33 Keno Ave., Hollis 7, N. Y., covers 1,067 sq. ft. and calls for 22,744 cubic feet of construction with basement. Attic is planned for storage and space under low roof pitch. Architect suggests an exterior of wood shingles or clapboards and front stucco with an asphalt shingle roof.

STARS FOR BAYLOR—Don Heathington, Baylor center, is one of the top scorers in the Southwest Conference. Now playing his fourth year, Heathington was a member of the championship Baylor team in 1946 and 1948.

THE TEXAS POLL:

Most Texans Oppose the Idea of Training German and Japanese Troops to Stop Russia

By JOE BELDEN
 Director, The Texas Poll
 AUSTIN, Texas — Most Texans oppose the idea of training German and Japanese troops to stop Russia.

A proposal by Congressman W. R. Poage of Waco that Uncle Sam build up a force of mercenary troops in Germany and Japan was voted down by about six out of every ten adults recently questioned in a statewide survey by The Texas Poll.

A common reaction among rank and file Texans was: "Why

trust them? German and Japanese soldiers hate Americans. They might turn around and fight us."

Poage advanced the idea that the United States use some money now being spent for occupation and foreign aid to organize and train twenty-five divisions of combat troops in Germany and a like number in Japan. He believes that Russia, faced with such a force on two fronts, would be less likely to start a war.

But Poage's plan doesn't sound

too good to his fellow Texans, who apparently have a deep distrust of German and Japanese militarism in any form. Men and women of all age groups voted better than two to one against the proposal.

The question was put to a representative cross section of adults as follows:

"A Texas congressman wants the United States to train about half a million German and Japanese soldiers, at our own expense, to discourage Russia from starting a war. Do you think this

is a good idea or not?"

	Men	Women	All

South Dakota's Badlands cover 5,200 square miles of eroding silt, clay and dust.

Tasmanians Hunt "Monster"

SYDNEY—(AP)—The Loch Ness Monster — or something — is terrorizing the unimaginative folks of Mountain River, on the fringe of Tasmania's "Unknown Corner," which is the uninhabited extreme southwest of Australia's island State. Except for a posse of 20 men scouring the hills, Mountain River people keep indoors at night because of a "phantom" animal which makes no tracks yet neighs like a low throated horse.

Dogs turn and run. Experienced bushman Jack Oates no doubt did likewise when the creature jumped five feet ahead of him. He said, "It had a big head and a broad white chest." Place where it had beaded down showed that it was bigger than a dog but

smaller than a horse. One theory: the creature is a Tasmanian "tiger" (Thylacynus cynocephalus)—thought by most to be extinct. The tiger was, or is, a carnivorous marsupial like a zebra-striped dog.

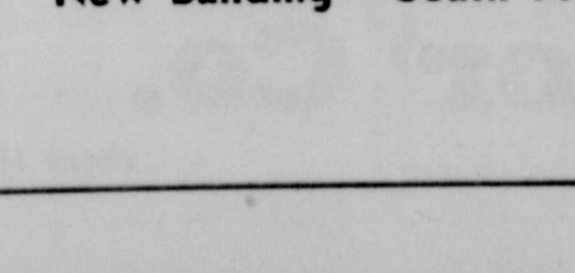

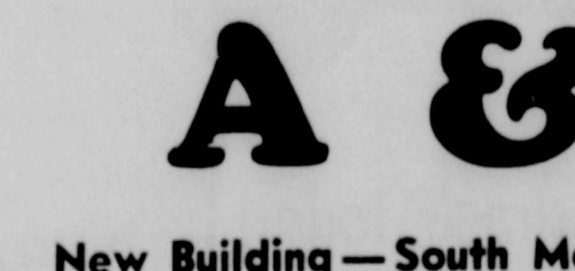

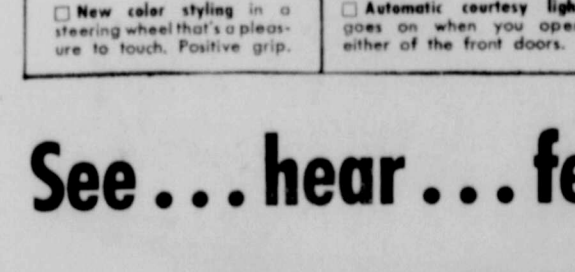

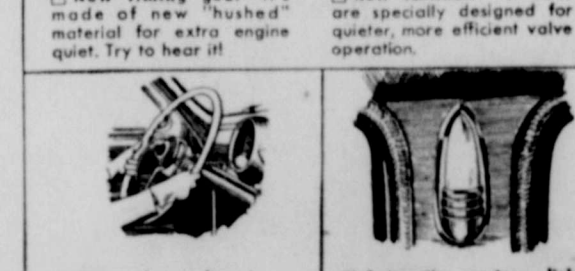

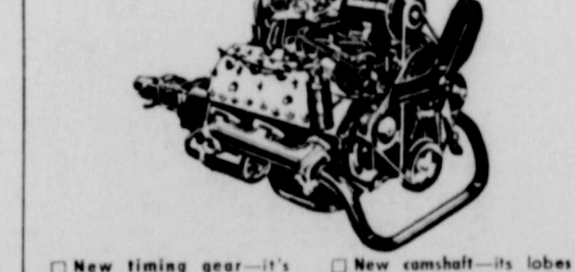

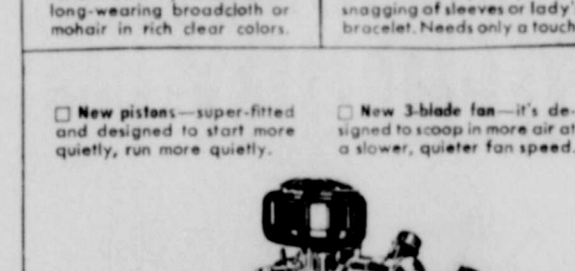

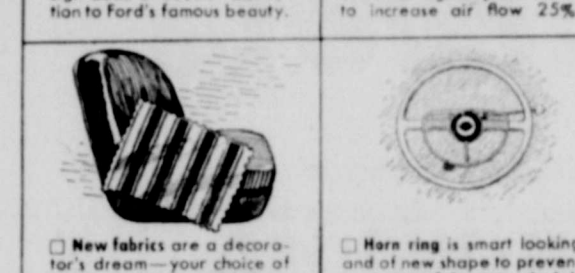

Hunt For \$5 Ends In Tie

SAN BERNARDINO, Calif.—(AP)—Carmen Garcia, 23, might still be digging if the cops hadn't showed up. Officers spotted him in a railroad yard and anxiously scratching dirt from under ties.

Garcia explained that a switch engine fireman had left him a \$5 loan under one of the ties, but neglected to say which one. He was jailed on a vagrancy charge.

What Is an Anti-Trust Violation?

A matter which should be of deep concern to Americans is the recent announcement that the department of Justice has ordered an investigation of the State Medical Association of Texas for anti-trust violations and that the investigation will be made by the agents of the Federal Bureau of Investigation.

Not only the Texas Medical Association is under investigation, but 16 more medical societies and associations are already under investigation across the nation.

This brings up the question—what is an anti-trust violation? The medical men say that the medical profession was organized solely for the purpose of advancing scientific medicine and improving the health of the nation. They have gone into politics by opposing the government's compulsory health program, but this has little to do with an anti-trust violation, as far as we can determine.

If the medical associations can be investigated for anti-trust violations, why can't the government decide to investigate the press associations, the bankers associations, the real estate, butane dealers, grocers, or anyone else who might incur bureaucratic disfavor?

To quote Dr. G. V. Brindley of Temple, president of the State Medical Association: "We would be naive, indeed, if we ignored the political implications of this sudden rash of investigations attacking the American Medical Association and constituent state organizations, at a time when the administration is preparing to go all out to stifle any existing opposition to its proposed scheme of government controlled medical care. With Congress convening this month and with socialized medicine slated to be one of the biggest issues then and during the 1950 elections, we want it clearly understood that we believe this attack on the medical profession stems from the Anti-Trust Division of the Justice Department and political string-pullers who are in a position to dominate the actions of that agency. We believe it to be an outrageous abuse of public power which far transcends in gravity the issue of compulsory health program."

The Government Gets Into the Act

We have received a mimeographed sales letter from the U. S. Department of Commerce offering for sale a copy of "Your Federal Income Tax," which will aid taxpayers in making out their tax returns.

This is fine, we guess, but it looks a little bit unnecessary. There are scores of versions of little books on income tax aids which may be secured at drug stores and other news stand counters, and which will give the tax payer as much aid as the government version.

In fact, since the Hoover Commission has discovered so many ways that the government does things inefficiently, we suspect that this 25 cent pamphlet is costing us taxpayers money just to get it printed and distributed.

The Department of Commerce must have heard that someone was making money on these income tax aids and couldn't resist getting the government into the act, too.

Wolf Creek Philosopher

Says President's Plan Doesn't Work

(Ed. Note: The Wolf Creek Philosopher probably knows what he's talking about this week. A man can't have as much to say as he does and not be right once in a while.)

Dear editor:

I don't like to be given advice to the President on how to run the country when I can't do better job running my own farm than I'm doing, although understand the way I'm running my farm suits me and if it didn't I still wouldn't do much about it, but I was reading in a copy of the Amarillo News which blew off the front of a radiator where somebody had put it to keep the cold out of his car last week and which I picked up and took home with me to start a fire with where President Truman in his budget

message to Congress said the only solution he could figure out to the high cost of running the government was to overspend now and reduce later on.

This is a good solution or paper, but after a lifetime of practicing it, I can tell President Truman it never works out that way.

Every year most of my life I've told myself after I get through I'm spending now, I'm gonna cut down and save, but looking back on it I don't mind sayin I never did get around to it. Invariably something else was always coming up, and I'd put it off again.

I don't like to compare myself with a politician, but the promises I've made myself to cut down spending later on reminds me of the promise practically every politician makes about re-

THE AMERICAN WAY

"I can't hear a word you're saying!"

lucin taxes. They're always promising to reduce em, but up o now they ain't never got around to it. For years, as long as I can remember, candidates have been cutting the cost of government during the campaign and aisin it after they're elected. While everybody knows the cost of government is constantly going up and most folks want it to udgin by the demands they nake and the services they vant, ain't no candidate yet hought of runnin on a frank platform sayin taxes are goin up, at least ain't no candidate got slected that way.

Overspendin now and reducin later on is like over-eatin and reducin later. Ain't been done yet, but I estimate it'll be tried for the next quarter million years. Yours faithfully, J. A.

Roy Stollings and family of Booker and Dave Hummer attended the annual Rose Bowl football game and parade at Pasadena, California during a two week trip to the west coast. They returned here January 4.

W. G. Talbott of Manly, Iowa was a visitor in the William Gray home, 917 S. Drake, during the last week. Mr. Talbott, who has been a railway engineer for the last forty-two years, is Mrs. Gray's father.

The muskmelon, a member of the gourd family, is native to India and Guinea.

Diabetes Among Top Causes of Death in Texas

AUSTIN, Texas— Diabetes is among the first ten reported causes of death in Texas. There are many receiving treatment for this disease. Probably there are hundreds of undiscovered cases in the state, says Dr. Geo. W. Cox, State Health Officer.

Early recognition of diabetes pays. In the experience of doctors, those discovered early before they had complications lived three times as long as those discovered after some blighting affection drove them to a doctor. If you are the relative of a diabetic, or if you are approaching the fair, fat, and forty era of life, go to a doctor before you get sick and find out if you have diabetes. If you do have it control the disease in season and out of season. It pays.

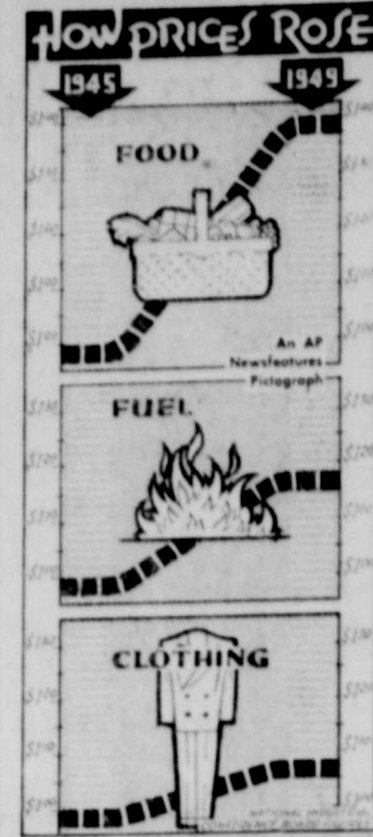

Don't be caught napping. Find out if you have diabetes! If you do have it, make it an asset! Prove that you can live longer with it than without it. Then you will be helping not yourself alone, but also other diabetics.

What is diabetes? When a person has diabetes, his body has lost some of its ability to turn the sugar in food into heat and energy. The sugar which should be used by the body goes into the blood stream until there is so much sugar in the blood that the sugar overflows into the urine. Because a lot of the sugar is not used, various bodily organs such as heart, liver, kidneys and eyes do not get good nourishment.

The person whose diabetes is not treated may get cataracts and other eye diseases, kidney trouble, hardening of the arteries, or gangrene. Be sure to consult your family physician.

Barriers Down To Save Boy

ANTWERP — Belgium's minister of health, concerned with 9,000,000 Belgians, took time off recently to give special attention to one little boy. Joseph Van Floren was pretty far gone with a fever which only one

medicine, chloromyceline could cure. There was none in Belgium — the nearest supply was London. A special envoy, sent to London, telephoned the minister of health to bring it over. The permission was given and two hours later, a health ministry attaché was at the boy's bedside with the life-saving drug. Little Joseph seems now out of danger.

The office of United States Attorney-General was organized by an Act of Congress in 1789.

Australia's coastline, including Tasmania, is 12,210 miles long — 344 miles longer than the seaboard of the United States.

NERVOUS STOMACH

ALLIMIN relieves distressing symptoms of "nervous stomach" — heaviness after meals, belching, bloating and colic due to gas. ALLIMIN has been scientifically tested by doctors and found highly effective. World famous — more than a billion sold to date.

REPORT UNT 12-33 In New Gym Opening

Before an overflow crowd which filled the gymnasium all around the court and out into the hall, the famous Negro Trotters played a basketball show Friday night against the American Legion five that opened the new high school gymnasium in fine style.

Final score was 42-33 in favor of the Trotters, but score meant little in this game. The Negroes could have made it one-sided, even though they seemed to be a little bit off on their shooting, they still had plenty of basketball skill to display.

At that, the Trotters didn't do much clowning as expected, here were only three minutes left to play before they went into their "football" routine, and the ever did put on the card playing act.

Top scorer for the evening was on Meredith, 6'5" center, who was playing his first season with the Trotters. He made 18 points, most of them lay-up shots under the basket. Melvin Williams of the Legion five pressed closely for high scoring honors, making 17 points.

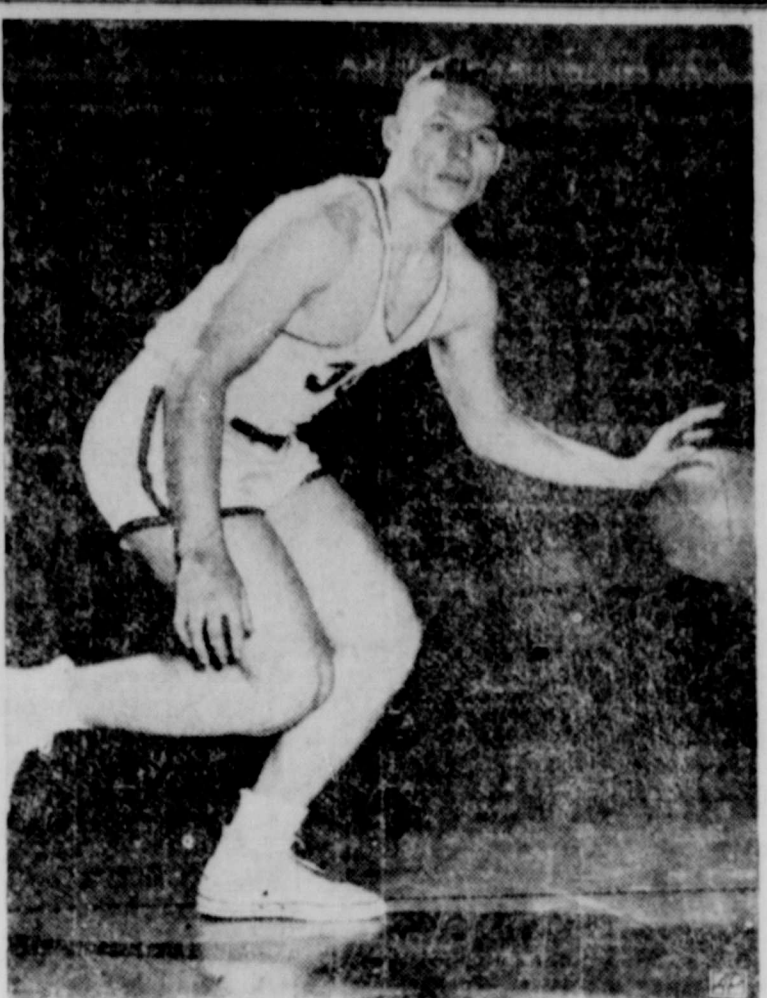

Cleo Johnson, the star of the team, didn't play during the first quarter, but in the second he put on his famed dribbling act and rapped in two baskets.

The Legion five, acting as though they meant business, were out front by a 7-6 score at the end of the first quarter. They didn't scratch during the second period, however, while the Trotters made 16 to lead 22-7 at the half.

A large number of out-of-town visitors were present for the game, including many from Spearman, Booker, Gruver, Canadian, Balco and Bethany.

Box Score

Player	FG	FT	TP
Schell	1	0	2
Williams	8	1	17
Hulsey	1	1	3

Slaughter, R.	0	0	0
Barnes	0	0	0
Campbell	0	0	0
Legion	15	3	33
Trotters	9	0	18
Meredith	1	0	2
Bowen	2	0	4
Johnson, J.	5	0	10
Johnson, C.	2	0	4
Collins	2	0	4
Hughes	2	0	4
Trotters	21	0	42

MUSTANG FORWARD—Jack Brown is the mainstay of a good Southern Methodist basketball team this season. Now a junior, Brown was one of the leading conference scorers last season.

Soap Is Still Luxury In Europe

VIENNA—(AP)—Soap is still a rich man's luxury in many European countries. Even in those countries where it is not rationed, the price is generally higher than low income groups can pay. Hospitals and other public institutions still depend on charity shipments from abroad for the bulk of their needs. CARE officials throughout Europe report the use of inferior quality soaps in institutions is a serious menace to child health.

An Associated Press survey showed France, Italy and the Scandinavian countries as the brightest spots on the European soap map. Britain, Czechoslovakia and Yugoslavia are at the other end of the scale. Between those two extremes are countries like Poland, Austria and Germany, where you can buy all the soap you need if you have the money.

In Czechoslovakia the soap ration is one bar of toilet soap every three months. There is also a small ration on laundry soap and soap powder. The government had promised to put soap on free sale but the price will range from 50 to 60 cents a bar. The average British ration is seven small bars of toilet soap every two months. In Yugoslavia it is half a pound per month per person, and the supply is irregular. In Poland a bar of toilet soap costs 25 cents.

Austrian soap is of poor quality. A bar of American soap on the black market costs 50 cents.

An inferior type of soap is still rationed in Germany. To supplement their one small rationed bar, Germans pay 30 cents for American soaps which are on sale almost everywhere.

CARE officials in Vienna say the real need in Europe is for better distribution of good soap to low income families with children and to public institutions.

Recent visitors in the home of Mrs. Myrtle Collingsworth were Mr. and Mrs. Bob Johnson, Mr. and Mrs. Glade Johnson, Mrs. Paul Johnson, all of Hardesty and Mr. and Mrs. Tom Collingsworth of Guymon.

TEXAS FORWARD—One of the leading scorers in the Southwest Conference basketball race is Tom Hamilton, veteran hook shot artist of the Texas U. Longhorns.

Aiding Japanese Students

TOKYO—(AP)—The Japanese chapter of the Military Government Association is lending a hand to Japanese seeking education in the United States. Funds for travel and incidental expenses not covered by scholarships are being raised through public subscription.

Miss Ethel B. Weed of Cleveland, Ohio, a member of the occupation's civil information and education section, is chairman of the drive. A minimum of \$10,000 for the initial fund is sought.

Salvaging White House Bricks

WASHINGTON—(AP)—Officials estimate about 500,000 old bricks will be removed in rebuilding the White House, but many of them will be put back. The bricks are slightly larger than today's standard size.

Everyone loves to receive...

GIBSON Valentines

and you'll love to choose from our wide variety for sweethearts, friends, relatives, children

Stewart Printing Co.

From The SIDELINE with HAROLD HUDSON

If the opening night crowd at the new high school gym was any indication, seating space is already too cramped. There are rollaway bleachers to go around the edge of the playing court, however, which will add another 500 seats to the gym. These bleachers will not be available for use this season, Superintendent Gilbert Mize reports, and perhaps they won't be needed.

Lindsay McWilliams, manager of the American Legion five, reports that there were 1,226 paid admissions to the game Friday night, which should give some indication of how many persons the gym will seat. Of course, not all of these paid admissions were able to sit. We'd imagine a couple of hundred had to stand.

Cleo Johnson, Negro star of the Trotters, says the backboards in the gym are very lively—in fact are about as lively as any his team has used. This makes a difference in making baskets, since the ball has a tendency to bounce from the board completely over the basket unless shot just right.

The new scoreboard drew lots of favorable comments. Given to the school by the First National Bank, this scoreboard is the latest thing out, and is easily seen from every corner of the gym.

We surely do hope that some sort of a round-robin system can be set up next year in district 1-A. That's the only chance, it seems, for Perryton to get such teams as Dumas, Canyon, and Hereford here for a game.

Taking Their Movies Lying Down

HAMBURG—(AP)—A local newspaper announcing the opening of a new cinema said: "The cinema has the most modern equipment and 400 beds." It was a misprint.

Letters and phone calls asked: Are there only single beds or can I have a double one? What clothing is preferred, pajamas or nightgowns? Does somebody wake us up when the show is over? Can I stay over night if I attend the last performance?

Etta Wagner and Elizabeth Hutchings returned Tuesday from St. Louis where they attended services and burial rites of Mrs. Wagner's nephew, Staff Sgt. John W. Gold.

Quick Whiskey Formula Still Imperfect

WASHINGTON—(AP)—Reports that a Japanese citizen claims he can "age" whiskey 15 years in 12 minutes are nothing new in the U. S. patent office. The office has 239 registered schemes to do the same trick.

The 239 patents were issued between 1857 and 1942. Some of the processes were used by distillers shortly after repeal of prohibition in the United States. They were abandoned, however, as basically unsatisfactory when naturally aged whiskeys became available.

Harold R. Frank and Van Brawley drove to Fayetteville, Ark., last week end on business.

"FASHIONED for every taste—Priced for every BUDGET"

Look over the 1950 Buick line, which these two high-fashion honeys represent, and decide for yourself if that's truth or just talk.

Nineteen—Yes, 19—smart new and varied models to choose from, and all with the eye-catching styling of bold-lined bumper-guard grilles, sleek tapering fenders, the over-all look of a jet plane in flight.

Three full series—SPECIAL, SUPER and ROADMASTER—with SPECIAL models available in both standard or de luxe finish.

Three separate power plants—in five horsepower ratings—all more powerful, higher in compression, all Fireball valve-in-heads—and one of them, the sensational new F-263, giving SUPER models extra brilliance on the road.

Four wheelbases—all planned for riding comfort—with overhang reduced to make parking and garaging easier. Roominess galore, with rear seats as much as 13 inches wider.

Plenty of outlook as well. And the abiding comfort of coil springs on all four wheels. And the steady going of torque-tube drive—plus Safety-Ride rims for comfort plus control.

Then look at prices—do they really fit any budget?

They range from the fine-car level of the ROADMASTER down to just above the lowest figures on the SPECIAL. But even these are so little above anything else—buy you so many more years of happy use—and give you a car of such consistently-better trade-in value—that you'll find Buick reachable by buyers in any price range.

So why not get the whole story, price and all, from your Buick dealer now? Deliveries are good, the "deal" is right, and a signed-up order steps you up to that Buick you've always dreamed about!

Here's the Smart SPECIAL 3- Passenger Coupe, one of seven smart models. Dynaflow Drive optional. Horsepower—115 with Synchro-Mesh Transmission, 122 with Dynaflow.

Features like these mean BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view built forward and back • TRAFFIC-HANDY and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • DYNAFLOW DRIVE standard on all ROADMASTERS, optional on extra cost on SUPER and SPECIAL series • NINETEEN MODELS with Body by Fisher • WIDE CHOICE OF EQUIPMENT adding flexibility to prices that bracket every price range above the lowest.

WHATEVER YOUR PRICE RANGE

HOLIDAY AFFAIR—Robert Mitchum and Janet Leigh co-star in this light comedy about the department store business. The picture comes to the Ellis on Tues.-Thurs., Jan. 17-19.

Mrs. Ralph Pattison, Lynn and Glynn, left Saturday morning for Long Beach, Calif., to visit with Mr. and Mrs. W. C. Robertson. Mrs. Robertson is Mrs. Pattison's aunt. Mrs. Pattison and the twins plan to be gone about three weeks and will visit other friends and relatives in California.

An orphan car is one that is no longer manufactured.

Lucille Ball Is Riot In Latest Comedy Film

Lucille Ball, who has a reputation for being funny, lives up to her reputation in "Miss Grant Takes Richmond," the new picture which comes to the Ellis on Fri.-Sat., Jan. 13-14, and co-stars William Holden.

The story explores the comic implications of a bookie operating behind the screen of a real estate office. When Holden, the bookie, hires luscious Miss Ball to be his secretary, whom! the comic explosions begin.

Lucille, rather dense in the upper regions, has a heart as big as a whale, and she gets the reluctant Holden to embark on a grandiose housing project which takes most of his ready cash.

When Holden is saddled with a losing bet, Miss Carter, a gambler with a liking for Holden, presses him for payment, hinting that she will forget the whole matter if he joins forces with her. Meanwhile, the housing project doesn't exactly prosper under Lucille's hare-brained direction; in fact it goes completely haywire but not before, in a series of hilarious sequences, Lucille attempts to set things right.

Action, Romance Is Mixed Well In Truck Picture

Action and romance is mixed in "Thieves' Highway," which comes to the Ellis on Sun. Mon., Jan. 15-16. Richard Conte and the Italian star, Valentina Cortesa, who is making her American debut, are co-starred in the picture.

Photographed in San Francisco, the bay area, and in the fruit-growing country of California, "Thieves' Highway" tells the hard-bitten story of the boys who risk flaming crack-ups on the road as they highball down route 99, hauling produce. Their rivalries are tough, their dealing with some of the produce dealers tougher and their romancing is two-fisted as well as tender.

Richard Conte, who won his romantic laurels in "House of Strangers," scores again as a lover and once more demonstrates his ability to be sincerely convincing as a silent, strong, fighting man. Revenging himself on a crooked dealer, tilted by his fiancée because thugs have taken away his money, he finds and wins the heart of Rica (Miss Cortesa), an Embarcadero district of San Francisco.

Radio tubes in England are called "valves."

Veteran Forum

Q—I will complete my high school course in 1951. As a veteran of World War II, discharged in 1945, will I be entitled to GI training benefits if I decide to go to college in the fall of 1951?

A—Since you were discharged from the armed services before July 25, 1947, you must start GI training before July 25, 1951.

Q—Is there a deadline date for the reinstatement of my National Service Life Insurance policy?

A—No. There is no deadline date for World War II veterans who wish to reinstate their lapsed NSLI policies.

Q—I am a World War I widow of a veteran who served 80 days in the U. S. Army. Am I entitled to a pension?

A—Ninety days of service is the minimum requirement for widow's pension rights, unless the veteran was discharged for service-incurred or service-aggravated disability.

Visiting in the home of Mr. and Mrs. Leo Reisswig in Shattuck Sunday were Bill Cone, Betty Cone, and Todd.

MISS GRANT TAKES RICHMOND—is the story of a bookie and his secretary. The secretary makes an honest man out of the bookie, and while doing so provides a world of laughs for those who see this picture. It comes to the Ellis on Friday-Saturday, Jan. 13-14 starring Lucille Ball, William Holden, Stephen Dunne and Janis Carter, above.

Southwest Wheat Prospects are Good Says Latest Santa Fe Crop Report

Wheat prospects over the Southwestern winter wheat belt range from fair to excellent, for an average rating of very good, despite the fact that many areas in nearly every state are still in need of moisture, having received little effective relief for nearly 90 days, says the latest Santa Fe crop report.

The situation has shown some improvement during the past two weeks, due to light rains and snow, but parts of Texas and Oklahoma, consisting mostly of the panhandle regions, New Mexico, eastern Colorado and even Kansas, remain dry and reports of wheat turning yellow continue to mar the picture.

Little actual alarm is felt, however, because most of the wheat got a good start early this fall, and sub-soil moisture generally is regarded as being ample to carry the crop through the winter, a period when wheat is not expected to make much top growth. In other words, nothing has happened so far that a normal spring season will not overcome.

TRY US — PHONE 8

OUR SERVICE IS BETTER

Rowe & Wagner Service

J. L. Rowe — Herman Wagner
101 N. Main

Wheat plants generally are well developed, with good root and proper stooling systems. Possibility of wind erosion still is a threat where surface moisture is deficient and where to growth fails to provide sufficient cover. A large territory, including fields that have been pastured too close, is subject to this danger but the practice of livestock grazing on wheat pasture continues on a wide scale.

Many farmers, especially those in the western part of the wheat belt, left large acreages of volunteer wheat for grazing purposes. Whether this acreage will be plowed up and summer fallowed for 1951, or left for harvest next summer will depend on general crop prospects, price outlook and possible changes in the govern-

ment wheat allotment

Bob Chase left this morning for Lubbock, where he will be in Texas Tech for the semester. Bob, who is starting his freshman year, plans to major in mechanical engineering.

t's Arkansas in Southwest

By Harold V. Retliff

Arkansas

DALLAS—The Arkansas Razorbacks, who tied for the Southwest Conference basketball championship last season and won a play-off to represent the conference in the NCAA, are general favorites to cop the 1949-50 title. They have a new coach, Pres. Askey, who keeps talking about Texas. Baylor, Texas Christian and Southern Methodist, but his fellow mentors point to the veteran material and the backs and say "those are the boys."

Baylor comes up with six lettermen, including All-Conference on Heathington—all are seniors—and there are strong signs of a resurgence from Texas A & M and Texas Christian.

The Aggies mapped a strenuous, inter-sectional schedule, laying such biggies as Longhorn, Oklahoma A & M and St. Louis on their east and to west coasts. There are six lettermen at Aggeland and a couple of newcomers. Walt Davis, 6 feet-8, and Ken Sutton, 6 feet-7, who A & M prospects the bright in a long time.

Arkansas also meets Oklahoma A & M and Kentucky, national finalists last season.

Arkansas has five lettermen including Bob Ambler, 6 feet-7; Jim Calhoun, 6 feet-4, and Norman Price, 6 feet-3. On the entire squad there is only one man under six feet. Arkansas also has some transfer players who are counted upon to give the Razorbacks deadlocked or the conference title last season.

Arkansas has only two lettermen but Buster Brannon has a bright array up from last season's undefeated freshmen. Veteran of the team is Gene Schmidt, who is seeking his fifth varsity letter.

Rice has a new coach and five lettermen with better than average height. The Owls, however,

TOM HAMILTON
Top Ace

lost bill Tom, giant center and one of the finest players in the country, through graduation. Warren Switzer is the top veteran. He is after his fourth varsity numeral. Rice also has some good men up from the freshmen and J. D. White, a junior college transfer who was held out of action last year. Coach Don Sumner, a former Rice star, who succeeds Joe Davis, a football coach, who was relieved of piloting the basketball team in view of his numerous other duties.

Baylor lost James Owens, all-conference forward, to the pros but returning are Heathington, Bill Dewitt, Odell Preston, Bill Strack, Bill Hickman and Gerald Cobb. These fellows all played on a team that won one conference title and tied for another.

Texas was hardest hit by graduation of any school in the circuit. Only returning starter is Tom Hamilton, one of the top players of the conference and a reading candidate for all-America this year. Frankie Womack, a guard, and Wilson Taylor, big center, are other lettermen, and Texas has some good-looking transfers and sophomores, but the great guard combination of Al Madsen and Slater Martin is gone.

Coach E. O. (Doc) Hays of Southern Methodist isn't enthusiastic about his prospects although he has four lettermen and other seasoned material. There are few tall men. Hays thinks Paul Mitchell, a junior college transfer who is 6 feet-3, will help greatly. He needed a center last year and Mitchell appears to fill the bill. Jack Brown, Hal Salmon, George Owen and Charley Lutz, are the other veterans. Hays'

opponents are rating his team pretty high but the SMU mentor disagrees.

A schedule of 115 games not including the All-College tournament at Oklahoma City in which Baylor, Texas and Arkansas will compete, has been mapped by the seven conference members. Almost half of these games are inter-sectional and include not only Kentucky and Oklahoma A & M but Colorado, City College of New York, California, Oklahoma, Niagara, Tulane, Illinois, Indiana, Pittsburg, Wichita, Louisiana State, Pepperdine, Missouri, Bradley and Navy.

Only Arkansas and Rice have new coaches. Bill Henderson returns to Baylor, Marty Karow to Texas A & M, Brannon to Texas Christian, Jack Gray to Texas and Hayes to Southern Methodist.

Rangerettes Win, Rangers Lose In Gym Inaugural

All four of Perryton's basketball teams saw action Friday night in the opening of the new high school gymnasium. The Rangerettes trimmed the American Legion girls, 22-12; the Rangers lost to Bethany, 18-24; and the American Legion boys were on the short end of a 42-33 count at the hands of the Negro Trotters.

The first game of the evening between the Legion girls and the Rangerettes, saw the high school cagers take an early lead and maintain it throughout the game. Betty Schnell, rangy center for the Rangerettes, was high point scorer.

The Rangers started out slowly, then picked up speed in their game to lead, 12-11 at the half. The Bethany five started hitting the bucket in the last half, however, and pulled six points out front after the score was 18-18 in the final quarter.

It was a rough game, with nine fouls called against the Rangers.

JOHN DEERE NO. 55 Self-Propelled Combine

IS NOW AVAILABLE!!!

QUALITY FEATURES

1. Quick adaptability for harvesting all combine-able crops.
2. High, roomy operator's platform puts operator up out of the dust and dirt—away from the heat and fumes of the motor. All controls are conveniently reached from the comfortable seat.
3. Selective ground speed control permits working at any combining speed from a mere crawl on up—a top transport speed of 9 1/2 miles per hour. You can completely utilize the capacity of the combine in all fields and crop conditions.
4. Engine and grain tank are on top of the combine—you get an equalized load on the wheels for best traction and stability... easier steering and more even cutting... easier servicing.
5. Double-ram hydraulic lift instantly raises and lowers platform.
6. Center-delivery platform auger, feeder beater, and slatted feed conveyor deliver grain positively and evenly.
7. Big capacity, easily adjusted rasp-bar cylinder threshes clean.
8. Separating cylinder and concave grates separate up to 90 per cent of grain before material reaches straw walkers.
9. Three full-length, five-step straw walkers thoroughly agitate straw—completing separation job.
10. Extra-large cleaning units with powerful blast fan do a clean job with a minimum of adjustment.
11. Big capacity, auger-unloading grain tank empties in 1 1/2 minutes while the combine is standing still or "on the go."
12. Highest quality drives, bearings, materials, and workmanship insure extra years of low-cost service.

Prices Zoomed, Business Boomed During Ten Years of Fantastic Forties Just Ending

**By Wilbur Martin
Associated Press Staff**
You could rent a four-room, furnished apartment for \$45 a month in Dallas on Jan. 1, 1940. That same day pork chops were advertised at 15 cents a pound and six cans of sardines for 19 cents.

The first day of our dying decade was the beginning of some bewildering times and prices were a major item of the Fantastic Forties.

The high cost of living became an almost fanatical subject in the years right after the war ended. Thousands of veterans came back with a hundred dollars discharge pay in their pocket and not much prospect for anything but another hundred-dollar payment.

They came back to glut colleges, to overwhelm trade schools, to dry up a job market that for years had gone begging.

War workers joined the veterans in a mass switch from the temporary to the permanent. Statistically, the times were abundantly prosperous. Banks had record deposits on hand; industry had set new records; crop values were astronomical.

In 1947, for instance, Texas' wheat harvest was a record, 124,270,000 bushels. It brought high

prices. The state's livestock was valued at \$996,369,000 in 1948. That same year some 892,632,000 barrels of oil was worth \$2,329,769,000.

Cotton, cotton seed, grain sorghums, corn, rice, nuts, and citrus growers were part of a multi-million dollar industry. And their production totals were in the millions of bushels and bales.

The Forties were a changing times. Many tried to keep pace. The state started a general reform of the prison system under a new general manager, O. B. Ellis.

The Gilmer-Alken school bills overhauled the state's school system and provided for an elective board of education and an appointive superintendent. Miles of rural roads were authorized. For a while, money ran free. It was easy to make during the war. There was a lot of saving stacked up for the years after the war.

Sports cashed in on this backlog of cash. So did the entertainment world.

Baseball boomed until Texas had seven professional leagues. Football attendance mushroomed until almost every game of note was a sellout months in advance.

The pinch is on right now. Night club operators and bar owners are frank to admit that the lush days are over. But they are still far, far ahead of business in 1949.

There was a period when most people just didn't give a hoot for anything. That was during the war. To a lot of people, it was "live now, for tomorrow you may die."

There was a period right after the war, a period of confusion, uncertainty. For a lot of people — especially veterans — there was a firm conviction that things were permanently snafued.

There's another period now. It's a period where the majority want most of all to be secure.

There are fewer applications for loans to start small businesses. There's a much smaller turnover among workers. "Hang on to it, you don't know what's going to happen" is the general attitude for many.

You'll find this feeling in all groups, the white collar class, the small business man, the industrial worker.

You can point to booming Texas: a new oil field in Scurry county; millions of dollars worth of new construction, highly varied industry, more people working than ever before and making more money for the most part.

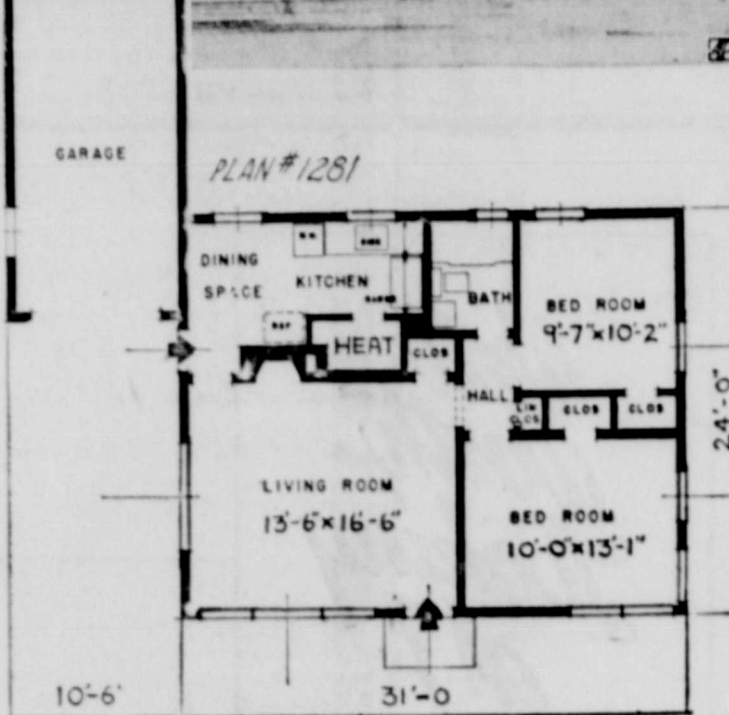

You can quote statistics to show that the Forties are fantastic in the opportunities they provided.

"Yeah, but I haven't got any of that."

An ex-bomber pilot might have summed up these times.

"Look, I was in the army for nearly five years. I didn't get any of that easy money in war plants. I took the best job I could get. I haven't got a house of my own or an automobile. I'm in a rut and I know it. Three, four years ago I'd have said to hell with it and gone out looking for something better. But not now. I don't know what's going to happen today, much less tomorrow. I can't leave something for

HOMES FOR AMERICANS

CAREFUL PLANNING packs a lot of livability into this unusually small house of 744 square feet, exclusive of garage. This is design 1281 by McMurry & Chirgott, architects, 968 Stuyvesant Ave., Union, N. J. The house is planned basementless construction with a heater room located off the kitchen. Its simple rectangular form makes for economy in building.

nothing, I know where I'm going and I'm sure as hell not getting there very fast. You tell me." The Fifties might. The Forties can't.

Pontiac Body Shop Moves to New Location

The Pontiac Body Shop has moved to a new location at 14 Southwest Third Avenue, it has been announced. The new location is in the Quonset building of the former A & B Motor Co. building.

The name of the firm has been changed to The Body Shop. The owners have added considerably more room for their equipment, including separate paint rooms for two cars.

Paris Press Bows To Provinces

PARIS—French provincial newspapers are stealing away the circulation of the big Paris dailies, according to figures compiled by the French Press Federation. Latest estimates show the provincial press has about 7,000,000 readers, while the Paris press has only 3,800,000 readers. Before the war Paris newspapers sold about the same number of copies as those of the provinces combined.

Jerry Cox, Jr., and family of Liberal, Mo., visited last week in the home of their uncle and family, Mr. and Mrs. J. F. Cox.

Angley-Drum Nuptial Vows Exchanged Monday Afternoon at Beaver, Okla.

Wedding vows for Miss Thelma Angley, daughter of Mrs. O. C. Angley of Bartlesville, Okla., and Cecil Drum, son of Mr. and Mrs. Cecil Drum of Beaver, were exchanged Sunday at 2:30 p. m. in the First Baptist Church in Beaver, Okla. The ceremony was officiated by Rev. K. V. Hawkins. The bride wore a dress of blue per satin with white accessories and a corsage of white carnations. Her corsage was of white carnations. The groom wore a tuxedo with a white shirt and a white bow tie. The bride's maid of honor, Miss Sylvia Angley, sister of the bride, wore an abardine suit with black accessories. Her corsage was of white carnations. The groom's best man, Mr. Marvin Drum, served his brother as best man. The reception was held in the church basement following the exchange of vows. The three-tiered wedding cake, topped with miniature bride and groom, centered the table and either side of the cake were red lighted candles. The bride's Virginia Janzen was in charge of the guest book. Mrs. J. H. Woodward, roll call was answered by each member telling what they received for Christmas. Plans were made to make a quilt to send to Girls Town at Whiteface. The club sent a big box of clothing and gifts to Girls Town before Christmas. Refreshments were served to Mesdames Gertrude Hardy, Louise Woodward, J. L. Flowers, Mary Kile, Juanita Shields, Barber, Hattie Collins, Jane Loving, Eason, Manita Case, and the hostess, Mrs. Lile. The next meeting will be in the home of Mrs. Bob Loving.

Mrs. Leatherman Is Club Hostess

Mrs. Ross Leatherman was hostess to the Delta Deck bridge club at her home Friday afternoon.

Mrs. Gilbert Mize and Mrs. Clifford Beck tied for high score during the afternoon's bridge, and the traveling prize was awarded Mrs. Aldon Bell.

A refreshment plate was served to Mesdames Roy Bell, Orlan Bell, Dwight Sims, Aldon Bell, Paul Williams, Sibbie Jines, G. A. Rupperecht, Claude Allen, and Claude Carmichael and Jim Putman, guests.

Tuesday Sewing Club Meets With Mrs. Lile

The Tuesday Sewing Club met Tuesday, January 3, in the home of Mrs. Ruth Lile.

After the meeting was called to order by the president, Mrs. J. H. Woodward, roll call was answered by each member telling what they received for Christmas.

Plans were made to make a quilt to send to Girls Town at Whiteface. The club sent a big box of clothing and gifts to Girls Town before Christmas.

Refreshments were served to Mesdames Gertrude Hardy, Louise Woodward, J. L. Flowers, Mary Kile, Juanita Shields, Barber, Hattie Collins, Jane Loving, Eason, Manita Case, and the hostess, Mrs. Lile. The next meeting will be in the home of Mrs. Bob Loving.

Beta Sigma Phi Meets at Hotel

Beta Phi chapter of Beta Sigma Phi met Tuesday night, January 10, in the Harvester Room of the Perryton Hotel with the president, Jane Hudson, in charge.

After the business session, the program was given by Len Lowe. The topic for the evening was opera and the story of "Carmen" was told, and recordings from that opera were played.

Those attending were Maurine Bostick, Lena Mae Brillhart, Naomi Carpenter, Betty Cudd, Sue Dowers, Margaret Gibson, Ruby Hocking, Marcella Holt, Jane Hudson, Jean Huebner, Carol Jines, Doris Jines, Margaret Mary Leicht, Len Lowe, Mary Jane Luthi, Bert Owens, Hazel Pearson, Mildred Pletcher, Phyllis Price, Billie Taylor, Martha Thomas, Peggy Thomas, Gwen Wade and Helen Watson. Want Ads are economical, too.

New Girls 4-H Club Organized At Huntoon

The Huntoon girls 4-H Club was organized in the home of Mrs. J. O. Cook December 19 with ten girls attending the initial meeting. Mary Watson Jones, county home demonstration agent, attended the first meeting.

The club voted to meet twice monthly, the first and third Mondays. Mrs. J. S. Thrasher and Mrs. J. O. Cook are club leaders.

The second meeting was held in the home of Mrs. D. D. Hummer on January 2, and the next meeting is scheduled for January 16 in the home of Mrs. J. S. Thrasher.

The club is making an effort to increase membership, and persons interested in joining should see one of the club leaders.

Mrs. Miles Edwards Entre Nous Club Hostess Friday

Mrs. Miles Edwards was hostess to the Entre Nous club at a dessert bridge Friday in the Harvester Room at Hotel Perryton.

Mrs. Glen McGibbon received the prize for high score, and Mrs. Max Boyer received second prize.

Dessert was served Mesdames Jack Todd, Max Boyer, J. H. Brashear, G. L. Kengle, H. J. LeMaster, Mattie Maud Cayler, Cecil Dodd, Vance Apple, Glen McGibbon, Fred Osborne, LaRue Norris and Arch Talley.

Business Women Meet Thursday

The Business and Professional Women's Club held its regular meeting in the Harvester Room of Hotel Perryton at 6:30 p. m. Thursday.

After dinner, members enjoyed an interesting program which consisted of two piano selections by Mrs. Louis Jacquot and an interesting talk on "Education and Vocations" by Gilbert Mize, superintendent of the Perryton schools.

The business meeting was held following the program. Minutes of the two previous meetings were read and plans and reports from standing committees were heard.

Guests were Gilbert Mize, Mrs. Louis Jacquot, and Mrs. Rmina Laughlin. Members attending were Mesdames Rose Powell, Nan Perry, Mildred Holt, Dorothy Crisp, Jessie Stewart, Mary Watson Jones, Leah Ward, Frances Ferguson, Virginia McWilliams, Maudine Leslie, and Pearl Teeter, and Misses Joyce Rogers, Moina Caldwell, Mozelle Parr, Anna Tevis, and Hulda Schmidt.

Icebergs are never seen in the Arctic Ocean because there are few glaciers around it large and active enough to produce bergs.

Nellie Barnes, Ray Pinkerton Wed at Sharon

In an informal ceremony December 25 at six o'clock in the evening, Miss Nellie Barnes, daughter of Mr. and Mrs. Carl Barnes of Laramie, Wyo., formerly of Booker, became the bride of Ray Pinkerton, son of Mr. and Mrs. Charley Pinkerton of Booker.

The single ring service was read by Rev. Charles W. Schardein of Bethany, Okla., before an arch of greenery flanked by lighted tapers and white carnations in the Nazarene Church of Sharon, Okla.

Mrs. R. A. Allyson, pianist, played a background of music during the service. Before the ceremony, Mr. C. W. Schardein sang "At Dawning," and "Have Thine Own Way," Mrs. Paul Huffman sang "Always."

Mrs. R. A. Allyson played the traditional wedding marches for the entrance of the bride party.

The bride entered on the arm of her father. She chose a lovely street length dress of pale blue satin with brown accessories. Her corsage was of red roses tied with white satin ribbon. She carried a white Bible topped with red roses and a shower of white satin streamers. The Bible was a gift of the bride's parents.

Miss Barbara Paul was maid-of-honor. She wore an aqua dress of nylon with black accessories and her corsage was of red roses. Melvin Suess acted as best man.

Candlelighters were brothers of the bride, Billy and Johnny Barnes. Ushers were T. G. Litter and R. A. Allyson.

The bride's mother, Mrs. Carl Barnes, was attired in a grey suit and brown accessories and had a corsage of pink carnations. The groom's mother chose a dress of tan crepe with black accessories and a corsage of pink carnations.

After the service, a reception was held in honor of the bride party in the home of the bride's grandmother.

The three-tiered wedding cake was baked and decorated by a close friend of the bride's family and was served by the groom's mother. Coffee was poured by the bride's mother.

Mr. and Mrs. Pinkerton both attended Booker high school and Mr. Pinkerton attended Perryton high school.

Relatives attending the wedding from Booker were Mr. and Mrs. Virgil Doerrie and son, Jerome; Jimmy Lehman, Jackie Lieut Clarke, Juanita Rutledge, Mr. and Mrs. Jack Clarke and daughters, Janice and Sharon.

Mrs. Spencer Entertains Borger Guests Sunday

Visitors Sunday afternoon in the home of Mrs. F. C. Spencer and Grace were Mrs. L. M. Davis, Mrs. Zelma Johnson and Mrs. B. H. Curtwright of Borger.

Sunday evening Mrs. Spencer and Grace entertained the visitors at dinner. Mrs. C. B. Rogers was also a guest.

Mrs. J. H. Neufeld Is Hostess to Busy Ladies Class

The Busy Ladies Class of the First Methodist Church met in the home of Mrs. J. H. Neufeld Friday.

In charge of the meeting was Mrs. R. D. Stephenson, president. The opening number on the program was a song, "Love Lifted Me." Mrs. John Sell read the devotional from the Bible and Mrs. H. W. Ragan gave the prayer.

Minutes of the last meeting were read by the secretary, Mrs. Annie E. Rogers, who also gave a resume of the year's work.

Reports from the treasurer, Service Committee and chairman of the James Wallace Fund were given and a few business matters were discussed.

Mrs. John Sell was in charge of a short program assisted by Mesdames F. B. Kile, O. T. Glasgow, G. M. Cooper, W. E. McMillen and James A. Henshaw. A letter from the teacher, Mrs. D. A. Caldwell, who is visiting in California was read by Mrs. Sell.

In honor of Mesdames Belle H. Truax, Nancy Goodman, and John Sell, who have birthday anniversaries in January, a beautiful birthday cake presented by Mrs. J. H. Neufeld, was served with other refreshments to Mesdames R. D. Stephenson, F. B. Kile, John Sell, O. T. Glasgow, G. M. Cooper, W. E. McMillen, H. W. Ragan, Lloyd H. Jones, W. E. Garrison, Nancy Goodman, Anna Dubdock, Belle H. Truax, Annie E. Rogers, S. S. Mallett, and guests Mrs. Carroll Mallett, Mrs. James A. Henshaw, and Mrs. S. P. Tevis.

Dr. Pearson to Speat at B&PW

Dr. D. B. Pearson, Jr., will address the Perryton Business and Professional Women's Club on the subject "The Importance of First Aid Knowledge" at the regular meeting of the club on Thursday, January 19.

The meeting will be held in the Harvester Room of Hotel Perryton.

This address will launch the club project, which is the sponsoring of a course in first aid, which will be available for the public.

Mrs. Clyde Tarbox Hostess Thursday To Shields Circle

Mrs. Clyde Tarbox was hostess to the Shields Circle of the Baptist W. M. U. for the Stewardship program Thursday afternoon.

Mrs. A. M. Horan gave the opening devotional, and Mrs. Virgil Castle and Mrs. Jerry Slaughter presented the program. Mrs. Lester Portwood gave the closing prayer.

Refreshments of ice cream and cake were served to Mesdames Jack Shields, A. M. Horan, A. J. Kelly, Horace Smith, Virgil Castle, Jerry Slaughter, Lester Portwood, J. L. Flowers, C. C. Carter, Ray Phagan, Clyde Tarbox, and Harry McFarland, Bob Loving, and Mrs. Holliday guests.

Dolores Grigsby and Bruce Holmes Wed at Roswell

In an informal ceremony Miss Dolores Grigsby, daughter of L. R. Grigsby of Davenport, Oklahoma, recently became the bride of Bruce Holmes, son of Mr. and Mrs. Roy Enfield of Perryton.

Rev. M. W. Nilsson, pastor of the First Christian Church at Roswell, N. M., read the single service at 3 o'clock in the First Christian Church.

The bride wore an afternoon dress of turquoise satin with black accessories with a corsage of gardenia.

Mrs. Holmes was graduated from Davenport High School and attended Baylor University at Waco and Oklahoma A & M at Stillwater. She was selected "Wheatheart of the Nation" at the annual Perryton celebration in 1948.

Mr. Holmes was graduated from Perryton High School and West Texas State College at Canyon. During the recent war he served two years with Patton's Third Army in the European Theatre.

For the wedding trip to Mexico, the bride wore a brown gabardine suit with brown accessories.

The couple are at home at the Archer Apartments in Perryton.

Betty Lawrence Heads Hy Shy Ny

Betty Lawrence was elected president of the Hy Shy Ny Class of the Baptist Church at the monthly business meeting held Monday afternoon at the home of Mrs. Horace Smith, class teacher.

Other officers elected at the meeting were Donita Gunter, vice president; Dorothy Portwood, secretary; Pearl Logan, community missions; Dorine Wright, social chairman; Ellen Newman, decorator; and Nelta Bozarth, reporter.

Jeanne Campbell was a visitor at the meeting. Refreshments were served to the group by Mrs. Smith.

Ochiltree Club Meets at Lounge

Mrs. Oscar Blank was hostess to the Ochiltree HD club on January 4 at the club lounge. Roll call was answered with something about the life circle of the family.

Mrs. Robert Thurman was lectured by demonstrator, Mrs. Ancl McClung was elected clothing demonstrator and Mrs. Arlo Williams on work simplification.

Those present were Mesdames Jack Dodson, Jim Dodson, Robert Thurman, Ancl McClung, J. D. Flowers, Kirt Williams, Arlo Williams, N. R. Hutton, and Mary Watson Jones.

The next meeting will be with Mrs. Arlo Williams on January 20.

MR. and MRS. KENNETH DOTY

Lola Belle Barnes and Kenneth Doty Wed January 1 at Full Gospel Church

Baskets of white gladioli and greenery, candelabra bearing tall white bridal tapers and an arch of greenery and white gladioli were used to decorate the Full Gospel church for the wedding of Miss Lola Belle Barnes and Kenneth G. Doty, which was solemnized at 5 o'clock, January 1, Rev. Murphy Barnes, brother of the bride, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. B. L. Barnes, 1021 S. Drake, and Mr. Doty is the son of Mr. and Mrs. J. O. Doty, Alief, Texas.

Paul D. Mahon, soloist, sang "Always" and "I Love You Truly." "Just a Song at Twilight" was played softly during the ceremony. The traditional wedding marches were used for the processional and recessional. Preceding the bride to the altar were her attendants, Mrs. R. L. Pattison, her sister, was maid of honor. Bridesmaids were Mrs. L. A. Ballard, Jr., and Mrs. Virgil Mott, sister of the groom. Mrs. Pattison was attired in pastel blue satin, fashioned with a low cut v-shaped neckline, fitted bodice and bouffant skirt. She wore mits of matching color and wore a bandeau of yellow maline and roses. She carried a cascade bouquet of yellow roses and maline.

The bridesmaids' frocks were of rose and gold satin styled like the honor attendants. They wore bandeaus of matching net and carried cascade bouquets of harmonizing carnations.

Miss Lavanda Barker and Mrs. James Doty lighted the candles. Their dresses were of fuchsia taffeta.

James Doty was best man. Groomsman were Robert Wayne Girouard and Wessie Aggie, Jr. Ushers were Tommy Pletcher and Winston Dinger.

For her daughter's wedding, Mrs. Barnes chose a wine crepe dress. Her corsage was of white carnations. Mrs. Doty wore a brown crepe dress and a white carnation corsage.

The bride was escorted to the altar by her brother, Bernard Barnes. She chose a dress of white satin, fashioned with a yoke of illusion, fitted bodice and long, tapering sleeves. The skirt was full and the front was adorned with rows of lace draped in graceful scallops. The cathedral-length train was lace edged. Her finger-tip veil of illusion was edged in matching lace and fell from a coronet of seed pearls. The bridal bouquet was an orchid showered with

Plates were laid for Mr. and Mrs. Adelman, Mr. and Mrs. Keith Adelman and Jerry, Mrs. May Hill and Travis Boston, all of Booker, Mr. and Mrs. Anderson and Sharon.

Following the wedding trip the couple will be at home in Alief, Texas, where the groom is engaged in farming.

Jewel Andersons Hosts at Venison And Trout Dinner

Mr. and Mrs. Jewel Anderson and daughter, Sharon, entertained in the L. T. Adelman home at Booker Sunday evening with a venison steak and trout dinner. Mr. and Mrs. Anderson and Sharon, who live on a ranch at Delta, Colo., are staying in the Adelman home at Booker where Mrs. Anderson's grandmother, Mrs. May Hill is convalescing.

Plates were laid for Mr. and Mrs. Adelman, Mr. and Mrs. Keith Adelman and Jerry, Mrs. May Hill and Travis Boston, all of Booker, Mr. and Mrs. Anderson and Sharon.

Notla Club Meets In Calliham Home On January 5

The Notla Home Demonstration club met January 5 in the home of Mrs. J. H. Calliham. The meeting was opened with the group reading the "Collect" by Mary Stewart.

Mrs. Edd Savage furnished entertainment for the recreation hour and roll call was answered by each member giving something from her family history.

Mrs. B. L. Hance volunteered to be clothing demonstrator and Mrs. Elaine Gurley was named yard demonstrator for the year.

After drawing secret pals for the year, the meeting was turned over to Mrs. Mary Watson Jones, agent, who gave a talk and illustrations on "Mr. and Mrs. Potato's Family Life."

Refreshments were served to Mesdames George Yates, Edd Savage, Fay Savage, Walter Daniel, B. L. Hance, Fred Hale, Don Gurley, Mary W. Jones, Ralph Hale, Mrs. George Jackson, a new member and the hostess.

to thirty-two guests. Chaperons for the occasion were Mr. and Mrs. Claude Scheil and Mr. and Mrs. Donald Scheil.

'Family' Studied By Waka Club At First Meeting

The Waka Home Demonstration Club made a good start on the year's work when they met in the home of Mrs. Irvin Molesworth on January 4. The subject of the meeting was "The Life Cycle of the Family."

Mrs. Mary Watson Jones gave the following definition on this timely subject: "Family life education is a process that can help people recognize, and work toward, the solution of family situations and problems which threaten an individual and family grown and security."

Roll call was responded to with something of interest in each family history.

The new year books were distributed to members present. The first six month programs for the second meeting were completed and filled out.

Mrs. Alvil Klotz was accepted as a new member. Others present were Mesdames Allen Dennison, Walt Preston, H. N. Ellledge, J. R. Stump, Carl Scroggs, David Dunnahoo, the hostess and Maude Stump.

The next meeting will be on January 16 with the meeting place to be announced later.

It was voted for the members to entertain alphabetically.

Garden Club Has Corsage Study, Views Pictures

The Perryton Garden Club met Tuesday afternoon in the home of Mrs. O. A. Schuster, 719 S. Grinnell, for a program given to the showing of colored pictures and a special study of corsages.

Hostesses were Mrs. Schuster, Mrs. Giltner LaMaster, Mrs. L. R. Conner, and Mrs. S. P. Whippo.

Mrs. Lawrence Ellzey, president of the club, conducted the business meeting.

Mrs. L. R. Conner was in charge of the program. Colored pictures of cultivated and wild flowers were shown. These pictures came from the National Garden Bureau of Chicago. In addition, colored pictures of the Dean Conner home and yard, and the yard of Mrs. L. R. Conner were shown. Mrs. S. P. Whippo showed pictures of fruit and flowers in her yard and also members of her family.

In connection with the special part of the program on corsages, Mrs. O. C. Rogers sent a corsage of straw flowers; Mrs. W. B. LaMaster brought an orchid corsage; Hergert's flower Shop sent a corsage of daffodils interlaced with ribbon; and Mrs. Giltner LaMaster brought a table arrangement of heather, miniature cat tails and bare branches. Mrs. S. P. Whippo brought a buffet arrangement of silvered pine cones, evergreen, yapon sprays, mistletoe and pastel floral tapers.

A refreshment plate was served to Mesdames Dewey Allen, Rufus Bolerjack, Dean Conner, L. R. Conner, G. M. Cooper, R. T. Correll, H. T. Cutter, Lawrence Ellzey, Lewis Emerick, C. W. King, Giltner LaMaster, W. B. LaMaster, Clarence Neufeld, Dan Manning, J. W. Putman, O. A. Schuster, Arch Talley, Golla Tandy, S. P. Tevis and S. P. Whippo.

Mrs. Lloyd Jones discussed the first chapter of a series of Bible studies from "Women of Scripture" by Arthur Bruce Moss at the regular monthly Spiritual Life and business meeting of the Women's Society of Christian Service of the Methodist Church Thursday at the church.

Mrs. C. F. Jones led the group in the opening prayer, and the business meeting was conducted by Mrs. Rufus Bolerjack, president.

Mrs. Floyd Coffin gave the devotional opening the afternoon's program followed by the discussion by Mrs. Jones.

Attending were Mrs. Belle Truax, Mrs. Ragan, Mrs. S. S. Mallett, Mrs. Norman Clark, Mrs. Clifford Beck, Mrs. C. F. Jones, Mrs. Lloyd Jones, Mrs. Rufus Bolerjack, Mrs. Lawrence Ellzey, Mrs. Garland Daley, Mrs. Floyd Coffin, Mrs. D. D. Shanks, Mrs. C. B. Rogers, Mrs. Glen Sell, Mrs. Orian Bell, Mrs. Claude Cook, Mrs. B. F. Moon, Mrs. P. E. Gidley, Mrs. Chas. Garrett, and W. E. McMillen.

Members answered roll call with "my pet peeve."

Miss Grace Reynolds, Beaver county home demonstration agent, gave an interesting talk in keeping with the lesson.

Taz Club Holds Regular Meeting

The Taz HD club had their regular meeting in the home of Mrs. William Flowers on Friday, January 6.

Plans were made for the coming year and the club laws and by-laws were reviewed. The members also drew for sunshine pals for the new year.

Refreshments were served to the following members: Mesdames C. B. Trew, Martin McCartor, Warren Gum, Carl Phillip, Kenneth Edwards and to Mrs. Bunting and King, visitors.

The next meeting will be with Mrs. Clem Flowers on January 27. The meeting day of the club has been changed from Tuesday to Friday.

Methodist Women's Society Holds January Meeting

Mrs. Lloyd Jones discussed the first chapter of a series of Bible studies from "Women of Scripture" by Arthur Bruce Moss at the regular monthly Spiritual Life and business meeting of the Women's Society of Christian Service of the Methodist Church Thursday at the church.

Mrs. C. F. Jones led the group in the opening prayer, and the business meeting was conducted by Mrs. Rufus Bolerjack, president.

Mrs. Floyd Coffin gave the devotional opening the afternoon's program followed by the discussion by Mrs. Jones. Attending were Mrs. Belle Truax, Mrs. Ragan, Mrs. S. S. Mallett, Mrs. Norman Clark, Mrs. Clifford Beck, Mrs. C. F. Jones, Mrs. Lloyd Jones, Mrs. Rufus Bolerjack, Mrs. Lawrence Ellzey, Mrs. Garland Daley, Mrs. Floyd Coffin, Mrs. D. D. Shanks, Mrs. C. B. Rogers, Mrs. Glen Sell, Mrs. Orian Bell, Mrs. Claude Cook, Mrs. B. F. Moon, Mrs. P. E. Gidley, Mrs. Chas. Garrett, and W. E. McMillen.

Four Members Are Added to Jollyette Club

First meeting of 1950 for the Jollyette 4-H Club was held on January 2 in the home of Margaret Scott.

The club welcomed four new members, Marilyn Scott, Glenda McGibbon, Jo Morris and Hope Watson.

Even though they gained four new members, the club regretted losing one of their old members—Joyce McDonald, who has moved from Perryton.

The next meeting will be held in the home of Marilyn and Betty Witt, on January 16.

Club year books were passed out at this first meeting.

Refreshments of sandwiches, cocoa and pickles were served to the following: Joyce Schoonover, president; Margaret Scott, hostess and vice president; Mary Anita Selby, sec-treas.; Fernlyn Witt, Betty Witt, Charlene Selby, Joyce Pearson, Hope Watson, Marilyn Scott, Jo Morris and Glenda McGibbon; Mrs. John Schoonover, sponsor; Mrs. Mary Watson Jones, agent, and Mrs. Selby, visitor.

Those unable to attend were Shirley Thompson, Laura Thompson, Martha Willis, Virgie Lou Wilson, Gayla Faye Milledge, Ernestine Heanny, Mrs. Vrtle Farries and Mrs. Allen Dennison.

Visitors Honored During Week With Many Courtesies

A number of courtesies were extended last week to Major Howard McCutcheon and his fiancée, Miss Margaret Travis of Murfreesboro, Tenn., who are visitors in the home of Major McCutcheon's brother, Mr. and Mrs. Dean McCutcheon and Bob. On Wednesday evening, Mr. and Mrs. O. C. Watson were hosts at dinner in their home, 1201 S. Baylor. Places were laid for Miss Travis, Major McCutcheon, Mr. and Mrs. Dean McCutcheon and Bob, the hosts, Hope and Jackie. On Saturday evening, Mr. and Mrs. Jerome Woods entertained for the visitors. After dinner, card games were enjoyed. Those present were the honor guests, Mr. and Mrs. Dean McCutcheon, Mr. and Mrs. Ray Thomas and the hosts.

At noon Sunday, Mr. and Mrs. Ray Thomas were hosts at dinner in the Harvester Room of Hotel Perryton. Those attending were Miss Travis, Major McCutcheon, Mr. and Mrs. Jerome Woods, and Jerome, Jr., Mr. and Mrs. Dean McCutcheon and Bob, the hosts, Russ and Kim.

Sunday evening, Mr. and Mrs. Keith Lane were hosts at supper. After supper the group played Canasta. Those present were the honor guests, Mr. and Mrs. Dean McCutcheon and Bob, the hosts and daughters, Judy and Susie.

Mrs. LaRue Norris Is Friday Bridge Club Hostess

Mrs. LaRue Norris was hostess to the Friday bridge club at her home, 302 S. Amherst, Friday afternoon.

Mrs. Harlan Hawk played high score. Refreshments were served to Mesdames Harlan Hawk, W. C. Herndon, Max Boyer, Glen McGibbon, Vance Apple, H. C. Brillhart, G. L. Kengle, and J. H. Brashears.

Young Matrons Meet Thursday In Wilson Home

The Young Matrons Missionary Society of the First Christian church met Thursday afternoon in the country home of Mrs. Leland Wilson. The meeting was opened by singing a hymn, followed by prayer given by Mrs. Roy Johnson.

The business session was conducted by the president, after which Mrs. A. K. Wilson presented the new unit of study. She gave a very interesting introduction to the new study, "Buddhism in Japan," given by Mrs. Leland Wilson.

Mrs. Bob Schell's topic was titled, "Christian Church in Japan." Miss Jewell Ann Morgan read a selection of poetry, "Farewell to the Forties." This was followed by the devotional, "Thy Kingdom Come, O God," given by Mrs. Roy Johnson.

The meeting was closed by the group repeating the Missionary benediction.

Refreshments were served by the hostess, Mrs. Leland Wilson, to Mrs. Joe Cox, Mrs. Max Clark, Mrs. Bob Schell, Mrs. Maurice Wilson, Mrs. Roy Johnson, Miss Jewell Ann Morgan and the counselors, Mrs. A. K. Wilson and Mrs. Anna Holmes.

Miss Anna Tevis Is Wesleyan Service Guild Hostess

The regular meeting of the Wesleyan Guild met Monday evening, January 9th, at 7:30 in the home of Miss Anna Tevis, who with Mrs. Herman Meadows, served as hostesses.

Mrs. Loyd Morgan, president, conducted the business session. Roll call was answered, minutes read, and correspondence read from William Henry Roath and Ethyl Harpist Orphanage Home.

Thanking the Guild for Christmas remembrances, a letter was read from the Conference Guild Secretary concerning cash supplies.

Carp which have long been netted from Minnesota lakes as a nuisance, have been found to make tasty food when canned.

The hostesses served baked Alaska and coffee to the following: Mesdames Rufus Bolerjack, Troy Sullivan, Freeman Garrett, LeRoy Hartman, Harold Hudson, Mary Watson Jones, C. W. King, R. L. Kirk, J. D. Maberry, A. P. McCelvey, Loyd Morgan, Misses Moira Caldwell, Josephine Harkey, Georgia Hurlney, Len Lowe and a guest, Mrs. Bruce Baumann.

Mrs. C. W. King was program leader for the topic "The Whole of Love is Our Answer." Mrs. A. P. McCelvey was pianist and Mrs. Rufus Bolerjack song leader for several songs.

Mrs. Harold Hudson was program chairman and discussed "The Whole of Love is My Answer." Mrs. R. L. Kirk gave the closing prayer.

The hostesses served baked Alaska and coffee to the following: Mesdames Rufus Bolerjack, Troy Sullivan, Freeman Garrett, LeRoy Hartman, Harold Hudson, Mary Watson Jones, C. W. King, R. L. Kirk, J. D. Maberry, A. P. McCelvey, Loyd Morgan, Misses Moira Caldwell, Josephine Harkey, Georgia Hurlney, Len Lowe and a guest, Mrs. Bruce Baumann.

Carp which have long been netted from Minnesota lakes as a nuisance, have been found to make tasty food when canned.

Danna Kay Archer Party Honored Second Birthday

A birthday party for Danna Kay Archer, second birthday was given after school by her mother, Mrs. Dan Archer, 317 S. W.

Refreshments of cake and punch were served. Favors were cars and trains.

Guests were Linda Davis, Sandra Schuster, Joe Ray Harkey, Jeanette Cudd, Joe Archer of Spearman, Archer of Spearman, and Kay Thomas of T.

The burbot, a fish U. S. Waters which is regarded as a pest because it yields a liver oil rich from cod fish.

Dinner at Booker Honors Those with January Birthdays

BOOKER—Guests for the week in the Levi Morgan home are included Mr. and Mrs. Lewis Morgan, Mr. and Mrs. Joe Schmidt, Miss Raymona Ka Morin and Mrs. Kelsie Bissell all of Mutual, Oklahoma. On Sunday a lovely dinner was served to friends and relatives of the Morgan family honoring those who have birthdays during January.

Honorees for the occasion were Mrs. Wayne Parrish of Booker, Mr. and Mrs. Arthur Morgan, Mr. Martin Duke, Mrs. Don Sell, Mr. Perryton, and Mrs. Mildred Sheffield, a granddaughter of the hosts from Dimmitt who was unable to attend.

Other guests for the delicious dinner were Mr. and Mrs. Leonard Morris and Peggy, Mr. and Mrs. Frank Slovacek and sons, Miss Joyce Merydith, Mr. and Mrs. D. D. Hummer and family, Mr. and Mrs. Glenn Morgan, Mr. and Mrs. Wayne Parrish and Mrs. all of Booker, and Bernice

of Buffalo, Oklahoma, and Mr. Cox of Ashland, Kansas. Perryton guests included Mr. and Mrs. Arthur Morgan and family, Mr. and Mrs. Don Sell and family, Joe Cagle, Mr. and Mrs. Martin Duke and family and Ansel Bissell.

Leroy Buller Is Birthday Honoree

Mrs. Leroy Buller honored her husband with a birthday dinner in the home of Mr. and Mrs. H. D. Barnes, 617 South Amherst, last Sunday.

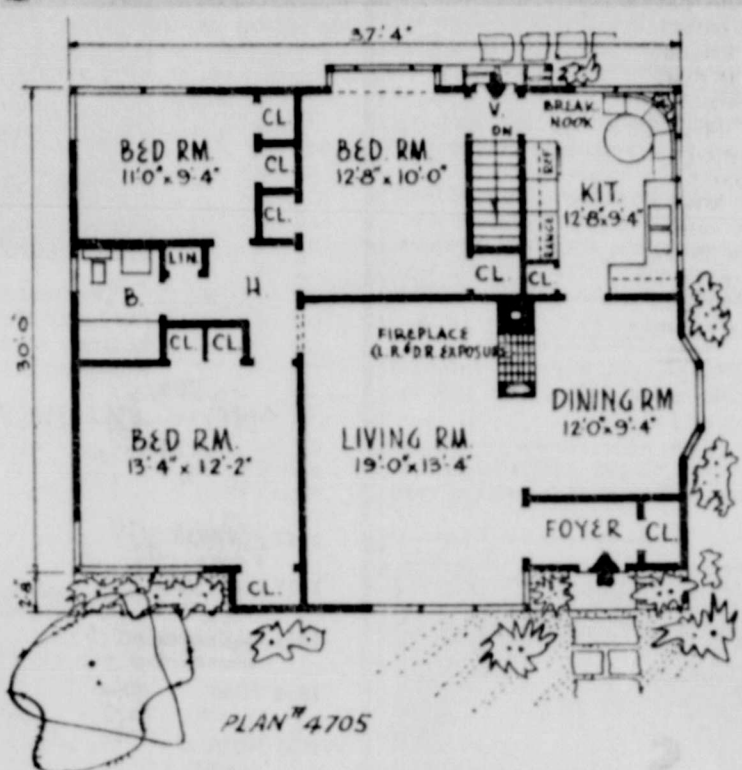

Places were laid for Mr. and Mrs. Zeb Williams and Corky, Miles Terrell, Leo Wilmet, Mr. and Mrs. H. D. Barnes and Beverly, the honor guest and Mrs. Buller.

Dinner Guests

Mr. and Mrs. W. L. Jines had as their dinner guests Monday, January 2, Mrs. Jines' brother and wife, Mr. and Mrs. Herb H. Jones, Scotts Mill, Oregon; and also her sister and family, Mr. and Mrs. Ray Mills, Neida, Adrian and Toni of Aumsville, Ore.

Mercator, the man who invented the term "atlas" for a book of maps, said it derived from a mythical astronomer King Atlas of Libia and not the god Atlas, formerly supposed to support the world on his shoulders.

HOMES FOR AMERICANS

(P) Newsfeatures
THREE BEDROOMS, ten closets and a fireplace that is open to both living and dining room are features of this nearly square economical plan. A rounded breakfast nook in the kitchen is embraced by corner windows, a ventilating feature also found in living room and two bedrooms. Designed for basement construction, this house covers 11,289 square feet and has a content of 26,337 cubic feet. Rudolph A. Matern, 90-04 161st Street, Jamaica 2, N. Y., is the architect.

1950 Farm Prices Heading Downward

By Ovid A. Martin

(P) Newsfeatures
WASHINGTON — Agriculture's wartime and postwar boom in prices virtually came to an end in 1949.

Nevertheless, farmers as a whole still were prosperous — even highly so when judged by the relatively unfavorable standards of the '30s when producers were plagued by depressed prices, low incomes and unmarketable surpluses.

Yet the year 1949 saw agriculture lose a price advantage it had enjoyed since late in 1941, the beginning of the war-inspired boom for farm products.

Application of the legal standard — parity — for measuring farm prices shows quite clearly what has happened to agriculture. Parity prices are those which, according to law, the farmer must get in order to be able to buy his fair share of non farm goods and services.

In the decade before the war, farm prices averaged far below the parity standard. In other words, the farmer was at a price disadvantage in dealing with others.

But outbreak of the war in Europe and this country's eventual entry into the conflict sent farm prices skyrocketing. They reached a record peak of 33 per cent above parity in October, 1946. In other words, agriculture enjoyed a 33 per cent price advantage over others, judged by the parity measuring stick.

This big jump in farm prices was accompanied by a similar increase in farm income.

But farm prices started easing off late in 1946 as world shortages began to lessen and as domestic production, no longer checked by limited labor supplies and machinery, climbed to new heights.

A 12 per cent decline in prices in 1949, added to decreases in the two previous years, pulled farm prices down to parity. Thus, agriculture no longer enjoyed a price advantage.

The year 1950 is likely to see

farm prices drop below the parity level, thus again putting the farmer at a buying disadvantage. Government farm economists predict agriculture prices in 1950 will average about 10 per cent below the 1949 average.

Naturally the lower prices have been reflected in a reduced farm income. The agriculture department estimates farmers' net income — the amount left after paying production expenses — at about \$14,000,000,000 for 1949 compared with the record of \$18,000,000,000 in 1947.

The department also predicts that net farm income in 1950 will drift down to \$12,000,000,000.

Despite the reduction in income, farm buying power still is high in comparison with the '30s, when returns dropped below \$4,000,000,000. The difference is not as great as it might seem by comparison of the figures, however, because a dollar in the '30s would buy more than today's dollar.

Farm prices have dropped more than have food prices. The reason for this is the fact that the cost of transporting, processing and distributing food has tended to remain at peak levels. In fact, freight rates have increased. Likewise, wages in many processing industries have increased.

Agriculture finds itself in about the best financial position it has occupied since the early twenties. The agriculture department estimates agriculture assets at about \$125,000,000,000. This is two per cent above a year ago and more than two and a third times the prewar figure for 1940.

The big incomes in the war and postwar years enabled farmers to reduce a heavy burden of debt accumulated during the difficult years of the thirties. As a consequence, they are in better position to weather a period of reduced prices than if their debts remained high.

This does not mean to say, however, that farmers face no financial problems. The prospect of a smaller income in 1950 indicates that they will have to be

more careful in their spending. They will tend to buy somewhat fewer automobiles, tractors, other machinery and household furnishings.

They face also problems of changing production patterns. Weakening foreign demands has led the government to call upon producers to grow less cotton, wheat, peanuts, tobacco, and rice next year.

Likewise the threat of costly surpluses of such domestically used crops as corn, potatoes, flaxseed, soybeans, and other grains has led also to government pleas for reduced volume of them.

The government is urging that land taken out of these crops be put into grass, pasture and forage crops for feeding meat and dairy animals.

Hence, the situation points to the possibility of further expansion in the livestock industry, and indirectly in industries which process and sell livestock products. The government hopes that much of this expansion will take place in the south, a region heretofore largely devoted to a cotton-economy.

Doctor's Center Saves Lives

DENVER—(P) — "My wife is running a fever and I want a doctor. Can you help me?" The caller was a man from Texas. Mrs. Lorene Davoren thumbed through the files at the Denver Medical Society's referral center and gave him the name of a doctor.

The doctor went to the house and found the woman had polio. She was rushed to a hospital. Another day or two and she might have died.

The incident is typical of the 40 calls the center averages each day. Set up by the doctors years ago, the center received 300 calls the first month. Now about 1,200 persons call each month.

Stone age men made rough drawings of star constellations on the walls of caves.

13th Fugitive Is Tread

HUNTINGTON, W. Va.—(P) — Police finally got their mitts on a long-sought fugitive who escaped with 12 others last summer.

His mates had all been captured shortly after their break for freedom from a railway express car on their way from Florida.

Six cops, four cruisers, and a passerby converged on Number

13, after he was spotted in a tree five blocks from the downtown business district. Now Number 13, too, faces a gloomy future. The racoon resumed his interrupted journey to a coon hunters' club at St. Alban's, W. Va.

Menhaden have many local names such as bugfish, bughead, oldwife, alewife, greentail, Chebogg, Mossbunker, whitefish, bonyfish, and fatback.

Legion Teams Win Two Games From Spearman

The Perryton Legion teams took both games from the Spearman Independents Monday night, the girls winning by a 32-23 score, and the boys trimming their opponents by a 50-24 count.

A fair sized crowd attended the two games in the new school gym.

The Perryton Legion girls took an early lead and maintained it throughout the game. They were in front 5-3 at the first quarter, led 15-8 at the half, increased it to 22-13 at the end of the third quarter, then staved off a strong Spearman finish to hold their 32-23 margin.

Ann Suitor was high point player, sinking four field goals and four free throws for 12 points.

In the boys game, Perryton jumped into an early lead and erased an earlier defeat at the hands of Spearman this season. Spearman was playing without their ace, Garland Head, and big Al Tucker was most of the offense for the visitors, racking up 19 points.

Perryton led 11-2 at the first quarter, 14-8 at the half, then in a torrid third quarter, increased their lead 37-14.

Bob Scheil was high point man with 12, one more than David Hummer, who had 11. Tommy Pletcher canned 7, Melvin Williams 6, Ira Campbell and Bill Barnes made 4, Lynn Hulsey and Edward Dear had 3 points.

Booker Cagers Trim Mobeettie 32-22 Friday

BOOKER — The Booker Kiwanas finally gained a substantial lead in the final quarter here Friday night to trim the Mobeettie Hornets by a score of 32 to 22.

The lead changed hands throughout the game, and it was not until the final quarter that the Kiwanas got a safe margin. At the half time the Kiwanas was on the short end of a 14 to 13 score.

Blau opened the Kiwanas scoring, and was high point man for the first half, but Max Comer broke loose in the last quarter to win his regular high-scoring berth with 10 points for the evening. Hayus led the Hornets scoring with 8 points.

Haviland Kansas Team to Invade Booker Court

BOOKER — The Booker high school Kiwanas will meet the Haviland, Kansas high school cagers and the Booker town team will play the powerful Haviland College team in a double header on the Booker court Saturday night at 7:30 p. m.

The invasion from Kansas should provide local fans with two outstanding cage exhibitions, since both the visiting clubs boast excellent records for the season.

Surveying Starts At Booker for North-South Road

BOOKER — Surveying started this week on a new \$52,000 paved highway which will reach from the Texas-Oklahoma line north of Booker to a point 5½ miles south.

The Oklahoma State Highway Department has also allotted funds to pave eight miles of paving which will connect the Texas road on the north and reach to Hibbs Corner where it will intersect Oklahoma State Highway 270 and 3.

Approval for both projects were made in 1949, and they will likely be completed in 1950.

When completed, this will give the Booker community a much needed paved road to the north.

Booker to Play Rangers Jan. 13

BOOKER — The Booker Kiwanas will journey to Perryton January 13 for an engagement against the Rangers in the new Perryton gymnasium.

This will be the first meeting of the two clubs this season. The Kiwanas are decided favorites having four returning lettermen from last year's squad against Perryton's two. The Kiwanas won easily last week over Bethany who defeated the Rangers here Friday.

Sugar, wine, starch, oil wax and resin are among the products from palm trees of various species.

The National Geographic society says the Belgian produces 60 per cent of the known uranium.

The New 1950 Plymouth — America's Beauty!

The front of the new Plymouth has a massive appearance. The grille has been simplified, and the bumper is larger. There's a new name plate in larger block letters, and a bigger, more colorful medallion. The cars look new "both coming and going."

Booker Downs Bethany 59-27

BOOKER — The Booker Kiowas paced by high scorer Max Comer came out in front Tuesday night 59 to 27 over Bethany, Okla.

It was the Kiowas game all the way. They scored four field goals before their opponents found the hoop.

Bethany trailed 17-5 at the end of the first quarter, and at the half-time Booker led 27-10.

Booker will play Perryton there January 13, and will play Beaver before the Canadian tournament January 19-20. The Beaver game is scheduled for January 17 at Booker.

Booker Seniors Select Annual Gift To School

BOOKER — The senior class of Booker high school let a contract on January 2 to the Booker L & P Gas Co., for installation of two new Two-Bubble drinking fountains and one 55,000 B.T.U. suspended Reznor heater to be installed in the new Booker gymnasium not later than February 9.

Approximately \$700 is to be spent in this project which is an annual affair for the senior class.

The fountains are to be installed at each end of the north hall on the north wall. The heater will be installed just above the double doors at the west end of the hall.

There are sixteen members of this year's class, and Mrs. Marion Mounsey is class sponsor. Class officers are Wayne Hopper, president; Elmer Stable, vice president; Alice Purer, secretary; and John Bartlett, treasurer.

Other members of the class are Fern Slovacek, Frances Brenner, Dixie Baker, Louis Blau, Max Comer, Luella Seibel, Richard Sell, Ray Lee, Dean Forgey, Reah Rutz, Jo Ann Miller, and Joyce Merydith.

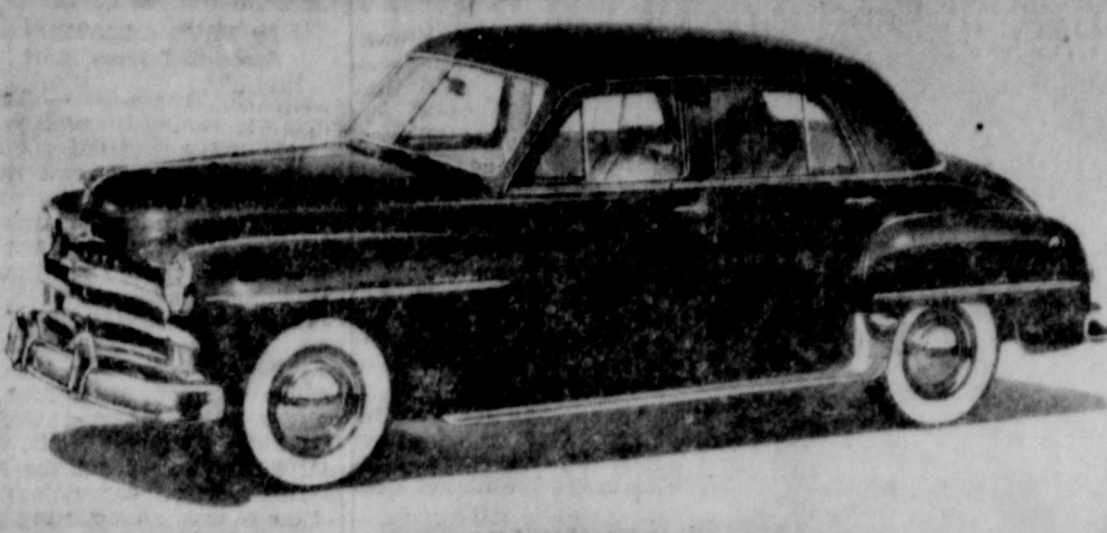

Italian Grapes For Rhineland

ROME — (AP) — Shipment of \$400,000 worth of grapes to Western Germany is underway as a part of Italian foodstuffs valued at \$11,000,000 scheduled to help replenish the cupboards of the Allied occupied zones.

Official announcements said a recent commercial agreement provides for the following shipments: Fresh fruits, vegetables and new potatoes \$4,000,000; tomatoes and tomato products, \$500,000; dried fruits and nuts \$2,000,000; milk and meat products \$800,000; olive oil \$500,000; and various other foods \$400,000.

LIQUID OR TABLETS - SAME RAPID RELIEF

From where I sit... by Joe Marsh

Why Scoop No Longer Works Here

Scoop Blake paid us a friendly call at the Clarion's office last week and we were talking about when he was a reporter here.

"Remember how mad I got when I found out you were writing that election story right from your desk?" I asked him. "And how I made you get out and learn what a sheriff's job was all about?"

"I sure do, Joe," said Scoop. "I want to thank you for teaching me the 'hat-trick'—putting on my hat and finding out the facts, that is." Then we both had a good laugh because he found out so much that

darn if he didn't run and get elected sheriff himself!

From where I sit, we should find out the facts before we try to talk about anything. When we do, we're inclined to be more tolerant... we're apt to understand a little more about the other fellow's preference for, say, his political candidate or for a temperate glass of beer now and then. I say, if you don't want to get tripped up, don't leap to conclusions!

Joe Marsh

CAMERA NEWS

By Irving Desfor
(PH) Newsfeatures

FOR THOSE who find it difficult to select a photo gift gadget that will accurately fill some camera fan's Christmas stocking, the answer may be . . . a photo book. This year's range is as wide and varied as the price you can afford and the subject matters. Let's turn a few pages and look at the pictures.

Here's the "U. S. Camera Annual 1950" just off the press. All you need is \$6.50, a restful chair and time for a stimulating pictorial review. This 15th edition is its International Edition be-

cause the outstanding work of so many foreign photographers is presented, as well as the current efforts of America's leading lensmen. Once again its two sections are devoted to "finest" photographs and great news pictures. Inevitably any camera fan will browse through with mixed emotions. At times he will be amazed, amused, startled, envious, proud and even disdainful of some of the selections. But at all times he'll be interested. Personally, I'd like to see simpler on-the-photo captions for the double-track pictures in the book but that's a minor point in

LOW ANGLE . . . HIGH APPEAL — A playful colt by Aart Klein of Holland, shown in the "U. S. Camera Annual 1950."

its otherwise fine quality production.

HERE'S ANOTHER Annual "Year, 1949." This second edition is published by Year Incorporated of Los Angeles and costs \$5. Its job is to evaluate and present the significant news events from Sept. 1948 to Sept. 1949 in articles and 700 news pictures in capsule review form. It makes a complete reference book for world-wide news happenings but the pictures suffer in quality of reproduction.

For mountain-climbing camera fans we have an unusual publication in Ansel Adams' "My Camera in Yosemite Valley." The 24 illustrations are printed in the very finest screen on extra slick paper so that the photos look like original glossy prints. The accompanying text is a working guide book on mountain picture taking in all its phases. Houghton Mifflin published it spiral bound at \$10.

Before leaving the high quality printing field let's not forget "Feininger on Photography" which is Ziff-Davis' showpiece at \$15. This comprehensive source book of information and inspiration tops the gift list for any serious photographer — whether beginner, advanced amateur or professional.

DOWN IN THE DOLLAR bargain basement we find a couple of good buys too. There's the best seller, Clare Barnes' "White Collar Zoo," a collection of hilarious animal photos with mirth provoking captions. Re-

minds me that a little fun along this style would pep up any family album.

We also find here an unusual photographic interview by Philippe Halsman called "The Frenchman." By "unusual" I mean in its presentation and Simon and Schuster, the publishers, deserve some credit. The subject of the interview is Fernandel, a famous French movie comedian. He answers all the questions only with his expressively mobile face.

If you want something instructive while you're poking among the dollar books look at the thirty odd titles of the Little Technical Library. Whether it's portrait, color, night lighting, winter or vacation pictures, etc., you'll find an authority has expounded it for this Ziff-Davis series.

MANIPULATING LIGHT for every mood and effect is gone into at greater length by John Alton, a Hollywood director of photography, in "Painting With Light." It was published by Macmillan at \$6.

Perhaps it's the backstage, human stories of how photographers covered dramatic news events that interests you. Then by all means look up "Shooting the News" by John F. Floherty and published by Lippincott at \$2.50. It might be just the book for that young tyro camera fan who thinks news photography consists of shooting glamorous movie stars on the rail of the Queen Elizabeth.

If it's background you're after, then Beaumont Newhall is your man with his "History of Photography . . . from 1839 to the Present Day." The Museum of Modern Art sponsored this and it'll cost you \$5 to find out how far you've come since the first elusive image was captured.

Afghan Schools Studied

KABUL, Afghanistan—(AP)—The first educational survey of Afghanistan by an international body was undertaken here recently by four members of the United Nations Educational, Social and Cultural Organization.

The party travelled several thousand miles and visited schools in every province. The survey was undertaken at the request of the Afghan government and marked another step in the Afghan program of modernization of educational system in the country.

To the tribal chiefs of the American Indians during the 1860's, owning a totem pole was like having your name in the social register.

Texas Cities Need More Dough; Plan Legislation To Get It

By DAVE CHEAVENS
Associated Press Staff

AUSTIN, Texas—(AP)—Texas cities are arming themselves for a new major legislative effort along two broad general lines. They will try again for passage of laws to relieve their financial distress. They will oppose bills they believe are new threats to their autonomy.

The new president of the League of Texas Municipalities sounded the keynote in the November issue of "Texas Municipalities." He is Mayor George D. Barber of Mineral Wells, who had this to say about the league's Galveston convention:

"There was no doubting the tenor of the meeting and the expressed feeling of those in attendance that diligent efforts must be made during the coming year to prepare our city officials for concerted and unified action before opening of the next regular session of the legislature."

"Next year is election year. It is imperative that city officials determine how all candidates for state office stand on municipal affairs—what these candidates think about the growing tendency of the legislature to encroach on the governing rights of municipalities. It is better to know before they are elected than to learn with regret after they are elected."

The retiring president of the league, H. P. Kucera of Dallas, has often emphasized what he calls the growing tendency of the state government to muscle in on municipal affairs.

"We have people in high positions who travel over the state, and over the nation, and shed copious tears over the infringement by the federal government on state's rights," Kucera told the convention.

"And yet, being in the position that they occupy, they exercise the same authority to centralize power and control over local governments of both the cities and counties."

"The legislature has initiated a legislative pattern which has a goal of centralizing control over municipal governments through bureaus established in Austin, laws patterned in Austin on state level, and laws passed

and imposed upon municipal corporations affecting purely local matters, and necessarily paid for by local taxation."

The cities are bucking such legislation as the already effective fireman and policeman civil service and minimum wage bills and revenue acts that fence cities out of such tax resources as gasoline and automobile license fees.

They want repeal of state laws under which they could not accept tax payments from the federal government even if congress permitted such payments. They want a bill requiring that Ad valorem taxes on automobiles must be paid before license plates are issued by the state. They want a law providing for summary sales for collection of delinquent taxes. The last session refused to approve such proposals by the cities.

In general, the cities want a complete study and readjustment of the state structure to give the fast-growing cities more of the operating funds they need.

The winter temperature at Verkhoyansk in eastern Siberia sometimes falls to 90 degrees below zero (Fahrenheit.)

The Belgian Congo, with a total population of nearly 1,000,000, has less than 50,000 white people.

R. B. YOAKLEY

Speeding Oyster Growth

BOUZIGUES, France—(AP)—The discovery that oysters grow four times faster in a salt-lake off the Mediterranean than they do on Atlantic Ocean breeding grounds has led to a thriving new industry here.

Four hundred fishermen, linked in a cooperative, have started harvesting the 1949 oyster crop and by April they hope to exceed their 1948 total of 100,000 tons.

The salty basin of Thau, a deep but mud-shored inlet of the Mediterranean, seems to be particularly rich in the tiny cule organisms on which oyster lives. Each year thousands of marenne oysters are shipped from the Atlantic village for the vital part in their growth. They are less than one year a grower's lucky fellows. Then they are shipped to Arcachon, where they are submerged in the Atlantic. The green color which gourmets require of them, is theirs.
