Senators Favoring Tax Cuts Launch New Effort

By JOHN CHADWICK

WASHINGTON (AP)—Senators favoring anti-recession tax cuts renewed their drive today, encouraged by a surprise vote to wipe out levies on passenger tickets and freight.

The Senate sharply rebuffed the Eisenhower administration and its own leaders last night as it voted repeal of the World War II transportation taxes despite pleas that such action might open the way to cuts elsewhere.

Sen. Charles E. Potter (R-Mich) pressed ahead with another proposal for cutting the automobile excise tax, while Sen. Paul H. Douglas (D-Ill) said he planned another stab at reducing taxes on small business.

The Senate was called into session an hour earlier than usual in an effort to complete action on these and other amendments to a House-passed bill to extend present corporation and major excise tax rates for a year beyond June 30.

Both Republican leader William F. Knowland of California and Democratic Leader Lyndon B. Johnson of Texas opposed the amendments to repeal the 3 per cent freight tax and the 10 per cent levy on passenger tickets.

The amendment erasing the freight levy was adopted 59-25, with 33 Democrats and 26 Republicans joining forces to write it into the bill. Voting against it were 10 Democrats and 15 Republicans.

The vote approving repeal of the 10 per cent levy on passenger fares was 50-35. Twenty-seven Democrats and 23 Republicans voted for repeal, while 17 Democrats and 18 Republicans voted against it.

Secretary of the Treasury Anderson has estimated that repeal of the freight tax would cut revenues 487 million dollars and the passenger fare levy 230 million, a total of 717 million annually.

Elimination of the freight tax drew the most support, with proponents arguing that, as Sen. Warren G. Magnuson (D-Wash) said, "it hits everyone" and affects the price of everything.

Just before the vote Knowland appealed to the Senate to reject the amendment in the light of "the cold, hard facts of the budget situation."

The Senate-House Committee on Internal Revenue Taxation said the freight amendment would repeal the 3 per cent tax on all classes of freight, whether in carload or less than carload lots, and whether carried by land, sea or air. Congressional experts at first said pipeline shipments were not affected, but later said they were in error and the bill in its present form would repeal the 4½ per cent levy on crude oil and "liquid products thereof" moved by pipeline.

The amendments written into the bill by the Senate will force the measure to go back to the House before final action can be taken.

The Senate Finance Committee had urged acceptance of the House bill without change, to prevent a drop of $2,600,000,000 in tax revenues.

The Senate defeated amendments to repeal or to cut the 10 per cent auto excise tax, to make a broad six-billion-dollar cut in income taxes for the rest of the year.

GOP Solon Calls For Probe Of All Goldfine Contracts

By LEWIS GULICK

WASHINGTON (AP) — A Republican member of a House investigating subcommittee called today for an inquiry into all of Bernard Goldfine's contacts with federal officials during the last 10 years.

Rep. John B. Bennett (Mich) said "I'm of the opinion that (Sherman) Adams is not the only official of the federal government who has enjoyed Goldfine's hospitality."

Adams, President Eisenhower's top aide, has testified he accepted gifts and favors from Goldfine, a wealthy Booston industrialist, on the basis of a long friendship. He said he also got in touch with two federal agencies on matters relating to Goldfine, but denied he sought special treatment for the Bostonian.

Bennett spoke in an interview as the Pentagon disclosed that more than twenty-two million dollars worth of textile contracts have been awarded to Goldfine's companies since the Eisenhower administration took over in January 1953. The Pentagon supplied the figures on request, with no implication of influence or wrongdoing.

In a separate development, the Securities and Exchange Commission unanimously denied that it dropped a case against one of Goldfine's firms after an inquiry from the White House prompted by Adams.

"On the contrary," the five-man commission said, the case was "successfully prosecuted." Goldfine's East Boston Co. was fined $3,000 and is now filing on schedule reports required by the SEC.

The SEC reported Chairman Edward N. Gadsby and his aides have been asked to testify next Tuesday as the subcommittee resumes its investigation into how well independent regulatory agencies are following the law.

Political reprecussions continued over Adams's actions and Eisenhower's decision to retain his top aide despite what Adams called his innocent but imprudent moves in contacting the SEC and the Federal Trade Commission about matters involving Goldfine.

Four GOP senators not up for re-election this year — George D. Aiken (Vt), Ralph Flanders (Vt), Frank Carlson (Kan) and Jacob K. Javits (NY) — backed Eisenhower with a statement saying that while Adams may have made mistakes, he was frank enough to admit it.

Rep. Charles A. Halleck Ind, assistant House Republican leader, said "I stand with the President" and professed to see no tremnendous concern among his colleagues over the Adams issue.

Meanwhile other GOP congressmen piled up demands for Adams' resignation. Reps. Charles E. Chamberlain (Mich), Eugene Siler (Ky), Harry G Haskell (Del) and S. Walter Stauffer (Pa) all hit the theme that Adams' own previously expressed principles of clan government require that he quit. All House seats are at stake in the fall elections.

Rep. George Christopher (D-Mo), who numbers former President Truman among his constituents, drew Democratic applause in telling the house Eisenhower must either order prosecution of Adams or else pardon Matthew Connelly.

Youths Confess Burglary Spree

Two youths arrested in Roscoe last night by Nolan County officers have admitted seven Snyder burglaries and at least three Nolan County burglaries, T. L. Steele, Snyder police chief, said.

Four of the Snyder burglaries were committed by the youths last night, Steele said, and the other two were done last Sunday night between 9 and 10 o'clock.

Burglaries last night were at the Fair Store where $191.80, several skirts, dress pants, socks, and underware were stolen.

Three oilfield supply houses on the Lubbock highway were burglarized last night by the pair, Steele said. Nothing was taken from the Jones and Laughlin Supply House, but an electric razor, two flashlights and some dry cell batteries were taken from the National Supply Co. building, and apparently nothing was taken from the third supply house, which has not been identified as yet.

One of the youths arrested was a 15-year-old Sweetwater boy who has a previous police record here, and the other is 20-year-old Lonnie Gene Reed, of Loraine.

Reed was dictating a statement this morning to Steele and Wayland Holt, district attorney, and the juvenile was being questioned by Bill Zimmerman, county probation officer.

The youths were arrested by Nolan County deputy sheriff Cullen E. Brown, and Liquor Control Board officer George C. King of Sweetwater.

They were brought to Snyder this morning, but will be returned to Nolan County for prosecution before Scurry County prosecution can begin, Steele said.

The other two burglaries here the youths have confessed to were the Sunday night burglaries of the Toyland store and the Central Tire Service. About $1,300 was taken from the safe of Central tire service, much of the money in checks, but about $358 in cash. The youths told officers here that many of the checks were torn up and strewn along the highway, and the rest were later burned.

Funnels Skip Across North Central Texas

By The Associated Press

A half a dozen or more tornado funnels danced across North Central Texas Friday. Before dawn two persons were injured in the Borger area as twisters skipped across the Panhandle.

A twister swirled down out of a black storm cloud over Lake Texhoma, turning into a water spout as it struck near the Flowing Wells resort early Friday. After sucking up tons of water during a 5-minute period it dissipated just before reaching the Paradise Cove section.

At least two tornado funnels were reported to have touched ground near Royse City and Terrell. Two funnel clouds were sighted west of Gainesville. Garland police said a funnel touched ground south of the city and an unconfirmed tornado was spotted east of Mesquite.

There was no immediate report of any damage or injuries, except in the Panhandle.

The Weather Bureau alerted the area south and east of Garland for possible other tornadoes. The alert was issued on the basis of reports from its new Conelrad warning system recently established.

A highway patrolman who saw the funnel touch the ground near Royse City said "it looked like it hit the ground and bounced back up." Minutes later, a low hanging greenish cloud dumped .60 inches of rain on the town near Dallas.

Rains measuring .31 inches and high winds hit Richardson, northeast of Dallas about the same time that the twisters were sighted in the North Texas area.

Two persons suffered injuries in the Borger area as twisters, high winds, rain and hail swept across the Panhandle.

Property loss was heaviest at Electric City, 2 miles north of Borger.

Twisters also were sighted near Kerrick, Stratford, Lefors and Spearman in the Panhandle area.

Swooping from the northwest, the Electric City funnel battered two taverns on the highway toward Stinnett, Phil's Club and the 77 Club. The porch and roof of Phil's Club were blown atop a car.

The twister smashed the house trailer of Martha Cator, 45, at Borger, sending her to a hospital with cuts and bruises. George Myers, 50, of Stinnett also was injured.

There also was damage to at least two other trailers, a barn and a bridge north of Borger. While the funnel missed the main part of that city, windows on the north side of many business houses were shattered. It uprooted many trees and toppled power lines.

Refugio Man Will Head McAllen Schools

MCALLEN (AP) — Lyle Hill, superintendent of schools at Refugio, was named superintendent of schools at McAllen by the school board late yesterday.

Hill succeeds T. E. McCullum who resigned to become superintendent at Snyder after 11 years as superintendent here.

The school board set Hill's salary at $14,000 a year and gave him a three-year contract. Hill, 44, is a graduate of Austin College at Sherman.

Plastics Industry Is Discussed Here

How plastics products are fabricated possible markets, and possibilities of Snyder's having a plastics fabricating plant were discussed yesterday by Ray F. Uber manager of the southwestern division plastics sales department of Phillips Petroleum Corp., in a special meeting here.

The meeting, called by the Chamber of Commerce industrial committee, included members of that committee, some members of the Scurry County Industrial Foundation board, and other interested citizens. About 25 persons attended.

Uber said plastics fabrication plants range in size all the way from a "backyard" operation to a multimillion dollar plant. The average investments in plants throughout the U.S. is $319,000. He opined that a $30,000 to $40,000 investment in a plant here might be feasible.

Such a plant, if established here by local persons or by someone moving in from another location, would probably need one major product with a definite market in the area. Then it could also have multiple products for market speculation.

Uber said the New England states and New York area have about half of the plants which make plastics products, while Chicago and St. Louis have about 28 per cent. California 10 per cent, and all the rest of the states the remaining 13 per cent. Texas has only two per cent, which means possibilities might be good in this area for such a plant, he said.

The bulk of plastics products are made by an extrusion process. An extruder, which is necessary, costs about $20,000 but a person could go into business with one of the machines. The extruder forces the plastic material through dies in making the product.

The plastics industry, Uber said, has had a consistent 15 per cent gain in sales annually for a number of years. However, while the gross profit of some eastern manufacturers has been about 21 per cent, high taxes and high costs of organized labor has brought their net profit down to about three per cent. Because of low taxes in this area, Snyder might have an advantage in attempting to secure a plant of some firm which is contemplating moving from the east.

Machinery and material costs in the average plastics fabricating plant, Uber, said, run about 43 per cent, while labor is about 20 per cent and other expenses about 16 per cent. In establishing a plant, a fabricator would need some basic skilled labor, which is easily available now and engineering know-how.

Uber suggested that possibly the best markets for plastics products in this area would in the fields of petroleum and chemical industries, such as plastic pipe, or possibly parts for air conditioners, which sell heavily in the Southwest.

The fact that Snyder has an industrial foundation, relatively low taxes, and plenty of water are all to this area's advantage in attempting to secure a plastics fabricator, Uber said.

Survey Of Hospital To Begin Soon

Routine business filled most of the regular monthly meeting of the county hospital board here last night.

At the meeting, Bill Newsom, superintendent at Cogdell Memorial Hospital, reported that Ross Garrett of Chicago will be in Snyder Saturday to secure preliminary information for a survey he is to make here. His staff will be here within a few days.

Garrett was employed by the board to make extensive surveys on Snyder and this area in connection with possible hospital needs during the next 15 years.

Newsom, in his monthly hospital report, told the board that the hospital had an average occupancy of 66 per cent during the month. That meant the hospital was almost full, however, since there was an average 35 patients in the hospital daily, and the hospital has only 30 rooms. The hospital has a capacity of 53 patients, provided beds are filled in both private, semi-private rooms, and wards.

The hospital had a gain of $1,336.63 during the month, but about $800 of that was paid into the social security fund. Newsom said the hospital operated on about a break-even basis during May.

The hospital had a total of 266 admissions during May, which is slightly below average. It had 41 births, only three under the monthly record of 44 at that hospital.

Sweatt Takes Borden Post

Paul Sweatt, formerly superintendent of schools at Roaring Springs, Tex., and at Ira, will be the high school principal at Borden County High School in Gail next year.

Mrs. Sweatt will teach language arts in the junior high school at Gail.

Sweatt has been superintendent of schools at Roaring Springs for the past six years.

He has a bachelor of science degree from West Texas State College, Canyon, and a master's degree from Sam Houston State College, Huntsville. For the past three summers he has been doing work toward a doctor's degree at Texas Tech.

At present Mrs. Sweatt is doing work on her master's degree at Texas Tech.

Mr. and Mrs. Sweatt have two sons, ages 11 and 13. They will move to Gail in August.

Professor To Wed Negro

SPRINGFIELD, Mass. (AP) — Negro soprano singer Adele Julia Addison, 32, and Norman Berger, a white member of the New York University staff, will be married here June 29.

The wedding will take place at the home of Miss Addison's uncle and aunt, Mr. and Mrs. James Addison, who adopted the singer at an early age.

The wedding plans were announced jointly by the foster parents and Miss Addison's mother, Janette Addison of New York.

Miss Addison was educated in Springfield schools and was graduated from Westminster College in Princeton, N.J. She has won many scholarships, including the $1,500 Paul Lavel grant in Boston in 1947.

She made a nationwide concert tour in 1950 and five years later made her New York debut with the New York's Fifth Ave. Presbyterian church.

Berger, the son of Mr. and Mrs. Herman Berger of New York, was graduated from Springfield College where he also received his master's degree. He is associate director of prosthetics education at NYU.

Ex-Truman Aides Get New Hearing

HURON, S.D. (AP) — Chief Judge Archibald K. Gardner of the 8th U.S. Court of Appeals said today he has signed an order delaying execution of a prison sentence for two former Truman administration officials.

The order allows Matthew J. Connelly and T. Lamar Caudle time for a hearing in their bid for a second trial based on what their attorneys say is new evidence.

Judge Gardner said the stay of prison sentence will be effective until a decision is made on the request for a new trial.

Connelly and Caudle were to surrender at St. Louis Saturday to begin serving two-year prison terms for conspiring to defraud the government in an income tax case.

Connelly was former President Truman's appointments secretary, and Caudle was former head of the Justice Department's tax division.

Vanguard Launching Attempt 'Scrubbed'

CAPE CANAVERAL, Fla. (AP) —An attempt to launch a Vanguard satellite rocket was "scrubbed" at 4:30 a. m. EST because of technical difficulties.

A firing of a basketball-sized satellite originally was set for 9:30 p. m. yesterday. For several hours, the slender rocket sat outside its service tower, bathed in lights.

Several holds were called, ranging from a few minutes to three hours.

There was no announcement when the next effort would be made to shoot the rocket.

No Damage By Vaccine

CHICAGO (AP)—Two researchers said they failed to find any evidence that Salk polio vaccine might damage the brain or central nervous system. They added they were astonished that in their study of 852 cases they were unable to find a single person having such a reaction.

"We had not expected to obtain such completely negative results with a biologically potent material," said Mrs. Erna L. Gibbs and Dr. Frederic A. Gibbs, both of Chicago.

Results of the study were reported Thursday in the Journal of the American Medical Assn.

The study was undertaken because of reports circulating in the Chicago area that some children developed convulsions and other signs of central nervous system disorder after the mass Salk vaccine injections in 1956.

The study was carried out at Chicago, Rockford, Ill., and Richmond, Va.

Eisenhower Is On Hand For Talks On Defense Problems

QUANTICO, Va. (AP) — President Eisenhower came to this Marine base today for a review of America's global defense strategy.

The President arrived in the rain after a 45-minute drive over the 35 miles from Washington. He had intended to make the trip by helicopter but heavy rain washed out that plan.

Old soldier Eisenhower is here for a Defense Department annual conference which brings together all the top brass—miltiary and civilian—in the nation's defense establishment.

He was greeted on arrival by Secretary of Defense McElroy and Lt. Gen. Merrill B. Twining, commandant of the Marine Corps schools.

He went directly to a briefing on the Pacific situation by Adm. Felix B. Stump, commander in chief of all U.S. Pacific forces.

The President also arranged to be on hand for morning talks by Allen W. Dulles, chief of the Central Intelligence Agency, and Christian A. Herter, undersecretary of state.

The President was not scheduled for any formal talk at the defense sessions, but there was a possibility he would speak informally at one of the meetings.

About 175 civilian and uniformed leaders gathered here for the session.

The President's party included Robert Cutler, special assistant for national security affairs; Gordon Gray, director of defense mobilization; Gen. Andrew J. Goodpaster, White House staff director; Capt. E. P. Aurand, the president's naval aide; Maj. Gen. Howard M. Snyder, Eisenhower's personal physician; and White House press secretary James C. Hagerty.

There were no announced plans for Eisenhower to talk to the conference, which meets annually to discuss internal Defense Department matters and worldwide military problems.

However, Eisenhower may choose to stress to the generals and admirals his strong belief in the importance of his plan for streamlining the administrative and command structure of the military establishment. All business sessions of the three-day conference are held behind closed doors.

There is some opposition within the military services to various features of the reorganization program. The House has passed legislation to authorize streamlining measures, but some of its provisions have met with Eisenhower's objections. The bill now is before the Senate Armed Services Committee.

House Is Asked To Cut Its Own Budget

WASHINGTON (AP) — The House of Representatives received from its Appropriations Committee today a recommendation that it cut its 1959 budget by $100,000.

If it follows the recommendation, the House will operate on $39,320,805 during the year starting July 1, an increase of $641,600 over funds for the current year.

Money for expenses of the House is contained in a $96,942,113 appropriation bill which also finances the Capitol architect, the Botanic Gardens, the Library of Congress and the Government Printing Office, as well as joint Senate-House programs.

Turkish Cypriots Agree To Negotiate On British Plan

By WEBB MCKINLEY

NICOSIA, Cyprus (AP) — Turkish Cypriot leaders have rejected Britain's partnership plan for governing this embattled island. The Turkish government agreed to talk about it and the Greek Cypriots awaited word from Athens today.

A Greek government source said Premier Constantine Karamanlis' Cabinet definitely would reject the plan, which calls for the Greek and Turkish governments to join Britain in governing the island. The NATO allies were putting strong pressure on Greece at least to join in discussions and Britain planned to go ahead with the plan in any event.

Archbishop Makarios, exiled leader of the Greek Cypriot movement to unite the island with Greece, conferred in Athens with Cypriot mayors. He said he would send his views to the British today.

Thirty thousand British troops waited tensely to put down any new violence growing out of the three-nation tug of war which threatens the Mediterranean anchor of the North Atlantic Treaty Organization. Rioting between Greek and Turkish Cypriots has cost 17 lives this month.

The last week has been comparatively quiet, but today a 25-year-old Turkish Cypriot was critically wounded in the crowded market place at Limassol.

A crowd of Turk Cypriots gathered after the shooting, and four Greek Cypriots were stoned. The British clamped a rigid curfew on the city and rushed in large numbers of troops.

Although the Turks sent a note rejecting the plan as such, they agreed to negoiate on it and attend any conference with Britain and Greece. Earlier Turk Cypriot leader Rauf Denktash said the plan did not set up safeguards to keep the island from uniting with Greece and "we are not interested." The Turkish minority wants Cyprus partitioned.

The new British plan calls for participation by the Greek and Turkish governments in the control of Cyprus for the next seven years and partitioning the island legislature, although not the island itself.

It gives a measure of self-government to the Cypriot people while Britain, in consultation with Greece and Turkey, retains control of defense, internal security and foreign affairs. The islanders could choose Greek or Turkish citizenship in addition to the British citizenship they now hold.

The Greek and Turk Cypriots would have separate Houses of Representatives for their community affairs, now contfolled by the British. The Greek and Turkish governments would be represented in an Upper Council headed by the British governor.

St. Louis Negroes Involved In Riot

ST. LOUIS (AP) — Rioting Negroes chanting "Little Little Rock" battled St. Louis County police early today after an officer arrested a 17-year-old youth on a traffic charge.

About 35 Negroes from the village of Meacham Park near suburban Kirkwood were involved in the hour-long riot, police said. Seven were arrested after four patrol cars were called.

Bricks and stones were hurled at the car of patrolman Richard Seger, 25, who had stopped Lee W. Lawrence, 17, on a careless driving charge.

Seger said he ordered Lawrence out of the car for a search and the boy came out fighting.

Other men came out of nearby houses and taverns as Seger sought to subdue Lawrence and his 17-year-old companion, Alfred S. Jackson.

"It seemed there were a 1,000," Seger said, "but I guess there weren't more than 35 or 40."

Seger said he battled his way back to his patrol car and radioed for help. Then a brick crashed through the window of the patrol car and struck Seger in the arm. The group chanted "Little Little Rock."

Four patrol cars quickly arrived.

Lawrence, Jackson, and five others were taken to headquarters and booked on charges of assaulting an officer, inciting a riot and resisting arrest.

The others arrested were William Hayden, 31; Sylvester Johnson, 25; Joseph M. Brown, 33; Joseph Rodgers, 19; and R. H. Johnson, 21.

Seger was treated for cuts and bruises.

Simple New Operation Halts Corns

DALLAS (AP)—Are your feet simply killing you? If it's corns, then hark to the good news from Dr. Lester Walsh, Midland, Tex.

He says there's a simple new operation that makes corns go away forever. Walsh told the Southwestern Chiropody Congress about it yesterday.

He explained:

The surgery consists of slicing open a toe and removing a small piece of bone that really isn't needed to support the foot. Pressure on the bit of bone actually causes the corn to form.

Removal of the bone eliminates the pressure and the corn on top of the toe and any corns between the toe and the next one.

The operation, under local anesthetic, takes 15 minutes. Patients are kept off their feet 24 to 48 hours. The stitches are removed in 7 to 10 days.

"And the corn is gone permanently within two weeks," Walsh said.

Walsh said the operation was developed by members of the American College of Foot Surgeons of which he is past president.

"Most people now feel that if they once develop a corn, they'll have it the rest of their life, perhaps getting it clipped every few weeks," he said. "This is no longer a fact."

Other of Walsh's observations:

Women have eight times as many corns as men because they wear shoes that are too small or too high heeled.

Millions of women are pointed for foot troubles because of the new look in shoes. Pointed shoes simply are not the same shape as the human foot.

"And the inevitable results will be a great boom in business for the nation's chiropodists."

Bees Fail To Put Car Out Of Action

CHARLOTTE, N. C. (AP) — R. H. Hackney was driving to his place of business the other morning when he began to realize that a swarm of bees, creeping up from the underside of his car, had found a resting place on his automobile.

They settled on his right front window. But Hackney, who declares that bees won't hurt you if you let them alone, continued to drive his car to work and lunch for a day and a half.

Yesterday Lester Foster, draftsman and amateur beekeeper, put on his hood and bonnet and debeed Hackney's car. Sure enough no stings.

NEW YORK (AP) — The stock market staged a broad rally in active trading early this afternoon.

Dealings were heavy as buyers picked up stock following Thursday's late sell-off which brought the worst market drop in more than a month.

Key issues rose from fractions to a point or more. Rails advanced briskly from the start.

The market as a whole was reassured by word that the Federal Reserve Board is far from ready yet to resume a tight money policy.

Steels, oils, tobaccos, coppers, chemicals and motors showed plus signs. Airlines were mixed. Distillers and electronic stocks remained ragged. Utilities were mixed.

Small gains were posted by General Motors, Republic Steel, Boeing, Goodyear, Anaconda, Union Carbide, Standard Oil (New Jersey), Loew's and International Nickel.

U.S. government bonds were firm.

Falcon Reservoir Is Expecting Big Gain

ROMA, Tex. (AP)—A Boundary Commission spokesman said today that Falcon Reservoir is expected to gain 200,000 acre feet of water from recent heavy rains upstate.

N. H. Scoggins said the extra water should be in the huge reservoir by Sunday night.

He said 1,745,487 acre feet was in the reservoir early today which represents a gain of some 45,000 acre feet since the rains started early this week.

Stiff Campaign Schedules Set By State Candidates

By WHITEY SAWYER
The Associated Press

Gov. Daniel, W. Lee O'Daniel and State Sen. Henry Gonzalez planned stiff schedules Friday in their race for the Texas governorship.

Daniel was to dedicate two industrial plants in Denison and Sherman Friday, then speak at a boy's club dedication in Paris Friday night.

O'Daniel scheduled a television appearance at Austin and invited "as many of my fellow Texans as can come to Austin on Saturday" to attend the opening of his state campaign headquarters.

Gonzalez planned to shift from El Paso to the South Plains-Panhandle area Friday.

U. S. Senator Ralph Yarborough came back to Texas for the funeral of a long-time friend, Dr. George McJimsey. Yarborough cancelled a speech Friday before the state Veterans of Foreign Wars in Beaumont but planned to talk to the Disabled American Veterans meeting in Dallas.

William Blakley, who opposes Yarborough, planned a swing through the Panhandle Friday.

O'Daniel said "I am looking forward to shaking hands with as many of my fellow Texans as can come to Austin on Saturday to say 'hello'. Every man, woman and child in the State of Texas is invited," he added.

The former senator and governor described himself as "the leading gubernatorial candidate" and said "my message to the television audience of Texas on Friday evening will be my plans for further industrialization of our state plus other parts of my platform."

Daniel, who will not make his official campaign open address until next week, will speak to the DAV in Dallas, then fly to Beaumont to address the FVW Saturday.

Gonzalez went to El Paso for two television appearances Wednesday. Saturday he will appear at a $5-a-plate fund-raising affair in San Angelo.

Yarborough scheduled a trip through Llano, Burnet, Mason, Brady and Waco Saturday. Sunday he will appear in Bell County, then fly back to Washington.

Blakley is to speak to a big rally at Anahuac Saturday. His backers were busy arranging for two appearances next week. Tuesday Blakley will speak at a barbecue and rally in Longview. Thursday he will make a statewide broadcast at a Dallas barbecue.

George Nokes, candidate for lieutenant governor, intended to speak at El Paso Friday, then go to Amarillo, Borger and Hereford Saturday.

Webb, Actress Get Marriage License

BURBANK, Calif. (AP) — Television star Jack Webb and Actress Jackie Loughery have a marriage license. But they haven't said when or where they will be married.

Webb, 38, and Miss Loughery, 23, former Miss USA, obtained the license yesterday.

Webb, producer as well as actor, has been married previously to singer Julie London and actress Dorothy Towne. Both marriages ended in divorce. Miss Loughery won her title in the 1952 Miss Universe contest when she compete as Miss New York. She divorced singer Guy Mitchell in 1954.

Reinier Beeuwkes of Newtonville Mass., built a home-sized cyclotron from his original design for $150. He received a $7,500 scholarship at Harvard to enter as a physics and mathematics major.

Strip Lesson Fee Sought

DETROIT, Mich. (AP)—Harold Fink is seeking $1,417 redress for teaching a blonde how to undress.

Fink, 32, says he's got that much coming for giving instruction to Marie Tappan in the art of striptease. Mrs. Tappan, 20, uses the stage name Vicki. She is separated from her husband.

Fink filed the suit in Common Pleas court Thursday. He said he spent $667.83 on costumes. He was so diligent in his instruction, he said, that he almost got fired for missing work days in his railroad clerk's job. He figures his time was worth $750.

Mrs. Tappan was surprised.

"Our relationship was social rather than business," she said. "He was just angry because I broke up with him."

Abilene Girl Wins 'Miss Texas' Title

LAKE WHITNEY, Tex. (AP)—Linda Daughterty, 18, Miss Abilene, brown haired with hazel eyes and olive complexion, won the Texas regional title in the Miss Universe Beauty Pageant last night.

She will represent Texas in the Miss Universe contest at Long Beach, Calif., July 17-27.

Carol Haima, Miss Lake Whitney, was runner-up. She won the friendship trophy on the basis of votes of the other contestants.

Lebanese At Odds With U. N. Chief

BEIRUT, Lebanon (AP)—The Lebanese government was reported at odds with Dag Hammarskjold today on the role of the U.N. observer team in this country's rebellion.

Sources close to the U.N. secretary general say Hammarskjold thinks the United Nations job at this moment is principally one of observation.

The government, however, is insisting that the U.N. team police the border to prevent infiltration by hostile forces.

Beirut was relatively quiet but there was some fighting in the Mozeitbeh area, the Christian section adjacent to the Basta Moslem area where the opposition leadership is entrenched.

Desultory firing was also heard in the Zarif Moslem area in the center of town. But generally both sides seemed to be adhering to a tacit understanding that there be no major attacks during Hammarskjold's efforts here.

Rebels remained alert at their roadblocks and strongpoints in Beirut and throughout the country.

The secretary general met with Sami Solh, Lebanese Premier, and one of the targets of the rebellion.

Hammarskjold was accompanied by David Blickenstaff, the American secretary of the U.N. observation group looking out for United Arab Republic intervention in the rebellion.

Hammarskjold flew in from New York early Thursday. Most way to end the rebellion. The rebels are seeking to oust pro-Western President Camille Chamoun and replace Solh with a premier who favors U.A.R. President Nasser's brand of Arab neutralism.

Moon Trip To Be Tough Assignment

By JOHN B. KNOX

BOSTON (AP)—Perhaps, after reading this, you'd rather sign up for the second trip to the moon, instead of the first one.

Dr. Woodburn Heron of Montreal's McGill University reported today to a Harvard Medical School symposium on what happened to 60 college men when they were isolated — something like they might be in a space rocket. They had hallucinations—and that was not all. They didn't think so well. And straight lines looked like curves.

Here's what Dr. Heron said about his experiments:

The subjects were all men who had at least two years of college education. They were kept lying down in a nearby soundproof cubicle.

They wore goggles which caused light diffusion, preventing pattern vision. Perception of surroundings by touch was limited to some extent by cardboard cuffs over hands and forearms. The reason is that space pilots might have to wear special suits.

There was a steady noise [illegible] an air-conditioning system which masked their hearing to some degree.

The results? There seemed to be some decline in intellectual functioning. On some tests, the subject was poorer in performance while in isolation. On some others, he did worse after he got out of the cubicle.

After isolation, the subjects had some trouble with their eyes.

Things didn't seem to stay the same size. Tests of size-constancy showed that the experimental subjects were abnormal in this respect.

There were some other neurological effects which persisted for at least three hours after isolation, he added.

'CIF' Week At Colonial

A special "CIF" week has been scheduled at the Colonial Hill Baptist Church for Monday through Friday.

The special week will include Bible study, mission study, and seminars, according to Danny Yeary, summer youth director for the church.

Each night's session will begin at 7 o'clock, when there will be New Testament Bible study, followed by seminars at 8 p.m., mission study on most nights at 9 p.m., and fellowship on each night except Wednesday at 9:30 p.m.

New Testament study will cover the life of Christ, mission study to cover the need for missions, cooperative program, and challenge of missions. Seminars will cover love, courtship, and marriage, problems faced in college, alcohol, smoking and dancing, and soul winning.

Heading seminars will be Mrs. Jimmie Nelson, Louise Cate, Jerry Roe, Kenneth Wilson, Carolyn Cox, and Lou Nell Burgess. Mission study will be headed by Mrs. Roy Burgess and J. C. Williamson. Yeary will teach in Bible study.

Actions Denounce Hungary Executions

WASHINGTON (AP) — Congress and the State Department, in separate actions; have denounced the execution of leading figures in Hungary's ill-starred revolt in 1956.

By a 91-0 vote, the Senate late Thursday adopted a resolution accusing Russia of barbarism and perfidy in the execution of Imre Nagy, Hungary's revolutionary premier; Gen. Pal Maleter, Nagy's defense minister, and two others. The House then followed suit by a vote of 171-0.

The State Department said in a statement that the "execution of the Hungarian freedom leaders "is an affront to all members of the U.N. and to the conscience of the world."

Bob Crosby's Son Taken Into Custody

LOS ANGELES (AP)—Orchestra leader Bob Crosby's son Christopher, 15, and a companion were arrested early today. Police said they had pushed a sports car out of a Bel-Air driveway.

Young Crosby and Jeffrey Davidson, 16, were booked at the West Los Angeles police station on suspicion of "temporarily depriving the owner of a vehicle (joyriding)."

"Christopher said he didn't know why they did it, that it was a crazy idea and they just wanted to try it out," Officer W. R. Maxwell reported.

Young Crosby was released to his mother, Mrs. June Crosby, and Davidson to his parents, Mr. and Mrs. Raymond Davidson, West Los Angeles.

The youths said they were cruising in the fashionable Bel-Air district in a convertible owned by Christopher's father. They spotted a 1958 Corvette parked in a driveway.

Peter Heisser, owner of the sports car, called police. He told them he had heard a noise, looked out of his house and saw two youths pushing the car out backward of his driveway. He said he ran outside, yelling, and the boys fled on foot. The elder Crosby's car was parked across the street.

Convicted Rapist Is Executed Today

HUNTSVILLE, Tex. (AP)—Convicted rapist Theodore Thompson, his face expressionless and his eyes closed, was executed today.

Thompson, 24, a Negro convicted of raping a Negro housewife in Dallas last year, made no last statement. His face was impassive and he kept his eyes closed as he was strapped into the electric chair at the state prison here.

MRS. OGLESBY HONORED—Mrs. David Oglesby, center above, who will move to California with her husband soon, was honored with a reception at Martha Ann Woman's Club yesterday afternoon. Women of the First Baptist Church gave the reception. Pictured above from left, are Mrs. Wayland Holt, Mrs. D. K. Ratliff, Mrs. Oglesby, Mrs. M. M. O'Rear, and Mrs. Ed Free. The women with Mrs. Oglesby above were hostesses. Many gifts were presented to the honoree. (Lee Watson photograph)

Mrs. Everett Will Go To National Meet

Mrs. W. R. Everett of the Snyder Presbyterian Church will represent the Abilene Presbyterial at the fifth Quadrennial National Meeting of the Presbyterian Women's Organizations to be held at Purdue University, Lafayette, Ind. June 25 through July 1.

More than 3,000 delegates from women's organizations of local Presbyterian and overseas churches will attend the week-long meeting.

Among the special guests at the National Meeting will be representatives of Presbyterial Societies of the United Presbyterian Church of North America, which last month became united with the Presbyterian Church in the U.S.A to form the United Presbyterian Church in the U.S.A.

The newly elected executive committee, representing the Women's organizations of both churches, will meet at the conclusion of the national meeting as the first official gathering of United Presbyterian Women.

Daily lectures on the theme of the Quadrennial, "Lord of All," will be delivered by Dr. Eugene Carson Blake, stated clerk of the United Presbyterian Church in the U.S.A.

Highlight of the meeting will be adoption on July 1 of a charter for Christian Action, which was developed out of a study made by 4,000 groups of church women during the past year, of problems facing the Church locally, nationally and world-wide.

Trees Can Be Their Own Worst Enemy

Trees sometimes hurt themselves, as if they didn't have enough trouble from insects, diseases, storms and man-made woe like restricted growing space, autos and lawnmowers, among others.

Tree lovers generally are more aware of the outside agencies of destruction than those by which woody friends get involved on their own. As a result, they may not come to the rescue of landscape pets when they need help the most, says E. I. Kabel, field representative of the Davey Tree Expert Co.

Not uncommon is the tree that tries suicide. This is the one that will strangle itself to death with a girdling root that cuts off the sap flow. Surgery that severs the offending root can restore growing vigor.

Malformations also are common in the branch structure. Interfering branches are an example. These will wear each other out from constant friction. Such weakened branches may come tumbling during a big storm. And the bark injury that results often invites invasion by insects, disease and decay. The best care in branch malformation is preventive seeing that trees are properly pruned when young.

Other plant life may make the tree's existence precarious. Vigorous growing vines, among them wild grape and Virginia creeper, may strangle it in the competition for soil nutrients.

County H-D Club Council Meets Here Wednesday

Women from eight Home Demonstration clubs composing the Scurry County Home Demonstration Council met at 2 o'clock Wednesday afternoon and transacted several items of business.

Mrs. Lowell Thornberg, council chairman, presided.

Club representatives were informed that the semi-annual E. E. E. reports are due by each club to be sent to Mrs. Eugene Glasscock, 709 Twenty-ninth Street, Snyder.

It was announced that George R. Killam, county attorney, will speak at the Ira School Cafeteria, at 3 o'clock the afternoon of June 27, on "How Property Laws Affect Women." The public is invited.

Tri-Community Home Demonstration Club is sponsoring a Tupperware party, Wednesday, June 25, at 2:30 o'clock at the Tri Community Club house with the proceeds to go to the club. They are also collecting magazines and news papers in bulk from the public to be sold to an Abilene firm.

Mrs. Forest Hess is calling a meeting of the County Home Demonstration Yearbook Chairmen for July Council.

Motion carried that council pay the expenses of the 4-H Club swimming party held June 16, at Towle Park, with each club paying a share.

The Home Demonstration Clubs annual Summer picnic for all families is scheduled for Friday night, Aug. 22, with Mrs. Darby, Mrs. B. M. DeLoach and Mrs. Herring on the steering committee.

The third hat shop school was set for June 27.

Joseph Box, FHA supervison, is to speak at the July council on "Repair Loans on Homes."

Delegates to the State THDA meeting in Austin, Aug. 12 to 14, at the Stephen F. Austin Hotel were elected. They are to be Mrs. L. A. Vaughn, Ira; Mrs. B. M. DeLoach, Tri-Community; Mrs. C. F. Pretty Actress Displaces Racing

HOLLYWOOD (AP) — A pretty actress has displaced auto racing in young Lance Preventlow's affections.

Lance, 22-year-old son of heiress Barbara Hutton, will be dating Jill St. John, 17, next Sunday instead of driving in a road race.

He competes in virtually all Southern California sports car races and left town last Sunday for a race. When he returned, he found that Miss St. John had a date with someone else.

Red-haired Jill says she's serious only about her acting career. She's to be in court next month to seek a divorce from Neil Dubin, a business man whom she married eight months ago.

WHAT'S GOING ON

Mrs. Fred Williams and Mrs. B. D. Garrett Jr., were two of the many guests at the bridal shower given Wednesday afternoon in honor of Dellene Cearley in the home of the bride-to-be's parents, Mr. and Mrs. Bill Cearley, 2403 Merrill Avenue.

Serious Talk About Humor

SAN ANGELO EVENING STANDARD:

President Eisenhower had some serious words to say about humor in his commencement address to the Annapolis graduating class recently. He told the budding naval officers to cultivate, if they can, a true, deep sense of humor.

He cautioned the cadets that the rigid, doctrinaire mind is devoid of humor. Absolutism in thought breeds a kind of frigid grimness. "Communists," said the President, "would find no meaning in the old saw, 'Always take your work seriously, never yourself'."

Conversely, "One of the characteristics of a free people is their ceaseless search for knowledge and truth . . . Their capacity to accept their mistakes in good humor . . . adds vitality to their searching."

The President knows that a sense of humor is indispensable in statesmen. It springs from a knowledge of the fallibility and imperfection of men — and of oneself. It is a defense against pain and disappointment. Without his sense of humor, Lincoln might never have been able to endure the pressures and agonies to which he was subjected as president. A man with a sense of humor almost never becomes a stuffed shirt and he always knows how to cope with those who are.

And what is most important, as the President put it, "A healthy and lively sense of humor goes hand in hand with independence of thought and an eternally questioning mind."

These are wise words which could have been directed at all of this year's graduating classes. The world they live in is not, nor should be, a fun house. But it is not exactly a chamber of horrors, either—at least not to those who are able to see the humorous side of things, and of themselves.

Financial Stew Has Odd Mixture

By SAM DAWSON

NEW YORK (AP)—The financial stew today contains three ingredients that look like an odd mixture:

1. A record short interest—borrowed stocks sold in belief that prices are due to tumble.

2. First earnings reports for the past six months—showing in the main that profits continue to slide, while the number of firms omitting or cutting dividends because of it steadily mounts.

3. A general and long rise in stock prices—either in belief that times are due to get better or that more inflation is inevitable.

The bears who are selling short seem to take the earnings decline more seriously than do the bulls who apparently think the profit squeeze is a temporary thing and can be eased.

The New York Stock Exchange says that in the 27 years it has been reporting the short interest that barometer of bearish sentiment is now at the record high. The American Stock Exchange also reports a record short interest.

To sell short you borrow stock in expectation of buying it back later at a lower price. If you do, you make a profit. If you can't, you lose.

Last Friday, after five straight months of rising, the short interest on the big board totaled 5,795,105 shares, involving 1,008 of the 1,533 stock issues listed, but representing only 0.1 per cent of the total outstanding shares.

When the big board started keeping records in May, 1931, the short interest was 5,589,700 shares, which at that time was 0.4 per cent of the much smaller total of shares listed.

Those selling short believe that the stock they borrowed is over priced in relation to its current earnings and prospects. They expect the price to drop before the mounting federal deficit coupled with a fresh wage-price rise can spark a new burst of inflation.

The earnings reports now coming in comfort the bears more than the bulls.

Reports so far from 42 companies whose fiscal year ends before the calendar one, show 22 have lower first six month earnings than last year. Combined their earnings total $102,098,000, compared with $112,250,000 in the first half of their previous fiscal year, or a drop of 9 per cent.

Three of the companies operated at a loss this year and four did the year before.

The decline in profits for the 42 companies as a whole foreshadows similar reports by the great majority of companies which will come along next month. The profit squeeze is in contrast to previous years when earnings were mounting. The first half of 1957 showed a 4.5 per cent gain over 1956, which had been 5.5 per cent higher than 1955. That year had racked up a whopping 34.7 per cent increase over the first half of 1954.

Many of the optimists think that sales volume will rise this fall. Others think that prices will, too. Together these forces could bring earnings up again and make stocks look good as a hedge against inflation.

The bears see less hope of reversing the decline of profit margins, fear that such a failure will imperil dividend rates, and make current stock prices look too high.

Adams Is Handled With Kid Gloves

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The House subcommittee probing Sherman Adams' relations with Bernard Goldfine is neither the sharpest, toughest nor most thorough group that ever quizzed a witness on Capitol Hill.

The treatment given Adams when he went before the subcommittee compared with that handed other witnesses in other cases before other committees—was almost like a once-over lightly with a feather-duster.

On June 10 the subcommittee disclosed that Goldfine, an industrialist, had footed more than $2,000 in bills run up at his expense at a Boston hoted by Adams, President Eisenhower's chief assistant.

This caused such a storm that on June 12 Adams wrote the subcommittee, acknowledging he had stayed at a Boston hotel and charged it to Goldfine. He added something which the subcommittee apparently didn't know: that he had done the same at a hotel in Plymouth, Mass.

On June 13 at a news conference James Hagerty, Eisenhower's press secretary, referred to Adams' letter and said he believed the President's No. 1 aide had "put on the record all the facts."

As it turned out, Adams hadn't put all the facts on the record.

On June 16 the subcommittee disclosed Adams had also stayed at the Waldorf-Astoria Hotel in New York at Goldfine's expense, although he didn't mention that in his letter.

Adams confirmed that when he appeared before the subcommittee June 17. He also informed the congressional group in his testimony, but not in his letter, that:

He had received from Goldfine vicuna cloth—which he said cost Goldfine's mills $69—for a coat and that Goldfine had given him —on loan—an expensive oriental rug.

The information about the vicuna and the rug didn't come from the committee—in fact, subcommittee counsel Robert W. Lishman said he didn't know about either—but from a reporter and a newspaper.

A reporter asked Hagerty June 12—the same day Adams wrote his letter—if it was true Eisenhower's aide had received a $700 vicuna coat from Goldfine.

On June 13 the New York Post reported that Goldfine and Adams had picked out a $2,400 oriental rug at Macy's in New York. Goldfine paid for it with a check drawn against one of his textile mills, the paper said.

Hagerty refused to confirm or deny these statements. But he did say that day he believed Adams had put all the facts on the record in his letter and said Eisenhower didn't think Adams had done anything improper.

Eisenhower, at his June 18 news conference, while expressing belief in Adams' honesty, admitted he thought Adams had been imprudent.

But when Adams went before the committee no attempt was made to find out why the facts he gave in his testimony—about the Waldorf-Astoria, the vicuna cloth and the rug—hadn't been given in his letter.

Counsel Lishman did quiz Adams about the information the latter got for Goldfine from federal agencies. But the only one who tried to go deeper into Adams' relations with Goldfine was Rep. John E. Moss (D-Calif).

But even Moss made moralistic speeches. So did the other committee members who said anything at all, including the chairman, Rep. Oren Harris (D-Ark). With the possible exception of Moss, none of them made any attempt at vigorous questioning.

Expendables Need List Of Their Own

By HAL BOYLE

NEW YORK (AP)—Wives are always writing notes to themselves headed: "Things to do."

Every now and then, however, when the foibles of civilization become oppressive, mankind ought to compose a different kind of list—a list of things we could all do without, a catalogue of expendables.

Here are a few personal nominations:

The Russian problem, the Algerian problem, the Middle East problem — and the middle age problem.

The current vogue of "sick jokes" such as this one: "Papa, why is mama lying there so white and still?" "Shut up, and keep digging!"

Television Westerns in which every character needs a psychiatrist except the villain's horse.

People who greet you by patting your stomach and saying: "Still putting it on, eh?"

The word "No!" when used by women.

People who have given up smoking, drinking and thinking—all at the same time.

Books about decadence in the South.

Books about decadence in the suburbs.

All books over 300 pages long.

Recession.

Inflation.

People who wear sunglasses on cloudy days.

Fond parents who insist on showing you photos of their children.

Pet owners who buy expensive items such as gold identification tags or mink jackets for dogs.

Martinis made with gin.

Martinis made with vodka.

Hosts who insist on subjecting their guests to the joys of backyard cooking at the height of the mosquito season.

Rock 'n' roll.

Fat men who persist in wearing plaid caps three sizes too small for them.

Fat ladies who wear a bikini, although they are three sizes too large for one.

Bosses who begin a conversation, "Now look, this is harder for me than it is for you."

Bosses who brag, "I never asked a man to do anything I wouldn't do myself."

People who say out loud to elevator operators, "Guess you have your ups and downs. Heh, heh, heh."

Child Breaks Chin In 20-Foot Plunge

SAN FRANCISCO (AP)—Gregory Chinn, 4, fell 20 feet when he tumbled off a fire-escape outside the apartment of his parents, Mr. and Mrs. Edmond Chinn.

He broke his chin, but was reported doing all right at San Francisco hospital.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

(Vernon Tracy, superintendent here for Service Pipe Line Co., is substitute columnist today for vacationing Buck Francis.)

After trying most everything in all sports, this is a new experience for us; our thoughts on sports-writing heretofore have been to read and criticize without any thought to how hard it might be to gather material to make up a column.

When we think of Snyder sports, we think primarily of football, due to working in football with two ex-Snyderites, who are good students of the game and real boosters of Snyder football. Therefore, we had heard a lot of Snyder football before coming here, some eight years ago, from O. M. (Red) Moore, ex coach here, and Theo Rigsby, ex-player here.

We feel sure there have been many good football players prior to 1950 at Snyder High School, which we did not have the good fortune of watching, so we are going to attempt to pick an All-Snyder Football Team from the players we have seen play since 1950. They are as follows:

Tracy Picks All-Snyder Grid Team

ENDS — Milton Ham. Milton has everything—build, ability, confidence, daring, desire and should play a lot at TCU. Robert Dabbs, Robert developed more than anyone we have seen in his senior year. We would like to see him continue football in college.

TACKLES — Wylie Denson. Wylie is big, rugged, dependable, smart and should play a lot at Rice. Bill Phillips. Bill is fast, smart, a real hustler. It is our prediction he will be changed to end in college.

GUARDS — Norman (Shorty) Grimmett. What Shorty lacked in size, he made up for in determination, smartness, and hustle. Gary Hill. Gary was tough, smart, determinded and hustled every minute.

CENTER — Joe Reaves. Joe was the "take charge guy" of all the teams he played on; smart, tough and rugged. He might be a little small, but we don't see how Texas Tech can pass him up in football. He'd knock the brains out of a bunch of the "lard" selected.

QUARTERBACK — Powell Berry. Powell is tall and rangy, smart a good passer, an excellent kicker. We predict he will play a lot at Texas A&M next year.

HALFBACKS — Jack Spikes. Jack is big, fast, strong and smart; a rough plunger and a good broken field runner. He has proven himself at TCU already. Joe Baxter. Joe had everything a running back needed in size and ability. He was about the toughest back to get off his feet we have seen in a long time.

FULLBACK — Jackie Grimmett. Jackie had all the abilities of an excellent fullback, a good blocker, good runner and good defensively. Jackie was the forerunner of the other three good backs.

If Only This Could Be One Team

If the above boys' ages could have been juggled just a little so they might have all been seniors on the same ball club, wouldn't that have made a team?

Now after being in Snyder, we believe baseball is sharing an equal popularity and with the excellent parks, coaches and interest, Snyder has developed baseball players, and we believe there will be a lot more in the future.

The new teenage league just formed, which is in the second week of play, should round out the baseball program to where players will develop further. We were afraid this teenage league might not draw attendance and interest like the others have, but we notice a lot of teenage girls in attendance regularly. I wonder why.

Phillies Pad Lead In Pony Victory

The Phillies pushed a little farther out front in the Pony League last night by downing the Tigers 6-4, and the Dodgers pulled back up to a tie with the Tigers for second after beating the Red Sox 3-2 in one extra inning.

Although the Phils won their game by a two run margin, the Tigers made them work for the win.

The Phillies took an early lead in the game, getting a run when Bob Pena tripled and Jimmy Everett singled. But the Tigers struck back in the second, pushing in two runs when Ed Carl Foree, Dean Comer, and Jerry House all singled. The Phils got out front again with four runs in the third. In the fifth, the Tigers pushed within one run of the league-leaders, but the Phillies stayed out front, capping it off with a run scored on a passed ball in the seventh.

Winner Weldon Ware pitched four innings for five hits, two walks, and five strikeouts. His relief, Bob Pena, went three innings for no hits, two walks and five strikeouts. Loser was Steve Free, who in a little more than two innings gave up four hits and no walks while fanning two. Bubba Fleming, who went the last five innings, pitched no-hit ball, walked two, and struck out seven.

The Dodgers kept their lead over the Red Sox for five innings, then the Sox tied it up in the sixth and forced the Dodgers into going through the eighth.

The Dodgers had scored a run in the first and one in the fourth, both on errors. In the fifth, the Red Sox got one singled home by Spencer Dyer. Another came in the sixth on a pitcher's balk. That knotted the score. In the eighth, who had walked, stole second and third and went home on a wild pitch.

Kenny Wellborn, winning hurler allowed seven hits and walked three while striking out 12 in the game. Charles Gladson, the loser, gave up four hits and four walks but struck out 14.

AAU Track, Field Show Set To Open

BAKERSFIELD, Calif. (AP)—The 70th annual National AAU track and field championships get under way tonight with some 400 athletes competing for prestige and one of the plum trips abroad this summer.

Mixed with the Yankee contestants are several noted foreign performers, headed by mile runners Herb Elliott and Merv Lincoln of Australia, each hoping to break fellow Aussie John Landy's 3:58 world record for the mile.

The final is set for Saturday night with qualifying heats tonight.

Biggest target of the summer tours is a meet with Russia at Moscow next month. The first two American finishers in each event qualify for the squad.

Elliott and Lincoln are heavily favored to run one-two in the mile. But Don Bowden of the University of California, lone American to break four minutes, will run in the mile instead of the 880 yard event.

Bowden gives the event added punch as he tries to redeem himself for his fourth place finish to Ron Delany, Jim Grelle of Oregon and Gail Hodgson of Oklahoma in the NCAA last week.

Texettes To Meet Inadale Tonight

The Texettes of Snyder will meet Inadale tonight in a women's softball game here.

The game will be at 8 p. m. on the softball field in Towle Memorial Park.

Wynn Getting Better With Every Game

CHICAGO (AP) — The Chicago White Sox' Early Wynn, at 38 shooting for his fifth 20-game season, figured today if he slows down "just a little at a time," he may pitch three or four more big league years.

The way Wynn handcuffed the Boston Red Sox Thursday with a two-hit 4-0 shutout — his third of the season and 36th of his 18-season career — old father time may blunt his scythe on evergreen Early.

Wynn now has a 7-5 record this year and seems to be getting better with every outing. Last season, with the Cleveland Indians, Early had his troubles with a wobbly club and finished with 14-17, the first time he won fewer than 17 games since an 11-7 mark with the Tribe in 1949.

"I'm tired now after a tough game," said Wynn as he slouched half undressed in the clubhouse long after he finished taming the Red Sox. "I'm in good shape, but the years count against you.

"I'd like to win 20, naturally, but it seems to me one season I had 11 wins by the All-Star game break and didn't hit 20.

"As for how much longer I can be an active pitcher, that depends on how fast I slow down. If I slow down just a little at a time, maybe I'll be good for three or four more years."

Southern Cal Wins NCAA Diamond Title

OMAHA (AP) — Southern California rules today as the champions of the college baseball world.

The Trojans grabbed the NCAA World Series title Thursday night by beating Missouri 8-7, the second win two night over the Big Eight Conference champions.

It took 12 innings for the Trojans to get the job done.

Mike Blewett finally broke up the game, driving a long hit to right field to score Red Johnston from third with two men out.

60 Golfers Try For Public Links Spots

By The Associated Press

Almost 60 golfers will be shooting for six places in the National Public Links Golf Tournament in sectional qualifying in Texas Friday.

Some 23 will be after two places at Big Spring.

Eighteen will try for two spots at Dallas where Gene Towry, runner-up in the national meet last year, is in the field but is qualified automatically.

Austin will have 17 seeking two places.

Qualifying is over 36 holes.

Lopez Is Winning, But So Are Yanks

By ED WILKS
The Associated Press

Okay, so Al Lopez has made his point. Those winter trades that peddled power for pitching have helped give his Chicago White Sox four shutouts in five games. But they're still seventh in the American League race, 11½ games behind.

Jim Wilson, Dick Donovan and Billy Pierce, three old hands, pitched consecutive shutouts, and after taking a five-home run pounding from Boston Wednesday, the White Sox beat the Red Sox 4-0 yesterday on the two-hit pitching of Early Wynn.

The veteran right-hander, acquired from Cleveland, now has a pair of two-hitters for the season, and owns half of the six shutouts bagged by the Chicago staff. Yesterday's showpiece, in which he faced but 30 men and didn't give up a hit after the sixth, was his 36th major league shutout and his 10th two-hitter in the big time.

Yet the White Sox didn't gain an inch on the first place New York Yankees, who rapped five homers and beat Cleveland 9-3 for a three-game sweep that left 'em nine games ahead of second place Boston. Washington junked its slump at five games, and ended Detroit's winning string at five, with a 4-3 decision. Baltimore jumped into fifth with a 4-2 victory at Kansas City.

In the National League, the Chicago Cubs belted four home runs and handed Warren Spahn his third consecutive defeat 5-4 at Milwaukee. That held the Braves' lead at two games over second place San Francisco, beaten 6-5 at Pittsburgh. Philadelphia beat Los Angeles 9-3. Cincinnati and St. Louis were idled by rain.

Wynn, now 7-5, walked but two and struck out eight. He leads active major leaguers with 1,705 strikeouts in his 18-year career. He gave up a second-inning single by Frank Malzone and a sixth inning single by loser Frank Sullivan (4-2). Wynn fanned Ted Williams for the last out.

Early, 38, scored the only run he needed himself, on Billy Goodman's third-inning sacrifice fly.

Andy Carey hit two of the Yankee homers, giving him eight. Both were off reliever Bob Lemon. Home runs by Enos Slaughter and Elston Howard gave New York a 3-0 lead in the second against rookie Gary Bell, who lost his first in three decisions. Hank Bauer got the other Yank homer, while Rocky Colavito hit his 11th, with one on, in the ninth for the Indians. Johnny Kucks (5-3) went all the way with an eight-hitter.

The Orioles, in last place before sweeping three at Kansas City, took it on Gene Woodling's two-run homer in the eighth off Ned Garver, who has lost three in a row. Ken Lehman won it in relief for the Birds, now just a half-game out of third and two shy of second.

Li'l Albie Pearson doubled home a tie-breaking run in a two-run seventh for the Senators, then tripled home the winner in the ninth. Dick Hyde saved Russ Kemmerer's fourth victory, putting down the Tigers after they scored two unearned runs in the ninth. Paul Foytack (5-7) dropped his third straight.

Sackers Bow To Cats In GPL Tilt

Reuben Gonzales pitched a two hitter for the Cats in the Graduate Pony League last night, and they downed the Sackers 13-7 to remain undefeated in league play.

The Sackers, in losing the game, remained in third place in the league. In tonight's play, at 7 o'clock, the last place Braves will take on the second place Yankees.

Gonzales and the loser, Skip Franklin, each walked five and struck out eight in the game. Franklin lost eight hits to the Cats, however.

The Sackers stayed right in the game until the sixth inning, when the Cats began to move out ahead. The Cats scored four runs in the second, the Sackers three. Then the Sackers scored again in the third to tie the score. The fourth inning saw the Cats score four times, but the Sackers came back with three more runs in the fifth to make it 8-7.

An error got the Cats two runs in the sixth to make it 10-7, then in the seventh an error and Alex Cross's double made them three more runs.

McClatchy Gets Ace On Ninth Hole

Cecil McClatchy shot a hole-in-one and Bennie Franks of Colorado City won the first annual golf tournament of the American Institute of Mining and Metalurgical Engineering section at the Snyder Country Club golf course yesterday afternoon.

Jerry Eubanks, representative of the local section, said that the AIME golf tournament was followed by a barbecue. Thirty-nine members and guests participated in the golf play, and 64 attended the barbecue supper.

Franks' winning score was computed on the Callaway handicap system, used in the tournament.

Cecil McClatchy and Buck Ryan tied for second with low nets of 70, Max Dyer and Ed Free tied for fourth with low nets of 71, and a five-way tie between A. J. Shaw, R. M. Dicharry, J. L. Black, Ross Carroll and C. R. Rauchkolb, with 72's existed for sixth place.

McClatchy won both the long-drive on the first hole, and the nearest-the-pin shot on the ninth hole. His nearest-the-pin shot was as close as you can get — it was a hole in one.

New Stadium For Houston Studied

HOUSTON (AP) — A special committee may recommend today that Harris County build a county stadium that can handle major league baseball and professional football.

The committee was named by the County Commissioners Court to study the question of erecting a sports stadium with revenue bonds and without use of tax funds.

The committee is expected to recommend a stadium that will handle about 40,000 fans. Such recommendation would require approval of the commissioners court, which also would have to call a special election.

Tomorrow Deadline For GPL Signing

Noon tomorrow will be the deadline for boys 15 and 16 years old here to get into the Graduate Pony League for this year.

The league needs several more players.

Between now and noon Saturday, prospective players can give their names, ages, and addresses to Snyder Glass & Mirror Co., the Daily News sports department, or to the scorekeeper at tonight's game on the high school baseball field.

Bolt Strokes Into Lead In Flint Open

By DAVE DILES

FLINT, Mich. (AP) — A new attitude, a new driver and some malt tablets "to keep me from getting so doggone hungry" had Tommy Bolt in front of the pack that entered the second round of the $52,000 Flint Open Golf Tournament today.

While the newly crowned U.S. Open champion stroked into the lead in one of the richest tournaments on the circuit, the game's biggest drawing card was in danger of failing to survive the 36-hole cut for the second straight week.

Sam Snead, one of the pre-tournament favorites despite the fact he failed to qualify for the final 36 holes of last week's U.S. Open, had a six-over-par 78 that left him nine strokes off the pace.

Bolt's three-under-par 69, fashioned mainly from a blazing putter that counted seven one-putt greens, pooh-poohed the so-called letdown that has plagued such golfers as Carey Middlecoff, Ed Furgol, Jack Fleck and Dick Mayer after their National Open triumphs.

"I had my letdown the day after I won it," said Bolt, who claims he has abdicated as king of the club throwers.

Bolt held a one stroke advantage over Bill Casper Jr., of Apple Valley, Calif.

Only 15 from a starting field of 140 had par-or-better scores. And 39 of the competitors had scores in the 80s, against par of 36-36—72.

Other par breakers at 71 are Doug Sanders, the Western Open winner from Miami Beach; George Bayer, the California pro; Ted Kroll of Sarasota, Fla.; Gene Littler of Singing Hills, Calif., and Tom Nieporte of St. Andrews, Ill.

White Sox Blanked In Little League

The league-leading White Sox were shut out 4-0 by the third place Indians last night in American Little League play.

In the National League, the Giants downed the Braves by the same score and moved a little closer to the top lace in the league. The Giants could have a tie for first after tonight, should the Cardinals be defeated by the Cubs in the first game. Tonight's second game will be a clash between the Yankees and Athletics.

Winner Ronnie Bennett and Loser Jimmy Wilson each gave up only three hits in the Indian-White Sox game last night. Bennett struck out 10, Wilson nine. Bennett walked four, Wilson none.

Robert Thomas, who got on by fielder's choice with the bases loaded in the third, pushed in one run, while Blake Roberts singled to get two more. In the sixth, Richard Bennett scored on an error for the fourth Indian run.

The Giants scored three of their four runs in the first inning for their win over the Braves. Loser Bennie Minor walked three batters while the bases were loaded to give the Giants those runs. Ronnie Detrich knocked in the other run in the third.

Detrich, winning hurler, allowed three hits and two walks and struck out four. Minor gave up four hits and walked six, striking out four.

Mike DeJohn Is Favorite

SYRACUSE, N.Y. (AP)—Mike DeJohn, a handsome heavyweight with a great potential, is a 7,5 choice at War Memorial Auditorium tonight.

A red hot contender eight months ago, the 26-year-old Syracuse slammer now needs a decisive victory over the 31-year-old Baker to get back in the limelight.

Last October the rangy, hard hitting DeJohn scored a sensational one-round knockout over then unbeaten Alex Miteff of Argentina.

Then he remained on the sidelines until last April 23 when he met Cuba's Nino Valdes, another happy-go-lucky character, and lost by a narrow, split decision.

Soviets To Give Farmers Incentive

MOSCOW (AP) — The Soviet Communist party today announced another step in Premier Khrushchev's plans to beat U.S. agricultural production by giving Russian farmers more incentive to grow more.

The party's Central Committee announced collective farms no longer will be required to deliver a large part of their output to the government at a fixed low price.

Instead, a new pricing system will be established for the entire output of collective farms. It aims to introduce an element of competition for low-cost, efficient production.

A report on the Central Committee meeting of about 250 members on Tuesday and Wednesday also said two men were promoted to alternate membership in the committee's ruling Presidium, the key unit of power in Russia. It has had 15 full members and 9 alternates.

The two are N.V. Podgorny, first secretary of the Ukranian Communist party, and Premier D. S. Poliansky of the Russian Federation, largest republic in the Soviet Union.

There was no mention that the Central Committee meeting produced a shakeup in the Kremlin leadership, as Western observers had speculated might be taking place. Both the changes in the agricultural system and the promotion of Podgorny and Poliansky indicated Khrushchev still was in control.

The committee decisions were based on a farm policy speech to it by Khrushchev. Publication of the speech — possibly tomorrow — may clarify some points left vague in the published plan.

The announcement said the new plan will go into effect this year but did not specify when.

The committee made clear, however, that it is not relaxing controls over production. It said under the new pricing system "all quotas to the state must be maintained." Presumably the surplus still will be available for the open market.

It also decreed an end of the payment-in-kind system. Collectives had paid with their products for such services as machine plowing. Past payment-in-kind debts were written off and indebtedness in compulsory deliveries also was abolished.

Khrushchev's proclaimed goal in changing the agricultural system established under Stalin is overtake the United States in farm production. The committee report boasted that "in recent years the Soviet Union has approached the volume of U.S. agriculture output in a number of products. In creation items (it) has even surpassed the level attained in the U.S.A."

Negro Planning To Return Home

ALBANY, Ga. (AP) — Clennon King says he hopes to return to Mississippi where he was placed in a mental hospital after an unsuccessful attempt to enter the all-white University of Mississippi.

"I don't think any citizen should be forced to leave any state in this country," he said last night in an interview. "I haven't done anything wrong. I'm not an agitator or anything like that."

The 37-year-old Negro educator and minister left Jackson, Miss., by plane yesterday to spend a few days with his father in this south Georgia city where he was born.

"I just felt that I had to have a chance to pull myself together and arrange my thoughts," he said. "After that I hope to go back."

But he added, "I don't want to stay in Mississippi if I'm not wanted. I haven't been treated right in Mississippi.

"I think Gov. J. P. Coleman should apologize to me and that the state should reimburse my family for the expenses in setting me free. They know they've done me wrong. I'm disillusioned. I don't feel free in Mississippi."

King was released Wednesday from the state mental hospital at Whitfield, Miss. He still faces charges of disturbing the peace and resisting arrest in Lafayette County, where the University of Mississippi is located.

He said that if there is no apology he may sue the state of Mississippi "for acting as they have acted."

King arrived in Atlanta coatless and without baggage 24 hours after Mississippi officials released him from the mental hospital. He took another plane to Albany.

The pastor of the African Methodist church at Gulfport, Miss., said the trip might be called a flight because officials said "it was possible I might be hurt by extremists if I remained."

Officials in Mississippi said King went berserk while trying to enter the University of Mississippi two weeks ago. King denied this but said he called for help when he was taken to a basement by officers. He said he was not mistreated physically.

Pair Held In Beating

LADONIA, Tex. (AP)—A college student and a truck driver were held in jail today on charges of aggravated assault in the clubbing of a night watchman.

H. C. Vale, 19, Commerce, a summer student at East Texas State College, and Ernest Weeks, 21, Ladonia truck driver, were held in lieu of bond of $500 each. They were charged with hitting Albert Winn, 40, a watchman, over the head.

Sheriff Hoyt Ivey said Vale gave him this account:

The two youths met at a fire station in Commerce and planned to rob a store Wednesday night and the Security State Bank in Commerce Friday.

Vale said he was bored with summer classes and wanted to get enough money to go to New York.

They talked to Winn on the city hall curb across from the Ladonia store they planned to rob, then clubbed Winn but failed to knock him out. He called for help. The two men ran and were captured later on the road to Commerce.

Simple Argument Knocks Out Fines

LOUISVILLE, Ky. (AP)—R. B. Knollenberg, irked because of a $20 parking violation fine, put up a simple argument in Traffic Court yesterday:

The signs don't specify whether the regulations apply to Central Standard Time or Daylight Saving Time.

Judge L. R. Curtis agreed and the fine was dismissed. Louisville switches to Daylight Saving Time in the summer. There was no indication of whether the signs will be changed.

Itinerant Raincoat Always Comes Home

HARRISBURG, Pa. (AP)—Carl A. Carbone's itinerant raincoat has returned home again.

In the past several years Carbone has lent the coat to hitchhiking servicemen he has picked up while traveling as a salesman.

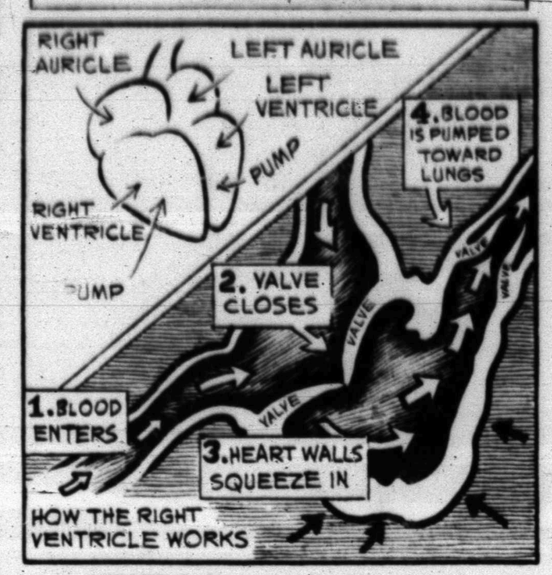
"It's been sent back from India, Hong Kong, and other far off places," he said today. "Sometimes as long as six months goes by, but the raincoat is always returned."

Jeff Chandler Files A Counter Charge

LOS ANGELES (AP) — Actor Jeff Chandler has countered his wife's charge of extreme cruelty with one of general cruelty.

He filed a counter-suit to Mrs. Marjorie Chandler's divorce action and asked the court to decide on custody of their children, Jamie, 10, and Dana, 8.

A Junior Editors Quiz About THE HEART



QUESTION: Does your heart ever rest?

• • •

ANSWER: Yes—and earns it! The heart is divided by a wall through the center into two parts, the upper chamber of each being the auricle; the lower, the ventricle.

Blood, blue in color and loaded with waste, enters the right auricle from the veins and flows into the right ventricle. A valve shuts after it and the walls close strongly (the heartbeat) pumping the blood into the lungs. There it is swiftly rid of waste and loaded with life-giving oxygen. Its color turns bright red. It returns to the left auricle and into the left ventricle where it is pumped again, this time out through the arteries and into the body.

The heart is no larger than a closed fist, yet it keeps blood perpetually rotating through every part of the body, one full round trip every 30 seconds. The heart's force has been estimated at 240 horse power. It must rest, or wear out.

But when DOES it rest? Two heartbeats are necessary to bring blood into the lungs and shoot it out through the body. After the two beats, the heart relaxes or rests, just long enough to get up strength for the next cycle of beats. Your heart also slows down when you relax and at night; it is only actually pumping eight hours out of the twenty four.

• • •

FOR YOU TO DO: Get a friend to hold out his left wrist, thumb up, and lay your finger tips lightly along the upper and inner part, moving them around until you feel the heartbeat. Then think of the tremendous job that thump is doing and be grateful for the wonder of creation.

• • •

Seek Delay Of Sentences

ST. LOUIS (AP)—Chief Judge Archibald K. Gardner of the U.S. Court of Appeals expects to rule by Saturday morning on an eleventh-hour bid by two former Truman administration officials to escape going to prison.

Matthew J. Connelly and T. Lamar Caudle are scheduled to surrender here Saturday to begin serving two-year prison terms for conspiring to defraud the government in an income tax case.

Connelly, who was Truman's appointments secretary, and Caudle, former head of the Justice Department's tax division, have asked a stay of execution of their sentences until U. S. District Court disposal of their request for a new trial. They asked a second trial on grounds of new evidence.

Radioactivity In Human Bodies Up

WAYNESVILLE, N. C. (AP)—Radioactivity in human bodies has increased about 100 per cent in the last two years, but the amount still need not be regarded as harmful, says a nuclear medicine specialist.

Col. James B. Hartgering of Washington, D. C. yesterday addressed the Mountain-Top Medical Assembly, made up of doctors from seven states. He is director of the division of nuclear medicine and chemistry at the Institute of Research, Walter Reed Army Medical Center.

He attributed the increases of radioactive materials in humans to increases in nuclear testing by the United States, Great Britain and the Soviet Union.

TV Directors Plead 5th Amendment

NEW YORK (AP) — The stage manager of the television show, "I've Got a Secret," has been fired for refusing to tell a congressional subcommittee whether he ever was a Communist.

Joseph Papp's dismissal by the Columbia Broadcasting System Thursday came just a day after Charles Dubin was fired as director of the NBC-TV quiz show, "Twenty One." Dubin had balked Wednesday before the subcommittee.

During two days of hearings by the House subcommittee on Un-American Activities, 17 witnesses invoked the Fifth Amendment against self-incrimination. The other witness took the First Amendment, guaranteeing freedom of speech.

Arthur Lief, American guest conductor for the Moiseyev Russian dance company, also was dropped by the Ed Sullivan CBS-TV show for refusing to tell the subcommittee whether he is a Communist. He was to appear June 29 with the dance company on the Sullivan show.

The witnesses also included Benjamin Steinberg, violinist in the orchestra of the Broadway musical show, "The Music Man," and Clifford Carpenter, an actor in "Sunrise at Campobello," a Broadway play. Steinberg refused to say whether he is a member of the Communist party. Carpenter denied present membership but declined to say whether he had been a member in the past five years.

Papp, who also has managed the free Central Park Shakespeare festivals here, told the subcommittee he is not now a member of the party, but he refused to say if he ever had been. Dubin also had said he is not now a Communist but refused to say whether he has a past Communist record.

Canada Okays Defense Pact

OTTAWA (AP)—Canada's Parliament has approved the air defense agreement with the United States setting up a unified command to protect North America from attack.

The agreement covers the operations of the North American Air Defense Command (Norad), which has headquarters at Colorado Springs, Colo. It is headed by U. S. Gen. Earle Partridge. Canadian Air Marshal Roy Slemon is his deputy.

The House of Commons vote yesterday was 200-8, with the Socialists opposing the agreement. They want Norad placed under direct control of the North Atlantic Treaty Organization. Prime Minister Diefenbaker argued the agreement "strengthens NATO and that is all that matters."

Airliner Skids Into Ditch Near Runway

Boxer Having Girl Trouble

PHILADELPHIA (AP) — Two women say Garnett (Sugar) Hart, 22, a welterweight boxer, is the father of their children. A third woman accuses him of falling $1,017 behind in his support payments for two of her children.

The accusations were disclosed yesterday when Hart was defendant in three separate actions in municipal court.

He was excused temporarily in the first case. Hart said he was going to marry the girl tomorrow. He was held in $500 bail for trial in the second case. He promised to pay support in the third case and won a court postponement until August.

The judge asked the boxer how he became involved in the suits.

"I can't help myself, judge," Hart answered. "I just have to fight them off."

BILL B. McCRARY

B. B. McCrary New Green Hill Pastor

The Rev. Bill B. McCrary of Louisville, Ky., pastor of the Goshen Baptist Church at Lawrenceburg, Ky., will come here July 20 as pastor of the Green Hill Baptist Church.

A native Texas, Rev. McCrary was born at Ralls and later lived at Kildare and Texarkana. Now, 25, he is one of the youngest ministers of Snyder churches.

The new pastor holds a bachelor of arts degree from Baylor University, bachelor of divinity from Southern Baptist Theological Seminary and Louisville, and master of theology from the same seminary. While at Texarkana College before Baylor, he was president of the student body, was named to Who's Who in American Junior Colleges, and was a two-state junior tennis champion.

Rev. McCrary has been a revival speaker and song leader, directed church choirs, served as general chairman for organization of a city-wide youth revival for Texarkana, was pastor of the Macedonia Baptist Church at Madison, Ind., for one year and pastor of his present church since July, 1956. That church has about 150 during college and before included that as a grocery clerk, work with a civil engineer, traveling salesman for wholesale distributing firm, newspaper work and others.

His wife graduated from Baylor cum laude, taught public school in Texas and Kentucky. She won the Texas State Junior College Women's oratorical contest in 1952 was a high school and junior college favorite, was named to Who Who in American Junior Colleges.

They have one daughter, Mary Lynetta, 2½.

First Baptist

The Rev. G. M. Cole, pastor of the First Baptist Church, will speak on "Special Providence" at the Sunday 11 a.m. service.

His subject at the 7:30 p.m. service will be "The Christian Life."

The Public Spirited Firms and Individuals On This Page Bring You This Weekly Message In The Hope That It Will Point To A Better Way Of Life And Be An Inspiration To Everyone.

In this age of juvenile disturbance it is time for all of us to act.

It is time to be a friend to the friendless. Time to set examples, solicit respect. Here is a broken hearted lad who is in trouble, and deep. He is one of many who don't know which way to turn. His father wicked and his mother's spirit is bent... which way shall he take? Evidently he has started in the right direction. God's Word is open and his heart is broken. He is repentant and that is a good place for God to begin work. Here is opportunity for God's people to work. Here is where confidence in a troubled youngster will pay dividends in church membership community betterment. May all of us alert ourselves to opportunities to serve.

A CHRISTIAN MAY SIN

(Question) Do you believe a Child of God can sin?"

(Answer) Surely a child of God can sin or else a means of pardon would have not been made for the one who does. ". . . and if any man sin we have an advocate with the Father, Jesus Christ the righteous" (1 John 2:1). Christians are commanded to be—

(1) Holy—1 Pet. 1:15,16.
(2) Present bodies a living sacrifice. Rom. 12:1.
(3) Go on unto perfection. Heb. 6:1.
(4) Cleanse ourselves. 2 Cor. 7:1.

Yet in spite of the above admonition, the Holy Spirit teaches that conversion goes on throughout our lives. "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory . . ." (2 Cor. 3:18). Paul wrote to sanctified people at Corinth, (1 Cor. 1:2) who were guilty of Division, fornication, perverting the Lord's Supper and many other sins. He urged the Roman Christians "not to continue in sin. (Rom. 6:1). As a Christian serves God in humbleness, as he walks in the light. His sins are more apparent to him and he may confess them to God and receive forgiveness. (1 John 1:7-10).

(Address letters to Mr. Pace in care of the 25th St. Church of Christ.)
