SANDBAGGING WEAKENED DYKES

Men labor knee deep in flood waters of the Little Calumet River near Hammond, Ind., as they pass along sandbags to strengthen a dyke in Riverside Park. More rain fell over the flood-stricken Calumet region and hundreds of persons were driven from their homes.

$2-Million School Bond Election Slated Oct. 30

More Classrooms Planned In System

The board of trustees of the Snyder school district last night called an election for Oct. 30 to determine whether property taxpayers shall authorize issuance of tax bonds in the maximum amount of $2-million for construction of needed facilities.

The election polls are to be at the school district's tax office at 1922 Twenty-sixth Street, immediately west of the city hall. The date set for the election is the last Saturday this month.

If the proposal is approved in the election, the board will order definite plans for construction of additional classrooms on all existing elementary school buildings except the one in the Negro section of the city (which is large enough). The board will also approve plans for adding music and library facilities at all schools except the high school, and will order construction of additional athletic facilities at the high school.

The board has for several weeks discussed and worked on tentative plans and has consulted with a considerable number of citizens at a meeting called recently for this purpose and open to the public. The meeting was to exchange ideas and seek solutions to the school district's problem of a serious shortage in facilities.

At present there are about 400 more students enrolled in the elemenetary schools than there are permanent classrooms for, and many classess are held in wooden one-room buildings.

Although no definite plans have been made, the board has considered the probability that one new elementary building will be essential in this building program in addition to the new wings for the existing buildings. No site for this building has been chosen, but the present view of the trustees is that it should be in the northeast part of Snyder.

The board last night hired First Southwest Co., Dallas, to handle all election proceedings, bond printing, bond apprvoal by state officials, market attorneys, etc., calling of bids on sale of bonds, printing of a prospectus for Snyder and the district, advertising of the bonds on the market, and numerous other legal essentials involved.

The fee agreed on for this work was $7,500 if the election carries, nothing if it doesn't. This fee is $12,500 less on this particular issue than it would have totaled at the usual one-per cent fee paid by the district on issues in the past. The last fee paid by the district was eight-tenths of one per cent on an issue of $3,500,000 in 1950.

First Southwest Co. was represented here last night by Charlie Smith, Jerry Barker, and Jim Kerley of its Abilene office. Smith has handled all such issues for the district during the last several years, although representing another firm.

The fee for this issue is $3.75 per each thousand dollars of the total issue, which is less than the average fee charged similar districts recently.

Another firm, Shearson Hammil Co., represented by Jake T. Martin of Dallas, offered similar services for a fee of $4.25 per thousand.

Propositions of the election include the issuance of bonds not to exceed a total of $2-million at interest rates not to exceed 3¼ per cent per year and approval of a tax rate of $1.50 per $100 valuation.

Indiana Town Still Menaced, By Floodwater

HAMMOND, Ind. (AP)—The Little Calumet River still swirled perilously close to the top of sandbag dikes in suburban Highland today.

At Plymouth, halfway across northern Indiana, the Yellow River crept almost imperceptibly upward toward an expected crest of 17.5 feet.

Authorities expected the Little Calumet to drop as the Weather Bureau forecast a day free of rain. But a Red Cross spokesman said the sandbag walls could not stand a rise of more than three or four inches.

Hundreds of volunteers worked throughout the night reinforcing the dikes. About 2,000 homes at the south edge of Hammond and in the suburbs of Highland, Munster and Dyer had been flooded after last weekend's heavy rains.

Upstream, near the southwest edge of Gary, the Little Calumet swept through a small farm area, isolating more than 50 families on car tops and roofs. Sheriff Jack West and 21 deputies carried them to safety in three outboard-powered boats.

The Red Cross set up a state disaster headquarters at Michigan City, halfway between Hammond and Plymouth, to direct disaster work in both areas.

Four hundred families were homeless in Plymouth, a city of 6,700 population, and 200 other homes were flooded around Lake of the Woods, northeast of Plymouth.

Traffic still was banned in Plymouth, and the schools remained closed. Sandbag dikes protected the electric and water utilities.

TIGHT SPOT

Fourteen-month-old Terry Fancher got himself into a tight spot on the back porch of his home in Spokane, Wash. His howls brought, in order, mother, neighbors, then police with saws. Officer Bob Colliton completes the rescue after the carpenter job by officer Tom Pugh. Mrs. Roy White, a neighbor, holds Terry. His mother, Mrs. Sam Fancher, stood by, soothing her son.

Stratton Says Wilson Should Skip Session

By The Associated Press

Secretary of Defense Wilson's remark about "kennel dogs" prompted a suggestion from Republican Gov. William G. Stratton of Illinois today that the Cabinet member stay away from a fund raising dinner of his own party.

Stratton said Wilson's comment, in a discussion of unemployment, shows Wilson's views on the subject are so far from those of President Eisenhower's that he doesn't qualify to speak for the administration. Both the governor and the secretary were listed to address the $100-a-plate affair in Chicago tonight.

Wilson, in Detroit, told newsmen he was surprised at Stratton's statement. He said he was supposed to leave for Illinois this afternoon and would follow that plan unless there were other developments.

The latest intraparty development built up new heat in what phrase makers have begun to call the dog days of the political campaign. Labor leaders and Democrats already had taken sharp jabs at the Wilson comments and some Republican candidates had disassociated themselves from his words.

Stratton's statement, from Springfield, Ill., shared political interest with early returns from yesterday's general election voting in Alaska, indicating renewed Democratic strength.

First overnight counts showed E. L. Bartlett, the present Democratic delegate to Congress from the Territory, piling up a bigger lead than he had two years ago in his bid to retain his seat. His opponent was Mrs. Barbara Dimock, a Republican member of the Alaska legislature and the first woman ever to seek the nonvoting assignment to Congress.

In the fight for control of Alaska's legislature, which they lost two years ago, Democrats ran strong in early reporting precincts which went Republican in 1952. Races for two other territorial offices were nip and tuck.

Scenting an overturn in their favor, Democrats were getting all set to put new emphasis on a saying popular in the north—"As Alaska goes, so goes the nation."

The "dogs" affair started Monday when Wilson told a news conference in Detroit he has "a lot of sympathy" for the unemployed, but always had "liked bird dogs better than kennel-fed dogs." He added: "You know, one who'll get out and hunt for food rather than sit on his fanny and yell."

This touched off a flurry of criticism from Democrats, CIO president Walter Reuther and AFL chief George Meany and from a few GOP candidates, who took the view that Wilson's remark was an unwarranted slap at the unemployed.

Wilson yesterday got out a statement that he meant "no invidious comparisons, nor insinuations likening people to dogs in any sense." He said his remark was intended to underscore his admiration for "spirit and initiative" in jobhunting, and that "people of the adverse political party" are trying to make capital "on a misinterpretation of the full meaning of what I actually said."

White House concern over the furor became evident when Eisenhower himself came to Wilson's defense with a statement.

"I never have found him (Wilson) in the slightest degree indifferent to human misfortune," Eisenhower said from his Denver summer headquarters—and a presidential associate said further developments on the matter would be closely followed.

Democratic National Chairman Stephen A. Mitchell called Wilson's remarks "cruel and stupid." Sen. Symington (D-Mo) said the quotation was "unfortunate, especially if it expresses the philosophy of a public servant in regard to unemployed people."

North Fisher Discovery To Get Stepout

General Crude Oil Co. has staked location for a five-eighth-mile northeast stepout to its No. 1 Diedrich Wolff, Jr., a possible discovery from the Ellenburger in North Fisher County.

The new test will be the No. 2 Wolff, and is located 1,980 feet from north and east lines of section 104-1-H&TC. That is approximately 10 miles west-northwest of Hamlin. Drilling to 6,500 feet is to start immediately.

The No. 1 Wolff was last reported shutin to move off the rig and test for completion. It had reported swabbing 33 barrels of oil and 66 barrels of water from perforations at 6,040-043 feet in the Ellenburger.

DUAL COMPLETION

Woodson Oil No. 1 W. F. Mathis, Northwest Scurry tester, has been completed from the Ellenburger to make it a dual producer.

The No. 1 Mathis was drilled by Fred Goodstein. He completed it from the Strawn as a discovery, reporting a potential of 190.44 barrels of 41.5-gravity oil with no water. Woodson took the project over and re-completed it from the Strawn, later filing application to make it a dual Strawn-Ellenburger completion.

The well flowed 196.6 barrels of oil in 11 hours from perforations opposite the Ellenburger from 8,368-372 feet. The 24-hour potential was calculated to be 428.88 barrels of oil. Gravity was 43.1 degrees. No water was present.

The perforations had been washed with 250 gallons of mud acid. The flow was through a 20-64th-inch choke. Total depth is 8,380 in the Ellenburger, where five and one-half-inch casing is cemented.

The No. 1 Mathis is 656.5 feet from north and 660 feet from west lines of section 537-97-H&TC, about two miles northwest of Fluvanna.

WARD WILDCAT

Sinclair Oil & Gas Co. has announced plans to drill an 8,000-foot Ellenburger wildcat 10 miles southeast of Monahans in Ward County.

The well is to be the No. 1 J. B. Tubb. Location is 660 feet from north and west lines of the southwest quarter of section 13-B20-psl. Operations are to begin at once.

RUNNELS TESTS SET

Operations on three new wildcats

Coffee Probe Hits Profits

By JOE HALL

WASHINGTON (AP) — Sen. Beall (R-Md) said today his Senate Banking subcommittee intends to find our who reaped the profits from soaring coffee prices which cost American consumers an estimated 293 million dollars.

"We're going to find out where these profits in coffee went," Beall told newsmen, adding there is "a good possibility" the search will involve looking at some income tax returns.

As his subcommittee resumed hearings yesterday into the coffee price boosts of last winter and spring, Beall estimated that the increases cost the U.S. public 293 millions in the first eight months of this year. He said there is no evidence of a coffee shortage to justify the increases.

Douglas B. Bagnell, assistant administrator of the Commodity Exchange Authority (CEA) in the Agriculture department, was called as the main witness at today's session.

Beall said in an interview the testimony taken in the probe so far indicates to him that coffee trading on the New York Coffee and Sugar Exchange should be brought under CEA. Twice this year the Senate voted for such regulation, but the House refused to go along.

Shivers Urges Conference On Road Problems

By MAC ROY RASOR

AUSTIN (AP)—Gov. Allan Shivers today urged a conference on highway matters to make a "very, very, thorough" study in the field of increased taxes to finance needed new Texas highways.

He asked the group also to look into other means of financing an expanded road program and to make definite recommendations to him and the Legislature.

More than 100 persons attended the conference called at the governor's suggestion by State Highway Commission Chairman E. H. Thornton Jr.

Wide interests were represented at the meeting, including county judges and commissioners, and individuals and associations interested in education, highway safety, road construction, oil, gas, trucking, livestock, buses, railroads, dairy products, automobile dealers, newspapers, radio stations, chambers of commerce, and others.

Shivers told the conference if needed new primary highways are to be built, pressure must come from the people who use them.

"How much of an improved highway program can be accomplished in the next few years will depend largely upon your recommendations," he said.

The governor said he had no specific plan to submit, but he said increased revenue could come only from increased taxes, the federal government or local contributions.

Man Believed Slain Phones Police Dept.

FORT WORTH (AP)—A man saying he was David Fred Hagler Jr., Fort Worth man believed slain in an automobile in Oklahoma, telephoned police here today from Waco.

He called Police Chief Cato Hightower.

Hightower said, "Hagler lived across the street from me for three years. That was his voice. He is alive."

The body of a man found in a burned station wagon near Davis, Okla. last Sunday had been identified tentatively as Hagler's, 36-year-old asphalt company executive.

Hightower hoped Hagler could answer the big question: Whose body was in the station wagon?

Agent Steele Westbrook of the Oklahoma State Crime Bureau said that both Hagler's mother and his dentist told them, after looking at a photograph of teeth from the body, that they weren't those of Hagler.

Storm Heads To Bahamas

MIAMI, Fla. (AP)—Hurricane Hazel moved into the southeastern Bahamas today, while food and medical aid were rushed to stricken Haiti in the wake of the big tropical storm.

At 8 a.m. the Miami Weather Bureau reported the hurricane was centered near the eastern end of Great Inagua Island. A hundred miles ahead of the storm lies Mayaguana, site of a U.S. guided missile tracking station.

Mathew Town, on the west end of Inagua, has a population of about 2,000, mostly natives employed in extracting salt from sea water for the fisheries of New England, Norway, Sweden and Japan.

Also on the island is a colony of 7,000 to 8,000 flamingoes, one of the largest groups of these colorful birds in this part of the world.

Hazel's windpower had diminished after its passage through the mountains of Haiti and eastern Cuba and the highest winds now are estimated at 80 to 90 miles per hour over a small area near the center. Gales extend outward 75 miles in all directions.

Before it tangled with these mountains, the hurricane packed a 115-mile-an-hour punch. Some of this power may be regained as it passes over the Atlantic.

Now 575 miles southeast of Miami, the storm is moving on a north-northeast course pointed away from the mainland and toward open Atlantic waters.

Don't Fret If Coffee Tastes Like Ashes

AUSTIN (AP)—Don't be too rough on your wife if your coffee should begin tasting as if it were brewed from old ashes.

University of Texas volcanologist Dr. Fred M. Bullard says gas fumes and ash falls from increasing activity of Central American volcanoes may affect the flavor of your coffee.

City All Set For Oil Progress Show

Final preparations are being made here for the first big show to be held in connection with Oil Progress Week.

The week's activities will be climaxed tomorrow night when a barbecue and free show are held at the rodeo grounds. The barbecue will begin at 6 o'clock.

Tickets were still selling fast today at the Chamber of Commerce office for the barbecue. They are $1.25 each. The chamber's oil and gas committee, headed by Bob Wilson, is putting the oil show and other events together.

The free show will get underway at about 7 o'clock tomorrow night. It will feature U. S. Senator Price Daniel as speaker. At about that time, the barbecue at the rodeo pavillion will be ending. The area between the pavillion and the rodeo arena will be filled with displays of equipment and facilities used in oil production and oil field work. Some 20 exhibitors will have displays, including cement, logging, acidizing, perforating, and other equipment and various tools.

The night's program in the rodeo arena will also be free. Elmo Weyel will be narrator for the program. Included will be presentations by C. T. McLaughlin of $25 savings bond awards to five high school seniors who were winners in an essay contest staged here by the Oil Industry Information Committee. The Diamond M Foundation is making the awards. The five students are Myrtle Scott, Myrlene Markham, Patsy Williams, P. W. Cloud, Jr., and Thomas Rigsby. Three of the five, Rigsby, Cloud, and Miss Markham, were the top winners, and their essays were forwarded to the Permian Basin Oil Show at Odessa to be judged with other essays in a West Texas OIIC contest. Scholarship awards will be made to winners in that contest. Winners were to be announced this week.

Several demonstrations will be given in the arena during the show, which will last about two hours.

A truck rodeo will include demonstrations of work done by pulling units, acidizing trucks, cement trucks, logging trucks, and perforating units.

A first aid demonstration will feature various minor treatments and aids which can be given in the oil field or at any location.

A well connecting contest will have four companies participating. These companies will not compete against each other but will race against time in connecting a small well separator.

Throughout this week, the OIIC has been showing a film on oil development to various civic clubs.

Daniel will be the main speaker during the program. The senator took his office in 1952 after serving three terms as state attorney general. He has visited Snyder several times previously.

The chamber oil committee urged persons who plan to attend the barbecue to get their tickets as soon as possible at the chamber office. Several hundred tickets were already sold by this morning.

At the free show, more than 1,000 persons are expected.

The Permian Basin show, being held in Odessa this week, has offered tickets for sale at $2 each at the chamber office here. This show features several entertainers and oil displays.

WEATHER

NORTH CENTRAL TEXAS: Clear to partly cloudy this afternoon, tonight and Thursday, turning cooler west and north portions Thursday.

WEST TEXAS: Clear to partly cloudy this afternoon, tonight and Thursday, cooler Panhandle tonight and in Panhandle and South Plains Thursday.

EAST TEXAS: Partly cloudy this afternoon, tonight and Thursday. Widely scattered thundershowers Thursday and turning cooler extreme north portion. Moderate southerly winds on coast.

SOUTH CENTRAL TEXAS: Partly cloudy and warm this afternoon, tonight and Thursday. Moderate southerly winds on coast.

Bids Opened On Tidelands

WASHINGTON (AP)—The federal government opens bids today for the first oil and gas and sulphur leases it ever has offered for offshore submerged lands—288 tracts off Louisiana.

Originally bids were asked on 307 tracts. But, because of conflicting government and state claims on where Louisiana's seaward boundary lies in the Gulf of Mexico, the Interior Department agreed not to consider bids for oil and gas leasing of 19 tracts lying offshore between three miles and three league (10.35 miles).

Primary interest centered in the oil and gas leasing offers. Bids were invited on 180 tracts totalling about 701,000 acres. The 108 tracts offered for sulphur lease total about 523,000 acres. In some instances they contain areas offered also for oil and gas leasing.

Award of leases to qualified bidders may be possible in some instances by Nov. 1, Interior officials said.

Speculation in the department has been that cash bonus offers for the leases likely will run between 25 and 100 million dollars. A minimum bid of $15 an acre is required. Those granted leases must pay an annual rental or minimum royalty of $3 an acre for oil and gas lands and $2 for sulphur lands. The government also will get royalties on any production.

Another sale will be held Nov. 9 for oil and gas leasing of 38 tracts lying off the coast of Texas in the Gulf.

State Mostly Calm And Dry

By The Associated Press

Calm but hot, dry weather prevailed over Texas Wednesday as the spring-like October continued.

Temperatures rose quickly from a range that found Dalhart with 50 degrees and Galveston with an 80-degree reading shortly before dawn. No rain was reported Wednesday and only .87 of an inch at Beaumont and .12 at Waco was reported Tuesday.

Scattered cloudiness was reported in South Central Texas and East Texas, but the rest of the state was clear, the Weather Bureau said.

Forecasts called for generally fair skies Wednesday in North Central and West Texas and partly cloudy skies Thursday. East Texas and South Central Texas, the forecasters said, would be partly cloudy both days with scattered showers in the extreme east portion of East Texas.

The only temperature change expected was for slightly cooler weather in the Panhandle by Thursday afternoon.

Early Mailing Asked On Yule Packages For Overseas Delivery

Christmas packages going overseas will start going into the mails this week.

Dawson Moreland, postmaster here, said residents should mail all overseas Christmas packages between Oct. 15 and Nov. 15 to assure delivery before Christmas.

The postmaster said packages up to two pounds can be sent by airmail, while the weight limit on regular mail packages goes up to 70 pounds.

Packages going overseas, as well as those mailed in the States, should be well wrapped and securely bound with strong cord, Moreland said.

Court Ponders Racial Case

GEORGETOWN, Del. (AP)—The question of readmitting 11 Negro children to the previously all-white high school in Milford, Del., rests with the State Court of Chancery today.

Arguments were presented yesterday in the court before Vice Chancellor William Marvel, who did not indicate when he would announce his finding.

Meanwhile, State Atty. Gen. H. Albert Young said he would issue new subpoenas today through the Court of Chancery to obtain the financial and membership records of the National Assn. for the Advancement of White People.

Bryant Bowles, national president of the NAAWP, has refused to turn them over to Young, contending that they must be subpoenaed through a court.

Prisoners End 23-Hour Riot

SIOUX FALLS, S.D. (AP)—Their 23-hour riot ended, inmates of the South Dakota State Penitentiary were back to their normal quiet behavior today.

The revolt stopped late yesterday, only 25 minutes after the nearly 300 milling rioters in a large cell block were ordered to release the guards they held as hostages or else "face the consequences."

The ultimatum by Gov. Sigurd Anderson and Warden G. Norton Jameson came as some 200 armed National Guardsmen, sheriff's deputies and other officers stood outside the block.

The hostages, George Read and E. F. Lambertson, were freed and escorted to safety by 25 highway patrolmen, who were sent unarmed to the block gate.

The guards said they hadn't been hurt or even seriously threatened.

Sen. Harley Sadler Has Heart Attack

STAMFORD — State Senator Harley Sadler was critically ill in Stamford hospital today following a heart attack last night.

Sadler was stricken at 9:15 p. m. while serving as master of ceremonies for a home talent show held here in behalf of Boy Scouts.

He was unable to go on with the show, and a nephew, R. E. Taylor carried him to the hospital.

Mrs. Sadler was called from Abilene to be at the bedside of her husband.

This morning Mrs. Sadler said doctors had advised that her husband was a "very sick man."

She said Sadler had not been feeling well for the past two weeks, and that he was virtually exhausted from an extended list of public appearances.

Sadler, who serves as State Senator for the 24th district, was scheduled to appear on the program at the Oil Progress Week barbecue in Snyder Thursday night. He had accepted an invitation to introduce U. S. Senator Price Daniel, who will be principal speaker at the Snyder event.

Paper Says Dixon-Yates Pact Offers Risk-Free Investment

ST. LOUIS (AP)—The Post-Dispatch reports provisions of the long-secret Dixon-Yates contract give the private power combine "a virtually risk-free guarantee of earning 9 per cent on invested capital of 5½ million dollars."

The newspaper, in a copyrighted dispatch from Washington by Richard Dudman yesterday, said it had obtained access to a copy of the controversial contract.

"Examination of the new draft gives support to charges of its opponents that it provides a virtually risk-free proposition for the Dixon-Yates group," the Post-Dispatch said.

The newspaper said examination of an Oct. 1 draft of the proposed contract, described as the ninth draft in three months of negotiations, disclosed these main provisions:

1. The Dixon-Yates group may figure federal income taxes into its "basic capacity charge" to the Atomic Energy Commission, including any future increase in income taxes.

2. Without consent of the AEC, the Dixon-Yates group may pledge or transfer the contract at any time to pay debts connected with construction of a $107,250,000 steam-electric power generating plant at West Memphis, Ark.

3. The private utilities group is freed of responsibility if it ever fails to deliver electricity because of "cause beyond control of the company" — but the AEC must keep up its payments to the private group as if service had been continuous.

The Senate-House Committee on Atomic Energy was told last week by the AEC that the AEC has approved the form of a proposed contract under which the Dixon-Yates private combine would turn electric power into the public power lines of the Tennessee Valley Authority.

The joint committee has postponed until after the November general election its hearings on the politically hot issue of the contract.

The newspaper said copies of the revised contract were mailed to members of the joint committee Monday.

Rep. W. Sterling Cole, the committee chairman, said at his home in Bath, N.Y., last night that he had not seen the revised contract. He said he would not prejudge it, adding that "any advance criticism of the contract must necessarily be politically inspired. I am confident, however, that it will be a good contract in the best interests of the public welfare."

The Post-Dispatch also said it learned the contract has been approved by the Federal Power Commission, the General Accounting Office and, except for minor details, by the TVA.

The Mississippi Valley Generating Co. was formed by the Dixon-Yates group to build and operate the West Memphis generating plant to supply 600,000 kilowatts of power to TVA in exchange for the same amount TVA now supplies to the AEC for use at Paducah, Ky.

Service Set Friday For Mrs. Wilson

Funeral services for Mrs. Laura Raley Wilson, 82, a former Scurry County resident, are to be held at 2 p.m. Friday in the Bell Funeral Home chapel.

Mrs. Wilson died Sunday afternoon in Los Angeles, Calif., at the home of her daughter, Mrs. Nell Berkau. Mrs. Wilson had lived in Los Angeles since 1942.

Mrs. Wilson was the widow of William Hugh Wilson, whom she married on Oct. 13, 1891, in Ellis County. The couple moved to Scurry County soon after their marriage and lived 10 miles north of Snyder. Ten children were born to them, eight of whom survived. Their youngest child died in infancy. A son, William Marvin Wilson, died Nov. 10, 1918, while serving with the 133rd Machine Gun Co. in the 36th Division. He is buried in the Muese Argonne National Cemetery. Mr. Wilson died March 2, 1923, and is buried in Snyder Cemetery, where Mrs. Wilson is also to be buried.

In 1926, Mrs. Wilson moved from Snyder to Abilene and lived there until 1940. She moved to Bangs at that time, and remained there until moving to Los Angeles in 1942. She was a member of the Bangs Eastern Star chapter No. 467, and was a member of the Methodist Church.

Mrs. Wilson was born May 22, 1872, in Little Rock, Ark., the daughter of Mr. and Mrs. Henry Raley.

Survivors in addition to Mrs. Berkau include five other daughters, who are Mrs. Imogene Thomason of Dumas, Tex., Mrs. Pearl Turnbull of Abilene, Mrs. Margaret Jackson of Fellows, Calif., and Mrs. Edna Wilson and Mrs. Nan Horn of Los Angeles; two sons, Hugh E. Wilson of Bangs and John F. Wilson of Van Nuys, Calif.; three brothers, John Raley of Pueblo, Colo., and Luther Raley and Elbert Raley of Dallas; 21 grandchildren and nine great-granchildren.

Pallbearers will be Nuell Mebane, Thane Mebane, James Mebane, Kenneth Wilson, Preston Wilson and Marshall Turnbull.

The Rev. Lennol J. Hester, pastor of the First Methodist Church, will officiate at the funeral.

Berry's Condition Is Satisfactory

Sammy Berry, 14-year-old Snyder student, was reported to be in satisfactory condition last night following major surgery in M. D. Anderson Hospital in Houston.

Cancer of the bone forced the amputation of Sammy's right arm and part of his shoulder. Mr. and Mrs. E. V. Berry, Sammy's parents, took him to the Houston hospital last week and have remained with him. A special fund for Sammy's aid has been started here, with the West Texas State Bank and the Snyder Daily News accepting donations for the fund.

Man Pays Fine Here On Bootlegging Count

Alvie F. White, about 25, of Post, paid a fine of $123.50, including court cost, this morning for bootlegging.

White pleaded guilty late yesterday afternoon before Edgar Taylor, county judge, a few minutes after the charge was filed, alleging he transported liquor for purpose of illegal sale.

White was arrested south of Ira yesterday afternoon by E. W. Green and Bill Zimmerman, highway patrolmen.

OIL

Continued From Page 1

in Runnels County are slated to start soon.

Thomas D. Humphrey & Sons, Ltd., of Dallas will drill the No. 1 Arthur Mueller as a 4,100-foot exploration in Southeast Runnels County six miles east of Ballinger. The drillsite is 1,800 feet from north and 330 feet from east lines of section 233-R. M. Williamson survey and two and three-quarter miles southwest of the PWC-Serratt sand field.

Paul M. Hicks of Abilene and associates No. 1 Hestwood Clayton will be one and one-half miles east of the PWC field and four miles east of Talpa. Drillsite is 1,995 feet from north and 2,575 feet from east lines of section 260-A-A. Millican survey. Contract depth is 4,000 feet.

Gilchrist Drilling Co. of Abilene will re-enter and clean out to 3,900 feet the former Guy Mabee Drilling Co. No. 1 A. S. Allcorn, an abandoned wildcat one and one-half miles southeast of Crews in Northeast Runnels County.

Mabee drilled the well to 3,900 feet and abandoned it there on Aug. 9, 1952. Gilchrist is to try to develop production above the total depth.

Location is 330 feet from north and west lines of the east half of section 124, ET survey.

HOWARD PRODUCER

Texas Pacific No. 1 Graham, North Howard County project, has been completed for a 24-hour flowing potential of 211.03 barrels of 43-gravity oil with no water.

The flow was through a 14-64th-inch choke with gas-oil ratio 758-1.

No Injury In Wreck Here

No one was injured in an accident at the north edge of the city early yesterday afternoon when a car struck a building and another vehicle after its brakes failed.

The driver of the car was Mrs. Delores Stewart, 22, of 2105 Avenue S. Bill Love, deputy sheriff who investigated the accident, said Mrs. Stewart was turning from the Lubbock highway into the yard of the National Supply Co., where her husband, Royce Stewart, is employed.

Love quoted the driver as saying the brakes on her 1952 Ford club coupe failed, the car striking the building obliquely, then hitting a parked 1952 Ford station wagon belonging to George Wallace, also an employe of the firm.

Damage was estimated at $150 to the coupe and $25 to the station wagon.

With Mrs. Stewart was her four-month-old son.

BIRTHS

Mr. and Mrs. Sim Groves of Hermleigh are the parents of a son weighing seven pounds, 15¼ ounces, born at 5:30 p.m. yesterday in Cogdell Memorial Hospital.

Cpl. and Mrs. Douglas Vineyard of Copperas Cove are the parents of a son born Monday in a Lampasas hospital. Maternal grandparents are Mr. and Mrs. H. W. Coan, 1925 Moncrief. Mr. and Mrs. Bishop Vineyard of Hermleigh are the paternal grandparents.

Three Injured In Oilfield Accident

Three local men were injured early this morning in an oil field fire and were in Cogdell Memorial Hospital.

One of the men, Clyde Grappe, 48, of 3101 Avenue Y, was believed in serious condition. The others were Frank Rambin, 24, 2906 Avenue L, and Alton B. Canady, 32, 1311½ Twenty-fifth Street. They were said to be employes of the Frank Graf Drilling Co.

Dr. Strack To Practice Here

Dr. Dean Strack, 27-year-old former Sweetwater dentist, has purchased the practice and equipment of Dr. John Hamblen, who will leave Snyder next Tuesday for active reserve duty with the Army.

Strack is now working with Hamblin at the office at 2801 Avenue T.

Hamblen, 37, has been practicing in Snyder for five years. He came here from Loraine, where he had practiced for two years. A captain, Hamblen must spend two years on active duty. He will report to Fort Sam Houston, San Antonio, for six weeks in an Army Dental indoctrination course and then will be given a permanent assignment as a dental officer. A native of West Texas, Hamblen graduated from McMurry College, Abilene, with a bachelor degree in 1937 and received his degree in dental surgery from the Baylor College of Dentistry at Dallas in 1947.

DR. JOHN H. HAMBLEN

DR. DEAN STRACK

Hamblen is a member of the Lions Club, First Methodist Church, Shrine Club and all other Masonic organizations. He is married and has three children. He lives at 2103 Thirty-seventh Street.

Strack, who was raised at Clovis, N.M., received his bachelor degree from West Texas State College, Canyon, in 1950 and his dental degree from the Baylor school this year.

A one and one-half year Army veteran, Strack was discharged as a corporal. He is married. He and Mrs. Strack are members of the Presbyterian Church. Mrs. Strack was formerly a school teacher.

The office assistant with Hamblen, Mrs. J. B. Mayo, will continue with Strack.

Plaintiff Gets Award In Jury Verdict Here

A district court jury returned a verdict yesterday afternoon favoring the plaintiff in a suit for compensation of $25 a week for 401 weeks, the maximum allowed by law for an injury alleged to have been total and permanent.

The case was that of Stanley Merket vs. Texas Indemnity Insurance Co. Merket was injured Jan. 27, 1953, while working on an oil field project near China Grove community for Chicago Bridge & Iron Co. Merket lives near China Grove.

Renal B. Rosson and Pat Beene were attorneys for Merket, and the insurance company was represented by James Rosser and John Sentell. Jurors were L. C. Brice, Bill Line, Charlie Hardgrave, J. Y. McKennon, Leo Beavers, R. W. Hammick, Garth B. Carter, L. B. Minyard, Weldon Johnson, W. E. Wright, Pete Marsh, and J. F. Burns.

Lions Club Receives Scout Troop Charter

A charter for Boy Scout troop 100, sponsored by the Lions Club, was presented to the club president, Roland Bell, yesterday by R. C. (Coke) Williams, local scouter.

Five members of the club were honored for their work with the troop. They were presented commissions. They were J. P. Nelson, D. V. Merritt, Jr., Mel Zane Gilbert, Dr. B. J. Weaver, and D. White.

Bob Eastus, member of the club, showed the group a film on highlights of the Southwest Conference in 1953.

Father Of Local Man Dies In Wichita Falls

L. C. Worthington, the father of Woodrow Worthington of Snyder, died at 1 o'clock yesterday afternoon in Wichita Falls. Funeral services are to be held at the Grace Methodist Church there at 10 a. m. tomorrow.

Mrs. Woodrow Worthington was to leave today for Wichita Falls to join her husband for the funeral. Survivors in addition to the son here include the wife and a daughter.

Halloween Costumes To Be Used On Program

Second grade pupils dressed in Halloween costumes will prerent the program for the Central Parent-Teacher Association meeting at 7:30 tomorrow night in the Central Primary cafeteria.

Bill Watson, sixth grade instructor, will speak on "Ways and Means to Promote Better Union Between Home and School." Mrs. Betty Campbell, music supervisor, will direct the student program. Refreshments will be served at the conclusion of the program by first grade room mothers. Parents of children in both the Central Elementary and Central Primary schools are invited to attend.

Man Suffers Fractures Of Ankles In Accident

Peyton Denson, a resident of the McLemore Courts on the Lubbock highway, sustained simple fractures of both ankles while at work yesterday. He was taken to Cogdell Memorial Hospital by a Bell ambulance and admitted there for treatment.

Denson, an employe of Rhodes Welding Co., was working at the Buster Lowery Construction Co. on the Clairemont road at the time of the accident.

West Elementary P-TA Plans Dinner Session

A chicken spaghetti dinner for a crowd estimated at about 300 persons will be held at the West Elementary School cafeteria from 6 to 8 o'clock Monday night.

Mrs. J. W. Kitchings, president of the West Elementary Parent-Teachers Association unit, sponsor of the event, said that admission to the dinner will be 75 cents for adults and 35 cents for children under 12 years of age.

The dinner is being held as part of a fund raising campaign to sponsor various activities of the PTA unit this season.

Preparations for the dinner are being made by Mrs. Kitchings, Mrs. Marcel Josephson, and Mrs. Charles Yoast.

Lions Planning New Club Here

Organizational planning for a second Lions Club in Snyder was launched Tuesday evening at a meeting held at the Hilander.

The new club, when formally organized, will hold its weekly meetings in the evening.

Roland Bell president of the Lions Club which already is functioning here, said the club had been studying needs for a new club for some time. A number of men in the city who cannot attend weekly luncheon meetings during the noon hour have indicated interest, he said.

Consequently, steps have been taken to establish an evening club.

Armor McFarland and George Massingill were named co-chairman of the group to plan organization.

Another meeting has been scheduled for next Tuesday at 6 p.m. at the Hilander.

Persons interested in affiliating with the new unit may obtain more information by contacting Bell or either of the co-chairmen.

Ann Falls, first-grade teacher at East Elementary, demonstrates her method of teaching her pupils to read. At the beginning they are taught, as a group, from the large book seen in the background. She is holding one of her flash-cards and pointing to the short, simple word printed on it. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

New Teacher, New Pupils Get Accustomed To School

By ANITA HALL

Mix together a young woman who is teaching for the first time and a group of six-year-olds who are attending school for the first time, and you arrive with the same satisfactory arrangement that ANN FALLS has with her 19 first-graders at East Elementary School.

Ann is the daughter of Mr. and Mrs. REA FALLS of Ira. She lives with her family and commutes to her school. She is realizing a lifetime ambition in her new job as she has known for a long time that teaching was to be her chosen profession.

She finished her high school education in three years at the Ira High School and then entered Hardin-Simmons University at Abilene. She participated in a number of activities at the University. She was a member of Sigma Tau Delta, an English fraternity, the Players' Club, Future Teachers of America Club and the Rodeo Club. She received a bachelor of arts degree from HSU in June of this year with a major in Education and a minor in English.

She approached the first day of her first teaching job with no small amount of trepidation, she said. There was much confusion in her classroom on the first morning but, after the parents left, the children began to get acquainted and to get settled into a routine. Now that both the teacher and pupils are veterans of six weeks or more experience, things are moving along smoothly, Miss Falls said.

Her students are LYNDA BUSH, DAVID BENTLEY, JIMMY CARPENTER, LINDA KELLEY, PATRICIA JEFFRESS, JOHNNY HARTY, DOUG KINCAID, CHARLES REDDEN, LINDA RILEY, JANIS McCALLUM, DOYLE WAYNE WEATHERLY, DAVID WAY, KAREN RODGERS, DEAN YOST, PATRICIA PERINE, PATSY MILSTEAD, CHARLES SMITH, SUSAN IVISON and BOBBY MORRIS.

Miss Falls said that she is enjoying the daily routine of 'reading, 'riting and ' rithmetic and, from the eager response of the pupils, she believes that they are enjoying the new experience of attending school.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5406.

Looking for a new recipe to serve next time you feel something festive is in order? Why not investigate this recipe for Pork Stroganoff with Kraut and Apple Sauce. It's an unusual and exciting way of preparing a tried-and-true flavor team. The kraut is given a taste-twist by adding canned apple sauce and chopped pimiento. The pork gets an epicurean touch with mushrooms, onions and sour cream.

PORK STROGANOFF

1 pound fresh pork shoulder, cut in strips
Salt and pepper
5 tablespoons butter or margarine
¾ cup chopped onions
1 small can mushrooms, sliced
1 cup chicken stock or bouillon
1 cup sour cream
1 No. 2 can sauerkraut
2 cups canned apple sauce
1 tablespoon chopped canned pimiento

Spinkle pork strips with salt and pepper. Melt 2 tablespoons butter or margarine and add pork. Saute over medium heat until all sides are lightly browned; add onions and mushrooms and continue cooking until onions are tender. Add chicken stock or bouillon; cover and continue cooking until pork is tender, about 45 minutes. Add sour cream and heat to serving temperature. About 20 minutes before pork is done, combine sauerkraut, apple sauce, pimiento and remaining 3 tablespoons butter or margarine. Cook over medium heat 20 minutes. Serve pork mixture over sauerkraut.

GOURMET'S DELIGHT

MR. AND MRS. C. E. LAVINDER
. . . married here October 9

Photo By Craft Studio

Marriage Is Announced

Susie Ann McKeown became the bride of Cal Everett Lavinder in a single-ring ceremony October 9 in the pastor's study of the First Baptist Church. The Rev. G. M. Cole, minister of the church, officiated.

The bride is the daughter of Mr. and Mrs. Charlie McKeown, 801 Twenty-fourth Street. Mr. Lavinder is the son of Mr. and Mrs. Charlie Lavinder of Morton.

For the wedding, Mrs. Lavinder wore a two-piece dress of blue faille. Her corsage was of white carnations. She wore a gray traveling dress on the wedding trip to Pecos and others points in West Texas.

Mrs. Albert Lee Moon attended the bride and Guy McKeown, Jr., brother of the bride, served as best man.

Mr. Lavinder is on leave from the Navy and will report back to his station at Seattle, Wash., October 23. Mrs. Lavinder, a 1954 graduate of Snyder High School, will remain here temporarily.

New Bridge Club Elects Officers

Nita Beauchamp was elected president and Mrs. Charles Bowen secretary of the High-Traverlers Bridge Club Monday night. Mrs. Bowen was hostess at her home, 2705 Avenue H.

High score during the evening was won by Mrs. Edna Beard. Mrs. C. W. Popnoe won traveling prize and Jean Ann Carroll booby prize.

Brownie Scouts Have Meeting On Tuesday

Brownie scouts of the third grade troop at Central Primary School elected Alice Ray Askins and Laverne Duck to represent the troop on the scout planning committee.

Troop members also began work on holders made from paper plates at their meeting yesterday afternoon. The holders will be gifts for mothers of the troop members. Mrs. Merthal Callaway and Mrs. Dorotha Smith are troop leaders.

Mr. and Mrs. Buford Kennedy, 2609 Thirty-seventh Street, and Fred and Gary Berry visited Sammy Berry, who is hospitalized in M. D. Anderson Hospital in Houston, last week end. They also visited with his parents, Mr. and Mrs. E. V. Berry and Mr. and Mrs. David Kennedy.

Mr. and Mrs. Bobby Ray Newton, 2010 Ave. R, visited Mr. and Mrs. G. R. Newton in Ira Sunday.

OH-SO-SIMPLE

Simple scoop neck dress that may be made up in a wide variety of fabrics—, even woolens to be teamed with the collared blouse which is also included.

Lonnie Graham Is Living Up To Name

LUBBOCK (AP) — Texas Tech's Lonnie Graham is called the Lone Ranger because of the mask-like goggles he wears while playing football, and the fellow is living up to the deeds of his radio namesake.

He has made it a habit to wipe out in a single play an opponent's touchdown drive.

Graham leads Texas Tech's unbeaten Red Raiders into action this week at Baton Rouge against Louisiana State, and the Tigers better watch out about getting ahead of the Raiders. That's where Lonnie comes in.

Last week Texas Western was leading Tech 7-0 on a 48-yard scoring drive. On Tech's first play after the kickoff, Graham raced 65 yards for a touchdown.

The Lone Ranger had to step in again after Western had marched 77 yards to knot the score at 14-14. He carried the kickoff back 15 yards, then on the first play from scrimmage raced 66 yards for the touchdown that put the Raiders ahead for keeps.

West Texas State could have warned Western. The Buffs slipped ahead 7-6. That lead lasted just 30 seconds. In that period the Lone Ranger of Texas Tech had taken the kickoff back 34 yards and then dashed 77 yards for a touchdown on the first play from scrimmage.

In Tech's first game, the Texas Aggies were leading 3-0 when Graham smashed 17 yards deep into A&M territory to set up the first of six Raider touchdowns.

Graham's performances aren't surprising to Coach DeWitt Weaver. The youngster had a 14.4-yard-per-try average at Northeastern Oklahoma A&M where he was a junior college star. He's from Broken Arrow, Okla.

Some fans were skeptical over that rushing average. They're not now, for Graham is averaging 13.9 yards per try for the Red Raiders.

Graham plays fullback for Tech but he looks more like a halfback. He stands six feet and seems slightly built. But there's a lot of his 190 pounds in the muscles of his legs. The power of his stride enables him to shake off halftackles.

He wears the goggles instead of contact lenses.

Alaska Bowl Is Postponed

ANCHORAGE, Alaska (AP) The proposed "Santa Claus" football game between the Anchorage and Huntsville, Texas, high school football teams here has been called off today until next year.

Gordon Guffey, high school principal, said last night he had a wire from Joseph Griggs, principal at Huntsville, reporting the Texas school's decision to wait until 1955 before making the Alaska trip.

A return wire was sent suggesting Sept. 17, 1955, as a satisfactory date, Guffey said. A game that day could dedicate the Anchorage school's new football stadium, he added.

Earlier today, Anchorage eyebrows were raised where a news dispatch arrived from Huntsville saying the sponsoring firm there had received word a blizzard was about to hit Anchorage, and the game had to be cancelled.

It hasn't been cold enough here yet for frost. Weather records also show that only on three occasions the past 14 years had there been snow Oct. 23, proposed date for the game.

Three Teams Lead Pioneer Statistics

By The Associated Press

Ranger and San Angelo top the Pioneer Conference statistics but Arlington State has most of the individual leaders.

Ranger leads in team offense with 1,272 yards in four games. San Angelo leads in team defense, giving up an average of 131 yards per contest. This despite the fact that San Angelo yielded 329 yards in its game with Wharton last week.

San Angelo has the best passing with 473 yards and Ranger tops in rushing with 1,106.

Johnny Symank of Arlington State leads in kickoff returns with an average of 20.8 yards, in pass receiving with three catches for 136 yards and in punt returns with average of 18.2

Billy Pavliska of Arlington State leads the league in ball carrying with 263 yards on 36 runs and Howard Meissner of Tarleton State is a close second with 260 on 35 runs. Pavliska also leads in scoring with 30 points.

The top passer is Ray Glasglow of Arlington State with 15 completions out of 47 for 356 yards.

Ernie Stautner, a Pittsburgh pro tackle, majored in psychology at Boston College. A U.S. Marine veteran of the Okinawa fighting, he also operates a drive-in theater at Saranac Lake, N.Y.

Ronnie Sted, batboy for the pennant winning International League Toronto team, got a $95 bonus when the flag was awarded. He sewed it up in his pocket.

Higgins Will Talk On Sox With Press

BOSTON (AP) — Michael (Pinky) Higgins, newly appointed manager of the Boston Red Sox, is slated for his first interview with the Boston baseball writers late today after driving from his home in Dallas, Texas.

So sudden was the announcement last Monday of his promotion from manager of Boston's Louisville farm club in the American Association to the Red Sox that the eager scribes have been unable to contact him.

At the time General Manager Joe Cronin announced that Lou Boudreau was out and the 45-year-old Higgins in, Higgins was reported en route by car from Louisville to Dallas. Higgins was to have flown to Boston, but decided to motor instead.

Among the obvious queries due to be put him are these:

What does he plan to do about the Red Sox weakness on double plays that has plagued the club since retirement of Bobby Doerr?

What about Ted Williams' plans for retirement? Will Higgins try to stop him from leaving?

Who on his great team at Louisville—which won the Little World Series this year—does he figure can bolster the Boston team in 1955?

What about the coaches who were on Boudreau's staff—Buster Mills, Del Baker, Oscar Melillo, George Susce and others? Will he bring in former Red Sox pitcher Dave (Boo) Ferris, who coached for him at Louisville?

Many New England fans are wondering whether Harry Agganis, the Lynn, Mass., product who had a great rookie season, or Norm Zauchin of the Louisville club will be at first base for Boston in 1955.

Others are wondering whether they'll see pitchers Bill Werle and Ike Delock again. Both did well for Higgins after doing poorly for Boudreau. Can they help the Sox next season?

Can Higgins make stars out of such bright prospects as bonus baby Billy Consolo and outfielder Karl Olson?

And those are only some of the questions.

Powell Still Top Prospect Of Heavies

SAN FRANCISCO (AP) —Charlie Powell, the 22-year-old ring giant who was stopped here last week, is still the best prospect the heavyweight division has produced in this country since Rocky Marciano.

Who says so? Fight experts who saw Powell suffer a seventh-round technical knockout at the hands of Charley Norkus say so.

Evaluation of the former San Francisco 49ers football player was still going on a week later.

J. J. (Moose) Taussig, who Willie Meehan thumped out a four-round decision over Jack Dempsey in 1918, said he thought Powell had a brilliant future.

"Powell may be champion in a year or two," Taussig observed. "He's the best I've seen come along since Marciano."

Sid Flaherty, manager of middleweight champion Carl (Bobo) Olson, described Powell as a "fine prospect." Billy Newman, an old-timer in the game echoed these sentiments.

Powell showed that he could take a real clout on the jaw. He stood up under at least a dozen lefts and rights that would have felled an ox. He fought from the second round on with a dislocated finger on his right hand yet was ahead on points on all the cards at the end of the sixth.

This was Powell's 13th fight and all hands judged him a top prospect in spite of the defeat — his first.

Al Weill, manager of Marciano, was so impressed with Powell's ability he offered Suey Welch $25,000 for the big fellow's contract.

"If Charlie is worth that much to Weill he's worth twice as much to me," the manager snorted.

Former Rice Cage Star Joins Oilers

HOUSTON (AP)—Gene Schwinger, All-Southwest Conference center for two years at Rice, has become a member of the Ada Oiler Basketball team.

Schwinger will start playing with the Oilers in the four-team International Tournament Thursday and Friday here. Other teams are the National Chinese Champions of Tapei, Formosa; Manila champions from the Philippines, and the Canadian champions from Winnipeg.

Ada is a member of the National Industrial League.

Oysters live by pumping sea water in and out of their shells and filtering out microscopic plant and animal life.

Texas City Wants To Get Into Big State

TEXAS CITY (AP) — Texas City wants in the Big State League next season and is trying to work out a deal with A. C. Gonzalez to buy his Del Rio franchise or get him to come here and operate it.

Del Rio has given notice it will not be in the league next season.

Texas City, formerly in the Gulf Coast League and part of salt season in the Evangeline League, has built a new park. Derrest Williams, president of the local baseball organization, is seeking to get Texas City in the Big State League.

Eddie Kazak Is Sold To Pacific Coast

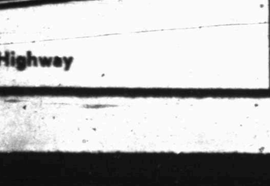

BEAUMONT (AP) — Eddie Kazak, star Beaumont third baseman, has been sold to San Diego of the Pacific Coast League for $7,500 and a player.

Allen Russell, owner of the Beaumont club, said the player, who is not known yet, would be sent here next spring.

Kazak, the Texas League all-star third baseman the past season, hit .344.

Athletics To Be Shifted To Kansas City Under Johnson

By CHARLES CHAMBERLAIN

CHICAGO (AP)—American League club owners voted unanimously last night to shift the Philadelphia Athletics to Kansas City.

The decision at the end of a hectic nine-hour meeting all but broke up the once-esteemed position in baseball of the Mack family. It signaled the finish of one vivid chapter in the national pastime that was etched by the pioneering Connie Mack and opened what should be another under Chicago financier Arnold Johnson.

It was Johnson, 47, a top man in a business that grossed 70 million dollars last year—the Automatic Canteen Co. of America—who found that money on the barrelhead speaks loudest.

In the final analysis, his bid of $3,375,000 to buy out the Macks—Roy, Earle and Connie—including Connie Mack Stadium, was irresistible. Will Harridge, president of the American League, said it was the only "sound" offer made.

Officially, the deal for the 54-year-old franchise will not be closed until Monday. In what was assumed to be merely a gesture, Roy Mack was given until 11 a.m., EST, on that day to announce if he will sell his stock to Johnson.

This was regarded only a small technicality and a league spokesman said that Roy "told the meeting that he wanted the sale to Johnson completed."

This admission removed the only block, for Roy strongly had opposed his brother Earle and 92-year old father Connie in the sale and tried desperately, but vainly, to raise enough capital to keep the debt-mired club in Philadelphia.

Johnson, who huddled more than once during the day with Roy, was completely satisfied that the deal was closed. He said he would order engineers to start work today doubledecking the Kansas City stadium to boost seating capacity from 16,000 to 36,000 by the start of the 1955 season.

He said he plans to sell Connie Mack Stadium to Bob Carpenter, owner of the Philadelphia Phillies, who has been leasing it from the Macks, and probably will close this transaction in Philadelphia this weekend.

"As for Roy Mack, I plan to offer him a responsible position in the Kansas City organization," Johnson said. "And I also must give thought to hiring a general manager and field manager. I'll do the selecting of them myself."

The Athletics reportedly were in debt to the tune of about $1,900,000 — a figure broken down to include a $1,200,000 mortgage, $300,000 in current bills and $400,000 to the Jacobs brothers, concessionnaires.

In the sale, Connie Mack will receive $804,000 and Earle and Roy each $450,000 for a total of $1,504,000. Added to the indebtedness, this would just about take care of Johnson's $3,375,000 price.

Four other parties appeared at the meeting to make offers, but Harridge stressed that Johnson's was the only solid one.

Texas PGA Players Tee Off Tomorrow

CORPUS CHRISTI (AP)—Defending champion Fred Hawkins of El Paso leads a field of more than 100 teeing off tomorrow in the annual $5,000 Texas PGA Tournament here.

Also here for the 72-hole medal play tournament are former champions Raymond Gafford of Dallas, Byron Nelson of Roanoke, Jack Harden of El Paso and Jimmy Demaret of Houston.

Leading the amateurs will be Ernie Vossler of Fort Worth, state champion, and Stan Mosel of San Antonio.

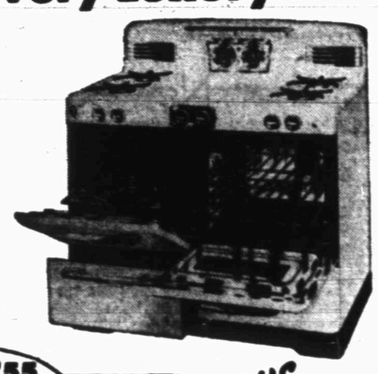

A pro-am tournament was scheduled today.

Yesterday Harvey Penick of Austin won an 18-hole senior tournament for pros over 50 with a score of 75.

Big Spring Halfback Leads Loop Rushing, Freeman Top Passer

Brick Johnson, halfback for the Big Spring Steers, is leading ground gainer for District 3A-1 after the first week of district games.

So far, all the teams in the district except Sweetwater and Breckenridge have played games. Johnson has a total of 145 yards rushing in 15 carries, averaging 9.7 yards per carry.

Big Spring and Levelland have two players each in the top four spots at rushing. Running fifth is Snyder's halfback Joe Baxter with 87 yards in 12 carries, an average of 7.2 per carry. Ninth is Jack Spikes of Snyder wtih 38 yards in 13 carries, and tenth is Snyder's Gerald Crawford with 33 in nine carries. In the top 10 rushers in district play, Big Spring has three players, Snyder three, Levelland two, Vernon one, and Plainview one.

Mack Freeman of Levelland, of course, is the district's top passer so far with 180 yards on 13 completions out of 20 tries. His average yardage per pass is 13.8. Powell Berry and Bernie Hagins of Snyder rank third and fourth in that department behind Vernon's Jerry Pearson.

Top receiver so far is Gene Miller of Vernon, whose passes caught have gained a total of 66 yards. He has caught four and averaged 16.5 yards. Levelland's Garey Lawhon and Tommy Oehrlein, favorite receivers of Freeman, are next, followed by Snyder's Don McNew, who has caught two passes for 29 yards, an average of 14.5 per catch.

Kenneth Bartlett of Lamesa has the highest punting average but has punted only once in district play. Highest average among those who have punted extensively is held by Frosty Robison of Big Spring with 39.1 on four tries. Snyder's Alan Snead has punted the most in the district, eight times, and has averaged 30.6 yards.

Perry Heading For Another Top Year

PHILADELPHIA (AP)—Joet (Jet) Perry of the San Francisco 49ers is off to a fast start in defense of his National Football League ground-gaining championship.

The NFL's first statistical report of the young season showed today that Perry leads the runners after three weeks of 1954 competition with 237 yards on 39 attempts for an average gain of 6.1 yards per carry.

Only 20 yards behind the former Compton Junior College star is his teammate, Hurry Hugh McElhenny with an average 6.2 for his 217 yards in 35 attempts. McElhenny, former University of Washington flash, finished seventh in last year's ground-gaining race. Floyd (Breezy) Reid of Green Bay is third with 170 yards for 27 carries and a 6.3 average.

The all-important passing department has an old standby, Norman Van Brocklin of Los Angeles, deadlocked with rookie Tom Dublinski of the champion Detroit Lions.

Both have averaged 9.67 yards per pass. Van Brocklin, in three games, has tossed 81 times, connected on 43 for 783 yards and four touchdowns. Dublinski, in two games, has thrown 27 times, completed 17 for 261 yards and one touchdown. Dublinski actually is the Lions' second string quarterback behind Bobby Layne. The old master, Otto Graham of Cleveland, is third with 41 passes, 23 completions (four TDs), 396 yards for a 9.66 average.

On the receiving end, San Francisco's Billy Wilson, in three games, has caught 21 passes for 276 yards and one touchdown. Bob Boyd of Los Angeles has grabbed 17 for 406 yards, while Pittsburgh's Ray Mathews is third on 15 receptions for 196 yards.

Bob Walston of the unbeaten Philadelphia Eagles—Eastern Division leaders—tops the scorers with 45 points. Five touchdowns, one field goal and 12 for 12 extra point tries. Perry is second with 33 points on four TDs, six conversions and a field goal, while Bob Schneiker of the New York Giants ranks third with 30 points on five touchdowns.

NEW PRESIDENT

Dick Butler, left, former president of the South Atlantic baseball league, talks with E. J. Humphries of Oklahoma City in Fort Worth after he was signed as the new president of the Texas Baseball League. He succeeds John Reeves, who resigned. Humphries is vice president of the League.

3 Quarterbacks To Start For Michigan State Against Irish

CHICAGO (AP) — Michigan State will toss aside its season's record Saturday and shoot for a fourth successive victory over Notre Dame, a feat no school has accomplished in 42 years.

If the Spartans, who in three games have been beaten only by Indiana, succeed, it might well be by passing, the same weapon Purdue used to overcome the Irish 27-14.

Michigan State publicitor Fred Stabley told the Chicago football writers yesterday that the Spartans will line up a starting backfield against Notre Dame which will include three quarterbacks.

"And all three can pass," Stabley said. The reason for the three quarterbacks is the loss of Leroy Bolden, star halfback, who is not expected to play because of a leg injury.

Michigan State will start Earl Morrall at quarterback with John Matsock and Clarence Peaks at the halfback spots. At the beginning of the season Matsock was No. 2 quarterback and sophomore Peaks rated No. 3.

"Because of injuries," said Stabley, "Coach Hugh Daughterty gave Peaks a chance to run at halfback and he's been in there since."

The last time the Irish suffered four or more successive losses to any one team was from 1887 to 1912 when Michigan beat them eight times in a row. During that same span, Notre Dame was beaten four straight by the University of Chicago.

MSC rolled over Notre Dame 36-33, 35-0 and 21-3 from 1950 to 1952. They did not play last year.

Despite the one-sided 33-0 victory over Pitt, Irish Coach Terry Brennan said in a telephone interview yesterday, "We're still not a good football team. We need sharper offense and a better pass defense."

"Michigan state will be our toughtest foe yet. Those losses to Iowa by four points and Wisconsin by six points mean nothing," Brennan said.

Clinkscale Is Named Back Of Week By AP

By HUGH FULLERTON JR.
Associated Press Staff

Ronald Clinkscale, a tall Texan who can make plenty of speed without the help of a horse, engineered one of the major upsets in college football last week end when Texas Christian beat Southern California 20-7 Friday night. And by doing this Ronnie earned the designation as Associated Press "Back of the Week."

Clinkscale's one-man raid on the Trojans put him ahead of another upset producer, Navy's Joe Gattuso, and Washington's Bob Cox, who almost got an upset, in the eyes of the nation's sports writers and broadcasters.

Clinkscale, one of the few seniors on the young TCU team, operated in the quarterback spot and kept the team running smoothly. And when yards were needed, Ronnie got them. In addition, he played 53 minutes of the game, tossed a couple of passes, good for 25 yards, and played a fine defensive game.

But the running of this 175-pound six-footer, who can do 100 yards in 9.6 seconds, was the big feature. The first time he got the ball, Ronnie raced 60 yards for a touchdown. Then after Southern California had tied it up, Clinkscale returned the kickoff 58 yards and TCU went on to score again. Finally he scampered three yards around end for the third TCU touchdown.

Clinkscale, the Texan who couldn't be tackled, joined a player the Texans couldn't block, on this week's honor list. Kurt Burris, the big center who played key offensive and defensive roles in Oklahoma's 14-7 conquest of Texas, was designated as Lineman of the Week.

Another player who caught the eyes of several experts was Gattuso, Navy's battering-ram fullback who led the Midshipmen to victory over Stanford 25-0.

Still another was Cox, Washington's sophomore quarterback, who started his first college game against UCLA and almost pulled it out after the Huskies had trailed 21-0 in the third quarter. Cox took to the air for 147 yards and three touchdowns and UCLA barely won 21-20.

Others nominated for Back of the Week included fullback Bill Murakowski, who personally accounted for the yardage that enabled Purdue to come back and gain a 13-13 tie with Duke; Dave Leggett of Ohio State, George Shaw of Oregon, passing Pete Vann of Army, speedy Lenny Moore of Penn State, Bob Herndon of Oklahoma, John Matsock of Michigan State and Bob McNamara of Minnesota.

Detroit Has Shakeup In Coach Staff

DETROIT (AP)—In a somewhat surprising move, Johnny Hopp and Bob Swift were released last night as coaches of the Detroit Tigers, and replaced by Billy Hitchcock and Jack Tighe.

Schoolboy Rowe, first base coach, survived the shakeup.

Bucky Harris, new manager of the Tigers, made the announcement, but speculation immediately arose whether the choices were his —or of the Tiger front office.

Last week, President Walter O. (Spike) Briggs Jr. said Harris would be permitted to name his own coaches, but added that "we hope he follows our semipolicy of Tigers picking Tigers."

It had been rumored that Harris would name peppery, loud-voiced George Myatt, who coached for him at Washington, as his third base coach.

In the new setup, Harris said, Hitchcock would replace Hopp at third and Tighe would take over Swift's duties in the bullpen.

Hermleigh And Ira Junior Highs Meet

Junior high grid teams of Ira and Hermleigh will clash tomorrow night at Hermleigh in a 7:30 o'clock game.

The Hermleigh junior high is undefeated in four games, with wins over Ira 26-0 in a previous game, Colorado City 26-13, and two victories over Loraine 7-0 each.

Ira, which has a junior high squad for the first time this year, has lost all three of its games so far. Besides the loss to Hermleigh, it fell to Hobbs 34-0 and Loraine 40-0.

Weather worries a race track. The Yonkers, N.Y., Raceway had to resurface the long stretch with 700 cubic yards of clay and 600 yards of top soil, after a summer downpour.

Bill McGinnis, a star 230-pound tackle from Latrobe, Pa., is entering West Virginia University. He will major in business administration, minor in physical education.

ABOVE THE BLEACHERS

By DALE WALTON

The Levelland Lobos, who in recent weeks have changed observers' minds about their ability to break into Class AAA football with wins, are still leading the district in offensive statistics.

The Lobos, in season play, rank as the top team in District 3A-1 in total offense with 1,846 yards, in rushing with 1,231 yards, in total pass completions with 43, and the percentage of completions with 58.1, and in total pass yardage with 615. In rushing and passing, the only thing the Lobos do not lead is the per-pass average yardage. The Snyder Tigers have that with an average of 23.1 yards.

Almost the same is true in district play so far, with Levelland leading total offense with 427 yards, total pass completions with 13, percentage of completions with 65, and total yards passing with 180. Big Spring heads rushing in district statistics with 323 yards, while Snyder, like in season play, has made the best average yardage on passes with 18.3.

Levelland, Snyder, Big Spring, and Breckenridge have all broke above 1,000 yards in season rushing, and they rank in that order. In district rushing, the order is Big Spring, Levelland, and Snyder. Behind Levelland on percentage of pass completions are Breckenridge with 50 per cent and Vernon with 49.2 in season play, while Vernon follows in district play with 58.8, with Snyder's 37.5 ranking third.

Vernon and Plainview rank behind Levelland in total yards passing and in the game average in season play, while Vernon and Snyder are second and third in district games. Following Snyder on per-pass average in season play are Big Spring with 20.4 and Breckenridge with 18.3, while those following the Tigers in district play are Vernon with 14.8 and Levelland with 13.8. Breckenridge and Sweetwater have not yet played in district games.

SEASON OFFENSE

Teams	Rushing	Passing	Pass Ydg.
Levelland	1,231	43 of 74	615
Snyder	1,127	14 of 34	324

Ira athletes, finished with their short season of football, have already started basketball workouts. Coach Kenneth Dismuke has nine boys drilling on the court in preparation for the season, which will start for the team in the latter part of November.

The Bulldogs will be playing in a district with Loraine, Fluvanna, Hermleigh, and Westbrook. Dismuke said the school will hold a tournament for both boys and girls Dec. 16-18. Each division will have eight teams. A total of 11 groups have already accepted invitations, and the tourney now lacks three boys teams and four girls teams having enough for the event.

• • •

J. T. Hammett, former pro-manager of the Country Club here, left this week for Phillips, where he will work with another country club. This club does not yet have another pro to replace Hammett, according to Richard Brice, president.

HEAVY ARTILLERY ON QUEMOY

Chinese Nationalist Army personnel manning a heavy artillery piece prepare to fire from vantage point on Quemoy Island to the Red China mainland where installations shelling the island are located.

Wilson Gets Confused About Habits Of Trained Bird Dogs

By JAMES MARLOW

WASHINGTON (AP)—Charles E. Wilson, the secretary of defense, has hunted with dogs, so if he had remembered a little more about them before mentioning them this week he might have avoided the situation he's in now.

In discussing unemployment in Detroit, Wilson, former president of General Motors Corp., said:

"I've got a lot of sympathy for people where a sudden change catches them, but I've always liked bird dogs better than kennel-fed dogs myself.

"You know, one that will get out and hunt for his food rather than sit on his fanny and yell."

But bird dogs don't hunt for their food, if they're trained bird dogs. They just smell out where a bird is and, when the hunter shoots it, they retrieve it. But a trained bird dog would never eat it.

Wilson's statement brought a stormy protest for union leaders—Presidents Walter Reuther of the CIO and George Meany of the AFL—and Democratic politicans.

President Eisenhower quickly said he had never found the 63-year-old Wilson, a millionaire, "in the slightest degree indifferent to human misfortune."

And as the storm roared around him, Wilson himself explained he had meant no slur against jobless workers in his offhand remarks about dogs at a news conference.

Since the remark was made in the midst of a political campaign, one of the reporters interviewing Wilson when he mentioned dogs quickly asked him:

"In the last 20 months, Mr. Wilson, I believe you were criticized for not knowing very much about the arts and science of politics. Do you think you have learned anything?"

Wilson, who has sometimes startled Washington by his frankness, said, "No. Not in that area."

If now politicians, at least Democratic politicians, accuse him of putting his foot in his mouth with his Detroit statement, Wilson can reply it would not be the first time he had been accused of it.

On Nov. 10, 1953, in a talk to the National Press Club, Wilson told this story about himself, a United States senator, and a General Motors official who had worked under Wilson before coming to Washington:

"A senator decided his Plymouth car was getting old and out of date, and he wanted to buy a new automobile and took up the matter with one of my General Motors friends, asking which one of the GM products would be best to buy.

"He said he did not want to buy a Cadillac because that might make him too conspicuous. My GM friend said they were all good and suggested that he try one with an automatic transmission.

"The senator said: 'Well, maybe that would be all right, but when there is no clutch pedal, where do I put my left foot?'

"My General Motors friend said: 'Put it in your mouth like my former boss does.'"

Wilson's public relations have not always been happy. He got off to a troubled start as secretary of defense in January 1953.

After Eisenhower had named him for the job, Wilson balked at selling his GM stock.

There is a federal law against a government official having stock in a company with which he does business, and Wilson, as secretary of defense, might have to do business with GM.

The reason he balked was the loss he would suffer through taxes to be paid on stocks he sold. It was reported he had 2½ million dollars worth of stock. Eventually he sold his stock. It was estimated he had to pay several hundred thousand dollars in capital gains taxes.

NATO Command Is Expected To Shift

By ELTON C. FAY

WASHINGTON (AP)—A new commander may take over direction of Allied Powers in Europe next summer at about the time when—according to the present schedule—those forces will be expanded through addition of German troops.

The recent visit to Washington and the Summer White House at Denver of Gen. Alfred M. Gruenther, who currently holds the post, has brought renewed speculation that he may be called home to become either Army chief of staff or chairman of the Joint Chiefs of Staff.

That in turn would open the question of whether the European Allies would again ask the United States to supply a supreme commander for Western Europe or whether this country would accept the proposal. The first three Allied commanders have been Americans.

Britain or France may feel that one of their military men should have the command. Or the United States, which lost the case for the European Defense Community plan but endorsed the substitute produced at the London conference, may step away from another invitation to command.

The terms of both Gen. Matthew B. Ridgway, Army chief of staff, and Adm. Arthur Radford, chairman of the Joint Chiefs of Staff, expire next August. Either or both could be reappointed, but before Ridgway could complete a second term he would reach the statutory point of 62 at which general officers must retire.

A precedent exists for bringing a former supreme Allied commander back to become the military chief of the Army. Ridgeway himself returned from the international European command in July 1953 to become Army chief of staff.

Gruenther, young for his four-star rank in the Army, has established a brilliant reputation as a planner and administrator, and is dubbed by his associates as "The Brain." He was President Eisenhower's chief of staff when the President was Allied commander in Europe.

Explosive Factory Is Discovered In Havana

HAVANA, Cuba (AP)—Police Chief Rafael Salas Canizares said today his agents discovered a secret explosive factory in Havana's Chinatown. He charged it was set up as part of a terrorist plot to disrupt Cuba's Nov. 1 presidential elections.

Salas reported more than 100 suspects have been arrested in connection with the alleged plot. Although none was identified, the police chief said all are members of the National Revolutionary Movement (MNR).

Salas said police agents uncovered the factory last night, finding documents relating to the alleged plot and unspecified quantities of dynamite and other explosives.

Salas accused MNR chief Rafael Garcia Barcenas, a University of Havana professor, of heading the plot. He said Garcia left Cuba two days ago for Miami, Fla.

Billy Wyn Lee Slated To Return From Navy

Billy Wyn Lee, 23, the son of Mr. and Mrs. W. G. Lee of Hermleigh, is to arrive home next week after receiving his discharge from the Navy.

Lee entered the Navy in January, 1951, after graduating from Hermleigh High School in 1950. He has been stationed in Japan for the last two years. He returned to the United States on October 5 to receive his discharge.

Starfish pull oyster shells apart, using suction cups on starfish arms and then turn themselves inside out to absorb the flesh of the oyster.

Sicily is the largest Mediterranean island with Sardinia and Cyprus next.

Only America's First Choice Truck Gives You The First Choice Features!

All these great advances that mean more work per day...more work per dollar are yours in America's lowest-priced truck line! No wonder Chevrolet trucks are the biggest sellers of all!
Now's the time to buy! Get our BIG DEAL! Save with a new Chevrolet!

DOLLAR-SAVING ENGINE FEATURES

All three valve-in-head engines deliver gas-saving high-compression performance. Aluminum alloy pistons, all-weather ignition system and full-pressure lubrication assure longer, lower-cost life!

TRIP-SAVING BODY FEATURES

Chevrolet-built truck bodies last longer, require less maintenance. What's more, new stake and platform bodies are wider and longer. New pickup bodies, with grain-tight tailgates, are deeper.

LONG-LIFE CHASSIS FEATURES

For example, you'll find stronger, more rigid frames in all models; heavier axle shafts and bigger front wheel bearings in 2-ton models; higher capacity clutches in light- and heavy-duty models.

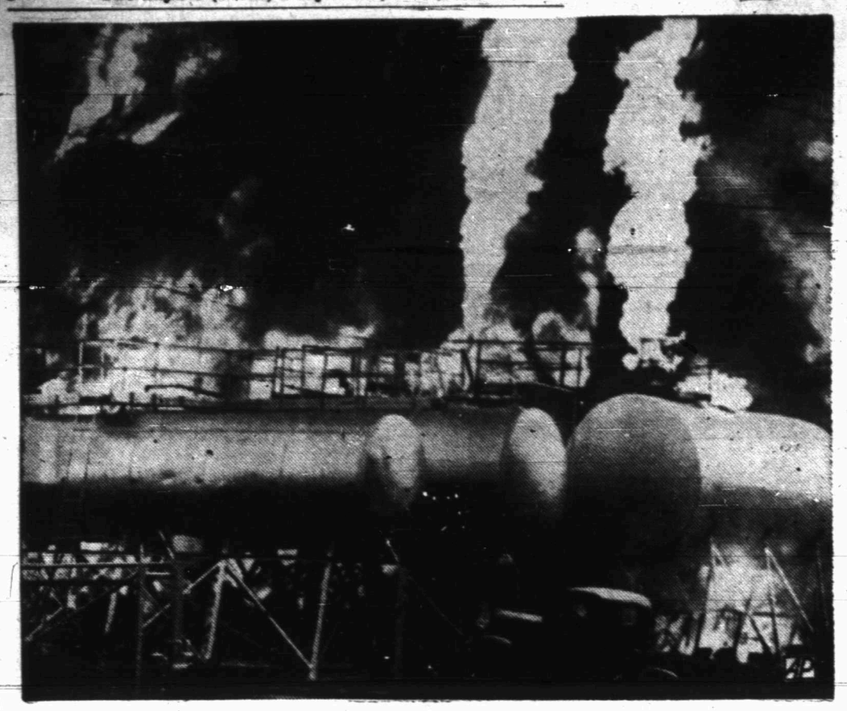

ADVANCE-DESIGN CAB FEATURES

Increased driver comfort with highly efficient ventilation and insulation; shackle mountings that cushion frame vibrations; a big one-piece curved windshield with full-width defroster outlet.

WORK-SAVING CONTROL FEATURES

Less effort needed with Chevrolet's Recirculating Ball Steering Gear; Torque-Action and Twin-Action brake design helps you stop more surely and easily. And that's only the beginning!

FUEL STORAGE TANKS BURN

Flames and smoke billow high into the air from several Lion Oil Co. fuel storage tanks located on the thinly-populated southern fringe of El Dorado, Ark. There was no damage estimate of the fire, which raged uncontrolled for more than two hours, but destroyed were 62,000 gallons of gasoline and oils, a steel warehouse, sales office and three trucks. One fireman was hospitalized from heat prostration.

Puerto Ricans Due Sentences Oct. 26

NEW YORK (AP)—Thirteen Puerto Rican members of the Nationalist party involved in two Washington shootings in recent years have been convicted of seditious conspiracy against the United States.

The 13, plus four others who pleaded guilty earlier, now face possible maximum sentences of six years in prison and a $5,000 fine.

Federal Judge Lawrence E. Walsh fixed Oct. 26 for sentencing after the jury's verdict last night.

Four of those convicted last night are already under heavy prison sentences for shooting into the House of Representatives from its visitors gallery in Washington last March 1. Five congressmen were wounded.

Another of the convicted Nationalists is Mrs. Rosa Collazo, 43, whose husband Oscar is now serving a life sentence for an attempt to assassinate former president Truman in November 1950.

The Nationalist party seeks total independence for Puerto Rico, now a commonwealth of the United States, even though its people have turned down in referendum voting offers of full independence. Puerto Ricans are citizens of the United States.

The 13 party members were tried on charges of conspiring to bring about Puerto Rico's independence by force and violence and armed revolution.

In his summation, U.S. Atty. J. Edward Lumbard declared, "every one of these defendants has his moral fingerprints on the guns that were used in Washington, and those who participated were praised as martyrs."

Defense attorneys claimed that the Congress shooting and the attempt to assassinate Truman were actions by individual Nationalists and not a conspiracy. They said the prosecution used the congressional shooting to "inflame the minds of the jurors."

Several defendants had testified during the trial that they had no idea when they joined the party that it intended violence or gunplay.

In his charge to the jury, Walsh said any defendant must be acquitted if the jury believed he did not know that force and violence were to be used.

The trial started Sept. 8.

The four convicted earlier for the Congress shooting were Dolores (Lolita) Lebron, 34; Rafael Cancel Miranda, 23; Irvin Flores Rodriguez, 29; and Andres Figueroa Cordero, 29.

Others convicted were Julio Pinto Gandia, 45, who the government said was the head of the party in the United States; Juan Francisco-Ortiz Medina, 39; Jose A. Otero, 34; Juan Bernardo Lebron, 31; Carmelo Alvarez Roman, 45; Jorge Luis Jiminez, 34; Armando Diaz Matos, 39; and Manuel Rabago Torres.

All are from New York except Jiminez, Matos and Torres, who lived in Chicago.

Thousands Evacuated

TAMPICO, Mexico (AP)—Continuing rains and flooding rivers have forced the evacuation of thousands of persons in the tropical zones of Tamaulipas and Veracruz states.

At least 10 towns were said to be completely inundated in the Veracruz area.

Bank Robbery Gimmick Fails

LONDON (AP)—Britain's enterprising bank robbers came up with a new gimmick today—the phony night safe. The client just drops his money in and the robber just hauls it out.

The first trial, at suburban Croydon, misfired though.

A storekeeper went to put his day's takings in the safe deposit chute and found it covered with a metal box marked "Lloyds Bank—temporary night safe." He dropped in $840.

A second storekeeper with more cash, however, got suspicious. The gadget had no lock. He called the police, and while they were coming stopped other traders with deposits of more than $2,800.

Police theorized the would-be robbers were watching close at hand and fled when the traders tumbled to the plot. Within an hour detectives checked every deposit chute in London, but found no more night safes.

Demands For Poll Taxes Off To Fair Start

A fraction (believed to be less than a sixteenth) of the county's population which may qualify to vote has obtained new poll tax receipts and exemption certificates since Oct. 1. The tax is $1.75.

Since the new period for payment of poll tax began this month, 152 persons have obtained exemption certificates, and 313 have paid their poll taxes and received receipts for such, making a total of 465 known to qualify for voting next year.

Receipts and certificates obtained now become valid on Feb. 1, next year, and remain valid for one year. Those obtained from Oct. 1, 1953, through Jan. 31, this year, became valid of Feb. 1, this year, and will remain valid for voting through Jan. 31, 1955.

The number qualifying so far this month is less than one-sixteenth the record number of certified voters. For voting in the period beginning in February, 1952, 7,335 persons in the county obtained receipts and exemption certificates. A year later, the total was only 3,506. The current total is 5,025.

The actual number of qualified voters is always slightly higher than the number certified, however, since persons exempt from poll tax payment are not required to obtain certificates unless they are residents of a city of 10,000 population or more.

Persons qualified for exemption are those over 60 years old, Indians, blind persons, those who have lost a limb, those having become of voting age but who have never previously voted, and those having become residents of the state since Jan. 1 of the previous year and are otherwise qualified to vote, provided they will have been a resident for at least a year before voting.

Thinks Flying Saucers Are Used For Spying

OLDENBURG, Germany (AP)—Prof. Hermann Oberth, West German rocket expert, says he believes inhabitants of other planets watch atomic developments on the earth from flying saucers.

In a public lecture, Oberth said he thought inhabitants of outer space, whom he called "Uranides," have "technically advanced further than we."

"We constitute a threat to the whole universe," he said.

Reds Happy Over Pact

MOSCOW (AP)—Provda, Izvestia and Trud all printed editorials today hailing the new Soviet-Chinese agreement on Port Arthur as a "priceless contribution to the cause of peace."

MOSQUITO MOMENTO

That hat, created by Mrs. W. R. Cousins, Jr., of Beaumont, won first prize at a "crazy hat" party and points up one of the worst sieges of mosquitoes in Southeast Texas in years. The hat sports mosquito netting which draws up around the neck, plus a built-in spray gun. The king-size mosquito on top is made of pipe cleaners, tape, wire and a two and one-half-inch long steel stinger.

More Cattle To Be Judged

DALLAS (AP)—Breeders of Shorthorn and Santa Gertrudis cattle gathered at the State Fair of Texas today for judging of the best entries in their breeds.

Also to be judged today were Rambouillet sheep and Poland China and Chester White Swine.

The champion banner of the Hereford show went yesterday to a bull owned by Roy Turner of Sulphur, Okla., former governor of Oklahoma. His entry was a senior yearling, TR Royal Zato 27.

Champion Hereford female was LS Duchess Mixer 54, a senior heifer calf shown by Roy R. Largent and Sons of Merkel, Tex.

The reserve champion bull was shown by Barret Hereford Ranch of Comanche and the reserve champion female was exhibited by J. K. Dobbs, Fort Worth.

Inka Carnation Maudlene, a 6-year-old cow owned by Joe C. Carrington of Austin, won grand champion honors in the Hoistein show.

The Neale Farms of Waco showed the grand champion Holstein bull, Texas Superb Montvic President.

In the Hampshire sheep show all first places went to Mrs. Ammie E. Wilson of Plano, Tex.

Duron Howard of Ryan, Okla., took all first places except one in the Shouthdown sheep show. Texas Tech won first in the yearling ewe class.

Ballews' Hampshire Farm of Clarendon won both grand champion boar and sow banners in the swine show.

Survey Turns Up Only Water And Rowboats

TORONTO (AP)—Two members of the Metropolitan Council went to Chicago on a traffic survey and came back reporting about the only things they could find were water and rowboats.

Leslie Allen and Reeve John Bick picked a rough time to visit the city last weekend. Chicago had its worst rainstorm in 69 years.

Chicago street officials were too busy to work on a survey and promised to mail a report when things get cleaned up.

Daniel Warns Of Danger In Importing Oil

LIBERTY (AP)—U.S. Sen. Price Daniel returned here today for the opening of the Trinity Valley Exposition after opening a 3-day tour of West Texas last night.

He planned to go to Lubbock and Midland for noon and afternoon receptions today, then speak at the Odessa Oil Show banquet tonight.

"The independent producers are the backbone of the Texas oil industry," he told an Oil Progress banquet in Wichita Falls last night. "In the interest of the state and nation, they must be protected from excessive imports of foreign oil."

"I reiterate my call upon President Eisenhower and his cabinet committee on energy supplies and resources to study the oil imports problem and to recommend appropriate congressional action if the foreign operators themselves do not restrict their imports voluntarily."

"Excessive foreign oil imports are today's greatest threat to the Texas economy, to state revenues and to the nation's security," he warned.

Daniel said that Texas already has had to shut its wells down to 15 days production monthly partially because of excessive foreign imports.

"Continued restricted production at only one-half our capacity will eventually ruin the independent operators who own no oil in foreign lands and will throw thousands of Texans out of work, to say nothing of the serious loss in tax revenues," he said.

Daniel also said that Congress would be asked early next year to remedy "damage done" by the Supreme Court's ruling that the Federal Power Commission could set prices on natural gas transported out of the state.

Daniel planned to be in San Angelo and Abilene tomorrow and speak at a barbecue in Snyder tomorrow night.

LEGAL NOTICE

TO: M. D. Drury, Bonnie Guffey, O. G. Chester, W. R. West, David M. Neatherlin, and Ben F. Neatherlin, if living, and if dead, the legal representatives of each of said named Defendants, and the unknown heirs of each of said named Defendants, the legal representatives of the unknown heirs of each of said named Defendants, if the unknown heirs of said named Defendants are dead; the unknown heirs of the unknown heirs of said named Defendants, if the unknown heirs of said named Defendants are dead.

Defendants in the hereinafter styled and numbered cause:

YOU, and each of you are hereby commanded to appear before the District Court of Scurry County, Scurry County, Texas, to be held at the Court House of said County in the City of Snyder, Scurry County, State of Texas, at or before 10:00 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance hereof, being Monday, the 22nd day of November, A.D. 1954 and answer the Plaintiff's Original Petition in cause numbered 6538, Styled A. E. Sellers et ux Plaintiffs vs. M. D. Drury et al, Defendants filed in said Court on the 8th day of October, A.D. 1954, the nature of Plaintiff's demand being as follows, to-wit:

Trespass to try title and to remove cloud from title on

South 75 feet of Lot 4, Block 38, of the Adams Addition to the town of Snyder, Scurry County, Texas.

HEREIN FAIL NOT, but of this writ make answer as the law requires.

(S) WITNESS: Eunice Weatherbee
Clerk of the District Court,
Scurry County, Texas.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, AT Snyder Texas, this 8th day of October, A.D. 1954.

(S) Eunice Weatherbee
Clerk District Court
Scurry County, Texas.
By Deputy.
