Magic Moments. That's those special moments in time that imprint themselves forever on the mind as soul satisfying and irreplacable.

Almost everyone has them, and they are truly precious. They are, of course, different for each and every one of us.

Picking out a favorite would be impossible, they are too varied and too different.

These "bonus" moments come without warning, but last a lifetime.

Las tMonday afternoon, having sprinkled myself down with the water hose to cool off during yard work, I suddenly found I was the center turning point for a cloud of dragonflies! Swirling and turning, some even lighting feather-soft upon my arms, the dragonflies took me away from the mundane into the world of beauty!

Their transparent wings glittered like diamonds in the sun, and then, as suddenly as they had come...they were gone.

Several times the swallows have done the same thing, sudenly the air will fill with gliding, aerobatically twisting clouds of colorful swallos. Of course, they are only feeding on a swarm of insects...but they add their beauty to the world when they do.

Few moments hold more joy than the moment that a small aircraft lifts off from the runway..."unsticks" if you will. Suddenly, from an earthbound, lumbering machine the plane becomes a wind-borne wonder. The world becomes distant, beautiful....the textures so rich that it brings the heart upward with it!

Another mystic moment occurred at the top of a lonely hill in Scotland. Looking downward in a silence that made pine trees seem noisy, there was nothing visible except stone chimneys, thatched roofs and peaceful valley. Home of my ancestors, Scotland suddenly looked exactly as it must have when they left back in the early 1700's. It was a glimpse into the past, a looke backward in time.

As a complete contrast, there can be few better moments than turning the last calf out of the corrall after working cows all day. To sit down, lean against a fence post and listen to the sounds of mama cows bawling their babies back to their sides is a reward all to itself.

Waking up in the middle of the night and going to an open door or stepping outside is an open invitation to experience a "magic moment". Clear stars, howling coyotes, the world from a different perspective is a wonderful experience.

Peeking into a nest of newborn rabbits then leaving them alone is a special experience...oh, the list just goes on and on.

These magic moments never leave us. I'm sure parents experience them watching their children grow and learn. I'm sure each and every one has a different moment in mind after reading this.

Most ninety-five year olds can tell you a few of their special memories, because they are frequently more clear than birthdays or Christmas presents, or any of the other "official" markers in life.

Take a few moments, remember a few of those little magic moments...I'll guarantee, it'll make you feel better!

Tennesse Walkers Make Dream Come True

By Mollie Williams

June Stanley of Bogata always dreamed of raising horses. Now, with the help of her husband, Carlton, she has seen that dream come true by raising Tennessee Walking horses. Their first Walker named "Traveler" was purchased in 1982. Although they owned an American Saddlehorse and a registered Quarterhorse at that time, they found that trail rides on the Walker were by far more pleasurable. Traveler was also the pick of their horses to accompany Carlton on his Colorado hunting trips where he used the horse for packing and riding the mountain trails.

In 1984, the Carltons bought another registered Walker mare named "Delights Glory Chessy". Pleased by the performance of the new Walker and interested in the Tennessee Walking horse breed, June began to learn more about the horses by attending shows and making acquaintances with other Walker owners. After a while, with the encouragement and support of her family, June gained the courage to enter the show ring with "Chessy".

By studying about the horses, the Stanleys learned that the Tennessee Walking horse is a true American horse, originating from many breeds. Careful breeding led to the true idea of the American "melting pot" to produce a horse suitable for peoples purposes. By 1988 there were over 250,000 registered in the United States. In Texas, they are found roping and working cattle, hunter-jumpers, in harness, field trials, trail rides and the show ring. They are noted for their overall gentle disposition, longer life, versatility, rocking chair gait and endurance. An endurance test or ride is 50 miles for an experienced ride and 30 miles for the inexperienced. "With increased interest in trail and endurance rides across the country, the riding value of the Tennessee Walker steadily climbs," said June. "Both horse and rider come through less fatigued because of the durability, strength and smoothness of the Walking horse gait."

To show the versatility of the horses, June, Scott Denny and Kahlayah Benson Rehkpf rode Walkers and dressed in English attire and tack during the Bogata Rodeo Parade. Anita and Kevin Stanley rode Walkers dressed in western attire and tack.

The Stanleys say that the Walkers are gentle and intelligent and are ideal mounts for youngsters. They have proved these qualities in their horses by allowing their grandchildren to ride them. Although the Walkers are gentle, the Stanleys say the Walker is strong, versatile, willing and a ready-to-go horse for the experienced rider. They have learned that Tennessee Walking horses can be found all across America thrilling the crowds in the show ring, providing smooth and fun rides along trails, working for their keep on farms and ranches or just babysitting the children.

According to the Stanleys, the Tennessee Walker doesn't claim to be better, just one of the best. Carlton and June now have six Walkers and although raising the Walkers is a lucrative business, they say their main reason for raising the horses is personal gratification in making a lifelong dream become a reality.

Avery Frontier Days Set

The Avery Lions Club will present the annual Avery Frontier Days on August 4 and 5. The community has put forth a great deal of effort to revive the fun-filled tradition of the past. Roping andriding events will raise a cloud of dust in the arena, while bank robbers and shoot-outs raise a cloud of gunsmoke in the streets. Kings and queens will be crowned and the bad guys will be hanged.

Over $1,000.00 will be awarded at the Fiddler Contest and you can almost taste the fire in the brew known as Texas Style Chili when some of the area experts fire up their pots in the big chili cook-off.

The greased pig contest and cow chip throwing are fine examples of the wholesome, clean fun in store for the adventurous. Zesty Saloon Shows, arts and crafts, museum featuring equipment and activities from the past, food booths and sweet shoppe, antique car show, horse show and live music are just a few of the events that await you throughout the day.

Kids, do not forget the calf scramble, watermelon eating contest, armadillo races, bring your fastest pet, and other events too numerous to mention.

All these festivities will be started wtih a gigantic parade and end with a rip roaring street dance. Everyone is welcome and invited to participate.

Anyone interested in booth space or participation in the various activities should contact Gary Gray, Rt. 1, Box 243, Avery, TX or call 684-4138.

Statement of Intent to Change Rates

In accordance with the regulations of the Public Utility Commission of Texas, Texas-New Mexico Power Company announces the Company's intent to change rates for its entire Texas operations. The effective date of such change is August 23, 1989. All classes of customers will be affected by said proposed changes. The proposed rates will produce an increase in gross revenues to the Company over test year revenues adjusted for test year customer growth and annualization of test year rate increases of $16,088,054, or 5.32%. Texas-New Mexico Power Company provides electrical service to more than 161,906 customers located within the state of Texas.

A complete copy of the requested rate filing package is on file with the Public Utility Commission of Texas in Austin, Texas, and with all cities served by Texas-New Mexico Power Company which have retained original jurisdiction. You may inspect a copy of the filing during normal business hours at each business office of Texas-New Mexico Power Company in your area.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

1989 Property Tax Rates in City of Bogata

This notice concerns 1989 property tax rates for City of Bogata. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

Last year's tax rate:

	Last year's operating taxes	$ 57,416.00
+	Last year's debt taxes	$ 0.00
=	Last year's total taxes	$ 57,416.00
÷	Last year's tax base	$ 15,189,515
=	Last year's total tax rate	$ .378 /$100

This year's effective tax rate:

	Last year's adjusted taxes (after subtracting taxes on lost property)	$ 57,399.00
÷	This year's adjusted tax base (after subtracting taxes on new property)	$ 15,149,359
=	This year's effective tax rate	$ .3789 /$100

A city that adopted the additional sales tax in a 1989 election must include the following lines:

-	Sales tax adjustment rate	$ N/A /$100
=	Effective tax rate	$ N/A /$100

×	1.03 = maximum rate unless unit publishes notices and holds hearing	$ .3903 /$100

This year's rollback tax rate:

	Last year's adjusted operating taxes (after subtracting taxes on lost property)	$ 57,956.00
÷	This year's adjusted tax base	$ 15,149,359
=	This year's effective operating rate	$ .3826 /$100
×	1.08 = this year's maximum operating rate	$ .4132 /$100
+	This year's debt rate	$ N/A /$100
=	This year's rollback rate	$ .4132 /$100

A city that imposes the additional sales tax must include these lines, regardless of when it held the election:

-	Sales tax adjustment rate	$ N/A /$100
=	Rollback tax rate	$ N/A /$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General Fund	2,282.00

SCHEDULE B: 1989 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
None				

	Total required for 1989 debt service	None
-	Amount (if any) paid from funds listed in Schedule A	N/A
-	Excess collections last year	N/A
=	Total to be paid from taxes in 1989	N/A
+	Amount added in anticipation that the unit will collect only ____% of its taxes in 1989	N/A
=	Total Debt Service Levy	N/A

SCHEDULE C: Expected Revenue from Additional Sales Tax

(For counties and cities with additional ½ cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive $ N/A in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at Red River Appraisal District.

How to chill your chops efficiently

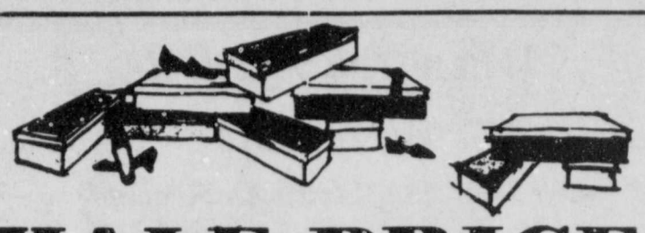

Your refrigerator can work more efficiently at chilling chops, chicken and chili — and all of the other foods you put in it — if you follow these simple steps:

- Keep your refrigerator clean and organized
- Clean the condenser coils at least twice a year
- Don't crowd foods in your refrigerator
- Let foods cool some before putting them in.

For more low-cost and no-cost ways to save energy, call or visit your local TNP office today for a free brochure.

Many of you know the struggle we've had since our tragic fire October 6, 1985. The loss we sustained, combined with the weak Texas economy, forced us to make a decision to do one of two things: put in major additional capital or close the store. From an economic view we decided to close forever.

Class Of '64 Has Reunion

A 25-year reunion of the 1964 Bogata High School graduating class was held Saturday, July 22 at the Bogata Community Center.

Those attending enjoyed a picnic lunch. Green and white floral and balloon arrangements served as table centerpieces and green and white streamers were hung from the ceiling, compliments of House of Flowers.

Sandra Thornton Benson presided at the registry. A trivia game of questions from the history of 1964 highlighted the program which was planned by Era Lee Littles Hamilton and Patsy Clark Martin. High school memorabilia such as football ribbons, annuals and pictures were displayed.

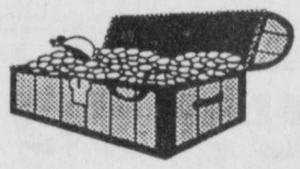

Special guests were Travis and Mable Hale, Bonnie Ruth Huddleston, Lucy B. Holder, Bill Buckman and Howard Ed and Ola Bryson.

Others attending were Annette Williams Henson, Jimmy Jenkins, Gerald and Patsy Griffin House, Jimmy and Barbara Branch, Roger and Bonnie Coker Smith and Tina, Mike and Mollie Williams, Mandy and Marla, Mikel Haynes and Micah, Don and Gayle Stephenson Roach, Elaien Smith Allford, all of Bogata; Era Lee Hamilton and Joanna Patton of Irving; David and Linda House Reynolds of Mt. Pleasant; David and Pam Williams of Wilson; Bill and Linda Bryson and Michelle of Clarksville; Bobby and Linda Topping Williams and Melissa of Prattvile, Alabama; Mr. and Mrs. Marion Foster and daughter of Mt. Pleasant; Bob and Patsy Clark Martin of Longview; James and Carolyn Spivey of Crowley; Larry Ripley of Arlington; Bob McCall of Paris; James Prater of Paris; Jack and Sarah Ragsdill of Sherman and Duane and Sandra Thornton Benson, Jayson and Kim of Clarksville.

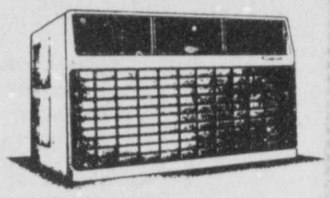

The reunion ended with lots of visiting, picture taking and Travis Hale's familiar solo of "My Little Girl".

Keeping Healthy

Hand Protection

Working with hands is considered good for mind and body, but is hard on hands. A weekend bout with automobile repairs, stripping, painting and refinishing old furniture or building a bookcase or desk can create havoc on skin.

To retain finger dexterity while protecting hands against the ravages of dirt, grime, grease, wallpaper glues, and irritating oils and paints, there is a skin barrier cream that protects against water-insoluble irritants and acts like a strong but gentle, invisible barrier film.

The cream is called Kerodex 51 and is applied like a fine cosmetic skin cream. Its protection lasts for three to four hours unless hands come in contact with water. After a project is completed the cream is easily washed off with soap and water.

Kerodex 51 also makes clean up faster and easier because its "lifting action" helps rid skin of dirt, grime and other irritants which can become inbedded in the skin.

If not available at a local drug store, the pharmacist can order Kerodex from Ayerst Laboratories.

Zero in on the two greatest inventions in ATV history.

QuadRunner 4WD

$0 down

(1) The Suzuki QuadRunner *(2) Suzuki Zero-Down Financing*

Few things in history are worth repeating. But there's one thing that's definitely worth redoing. Suzuki, the pioneer-wheeling and zero-down financing, is repeating history by offering their zero-down deal on every '89 QuadRunner and QuadSport in stock.* Choose from seven different models. Everything from the fun-loving QuadSport 80, to the value-packed QuadRunner 160E, to the hard-working 4WD. No matter how inventive you may be, Suzuki has the Quad you've been waiting for. But you'd better hurry, or this deal will be history.

SUZUKI.
The ride you've been waiting for.

Please ride safely. *The Suzuki QuadSport 80 is recommended for riders 12 years of age or older. Adults must always supervise riders under 16. All other Suzuki QuadRunners are recommended for riders age 16 or older. Suzuki highly recommends that all ATV riders take a training ncourse. For safety and training course information, see your dealer or call the Specialty Vehicle Institute of America at 1-800-852-5344. ATV's can be hazardous to operate. For your safety: Remember, always wear a helmet, eye protection, and protective clothhing. Never ride on paved surfaces or public roads. Never carry passengers or engage in stunt riding. Riding and alcohol/drugs don't mix. Avoid excessive speeds. Be extra careful on difficult terrain. Please "Tread Lightly" and respect the environment. Ride only where authorized.*

**Offer good at participating Suzuki Dealers with approved credit through Suzuki Retail Financing until July 31, 1989. Offer excludes QuadRacer 250R and 500R.*

We take credit applications over the phone!! **214-785-7300**

HAPPY BIRTHDAY
Dad
From
Tina, Randy And Destry

DETAILS WERE sketchy Tuesday afternoon about this accident that occurred Monday afternoon on Slough Creek,ust inside the eastern Red River County line. Three black males were taken to Titus County Memorial Hospital with what was feared to be serious injuries after the late model Oldsmobile they were riding in wrecked, flipped upside down and landed in shallow water near the creek. Talco Fire Department and Titus County EMS administered aid to the victims of the crash, which was investigated by Highway Patrolman Jerry Conway. (Staff Photo by Thomas Nichols)
