ELDORADO— SCHLEICHER COUNTY, TEXAS

THURSDAY FEBRUARY 25, 1954

NUMBER 7

March 4 Is Chosen As Date Of Utilities Cooking School

How would you like to cook your family's meals simply by turning a switch? Today the homemaker can accomplish just that—cook a complete meal by just turning a switch. Mrs. Abbie Andrews, widely known home economist, will demonstrate the most recent and proven developments in modern cooking at the demonstration which will be held March 4 in the Memorial building at 2:30.

Jerry Pennington, West Texas Utilities Company Local Manager, has issued an invitation to all the housewives in Eldorado and the surrounding area to be his guests at the demonstration which is planned as one of the best ever conducted here.

The demonstration, sponsored by the West Texas Utilities Company, will be conducted by Mrs. Abbie Andrews, a senior home economist for Frigidaire Sales Corporation. Mrs. Andrews will be assisted by Miss Lorine Moursund, home economist for WTU Co's San Angelo district.

Mrs. Andrews, who will present the very latest in food preparation and time saving methods, is a graduate home economist with years of practical experience. She has had special training in food preparation, preservation, and quick-freezing techniques at the nationally famous Frigidaire home economics department at Dayton, Ohio.

Recipes and favors will be given to homemakers who attend the demonstration. All the food used in demonstrating the modern electric way of food preparation will be presented to women attending the school.

CROWD ATTENDS 55th DISTRICT MASONIC MEET

Representatives from five Masonic lodges in the 55th Masonic District were in Eldorado Monday night attending a chili supper and get-together at the Memorial building. Gus Love, Worshipful Master of the Eldorado lodge, was master of ceremonies. The principal speaker was George Poulter of San Angelo, who talked on Man's Inhumanity to Man.

Men were in attendance from Eldorado, Sonora, Ozona, Big Lake and San Angelo. Two of the men present have district or state offices: Palmer West of Eldorado is a district deputy, and Paul Turney of Sonora is a grand junior warden of the Grand Lodge of Texas.

ATTEND ANGELO MEETING REPRESENTING CLUBS

Mrs. Fred Case and Mrs. John Miller, representing the Junior Woman's Club, and Mrs. Jess Walton, Woman's Club representative, were in San Angelo attending a mental health workshop at the St. Angelus Hotel.

The workshop was held under auspices of the Texas Federation of Woman's Clubs, and among the speakers were Dr. Lane, field representative of Texas Mental Health Society, Mrs. Dudley of Abilene, state Federation president, and others.

Texas Public School Week Scheduled For Next Week

Tentative plans are being laid for observance here of Texas Public School Week March 1st through 5th. Plans include a student parade by grades down main street if the weather permits. Lewis Jordan, public school music teacher, will have charge of the public address system and will give the number of students in each class and their teacher.

The public is invited to visit school during Public School Week. Parents and friends are invited to visit classrooms, the library, or lunchroom. Student guides will be ready to greet visitors and act as hosts for the school. Assembly programs will be presented by both elementary school and high school. Mrs. Irene Teele will present an assembly Tuesday, March 2nd at 12:45. Miss Mae Ellington's piano students will present an assembly on Thursday, March 4 in the auditorium at 12:45. The High School assembly will be the installation of the National Honor Society and charter members.

Says the Superintendent:

Mrs. Abbie Andrews

Assembly Program Friday Afternoon Features Marionettes

On Friday, Feb. 26, at 1:00 p. m., Chet Dixon will present his Modernistic Marionettes under sponsorship of Southern School Assemblies, at the high school auditorium.

Chet Dixon's "Modernistic Marionettes" presents something new in marionette shows. From an entirely black stage he brings forth his puppets which glow in the dark. Lighting effects seldom seen in the entertainment world are achieved through the use of Ultra Violet lighting as used in World War II for night flying.

Dixon hand carves all of his marionettes from wood. They are twenty-four inches in height. He paints and strings them also.

You may see it Friday, February 26 at 1:00 p. m.

SLIDES, MOVIES TO BE SHOWN AT AUDITORIUM

Because of increased interest, the free showing of moving pictures and kodak pictures concerning civic events has been moved to the school auditorium.

The public is urged to remember that the event is scheduled for March 6, starting at 7:30 and that the moving pictures and slides will be of local interest, all pertaining to local events.

Those who have home movies may contact Mrs. Palmer West and those with pictures will notify Mrs. Jack Elder, these two being in general charge.

A projector and screen will be on hand for showing of these films and pictures.

Those who are in charge of this good-will project state that this evening of entertainment will be presented entirely free—with the sole purpose of providing an evening of fun with Schleicher County scenes and of unifying the community in mutual enjoyment of local people, scenes, and events.

Anyone with questions to ask concerning this program may phone Mrs. West or Mrs. Elder.

OIL NEWS

With no less than five projects under way, Sinclair Oil and Gas Co., was one of the busiest operators in the Schleicher County drilling area this week. The company expects to make producers out of two tests on University land, and testing is under way on both with prospects of several days work before the company officials know definitely what they have.

Just over the Schleicher County line in Crockett County (on the Big Lake highway) Sinclair's No. 127 University was perforating Tuesday, with expectations of making a producer.

Sinclair University No. 100, an offset to their University 101, was coring yesterday and looking good. This well is just about two miles west of the old Reynolds school house.

In the Tillery field, Sinclair No. 1 Powell had set surface casing Tuesday. This is an offset to a Norsworthy-Powell producer.

In the Cox-Brown field, Sinclair is setting surface casing on an Ethel Williams test, offsetting Mid-Continent's production.

Sinclair No. 2 Dwight McClatchy in south Huddale was drilling early yesterday at 4950 feet. This is an offset to Sinclair No. 1 McClatchy and a diagonal offset to Tidewater No. 1 Whitten.

Other Schleicher County wells to watch during the coming week are the American Trading & Production Corp. No. 1 Otto Sauer and the Atlantic Refining No. 1 Teele, located 10 and 10½ miles southwest of Eldorado.

These two key wells to the riddle of "what will be found on the flanks of the granite upthrust found in the Tumble No. 1 Spencer" were looking for oil in the Strawn at midweek. The No. 1 Sauer was below 7200 feet, while the No. 1 Teele was below 7274 feet in the Strawn line, topped at 7237 feet by samples. The next week will tell the story here.

Union Oil Co., meanwhile, staked location for the No. 1 J. L. McElroy, a 6000-foot wildcat, six miles northeast of Eldorado. The wildcat, being drilled by Union and Lario Oil & Gas Co., will be located 4440½ feet from south and 2912½ feet from east lines of 86-LL-TCRR. Drilling will start February 26.

Tidewater will drill its No. 2X L. Whitten, a twin to the No. 2 Whitten, a junked well, in the Huddale field. A 5800-foot rotary project, it will be 467 feet from north and 2360 feet from west lines of 84-LL-TSRR, seven miles northeast of Eldorado on 643-acre lease.

The Railroad Commission has issued a special order permitting Westcoast, Houston, to conduct waterflooding operations at the Middle lease (4 wells) in the Neva West (Canyon) field. Commission engineers, as a basis for granting the application, had found that the reservoir pressure had declined 933 pounds per square inch in an 18-month period. The Commission authorized that the No. 11 Mittel be used for water injection purposes.

Big Womanless Wedding Cast Chosen After Many Try-Outs; Show to Be Staged Tomorrow

The entire membership of the Eldorado Lions Club have been clamoring for parts in the scheduled hit of the year, the Womanless Wedding, which will be presented in the school auditorium Friday night, the 26th, beginning at 7:30.

Top stars of the performance will be Roy Phelps, the groom, and Dick Preston, the bride—not far behind this pair in importance (and performance) will be the father and mother, Palmer West and Eldon Calk.

Others in the cast are:

Grandfather — Harold Hunt
Uncle — Bill Lester
Baby Sister — Jimmie West
Colored Nurse — Gus Love
Minister — Cliff Hancock
Best Man — E. W. Mund
Maid of honor — Eldon Edge
Ring bearer — Paul Page
Train bearers — T. E. Holcomb and C. C. Henderson
Jilted sweetheart — Pat Patterson
Guest — Joe Christian
Flower Girls — C. W. Warren and Clovis Taylor
Bridesmaids — Geo. Finley and Charlie Trigg.

Soloist — Lewis Jordan
Ushers — Elmer Peters, Bill Rountree, Doyle Morton, and Wilson Page.

ELDORADO CLINIC NEWS

Will Whitten, who has been quite ill following a heart attack, has been moved to his home, and is convalescing there. His condition is considered satisfactory.

Frank Edmiston was injured in a car wreck at Taylor, and was a patient in the hospital Sunday night.

Miss Jewel Shelton has been dismissed from the hospital after treatment for pneumonia, and has returned to her teaching duties.

M. H. Woodward, who is employed in the oil fields, was involved in an accident Monday in which a finger on his right hand was crushed.

Dr. Jack I. Mowrey and his family have returned from a brief visit in Blossom, Texas, and points in Arkansas.

MEMORIAL HONORS MEMORY OF THE LATE H. T. FINLEY

Special dedication services for a memorial to the memory of H. T. Finley will be held soon in the Presbyterian Church. The memorial, which is the gift of friends, is a solid copper cross and candlesticks. It has already been received by the church, and is in place on the Communion table at the front of the pulpit.

Friends of Mr. Finley and of the church are invited to come in and see it.

NEW BUSINESS HERE

Fraley and Ward of San Angelo are setting up a butane gas distributing system in Eldorado, and have a man on the job to look after service for people in this area.

The new manager is Bob Roberts who has rented one of the Crosby apartments.

The company has installed their tanks along the San Angelo highway near the Wagley ranch house, and are now operating here. In their ad in this issue they state that they furnish gas for domestic and pear burning purposes as well as for drilling rigs.

BLAINE SAMMONS DIES

A number of local relatives were in Brady Wednesday attending the funeral of Blaine Sammons, Allamore rancher, who died in a Dallas veterans hospital Monday night, after a long illness. A former Eldorado resident, he is survived by his wife Bernice Jones Sammons, two sons and other relatives.

TO BE PRESENTED IN ASSEMBLY PROGRAM

Miss Mae Ellington will present her junior piano pupils March 4th in an assembly program in the high school auditorium at 12:45 o'clock.

Otis Davis and family of Midland spent the week end here with the Fred Rileys.

MEX. RANCH HAND FOUND DEAD; ANOTHER MISSING

Manuel Garza, a Mexican of about 30 years of age, was found dead late Wednesday afternoon, on the Tom Henderson ranch by officers who had been called to the scene from Eldorado. The story as near as it can be pieced out at this time is:

Garza and another Mexican were living in a small house on the Henderson ranch and employed as ranch hands. About noon yesterday they failed to show up for their job of feeding stock. A neighbor was called and when they went to the Mexican living quarters they found the floor blood-spattered and evidence of a fight. Officers were called and after searching the nearby trails the body of Garza was found about three-quarters of a mile away in a brush thicket. The body was brought to the funeral home in Eldorado. The other Mexican was missing.

Bruce Resigns Presbyterian Charge, to Take Ft. Worth Job

Rev. Charles G. Bruce

Rev. Charles Bruce, pastor of the Eldorado Presbyterian Church nearly three years, has tendered his resignation to the local congregation, to become associate pastor of St. Stephen's Presbyterian Church in Fort Worth.

He notified the congregation here Sunday morning, giving April 1 as the date when he will leave the city.

His son Buddy will complete his high school year at Shreiner and next fall will enroll in a high school in Fort Worth.

Rev. Bruce's activities as associate pastor will include visiting of members and prospective members, counseling, regular parish visitation, and other similar duties, while his co-pastor will have much of the organizational work and will do the major part of the preaching.

The church building is of beautiful Gothic architecture, and is built of native stone, with a chapel seating 650 people. The church has a membership of 1000.

The pastor had had the offer under consideration for several weeks, and last week gave his formal acceptance to the church there.

The Fort Worth congregation issued the call to Rev. Bruce, as is customary in selecting of an associate pastor, and he will be installed by the Presbytery. A manse will be furnished for the minister and his family, and the salary will be somewhat better than he has received here.

"There is so much opportunity for expansion and growth of St. Stephen's program that I could not do anything but accept the call, hard as it is to leave the fine people here," states Rev. Bruce.

He has served Presbyterian churches in Mississippi, in the Delta of Louisiana, in central Tennessee, in Kentucky, in Eastern Tennessee (as superintendent of missions)—and came to Eldorado from a church in South Texas.

Rev. Bruce has been active in civic work in Eldorado, has been chaplain of the Masonic chapter, chaplain of the Fire department, a worker in and a charter member of the Ministerial Alliance, and an active Lion.

He has been prominent in organizational work of his church in West Texas, and through his committee work as chairman of Christian vocations has met many Presbyterians of other churches in the state.

The Eldorado church does not have a pastor in view, but will appoint a pulpit committee at a congregational meeting next Sunday morning, as a first step in calling a new minister to take Rev. Bruce's place.

Foundation Started On New Church

Work on the foundation of the new Congregational Methodist Church started this week, and workmen have completed preliminaries of marking the site, and are now pouring concrete for the foundation.

Material which was moved from a similar church in Menard County has been moved here and is now on location, and other materials will be purchased as the work progresses. Some of the construction work is being done by the members.

Regular services, Sunday school, and two church services, are being held each Sunday in the Memorial building, pending completion of the building.

Honor Society To Get Charter

At an assembly program Friday morning, March 5, beginning at 9:00 o'clock, 12 charter members of the National Honor Society will be recognized as a feature of a program officially installing the Eldorado chapter of the society, and receiving the charter. A candlelight service, in charge of the chapter from San Angelo, will highlight the program.

Eligible for membership are juniors and seniors elected by faculty vote on the basis of character, scholastic standing, leadership and service. To be considered for membership, a student must have an average of 85 or better.

Originating in 1921, the society was established by the National Association of Secondary School Principals, of which High School Principal Joe Andrews is a member. Establishment of a unit in the Eldorado school brings national recognition to EHS.

Because presentation and acceptance of the charter and introduction of the 12 charter members are matters of importance to the school and community, also because this program climaxes the special Public School Week, the general public is urged to be present.

SUE SHILLING WEDS SATURDAY IN PARSONAGE

Friends here will be interested in learning of the marriage of Miss Sue Shilling of Big Lake and John L. Gibbs of Texon, in the Methodist parsonage at Big Lake, with Miss Shilling's father, Rev. Roy Shilling, officiating.

The bride was in school in Eldorado during the years her father was pastor of the Methodist Church here, and since her graduation from Big Lake High School she has been attending McMurray College as a Freshman.

The groom, the son of Mr. and Mrs. W. B. Gibbs of Texon, is also a 1953 graduate of Big Lake High and has been attending college this year at Sul Ross.

The bride's only attendant was her younger sister, Beth, and the best man was Eddie Compton.

After the wedding, which was held Saturday, the young people moved to Alpine where they have rented a cottage on the Sul Ross campus, and where both will attend college.

DON McCORMICK AT CO-OP MEETING HELD IN LUBBOCK

Don McCormick, manager of the Southwest Texas Electric Co-Op., reports a good meeting and a most successful sandstorm at a three-day session of the rural development conference last week at Lubbock.

The meetings, held under auspices of the Texas Electric Co-Operatives, Inc., were attended by over 200 power company officials, agricultural experts and farmers from the entire state.

A recommendation to the effect that Texas electrical cooperatives join hands with agricultural agencies in such matters as soil and water conservation, was worked out by one of the 14 committees comprising the group. Another committee recommended that power companies offer such services to consumers as irrigation well testing, and guidance and direction in other farm problems.

The general purpose of the conference was to increase the efficient use of electricity, and at the same time to raise the standard of living and incomes of the rural areas. Manager McCormick was in charge of one of the committee meetings, on livestock raising.

Subjects Covered

Committee subjects included dairying, poultry and egg production, livestock raising, soil and water conservation, irrigation and domestic water systems, farm and home lighting and wiring, farm and ranch shops, merchandising, industrial development, financing, service, and public information and education.

Johnnie Ammons, manager of Midwest Electric Co-Op at Roby, summarizing the Conference, said he hoped it might initiate a program to give to every farmer and rancher some additional ways of improving his earning power to fit himself for the super-competitive conditions he now faces.

The two-fold purpose of rural development was pointed out earlier by Conference Chairman W. G. Newton, manager of South Plains Electric Co-Op at Lubbock, when he said that the well-being of the farmer and rancher has a direct bearing on the continued existence of all organizations working with these producers.

Specialists in various fields of agriculture attending included Lynn Ludlow, industrial specialist, and Fred McVey, rural industries specialist, both with the Rural Electrification Administration at Washington, D. C., and Richard E. Burleson, dairy specialist with the Texas A&M Extension Service.

REV. CHAS. BRUCE MID-TEX SYNOD MAIN SPEAKER

The Rev. Charles Bruce is presenting a series of lectures on "The How of Bible Study" at the meeting of Presbyterian Women of the Church in San Angelo. The meetings in which churches of the Mid-Tex Synod are taking part, are held at First Presbyterian Church. Mrs. Edwin Jackson will also have a part on the program.

Included among those attending from here are Mrs. Joe Edens, Mrs. Chas. Bruce (an officer), Mrs. Edwin Jackson, Mrs. Bill Lindsey, Mrs. Jack Mowrey and Mrs. John Miller, who attended Wednesday and Mrs. John Williams, pres., and others, today.

Mr. and Mrs. Forrest Runge have returned from a visit on the A&M campus where they attended a reunion of the class of 1914, of which Mr. Runge was a member.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth.—The nation is in for another beef eating spree in 1954 on the basis of the report that the cattle population was one per cent higher on Jan. 1 than a year earlier.

The estimate is that there are 94.7 million cattle on farms in the United States. Last year (1953) beef consumption per capita in the Nation was at a record level, and about 12 lbs. above the preceding year. Estimates are that this year the nation will eat only a little less beef per capita.

The American Meat Institute says that beef is at an all-time low. The same goes for the price of all meats on the average. They base this figure on the number of minutes of labor required to buy a pound of meat.

The Institute's figures reveal that during 1953 it required only 23.6 minutes of labor to pay for a pound of beef. During the depths of the depression, it took 35 minutes labor to earn the money to buy a pound of beef.

The average labor required for a pound of "all meats" in 1953 was only 21.2 minutes. During the depression it required 30.8 minutes labor to buy a pound of beef.

At Fort Worth Monday fed cattle were fully steady to strong, except some half-fat yearlings and heifers that were draggy and weak. Some club yearlings topped at \$25 and the better grades of commercially fattened beefs sold from \$17 to \$22.50.

Fat cows drew \$10 to \$12.50 and canners \$7 to \$10.50. Bulls sold from \$10 to \$14, a few higher. Fat calves drew \$15 to \$20, lower grades \$10 to \$15.

Desirable stocker calves \$16 to \$20, feeder cattle were quoted to \$20 or above. Stocker cows \$9 to \$13.50.

Hogs were 25c higher Monday at Fort Worth. Top was \$26.50 to \$26.75. Sows \$21 to \$24.

The boys from Burnet County furnished the highlight of the Monday sheep trade at Fort Worth. They had shorn fat old crop lambs that brought the day's high of \$19. Most other clipped lambs sold from \$16 to \$18.50, with lower grades \$12 to \$16. Feeder shorn lambs drew \$18.50 down, and some light weight woolled feeders drew \$19.

The year's best price was equalled on new crop milk fat lambs with the tonny kinds selling from \$22.25 to \$23.75. Old ewes drew \$7 to \$9, some stocker ewes to \$10 to \$12. Old bucks \$4 to \$5. Aged wethers \$9 to \$12. Yearlings and two-year-old \$12 to \$16.

Mrs. Gene St. Clair and daughter Christy of Altus, Okla., are here visiting Mrs. St. Clair's mother Mrs. Lillian Crosby, and grandfather, G. C. Crosby, who is convalescing after hospitalization in San Angelo.

Mrs. Edgar Spencer and children Jo Ed and Claude were in Ozona Monday night attending the district basketball game between Ozona and Coleman, the latter winning. The Spencers were met there by the Tom Kents of Alpine.

WOMAN'S CLUB STUDIES HYMNS AT MEETING

The Woman's Club met at the home of Mrs. Palmer West at 2:30 Tuesday afternoon.

During the business session, Mrs. J. Walton was instructed to attend the District convention of federated clubs at Brownwood on April 5 and 6, by virtue of her office as local president.

Mention was made of the fact that the Eldorado Woman's Club was awarded a certificate for participation in American Art Week in which Texas won first place. At the time of this contest, which was in 1952, Mrs. Edwin Jackson was president of the club. The award was made under sponsorship of the American Artists' Professional League, Inc.

A report was made by Mrs. E. H. Nimitz, chairman of the committee on Americanism, and Mrs. B. F. Cox was elected to membership! Donations to the state Penny art fund, the Musical Penny fund, the Latin American Scholarship fund and the District 6 Virginia Brightwell Music Loan fund, Lou Perry Loan fund and Frances B. Pisk art fund were announced.

The program was on Music's contribution to our religion, with Mrs. W. N. Ramsay as leader. There was discussion of favorite hymns, Mrs. John Stigler presenting hymns of the months on the piano, the audience assisting. Mrs. Stigler played as an accordeon solo "When I survey the Wondrous Cross."

The next meeting, which will be on Our Texas Heritage, will consist of a field trip to Fort Concho Museum. Those who plan to attend are asked to notify Mrs. Jess Walton, Mrs. James Page or Mrs. Palmer West.

BOOK REVIEW TODAY

The Junior Woman's Club is sponsoring a book review, Adobe Doorway, this afternoon, Thursday, beginning at 3:30 in the club room of the Memorial building, with the Senior Woman's Club and other invited guests in attendance.

The reviewer will be Mrs. Dean Chenoweth of San Angelo. The social committee of the Junior Woman's Club will be hostesses.

ATTEND FUNERAL OF MRS STEWARDSON HERE LAST WEEK

Among those from out of town attending the funeral of Mrs. A. L. Stewardson of Ft. Stockton at the Methodist Church in Eldorado last Thursday afternoon were:

Santa Anna: Miss Ruby Harper, Mrs. Dan Wheatley, John Stewardson, George Stewardson Jr., Mrs. Luther Stewardson, Mr. and Mrs. Teddy Stewardson, Robert Stewardson, Tom Stewardson, Mr. and Mrs. Roamie Milligan, Mr. and Mrs. Douglas Milligan, Mr. and Mrs. Edgar Shelton, Mr. and Mrs. Louis Newman, Mr. and Mrs. Marvin Richardson.

San Saba: Mr. and Mrs. Hardy Stewardson.

Big Lake: Mr. and Mrs. Bill Sweatt.

San Angelo: Mr. and Mrs. W. J. Steward, Mr. and Mrs. Frank Newman.

Ozona: Mrs. Charles Williams, Charles Williams Jr., Gene and Jack Williams, Mrs. Joe Clayton, Mr. and Mrs. Rodger Dudley Sr. Mr. and Mrs. Rodger Dudley, Jr.

Mrs. Bran Harden of Ft. Worth, Mr. and Mrs. Travis King of Dallas, Mr. and Mrs. Gerald Sitterly of Alice, Mr. and Mrs. Felix Murr of Junction, Mr. and Mrs. Sam Ed Ashmore of Memphis, Tenn., Oran Wesley Nicks of Inglewood, Calif., Mr. and Mrs. Albin Houdek of San Angelo, Mrs. C. A. Crump of Coleman, Miss Peggy Crump of Abilene, Mrs. Leona Hicks of Abilene, Mrs. M. L. Rendleman of Skidmore, Miss Katherine Rendleman of Skidmore, Mrs. Meriman Rendleman of Houston, Mr. and Mrs. A. L. King of Rockwood.

Ft. Stockton: Miss Sammie Stewardson, Mr. and Mrs. H. R. Ashmore, Mr. and Mrs. O. M. Nicks and Martha Lynn, Mr. and Mrs. Billy Stewardson, Rev. Lloyd Hughes, Bill White, Loren Hilger and others.

WOMEN OF THE CHURCH IN JOINT MEETING

Women of the Presbyterian Church met in joint session at the church Monday. The lesson planned by Mrs. Jack Mowrey was presented by Mrs. Charles Bruce in Mrs. Mowrey's absence, Circle 3 taking part on the program. The lesson was on the world church.

Mr. and Mrs. L. B. Kersey have as guests their daughter Mrs. Clyde D. Blankenship and daughter Denise of Fort Worth, who are here while Mr. Blankenship is in South America on business.

Here from Carlsbad, N. Mexico, for a two-day visit with his mother Mrs. Nettie Spurgers was William Spurgers, an oil company employee

Mrs. Will Doyle and daughter-in-law Mrs. Ray Doyle, returned early Wednesday morning from El Paso where they spent several days with Mrs. Doyle's daughter Mrs. Richard Bilhartz and family.

Mr. and Mrs. Fulton Young of Galveston have been visiting the latter's sister Mrs. Tom Johnson and Mr. Johnson several days.

MR. AND MRS. CRAMER SOFGE, OWNERS

From where I sit ... by Joe Marsh

Handy and Easy "Sign Up"

Last month's safety drive was a big success—almost. Every one helped—the schools ran movies on safe driving, Rotary put up posters, and Handy and Easy Peters went out on their own.

The boys put up a big sign by the side of the highway. It said, "Slow down—the life you save may be your own." It was a good idea—after the police moved the sign back twelve feet.

In their enthusiasm Handy and Easy put it too close to the road—in fact, right on the sharpest curve on the highway. They made

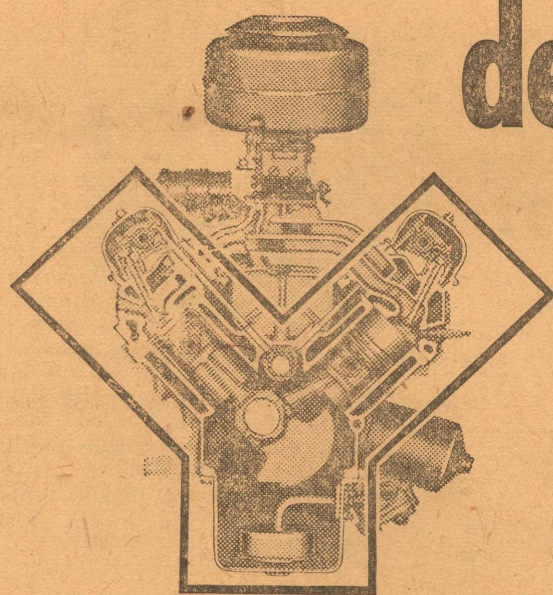

driving unsafe by cutting off the view around the curve.

From where I sit, lots of people—even though they mean well—suffer from short-sightedness now and again. For instance, some can never see any further than their own preferences. They even go so far as to object to my choice of a glass of beer with supper. Shouldn't we always take the "long view"... and respect our neighbors' rights?

Joe Marsh

Ford presents two new deep-block engines

THE NEW

130-h.p. Y-block V-8

This new Overhead-Valve V-8 has an extra-deep block which resembles a "Y" in cross-section. This new deep-block design means greater rigidity for smoother, quieter performance... longer engine life. Other features which make this engine a long-lived, smooth, saving performer are: new low-friction (short-stroke) design, Free-Turning Overhead Valves, new 5-bearing crankshaft, and new high-turbulence combustion chambers.

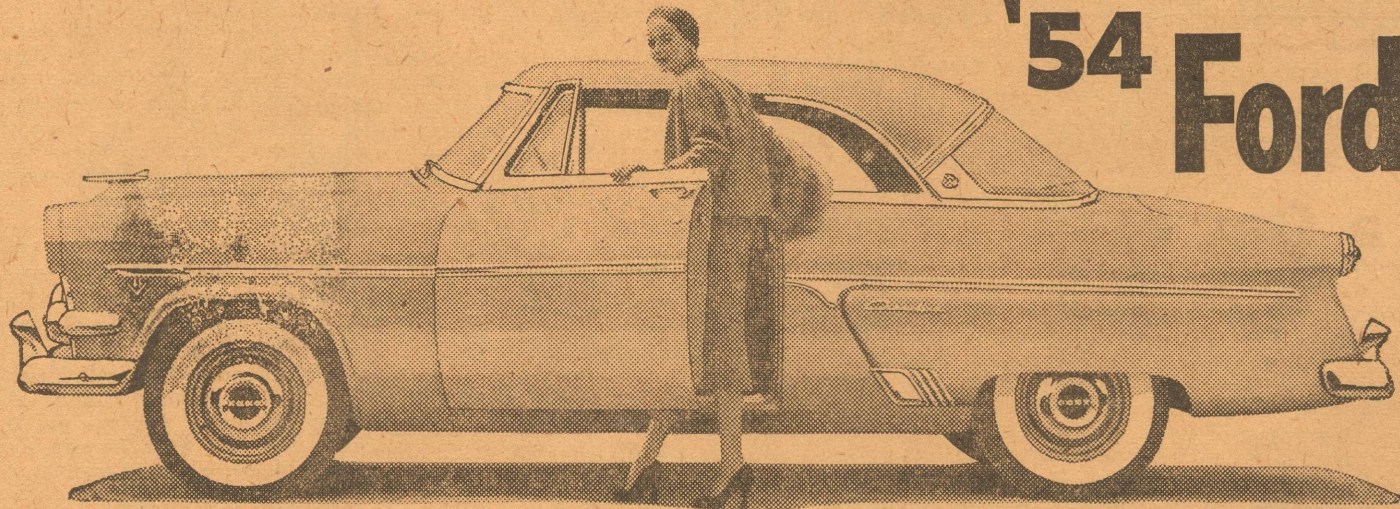

THE NEW

115-h.p. I-block SIX

Like the new Y-block V-8, this engine has Ford's deep-block design for greater rigidity, longer engine life. Also, like the V-8, you get Ford's modern manifolding, low-friction design, high-turbulence combustion chambers, and Ford's Automatic Power Pilot. One advantage of both new engines is an amazingly flat "torque curve" which gives you top pick-up power through the whole range of driving speeds.

You are cordially invited to come in and Test Drive the

Methodist Notes

Methodist men were hosts to the ladies at a social evening and supper at the church Monday-night, beginning at 7:00. The covered dish supper preceded the program, which consisted of showing of two films.

Next Sunday afternoon the young people will be in San Angelo to attend the district young peoples meeting, at which Bishop Ivan Lee Holt will be the principal speaker. Registration will be at 3:00, followed by devotionals at 3:30, discussion groups at 4:30, one for officers and five others offering choice of subjects: the youth presiding. Supper will be served at 6:00 at the Cactus Hotel, after which Teddy Trevino will lead a recreation period. At 7:30 the MYF of First Church will have charge of the worship service and at 7:30 Bishop Holt will speak.

In the absence of the pastor, the young people, and the young people's leaders, there will be no services Sunday night at the local Methodist Church.

Mr. and Mrs. Everett Johnson of Abilene visited Sunday with Mr. Johnson's brother and sister-in-law Mr. and Mrs. Tom Johnson.

JODIE IS SEVEN

The circus theme was carried out in the Big Top party given by Mrs. Joe Wagley on the 17th, honoring Jodie on his seventh birthday. About 40 children attended.

The merry-go-round cake was served with ice cream and circus favors after the animal games. The party was held at the Memorial building.

—There will be a prize for every table of games at the Episcopal Guild game party February 27, at the Memorial building.

Rev. Doyle Morton and his family have been out of town several days visiting in South Texas, including among other places their former home, Elgin, where he spoke at men's brotherhood, and Mrs. Morton was honored by the Methodist women. This church is a former charge of Rev. Morton's.

Mrs. Robert Milligan has been hospitalized in San Angelo a week, and will remain there through this week, undergoing a check-up for possible injuries sustained in their recent sand storm car accident.

Mrs. Annie Craig has returned from Abilene where she visited a sister-in-law and her grandson Pinkney Craig and his family.

First Baptist News

Everyone was impressed by the film shown by Rev. E. C. Ray, representative of the United Texas Drys in our church service Sunday evening. If more of us could see the end of such things as portrayed in the film there would no doubt be a change in the attitude of many people.

This Saturday night is the time for the regular meeting of Concho Valley Youth Rally. It meets at the Eola Baptist Church. We are planning for a large number from here to go. It begins at 7:30 p. m.

We were told awhile back about a place where churches had no services on Sunday evening at all. When the churches in any town fail to open on Sunday evening it will be a greater tragedy than that generation can overcome. It is our hope that Sunday evening attendance in our churches will never be overlooked.

The work on the parsonage is started. We have planned for this work for quite some time and it is good to see the activity. We know that everyone will be interested in watching the progress as the building takes shape.

Attendance Sunday school:

First Mission 48
Mexican Mission 34
Go to church somewhere Sunday.

Undesirable Brush
Drains Soil Moisture

College Station.—Four times as much rainfall in Texas goes into the growth of undesirable weeds and brush as into the production of grasses and cultivated crops.

Brush and timber takes from the soil valuable moisture and plant nutrients which should be used to produce grass and other forage crops for livestock. A. H. Walker, extension range specialist, says the control of such undesirable hardwoods is undoubtedly the biggest problem faced by many ranchmen and stock farmers.

This is the time of year to control hardwoods, says Walker. "The weather is cooler, it's easier to get around the trees, there usually is more labor available and there's less possibility of damage to susceptible crops."

On a whole, the results from individual tree treatment are as good or better during the winter than at any other time of year. Walker recommends 2, 4-D, 2, 4, 5-T and Ammatas for the control of hardwoods. Generally, he says, 2, 4, 5-T has given better and more economical control than the other chemicals.

Treatments of these chemicals may be applied to cut-off stumps, to frills—an overlapping axe cut encircling the tree—or directly into the foliage. Foliage treatment, however, is not recommended until the

lants are in full leaf.

A hand or back-type sprayer is convenient way to apply 2, 4, 5-T and for individual tree treatment, the chemical should be mixed with oil—diesel oil or kerosene.

The variety of tree to be treated and the control methods determine the amount of oil to use, the specialist says. One pound of 2, 4, 5-T with nine gallons of oil gives good results in frilled trees. Fairly good results are also obtained with this mixture when applied as a trunk and stump treatment.

County agents have more information on the control of brush and timber and also a handy bulletin on the subject—Bulletin C-330, "More Grass From Controlling Hardwoods With Chemicals."

—All of you Forty-two players remember the Episcopal Guild game party Memorial building on February 27.

Mr. and Mrs. Wallace Joiner of Turkey spent the week end here with Mr. and Mrs. W. H. Joiner, Mrs. T. F. Green and other local relatives.

Electric Cord Care

College Station.—Electric repair shops often report their biggest business is in repairing damaged appliance cords. Yet, it's easy to keep these "lifelines" of electrical appliances in good condition.

Many cord casualties result from the unfortunate practice of pulling

on the cord rather than the plug, says Bernice Claytor, extension home management specialist. This eventually loosens the wire from the plug and sometimes causes a short circuit.

Here's how to disconnect for safety and for longer cord life: If there is a switch at the outlet, Mrs. Claytor says, turn it off before you pull the plug. This prevents sparking between metal prongs and outlet which damages metal and in time causes a poor connection.

If there's no switch, disconnect the plug from the wall outlet first. Grasp the plug—not the cord—and pull straight. If the plug

sticks, rock gently from side to side as you pull to loosen one connection at a time.

It's a good practice, too, she adds, to disconnect electric cords from the outlet each time you finish using an appliance.

When cords are not in use, keep them in a clean, dry, cool place. A permanently attached cord may be wrapped around the appliance loosely, but make sure the appliance is cool first.

Keep cords free from kinks, knots or sharp bends which break fine wires or insulated covering. Cords may be coiled loosely on a shelf or in a drawer.

*It's beautiful! It's practical! It's all vinyl!**It's Chevrolet's*DELRAY
CLUB COUPE*with the year's brightest new idea in interiors!*

This Delray Club Coupe combines all the colorful smartness of a sport model with an interior that's designed for everyday family use. Seats, sidewalls, even the headlining, are all of soft, lustrous vinyl in color treatments that harmonize with the exterior color of your choice.

And this new interior is just as durable and practical as it is beautiful. The vinyl is easily washable and amazingly resistant to scuffing and wear. You don't have to worry about little feet on the seats or the things that little hands might spill. And for grown-ups, here at last is a coupe that provides all the between-seat knee-room of a 2-door sedan!

The Delray Club Coupe is only one of the wonderful new Chevrolet models that make up the lowest-priced line in the low-price field. Come in and look them over.

What About These Dust Storms?

We have always had them and
always will! The drouth causes
them—if we had more rain they
would cease! Isn't there some
means of controlling or lessening
the damage from them? Can I
stop my fields from blowing away?

The above statements and ques-
tions are the ones most commonly
heard after a wind storm. The
answers are all so inter-related
that with a little latitude they can
all be answered "yes."

It is true that we have always
had dust storms and since there
is no means of controlling the wind,
we must use some means of pre-
venting its damage. The only dif-
ference between the windstorms of
years ago and now is the amount
of soil carried off. The less cover
we have on the soil the more
noticeable they become. Damage
has always varied with the amount
of vegetation left on the land to
protect the land from wind erosion.
As grazing and farming practices
have become more intense with
each year, the amount of crop residue
and grass left on the soil has
decreased until no protective cover
is left.

LEGAL NOTICE THE STATE OF TEXAS

To Charles S. Patterson and his
unknown heirs, defendants:

You and each of you are com-
manded to appear before the
District Court of Schleicher County
Texas, to be held at the courthouse
of said County in the City of
Eldorado, at or before 10 o'clock
A. M. of the first Monday after
the expiration of 42 days from the
date of the issuance hereof, to-wit,
Monday, April 5, 1954, at 10 o'clock
A. M., by filing written answer to
plaintiff J. L. Cheek's motion filed
on the 22nd day of February, 1954,
in Cause No. 630, styled J. L.
Cheek vs Charles S. Patterson et
al, in said Court. Plaintiff's motion
states that in said cause on April
16, 1942, the Court actually pro-
nounced judgement that plaintiff
recover judgement against the de-
fendants Charles S. Patterson and
his unknown heirs for the title and
possession of Section 70, Block L1,
Certificate 2344, G. C. & S. F. Ry.
Co. lands, situated in Schleicher
County, Texas, and to cancel de-
fendants' claims of title as clouds
on his title, but that through in-
advertence or clerical error the
judgement as entered in the min-
utes of said Court make it appear
that judgment was entered against
the defendant Charles S. Patterson
only, and plaintiff moves the Court
to correct its minutes by entering
its judgment nunc pro tunc in
accordance with the judgment actu-
ally pronounced.

Witness my official hand and
seal on this the 22nd day of Feb-
ruary, 1954, on which date this
notice is issued.

J. P. ENOCHS,
District Clerk, Schleicher County,
Texas.

By: Ida C. Neill, Deputy.
(Feb. 25-Mar 4-11-18)

The drouth has merely intensi-
fied the effect of high velocity
winds which this area commonly
receives during the winter and
early spring months of the year.
During a drouth the pastures and
cropland are nearly devoid of soil
holding cover. Little or no residue
is left on cropland after it is grazed.
Much of our rangeland is in such
condition that it too blows easily.
This was not true when our range-
land had a good cover of grass.
The grasses that provide your best
forage and also the best protection
from the wind have been largely
reduced to mere rootstalks sticking
through the soil. Dust storms are
often nearly as intense and damag-
ing during years of plenty rainfall.
What really prevents soil from
blowing during this season is the
amount of residue and grass left
from the previous crop. Weeds
which crop up following a rain
have little value in holding soil.
They are usually gone when needed
most and are never in the right
places. It doesn't take long for
barren surface soil to dry out fol-
lowing a rain and begin blowing
with the first wind.

In regard to what can be done to
lessen damage to our soil, a person
must look at the climatic conditions
affecting this locality. The average
rainfall over this part of the Great
Plains area where winds reach
such damaging proportions borders
on the very minimum needed for
crop production. This makes vari-
ations in rainfall from year to
year very important. The period of
strongest winds is commonly the
period when cropland is in a winter
fallow condition and very suscep-
tible to erosion. It is at this time
when residues from previous crops
must be on the soil and care must
be taken in managing grazing land
to leave enough grass to protect
the land during the winter seasons.
Only by providing this protection
can you prevent your soil from
filling your roadways or providing
some distant farmer's already fer-
tile land with your most fertile
soil.

CARD OF THANKS

We wish to thank everyone who
assisted us in any way in the loss
of our mother Mrs. A. L. Steward-
son. We are grateful to all who
sent flowers, food, letters and
cards, and gave us help in any way
before and after her funeral last
week.—Children of the Stewardson
family.

NOTE OF THANKS

I am sincerely grateful to each
of those who remembered me in
any way during my illness.
—Jewel Shelton.

CARD OF THANKS

We wish to thank everyone who
helped us in any way during our
recent bereavement—for the flow-
ers, cards and other evidences of
your kindness.

'54 Blue and Gold Banquet Last Week

Pack 18 had their annual Cub
Scout Blue and Gold banquet last
Thursday night at the Memorial
building. Ninety-five Cub Scouts,
parents and guests attended. Mr.
and Mrs. Jerry Starkey were the
honored guests. Mr. Starkey is the
District Scout Executive.

Stunts were performed by Dens
1 and 2. "A Typical Den Meeting"
was the name of a skit put on by
Mr. Starkey, the Den mothers, the
assistant Den mothers and the
local Cubmaster.

The following awards were pre-
sented:

Michael Blaylock, Wolfe badge.
David Childress, Silver Arrow-
point on Wolf badge.

Jerry Franklin, Bobcat card.
Dale Hall, Wolf badge, 1 gold
and 3 silver arrowpoints.

Bill Lester, Bobcat pin.
Mack McAngus, Wolf badge.
Buzz McCormick, Wolf badge, 1
gold and 1 silver arrowpoint.

Dwight McDonald, Wolf badge,
1 gold and 2 silver arrowpoints.
Jimmy McDonald, Wolf badge, 1
gold and 2 silver arrowpoints.

Lynn Meador, Wolf badge, 1 gold
and 1 silver arrowpoint.

Jimmy O'Harrow, 2 silver arrow
points on Bear badge.

Jim Runge, Lion badge, 1 gold
and 3 silver arrowpoints.

Jerry Thomerson, 1 silver Ar-
rowpoint on Bear badge.

Buren Whitten, Bear badge.
Patrick Preston, Den Chief cord.

James Saltee, Den Chief cord.

Next month's program of kites
and airplanes was announced.

REYNOLDS FARM INSTITUTE DISPLAY COACH COMING

The very latest types of alu-
minum building products for the
farm will be on display in Eldorado
on March 3 when the Reynolds
Farm Institute Display Coach ar-
rives for a special half-day visit
at Wm. Cameron & Co., lumber
yard.

The public is cordially invited
to visit the display coach to see
the miniature aluminum farmstead
which shows the advantages on
new structures as well as for re-
roofing and re-siding purposes.

A special display of full scale
aluminum building products shows
approved methods for installing
aluminum gutters, roofing and
siding.

Samples, instruction and product
literature will be free to those
visiting the Reynolds Farm Insti-
tute Display Coach.

This coach, one of the largest in
existence, has been completely
fitted out for a tour of the country
and will eventually visit all 48
states. It is made available to the
people of Eldorado through the
co-operation of Wm. Cameron &
Co. The display will be open to
the public between the hours of
8 and 12 o'clock.

A large number of Eldoradoans
were in San Angelo Wednesday
completing the float which the
county is entering in the parade
opening the stock show there this
morning. The float is practically
the same one entered in the San
Antonio show.

Here for a week end visit with
Mr. and Mrs. John West were Mrs.
Elton Spencer and four children
of Harper, Earl Copple of Kerr-
ville, and Doyle Easterwood and
family of Ozona. Mrs. West has
been on the sick list.

New Babies

Born, to Mr. and Mrs. Harold
Grelle of Shamrock, a daughter,
weighing seven pounds and 11 oz.,
Feb. 17. The baby has been named
Deborah Sue. The young mother is
the former Peggy Sue Daniels,
and grandparents are Mr. and Mrs.
A. Grelle and Mr. and Mrs. W. O.
Faull of Eldorado; a great grand-
mother is Mrs. John Clark of
Houston.

RUBBER STAMPS with the

Work on the bridge across Spring Creek on the Eldorado-Mertzon road is progressing rapidly. All of the piers have been completed and the crew is now busy setting forms for the floor and siding. Practically all of the caliche base is down and rolled out. The past week the crew has been rip-rapping the draws and fixing the railroad crossing. — Mertzon Weekly Star.

At Washington Meeting

What is in future for Concho and McCulloch counties as far as the Brady Creek Flood Control project goes will be aired at an appropriation committee hearing to be held in Washington, D. C., on February 26, which will be attended by one representative from Concho County and three from McCulloch County.

The project, which is in the \$6 million category, has been approved and at present time construction work on the first dams is awaiting awarding of contracts. —Eden Echo.

New Road Grader

Coke County commissioners have approved purchase of a new Caterpillar No. 12 motor road grader for use in Precinct No. 3 where Ed Hickman is commissioner. The machine cost \$15,372.36 and a 25-year-old AC grader was traded in for an allowance of \$1,700. —Robert Lee Observer.

Mertzon Lights Up

West Texas Utilities Company has a crew in Mertzon this week installing new street lights. The new lights will be on the side of the street in place of the center as they have been in the past. The only lights left in the center are the caution lights. We understand that five of these lights will be installed. They will give off more light than the old ones and at the same time be more attractive. —Mertzon Weekly Star.

New Courthouse Annex

The new Pecos County Courthouse Annex is being occupied this week by four county offices, and it's moving time all around. Ample space is provided for the larger offices—those of county clerk and tax assessor-collector, with room for expansion for years to come as records increase and require additional space. County auditor W. P. Rooney fixes cost of the building at about \$160,000, financed by

a county bond issue voted in the fall of 1952.—Ft. Stockton Pioneer.

Gets New Contract

R. K. Green, superintendent of the Santa Anna Public schools, was given a new contract at the monthly meeting of the Santa Anna school board last week. The contract calls for a 5-year term to begin immediately upon the expiration of a three-year contract which expires at the end of the present school term.—Santa Anna News.

Self-Inflicted

Funeral services for James Lightfoot, 25, were held Friday afternoon from the First Methodist Church here. . . Mr. Lightfoot's body was discovered last Thursday night at the home of Mr. and Mrs. Jim Decker, with whom he made his home. A .22 automatic pistol with one exploded cartridge was found near the body. Justice of the Peace Alfred Cooper returned a verdict of death by gunshot wound, self-inflicted.—Devils River News.

New Elevator OK'd

New and big things are in store for Eden and Concho County. On Monday of this week final OK was received on a 175,725 bushel grain elevator to be built here by Jas. L. Daniel with construction scheduled to get under way soon with completion date of June 1, 1954. The elevator which will be one of the largest of its type in this part of the state will have storage facilities for 175,725 bushels of grain—equal to that of 100 rail freight cars, and with compressed capacity of 193,207 bushels.—Eden Echo.

A group of Eldorado residents are in San Angelo today decorating a float for the Fat Stock Show.

Mr. and Mrs. C. O. Neff and daughter have returned from a visit with relatives in Junction.

—EATON'S Corrasable Bond, legal size, at Success Office.

Eldorado Success**Recipe of the Week****Lemon Pork Chops With
Pepper-Rice Rings**

4 loin, rib, or shoulder pork chops, about 1 1/2 pounds.
1/2 teaspoon paprika
1/2 teaspoon salt, for chops
Dash of pepper
1/2 cup raw rice.
1 medium onion.
4 thin lemon slices.
1 large green pepper, cut cross-wise in 4 thick rings.
2 1/4 cups (1 no. 2 can) tomato juice.
2 teaspoons sugar.
1/2 teaspoon chili powder
1 bay leaf, finely crushed
1 teaspoon salt (for tomato juice).

Trim excess fat from chops; slash fat edged 1 inch apart. Rub with paprika, salt (for chops) and pepper. Rub heated large skillet with piece of cut-off fat; brown chops slowly on both sides. While chops brown, barboil rice in boiling salted water for 5 minutes; drain, reserve for filling pepper rings. Cut one slice from center of onion, separate into rings, reserve for garnishing chops. Chop remaining onion, combine with reserved barboiled rice. Add lemon slices and onion rings to chops in skillet. Arrange green pepper rings around chops, fill with rice-onion mixture. Season tomato juice with sugar, chili powder, bay leaf, and salt; pour into skillet to depth of 1/4 inch. Simmer, covered 1 hour, or until chops are tender. Add remaining tomato juice, as needed, to keep liquid 1/4 inch deep during entire cooking time. Arrange chops on heated platter; transfer rice-stuffed pepper rings to platter with pancake turner, spoon tomato pan gravy over chops and rice.

DESK SIZE blotting paper—yellow, red, blue, brown, green. Twenty cents.—Eldorado Success.

D. A. R. MEETING

Meeting late on account of a funeral, the El Dorado chapter D. A. R., began at 3:30 Thursday in the home of Mrs. V. Tisdale with Mrs. W. F. Meador Sr., and Mrs. J. E. Hill as co-hostesses. Chapter was opened in regular form by the chaplain Mrs. Bert Page, who read a part of Ephesians 2 and took as her subject "Expecting great things of God."

Mrs. Bailey Montgomery, chapter chairman of Americanism, read a letter from J. Everett Haley, noted author and also director of the State Educational Survey committee asking that resolutions be read to the chapter recommending that American and Texas history be required subjects in state schools and colleges and universities. The chapter voted to adopt these resolutions. Mrs. J. E. Tisdale gave a report on the local library and stated that more children's books were soon to be ordered.

Mrs. W. F. Meador Sr., reported that she and Mrs. J. E. Hill have completed 84 typed pages in triplicate of manuscript containing the cemetery records, listed alphabetically, of more than 2,000 inscriptions. These have been sent to the proper departments and one copy will be retained in the chapter files.

Mrs. Coralie Mebane was elected to membership with papers pending approval of the national board.

Delegates were elected to attend the State conference which meets in Austin March 15-18.

The National Defense chairman, Mrs. Tisdale, reported on a letter which had been received from Sen. Bricker concerning the proposed amendment.

A patriotic program with Mrs. C. M. McWhorter, leader, followed. Mrs. Luke Thompson read a paper from the DAR magazine "Washington and National Defense." His high ideals for his newly organized country and the plans he made for her defense could well be applied today. Miss John Alexander gave a paper from the same magazine on, "The Spirit of America," outlining a number of things which have made America great in the past and pleading for a continuation of these principles in the lives of all our people if America is to remain great. Mrs. John Lueddecke read from the Press Digest a report by the Committee on Education by Mrs. James Patton the way Communists are trying to spread their doctrines by planting Communist teachers in our colleges, universities and schools.

Refreshments were served from the tea table covered with a white lace cloth over red; the centerpiece featured the national colors, red and white carnations on a base of blue with the letters DAR in white and streamers in red, white and blue, with flags in the foreground flanked by tall tapers. Mrs. Lueddecke poured tea or coffee and Mrs. W. F. Meador Jr., served the white iced cake squares which were decorated with small hats or cherries. Present were Miss John Alexander, Mrs. Montgomery, Meador Jr., J. E. Tisdale, W. O. Alexander, Gerald Hartgraves, Lueddecke, Page, Thompson, L. M. Hoover, McWhorter, the hostesses and two guests Mrs. Jean Paff, of Covington, Ohio. Mrs. Tisdale's house guests and little Miss Orlean Hartgraves.

Fundamental Baptist

Everyone is rejoicing over the wonderful fellowship meeting last Thursday. There were many preachers present and the power of God was manifest in every message. We are indeed thankful for the ladies of the church and the splendid meal that was served at noon at the Memorial building. We are thankful for the visitors that came.

Psalms 118:23 "This is the Lord's doing; it is marvelous in our eyes."

Next month the fellowship meeting will meet with the Trinity Baptist Church of Big Spring.

It was a blessing to the church and pastor to have Bro. A. A. Austin stay over and preach for us both services Sunday. Bro. Austin is blind and knows many chapters in God's word from memory. We love Bro. Austin and his wife for their great faith and faithfulness to the cause of Christ.

Let us continue to pray for our young people, that they will serve the Lord and do what He would have them do. We are thankful for their willingness to do anything they are called to do in the Lord's work.

Bible school Sunday 10:00 a. m. A class for all ages.

Preaching service 11:15. Subject "Free Indeed."

Young people's meeting 6:30 p. m. Come and study God's word with us.

Evangelistic service 7:30 p. m. Subj: "Definition of a Fool."

Wednesday: Bible study and prayer meeting 7:30 p. m.

Thursday: Teachers and workers meeting 7:30 p. m.

Cliff McDougal, pastor.

Card games, Forty-two and fun for all; refreshments and prizes, Episcopal Guild game party Feb. 27 at the Memorial building.

ESTERBROOK FOUNTAIN pens, \$2.30 — Eldorado Success.

Formalities, Cost Reduced By Appropriate Provisions In Will

A properly drawn will can be the means of short-cutting many legal formalities, and may save a great deal of time in distributing the estate of a decedent among his rightful heirs. It may also serve to save many dollars in legal fees and court costs.

As an example, whenever a person dies without a will and it is necessary for the probate court to appoint an administrator of his estate, the person so appointed is required to post a bond. This bond is for the purpose of insuring the faithful performance of his duties. When signed by individuals, the amount thereof must be double the estimated value of the personal property of the estate plus a reasonable amount to cover prospective rents and other income from real estate involved.

When issued by a bonding company, the estimated value of the personal property need not be doubled. The administrator's bond must be kept in force until the estate is finally closed and he is discharged from his obligation by the court.

The same rule applies to an executor under a will, unless the testator has specified that no bond shall be required. This provision may be inserted or left out of the will at the option of the maker. Needless to say, there are situations in which the bond serves a real purpose. But when not needed, the statutory requirement may prove a distinct annoyance to the executor and a burden upon the estate in the form of annual premium payments.

Another example: A court-appointed administrator may not sell any property of an estate without an order of the court authorizing him to do so. He must make application to the court for approval of each sale. The court must be advised of and approve the sales price and the manner in which the same is to be collected. Similar provisions apply to the making of mineral leases and other transactions.

These provisions apply equally to the executor of a will, unless the testator has freed him from such requirements. A single short paragraph inserted in a will designating him as an independent executor in appropriate phraseology may serve this purpose. Then he will have a free hand to dispose of property upon short notice whenever a favorable opportunity arises, with a minimum of legal formality.

Since every application or other paper filed with the probate court and every order obtained from the court involves the expenditure of attorney fees for its preparation and court costs for its handling by the clerk, in proper cases many dollars may be saved for the heirs by adequate provisions of a will.

A free pamphlet containing useful information on wills and related matters has been prepared by Texas lawyers. To obtain a copy, merely print your name and address on a postcard and mail to State Bar of Texas, Colorado at Fifteenth, Austin 1, Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Recipe of the Week

Butter Chews

Butterscotch Crust
1/3 cup butter or margarine
1/2 cup brown sugar
1 cup sifted enriched flour
Cream butter or margarine. Gradually add brown sugar, mixing until light and fluffy. Stir in flour. Mix until blended. Pat in bottom of 8-inch square baking pan. Bake in moderate oven (375) 15 minutes. While butterscotch crust is baking prepare crunch topping.

Crunch Topping:

1 egg
2/3 cup brown sugar
1 teaspoon vanilla extract
2/3 cup chopped walnuts
1/2 cup shredded coconut
2 tablespoons enriched flour
Dash salt.

Beat egg. Add brown sugar, mixing until smooth. Add vanilla extract. Combine walnuts, coconut, flour and salt. Add to brown sugar mixture, mixing until well blended. Spread on top of Butterscotch Crust. Continue baking 15 minutes longer. Makes 16 2-inch squares.

Mrs. Jimmie West spent from Monday through Friday of last week in Dallas. She was accompanied by her mother Mrs. Ben Meckel of Sonora.

School News

The 7th and 8th grade basketball team lost their final game to Junction by a score of 27-25. The youngsters of Coach C. W. Warren had a season record of 6 wins, 11 losses. They made a total of 422 points during the season while their opponents were scoring 551. Leading scorers were Abel Sanchez with 82 points, Reyes Robledo scored 76, followed by Dan Mittel with 64. Lettermen include Sanchez, Robledo, Mittel, Cecil Walston, Johnny Ohlenburg, and Dick Runge.

The Eagles finisher 3rd in the District behind Junction and Ozona with a district record of 6 wins and 4 losses. Over the season, Eldorado won 15 games while losing 9. In their final game, Eldorado defeated Junction 58-48 on the local court. Lettermen for this year are Jack Steward, Jerry Perry, Jack Stanford, Bill Holcomb, Jerry Pennington, Tony Kerr, and Curtis Stockton. Jerry Perry was elected captain and most valuable player. Perry was the leading scorer for the Eagles with an average of 16.2 points per district game. Holcomb and Jack Steward were runners-up with 14.6 and 7.4 points respectively.

The school will not present an assembly tomorrow morning due to the six weeks exams. An assembly program will be scheduled for next Friday which will climax the observance of Public School Week in Texas.

Friday afternoon, Feb. 26th at 1:00 o'clock there will be an all school assembly for the Marionette program that is sponsored by the Southern School Assemblies. This is another of the fine assemblies that is presented to our school throughout the year.

The local school will be represented in the Youth for Traffic Safety Conference in Ozona, Mar. 1st. This conference is sponsored

by the Sixth District of the Texas Congress of Parents and Teachers. J. T. Walker of Ft. Stockton and Gregg Lea of San Angelo will be the leaders of this conference. In Austin last October, Eldorado will be represented by Harold Lloyd, Jerry Doyle, Roxa Tinning, Billy Jack Etheredge, and Frank Bennam, sponsor of the group.

More Laying Hens And More Turkeys In 1954

College Station.—Poultry raisers can expect more laying hens and more turkeys on Texas farms in 1954.

John G. McHaney, assistant extension economist, says if a forecast materializes this year for a five to eight percent increase in the number of laying hens, egg producers may experience less favorable egg-feed ratios. It depends upon the intensity of the increase and the price producers must pay for feed, he says.

Other factors could effect marketing trends, McHaney continues, but a layer increase now won't influence the number of eggs marketed until late this year.

Egg prices during 1953 remained strong, prices for feed showed a slight decline and the number of layers were about the same as the year previous.

There's a good possibility the turkey crop in '54 will top the record 60,500,000 birds raised in 1952, the economist reports, and raisers may end up with large supplies and slightly lower demands.

Turkey producers should observe information released within the next few months regarding trends most likely to cause a change in the present outlook for turkeys. Watch, McHaney says, for the sale of breeder hens during the early hatching season. Compare the number of pullets hatched early this year with a year ago and check reports on changes in cold storage holdings of turkeys against the five year average.

Mr. and Mrs. A. F. Green and daughter of Kermit have been visiting in the home of Mrs. Green's brother Bill Rountree, and Mrs. Rountree and baby accompanied them home for a week's visit, her husband driving up after them during the week end.

Mr. and Mrs. C. W. Warren and son have returned from a visit with relatives at Throckmorton.

Lynna Fay Yates, age six, and her younger sister Carla, age two, children of Mr. and Mrs. J. W. Yates of San Angelo, are here to stay with their aunt and uncle, Mr. and Mrs. H. W. Scott during the illness of their mother. Lynna Fay enrolled last week in Mrs. Miller's first grade of the public school.

Dick Jackson is still on the sick list.

Austin.—March 15 is tax time in Texas in more ways than one. It's Federal income tax-paying time. And it marks the opening of a specially called tax assessing session of the Texas legislature—to raise the pay of teachers.

Members of the legislature will assemble at noon on March 15 for the beginning of what may prove to be a stormy session. Stormy because there are repercussions any time you assess a tax.

Most everyone seems to feel that Texas teachers merit a salary raise—so long as somebody else pays for it.

The legislator's job is to put the finger on somebody to foot the bill. That's when the fighting will start. It will take about \$24 million per year to up the teachers' pay by \$402.

Governor Allan Shivers said, in calling the special session, that he would recommend a "replacement tax." By that he meant that he would suggest a revenue bill to take the place of one, passed by the last legislature, that was ruled out by the U. S. Supreme Court. It was a gathering tax on gas.

Attorney General John Ben Shepperd prepared three bills that would bring in about \$36 million per year from the natural gas industry. House Speaker Reuben Senterfitt warned that it will not be easy to pass the tax bills—and some House leaders agreed with him. Speaking to the legislative council and legislative budget board, Senterfitt said Shivers had put the lawmakers on the spot by calling the session.

"You and I have choice in the subject matter before us," Senterfitt said. "That responsibility rests upon the governor, and you and I can only do our best at the job that is handed us."

As if the teacher pay headache were not enough, the governor had two other propositions to place before the Legislature: providing more funds for building programs at Southwestern Medical Branch at Dallas, the Dental College at Houston, and Texas School for Deaf, Austin; and to set penalties, including death, for Communists.

San Diego prepared for the lid to blow off the controversy between George Parr and state and federal authorities.

Attorney General John Ben Shepperd said that he and his

agents "found what we wanted to find in an investigation of Duval County records."

From those records he took three envelopes of material, which he held for evidence. Parr said he did not know what was in the envelopes, but that he is ready to answer in court any charges that may be brought against him. State and federal investigators inquired particularly as to the expenditure of public funds in Duval County and its two school districts.

Also probing was a Duval County grand jury, dismissal of which was sought by Shepperd on the grounds, he said, that Parr can tell seven members what to do because they are obligated to him.

Parr, meanwhile, asked a federal court for protection, alleging that two Texas Rangers want to kill him. Shepperd quickly announced that he would defend the Rangers, Captain Alfred Allee and Ranger Joe Bridge, who have been indicted by a Jim Wells County grand jury on charges of assault to murder Parr.

Parr has hired a famed New York lawyer, Arthur G. Hays, to represent him. A courthouse brawl was the basis for the indictment; also a conversation between Parr and Allee in San Diego.

Seething developments brought a temporary order, issued by Federal Judge Ben Connally of Houston, restraining two banks from removing their records. Involved are the San Diego State Bank and the Texas State Bank of Alice. Parr is president of both of them. The order was issued at the request of internal revenue agents.

And State Auditor C. H. Cavness said he found "irregularities in practices, procedures, and items" in the records of Duval County and the San Diego Independent School District.

A case that was related to the Duval County turmoil proceeded in the Texas Supreme Court. Involved is District Judge C. Woodrow Laughlin of Alice, elected with Parr's support. Ouster proceedings against Laughlin were brought by 10 attorneys practicing in his district. Clint Small of Austin, counsel for Laughlin, told the supreme court in a written brief that the proceedings violate the Fourteenth Amendment of the Federal Constitution, which guarantees civil liberties and due process of law. Small contended that the case should be dismissed. Oral arguments had previously been heard, and the court gave attorneys time to reply.

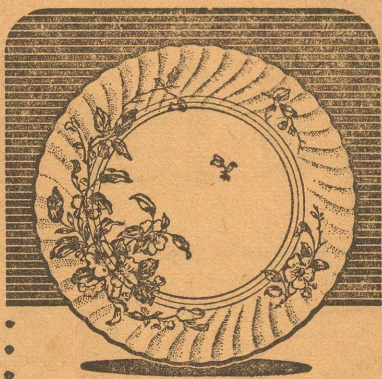

Small's contention was considered an indication that if the Texas court rules against Laughlin, the case will be appealed to the U. S. Supreme Court.

World Day Of Prayer Is Set For March 5

The World Day of Prayer will be held March 5, at 4:00 p. m., at the Presbyterian Church. Mrs. Edwin Jackson and her program committee assistants will have charge of the program, and Mrs. Forrest Runge, president, will be in the chair.

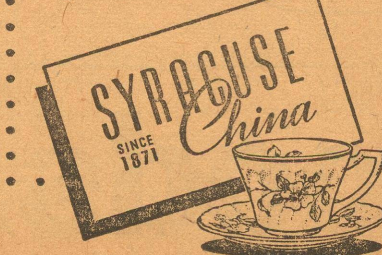

The organist will be Mrs. Hardy, musician from the Episcopal Church in Sonora. Three ministers, Rev. Charles Bruce, Presbyterian, Rev. Doyle Morton, Methodist, and Rev. Winslow, Episcopal, will have part on the program.

Mrs. Bert Page is secretary of the organization, and the three church representatives are Mrs. Walter McGregor, Episcopalian, Mrs. Ray Tisdale, Methodist, and Mrs. Edwin Jackson, Presbyterian. Meetings are held three times a year.

"Apple Blossom"

Spring in all its splendor bestowed on Syracuse China's lovely Berkeley shape—pure white, thin china with delicate pink blossoms and the green foliage of an apple orchard. A pattern of nature triumphant—enhanced by coin gold lines.

JEWELER

DALE WEST IS HONOREE

Honoring her daughter Riedale, Mrs. Palmer West entertained a group of young people with a dance at the Memorial building Saturday night. The George Washington theme was carried out in the decorations, which were in red, white and blue, and the serving table, from which red punch and cup cakes iced in white were served, was flanked with candles.

The group danced to music from the nickelodeon.

MARCH'S PLENTIFUL FOODS LIST

College Station.—Grapefruit, potatoes and onions will earn a position on the USDA's March plentiful foods list because supplies are heavy in the Southwest. Other vegetables on the March list include carrots, cabbage and dry pinto beans, says John J. Slaughter of USDA agricultural marketing service.

In the fruit department, economy minded homemakers will find fresh and processed oranges, winter

pears and raisins.

Canned cranberry sauce is still plentiful.

Many high-protein foods will be in larger supply during the month, namely: beef, eggs and such dairy products as milk, butter and cheese, peanuts, broilers and fryers and food fats and oils.

Mr. and Mrs. E. H. Topliffe and daughters were in Marble Falls Sunday visiting Mr. Topliffe's parents and an aunt from Philadelphia who was a guest in the home.
