15,000 Expected For Festival

Plans are being made for at least 15,000 visitors to the 1981 edition of the Rockport Art Festival.

That's the word from Cam Leonard, president of the Rockport Art Association which sponsors the event coming up this weekend, July 4-5.

"About 15,000 people attended the 1980 Festival," Leonard said. "We're hoping at least that many

come this year."

Some 125 artists from 40 cities and towns throughout Texas will be exhibiting art work ranging from paintings and sculpture to jewelry and pottery in the two-day show.

Booths will open from noon until 9 a.m. Saturday and noon until 6 p.m. Sunday and in addition to the exhibits, Festival-goers will be able to buy a variety

of food and drinks on the grounds.

Site of the Festival is Ski Basin Park near Rockport Beach.

This will be the 12th year for the Art Festival which was launched in 1969 as an annual project to raise money for the proposed Rockport Art Center. Money raised by the Art Association goes into the Association's Building Fund.

The Art Association is within \$100,000 of its goal of \$250,000, and Association members are hopeful that ground will be broken for the Art Center before the end of 1981.

Estelle Stair, general chairman of the Art Festival this year, added that groundbreaking will not signal the end of the annual Festival. "We'll still need funds to maintain it (the

center)," she said.

Artists in this year's show are coming from as far away as Dallas and Fort Worth, with many from the Houston, Corpus Christi and San Antonio areas. Fifteen of the artists in this year's show are residents of the Rockport-Fulton area.

Most of the artists in the show have exhibited in Rockport Art Festivals in the past.

IT'S HERE ALREADY!

Estelle Stair, general chairman of this year's Rockport Art Festival, and Gerturde Bryant, Estelle's "right hand man", can't seem to believe their eyes as they check the calendar. But the date's correct — the 1981 Art Festival is coming Saturday [and Sunday]. Some 125 artists are exhibiting in the show which, Festival planners hope, will attract 15,000 visitors to Rockport this coming weekend. [Pilot Photo by Pat Blair]

Plaque Unveiled At G.M. Pattillo Heliport

By Pat Blair

An estimated 100 to 110 area residents, civic leaders and businessmen attended ceremonies officially dedicating Aransas County's new G.M. Pattillo Memorial Heliport Saturday morning.

Mrs. Pattillo, widow of the late G.M. Pattillo for whom the facility is named, and Mrs. John Mitchell unveiled the dedicatory plaque at the climax of the ceremonies that began at 10 a.m.

James Sorenson, president of Rockport's First National Bank, was in charge of the ceremonies, introducing the speaker, L.D. Nuckles, and the dignitaries attending the event.

Among those present were Fulton Mayor L.E. Casterline, Rockport Mayor Pro-tem Burt Mills and Aransas County commissioners John Lee and Pete Sanders and Aransas County Sheriff Bob Hewes.

Also on hand were two immediate past presidents of the Aransas County Medical Services Inc., John Mitchell and Dr. Mike

Shellenberger, and president-elect Richard Beck; Dr. Jerry Shaw, operations manager of the Aransas County Emergency Medical Services; and Chief Paramedic Bill Aston.

Others at the ceremonies included representatives from the local Rotary Club

and VFW chapter, the Coastal Bend Council of Governments and various local aviation companies whose helicopters are using the new facility and who contributed technical assistance during construction. The Rev. Charles Fake gave the closing prayer.

The heliport, constructed with the aid of donations, has been in use about 50 days and has been used more than 40 times by helicopters bringing in or picking up patients from offshore drilling rigs, Aston said.

Dwayne Heasley was

construction supervisor for the heliport directly behind Enterprise Medical Clinic.

Dr. Pattillo was a longtime Aransas County physician and county health officer and served as the medical director of the county EMS.

Rockport Pilot Garners TPA Awards

The Rockport Pilot garnered two awards for journalistic excellence this weekend. In the 1981 Texas Newspaper Contest sponsored by the Texas Press Association, the Pilot collected a Second Place award in Advertising and a Fourth Place prize for

sports writing.

Award certificates were presented to Jerry Sumpter, Retail Advertising Manager for the Pilot, and to Bob Crawford, Pilot sports writer during the time period covered by the contest.

The Pilot was entered in the contest division for semi-weekly newspapers with a circulation of 4,000 or under.

Seventeen papers in the division were judged in eight categories — general

excellence, column writing, editorial, features, news photos, news writing, advertising and sports coverage.

Contest rules specified entries from September and April. Awards were announced in a ceremony held in Fort Worth.

Campbell Gets 4 Years On Arson-Profit Scheme

Dale Campbell, the man convicted of destroying the Rockport Wee Putt golf course in an arson-for-profit scheme almost two years ago, has been sentenced to serve a four-year prison term.

Campbell, a Corpus Chris-

ti businessman, was sentenced Monday, June 29, by U.S. District Judge Filemon B. Vela of Brownsville.

Also sentenced Monday were two co-defendants in the case, Larry K. Holmes and Richard P. Garcia. Vela ordered a 90-day mental

commitment and a tentative 70-year prison sentence for Holmes. Garcia was sentenced to 179 days of community service. Both co-defendants were from Corpus Christi.

All the defendants were found guilty of violating federal firearms laws by constructing incendiary bombs used to burn the miniature golf course and a Corpus Christi apartment complex.

Campbell owned both structures and was accused of hiring Garcia and Holmes to burn them so insurance payments could be collected.

Campbell and Holmes were convicted of violating eight firearm laws. Garcia pleaded guilty to one charge in a plea-bargain agreement and testified as a government witness against his two co-defendants.

Vela ordered the maximum sentence for Holmes so that he might legally commit him to the federal medical

institute in Springfield, Missouri, for psychiatric examination prior to formal sentencing.

Campbell, though ordered to serve four years on all

eight counts, will serve his sentences concurrently, as set up by Vela. Campbell was released on bond, pending his appeal.

Highway 35 Repair Work Announced

A \$290,000 improvement project for a portion of State Highway 35 was recently announced. State Highway Department District Engineer Nino Gutierrez of Corpus Christi announced Friday, June 26, that the project was included in the 1982 Rehabilitation and State Highway Safety and Betterment and Farm to Market Road improvement program.

The portion of highway to be worked on will run south of FM 881 for 1.6 miles. The work will provide for

seal and level-up work on the existing roadway and shoulders which will be overlaid with asphaltic concrete pavement to provide four 11-foot travel lanes.

The work constitutes an extension of similar work which has been done in the area in the past two years and will tie into the project which terminated at FM 881.

Gutierrez said the work in the area is part of a statewide effort to modernize roads and highways which are worn out or [See 35, Page 10]

City and county offices as well as local banks and savings and loan institutions will close Friday, July 3, in honor of the 4th of July holiday.

In Rockport, in addition to the closing of City Hall, the regular Friday garbage pickup will be postponed until Monday.

County offices will be closed Friday but open Monday, July 6, for business as usual.

night sky.

The trouble with that picture, says Rockport Police Chief Joe Hinojosa, is that firecrackers can cause serious injuries, can start fires — and, if shot off in Rockport, are illegal.

Under city ordinance, Hinojosa said, it's against the law to "discharge or explode" any type of firecracker inside Rockport city limits.

The only place the law doesn't hold, he added, is on Rockport Beach. City officials allow firecrackers to be discharged on the beach provided they are discharged toward the water or kept in the beach area.

"If you have to play with them (firecrackers), take

them to the beach," Hinojosa added. Even there, he said, firecrackers can be dangerous and he emphasized the need for caution.

Outside the city, firecrackers are not banned but, Hinojosa said, they are still dangerous — and they can cause fires.

"I don't remember a year that we didn't have a fire" as a result of someone shooting off Fourth of July firecrackers, Hinojosa said.

'Old-Fashioned' Flea Market Comes To County
Need space for your garage sale? Would you like to sell your cow, or cabrito — on the hoof? You can sell — or buy — all of that and more at the Open Space Flea Market behind the old Cove Drive-in site off Highway 35 South Saturday and Sunday.

It's an old-fashioned flea market with items, everything from clothing to household furniture to food and livestock, to be sold off the ground just like it was in the original flea markets.

Anyone who wants to can rent space — with price either \$6 or \$7 depending on whether the renter wants that space in the sun or the shade — and sell anything he or she desires. The only exception, according to Joe (Pepe) Zam-

brano who's in charge of the market, is liquor. Alcoholic beverages will not be sold on the grounds.

But anything and everything else can be sold, including barbecue and other edibles. And pens are [See FLEA, Page 10]

Arthur Holds Court At Swan

"Merrie Olde England" has been transported to Rockport for eight festive evenings, thanks to the Black Swan Restaurant Theatre.

Last Friday marked the first production of "King Arthur's Court, A Medieval Feast," the theatre's second summer feature. The feast continued through the week and will run Friday through Monday, July 3-6.

Theatre-goers attending the feast will be entertained by King Arthur himself and a host of other royal figures. King Henry VIII, Queen Anne Boleyn and Elizabeth the First will be in attendance and "a cast of thousands" will provide lords and ladies, wenches, rogues, beggars, servants, knights, witches, nobles and other sundry characters.

Featured performances will include a glimpse into the famous love triangle between King Arthur, Guinevere and Lancelot.

The feast portion of the evening will include turkey legs, beef ribs, cabrito, roast pig and a generous selection of fruits and vegetables.

Tankards of ale, mead, wines and other spirits will be available.

All theatre-goers are urged to come costumed and will be expected to participate in the revelry. Elroy Forbes, publicity agent for the theatre (and Henry VIII in the production), explained, "You may dance with the King or for your supper. A King's guardsman may require you to beg for salt from the Royal table, or you may be asked to sing a duet to stay out of the stocks."

The Black Swan Restaurant Theatre is located on Highway 35 south of Rockport.

Gene Wanted Fresh Donuts — So Now She's Makin' Her Own

Donut Dock, Rockport's newest "edibles" business, "started as a joke," according to owner-manager Gene Meador.

"We (she and her family) wanted fresh, hot donuts and couldn't get them," she explained recently at her business on Highway 35 North in Rockport. "So in a joking way, I started talking

to friends about putting in a donut shop."

Last Wednesday, June 23, it stopped being a "joke" and became reality — that was the day Gene opened her Donut Dock for business.

Open from 6 a.m. until 7 p.m. Monday through Saturday, 6 a.m. until 1 p.m. Sunday, Gene lives up to her pledge of "fresh and hot."

Donuts are made in batches every 30 minutes to an hour, "all day," Gene says. They come cake or glazed, with a variety of toppings — and Gene is always open to suggestions for new toppings.

"I want suggestions," she said. "I want to know what the community wants in donuts so I can provide it."

As of Monday, Gene was offering 13 varieties of donuts with two more being planned on a trial basis. "I don't have all the varieties all the time," she added, "but I will fill requests."

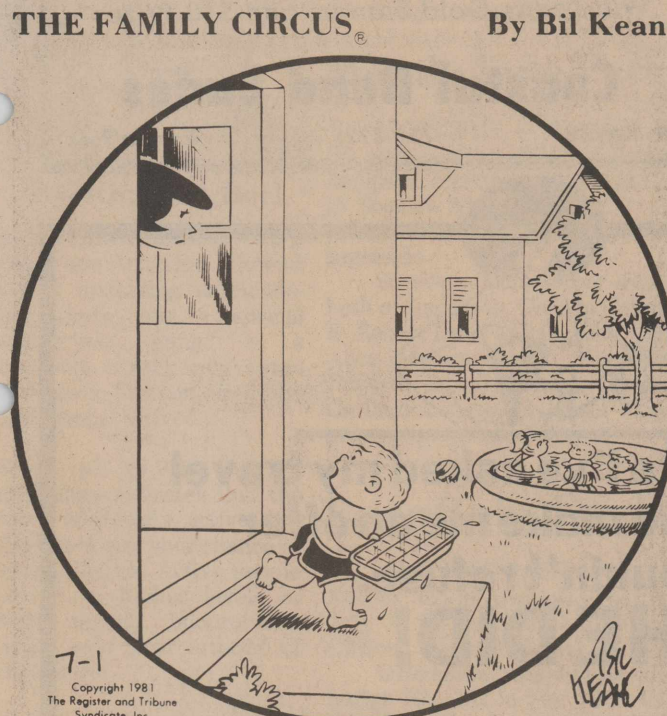

In addition to Gene, the shop has six employees, including Shirley West and Virginia Butler "who helped get it started" and who are responsible for the decor.

Gene said the shop is decorated inside and out with "authentic boat dock" — nets, shells, an authentic ship's lantern in the case to help keep the donuts warm. . . .

There's also room inside and out for seating, with five tables inside, a picnic table and deck table outside, and to go along with the donuts — for those who want to eat "on the spot," the Donut Dock offers a variety of soft drinks, fruit drinks, tea and coffee.

Gene invites folks to come by, have some donuts — and make suggestions.

"We want comments," she emphasized. "We want to serve what the community wants. You suggest it — if it's a donut, we'll try it."

"The water's too warm."

DPS Predicts 44 Fatalities During Holiday Weekend

There were no major traffic accidents in Aransas County during last year's Fourth of July weekend. Area officials from the Department of Public Safety are hoping for a repeat this year.

"Last year there was no problem at all. No fatalities — we're hoping that this year will be the same," said Trooper Oscar Riviera of the Sinton DPS office.

However, the DPS has estimated that as many as 44 persons may die throughout the state during the upcoming holiday weekend.

On Monday, June 29, Colonel Jim Adams, DPS Director, urged state motorists to maintain safe driving habits during the holidays to help minimize the loss of life.

"Texas is well on its way to yet another record year for traffic fatalities," Adams said. "We can put a stop to this dangerous trend if more motorists will slow down, refrain from drinking and use the most readily-available safety precaution — seat belts."

"In Texas, the chances of being killed in an accident during 1980 were four times greater for persons not wearing seat belts than for those wearing the belts," Adams pointed out. "The odds are clearly in the motorist's favor when everyone in the vehicle remembers to buckle up."

Adams said DPS Regional Commanders will deploy additional troopers where heavy volumes of traffic are expected.

During the weekend all available area DPS troopers will be on duty, explained Trooper Riviera. In the Aransas and San Patricio County area, there will be 10 officers patrolling area highways.

The DPS will be conducting "Operation Motorcade" during the holiday period to call attention to the dangers of holiday driving. The Department will tabulate traffic fatalities and release totals three times daily at 10 a.m., 3 p.m. and 8 p.m. The first report will be made at 10 a.m. Friday, July 3.

The 78-hour counting period will begin Thursday, July 2, at 6 p.m. and continue until midnight, July 5.

Statewide, 52 persons died from traffic injuries received during the July 4th holiday period last year. Texas traffic deaths in 1980 totaled 4,424, a record high for the fourth consecutive year.

She is among over 200 voluntary organization ex-

ecutives from all over the country who participated in the professional development program.

Dairy Queen Dumps George Miller In 7-6 Win

By Ted Norman

Dairy Queen made a come-from-behind upset victory Saturday with a 7-6 win over the favored George Miller team.

Dairy Queen starting pitcher Chuck Ponton got off to a good start by striking out George Miller's lead-off batter Rodney Simmons after taking Simmons to a full 3-2 count.

But Rudy Solis watched a 3-2 offering from Ponton go by for a free trip to first.

Michael Herrera swung at the first pitch from Ponton and slammed out a double and George Miller had runners on second and third in the first inning with no outs.

Catcher George Nava hit a single that was stretched into a double on an error by third baseman Steve Arkell and Simmons made it home to make it 1-0 George Miller.

Ponton was faced with two trailing by a run. John Solis popped an infield fly and George Miller had two away with runners on second and third.

Then Ponton got behind with Joe Valdez in a 3-2 situation and on the final pitch Valdez hit a hard fly to left field. Ross Huff scooped it in and Ponton was out of trouble.

Steve Arkell went down after reaching a full count for Dairy Queen's first out followed by Dickerson who got a single after facing a 2-0 count.

Bobby Dingenary hit a line drive to third and was tagged out at first for the second out

of the inning. Dairy Queen had runners on second and third.

Scott Russ drew a walk to first. Then with pitcher Chuck Ponton at bat and an 0-2 pitch offered, Dickerson tried to steal and was tagged. The inning was over with George Miller leading the game 1-0.

Right fielder Benny Arispe led off for George Miller in the top of the second and hit to third baseman Steve Arkell who threw to first for the tag and the first out.

Rene Cordova drew a walk to first base and once again George Miller had a runner on base.

Simmons got to first on a walk off Ponton and George Miller had runners on first and second.

Then Ponton loaded the bases with a walk by Solis. Cordova tried to make it home and he was tagged out and there were two away.

Herrera hit a fly ball to center field and Simmons scored giving George Miller runners on base, no outs and a 2-0 lead. Nava drew a walk followed by another walk on Harvey Alvarez and George Miller had a 3-0 lead over Dairy Queen.

Solis was at the plate when the first pitch, a called strike, was thrown to second to stop a steal and record the third out. This retired George Miller with a 3-0 lead over Dairy Queen.

Dairy Queen went three up, three down in the bottom of the second with Ponton flying to right field, Huff striking out and recording

the third out.

George Miller couldn't score in the top of the third and as Dairy Queen returned to bat in the bottom of the third they were facing a 3-0 deficit.

Dairy Queen came back in the bottom of the third and tied the game at 3-3.

Both teams were scoreless in the fourth inning

and in the top of the fifth Dickerson came in to relieve Ponton. George Miller went scoreless in the top of the fifth.

Inning George Nava came in to relieve Rudy Solis and Dairy Queen batter Arkell led things off with a home run on a 2-1 pitch from Nava and D.Q. took the lead for the first time in the game.

Dickerson pounded out a double off a pitch from Nava, but was tagged out trying to steal third.

Dingenary followed with a single and Russ drew a walk. Then Ponton hit a fly to center scoring Dingenary and Russ.

Mark Dennis struck out and Jack Hargrove walked. Then the sides were retired when the third out was recorded with a pop fly to first but not before Dairy Queen took a 6-3 lead in the ball game.

George Miller came back in the top of the sixth inning and recorded three runs off six walks and tied the game at 6-6.

Dairy Queen came to bat in the bottom of the sixth with the top of the batting order. Arkell was put down for the first out when he went for a 3-2 pitch. Then Dickerson put a ball over the fence for a home run and Dairy Queen won the game 7-6.

Rockport Riders Make Good Showing In Fulton Arena

FULTON — Four Rockport people picked up firsts in their events during the Aransas County Riding Association's Open Horse Show in Fulton Arena this past weekend.

Rockport winners included Genny Mundine who took first with her entry in the grade geldings halter division; Kenny Keller, first in senior western pleasure; Allen McLester, first in working cowhorse; and David Mundine, first in senior Figure 8.

Other winners included John Barton whose halter entry took first in 1980-81 colts and fillies, and Mary Cambert, first in registered stallions. Both are from Corpus Christi.

In the judging for registered mares, Laurie Jones of Ingleside took first, and Amanda Parker of Driscoll had the winning mare in the grade division. Another Corpus Christian, Ronnie Behnke, took first with his entry in registered geldings.

Clois Brewster of Aransas Pass won the bareback equitation division, and Kristi Issacks, also of Aransas Pass, took first in pee wee western pleasure. The first in junior western pleasure went to Robby Beish of Orange Grove.

Kristi and Laurie repeated their wins in two other divisions in Saturday's show. Kristi took first in pee wee trail class and Laurie won the junior trail class event. Another repeat winner was Amanda Parker who took additional firsts in pee wee pole bending and pee wee cloverleaf barrels.

Roy Watson of Driscoll was first place finisher in junior poles and junior figure 8. Senior pole bending winner was Cathy Cole of Corpus Christi.

Paul Walton of Corpus Christi took the open ribbon

roping. Pee wee figure 8 barrels went to Gwynetta Faucett of Robstown and Chuck Cole of Corpus took the open breakaway. Junior and senior clover-

leaf barrel events were won by Dee Ann Crook of Corpus Christi and Stephanie Becker of Taft, and Jess Cole of Corpus won the jackpot tiedown.

Radios, Direction Finders Taken

Radios and a direction finder, totalling an estimated \$4,200 in value, were taken when the vessel "Brigadoon" was burglarized sometime this past month.

The burglary was discovered Sunday, June 27, by the owner of the vessel, Leon Karr, who told police the boat has been docked at the Key Allegro Marina since the first part of June.

Daniel Lopez Dominguez, 40, of 813 North Pearl was fined \$53.50 on the intoxication charge after police arrested him about 12:24 a.m. Saturday.

Police reported Dominguez was lying across the westbound traffic lane of 1st Street between Water and Austin.

Richard Flores Caudillo, 25, of 1101 West Tern Lane was placed under \$75 bond following his arrest at the First Baptist Church about 1:05 a.m. Sunday.

An estimated three to five boxes of candy were reported missing after the Memorial Park Concession Stand was burglarized this past weekend.

Police estimate the burglary occurred sometime between 8 p.m. Thursday, June 25, and 10:45 a.m. Friday. Entry to the building was apparently gained after the window was broken out of the southwest side.

Canadian Tour Operators Visit Rockport

Six Canadian tour operators made a familiarization tour of the Rockport area this week.

After arriving at the Corpus Christi International Airport at noon Monday, the group visited the Black Swan Restaurant Theatre, toured

the Fulton Mansion and enjoyed shrimp appetizers at the Estelle Stair Art Gallery and toured the downtown area of Rockport.

After their visit to Rockport, the group boarded a sightseeing excursion boat in Port Aransas and then spent

the night on Mustang Island. Their visit to south Texas included a trip to Padre Island, roller-skating in Corpus Christi, tennis, sailing, swimming and windsurfing. Participants in the familiarization tour include Vicki Coombs with Four Seasons

Travel in Oshawa; Gilles Doucet with Mirabelle Tours in St. Constant, Quebec; Richard Peirson with ABM Tours Ltd., Rexdale, Ontario; Alison Rampersad, with P. Lawson Travel in Toronto; and Francine Sapina with Voyage Lavigne in Mont St. Hilaire, Quebec.

Gonyea's Mom Stopped Pancho Villa In 1916

By Ted Norman

Gwen Gonyea, director of the Aransas County Council on Aging was only three months old when her mother helped save her and a town from a raid by Pancho Villa and his bandits.

Gonyea's eyes sparkle as she relates the tale of her courageous mother, Susan Gregg Parks.

Her parents were the publishers of the Columbia Courier in Columbia, New Mexico, and Mrs. Parks was also the town telephone operator with the switchboard located in the back of the printshop.

Gonyea, although only three months old, relates the story as if it happened only a few weeks ago at most. But it was 1916 when the Mexican outlaw Pancho Villa and his bandits crossed the border and rode into Columbus, New Mexico.

Gonyea says it was around 4 a.m. one morning that Pancho Villa and his band rode into Columbus while the 11,000 citizens were sleeping and began robbing the bank and shooting up the town.

Susan Gregg Parks stuffed her daughter under

the switchboard and when the townspeople began to call and the bells on the switchboard started ringing she plugged all the sockets up so the desperados couldn't hear the phones and then she placed a call to the nearby army post and informed them of the raid and asked for help.

Gunfire broke out in the streets as the citizens and Pancho Villa went to war.

Gonyea says that many of the bandits were killed by their own men as they got caught in gunfire from both sides.

According to Gonyea a horse was shot and fell against the publishing company building and then two bandits were killed in front of the shop.

Susan Gregg Parks opened the door and removed the serapes from the dead bandits. She wrapped one around herself and one around her young daughter and decided to try and make it to the relative safety of the town's hotel several blocks away.

As she left the building a rifle shot slammed into the window in the door and Susan Gregg Parks and daughter Gwenn were covered with flying glass.

Gonyea says that she got

glass in her arms and a small piece in one eye. She says it was many years later before the glass worked its way out of her eye.

As Susan Gregg Parks made her way down the street carrying her three-month-old daughter she encountered two figures approaching her that appeared to be two of Pancho Villa's men. Just as she was trying to decide what to do, the two approached and she discovered they were local citizens who had also disguised themselves as bandits.

Gonyea says that as she recalls the battle lasted about five hours. Then the Army arrived and it was over. She says the street was covered with bodies of those killed in the day-long battle.

Later Gonyea's mother was presented with a gold watch with a medal with an inscription of her actions. General Pershing came to Columbus, New Mexico, for a celebration in honor of Susan Gregg Parks.

Gonyea says her heroic mother later spent the Depression years running a concession stand on the Kirkland-to-Seattle ferry.

Later, Susan Gregg

Parks became the first woman to work in a shipyard when she became a sheetmetal worker in a Washington shipyard where she worked her way up to foreman.

Gonyea says her mother complained for many years of a lump on her neck. After leaving the shipyard after the war, a doctor examined Mrs. Parks neck and found a piece of shrapnel from the Pancho Villa attack.

Later Gonyea's mother left the shipyard and went to work for the Convair Company building aircraft. Susan Gregg Parks died at 83.

Victory Soaks In For Golfer Jerry Pate

Earlier this year I wrote a column about professional golfer Jerry Pate and his continual but unsuccessful flirtation with victory on the Professional Golf Association tour.

Last Sunday, after a three-year drought, Pate became a bona fide winner

when he won the Danny Thomas Memphis Classic.

It was of little concern to Pate that he had won \$54,000 or that he had become the youngest millionaire on the tour. What was important to Pate was the fact that after a long dry spell he had won. So the feeling of victory could soak in, Pate celebrated by diving into the lake next to the eighteenth green.

The men who play on the PGA tour are nice, well-groomed and conservative individuals who seldom do anything out of the ordinary. The PGA forbids

them to so much as smoke while on camera. No beards are allowed and a rigid dress code is enforced at all times. Their conduct is almost always above question.

Of the 200 or so men who try to make a living on the tour, Pate is one of the nicest and most conservative, so he would be the last you would expect to do something so silly as diving into a lake fully clothed. But almost everyone approved of his action last Sunday.

Pate said that it had been so long since he had won

that he wanted the feeling to soak in — a little play on words.

Day after day, round after round, the public sees all of these lean young men playing in the tour. No smiles, no signs of friendship — just the contorted looks of deep concentration on their faces as they try to become millionaires before their thirtieth birthday.

Some viewers of the televised tour have complained that golf is too boring for television and have said they just can't understand why so many people watch it.

BINGO WINNER

Karen Hoover at Island Surf & Sun counts out 200 Bingo Bucks to Robert Ormand of 718 North Hood, Rockport. Ormand was the first winner in the Pilot's Newspaper Bingo contest and, because there was no winner the

previous week, his winnings doubled. Ormand got his winning card at Island Surf & Sun. A new Bingo game started in the Pilot Weekender and more bugs are in today's edition.

GROWING UP

For the second time Penn-
sylvania Game Commission
personnel have managed to
successfully introduce an
eaglet into a nest for raising
by an adult pair.

The first time it was done
was back in 1979 in a nest on
Ford Island within view of
the commission's waterfowl
museum in the Pymatuning

Outdoors

by Mrs. Richard Alden
Knight

Conneaut Marsh game
lands. This was the only
eaglet raised here that year.
The adult pair in this nest
earlier in the season did
produce eggs but, as hap-
pened all too frequently in
past years, apparently the
shells were weak and did not
survive incubation.

As a hopeful incentive to
another nesting attempt,
personnel introduced two
goose eggs (which closely
resemble eagle eggs) into the
nest which they immediately
began incubating. (The nest
and a pair that was used for

adoption had shells break
before incubation for four
consecutive years. Last year,
however, the pair did suc-
cessfully produce an eaglet.)

Before the goose eggs
hatched and thoroughly con-
fused the eagle parents, a
3-week-old eaglet hatched at
the federal Fish and Wildlife
Patuxent Research Center in
Laurel, Maryland, was suc-
cessfully introduced into the
nest and accepted for adop-
tion by the adult bald eagles.

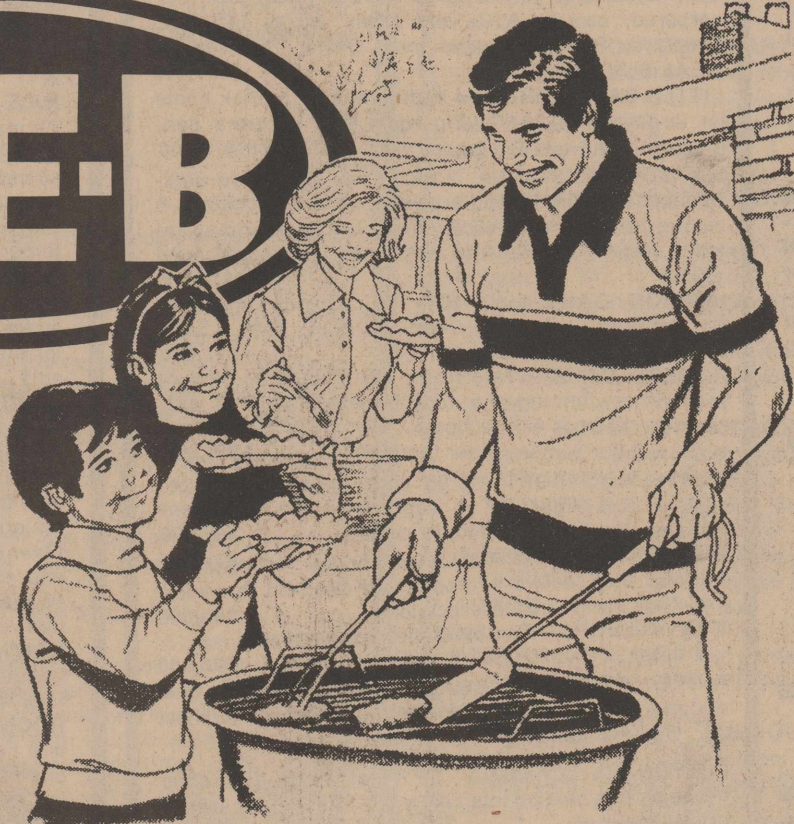

Meanwhile, two other
known bald eagle nests in the
area have been under obser-

GENERIC PRODUCTS

Plain Label Generics

Products are readily recognizable by the plain white labels with
minimum identification and no fancy packaging. By eliminating
costly multiple colored labels and elaborate packaging these
wholesome standard quality products cost less and the price you
pay is lower. Generic products are displayed together to provide
you with quick & easy shopping.

**What's the best way to
shop for Plain Label Generics?**

If you're concerned with saving money, then you should make
the generic labels your first stop when you come into H.E.B.
Go through your weekly shopping list and select the comparable
generic items which fill the bill. Then proceed to the rest of the
store and complete your shopping list. With many generic
products to choose from, you'll find that this method allows you to
get the most value for your dollar.

Will Plain Label Generics carry the Golden Guarantee?

Yes! H.E.B. guarantees your satisfaction on everything it sells.
This applies to all "Plain Label" products. Your complete
satisfaction is guaranteed or your money back.

What about the quality of Plain Label Generics?

These products are of standard grades and offer acceptable
quality. For example Plain Label peaches are packed in light syrup
instead of heavy syrup and vary in size. While wholesomeness is
not affected, this does help lower the price. Nutritional values are
the same or very close to the nutritional value of comparable brand
names. Nutritional information is on the label. These good
wholesome foods may vary in appearance from fancy foods, but are
good tasting and cost less.

vation and it appears that hatching is successful in these. Another nest also has been found with an eaglet observed. This nest, a completely new one to the personnel and the first in many years, is occupied by eagles of unknown origin.

Since eagles do not reach maturity until the age of 4 or 5 and the state did not start banding eaglets until last year when they had a bumper crop of four young, they do not have any "resident" records to refer to. It may be, of course, that

they are from the scant earlier hatchings or they may be complete newcomers to the game lands.

While the older pairs of birds that in years gone by accumulated the DDT that results in weak shells will undoubtedly continue to produce unproductive shells over the years, at least these all too few youngsters will have a chance to successfully reproduce.

This year, with 5 eaglets (even if one is adopted), will be a modern record for Pennsylvania.

Holiday Beach Sets Fire Prevention Week

The week of June 28 through July 4 has been declared as Fire Prevention Week by the Holiday Beach Volunteer Fire Department.

Holiday Beach Volunteer Fire Department will also be sponsoring a Fire Prevention Poster Week. Children from first grade through junior high school should bring their posters to the Holiday Beach fire house. The deadline to enter posters is July 3.

Prizes will be awarded in two categories with a \$25

savings bond awarded to the winner in each group.

Persons entering the poster contest should put their name, phone number, address, age and school on the lower half of the right side of the poster.

The public is invited to view the posters from 1 p.m. to 6 p.m. Saturday, July 4, and enjoy a carryout Mexican dinner of tacos, chalupas and enchiladas. There is a table for those who would like to sit and eat their meal at the fire house.

**"Low Down"** By JOE CRUMP**System Benefits Peanut Lords**

Senator Richard G. Lugar (Ind.) "...Our present peanut support system is a feudal system which benefits a restricted class of peanut 'lords' who inherited the allotments which one must hold in order to produce peanuts..."

"Peanut allotments were created by the Government in 1938. Today, the person who farms an acre of peanuts is usually not the person who holds the allotment. The Agriculture Department estimates that about 70 percent of peanut acreage is leased."

"Those who lease this land have to pay not just for the land they need; they must also pay for the allotment..."

"A 1977 USDA study shows that about 90 percent of the value of a typical lease

is for the allotment, not for the land. Leasing the allotment adds about 20 percent to the lessee's total cost of production."

"The peanut support program also drives up the cost of peanuts to the consumer. This happens for three reasons."

"First, the higher production costs due to the allotment system are reflected in higher prices to the consumer."

"Second, restrictions on production and higher quota loan rates set the market price of peanuts higher than they would be under free competition."

"Third, artificially high domestic prices encourage the use of severe import restrictions which drive prices up even further."

THE HOT DOG VENDOR

There was a man who lived by the side of the road and sold hot dogs.

He sold very good hot dogs.

He put up signs along the highway and advertised in the newspaper telling how good they were.

He stood on the side of the road and cried:

"Buy a hot dog, Mister?"

And people bought.

He increased his meat and bun orders.

He bought a bigger stove to take care of his trade.

He finally got his son home from college to help him out.

But then something happened.

His son said, "Father, haven't you been listening to the radio and watching TV?"

There's a big depression.

The foreign situation is terrible.

The domestic situation is worse."

Whereupon the father thought, "Well, my son's been to college, he listens to the radio and watches TV and he ought to know."

So the father cut down on his meat and bun orders, took down his signs and cancelled his newspaper ads and no longer bothered to stand out on the highway to sell his hot dogs.

And his hot dog sales fell almost overnight.

"You're right, son" the father said to the boy.

"We certainly are in the middle of a great depression."

10 Injured In Accidents

Ten persons were injured in accidents in the Rockport-Fulton area this weekend, including a Rockport woman, her daughter, son-in-law and two grandchildren in a two-car collision near Aransas Pass Saturday.

The Rockport woman, Kerry Fletcher, was a passenger in a car driven by her son-in-law, Harry Bumgardner, of Houston. Highway Patrolmen investigating the mishap said that it occurred about 7:50 p.m. about a mile and a half north of Aransas Pass on Highway 35.

Officers said a pickup driven by Emilio Guerra of San Antonio was passing a third vehicle and collided head-on with the Bumgardner vehicle.

Bumgardner, his wife Wyn, their two children, Karen and Harry IV, and Mrs. Fletcher were taken to Coastal Bend Hospital.

Guerra was also taken to Coastal Bend. A passenger in Guerra's car, Yolanda Cruz, was taken to Memorial Medical Center in Corpus Christi.

Ambulance service was provided by Tri-County.

In an earlier accident, Sandra Bryant, 36, of Corpus Christi was taken to Memorial Medical Center after she was struck by a car on FM 881 about four miles outside Rockport.

DPS officials said the accident in which Mrs. Bryant was injured was the second mishap to occur at that location within minutes.

The earlier accident occurred when Edward Mosely of Corpus Christi lost control of his semi rig and went off the road, through a fence and jackknifed.

Some time after that, an unidentified truck apparently stopped on the road near the scene. A car driven by William Thomas of Corpus Christi swerved to avoid the truck and struck Mrs. Bryant who was walking on the roadside.

Mrs. Bryant was reported suffering possible neck, spine and hip injuries and was transported by the Aransas County Emergency Medical Service.

Thomas was cited for driving without a license. DPS officials logged the two incidents as occurring between 1 and 1:30 p.m.

Debra K. Waller, 26, of Rockport was treated for apparently minor injuries at the scene of an accident in Rockport Sunday afternoon.

Police said the collision occurred about 4:50 p.m. when Mrs. Waller's vehicle was in collision with a car driven by William K. Thomas, 76, of 2009 Glass Avenue as Thomas was attempting a turn from Highway 35 onto Glass.

Wes Barks was treated for minor lacerations following an accident about 12:42 a.m. Friday on Highway 35 near Monroe's Carpet.

EMS officials reported Barks was a passenger in the single car involved in the mishap.

No additional details were available.
