ARMY OF COTTON PICKERS COMING

CITY SCHOOL VALUATIONS TAKE \$2,000,000 JUMP

BOOST ALLOWS SIZEABLE CUT IN TAX RATES

LARGE INCREASE OVER LAST YEAR SHOWS CITY'S GROWTH

A two million dollar increase in city school tax valuations of Lubbock, due primarily to new property added during the past year, is shown by totals compiled by A. C. Jackson, city school tax collector.

This increase places the total city valuations at \$21,704,000—an increase of about 12 1/2 per cent over the previous year's valuations.

Building permits totalling approximately one and one-half million dollars issued here last year are said by Mr. Jackson to account for this increase. He stated that this was the natural growth of the city and did not denote any abnormal expansion.

By increasing valuations of the city, the city school tax rate was lowered from \$1.10 to 80 cents. This decrease was made possible by the fact that this school district is out from under the heavy indebtedness that faced the district three years ago. Nothing other than hoped indebtedness is owed by the district this year.

According to the present valuations and rate it is estimated that about 50 per cent of the city taxes will be lower than last year.

DUCK SEASON IS OPENED LOCALLY

With the arrival this morning of the first taste of winter together with the opening of the duck season, sportsmen took to the lakes today and the hunting season was on in earnest.

The numerous surface lakes near Lubbock were frequented early this morning returning with their first kill of the year.

Several hunters were seen early this morning returning with their first kill of the year.

FIVE ARRESTED IN BOOZE RAID STAGED HERE

LIST OF 'CUSTOMERS', SOME PROMINENT, IS OBTAINED

A long list of names, including some well known citizens of Lubbock is in the hands of the local police department as a result of a liquor raid here.

The raid was conducted by city officers on a house on 14th street. A small quantity of both whiskey and beer was confiscated, and five arrests were made. One was charged with violation of the prohibition laws, and the others on charges of drunkenness. Four paid fines and the other case was transferred to the county jail. Bond had not been made this morning.

Following the raid several of the officers remained in the house to advise the other customers that the place was padlocked. A large number of persons called during the afternoon at this certain house, and the police are still holding the calling list.

Lad Renounces Fortune As Mexican Rancher To Reside In United States

ORPRAN TELLS WORLD HE WANTS TO BE AN AMERICAN

Exclusive Central Press Dispatch to The Journal

EL PASO, Tex., Oct. 15.—"I would rather be a poor American than a rich foreigner!"

This rolling from the tongue of a Fourth of July orator has little meaning, but coming from Harold McKibben, slender 22-year-old youth, the sentence has much significance.

For with this sentence young McKibben has renounced a great Mexican hacienda, thousands of acres of the richest land in the state of Chihuahua and a fortune in cattle for only the assurance that he is a penniless American citizen.

McKibben was born in Joplin, Mo., in 1906. His father was Norman McKibben, a well known miner. A few months after the boy's birth the mother died, and in 1910 the father remarried. That same year the family of three started for California with a considerable sum of money.

Eighteen Years Ago

The party came to the southwest by way of Dallas and Fort Worth. The three reached El Paso and on June 1, 1910, stopped at the rooming house of Mrs. J. A. Chipps, who is still an El Paso resident.

The three McKibbens lived with Mrs. Chipps for one month. On June 30, 1910, the step-mother asked the landlady to care for the child while she "went downtown."

That was the last seen of Mr. and Mrs. Norman McKibben in El Paso. Mrs. Chipps cared for the 4-year-old boy two months. Her health was not so good, however, and the resources of the family were low so, according to the records, the boy was given to the juvenile court and adopted the child. The ranchman who had no children of his own, called the boy Juan Gomez, and

GIANT AIRSHIP SAFELY HOUSED AT LAKEHURST

'PASSENGERS' MUZZLED' BY CONTRACT WITH NEWS SYNDICATE

LAKEHURST, N. J., Oct. 16.—The largest airship ever built, its silver envelope containing inflammable hydrogen, was berthed today at the United States naval air station after completing the longest commercial flight from Europe. Three other dirigibles, inflated with non-inflammable helium, huddled in the hangar close beside the Graf Zeppelin.

The Graf Zeppelin, which floated up from the Zeppelin Works at Friedrichshafen last Thursday morning with a crew of 40 men and a passenger list of 20, landed here at 3:32 p. m., yesterday after flying 11,111 hours, 38 minutes. It was berthed at 3 a. m. this morning after spending most of the night attached to a mooring mast.

The other dirigibles in the hangar were the Los Angeles and two comparatively tiny non-rigid blimps.

Four Years After U. S. Craft

The Graf Zeppelin arrived as day was breaking away just four years to a day after the arrival of the navy Los Angeles from the same starting point.

Crowds had gathered for three days in hopes of witnessing the arrival.

Yesterday, however, there were many more than 5,000 on hand when a gray smudge appeared on the descending north horizon and expanded to the proportions of a gigantic fish that swam the skies with a stupendous majesty. It had already thrilled millions in Washington, Philadelphia, New York and other seaboard cities.

With no lights showing except from the yellow pane of one cabin window, from which the only woman passenger waved a greeting to the groundling below, the sky ship floated slowly and almost silently with muted motors to a position at

BOX CAR PRIVACY VIOLATED BY COP

The sanctity of the box car riding quarters of six boys was invaded yesterday afternoon by an obliging member of the sheriff's department.

The six boys were taken from their private pullman near Slaton and brought to the county jail here. Each pleaded guilty to charges of vagrancy this morning in Judge W. R. Scott's justice of the peace court. Fines were sentenced in each case.

Two of the boys are being held for investigation in connection with a recent box car robbery, in which local officers believe them implicated.

HUNDREDS ARE STARTED FOR PLAINS FIELDS

More than 4,000 cotton pickers, released since Friday in Central Texas, are moving in the direction of Lubbock and the South Plains, and although many are expected to stop before reaching this section, a sufficient number to relieve the present serious need of cotton harvesters is expected by federal employment officials here.

In a long distance telephone conversation with local Chamber of Commerce officials this morning, C. W. Woodman, U. S. Federal Employment agent of Fort Worth headquarters, advised the federal agents throughout the state would be notified immediately of the pickers needed here. The agents will be distributed through the section.

Between six and seven thousand pickers have been requested from individual farmers and representatives of towns in this and nearby counties.

No Need For Alarm.

Floyd Everhart, federal employment bureau representative who is stationed here to handle the local situation, this morning advised farmers not to be apprehensive over the labor problem and to make a big expenditure in securing pickers.

A meeting will be held at the Chamber of Commerce offices at 2 o'clock here Friday afternoon in an effort, to compile a thorough estimate of the need for pickers in this area.

SOUTH PLAINS MAY GET FROST VISIT TONIGHT

Jack Frost is scheduled for a visit to the Panhandle and South Plains region tonight, according to a forecast of the U. S. weather bureau.

"Should a heavy killing frost blanket this area tonight considerable damage would result to both cotton and feed crops. Don L. Joris, superintendent of the state experimental farm here, said this morning.

He said that much of the cotton was not mature at this time and that a frost would immediately stop all growth.

The lowest temperature of the season was experienced early this morning when the mercury dropped to 33 degrees.

WINTER CREEPS INTO TEXAS; MINIMUM HERE IS 38

At Dallas, where the minimum temperature yesterday was 70 degrees, a minimum of 38 to 39 was predicted for tonight; east Texas was promised cooler weather except in the southeast portion, and the Panhandle was promised frost.

The lowest thermometer reading today was at Amarillo, where the mercury dropped to 40 degrees in the morning, rising five degrees at noon. While the natives had not yet resorted to overcoats, some strangers sported them about Amarillo streets.

Waco reported a 15 degree drop, the temperature reading 68 degrees before noon. San Antonio had an 8 degree drop in an hour, the mercury stopping at 64 at 8 a. m. At Fort Worth the minimum today was 66 as compared with 70 yesterday. Austin and Port Arthur also reported cooler weather.

Federal Reserve Bank Chief Dies

NEW YORK, Oct. 16 (AP)—Eugene P. Wiggan, governor of the Federal Reserve bank of New York, died today in a New York hospital.

Mr. Wiggan, who had been in poor health for the last few years, underwent an operation for intestinal trouble recently from which he apparently was recovering. A relapse set in during the night, however, and death occurred at 8:45 a. m. He was 56 years old.

Four Released In Oregon Slaying

MEXICO CITY, Oct. 16 (AP)—Senora Piedad Rangel, Senora Mariberta Rachebeco, and Rafael Enriquez Vidal, who were found not guilty of complicity in the assassination of General Alvaro Obregon, have been released.

Police officers were waiting outside the Mexican prison when the trio came out and took them to police headquarters which led to a belief they had been rearrested. The inspector general of police announced he had wanted to obtain additional information from them.

Watches Recovered And Youth Arrested

Two watches and about \$15 in cash stolen from the locker room of the Tech Gymnasium last Saturday afternoon during the Tech-S. Edwards football game, were recovered late yesterday with the arrest of a 15-year-old Lubbock youth.

The watches and money were taken in members of the Tech football squad.

The youth was released from the city jail under bond. City officers have been working on the theft since Saturday. Although the youth arrested has been under suspicion for several days it was not until yesterday that officers were able to get him to confess to the theft.

Band Wagon Will Visit Levelland

The third appearance of the Democratic Band Wagon, vote-getting organ of the South Plains Democratic club, will be at 7:30 o'clock tonight at Levelland.

With a special string band, and old-time fiddler, and a bevy of well known speakers, the band wagon will stage the rally in the interest of the democratic presidential nominee.

Judge Clark M. Mullican, chairman of the South Plains Democratic club, will act as master of ceremonies, and Jess C. Levens, secretary of the organization will act as band leader. Other special speakers include Judge W. F. Schenck, Hon. J. K. Wester, County Attorney L. A. Howard, and R. A. Baldwin, of Slaton.

NEGRO ATTACKER IS IDENTIFIED WHEN PHOTO SHOWN

GAINESVILLE, Oct. 16—Mrs. A. R. Hasselquist, attacked by a negro at her home near here last week, today identified a photograph of Silas Jorman, arrested Saturday in Houston, as her attacker.

Jorman's picture was picked by Mrs. Hasselquist from 13 others taken to her bedside by Elbert Hooper and Ed Powell, county attorney and sheriff of Denton county, respectively, and J. M. Leonard, Gainesville newspaper publisher.

When the woman came to Jorman's photograph she rubbed up in her bed and said: "That's the man."

The Cooke county grand jury this morning convened to investigate the attack. Charges of assault already have been filed against Jorman.

J. L. Gettys, county attorney of Cooke county, announced that Jorman probably would be tried here on Monday. He is being held in the Tarrant county jail at Fort Worth.

SCATHING CRITICISM IS MADE OF AMERICAN POLICE METHODS

BERLIN, Oct. 16—A scathing criticism of the behavior of the American police on the landing of the Graf Zeppelin at Lakehurst is contained in an interview with Albert Graessinski, Prussian minister of the interior, and a passenger on the Zeppelin, made public here today.

Had occurrences like those I witnessed taken place in Prussia, these police officials would have been fired the very same day," he was quoted as saying. "On leaving the airship which the passengers were permitted to go only after hours of waiting, they had to their surprise to go through several unpleasant experiences. They were surrounded by a cordon of police and led into the customs building as though they had intended to smuggle. Several times they were yanked and frequently pushed—in fact one of them was struck in the face by fists. Among those thus treated was also German Consul General Lewinski."

'ECONOMY' TO BE ASSAILED

REPUBLICAN 'MYTH' OF ADMINISTRATION IS SMITH'S TARGET

SEDALE, Mo., Oct. 16 (AP)—Republican claims of economy in the administration of governmental affairs will be the target here tonight of Governor Smith in launching his single speech campaign in this border state.

In addressing an audience in the huge livestock pavilion at the state fair grounds a few miles from Sedalia, the democratic presidential nominee will take as his text a single sentence in his acceptance speech in which he asserted that the "claim of governmental economy is as baseless as the claims that general business prosperity exists and that it can exist only under republican administration."

Acclaimed in Missouri as on no other occasion since his campaigning under way in late August, Governor Smith arrived here at 7:30 o'clock last night after a tremendous ovation in St. Louis and its neighboring Missouri and southern Illinois cities. The reception seemed to him to have been one continuous cheering multitude from the time he reached Belleville, Ill. early in the morning until he arrived at his hotel here last night after a short run from Kirkwood, 15 miles outside of St. Louis.

The governor will leave here tomorrow morning for Chicago, where he delivers on Friday night the seventh speech of a campaign swing that started out to be only a three speech affair.

Temperatures On Toboggan Slide

Cooler weather swept into Texas today, in some instances sending temperatures into a 15 degree toboggan slide.

As today's cool wave gave some relief from high temperatures which had prevailed much longer than predicted, forecasts for a promised lower temperatures tomorrow, and even frost in the Panhandle.

At Dallas, where the minimum temperature yesterday was 70 degrees, a minimum of 38 to 39 was predicted for tonight; east Texas was promised cooler weather except in the southeast portion, and the Panhandle was promised frost.

The lowest thermometer reading today was at Amarillo, where the mercury dropped to 40 degrees in the morning, rising five degrees at noon. While the natives had not yet resorted to overcoats, some strangers sported them about Amarillo streets.

Mexico Will Not Close Down Mills

MEXICO CITY, Oct. 16 (AP)—Operators, who have been threatening to close down cotton mills in the states of Puebla and Tlaxcala to relieve overproduction, have been notified by Dr. Jose Puig Casauranc, secretary of commerce, that such a move would be illegal. President Calles, the secretary said, considered closure an attempt against order and social welfare.

Busse Link City To West

DAILY SERVICE STARTS TO POINTS BEFORE UNCONNECTED

Daily bus service to points west of Lubbock, heretofore untouched by bus lines including some places without daily mail or passenger service of any kind, began this morning. It was announced by Garnett Abbott, owner of the new line.

Known as the "Pioneer Motor Lines," this new service will literally blaze the trail of daily passenger and express service into a virgin territory.

Bledsoe is the end of the new line, which includes the following stops: Hurwood, Smyer, Levelland, Whiteface, Chipley, Morton, and Lehman.

Two busses daily will go as far as Levelland and one on as far as Bledsoe. The line will operate out of the Union bus terminal here.

West bound busses leave here at 8:30 o'clock in the morning and 1 o'clock in the afternoon. The morning bus arrives at Bledsoe at 11:35, leaving for Lubbock at 2 o'clock in the afternoon to arrive here at 4:35 p. m.

Louise Magness To Be Tried Monday

HOUSTON, Oct. 16 (AP)—Trial of Louise Magness, spirited away by state rangers after she had been arrested at Austin where she had gone to attend the funeral of Jack Smith, former convict, has been set for next Monday here.

The woman faces three charges of burglary and felony theft, in robbery of hotel rooms. She was indicted with Smith. Both failed to appear for trial here, when the cases were scheduled.

Mrs. Magness has been in jail here since she was turned over to Sheriff T. A. Binford.

DEER HUNTERS FEARED MAROONED FOLLOWING BLIZZARD THAT ROARS ACROSS ROCKY MOUNTAIN STATES

(By Associated Press)

DENVER, Oct. 16—Concern was felt today for upwards of 400 deer hunters believed marooned by a sudden severe blizzard which swept Colorado, Wyoming and Northern New Mexico Sunday and yesterday, bringing a heavy fall of snow to many sections.

Most of the hunters were stranded in the high, isolated country about Grand Junction, Colo., on the western slope of the Rocky Mountain divide. No word has been received from them since the storm struck Sunday. Relief parties have pushed out from Grand Junction in search of small bands of the men.

A searching party left White-water yesterday seeking a party of

TRIP COMPARABLE TO JAUNT BY SEA

LAKEHURST, N. J., Oct. 16 (AP)—Passengers aboard the Graf Zeppelin started on their air voyage with the same or less flurry than do steamer patrons—and so the trip continued. Passengers were confined to quarters many times smaller than those of an ocean liner, but their days aloft yet were spent in much the same fashion—with simple entertainments in luxurious surroundings, and perhaps in occasional peril from which officers shielded them.

While passengers sat in comparative safety and comfort of their cabin, four members of the crew, including Knute Rikner, 24, son of Dr. Hugo Rikner, skipper of the air liner, undertook the task of climbing out to the tail of the ship in a wind and rain squall to repair a

GRAND JURY CONDEMNS DANGEROUS INITIATION METHODS BUT APPLIES NO PENALTY FOR DEATH OF STUDENT

(By Associated Press)

AUSTIN, Oct. 16.—The Travis county grand jury condemned the use of electricity in any form in fraternity initiations at state institutions in a report to District Judge J. R. Hamilton today, fixing no personal blame for the death of Nolte McElroy, 19, of Houston in a Delta Kappa Epsilon fraternity initiation at Texas University September 30.

McElroy died after starting to crawl through two pairs of bed-springs charged from a house light wire in a stunt which other initiates had gone through before without harm.

The grand jury recommended that

Body Found In Water

GALVESTON, Oct. 16 (AP)—The body of Andrew Nordstrom, 68, longshoreman, was found floating in the harbor here today. Officers expressed the opinion that he had fallen asleep on a wharf and rolled into the water.

Woman Faces Assault Charges

Because he stuck a knife in his wife when she refused to let him come home, a negro man is in the county jail facing charges of assault.

No attempt had been made to make bond today. The assault charges grew out of an argument in the "flat" negro section of the city, early this week.

PICKERS

It is requested that a representative from each town attend the meeting supplied with information concerning the cotton harvest and plans for distribution of pickers.

Early Maturity Is Cause
Shortage of farm labor at the present time is explained by employment officials as due to the coming of cotton about two weeks earlier than was previously expected.

Feed crops are ready to be harvested in most parts of the East Plains, but it is thought that with the influx of cotton pickers that other farm workers will be brought in to take care of the grain harvest.

THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

The Tinymites looked on in awe. Said Clowzy, "What big folks are we compared to all these garden toys who grow out of the ground. The one thing I would like to know is how the cow man made them grow."

You'll frighten all those toys away. Just watch them, please, and let them play. You see they're getting exercise for all that they are worth. To run is one of their main joys. They never play with little boys, and if you go real near to them, they'll run back in the earth.

To tell us that your vegetable, said Copsy, "That is good advice. We will not spoil the vegetable's fun. We'd rather see them play. But we have cake that's nice and sweet. Perhaps they'd like a bit to eat."

Her advice, we are full of cheer, and you'll soon be glad we're here," yelled Copsy. Then the ground toys looked and all began to rave. One of them shouted, "Come, toys, run! Those Tinymites have spoiled our fun!"

The Tinymites rise in air again in the next story.

BORAH VISITS DIXIE SECTION

PROHIBITION STAND OF GOVERNOR SMITH IS TARGET OF TALK

WITH SENATOR BORAH EN ROUTE TO CHARLOTTE, N. C., Oct. 16.—Having commenced his Southern campaign with an assault upon Governor Smith's prohibition stand at the capital city of Virginia, Senator William E. Borah, today turned to another state, of Dixie, North Carolina, to direct another bombardment against the Democratic presidential nominee.

The senator will make the second night at Richmond, directed most of his fire against the position of Governor Smith on prohibition. The Democratic nominee, he declared, wished to repeal the prohibition amendment and he claimed that this was the objective of the Governor's presidential aspirations.

ROBISON RAPS WATER POLICY OF REPUBLICAN

TELLS OREGON CROWD THAT G. O. P. WOULD CREATE MONOPOLY

PORTLAND, Ore., Oct. 15.—Using the words of Senator Norris of Nebraska, Robison, to drive home his argument, Senator Joe T. Robison declared in a campaign address here last night that a "republican victory will mean the triumph of a monopoly which has expended millions in propaganda in an effort to obtain control" over the waterpower sites of the country.

Robison, democratic vice-presidential nominee, chose this state, rich in potential power production, to challenge the republican policy on control of power sites and to charge Herbert Hoover with vacillation in his declaration as to what the government's view should be with regard to their development and operation.

Would Protect People

The success of the democratic "bucket" Senator Robison declared, means protection to the people against extortionate rates and unfair distribution pertaining to electrical energy. It means conservation of the most valuable reserves remaining in public ownership.

"The conclusion is warranted since Mr. Hoover has declared his purpose to continue the Coolidge policies, that if the republican party wins this election the power monopoly will obtain control of such water sites and water powers as it declares, and the public will not only lose property to the value of billions of dollars, but will also be required for all time to pay extortionate prices for power generated and distributed by the trust."

Quotes Senator Norris

Senator Norris of Nebraska speaking of Muscle Shoals on the tenth of October, 1924, said that Mr. Hoover opposed the Muscle Shoals bill which failed after the passage by Congress by pocket veto by President Coolidge although the bill contained everything that Mr. Hoover says he is in favor of.

Commenting on Mr. Hoover's opposition, Senator Norris said:

"His chattering generalities that the terms and conditions must safeguard and protect all public interests is not sufficient to give the people the benefit of the cheap electricity that was provided for in the bill that Mr. Coolidge refused to sign, and which Mr. Hoover opposed."

The democratic vice presidential nominee also attacked the republican views on farm relief explaining Governor Smith's stand for the McNary-Haugen farm relief bill. This state is the home of Senator McNary, republican, and co-author of the McNary-Haugen farm relief bill.

After his speech here, which closed his campaign in the northwest, Senator Robison had his train ready for the beginning of his invasion of the great cattle, corn and wheat belts. He will speak tonight in Boise, Idaho, home of Senator Borah. He expects to attack Borah.

Nordyke Returns From Judges' Meet

Having attended the annual meeting of the county judges and county commissioners' association for the past few days, Judge Charles Nordyke and County Commissioners N. A. Payne, J. T. Pinkston, W. L. Brashear and L. C. Denton returned yesterday.

With an attendance of about 800 the representative report that the convention was one of the best ever held. Many interesting speakers were heard including Clarence Ousley and R. S. Sterling.

Hawaiian Volcano Spits Fire Again

HONOLULU, Oct. 16.—The inter-island steam navigation company has announced receipt of a report that Kilauea volcano on the island of Hawaii was becoming unusually active again. No details were given.

(Kilauea is a crater on Manua Loa, a volcanic mountain, and is known as the world's largest active volcano.)

WOMEN FORM HOOVER CLUBS

GROUP FROM LUBBOCK VISIT IN TOWNS OF THIS SECTION

Hoover women's club were organized in a number of South Plains towns yesterday by a delegation of Lubbock women, headed by Mrs. Charles F. O'Neal.

Sudan, Amherst, Mulshoe, Littlefield and Shallowater were the places visited.

The song "Where Is My Wandering Boy Tonight," which has been selected as the official song of the women's organization, was sung at each place. Enthusiastic sessions are reported with the organization of each new club.

The following officers were elected: Littlefield—Mrs. W. C. Thaxton, chairman; Mrs. G. Hammon, secretary. Shallowater—Mrs. Roy L. Hooten, chairman; Mrs. E. L. Corley, vice chairman. Amherst—Mrs. J. E. Anderson, chairman; Mrs. F. Heckey, vice chairman; Mrs. W. M. Webb, secretary. Sudan—Mrs. R. E. Slate, chairman; Mrs. A. Ketchum, vice chairman; Mrs. F. Z. Payne, secretary.

Mrs. R. F. Dunn of Lubbock made addresses at each place in the interest of the candidacy of Herbert Hoover for president.

BREW BRINGS JAIL

San Angelo Judge Slaps Sentence On Couple

SAN ANGELO, Oct. 16.—Because he believed that no one should have the opinion that they can make beer in their own home with safety Federal Judge William H. Atwell yesterday sent a young San Angelo couple to jail.

Mrs. H. H. Wyatt must serve one day and pay a fine of \$25 and her husband must serve six days and pay a fine of \$10.

"I like the looks of you young people," the judge said. "You look like the right kind of folks and I hate to give you a jail sentence but it seems to me there should not be anyone with the opinion that they can make home brew in their homes with safety."

SEVEN TIMES WED

She Decides This Marriage Is All A Failure

CHICAGO, Oct. 16.—Seven times Mrs. Myrtle Richards has walked down the aisle to be married by Mendelsohn, or Wagner or even, for variety, Rubenstein; and seven times she has found matrimony an imperfect institution.

Mrs. Richards is suing Alvin Richards, who is husband number seven, for divorce. The path toward which Mrs. Richards' suit would consign him is that during the past 15 years has been taken by Robert Wilson, Seth Yonnie, George Conroy, George Hollingsworth Walter and Modie Wilson.

Mrs. Richards said she might have alleged desertion, but that this divorce ground has become hackneyed and that cruelty was more pertinent in the present case.

Turner Vs Moore Case Is Started

Trial of the case, Turner against Moore, began in 99th district court this morning. The jury was selected yesterday afternoon and presentation began today.

Three petitions were filed yesterday for trial in the 99th district court. One was for a divorce, one to remove the disabilities of a minor and the other an injunction.

Judge Clark M. Mullen is presiding in the trial of the civil suits this week. A heavy docket is scheduled for disposal this week.

Grand jury of the court will reconvene Friday after recessing since the latter part of last week.

General Election Ballots Printed

Ballots to be used in the general election of November 6 have been turned over to the printer and will be returned by tomorrow. County Clerk Amos Howard said this morning.

The tickets were prepared several weeks ago by Mr. Howard, but it was necessary to wait the required two weeks before having them printed.

LUBBOCK SALVATION ARMY DRIVE WILL BE OUTLINED TONIGHT AT A MEETING OF WORKERS IN COUNTY

The Lubbock advisory board of the Salvation Army, headed by Chairman W. W. Campbell and J. W. Gamel, vice president and appeal chairman, will hold a meeting at the Minter-Gamel store here tonight when plans will be laid for the annual financial drive of the organization in Lubbock county. It was announced here this morning. The meeting will be held at 7:30 o'clock and all persons willing to help in the campaign are urged to attend.

Ensign A. Shultz, of the Dallas division, a regular Salvation Army worker since 1912, is in the city to aid Capt. and Mrs. P. C. Scott, local officers. The drive will open on next Tuesday, October 23, and will continue through the balance of next week with a goal of \$4,000 set.

Included on the board in addition to Messrs. Campbell and Gamel, are R. F. Cook, treasurer; Dr. J. W. Rolo, secretary; County Judge Chas. Nordyke, Harold Griffith, Dr. W. E. Cravens, John L. Ratliff and Mrs. Ruth Young.

Preliminary plans for the drive were laid this morning when the committee held a short meeting in the offices of Judge Nordyke, in the court house. Temporary drive headquarters were located in the balcony of the Minter-Gamel store, 1107 Broadway, where stenographers and office assistants will compile data. Ensign Shultz in the meeting this morning, pointed out that the local army unit has been operating on a "starvation" basis, the only money that it has had to use coming as the result of street collections. The drive last year fell far short of its quota, he said, and \$4,000 is essential for the coming year if the work is to be carried on in its maximum efficiency.

Appeal Chairman Gamel, in noting that the campaign organization was to be worked out in the meeting tonight, issued a call to willing workers. "Our organization," he said, "needs to be augmented by other persons who are interested in the work and we want them out tonight when the final plans are laid."

What would you do without electricity in these modern times? How much of the pleasure and convenience would be removed if ample electric facilities were not at your disposal.

Too, it would cost more to live, and those things that you now consider necessities would be luxuries, because of the fact that electricity has enabled manufacturers to reduce production costs.

There's hardly anything you do in these days where electricity does not have some part in it, and recognizing our responsibility to those residents of the South Plains whom we serve, our every effort is bent toward improving and maintaining this most important of services.

THE PLAINSMAN

That Girl on Broadway says the way most boys and girls around here hope it's no wonder that baby's first word is "blah!"

We get so many nice compliments on Lubbock from both visitors and home folks that there is some danger that we'll decide that Lubbock is perfect and there is nothing left to be done.

Lubbock needs more paving, even more than will soon be added to the city's hard surface ribbons.

Lubbock needs city planning, and zoning. Lubbock needs a municipal auditorium, a better baseball park, several parks and playgrounds within the corporate limits of the city.

There is still plenty to be done in the way of civic improvement, even though visitors that their eyes and become enthusiastic over what has already been done to make the Hub of the Plains the leader that it is.

It is natural for a growing bustling city to need a lot of new things and a lot of additions to the benefits that it already has.

Yep! It Promises To Be A Prize-Winning Catch

NEW YORK, Oct. 16.—Next to chorines, the pretty waitresses of Manhattan are most sought by the romantic male.

It is, after all, the pretty waitress of New York who comes upon the lone male seated alone at lunch or dinner in a cafe.

Few indeed are the ladies of the cafe tables who find themselves dateless, if they care to risk the company of strangers.

To the lone male they suggest economy and companionship. Chorines, so legend tells the lone male, "come high."

The number of actual romances thus brewed are innumerable. Several mid-town cafes pride themselves on the successful marriages of their girls and advertise it to job seekers.

Dozens of places seek to set off the piquancy of their waitresses by means of costumes quite as chic as any to be found in a Broadway musical comedy.

There is one place wherein only blonds are employed. They are selected according to shading of hair, size and figure—just as the casting directors select their choruses.

Time was when the hotel telephone girl was a figure in scores of romances. But those over-the-switchboard proposals and romantic audes have been knocked in the head by the efficiency measures now employed.

Her window now bears the title of "information"—or something in the head by the actual plugging in of room numbers from telephones in another part of the lobby.

Returning to the pretty waitresses—hundreds of girls who come to New York to make their way to the big city seek out this form of employment while marking time to connect with some other position.

What about Shakespeare while his name is fresh in mind? For myself, I prefer him to any killer of men whose name I can recall at the moment.

It has surprised me to note the absence of literary persons from among the candidates for title of the world's greatest, among these letters I have been receiving from my readers.

In New York

NEW YORK, Oct. 16.—Next to chorines, the pretty waitresses of Manhattan are most sought by the romantic male.

It is, after all, the pretty waitress of New York who comes upon the lone male seated alone at lunch or dinner in a cafe.

Few indeed are the ladies of the cafe tables who find themselves dateless, if they care to risk the company of strangers.

To the lone male they suggest economy and companionship. Chorines, so legend tells the lone male, "come high."

The number of actual romances thus brewed are innumerable. Several mid-town cafes pride themselves on the successful marriages of their girls and advertise it to job seekers.

Dozens of places seek to set off the piquancy of their waitresses by means of costumes quite as chic as any to be found in a Broadway musical comedy.

Navy's Punishment Of Admiral Magruder Is Record For Human Chastisement, Dutcher Writes From Washington

WASHINGTON, Oct. 16.—Every one would be a glutton for punishment if it were always meted out in the manner in which the Navy Department has treated Rear Admiral Magruder.

Hardly a day goes by that Texas newspaper do not publish a story telling of the arrest of some former convict who was pardoned out during the administration which was so well-known for the liberal exercise of the pardoning power.

Recently a conditional pardon granted after two years ago was revoked after a man was arrested and it was found that he was wanted on several charges.

Admiral Magruder has been spending his vacation in his little cottage at Jamestown, R. I., near the lovely summer colony at Newport.

He has been doing a great deal of reading and research which he always wanted to do.

Of course in almost any other establishment where due regard was held for efficiency, economy and discipline an official or employee who was deemed worthy of punishment would be punished either with more work less pay, demotion or discharge.

Admiral Magruder, for some reason or other, has been brought before no court martial for demotion or discharge.

And he is getting \$9,000 a year for doing no work at all. Surely no man was ever before punished by being relieved of all work and kept on the payroll.

Even for doing nothing, a man should be paid only when he knows he is guilty, and his sentence should be in conformity to the crime, so that there need be no question ever arise that he is given a punishment out of line with the offense or that he is unjustly confined, and then let the prisoner remain there till he has paid the penalty for his wrong doing.

Some pardons are justified, but

A BALANCED DIET IS BEST FOR THE EXPECTANT MOTHER. Dangers of Any One Food in Excess. It is commonly believed that if the expectant mother has a definite craving for any certain food, she should satisfy it, with the idea that probably she needs that food.

It is all right for her to do this occasionally, but she should beware of eating any one food in excess too frequently.

Case 1—F. I., aged 17 months, was breast fed for six months. At 7-12 months, egg was given for the first time and added to the formula each day; no history of vomiting was obtained, but eczema began to develop.

Case 2—E. H., aged 5, had a history of having had asthma for the past year. The child's attacks of eczema, as they occurred after certain foods, was disclosed in the mother had indulged excessively in nuts throughout her period of pregnancy, as she claimed to have eaten about a pound a day.

Case 3—M. G., aged 7-12 months, was admitted to the allergy clinic of the Sydenham hospital with a history of having suffered from eczema of both cheeks. She had been given wheat germ oil. The eczema was extremely dry and itchy.

Case 4—F. I., aged 17 months, was breast fed for six months. At 7-12 months, egg was given for the first time and added to the formula each day; no history of vomiting was obtained, but eczema began to develop.

Transparent Velvet

The Season's Most Approved New Fabric

Every smartly attired woman will have at least one velvet dress in her collection this season. It may be either printed or plain, but fashion has approved this rich elegant fabric to such an extent that at least one gown is indicated.

Finely Selected Printed Patterns

Especially fortunate was our early selection in printed transparent velvet for later patterns were not so desirable. Various colors are represented and the material is ideal for either complete costumes or for use in combination with other materials. The prices range from

\$9.85 - \$10.85

Plain Solid Colored Velvets

In addition to these are rich browns and blacks in both transparent and chiffon weights. The same qualities that appeal to you in these are their richness.

REPUBLICANS DECLARE NOMINEE STRONGER IN BAY STATE

By Associated Press

HOOVER TRAIN EN ROUTE TO WASHINGTON, Oct. 16.—Herbert Hoover is returning to Washington today from New England on the most strenuous single day campaign since his nomination as republican presidential candidate for president.

Including Massachusetts, which he has just left, he has been in the campaign since he was elected as the republican nominee for president. He was greeted by enthusiastic crowds until he boarded the train for the return trip.

Hoover not only has the party organization behind him but also has the support of the fight in the republican party in the Bay State.

The Bay State is the entire state and delivered a victory to the republican party.

The Bay State was made up of the republican party and the republican party.

SAY CARRIERS HELP HOUSTON

CARRIERS DENY CHARGE THAT RATES ARE LOWER THERE

GALVESTON, Oct. 16.—Testimony asking to refuse the charge that railroads were giving Houston interests a virtual subsidy of \$1,000,000 a year by charging less for switching operations than their actual cost was presented by Houston in the Interstate Commerce Commission rehearing into the consolidated southwestern case here today.

Representatives of operating departments of various railroads serving Houston were put on the stand by John H. Crocker, Houston Chamber of Commerce attorney, who attacked the subsidy charge made by interior Texas cities.

K. C. Marshall, Southern Pacific superintendent at Houston was first witness. He claimed certain economies in handling at Houston and was in a heated debate with A. L. Reed, Dallas Chamber of Commerce attorney.

Other railroad witnesses were: O. J. Brown, division superintendent of the I. G. N. R. W. Davidson, of Smithville, trainmaster of the M. K. T. and W. B. Drake of Houston, superintendent of the Port Terminal Railroad association of Houston.

They all told of varying costs of switching throughout Texas and Drake gave statistics on movement and costs at Port Houston. C. E. Holloman, traffic manager of the Houston Chamber of Commerce, testified.

M. L. Sheffield, of New Haven, Conn., assistant general freight agent of the New York, New Haven and Hartford Interstate Commerce Commission Examiner, Chas. A. Bardwell, president, that the present structure proposed for the southwest would make it extremely difficult for New England manufacturers to compete with those from the middlewest.

Requisition From Oklahoma Honored

AUSTIN, Oct. 16.—The requisition of the governor of Oklahoma for return of A. M. Caddell from Frio county, Texas, to Atoka county, Oklahoma, on a charge of attempting to rob with firearms, was granted today by Governor Moody.

Governor Moody issued requisitions on Louisiana for rendition of Harry Brunman to answer a Dallas county forgery indictment and Bill Nichols, wanted in Brazos county on an automobile theft indictment. Brunman is reported to be completing a term in the Louisiana penitentiary at Baton Rouge. Nichols is said to be in custody in Beauregard parish, Louisiana.

Hickman's Mother Pleads For Mercy

SACRAMENTO, Calif., Oct. 16.—A letter from Mrs. E. A. Hickman, appealing to Governor C. C. Young to prevent the execution of her son, William Edward Hickman, was made public here today by Jerome K. Walsh of Kansas City, chief attorney for the condemned youth.

"The letter said:

"If you can understand the feeling of a heart broken mother please have mercy on my poor son Edward and not let them kill him. This is breaking my heart to see my boy killed, for he was not himself. Would you open your heart to my plea and give him life in prison? If you only show mercy only God will know the appreciation of my humble and broken heart. My only prayer is please don't kill my boy but give him life.

(Signed) Edward's mother, Mrs. E. A. Hickman."

Three Jurors Are Named, Tally Case

SAN ANTONIO, Oct. 16 (AP)—Three jurors today were selected in the case of Joe Tally, Karnes city ranchman charged with the killing of Frank Hall, also of Karnes city, on the steps of the Karnes city courthouse June 8, 1925.

The case was brought here on change of venue.

Election Returns Will Be Radioed

NEW YORK, Oct. 16 (AP)—The American people can sit at home on the evenings of November 6 and have the election returns brought to them by radio.

Results of the balloting, national, state and local, are to be reported by the country-wide network of the National Broadcasting company, it was announced today. The news will be furnished the company said, through the courtesy of the United Press, the International News Service and the Associated Press.

Robinson Speaks In Boise Tonight

ROBINSON TRAIN EN ROUTE TO BOISE, Idaho, Oct. 16 (AP)—Senator Joseph T. Robinson today swung inland from the Pacific coast on his campaign tour of the nation. He planned to speak at Boise tonight and from there will drop down into Ogden, Utah, for a campaign speech tomorrow night.

The Democratic vice presidential nominee spoke at Portland, Ore., last night after having made several impromptu talks in the Willamette valley.

Admiral Gets All The Breaks

LAURENCE, N. J., Oct. 16 (AP)—A rear admiral of the United States navy today got all the breaks of fortune when a visiting Zeppelin airship crashed at the navy air station.

Rear Admiral W. A. Moffett, chief of the Navy Bureau of Aeronautics, was on duty when the Graf Zeppelin, which had been in the air for 24 hours, crashed at the navy air station.

He was taking advantage of this opportunity when the Zeppelin's crew jumped the water basket out of her tail. It was a lot of water.

Rear Admiral Moffett got most of it. Only the fact that he had on an overcoat enabled him to attend a dinner saved by the post commandant without making a complete change of attire.

Railroads Plan To Have Own Express

CHICAGO, Oct. 16 (AP)—More than three-fourths of the major railroads of the country have approved a plan whereby they will operate their own Railway Express Company, it was announced today by W. B. Storey, president of the Atchafalaya and Santa Fe road, and chairman of the uniform express committee for American railway executives.

The road may buy all the American Railway Express company's stock, Mr. Storey explained, or they may purchase the company's property. The American Railway Express now works by contract with railroads.

GIANT AIRSHIP

Continued from Page 1

Passengers Kept Inside

When the ship touched earth passengers and crew grumbled as they were kept from the windows as they thought of restaurant dinners and the pleasant looking of solid ground. But they were due for disappointment. Custom inspection and difficulty in handling the crowds required in the passengers being held in the ship's cabin and in the part of the hangar turned over to their custom service.

No until late at night was the last piece of baggage passed and the health of the last passenger certified. Then they struggled with some to homes and others to New York and back to home.

Information Restricted

They were eagerly questioned by reporters but their replies were necessarily limited by an agreement that they had been forced to sign that they would not discuss the details of the flight.
