## Dr. Fronabarger to Give Commencement Address

On Friday evening, May 17, at 8:00 p. m., Dr. B. F. Fronabarger, head of the English Department in West Texas College will give the address to the graduating class.

Dr. Fronabarger is recognized as an outstanding educator in the South. First he is a scholar, having received his Master of Arts degree from Texas University, and his Doctor of Education from Harvard University. He knows school life from his own varied experience since he began teaching in Matador and gradually advanced in classroom teaching in high schools and colleges until he became head of the English Department in North Texas State Teachers College in Denton; in 1931 he accepted his present position in W. T. He has done much to improve the quality of work in English in that institution; furthermore he makes a check on the work done by freshmen students and sends their grades to their former high schools so that superintendents may compare the standards of work done and required.

The class and faculty cordially invite the public to attend this program.

The Informer extends sincere sympathy to the bereaved.

## Street Paving

We understand that the City Council has a plan worked out and approved, whereby the Federal Government will match two dollars for each dollar we can raise for the purpose of paving seven blocks of pavement in Hedley. We have been trying for some 20 years to get just one of our blocks paved and have spent enough money on this one block to have paved it, but today we have nothing to show for our money spent.

Since we have this opportunity to get this assistance from the Government why not let's get behind the movement and put it over. We cannot let George do it and get it done but it will require everybody in Hedley back of it to put it over, but it can be done. Look around us and we can see plenty of towns no larger than Hedley with their streets paved, and we believe that the extra money spent now will help help our people and our merchants and we will be spending it for something that we will be proud of when it is completed.

Let's begin to take an interest in this and talk it and soon we will be ready to get behind the movement when it is worked out in detail.

Father has much useful knowledge gained from hard experience. When he says, "start a bank account as soon as you can," do it! It will please him immensely.

### BAD NEWS

Jenkins married, and in due course his wife presented him with a son and heir. His friends flocked round to tender congratulations and incidentally, taste Bill's refreshment.

Jones was on his way to the house when he met Brown returning. "Where are you off to?" asked the latter.

"Oh, I'm just going round to see Bill and wish him luck with that youngster of his."

"Then you're too late."

"What? Surely nothing's happened to it?"

"No, the youngster's all right, but the barrel's empty."

### SLIP AND SLIDE

"What's the matter with the hand—fight?"

"No, argument with a revolving door."

### Her Best

The car swerved across the street, mounted the pavement, and crashed into the plate-glass window of the big shop.

The driver, a young and pretty girl, climbed out of her seat, to be questioned by the stolid police-sergeant.

"Surely," said the lumb of the law sternly — "surely on a wide road like this you could have done something to avoid an accident?"

"Oh, but I did!" said she tragically. "I screamed as loud as I could."—Answers Magazine.

### How You Look at It

The chemist was in a bad temper. He had told his assistant to have a new sign painted outside the shop, and when he saw it he was furious.

"You're a fool," he raved.

"But the sign is beautifully done," said the assistant, puzzled.

"It may be," snapped the chemist. "But who's going to rely on us when our signs read, 'In making up our prescriptions we dispense with care.'"

### A Consistent Attitude

"What are your opinions on this momentous question?"

"I haven't changed my mind," replied Senator Sorghum.

"But I don't know what your opinions were."

"I mean that I haven't changed my mind about refusing to go on record on the subject until my constituents make it absolutely necessary."

### BALONEY

"Did you say that yer brother was a taxidermist?"

"Naw! I said that he stuffed dogs. Yuh know, he makes sau-ages."

### The Hardest Part

"Your work must cause you moments of indignation."

"Many of them," said Senator Sorghum.

"What do you regard as the hardest part of your job?"

"Obeying instructions when the photographer orders me to smile for another picture."

WEEKLY NEWS BY ROGER SHAW

## Allied Troops Leave Norway As Spotlight Turns on Italy; Germans Hold Vital Air Bases

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)  
Released by Western Newspaper Union

THE LONGEST WAY AROUND was the shortest way home for British ships in Italian waters when England, fearing Italy was getting ready to enter the war on the side of Germany, ordered these vessels to head for home ports via the Suez canal and Cape of Good Hope. This route, indicated by the broken line on the above map, is a distance of 15,000 miles. Normal route (indicated by solid line) is only 2,000 miles.

## WOTAN WINS: In Norway

Following Austria, Czechoslovakia, Poland, came poor Norway. Said one neutral statesman, nervously, "The kiss of England is the kiss of death." Frightened Swedish, Netherlands, and Balkan leaders were inclined to agree. Norse writers and generals denounced John Bull, while the English cabinet was tottering.

The Allied troops debarked from Andalsnes and Namsos, in the strategic Trondheim area, and sailed away, under a terrific hammering from the German bombers. Much of their equipment was abandoned, and the Norwegian troops, poorly armed and trained, as is natural in a small democracy with no imperialist intentions, did not make much of a stand in isolated sectors. The English expeditionaries in Norway had been out-shot, out-flown, and out-generated. Raw London militia, and half-trained regulars, had to face toughened German veterans of the 18-day Polish war, last fall.

The British marines, too, were not trained for landing operations, to be followed by a land war of maneuver. Good men all, their duties had been aboard ship, and as brass-button garrisons in far-flung colonies. U. S. marines have had exactly the right training for a "Norse" operation, and would have given the Germans a far more telling battle, according to American army and navy men. This was a technical matter of opinion.

### Anti-Italics

English and French battleships were concentrated in the faraway eastern Mediterranean, and the British merchant marine was ordered out of the blue Mediterranean waters. The English itinerary to India—the imperial lifeline—was re-routed around the African horn, the Cape of Good Hope, to escape Italian submarines, seaplanes, and sea-

sleds. For Italy has the third best air force in Europe, and perhaps the world's best submarine flotilla. And Italian seafaring torpedo-carriers are a tested Roman specialty.

Roosevelt's ambassador to Rome, William Phillips, pleaded with Mussolini to keep out of the war, and Moscow accused Rome of blackmail (Finland is so easily forgotten!). The Aegean sea loomed up as a possible location for Italo-Allied warfare, but some observers believed that the badgered French might cede Mussolini their African Tunis (just below Sicily), in order to keep the Iron Duce quiet. There are roughly an equal number of Italians and French living in the predominantly Arabic colony. "France must learn to give," remarked a worried U. S. official.

One minor school of thought held that the English battleships were moved to the eastern Mediterranean, to get them away from "doomed" Scapa Flow, and the pestiferous German flyers.

## THAT '40 ELECTION: Nomination Notes

Tom Dewey, dashing Wunderkind of Manhattan, appeared to talk himself into indigestion out west, and was laid up pro tem. He lost some Republican convention delegates, too. Massachusetts primary voters plumped for an unpledged decision, instead of for Tommy. In Florida, a stop-Dewey campaign began.

Elliott Roosevelt, described as "talkative," said his father might not run for a third term. The father of the son said nothing.

Boss Green of the A. F. of L. accused Boss Lewis of the C. I. O. of presidential aspirations on a third ticket. Third term versus third ticket?

New York's Mayor LaGuardia was rumored to be considering himself either as a Republican, or as a Democratic, vice president!

There was, too, a lot of talk about a Farley-Garner, or Garner-Farley, ticket, and a lot of wishful thinking about Roosevelt's being tired. To his friends, who are many, Roosevelt did not seem tired at all. But Rep. Tinkham of Massachusetts declared that another term of Roosevelt, and Hull, would surely mean war for the United States.

Meanwhile, third terms aside, the President's mother became ill from food-poisoning on her way to the World's fair, and had to be treated in a local drugstore for two hours.

## SEEING RED: "Protection"

Clarence Hathaway, editor of New York's community "Daily Worker," was convicted of criminal libel after a trial of three weeks. He faced a maximum penalty of a year in the concentration camp, like his party chief, Earl Browder, who got into trouble over phoney passports, and the American-Nazi chieftain, Fritz Kuhn, whose followers Uncle Sam "protected." Hathaway, 46 years old, is younger than Browder.

## Junior-Senior Banquet

The Hedley school has been fortunate in having such an active and enthusiastic Junior class. Probably one of the reasons for this great progress has been attributed to their sponsor, Mr. Ballard. Last Friday evening May 10 these Juniors gave the Seniors one of their grandest events of the year, their banquet. They took the popular subject of Gone with the Wind for their theme.

The Seniors were welcomed into the hall filled with that southern accent. The tables were gorgeously arranged with plate favors which took the shape of Scarlett O'Hara. Her large skirt held the menu, the program and the roll call of the Junior class and sponsor. The all southern mammy presided at the front of the table and passed grape julep for the guests as they found their places.

V A Hansard, the president of the Junior class, presided as

toastmaster. Mr. Payne led the devotional. The girls chorus, Margaret McClung, Chancey Ruth Key, Geneva Leach, Jane Kirkpatrick, Camilla Doherty and Jane Ruth Hall sang "O Black Joe, Beautiful Dreamer, and The Singing Hills." Next we had the welcome by Billy Clifford Johnson and the response by Doris Merle Everett.

The next part most assuredly shouldn't be omitted as it was our meal. To the Juniors I want to say that I didn't hear one complain about not having enough to eat. We had grape julep, baked ham, pineapple, new potatoes, green beans, radishes, rolls, butter, fruit salad, cake, iced tea, nuts and mint. All the credit for this fine meal went to the Home Economics classes and they certainly did a fine job of the preparation as well as the serving.

After this grand meal, District Attorney John Deaver of Memphis spoke to us. He gave us some very interesting hints, thoughts and advice. Last, the

entire group sang "Dixie."

The lucky ones who enjoyed this banquet were John Deaver, W. O. Payne, Virgil Gregg, Vernon Bullard, Meadames Owen, Watkins, and Reast. Misses Saw kids, Bishop, and Oleck, Ralph Alewine, Paul Bailey, Eutha Davis, Doris M. Everett, Nina Jo Foster, Juanita Harrison, J. O. Hickerson, Don Hickey, Wayne Latimer, Della McLaughlin, Yvonna Meeks, Faye Leach, Irene Proffitt, Glenn Richerson, Paul Stewart, Eva Tims, La Verne Wade, Emory Stone, Travis Alexander, Jack Farris, V. ### NOTICE

The Women's Culture Club is planning a political rally. Watch for the date.

## Commencement Service

One of the most thrilling affairs of the Senior year was the Commencement Service delivered by Rev. J. M. Sibley of Sweetwater Sunday night. Mrs. Root Watkins played the procession. The invocation was given by Rev. L. A. Carter. Hymns "Holy, Holy, Holy" and "O Worship the King" were sung by the assembly. Announcements were made by Mr. Payne. A special song, "Praise Ye the Lord All Ye Nations" was given by a ladies quartet. The sermon was delivered by Rev. Sibley. The benediction was given by Rev. L. A. Carter. The entire audience stood during the recessional.

## Seniors Entertained

The senior class and sponsor were entertained with a 42 party in the home of Miss Okey Watkins. Sixteen members enjoyed playing 42 dominoes and chess.

The school colors, red and white were carried in the refreshments of punch and cake. We all thoroughly enjoyed the thoughtfulness and kindness of Miss Watkins. Those present were Eutha Davis, Doris Everett, Juanita Harrison, Jo Foster, Yvonna Meeks, Leach, Della McLaughlin, Tims, Irene Proffitt, Travis Alexander, Ralph Alewine, Paul Bailey, J. O. Hickerson, Wayne Latimer, Paul Stewart, Emory Stone and Mrs. Owen.

## Srs. Enjoy Being "Kids"

The entire school was surprised Thursday morning when a group of small children arrived at the high school building. These little children were the candidates for diplomas this year. They dressed as on their first day at school with long curls, pig tails, ribbon bows, knee breeches, little red ties. To keep these little people from crying, Supt. Payne allowed them to bring their dolls, suckers and toys. Mother Owen ushered her little children to the front row for the regular weekly assembly program. To their surprise Mr. Payne asked them to take part in the program; so little J. O. Hickerson said Little Boy Blue, little Juanita Harrison gave Little Miss Muffitt, and the entire group sang Good Morning to You. Mother Owen knew all the little children liked ice cream so she directed us to the drug store where each one received a red ice cream cone. These little ones were Don Hickey, Doris Merle Everett, Eutha Davis, La Verne Wade, Nina Jo Foster, Glenn Richerson, Eva Tims, Neoma Thomas, Della McLaughlin, J. O. Hickerson, Irene Proffitt, Faye Leach, Juanita Harrison and Yvonna Meeks.

## Assembly

The members of the Sophomore class and Commercial classes, under the direction of Mr. Gregg, presented the program in assembly Thursday. The program was divided into four parts the first part being a talk "How to Get a Job" by V. A. Hansard. The second part was an office scene, the characters of which were Billy Bridges, Jane Ruth Hall, Jewel Ivey, and Camilla Doherty. Margaret McClung, Geneva Leach, and Chancey Ruth Key presented a musical number. The group concluded the program with a playlet, "A Day at School" in which all members of the class participated.

Sophomores, you have real talent in your class.

On Thursday May 2, Mr. Drennan, Dean of Clarendon College, gave a talk on being a teacher. He pointed out the value of being a good teacher. Mr. Drennan is expert in the educational field and he is one of the most educated men in our section of the state.

## HELP TO KEEP THEM IN SCHOOL

- Of the total taxes paid each year by this Company and associated Companies as citizens of your community, a substantial proportion goes to the support of your schools.
- The Companies' total tax bill for 1939 exceeded \$3,000,000—more than \$8,000 a day! One of the large items in it was school taxes.
- Educators have estimated that in the United States the average cost of putting a child through one year of public school is about \$75.00. If the total taxes paid annually by these Companies were applicable to educational purposes alone, they would provide a year's education for something like 40,000 children every school year!
- Our taxes are important to the proper maintenance and conduct of not only public schools but also all forms of government. They are an obligation of citizenship and contribute to the welfare of communities throughout the territory we serve.

## TEXAS PRESENTS JOHN GARNER

John Nance Garner, the farm boy who became the greatest Vice President since Thomas Jefferson, will be officially presented to the nation by his native Texas this month as a candidate for President of the United States.

Patriotic Texans will assemble at precinct conventions next Saturday, May 4, and at county conventions the following Tuesday, where delegates will be chosen for the state convention. It is expected that they will adopt resolutions endorsing the Roosevelt-Garner administration and urging the nomination of their favorite son as the President's most logical successor.

Unlike the favorite-son candidates of most states, John Garner is a leading choice for the nomination. His unexampled public record makes him the most unique statesman of our time. Not only is he the only living man who has presided over both Houses of Congress, but he is the only Southerner who has been elected to a national office by a vote of all the people of the United States since before the Civil War.

Because of his liberal record, rural background, and unquestioned Americanism, political observers in Washington believe he is the best bet to carry the Democratic Party forward to victory this fall.

## Star Dust

By VIRGINIA VALE  
(Released by Western Newspaper Union.)

CECIL B. DE MILLE has a tip and a challenge—but not an invitation—for young men who can act. He urges them to come to Hollywood, though he's not promising them a thing.

"Hollywood today is suffering from a serious shortage of leading men," he declared recently. "Not just handsome 'glamour boys,' but good looking, fine-acting, upstanding he-men. There are only a few here—not one-quarter of the number we need—and those few are in such terrific demand that sometimes they're almost impossible to get."

You see, he'd had trouble in casting two of the three male leads in "North West Mounted Police," in

CECIL B. DE MILLE

which Madeleine Carroll and Paulette Goddard are the leading women. Difficulty in getting men to play opposite those two girls! He wanted Robert Preston, and that was simple enough; Preston is a De Mille discovery. But it took months to get Gary Cooper on a loan-out from Samuel Goldwyn, to whom he is under contract—exactly ten other producers were after the rangy Cooper at that time.

He needed another leading man, one convincing in strength and acting ability, to be Cooper's rival for Madeleine Carroll's hand. It took another three months before he could fill that part with Preston Foster. Whereupon he decided that there weren't nearly enough good looking young he-man actors in Hollywood.

(To any young man thinking of accepting Mr. De Mille's challenge we suggest that you first prove to yourself that you can act and also prove that you have money enough to support you for a long, long time. It took John Carradine three years, as Mr. De Mille pointed out, to get a hearing.)

Mrs. Fred MacMurray is studying book binding, and her first efforts will be bindings for all the scripts Fred has done in pictures. We could make suggestions for the proper material in which to bind one or two of them, but she might not like them—and anyway, it's not an actor's fault if he finds himself working in a bad one.

It's the Metropolitan Opera company that succeeded in signing up Deanna Durbin; her debut with that famous organization is scheduled for the 1941-42 season, but she may make her operatic debut this fall with the Los Angeles or San Francisco opera companies.

Edwin C. Hill, noted news commentator, has installed in his office a teletype machine carrying transcripts of all European broadcasts. Many of the broadcasts transcribed are intended by European and Asiatic governments for home consumption, and afford an invaluable sidelight on conditions within the various countries. Mr. Hill also has his own staff of correspondents in important cities, and is served by a leading press association.

It was Andre Kostelanetz, well-known orchestra conductor ("Tune Up Time" is his radio program) and husband of Lily Pons, who initiated the campaign for a United States stamp honoring Stephen Foster. It is the first stamp honoring an American composer, and as it is a one-cent stamp probably we'll all be using it. When the postmaster general notified him that it was to be issued, Kostelanetz promptly arranged a special Stephen Foster medley of six of the most beloved Foster songs, for "Tune Up Time," with Tony Martin singing them.

During the last two years the Lakeland, Fla., home of Frances Langford, top-flight songstress, has been transformed into a money-making citrus farm; she financed it, and her father acts as manager.

LINE CRATE WITH OIL CLOTH TACK CHECKED SKIRT TO SIDES WHITE FRILL EDGES COVER FOR TOP

IN THIS column we have shown how to make useful, attractive things out of everything most from spools to tin cans, but several readers have reminded me lately that I have neglected orange crates. Here is a pair of tables to match a smart new bedspread.

The spread is made of green and white checked gingham trimmed in bands, monogram and frills of white muslin. The bed is an old iron one that has been cut down and then padded and covered with the gingham (detailed directions are in Book 3). The orange crates for the tables are lined with green oil cloth and each wears a green and white checked skirt; and a top cover frilled in white. The lamps are white and the shades are old ones covered with a plain ruffle of

white held in around the top with a band and a bow of green cut from the check material.

NOTE: Directions for making lamp shades and bedspread are in Book No. 1; complete alphabet for monograms in Book 2; streamlining old style bed in Book 3; and Book 4 contains 32 pages of original homemaking ideas. Books are 10 cents each. ## Constipation Relief That Also Pepsin-izes Stomach

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste, and bad breath, your stomach is probably loaded up with certain undigested food and your bowels don't move. So you need both Pepsin to help break up that rich undigested food in your stomach, and Laxative Senna to pull the trigger on those lazy bowels. So be sure your laxative also contains Pepsin. Take Dr. Caldwell's Laxative, because its Syrup Pepsin helps you gain that wonderful stomach comfort, while the Laxative Senna moves your bowels. Tests prove the power of Pepsin to dissolve those lumps of undigested protein food which may linger in your stomach, to cause belching, gastric acidity and nausea. This is how pepsinizing your stomach helps relieve it of such distress. At the same time this medicine wakes up lazy nerves and muscles in your bowels to relieve your constipation. So see how much better you feel by taking the laxative that also puts Pepsin to work on that stomach discomfort, too. Even finicky children love to taste this pleasant family laxative. Buy Dr. Caldwell's Laxative—Senna with Syrup Pepsin at your druggist today!

## Strange Facts

Early Acoustics Long on Pay Roll Much 'Flour' Gold

An age-old, open-air Greek theater, still standing in Epidaurus, proves that the ancient Greeks possessed an unusual mastery of acoustics. A whisper spoken on its open and uncovered stage is easily heard in every one of its 12,000 seats.

Since 1710, St. Anthony has been on the pay roll of the Brazilian army in recognition of his intercession in a successful battle with the French. First he was created a captain and, later, promoted to the rank of lieutenant colonel, his pay being given to the church monthly during these 230 years.

Although the gravel in the Snake river in Idaho is estimated to contain about \$2,000,000,000 worth of gold, much of the metal is in such minute particles, known as "flour," that few of the hundreds of machines made to recover it have been satisfactory. Some of these particles are so small that it would take millions of them to equal one cent in value.—Collier's.

Time can be saved in cooking if a large salt shaker is filled with mixed spices and kept on a shelf near the mixing table. Spices in this proportion: tablespoons cinnamon to teaspoons each of cloves, nutmeg and mace.

Here is an idea if your stove gets overcrowded with pans. Turn over the lid of pans and use the surface as a hotplate for warming dishes or keeping a smaller pan simmering.

To remove cream stains from garments or linens rub the stained area with cold water and soap and then rinse it thoroughly in cold water.

## There's a Good Reason You're Constipated!

When there's something wrong with you, the first rule is: get at the cause. If you are constipated, don't endure it first and "cure" it afterward. Find out what's giving you the trouble.  
Chances are it's simple if you eat the super-refined foods most people do: meat, white bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.  
If this is your trouble, you should eat a natural "bulk" producing food—such as one as the crunchy, toasted, ready-to-eat cereal, Kellogg's All-Bran. Eat it often, drink plenty of water, and "Join the Regulars." All-Bran is made by Kellogg's in Battle Creek. If your condition is chronic, it is wise to consult a physician.

Definite announcement of Sunday, June 2 as the inaugural day of overnight round trip, train service from Texas to Denver was made today by General John A. Huon, Vice President of the Fort Worth and Denver Railway. More than 5 hours will be slashed off current schedule from Fort Worth and Dallas to Denver.

Credit for these drastic improvements in train schedule was given by General Huon to the shift from steam power to giant, diesel electric locomotives of 4,000 h. p., as well as re-alignment of curvatures wherever necessary. The Colorado Special will be succeeded on inaugural day by a train to be known as the Advance Texas Zephyr leaving Dallas at 2 p. m. and Fort Worth at 3 p. m. daily, arriving in Denver at 7:45 a. m.

### Locker Storage Plant for Hedley

Announcement was made this week by Mr. John W. Vallance, owner of the M-System Grocery, that he is ready to construct a Locker Storage Plant in Hedley. Provided there is sufficient interest in this community shown in the project.

Mr. Vallance says that similar plants have been in operation for several years at Matador, Floydada, Plainview, Ralls, Dimmitt and Turkey and reports indicate a great benefit and saving to the people of these communities.

Regardless of the month, it is possible to butcher meat, place it in the Locker plant and keep it for an indefinite length of time without spoilage. In fact, it is reported that meats frozen, and kept at a low degree, retain their natural flavor and are more tender than freshly killed meats. Mr. Vallance advised that any one interested may see the boys at the M System.

### Mrs. Homer Glascoe Enters Race for County Treasurer

In making my announcement as a candidate for the office of county treasurer, I feel that there is little to say since I have resided in Denley county for thirty years. Most every one knows the family name, and how it has been connected with our county affairs.

Your vote and influence will be appreciated.

### Looking Around

In an address before the Panhandle Press Ass'n at Amarillo on April 12, Gene Elin, advertising manager of the West Texas Utilities Co., emphasized the change in public opinion which has been brought about by the newspapers. It is a fact that, as Mr. Elin stated, the utilities companies for many years were d at targets for demagogues and politicians looking for a vehicle on which to ride to public favor.

But as he goes on to say, the tide has definitely turned. The public has come to realize that it has in the utilities company a valuable friend, an important taxpayer, and a provider of necessary jobs, not to mention its good, consistent, modern service.

In common with most of our fellow men, we occasionally indulge in a little grumbling about our utilities bills. But would we be without their service? No, on your list!

Magazine illustrators know that the fellow who will take one glance at the Man with the Hoe keeps on looking at the girl with the hose.
