**TPCAO GETS GAS-DISTILLATE SIGNS IN UPTON PROJECT**

Texas Pacific Coal & Oil Company No. 62-D Lane, deep well in the shallow McGamey field of South-west Upton County, and 1,980 feet from south and east lines of section 5, GC&SF survey, was making hole below 7,185 feet, in the Montoya, upper Ordovician.

This project ran a one-hour drill-stem test at 6,993-7,005 feet. Gas of 150,000 cubic feet per day showed at the surface in seven and one-half minutes. Recovery was 300 feet of heavily gas cut drilling mud.

After a 15-minute shut-in the bottom hole pressure registered 1,750 pounds.

Operator drilled on down to 7,103 feet and took a drillstem test for one hour with the packer at 7,055 feet. Recovery was 210 feet of heavily gas cut drilling mud and 120 feet of gas and distillate cut mud. No signs of water were reported. The section cover by the above two drill-stem tests was in the Silurian.

This prospector is reported to be about 111 feet high on the latest marker called to the same point in the Texas Pacific No. 52-D Lane, discovery for Silurian production in the McGamey field. That well was drilled about four years ago.

**SUN GETS MARKER HIGH IN JAMESON AREA EXPLORATION**

Sun Oil Company No. 1 C. E. Mathers, outpost to production from the crinoidal reef line in the Jameson field of Northwest Coke County, and 600 feet from north and 1,980 feet from east lines of section 459, block 1-A, H&TC survey, was making hole below 5,950 feet, in the reef section, which was topped at 5,939 feet, on an elevation of 2,036 feet.

According to some correlations that puts the No. 1 Mathers about 139 feet high on the top of the reef to the same point in Sun's No. 1 J. S. Walker, located 660 feet from north and 1,980 feet from east lines of section 326, block 1-A, H&TC survey, and near No. 1 Mathers.

No. 1 J. S. Walker drilled into the Ellenburger. It had slight shows of oil and considerable salt water in that zone. It has now plugged back and will try to complete from a dense section in the crinoidal.

The fact that the No. 1 Mathers is high to the No. 1 J. S. Walker, which had some signs of petroleum in the Ellenburger, has caused some observers to think that the Mathers project may be high enough on the structure to produce oil from the Ellenburger—before it encounters the water table in that horizon.

**FOURTH WELL IN JAMESON GETS WATER IN 'BURGER'**

Sun No. 3 H. H. Jameson, 660 feet from north and 1,980 feet from east lines of section 316, block 1-A, H&TC survey, and the fourth well in the Jameson field to drill into the Ellenburger, bottomed at 7,150 feet in that zone, after showing for salt water, and no oil.

It plugged back to 6,494 feet and will try to complete from the crinoidal reef line of the Pennsylvanian. That zone showed some possibilities of making a well from the crinoidal, when drilled through.

So far none of the four projects in the Jameson field which have found the Ellenburger have been able to develop any oil or gas production of commercial quantities from that formation.

**SCHLEICHER VENTURE HAD NO SHOWS IN SOFT ZONE**

Skelly Oil Company No. 1 Jackson Central, Schleicher County, well, one and one-half miles northwest of Eldorado, and in the Sally Renshaw survey No. 781/2, was making hole below 6,160 feet in the Canyon-Pennsylvanian line.

It is reported, in some circles, that this prospector is 111 feet high on top of the Canyon to Phillips Petroleum Company No. 1 Witten, dry hole in the adjacent territory, which had some slight shows of oil in the Canyon and in some other zones penetrated.

The Skelly well had soft drilling at 6,095-6,139 feet. On account of that, operator ran a three-hour drill-stem test at 6,085-6,143 feet. There was a slight blow of air throughout the period. Recovery was 88 feet of drilling mud, with no shows of oil or gas.

The soft drilling was found to have been caused by there being gypsum inclusions in the black shale and brown lime of the Canyon.

The development is going ahead to around 7,500 feet to try to locate and test the Ellenburger.

## Palestine Hears Grim Threats Of Holy War

### Midland Store Safe Is Taken

The Service Drugs of Midland store at 411 West Illinois Street was burglarized sometime Sunday night in one of the most sensational burglaries in the city in several years.

Taken from the store were approximately \$1,200 in cash and \$600 in checks and the safe, an undetermined amount of narcotics, and approximately \$50 worth of cigarettes. Also taken were valuable perfumes and electric shavers, which were in the safe. The narcotics were taken from a locker.

The burglary was discovered Monday morning. J. B. Sanders, owner of the building, discovered the broken glass of the front door and notified store owners, Joe Lawrence and Richard Russell.

A glass front door had been broken just above the lock and it had been turned from the inside.

The heavy safe was taken and had not been found at noon Monday. It was a counter-type safe and required four men to move it when installed. A cash register on top of the safe had been lifted and placed on the floor. The big safe could be pushed, as it had rollers.

**Narcotics Taken**  
The money and checks taken with the safe were store receipts. The expensive perfumes and electric shavers were in the safe for "safe-keeping."

All kinds of narcotics were taken and their value had not been immediately determined as store owners checked. Narcotics included cocaine, morphine and other types.

The cigarettes were part of a fresh stock just purchased. City police, the sheriff's department, and Texas Highway Patrolmen were working on the case Monday.

### Martin Promises Quick Action On Foreign Aid Bill

WASHINGTON — (P) — Speaker Martin (R-Mass) said after a meeting of House Republican leaders Monday that emergency foreign aid legislation should be on President Truman's desk by the end of next week.

There is a possibility, Martin told reporters, the House will start debate this week and complete action on the legislation by the middle of next week.

Martin said the conference of Republican leaders made no decisions concerning details of the legislation, leaving that to the Foreign Affairs Committee.

The Foreign Affairs Committee voted tentatively last week to trim to \$489,000,000 the \$597,000,000 President Truman asked for winter relief for France, Italy and Australia. Then it voted to add \$60,000,000 for China.

**Senate Vote Nears**  
As yet, the committee has not formally voted to send any bill to the House floor.

The Republican conference included the Steering Committee, which shapes party policy in the House, and Republican members of the Foreign Affairs Committee.

In the Senate, a vote appeared near on a \$597,000,000 bill.

As a preliminary step to a later decision on exactly how much actual cash should be provided, Senator Edwin C. Johnson (D-Colo.) asked the Appropriations Committee to determine whether a \$232,000,000 "checking account" against American food supplies is left over from foreign aid Congress voted last Spring.

### Price-Wage Freeze Hinted By Harriman

WASHINGTON — (P) — Secretary of Commerce Harriman told Congress Monday a general freeze of prices and wages might be necessary in the future unless authority is granted now for selective price and wage controls and rationing.

Renewing the administration's plea for "stand-by" power to put on economic controls, Harriman told the House Banking Committee:

"Adequate advance preparation makes for fairness. I believe that it is advisable to start developing a program now rather than to risk the need of hasty action later, when the only feasible course might be to put on the brakes by some type of general freeze on prices and wages and then to proceed to correct the individual inequities as rapidly as possible."

It was the third appearance of Harriman before a congressional committee in support of the 10-point program President Truman laid before Congress as the weapon he needs to combat inflation.

### Subways In Paris Halted

PARIS — (P) — Strikes halted the Paris subway Monday and leaders of the Communist-dominated General Confederation of Labor defied the government's anti-strike legislation. CGT leaders summoned all workers "to action," asserting they would refuse to negotiate further toward ending nationwide walkouts if the legislation was enacted in the National Assembly.

Subways halted shortly after noon, when electric power was shut off by strikers. Gas pressure was reported at "danger levels" in the capital and service was reported stopped at Nice, Marseille and Cannes.

The assembly, which Sunday night approved a call of 80,000 men to the colors to combat the creeping paralysis induced by the strikes, became such a well of tumult that it suspended for two hours its consideration of the strike law. Neither the chairman nor speakers could be heard.

**Gas Supplies Low**  
With thousands stranded by the subway shutdown, Paris was plagued also by a strike at all six gas companies serving the suburbs. The concern furnishing gas to Paris proper continued service, although the pressure was reported only half normal.

Police and motorized armed forces opened roads in Northern France to struck coal mines, but few miners appeared to be returning to work. Flights erupted at Lievin when 700 miners tried, apparently without success, to return to work.

The majority leaders of the Labor Confederation, supporting the strikes which left 2,000,000 or more Frenchmen idle, issued a statement saying blanket increases of 1.25 to 1.50 francs (about \$9.50 to \$12) a month had been demanded effective Monday, but that the government had countered by proposing to increase the wages of those still at work by 300 francs (about \$240) for November only.

**Leaders Confer**  
Minority leaders met separately, and apparently agreed with the majority only in denouncing anti-strike measures. The action appeared to represent a sharp cleavage in the labor movement at the moment when the new government of Premier Robert Schuman was demanding extraordinary powers to beat down the Communist leadership and protect those workers still on the job.

The campaign will continue until each of the 6,300 prospects have been given the opportunity of giving to Midland Memorial Hospital. A Cleanup Dinner is scheduled before Christmas.

**WEATHER**  
Partly cloudy Monday night and Tuesday. Warmer Monday night except in Panhandle and South Plains. Maximum temperature Sunday was 47 degrees, minimum 34 degrees. Minimum Monday was 33 degrees.

### ★ LATE NEWS FLASHES ★

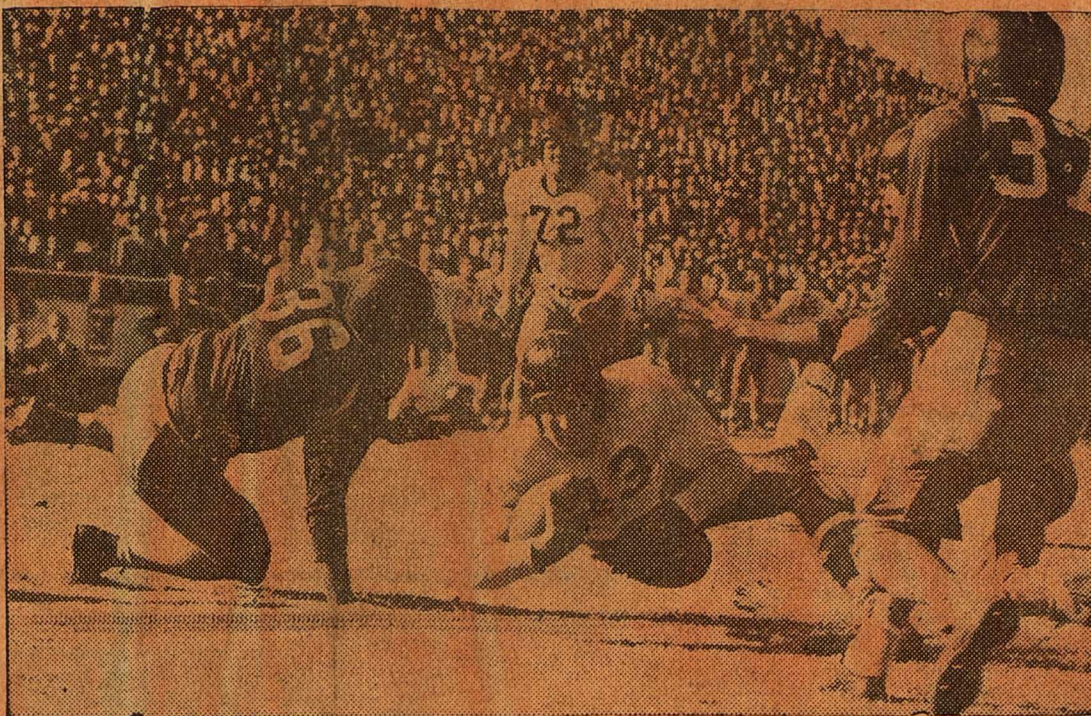

DETROIT — (AP) — The Hudson Motor Car Company said Monday a strike of 21 welders had halted automobile production and idled 12,000 workers.

WASHINGTON — (AP) — The House Foreign Affairs Committee Monday voted to restore \$38,000,000 of the \$108,000,000 it had ordered cut last week from the \$597,000,000 emergency aid program for Western Europe.

CHICAGO — (AP) — Mexico's abandonment of the slaughter-and-burial method of eradicating hoof and mouth disease among cattle was denounced Monday by the Joint Livestock Committee of 134 cattle-raiser's associations as assuring "the spread of the disease to the United States."

AUSTIN — (AP) — Railroad Commission Chairman Ernest Thompson Monday hailed Sun Oil Company's 50-cent a barrel increase in price for crude oil as "the greatest incentive for discovering new oil fields since the end of the war."

### Southern Methodist 19, Texas Christian 19

The game between SMU and TCU, played in Fort Worth, certainly gave the fans their money's worth. It was a hard fought battle until the very last second. Here No. 43, Lindy Berry, who played a superb game, flies through the air after being hit by an SMU tackler. Three plays later TCU scored a touchdown. No. 36, Howard Parker, SMU; No. 72, Clarence Marable, TCU, and No. 37, Doak Walker, SMU.

### Hospital Leaders Confident On Eve Of Victory Dinner

Arrangements were nearing completion Monday for the Victory Dinner of the Midland Memorial Hospital building fund campaign at 6:30 p. m. Tuesday in the Crystal Ballroom of Hotel Scharbauer. Leaders expressed confidence the goal of \$600,000 will be reached and perhaps exceeded when the reports of the scores of workers are tabulated.

A total of \$485,593 was reported at the last progress meeting, and campaigners have been busy contacting prospects since that time.

All division chairmen, team captains and workers are invited and urged to attend the Tuesday night event which will turn into a celebration if the goal is reached. Officials said it is most important that every person who has been directly engaged in the successful campaign attend the dinner. Reports will be heard from all groups and classifications.

**Confidential Report**  
A confidential report, prepared by the hospital office staff and distributed to team captains and other workers Saturday, showed 271 of the more than 750 business and professional firms, companies, offices, churches and schools have completed solicitations and have returned pledge cards.

The report also listed 162 "100 per cent" firms and organizations, while 56 business firms returned their cards without a single gift or pledge.

The standard of giving ranged from poor to exceptionally high, but leaders said as a whole, the average was good.

Another official report will be issued later this week.

The campaign will continue until each of the 6,300 prospects have been given the opportunity of giving to Midland Memorial Hospital. A Cleanup Dinner is scheduled before Christmas.

Construction of the 75-bed, four-story general hospital is expected to be started early next year on a seven-acre tract at the intersection of Illinois Street and the Andrews Highway.

### Six Dead, 10 Missing In Blaze At Men's Dormitory

PHILADELPHIA — (P) — Flames whipped through a dormitory for homeless men early Monday, leaving six known dead, 10 believed missing and at least 38 injured—many of them employed as street corner Santa Clauses.

Some of the victims were killed or injured in leaping from their quarters in the second and third floors of the dormitory.

**Brakes Blamed In Plane Crash Fatal To Seven**

SEATTLE — (P) — The pilot of a four-engine Alaska Airlines transport plane, which crashed and burned at the Seattle-Tacoma Airport, blamed the crash Monday on failure of the hydraulic brakes to "take the slightest hold." Seven persons died and three others were critically injured as a result of the accident late Sunday.

The pilot, Capt. James E. Farris, 37, of Seattle, told the Seattle Times that the DC-4 plane landed at a speed of approximately 100 miles an hour, "rolled like it was on a bed of ball-bearings" until it leaped a 69-foot embankment at the end of the airport runway. It crashed into an automobile on the highway below, killing a blind woman in the car. The plane was flying from Anchorage, Alaska, to Seattle.

It had 28 persons aboard, 25 passengers and a crew of three.

Three passengers were reported in critical condition at the New Newton Hospital and two were listed as unsatisfactory at Harborview County Hospital.

**Stewardess Is Casualty**  
The others had been released after treatment or were recovering from minor burns and bruises in the hospital.

The latest casualty was the plane's stewardess, Reba Monk of Santa Monica, Calif., who was credited by survivors with having led many of the passengers to safety.

The plane, a DC-4, crashed only a few minutes after it had been turned back from an attempted landing at Seattle's Boeing Field by fog.

### Reorganization Move For Republican Party Gains Wide Support

WASHINGTON — (P) — Senator Aiken (R-Vt.) claimed support among rank and file Republicans Monday for his proposal that the party "free itself from reactionary control" and appeal "to farmers, labor and housewives."

The New England lawmaker told a reporter he has received much mail since his demand last week that GOP National Chairman Carroll Reece resign as part of a "top-to-bottom" party shakeup.

"The only complaints I had were from Democrats," the grey-haired former Vermont governor said. "They gave me the devil, saying that if the Republicans kept Reece in there, they could retain the Presidency, and regain control of Congress."

Aiken said he has not talked with Reece and does not plan to do so.

### OBSERVE ANNIVERSARY

NANKING — (P) — Generalissimo and Madame Chiang Kai-Shek observed their 20th wedding anniversary Monday, entertaining 30 friends at an official dinner.

## Arabs Protest U. N. Decision

Death, strikes, insults at the United States and grim threats of a holy war developed swiftly in the Eastern Mediterranean Monday in wake of a United Nations decision to partition Palestine, a move which incensed Arabs throughout the area.

Seven Jews were killed in the Holy Land. Four other persons were slain at the Syrian capital of Damascus during an attack on Communist headquarters and the cultural center of the Russians, who like the United States, supported the move to create a Jewish state in part of the Holy Land.

### German Merger Hinted

LONDON — (P) — French Foreign Minister Georges Bidault said Monday that if the London Conference of Foreign Ministers fails to agree on the future of Germany, the French Zone may be merged with the British and American Zones to establish a unified Western Germany.

Bidault, who is going to Paris Monday night for conferences with French government leaders, stated this position at a meeting with French reporters shortly before the Foreign Ministers Council opened the second week of its sessions at Lancaster House.

Meanwhile, it was authoritatively reported that Russia had turned down a French proposal for settling the issue of German assets in Austria, which is the chief barrier to completion of an Austrian peace treaty here.

**Want Austrian Assets**  
The French plan has been under consideration by a committee of deputy foreign ministers, who are due to report to the Big Four Tuesday. Action by the deputies may not necessarily be final.

The Russians contended they are entitled to all assets in Eastern Austria formerly owned by Germans. The French proposed that by way of settlement they accept payments of \$100,000,000 plus the Deutsche Shipping Company and a share in the Zisterdorf oil field production.

American informants, reporting on Monday's deputies' meeting, said efforts by the United States and Britain to get the Russians to fix a value on their total claims proved unavailing.

Secretary of State Marshall and his aides prepared specific proposals for the unification of Germany and the eventual creation of a central German government.

### JayCees Christmas Planners To Meet

JayCee directors and committee leaders of the unit's Christmas activities program will meet at 7 p. m. Monday on the mezzanine floor of the Scharbauer Hotel.

Plans will be made for the opening of the Christmas program. Also, extensive plans will be made for a Junior Chamber of Commerce party.

### 4-H Achievement Winners

(NEA Telephone)  
Donald Stoten, Jr., 20, of Carthage, Ill., and Lavona Thorndyke, 18, of Lambert, Okla., won the Achievement trophies and \$200 scholarships at the twenty-sixth National 4-H Club Congress in Chicago. They received the prizes because of their work in the interests of their clubs.

By The Associated Press

Death, strikes, insults at the United States and grim threats of a holy war developed swiftly in the Eastern Mediterranean Monday in wake of a United Nations decision to partition Palestine, a move which incensed Arabs throughout the area.

Seven Jews were killed in the Holy Land. Four other persons were slain at the Syrian capital of Damascus during an attack on Communist headquarters and the cultural center of the Russians, who like the United States, supported the move to create a Jewish state in part of the Holy Land.

The American Legation in Damascus was stoned, its shutters torn off and some of its windows broken.

Shouts of "down with the United States," "down with the American University" and "give us arms" rang through the streets of ancient Cairo. Students also cried out against Jews.

The threat of holy war seemed implicit in utterances of Abdel Rahman Azzam Pasha, secretary of the Arab League.

Trygve Lie, UN secretary-general, called in his top aides Monday to consider problems growing out of the partition decision. One question is whether the Security Council should have a special meeting to get reports on disorders.

of the Arab League of seven nations with 33,000,000 Arabs. He declared the Arabs never would submit to partition.

"I cannot say where and when I will place my troops," he declared. "I can only say we will fight and are preparing for victory. It is a question of life or death. We never wanted violence or war. x x x Now our hands are forced to a definite course for which Palestine Arabs and the whole Arab world have no alternative."

**Three-Day Strike**  
A Cairo informant said King Ibn Saud of Saudi Arabia had agreed to give oil revenues paid him by U. S. oil companies, estimated at \$18,000,000 annually, to support Arab military resistance. There was no comment from the king.

The Arabs called for a three-day general strike throughout Palestine, beginning Tuesday, and lightened the boycott of Jews. Sixteen Arabs were wounded slightly at Acre Prison when guards opened fire on prisoners attacking Jewish inmates.

Hagana, the Jewish underground army, was said to have 50,000 to 70,000 troops ready for battle. It called for mobilization of Jews, women as well as men, between the ages of 17 and 35.

The Jews celebrated throughout Palestine with parades, street dancing and display of national banners.

### DAMASCUS RIOTS

DAMASCUS — (P) — Business in this Syrian capital was virtually at a standstill Monday as mobs protesting the UN decision to partition Palestine—rioted through the streets in a continuation of demonstrations that claimed four lives Sunday.

The killings occurred during an attack on the Soviet cultural center and the nearby Communist headquarters by a crowd of several thousand persons.

### Packages To Be Mailed At Mackey Showroom Beginning December 12

The showroom of Mackey Motors, at the corner of Missouri and Lorraine Streets, will be Christmas package headquarters for Midlanders beginning December 12.

Postmaster N. G. Oates announced Monday the showroom has been rented for the period December 12 through December 24, and parcels will be accepted for mailing only at the showroom during that time.

Stamp windows and other regular post office activities will continue to be maintained at the post office, he said, and incoming packages will be delivered from the post office. But, only at the Mackey Motors can outgoing packages be handled during the period of the heavy Christmas rush.

### ERNST LUBITSCH, FILM PRODUCER, DIES

HOLLYWOOD — (P) — Death has taken Ernst Lubitsch, the producer whose deft handling of motion picture situations made the term "the Lubitsch touch" synonymous with sophistication in the film industry. Lubitsch, 55, who elevated many a player to stardom, died Sunday after suffering a heart attack.

## Schoolboy Layoff Starts This Week

By HAROLD V. RATLIFF  
Associated Press Sports Editor

The Texas schoolboy football play-off moves into its first round this week with three games Friday and five Saturday—a free-for-all, typical of 28 years of battling, in the offing.

Championship favorites are bracketed in such a way that one will eliminate the other before the finals, and the make-up of the play-off field is a hodge-podge of beaten and tied teams.

### Three Southwest Conference Teams Have Bowl Dates

By The Associated Press  
The Southwest Conference championship was neatly packaged and tagged "Southern Methodist" Monday as all but three teams waited for next year.

A wild 19-19 tie with Texas Christian last week gave the undefeated Mustangs the title. They finished a half-game ahead of Texas.

Three of the seven conference teams have bowl dates New Year's Day.

Southern Methodist plays undefeated, untied Penn State in the Cotton Bowl at Dallas; Texas plays Alabama in the Sugar Bowl at New Orleans, and Texas Christian meets Mississippi in the Delta Bowl at Memphis, Tenn.

Texas finished the year with nine victories and one defeat when it blasted Texas A&M, 32-13, Thanksgiving Day.

Arkansas, 1946 co-champion and Cotton Bowl representative, landed in sixth place in the standings if time with one victory, one tie and four losses.

Rice, the other co-champion and an Orange Bowl contestant last season, finished third in the loop on a 34-6 win over Baylor last week to end with a four-two-nothing record in conference play.

Walker Top Score  
Baylor, which won only one conference game, finished last, while Texas Christian held down fourth place on two wins, three losses and a tie.

All-American Doak Walker, who kept the Mustangs undefeated by setting up the final touchdown in the last seconds of play, topped individual scorers with 87 points.

The three touchdowns he scored against Southern Methodist boosted Pete Stout into second place with 54 points.

Couch Matty Bell said Southern Methodist would rest until December 10 before resuming work-outs.

The University of Texas will not practice until December 8, and Texas Christian will wait until December 15.

North Texas Will Play In Salad Bowl

PHOENIX, ARIZ. (AP)—North Texas State Teachers College of Denton, Texas, will meet the University of Nevada in the first annual Salad Bowl football game here New Year's Day.

The Lone Star Conference champion was named to the bowl Sunday night.

North Texas' Eagles have 10 vic-

tories against one defeat this year. Their only loss was to Arkansas of the Southwest Conference.

gards, Harris, Layne, Walker and Scott were unanimous picks.

The other four spots were filled by close margins.

Sid Halliday, the blond pass-catching, fierce-tackling Southern Methodist star, edged big James Williams of Rice for the other end position.

Jim Winkler, huge Texas Aggie tackle, came in just a little ahead of Weldon Edwards of Texas Christian for the other forward job.

Earl Cook of Southern Methodist barely beat out Theron Roberts of Arkansas and Charles (Chuck) Stone of Baylor for the other guard position.

Pete Stout, the line-ramming, high-scoring fullback of Texas Christian, got the fourth backfield spot. Dick McKissack, brilliant Southern Methodist fullback, was very close.

Here are the All-Conference selections:

Position Player Texas Wgt. Year Home Town

End Max Bumgardner, Texas, 187, Senior, Wichita Falls

End Sid Halliday, SMU, 195, Senior, Dallas

Tackle Dick Harris, Texas, 212, Junior, Wichita Falls

## Bulldog Cagers To Practice

The 1947-48 Midland High Bulldog cagers were scheduled to open drills Monday at 3 p. m. in the gymnasium.

Coach Jack Mashburn had the equipment ready to outfit the boys and send them hustling into an initial workout.

The Midlanders are hunting a game for Friday night and are scheduled in a tourney at Abilene December 11-12.

Two outstanding basketball performers were included in the team candidates and upon the duo much will depend. They are Larry Messersmith, crack basket-ringer, and Fred Dunn, tall and rangy under-the-basket man. Letterman Dunny Goode, one of the fastest men down court in the district, also will be on hand.

Up from the very good "B" team of last year will come Herman Hankla and Hoot Harris, a couple of smooth performers.

OREGONIANS IN MIDLAND

Mr. and Mrs. Henry Currie and Joyce Currie of Central Point, Ore., and Mr. and Mrs. George Gleim are visitors here in the home of Robert Currie. Mrs. Gleim is the former Marjorie Nell Currie.

## One Game Left As Dizzy 1947 Grid Campaign Ends

NEW YORK (AP)—They prepared the 1947 college football season for moth balls Monday and the fans, left limp by one of the dullest of campaigns, began collecting second wind for the Bowl madness January 1.

There is only one genuine pulse-quickener left on the regular schedule—that's Notre Dame's encounter with Southern California Saturday in Los Angeles. The handful of other remaining games are minor.

The unblemished Fighting Irish will be out to clinch the mythical national championship by making a better showing against the onced-d Trojans than does Michigan in the Rose Bowl on New Year's Day.

For weeks now it's been nip-and-tuck between Notre Dame and Michigan for the No. 1 spot in the Associated Press poll. A decisive victory Saturday might put the Irish in.

Mighty Army Falls  
But regardless of what occurs the rest of the way, the 1947 season already goes into the books as one crammed with surprises.

It was a year that saw Army, unconquerable for three seasons, lose two games and tie two and then rear back for one magnificent afternoon to smother Navy, 21 to 0.

It was a year that saw Michigan return to prominence in the Western Conference and Southern Cal

to supremacy on the West Coast to lay a star-spangled setting for the annual Battle of Roses at Pasadena.

Dark horses were the rule rather than the exception in emerging as sectional champions.

In the Southeastern Conference, where Alabama, Tennessee, Georgia and Georgia Tech have long been dominant, little Mississippi rode to the title crest behind passing Charlie Conerly and snagging Barney Poole by beating Mississippi State, 33-14. Mississippi will play TCU in the Memphis Delta Bowl.

Surprise Theme Prevails  
Southern Methodist, although tied, 19-19, in it's final game by TCU, surprised by beating out Texas and Rice in the wide-open Southwest Conference. SMU plays Penn State in the Cotton Bowl.

William and Mary outdistanced favored North Carolina in the Southern.

The "surprise" theme prevailed right down through the last big Saturday.

Georgia Tech, slated for the Orange Bowl in Miami against Kansas, edged past Georgia, 7 to 0, and Kansas overwhelmed Arizona, 54 to 28.

Alabama, which has a sugar Bowl date with Texas in New Orleans, had anything but easy sailing in triumphing over Miami (Fla.), 21 to 6, Saturday night.

Texas Tech won a spot in the

## A-B Schoolboy Teams Pair Off This Week In Semi-Final Round

By The Associated Press  
First round games in 21 regions of Class A and Class B schoolboy football will be completed this week. Finals will be next week, bringing an end to play for the year in these divisions.

Ten regional titles will be determined in Class A and eleven in Class B.

Here is how the West Texas district champions pair in the first round this week:

Class A—Region 1, Perryton vs Canyon, Shamrock vs Paducah; Region 2—Levelland vs Tahoka, Seminole vs Merkel; Region 3, Coleman vs Eastland, Stamford vs Olney; Region 4, Bowie vs Diamond Hill (Fort Worth), Irving vs Plano.

Class B—Region 1, Spearman vs Happy, Whitharral vs New Deal; Region 2, Crane vs Sanderson, Bronte vs Menard; Region 3, Rochester vs Clyde, Melvin vs Comyn; Region 4, Baird vs Strawn, Alvarado vs Valley Mills.

## One Game Remains On Texas College Slate

By The Associated Press  
Except for one game, the Texas college football campaign is at an end with Southern Methodist the only undefeated team. The Methodists, however, were tied.

Hardin-Simmons plays Arizona State at Tempe Saturday in the last game of the season.

North Texas State finished second to Southern Methodist with 10 victories and one loss, while Texas had nine wins and one defeat.

The standings of leading Texas college teams:

Team W L T Pts. Op.

Southern Mdst. 9 0 1 169 77

North Texas St. 10 1 0 250 64

Texas 9 1 0 205 67

Texas A&I 7 1 1 163 61

East Texas St. 8 2 0 222 59

McMurry 7 2 1 139 63

Sul Ross 7 3 0 277 83

Hardin-Simmons 6 3 0 210 87

# OWNERS LIKE the KAISER and the FRAZER!

## THEY WRITE FROM EVERYWHERE PRAISING PERFORMANCE, RIDE AND SERVICE

The Kaiser and the Frazer have been tried out in hundreds of millions of miles of motoring, by more than 115,000 owners. The verdict of these critical buyers is overwhelmingly favorable. Their experience adds up to such enthusiastic endorsement that more than half the sales we make result from owner recommendations!

Owners of Kaiser and Frazer cars write letters to Willow Run by the thousands, praising the performance, ease of control, roominess, economy and, above all, the ride that these great postwar automobiles give them. The following excerpts from unsolicited letters tell the whole story of why Kaiser and Frazer owners like these fine cars.

### These Voluntary Statements Are Typical of Thousands

All Around Satisfaction—"I purchased the first Frazer car sold in our town. It is the best automobile I have ever owned or driven—and that takes in a goodly number."—From a Hamilton, Mont., Farmer.

Effortless Driving—"I have never experienced such performance and effortless driving as I have since I became the owner of a Kaiser—wonderful to handle in traffic."—From a San Marcos, Cal., State Forester.

The Best Ride of All—"I have driven my Frazer 8,247 miles. On a recent 2,780-mile trip through Canada I averaged 26.6 miles to the gallon. I have owned and operated many different makes of cars over a period of a great many years and never until I bought my Frazer have I owned a car that was so economical and I can truthfully say that this car gives the best ride of any automobile I have ever owned."—From a Cranston, R. I., Physician.

Safety—"For comfort and safety, I am convinced—after 10,000 miles—that no other car in any price range can compare with my Kaiser."—From a Mayfield, Ky., Sgt.

No Fatigue—"Driving my Frazer an average of 15 hours a day, I made the run from New York

to San Francisco in 514 days without the slightest fatigue. The road stability of the car is remarkable. Total absence of vibration. Absolute steadiness of the wheel."—From a Belgian Diplomat.

Service Accessibility—"I bought my Kaiser as I was sold on its workmanship, design and performance. Have just completed a 5,500-mile vacation trip and I like the lubrication layout and the way you can get at the engine. All parts that might need repair are more accessible than in any other car. These words are not only mine but those of service station attendants in many localities."—From a Peoria, Ill., Factory Supervisor.

Comfort—"After averaging 420 miles a day for 17 straight days on a round trip to California by way of Florida with my wife and three children, none of us were travel-fatigued when we got home. The Frazer is really a great car."—From a Trenton, Mich., Businessman.

Good Service—"A product is only as good as the service in back of it. My Kaiser has been well serviced everywhere, from the start, and I am perfectly satisfied."—From a Providence, R. I., Motor Vehicle Inspector.

Performance—"If any of your prospects want performance figures, here are a few: I just finished

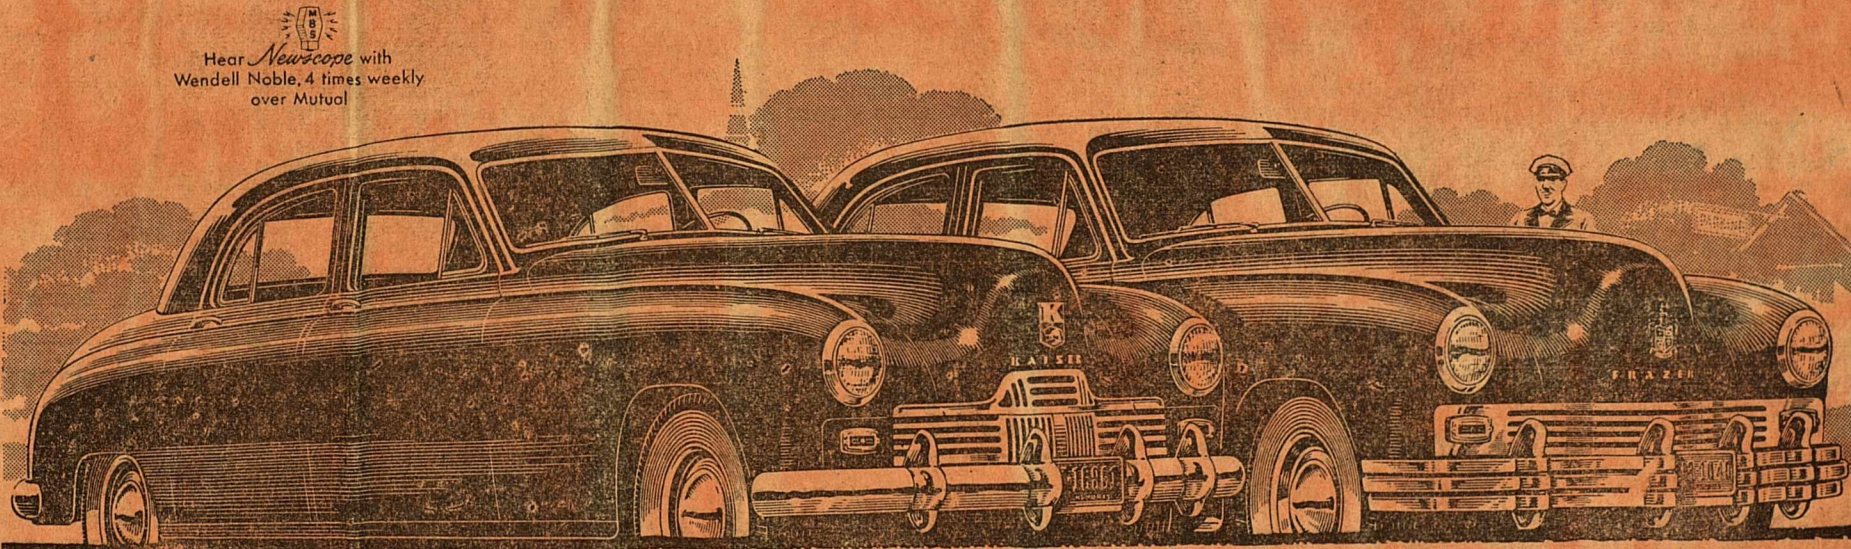

a 4,000-mile trip in my Frazer averaging above 20 miles per gallon at between 60 and 70 miles per hour. The car will hit 100 miles per hour anytime and will do 70 miles per hour in second gear. I can truthfully say that my car performs better as it gets older."—From a Laurel, Md., Businessman.

Roominess—"Friends who ride in my Kaiser are amazed at its roominess and at the smoothness of the ride."—From a Milwaukee, Wis., Retired Businessman.

Styling—"Our new Frazer has the more-expensive-car performance and styling and the less-expensive-car economy."—From a Hamilton, Ohio, Engineer.

Excellent Treatment—"We were on the list for 8 months when we took delivery of our Kaiser. In this day of 'under-the-table' deals, and 'accessories-or-else' policies, it is refreshing to report the excellent treatment we have had from your dealer."—From a Passaic, N. J., Businessman.

Most Satisfactory—"I want to thank you for selling me a Frazer. It is the most satisfactory car I have ever driven—and I have owned several different makes of cars in both the low-priced and the high-priced lines."—From a Boston, Mass., Insurance Executive.

## ACA Committee To Be Elected Next Monday; Ballots Being Mailed

Election of Midland County Agricultural Conservation Administration committeemen will be held on the second floor of the courthouse Monday, December 8, ACA supervisor J. A. Boyd announced Monday.

Polls will be open from 9 a. m. to 5 p. m., he said. There will be only one election in the county, since Midland has been a "one-community" county. Ballots were being mailed Monday to all eligible agricultural producers. Boyd announced voters may be cast by execution of ballots according to instructions accompanying the ballots, and mailed or returned to the ACA office on or before December 8.

Names on the ballot include present committeemen W. E. Pigg, D. W. McDonald and Z. T. Elkins. Pigg is chairman of the committee, and McDonald is vice chairman. Alternates are Zachary J. Lowke and Alvin C. Teinert. John M. Curtis is listed as candidate for county convention delegate, with Walter A. Kreigel alternate delegate.

Swedish immigrants to the United States in the 1600s originated the use of the log cabin in America.

## This Home-Mixed Cough Syrup Is Most Effective

Cough medicines usually contain a large quantity of plain syrup—a good ingredient, but one which you can easily make at home. Take 2 cups of granulated sugar and 1 cup of water, and stir a few moments until dissolved. Or use corn syrup or liquid honey, instead of sugar syrup.

Then get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle, and fill up with your syrup. This gives you a full pint of wonderful medicine for coughs due to colds. It makes a real saving because it gives you about four times as much for your money. Never spoils. Tastes fine. This is actually a surprisingly effective, quick-acting cough relief. Swiftly, you feel it taking hold. It loosens the phlegm, soothes the irritated membranes and makes breathing easy. You've never seen anything better for quick and pleasing results. Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way.

## Right up in the FOUR-FRONT

SCATTERED across this nation are some of the cageiest automobile buyers the world ever saw.

They cut their eyeteeth on a steering wheel, so to speak—they know car values from A to izzard—and you have to be plenty good to step ahead of your price class in the volume of your sales to them.

That's why it's startling—sometimes even to us—to see the double-barreled story of public preference that's written in the sales records and registration figures:

ITEM: Only three cars outsell Buick—and all of these are in the so-called "low-price field."

ITEM: In some localities—and quite often in polls that ask "Which car will you buy next?"—Buick ranks not fourth, but third, actually ahead of one of the lowest-priced three.

Naturally, the smart buyer will ask "How come?"

Well, the most standout style of the season, the style that's the clearest forecast of wonderful

things to be, undoubtedly has much to do with it.

But that isn't all. The dollar is still a pretty important measuring stick.

So we don't think Buick could be where it is if it didn't offer a bigger dollar's worth—bigger in size and substance, in lift and life, in soft ride and easy handling, bigger in the all-round happiness you'll get out of your buy.

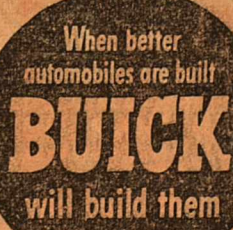

Which suggests, of course:

Why go against the solid judgment of your fellow men? Why not see your Buick dealer now—with or without a car to trade—and place the order that will put you where you belong, right up in the four-front?

"Dear Santa Claus:  
I would like a Mickey Mouse watch and a pair of cowgirl boots. I would like a volleyball or a basketball. Bring a doll with a pair of pajamas (blue) and a dress or two. It is for my sister because I do not want a doll this year. She might want a book, too.

Look for something to eat, Your friend,  
NANCY SUTHER"

## Midlanders To Attend District ACA Meeting

J. A. Boyd, Midland County ACA supervisor, and members of the county committee will attend a district meeting at Big Spring Thursday and Friday. Boyd announced Monday, W. E. Pigg, D. W. McDonald and Z. T. Elkins are committee members.

## New Strikes Threaten De Gasperi Government

ROME—(P)—The prospect of a nationwide strike of municipal employees threatened Monday to add to the difficulties of Premier Alcide de Gasperi's Christian Democrat government, which has been under fire from the left wing for the last three weeks.

Rome city workers announced Sunday night they had approved the National Federation's decision to strike Tuesday "after the failure of all peaceful means" to obtain higher pay and the right to organize.

## Quail Season Opens Monday As Reports Say Birds Plentiful

Open season on quail opened Monday morning and will extend through January 16, during which time almost all Texas counties will be scenes of regular sorties against a quail population, reported to be unusually large in virtually all parts of Texas.

There are several counties where there won't be any legal quail hunting this year, however. One is Andrews. Others are Guadalupe, Borden, Camp, Delta, Duval, Franklin, Garza, Hopkins, Kenedy, Kent, and Kleberg. Quail shooting in those counties has been forbidden until Dec. 1, 1948.

Ranchmen of Midland and other West Texas counties have reported large numbers of quail this year. At the same time, ranchmen have requested hunters get permission before shooting on their land.

Shottguns, of course, may not be larger than 10 gauge. They must be plugged so they cannot hold more than three shells, including the one in the firing chamber. Bag limit is 12 per day, and not more than 36 per week, or in possession.

## Nobody Hurt When Plane Strikes Bridge

WASHINGTON—(P)—A Navy torpedo bomber Monday crashed into one of Washington's busiest bridges during a busy hour—and no one was seriously injured.

The plane—which the Navy said it believes was piloted by Lt. S. T. biting—almost cleared the bridge. But one wing caught, and the plane looped across the bridge, which spans the Anacostia River just above its junction with the Potomac.

Witnesses said it was obvious the plane was in trouble, and hence traffic had stopped. Otherwise, the plane might have smashed into two lanes of traffic.

on this hand, but proper play produces 10 tricks.

Solomon (North) trumped the opening heart lead in dummy, cashed the ace and king of clubs and led the queen of clubs. West trumped this with the jack of spades, whereupon Solomon discarded the six of diamonds.

West continued another heart, which dummy trumped with the ten of spades. Now the ace and king of diamonds were cashed and a diamond trumped in the North hand with five of spades. Another heart was trumped in dummy with the ace of spades, and the high club was led.

West trumped this with the seven of spades, Solomon overtrumped with the nine and East overtrumped with the queen.

Now it was impossible for East and West to keep declarer from making the king and six of spades. He made three spades, the ace of diamonds and ace of clubs in his own hand, and three spades, the king of diamonds and king of clubs in dummy, which adds up to 10 tricks.

The Nile has been harnessed to irrigation for more than 5,000 years.

## Long Holiday Weekend Takes 19 Texas Lives

By The Associated Press  
A long Thanksgiving holiday recorded at least 19 violent deaths in Texas.

One person was shot to death and another died in a flame-swept house Sunday to boost the total. The fatalities by days: Wednesday, five; Thursday, three; Friday, one; Saturday, eight; Sunday, two.

A woman doctor, Elizabeth Withrow, 39, died Sunday when flames swept her Corsicana home.

Mrs. Mary Ann Kyles, 20, of Dallas was shot to death Sunday when a German-made pistol went off while she was lying on a bed with her 17-month-old son.

The young mother and her husband, Ned, were visiting his mother in Fort Worth.

A justice of the peace was withholding a verdict pending further investigation.

Robert Tucker, 24, Texas A&M College student of Whiteface, Texas, was shot to death Saturday night in a Houston suburb while in the company of the estranged wife of Donald Eugene McGowan, 27. McGowan was charged with murder in the death.

**Hunting Accident**

A junior high school student, Vernon Lee Durdin, was killed accidentally Saturday, his 14th birthday anniversary, while hunting with his father along the San Jacinto River near Comroe.

Cab Driver Victor V. Hayes, 45, was shot to death Saturday in a Houston apartment. Mrs. Baggett, 35, Houston, was charged with murder.

In a traffic accident Saturday night near Weslaco, Mrs. W. N. Simonson, 20, wife of an Army recruiting sergeant of Weslaco, was killed when a car left the highway and struck a tree.

Mrs. Emmett L. Smith, 40, of Raymondville, was killed instantly and two men were injured in an automobile accident north of Tahoka Saturday night.

Three negro children died Saturday near Vernon when flames destroyed their home.

### RONs Schedule Meeting Wednesday

A regular meeting of the Midland unit of the Reserve Officers of the Naval Services (RONs), will be held at 8 p. m. Wednesday on the second floor of the Midland County Courthouse, according to Phil Yeckel, president.

Several matters of business will be considered and Yeckel urges a full attendance of all members and other naval reserve officers.

Brumbelow reported his services at Ole Miss terminated with the regular season and he would not follow his team to a bowl game.

### Bill Asks For Higher Exemptions On Incomes

WASHINGTON—(AP)—A bill to increase all individual income tax exemptions has been introduced by Rep. Harold F. Youngblood (Rep.) of Michigan. He said it would "assist people in the lower income brackets to meet present high costs."

His measure would make the exemption \$2,500 for a married couple, \$1,000 for a single person maintaining a separate household and \$750 for other single persons.

The present exemption for individuals is \$500.

### Driver Kills Horse To Help Feed Europe

NEW YORK—(AP)—A hansom cab driver, worried over the European food shortage, slaughtered his horse in the basement of a riding academy Sunday and dropped the dismembered parts in brine for shipment abroad.

John Horkin, 39, who drove a dignified hansom in Central Park behind the horse, Portaslain, explained to police it was not that he loved Portaslain less but that he loved humanity more.

Portaslain was lame, Horkin explained, and the people in Europe are hungry.

### Grand Jury Summons Meyers' 'Girl Friend'

WASHINGTON—(AP)—The woman who branded as "lies, all lies" Maj. Gen. Bennett E. Meyers' claim she was his "girl friend," even though married, awaits her chance this week to repeat the denial under oath.

Mrs. Bleriot H. LaMarre, her husband and her brother, T. E. Readnow, disclosed at Dayton, Ohio, they had been subpoenaed Monday to appear before the federal grand jury which took up where a senate committee left off with the retired air force officer.

Mrs. LaMarre was not a witness during the sensation-packed Senate hearings, but her husband lashed back at Meyers' testimony by calling him a "snake."

## Kiwanians Urge Aid To Suffering Navajos, Adopt Other Projects

Midland Kiwanis Club members voted, at their meeting Monday, to send Representative Ken Regan a telegram urging his personal attention to the critical condition of Navajo Indians reportedly starving and needing medical attention on their reservation in New Mexico.

The meeting, at which general discussions of business supplanted a formal program, also saw the club voting to have a committee draw up and present to the City Council a request for an alphabetically-arranged group of names for Midland streets now named after single letters of the alphabet. It was further voted the club should adopt as a project the creation of recreational facilities for residents of the East side of the city.

### December Traffic Termed 'Most Deadly'

AUSTIN—(AP)—December traffic is three times more deadly than that of any other month, the Texas Safety Association warned Monday.

If last year's accident record for December is repeated this month, 162 persons will be killed in motor mishaps before Christmas. The Safety Association offered this advice:

Window shop all you want from the sidewalk, but never from behind the wheel of a car.

Pedestrians should exercise more care than usual on semi-dark streets, during rainstorms, or gloomy weather.

Drivers should take care on winter highways. Follow other vehicles at a safe distance, take it easy on curves, slow down on icy highways.

## The Chiropractor and You

No. 11 in a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

### What Will CHIROPRACTIC Do For Nervousness?

The brain is like any other organ in the body. It is dependent for normal function upon the proper supply of mental impulses to it. Tiny fibers convey these impulses from one part of the brain to the other. They pass out from the spinal cord and turn back into the cranial cavity, and are known as recurrent fibers. If anything happens to prevent these fibers from carrying the proper quantity and quality of vital energy then the tissues which they supply become abnormal in their function. Such a condition often exists as a result of slight displacement of the small bones which form the spinal column. When the vertebra is adjusted to its normal position and the pressure upon the nerve fibers is relieved, the cause of nervousness has been taken away. The reason that Chiropractic is of inestimable value in cases of nervousness is that the effects are lasting, and the effects are lasting because the cause of the condition has been eliminated.

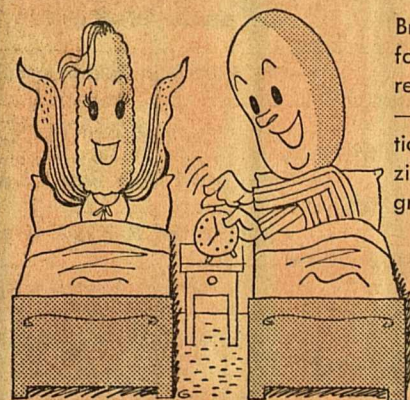

CASE HISTORY NO. 988 — A child of nine suffering from Encephalitis—a disease of the brain—and pronounced incurable. She child's breathing had become abnormal; she had spasms resembling epilepsy; she was extremely nervous. She was placed in a hospital but discharged six months later in even worse condition. Believing that "where there's life, there's hope," the mother tried specialists recommended to her, but without benefit to the child. Eventually she was talked into trying Chiropractic. Spinal analysis revealed a severe nerve pressure at the base of the child's skull, and adjustments were given to remove it. Within two weeks she began to improve and continued improving. Three months later she was discharged as well.
