Lamesa-Hi School Track Team Win Texas Tech Relays

Coach Bearden's Boys Victorious Over 39 Schools

Last Saturday the Lamesa High School Track team was successful in winning the first "Texas Tech Relays". Competing in three relays were some three hundred and fifty athletes from thirty nine schools of West Texas and New Mexico. Schools winning points in the meet were Lamesa, Pampa, Snyder, Levelland, Chillicothe, Amarillo, Big Spring, Cisco, Lubbock, Plainview, Monroe and Turkey. Lamesa won highest honors with a total of 17 points while Pampa was second with 16 points and Snyder third with 13 points.

Lamesa won 2 first places, three thirds and one fourth. The first places won were 100 yard dash and mile relay. In both of these, exceptional time was made. Douglas Hill won the 100 with the exceptional time of 9.9 seconds. This record approaches very closely the state record. The mile relay team composed of Wiggins, Norris, Costin and Hill negotiated the mile in 3 min. 34.2 sec. The time made in the relay race is very close to the state record.

Other members of the track team who made brilliant showing were: Carl Cox, Jimmie Hamilton, Richard Davis, Lex Carroll, George Addison and Isaac Medlin.

These members of the team were all in relays that placed in the meet. George Addison won third place in the Javelin throw with a throw of 156 feet. The other men all ran brilliant races on the various relays.

As an award for winning high point honors over the thirty nine teams, Lamesa was presented with a beautiful twenty five inch silver trophy. This trophy was presented by the Lubbock Avalanche Journal. Besides the high point trophy, D. Hill, the Lamesa sprint star came back with a special trophy for the 100 yd. dash and a beautiful wrist watch for winning second high point individual honors.

We wish to compliment Coach Dutchy Smith of Texas Tech for the splendid manner in which the relays were run off.

Ford Truck Caravan To Be Here Friday, April 17th

Announcement is made by the Lamesa Motor Company, local Ford dealer, of the coming of the Ford Spring Truck Caravan to Lamesa on Friday April 17th at 10:30 a. m. remaining until 1:30 p. m.

The caravan will consist of a large number of different body types recently added to the Ford line, ranging from the beautiful ambulance and funeral service coach to the immense 157 inch wheel base panel delivery that has a loading space of eleven feet.

The progress that the Ford Motor Company has made in the commercial line is impressive when it is recalled that only a short time ago the company did not build a single commercial body and painted all jobs black. Now a Ford commercial unit may be had with fifty standard Ford bodies of various dimensions and proportions and with thirty eight standard colors to suit the taste of the user.

You are cordially invited to see this large display of modern commercial equipment.

A NEWSPAPER FOR AND BY THE PEOPLE OF DAWSON COUNTY

There isn't any agency under the sun that has or can get more for a commodity than it is worth. A commodity of any kind is worth just what the buyer or consumer will pay for it. The buyer or consumer will pay as little as he possibly can for the best quality he can get. Everyone is a buyer and we are all influenced in our buying by the same considerations—that is, to make our money go as far as we can and buy as cheap as possible.

The price of cotton is determined by the volume of supply balanced against the rate of consumption. The balance may be temporarily adjusted by retarding the flow into consumption, but eventually the penalty of overproduction must be paid. Who finally pays this penalty? The producer; the owner of the land upon which the cotton is produced; the banker and merchant, who furnish production credit to the cotton farmer; and every other individual in the community that gets his support from the money earned by the farmer and spent for the things he buys. The only exceptions are the gins, which in years of large production, gin more cotton; the insurance companies, which insure more cotton; the railroads and truck lines, which haul more cotton; the buyers, brokers and shippers, who handle more cotton; the compresses, which store and press more cotton; and the railroads and truck lines which haul more cotton.

All of these groups, however, are beginning to realize that American cotton is facing a serious crisis, and are beginning to understand that permanent prosperity for the cotton producer of America is the foundation upon which the permanent prosperity of the South must be laid.

W. W. Evans Gives Stirring Address to PTA Visitors

The joint Luncheon and Lions Club program honoring the parent teachers convention here last week was a very neat affair. It served to bring all the business interests of Lamesa together and at the same time afforded the opportunity to entertain a large host of visitors from over West Texas.

The luncheon of chicken and dressing, salad, beets, potatoes, iced tea hot rolls and coconut pie was served to more than 200 guests.

Editor's Note—W. W. Evans, county agent of Dawson county was re-elected as chairman of the joint luncheon honoring the District PTA delegates. Mr. Evans paid the following tribute to the visitors.

We are favored today by the presence of many guests of honor and I am greatly influenced by the grace and charm and beauty of this occasion. We men who are members of the Luncheon and Lions Clubs are accelerated by the magnificence and influence of our guests. Your presence thrills us and ravishes us out of our present state of being into one which is not ours but one in which we delight and have the rare privilege to enjoy.

Woman seems to have always had this power to disturb or soothe, to influence or conceal; history has dealt in stern terms of woman's career. She has always shared equally with love in its capacity for influence and the fates intricately designed to create her as a great disturber. Woman! brilliant and illuminating, or sinister and black, like a flaming torch hurling through darkness. The center of intrigue, plot and conspiracy; the power behind the throne; the inspiration for achievement: Woman! The cause; the effect; the beginning; the end; the reward. The mills of destiny have ground slowly for her but the processes are refining and purifying.

Often men laud woman and attempt to place her upon a pedestal which she does not desire. The women present on this occasion, I take it are not interested in vain words but rather in fact and truth

which are fundamentals of virtue, and so my friends the Lion's Club and the Luncheon Club desire to add to the welcome you have already received from your hosts in the homes of Lamesa where you are staying and also that extended by other civic organizations by saying that we welcome you as parents, teachers, and leaders, recognizing that your influence and power is the bulwark of the homes of West Texas within which the sanctity of the rural and urban home are alike—secure!

HIGH SCHOOL PREPARES FOR SENIOR PLAY

The topic of the school at present is the senior play—"My Once in a While," and members of the cast are practicing each evening from four till five in order to make the play as big a success as those which have been given in previous years.

In the cast we find Nolen Adams making love to a Spanish Onion, and Douglas Hill, the leading man will prove to be a real treat.

The date of the play has not been determined, but is likely to be held in about two weeks—watch for the date.

"Abraham Lincoln" — featuring featuring Walter Huston and Una Merkel. A story as old as time produced into a talking picture. The dramatically tragic life of Abraham Lincoln is of never forgotten interest in the minds of the American public showing upright ideals and proves a perfect model for our modern boys.

In the story, a cabaret dancer, the toast of Budapest, a favorite in a carnival city proves her popularity—hundreds sulk because they can not get standing room to hear this amazing young beauty they idolize while Lilli, a little flower girl goes by unnoticed until the famous dancer is ordered out of town.

Glamorous nights, love, wealth, but only for a time—one night—"One Heavenly Night" with John Boles.

THE CHURCH OF CHRIST

Subject for the next Lord's Day: "A True Soldier of the Cross" and "Are We Priests?" It cost \$40,000,000,000 and twice that amount in crime and other losses to execute the late war. This would put 10,000,000 boys and girls through college at \$4,000 each. It would evangelize the world! It resulted in the development of skill and perfection in soldiery. Let us, like Paul, apply this example to "A True soldier under a Perfect Captain, Jesus himself."

We had another splendid audience last Sunday, so the good work goes forward. The young peoples are having an interesting program. Hear the adult training class on Wednesday evenings, J. T. Stricklin, Minister.

Mrs. R. E. Simpson as toast mistress welcomed the guests followed by a song by the Blue Bonnet Choral Club. Mrs. A. C. Surman gave a response to Mrs. Simpson's welcome, thanking Lamesa for the lovely luncheon and the

entire convention.

A delightful luncheon of pressed chicken, candied sweet potatoes, pineapple and cottage cheese salad corn in patty shells, hot rolls, iced tea, and coconut pie topped with whipped cream was served to about 50 guests.

The tables were centered with bud vases of yellow snap dragons and blue bonnets.

Following the luncheon the party entered into a round table discussion including reading of reports. Mrs. T. A. White of Lubbock delighted the audience with two readings. Her number "Smiles" went, with many of our patrons into their homes as the sweetest most inspiring poem of modern times.

Don't forget: Every TUESDAY is Bargain Day at Stone Dept. Store.
