SLEET, RAINFALL AND SNOW REPORTED IN WEST TEXAS AREA

(By The Associated Press)

Sleet, rain and snow last night and today brought the first "bad" weather of a belated winter season to a large area of West Texas.

A light snow fell upon a blanket of sleet at Vernon as the temperature sagged to a minimum of 28 and the first snow of the year fell at Brownwood but melted as it struck the ground. The temperature there dropped from 60 yesterday to 27 early today.

Blizzard At Coleman

A snowfall described as a blizzard struck Coleman about daylight, bringing the first moisture in several months. There were fears that small grain damaged by dry weather might suffer. One inch of snow and sleet covered the ground at Electra and on intermittent fall of snow, sleet and rain continued during the morning. Abilene also had intermittent sleet and snow.

The weather man predicted that West Texas would be fair tonight and tomorrow, with slightly higher temperatures in the Panhandle tonight. Frost was indicated for the southeast portion of the western half of the state for tonight.

At Amarillo, the minimum temperature last night was 24 but today it had risen to 40 and the sun was shining brightly.

The precipitation at Olney had reached .25 inch.

The temperature at Lubbock dropped to 20 above Sunday night, one degree higher than the lowest of the season, recorded the previous Sunday.

EXTORTION IS FRUSTRATED

DEATH IS THREATENED FOR BROKER'S SON IF MONEY NOT PAID

(By The Associated Press)

CHICAGO, Dec. 18 — Federal authorities sought the trail today of extortionists who tried but failed in an attempt to collect $10,000 from Robert A. Gardner, wealthy Lake Forest, Ill., broker and former national amateur golf champion, under threat of slaying Henry Keep Gardner, his eleven-year-old son.

A trap by five federal agents acting under direction of Melvin Purvis, chief of the Chicago division of the federal bureau of investigation, and a group of Lake Forest policemen last night failed to bring about the arrest of the extortionists. The trap was laid after a dummy package was placed at the entrance of the J. Ogden Armour Melody farm in Lake Forest, but no one appeared to collect it.

Home Is Guarded

An extortion note crudely written in pencil received by Gardner last Friday resulted in the posting of guards at the Gardner home. The note threatened to take Gardner's son "for a ride" and to "blow up" the Casino club, "where you're having a party for your daughter Mary" unless $10,000 was placed at the entrance to the Armour place.

The extortionists apparently were in error in their reference to Gardner's daughter, for it is a neice of Gardner who is to have a party at the Casino club.

Shallowater Firms Are Looted Sunday

At least two burglaries and an automobile theft occurred at Shallowater late Sunday, the sheriff's department here was informed.

A store, a garage, and possibly another business place were entered. A Chevrolet sedan owned by a lumber yard employe was stolen.

A list of the loot was not available at the sheriff's department this morning, with Sheriff Tom Abel, Deputy Sheriff Baxter Honey, and possibly other members of the department busy working on the cases.

War-Time Governor Of Missouri Dies

ST. LOUIS, Dec. 18. (AP)—Frederick D. Gardner, 64, war-time governor of Missouri and well known in national Democratic circles, died here today of a toxemic infection of the jaw which developed after extraction of a tooth.

Former Governor Gardner had been ill for three weeks. His condition grew steadily worse until last Friday an operation to prevent the spread of the infection to the base of the brain was performed.

HIGHWAY BIDS OPENED

AUSTIN, Dec. 18. (AP)—The Texas highway commission met today to consider bids for emergency construction to be paid for with NRA funds. Bids had been asked for work estimated to cost $1,925,000. Some of the proposals will not be opened until tomorrow.

Pioneer Minister Claimed By Death

AMARILLO, Dec. 18 (AP)—The body of the Rev. J. S. McClurkin, 69, pioneer Texas minister who died in his sleep Saturday night, lay in state here today. Funeral services will be held from the First Baptist church here at 10:30 a. m. tomorrow.

The Rev. McClurkin's first charge after graduating from Howard College, Birmingham, Ala., was at Independence, the original home of Baylor university. He was a member of the board of directors at the time the school was moved to Waco.

Over $9,000,000 In Liquor Taxes Paid

WASHINGTON, Dec. 18 (AP)—The government collected $9,111,173 in liquor taxes during the first 12 days of December.

The internal revenue bureau said today that $3,174,338 was derived from stamp taxes on distilled spirits and wines. Another $3,565,180 was collected on beer of more than 3.2 per cent.

While repeal did not become effective until December 5, officials explained that heavy stamp sales began December 1 in anticipation of the day and consequently in gauging the first returns, officials took the days immediately preceding repeal.

DEATH HELD ACCIDENT

NEW YORK, Dec. 18. (AP)—Dr. Charles Norris, chief medical examiner, expressed the opinion today that the death of Louis Joseph Vance, author, was accidental. Vance's body was found Saturday on the charred remains of a burned upholstered chair.

FOUR DEAD AND 19 HURT IN TORNADO

HEAVY DAMAGE IS CAUSED IN LOUISIANA

TERRIFIC BLAST HITS LUMBER CAMP; STRIPS OFF CLOTHING

(By The Associated Press)

SHREVEPORT, La., Dec. 18.—A tornado which roared out of the southwest to break the Sunday quiet of a Caddo Parish lumber camp and a plantation took four lives, injured 19 and caused heavy property loss.

The blast, so terrific that it stripped the clothing from individuals, killed a white woman and two negroes at the Grayson lumber camp, 18 miles west of here, and a negro at Soda Fountain plantation, 10 miles to the north.

Nineteen Others Hurt

Those killed at the lumber camp were Mrs. H. B. Trees, 28, A. C. Johnson, 44, and Hanna Reed, 27. Charlotte Hill, 75, was fatally injured on the plantation. Eleven others were injured at the camp and eight more at the plantation.

Relief agencies took charge of the stricken areas.

Flying timber, debris and wreckage of houses caused pandemonium at the lumber camp. Camp buildings and mill property were badly damaged.

Dr. L. T. Baker, Dixie physician, who administered to the injured at the plantation, said:

"The negroes were standing or sitting around in their homes one minute and the next minute the storm had passed, their homes and possessions had vanished and they were wondering what it was all about. Three or four of the less seriously injured were stripped of their clothing by the winds and left stark naked."

This and nearby areas of Arkansas and Texas felt rains of almost cloudburst proportions.

PLANNING GROUPS IN TOWNS URGED

FORT WORTH, Dec. 18 (AP)—Planning committees for cities and towns in Texas should be named immediately to outline programs of development, Clifford B. Jones, regional PWA advisor, told the executive board of the West Texas Chamber of Commerce here today.

Jones pointed out that the first requirement in obtaining a PWA loan is "the relationship of a particular project to coordinated planning and its social desirability."

He cited how effective the city planning of Kansas City, done 30 years ago, has been and said communities should look far ahead now to avoid expensive mistakes.

DIES OF INJURIES

AMARILLO, Dec. 18. (AP)—J. T. Reid, 52, Amarillo baker, died at a local hospital last night from head injuries received when his car overturned in loose gravel on a highway near Clayton, N. M., Saturday.

STAYS GIVEN TWO CONVICTS SLATED TO DIE TOMORROW

AUSTIN, Dec. 18 (AP)—Governor Miriam A. Ferguson today granted 30-day reprieves to Ira Kelly, and Leonard Aubrey, sentenced to die in the electric chair at Huntsville prison early tomorrow. She had not taken action in the case of Tom Cook, also scheduled to be put to death shortly after midnight.

Kelly, 38, was convicted of criminally assaulting a 13-year-old Seabrook girl. Aubrey, a negro, was sentenced for the murder of another negro. Cook, also a negro, was sentenced for criminal attack on a white woman.

PRISONERS ARE HAPPY

HUNTSVILLE, Dec. 18 (AP)—Ira Kelly, 38, of Houston, exclaimed "God bless the governor" when informed this morning that Gov. Miriam A. Ferguson had stayed his electrocution 30 days. Kelly, along with two negroes, had been scheduled to be executed early tomorrow.

Leon Aubrey, 40, one of the negroes, also was granted a stay.

"That negro really was happy," Warden W. W. Waid of the penitentiary said. "He shouted at the top of his voice and did everything. He wanted to get out and go to cutting that wood."

SIX KILLED IN CUBAN RIOTS

THIRTEEN WOUNDED IN LATEST UPRISING; HUNDRED JAILED

(By The Associated Press)

HAVANA, Dec. 18—Havana counted six dead and 13 wounded today in the capital's latest bloodshed and disorders.

More than 100 Spaniards were rounded up and taken to old Cabana fortress during the night, charged with having participated in the outbreaks.

While soldiers massed to prevent new violence, preparations were made to receive Jefferson Caffery, President Roosevelt's representative who will pick up where former Ambassador Sumner Welles left off in efforts to bring a settlement of Cuba's political strife.

Shooting broke out yesterday afternoon with the sacking and burning of the offices of the newspaper El Pais. Firing spread.

Soldiers did not succeed in restoring a semblance of order until nearly nightfall. Throughout the night, occasional shots were heard.

Mob Fires Offices

A mob comprised largely of negroes fired El Pais offices because they considered the Spanish newspaper unfriendly to the government.

Most of those killed and wounded were struck by bullets fired in indiscriminate shooting in and around the El Pais building after soldiers attempted to prevent the mob from entering.

Only one large daily remains with the damaging of the El Pais building. That is El Diario, published under threats from both government and opposition forces.

LEADERS WILL NOT REOPEN STRUCTURE

NEEDED REVISION NOT THOUGHT SUFFICIENT TO WARRANT ACTION

(By The Associated Press)

WASHINGTON, Dec. 18. Government officials have decided after six months trial of the industrial recovery act that they would prefer not to reopen it to amendment at the coming session of congress.

Unless conditions then demand it, consequently, they intend to ask no changes. One exception, however, may develop from the desire of Senator Wagner (D-NY) to get down in black and white the powers of the national labor board which he heads.

Not Considered Perfect

The men who have administered the NIRA do not consider the law perfect. They believe it contains some inconsistent and even contradictory provision, but hope these will not prove of sufficient importance to warrant reopening the entire structure.

That, by and large, reflects their satisfaction with the results obtained to date, though it does not mean that all codes now in force are considered satisfactory, or that changes may not be sought in the future through the codes themselves.

Wagner wants the law to insure a workman a really free chance to elect a representative to bargain with his employer; he wants the labor board put on a permanent basis with statutory power to settle disputes between employe and employer.

If it should develop that this can be accomplished by further executive orders, Wagner's plan for legislation may be dropped.

FOUR SAVED FROM CRIPPLED PLANE

MARSEILLE, France, Dec. 18 (AP)—Four men who had been adrift aboard their crippled seaplane for more than 20 hours in the stormy Mediterranean were rescued at dawn today by the steamer Saint Marguerite.

The heavy snowfall which had hampered the visibility of four ships steaming blindly around the plane in an angry sea stopped during the night.

At daybreak, the St. Marguerite sighted the stricken craft at a point about 80 miles south of Marseille.

The cold and weary occupants of the plane were taken aboard along with the mail carried and the ship steamed for Dizerta, Africa.

The plane was abandoned.

Negro Woman Held After Knife Fray

A charge of aggravated assault was filed against Ethel Morgan, alias Ethel Francis, 20, a negro woman, of 1600-block Avenue Q, in county court this morning as a result of a knife-wound another negro woman had suffered.

Mary White, about 25, also of Lubbock, was cut slightly above a temple, closing of the wound requiring eight stitches, in a dance hall operated by Jake Hill, a negro, about 4 o'clock Sunday morning in The Flats, negro quarter, at Slaton. Chief of Police R. L. (Shorty) Wicker of Slaton said. Police Chief Wicker signed the complaint, filed by County Attorney Vaughn E. Wilson.

Two policemen, G. G. Stringer, a traffic patrolman, and Milton Blanford, negro patrolman, arrested the Morgan woman in the negro quarter here Sunday afternoon.

TWO CHARGED IN THEFT

ARCHER CITY, Dec. 18 (AP)—Spesk Omeary, 33, and Rex Bear, 41, of Wichita Falls were arrested by motorcycle officers last night as they entered Wichita Falls with merchandise identified as property of Megargel and Archer City merchants. Charges were filed today.

SINGS WELCOME SONG TO GALLOWS

"I'm fit as a fiddle and ready to hang," carols Louis Kenneth Neu, night club singer, facing that fate for the confessed slaying of a Paterson, N. J., theater owner and a Nashville, Tenn., business man. In this "death song" of his own composition, he made New Orleans parish prison ring, during an interval in his trial, with "They're going to take me out to the gallows, dump me through that hole in the floor." But he pleaded with the reporter who snapped this picture in his cell, "Don't ever call me a crooner. When I sing, I sing."

GINNINGS FOR AREA HIGH

418,712 BALES GINNED IN 18 COUNTIES OF THIS SECTION

Surpassing all estimates of the 1933 crop, U. S. bureau of the census figures for ginnings up to December 1, showed 418,712 bales for 18 counties in Lubbock's territory, a decrease of but 8,710 bales from the same counties last year. The 1932 total for these counties was 427,422.

Lubbock county again led the territory, with Lynn second and Crosby third and Lamb fourth.

Eight Show Increases

Eight counties showed increases over the corresponding report in 1932; Bailey, Briscoe, Crosby, Floyd, Dickens, Garza, Lynn, Motley. Eight others, Cochran, Dawson, Gaines, Hale, Hockley, Lamb, Lubbock and Terry, showed decreases. Two counties, Castro and Parmer, did not show comparative returns last year.

Lynn county showed a gain of 17,000 bales and Crosby a gain of 11,000 bales. Other counties showing large gains included: Dickens, 7,000; Floyd, 10,000; Motley, 7,000; Bailey, 7,000.

The drouth stricken counties, Dawson, Hockley, Gaines and Terry, showed losses. Terry's decrease was less than 100 bales, while that of the others was considerably larg-

TWO SUSPECTS BREAK JAIL

FORMER CONVICTS SAW BARS AT TAHOKA AND MAKE ESCAPE

(Special To The Journal)

TAHOKA, Dec. 18—Two former New Mexico convicts who were to be tried for a railway station robbery in Texas escaped from the Lynn county jail here Saturday night or early Sunday.

Cecil Miller, 31, and W. E. Bush, 30, were the men who escaped, after sawing through bars with hacksaw blades, Deputy Sheriff Redwine said.

Faced Burglary Trials

Having completed terms in the New Mexico state prison at Santa Fe, Miller and Bush were brought here several days ago for trial on indictments charging them with burglary about two years ago of a railway station at O'Donnell, the deputy sheriff said. The New Mexico sentences had been for robbery of a safe at Carlsbad.

The pair had been accused of holdups at Roswell, Alamogordo, and elsewhere in New Mexico, Deputy Sheriff Redwine said.

Miller was described as being 5 feet 9 inches tall, weighing 150 pounds, having black hair and a dark complexion; Bush as being 5 feet 8 inches tall, weighing 165 pounds, and having dark hair.

THREE COUNTS RETURNED BY GRAND JURY

FORMER CHAIRMAN OF LIVESTOCK BODY IS RELEASED ON BOND

(By The Associated Press)

TYLER, Dec. 18.—Dr. Edward Frank Jarrel, who on October 11 resigned his position as chairman of the Texas livestock sanitary commission, was under indictment today on three charges of theft growing out of the Smith county grand jury's investigation of the alleged sale of state jobs.

Dr. Jarrel surrendered last night to Sheriff Earl Price and furnished bond of $1,000 on each of the three indictments. He was released immediately.

Resigned Under Fire

Shortly after a sub-group of the house appropriations committee began an inquiry into his tenure on the livestock sanitary commission, Dr. Jarrel submitted his resignation to Governor Miriam A. Ferguson. He protested his innocence of accusations brought against him in testimony before the committee.

He attributed the investigation to "politics" and alleged that the committee's activities were designed to embarrass Governor Ferguson's administration.

Witnesses before the committee had testified that Dr. Jarrel made representations that employment could be had with the commission in return for contributions toward the liquidation of campaign debts incurred by Jarrel in the 1932 primary campaign.

Contributions Claimed

Several witnesses testified that they had made contributions after being promised employment. A few testified that they had gone to work as commission employes, mostly for brief periods.

Dr. Jarrel testified before the committee that all the trouble developed from activities of other persons who had sold jobs with the commission and were unable to make good on their promises.

Today the committee was in Laredo to take testimony in another phase of its inquiry into reputed sales of state jobs.

BLACKSHEAR GETS DEATH SENTENCE

TYLER, Dec. 18 (AP)—Barney Blackshear today was under sentence of death by electrocution for the brutal killing of Mrs. Viola Brimberry, elderly German woman, at her cabin in the oil field near Arp the night of March 21, 1932.

When a jury returned its verdict against the 24-year-old field roustabout yesterday, it was the second time the death penalty had been assessed against him for slaying the woman. At a trial on the same murder charge in May, 1932, he was convicted and sentenced to die, but the court of appeals reversed and remanded the case.

Mrs. Brimberry, 62, and her husband, George, elderly well digger, were beaten to death in what investigators believed was a robbery.

Lindberghs Begin Hop Toward Home

MIAMI, Fla., Dec. 18 (AP)—Headed for New York to spend Christmas at home with their infant son, whom they have not seen in five months, Colonel and Mrs. Charles A. Lindbergh hopped off from here today on the last leg of their long aerial swing around the North and South Atlantic oceans.

Fully restored following their arrival here Saturday on a 900-mile flight from San Pedro, Dominican republic, the fliers took to the air in their seaplane as a crowd of spectators stood on the docks and waved a farewell.

Whether the Lindberghs planned to fly non-stop to New York, or land at some intermediate point, was not revealed by them. They carried sufficient gasoline to take them to their destination—approximately 1,200 miles away.

WAS STAR OF BETHLEHEM A COMET OR CONSTELLATION, NEW STAR OR MYTH?

(By The Associated Press)

PHILADELPHIA, Dec. 18 — It's almost two thousand years since the three wise men of Biblical legend followed the Star of Bethlehem to the Christchild, but astronomers still can't say whether that heavenly guide was a comet or constellation, new star or myth.

Hundreds of Philadelphians who trooped to the Franklin institute's new planetarium, one of two operating in this country, saw the stars and planets yesterday as they looked to the shepherds on the hills of Palestine that first Christmas eve in the year B. C., accepted by many scientists as the correct year of Christ's birth—but they didn't see the Star of Bethlehem.

"What the actual star was that was seen by the magi, is hard to determine," said James B. Stokley, assistant director of the institute. "At that time a comet of great proportions might have clashed through the skies or a dark star might suddenly have blinked into brightness. These things, if they happened, would have left no record and so cannot be checked."

It is known, another lecturer said, that a strange "conjunction" of the planets, Saturn, Jupiter and Mars occurred in the spring of the year 6 B. C., and the unusual brilliance of their light might have been taken for that of a new star. If the magi saw this, it might easily have taken them from spring until Christmas eve to travel from their homes to the holy manger, it was explained.

"The best explanation of the Star of Bethlehem is that it was a miracle," said one of the scientists, "and we have no right to try to explain miracles."

MILLWORKER GIVES HIS BLIND WIFE A PRICELESS XMAS PRESENT—HER SIGHT

(By The Associated Press)

GREEN BAY, Wis., Dec. 18. (AP)—Tom Naylor is a millworker and millworkers, as the man in the street might say, are not overburdened with money, even when times are best.

But Tom had faith and devotion and because of it the blind wife he married seven years ago has a priceless Christmas present—her sight—and above all the opportunity of seeing her husband and their two children, Mildred, 4, and Laverne, who is almost 3, for the first time.

For 20 years Mrs. Mabel Naylor, 28, was sightless, and without hope of seeing.

But Tom had different ideas.

"I knew in my heart," he said, "that she would see again."

So he toiled and he saved from the time the blind woman became his bride, looking forward to the day when he felt medical science should be called upon for help. Then, as Mrs. Naylor said, Tom made her go to the doctor.

Dr. M. B. Fuller of Green Bay performed what to Mrs. Naylor was a miracle. He removed from her right eye a tumorous growth that had isolated the optic nerve. A "false pupil" was created above the natural pupil by removing a tiny part of the iris.

"Extremely satisfactory" were the words the medical man used after the operation, but it was more than that for Mrs. Naylor and her husband. She could see the things in her flat after her return home from the hospital. She could see Mildred and Laverne, whom she never had been

Committees Are Appointed At Art Association Gathering On Sunday Afternoon

F. A. Kleinschmidt Lectures To Group

Members of two committees were appointed by Dr. Bessie League, the president, at a meeting of the Lubbock Art association Sunday afternoon in the engineering auditorium at Texas Technological college.

F. A. Kleinschmidt lectured on "Form Drawing and Color Value Drawing" at this meeting and piano selections were played by Misses Virginia Magee and Louise Hodges. There were about 40 at the meeting.

The committees were appointed as follows: Program — Mr. Kleinschmidt, Mrs. Roscoe Wilson and Miss Lucile Gill; membership—Mrs. C. C. Triplett, Miss Elizabeth West and O. R. Walker.

Nuptial Ceremony Read Here Sunday

Miss Ollie Graham and Charles Rogers were married at 4 o'clock Sunday afternoon by Dr. Jack M. Lewis, pastor, at the First Presbyterian church. A few friends of the couple were in attendance.

After the ceremony, Mr. and Mrs. Rogers left for Hamlin where they will visit the bride's parents. Later they will go to Dallas and Stephens, Ark. At the latter place they will visit the groom's parents. They expect to be at home in Abilene after the first of the year.

Mr. Rogers is a representative of the Arm and Hammer Soda company. The bride has been with the Wooten Grocery company here for the last six years.

Turkey Dressing For The First Family

WASHINGTON, Dec. 18. (AP)—Christmas is just a week off, so it's time to plan the dinner.

If you wish a Rooseveltian recipe to give it flavor, here's one straight from the White House—for chestnut dressing: 3 pounds peeled chestnuts; 1 quart stale bread crumbs; three fourths cup butter; one lemon, juice and grated rind; salt, pepper, parsley, nutmeg. Boil nuts in salted water, mash. Fry bread crumbs in the butter which has first been slightly browned with the black pepper, until nicely blended. Mix with nuts, add seasoning, and enough stock until it is of the consistency wanted.

Defense Demurrer Sustained Today

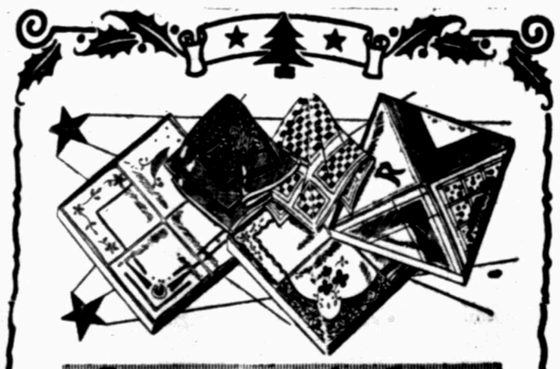

General demurrer by the defense was sustained by Judge James C. Wilson in federal district court today in the case of O. K. Sykes vs. Dr. E. O. Nichols, the Plainview Sanitarium and Dr. J. Harvey Hanson, following arguments in the case by attorneys for both sides. Judge Wilson gave the complainant leave to amend his petition.

Franklin D. Brown of Lockhart and Brown represented Dr. Hanson, and George Dupree of Bledsoe, Crenshaw and Dupree the Sanitarium. M. J. Baird of Plainview and W. W. Campbell of Vickers and Campbell represented the complainant. Mr. Sykes had asked for $15,000 damages, following treatment at the sanitarium.

The case was the first on the law docket this morning. A number of other cases were scheduled for the day.

REPORTS ON BUSINESS

(By The Associated Press)

CLEVELAND, O.—The magazine "Steel" notes a spurt in the steel industry induced by "a strong combination of the second largest weekly awards in 1933 for structural material, negotiations for upward of 13,000 freight cars with other railroad programs maturing, a further flurry in scrap prices, and the expiration January 1 of all contracts carrying prices lower than those announced for the first quarter." Steel works operations have been brought, the magazine says, to 33 per cent, the highest in eight weeks.

DETROIT—Reports of sales, production and employment issued by various motorcar manufacturers during the months in which the industry has been operating under an NRA code, coupled with anticipated business improvement in 1934, were seen in automotive circles today as indicative of continued employment for the industry's workers.

NEW YORK—Steel payrolls increased nearly $800,000 to $37,977,385 in October, the American Iron and Steel institute reports, although production declined about 9 per cent from September.

WASHINGTON — Secretary of Commerce Roper says definite signs of world business revival have appeared in the last fiscal year. In a report to President Roosevelt, he says also that the depression has been definitely stemmed in the United States.

CHICAGO—Cudahy Packing company made a net profit of $1,813,766 in its fiscal year ending Oct. 28.

NEW YORK—A shortage of turkeys for Christmas is in prospect, says P. Q. Foy, market expert. This he attributes to the increased consumption in hotels and restaurants brought on by repeal.

Enochs Woman Is Claimed By Death

Mrs. R. V. Morse, 21, of Enochs died in a local hospital at 9 a. m. today. Death was due to child birth.

Besides her husband, she is survived by her parents, Mr. and Mrs. A. J. Neutzler of Enochs, two brothers, Adolph and Ethwin, and two sisters, Mrs. Clara Meuller of Enochs and Mrs. Lilly Whittner of New Braunfels.

Funeral services had not been set today noon but they were planned for Tuesday at Enochs with burial in the Baileyboro cemetery. Stahler funeral directors are in charge.

TOUR MADE BY AIR ARMADA

TWENTY-EIGHT FRENCH PLANES COMPLETE AFRICAN HOP

ALGIERS, Algeria, Dec. 18. (AP)—General Victor Vuillemin's "black squadron" of 28 army biplanes today triumphantly completed a 16,000-mile tour of France's African possessions.

A hero's acclaim on behalf of France was brought the fliers by Air Minister Pierre Cot who braved a Mediterranean snowstorm to fly here yesterday.

Fliers Are Feted

After their welcome by the air minister, they found a round of fetes awaiting them.

Thirty planes, manned by 60 pilots, mechanics, and radio operators, started on the long cruise Nov. 8.

One plane, however, cracked up in Spain. Another crashed in Morocco. The only casualty was the illness of a mechanic, who had to drop out on the way.

Two nights of sleeping on the Sahara's sands, under the wings of their planes, was but an incident in the mass flight over jungles, deserts and mountains.

Curious Blacks Gather

Native blacks, their eyes round with curiosity, gathered by thousands in colonial centers to watch the passing of the air armada.

Impressing the primitive tribesmen with the "white protector's" good will, and incidentally his strength, was one of the purposes of the mass flight.

The flight was ordered by M. Cot as a training maneuver.

More than nine-tenths of France's vast colonial empire lies in Africa and keeping the recently pacified tribesmen of Morocco and Algeria under control is a major police problem for the army.

Boy Scout Council Will Meet Tonight

The South Plains Area Boy Scout council executive board will meet at 7 o'clock Tuesday night in the Lubbock hotel, W. G. McMillan, council president, called the meeting.

After it, the Lubbock district committee on scouting will meet in the hotel. Dr. F. B. Malone, district committee chairman, called the meeting. Members of the committee were invited to attend the executive board meeting.

Closing of the year's business and planning of an annual council meeting, to be here in late January, will be the principal moves, D. T. Jennings, area executive, said.

Only Four Left In League Race

SPYING ON SPORTS

BY COLLIER PARRIS

Opening of the basketball season in Lubbock has been delayed because the West Texas Teachers college Buffs of Canyon decided they were not quite ready to meet the McMurry Indians of Abilene.

* * *

How could the indisposition of Canyon and Abilene teams affect the Lubbock situation? The Indians of McMurry were supposed to come up this way for a series with the Buffs and a series with the Matadors. Considerable publicity was given the affair. Then it was announced that West Texas Teachers could not, or would not play. McMurry accordingly cancelled its games with Texas Tech, which is just another way of showing that you should not count your bridges before they hatch, or something.

* * *

There is a possibility that we'll have all the basketball we want during the Xmas holidays. Some time ago we made mention of the fact that Coach Rankin Williams of Southwestern Oklahoma State Teachers college would like to bring his basketball team here and keep them through the holidays, working with and against the Texas Tech Matadors. The idea back of Coach Williams' suggested move was to give his lads the benefit of learning some basketball tricks under Coach John O'Dell Morgan of Texas Tech. It seems that Coach John O'Dell Morgan is getting up in the world as a basketball coach. It is a fact all known by one and all basketball folk in Oklahoma that Mr. Rankin Williams is a ranking tutor of basketball, that he turns out fine teams season after season. It is a fine compliment to Mr. Morgan, then, to know that Mr. Williams wants his boys to study under Mr. Morgan.

* * *

So if Mr. Morgan can cajole the athletic department out of enough cash to finance a holiday season, we may have college basketball every night for a week or more.

* * *

"But Mr. Morgan," suggested this critic, "it strikes us that you would would not have much of a crowd for holiday games, since the fans usually like to spend those nights in happy celebration and contemplation of the Spirit of Saint Nick."

"Your speech is founded on sound reasoning," replies Mr. Morgan, "It is true that we might not have a very large gathering of fans before whom to strut our stuff—but we would have a heck of a lot of fun."

* * *

We suspect that you are waiting for our alibi and reasons for missing a couple of important predictions last week. We consider it a bad day indeed when we hit only 50 per cent of our guesses. Port Arthur was picked to smudge Corpus. Greenville was named the winner in its conflict with Brackenridge of Santone. But that's as far as our guesses went. In the other two, we picked one upset and one "natural." We had our guesses reversed. Dallas Tech, the favorite, licked Dallas Highland Park, the choice. San Angelo, the underdog, whipped the favorite, Pampa. Proving that you never can tell by the direction of the wind in Lubbock how a golf match is going to come out in Ireland.

* * *

The wind. Ah, yes, the wind. Man has conquered the elements in many things, after long and exhaustive research via scientific means. But it took a gang of youngsters to tame the gale on a football field. Strange, wasn't it, that all points in the San Angelo-Pampa game were scored against the typhoon. It remained for San Angelo's little Herb Reid to apply the finishing touch to the taming of the elements. Where Pampa's Hamilton had failed, Reid did it. And that fine kick into the wind and between the uprights won the ball game.

* * *

On the day before the game it was noted that Mr. Blondy Cross of the San Angelo print made light of this department's hazard that Pampa would win the game. Mr. Cross went so far as to explain to both his readers that we had never been presented with a medal for guessing the outcomes of ball games. We were prepared to make a snappy comeback, when Mr. Cross came to town Saturday, with the explanation that, while we had never won a medal, we were, to date, approximately 95 per cent right on our calculations for the season. Missing those guesses last week lowered the average to about 94 1-2 per cent. But it dawned upon us in the nick of time that Mr. Cross was, or had been, a pugilist of some note, and we dared not cross him, since we are nobody's ace when it comes to pulling a Dempsey or a Londos, and Gus Axcelwush's Uncle Bjornsen Axcelgrease Van Siggfield was not present to do our scrapping.

GREENVILLE AND SAN ANGELO TO BE SITES FOR SEMI-FINALS

(By The Associated Press)

San Angelo and Greenville will be sites for the two semi-final games in the bi-district race for the interscholastic league football championship.

The Dallas Tech Wolves, who Saturday eliminated Dallas Highland Park, 13 to 0, will journey to San Angelo Saturday to battle the hard fighting Bobcats of that city. In the year's biggest upset, the Bobcats eliminated Pampa Saturday by the narrow margin of 7 to 6.

Angelo Wins Toss

P. C. Cobb, athletic director, and "Doc" Bryant, both of Dallas Tech, met Chester Kenley, principal, and Coach Harry Taylor of San Angelo Sunday at Abilene. A coin was flipped to determine the site and date. Ed Blanton of San Angelo called "heads" on Cobb's toss and heads it was. Both schools rejected Abilene's invitation to play the game on a neutral field. San Angelo officials announced that the grandstand seating capacity would be increased to 6,000 for the game. A special train probably will be run from Dallas to San Angelo for the game.

By the flip of a coin, Greenville was decided on for the other semi-final game with Port Arthur as the opponent. The date of the game is undetermined, but will be either Friday, December 22, or Monday, December 25. Both Greenville and Port Arthur eliminated next Saturday as a possible date out of respect to merchants who are anticipating a heavy Christmas business on that day.

Dates Not Determined

If San Angelo and Dallas Tech will agree not to play the final game until New Year's day, Port Arthur and Greenville will probably meet Christmas afternoon. But if the other two schools decide in advance to play the final on Saturday, December 30, then the game at Greenville will be staged Friday.

Greenville will remained in the running last Friday by beating Brackenridge of San Antonio, 6 to 2. Port Arthur won Saturday from Corpus Christi, 25 to 6.

FOXX RETAINS BAT TITLE

BATTING CHAMP WILL BE WITH A'S WHEN THEY'RE REBUILT

CHICAGO, Dec. 18. (AP)—The sheriff got most of his stars, but Connie Mack will have the American league's batting champion, husky Jimmy Foxx, still with him when he starts rebuilding the Philadelphia Athletics next spring.

The official batting averages of the younger of the major leagues show that the first baseman made off with the 1933 title with an average of .356. The figure was the lowest since Ty Cobb of Detroit, won with .308, 25 years ago, but it was plenty good enough to shade the next man, Heinie Manush of Washington, by an even 20 points.

Wins Homer Title

Foxx again won the home run title, with 48 round trip blows, and for the second straight year, amassed more than 400 in total bases. He had 403, 35 less than in 1932.

Lou Gehrig, the Yankee first baseman, was third among the individuals with .334, and was followed in the "first ten" by Al Simmons, Chicago, .331; Charley Gehringer, Detroit, .325; Luke Appling, Chicago, Mickey Cochrane, Philadelphia, and Joe Kuhel, Washington, .322; Bill Dickey, New York, .318, and Michael (Pinky) Higgins, Philadelphia, .314.

The Senators led in team batting efforts with a mark of .287, with the Athletics two points back.

MUSTANG CAGE HOPES SEEN AS BETTER

SEASONED STARS ARE BACK FROM WHICH TO SELECT TEAM

(EDITOR'S NOTE:- This is the last of a series of seven stories on Southwest conference basketball prospects for 1934.)

BY BILL PARKER
Associated Press Sports Writer

Coach Jimmy St. Clair should have better luck with his Southern Methodist Mustangs this season than he had in the last Southwest conference campaign. Last season his Mustangs finished fifth with five victories and seven defeats. They scored 316 points against 378 for their opponents. Their highest player in the conference scoring marathon was Whitey Baccus who finished seventeenth with 19 field goals and 17 gratis shots for 55 points.

This season finds some excellent material at Southern Methodist if it can only click as a unit. The nucleus for a powerful, well balanced quintet is being welded into a starting lineup.

Has Seasoned Players

Five seasoned players, a quartet from last season's freshman squad, two junior college transfers, and one veteran back after a year of absence from conference competition, is the material St. Clair is molding into a maroon and blue basketball team.

St. Clair has a few new plans. He has transferred Whitey Baccus from the forward to the defensive court. Baccus is a versatile basketeer. He will be prominent in any game and in any position. Clyde Carter, a rangy 202-pound guard, was a regular last season, and found his old job waiting for him when he returned this season. In Baccus and Carter, St. Clair need not worry about his guard court. He has height, speed, pasing, goal shooting and fast floor breaking in these two boys.

Goodwin Bray, Arthur Johnson, Truman Spain and Johnny Maddox are dependable guards who can step in relief roles or take over regular assignments.

Zachary Looks Good

Smokey Zachary, who at times revealed uncanny goal shooting ability during his sophomore year is almost sure to be a regular forward. Smokey had plenty of basketball experience in high school. If he is ever going to be ready for a regular job it must be this season. He has height, a good eye for the basket and speed to burn. All he needed last year was confidence.

Bill Tipton or Clifton Wilhite probably will be the other forward. Tipton is a sophomore who played outstanding basketball last season on the freshman squad. Both are dependable around the basket. Should Tipton and Clifton Wilhite fail to deliver, Coach St. Clair will have to experiment with Mitch Grey Gilbert, Larry Parker, Frank Reedy or Bill Scott.

Jimmie Lovern Returns

Jimmie Lovern, one of the conference's best centers last year, will be back at the pivot position. Lovern, a towering youngster, was not a regular last year but when in the game had few peers in getting the tip-off. He is a valuable man under the basket where he can get the ball off the backboard, and is better than an average goal shooter.

Paul Briggs, a transfer from Paris Junior college, is a promising candidate for the pivot job, and probably will develop into a splendid understudy for Lovern.

The Mustangs got a late basketball start because several were members of the football team which did not close its season until December 9.

About all Coach St. Clair will say about the conference race is: "Just now I see no reason why we shouldn't be dangerous in the league, although I know little of the strength of our conference opponents."

With Baccus and Carter as guards, Lovern at center, and with a forward court combination of Zachary and Tipton or Wilhite, the 1934 edition of Mustangs may go far in the title chase.

SHIELDS TOPS TENNIS LIST

HELEN JACOBS RATED BEST WOMAN STAR IN 1933 RANKING

NEW YORK, Dec. 18. (AP)—Frank Shields among the men, and Helen Jacobs among the women, top the American tennis rankings for 1933, prepared for submission to the annual meeting of the United States Lawn Tennis association by the organization's ranking committee.

Shields, a spectacular figure in the leading invitation tournaments last summer and a semi-finalist in the national championships, is ranked at the top for the first time. He was rated No. 5 last year and No. 3 in 1931.

Miss Jacobs Repeats

Miss Jacobs, whose victory by default over Helen Wills Moody in the women's championship finals furnished the season with its most dramatic episode, earns top ranking for the second year in succession with Mrs. Moody, unranked in 1932 because of "insufficient data," placed at No. 2.

Completing the women's "first ten," if the committee's rankings are approved at the annual U. S. L. T. A. meeting in Pittsburgh Feb. 10, will be Alice Marble, San Francisco, No. 3; Sarah Palfrey, Brookline, Mass., No. 5; Josephine E. Cruickshank, Santa Ana, Calif., Nov. 6; Baroness Maud Levi, New York, No. 7; Mrs. Marjorie Gladman Van Ryn, Philadelphia, No. 8; Virginia Rice, Boston, No. 9; and Mrs. Agnes S. Lamme, Rye, N. Y., No. 10.

Allison Is Second

Following Shields in the men's rankings are Wilmer Allison, Austin, Texas, No. 2; Lester Stoefen, Los Angeles, No. 3; Clifford Sutter, New Orleans, No. 4; Gregory Mangin, Newark, No. 5; Sidney B. Wood, New York, No. 6; Bryan M. Grant, Atlanta, No. 7; Frankie Parker, Lawrenceville, N. J., No. 8; Keith Gledhill, Santa Barbara, Calif., No. 9, and George M. Lott, jr., Chicago, No. 10.

Ellsworth Vines, 1931-32 national champion and No. 1, who has turned professional, was not included in the rankings in accordance with the precedent established in 1926 when Vincent Richards was unlisted because he joined C. C. Pyle's professional troupe.

In doubles, the committee rated the Lott-Stoefen, Parker-Shields and Allison-John Van Ryn combinations in the first three positions.

DIEGEL WINS IN CALIFORNIA OPEN

LONG BEACH, Calif., Dec. 18. (AP)—Leo Diegel, veteran of many a golfing battle, today held top honors in the California state open golf tournament, the first major event of the California winter golf season.

Diegel, of the Philmont, Pa., Country club, rushed along a par blasting trail and turned in four brilliant rounds—70-71-72-69—for a total of 283, six under par.

Tied for second place were Olin Dutra, Santa Monica, Calif., and Ky Laffoon, Denver, with cards of 286. Willie Hunter, of Los Angeles, was fourth with 287, and Ben Coltrin, San Francisco, fifth with 288.

CAPTAIN OF U. S. LINER SUICIDES

FAMAGUSTA, Cyprus, Dec. 18 (AP)—The captain of the American export liner Exarch killed himself yesterday following the grounding of his ship at midnight Saturday on the north coast of Cyprus.

The Exarch went ashore one-half mile west of Cape Plakoti in calm weather. Her engines were disabled and she was taking on water.

Her sister ship, the Exchange, went to her assistance and was expected to try tonight to get her afloat again after lightening cargo.

It was reported that there was no immediate danger provided the favorable weather continued.

The Exarch master's name was given in the clearance record as "Hickey." The vessel is a combination freighter and passenger steamer of the American export line and sailed from New York October 25 for Mediterranean and Red sea ports.

She is of 5,839 tons gross register, 400' feet long, and formerly was called the Naamhok.

INDOOR GAMES END TONIGHT

DOUBLEHEADER TO BE PLAYED BY WOMEN AT AUDITORIUM

The final indoor baseball games of the season will be played at the Auditorium tonight when the four teams of the Women's league clash in a doubleheader.

In the first game, the Myrick Building team meets the Southwestern Bell Telephone company club. The All-Stars meet the Five-Cent Magazine shop girlies in the second contest.

Both games are scheduled for five-inning routes.

Between now and the first of January, bids for membership in the girls league will be considered by promoters of the organization. At present only four teams make up the circuit. It is thought that four more will get in the race when the schedule is resumed after the holidays.

Hubbell Chosen Best Performer

GIANTS' ACE PITCHER HELD OUTSTANDING SPORTS FIGURE

BY ALAN GOULD
Associated Press Sports Editor

NEW YORK, Dec. 18 (AP)—In a year marked by some of the most amazing achievements of this turbulent athletic age, a national jury of expert opinion today ranks Carl Owen Hubbell, lean Oklahoma southpaw ace of the world champion New York Giants, as the outstanding individual performer of 1933.

The pitching hero of the world series, already designated as the national league's most valuable player, leads the year's stars in all other sports, amateur or professional, in the third annual nation-wide poll of sports editors and writers, conducted by the Associated Press.

Sarazen Won In 1932

Hubbell is the second baseball star to gain this crowning honor within three years. John Leonard (Pepper) Martin of the St. Louis Cardinals, hero of the 1931 world series, ran away with the first Associated Press poll. Last year first place went to Gene Sarazen, world champion golfer, who received only one vote in the 1933 contest.

The pitcher more than doubled the vote of his nearest competitor, Jack Lovelock of New Zealand and Oxford, who made foot-racing history in a world record one mile race with Princeton's Bill Bonthron last July.

Third place goes to Johnny Goodman, the Nebraska amateur who won the United States open golf championship, with 19 votes. Another foreign ace, Fred Perry, British Davis cup hero and winner of the United States tennis crown, comes fourth with 15 votes.

Exploits Are Varied

These four stars, all figuring in the most dramatic accomplishments of 1933, dominated a poll which covered an unusually wide range. The list included 45 leading performers at everything from fist-slinging to trans-oceanic yacht racing and reflected the extraordinary variety of the year's exploits.

Not all the baseball acclaim went to Hubbell. For his skill in leading the Giants to the world championship, Manager Bill Terry received eight votes and tied with Glenn Cunningham, Kansas miler, for fifth place. Chuck Klein, the Phillie slugger recently traded to the Chicago Cubs, collected five votes for topping the National league hitters. This was one more than the total for Jimmie Foxx, ace batsman of the American league. Lou Gehrig was mentioned on only one ballot and Babe Ruth not at all.

Jack Manders, although he hadn't scored a single touchdown, led the Chicago Bears' scoring in their first seven games with 19 points—four field goals and seven points after touchdowns—with not a single miss in either of these chores!

Thought For Today

When the unclean spirit is gone out of a man, he walketh through dry places, seeking rest, and findeth none.—St. Matthew 12:43.

* * *

What rein can hold licentious wickedness, when down the hill he holds his fierce career?—Shakespeare.

In A Quandary

England's centuries-old "Irish question" bids fair to come to a final crisis in the immediate future.

President Eamon de Valera of the Irish Free State asserts flatly that the people of Ireland will be satisfied with nothing less than complete independence. He is prepared to submit this position to a plebiscite of the people; further, he declares that Ireland would not remain in the British commonwealth for 24 hours if the threat of force were withdrawn.

This presents the British government with a problem that will take a good deal of solving. It is doubtful if genuinely coercive measures will be taken; and it begins to look equally doubtful if anything less than coercion would have any effect. What is John Bull going to do?

The irony of the case is the fact that the Free State status which England gave Ireland a dozen years ago well might have settled the whole matter permanently if it had been granted a generation earlier.

Great Britain made its concession too late. Whether anything short of complete independence ever will satisfy the Irish people now is exceedingly doubtful.

* * *

My regular custom while in Rome was to drink a quart of wine a day—a pint at luncheon and a pint at dinner. That is a fairly general custom, and I like it.—Archbishop Michael J. Curley.

* * *

The frontier is gone. We've got to make our fight for economic justice right where we stand.—Senator Joseph C. O'Mahoney of Wyoming.

* * *

Hell hath no fury like a professor whose theories are disturbed.—Assistant Secretary of Agriculture Rexford G. Tugwell.

* * *

The messianic delusion still rages. It is indeed the characteristic American disease.—Henry L. Mencken.

* * *

Drunk or sober, I like a veteran, but I like him best sober.—Viscountess Astor.

* * *

To be trusted is a greater compliment than to be loved.
—Ramsay MacDonald.

Flapper Fanny

Girls who stand under mistletoe pay their heads.

The PLAINSMAN Says:

That Girl on Broadway says when a man consults you about his plans he doesn't want your opinion; he wants your approval.

* * *

If kinfolks sponge on you you squawl! But if you are taxed to provide board for a criminal, that's justice.

* * *

DURING the recent wave of shoplifting that has been driving Lubbock merchants ga-ga a young boy, about 11 or 12, was caught in the act of 'swiping' a padlock.

He was taken to the manager's office where he broke down and cried, begging the store-keeper not to tell his father and mother.

Thinking the youngster punished enough, the store-keeper agreed not to tell the lad's parents providing the boy would explain to him the reason for stealing the lock.

"Well, it's this way", the boy said. "I've got some rabbits and there are a lot of boys who will steal in our neighborhood so I was swiping the lock to keep them from swiping my rabbits!"

The merchant had a hard time keeping his face straight.

* * *

This shop-lifting that you've been hearing so much about isn't anything new for Lubbock. It's only more prevalent now because of the augmented shopping crowds in the pre-Christmas rush.

And shop-lifting, if you'll take the word of a leading merchant who caters largely to well-to-do trade, is not confined to 'riff-raff'.

"No, indeed", he says. "You'd be surprised at some of the people who will steal from a store counter—and who do steal from them, not only at Christmas time but all the year around."

Most of those people are pretty well known in the various stores and are not getting away with as much as they think they are".

* * *

HERE'S a present day philosophy which Burnie Phillips, the General tire dealer, has been carrying in his pocket for several years and which dates back to the day when he was with the Goodyear company.

It reads:

"J. T. Calloway, of the Goodyear organization in Chicago, suggests as appropriate philosophy the story of how Tolstoi was plowing in the field one day when a ministerial gentleman, having nothing better to do, leaned on the fence and asked him this question:

"'If you knew you were going to die tomorrow, what would you do today?'

"'Today', replied Tolstoi, 'today, I would plow! Giddap!'"

And that's what you call constancy of purpose.

* * *

Constancy of purpose is something all of us will do well to cultivate.

It is one of the principal ingredients in the prescription of success.

Like the pilot of the ocean liner who guides a great ship across miles of tossing waves by keeping at a fixed course, constancy in the human makeup makes it possible that a human life, too, be held onto a course.

It's a pretty necessary and altogether good thing, that something we called constancy.

* * *

That Man on Avenue Q says the common people are those who pay a little too much, so a philanthropist can accumulate enough to do something fine for the common people.

* * *

The period between 1920 and 1930 is called "The Mad Decade".

Please, mister, won't you tell us how to get crazy again?

* * *

ANOTHER gubernatorial candidate has tossed a hat into the 1934 ring. It is Congressman-At-Large George B. Terrell, of Alto, in Cherokee county, 'way over by the Louisiana line. Terrell, you'll remember, is a veteran politician who roundly thumped Pink Parrish in the state-wide Congressional race 16 or 17 months ago.

* * *

There will be a great deal of interest attached to the Terrell candidacy for the reason that he bears a name long known and respected in Texas.

It will be interesting to note whether the name still will procure many a vote in 1934 as it has in the past.

Most everybody in Texas has heard the story of the Tyler barber by the name of Terrell who allowed his name to go on a state ticket years ago and who never campaigned a minute, who used no cards or other forms of advertising, yet, who, on the strength of his name, got in excess of 200,000 votes.

If the proud Terrell name, linked as it is with Texas history, still has its power with the electorate, George Terrell likely will pick up many a vote that he wouldn't get were his name something else.

* * *

PREACHER Joe Haymes, of First Methodist church, who showed yesterday morning that he is broad enough to apply a popular song to a sermon if the analogy is good, spoke on the subject "Who's Afraid", and referred to the song of "Who's Afraid of the Big, Bad Wolf?" during his dissertation.

Another bit of wisdom he dropped was this:

"Don't worry and you'll go to the poorhouse.

"Worry and you'll go to the insane asylum!"

* * *

Police officers here who can hardly keep their faces straight at some of the alibis offered by persons they arrest on charges of traffic violations will get a kick out of this one.

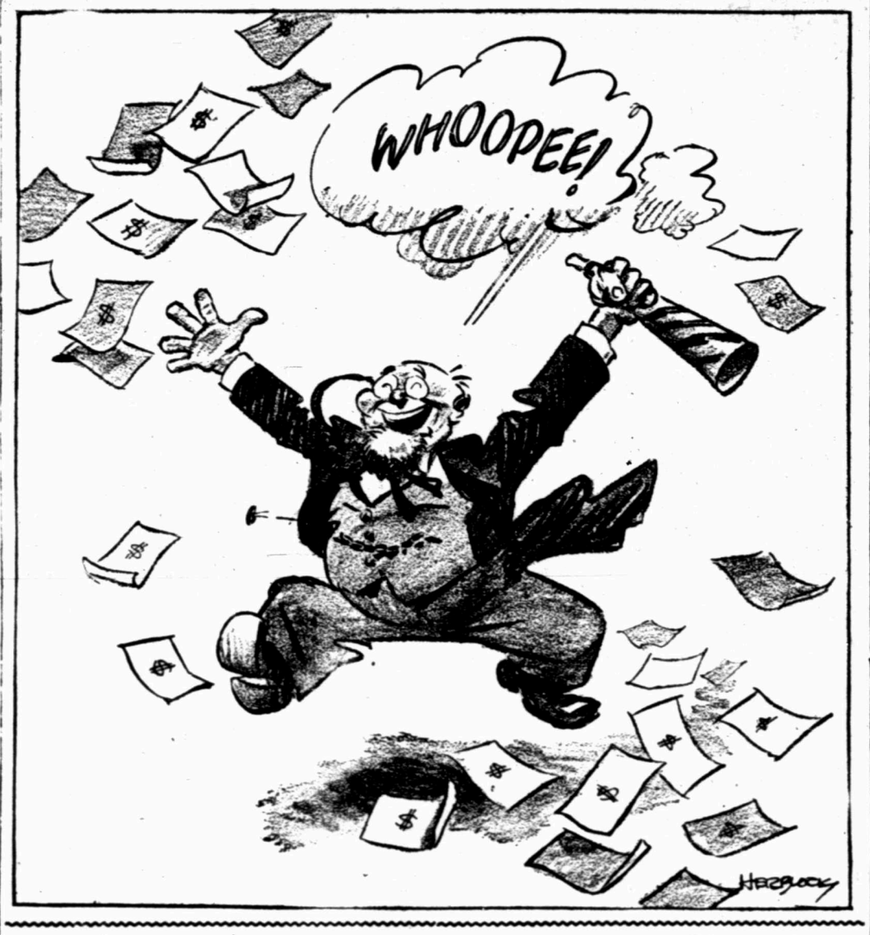

A man was arrested, late at night, in a cigar store—where he had no honest business. Arraigned before the judge he was asked what he was doing in the store.

"Your honor", he replied, "I broke into the store to get a good ten cent cigar."

"If you broke into the store to get a cigar, how come the arresting officers found you monkeying with the combination on the safe?" the judge asked.

"It was like this", came the alibi, "I was trying to open the safe so I could put in it the dime I owed for the cigar!"

Possible Effect of Congress Meeting at New Year's Time

Inside Dog Fights Of Roosevelt Administration Termed Inevitable By-Products Of New Deal; Divisions Caused

By RODNEY DUTCHER
Journal Washington Correspondent.

WASHINGTON, Dec. 18.—You can understand the inside dog fights of this administration if you realize that they're an inevitable by-product of the New Deal.

Appointments to emergency agencies and others have created many liberal-conservative divisions such as existed in the supreme court and the senate. For 12 years the administrative branch had been overwhelmingly conservative and no other voices were heard.

Dutcher

Open-minded professors concerned with the public interest, liberal lawyers of the Brandeis-Frankfurter school of thought, and progressive laymen of the Norris-LaFollette-Costigan stripe have been let into the government.

They think the present system needs revamping and clash constantly with officials who favor full freedom for industry and its profits.

Roosevelt, who usually leans leftward in the pinches, acts as a sort of umpire, preferring temporarily at least a balance between the forces.

* * *

Here's most of the lineup—and the score—to date:

NRA: Dominated by industry, except for National Labor Board, and despite Johnson's recent concession of labor representatives on code authorities. Industry gets its codes through with few changes, overriding labor and consumer groups.

Agricultural Adjustment Administration: Liberals stressing farmer and consumer interest versus packers and other food distributors. The former, under Wallace-Tugwell-Frank group, is winning out.

Public Works Administration: "Power Trust" versus friends of municipal ownership. Power interests lose as PWA advances grant-loan funds to towns and cities seeking their own electricity plants.

* * *

Tennessee Valley Authority: Another sock for "Power Trust" through promise of cheap government power rates.

Federal Trade Commission: The securities act and the liberals versus Wall Street. Conservatives lost when Commissioner Humphreys was fired and prospect is the act's drastic protection of investors will be preserved.

Treasury: Gold standard conservatives were chased out and replaced by friends of the Roosevelt-Warren monetary policy.

7 to 1 Ratio for Banks

It's an unannounced federal policy, in advance of federal deposit insurance, beginning the first of the year, to set the ratio of bank capital to deposits as closely as possible to one to seven. There's no way of making banks establish that ratio, but the policy is one reason behind the R. F. C. purchases of preferred stock from banks.

The objective happened to coincide with that of putting banks in better shape for the insurance system's operation.

One of Roosevelt's strongest convictions is that there's been too much gambling with "other people's money." The one-to-seven policy evidences his belief that handlers of "other people's money" should risk a reasonable proportion of their own.

Birds Are "Orchestrated"

Life might by brighter if our pigeons sang, Julian Arnold, U. S. commercial attache at Shanghai, writes home how the Chinese create choruses of music overhead by tying bamboo whistles to the tails of birds.

The idea is to get a different type of whistle for each flock, so as to distinguish them. The original intent was to scare away hawks.

Treasury Halts Racket

The treasury is staying open Saturday afternoons for the first time in its history, simply to cash checks for civil works employes here. The banks insisted on identification and racketeers were collecting cashing fees.

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

It's An Outrage

CHARLEROI, Pa.—Detained by county officers, Elmer Clink of Bobtown said three men accosted him between Newtown and Poland and while one of the men poked a pistol in his ribs, the other two handed him a pint of liquor and compelled him to drink it.

Christmas Spirit

CHICAGO — Martin Quirk, reputed south side beer hoodlum, in felony court, charged with vagrancy pleaded that he wished to go to Florida and never come back.

"I can be Santa Claus," said Judge Jay A. Schiller. "I'll set this case for Dec. 21 and if some one representing Quirk can come here and show he's gone—never to return—I'll dismiss the charge."

"I'm on my way," said Quirk.

Miami was named as his destination.

Brains Like Pants

SEATTLE — University of Washington students "cramming" for the Christmas examinations might as well quit, says Psychology Professor William R. Wilson, adding "stuffed brains won't stay stuffed, and last-minute efforts are often wasted effort. Facts easily learned are apt to be retained a long time, just as a pair of pants that takes a press easily usually retain it longest."

Summer Is Here

DENVER—Manager of Parks Walter Lowry is trying to figure out a way to make the lilacs and other park shrubs realize it is winter. During the past few days, under summer-like skies, they have started to bud. "We're going to get a cold wave sooner or later, it's going to freeze the buds and then there won't be a new crop next spring," he wailed.

Sherlock Solution

CHICAGO—For clues to solve the slaying of Robert Frank, a printer, the police had a few strands of dog hair, found on a muffler about the dead man's neck.

They scoured the neighborhood until they found a dog whose hair matched their clues.

Following the animal home they arrested four inmates of the place—two men and two women.

The men, police said, confessed.

Rising Young Cow

FOREST CITY, N. C.—M. H. Kennedy went to his barn to milk but the cow wasn't there. The door was locked and she couldn't have been stolen.

Kennedy was puzzled until he heard a noise overhead. He found the cow had walked up a stair to the second story of the barn. She wouldn't come down.

He used a windlass to get his milk supply to the ground.

AUSTIN, Dec. 18. (AP)—Lawrence Westbrook, director of the Texas Relief commission, owned a coupe in which his field men had made numerous journeys over the country. It needed overhauling. Jack Reed, assistant state director, recalled that he had a chauffeur who knew that make of automobile from A to Z and could take it apart and put it together again after making the necessary renovation. It isn't really a chauffeur Reed has, but a guide—an Indian boy who has been with him for many years.

"Let me have the keys, colonel, and I'll have my man take the coupe to my home and overhaul it," said Reed to Westbrook. Reed got the keys. He delivered them to the chauffeur and told him where the coupe was parked.

"Spread Over Lawn"

The chauffeur took the coupe to the Reed home and soon had its parts spread over the lawn.

Jack Boyette started home. He went for his coupe but it was not where he left it. Parked near where it was originally placed was a coupe its exact counterpart. Boyette looked everywhere, then telephoned the police. Boyette, also an employe of the relief commission, told the story to Reed and Reed had a thought. To come to the point, it developed that Reed's chauffeur had taken Boyette's automobile for an overhauling it did not need. Boyette had to use the Westbrook car while the Reed chauffeur reassembled his automobile.

John L. Darrouzet of Galveston, executive chairman of the Catholic section of the Texas state centennial, it is hoped to hold in 1936, reported that the communicants of his church are falling in behind the movement in perfect unison. He said the Catholic part of the centennial was assured.

LOANS HAMPER COTTON SALE

DEALERS CLAIM LOANS TO CHINA FAILING TO ACHIEVE GOAL

SHANGHAI, Dec. 18. (AP)—Shanghai cotton dealers charged today that the American fifty million dollar cotton and wheat loan to China—as a part of the United States government's effort to assist the American cotton market—is failing to achieve its goal.

Instead, they asserted, it is hampering the sale of American cotton in China.

Japs Refuse To Buy

The dealers said Japanese cotton interests in China, which consume 75 per cent of China's American cotton imports, under pressure from the Japanese government have refused to buy the loan cotton—thus rendering the Chinese government unable to dispose of it as anticipated.

The Japanese government is not willing for Japanese mills in China to buy loan cotton, they added, feeling that the purchases indirectly would assist the Chinese government's anti-Japanese activities.

The dealers said the "stagnated loan" was additionally disrupting the commercial market of American cotton to China by causing Chinese buyers to decline to purchase through this channel, fearing the Chinese government might possibly dump on the market huge quantities of loan cotton it is not at present able to sell.

The sale of United States cotton to China, the dealers maintained, would be increased if the loan were cancelled, allowing trade to flow through normal channels "unthreatened by the loan."

Mrs. Elledge Dies At Home Of A Son

Mrs. Percele Elledge, 84, a resident of this region the last several years, died of pneumonia Sunday morning at the home of a son, J. J. Bond, at Ralls after a week's illness.

Funeral services were to be conducted at 11 o'clock this morning at Sanders Funeral home here by John T. Smith, Church of Christ minister here. Burial was to be in Carlisle cemetery.

Three other sons, Jess Bond of Shawnee, Okla., W. T. Bond of Lubbock, and Ben Bond, also survived Mrs. Elledge.

We must learn to live within ourselves for some time.

"B. C." Relieves Your Headache In 3 Minutes

When you have one of those violent, nerve-racking headaches, from inorganic causes, you can get soothing relief in three minutes with "B. C.," a reliable, pleasant-to-take remedy. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia; for reducing fever and quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C.," in 10c and 25c packages, wherever drugs are sold. (adv.)

Tom was happy, but he wouldn't talk much. His wife whose sight the doctor believes will improve as the eye nerves become more accustomed to their work, however, insisted on telling of his devotion—of how he tried to be both a mother and a father to their children, and of how he was responsible for the operation.

"If it hadn't been for Tom," she said, "I never would have done it, he made me."

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Dec. 18 (AP)—Cotton opened steady, 5 to 7 higher on steadier cables, the advance in the government gold price and higher foreign exchange. Dec. 9.95; Jan. 9.94; March 10.13; May 10.28; July 10.42; Oct. 10.60.

Houses with foreign trade connections were among the early buyers while there was also a scattering demand from domestic trade sources presumably to fix prices, combined with covering and a moderate commission house demand. The advance was checked by continued near month liquidation together with a little southern selling and realizing, however, and after selling up to 10.17 for March, or about 8 points net higher, prices reacted 3 or 4 points from the best.

The market at the end of the first half hour was comparatively quiet and fairly steady at net advances of 3 to 5 points.

There was some further near month liquidation later, but general business remained very quiet. Circulation of a few December notices brought out some selling of that position which sent the price back to yesterday's close. Further switching of January to later months was reported and an easier turn in the stock market brought in a little scattering liquidation, offerings were light and after easing off to 10.13 for March or within 4 points of Saturday's closing quotation, prices held fairly steady. The market at midday was 3 to 5 points net higher.

NEW ORLEANS REPORT

NEW ORLEANS, Dec. 18 (AP) — Cotton opened steady today with moderate trading. Liverpool was hardly as good as due but sterling advanced and gold was marked up five cents to $34.06. First trades here showed gains of five points with March at 10.13 and May at 10.27. The market became quiet after the start and prices eased a point on a little hedging.

The market turned easier as the morning advanced owing to weakness in stocks and a drop in sterling. There was also some hedge-selling. Near noon March had dropped 7 points to 10.06 and May also 7 points to 10.20, down 2 points net on both months.

Near noon, prices recovered one point from the lows.

Grain Market

CHICAGO REPORT

CHICAGO, Dec. 18 (AP)—Despite an upturn in the Washington quotation on gold, grain prices averaged lower early today. Speculative demand for wheat lacked volume. Opening unchanged to 5-8 off wheat later held near the initial limits. Corn started at 1-8 decline to 1-2 advance, and subsequently altered little.

Stock Market

WALL STREET REPORT

NEW YORK, Dec. 18 (AP)—Financial markets, as a whole, failed to exhibit any exuberance today, following the lifting of the domestic gold rate a nickel an ounce, and prices generally were nervous and irregular.

A small tilt of the gold figure furnished little surprise to speculative circles and the inflationary implications of the raise brought no rush for either equities or commodities. Stocks pointed lower with some specialties quite heavy. Grains and cotton were only a little better than even, although silver and rubber were firm. Both sterling and French francs moved up around 4 cents and .05 of a cent, respectively. U. S. government securities sagged and corporate bonds were hesitant.

Extreme dullness characterized share trading. Atlas tack dropped more than 7 points in addition to its 11 1-2 point loss Saturday. Union Bag & Paper was off 3 and Allied Chemical 2. Other losers of fractions to a point or more included U. S. Steel, American Telephone, General Motors, Westinghouse, Du Pont, Sears Roebuck, Chrysler, Consolidated Gas, Santa Fe, N. Y. Central, Case, U. S. Smelting, U. S. Industrial Alcohol and others. Auburn and Union Pacific were slightly higher.

Most market commentators were of the opinion that dull and featureless pre-Christmas market sessions could be expected unless some unforeseen stimulus is furnished by Washington activities.

RECOVERY ACT

(Continued From Page One)

side the government are expected for modification of the law. Some one is almost certain to reintroduce a 30-hour work week bill. Congressional sympathizers with business are expected to try for elimination of section 7A, the clause drawn to prohibit coded employers from interfering with the unionization of their labor. Hugh S. Johnson, who is going to remain administrator at least until congressional storms are met and dealt with, has warned against both courses.

He told labor he believed hours would have to be shortened but that a flat 30-hour work week would be suicidal. Industry was told equally pointedly that if it pressed to reduce labor benefits under the law it could expect an "unreasoning" rebound from congress that would give the workers more than they have now, and business less.

Another attempt that may be made is to legislate labor and consumer representation on the code authorities. Johnson, fighting more radical advisers in the government, has insisted that NRA means self-government by industry itself, with supervision by the government on behalf of all groups.

A "wreck" is staged along the highways of England at dangerous spots to serve as a warning to careless drivers.

Lubbock Markets

The prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Cone Grain and Seed company, following prices being bid by Lubbock grain dealers; Cotton—Blocker Cotton company. All prices subject to change during day.

Earlier another jailbreak had occurred here.

MEN THOUGHT HERE

Possibility was seen by investigators here that Miller and Bush had been in Lubbock late Sunday. The two men stole an automobile in Tahoka and abandoned it about 10 miles from there, the sheriff's department here was informed. Descriptions of men seen loitering about an automobile, owned by a Levelland man and reported stolen from Avenue J near Main street here, corresponded with descriptions of Miller and Bush, officers said.

Birth Of Infant To Empress Is Awaited

TOKYO, Dec. 18 (AP)—On an order to be suitably attired for an occasion of great national rejoicing, all higher officials of the Japanese imperial household today began wearing cutaway coats and striped trousers.

They will continue thus formally clad daily until the gokeiji, "or the honorably auspicious event"—The birth of an infant to the emperor and empress.

Physicians of the imperial court have announced the event may be expected between Christmas and the new year.

FOUR RESCUED FROM SEA

FISHERMEN ARE SAFE AFTER TWO NIGHTS IN OPEN BOAT

YARMOUTH, N. S., Dec. 18 (AP)—A warm fire and good food today cheered four American fishermen rescued yesterday after two nights and a day at sea in an open boat.

The four—Harry Reynolds, John Muise, John Clements and Basil Mulloch, all of Boston—were the last of the Gloucester Ellen G. Marshall's crew to reach land.

With the 22 other members of the crew, they fled the ship when she caught fire Friday night scattering in dories on the tossing sea.

Three of the crew drowned when a boat upset, but all of the others were saved.

Describing their experiences, Reynolds said the four Boston sailors were on the verge of "giving up" when they sighted a light on Mud Island early Saturday.

At dawn, they fought their way to the island—inhabited only by a light keeper and a few fishermen. They were continuing again in their dory toward Punico when the steamer Ellsworth took them in yesterday and landed them at Wedgeport, N. S.

Good Roads Group To Meet Wednesday

HOUSTON, Dec. 18. (AP)—Plans to promote Texas highway development in 1934, to seek added federal road appropriations for unemployment relief and to campaign for completion of the state's main trans-state highways before the 1936 centennial, will be outlined in Austin Wednesday at the first annual meeting of the Texas Good roads association.

Call for the meeting was issued by W. O. Huggins of Houston, association president, who will report its activities during its first year of existence, along with Executive Manager Ike Ashburn of Houston and Marshall R. Diggs, financial secretary, of Dallas.

French Opposed To German Rearmament

PARIS, Dec. 18 (AP)—The war chieftains of France, in a secret session attended by General Maxime Weygand and former Premier Edouard Daladier, today decided they were opposed to a rearmament of Germany.

The army leaders met as the superior war council, carefully surveyed the reiterated demands of Chancellor Hitler of Germany for increased armaments for his nation, decided adversely against his demands, and prepared to pass on their recommendations to the government.

Carl Bergman Has Small Ballot Lead

TRINITY, Dec. 18. (AP)—Carl Bergman of Polk county had a small lead today in a field of four candidates for representative from the 47th district, composed of Trinity and Polk counties, in the election held Saturday.

Two small boxes still were out in Trinity county and results from four in Polk county were not tabulated.

The totals as tabulated:

Bergman 399; Hutson 307; Richards 210; Taylor 120.

Henry Johnson To Run For Congress

OKLAHOMA CITY, Dec. 18 (AP)—Henry S. Johnson of Perry, impeached and removed as governor of Oklahoma in 1929 on grounds of alleged incompetency, announced today he would be a Democratic candidate for congressman-at-large in the 1934 campaign.

Two candidates who have announced for the place are Will Rogers, Moore school teacher, incumbent, and Ernest Reno, blind proprietor of the capitol cigar stand.

The United States Geological Survey estimates the developed water supply of the world at 454,000,000 horsepower.

HOUSTON SETS PERMIT PACE

GALVESTON IS SECOND IN CONSTRUCTION FOR LAST WEEK

DALLAS, Dec. 18 (AP)—Permission to construct an addition to the city wharf at Houston at a cost of $122,000 gave that city a building permit total of $171,695 the past week and a wide lead over other reporting Texas cities.

Figures for the week and year:

Houston	$171,695	$3,248,990
Galveston	55,054	451,556
Austin	11,741	1,295,000

TONGUE DISAPPEARING

DOUGLAS, Isle of Man (AP)—The census of 1931, just issued, shows that of the 49,308 inhabitants of this island, only 529 could speak Manx, the native tongue, and that none was entirely dependent upon it since everybody above the age of 3 knew English.

TWO SESSIONS SLATED HERE

JERSEY CATTLE CLUB AND AGRICULTURAL WORKERS TO MEET

The Texas Jersey Cattle club and the Texas Agricultural Workers association, with most members of one also being in the other, will have annual meetings in Lubbock Jan. 3-4 and 4-5, respectively.

The Cattle club will adjourn at noon the second day of its meeting. The Agricultural Workers association will convene for its 7th annual meeting in the afternoon that day, Jan. 4, and be in session until noon the next day.

Membership Overlap

Because of their overlapping memberships, the two groups customarily meet in the same city in a single series of days. The 1933 sessions were in Dallas.

W. L. Stangel of the animal husbandry department at Texas Technological college is a director of each organization.

Dr. Bradford Knapp, president of Texas Technological college, will preside at a luncheon for the agricultural workers Jan. 5.

Mr. Stangel will be toastmaster at dinners of the Cattle club and the agricultural workers, the nights of Jan. 3 and 4, respectively.

Ellsworth To Preside

Dr. J. O. Ellsworth, professor of agricultural economics at Technological college, will speak before the agricultural workers.

A tea, chiefly for women, district and county home demonstration agents, home economics supervisors and teachers, and others, will be given at the home economics practice house at the college Jan. 4.

Gains In Recovery Drive Are Claimed

NEW YORK, Dec. 18. (AP)—The National Retail Dry Goods association announced today it had sent to President Roosevelt the results of a survey showing that many leading merchants believe the recovery drive is gaining ground steadily.

The merchants praised the NRA and expressed confidence it will bring further improvement.

The association is headed by Lew Hahn. Its announcement said it is a trade group of 4,300 department and specialty stores.

Gold Price Hiked Five Cents Today

WASHINGTON, Dec. 18. (AP)—The government jumped its gold price to $34.06 an ounce today for the first upward movement since December 1.

The five-cent increase resumed the upward trend begun when a price of $31.36 was fixed at the beginning of President Roosevelt's effort intended to boost commodity prices by raising gold values.

STORM LASHES NORTHWEST

TWO FREIGHTERS ARE DAMAGED; TIDES THREATEN CITIES

SEATTLE, Dec. 18 (AP)—A wild Pacific northwest winter storm which lashed both land and sea counted two damaged coastwise freighters among its victims today, while the two Grays harbor cities of Aberdeen and Hoquiam were emerging from unprecedented high waters.

Her deckload of lumber jettisoned and her deck equipment wrecked, the Henry D. Whiton was wallowing in mountainous seas off the Oregon coast, after an SOS call brought help. Thirty two men aboard fought the storm, as the ship tried to ride it out and reach the Columbia river.

Freighter Hard Aground

Inside the mouth of the Columbit river, protected somewhat from the gales, the Charles L. Wheeler, jr., was hard aground on Desdemona sands. Company officials believed the vessel could be saved. It had 26 men aboard.

With a 90-mile gale whipping the ocean yesterday, the entire Oregon and Washington coastlines were hard hit, but a Grays harbor high tides and torrents of rain wrought unestimated damage while 500 persons were rescued from their homes.

From two to four feet of water surged through the business districts, and much of the residential sections of both cities were under water. Two thousand homes were flooded to a greater or less extent.

High Tide Hits Cities

The third successive high tide, one of nine feet, hit the cities at midnight last night, and was backed up still farther by the gales lashing in from the sea. Near noon yesterday, an 11 1-2 foot tide came in, after another nine-footer the previous midnight.

Under Captain H. J. Persson, commander of the coast guard at Westport, small power craft and fishing boats were used to rescue persons marooned in their homes at South Aberdeen. Highways were blocked, the main power plant was put out of commission, and a large service station was destroyed by fire to add to the difficulties.

At Cosmopolis 75 families were ordered to leave their homes when the city reservoir dam was feared to be weakening.

Six passengers of a great northern train were slightly injured when three coaches were derailed near Grotto, Wash., because of a roadbed undermined by the flooding Skykomish river.

Tornadic winds accompanied by snow and rain disrupted electrical power lines, unroofed buildings and broke windows in eastern Washington and northern Idaho Sunday.

CHRISTMAS SCATTERING IS BEGUN AS WASHINGTON PREPARES FOR YULETIDE

BY BESS FURMAN
Associated Press Staff Writer

WASHINGTON, Dec. 18. (AP)—The Christmas scattering has started, the Christmas shopping seethes, and Christmas plans fill White House, homes of the cabinet, odd moments of all officialdom.

For the White House itself, trees and wreaths and greens and poinsettas have been selected, and will be moved in next week—background for the Roosevelt celebration to include four generations of the family; for a children's party, the day after Christmas, and a joyous young people's dance December 30.

Garners In Texas

Vice President and Mrs. Garner, for the first time in 30 years, congress not being in session, will celebrate Christmas at home in Uvalde, Texas, with their son Tully, his wife, and granddaughter Genevieve.

Speaker and Mrs. Rainey will have their gifts here at the breakfast table of their hotel home, and will dine out with friends.

Secretary of State Hull will still be in South America, but Postmaster General Farley is coming home from Europe for Christmas.

Other cabinet plans include:

A day at home with her family for the one woman member, Secretary Frances Perkins.

A son, Henry B., home from college to join the family hotel apartment celebration of Secretary Wallace, Mrs. Wallace, Robert, 15, and Jean, 13.

A debutante daughter, Elizabeth, and two cute grandchildren, Johnnie, 6, and Joanna, 4, children of Mrs. Harry Baxter, making things merry for Secretary and Mrs. Dern at their home.

Young people will also add gaiety to the home of Secretary Swanson. His step-son, Douglas Hall, will have William Ferguson of Newport News, Virginia, and Miss Elizabeth Patterson of Richmond, Virginia, as house guests for the White House party.

To Go To Farm

Acting Secretary and Mrs. Morgenthau probably will go to their farm neighboring the president's on the Hudson.

Secretary Ickes, now in the hospital with a broken rib, cheerfully hopes it will mend in time for celebration.

Representative Isabella Greenway and her son Jack have gone to Arizona; Alice Roosevelt Longworth to daughter Pauline in Cincinnati celebrating; Representative Edith Nourse Rogers to Lowell, Mass.

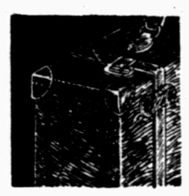

In the milling shoppers, faces familiar in legislative halls smile out: Senator Hattie Caraway of Arkansas, getting ready for that Christmas with two of her sons, Paul and Forrest; Representative Florence P. Kahn, off briefly from long hours on appropriations committee deliberations that precede the session, buying little autos, airplanes, fire engines for 1-year-old grandson, Julius III, away out home in California.

When the Republic of Panama took a census in 1930, the Indians in that country were not counted.

PERFECT GIFTS—
CAMELS AND PRINCE ALBERT
—IN GAY XMAS PACKAGES

CAMELS ... made from finer, more expensive tobaccos

Recognized everywhere as being made from finer, MORE EXPENSIVE tobaccos than any other popular brand, Camels naturally suggest themselves as the gift for any smoker. Camels never get on the nerves or tire the taste. The smoker to whom you give Camels will appreciate the mildness and satisfying flavor of those costlier tobaccos. So to give pleasure, give Camels—now on display in gay Christmas packages.

PRINCE ALBERT—THE NATIONAL JOY SMOKE

Among men who smoke pipes or "roll their own," Prince Albert smoking tobacco is known as "the national joy smoke." A special process takes out every hint of harshness or "bite"—leaves P. A. cool, slow-burning and mellow. No wonder that more men smoke Prince Albert than any other brand. The one-pound glass humidors and one-pound tins are suitably packaged for the Christmas season.

MENCKEN DOESN'T BELIEVE IN A GOD WHO DAMNS SINNERS; CAN'T TESTIFY

BALTIMORE, Dec. 18 (AP)—H. L. Mencken can nab a couple of disturbers and get them into police court but he can not testify against them. The constitution of Maryland, he said, provides that to testify under oath, one must believe in a God who damns sinners forever.

"I don't," said the sage of Baltimore.

Well, Mencken did not testify against J. R. Coe of Washington and Thomas C. Pinkerton of Baltimore yesterday but he had them sign release in consideration of dropping of charges of disorderly conduct and assault.

Mencken, Baltimore fiery man of letters, his guest, Alfred Knopf, the publisher, and members of the Saturday Night club were holding their usual meeting in a rear room of Schellhases' restaurant, discussing bach and other genial problems and drinking beer.

Their deliberations were interrupted by the intrusion of Coe and Pinkerton. The proprietor, who had been serving the two with drinks for some time, saw them reading "war and fascism" and overhead—war, how they hated it! fascism, what a mockery!

The approach of the two uninvited guests was stopped by Dr. H. E. Buchholz, secretary, major domo and sergeant-at-arms of the club but he was felled by a blow to the ear, which gushed blood. There was more blood, tables were upset and beer was spilt.

Mencken chased the intruders into the street, nabbed both of them and then turned them over to the police. The Saturday Night club members were up early Sunday morning for the case in court but Mencken could not testify so Dr. Buchholz was asked to drop his charges.

"He's got to get a release," shouted Mencken. "If they're communists, I don't trust them and they'll go back to Washington and claim they won a victory."

The releases were signed and the case was over.
