Poll Tax Deadline Is Friday

A check Wednesday revealed 470 poll tax receipts have been issued here at city hall and Loveless Appliance.

Deadline for obtaining poll tax receipts is Friday, Jan. 31. The fee is \$1.75 per person. This is an election year with several national, state and local elections coming up. Since Texas voters turned down the proposed amendment on poll taxes last November, citizens must have the poll tax receipt to be eligible to vote.

Anyone who was 60 years old on or before Jan. 1, 1963 does not need a poll tax receipt to vote in Lamb County.

Herbert Dunn, county tax collector, said some confusion over this matter had been reported to him.

Contrary to some news stories, Dunn said anyone who fills the age requirements given above will not need a poll tax receipt. He said stories released about new rulings on the "over 60" voting requirements do not affect this county.

It's Sugar Time At C-C Banquet

Throgmorton To Be Speaker

It'll be a sweet time in Olton Friday night with "Sugar Time" as the theme of the Olton Chamber of Commerce and Agriculture banquet.

The theme will play up sugar beets, which are predicted by some to become a major crop in this area.

Tickets for the seventh annual banquet are now on sale at the CC-A office or they may be purchased from any member of the organization for \$2.50 each.

Scheduled at 7:30 p.m. in the school cafeteria, the banquet will feature Louie E. Throgmorton, Dallas insurance man, as main speaker.

One of the highlights of the evening will be the announcement of Olton's Citizen of the Year by Doug Jones, CC-A vice-president. Jones will also introduce guests.

Entertainment will be by Mr. and Mrs. Bob Allford and dinner music will be by Harold Dean Carson at an organ furnished by Coberly Music Co., Lubbock.

Johnny Clark Jr. will serve as master of ceremonies and the Rev. Cecil Hardaway, First Methodist pastor, will give the invocation and benediction.

George Redinger will recognize the out-going directors, Basil Johns, James Cowart, Owen Jones and Ed Thompson. Officers and directors will be introduced by Basil Sherman, president.

Decorations by the House of Flowers will include, on the tables, green runners topped with tree branches and sugar cube buds.

Members of the decorating committee are Maxine Struve, Sue Polk, Jean Green, Pat Meinecke, Margaret Parsons, Betty Hall.

Other members of the banquet committee are Bill Walden, chairman, and Laverna Thompson, Katie Chitwood, Velma Kemp, Lester Thompson, Norma Walden and George Redinger.

F. H. A. girls will serve the steak dinner at the banquet. Melvin McReynolds, CC-A manager, asked Wednesday that CC-A members turn in money for tickets which they received in the mail.

Throgmorton, retired vice-president of the Republic National Life Insurance Company of Dallas, is said to be a humorous speaker. He is much in demand as a speaker for civic and business organizations.

He has been connected with the life insurance industry for over 30 years.

Each year he travels some 200,000 miles to deliver approximately 400 addresses throughout the United States.

Throgmorton is on the board of the South and East Dallas Chamber of Commerce and is a member of the Dallas Sales Executives and the Dallas Downtown Kiwanis Clubs.

DAUGHERTY IS FINED ON REDUCED CHARGE

A case which involved the shooting of a crop-dusting plane here last August has cost a 55-year-old Olton farmer a fine of \$750.

The farmer, Frank Daugherty, pleaded guilty to a charge of aggravated assault last week before Judge Pat Boone Jr.

The charge was a lesser one included in an indictment of assault with intent to murder returned by a Lamb County grand jury Nov. 26, District Attorney Jack Young said.

Daugherty paid the fine of \$750 and the case, which began over a cucumber field here several months ago, was closed.

Daugherty was indicted in connection with the shooting Aug. 9, 1963 of a crop dusting

plane as it flew over a patch of cucumbers just southwest of the city limits.

Harold Harbour, of an Amarillo spraying service, was the pilot of the craft, which was hit in the wing by a single shot as the plane banked at low altitude in spraying the cucumbers.

The patch of cucumbers was owned by J. M. Machen on land adjoining property owned by Daugherty.

An attorney for Daugherty said the farmer was concerned over possible damage to his string of quarter horses from a pesticide.

Trial was first set for Dec. 9 but was postponed.

Philosopher Views Alarming Situation

Editor's note: The Running Water Philosopher on his care-less weed farm on Running Water draw, views a certain possibility with alarm this week. We guess that's what he's doing.

Dear editor:

Whether we out the national budget or not, whether we get a tax cut, whether medicare passes, whether the Panama situation is settled, whether France recognizes Red China or not...these things pale into insignificance when you stop to consider the biggest question in this country.

It is: do television announcements have the right to strike and shut off television?

According to an item I read on an inside page of a big daily paper which I found on the road near my house where somebody had left it after using it to lie on while getting a jack under his car to fix a flat, which incidentally shows how a big newspaper can underplay the news--putting an item like this on an inside page--there's a union of television announcers and they are talking about striking for higher pay.

A spokesman for the television industry said such a strike could shut down national television for several days.

This is what I'm talking about. I do not believe the American people can survive several days without television, it's a threat to national security, and Congress ought to drop everything else if it happens to have anything in its hands at the time and attack this crisis before it arrives.

You leave 150 million people at loose ends every day and night for a week, especially in an election year, and there's no telling what would happen. If I was a Congressman, for example, the last thing I'd want

is to have the people thinking for a week on how long it takes Congress to act.

I don't know what the solution is, but anything that keeps one program from following another every night in the year is an open invitation to unrest and possibly widespread thinking and if Congress wants to keep lumbering along it had better stop long enough to keep television on the air.

A Gunsmokeless, Wagon Trainless, As the World Turns-less week is beyond the human capacity to endure.

Yours faithfully,
J. A.

Man Charged With Burglary

Raymond Barrentez was in Littlefield jail Wednesday after he had been charge with burglary by Olton Police Chief Emmett Burrows.

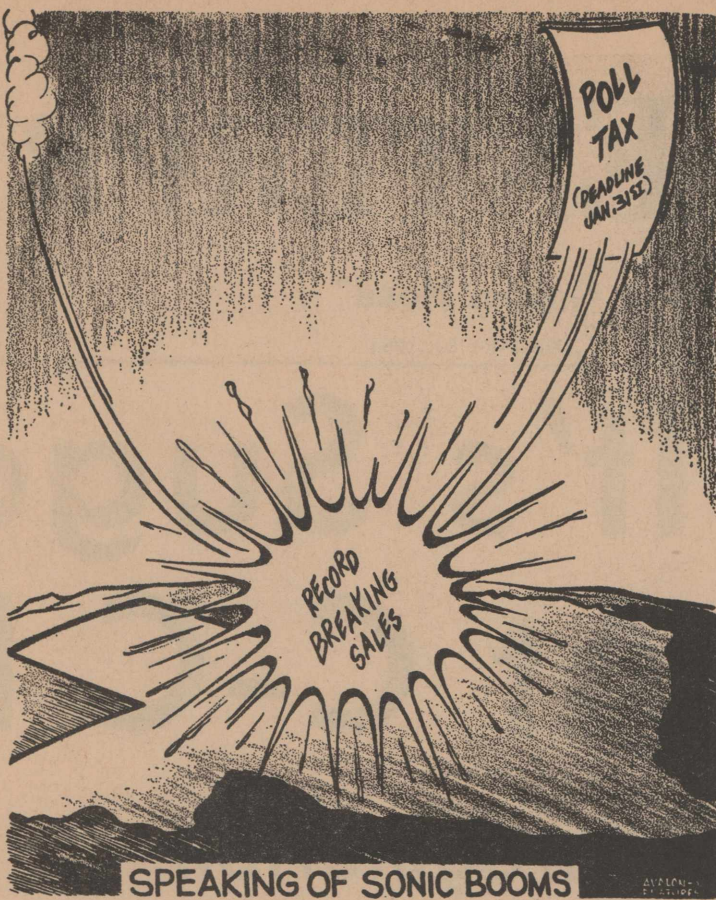

Burrows said the numbers of a pistol he said he found in Barrentez's possession were the same as those on a gun reported stolen from White Auto here on Dec. 31.

Burrows said Barrentez had been involved in an argument Jan. 11 at Mary's Cafe here.

He said this led to another on Jan. 19, when a .22 rifle was fired through the rear window of an automobile.

In connection with the second incident, Mike Arrera, 18, Cotton Center, was fined \$200 in corporation court for discharging a fire arm inside the city limits.

Palmettos along the Rio Grande caused the Spanish discoverers to name the river "Rio de las Palmas."

Down Memory Lane

Five years ago today in Olton Gerry George's Poland China was named grand champion of Amarillo Junior Swine Show Tuesday.

Olton's eighth grade girls defeated Dimmitt 34 to 20 in basketball. Mack McGill tied for first place in beef cattle judging at the Tulia livestock contest.

Mr. and Mrs. Andy Stroebel attended inauguration ceremonies in Austin.

Barbara Kirkpatrick was installed as worthy advisor of Olton Rainbow.

Rites Held

Funeral services were held Jan. 25 in the Clovis Fairview Nazarene Church for Fred Cornelius, brother-in-law of Mrs. Ruth Hair. Clergyman J. E. Perryton and Bro. Gunstream officiated.

Survivors include his wife and three sons, J.T. of California, Curtiss of Colorado, and Frank of Clovis; and a daughter, Mrs. Grady Laferty of California. Interment was in the Olton Cemetery.

Production Credit Has Active Year In 1963

PLAINVIEW--(Special)--The Plainview Production Credit Association, the nation's largest, now observing its 30th anniversary as an agricultural financing institution, loaned a total of \$45,909,691 in 1963 to its farmer and rancher stockholder borrowers in an eight-county area of the High Plains.

In a year-end report of activities, General Manager Noel Woodley of Plainview reported the association's 1963 loan volume increased more than \$6,000,000 over the 1962 figure of \$39,886,126, an all-time high in the history of the Production Credit system of agricultural financing.

A favorable outlook for agriculture and agricultural credit conditions in the association's area during 1964 was forecast by Woodley.

He pointed out that 1963 was a good crop year and collections have been good. "Credit needs will probably continue to increase due to the increased cost of production, farm equipment and land," he said.

The Plainview Production Credit Association is owned and operated in its entirety by 1,779 farmer and rancher stockholder-borrowers in Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Farmer and Swisher counties.

The association was chartered in 1934, and since that date has loaned more than \$206,340,775 to farmers and ranchers in its territory.

"We have but one reason for our existence," Woodley explained, "and that is to provide a dependable and adequate source of agricultural credit at the lowest possible cost."

The 36 associations serving all 254 Texas counties receive their loan funds through the monthly sale of debentures on the nation's commercial money market by the Federal Intermediate Credit Bank of Houston, discount agency for the Texas associations.

Farmers Union Drive Is Set For New Members

National Farmers Union secretary-treasurer, Tony T. Dechant, will address a meeting at Lubbock Tuesday night, Feb. 4, at 6 p.m. at Underwoods Cafeteria. Dechant will be keynote speaker for this Farm Income and Membership Expansion Rally sponsored by Texas Farmers Union to herald the kickoff of a massive membership expansion campaign on the South Plains.

State President Jay Naman of Waco will accompany the national official to Lubbock, and will assist on the program. Naman has announced that his Lubbock rally will put in motion a Plains-wide membership campaign that will end March 1. County organizations reaching a membership goal by the March 1 deadline will be awarded a special achievement bonus.

LUBBOCK VISITORS
Mr. and Mrs. Gradian Franklin from Lubbock visited in the home of their parents, Mr. and Mrs. W.T. Hankins.

BACK FROM EL PASO
Mr. and Mrs. J. W. Henderson, parents of Mrs. Bud Huckabee have moved back to Olton.

Although original capital for the associations was supplied by taxpayers, Woodley explained, by 1949 all 36 Texas associations had retired all taxpayers funds and association capital became wholly owned by association stockholders.

"At no time have federal funds been used for loan purposes," he emphasized. "We compete for loan funds at the lowest possible interest rates each month on the nation's commercial money market through the sale of our short-term debentures."

Serving on the Plainview Production Credit Association's board of directors are President Grady Shepard of Hale Center, Vice-President Henry Hayes of Plainview, Don Garrison of Silverton, Billy W. Carthel of Friona and Watson S. Jones.

Offices are operated in Plainview, Olton, Dimmitt, Floydada, Friona, Littlefield, Muleshoe, Silverton and Tulia.

Savings Bond Sales Reported

December E and H Savings Bonds sales in Lamb County totaled \$233,734 according to C. O. Stone, chairman of the 70.8 percent of the 1963 sales goal.

Savings Bonds sales in Texas for 1963 totaled \$145,334,910 which represents 96.5 percent of the state goal of \$150,600,000. This is an increase of 1.5 percent over 1962 sales.

"I was happy to note the sales increase during 1963 over sales in 1962 and feel confident it was a direct result of the wonderful support given by bond volunteers, newspapers, radio and TV stations, organizations, and others. The Texas Savings Bonds Committee salutes these groups for their patriotic support of the Bond program," Chairman Stone said.

Farm Bureau Drive Is Set For New Members

"Farm Bureau Week", in Texas will mark the beginning of an intensive campaign to boost membership in the state's largest farm organization, according to Wayne Little director of organization for the Texas Farm Bureau. Three area-wide membership rallies will be held Feb. 3 in Lubbock, Dallas, and San Antonio to kick off the organization's 1964 enrollment drive.

Gov. John Connally has designated the week of Feb. 3-8 as "Farm Bureau Week" to point up the importance of agriculture to the over-all economy and the necessity of having "an informed, prosperous, and organized agriculture in our state."

Little said that drive plans are aimed at hitting a new high membership record this year which will make the twelfth consecutive year for the organization to gain members. Another goal, he said, is to regain the standing of being the largest state Farm Bureau in the South and fourth largest in the nation, a position that was lost to Alabama last year when that organization edged ahead of Texas in membership.

Purpose of the three rallies is to provide the inspiration and information to accomplish the goals, he said. All county Farm Bureau leaders and volunteer membership workers are being encouraged to attend the meeting nearest them.

Some State Farm Bureau officials, including Little and TFB President, C. H. DeVaney, will attend all three meetings, traveling by plane between the widely-separated points. In addition, each meeting will have a special speaker. Woodrow Luttrell of Chicago, director of the American Farm Bureau Federation's information division, will speak at the Lubbock meeting which will begin at 10 a.m. at the Holiday Inn Parkway.

More Leisure Time For County Workers

Most Lamb County residents have more leisure time at their disposal than they ever had.

Because of the social and economic changes that have taken place in recent years, the average working man finds himself devoting a much smaller part of his lifetime to making a living than he would have found necessary a generation or two ago.

For one thing, he doesn't begin working at as early an age as was once the custom. In Lamb County, for example, the average boy completes 9.4 years of school before starting out.

That is more time than his father or his grandfather spent in school. The result—he begins to work a year or two later.

Also, according to previous standards, his working day is

a comparatively short one and the number of years he will work, prior to retirement, considerably less.

The changes that have taken place are brought out in studies made by the Department of Labor, the Department of Commerce and others.

They show that for every eight hours of work put in today by the average Lamb County man, he is saving three hours in terms of grandfather's work-week.

Back in 1910, a man spent 55 hours a week on the job. This has been steadily whittled down to the point where the average now is just below 40 hours.

Applied to the 5,800 local men who are employed, according to the latest Government figures, it is equivalent to 4,309,000 man-hours of additional leisure time per year.

A new study on work and leisure by the University of Michigan notes that:

"With retirement age moving down toward the early 60's and eventually toward age 55, the total productive life may become 35 or 40 years in the foreseeable future."

All told, taking into account the added years of schooling, the shorter workweek, earlier retirement and longer life span, the average working man is putting in 20 fewer years of work in his lifetime than his grandfather did.

On the basis of Lamb County's male working population, it amounts to 116,000 additional years of leisure that may be devoted to self-improvement, sports, hobbies or just plain loafing.

Fillies Set Record With 19th Victory

Olton's Fillies won a pair of games and the Mustangs lost a couple in district 3-AA action last week.

The Fillies established a school winning record as they posted their 19th victory of the year here Tuesday night, 42-41 over Morton.

The win brought the Filly record to 19-6 and kept them in the district championship race with a 4-1 mark.

The Mustangs, meanwhile, dropped their 14th game of the year compared to seven wins. Olton has a 1-4 district record.

Next action for the Olton teams is Friday night at Hart. Girls game will get under way at 6:30 p.m., with the boys' game immediately thereafter.

After those non-district clashes, the Olton teams will meet Friona there next Tuesday night, with the girls game to begin at 7 p.m.

Last Friday night the Fillies chalked up a 51-43 win over Muleshoe. Gayle Nicholas led the way with 34 points, while Susan Norfleet had eight and Sherry Caddel seven.

Tomie Covington got 13 rebounds and Kathie Kidd eight. Pam Hair and Margaret Schaefer each had five.

Against Morton, Nicholas had 31, Karen Hipp seven and Caddel four. Covington got six rebounds and Kidd five. The Fillies had to come from eight

points behind to win the tilt.

The Mustangs played a fine game against Muleshoe for better than three quarters, leading 37-35 at the end of the third period. But the Mules put on an amazing rally and walked away with the game, 65-47. George Jones led the Pony scorers with 20 points.

In the loss to Morton here Tuesday night, the Ponies fell behind early and absorbed a 64-35 beating. Jerry LaFrance scored 10 and Clyde Gallaway, 13 for the Mustangs.

Medical Care Hearings

WASHINGTON---Although supporters of federal medical care under Social Security for the aged were challenged two years ago to find one elderly person needing and seeking hospital care to whom it was denied because of poverty, they have yet to supply the name and address of a single one, according to the Chamber of Commerce of the United States.

The challenge was issued in 1962 by Rep. Tom Curtis (R-Mo.) at House Ways and Means Committee hearings on the Administration's medicare program, and it has been issued by the congressman at subsequent hearings.

The country has 17.3 million aged. So the fact that not one has been found in two years to have been denied this care because of inability to pay is a tribute to the hospitals and doctors of the country.

It suggests that the real issue is not whether the aged are receiving the hospital care they need, but whether the present system of providing care will be replaced by a compulsory federal system.

Hearings will start again Jan. 20 and they will undoubtedly turn up facts showing how the present system of providing protection is improving. One of these facts is that more than 90 per cent of the aged have protection under health insurance or government programs (such as Veterans' benefits, old age assistance, and medical assistance for the aged) compared with only 35 per cent in 1952, and the percentage still is growing.
