STUDENTS DISCUSS CLASS DESIGNATIONS: Angela Ornelas makes a point during Monday night's Colorado ISD trustee meeting. The students were asking for an honors designation for the Biology II class. The trustees voted to make the class an honors section along with three other classes. Other students shown are Billy Robinette and Lauren Perkins.

Career Ladder plan approved

The CISD trustees approved a career ladder plan and the placement of teachers on the career ladder at the trustee meeting Monday night.

Kitten Arthur, Curriculum Facilitator, presented three plans to the trustees for consideration.

The board voted to go with the original plan that was submitted in the December meeting -- using only

state money allocated for this purpose and no local funds.

All Level II instructors will receive \$1500 and all Level III instructors will receive \$3000.

Level II Entry teachers are Beverly Adams, Orphie Conner, Mona Crockett, Janice Giddens, Anita Graham, Larry Hartwick, Jimmie McCallay, Edna Mcrell, Judy Merrell and Joanne Sanderson.

Level II Maintenance teachers include Martha Anderson, Susan Anderson, Katrina Bogle, Molly Bruce, Nancy Carroll, Leah Daves, Christy Dockrey, Glennia Fambro and Emma Godina.

Others at this level include Janie Lou Greenlee, Barbara Hammond, Sonja Hanks, Tom Kelly, Judy McArthur, Renee Marshall and Amy Moore.

Also, Leslie Perkins, Patty Pharis, Margaret Rees, John Richardson, Margaret Sellers, Edna Thompson, Cliff Vlasin and David Woods.

Level III Entry instructors are Anette Chesser, Sharon Graves, Rita Hardegree, Teresa Lamonds, Nancy Moore, Adele Morgan, Walt Staats, Carolyn Walker and Kathy Wilson.

Level III maintenance teachers include Cynthia Bowen, Susan Farr, Susan Hall, Brenda Johnson, Joan Lemons, Jancy Mayo, Carl Moore, Margaret Sparks and Pam Walker.

1st National named depository

The First National Bank of Colorado City will serve as the Mitchell County bank depository for the next two years as they submitted the only bid to the commissioners' court Monday morning.

Mark Waldrup, president of the bank, presented the bid to the court and said the interest rate would be .49 basis points under the three month Treasury Bill rate.

The court also interviewed five applicants for the working supervisors job for the Work

Release Program to be administered by the probation department. The court recommended Ricardo Ramirez for the position to Donna Starr, chief probation officer.

In other business, the court approved a budget amendment, discussed road sign proposals for the 911 system and tabled action on a proposal from the National Association of Counties.

The court recessed from noon until 2 p.m. and in the afternoon session, approved the monthly reports.

Cotton Information Day set this Friday

The annual Mitchell County Cotton Information Day will be held on Friday, February 12, 1993 at the Mitchell County Ag Barn. The event is sponsored each year by the Mitchell County Extension Service and the Extension Field Crops Committee.

Cotton producers will have the opportunity to hear from various speakers, who will bring the latest information concerning cotton production and management. Those scheduled to appear include: Dr. Billy Warrick-Ext. Agronomist-San Angelo, Dr. Kater Hake-Ext. Agronomist-Lubbock, Dr. Michael Hickey-Ext. Soil Chemist-Lubbock, Mr. Rick Minzenmayer-Ext. Entomologist-Runnels and Tom Green Counties, Mr. Roger Halden-Plains Cotton Growers-Lubbock and Mr. Bill Rogers-Texas Dept. of Agriculture-Lubbock.

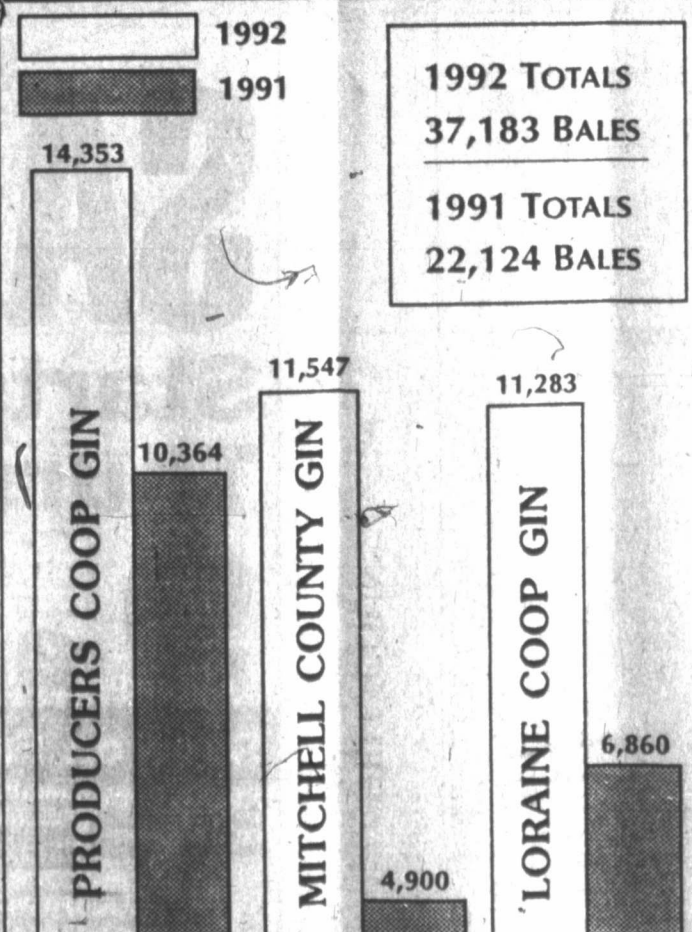

The meeting will start at 9:00 a.m. The morning sessions include soil fertility, early season management, variety selection, weed control and TDA laws and regulation regarding record keeping. A catered lunch will be provided for all in attendance. The meal is sponsored by several agricultural chemical companies who will have booths available for producers to visit. The afternoon session will include insect management, the diapause program on the High Plains and current information

regarding the proposed boll weevil eradication program.

Those producers who have pesticide applicator licenses will receive continuing education credits

by attending this meeting. Producers should be able to use some of the management practices discussed at this meeting to produce a good cotton crop in 1993.

MITCHELL COUNTY FINAL BALE COUNT FOR 1992 SEASON

In long meeting Monday

Trustees name Honors classes

Several students, faculty, and parents met with the Colorado ISD board of trustees Monday night to get a clarification on whether or not a Biology II class was an "honors" class or a regular class.

Shawne Ortiz served as the spokesperson for the students and told the trustees and administration that "we're all college-bound students and we took this course because we thought it was a honors course. We were told by the counselor last year (who is no longer with the school system) that Biology II was an honors course. It's taught on a college level but we get the same credit as if it was band or P.E."

President of the board, Dwayne Harris, told the group "if this class was named as an honors course - then it would affect more than the students at the board meeting since students with grades below 80 would have to be moved to regular classes."

Supt. Don Nimmo said one student in Biology II and three in Chemistry II would be moved to regular classes.

Trustee Billy Bridgford said "this is an administrative bungle--that's all there is to it."

Curriculum Facilitator Kitten Arthur said, "I agree with Billy Bruce -- we dropped the ball."

Nimmo added, "it has been an embarrassment. It was an oversight and (addressing the students there) I know where you're coming from. This is an embarrassment to me as the superintendent and to the school system."

Bridgford later made a motion to make Biology II, Chemistry II, Advanced Social Science Problems and Humanities designated as "honors" classes for the 1992-93 school year.

The vote was unanimous with trustee Roxie Strain absent.

The trustees set May 1, 1993 as the date for the school trustee election as the terms of Jesse Munoz, Jr., Larry Blassingame and Bridgford are up for election.

Personnel matters took up a big part of the Colorado Independent School trustees' time Tuesday night in a meeting that started at 7 p.m. and ended around 1 a.m. Tuesday morning.

Eleven contracts for administrative or supervisory personnel were up for extension and the trustees acted on ten of them and gave them a one-year extension.

Those whose contracts were extended include: Kitten Arthur, Curriculum Facilitator; Christine Cooley, Food Service Director; Juan Espinoza, principal at Kelley Elementary; Geneva Findley, Business Manager/Tax Collector; Vince Gaona, Transportation Supervisor; Mark Howeth, Athletic Director/head football coach; Bobby Lemons, principal at Hutchinson; Mark Merrell, assistant principal at the Middle School; James Owens, Maintenance Supervisor; and, Margaret Trulock, Wallace Center Supervisor.

The contract for Colorado High principal James McSwain was not extended at this time. His present contract extends through school year 1993-94.

Resignations were accepted from Mark Bennett, ninth grade coach and math teacher; James McLean, retiring as principal of the Middle School; Alex Martinez, high school band director; and, Amy Moore, second grade teacher.

Mary Petty will continue full-time as the school nurse with no classroom instruction.

Personnel hired include Kevin Hix for auto technology and Kaci Householder for a half-time homebound instructor.

Information on prison jobs to be given by TEC

The Texas Employment Commission has scheduled an informational meeting this coming Monday here in Colorado City to discuss employment opportunities at the TDCJ prison during construction.

They will have information on how to apply to the general contractor and sub-contractors. Representatives will also provide information on how to apply for permanent jobs with the Texas Department of Corrections once the facility is open.

Expected to be at the 7 p.m., February 15 meeting at the Colorado City Civic Center are at least six representatives from the Sweetwater office of the TEC.

Blood drive set here Wednesday at Civic Center

United Blood Services will be in Colorado City on Wednesday, February 17, 1993 to accept voluntary blood donations. The blood drive, from 2:30 p.m. to 8:00 p.m. is at the Civic Center Bldg.

"There is absolutely no risk of getting AIDS or any infectious disease by donating blood," said Gary Karschner, Community Relations Representative of United Blood Services. Only sterile and disposable equipment is used during the donation process. Everything, from the swabs to the blood bags to the needles, is used just once and then thrown away.

United Blood Services is the non-profit community blood provider, serving patients in 14 hospitals throughout the West Texas area. Since blood cannot be manufactured or synthesized and can be stored only 42 days, a safe and adequate supply of blood must be available to meet the needs of local hospital patients. Currently, more than 1300 units of blood must be collected each month to meet area demands.

Blood used by patients in the United Blood Services system is freely provided by volunteer blood donors, so there is no charge for blood itself. United Blood Services charges a processing fee to recover the operational costs of the blood center, including collecting, testing, processing, storing and delivering blood and blood components. Health insurance usually covers this fee.

Healthy people over 17 may donate blood. In Texas, state law requires 17 years olds are to have written parental or guardian permission before they can donate. Each donor receives a thorough pre-donation interview, including a careful review of medical history and a check of temperature, pulse, blood pressure and blood iron level. After the blood is collected, it is typed and tested for diseases which could be transmitted to the recipient. Should any of these tests indicate the need for medical attention, the donor is notified.

The actual donation takes about 10 minutes. The donor relaxes in a comfortable chair while one unit (about a pint) of blood is collected in a special container. Afterward, donors enjoy a light refreshment before returning to their normal routine.

McAnally presents club program

The Colorado City Garden Club met for a Dutch Treat luncheon at the Villa Restaurant on Tuesday, February 2.

Mrs. Peggy Ratliff, president, presided. Jeanine Bodine gave the invocation. The Horticulture Hint given by Majorie Kolman stressed the great importance of keeping newly transplanted trees and flowers really well watered from the time they are planted until they are established.

The Club voted to sponsor the Smoky the Bear Fire Prevention Poster Contest for grades Pre-K to 5 again this year.

Sharon McAnally presented an informative and interesting program entitled, "Making Decorative Accessories from Natural Materials." Using plants that she has collected in the local vicinity she demonstrated drying them in silica gel, by hanging upside down, and by laying on a screen. This way the plants retain their colors. She then demonstrated decorative uses for them, wreaths, swags, wall hangings, ornamenting books, pictures or other items to display.

The second use for dried plants was in pot-pouri. She made several kinds, allowed each guest a sample to take home and instructions for making pot-pouri. A helpful bit of information was pot-pouri that has lost its scent may be renewed by placing it in a zip-lock bag in the freezer for two weeks.

Kathy Watson was welcomed as a new member. Others present were: Brenda Aguillon, Glenda Alford, Betsy Aycock, Catherine Bell, Jeanine Bodine, Erna Lou Burt, Ray Anne Carlock, Mary Ellis, Alma Fulton, Dorothy Johnson, Marjorie Kolman, Sharon McAnally, Frances Myers, Peggy Ratliff and Marilyn Taru and a guest Sarah Scott.

Hines graduates from Angelo St.

Charles David Hines of Colorado City, a junior physics major at Angelo State University, is among 53 students from ASU whose names appear on the 1993 list of Who's Who Among Students in American Universities and Colleges.

A campus committee and editors of the annual directory selects the students on the basis of their academic achievement, service to the community, leadership in extracurricular activities and potential for continued success.

Students from more than 1,400 institutions of higher learning in all 50 states and several foreign countries have been selected to appear in the volume. Outstanding students have been honored in the annual directory since its first publication in 1934.

CITY COUNCIL NOTES

Linda Bean -- who serves as the TU Electric manager for both the Colorado City and Sweetwater offices -- made a presentation to the City Council Tuesday night concerning TU Electric's request for a 15.3 percent rate hike.

Councilman Rex Thackerson stated that "since Colorado City was 'a TU town', we should give them a better reception than others have. I'm not saying I'm for an increase because I'm not. I hate anything going up."

If the rate increase is passed by the PUC as it has been presented, a consumer's \$69 electric bill would increase to an \$80 electric bill.

Mayor Jim Baum said "a 15.3 percent increase is almost obscene now and I guess the bottom line is that I'm losing confidence in TU Electric -- I'm for denying it."

Councilman Bob Reilly made a motion to put the increase in the hands of the Public Utility Commission -- "where it will be ultimately decided anyway," Reilly said and the vote was unanimous. Councilman Gary Redwine was out of town.

Thackerson also gave a report on the ambulance service and Mitchell County Hospital's plan to buy a new ambulance and to set up a purchase program for the future. He said he would like to see the city pay an increased rate to the ambulance service and to discuss this during upcoming budget workshops.

During the city manager's report, Buddy Foster and Glenna Garrett brought up an apparent recurring problem with Kiker-Scale Funeral

Home selling burial lots in the City Cemetery.

Garrett said "the City eventually gets the money for the lots but we have told them repeatedly not to sell a lot."

A question was raised on whether lots have been sold and not decided to the buyer.

City Attorney Tom Rees said the "city needed to attack the problem on the basis of a real strong ordinance to prevent this."

No action was taken on a bill from Parkhill, Smith and Cooper concerning survey work at the

prison site and representatives of that firm will be asked to explain the high cost of surveying the site at a future council meeting.

Other items discussed included: +drafting an ordinance for tattoo parlors inside the city limits since a person had inquired about opening one.

+ a report from a local and area motorcycle club about having a meeting in town this summer and the availability of city facilities. This is the same club that donated over 100 toys to the Toy Drive this past Christmas.

COOK'S CORNER

Our featured cook this week is Fern Reeves. Fern referred to herself as one of those "born at home babies"! She was born and raised on her family's farm outside of Loraine. She attended the Looney school for 2 years before her parents transferred the children to the Loraine School. Fern graduated from there in 1953.

She remembers the blind date she went on with Tommy Don Reeves in 1952. The couple came to Colorado City to enjoy a movie. They continued dating regularly and were married August 1, 1953. Soon afterward, Tommy Don, who was enlisted in the Army, was transferred to Rapid City, South Dakota. They returned to Colorado City in 1956. Tommy Don, after a short time working in the oil field, went to work for our Post Office. It wasn't long until he began to encourage Fern to attend college with him. After some time she agreed. She received her Associate degree from Howard College. One day Tommy Don suggested they take a trip to San Angelo, unannounced to Fern, he intended to enroll her in Angelo State College! Fern received her Bachelor of Science degree and has since been teaching in the Westbrook School system. She is currently teaching Jr. High history and reading. She also teaches elementary P.E. Tommy Don served as supervisor in the Colorado City Post Office for 9 years and has just recently been promoted to Postmaster of the Coahoma Post Office.

The Reeves' have two grown children. Donna Bell of Snyder is a homemaker. She has five children, Chris, Stephanie, Jennifer, Jonathan and Kimberly. Rodney Reeves (Big Rod as classmates

knew him!) is Colorado City's Post Office's Officer in charge. His wife Lanna teaches at the Sweetwater High School. They have three children, Rachel and the twins, Thomas and Daniel.

Fern and Tommy Don attend the Downtown Church of Christ. They regularly host the once a month pot luck supper, the congregation enjoys. They also often play host on Sunday afternoons to visiting ACU ministers who need a meal and a place to stay for the day.

Fern enjoys sewing, cooking and working in the yard. The couple also enjoy traveling, she said they like to "see what's over the hill!"

Fern loves to cook, especially when someone is there to eat it, like guests or family. She began cooking at the age of 4. It was her birthday, her Mother and older brothers and sisters had to work in the field so her mother instructed her how to make her own cake! Being the youngest, she often "watched the pots" while the others were working. Her Mother would tell her how and when to season or stir this and that. Fern said she had some "trimming" put on her cooking education through Home Economics in school. She remembered with a smile in her voice, about her best friend, Ann Bowles. Fern loved to go to Ann's house to eat. She learned how to set a pretty table and prepare dishes that complimented each other from Evelyn Bowles, Ann's mother.

One cooking goof, she remembers well, was her first married Thanksgiving turkey. It was quite embarrassing, with her inlaws over for the holiday, that the bird started bleeding everywhere when it was carved!

Fern Reeves

Fern's Helpful Hints: 1. To avoid cloudy dishes in the dishwasher, add a little vinegar to your final rinse. They should come out crystal clear! 2. Double rinsing your clothes and towels will make them whiter and softer. Stop the washer before it spins out, resetting the control to rinse again.

Rum Cake
1 Box butter cake mix
1 pkg. (not instant) vanilla pudding
4 eggs
1/2 c. light rum
1/2 c. cooking oil
1/2 c. water

1/2 C. finely chopped pecans

Preheat oven to 325 degrees. Grease and flour bundt pan, in bottom of pan sprinkle 1/2 cup finely chopped pecans. Mix ingredients together and pour into pan. Bake about one hour. Remove from oven and while still hot drizzle rum glaze over it. Leave cake in pan for at least 30 minutes so the glaze can soak through.

Rum Glaze

1 stick butter
1 cup sugar
1/4 c. light rum
1/4 c. water
Blend all ingredients, bring to a boil and boil from 2 to 3 minutes.

CHIEF LONE WOLF

BY JIM BAUM

"Frightening," was the way Sandra Bracy Green remembered it. "What's right is right," recalls Dr. Jene Steakley. They were both thinking back to 1966-67, when Colorado High and the local school district was integrated.

Sandra entered Colorado High her senior year, after attending the all black Wallace School.

"It was frightening because there were only eleven or twelve of us (Wallace seniors) when we started at Colorado High."

Dwayne Harris, now president of the Colorado school board, was also a senior in '66-'67.

"The thing I remember back then," he says, "you could see all those riots (on television) and I thought, 'boy, we're going to have a lot of trouble,' and you know, we didn't have one minutes trouble. It was really a good transition."

Indeed it did go well. And while memories are a little hazy some twenty-eight years after the fact, the school board was dedicated to getting on with integration.

At first, plans called for "stair-stepping" integration; one grade per year for six years, then the other grades (7-12) would have been integrated at one time.

But, that's not quite the way it happened. A meeting was held by the school board with black leaders and from that session a plan was hatched.

Bill Carter, later county judge, was a member of the school board, and he remembers that meeting was "very open and nobody was twisting anybody's arms. They realized we instigated the meeting, and we invited them to come up."

"We just sat around the table and talked. It couldn't have been more compatible," he added.

The Reverend Robert Bracy also was at that meeting, or if not the same one, a similar session. The black spokesman was the Reverend C.C. Beck, pastor of Mt. Zion Baptist Church. Beck was a highly respected community leader, among blacks and whites. Also present was Edith Taylor, a black parent.

"Reverend Beck wanted to integrate right then," Bracy remembers, "but Superintendent Wilson wanted to do it a year at a time."

Apparently a compromise of sorts was reached because on July 15, 1965, the board voted to implement a plan that called for the integration of grades one through four in September of that same year. And, the following year, 1966-67, all grades would be "totally integrated," according to the board's minutes.

The proposal was approved by the U.S. Department of Health, Education and Welfare. Dr. Jene Steakley made the motion to adopt the plan and board member Warren Anderson seconded.

The President of the Colorado School Board was Curtis Latimer. "The approach I took was the school district belonged to everyone. These people (the blacks) were not getting their proportionate share of the school benefits."

And Dr. Steakley: "Without sounding ostentatious, I recognized this was the thing to do and I thought, 'why complicate it? Let's just do it.' What is right, is right."

Additionally, part of that policy on integration stipulated that any black transfer students would be assigned to Colorado High, immediately, rather than sent to Wallace.

Thus, Leon Houston, who moved from Big Spring to Colorado City that fall, became the only black in the class of '66. He also assured himself of a place in Colorado City history by becoming the first black to receive a diploma from Colorado High. (Houston now lives in Richardson and operates his own beauty salon).

The following year complete integration became a fact of life in Colorado City, quietly, low-keyed and with no fan-fare. And peacefully.

Sandra Green remembers it didn't take long for her and her black classmates to feel a part of the new school.

"No, not really because that first year everybody was really trying hard on both sides," Mrs. Green relates.

And Bill Carter has a similar recollection. "I remember one of the principals told me it was certainly gratifying on registration day to see all the mothers helping each other. It just went off without a hitch."

There was some humor during that first year of integration. Reverend Bracy: "I told Bill Carter the reason they (the board) wanted to integrate was because we (Wallace) had a good basketball team."

A lot of Wolves' victories have been rung up on the basketball court and the gridiron since those first days of integration, but perhaps the biggest win came on that first day of school, 1966.

That's when races mixed, students and parents alike, and it was amicable. The victory went to the people of Colorado City.

cordially invites you to a
Ribbon-Cutting Ceremony
& Open House
in the lobby of
Mitchell County Hospital
February 12 from 2 - 5 p.m.

The Pink Ladies want to express their appreciation to the Hospital Board and to Sammy Parham, Ceal Contreras, and Morris Chaney who made the remodeling of the Hospital Gift Shop a reality. They would also like to express appreciation to George Witten for helping with financial records. The general public and hospital district personnel are all invited to attend. A special invitation is extended to all members of Mitchell County Hospital District's dedicated nursing staff.

CONVERSATION CORNER

...BY BARBIE LELEK

OOPS, I stand corrected by a horse lover! Sondra Williams pointed out that the Lipazzanier Stallions are originally from Austria, no Australia! I knew that, I just can't spell! These beautiful animals were in Snyder recently too, and I heard several of you went to see them. Good. Huh?

With Valentines Day going to be here soon, let me say congrats to some LOVERS! The first day of spring is special because it denotes new life and new beginnings. It was this reason that Jimmie McCallay and Ronnie Bell chose March 20th, the first day of spring, to be joined in marriage.

Happy one year anniversary to Jim and Linda Baum. They were married on the most romantic day of the year-Valentines Day. The year has really passed quickly for me, Linda but for you married to JIM it has probably crawled!! Just joking Jim!

Speaking of Valentines, why not take yours out to dinner or something special? Okay, but do it on the 13th not the 14th and let the First Baptist Youth babysit for you!! They are sponsoring a Sweethearts Night Out Saturday Feb. 13th from 5:00 p.m.-10:00 p.m. at the Church. They are accepting donations with \$1.00 minimum per child per hour. The money they collect will go toward the Glorietta Youth Ski Conference which is to be held in March.

Hey fellas, I was at Colorado Floral the other day, and saw some beautiful arrangements which Marsha had made. She does good work. Hint, Hint!!

I heard a cute joke the other day, completely made up by Ben Steadman. What do you call a rooster that can't see straight? Cockeyed!! Good one Ben!

Say, if you read Cooks Corner and would like to be profiled or if you know a good cook you would like to read about please call me!

Happy Birthday to Ryan and Bryan Proctor who turned 6 February 2nd.

I had the fun opportunity to go to the Optimist Basketball games

last Saturday. You should try to make it sometime, it was really entertaining! I was impressed with Jonathan Spear, #5 for the Bulls. He is really a hot shot! I liked to call his team the "blonde team" because everyone of those cute little kids was yella headed! The coaches of this team are David Jones and Dean Ziegler. All the other kids on the team did a good job too!

Dawson McGuffin and Chris Ginkinger were working alot harder than any "sane" person should on a Saturday morning. They were both volunteering as referees at the Optimist basketball games! They were doing a good deed so I guess it was okay if they made the rest of us look bad!

Question? If you lived in Dallas, would you take your kids out of school to witness the Big Parade?

Donna Laurens was honored with a House warming party recently. The First Baptist Singles who hosted the party, and some additional friends enjoyed the evening watching Donna open all her new goodies. They also had fun snacking on munchies!! Isn't it nice to have good, caring friends?

LORAINE PERSONALS

BY LOIS PHILLIPS

Good morning, today is another beautiful day. Hope you can enjoy it and really be happy.

I know of one family that are happy because they have a new granddaughter, great-granddaughter and niece. Lauren Denise Dain was born on February 3rd in Clovis, New Mexico. Her parents are Trisha and Richard Dain and two sisters Tori and Ashley. She weighed 5 lbs and 14 ozs, 19 inches long.

Grady and Elnora are the grandparents, great grandmother is Mrs. Herman Miles. The little girl was born on grandma Miles

birthday. And she is also David Mitchell's little niece. Everyone that I have talked to are elated about this new little one.

We buried Trixie West on Saturday. She had been a resident of Loraine, Texas a long time and was such a dear lady. We lived in the same end of town and our husbands work for Moody Richardson for lots of years. She was a dear friend.

I told you last week that the ladies of the Senior Citizens wanted to bake cakes and pies for our sale

but I don't believe I told you that the baking is for the Fire Department Farm sale. We appreciate it very much. Its so nice of you ladies.

Last week when we elected officers Clay Graham asked to be replaced because he doesn't always feel well enough to do all he'd like to. We gave him relief from his office but were not about to let him get away. He has been with the fire department a long time and has been an important faction of this organization. When he feels better he will be part of the work force

again. You just don't let a Clay Graham go.

Had a card from Verlie Owens, she said say hello to Clay and Elwood and they hated to hear that they were ill. She said Harlie had had eye surgery but that he was doing better now, we are glad to hear from you keep us posted.

Bertha Faye had knee surgery at Hendrick recently. I believe she is doing better but still lacks some therapy before she is home again. Friend, I feel sorry for you, just writing the word therapy makes me hurt all over.

Girls, just last week I heard a fashion analyst on television discussing some new fashions in the near future. She said within a year we would be wearing big legged jeans and some with bell bottoms. Won't that be cute again. I won't be very stylish because I usually wear what I happen to have that is clean. I guess they have to talk about something it might as well be clothes.

This happens to be Monday and Louise McMullen did not come home today. I believe she is better but she kind of has some of this junk everyone else is having and had felt kind of rough for a few days.

Dr. J.D. Sheffield, doesn't that sound great! We are all so very proud of you I guess you know. With all that education and good looks thrown in you will surely be a success. Being a Senior staff member at Scott and White "Ain't" no bad deal. Congratulations to

GAME WARDEN

On these nice "Indian summer" days when the sun is shining warm on your back, fishermen like to head out to the lakes to try their luck. Little do they realize or think about that hidden danger that is lurking beneath their boats. No, I'm not talking about a "water monster" but the water itself. This time of year the water temperature can range from 35 to 50 degrees, which can be very dangerous if exposed to it for any length of time.

Hypothermia is a condition in which the body loses heat faster than it can produce it. This causes a dangerous reduction of the body's inner core temperature. There are two common types of hypothermia, the first is from being exposed to wind and snow for a great length of time, usually experienced by hunters up north. Sometimes lost hunters can survive for several days before they might succumb to the

PUBLIC NOTICE

Texas Utilities Electric Company (TU Electric), in accordance with the Public Utility Regulatory Act, publishes this statement of intent to change rates applicable throughout the territory in which it provides electric service. All of its customers and classes of customers will be affected. The proposed rate changes are expected to result in a \$760,253,740, or 15.32 percent, increase in TU Electric's fully adjusted test-year revenues. The increase requested over test-year revenues, adjusted only for those matters specified in Public Utility Commission of Texas Rule of Practice and Procedure 21.22(b), is \$757,151,575, or 15.24 percent. The effective date of the proposed rate changes is February 26, 1993, or as soon thereafter as permitted by law.

A complete copy of the proposed rate changes is on file with the Public Utility Commission of Texas and at each of TU Electric's business offices.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

On 80th birthday

Thurman is honored

Muriel Craghead Thurman: Relatives hosted a celebration on her birthday, Dec. 29, 1992.

A number of relatives attended an 80th Birthday Celebration for Muriel Craghead Thurman in Colorado City, December 29.

The birthday party was held at the Willow Park Inn in Snyder. Tables were set on a terrace near a tropical garden and pool. A buffet luncheon was served, followed by a pink and white birthday cake baked by Sherry Autry.

A colorful bouquet from Bill and Kay Holt of Snyder and a bouquet of long stemmed red roses from family members decorated the head table. Mrs. Thurman wore a winter-white suite with a gold corsage for this special event. A number of gifts and cards with good wishes were presented to the honoree.

Among those present was Garvice Craghead of Colorado City, Mrs. Thurman's brother. Her children were present: Wanda Autry of Fort Sumner, NM, (Mrs. J.B. Autry), Nelda Davis of Lubbock (Mrs. Robert Davis) and Wayman Thurman of Houston. His wife Sarah attended, with their children Jordan and Justin.

Also present were other grandchildren and their families, Becky Shurson of Amarillo, Jim

and Beverly Pfau and their children, Heather, Delanie, Virginia and Cindy of Holyoke, Co.; Lance and Sherry Autry and daughter Terryn of Colorado City, Howard and Angeline Stovall and their children, Jessica, Ben and Zachary of Cisco, and Linda Autry of Cisco. Viola Payne of Cisco also attended. Two grandsons were unable to attend: Jared Thurman of Austin and Chris Rhodes of Arizona.

Muriel Craghead Thurman was born to John and Martha Craghead in the Long Branch Community, south of Cisco, on Dec. 29, 1912. When she was about 2 1/2 years old the family moved to the Colorado City area, and John Craghead farmed in the China Grove community north of town.

On Dec. 24, 1929 Muriel Craghead married Willard Thurman, who had also moved to Colorado City from Eastland County. Willard was a son of John and Hettie Thurman, and grew up on the family ranch southeast of Cisco.

After their marriage Willard and Muriel Thurman lived on a farm north of Colorado City. They later moved to the Fairview Community about 15 miles northwest of there.

Mr. Thurman died in 1957.

When Mrs. Thurman's Birthday Celebration ended at the Willow Park Inn, various family members went to her home and the home of Lance Autry for more visiting.

Madelyn Murray O'Haire, an athiest, whose efforts successfully eliminated the use of Bible reading and prayer from all public schools fifteen years ago, has been granted a Federal hearing in Washington, D.C. on the subject of (F.C.C.), The petition R.R. 2493, would ultimately pave the way to stop reading of the Gospel on the air-waves of America. She took her petition with 27,000 signatures to back her stand.

If her attempt is successful, all Sunday worship services being broadcast, either by radio or television, will stop. Many elderly people and shut-ins as well as those recuperating from hospitalization or illness, depend on radio and television to fulfill their worship needs every week.

Madelyn is also campaigning to remove ALL CHRISTMAS PROGRAMS, SONGS AND CAROLS from public schools. **You Can Help This Time!** We need 1,000,000 (one million) signed letters. This should defeat Mrs. O'Haire and show that there are many CHRISTIANS ALIVE AND WELL AND CONCERNED in our country.

This petition is No. 2493. Sign, date, cut off and mail the form below. Please do not sign as Mr. and Mrs. Let each adult sign one separate form and mail it in.
When addressing your envelope, be sure to put "Petition No. 2493" on the lower left hand corner!
Please have this letter and form copied and send to ten relatives and friends.

Paid for by a group of citizens in Colorado City who favor Gospel of the Airwaves.

LADIES AND GENTLEMEN:

I am an American and proud of my heritage. I am also very much aware of the place religious faith has played in the freedom as Americans now enjoy.

Therefore, I protest any human effort to remove from radio and television, any program designed to show faith in God or a Supreme Being, or to remove Christian programs, songs or carols from public schools.

Sincerely:
