Loraine Supports Youth Ag Project

Citizens of Loraine raised \$11,921 to build a new stock show building as a result of a Community Meeting sponsored by the Lions Club and held Monday evening.

"We deposited \$7,100 (Lions had previously announced raising about \$5,000) in the bank this morning so that leaves us only a little short of the estimated \$15,000 cost of construction," Ray Preston, secretary of the newly formed "Lions Club Community Youth Project," announced.

The amount of \$1,735 came from auctioning of three large ceramic bulls made and given by Mrs. Herschel Williams. One was auctioned at the Sweetwater Auction last Wednesday and two at the Colorado City Auction last Saturday. This amount was given through the FFA and 4-H clubs by Mr. and Mrs. Williams.

Loraine Senior Citizens Club Inc. donated \$2,751.

"We are very proud of the great support we have received," he said.

The proposed building will be used to house the Loraine Stock Show. It will be 45 feet by 125 feet with a 25 foot concession area on one end and a 25 foot wash area for livestock on the other end, Preston said.

The building is also proposed to be utilized as a youth center for the youth of Loraine, Preston noted.

During the course of Monday's meeting, a committee was appointed to implement the construction of the building. The committee consists of Roy Holland, Herschel Williams, Ray Preston, Ronald Bruce and Dennis Moore.

County Attorney Asks Re-Election

County Attorney Pat Barber announced Tuesday his intent to seek re-election to that office.

Barber has served as CA for three and one-half years.

"The duties of the CA's office are to handle misdemeanor and juvenile cases."

"It is my statutory duty 'not to convict but to see that justice is done.' I believe that every prosecutor should temper justice with mercy where circumstances merit," Barber stated.

"I have attempted to do this in the past and if re-elected will continue to do so," he said.

Barber and his wife, Sharon, and children, Rhonda, 11 and Austin, 5, reside on a ranch west of Colorado City.

Barber, 33, graduated from Colorado High School. He attended the University of Texas and holds a Bachelor of Arts Degree in Art. He attended Baylor Law School to receive his Juris Doctorate.

Barber is an active member of the Jaycees

Helen Williams was appointed to head a Contributions Committee. She will contact other persons to serve as members of that committee.

"We are very satisfied with the public response to this project. They have all been positive," Roy Holland, chairman of the committee, commented.

Plans have been made to purchase the steel for the structure.

Construction on the

building is scheduled to begin this summer with labor contributed by Custom Ag employees.

More than 31 persons attended the community meeting and another meeting will be scheduled in the near future to further organize the project.

Any person desiring to make donations to the project may contact Ray Preston or Helen Williams at 737-2902 in Loraine.

Financial Report Is In Black For Ambulance

It would appear from the financial statement given by the Mitchell County Ambulance Service that it may have solved its financial problems for this year.

Seven months into the fiscal year of the Service's budget, indications are that expenses are \$1,152 less than income from all sources.

There have been 205 runs made in this seven month period with charges for these trips totaling \$11,892.75.

Collections for these trips have averaged 72.4 percent or about \$8,293.

Total expenses are listed as \$37,982.

Total income is divided into operating income \$8,293; City of Colorado City \$7,548; Mitchell County Hospital District \$7,548; EMT Salary Supplement from Hospital \$5,425 and other income (this was a \$10,000 donation and interest on invested funds) \$10,320.

The county contributed its \$7,548 in the first five month period of the fiscal year and is not included in these figures.

The average run is

costing the service about \$185.28. The report indicated 118 emergency local runs were made and 45 local transfers were made.

A total of 12 long distance emergency runs was made and 22

long distance transfers were made.

There were eight dry runs reported.

Board members Bob Reily, Johnny Shackelford and Macca Findley were all present for the meeting.

School Board And City Elections Due

Political races, for school boards and city council seats are beginning to take form as members with expiring terms of office begin to consider running for re-election.

Mayor Marion Bassham of Colorado City has announced she does not plan to seek re-election. Councilman Lloyd Ledbetter is undecided and Councilman Jesse Munoz has stated he will seek another term.

Colorado Independent School District Board has one member electing not to seek re-election.

Two members of the Loraine City Council have decided not to run for office again.

Information from Westbrook indicates three council members are holding expiring terms and one has chosen not to ask for re-election.

Information was not available at press time from the Westbrook and Loraine School Boards, however, they will hold elections about April 5.

Colorado City School Board elections are due about April 5 and candidates must announce intentions to seek a ballot place 30 days prior to that date.

Actual election date has not been set but will probably be scheduled during the next regular

Col-Tex To Meet

The annual meeting of the Col-Tex Federal Credit Union is set for 7 p.m. tomorrow (Friday) at the Civic Center.

Officers will be elected and there will also be an election of the credit committee members.

Door prizes will be given away at the meeting.

All members and their guests are invited to attend.

THIS MODULE BUILDER AND TRACTOR sitting idle in a field worked by Don Latimer symbolizes the fact that the Mitchell County cotton harvest, now past 80,000 bales, is almost completed. It is the largest harvest in the county's history.

Walter Grubbs

Grubbs Elects To Run Again

State Representative Walter B. Grubbs announced Tuesday his intentions to seek re-election to that office.

Grubbs has served one term as Representative from this 61st District which includes rural Taylor County and all of Nolan, Jones, Mitchell and Fisher Counties.

While a member of the House of Representatives, Grubbs has served on the House State Affairs and the House Health Services Committees. He is presently serving as chairman of two subcommittees.

Prior to running for office, Grubbs spent 21 years as Administrative Assistant to both Congressmen Omar Burleson and George Mahon.

Grubbs, a past resident of Colorado City, managed radio station KVMC for seven years and worked at a side line job the last twelve years as sports and news broadcaster for radio station KRBC in Abilene.

"The decade of the 80's promises a fast changing pace, not only at the state level, but perhaps even more so nationally and internationally, if events here

at the start of the new year are any criterion," Grubbs commented.

"With inflation an ever-increasing problem for all of us, and with problems all over the world insofar as our national government is concerned, this decade could see many far-reaching changes in the life styles of all Americans," he continued.

"Our energy and fuel problems continue to appear more critical and there seem to be no quick and easy solutions to them."

"Our major problems are not, however, in Austin, but to the contrary they are in Washington, where it seems there are quiet often more solutions than there are problems," he said.

"I am finding this job very interesting and challenging and consider it an honor and privilege to be allowed to represent this fine West Texas District in the Legislature. I hope I can prove worthy of the trust and confidence placed in me by the people of this area of West Texas," Grubbs commented.

"I strongly believe in all segments of government being operated in a fiscally sound manner, spending only the revenue that is available and using wise judgment in making decisions that affect the economics, the health and welfare of all our citizens," Grubbs stated.

Appraisal District Sets Bank

The newly formed Mitchell County Tax Appraisal District Board of Directors met Monday night in their second meeting since taking office.

They met at the Colorado School Administration building and selected the City National Bank of Colorado City as their depository for their state and local funds.

In other business, the board named a committee consisting of R.B. Baker, James Clifton and Willie Landau, to begin taking applications to fill the position of appraiser for the tax appraisal district.

In addition to the three above members, the board consists of Fleta Lewis, J.S. Craddock, Jr., W.D. Conaway Jr. and Curtis Latimer.

Loraine Bond Rate Set

The Loraine Independent School District received a bond rating of BAA from Moody's last week following a trip to New York by Superintendent Glenn Sanders and board members George Martin, Eugene Smith, Ronald Bruce and Linton Ray Webb.

The bond rating was received on the \$525,000 worth of bonds authorized by the bond issue passed by the voters in the Loraine School District on Dec. 11.

The issue was passed for the renovation of the buildings of the Loraine School.

In commenting on the rating, Board President Ronald Bruce said that it was about the rating which had been expected and was about the same rating as half the school districts in Texas.

Bids will be received on the bonds from 1-3 p.m. Jan. 29 at the First State Bank in Loraine.

Bruce also stated that the interest rate on the bonds varies from time to time but, that as of last week, the interest rate on bonds with this rating was about 6.90 percent.

Wheeler Presents Program To Club

Mrs. Clifton Henderson was hostess for the January meeting of the Athenaeum Study Club. Mrs. W.A. Taylor presided at the business meeting preceding the two-part program. Minutes were read and approved and treasurer's report was given. Mmes. Harold Martin, Percy Bond and Glen Coon were appointed as a nominating committee. Mrs. Raymond Wheeler was program leader. She told of the meaning of our nation's emblem, the Eagle. It is, as is our nation, free to roam, to build, to establish, to perpetuate and to endure. She also said a prayer for our nation. Mrs. R.H. Bennett gave the first part: "Untapped Wealth Of The Seabottom." She told of the vast amounts of minerals under the sea; cobalt, nickel, potassium and manganese and the efforts to get them out are hampered by international law. Dr. Berkely has spent a lifetime studying and locating these deposits. They are finer quality than those under land and seem to multiply faster than they could possibly be mined. Two methods of mining are: the vacuum method and dredging with bag buckets and cables. These companies are ready to go to work. She stated, "These minerals are vital to us as a manufacturing nation." Mrs. Lily Bennett gave the second part: "A Visit To Wenterthur," a fine museum of American artifacts near Wilmington, Delaware. It was founded by Henry Dupont and is surrounded by 65 acres of landscaped gardens. It has 75 rooms, all filled with things from historic America. Parts of old homes and buildings were torn down and brought here and reassembled for the enjoyment and study of the public. The museum has been enlarged twice, in 1939 and again in 1959. It is privately endowed by the Dupont family. Those present were Mmes. Bruce Johnson, Doyle Hester, Percy Bond, Glen Coon, W.A. Taylor, Woodrow Pratt, R.H. Bennett, Lily Bennett, Raymond Wheeler, Harold Martin, Floyd Coffee and the hostess.

Inflation hits your electric bill just as hard as it does your grocery bill.

Every time you go to the grocery store you can see what inflation's doing to your food bill. But because you don't buy electricity by the can, you probably don't realize how inflation affects the cost of electricity.

Fuel costs are going up, particularly natural gas. Equipment costs are up. Power lines, transformers and poles cost us more every day. Just like milk costs you more every day.

The millions of dollars we must borrow to build plants to ensure your electricity needs in the future are costing us more.

The cost of building these plants

is higher, too, because of inflation. And because of the time and money it takes to comply with an ever-increasing number of government regulations. The longer it takes to build, the more inflation takes its toll.

Inflation, overregulation and rising fuel costs are all making your electricity cost you more. But by using electricity wisely you can do your part in keeping that cost down in your home.

At Texas Electric, we want you to know what you're paying for.

Trial Moved Here

The trial of Ismael Juarez Jr. has been moved to 32nd District Court on a change of venue from Big Spring and will be held here sometime in the next few weeks.

Juarez is charged with aggravated robbery and causing serious bodily injury in connection with an incident at a Winchell's Donut Shop in Big Spring on Feb. 22, 1979.

Juarez, 18, of 1003 Northwest 2nd Street in Big Spring was originally tried in Big Spring on the case and was convicted. The verdict was overturned however, because he wasn't given a pretrial hearing as the law requires with a juvenile.

The case was moved to 32nd District Court because of the publicity on it in Big Spring.

Dana Cotton And Paul Starr Wed In Candlelight Ceremony

At a candlelight ceremony in the sanctuary of the Seminole First Presbyterian Church, Miss Dana Gay Cotton became the bride of Paul J. Starr Friday, January 11. The Rev. Cornilio C. Ramirez, pastor of the St. James Catholic Church, performed the double ring ceremony at 6 p.m.

The bride is the daughter of Mr. and Mrs. Jerry Cotton of Seminole, and parents of the bridegroom are Mr. and Mrs. Walter J. Starr of New Orleans, La. Grandparents of the bride are Mr. and Mrs. Arthur Millsap of Colorado City, Mr. and Mrs. J.H. Cotton and Mrs. Odie Craig of Snyder.

The scene at the altar was lighted by a myriad of white bridal tapers in tiered seven-branch candelabra that formed a background for twin white cathedral baskets of greenery at either side. The bridal aisle was lighted by pew candles attached by pink and burgandy satin ribbons and bows. A pink unity candle in a ring of greenery was lighted by the couple as Mrs. John E. Moffatt, pianist, played "Whither Thou Goest." She also played the traditional wedding marches and nuptial selections that included "Love Theme from Romeo and Juliet," "Evergreen," "Love Story" and "The Wedding Song."

As the bride approached the altar she paused to hand her mother and her maternal grandmother, Mrs. Arthur Millsap long stemmed white silk roses. As the recessional began after the ceremony, she repeated the gesture by presenting her mother-in-law with an identical flower. A vase of rose buds marked the guest register at the entrance to the sanctuary where Kathy Norvell of Lubbock presided.

Given in marriage by her parents and escorted by her father, the bride chose for her wedding an A-line silhouette of sheer silk and peau d'ange lace. The fitted empire bodice was enhanced by an overlay of Chantilly lace. Peau d'ange lace formed scallops around the Queen Anne neckline and traced the waist. The full bishop sleeves of lace were gathered to deep, tapered cuffs, and the lace details were re-embroidered with bridal seed pearls. The bouffant A-line skirt featured a deep lace border on the three-tiered hemline which extended the full length of the chapel train. Her face was framed by matching lace which edged her waltz length veil of French silk illusion. It was gathered on a matching lace and pearl Camelot headpiece.

The bride carried a cascade of feathered pink carnations and deep red roses that was tied with pink and burgandy satin streamers looped in lover's knots. Her attire was completed by a pair of heirloom diamond earrings belonging to her maternal grandmother and a treasured gold locket belonging to her mother.

W. John Starr of Lockhart served his brother as best man. Groomsmen were Maxie Cotton, brother of the bride, and Dick Oppenheimer of Austin, and seating guests were cousins of the bride, Henry Dever of Snyder and Herman McAnelly of Odessa.

Vanessa Ivy of Colorado Springs, Colo. attended the bride as matron of honor and bridesmaids were cousins of the bride, Patty McAnelly of Odessa, and Martha Dever of Snyder. The brides of their dresses featured a deep circular collar which extended to the waistline of the wrap-around creations. They wore sprays of pink carnations and baby's breath in their hair and carried bouquets of feathered pink carnations and baby's breath.

Amy and Angie Fuller of Lubbock were twin flower girls who wore pink dotted Swiss frocks styled with puff sleeves and trimmed with white lace. Each wore a hairpiece of pink carnations and baby's breath and carried a white lace basket filled with pink rose petals. They are the daughters of Mr. and Mrs. Bobby Norvell of Lubbock.

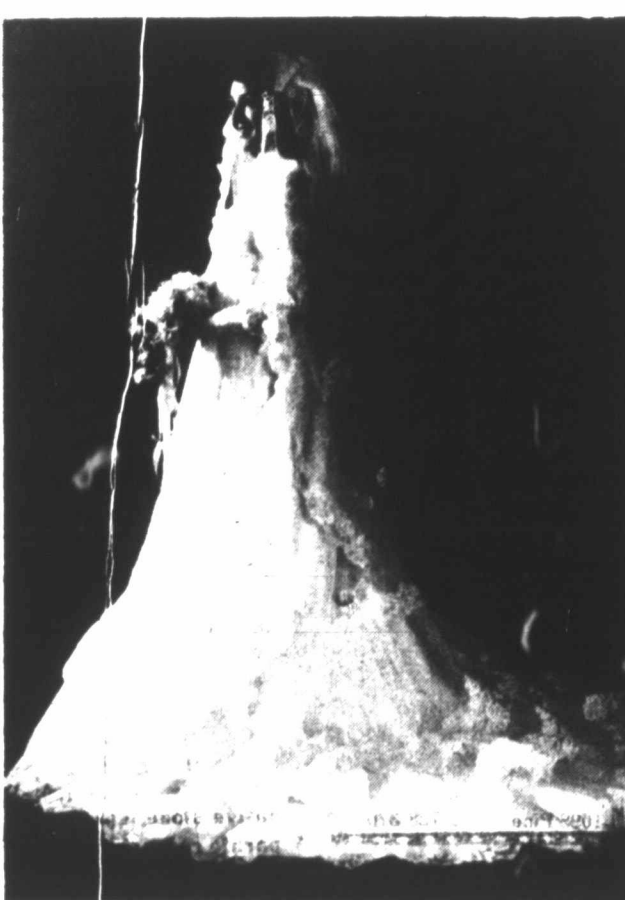

At a reception in the fellowship hall of the church immediately following the ceremony, the couple were assisted in receiving by their parents, and the bride's grandmothers, Mrs. Arthur Millsap and Mrs. J.H. Cotton of Dunn.

The bride's table was laid with white Quaker lace highlighted by pink and burgandy satin bows and streamers at each end. The centerpiece was pink and burgandy carnations in a gold table candelabra holding pink tapers. The bride's cake was a two-tiered heart-shaped confection decorated with burgandy roses. Serving guests from the gold and crystal appointments were Mrs. Dan Proctor of Seminole and Mrs. Bobby Norvell of Lubbock. Serving at the groom's table where the traditional dark cake and gold coffee service were placed was Mrs. Frank Neugent of Seminole. Reception guests were seated at quartet tables that were centered by pink bowls filled with floating burgandy flowers.

Wedding and reception guests were from Odessa, Snyder, Andrews, Colorado City, Dunn, Lockhart, Austin, Lubbock, New Orleans, La., Ruidoso, N.M., Colorado Springs, Colo. and Seminole.

When the couple left for a wedding trip, the bride traveled in a pink velvet party suit. On their return they will be at home in Seminole.

Mrs. Starr is a 1978 graduate of Seminole High School, attended Odessa College and is currently employed by KIKZ Radio. The bridegroom is general manager for Seminole radio station KIKZ. He is a 1970 graduate of Fairfield University at Fairfield, Conn. with a BA degree in English and has been occupied in some phase of broadcasting since.

Mrs. Paul Starr, former Miss Dana Cotton.

Dewey Gartman Center Of Program At Society Meeting

Longtime area farmer Dewey Gartman was the center of the program at the bi-monthly meeting of the Mitchell County Historical Society Jan. 16.

Gartman, who farmed in Coke County for many years and is now a resident of Colorado City, told of his farming experiences in his youth during the years preceding World War I.

He said that he moved with his family from San Saba County to Coke County in 1905, the 10th of 12 children.

He said that in those days you did everything one row at a time. You had a one row planter, a one row cultivator and you could plant seven or eight or perhaps 10 acres of cotton, corn or maize per day.

Gartman added you also had to keep the weeds out by hand with a hoe. There was no such thing as Treflan in those days.

When the time came for the harvest of cotton or maize, that was also done one row at a time.

Some of the other things Gartman remembered about farming in his youth was making molasses out of ribbon cane.

He said that the cane would be as high as eight feet and you would cut it and strip it by hand and then take it to a mill where the juice would be squeezed out before it could be cooked. Just before World War I, Gartman left

Coke County for several years. He returned to farming there in 1922 and, in his very first year back, there was a grasshopper plague which ate up everything he planted.

He also remembered in those days shipping a 500 pound calf to Fort Worth and then receiving a check for \$3.75 for the animal. Gartman added that one small steak costs more than that now.

Gartman concluded

this presentation by saying, "I guess we may have had our hard times, but we always got by somehow."

The next meeting of the Mitchell County Historical Society is set for March 19 at the Mitchell County Library.
