Ike To Depart On His Trip Tonight

WASHINGTON (AP) — President Eisenhower takes off for Rome tonight on the first leg of a jet-propelled goodwill tour of 11 nations.

His departure, immediately after a radio-television speech to the nation, will follow a full day's work schedule. It includes a series of conferences and the second meeting this week of the National Security Council, with which Eisenhower has been discussing budgetary and other matters.

The 15-minute broadcast, starting at 7:15 p.m. EST was expected to include both a new plea for settlement of the steel dispute, and an explanation of Eisenhower's purposes in making his extraordinary journey.

Eisenhower told his news conference Wednesday he wants to prove to the people of the world that the United States is a "good partner" with other nations in the quest for a just peace.

His travels have one other major objective, apart from the individual problems he will discuss with such leaders as India's Prime Minister Nehru. That is to lay the basis for future summit negotiations with Soviet Premier Nikita Khrushchev. To that end he will meet in Paris Dec. 19-21 with French President Charles de Gaulle, British Prime Minister Harold Macmillan and German Chancellor Konrad Adenauer.

The presidential party of 21 persons, traveling by Military Air Transport jet liner, will take off from Andrews Air Force Base, Md., about 8 p.m. tonight. It is due in Rome at noon, Italian time, Friday after a refueling stop at Goose Bay, Labrador.

In the group will be the President's son and his wife, Maj. and Mrs. John Eisenhower, the President's personal physician, Maj. Gen. Howard M. Snyder; two speech writers, Malcolm Moos and Kevin McCann; and Robert D. Murphy, Eisenhower's chief diplomatic adviser for the tour.

Secretary of State Christian A. Herter is staying behind in Washington to make detailed policy preparations for the Paris meeting. He will be on hand in Paris when the President arrives there late on Dec. 18.

In addition to Italy, he is to visit Turkey, Pakistan, Afghanistan, India, Iran, Greece, Tunisia, France, Spain and Morocco. He is due home Dec. 22.

150 Perish After Collapse Of Dam

By GUY RIFFET

FREJUS, France (AP)—A massive torrent released by the thundering collapse of a dam left a sluice of death, silt and destruction today along the rich Reyran River Valley in the French Riviera.

At least 150 persons are dead, and 160 missing.

Millions of tons of water backed up behind the 185-foot high Malpasset Dam by five days of heavy rain were loosed upon the peacefully sleeping farm valley Wednesday night. The water smashed houses, uprooted trees, rolled over trucks, derailed trains and broke telegraph and telephone poles.

Hours after—as rescuers began arriving and the waters subsided into the Mediterranean—the full range of disaster became apparent. The four-mile wide valley, 16 miles southwest of Cannes, was a jumbled canal of wreckage and silt.

The rushing waters partly flooded this town of 13,500 which was founded by Julius Caesar in 49 B.C., and was one of the landing points in the Allied invasion of southern France in 1944.

The old Roman amphitheater, the town's main tourist attraction, was under water.

Lines of bodies lay in the morgues of Frejus and nearby towns.

Pierre Seraud, watchman at the dam, was picked up with his wife by helicopter this morning.

"About 9 o'clock I heard a terrific cracking," he said. "I screamed to my wife, 'We must save ourselves, the dam is breaking.' Forty-nine million cubic meters of waters (nearly 10 billion gallons) broke loose at one blow, carrying everything with it. My wife and I were able to get to high ground where we spent a horrible night."

Many bodies were discovered in a sea of mud in Frejus.

Fifteen persons, including two children, clung to a shuddering old mill through the night and were saved just before the building collapsed.

The French aircraft carrier Lafayette, formerly the USS Langley, served as a floating hospital and flight deck for 15 rescue helicopters. The U. S. Air Force offered to parachute aid if necessary.

Top French officials rushed to the scene to assess the need for relief. The navy prepared initially to feed 10,000 people. Army engineers loaded equipment on boats to get emergency housing started. The French radio appealed for money for relief.

The navy prowled the shore of the Mediterranean, which was strewn for miles with wreckage, seeking survivors. It was feared many victims had been washed out to sea.

The disaster disrupted rail and telephone traffic throughout southern France. The coastal rail line was swept more than a mile from its roadbed.

The 22-foot thick dam was erected for irrigation six years ago.

"There is nothing left," said a rescue worker. "The neighboring farms were carried away with their occupants. The road which led to the dam through the valley is no longer passable. Everything has been swept away and what remains is covered with mud."

A policeman was decapitated by the blades of a rescue helicopter he was directing to a landing.

Although the valley is set in the midst of the luxurious Riviera vacationland, it has been mostly inhabited by farmers and by fishermen living along the rocky coast. It was seldom visited by tourists.

Terrified families were swept downstream, struggling to stay together. Many had just gone to bed when the flood struck. One 85-year-old woman floated seven hours on her bedroom dresser. An old man walking his dog was swept away in a second.

The hospital at Frejus—luckily on high ground—was jammed with injured and survivors suffering from shock and exposure. The morgue at the hospital was lined with bodies.

No help was immediately available for the villages upstream. It took many hours to get the first rescue teams there.

FOURTEENTH BOY—Mrs. Mathew Wagner looks proudly at her 14th son, born in a hospital at Manitowoc, Wisconsin. Sister Mary Carmel holds the infant while student nurse Mildred Woelfel looks on. Mrs. Wagner also has one daughter. The baby has not been named yet. (AP Wirephoto)

Battle Seen On Budget Vs. Missiles

By JACK BELL

WASHINGTON (AP)—It will be budget-balancing vs. the missile gap in the center ring when the presidential election year Congress meets next month.

President Eisenhower signaled his awareness the forthcoming conflict between Republicans and Democrats with news conference comments Wednesday outlining the administration's position on both issues.

Eisenhower told the reporters that everybody who is a taxpayer ought to be thinking about what would happen if the government doesn't curb inflation by balancing its budget.

The President also cautioned against giving way to any "tremendous hysterical urge" to abandon manned bombers and immediately put all the country's defense eggs in the missile basket.

This advocacy of balanced forces in a period of defense weapon transition seemed certain to be seized upon by Republicans in Congress to combat Democratic efforts to blame the administration for space failures and the lag behind the Soviet Union in military missiles.

Republicans will be on the defensive in the space and missile argument. But they are happily looking forward to the chance to boom the drums for the balanced budget they contend is necessary to prevent inflation.

Ike Stand On Birth Curbs Causes Stir

SAN FRANCISCO (AP)—President Eisenhower's statement concerning birth control ignores recommendations of his own and other governmental committees, says Episcopal Bishop James A. Pike.

The President contended the subject was "not a proper political or governmental activity or function or responsibility."

"In the light of this, we can only be grateful that this is a democratic country in which congressional leaders and candidates for public office are free to declare themselves in favor of our assuming our Christian responsibilities to these less fortunate peoples," the bishop of the diocese of California declared.

Pike commented after the President, at a news conference, opposed the dissemination by the nation of information about artificial birth control.

Eisenhower's stand was approved by the Milwaukee archdiocese of the Roman Catholic Church. Catholic bishops had earlier expressed opposition to helping other nations solve over-population problems by giving them birth control information, a Milwaukee archdiocese spokesman said.

Bishop Pike is chairman of the Episcopal Clergymen's Advising Committee for the Planned Parenthood Federation of America.

WITNESS FOR SON IN CUBAN TRIAL — Maria Siero testifies for her son, Rafael del Pino, left, at the conspiracy trial being held at La Cabana Army Camp in Havana. The military prosecutor asked the death sentence for the Cuban-born del Pino, who is now a U. S. citizen. (AP Wirephoto)

Teamsters Will Cross Picket Lines

CHICAGO (AP)—James R. Hoffa says Teamsters Union members in the future will ignore—with one exception — all picket lines set up by other unions.

"All Teamsters locals will have orders," Hoffa, the Teamsters president, told newsmen Wednesday, "to drive through recognitional, organizational and primary picket lines.

"The Teamsters will make an exception on primary picket lines if the striking union will guarantee the Teamsters against any possible loss through lawsuits, government action or any other expense incurred by the Teamsters."

A primary strike is one called by a union recognized under law as the collective bargaining agent for workers at a specified company.

Thus, under Hoffa's order, Teamsters members would cross lines set up by a union fighting for recognition as the bargaining agent for workers at a company.

Last month, John T. O'Brien of Chicago, a Teamsters vice president, ordered Midwest Teamsters to cross all picket lines until he and the union's strategy board decided on its interpretation of picketing provisions of the newly passed Landrum-Griffin labor law.

The new law forbids picketing when used as a weapon to shake down an employer for personal gain.

It also prohibits an outside union to picket in an attempt to organize workers where another union has already been lawfully recognized, where the outside union has lost a collective bargaining election in the past 12 months, or where picketing has been conducted for a period of not more than 30 days and no election has been requested.

Payola Reports Ordered By FCC

WASHINGTON (AP)—The Federal Communications Commission today ordered every broadcasting station in the country to report promptly whether any payola practice has figured in its operations during the past year.

The directive went out to 5,236 stations. It covers both commercial and educational outlets in the standard radio, FM radio and television fields.

The FCC order requires that the stations file sworn statements not later than Jan. 4, covering station operations since Nov. 1, 1958.

Payola is a term covering payments for promoting records.

Officials said the object of today's order is to trace down the handling of "sneaky commercials"—plugs on the air which are paid for but not so identified.

The officials noted that the Federal Communications Act specifically requires that all matter put on the air for which a remuneration has been paid to anyone must be identified as a commercial.

Penalties for violations could range from a commission reprimand to a license revocation proceeding. In addition, the Communications Act provides for criminal penalties up to $10,000 fine or one year imprisonment, or both for "willful" violations of any of its sections.

The new FCC action growing out of investigations into rigged TV quiz shows, payments to disc jockeys to plug records, and honesty in TV advertising, precedes hearings the FCC will begin Monday on its powers to regulate the content of broadcast programs.

Another agency, the Federal Trade Commission is making an extensive investigation of alleged payoffs by recording companies to disc jockeys to promote their records.

CBS Barring Subtle Plugs

NEW YORK (AP) — Starting Jan. 1, the Columbia Broadcasting System will eliminate from television shows commercials advertising products other than the sponsor's.

The ban — latest CBS cleanup move — strikes at a little-publicized but profitable practice of charging manufacturers for having their products used as show prizes.

The new rule, issued Wednesday by Joseph H. Ream, CBS vice president in charge of standards and practices, ordered that all prizes be paid for out of a show's budget.

Also barred are free plugs for airlines and other transportation facilities.

The new rule is also expected to stop television personalities from using their programs to promote other commercial activities in which they have an interest.

A main program affected by the CBS policy will be Art Linkletter's "House party," which identifies donors of gifts.

Cuba Bypassed By Tourists

NEW YORK (AP)—Thousands of free - spending American tourists are bypassing Fidel Castro's Cuba for other caribbean countries, travel officials here say.

The loss to Cuba runs into millions annually.

The decline in Cuba's tourist trade is blamed upon anti-American statements by high Cuban officials and reports of incidents in Havana.

"You can't blame the tourist," one travel agent said. "He doesn't want to go where he's not welcome."

Travelers have said: "Why should we spend our money in a country where we're not wanted?"

All of the major steamship lines have canceled Havana as a port-of-call on their winter cruises. These lines in the past have carried an estimated 30,000 tourists to Havana each year. One line, the Holand-America, alone carried 10,000.

Hotels in Havana have been badly hurt by the drop in tourist visits. The Hotel Havana Riviera, built in 1957 through a federal loan, was taken over last week by the Cuban government. The hotel was losing $10,000 a day, officials said.

The Havana Hotel Assn. recently announced it would appeal for government subsidies.

The Cuban Tourist Commission office here said that in 1957—the latest reporting year — 2,804,112 tourists visited Cuba and spent 58 1-3 million dollars. There were 381,600 American visitors, 31,000 of them on cruises.

A commission spokesman admitted that 1958 and 1959 "have been very bad years."

An official of the "Call Mr. Foster" travel bureau was more explicit. "The tourist trade in Cuba is practically nil," he said. "I don't see how you can get any comparative figures when you don't have any tourists to speak of."

In Washington, a Cuban Embassy official has denied that the tourist situation was bad. He said European lines have included Havana in their Caribbean cruise itinerary, thus boosting tourist trade.

A spokesman for the government-owned Cubana Airlines said the firm's New York-Havana business is better than ever. He estimated it will be 25 per cent higher in 1959 than last year.

However, he did admit an estimated 75 per cent of the passengers are Cuban, the rest Americans. In 1957, he said, it was just the reverse—75 per cent were Americans, 25 per cent Cubans.

He said attacks on Prime Minister Castro by the American press were the reason for the drop in tourist business. "Many people —and other countries—are taking advantage of the situation in Cuba," he said.

Overturned Ship Yields Two Bodies

GALVESTON (AP)—The Coast Guard said today that only two bodies apparently would be found on the motorship National Pride which overturned in the Gulf of Mexico last week with 11 men aboard.

"A pretty thorough cleanup has been made and no more bodies are expected," the Coast Guard said.

Workmen righted the 196-ton ship Wednesday. The ship was in the Gulf, southeast of here to dump 480 tons of obsolete army ammunition.

Officers identified one of the mangled bodies as that of Tony Burnett, 56, of Galveston. He was the son of Mrs. Elva Teener.

Criminal Action Asked In Kidnaping

BOMBAY, India (AP) — The United States has asked India to take criminal action against members of Communist China's consular staff in Bombay for the alleged kidnaping of Marine Sgt. Robert Armstrong last Friday.

A spokesman for the U. S. consulate general said a formal complaint was filed with Indian authorities Tuesday.

Indian police reported today that the key Chinese in the incident, Chang Chien-yu, had not been arrested.

Chang is believed to be hiding in the Communist Chinese consulate.

Firm In Denton Raked By Blaze

DENTON (AP)—Fire swept the Dickson Motor Co. today and caused damage estimated at $225,000.

Ray Dickson, the owner, said about 2? Cadillacs and Oldsmobiles burned, along with General Motors equipment.

Fire Chief Jack Gentry said the fire started in a closet containing office supplies and book matches, which the company used for advertising.

New Ship Is Called Tops

BOSTON (AP)—The Navy's new guided-missile destroyer leader Dewey, to be commissioned Monday, has the most advanced intelligence data and control center of any ship in the fleet, her builder says.

The 512-foot Dewey, 140 feet longer than World War II destroyers, was turned over to the Navy Wednesday after a run from Bath, Maine, where she was built. Capt. Stanley M. Alexander, Navy shipbuilding superintendent at Bath Iron Works, predicted her performance will be a "revelation" to her crew.

She can fire both Terrier and Asroc misiles. Terrier is a surface-launched antiaircraft weapon. Asroc is a rocket-launched homing torpedo for use against submarines.

Fort Worth Okays Dam

FORT WORTH (AP)—Fort Worth citizens voted overwhelmingly Wednesday for a 55 million dollar bond issue for construction of a reservoir on Cedar Creek near Corsicana.

The unofficial vote was 14,316 to 5,697.

Approved 14,210 to 5,327 was a contract under which Fort Worth will purchase water from Tarrant County Water Control and Improvement District 1, the agency which will build the reservoir.

The bond issue is the largest ever approved in Fort Worth.

The issue empowers the water district, which includes all Fort Worth and a portion of Tarrant County, to build a giant reservoir on Cedar Creek and a 77-mile pipeline to bring water to the city.

The program will triple Fort Worth's present supply. It was endorsed by more than 50 civic, business and labor groups.

Two Firms Pay Each Other's Bills

MT. STERLING, Ky. (AP) — A Mt. Sterling hardware store discovered last year it had been paying a supply store's water bill for 14 years because of a meter mixup.

It's all squared now.

The supply firm discovered this week it had been paying the hardware firm's electric bill for 15 years for the same reason.

Paar, Rooney Happy After Spat; Reap New Publicity

HOLLYWOOD (AP) — Mickey Rooney and Jack Paar cooed at each other like lovers after a spat, broke off long enough for some furious new cries of foul, and then started cooing louder than ever today.

The acrobatics of the two seasoned showmen weren't hurting either one—or their publicity.

But you had to be on your toes to keep up with it.

Paar smilingly told his television audience Wednesday night:

"Mickey Rooney is a helluva nice guy. I'm darn sorry, Mickey."

That satisfied the actor. Happy, too, was Rooney's personal manager, Red Doff, who announced that tonight's show will go on as originaally planned in a kiss-and-make-up session between Paar and Rooney Wednesday. Rooney once more will be his guest on the show.

"The whole thing is smoothed over now," Doff said.

That wasn't the way he felt a couple of hours earlier after hearing secondhand accounts of Paar's comments on the air. At that time Doff furiously declared he would not let Rooney appear with Paar.

It all started Tuesday night. Paar accused Rooney of being drunk on his show. Rooney walked out—by invitation.

They patched it up in a tense hotel room drama—in which four aides on each side eyed one another cautiously outside the door, the way Paar tells it.

It's doubtful the publicity attending the ruckus will impair the rating of toright's show. This, despite Paar's quizzical comment to his audience: "Strange it's so big in the papers."

Even the thorniest issue between them was settled. That was the barb left by Paar's remark Tuesday night a Rooney made his exit:

"It's a shame. He was a great talent."

Paar Wednesday night explained it away. He told the actor in their man-to-man talk: "You were a great talent—but you weren't a great talent last night."

Rooney acknowledged he had a few drinks before going to the studio. He was celebrating the first anniversary of his fifth marriage—this one to Barbara Ann Thomason.

Doff said Parr's explanation satisfied both him and Rooney, who watched the show on television.

Paar confirmed that Rooney telephoned him Wednesday and said he was "going to punch me in the nose."

"Well," he added, "I don't wanta get hit in the knee. But believe me, this is no little guy. He could lick most people in this studio. The kid is like steel."

He gave a vivid description of Rooney's entrance, with a mad lood on his face and wearing gym shoes.

"We screamed every now and then," he said. But finally:

"Rooney put his hand out and said, 'I'm sorry; I was drunk.'

"It took great cotrage to say I'm sorry," Paar said.

Rooney had his temper up most of Wednesday.

"You'd have to be loaded to go on that show," he acclaimed. "Paar has no talent. That's what I get for going on with a no-talent guy. He didn't make it in Hollywood, so evidently me made it in show business with the little sleepy people."

Read tomorrow's paper for the next exciting episode. . .

More Firms Get UF Plaques

According to records on Employe Division firm report envelopes, the Scurry County United Fund Campaign office announces the following new firms and other organizations who have qualified for the "Outstanding Achievement's plaque, or had 100 per cent participation in employe giving to the United Fund.

To qualify for a plaque a firm or other organization must have 90 per cent or more of the employes contributing, and reach a goal that is the equivalent of 80 per cent or more of ONE DAY'S PAY for all employes. "It is possible," Bill Brown, Employe Gifts Division chairman, advises, "that we may have missed some firms or other organizations who have qualified for a plaque. This might be so in the cases where firms turned in partial reports and we haven't noted subsequent final reports. We would like to have any firms correct us if we have overlooked them either in recognizing the fact that they had 100 per cent employe participation or qualified, on the basis of the above rule, for a plaque. We will accept a day's pay "after taxes."

The following have qualified for the "Outstanding Achievement" plaque: J. C. Penney Company, East Elementary School, Public School Administration Building, North Elementary School, Village Restaurant, Precinct 4 of Scurry County, Senior High School, Texas Electric Service Company Office Employes, Texas Electric Service Company Distribution Employes, Northeast Elementary School, Lincoln School, Stanfield Elementary School and West Elementary School.

Scurry County United Fund salutes the following who had 100 per cent employe participation but not the one day's pay requirement: Ezell-Key Grain Company, Fair Department Store, Snyder National Bank, Phillips 66 Cafe, Lamar Junior High School, B. J. Service Inc., Boss Electric Service, Sheriff's Office, County Building Maintenance, Tax Collector, Dunlap's, Homco Fishing Tool Company, McCormick & Sons Oil Company, Perry Brothers, Northeast Elementary School Cafeteria, Central Elementary School Cafeteria, Junior High Cafeteria, SACROC Segment 1, Standard Oil Company of Texas Field Office, Standard Oil Company Gas Producing Plant, Standard Oil Company Production Office.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 68 degrees; low, 29 degrees; reading at 7:30 a.m. today, 32 degrees.

North Central and Southwest Texas: Generally fair through Friday, warmer this afternoon and tonight.

Northwest Texas: Generally fair, warm this afternoon and tonight, cooler Friday.

South Central and East Texas: Fair, warm this afternoon and tonight. High Friday partly cloudy and mild.

Crude Cuts In Canada Protested

AUSTIN (AP)—Texas independent oil producers have asked for a review by the Canadian prime minister of a crude oil price cut announced earlier this week.

The Texas Independent Producers and Royalty Owners Assn. directed a telegram Wednesday to John Diefenbaker on the price cuts in the unprorated Saskatchewan fields.

A cut of 25 cents a barrel was posted by Great Northern Purchasing Co. of Regina Saskatchewan to bring its prices to between $2.59 and $2.94 a barrel.

"If large amounts of underpriced and unprorated Canadian crude are dumped into the Mid-Continent area through the present open door exemption for Canadian crude, its effect on this market would be demoralizing," said Harry Jones, president of TIPRO, in a telegram to Diefenbaker.

Jones warned the cuts might endanger the objectives of the mandatory oil imports control program. Diefenbaker worked with federal authorities in securing an exemption for Canadian oil under the program.

"The generosity of this nation in providing unlimited access to U.S. markets for Canadian crude oil should not be repaid by wrecking those markets," Jones said.

Winds up to 200 miles an hour make Commonwealth Bay in Antarctica the windiest spot in the world.

4th Session Is Predicted By Speaker

DALLAS (AP)—House Speaker Waggoner Carr predicted Wednesday that a special session of the Texas Legislature will be called to decide on a pay raise for teachers.

"To me, the signs point out there will be a special session and I am expecting one," Carr said.

Whether the legislators will be in a mood to grant a hike—$405 yearling has been asked—"I have no idea whatsoever." Nor would the speaker speculate on when the session might be called.

He said, "If a session is called I will give my support to the teacher program."

Carr was in Dallas Wednesday to speak to a joint meeting of Exchange Clubs of Dallas and Garland and then in Paris Wednesday night with Northeast Texas members of the House.

He denied that the meeting concerned a special session.

Carr, who pointed out in his Exchange Club speech the importance of Texas education, said that if the $405 raise is granted it would cost the state between 20 and 24 million dollars next year.

The last raise granted by the state came in May 1957 when a $300 annual across-the-board increase was approved.

Search Launched For Wreckage Of Plane

SALTA, Argentina (AP) — A search party today headed for the wreckage of a plane belonging to the Sargo Construction Co., an Argentine affiliate of Fish Engineering Co. of Houston, Tex.

Sargo officials said there was a possibility of survivors.

Aerial observers have found no sign of American pilot Odel M. Reaves and his Argentine co-pilot Jorge Oleaga.

Barnaby Rudge VI, an attraction at the National Zoo in Washington, is believed to be the first striped hyena cub to be born in a zoo.

Eight thousand year old rock paintings found in the Sahara Desert indicate that the now barren wasteland was once the home of elephants, giraffes and antelope.

House Is Damaged By Blaze Today

Fire destroyed a closetful of clothes and badly damaged the bathroom of a house located at 2406 Avenue X, at 10 this morning. Fire Chief D. A. Porter reported this morning. He attributed the cause of the blaze to the collection of dust and lint under the hot water heater which ignited from the flame under the gas heater. Mrs. Mary Lewis, occupant of the house, turned in the fire alarm.

The fire department was called out last night to extinguish a fire in a dryer at White Star Laundry, 806 Twenty-sixth Street. This morning they put out a blaze originating from overheated brake drums on a truck on the Lamesa Highway.

Taken To Lubbock

Mrs. Nolan Fulford was taken from her home at 2608 Avenue J to Methodist Memorial Hospital in Lubbock by Bolger Ambulance.

RAINBOW MARKET

THESE COLORFUL little "gifts" help make people glad about the forthcoming holidays. These varieties pack and store well and are delightful decorations for table or tree.

Four Big Reasons For Christmas Baking

The loving care put into Christmas baking pays many ways. It lets the men in your life enjoy seeing what fine Christmas gifts a person makes for friends and family. It gives special excitement and color to Christmas preparations. It provides delicious goodies for gatherings and mealtimes. And it saves money on cookies, cakes, pies, biscuits, other breads.

People know you are really hospitable when you use high quality products in baking — fresh eggs, fine flour and nuts and fruits and flavorings, plus plenty of imagination.

Since cookies are among the best liked and easiest of the Christmas treats, the Gladiola Flour folks have come out with recipes good to use whether the cooks get the desirable early start or a late one.

Apple Sauce Praline Pecan Cookies are the simplest kind of drop cookie. Their fruity goodness helps them to store well, if a good enough hiding place can be found. They are tempting. If you like, decorate with pecan halves or, for a sparkling effect, pat with a lightly-oiled glass dipped in sugar. Or frost these cookies with cooked praline frosting.

Good sugar cookies have wide appeal, trim prettily and stay crisp. A big factor in the success of these rolled cookies is in choosing the right flour, with as much natural whiteness as possible and good "body" or gluten content. With efficient baking powder that is fresh and works well in our Southwest climate, the cookies bake light and crispy every time. Cut some in Christmas shapes, trees, bells and stars. Decorate these sugar cookies with "painted-icing" made of powdered sugar, fruit juice and coloring which the children can apply with small paint brushes. If desired, shape dough scraps into "marbles," roll in granulated sugar and bake — call them "Sugar Crinkles." Neat trick, no waste.

Holiday Fruit Bars form lovely layered cookies of a "tastes-like-more" flaky oatmeal pastry filled with dates and candied fruits. They store well, taste wonderful first day or last.

Homemade biscuits dress up holiday meals. To help get the family in a festive mood, do have biscuits some morning cut into shapes of wreaths, stars, crescents or bells then sprinkle with colored sugars. For Christmas morning serve scones as a fancy biscuit variation. Children love this kind of exotic yet homey touch.

For holiday dinners, for family or company, your own piping hot biscuits help make a meal perfect. And for perfect biscuits — tender, light and flavorful — choose flour that is white, velvety and with good balance. Team it with a dependable baking powder that never fails to give the high evenly browned biscuits the family can't resist.

APPLE SAUCE PRALINE COOKIES

½ cup butter or shortening
1 cup firmly packed brown sugar
1 egg
1 cup apple sauce
2½ cups sifted Gladiola Flour
1 teaspoon soda
½ teaspoon salt
1 cup chopped pecans

Cream butter and sugar together. Add egg and beat mixture thoroughly. Mix in apple sauce. Sift dry ingredients together. Add to apple mixture, blending thoroughly. Stir in pecans. Drop by spoonfuls onto ungreased cookie sheet. Bake at 375 degree (moderate oven) for 12 to 15 minutes. Makes about 4 dozen cookies.

HOLIDAY FRUIT BARS

1 cup chopped dates
1 cup sugar
1 cup water
½ cup chopped candied fruits (optional)
1¼ cups sifted Gladiola Flour
1 teaspoon soda
½ teaspoon salt
1 cup uncooked oatmeal
½ cup shortening (part Butter)
½ cup buttermilk or sour milk

Combine dates, sugar and water. Cook until mixture forms a thick paste; stir frequently. Add candied fruits.

Sift Gladiola flour, soda and salt together. Mix in oatmeal. Work in shortening with a pastry blender or fork until mixture resembles coarse meal. Stir in buttermilk to form a stiff dough. Let dough chill a few minutes before rolling out. Divide dough. Roll half of dough to fit a 9 x 9-inch greased pan. Cover with date mixture. Roll out remaining dough and place it over the top. If desired, sprinkle with granulated sugar. Bake at 400 degree (hot oven) about 20 minutes. Cut while still warm and sprinkle with confectioners' sugar. Makes 2 dozen or more bars, depending on size.

SUGAR COOKIES

½ cup butter or margarine
1 cup sugar
2 eggs, beaten
½ teaspoon vanilla
2½ cups sifted Gladiola Flour
1½ teaspoons Gladiola Baking Powder
¼ teaspoon salt
½ teaspoon nutmeg

Cream butter and sugar together until light and fluffy. Add eggs and vanilla, mix well. Sift dry ingredients together and add gradually to egg mixture, blending well after each addition. Chill dough until firm enough to roll. Roll dough about ⅛-inch thick on a lightly floured board. Cut into desired shapes. If desired, sprinkle tops with sugar, brush lightly with milk or beaten egg yolks or whites diluted with water before baking. Cookies may also be decorated with nuts, chocolate bits or colored sugar before baking. Bake at 400 degrees (hot oven) for 6 to 8 minutes. Makes about 4 dozen cookies.

Stamford Has Awesome Mark

The Stamford Bulldogs, who do battle with Denver City in a Class AA high school football quarterfinal game here Saturday, will bring one of the most awesome records in the state to Snyder.

Coach Larry Wartes' team has won 105 games, tied one and lost seven in the last nine years. Moreover, the Bulldogs have captured the state championship in their class in three of the last four seasons.

This year the Bulldogs have copped 12 decisions in as many starts, three of them against top-flight Class AAA foes, in marching to the quarterfinals.

They launched their season by walloping Quanah, 46-6, and their latest triumph was a playoff decision over Cisco, 32-22, last Friday night in Abilene.

On the way, Stamford defeated Cleburne, 16-14; Sweetwater, 8-6 and Graham, 35-14, all considered strong teams in the Class AAA bracket.

Stamford then met Quanah again in their first round playoff game and won their second decision of the year from that team, 43-18.

In all, Stamford has rolled up 407 points to 104 for its opponents in the 12 games so far.

Denver City may well prove to be a formidable opponent for Stamford, however. In its first playoff game, Denver City edged past Floydada, 14-8, and then turned on the power last week in the second round game to thoroughly trounce Olton, 50-6.

Big delegations are expected to be on hand from both towns here Saturday afternoon for the kickoff of the quarterfinals game, which is set for 2:30 p.m.

Win Would Give Fullmer More Pay

By JACK STEVENSON
Associated Press Sports Writer

LOGAN, Utah (AP) — Bigger pay days loom for NBA middleweight champion Gene Fullmer if he successfully defends his crown Friday night against the challenge of Chicago's Spider Webb.

For although the Mormon Sunday school teacher twice has ruled the 160-pound boxing class, there always have been strings attached.

When he beat Sugar Ray Robinson on Jan. 2, 1957, contracts called for a return match and Gene lost. For the first fight, Fullmer received just 12½ per cent of the gate with an even split on the second.

He collected $80,000 for his victorious battle with Carmen Basilio for the NBA crown last Aug. 28 after the association took its title from Robinson for failure to defend. Still Basilio received more.

The string this time was an NBA requirement that Fullmer meet its No. 1 challenger in his first defense. That's why he fights Webb.

"If we get over this fight there will be more strings attached as far as the NBA is concerned," says Manager Marv Jensen. "Another string might be Robinson for the undisputed title but truthfully, I don't think he'll ever fight Fullmer so we might as well eliminate him from Gene's plans."

Should Fullmer lose to Webb, a contract already is signed calling for a return match in Salt Lake City on June 10. Promoter Bennie Ford has offered a $250,000 guarantee for a return bout in San Francisco.

"If I win, we'll be on our own and ought to be able to do a little better financially," observed the 28-year-old Fullmer who hails from West Jordan near Salt Lake City.

Gene has hopes of fighting Archie Moore for the light heavyweight title although the middleweight king's next bout may be against Bobo Olson in San Francisco early next year.

"Gene would like one fight against a light heavy to show he deserves a shot at Moore," Jensen observed.

The 15-round nationally televised (NBC) bout will be held at the Utah State University field house with its capacity of 7,000. A gate of about $90,000 to go with the $100,000 TV stipend is expected.

Par Due To Take Beating

MIAMI, Fla. (AP) — The Biltmore golf course par of 35-36—71 appeared destined for a beating today as 150 sharpshooters tee off for the first round of the 72-hole, $25,000 Coral Gables open tournament.

The once-gamed layout, scene of major competitions in the 30's and early 40's, was given a good going-over Wednesday in the pro-amateur competition. Fifteen entrants shot par or better. Fred Hawkins of El Paso, Tex., carded a 66.

Most of the name pros of the tournament tour are on hand for the event, which runs through Sunday.

Art Wall of Pocono Manor, Pa., leading money - winner for the year, had a neat 67 Wednesday. Arnold Palmer of Ligonier, Pa., had a 73 in the pro-amateur, but his three local partners came through in such an opportune manner that the team score of 54 was good for first place.

Dodgers To Play In Coliseum Again

LOS ANGELES (AP) — The Los Angeles Dodgers will be back in the Coliseum next season.

Their return was made certain Wednesday when the Coliseum Commission's baseball committee approved a new contract proposal which would cost the Dodgers about $500,000. Last year the ball club paid a little more than $319,000 for use of the 90,000 - plus capacity stadium.

They also played — rent-free—terms with the commission.

A formal contract will be prepared within two weeks.

The Dodgers are building a new stadium in Chavez Ravine but it won't be ready for at least another season.

Andy Branigan, a defenseman for 15 seasons in the American Hockey League, coaches the New York Rovers in the Eastern League.

Willie Goggin Holding Lead

PALM SPRINGS, Calif. (AP)—Still a rugged competitor at 53, defending champion Willie Goggin is leading after the first round of the $20,000 U.S. Senior Open Golf Championship.

The San Jose, Calif., golfer broke the Bermuda Dunes Country Club record with a 6-under-par 66 Wednesday and a three shot lead. He got seven birdies and one bogey and needed only 25 putts for his 33-33—66.

Art Bell of San Francisco and Ferdie Catropa of Massapequa, N.Y., tied for second at 69.

Wednesday's contestants, the second half of the 551-man field, take a rest today as the first half start the second round. The field will be cut to 100 for the final 36 holes Saturday and Sunday.

Brown Will Get $25,000 From Bout

HOUSTON, Tex. (AP) — Joe Brown, the world's lightweight champion, will get about $25,000 out of his eighth title defense Wednesday night against Dave Charnley of England.

The crowd was about 6,500 and the gate was $32,720. There also was $40,000 in television money.

Brown gets 40 per cent of the gross less taxes and Charnley 20 per cent. Charnley will receive about $12,000.

The Abilene players are, left to right: Gene Denman (30), Buddy Traver (10) and R. A. Wade (40). (AP Wirephoto)

Cleveland Team In 'Poor Shape'

CLEVELAND, Ohio (AP) — The way Coach Paul Brown is talking, outcome of Cleveland's game with the New York Giants in Yankee Stadium Sunday will depend on the strength of the Browns' reserves. Rookie reserves, at that.

"This team is in the poorest physical shape of any I've had in a long time," Brown said Wednesday after the week's first practice.

"We'll do our best, but we're hurting. Jim Ray Smith and Mike McCormack didn't even dress today.

"Then (Ray) Renfro pulled a thigh muscle — did it just running down the field. And I don't think he will play. You don't usually come back and play a few days after pulling a muscle."

"Walt Michaels didn't work out today. A bone in his hand is broken.

"And Lou Groza still is bothered by back trouble, and it's tough for him to block.

"Everything's happened to us at once. You don't hide the facts from yourself. And they (the Giants) know we're hurting — their ball team knows about it."

If all this adds to confidence already voiced by some Giant players and their coach, Brown won't mind. Counting the 1958 playoff, Cleveland has lost its last four games with the Giants. Another defeat would enable the New Yorkers to wrap up their third division title in the last four seasons.

The question seems to be: how good are Cleveland's reserves?

"I'm planning to go with two rookie offensive tackles — Willie Davis for Groza and Fran O'Brien at McCormack's spot," Brown said. "Chuck Noll will be in for Jim Ray Smith at guard. That's three outstanding linemen we're missing."

Arizona Lone BC Winner

By The Associated Press

The University of Arizona kept the Border Conference flag flying in intersectional play Wednesday night as Texas Western and West Texas State went down in defeat.

The Arizonians took a hard fought 77-58 victory over New Mexico Western. The University of Houston smothered West Texas State, 105-60, and Oklahoma took the measure of Texas Western, 76-58.

West Texas, which bowed to North Texas State in its season opener Tuesday night, goes to Wichita Falls for a game with Midwestern Thursday night. Hardin-Simmons meets Wichita University at Wichita, Kan., in the only other Thursday night tilt involving Border Conference members.

Arizona built up a 40-30 halftime edge and Ernie McCray, Arizona's leading scorer, last year, was high man with 28 points.

Not a single West Texas player was able to score in two figures against Houston, led by Gary (The Ghost) Phillips who racked up 33 points.

Oklahoma took command at the opening whistle and held a 34-16 halftime lead. Al Tolen was high man for the Texas Western with 16 points.

Russian Women Cagers Win Again

CLEVELAND (AP)—The touring Russian women's basketball team broke a tie in the final minute of play to defeat Nashville (Tenn.) Business College, 48-46, here Wednesday night.

Raisa Kuzentsova tossed in the field goal that broke the 45-45 tie. Then Ligira Altberg sank a free throw to complete the scoring. Nera White, Nashville's six-foot center, led her team with 13 points.

BS Teams Nip Lincoln

Big Spring teams swept both games from Lincoln High School cagers here Tuesday night.

The Big Spring boys team downed Lincoln, 68-53 in their game, while the Big Spring girls triumphed, 41-3.

The Big Spring aggregation participates in Class A competition, while Lincoln is in Class B.

Joe Phillips scored 23 points to pace the Lincoln boys. Johnny Wright had 20 for Big Spring. Big Spring led at the half, 44-42.

In the girls game, Louise Archie made Lincoln's three points.

Betty Skaggs led the Big Spring girls in scoring with 18 points.

More Texans Are Drafted By New AFL

DALLAS (AP) — Twenty-five players from Texas colleges and universities were picked when the newly formed American Football League selected 161 more draftees Wednesday.

Earlier each of the eight teams had picked 33 men—a number of whom are also being sought by the rival National Football League and Canadian pro clubs.

Texans named in Wednesday's draft by the eight clubs were:

Dallas — Quarterback Vernon Cole, North Texas State; Austin Gonsoulin, Baylor halfback; Billy Tranum, Arkansas end; and Larry Ward, Lamar Tech end.

Houston—Clair Branch, Texas halfback; Jim Welch, SMU fullback, and Jerry Muennink, Texas center.

Boston—John Farrington, Prairie View A&M end; James Bud Jones, SMU end.

Buffalo—Merlin Priddy, Texas Christian fullback; Babe Dreymala, Texas guard, and James Sorey, Texas Southern tackle.

Denver—Sam Stanger, North Texas State center; Billy Luplow, Arkansas guard, and Jim Colvin, University of Houston tackle.

Los Angeles—Ken Talkington, Texas Tech quarterback; Marvin Lasater, TCU halfback, and Ronald Ray, Howard Payne tackle.

Minneapolis-St. Paul—Sam McCord, East Texas State quarterback; George Boynton, East Texas State halfback; Gerald Lambert, Texas A&I tackle, and Jim Woodward, Lamar Tech guard.

New York — Gordon LeBoeuf, Texas A&M fullback; Marshall Harris, TCU halfback, and Ramon Armstrong, TCU guard.

Records To Show A TKO

HOUSTON, Tex. (AP) — Although some fans took a different view, lightweight champion Joe Brown's victory over Dave Charnley goes into the records as a sixth round technical knockout.

Alton Erickson, state supervisor of boxing, and Referee Jimmy Webb explained that the fight wasn't halted until after the fifth round ended.

There was room for differences of opinion. Some recalled the Dempsey-Willard battle in 1919, when Willard was unable to continue after the third round. It was called a third round TKO.

And boxing expert Nat Fleischer, who puts out the record book, has said a bout stopped at intermission is considered at end during the last round actually fought.

Erickson said, however, that the National Boxing Assn. ruled sometime ago that a technical knockout decision after a round ends must be credited to the ensuing round. That ruling has been incorporated into Texas rules, Erickson said:

Ira Cagers Sweep Pair

Ira slipped past McCaulley in both boys and girls basketball games played Tuesday night in the McCaulley gym.

The Ira boys triumphed over the McCaulley boys, 25-24, while the Ira girls team won by a 49-36 score.

Donell Eubanks scored 11 points to lead the Ira boys team attack. Stephenson was high scorer for McCaulley with eight points.

Anita Patterson was top scorer for the Ira girls with 16 points. Mary Current scored 19 for the McCaulley girls.

Bill Giles, 25, son of National League president Warren Giles, is the new business manager of Nashville in the Southern Assn.

WORKERS FOR GAME TO HOLD SESSION TONIGHT

A meeting of all persons who will assume tasks in connection with Stamford Denver City football game has been scheduled for 7:30 tonight in the high school cafeteria, Dr. B. J. Weaver, Quarterback Club president, has announced.

Quarterback Club members, Chamber of Commerce representatives and representatives of the Veterans organizations are due to attend. The Chamber of Commerce and Quarterback Club are handling details of arrangements and will furnish manpower required for various purposes at the game.

Veterans organizations will direct parking in the stadium area, as they have at home games during the regular season.

Anyone who have help is urged to attend tonight's session, said Weaver.

Joe Brown Halts Charge Of Youth

By HAROLD V. RATLIFF

HOUSTON, Tex. (AP) — Lightweight champion Joe Brown, a skittish 34-year-old, stopped another charge of youth Wednesday night when he beat Britisher Dave Charnley on a technical knockout.

And a few minutes later the champion said he would be ready to fight again only a week hence.

Brown didn't have any particular fighter in mind but declared he would like to get somebody for Dec. 9.

"No use wasting all that training—that's the hardest part of it," he explained. "I'm not hurt and I'm ready to go."

Charnley, the 24-year-old ex-boilermaker from Dartford, Kent, who is called "the midget Marciano" because he has shoulders and neck like a heavyweight, never was in the fight with the Baton Rouge, La., Negro, making the eighth defense of his title in 39 months. It tied the number of defenses by Benny Leonard, who set the record in the lightweight class before he retired undefeated in 1925.

Brown was leading by as many as five points in the fifth round when he lashed out with a left and then a right and crimson spread down the right cheek of the 24-year-old Briton as a deep cut opened over his eye. Charnley put his glove to his head and staggered back just as the bell rang, ending the round.

Charnley shuffled to his corner and while his handlers worked over him, Referee Jimmy Webb raised Brown's hand and led the champion to the center of the ring.

Dodger-Nat Trade Stalled

ST. PETERSBURG, Fla. (AP) — Los Angeles' refusal to include outfielder Don Demeter stalled a six-man player trade parley between the Dodgers and the Washington Senators today.

The Dodgers had offered shortstop Don Zimmer, outfielder Ron Fairly and pitcher Danny McDevitt or Clem Labine for slugger Roy Sievers, pitcher Russ Kemmerer and second baseman Reno Bertoia. The Senators insisted that Demeter be substituted for Fairly and were rebuffed by the Dodgers.

Consequently, the Senators, still searching for a shortstop and center fielder, turned to the Chicago White Sox. They offered the same trio for Chicago's Sammy Esposito, Johnny Callison and a catcher, either Earl Battey or John Romano.

Not a single deal was completed Wednesday although every club reported trade talk. The feeling was that no deal would be engineered until the major league meeting in Miami beach next week.

Bing Devine, general manager of the St. Louis Cardinals, said talks with the San Francisco Giants of a trade involving Johnny Antonelli and Daryl Spencer of the Giants and Larry Jackson and Don Blasingame of the Redbirds had collapsed but expressed hope that a trade could be made between the clubs along those lines "with variations."

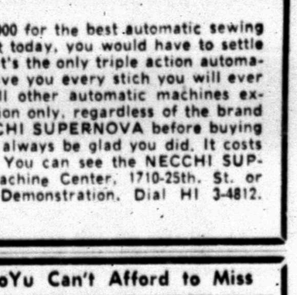

Turkey Shoot At Hermleigh

HERMLEIGH — A turkey shoot has been scheduled for Sunday afternoon by the senior class of the Hermleigh High School.

The event will be staged at the caliche pit located a quarter of a mile south of the Hermleigh Cemetery. It will begin at 1:30 p.m.

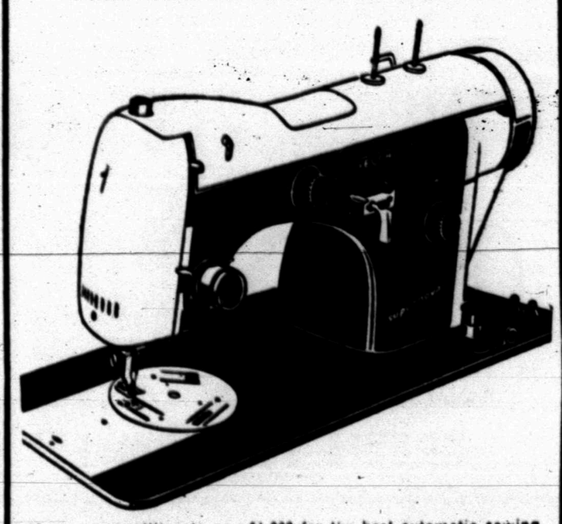

Ammunition will be furnished, and participants may shoot three times for $1. Rifles are limited to .22 caliber, open sight only.

All proceeds from the shoot will go to the Hermleigh senior class.

SHOEMAKER'S CHILDREN

Eisenhower's 11-Nation Tour Filled With Unpredictables

By JAMES MARLOW

WASHINGTON (AP) — President Eisenhower's 11-nation journey, starting tonight, is a mixture of the certain, the unpredictable, and the ironic.

This much is certain, for he has said it himself. He will try to spread goodwill for this country everywhere he goes.

There are the unpredictables. What problems the various heads of government will discuss, what solutions they'll ask him for, his reaction and his health.

This is the ironic: Wherever he goes the Communists will probably turn out in mobs to cheer him.

At his news conference Wednesday Eisenhower looked in excellent health. But he is entering upon a rugged mission for a 69-year-old man who in the past four years has had a heart attack, an intestinal operation and a slight stroke.

He said his doctors think he can stand up all right. He knows there will be some fatigue. What he can't tell is how he will react to the various kinds of food put in front of him. And he'll have to attend a lot of ceremonial dinners.

No other President has ever embarked upon an expedition like this. But the country seems to be taking it calmly and, apparently, without any excited expectations.

That's natural enough. After these years of the cold war the lesson has sunk in that changes for the better come slowly. No one is expecting miracles, not even Eisenhower.

If the President had taken this trip early in the summer — before Premier Nikita Khrushchev's visit here and while the Kremlin was still acting tough — Communists everywhere would probably have tried to ruin any reception for Eisenhower.

Not now and for a couple of reasons:

1. The Kremlin is pushing the peace theme vigorously since the Eisenhower - Khrushchev meeting and the "spirit of Camp David" is still floating around over the earth.

2. Khrushchev, who got along well with Eisenhower, wants a summit meeting. Any Communist demonstrations against the President might spoil the relationship and wreck chances for the summit.

If Eisenhower has any bad or embarrassing moments on this trip it will probably dampen his new enthusiasm for personal visits.

One thing may work to his great disadvantage. After making the rounds in Southern Europe, Northern Africa and Western Asia, Eisenhower will settle down several days in Paris for pre-summit talks with Western Allied leaders.

They will be discussing the position they should take next year in a summit conference with Khrushchev, particularly how they'll answer his demands that the Allies get their troops out of West Berlin.

By the time Eisenhower reaches Paris he should be pretty well worn out by his tour of three continents and therefore may not be in the best condition to cope with Allied problems.

Terror Of War Cited

ANNAPOLIS, Md. (AP) — A Japanese radiation expert believes a future atomic war would be "too terrible even to magine" and 1,000 times more terrible than the bombing of Hiroshima and Nagasaki during World War II.

Yasushi Nishiwaki, newly appointed professor of radiation protection at the Tokyo Institute of Technology, spoke Wednesday night at St. John's College.

Nishiwaki, a research fellow at the California Institute of Technology, said "in order to prevent a total nuclear war, everyone must work very hard for its prevention."

"We must assume there is a great possibility of a nuclear war," he added.

History To Show Rommel Was Lacking

By HAL BOYLE

NEW YORK (AP)—Field Marshal Erwin Rommel of Germany was Britain's favorite enemy — perhaps America's too—in War II.

But after a 10-year study, author Cornelius Ryan has concluded the Allies were a bit overkindly in their estimates of the dashing Nazi armor genius.

"Rommel has been sometimes portrayed as a high-minded military idealist who played war as a big exciting game," said Ryan, author of an account of the Allied invasion of Normandy on June 6, 1944.

"The truth is he was a Hitler favorite bitterly resented by the career officers of the regular German army.

"Actually, Rommel was a very ambitious man willing to trample on anybody to get ahead. He was an utter politician. He was a fine tactician, but he simply didn't have the depth of training to handle the defense of Europe against the invasion."

His study convinced Ryan that Field Marshal von Rundstedt, who nicknamed Rommel "Marshal Bubi"—the baby marshal — was the superior soldier.

He feels that the Allied beachhead would have been in direr peril—perhaps even thrown into the sea—if Von Rundstedt had been allowed to carry out his plans for a massive counterattack on the third day of the landings, instead of attacking piecemeal on D-Day itself, as Rommel ordered.

But both sides bungled their own intelligent reports badly, and says Ryan: "Plans were tossed out the window on that day, and in the final irretrievable moment when the soldiers met face to face, history voted for the Allied guy."

It is impossible to get a completely clear view of what goes on in a major battle. But Ryan gives as clear a picture as we ever will get of what actually happened in those first few mighty hours as an Allied armada of 5,000 ships bearing 200,000 troops hit the Normandy coast.

A new hydro-electric power plant scheduled to go into operation near Niagara Falls in 1961, will be capable of lighting 22 million 100-watt light bulbs at the same time.

SOIL CONSERVATION TALK—Soil and water conservation was the main topic when this quartet grouped together at a dinner meeting Tuesday night honoring soil conservation contractors of the area. From left are Richard Brice, chairman of the board of supervisors of the Upper Colorado SC District; Herman Hundsnurcher, member of the board; Gerald Johnson of the Soil Conservation Service in Snyder, and Perry Echols, member of the board. The Upper Colorado District supervisors arranged the dinner to express appreciation to the contractors for their work in soil conservation.

Contractors Are Honored By SCD

The board of supervisors of the Upper Colorado Soil Conservation District was host Tuesday night at a dinner meeting honoring soil conservation contractors in this area.

Members of the board and SCS professional personnel, along with contractors, and representatives of other agricultural agencies, attended the event.

Lee Williamson, SCS engineer from Big Spring, was principal speaker at the program.

Williamson discussed specifications and other matters of particular interest to the contractors.

The Upper Colorado District board of supervisors arranged the session to show their appreciation for the work of soil conservation contractors who operate in this area, said Richard Brice, chairman of the board.

Governors Invite Reds For A Visit

By JACK DAVIS

WHITE SULPHUR SPRINGS, W. Va (AP)—The American governors who went to the Soviet Union last summer have invited their counterparts to repay the visit.

The invitation, not yet made formally, suggests the trip be made early next spring, but leaves the time open.

Gov. J. Caleb Boggs, of Delaware, chairman of the National Governors Conference, said the chairman of the Soviet districts would be expected to pay their own way.

He said formal invitations are to be issued through the State Department and the Soviet Embassy.

Boggs made the announcement Wednesday night. He said he had no idea what portions of the country the Soviets would want to see.

The governors gave unanimous support to a proposal by the roads committee that the governors ask President Eisenhower and congressional leaders for a conference early next January to discuss beefing up the cut-down federal superhighway program.

The roads committee, headed by Gov. Abraham Ribicoff of Connecticut, protested that allocations to the states under the 1956 program had been cut drastically below earlier estimates, and that the states have been left out on a financial limb. The conference was proposed to work on a mutual solution.

Dry Weather Halts Fungus In Vegetables

WESLACO (AP)—Dry, windy weather has checked the spread of fungus diseases in vegetables in the Lower Rio Grande Valley, county agents report.

The first insect report of the season came Wednesday from Associate County Agents James Deer and W. H. Friend. They said downy mildew on cabbage and related crops was reported in some areas but no insect damage of a serious nature was noted.

The agents said some purple blotch on onion was reported in Hidalgo County.

Artificial Reef Asked In Florida

JACKSONVILLE BEACH, Fla. (AP)—A group of men interested in fishing have proposed that an artificial reef be created in the Atlantic Ocean about five miles off Jacksonville Beach by dumping scrap in a place where the water is about 60 feet deep.

The Beach Chamber of Commerce has endorsed the idea as a feasible one for providing a good fishing spot.

Texan Still Claims His Independence

GREELEY, Colo. (AP)—A witness startled principals at a District Court trial Wednesday when he was asked: "Were you born in the United States?"

"No," replied Pete Martinez, a convict at the State Penitentiary. "I was born in El Paso, Texas."

Judge William E. Buck made no effort to stop the titter which greeted the remark.

Piggly Wiggly

Junior Editors Quiz on SINGING

QUESTION: Why do people yodel?

• • •

ANSWER: Did you ever hear anyone yodel? Their voices go up and down in the most surprising way, from very high notes to low ones. The upper notes are what is called falsetto, sung an octave above the natural tone. This provides the surprising and rather amusing quality that gives yodeling its charm. It is a type of singing that is common to mountain people, perhaps because its odd "up and down" notes travel so well across open spaces and echo in the hills.

In Northern Italy and in Switzerland the people yodel in the mountains where the sound is not halted by buildings and can echo freely back and forth. In Norway, too, shepherds in the mountains sometimes yodel. This has been going on for more than a century at least, and probably for much longer than that. It's just their manner of singing.

Here is a Swiss boy in the Alps yodeling because he feels so cheerful. His pet goat is listening attentively, while the rest of the herd have gone to the day's grazing ground.

• • •

FOR YOU TO DO: Do you know to yodel? Have someone who does yodel show you how, and try it yourself.

• • •

(Bob Hirschfeld of Clifton, N.J., wins $10 for this question. Mail your question on a postcard to Violet Moore Higgins, AP Newsfestures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.) 12-3

WIDENING STREET—Workers are constructing a new retaining wall to provide a wider intersection at Avenue T and Twenty-fifth Streets. The Texas Highway Dept. recently completed alterations to the Deep Creek bridge to permit widening of the street, and the city is to conclude the project.

Both Sides Await Appeal

By JOE F. KANE

WASHINGTON (AP) — Federal mediators hold separate sessions today with steel management and union representatives as both sides await another appeal tonight by President Eisenhower for settlement of the steel strike.

The President said Wednesday that when he makes a brief television address tonight before leaving on his foreign goodwill tour he will insist that the two sides get together.

"If we can't get anywhere on this thing, then finally the government just cannot sit idly on its hands," he added.

"But, I do believe that the day that we abandon free collective, honest free collective bargaining, it is going to be a sad day for the United States."

Eisenhower gave no hint of what the government might do if the 80-day court order which halted the 116-day strike expires on Jan. 26 without a settlement. Under provisions of the Taft-Hartley law the workers then would be free to talk out again. The T-H law provides for no further federal action.

What might the government do if it cannot sit idly on its hands?

One possible government move would be to suggest terms of settlement. But under present law both sides would be free to reject the recommendations.

Another possibility would be for the President to ask Congress for new power — perhaps compulsory arbitration — for use in such a deadlock in a key industry.

REA Co-Op Sets Patronage Refund

Midwest Electric Cooperative of Roby will make its second patronage refund tomorrow.

At that time, $42,116.87 will be returned to the members. This represents the net margin acquired for half the year 1951 and all of 1952.

Approximately 4,200 checks, averaging about $10 each, will be mailed to the people who were members of Midwest Electric Cooperative in 1951 and 1952.

This is the second refund the Roby Cooperative has made. The first one was made last Dec. 6. It totaled $19,435.64, and was half of the net margin for 1951.

Midwest Electric, like other electric cooperatives, was organized and set up to deliver electric power at cost to the farms, ranches and other consumers in rural areas. Any money taken in above the actual cost of operation was to be returned to the members in the form of patronage refunds.

The electric cooperative movement has spread through areas where electric facilities could not be obtained by any other method. The REA act was passed in 1935 with the idea that private power companies would use the source of funds and build rural power lines. The private utilities did not feel that such an undertaking would be practical and they declined to construct the lines.

The plan of the rural people serving themselves with electric power cooperatives was then advanced. The refunds now being made indicate success of the plan, spokesmen for the cooperative said.

Sculptor Has Claim Against Flynn Estate

MIAMI, Fla. (AP) — Joseph (Sepy) Dubronyi, the sculptor of nude actresses, has an 18-inch gold statue of Beverly Aadland in the nude and is wondering whether he can collect for it from Errol Flynn's estate.

Dubronyi said Wednesday Flynn commissioned the statue of his 17-year-old girl friend before his death but made no arrangements to pay for it. He said he may sue Flynn's estate to recover the $5,000 he says is due him.

$2 Bills Are Used To Pay Soldiers

ABERDEEN, Md. (AP) — The Army paid some 5,000 enlisted men at Aberdeen Proving Ground in $2 bills this week in an effort to determine the buying habits of soldiers.

Col. G. F. Powell, deputy commander of the post, ordered the distribution of 175,000 $2 bills, which represents almost 10 per cent of Aberdeen's $3,750,000 monthly payroll for 10,000 military and civilian workers.

The Army said it hopes to receive reports on the "informal survey" from banks, grocery stores and other retail establishments.

Sleeping Sickness Reports Are Due

LUBBOCK (AP)—City officials from a 22-county area met here today to hear reports by state and federal officials on "sleeping sickness" viruses which recently have become a major public health problem.

Speakers included Wilfred Johnson, training officer of the U.S. Public Health Service, Dallas; Robert Peel, senior sanitation officer, and F. J. Von Zuben Jr., chief engineer, both of the State Health Department in Austin.

About 100 mayors, councilmen and other city officers were expected to attend the regional Caprock meeting of the Texas Municipal League. Mayor M. B. Hood of Plainview is president of the region.

Texas long has been plagued with mosquito transmitted diseases. Health Department records include 75 species of mosquitoes in the state.

While the problem of infectious encephalitis will not be present until the mosquito breeding season in the warm months, the city officials expect to gather information on how to combat the problem when it does occur.

The High Plains, because of its large irrigation systems, the Lower Rio Grande Valley and parts of the Gulf Coast are the major areas for encephalitis in Texas.

The virus has an incubation period of 5 to 15 days. It causes a brain inflammation, high fever, coma or convulsion when contracted by humans. Some types of the virus cause death.

The viruses are primarily diseases of wild birds, domestic fowls and certain wild rodents with mosquitoes the primary vectors, the department said.

All three of the principal insect-borne encephalitis viruses of the United States occur constantly but in low incidence each year in Texas. The severest type, eastern encephalitis which has caused death in several eastern states, occurred in Texas in isolated cases in 1941, 1947 and 1957, the department reported.

The majority of the other two types, western encephalitis and St. Louis encephalitis, have been reported for 12 to 15 years but a majority has been in the Valley and High Plains.

Epidemic encephalitis in the Lower Valley involved some 500 clinical cases in 1954 and over 100 in 1957. Western encephalitis outbreaks occurred in Lubbock and surrounding counties in 1952 and 1954 while both types of lighter virus were involved in 1956 and 262 cases.

In 1958, Lubbock and Hale counties reported 17 cases and there have been 12 reported cases this year.

Iraq is planning to spend 27 million dollars on expansion of facilities at Baghdad's airport.
