Russians Agree To Deputy Foreign Ministers' Meet

Marines Advance Again

U.S. Marines, back in action again, move over a cratered bridge as they advance on the Central front in Korea. It was disclosed that the leathernecks were back in the fighting for the first time since their historic withdrawal form the Changjin reservoir near the Manchurian border last December.

Moorman is Assured Housing, Retail Business Shows Decline

Snyder needs the J. W. Moorman & Son Construction Co. payroll and many more like them, was the opinion expressed today in a survey of retail business houses here.

The Chamber of Commerce yesterday announced that the construction firm, which has contracts for Winston Field and the Coloradq River dam, probably would not be able to house its workers in Snyder despite the fact that it is the nearest city to the projects, because rentals here were too high.

ASSURANCE GIVEN

This brought a quick response from real estate dealers, one group of which organized late yesterday and assured the Chamber of Commerce and the Moorman firm today that accommodations would be found in Snyder for all their workers at $80 a month or less.

James Rosser, chamber president, said today that D. R. Price has given him assurance that he would organize a group of real estate men and property owners who would work until they found adequate housing. So far the group includes Bert Smith and John Cruse, and others were being contacted today.

Businessmen around the square meanwhile gave willing testimony that a big payroll, such as the Moorman one, was needed to justify the investments that have been made in new and expanded business here.

An electric contractor who has done some of the biggest jobs in the city stated that his business for the first two months of this year definitely was off from the level of last year.

Three jewelry stores reported declines, one of 10 per cent, and another "off terrifically," a fourth jewelry concern reported a steady level of business.

In the department store class the answer was uniform—the trend of business in Snyder is down. One reported volume during the last month had declined to the level of February, 1948—definitely pre-boom. Another major outlet reported a downward trend, which was even more damaging to business than the percentage of decline would indicate, because of the rise in the unit cost of stock during the last year.

Dress shops also reported a dropping off of business. One had a 50 per cent decline in February from the business it did in February, 1950. Another, which had no definite figures, reported a noticable decline.

Two hardware store owners stated that business had been off sharply since the first of the year.

Drug stores had a somewhat more cheerful picture to present. One said January was a little better than 1950, but February was seven per cent off. The other reported a "normal" trend.

Groceries also are feeling the pinch. One major super market reported a three per cent decline

Another big super market was decidedly down, but a third reported an increase of not more than four per cent for January and February.

DEALER'S VIEWPOINT

L. A. McClanahan, owner of Jack and Jack Realty Co. and agent for Kittrell Heights, said today that the assertion by the Chamber of Commerce and the Moorman company that adequate accommodations in Snyder cost between $125 and $200 a month was an exaggeration.

According to McClanahan, rents have declined noticably, as much as $25, in the last four months.

"You can rent a three - room apartment here for $80, and a two-room house for $50," he stated. "Real estate men are finding housing daily for Colorado City residents who work here and find that it is more economical to live here than to live in lower - rent Colorado City and commute.

"Rent does not run from $150 to $200 except for something palatial. A five - room house can be had for $100 to $125, and a four-room house for $80 or $90, plus utilities. It's a lot cheaper than it was last year."

No. 1 Winston To Be Wildcat

V. A. Brill of Houston has spotted his No. 1 Harrie Winston and others as a wildcat in South-Central Scurry County about five miles south of the south side of the Kelley-Snyder pool.

Drillsite is 467 feet from south and east lines of the northeast quarter of section 7, block 1, J. P. Smith survey and six and one-half miles south of Snyder.

Brill filed an application to drill to 8,000 feet, which would take the project into the Ellenburger.

Rotary tools will be used to drill beginning immediately.

FIELD EXTENDER

A major extension to the northeast side of the Reinecke reef lime oil field in Southeast Borden County has been indicated at P. R. Rutherford and Son N. 1 W. E. Murphy.

This step-out is located one mile north and approximately one half mile east of the nearest completed reef producer on the northeast side of the Reinecke field.

It toppd the reef at 6,909 feet. Elevation is 2,280. That gives it a datum of minus 4,629 feet on the top of the reef.

The generally accepted top of the reef water level in the Reineck field is ona datum of minus 4,660 feet. That would give the Rutherford project 31 feet of section above the water.

It drilled to a total depth of 6,923 feet and took a one hour and 30-minute drillstem test at 6,904-23 feet.

Gas surfaced in 33 minutes and continued for the remainder of the period. No fluid came to the top while the tester was open.

Recovery was 120 feet of oil and 130 feet of heavily oil cut drilling mud. There were no signs of water.

Operator is to cement five and a half inch casing at the top of the reef and then acidize the open hole and test and try to complete the exploration as a producer and an extension to the field.

Location is 467 feet from west and south lines of section 82, block 25, H&TC survey. That makes it six and a half miles northwest of Vincent.

NO. 1 BECK PLUGGED

Amerada Petroleum Corp. No. 1 Jack Beck, Southeast Scurry County wildcat, has been plugged and abandoned at 7,610 feet in Ellenburger.

Operator took a drillstem test at 7,560-7,610 feet. Tool was open four hours. There was a medium blow of air for two hours and a weak blow for the balance of the period.

Recovery was 25 feet of drilling mud plus 270 feet of salt water.

On a previous test from 7,520-7,560 feet with tool open one hour and 35 minutes, recovery was 12 feet of drilling mud.

Location of the dry hole is 660 feet from north and west lines of the northeast quarter of section 234 block 3, H&TC survey and four miles south of Hermleigh.

It is seven miles south and a little east of Doswell & Pettigrew No. 1 Chorn, an Ellenburger failure, at 7,650 feet.

DRILLING TO START

Seaboard Oil Co. of Delaware has filed application requesting permission to start drilling immediately at its No. 1-A Good, previously reported Pennsylvanian wildcat in Southwest Borden County.

Drillsite is 760 feet from north and 2,090.5 feet from west lines of section 3, block 32, T-3-N, T&P survey and four and three quar-

Lustron Head Says RFC Men Made An Effort To Ruin Him

(By The Associated Press)

WASHINGTON, March 1. —Carl G. Standlund accused an RFC Director today of working with "financial ruin" in efforts to enrich themselves.

He named RFC Director Walter L. Dunham, E. Merl Young, Washington insurance man, and Rex Jacobs, Detroit manufacturer, as leaders of "a small clique" bent on wresting from him control of the Lustron Corp.'s big plant at Columbus, Ohio.

TO COMMITTEE

Strandlund told his story to a Senate Banking subcommittee which is investigating charges that the RFC, huge government lending agency, has yielded to political pressures.

Much of the subcommittee's hearings, now in the second week, have centered about activities by Young, whose wife is a White House stenographer. There was testimony earlier this week that an attorney, interested in RFC loans, paid for a $9,450 mink coat Mrs. Young got from a New York furrier last fall. Young and the lawyer both said the payment was a loan to Young.

NO COMMENT

While Strandlund was testifying at the capitol, reporters were asking President Truman at his news conference whether Mrs. Young would continue as a White House employe. The President said he had no comment.

Mr. Truman also brushed aside with a refusal to comment other questions about the RFC investigation. One question was whether he still regards as asinine a report the Senate subcommittee made to the Senate last month.

Three Bills Signed By Governor Today

AUSTIN, March 1. (AP) — Three more bills were signed into law by Gov. Allan Shivers yesterday.

All become effective immediately.

By Sen. George Moffett of Chillicothe, one exempts commercial fertilizer from classification as a fertilizer. It permits bulk shipments without inspection certificates.

By Sen. Carlos Ashley of Llano, another creates a road district in Burnet County.

The third, by Rep. W. C. Ross, Sr. of Beaumont, validates creation, organization and existence of all port districts and navigation districts operating public ports.

Clairemont Rd. Face Lifted

We've said it—and we're glad. The Clairemont Road is now one of the smoothest unpaved roads in the county.

Travelers over the road six months ago would not recognize it today. Gradework has been completed on the 10.8 mile stretch north of the Snyder city limits to the Standard of Texas gasoline plant, converting the series of holes and washboard ruts we once knew as the Clairemont Road into a reasonable facsimile of a Twentieth Century thoroughfare.

But that is just a minor part of the work that will be done on the road.

The dip nine miles north of town is being eliminated by straightening the road through slices cut in hills which before caused a winding of the road.

Its smoothness stops abruptly at the city limits and at the end of construction to the north, but work has been started on the section of the road which lies inside the city limits north of Thirteenth Street.

No statement about the completion date is available from highway department personnel here, but work on both projects is going forward at a rapid pace.

Pope Pius Has Birthday

VATICAN CITY, March 1. (AP) — Pope Pius XII tomorrow will observe his 75th birthday.

Meeting With Highway Panel Is Reported

Edgar Taylor, county judge, reported this morning that the state highway commission in a meeting with him and the four Scurry County commissioners talked favorably yesterday of maintaining a majority of the roads to be paved in the farm-to-market road project here.

No action was taken by the commission, he said, but Chairman Thornton, who was recently appointed on the commission to replace Fred Wemple of Midland still a commissioner, said that a program would be worked out in the next few days between the county and the commission.

The commissioners of the county, Doyle Parmer, Ted Haney, Walter Grant, and Cullen Toombs, will go with Judge Taylor again before the state commission soon for the final decision.

Judge Taylor said they discussed a tentative program outlined by D. C. Greer, state highway engineer, for maintenance of 139 miles of the 157-mile project. Greer's program was for the state to handle the engineering of the roads to be maintained by the state, but the county was to pay for the engineering just as it would in case of another engineering firm.

An answer is expected in about a week, Judge Taylor said. Thornton said he wanted to discuss the matter further with the commission at its next meeting and that he also wanted to investigate the scarcity of materials with which to maintain the roads.

More Police Officers Are Needed Here

The Snyder police department is below strength standards recommended by the Federal Bureau of Investigation and below the national average, Ed Basinger, assistant chief of police, said today.

Snyder's department has a total of 18 men, including the chief, assistant chief, and three desk sergeants, which leaves 13 men for patrol duty, Basinger said.

The FBI recommends a minimum of one patrolman for each 1,000 inhabitants. Two per 1,000 inhabitants are preferred by the agency, and three patrolmen per 1,000 inhabitatnts are necessary if the people are to have adequate police protection, Basinger said.

No recent nation - wide figures on the number of patrolmen per 1,000 inhabitants are available, but the national ratio in 1946 was 1.93 patrolmen per 1,000 city dwellers on a nation - wide scale.

"That has undoubtedly increased since 1946, because nearly all police departments were understaffed right after the war," Basinger said.

Even taking that figure (1.93 per 1,000 inhabitants) as an example, Snyder's police department is far below strength, Basinger said.

If the city's population now is 12,000, we have 1.5 men per 1,000 population — and that includes everybody on the force, he said.

If you consider only the men on patrol duty, the figure is only 1.08 patrolmen per 1,000 inhabitants, he added.

Plan No Observance

No plans have been made in the school system here for observance of public school week which begins next Monday, T. D. Wiman, principal of the Snyder High School, said today.

Yanks Take Two Key Heights From Reds

(By The Associated Press)

TOKYO, March 1 — American leathernecks, fighting their way with bayonets into hillside dugouts today won two key heights from the Chinese Reds near Hoengsong.

Other Marines fought slowly up nearby hills in a renewed drive on the heart of a 40,000 man Communist force in Central Korea.

The Reds counter-attacked fiercely at 3 p.m. southwest of Hoengsong.

WIN IN AIR

In theair, four U. S. F-80 Shooting Stars damaged three Russian-type MIG jets near the Manchurian border. The F-80 jets tangled in a 10-minute dogfight with 12 MIGS over northwest Korea. The Fifth Air Force said no F-80s were damaged. It was the first jet fight reported since early February.

Allied warplanes shot up enemy troops, vehicles, buildings and gun positions. The Fifth Air Force's score by late Thursday afternoon: 170 Reds killed or wounded, two tanks destroyed, and 69 other vehicles, 300 buildings, four gun positions and a supply dump destroyed or damaged.

Near Seoul, American troops invaded Sand Island in the Han River but withdrew after a five-hour fight. They had landed in assault boats on a mission to clear the way for tank crossings.

TOP ACTION

The main ground action was on the central front, in the sector where allied officers have predicted the Chinese would mount their expected counter-attacks.

After the Reds struck southwest of Hoengsong, a frontline officer said the Communists were "showing a greater determination to remain in the areas where they are in contact with allied forces. They are fighting stronger delaying actions."

Compromise In Rail Dispute

WASHINGTON, March 1. (AP) — The White House — beset by a labor revolt over wage controls — early today hammered out a pay settlement for 1 million non-operating railroad workers.

The pact will give members of the 15 unions involved an immediate 12½ cent an hour wage boost, plus a cost of living adjustment every three months.

The 12½ cent pay boost is retroactive to Feb. 1. This represented a compromise. The unions had wanted the increase made effective as of last Dec. 1 and the carriers had advocated a March 1 date.

MORE PEND

Today's settlement has no direct bearing on another rail dispute involving operating workers—switchmen, enginemen, firemen, etc.—who have staged sporadic strikes recently.

The non-operating employees, including such workers as shop men, clerks and machinists, had been getting an average pay of $1.48 an hour before the wage increase.

The first of the cost-of-living adjustment — due April 1 — is expected to add four or five cents an hour.

The agreement, reached after an all night session, also provides for so-called "productivity" raises starting July 1, 1951, if the government's stabilization program permits payments such as those spelled out in some auto workers' contracts.

FOUR MONTH JOB

Settlement of the non-operating union's wage fight after only four months of negotiations left rail mediators free to concentrate on efforts to bring about an agreement with the four big operating brotherhoods. Their two-year-old dispute finally led to government seizure of the railroads last fall.

Presidential Asst. John R. Steelman announced today's settlement at an early-morning news conference.

Probers Hear Recordings Of Underworld Doings In Dallas

(By The Associated Press)

LOS ANGELES, March 1.— The Kefauver Senate Crime Committee today had in the record a wire recording of a sinister underworld plot to avenge the dynamite death of Mrs. Herbert Noble, wife of the widely-known—and often shot at—Dallas, Tex., gambler.

The dynamic testimony came last night from Dallas Police Lt. George Butler—last witness of the Senate crime probers' two-day stand here. Hearings start Friday at San Francisco where Lobbyist Artie Samish, reputed secret boss of the California legislature, will be the star witness.

MARCH 9

Butler said the wire tapping was made March 9, 1950, at a Dallas motor court. He said police had word that Harold (Hal) Shimley was in town to effect peace between Noble and Benny Binion, ex-boss of Dallas' million dollar-a-year policy racket.

He said the Flamingo Hotel crowd of Las Vegas, Nev., was unhappy about the publicity that resulted from Mrs. Noble's death Nov. 29, 1949. She had stepped into her husband's car—an unusual practice—and was literally blown to death when she pressed the starter. The car had been dynamite-rigged for Noble.

Butler said the Flamingo crowd is the "western headquarters" for the Frank Costello gang of New York.

LIKE TEXAS

"Those eastern mobs are itching to get in South Texas," the handsome peace officer drawled, "where even the poor oil millionaires will drop $100,000 a night shooting crap.

"The poor millionaires," he explained, "are those who have $5 million or less."

The transcript pinned the death of Mrs. Noble on a convict now serving a life sentence and three convict pals. It added that "the boys" had connections to avenge the death even behind penitentiary walls.

Noble has been shot at nine times in the last five yars and is still living—earning him the tags "The Cat" and "The Clay Pigeon."

Thorpe, Davie Named To Fill Court Offices

Ben F. Thorpe, county attorney, and Bob Davie, lawyer, were notified at one o'clock this afternoon by wires from Governor Allan Shivers of their appointments as district judge and district attorney respectively.

The action fills the newly created offices of the 132nd judicial district. Neither Thorpe nor Davie was one of the six men endorsed by the bar association for the jobs.

The selection of a county attorney to succeed Thorpe will be made at special meeting of the commissioners court this afternoon, County Judge Edgar Taylor reported.

Thorpe said that he was very surprised at receiving the appointment because he had not applied for the job or asked anyone's assistance in getting it. He said that it must have been his friends over the district who made it possible for him to be appointed. Further, he stated, he was grateful for the appointment and would try to make the 132nd district court a real tribunal.

Davie said, "I shall endeavor to fulfill the duties of this office in a manner befitting the good people of Scurry and Borden counties without fear or favor."

Dendy Is Found Not Guilty On Murder Count

SAN ANGELO, March 1. (AP) — Former District Attorney O'Neal Dendy was found innocent last night of murder charges filed in the slaying of Ray E. Canada, one of Dendy's tenants.

A jury returned the verdict after deliberating two hours and three minutes.

Dendy declined to talk about future plans. He resigned as district attorney after he was charged in the shooting.

Canada was shot Jan. 16 after he was ordered to leave Dendy's property by sundown Jan. 17.

Testimony conflicted on the actual shooting.

The widow said there had been an argument between the two men about some children tearing up feed in the Dendy barn. She said Dendy came to the home of A. T. Owens, 66, another tenant, and fired twice at Canada from a distance of "12 to 15 feet."

Owens, another defense witness, said he heard a knock on the door and Canada was standing there. He said Canada reached inside the door and grabbed Dendy by the shirt, pulling Dendy outside, and that Dendy fired twice at a distance of "less than one foot."

A Department of Public Safety firearms expert testified that powder burns on Canada's clothes indicated a shot was fired from a distance of four inches.

Garland Armstrong, Snyder attorney, was hired as a special prosecutor in the case.

Street Spraying Work Held Up By Paving

The city's proposal to spray waste oil from service stations on the unpaved streets in Snyder has been delayed because all available city employees were kept busy preparing for the street paving project, W. J. Ramsey, city superintendent, said.

Lowering of mains, repairing breaks caused by heavy road machinery, and street work in general has kept the city employees occupied.

When workers can be spared from the street paving project, oil spraying will begin, Ramsey stated.

Rotating Marines To Arrive In Frisco

SAN FRANCISCO, March 1. (AP) — One thousand First Marine division veterans of the Korean war will arrive in San Francisco Monday aboard a transport.

Six hundred are returning under the newly-instituted rotation program. The remaining 400 are convalescing wounded.

Radio Cowboy Here Tomorrow

Roy Daniels, known to his radio audiences as "The Lonesome Cowboy," will present a stage show at 3:45 tomorrow afternoon in the high school auditorium.

While the program is being sponsored by the student body, it is open to the public, Daniels said, and tickets will be on sale at the door.

Daniels was one of W. Lee O'Daniels' original Lightcrust Doughboys, and toured the state with O'Daniels during his pre-governor days. He is the same Lonesome Cowboy who worked on the late Dr. Brinkley's radio station from the early 1930's until 1941.

Daniels has appeared with the Hopalong Cassidy rodeo in Houston. He says some of the younger western fans who do not remember his radio shows may remember him from appearance in such western films as "South of the Border" with Gene Autrey and "Hands Across the Border" with Roy Rogers.

The program here will feature western and folk songs and various acts.

Daniels was a guest at the Rotary Club luncheon today, and performed briefly on the program.

Car Leaves Fire Scene

CALHOUN, Ga., March 1. (AP) — When fire broke out at a funeral home, an automobile in a connecting garage got the heck out without help from a driver.

The machine backed swiftly and surely out and all the way across the street. Mechanics said the heat shorted out the starter and set it in motion.

Chinese Air Power Can Split UN Army Right Down Middle

(By The Associated Press)

TOKYO, March 1.—The United Nations Army in Korea is holding a gigantic Chinese firecracker. The sputtering fuse may reach the powder within the next three weeks.

If the big explosion comes as a do-or-die Communist offensive it may well include the boom of artillery and the roar of an estimated 3,000 enemy planes.

The three military musts the Chinese Reds either have failed to use or just haven't had thus far in Korea are (1) transport, (2) adequate artillery, and (3) air power.

The Chinese Reds are believed to have a combat air force of up to 3,000 planes including fighters and medium bombers. That force could carry out an estimated 300 sorties (single flights) in the first 24 hours of a major Communist drive.

FIRST STAGE

How long they could continue that pace is another question but certainly it would last through the first devastating stage of a Red offensive.

The UN Army in Korea has grown dangerously contemptuous of the enemy's air power. There just hasn't been any fear thus far. Allied units are camped brazenly along river bottoms and in exposed valleys—sitting-duck targets for air attack.

A flight over the front line plainly shows this danger. The allied side is a beehive of obvious activity but when the actual front line is reached there is no sign of the enemy.

VULNERABLE

And the Eighth Army's supply lines are vulnerable to an extreme. Virtually every major rail line and road passes through narrow defiles easily blasted from the air.

There is substantial evidence Chinese needs for both artillery and transport are being met.

The equipping and disposition of these new units is believed in an advanced stage. Estimates of when they will be ready for battle range from three weeks to two months.

There can be no doubt that sufficient Chinese Red strength remains near Parallel 38 to wage an all-out offensive. Such a drive could include six Chinese armies—a force ranging from 150,000 to 300,000 men. A force of that size hammering away at any one point of the UN defense line would have an almost certain chance of breaking through.

Given 300 air combat sorties in the initial 24 hours of the attack, the Chinese Reds could split the allied army right down the middle and blast the allied rail and road network so that an orderly withdrawal would be impossible.

Set March 5th in Paris As Date, Place

Conference To Lay The Groundwork For Big Four Meeting Later

MOSCOW, March 1. (AP) — Russia agreed today to a western proposal for a big four deputy foreign ministers meeting in Paris March 5 to lay the groundwork for a big four foreign ministers meeting.

The Russian acceptance was handed to the ambassadors of the United States, Britain and France. They were called to the Soviet foreign office to receive a reply to parallel notes their governments sent Feb. 19 suggesting such a meeting.

The deputies will try to map out an agenda for a proposed big four council of foreign ministers meeting to discuss problems causing world tension.

If these preliminary talks can bring about a big four foreign ministers' conference, one asked by the Russians in getting it. He said that it must have been his friends over the district who made it possible for him to be appointed. Further, he stated, he was grateful for the appointment and would try to make the 132nd district court a real tribunal.

Davie said, "I shall endeavor to fulfill the duties of this office in a manner befitting the good people of Scurry and Borden counties without fear or favor."

Truman Gives Wilson Support

WASHINGTON, March 1. (AP) — President Truman said today Charles E. Wilson will remain as defense mobilization director despite labor's walkout from the program.

Mr. Truman told a news conference he has full confidence in Wilson.

Although labor's refusal to have any further part in the present setup threatened to imperil the whole defense program, Mr. Truman indicated he felt no sense of crisis.

He told reporters he saw nothing in the current situation to prevent his flying to Key West, Fla., tomorrow for a vacation. He plans to stay about three weeks.

The top men of labor decided last night to boycott the program in what amounted to a "no confidence" vote in the way it is being run.

The United Labor Policy Committee — made up of representatives from the big labor union organizations — protested what it termed "legalized robbery" in price control, "unjust" wage ceilings and "big business domination" of the defense drive.

Their break from the mobilization agencies, as they are now constituted, carried with it the ominous threat of widespread industrial unrest.

Reporters, on meeting with Mr. Truman, put a series of questions about the situation.

Did he plan any public appeal to the labor leaders, one asked.

Mr. Truman said he couldn't comment on that.

"Do you regard it as a very serious situation?" No, the President said, I do not.

"Do you feel the mobilization agencies can operate without the active support of organized labor?" a reporter asked.

Mr. Truman, smiling as he did throughout the conference, replied no comment.

Stabilization Board To Issue Car Prices

WASHINGTON, March 1. (AP) — The Office of Price Stabilization announced it expects to issue an automobile price order today and said "it will be more than a simple extension of the present order."

That was all an OPS spokesman would say about the matter.

But his statement raised the possibility the agency will permit increases in prices of new autos.

The present order, dated last Dec. 18, holds the prices of new automobiles at Dec. 1 levels.

Ship Joins UN Fleet

TOKYO, Thursday, March 1. (AP) —The Danish Hospital Ship Jutlandia will arrive Friday to join UN forces.

Weather

WEST TEXAS—Generally fair this afternoon, tonight and Friday, warmer in Panhandle, South Plains, El Paso area and Big Bend country tonight.

EAST TEXAS—Partly cloudy to cloudy, occasional light rain or drizzle in west and central portions this afternoon and tonight and in northeast portion Friday morning. Cooler in northeast portion tonight. Warmer in northwest portion Friday. Moderate southerly winds on the coast.

Many Parties Are Planned Before Chamber Banquet

"There isn't a baby sitter to be had in town," moaned one disappointed wife, who like scores of other Snyder women hopes to attend the much-talked-of Chamber of Commerce roundup dinner and dance tomorrow night. One popular baby sitter is reported to have received 15 calls for her services that night.

Mrs. Georgia Neese Clark, Treasurer of the United States, who will be guest speaker, is an irresistible attraction to Snyder women, as she is to women everywhere.

A flock of parties over town have been planned for tonight and tomorrow before the banquet. An official gathering will be the reception given by Mr. and Mrs. C. T. McLaughlin at the Diamond M Ranch tonight to present to Mrs. Clark the directors and officers of the Chamber of Commerce, their wives, and a few guests who have worked with the banquet plans.

Mr. and Mrs. McLaughlin plan to serve a buffet dinner at 7 o'clock to the assembled guests. The Diamond M ranch will also be the scene tomorrow for a cocktail party for out of town visitors.

Something a little new along the "progressive dinner" idea will round out a pleasant evening tomorrow for guests of Mr. and M... R. F. Gregg, 1909 Twenty-eighth Street.

They have invited eight couples of their circle to join them for a party before going to the banquet. The get-together of the group is most convenient as the Gregg's home is only half a block from the high school gymnasium, where the banqueting will be held.

The new Chamber of Commerce President James Rosser and Mrs. Rosser have thrown their home open to several out-of-town guests. The R. A. Pitners and the Guy Ewing, Jr's., will arrive tomorrow afternoon to spend the night. They are both old friends of the Rossers from Breckenridge, active in the oil industry. Mr. and Mrs. Joe Breed from Anson will also be in the Rosser home during tomorrow's activities.

Numerous other parties and small gatherings are planned by groups who will attend the banquet and dance together. Among them will be a small post-dance party, given by Mrs. Edith W. McKanna at Rock Ledge Farm, Fluvanna.

Hamburger Is No Longer Cheap Meat

Among the American contributions to good living which have been lost in the rising tide of costs is the 10-cent hamburger. And, with market prices for livestock what they are now, it is small wonder.

The price of hamburger meat in retail grocery markets here now hovers near the 60-cent-a-pound mark, with a few cents variation one way or the other. It's some cheaper wholesale, of course, but that still doesn't leave much room for profit when the cost of spreads, relishees and other trimmings is tacked on.

The home maker seeking to keep the grocery bill within what was once a reasonable limit can find some relief in buying cheaper cuts of meat, ribs, liver or some cuts of roast, or in poultry. Fryers retail in Snyder from 65 to 79 cents a pound, with the higher prices buying specially grown fryers. Eggs are a shade less expensive than they have been in recent months, selling now from 49 to 71 cents per dozen, depending on size and grade.

The hostess who yearns to dazzle guests with a toothsome morsel at a modest price hasn't a chance these days. Even planning three meals a day for her own family with the bank account in view is a full-time job.

Installation Of Shrine Tonight

Hilton Lambert will be installed as president of the newly formed Shrine Club, by officers of the Suez Temple, San Angelo, at 8 o'clock tonight at the Country Club.

Other officers to be inducted into office include the following:

Pat Moore of Ira, vice-president; J. P. Billingsley, secretary; Ernest Taylor, secretary and the following board members, C. F. McCoslin, J. B. Turner, R. B. Sears, Ted Haney, Dan Gibson, Norman Autry and W. A. Banks.

About 250 Shriners from over West Texas, including a large group from San Angelo, Sweetwater, Big Spring, Lubbock, Odessa and Abilene, are scheduled to attend the institution and installation ceremonies.

A special group of 20 DeMolay boys from San Angelo will also attend, said Lambert.

The festivities are slated to get under way at 6:30 with a basketball game between Snyder DeMolays vs. Lubbock DeMolays at the high school gymnasium. Then at 8 o'clock a buffet supper will be served at the Country Club, followed at 9 o'clock with the installation rites, and an informal dance at 9:30 o'clock.

All Shriners have been requested to wear their fez caps.

Scouts, Brownies Give Thinking Day Program

Girl Scouts and Brownies from several troops joined in the presentation of an International Thinking day program at the high school auditorium Tuesday night.

Judy Miller acted as announcer. Brownie Troops 15, 16, 2, 23 and 19, Intermediate troops 1, 8, 9, 15, 5, 12, 7 and 22 then appeared individually to sing or give other numbers. Mary Jo Harrell and Danny Lee Floyd, both senior scouts, concluded the program with a brief speech on "What Scouting Means to Me," and a thought for the day.

Report Given Of Car Accident Victims

Odell Allen and Miss Billie Walker were reported inproving in a San Angelo hospital where they are receiving treatment for injuries suffered in an automobile accident near Sterling City Saturday night.

James L. Smoot, who was also injured in the accident, is said to be in critical condition. He was the most seriously injured of the three, suffering a severe head injury, compound fractures of both legs and multiple bruises.

Infant Rites Today

Graveside rites were to be read at 3 o'clock this afternoon for Katchie Ann Hankins, infant daughter of Mr. and Mrs. David Harvey Hankins, who live near Dermott. The baby died shortly after birth yesterday.

Survivors in addition to the parents include the other children of the couple.

A new arrival at the Pan American Production Co., Lamesa highway, this week is John Richardson, assistant district clerk, who was transferred to the Snyder branch from operations in the Gillock Field between Houston and Galveston.

4 Completions In Scurry

Two completions in the Cogdell field and one each in the Kelley-Snyder and the Sharon Ridge-Canyon fields have been reported this week.

In the Cogdell field, Texas Co. No. 126 P. L. Fuller made 638 barrels of 43.4 gravity oil and no water on a 24 - hour test through a 24-64th-inch choke. Gas-oil ratio was 480-1. Pay was topped at 6,439 feet. The new well is located 1,987 feet from south and 667 feet from east lines of section 561, block 97, H&TC survey.

P. L. FULLER

The Texas Co. No. 124 P. L. Fuller, also in the Cogdell field, made 367 barrels of 424 gravity oil and no water on a 12-hour test through a 24-64th-inch choke. Tubing pressure was from 580-420, with casing pressure 120-80. Gas - oil ratio was 570-1. This well is 663 feet from north and 668 feet from west lines of section 562, block 97, H&TC survey.

F. G. SEARS

In the Kelley - Snyder field, the Texas Co. No. 1 F. G. Sears flowed 24 hours through a 24-64th-inch choke to make 640 barrels of 42.8 gravity oil and no water. Tubing pressure was 520-480, with casing pressure 0-0. The well is 467 feet from north and west lines of section 120, block 3, H&GN survey.

C. V. THOMPSON

Sunray Oil Co. No. 8 C. V. Thompson, in the Sharon Ridge-Canyon field, flowed 507 barrels of 46.1 gravity oil and no water on a 12-hour test. Gas-oil ratio was 764-1. The well is 2,184.7 feet from south and 660 feet from west lines of the least in section 101, block 25, H&TC survey.

Woman's Calendar

THURSDAY

Layman's League, First Christian Church, ladies night. Covered dish supper, 7 p. m., at the church.

Business and Professional Women's Club sponsor Spring and Summer style show, 8 p. m., high school auditorium.

Chez les Amies, the Country Club 1 o'clock luncheon.

FRIDAY

Chamber of Commerce banquet, 7 p. m. high school gymnasium, followed by dance at Country Club.

Style Show Opens In Auditorium Tonight

A real wedding would contain no more atmosphere and pomp than the mock ode to be presented tonight at 8 o'clock in the high school auditorium by the Business & Professional Womens Club.

Parts in the stylish wedding will be taken by Miss Mary Edith Scarborough, the bride; Mrs. Harry Ward, the matron of honor; Miss Davis Pogue, Mrs. Forrest Beavers, and Mrs. H. D. Schutze, bridesmaids.

Other models who will parade across the stage in latest spring creations are Mrs. Harold Brown, Mrs. Howard Bramley, Mrs. Ixon Joyce, Mrs. Charles Egner, Mrs. Jake Webster, Miss Jonnie Dell Brock, Miss Durelle Stokes, Miss Ann Bucy, Mrs. H. W. Sanders, Mrs. Alvin Koonsman, Miss Betty Estes; and Mrs. R. E. Gray.

Miss Lucy Barton will be presented by the Lambert Dance School in a ballet sequence between modeling acts, as well as a large number of dancers, actors, and other members of the dance studio.

Adult Leaders Needed For Girl Scout Troops

Adult leaders are now needed to work with Girl Scout troops in the northwest elementary school, Mrs. Floyd Boston, publicity chairman of the Girl Scout Council, has announced.

Any woman who would like to meet and work with a troop may contact Mrs. Boston at her home, 911 Twenty-seventh Street, or telephone her at 964-W.

On Exploiting a Shortage

Some unknown geninus once summed up in five words the big trouble with Snyder.

To a roadside bill board proclaiming Snyder to be the place where oil flows and cotton grows, he added: "And the rent's Too High."

Since these pithy words were written and circulated throughout the county by a national magazine, the boom has tapered off, an astonishing amount of permanent housing has been built ,and the trailers have begun to disappear .

But rent remains too high.

At least that is what an employer with an annunal payroll of $750,000 told the Chamber of Commerce this week. J. W. Moorman, the contractor for the Colorado River dam and Winston Field, will have a big working force in this area for a year. He would like to house them in Snyder, because of its proximity to the projects.

He stated, however, that his employees will live in Colorado City, Big Spring, and other nearby towns, where rents are more reasonable. They cannot afford to live—and trade —in Snyder.

Our town has priced itself out of the market. All of us might as well face the fact that the boom is about over. Drilling is down to one-fourth its peak a year ago. The exploitation of a housing shortage to make big profits quickly is profitable only in the short run.

For the long haul, we must be able to compete with other cities of this area in the cost of living. And the time has come to start competing. Snyder business isn't so good that it couldn't use a $750,000 a year payroll.

Independent League Schedule 28 Games For Second Series

A second round - robin schedule will begin in the independent basketball league here March 6, Jack Kennedy, president of the league said today.

A play off between the winner of the two rounds will be played at the conclusion of the second round, he said.

All eight teams are remaining for the second round.

Two games will be played each night. The first game for each date listed below will be played at 7 o'clock the second at 8:30.

SCHEDULE

March 6 — Jaycees vs. Western Co.

Continental Supply vs. Paso-Tex Pipe Line.

March 7 — Gonks vs. Ira

Tiger Exes vs. West Texas Concrete.

March 8 — Continental Supply vs. Jaycees

Gonks vs. Western Co.

March 9 — Exes vs. Paso Tex

West Texas Concrete vs Ira.

March 13 — Gonks vs. Continental

Exes vs. Jaycees.

March 14 — West Texas Concrete vs. Western Co.

Ira vs. Paso-Tex Pipe Line.

March 15 — Exes vs. Gonks

West Texas Concrete vs. Continental.

March 16 — Ira vs. Jaycees

Paso-Tex Pipe Line vs. Western Co.

March 20 — Exes vs. Ira

Continental vs. Western Co.

March 21 — Jaycees vs. Gonks

West Texas Concrete vs. Paso-Tex Pipe Line.

March 22 — Continental vs. Exes

Ira vs. Western Co.

March 23 — Gonks vs. West Texas Concrete

Jaycees vs Paso-Tex Pipe Line

March 27 — Ira vs. Continental

Exes vs. Western Co.

March 28 — Jaycees vs. West Texas Concrete

Paso-Tex Pipe Line vs. Gonks.

March 30 — Date set for playoff if there is a split in league leadership.

Some exceptionally good basketball playing has developed from the leagues games. Many of the players were badly out of shape when the first round started, but have lost tonnage, and gained wind so that they now play very good ball.

The league is sponsored by the Junior Chamber of Commerce.

Cage Entries In Girls' Play

(By The Associated Press)

Sixteen teams will gain places this week in the first annual Texas Interscholastic League Girls Basketball Tournament.

Champions of eight regions in Class A and eight in Class B will be determined this week end. They will go to Austin next week for the state tournament when a titlist in each division will be crowned.

In Class A the regional representatives are being determined by both tournament and bi-district play. In Region 1, for instance, a tournament will be held at McLean in which the champion and runner-up of each district will participate.

In this tournament will be Dalhart, Canyon, McLean, Shamrock, Lockney and Spur.

District champions in other regions are:

2—Roby, Lake View, Comanche.

3—Throckmorton, Decatur, Mesquite.

4—Plano, Sulphur Springs.

5—Rusk, Livingston, Itasca.

6—Georgetown, Fredericksburg, Bellville, Gonzales.

7—Humble, Vidor, West Columbia, Kenedy.

8—Aransas Pass, Weslaco, Hondo, Carrizo Springs.

Envoy Now In Spain

MADRID, Spain, March 1. (AP) — Stanton Griffis presented his credentials today as U. S. ambassador. The presentation brought to an end five years of coolness between the two countries.

Three Way Tie In Independent League Top

The Snyder Tiger Exes lost their first game in the independent league last night to Continental Supply Co. by a score of 34-26, and the Gonks won over an outplayed Western Co. team with a lopsided 70-19 score.

The Exes, Continental, and Ira are now tied for first place. Each has played six gamss, won five and lost one in the series.

Another team, the Gonks with two more games to play, is close behind the league leaders with four wins and two losses.

With almost negligable opposition last night, Ernest Kinney of the Gonks, continued his high scoring average. He tallied 32 points for his team, or 13 points more than the entire opposing team.

The Exes' hopes of a clean sweep of the first round robin was swept away by the determined Continental dribblers.

Pinky Ferguson was high pointer for Continental with 15, followed closely by Mundon with 10. Other Continental scorers were: Butler with seven, and McGrew with one point.

Scoring for the Exes was more evenly divided between a number of players. Boren scored two points Weaver six, Price one, Stahls two Minton five, and Lynch six.

The Western Co. cagers were held to uniformly low scores by the Gonks. Joyce scored four points Wilkins five, Gosden two, and Rose six.

For the Gonks Kinney led with 32, Coffee scored 16 points, Harrison two, Teaff three, Smith two Autry six, Lowry four, and Minton two.

With one of the largest crowds of spectators to so far see any independent league games, the Jaycee-sponsored affair collected almost $10 in gate receipts last night for the Youth Center.

Interest is rapidly growing in the games, and the second round should see some large crowds.

Many of the players are ex-college and high school basketball stars who are regaining their athletic figures and are again becoming adapt with the ball. A combination of the boys defeated the professional Arkansas Travelers girls team here last Friday night, and many spectators say that the boys teams could now give high school and some college ball clubs a good play for their money.

Wichita Falls Awaits Killer

WICHITA FALLS, March 1. (AP) — Dist. Atty. Allen F. Haley of Wichita Falls is on the lookout for a hired killer reported looking for Haley.

Yesterday in Tulsa, Okla., a prisoner told officers of a purported gang plan to kill Haley because he could not be "fixed."

Haley said last night that law enforcement officers had warned him two days ago that a plot had been organized to have him slain by an out-of-town killer. The man's description was given to Haley.

The district attorney told a Tulsa newspaper that "It's not the first time I've been threatened since I opened a drive to wipe out a Dallas gang trying to take over Wichita Falls."

Norman Davenport, 26, and a brother, both of Wichita Falls, are charged at Pryor, Okla., with armed robbery in the kidnapping of a state highway patrolman. The officer was overpowered and left handcuffed in his patrol car after he arrested the Davenports for questioning about a cattle theft.

Dallas County Sheriff Bill Decker said that Norman Davenport, who told of the plan against Haley, "apparently knows a lot of things, but he told my men he wouldn't tell all unless Texas authorities promised to make a deal with him in exchange for the information."

Oil News

(Continued from page 1)

ter miles northeast of Vealmoor. The wildcat will be drilled to a possible bottom of 8,500 feet to test the Pennsylvanian.

WELL TO TEST

James H. Snowden No. 1-30 Dean indicated Spraberry discovery in Northeast Central Dawson County was opened up on a 3-32nd inch choke after being shut in for 72 hours.

It flowed for one hour and was shut in again. The well made 12 barrels of oil and no water during the hour flowed and was flowing steadily when it was shut in.

Operator is now waiting for storage tanks to be erected before putting the No. 1-30 Dean on potential test.

The expected producer is bottomed at 7,515 feet in the Spraberry.

Casing is perforated at 7,288-98 feet.

Location is 660 feet from north and east lines of section 30, block 1, J. Poitevant survey and 12 miles northeast of Lamesa.

Playoff For 3 Being Planned

AUSTIN, March 1. (AP) — A playoff between Texas, Texas Christian and Texas A&M for a place in the NCAA basketball tournament in Kansas City is being arranged here today.

Abb Curtis, supervisor of Southwest Conference officials, was due to arrive here about noon for an immediate meeting with coaches of the three schools.

The trio ended in a tie for the conference basketball championship. One must be picked as the conference's automatic entry in the NCAA tournament.

Plans for the playoff are being made regardless of how members of the Texas squad vote on competing in the playoff. Texas officials said yesterday Texas would not join the playoff unless team members voted to do so. A team vote on the matter was postponed until today.

Curtis said a coin flip would decide which team would draw a bye. The winner of the game between the other two teams would play the bye team in a three-game series.

A coin flip also will allow one team to choose between one game at home and two away or the first game away from home and the next two at home.

Curtis said the possibility of Texas withdrawing would not change playoff plans materially.

"We only set up the machinery for a playoff and if Texas doesn't care to participate it can forfeit and the other two teams can play," he said.

Stallion Is Champion In High School Rodeo

HALLETTSVILLE, March 1. (AP)—A sorrel stallion quarter horse will go to the champion in the boys cutting horse contest of the State High School Rodeo to be held here June 21-23.

The horse is being given by V. O. Hildreth of Aledo.

The cutting horse contest will be judged by Fred Albright of Knox City and Fern Sawyer of Lovington, N. M.

President Of Oklahoma Hits Athletes Caught Placing Bets

NORMAN, Okla., March 1. (AP) — Dr. George L. Cross, University of Oklahoma president, today promised a rigid crackdown on Sooner athletes caught betting on sporting events.

Dr. Cross threatened to bar the athletes from future university competition after seeing published reports that parlay cards have been displayed in the athletic dormitory and players openly discuss betting both on basketball and football games.

"I don't know to what extent athletes bet on contests," the President said, "but I am going to suggest to Athletic Director Bud Wilkinson that any athlete caught betting on athletic events or using parlay cards be barred from future competition."

SMALL BETS

Wilkinson was out of town today and could not be reached for comment.

The Daily Oklahoman said today in a story by Reporter Glenn Wilson that betting among Oklahoma athletes is commonplace.

The newspaper said a prominent Sooner football player distributed parlay cards in the athletic dormitory during the 1950 season. Side bets also have been placed by many players on big games, the paper said.

"Sometimes the side bets are between squad members but on big games — both basketball and football — bets with outsiders also have been placed," the Daily Oklahoman story continued.

"Usually the bets aren't too much, ranging from $5 to $25, although at times someone will bet $100 on an important game.

NO BRIBERY

"The football team of 1948 probably made the most money betting when it upset Missouri at Norman and North Carolina in the Sugar Bowl, entering both games as the underdog."

Cross' crackdown on betting came only a few hours after he officially cleared six Oklahoma basketball players of any connection with the Eastern basketball fix scandal.

The president in a statement said there was no evidence a bribe was offered or accepted. He said Salvatore Sollazzo, accused of giving bribes to New York basketball players, apparently only made social overtures to four Oklahoma players.

DeMolays Play Lubbock Chapter Tonight, Part Of Shrine Festival

A basketball game tonight in the high school gymnasium is scheduled at 7 o'clock between the Snyder DeMolays and the E. Y. Lee chapter, Order of DeMolay of Lubbock.

The game will be one of the attractions of a Shrine festival in Snyder tonight.

Approximately 50 Lubbock DeMolays will attend. Jerry Swain Lubbock chapter junior councellor is in charge.

Delegations of Shriners are expected from a number of area cities, including a group from San Angelo to arrive by chartered bus.

Hilton Lambert, chapter dad of the Snyder DeMolays and president of the Snyder Shrine, has extended a special invitation to DeMolays and Shriners of this area to attend. Dress is informal, and Shriners are requested to wear their fezes.

Columbia Rides High On Court

NEW YORK, March 1. (AP)—Columbia, marking time until it can clinch the Ivy League title officially, keeps on adding to its undefeated basketball string, now 29 straight.

The country's only major all-winning team this season crushed Brown last night, 93-55, for its 20th straight this season. Columbia won nine straight at the tail end of last season.

St. John's of Brooklyn (21-3) strengthened its bid for an NCAA tournament spot by dropping Fordham, 73-63. St. John's already has an invitation to the National Invitation Tourney.

In other games last night, Yale defeated Dartmouth, 62-49; Oklahoma City downed Wichita, 54-43; Chicago Loyola edged Duquesne, 64-62; Syracuse took Cornell, 71-64, Toledo whipped Western Michigan, 72-58, and San Francisco trimmed St. Mary's, 48-44.

The Philadelphia Eagles in the NFL lost five games by a total of 18 points during last season.

List Of Honored Guests To Attend Chamber Banquet Grows

The roster of distinguished out-of-town guests to be at the Chamber of Commerce banquet here Friday night is growing fast with letters and calls of acceptance still coming in, C. T. McLaughlin, in charge of arrangements, said this morning.

One thing that will distinguish this banquet from others is that it will be a brief rapidly paced affair beginning at 7 o'clock and ending at 9 o'clock.

Heading the list of out of town guests is the featured speaker, Mrs. Georgia Neese Clark, United States Treasurer.

"MY HERO"

Mrs. Clark will be introduced by Jesse James, state treasurer. Her speech, "Sam Houston, My Hero," will last 12 minutes as an example of the swift moving program.

R. A. Schooling retiring president of the chamber will make with a brief speech followed by James Rosser, incoming president.

GUESTS

The list of guests will include Mr. and Mrs. Wright Morrow. Morrow is a National Democratic Committeeman; A. W. Takington vice president of the Continental Oil Co.; the Honorable Jay Taylor of Amarillo, member of the Federal Reserve Board; J. L. Lattimore, president of Magnolia Petroleum Corp.; Dr. Harold G. Cooke, president of McMurry College, Abilene; Dr. Rupert N. Richardson, president of Hardin-Simmons University, Abilene; S. R. Iverson, president and owner of Iverson Tool Co.

Others are Mae Hazel vice president and general manager of Oil Well Supply Co.; Joe Clark and W. H. Patterson, vice presidents of the Fort Worth National Bank.; A. B. Shelton, executive vice president of the Reporter Publishing Co., Abilene, and three other members of the Abeline Reporter News: Don Hutchenson, photographer; Mrs. Leltie Fauset, society editor, and Miss Kathryn Duff, territorial editor.

Other guests include Mr. and Mrs. Ed Marcus, of Neiman-Marcus, Dallas, and Garland Smith, executive secretary to governor Allen Shivers, will be one of the honored guests.

Mr. and Mrs. C. T. McLaughlin have accepted an invitation to bring Mrs. Clark and Mrs. Maybelle Kennedy of Tulsa for lunch with Governor and Mrs. Allen Shivers in the governor's mansion in Austin Sunday.

Following the banquet a dance will be held at the Country Club here for the guests.

Pioneer Pilot Plunges 4,000 Feet to Death

DALLAS, March 1. (AP)—A youthful Air Force veteran checking an unlatched door on a Pioneer Airlines plane, plunged 4,000 feet from the craft early today over the little town of Exell, Tex.

Around him were 20 sleeping United States airmen, unaware that the flier had fallen. Spokesmen at Pioneer headquarters here said there could be no presumption other than that he died.

The victim was Joseph Henry Dowd, 27, of Dallas. He was co-pilot of the chartered plane. It was en route from Lackland Air Force Base, San Antonio, to Lowry Field, Denver.

Jack Kemp, Pioneer public information director, quoted this story as told by the plane's captain, Glenn C. Edds of Dallas:

The plane, taking off from Amarillo, was airborne when Edds noted a warning light on his instrument panel showing an unlatched rear door. He sent Dowd to the rear to investigate.

When Dowd failed to return, the pilot awoke one of the airmen. The serviceman could not find Dowd.

The plane then had been in the air about 15 minutes and was at 4,000 feet. The pilot estimated the plane was over Exell about 40 miles northwest of Amarillo.

Edds said he felt the plane lurch shortly after Dowd went to the rear to check the door.

The plane returned to Amarillo. Another plane was flown to Dallas to carry the airmen to Denver. Kemp said the original plane, a DC3 twin-engine craft, would be thoroughly checked to find the cause of the mishap.

Slavs Calling For More Aid

BELGRADE, Yugoslavia, March 1. (AP) — A distress call by Yugoslavia for more funds to bolster her sagging economy has gone out to the United States, Britain and other western nations.

Foreign Trade Minister Milentije Popavic told parliament he hoped the appeal would bring quick results, because fast action is needed to keep the country on her feet. He said the loans Yugoslavia has obtained so far are buying less because of rising world prices.

The biggest help is expected from the United States and Britain, but the Yugoslavs also hope France will aid with new credits and wheat shipments.

Already a direct gift of $70 million worth of food from the United States is helping Yugoslavia through the winter. An additional $35 million is expected during the first six months of this year as a gift from the American Commodity Credit Corp.

Britain since December, 1949, has granted Yugoslavia credits equivalent to $50,400,000 and reportedly has been asked for $56 million more.

Eisenhower In London

LONDON, March 1. (AP) — Gen. Dwight D. Eisenhower, supreme commander of the Atlantic Pact army, flew in from Paris today for talks with the British chiefs of staff.

Four Scurry Wells Spotted

Applications for the drilling of four Scurry County wells have been filed with the Railroad Commission.

COUNTY'S WELL

In the Kelley - Snyder field, H. R. Bright will drill the No. 1 Scurry County and others 1,190 feet from south and 580 feet from east lines of tract 21, section 40, Kirkland & Fields survey. That makes it three and three quarters miles southwest of Snyder. Rotary operations are to begin at once to a projected depth of 7,000 feet.

A. C. MARTIN

Standard Oil Co. will drill the No. 11-2 A. C. Martin in the North Snyder-Strawn field. It is to be 4,600 feet from south and 267 feet from west lines of section 386, block 97, H&TC survey and seven and a half miles north of Snyder. It is to be drilled to 7,500 feet with rotary tools.

H. H. EILAND

The Stroube No. 11 H. H. Eiland will be dug in the Diamond M-Canyon lime field, 1,960.7 feet from west and 2,016.3 feet from south lines of section 346, block 25, H&TC survey and 15 miles southwest of Snyder. Rotary tools will be used to dig to 7,000 feet.

HUGH BIRDWELL

Also in the Diamond M-Canyon lime field, Skelly Oil Co. will drill the No. 2 Hugh Birdwell. It will be 1,530 feet from west and 467 feet from north lines of section 177, block 97, H&TC survey and eight miles southwest of Snyder. Rotary operations to drill to 7,000 feet will begin when permission is granted.

Walker New Tech Coach

RALEIGH, N. C., March 1. (AP) — Texas Tech has a new assistant varsity line coach today, Wade Walker of Gastonia, N. C.

He has been freshman line coach at North Carolina State College. Walker was an All-America tackle at Oklahoma and helped install the Oklahoma split T offense at State.

Texas History Written in Brands

STV

BY JOHN M. HENDRIX

The Steve or STV brand was started in May, 1876, by J. E. Stevens. It was later owned by Stevens, Worsham, and Johnson of Henrietta, Texas, Worsham having bought one-half interest in 1877 and Joe Johnson having bought one-third interst in 1888. The brand ran in Clay and Wilbarger Counties for a number of years and finally settled down in Foard County where it is still maintained by Baxter Johnson, son of Joe Johnson.

The brand probably had it biggest year and the largest number of cattle about 1878, when its range ran from the west line of Hardeman County east until it joined the Waggoner range in Wilbarger County, the northern line being Red River and the southern line being along the Wichita, Rivers in Foard County.

Without doubt many of the greatest cowhands in West Texas were at one time or another part of the 125 men who made up the personnel of the ranch hands. They were an aggressive outfit and had things about their own way on range and trail. One of the oldest of the STV range bosses living is Jim Olds of Crowell, Texas. Another old boss was the late Julian Moody who died in Sweetwater, Texas, about 1936

To attempt to make a listing of the many good hands who worked for the STV would be practically impossible for their number was many and embraced some of the best cattle talent that has ever operated on the Texas range and on the long trails to the Northwes. The STV was one of the several ranches owned by W. B. Worsham of Henrietta.

Charge Of Forgery Is Filed Against Man

A charge of forgery was filed yesterday against Ernest E. Adkins, 38, of Creswell Trailer Courts. The charge was filed before W. C. Davidson, justice of the peace, by Lloyd Merritt, sheriff.

The complaint alleges Adkins forged the name of the Longhorn Construction Co. by J. T. Tillman, on a check payable to M. C. Spears, for $73 on a Snyder bank on Dec. 29, 1950.

The rocks composing the earth's crusts are grouped into three great classes: igneous, sedimentary and metamorphic.

Pastor Speaks To Kiwanians

Writers and leaders who put self before God were denounced by the Rev. Ronald E. Hubbard, pastor of the First Presbyterian Church, speaking at the Kiwanis Club luncheon yesterday.

Citing excerpts "Das Capital" by Carl Marx and "Thus Spake Zarathustra" by Friedrick Nietzsche, Mr. Hubbard said these writers told of the superman who had faith in himself and not in God. He said these writers demanded that all be enslaved and worship only their leaders.

The speaker told of the Japanese who worshiped their emperors in the belief that these rulers were descended from their gods.

Hitler was one of the so-called supermen, who did not believe in God and fell as did other dictators with the exception of one living that is causing international trouble.

"Americans need more faith in God to be strong and survive," he said.

The club voted to stage a style show March 23, at the high school auditorium, with talent from the Kiwanians. Frank Fisher was appointed general chairman, being assisted by Ford Caperton, H. D Moreland, J. R. Davis, and Joe Love, of the general committee

Robert M. Wemple was named ticket chairman; Dr. Woodrow W. Mikeska as chairman of the arrangements committee, and C. W. Brandley, chairman of the publicity committee.

Harold Bennett, manager of the Scurry County Chamber of Commerce, spoke briefly on the need of rental houses for more than 75 families of laborers who will work on the Colorado River dam project and the [illegible].

Roby Will Purchase Water in Sweetwater

SWEETWATER, March 1—Sweetwater has been authorized by the Roby city commission to supply the city with water from the new Oak Creek Lake when it is completed. Roby and Rotan has previously formed a water district to secure water from Sweetwater, but the district was dissolved when Rotan voted down the contract with the district.

Sulphur Profits Up

NEW YORK, March 1 (AP) — Texas Gulf Sulphur Co. earned $25,889,192 last year compared with $23,863,192 in 1949. The company said yesterday this equalled $7.75 a share vs $7.14.

Funeral Services For Former Snyder Resident To Be Held On Friday

Funeral services for Connie Gardner, 44, a former resident of Snyder, are to be held at 11 o'clock tomorrow morning in the Bolger-Barnes funeral chapel. The Rev. W. W. Adcock, pastor of the First Methodist Church, is to officiate.

Mr. Gardner died at his home in Arcadia, Calif., Sunday. He was born and reared in Scurry County, and had lived here until about 15 years ago. Burial will be in Snyder cemetery.

Survivors include two brothers, Ted Gardner of Kent, Tex., and Don Gardner of Arcadia, and three sisters, Mrs. Viola Booskyk of Los Angeles, Calif., Mrs. G. G. Corney of Haskell and Mrs. W. C. Hinds of Abilene.

San Antonio Symphony On West Texas Tour

The San Antonio Symphony under the direction of Franco Autori will give a concert at 8 o'clock tonight in the gymnasium on the Texas Technological College campus in Lubbock. This is one of the Artist Course series programs.

Schubert's "Unfinished" symphony will open the concert. The program will also include "Variation on a Theme" by Haydn, "Spanish Caprice" by Rimsky-Korsakov and Mendelssohn's Violin Concerto in E minor, opus 64, with Julius Hegyi as violin soloist.

The orchestra plays tomorrow night in Big Spring.

May Extend Four-Lane Portion of U. S. 80

A contract for the rebuilding of an eight mile strip of U. S. highway 80 west of Roscoe may be let in April or May, S. J. Treadaway district engineer in Abilene, has revealed.

This portion of the road, running from Roscoe to the Mitchell County line, would be rebuilt as a four-lane highway.

Gracie Fields to Capri

SANTA MONICA, Calif., March 1. (AP)—English Actress Gracie Fields is planning to sell her home here and move to the Island of Capri.

"I've had a small place there these 23 years," she said in an interview yesterday.

PERSONALS

Mr. and Mrs. G. R. Rhodes, 1006 twenty-ninth Street, plan to go to San Angelo where they will visit a relative, L. H. Rhodes, over the week end.

Mrs. Dan Barton, 406 Twenty-ninth Street, has as a guest her mother, Mrs. Walter Scott from Ralston, Okla. Mrs. Scott will remain here for several weeks.

Miss Francis Leath, Miss Nancy Teague, Miss Veta Sneed, and Billy Simms, students from Baylor University, are in Snyder visiting their families between quarters.

Mr. and Mrs. T. T. Withers, 2010 Avenue R, returned Tuesday from Farmington, N. M., where they had been visiting friends.

Ben Richardson and Walter Wells, from Arlington State College, were in Snyder over the week end visiting their families.

THE SNYDER DAILY NEWS

VOL. 1, No. 250 SNYDER, TEXAS, THURSDAY, MARCH 1, 1951 SECTION TWO

Eight Oil Locations in Scurry; Midland Leader in Wildcats

Twenty - seven West Texas Counties shared locations during the week Feb. 11 to Feb. 17 for 106 tests for oil, including nine wildcats. The preceding week listed 98 tests for oil, including 18 wildcats, in 29 counties.

Totals for the first seven weeks in 1951 became 640 in proven areas and 106 for wildcats, a grand total of 746. This is a weekly average of 106.6, the same as through the sixth week.

Midland County was first in wildcat locations with two, Borden, Concho, Crane, Crockett, Howard, Lynn, and Runnels Counties gaining one each.

Pecos County led in field starters with 17, Hockley, Scurry, and Ward eight each, Andrews, Ector, Garza, and Runnels six each Cockett and Midland four each. Borden, Cochran, and Tom Green three each, Crane Kent and King two each, Coke, Gaines, Glasscock, Howard, Loving, Reagan, Schleicher, Upton, and Yoakum one each.

YOAKUM COUNTY

Honolulu No. 1-B Clanahan, 660 feet from north and west lines of section 323-D-H. & G. Gibson survey; 6,800 feet, rotary, Cable 6,700-foot field.

New Hospital Opened

KILGORE, March 1. (AP) — Formal opening of the new 75-bed Roy H. Laird Memorial Hospital will be held here Sunday. The $1,368,000 structure is named for a former Kilgore mayor who started the project.

Locations In Scurry Fields

Moore & Dobkins have filed application for two field locations in the Sharon Ridge field of Scurry County.

The No. 1 Chandler Heirs is to be drilled 330 feet from north and west lines of section 193, block 3 H&GN survey and three miles southwest of Dunn. Combination tools will be used to drill to 1,750 feet.

The No. 2 Chandler Heirs will be 330 feet from west and south lines of the northwest quarter of the northwest quarter of section 193, block 3, H&GN survey, and will be drilled to 1,750 with combination rotary and cable tools.

The Chandler heirs own all mineral interests on these locations with Jackson and Bertha Ellis listed as fee owners of surface rights at the No. 1 Chandler Heirs and Jackson Ellis listed as fee owner of surface rights at the No. 2 Chandler Heirs.

Bardell Oil Co. has filed an amended application on the name and acreage allotment of its No 1-B Edmondson. The prospector is to be drilled to 1,800 feet with cable tools starting at once. It is located 361 feet from north and west lines of tract 7, block 31, Kirkland-Fields survey and 10 miles northwest of Colorado City.

Seeking More Recruits

DALLAS, March 1. (AP) — The Dallas Marine recruiting district began today trying to fill its largest enlistment quota since the end of World War II — a minimum of 250 men. The district includes Dallas, Fort Worth, Abilene, Lubbock, Denison, Tyler, Waco, Wichita Falls, Breckenridge and Paris.

Argentine Policemen Search Baggage Of Time Correspondent

MONTEVIDEO, Uruguay, March 1. (AP) — New York Times Correspondent Milton Bracker said today Argentine federal police delayed his departure from Buenos Aires for an hour yesterday while they thoroughly searched his baggage.

Bracker, who was not arrested, said the police apparently were looking for photographs of street fighting in which one person was killed and 15 injured Tuesday outside the strike-bound La Prensa newspaper printing plant.

To Ask For Gas Boost

HOUSTON, March 1. (AP) — The United Gas Corp. plans to ask the Houston City Council for a rate increase within 30 to 60 days.

Deep Scottish Mysteries Are Made Clear In Play Brigadoon

By MALCOLM W. BINGAY

Dr. E. P. Wijetunge, famed archeologist from Ceylon, is searching London for a golden statue of Vishnu, the Hindu god, which he says was stolen from a Hindu temple by British sailors, 363 years ago.

Once 300 girls danced gaily around this golden Vishnu and it was a very pretty sight, indeed, although the wives of some tourists complained that they did not wear enough clothing.

Dr. Wijetunge says that the temple was sacked by Portuguese in 1587 but that it is known that the English got the golden statue which is six feet high and has rubies for eyes.

So now Scotland Yard has another job. It must find the Coronation stone, the Stone of Scone, and the great bronze sword swiped from the statue of Britannia and also a golden Vishnu six feet high with rubies no less.

All this is easily understood by anybody who has ever seen the play "Brigadoon" and understands its significance. The Scottish people are mystics with a sixth sense they call "the gift."

I have been told that Queen Mary will lose her diamond necklace next week. It will never be reported, of course.

• • •

Mysterious things are happening over there these days. Robbie Burns could explain it all to you if he were alive. The Stone of Scone was not stolen. The little minister of Brigadoon just waved his stick at it and it disappeared into thin air and will not be seen again for a hundred years. The mystery dates back to the days of King Arthur and has to do with the Scottish curse—one of 'em, anyway.

'Twas when the Saxons were ravaging the tight (hic) little island but had not yet made themselves masters of it, the Britons were ruled by a wise and valiant king, Uther Pendragon.

Among the most distinguished of Uther's nobles was Gorlois, Duke of Cornwall, whose wife, Igerna, was a woman of surpassing beauty.

Once, when King Uther was as usual holding his royal feast of Easter, Gorlois attended with his lady; and the king, who had not seen her before, immediately fell in love with her. He manifested his passion so openly, that Gorlois took away his wife abruptly, and went right home with her to Cornwall without asking for Uther's leave, which was hardly gentlemanly. Uther in great anger, led an army into Cornwall to punish his offending vassal, who seemed to think he had a right to his own wife.

Gorlois shut his wife up in the impregnable castle of Tintagel, while he took shelter in another castle, where he was immediately besieged by the formidable Uther Pendragon.

With the assistance of his magician, Merlin, Uther obtained access to the beautiful Igerna in the same manner as Jupiter approached Alcmena, namely, by assuming the form of her husband. The consequence was the birth of the child who was destined to be the Hercules of the Britons, and who when born was named Arthur.

Gorlois was killed, and then Uther married his beautiful widow.

• • •

Such was the origin of King Arthur.

No sooner had he ascended the throne than he was called upon to war against the Saxons, who, instead of going to their own country, only sailed 'round the coasts, and landing again at Totness, laid waste the country.

Arthur, leaving his nephew Hoel sick at Alcluyd (Dumbarton), hastened southward to encounter the invaders, and defeated them with great slaughter at a place which is called Mount Badon. Having thus crushed the Saxons, Arthur returned to Alcluyd, and soon reduced the Scots to such a condition, that they sought shelter in the islands in Loch Lomond, and there made their peace with him, by a magic device of which I will speak later.

Arthur next conquered all of Europe as far south as the Alps. He was just having himself crowned king again with Merlin the psychoanalyst explaining why he was so good, when orders came from Lucius Tiberius, procurator of Rome, to return all of Europe to the imperial power.

Arthur had himself crowned again and marched on Rome, leaving Britain to be governed by his nephew, Modred, and his queen Guanhumara who was so beautiful that everybody said she should go to Hollywood.

Arthur's army landed near Mont St. Michael where Arthur killed a Spanish giant 12 feet tall and his 14 dragons with one whack of his sword.

Arthur started to step over the Alps when he got a flash from London that his nephew had usurped the crown.

• • •

Arthur landed at Rutupiae, or Richborough, in Kent, and defeated Modred in three battles. Modred was slain, but King Arthur himself was mortally wounded. They carried him to the Isle of Avallon (Glastonbury) an ancient Celtic center. But the Scottish mystics who had the magic device refused to save him because he was never crowned on the Stone of Scone, although crowned everywhere else. He died there in 542 and that is all that has even been known of the fellow if he ever lived at all which I doubt.

That is why Scotland has never been conquered and never can be. The play "Brigadoon" and James M. Barrie's "Farewell Judie Logan" explains this.

It all comes from the Scotch mist.

Do not take more than two Scotch mists. One is enough to see things.

Expect Abandon Order At Union Oil No. 1-76 University, in Reagan

Operator is waiting on orders at Union Oil Co., of California No. 1-76 University, wildcat in Southwest Reagan County, three miles west of the town of Big Lake.

The prospector flowed 58.93 barrels of fluid in 11 hours after perforations at 9,094-9,104 feet opposite the Wolfcamp had been washed with 500 gallons of acid.

The fluid was from 90 to 98 per cent salt water and the rest oil.

Previously, on the first swabbing and flowing test after the venture had been plugged back to test, the Wolfcamp, it made 75 barrels of oil in 24 hours.

Operator then acidzed with the 500 gallons and gauged the 58.93 barrels of fluid flow.

The well was then shut-in for six hours. It was opened up on a one-quarter-inch choke and made 1.4 barrels of oil in the first hour of flowing and then died. The project is now hut-in waiting on orders, which probably will be to plug and abandon.

It is at plugged back total depth of 9,136 feet in the Wolfcamp. Five and one-half inch casing is cemented at 9,180 feet. All sections below the plugged back depth, including the Ellenburger were eliminated as possible producing sections.

The No. 1-76 University is 660 feet from south and east lines of section 10, block 11, University survey.

Fisher County Wildcat Will Go To 5,500 Feet

Norwood Drilling Co. is to drill a 5,500-foot wildcat in Northwest Fisher County seven miles north of Rotan.

It will be drilled as the concern's No. 1 R. E. Hale, 660 feet from north and east lines of northwest quarter of section 295, block 2, H&C survey.

Rotary operations are to start as soon as rig is up.

Tetraethyl Lead Is Put Under Allocation

WASHINGTON, Feb. 28. (AP)—Tetraethyl lead used in high octane gasoline will go under an allocation system tomorrow. The petroleum administration for defense announced this in a move to save scarce lead.

Refiners who used more than 1 million pounds in motor gasoline last year will be restricted to a base of 1 million pounds plus 80 per cent of their 1950 consumption over the base. Those who used less than 1 million pounds last year will be allowed the full amount of their consumption last year.

Released Under Bond In Greenville Death

GREENVILLE, March 1. (AP)—Truett Steinbaugh has been released under $2,000 bond on charges of murder filed in the pistol slaying of Charles D. Jones, 30.

Jones was shot to death in a scuffle with another man in a car parked on a highway near here Tuesday.

Use Of Political Pull Nothing New Among Government Men

By DAVID LAWRENCE

WASHINGTON, — "Political pull"—the same unadulterated variety that has plagued the temples of government since ancient days—seems to have come up for trial in the Senate's investigation of the affairs of the Reconstruction Finance Corporation.

Having exposed the influence which various persons in the executive branch of the government are alleged to have exercised in persuading the directors of the RFC to approve applications of loans, the spotlight has been turned by President Truman on members of Congress themselves, by pointing to several hundred letters written from time to time to the RFC presumably urging approval of loans in behalf of constituents of the congressmen.

Where billions of dollars of government money are to be loaned, it is not surprising that there will be pressure. Senator Fulbright of Arkansas, Democrat, chairman of the Senate committee investigating the RFC, says he has not uncovered anything "illegal" and the President has said he hasn't found anything "illegal," either. But the Arkansas senator says that things which are "improper," though not illegal, are nevertheless subject to condemnation if standards of good conduct are to be set.

STILL NOT RIGHT

Two wrongs never make a right. The fact that the Senate committee uncovered some improper activities on the part of executive agency employees does not immunize them from blame just because some members of Congress may have also exerted pressure.

All the documents in the case should be exposed to view—not only letters which members of Congress have written but all communications, oral and written, between the White House and the RFC. The country would have an opportunity to judge for itself where the line between improper and proper relationships is to be drawn.

Thus, a member of Congress gets a letter from a constituent who has filed an application for a business loan, and he is likely to be asked to "say a good word" or to identify the constituent or even furnish some information as to reliability and character. These are natural happenings, but the RFC directors should not, of course, be influenced by that "good word," even though they know the congressman may have to say it to keep on the right side of his constituent. Many a member of Congress, confronted with that kind of situation, has said the "good word" and then made it clear immediately afterwards that the business in hand should be handled by the government agency on its merits.

The real trouble, as alert-minded Senator Fulbright has pointed out, is that the directors of the RFC are the ones who should be able to resist pressure and influence. If, however, they are tools of the Democratic administration and subject to the political urgings of persons connected with the Democratic National Committee, then some way will have to be found to prescribe by law that such approaches are as unlawful as it would be to attempt to influence a judge in our federal courts.

Mr. Fulbright seems to think that capable men can be found with sufficient integrity to file letters from congressmen and to turn a deaf ear to the White House aides who, too, may be under pressure sometimes to say a "good word."

INDEPENDENT AGENCY

Basically the RFC is supposed to be an "independent agency" and not a part of the executive department or the White House but a creature of Congress, as are all the other independent boards and agencies. Unfortunately, the drift has been away from this concept, and one of the first acts that helped to break it down was the letter written by the late President Roosevelt, early in his first administration, when he fired William Humphreys, a member of the Federal Trade Commission, because the latter's mind "didn't go along with" that of Mr. Roosevelt. The Supreme Court of the United States ruled that this was unwarranted interference with the power of Congress to specify by law the grounds for removal and to insist that removals be made only on the grounds specified. But nevertheless, under both New Deal and Fair Deal practice, the tendency has been to usurp authority over the acts of these independent agencies and consider their officers as the chief executive would consider appointees in bureaus in an executive department.

If the RFC is to be retained—and Senator Fulbright himself says that a lending agency is needed, especially to approve loans that must be made in connection with risks inherent in the expansion of plants for defense purposes only—then some reform in the attitude toward the RFC of everybody concerned is imperative. It can be done by writing safeguards into the law to protect RFC directors from attempts to exert improper influence upon them.

Promoted By Texaco

"The Texas Co. has announced the appointment of Wallace E. Avery as assistant general manager, industrial and public relations, with headquarters in New York. His new assignment will be principally in the field of industrial relations.

He entered the service of The Texas Co., in May, 1945, as an attorney in the Los Angeles office of the legal department, where he has spent much of his time handling labor matters of the company arising on the Pacific Coast."

L. Stroube, an engineer from Bartlesville, Okla., was in town on business with the Cities Service Oil Co. Tuesday. Harold Massey from Hobbs, N.M., also visited the oil firm on business Tuesday, according to D. S. Bodie, superintendent.

Stabilizers Are Going To Let Manufacturers Take Mark-Up

By SAM DAWSON
(Associated Press Staff)

NEW YORK, Feb. 28.—The government havin' grabbed the price-wage bear by the tail a month ago is making two attempts today to let loose a little.

It's offering some 40 million workers the hope—but no more—of a raise. It's still up to the boss.

And it's offering some 200,000 merchants the chance of raising some of their prices to keep profits at their "normal" level.

Similar offers are planned soon for other merchants, wholesalers and manufacturers. And the farmer hasn't been touched yet.

FIRST IDEA

The price-wage freeze was ordered Jan. 26 with the idea of protecting consumers from inflation.

In general prices and wages were frozen at their highest historical level. The cost of living was frozen at its peak. And that, in itself, could scarcely be expected to please consumers.

The trouble arises from this:

Everyone in this country is a consumer—that is, every one uses things that other men produce, whether it be a sack of flour, a suit of clothes, an automobile, or the service the merchant gives. And, therefore, everyone benefits if the rise in the cost of living can be halted. Therefore, theoretically, everyone should have been pleased.

MOST PRODUCERS

But only a minority of persons are consumers only. Most people are producers as well. The farmer, the merchant, the manufacturer, the worker, produce goods or services, and each of them is apt to feel that his toes are being stepped on by the general price-wage freeze order.

The majority of workers feel that for all practical purposes their paychecks were frozen a long time back while prices continued their headlong upward course. Labor clamored. And the government will allow wage increases roughly, 10 per cent above a year ago. The trouble with this is that higher wages tend to push prices higher again.

Farmers insist that the price for their products must be left uncontrolled, or otherwise the incentive to produce will be killed.

The farmer's costs have been going up—machinery and labor and most of the things he buys. The farmer feels his prices aren't out of line at all.

MERCHANTS

Merchants have clamored for relief because they were caught in a profit squeeze. The prices they were charging Jan. 25 were frozen. But the goods they were buying from suppliers had increased in price.

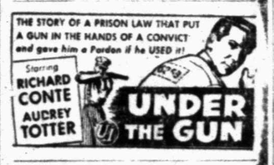

So the government now will let them add their normal mark-ups to the goods they are buying.

Manufacturers have the same price beef. They pay more for raw materials and their labor costs have been going up. They want to charge more for what they sell.

That's the bear that the government has by the tail. Washington is trying to help the consumer (that is, everybody) and satisfy the desires of the producers (that is, almost everybody, too).

It isn't easy.

Porpoise Gets Education In Florida Pool

MARINELAND, Fla. Feb. 28. (AP)—Flippy has a right to grin today.

His trainer says he's the only educated porpoise in the world.

Announcement was made late yesterday of the end of the scientific venture which started in september, 1949.

It was the idea of W. Douglas Burden, a trustee of the American Museum of Natural History and president of Marine Studios here. He wondered if a porpoise could be trained to do tricks.

Flippy—under the expert hand of Adolf Frohn—is the result.

ROVER

The porpoise is a young male. He weighs about 200 pounds. He is 6½ feet long. Until Burden had his idea, he was free in the Atlantic. It so happened he was the one which happened to be caught for the experiment.

Frohn, 46, anative of Sarasota, Fla., had been a sea lion trainer for a circus.

It took him three months just to get Flippy accustomed to him. After that the training started. All commands are by hand signal.

Now Flippy can catch a stick and bring it back. He'll even follow Frohn all around the pool to return it.

OTHER TRICKS

When Frohn indicates a ball catch, Flippy pushes himself up about a third out of the water and, all the time watching Frohn, starts swimming backward. When he catches the ball, he hurries to give it to his master.

He can turn over and over in the water. He can jump through a ring, honk a horn by squeezing the rubber ball with his teeth, and pull a string to ring a bell suspended over his pool.

Film Actors In Federal Probe

HOLLYWOOD, March 1. (AP)—The newest federal probe into alleged Communist influences in film-making throws the spotlight on Actor Howard Da Silva, Actress Gale Sondergaard and Writer Waldo Salt.

The three announced yesterday they have been subpoenaed to testify before the House un-American Activities Committee in Washington March 21.

Miss Sondergaard is the wife of Herman Biberman, recently released after serving a six months term for refusing to tell the committee in 1947 whether he had ever been a Communist. He is one of the so-called "Hollywood 10." All but he and Director Edward D m y t r y k, who also received a six month sentence, drew a year in jail.

Actor Larry Parks was subpoenaed earlier for the forthcoming hearing. Two investigators for the committee have been here nearly a week.

Offset to Midland Discovery Is Located

Ted Weiner, et al No. 2-16 J. W. Driver is to be a one-location east offset to the same operator's No. 1-16 Driver, recently completed Spraberry discovery in Southeast Midland County.

Drillsite has been set 1,980 feet from north and east lines of section 16, block 37, T-4-S, T&P survey.

That makes it 24 miles southeast of the City of Midland.

Drilling to a possible bottom of 8,500 feet with rotary is to start

Calcasieu Parish Will Resume Open Gambling

ORANGE, March 1. (AP) — The Orange, (Tex) Leader says plans are being made to resume open gambling in Calcasieu Parish, La., next week end, after being shut down the past three weeks.

The newspaper quoted "sources in both Texas and Louisiana."

Gary Davis Convicted

LOS ANGELES, March 1. (AP) — Gary Davis, convicted of grand theft of $80,000 in the promotion of a three-wheeled auto, was put on five years' probation by a judge who decreed, yesterday that he must spend the first two years in the county jail.

Poultry Mart Steady

FAYETTEVILLE, Ark., March 1. (AP)—Poultry steady. Offerings liberal on birds under 3 pounds; over 3 pounds short of trade needs. Broilers and fryers all weights 28-29 cents, mostly 29 cents.

Football Star Says Game Is Help In War

(By The Associated Press)

WITH U. S. MARINES IN KOREA, Feb. 27.—(Delayed)—A tough Marine says football training pays off in the Korean battlefield.

He is Lt. William A. Craven, a star guard for Baylor University in 1941-42 and 1946-47. As a Marine player, Craven starred in the 1944 Sun Bowl.

The legs of men coming out from the states usually are in poor shape," said Craven in an interview conducted in his hillside foxhole — a deluxe number covered with his poncho and lined with pine boughs.

"Football keeps your legs in good shape. It's helped me out a lot. There is no doubt of it — football players have an easier time of it. Men who have competed in track and other sports also find it pays off here."

Craven, a reservist who operates a wholesale candy business in Dallas with his brother, landed in Korea Sept. 15 in the Inchon invasion.

As a platoon leader he fought in the bloody battle for the Seoul Railroad station. That and a recent raid into Hoengsong "were the roughtest deals of the war for me," he said.

Craven is executive officer for a Marine rifle company.

Three Completions

Completion reports were filed with the Railroad Commission Monday for the Sinclair No. 3 Carl Golden in the Adair-Wolfcamp field in Terry County, for the M. J. Bashara Sons & Prothro No. 15-A A-Fee in the Keystone field in Winkler County, and for the Shell Oil Co. No. 18-D Baumgart in the Wasson field in Yoakum County.

Reports Show Corporations To Be Making 'Record Sales'

(By The Associated Press)

NEW YORK, Feb. 28. — Retail buyers are flocking to suppliers' exhibits here with two questions on their minds

How long can we get goods containing metal or rubber?

Will manufacturers cease to make the lower-priced lines and turn to making only luxury lines?

Backlogs of orders meantime, continue to mount. Retail sales still run way ahead of last year. Production of most items continues to go at full speed "while the materials last." But inventories continue to rise — at the factory, at the wholesaler's warehouse, on the store shelves.

TOP SALES

And the annual reports of corporations now flooding the mails carry the almost universal refrain: Record sales.

Retail sales in general, the Commerce Department reports in January ran 25 per cent above last year. And New York City department stores report last week's sales still 17 per cent above last year.

At the New York gift show buyer attendance is setting a record. Retailers are seeking to place heavy orders for copper and aluminum items, such as lamps. Some exhibitors are taking on no new customers.

At a suppliers exhibit here sponsored by the International Assn. of Garment Manufacturers and the Associated Pants Manufacturers of America, the subject of pricing is the chief concern.

TOP AIM

Joseph N. Kallick, director of the consumer soft goods division of the Office of Price Stabilization tells the members and exhibitors that this time OPS's prime objective is to encourage garment manufacturers to make the lower and middle-priced clothing.

OPS has recommended a dollar-and-cents ceiling price on cotton at all levels of cotton distribution Kallick says. On wool goods pricing, it hasn't made up its mind yet.

Wool consumption is sharply higher, the Census Bureau notes today, in spite of skyrocketing prices. It reports Americans used 624 million pounds of raw wool in 1950 — a jump of more than 100 million pounds in the year.

Andrews County Well Will Be Deepened

Four miles northwest of the Midland Farms field of Southeast Andrews County, Humble Oil & Refining Co. has contracted for a 14,000-foot depth on its No. 1-0 University, originally slated to go to 5,800 feet to test the San Andres.

The prospector is at total depth of 5,557 feet in the San Andres waiting for large rig to be built.

Water was tested in the San Andres and operator decided to take the exploration on to a possible bottom of 14,000 feet to explore the Ellenburger.

Drillsite is 660 feet from south and 1,980 feet from west lines of section 20, block 1, University lands survey.

That puts it about nine miles southeast of the town of Andrews.

Crusading Dale Facing Charge On Mail Count

HOUSTON, Feb. 28. (AP) — A federal grand jury indicted former ax-swinging Constable Dale Richardson of La Porte on a charge of sending obscene matter through the mail.

District Judge Allen B. Hannay yesterday issued a bench warrant for Richardson's arrest and fixed a bond of $1,000.

Richardson branded the charge a "trumped up case."

He is accused of having mailed obscene matter on Sept. 14, 1950, to Nat Terrence, publisher of the Houstonian, a weekly newspaper.

The offense carries a maximum penalty of five years in prison and a $5,000 fine.

The grand jury indictment did not state the exact nature of the allegedly obscene writing, saying the contents were too "obscene" for the records of the court.

He smashed a number of tables with a baseball bat and an ax.

The date of Richardson's alleged offense is a few weeks after the close of his unsuccessful campaign for election as Harris County sheriff.

The Houstonian had opposed Richardson's candidacy.
