THE JUNCTION EAGLE

Volume 45 | Junction, Kimble County, Texas, Thursday, October 18, 1928 | Number 27

COMMISSIONERS COURT KIMBLE COUNTY ACTIVE IN ROAD CONSTRUCTION

Commissioners A. B. Hodges, R. W. Fisher and H. W. Bierschwale went to San Antonio last week to purchase some road machinery to use on the roads in Kimble County. In talking with County Judge J. B. Randolph we learn that Kimble County is a pioneer in road building in this part of the State, and as a result there are now five state maintained highways leading from Junction, giving the county one of the best sytems of highways of any county of equal valuations. More than one-half million dollars have been spent on the highways of the county in building the 120 miles of good roads that our people and thousands of tourists enjoy.

Plans are under way for another highway leading from Segovia through Noxville to Harper. We are informed that Mr. H. L. George, former division engineer for the State Highway Department, has been employed to locate this highway for which the people of the Noxville precinct voted bonds several months ago. With this road completed, Kimble County would have her section of the highway leading from Houston via Austin and Fredericksburg to El Paso completed. The people of Harper are intensely interested in the construction of this highway and, among other things, had the following to say in the issue of October 12:

"The survey for a right-of-way for the road from Segovia via Noxville to the Gillespie county line will be made starting next week. The work will be in the hands of Mr. George, former division engineer for the State Highway Department and who is as excellently qualified to perform the task as any of the engineers upon the present staff of the State Highway Department.

"Action has already been taken toward the purchase of road building machinery of the most efficient design and as soon as the survey has been run construction of the road will begin.

"How the construction of this road in Kimble County will affect the tardy construction caused by opposition in Gillespie county can be easily seen in the fact that when the western end of this road is opened up, traffic will naturally increase to such an extent that the Gillespie county end will be rendered almost impassable by reason of depreciation. In that way pressure will be brought to bear upon Gillespie county so that something will have to be done toward their end of the road. Naturally progressive citizens of this section who realize the necessity of good roads will welcome any pressure that will tend to increase activities in this direction.

"That the citizens of the Noxville community and the commissioners court of Kimble counti are alive and working for the good things that highways bring has been brought forceably to the attention of this section again. Their first act of commendable vitality was witnessed last fall when Noxville carried their box with forty votes for a highway, and not one dissenting vote. Such spirit cannot pass without commanding admiration, respect and achieving the ends striven for."

FIRST POLL TAX RECEIPT

Some one has the distinction each year of being the first to pay their taxes and receive receipt No. 1. This year Mr. Perry Tabor has receipt No. 1 and Mrs. Tabor has No. 1A. Mrs. F. H. Dupuy was issued receipt No. 2. Several others have paid since the rolls were opened on October 1.

Help the Junction Eagles defeat the boys from Fredericksburg Friday afternoon at four o'clock.

Local Company Buys 16,600 Pounds Mohair

Mr. J. N. Hodges, of the Schreiner-Hodges Company, reports that under sealed bid his company has purchased from Jim and Will Thomas their fall clip of mohair amounting to more than 16,000 pounds. This with other large shipments bought by this company has been shipped to Kerrville. Mr. Hodges says that his company will ship approximately 150,000 pounds of mohair this season. The company has also handled considerable wool.

Mr. Hodges says that his company is handling pecans, but states that the market is not very satisfactory at present. There seems to be a large crop in Texas this season which has a tendency to hold the price low.

Mr. and Mrs. Bradshaw Visit In Comanche

Mr. and Mrs. W. C. Bradshaw left this week for an extended visit with their daughter, Mrs. Hart Shoemaker, Comanche, Texas. Some time ago Mr. Bradshaw sold his ranch near Segovia, and he has not decided definitely just where he will locate. He still claims Kimble County as his home and will return to vote in November.

Mr. Bradshaw came to Kimble County fifty-two years ago, and with the exception of the time he was away educating his children has made this county his home. When he came here there was only one store on the square, and a few residences scattered in the valley. He says that Messrs. N. C. Patterson, John C. Kountz, Jim Browning and Lew Walton are the only men here now that were here when he came. If there are others he could not recall them in his conversation with the editor.

Another interesting feature about Mr. Bradshaw's visit Monday, is that his first job was helping publish the first paper ever published in Kimble County. The Eagle hopes that when Mr. and Mrs. Bradshaw complete their visit with their children they will return to Junction to live. These pioneer citizens mentioned in this article should get together and write up the early history of Kimble County. Unless they do this many interesting and important facts about the early days of Kimble County may never be recorded.

Regular Meeting of P. T. A. Monday 3:30

The P. T. A. will hold an interesting session next Monday afternoon at 3:30 o'clock to which every member of the association is invited. A demonstration of 6th grade arithmetic will be given in the sixth grade room from 3:30 to 4:00 o'clock. The devotional services will be conducted by the Rev. Milton Hill, pastor of the Methodist Church. Mrs. McCarroll will render a piano solo, after which a business session will be held.

Mrs. W. P. Riley, president of the association, as well as other members, urges a full attendance at this meeting. Among the many worthy objects that the ladies are now interested in, is the enlargement and improvement of the library. Every school needs a good library and the P. T. A. is to be commended for their efforts to enlarge this part of the children's workshop.

FRIENDS' BIBLE CLASS

Members of the Friends' Bible Class of the Methodist Church met at the church building at 6 o'clock Sunday morning and went to Price's Camp for a sunrise breakfast. They enjoyed the outing and returned in time for the Sunday school class.

The following were present: Mrs. Borden, Misses Cartwright, Margaret Sutton, Willie Mae Snider, Julia Weathered, Audrey Blackburn, Mary Hubert, Natalee Lowrey, Lena Cowsert and Messrs. Howard Blackburn and Ramsey Randolph.

KIMBLE CO. TEACHERS ATTEND INSTITUTE

Various Phases of School Activities Discussed By Members of Organization During The Two-Day Session.

County Superintendent J. B. Randolph called to order the Kimble County Teachers' Institute in the district court room last Friday morning for a two-days' session. After a brief address by Judge Randolph, setting forth the purpose of the institute and what he hoped to accomplish, Miss Austin Durst was elected secretary. The usual committees were appointed and the institute proceeded to discuss the various questions which usually arise in the county institutes. One of the first problems discussed was the shortage of books in the county. A telephone call to Austin brought the news that books would be shipped here as soon as possible.

The advantages to be derived from attending the State Teachers' Association, which meets in San Antonio during the Thanksgiving holidays, were brought out by several members of the institute, and, no doubt, several Kimble County teachers will attend the sessions in San Antonio.

Realizing the importance of the Interscolastic League work to the children of Texas, especially those living in the rural districts, the teachers of Kimble County decided to enter into the work this session wholeheartedly. Every phase of this important work was discussed at length by the teachers assembled. The following officers were elected:

A. J. Bierschwale, Director General; A. L. Sallee, Director of Athletics; Earl Bowers, Assistant Director of Athletics; Miss Isabel Guinn, Director of Essay Writing; Miss Hannah Mahony, Director of Spelling; Orlan Stewart, Director of Arithmetic; Mrs. Grady Kindrick, Director of Declamation and Debate; Miss Ethel Roberts, Director of Silent Reading; Mrs. Frank Patterson, Director of Extemporaneous Speaking; Mrs. Eloise Emery, Director of Three R's Contest.

County Superintendent Randolph had invited the trustees of the county and other citizens to attend the session of the institute, but on account of the busy season very few visitors were present Elder J. S. Newman and Brother N. H. Skaggs addressed the institute, bringing good messages. Edgar McLendon, editor of the Junction Eagle, made a short talk, in which he promised to aid and assist the teachers as much as possible by opening the columns of the paper to the teachers. He urged them to make use of the paper by sending in school notes and other items of interest in the communities in which they teach. The public school is one of the greatest institutions in our free country, and every individual and every organization should encourage the teachers in every way possible.

The following teachers were present for the two days:

Watson Divide, Miss Isabel Guinn, Box 428, Junction.

White Bluff, Miss Etna Sweatman, Harper.

Adams, Miss Lorine Barker, Harper.

Noxville, Miss Margie Higgins, Noxville.

Hill, Miss Evelyn Calhoun, Junction.

James River, Miss Audrey Sofge, Noxville.

Cleo, Jimmie Johnson, Cleo.

Whitworth, E. E. Callender, Noxville.

Eight Mile, Miss Sallie Blackburn, Junction.

Murr, Miss H. Mahony, Fort McKavett.

Evergreen, Miss Gussie Burris, Telegraph.

Teacup, Mrs. Alice Patterson, Miss Alberta Wootan, London.

Ivy, Orlan Stewart, Miss Beatrice Mayo, London.

Roosevelt, Mrs. Thelma Thiers, Miss Ethel Roberts, Roosevelt.

Copperas, Mrs. Eloise Emery, Miss Natalee Lowry, Junction.

Segovia, Miss Naomi Knowles, Miss Ruby Williams, Segovia.

London, A. R. Sallee, Miss Victoria Brewer, Miss Eunice Green, Miss Lola Cummins, Miss Goldia Brewer.

Junction, H. B. Cowles, A. J. Bierschwale, Earl Bowers, Mrs. Joe Felps, Miss Nellie Bennett, Miss Margaret Sutton, Mrs. Grady Kindrick, Miss Mary Ellis Blackburn, Miss Mary Willis, Mrs. Earl Bowers, Miss Willa Mae Snyder, Miss Austin Durst.

JUNCTION CEMETERY AID ASSOCIATION FOOD SALE

The Cemetery Aid Society gave a food sale last Saturday from which the secretary reports receipts amounting to more than fifty dollars. The well kept cemetery shows that the members of the association with the assistance of friends are doing a worth while and commendable work. No place should neglect the "city of the dead." The women sometimes have difficulty in securing sufficient finances to do the work that needs to be done, but when women undertake a project they never quit until the task is completed.

The following list of the membership is taken from the secretary's book. If there are errors they should be reported to Mrs. Robert Loeffler, secretary of the association, who is anxious to keep a correct list of the membership. Every woman in Junction is urged to become a member:

Officers: Mrs. John Munn, president; Mrs. Nat Cowsert, 1st vice president; Mrs. John Braley, 2nd vice president, Mrs. Robert Loeffler, secretary; Mrs. A. B. Hodges, treasurer.

Members: Mesdames John Allen, Ellen Alsup, T. A. Brooks, Dee Bartley, T. J. Bailey, W. W. Buck, C. F. Burt, J. F. Bissett, Mary Bissett, Ina Bissett, May Baker, E. E. Bolt, Alice Bishop, J. D. Baker, J. M. Bishop, J. L. Bishop, E. O. Bode, Stella Cavaness, Allie Dowdy, W. O. Dechert, Ora Davis, Black Davis, Loss Davis, Emma De Young, Kittrell Durst, Hydie Felps, Norma Farmer, Ollie Fleming, Sue Griffith, Dora Holekamp, Alice Heyman, Annie Hamer, Hattie Hodges, Lizzie Hodges, Highsmith, M. N. Harrison, Porter Hodges, T. M. Hodges, Lillie Harrison, Maggie Hardin, Emma Highsmith, Annie Highsmith, Hoggett, Hankins T. C. Johnston, Annie Johnston, Jetton, Aggie Jarvis, Jordan, Ben Joiner, Jno. L. Jones, Terry Jetton, Mabel Kindrick, Ned Lynn, Sam Lawler, Stella Martin, Henry Murr, Mudge, R. J. Motley.

Miss Lena Cowsert, Miss Dorothy Mudge, Mesdames J. Fred Burt, Sallie Nelson, R. J. Pickett, Maud Prentice, Jessie Phillips, N. C. Patterson, Andrew Patterson, H. O. Patterson, S. E. Phillips, Jim Patterson, George Pepper, Pierce, May Ragland, Walter Richardson, Eula Ramsey, Riley, Terry Randles, P. J. Rembold, Jim Ragland, Rieck, May Sandherr, Stone, Joe Sewell, Clay Secrest, J. M. Tomberlin, Bob Turner, Pearl Turner, Vash Taylor, Albert Taylor, Ethel Taylor Fay Taylor, Chris. Schraub, N. H. Skaggs, Beatrice Wright, Ella Wilson, John B. Wilson, Jim Wright, Nell Wright.

Large Shipment of Mohair to Boston

This week might be rightly called mohair week in Junction. The Junction Cattle and Loan Company has shipped to Ryder-Brown Company of Boston 200,000 pound of mohair at a satisfactory price. This deal means that considerable money has been released here the past few days. The goat and sheep business in this section means much to the country.

From Mr. Riley, president of the Junction Cattle Loan Company, we learn that there is now in the warehouse about 100,000 pounds of fall wool. This added to the amount paid for mohair makes a neat sum paid growers by this company alone.

Service Above Self Motto of Rotarians

In the month of June, 1928, a Rotary Club was organized in Junction and since that time has been wielding a wholesome influence in the community. It is composed of business and professional men who are intensely interested in Junction and Kimble County.

The objects of Rotary are to encourage and foster:

(1) The ideal of SERVICE as the basis of all worthy enterprise.

(2) High ethical standards in business and professions.

(3) The application of the ideal of service by every Rotarian to his personal, business and professional life.

(4) The development of acquaintance as an opportunity for service.

(5) The recognition of the worthiness of all useful occupations and the dignifying by each Rotarian of his occupation as an opportunity to serve society.

(6) The advancement of understanding, good-will, and international peace through a world fellowship of business and professional men united in the ideal of service.

The first Rotary Club in the world was formed in Chicago, February 23, 1905, by Paul Harris, a lawyer, who suggested the form of organization to three friends, and with them instituted the first club. Three years later a Chicago Rotarian told the story in San Francisco and the second club came into being. Since then the progress has been steady and today Rotary clubs may be found in nearly all the counties of the entire world.

Fredericksburg Team Here Friday, 4 P. M.

Considerable interest is being shown by the football boys and other fans in the game scheduled here for Friday afternoon at four o'clock. The local boys are going through some hard practice getting ready for the Fredericksburg team. Neither team has been defeated in the district this season and both are fighting to stay on top.

The football fans urge everybody to see the game Friday afternoon. In the first place it will encourage the boys on the team, and in the second place it will furnish some much needed finance. Remember the time and place—Junction, Texas, Friday afternoon at four o'clock.

JUNCTION COTTON GIN

Sunshine makes cotton open as is evidenced by the cotton coming to the Junction gin since the rains several days ago. Mr. Atchison reported that 312 bales had been ginned up to Wednesday morning. The ginning of the gin each day makes some of us who have always lived in cotton counties feel as if we were at home.

The ginning of cotton, gathering pecans, moving wool and mohair, street paving, and the big building program are a few of the things that are giving employment to everyone wanting to work. They bring progress, prosperity and happiness to the community.

VOCATIONAL CLASSES LOCAL HIGH SCHOOL MAKE GOOD SHOWING

According to the data collected by our vocational agriculture teacher in making the fifteen farm surveys in school district No. 1, goat raising is the major enterprise with sheep raising a close second. Pecan production is the major enterprise on two of the fifteen places surveyed, and is of considerable importance on a number of the places. The contributory enterprises are corn, grain sorghums, Johnson grass, oats, work and saddle stock. The minor enterprises are poultry, dairy cattle, beef cattle, hogs, cotton and gardens.

These surveys show that the greatest enemies to the sheep and goat raisers are screw worms, stomach worms and predacious animals. Much is now being done to combat these pests by the use of fly traps, by the organization of wolf and cat clubs, and by careful management of flocks. A great deal more can be accomplished along this line by educating the boys to the real value of these things. Our men and boys can get the benefit of what our Experiment Station workers have learned through several years of study and experimenting, by simply writing for their bulletins and studying them.

V. A. Class Notes

Our vocational agriculture class has now completed their tool cabinets and will make book-stands for each school room as their next job. We have not had much farmshop work so far but we feel that we can make book-stands that we will not be ashamed of.

We have also secured many nice pictures for our V. A. class-room and will get others. You see we are beginning to put over our program of work that was planned a few weeks ago, and we don't intend to quit until we have finished it.

The three boys making the highest grades on the judging of dairy cattle this time were Carlton Wright, Junior Stevenson and Leonard Dunbar. Congratulation, boys. By the way, we might add that one of our number, Carlton Wright, made five A's and one B on his first six weeks grades in school. This is the best record made by any pupil in school except Ella Simon, who made five A's, and she did not have to judge dairy cows. We hope that Carlton and others in the agriculture class will make "A" before the term is over.

We wish to say that we have received an invitation from J. T. Stovall, chairman of program committee, to attend the West Texas Pecan Growers Annual Institute at Brownwood, Texas, November 15 and 16. We are mentioning this because there are others who will read this who may wish to attend. Subjects of vital importance to pecan growers will be discussed by the foremost pecan experts of the United States. Prizes will be given to individuals, communities and counties making the best exhibits. An auction sale will be made. A permanent organization of the West Texas Pecan Growers will be organized.

LIGHT SHOWER OF RAIN FALLS MONDAY NIGHT

Considerable thunder accompanied by a light shower of rain fell in Junction Monday night. Some parts of the county report heaver showers of rain. A norther followed Tuesday morning which cooled the atmosphere. For several days the wind had been strong and the temperature rather high for the season of the yera.

The ranis three weeks ago put a good season in the ground and the warm weather following was fine on sheep, goats and cattle. The weather is also ideal for gathering the large crop of pecans in this county this year.

SOUTH LLANO NEWS

Mr. and Mrs. C. A. Carden of McCamey returned home Monday after a two weeks visit to her parents, Mr. and Mrs. F. M. Hodges.

Mesdames Earl and Carl Glossbrenner and Mrs. Dock Wood were visitors at the F. M. Hodges ranch Monday.

Owing to the Teachers Institute Friday, we had no school. Miss Burris spent the week-end in Junction.

Mr. and Mrs. Stafford Thomas moved last week to their new home near Telegraph from the J. H. Schuhardt ranch.

The Allsup boys visited home folks at Junction Sunday.

F. M., Lane and Jim Hodges' families spent Sunday at the Rathbone ranch.

Pecan gathering is the order of the day on South Llano at present.

Mr. Jack Abel is threshing pecans at the Hodges ranch.

Mr. and Mrs. E. Scarborough are at home again.

Mr. Jack Turner bought mutton goats and mutton sheep from Messrs. Lane and Jim R. Hodges last week at private prices.

We had a fine rain Monday night.

BIG SHOW COMING TUESDAY, OCTOBER 30

Schell Bros. Trained Wild Animal exhibition to be here for two performances on October 30 at Junction.

The advertising cars of Schell Bros. Trained Wild Animal Exhibition were in our city this week in charge of Mr. Roy Roberts with a crew of twenty billposters, lithographers, bannermen and programmers, and gave the show all the publicity possible.

Mr. Roberts says there is only one Schell Bros. Trained Animal Show and it is in a class by itself when merit, novelty and quality are considered. This famous show gives a varied program of two hours, consisting of wild and domestic animal acts interwoven with dozens of high class European and American arenic acts. Twenty funny, foolish clowns under the leadership of "Happy" Ole Larson keep the audience in good humor throughout the long program.

The performance will be presented in three rings, a stage, and a large steel arena.

Fourteen new indictments charging embezzlement of Baptist Home Mission Board funds over a period dating back three years and involving an aggregate of $203,666 were returned by the grand jury Friday against Clinton S. Carnes, former treasurer. Each was based on a specific alleged offense discovered by auditors in their investigation of Carnes' accounts, to which a total shortage of $953,000 has been ascribed by board officials. Carnes previously had been named in three indictments charging embezzlement of a total of $280,000.

WINN-JORDAN

We recently learned of the marriage of Hays Winn, Jr., and Miss Wanda Jordan, which took place on October 1st.

We do not know the lady at all, but we are sure she will make a good true mate for Hays, Jr.

The groom is the son of Mr. and Mrs. H. H. Winn and he is known and liked by all in this country.

The happy couple visited at the home of the groom's parents Sunday and surprised everyone with the announcement of their marriage.

We hope their lives will be gladened by many a friend. May their happiness together know no bitter end. But may everything be lovely, just as it should, and that everything will turn out pretty dog-gone good—London Graphic.

SEVENTEEN YEARS AGO

Mr. and Mrs. Henry Murr came in from the ranch and spent several days in Junction this week.

Asa Farmer was in from the ranch Thursday.

John T. Wilson was here from the ranch Monday to attend district court.

Lon Cowsert had his nose broken Wednesday by being kicked in the face by a horse.

N. H. Skaggs returned from Brady Tuesday. He attended the fair and had some blue-ribbon goats there as a gentle reminder of the stuff produced in Kimble County.

Mrs. Roy Blackburn went to Menard Wednesday to take her sister, Miss Sue Tomlinson, who was returning to her in Mineral Wells after a visit here. They were accompanied to Menard by Mrs. W. A. Quisenberry.

Jinks Coleman of Telegraph was in Junction Wednesday.

Commissioner Jno. A. Cowsert was in from Roosevelt Sunday.

At an enthuslastic meeting of goatmen at the court house last night. A permanent association to be known as the Kimble County Angora Goat Breeders assocation was organized. The following officers were elected: N. H. Skaggs, president; J. W. Garrett, vice president; F. S. Kountz, secretary; John F. Reid, treasurer. The following members were enrolled: W. R. McKee, J. F. Gardner, W. R. Richardson, Frank Kelley, H. L. Watkins, Fletcher Gardner, John T. Wilson, A. S. Ethridge, E. A. Loeffler and T. J. Meredith. The association will meet at the court house Saturday, October 28, at 4 o'clock. One object of the association is to send a man to Washington to represent the association before congress.

INCREASING EFFICIENCY INTERSCHOLASTIC LEAG—

More than 5,000 white schools in Texas hold paid up membership in the Interscholastic League of the State. The league was organized in 1911 and is fostered by the University of Texas extension division for the promotion of inter school educational and athletic contests. Increase over the school year 1926-27 was 518 member schools. Originally the league embraced negro schools as well as white schools, but in 1921 the Texas Interscholastic League for Colored Schools was established independently.—School Life.

Attorney General Claude Pollard Saturday received $1,000,000 in payment of the agreed judgment entered Friday by Judge George Calhoun of the Fifty-Third District Court in settlement of the State's suit brought in behalf of the University of Texas for additional royalties on oil produced on University land in Reagan County.

CITY OF EDEN BUYS FIRE FIGHTING EQUIPMENT

The above statement may sound like news from another town that has found its way into our columns, but it happens to be just what happened to Eden. For soon after the contract was let for the construction of water works system, the council announced the purchase of fire fighting equipment commensurate with the needs of the town. Eden's first apparatus in the fire protection line will consist of a Ford fire truck with ladder and chemical equipment, 1200 feet of standard size hose, fire siren, nightwatch clock, and other appurtenances necessary to provide adequate means of combating flames. Delivery on this equipment is scheduled to be made about, or before, the completion of the water system. The price is understood to be slightly in excess of two thousand dollars, several hundred dollars less than was at first anticipated.

One stipulation in the contract of the sale is that the company, the Eureka Hose Manufacturing Company, will also have a competent instructor remain in Eden for a few days to organize a fire company and give instruction in fire fighting, and also give lessons in fire prevention at the public school.

So the sound of the siren, that wierd alarm all dread yet appreciate for its warning, will soon be a reality in Eden. Verily, the world do move, and we move forward a little with it.—Eden Echo.

FIRE PREVENTION DON'TS

Have you taken every precaution to safeguard your home against fire?

Don't permit rubbish to accumulate in basements, workshops or anywhere about the premises. Clean property seldom burns.

Don't burn trash, brush or rubbish near buildings, fences or other property, nor permit children to do so.

Don't keep ashes in wooden boxes or deposit them against wooden buildings or partitions. Keep in non-combustible receptacles.

Don't change your electric wiring without consulting a competent electrician.

Don't hang electric light cords on nails.

Don't fail to take precautions with electric flatirons and always use with signal light.

Don't fail to place metal protection under all stoves and protect woodwork where stoves or furnaces are close to walls.

Don't pass stove pipes thru ceiling, roofs or wooden partitions.

Don't neglect to have all flues examined and repaired at least once each year.

Don't fail to provide screens for open fireplaces.

Don't connect gas stoves, heaters or hot plates with rubber hose.

Don't use gasoline or benzine to cleanse clothing near an open flame, light or fire. Use non-flamable cleaner.

Don't use kerosene, benzine or naphtha in lighting fires or to quicken a slow fire.

Don't use liquid polishes near open lights. Many such compounds contain volatile flammable oils.

Don't thaw frozen pipes by applying a torch or open flame of any kind. Wrap pipes loosely with cloths and pour on hot water, or send for a plumber.

Don't allow children to play with matches. Keep matches in closed metal boxes.

Don't go into closets with lighted matches or candles.

Don't fail to remember that there is always danger in the discarded cigarette and cigar stub.

Twenty of a total of 35 premiums offered at the State Fair at Dallas for three breeds of milk goats—Toggenburg, Nubian and Saanen—were awarded to Fort Worth breeders, all of whom are members of the Texas Milk Goat Breeders' Association.

MY PART

"I watched the snow flakes falling;
They seemed so very gay;
I bent my head and listened
To what they had to say.

"'We all must work together'
They said with greatest glee,
'And overcome the weather;
It's bitter cold, you see.'

"'The flowers will be freezing
If it continues thus;
We'll cover them all snugly,
Without a bit of fuss.'

"And so a downy blanket,
All soft and smooth and white,
A thing of wondrous beauty,
They wove within a night.

"O'er Mother Earth they spread it
And kept her snug and warm;
The seeds and rootlets 'neath it
Felt not a bit of harm.

"But just suppose each flakelet
Had thought himself too small,
And had in desperation
Refused to work at all!

"Now, like the snowflakes tiny,
Although with warmer heart,
How much we can accomplish
If each will do his part."

Issuance of a $14,691,000 bond issue by the Atchison, Topeka and Santa Fe Railroad Company for the purchase of the Kansas City, Mexico and Orient Railway, recently acquired, was Saturday certified by the Kansas Public Service Commission.

Cattle stealing in West Texas counties where boom oil towns have sprung up has become so bad that an extra field inspector has been keeping watch for rustlers.

WHAT BECOMES OF KILLERS?

Every newspaper reader sees accounts of many murders, but few are able to follow the cases through to learn what really becomes of the killers, excepting in a few notable crimes.

One of America's largest life insurance companies has studied the records covering 146 cases in which its policyholders were killed by other persons. Here is what it found:

Of the 146 killers, 32 were found to have been justified in killing.

Of the remaining 114 killers, 45 were never indicted, as 22 committed suicide, 15 are still at large and 18 were turned loose for lack of evidence.

Of the 69 who were indicted, 16 were acquitted, 11 were "no trial" cases, 1 was a mistrial, so that only 41 were found guilty.

Of the 41 found guilty, 35 are serving prison sentences, 6 cases have been appealed, 3 have been granted new trials, 1 was paroled, 1 paid a fine—and ONE PAID THE DEATH PENALTY.

In the light of the above facts—and they are facts—it is little wonder that the United States has 17 times as many murders as England and six times as many as our neighbor, Canada, according to population.

No less than 150,000 feeder lambs and breeding ewes have been shipped from the San Angelo sheep and goat territory during the first 15 days of this month.

You want your land abstracted; then you had better see E. Holekamp; he has complete index of all County lands. (adv)

WHO SAID IT FIRST

Noah: "It floats!"
Solomon: "I love the ladies."
Helen of Troy: "So, this is Paris."
Samson: "I am strong for you, kid."
Nero: Keep the home fires burning."
Cleopatra: "You're as easy as Mark Antony."
Jonah: "You can't keep a good man down."
Methuselah: "The first hundred years are the hardest."
Divid: "The bigger they are the harder they fall."
Queen Elizabeth (to Sir Walter Raleigh): "Keep your shirt on."
Columbus: "I don't know where I am going, but I am on my way."
Sir Walter Raleigh (to Queen Elizabeth): "Step on it, kid."

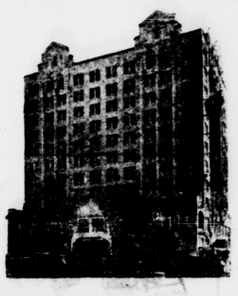

Be sure of your fatted calf before essaying the role of the prodigal son.

MRS. AUBREY HILL HONOR GUEST LAF-A-LOT CLUB

Wednesday evening Miss Lela Taylor entertained the Laf-A-Lot Club and a number of friends with a bridge at her home. Mrs. Aubrey Hill was the guest of honor on this occasion.

Halloween shades covered the lights and black cat tallies proclaimed the Halloween season.

At the close of the games Mrs. Hill was presented with a pretty nut bowl.

Black cat door stops went to Mrs. P. Joseph and to Mrs. Rudolph Tatum for high guest score and high club score. A miniature black cat was given Mrs. Clay Maddux for consolation.

Halloween plate doilies were used on the tables when refreshments of chicken salad on lettuce leaf, potato chips, olives, wafers, bread and butter sandwiches, macaroons and iced tea were served. Halloween snappers were used as favors.

BRIDGE PARTY GIVEN FOR LAF-A-LOT CLUB

Mrs. Roy Williams and Miss Ruth Beasley were joint hostesses Friday afternoon at a bridge given for the Laf-A-Lot Club and a coterie of friends, with Mrs. Carroll Dixon of San Antonio and Mrs. Aubrey Hill.

Mrs. Williams' pretty home was made more attractive by beautiful cut flowers placed in profusion about the rooms.

Mrs. Irvin Jarvis won the guest prize, a pair of hand embroidered pillow cases. The club prize, an embroidered card table cover went to Mrs. Pierce Hoggett. Mrs. Clifford received the cut prize, a pretty luncheon cloth, while Mrs. Joe Fritz won the booby, a linen handkerchief. The honorees were presented with dainty boudoir pillows.

Spiced tea, olives, pink and white fruit salad, raisin bread sandwiches, fruit pie and whipped cream were served to about forty guests. Mrs. George Vierling of San Antonio and Mrs. Alfred Davis of Lancaster, New York, were among the out-of-town guests.

HALLOWEEN

Halloween will soon be here and those interested in this evening of merrymaking are making plans for their entertainment. It is observed on the evening of October 31, and gets its name as being the eve of All Hallows, or All Saints, which falls on November 1. It is associated in the popular imagination with various superstitions and is frequently celebrated with various tricks, games and rites in many of which the element of phopheey is supposed to play a conspicuous part. Other games, such as ducking for apples in a basin of water, are associated with halloween. In more recent years some thoughtless young people have made it an evening of rowdyism. This should be discouraged, and the young people should be taught in their homes, in the schools and everywhere that it is an evening for innocent amusement.

NOTICE TO RANCHMEN

We can furnish pine tar at 25 cents per gallon.
Wahl Bros. & Schraub.

Best line of work shoes, shirts, pants and overalls in town. **Junction Tailor Shop.**

Like pure country cane syrup—the good kind? Go to Skaggs Grocery or see George Attaway on Cedar Creek for some fine Junction made syrup. Limited supply fresh from the press. 3

The Junction Eagle
EDGAR McLENDON
Editor and Manager

Published every Thursday by
The Junction Publishing Co.,
Junction, Texas

Entered as second class matter, at Post Office at Junction, Texas.

Subscription: in Kimble and adjoining counties.....$1.50
Elsewhere in Texas.....$2.00
Outside the State.....$2.50

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

All cards of thanks, resolutions of respect, church or club notices, where there is a money consideration, will be run only as paid matter at regular rates.

With this issue the new editor assumes active management of the Junction Eagle, and in doing so feels keenly the need of the co-operation of the people of Junction and Kimble County in order to give them the paper they richly deserve. The editor and his wife have their household goods here, but on account of the busy season have not yet been able to get workmen to make repairs so they can set their house in order. Before many days they hope to be at home and full-fledged citizens of this beautiful and picturesque little city. They come to make this their permanent home, and will be found anxious and willing to join hands with those interested in the continued growth and development of this section. Editing a paper in a growing town is no easy task, but the new management promises to put forth every effort to give Junction and Kimble County the best paper in its history.

Several of our exchanges have had many complimentary things to say about the Junction Eagle and the retiring manager, and some have ventured to make a few kind remarks about the new editor, who is this week assuming active management. We thank the exchanges for the nice things said about the paper and both the old and new editor. On account of the rains in this section about the time we were trying to move here we missed several of the complimentary notices. On this page will be found some of the comments by our exchanges. We thank all our brother editors for these "kind remarks," and it shall be our aim to try to maintain the high standard of the Eagle that has existed in the past. We believe in this section of Texas and shall be found in the front rank letting the world know the advantages of this beautiful hill country. Someone has properly named this the "Oasis of the Western Hills," and Junction is in the center of the oasis. Our fair little city has enjoyed a wonderful growth the past several months, and the prospects for continued growth were never better. We shall try to add our little mite and keep the good work going. When passing this way, brother editors, visit the Eagle office.

EDGAR McLENDON BUYS JUNCTION NEWSPAPER

Last week's issue of the Junction Eagle carried the announcement that Edgar McLendon, of Coleman, but formerly of Graham, had puschased the Junction Eagle.

The writer has had the pleasure of meeting Mr. McLendon, who has every appearance of being a fine man, well equipped to give Junction one of the best newspapers she has ever had. Mr. McLendon was for many years owner and publisher of The Graham paper. He made a fine success of the Graham paper which he sold several months ago. The announcement made mention of the fact that Mr. McLendon is casting his lot with the Junction people for permanent residence. Aside from his own personal fitness for conducting a first-class progressive newspaper, the new owner of the Junction Eagle will be assisted by his wife and later a son who finishes a course in Journalism this year.

The Messenger is glad to see Mr. McLendon choose a neighbor town for his home and wishes him every success as owner and editor of the Eagle; an already well established, well edited, progressive weekly publication.—Menard Messenger.

THE JUNCTION EAGLE CHANGES HANDS

It is learned that the Junction Publishing Company has been sold to Edgar McLendon of Coleman.

McLendon is a graduate of Baylor University, and spent the early part of his young manhood teaching school, 10 years of the time being spent as superintendent of school in Graham. He finally became interested in the Graham Leader and edited it for a period of seven years.

After selling his paper there some time back, he moved to Coleman, where he engaged in the grocery business. Not being satisfied, he finally determined to purchase another newspaper and make himself a home for the remainder of his life. He came to Junction with that intention.

He has a son, who will graduate from the Department of Journalism at Baylor University in the spring; another is engaged in the study of medicine, and a daughter, who is the wife of the owner of the paper at Eden.

The Junction Eagle, under the management of Weaver H. Baker, has become a newspaper that all citizens of Kimble County are justly proud of. We regret that Mr. Baker is quitting the newspaper field, but since the practice of law is his first love, we are glad to know that he shall now have more time for his profession in which he has been exceptionally successful.

During The Graphic's short existence here, we have found in Mr. Baker a warm friend, willing to co-operate with us at all times.

To the new "skipper" of The Eagle, we extend our hearty best wishes, and sincerely hope that he maintains the high standard which Weaver H. Baker has set.—London Graphic.

JUNCTION EAGLE IS BOUGHT BY McLENDON

We note in the current issue of the Junction Eagle that that spritely weekly has been purchased by Edgar McLendon, for a long time publisher of the Graham Leader, but who has recently been engaged in the grocery business at Coleman.

Mr. McLendon was too good a newspaper man to remain out of the business and goes to Junction well equipped and in one of the best inland towns in the state. He will give them a good newspaper, and Boy Howdy, right in the middle of the best fishing and hunting in Texas.

Luck to you, Mr. McLendon, you lucky dog.—Rising Star Record.

Edgar McLendon, of Graham, Texas, has purchased the Junction Eagle, and assumes immediate control. The Eagle is one of the best newspaper properties in West Texas; for the past few years it has been owned and controlled by the Junction Publishing Company, headed by Judge Weaver H. Baker. The New Era regrets to lose Judge Baker from the circle of West Texas editors, but at the same time we heartily welcome Mr. McLendon and bespeak for him the greatest success in his new field.—The Bandera New Era.

Following the death of W. H. Nethery on October 7, an inquest was held and an autopsy performed with the result that arsenic poison was found in the stomach of the deceased. A blood test of R. C. Nethery, who was taken ill at the same time as the elder Mr. Nethery, also revealed poison. An investigation by the officers led to the arrest of Mrs. Maggie Nethery, wife of R. C. Nethery, on Saturday, October 14. She has been detained in the county jail this week. Her mind seems to be deranged, and it is not known just what steps will be taken at this time.

BAPTIST NEWS

Sunday School each Sunday at 10 a. m.

Preaching at 11 a. m. and 7:30 p. m.

W. H. S. each Tuesday at the church at 3:30 p. m.

Prayer service each Wednesday at 7:30 p. m.

A cordial welcome to all.

GIANT DIRIGIBLE ENDS FLIGHT ACROSS OCEAN

Lakehurst, N. J., Oct. 15.—Graf Zeppelin, the largest airship ever built and the first to cross the Atlantic Ocean on a commercial flight, came to rest on the air field here at 5:40 p. m., completing a flight of more than 5,400 miles in 4 days 15 hours and 48 minutes.

After weathering adverse winds over Southern Europe and the open Atlantic, the crew of the Graf Zeppelin frolicked over the Atlantic Coast of the United States Monday afternoon, rewarding millions of stiff-necked spectators with a glimpse of the proud mammoth of the skies.

Then, as dusk brought favorable atmospheric conditions for a landing, the dirigible was headed directly toward Lakehurst, where it was brought to earth for the first time since Thursday morning when it soared away from Fredrichshafen, Germany, on the first trans-Atlantic flight ever attempted for commercial purposes.

Mr. and Mrs. E. H. Horney spent Tuesday in San Angelo visiting relatives. Mrs. Horney's mother, Mrs. J. D. Wood, who has been visiting there the past week, returned home with them.

NOTICE OF APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS.

To the Sheriff or any Constable of Kimble County—Greeting:

YOU ARE HEREBY COMMANDED to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Kimble, State of Texas, and you shall cause said notice to be printed at least once each week for three consecutive weeks exclusive of the first day of publication before the return day thereof:

NOTICE OF APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS.

To all Persons interested in the Estate of P. T. Hodges, deceased, Mrs. Nettie Hodges has filed in the County Court of Kimble County on the 27th day of September, A. D., 1928, an application for the probate of the last Will and Testament of said P. T. Hodges, deceased, and for letters testamentary (the said Will accompanying said application), which will be heard and acted on at the next Term of said Court, commencing the first Monday in November, A. D. 1928, same being the 5th day of November, 1928, at the Court House thereof, in the City of Junction, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

HEREIN FAIL NOT. But have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said Court, at Junction, Texas, this 28th day of September, A. D., 1928.

(SEAL) L. R. HODGES,
28-3 Clerk Co. Court, Kimble County, Texas

NOTICE TO RANCHMEN

We can furnish pine tar at 25 cents per gallon.

Wahl Bros. & Schraub.

Mrs. C. W. Vest and little sons left Monday morning for San Antonio, where they will spend a week visiting relatives.

Mr. and Mrs. W. T. Carpenter visited relatives at Ft. McKavet Sunday. They have a new Chevrolet and were giving it a test trip.

Mrs. Alfred Davis of Lancaster, New York, and Mrs. George Vierling of San Antonio spent the latter part of the week with Mrs. Roy Williams.

Coleman Radiant Heater gives healthful heat.

Junction Hardware Co.

Judge R. Wilbur Brown and his son, Kenneth W. Brown, of the firm of Brown Brothers, of San Angelo were business visitors in Junction yesterday.

GROCERIES, HARDWARE, NOTIONS LEATHER GOODS

Remain Healthy Use Common Sense

Statistics issued by public health bureaus confirm the belief that illness reaches its peak during wintertime. It's good common sense to forestall sickness by keeping your medicine chest full of the reliable specifics and remedies that treat germs roughly. We've a complete stock. PRICES ARE RIGHT.

Heyman Drug Store

Look, Before You Buy!

From childhood days, you have been told to "Look before you leap!" That's a mighty good maxim. We all think it unquestionably good advise.

Not so long ago, it was a more or less accepted custom of business, to "highpower a person"—to "sell them while the selling was good."

But nowadays, the ethics of good business does not approve of such methods. A good business house frankly enjoys fair competition. No business man wants to sell a customer **something that the customer later on finds he didn't want.**

IT HAS ALWAYS BEEN THE POLICY OF LEE MASON & SON to urge their customers to "Look before you buy"—and to "Shop before you buy."

Of course we believe that our merchandise is the very best. We wouldn't sell it, any of it, if we didn't believe in it. **But how are you going to know this unless you get comparisons?**

FOR INSTANCE, WHEN IT COMES TO BUYING AN AUTOMOBILE—It does not hurt our feelings like everything if some of our old friends—and it isn't our fault if everyone in the Hill Country isn't our friend—buys an Automobile without giving us a chance to show them our Chryslers.

We urge you to "LOOK BEFORE YOU BUY"—and while you are looking, be sure and see us! Now, as somebody once said, "There's our cards on the table." Please resolve right now, to let no influence persuade you to buy any other car, regardless of price or previous consideration, until you have first seen the new Chryslers and obtained the new low prices.

Our Mr. C. W. Arnot, our Salesman for Junction and vicinity, has been seriously ill with pneumonia the past several weeks.

We are glad to advise his friends that he is now on the road to recovery, and you will soon see him driving his beautiful Plymouth Sedan in and around Junction within a few more days.

If you want to "talk car" before Mr. Arnot sees you, please drop us a line or send us word, and it will be a pleasure to give you all information you desire.

LEE MASON & SON

Main Territory Salesroom in Kerrville

We Endorse It!

The fact that we sell the world-famous PREMIER DUPLEX electric cleaner means that we endorse it.. We make it a point to offer our customers only the most efficient electrical appliances made.
The PREMIER DUPLEX will do your cleaning as you always wanted it done—easier and quicker than ever before. Super-suction combined with motor-driven gets all the dirt from the surface of the rug and deep in the nap.
The PREMIER DUPLEX can be purchased on easy payment terms.
See these famous labor-saving appliances in our store, or better still, phone 164 for a free demonstration in your own home.

Now you can have glistening, gleaming floors. For the Premier Duplex Floor Polisher Accessory will wax and polish all types of floor surfaces—quickly and economically. See it in operation!

PREMIER PIC-UP

A new, 4-pound midget electric cleaner that is as easy to use as your electric iron! Like the Premier Duplex it has a motor-driven brush and powerful suction. Cleans automobile upholstery, stair carpets, drapes, upholstered furniture, and has many other uses.

West Texas Utilities Company

GREAT GRANDSON OF DAVY CROCKETT IS VISITOR IN OZONA

A great grandson of Davy Crockett, immortal Texas pioneer and hero of the Alamo, was a visitor in Ozona Tuesday

He was Col. J. B. Crockett of Kansas City, ex-Texas cowman and sheep man, pioneer of the West and now traveling salesman for his own manufacturing concern in Kansas City making bits and spurs. He and son are owners of the Crockett Bit and Spur Manufacturing Company of Kansas Clay, and Col. Crockett travels practically the year round. He called on the Jones Saddlery Co. while here.

Col. Crockett came to Texas in 1872.

"I knew David Crockett was a well known hunter in this state but it was not until I came to Texas that I knew he was classed as a hero and that his name was intimate in Texas history," Col. Crockett said.

Col. Crockett drove in a wagon with a span of mules from El Paso to Houston in 1872. At Houston he sold his mules and bought about 600 head of sheep, paying $1 a head for the grown sheep and 50 cents for the lambs. He drove his flock overland back through this section, taking them to New Mexico where he sold them at $3.50 a head straight. He had more sheep when he arrived in Mexico than he had when he started, he said. Ranchmen living along the route he took in returning with his flocks would ask him if he had any of their sheep. Col. Crockett recalled.

"I might have some of them," he would reply. "Look them over."

The rancher might find eight or ten head of his sheep in the flock.

"Oh, go ahead with them," he'd say. "That few won't make any difference, and they'd be picked up by somebody else anyway."

Col. Crockett spent about forty years ranching in the section where Pecos City now is, in partnership with his brother. His brother sold out several years ago and established the bit and spur business in Kansas City. Recently his brother sold out the business to him and his son and they now operate it.

He travels alone, his wife having died several years ago. He sleeps in the open the year 'round. "I haven't slept in a house in years," he said. He spends the winter in Arizona.

Col. Crockett is a typical cowman of the old school. He wears cowboy boots and a big Stetson hat (and wears them naturally), is a man of powerful build, gray hair and blue-gray eyes. His speech is typical of West Texas.—Ozona Stockman.

LOCOMOTIVE PULLS TRUCK OUT OF MUD

During the recent rain, which seemed to penetrate the earth more than the ordinary rain, and incidentally made more mud than usual, a big truck loaded with pipe became stuck in a ditch beside the Santa Fe track, and try as he might, the driver of the truck could not make that vehicle pull itself out of the mud with its own power. After trying every other known means in his efforts to get on hard ground, a locomotive which was switching in the yards, came along, and a coupling was made with the truck and with no unusual effort the truck was extracted from its seeming muddy grave.

The driver of the truck has expressed much praise for the interest shown by the train crew, and is said to have made the wish that a railroad ran parallel with every road over which he was compelled to haul pipe, where there might be the slightest likelihood of encountering any mud at all.—Ballinger Ledger.

HAIL TO THE VETERANS

Last week the veterans of two American wars held their annual conventions. The World War Veterans met at San Antonio, and the Spanish-American war veterans held their meeting at Havana, Cuba.

Surely the good wishes of our citizens were with them. Say what you please about ex-service men but when the war was on they were in it. That is a good recommendation.

Many things may be preserved in alcohol, but law and order are not on the list.

BALLINGER SCHOOLS ABOLISH HONORS

The Ballinger school board decided at their meeting Monday night to do away with the conferring of honors on members of the senior class based on the grades they made. Such honors as valedictorian and salutatorian will not be made any more and commencements will not show such honors to students of the graduation class.

The board takes the attitude that these honors are a false incentive to good work and make the student strive to make points, rather than to get a practical side of education. To know a subject means to make 100 per cent and when a grade of 75 is given it means that the student knows only three-fourths of the subject he is studying. The new plan is calculated to make a student study for the good of learning rather than for the honors they make.

Honorable mention will be given all pupils in the senior class who by their work deserve such mention. Scholarships to schools will still be awarded on the same plan as has always been used.

No office can be held by a pupil either elective or appointive who has not made an average grade of 85 per cent for the preceding year.—Ballinger Ledger.

REV. JNO. CARNEY'S WIFE IS KILLED BY TRAIN

Snyder, Texas, Oct. 15.—Mrs. John Carney of Cleburne was killed and her husband, the Rev. Mr. Carney, is in a local hospital not expected to live as the result of their being struck by a Santa Fe freight train here Monday.

The Rev. Mr. Carney is widely known over Texas as an evangelist. He had preached at the First Baptist Church here Sunday night.

Mrs. Carney is survived by a daughter, Mrs. A. D. Simons, of Cleburne, and three sons, Sam Carney of Cleburne, P. E. Carney of Fort Worth and C. C. Carney of Los Angeles, Cal.

Furthermore, the modern automobile has four brake wheels and one broke owner.

Mrs. Ben Wheat of Sonora is the guest of relatives here.

Mr. W. E. Cloud was a business visitor in Sonora Wednesday.

Judge Weaver H. Baker went to Menard yesterday of legal busness.

FOR RENT—Six room house with bath, near school building. Phone 78. 26-4c

Football fans will get a thrill on the football field tomorrow (Friday) afternoon at 4 o'clock when the boys from Fredericksburg meet the local boys here.

Mr. S. O. Durst, local game warden, returned today from San Antonio where he attended an important meeting of representatives from Texas and other states.

Scripture Reversed

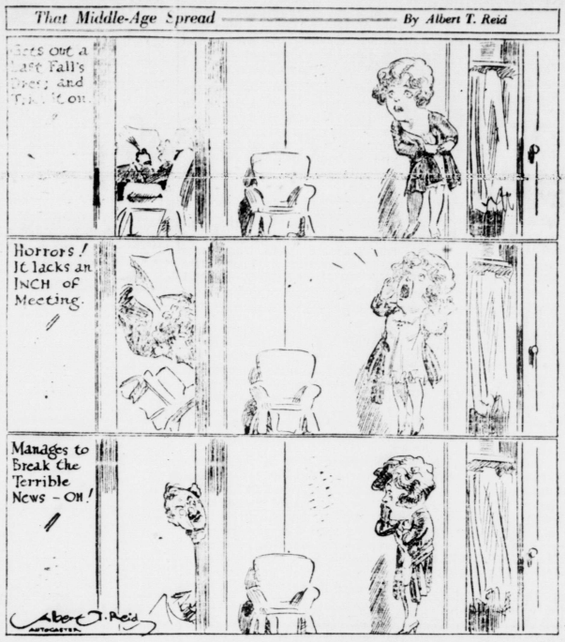

These are the days when the fatted calf returns from his vacation half killed by the prodigal sun.—Boston Transcript.

Also Silk from the Corn's Ear

Now that they can make silk underwear and stockings from cornstalks every family will want a patch of corn and raise their own teddy bears.—Los Angeles Times-Mirror.

Where the Money Goes

American men spend $20,000,000 annually to support divorced wives. And this doesn't include the money spent to support other men's divorced wives.—Washington Post.

WANTED

The Eagle is anxious to secure a correspondent from every community in Kimble County. If your community is not represented in the columns of the Eagle come in to see us and we shall try to help you. It is our desire to give Kimble County a first class newspaper. We cannot give you the paper you want unless we can get someone from your community to send in the news. You help us and let us help you.

SILVER DENIED APPEAL; MUST DIE OCTOBER 26

Austin.—Only further clemency from Gov. Dan Moody will save J. R. (Bob) Silver from death in the electric chair Oct. 26, as the Court of Criminal Appeals Wednesday denied Silver's application for leave to file a second motion for a rehearing of his appeal from the sentence given him for the part he took in the robbery and murder of Roscoe Wilson, Fort Worth theatre treasurer, Jan. 31, 1927. Silver can look no further to the courts to aid him, as he has reached the end of the legal trail.

Moody, granting Silver a third reprieve Sept. 20 until Oct. 26, said it was given solely to allow the Court of Criminal Appeals an opportunity to pass on the second rehearing application, which had been filed after the court had adjourned for a new term. He indicated that unless the court acted favorably the condemned man could not look for further clemency.

W. A. Stone, convicted with Silver, is now serving a life sentence. Stone now claims he fired the fatal shot and his statement has been one of the strongest points urged by those who are seeking to have Moody commute Silver's death sentence.

COLEMAN COUNTY WELL MAKES 723 BARRELS

Coleman, Oct. 13.—Interest among oil men in Coleman County this week was centered in the Overall District, seven miles southwest of Coleman, with the bringing in of the Continental-Atlantic-Mid-Sun-Anzac and M. G. Cheney No. 1 Overall, southwest corner J. H. Barkley survey No. 700, at 2,116 feet in the Fry sand.

For the first 24 hours after the hole had been deepened to 2,118 feet, it produced 723 barrels of 41.3 gravity oil, according to the superintendent of the Continental Oil Company.

At 2,117 after the hole had been cleaned out, it was flowing at the rate of 10 barrels per hour, with gas pressure estimated at 3,000,000 cubic feet daily. The flow was increased to 30 barrels per hour by drilling one foot deeper in the sand Wednesday at noon.

A showing of gas, estimated at 500,000 cubic feet daily, was found at 2,092 feet in the well.

TEXAS ACCIDENTAL TOLL FOR ONLY ONE WEEK

The Texas Council of Safety has been making an earnest effort for many months to lessen the number of accidents and deaths in Texas. In spite of the efforts put forth, too many people are injured and killed each week. The following report was given out by the Council for one week in September:

Cause	Injured	Killed
Automobile	157	17
Railway train	4	1
Interurban car	1	0
Street car	1	0
Airplane	0	0
Other vehicles	4	1
Falls	15	9
Burns	15	2
Drowning	1	1
Firearms	2	1
Explosives	2	1
Other Causes	24	3
Totals	226	36

January 1 to date 5263 were injured and 1173 killed in accidents of all kinds, and for the correspondnig period of 1927 3777 were injured and 1212 killed.

"GAS" FROM CORNSTALKS

Gasoline, or a suitable substitute for it—which may still be called "gas" by the word-clipping motorist—may one of these days be manufactured from a product derived from cornstalks. Dr. O. R. Sweeney, of Iowa State College, recently made this announcement—of prime interest to the automobile owner who has now and then had scares when talk of exhausting the present oil supply is heard.

The chemical product which the lowly cornstalks supply is furfural. The whole name is furfuraldehyde: an imposing name enough, certainly! But it is not so formidable as it looks, for Webster's New International Dictionary readily explains that in organic chemistry this product is "a colorless oily liquid of a pleasant odor, obtained by the distillation of bran, sugar, wood, etc." A good Latin student could tell this at a glance, for "furfur" is the Latin for bran.

NEWS NOTES

Mrs. M. E. Stanton, 79, pioneer of Menard County, died Saturday morning and was buried in the Menard Cemetery at 3 o'clock Saturday afternoon.

Between 15,000 and 20,000 rabbits have been poisoned in Midland this year with the county furnishing the poison. In counties where the rabbits were not poisoned damage to crops is estimated as high as five percent.

White and Ledbetter of Melvin and Eden loaded out a full train load, twenty-nine cars of two year old steers from their ranches recently. The cattle were shipped to the White and Ledbetter range in Northern Oklahoma.

In line with the great move of those who are interested in better farming conditions in Texas, R. E. Homann, vocatoinal agricultural teacher of Winters High School, has led his class in the organization of the first chapter of the Future Farmers of Texas, with 31 members.

Speaking over a radio and cable circuit 6,500 miles long, President Coolidge and King Alphonso of Spain inaugurated Saturday a telephonic service between their two countries, acclaiming the new means of communication as a great factor in the perpetuation of friendship and peace between them.

Legislation under which a "bolter" from a political party in Texas would be barred from participation in the primaries and other councils of that party for a period of four years for each offense, will be sought in the next session of the State Legislature. This announcement was made Saturday by Representative W. E. Pope, Corpus Christi.

A twenty-inch snake was found coiled in the inner tube of a tire casing belonging to Miss Mary E. Oliver of Fayettville, Ark. It had been dead, it is believed, since it crawled into its rubber bed at the factory. The reptile had the appearance of life and when discovered caused excitement at the repair shop. The tire had traveled 3,340 miles with its prisoner.

In a historic and educational setting, amid great enthusiasm, and viewed by a throng of at least 3,000 persons, dirt was broken at 11 o'clock Thursday morning for the 350,000 memorial dormitory for girls at Baylor University, the money having been given through the Woman's Missionary Union of Texas. This event marked the beginning of a building program of $1,000,000 for Baylor University.

Oil production in West Texas during September totaled 10,408,042 barrels, compared with 10,820,065, a decline of 412,023 barrels, while pipe line runs totaled 9,658,930 barrels compared with 10,377,245 barrels in August, a drop of 718,315 barrels. Total production during the first nine months of the year was swelled to 90,518,692 barrels. If the average monthly yield through September of 10,057,632 barrels is maintained, production by November 1 will approximate 100,000,000 barrels.

RESOLUTIONS ADOPTED BY KIMBLE COUNTY TEACHERS' INSTITUTE

We, your committee on resolutions, beg leave to submit the following.

Be it Resolved,

That we, the teachers of Kimble County, extend to Mr. Edgar McLendon our thanks and appreciation for offering us the columns of his paper as an aid in promoting certain phases of our school work. And to the other speakers we are grateful for their words of inspiration. Be it further resolved,

That we extend to Judge J. B. Randolph our sincere thanks for the untiring and sympathetic efforts and support that he has shown the teachers. Furthermore be it resolved,

That we recommend that the County Superintendent appoint a Program Committee to formulate a definite program whereby we may be able to take up a specific line of work, in order that the Institute may be more profitable in the coming year.

Respectfully,
Victoria Brewer,
Mrs. Frank Patterson,
Ethel Roberts,
Margie Higgins,
Austin Durst.

STATEMENT OF THE OWNERSHIP, Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912,

of The Junction Eagle, published weekly at Junction, Texas, for October 1928.

STATE OF TEXAS } ss.
COUNTY OF KIMBLE }

Before me, a Notary Public, in and for the State and county aforesaid, personally appeared Edgar McLendon, who, having been duly sworn according to law, deposes and says that he is the publisher of the Junction Eagle and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 445, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager are: Publisher, Edgar McLendon, Junction, Texas.

2. That the owner is: (If the publication is owned by an individual his name and address, or if owned by more than one individual the name and address of each should be given below; if the publication is owned by a corporation the name of the corporation and the names and addresses of the stockholders owning or holding one per cent or more of the total amount of stock should be given.) Junction Publishing Company, Junction, Texas.

Edgar McLendon, Junction, Texas.
Junction State Bank, Junction, Texas.
M. C. Reese, London, Texas.
J. Fred Burt, and E. E. Bolt, Junction, Texas.

3. That the known bondholders, mortgagees, and other security holders owning 1 per cent of more of total amount of bonds, mortgages, or other securities are:

Weaver H. Baker, Junction, Texas.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholder and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holded appears upon the books of the company as trustee or in other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

EDGAR McLENDON.

Sworn to and subscriber before me this 13th day of October, 1928.

(SEAL) Lanan Bissett,
(My commisson expires June 1, 1929.)

NOTICE OF APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS.
To the Sheriff or any Constable of Kimble County—Greeting:

You are hereby Commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Kimble, State of Texas, and you shall cause said notice to be printed at least once each week for three consecutive weeks exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS.

To all Persons interested in the Estate of S. H. Ivy, Deceased. Mrs. Sally Ivy has filed in the County Court of Kimble County on the 12th day of October, A. D., 1928, an application for the probate of the last Will and Testament of said S. H. Ivy, Deceased, and for letters testamentary (the said Will accompanying said application), which will be heard and acted on at the next Term of said Court, commencing the first Monday in November, A. D. 1928, same being the 5th day of November, 1928, at the Court House thereof, in the City of Junction, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said Court, at Junction, Texas, this the 13th day of October, A. D. 1928.

(SEAL) L. R. HODGES,
Clerk County Court, Kimble County, Texas
27-2c

More than $700,000 was approved by the Board of Regents as the budget for Sul Ross Teachers College the coming year. A $250,000 library and recreation building is the chief item for the year.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Kimble County, Greeting:

You are hereby commanded to cause to be published, once a week for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation, published in said County, which has been continuously and regularly published in said County for a period of not less than one year, the following notice:

To all persons interested in the welfare of Chas. Lee Fleming, a minor:

You are hereby notified that Mack Huffman has filed in the County Court of Kimble County, Texas, an application for letters of guardianship upon the person and estate of said minor, Chas. Lee Fleming, and on the 6th day of August, A. D., 1928, by order of the County Judge of said County, the said Mack Huffman was appointed temporary guardian of the person and estate of said minor, and at the next regular term of said court, commencing on the 1st Monday in November, A. D., 1928, the same being the 5th day of November, A. D., 1928, at the Court House thereof, in Junction, Texas, at which time, all persons interested in the welfare of said minor, may, and are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of said court, then the same shall become permanent.

HEREIN FAIL NOT, but have you then and there before said court, on the 1st day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, this the 6th day of October, A. D., 1928.

(SEAL) L. R. HODGES,
Clerk County Court, Kimble Co. Texas.

To the 5000 who daily become owners of the new Ford car

THE service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

Wherever you live, you will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been trained and equipped to do this work promptly, thoroughly and economically.

Ford

FORD MOTOR COMPANY

JUNCTION SCHOOL NOTES

Ruby Davis, Lois Goodwin, Virginia Strong and Ella Annis Henderson are on the sick list this week.

Edna Winslett is back in school after a week's illness.

Mrs. George Pepper visited school Monday afternoon.

Mary Beard came all the way from Fort Worth to attend school here. She is in the fifth grade. Muriel, Wanda and Billie Gray Sullivan entered school Tuesday morning. Muriel is in the ninth grade, Wanda in the fifth, and Billie Gray in the third. Lloyd Height was enrolled in the fifth grade Monday. This makes a total of forty-five pupils enrolled in the fifth grade this year. We are glad to have these new pupils with us.

Teachers' Institute was held in Junction Friday and Saturday, October 12 and 13. We didn't see any of the pupils looking very angry about the holiday Friday. The town was crowded with teachers from all parts of the county.

Some of the Seniors are looking rather sick over their civics' grades. Miss Sutton has been giving point examinations. Mrs. Felps says the eighth grade has the record for making the most D's. There were twenty-one D's out of a class of forty-three. We hope no one will try to break this record.

The High School pupils got their report cards Tuesday afternoon. Judging by the expression on the faces of some of the pupils all the grades must not have been good ones. However, Elda Simon made five A's and Carlton Wright made five A's and one B. These two pupils have the distinction of making the highest grades in ... School. According to Mr. Bierschwale, Carlton would have had another A instead of a B if he had known more about dairy cows.

The following pupils have made nothing less than B's. (Those making this record are permitted to read in the Library for pleasure):

Eleventh grade: Nevada Blackburn, Pairalee Linn, Warren Braley.

Tenth grade: Virgil Savage, Lola Mae Goben, Mary Hubert.

Ninth grade: Ella Simon, Carlton Wright, Vivian James.

Eighth grade: Sarah Schneider.

The English Four Class does not think that French Harp lessons and English lessons go very well together. They are both taught at the same period with just a floor between them, and they get mixed. You know the result.

The basket ball girls won the game played Saturday against Centerpoint. The score was 36 to 8. This was the first basket ball game played this season and we hope the girls will continue to play and win. The line-up on the team is as follows:

Tempie Boone—forward.
Hop Blackburn—forward.
Ruth Sandherr—jump center.
Muriel Warren—running center.
Marjorie Montgomery—guard.
Elsie Bessent—sub for Muriel Warren.
Lorena Couey—sub for Louise Turner.

The boys' basket ball team played against Centerpoint Saturday and lost after a hard fought game. The score was eleven to twenty-six. Our boys have had very little practice, but we think they did well. The line-up on the team is as follows:

Raymond James—forward.
Leonard Dunbar—forward.
Jack King—guard.
Russell Lavelle—guard.

The Junction Eagles will meet the Fredericksburg Hill Billies Friday at four o'clock on Junction field. Neither of these teams have been defeated in the district, and they promise a hard fought game. Ozona, Junction, Mason and Fredericksburg have not been defeated in the district, and we hope Junction will continue to hold that record. Our boys are doing some splendd practicing for this game. We hope there will be a large crowd to show the boys how we appreciate their efforts. Everybody close up and help the boys win the foot ball game. Admission: 35c and 50c.

Nothnig added or taken from the pure cane juice in making our country seeded ribbon cane syrup. It's good and good for you. Try a bucket. On sale at Skaggs Grocery or by Geo. Attaway on Perry place on Cedar Creek. 25-3c

SIX SISTERS BECOME MEMBERS OF DAUGHTERS

Waco.—Six sisters, daughters of Judge W. H. Jenkins of Waco, three of them of Dallas, became members at the same time of the Daughters of the Texas Republic, when the local organization met with its regent, Mrs. T. A. Armstrong, and her daughter, Mrs. C. B. Morrow, Jr., Wednesday. Those joining were Mrs. George W. Truett, Mrs. Oscar [illegible] and Mrs. Lee Daniel of Dallas, Mrs. Gordon Singleton of Atlanta, Ga.; Mrs. Eugene Sallee of China and Mrs. Sarah Jenkins Graves of Waco.

HOWARD PAYNE PRESIDENT HAS NOT RESIGNED

Brownwood.—Dr. Edgar Godbold, president of Howard payne College, Friday asked the press to inform Texans that he has not resigned as president of the college. This request followed receipt of several letters asking him why he had resigned.

"I want to stamp the rumor of my resignation as a falsehood immediately, for there is absoluetly nothing to it," Dr. Godbold said. "I have not thought of resigning, and any statement to the effect that I have resigned is a falsehood."

CHURCH AFFILIATION OF TEXAS U. STUDENTS

Austin, Oct. 18.—More Methodists attend the University of Texas than persons of any other religious faith, according to a survey just completed by the University Y. M. C. A.

Approximately 1,635 students in the University belong to the Methodist Church or prefer that denomination. Other denominations represented in the survey the Baptists, 994; Presbyterians, 775; Episcopalians, 384; Christians, 313; Catholics, 247; Jews, 187; Lutheran, 180; Congregationalists, 112; and the Church of Christ, 101.

Members of the different denominations are listed with the addresses and telephone numbers and typed copies of the lists are sent to the pastors of the various churches by the Y. M. C. A. This information enables the leaders of the religious work in the churches a few days after registration. a few days after registration.

WORLD'S LARGEST LAMP

The world's largest electric lamp, a monster 50,000 watt experimental bulb built recently is like a radio tube in appearance. At the top of the bulb a radiator made of metal fins carries off intense heat generated by the white-hot tungsten filament, which has a temperature of 5,500 degrees Fahrenheit—twice as hot as molten steel. The bulb is filled with nitrogen gas, whose circulation cools it and carries upward into the radiator evaporated or thrown-off tungsten particles from the filament, thus preventing blackening of the walls. Although the present lamp is intended simply for a test by its designer such huge lights ultimately may find use in airport lighting and for the illumination of motion picture studios.

NEED GLASSES

Dr. Jones, the eye man, will be in Dr. Luehrs office Friday, October 26. See him about your eyes and glasses.

Our Bread Speaks For Itself!

And, boy, it says a mouthful!

Just try a loaf of our delicious, fresh-from-the oven breed. It is made of the purest ingredients and baked by experts.

There's nothing as good. Unless it's our cake.

Special cakes made up for social occasions. Just leave your order with us.

Our machinery for making this bread is all up-to-date and the latest improved.

Satisfaction guaranteed.

PROBATE OF WILL

THE STATE OF TEXAS:
To the Sheriff or any Constable of Kimble County, Texas, Greeting:

You are hereby commanded to cause to be published in some newspaper regularly published in your County, for twenty (20) days, notice in words and figures as follows, to-wit:

No. 246; Estate of T. M. Winslett, deceased. In the County Court of Kimble County, Texas.

To all persons interested in the estate of T. M. Winslett, deceased:

You will take notice that on and after the expiraton of twenty days from the service hereof, Claribel Winslett, who has filed herein for probate the last will and testament of T. M. Winslett, deceased, and an application to be confirmed a Independent Executrix under the provisions of said will, will apply to the Clerk of the County Court of Kimble County, Texas, for a commission to take the answers of the witnesses to said will, who are Frank Howard, Scott Snodgrass and Mrs. May Yeary, all of whom reside in San Angelo, County of Tom Green, State of Texas, to the interrogatories attached to said application, and that a commission will issue on and after the twenty days after the publication of this notice to take the depositions of said witnesses.

Given under my hand and seal of said Court at my office in the Town of Junction, this the 28th day of September, 1928.
(SEAL) L. R. HODGES,
Clerk of Co. Court, Kimble County, Texas.

Issued this 28th day of September, A. D., 1928.
25-3 L. R. HODGES,
Clerk of Co. Court, Kimble County, Texas.

Abstracts for your lands can be secured on short notice from E. Holekamp. 25 years in business; we know how. (adv)

Every married woman thinks that all her husband's bachelor friends envy him.

TRESPASS NOTICE

Hunting and trapping is positively forbidden on my place, and all violations will be prosecuted.

24-fc W. W. Buck.

Junction Trade Notes

The Texas Poultry Dealers Association in convention at Fort Worth the 12th inst., forecast a shortage of about 30% in the turkey crop this year and probably higher prices than the market has known in some time. Ranchmen of Kimble County report fewer young wild turkeys than usual, due probably to the late spring cold wave; but that fact will not discourage hunters in their zealous pursuit of the old gobblers.

Further evidence of the near approach of autumnal frost is: Junction Cafes are serving fish and oysters.

The person who is undecided about his coffee, or desires a change, cannot go wrong in using Lipton's, vacuum-packed. It is as good, or better, than Lipton's tea. **Gann Grocery Company.**

R. L. Becker is in Mason county this week harvesting his third crop of honey for the year. He expects to get 2000 pounds this harvest, which would make his total harvest of the year around 8000 pounds, or four tons of honey.

Hundreds of thousands pounds of pecans are now being gathered along the Llanos and will soon be ready for market. The nuts are well developed this year and should command the top price. The market is expected to open within the next week. Up to the present, only local sales have been made at purely speculative prices.

New crop dried fruits in stock —prunes, peaches, apples, apricots, white figs, in bulk. **Gann Grocery Company.**

Albert Becker had bass for breakfast Monday—weight 2½ pounds, dressed. The bass was caught the day before Monday.

G. D. Beard, recently of Fort Worth, accompanied by his family, is making Junction his home while he is in charge of the Texas Company's local office during construction of the company's oil pipeline from West Texas to seaport. Mr. and Mrs. Beard have an apartment at Grande Court, while their young son is attending Junction public school.

With the paving of Junction's main street now under way the public may expect some inconvenience, and a one-block detour, until the work is finished. It would be a happy achievement if—some plan of paving the "main drag" to the summer playgrounds of the Llanos—could be worked out.

Teacup Organizes P-T Association

The patrons and teachers of Teacup School met Friday afternoon, October 5th, and organized a Parent-Teachers' Association with the following officers:

B. B. Reese, president; Mrs. Frank Patterson, 1st vice president; Mrs. Tate Jarvis, 2nd vice president; Miss Alberta Wootan, secretary-treasurer.

There were fifteen members present and an active membership campaign is being waged.

The association will meet the first and third Friday afternoons in each month at three o'clock. Those interested are especially invited to come.

The following program will be rendered at 3 o'clock Friday afternoon, October 19.

Reading, "Columbus"—Robert Fisher.

Reading, "Tomboy Girl"—Lee Ola Hodges.

Readings from pupils in primary grades.

Business meeting.

Talk by Mrs. George Pepper.

KNOW TEXAS

Manufacture of carbon black from natural gas is a growing industry in Texas and now employs about 1,500 people.

Texas has moved in second place in production of natural gas, registering a 45% increase last year.

The Southwestern Bell Telephone Company forecasts that Texas will have 1,270,000 telephones by 1950. It now has about 635,000.

The farm population of Texas is now 2,199,173.

Junction State Bank Makes Great Report

A statement of the Junction State Bank and the Junction Cattle Loan Company in this issue shows a healthy financial condition. The combined resources of the two institutions are far above the million mark. In 1908 the resources of the bank amounted to $115,538.74. In 1918 they had climbed to the enormous sum of $324,762.39. That was a wonderful growth, but the report in this issue, ten years later than the last report given above, reveals the fact that the resources of the bank now amount to $962,431.58. Add to this the resources of the Cattle Loan Company and the grand total is swelled to $1,315,769.06. Few institutions make such phenomenal growth as these have. They serve Kimble and adjoining counties, and are playing a great part in the development of this section of Texas.

The following officers and directors manage the affairs of these great institutions: W. P. Riley, President; E. E. Bolt, Vice President; C. T. Holekamp, Cashier; J. F. Burt, A. L. Mudge, Wm. R. McKee, John R. Martin.

ENTERTAINS

One of the most delightful affairs of the fall season was the party given Wednesday by Mrs. A. S. Rieck, honoring her house guest, Mrs. T. W. Satterfield.

Mrs. Rieck's charming home was further enhanced by vases and bowls filled with cosmos, zinnias and other cut flowers.

After a series of bridge games Mrs. V. H. Hardeman was presented with a beautiful orange pillow for high score. The second prize, Dorothy Gray bath salts, went to Mrs. Henry Taylor. Mrs. Satterfield was the recipient of a dainty organdie pillow trimmed with hand-made organdy flowers.

The cut prize, hand-made handkerchiefs, went to Mrs. Russell Callan of Menard. Mrs. M. Awbrey was consoled with a pretty handkerchief.

Waldorf salad, Boston brown bread, cake, olives, wafers and coffee were served to about forty guests.

The out-of-town guests were Mrs. G. W. Satterfield of Oklahoma City, Mrs. Ben Wheat of Sonora and Mrs. Russell Callan of Menard.

BANNER-LEDGER SPECIAL

The Banner-Ledger of Ballinger out-did itself in the Runnels County Fair Edition last week, coming out with a 40-page edition telling about the big fair and inviting the people to come and see what Runnels County is doing. The special edition would be a credit to a city like Abilene or San Angelo. Everyone connected with that issue deserves credit.

Limited number of Men's Suits, 25% off regular price.
Junction Tailor Shop.

BURT FLEMING POST WELL REPRESENTED AT ANNUAL MEETING

Post Commander Walter Buck and more than twenty other legionnaires returned the latter part of last week from San Antonio, where they had attended the Tenth Annual Convention of the American Legion. Everyone reports a great time, and some of them are still hoarse from the over-exercise of their lungs. Our neighbor, A. P. Boyett, says that you can tell everybody we had a great time.

General Pershing and many other army officials were present to add dignity to the occasion, however, the great majority of the boys were more interested in fun than in dignity. Some of the boys who have families carried the wife along to look after them.

One of the biggest rodeos ever held in the country was staged in San Antonio and we understand that three of our Kimble County citizens took part in the rodeo—Messrs. Carl Wolf, Clarence Turner and Henry Coleman. If others were in the rodeo we failed to get their names.

Burt Fleming Post No. 237 was represented by the following members: Walter Buck, Guy Wynne, K. G. Durst, Forrest Weldon, E. O. Lowgren, Otto Fisher, Odie Wright, Joe Gardner, Rudolph Becker, G. W. Crabb, M. Awbrey, Louis Coleman, Weaver H. Baker, R. I. Jarvis, Frank Remboldt, John Phillips, H. I. Taylor, H. S. Bradley, A. W. Browning, B. B. Ragland and A. P Boyett. If any legionnaires are omitted, it is because we were unable to secure the names. Several of the boys had their families with them and many other Kimble County citizens attended one or more days.

MISTAKES IN HOG FEEDING

Farmers who are feeding and breeding hogs for market after the scientific and practical extension service methods are making money at a time when money is needed, and needed badly, by the cotton farmer especially. Some of the common mistakes that are rapidly being corrected are.—

1. Attempting to fatten hogs on all-corn ration.

2. Attempting to fatten hogs with no corn or its equivalent in the ration.

3. Not adding to the ration protein and mineral feeds like fishmeal or tankage in quantities and proportions demanded by the age and weight of the animal to which it is fed.

"WIENIE" ROAST

Thursday evening Katherine Johnson and Eleanor Highsmith invited a number of friends to a wiener roast at Cedar Crossing.

Games were played and a pleasant time enjoyed by all.

ATLANTIC CROSSINGS

Oct. 12, 1492—Columbus completes first record crossing.

In 1840—Steamer Britannia makes first steamship crossing, in fourteen days.

In 1858—First submarine cable completed.

Dec. 10, 1901—First wireless message sent across ocean from Cornwall. England, to Newfoundland.

July, 1916—German submarine Deutschland makes first submarine voyage, reaching Norfolk, Va.

May, 1919 — Three United States Navy flying boats make first airplane crossing, from Newfoundland to Lisbon, Portugal, via Azores.

July, 1919—British airship R-34 makes first dirigible crossing, from Scotland to New York.

Nov. 30,1924—First picture sent by wireless, from New York to London.

May 21, 1927—Charles A. Lindbergh completes first one-man nonstop airplane flight from New York to Paris.

Oct. 15, 1928—Graf Zeppelin completes first trans-Atlantic passenger service flight.

UPSHUR COUNTY'S OLDEST INHABITANT BURIED

Lucy Johnson, colored, whose age is given by her family as 106 or 108 years, died near Ewell Wednesday. Death came naturally without any previous illness.

Lucy Johnson was born in Africa, was captured by slave traders and brought to America on a slave ship. She was purchased by Southern planters and doubtless changed owners a number of times before coming to Texas at an early date.

So great is the lapse of time since the Negroes were liberated that the name of her last owner could not be learned at this writing.

"Old Lucy," as she was called had the good will of the white people who knew her. She has had a number of children and it would be difficult to estimate the number of lineal descendants.

As a simple arithmetical calculation will prove, anyone who was 20 years old in 1865 when the War Between the States came to end is now 83 years old. This means that in a comparatively few years now the last of our Confederate Veterans will have passed on. It is these old men, and the old-time slave Negroes that form the connecting link between the Old and the New South. The Old South, in addition to its many other fine attributes carried a romance and a glamor that will always live in the hearts of Southern people. The New South will not forget the Old South, even when the last of our old-time people are gone.—The Progressive Farmer.

Winter made a flying assault on the Middle and Southern Rocky Mountain Range States Tuesday, spreading a thick mantle of snow over the area as the season s first storm was driven down from the Northern States of Montana and Wyoming by rising temperatures and sunny skies.

NOTICE OF APPLICATION FOR PROBATE OF WILL.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Kimble County Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Kimble, State of Texas, and you shall cause said notice to be printed at least once each week for four consecutive weeks exclusive of the first day day of publication before the return day hereof:

NOTICE OF APPLICATION FOR PROBATE OF WILL.

THE STATE OF TEXAS.

To all persons interested in the Estate of S. B. McKee, Deceased, W. R. McKee has filed in the County Court of Kimble County on the 11th day of October, A. D. 1928, an application for the probate of the last Will and Testament of said S. B. McKee, Deceased, and for letters testamentary (the said Will accompanying said application), which will be heard and acted on at the next Term of said Court, commencing the first Monday in November, A. D. 1928, same being the 5th day of November, A. D. 1928, at the Court House thereof, in the City of Junction, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said Court, at Junction, Kimble County, Texas, this the 11th day of October, A. D. 1928. (SEAL)

L. R. HODGES,
Clerk County Court, Kimble County, Texas.

The New Ford

Slowly but surely the New Ford is regaining leadership over all other cars. Registrations show Ford leadership in North Dakota, Rhode Island, South Carolina, North Carolina, Arkansas, Deleware and Minnesota. Many other states show Ford totals close to the lead.

Just think of it. All in less than ten months time. Watch the coming six months.

5000 New Fords are delivered every working day in the United States. Just watch the New Ford; and ask any owner how they like its performance.

The New Ford is a QUALITY product throughout. Good looking, EASY riding, COMFORTABLE, and FASTER than you will want to ride. ALL for the LEAST money.

Why not SAVE the DIFFERENCE and BUY a FORD?

THINK IT OVER

Ford

Outside Icing

Why don't YOU enjoy its wonderful convenience?

With outside icing facilities an ice box can be kept well iced all the time whether the housewife is at home or not. All that is necessary is to tell the iceman to keep the refrigerator well iced—and then enjoy the perfect service which ice—the truly ideal refrigerant—gives, combined with a facility which relieves you of all responsibility.

And the cost is but little more than for an ordinary ice box! If you are moving into a new house or apartment this fall be sure to insist on outside icing. Or, if you are planning to stay where you are, you can have an outside icer put in with little trouble and at very moderate cost.

Borden Ice Company

You may feel fit today, and feel that your worries are insignificant; you are young and healthful and "peppy."
BUT HOW WILL YOU FEEL TWENTY YEARS FROM NOW?

By starting a savings account now and depositing a part of your earnings each month, twenty years hence you will be able to look the world in the face without worry. Don't be a dub; start a savings account now.
