Mr. Mellon Borrows
A Better War
Mussolini Preparing
Baltimore 200 Years Old

Secretary Mellon, needing $500,000,000 for Uncle Sam's use, invited subscriptions to treasury certificates. He was offered $1,486,000,000, almost a $1,000,000,000 more than he needed.

By the way, he did not pay 9 per cent, or the federal reserve 6 per cent discount rate, either.

It looks like a real fight by Standard and other big oil companies against the British "Shell" invading these United States.

Standard Oil cuts prices. Shell says, "I call you" and also cuts prices. Interesting war and a better kind, with dollars instead of men lost.

In his government Mussolini held eight posts, minister of foreign affairs, marine, colonies, war, aviation, etc.

Now the powerful Italian resigns seven of his cabinet offices, remaining premier and minister of the interior only.

The king announces the changes by royal decree. Mussolini told him what to announce.

The years are passing. Mussolini knows it, and seeks to build a government machine that will survive.

The Italian question is "After Mussolini. what?"

Lord Rothermere in a signed article asks Britain to give up the mandate and withdraw from Jerusalem. He thinks Jews would prefer "a national home in the United States to patriarchal poverty in Palestine."

A majority of Jews do prefer such a home. There are only 2,000 American Jews among 160,000 in Palestine.

But for a minority there is a passionate desire to restore Jerusalem. It may not be understood by a Scotchman not interested in returning to Edinburgh. But a Frenchman who never loses the memory of Paris understands it.

Baltimore, planning to be the country's greatest airplane city, celebrated its two hundredth birthday with flags, speeches, and warships, on water and in the air.

More than one hundred years ago the guns of Fort McHenry kept the British fleet from descending on Baltimore. "The Star-Spangled Banner" was written to celebrate that event.

Baltimore, two hundred years old, is younger and more energetic than ever.

Twenty-seven European nations are working at a plan called "the United States of Europe plan." Germany says she will join but not if there is an "anti-American pact."

That's another hint to President Hoover, and others responsible, to make this country strong enough to take care of itself.

A young German, J. F. Bohnhoeffer, climbed out of the trenches, took off his steel helmet when the war ended, aged seventeen.

Instead of spending the rest of his life telling what a hero he had been, he went to work. He now amazes a scientific gathering at Minneapolis, proving that he can divide the supposedly indivisible molecule of hydrogen gas into two different substances.

No money in it, as yet, but Doctor Taylor, of Princeton, calls it the "greatest scientific discovery of 1929."

Britain considers the situation safe and has withdrawn from Malta the battleship "Royal Sovereign" that had been ordered to stand by for Palestine trouble.

Britain also has "naval experts" that object to progress.

They object now to building a tunnel under the English Channel to connect France and England by rail and automobile.

Nevertheless, the tunnel will be built.

It will cost $150,000,000, and employ 12,000 men for four years. With the arrival of the airship, Britain is no more an island than France or Germany, and no longer fears invasion by tunnel.

Big business grows bigger and bigger. Everybody was excited, and muckrakers raked furiously, when old Standard Oil was supposed to be worth half a billion. Now, split up, it's worth many billions. No one worries.

Highway sign painters and their customers make the country hideous. Illinois has a plan to fight that evil.

Trees and shrubs will be planted close together along highway, begirding with places where offensive signboards are already located.

Other states might adopt the idea, not patented.

If you are a bear, waiting for that "big smash in stocks" that is to make you rich, postpone your hopes awhile.

Our Commerce Department says everything is going admirably. For the last quarter of this year net earnings of corporations will run 25 per cent ahead of the same quarter in 1928. That means not a little money, but billions. We do things on a big scale.

With everything from lunch counters to steel mills incorporated, corporation earnings reflect national prosperity.

Snyder Tigers Open Season At Stadium Friday

Local Boys Take On Spur; Positions On Teams Not Yet Cinched

The Snyder High Tigers will open the season at Snyder stadium Friday (tomorrow) when the strong Spur High School team will be here for a non-conference game. The game scheduled for 3:30 o'clock. Coach Ottis Moore's Tigers are in fine shape for this first tilt, and a thrilling battle is expected.

Business Men Support

In this issue of the Times-Signal will be found a full page announcing this first game as well as the scheduled games for the balance of the season. This page is being made possible through the loyal support of the various merchants, business and professional men whose names appear at the bottom of the page. They are real boosters and are thereby letting the Snyder Tigers, the Pep Squad, the faculty and the school as a whole know that they are backing the team to the limit.

Lineup Indefinite

With 35 men coming out daily for practice, Coach Moore has a real job on his hands when it comes to deciding on the playing lineup. No positions have been cinched by any of the players, while Bedford McClinton, freshman, is showing unusual punch in the quarterback position. Dan Trice at offensive center and defensive halfback looks mighty good. Drinkard looks good at tackle. In fact nearly all the squad are showing pep and ability, but this first game will do much to reveal some of the other outstanding players and the positions they are best suited for.

No captain has been elected. This election will be held after tomorrow's game, according to Coach Moore.

Play Rotan at Fair

The Tigers will play their first conference game of the season next Friday, Sept. 27, as a special free attraction at the Scurry County Fair. This game will be played at Wolf Park, the scene of the fair.

Looking forward to this important game, no spectators will be allowed on the practice field next Tuesday and Wednesday. Hereafter Tuesday and Wednesday of each week will be secret session days, and absolutely no spectators will be allowed.

Sweetwater Coming

Last Saturday a game was matched with the Sweetwater Mustangs, the game to be played in Snyder on Thanksgiving. This is a Class A team and will give the Tigers something to work to, but past experience has proved that Sweetwater holds no terror for the local boys.

Stores to Close

For the game at the Fair next Friday all the stores and places of business will be closed. Since the game tomorrow, although a non-conference contest, is the first one and necessarily a very important one, it has been suggested that the town close up for two or three hours for it. Let's give the Tigers the biggest send-off they have ever had and show them that all of Snyder is behind them and helping them.

What say, folks? Let's go see the Tigers "Eat Up" Spur!

FOOT BALL DATA

Snyder Tigers open their season in Snyder Friday, Sept. 26, when they tie into Rotan for their first conference battle. Friday, Oct. 4, the Lorraine team will appear here.

Roscoe follows and the big Armistice Day battle will be played with Colorado, perhaps the most bitter rivals that the local team meets outside of Sweetwater who will come here Thanksgiving Day.

Coach "Red" Moore likes the pep and go of the local squad, and the team has been working very hard to get into condition and make a name for the present year's team. Forty-one boys are out whose names have already been given in the paper when they held their recent training camp at the Country Club.

Other games are to be arranged and announcements will be made from time to time.

MISS MAURINE CUNNINGHAM ELECTED PEP SQUAD SPONSOR

At a called meeting of the Snyder High School Pep Squad Tuesday morning, Miss Maurine Cunningham was elected sponsor. It was decided that the pep squad membership will be restricted to a limited number, although the limit was not stated. No yell and song leaders have yet been elected.

Ton Litter Will Be Great Exhibit At County Fair

Ed Jones of Fluvanna Will Show Ten Pigs That Prove Feeding Pays

One of the greatest exhibits that will be made at the Scurry County Fair next week is the ton-litter pork production showing of Ed Jones of Fluvanna. He has just recently closed his records with the litter of ten pigs which are a direct cross of Duroc and Poland China with fine foundation stock to start from.

Mr. Jones, a son of J. A. J. Jones, started the contest when the pigs were farrowed April 16 and has kept accurate records of feeding the litter and all other costs, including feeding sow from breeding until pigs were weaned and service fee on sow. A large group of Snyder business men together with Ed's neighbors saw the final weighing of these pigs over tested cotton scales when the pigs were 148 days old. The total weight of the litter was 2,285 pounds with the lightest pig weighing 216 and the heaviest 244. The total cost of producing the litter, or 2,285 pounds of pork was $136.00 divided as follows:

Breeding service, $5; feeding sow from then until farrowing time and on until pigs were weaned, $38.27; feed for pigs from weaning until final weighing, $92.73; average daily gain of ten pigs (of which 4 were sows and 6 boars) 15 pounds, average cost per pound of gain 5.9 cents.

According to County Agent W. O. Logan, who with H. L. Gantz, field editor Farm and Ranch, and a Times-Signal representative visited the Jones place, Tuesday, Mr. Jones found the feeding to be a most profitable way to market the pigs and feed and intends starting another litter from the same sow within the next week, as all season records have been already started.

Mr. Jones feels that with the second trial that he can bring a litter to the full production weight within 125 days as the weather will be much cooler. While the present litter reached a high stage during the hottest o weather, improvement was noted because of the fact that the pigs had a large arbor to rest under where they could remain in the shade during the hottest part of the day.

Visitors to the Scurry County Fair will see many Club pigs that have been developed very rapidly and at a low cost of production, including the ton-litter grown by Ed Jones of Fluvanna. While Ed isn't a Club boy he has been interested in the Fluvanna club for two or three years trying to help the boys out as local leader and has gained some valuable inormation keeping up with what others are doing.

Knapp Boasts of New Golf Course

Local Men Try Out Henry Richter's Nine-Hole Course Sunday

George Northcutt, A. A. Bullock, O. S. Williamson, E. F. McCarty and W. H. Ritzenthaler spent a very enjoyable afternoon Sunday at the Henry Richter Farm south of Knapp.

Mr. Richter has laid out and cleared a nine-hole golf course at his farm, and was in town Saturday and invited the Snyder men out to play the course. The course as laid out by Mr. Richter is a sporty nine-hole course that would do credit to any town many times larger than the Knapp community.

After an enjoyable round of golf the visitors from Snyder and neighbors of the Richter family were served to watermelons that were grown in that community.

Mr. Richter is an enthusiastic supporter of any kind of athletics and for several years had a ball diamond that served the Knapp ball club and the school basketball court was also located there for a time. There is now besides the golf course a tennis court that affords many hours of pleasure for Mr. Richter's many friends, and this has added much to the strengthening of friendship of the community and brought about a harmony that has made Knapp one of the outstanding communities of the county.

ENROLLMENT IN COMMERCIAL WORK INCREASES 400%

That a Commercial Department in Snyder High School is in great demand is evidenced by the increased enrollment this fall. The enrollment has been increased over 400 per cent over last year, according to Superintendent Corry, who said Tuesday that the school was forced to purchase four additional typewriters and other equipment to take care of the rapidly increasing number of students who have signed up for the various commercial courses.

Miss Marguerite Person is the efficient instructor in this popular department.

Martha Gray, Popular Snyder Miss, Takes the Lead This Week

Clark, Stavely, Holladay and Bryant Polled Tremendous Vote This Week as Contest Nears the End. Have You Voted Yet?

BRINGING part of her reserve vote into effect this week, Miss Martha Gray, takes the lead in the Scurry County Times-Signal's great circulation campaign.

NAME	TOWN	VOTES
Miss Pearl Bryant	Snyder	933,000
Gertrude Caswell	Hermleigh	370,000
Manie Lee Clark	Snyder Rt. 1	937,000
Martha Gray	Snyder	940,800
Hazel Holladay	Ira	933,900
Mrs. J. A. Martin	Polar	263,900
Mrs. Jim Norred	Dunn	506,100
Vera Stavely	Fluvanna	935,400

These names are arranged in alphabetical order. Votes were compiled September 17th

Miss Gray polled 600,000 votes over last week's totals that makes Miss Gray a real contender for one of the Chevrolets and high honors.

The question going the rounds at this time is: "Who will be voted the popular lady in Scurry county that will seat her in the Chevrolet coach Oct. 5?"

Not to be outdone by Miss Gray and her great vote gains of this week, we find that several of the other contestants are right on the heals of Miss Gray's great vote gains.

In the country disrticts Miss Mannie Lee Clark, Miss Vera Stavely, Miss Hazel Holladay are not to be denied when it comes to booster friends.

As stated in last week's issue of the Times-Signal, it looks like a real battle of votes between the country contestants and those of Snyder.

Two honest-to-goodness contestants represent Snyder in the person of Miss Martha Gray and Miss Pearl Bryant, while the county folks will depend on Miss Mannie Lee Clark, Miss Vera Stavely and Hazel Holladay.

With Saturday night bringing to a close the second best vote offer now in effect it remains to be seen how many of the five leading Chevrolet workers will avail themselves of the present big vote offer.

The critical time in the campaign is now to hand, only a few more days and the prizes will be awarded to those having the greatest number of votes issued to contestants on new and renewal "Paid In Advance" subscriptions.

Every day, in fact, every hour, from now on will tell the tale. If you are indifferent as to your opportunity you can blame no one but yourself if you do not receive one of the feature awards.

Nine o'clock, Saturday evening, Sept. 21, is the zero hour, in so far as the present big offer is concerned. Then comes the lowest vote offer during the entire campaign.

Two $735 fully equipped Chevrolets will be given two contestants having the greatest number of votes on the night of Oct. 5, a few weeks hence.

Excuses won't get you anywhere. Votes can be had simply for the asking. Your previous efforts have proven this, you will agree. Days given to the work produced many votes, and votes will receive the best prize awards.

Don't become over confident. It's better to win by far than lose by a few votes. It is a fact, the more votes you have on Oct. 5 the better will be your prize award.

Must I say again, long term subscriptions can seat you in one of the two Chevrolets and high honors.

Let there be no regrets. No ifs and ands, real honest-to-goodness salesmanship counts from now on. Wat's it's to be, Chevrolet or wrist watch?

OVER CONFIDENCE

TOO many times are we prone to be over confident. Especially is this true in campaigns such as the Times-Signal's big prize subscription campaign.

The writer has seen contestants lose the grand prize and high honors simply because they thought they had enough votes.

With the rules stating that votes can be held in reserve when issued there is no way in you knowing the full voting strength of other contestants until the official judges have counted them, when the contest is closed.

The safe way, is get all the votes possible, especially long term subscriptions.

1,500,000 VOTES

BEING that it is perfectly understood that votes, and votes alone, will for sure seat you in the Chevrolet cars, why not direct you final efforts to getting long term subscriptions?

Surely you have ten real friends that will gladly subscribe for the Times-Signal for a ten-year period when the real facts are presented to them.

Not alone the value of the Chevrolets must be considered—but the honor as well which will be granted that contestant who drives home the first grand prize on the evening of Oct. 5.

The two $735 fully equipped Chevrolet cars carry the guarantee of the Yoder-Anderson Motor Company.

SWEETWATER TO BATTLE SNYDER ON TURKEY DAY

Snyder will furnish the Turkey Day opposition for the Mustangs this season, high school athletic officials announced yesterday after a conference with Coach Moore of the Tigers who was here to witness the clash with Merkel, says the Sunday Sweetwater Reporter.

Colorado has been tentatively scheduled for the Thanksgiving date, Nov. 28, but officials of the two schools never were able to get together on the proposition.

Last season the Mustangs downed the Tigers, 20 to 12, in a pitched battle that would have settled the district championship but for ineligibilities on both clubs that were brought out later. The athletic rivalry generated at that time reached fever heat and it is believed the game this season will be a big attraction.

The game will probably be played at Snyder since the two clubs met here last year.

COUNCIL WILL STAY

At a special called meeting of the Snyder City Council, Saturday night, it was decided to continue their meeting place at the R. S. & P. depot where they have been meeting for years. It had been announced that they would join with the Chamber of Commerce and Merchants' Association and move to the basement of the building formerly occupied by the Shull Variety store.

Council figures that with the books always available with City Secretary A. C. Preuitt at the R. S. & P. it was more advantageous to remain there—so there they will be as the vote for remaining there was unanimous.

Attend the ball game Friday.

TEXAS PACIFIC COAL & OIL COMPANY WILL ERECT NEW STATION

Announcement has been made by E. C. Neeley, Scurry county agent, for the Texas Pacific Coal & Oil Company of the erection of a new and modern filling station at the corner, east of the Wilkirson Lumber Company. The lot, 60x150, was recently purchased from S. R. Pickas.

The filling station that will cost $5,000 will be of the new and beautiful design that the Texas Pacific Coal & Oil Co. are erecting in the larger cities and will be made entirely of steel and ornamental glass.

Every convenience known to the present-day station will be installed and construction is presumed to start this week.

Congratulations are due the company and to Mr. Neeley for adding such a beautiful structure to that portion of the east highway.

The one vote against Texas' annexation to the United States was that of Robert Bache of Houston, kinsman of Benjamin Franklin.

CENSUS SUPERVISOR NAMED

Dr. Irwin Edward Barr of Lubbock was named Monday as the supervisor for the 1930 census for the Lubbock district, of which Scurry county is a part and parcel. Dr. Barr will maintain his headquarters in Lubbock.

Other counties included in the district are: Borden, Cochran, Crosby, Dawson, Dickens, Fisher, Gaines, Garza, Haskell, Hockley, Kent, Lubbock, Lynn, Stonewall, Terry and Yoakum.

Who will be the Scurry county supervisor was not named in the dispatch which was sent out of Washington.

Quarter Million Dollars Ahead of Last Year's Roll

Tax Assessor Sterlin Taylor Reports Increase of $288,318.00

According to Tax Assessor Sterlin Taylor, the state and county tax roll has been checked and approved by the commissioner's court and the tax department of the state comptroller's offices and it is found that the total valuation for Scurry county reaches the fine total of $7,335,989, an increase of $288,318 over 1928. The tax roll is now in the hands of the county tax collector and receipts will be ready to be issued by Oct. 1.

It is highly complimentary to Mr. Taylor to know that the tax roll of Scurry county was third in the state to be filed with the state comptroller's offices, this being the second time in three years that the county has achieved the honor of being third to reach the department. In addition, all work on the 1929 tax roll was done by Mr. Taylor, with the exception of $56 that was paid out for typing.

Efficiency in a public office is one of the greatest accomplishments of any public servant and let it be said that Sterlin Taylor's efficiency in his department has placed him among the leading tax assessors of the state of Texas. Congratulations are due him for his remarkable and fine accomplishments.

Noted Lecturer Comes to Snyder September 24th

Value of Cow to the Farm Will Be Shown By Practical Farmer

"Make the Cow Your Partner" will be the principal topic of interest at a community meeting to be held at the court house next Tuesday evening, Sept. 24, when H. S. Mobley, noted lecturer and practical southern farmer, will appear here. The meeting will be held at the court house.

This community gathering, coming just ahead of the annual County Fair should bring a full house, as Mr. Mobley is carrying a message to all important centers of West Texas of just what importance dairying is to the better interests of every community.

Everyone interested in the welfare of his family and community should hear Mr. Mobley in his helpful talk on "The Stepmother of the Human Race—the Cow."

The talk will be interesting as well as helpful. Mr. Mobley has demonstration material as well as large lecture charts. He will be easily followed in the message which he will bring to us.

This meeting is for everyone in Scurry county and should be attended by every member of the family. Bring your wife and children along. They will enjoy the evening.

Mr. Mobley represents the International Harvester Company in the Agricultural Extension Department. No admission will be charged.

URGES SELLING OF WEST TEXAS CATTLE TO EASTERN FFEDERS

Organization of the Texas Breeders and Feeders Association to develop interest in feeding and selling cattle in Texas, is proposed in letters sent to several thousand Texas cattlemen by Frank P. Holland, of Dallas and which have been received here in Snyder.

A meeting of Texas cattlemen has been called for Oct. 17 in Dallas at which time the organization will be perfected.

"In the past cattlemen have sold their young animals to the feeders of the corn belt," Holland said, "and it is my plan to feed the young animals produced on the ranches of West Texas in the black land belt of East Texas.

In this way, Holland said, profits would be kept in Texas.

Harrie Winston and W. O. Logan attended the organization meeting at Midland two weeks ago.

SADLER WRITES

A letter to the Times-Signal yesterday from Harley Sadler brings the news that they are showing at Slaton this week; Abilene next week; Sweetwater Sept. 30, and Lubbock the week starting Oct. 7.

According to Mr. Sadler, the season has been a most hectic one—some of the biggest business in the history of the show as well as some of the worst. With a weekly expense of better than $2,000, it means that the Sadler shows must keep moving and demand large attendance at all stops. On account of closing his show Christmas for three or our months, Mr. Sadler will only play a limited number of towns in his regular territory which will in all probability eliminate this city. However, as that may be, Harley Sadler has many local friends who wish for him and his show the very best there is in life.

Attend the ball game Friday.

Fair Week Next; Fine Community Get-Together

Communities Getting Ready For Active Competition During Week

County Agent W. O. Logan has announced that nine Scurry county communities are already entered in the forthcoming community exhibits at the Fair which opens next Thursday. Those that are ready include: Union Chapel, Fluvanna, Bison, Dunn, Canyon, Ira and Dermott. Hermleigh is still to be heard from and from the indications already given, the exhibits this year will be on a par with any that have heretofore been shown here.

One of the big features of the three days will be the entertainment that will be given free twice a day by Roscoe Armstrong & Co., three artists in three different acts of trapeze, slack wire, with trick and bucking Fords.

A trick automobile that does a real tailspin, back fires, dies, sputters, blows up, rears like a bucking broncho and runs in a circle without anyone at the wheel to steer it, will be one of the exciting and amusing attractions.

The laugh-provoking mechanical comedian, is the handiwork of one Roscoe Armstrong, the only man who has really located the funny bone of a Ford. He has shown his "straight four" to large audiences in fifty or more towns and invariably leaves the greater part of the population limp from laughter. This clowning automobile hands out only one laugh, but that is 15 minutes long and continuous. When you see Armstrong's car you won't have a chance to muffle your laughs, they will have to come out often and loud.

The company that features the "crazy car," will also introduce a number of acrobatic stunts to round out their part of the program, including a trapeze act and a slack wire performance.

Friday afternoon at 2:30, Snyder High's second football battle of the year will be played with Rotan at Wolf Park. This is a conference game and means much to this city in winning. Friday will also be official Snyder Day at the Fair.

No charge will be made for parking, according to Manager Watt Scott.

Arrangements are practically complete for every detail of the Fair. Committee Chairmen are completing their part of the work and they include:

J. W. Crowley, bandmaster and chairmen of the Entertainment Committee.

J. A. Merritt, Agriculture; W. O. Logan, Boys' Club Department, and Community Exhibits; Harrie Winston, General Superintendent Livestock; J. J. Koonsman, Beef Cattle; J. W. Scott, Dairy Cattle; Tom Huffman, Swine; L. N. Periman, Sheep and Goats; John Spear, Horses and Mules; J. P. Jamison, Vocational Agriculture; Mrs. Joe Caton, General Superintendent Ladies Department; Jessie Lee Davis, Home Demonstration Clubs; Ernest Taylor, Finance.

Three Register of Merit Jerseys will be given away during the Fair.

So folks prepare now to be there early and enjoy the three days of fine effort that are being put forth by Scurry county folks. It is everybody's fair and it needs your active and hearty co-operation.

LADIES' EXHIBITS DUE BY SEPT. 25 INSTEAD OF SEPT. 26

According to Mrs. Joe Caton, general superintendent of the Ladies' Department of the Scurry County Fair, all the exhibits of this department should be entered before 5 o'clock Wednesday, Sept. 25, instead of 26 as announced in the fair catalog. The announced date is on the first day of the fair, and it is obvious that exhibits entered then would be too late to compete for premiums, Mrs. Caton said.

Already Mrs. Caton is receiving material for exhibit from several parts of the county. Now is the time for prospective exhibitors to be getting their products in order for the fair.

In Randolph Field, San Antonio, Texas, is to have the largest and most modern airpot and flying school in the world. Plans have been accepted by the War Department for its construction.

FRIDAY, SNYDER DAY

Friday, Sept. 27, is Snyder Day at the Scurry County Fair, when all local stores will close in the afternoon and join in the celebration of another great event for the county. Stores will be closed until the Rotan-Snyder High football game has been completed.

Today is being given over to the motorcade when a large number of cars with the band left here at 7:30, bound for Fluvanna, returning to Dermott, then to Snyder where a light lunch will be taken. Thence to Hermleigh, Dunn and Ira and return home in the early evening. Twenty cars have signed up for the trip.

Local Club Will Retain Lions Club Charter

Thirty Members Vote As One to Continue Their National Identity

Thirty Snyder business men attended the luncheon club meeting yesterday, and 30 made it unanimous that they continue their affiliation with the International Lions Club. They likewise voted to pay $4 the first of the month which will entitle them to luncheon all during the month. Others who do not want to become Lions Club members may attend the regular luncheons. These thoughts were brought before the meeting by Abe Rogers who presented the matter in an able and masterly manner which resulted in a 100 per cent unanimous decision to keep the Lions Club right in Snyder.

One of the most ludicrous as well as enjoyable features ever brought to the club was the mannequin dressing contest between Married Man Bob Warren and Single Man W. O. Logan. From a married man's viewpoint, Bob Warren won the contest hands down, for when it come to putting on an undershirt and corset, Bob put the undershirt on first and followed with the corset. While Logan, bachelor, unattached and without fear or favor, placed the corset on the dummy first, then the undershirt second. The Times-Signal hopes that some ladies from the County Federation or Home Demonstration Clubs will help Logan out on this matter. Anyhow, Pete Thrane, Judge Buchanan and John Irwin, judges, left the matter up to each one of the contestants to appoint two colleagues to wrestle the matter out by debate next meeting date. Now, if the Times-Signal is to be sued for giving a married man's viewpoint right out in open, let both barrels come "tutin" over the window ledge right now. Logan will have Ralph Hicks and P. W. Cloud to back him up. Warren will have Ralph Hicks and M. Y. Lewis to help him. Yea, boy, but there will be "hair" to pull next Wednesday.

Henry Rosenberg and H. L. Davis were thanked for providing the mannequins and dresses for the contest.

The entertainment committee that is to start operating the first of the month consists of Abe Rogers, Henry Rosenberg and George F. Smith. An athletic committee to back up activities of Snyder Tigrs weas appointed as follows: Ralph Hicks, P. W. Cloud and Earl Fish.

Munger Y. Lewis and P. W. Cloud were added as new members while O. P. Thrane stated that either the next meeting or the one following there was to be a noteworthy announcement made.

The meeting was one of the best ever held here and showed the true enthusiasm of those who want to see Snyder move ahead to its true location in the sun. There is great spirit of [illegible] their home town.

CONFEDERATE VETERANS PROTEST NORTH'S ACTIONS

United Confederate veterans throughout Texas were divided in their reactions to the refusal of the grand army of the republic, now encamped at Portland, Me., to pass a motion calling for a reunion of the "boys in grey and blue," says a Dallas dispatch.

Protests were touched off by Col. R. A. Sneed, 84-year-old commander-in-chief of the United Confederate Veterans, who termed the action of the "Yankees" as "characteristically un-American." A storm of protests arose.

"Those who voted to table that motion probably never even smelled gunpowder in the war," Colonel Sneed said. "In 20 years, there will not be a single survivor of the war. It will be disgusting and disgraceful if we do not hold a reunion.

Colonel Sneed, Oklahoma state treasurer, is visiting at Lubbock.

"If there ever will be a reunion, there's sure to be hard feelings," Major J. E. Gaskill, Fort Worth, said. "We can't make a rule to keep some hot-headed Yankee from jumping up and trying to tell us that Abraham Lincoln was the greatest man who ever lived. Then there's sure to be a hot-headed confederate to argue, too. We would have to call the sergeant-at-arms."

"I regret to see the action of the mortherners," Major K. M. Van Zandt, Fort Worth, former division commander of the United Confederate Veterans said. "But I resent their suggestion that we bury the Confederate flag. We don't acknowledge that we were wrong in the Civil War and we won't bury our flag."

O. P. Thrane, a vice president of the West Texas Chamber of Commerce was a recent visitor at the main offices of the organization at Stamord, and with Col. R. L. Penick of that city and Walter Cline of Wichita Falls, they drew up a preliminary report of changes in the constitution and by-laws of the body that will be read at the El Paso convention in October.

Mr. Mellon Borrows
A Better War
Mussolini Preparing
Baltimore 200 Years Old

Secretary Mellon, needing $500,000,000 for Uncle Sam's use, invited subscriptions to treasury certificates. He was offered $1,486,000,000, almost a $1,000,000,000 more than he needed.

By the way, he did not pay 9 per cent, or the federal reserve 6 per cent discount rate, either.

It looks like a real fight by Standard and other big oil companies against the British "Shell" invading these United States.

Standard Oil cuts prices. Shell says, "I call you" and also cuts prices. Interesting war and a better kind, with dollars instead of men lost.

In his government Mussolini held eight posts, minister of foreign affairs, marine, colonies, war, aviation, etc.

Now the powerful Italian resigns seven of his cabinet offices, remaining premier and minister of the interior only.

The king announces the changes by royal decree. Mussolini told him what to announce.

The years are passing. Mussolini knows it, and seeks to build a government machine that will survive.

The Italian question is "After Mussolini, what?"

Lord Rothermere in a signed article asks Britain to give up the mandate and withdraw from Jerusalem. He thinks Jews would prefer "a national home in the United States to patriarchal poverty in Palestine."

A majority of Jews do prefer such a home. There are only 2,000 American Jews among 160,000 in Palestine.

But for a minority there is a passionate desire to restore Jerusalem. It may not be understood by a Scotchman not interested in returning to Edinburgh. But a Frenchman who never loses the memory of Paris understands it.

Baltimore, planning to be the country's greatest airplane city, celebrated its two hundredth birthday with flags, speeches, and warships, in water and in the air.

More than one hundred years ago the guns of Fort McHenry kept the British fleet from descending on Baltimore. "The Star-Spangled Banner" was written to celebrate that event.

Baltimore, two hundred years old, is younger and more energetic than ever.

Twenty-seven European nations are working at a plan called "the United States of Europe plan." Germany says she will join but not if there is an "anti-American pact."

That's another hint to President Hoover, and others responsible, to make this country strong enough to take care of itself.

A young German, J. F. Bohnhoefer, climbed out of the trenches, took off his steel helmet when the war ended, aged seventeen.

Instead of spending the rest of his life telling what a hero he had been, he went to work. He now amazes a scientific gathering at Minneapolis, proving that he can divide the supposedly indivisible molecule of hydrogen gas into two different substances.

No money in it, as yet, but Doctor Taylor, of Princeton, calls it the "greatest scientific discovery of 1929."

Britain considers the situation safe and has withdrawn from Malta the battleship "Royal Sovereign" that had been ordered to stand by for Palestine trouble.

Britain also has "naval experts" that object to progress.

They object now to building a tunnel under the English Channel to connect France and England by rail and automobile.

Nevertheless, the tunnel will be built.

It will cost $150,000,000, and employ 12,000 men for four years. With the arrival of the airship, Britain is no more an island than France or Germany, and no longer fears invasion by tunnel.

Big business grows bigger and bigger. Everybody was excited, and muckrakers raked furiously, when old Standard Oil was supposed to be worth half a billion. Now, split up, it's worth many billions. No one worries.

Highway sign painters and their customers make the country hideous. Illinois has a plan to fight that evil.

Trees and shrubs will be planted close together along highway, beginning with places where offensive signboards are already located.

Other states might adopt the idea, not patented.

If you are a bear, waiting for that "big smash in stocks" that is to make you rich, postpone your hopes awhile.

Our Commerce Department says everything is going admirably. For the last quarter of this year net earnings of corporations will run 25 per cent ahead of the same quarter in 1928. That means not a little money, but billions. We do things on a big scale.

With everything from lunch counters to steel mills incorporated, corporation earnings reflect national prosperity.

Snyder Tigers Open Season At Stadium Friday

Local Boys Take On Spur; Positions On Teams Not Yet Cinched

The Snyder High Tigers will open the season at Snyder stadium Friday (tomorrow) when the strong Spur High School team will be here for a non-conference game. The game scheduled for 3:30 o'clock. Coach Ottis Moore's Tigers are in fine shape for this first tilt, and a thrilling battle is expected.

Business Men Support

In this issue of the Times-Signal will be found a full page announcing this first game as well as the scheduled games for the balance of the season. This page is being made possible through the loyal support of the various merchants, business and professional men whose names appear at the bottom of the page. They are real boosters and are thereby letting the Snyder Tigers, the Pep Squad, the faculty and the school as a whole know that they are backing the team to the limit.

Lineup Indefinite

With 35 men coming out daily for practice, Coach Moore has a real job on his hands when it comes to deciding on the playing lineup. No positions have been cinched by any of the players, while Bedford McClinton, freshman, is showing unusual punch in the quarterback position. Dan Trice at offensive center and defensive halfback looks mighty good. Drinkard looks good at tackle. In fact nearly all the squad are showing pep and ability, but this first game will do much to reveal some of the other outstanding players and the positions they are best suited for.

No captain has been elected. This election will be held after tomorrow's game, according to Coach Moore.

Play Rotan at Fair

The Tigers will play their first conference game of the season next Friday, Sept. 27, as a special free attraction at the Scurry County Fair. This game will be played at Wolf Park, the scene of the fair.

Looking forward to this important game, no spectators will be allowed on the practice field next Tuesday and Wednesday. Hereafter Tuesday and Wednesday of each week will be secret session days, and absolutely no spectators will be allowed.

Sweetwater Coming

Last Saturday a game was matched with the Sweetwater Mustangs, the game to be played in Snyder on Thanksgiving. This is a Class A team and will give the Tigers something to work to, but past experience has proved that Sweetwater holds no terror for the local boys.

Stores to Close

For the game at the Fair next Friday all the stores and places of business will be closed. Since the game tomorrow, although a non-conference contest, is the first one and necessarily a very important one, it has been suggested that the town close up for two or three hours for it. Let's give the Tigers the biggest send-off they have ever had and show them that all of Snyder is behind them and helping them.

What say, folks? Let's go see the Tigers "Eat Up" Spur!

FOOT BALL DATA

Snyder Tigers open their season in Snyder Friday, Sept. 26, when they tie into Rotan for their first conference battle. Friday, Oct. 4, the Lorraine team will appear here.

Roscoe follows and the big Armistice Day battle will be played with Colorado, perhaps the most bitter rivals that the local team meets outside of Sweetwater who will come here Thanksgiving Day.

Coach "Red" Moore likes the pep and go of the local squad, and the team has been working very hard to get into condition and make a name for the present year's team. Forty-one boys are out whose names have already been given in the paper when they held their recent training camp at the Country Club.

Other games are to be arranged and announcements will be made from time to time.

MISS MAURINE CUNNINGHAM ELECTED PEP SQUAD SPONSOR

At a called meeting of the Snyder High School Pep Squad Tuesday morning, Miss Maurine Cunningham was elected sponsor. It was decided that the pep squad membership will be restricted to a limited number, although the limit was not stated. No yell and song leaders have yet been elected.

Ton Litter Will Be Great Exhibit At County Fair

Ed Jones of Fluvanna Will Show Ten Pigs That Prove Feeding Pays

One of the greatest exhibits that will be made at the Scurry County Fair next week is the ton-litter pork production showing of Ed Jones of Fluvanna. He has just recently closed his records with the litter of ten pigs which are a direct cross of Duroc and Poland China with fine foundation stock to start from.

Mr. Jones, a son of J. A. J. Jones, started the contest when the pigs were farrowed April 16 and has kept accurate records of feeding the litter and all other costs, including feeding sow from breeding until pigs were weaned and service fee on sow. A large group of Snyder business men together with Ed's neighbors saw the final weighing of these pigs over tested cotton scales when the pigs were 148 days old. The total weight of the litter was 2,285 pounds with the lightest pig weighing 216 and the heaviest 244. The total cost of producing the litter, or 2,285 pounds of pork was $136.00 divided as follows:

Breeding service, $5; feeding sow from then until farrowing time and on until pigs were weaned, $38.27; feed for pigs from weaning until final weighing, $92.73; average daily gain of ten pigs (of which 4 were sows and 6 boars) 15 pounds, average cost per pound of gain 5.9 cents.

According to County Agent W. O. Logan, who with H. L. Gantz, field editor Farm and Ranch, and a Times-Signal representative visited the Jones place, Tuesday, Mr. Jones found the feeding to be a most profitable way to market the pigs and feed and intends starting another litter from the same sow within the next week, as all preseason records have been already started.

Mr. Jones feels that with the second trial that he can bring a litter to the full production weight within 125 days as the weather will be much cooler. While the present litter reached a high stage during the hottest o weather, improvement was noted because of the fact that the pigs had a large arbor to rest under where they could remain in the shade during the hottest part of the day.

Visitors to the Scurry County Fair will see many Club pigs that have been developed very rapidly and at a low cost of production, including the ton-litter grown by Ed Jones of Fluvanna. While Ed isn't a Club boy he has been interested in the Fluvanna club for two or three years trying to help the boys out as local leader and has gained some valuable inormation keeping up with what others are doing.

Knapp Boasts of New Golf Course

Local Men Try Out Henry Richter's Nine-Hole Course Sunday

George Northcutt, A. A. Bullock, O. S. Williamson, E. F. McCarty and W. H. Ritzenthaler spent a very enjoyable afternoon Sunday at the Henry Richter Farm south of Knapp.

Mr. Richter has laid out and cleared a nine-hole golf course at his farm, and was in town Saturday and invited the Snyder men out to play the course. The course as laid out by Mr. Richter is a sporty nine-hole course that would do credit to any town many times larger than the Knapp community.

After an enjoyable round of golf the visitors from Snyder and neighbors of the Richter family were served to watermelons that were grown in that community.

Mr. Richter is an enthusiastic supporter of any kind of athletics and for several years had a ball diamond that served the Knapp ball club and the school basketball court was also located there for a time. There is now besides the golf course a tennis court that affords many hours of pleasure for Mr. Richter's many friends, and this has added much to the strengthening of friendship of the community and brought about a harmony that has made Knapp one of the outstanding communities of the county.

ENROLLMENT IN COMMERCIAL WORK INCREASES 400%

That a Commercial Department in Snyder High School is in great demand is evidenced by the increased enrollment this fall. The enrollment has been increased over 400 per cent over last year, according to Superintendent Corry, who said Tuesday that the school was forced to purchase four additional typewriters and other equipment to take care of the rapidly increasing number of students who have signed up for the various commercial courses.

Miss Marguerite Person is the efficient instructor in this popular department.

Martha Gray, Popular Snyder Miss, Takes the Lead This Week

Clark, Stavely, Holladay and Bryant Polled Tremendous Vote This Week as Contest Nears the End. Have You Voted Yet?

BRINGING part of her reserve vote into effect this week, Miss Martha Gray, takes the lead in the Scurry County Times-Signal's great circulation campaign.

NAME	TOWN	VOTES
Miss Pearl Bryant	Snyder	933,000
Gertrude Caswell	Hermleigh	370,000
Manie Lee Clark	Snyder Rt. 1	937,000
Martha Gray	Snyder	940,800
Hazel Holladay	Ira	933,900
Mrs. J. A. Martin	Polar	263,900
Mrs. Jim Norred	Dunn	506,100
Vera Stavely	Fluvanna	935,400

These names are arranged in alphabetical order. Votes were compiled September 17th

Miss Gray polled 600,000 votes over last week's totals that makes Miss Gray a real contender for one of the Chevrolets and high honors.

The question going the rounds at this time is: "Who will be voted the popular lady in Scurry county that will seat her in the Chevrolet coach Oct. 5?"

Not to be outdone by Miss Gray and her great vote gains of this week, we find that several of the other contestants are right on the heals of Miss Gray's great vote gains.

In the country disrticts Miss Manie Lee Clark, Miss Vera Stavely, Miss Hazel Holladay are not to be denied when it comes to booster friends.

As stated in last week's issue of the Times-Signal, it looks like a real battle of votes between the country contestants and those of Snyder.

Two honest-to-goodness contestants represent Snyder in the person of Miss Martha Gray and Miss Pearl Bryant, while the county folks will depend on Miss Mannie Lee Clark, Miss Vera Stavely and Hazel Holladay.

With Saturday night bringing to a close the second best vote offer now in effect it remains to be seen how many of the five leading Chevrolet workers will avail themselves of the present big vote offer.

The critical time in the campaign is now to hand, only a few more days and the prizes will be awarded to those having the greatest number of votes issued to contestants on new and renewal "Paid In Advance" subscriptions.

Every day, in fact, every hour, from now on will tell the tale. If you are indifferent as to your opportunity you can blame no one but yourself if you do not receive one of the feature awards.

Nine o'clock, Saturday evening, Sept. 21, is the zero hour, in so far as the present big offer is concerned. Then comes the lowest vote offer during the entire campaign.

Two $735 fully equipped Chevrolets will be given two contestants having the greatest number of votes on the night of Oct. 5, a few weeks hence.

Excuses won't get you anywhere. Votes can be had simply for the asking. Your previous efforts have proven this, you will agree. Days given to the work produced many votes, and votes will receive the best prize awards.

Don't become over confident. It's better to win by far than lose by a few votes. It is a fact, the more votes you have on Oct. 5 the better will be your prize award.

Must I say again, long term subscriptions can seat you in one of the two Chevrolets and high honors.

Let there be no regrets. No, ifs and ands, real honest-to-goodness salesmanship counts from now on. Wat's it's to be, Chevrolet or wrist watch?

OVER CONFIDENCE

TOO many times are we prone to be over confident. Especially is this true in campaigns such as the Times-Signal's big prize subscription campaign.

The writer has seen contestants lose the grand prize and high honors simply because they thought they had enough votes.

With the rules stating that votes can be held in reserve when issued there is no way in you knowing the full voting strength of other contestants until the official judges have counted them, when the contest is closed.

The safe way is get all the votes possible, especially long term subscriptions.

1,500,000 VOTES

BEING that it is perfectly understood that votes, and votes alone, will for sure seat you in the Chevrolet cars, why not direct you final efforts to getting long term subscriptions?

Surely you have ten real friends that will gladly subscribe for the Times-Signal for a ten-year period when the real facts are presented to them.

Not alone the value of the Chevrolets must be considered—but the honor as well which will be granted that contestant who drives home the first grand prize on the evening of Oct. 5.

The two $735 fully equipped Chevrolet cars carry the guarantee of the Yoder-Anderson Motor Company.

SWEETWATER TO BATTLE SNYDER ON TURKEY DAY

Snyder will furnish the Turkey Day opposition for the Mustangs this season, high school athletic officials announced yesterday after a conference with Coach Moore of the Tigers who was here to witness the clash with Merkel, says the Sunday Sweetwater Reporter.

Colorado has been tentatively scheduled for the Thanksgiving date, Nov. 28, but officials of the two schools never were able to get together on the proposition.

Last season the Mustangs downed the Tigers, 20 to 12, in a pitched battle that would have settled the district championship but for ineligibilities on both clubs that were brought out later. The athletic rivalry generated at that time reached fever heat and it is believed the game this season will be a big attraction.

The game will probably be played at Snyder since the two clubs met here last year.

COUNCIL WILL STAY

At a special called meeting of the Snyder City Council, Saturday night, it was decided to continue their meeting place at the R. S. & P. depot where they have been meeting for years. It had been announced that they would join with the Chamber of Commerce and Merchants' Association and move to the basement of the building formerly occupied by the Shull Variety store.

Council figures that with the books always available with City Secretary A. C. Preuitt at the R. S. & P. it was more advantageous to remain there—so there they will be as the vote for remaining there was unanimous.

Attend the ball game Friday.

TEXAS PACIFIC COAL & OIL COMPANY WILL ERECT NEW STATION

Announcement has been made by E. C. Neeley, Scurry county agent, for the Texas Pacific Coal & Oil Company of the erection of a new and modern filling station at the corner, east of the Wilkirson Lumber Company. The lot, 60x150, was recently purchased from S. R. Fickas.

The filling station that will cost $5,000 will be of the new and beautiful design that the Texas Pacific Coal & Oil Co. are erecting in the larger cities and will be made entirely of steel and ornamental glass.

Every convenience known to the present-day station will be installed and construction is presumed to start this week.

Congratulations are due the company and to Mr. Neeley for adding such a beautiful structure to that portion of the east highway.

The one vote against Texas' annexation to the United States was that of Robert Bache of Houston, kinsman of Benjamin Franklin.

CENSUS SUPERVISOR NAMED

Dr. Irwin Edward Barr of Lubbock was named Monday as the supervisor for the 1930 census for the Lubbock district, of which Scurry county is a part and parcel. Dr. Barr will maintain his headquarters in Lubbock.

Other counties included in the district are: Borden, Cochran, Crosby, Dawson, Dickens, Fisher, Gaines, Garza, Haskell, Hockley, Kent, Lubbock, Lynn, Stonewall, Terry and Yoakum.

Who will be the Scurry county supervisor was not named in the dispatch which was sent out of Washington.

Quarter Million Dollars Ahead of Last Year's Roll

Tax Assessor Sterlin Taylor Reports Increase of $288,318.00

According to Tax Assessor Sterlin Taylor, the state and county tax roll has been checked and approved by the commissioners court and the tax department of the state comptroller's offices and it is found that the total valuation for Scurry county reaches the fine total of $7,335,989, an increase of $288,318 over 1928. The tax roll is now in the hands of the county tax collector and receipts will be ready to be issued by Oct. 1.

It is highly complimentary to Mr. Taylor to know that the tax roll of Scurry county was third in the state to be filed with the state comptroller's offices, this being the second time in three years that the county has achieved the honor of being third to reach the department. In addition, all work on the 1929 tax roll was done by Mr. Taylor, with the exception of $56 that was paid out for typing.

Efficiency in a public office is one of the greatest accomplishments of any public servant and let it be said that Sterlin Taylor's efficiency in his department has placed him among the leading tax assessors of the state of Texas. Congratulations are due him for his remarkable and fine accomplishments.

Noted Lecturer Comes to Snyder September 24th

Value of Cow to the Farm Will Be Shown By Practical Farmer

"Make the Cow Your Partner" will be the principal topic of interest at a community meeting to be held at the court house next Tuesday evening, Sept. 24, when H. S. Mobley, noted lecturer and practical southern farmer, will appear here. The meeting will be held at the court house.

This community gathering, coming just ahead of the annual County Fair should bring a full house, as Mr. Mobley is carrying a message to all important centers of West Texas of just what importance dairying is to the better interests of every community.

Everyone interested in the welfare of his family and community should hear Mr. Mobley in his helpful talk on "The Stepmother of the Human Race—the Cow."

The talk will be interesting as well as helpful. Mr. Mobley has demonstration material as well as large lecture charts. He will be easily folowed in the message which he will bring to us.

This meeting is for everyone in Scurry county and should be attended by every member of the family. Bring your wife and children along. They will enjoy the evening.

Mr. Mobley represents the International Harvester Company in the Agricultural Extension Department. No admission will be charged.

URGES SELLING OF WEST TEXAS CATTLE TO EASTERN FFEDERS

Organization of the Texas Breeders and Feeders Association to develop interest in feeding and selling cattle in Texas is proposed in letters sent to several thousand Texas cattlemen by Frank P. Holland, of Dallas and which have been received here in Snyder.

A meeting of Texas cattlemen has been called for Oct. 17 in Dallas at which time the organization will be perfected.

"In the past cattlemen have sold their young animals to the feeders of the corn belt," Holland said, "and it is my plan to feed the young animals produced on the ranches of West Texas in the black land belt of East Texas.

In this way, Holland said, profits would be kept in Texas.

Harrie Winston and W. O. Logan attended the organization meeting at Midland two weeks ago.

SADLER WRITES

A letter to the Times-Signal yesterday from Harley Sadler brings the news that they are showing at Slaton this week; Abilene next week; Sweetwater Sept. 30, and Lubbock the week starting Oct. 7.

According to Mr. Sadler, the season has been a most heetic one—some of the biggest business in the history of the show as well as some of the worst. With a weekly expense of better than $3,000, it means that the Sadler shows must keep moving and demand large attendance at all stops. On account of closing his show Christmas for three or our months, Mr. Sadler will only play a limited number of towns in his regular territory which will in all probability eliminate this city. However, as that may be, Harley Sadler has many local friends who wish for him and his show the very best there is in life.

Attend the ball game Friday.

Fair Week Next; Fine Community Get-Together

Communities Getting Ready For Active Competition During Week

County Agent W. O. Logan has announced that nine Scurry county communities are already entered in the forthcoming community exhibits at the Fair which opens next Thursday. Those that are ready include: Union Chapel, Fluvanna, Bison, Dunn, Canyon, Ira and Dermott. Hermleigh is still to be heard from and from the indications already given, the exhibits this year will be on a par with any that have heretofore been shown here.

One of the big features of the three days will be the entertainment that will be given free twice a day by Roscoe Armstrong & Co., three artists in three different acts of trapeze, slack wire, with trick and bucking Fords.

A trick automobile that does a real tailspin, back fires, dies, sputters, blows up, rears like a bucking broncho and runs in a circle without anyone at the wheel to steer it, will be one of the exciting and amusing attractions.

The laugh-provoking mechanical comedian, is the handiwork of one Roscoe Armstrong, the only man who has really located the funny bone of a Ford. He has shown his "straight four" to large audiences in fifty or more towns and invariably leaves the greater part of the population limp from laughter. This clowning automobile hands out only one laugh, but that is 15 minutes long and continuous. When you see Armstrong's car you won't have a chance to muffle your laughs, they will have to come out often and loud.

The company that features the "crazy car," will also introduce a number of acrobatic stunts to round out their part of the program, including a trapeze act and a slack wire performance.

Friday afternoon at 2:30, Snyder High's second football battle of the year will be played with Rotan at Wolf Park. This is a conference game and means much to this city in winning. Friday will also be official Snyder Day at the Fair.

No charge will be made for parking, according to Manager Watt Scott.

Arrangements are practically complete for every detail of the Fair. Committee Chairmen are completing their part of the work and they include:

J. W. Crowley, bandmaster and chairmen of the Entertainment Committee.

J. A. Merritt, Agriculture; W. O. Logan, Boys' Club Department, and Community Exhibits; Harrie Winston, General Superintendent Livestock; J. J. Koonsman, Beef Cattle; J. W. Scott, Dairy Cattle; Tom Huffman, Swine; L. N. Periman, Sheep and Goats; John Spear, Horses and Mules; J. P. Jamison, Vocational Agriculture; Mrs. Joe Caton, General Superintendent Ladies Department; Jessie Lee Davis, Home Demonstration Clubs; Ernest Taylor, Finance.

Three Register of Merit Jerseys will be given away during the Fair.

So folks prepare now to be there early and enjoy the three days of fine effort that are being put forth by Scurry county folks. It is everybody's fair and it needs your active and hearty co-operation.

LADIES' EXHIBITS DUE BY SEPT. 25 INSTEAD OF SEPT. 26

According to Mrs. Joe Caton, general superintendent of the Ladies' Department of the Scurry County Fair, all the exhibits of this department should be entered before 5 o'clock Wednesday, Sept. 25, instead of 26 as announced in the fair catalog. The announced date is on the first day of the fair, and it is obvious that exhibits entered then would be too late to compete for premiums, Mrs. Caton said.

Already Mrs. Caton is receiving material for exhibit from several parts of the county. Now is the time for prospective exhibitors to be getting their products in order for the fair.

In Randolph Field, San Antonio, Texas, is to have the largest and most modern airpot and flying school in the world. Plans have been accepted by the War Department for its construction.

FRIDAY, SNYDER DAY

Friday, Sept. 27, is Snyder Day at the Scurry County Fair, when all local stores will close in the afternoon and join in the celebration of another great event for the county. Stores will be closed until the Rotan-Snyder High football game has been completed.

Today is being given over to the motorcade when a large number of cars with the band left here at 7:30, bound for Fluvanna, returning to Dermott, then to Snyder where a light lunch will be taken. Thence to Hermleigh, Dunn and Ira and return home in the early evening. Twenty cars have signed up for the trip.

Local Club Will Retain Lions Club Charter

Thirty Members Vote As One to Continue Their National Ideutity

Thirty Snyder business men attended the luncheon club meeting yesterday, and 30 made it unanimous that they continue their affiliation with the International Lions Club. They likewise voted to pay $4 the first of the month which will entitle them to luncheon all during the month. Others who do not want to become Lions Club members may attend the regular luncheons. These thoughts were brought before the meeting by Abe Rogers who presented the matter in an able and masterly manner which resulted in a 100 per cent unanimous decision to keep the Lions Club right in Snyder.

One of the most ludicrous as well as enjoyable features ever brought to the club was the mannequin dressing contest between Married Man Bob Warren and Single Man W. O. Logan. From a married man's viewpoint, Bob Warren won the contest hands down, for when it come to putting on an undershirt and corset, Bob put the undershirt on first and followed with the corset. While Logan, bachelor, unattached and without fear or favor, placed the corset on the dummy first, then the undershirt second. The Times-Signal hopes that some ladies from the County Federation or Home Demonstration Clubs will help Logan out on this matter. Anyhow, Pete Thrane, Judge Buchanan and John Irwin, judges, left the matter up to each one of the contestants to appoint two colleagues to wrestle the matter out by debate next meeting date. Now, if the Times-Signal is to be sued for giving a married man's viewpoint fight out in open, let both barrels come "tutin" over the window ledge right now. Logan will have Ralph Hicks and P. W. Cloud to back him up. Warren will have Ralph Hicks and M. Y. Lewis to help him. Yea, boy, but there will be "hair" to pull next Wednesday.

Henry Rosenberg and H. L. Davis were thanked for providing the mannequins and dresses for the contest.

The entertainment committee that is to start operating the first of the month consists of Abe Rogers, Henry Rosenberg and George F. Smith. An athletic committee to back up activities of Snyder Tigrs weas appointed as follows: Ralph Hicks, P. W. Cloud and Earl Fish.

Munger Y. Lewis and P. W. Cloud were added as new members while O. P. Thrane stated that either the next meeting or the one following there was to be a noteworthy announcement made.

The meeting was one of the best ever held here and showed the true enthusiasm of those who want to see Snyder move ahead to its true location in the su[illegible]. There is great s[illegible] spirit of [illegible] their home town.

CONFEDERATE VETERANS PROTEST NORTH'S ACTIONS

United Confederate veterans throughout Texas were divided in their reactions to the refusal of the grand army of the republic, now encamped at Portland, Me., to pass a motion calling for a reunion of the "boys in grey and blue," says a Dallas dispatch.

Protests were touched off by Col. R. A. Sneed, 84-year-old commander-in-chief of the United Confederate Veterans, who termed the action of the "Yankees" as "characteristically un-American." A storm of protests arose.

"Those who voted to table that motion probably never even smelled gunpowder in the war," Colohel Sneed said. "In 20 years, there will not be a single survivor of the war." It will be disgusting and disgraceful if we do not hold a reunion.

Colonel Sneed, Oklahoma state treasurer, is visiting at Lubbock.

"If there ever will be a reunion, there's sure to be hard feelings," Major J. E. Gaskill, Fort Worth, said. "We can't make a rule to keep some hot-headed Yankee from jumping up and trying to tell us that Abraham Lincoln was the greatest man who ever lived. Then there's sure to be a hot-headed confederate to argue, too. We would have to call the sergeant-at-arms."

"I regret to see the action of the northerners," Major K. M. Van Zandt, Fort Worth, former division commander of the United Confederate Veterans said. "But I resent their suggestion that we bury the Confederate flag. We don't acknowledge that we were wrong in the Civil War and we won't bury our flag."

O. P. Thrane, a vice president of the West Texas Chamber of Commerce was a recent visitor at the main offices of the organization at Stamord, and with Col. R. L. Pennick of that city and Walter Cline of Wichita Falls, they drew up a preliminary report of changes in the constitution and by-laws of the body that will be read at the El Paso convention in October.

THE CORRECT DIMENSIONS

THE theory of "FOUR DIMENSIONS" has bothered scientists and mathematicians for ages past, but if you consider this bank as your banking connection, you will find its three correct dimensions to be:

1.—Large enough that its strength, security and facilities may be adequate for your every requirement.
2.—Broad enough in spirit and perspective to assist you to realize all the possibilities of your endeavors.
3.—Small enough that its officers may know you and be thoroughly acquainted and heartily in sympathy with what you are working to accomplish.

Are these not the correct dimensions for your bank?

A GROWING BANK

FRIENDLY

Locals

Mrs. A. B. Cranston of Abilene was a guest of Mrs. W. J. Ely last Thursday.

Work started yesterday on the remodeling of the Emergency Hospital.

Mr. and Mrs. Whitfield of Ralls were guests of Mr. and Mrs. J. R. Joyce over the week-end.

Harvey Lee Chenault left Sunday night for A. & M. where he will be a student again this year.

Miss Dorothy Strayhorn left yesterday afternoon for Austin, where she will attend State University.

Joel Hamlett left Tuesday for Austin where he will be a student at State University this year.

Misses Elinor German, Evelyn Pratt and Lucille Eoff were visitors in Sweetwater Saturday.

Mr. and Mrs. B. G. Johnson returned home yesterday from their vacation spent in Baird and Celina.

Miss Margaret Yoder left Friday for Los Angeles, Calif., where she will continue her study of music.

Mrs. Wert Cope and baby left Saturday for Pyote after a week's visit with relatives here.

Charley Ben Shell and Arthur Snodgrass left today for Austin, where they will be students at State University.

Miss Mabel Y. German and Misses Elinor German and Eunice Smith visited Fort Phantom 20 miles north of Abilene Sunday.

Mr. and Mrs. O. N. Cope and baby daughter, Maxine and Orville Cope, left Saturday for their home in Long Beach, Calif., after a two-weeks' visit with Mrs. L. B. Cope and Mrs. W. O. Trigg.

Dr. and Mrs. J. G. Hicks left today for Breckenridge where they will attend the West Texas Dental Society which convenes there Friday and Saturday.

Mr. and Mrs. G. G. Hollingsworth and children spent the week-end with relatives and friends at Frost, Texas. Mrs. Hollingsworth's mother, Mrs. E. C. Thrullkill, accompanied them home for a few weeks' visit with Mrs. Hollingsworth and another daughter, Mrs. Clyde Beems.

Mrs. M. E. Miles, who has recently undergone a minor operation at the Emergency Hospital, was able to leave the hospital Friday. She is getting along nicely.

Mr. and Mrs. Wallace Simpson of Paducah were guests of Mr. and Mrs. E. M. Deakins at the Manhattan Hotel Sunday and Monday. They went to Anson Monday where they will open up a new show.

Mrs. John W. King and son, John B. King of Stamford, were guests of Mr. and Mrs. E. M. Deakins the first of the week.

Clyde Leslie returned to his home in Houston Tuesday after a several days' visit here with Dr. and Mrs. A. O. Leslie.

Mr. and Mrs. J. L. Caskey returned home Monday night from San Antonio, where Mrs. Caskey has been in the P. & S. Hospital for the past three weeks. She is reported to be getting along nicely.

Rev. E. C. Lambert and Hilton Lambert left Tuesday on a several days' business trip to Waxahachie.

Mrs. J. J. Taylor and Mrs. R. E. Gray accompanied Miss Erma Taylor to Abilene Sunday. Miss Taylor is a teacher at Simmons University.

Miss Anna Chenault returned to her home in Amarillo, Sunday, after a visit here with her brother, P. C. Chenault and family.

Mrs. J. C .Stinson and daughter, Frances, and Miss Cecile Strayhorn accompanied Miss Mary Lynn Nation to Dallas last Friday. Miss Nation will attend scholo at C. I. A. at Denton.

Mrs. Wayne Boren and little son returned home Sunday from Fort Worth, where she has been the guest of her parents.

Maurice Brownfield, who underwent a minor operation on his nose at the Lubbock Sanitarium at Lubbock Sunday is reported to be doing nicely. Mrs. Brownfield accompanied him to Lubbock.

Chester L. May, general superintendent of the Community Natural Gas Company, and F. L. Carmichael assistant general superintendent, and M. L. Byrd, field superintendent of Dallas, are business visitors here today.

Herman Doak left Monday for Fort Worth where he will be a student at T. C. U.

Hugh Boren, Jr., left Tuesday morning for Fort Worth where he will attend T. C. U.

Raymond Greer left Friday for Austin where he will attend State University.

Gene Allen of Dallas was a guest of Mr. and Mrs. O. S. Williamson last Thursday and Friday.

Miss Marian Rosser left Friday for Belton where she will attend school at Baylor Belton.

Mr. and Mrs. Rex Smith and son, Rex Jr., of Abilene were guests of Mr. and Mrs. D. P. Strayhorn Sunday.

Miss Polly Harpole left Tuesday for Canyon where she will attend school at West Texas State Teachers College.

Herman Trigg left Tuesday for Kerrville where he will attend college.

Mr. and Mrs. Raymond Sims are the proud parents of a baby boy, born Sunday, Sept. 15.

Mr. and Mrs. Guy Paxton and daughter, Miss Woncele of Abilene are guests of Dr. and Mrs. A. O. Scarborough this week.

Mr. and Mrs. Jesse Sellars moved into their new home in West Snyder Monday.

Mrs. J. R. Patterson and Mrs. John Stavely of Fluvanna were visitors in the city Tuesday.

Mrs. C. C. Higgins returned home Saturday from Cross Plains where she was the guest of her brother, J. P. Smith.

Mr. and Mrs. W. W. Eiland of Stanton visited their daughter, Mrs. J. E. Falls of Ira and Mrs. A. G. Eiland of this city last week.

Mr. and Mrs. Guy Eiland of Stanton spent Sunday with J. E. Falls and other relatives at Ira.

Miss Katherine Northcutt left Tuesday for Canyon where she will attend school at West Texas State Teachers College.

Mr. and Mrs. J. R. Huckabee and family left last week for Canyon, where they will make their home. Miss Mary Bob will attend school at West Texas State Teachers College.

Mrs. Ben Smith of Big Spring came Monday for a several days' visit with relatives and friends here.

Mr. and Mrs. D. C. Howell were accompanied home Sunday from Pecos by Miss Ruth Smith who attended the wedding of her neice, Miss Dixie Ruth Smith yesterday.

Mr. and Mrs. Caldwell and son, Charles Max, of Midlothian spent last week with their daughter, Mrs. E. R. Heath.

Rev. N. E. McGuire, pastor of the Loraine Baptist church, resigned his position as pastor of the church at the services Sunday night, much to the regret of the church. He has not announced his plans.

The rain and hail storms of early last week played havoc with the crops north of Post. Travelers passing that way see nothing but lone stalks standing where formerly a fine cotton crop was in prospect. But are those boys downhearted? No, a million times no. They are out working their fields preparing for another crop. That spirit is the dominant one of the Lone Star state.

Mrs. G. B. Clark and daughter, Miss Clarabelle, spent Saturday in Sweetwater.

Mr. and Mrs. Beckton Templeton of Houston are the guests of their parents, Mr. and Mrs. J. W. Templeton and Mr. and Mrs. J. R. Joyce this week.

Mrs. Mert Patterson of Fluvanna was a visitor in the city Tuesday.

Mrs. Carl Zeigler and Miss Frances Johnson of San Antonio arrived last Thursday and are the guests of relatives here.

R. L. Lowry spent Sunday in Lubbock.

Roy Stokes of Fort Worth was the guest of relatives here last week-end.

Wade and Harrie Winston received a message from Mr. and Ms. Charlie Winston of Sidney, Australia, stating that they were the proud parents of a son, born Sept. 14.

Dr. and Mrs. Sed A. Harris left today for Breckenridge where they will attend the West Texas Dental Society which convenes there Friday and Saturday. Mrs. Harris will go on from there to Hico, Waco and other points for a month's visit with relatives and friends.

Attend the ball game Friday.

TRENCH MOUTH HEALED

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. **Leto's Pyorrhea Remedy** heals worst cases if used as directed. It is not a mouth wash or paste, and is sold on a money back guarantee.

160th Dividend

THE REGULAR quarterly dividend of $2.25 per share will be paid on October 15, 1929, to stockholders of record at the close of business on September 20, 1929.

Show your husband this new range

Here's a kitchen investment that pays its way

Neither you nor your husband would buy a stove for its beauty alone. But this beautiful new range is the most sensible buy you can make. Because every feature that makes it better looking, adds to its convenience and long life.

Look at the modern, straight-line design. Notice how compact it is . . how carefully it is built to save steps and to speed up cooking.

7 features on the oven alone

See how bigger meals can be cooked in smaller space, and foods kept warm, with the grouped burners and all-grate top.

Examine the oven, with its seven time and labor-saving features. It is built-in . . air-insulated . . enamel-lined . . has five rack positions . . accurate heat indicator . . counter-balanced drop door. It bakes with "live heat", which means quicker cooking and better flavored foods.

Rub your hand over the finish: smooth, shining porcelain enamel . . can't wear out. A damp cloth keeps it clean.

Look at the Superfex burners: four "Little Giants" as swift as standard gas burners; one "Big Giant", swifter still. Note the automatic wick stops which give perfect flame control.

Note the new burner arrangement

This beautiful range comes in all white or with a trim of gay color . . . with long Perfection or short Puritan chimneys. A similar model burns gasoline. Other new Perfections without built-in ovens can also be had in the three different styles. Prices, $18 to $164. See them at your dealer's. He will doubtless offer you convenient buying terms.

Nearly a Quarter Century of Complete Banking Service

TO THE VOTERS OF SCURRY COUNTY

We, who have in the years past had part in putting over affairs for the public benefit such as county fairs, picnics, barbecues and school athletic programs, have been confronted with the serious problem of not having grounds and equipment for our needs for such occasions. Each time it is necessary to beg, borrow, ask for and all kinds of ways to make it possible to put on our programs.

However, we have always found the most hearty co-operation among all whom we have had to ask, and in most every instance where grounds or materials have been tendered for such purposes it has meant more or less imposition on such parties tendering same. You have only to look into the situation very little to see that these parties who contribute in this way are being asked to do more than their part toward our public benefit programs. Even though it has been possible in the past to secure such grounds as are suited for our needs, they cannot be had very readily.

Due to the general progress of our county these desirable tracts are being cut up into small tracts for new homes, and each year private owners are less anxious to contribute the use of such tracts for these purposes.

And in view of these facts if we are to keep step with the progress of our county, we should begin to give some thought to plans whereby we may own our grounds and equipment for our public benefit needs. And with this as our purpose we, the undersigned, after giving considerable thought to our needs, are of the opinion that it is a matter of public interest, pride and concern that we begin to make plans for a permanent program in this direction and that we need first to acquire a tract of land suitable for our various needs where we can begin to make permanent arrangements, and after considering the various ways that this might be done, we believe it is the best plan for the public to buy this land and own it for our own public benefit instead of some stock company owning it and commercializing their efforts. This can be done at a very small cost of only five cents on the hundred dollars taxable rendition. In connection with this plan it must be considered that we have non-residents owning vast properties here, all of whom are being benefitted by our efforts which would in no way except by this plan contribute to our public benefit programs. According to our tax records, they will pay about one-third of this amount, and as we feel that it is the most practical thing to do, we have asked the Commissioners' Court, to call an election on Oct. 1, 1929, for the purpose of asking our citizenship if they are willing to contribute this small amount of five cents on the $100 valuation towards making an investment which should always be worth what it cost and more in the future. By so doing it is possible to carry on our public benefit programs along with our general progress.

Our plan is that the county buy and maintain a tract of land suitable for the various needs, then let the various organizations have lease privileges for their purposes. They can then finance their programs and build their necessary equipment from year to year as they succeed.

The Commissioners' Court will advertise for this tract of land. Different tracts may be submitted and they will choose the one that is best suited to our needs.

We are very anxious that each voter understand the purpose of this election, and when deciding the way you expect to cast your vote, answer the question whether or not we shall have our county fairs, picnics, barbecues, county athletic meets and other public benefit affairs. If so, shall we own our grounds and equipment or shall we continue to beg and borrow from year to year.

We, the undersigned ask that this be given your careful consideration. We need to get started on a permanent program with the best interest of our county before us, helping in very way possible to build up our county interest, and we will all have to work together to accomplish the best results. If this plan is acceptable, we ask that you not only vote but work that it might be possible to make this first step in carrying out this program.

LAMESA WILL SOON OPEN MILK PLANT

Stock for the West Texas Dairy Products company is now being collected at Lamesa, says a dispatch from there. A. J. Thweat, working with the local milk plant committee, is closing up papers for the new corporation which is to be capitalized at $235,000. The plant here will manufacture powdered milk, powdered butter milk, powdered commercial milks and sweet creamery butter.

Whole milk will be trucked in from a radius of 50 miles of Lamesa.

Farmers will receive a net profit over and above what they are now getting for this product, and will at the same time save the freight that now moves it to other factories.

It is further planned, as soon as the plant gets under way, to add trailers to the milk truck and bring in poultry and produce to the cold storage and dressing plant.

The plant will be in operation some time next March or April.

BACHELOR FARMER SUCCEEDS WITH SHEEP

Charley Eastman, bachelor farmer and proud of it, who lives west of Snyder has had remarkable success in the raising of sheep and turkeys. He now has on his ranch 85 turkeys and a total of 69 head of sheep and is planning on adding more of each.

Last year he bought 51 head of sheep at $370. Since that time 46 lambs were born and sold at $8 a head, Fort Worth, and realized $98.01 from wool after all freight and commissions had been taken out. A total of 69 head are now grazing on his pasture land which is in fine shape. Looking over his ranch, he was mighty proud to show a thoroughbred Jersey heifer, together with a garden full of peaches, blackberries and kindred plants that were a joy to behold.

As fine a farmer and producer as Charley Eastman who keeps away from wedded bliss was beyond the ken of Field Editor H. L. Gantz and the Times-Signal editor who visited his place Tuesday. While County Agent Logan was along, and who also rides single, it was a case of two married men against two single fellows so what use was there to get into an argument for the single "bucks" will have their way, usually.

Anyhow, we enjoyed the visit and filled up on peaches until our wife wondered just "why" we could not eat supper.

U. S. NAVY WILL USE FRIGIDAIRES

The U. S. Navy has placed a contract with Frigidaire Corporation for $27,000 worth of electric refrigerating equipment to be installed during the present year. The first installations under this order have already been made on the U. S. Texas, where two electrically cooled storage boxes of 18 cubic feet capacity and one of nine cubic feet have been placed in operation.

A considerable amount of Frigidaire equipment is being used by the Coast Guard and on destroyers. On the latter type of vessels it is connected with powder magazines to prevent deterioration of ammunition in tropical service.

Mrs. C. Wedgeworth, who has been in a Shreveport hospital, was able to leave there yesterday and will go to the home of her mother, at Tenaha. She expects to return to Snyder within the next two weeks and assume her school duties.

Mr. and Mrs. Fred Ebling returned Tuesday from a ten-days' visit in Memphis, Mo.

Texas eliminated 25 grade crossings in 1928, standing fourth among the states in this important safety work.

RELIEF that is REFRESHING

"We have used Thedford's Black-Draught for years in our family. I can highly recommend it for many ailments. We take it for colds and for constipation.

"I have four children, and I give it to them. When my little girl gets bilious, or complains of headache, I give her a treatment of Black-Draught, and she is all right in a day or two.

"Sometimes when I have indigestion from improper eating, I have headache. Then I take Black-Draught. I always feel fresh and have more energy after I have taken it."—Mrs. E. Reich, 2215 East First Street, Austin, Texas.

OPINIONS OF OTHERS

Editor Encounters A Problem

Wichita Times.

Readers of this paper know how persistently and consistently it has advocated strict enforcement of the game laws.

One of those laws provides that while doves may be hunted in September, the season on quail is closed until December 1. We think the law is wrong, that the quail and dove seasons should be contemporaneous, but that idea of ours, like some others, has not been accepted by the legislators.

Last Monday, returning to the car after visiting a small tank where we had thought there perhaps would be some doves, we were crossing an Archer county pasture, thinking mainly about getting home. Of a sudden a covey of quail b-r-r-ed up out of the grass right in front of us.

The ethical problem thus prevented was solved for us. Our gun as it happened, was not loaded. But we didn't realize that in the fleeting instant that elapsed before we threw it to our shoulder and pulled futilely at the trigger.

Pondering the sudden appearance of those quail and our own purely automatic reaction to the sight of them, we are glad there were no shells in the weapon. That fact, and the fact that we probably would have missed anyhow, as we usually do when we shoot hurriedly, serve to keep the editorial conscience clear.

But we believe more strongly than ever that the dove and quail seasons should run together.

SEYMOUR'S growth and development over the last half century will be chronicled in the Half-Century Anniversary number of the Baylor County Banner, edited by C. C. Harrison, this month. Prosperous concerns, permanent homes, progressive citizens and plenty of modern improvements are Seymour's.

THE TOWN DOCTOR SAYS
"DOCTOR OF TOWNS"

DON'T CONFUSE CIVIC LOYALTY WITH GOOD BUSINESS

Maybe you have a perfect right to feel that your local merchants are behind times in the way they do things and the merchandise they carry, but are you doing anything to help change the situation? "Not my lookout," you say—well, let's consider it in this way:

If, in your estimation, your stores and merchants are poor, it is going to make them any better for you to tell everybody about it, and when you are in need of something to buy it mail order, from a peddler, or go to some other town. On the other hand, if you will give your local merchants a break, and offer to buy from them you will be performing not only a service to your community, a good turn to your fellow citizen, but you will be doing yourself a favor. This isn't a matter of community boosting or civic loyalty or civic welfare—it is purely a matter of good business—mighty good business, on your part.

If you live in a town—you, or those who provide your livelihood, are in business or they at least earn a living in the community. If you own real estate, there is that much more reason why you should go out of your way to see to it that your community gets all the business possible, but you don't have to own two or three store buildings, a house and lot or be a stockholder in a bank, in order that it pay you a profit. Therefore, it is not only your duty, but it is your business to see to it that the community gets all the business from yourself and everyone else you can influence; also, it is your business to see to it that your town is not looked down upon, as it surely will be, if its stores are behind the times.

But it is ten to one that your stores are not as poor as lots of people think them to be. Your stores can supply you with most anything that you may want to purchase. In this day and age of standardized merchandising, with present distribution system, any merchant can take care of your wants if he wants to. Of course, if your merchants really are so far behind the times, or lack gumption enough to supply your needs and likes—that is different.

All of this is said with the full realization, that there are still some "store keepers," running "supply depots," who have "clerks" instead of "sales people." But you are responsible if you have good stores or poor ones. If you continually refuse to give your merchants first opportunity to supply your wants, continually buy from outside, you turn yourself into a walking, talking advertisement for a bum town, and who wants to live and have other people know that they live in a dead community?

Also, if you live in the town, especially in a small city, your social life brings you in contact with your fellow citizens, you associate with them; and can you really feel just right in socially fraternizing with them, when you know that you are not giving them a fair shake? Put yourself in their position—just what would you do?

And as a tip to merchants let me add—Business goes where it is invited and stays and comes back to the place where it is well treated and served best.

COMMUNITY PROJECTS

The Bedford Civic Club, a woman's club with an average membership of 135, was organized in 1916 in Bedford, Pa., a town of 2,800 inhabitants. Its first civic service was the replanting of two public squares which have since developed into small parks. The initial expense of this undertaking and the money expended upon the continued maintenance of shrubbery, trees, lawn, and walks was procured by markets, benefit card parties, lawn fetes, and personal subscriptions.

Following the World War an elm tree was planted in the park, and a large bronze tablet mounted on a native boulder was placed nearby. On this tablet were inscribed the names of the five boys and one nurse who left Bedford in the service of their country never to return.

In 1923 the Civic Club established a free Public Library which is conducted entirely by volunteer service through a Library Committee of club members. The efficient chairman of this committee has developed a splendid corps of assistant librarians, many of them high school girls. The library is open to the public four times a week. It contains 4,300 books, and more than 2,000 persons have applied for its privileges. During the five years of its existence the receipts have totaled approximately $4,250, of which amount $1,950 has been expended for books. The committee regularly confers and co-operates with the public school teachers in their selection of reference books.

This library had a very unpretentious beginning in one very small room. It opened with 9,500 volumes,—the result of a market, a library tea, and many individual contributions. For weeks previous a faithful committee worked steadily, coached at various times by field workers from the State Library Associaiton.

The library and other welfare activities sponsored by the Civic Club fast outgrew their quarters, and 18 months afterwards, in recognition of service rendered, a large fine Colonial home, centrally located, was presented to the Civic Club for a rental of one cent per year in return for maintenance and upkeep.

This building, known as the Community Centre, renders daily service to the people of Bedford, since it houses practically all local welfare organizations including the Civic Club, Public Library, American Legion Post and Auxiliary, Women's Christian Temperance Union, Loyal Temperate Legion, Daughters of the American Revolution, Well-Baby Clinic, and Nursing Service of the Pennsylvania Tuberculosis Society. An annual drive for funds to which many citizens contribute, supports the building. Three members of the Civic Club constitute the Board of Trustees to which all questions relating to the Community Centre are referred.

The Bedford Civic Club has been exceedingly fortunate to receive this unusual gift, provided through the generosity of the heirs of an old Bedford family, and the club members feel a binding obligation to use it to promote the highest and best ideals that make for good citizenship.

—Mrs. J. Russell Blackburn, President Bedford Civic Club, Bedford, Pa.

"Got a sweetheart yet, Lily?"

"Yes, and he's a regular gentleman."

"You don't say so!"

"Yes. He took me to a restaurant last night and poured his tea into a saucer to cool it, but he didn't blow it like common people do—he fanned it with his hat."

Herman Darby left Tuesday morning for Austin where he will attend the University of Texas.

OFFICIAL DATA

Taken From Records of the County Clerk

NEW CARS REGISTERED:

Fred Wasson, Snyder, Chevrolet coupe.

Martin Norred, Snyder, Chevrolet coach.

BIRTHS REGISTERED:

Mr. and Mrs. S. R. Waugh, a boy, Sept. 6.

ETHYL to stop knocks

CONOCO gasoline to give you extra miles
the greatest combination you can put in your car

THE amazing way in which Ethyl stops knocks and gives a steady flow of power, no matter how old or how full of carbon the motor may be, is one of the marvels of modern engineering skill.

By adding "Ethyl" to a gasoline especially refined to give you extra miles in every gallon used, Conoco Ethyl offers you a motor fuel different from anything else you can put in your car.

Driving economy plus the greatest of driving comfort—no need to worry about every little extra load on your motor, no need to throw her into second on every hill, no need of frequent carbon removal!

Conoco Ethyl is another example of the extra value in gasoline and motor oil which the greater Continental Oil Company is offering to motorists.

Stop at the new red triangle Conoco sign and fill up with Conoco Ethyl today. Enjoy the greatest driving pleasure you have ever known.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

The County Fair

Let everybody in the Fluvanna School District, and any others who may wish to co-operate with us, wake up to the interest and importance of playing our full part in the County Fair which is to be held Sept. 26, 27 and 28. Of course crops are short but if each and every one will put forth a reasonable effort we can get up a fairly good exhibit. Let us do our best. Study the catalogue, especially pages 11 and 13, and pages 19 and 21. Stock men and clubs will, of course, consult that part of the book that relates to their work.

Church Affairs

The Fluvanna Baptist church, under the leadership of the pastor, aided by Rev. Graves Darby of Roscoe, is conducting an interesting and successful meeting. Much good has been accomplished. Large audiences have been in attendance, especially at the night and Sunday services. The preacher recognizes the members of other churches as not only being christians but also as being worthy servants of the same Lord and Master. He deplores the fact that even some preachers seem to feel themselves called to "chew the ears" of all those who happen to be connected with some church other than his own. On last Sunday afternoon a great men's service was held and attended by some 130 men, and boys over 14 years of age. At that time Reverend Darby spoke clearly and most convincingly of "The Signs of the Times," the inevitable rapid approach of the end of the present age and the distressing drift of the present social order.

The Christian church had services Sunday morning, dinner at the church and a song service in the afternoon.

Next Sunday regular morning and evening services will be held at the Presbyterian church. These services should be of interest to all church people, hence, the people of all the churches (not having services of their own) are cordially invited to attend.

There may also be services at the First Baptist church. We are not informed.

School Notes

Fluvanna is in her second week of school and everything is running in perfect harmony.

The four new school buses are bringing in the students from the adjoining districts on schedule time and everyone seems to be well pleased with the new consolidation plan.

The enrollment for this year has already reached around 250, and 350 is expected before the year is over.

Mr. J. W. Crowley has organized a 25-piece band in the school and community, and the prospects are great for a fine high school band. You will hear more from this organization—just listen!

Mr. S. J. Matherly is in charge of athletics this year, and is very well pleased with the prospects for winning teams. Five letter men from last year's squad are back.

The contract for our new high school building will be let within the next few days.

Business Affairs

A. M. Clayton shipped five cars of beef cattle to Fort Worth last Saturday.

Will Miller received two double-deck cars (500) sheep last Monday.

D. A. Jones shipped one car of fat cattle to the Fort Worth market Tuesday.

Joe Ainsworth and Turner Hucherson of New Mexico purchased ten registered Hereford bulls of D. A. Jones on Wednesday of last week.

Rain which was heavy north and west of town, before Monday morning, has delayed the gathering of crops in those quarters. The fall was light at Fluvanna, about 1-4 inch, and did not reach the south part of our territory.

The drill in the oil well, south of town, is pounding away at a depth near the 2,200-foot mark this morning—Tuesday.

Trips and Visits

Miss Eviline Moore departed last Saturday, for the Technological school at Lubbock; and Miss Burline Boynton departed for the same school Monday. Miss Ruth Truss departed Sunday for Abilene where she enters Simmons University. These young ladies are certainly to be congratulated on their former achievements as well as warmly encouraged in their further undertakings.

Leo Beaver returns today to the Tech where he has already been a student for some time. Congratulations and all good wishes for your continued success, Leo.

Mr. Cromwell, contractor, came over Monday in his plane for the purpose of viewing and inspecting the progress being made in our oil well.

Mrs. J. M. Hunnicutt recently visited the Alexander Sanitarium in quest of medical advice. She is said to be in a critical state of health.

C. L. Rea and wife, Claud and T. J., age 81, near Hermleigh last Sunday; the occasion being a sumptuous birthday dinner, which was attended by about sixty relatives and old friends.

J. C. Caldwell and small son of near Big Spring, a son-in-law and daughter, Elvis and Mrs. Hale of Albany, and another son-in-law, Mr. Bob Johnson of Corsicana were surprise visitors at the Tate home last Sunday afternoon. Mrs. Caldwell is a sister to Mrs. Tate and they had not met for several years.

Mrs. Raymond Seal's mother, Mrs. Clark of Coleman county, is here visiting.

R. R. Kennedy and family of Big Spring were here Sunday visiting a sister, Mrs. John Buchanan.

JAS. H. TATE.

L. A. SANDERS OF ABILENE RESIGNS AS SANITARIUM HEAD

Announcement of the resignation of L. A. Sanders, superintendent of the West Texas Baptist Sanitarium, to become effective early in October, was made Wednesday by Mr. Sanders, who came to the hospital two and one-half years ago from Dallas. His successor has not been appointed.

Sanders is resigning his position to become sales manager of the Sanders Gas Machine Company, with offices in the Medical Arts building, Dallas. He expects to go to Dallas Oct. 1, or as soon thereafter as his successor is selected, he said Wednesday.

Is Inventor

The Sanders gas machine was invented by Mr. Sanders in 1924. Heretofore the company has been operating under the Sanders name, the inventor receiving royalties from the sales. Under the new plan Mr. Sanders will be in charge of sales, and will also teach anesthesia. The machine, used both for anesthesia and resuscitation, is now used in 550 hospitals in the South. Five different gases, oxygen, ether, nitrous oxide, carbon dioxide and ethylene may be administered by it. More than 800,000 ethylene anesthetics have been given by the machine without fatality, the inventor said.

Mr. Sanders came to the West Texas Baptist Sanitarium April 20, 1927, after resigning as assistant to the chief anesthetist of the Baylor hospital, Dallas, where he had been for 17 years. He is also a registered nurse.

Daily Average Doubles

During the past two and one-half years, the hospital's daily average of patients has doubled, increasing from approximately twenty to forty. Six thousand patients have been received at the institution during the Sanders administration and approximately 10,000 since the hospital was opened, Sept. 15, 1924.

Alden Sanders, elder son of Mr. and Mrs. Sanders, will remain in Abilene to attend Simmons University as a freshman. Homer will accompany his parents to Dallas, where he will attend high school. Both boys have taken active part in school band music during their residence here.

Society

BUSINESS AND PROFESSIONAL WOMEN MEET

Twenty-seven members were present at the meeting of the Business and Professional Women's Club Tuesday evening at 6:30 at the Presbyterian church.

Mrs. Hugh Scarborough, vice-president, presided over the business meeting.

The program consisted of a very interesting talk on New York by Miss Marilu Rosser, who has just recently returned from New York City.

A reveiw of the last issue of the "Independent Woman," the Business and Professional Women's national magazine, was given by Mrs. Joe Caton.

The next meeting of the club will be held at the home of Mrs. Walla D. Fish.

Visitors present were: Miss Elva Lemons and Mrs. Josie Lemley.

SINE CURA BRIDGE CLUB

A called meeting for the members of the Sine Cura Bridge Club was held Friday afternoon at the home of Mrs. J. M. Harris.

Those attending the business meeting were: Mesdames E. J. Anderson, R. H. Curnutte, A. D. Erwin, W. R. Johnson, W. B. Lee, Vern McMullen, O. P. Thrane, A. J. Towle, G. A. Hagan and Miss Cecile Strayhorn.

Now Like Man Made Over New

"I feel like a new man—made all over again and I'm glad to tell the whole world what Sargon has done for me.

"For the first time in 15 years, I am free from pains and feeling fine. I've gained 12 pounds, too, and that's something worth talking about, because I certainly was in a terrible run-down condition.

"I had pains in my side for three years and they were so bad I could hardly stand them. My blood pressure was low and people my age know what that means, because it brings on all sorts of complications like headaches, shortness of breath and low vitality. That's not worrying me any more for my blood has been built up and even though I am 52 years old, I feel fine and full of energy all the time.

"I'm through now with losing lots of time and spending lots of money on useless medicines. I know Sargon does the work and I'm not going to be without a bottle handy from now on."—H. M. Curtis, 725 Frey Ave., Fort Worth.

Warren Drug Co., agents.

"WILDCAT" OIL NEAR SYLVESTER

The Mesa Production Company's A. J. Griffin No. 1, a rank wildcat one mile north of Sylvester, was standing 100 feet in oil Monday morning, according to a telephone report received here shortly after noon today from V. B. Carothers, cashier of the City National Bank.

The well, which is four or five miles from the nearest production, topped the pay at 3,330 feet. No water or gas are in the well. Preparations are being made to develop the hole at once.

The well was drilled by McLester of Eastland, Texas.—Sweetwater Reporter.

Melvin Blackard and J. P. Nelson.

FORTY-TWO PARTIES HELD IN McADOO HOME FRIDAY

One of the prettiest parties of the season was given Friday when Mesdames R. H. McCurdy, A. V. McAdoo and Howard McDonald entertained with morning and afternoon forty-two parties at the home of Mrs. McAdoo.

The color idea of yellow and green was artistically carried out in all details of the party by the hostesses. Decorations of sun flowers, golden glow and yellow rose buds made the entertaining rooms in the McAdoo home an attractive setting for the game tables.

The morning hours were happily spent in the play of forty-two.

The color idea was again emphasized in the delicious two-course refreshments.

Guests were: Mesdames Clarence Wenninger, Curtis Hall, J. T. Whitmore, W. H. Ritzenthaler, Henderson, of Fort Worth, Hill of Hamilton, Texas; Nell Gross, of Maryneal; R. C. Grantham, of Lubbock; Tom Gates, W. W. Hamilton, O. O. Harris, J. G. Hicks, J. A. Hood, R. H. Curnutte, Jr., Alma Hood White, Amos Joyce, Ixon Joyce, R. H. Curnutte, Sr., Horace Leath, W. D. Beggs, H. M. Blackard, Joe Caton, P. M. Chambers, G. B. Clark, Jr., W. B. Lee, T. L. Lollar, W. A. McGlaun, Henry Rosenberg, Charley Rosenberg, of Brownwood; George Oldham, W. R. Patton, W. T. Raybon, H. E. Rosser, Lee Stinson, Watt Scott, Forest Sears, R. S. Snow, Fritz R. Smith, Jess Sellars, L. O. Smith, J. J. Taylor, H. G. Towle, A. J. Towle, E. E. Wallace, Bob Warren, Wayne Williams, Wade Winston, and Misses Chenaut, of Amarillo, Erma Taylor and Clarabelle Clark.

At 3 o'clock Friday afternoon the same hostesses again entertained with a forty-two party.

After game hour refreshments were served in two courses to the following guests: Mesdames A. W. Arnold, John Abercumbie, Pat Brown, Tom Boren, H. J. Brice, Ollie Bruton, J. R. Covey, A. J. Cody, Dora Cunningham, H. L. Davis, E. M. Deakins, Ivan Dodson, J. C. Dorward, J. Nelson Dunn, J. W. Ely, L. G. Ely, W. J. Ely, Earl Fish, C. E. Ferguson, W. E. Grantham, R. L. Gray, I. A. Griffin, C. W. Harless, J. M. Harris, B. A. McPherson, Bill Miller, Ed McCarty, Melvin Newton, C. L. Noble, George Northcutt, R. H. Odom, A. C. Preuitt, Guy Stoker, W. W. Smith, Joe Strayhorn, Homer Snyder, B. M. West, Sam Wilborn, E. R. Heath, H. H. Thomas, Will Williams, O. S. Williamson, R. J. Randals, Dick Webb, Jose Lemley, John Keller, Fred Wolcott, Carl Yoder, E. C. Lambert, Roland Bell and P. C. Chenault.

VICTORY BIBLE CLASS MEETS

The Victory Bible Class of the Methodist church held their first social meeting of the fall season at the home of Mrs. T. J. Trice last Wednesday afternoon with Mesdames Trice, W. J. Ely, R. E. Gray and O. I. McClinton as hostesses.

Mrs. J. C. Dorward, president, presided over the business meeting at which time the following new officers were elected: Mrs. M. Trimble, teacher, Mrs. W. J. Ely, assistant teacher; Mrs. J. C. Dorward, president; Mrs. W. H. Cauble, vice president; Mrs. W. E. Doak, secretary; Mrs. A. M. Curry, assistant secretary; Mrs. I. W. Boren, treasurer; Mrs. T. J. Trice, assistant treasurer.

During the social hour the game of forty-two was played.

At the refreshment hour a delicious salad course was served to the following members and guests: Mesdames J. C. Dorward, A. M. Curry, Sed A. Harris, W. E. Doak, D. P. Strayhorn, Allen Warren, Joe Strayhorn, J. M. Bannister, W. P. Smith, Estelle Wylie, J. H. McClinton, L. G. Ely, Hill, T. J. DeShazo, Head and J. P. Avery.

MESDAMES MELVIN BLACKARD AND J. P. NELSON ENTERTAIN WITH FORTY-TWO PARTY

Mesdames Melvin Blackard and J. P. Nelson entertained with an attractively planned forty-two party Saturday afternoon at the home of Mrs. J. C. Dorward.

Nine tables were prettily arranged for the play of forty-two.

After the game hour the hostesses served a delicious refreshment plate consisting of sandwiches, salad and hot coffee to the following ladies: Mesdames A. C. Preuitt, C. E. Ferguson, H. J. Brice, A. L. Stoker, H. L. Davis, H. G. Towle, A. J. Towle, C. W. Harless, E. E. Wallace, Clarence Wenninger, R. J. Randalls, Joe Monroe, J. M. Harris, Hugh Boren, Wade Winston, Clyde Boren, J. J. Taylor, Dora Cunningham, Alma White, R. H. Odom, Joe Graham, Josie York Lemley, Howard McDonald, R. H. McCurdy, Hugh Taylor, C. J. Yoder, Joe Strayhorn and Misses Neoma Strayhorn, Erma Taylor, Myrtle and Faye Harrell, Mattie Ross and Maurine Cunningham and Loice Clark.

PICNIC

A group of young people motored to a delightful picnic spot south of Dunn Friday night where they enjoyed a picnic supper.

The guests were Misses Faye Joyce, Mary Joyce, Thora Cotten, Olla Lee Cauble, Lucy Bean, Ruth Belle Boren, Mildred Henry.

MISS GRACE AVERY ENTERTAINS

Miss Grace Avery entertained with a forty-two party Friday evening at the home of her parents, Dr. and Mrs. J. P. Avery.

After the game hour, refreshments were passed to Misses Rayoline Smith, Enid Sears, Kenneth Alexander and Messrs. Sykes Curry, LeRoy Fesmire, Jack Isaacs and Herman Doak.

YOUNG PEOPLE'S MEETING AT METHODIST CHURCH

The winning side of the Young People's meeting of the Methodist church were entertained by the losers Tuesday evening at the church.

Various games were played throughout the evening.

Refreshments of sodapop, sandwiches, olives and potato chips were served to about forty guests.

LITTLE EDIRENE BAXTER CELEBRATES HER FIFTH BIRTHDAY

A number of little guests assembled at the home of Mrs. J. Q. Richardson to celebrate the birthday of her little garnddaughter, Edirene, Saturday afternoon.

Various games were enjoyed by the little tots on the lawn. Refreshments of ice cream and cake was served to the following guests: Johnie Ruth Baze, Mary Kathlyn Ely, Melba Ann Odom, Margaret Gray, Mary Louise Taylor, Virginia Nell Hamlett, Oleta Ikard, Opal Christine Ikard, Johnie Mathison, Ernest Taylor, Jr., Billy Jean Ely, Conway Taylor, Billy Gray, J. C. Day, Holman Odom, Sims Bradley Taylor and Jack Mathison.

Kewpie dolls were given as favors to the girls, and pipes to the boys.

TWENTIETH CENTURY CLUB MEETS

The Twentieth Century Club members held their first meeting of the fall season at the home of Mrs. H. E. Rosser Tuesday afternoon.

Mrs. Allen Warren, president, presided over the business meeting.

Mrs. H. J. Brice conducted the lesson for the afternoon and the following program was given:

What we ought to give our club this year, by Mrs. P. C. Chenault.

A vocal solo by Mrs. C. E. Fish.

An introduction to Folk Lore by Mrs. J. Nelson Dunn.

At tea time refreshments were served to Mesdames W. T. Raybon, W. M. Scott, Joe Strayhorn, J. J. Taylor, Allen Warren, B. M. West, R. W. Webb, O. S. Williamson, H. M. Blackard, Ollie Bruton, H. J. Brice, P. C. Chenault, T. H. Duff, Nelson Dunn, W. J. Ely, C. E. Fish and I. A. Griffin.

PICNIC

A group of young people motored to a delightful picnic spot south of Dunn last Thursday night where they enjoyed a picnic supper.

The guests were: Misses Faye Joyce, Mary Joyce, Thora Cotten, Olla Lee Cauble, Lucy Bean, Ruth Belle Boren, Mildred Henry, Pauline Boren, Elinor German, Polly Porter and Messrs. Sykes Curry, J. P. Strayhorn, Ivan Elkins, Herman McPherson, Preston Morgan, Tom Carr, John Irvin, Elmer Spears and Ottis Moore.

THURSDAY NINGHT BRIDGE CLUB ENTERTAINED BY MR. AND MRS. G. B. CLARK, JR.

The members of the Thursday Night Bridge Club were entertained last Thursday evening by Mr. and Mrs. G. B. Clark, Jr., at their home.

High score awards went to Mr. and Mrs. Tom Gates, Mrs. J. G. Hicks and Forest Sears.

Refreshments were served to the following club members and guests: Messrs. and Mesdames W. T. Raybon, Ivan Dodson, Forest Sears, J. G. Hicks, George Oldham, Tom Gates, Wayne Williams, Jesse Sellars, Clyde Shull and Misses Larry Beth Waskom, Clarabelle Clark, Mrs. Burns of Jayton and Roy McCurdy.

MRS. J. M. HARRIS HOSTESS TO SINE CURA BRIDGE CLUB

Mrs. J. M. Harris graciously entertained the members of the Sine Cura Bridge Club Tuesday afternoon at her home.

A profusion of autumn flowers added to the attractiveness of the entertaining rooms.

In the bridge game high score went to Mrs. W. R. Johnson and second high to Mrs. G. A. Hagan.

An unusually delicious salad course was served to Mesdames E. J. Anderson, Wayne Boren, R. H. Curnutte, Sr., A. D. Erwin, G. A. Hagan, W. R. Johnson, W. B. Lee, Vern McMullen, O. P. Thrane, A. J. Towle, and Miss Cecile Strayhorn. Guests were Mesdames Ivan Dodson, Forest Sears, L. O. Smith, and Miss Neoma Strayhorn.

FULL SIZE PLYMOUTH ROADSTER, $675 *(with rumble seat)*

The Smartest Roadster *of* Low Price

The snappy Chrysler-styled Plymouth Roadster is all the vogue today. Among low-priced roadsters it easily cuts the smartest figure in appearance, just as it leads them all with its typical Chrysler performance.

Here is a roadster that is *man-size*, not *boy-size—full-size*, not *toy-size*. It has that length of hood and expanse of rear deck which go to make a roadster truly graceful.

$675 F. O. B. Factory *FULL-SIZE — Rumble Seat*

Engineered by Chrysler, it performs with a dashing swiftness and floating smoothness that are utterly amazing in a car so low in price.

The Plymouth Roadster is a quality car from first to last—in beauty; in engineering; in riding ease; in size and in behavior.

Six body styles—priced from $655 to $695. All prices f. o. b. factory. Plymouth dealers extend convenient time payments. 484

Drive a Chevrolet Six!

—so Delightful to Drive!

The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

—so Durable and Dependable!

The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

—so Economical to Own!

Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for *any* low-priced car. Furthermore, it is unusually economical to operate—*better than 20 miles to the gallon of gasoline*, with unusually low oil consumption. Come in for a demonstration today!

A SIX IN THE PRICE RANGE OF THE FOUR

The Unanimous Verdict

A JURY never comes to a verdict until ALL the evidence is given. Members of the jury then carefully deliberate, weighing this evidence in the scales of justice, before they report to the court. Neither should one come to an important decision on ANY subject without considering ALL the evidence. As pointed out last week, the Times-Signal leads in amount of news and amount of advertising in Scurry County by wide margins. Note the following FACTS backed up by actual figures:

The Times-Signal has given its readers MORE THAN TWICE as much reading material than any other Scurry County newspaper during 1929.

Since the first of this year the Times-Signal has carried OVER SEVEN TIMES as many lines of classified advertising per week as any other Scurry county newspaper.

agined by those who would like to try turkey raising are there for you if you follow right methods. National custom calls for three great festivals every year when nothing but turkey will really suffice as the principal item on the menu, and it would not be impossible to educate the public into a still wider use of this delicious meat if it were always possible to supply the present demand.

All readers of this article are welcome to any further help I can give them. I shall be glad to hear from those who are truly interested and who really want to "TALK TURKEY" to a purpose. Address any inquiries or comments to me in care of the editor of this paper.

(Copyright, 1929, by
Dr. L. D. LeGear, V. S.)

D. S. Smith, publisher of the Fort William (Ont.) Times-Journal, says:

"Did you ever stop to think that buying at home resolves itself into the matter of supply and price? It is pretty hard to get Mrs. Jones or even Mr. Jones to buy at home unless the goods required are available and at a reasonable price.

"I imagine that every merchant should give a great deal of thought to the question of whether or not he is 'hitting the ball' of public service by attractively displaying his goods, honestly pricing them and adequately advertising them.

"The merchant who does all these things in full and then some is a real asset to his community and deserves the best support in all his undertakings. He is the stop-gap to the mail order house, is furnishing a labor market, is helping to hold labor in the industries of the town and is making his town an attractive shopping center. Other stores will follow his lead, and much good to all will result.

"It seems to me that we often ask for a spy glass to find the cause of our troubles when the real cause can be found close at home.

"The real successes in building up businesses appear to have been made by those who had the idea of building up something which would fill a need of the community. Every effort was made to fill the need adequately and of course the dollars rolled in afterward as a certain result of the public's approval."

YODER ELECTRIC HAS FREE BOOK FOR YOU

"Food handling in the Home," a special souvenior booklet dealing with use of left-over foods in an economical and attractive way is being distributed during September by Frigidaire dealers everywhere in connection with a national food preservation program being conducted by the refrigeration industry. Yoder Electric Co. are local dealers.

Salads, soups, stews and other vegetable combinations in almost limitless variety may be made from left-over foods which have been kept fresh and tasty. Bouillon, orange juice, and vegetables held at a temperature of 42 degrees can be kept from 10 to 15 days, it is pointed out.

The booklet contains also the complete rules covering a $25,000 national idea contest for an essay on "Why 50 Degrees is the Danger Point." Frigidaire dealers who are distributing the booklet are ready to aid any one interested in the national contest by providing them with all the information needed to participate in the competition.

Denton, Texas, May Become Taxless City

Community Pays Bills From Municipal Power Plant Receipts

Within five years Denton, a city of 15,000 persons, will become the ideal of the average citizen's dream—there will be no municipal taxes whatever to pay.

Already Dentonians are paying only $2 a hundred in taxes. City Engineer W. N. Harris is responsible for the promise that there will not be any local assessment five years hence. And his promise is backed by a goodly column of figures.

Denton is to become, when Harris' promise is realized, one of two or three cities—possibly the only one of its size—in these United States to offer the citizens such a handout.

The city has run on a strictly cash basis for some years. It pays all its bills, practically, from the receipts of the municipal water and light plant. Last year $40,517.72 worth of improvements were made from the plant's earnings, in addition to the free provision of $6,716.70 worth of electric lights; $6,700 worth of water and $16,800 sewer service.

On top of that the funds from the plant created a sinking fund for $135,000 bonds which brought street paving, a gymnasium and athletic field, a county fair site and a municipal airport, besides other things.

The Utopian era is scheduled to begin when a new and larger light and water plant is completed and placed in steady operation. The utilities have grown in twenty years from an investment of $65,000 to one of $655,000, a net profit of more than 1,000 per cent.

Editor's Note—Contrasting Denton's taxes with Snyder, the ordinary citizen here pays $4.38 per $100, which is entirely exclusive of poll and auto tax, as well as occupational taxes. These figures were given us Saturday by Henry J. Brice, of the Snyder Insurance Agency.

Ministers and Editors Lead

As the fishing season is here, the following carefully prepared list will show what class of people can catch fish: Lawyers, 14 in 100; doctors, 9 in 100; editors, 27 in 100; merchants, 10¼ in 100; ministers, 27 in 100; bankers, 12 in 100; county officials, 8 1-3 in 100; young ladies, none; small boy with good clothes and fine fishing tackle, 42 in 100; small boy with an old pair of pants on, rolled to his knees, a white flag hung at half mast, one "gallus," and a piece of twine for a line, a bent pin for a hook and a rotten corn stalk for a fishing rod, 99⅞ in 100. It will be observed that ministers and editors run higher than any other class excepting the small boy. This is because they are good (?) and don't go fishing on Sundays.

DOVE HUNTERS SHOULD OBSERVE NEW STATE LAWS

According to the Snyder Hardware & Implement Company, a great many changes in the open season for hunting doves have been made which will be of great interest to Times-Signal readers. It is imperative, then, that close attention should be paid to the following open dates in the different counties.

The state is divided into the North and South Zone, and the line runs from Del Rio easterly through San Antonio, just south of Austin, Elgin, Brenham, Navasota, Cleveland, Lufkin, Nacogdoches, Timpson, and east to the state line. The season is open in the North Zone during September and October; South Zone October and November, but in both zones there are many exceptions, namely:

Open season September 15th to November 1st in the following counties: Cooke, Denton, Grayson, Collin, Fannin, Lamar, Rockwall, and Kaufman.

Open season is October and November in following counties: McCulloch, San Saba, Menard, Mason, Llano, Kimball, Gillespie, Blanco, and Kerr.

Open season December 1st to January 16th in following counties: Red River, Bowie, Delta, Hopkins, Franklin, Morris, Titus, Cass, Camp, Harrison, Marion, Gregg, Upshur, Wood, Van Zandt, Henderson, Smith, Rusk, Panola, Nacogdoches, Cherokee, Anderson, Houston, Trinity, Leon, Freestone, San Jacinto, Walker, Madison, Grimes, Brazos, Robertson, Burleson, Washington, Lee, Coryell, Hamilton, Erath, Hood, Shelby, Sabine, San Augustine, Angelina, Polk, Tyler, Jasper, Newton, Orange, Jefferson, Hardin, Liberty, Chambers, Montgomery, Waller, Austin, Fort Bend, Fayette, Bastrop, Lavacca, Dewitt, Victoria, Goliad, Calhoun.

Save this for future reference.

IT IS TO LAUGH

M. G. Evans, formerly secretary of the Scurry County Chamber of Commerce, and who was practically pitched out bodily by the board of directors, still continues to "state that he hails from Snyder, Texas, as secretary, according to a recent copy of the Fargo, (North Dakota) Forum, who said in their issue of Aug. 28, under a heading of: "Texan Likes North Dakota. Farm Building Upkeep Equals Any Locality in U. S., He says:"

"Despite the dry weather, North Dakota appeared to be about the finest farming territory encountered in an 1,800-mile trip which he has just taken from Texas through California and the north Pacific coast, to Fargo by M. Evans, secretary of the Chamber of Commerce of Snyder, Texas, here today.

"I was particularly struck with your exceptionally fine farm buildings," said Mr. Evans. "I doubt if there is a farming section in the United States that will surpass you in the quality of your buildings. Your great barns and fine farm homes, well painted and well kept up, are certainly impressive.

"Talking with your farmers, as I have done on this trip, I found very litle discouragement, despite this exceptional drought. All that I have talked to expect to get fairly good returns this year.

"Of course your conditions are spotted. But that is true every year and in every section. We have a fairly prosperous farming community in Texas, but we also have off years and sections which are frequently hit by adverse conditions."

"Mr. Evans turned due south from Fargo and is returning to Texas via Sioux City, Omaha and Kansas City."

The Scurry County Times-Signal desires to broadcast to the world that neither M. Evans, nor M. G. Evans has any connection whatsoever with the Scurry County Chamber of Commerce and has not had since the office was vacated Dec. 1, 1928. The entire board of directors and membership, together with Secretary Watt Scott will confirm that statement.

KNOW TEXAS

Fort Sam Houston, San Antonio, is one of the largest military posts maintained by the United States. It has 12,000 officers and men in its area and at the average annual cost of $1,100 for each soldier's upkeep, the total receipts from that source are more than $13,000,000 a year, exclusive of civilian employes and additional capital investments. The Federal military plant at San Antonio, including flying fields and taget ranges, is of an estimated value of $26,831,326.

Assessed values in Texas for 1929 are $4,144,446,188 and actual values (estimated) are $12,500,000,000. Assessed values in 1861 were $256,784,482.

MARFA is coming to the front as a western town with a western outlook on life. Sixty thousand dollars worth of paving, a white way, $35,000 telephone system, her Highland Fair, grazing land, building program, marble quarry, quick silver mine and other enterprises are getting her headlines in the daily papers.

Work and No Pay

Little Joe—Daddy, do the teachers get paid?

Daddy—Certainly! Why shouldn't they?

Little Joe—I don't see why they should—the pupils do all the work.

DUBLIN will have the use of a large judging arena for their seventh annual fair. The fair will be held September 5-8, and the 70x90 foot building will be finished by then.

Outperforming
all other low-priced sixes at lower cost than ever

During 1928, a large public utilities corporation operated 996 automobiles of 33 different makes. And according to its own accurately recorded cost figures, its Pontiacs cost *one cent less per mile to operate than any other low-priced six in the field at that time.* Yet even that great record of economy is being surpassed by the Pontiac Six because of a number of refinements and advancements which this latest Pontiac includes.

Three Artists in Three Different Acts

Trapeze—Slack Wire—Trick and Bucking Ford

There are Funny Fords and Bucking Fords. But this is the daddy of them all, a trick automobile that does a real tail spin, back fires, dies, sputters, blows up, rears like a bucking broncho and runs in a circle without anyone at the wheel to steer it. This clowning auto hands out only one laugh, but that is continuous and lasts 15 minutes.

This same company will introduce a number of acrobatic stunts to round out their program, including a trapeze act and a slack wire performance.

This company has shown in the largest cities in this country. It's a wow!

TWO PERFORMANCES DAILY

No Charge *will be made for parking automobiles in Fair Grounds. Come and stay all day!*

Football *SNYDER TIGERS vs. ROTAN HIGH Friday, Sept. 27, 2:30 p. m. This is our first Conference game. Be there*

Admission free to those who hold fair gate tickets. Season tickets for fair on sale. Adult, $2.00; child, $1; adult exhibitor, $1.50; child exhibitor, 75c. This football game will be worth the cost of a season ticket.

ORDER AND NOTICE OF PARK TAX ELECTION

THE STATE OF TEXAS,
COUNTY OF SCURRY:

On the 17th day of August, 1929, the Commissioners' Court of Scurry County, Texas, was convened in regular session at the regular meeting place thereof in the Court House at Snyder, Texas, with all the members of said Court present, viz.:

Horace Holley, County Judge;
John C. Day, Commissioner Precinct No. 1;
H. C. Flournoy, Commissioner Precinct No. 2;
Lee Grant, Commissioner Precinct No. 3;
W. A. Johnston, Commissioner Precinct No. 4;
Mabel Y. German, County Clerk;

when there came on to be considered the petition of Sherman Blakely and 108 other property tax paying voters of said County praying for an election to be held within and for said Scurry County, Texas, upon the question of authorizing the Commissioners' Court of said Scurry County to levy a tax upon all the taxable property in said County, for the purchase and improvement of lands for use as County parks, which shall consist of not more than one hundred acres and shall not exceed more than four parks, at the rate of not exceeding five cents on the one hundred dollars valuation of all taxable property in said County;

And it appearing that said petition is signed by 104 of the resident property tax paying voters of said County;

It is therefore ordered, adjudged and decreed by the Commissioners' Court of Scurry County, Texas, that an election be held in and throughout said Scurry County, Texas, on the 1st day of October, 1929, which is not less than thirty days from the date of this order, upon the following

PROPOSITION

Shall the Commissioners' Court of Scurry County, Texas, have the power to levy and collect annually a tax upon all the taxable property in said County, for the purchase and improvement of lands for use as County parks, which shall consist of not more than one hundred acres and shall not exceed more than four parks, at the rate of not exceeding five cents on the one hundred dollars valuation of all taxable property in said County?

Said election shall be held under the provisions of the general election laws of the State as far as applicable.

All persons who are legally qualified voters of this State and of this County and who are resident property tax payers in this County shall be entitled to vote at said election, and all voters desiring to support the proposition to issue such bonds shall have written or printed on their ballots the words: "For park tax," and those opposed thereto shall have written or printed on their ballots the words "Against park tax."

The polling places and presiding officers of said election shall be respectively as follows:

At County Court room building in Snyder, in Voting Precinct No. 1, with S. T. Elza as presiding officer.

At School House building in Cottonwood Flat, in Voting Precinct No. 2, with Campbell Helms as presiding officer.

At School House building in Ennis Creek, in Voting Precinct No. 3, with J. G. Galyean as presiding officer.

At School House building in Dermott, in Voting Precinct No. 4, with C. H. West as presiding officer.

At J. P. Office building in Fluvanna, in Voting Precinct No. 5, with Ed Lemmon as presiding officer.

At Turner School House, in Voting Precinct No. 6, with Geo. Brumley as presiding officer.

At Bison School House, in Voting Precinct No. 7, with Walker Huddleston as presiding officer.

At Sharon School House, in Voting Precinct No. 8, with J. A. Thompson as presiding officer.

At School House building in Ira, in Voting Precinct No. 9, with Tom Hailey as presiding officer.

At Bethel School House, in Voting Precinct No. 10, with Holly Shuler as presiding officer.

At School House building in Dunn, in Voting Precinct No. 11, with W. A. Taylor as presiding officer.

At Lonewolf School House in Voting Precinct No. 12, with J. M. Pagan as presiding officer.

At School House in Pyron, in Voting Precinct No. 13, with J. H. Jean as presiding officer.

At Justice of Peace office in Hermleigh, in Voting Precinct No. 14, with J. I. Chorn as presiding officer.

At School House in Camp Springs, in Voting Precinct No. 15, with M. W. Bavousett as presiding officer.

At Canyon School House in Voting Precinct No. 16, with R. E. Adams as presiding officer.

At Lloyd Mountain School House, in Voting Precinct No. 17, with J. R. Dabbs as presiding officer.

At Arah School House, in Voting Precinct No. 18, with Bruce Ramsour as presiding officer.

At County Superintendent's office in Snyder, in Voting Precinct No. 19, with P. M. Bolin as presiding officer.

At Countyline School House, in Voting Precinct No. 20, with R. A. Hardee as presiding officer.

At Commissioners' Court Room in Snyder, in Voting Precinct No. 21, with A. M. Curry as presiding officer.

At J. P. Office in Snyder, in Voting Precinct No. 22, with A. Rhoades as presiding officer.

At Crowder School building, in Voting Precinct No. 23, with J. T. Biggs as presiding officer.

A copy of this order shall constitute proper notice of said election, and notice thereof shall be given by publication of such notice in a newspaper published in said County for four successive weeks, the first publication being thirty full days before the date of said election, and in addition thereto, for four weeks prior to said election, notice shall be posted by the County Clerk at four public places in the County, one of which shall be at the Court House door of said County.

The County Clerk of this County is hereby directed to post such notices and to cause the same to be published as herein provided, and further orders are reserved until returns of said election shall have been made to this Court.

HORACE HOLLEY,
County Judge.
JOHN C. DAY,
Commissioner Precinct No. 1.
LEE GRANT,
H. C. FLOURNOY,
Commissioner Precinct No. 2.
Commissioner Precinct No. 3.
(Seal) W. A. JOHNSTON,
Commissioner Precinct No. 4.
ATTEST:
MABEL Y. GERMAN,
County Clerk. 11-5tc

POLAR NEWS

"Snyder should be proud of Polar." These words were said by a young business man of Snyder. And they should. Polar is not a Scurry county product but Snyder gets our trade, almost all of it. We are worth very little to our own county except in name. Polar has not had over six inches of rain until these fall rains began and her farmers have already furnished about 40 bales of cotton for Snyder gins this fall. My! And the cream and eggs and chickens you buy and practically all of it comes back in food, clothing, cars, etc. Then Scurry county or Garza, (Justiceburg) gets all the shipments of livestock from these ranches. Yes, "Snyder should be proud of Polar" for we really owe this to Kent county.

Sunday school was not very well attended Sunday. We are praying for more interest in our Lord's work.

A good crowd attended singing Sunday night. Every one seemed to be in good spirits to sing. One of our teachers of the public school remarked "That was the most beautiful singing I ever heard, for I haven't heard very much singing since I left here." Not every community can boast a lively singing class so we feel proud of ours.

J. T. Simms and wife were Post City visitors Friday, Saturday and Sunday.

Mrs. A. C. Tanner of Electra was a Sunday guest of her sister, Mrs. E. L. Peterson.

Mrs. W. A. Blythe and Mrs. Clair Boggan have been visiting at Luther for the past week.

Mrs. B. P. Moffat of Snyder was a Sunday guest of her sister, Mrs. E. L. Peterson.

Roy Elkins and family and Alvin Elkins and family were Sunday guests of Mr. and Mrs. G. M. Elkins.

Mr. and Mrs. J. C. Moore and Grandmother Martin of Snyder were Sunday guests of Mr. and Mrs. B. A. Moore.

Miss Pearl Carlile is employed in a cafe at Lubbock. We wish all our young ladies well in their work.

Mrs. Luther Blythe has been on the sick list for the past week.

Mrs. B. A. Moore is among those of our community who have the fall cold or flu this week.

TODAY'S A BIRTHDAY

Wesley Smith, the young heir to the presumed Smith millions, is one year old today, so the editor's family is having a fine, quiet little birthday party for the youngster.

Dismantling of several plants in California and building of several in Texas during 1928 put Texas first in number of oil refineries in the United States.

WIFE DIES AT WACO

The sudden death of Mrs. Monte E. Owens, wife of the secretary of the Sweetwater Board of City Development in a Waco hospital, last week, came to Snyder as sad news to the many friends of this fine young couple. Friends here join with the Times-Signal in extending condolences to Mr. Owens in the loss of a truly and dear helpmate.

COUNTY FEDERATION HOLDS GOOD MEETING

The Scurry County Federation of Clubs held its first meeting of the year Saturday afternoon at 3 o'clock in the county court room. Eight organizations were represented and the delegates were enthusiastic over plans for the fair, their own club work, and that of the federation. The house was called to order by Mrs. J. Nelson Dunn, the retiring president. In a few sentences she presented to the assembly the incoming president, Mrs. W. W. Hamilton, who then took charge and conducted the business of the afternoon. A motion carried that the County Federation begin and sponsor a Woman's Exchange. A committee composed of Mesdames Allen Warren, J. L. Carrell, Lee Stinson and Earl Fish was appointed to formulate plans and work out the details of this project. The president announced that besides club reports, there will be an interesting program each time. The following program committee was named: Mesdames Joe Caton, Roland Bell, and Joe Wilson. At the close of the business session Mrs. Hamilton introduced all the officers present. She then gave a very interesting talk in which she expressed the wish that Scurry County women might become friends by meeting and working together in the county federation. She suggested that as an aim for this administration that we look upward to self improvement and improvement of our homes and living conditions, and for a motto the following was given:

"Who enters here must have without
All envy, malice, gloom and doubt.
For joy and faith the door stands wide;
For grief and need there is room inside."

The meeting was adjourned and at the suggestion of the president every woman, met the other women she did not know, and an old-time hand-shaking and "gab-fest" prevailed for awhile.

Another pleasant voice in your home—a good clock

The friendly tick-tock of your favorite timekeeper is always a welcome companion. Then, too, a good clock adds new warmth and cheer as well as a smart decorative touch . . . Here are mantle, hall, electric and boudoir clocks, in new and attractive designs. Prices are quite reasonable as you'll find out —when you come in.
