Draft Bill Is Being Rushed For Approval

Poll Tax Clause For Armed Forces Is Also Passed

(By The Associated Press)

WASHINGTON, June 8.—The Senate voted today to let the Army enlist 25,000 aliens.

The 43 to 33 vote put the permission into the two-year draft bill. Senator Lodge (R-Mass) sponsored it.

Under Lodge's plan, the enlistees would be eligible for citizenship after five years of service.

No "Foreign Legion"

He said the group would not be formed into a "foreign legion" but would be spread through the Army for service.

The idea is that there are in European thousands of anti-Communist Poles, Czechs and others who would jump at the chance to serve in the American army.

Chairman Gurney (R-SD) of the armed services committee opposed the amendment. He said he doesn't think the proposal ought to be linked to the selective service proposal.

Fundamental Change

"This is a fundamental change in our policies," Gurney said. "Many people feel that such a move would subject our nation to the criticism that our own people are not willing to bear arms in defense of the nation."

As originally introduced, Lodge's amendment proposed enlistment of 50,000 aliens. He cut the number to 25,000 at the suggestion of Senator Tydings (D-Md) when it appeared doubtful the Senate would accept the larger figure.

Final Action Is Aim

The Senate leadership was driving to dispose of the Lodge amendment and other proposed changes in the draft revival measure. They hoped for final action tonight. The House has a similar draft bill it will take up once the Senate acts.

Encouraged by the fact the chamber was able to dispose of seven controversial civil rights amendments in yesterday's 11-hour and 19 minute session, acting Majority Leader Wherry of Nebraska said he will hold the Senate into the night again.

Action Awaited

But the chances of a passage vote before tomorrow seemed none too bright. At least seven more amendments await action.

Lynn Suspect Admits Theft

In an oral statement to Capt. Pat Davidson of Lubbock city police, W. W. Hoffman, 32, ex-convict held on a burglary charge in Lynn county, admitted in Tahoka this morning that he had stolen property here Wednesday from the car of H. H. Sampson, Bridgeport student in Texas Tech.

Davidson said the man was wearing clothing identified as belonging to Sampson, whose estimated loss was $170. The officer brought it and a bag back to Lubbock. He said he would present the case to a 99th district grand jury that early this afternoon still had approximately a dozen cases to investigate before returning indictments.

Charge Is Filed

Hoffman, released May 28 from a five-year penitentiary term, was charged at Tahoka with burglary of Keltner hotel there, Sheriff Sam Floyd said.

Theft of a 1942 green Plymouth coach, licenses HM 8584, from K. K. Denton of route 4 Gilmer, was reported to Lubbock police over night. It was parked in 900-block Texas Ave., Denton said.

A tire and wheel were reported stolen from J. W. Broome, of 2219 Thirty-second.

Mrs. L. D. Lindley, of Ralls, reported theft of a dress and dress material, valued at $28, from her

GOP Family Spat Is Brewing

Halt To Hobby Training For GIs Sought; Money Bill Cut

(By The Associated Press)

WASHINGTON, June 8.—Cash money cuts of nearly nine percent for the Atomic Energy Commission and seven percent for the Veterans administration were suggested today by the House appropriations committee.

At the same time the committee called for a halt to "hobby" training under the GI Bill of Rights.

It also said Atomic Energy Commission officials should show less reluctance to consider the "practical realities" of spending government funds.

Recommendations Made

In a $5,795,048,921 bill to finance six agencies during the year starting July 1, the committee recommended:

1. Atomic Energy Commission: $501,850,000 in cash—a cut of $48,150,000 from what President Truman asked but $326,850,000 more than was appropriated this year—plus $400,000,000 in contract authority, the amount the President asked. The actual money to pay for contracts let under the additional authority will be voted next year or later.

2. Veterans administration: $5,125,309,000 in cash—a cut of $354,600,000—plus $43,000,000 in contract authority as requested. The total is $649,850,000 less than the VA had available this year.

Millions Are Cut

3. Martime commission: $102,377,831 in cash—a cut of $39,475,139—plus $75,000,000 in contract authorization, $14,858,000 more than was asked.

4. Office of Housing Expediter: $15,172,100—a cut of $5,327,900.

5. Office of Defense Transportation: $340,000—a cut of $105,000. The ODT goes out of existence next February 28 unless congress continues it.

6. War Assets administration: $50,000,000— a cut of $56,912,000 The committee recommended that the WAA be abolished August 31, and that the Budget Bureau supervise the $50,000,000 and look after the distribution of records and property now belonging to the WAA.

Dispose Of Surpluses

The $4,225,000,000 in WAA inventories—war surpluses not yet disposed of—would be turned over to other agencies this way: to the Reconstruction Finance corporation, $2,685,000,000 in real property; to the Air Force, $873,000,000 in aircraft and parts; to the Bureau of Federal Supply,

Plainview Residents Hurt In Collision

GREENVILLE, June 8. (U.P.)—Seven persons were injured, one seriously today, when two passenger cars collided head-on near Campbell, on the Greenville-Texarkana highway.

Merle Daniel, 24, of Plainview, was the most seriously hurt of the seven. He was given emergency treatment and rushed to Baylor hospital in Dallas. He was said to have head injuries and his nose was nearly severed.

Others injured were:

Mrs. B. W. McFarlin, 44, of Plainview, broken left arm.

B. W. McFarlin, 44, cuts and bruises about the head.

L. C. Cargile, 54, Texarkana, cuts, bruises, and shock.

Mrs. L. C. Cargile, 53, broken right leg, injured left arm and bruises.

Mrs. John King, 23, Texarkana, bruises.

Mrs. Stewart Wilson, Texarkana, possible injured back.

Woman, Three Girls Are Brutally Slain

PUEBLA, Mexico, June 8 (U.P.)—A 60-year-old woman and three young girl members of her family ranging in age from six to 19 were found dead in their home at the nearby village of Moyotzingo, apparently victims of a hatchet-welding maniac, police reported today.

Police said the bodies had been butchered so badly they were difficult to identify.

Dead were Martina Cante, 60; Juana Morales, 19; Leonor Morales, 8; and Guedelia Monje, 6. Alberto Morales, husband of Martina, was seriously injured and unable to tell police what had happened.

Met At Airport With A 20-Car Motorcade

Blonde's Hunt For Hubby (And $10,000) Hits Complications; He's Married Man

(By The United Press)

DAYTONA BEACH, Fla., June 8 — Blonde Dorothy Lawlor's search for a husband (and $10,000) ran into complications today when the man she chose said he was still married.

The 28-year-old hatcheck girl from Hempstead, N. Y., flew here from New York City yesterday to meet Dan Wicker, a Daytona Beach tavern owner who answered her advertisement and bid $13,000 for her hand.

"That's right," Wicker said when asked if he was still married. "But that's something I don't want to talk about right now. It makes me mad every time I think about it."

He declined to elaborate or say where his wife was. Mrs. Lawlor had no comment. However, she admitted that Wicker hadn't said anything about the $13,000 he had promised her.

Wicker met Mrs. Lawlor at the airport with a 20-car motorcade and drove her to his drinking spot, "Danny's Musical Bar," on the edge of Daytona Beach. After that Wicker spent most of the night behind the bar mixing "Dorothy Lawlor specials" and other

ACTION TAKES UN BY SURPRISE

Red Observers In Palestine Offered

(By The Associated Press)

LAKE SUCCESS, June 8.—Russia's offer to send Red army observers into Palestine caught United Nations delegates flat-footed.

The offer—made yesterday — was just what the United States has feared all along.

Ever since the Palestine problem came before the U. N., there has been uneasy speculation in western power circles that the Kremlin might figure out a way to get troops into the Holy Land.

Loophole Used

Soviet Deputy Foreign Minister Andrei A. Gromyko used a loophole which these diplomats thought they had plugged.

When the security council adopted its detailed proposal for a cease fire and a four-week armistice in the Holy Land, a provision was written in that the U. N. mediator and the American-Belgian-French consular truce commission should supervise observance of the provisions. An additional clause said "they (the mediator and three-nation commission) shall be provided with a sufficient number of military observers."

AMERICANS LEAVING

WASHINGTON, June 8 (AP) — Twenty-one American military officers are leaving immediately to serve as truce observers in Palestine, the State department announced today. Seven Navy officers are leaving by plane sometime today. Seven Army and seven Air Force officers will be assigned from the European theater.

No countries were mentioned. The general assumption here was that the United States, France and Belgium—being members of the commission—would supply the soldiers. The U. N. promptly asked the three nations to furnish the observers. The U. S. and Belgium agreed; France took the request under advisement. Stories about the observers got in the newspapers.

Issues Statement

Yesterday Gromyko appeared early for the council meeting and handed newsmen a special statement. In it Gromyko said he understood that military observers were being selected and added:

"The Soviet delegation considers it necessary to state that the U. S. S. R. is ready to send her observers as well together with the observers of some other directly interested countries."

Gromkyo then went into the council meeting, made virtually the same statement, and called on delegates to discuss the matter. Mild efforts were made to sidetrack the issue. All right, Gromyko said, let's discuss it at the next meeting.

An American delegation official admitted Gromkyo's move took the

Severe Blast Wrecks Club

LOS ANGELES, June 7. (AP)—A gas blast heard for miles blew the fashionable Hillcrest Country club apart today, sending five persons to hospitals.

An earlier report from an ambulance driver that he had picked up two bodies was not borne out, police said.

Two of the victims were in the dining room, and one said "the table lifted up and fell on us." Olin Dutra, pro at the club, escaped injury by a few moments.

The explosion occurred in a locker room, and scattered lockers in a semi-circle for 50 feet. The roof blew off the clubhouse and a fire virtually gutted it despite efforts of 12 fire companies. Loss was estimated by Manager John Steinberg at $175,000.

Hospitalized were Clarence Myers, who was sitting in the men's grill with Edward Koelbel, 52, club auditor; John Steichen, steward; Emil Lepp, chef, Jimmy Waneck and J. M. Friday, maintenance men.

Trade Agreements Extension Favored

WASHINGTON, June 8 (AP)—The Senate finance committee voted 8 to 5 today to extend the foreign trade agreements act one year with less drastic revision than the House approved.

The committee approved the bill after adopting, 7 to 6, a compromise amendment proposed by Republican Senators Vandenberg (Mich) and Millikin (Colo).

Under this amendment, the President would have to notify Congress within 30 days if he ignores recommendations of the tariff commission in making trade agreements.

Early Adjournment By Solons In Doubt

WASHINGTON, June 8 (AP)—The Senate Republican policy committee decided today there is serious doubt Congress can complete its work in time for a June adjournment.

Chairman Taft (R-Ohio) told reporters the committee went over the situation and reached that conclusion. It scheduled senate action on four bills, including the pending two-year draft measure, but left the fate of a half dozen other measures up in the air.

Bitter Battle Over Housing Now In Sight

Rep. Wolcott Will Offer Substitute For Taft's Plan

(By The Associated Press)

WASHINGTON, June 8—A GOP family spat on the eve of the party's national convention threatened today. Rep. Wolcott (R-Mich) made ready to introduce a substitute for the Senate-approved housing bill sponsored by Senator Taft, a GOP presidential aspirant.

Wolcott, chairman of the House banking committee, announced that his committee would end its public hearings on housing today, and act on his bill later in the week. The housing issue then will be thrashed out on the House floor beginning Monday or Tuesday.

Details Are Guarded

Republican Wolcott guarded most of the details of his bill, pending formal introduction late today or tomorrow, but he hinted strongly it will not look much like the measure sponsored by Republican Taft.

This held out the prospect that Congress may wind up its session June 19, two days before the GOP convention, in a wrangle between Senate and House Republicans over the housing issue. The battle may touch off a hot platform-writing fight at Philadelphia.

Wolcott's measure is not expected to include the controversial section of the Taft-Ellender-Wagner bill that provides for federal financing of 500,000 low-rent housing units. Opponents have cried "socialism" at this type of housing for low-income families.

Fifteen Million Homes

The T-E-W bill (Senators Ellender, Louisiana Democrat, and Wagner, New York Democrat, are co-sponsors with Taft) contemplates construction of 15,000,000 homes in 10 years, primarily by private enterprise with government encouragement.

Wolcott gave no estimates of what his measure will do, but he did say it will embody one section to encourage construction of homes for veterans. This—like the T-E-W bill—may provide special loan arrangements and grants for home construction by paralyzed veterans.

There were not many predictions of how the housing battle will come out.

Proponents of the 500,000-unit public housing program are unwilling to concede defeat. A sizable segment of big-city Republi-

Newborn Baby's Life Is Saved By Doctor

NEW YORK, June 8 (U.P.)—Dr. Morton J. Greene met the stork unexpectedly today while out for a stroll. Noticing a paper bag on the sidewalk that moved as if alive, he opened it up. Inside was a newborn baby boy, almost suffocated by the towel enfolding him.

Green gave the infant first aid and took it along to a hospital. Later doctors reported the baby was doing well, its life probably saved because it was found by a doctor and not a layman.

SECOND CONVICT ADMITS CRIME

Doomed Man Given Stay Of Execution

(By The Associated Press)

AUSTIN, June 8 — Gov. Beauford H. Jester today granted a 30-day stay of execution to Joseph Lee Saulter on the basis of an affidavit that another Texas penitentiary inmate committed the murder for which Saulter was convicted.

Saulter was previously scheduled to go to the electric chair tomorrow on conviction of murdering Thelma Leslie.

Affidavit Is Received

The board of pardons and paroles recommended the clemency after receiving an affidavit from Warden L. K. Kelley, Retrive state farm, Snipe, dated May 31 and signed Cecil E. Barker Barker allegedly stated he committed the crime for which Saulter was convicted.

A constitutional 30-day stay of granted to Saulter. The second reprieve moves the date of execution from June 9 to July 9.

Saulter gained public attention recently by offering to donate the corneas of his eyes to a blind student at Hardin-Simmons university.

Convicted In Slaying

Saulter was convicted in Galveston county in the knife slaying of Thelma Leslie Feb. 24, 1947, in a Galveston tavern.

Court records said Saulter, an escaped convict from the Mississippi penitentiary, had been living with the woman prior to the slaying.

Records further showed that he had been refused beer in a tavern and had asked for the beer that his woman companion was drinking. When she refused, her throat

WANTS HUSBAND—Because Rev. E. L. Burr, of Temperance, Mich., believes every good woman should have a husband, he is trying to find a mate for his mother-in-law, Mrs. Lucille Journey, above. The comely, 42-year-old grandmother said "I think it's a joke, but if I get a good offer, I might be tempted." Reverend Burr's advertised requirements: "An honest man with $10,000 and the know-how to enjoy and provide a home."

HE'S IN FENCE-MENDING MOOD

Car Tour Of Idaho On HST's Schedule

(By The Associated Press)

SUN VALLEY, Idaho, June 8—President Truman got physical and political lifts in Sun Valley before departing today on an automobile tour of Idaho apparently in a mood for fence mending, and "a fighting campaign" for the White House.

The political lift came from a promise by State Chairman Dan Cavanagh of Idaho's 12 votes in the Democratic national convention.

The other was a ride 1,200 feet up this Union Pacific railroad resort's "Dollar Mountain" in one of the chair lifts used by ski jumpers from all parts of the world.

Confers With Leaders

The President conferred for 25 minutes with 25 Idaho Democratic politicians in the Sun Valley cottage of W. Averell Harriman, ECA "roving ambassador" and former Secretary of Commerce.

Emerging, Cavanagh told reporters they had assured the President of Idaho's convention votes. He added:

"We told the President we are 100 per cent behind the Truman doctrine, behind his foreign and domestic policies and 100 per cent behind the Truman administration."

County Treasurer T. E McDonald of Idaho Falls, who travelled 225 miles to see the President said Mr Truman assured him he would make "a fighting campaign" for a term in his own right, when he suggested the need for such a fight.

The gathering here was described by Cavanagh as "a good Democratic meeting." It may furnish the pattern for such parleys in the future on the remainder of Mr. Truman's pre-convention speaking campaign which heads into Butte, Mont., tonight.

The President will speak in the

See TRUMAN TRIP Page 5

Dewey Expects To Top First Ballot

NEW YORK, June 8 (AP) — Gov. Thomas E. Dewey says he agrees with predictions that the first presidential ballot at the Republican convention will be about like this:

Dewey — "Something over 300 votes."

Sen. Robert A. Taft — "Something like 250."

Harold E. Stassen—"Something like 150."

The presidential aspirant said he thinks the figures are "about right," but added "I'm not making any forecasts."

One Killed As Tornado Hits

JEFFERSON, Ind., June 8 (AP) — A tornado which killed one child and injured at least four other persons early last night in Henryville (Clark county) climaxed a day of violent storms in Indiana.

State police identified the dead girl as Gayle Mullins, 10. Injured included her parents, Mr. and Mrs Thomas Mullins; Mrs. Emma Applegate, 56, and Mrs. George Smallwood.

The Mullins girl was killed and her parents were injured seriously when their home collapsed. Mrs. Smallwood was injured in the collapse of her home and Mrs. Applegate's skull was fractured when she was struck by a flying brick.

Henryville's streets were a litter of rubble and fallen trees after the storm which struck about 6 p. m. More than 20 houses and barns were destroyed in the town of 1,500 and all utilities were knocked out.

The Red Cross sent in cots and blankets and set up a shelter for

Brutally Battered, Nude Body Is Discovered By Husband

Woman Mystery Writer Is Victim Of Murder As Gory As Own Magazine Detective Tales

(By The United Press)

PHILADELPHIA, June 8.—A 43-year-old woman mystery story writer today was the victim of a murder as gory as any of her magazine detective thrillers.

The brutally battered, nude body of Mrs. Katherine Mellor, mother of an 18-year-old son now in the Navy, was found last night sprawled across her blood-spattered bed.

Her husband, Charles, 47, a former newspaper feature writer, told police he discovered the body on returning to their fourth floor apartment from work at a dairy plant. Police immediately took him into custody for questioning.

Mrs. Mellor wore only a pair of silk stockings, rolled down nearly to her ankles, police said. Around her neck was a gold chain and locket.

Investigators said both eyes were blackened and severe bruises marked her entire body. One police spokesman said her assailant apparently battered her savagely with his fists and some heavy instrument.

Mellor, employed as a clerk since the suspension of the Philadelphia Record in February, 1947, said he brought home a pint of ice cream from the dairy plant.

Calling to his wife as he entered the apartment, he received no answer. Mellor said he walked into the bedroom and found the body.

Her head rested on the blood-soaked pillow and both legs dangled over the side of the bed, the feet barely touching the floor, police said. Part of her blood-covered underclothing was found under the pillow while her other clothes were scattered about the room.

Mellor told detectives at a police station that his wife had telephoned him about noon and that she mentioned nothing unusual. He could give no motive for the slaying.

Mellor was held for further questioning.

Soft Coal Operators Ask Delay In Talks

WASHINGTON, June 8 (AP) — Soft coal operators today asked for another 24 hours in which to discuss a possible contract offer to John L. Lewis.

At their request, contract negotiations which were to resume at 12 noon (CST) were postponed until the same hour Wednesday

The operators held a private huddle at the Statler hotel over what proposals they should make to the United Mine Workers for a new agreement. The present one expires June 30.

WOMAN SPY SHOT

PARIS, June 8 (AP)—Genevieve Danelle, gestapo spy, was executed today. She was the first woman to face a firing squad in liberated France.

Today's Cotton

New Siege By Raging Rivers Now Awaited

Weary Defenders Of Dikes Expect Greater Trouble

(By The Associated Press)

PORTLAND, Ore., June 8—The Columbia and Fraser rivers fired their thrid flood crest downriver today. Weary sandbag battalions defending battered American and Canadian dikes were reinforced for three more weeks of siege.

Scorching weather throughout the Pacific northwest sent tons of water from fast-melting mountain snow into the two rampaging river systems. The Kootenay river, one of many feeding the Columbia, crashed through another dike in Canada. Water poured over 8,000 acres of rich farmland near Creston, B. C., 350 miles east of Vancouver.

Barely Hold Levees

Elsewhere in the vast, flood-ravaged region of Oregon, Washington, Idaho, Montana and British Columbia men and machines held the weakening levees—barely held them.

How long they could go on winning, no one knew Nor did anyone know what to expect from the third crest. It had not built up enough so forecasters could say if it would top the first and second crests of the past week. It all depended on how long the sun blazed down on the snowpack.

In both countries, more manpower and earthworking equipment was thrown into the battle that already has cost 27 lives and perhaps $140,000,000 damage. Hundreds still are listed as missing in the Memorial day drowning of Vanport, war housing city of 18,700, on the Columbia in Oregon near Portland.

Two Great Currents

Along the far-reaching flood fronts of the Columbia and Fraser, the fight is against two great currents—river and tide. In the American and Canadian lowlands near the Pacific the two combined against man.

Authorities at New Westminster, B. C. advised 5,000 residents of suburban Queensborough on Lulu island to evacuate nightly while the swollen Fraser crashes into high tides coming up from the sea.

New Westminster's Mayor W M. Mott appealed for 1,000 workers daily to meet the new crisis. "We will be able to hold the

Five Hurt In Freak Mishap

COLUMBUS, O., June 8 (AP) — Five passengers of a Pennsylvania railroad sleeping car were injured —two seriously—in a freak accident in union station here last night.

The victims were among 17 passengers trapped in the sleeping car of the New York-bound Spirit of St Louis when two cars were uncoupled and smashed into the engine of the Metropolitan limited.

The second train was waiting to pull into the station. None of its passengers was injured.

Passengers Trapped

The impact of the crash sprung the doors of the Pullman, trapping the 17 passengers in their sleeping compartments of the Spirit of St Louis.

Firemen, police and railroad workers dug into the wreckage to free the passengers. The pullman and the observation car were the last two cars on the train.

Injured seriously were E. D. Johnson, 45, of Jennings, Mo., and Charles W. Donker, Baltimore, Md.

The other injured were Hart W Reaves, 45, Los Angeles; John Avery, 45, Connersville, Ind., and Harry G. Fitzgerald, jr., Black Lick, O.

Firemen worked with acetylene torches for more than an hour to free Johnson from the wreckage. He suffered fractures of both legs and severe lacerations of the lower abdomen.

Million-Dollar Home For Aged Is Planned

DALLAS, June 8 (AP)—A million-dollar Baptist home for the aged will be built at Houston.

Plans were announced last night by Dr. Hal F. Buckner, president of Buckner Orphans home here, which will operate the Houston home with the cooperation of a Houston advisory committee.

Buckner officials and Houston Baptist leaders, meeting at Houston yesterday, made plans to launch an immediate campaign for $250,000 as the initial fund to set up the home. Plans call for an eventual $1,000,000 program.

KFYO Tune In 1340 Kc.

Cost-Of-Living Bonus Ordered For Employes Of Bus Company

Jess C. Levens, vice president and general manager of Texas, New Mexico and Oklahoma Motor Coaches, Inc., drivers of which have engaged in strike since May 21, said this morning that a 5 per cent cost of living bonus that had been authorized by him for employes who were "actually working for the company June 1," does not apply to corporate or administrative officers.

It does apply to 133 employes, among which were 57 drivers when checks were distributed Saturday, Levens said. Since that time additional drivers have been employed, so that there now are approximately 65, it was explained.

Continue This Year

Levens authorized, in a June 3 instruction to H. D. Collings, auditor of TNM&O, that the cost of living bonus should "continue for the balance of this year, or until further instructions from me."

He ordered that the bonus be made retroactive to May 16.

A few hours before union representatives charged that the company continues to refuse proposals for arbitration settlement of the strike, Levens made this further statement:

"I am in position to put 10 of the striking drivers back into service, at their former pay, plus the 5 per cent cost of living bonus, such drivers to retain their seniority."

He added this proviso today:

"This is provided that no driver will be returned to service who has been guilty of violence or improper conduct toward the company or its employes."

Further, he said, after a Monday night statement of union representatives:

"I want it understood that I am friendly to organized labor generally and to the Brotherhood of Railroad Trainmen (bargaining agent for the drivers) in particular. I trust that the brotherhood will see fit in the near future to have its officers make the non-Communist affidavit and to make and file the financial and other statements and reports, all as required by the national labor relations act.

"I did everything in my power consistent with good business principles to arrive at the terms of a contract with the brotherhood that would insure the employes of liberal pay, excellent working conditions and at the same time keep the company in such financial condition as to enable it to render safe and efficient service without extra cost to the traveling public."

Union representatives countered with the statement that the latest action is not considered fair to other drivers, and in a sense amounts to a partial lockout.

The company Saturday set up a booth across the street from the main terminal, so that striking drivers could call for checks covering employment from May 16 to 21 without crossing picket lines still operating at the terminal.

Statement Is Issued

A statement covering the union's efforts for negotiations was issued last night by C. H. Smith, vice president of the Brotherhood of Railway Trainmen, who has been here several days seeking a settlement. The union is affiliated with the BRT.

Other than the picketing, all was "quiet," Levens said. Several recent conferences were held between him and a grievance committee representing the striking drivers, who were accompanied by their attorneys. A "status quo" condition exists in regard to negotiations, he said.

Walkout Still On

"The strike of bus operators against Texas, New Mexico and Oklahoma Coaches, Inc., is still in effect and do not be misled by reports to the contrary," Smith declared.

"The management of the TNM&O has continued to refuse arbitration with a three panel board, a union representative, a management representative and a neutral arbitrator, with Gov Beauford Jester, Sen. Tom Connally, or Coke Stevenson to appoint the neurtal party, Smith said. If they desire to be fair and are sincere in their statements on this question, Smith declared, it certainly seems they could not consistently decline this proposition.

The BRT official said the company refused to agree to restore all bus operators on strike to their jobs on any given date, that is to restore a certain number of drivers immediately, and the balance on a given date. "This did not include any operator under charge of violence," he said.

Investigation Requested

Smith said management had refused to agree that if five operators charged with violence are found not guilty by the courts, to restore them to service, or to name other operators the company alleges to have been guilty of some misconduct or to file charges against those drivers or agree to provide a hearing or an investigation for them by mutual agreement under a provision in the 1947 contract.

"In the final analysis," Smith declared, "the management insists it must be the judge, jury and prosecutor to determine the guilt and innocence of the bus operators, even though they decline to name some of the operators, or state what charges are against them."

"We cannot understand why the company will not permit the courts to determine the issue on the five charged operators as to their guilt or innocence, and are not willing to file charges against drivers that they allege are guilty of misconduct," Smith declared.

"It is, in our opinion, against the democratic principles of our government to convict a bus operator, or anyone else, without a trial. To do so would, in our judgment, at least border on dictatorship," the BRT official said.

Many Drivers Live Here

Smith pointed out that of the 72 men on strike all but five or six lived in Lubbock and 58 of the total were operators. He said 18 were war veterans and many were home owners or were buying homes in Lubbock.

He said a bus operator at five cents a mile would have to drive 7,240 miles a month to make as much as $362 a month as the company has claimed some drivers were paid.

Smith pointed out that while the drivers here were paid from 3 to 5 cents a mile, Continental Bus lines had a top rate of 5.25 cents a mile, Dixie Sunshine a rate of 5.25 cents a mile, Southwestern Greyhound and Santa Fe Trailways a rate of 5.85 or better. Smith said he understood Continental had granted a quarter cent a mile wage hike and had brought their rate to 5.50.

"Is there any reason why drivers living in Lubbock should not have at least the same rates of pay as those operating on the majority of other lines?" Smith asked.

"The Brotherhood of Railway Trainmen, of which the striking operators presently on strike are members, is opposed to violence of any character in strikes or elsewhere. We believe we have offered fair proposals for settlement. We would welcome a fair settlement in this matter but we cannot accede to what we believe unjust demands made by management," Smith concluded.

Two Given Fines, Two Still At Large

Paralyzed War Vet Beaten By Four Men After He Honks Horn At Them

(By The Associated Press)

BALTIMORE, June 8.—A 30-year-old war veteran paralyzed from the hips down told a police court four men tried to drag him from his car and beat him after he blew his horn at them.

Police were still looking for two of the men today.

Two others, Frank Franklin, 36, and Joseph Boslusny, 26, received a maximum $200 fine from Magistrate Herbert Franklin yesterday. The magistrate said he could not think of a "more horrible assault."

John Chilcote, disabled in Italy, testified he was waiting in his specially-equipped car for a light to turn when another auto passed through. He blew his horn.

He said the other car then pursued him for a mile, forced him to a curb, and four men jumped out. One shouted, "you won't blow your horn at us."

Chilcote said he protested he was disabled but they tried to pull him from the car. They beat him up, he said, despite his wife's efforts to shield him.

The defendants did not admit striking Chilcote. One said they didn't like having auto horns blown at them.

Naval Reserve Plans To Move To Center

The organized Naval Reserve training center is nearing completion on Texas Technological college campus, Lt. Marvin Hunter, who has charge of the Naval Reserve recruiting office in the federal building, said this morning.

He said he expected to move his office to the training center about July 1 and that the training center would become the scene of weekly meetings of the organized division in July. The meetings now are being held in the engineering auditorium on the campus.

Hunter announced an active duty opening in the training center for chief or first class radioman or radarman, with promise of service to July 1 next year. He said those interested may see him in room 204 of the federal building or telephone him, No. 8171.

Boys Club Members To Help At Rodeo

More than 100 members of the Lubbock Boys club have signed to assist as ushers and in other jobs at the American Business club rodeo which starts here tomorrow, and the boys are asked to be at the clubhouse at 12:30 o'clock Wednesday for assignments, it was announced today by John Wilson, club director.

Wilson said that other club members who did not sign for work, but who will assist at the rodeo, may report to the club also. Participation in the parade, and work assignments for the rodeo are to be outlined.

The Boys club is the chief beneficiary of the ABC-sponsored Gene Autry rodeo which is to show here Wednesday through Saturday.

Local Men Attending Lutheran Conference

Rev. Karl W. Keller, pastor of Redeemer Evangelical Lutheran church, and O. O. Schade, lay delegate and elder of the church, are in San Antonio attending the twenty-ninth convention of the Texas district, Lutheran church Missouri synod scheduled June 7-11. St. Paul's Lutheran congregation is host to the approximate 400 delegates in attendance.

Rev. Keller and Schade are serving on the committe on Christian education at the district convention. Rev. Keller returned the call this past week to go to Salt Lake City, but at the request of his congregation, decided to remain in Lubbock.

Water is the most important and cheapest ingredient a hen needs to manufacture eggs. For each pound of feed laying birds consume two pounds of water.

Eye Cautions

Bright, glaring light tires eyes. Avoid reading in a shadow. Diffused, indirect light is restful. To soothe and relax overworked, sore, tired, burning, itching eyes use comforting pleasant Lavoptik. 30 years success. Praised by thousands. Get Lavoptik today. (Eye-cup included). 5-Yr. Victim Of Gassy Stomach

"For 5 years I suffered from gas swelling and bloat," says a well-known citizen: "My meals just laid in my stomach and turned to gas. Had dizzy attacks from this condition. I tried many medicines, but they never had any effect on me, but finally I found INNNER-AID. It cleared out all my gas. Now I can eat without misery afterward. This is the only medicine that ever helped me."

INNER-AID is the new formula of 12 juices from Nature's Plants. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food, thus eliminating the poisons that foster stomach trouble. It will cleanse the bowels, clear gas from stomach, enliven liver and remove old bile from the system. So don't go on suffering! Get INNER-AID. Sold by all drug stores. Adv

Good News For Folks Who Suffer From

✔ STOMACH GAS
✔ SOUR FOOD TASTE
✔ ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalisers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Coke Stevenson Seen As Man To Beat In Race For Senate

(By The Associated Press)

"Calculating Coke" Stevenson may be the man to beat in Texas' hottest political race — for the Democratic nomination for U. S. senator.

Veteran political observers in Austin sized the situation up that way today. And last night's radio speeches by the former governor's opponents indicated the same thing. They lambasted Stevenson, though not always by name.

Rep. Lyndon Johnson called Stevenson a "calculating, do-nothing, fence-straddling" opponent in an address from Houston.

Peddy Causes Stir

George Peddy, Houston attorney also seeking the nomination, also had hot words for Stevenson, but caused a greater stir by first refusing, and later agreeing, to delete parts of his speech.

Radio station WFAA in Dallas said the few sentences involved were libelous. They referred to another and un-named candidate in the same race. WFAA said Peddy would be cut off the air if he tried to read that part of his speech.

Peddy insisted he was just talking facts. But an hour before broadcast time he backed down, though still claiming the statements were factual. "I have deleted the sentences to prevent part of my address being chopped up and cut off the air," he said.

Courage Is Needed

In his speech, Peddy declared the nation needs public office holders who have the courage to sound warnings of danger. He said one of his opponents had criticized him for asking for proper military preparations.

"This cautious, calculating, fence-riding, gum-shoeing, pussy-footing professional office holder has the audacity to talk about George Peddy being 'an apostle of fear'," declared Peddy.

(In a May 31 radio speech Stevenson said "we can be vigilant . . . without being frightened. There are men in this nation today who go about the country as apostles of fear. They say still another war is just around the corner. I say we don't have to be afraid.")

Peddy, in effect replying to Stevenson, said last night:

"Yes, I am afraid of another war. I was desperately afraid of war from 1933 until we suffered the disgrace and near complete disaster of Pearl Harbor. I did all that I could to induce our spokesmen in Congress to prepare America to defend itself but there were just too many politicians in America, just like this candidate who ridicules the idea that there is any danger of war."

All Should Be Afraid

Peddy said he didn't mind admitting he was afraid of war, "and I want all of you to be so afraid of it that you will demand the sort of leadership that will prevent another war."

Just recently back from an operation in a Mayo clinic in Minnesota, Johnson challenged Stevenson "to tell Texans . . . if he favors withdrawing federal aid from 500,000 World war two veterans, men who didn't sit it out at home when old glory had to be carried to every corner of the globe."

He noted that the federal government takes 45 billion dollars in taxes from Texas and Texas gets some of it back in federal aid.

"While I was sick at Mayo's, a calculating, do-nothing, fence-straddling opponent of mine, who three months ago said he had no platform, got off the fence for the first time to oppose the teacher salary increase," Johnson said. The congressman said the Taft bill before Congress would give Texas teachers $400 more per year "without federal control."

Hamstring Colleges

"A man who would oppose federal aid would hamstring our great colleges like A. and M., which has received federal aid for 50 years; Texas Tech, A. and I. at Kingsville, our leading universities and most of our fine religious institutions, all of which for years have participated in cooperative federal aid programs," Johnson said.

The congressman also challenged Stevenson to say how he would vote on the Taft-Hartley act, the reciprocal trade agreements, federal support prices for farm products, and on $50 a month old age pensions. Johnson said he himself opposes socialized medicine, favors federal aid for Texas hospitals, voted for defense and preparedness measures, voted to quarantine aggressors and for he Marshall plan and reciprocal trade agreements.

Meanwhile Caso March carried his campaign for the Democratic nomination for governor to West Texas. The former Baylor university law professor said he will make a radio address from Lubbock tonight.

"I'm going to talk about the constitutional amendment providing college building funds," he said at Abilene last night. "I don't think they did right by West Texas when they adopted that amendment."

March said he campaigned in 20 towns yesterday, from Waco to Abilene, and will maintain the campaign pace every day except Sunday.

Yugoslavia Favors Italian Colonies

ROME, June 8. (AP)—Yugoslavia spoke up today in favor of letting Italy continue to administer her pre-Fascism African colonies.

A note delivered in London to the deputies of the big four foreign ministers set forth the Yugoslav view that the consolidation of peace and world security would best be served by making Italy the United Nations' mandatory power for Libia, Eritrea and Italian Somaliland.

The note, released her by the Yugoslav legation, was couched in terms of surprising friendliness toward Italy—with which Yugoslavia has picked many bones since the war.

Yugoslavia specified the United Nations should see to it that Italian administration of the colonies was designed to bring about "their most rapid progression possible toward self administration and independence."

Andrews Well Is Completed

Humble Oil & Refining Company No. 12 J. E. Parker, central-southwest Andrews county wildcat, about 25 miles southwest of the town of Andrews, has been officially completed as a flowing oil well and as a new discovery from the Devonian.

This project, located three miles north of the Three Bar field, the nearest proven producing area, three and one half miles west of the Martin field, and 660 feet from south and west lines of section 2, block A-54 psl survey, reported a calculated 24 hour potential of 673.2 barrels of 36 gravity oil, with a gas-oil ratio of 1,070.1, from pay in the Devonian at 8,390-8,420 feet, which had been treated with 3,000 gallons of acid.

Figures Are Given

The 24 hour figure for the production of this new field opener was calculated from any actual six hour flow of 168.30 barrels of oil, plus 15 barrels of water.

In the first hour of the test the water amounted to only one per cent of the fluid recovered. In the last five hours the water was 10 per cent.

During the first three hours of flowing the well was on a three-eighth inch tubing choke. In the last three hours, of the six hour test, the choke was a one half inch opening.

Gas volume was at the rate of 720,000 cubic feet per day The well is now being put on production.

It drilled to a total depth of 10,398 feet in the Ellenburger. That formation showed salty, sulphur, water.

Nebraska spent $127.52 per pupil in public elementary and secondary schools for 1944-45.

Government Of Iran Defeated By Vote

TEHRAN, Iran, June 8 (AP) — The government of Premier brahim Hakimi fell today.

Of 105 members present in the Majlis (legislature) Hakimi received but 38 votes in a test of confidence.

Most of those who voted against him were supporters of Ahmed Qavam, whom Hakimi succeeded as premier last December.

Crop rotation is an important factor in the control of annual weeds.

The heart of a woman normally beats on the average about eight times a minute faster than a man's does.

Many countries hold elections on Sunday because on that day the greatest number of voters can take part.

Church Societies Conduct Election And Installation

When missionary societies met Monday, officers were installed, reports were made, programs and lessons were presented and luncheons and a breakfast were served. Both members and guests spoke.

Following a devotion by Mrs. Jack West and a program on "Publications" directed by Mrs. C. E. Fulgham, secretaries of St. John's Methodist Woman's Society of Christian Service made reports.

Mrs. W. E. Moren reported children's work; Mrs. Coleman Hasie, student work; Mrs. Marvin McLarty, status of women: Mrs. Charles R. Hedges, organization and promotion; Mrs. John Pearce, missionary education; Mrs. J. J. Kendrick, spiritual life; Mrs. A. Holmes, supplies; and Mrs. Fulgham, literature and publications.

A report on Christian social relations and local church work was made by Maggie Atkins who discussed the Leader Training school held in Amarillo recently for Negroes. The speaker was introduced by Miss Lucile Smith, chairman of the social relations committee of the WSCS.

Officers elected at the meeting are as follows: Mrs. J. R. West, vice president; Mrs. George Davis, mission education secretary; Mrs. J. J. Kendrick, spiritual life chairman; and Mrs. Clifford B. Jones, pianist.

Clothing to be sent to the Methodist Mission home in San Antonio was packed at the meeting.

The WSCS will have a breakfast next Monday at 10 a.m. at the church with Mesdames Basil Reynolds, W. M. Slagle and J. W. Taylor as hostesses. A program will be presented by Mrs. C. A. Bickley of Asbury Methodist WSCS.

PROGRAM SERIES INITIATED BY WSCS

Approximately 50 members of First Methodist WSCS attended a program, the first of a series on "Women and the Family," given at the church chapel. Two speakers, Mrs. John Lee Smith and Mrs. Curtis Boyd, spoke on "The Importance of Woman's Role in the Family" and "Women and Children."

Mrs. A. L. Woodfin sang "End of a Perfect Day" and Mrs. E. F. Alford brought a devotion.

• • •

A Bible study on the Song of Solomon was led by Rev. C. Melvin Ratheal for Parksdale Baptist Women's Missionary society at the church. Ten members and one guest attended.

COUNCIL OFFICERS ARE INSTALLED

Mrs. O. P. Hankins, retiring president of First Christian Women's council, was presented a gift following a council initiation which she conducted at a luncheon held at the church. During the initiation ceremony, Mrs. Hankins read an original verse about each officer.

The new president is Mrs. E. A. McClure.

A devotion was brought by Mrs. L. O. Armstrong. Fifty persons attended the luncheon which was served by the executive council.

• • •

The song, "Jesus Paid It All," opened a meeting of College Avenue Baptist WMS. On program were Mrs. Garlin Murphy who led a devotion and Shirley Averett, Freddie Nelson, and Pat Walker, intermediates, who sang "All on the Altar," accompanied at the piano by Mrs. Errol Foote. Prayers were by Pat Walker, Mrs. D. D. Adams and Mrs. Abe Hester, jr.

Refreshments were served by Mrs. Coy Roberts. Mrs. Hester and Mrs. Murphy are new members of the society.

ASBURY CIRCLES HAVE PROGRAMS

Members of Mary Martha and Kitty Bond circles of Asbury Methodist WSCS who attended a breakfast at Fellowship hall were hostesses to Rev. and Mrs. Pablo Calderon of Rio Grande City, formerly of Lubbock, and Rev. Antonio Guillen. Rev. Calderon, who received an M. A. degree from Tech Monday night, spoke on Mexican work at his home church and Rev. Guillen discussed work of the Lubbock Mexican Methodist church.

Thirty members and two other guests attended.

Mesdames M. L. Eagle, Dennis Murphy and R. E. Ellison presented a lesson from "The Methodist Woman" for Naomi Ruth circle of the WSCS in the home of Mrs. Leonard McGowan. Mrs. Russell Wimberly gave a devotion and she and Mrs. W. F. Bond led prayers.

Nine persons were present.

Suzanna Wesley circle met at the home of Mrs. W. W. Owen. A devotion was given by Mesdames Ora Goldwater and Owen, and Mrs. Lillian Steely was in charge of the program.

• • •

Pioneer Memorial Methodist church WSCS met at Arnett Benson Baptist church.

Mrs. F. L. Boyd brought the first of a series of programs, "We the People". The devotional was given by Mrs. J. S. Eddleman.

Brooxie Smith Honored At Pre-Bridal Party

A miscellaneous bridal shower honoring Miss Brooxie Smith, bride-elect of Mark Anthony, was given recently in the home of Mr. and Mrs. Johnnie Joiner in Becton. Hostesses were Mesdames Joiner and Ray Furgeson of Becton and Mesdames Leo Bullock and Charley Snodgrass of Idalou.

Garden flowers decorated the rooms, and the names of the couple were lettered in gold on a mirror over the registration table. Miss Betty Furgeson presided at the bride's book, and Mesdames Bullock and Snodgrass served at the refreshment table, which was centered with a miniature bride and bridegroom on a mound of white satin.

During the afternoon, 50 persons called, including the bride elect's grandfather, R. H. Tudor of Lubbock.

The wedding will take place in the Ralls First Methodist church on Saturday.

Wistie Reid Leaves For BSU Summer Retreat

Miss Wistie Reid, who spent the weekend with her parents, Mr. and Mrs. J. E. Reid, 2721 North Third, left Abilene Monday with 24 other students from Hardin-Simmons university, bound for the Baptist Students Union retreat at Ridgecrest, N. C. Miss Reid, who is a senior at Hardin-Simmons university, is state BSU secretary.

Annual Election Conducted By Lubbock Women's Club

Officers to serve the Lubbock Women's club for 1948-49 were elected by the board of directors Monday night in an annual session conducted in the home of Miss Dorothy Lomax, 3105 Twenty-first. Elected to office were:

Mrs. Retha Martin, president; Mrs. James G. Allen, vice president; Mrs. Ivy Savage, secretary; Miss Ruth E. Ford, treasurer and Mrs. John Powers, finance advisory chairman, with Mrs. Claud Keeton as co-chairman.

Retiring officers were: Mrs. Alfred Crosby, president; Miss Ford, vice president; Mrs. A. T. Cocanougher, secretary and Mrs. W. C. Wood, treasurer.

The chairmanship of finance is a new office, created because of the heavy duties it gave the treasurer, who has served in both capacities heretofore.

The annual financial report read by Mrs. Wood showed the club has a balance of $15,106.40 in the bank. In May 1947 the balance was $5,198.70.

During the year, Mrs. Wood as chairman of finance directed promotion of various projects to increase the building fund, main project of the Lubbock Women's club which is made up of 27 participating clubs and a number of individual annual and lift memberships. These included a "Gay Nineties" party held in the fall, cake sales conducted each Saturday through the winter and spring months and co-sponsorship with the Lions club of the staging of the Gainesville Community circus in May.

Mrs. Fay Westmoreland, Miss Lomax and Miss Margaret Turner retired from the board Monday night at the end of three year terms. They were succeeded by Mrs. Allen, Mrs. Keeton and Mrs. Savage.

Mrs. J. C. Rigney is chairman of the advisory committee which elected the board members last month.

MARY HAWORTH'S MAIL . . .

Bachelor Brother's Hint To Marry Assistant, 25 Years His Junior, Panics His Family

DEAR Mary Haworth: My father died many years ago, leaving mother with four children: the eldest a son whom I shall call Bud. Bud raised all of us and supported mother, with whom he lived until her death a year ago. Each of us has married well and have homes and families of our own.

Bud is a fine doctor, now 60; and he has had a brilliant, successful life. Although he's had lots of girls in his life, being a very attractive man in many ways, he has never married, and until recently he never gave us any reason to suspect that he was interested in any one woman.

Now, however, he indicates that he is in love with and contemplates proposing marriage to his assistant, a beautiful girl with a radiant personality who has great business ability, especially in dealing with people. She is completely loyal and devoted to Bud, and of great help to him in his work.

She is about 35, a widow with a 12-year-old son, a handsome lad, well mannered, who shows good training and is a credit to his mother in every way. Her husband was killed in the child's infancy, so that her character speaks for itself in all that she has accomplished unaided in providing a home and education for him.

COULD MAN OF 60 TOLERATE STEPSON?

IN ALL fairness to her I'm sure she would make someone an excellent wife, but I believe the vast age difference between her and Bud is too great an obstacle to overcome. Also I cannot see that Bud, at his age and status, could accept and tolerate a sepson, and I am afraid there would be friction on that score.

I should regret the slightest implication that I dislike the girl, for quite the contrary I am very fond of her, as everyone is. I think she is a fine and remarkable person; and if she were just an older woman, with her child raised and out of the way, we should all be delighted, but unfortunately such is not the case.

We want our big brother to be happy, but are terribly afraid that marriage to this young woman would bring him unhappiness, and while none of us has expressed an opinion, I would like your views before venturing one; assuming, of course, that I shall be asked.

FAMILY TIZZY IS UREASONABLE

DEAR E. S.: Your lame objection to the lady's comparative youth doesn't make sense when weighed against her mature character as demonstrated in her private and professional life, where contributive loyalty is "of the essence" of her able performance.

And as for your notion that Bud, at his age and status, couldn't accept or tolerate a stepson, isn't that wishful thinking—a projection of your own rejecting attitude toward the idea of his being a warmhearted stepfather to her boy? It seems to me you dread having your nose put out of joint.

In all probability, you are afraid that in the event Bud makes a love-match with the admirable young mother, thereby acquiring a splendid young son (figuratively of his very own) to care for, he might become so happily absorbed in a full life and forwardlooking existence centered on them as to outgrow and slough off his daddy-devotion to the tribe he "raised."

THEIR CONCERN IS ALL SELFISH

YOUR urconscious feeling is to the effect that a "suitable" marriage for Bud, if he won't stay single after losing his mother, would be one that didn't alter the pattern of his other family relations in the least.

Therefore, if worst comes to worst, meaning if he WILL marry (so your feeling goes), then you would vote for a nice, gently fading older woman without other vital ties, to be his wife and thus fit neatly into the role of "elder sister" to those who venerate Bud as father-brother.

Lastly, there is subtle snobbery in your attitude. All of you having "married well," you privately feel it would be a great pity if Bud, the best of the lot, were to wed a member of the (ahem) working class, instead of coupling his prestige with a pedigreed wife.

In my opinion, Bud may justifiably consider himself the luckiest man alive, if he is able to win the lady's consent to marriage, assuming she has the many fine qualities you impute to her.

Mrs. Wilson To Go Abroad

Mrs. Roscoe Wilson, who resides at the Hilton hotel, is to sail Wednesday morning at 11:30 o'clock on the SS "Queen Mary" for a two months' trip in Europe. She is a member of the Strain tour, organized by a Dallas agency.

The itinerary will include stops in France, Italy, Switzerland, England and the Scandinavian countries.

This is Mrs. Wilson's second trip overseas. She was a member of a party organized by Dr. W. C. Holden before the recent war that toured European countries.

Brunch Is Courtesy To Betty Jean Sullivan

Miss Betty Jean Sullivan, bride-elect of Robert Carr, was honored at a brunch given by Mrs. W. C. Barnett and Miss Dorothy Barnett this morning at 10:30 o'clock at their home, 12 Ave. K.

The list of guests was made up of Mesdames A. E. Sullivan, Vincent Carr, Buck Nesbitt, Duncan Ellison, Ray Cox, Misses Louise Battin, Carolyn Cole, Sylvia Whitacre, Marjorie Moorehead, Elizabeth Howard, Elayne Head, Ricky Archer, Jean and Betty Eisenberg, Ann Carruthers, Mary Virginia Carr and Bety Loys Tubbs.

Sorority Has An Election

Officers were elected in Alpha Beta chapter, Kappa Gamma sorority, Monday night at a called meeting in the home of Mrs. Dick Green, 214 Twenty-first, retiring president. They are:

Mrs. Frank T. Gumm, president; Miss Edna Houghton, vice-president; Miss Eddythe Walker, secretary; Mrs. Frances Neutzler, treasurer.

Retiring officers, other than Mrs. Green, are: Mrs. James Schelberger, vice president; Mrs. Royce Durham, secretary and Mrs. Maurine Bachman, treasurer.

The nominating committee was made up of Mrs. June Brown as chairman; Mrs. J. Floyd Dunn, Miss Houghton and Mrs. June Woodrum.

Youth Director Arrives For Duties At Church

A spring graduate of Mary Hardin-Baylor college, Belton, Miss Doris Stonehame has assumed duties as youth director at the First Baptist church.

At Mary-Hardin where she majored in journalism, the young woman was president of Theta Sigma Phi, national honorary fraternity for women journalists, first vice president of Baptist Student union and associate editor of The Bells, school newspaper. Miss Stonehame, also a graduate of Lubbock High school, is the daughter of Mr. and Mrs. J. D. Stoneham of Plainview, formerly of Lubbock. At present she is living at 1412 Main.

Homemakers Class Is To Have Study, Luncheon

First Baptist Homemakers class will attend a pot luck luncheon and a Bible study at the home of Mrs. L. O. White, 2219 Thirteenth. Thursday. The lesson study will begin at 10 a. m.

March Wedding Revealed By Parents Of Bride

HALE CENTER, June 8. (Special)—Mr. and Mrs. W. M. Clark are announcing the marriage of their daughter, Miss Phoebe Clark, to Johnnie Harris, son of Mr. and Mrs. A. C. Harris, all of Hale Center, which was read at the Clovis, N. M., Christian church parsonage March 24. Rev. C. A. Laits, pastor, officiated at a double ring service.

The bride wore a white crepe dress with black accessories and a corsage of pink carnations. Her attendant, Miss Erdeane Amerson of Happy, wore navy with black accessories and a corsage of pink carnations. Carlton Yeats of Plainview was best man.

The couple is at home in Tulsa.

Miss Doak Is To Serve As Camp Counsellor

Miss Stella Doak daughter of Mrs. D. B. Doak, 1717 Twenty-second, is to serve as music counsellor at a YWCA camp near Fort Worth for six weeks this summer. On Sept. 1 she will go to Fort Worth to begin work in an insurance company's office. Miss Doak taught school at Abernathy last year.

London Housewives Buying Beaver Meat

LONDON, June 8. (U.P.)—Housewives began buying beaver meat today.

It's imported from Denmark, sells at $1 a pound, and is not rationed.

It is dark colored, like whale meat.

No one seemed to have had time to eat any yet, and reaction was awaited.

CHANGE of LIFE?

Are you going through the functional middle age' period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

TRUCE REPLIES RECEIVE STUDY

Egyptian Force Is Trapped By Jews

(By The Associated Press)

CAIRO, June 8 — Egyptian forces tried to battle out of a Jewish coastal trap and fighting continued in several areas of northern Palestine today while Arabs and Jews weighed their replies to the latest four-week truce proposal.

DATE IS SET

CAIRO, June 8 (AP) — Count Folke Bernadotte disclosed tonight he had proposed to Arabs and Zionists that the four-week truce in Palestine begin at 1 a. m. Eastern Standard time, Friday, June 11.

Eye-witnesses back in Tel Aviv from the southern front said at least one and perhaps several Egyptian ships have landed troops on the coast in an attempt to rescue forces encircled at Isdud, 23 miles south of Tel Aviv and three miles south of the Israeli border. Jewish forces last Friday turned back four Egyptian vessels, two of them landing craft, in a battle off Tel Aviv.

The Jews said they have surrounded 1,000 men of an Egyptian force of 5,000 on the coast and were attacking in the area yesterday. The Egyptians reported capture of Miesanim (Nitsanim), a Jewish settlement three miles southwest of Isdud, in an attack which began with air and artillery support Sunday. The communique said 220 Jews were killed or wounded and 110 were captured.

Foreign and Hebrew correspondents who made arrangements in Tel Aviv to visit the southern fighting front suddenly were ordered to stay in Tel Aviv. No explanation was given, but it seemed that the encircled Egyptian spearhead had wrested the initiative. The Jews admitted the attack on Miesanim and said fighting was continuing.

Tel Aviv was hit by successive air raids this morning, beginning at Dawn. Planes, apparently fighter bombers, came in singly from over the sea, dropping bombs from 8,000 to 10,000 feet over the main section of the city. There were casualties in a small hotel and market place. Previously the Arab targets in Tel Aviv have been mostly on the outskirts.

Tel Aviv's northern outskirts were raided twice by planes last night with some deaths and damage.

Jews and Arabs still disagreed over points in the truce proposal of Count Folke Bernadotte, the United Nations mediator, who has asked replies by tomorrow.

Tons Of Water

(Continued from Page One)

river bank if we get manpower," he said. "We are fully equipped with machinery and supplies but manpower is the vital link in the battle."

It was the same on the lower Columbia in the hard hit dike area from Portland down the Oregon and Washington shores 100 miles to the ocean. U. S. Army engineers rushed more men and equipment into the fight that has raged the clock around for 20 days.

Thousands of regular Army and Navy men, national guardsmen and civilian volunteers work frantically to make the levees higher, plug small breakthroughs and stop the seepage.

Danger points are the Portland and Clatskanie areas of Oregon, the twin-city Longview-Kelso and Cathlamet sectors on the Washington side.

Near Portland, the $43,000,000 Reynolds Metals company aluminum reduction plant, Portland airport and rich commercial gardens stand behind soft levees.

Earth barriers guarding Longview and Kelso also are soggy. South Kelso was flooded days ago.

At Cathlamet, six power shovels and 80 trucks are trying to keep the levees higher than the river. Their margin is about six inches.

The Red Cross at Portland revised again its list of persons still uncounted for in the Vanport disaster. It said the total today was 545. Last night, it listed 745. Within three hours 170 called to report they were safe. Waters covering the city have given up only two bodies.

Gen. Mark Clark, Sixth Army commander, was due today from his San Francisco headquarters to inspect Vanport and other points in this flood zone.

Husband Hunt

drinks for the crowds that jammed his club.

"Filling in for a sick partender," he explained briefly.

He managed to get away briefly at 11:30 to take Mrs. Lawlor to dinner, after she complained that she was getting hungry. But an hour and a half later they returned and Wicker went back behind the bar.

They drove to the swank Seabreeze club to make a night of it after Wicker's place closed.

"We've just met," Wicker said. "See us tomorrow and we'll give you a good statement."

The blonde divorcee chose Wicker from about a dozen applicants for her hand, who answered her want-ad seeking a husband willing to make an immediate $10,000 settlement.

Tornado Hits

(Continued From Page One)

about 20 homeless families in the partially unroofed high school building. State troopers and sheriff's deputies patrolled streets to prevent looting.

Residents told of a corn crib being carried a half mile by the wind and tree branches blown through the sidings of houses. Two churches were damaged.

Hailstorms and heavy electrical storms struck widely scattered parts of the state earlier.

Capping Exercises For Nurses Slated

Capping exercises will be conducted at 8:30 o'clock tonight at First Methodist church for members of the Lubbock Memorial hospital School of Nursing who, after nine months' training, have earned caps.

The program follows: Processional, Mrs. Mamie I. Neal invocation, Dr. H. I. Robinson, First Methodist pastor; vocal solo, "My Task," Miss Norma Lee White; address, Dr. Wm. H. Gordon; presentation of class, Miss Mary Ella Boone, senior in the nursing school; capping, Miss Reba Thornley, registered nurse; lighting of candles, Mrs. Inez Hines, director of nurses; prayer, Miss Jean Cox, member of class receiving caps; Florence Nightingale pledge, by class; benediction, Dr. Robinson, and recessional, Mrs. Neal.

In the class are Jean Cox, Maxine Allred, Jerine Bartley, Joy Brooks, Josephine Lindeman, Mary Lou Lyle, Katrina McCain, Dorothy McDonald, Geneva Ragsdale, Zoe Reynolds, Lavern Rhine, Sally Richards, Wanda Schoepf, Rowena Thetford, Marvella Veach, Hazel Walker and Evelyn West.

Lynn Suspect

car at the city swimming pool Monday. The car was locked, but a left front vent glass had been broken, police were informed. Description of a suspect and his car license number were given to police.

A suspected swindling was reported to police by Tex G. Myrick, city fireman. He said that he placed an order for trousers with a 'salesman' May 6, and made a $6.50 deposit.

The Lubbock address given by the 'salesman' was found to be a vacant building. The order was allegedly to a Chicago firm, but no information had been received regarding it, police were told.

Morris Matthews, 40, jointly charged with a woman with adultery, pleaded innocent in county court and bond of $800 set by Judge Walter Davies was posted.

C. R. Oldham, about 30, pleaded innocent of liquor law violation and bond of $600 was posted.

A judgment of $100 and court costs was entered against C. C. Cooper, charged March 4 with liquor law violation, officials said.

In the 72nd district court of Judge Dan Blair temporary injunctions were issued, enjoining V. L. Haley and Arzelta Johnson, each about 35, from trafficking in alcoholics. A similar judgment is expected to be signed today, naming Willie Hardrick, a Slaton negro, it was said.

City police said they had fined William Larue, 44, $100 for theft of a pillow. He had been arrested after a report he was prowling through autmobiles.

NAMED BANK CASHIER

Harmon Jenkins, above, was elected cashier of the newly-Organized American State bank, Jack Payne, president, announced following a directors' meeting this morning. Jenkins, who has been associated with Shaw Jewelry Co., and prior to that with Jenkins Jewelers. Jenkins' election came with promotion of Wayne Langston to vice president. He has been cashier since the bank opened in temporary quarters in the block of Ave. Q while a permanent building at Fourteenth and Ave. Q is being constructed.

Doomed Man

(Continued from Page One)

was cut, the Court of Criminal Appeals said in an opinion upholding the lower court conviction.

Saulter testified he had been drinking to excess for the preceding two or three days.

The student, Alfred Johnson, said at Dalhart Saturday that he had decided not to have the operation and to "leave well enough alone."

Eye specialists at Houston had advised him, he said, that there were 100 to one odds against success of the operation, and that failure might necessitate removal of an eye. Johnson lost his sight 10 years ago after he was struck in an eye by an airgun pellet.

Concerned about Saulter's spiritual welfare, Johnson visited the convict in his cell at Huntsville May 20.

Saulter professed conversion to Christianity after the visit by Johnson, who with Mr. and Mrs. James M. Shelton of Abilene, conducted a religious service in the death house.

The convict told his visitors he had received many letters of praise from all over the country for offering his eyes after death to the blind student.

Housing Fight

(Continued from Page One)

cans may join house Democrats in support of this section of Taft's bill. They will try to force it into Wolcott's measure as an amendment.

Fireworks are bound to develop too if Wolcott leaves out of his bill the Senate measure's provision for financing rural housing.

Negro Legion Post Conducts Cleanup

American Legion Booker T. Washington post 148-A is sponsoring a clean-up campaign in Carver Heights.

Cooperation of residents of the area starting on Ave. C and going eastward to Queen City has been asked in placing tops on garbage cans to prevent cans from becoming hiding places for rates, flies, and mosquitoes, and in keeping dogs tied, having them vaccinated and keeping collars and tags on them.

A committee composed of Perry Jackson, Dr. J. A. Chapman, Seth Dunn, Will Harris and Isaac Woodward has been named to help residents solve sanitation problems.

Residents of the area will be asked to clean yards, front and back, beginning next Monday, said Seth Dunn.

Isaac Woodward, pastor of Mt. Gilead Baptist church, is chairman of the ministers' group assisting in the campaign.

Draft Bill

(Continued from Page One)

including one by Senator Russell (D-Ga) which also touches on the race issue.

The Senate wrote in one modified civil rights amendment last night. It voted 37 to 35 to outlaw the poll tax as a requirement for voting in federal elections so far as members of the armed sehvices are concerned.

Also on tap were amendments:

1. By Russell, to require race segregation of all enlisted men if they request service and quarters only with men of their own race.

2. By Senator Capehart (D-Ind), to require that the President start any actual drafting, but only after a 90-day delay. The bill being considered by the Senate would make registration and induction effective as soon as the bill became law. A provision similar to Capehart's is in the pending House measure.

3. By Morse, to (a) cut the time limit for reviving the draft from five years to two, (b) to cut the period for which men can be inducted from 24 months to 12 months, (c) to place osteopaths on the same basis in the armed services as doctors and dentists, and (d) set up a civilian commission of three members to handle the problem of conscientious objectors.

Truman Trip

(Continued From Page One)

Butte high school stadium at about 10 p. m. (EST) in an extemporaneous address which the White House said would be under civic auspices.

The President scheduled a 10 a. m. (EST) departure from Sun Valley for a tour through Hailey, Bellevue, Gannett, Picabo, Carey by Crater of the Moon national monument, Arco, Moreland and Blackfoot into Idaho Falls where he will reboard his special train about 2 p. m. (EST).

The special train is due in Butte at 8 p. m. (EST) and out of there three hours later enroute to Spokane, Wash.

Children Slightly Hurt In Accident

Thomas William Perry, jr., 2½ of 2316 Fifth, and Larry Don Clark, 6, of 2318 Fifth, escaped serious injuries when struck at 12:50 p. m. by an automobile, Jerry Hoover, a police patrolman, and West Texas hospital officials said.

Hoover said L. J. Frazier, 24, of 2810 Second, turned sharply to avoid a collision with a car ahead of him, driven by Leon Durwood Seymour, 23, of 2318 Fifth, struck a tree and then the children. Hoover said both drivers were charged with failure to have a driver's license on the person and both with negligent collision—Frazier by following another vehicle too closely and Seymour by making a turn without giving a hand signal. Seymour was about to turn into his driveway at the time, investigators said. Young Perry suffered a deep cut of the left forehead, bruises and cuts of the left hand and wrist. The Clark boy had scratches and cuts of the face and back. Both had been released early this afternoon, it was learned.

Money Bills

(Continued From Page One)

$667,000,000 in miscellaneous personal property.

The $5,795,048,931 in cash in the bill was $504,570,069 below budget estimates, a cut of about eight percent.

It boosted to an estimated total of $33,500,000,000 the amount recommended by the committee this year on the basis of presidential money requests of approximately $35,500,000,000. Some of the House-made cuts already have been restored by the Senate, but few of the 19 money bills sent to the House floor since January have reached the President.

Warm Temperatures Expected In Area

Temperature had risen to 95 degrees at 12:30 o'clock this afternoon and continued heat, with a few widely scattered thunderstorms in this area, was forecast by the U. S. Weather bureau.

Maximum Monday was 99 degrees, when scattered showers and heavy cloudiness halted rise in temperature.

Light to heavy showers were reported at several South Plains towns yesterday. At the weather station five miles north of Lubbock, a total of .08 of an inch was recorded from two light showers during the afternoon.

Plainview received about half an inch shower with somewhat heavier fall at Hale Center. Heavy showers were reported from Floydada to Plainview. The Santa Fe dispatcher at Slaton received reports of .25 fall at Abernathy, light showers at Tulia, Kress and Happy. Ralls reported about .28 of an inch, while Matador had only a light shower. Littlefield and Brownfield also reported light sprinkles.

Amarillo reported a heavy thunderstorm with two inches of rain falling in little more than an hour.

Red Observers

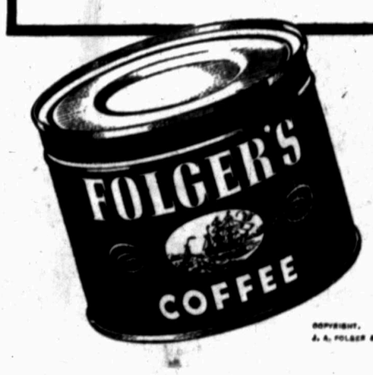

(Continued From Page One)

United States by surprise. He declined to be quoted on what Washington would do. But he left no doubt that the United States wants no Red army men in Palestine—whether observers or fighters.

EXTRA ENJOYMENT!

in this special Mountain Grown Coffee

TRY USING ¼ LESS

A good way to prove the Extra Flavor and Extra Economy of Folger's is to try making your coffee with ¼ less of Folger's than you used with lesser flavored brands—the extra flavor is provided—for both enjoyment and economy.

So Extra Rich in Flavor It Is Economical Too!

The more coffee means to you—the more you depend upon coffee for daily enjoyment, the more you will recognize and appreciate the *extra* goodness of the Folger Flavor.

For Folger's is a very special kind of coffee—Mountain Grown coffee with a rare winey tang and a vigorous completeness of flavor that is utterly individual and delightful.

The next time you feel the need for a better cup of coffee—won't you ask your grocer for Folger's—besides the extra enjoyment you will be amazed at the economy which is so definitely a part of Folger flavor.

Between . . . The Lines

— By JOE KELLY —

Frank Boothe is leaving the Hubbers to return to Owensboro, Ky., where he had an outstanding record last year. Boothe, you know, is the right fielder who had so much promise of whom so much was expected this year. George Schepps confidently predicted that he would hit at least 35 home runs and Manager Jackie Sullivan, during spring training, thought he was the man to bust the Hubber and enemy fences down.

• • •

He hasn't been a dismal failure with the local nine. No man who hits .335 and drives in the fourth highest number of runs is completely hopeless, even if he isn't getting those homers. From a hitting standpoint, Boothe was far from a cripple in the lineup and he had some timely hits. At the same time, his fielding left much to be desired.

• • •

Boothe came here from Cuero and right away took an intense disliking to the winds of West Texas. Then, as if the wind wasn't enough, he let the sand and dust get under his skin. The more he let it worry and bother him, the less of value he became. It affected his playing, there's no question of that. And in rightfield he was facing the wind most of the time. He freely admitted that he didn't like it.

• • •

He didn't like lefthanders either, which ought to make him and John King close friends, although there any resemblance between the two comes to an end. Frank had trouble with the southpaws, whiffing with sickening regularity. Occasionally he came through with a hit and it made him feel good, but it was too occasional for a team fighting to win a pennant. He began, we suspect, to let the wind, dust and lefthanders get the better of him.

• • •

Moreover, Boothe was a star with the Owensboro nine and received plaudits such as he seldom has received here. Not that the fans were down on him; they just expected too much, probably. At any rate, he failed to make the impression that everyone hoped he would and his playing became erratic. He made errors that cost runs and he wasn't hustling quite as hard as he could.

• • •

Manager Sullivan has no place on his squad for a man who doesn't hustle. He can't afford to, things being as they are. You only build winning teams through spirit and this year's nine, uneven as they have been, certainly can't be denied spirit. They say they're the best in the league; they believe it. You wouldn't want it any other way and neither do they. There was a feeling that Boothe wasn't putting out as hard as he could. That also entered into it. At all events, he is on his way back to the Kitty League and the Hubbers are girding themselves for the continuation of the pennant chase, convinced that they'll win.

• • •

We misinformed the public yesterday, a fact we discovered about 1 a. m. Sunday when we were checking the Hubber home game scoresheets. We said that Chick Fowler hits his 11th homer on May 9. Actually, he hit his 11th on May 14th and, as we checked further, we came up with some interesting information. Chick hit his 11th in the 11th home game. Then 23 days went by without his smashing another. Came Sunday afternoon and he hit his 12th, which came in the Hubber's 23rd home game.

• • •

Nine of Chick's 12 circuit clouts have been in Lubbock; the other three were in Lamesa, his former team's home, and they came in one night. At home he has hit homers, in succession, when the count was two balls, one strike, three balls, two strikes; one ball, no strikes; one ball, two strikes; no balls, one strike; and the last four times he has hit for the circuit on the first pitch.

• • •

Bobby Layne of Texas is in town to make his home, except for the time he is playing pro football, and immediately went out to Rosenthal Field for a bit of practice. He threw a little batting practice before last night's game and, toward the end of the contest, was warming up on the sidelines. Few persons seemed to recognize the blond-haired Longhorn star, who was something of a pitcher with the Steer baseball nine. He's here strictly to get in condition, but if he shows anything worthy, the Hubbers might sign him.

SANDERS MOTOR WINS

IDALOU, June 8 (Special) — Sanders Motor company softball team beat Idalou softball team here yesterday, 7 to 3, behind the capable hurling of Walter Bumpass, who also led the hitting attack. Bumpass slammed a two-run homer to aid his own cause and the entire Sanders team hit well.

Hubbers Nose Out Pampa To Menace Second Place Sox

You can never tell about baseball and that was shown again last night at Rosenthal Field, where the Lubbock Hubbers nosed out the Pampa Oilers 3-2 for their second straight win over the visitors.

The victory upped the Hubbers to third place only .002 percentage points behind second place Amarillo, which beat Borger, 13-11. Borger dropped to fourth place and Clovis, by beating Albuquerque 10-9, dropped the Dukes a full game behind the Hubbers. Lamesa went into threatening position by taking its fifth straight from Abilene 10-0.

Ramsey Controls Oilers

The Hubbers had quite a ball game last night. They weren't hitting, but they had three doubles and a scoring fly, which turned out to be enough behind the fine hurling of Robert "Red" Ramsey. The Dallas boy also was chary with his hits, giving the heavy-slugging Pampans eight safeties, but keeping them scattered.

The two teams traded runs in the first, each putting together a hit, an error and a scoring fly to tally. Gut in the third, the Hubbers wrapped up the game.

Jackie Wilcox walked and stole second. Manager Jackie Sullivan doubled him home and Rookie Floyd "Jumbo" Walker brought Sullivan home with a double.

Pampa Threatens

That was it, although Pampa threatened in the third, fourth, eighth and ninth. Actually, a ground rule saved a possible extra-inning game.

Earl Harriman, with two out in the third, singled. Jack Riley then slashed a ball into rightfield that was good for extra bases. Harriman rounded third and was scoring easily, when the ball took a hop over the foul line fence for a ground rule double. Harriman had to return to third and Riley was held at second. The dangerous Tony Range then went down on strikes, swinging.

Lamesa Beats Abilene

Abilene lost its sixth straight game and fifth in a row to Lamesa, which turned in the second Lobo shutout of the season behind Chris Haskins. Haskins gave up only three hits, all singles, and the Blue Sox never threatened, although two of the singles came in succession.

The Hubbers meet Pampa again tonight in the final home game until June 15, when they return to play Amarillo. Manager Sullivan said that Bob Clodfelter would hurl tonight's contest and Manager Grover Seitz probably will counter with Howard Bass. Bass recently shutout the Hubbers in Pampa, 11-0.

The Lubbock and Lamesa box scores:

Kilgore And Tyler Trade Spots Again

(By The Associated Press)

Kilgore and Tyler traded places again last night, with Kilgore holding down second place today in the Lone Star league standings.

The Drillers moved upward on a 6-3 victory over Marshall while Tyler was being soundly beaten by Henderson, 10-2.

Longview kept a two-game lead by defeating Bryan, 5-4, and Lufkin stayed one notch out of the cellar by downing Gladewater, 5-3.

A triple play helped Longview to win and also backed up Joe Pate's eighth victory of the year.

Business Office Moves To Strengthen Club

Boothe Sold, Bobby Layne Working Out With Hubbers

The Hubber business office last night announced the outright sale of Outfielder Frank Boothe to the Owensboro, Ky., team of the Kitty league.

Larry Larsen, general manager, said that Boothe's sale had been on the same terms on which he was secured and that he was due to leave Lubbock either today or last night.

Altizer On Disabled List

At the same time, it was announced that Kermit Altizer, reserve catcher-pitcher and utility player, had been placed on the disabled list. Altizer is suffering from a sore arm received when he hurled a relief stint against Abilene in early May.

Bobby Layne, the Texas university athlete, now making his home in Lubbock, worked out with the Hubbers last night and may be placed on a temporary contract.

Layne is signed to play professional football and would not be able to play the full schedule. Larsen said that Layne, not in the best shape at present, would work out for a few more days and that they "might" talk contract, if they thought he could help the Hubber cause.

Right Fielder From Austin

Don Moore, currently playing rightfield, is slated to return to catching duties within the next few days. The Hubbers have obtained a rightfielder from Austin on option and he is scheduled to report within the next day or so.

Boothe, who came from a championship team in the Kitty league highly rated by the Boston Braves, has not lived up to his expectations here. A native of Cuero, he was supposed to fit into the Hubber's rebuilding plans.

Boothe's Record

He appeared in 40 games and had a batting average of .335. He batted 152 times, scored 41 runs and had 51 hits good for a total of 81 bases. His total included 10 doubles, four triples and four home runs. He had one sacrifice hit, two stolen bases and was hit by enemy pitchers twice. Boothe drew 18 bases on balls, struckout 35 times and drove in 39 runs.

No statistics are available on his fielding record at this time.

Guarantees Assure Plenty For Fighters

NEWARK, N. J., June 8. (AP)—The "seven millionaires" who are promoting the third Rocky Graziano-Tony Zale fight here tomorrow night won't get rich but Rocky and Tony will do all right.

A little matter of a guarantee posted in New Jersey assures Graziano, the middleweight champ, of at least $120,000. The ex-champ from Gary, Ind., will get $60,000 or more.

Neither Graziano nor Zale are close to the Dempsey-Tunney payoffs but they should have a little stacked away for their old age. In the first fight they each took down $78,892. As defending champ in Chicago last July, Zale was paid $152,968 and the Rock $76,484.

Despite early optimistic estimates of a Ruppert stadium gate of $450,000, it looks now as though they'll settle for $350,000. At $30 tops the house is scaled for a $540,000 sellout.

Apparently the eight-year youth advantage of Graziano, who is 26 to Zale's 34, is the most important factor with those who bet on fights. Rocky was established as an early favorite and remains 5 to 12 despite the late hour. Some think Graziano may go into the ring at close to 1 to 3.

Double Steal Aids Brownfield's Win

A double steal helped gain the win for the Brownfield Bears Monday when they defeated the Levelland Refiners, 5-3 on the Refiners home ground.

The play of the game came when Graham stole second and Anderson, who was resting on third, stole home and made it a double steal. Brownfield was sparked by the fine pitching of Bish, who hurled the whole length of the game.

The line score:

Brownfield	110 201 000	5	8 3
Levelland	100 000 101	3	12 2

Bish; Williams, Estes and Trammel.

Waco, Austin Win In Overtime Play

(By The Associated Press)

Waco and Austin stopped skidding last night coming up with overtime victories over Paris and Texarkana respectively.

League-leading Waco downed Paris in a 14-inning, three and one-half hour Big State league game, 10-9, and Austin went eleven innings before nosing out Texarkana, 6-5.

In other league games, Wichita Falls won two from Greenville, 6-2, 12-6, and Sherman-Denison edged Gainesville, 7-5.

Cats' Lead In Texas Menaced

By WILBUR MARTIN
Associated Press Staff Writer

The Texas league lead may hinge on a three-game series between Fort Worth and Houston this week.

Fort Worth's margin over the Buffs was cut to two and one-half games last night as it lost a 7-5 decision to Shreveport and little Pete Mazar hurled Houston to a 3-1 victory over Oklahoma City. The two teams open their series in Houston Thursday.

Others Change Places

A couple of other results changed the standings some last night. Dallas dropped from a fourth place tie with San Antonio by bowing to Beaumont, 12-7, and the Missions took a firm grip on fourth with a 9-4 triumph over Tulsa.

Mazar won his sixth straight victory in registering a two-hit performance against Oklahoma City. Chick Zomlefer, who joined the Indians recently from the university of Texas Southwest conference championship nine, hit a single and Fred Marsh a double. The latter's blow gave his team a brief lead in the first inning. Solly Hemus' triple drove in the two winning Buff runs after two singles and a wild pitch had given Houston a tie in the second.

Ben Mann made it six victories against no defeats in stopping Fort Worth. It was the first time Shreveport has beaten the Cats this year. A run in the sixth provided the Sports' winning margin.

San Antonio took a second straight decision from Tulsa on eleven hits. A six-run first inning gave the Missions ample margin.

Beaumont sank Dallas under a 17-hit attack with Bill White's four hits, including a three-run homer in the sixth, pacing the Shippers.

The same teams meet again tonight at the same sites.

Discarded Player Defeats Cardinals

By JOE REICHLER
Associated Press Sports Writer

It never fails—trade away a guy and he comes back to make you rue the day.

Eddie Dyer, manager of the St. Louis Cardinals, is the latest to feel the wrath of a discarded player. Dyer must have had moments of regret last night when Dick Sisler, former Redbird first baseman, cracked two home runs to lead the Philadelphia Phillies to a 5-1 victory over the Cardinals.

Sisler was traded by Dyer to the Phillies just before the opening of the season for infielder Ralph Lapointe after he lost out as regular first baseman to Nippy Jones.

Knocked From Lead

The son of baseball's immortal George Sisler not only whipped his former mates single-handedly by adding a single to his pair of round trippers and driving in four runs, but knocked the Cads right out of the National league lead.

St. Louis' loss together with the New York Giants' 9-5 victory over the Pirates in Pittsburgh, dropped the Cards into second place, half a game behind the Giants.

The Giants climbed back into the lead by clubbing Kirby Higbe and Elmer Singleton for 13 hits, nine of them for extra bases. After the Pirates had overcome deficits three times to pull even 5-5 at the end of seven innings, the Giants finally moved ahead to stay when Bobby Thomson whacked a two-run homer in the eighth.

Braves Beat Cubs

Jim Russell blasted two home runs and two doubles to lead the Boston Braves to a 9-5 victory over the Cubs in Chicago. Russell drove in five runs and scored three himself. The homers were Nos. 6 and 7. for him.

In the American league, the St. Louis Browns upset the New York Yankees at Yankee Stadium, 5-3, to snap their six-game losing streak. Rookie righthander Ned Garver went the route for the first time this season, scattering 11 hits. Johnny Lindell and Phil Rizzuto hit homers for the Yankees and Paul Lehner slammed one for the Browns. Frank (Spec) Shea was the loser.

The defeat dropped the third-place Yankees three and a half games behind the league-leading Cleveland Indians.

Sens Beat Chisox

The Senators rolled to a 7-1 victory over the last-place Chicago White Sox in a night game at Washington. The game was halted by rain with the Senators at bat in the last half of the seventh.

Rain caused the postponement of scheduled games between the Cleveland Indians and Philadelphia Athletics, and Detroit and the Boston Red Sox. Brooklyn and Cincinnati were not scheduled.

Free Hitting Games Mark Junior Play

Sparked by the batting of Moore and Johnson, The Tigers downed the Dodgers 20-19 Monday in a Pee Wee League game, while The Exchange Club edged the ABC squad, 9-6, in the American Legion's South league.

In the Pee Wee league game, Moore and Johnson sparked the Tiger nine by batting out three singles, a triple and a homer in five times at the plate. The Dodgers, trying hard, kept slamming runs in and got three in the seventh, but the Tigers bunted one more across in the final minutes to give them the margin.

William Sinclair batted a single and a triple in as many times up for the Dodgers, while Thompson batted out a single and a homer in three times up with two men on. The Tigers and Dodgers got 18 and 13 hits respectively.

In the second loop game, the Exchange Club battened down the ABC nine for a 9 to 6 win. The Exchange Clubbers were led by the batting of three men. Brewer, Craig and Ramphy. Bobby Tollison, sparked the ABC try with three singles and a triple in four times up. But try as they might, the ABC's just couldn't make it. The Club nine stayed out in front the length of the game, to win.

Two games will be played at the Lubbock Boys Club Tuesday afternoon. The Cardinals will meet the Red Sox in the opener at 3 p. m. and the JC nine will battle the Methodist Men at 5:30 p. m.

LEGION TEAM WINS

The American Legion softball team defeated the Lubbock Auto nine 10-2 yesterday afternoon in an Industrial League game, with Broughton the winning pitcher. He gave up only three hits, while Hunnicutt connected for a homer to lead the Legion attack.

Laundry Wins 18th Straight

The League leading Bluebonnet Sunbeamer softball nine, added another win to their 18 consecutive games won record, Monday, when they trounced Golden Light Coffee, 2-1.

Webster field the scene of a close battle, and it looked like a tie when the Sunbeamers scored in the third inning. Blackie Hilliard received a base on balls. He then proceded to steal second and came home on two successive sacrifice bunts by his teammates Neel and Spears.

Last Inning Spurt

The Sunbeamer nine really went to town in the last inning. Clark was safe on first on an infield hit. he went to second on Hilliard's bunt and scored on Neel's hit into right field. And there went the ball game.

Dewey Carr pitched good ball for the Golden Lighters, but his teammates made three errors, while the Laundrymen wound up playing errorless ball. Neel struck out ten men for the Sunbeamers and gave up only one hit.

A double header is slated for tonight. The Golden Lighter squad will meet Thomas Jewelers at 8:30 and Baldridge Bakery will battle the Sunbeamer team in the second game.

Slaton Takes 16-3 Win Over Seagrave

SLATON, June 8—All was quiet on the Oil Belt League front here today, after the locals had time to think over their 16-3 victory Sunday at the expense of the Seagraves nine.

Denny Davidson, a former Lubbock High school hurler, was the victim of the Slaton attack, giving up nine hits and the majority of the Slaton runs during his eight-inning stint. He gave up the mound to Gentry during an eight-run Slaton eighth inning.

Faulkner, the winning hurler, led his team with three hits in four trips, while Cope topped the Seagraves nine with the same total.

In other games over the Sabbath in the loop, Sundown was licked by Denver City, 9-4, and Littlefield beat Post 7-5.

The Slaton-Seagraves line score:

SEAGRAVES	020 100 000	3	7 5
SLATON	204 110 08x	16	13 2

Davidson, Gentry (8) and Butler; Faulkner and McCoy.

Between . . . The Lines

— By JOE KELLY —

Frank Boothe is leaving the Hubbers to return to Owensboro, Ky., where he had an outstanding record last year. Boothe, you know, is the right fielder who had so much promise of whom so much was expected this year. George Schepps confidently predicted that he would hit at least 35 home runs and Manager Jackie Sullivan, during spring training, thought he was the man to bust the Hubber and enemy fences down.

• • •

He hasn't been a dismal failure with the local nine. No man who hits .335 and drives in the fourth highest number of runs is completely hopeless, even if he isn't getting those homers. From a hitting standpoint, Boothe was far from a cripple in the lineup and he had some timely hits. At the same time, his fielding left much to be desired.

• • •

Boothe came here from Cuero and right away took an intense disliking to the winds of West Texas. Then, as if the wind wasn't enough, he let the sand and dust get under his skin. The more he let it worry and bother him, the less of value he became. It affected his playing, there's no question of that. And in rightfield he was facing the wind most of the time. He freely admitted that he didn't like it.

• • •

He didn't like lefthanders either, which ought to make him and John King close friends, although there any resemblance between the two comes to an end. Frank had trouble with the southpaws, whiffing with sickening regularity. Occasionally he came through with a hit and it made him feel good, but it was too occasional for a team fighting to win a pennant. He began, we suspect, to let the wind, dust and lefthanders get the better of him.

• • •

Moreover, Boothe was a star with the Owensboro nine and received plaudits such as he seldom has received here. Not that the fans were down on him; they just expected too much, probably. At any rate, he failed to make the impression that everyone hoped he would and his playing became erratic. He made errors that cost runs and he wasn't hustling quite as hard as he could.

• • •

Manager Sullivan has no place on his squad for a man who doesn't hustle. He can't afford to, things being as they are. You only build winning teams through spirit and this year's nine, uneven as they have been, certainly can't be denied spirit. They say they're the best in the league; they believe it. You wouldn't want it any other way and neither do they. There was a feeling that Boothe wasn't putting out as hard as he could. That also entered into it. At all events, he is on his way back to the Kitty League and the Hubbers are girding themselves for the continuation of the pennant chase, convinced that they'll win.

• • •

We misinformed the public yesterday, a fact we discovered about 1 a. m. Sunday when we were checking the Hubber home game scoresheets. We said that Chick Fowler hits his 11th homer on May 9. Actually, he hit his 11th on May 14th and, as we checked further, we came up with some interesting information. Chick hit his 11th in the 11th home game. Then 23 days went by without his smashing another. Came Sunday afternoon and he hit his 12th, which came in the Hubber's 23rd home game.

• • •

Nine of Chick's 12 circuit clouts have been in Lubbock; the other three were in Lamesa, his former team's home, and they came in one night. At home he has hit homers, in succession, when the count was two balls, one strike, three balls, two strikes; one ball, no strikes; one ball, two strikes; no balls, one strike; and the last four times he has hit for the circuit on the first pitch.

• • •

Bobby Layne of Texas is in town to make his home, except for the time he is playing pro football, and immediately went out to Rosenthal Field for a bit of practice. He threw a little batting practice before last night's game and, toward the end of the contest, was warming up on the sidelines. Few persons seemed to recognize the blond-haired Longhorn star, who was something of a pitcher with the Steer baseball nine. He's here strictly to get in condition, but if he shows anything worthy, the Hubbers might sign him.

SANDERS MOTOR WINS

IDALOU, June 8 (Special) — Sanders Motor company softball team beat Idalou softball team here yesterday, 7 to 3, behind the capable hurling of Walter Bumpass, who also led the hitting attack. Bumpass slammed a two-run homer to aid his own cause and the entire Sanders team hit well.

Hubbers Nose Out Pampa To Menace Second Place Sox

You can never tell about baseball and that was shown again last night at Rosenthal Field, where the Lubbock Hubbers nosed out the Pampa Oilers 3-2 for their second straight win over the visitors.

The victory upped the Hubbers to third place only .002 percentage points behind second place Amarillo, which beat Borger, 13-11. Borger dropped to fourth place and Clovis, by beating Albuquerque 10-9, dropped the Dukes a full game behind the Hubbers. Lamesa went into threatening position by taking its fifth straight from Abilene 10-0.

Ramsey Controls Oilers

The Hubbers had quite a ball game last night. They weren't hitting, but they had three doubles and a scoring fly, which turned out to be enough behind the fine hurling of Robert "Red" Ramsey. The Dallas boy also was chary with his hits, giving the heavy-slugging Pampans eight safeties, but keeping them scattered.

The two teams traded runs in the first, each putting together a hit, an error and a scoring fly to tally. Gut in the third, the Hubbers wrapped up the game.

Jackie Wilcox walked and stole second. Manager Jackie Sullivan doubled him home and Rookie Floyd "Jumbo" Walker brought Sullivan home with a double.

Pampa Threatens

That was it, although Pampa threatened in the third, fourth, eighth and ninth. Actually, a ground rule saved a possible extra-inning game.

Earl Harriman, with two out in the third, singled. Jack Riley then slashed a ball into rightfield that was good for extra bases. Harriman rounded third and was scoring easily, when the ball took a hop over the foul line fence for a ground rule double. Harriman had to return to third and Riley was held at second. The dangerous Tony Range then went down on strikes, swinging.

Lamesa Beats Abilene

Abilene lost its sixth straight game and fifth in a row to Lamesa, which turned in the second Lobo shutout of the season behind Chris Haskins. Haskins gave up only three hits, all singles, and the Blue Sox never threatened, although two of the singles came in succession.

The Hubbers meet Pampa again tonight in the final home game until June 15, when they return to play Amarillo. Manager Sullivan said that Bob Clodfelter would hurl tonight's contest and Manager Grover Seitz probably will counter with Howard Bass. Bass recently shutout the Hubbers in Pampa, 11-0.

The Lubbock and Lamesa box scores:

Kilgore And Tyler Trade Spots Again

(By The Associated Press)

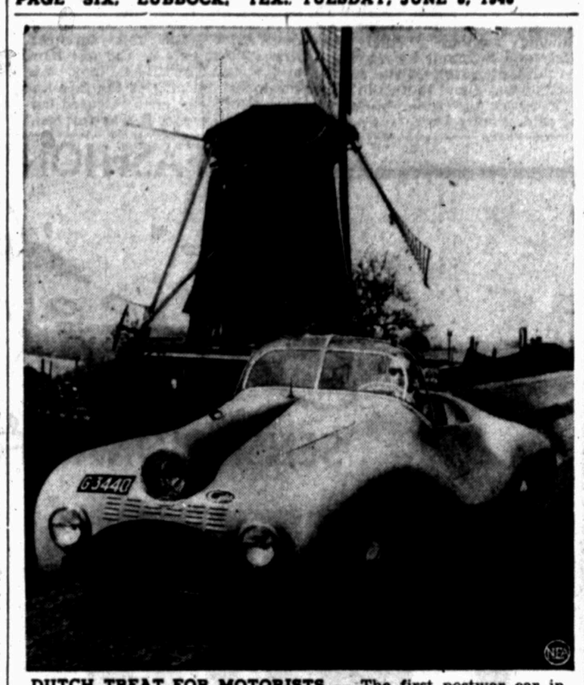

Kilgore and Tyler traded places again last night, with Kilgore holding down second place today in the Lone Star league standings.

The Drillers moved upward on a 6-3 victory over Marshall while Tyler was being soundly beaten by Henderson, 10-2.

Longview kept a two-game lead by defeating Bryan, 5-4, and Lufkin stayed one notch out of the cellar by downing Gladewater, 5-3.

A triple play helped Longview to win and also backed up Joe Pate's eighth victory of the year.

Guarantees Assure Plenty For Fighters

NEWARK, N. J., June 8. (AP)—The "seven millionaires" who are promoting the third Rocky Graziano-Tony Zale fight here tomorrow night won't get rich but Rocky and Tony will do all right.

A little matter of a guarantee posted in New Jersey assures Graziano, the middleweight champ, of at least $120,000. The ex-champ from Gary, Ind., will get $60,000 or more.

Neither Graziano nor Zale are close to the Dempsey-Tunney payoffs but they should have a little stacked away for their old age. In the first fight they each took down $78,892. As defending champ in Chicago last July, Zale was paid $152,968 and the Rock $76,484.

Despite early optimistic estimates of a Ruppert stadium gate of $450,000, it looks now as though they'll settle for $350,000. At $30 tops the house is scaled for a $540,000 sellout.

Apparently the eight-year youth advantage of Graziano, who is 26 to Zale's 34, is the most important factor with those who bet on fights. Rocky was established as an early favorite and remains 5 to 12 despite the late hour. Some think Graziano may go into the ring at close to 1 to 3.

Double Steal Aids Brownfield's Win

A double steal helped gain the win for the Brownfield Bears Monday when they defeated the Levelland Refiners, 5-3 on the Refiners home ground.

The play of the game came when Graham stole second and Anderson, who was resting on third, stole home and made it a double steal. Brownfield was sparked by the fine pitching of Bish, who hurled the whole length of the game.

The line score:

Brownfield	110 201 000—5 8 3
Levelland	100 000 101—3 12 2

Bish; Williams, Estes and Trammel.

Waco, Austin Win In Overtime Play

(By The Associated Press)

Waco and Austin stopped skidding last night coming up with overtime victories over Paris and Texarkana respectively.

League-leading Waco downed Paris in a 14-inning, three and one-half hour Big State league game, 10-9, and Austin went eleven innings before nosing out Texarkana, 6-5.

In other league games, Wichita Falls won two from Greenville, 6-2, 12-6, and Sherman-Denison edged Gainesville, 7-5.

Boothe's Record

He appeared in 40 games and had a batting average of .335. He batted 152 times, scored 41 runs and had 51 hits good for a total of 81 bases. His total included 10 doubles, four triples and four home runs. He had one sacrifice hit, two stolen bases and was hit by enemy pitchers twice. Boothe drew 18 bases on balls, struckout 35 times and drove in 39 runs.

No statistics are available on his fielding record at this time.

The Hubber business office last night announced the outright sale of Outfielder Frank Boothe to the Owensboro, Ky., team of the Kitty league.

Larry Larsen, general manager, said that Boothe's sale had been on the same terms on which he was secured and that he was due to leave Lubbock either today or last night.

Altizer On Disabled List

At the same time, it was announced that Kermit Altizer, reserve catcher-pitcher and utility player, had been placed on the disabled list. Altizer is suffering from a sore arm received when he hurled a relief stint against Abilene in early May.

Bobby Layne, the Texas university athlete, now making his home in Lubbock, worked out with the Hubbers last night and may be placed on a temporary contract.

Layne is signed to play professional football and would not be able to play the full schedule. Larsen said that Layne, not in the best shape at present, would work out for a few more days and that they "might" talk contract, if they thought he could help the Hubber cause.

Right Fielder From Austin

Don Moore, currently playing rightfield, is slated to return to catching duties within the next few days. The Hubbers have obtained a rightfielder from Austin on option and he is scheduled to report within the next day or so.

Boothe, who came from a championship team in the Kitty league highly rated by the Boston Braves, has not lived up to his expectations here. A native of Cuero, he was supposed to fit into the Hubber's rebuilding plans.

Cats' Lead In Texas Menaced

By WILBUR MARTIN
Associated Press Staff Writer

The Texas league lead may hinge on a three-game series between Fort Worth and Houston this week.

Fort Worth's margin over the Buffs was cut to two and one-half games last night as it lost a 7-5 decision to Shreveport and little Pete Mazar hurled Houston to a 3-1 victory over Oklahoma City. The two teams open their series in Houston Thursday.

Others Change Places

A couple of other results changed the standings some last night. Dallas dropped from a fourth place tie with San Antonio by bowing to Beaumont, 12-7, and the Missions took a firm grip on fourth with a 9-4 triumph over Tulsa.

Mazar won his sixth straight victory in registering a two-hit performance against Oklahoma City. Chick Zomlefer, who joined the Indians recently from the university of Texas Southwest conference championship nine, hit a single and Fred Marsh a double. The latter's blow gave his team a brief lead in the first inning. Solly Hemus' triple drove in the two winning Buff runs after two singles and a wild pitch had given Houston a tie in the second.

Ben Mann made it six victories against no defeats in stopping Fort Worth. It was the first time Shreveport has beaten the Cats this year. A run in the sixth provided the Sports' winning margin.

San Antonio took a second straight decision from Tulsa on eleven hits. A six-run first inning gave the Missions ample margin.

Beaumont sank Dallas under a 17-hit attack with Bill White's four hits, including a three-run homer in the sixth, pacing the Shippers.

The same teams meet again tonight at the same sites.

Discarded Player Defeats Cardinals

By JOE REICHLER
Associated Press Sports Writer

It never fails—trade away a guy and he comes back to make you rue the day.

Eddie Dyer, manager of the St. Louis Cardinals, is the latest to feel the wrath of a discarded player. Dyer must have had moments of regret last night when Dick Sisler, former Redbird first baseman, cracked two home runs to lead the Philadelphia Phillies to a 5-1 victory over the Cardinals.

Sisler was traded by Dyer to the Phillies just before the opening of the season for infielder Ralph Lapointe after he lost out as regular first baseman to Nippy Jones.

Knocked From Lead

The son of baseball's immortal George Sisler not only whipped his former mates single-handedly by adding a single to his pair of round trippers and driving in four runs, but knocked the Cads right out of the National league lead.

St. Louis' loss together with the New York Giants' 9-5 victory over the Pirates in Pittsburgh, dropped the Cards into second place, half a game behind the Giants.

The Giants climbed back into the lead by clubbing Kirby Higbe and Elmer Singleton for 13 hits, nine of them for extra bases. After the Pirates had overcome deficits three times to pull even 5-5 at the end of seven innings, the Giants finally moved ahead to stay when Bobby Thomson whacked a two-run homer in the eighth.

Braves Beat Cubs

Jim Russell blasted two home runs and two doubles to lead the Boston Braves to a 9-5 victory over the Cubs in Chicago. Russell drove in five runs and scored three himself. The homers were Nos. 6 and 7. for him.

In the American league, the St. Louis Browns upset the New York Yankees at Yankee Stadium, 5-3, to snap their six-game losing streak. Rookie righthander Ned Garver went the route for the first time this season, scattering 11 hits. Johnny Lindell and Phil Rizzuto hit homers for the Yankees and Paul Lehner slammed one for the Browns. Frank (Spec) Shea was the loser.

The defeat dropped the third-place Yankees three and a half games behind the league-leading Cleveland Indians.

Sons Beat Chisox

The Senators rolled to a 7-1 victory over the last-place Chicago White Sox in a night game at Washington. The game was halted by rain with the Senators at bat in the last half of the seventh.

Rain caused the postponement of scheduled games between the Cleveland Indians and Philadelphia Athletics, and Detroit and the Boston Red Sox. Brooklyn and Cincinnati were not scheduled.

Free Hitting Games Mark Junior Play

Sparked by the batting of Moore and Johnson, The Tigers downed the Dodgers 20-19 Monday in a Pee Wee League game, while The Exchange Club edged the ABC squad, 9-6, in the American Legion's South league.

In the Pee Wee league game, Moore and Johnson sparked the Tiger nine by batting out three singles, a triple and a homer in five times at the plate. The Dodgers, trying hard, kept slamming runs in and got three in the seventh, but the Tigers bunted one more across in the final minutes to give them the margin.

William Sinclair batted a single and a triple in as many times up for the Dodgers, while Thompson batted out a single and a homer in three times up with two men on. The Tigers and Dodgers got 18 and 13 hits respectively.

In the second loop game, the Exchange Club battened down the ABC nine for a 9 to 6 win. The Exchange Clubbers were led by the batting of three men. Brewer, Craig and Ramphy. Bobby Tollison, sparked the ABC try with three singles and a triple in four times up. But try as they might, the ABC's just couldn't make it. The Club nine stayed out in front the length of the game, to win.

Two games will be played at the Lubbock Boys Club Tuesday afternoon. The Cardinals will meet the Red Sox in the opener at 3 p. m. and the JC nine will battle the Methodist Men at 5:30 p. m.

LEGION TEAM WINS

The American Legion softball team defeated the Lubbock Auto nine 10-2 yesterday afternoon in an Industrial League game, with Broughton the winning pitcher. He gave up only three hits, while Hunnicutt connected for a homer to lead the Legion attack.

Laundry Wins 18th Straight

The League leading Bluebonnet Sunbeamer softball nine, added another win to their 18 consecutive games won record, Monday, when they trounced Golden Light Coffee, 2-1.

Webster field the scene of a close battle, and it looked like a tie when the Sunbeamers scored in the third inning. Blackie Hilliard received a base on balls. He then proceded to steal second and came home on two successive sacrifice bunts by his teammates Neel and Spears.

Last Inning Spurt

The Sunbeamer nine really went to town in the last inning. Clark was safe on first on an infield hit. he went to second on Hilliard's bunt and scored on Neel's hit into right field. And there went the ball game.

Dewey Carr pitched good ball for the Golden Lighters, but his teammates made three errors, while the Laundrymen wound up playing errorless ball. Neel struck out ten men for the Sunbeamers and gave up only one hit.

A double header is slated for tonight. The Golden Lighter squad will meet Thomas Jewelers at 8:30 and Baldridge Bakery will battle the Sunbeamer team in the second game.

Slaton Takes 16-3 Win Over Seagrave

SLATON, June 8—All was quiet on the Oil Belt League front here today, after the locals had time to think over their 16-3 victory Sunday at the expense of the Seagraves nine.

Denny Davidson, a former Lubbock High school hurler, was the victim of the Slaton attack, giving up nine hits and the majority of the Slaton runs during his eight-inning stint. He gave up the mound to Gentry during an eight-run Slaton eighth inning.

Faulkner, the winning hurler, led his team with three hits in four trips, while Cope topped the Seagraves nine with the same total.

In other games over the Sabbath in the loop, Sundown was licked by Denver City, 9-4, and Littlefield beat Post 7-5.

The Slaton-Seagraves line score:

SEAGRAVES	020 100 000— 3 7 5
SLATON	204 110 08x—16 13 2

Davidson, Gentry (8) and Butler; Faulkner and McCoy.

Louisiana Tax Bill Soaring

BATON ROUGE, La., June 8. (AP)—Louisianians begin to foot an additional $70,000,000 per year tax bill today to pay for some of the campaign promises on which they elected Governor Earl K. Long.

The scratch of the governor's pen last night made effective six new tax laws which will boost the daily take from the taxpayers' pockets about $190,000 per day.

That is an increase of about 50 per cent over former taxes.

Hit Public Generally

Three of the levies hit the public generally. One boosts from seven to nine cents per gallon the tax on gasoline—making Louisiana's the highest in the nation. Another increases the state retail sales tax from 1 to 2 per cent and makes it applicable to many services heretofore tax free. A third raises from $1.50 to $10 per barrel the tax on beer—about 2½ cents per bottle.

The new tax bills were passed by the legislature after Gov. Long told the lawmakers the funds were needed to finance his program. This includes a $60,000,000 bond issue for veterans' bonuses; $40,000,000 a year to increase old age pensions to $50 per month and liberalize eligibility rules; more highway construction and a guaranteed minimum pay scale for school teachers.

Farley Sees Threat To Peace Of World

HOLLYWOOD, June 8 (AP) — James A. Farley says the threat to peace which now exists "springs from the unholy ambition of one power—Soviet Russia—to dominate every way of life in every place in the world."

"Today America is confronted with one of its darkest peacetime hours, which is testing its very endurance," the former postmaster general said last night in addressing the annual convention of Kiwanis International.

"Our prayers of thanks for victory are mingled with appeals for deliverance from more war," he told a Hollywood bowl audience. "We escaped one form of totalitarianism, Fascism, to be confronted with another, Red Fascism, perhaps more dangerous than the vanquished form.

"It is my solemn conviction that the world will survive as a family of nations," he said. "The family bonds may be tightened in the manner of our sisterhood of states or within a world-wide family. The framework is not as important as cooperative achievement of law, justice and peace.

"The alternative in this atomic age is an ever increasing race for armaments with its constant threat of common ruin. Without the shadow of a question, our civilization is indeed on trial."

Security Council To Talk India Threat

LAKE SUCCESS, June 8 (AP) — The security council considers today India's threat to boycott the United Nations Kashmir commission.

The session was set for 1:30 p m. (EST).

The five-nation commission, which begins meetings in Geneva June 15, has been instructed to mediate differences between India and Pakistan in the princely state of Kashmir. The U. N. body also is under instructions to study Pakistan's charges against India relating to the state of Junagadh, to genocide (race murder), and agreements between the two dominions.

Prime Minister Jawaharlal Nehru of India told the council in a letter his government wanted to record an emphatic protest against consideration of the three Pakistan complaints.

"There can be no question of the commission proceeding to implement the resolution on Kashmir until objections raised by the government of India have been satisfactorily met," he said.

The Kashmir case was filed by India, which asked the council to force Pakistan to stop aiding tribal invaders. The council's suggested solution calls for mediation and then a plebiscite in Kashmir to determine whether its people want to join Hindu India or Moslem Pakistan.

One Is Killed, One Hurt In Accident

LEVELLAND, June 8. (Special)—An Appleby man was killed and another man seriously injured shortly after noon Monday when a motorcycle went out of control on a curve one-half mile west of here.

Henry F. Winder, 23, of Appleby, an oil field worker in this vicinity, was the death victim. E. A. Callahan, 17, was brought to a Levelland hospital where examination showed that he suffered a fractured skull, scalp lacerations requiring about 24 sutures, and multiple abrasions.

Probably Hit Car

Highway patrolmen Sam Fort and John McVean, of Lubbock, were riding a motorcycle toward Levelland. The driver, Winder, lost control of the machine when said that Winder and Callahan it struck gravel on the curve, they reported.

Mrs. Ethel May Albertson of Levelland, driver of a light coach, drove off the paved highway into the ditch to avoid collision.

As the motorcycle slipped on the gravel, the men apparently fell, striking the Albertson car, a patrolman said. There was no evidence that the car collided with the other machine. Members of the sheriff's department here also assisted in the investigation.

The body of Winder was taken to Plains Funeral home here.

Veterans may appeal to adverse Veterans Administration rulings on their claims for benefits to the administrator of veterans affairs.

Children Of Mihai, Princess Anne Will Be Greek Orthodox

ATHENS, June 8. (AP)—Children born of the union of ex-King Mihai of Romania and Princess Anne of Bourbon-Parma will be raised in the faith of the Greek Orthodox church, one of Mihai's aides announced last night.

Mihai and Anne will be married here Thursday by Archbishop Damaskinos of the Greek Orthodox church. Mihai is a member of that church; Anne is a Roman Catholic.

Family Opposed

(In Paris, Prince Xavier of Bourbon-Parma said Princess Anne's family is opposed to the marriage because "we cannot admit of marriage outside the Roman discipline." Special dispensation for the wedding had been sought from the Pope, but it was reported refused because of Mihai's insistence that children of the marriage be raised in his faith. Princess Xavier is Anne's uncle.)

The former king's aide said:

"Under the provisions of the Romanian constitution and the statutes of the Romanian royal family, the King of Romania must be an Orthodox and must be married according to the rites of the Greek Orthodox church. Another reason why he should be Greek Orthodox is because the king is head of the Romanian Orthodox church.

Met In London

"The king's children also have to be Orthodox because under the provisions of the constitution and royal family statutes, the heir to the throne must be Orthodox."

Mihai, although he abdicated last December, has renounced his abdication and still has hopes of regaining the throne. He and Anne met in London at the wedding of Princess Elizabeth last November.

Madeira wine is named for an island in Portugal. In Portuguese it literally means "timber."

POSTCARDS TRAVEL FAR

ALFRED, N. Y., (U.P.)—During a parade, Alfred University students released a batch of balloons with attached postcards from the prize-winning float. The students expected the balloons would carry no farther than the next county. They were considerably surprised when two postcards were returned from Sloatsbug, Rockland County, N. Y., and Harrison, Westchester county, N. Y., approximately 350 miles away.

The world's smallest electric motor—a pygmy power plant so tiny that a half-dozen fit comfortably in a lady's thimble—weighs less than a gram and runs with high efficiency at 7,000 revolutions per minute.

Grasshoppers, Lack Of Storage Space For Wheat Worry Farmers

(By The Associated Press)

Two problems weighed heavily on the shoulders of Texas farmers today.

They had too much of one thing—grasshoppers.

They had too little of another—storage space for wheat.

Thousands of bushels of Texas and Oklahoma wheat were piled on roped-off streets of Burkburnett, Tex.

Piled In Open

Valued at about $200,000, the wheat was piled in the open because Burkburnett's three grain elevators are full.

The problem will grow worse, said editor and publisher John Brookman of the Weekly Star, because trucks were backed up a mile waiting to unload wheat at Burkburnett.

"Last year we had a good wheat harvest," he said, "but this year looks like a real one."

Brookman said wheat was being sold and carried out by truck but that "it's coming in faster than it's going out."

Grasshoppers Invade

The grasshopper invasion centered in central Texas, and farmers said it was the worst in several years. The pests were reported in great numbers north to Greenville and west to Abilene.

Hill county farmers said last week the pests had become a serious menace to cotton and corn crops there. W. E. Cross of Covington and Nat Thomas of Vaughan declared it was the first time in their memory the hoppers had threatened complete destruction of crops.

As dry weather encouraged the hoppers to move from grass to field crops, farmers sought means of combatting them.

Bait Available

Government grasshopper bait is available through county agents Several new insecticides were being sprayed or dusted along edges of fields, ditch banks or fence rows. The Bluebonnet experiment station near McGregor mixed poison with bran and sawdust and sprinkled it on the fields early in the morning.

Supt H. O. Hill said the hoppers come out to eat while the dew still is on the grass—and get the lethal bran and sawdust.

Tech Makes Plans For Summer Term

Activity on the Texas Technological college campus is at a seasonal low today with graduation ceremonies at an end and the dormitories not opening for the first term of summer school until Wednesday, when registration for summer school gets underway.

W. P. Clement, registrar, has announced that 200 students have already gotten permits for registration, and that many more are expected. Classes for summer school will begin at 7:30 Thursday, and all classes will last an hour and a half. Friday is the absolute deadline for registration for the first six-week term, and a late registration fee will be charged then. The first term of the summer session will end July 17, and registration for the second term will begin July 20, classes beginning the following day.

City's Budget Proposes Expenditures Totaling $1,936,552

Tax Rate Of $1.25 Is Expected To Be Set; Figures Tentative

Expenditures totaling $1,936,552, an increase of $344,194 over last year, were listed in the first tentative draft of a proposed city budget submitted to a special meeting of the city commission Monday afternoon by City Manager Marlin R. Smith, jr.

Receipts during the year, which began last April 1, are estimated at $2,176,480, an increase of $470,867 over last year.

The figures anticipate a tax rate of $1.25 on the $100 of assessed valuation, the same as this year.

Tax Rates Tentative

The city manager and commissioners emphasized, however, that all the figures are subject to any revision the commission might want to make. The tax rate, for example, probably won't be set officially until late in the summer.

Officials were late getting started on the proposed budget for the fiscal year which began more than two months ago. One of the chief reasons for the delay was the fact that Smith did not take over the city managerial reins until last March 1. Time did not allow completion of a tentative budget sooner, it was explained.

Of the $470,867 in expenditures listed in the proposed budget, $152,138 is in funds which must be set aside for the payments on bonds secured by electric plant revenues and sold earlier this year.

Increases Given

In addition to this sum, the other principal items making up the $1,936,552 in proposed disbursements during the year included the following, with the comparative figures last year:

	1948	1947
General Depts.	$1,008,945	779,536
Waterworks	168,567	140,575
Electric Dept.	370,002	312,466
Capital Outlay	236,900	362,781

Principal estimated sources of revenue were shown as follows:

	1948	1947
Electric Dept.	$825,000	762,644
Waterworks	580,000	522,191
Taxes	342,000	282,156
Miscellaneous	266,725	248,723

On the basis of the figures listed, the city would have a balance of $239,928 at the end of the year. Officials said a balance of that kind would help to improve the city's credit position in the nation's bond markets.

Police Outlay Studied

The $1,008,945 item of expenditures proposed for "general departments" covers the estimated operating expenses of the city government, and is $229,409 more than for the same purpose last year.

The tentative proposals for individual departments included these, with the comparative figures for last year:

	1948	1947
Police	$237,045	200,985
Fire	175,065	111,155
Health-sanitation	252,035	214,790
Parks-recreation	108,160	92,179
Streets-highway	38,805	27,141

The budget, as submitted, would provide the police department with approximately the same personnel, about 70 individuals, as at present. The indications were, however, that the budget for the department may be revised sharply before its final adoption so as to provide increased personnel and motorized equipment to be used in the actual mechanics of maintaining law enforcement.

Revenues Outlined

The proposed increase for the fire department was explained as being due to the staffing and maintenance of the newly opened Texas avenue substation.

On the basis of the figures submitted, the estimated $825,000 revenues from the electric plant are expected to pay all the operating expenses of that department, provide $152,138 to apply on electric revenue bonds and yield a profit of approximately $257,000. This money will go into the general fund for application on routine city expenses.

Net profits of about $370,000 are anticipated from the water department.

Biggest contributors to the revenue anticipated from "miscellaneous" sources include the following, with comparable figures last year.

	1948	1947
City court fines	$67,500	$65,975
Parking meters	60,000	53,746
Gross receipts tax	40,000	35,995
Permit fees	38,050	34,232
Airport-rentals	22,000	18,261
Swimming pool	11,000	10,882

Copies of the tentative budget were supplied members of the commission for further study and recommendations.

Present at the special meeting for first discussions of budget proposals were Mayor W. H. Rodgers and Commissioners W. B. Price, John Spikes, Clarence Whiteside and E. K. Hufstedler, jr.

Pravda Says Europe Disgruntled At Cut

MOSCOW, June 8 (AP)—Pravda said today there is sharp dissatisfaction in England and France with the House of Representatives cut in Marshall plan funds.

The Communist party organ said Senator Vandenberg (R-Mich) had pledged himself to obtain reversal of the House cut but quoted the New York Times as saying that even Vandenberg probably would be unable to prevent some reduction.

Reds Claim Dutch Treaty Violations

MOSCOW, June 8 (AP)—Pravda accused the Dutch today of trying to prevent establishment of the Indonesian republic in violation of agreements already reached. It said the United States was supporting the Dutch.

The commentary was written about the establishment of consular relations between the Soviet Union and Indonesia and said The Netherlands and the United States are only "prepared to permit the existence of Indonesian relations with foreign countries which they can hold under their control."

As a grain-saving measure, farmers are advised to line all feed bins with tin or hardware cloth in the war against rats. In one year, a pair of rats can eat or destroy as much feed as a hen eats.

Texas Woman's Death Being Investigated

ANTLERS, Okla., June 8 (AP) — The Pushmataha county county sheriff's office last night said it was continuing an investigation into the death of Mrs. Iva Mae Roach, Vernon, Tex.

Mrs. Roach was found dead in a mountain home 40 miles east of here Thursday night.

Largest Class Given Degrees At Texas Tech

"It is not likely that, with the knowledge available today and with the development of our resources, we will suffer for want in the future to any degree that mankind has suffered in the past," Sterling C. Evans, president of the Federal Land Bank of Houston, told Texas Technological college's largest graduating class at the 22nd annual commencement exercises Monday night in Jones stadium.

Approximately 7,000 persons saw the class receive degrees and heard the outstanding banker tell of opportunities awaiting graduates and give an encouraging view of the future.

"We worry a lot. Everyone worries about the future," he said. "Much of it, however, is about money, and medium of exchange is only important in the use of which we make of it bringing about greater accomplishments of mankind through achievements."

Science Aiding Mankind

Expressing his belief mankind will not suffer for want in the degree it has suffered in the past, he said "we have knowledge of health not known to the people of other civilization;" that an entirely new field may be opened up in the production and in use of foods by by-products from the Plutonian ovens; that radioactive isotopes from the ovens are in use in agricultural research and are being tried in cancer research laboratories and in the tubercular hospitals.

"No graduating class in all history," he said, " has approached a new day with such promising opportunities for achievement as lie ahead.

"Progress is being made at such a rapid rate today that perhaps few of us appreciate it. When the chemist can take coal, air and water and make a silklike product comparable to the fleece of the lamb that Jason slew, and when others can take nitrogen from the air and reinvigorate worn soils, and when others can extract solid metal compounds from the waters of the sea, we have indeed accomplished the 'wonders to perform.' "

Stating that, "A revolution in almost every field is taking place around you," he pointed to development on the South Plains. "Within a radius of 50 miles of this campus agriculture has been completely revamped since you were born," he said. "The production per man has increased, the speed with which work has been accomplished is now measured in

ONE OF THE FINER RODEO ARTS—Riding alongside a bulky longhorn steer and throwing yourself at his head and horns in a flying tackle and then wrestling him to the ground is considered one of the more tedious tasks in a rodeo as the picture above indicates. Vern Castro, one of the members of Gene Autry's rodeo troupe, seems to have his hands full in the picture above. Scenes similar to it will be enacted i nthe ABC-Boys' Club rodeo in Tech's Jones stadium, Wednesday, through Saturday when the movie and radio cowboy star comes here for a four-night performance. Bulldogging is on the nightly menu for fans at the ABC rodeo, tickets for which may be purchased at a booth in the lobby of the Hilton hotel. Seats are $3 for box seats and $2 for adults and $1 for children general admission, including tax. All proceeds of the rodeo after expenses go into the Lubbock Boys' club building fund.

FRONTIER WEEK LAUNCHED HERE

Final Plans For Big Parade And ABC Rodeo Are Drafted

Final preparations were to be made today for Wednesday's colorful parade and opening performance of the big ABC-Boys Club rodeo, which will be presented through Saturday night at Jones Stadium on the Tech campus.

At the same time, considerable response was reported Monday to the opening of Lubbock's Frontier Week observance as numerous citizens appeared with at least one piece of western regalia in keeping with the spirit of the celebration.

Tickets On Sale

Meanwhile, ABC club officials reported tickets were still on sale in booths in the lobby of the Hilton hotel and at booths operated by the ABC Dames at Dunlaps, Sears Roebuck, Wylie's drug store, Mark Halsey's No. 1 and the Citizens National bank. Box seats for the rodeo, which will feature movie star Gene Autry and his troupe of entertainers, are $3 with general admission seats selling at $2 for adults and $1 for children. All prices include taxes.

The parade, which will wind down Main street and back up Broadway, will start at 2 p. m. Wednesday, and will include, Autry, rodeo performers and state dignitaries.

A proclamation has been issued by Mayor W. H. Rodgers to the effect that this week is official Frontier Week, and that everyone in Lubbock will wear at least one piece of western apparel as evidence that they are in the spirit of the thing. A court similar to that held by Judge Roy Bean has been set up on Broadway to enforce the proclamation, and Homer Roper, chairman of the Jaycee's Frontier Week committee says that court will be held every day this week from 10 to 11 in the morning and 4 to 5 in the afternoon to make sure that the proclamation is followed to the letter. Penalties will range from doing time

Tax Foundation Asks Nation To Go Easy In Voting Vet Bonuses

NEW YORK, June 8. (U.P.)—The Tax foundation, a tax research organization, urged the nation today to go easy on further cash bonuses to veterans.

The foundation said some states haven't even paid for their World war One bonuses yet. It warned that World war II bonuses could become "an extreme financial burden" if the country should run into hard times.

Voters in states which have not yet passed on bonus proposals, the foundation said, should "look beyond the emotional factors involved and give serious consideration to immediate and future economic effects of such action."

The foundation said that nine states—Connecticut, Illinois, Massachusetts, Michigan, New Hampshire, New York, Ohio, Rhode Island and Vermont—have voted a total of $1,600,000,000 in cash bonuses to World war II veterans, taking on a bonded indebtedness of more than $1,000,000,000 to the present time to pay for them.

Voters in eight other states—Indiana, Iowa, Minnesota, Missouri, North Dakota, Pennsylvania, South Dakota and Wisconsin—are scheduled in 1948 and 1949 to approve or reject another $1,200,000,000 in cash bonuses, the foundation said.

To Cause Inflation

"Approval of such measures is resulting in further swelling our money supply at the very level where it will produce the greatest inflationary effect," it said. "Another sobering thought is the fact that both interest and capital must be paid out of taxation over periods as long as 25 years.

"A contracting economy such as that following the '20s could well result in rendering the payment of such obligations an extreme financial burden."

The foundation said the fact that 31 states have neither cash bonuses nor pending referendums indicates a belief by many that the federal government has done well by the veteran.

$1,450 Per Man

It said that federal contributions to veterans' benefits during the four-year period beginning with 1946 will approximate $1,450 per person, compared with about $400 a man in a similar period beginning in 1919.

These benefits include cash in the form of mustering-out pay, terminal leave pay, readjustment allowances and disability payments and education and training benefits, tax exemptions, loans, insurance, hospital care and other benefits.

Another factor, the foundation said, is that in some areas the veterans themselves are opposed to cash payments to all "without regard for need."

MUENCHES TAKE OVER

BOSTON (AP) — The un-New Englandish name of Muench promises to become a power in this realm of the Lowells, Cabots and Lodges. Charles Muench will take over the baton of Serge Koussevitsky as permanent conductor of the Boston Symphony next spring and Charles Lawrence Muench, president of Hood Rubber Co., has just become president of the chamber of commerce. The two men are not related.

minutes instead of hours, and the plain enjoyment of living has kept pace in this mechanical age. The same advancement has been made in almost every industry and in trade."

Expressing belief in the opportunities those achievements offer, he told graduates, "You shall achieve, however, not without effort and, after all, those accomplishments in the face of difficulties are what make romance out of the story of success."

He said he is not one of those who would say the future today is not promising.

Mentioning accomplishments of Benjamin Franklin, those who developed the machine age, and Einstein, he said he realized he was talking about genius and few, if any, of those present could make similar contributions, but, "That does not mean, however, that you need to cry like Alexander because there are no worlds to conquer. There are worlds to conquer for everybody. The world to each one of us is the world in which we live, have our own being, build our dreams and make our dreams come true." It may be in ownership and development of a farm; maintaining a home and rearing a family; in conquering their particular world in field of engineering, in making contributions as chemists, each in his own field, he told graduates. "If you have the will to do it, you can conquer your world without crying as Alexander because there are none left to challenge your capacity."

Degrees Conferred Early

Degrees were conferred early in the program, because of possibility rain would halt the exercises. Candidates for degrees were presented by deans and degrees were conferred by President William M. Whyburn. The diplomas later were awarded, rain not developing during the exercises. In the class were 749 members, some of whom received degrees in absentia.

An honorary degree of doctor of laws was conferred upon President Whyburn. Dr. W. C. Holden, dean of graduate studies, presented Dr. Whyburn for the degree. Charles C. Thompson of Colorado City, chairman of the board of directors, conferred the degree. Dr. Holden said Dr. Whyburn had made a signal contribution to this part of the nation, "to which by birth he belongs."

Presentation of the class gift of 13 markers for campus buildings was made by Floyd Read, president of the class. Acceptance was by the board chairman.

Fifty-one R.O.T.C. commissions were awarded by Lt. Col. L. C. Adams, head of military science and tactics at the college.

The wood-wind ensemble of the college band played processional and recessional music.

Invocation was by Rev. Carl Spain, associate minister of Broadway Church of Christ, and benediction by Rev. William F. Blakeslee, pastor of St. Elizabeth's Catholic church. The woodwind ensemble played "Aria" (Tenaglia).

Rodeo Plans

(Continued from Page One)

in the stockade to buying rodeo tickets, and the trials will be short and decisive, Roper said. He said that he believes that if the thing is worth doing it is worth doing in a big way, and anyone who doesn't agree with him will have to pay the price.

The parade will proceed down Main street around the courthouse square and make its way west on Broadway to College avenue, as a preview to the gala opening of the rodeo Wednesday night. Headed by flagbearers, the Rodeo Queen, Miss Bonnie Jean George of Jacksboro, and Parade Marshal Harry Morris, the parade will include a car of honor for the old timers of Lubbock who have been here since the county was first settled.

POLITICIANS HERE FOR RODEO—AND VOTES

Several state candidates will be in Lubbock Wednesday to take part in the ABC-Boys Club rodeo program, one of them to launch his state campaign for governor.

Most of the visiting politicians are expected to appear in the parade throughout downtown Lubbock street. Also during the day they will be contacting potential voters.

Those scheduled to appear here include Rep. Roger Q. Evans of Denison, who will launch his state campaign for the governor's post; Caso March, another gubernatorial candidate; Attorney Gen. Price Daniel, former Gov. Coke Stevenson, who is a candidate for U. S. Senate; Geo. Peddy of Houston, also a candidate for senator.

March will arrive in the city today, he announced last night.

Ammunition Workers Are Said Alerted

NEW YORK, June 8. (AP)—Professional ammunition handlers in New York "have been alerted for assignment," the New York Daily Mirror said today.

"The unusual activity," the newspaper stated, "was said by one informed observer to indicate that the United States plans to lift its arms embargo to Palestine soon and begin full-scale ammunition shipments to the embattled Holy Land."

The ammunition handlers, the Mirror said, have been "instructed to attend orientation lectures where they will be sworn to secrecy."

"The alert notices," the Mirror said it had learned, "were telegraphed to members of the AFL International Longshoremen's association by union officials, who took the action at the request of high government officers in Washington."

Leaders of the union and officials could not be reached in connection with the Mirror story, and no information could be obtained immediately at Washington from Army officials or others.

LOTS OF NAMESAKES

MEMPHIS, Tenn (U.P.) — Dora Bessie Smith, an inquiring-minded eighth-grader, finds the telephone directory loaded with names of former United States presidents. In the Memphis directory are George Washington, James Monroe, Andrew Jackson, Henry Harrison, John Tyler, Franklin Pierce, James Buchanan and Woodrow Wilson.

GOT QUICK RHEUMATIC RELIEF WITH MERTOX

"For the past 15 years I have been bothered with frequent rheumatic pains in my left shoulder. This trouble later spread to my right shoulder also," writes Mr. J. C. Kirkland of Dallas. In my work I have to use my arms a lot, and my shoulders were beginning to stiffen up. After taking Mertox Compound for a short time this condition was quickly corrected, so that now I am free from rheumatic trouble and free of the aches and pains. I was also troubled with gas and bloat, which were very painful. I felt tired and rundown; just seemed to have no life or pep at all. Had severe headaches, too. The gas would seem to press against my heart and lungs and make it hard to breathe. Now I can eat anything, even meat, which was impossible before taking this splendid medicine. My bowels are now regular and I do not have to get up at night as I did before."

You can get Mertox Compound from any Texas druggist at the new REDUCED price.

Here's Proven Soothing Relief In Treating Minor Cuts, Burns
used against infection from minor injuries—cuts, burns, scratches. Apply soothing OIL-O-SOL, the popular inhibitory antiseptic. Non-smarting, soothing. Quickly helps relieve pain and combats infection the modern way.

Bones Of Ancient Dinosaur Are Discovered Preserved In Shale Below Lake Waco Dam

WACO, June 8. (AP)—The bones of a dinosaur which roamed Texas 75,000,000 to 100,000,000 years ago were dug out of the shale below Lake Waco dam yesterday.

Zoologists said it was a plesiosaurus, a member of the dinosaur family which swam the shallow seas which then existed in Texas.

By night a battalion of Baylor zoology and geology students directed by B. C. Brown in charge of the Baylor museum, and Richard L. Bronaugh, zoology professor, had scraped the shale from enough of the ancient reptile to allow the bones to stand out in sharp relief against the blue shale.

20-Foot Skeleton

They plan to make a plaster cast of the exposed part of the 20-foot plesiosaurus, which apparently curled up in agony and settled on its side on the bottom of the Mesozoic era sea, to be preserved for the 20th century by layers of Sagleford shale.

Baylor experts do not plan to take the reptile out as a skeleton, but were cutting out a large square block of the shale which will contain the partly exposed skeleton. The square of former sea mud will be moved to the museum.

The reptile which lived in this area during the upper Cretaceous period of the Mesozoic era would be about 20 feet long if part of his tail, which is missing, could be found. The zoologists say reptiles of his type grew to an average of about 35 feet.

Reptile Described

Text books usually picture the plesiosaurus as having a small head, very long neck, short tail and four large paddles or fins. The one found in the Lake Waco shale below the large pool where water empties from the dam, has a short neck, Brown stated. This would indicate that it was from the latter part of the cretaceous period which lasted some 55,000,000 years.

The head is about three feet long and about a foot broad, tapering to a long, pointed jaw in which some teeth marks are still visible. From 40 to 60 vertebrae show plainly in the shale. Skeletons of the reptile is of a dark brown color and is much harder than the loose rock or shale which formed from sedimentation on the bottom of the former sea. The vertebrae appear to be about six inches thick. The fins or paddles and the pelvis are imbedded in the shale.

Rites For Lorenzo Man Planned Today

LORENZO, June 8 (Special)—Funeral services were to be conducted at 3:30 p. m. today at Lorenzo Baptist church for Frank C. Hughes, 68, with Rev. H. J. Pastor, pastor, officiating, assisted by Rev. George Bryant, pastor of the Lorenzo Methodist church.

Hughes, a carpenter, had been a resident of Crosby county for 35 years. Burial was to be in Lorenzo cemetery with Marr Funeral home of Ralls in charge of arrangements.

Hughes, who died at 10:15 p. m. Monday after a long illness, is survived by his wife, a son, Clifton J. Hughes, Fort Worth; three brothers, Joe, Bob and Jim Hughes, all of Savannah, Ga.; two sisters, Mrs. Nellie Schuman, Ware Shoals, S. C. and Mrs. Lillie Mae Evans, Savannah, Ga.

Pallbearers will be J. O. Easter, Lubbock, O. Stevens, Amarillo, Floyd Whitney, Idalou, O. G. McCall, J. F. Richardson, C. Bishop, E. O. Bowen and O. H. Kept, all of Lorenzo.

About half of every ton of new steel produced in the United States is born of scrap metal, coming from auto graveyards, farms, railroads, demolished buildings, factories and even the ocean.

Action On Rail Spur Rejected

Representatives of the Fort Worth & Denver City railroad company appeared at a special meeting of the City Planning commission yesterday afternoon with regard to extension of railroad trackage south from Thirtieth and Ave. L to Thirty-fourth on the company's right-of-way property.

Chairman K. N. Klapp, on behalf of the Planning commission, stated that the commission had no desire to make recommendations on the proposal as long as it was an issue before the courts.

Company Under Injunction

The company is at present under an injunction issued in 99th district court last October prohibiting construction of the tracks in that area of the city. The injunction was based on a zoning ordinance limiting construction in that area to residential building, and resulted from a suit brought by 19 residents of the addition. Appeal of the decision has been made to the Court of Civil appeals at Amarillo.

The Planning commission was asked to recommend to the Board of Adjustment that the railroad company be allowed to proceed with the proposed track extension within the city limits. Amendment of the zone 'C' regulations would be necessary, since the present regulations do not include provision for the construction of railroad tracks, according to E. L. Klett, counsel for the railroad.

He asserted that a map adopted by the city in 1927, when the railroad came to Lubbock, designated specifically a strip 50 feet wide from Thirtieth to Thirty-four as the company's right-of-way property. Additional recognition by the city of that property right was given when an easement on a trip of that land, 30 feet wide, was granted to the city in 1940, he stated. The city used the property on the east side of the railroad right-of-way for building streets. The proposed trackage would be near the rear of residential buildings in the area.

Settlement Said Wanted

Klett further claimed that the zoning ordinance applied to building and not to railroad trackage. He said that the company was unable to obtain a building permit because the application forms did not provide for that type of construction.

R. Wright Armstrong, of Fort Worth, vice-president of the railroad, expressed the company's desire to settle the issue out of court if possible. He said that the proposed track extension would not only serve an industrial property at Thirtieth and Ave L but also others which might develop beyond Thirty-fourth and outside the city limits.

Clapp stated that the city desired to co-operate in every way with the company for the benefit of the firm and the city. But, he added, the commission did not see fit to act upon the matter as long as the issue was before the courts.

Others attending the meeting were J. H Murdough and W. K. Bradshaw of the commission, and John P. Ruhmann, city engineer.

Other representatives of the railroad present were Seth Berwise, general counsel, and M. G. Mohaghan, assistant general manager, both of Amarillo, and Guy C. Victory, Lubbock general agent for the railroad.

Gray Hair Latest Hollywood Fashion

By BOB THOMAS

HOLLYWOOD, June 8 — The latest fashion among Hollywood male stars is gray hair.

In the old days, the best friend of an actor advancing through his thirties and forties was his dye pot. Times have changed. Jimmy Stewart is the latest to sport distinguished strands of silver in his hair. He joins Clark Gable, Ray Milland, Spencer Tracy, Humphrey Bogart, Ronald Colman and others. If it's true that stars set U. S. styles, this should prove a boon to the silver-topped men of the nation.

I have heard of one star who has ordered a graystreaked toupee.

John Garfield's picture, "Tucker's People," was chased here from its New York locations for the same reason the movies came to Hollywood in the first place—weather.

"The weather's just as bad in Hollywood (we've had an unusual spring—B. T.) but at least we can shoot indoors," he said. He'll have to return east to complete the numbers racket film, since half of it is set in New York.

Sonja Henie's European jaunt has been postponed because most of "Countess of Monte Cristo" will have to be shot again. The first version lacked oomph, and a fast re-write was ordered.

Betsy Drake, Cary Grant's new find and co-star in "Every Girl Should Be Married," is due for a double-barreled build-up by RKO and Selznick. Both studios own her contract. I might add that Grant himself is her best press agent. He discovered her first in the London company of "Deep Are The Roots."

Shelly Winters was commenting about her love scenes with Ronald Colman in his Oscar winner, "A Double Life." Said she: "There's more life in him than in most of these young boys."

More than 30 different crops are raised in Arizona's Valley of the Sun surrounding Phoenix, including lettuce, carrots, cotton, tomatoes, citrus, cabbage, cantaloupes, broccoli, celery, dates, apricots and many others.

Rites Planned For Hale County Pioneer

HALE CENTER, June 8 (Special)—Last rites will be conducted here at 2:30 p. m. Wednesday in the First Methodist church for W. B. (Will) Jones, 88, with Woodrow Adcock, pastor, officiating. Burial will be in Hale Center under direction of Roy G. Wood Funeral home of Plainview.

Mr. Jones, farmer and rancher who came to this section in 1891, is survived by one daughter, Mrs. T. E. Flake of Lubbock; six sons, Claude, Charlie of Olton, Earnest of Dimmitt, Sam of Springlake; Orville and Virgil of Hale Center. Mr. Jones died at the home of Orville with whom he resided.

Maternity Doctor Is Attending Princess

LONDON, June 8. (AP)—One of Britain's foremost maternity doctors—who already has assisted in the births of three royal children—is attending Princess Elizabeth.

Elizabeth, wed last November to Prince Philip, is expecting a child this autumn.

Her doctor, court circles said, is William Gilliatt, president of the Royal College of Obstetricians and Gynecologists. He attended the Duchess of Kent, Elizabeth's aunt, at the births of Princess Alexandra, Prince Michael and Prince Edward.

Elizabeth cancelled another scheduled public appearance today.

Buckingham palace announced she would not carry out an inspection of the depot companies of the Grenadier guards on June 28.

She will officiate in opening a country branch of the Queen Elizabeth hospital for children, of which she is president, on that day. It will be one of her last public appearances before her child is born.

Supreme Court Rules "Quickie" Divorces Must Be Recognized

By PAUL M. YOST
Associated Press Staff Writer

WASHINGTON, June 8.—You can get a pretty safe out-of-state divorce if the judge gives your husband or wife a full chance to argue the question of "quickie" legal residences.

That's the Supreme court's latest pronouncement on what has been one of the most complex problems in state and federal courts.

Chief Justice Vinson announced the 7 to 2 decision late yesterday. He based the far-reaching ruling on the Constitution's requirement that each state must give full faith and credit to the official acts of other states.

Courts Erred

Vinson said Massachusetts courts erred in labeling as "no good" divorces obtained by Margaret Sherrer in Florida and by Mrs. Katherine C. Coe in Reno.

It is not the business of the Supreme court, the chief justice said, to weigh the merits of Florida, Nevada and Massachusetts divorce policies. But if the spouse sued for divorce gets due process of law in a competent state court, that is enough, Vinson decreed.

The full faith and credit clause, he went on, was designed by the founding fathers as one of the provisions needed to weld a group of independent sovereign states into one nation. If, in applying the clause, some local policy must at times give way that "is part of the price of our federal system."

Details Given

In the Sherrer case, the Florida court overruled Edward C. Sherrer's assertion that he and his wife were not residents of the peninsula state. In the Coe case, both husband and wife sought divorces in Reno. The wife won. Mrs. Sherrer and Coe married other persons after the Florida and Nevada decrees were issued.

Justice Frankfurter dissented to the Vinson reasoning in both cases. Justice Murphy agreed with Frankfurter. Frankfurter said the ruling would "promote perjury without appreciably affecting the existing disarmonies among the 48 states in relation to divorce."

"I cannot bring myself to believe," Frankfurter snapped, "that the full faith and credit clause gave to the new states which offer bargain-counter divorces constitutional power to control the social policy governing domestic relations of the many states which do not."

Alimony Ruling

The tribunal in another 7-2 divorce case decision yesterday held that Nevada decrees did not give two ex-husbands the right to stop alimony payments which were ordered previously in separation decrees issued by New York courts.

Justice Douglas, who wrote the majority opinion, stated: "The fact that marital capacity was changed (by Nevada divorce) does not mean that every other legal incidence of the marriage was necessarily affected."

Justice Jackson protested that this decision just aids to the confusion. Frankfurter also wrote a dissent backing up Jackson.

In other decisions announced during a long summer adjournment-drive session yesterday the court:

Overtime Upheld

Upheld "overtime" pay claims by New York Longshoremen in a ruling which lawyers for the workmen estimated would permit longshoremen throughout the country to recover about $5,000,000 in back pay. The workers' lawyers disputed claims that the decision would have wide effects in other industries.

Ruled that a Lockport, N. Y., ordinance governing use of sound trucks was too loosely drawn. The ordinance gave the chief of police the power to decide whether use of the trucks would be permitted. The high court said this was too much to leave to the discretion of a policeman.

Threw out a Justice department effort to halt the sale of the Consolidated Steel corporation to Columbia Steel company, a U. S. Steel corporation subsidiary. Consolidated has plants in California, Arizona and Texas. The government said the $8,000,000 purchase would violate the Sherman anti-trust act.

The court probably will wind up its current term on June 21.

Briton Is Ready For Wild, Woolly West

NEW YORK, June 8. (AP)—A former blacksmith from Britain, Tom D. Abbinett, and his wife, Lucy, are coming to Texas with their daughter and her Texan-husband fully equipped to meet a storybook wild west.

When 55-year-old Abbinett arrived in New York with Mrs. Abbinett yesterday he wore a ten-gallon hat and carried a bow and arrow. They plan to meet their daughter, Yvonne, married to Army Capt. Jean Goppert at Osborn, Pa., where the Gopperts are living. Then they will all head for Goppert's native state—Texas.

During World War I, Nebraska furnished the walnut for more than one-half the gunstocks for the rifles manufactured and used in the war.

PLANNING A HOME?

Visualize your dream home, with Kellogg's Modern Home Kits, in 3 different styles: livable Suburban House (pictured), homey Cape Cod, smart Town House. Sen. Taft Is Hoping To Grab Portions Of Stassen Support

WASHINGTON, June 8 (AP)—Associates said today Republican presidential hopeful Robert A. Taft is counting heavily on mid-western support in what may be an all-out drive on the third or fourth convention ballot.

Although Taft himself has denied putting out any feelers, there are signs that the Ohio senator's friends are trying to get cozy with some of Harold E. Stassen's mid-western delegates.

Talk Of Combination

The dog-eat-dog hostility of the Stassen-Taft primary battle in Ohio appears to have lost its sharp edge and talk of a possible combination between the two has revived.

Most of the speculation has had Stassen turning to Senator Arthur Vandenberg of Michigan if the former Minnesota governor finds he himself can't make the nomination grade at Philadelphia.

But the Taft camp insists this isn't necessarily so. They contend the possibility isn't too remote that Stassen might throw his strength to the Ohioan.

In any event, the Taft strategists figure they can cut into Stassen's midwestern strength if the Minnesotan tries to take it elsewhere. Accordingly, they have spent some time courting Stassen delegates from Minnesota, Wisconsin, Iowa and Nebraska.

Taft Men Have Hopes

Stassen now has Minnesota's 25 votes tucked away, along with 19 of the 27 in Wisconsin. He will get most, if not all of Nebraska's 15 on the first ballot. He claims a majority of Iowa's 23, but the Taft camp credits him with only six there, claiming 14 for themselves.

The Taft people even have some hopes of breaking into the 41 Michigan votes that are lined up for Vandenberg—if the Michigan senator finally puts his foot down on those who have been trying to boom him for a nomination he says he doesn't want.

Most of Taft's friends think Vandenberg is in a receptive mood, no matter what he says.

House Speaker Joseph W. Martin, another GOP darkhorse possibility, indicated he also is in a receptive mood. He told Massachusetts Republican delegates at Boston yesterday he would welcome support for the nomination in the event of a deadlock.

Martin is a member of the 35-vote Bay state delegation which hasn't decided which of its three "favorite sons" to support. Besides Martin the others are Senator Leverett Saltonstall and Henry Cabot Lodge.

To Head Committee

Lodge was named last night to head the resolutions committee which will draft the 1948 Republican platform.

There already are rumblings of at least one fight that may flare among platform framers. A Taft-backed long-range housing bill has passed the Senate, but Republican leaders in the House are showing no signs of going along with that bill.

A substitute is being drafted now by Rep. Wolcott (R-Mich), who has a loud voice in House economic policy.

So far as foreign policy is concerned, Lodge is a member of the Senate foreign relations committee and is expected to press for a plank in accord with the bi-partisan leadership exerted by Vandenberg.

Both Stassen and Gov. Thomas E. Dewey of New York gave their endorsement to Vandenberg's foreign policy views yesterday in backing the Michigan senator's drive to restore cuts made in the foreign aid funds.

Dewey Heads South

Dewey meanwhile headed south for a three-day visit in Maryland, Virginia and North Carolina in search of added delegates. He has invited all convention delegates to visit him when he opens Philadelphia headquarters June 20.

On the Democratic side, reaction on Capitol Hill was divided on President Truman's western trip.

Southerners who have been fighting the President's nomination because of his civil rights program said that if Mr. Truman's sparse crowd in a 10,000-seat hall in Omaha is repeated elsewhere, they think the President might reconsider his decision to run. But they admitted their hopes on this score are faint.

Administration lieutenants blamed a patronage squabble with some Nebraska Democratic leaders for what they called the failure of the local organization to drum up a crowd. They predicted there will be no more mistakes on this score.

Gets Idaho Votes

Mr. Truman received most of Idaho's convention delegates last night at Sun Valley. Tonight the chief executive arranged to meet 50 Montana political and civic leaders at Butte before an address there (10 p. m. EST).

However, Lester H. Noble of Helena, Montana party chairman, said the state leaders were miffed because they had not been invited to ride across the state on the presidential train. But he noted that the state's delegation already is pledged to Mr. Truman.

Noble earlier had wired William Ritchie, the Nebraska party chief, of his group's dissatisfaction with treatment accorded the Cornhusker Democrats during the President's visit to Omaha. Ritchie, one of 12 Nebraska delegates, has withdrawn his support of the President because he maintained the local groups were spurned.

Fresh opposition cropped up in the South when an anti-Truman bloc took control of Florida's 28 convention delegates and refused to guarantee its votes for the party presidential candidate.

Oklahoma Democrats meanwhile voted last night to send an uninstructed 24-vote delegation to the national convention.

Another uninstructed delegation was forecast in Kentucky which today selects its 26-vote delegation.

Anderson Faces Test

Also today Clinton P. Anderson, former Secretary of Agriculture, faces the first test in his Truman-blessed campaign for the Senate. New Mexico Democrats are choosing between him and former Gov. John J. Dempsey. The Democratic nominee will face Patrick J. Hurley, who is unopposed in the Republican primary.

Another Truman follower, Gov Mon C. Wallgren of Washington, said he will seek reelection and not be a vice presidential candidate as has been rumored. Wallgren will be host to the Truman family Wednesday and Thursday.

Iowa Republicans yesterday rejected Gov. Robert D. Blue's campaign for renomination in favor of State Rep. William S. Beardsley. At the same time U. S. Rep John W. Gwynne, running for renomination, trailed H. R. Gross, former Waterloo newscaster. Also striving to keep his seat in Congress, Senator George A. Wilson, who did not leave Washington to campaign, was renamed to oppose former Democratic Senator Guy M. Gillette in November.

Army Shooting Investigated

NUERNBERG, Germany, June 8 (AP)—U. S. Army officials investigated today the fatal shooting of an American soldier by an Army lieutenant.

The provost marshal's office said Pvt. Ralph J. Light, of 138 West Washington avenue, Myerstown, Pa., was shot to death last Saturday night.

No charges have yet been preferred and the lieutenant was released to his commanding officer pending completion of the investigation.

Occurred After Slap

Officials said the shooting occurred after Light slapped the officer's wife and called her insulting names.

According to the official account, the lieutenant and his wife were driving through a one-way street in the Nuernberg suburb of Fuerth when they were stopped by a man who told them they were driving the wrong way.

While they were stopped, officials said, Light stepped up to their car and began insulting the officer's wife, finally slapping her face.

When the lieutenant got out of the car, Light slapped him. Then, officials related, the officer produced a pistol and Light fled, with the lieutenant in pursuit. Light was shot, officals said, when the lieutenant cornered him in the rear yard of a German beer hall.

More than 1,000 Wisconsin high school students have joined junior science academy clubs in the state.

Bidault Seeks Okay Of German Pact; Press Reaction Varies

(By The Associated Press)

PARIS, June 8—Foreign Minister Georges Bidault began a drive today for French approval of the six-nation agreement on western Germany.

He faced a cabinet meeting today. An informed source predicted a cabinet okay, despite criticism of the plan from both right and left.

He will meet the national assembly's foreign affairs committee tomorrow. Informed quarters said the assembly may approve the recommendations by the week end.

Moscow newspapers carried New York and London dispatches on the plan but no editorials. The Russians have denounced the negotiations that led up to it.

The agreement, reached in London, was made public yesterday by the United States, Great Britain, France, Belgium, The Netherlands and Luxembourg.

It calls for a west-German federal government, international control of Ruhr-valley coal and iron, and safeguards to keep Germany from becoming a military threat.

It is subject to home-government approval. The British cabinet okayed it yesterday.

Some Frenchmen have voiced fears Germany would be allowed to become a menace again. Others have accused Bidault of making damaging concessions in the London negotiations.

"Diplomatic Disaster"

Communist newspapers here have called the agreement a "diplomatic disaster" and charged the foreign minister with having "weakly defended French interests." Gen. Charles De Gaulle's right-hand man, Gaston Palewski, said Sunday Bidault had abandoned French security.

But Bidault's position appeared stronger today than at any time since the agreement was signed. The press and political leaders sounded much friendlier.

The violent Communist and De Gaullist attacks seemed to have frightened wavering elements. These realized that if the attacks succeeded the government might fall Palewski had said De Gaulle was the "only man" to take over.

Press Attitude Given

Some observers said De Gaulle's apparent overconfidence may have defeated its own aim. Most of the section of the press usually sympathetic to his position failed to follow his lead in attacking the agreement.

The Soviet-controlled press of eastern Berlin used page-wide headlines this morning to protest the recommendations. The newspapers all published a resolution of the Russian-supported German people's congress against them.

"They usher in the last step in the partition of Germany," the resolution read.

New Friction Arises

A new instance of friction between the western powers and Russia in Berlin came to light today. The Soviet news bureau said the British had asked the Russians to move the Soviet-controlled Berlin radio station out of the British sector. It said countermeasures were probable against western-power communications through the Russian occupation zone to the west.

The bureau reported that in their request to the Soviet deputy military governor for Germany, Lt. Gen. M. I. Dratvin, the British said they were afraid the station might be damaged in demolition of a nearby air-raid shelter. It said their real purpose was to interfere with radio facilities.

Salesman, Girl Are Released By Police

WICHITA, Kas., June 8. (AP)—A 17-year-old girl, taken into custody two days ago with a married salesman, was released by police today.

The girl, Mrs. Mary Kalinoski, was released upon arrival of her mother and brother who flew here from their York, Pa., home.

Mrs. Kalinoski, a bride of less than two months, and Arthur Deets, jr., 23, of Kingston, Pa., were taken into custody Sunday. Police said they ran away May 28 shortly before the girl's high school graduation.

Kidnaping charges were filed against Deets by the girl's husband, Thomas T. Kalinoski, 25, of New Britain, Conn.

Police quoted Mrs. Kalinoski as saying she accompanied Deets willingly, however, and his release was authorized yesterday by the district attorney at York. Police here said they were informed the charges would not be pressed "at this time."

"We know we love each other," Deets said shortly after his arrest.

The girl's mother, Mrs. Paul Witman, went directly to the police station after her arrival by plane and was reunited there with her daughter. They planned to leave for Pennsylvania later today.

Deets, who had expressed a desire to see Mrs. Witman, also was at the station and talked to Mrs. Kalinoski. Police Lieutenant Harold Cook said he was treated cooly by Mrs. Witman.

Herb gardens were planted within the cloistered walls of European monasteries during the Renaissance, and the products used to treat ailing people.

Board Studies Head For Tech

Appointment of a committee of four directors of Texas Technological college to serve as a presidential selection committee to name a successor for Dr. W. M. Whyburn, who has resigned, effective Aug. 31, came in the closing minutes of a board meeting at the college Monday afternoon.

The committee members, Chas. Wooldridge, Dallas; Robt. B. Price, El Paso; Leon Ince, Houston; and O. B. Ratliff, Lubbock, were appointed to visit, interview and investigate and invite to appear before the full board at a meeting in Fort Worth, July 10.

"We have some very capable and outstanding men under consideration now and we plan to investigate any and all others who are acceptable," a spokesman for the committee said. "We have not completed investigation of any possible candidate and are still deliberating on a list of approximately possibilities.

Field Still Open

"We are seeking the counsel of some 30 top administrators in the nation's leading colleges and universities in an attempt to ferret out the right man to fill the needs of Texas Tech," he continued. "In spite of the fact that some able men have already been interviewed by several members of the board, the field is still wide open."

Committee members said an attempt would be made at the Fort Worth meeting to "weed through the list" and try to reduce the candidates to at least six men before final selection of the man is made. They said every effort will be made to have a successor for Dr. Whyburn by Sept. 1.

It was revealed that one committee member, Price, would leave in a few days on a business trip throughout the Midwest and during his travel would contact several candidates. In the meantime, other committee members will be visiting other men in their offices and on their own campuses.

Room Rent Discussed

The board had previously planned to consider at length the list of men for the post in their meeting Monday, but extended discussion on routine business matters of the college prevented such action. The entire afternoon session was "executive" and newspapermen were excluded, but it was revealed after the meeting that the topic of increased room rent charges for dormitories was among those discussed. Bill Nugent, Amarillo, student council president, appeared before the board in the rent discussion.

Although no change was made in charges, which increased rents in the dormitories from $50 to $60 where two students are in a room and from $47.50 to $57.50 where three students are in a room, board members said the "dormitory budget would be kept under close scrutiny."

Statue Accepted

The board also accepted a life-size bronze statue of Will Rogers, donated by Amon G. Carter, Fort Worth Star-Telegram publiser who served as first chairman of the Tech board, to be placed at the west end of the esplanade near the entrance to the campus, where the flagpole is now located.

Approval of a flight training program for veterans as a regular catalog course was another highlight of the day's meeting.

Besides Thompson, Weymouth and Mayse, other attending Monday's meeting included: Mark McGee, Fort Worth; Leon Ince, Houston; Charles Wooldridge, Dallas; and O. B. Ratliff, Lubbock Kyle Spiller, Jacksboro, was unable to attend because of illness.

Mesdames Wooldridge, Thompson, Mayse and Price accompanied their husbands here for the commencement program.

Ginny Simms Files Suit For Divorce

SANTA MONICA, Calif., June 9 (AP)—Film singer Ginny Simms has filed suit for divorce against architect Hyatt R. Dehn, her husband of three years.

Her suit alleges cruelty. Last week, in announcing that she would seek a divorce, Miss Simms told reporters that she had given up her career last December in an attempt to make their marriage work. She said this had not solved their problems and she has decided she might as well go back to singing.

The singer's divorce complaint said she and her husband have agreed to divide their community property and she waives alimony. Her attorney said they will divide custody of their son, David, 21 months. She brought the action under her real name, Virginia Simms Dehn.

Texas Railroad Started Amidst Quarrels; All Is Peaceful Now

By WILLIAM C. BARNARD
Associated Press Staff Writer

The Gulf, Colorado and Santa Fe railroad began in Galveston with a quarrel and has just celebrated its 75th anniversary in the same city with a surplus of affection.

Hundreds of Texans and out-of-staters were present to wish the railroad well. Even in the island town where conventions are everyday stuff, the diamond anniversary had plenty of sparkle.

Holiday Bunting

The Santa Fe building modeled the latest in holiday bunting; the Galvez hotel lobby was crowded with early-railroad displays; a marker was dedicated at the spot where the first rails were laid and 500 guests attended the banquet Saturday night.

It was at the banquet that Dr. Chauncey D. Leake, vice president and dean of the University of Texas medical branch, commented that the GC&SF was born "with Galveston as the mother and yellow fever as the father."

Dr. Leake spoke the truth—yellow fever gave the railroad its start.

Here's what happened:

Story Related

In the early 60's Galveston had only one railroad—a line connecting it with Houston. In those days, mild yellow fever epidemics occurred each summer along the coast.

The Houston business interests would get quarantines declared on all passenger and freight traffic from Galveston to Houston.

During these quarantines, Galveston was virtually isolated and the business men of Houston cornered the rich East Texas market.

Galveston tempers boiled over this situation. Some of the boys wanted to load their shotguns and shoot it out. But conservative men of the island city had a better plan—a new railroad from Galveston that would go around Houston into the interior of the Lone Star state.

Financed almost entirely by Galveston business interests, the line was chartered in 1873 and begun in 1875. There were hardships and delays. Not until 1877 did the rails touch Arcola, a community 43 miles from Galveston.

Went Bankrupt

Two years later the road went into bankruptcy and was reorganized. Operations were resumed in 1880. In 1881, the rails crawled to a town laid out as a division point and named Temple in honor of B. M. Temple, chief construction engineer. Later the same year, the line reached Fort Worth.

Houston was not to be ignored. The railroad, by 1883, no longer could afford not to tap its wealth. A branch was built from Alvin to Houston.

In 1886 the Atchison, Topeka and Santa Fe, ambitious of reaching from Kansas to California and to the Gulf coast, began trying to buy the Texas railroad that had been born of trouble in Galveston. GC&SF stockholders met in March of that year and authorized the line's president, George Sealy, to handle the negotiations. A short time later the sale was consummated. The Gulf, Colorado and Santa Fe became a part of the Santa Fe system.

Extensive Load

Today the Gulf, Colorado and Santa Fe extends from Galveston to Purcell, Okla.; from Temple to Sweetwater and from Sommerville to Silsbee, High Island to Longview via Beaumont; from Dallas to Paris and from Fort Worth to Menard.

At the diamond anniversary banquet, Col. Ernest O. Thompson, Texas railroad commission, joked that "the Santa Fe talks about Santa Fe but doesn't go there."

And he suggested: "Texas should replace Atchison in the Atchison, Topeka and Santa Fe system."

BEER'S HERE!—Here's the first postwar shipment of German beer being unloaded in New York. The cases of Bavarian brew arrived on the SS American Councellor from the American zone in Germany.

IOOF, Rebeccas To Convene Thursday

Several hundred members of the Independent Order of Odd Fellows and the Rebecca lodge, IOOF auxiliary, are expected here for a one-day meeting of Division 5 of the organizations Thursday, it was announced yesterday by C. C. Jones, secretary of Lubbock Lodge No. 609.

Joining the lodge as host for the occasion will be Rebecca Lodge No. 321 of Lubbock. The meeting is to open at 10 a. m. at Fellowshpi hall of First Methodist church, and luncheon is to be served at noon at the LOOF hall, 1913 Ave. K.

Visitors Are Expected

Notable visitors expected include Frank R. Rundell, of Austin, grand master of the Grand Lodge of Texas; and Mrs. Gene Lawless, of El Paso, president of the Rebecca Assembly of Texas.

Schools of instruction are planned for Odd Fellows and Rebeccas beginning at 1:30 p. m. For this, Odd Fellows are to meet at the LOOF hall, and Rebeccas at Fellowship hall at the church.

Initiatory degree for the subordinate lodge will be conferred at 6:30 p. m. by Andrews lodge No. 91 of Andrews. For Odd Fellows this is to be at the hall, and for Rebeccas at the church annex.

A joint night session is to be held at the church annex, featuring talks by Rundell and Mrs. Lawless, the announcement said. The division covers much of West Texas, and an invitation was extended to all Odd Fellows and Rebeccas to attend.

Petrillo Offers To Find Margaret Job

ASBURY PARK, N. J., June 8. (AP)—James C. Petrillo, head of the American Federation of Musicians (AFL), says he told President Truman not to worry—the union will "take care" of getting Margaret Truman a radio job no matter what the outcome of this year's presidential race.

Petrillo told the Musicians' 51st annual convention yesterday that he had reassured President Truman about the future during a concert in Washington last month.

As for politics, Petrillo said he did not want to indicate yet where his union would place its support this year. But he said he could always find a job for Margaret.

Czech Body To Elect Leader

PRAGUE, Czechslovakia, June 8 (AP)— Czechoslovakia's Communist-bossed parliament will elect a new president next Monday to succeed Eduard Benes, resigned.

Communist Premier Klement Gottwald is regarded as the leading candidate for the job, with Antonin Zapotocky, deputy premier and trades union head, then succeeding Gottwald as premier.

May Remain Premier

There was talk, however, that Gottwald might wish to remain premier, a post he has held since July 3, 1946. In that case Zdenek Nepedly, 70, the education minister, or Zdenek Fierlinger, the minister of industry, were given the best chance for the presidency.

Benes, Czechoslovakia's second president, quit yesterday, after serving 11 years, rather than sign a new constitution drawn up by the Communist regime which captured the nation last February.

He had been voted a life term in 1946 and Gottwald's office announced that as a tribute for his long service to the nation Benes would be given the presidential country home and paid his presidential salary for the remainder of his life. He is 64 and attributed his resignation, in part, to ill health.

Copies Of New Tech Yearbook Received

Copies of the Texas Technological college annual, "La Ventana," have arrived at Tech and are available to the students in the basement of the Journalism building, R. A. Mills, faculty sponsor of the annual and professor of English at Tech, announced Monday.

The standard 9 by 12 inch annual may be secured from 8 a. m. to 12 noon, and from 1 to 5 p. m. every day this week, and from 8 to 10:30 a. m. and 2:30 to 5 p. m. after this week, Mills said. Jack Thompson, Lubbock, who is to be business manager-elect for the 1949 annual, is in charge of issuing the yearbooks.

Mills said that 4,550 copies of La Ventana were printed this year as compared to 4,125 published last year, and that a few copies may be bought by the public. Last year's annual had 418 pages, and it is believed that this year's book with 488 pages is the largest in the history of the college.

GIFT MADE BY AMON G. CARTER

Will Rogers Statue Presented To Tech

Gift of a life size equestrian statue of Will Rogers to be placed on the campus of Texas Technological college was announced Monday afternoon following a meeting of the college board of directors.

The statue was given to the college by Amon G. Carter, publisher of the Fort Worth Star-Telegram, through the Amon G. Carter Foundation. Interest of the donor in Texas Tech dates back to the founding of the school and to the organization of the first board of directors, of which he was chairman for four years.

Statue To Face West

The bronze statue will be placed at the west end of the esplanade of the Broadway entrance to the college at a site now occupied by the school flagpole. It will face west, as the name of the statue is "Riding Into The Sunset."

The statue is the work of Electra Waggoner Biggs of Vernon and New York and is of Rogers, the cowboy-humorist, philosopher, who was killed in an airplane crash with Wiley Post, Aug. 15, 1935.

Standing nine feet, 11 inches high, the statue weighs 3,200 pounds and is valued at $25,000.

A similar statue, also the work of the same sculptor, was dedicated in Fort Worth by Gen. Ike Eisenhower last November 4, the birthday of Rogers. It stands at the entrance of the Will Rogers Memorial coliseum grounds in Fort Worth.

Rogers Worked Near Amherst

Carter and Rogers were close personal friends. Rogers himself had a great fondness for Lubbock and the South Plains area, as he punched cattle for several years on the Ewing Halsell ranch near Amherst even before the town was founded.

The striking likeness to the subject and the general excellence of the statue were commented upon by Gen. Eisenhower at the time of the dedication in Fort Worth in his tribute to Rogers.

Placing of the statue on the Tech campus was approved by the Tech board in its meeting Monday, and the site was also approved.

It is planned to have appropriate ceremonies dedicating the statue when it is placed in its place of honor. Rogers is riding his favorite horse, "Soapsuds."

Mrs. Maxine Dickinson, 1905 Thirty-fourth street is a niece of the late humorist and Rogers had visited here several times.

In McLouth, Kan., The American Magazine reports, it is unlawful to wash false teeth in a public drinking fountain.

Canadian Election Results Compiled

TORONTO, June 8 (AP) — The progressive Conservative party clung today to its control of the Ontario provincial government but its leader, Premier George Drew, lost his legislative seat in yesterday's elections.

Final standings gave the Progressive Conservatives 53 of the legislature's 90 seats on about 42 percent of the popular vote. They won 66 seats in the 1945 balloting.

The Cooperative Commonwealth federation (C.C.F.) passed the Liberals as the second party, winning 22 seats to 12 for the Liberals. In 1945 C.C.F. got only eight seats. There is one Liberal-Laborite seat and two went to Labor-Progressives yesterday.

Drew was beaten by William Temple, the C.C.F. candidate, in a close race in Toronto's High Park district. Drew said it was too early to say whether he would seek another seat so as to be able to continue as premier. This could be done by having one of the winning members of his party resign to permit Drew to stand in a by-election.

Two of Drew's 15 cabinet ministers also were defeated — Provincial Secretary Roland Michener and W. G. Webster, minister without portfolio.

NEW CLASSES

Start June 7 and 14. Urgent demand for graduates at handsome incomes. Light, airy classrooms. G. I. approved. Day and night.

That Girl on Broadway says the easier your job is, the more time you have to be dissatisfied with it.

* * *

Give the bore credit for having one good point. He doesn't talk about other people.

* * *

That Man on Avenue Q says some people who claim they have open minds should close theirs for awhile for repairs.

* * *

WE are in receipt of a letter from our old and valued friend, Ray Pinson, the popular Abernathy druggist. Mr. Pinson takes us sharply to task because of our efforts to "smoke out" candidates for the State Senate regarding their feelings about the so-called "Fair Trades act" which would raise the cost of living for every Texan.

Among other things, Mr. Pinson charges us with acting as "prosecuting attorney, judge and jury," in the matter of what we prefer to call the "Unfair Trades act," since it is UNfair to the people of Texas.

Further, he challenges us to publicly debate the question with him, or "with some competent person in my (Mr. Pinson's) stead," with all senatorial candidates on the stage and the debate going over the air.

* * *

Well, this is to tell our old friend, Ray, that we sometimes are a chump, but we are no chump in this regard.

We know exactly who "some competent person" would be. It would be one of the highly paid, professional lobbyists working for the UNfair Trades act at Austin and otherwise over Texas. It would be some guy who makes a career out of lobbying and speechmaking.

As for us, we have neither the time nor the inclination to go into the debating business, even on the strictly amateur side. If Mr. Pinson doesn't mind—and even if he does—we shall continue to do our debating by way of the typewriter—and we appreciate his implication that we do pretty well that way; at least better than he (or we) might expect from the speaking platform!

* * *

WE are quite certain that either Mr. Pinson, or one of the "competent persons" to whom he refers, could get on the stump and talk for hours about the proposed law and do a very good job of clouding the one important issue involved. On the otherhand, we wouldn't need to say more than just this—to state the real issue, to wit:

Passage of the bill espoused by Mr. Pinson would make every Texan pay more for many essential articles than he now pays.

That is the crux of the whole business, and if Mr. Pinson doesn't know it, passage of the UNfair Trades act would cost Texans somewhere between $50,000,000 and $100,000,000 more every year to live than it costs them now.

* * *

We claim that the UNfair Trades act is the brainchild of the Northern and Eastern manufacturers and jobbers, and of a relatively few Texas jobbers and retailers, because under it they will be able to make more money than they now make from their products. We claim this because the Unfair Trades act would force every druggist, some grocers and other merchants, to charge a flat rate for such products as cosmetics, shaving soap, toothpaste and 1,001 other articles of every-day life and which Texans now are able to buy at "special" or sale prices.

Mr. Pinson counters by saying we oppose the bill because it would curtail our advertising.

Well, let's see about that.

* * *

IN several states, the well-heeled lobbyists of the UNfair Trades dodge have wangled price-hiking laws through the legislature.

In those states there are newspapers, just as there are in Texas. So we'll meet Mr. Pinson's debate challenge with one of our own. We challenge him to pick any state where people have been saddled with this increased cost of living scheme—or to take all the states combined; or to take any several of them he chooses, and check up on newspaper advertising.

If the newspapers in those states are not, as a whole, carrying more advertising today than they were when their Unfair Trades bill became a law, we'll buy Mr. Pinson the best hat available in Lubbock.

But we won't call off the fight against the Unfair Trades act, because we know it is in opposition to the best interests of the people of Texas.

* * *

It is an old, old red herring for someone in position to gain from something a newspaper opposes to holler "they're afraid they'll lose some advertising." Yet the records of American journalism are star-studded with newspapers which have the guts to stand up for the good of the people against powerful and rich minority groups seeking to take advantage of the people.

For the information of Mr. Pinson, and anyone else who may be interested, The Avalanche-Journal has never permitted its cash register to get mixed up with its editorial policies — which may be one reason why it has become widely known as a strong and outstandingly successful operation, both in the editorial rooms and in the business office.

* * *

MR. PINSON is a fine gentleman and we prize his good will. He also is a good citizen, as his longtime record in Hale county proves. We give him credit for being sincere in his stand.

But in this instance, as in many times in the past whenever occasion has presented itself, we prefer to champion the interests of the people as they are opposed by the selfish, grasping efforts of a few who seek to profit by "putting something over" on the public.

We'll have plenty more to say about the UNfair Trades act before July voting times rolls around, space limitations causing us to hold up here today.

Meanwhile, you voters ask the candidates for the State Senate how they stand on the proposal to increase your living costs.

When Messrs. Parrish, Brummett, Corbin and Brock talk to you about your vote, tell 'em you're not interested in how they feel about heaven, home and mother. Tell 'em you want to know how they feel about a proposed law which would force you to spend all the way from $5 to $12 more per year on each member of your family in order that they might have the essentials of living.

Tell 'em you know about the UNfair Trades act, and you want to know how they feel about it.

Now's the time to put the candidates on record!

BY DREW PEARSON: SENATE ADOPTS HITLER'S STANDARDS ON DISPLACED PERSONS

Wolcott Suppressed Data On Housing Witnesses

WASHINGTON. — Michigan's Congressman Jesse Wolcott, who has been bottling up the housing bill, thought he would show he was not anti-veteran by calling two witnesses to speak for the Veterans of foreign wars.

He did this despite the fact that he had a telegram in his pocket officially repudiating the two witnesses. Signed by Merle Hopper. Michigan VFW commander, the telegram read:

PEARSON

"George Lyle and Arthur Greig purported to represent Michigan department VFW on housing at your committee hearings. No one but myself is authorized to speak for VFW in Michigan on any subject before Congress."

Deliberately ignoring this protest from the VFW commander, Wolcott in effect deceived the public of putting Greig and Lyle on the stand to denounce low-cost housing for war vets. He also failed to mention that Greig and Lyle for a long time have been playing hand-in-glove with the real-estate lobby in Detroit.

However, Representative Hale Boggs of Louisiana, himself a veteran, did not let Wolcott get away with this. He asked Lyle if the national VFW was for public housing. Knowing the answer was "yes," Wolcott had the nerve to try to interrupt Boggs. But the Louisianan persisted:

"I insist on an answer to my question as to whether the national VFW has indorsed this bill—yes or no."

Lyle finally had to admit that the Veteran of Foreign Wars favored passage of the housing bill and that he and Greig were speaking only for themselves. Chairman Wolcott looked very sick.

* * *

Hitler's Standards

In setting up the standards for admitting 200,000 displaced persons into the United States, the Senate approved some tricky language the other day aimed at excluding Most Jews and Catholics. In so doing, the Senate actually accepted Hitler's yardstick in singling out those entitled to American refuge.

But what the senators probably didn't realize is that their legal doubletalk may also get the United States into hot water on the diplomatic front, for the bill to admit displaced persons was worded in such a way as to give tacit recognition to the Soviet conquest of Latvia, Estonia, and Lithuania.

The State department has been careful not to recognize Russia's annexation of these tiny Baltic states, but the Senate bill requires that 50 per cent of the refugees permitted to enter the U. S. A. must come from a country that has been "annexed by a foreign power." This can only mean the Baltic states swallowed by Russia.

The hidden purpose of this provision is to keep out Jews and Catholics, since there are none in Latvia, Estonia or Lithdania.

West Virginia's Republican Senator Chapman Revercomb, who championed these "Hitler amendments," fought down several attempts by Democratic Senators Howard McGrath of Rhode Island and Carl Hatch of New Mexico to liberalize the bill.

When Revercomb's bill finally reached the Senate floor, McGrath snorted in disgust: "The mountain has labored and brought forth a Mouse."

NOTE: — Senator William Langer, North Dakota Republican, pushed through an amendment which would admit 27,000 persons of German ethnic origin to this country every year. These are the Sudeten Germans who formed the fifth column for Hitler's expansion in Czechoslovakia.

* * *

HERE are the congressmen inside the House education and labor committee who are bottling up the federal-aid-to-education bill; also those who are for aiding the teachers:

Against the bill-Republicans: Schwabe, Missouri; Gwinn, New York; Kersten, Wisconsin; Owens, Illinois. Democrats: Lesinski, Michigan; Kelley, Pennsylvania; Kennedy, Massachusetts; Lucas, Texas.

For the bill—Republicans: Landis, Indiana; Hoffman, Michigan; McCowen, Ohio; Brehm, Ohio; Kearns, Pennsylvania; Nixon, California. Democrats: Barden, North Carolina; Fisher, Texas; Powell, New York; Wood, Georgia; Madden, Indian; Klein, New York.

Republicans who would be for the bill if they had the courage to vote against the orders of Speaker Joe Martin and G. O. P. Jersey; McConnell, Pennsylvania; Leader Halleck: Hartley, New Buck, New York; Smith, Kansas; and McKinnon, Minnesota.

In brief, a majority of the committee would be for federal-aid-to-education if the Republicans didn't follow their party leaders.

Besides the party-line issue, individual members of the committee have various reasons for opposing federal aid to education.

One is that certain states would get a bigger proportionate share of benefits than they pay. For instance, New York and Massachusetts, which have progressive education systems, would pay more and get less out of the bill than states like Mississippi.

Another reason for opposition is religious. Democrats like Lesinski of Michigan, Kelley of Pennsylvania and Kennedy of Massachusetts want a clear stipulation that the states will take care of parochial schools in distributing federal funds.

* * *

Personal Peeve Affects Canada

Senator Chapman Revercomb, West Virginia Republican, is blocking a bill that would permit former Undersecretary of State Dean Acheson to serve without pay as head of the joint U. S.-Canadian Defense commission.

Acheson, whose resignation from the State department was a great loss to American diplomacy, cannot take the post as long as his law firm does business with the United States government. As a matter of fact routine, Senator J. Howard McGrath, Democratic national chairman, drafted a bill exempting Acheson from his technicality. But Revercomb, peeved at McGrath over some differences on the displaced—persons problem, has taken out his peeve by refusing to pass the bill out of his judiciary subcommittee.

Utah ranks first among copper producing states second to Idaho in silver and is surpassed in gold production ony by South Dakota, California and Alaska.

Journal Jabs

"KISSING definitely shortens life," asserts a physician. Oh, all right, Doc—but can you think of a more delightful way of committing a slow, lingering suicide?

* * *

"The way to win a woman is to ignore her," asserts a woman columnist. Love at first slight, eh?

* * *

If a person were to secure one each of all government forms and fill them out and mail them, the chances are that within a few months he would be receiving checks from some half a dozen departments.

* * *

"IT is exceedingly rare that a politician buys votes," asserts a congressman. This statement would be true if it were amended by adding, "with his own money."

* * *

Scientific and mechanical developments are fast catching up with the funny papers. If you should wake up some morning and find that nothing exists, it would be plausible for you to assume that some one had made and fired a disintegrator.

Invitation To Fisticaffs

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

IN a recent magazine article the wife of a scientist claims that married women make poor scientists and women scientists make poor wives and mothers.

Substitute "career woman" for scientist, and her contention is still generally true.

MILLETT

A woman simply can't hold down a full-time job important enough to be called a career and still be a good wife and mother.

Plenty of women today kid themselves that they can. But it's pure self-deception

To begin with, the career woman spends her days away from home. To be a good wife and satisfactory mother, a woman can't keep office hours. When she does that she has to turn the job of home-making and child-raising over to another woman, which means she is actually doing only part of the two jobs she claims to be doing.

* * *

HOME, JOB WON'T MIX

BUT the wives and mothers who choose careers, or are forced by circumstances to have outside careers, don't like to admit that they must neglect the job of home-making in order to make a success at work. So we read a lot of nonsense about this or that successful woman who doesn't let her job interfere with home life.

What it usually boils down to is that the successful career woman pays a less successful woman to do her job of home-making, and then kids herself into believing she is smart enough to manage two careers at once.

Today's Thought

Confirming the souls of the disciples, and exhorting them to continue in the faith, and that we must through much tribulation enter into the kingdom of God.—Acts 14:22.

* * *

God has not chosen to save us without crosses; as He has not seen fit to create men at once in the full vigor of manhood, but has suffered them to grow up by degrees amid all the perils and weaknesses of youth.—Fenelon.

Officer Doubtful Of Bet-Laying Chicken

DETROIT, June 9. (AP)—Charles Overton's hen might have been laying bets, Patrolman Ross Faustino told recorder's Judge George Murphy yesterday, but it seemed more likely someone had put that book of numbers tcikets under her.

The patrolman reported he heard the hen give a strange cackle, and he found the tickets in her nest along with an egg. Overton, 50, was fined $40 on a charge of engaging in an illegal occupation.

The octopus swims by means of jet propulsion.

By Bennett Cerf

"Try And Stop Me"

REMINISCING about his days as Governor of New York, Franklin D. Roosevelt admitted that he would sometimes pause in the anteroom on the way to his office, and purposely tell the people waiting there for him a particularly stale joke. "I didn't bother seeing the ones who laughed hardest," he recalled. "They were the ones, I knew, who wanted the biggest favors."

* * *

THE Advertisers' Weekly, in London, performed a service for mankind by preserving this advertisement of "Siam's only English newspaper."

"The news of English. We tell and most earlyest. Do a murder get the latest. Writ in perfect style, commit, we hear and tell of it. Do a mighty chief die, we publish it, and in borders of sombre. Staff has each one been college, and writ like the Kipling and the Dickens. We circulate every town, and extortionate not for advertising. Buy it."

* * *

OVERHEARD by Milton Berle: "She was the kind of girl I'd liked to take home to meet my mother—if I could have trusted my father."

(Copyright, 1948, Bennett Cerf.)

Laff-A-Day

"I like you, Gretchen. You have that ability to make me feel completely relaxed."

BY MARQUIS CHILDS

Paul Robeson's Relative Has Disappeared In Soviet Union

WASHINGTON — The contrast between the two worlds could hardly be greater. It is the kind of heightened drama characteristic of our time.

The contrast is sharper because it occurs within one family. The central figure is Paul Robeson, the negro singer with the magnificent voice the the magnificent presence.

CHILDS

Robeson is a member of the executive committee for Henry Wallace. He came to Washington the other day to testify against the Mundt bill to control or outlaw Communism.

He expressed himself freely in spite of heckling from members of the Senate judiciary commitee. As he has done often in the past, Robeson charged repression, discrimination and a drive to establish a Fascist state. He refused to say, in answer to repeated questions, whether he was a member of the Communist party.

Traveling through the United States, he has made the same charges before large audiences. I saw him at a huge Wallace rally in Madison Square garden, when 20,000 people cheered his singing.

This crusade in politics comes for Robeson on top of a distinguished career. Who's Who in America lists several honorary degrees, including one from Columbia university. At his own college, Rutgers, he was Phi Beta Kappa; and Walter Camp rated him an All-American end. His record in the theater and one the concert stage is a long series of triumphs.

* * *

Another Side Of Story

The other side of the drama occurred in that other world, Russia. The story told here came from an individual who was directly involved. I have confidence in the integrity of that individual and in the details of the story as he tells it.

Some years ago, one of Robeson's near relatives went to the Soviet Union to live. He renounced his U. S. citizenship to become a Soviet citizen. He beleived that Soviet Russia, in abolishing racial barriers, had established a world of full equality in which justice and truth would certainly prevail.

About two years ago, this man came to the American embassy in Moscow. He asked to see an official of the embassy whom he had previously met once or twice. Plainly in a state of great agitation, he asked if they could talk in some private room — not in the official's office, where he was afraid there would be listening devices.

They went to a room on the second floor of the embassy. There the former American told the official that he couldn't stand living in Russia any more. He was afraid for his life. He pleaded for help.

The official replied that unfortunately nothing could be done. Once an American citizen has renounced his citizenship, he loses all right of protection or asylum. The visitor, in a state bordering on open hysteria, left the embassy.

Standing at a second-floor window, the official saw plain-clothes secret police, stationed near the embassy, begin to follow the unhappy man. No American has ever seen or heard of him again and he is presumed to be either dead or in a labor camp.

* * *

OF COURSE, there is discrimination in the United States—and repression, too. But Paul Robeson can denounce it. And men with lesser talents and smaller stature can speak their minds.

In that other world of Russia no protest of any kind is possible. The answer to even a whispered protest is prison or death. What is so strange is that Robeson and others like him idealize that world.

While they protest loudly against the Mundt bill, they actually welcome it. It would help to prove the charges they bring against our system. They could become martyrs, they could go underground in the pattern of those whom they so blindly idealize.

This is not too hard to understand. A man of great intelligence and sensitivity profoundly resents discriminations based on the accident of birth. And for those who are not so intelligent, there are clever people to exploit a sense of injustice and frustration.

What is really hard to understand is why lawmakers of the type of Rep. Karl E. Mundt seem to want to hand the Communists an issue. They invite demonstrations, marches and other forms of attention-getting behavior. And because there are many non-Communists opposed to the Mundt bill, they create sympathy for the martyrs who are so eager for martyrdom.

Today's Journal Editorial

A MONUMENT TO PROGRESS

Regardless of the contributions the 200-inch Mount Palomar telescope may make to scientific and stellar knowledge, its dedication a few days ago marked a major triumph for persistence.

Nearly 20 years of intensive effort were required to make those ceremonies possible. The planning had its inception long before that. Many conservative astronomers frankly regarded the undertaking as an impossible one. Several times it looked as though they were right, especially during the casting of the 200-inch mirror. Then there was a long delay incidental to the war.

But persistence finally won. Men now can look many times further into the skies than ever has been possible before. It remains to be seen what may be discovered there—probably as much as astronomers expect but a good deal less than by laymen, who may imagine that all the secrets of the sky now will be laid bare.

But, no matter what the discoveries may or may not be, the Palomar telescope stands as a memorial to scientific men of courage, vision and determination who dared to undertake an "impossible" job and to see it to a successful conclusion.

Daily Markets

Stock Market

LATE SPURT STAGED

NEW YORK, June 8 (AP) — A rising stock market reached a climax late today when a new surge of demand swept prices upward by fractions to more than 3 points.

Steel issues led the late spurt. Earlier steels had shared market leadership with rail and oil shares.

Volume expanded rapidly as orders poured into the floor of the exchange. Turnover for the full day amounted to around 1,500,000 shares.

The advance was the most decisive since last month's buying spree lifted the market to a 31-month peak.

Highs for the year or longer were scored for U. S. Steel, Bethlehem Steel, Republic Steel, Youngstown Sheeet, Richfield Oil, Celanese, Wesson Oil & Snowdrift, Westinghouse, and American Telephone.

Cotton Market

NEW YORK REPORT

NEW YORK, June 8 (AP) — Cotton futures moved lower in dull trading today. Commission house liquidation was brought out by the more pessimistic views on export prospects. Sentiment in some trade quarters that no real export movement in cotton can be looked for until the fall.

Private crop reports continued favorable. Dallas advices said that cotton acreage in some parts of West Texas is being increased three to four times above normal plantings.

There was continued evening-up in the nearby July delivery.

Late afternoon prices were 85 cents to $1.00 a bale lower than the previous close. July 36.79, Oct. 33.23 and Dec. 32.84.

Futures closed 25 to 85 cents a bale lower than the previous close.

	High	Low	Close
July	37.01	36.75	36.89-90
Oct.	33.46	33.18	33.33-35
Dec.	32.85	32.59	32.73-75
March	32.60	32.40	32.52N
May	32.27	32.08	32.17N
July	31.65	31.48	31.55N

Middling spot 38.69N.
N—Nominal.

NEW ORLEANS REPORT

NEW ORLEANS, June 8 (AP) — Cotton futures declined here today under profit-taking from the long side and a small amount of hedge selling.

Closing prices were steady, 10 cents to 45 cents a bale lower.

	Open	High	Low	Close
July	36.99	36.99	36.74	36.93-93
Oct.	33.35	33.35	33.14	33.33
Dec.	32.83	32.83	32.59	32.76
March	32.52	32.52	32.40	32.51B
May	32.14	32.15	32.05	32.17B

Livestock

FORT WORTH REPORT

FORT WORTH, June 8 (AP) — Cattle 2,900; calves 1,300; fairly active; generally fully steady; few cows 25c or more above Monday's levels. Medium to good slaughter steers, yearlings and heifers 25.00-30.00; plainer sorts 18.00-24.00; good fat cows 22.00-24.00; plain and medium butcher cows 18.50-22.00; canners and cutters 12.00-18.00; bulls 16.00-23.00; good and choice fat calves 26.00-30.00; common and medium calves 18.00-25.00; culls 15.00-17.00; stocker calves, yearlings and steers 18.00-28.50; stocker cows 15.00-20.00.

Hogs 800; butchers steady to 50c higher; sows and pigs unchanged; top 25.00; good and choice 180-260 lb. butchers 24.50-25.00; good and choice hogs above and below those weighin 22.50-24.50; sows 18.00- 19.00; stags 16.00 down; pigs 16.00-23.00.

Sheep 14,500; spring lambs strong to 1.00 higher; other sheep and lambs mostly steady; good and choice spring lambs 26.00-27.50; medium and low grade spring lambs 18.00-20.00; medium grade shorn lambs and yearlings 20.00-22.50; few good grades to 24.00; slaughter ewes 8.00-11.00; shorn feeder yearlings 16.00-19.00.

KANSAS CITY REPORT

KANSAS CITY, June 8 (AP)—(USDA)—Cattle 8,300; calves 1,100; slaughter steers active, strong to 50 higher; heifers in light supply, steady to stronger; cows slow, steady to weak with Mondays decline; vealers and killing calves steady; top good and choice fed steers 35.00-25; good grades 30.00-34.00; medium to low good short feds 28.00-31.75; few good heifers 31.00-33.25; common and medium 18.50-22.50; good and choice vealers 26.00-29.00.

Hogs 3,500; slow, uneven, mostly steady to 25 lower; top 24.75; good and choice 170-300 lb. 23.75-24.50; 270-300 lb. 21.50-23.50; 325-450 lb. 20.00-21.25; sows 17.00-18.00; stags 16.00 down.

Sheep 7,000; active; slipped lambs steady; ewes steady to weak; good and choice native spring lambs held above 32.00; good and choice clipped lambs No. 2 skins 25.85; others 25.50; medium and good shipments 24.00-75; good and choice desirable weight ewes 11.00.

Grain Market

CHICAGO REPORT

CHICAGO, June 8 (AP) Hedge selling in wheat and profit cashing in corn and oats reduced prices from their best levels at today's board of trade session.

Soybeans, however, were independently strong. The advance came on reports of sales of soya flour to the army, and held at about 8 cents, the daily limit, most of the session.

The harvest in northern Texas is advancing so rapidly that private reports say elevators are full and wheat is being piled on the ground.

At the close wheat was unchanged to ½ lower than yesterday's finish. July $2.39-39¼. Corn was ½ higher to 1¼ lower July $2.16¾-⅞. Oats were ½ to ¾ higher, July 93¾-⅞, and soybeans were 4¼ to 5½ higher, July $4.22.

FORT WORTH REPORT

FORT WORTH, June 8 (AP) — Wheat No. 1 hard, according to protein and billing 2.39-43.

Barley No. 2, 1.82-88.

Oats No. 2 white 1.32¼-35¼.

Corn No. 2 yellow 2.54¾-55¾; No. 2 white 2.79¾-80½.

Sorghums No. 2 yellow milo per 100 lbs. 3.65-70.

Produce

CHICAGO REPORT

CHICAGO, June 8 (U.P.) — Produce: Poultry: 31 trucks, the market steady. White rock fryers 47.

Butter 867,469 pounds, the market steady, 93 score 81, 92 score 80, 90 score 76½. Carlots 90 score 77, 88 score 76½.

Eggs: (Browns and whites mixed) 38,704 cases, the market unsettled, extras 70-80 per cent A 46-47, extras 60-70 per cent A 44-45, standards 41-42½, current receipts 40, checks 36.

Markets At A Glance

NEW YORK, June 8 (AP)

STOCKS — Higher; oils and rails lead advance.

BONDS — Mixed; some rails improve.

COTTON — Lower; commission house liquidation.

CHICAGO:

WHEAT — Closed lower; hedge selling.

CORN — Mixed; profit cashing.

OATS — Steady; demand good.

HOGS — Steady to 25 cents higher; top $24.75.

CATTLE — Strong to 50 cents higher; top $36.50.

Waltzing mice, a rare domesticated breed, are supposedly of Japanese origin.

Honeymooning Pair Die Of Gas Poison

SEASIDE HEIGHTS, N. J., June 8. (AP)—Police listed carbon monoxide poisoning today as the accidental cause of the death of William H. Treyz and his bride, found clasped in each others' arms several hours after they had started their honeymoon in a seashore cabin.

Ocean county Detective Chief George Gibson said police were checking a refrigerator for possible leaks but he said he had no further information on the cause of the poisoning.

He said the autopsy indicated Treyz, a 37-year-old Philadelphia machinist, and his bride had died on their wedding night at the beginning of what was to have been a week-long honeymoon.

The 31-year-old bride was found lying nude in the arms of her pajama-clad husband. The discovery was made by the owner of the two-room cabin. He said he broke in Sunday night when he became alarmed after not seeing the couple since their arrival on Saturday.

Seal fur is not black, but brown. The glossy black seal skin of commerce has been plucked of its coarse outer hairs, and dyed.

Lions Give Awards At Luncheon Meet

Recognition of perfect attendance members, and a short program in the interest of sale of U. S. savings bonds in which billy Charless appeared as "Uncle Sam," highlighted the luncheon meeting of the Lions club today at the Hilton hotel.

Billy was introduced by Waggoner Carr, program chairman, and distributed literature with attached bond purchase coupons, as part of the local campaign that closes July 1.

Dallas Whaley and J. C. (Billy) Clark were recognized for bringing new members into the club, and were presented with Lions club keys. A total of 91 members were given pins designating perfect attendance during the last year.

It was announced that the club's bowling team will go to San Antonio Friday to participate in the state Lions club tournament there during the weekend.

Two new members were introduced. They were Dr. H. L. Spitzer and John A. Remley. Club President J. Wm. Davis was in the chair, with invocation by Judge Geo. R. Bean.

Stress was placed on appearance of all club members for work in handling the concessions during four nights of the ABC rodeo which opens tomorrow night. The club is handling all concessions at the rodeo, and the funds will go into its youth benefit program.

Three Last-Minute Entries Received

HILLSBORO, June 8. (AP)—Three more Democratic candidates jumped into state races with last-minute filing of their names last night.

They were: For governor—Denzer S. Whiteley, a Houston electrician.

For commissioner of the general land office—R. J. Ribison, a farmer from Austin.

For associate justice of the supreme court, place 3—Jefferson G. Smith, attorney from Austin.

Deadline for filing with the Democratic executive committee was midnight last night.

Vacationers Warned Of Woods Hazards

KENT, O., June 8 (U.P.)—Vacationers campers and picnickers are advised to admire but not to touch all the unknown woodland trees that may enthrall them.

If you don't know your trees, keep a careful hands-off policy or you may be uncomfortably sorry, warns Martin L. Davey, Jr., president of the Davey Tree Experts Co. A few kinds of trees have bark, foilage, blossoms, fruits, seeds and even sap poisonous to skin contact, although some people are immune to at least some of the hazards. Trees notable in the "poison ivy league" may give cause to regret carelessness.

Among the barks that pack a poisonous "bite" are the poison sumac and devil's walking stick. Foilage to avoid includes that of the allanthus, common box, eastern red cedar, common oleander and the northern catalpa.

Severe cases of poisoning are possible from handling the fruit of the common pawpaw and the fruit or seeds of the inevitable poison sumac and the gingko.

RADIO SHOT UP

DANVERS, Mass. (U.P.)—A target-practicing policeman shot the Danvers police radio system off the air for several hours. One of his pistol shots in the basement range at headquarters went wild and severed a power line that fed broadcasting equipment.

News Briefs

Graveside services for Cpl. Jed D. Forgey, son of Mr. and Mrs. W. M. Forgey of 1922-B Thirteenth, will be held at 4 p. m. today in Memorial Park cemetery under the direction of the Veterans of Foreign Wars. The body of Cpl. Forgey, who was killed Sept. 27, 1943, while a prisoner of the Japanese in Thailand, arrived in Lubbock this morning. Rix Funeral home is in charge of burial arrangements.

Mrs. Dan Fenley of 1516 Twenty-eighth, Lubbock, is recovering from an operation in a Dallas hospital and her condition is described as "satisfactory" by family members, according to word received here today. Mrs. Fenley underwent surgery last Thursday for a shoulder ailment.

Mrs. J. R. May, 28, of Lubbock route 3, suffered fractures of both arms and compound fractures of two fingers on the left hand about 5 p. m. Monday when a motor of a hydraulic pump fell on her hands and wrists at her home. She was taken to Lubbock Memorial hospital, where she was scheduled to undergo surgery this morning.

Mrs. Joe Schnamn and daughter, of Slaton route 1 left today for LaFayette, Ind., to attend graduating exercises in which her sister, Miss Parri Dee Agee is to receive a Masters' degree in general foods at Purdue university. Miss Agee received her BS degree at Texas Tech here. The Schnamns expect to spend several days in Chicago while away.

Vernon E. Jones, about 18, of Lubbock, pleaded guilty of check law violation this morning and was $1 and county court costs, officials said.

A roundtable discussion on propose dexpansion of facilities for the Junior Optimist club in northwest Lubbock featured the luncheon program of the Optimist club at Hotel Lubbock today noon. Following talks by several members, the club voted to turn the project over to a real estate committee. Winston Clark was program chairman. G. C. Stewart presided. Jess Reed of San Antonio was an out-of-town visitor.

Man Shot To Death In Hotel At Dallas

DALLAS, June 8. (U.P.)—A 42-year-old man was shot to death early today following an argument in a room at a small hotel.

Vernon Clarence McMinn, employe of Braniff Airlines stock department in Dallas, died of a single .32 caliber bullet wound in the chest.

A 24-year-old man in whose name the room was registered was held for investigation of the shooting.

McMinn, who had lived in Dallas about three months, moved here from Albuquerque.

Port, as the name of a kind of wine, is shortened from Porto, a city in Portugal.

Latest Fashions For Dogs, Women's Hats Made Of Human Hair Displayed At Show

NEW YORK, June 8 (INS) — New York's second annual "fashion fair"—a week-long series of style shows — opened today and among the "something new items" was a dog, modeling canine fashions.

The dog, a cocker named Midgie, too much of the play away from the fair's assortment of new look styles.

Latest In Pet-Wear

She modeled the latest in petwear, including red and white jersey town coat with bare midriff and ruffled collar, and a plaid wool greatcoat so fashionably long it enveloped her tail.

Harnesses, dogs will be happy to know, are to be dark for the city, white for the country, and coquettishly cut to reveal the shoulder-line.

In the hamon fashion field, Eve Tartar, New York milliner, exhibited an exotic hat for women of natural pheasant breasts. Completely covered with swirls of feathers, it is worn straight on the head—doubling for a close-cropped wig, if necessary.

Hats Of Hair

Other hats were made of human hair, in turban or pillbox styles, with floppy loops of natural curls to dangle on the side as trimming. Blonde hats were recommended for burnettes, and vice versa.

The banana has been raised from a lowly cream-pie- status for the fashion fair, and is being promoted as the leading color for fall.

Urged on by the United Fruit company, who'd like to see a banana on every bowl of bran flakes, all top name designers are showing shoes, dresses, and suits in the fruit shade.

Other Items Shown

Peppered throughout Madison Square Garden are other exhibits —of handbags, inexpensive dresses, Paris labels, fabrics, and here and there an item of male clothing.

Another hit is a banana-colored 1948 convertible — not to be chanced-off, not to be purchased. Just New York's idea of a fashionwise accessory to the new fall costume!

AMBASSADOR RESIGNS

WASHINGTON, June 7 (AP) — Edwin J. Kyle of Texas has resigned as ambassador to Guatemala, effective about Sept. 1.

Congratulations To

Mr. and Mrs. John R. Davis of 1710 Main on birth of a daughter weighing 7 pounds 5 ounces at 4:40 p. m. Monday in St. Mary's hospital. The father is an employe of Pipkin cleaners.

Germans Are Coming Back Into Family Of Nations In Europe

By RELMAN MORIN
Associated Press Staff Writer

A British general was talking with newspapermen in Berlin the other day when he dropped a remark that must have jolted even those professional shock absorbers.

He put it into two sentences:

Yet those two sentences probably are more important than all the thousands of words that went into, and accompanied, the recommendations for unifying Germany which were announced yesterday. This is what General Sir Brian Robertson told the correspondents:

Germans Are Christians

"Just as we are a Christian, civilized people, the Germans are also a Christian, civilized people. They should be treated accordingly."

Assuming that the general was expressing official British policy--and it would be difficult to assume otherwise considering his position—that is a statement of tremendous magnitude. General Robertson is the head of the British control commission in Germany.

Before moving on to the meaning of this, and its implications, let your mind go back three years to the summer of 1945.

In entering Germany, General Eisenhower announced: "We come as conquerors not as liberators."

Fraternizing Forbidden

American soldiers were forbidden to "fraternize," as the saying was, with German girls. At that time, German girls were neither "Christians" nor "civilized."

At Dachau and Auschwitz, the corpses were found, piled up like cordwood, and the crematorisa big as chambers where so many died. And the four powers were rushing to establish the tribunal that finally brought Goering and Keitel and the others to Nuernberg.

That was only three years ago.

But today, if General Robertson's statement can be taken as a statement of policy, all this is past, done and forgotten. What's more, it is forgiven. The German people, as of today, stand absolved of all war guilt. Henceforth, they are to be treated as equals.

Not Isolated

It seems very unlikely that this was an isolated pronouncement. More probably it is directly connected with the announcement of the London conference recommendation for Germany.

The conference has concluded that "German reconstruction is essential to the well being of Europe." That is, and has been since the end of the war, an inescapable face. Germany always has been the big wheel in the industrial machinery of Europe.

The conference also noted that Germany needs a responsible German government. Without such a government, no Democratic processes can come into being nor can the full effect of the Marshall plan be realized.

So, American, British, and French delegates have advanced a plan to unify western Germany, establish a supervised German government, and start the economic engines again.

But more important, there must be a foundation for this in a new status for the German people. The Germans must be induced to work willingly and with a purpose, which they would never do so long as the status of a conquered people, much less the policeman—and—criminal pattern, remains.

Three years after VE day, the Germans are coming back into the family of nations.

They should be very grateful to the Russians. It is Russian obstruction and intractability that made this step necessary for the western powers.

Man Orders Drink At Police Headquarters

HOBOKEN, N. J., June 8. (AP)—A brass rail doesn't make a bar, Steve Soss learned yesterday. And the lesson cost him $10.

A startled police sergeant watched the 29-year-old Soss amble into headquarters, plant his foot firmly on the brass rail and order a glass of wine.

The mistake resulted in his arrest on a charge of intoxication. Police Judge Charles Defazio decreed the $10 fine.

Husband Agrees To Toe Mark For Wife

CHICAGO, June 8. (INS)—Mrs. Alma Linquist, 25, of Chicago, agreed today in circuit court not to divorce her husband, Harold, 24, when he said he would follow this six-point rule of conduct:

1. Take Mrs. Linquist to the movies once a week;

2. Turn over his $73.52 weekly pay check, and live on the allowance she gives him;

3. Assist in household duties;

4. Quit running to his parents with his problems;

5. Devote more time to his son;

6. Quit beating Mrs. Linquist.

As for Harold, all he wants is for Mrs. Linquist to go to church with him once a week.

Kool-Aid 6 FLAVORS 5¢ MAKES 10 BIG Delicious Drinks! AT GROCERS

THE Sally Ann QUIZ SHOW Conducted by BALDRIDGE BAKERY

Puzzled about the quiz? The answers will be forthcomng. If you're puzzled about the answer to your baking problems, come to the BALDRIDGE BAKERY for bread that cannct be equalled. Don't waste time baking bread at home, when you can buy such fine bread at such a small price.
