Fair Opened Under Overcast Skies

San Angelo Bobcats To Invade McCollum Field Friday Night

Visitors Have Not Lost A Conference Game Yet; Tornadoes Have Lost One

Visitors Will Bring Band And Pep Squad, As Well As Large Number Of Enthusiastic Rooters

In what promises to be one of the outstanding games of District 3AA, the San Angelo Bobcats will bring their undefeated record and lay it on the line at McCollum Field Friday night of this week. The Bobcats have won two conference tilts and have lost none. However, it is pointed out by local fans, that the wins are over Midland and Colorado City, both of whom are among the weaker teams of the district.

are battling in Lamesa, two other topflight elevens will be at it, when undefeated Sweetwater tangles with once-defeated Abilene.

Back to the home game—the Bobcats will come to Lamesa with the hope of avenging a stinging defeat handed them last year by the Golden Tornadoes, as well as a plastering received last week end at the hands of Paschel High of Fort Worth. The Tornadoes will go into the game with the definite knowledge that the Bobcats are a dangerous outfit, and they will be trying hard to maintain their record of no conference defeats.

The Tornadoes are definitely in the race yet, and should they win Friday night and Abilene succeed in handing the potent Sweetwater Mustangs their first defeat, the district would go into a five way tie for the leadership. Should Lamesa and Abilene both lose, Angelo and Sweetwater would be established as favorites to win the district.

Announcement is made that the Bobcats will be accompanied by their band and pep squad, as well as a large following of fans.

The Tornadoes will not be taking a win over the Bobcats for granted, as they expect San Angelo to bring a team that will have plenty of fight and one that they will have to be on their toes the full sixty minutes to beat.

At the inter-club meeting of Lions Clubs held at Seminole Monday night, the Lamesa Club had the largest representation there, it was revealed here.

Twelve members of the local club together with their wives made the visit to Seminole, where Pascal Buckner, member of the Big Spring Club, was the principal speaker.

Those attending from Lamesa were Lions and Mesdames Hull, Boren, Whitlow, Caudle, Clement, Scott, Cates Emory, Heath, Barnard, Landreth and Adcock.

The Lamesa Club has changed their meeting day from Wednesday to Thursday at noon. They meet each week at the Plaza Hotel.

Harold Simpson, of Lake Charles, Louisiana, spent the week end here visiting with his parents, Mr. and Mrs. Ross Simpson.

George Norman and son George D. spent Sunday visiting with friends in Plainview and Lubbock.

Mrs. Sarah Norman and J. D. Norman of Colorado City, spent Saturday here visiting in the home of Mr. and Mrs. George Norman.

Plans Going Forward For Fair Parade Here Friday

Owners of all old vehicles, whether they be horse drawn or gas propelled, are urged to enter them in the mammoth parade which will be held in Lamesa Friday afternoon under the direction and leadership of Conway E. King.

The parade will form at the old Band Hall on North Houston St., and will come south from there, according to present plans. It is scheduled to get under way promptly at 1:30.

King urges everyone who plans to take part in the event, to please be on time, as it will be quite a task to get the big body moving on

Army Plane Wreckage Found

After a 5-day search, the charred ruins of an Army observation plane from Biggs Field, near El Paso, were found strewn about a canyon in the San Andres Mountains of Southern New Mexico. The three occupants were burned beyond recognition.

Rains This Week Brings Total To Near 36 Inches

The rains in Dawson County continue to fall, hampering the gathering of crops over the entire territory.

A total of 1.08 inches has been recorded by the local rain gauge since last Thursday morning to bring the total for October to 8.37 inches, which is only .62 of an inch under May which thus far has seen the heaviest fall of

any month in 1941. The total for 1941 now stands at 35.98 to set an all time high for Dawson County. Slightly more than four inches are needed to top the 40 inch mark for the year, and more than two months yet remain.

Thousands of cotton pickers have been driven from the fields due to the moisture and the streets of Lamesa have been thronged daily.

Cotton picking had just really begun to get under way, with many of the gins running day and night to keep up. Some ginning is continuing from dry cotton which was placed in warehouses several days ago.

Thursday afternoon as this is written, the clouds show signs of breaking up some, but continued rains for all of West Texas during Friday is predicted.

Boy Scout Finance Drive Held Wednesday Among Most Successful Held

Thirty men reported for the Annual Boy Scout Financial Drive, Wednesday morning at 8:45, according to Cecil Speck, district finance chairman.

Their requests were liberally met with pledges and cash by the citizens of Lamesa, who expressed their approval of the Scouting program. Those who have not been contacted will be given an opportunity to join the sustaining club of the Boy Scouts in the next few days.

The men who reached their quota in the drive have earned membership in the "Spizzerrinkum Club". They are Matt McCall, V. Z. Rogers, Doran Kinard, James Sumpter, Dan Davis, Dr. J. M. Harrington, J. R. Flaniken, John Agee, Bill Boyd, Walter Harold Collins, and Don Emory. Other members of the team who are steadily reaching their quota and will probably be added to the above list are Clyde Branon, J. W. Smith, Jr., Raymond Lee Johns, J. H. Norris, Eddie Lee, Joe Pierce, Lynn Edwards, Dr. J. C. Loveless, C. C. Terry, J. Lee Kelley, J. D. Dyer, Sam Richardson, E. W. Renner, W. D. Arnett, Durwin Echols and J. H. Harp.

Mr. Speck stated that he wished to express his sincere thanks for those who have worked so faithfully in the drive and each and every person who has expressed their confidence in the Scouting movement by their generous contributions.

Dawson County Man Transferred To New Post

CHANUTE FIELD, Ill., Oct. 20—Private R. S. Huddle, son of Mr. and Mrs. D. Huddle, Lamesa, Texas, was graduated October 18, from the Weather Observer course of the Chanute Field branch of the U. S. Army Air Corps Technical School.

Huddle, who enlisted in the Air Corps May 27, 1941, is assigned to Portland, Oregon. He is a graduate of Texas A. & M. College.

Work Progresses On New Theatre

The walls of Lamesa's newest theatre have been completed on the east side of the square and the roof was being placed on this week.

Finishing work is expected to get under way shortly and will be rushed through to as early completion as possible.

The new theatre is being built for Audrey Cox, owner of the Palace, Majestic and Mesa theatres, by J. E. Waller, local builder. It was designed by Harvey C. Allen, Lamesa architect.

When completed this will be one of the most modern show houses in West Texas with every latest innovation for the comfort and convenience of its patrons.

While it will not be as large as the Palace, there will be nothing spared to make it the best, the architect stated. Brand new seating equipment of the latest design, as well as the very newest in sound equipment, will be installed.

Rains have delayed work on the structure, but it is expected to be ready for occupancy some time in November.

Mrs. Chas. Staggs and children of Big Spring spent Monday here visiting with friends and relatives.

Sam Dalmont of Hobbs, N. M., spent Wednesday in Lamesa visiting with friends.

Mrs. G. M. McKee and Mrs. Bob Laakso of Lubbock, spent Tuesday here visiting Mrs. Phil McKee.

There are nearly 19,500,000 telephones in the U. S., or about half the world's total.

Here's A Turnip That's A Turnip

You have probably heard many tall tales of turnips, but it remains for a Dawson County farmer, W. O. Reeves, who lives ten miles north of Lamesa, to bring proof of a pair of turnips that tops them all.

Thursday morning he brought two turnips to the Courier office, the largest of which measured 25 1/2 inches around and weighed six pounds and eleven ounces. The other was only slightly smaller.

Mr. Reeves stated that there might be some turnips in his patch that are even larger than the pair he brought to town, if he had taken the time to look around for the largest.

The turnip patch was planted in August and has grown without any special treatment or irrigation. Mr. Reeves states that the turnips are still growing.

There may be larger turnips grown somewhere, but until they are displayed, the Courier will accept these as the grandpas of all turnips. They are on display in this office and the public is invited to come by and see them.

Wednesday, Oct. 29, Circus Day In Lamesa

Circus is coming! Heralding the season's greatest holiday is the announcement that Russell Bros., Greater American Circus will exhibit at Lamesa on Wednesday, October 29.

With a brilliant array of sensational new features, two performances will be presented, afternoon and night, under Russell Bros.' beautifully restyled big top.

Among the headlines are the world famous Clarke family of bareback riders, starring Miss Ernestine, "sweetheart of the equestrian world"; the Four Acavados, Latin American wizards of the tight wire; Walter Jennier's marvelous trained seal exhibition featuring Buddy, the most highly educated seal lion of all time; Miss Aerielita, America's foremost feminine aerial gymnast; the Flying Clarkomans, the Aerial Brooks and many others.

In the process of modernization, the Russell Bros. management has faithfully retained all of circusdom's cherished and time-honored traditions, endowing them with new ideas of presentation and lighting, a spirited fast-moving tempo, and a modern musical setting under the lively baton of Eddie Woekner, most colorful of all circus bandmasters.

The wild animal displays have been materially enlarged and augmented. Doors open at 1 and 7 p. m. to allow ample time to tour the menagerie before the big show starts at 2:30 and 8.

Heading the wild west department is Frank Dean, popular cowboy star, and his own great company of western champions.

Mrs. C. A. Eiland spent Wednesday in Lubbock visiting with her daughters, Peggy and Sarah, who are students at Tech.

Mr. and Mrs. W. P. Stovall, Mrs. S. P. Stovall and Miss Lilly Stovall visited in the Lewis Atterbury home of Welch last Sunday.

Miss Wilma Tabor, student at Abilene Christian College, Abilene, spent the week end here visiting with her parents, Mr. and Mrs. O. H. Tabor.

Miss Mary Virginia Hurt of Midland, is visiting in the home of Mr. and Mrs. Swanson Hurt this week.

Iodine is obtained by processing seaweed, kelp or Chilli saltpetre.

Music is now being used in defense plants to speed production.

More Than Thirty Thousand Mortgages On Record In County Clerk's Office

There are more than thirty thousand mortgages on record in the County Clerk's office in Lamesa, according to Clerk Howard Humphrey, and of this number, possibly ninety per cent have been paid and should be taken off record, he said.

The clerk is required to keep on file, all mortgages filed for record for a period of six years, and many people, through negligence, fail to have these mortgages removed after they are paid.

Through a new system recently installed in the clerk's office, all mortgages of each individual have been collected in an envelope and he said.

Exhibits Are Ready But Crowds Are Conspicuous By Their Absence

If Weather Clears Friday Is Expected To See Thousands Of School Children In Attendance

Dripping skies dampened the ardor of the opening of the Fifth Annual Dawson County Fair Thursday morning, even though all exhibits were in their places. Skies were heavily overcast throughout the entire morning, with a slow rain falling most of the time.

At noon as this is written, the wind is out of the east, and it appears as if the rain will continue to fall for some time.

Plans are going ahead, however, for the observance of Children's Day Friday and the big parade, which will be a feature Friday afternoon.

Schools of Lamesa will be dismissed at noon and it is understood that the rural schools of the county will either dismiss all day, or at least in the afternoon, so that all children will have the opportunity of attending the exposition.

The T. J. Tidwell Shows opened on the Fair Grounds Monday and have been operating throughout the week, although the crowds have been comparatively light, due to the rains which have fallen most of the week. They are furnishing the midway attraction for the fair and have a total of thirty rides and shows for the entertainment of the fair visitors.

City Schools To Dismiss Friday Noon For Fair

City schools in Lamesa will dismiss at noon Friday for the Fair, V. Z. Rogers, Superintendent, announced this week.

Schools of the county are also expected to dismiss at least a part of the day so that all children of the county may have an opportunity to attend the Dawson County Fair on that day, which has been set aside as special children's day.

The half holiday for the children is expected to see thousands of the youngsters in attendance at the fair, and will more than likely swell the attendance for this day to the largest of any day of the exposition.

Hundreds of the children are expected to take part in the huge parade which will be held right after lunch, and which will be headed by the Lamesa High School band.

Next Thursday Night Is Lions' Ladies Night

The Lamesa Lions Club held their regular weekly meeting Thursday at noon, with a full attendance. Lion Manning, of Central Club in Dallas, was a visitor.

The directors of the club will hold a special meeting next Thursday morning at 7 o'clock, at the Plaza Hotel. Several important business matters will be attended to at this time.

Next Thursday night will be Ladies Night, and a special program committee has been named to work out a suitable program for the occasion.

In the past few weeks the Lamesa club has added seven new members, and their goal has now been raised to fifty members.

Miss Wilma Tabor, student at Abilene Christian College, Abilene, spent the week end here visiting with her parents, Mr. and Mrs. O. H. Tabor.

Miss Mary Virginia Hurt of Midland, is visiting in the home of Mr. and Mrs. Swanson Hurt this week.

Iodine is obtained by processing seaweed, kelp or Chilli saltpetre.

Music is now being used in defense plants to speed production.

Kayal Building New Structure On South Side

A new building is under construction on the South Side of the square on the lots recently purchased by K. N. Kayal.

Of brick and the construction, the building is being built for Kayal by J. E. Waller, local builder. It was designed by Harvey C. Allen, local architect.

It is understood that it has been leased to a cafe.

\$25,000 More In Parity Checks Received Here

An additional \$25,000 in parity checks were received in Lamesa on Tuesday, according to Vernon Martin, secretary of the Dawson County A.C.A.

This brings the total for the year to approximately \$84,000, he stated, and the balance of the checks are expected to arrive daily.

Martin asked that all farmers who had checks coming, to be patient and that they would be notified as quickly as their checks arrive, and to call before hand, would only create confusion.

Walter Pherigo Dies Thursday

Funeral services were held Sunday at 2 p. m., at Higginbotham Chapel for Walter Pherigo, with Rev. Willie Lee officiating. Mr. Pherigo died Thursday.

He had been a resident of Dawson County for the past eighteen years. He was born in Kentucky in 1868. Interment was in the Lamesa Cemetery.

He is survived by one brother, T. M. Pherigo, Durant Oklahoma; and two sisters, Mrs. Madge Leonard, San Diego, Calif., and Mrs. Sadie Achard, Durant, Oklahoma.

Virginia Lindsey Is Honored At Baylor School

WACO, Texas, Oct. 22 — Miss Virginia Lindsey of Lamesa, senior at Baylor University, was elected this week as reporter for the pledge club of Alpha Omega, social organization for girls.

Miss Lindsey is also secretary of the West Texas Club, and a member of the Baylor Little Theatre and Alpha Psi Omega, national honorary dramatics society.

She was graduated from Lamesa High School in 1938. She is the daughter of Mr. and Mrs. M. C. Lindsey of Lamesa.

B. L. Hamilton of Dallas spent the week end here visiting with friends and attending to business.

Good Pictures Will Be Shown During Week

Theatre patrons of Lamesa and surrounding territory are in for some real entertainment during the next few days, according to announcement of coming attractions in this issue of the Courier.

At the Palace, Sunday and Monday, the greatest comedy of the year, "Here Comes Mr. Jordan," featuring Robert Montgomery, is a show that you won't want to miss.

On Saturday of this week, Constance Bennett will be featured at the Palace in "Law of the Tropics."

Tuesday and Wednesday the Palace is featuring the football picture of the year, "Harmon Of Michigan," with Tom Harmon in the starring role, supported by Anita Louise.

At the Majestic Sunday and Monday one of the most exciting and unusual pictures of the year will be shown. "Ice-Capades" is the picture, with that funny man or radio, Jerry Colona, in the cast.

Look up the entire program in this issue, where you will find the coming attractions at all three of Lamesa's theatres.

Birth Records Fail To List Given Names

Since 1934 there have been filed some 1,500 birth certificates in this county without a given name for the child according to Howard Humphrey, County Clerk. These certificates are worthless unless a name is placed in the records, he stated.

"If the parents of these children will come to our office, names will be inserted in the records without cost," Humphrey announced today. "Of course, if a certified copy is desired, there will be a charge of fifty cents or this service, but the clearing up the record by the insertion of the name is free."

A complete birth certificate is fast becoming a necessity before a person can hold a job. Any government job requires the worker to have a birth certificate before they are allowed to work.

Parents can make it much easier for their children by making it possible for them to secure a certificate, by furnishing all the necessary data.

Glenwood Stovall of Herbert Smart Field, Macon, Ga., and Sterling Stovall of Ft. Bliss, were called home this past week to attend the funeral of their grandmother, Mrs. Hutcherson.

Personalities In Washington . . .

By JACK STINNETT
AP Feature Service Writer

WASHINGTON — In a few weeks in England, Paul Appleby and R. M. Evans of the Agriculture department, lost ten pounds each, and what they are eating these days to make it up aren't rations. Of all the hundreds who have come back to Washington from the war countries, I haven't found one who doesn't talk about food first.

Jesse Jones is the slowest moving of any of the top officials I know in Washington, which probably explains how he can hold down so

New Director

Seth L. Leachman, Dallas attorney, is the newest member of the board of directors of Texas A. and M. College. Gov. Coke Stevenson appointed him to fill the place of the late Edwin J. Kiest, Dallas publisher.

Baptist Laymen To Meet In Abilene Nov. 10

ABILENE, Oct. 20 — Three thousand Texas Baptist laymen are expected here November 10 and 11 for the annual Baptist Brotherhood Convention which holds its sessions just before the annual meeting of the Baptist General Convention of Texas, November 11-14.

R. A. Springer, Dallas, State Brotherhood Secretary, was in Abilene early this week conferring with Judge E. S. Cummings, state president, concerning plans for the meeting, the theme of which is "The Church and Its Men."

Featured speakers will include: Dr. W. W. Melton, Dallas, executive secretary, Baptist General Convention of Texas; Dr. George W. Truett, Dallas; Dr. Homer P. Rainey of Austin, president, University of Texas; Dr. Perry F. Webb, pastor, First Baptist Church, San Antonio; Dr. W. B. White, Abilene, president, Hardin-Simmons University; Dr. F. M. McConnell, Dallas, editor, The Baptist Standard; Judge Cummings and Mr. Springer.

"A Venture on Faith" will be the subject of a symposium, heard at each session. Speakers will be Robert H. Coleman, Dallas; Judge Earl Roberts, Longview; Pat Hammonds, Mart; and G. S. Hopkins, Dallas.

Seventeen district presidents of the brotherhood will report on "What's Happening Out Our Way," a group of three or four speaking at each session.

Among the musical features of the Convention will be numbers by the Hardin-Simmons "Golden Girls Quartet" and the world-famous Cowboy Band.

Planned immediately after the closing session Tuesday afternoon is a motorcade, in which the visitors will be given an opportunity to see the Abilene Baptist churches, their mission points, and Camp Berkeley. Following this, a big bar-

WTCC Gets Job Done In Seeking Freight Equality

The Interstate Commerce Commission will continue without pause its investigation of the interterritorial freight rate structure of the United States. The petition of Class 1 railroads, filed last July 16, asking for indefinite postponement of the national inquiry was denied October 6 by the commission, sitting in a general session.

Notice of the denial order, Dockets 28300 and 28310, has been received from W. P. Bartel, secretary of the ICC, by the West Texas Chamber of Commerce. The regional chamber on August 1 filed its petition with the commission protesting the carriers efforts to call off the interterritorial investigation of freight transportation charges that was launched two years ago. Similar protests were filed by the Texas Railroad commission, governors of Southern States and shippers' groups of the South, Southeast and Southwest.

The ICC inquiry came to a head last July 10-11, in St. Louis, in a hearing at which members of its staff submitted studies concluding that class rate levels are disproportionately high in Southwestern territory—comprising Texas, Arkansas, Oklahoma, and Louisiana—in comparison with levels in northern and eastern states, and should be adjusted. In the plea for postponement the carriers were joined by the governors and shippers groups in states of so-called Official Territory.

Of the ICC's order of denial, D. A. Bauden, manager of the West Texas chamber, said, "This action is in line with our own petition, that of the Texas Railroad commission and pleadings for relief by a great many of our Texas cities. We plan to participate vigorously in all future hearings, and our studies will go on continuing to present all the facts relating to the total freight rate level of Texas including both class and commodity rates. On class rates Texas is still paying an average of 61 per cent above the Official territory, mile for mile on equal haul, and this doesn't make sense.

"On intrastate rates," Bauden said, "a part of the battle for equality has been won recently with issue of the Texas Railroad commission's order abolishing all differential territory and all surcharges heretofore assessed against 69 of our West Texas counties. We are now pressing for restoration of the Texas commission's order of May 15, 1940, reducing the level of all class rates by 13 to 15 per cent. When we get this order we will be a long way on the road to equality, but complete equality will not be won until justice is also done Texas on the interstate levels of rates. This is the

OCTOBER 26-27

many jobs and get so much done. The human tornadoes stir things up a lot but they blow out in a seven-hour day. Secretary of Commerce Jones goes on forever. The Secretary, by the way, must be a little superstitious. On the generous expense of his vest-front, at the end of his watch chain, is a rabbit's foot, which he has carried "for at least 12 or 15 years."

To look over the foreign press corps in Washington, you would never know the world was at war. I've seen Kurt Sell (D. N. B. Germany), Sol Hirsch (Reuters, England), Masuo Kato (Domei, Japan), Larry Todd (Tass, Russia), Henri de Longfief (France), Dave Lu (China), and a half dozen others from countries "at war enjoying themselves at the same party."

That same sort of thing sometimes shocks visitors to the congressional galleries. Sitting with a fellow in the Senate gallery who was making his first trip to the Capitol, I once was asked: "Who are those two men in the middle of the floor, laughing and joking?" I told him the men were Democratic Majority Leader Barkley and Senator Wheeler, isolationist leader. The fellow was shocked. "I didn't know they would ever speak to each other," he exclaimed. Probably Washington learned long ago that the place would be unlivable if enemies went around taking a poke at each other every time they met.

I wonder how many people know that the United States has contributed \$20,000,000 to Mexican highway construction and several millions more in highway loans to other Central American republics? The United States to Panama highway is the explanation and those who know Latin America say it's the best investment we ever made.

The youngest member of the Senate is Joseph H. Ball of St. Paul, Minn. He soon will be 36. The youngest member of the House is Rep. William G. Stratton of Morris, Ill. He was born the year the World War started, 1914. He is a congressman-at-large. Illinois has one other, Rep. Stephen A. Day, of Evanston, who is more than twice as old as his colleague; but so far as the House is concerned, they are both "freshmen"—serving their first terms.

When it is completed, the new War Department Office Building on the Arlington side of the Potomac will be the biggest thing in Washington—even bigger than Commerce, which covers three city blocks. If peace ever settles on the world again, desk space here will be cheaper than oranges on a California or Florida highway at picking time.

RURAL CORRESPONDENCE

KEY

Denver Truitt

H. Lyman Wren of Snyder, prominent Baptist layman, had charge of the services Sunday.
Mrs. Bud Osborn of Lamesa visited in the home of Mr. and Mrs. W. H. Zeek Sunday.

WIN OVER WINTER
WITH THE B. F. GOODRICH "BIG 3"

1 LIFE-SAVER
Silvertown Tires
THE SAFEST THING ON WHEELS

Built with Duramin the "tire vitamin" that fights wear—gives you the longer mileage you need to-day. New Safety-weld construction provides greater protection against blow-outs. Life-Saver tread gives you the quickest non-skid stops you've ever had. For dangerous winter travel, equip your car with Life-Saver Silvertown Tires.

BIG TRADE-IN NOW!

TIRE Safety Service Special FREE!

Let us thoroughly inspect each of your tires inside and out. Save you trouble on the road—make your tires last longer.

OUR CONVENIENT TERMS ENABLE YOU TO BUY THE BEST TO LAST LONGER

BATTERY Safety Service Special FREE!

We will clean dirt and corrosion off battery, test the acid solution in each cell, inspect cables and terminals, clean and grease terminals, make sure your battery is tight in its hanger. This service may save you the price of a new battery.

Glasstex Battery
No Better Battery Ever Built at Any Price
Don't worry about

1. Taking out the crank on a cold morning and twisting until your hands are blue with cold.
2. Being embarrassed by hailing your neighbor for a "shove" when you're both in a hurry.
3. Standing and fretting when you can't find the crank and your neighbors aren't there to help.
4. Paying, paying and paying for rentals, recharges and the losses from the battery that fails when you need it most.

2

Goodrich

WIN OVER WINTER

3 Hot Water Heater

Actually "heat conditions" your car. Keeps the front and back seat passengers warm as toast. Heats quicker than ever before—radiates heat even on those short 10-minute driving jaunts to work or to the grocery. Keeps your car "just right" for driving comfort. Adjusts with a "twist of the wrist" to the proper heat for weather that's either slightly cool or icy cold.

Get this WINTER-BEATER HEATER for your Car!

NO NEED TO WAIT—
THE GREAT **NEW 1942 SERVEL**
is ready Now

Finer than ever... backed by an Iron-clad 10-year guarantee

BUT, BETTER ORDER NOW!

Mmmmmmmmm! Isn't it a beauty!

And STILL—the only automatic refrigerator with NO MOVING PARTS in its freezing system. Nothing to wear, to make noise, to cause costly repairs.

STILL—the only one backed by an iron-clad 10-YEAR GUARANTEE, at no extra cost.

AND—this beautiful improved new 1942 Servel—the Gas refrigerator—is READY NOW! No need to wait—and with food prices soaring, think of what you can save on leftovers alone, with this beautiful new 1942 Servel in your kitchen—as much as \$50 or more through the winter months alone!

AND—these savings go on and on. For "no moving parts" means nothing to wear, to lose efficiency, to increase operating costs, year after year. Your new 1942 Servel will give you the finest modern refrigeration here, for as little as 1c or 2c a day—year after year! All over West Texas Servels have been giving trouble-free, perfect refrigeration for 10, 12, 14 years—without one cent for service or repairs! What an investment!

Just a small down payment and—
18 LONG MONTHS TO PAY

GUARANTEE
We guarantee to the original purchasers of 1942 Servel Electrolux Gas Refrigerators to refurbish without cost any defective burner, control or refrigerating unit for a period of ten (10) years from date of installation. (You pay only cost of installing parts.)

BUT—place your order NOW. Our great defense effort comes first—and production has been sharply cut, already. To be sure of having one even next summer—ORDER YOURS TODAY!

Just a small down payment—and 18 LONG MONTHS TO PAY!

LAMESA APPLIANCE CO.
"YOUR EXCLUSIVE ELECTROLUX DEALER"
BARNEY MCKINNEY, Owner
Across Street from City Hall — Day Phone 62 - Night 485

- Note These Exclusive Servel Features:
- * Loads of ice cubes—more than you'll ever need!
 - * "Snap!"—and cubes are free! New, quick, simple!
 - * Dry or moist meat storage!
 - * Vegetables crisper than when they came from the store!
 - * 2 and 3-position sliding shelves—to accommodate anything!
 - * Permanent SILENCE!
 - * Nothing to wear—no increase in operating cost!
 - * NO MOVING PARTS!

KLONDIKE BAPTIST CHURCH
The Klondike Baptist Church enjoyed another banner day last Sunday. There were 108 in Sunday School, with our fine Supt. Bert Teague leading in a great way, with a great staff of teachers to cooperate with him in carrying on this fine work of this good church. They have no time nor inclination to turn aside for petty little things but are busy in the Lord's work. We had nine additions last Sunday.

two by baptism and seven by letter. This is 14 additions in the last month. To the Lord belongs all the glory.
This fine church will probably begin the building of a pastor's home this week. Almost enough money has been pledged to pay cash for the building with several members yet to be seen.
To show their Faith in God, and the future of the church, almost every family has given an offering for the building. God will continue to bless this type of church. One purpose of heart, one accord, perfect unity and harmony, each exceeding the other higher than himself. Eph. 4:15-16.
The church with the friendly welcome.
Ernest Phillips, Pastor.

CHRISTIAN CHURCH
LORD'S DAY:
9:45 A. M. Bible School.
11:00 A. M. Communion, morning worship; sermon, "Fruits of the Spirit."
6:30 P. M. Children's Meeting.
7:30 P. M. Evening worship; a message from Micah.
Wednesday, 7:30 P. M. Mid-week Bible study.
The sermon for Sunday morning is to be the pastor's five hundredth. For this occasion, he has elected to use the same text from which he preached his first sermon.
It is hoped that time can be provided for a report on the recent District Two Convention during the morning periods.
Come, all; worship with us.

No Collapse Of Farm Food Price Is Guaranteed

Texas farmers answering America's call for increased quantities of vital foods in the Farm Defense Program, have the protection of Federal farm legislation against price collapses of these commodities, B. F. Vance, chairman of the Texas USDA Defense Board, said this week.

The new act of Congress, known as the Steagall amendment, requires that whenever it is necessary to encourage the expansion of non-basic agricultural commodities in the present emergency, the Secretary of Agriculture must issue a public notice of the expansion.
Through the same law, Vance said, the Secretary of Agriculture supports the farm price of the commodity at not less than 85 percent of parity. Before the price-supporting program can be discontinued, the Secretary must give sufficient public notice of the termination so that producers may make readjustments in production, Vance said.

Secretary of Agriculture Claude R. Wickard has already given public notice covering hogs, eggs, evaporated and dry skim milk, cheese and

chickens until December 31, 1942. Cotton, wheat, corn, tobacco and rice are supported by law through loans at rates based on 85 percent of parity. Vance declared, but he pointed out that surpluses of these crops already exist and no increased production is needed.

The new protection is not new, now, the State Board chairman since the prices of the non-commodities named are well above the 85 percent of parity level, but farmers can plan their 1942 production in the knowledge that prices can and will be supported should it become necessary.

TO MY MANY FRIENDS
I want to take this method in thanking you all for what you did for me in my illness. To you who gave your blood that I might survive I want to especially thank you, to let you know that in any way at any time I can help you, I want you to let me know. You that sent me so many pretty flowers, one that has never had the experience has no idea how much it cheers a fellow when a nice bouquet is brought in, and to you that sent me lovely cards, and some that wrote special letters, one that was ever so ill but when he sees so many are pulling for him, it will help him, or it did me at least.

Always your friend,
D. M. Campbell.

Delphians Observe National Art Week With Fine Arts Program Tuesday Evening

The Delphian Club observed National Art Week with a Fine Arts program Tuesday evening at the Woman's Club House, with both members and guests present. Hostesses were Mesdames Matt McCall, L. M. Pratt, R. H. Huddleston, Z. T. Davis, and Miss Valda Moore.

From a table made beautiful with flowers and candles, Mrs. R. H. Huddleston served tea to the guests as they arrived.

Mrs. L. M. Pratt, in well chosen words explained the reason for the varied program, stressing the fact that art is not expressed in any one medium, but that anything beautifully done is art. She dedicated the program to local artists.

On exhibit were two landscapes done by Mrs. E. R. Yates. Mrs. Yates is a local artist who specializes in West Texas scenes exclusively. Her paintings are done in pastel because that is the medium best suited to the coloring of West Texas. With its yucca, sandstorms and wide vistas, West Texas scenery does not show the rich coloring of other parts of the state, but does show beautiful, muted tints. Mrs. Yates' paintings have won prizes at the Lubbock fair for the last nine years. Another picture on display was one owned by Mrs. Matt McCall.

Katie Lee Randle read "Painter of Seville," while Dorothy Ross Gibson, Dorothy Nelson, Johnnie M. Smith and Maurine Sharp gave a tap dance to "Melody in F" played by Patsy Jo Rountree. Mrs. Eldrid Travis then gave a reading entitled "Loot," Mrs. N. H. Price, accompanied by Mrs. Matt McCall, sang a selection from the opera "Madame Butterfly." The very dainty programs for the occasion were designed by Miss Valda Moore.

P-T. A. TO SPONSOR HALLOWEEN PARTY

The Mt. Olive P-T. A. met Monday night at the school building, with Mrs. W. P. Herring, president, in charge of the meeting.

A general discussion of the P-T. A. and its value to the parents and the school as cooperators of the organization, was enjoyed during the evening. After the business program historical contests were held, with the women winning over the men.

There is to be a Halloween party at the school house on October 31. All the children and their parents are cordially invited to attend.

FIRST REGULAR MEETING HELD BY LAMESA MUSIC CLUB THURSDAY

The Lamesa Music Club met October 16 at the home of Mrs. Gordon B. McGuire Sr. for their first regular meeting of the year.

The topic for the program was "The Turn of the Century."

The program as given during the afternoon, was as follows:

"A Period of Nationalism," by Marguerite Flanken; "German Opera: Mozart: What Great Composers Have said: How He Composed: Tracing His Development: His Operatic Background: Outstanding Compositions," Miss Louvenia Estes; "Don Giovanni," Mrs. E. J. Yates; "Champaign Song," Miss Annie Laurie Lewis.

After the program, records were played while refreshments were served to twenty-one guests.

"Mother of the Smith's" Is Reviewed by Mrs. Jeff Dean Thursday at Country Club

Mrs. W. K. Crawley was hostess at a book review for all of the Club Women and Church Societies of Lamesa at the Country Club, Thursday afternoon at 4 o'clock.

Mrs. Jeff Dean, teacher of Speech and Music of the Spangenberg school reviewed the book "The Mother of the Smith's" by Loraine Carr, a girl born and raised in San Saba, Texas, who is now making her home in Taos, New Mexico. The story is of a mother in the early days of Texas trying against ever adversity to give her children an education.

Mrs. A. E. Jacobs and Mrs. W. T. Webb spent Monday in Lubbock visiting with friends and relatives.

CLAUD F. GOWEN IS HONORED ON BIRTHDAY

Claud F. Gowen was named honoree at a surprise birthday dinner at his home Sunday.

After a delicious dinner was served, Mr. Gowen was presented with several lovely gifts. An enjoyable time was spent during the afternoon visiting with each other.

Guests attending were Mr. and Mrs. Olgee Gowen and daughter Sharon of Lubbock, Arlee Gowen of Lubbock, Mr. and Mrs. George W. Holley and Mrs. Mullen of Lamesa, and Mr. and Mrs. Claud F. Gowen.

MRS. BILL WHITE HOSTESS TO CLUB THURSDAY

Chrysanthemums decorated the entertaining rooms at the home of Mrs. Bill White Thursday afternoon when she entertained for members and guests of the Thursday 42 Club.

During the afternoon games of 42 were enjoyed with Mrs. Dee Hull winning the 84 prize. At the conclusion of the games a delicious salad plate was served.

Guests attending were Mesdames Lee Billingsley, Herbert Caudle, M. E. Boren, Ross Boardman, Dee Hull, Ray Williams, Ross Gibson, A. H. Smith, Walter Jones, Lanan Bissett, Irvin Wright, Walter Barfoot and W. V. P. Baker.

PHILO CRISTO CLASS ENTERTAINED WITH DINNER THURSDAY

Members of the Philo Cristo class of the First Presbyterian Church were entertained with a dinner at 7 o'clock Thursday evening at the home of Mrs. D. J. Murray.

After the dinner, games of 42 were enjoyed. Concluding the meeting was a short business session.

Guests attending were Mesdames C. E. Ault, G. D. Baldwin, Homer Beal, Walter Barfoot, Clyde Adams, W. B. Collins, W. H. Collins, C. A. Eliand, N. J. Kenemur, Hardy Morgan, Platt, Webb Randle, Louis B. Reed, R. W. Renner, Sam Richardson, A. H. Smith, R. E. Simpson, T. F. Vaughn, and Miss Irma Sprawls.

Miss Valerie Holcomb of Union spent Sunday night with Gloria Holcomb.

Franklin Dennis and Miss Gladys Russell spent Sunday afternoon with Mr. and Mrs. Leroy Bird of Sand.

Melba Jean Pyle, Delores Alexander, Geraldine Holden and Mary Frances Preston spent Sunday with Ellen Dean Eastham.

Mrs. Earl Holcomb and children spent Sunday with Mrs. W. C. Holcomb who is on the sick list. We wish her a speedy recovery.

Police Learn Air Raid Technique From FBI Oscars

By JACK STINNETT
AP Feature Service Writer

WASHINGTON — If bombs ever fall on the United States, our police won't be caught short on knowledge of the best methods of meeting such emergencies.

Over at the Federal Bureau of Investigation, J. Edgar Hoover's boys have set up an exhibition straight from England, showing all the equipment used by police during black-outs and air raids.

There are a couple of Oscars (ghoulish dummies used by the FBI in demonstrating murder investigations) togged out in costumes that would make Men from Mars look like a bunch of sissies. In snouted gas masks, rubber suits and boots, steel helmets, walkie-talkie radios strapped to their backs and "black-out lights" which look like cowbells at their belts, these two fellows are enough to finish off a good nightmare even if never a bomb was dropped.

To anyone who ever has battled the traffic of American cities, probably even more impressive will be the display of street lights, traffic lights and auto headlamps. With bumpers painted white, strips of white paint around fenders, and a single headlight that shows three slits of down-cast light, the sample of an authorized car for black-out driving can be dimly seen at 20 paces.

The street lamps, "20 feet above more visited Mr. and Mrs. B. I. Jones Saturday afternoon.

Melba Jean Pyle, Delores Alexander, Geraldine Holden and Mary Frances Preston spent Sunday with Ellen Dean Eastham.

the kerb" toss out the glorious illumination of .02 of one candle-power—about the same as a lighted cigarette held a foot away from the object you wish to see.

The traffic lights are the customary green-yellow-red, but the light is emitted from little four-inch crosses, with bars an eighth of an inch wide.

There's a lot more to the exhibit—bomb shelters, various methods of combatting incendiary bombs, air raid sirens, first aid in air raids, and a dozen other horrendous things that any good police force in a bombed city would have to know.

The exhibition is semi-public—that is, available to visitors to the Justice Department Building, when it is not being used to instruct "re-training courses" in the FBI's national police school, where 400 men from police departments all over the country are getting concentrated instructions in methods employed by London bobbies to protect the public during air raids.

There is one story in connection with the exhibition that never has been told. Early last winter, Hoover sent two of his ablest assistants to London at the height of the air-raid season.

He told them to take their time, to make a thorough study of everything that had to do with police activity during blackouts and air raids. He armed them with special letters to Scotland Yard officials and ordered them to bring back every item of equipment that might be used in demonstrating British methods to the American police.

The men stayed four months and collected hundreds of pieces of equipment, ranging from mittens with the finger tips cut out (for teletype operators, and such, during gas attacks) to tail-fins from 4,400-pound "land mines" (which were dropped on London and made craters 60 feet deep).

The men came back by plane, the exhibition by ship. Somewhere off the coast of the British Isles, ship

NEW EMPLOYEES AT DYER'S

Cullen Tunnell, Leland Miller, John Sanchez and Lawrence Hud-die have recently accepted positions with the Dyer Hardware & Auto Supply. Clarence Mosley is also a full time employee in the Radio Service department of this firm. All extend invitations for their friends to call to see them.

Miss Lillian Mitchell and Mr. and Mrs. Ernest Gambill spent Sunday in Lubbock visiting with Miss Ernestine Gambill.

Mr. and Mrs. B. F. Abbott of Midland spent Sunday here visiting with Mr. and Mrs. Lloyd Cotten and Gilliam Abbott.

Bob Smith of Odessa spent the week-end here visiting friends.

Miss Vivian Cook spent the week end at Colorado City visiting with friends and relatives.

Miss Valda Moore spent the week end at Abilene visiting with relatives and friends.

Miss Elizabeth Lee Davis of T. S. C. W. Denton, spent the week end here visiting with her mother, Mrs. Z. T. Davis.

Braswell Gilbert and Wayman Moore left Sunday for their home in San Diego, California.

Mrs. S. W. Beason and Miss Clara Davis spent Sunday in Lubbock buying new fall merchandise.

Mr. and Mrs. J. R. Leuenberger spent Sunday in Lubbock visiting with friends.

and exhibition lie at the bottom of the sea, victims of a submarine.

It took nearly six months more to assemble another collection and get it over here. It is the only such exhibition in the United States.

Cowboy President Texas Baptists To Meet In Abilene November 11-14

W. O. (Bill) Culbertson of Dalhart is the new president of the Texas-New Mexico-Oklahoma Cowboys association. Now heading his own cattle company, he once rode range for the famed XIT ranch.

ABILENE, October 20 - The 5,000 Texas Baptists expected here November 11-14 for the annual meeting of The Baptist General Convention of Texas, will find Abilene prepared to care for the crowds, members of the local committee reported today. Dr. W. R. White, president of Hardin-Simmons University is general chairman.

Hardin-Simmons University, who will celebrate its Golden Jubilee during the convention, is spending \$10,000 to remodel and enlarge its auditorium. Total capacity will be 3,000 and another 1,500 can be seated in the gymnasium across the street, where a public address system will bring the program to overflow crowds.

The First Baptist Church, where the Woman's Missionary Union will hold its sessions November 10 and 11, while the Brotherhood Convention meets in the Hardin-Simmons auditorium, is spending \$5,000 remodeling and redecorating its auditorium.

The Abilene Chamber of Commerce is conducting an intensive drive for homes in which convention messengers may be housed. A goal of 4,000 homes has been set, and messengers should write Don Wallace, Abilene, Chamber of Commerce, for reservations either in homes or hotels. Civic clubs and churches of other faiths are cooperating to make the convention one of the best in Texas Baptist history, committee members said.

The program, as announced by A. D. Foreman, Houston, convention president, includes addresses by Dr. George W. Truett, Dallas; Dr. Pat M. Neff, Waco; Dr. T. L. Holcomb, Nashville, Tenn.; Dr. W. W. Melton, Dallas; Dr. T. J. Watts, Dallas; Dr. L. R. Scarborough; Dr. E. D. Head, Houston; Dr. J. B. Tidwell, Waco; Dr. John W. Raley, Shawnee, Okla.; Dr. J. B. Lawrence, Atlanta, Ga.; and President White and Mayor Will Hair, Abilene. Dr. E. H. Westmoreland, Houston, is chairman of the program committee.

'Casual Labor' Is Defined By Social Security Office

Because many people do not understand the meaning of the word "casual labor" as used in the old-age and survivors insurance provisions of the social security act, Robert M. Mayne, manager of the Social Security Board's field office at Big Spring, today issued the following statement:

"The Social Security Act provides that 'casual labor not in the course of the employer's trade or business' shall not count toward old-age insurance benefits. However, any work which advances or promotes the business of the employer is not counted as 'casual labor,' no matter how small the job is or how little time it takes. For example, work performed by a carpenter who is employed by a storeowner to build an addition to the store, to put in shelves or to do some other job in connection with the store is not 'casual labor' because this work does advance or promote the storeowner's business. Work for a corporation is NEVER 'casual labor' even though it is occasional, incidental, or irregular, because a corporation has no authority to employ anybody for work which does not advance or promote its business. In other words no work for a corporation can be 'casual labor.'

"Whenever the work performed does not advance or promote the employer's business, the Social Security Board takes into consideration the size of the job. For example, the Board assumes that work for a private person in the building of a garage or an addition to his house is not 'casual labor' if the person who did the work was employed for more than 10 days in any one month or during two consecutive months, or the job required more than 200 hours of work by all persons engaged.

"In short, whether a particular job or piece of work is 'casual labor' depends on the facts in each case. Therefore, whenever a worker or an employer is in doubt, the best thing to do is to ask the nearest Social Security Board office or the nearest office of the Bureau of Internal Revenue."

Service Leader

Miss Mildred Horton is one of the most active leaders in Texas extension service. She holds the titles of vice-director and state home demonstration agent. She also is chairman of the Texas state nutrition committee.

Appointed Judge PERSONALS

NATIONAL DEFENSE GETS PRIORITY AT OLDSMOBILE. DEFENSE PRODUCTION HAS FIRST CALL ON PLANTS, MATERIALS AND MAN POWER. OLDSMOBILE'S REMAINING FACILITIES GO TO PRODUCING A CAR THAT'S DESIGNED AND BUILT FOR THE TEMPO OF THE TIMES

OLDSMOBILE

Offering HYDRA-MATIC DRIVE

THE GENERAL MOTORS CONTRIBUTION TO SAFER, MORE EFFICIENT DRIVING!

ALTHOUGH the number of cars Oldsmobile will build this year is limited, the quality is better than ever. Many materials have been eliminated because of their vital value to defense. In their place, Oldsmobile engineers have devised other materials, equally good or better. All Oldsmobiles will continue to offer Hydra-Matic Drive, the most efficient method of car operation ever developed. Hydra-Matic saves 10 to 15 per cent on gasoline. It saves time in traffic because it is always in the right gear. It saves effort because it eliminates all clutch pushing and all manual gear shifting. It makes driving safer because it gives better traction, and provides a special pick-up gear for passing. We are now offering special demonstrations of Hydra-Matic Drive in the Olds B-44. Come, try it!

SHELL AND CANNON FOR THE U.S.A.!

Full speed ahead for national defense, regardless of anything else! That's the slogan at Oldsmobile. Right now, the shell for the field artillery is being fired off the line by thousands daily—and automatic cannon for fighting planes are going into mass production.

NO CLUTCH TO PRESS!

NO GEARS TO SHIFT!

YOU CAN ALWAYS COUNT ON OLDSMOBILE - IT'S Quality Built TO LAST

Model Airplane Club News

Mr. Sherman Lane has recently organized an airplane club in Lamesa consisting of the following members: Jack Ireton, Fred Reese, Kenneth Pruitt, Joe Lee Kelly, James Little, Snookie Burleson, Booty Morris, Buddy Hodges, Mike Daugherty, Herschel Rhoads, James Boone and Dan Boone. This club is open to any one who would like to join. To join see Mike Daugherty, before Wednesday night, which is meeting night.

Officers were elected as follows: President, as Captain, Mike Daugherty; vice president, as co-pilot, Booty Morris; vice president, and co-pilot, Dusty Rhoads, secretary or pursuer, Snookie Burleson.

This club is of skill and fellowship, with the intention of helping his fellowman. This Sunday a contest for planes will be held. The place has not been decided on for sure, but will be soon.

Just call on any one listed above for information. We are not yet organized, but will be soon, and will hold meets with surrounding towns. This club is absolutely free of charge and we know you will be glad to become one of us. What do you say, kids? Are you lazy or in earnest? Look in this paper for more model airplane news next week, and until then I remain your model airplane news reporter, Snookie Burleson, leaving with you this thought, "The Aviators of tomorrow are the youths of today. Goodbye."

By Snookie Burleson. "Let's go U. S. A. Keep 'em Flying."

MISS EVELYN BARRON HOSTESS TO BETA SIGMA PHI TUESDAY

Members of the Beta Sigma Phi met Tuesday evening at the home of Miss Evelyn Barron.

Miss Van Clark was in charge of the program which was on "Happiness Through Control of Self and Environment." After the program a short business session was held.

Members attending were Misses Edna Bedwell, Jessie Norris, Van Clark, Myrtle Henderson, Ruth Merrick, Vivian Cook, Mrs. Rupert Austin, Mrs. Payne Wilkes, Mrs. Thelma Quales, and the hostess Miss Barron.

MRS. WALTER JONES LEADER FOR WOMAN'S STUDY CLUB

The last meeting of the Woman's Study Club was held at the Woman's Club House with Mrs. Guy Weekes, vice president, presiding.

An unusually striking arrangement of beautiful Radiant Roses centered the speakers table.

A report from the Scholarship Fund was given by the chairman Mrs. J. H. Harp. At the time the loan was formed which was twelve years ago they had \$260. Up to date they have \$306.90 with a loss of only \$35 during the twelve years. They have helped ten girls through college. Recently they have purchased one Defense bond.

Plans are now being made to remodel the Woman's Club House and also to landscape the grounds.

The following program was given during the afternoon with Mrs.

Lubbock Housing Project Gets Approval

LUBBOCK, Oct. 22—Coincident with announcement of the award of conditional contract for construction of the first forty houses to be made available for rent to officers to be stationed at the Air Corps Advanced Flying school under construction west of Lubbock, it has been announced that contracts for architects and engineering service for the \$515,000 low-cost housing project here have been approved by the U. S. Housing Authority.

Architectural work on the latter project will be under supervision of three Lubbock firms—Haynes and Strange, Walker and Acheson, and John B. Roberts, and engineering work will be directed by Harry N. Roberts, Lubbock consulting engineer.

H. C. Pender, chairman of the Local Housing Authority said he has received no indications that the national defense program will delay the project, which will be designed to last for 60 years, and will include an administration building, landscaping and possibly a recreation center.

Contract for the 40 houses for Army officers was let to the Maxey Lumber Company of Lubbock, subject to approval of plans by the Board of Directors of the Lubbock Homes, Inc., sponsoring organization, and to approval of these plans by the Federal Housing Authority, where 90 per cent of the financing will be sought.

Lubbock Homes, Inc., of which Homer D. Grant is president, was organized recently to sponsor the project.

The houses, to cost approximately \$4,500 each, are to be located in an addition known as 'Green Acres', lying a block or two west of College Avenue between 26th and 31st streets, in southwest Lubbock. The streets entering the addition will conform to existing thoroughfares, but inside will follow a winding, landscaped course. All utility lines, wires, etc., are to be underground. No two houses of the development are to be exactly alike.

Construction is to start at the earliest possible moment, due to a change in plans for sending personnel to the school about three months ahead of the original schedule. Army officials have announced that a full complement of troops are to be assigned to the school early in December, and the first class of cadets is scheduled to begin training January 24, 1942, as compared with the original schedule to assign personnel next March.

J. P. Hurst was admitted October 21 for medical treatment.
 O. S. Belyen was admitted Oct. 22 for medical treatment.

Midland Ready For WTCC Meet Nov. 3 And 4

MIDLAND, Oct. 22—Special committees which will assist in staging the 24th annual convention of the West Texas Chamber of Commerce at Midland, November 3-4, have been named and plans rapidly are being made for the big stream-lined gathering of busy West Texas business men and women.

M. C. Ulmer, mayor of Midland and vice-president of the West Texas Chamber of Commerce, is chairman of the convention's steering committee. Serving with him are John W. House and Dr. W. E. Ryan.

R. M. Barron, D. H. Griffith and Dr. J. E. Thomas comprise the finance committee, while Dan Hudson and J. B. Crain are in charge of other host city committees are: T. Paul Barron, host registration; J. P. Butler, dance; Clint McFarland, publicity; Mrs. M. C. Ulmer, ladies entertainment; W. B. Simpson, banquet; J. Howard Hodge, hospitality; and R. D. Scruggs, transportation. James N. Allison, president of the Midland Chamber of Commerce, announced the committee appointments.

Although the convention is designed primarily for business, entertainment features will not be overlooked. Highlighting the entertainment features will be the big convention dances in the spacious Crystal Ballroom of Hotel Scharbauer on Monday and Tuesday
