56TH YEAR — NO. 86

12 PAGES

COLORADO CITY, TEXAS, THURSDAY, JULY 27, 1961

\$5 Per Year in Mitchell County—10c Per Single Copy

Before And After

The pier at Lake Park on Lake Colorado City looked like this (top photo) just 1 month ago. The lake level at that point was just below 5 feet from the full mark. This is how the lake looks today (bottom photo). The pier's walk is covered by water and the lake is now just 1 foot, 2 inches from its full mark of 2070 feet.

Council Okays Lake Pact; Rate Increase

New Contract Doubles City Water Supply

What does the Champion Creek Lake contract mean to Colorado City, Mayor Glenn R. (Bob) Robinson was asked today (Thursday). "The contract first means, Robinson said, that this city has more than doubled its possible supply of water." The contract also gives the city another park facility and allows it the complete use of its own waterwells, Robinson further stated. Under the old contract, the city had the use of 2 million gallons of water each day. Under the new contract, the city will have available 2.41 million gallons each day. "Although we do not need this much water presently," Robinson stated, "if we are to grow, we will continue to need additional water in future years."

As far as the price Colorado City will pay for its water, Robinson commented, "It means Colorado City will have adequate water for the next 30 years at the lowest rate in West Texas."

The city will purchase its water from Texas Electric for a rate of 5c per gallon for the first 730 million gallons. At that point, the rate increases to \$10 per gallon. But, Robinson emphasized, the additional charges may not exceed \$1500 in any one month.

Other differences in the other and new contract included: A minimum of \$20,000 per year cost to the city for the water. The old minimum, for about 1/2 as much water, was \$12,000.

A 30-year contract, with 5-year renewal options agreeable to both parties. The old contract called for a 30-year franchise, which had 20 years.

County Flag Dedication Set Friday

Mitchell County Court House's new flag pole and plaque will be dedicated Friday at 11 a. m.

The new pole was presented to the county by members of the 3 military veterans' organizations in the county — Wilson Wyatt Post 9178, Veterans of Foreign Wars; Hooker-Pond Post 127, American Legion; World War I Barracks No. 1582.

The new 60-foot pole and the plaque, honoring war dead of the county, will be unveiled in the ceremony at their location in front of the Court House.

County Judge Elmer Martin will give the dedication address and the invocation to open the ceremony.

Representatives of each of the veterans' organizations will be present to take part in the ceremony.

Special guests at the ceremony will be Mrs. Elmer Martin, Mrs. L. L. Bodine and Harry Pond — representing the 3 men who died in the service of their county and had the 2 local posts named in their honor.

Mrs. Martin was the sister of Wyatt for whom the VFW post was named.

Pond is the son of Everett Pond and Mrs. Bodine is the sister of Hooker — the 1 for whom the American Legion post was named.

The plaque, set in concrete at the pole's base, reads: "Presented by Mitchell County Veterans of Foreign Wars, Wilson Wyatt Post 9178, American Legion, Hooker-Pond Post 127, World War I Barracks No. 1582."

CONTINUED INCREASE

City Phones Now At 3,000 Mark

Colorado City's number of installed telephones has climbed to the 3,000 mark.

This is an all-time high record for Southwestern Bell Telephone Company's installations here.

And the increase to 3,000 marks the fifth consecutive year that Colorado City has shown a gain in the number of phone installations.

In fact, the gain in number of phones has been steady for a decade and 1956 was the only year since 1953 that reflected a loss.

Installation of the city's phone No. 3,000 was announced this week by Truman Black, Southwestern Bell manager for Colorado City and Snyder.

No. 3,000 was placed in the home of John G. Walker, employee of Texas Electric Service Company. The dialing number is RA 8-4546.

The gain in number of phones this year (1961) already is 59 more than the total at the end of 1960. And 1960 saw an increase of 85 over 1959.

Here's the way the number of phone installations have totaled up during recent years: In 1960 — 2,951 total with gain of 85 phones.

In 1959 — 2,856 total with gain of 43 phones.

In 1958 — 2,813 total with gain of 145 phones.

In 1957 — 2,668 total with gain of 127 phones.

In 1956 — 2,541 total with loss of 42 phones.

In 1955 — 2,583 total with gain of 146.

In 1954 — 2,437 total.

Gains in phone installations are "net" increases—the gain in phones is service.

RESPONSE GREAT

Jaycees Extend Local Flag Sale

Colorado City Junior Chamber of Commerce's 50-star flag sale will continue through Friday.

The Jaycees, who had planned to end the campaign Wednesday extended it due to the great response by Colorado City merchants and individuals to the drive.

Flag campaign chairman Art Dibble reports that the drive has been slowed due to the lack of samples for the Jaycees to use in their door-to-door campaign. "We will attempt to complete our house-to-house coverage of the residential districts today (Thursday) and Friday and Friday night," he stated.

Dibble requested all residents not contacted, but interested in purchasing one of the new 50-star flags, to get in contact with any member of the Jaycees.

Sales of the flags have topped the 100 mark with about 1/2 of the downtown area covered and only a small portion of the residential sections canvassed, he stated.

The "home kit" has proved the most popular with local citizens during the drive. The \$5 kit contains a 3 by 5 printed cotton flag, directions for flag care and rules of display and a pole bracket for attachment to the home.

Also offered at \$7.50 are stitched flags. This deluxe model was designed for use by merchants and others who will display the flag several times a month.

The imprinted flags may be purchased individually for only \$4.

Ten-foot wooden poles, both jointed and unjointed, are offered for \$2.50 each.

The Jaycees' campaign received the full support of the city, the local American Legion and Veterans of Foreign Wars.

Mayor Glenn R. (Bob) Robinson proclaimed Jaycees 50-Star Flag Week in Colorado City during the drive and both veterans' organizations expressed their support of the drive in letters to the club's president, Dew Ballard.

Local Electric Bills Going Up

City Council and Texas Electric Service Co. came to an agreement on the new Champion Creek Lake contract Wednesday night — and the Council, in a surprise but compromise move, okayed Texas Electric's request for an increase in the city's electrical rates.

Beeman Fisher, president of the utility company, and Burl Hulsey, a member of its executive staff, met in a special session with the Council, at the Council's invitation, to discuss the lake contract.

The bombshell hit when Fisher brought the rates request into the discussion.

The Council held a conference Tuesday and agreed upon points to be further discussed on the lake contract and invited Fisher here for the session.

Fisher, Hulsey and local TESCO office manager A. L. McSpadden showed up for the conference apparently not only with the lake contract in mind — but with the rates request, which was first presented to the Council in March, deeming as just as important.

The night's actions left Colorado City with an almost doubled supply of water, a new city park — and an increase in electric rates.

The rates will hike individual citizens' home electric bills to "no more than 32c a month," said Fisher. But, the large business users will bear a heavier burden — one that is expected to cost a few of the heavier users as much as "\$400 to \$500" a year more, according to Fisher.

Fisher opened the negotiations at 7 p. m. by saying, "I want to know what you have to say."

The Council listed 4 points in the lake contract that they deemed needed additional discussion.

They were: 1. The city's right to sell water. 2. The length of the franchise. 3. The entrance to the city's park at the new lake. 4. The minimum cost per year to the city.

Fisher wrote down the points and told the Council they would return to each later.

As the Council concluded its presentation of points for discussion, Fisher said, "Now let's dicker."

And the first thing he wanted to discuss was the pending increase in the city's rates.

See COUNCIL, pg. 5

2 Oilers in Northwestern Part of County

Mitchell County has 2 new producing wells — in the Turner-Gregory (Clear Fork) field and in the Sharon Ridge (1700) field.

Paul E. Haskings No. 2 D. J. Henderson was completed for 81 barrels on initial potential in the field 6 miles northwest of Westbrook.

The new oiler bottomed at 2,900 feet, with 5 1/2-inch casing set to that depth, and pay was picked at 2,510 feet with perforations between 2,510 and 2,645 feet.

The gas-oil ratio was 116-1. The 10 per cent water was produced. The oiler was acidized with 40,000 gallons.

It spots C SE SE SE, section 24-29-1n. T&P survey, on an 80 acre in the field in the northwestern section of the county.

Clarence A. Wheeler No. 2 W. Hardie pumped 36 barrels of 28 gravity oil on initial potential in the Sharon Ridge (1700) field.

Pay was topped at 1,530 feet, 8 per cent water was produced, and the gas-oil ratio was nil.

The new oiler bottomed at 1,605 feet with 4 1/2-inch casing set at 1,585 feet. Production was from an open hole section between 1,585-605 feet.

The well spots C NE SE SE, lot 15, J. P. Smith survey, C. A. O'Keefe subdivision.

Convention Reports

Reports of the recent Kiwanis International convention in Canada were heard Tuesday by Kiwanians at their weekly luncheon in Civic House.

Relating high points of the convention program in Toronto were Martin Weaver, club president, and H. I. Berman, past divisional lieutenant.

Lake Level Nearer to Full Mark

Rains in Colorado City last week brought the level of Lake Colorado City to 2068.80 — just 1 foot and 2 1/2 inches from the full mark.

Recent rains have raised the lake level just over 4 inches since June 18 when the lake was 5 1/4 inches from the full mark. The lake then stood at 2064.75, a rise of over 2 feet since the rains that added 2 1/2 feet the first week in June.

This compares to the May 15 level of Lake Colorado City of 2056.95 — a rise of almost

See LAKE, pg. 5

Miss Russell Back From Hospital

Miss Martha Eloise Russell, seriously injured in an automobile wreck July 14, returned to her home here this week from Hendrick Memorial Hospital in Abilene.

"She is recovering just wonderfully . . . better than the doctor hoped for," reported Mrs. Bill Russell, her mother.

Miss Russell, Southwestern Bell Telephone Company employee in Midland, was en route to Colorado City when the car she was driving overturned 5 miles west of the city.

CHARGED IN THEFT

Police Nab Man Wanted in Snyder

City Patrolmen Selma Dickson added another speedy capture to his credit here Wednesday.

Dickson made it 2-out-of-2 with the speedy capture of an Abilene man at 2:30 p. m. (He is credited with stopping a wanted Austin man just minutes after the report was made here June 28.)

Burl Eugene Lesley, about 25, was stopped at a road block on State Highway 208 in Buford by Dickson and the Abilene man was taken into custody by Colorado City Police Chief Leon Yeager, Mitchell County Sheriff Lewis Claxton, City Patrolman Jim Latham and Sheriff's Deputy Bob McGuire.

Lesley, whose address was given as 1142 N. 8th St. in Abilene was taken to the police station in City Hall and then transferred into the custody of Scurry County and Snyder officers late Wednesday.

Dickson got a request at 1:45 p. m. from Snyder officials for a road block on north 208. Lesley was captured just 45 minutes later — about 30 minutes after the road block was set up.

Lesley was stopped driving a 1955 red and white Ford described by Snyder officials.

Lesley was returned to Snyder where he was charged with felony theft late the same afternoon. He is charged in connection with the theft of \$110 from Bell Service Station in Snyder at 1:40 p. m. Wednesday.

He is currently in Scurry Jail. His bond has been set at \$1,000.

A thief or thieves attempted to gain entrance to 2 business houses on E. 2nd St. Tuesday night.

Mrs. I. D. McKenney reported at 6:55 a. m. Wednesday that a screen had been torn and a window broken at the Greyhound Bus Station at 499 E. 2nd St. She stated that nothing was missing from the station.

Apparently the same thief or thieves moved next door and attempted to enter Day and Nite Grocery at 469 E. 2nd St.

Carl Gary reported the attempted break in just minutes after the report from Mrs. McKenney at the bus station.

See POLICE, pg. 5

OVER 2,000 EXPECTED

Lone Wolf Co-op Annual Meet Set Here Tuesday

Around 2,000 people are expected to attend the Lone Wolf Electric Cooperative annual Membership Meeting Tuesday night, Aug. 1, at 6 p. m.

The annual meet will be in the Lone Wolf Electric Co-opatorium, east of Colorado City.

Registration begins at 4 p. m. and the program at 7 p. m. During the registration hour, free coffee, donuts and cakes will be served.

A free door prize will be awarded each co-op member who registers. This door prize will be a valuable kitchen item and will be a companion prize to the copper butter dish given at last year's meeting.

Principal address talk of the evening will be given by J. B. Clark, general manager, Texas Electric Cooperative, Texas Austin.

The lone wolf manager at the time the number of years prior to 1951, he was awarded

BOB MURPHY, Master of Ceremonies

Nacogdoches, will be master of ceremonies. Murphy is an outstanding humorist and has a very distinctive style of East Texas comedy.

He is a former district attorney, member Texas House of Representatives and numerous civic organizations.

Invocation for the meeting will be spoken by Rev. Bill Worrell of Colorado City, pastor of Fairview Baptist Church.

Organ music prior to the meeting will be presented by Mrs. Leona Althof Julian of Roscoe.

Mitchell County Judge Elmer Martin will deliver the welcome address.

The hundreds of dollars worth of valuable prizes to be given away free throughout the meeting were purchased locally from Colorado City merchants by Lone Wolf Electric Cooperative in a drive headed by Elmer Martin.

Bob Murphy, attorney, from Nacogdoches, will be master of ceremonies.

Missing C of C Member Found

A missing Colorado City Chamber of Commerce member was discovered in another chamber member's car Friday.

L. A. Browne of the Cuthbert Community was the missing member — but he didn't even know he was missing.

R. J. Hoback, one of the Chamber's most active members here, was cleaning out his 1957 Buick at his home at 843 E. 14th St. Friday when the mystery came to light.

Hoback, who won top individual honors in the Chamber's membership drive in June by singing up a total of \$384 in memberships, was cleaning out his car in the driveway of his home when he looked under the front seat and discovered Browne — in the form of a signed membership card and a \$12 check, dated early in June for a full year's dues.

Red-faced Hoback then had a decision to make. Should he call Browne and explain his loss and discovery, or should he just turn the membership in to the Chamber office? He did the latter.

The Chamber this week issued a belated welcome to Browne, a farmer, as a new member.

Browne had not raised any questions to the Chamber or Hoback as to why he was not receiving Chamber mailings or why he was not being informed of the organization's activities.

Mrs. Browne stated she thought she had seen his name listed in 'The Record' as one of the new members in the drive and that Browne had not noticed his car check had not been this through his checking account, she said.

Browne was out of town today (Thursday) and was available for comment.

X MARKS THE SPOT

R. J. Hoback points to the spot in his old Buick where missing Colorado City Chamber of Commerce member L. A. Browne was discovered Friday. Hoback found the membership card and \$12 check in the trunk of the car in the driveway of his home.

Farewell Party Honors Mrs. Talley

Mrs. Bonnie Johnston, Mrs. Orin Feaster and Mrs. Bob Ratliff hosted a farewell party in the Ratliff Home last Thursday from 10 to 11 a. m. for Mrs. Winn Talley.

Mr. and Mrs. Talley moved to Baird this week where he has been assigned duties in the public school system.

Mrs. Newby Pratt furnished and arranged the flowers in the living room and kitchen. A zienna arrangement was in the living room and an arrangement of red roses centered the serving table which was covered with a green cloth. A variety of cookies were arranged on a silver plate and red cherries and green grapes in a silver bowl and china dishes with red

roses carried out the decoration theme.

Guests attending were members of the school faculty, Jayceettes, members of Mrs. Talley's bridge club and friends.

Present were Mrs. Olson Sweatt, Mrs. Wilfred Fox, Mrs. Donna Reed, Mrs. Austin McCloud and Mrs. Lawrence Ruddick.

Mrs. Pauline Moses, Mrs. Pratt, Mrs. John Merritt, Mrs. Robert Aycock and Mrs. Cad-do Matthews and daughter.

Mrs. Warren Anderson and son, Mrs. Drew Ballard, Mrs. Royce Beights, Mrs. John Bell, Mrs. Bob Brannon, Mrs. Rick Taylor, Mrs. Stanley Merket, Mrs. Virgil Hendley and Mrs. Art Dibble.

Also Mrs. Bill Holbert, Mrs. Henry Lewis, Mrs. Martin Weaver, Mrs. Bill Carlock and Mrs. Bill Erwin.

Winn Talley To Teach in Baird-School

Mr. and Mrs. Winn Talley moved to Baird today (Thursday) where he will begin duties this fall as Jr. High principal and coach in the public school system.

Talley has served as high school physical education coach, track coach, and was freshman coach this past year. He also taught Jr. high science and civics courses here.

His job at Baird will include only administrative and coaching.

The Talleys have 3 children. They are Robby, 10; Marsha, 4; and Ronnie, 3.

Before moving to Colorado City, Talley taught school at Anson.

He and his wife are active members of the First Baptist Church. He has been on the board of directors for the Jaycees and been a recreation director for 2½ years. Mrs. Talley is past president of the Jayceettes.

Circle Meets In Home of Miss Coleman

Mrs. Randolph McEntire presided at the meeting of Circle 1 of First Presbyterian Church recently with Miss Mildred Coleman.

Mrs. John Brown opened the meeting with prayer and the lesson was entitled "Rejoice in the Lord Always."

Refreshments were served to Mrs. Hall Jarman, Mrs. B. T. Daugherty, Mrs. Gordon, Mrs. Brown and Mrs. Jarman. Next meeting has been scheduled for Sept. 18.

Weekend Visitors

Mr. and Mrs. Carl House from Odessa visited over the weekend in the home of Mr. and Mrs. Charlie House.

Boyd House of Corpus Christi was also a guest in the House Home.

HOME TOWN

Talk

By PEGGY BELVIN

For the past few issues the headlines of the RECORD have carried a grim message to the reader.

For a period of only 5 days, one death and 4 injuries have been attributed to auto accidents within scant miles of each other.

The statistics for auto deaths and injuries over the state are even more frightening. It has been said many times that the automobile is responsible for more deaths than the most destructive weapon in any war.

An automobile is no longer a luxury. It is a necessity found in almost every home in America. More and more families are becoming two-car owners.

An automobile can bring many pleasurable hours to a family . . . or it may bring the unexpected.

An automobile is to be respected. It is a ton or more of lethal weapon . . . if used carelessly. So show respect for such power and show respect for your fellow man . . . by driving carefully.

This writer's eight-year-old nephew has come up with an idea which will revolutionize the newspaper field. His idea will speed up production at least 50%.

This bright youngster claims that his invention will save all the typing we have to do to make copies of the RECORD. (I hadn't the heart to tell him that we didn't type every sheet). He claims that a big rubber stamp would do the job much more efficiently.

Patent, anyone? . . .

We were astonished last week-end when we visited LAKE COLORADO CITY to attend a bar-b-que. The destined site for the fete was the sandy beach at WYATT'S POINT.

You can imagine our surprise when we found the place under about six feet of water . . .

Speaking of the aforementioned bar-b-que did you ever try to start a grill full of charcoal with only a paper sack and a box of matches? Our problem was solved, however, in the form of JOHN HARVEY, who was boating in the vicinity, when he appeared with gasoline.

But, even gasoline couldn't help our ill-fated fire. LAARY HARDCASTLE, official bar-b-que chef, was getting ahead fast . . . when he set his foot afire. Oh well, that's what usually happens when children play with matches.

All in all, the bar-b-que was a great success . . . even if it ended up being cooked over the blazing open fire of the kitchen range.

Car Wash Saturday

The Methodist Youth Fellowship of the Westbrook Methodist Church will sponsor a car wash Saturday at the church.

Washing starts at 7 a. m.

The MYF members will pick up the cars of those unable to bring them by. The church's pastor, Rev. Larry Sullivan may be contacted for pickup service on the cars.

The cost is only \$1 per car.

Mrs. Mayhew Wins High In Bridge

Mrs. Ira Mayhew of Houston, guest at the Dessert Bridge Club meeting recently in the home of Mrs. Bob Carver, won high in games of bridge played.

Mrs. Joe Smoot won second prize.

Refreshments of cherry pie, homemade candy, coffee and tea were served to 2 guests, Mrs. Willie Landau and Mrs. Mayhew, and to the following members:

Mrs. Frank Deregibus, Mrs. Art Dibble, Mrs. Pete Warren, Mrs. Ben Sparks and Mrs. Jimmy Kelley.

Also Mrs. Toby Preston, Mrs. Ben Hudson, Mrs. R. J. Hoback and Mrs. Bob Ratliff.

Youth Revival

The Methodist Youth Fellowship of the Dunn-Buford Methodist Church will conduct a Youth Revival July 28, 29 and 30.

Services begin each of the

Visits Daughter

Mrs. Walter Wood visited her daughter and family, Mr. and Mrs. Russell Dunn and children, over the weekend.

MISS BYRDIE HERRING engaged to Barnhardt Man

FOR HERRING, EDWARDS

Wedding Plans Told

Miss Byrdie Ann Herring of Colorado City is engaged to marry Rodney Bruce Edwards of Barnhart at the First Baptist church in Colorado City Aug. 26.

She is the daughter of Mrs. H. E. Herring of Colorado City and H. E. Herring of Lubbock.

Edwards is the son of Mr. and Mrs. M. I. Edwards of Barnhart.

Loraine Baseballers Beaten by Merkel

Loraine's semi-pro baseballing hurler for the Taylorers dropped a 7-2 decision to County team.

The Merkel squad, with a current 11-4 record on the season, return the home-and-for the Mitchell County squad home series in Loraine Sunday and Juan Biera was the win-day in a 3 p. m. contest.

By The Way...

By PAULINE CORNUTT

If you like to travel, 10 to 1 you would have given almost anything to have been with MR. AND MRS. A. D. BARRY, former C-City residents now living in Midland, when they took a 3-week European tour the last part of June.

They arrived home last week and were in Colorado City Sunday with his mother, MRS. ARTHUR BARRY, 1324 Locust St. The couple were both employed here before moving to Midland.

The Barrys were met by their daughter and son-in-law, Dr. and Mrs. R. C. Rayfield at the airport in Paris, France. The Rayfields are living in Germany where he practices medicine in armed services.

After touring France the group went to Belgium and then to Holland. They spent 3 days sight-seeing at the Hague, Amsterdam.

In Brussels, the 2 families saw the King's Palace, changing of guards at the American embassy at the Hague, Capital of Holland.

They stayed at the Grand Hotel on the shore of the North Sea and returned to Stuttgart, Germany, home of Mr. and Mrs. Rayfield.

Places toured in Germany were Garwisch — "Play-ground of Germany"; Ludwing's Palace and Aberamagan, site of the Passion Play.

Italy was the next country on the agenda and the group really made the most of their journey by visiting Florence and Venice; Sienna, home of Michaelangelo; Rome and the ruins, Vatican St. Peter's Cathedral; Leaning Tower in Pisa and on to the Mediterranean Sea.

"Land of the Alps" took on a new meaning when the travelers got to see first-hand what life in Switzerland was really like. Before returning to Stuttgart, they made stops in Geneva, Lucerne and Tzurich.

Mrs. Rayfield is the former Betty Jane Barry and is a graduate of Colorado High School.

We can just imagine what it was like Monday night when employees of the TEAS STATE HIGHWAY DEPARTMENT and their families... 66 people in all... got together at Cooper's Cove for their annual ice cream party!

After water skiing, surf boarding and boating, the group gathered at BILL COOPER'S home on Lake Colorado City for dominoes, pool, table tennis... and not forgetting the main thing of course, the ice cream.

What I want to know is... who got the desirable job of freezing the goods, to feed this crew...

To those who always notice new faces... we have 3 at Colorado Drug Inc.

Working at the store for a short period of time now have been GLENDA CAWTHON, CARROLL LITTLE AND MARY ANN SHOFF.

Miss Cawthon graduated from Colorado High last May and has been working for about 2 months at the store. Miss Little will be a freshman this fall at Loraine High School and Miss Shoff will be a sophomore here.

On the guest list this weekend at the HOWARD HARDCASTLES, 871 Marshall St. were visitors from Ft. Worth... Mr. and Mrs. M. N. Simmons, Jana, Jerry, Kathy and Kelly.

The Simmons family arrived in Colorado City Sunday and returned to Ft. Worth Monday-morning.

MRS. JACKIE THOMAS PRESCOTT, the former Virginia Hoover

MARRIED JULY 15

Couple On Trip To South Texas

Mr. and Mrs. Jackie Thomas Prescott are on a sight-seeing tour in Houston following their marriage July 15 at 3 p. m.

Bride is the former Virginia Hoover. Home of the bride's parents, Mr. and Mrs. David H. Hoover, 405 E. 4th St., was setting for the afternoon ceremony.

Groom is the son of Mr. and Mrs. Walter Prescott, also of Colorado City.

Rev. Jimmie Law read the double-ring rites.

Mr. Hoover gave his daughter in marriage. She wore a white lace waltz-length gown and a white net veil. She carried white carnations atop a white Bible.

Maid of honor was Miss Sharon Hall, cousin of the bride, Colorado City. She wore a white dress complimented by a pink rose corsage.

Kenneth Hoover, brother of

the bride, served as best man. A reception following the wedding was conducted in the home. Table was laid with a

lace cloth and centered with the traditional wedding cake topped with a miniature bride and groom. White cake and green-colored punch were served. Appointments were in crystal and silver.

For a wedding trip to the Holiday Inn near Odessa and points in south Texas, the bride wore away a white and black dress with matching accessories. Couple plans to live in Colorado City where Prescott is employed in wood construction. Both the bride and groom attended Colorado High School. Guests attending were members of the bride's and groom's families.

Oliver Home Setting for Club Meeting

Scene of Hostess Club meeting last Thursday was the home of Mrs. Harold Oliver.

Games of progressive 42 were played with Mrs. Doyle Clark winning high; Mrs. J. R. Erwin, traveling; and Mrs. B. D. Mason, low.

Refreshments were served to 3 guests, Mrs. W. B. Ezell, Mrs. Alvin Orr and Mrs. A. K. McCauley, and following members:

Mrs. Charles Goodlett, Mrs. Bob Chalker, Mrs. Carroll Gray and Mrs. Clark.

Mrs. Travis Turner, Mrs. James McClendon, Mrs. Buddy Hertenberger, Mrs. Leonard Ward and Mrs. Mason.

Mrs. Charles Snyder, Mrs. J. R. Erwin, Mrs. Charles Dockrey, Mrs. Charles Arledge and the hostess.

TO CARR CLUB MEMBERS

Mrs. J. L. Rees Presents Report on H. D. Council Meet

Mrs. J. L. Rees, delegate, read the report on the county home demonstration council meeting in the Lone Wolf Electric Co-operative building July 20 when Carr Home Demonstration Club met Friday with Mrs. Curtis Stone.

She stated that if any members were interested in going to the state T.H.D.A. meeting Aug. 9-10 in San Angelo, a chartered bus was being provided for clubs in the county.

Registration will be at the Cactus Hotel and Mrs. Cricket Taylor, county home demonstration agent, or Mrs. Parker Jarman should be contacted by members planning on making the trip, she said.

Mrs. Rees added that annual encampment of clubs will be at the Co-op building Aug. 24 and that husbands of members will be guests. Each club was urged to present a skit at the affair.

She told the group that Mrs. Aubrey Russell, district agent from Lubbock, spoke to the

women at the council meet and told them there were 3 reasons for home demonstration clubs — information, social, civic activities, and a way to develop leadership capabilities. She said leadership training was organized in 1946 and that women go for 1 reason, some for another, occasionally. A woman will go to take advantage of all 4 reasons, she said.

The world today is entering new directions, the women were told. The rural and urban women live very similar lives today, whereas, even no later than 1947, there was a vast difference. She pointed out that rural electricity had opened up the way for better country living. Both the urban and rural women today are interested more in consumption rather than products and few farm families produce their own milk, eggs, poultry and meat.

The speaker added that the county agents responsibility is to work with all people, whether they belong to a club — urban or rural.

Her responsibility is to the county program building — food, clothing, etc. Also to the 4-H. In 4-H, the important thing is the development of the boy and girl — not the calf or the dress.

A quiz, "foolish questions," was conducted by Mrs. Gerald Rollins. Club song was led by Mrs. Rees and prayer was spoken by Mrs. Stone.

President, Mrs. Tom Jackson, presided at the business session.

Club voted to pay insurance for the next 3 years on the Carr Community Center building. Members decided to donate 10 dollars to help provide an All-Faith Chapel in each of the state mental hospitals in Texas.

A motion was made to have an old-fashioned ice cream supper in the Carr community center building Aug. 5 at 7:30 p. m. Community is invited to attend the function.

Refreshments were served to Mrs. Tom Jackson, Mrs. John Latty, Mrs. J. L. Rees and Mrs. C. C. Buchanan.

Mrs. Rollins, Mrs. T. A. Rees, Mrs. Louis Rees, Mrs. F. A. Langley and the hostess.

It was announced that due to the lack of time, the knitting session will be held in the community center July 28 at 9 a. m. Mrs. Dick Gregory Sr. will instruct the group.

Next regular club meeting will be Sept. 1 in the home of Mrs. Toone Sweett in Colorado City at 2 p. m.

FOR

Big Spring YMCA Tennis Meet

The annual Big Spring Tennis Tournament, sponsored by the Big Spring YMCA is scheduled August 9-13.

Both men's and women's singles and doubles matches are planned, with awards offered in each division.

Players from Colorado City, Mitchell County and other area locations are invited to participate. No tennis experience is required for entry — all age groups are welcome.

Entrance fee is \$2.00 for singles and \$1.00 per person for doubles.

Those who desire to play in the doubles, but do not have a partner, will be teamed with another player by the tournament committee, says tournament director R. G. Robertson.

Matches will be held in the afternoon and early evening on the Cosden Country Club and City Park courts. Players from outside Big Spring will be scheduled for late matches, to allow for travel time to Big Spring.

All entries must mail the following information, along with entrance fees, to the Big Spring YMCA: name, age, address, and sex. Also indicate play in singles and/or doubles, name of doubles partner (or whether a partner is requested), and the earliest time in the afternoon which would be suitable for play.

Deadline for entry is 6 P.M. on Friday, Aug. 4. Brackets and other tournament information will be mailed to entrants about 2 days before play begins.

Fetes Honor Thompson In Silver

Miss Melba Thompson, bride-elect of Monte Wilkes, was honored with a bridal shower last Tuesday at the Sun recreation hall in Silver.

Hostesses were Mrs. R. S. Anderson, Mrs. Bob Adam, Mrs. Frank, Mullican, Mrs. Earl Lindsey, Mrs. Hal Anderson, Mrs. Ollie Newell and Mrs. J. Jameson.

Also Mrs. Allen Jameson, Mrs. Walter Paul, Mrs. Fred Wilcox and Mrs. Charles Kennedy.

Gift from the hostesses to the honoree was a set of stainless cookware.

Guests were registered by Mrs. Arch Mathers.

Table was laid with pink net over white cloth with a bride doll and umbrella encircled with coral wreath as the centerpiece.

Out-of-town guests were from Maryneal, Loraine, Colorado City and San Angelo.

A coffee was hosted July 14 honoring Miss Thompson at the home of Mrs. Robert Henderson with Mrs. H. G. White and Mrs. George Connor as co-hostesses.

Hostesses gave the bride-elect a cook book and guests brought spices and items to fill a cook's cabinet.

Refreshments of coffee and doughnuts were served to 18 guests.

51 Attend Reunion at Watson Home

Fifty-one people attended the family reunion in the G. B. Watson home, 345 Sherman St. Sunday.

Those attending were Mr. and Mrs. J. S. Freeman and Bill, Mrs. Joe Beck, Pam, Sherri and Sterling, all of Abilene; Mrs. Bill Herring and Sue, DeMott; Mr. and Mrs. Don Jones, Max and Donelle, Mr. and Mrs. Ray Beebe, Mike and Debra, Elvanna.

Mr. and Mrs. Sam Harris, Stephenville; Mr. and Mrs. J. B. Hammett, Noida and Paul, Mr. and Mrs. Sam Freeman, Billy Johnny, Kitty, Cindy and Chrissy, Midland.

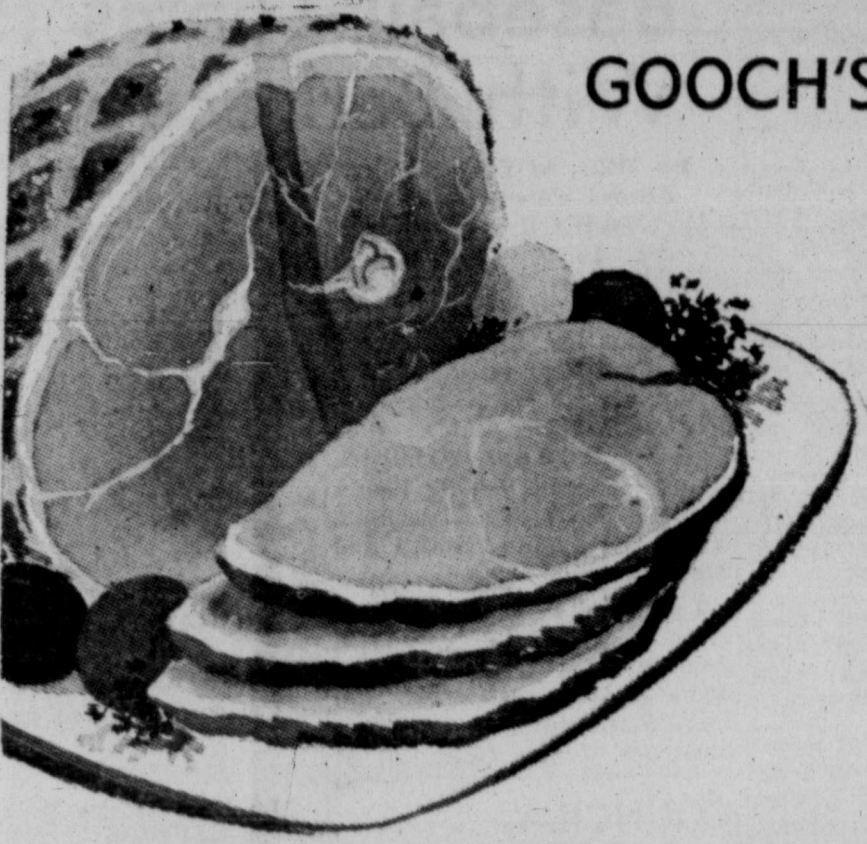

Mr. and Mrs. S. C. Huttoall, Shreve; Carol, David and Donald, Odessa; Iris and Donna, Byron; El Paso; Sidney and Vicki, Wilcox; Amarillo.

Also attending from Colorado City were Mrs. Joe Blunt, right and Tanya, Mr. and Mrs. J. M. Watson, Jr., and Lee, Jr. and Leona, Watson, and Mrs. Elvanna, Huttoall.

Four generations were present. They were Mrs. J. S. Freeman, Mrs. J. S. Freeman, Mrs. Joe Beck and daughter, Sunday visitors.

Mr. and Mrs. J. S. Freeman were Sunday visitors at the Watson home. They were accompanied by Mrs. J. S. Freeman, Mrs. Joe Beck and daughter, Sunday visitors.

RUSSELL, HILLHOUSE, CORBELL STAR

Little League All-Stars Win, Lose in Tourney

Colorado City's Little League All-Stars found brief glory in the 1961 area Little League tournament.

The locals, managed by Jimmy Harrison and coached by Bob Ramage, opened up on a note of triumph Friday night in Sweetwater's Little League Park with a handy 12-3 victory over the Colorado River (Bronte and Robert Lee) All-Stars.

But the bubble burst Tuesday night.

Sweetwater's National League All-Stars defeated the locals 7-4 in that one — the loss drops C-City from tournament play and moves the Sweetwater crew into the tournament's next round in Snyder Friday and Saturday.

The locals got the runners on the basepaths Tuesday night, but couldn't solve the hurling of winner Kenny Bonner enough to push across the necessary scores.

C-City banged out a total of 6 hits with third sacker Mike Hillhouse leading the way with 3 safeties of his own.

Wayne Russell started and lost for Colorado City. Steve White came in the fifth inning to finish out the contest.

Larry Douglas stroked a 2-run homer in the top of the first to give Sweetwater's charges a fast lead. (The Sweetwater National League All-Stars did a repeat in 1961 of what they did last year when they beat the C-City Stars and then went on into the Regional tournament in Wichita Falls before losing.)

Sweetwater got to Russell for 2 more in the top of the fourth and then got to Russell and White for the other 3 in the top of the fifth.

Hillhouse led off in the bottom of the first for the locals and rapped the second pitch for a single. He came on a round to score on a fielder's choice.

White opened the second with a single and Jay Henderson was safe on a fielder's choice that put out White.

Jackie Kahler then walked and Hillhouse drove home Kahler and Henderson with 2 away. The locals held the 3-2 lead until Sweetwater got their 2 in the fourth.

The final C-City score came in the do-or-die bottom of the sixth with the hosts leading

7-3. Joe Stockton drove home White with that tally.

The locals got 4 runs on 6 hits and committed 2 errors. It was 7 runs on 5 hits and 1 error for the Sweetwater crew.

Ronnie Corbell, mainstay of the Tigers' pitching staff through the regular season,

FOR SOCIAL SECURITY

Big Spring Office To Serve County

A new Social Security Administration District Office, which will serve Mitchell County, will be opened in the near future reports William L. Mitchell.

Mitchell, a Commissioner of the Social Security Administration, made the announcement from his office in Washington, D. C. Wednesday. The exact opening date of the new office will be announced later.

The new office will serve not only Mitchell County but also Howard, Dawson, Borden, Glascock, Martin, and Scurry counties. They had previously been served by District Offices in Abilene, Odessa and Lubbock. This county is currently being served through the Abilene office.

"The new Big Spring office has been designed to give better service for these counties," Mitchell said, "who are covered by the old age, survivors and disability program."

Mitchell stated that the population growth and the change in its pattern was the basic reason for locating the office in Big Spring.

At the beginning of this year, he noted, more than 5,100 residents of these 7 West Texas counties were receiving Social Security benefits at a rate just over \$275,000 per month.

"The new office is staffed to help claimants apply for benefits and get Social Security Cards as well as to answer all inquiries and questions

on old age, survivors and disability insurance," Mitchell concluded.

Mitchell County was formerly served by a Social Security District Office in Big Spring — it was closed in 1943. Since that time, residents of this county have been served through the Abilene office.

Bob Tulley of the Abilene District Office reported today (Thursday) that the Abilene office would continue to service Mitchell County residents until the Big Spring office opens.

A Social Security representative from the Abilene office will be in Colorado City, at the Colorado City Chamber of Commerce, Wednesday, Aug. 2.

June County Bond Sales At \$31,737

"Total sales of U. S. Saving Bonds in the State of Texas are up 2.6% at the end of the first six months of 1961 over the same period of 1960.

Sales in Mitchell County totaled \$31,737 for the month of June, which represents 41.4 per cent of the 1961 goal for the County," according to J. C. Pritchett, chairman of Mitchell County Savings Bonds Committee.

"H Bond sales alone for this period are 20.2 per cent higher than for the same period of 1960. The H Bond is an excellent investment for persons wishing a regular income, and at the same time requiring safety and ease of redemption. This Bond bears 3.3/4 per cent interest if held to maturity, and interest checks are mailed every 6 months to H Bond owners."

"Investment in both E and H Bonds is putting your money to work for you—and for your country," concluded Pritchett.

spun his stuff at the Colorado River All-Stars Friday night and won an easy 12-3 decision.

The opposition got to Corbell for 1 in the second and 2 in the fifth as he coasted behind the hitting barrage of his teammates — led by powerful Russell.

Russell, pride of the Dodger pitching staff, turned hitter in that contest and banged out 4 hits in 4 appearances at the plate. All were big blows, but his 2-run homer in the fifth put the game on ice for the locals.

Russell also had a triple and 2 singles. Corbell added a double to aid his own cause and Hillhouse to a single himself.

Hillhouse left the game off in the top of the first with a single and then romped home on Russell's first single. The C-City crew found their opening in the top of the second and rolled across 8 big runs as 2 walks, an error and singles by Lynn Barnett, Russell, White, Kahler and Jay Henderson.

An error sent Russell home in the fourth after his triple. And then Russell put the frosting on the cake in the fifth with his booming homer.

The losers got 3 runs on 6 hits and no C-City errors. Colorado City got 12 runs on 9 hits and Colorado River committed 2 errors to aid their winning cause.

Comedy Corner

"Frisby, I'm afraid you're forgetting what you're supposed to be stuffing around here!"

BOWLER of the Week

Lester Watson

One of the most popular Colorado City bowlers is Lester (Les) Watson, the Col-Tex Refining Company welder.

He bowls for Myers Auto Parts every Monday night and for Banks Garage in the Thursday night Mixed League. In the winter he's with Burton-Lingo in the Men's League.

Les, who has won several trophies, has a composite average of 198 a high game of 247 in league play and a high series of 619. And a split pin will be placed on the trophy wall at Mark Lanes to signify his membership in the 24 Club.

The Col-Tex employee who also has his own welding business, has a family.

MARK LANES

NEARS FULL MARK

Fishing Good as Lake C-City Rises

Lake Colorado City continues to rise toward the full mark and fishermen are still catching bass, channel cat and crappie.

The lake is now just over 14 inches from the full mark.

The biggest bass catch of the week was reported by W. T. Denson of Roscoe, a regular on the local lake, when he reeled in a 6-pounder. He also reeled in a 4-pounder and 4 others that averaged 2 pounds each on his Charlie's Bass Bug lure.

The biggest channel cat catch of the week was by Colorado City's own Luke Treadwell. He hooked 2 that totaled 25 pounds on a trot line using water dogs as bait.

Ten-year-old Miss Sydney Moore of Lubbock didn't fare too badly herself when it came

to hooking channel cat on the local lake. She reeled in 4 channel cats that averaged out at 4 pounds — quite a feat. She was using minnows.

Harley Myers of Odessa caught the most crappie—14 that were pan-size. He also reeled in 8 pan-size channel cat using minnows and water dogs.

Springlon Howell and Carl Ballinger of Midland reported the largest single crappie of the week — a 1 1/2-pounder. They caught it on minnows.

Bernie Grable, one of the better and most consistent fishermen in Mitchell County, got his share of the lake's bass again. The largest tipped the scales at 3 pounds; 3 weighed in at 2 pounds each; 3 were 1-pounders; and 2 were

1 1/2-pounders. He is a rod-and-reel fisherman.

Westbrook's Dale Byrd hooked 2 2 1/2-pound bass on lures and minnows.

M. C. Costin also of Colorado City, used perch on a trot line to bag 2 2-pound channel cats and a 3 1/2-pound blue cat.

Youth and a female got into the spotlight again as Lynette Manis of Dallas casting with liver, hooked and landed a pan-size channel cat herself. She is only 3 years old.

Tommy Richmond of Albuquerque, N. M. also fished with liver and came up with a 3 1/2-pound bass.

D. L. Vaughn reported a 3-pound yellow cat and 3 1 1/2-pound channel cats.

A couple of Odessa sportsmen, W. L. Williams and Don Jofies, reeled in a total of 8 channel cat—ranging from 3/4 to 1 pound each.

F. C. Pace caught 7 yellow the Colorado City Chamber of cats that tipped the scales at 7 pounds combined and 5 yellow cat that averaged 1-pound each. He also reported a 1-pound bass.

Week End Guests

Mr. and Mrs. Rocky Allen and son of Colorado City were guests of his parents, Mr. and Mrs. Leonard Allen of China Grove over the weekend.

Weekend Guests

Week end guests of Mrs. Stella Morrow, 1674 E. 12th St., were Miss Patricia McFalls from Raleigh, N. C. and J. R. Lewis of Edcouch. Lee Lewis returned home with them after spending several weeks in Colorado City.

Promoting Patriotism

President's Report Pin-Points The Crisis

President Kennedy's report to the nation Tuesday night reached to the heart of our national and world crisis. His appraisal of the situation and declaration of a free nation's intentions was in effective balance.

The problem for these times is to make plain freedom's determination in effective manner... without going too far, so to speak, and providing excuse for the opportunists, or the bullies to ignite a fuse.

This the President accomplished, apparently in a manner that reassured the free nations of the world.

Yet, his words were jolting... especially to those of us here within the United States. No matter how we might have steered ourselves for even the worst, the Chief Executive's statement that "we do not want to fight — but we have fought before" is especially sobering. And his advice for families to better prepare for themselves in case of nuclear bomb attack does not lessen the jolt.

This is one of the great problems we face here in America, a free country. We desire and seek peace. Yet we must be prepared for the ultimate. And it is difficult for peaceful people to really gird themselves for the possibility of war until attacked.

This particular problem was among those which the President dealt with effectively, posing the seriousness of the threat, emphasizing preparation even to the point of public bomb shelters... yet reassuring constantly that the avenue of peaceful discussion is always sought.

"The immediate threat to free men is in West Berlin," the President declared. "But that isolated outpost is not an isolated problem. The threat is world-wide. Our effort must be equally wide and strong, and not be obsessed by a single manufactured crisis."

Farm Safety: Year 'Round Job

We seem to need an official "week" each year to remind us of things we really should practice every week of every year.

There's nothing wrong with the idea — the official reminder usually proves helpful — but too often too many people will substitute one week's observance for a year's practice.

National Farm Safety Week, being celebrated July 23-29 this year, is a perfect example of a "week" that should be considered a continual part of rural life. Especially is that true in this Mitchell County area in which agriculture plays such a leading role in our economic life. It is just plain good sense to avoid the suffering and economic losses resulting from farm accidents.

Co-sponsored on the national level by the National Safety Council and the

"We face a challenge in Berlin, but there is also, for example, a challenge in Southeast Asia, where the borders are less guarded, the enemy harder to find, and the danger of communism often less apparent to the local population.

"We face the challenge in our own hemisphere and where ever else the freedom of human beings is at stake.

And, then, after outlining economic, military and civilian steps for preparedness, the President rightly declared:

But I must emphasize again that the choice is not merely between resistance and retreat, between atomic holocaust and surrender. Our peace-time military posture is traditionally defensive; but our diplomatic posture need not be. Our response to the Berlin crisis will not be merely military or negative. It will be more than merely standing firm. For we do not intend to leave it to others to choose and monopolize the forum and framework of discussion. We do not intend to abandon our duty to mankind to seek a peaceful solution.

"While all of these efforts go on, we must not be diverted from our total responsibilities, from other dangers, other tasks. If new threats in Berlin or elsewhere should cause us to weaken our new program of assistance to the developing nations who are also under heavy pressure — or to halt our efforts for realistic disarmament — or to disrupt or slow down our economy — or to neglect the education of our children — then those threats will surely be the most successful and least costly maneuver in Communist history. For we can afford all these efforts, and more — but we cannot afford not to meet this challenge.

And the challenge to every nation. It is a challenge to every nation which has asserted its sovereignty in the name of liberty. It is a challenge to all who want a world of free choice."

STATE CAPITOL NEWS

Legislators Agree on What Tax Bills Not to Agree on

By VERN SANFORD
Texas Press Association
House members burned midnight oil in an effort to get a tax bill to the Senate before the mid-point of the brief 30-day session.

In the long, long sessions and seemingly endless succession of approaches, amendments, substitutes and substitutes for the substitutes, it was often difficult to tell who was winning what. Showdown votes indicated that it is still easier for members to agree on what they don't want than on what they do.

Rejected, at least for the time being, was a package bill recommended by the Revenue and Taxation Committee. Its main money-raiser was a sales tax, with exemptions, on items costing \$5 or more. It also included more utilities taxes, natural gas taxes, a transfer of funds from the permanent school fund, a revised franchise tax and a bookkeeping transfer.

Also turned down were proposals for a 4 per cent corporate income tax by Rep. Bob Eckhardt of Houston and a 1 per cent general sales tax by Rep. Tom Andrews of Aransas Pass.

Rep. Charles Ballman of Borger, chairman of revenue and taxation, was pushing for a package bill that closely tracked Gov. Price Daniel's recommendations at the beginning of the session. It differed from the committee-

written package chiefly in that it included a Pennsylvania-type sales tax, applying only to items listed in the bill.

Despite the House problems, an Aug. 8 finish may still be possible. Senate, generally, is swifter and more nearly of one mind on money matters. It agreed on a tax bill in the regular session in approximately 1/3 the time spent by the House.

Hardest part is getting agreement on one plan from both House and Senate — and finally — from the governor.

FUND BILL — House has given second reading approval to a bill appropriating \$2,527,000,000 for the next 2 years.

It is slightly higher than the bill passed earlier by the Senate, and eventually differences will have to be worked out by a conference committee of the 2 houses.

A group of conservatives in the House were felled — at least temporarily — in an effort to cut the bill by \$27,000,000 through economy measures. Among items they felt could be deleted or put off were recarpentering the House chamber and refinishing members' desks for \$250,000, adding an office for the governor to the Governor's Mansion for \$50,000, installation of a sprinkler system on the Capitol lawn for \$20,000 and several other expenses of that nature.

Economy group also wanted to trim back some increases in the bill for salaries and travel expenses for state personnel and eliminate paying legislators a salary for the period between November, 1960, when the annual pay amendment was approved, and the start of the session in January.

SCHOOL BILLS — A bill to provide more liberal state aid for sparsely populated school districts has been approved by the House Education

Committee. Rep. Sam F. Collins of Newton is sponsor of the measure which would provide \$378,000 to pay for 90 additional teachers in rural areas. Most of the extra teachers would be for Negro schools.

Objectors to the bill said it would perpetuate the problem of having school districts too small to provide a strong school program.

On the other side of the Capitol, the Senate Education Committee gave reluctant approval to a more economical teacher pay raise plan than the Hale-Aikin plan it already had approved. Sent to the floor was a bill by Sen. Bruce Reagan of Corpus Christi which would give teachers a \$600 a year raise this year, \$200 more in 1963 and \$200 more in 1965. Hale-Aikin provides for \$810 a year more immediately.

PUSHED — A bill creating a board to control water pollution is under study by the House Conservation and Reclamation Committee. Similar bill was passed by the House last session but died in the Senate. Rep. R. H. Cory of Victoria, sponsor of the measure, said that unless the state acts now to control pollution, the federal government will take over.

Under the Cory bill, a 9-member commission would be created with power to cancel an industrial firm's permit to operate if it persisted in activities causing water pollution.

A bill to reorganize the State Board of Water Engineers, somewhat along the lines of the State Highway Commission, is also under study by the same committee. Under the proposal by Rep. Franklin Spears of San Antonio, a chief engineer would be in charge of administrative and technical functions and a board would make policy.

TAYLOR - MADE

By RICK TAYLOR
Record News Editor

MARDELL SHEPPARD, the city's patrolman on Lake Colorado City, took Taylor-Made for quite a ride Tuesday — and in a boat at that.

It all started at 4:50 p. m. Tuesday as Taylor-Made was crossing Pine St. at its intersection with 3rd St. when Sheppard stopped for a light and asked Taylor-Made to go to the lake with him. "Can't," I truthfully replied. "I must be home to supper at 6."

"We'll be back in 30 minutes," he assured Taylor-Made.

So Taylor-Made hopped into Sheppard's Ford — and blindly rode off toward his rendezvous with a drifting boat.

That was the purpose of the trip. **SHORTY PARKER** at the lake had called and said there was an unclaimed boat drifting around in the lake.

With the aid of some young swimmers the drifting boat was attached to the city's boat and off we went toward the city's boat house. The trip was slow, but uneventful — and it was 5:30 as we neared.

We cast the old boat adrift and attempted to push it to shore with the powered boat. That didn't work.

So we tossed the line onto the shore and drove the city's boat upon its ramp — after Taylor-Made rubbed his hand

raw pulling the old boat into a favorable and shallow position.

We 2 sailors (?) then went to pull the old boat upon the shore. It just wouldn't budge in our direction. Next we pulled it. In the water, up in back of the ramp and tied it to the city's boat. "We'll just pull the city's boat up into the boat house with the winch and the old craft with it," we thought.

Again we were mistaken. Taylor-Made lost a little more flesh from his hands trying to anchor the rope as Sheppard labored and sweated over the winch. Then the rope broke. We then attached the 2 pieces of the rope to the old craft to give more pulling power. And Taylor-Made grabbed a 2 by 4 to lift up the old craft as it slid along the ground. The board promptly broke.

Then Sheppard stood ankle deep in the old boat and bailed out the water.

Again we tried and another rope broke.

But we weren't stubborn about it. WE GAVE UP. The boat probably rests just where we left it — about half out of the water and blocking the city's patrol craft.

Then back to town and to his car flew Taylor-Made.

What happened when he got home?

Don't ask me. I haven't gotten up the courage yet to

TEXAS AGRICULTURE

Law to Protect Roses of Texas

By JOHN C. WHITE
Agriculture Commissioner

The letter from an irate home gardener bore a familiar complaint:

"I ordered a dozen rose plants from a catalog that pictured a beautifully-flowering bush loaded with large roses. What I got was a little more than a bundle of thorny sticks, some of which produced a few sickly roses and others that never grew at all."

Another writer said: A roadside trucker sold me some rose plants which turned out to be little more than climbing vines with tiny buds after I was led to believe I was getting the best quality roses available."

Numerous letters filled with similar tales of woe reach the mail box of the Texas Department of Agriculture each year. The implications were serious. Texas is noted worldwide for its fabulous roses.

It was not unreasonable for the buyer to expect the very best in a state that produces the best, but many buyers failed to realize that an unregulated area can fall prey to horticultural "junk peddlers" who capitalize on the state's reputation for fine roses.

This year the Texas rose industrymen banded together and requested the Legislature to help protect the reputation of Texas' popular flower. The result was the Texas Rose Act (S. B. 400) which provides for compulsory inspection and grading of roses sold within the state.

This law not only helps assure high standards for the unique Texas product but also guards against the "fly-by-nighters" who import inferior products into the state which might mislead the buyer.

The strongest advocates for this new grading law are the Texas rose growers and dealers, themselves. Conscientiously devoted to the production and marketing of "the world's best," rosemen will serve on a watch-dog committee to see that proper grading and labeling of products will be observed. In addition, they will work with the Texas Department of Agriculture in seeing that additional protection for the buyer is provided when needed.

Members of the first Texas Rose Advisory Board which includes both growers and shippers are C. E. Wilson of Jacksonville, Virgil Kimbrow of Willis Point, B. L. House, Raymond Payne, L. A. (Slick) Dean, Joe Burks, Harold Patterson, P. C. Moore, Charles Elkner, Ed Tedder, B. L. Ginn and Starley Hand, Jr., all of Tyler. As center of the multi-million dollar rose industry, Tyler provides the majority of the first board members.

Dr. Elton Lyle of the industry-sponsored Texas Rose Research Foundation and Bill Pullingim, executive secretary of the Texas Association of nurserymen are ex-officio board members who will assist in the rose program.

LOCAL BUSINESS

Newspaper Ads Chain's Mainstay

By MADGE BELL
Record Staff Writer

One of the most experienced retailers in the word, Walgreen's is celebrating its 60th anniversary this year. Drug stores of the company serve more than a million customers daily.

Managers of the great retail enterprise quickly give credit to newspaper advertising as a major factor in the success of Walgreen's stores. "Newspaper advertising has always been the mainstay of Walgreen's growth," one official said when noting the anniversary of the company.

Just what did he mean by mainstay? Individual stores in the retail chain put up to 90 per cent of their advertising funds into newspaper advertising.

As more of the stores be-

come self-service, advertising budgets are increasing and pre-selling through the newspaper becomes a more important phase of the stores' merchandising program.

Every 10 days, the company opens up a new self-service store, with the newspaper bearing a major share of the job of introducing new buying methods and new products to local communities.

It is difficult to argue with such success. Yet Walgreen's advertising methods are simple and easy for any retailer to emulate.

The advertising of the company is based on the idea that people will come to a store to buy if they know what is available at the store and under what conditions the purchase can be made.

Walgreen's advertising is continuous. It gives complete information about a large number of products, it makes use of the local newspaper as a basic medium.

This is a reliable formula for any retail advertising. It worked 60 years ago. Apparently, it is working even better today.

Strictly Fresh

The biggest room in the world is room for improvement.

A synonym is a word that you use when you don't know how to spell the other one.

FORT HOOD

Local Guardsmen Back from Camp

Colorado City's National Guardsmen recently completed their annual 2-week summer training session at North Fort Hood near Temple. The North Fort Hood is a detached part of the permanent facilities of the big Army fort. The 17 local Guardsmen left for Fort Hood on July 2 and returned here on July 16. Making the trip from here were: Earl Taylor, Roy Sweatt, Joe Clark, Lee Roy Culbertson, Perry Mitchell, Loyd Mitchell, Jerry Cannon, Bud Windham and Jimmy Wood. Also Don Fite, Bud Hart, Charles Pruitt, Melvin Walker, Jimmy Browne, Frank Erown, Jerald McCann and Fred McDowell. The local unit is a detached unit of the Big Spring Battery, commanded by Capt. Dewie Stevenson. M/Sgt. Taylor is the ranking member of the local firing battery here. This unit is a part of A Battery, 3rd Rocket Howitzer Battalion, 132nd Artillery, 49th Armored Divi-

sion of the Texas National Guard. The locals were honored with a unit award during their training. They were rated the top battery in their battalion. The first week of training was spent in the field in study and dry-run sessions. The unit spent 5 days and 4 nights the second week "in the field." It was at that time that the field training and firing of the Howitzer was conducted. Although a part of the Big Spring unit, the unit meets 2 Monday nights each month here in Colorado City alone. They then spend 1 2-day week end each month in Big Spring training with the Big Spring unit. Lt. Johnny Hooper, executive officer of the Battery, is present at the 2 local meetings each month and serves as commanding officer at the sessions. Taylor reports that the local unit does have vacancies for any interested young men.

ARTISTIC TYPE

No brush or pencil has touched this drawing. The creator, Mrs. Lucile Couturier, of Paris, France, made the landscape with only her typewriter. She uses varying pressure on the keys to achieve the Oriental type result.

Three Enter Guilty Pleas In Court Here

Three pleas of guilty were received in County Court last week—1 for aggravated assault and 2 for driving while intoxicated. Eduardo Padilla of Colorado City pleaded guilty to DWI and received a 3-day jail sentence along with \$100 fine and \$27.50 court costs. He was arrested by State Highway Patrolman Buddy Herterberger. Herbert Frye of Amherst was fined \$115 and \$27.50 court costs and given 3 days in jail also after pleading guilty to DWI. He was arrested by Assistant Chief Truman Henderson following an auto accident. Abra Aguilar pleaded guilty to aggravated assault with a gun and received a 30-day jail sentence. In addition, he was fined \$50 and court costs. He shot Demencio Salazar with a .22 caliber rifle.

Lions and 28 Guests Hear Talk by Miss Martha Post

Colorado City Lions Club was host to 28 guests at its noon luncheon in Civic House — one of the largest delegations of guests to meet with the club in years. Miss Martha Jo Post, a native of Colorado City, was the guest speaker. Miss Post discussed her teaching position in an American School in Naples, Italy, and the city and country she has made her home the past 5 years. She teaches first grade in a school for children of American service personnel in the Naples area. The speaker noted the difference between the Italian people and the American people by saying that they "live day by day" and carry their emotions out in the open. She described the city of Naples with its approximately 1 1/2 million population as a

contrast of the past and the present. The city's traffic is very heavy — the city has just 5 main streets — but beggars and street peddlers still roam the streets. And the traffic situation is greatly increased, she said, by the people who walk in the streets instead of upon the sidewalks — which are wider than the sidewalks in the U.S. She will return to Naples next month. Miss Post's parents, Mr. and Mrs. Bob Post, who live at 915 Chestnut St., here in Colorado City, were also guests with their daughter. Lion Jimmy Harrison, manager of the 1961 Little League baseball all-stars had as his guests the 14-player all-star squad and the team's coach, Harrison's assistant, Bob Ramage. The 14 players were Jim Harrison, Larry Parham, Butch Wood, Jay Henderson, Mike Hillhouse, Ronnie Wilson, Lynn Barnett, Bill Magee, Steve White, Joe Stockton, Wayne Russell, Jack Kahler, Ronnie Corbell and Larry Campbell. Harrison, on behalf of the Little League organization and its 1961 president, J. O. Wood, awarded the Lions a certificate of merit for their contributions to the system since its organization here. Dr. H. Jens Steakley, Lion president, accepted the award. Other guests at the meeting included: Mrs. Ralph Lee of Colorado City, Mrs. J. D. Norman and Miss Irene Norman of Colorado City, Albert Cleck of Celeste, Mitchell County Judge Elmer Martin of Colorado City, Billy Bridgefort and Edward

TELEPHONE TALK by Truman Black, Manager

BUSINESSMEN ON THEIR TOES Most of us can take a breather from busy Little League and Pony League schedules . . . now that the season is over.

And our lakes here at home are looking better every day for outdoor leisure . . . boating, fishing picnics and just plain easy living. The rains have made sure lake levels will be good for months and months. But this mid-summer atmosphere doesn't mean Colorado City business men are sitting down and letting time just fly by. Not in the least, especially if you have been watching the planning and programming of your Chamber of Commerce.

Definitely on tap is the annual Mitchell County Fair . . . indoctrination sessions for new Chamber of Commerce members. Planned also are periodic Chamber membership meetings, something like the luncheon sessions which you attended a year or two back.

This idea of fellow businessmen getting together regularly to discuss mutual community goals and problems has good, sound merit. We get to see the overall view, gain mutual understanding and develop more cooperation. Cooperation in Chamber of Commerce . . . among all businesses is no element to belittle. It pays off for individual and community, alike.

PUT MORE FUN ON YOUR TRIPS One day last week an old friend stopped by to tell me about his vacation plans. He told me where he was going, what highways he'd take and where he'd be staying all along the way.

I asked him how he got everything worked out so well. "It was easy," he said. "This year I made all my plans by phone. We have good accommodations for each night and I know how much they cost. You just can't beat a phone call for finding out what you need to know."

That's a good idea for you, too, if you're planning a trip or vacation. You can save money by calling on Sundays or after 4 p. m. on weekdays when long distance rates are lower. And by calling station-to-station, you save as much as one third more.

Call by number. It's twice as fast. SOUTHWESTERN BELL TELEPHONE COMPANY

Final Week Of Camp for Area Scouts

The week of July 24th to 29th will be the last of 7 weeks of long term camping conducted this summer by the Buffalo Trail Council, Boy Scouts of America. Announcement of the final week was made by James E. Payne of Colorado City, Chairman of the Council's Camping and activities Committee. This final week of Camping is being held at Camp Ed Murphy on Lake J. B. Thomas. One previous week of camping was held at Camp Ed Murphy and 5 weeks were held at the Buffalo Trail Scout Ranch in the Davis Mountains. To date more than 1,000 Scouts and Explorers, reports Payne, have attended the camps and the total number is expected to exceed 1,500. This number includes numerous Philmont Expeditions and independent camps of Troops and Explorer Posts. The Buffalo Trail Council is a participating agency of the Mitchell County United Fund. Martins Host Mrs. and Mr. Don Martin and children of Midland were the hosts this week for a group of Scouts from the Dallas area. Mr. and Mrs. Martin

Miss Ruby Hines Attends Spanish Speaking Institute

Summer may mean vacation for students, but to teacher Miss Ruby Hines of Colorado it means attending a foreign language institute at Texas Tech College in Lubbock and returning to a classroom as a student herself.

Miss Hines, Spanish I and teacher in Colorado City High School, is 1 of 46 Spanish teachers attending the summer language institute.

The institute in Spanish is the first at Tech and is 1 of 10 in the nation being sponsored under the National Defense Education Act.

Teachers from Oklahoma, Arkansas, Florida, New Mexico and Texas are attending the Tech institute with stipends made available by the act. The 8-week program ends July 27.

Purposes of the institute are to upgrade the proficiency of spoken language, acquaint teachers with latest techniques and to broaden their knowledge of the Spanish culture.

Demonstration classes of third graders are used to illustrate methods of teaching in elementary schools and junior high students participate in classes showing the use of the aural-oral method on the secondary level.

Emphasis is entirely oral in the elementary grades and the students can develop their natural speech to some extent the way we learn our native tongue, says institute director Alfred B. Strehli, Tech professor.

On the secondary level the pace goes much faster. The exact transition to reading and writing is not standardized, and the emphasis is on naturalness of speech and not on isolated words.

Using drill and appropriate visual aids, the aural-oral approach is hoped to give the students a basic foundation in

listening and speaking before reading and writing.

The method satisfies the desire to speak the language which is what most high school students want, and the aural-oral approach should also produce better teachers or make the differences between a good one and a poor one more obvious, said Miss Hines.

Other advantages of the methods noted are the increased

Farm Tour Set Here in September

Colorado City business men and Mitchell County farmers and ranchers will join hands Tuesday, Sept. 12, in a joint effort to better cement relations between the 2 groups as the Colorado City Chamber of Commerce sponsors a Farm Tour.

Bob Post, chairman of the Chamber's Agriculture Committee, is spearheading arrangements for the tour.

The tour, set up to give county farmers a better idea of what their neighbor farmers are doing — and to allow Colorado City business men a personal, guided inspection and information tour of the important agricultural aspects of the county in relation to their businesses, starts at 8 a. m. It will continue for 4 hours, until 12 noon, and end with a noon luncheon for both groups.

All business men and farmers and ranchers in the county are urged to make the tour. Post said. "The bringing together of these 2 groups in fellowship and understanding will have far-reaching benefits for everyone in the county," he concluded.

interest aroused by the presentation in which the students actively participate and the greater retention of the material which results.

Visual aids have been used by teachers to present a clearer picture of the Spanish culture and to aid in drills. Some of the visual aids used are movies, slides, pictures, models and drill cards.

Suggestions to encourage class participation made by those attending the sessions are dialogues, tape recordings, songs, games, plays and dances.

The participating teachers live in a campus residence hall and eat their meals together so that they may practice their Spanish in conversations. They are required to speak the language at all times and are accompanied throughout the sessions by staff members who are native speakers of the language.

A highlight of the institute was a trip to Spanish speaking communities and places of interest in New Mexico. They saw the governor's place, San Miguel Church and the New Mexico State Fine Arts Museum in Santa Fe.

Also included in the weekend tour was visit to Chimaya village, center of textile weaving, where they heard a lecture in Spanish explaining the weaving process followed by 6 generations of the Ortega family.

Whites Entertain

Guests in the John White home this weekend in Loraine were Mr. and Mrs. Garland Emfinger and children of Seminole Mr. and Mrs. Clay Hughes and children and Mr. and Mrs. Darrell Owens of Loraine.

NOW'S THE TIME to save more truck dollars on the more-for-your-dollar trucks!

Your truck dollars are worth a whole lot more at your Chevrolet dealer's right now! First off, you get a head start on saving because summer's the saving season. Then, with a harder working, easier riding Chevy truck, you're set to save every mile you haul. And, finally, at trade-in time, you can expect an extra dividend because of Chevy's traditionally higher resale value. What could be better?

Summer's the season to get extra mileage from your dollars on the trucks built to give you extra miles of hauling. With Independent Front Suspension, Chevrolet trucks keep going thousands of miles longer because far less destructive jar and shake are transmitted through the truck. Chevy I.F.S. trucks work harder, too, in areas where other trucks have to be pampered. And, with Chevy's wide choice of thrifty 6 and hardy V8 power, you can tailor your truck exactly to your job. So how can you miss—especially now during the summer saving season?

Symbols represent generating stations in the four power systems to be more firmly linked by big new 345,000-volt transmission line

BIG ELECTRIC "TIE-LINE" TO BE POWER-ful PARTNER IN PROGRESS

Customers of the Texas Electric Service Company power system will benefit by construction of a strong electric power "tie-line", which will extend from the Permian Basin area through the Fort Worth-Dallas area and to Houston. This will bring about one of the nation's largest and strongest reservoirs of power.

The new "tie-line"—a 345,000-volt transmission line nearly 800 miles long and six times greater in electric power capacity than any other line now operating in the Southwest—is to tie together more firmly the power systems of Texas Electric Service Company, Houston Lighting and Power Company, Dallas Power and Light Company, and Texas Power and Light Company.

Added efficiency and economy of operation will be possible for each of the companies when the line is completed, and it will mean that, in the event of

an emergency in any of the four utility systems, much larger blocks of power will be available from the other areas than through present interconnections.

Texas Electric now is building its part of the line from Fort Worth to the Permian Basin area in West Texas. It will be part of the company's integrated power system and operated initially at 138,000 volts.

The section of the "tie-line" from Houston to the Fort Worth-Dallas area will be started in 1962 and will be pushed to early completion.

This new transmission "tie-line" is another example of planning and building ahead to assure plenty of dependable, low-cost electric power for continued progress of the more than 100 cities, towns and rural communities served by the power system of Texas Electric in The Opportunity Frontier of Texas.

IN CHURCH ACTIVITIES

Willing Workers Meet, Loraine Hosts Baptist Brotherhood

By MRS. ROY WELLS
Record Correspondent

LORAINA — Mrs. Willy Walker, president, was in charge of the business meeting when the Willing Workers Sunday School Class of First Methodist Church met Thursday night in the home with Mrs. James Bennett.

Mrs. Allen Beath was co-hostess. Mrs. Harold Martin read the devotion using "Love" as the theme. Mrs. K. L. Taylor reported that a floor mat had been bought by the church. Various committees reported and it was voted to pay \$5 toward the expense of the church revival which has been scheduled.

Names were mentioned to visit preceding the revival.

Mrs. James Bennett directed games and each member was asked to tell how her husband proposed. Meeting was closed with prayer by Mrs. Lily Bennett.

Refreshments of lime punch, open-face crackers, sandwiches and cookies were served to Mrs. Harold Martin, Doris Martin, K. L. Taylor, Willie Taylor and Lily Bennett. Also Otis Muns, Roy Wells, Troy Jones and 1 visitor, Mrs. Frank Story.

Jack Walker was elected Legion Commander of the Loraine American Legion Post at a meeting Thursday night in the Legion Hut.

He will replace T. J. Green Jr., who recently resigned from the post.

Twelve members were present for an ice cream supper and 6 new members were recognized.

Plans were discussed to

campaign for new members and to get the organization on a regular-meeting basis.

Loraine Baptist Church hosted the Mitchell and Scurry County Brotherhood Association Thursday night.

Supper was prepared by the Loraine members and served at 6:45 p. m. Program began at 7:30 with Rev. R. N. Tucker of Union Baptist Church as main speaker.

Olson Sweat of Colorado City had a part on the program and Bud Richburg of Colorado City led the singing. Approximately 75 were present.

Mrs. Price Hall hosted the Ready Sunday School Class of First Baptist Church Thursday night with Mrs. Rex McDaniel as co-hostess.

Mrs. A. G. Furlow Jr. read the devotion and the vice president, Mrs. Elwood Graham had charge of the business meeting.

Games were directed during the social hour by Mrs. Ray Preston.

Refreshments of a sandwich plate, punch and cake were served to Mrs. Wilmon Tartt, Furlow, Herbert Mearse, Loyd Wiggins and Preston.

Narrell Family Home for Weekend

E. A. Narrell family were all home this weekend for a visit in Loraine.

They were Mr. and Mrs. Fred Nebrieg and son of Ft. Worth, Mr. and Mrs. Billy Narrell of Abilene; Mr. and Mrs. Garland Narrell of Colorado City; and Jackie Narrell of the home.

Also T. J. Riden, Heston Redwine, Lloyd Brame, George Manuel Lee and Graham.

On 2-week Vacation

Marla and Peggy Gaither of Lubbock are in Loraine for a 2-week vacation with their grandmother, Mrs. Wilma Adams, and great grandmother, Mrs. A. F. McCloud.

Visiting in the Adams home Sunday was a daughter, Mrs. Bobby Mayo of Dallas, and an aunt, Mrs. Fanny Bryce of Austin.

HO-HUM

Sis, an 11-month-old lion cub in Portland, Ore., zoo opened her mouth to growl for the cameraman. But all that came out was a big yawn.
